9336. (a) In this section, ''commingled goods'' means goods that are physically united with other goods in such a manner that their identity is lost in a product or mass.

(b) A security interest does not exist in commingled goods as such. However, a security interest may attach to a product or mass that results when goods become commingled goods.

(c) If collateral becomes commingled goods, a security interest attaches to the product or mass.

(d) If a security interest in collateral is perfected before the collateral becomes commingled goods, the security interest that attaches to the product or mass under subdivision (c) is perfected.

(e) Except as otherwise provided in subdivision (f), the other provisions of this chapter determine the priority of a security interest that attaches to the product or mass under subdivision (c).

(2) Any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives a notification of the assignment authenticated by the assignor or the assignee.

(4) It does not entitle the secured party to use or assign the debtor's rights under the promissory note, health care insurance receivable, or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health care insurance receivable, or general intangible.

(5) It does not entitle the secured party to use, assign, possess, or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor.

(1) It would impair the creation, attachment, or perfection of a security interest in the letter-of-credit right.

(2) It provides that the assignment or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the letter-of-credit right.

9502. (a) Subject to subdivision (b), a financing statement is sufficient only if it satisfies all of the following conditions:

(2) It provides the name of the secured party or a representative of the secured party.

(3) It indicates the collateral covered by the financing statement.

(b) Except as otherwise provided in subdivision (b) of Section 9501, to be sufficient, a financing statement that covers as-extracted collateral or timber to be cut, or which is filed as a fixture filing and covers goods that are or are to become fixtures, must satisfy subdivision (a) and also satisfy all of the following conditions:

(2) Indicate that it is to be recorded in the real property records.

(3) Provide a description of the real property to which the collateral is related sufficient to give constructive notice of a mortgage under the law of this state if the description were contained in a record of the mortgage of the real property.

(4) If the debtor does not have an interest of record in the real property, provide the name of a record owner.

(c) A record of a mortgage is effective, from the date of recording, as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut only if all of the following conditions are satisfied:

(1) The record indicates the goods or accounts that it covers.

(2) The goods are or are to become fixtures related to the real property described in the record or the collateral is related to the real property described in the record and is as-extracted collateral or timber to be cut.

SEC. 36. Section 9505 of the Commercial Code, as added by Section 35 of Chapter 991 of the Statutes of 1999, is amended to read:

9505. (a) A consignor, lessor, or other bailor of goods, a licensor, or a buyer of a payment intangible or promissory note may file a financing statement, or may comply with a statute or treaty described in subdivision (a) of Section 9311, using the terms ''consignor,'' ''consignee,'' ''lessor,'' ''lessee,'' ''bailor,'' ''bailee,'' ''licensor,'' ''licensee,'' ''owner,'' ''registered owner,'' ''buyer,'' ''seller,'' or words of similar import, instead of the terms ''secured party'' and ''debtor.''

(b) This chapter applies to the filing of a financing statement under subdivision (a) and, as appropriate, to compliance that is equivalent to filing a financing statement under subdivision (b) of Section 9311, but the filing or compliance is not of itself a factor in determining whether the collateral secures an obligation. If it is determined for another reason that the collateral secures an obligation, a security interest held by the consignor, lessor, bailor, licensor, owner, or buyer which attaches to the collateral is perfected by the filing or compliance.

SEC. 37. Section 9509 of the Commercial Code is amended to read:

9509. (a) A person may file an initial financing statement, an amendment that adds collateral covered by a financing statement, or an amendment that adds a debtor to a financing statement only if either of the following conditions is satisfied:

(2) The person holds an agricultural lien that has become effective at the time of filing and the financing statement covers only collateral in which the person holds an agricultural lien.

amendment, covering the collateral and property that becomes collateral under paragraph (2) of subdivision (a) of Section 9315.

(d) A person may file an amendment other than an amendment that adds collateral covered by a financing statement or an amendment that adds a debtor to a financing statement only if either of the following conditions is satisfied:

(1) The secured party of record authorizes the filing.

(2) The amendment is a termination statement for a financing statement as to which the secured party of record has failed to file or send a termination statement as required by subdivision (a) or (c) of Section 9513, the debtor authorizes the filing, and the termination statement indicates that the debtor authorized it to be filed.

(e) If there is more than one secured party of record for a financing statement, each secured party of record may authorize the filing of an amendment under subdivision (d).

SEC. 38. Section 9513 of the Commercial Code is amended to read:

(2) The financing statement covers accounts or chattel paper that has been sold but as to which the account debtor or other person obligated has discharged its obligation.

(3) The financing statement covers goods that were the subject of a consignment to the debtor but are not in the debtor's possession.

(4) The debtor did not authorize the filing of the initial financing statement.

(d) Except as otherwise provided in Section 9510, upon the filing of a termination statement with the filing office, the financing statement to which the termination statement relates ceases to be effective. (h) Except as otherwise provided in subdivision (i), the filing office shall perform the acts required by subdivisions (a) to (e), inclusive, at the time and in the manner prescribed by filing-office rule, but not later than two business days after the filing office receives the record in question.

However, the recording and satisfaction fees that otherwise would be applicable to the record of the mortgage apply.

(d) A debtor whose deficiency is eliminated under Section 9626 may recover damages for the loss of any surplus. However, in a transaction other than a consumer transaction, a debtor or secondary obligor whose deficiency is eliminated or reduced under Section 9626 may not otherwise recover under subdivision (b) for noncompliance with the provisions of this chapter relating to collection, enforcement, disposition, or acceptance.

(e) In addition to any damages recoverable under subdivision (b), the debtor, consumer obligor, or person named as a debtor in a filed record, as applicable, may recover five hundred dollars ($500) in each case from any of the following persons:

(1) A person that fails to comply with Section 9208.

(2) A person that fails to comply with Section 9209.

(3) A person that files a record that the person is not entitled to file under subdivision (a) of Section 9509.

(4) A person that fails to cause the secured party of record to file or send a termination statement as required by subdivision (a) or (c) of Section 9513.

(5) A person that fails to comply with paragraph (1) of subdivision (b) of Section 9616 and whose failure is part of a pattern, or consistent with a practice, of noncompliance.

(6) A person that fails to comply with paragraph (2) of subdivision (b) of Section 9616.

(f) A debtor or consumer obligor may recover damages under subdivision (b) and, in addition, five hundred dollars ($500) in each case from a person that, without reasonable cause, fails to comply with a request under Section 9210. A recipient of a request under Section 9210 which never claimed an interest in the collateral or obligations that are the subject of a request under that section has a reasonable excuse for failure to comply with the request within the meaning of this subdivision.

(g) If a secured party fails to comply with a request regarding a list of collateral or a statement of account under Section 9210, the secured party may claim a security interest only as shown in the list or statement included in the request as against a person that is reasonably misled by the failure.

SEC. 47. Section 9626 of the Commercial Code is amended to read:

9626. (a) In an action arising from a transaction, other than a consumer transaction, in which the amount of a deficiency or surplus is in issue, the following rules apply:

(1) A secured party need not prove compliance with the provisions of this chapter relating to collection, enforcement, disposition, or acceptance unless the debtor or a secondary obligor places the secured party's compliance in issue.

(2) If the secured party's compliance is placed in issue, the secured party has the burden of establishing that the collection, enforcement, disposition, or acceptance was conducted in accordance with this chapter.

(3) Except as otherwise provided in Section 9628, if a secured party fails to prove that the collection, enforcement, disposition, or acceptance was conducted in accordance with the provisions of this chapter relating to collection, enforcement, disposition, or acceptance, the liability of a debtor or a secondary obligor for a deficiency is limited to an amount by which the sum of the secured obligation, expenses, and attorney's fees exceeds the greater of either of the following:

(A) The proceeds of the collection, enforcement, disposition, or acceptance.

(B) The amount of proceeds that would have been realized had the noncomplying secured party proceeded in accordance with the provisions of this chapter relating to collection, enforcement, disposition, or acceptance.

(4) For purposes of subparagraph (B) of paragraph (3), the amount of proceeds that would have been realized is equal to the sum of the secured obligation, expenses, and attorney's fees unless the secured party proves that the amount is less than that sum.

(5) If a deficiency or surplus is calculated under subdivision (f) of Section 9615, the debtor or obligor has the burden of establishing that the amount of proceeds of the disposition is significantly below the range of prices that a complying disposition to a person other than the secured party, a person related to the secured party, or a secondary obligor would have brought.

(b) In a consumer transaction, the following rules apply:

(1) In an action in which a deficiency or a surplus is an issue:

(A) A secured party has the burden of proving compliance with the provisions of this chapter relating to collection, enforcement, disposition, and acceptance whether or not the debtor or a secondary obligor places the secured party's compliance in issue.

(B) If a deficiency or surplus is calculated under subdivision (f) of Section 9615, the secured party has the burden of establishing that the amount of proceeds of the disposition is not significantly below the range of prices that a complying disposition to a person other than the secured party, a person related to the secured party, or a secondary obligor would have brought.

(2) The debtor or any secondary obligor is liable for any deficiency only if all of the following conditions are met:

(A) It is not otherwise agreed or otherwise provided in the Retail Installment Sales Act (Chapter 1 (commencing with Section 1801), Title

2, Part 4, Division 3, Civil Code), and, in particular, Section 1812.5 of the Civil Code or any other statute.

(B) The debtor and obligor were given notice, in accordance with Sections 9611, 9612, and 9613, or Section 9614, as applicable, of the disposition of the collateral.

(C) The collection, enforcement, disposition, and acceptance by the secured party were conducted in good faith and in a commercially reasonable manner.

(3) Upon entry of a final judgment that the debtor or obligor is not liable for a deficiency by reason of paragraph (2) or subdivision (f) of Section 9615, the secured party may neither obtain a deficiency judgment nor retain a security interest in any other collateral of the debtor or obligor that secured the indebtedness for which the debtor or obligor is no longer liable.

(4) If, subsequent to a disposition that does not satisfy any one or more of the conditions set forth in paragraph (2), or subsequent to a disposition that is subject to subdivision (f) of Section 9615, the secured party disposes pursuant to this section of other collateral securing the same indebtedness, the debtor or obligor may, to the extent he or she is no longer liable for a deficiency judgment by reason of paragraph (2) or subdivision (f) of Section 9615, recover the proceeds realized from the subsequent dispositions, as well as any damages to which the debtor may be entitled if the subsequent disposition is itself noncomplying or otherwise wrongful.

(5) Nothing herein shall deprive the debtor of any right to recover damages from the secured party under subdivision (b) of Section 9625, or to offset any such damages against any claim by the secured party for a deficiency, or of any right or remedy to which the debtor may be entitled under any other law. A debtor or obligor in a consumer transaction shall not have any damages owed to it reduced by the amount of any deficiency that would have resulted had the disposition of the collateral by the secured party been conducted in conformity with this division.

(6) The secured party shall account to the debtor for any surplus, except as provided in Section 701.040 of the Code of Civil Procedure.

SEC. 48. Section 9702 of the Commercial Code is amended to read:

9702. (a) Except as otherwise provided in this chapter, this division applies to a transaction or lien within its scope, even if the transaction or lien was entered into or created before this division takes effect.

(b) Except as otherwise provided in subdivision (c) and in Sections 9703 to 9709, inclusive, both of the following rules apply:

(1) Transactions and liens that were not governed by former Division 9, were validly entered into or created before July 1, 2001, and would be subject to this act if they had been entered into or created after July 1,

2001, and the rights, duties, and interests flowing from those transactions and liens remain valid after July 1, 2001.

(2) The transactions and liens may be terminated, completed, consummated, and enforced as required or permitted by this division or by the law that otherwise would apply if this division had not taken effect.

(c) This division does not affect an action, case, or proceeding commenced before July 1, 2001.

SEC. 49. Section 9705 of the Commercial Code is amended to read:

9705. (a) If action, other than the filing of a financing statement, is taken before July 1, 2001, and the action would have resulted in priority of a security interest over the rights of a person that becomes a lien creditor had the security interest become enforceable before July 1, 2001, the action is effective to perfect a security interest that attaches under this division on or before July 1, 2002. An attached security interest becomes unperfected on July 1, 2002, unless the security interest becomes a perfected security interest under this division before that date.

(b) The filing of a financing statement before July 1, 2001, is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under this division.

(c) This division does not render ineffective an effective financing statement that, before July 1, 2001, is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in former Section 9103. However, except as otherwise provided in subdivisions (d) and (e) and in Section 9706, the financing statement ceases to be effective at the earlier of either of the following:

(1) The time the financing statement would have ceased to be effective under the law of the jurisdiction in which it is filed.

(2) June 30, 2006.

(d) The filing of a continuation statement after July 1, 2001, does not continue the effectiveness of the financing statement filed before July 1, 2001. However, upon the timely filing of a continuation statement after July 1, 2001, and in accordance with the law of the jurisdiction governing perfection as provided in Chapter 3 (commencing with Section 9301), the effectiveness of a financing statement filed in the same office in that jurisdiction before July 1, 2001, continues for the period provided by the law of that jurisdiction.

(e) Paragraph (2) of subdivision (c) applies to a financing statement that, before July 1, 2001, is filed against a transmitting utility and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in former Section 9103 only to the extent that Chapter 3 (commencing with Section 9301) provides that the law of a jurisdiction other than the jurisdiction in which

the financing statement is filed governs perfection of a security interest in collateral covered by the financing statement.

(f) A financing statement that includes a financing statement filed before July 1, 2001, and a continuation statement filed after July 1, 2001, is effective only to the extent that it satisfies the requirements of Chapter 5 (commencing with Section 9501) for an initial financing statement.

SEC. 50. Section 9707 of the Commercial Code is amended and renumbered to read:

9708. A person may file an initial financing statement or a continuation statement under this chapter if both of the following conditions are satisfied:

(1) The secured party of record authorizes the filing.

(2) The filing is necessary under this chapter to do either of the following:

(A) To continue the effectiveness of a financing statement filed before July 1, 2001.

(B) To perfect or continue the perfection of a security interest.

SEC. 51. Section 9707 is added to the Commercial Code, to read:

9707. (a) In this section, ''pre-effective-date financing statement'' means a financing statement filed before the date that this section becomes operative.

(b) After the date this section becomes operative, a person may add or delete collateral covered by, continue or terminate the effectiveness of, or otherwise amend the information provided in, a pre-effective-date financing statement only in accordance with the law of the jurisdiction governing perfection as provided in Chapter 3 (commencing with Section 9301). However, the effectiveness of a pre-effective-date financing statement also may be terminated in accordance with the law of the jurisdiction in which the financing statement is filed.

(c) Except as otherwise provided by subdivision (d), if the law of this state governs perfection of a security interest, the information in a pre-effective-date financing statement may be amended after the date this section becomes operative only if any of the following occur:

(1) The pre-effective-date financing statement and an amendment are filed in the office specified in Section 9501.

(2) An amendment is filed in the office specified in Section 9501 concurrently with, or after the filing in that office of, an initial financing statement that satisfies subdivision (c) of Section 9706.

(3) An initial financing statement that provides the information as amended and satisfies subdivision (c) of Section 9706 is filed in the office specified in Section 9501.

(d) If the law of this state governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement may be

continued only under subdivisions (d) and (f) of Section 9705 or Section 9706.

(e) Whether or not the law of this state governs the perfection of a security interest, the effectiveness of a pre-effective-date financing statement filed in this state may be terminated after the date that this section becomes operative by filing a termination statement in the office in which the pre-effective-date financing statement is filed, unless an initial filing statement that satisfies subdivision (c) of Section 9706 has been filed in the office specified by the law of the jurisdiction governing perfection as provided in Chapter 3 (commencing with Section 9301) as the office in which to file a financing statement.

SEC. 52. Section 9708 of the Commercial Code is amended and renumbered to read:

9709. (a) This division determines priority of conflicting claims to collateral. However, if the relative priorities of the claims were established before July 1, 2001, former Division 9 (commencing with Section 9101) determines priority.

(b) For purposes of subdivision (a) of Section 9322, the priority of a security interest that becomes enforceable under Section 9203 dates from July 1, 2001, if the security interest is perfected under this division by the filing of a financing statement before July 1, 2001, which would not have been effective to perfect the security interest under former Division 9 (commencing with Section 9101). This subdivision does not apply to conflicting security interests each of which is perfected by the filing of such a financing statement.

SEC. 53. Section 12183 of the Government Code is amended to read:

12183. The Secretary of State shall charge and collect the following fees for certification:

(a) Certification of a document: Five dollars ($5).

(b) Certificate of status or filing: Five dollars ($5).

(c) Certificate of information: Ten dollars ($10) if the request is communicated in writing, and five dollars ($5) if the request is communicated by another medium authorized by a rule adopted by the office of the Secretary of State.

SEC. 54. Section 12194 of the Government Code is amended to read:

12194. The fees for filing liens pursuant to the Code of Civil Procedure and for filing financing statements and other Uniform Commercial Code filings are the following:

(a) Ten dollars ($10) if the record is communicated in writing and consists of one or two pages.

(b) Twenty dollars ($20) if the record is communicated in writing and consists of more than two pages.

(c) Five dollars ($5) if the record is communicated by another medium authorized by a rule adopted by the office of the Secretary of State.

(d) Two dollars ($2) if the record is a state tax lien certificate of release.

The Secretary of State shall collect a special handling fee for filing records in the manner provided in Section 12182.

Financing statements and other Uniform Commercial Code filings shall be submitted on national standard forms as approved by the office of the Secretary of State.

SEC. 55. Section 27291 is added to the Government Code, to read:

27291. (a) Notwithstanding any provision of Chapter 5 (commencing with Section 9501) of Division 9 of the Commercial Code or any other provision of law, a financing statement to perfect a security interest or agricultural lien may, at the election of the recorder and subject to the conditions of subdivision (b), be recorded instead of filed.

(b) A recorder may elect to record a financing statement if all of the following apply:

(1) The recorder employs a system of microphotography, optical disk, or other reproduction system that does not permit additions, deletions, or other changes to the permanent record of the original document.

(2) All film used in the microphotography process complies with minimum standards of quality approved by the United States Bureau of Standards and the American National Standards Institute.

(3) A true copy of the microfilm, optical disk, or other storage medium is kept in a safe and separate place for security purposes.

(c) A certified copy of any record stored or retained on microfilm, optical disk, or other reproduction system pursuant to this section shall be admissible in any court to the same extent as the original record.

SEC. 56. The provisions of this act, exclusive of Sections 18, 21, 24, 27, and 32 shall become operative on July 1, 2001.

CHAPTER 1004

An act to amend Section 11010.05 of the Business and Professions Code, and to amend Sections 51.2, 51.3, 51.4, 51.11, and 51.12 of the Civil Code, relating to senior housing.

[Approved by Governor September 29, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 11010.05 of the Business and Professions Code is amended to read:

11010.05. A person who proposes to create a senior citizen housing development, as defined in Section 51.3 or 51.11 of the Civil Code, shall include in the application for a public report a complete statement of the restrictions on occupancy that are to be applicable in the development. Any public report issued for a senior housing development shall also include a complete statement of the restrictions on occupancy to be applicable in the development. This section shall become operative on July 1, 2001, and shall apply to all applications for a public report for a senior housing development submitted to the department on or after July 1, 2001.

SEC. 2. Section 51.2 of the Civil Code is amended to read:

51.2. (a) Section 51 shall be construed to prohibit a business establishment from discriminating in the sale or rental of housing based upon age. Where accommodations are designed to meet the physical and social needs of senior citizens, a business establishment may establish and preserve that housing for senior citizens, pursuant to Section 51.3, except housing as to which Section 51.3 is preempted by the prohibition in the federal Fair Housing Amendments Act of 1988 (P.L. 100-430) and implementing regulations against discrimination on the basis of familial status. For accommodations constructed before February 8, 1982, that meet all the criteria for senior citizen housing specified in Section 51.3, a business establishment may establish and preserve that housing development for senior citizens without the housing development being designed to meet physical and social needs of senior citizens.

(b) This section is intended to clarify the holdings in Marina Point, Ltd. v. Wolfson (1982) 30 Cal. 3d 72 and O'Connor v. Village Green Owners Association (1983) 33 Cal. 3d 790.

(c) This section shall not apply to the County of Riverside.

(d) A housing development for senior citizens constructed on or after January 1, 2001, shall be presumed to be designed to meet the physical and social needs of senior citizens if it includes all of the following elements:

(1) Entryways, walkways, and hallways in the common areas of the development, and doorways and paths of access to and within the housing units, shall be as wide as required by current laws applicable to new multifamily housing construction for provision of access to persons using a standard-width wheelchair.

(2) Walkways and hallways in the common areas of the development shall be equipped with standard height railings or grab bars to assist persons who have difficulty with walking.

(3) Walkways and hallways in the common areas shall have lighting conditions which are of sufficient brightness to assist persons who have difficulty seeing.

(4) Access to all common areas and housing units within the development shall be provided without use of stairs, either by means of an elevator or sloped walking ramps.

(5) The development shall be designed to encourage social contact by providing at least one common room and at least some common open space.

(6) Refuse collection shall be provided in a manner that requires a minimum of physical exertion by residents.

(7) The development shall comply with all other applicable requirements for access and design imposed by law, including, but not limited to, the Fair Housing Act (42 U.S.C. Sec. 3601 et seq.), the Americans with Disabilities Act (42 U.S.C. Sec. 12101 et seq.), and the regulations promulgated at Title 24 of the California Code of Regulations which relate to access for persons with disabilities or handicaps. Nothing in this section shall be construed to limit or reduce any right or obligation applicable under those laws.

In addition, developers of senior citizen housing developments constructed on or after January 1, 2001 are encouraged, but not required, to implement in their construction the principles of Universal Design as promulgated by the Center for Universal Design at the North Carolina State University, or any other design guidelines for home modifications for seniors which may be promulgated in the future by the Department of Aging.

SEC. 3. Section 51.3 of the Civil Code is amended to read:

51.3. (a) The Legislature finds and declares that this section is essential to establish and preserve specially designed accessible housing for senior citizens. There are senior citizens who need special living environments and services, and find that there is an inadequate supply of this type of housing in the state.

(b) For the purposes of this section, the following definitions apply:

(1) ''Qualifying resident'' or ''senior citizen'' means a person 62 years of age or older, or 55 years of age or older in a senior citizen housing development.

(2) ''Qualified permanent resident'' means a person who meets both of the following requirements:

(A) Was residing with the qualifying resident or senior citizen prior to the death, hospitalization, or other prolonged absence of, or the dissolution of marriage with, the qualifying resident or senior citizen.

(B) Was 45 years of age or older, or was a spouse, cohabitant, or person providing primary physical or economic support to the qualifying resident or senior citizen.

(3) ''Qualified permanent resident'' also means a disabled person or person with a disabling illness or injury who is a child or grandchild of the senior citizen or a qualified permanent resident as defined in paragraph (2) who needs to live with the senior citizen or qualified permanent resident because of the disabling condition, illness, or injury. For purposes of this section, ''disabled'' means a person who has a disability as defined in subdivision (b) of Section 54. A ''disabling injury or illness'' means an illness or injury which results in a condition meeting the definition of disability set forth in subdivision (b) of Section 54.

(A) For any person who is a qualified permanent resident under this paragraph whose disabling condition ends, the owner, board of directors, or other governing body may require the formerly disabled resident to cease residing in the development upon receipt of six months' written notice; provided, however, that the owner, board of directors, or other governing body may allow the person to remain a resident for up to one year after the disabling condition ends.

(B) The owner, board of directors, or other governing body of the senior citizen housing development may take action to prohibit or terminate occupancy by a person who is a qualified permanent resident under this paragraph if the owner, board of directors, or other governing body finds, based on credible and objective evidence, that the person is likely to pose a significant threat to the health or safety of others that cannot be ameliorated by means of a reasonable accommodation; provided, however, that the action to prohibit or terminate the occupancy may be taken only after doing both of the following:

(i) Providing reasonable notice to and an opportunity to be heard for the disabled person whose occupancy is being challenged, and reasonable notice to the coresident parent or grandparent of that person.

(ii) Giving due consideration to the relevant, credible, and objective information provided in the hearing. The evidence shall be taken and held in a confidential manner, pursuant to a closed session, by the owner, board of directors, or other governing body in order to preserve the privacy of the affected persons.

The affected persons shall be entitled to have present at the hearing an attorney or any other person authorized by them to speak on their behalf or to assist them in the matter.

(4) ''Senior citizen housing development'' means a residential development developed, substantially rehabilitated, or substantially renovated for, senior citizens that has at least 35 dwelling units. Any senior citizen housing development which is required to obtain a public report under Section 11010 of the Business and Professions Code and which submits its application for a public report after July 1, 2001, shall be required to have been issued a public report as a senior citizen housing

development under Section 11010.05 of the Business and Professions Code. No housing development constructed prior to January 1, 1985, shall fail to qualify as a senior citizen housing development because it was not originally developed or put to use for occupancy by senior citizens.

(5) ''Dwelling unit'' or ''housing'' means any residential accommodation other than a mobilehome.

(6) ''Cohabitant'' refers to persons who live together as husband and wife, or persons who are domestic partners within the meaning of Section 297 of the Family Code.

(7) ''Permitted health care resident'' means a person hired to provide live-in, long-term, or terminal health care to a qualifying resident, or a family member of the qualifying resident providing that care. For the purposes of this section, the care provided by a permitted health care resident must be substantial in nature and must provide either assistance with necessary daily activities or medical treatment, or both.

A permitted health care resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident in the absence of the senior citizen from the dwelling unit only if both of the following are applicable:

(A) The senior citizen became absent from the dwelling due to hospitalization or other necessary medical treatment and expects to return to his or her residence within 90 days from the date the absence began.

(B) The absent senior citizen or an authorized person acting for the senior citizen submits a written request to the owner, board of directors, or governing board stating that the senior citizen desires that the permitted health care resident be allowed to remain in order to be present when the senior citizen returns to reside in the development.

Upon written request by the senior citizen or an authorized person acting for the senior citizen, the owner, board of directors, or governing board shall have the discretion to allow a permitted health care resident to remain for a time period longer than 90 days from the date that the senior citizen's absence began, if it appears that the senior citizen will return within a period of time not to exceed an additional 90 days.

(c) The covenants, conditions, and restrictions and other documents or written policy shall set forth the limitations on occupancy, residency, or use on the basis of age. Any such limitation shall not be more exclusive than to require that one person in residence in each dwelling unit may be required to be a senior citizen and that each other resident in the same dwelling unit may be required to be a qualified permanent resident, a permitted health care resident, or a person under 55 years of age whose occupancy is permitted under subdivision (h) of this section or under subdivision (b) of Section 51.4. That limitation may be less

exclusive, but shall at least require that the persons commencing any occupancy of a dwelling unit include a senior citizen who intends to reside in the unit as his or her primary residence on a permanent basis. The application of the rules set forth in this subdivision regarding limitations on occupancy may result in less than all of the dwellings being actually occupied by a senior citizen.

(d) The covenants, conditions, and restrictions or other documents or written policy shall permit temporary residency, as a guest of a senior citizen or qualified permanent resident, by a person of less than 55 years of age for periods of time, not less than 60 days in any year, that are specified in the covenants, conditions, and restrictions or other documents or written policy.

(e) Upon the death or dissolution of marriage, or upon hospitalization, or other prolonged absence of the qualifying resident, any qualified permanent resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident. This subdivision shall not apply to a permitted health care resident.

(f) The condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential rental property shall have been developed for, and initially been put to use as, housing for senior citizens, or shall have been substantially rehabilitated or renovated for, and immediately afterward put to use as, housing for senior citizens, as provided in this section; provided, however, that no housing development constructed prior to January 1, 1985, shall fail to qualify as a senior citizen housing development because it was not originally developed for or originally put to use for occupancy by senior citizens.

(g) The covenants, conditions, and restrictions or other documents or written policies applicable to any condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential property that contained age restrictions on January 1, 1984, shall be enforceable only to the extent permitted by this section, notwithstanding lower age restrictions contained in those documents or policies.

(h) Any person who has the right to reside in, occupy, or use the housing or an unimproved lot subject to this section on January 1, 1985, shall not be deprived of the right to continue that residency, occupancy, or use as the result of the enactment of this section.

(i) The covenants, conditions, and restrictions or other documents or written policy of the senior citizen housing development shall permit the occupancy of a dwelling unit by a permitted health care resident during any period that the person is actually providing live-in, long-term, or hospice health care to a qualifying resident for compensation. For

purposes of this subdivision, the term ''for compensation'' shall include provisions of lodging and food in exchange for care.

(j) Notwithstanding any other provision of this section, this section shall not apply to the County of Riverside.

SEC. 3.5. Section 51.3 of the Civil Code is amended to read:

51.3. (a) The Legislature finds and declares that this section is essential to establish and preserve specially designed accessible housing for senior citizens. There are senior citizens who need special living environments and services, and find that there is an inadequate supply of this type of housing in the state.

(b) For the purposes of this section, the following definitions apply:

(1) ''Qualifying resident'' or ''senior citizen'' means a person 62 years of age or older, or 55 years of age or older in a senior citizen housing development.

(2) ''Qualified permanent resident'' means a person who meets both of the following requirements:

(A) Was residing with the qualifying resident or senior citizen prior to the death, hospitalization, or other prolonged absence of, or the dissolution of marriage with, the qualifying resident or senior citizen.

(B) Was 45 years of age or older, or was a spouse, cohabitant, or person providing primary physical or economic support to the qualifying resident or senior citizen.

(3) ''Qualified permanent resident'' also means a disabled person or person with a disabling illness or injury who is a child or grandchild of the senior citizen or a qualified permanent resident as defined in paragraph (2) who needs to live with the senior citizen or qualified permanent resident because of the disabling condition, illness, or injury. For purposes of this section, ''disabled'' means a person who has a disability as defined in subdivision (b) of Section 54. A ''disabling injury or illness'' means an illness or injury which results in a condition meeting the definition of disability set forth in subdivision (b) of Section 54.

(A) For any person who is a qualified permanent resident under this paragraph whose disabling condition ends, the owner, board of directors, or other governing body may require the formerly disabled resident to cease residing in the development upon receipt of six months' written notice; provided however, that the owner, board of directors, or other governing body may allow the person to remain a resident for up to one year after the disabling condition ends.

(B) The owner, board of directors, or other governing body of the senior citizen housing development may take action to prohibit or terminate occupancy by a person who is a qualified permanent resident under this paragraph if the owner, board of directors, or other governing body finds, based on credible and objective evidence, that the person is

likely to pose a significant threat to the health or safety of others that cannot be ameliorated by means of a reasonable accommodation; provided, however, that the action to prohibit or terminate the occupancy may be taken only after doing both of the following:

(i) Providing reasonable notice to and an opportunity to be heard for the disabled person whose occupancy is being challenged, and reasonable notice to the coresident parent or grandparent of that person.

(ii) Giving due consideration to the relevant, credible, and objective information provided in the hearing. The evidence shall be taken and held in a confidential manner, pursuant to a closed session, by the owner, board of directors, or other governing body in order to preserve the privacy of the affected persons.

The affected persons shall be entitled to have present at the hearing an attorney or any other person authorized by them to speak on their behalf or to assist them in the matter.

(4) ''Senior citizen housing development'' means a residential development developed, substantially rehabilitated, or substantially renovated for, senior citizens that has at least 35 dwelling units. Any senior citizen housing development which is required to obtain a public report under Section 11010 of the Business and Professions Code and which submits its application for a public report after July 1, 2001 shall be required to have been issued a public report as a senior citizen housing development under Section 11010.05 of the Business and Professions Code. No housing development constructed prior to January 1, 1985, shall fail to qualify because it was not originally developed or put to use for occupancy by senior citizens.

In order for the development to qualify as a ''senior citizen housing development,'' at least 80 percent of its occupied units must be occupied by at least one person who is 55 years of age or older. A ''senior citizen housing development'' satisfies the requirements of this section even though:

(A) On September 13, 1988, under 80 percent of the occupied units in the housing development were occupied by at least one person 55 years of age or older, provided that at least 80 percent of the dwelling units occupied by new occupants after September 13, 1988, were occupied by at least one person 55 years of age or older.

(B) There are unoccupied units, provided that at least 80 percent of the occupied units are occupied by at least one person 55 years of age or older.

(5) ''Dwelling unit'' or ''housing'' means any residential accommodation other than a mobilehome.

(6) ''Cohabitant'' refers to persons who live together as husband and wife, or persons who are domestic partners within the meaning of Section 297 of the Family Code.

(7) ''Permitted health care resident'' means a person hired to provide live-in, long-term, or terminal health care to a qualifying resident or a family member of the qualifying resident providing that care. For the purposes of this section, the care provided by a permitted health care resident must be substantial in nature and must provide either assistance with necessary daily living activities or medical treatment, or both.

A permitted health care resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident in the absence of the senior citizen from the dwelling unit, only if both of the following are applicable:

(A) The senior citizen became absent from the dwelling due to hospitalization or other necessary medical treatment and expects to return to his or her residence within 90 days from the date the absence began.

(B) The absent senior citizen or an authorized person acting for the senior citizen submits a written request to the owner, board of directors, or governing board stating that the senior citizen desires that the permitted health care resident be allowed to remain in order to be present when the senior citizen returns to reside in the development.

Upon written request by the senior citizen or an authorized person acting for the senior citizen, the owner, board of directors, or governing board shall have the discretion to allow a permitted health care resident to remain for a time period longer than 90 days from the date that the senior citizen's absence began, if it appears that the senior citizen will return within a period of time not to exceed an additional 90 days.

(c) The covenants, conditions, and restrictions or other documents or written policy shall set forth the limitations on occupancy, residency, or use on the basis of age. Any such limitation shall not be more exclusive than to require that one person in residence in each dwelling unit may be required to be a senior citizen and that each other resident in the same dwelling unit may be required to be a qualified permanent resident, a permitted health care resident, or a person under 55 years of age whose occupancy is permitted under subdivision (h) of this section or under subdivision (b) of Section 51.4. That limitation may be less exclusive, but shall at least require that the persons commencing any occupancy of a dwelling unit include a senior who intends to reside in the unit as his or her primary residence on a permanent basis. The application of the rules set forth in this subdivision regarding limitations on occupancy may result in less than all of the dwellings being actually occupied by a senior citizen.

(d) The covenants, conditions, and restrictions or other documents or written policy shall permit temporary residency, as a guest of a senior citizen or qualified permanent resident, by a person of less than 55 years of age for periods of time, not less than 60 days in any year, that are

specified in the covenants, conditions, and restrictions or other documents or written policy.

(e) Upon the death or dissolution of marriage, or upon hospitalization, or other prolonged absence of the qualifying resident, any qualified permanent resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident. This subdivision shall not apply to a permitted health care resident.

(f) The condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential rental property shall have been developed for, and initially been put to use as, housing for senior citizens, or shall have been substantially rehabilitated or renovated for, and immediately afterward put to use as, housing for senior citizens, as provided in this section; provided, however, that no housing development constructed prior to January 1, 1985, shall fail to qualify as a senior citizen housing development because it was not originally developed for or originally put to use for occupancy by senior citizens.

(g) The covenants, conditions, and restrictions or other documents or written policies applicable to any condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential property that contained age restrictions on January 1, 1984, shall be enforceable only to the extent permitted by this section, notwithstanding lower age restrictions contained in those documents or policies.

(h) Any person who has the right to reside in, occupy, or use the housing or an unimproved lot subject to this section on January 1, 1985, shall not be deprived of the right to continue that residency, occupancy, or use as the result of the enactment of this section.

(i) The covenants, conditions, and restrictions or other documents or written policy of the senior citizen housing development shall permit the occupancy of a dwelling unit by a permitted health care resident during any period that the person is actually providing live-in, long-term, or hospice health care to a qualifying resident for compensation. For purposes of this subdivision, the term ''for compensation'' shall include provisions of lodging and food in exchange for care.

(j) Any person who is a real estate broker or salesperson, or any individual homeowner in a senior citizen housing development which is comprised of dwelling units available for separate ownership, shall not be held personally liable for monetary damages for discrimination on the basis of age or familial status with regard to any housing development claiming to meet the requirements applicable to senior citizen housing developments if all of the following requirements are met:

(1) The person acted with the good faith belief that the housing development complies with the requirements applicable to a senior citizen housing development.

(2) The person acted in reliance on, and with actual knowledge of, a written assertion by the housing development, through its authorized representatives, that the development complies with the requirements applicable to a senior citizen housing development.

(3) Before the date on which the discrimination is alleged to have occurred, the development, through its authorized representatives, has certified, in writing and under oath or affirmation, to the person claiming the defense under this subdivision, that the development complies with the requirements applicable to senior citizen housing developments.

(4) The person claiming the defense under this subdivision has no actual knowledge that the development does not comply with the requirements applicable to senior citizen housing developments.

For the purpose of this subdivision, an authorized representative of a development means the individual, committee, management company, owner, or other entity having responsibility for compliance with the requirements applicable to senior citizen housing developments.

The defense under this subdivision is available only to natural persons, and shall not apply to any corporate entity, including, without limitation, an ''association.'' For the purpose of this subdivision, the term ''association'' shall mean the governing entity of the senior citizen housing development. To the extent that monetary liability of an association is paid from assessments on members, the defense set forth in this subdivision shall not be available to any member to bar collection of any such assessment from any member.

No individual volunteer director or officer of an association of a development which claims to be a senior citizen housing development shall be personally liable for monetary damages for discrimination on the basis of age or familial status if the officer or director's conduct meets all of the following:

(A) The duties are performed in good faith.

(B) The duties are performed in a manner the director or officer believes to be in the best interests of the corporation.

(C) The duties are performed with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

''Volunteer'' means the rendering of services without compensation. ''Compensation'' means remuneration whether by way of salary, fee, or other consideration for services rendered. However, the payment of per diem, mileage, or other reimbursement expenses to a director or executive officer does not affect that person's status as a volunteer within the meaning of this section.

(k) The Fair Employment and Housing Commission shall adopt regulations that will permit a senior citizen housing development to apply for and obtain a certification by the Department of Fair Employment and Housing that, based on appropriate evidence, the senior citizen housing development complies with the requirements of this part and with the requirements of the federal Fair Housing Act applicable to ''housing for older persons'' as defined by 42 U.S.C. Section 3607 (b)(2)(C). Certification shall have the effect of a rebuttable presumption, as defined in Section 604 of the Evidence Code, that the development complies with the requirements of this part. The Department of Fair Employment and Housing may impose a reasonable application fee not to exceed two hundred fifty dollars ($250) upon applicants seeking this certification.

(*l*) Notwithstanding any other provision of this section, this section shall not apply to the County of Riverside.

SEC. 4. Section 51.4 of the Civil Code is amended to read:

51.4. (a) The Legislature finds and declares that the requirements for senior housing under Sections 51.2 and 51.3 are more stringent than the requirements for that housing under the federal Fair Housing Amendments Act of 1988 (Public Law 100-430) in recognition of the acute shortage of housing for families with children in California. The Legislature further finds and declares that the special design requirements for senior housing under Sections 51.2 and 51.3 may pose a hardship to some housing developments which were constructed before the decision in Marina Point Ltd. v. Wolfson (1982), 30 Cal. 3d 72. The Legislature further finds and declares that the requirement for specially designed accommodations in senior housing under Sections 51.2 and 51.3 provides important benefits to senior citizens and also ensures that housing exempt from the prohibition of age discrimination is carefully tailored to meet the compelling societal interest in providing senior housing.

(b) Any person who resided in, occupied, or used, prior to January 1, 1990, a dwelling in a senior citizen housing development which relied on the exemption to the special design requirement provided by this section prior to January 1, 2001, shall not be deprived of the right to continue that residency, occupancy, or use as the result of the changes made to this section by the enactment of Senate Bill 1382 or Senate Bill 2011 at the 1999–2000 Regular Session of the Legislature.

(c) This section shall not apply to the County of Riverside.

SEC. 4.5. Section 51.4 of the Civil Code is amended to read:

51.4. (a) The Legislature finds and declares that the requirements for senior housing under Sections 51.2 and 51.3 are more stringent than the requirements for that housing under the federal Fair Housing Amendments Act of 1988 (Public Law 100-430) in recognition of the

acute shortage of housing for families with children in California. The Legislature further finds and declares that the special design requirements for senior housing under Sections 51.2 and 51.3 may pose a hardship to some housing developments which were constructed before the decision in Marina Point Ltd. v. Wolfson (1982), 30 Cal. 3d 72. The Legislature further finds and declares that the requirement for specially designed accommodations in senior housing under Sections 51.2 and 51.3 provides important benefits to senior citizens and also ensures that housing exempt from the prohibition of age discrimination is carefully tailored to meet the compelling societal interest in providing senior housing.

(b) Any person who resided in, occupied, or used, prior to January 1, 1990, a dwelling in a senior citizen housing development which relied on the exemption to the special design requirement provided by this section prior to January 1, 2001, shall not be deprived of the right to continue that residency, occupancy, or use as the result of the changes made to this section by the enactment of Senate Bill 1382 or Senate Bill 2011 at the 1999–2000 Regular Session of the Legislature.

(c) This section shall not apply to the County of Riverside.

SEC. 5. Section 51.11 of the Civil Code is amended to read:

51.11. (a) The Legislature finds and declares that this section is essential to establish and preserve housing for senior citizens. There are senior citizens who need special living environments, and find that there is an inadequate supply of this type of housing in the state.

(b) For the purposes of this section, the following definitions apply:

(1) ''Qualifying resident'' or ''senior citizen'' means a person 62 years of age or older, or 55 years of age or older in a senior citizen housing development.

(2) ''Qualified permanent resident'' means a person who meets both of the following requirements:

(A) Was residing with the qualifying resident or senior citizen prior to the death, hospitalization, or other prolonged absence of, or the dissolution of marriage with, the qualifying resident or senior citizen.

(B) Was 45 years of age or older, or was a spouse, cohabitant, or person providing primary physical or economic support to the qualifying resident or senior citizen.

(3) ''Qualified permanent resident'' also means a disabled person or person with a disabling illness or injury who is a child or grandchild of the senior citizen or a qualified permanent resident as defined in paragraph (2) who needs to live with the senior citizen or qualified permanent resident because of the disabling condition, illness, or injury. For purposes of this section, ''disabled'' means a person who has a disability as defined in subdivision (b) of Section 54. A ''disabling injury or illness'' means an illness or injury which results in a condition

meeting the definition of disability set forth in subdivision (b) of Section 54.

(A) For any person who is a qualified permanent resident under paragraph (3) whose disabling condition ends, the owner, board of directors, or other governing body may require the formerly disabled resident to cease residing in the development upon receipt of six months' written notice; provided, however, that the owner, board of directors, or other governing body may allow the person to remain a resident for up to one year, after the disabling condition ends.

(B) The owner, board of directors, or other governing body of the senior citizen housing development may take action to prohibit or terminate occupancy by a person who is a qualified permanent resident under paragraph (3) if the owner, board of directors, or other governing body finds, based on credible and objective evidence, that the person is likely to pose a significant threat to the health or safety of others that cannot be ameliorated by means of a reasonable accommodation; provided, however, that action to prohibit or terminate the occupancy may be taken only after doing both of the following:

(i) Providing reasonable notice to and an opportunity to be heard for the disabled person whose occupancy is being challenged, and reasonable notice to the coresident parent or grandparent of that person.

(ii) Giving due consideration to the relevant, credible, and objective information provided in that hearing. The evidence shall be taken and held in a confidential manner, pursuant to a closed session, by the owner, board of directors, or other governing body in order to preserve the privacy of the affected persons.

The affected persons shall be entitled to have present at the hearing an attorney or any other person authorized by them to speak on their behalf or to assist them in the matter.

(4) ''Senior citizen housing development'' means a residential development developed with more than 20 units as a senior community by its developer and zoned as a senior community by a local governmental entity, or characterized as a senior community in its governing documents, as these are defined in Section 1351, or qualified as a senior community under the federal Fair Housing Amendments Act of 1988, as amended. Any senior citizen housing development which is required to obtain a public report under Section 11010 of the Business and Professions Code and which submits its application for a public report after July 1, 2001, shall be required to have been issued a public report as a senior citizen housing development under Section 11010.05 of the Business and Professions Code.

(5) ''Dwelling unit'' or ''housing'' means any residential accommodation other than a mobilehome.

(6) ''Cohabitant'' refers to persons who live together as husband and wife, or persons who are domestic partners within the meaning of Section 297 of the Family Code.

(7) ''Permitted health care resident'' means a person hired to provide live-in, long-term, or terminal health care to a qualifying resident, or a family member of the qualifying resident providing that care. For the purposes of this section, the care provided by a permitted health care resident must be substantial in nature and must provide either assistance with necessary daily activities or medical treatment, or both.

A permitted health care resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident in the absence of the senior citizen from the dwelling unit only if both of the following are applicable:

(A) The senior citizen became absent from the dwelling due to hospitalization or other necessary medical treatment and expects to return to his or her residence within 90 days from the date the absence began.

(B) The absent senior citizen or an authorized person acting for the senior citizen submits a written request to the owner, board of directors, or governing board stating that the senior citizen desires that the permitted health care resident be allowed to remain in order to be present when the senior citizen returns to reside in the development.

Upon written request by the senior citizen or an authorized person acting for the senior citizen, the owner, board of directors, or governing board shall have the discretion to allow a permitted health care resident to remain for a time period longer than 90 days from the date that the senior citizen's absence began, if it appears that the senior citizen will return within a period of time not to exceed an additional 90 days.

(c) The covenants, conditions, and restrictions and other documents or written policy shall set forth the limitations on occupancy, residency, or use on the basis of age. Any such limitation shall not be more exclusive than to require that one person in residence in each dwelling unit may be required to be a senior citizen and that each other resident in the same dwelling unit may be required to be a qualified permanent resident, a permitted health care resident, or a person under 55 years of age whose occupancy is permitted under subdivision (g) of this section or subdivision (b) of Section 51.12. That limitation may be less exclusive, but shall at least require that the persons commencing any occupancy of a dwelling unit include a senior citizen who intends to reside in the unit as his or her primary residence on a permanent basis. The application of the rules set forth in this subdivision regarding limitations on occupancy may result in less than all of the dwellings being actually occupied by a senior citizen.

(d) The covenants, conditions, and restrictions or other documents or written policy shall permit temporary residency, as a guest of a senior citizen or qualified permanent resident, by a person of less than 55 years of age for periods of time, not more than 60 days in any year, that are specified in the covenants, conditions, and restrictions or other documents or written policy.

(e) Upon the death or dissolution of marriage, or upon hospitalization, or other prolonged absence of the qualifying resident, any qualified permanent resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident. This subdivision shall not apply to a permitted health care resident.

(f) The covenants, conditions, and restrictions or other documents or written policies applicable to any condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential property that contained age restrictions on January 1, 1984, shall be enforceable only to the extent permitted by this section, notwithstanding lower age restrictions contained in those documents or policies.

(g) Any person who has the right to reside in, occupy, or use the housing or an unimproved lot subject to this section on or after January 1, 1985, shall not be deprived of the right to continue that residency, occupancy, or use as the result of the enactment of this section by Chapter 1147 of the Statutes of 1996.

(h) A housing development may qualify as a senior citizen housing development under this section even though, as of January 1, 1997, it does not meet the definition of a senior citizen housing development specified in subdivision (b), if the development complies with that definition for every unit that becomes occupied after January 1, 1997, and if the development was once within that definition, and then became noncompliant with the definition as the result of any one of the following:

(1) The development was ordered by a court or a local, state, or federal enforcement agency to allow persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development.

(2) The development received a notice of a pending or proposed action in, or by, a court, or a local, state, or federal enforcement agency, which action could have resulted in the development being ordered by a court or a state or federal enforcement agency to allow persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development.

(3) The development agreed to allow persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development by entering into a stipulation,

conciliation agreement, or settlement agreement with a local, state, or federal enforcement agency or with a private party who had filed, or indicated an intent to file, a complaint against the development with a local, state, or federal enforcement agency, or file an action in a court.

(4) The development allowed persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development on the advice of counsel in order to prevent the possibility of an action being filed by a private party or by a local, state, or federal enforcement agency.

(i) The covenants, conditions, and restrictions or other documents or written policy of the senior citizen housing development shall permit the occupancy of a dwelling unit by a permitted health care resident during any period that the person is actually providing live-in, long-term, or hospice health care to a qualifying resident for compensation.

(j) This section shall only apply to the County of Riverside.

SEC. 5.5. Section 51.11 of the Civil Code is amended to read:

51.11. (a) The Legislature finds and declares that this section is essential to establish and preserve housing for senior citizens. There are senior citizens who need special living environments, and find that there is an inadequate supply of this type of housing in the state.

(b) For the purposes of this section, the following definitions apply:

(1) ''Qualifying resident'' or ''senior citizen'' means a person 62 years of age or older, or 55 years of age or older in a senior citizen housing development.

(2) ''Qualified permanent resident'' means a person who meets both of the following requirements:

(A) Was residing with the qualifying resident or senior citizen prior to the death, hospitalization, or other prolonged absence of, or the dissolution of marriage with, the qualifying resident or senior citizen.

(B) Was 45 years of age or older, or was a spouse, cohabitant, or person providing primary physical or economic support to the qualifying resident or senior citizen.

(3) ''Qualified permanent resident'' also means a disabled person or person with a disabling illness or injury who is a child or grandchild of the senior citizen or a qualified permanent resident as defined in paragraph (2) who needs to live with the senior citizen or qualified permanent resident because of the disabling condition, illness, or injury. For purposes of this section, ''disabled'' means a person who has a disability as defined in subdivision (b) of Section 54. A ''disabling injury or illness'' means an illness or injury which results in a condition meeting the definition of disability set forth in subdivision (b) of Section 54.

(A) For any person who is a qualified permanent resident under paragraph (3) whose disabling condition ends, the owner, board of

directors, or other governing body may require the formerly disabled resident to cease residing in the development upon receipt of six months' written notice; provided, however, that the owner, board of directors, or other governing body may allow the person to remain a resident for up to one year, after the disabling condition ends.

(B) The owner, board of directors, or other governing body of the senior citizen housing development may take action to prohibit or terminate occupancy by a person who is a qualified permanent resident under paragraph (3) if the owner, board of directors, or other governing body finds, based on credible and objective evidence, that the person is likely to pose a significant threat to the health or safety of others that cannot be ameliorated by means of a reasonable accommodation; provided, however, that action to prohibit or terminate the occupancy may be taken only after doing both of the following:

(i) Providing reasonable notice to and an opportunity to be heard for the disabled person whose occupancy is being challenged, and reasonable notice to the coresident parent or grandparent of that person.

(ii) Giving due consideration to the relevant, credible, and objective information provided in that hearing. The evidence shall be taken and held in a confidential manner, pursuant to a closed session, by the owner, board of directors, or other governing body in order to preserve the privacy of the affected persons.

The affected persons shall be entitled to have present at the hearing an attorney or any other person authorized by them to speak on their behalf or to assist them in the matter.

(4) ''Senior citizen housing development'' means a residential development developed with more than 20 units as a senior community by its developer and zoned as a senior community by a local governmental entity, or characterized as a senior community in its governing documents, as these are defined in Section 1351, or qualified as a senior community under the federal Fair Housing Amendments Act of 1988, as amended. Any senior citizen housing development which is required to obtain a public report under Section 11010 of the Business and Professions Code and which submits its application for a public report after July 1, 2001, shall be required to have been issued a public report as a senior citizen housing development under Section 11010.05 of the Business and Professions Code. No housing development constructed prior to January 1, 1985, shall fail to qualify as a senior citizen housing development because it was not originally developed or put to use for occupancy by senior citizens.

In order for the development to qualify as a senior citizen housing development, at least 80 percent of its occupied units must be occupied by at least one person who is 55 years of age or older. A senior citizen

housing development satisfies the requirements of this section even though:

(A) On September 13, 1988, under 80 percent of the occupied units in the housing development were occupied by at least one person 55 years of age or older, provided that at least 80 percent of the dwelling units occupied by new occupants after September 13, 1988, were occupied by at least one person 55 years of age or older.

(B) There are unoccupied units, provided that at least 80 percent of the occupied units are occupied by at least one person 55 years of age or older.

(5) ''Dwelling unit'' or ''housing'' means any residential accommodation other than a mobilehome.

(6) ''Cohabitant'' refers to persons who live together as husband and wife, or persons who are domestic partners within the meaning of Section 297 of the Family Code.

(7) ''Permitted health care resident'' means a person hired to provide live-in, long-term, or terminal health care to a qualifying resident, or a family member of the qualifying resident providing that care. For the purposes of this section, the care provided by a permitted health care resident must be substantial in nature and must provide either assistance with necessary daily living activities or medical treatment, or both.

A permitted health care resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident in the absence of the senior citizen from the dwelling unit, only if both of the following are applicable:

(A) The senior citizen became absent from the dwelling due to hospitalization or other necessary medical treatment and expects to return to his or her residence within 90 days from the date the absence began.

(B) The absent senior citizen or an authorized person acting for the senior citizen submits a written request to the owner, board of directors, or governing board stating that the senior citizen desires that the permitted health care resident be allowed to remain in order to be present when the senior citizen returns to reside in the development.

Upon written request by the senior citizen or an authorized person acting for the senior citizen, the owner, board of directors, or governing board shall have the discretion to allow a permitted health care resident to remain for a time period longer than 90 days from the date that the senior citizen's absence began, if it appears that the senior citizen will return within a period of time not to exceed an additional 90 days.

(c) The covenants, conditions, and restrictions and other documents or written policy shall set forth the limitations on occupancy, residency, or use on the basis of age. Any such limitation shall not be more exclusive than to require that one person in residence in each dwelling

unit may be required to be a senior citizen and that each other resident in the same dwelling unit may be required to be a qualified permanent resident, a permitted health care resident, or a person under 55 years of age whose occupancy is permitted under subdivision (g) of this section or subdivision (b) of Section 51.12. That limitation may be less exclusive, but shall at least require that the persons commencing any occupancy of a dwelling unit include a senior citizen who intends to reside in the unit as his or her primary residence on a permanent basis. The application of the rules set forth in this subdivision regarding limitations on occupancy may result in less than all of the dwellings being actually occupied by a senior citizen.

(d) The covenants, conditions, and restrictions or other documents or written policy shall permit temporary residency, as a guest of a senior citizen or qualified permanent resident, by a person of less than 55 years of age for periods of time, not more than 60 days in any year, that are specified in the covenants, conditions, and restrictions or other documents or written policy.

(e) Upon the death or dissolution of marriage, or upon hospitalization, or other prolonged absence of the qualifying resident, any qualified permanent resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident. This subdivision shall not apply to a permitted health care resident.

(f) The covenants, conditions, and restrictions or other documents or written policies applicable to any condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential property that contained age restrictions on January 1, 1984, shall be enforceable only to the extent permitted by this section, notwithstanding lower age restrictions contained in those documents or policies.

(g) Any person who has the right to reside in, occupy, or use the housing or an unimproved lot subject to this section on or after January 1, 1985, shall not be deprived of the right to continue that residency, occupancy, or use as the result of the enactment of this section by Chapter 1147 of the Statutes of 1996.

(h) A housing development may qualify as a senior citizen housing development under this section even though, as of January 1, 1997, it does not meet the definition of a senior citizen housing development specified in subdivision (b), if the development complies with that definition for every unit that becomes occupied after January 1, 1997, and if the development was once within that definition, and then became noncompliant with the definition as the result of any one of the following:

(1) The development was ordered by a court or a local, state, or federal enforcement agency to allow persons other than qualifying

residents, qualified permanent residents, or permitted health care residents to reside in the development.

(2) The development received a notice of a pending or proposed action in, or by, a court, or a local, state, or federal enforcement agency, which action could have resulted in the development being ordered by a court or a state or federal enforcement agency to allow persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development.

(3) The development agreed to allow persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development by entering into a stipulation, conciliation agreement, or settlement agreement with a local, state, or federal enforcement agency or with a private party who had filed, or indicated an intent to file, a complaint against the development with a local, state, or federal enforcement agency, or file an action in a court.

(4) The development allowed persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development on the advice of counsel in order to prevent the possibility of an action being filed by a private party or by a local, state, or federal enforcement agency.

(i) The covenants, conditions, and restrictions or other documents or written policy of the senior citizen housing development shall permit the occupancy of a dwelling unit by a permitted health care resident during any period that the person is actually providing live-in, long-term, or hospice health care to a qualifying resident for compensation.

(j) Any person who is a real estate broker or salesperson, or any individual homeowner in a senior citizen housing development which is comprised of dwelling units available for separate ownership, shall not be held personally liable for monetary damages for discrimination on the basis of age or familial status with regard to any housing development claiming to meet the requirements applicable to senior citizen housing developments if all of the following requirements are met:

(1) The person acted with the good faith belief that the housing development complies with the requirements applicable to a senior citizen housing development.

(2) The person acted in reliance on, and with actual knowledge of, a written assertion by the housing development, through its authorized representatives, that the development complies with the requirements applicable to a senior citizen housing development.

(3) Before the date on which the discrimination is alleged to have occurred, the development, through its authorized representatives, has certified, in writing and under oath or affirmation, to the person claiming the defense under this subdivision that the development complies with the requirements applicable to senior citizen housing developments.

(4) The person claiming the defense under this subdivision has no actual knowledge that the development does not comply with the requirements applicable to senior citizen housing developments.

For the purpose of this subdivision, an authorized representative of a development means the individual, committee, management company, owner, or other entity having responsibility for compliance with the requirements applicable to senior citizen housing developments.

The defense under this subdivision is available only to natural persons and shall not apply to any corporate entity, including, without limitation, an association. For the purpose of this subdivision, the term ''association'' shall mean the governing entity of the senior citizen housing development. To the extent that monetary liability of an association is paid from assessments on members, the defense set forth in this subdivision shall not be available to any member to bar collection of any such assessment from any member.

No individual volunteer director or officer of an association of a development which holds itself out to be a senior citizen housing development shall be personally liable for monetary damages for discrimination on the basis of age or familial status if the officer's or director's conduct meets all of the following requirements:

(A) The duties are performed in good faith.

(B) The duties are performed in a manner the director or officer believes to be in the best interests of the corporation.

(C) The duties are performed with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

''Volunteer'' means the rendering of services without compensation. ''Compensation'' means remuneration whether by way of salary, fee, or other consideration for services rendered. However, the payment of per diem, mileage, or other reimbursement expenses to a director or executive officer does not affect that person's status as a volunteer within the meaning of this section.

(k) The Fair Employment and Housing Commission shall adopt regulations which will permit a senior citizen housing development to apply for and obtain a certification by the Department of Fair Employment and Housing that, based on appropriate evidence, the senior citizen housing development complies with the requirements of this part and with the requirements of the federal Fair Housing Act applicable to housing for older persons as defined by 42 U.S.C. Section 3607 (b)(2)(C). Certification shall have the effect of a rebuttable presumption, as defined in Section 604 of the Evidence Code, that the development complies with the requirements of this part. The Department of Fair Employment and Housing may impose a reasonable

application fee not to exceed two hundred fifty dollars ($250) upon applicants seeking this certification.

(*l*) This section shall only apply to the County of Riverside.

SEC. 6. Section 51.12 of the Civil Code is amended to read:

51.12. (a) The Legislature finds and declares that the requirements for senior housing under Sections 51.10 and 51.11 are more stringent than the requirements for that housing under the federal Fair Housing Amendments Act of 1988 (Public Law 100-430).

(b) Any person who resided in, occupied, or used, prior to January 1, 1990, a dwelling in a senior citizen housing development which relied on the exemption to the special design requirement provided by Section 51.4 as that section read prior to January 1, 2001, shall not be deprived of the right to continue that residency, or occupancy, or use as the result of the changes made to this section by the enactment of Senate Bill 1382 or Senate Bill 2011 at the 1999–2000 Regular Session of the Legislature.

(c) This section shall only apply to the County of Riverside.

SEC. 7. Section 3.5 of this bill incorporates amendments to Section 51.3 of the Civil Code proposed by both this bill and SB 1382. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 51.3 of the Civil Code, and (3) this bill is enacted after SB 1382, in which case Section 3 of this bill shall not become operative.

SEC. 8. Section 4.5 of this bill incorporates amendments to Section 51.4 of the Civil Code proposed by both this bill and SB 1382. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 51.4 of the Civil Code, and (3) this bill is enacted after SB 1382, in which case Section 4 of this bill shall not become operative.

SEC. 9. Section 5.5 of this bill incorporates amendments to Section 51.11 of the Civil Code proposed by both this bill and SB 1382. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 51.11 of the Civil Code, and (3) this bill is enacted after SB 1382, in which case Section 5 of this bill shall not become operative.

(b) The board shall conduct a comprehensive study of its reorganization (''reengineering'') plan to restructure intake, mediation, and investigation services, and evaluate the impact this effort has had on consumer and industry access to board staff, its ability to reduce timeframes for complaint processing and investigations, increasing mediations, investigations, and legal actions, productivity of staff, and overall costs to the board.

(c) The board shall conduct a comprehensive study and review of recovery fund programs in California and other states which provide compensation to consumers for financial injury caused by a licensed professional. It should evaluate the effectiveness of these programs and whether such a recovery fund could benefit consumers who are harmed as a result of contractor fraud, poor workmanship, malfeasance, abandonment, failure to perform, or other illegal acts.

(d) The board shall conduct a comprehensive study in consultation with the Department of Insurance, on the use of surety bonds to compensate homeowners for financial injury sustained as a result of a contractor's fraud, poor workmanship, malfeasance, abandonment, failure to perform, or other illegal acts. This study shall include consideration of the payout criteria of bonds, increasing the bond

amount, a ''step-bonding'' approach based on the amount of the prime contract, and the requirement of performance or payment bonds. This study shall additionally consider whether to require contractors to carry general liability insurance and whether to establish a guarantee program in order to provide the appropriate insurance and bond coverage in connection with a homeowner's employment of a contractor.

improving the quality and consistency of complaint processing and investigation and reducing the timeframes for each, reducing any complaint backlog, assuring consistency in the application of sanctions or discipline imposed on licensees, and shall include the following areas: the accurate and consistent implementation of the laws and rules affecting discipline, staff concerns regarding disciplinary matters or procedures, appropriate utilization of licensed professionals to investigate complaints, the board's cooperation with other governmental entities charged with enforcing related laws and regulations regarding contractors.

(3) The enforcement program monitor shall exercise no authority over the board's discipline operations or staff; however, the board and its staff shall cooperate with him or her, and the board shall provide data, information, and case files as requested by the enforcement program monitor to perform all of his or her duties.

(4) The director shall assist the enforcement program monitor in the performance of his or her duties, and the enforcement program monitor shall have the same investigative authority as the director.

(d) The enforcement program monitor shall submit an initial written report of his or her findings and conclusions to the board, the department, and the Legislature no later than August 1, 2001, and every six months thereafter, and be available to make oral reports to each, if requested to do so. The enforcement program monitor may also provide additional information to either the department or the Legislature at his or her discretion or at the request of either the department or the Legislature. The enforcement monitor shall make his or her reports available to the public or the media. The enforcement program monitor shall make every effort to provide the board with an opportunity to reply to any facts, findings, issues, or conclusions in his or her reports with which the board may disagree.

(e) The board shall reimburse the department for all of the costs associated with the employment of an enforcement program monitor.

(f) This section shall remain in effect only until January 31, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 31, 2003, deletes or extends that date.

6704.1. (a) The Department of Consumer Affairs, in conjunction with the board, and the Joint Legislative Sunset Review Committee shall review the engineering branch titles specified in Section 6732 to determine whether certain title acts should be eliminated from this chapter, retained, or converted to practice acts similar to civil, electrical, and mechanical engineering, and whether supplemental engineering work should be permitted for all branches of engineering. The department shall contract with an independent consulting firm to perform this comprehensive analysis of title act registration.

(b) The independent consultant shall perform, but not be limited to, the following: (1) meet with representatives of each of the engineering branches and other professional groups; (2) examine the type of services and work provided by engineers in all branches of engineering and interrelated professions within the marketplace, to determine the interrelationship that exists between the various branches of engineers and other interrelated professions; (3) review and analyze educational requirements of engineers; (4) identify the degree to which supplemental or ''overlapping'' work between engineering branches and interrelated professions occurs; (5) review alternative methods of regulation of engineers in other states and what impact the regulations would have if adopted in California; (6) identify the manner in which local and state agencies utilize regulations and statutes to regulate engineering work; and, (7) recommend changes to existing laws regulating engineers after

There is in the Department of Consumer Affairs a Court Reporters Board of California, which consists of five members, three of whom shall be public members and two of whom shall be holders of certificates issued under this chapter who have been actively engaged as shorthand reporters within this state for at least five years immediately preceding their appointment.

This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed. The repeal of this section renders the board subject to the review required by Division 1.2 (commencing with Section 473), except that the review shall be limited to only those unresolved issues identified by the Joint Legislative Sunset Review Committee.

SEC. 2. Section 8005 of the Business and Professions Code is amended to read:

(b) All moneys held in the Court Reporters' Fund on the effective date of this section in excess of the board's operating budget for the 1996–97 fiscal year shall be used as provided in subdivision (a).

(c) Refunds and unexpended funds that are anticipated to remain in the Transcript Reimbursement Fund at the end of the fiscal year shall be considered by the board in establishing the fee assessment pursuant to Section 8031 so that the assessment shall maintain the Transcript Reimbursement Fund at the appropriate level in the following fiscal year.

(d) The Transcript Reimbursement Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, moneys in the Transcript Reimbursement Fund are continuously appropriated for the purposes of this chapter.

(e) Applicants who have been reimbursed pursuant to this chapter for services provided to litigants and who are awarded court costs or attorneys' fees by judgment or by settlement agreement, shall refund the full amount of that reimbursement to the fund within 90 days of receipt of the award or settlement.

(f) Subject to the limitations of this chapter, the board shall maintain the fund at a level that is sufficient to pay all qualified claims. To accomplish this objective, the board shall utilize all refunds, unexpended funds, fees, and any other moneys received by the board.

(g) Notwithstanding Section 16346 of the Government Code, all unencumbered funds remaining in the Transcript Reimbursement Fund as of June 29, 2001, shall be transferred to the Court Reporters' Fund.

This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes

operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

(2) Where recovery of damages is not the principal object of the case and a request for damages is merely ancillary to an action for equitable or other nonpecuniary relief; or inclusion of a counterclaim requesting damages is necessary for effective defense or because of applicable rules governing joinder of counterclaims.

(3) Where a court appoints an applicant or an employee of an applicant pursuant to a statute or a court rule or practice of equal applicability to all attorneys in the jurisdiction.

This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 5. Section 8030.6 of the Business and Professions Code is amended to read:

8030.6. The board shall disburse funds from the Transcript Reimbursement Fund for the costs, exclusive of per diem charges, of preparing either an original transcript and one copy thereof, or where appropriate, a copy of the transcript, of court or deposition proceedings, or both, incurred as a contractual obligation between the shorthand reporter and the applicant, for litigation conducted in California. If no deposition transcript is ordered, the board may reimburse the applicant or the certified shorthand reporter designated in the application for per diem costs. The rate of per diem for depositions shall not exceed

seventy-five dollars ($75) for a half day, or one hundred twenty-five dollars ($125) for a full day. In the event that a transcript is ordered within one year of the date of the deposition, but subsequent to the per diem having been reimbursed by the Transcript Reimbursement Fund, the amount of the per diem shall be deducted from the amount of transcript. Reimbursement may be obtained through the following procedures:

(a) The applicant or certified shorthand reporter shall promptly submit to the board the certified shorthand reporter's invoice for transcripts together with the appropriate documentation as is required by this chapter.

(b) Except as provided in subdivision (c), the board shall promptly determine if the applicant or the certified shorthand reporter is entitled to reimbursement under this chapter and shall make payment as follows:

A notice shall be sent to the recipient requiring the recipient to file a notice with the court in which the action is pending stating the sum of reimbursement paid pursuant to this section. The notice filed with the court shall also state that if the sum is subsequently included in any award of costs made in the action, that the sum is to be ordered refunded by the applicant to the Transcript Reimbursement Fund whenever the sum is actually recovered as costs. The court may not consider whether payment has been made from the Transcript Reimbursement Fund in determining the appropriateness of any award of costs to the parties. The board shall also forthwith notify

the applicant that the reimbursed sum has been paid to the certified shorthand reporter and shall likewise notify the applicant of the duty to refund any of the sum actually recovered as costs in the action.

(e) If not entitled, the board shall forthwith return a copy of the invoice to the applicant and the designated certified shorthand reporter together with a notice stating the grounds for denial.

(d) If entitled, and funds are available, the board shall forthwith disburse the appropriate sum to the applicant or the certified shorthand reporter when documentation as provided in subdivision (d) of Section 8030.8 accompanies the application. A notice shall be sent to the recipient requiring the recipient to file a notice with the court in which the action is pending stating the sum of reimbursement paid pursuant to this section. The notice filed with the court shall also state that if the sum is subsequently included in any award of costs made in the action, that the sum is to be ordered refunded by the applicant to the Transcript Reimbursement Fund whenever the sum is actually recovered as costs. SEC. 6. Section 8030.8 of the Business and Professions Code is amended to read:

8030.8. (a) For purposes of this chapter, documentation accompanying an invoice is sufficient to establish entitlement for reimbursement from the Transcript Reimbursement Fund if it is filed with the executive officer on an application form prescribed by the board that is complete in all respects, and that establishes all of the following:

(1) The case name and number and that the litigant or litigants requesting the reimbursement are indigent persons.

(d) The applicant may receive reimbursement directly from the board when the applicant has previously paid the certified shorthand reporter for transcripts as provided in Section 8030.6. To receive payment directly, the applicant shall submit, in addition to all other required documentation, an itemized statement signed by the certified shorthand reporter performing the services that describes payment for transcripts in accordance with the requirements of Section 8030.6.

An act to amend Section 1808.21 of the Vehicle Code, relating to information practices.

[Approved by Governor September 29, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1808.21 of the Vehicle Code is amended to read:

1808.21. (a) Any residence address in any record of the department is confidential and shall not be disclosed to any person, except a court, law enforcement agency, or other government agency, or as authorized in Section 1808.22 or 1808.23.

(b) Release of any mailing address or part thereof in any record of the department may be restricted to a release for purposes related to the reasons for which the information was collected, including, but not limited to, the assessment of driver risk, or ownership of vehicles or vessels. This restriction does not apply to a release to a court, a law enforcement agency, or other governmental agency, or a person who has been issued a requester code pursuant to Section 1810.2.

(c) Any person providing the department with a mailing address shall declare, under penalty of perjury, that the mailing address is a valid, existing, and accurate mailing address and shall consent to receive service of process pursuant to subdivision (b) of Section 415.20, subdivision (a) of Section 415.30, and Section 416.90 of the Code of Civil Procedure at the mailing address.

(d) (1) Any registration or driver's license record of a person may be suppressed from any other person, except those persons specified in subdivision (a), if the person requesting the suppression submits verification acceptable to the department that he or she has reasonable cause to believe either of the following:

(A) That he or she is the subject of stalking, as specified in Section 1708.7 of the Civil Code or Section 646.9 of the Penal Code.

(B) That there exists a threat of death or great bodily injury to his or her person, as defined in subdivision (d) of Section 12022.7 of the Penal Code.

(2) Upon suppression of a record, each request for information about that record shall be authorized by the subject of the record or verified as legitimate by other investigative means by the department before the information is released.

(e) Suppression of a record pursuant to subdivision (d) shall occur for one year after approval by the department. Not less than 60 days prior

to the date the suppression of the record would otherwise expire, the department shall notify the subject of the record of its impending expiration. The suppression may be continued for two additional periods of one year each if a letter is submitted to the department stating that the person continues to have a reasonable cause to believe that he or she is the subject of stalking or that there exists a threat of death or great bodily injury as described in subparagraph (B) of paragraph (1) of subdivision (d). The suppression may be additionally continued at the end of the second one-year period by submitting verification acceptable to the department. The notification described in this subdivision shall instruct the person of the method to reapply for record suppression.

CHAPTER 1009

An act to amend Sections 8017 and 8027 of the Business and Professions Code, relating to shorthand reporters.

[Approved by Governor September 29, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 8017 of the Business and Professions Code is amended to read:

8017. The practice of shorthand reporting is defined as the making, by means of written symbols or abbreviations in shorthand or machine shorthand writing, of a verbatim record of any oral court proceeding, deposition, court ordered hearing or arbitration, or proceeding before any grand jury, referee, or court commissioner and the accurate transcription thereof. Nothing in this section shall require the use of a certified shorthand reporter when not otherwise required by law.

SEC. 2. Section 8027 of the Business and Professions Code is amended to read:

8027. (a) As used in this section, ''school'' means a court reporter training program or an institution that provides a course of instruction approved by the board, and is approved by the Council for Private Postsecondary and Vocational Education, is a public school in this state, or is accredited by the Western Association of Schools and Colleges.

(b) A court reporting school shall be primarily organized to train students for the practice of shorthand reporting, as defined in Sections

8016 and 8017. Its educational program shall be on the postsecondary or collegiate level, and shall be a residence program; its educational program shall not be a correspondence program. It shall be legally organized and authorized to conduct its program under all applicable laws of the state, and shall conform to and offer all components of the minimum prescribed course of study established by the board. Its records shall be kept and shall be maintained in a manner to render them safe from theft, fire, or other loss. The records shall indicate positive daily and clock-hour attendance of each student, apprenticeship and graduation reports, high school transcripts or equivalent, or self-certification of high school graduation or equivalency, transcript of other education, and student progress to date.

(c) Any school intending to offer a program in court reporting shall notify the board within 30 days of the date on which it provides notice to, or seeks approval from, the California Department of Education, the Council for Private Postsecondary and Vocational Education, the Chancellor's Office of the California Community Colleges, or the Western Association of Schools and Colleges, whichever is applicable. The board shall review the proposed curriculum and provide the school tentative approval, or notice of denial, within 60 days of receipt of the notice. The school shall apply for provisional recognition pursuant to subdivision (d) within no more than one year from the date it begins offering court reporting classes.

(d) The board may grant provisional recognition to a new court reporting school upon satisfactory evidence that it has met all of the provisions of subdivision (b) and this subdivision. Recognition may be granted by the board to a provisionally recognized school after it has been in continuous operation for a period of no less than three consecutive years from the date provisional recognition was granted, during which period the school shall provide satisfactory evidence that at least one person has successfully completed the entire course of study established by the board and complied with the provisions of Section 8020, and has been issued a certificate to practice shorthand reporting as defined in Sections 8016 and 8017. The board may, for good cause shown, extend the three-year provisional recognition period for not more than one year. Failure to meet the provisions and terms of this section shall require the board to deny recognition. Once granted, recognition may be withdrawn by the board for failure to comply with the requirements of this section.

(e) Application for recognition of a court reporting school shall be made upon a form prescribed by the board and shall be accompanied by all evidence, statements, or documents requested. Each branch, extension center, or off-campus facility requires separate application.

(f) All recognized and provisionally recognized court reporting schools shall notify the board of any change in school name, address, telephone number, responsible court reporting program manager, owner of private schools, and the effective date thereof, within 30 days of the change. All of these notifications shall be made in writing.

(g) A school shall notify the board in writing immediately of the discontinuance or pending discontinuance of its court reporting program or any of the program's components. Within two years of the date this notice is sent to the board, the school shall discontinue its court reporting program in its entirety. The board may, for good cause shown, grant not more than two, one-year extensions of this period to a school. If a student is to be enrolled after this notice is sent to the board, a school shall disclose to the student the fact of the discontinuance or pending discontinuance of its court reporting program or any of its program components.

(h) The board shall maintain a roster of currently recognized and provisionally recognized court reporting schools including, but not limited to, the name, address, telephone number, and the name of the responsible court reporting program manager of each school.

(i) The board shall maintain statistics which display the number and passing percentage of all first-time examinees, including, but not limited to, those qualified by each recognized or provisionally recognized school and those first-time examinees qualified by other methods as defined in Section 8020.

(j) Inspections and investigations shall be conducted by the board as necessary to carry out this section.

(k) All recognized and provisionally recognized schools shall print in their school or course catalog the name, address, and telephone number of the board. At a minimum, the information shall be in 8-point bold type and include the following statement:

''IN ORDER FOR A PERSON TO QUALIFY FROM A SCHOOL TO TAKE THE STATE LICENSING EXAMINATION, THE PERSON SHALL COMPLETE A PROGRAM AT A RECOGNIZED SCHOOL. FOR INFORMATION CONCERNING THE MINIMUM REQUIREMENTS THAT A COURT REPORTING PROGRAM MUST MEET IN ORDER TO BE RECOGNIZED, CONTACT: THE COURT REPORTERS BOARD OF CALIFORNIA; (ADDRESS); (TELEPHONE NUMBER).''

(*l*) Each court reporting school shall file with the board, not later than June 30 of each year, a current school catalog which shows all course offerings and staff, and for private schools, the owner, except that where there have been no changes to the catalog within the previous year, no

catalog need be sent. In addition, each school shall also file with the board a statement certifying that the school is in compliance with all statutes and the rules and regulations of the board, signed by the responsible court reporting program manager.

(m) No school offering court reporting shall make any written or verbal claims of employment opportunities or potential earnings unless those claims are based on verified data and reflect current employment conditions.

(n) Any person teaching an academic course, that is a course other than machine shorthand or typing, in a court reporting program shall meet one of the following criteria:

(1) Possess a minimum of an Associate of Arts degree and, in addition, either a minimum of two years of experience teaching the subject being taught or at least two years' work experience in a job substantially related to the subject being taught.

(2) Possess a current license as a certified shorthand reporter and, in addition, either a minimum of two years of experience teaching the subject being taught or at least two years' work experience in a job substantially related to the subject being taught.

(3) Possess a minimum of four years' experience teaching the subject being taught or a minimum of four years' work experience in a job substantially related to the subject being taught.

(4) Possess a minimum of a Bachelor of Arts or Bachelor of Science degree in the subject being taught.

(o) The pass rate of first-time exam takers for each school offering court reporting shall meet or exceed the average pass rate of all first-time test takers for a majority of examinations given for the preceding three years. Failure to do so shall require the board to conduct a review of the program. In addition, the board may place the school on probation and may withdraw recognition if the school continues to place below the above described standard on the two exams that follow the three-year period.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

''Funds directly controlled by the state'' includes funds deposited in and disbursed from the State Treasury in payment of compensation, regardless of their source.

(b) Any person in the employ of any contracting agency.

(c) City employees who prior to the effective date of the contract with the hospital are assigned to a hospital that became a contracting agency because of subdivision (p) of Section 20057 shall be deemed hospital employees from and after the effective date of the contract with the hospital for retirement purposes. (a) For all counties that contract with the board for the provision of retirement benefits for their eligible employees as of the implementation date of the Trial Court Employment Protection and Governance Act (Chapter 7 (commencing with Section 71600) of Title 8), a trial court and a county in which the trial court is located shall jointly participate in this system by joint contract. All other counties and trial courts may elect such joint participation in accordance with the procedures set forth in this chapter. Except as provided in subdivision (b) and except as otherwise provided in this part, the trial court and the county jointly participating in this system shall each have all of the rights and all of the obligations of a contracting agency under the contract and under this part.

(b) A county shall not be responsible for the employer or employee contributions required to be paid on behalf of trial court employees. A trial court shall not be responsible for the employer or employee contributions required to be paid on behalf of county employees.

SEC. 6. Section 20469.1 is added to the Government Code, to read:

Each resolution shall contain a summary of the major provisions of the proposed retirement plan. The contract shall not be approved unless an election has been held to permit the employees proposed to be included in this system to express by secret ballot their approval or disapproval of the retirement proposal. Prior to the election the county governing body and the trial court presiding officer shall be furnished with a schedule of rates of contribution of members, which shall be made available by the governing body and the presiding officer to each employee proposed to be included in this system. The ballot at the election shall include the summary of the retirement plan as set forth in the resolution. The election shall be conducted in the manner prescribed by the governing body and the presiding officer which shall be such as to permit the firefighters, the police officers, the county peace

(b) For all counties that participate in this system by contract with the board as of the implementation date of the Trial Court Employment Protection and Governance Act (Chapter 7 (commencing with Section 71600) of Title 8), the trial court located in the county shall be deemed to elect to participate in this system jointly with the county pursuant to the terms and conditions of the county's contract with the board. The county's contract shall be amended to add the trial court as a contracting party. The amended contract shall be deemed adopted by the county. This amendment shall establish a joint contract.

SEC. 7. Section 20471.1 is added to the Government Code, to read:

20471.1. Notwithstanding Section 20471, and except as provided in subdivision (b) of Section 20469.1, approval of a proposed joint contract by a trial court and county shall be by ordinances or resolutions adopted by both the affirmative vote of a majority of the members of the governing body of a county and the presiding officer of the trial court, not less than 20 days after the latest adoption of the notices of intention. The resolution of the presiding officer of the trial court and the resolution or ordinance of the governing body of the county which approve the joint contract must be adopted within 30 days of each other.

SEC. 8. Section 20474 of the Government Code is amended to read:

20474. Whenever by any provision of law an election is given to contracting agencies to subject themselves and their employees to provisions of this part otherwise not applicable to contracting agencies and their employees, and no other means of making the election is expressly provided, any contracting agency may make the election by amendment to its contract with the board approved in the manner provided for the approval of the contracts including an election among the employees affected unless the amendment only adds benefits without affecting members' contributions, in which case the election among the employees is not required. An amendment to a joint contract that has been approved by the governing body of the county shall be deemed approved by the presiding officer of the trial court located within the county. The amendment shall specify the date upon which the agency and its employees shall become subject to the provisions. That date shall not be earlier than the first day following the approval of the contract pursuant to Section 20471, except that if the rate of the employer's contributions changes, the effective date shall not be earlier than the first day of the pay period following the approval. Any election made by amendment to the contract shall be irrevocable until the contract is terminated. However, benefits provided by the amendment may be increased or improved from time to time by further amendment to the contract. From and after the date specified in the amendment to the

contract the provisions, as they are in effect at the time of election and as they may be amended in the future, shall apply to the contracting agency and to its employees, and the rights, privileges, duties, liabilities, and responsibilities of the contracting agency and of each of its employees included in this system shall be governed thereby.

SEC. 9. Section 20570 of the Government Code is amended to read:

20570. (a) If the contract has been in effect for at least five years and was approved by an ordinance or resolution adopted by the governing body of the contracting agency, the governing body may terminate it by the adoption of a resolution giving notice of intention to terminate, and by the adoption, not less than one year thereafter by the affirmative vote of two-thirds of the members of the governing body, of an ordinance or resolution terminating the contract. Termination shall be effective with board approval on the date designated in the ordinance or resolution terminating the contract.

(b) If the contract is a joint contract and the joint contract has been in effect for at least five years, the contract may be terminated by the adoption of trial court and county resolutions giving notice of intention to terminate, and by the adoption, not less than one year thereafter by the affirmative vote of two-thirds of the members of the governing body of the county, and by the presiding officer of the trial court, of an ordinance or resolution terminating the contract. Termination shall be effective with board approval on the date designated in the ordinance terminating the contract.

SEC. 10. Section 20815 of the Government Code is amended to read:

20815. (a) Notwithstanding any other provision of this part, including, but not limited to, Sections 20225 and 20790, the board shall not combine the assets and liabilities of public agency employers into a single account for the purpose of setting a uniform rate of employer contributions for all public agency employers. The rate at which a public employer's contribution to this system shall be fixed shall be based upon its own experience. Provisions of law that provide authority for this system to combine the assets and liabilities of public employers into a single account for purposes of establishing a uniform rate are superseded to the extent that they provide that authority. For purposes of this section only, references to public employers shall not be construed to include school employers.

(b) Notwithstanding subdivision (a), the assets and liabilities of a county and a trial court jointly contracting with the board under Section 20460.1 shall be combined for purposes of setting the employer contribution rate for both the county and the trial court.

(c) An existing memorandum of understanding or agreement between the county, a municipal court, or a superior court shall remain in effect and be fully binding on the county, the unified superior court, and the employee organization involved for the term of the agreement. (d) Nothing in this article shall disturb or affect any court- or county-established appropriate bargaining unit or memorandum of

(e) (1) Where there is more than one employee organization that has been previously recognized as the exclusive representative of employees of the municipal court and the superior court, the county and the unified superior court shall continue to recognize each exclusive representative of each bargaining unit and shall continue to be bound by any existing memorandum of understanding or agreement covering those employees for a period not to exceed 225 days from date of unification, pending the exhaustion of the election procedure set forth in paragraph (2). CHAPTER 7. TRIAL COURT EMPLOYMENT PROTECTION AND GOVERNANCE ACT

Article 1. General Provisions

71600. This chapter may be cited as the Trial Court Employment Protection and Governance Act.

71601. For purposes of this chapter, the following definitions shall apply:

(a) ''Appointment'' means the offer to and acceptance by a person of a position in the trial court in accordance with this chapter and the trial court's personnel policies, procedures, and plans.

(b) ''Employee organization'' means any organization that includes trial court employees and has as one of its primary purposes representing those employees in their relations with the trial court.

The process should include adequate time for the resolution of impasses where specific procedures for resolution are contained in this chapter, local rule, regulation, or ordinance, or when the procedures are utilized by mutual consent.

(f) ''Personnel rules,'' ''personnel policies, procedures, and plans,'' and ''rules and regulations'' mean policies, procedures, plans, rules, or regulations adopted by a trial court or its designee pertaining to conditions of employment of trial court employees, subject to meet and confer in good faith.

(h) ''Recognized employee organization'' means an employee organization that has been formally acknowledged to represent trial court employees by the county under Sections 3500 to 3510, inclusive, prior to the implementation date of this chapter, or by the trial court under Rules 2201 to 2210, inclusive, of the California Rules of Court, as those rules read on April 23, 1997, Sections 70210 to 70219, inclusive, or Article 3 (commencing with Section 71630) of this chapter.

(i) ''Subordinate judicial officer'' means an officer appointed to perform subordinate judicial duties as authorized by Section 22 of Article VI of the California Constitution, including, but not limited to, a court commissioner, probate commissioner, referee, traffic referee, juvenile referee, and pro tem judge.

(*l*) ''Trial court employee'' means a person who is both of the following:

(1) Paid from the trial court's budget, regardless of the funding source. For purposes of this paragraph only, the ''trial court'' includes the judges of a trial court or their appointees who are vested with or delegated the authority to hire, supervise, discipline, and terminate.

(m) A person is a ''trial court employee'' if and only if both paragraphs (1) and (2) of subdivision (*l*) are true irrespective of job classification or whether the functions performed by that person are identified in Rule 810 of the California Rules of Court. The phrase ''trial court employee'' includes those subordinate judicial officers who satisfy paragraphs (1) and (2) of subdivision (*l*). 71612. Except as otherwise expressly provided in this chapter, the enactment of this act shall not be a cause for the modification or elimination of any existing wages, hours, or terms and conditions of employment of trial court employees. However, except as to those procedures, rights, or practices described in this chapter as minimum standards, the enactment of this act shall not prevent the modification or elimination of existing wages, hours or terms and conditions of employment through the meet and confer in good faith process or, in those situations in which the employees are either exempted from representation, or are not represented by a recognized employee organization, through appropriate procedures.

71614. Nothing in this chapter shall be construed as affecting the interpretation or operation of Sections 70210 to 70219, inclusive, for purposes of unification of the trial courts.

71615. (a) Except as provided in subdivision (b), the effective date of this act shall be its implementation date.

(b) Representatives of a trial court and representatives of recognized employee organizations may mutually agree to an implementation date of this act later than the effective date of this act. However, if any provisions of this chapter are governed by an existing memorandum of understanding or agreement covering trial court employees, as to such provisions the implementation date shall be either the date a successor memorandum of understanding or agreement is effective or, if no agreement for a successor memorandum of understanding or agreement is reached, 90 days from the date of the expiration of the predecessor memorandum of understanding or agreement, unless representatives of the trial court and representatives of recognized employee organizations mutually agree otherwise.

(c) As of the implementation date of this chapter, all of the following shall apply:

(1) All persons who meet the definition of trial court employee shall become trial court employees at their existing or equivalent classifications.

(2) Employment seniority of a trial court employee, as calculated and used under the system in effect prior to the implementation of this act, shall be calculated and used in the same manner by the trial court.

(3) A trial court employee shall have the same status he or she had as a probationary, permanent, or regular employee under the system in effect prior to implementation of this act. A probationary employee shall not be required to serve a new probationary period and shall continue the existing probationary period under the terms of hire.

(4) Subject to the agreement of the county, and unless prohibited or limited by charter provisions, the policies regarding transfer between the trial court and the county that are in place as of the implementation date of this act shall be continued while an existing memorandum of understanding or agreement remains in effect or for two years, whichever is longer, and any further rights of trial court employees to transfer between the trial court and the county shall be subject to the obligation to meet and confer in good faith at the local level between representatives of the trial court and representatives of recognized employee organizations and local negotiation between the trial court and the county. Subject to the agreement of the county, and unless prohibited or limited by charter provisions, the policies regarding the portability of seniority, accrued leave credits, and leave accrual rates that are in effect upon the implementation date of this act shall be continued if trial court or county employees transfer between the trial court and the county or the county and the trial court while an existing memorandum of understanding or agreement remains in effect, or for a period of two

years, whichever is longer. Any further right of trial court employees to portability is subject to the obligation to meet and confer in good faith between representatives of the trial court and representatives of recognized employee organizations and local negotiation between the trial court and the county.

(5) Each trial court shall be deemed the successor employer of all trial court employees in the county in which the trial court is located.

(d) In establishing local personnel structures for trial court employees in accordance with this chapter, the trial court shall comply with contractual obligations, and consideration shall be given to minimizing disruption of the trial court workforce and protecting the rights accrued by trial court employees under their current systems. However, prior contractual obligations and rights may be reconsidered subject to the obligation to meet and confer in good faith, provided both parties give consideration to past contractual obligations and rights.

(e) Unrepresented trial court employees are governed by a trial court's personnel policies, procedures, and plans. The implementation of this act shall not be a cause for changing a trial court's personnel policies, procedures, and plans applicable to unrepresented trial court employees except where required to bring such policies, procedures, and plans into conformity with this chapter. Except as otherwise expressly provided in this act, a trial court retains all existing rights with respect to revising its personnel policies, procedures, and plans as applied to unrepresented trial court employees.

(f) Upon implementation of this act in a trial court, Sections 68650 to 68655, inclusive, and Rules 2201 to 2210, inclusive, of the California Rules of Court, shall be inoperative as to that trial court.

71616. If any provision of this chapter, or the application thereof, to any person or circumstances, is held invalid, the invalidity shall not affect other provisions or application of the chapter which can be given effect without the invalid provisions or application and, to this end the provisions of this chapter are severable.

71617. To the extent this chapter applies to a municipal court, any action by the municipal court specifying the number, qualification, or compensation of officers or employees of the municipal court which differs from that prescribed by the Legislature pursuant to Section 5 of Article VI of the California Constitution shall remain in effect for a period of no more than two years unless prescribed by the Legislature within that period.

71618. The Legislature hereby finds and declares that the status, rights, and protections provided to court employees under this chapter constitute a matter of statewide concern. Therefore, this chapter is applicable to all counties, notwithstanding charter provisions to the contrary. In order to ensure that effective court services are provided to

all people of this state and to ensure stable court employer-employee relations, it is necessary that this chapter be applicable to all trial courts and court employees, as defined in this chapter, wherever situated within the State of California.

Article 2. Authority to Hire, Classification, and Compensation

71620. (a) Each trial court may establish such job classifications and may appoint such trial court officers, assistants, and employees as are deemed necessary for the performance of the duties and the exercise of the powers conferred by law upon the trial court and its members.

(b) Each trial court may appoint an executive or administrative officer who shall hold office at the pleasure of the trial court and shall exercise such administrative powers and perform such other duties as may be required by the trial court. The executive or administrative officer has the authority of a clerk of the trial court. The trial court shall fix the qualifications of the executive or administrative officer and may delegate to him or her any administrative powers and duties required to be exercised by the trial court. Notwithstanding any other provision of law, the trial court may, by local rule, specify which of the powers, duties, and responsibilities required or permitted to be exercised or performed by the county clerk in connection with judicial actions, proceedings, and records shall be exercised or performed by the executive or administrative officer. The county clerk shall be relieved of any obligation imposed on him or her by law with respect to these specified powers, duties, and responsibilities, to the extent the local rule imposes on the executive or administrative officer the same powers, duties, and responsibilities.

71622. (a) Each trial court may establish and may appoint such subordinate judicial officers as are deemed necessary for the performance of subordinate judicial duties as are authorized by law to be performed by subordinate judicial officers. However, the number and type of subordinate judicial officers in a trial court shall be subject to approval by the Judicial Council. Subordinate judicial officers shall serve at the pleasure of the trial court.

(b) The appointment of a subordinate judicial officer shall be made by order entered in the minutes of the court.

(c) The Judicial Council shall promulgate rules establishing the minimum qualifications and training requirements for subordinate judicial officers.

(d) The presiding judge of a superior court may cross-assign one type of subordinate judicial officer to exercise all the powers and perform all the duties authorized by law to be performed by another type of subordinate judicial officer, but only if the person cross-assigned

satisfies the minimum qualifications and training requirements for the new assignment established by the Judicial Council pursuant to subdivision (c).

(e) The superior courts of two or more counties may appoint the same person as court commissioner.

(f) As of the implementation date of this chapter, all persons who were authorized to serve as subordinate judicial officers pursuant to other provisions of law shall be authorized by this section to serve as subordinate judicial officers at their existing salary rate, which may be a percentage of the salary of a judicial officer.

71623. (a) Each trial court may establish a salary range for each of its employee classifications. Considerations shall include, but are not limited to, local market conditions and other local compensation-related issues such as difficulty of recruitment or retention.

(b) All persons who are trial court employees as defined in Section 71601, as of the implementation date of this chapter shall become trial court employees at their existing salary rate. For employees who are represented by a recognized employee organization, salary ranges may be subject to modification pursuant to the terms of a memorandum of understanding or agreement, or upon expiration of an existing memorandum of understanding or agreement subject to meet and confer in good faith. For employees who are not represented by a recognized employee organization, salary ranges may be revised by the trial court. However, as provided in Section 71612, the implementation of this chapter shall not be a cause for the modification of salary ranges by a trial court.

71623.5. (a) As of July 1, 2001, trial courts shall provide workers' compensation coverage for trial court employees under a workers' compensation program established by the Administrative Office of the Courts or a program selected or approved by the Administrative Office of the Courts. The Judicial Council shall adopt rules of court requiring the Administrative Office of the Courts to establish a workers' compensation program for the trial courts and to provide guidance to the trial courts to ensure that the courts' workers' compensation coverage, including workers' compensation employer liability coverage, meets all legal requirements and is cost-efficient.

(b) If, as of the implementation date of this chapter, the county provides workers' compensation coverage for trial court employees, the county shall continue to provide such coverage, under the same terms and conditions as coverage was provided immediately preceding implementation of this chapter. This coverage shall continue for a transition period of up to 24 months after the implementation date of this chapter, unless the court gives the county 60 days notice that the court no longer needs the county to provide such coverage. Subject to approval

by the Administrative Office of the Courts, the parties may mutually agree to county-provided coverage beyond the 24-month transition period.

(c) County provision of workers' compensation coverage for trial court employees shall not be construed to create a meet and confer obligation between the county and any recognized employee organization.

71624. (a) A county that contracts with the Board of Administration of the Public Employees' Retirement System as of the implementation date of this chapter and the trial court located within that county shall establish a joint contract with the county under Section 20460.1 and subdivision (b) of Section 20469.1 in accordance with the pertinent provisions of the Public Employees' Retirement Law (Part 3 (commencing with Section 20000) of Division 5 of Title 2) and any other applicable rules of the retirement system. Eligibility to participate in the Public Employees' Retirement System shall be determined in accordance with the pertinent provisions of the Public Employees' Retirement Law and any other applicable rules of the retirement system. For all other counties and their corresponding county defined-benefit retirement system, a trial court employee shall be eligible to participate as a member in the existing county defined-benefit retirement system in the county in which the court is located.

(b) If a trial court employee participates as a member in a county defined-benefit retirement system, his or her participation shall be subject to the applicable statutes, rules, regulations, policies, and plan and contract terms of the retirement system as is any other member of the system. In accordance with these provisions, the trial court employee who is a member of a county defined-benefit retirement system shall have the right to receive the same defined-benefit retirement plan benefits as county employees without the opportunity to meet and confer with the county as to those benefits. For all county defined-benefit systems other than the Public Employees' Retirement System, the trial court shall pay to the county retirement system at the same rate of contribution for trial court employees as is required of the county for county employees under the county retirement system for the same benefit level. Provided that a county and a trial court are parties to a joint contract with CalPERS for the provision of retirement benefits under Sections 20460.1 and 20469.1, the county defined-benefit retirement system contribution rates for the trial court shall be the same as the contribution rates for the county for the same benefit levels.

(c) Unless otherwise required by law, as provided in Section 71612, the implementation of this chapter shall not be a cause for the modification of the trial court employee's contractual coverage under, or exclusion from, social security.

(d) To facilitate trial court employee participation in county defined-benefit retirement plans, the trial court and county may mutually agree that the county shall administer the payroll for trial court employees.

(e) Nothing in this section precludes a trial court from offering a different defined-benefit retirement plan for trial court employees that is separate from the county defined-benefit retirement plan, subject to the terms of a memorandum of understanding or agreement for represented employees, or the terms of trial court policies, procedures, or plans, for unrepresented employees. The mechanism for implementation of these plans shall be created by statute.

(f) For purposes of this section, ''county defined-benefit retirement system'' means a defined-benefit retirement system administered by the county or applicable governing body, including systems established pursuant to the Public Employees Retirement Law (Part 3 (commencing with Section 20000) of Division 5 of Title 2), the County Employees' Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 3 of Title 3), or an independent retirement system or plan.

(g) On the date this chapter is implemented, a trial court employee who is a member of any county defined-benefit retirement system shall continue to be eligible to receive the same level of benefits that the member was eligible to receive prior to implementation of this chapter.

71625. (a) Trial court policies related to accrued leave benefits, including the type and accrual rate of accrued leave benefits, in effect on the implementation date of this chapter shall remain in effect unless modified pursuant to subdivision (c).

(b) The implementation of this chapter shall not cause a termination of employment and rehire for purposes of accrued leave benefits and shall not result in either the trial court or the county cashing out trial court employees' accrued leave balances. A trial court employee shall retain his or her accrued leave balances upon implementation of this chapter. A trial court employee shall not cash out his or her accrued leave balances solely as a result of implementation of this chapter.

(c) For employees who are represented by a recognized employee organization, the type and accrual rate of, and policies relating to, accrued leave benefits are subject to modification pursuant to the terms of a memorandum of understanding or agreement, or upon expiration of an existing memorandum of understanding or agreement, or upon revision to personnel, policies, procedures and plans, subject to meet and confer in good faith. For employees who are not represented by a recognized employee organization, the type and accrual rate of, and policies relating to, accrued leave benefits may be revised by the trial court. However, as provided in Section 71612, the implementation of

this chapter shall not be a cause for the modification of the type and accrual rate of, and policies relating to, accrued leave benefits.

71626. Notwithstanding any other provision of law, with respect to benefits which those persons who are trial court employees on and after the implementation date of this chapter would receive upon retirement, the following provisions shall apply:

(a) As provided in Section 71612, the implementation of this chapter shall not be a cause for the modification of the level of retiree group insurance benefits accruing to a trial court employee or provided to a retired trial court employee. The level of retiree group insurance benefits accruing to a trial court employee or provided to a retired trial court employee as of the implementation date of this chapter shall remain in effect unless modified pursuant to subdivision (b) or (c). If the same retiree group insurance benefits are not otherwise permitted by law or the vendor, the same level of retiree group insurance benefits shall be provided subject to subdivision (b).

(b) (1) For employees who are represented by a recognized employee organization, (A) the level of retiree group insurance benefits accruing to a trial court employee or provided to a retired trial court employee pursuant to the terms of a memorandum of understanding or agreement is subject to modification only pursuant to the terms of that memorandum of understanding or agreement, and upon expiration of that memorandum of understanding or agreement, those retiree group insurance benefits may not be modified except pursuant to a subsequent memorandum of understanding or agreement; and (B) the level of retiree group insurance benefits accruing to a trial court employee or provided to a retired trial court employee pursuant only to personnel, policies, procedures, and plans, may be modified by the trial court, subject to meet and confer in good faith.

(2) For employees who are not represented by a recognized employee organization, the level of retiree group insurance benefits may be revised by the trial court.

(c) A county shall have the authority to provide retiree group insurance benefits to retired trial court employees. If the county administers retiree group insurance benefits to trial court employees or retired trial court employees, or if the trial court contracts with the county to administer retiree group insurance benefits to trial court employees or retired trial court employees, a trial court employee or retired trial court employee shall be eligible to participate in county retiree group insurance benefits and plans subject to county retiree group insurance benefit regulations, policies, terms and conditions, and subject to both of the following:

(1) A trial court employee or retired trial court employee shall have the right to accrual of retiree group insurance benefits, or to receive the

same level of retiree group insurance benefits as county employees in similar classifications as designated by the trial court subject to meet and confer in good faith, without the opportunity to meet and confer with the county as to those benefits.

(2) The level of retiree group insurance benefits accruing to a trial court employee or provided to a retired trial court employee is subject to modification by the county, if the county changes the level of retiree group insurance benefits of county employees in classifications that have been designated as similar classifications pursuant to paragraph (1).

(d) For purposes of this section:

(1) ''Retiree group insurance benefits'' means group insurance benefits which trial court employees would receive upon retirement.

(2) ''County,'' means the board of supervisors of the county where the trial court is located, or the applicable governing body for the retirement system of such county.

(e) The trial court shall reimburse the county for the cost of coverage of retired trial court employees in county retiree group insurance benefit plans. The county may charge the trial court for retiree group insurance benefits only the amount that the county is required to pay in excess of the retirement system funding or prefunding of the retiree group insurance benefits. The county and the trial court may agree to an alternative arrangement to fund retiree group insurance benefits.

71626.5. (a) As of the implementation date of this chapter:

(1) If a trial court employee receives county retiree group insurance benefits pursuant to Section 71625 and that county funds retiree group insurance benefits from excess funds in the county's retirement system, or prefunds retiree group insurance benefits, the county or county retirement board shall administer retiree group insurance benefits to trial court employees who retire from the county retirement system. However, the county and the trial court may agree to an alternative arrangement to administer retiree group insurance benefits.

(2) In all other counties in which the trial court exercises its authority to provide retiree group insurance benefits to its employees, (A) if the trial court administers retiree group insurance benefits to trial court employees separately from the county, the trial court shall continue to administer these benefits as provided under existing personnel policies, procedures, plans, or trial court employee memoranda of understanding or agreement; and (B) if the county administers retiree group insurance benefits to trial court employees or if the trial court contracts with the county to administer retiree group insurance benefits to trial court employees, the county may continue to administer retiree group insurance benefits to trial court employees pursuant to subdivision (c) of Section 71626 or the trial court may administer retiree group

insurance benefits to trial court employees pursuant to the following transition process:

(i) While an existing memoranda of understanding or agreement remains in effect or for a transition period of up to 24 months, whichever is longer, the county shall administer retiree group insurance benefits for represented trial court employees who retire during that period, as provided in the applicable memoranda of understanding or agreement, unless the county is notified by the trial court pursuant to subparagraph (iv) that the trial court no longer needs the county to administer specified benefits, or the trial court and the county mutually agree that the county will no longer administer specified benefits.

(ii) For a transition period of up to 24 months after the implementation date of this chapter, the county shall administer retiree group insurance benefits for unrepresented trial court employees who retire during that period, unless notified by the trial court pursuant to subparagraph (iv) that the trial court no longer needs the county to administer specified benefits, or the trial court and the county mutually agree that the county will no longer administer specified benefits. During the 24-month transition period, if the county decides to change how it administers unrepresented trial court employees' retiree group insurance benefits, the county shall provide the trial court with at least 60 days' notice, or a mutually agreed to amount of notice, before any change in the administration of the benefits is implemented so the trial court can decide whether to accept the county's change or consider alternatives and arrange to administer or provide benefits on its own.

(iii) If, during the 24-month transition period, the trial court decides to offer particular retiree group insurance benefits different from what the county is administering, the trial court shall be responsible for administering those particular retiree group insurance benefits.

(iv) If the trial court intends to give notice to the county that it no longer needs the county to administer specified retiree group insurance benefits to trial court employees, the trial court shall provide the county with at least 60 days' notice, or a mutually agreed to amount of notice.

(b) A county's agreement to administer retiree group insurance benefits shall not be construed to create a meet and confer obligation between the county and any recognized employee organization.

(c) Nothing in this section precludes a trial court from offering a different retiree group insurance benefits plans for trial court employees that is separate from the county retiree group insurance benefits plans, subject to the terms of a memorandum of understanding or agreement for represented employees, or the terms of trial court policies, procedures, or plans, for unrepresented employees.

71627. Notwithstanding any other provision of law:

(a) As provided in Section 71612, the implementation of this chapter shall be a cause for the modification of the level of federally regulated benefits provided to a trial court employee. The level of federally regulated benefits provided to a trial court employee as of the implementation date of this chapter shall remain in effect unless modified pursuant to subdivision (b). If the same federally regulated benefits are not permitted by law or by the vendor, the same level of federally regulated benefits shall be provided by the trial court subject to the provisions of subdivision (b).

(b) (1) For employees who are represented by a recognized employee organization, (A) the level of federally regulated benefits accruing to a trial court employee pursuant to the terms of a memorandum of understanding or agreement is subject to modification only pursuant to the terms of that memorandum of understanding or agreement, and upon expiration of that memorandum of understanding or agreement, those federally regulated benefits may not be modified except pursuant to a subsequent memorandum of understanding or agreement; and (B) the level of federally regulated benefits accruing to a trial court employee pursuant only to personnel, policies, procedures, and plans may be modified by the trial court, subject to meet and confer in good faith.

(2) For employees who are not represented by a recognized employee organization, the level of federally regulated benefits may be revised by the trial court.

(c) If the county administers federally regulated benefits to trial court employees, or if the trial court contracts with the county to administer federally regulated benefits to trial court employees, a trial court employee shall be eligible to participate in federally regulated benefits subject to federally regulated benefit regulations, policies, terms, and conditions, and subject to both of the following requirements:

(1) A trial court employee shall have the right to receive the same level of federally regulated benefits as county employees in similar classifications, as designated by the trial court subject to meet and confer in good faith with the trial court, without the opportunity to meet and confer with the county as to those benefits.

(2) The level of federally regulated benefits accruing to a trial court is subject to modification by the county if the county changes the level of federally regulated benefits of county employees in classifications that have been designated as similar classification pursuant to paragraph (1).

(d) For purposes of this section, ''federally regulated benefits'' means benefits that provide tax-favored treatment for employees pursuant to federal laws or regulations, including, but not limited to, cafeteria plans under Section 125 of the Internal Revenue Code, educational assistance

benefits under Section 127 of the Internal Revenue Code, and fringe benefits under Section 132 of the Internal Revenue Code, but not including federally-regulated deferred compensation plan benefits provided to trial court employees pursuant to Section 71628.

(e) As of the implementation date of this chapter:

(1) If the trial court administers federally regulated benefits for trial court employees separately from the county, the trial court shall administer these benefits as provided under existing personnel policies, procedures, plans, or memoranda of understanding or agreement applicable to trial court employees.

(2) If the county administers federally regulated benefits for trial court employees, or if the trial court contracts with the county to administer federally regulated benefits, the following provisions govern the transition of responsibility for administering these benefits to the trial court:

(A) Until the effective date of the transition of responsibility, the county shall continue to administer represented trial court employees' federally regulated benefits as provided in the memorandum of understanding or agreement and unrepresented trial court employees' federally regulated benefits as provided in personnel policies, procedures, and plans.

(B) During the period of time between the implementation date of this chapter and the effective date of the transition of responsibility, both the trial court and the county shall cosponsor the federally regulated benefit plan. Cosponsorship shall continue as long as trial court employees are governed by a plan not offered by the trial court, but in no event longer than 18 months after the implementation date of this chapter, or the term of the memorandum of understanding or agreement applicable to trial court employees, whichever is longer, unless the trial court and the county agree to continued cosponsorship.

(C) If during the cosponsorship period the trial court decides to offer particular benefits that are different from what the county is administering, then the trial court shall be responsible for administering those particular benefits unless the trial court and county agree otherwise.

(D) The effective date of the transition of responsibility shall coincide with the first day of the applicable federally regulated benefits plan year to ensure that there is no financial impact on the employee or on either employer.

(f) To facilitate trial court employee participation in county federally regulated benefits plans, the trial court and county may mutually agree that the county will administer the payroll for trial court employees.

(g) The trial court shall reimburse the county for the cost of any coverage of trial court employees in county federally regulated benefit plans.

(h) A county shall have authority to cosponsor federally regulated benefits with a trial court to provide such benefits to trial court employees if such benefits are requested by the trial court subject to county agreement to cosponsor those benefits. A county's agreement to cosponsor those benefits shall not be construed as creating a meet and confer obligation between the county and any recognized trial court employee organization.

(i) Nothing in this section shall prevent a trial court from offering to trial court employees a future option of participating in other federally regulated benefit plans that may be developed subject to the obligation to meet and confer in good faith.

71628. Notwithstanding any other provision of law:

(a) As provided in Section 71612, the implementation of this chapter shall not be a cause for the modification of the level of deferred compensation plan benefits provided to a trial court.

If the same deferred compensation plan benefits are not permitted by law or the plan vendor, the trial court shall provide other defined compensation plan benefits at the same level, subject to the provisions of subdivision (b). The level of deferred compensation plan benefits provided to a trial court employee as of the implementation date of this chapter shall remain in effect unless modified pursuant to subdivision (b).

(b) (1) For employees who are represented by a recognized employee organization, (A) the level of deferred compensation plan benefits accruing to a trial court employee pursuant to the terms of a memorandum of understanding or agreement is subject to modification only pursuant to the terms of that memorandum of understanding or agreement, and upon expiration of that memorandum of understanding or agreement, those deferred compensation plan benefits may not be modified except pursuant to a subsequent memorandum of understanding or agreement; and (B) the level of deferred compensation plan benefits accruing to a trial court employee pursuant only to personnel, policies, procedures, and plans may be modified by the trial court, subject to meet and confer in good faith.

(2) For employees who are not represented by a recognized employee organization, the level of deferred compensation plan benefits may be modified by the trial court.

(c) If the county administers deferred compensation plan benefits to trial court employees, or if the trial court contracts with the county to administer deferred compensation plan benefits to trial court employees, a trial court employee shall be eligible to participate in deferred

compensation plan benefits subject to deferred compensation plan benefit regulations, policies, terms and conditions, and subject to both of the following:

(1) A trial court employee shall have the right to receive the same level of deferred compensation plan benefits as county employees in similar classifications, as designated by the trial court subject to meet and confer in good faith with the trial court, without the opportunity to meet and confer with the county as to those benefits.

(2) The level of deferred compensation plan benefits accruing to a trial court employee is subject to modification by the county if the county changes the level of deferred compensation plan benefits of county employees in classifications that have been designated as similar classification pursuant to paragraph (1).

(d) If the implementation of this chapter causes a change in deferred compensation plans and requires the transfer of trial court employees' plan balance to the trial court's deferred compensation plans, trial court employees shall not suffer a financial loss due to transfer-related penalties, such as deferred sales charges, and any financial loss due to transfer-related penalties shall be borne by the trial court.

(e) Trial court employees shall continue to be eligible to receive deferred compensation plan benefits from the county or the trial court. For purposes of federal 401(k) or 457 deferred compensation plans, one of the following shall apply:

(1) If permitted by federal law and deferred compensation plan vendors, trial court employees shall continue to receive federal 401(k) or 457 deferred compensation plan benefits through county plans unless the trial court modifies its plan benefits pursuant to personnel rules, subject to meet and confer in good faith.

(2) If not permitted by federal law or deferred compensation plan vendors, the trial court shall provide deferred compensation plan benefits at the same level subject to meet and confer in good faith, in which case upon transition to the new deferred compensation plan, (A) to provide the trial court time to investigate plan options, negotiate plan contracts, and establish plans, there shall be a transition period of at least six months, during which trial court employees shall continue to receive deferred compensation plan benefits from the county; and (B) a county may require that trial court employees leave their plan balances in the county's deferred compensation plan or may transfer trial court employees' plan balances to the trial court's deferred compensation plan.

(f) To facilitate trial court employee participation in county deferred compensation plans, the trial court and county may mutually agree that the county shall administer the payroll for trial court employees.

(g) The trial court shall reimburse the county for the cost of any coverage of trial court employees in county deferred compensation plans.

(h) A county is authorized to amend federal 401(k) and 457 deferred compensation plan documents as necessary to achieve the objectives of this section.

(i) Nothing in this section precludes the possibility that a trial court employee may have a future option of participating in other deferred compensation plans that may be developed subject to the obligation to meet and confer in good faith.

71629. Except as provided in Sections 71624, 71625, 71626, 71626.5, 71627, and 71628, and notwithstanding any other provision of law:

(a) As provided in Section 71612, the implementation of this chapter shall not be a cause for the modification of the level of trial court employment benefits. If the same trial court employment benefits are not permitted by law or the plan vendor, the trial court shall provide other trial court employment benefits at the same level subject to the provisions of subdivision (b). The level of trial court employment benefits provided to a trial court employee as of the implementation date of this chapter shall remain in effect unless modified pursuant to subdivision (b).

(b) For employees who are represented by a recognized employee organization, the level of trial court employment benefits provided to a trial court employee may not be modified until after the expiration of an existing memorandum of understanding or agreement or a period of 24 months, whichever is longer, unless the trial court and recognized employee organization mutually agree to a modification. For employees who are not represented by a recognized employee organization, the level of trial court employment benefits may be revised by the trial court.

(c) The trial court shall reimburse the county for the cost of coverage of trial court employees in trial court employment benefit plans.

(d) As of the implementation date of this chapter:

(1) If the trial court administers trial court employment benefits to trial court employees separately from the county, the trial court shall continue to administer these benefits as provided under existing personnel policies, procedures, plans, or trial court employee memoranda of understanding or agreements.

(2) If the county administers trial court employment benefits to trial court employees or if the trial court contracts with the county to administer trial court employment benefits to trial court employees, the county may continue to administer trial court employment benefits to trial court employees pursuant to subdivision (e) or the trial court may

administer trial court employment benefits to trial court employees pursuant to the following transition process:

(A) While an existing memorandum of understanding or agreement remains in effect or for a transition period of 24 months, whichever is longer, the county shall administer trial court employment benefits for represented trial court employees as provided in the applicable memorandum of understanding or agreement, unless the county is notified by the trial court pursuant to subparagraph (D) that the trial court no longer needs the county to administer specified benefits, or the trial court and the county mutually agree that the county will no longer administer specified benefits.

(B) For a transition period of up to 24 months after the implementation date of this chapter, the county shall administer trial court employment benefits for unrepresented trial court employees, unless notified by the trial court pursuant to subparagraph (D) that the trial court no longer needs the county to administer specified benefits, or the trial court and the county mutually agree that the county will no longer administer specified benefits. During the transition period, if the county intends to change unrepresented trial court employees' trial court employment benefits, the county shall provide the trial court with at least 60 days' notice, or a mutually agreed to amount of notice, before any change in benefits is implemented so the trial court can decide whether to accept the county's change or consider alternatives and arrange to provide benefits on its own.

(C) If, during the transition period, the trial court decides to offer particular trial court employment benefits that are different from what the county is administering, the trial court shall be responsible for administering those particular benefits.

(D) If the trial court decides that it no longer needs the county to administer specified trial court employment benefits to trial court employees, the trial court shall provide the county with at least 60 days' notice, or a mutually agreed to amount of notice.

(e) To facilitate trial court employee participation in county trial court employment benefit plans, the trial court and county may mutually agree that the county shall administer the payroll for trial court employees.

(f) A county shall have authority to provide trial court employment benefits to trial court employees if those benefits are requested by the trial court and subject to county concurrence to providing those benefits. A county's agreement to provide those benefits shall not be construed to create a meet and confer obligation between the county and any recognized employee organization.

(g) Nothing in this section shall prevent the trial court from arranging for trial court employees other trial court employment benefits plans subject to the obligation to meet and confer in good faith.

Article 3. Labor Relations

71630. It is the purpose of this article to promote full communication between trial courts and their employees by providing a reasonable method of resolving disputes regarding wages, hours, and other terms and conditions of employment between trial courts and recognized employee organizations. It is also the purpose of this article to promote the improvement of personnel management and employer-employee relations within the trial courts in the State of California by providing a uniform basis for recognizing the right of trial court employees to join organizations of their own choice and be represented by those organizations in their employment relations with trial courts. It is also the purpose of this article to extend to trial court employees the right, and to require trial courts, to meet and confer in good faith over matters within the scope of representation, consistent with the procedures set forth in this article. This article is not intended to require changes in existing representation units, memoranda of agreement or understanding, or court rules, except as provided in this article.

71631. Except as otherwise provided by the Legislature, trial court employees shall have the right to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations. Trial court employees also shall have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the trial court.

71632. (a) Notwithstanding any other provision of law, rule, or regulation, an agency shop agreement may be negotiated between a trial court and a recognized employee organization which has been recognized as the exclusive or majority bargaining agent pursuant to reasonable rules and regulations, and enactments, in accordance with this article. As used in this article, ''agency shop'' means an arrangement that requires an employee, as a condition of continued employment, either to join the recognized employee organization, or to pay the organization a service fee in an amount not to exceed the standard initiation fee, periodic dues, and general assessments of that organization for the duration of the agreement or a period of three years from the effective date of the agreement, whichever comes first. However, any employee who is a member of a bona fide religion, body, or sect which has historically held conscientious objections to joining or financially supporting recognized employee organizations shall not be required to join or financially support any recognized employee organization as a condition of employment. Such an employee may be

required, in lieu of periodic dues, initiation fees, or agency shop fees to pay sums equal to those dues, initiation fees, or agency shop fees to a nonreligious, nonlabor charitable organization fund exempt from taxation under Section 501 (c)(3) of the Internal Revenue Code, chosen by the employee from a list of at least three such funds designated in a memorandum of understanding or agreement between the trial court and the recognized employee organization, or if the memorandum of understanding or agreement fails to designate such funds, then to any such fund chosen by the employee. Proof of those payments shall be made on a monthly basis to the trial court as a condition of continued exemption from the requirement of financial support to the recognized employee organization.

(b) An agency shop provision in a memorandum of understanding or agreement which is in effect may be rescinded by a majority vote of all the employees in the unit covered by the memorandum of understanding or agreement, provided that: (1) a request for such a vote is supported by a petition containing the signatures of at least 30 percent of the employees in the unit; (2) the vote is by secret ballot; and (3) the vote may be taken at anytime during the term of such memorandum of understanding or agreement, but in no event shall there be more than one vote taken during that term. However, the trial court and the recognized employee organization may negotiate, and by mutual agreement provide for, an alternative procedure or procedures regarding a vote on any agency shop agreement.

(c) An agency shop agreement shall not apply to management, confidential, or supervisory employees.

(d) Every recognized employee organization which has agreed to an agency shop provision shall keep an adequate itemized record of its financial transactions and shall make available annually, to the trial court with which the agency shop provision was negotiated, and to the employees who are members of the organization, within 60 days after the end of its fiscal year, a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to accuracy by its president and treasurer or corresponding principal officer, or by a certified public accountant. An employee organization required to file financial reports under the federal Labor-Management Disclosure Act of 1959 covering employees governed by this chapter or required to file financial reports under Section 3546.5, may satisfy the financial reporting requirement of this section by providing the trial court with a copy of those financial reports.

(e) If the trial court is party to any memorandum of understanding or agreement with any bargaining unit that includes court employees that provides for an agency shop provision as of the implementation date of this chapter, the trial court and employee organization representing the

trial court employees shall be obligated to honor the terms of the agency shop provision, including indemnification provisions, if any, for the duration of the memorandum of understanding or agreement. A new agency shop election shall not be caused upon implementation of this chapter.

(f) This section shall remain in effect until such time as Section 3502.5 is amended to provide that a 30-percent or greater showing of interest by means of a petition requires an election regarding an agency shop, and a vote at that election of 50 percent plus one of those voting secures an agency shop arrangement, and as of that date this section is repealed.

71632.5. (a) Notwithstanding any other provision of law, rule, or regulation, an agency shop agreement may be negotiated between a trial court and a recognized employee organization which has been recognized as the exclusive or majority bargaining agent pursuant to reasonable rules and regulations, and enactments, in accordance with this article. As used in this article, ''agency shop'' means an arrangement that requires an employee, as a condition of continued employment, either to join the recognized employee organization, or to pay the organization a service fee in an amount not to exceed the standard initiation fee, periodic dues, and general assessments of that organization for the duration of the agreement or a period of three years from the effective date of the agreement, whichever comes first. However, any employee who is a member of a bona fide religion, body, or sect which has historically held conscientious objections to joining or financially supporting recognized employee organizations shall not be required to join or financially support any recognized employee organization as a condition of employment. Such an employee may be required, in lieu of periodic dues, initiation fees, or agency shop fees to pay sums equal to those dues, initiation fees, or agency shop fees to a nonreligious, nonlabor charitable organization fund exempt from taxation under Section 501 (c)(3) of the Internal Revenue Code, chosen by the employee from a list of at least three such funds, designated in a memorandum of understanding or agreement between the trial court and the recognized employee organization, or if the memorandum of understanding or agreement fails to designate such funds, then to any such fund chosen by the employee. Proof of those payments shall be made on a monthly basis to the trial court as a condition of continued exemption from the requirement of financial support to the recognized employee organization.

(b) An agency shop provision in a memorandum of understanding or agreement which is in effect may be rescinded by a majority vote of all the employees in the unit covered by the memorandum of understanding or agreement, provided that (1) a request for such a vote is supported by

a petition containing the signatures of at least 30 percent of the employees in the unit; (2) the vote is by secret ballot; and (3) the vote may be taken at anytime during the term of such memorandum of understanding or agreement, but in no event shall there be more than one vote taken during that term.

(c) In addition to the procedure prescribed in subdivision (a), an agency shop arrangement between the trial court and a recognized employee organization or recognized employee organizations shall be placed in effect upon (1) a signed petition of at least 30 percent of the employees in the applicable bargaining unit requesting an agency shop agreement and an election to implement an agency fee arrangement, and (2) the approval of a majority of employees who cast ballots and vote in favor of the agency shop agreement. This subdivision shall only be applicable in the event the court and representatives of the recognized employee organizations, through the meet and confer process, establish a provision in a negotiated memorandum of understanding or agreement that the employee organization shall hold harmless the court and defend and indemnify the court regarding the application of any agency shop requirements or provisions, including, but not limited to, improper deduction of fees, maintenance of records, and improper reporting. This subdivision shall be applicable only on the latest of the following and thereafter:

(1) The operative date of this section.

(2) The effective date of provisions described in subdivision (g).

(3) In the event that a memorandum of understanding or agreement between the court and a recognized employee organization is in effect on the later of either of the dates referenced in paragraph (1) or (2), as to the employees covered by the memorandum of understanding or agreement, the implementation date shall be either the date a successor memorandum of understanding or agreement is effective or, if no agreement for a successor memorandum of understanding or agreement is reached, 90 days from the date of the expiration of the predecessor memorandum of understanding or agreement. The court and representatives of recognized employee organizations may mutually agree to a different date on which this subdivision is applicable.

(d) Notwithstanding subdivisions (a), (b), and (c), the trial court and the recognized employee organization may negotiate, and by mutual agreement provide for, an alternative procedure or procedures regarding a vote on any agency shop agreement.

(e) An agency shop agreement shall not apply to management, confidential, or supervisory employees.

(f) Every recognized employee organization which has agreed to an agency shop provision, or is a party to an agency shop arrangement, shall keep an adequate itemized record of its financial transactions and shall

make available annually, to the trial court with which the agency shop provision was negotiated, and to the employees who are members of the organization, within 60 days after the end of its fiscal year, a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to accuracy by its president and treasurer or corresponding principal officer, or by a certified public accountant. An employee organization required to file financial reports under the federal Labor-Management Disclosure Act of 1959 covering employees governed by this chapter or required to file financial reports under Section 3546.5, may satisfy the financial reporting requirement of this section by providing the trial court with a copy of those financial reports.

(g) This section shall only become operative only if Section 3502.5 is amended to provide that a 30-percent or greater showing of interest by means of a petition requires an election regarding an agency shop, and a vote at that election of 50 percent plus one of those voting secures an agency shop arrangement.

71632.6. If the trial court is party to any memorandum of understanding or agreement with any bargaining unit that includes court employees that provides for an agency shop provision as of the implementation date of this chapter, the trial court and employee organization representing the trial court employees shall be obligated to honor the terms of the agency shop provision, including indemnification provisions, if any, for the duration of the memorandum of understanding or agreement. The implementation of this chapter shall not be a cause for a new agency shop election.

71633. Recognized employee organizations shall have the right to represent their members in their employment relations with trial courts as to matters covered by this article. Employee organizations may establish reasonable restrictions regarding who may join and may make reasonable provisions for the dismissal of individuals from membership. Nothing in this article shall prohibit any employee from appearing on his or her own behalf regarding employment relations with the trial court.

71634. (a) The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment. However, the scope of representation shall not include consideration of the merits, necessity, or organization of any service or activity provided by law or executive order.

(b) In view of the unique and special responsibilities of the trial courts in the administration of justice, decisions regarding the following matters shall not be included within the scope of representation:

(1) The merits and administration of the trial court system.

(2) Coordination, consolidation, and merger of trial courts and support staff.

(3) Automation, including, but not limited to, fax filing, electronic recording, and implementation of information systems.

(4) Design, construction, and location of court facilities.

(5) Delivery of court services.

(6) Hours of operation of the trial courts and trial court system.

(c) The impact from matters in subdivision (b) shall be included within the scope of representation as those matters affect wages, hours, and terms and conditions of employment of trial court employees. The court shall be required to meet and confer in good faith with respect to that impact.

(d) The trial court shall continue to have the right to determine assignments and transfers of trial court employees; provided that the process, procedures, and criteria for assignments and transfers shall be included within the scope of representation.

71634.1. (a) Except in cases of emergency as provided in this section, the trial court shall give reasonable written notice to each recognized employee organization affected by any rule, practice, or policy directly relating to matters within the scope of representation proposed to be adopted by the trial court and shall give each such recognized employee organization the opportunity to meet with the trial court.

(b) In cases of emergency when the trial court determines that any rule, policy, or procedure must be adopted immediately without prior notice or meeting with a recognized employee organization, the trial court shall provide such notice and opportunity to meet at the earliest practicable time following the adoption of the rule, policy, or procedure.

71634.2. (a) The trial court, or those representatives as it may designate, shall meet and confer in good faith regarding wages, hours, and other terms and conditions of employment within the scope of representation, as defined in Section 71634, with representatives of the recognized employee organizations, as defined in Section 71611, and shall consider fully the presentations as are made by the recognized employee organization on behalf of its members prior to arriving at a determination of policy or course of action.

(b) In fulfilling the requirements of subdivision (a), the court and the county may consult with each other, may negotiate jointly, and each may designate the other in writing as its agent on any matters within the scope of representation.

71634.3. If agreement is reached by the representatives of the trial court and a recognized employee organization or organizations, they shall jointly prepare a written memorandum of the agreement or

understanding, which shall not be binding, and present it to the trial court or its designee for determination.

71634.4. If after a reasonable period of time, representatives of the trial court and the recognized employee organization fail to reach agreement, the trial court and the recognized employee organization or recognized employee organizations together may agree upon the appointment of a mediator mutually agreeable to the parties. Costs of mediation, if any, shall be divided one-half to the trial court and one-half to the recognized employee organization or recognized employee organizations.

71635. The trial court shall allow a reasonable number of trial court employee representatives of recognized employee organizations reasonable time off, without loss of compensation or other benefits, when formally meeting and conferring with representatives of the trial court on matters within the scope of representation.

71635.1. Trial courts and employee organizations shall not interfere with, intimidate, restrain, coerce, or discriminate against court employees because of their exercise of their rights under Section 71631.

71636. (a) A trial court may adopt reasonable rules and regulations, after consultation in good faith with representatives of an employee organization or organizations, for the administration of employer-employee relations under this article. These rules and regulations may include provisions for:

(1) Verifying that an organization does in fact represent employees of the trial court.

(2) Verifying the official status of employee organization officers and representatives.

(3) Recognition of employee organizations.

(4) Exclusive recognition of employee organizations formally recognized pursuant to a vote of the employees of the trial court or an appropriate unit thereof, subject to the right of an employee to represent himself or herself as provided in Section 71631.

(5) Additional procedures for the resolution of disputes involving wages, hours, and other terms and conditions of employment.

(6) Access of employee organization officers and representatives to work locations.

(7) Use of official bulletin boards and other means of communication by employee organizations.

(8) Furnishing nonconfidential information pertaining to employment relations to employee organizations.

(9) Such other matters as are necessary to carry out the purposes of this article.

(b) Exclusive recognition of employee organizations formally recognized as majority representatives pursuant to a vote of the

employees may be revoked by a majority vote of the employees only after a period of not less than 12 months following the date of recognition.

(c) No trial court shall unreasonably withhold recognition of employee organizations.

(d) Pursuant to the obligation to meet and confer in good faith, the trial court shall establish procedures to determine the appropriateness of any bargaining unit of court employees.

71636.1. In the absence of local procedures for resolving disputes on the appropriateness of a unit of representation, upon the request of any of the parties, the dispute shall be submitted to the Division of Conciliation of the Department of Industrial Relations for the mediation or for recommendation for resolving the dispute.

71637. (a) For purposes of this article, professional employees shall not be denied the right to be represented separately from nonprofessional employees by a professional employee organization consisting of those professional employees. In the event of a dispute on the appropriateness of a unit of representation for professional employees, upon request of any of the parties, the dispute shall be submitted to the Division of Conciliation of the Department of Industrial Relations for mediation or for recommendation for resolving the dispute.

(b) For the purpose of this section, ''professional employees'' means employees engaged in work requiring specialized knowledge and skills attained through completion of a recognized course of instruction, including, but not limited to, attorneys.

71637.1. For purposes of this article, in addition to those rules and regulations that a trial court may adopt pursuant to, and in the same manner as set forth in, Section 71637, any trial court may adopt reasonable rules and regulations providing for designation of the management and confidential employees of the trial court and restricting those employees from representing any employee organization which represents other employees of the trial court, on matters within the scope of representation. Except as specifically provided otherwise in this article, this section does not otherwise limit the right of employees to be members of, and to hold office in, an employee organization.

71638. A trial court employee shall have the right to authorize a dues deduction from his or her salary or wages in the same manner provided to public agency employees pursuant to Section 1157.1, 1157.2, 1157.3, 1157.4, 1157.5, or 1157.7.

71639. (a) As of the implementation date of this chapter, an employee organization that is recognized as a representative of a group of trial court employees or the exclusive representative of an established bargaining unit of trial court employees, either by the county or the trial

court, shall continue to be recognized by the trial court as a representative or the exclusive representative of the same trial court employees. A trial court and recognized employee organization shall be bound by the terms of any memorandum of understanding or agreement covering trial court employees to which the trial court or the county is a party that is in effect on the implementation date of this chapter for the duration thereof, or until it expires and, consistent with law, is replaced by a successor memorandum of understanding or agreement, subject to the obligation to meet and confer in good faith. Upon expiration of a memorandum of understanding or agreement, the trial court shall meet and confer in good faith with recognized employee organizations.

(b) A trial court's local rules governing trial court employees and a trial court's personnel rules, policies, and practices, and any county rules in effect pursuant to Rule 2205 of the California Rules of Court as adopted on April 23, 1997, in effect at the time of the implementation date of this chapter, to the extent they are not contrary to or inconsistent with the obligations and duties provided for in this article, shall continue in effect until changed by the trial court. Prior to changing any rule, policy, or practice that affects any matter within the scope of representation as set forth in this article, the court shall meet and confer in good faith with the recognized employee organization as provided for in this chapter.

(c) Nothing contained in this article is intended to preclude trial court employees from continuing to be included in representation units which contain county employees.

71639.1. (a) Each trial court shall adopt a procedure to be used as a preliminary step before petitioning the superior court for relief pursuant to subdivision (c). The procedure may be mediation, arbitration, or a procedure before an administrative tribunal such as the procedure established pursuant to Sections 71653 and 71654 for review of the decision of the hearing officer in evidentiary due process hearings. The establishment of the procedure shall be subject to the obligation to meet and confer in good faith. However, nothing in this section shall prohibit a party from seeking provisional relief, such as a stay, in any case in which such provisional relief would otherwise be appropriate.

(b) In a trial court with 10 or more judges, if the trial court and a recognized employee organization reach an impasse regarding development of a procedure required pursuant to subdivision (a), the trial court shall adopt either nonbinding arbitration or a proceeding before the administrative tribunal, such as the procedure established pursuant to Sections 71653 and 71654, for review of the decision of the hearing officer in evidentiary due process or hearings.

(c) Notwithstanding Sections 1085 and 1103 of the Code of Civil Procedure requiring the issuance of a writ to an inferior tribunal, and

except as required pursuant to Section 5 of Article VI of the California Constitution, any agreements reached pursuant to negotiations held pursuant to this article are binding on the parties and may be enforced by petitioning the superior court for relief pursuant to Section 1085 or 1103 of the Code of Civil Procedure.

(d) Notwithstanding Sections 1085 and 1103 of the Code of Civil Procedure requiring the issuance of a writ to an inferior tribunal, in the event that a trial court, a trial court employee, or an employee organization believes there has been a violation of this article, that party may petition the superior court for relief.

(e) The Judicial Council shall adopt rules of court to implement this hearing and appeal process. The rules of court shall provide a mechanism for the establishment of a panel of court of appeal justices who shall be qualified to hear such matters, as specified in the rules of court, from which a single justice shall be assigned to hear the matter in the superior court. The rules of court shall provide that such matters shall be heard in the superior court and the court of appeal on an expedited basis, and to the extent permitted by law or rule of court, shall provide that any justice assigned to hear the matter in the superior court shall not be from the court of appeal district in which the action is filed, and shall provide that appeals in these matters shall be heard in the court of appeal district where the matter was filed.

(f) A complete alternative to the procedure outlined in subdivisions (c) and (d) may be provided for by mutual agreement between a trial court and representatives of recognized employee organizations.

71639.2. The enactment of this article shall not be construed as making Section 923 of the Labor Code applicable to trial court employees.

71639.3. Trial courts and trial court employees are not covered by Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, or any subsequent changes to these sections except as provided in this article. However, where the language of this article is the same or substantially the same as that contained in Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, it shall be interpreted and applied in accordance with the judicial interpretations of the same language.

Article 4. Employment Selection and Advancement

71640. (a) As of the implementation date of this chapter, each trial court shall establish a trial court employment selection and advancement system which shall become the minimum selection and advancement system for all trial court employees and shall become part of the sole trial court employee personnel system. The trial court employment selection

and advancement system shall replace any county employment selection and advancement systems applying to trial court employees prior to the implementation date as provided in this article, except as otherwise specified in this article. This article establishes minimum standards, and each trial court employment selection and advancement system shall, at a minimum, conform to the requirements of this article.

(b) Until such time as a trial court establishes a trial court employment selection and advancement system as provided in this article, the minimum standards required pursuant to this article shall be the trial court employment selection and advancement system.

71641. Each trial court shall develop personnel rules regarding hiring, promotion, transfer, and classification. Trial courts shall meet and confer in good faith with representatives of the recognized employee organizations on those rules that cover matters within the scope of representation. However, nothing in this article is intended to expand the definition of matters within the scope of representation, as defined in Section 71634.

71642. Hiring and promotion within a trial court shall be done in a nondiscriminatory manner based on job-related factors. Trial court personnel rules shall meet the following minimum standards:

(a) Recruiting, selecting, transferring, and advancing employees shall be on the basis of their relative ability, knowledge, and skills. Initial appointment shall be through an open, competitive process. Preference shall be given to internal candidates.

(b) Formal job-related selection processes are required when filling positions.

(c) Each trial court shall have an equal employment opportunity policy applying to all applicants and employees in accordance with applicable state and federal law.

71643. (a) The following positions are excluded from the competitive selection and promotion processes required by Section 71642:

(1) Subordinate judicial officers.

(2) Managerial, confidential, temporary, and limited-term positions in accordance with a trial court's personnel policies, procedures, or plans, subject to meet and confer in good faith.

(b) If managerial, confidential, temporary, and limited-term positions are defined for the purposes of competitive selection and promotion processes within a trial court as of the implementation date of this chapter, then that definition shall be maintained for those purposes until changed subject to meet and confer in good faith. If managerial, confidential, temporary, and limited-term positions are not defined for the purposes of competitive selection and promotion processes within a trial court as of the implementation date of this chapter, then the

adoption of any such definition by the trial court shall be subject to meet and confer in good faith.

(c) The exclusion of managerial, confidential, temporary, and limited term positions from required competitive selection and promotion processes shall not affect the employees' right to representation.

(d) Permanent or regular employees who assume limited term appointments or assignments to other positions or classes shall retain their permanent or regular status during and upon expiration of the limited term appointment or assignment.

71644. Disputes between a trial court and its employees regarding the alleged misapplication, misinterpretation, or violation of the trial court's rules enacted pursuant to Sections 71641 and 71642 governing hiring, promotion, transfer, and classification shall be resolved by binding arbitration.

71645. (a) On and after the implementation date of this chapter, this article shall become the employment, selection, and advancement system for all trial court employees within a trial court and shall become part of the sole trial court employee system, replacing any aspects of county employment, selection, and advancement systems applying to trial court employees prior to the implementation date of this chapter.

(b) Except as provided in subdivision (c), the implementation date of this chapter for each trial court shall be the effective date of this chapter.

(c) The representatives of the trial court and representatives of recognized employee organizations may mutually agree to a different implementation date.

If the provisions in this article are governed by an existing memorandum of understanding or agreement covering trial court employees, as to such provisions, the implementation date shall be either the date a successor memorandum of understanding or agreement is effective or, if no agreement for a successor memorandum of understanding or agreement is reached, 90 days from the date of the expiration of the predecessor memorandum of understanding or agreement, unless representatives of the trial court and representatives of recognized employee organizations mutually agree otherwise.

Article 5. Employment Protection System

71650. (a) As of the implementation date of this article, as provided in Section 71658, each trial court shall establish a trial court employment protection system which shall become the minimum employment protection system for all trial court employees and shall become part of the sole trial court employee personnel system. The trial court employment protection system shall replace any county employment protection systems applying to trial court employees prior to the

implementation date provided in Section 71658, except as otherwise specified in this article. This article establishes minimum standards, and each trial court employment protection system shall, at a minimum, conform to the requirements of this article.

(b) Nothing in this article shall preclude the establishment of enhanced employment protection systems pursuant to trial court personnel policies, procedures, or plans subject to meet and confer in good faith.

(c) Nothing in this article shall be construed to provide, either explicitly or implicitly, a civil cause of action for breach of contract either express or implied arising out of a termination of employment.

(d) Except as specified in subdivisions (a), (b), and (c), this article shall not apply to either of the following categories of trial court employees:

(1) Subordinate judicial officers.

(2) Managerial, confidential, temporary, limited term and probationary employees, unless included within the trial court employment protection system in accordance with trial court personnel policies, procedures or plans subject to meet and confer in good faith.

71651. (a) The trial court employment protection system in each trial court shall include progressive discipline, as defined by each trial court's personnel policies, procedures, or plans, subject to meet and confer in good faith. Except for layoffs for organizational necessity as provided for in Section 71652, discipline, up to and including termination of employment, shall be for cause.

(b) For purposes of this section, ''for cause'' means a fair and honest cause or reason, regulated by good faith on the part of the party exercising the power.

71652. (a) A trial court employee may be laid off based on the organizational necessity of the court. Each trial court shall develop, subject to meet and confer in good faith, personnel rules regarding procedures for layoffs for organizational necessity.

(b) For purposes of this section, a ''layoff for organizational necessity'' means a termination based on the needs or resources of the court, including, but not limited to, a reorganization or reduction in force or lack of funds.

71653. Subject to meet and confer in good faith, each trial court shall establish in its personnel rules a process for conducting an evidentiary due process hearing to review disciplinary decisions that by law require an evidentiary due process hearing, which shall include, at a minimum, all of the following elements:

(a) A procedure for appointment of an impartial hearing officer who shall not be a trial court employee or judge of the employing court.

(b) The hearing shall result in an appropriate record with a written report that has findings of fact and conclusions that reference the evidence.

(c) The employee and trial court shall have the right to call witnesses and present evidence. The trial court shall be required to release trial court employees to testify at the hearing.

(d) The hearing officer shall have the authority to issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records, documents, and other evidence as provided in Section 1282.6 of the Code of Civil Procedure.

(e) The employee shall have the right to representation, including legal counsel, if provided by the employee.

(f) If the hearing officer disagrees with the trial court's disciplinary decision, the trial court shall furnish a certified copy of the record of proceedings before the hearing officer to the employee or, if the employee is represented by a recognized employee organization or counsel, to that representative, without cost.

71654. Subject to meet and confer in good faith, each trial court shall establish in its personnel rules a process for the trial court to review a hearing officer's report and recommendation made pursuant to Section 71653 that provides, at a minimum, that the decision of the hearing officer shall be subject to review, as follows:

(a) A trial court shall have 30 calendar days from receipt of the hearing officer's report or receipt of the record of the hearing, whichever is later, to issue a written decision accepting, rejecting or modifying the hearing officer's report or recommendation unless the trial court and employee mutually agree to a different timeframe.

(b) In making its decision under subdivision (a), the trial court shall be bound by the factual findings of the hearing officer, except factual findings that are not supported by substantial evidence, and the trial court shall give substantial deference to the recommended disposition of the hearing officer.

(c) If the trial court rejects or modifies the hearing officer's recommendation, the trial court shall specify the reason or reasons why the recommended disposition is rejected in a written statement which shall have direct reference to the facts found and shall specify whether the material factual findings are supported by substantial evidence. The trial court may reject or modify the recommendation of the hearing officer only if the material factual findings are not supported by substantial evidence, or for any of the following reasons or reasons of substantially similar gravity or significance:

(1) The recommendation places an employee or the public at an unacceptable risk of physical harm from an objective point of view.

(2) The recommendation requires an act contrary to law.

(3) The recommendation obstructs the court from performing its constitutional or statutory function from an objective point of view.

(4) The recommendation disagrees with the trial court's penalty determination, but the hearing officer has not identified material, substantial evidence in the record that provides the basis for that disagreement.

(5) The recommendation is contrary to past practices in similar situations presented to the hearing officer that the hearing officer has failed to consider or distinguish.

(6) From an objective point of view, and applied by the trial court in a good faith manner, the recommendation exposes the trial court to present or future legal liability other than the financial liability of the actual remedy proposed by the hearing officer.

(d) If a trial court's review results in rejection or substantial modification of the hearing officer's recommendation, then the final review shall be conducted by an individual other than the disciplining officer. If the disciplining officer is a judge of the trial court, the review shall be made by another judge of the court, a judicial committee, an individual, or panel as specified in the trial court's personnel rules. However, in a trial court with two or fewer judges, if the trial court has no other judge than the disciplining judge or judges, the judge or judges may conduct the review; and, as a minimum requirement, in a trial court with 10 or more judges, the review shall be by a panel of three judges, whose decision shall be by a majority vote, which shall be selected as follows:

(1) One judge shall be selected by the presiding judge or his or her designee.

(2) One judge shall be selected by the employee or, if the employee is represented, by his or her bargaining representative.

(3) The two appointed judges shall select a third judge.

On panels in a trial court with 10 or more judges, no judge may be selected to serve without his or her consent; the term of office of the panel shall be defined by local personnel policies, procedures, or plans subject to the obligation to meet and confer in good faith; and no judge shall serve on the panel in a case in which he or she has imposed discipline.

71655. (a) An employee may challenge the decision of the disciplining trial court, made pursuant to Section 71654, rejecting or modifying the hearing officer's recommendation by filing a writ of mandamus pursuant to Section 1094.5 of the Code of Civil Procedure in the appropriate court, and such review by that court shall be based on the entire record. If required by the writ procedure and if not previously provided to the disciplined employee, the disciplining court shall furnish a certified copy of the record of the proceeding before the hearing officer to the disciplined employee or, if the employee is represented, to the

bargaining representative without charge. In reviewing the disciplining trial court's rejection or modification of the hearing officer's recommendation, the reviewing court shall be bound by the hearing officer's material factual findings that are supported by substantial evidence.

(b) The denial of due process or the imposition of a disciplinary decision that by law requires a due process hearing without holding the required hearing may be challenged by a petition for a writ of mandate.

71656. Notwithstanding any other provision of this article, in a county of the first class as defined in Section 28022 as of January 1, 2001:

(a) As of the implementation date provided in Section 71658, a trial court employee who was a member of a county civil service system shall remain in that system for the sole purposes of evidentiary due process hearings before the county civil service commission as an alternative to the due process hearings provided for in Sections 71653, 71654, and 71655, unless the employee elects, pursuant to subdivision (c), to be subject to the trial court employment protection system provided in this article.

(b) One year after the implementation date provided in Section 71658, a trial court employee who was a member of a county civil service system shall be deemed to have elected, pursuant to subdivision (c), to be subject to the trial court employment protection system provided in this article unless the employee has, during that year, submitted to the trial court a signed writing expressly electing the county civil service commission solely for the purposes of evidentiary due process hearings in lieu of the hearings provided for in Sections 71653, 71654, and 71656. However, no election may be made after receiving notice of intended discipline until after the disciplinary action has been finally resolved and the employee has exhausted all remedies related to that action. The one-year period in which to elect the county civil service commission shall be tolled during the period of time when a trial court employee is disabled from making an election because of pending disciplinary action or proceedings.

(c) A trial court employee who is subject to the county civil service system may elect at any time to be subject to the trial court employment protection system provided in this article, except that no election may be made after receiving notice of intended discipline until after the disciplinary action has been finally resolved and the employee has exhausted all remedies related to that action. An election to be subject to the trial court employment protection system may not be revoked.

(d) A trial court employee who elects to remain in the county civil service system and who later is promoted or transferred into a position that is comparable to a position that is classified as exempt from the

county civil service system shall be subject to the trial court employment protection system for all purposes.

(e) Trial court employees in a county of the first class eligible for making an election pursuant to subdivisions (a) and (b) shall be deemed county employees for purposes of remaining eligible for evidentiary due process hearings before the county civil service commission.

(f) A trial court shall adopt procedures, subject to meet and confer in good faith, that establish a process for election pursuant to this section.

71657. (a) Disciplinary action served on an employee prior to the implementation date of this chapter shall remain in effect in accordance with the procedures established under the trial court's predecessor personnel system.

(b) Appeals of disciplinary action served on an employee prior to the implementation date of this chapter shall be made in accordance with the procedures established under the trial court's predecessor personnel system. Appeals of disciplinary action served on an employee after the implementation date of this chapter shall be made in accordance with the procedures established pursuant to this article. The consequences of past discipline under the trial court's new employment protection system pursuant to this article on past discipline shall be subject to meet and confer in good faith.

71658. (a) Except as provided in subdivision (b), the implementation date of this article is the effective date of this chapter.

(b) Representatives of a trial court and representatives of recognized employee organizations may mutually agree to an implementation date of this article different from that specified in subdivision (a). However, if any provisions of this chapter are governed by an existing memorandum of understanding or agreement covering trial court employees, as to those provisions, the implementation date shall be either the date a successor memorandum of understanding or agreement is effective or, if no agreement for a successor memorandum of understanding or agreement is reached, 90 days from the date of the expiration of the predecessor memorandum of understanding or agreement unless representatives of the trial court and representatives of recognized employee organizations mutually agree otherwise.

Article 6. Personnel Files

71660. Each trial court shall adopt personnel rules, subject to the obligation to meet and confer in good faith, to provide trial court employees with access to their official personnel files. The rules shall provide, at a minimum, that all of the following applies:

(a) Each trial court shall, at reasonable times and intervals, permit an employee, upon that employee's request, to inspect his or her official

personnel files that are used, or have been used, to determine that employee's qualifications for employment, promotion, additional compensation, or termination or other disciplinary action.

(b) Each trial court shall keep a copy of each employee's official personnel files at the place where the employee reports to work, or shall make the official personnel files available where the employee reports to work within a reasonable period of time after a request for the official personnel files by the employee.

(c) Records of a trial court employee relating to the investigation of a possible criminal offense, letters of reference, and other matters protected by constitutional, statutory, or common law provisions, shall be excluded from the personnel files for purposes of this section.

Article 7. Relation to Other Trial Court Statutes

71670. Nothing in this chapter shall be construed to affect the provisions of the Brown-Presley Trial Court Funding Act (Chapter 13 (commencing with Section 77000) of Title 8) or to impose upon the Judicial Council or the state any obligation to make an allocation to a trial court to fund expenses or obligations incurred by the trial court pursuant to this chapter.

71671. Notwithstanding any other provision of law, each trial court employee shall have the protections provided for in Article 5 (commencing with Section 71650) of this chapter, except as otherwise provided by this chapter.

71672. Notwithstanding any other provision of law, each trial court employee shall be entitled to such benefits as are provided for in Article 2 (commencing with Section 71620) of this chapter.

71673. Notwithstanding any other provision of law, the trial court may exercise the authority and power granted to it pursuant to Article 2 (commencing with Section 71620) of this chapter, including, but not limited to, the authority and power to establish job classifications, to appoint such employees as are necessary, to establish salaries for trial court employees, and to arrange for the provision of benefits for trial court employees, without securing the approval or consent of the county or the board of supervisors, and without requiring any further legislative action, except as otherwise provided by this chapter.

71674. The California Law Revision Commission shall determine whether any provisions of law are obsolete as a result of the enactment of this chapter, the enactment of the Lockyer-Isenberg Trial Court Funding Act of 1997 (Chapter 850 of the Statutes of 1997), or the implementation of trial court unification, and shall recommend to the Legislature any amendments to remove those obsolete provisions. The

commission shall report its recommendations to the Legislature, including any proposed statutory changes, on or before January 1, 2002.

SEC. 15. CHAPTER 1011

An act to amend Sections 639 and 1282.4 of the Code of Civil Procedure, relating to civil proceedings.

[Approved by Governor September 29, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 639 of the Code of Civil Procedure is amended to read:

639. When the parties do not consent, the court may, upon the application of any party, or of its own motion, direct a reference in the following cases:

(a) When the trial of an issue of fact requires the examination of a long account on either side; in which case the referees may be directed to hear and decide the whole issue, or report upon any specific question of fact involved therein.

(b) When the taking of an account is necessary for the information of the court before judgment, or for carrying a judgment or order into effect.

(c) When a question of fact, other than upon the pleadings, arises upon motion or otherwise, in any stage of the action.

(d) When it is necessary for the information of the court in a special proceeding.

(e) When the court in any pending action determines in its discretion that it is necessary for the court to appoint a referee to hear and determine any and all discovery motions and disputes relevant to discovery in the action and to report findings and make a recommendation thereon. In a discovery matter, a motion to disqualify an appointed referee pursuant to Section 170.6 shall be made to the court by a party either:

(1) Within 10 days after notice of the appointment, or if the party has not yet appeared in the action, a motion shall be made within 10 days after the appearance, if a discovery referee has been appointed for all discovery purposes.

(2) At least five days before the date set for hearing, if the referee assigned is known at least 10 days before the date set for hearing and the discovery referee has been assigned only for limited discovery purposes.

(f) When a referee is appointed pursuant to subdivision (e), the order shall indicate whether the referee is being appointed for all discovery purposes in the action.

SEC. 1.5. Section 639 of the Code of Civil Procedure is amended to read:

639. (a) When the parties do not consent, the court may, upon the written motion of any party, or of its own motion, appoint a referee in the following cases:

(1) When the trial of an issue of fact requires the examination of a long account on either side; in which case the referees may be directed to hear and decide the whole issue, or report upon any specific question of fact involved therein.

(2) When the taking of an account is necessary for the information of the court before judgment, or for carrying a judgment or order into effect.

(3) When a question of fact, other than upon the pleadings, arises upon motion or otherwise, in any stage of the action.

(4) When it is necessary for the information of the court in a special proceeding.

(5) When the court in any pending action determines that it is necessary for the court to appoint a referee to hear and determine any and all discovery motions and disputes relevant to discovery in the action and to report findings and make a recommendation thereon.

(b) In a discovery matter, a motion to disqualify an appointed referee pursuant to Section 170.6 shall be made to the court by a party either:

(A) Within 10 days after notice of the appointment, or if the party has not yet appeared in the action, a motion shall be made within 10 days after the appearance, if a discovery referee has been appointed for all discovery purposes.

(B) At least five days before the date set for hearing, if the referee assigned is known at least 10 days before the date set for hearing and the discovery referee has been assigned only for limited discovery purposes.

(c) When a referee is appointed pursuant to paragraph (5) of subdivision (a), the order shall indicate whether the referee is being appointed for all discovery purposes in the action.

(d) All appointments of referees pursuant to this section shall be by written order and shall include the following:

(1) When the referee is appointed pursuant to paragraph (1), (2), (3), or (4) of subdivision (a), a statement of the reason the referee is being appointed.

(2) When the referee is appointed pursuant to paragraph (5) of subdivision (a), the exceptional circumstances requiring the reference, which must be specific to the circumstances of the particular case.

(3) The subject matter or matters included in the reference.

(4) The name, business address, and telephone number of the referee.

(5) The maximum hourly rate the referee may charge and, at the request of any party, the maximum number of hours for which the referee may charge. Upon the written application of any party or the referee, the court may, for good cause shown, modify the maximum number of hours subject to any findings as set forth in paragraph (6).

(6) (A) Either a finding that no party has established an economic inability to pay a pro rata share of the referee's fee or a finding that one or more parties has established an economic inability to pay a pro rata share of the referee's fees and that another party has agreed voluntarily to pay that additional share of the referee's fee. A court shall not appoint a referee at a cost to the parties if neither of these findings is made.

(B) In determining whether a party has established an inability to pay the referee's fees under subparagraph (A), the court shall consider only the ability of the party, not the party's counsel, to pay these fees. If a party is proceeding in forma pauperis, the party shall be deemed by the court to have an economic inability to pay the referee's fees. However, a determination of economic inability to pay the fees shall not be limited to parties that proceed in forma pauperis. For those parties who are not proceeding in forma pauperis, the court, in determining whether a party has established an inability to pay the fees, shall consider, among other things, the estimated cost of the referral and the impact of the proposed fees on the party's ability to proceed with the litigation.

(e) In any matter in which a referee is appointed pursuant to paragraph (5) of subdivision (a), a copy of the order appointing the referee shall be forwarded to the office of the presiding judge of the court. The Judicial Council shall, by rule, collect information on the use of these references and the reference fees charged to litigants, and shall report thereon to the Legislature by January 1, 2003. This subdivision shall become inoperative on January 1, 2004.

SEC. 2. Section 1282.4 of the Code of Civil Procedure, as amended by Section 1 of Chapter 915 of the Statutes of 1998, is amended to read:

1282.4. (a) A party to the arbitration has the right to be represented by an attorney at any proceeding or hearing in arbitration under this title. A waiver of this right may be revoked; but if a party revokes such waiver, the other party is entitled to a reasonable continuance for the purpose of procuring an attorney.

(b) Notwithstanding any other provision of law, including Section 6125 of the Business and Professions Code, an attorney admitted to the bar of any other state may represent the parties in the course of, or in connection with, an arbitration proceeding in this state, provided that the attorney, if not admitted to the State Bar of California, timely files the certificate described in subdivision (c) and the attorney's appearance is approved by the arbitrator, the arbitrators, or the arbitral forum.

(c) Prior to the first scheduled hearing in an arbitration, the attorney described in subdivision (b) shall serve a certificate on the arbitrator or arbitrators, the State Bar of California, and all other parties and counsel in the arbitration whose addresses are known to the attorney. In the event that the attorney is retained after the first hearing has commenced, then the certificate shall be served prior to the first hearing at which the attorney appears. The certificate shall state all of the following:

(1) The attorney's residence and office address.

(2) The courts before which the attorney has been admitted to practice and the dates of admission.

(3) That the attorney is currently a member in good standing of, and eligible to practice law before, the bar of those courts.

(4) That the attorney is not currently on suspension or disbarred from the practice of law before the bar of any court.

(5) That the attorney is not a resident of the State of California.

(6) That the attorney is not regularly employed in the State of California.

(7) That the attorney is not regularly engaged in substantial business, professional, or other activities in the State of California.

(8) That the attorney agrees to be subject to the jurisdiction of the courts of this state with respect to the law of this state governing the conduct of attorneys to the same extent as a member of the State Bar of California.

(9) The title of the court and the cause in which the attorney has filed an application to appear as counsel pro hac vice in this state or filed a certificate pursuant to this section in the preceding two years, the date of each application, and whether or not it was granted.

(10) The name, address, and telephone number of the active member of the State Bar of California who is the attorney of record.

(d) Failure to timely file the certificate described in subdivision (c) or, absent special circumstances, repeated appearances shall be grounds for disqualification from serving as the attorney of record in the arbitration in which the certificate was filed.

(e) An attorney who files a certificate containing false information or who otherwise fails to comply with the standards of professional conduct required of members of the State Bar of California shall be

subject to the disciplinary jurisdiction of the State Bar with respect to any of his or her acts occurring in the course of the arbitration.

(f) Notwithstanding any other provision of law, including Section 6125 of the Business and Professions Code, an attorney who is a member in good standing of the bar of any state may represent the parties in connection with rendering legal services in this state in the course of and in connection with an arbitration pending in another state.

(g) Notwithstanding any other provision of law, including Section 6125 of the Business and Professions Code, any party to an arbitration arising under collective bargaining agreements in industries and provisions subject to either state or federal law may be represented in the course of, and in connection with, those proceedings by any person, regardless of whether that person is licensed to practice law in this state.

(h) Nothing in this section shall apply to Division 4 (commencing with Section 3201) of the Labor Code.

(i) (1) In enacting the amendments to this section made by Assembly Bill 2086 of the 1997–98 Regular Session, it is the intent of the Legislature to respond to the holding in Birbrower v. Superior Court (1998) 17 Cal.4th 117, as modified at 17 Cal.4th 643a (hereafter Birbrower), to provide a procedure for nonresident attorneys who are not licensed in this state to appear in California arbitration proceedings.

(2) In enacting subdivision (g), it is the intent of the Legislature to make clear that any party to an arbitration arising under a collective bargaining agreement governed by the laws of this state may be represented in the course of and in connection with those proceedings by any person regardless of whether that person is licensed to practice law in this state.

(3) Except as otherwise specifically provided in this section, in enacting the amendments to this section made by Assembly Bill 2086 of the 1997–98 Regular Session, it is the Legislature's intent that nothing in this section is intended to expand or restrict the ability of a party prior to the decision in Birbrower to elect to be represented by any person in a nonjudicial arbitration proceeding, to the extent those rights or abilities existed prior to that decision. To the extent that Birbrower is interpreted to expand or restrict that right or ability pursuant to the laws of this state, it is hereby abrogated except as specifically provided in this section.

(4) In enacting subdivision (h), it is the intent of the Legislature to make clear that nothing in this section shall affect those provisions of law governing the right of injured workers to elect to be represented by any person, regardless of whether that person is licensed to practice law in this state, as set forth in Division 4 (commencing with Section 3200) of the Labor Code.

(j) This section shall be operative until January 1, 2006, and on that date shall be repealed.

SEC. 3. Section 1282.4 of the Code of Civil Procedure, as added by Section 2 of Chapter 915 of the Statutes of 1998, is amended to read:

1282.4. (a) A party to the arbitration has the right to be represented by an attorney at any proceeding or hearing in arbitration under this title. A waiver of this right may be revoked; but if a party revokes the waiver, the other party is entitled to a reasonable continuance for the purpose of procuring an attorney.

(b) This section shall become operative on January 1, 2006.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 639 of the Code of Civil Procedure proposed by both this bill and AB 2912. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 639 of the Code of Civil Procedure, and (3) this bill is enacted after AB 2912, in which case Section 1 of this bill shall not become operative.

(B) Intends to use the information for employment purposes; or

(C) Intends to use the information in connection with the underwriting of insurance involving the consumer, or for insurance claims settlements; or

(D) Intends to use the information in connection with a determination of the consumer's eligibility for a license or other benefit granted by a governmental instrumentality required by law to consider the applicant's financial responsibility or status; or

(E) Intends to use the information in connection with the hiring of a dwelling unit, as defined in subdivision (c) of Section 1940; or

(F) Otherwise has a legitimate business need for the information in connection with a business transaction involving the consumer.

(b) A consumer credit reporting agency may furnish information for purposes of a credit transaction specified in subparagraph (A) of paragraph (3) of subdivision (a), where it is a credit transaction that is not initiated by the consumer, only under the circumstances specified in paragraph (1) or (2), as follows:

(1) The consumer authorizes the consumer credit reporting agency to furnish the consumer credit report to the person.

(2) The proposed transaction involves a firm offer of credit to the consumer, the consumer credit reporting agency has complied with subdivision (d), and the consumer has not elected pursuant to paragraph (1) of subdivision (d) to have the consumer's name excluded from lists of names provided by the consumer credit reporting agency for purposes of reporting in connection with the potential issuance of firm offers of credit. A consumer credit reporting agency may provide only the following information pursuant to this paragraph:

(A) The name and address of the consumer.

(B) Information pertaining to a consumer that is not identified or identifiable with a particular consumer.

(c) Except as provided in paragraph (2) of subdivision (a) of Section 1785.15, a consumer credit reporting agency shall not furnish to any person a record of inquiries solely resulting from credit transactions that are not initiated by the consumer.

(d) (1) A consumer may elect to have his or her name and address excluded from any list provided by a consumer credit reporting agency pursuant to paragraph (2) of subdivision (b) by notifying the consumer credit reporting agency, by telephone or in writing, through the notification system maintained by the consumer credit reporting agency pursuant to subdivision (e), that the consumer does not consent to any use of consumer credit reports relating to the consumer in connection with any transaction that is not initiated by the consumer.

(2) An election of a consumer under paragraph (1) shall be effective with respect to a consumer credit reporting agency, and any affiliate of the consumer credit reporting agency, on the date on which the consumer notifies the consumer credit reporting agency.

(3) An election of a consumer under paragraph (1) shall terminate and be of no force or effect following notice from the consumer to the

consumer credit reporting agency, through the system established pursuant to subdivision (e), that the election is no longer effective.

(e) Each consumer credit reporting agency that furnishes a prequalifying report pursuant to subdivision (b) in connection with a credit transaction not initiated by the consumer shall establish and maintain a notification system, including a toll-free telephone number, that permits any consumer, with appropriate identification and for which the consumer credit reporting agency has a file, to notify the consumer credit reporting agency of the consumer's election to have the consumer's name removed from any list of names and addresses provided by the consumer credit reporting agency, and by any affiliated consumer credit reporting agency, pursuant to paragraph (2) of subdivision (b). Compliance with the requirements of this subdivision by a consumer credit reporting agency shall constitute compliance with those requirements by any affiliate of that consumer credit reporting agency.

(f) Each consumer credit reporting agency that compiles and maintains files on consumers on a nationwide basis shall establish and maintain a notification system under paragraph (1) of subdivision (e) jointly with its affiliated consumer credit reporting agencies.

SEC. 2. Section 1785.13 of the Civil Code is amended to read:

1785.13. (a) No consumer credit reporting agency shall make any consumer credit report containing any of the following items of information:

(2) Suits and judgments that, from the date of entry or renewal, antedate the report by more than seven years or until the governing statute of limitations has expired, whichever is the longer period.

(3) Unlawful detainer actions, unless the lessor was the prevailing party. For purposes of this paragraph, the lessor shall be deemed to be the prevailing party only if (A) final judgment was awarded to the lessor (i) upon entry of the tenant's default, (ii) upon the granting of the lessor's motion for summary judgment, or (iii) following trial, or (B) the action was resolved by a written settlement agreement between the parties that states that the unlawful detainer action may be reported. In any other instance in which the action is resolved by settlement agreement, the lessor shall not be deemed to be the prevailing party for purposes of this paragraph.

(4) Paid tax liens that, from the date of payment, antedate the report by more than seven years.

(5) Accounts placed for collection or charged to profit and loss that antedate the report by more than seven years.

(6) Records of arrest, indictment, information, misdemeanor complaint, or conviction of a crime that, from the date of disposition, release, or parole, antedate the report by more than seven years. These items of information shall no longer be reported if at any time it is learned that in the case of a conviction a full pardon has been granted, or in the case of an arrest, indictment, information, or misdemeanor complaint a conviction did not result.

(7) Any other adverse information that antedates the report by more than seven years.

(b) The seven-year period specified in paragraphs (5) and (7) of subdivision (a) shall commence to run, with respect to any account that is placed for collection (internally or by referral to a third party, whichever is earlier), charged to profit and loss, or subjected to any similar action, upon the expiration of the 180-day period beginning on the date of the commencement of the delinquency that immediately preceded the collection activity, charge to profit and loss, or similar action. Where more than one of these actions is taken with respect to a particular account, the seven-year period specified in paragraphs (5) and (7) shall commence concurrently for all these actions on the date of the first of these actions.

(c) Any consumer credit reporting agency that furnishes a consumer credit report containing information regarding any case involving a consumer arising under the bankruptcy provisions of Title 11 of the United States Code shall include an identification of the chapter of Title 11 of the United States Code under which the case arose if that can be ascertained from what was provided to the consumer credit reporting agency by the source of the information.

(d) A consumer credit report shall not include any adverse information concerning a consumer antedating the report by more than 10 years or that otherwise is prohibited from being included in a consumer credit report.

(e) If a consumer credit reporting agency is notified by a furnisher of credit information that an open-end credit account of the consumer has been closed by the consumer, any consumer credit report thereafter issued by the consumer credit reporting agency with respect to that consumer, and that includes information respecting that account, shall indicate the fact that the consumer has closed the account. For purposes of this subdivision, ''open-end credit account'' does not include any demand deposit account, such as a checking account, money market account, or share draft account.

(f) Consumer credit reporting agencies shall not include medical information in their files on consumers or furnish medical information for employment, insurance, or credit purposes in a consumer credit report without the consent of the consumer.

(g) A consumer credit reporting agency shall include in any consumer credit report information, if any, on the failure of the consumer to pay overdue child or spousal support, where the information either was provided to the consumer credit reporting agency pursuant to Section 4752 or has been provided to the consumer credit reporting agency and verified by another federal, state, or local governmental agency.

CHAPTER 1013

An act to amend Section 2941 of the Civil Code, relating to mortgages.

[Approved by Governor September 29, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 2941 of the Civil Code is amended to read:

2941. (a) Within 30 days after any mortgage has been satisfied, the mortgagee or the assignee of the mortgagee shall execute a certificate of the discharge thereof, as provided in Section 2939, and shall record or cause to be recorded, except as provided in subdivision (c), in the office of the county recorder in which the mortgage is recorded. The mortgagee shall then deliver, upon the written request of the mortgagor or the mortgagor's heirs, successors, or assignees, as the case may be, the original note and mortgage to the person making the request.

(b) (1) When the obligation secured by any deed of trust has been satisfied, the beneficiary or the assignee of the beneficiary shall execute and deliver to the trustee the original note, deed of trust, request for a full reconveyance, and other documents as may be necessary to reconvey, or cause to be reconveyed, the deed of trust.

(A) The trustee shall execute the full reconveyance and shall record or cause it to be recorded, except as provided in subdivision (c), in the office of the county recorder in which the deed of trust is recorded within 21 calendar days after receipt by the trustee of the original note, deed of trust, request for a full reconveyance, the fee that may be charged pursuant to subdivision (e), recorder's fees, and other documents as may be necessary to reconvey, or cause to be reconveyed, the deed of trust.

(B) The trustee shall deliver a copy of the reconveyance to the beneficiary, its successor in interest, or its servicing agent, if known.

(C) Following execution and recordation of the full reconveyance, upon receipt of a written request by the trustor or the trustor's heirs, successors, or assignees, the trustee shall then deliver the original note and deed of trust to the person making that request.

(2) If the trustee has failed to execute and record, or cause to be recorded, the full reconveyance within 60 calendar days of satisfaction of the obligation, the beneficiary, upon receipt of a written request by the trustor or trustor's heirs, successor in interest, agent, or assignee, shall execute and acknowledge a document pursuant to Section 2934a substituting itself or another as trustee and issue a full reconveyance.

(3) If a full reconveyance has not been executed and recorded pursuant to either paragraph (1) or paragraph (2) within 75 calendar days of satisfaction of the obligation, then a title insurance company may prepare and record a release of the obligation. However, at least 10 days prior to the issuance and recording of a full release pursuant to this paragraph, the title insurance company shall mail by first-class mail with postage prepaid, the intention to release the obligation to the trustee, trustor, and beneficiary of record, or their successor in interest of record, at the last known address.

(A) The release shall set forth:

(i) The name of the beneficiary.

(ii) The name of the trustor.

(iii) The recording reference to the deed of trust.

(iv) A recital that the obligation secured by the deed of trust has been paid in full.

(v) The date and amount of payment.

(B) The release issued pursuant to this subdivision shall be entitled to recordation and, when recorded, shall be deemed to be the equivalent of a reconveyance of a deed of trust.

(4) Where an obligation secured by a deed of trust was paid in full prior to July 1, 1989, and no reconveyance has been issued and recorded by October 1, 1989, then a release of obligation as provided for in paragraph (3) may be issued.

(5) Paragraphs (2) and (3) do not excuse the beneficiary or the trustee from compliance with paragraph (1). Paragraph (3) does not excuse the beneficiary from compliance with paragraph (2).

(6) In addition to any other remedy provided by law, a title insurance company preparing or recording the release of the obligation shall be liable to any party for damages, including attorneys' fees, which any person may sustain by reason of the issuance and recording of the release, pursuant to paragraphs (3) and (4).

(c) The mortgagee or trustee shall not record or cause the certificate of discharge or full reconveyance to be recorded when any of the following circumstances exists:

(1) The mortgagee or trustee has received written instructions to the contrary from the mortgagor or trustor, or the owner of the land, as the case may be, or from the owner of the obligation secured by the deed of trust or his or her agent, or escrow.

(2) The certificate of discharge or full reconveyance is to be delivered to the mortgagor or trustor, or the owner of the land, as the case may be, through an escrow to which the mortgagor, trustor, or owner is a party.

(3) When the personal delivery is not for the purpose of causing recordation and when the certificate of discharge or full reconveyance is to be personally delivered with receipt acknowledged by the mortgagor or trustor or owner of the land, as the case may be, or their agent if authorized by mortgagor or trustor or owner of the land.

(d) For the purposes of this section, the phrases ''cause to be recorded'' and ''cause it to be recorded'' include, but are not limited to, sending by certified mail with the United States Postal Service or by an independent courier service using its tracking service that provides documentation of receipt and delivery, including the signature of the recipient, the full reconveyance or certificate of discharge in a recordable form, together with payment for all required fees, in an envelope addressed to the county recorder's office of the county in which the deed of trust or mortgage is recorded. Within two business days from the day of receipt, if received in recordable form together with all required fees, the county recorder shall stamp and record the full reconveyance or certificate of discharge. Compliance with this subdivision shall entitle the trustee to the benefit of the presumption found in Section 641 of the Evidence Code.

(e) The violation of this section shall make the violator liable to the person affected by the violation for all damages which that person may sustain by reason of the violation, and shall require that the violator forfeit to that person the sum of three hundred dollars ($300). However, a trustee acting in accordance with subdivision (c) shall not be deemed a violator for purposes of this subdivision.

(f) (1) The trustee, beneficiary, or mortgagee may charge a reasonable fee to the trustor or mortgagor, or the owner of the land, as the case may be, for all services involved in the preparation, execution, and recordation of the full reconveyance, including, but not limited to, document preparation and forwarding services rendered to effect the full reconveyance, and, in addition, may collect official fees. This fee may be made payable no earlier than the opening of a bona fide escrow or no more than 60 days prior to the full satisfaction of the obligation secured by the deed of trust or mortgage.

(2) If the fee charged pursuant to this subdivision does not exceed sixty-five dollars ($65), the fee is conclusively presumed to be reasonable.

(g) For purposes of this section, ''original'' may include an optically imaged reproduction when the following requirements are met:

(1) The trustee receiving the request for reconveyance and executing the reconveyance as provided in subdivision (b) is an affiliate or

subsidiary of the beneficiary or an affiliate or subsidiary of the assignee of the beneficiary, respectively.

(2) The optical image storage media used to store the document shall be nonerasable write once, read many (WORM) optical image media that does not allow changes to the stored document.

(3) The optical image reproduction shall be made consistent with the minimum standards of quality approved by either the National Institute of Standards and Technology or the Association for Information and Image Management.

(4) Written authentication identifying the optical image reproduction as an unaltered copy of the note, deed of trust, or mortgage shall be stamped or printed on the optical image reproduction.

(h) The amendments to this section enacted at the 1999–2000 Regular Session shall apply only to a mortgage or an obligation secured by a deed of trust that is satisfied on or after January 1, 2001.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. An application for such authorization shall be in such form and contain such information as the commissioner may require, and be accompanied by a fee of one thousand dollars ($1,000).

SEC. 25. Section 1800.3 of the Financial Code is amended to read:

1800.3. (a) No person shall engage in the business of receiving money for the purpose of transmitting the same or its equivalent to foreign countries without first obtaining a license from the commissioner.

(4) Any federally or state chartered credit union the member accounts of which are insured or guaranteed as provided in Section 14858.

SEC. 26. Section 1913.5 of the Financial Code is amended to read:

1913.5. (a) For the purposes of this section, the following definitions are applicable:

(1) ''Account holder'' includes, in the case of a deposit account, the depositor; in the case of a trust account, each trustor and beneficiary of the trust account; and, in the case of any other fiduciary account, each person who occupies, with respect to the account, a position that is similar to the position that a trustor or beneficiary occupies with respect to a trust account.

(2) ''Bank'' means the following:

(A) Any commercial bank, industrial bank, or trust company incorporated under the laws of this state.

(B) Any foreign (other state) state bank that maintains a branch office in this state, with respect to the branch office and any other office in this state.

(3) ''Order'' means any approval, consent, authorization, permit, exemption, denial, prohibition, or requirement applicable to a specific case issued by the commissioner, including, without limitation, any condition thereof. (4) ''Subject person of a bank'' means any director, officer, or employee of the bank, or any person who participates in the conduct of the business of the bank. However, ''subject person of a bank'' does not include a controlling person of the bank that is registered as a bank holding company with the Board of Governors of the Federal Reserve System pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. Sections 1841, et seq.). ''Subject person of a bank'' does not include an individual who is a director, officer, or employee of a controlling person of the bank unless the individual is a director, officer, or employee of the bank or participates in the conduct of the business of the bank. For purposes of this paragraph, ''controlling person'' has the meaning set forth in Section 700.

(5) ''Violation'' includes, without limitation, any act done, alone or with one or more persons, for or toward causing, bringing about, participating in, counseling, aiding, or abetting a violation.

(b) If, after notice and a hearing, the commissioner finds the following, the commissioner may issue an order suspending or removing a subject person of a bank from his or her office with the bank

and prohibiting the subject person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(1) (A) That the subject person has violated any provision of this division or of any regulation or order issued under this division, or any provision of any other applicable law relating to the business of the bank; or

(B) That the subject person has engaged or participated in any unsafe or unsound act with respect to the business of the bank; or

(C) That the subject person has committed or engaged in any act that constitutes a breach of his or her fiduciary duty as a subject person; and

(2) (A) That the bank has suffered or will probably suffer substantial financial loss or other damage by reason of the violation, act, or breach of fiduciary duty; or

(B) That the interests of the bank's accountholders have been or are likely to be seriously prejudiced by reason of the violation, act, or breach of fiduciary duty; or

(C) That the subject person has received financial gain by reason of the violation, act, or breach of fiduciary duty; and

(3) That the violation, act, or breach of fiduciary duty is one involving personal dishonesty on the part of the subject person, or one that demonstrates a willful or continuing disregard for the safety or soundness of the bank.

(c) If, after notice and a hearing, the commissioner finds the following, the commissioner may issue an order suspending or removing a subject person of a bank from his or her office with the bank and prohibiting the subject person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(1) That the subject person's conduct or practice with respect to another bank or business institution has resulted in substantial financial loss or other damage; and

(2) That the conduct or practice has evidenced personal dishonesty or willful or continuing disregard for the safety and soundness of the other bank or business institution; and

(3) That the conduct or practice is relevant in that it demonstrates unfitness to continue as a subject person of the bank.

(d) If the commissioner finds the following, the commissioner may immediately issue an order suspending or removing a subject person of a bank from his or her office with the bank and prohibiting the subject person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(1) That it is necessary for the protection of the bank or the interests of the bank's accountholders that the commissioner issue the order immediately; and

(2) (A) That any of the factors set forth in paragraph (1) of subdivision (b), any of the factors set forth in paragraph (2) of subdivision (b), and any of the factors set forth in paragraph (3) of subdivision (b) are true with respect to the subject person; or

(B) That any of the factors set forth in paragraph (1) of subdivision (c), any of the factors set forth in paragraph (2) of subdivision (c), and the factor set forth in paragraph (3) of subdivision (c) are true with respect to the subject person.

(e) (1) If the commissioner finds the following, the commissioner may immediately issue an order suspending or removing a subject person of a bank from his or her office with the bank and prohibiting the subject person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(A) That the subject person has been charged in an indictment issued by a grand jury or in an information, complaint, or similar pleading issued by a United States attorney, district attorney, or other governmental official or agency authorized to prosecute crimes, with a crime that is punishable by imprisonment for a term exceeding one year and that involves dishonesty or breach of trust; and

(B) That the person's continuing to serve as a subject person of the bank may pose a material threat to the interests of the bank's accountholders or may threaten to materially impair public confidence in the bank. In case the criminal proceedings are terminated other than by a judgment of conviction, the order shall be deemed rescinded.

(2) If the commissioner finds the following, the commissioner may immediately issue an order suspending or removing a subject person of a bank, or a former subject person of a bank, from his or her office, if any, with the bank and prohibiting the person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(A) That the person has been finally convicted of a crime that is punishable by imprisonment for a term exceeding one year and that involves dishonesty or breach of trust; and

(B) That the person's continuing to serve or resumption of service as a subject person of the bank may pose a material threat to the interests of the bank's accountholders or may threaten to materially impair public confidence in the bank.

(3) The fact that any subject person of a bank charged with a crime involving dishonesty or breach of trust is not finally convicted of that crime shall not preclude the commissioner from issuing an order

regarding the subject person pursuant to other provisions of this division.

(f) (1) Within 30 days after an order is issued pursuant to subdivision (d) or (e), the person to whom the order is issued may file with the commissioner an application for a hearing on the order. The commissioner shall, upon the written request of the person, extend the 30-day period by an additional 30 days provided the request is filed with the commissioner within 30 days after the order is issued. If the commissioner fails to commence the hearing within 15 business days after the application is filed, or within a longer period to which the person consents, the order shall be deemed rescinded. Within 30 days after the hearing, the commissioner shall affirm, modify, or rescind the order; otherwise, the order shall be deemed rescinded.

(2) The right of any person to whom an order is issued under subdivision (d) or (e) to petition for judicial review of the order shall not be affected by the failure of that person to apply to the commissioner for a hearing on the order pursuant to this subdivision.

(g) (1) Any person to whom an order is issued under subdivision (b), (c), (d), or (e) may apply to the commissioner to modify or rescind that order. The commissioner shall not grant that application unless the commissioner finds that it is in the public interest to do so and that it is reasonable to believe that the person will, if and when he or she becomes a subject person of a bank, comply with all applicable provisions of this division and of any regulation or order issued thereunder.

(2) The right of any person to whom an order is issued under subdivision (b), (c), (d), or (e) to petition for judicial review of that order shall not be affected by the failure of the person to apply to the commissioner pursuant to paragraph (1) to modify or rescind the order.

(h) (1) A notice issued under this section shall state the facts constituting the grounds for removal, suspension, or prohibition.

(2) A hearing held before the commissioner pursuant to this section shall be private unless the commissioner, in his or her discretion, after fully considering the view of the party afforded the hearing, determines that a public hearing is necessary to protect the public interest.

(i) (1) It is unlawful for any subject person of a bank or former subject person of a bank to whom an order is issued under subdivision (b), (c), (d), or (e) to do any of the following, except with the prior consent of the commissioner, so long as the order is effective:

(A) To serve or act as a director, officer, employee, or agent of any bank.

(B) To vote any shares or other securities of a bank having voting rights, for the election of any person as a director of the bank.

(C) Directly or indirectly, to solicit, procure, or transfer or attempt to transfer, or vote any proxy, consent, or authorization with respect to any shares or other securities of any bank having voting rights.

(D) Otherwise to participate in any manner in the conduct of the business of any bank.

(2) Any person who violates paragraph (1) shall, upon conviction, be punished by a fine of not more than five thousand dollars ($5,000) or imprisoned in the state prison, or in a county jail not to exceed one year, or by both that fine and imprisonment.

(3) If, after notice and a hearing, the commissioner finds that any person has violated paragraph (1), the commissioner may order that person to pay to the commissioner a civil penalty in an amount as the commissioner may specify, provided that the amount of the civil penalty shall not exceed one thousand dollars ($1,000) for each violation or, in the case of a continuing violation, one thousand dollars ($1,000) for each day for which the violation continues.

In determining the amount of a civil penalty to be paid to the commissioner under this paragraph, the commissioner shall consider the financial resources and good faith of the person charged, the gravity of the violation, the history of previous violations by the person, and other factors that in the opinion of the commissioner may be relevant.

[Approved by Governor September 29, 2000. Filed with
Secretary of State September 30, 2000.]

I am reducing the appropriation from the Restitution Fund in Section 13 of Assembly Bill No. 2491 from $2.45 million to $1 million to the California Victim Compensation and Government Claims Board, formerly known as the Board of Control, to enter into an interagency agreement with the University of California, San Francisco, to establish a victims recovery center at San Francisco General Hospital. This will allow for an evaluation of the victims recovery center prior to the provision of additional resources to fully fund this four year pilot project.

I am very supportive of the expansion of benefits to victims of crime pursuant to the remaining provisions of this bill. This bill will provide approximately $9 million of payments to victims on an annual basis.

(2) The victim requires emergency medical treatment.

(3) The victim dies as a result of the crime and any individual, without anticipation of personal gain, incurs the funeral and burial expense.

(4) The victim is an adult victim of domestic violence in need of those relocation expenses authorized by paragraph (4) of subdivision (a) of Section 13965.

(b) Emergency award application forms shall be provided by the board upon request of the applicant. The board shall make available the application forms through all means at its disposal.

(c) The board may grant an emergency award based solely on the application of the victim or derivative victim. Disbursements of funds for emergency awards shall be made within 30 business days of application. The board may refuse to grant an emergency award where it has reason to believe that the applicant will not qualify for an award for assistance under this article. The board may delegate authority to designated staff persons and local agencies, including, but not limited to, district attorneys, probation departments, and local victim witness centers, who will use guidelines established by the board, to grant and disburse emergency awards. If the amount of the grant is less than the amount of the emergency award, the excess amount shall be repaid according to an agreed upon repayment schedule. Final disposition for the purposes of this section shall mean the final decision of the board with respect to the victim's or derivative victim's application for assistance, before any appellate action is instituted. If an application for an emergency award is denied, the board shall notify the applicant in writing of the reasons for the denial.

(g) The amount of the emergency award shall be dependent upon the immediate needs of the victim or derivative victim, as evidenced by the victim's loss of income or the derivative victim's loss of support, the funeral and burial expenses incurred on behalf of the victim, and other losses incurred as a direct result of the crime before filing or reasonably anticipated during the first 90 days after the initial filing of an

application. Except for applications filed pursuant to paragraph (3) of subdivision (a), in no event shall the amount of the emergency award exceed two thousand dollars ($2,000). (5) The nature of the injury and the name, address, and telephone number of medical providers and the cost of medical care incurred to date.

(6) The name, address, and telephone number of the funeral and burial providers and the cost of funeral and burial expenses incurred to date.

(7) A statement that in the event the applicant is later found ineligible for assistance under this article or the final award is less than the emergency award, the applicant will be required to repay the excess amount.

(8) The applicant's signature and a statement that the information is supplied under penalty of perjury, violation of which is punishable by six months in the county jail.

(i) Where an application has been filed pursuant to paragraph (3) of subdivision (a), the application for the emergency award shall additionally contain the following:

(1) A statement that in the event the applicant receives reimbursement from another source, including, but not limited to, court-ordered restitution or life insurance, either in whole or in part for the funeral and burial expenses incurred on behalf of the victim, that the applicant will be required to repay the board.

(2) A complete copy of the report regarding the incident and any supplemental reports involving the crime, public offense, or incident giving rise to the claim, as prepared by a law enforcement agency pursuant to subdivision (d) of Section 13968. This report may, at the discretion of the law enforcement agency and as provided in subdivision (e) of Section 13968, exclude the names of witnesses or informants, if

the release of this information would be detrimental to the parties or to an investigation currently in progress.

SEC. 4. Section 13965 of the Government Code, as added by Section 5.7 of Chapter 697 of the Statutes of 1998, is repealed.

SEC. 5. Section 13965 of the Government Code, as amended by Section 1.5 of Chapter 584 of the Statutes of 1999, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim, as defined in subparagraph (A), (B), (C), or (D) of paragraph (2) of subdivision (a) of Section 13960, who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000), provided that mental health counseling of a derivative victim under subparagraph (E) of paragraph (2) of subdivision (a) of Section 13960 shall be reimbursed only if that counseling is necessary for the treatment of the victim.

(E) A victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code in an amount not to exceed three thousand dollars ($3,000) for mental health counseling expenses only. A derivative victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not be eligible for reimbursement of mental health counseling expenses.

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any

psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape crisis center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to an adult victim of domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method for direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of domestic violence, the victim shall agree to not inform the offender of the location of the victim's new residence and to not allow the offender on the premises at any time, or shall agree to seek a restraining order against the offender.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars ($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize a reimbursement for the expense of renovating or retrofitting his or her residence or vehicle, or both, to make the residence accessible or the vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary. Payment for these purposes shall not exceed five thousand dollars ($5,000), except that the board may award a greater amount when justified by the disability of the victim.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (7) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to

amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) The total award to or on behalf of a victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not exceed three thousand dollars ($3,000) for mental health counseling expenses only.

(p) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 6. Section 13965 of the Government Code, as amended by Section 2 of Chapter 584 of the Statutes of 1999, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000).

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments

to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to an adult victim of domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of

receipts, lease agreements, or other documents as requested, or developing a method of direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of domestic violence, the victim shall agree to not inform the offender of the location of the victim's new residence and to not allow the offender on the premises at any time, or shall agree to seek a restraining order against the offender.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars ($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize reimbursement for the expense of renovating or retrofitting his or her residence or vehicle, or both, to make the residence accessible or the

vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary. Payment for these purposes shall not exceed five thousand dollars ($5,000), except that the board may award a greater amount when justified by the disability of the victim.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or

derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (7) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates

shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) This section shall become operative on January 1, 2003.

SEC. 7. Section 13965.1 is added to the Government Code, to read:

13965.1. (a) Pursuant to paragraphs (2) and (3) of subdivision (a) of Section 13965, the board may take any of the following actions:

(1) Authorize a cash payment to the victim equal to the pecuniary loss resulting from loss of wages directly resulting from the injury, subject to the following:

(A) Loss of wages shall not be paid by the board for more than five years following the crime, unless the victim is disabled as defined in Section 416(i) of Title 42 of the United States Code as a direct result of the injury.

(B) If the board determines, after review of an application for assistance, including the evaluation of a qualified provider, that pecuniary loss for which payment may be made under this paragraph is expected to continue more than six months after the date of approval of the victim's application for assistance, disbursement shall commence and continue on a monthly basis for the period of time pecuniary loss is expected to continue.

(2) Authorize a cash payment to an adult derivative victim for loss of wages, subject to the following:

(A) The derivative victim is the parent or legal guardian of a victim, who at the time of the crime was under the age of 18 years and is hospitalized as a direct result of the crime.

(B) The minor victim's treating physician certifies in writing that the presence of the victim's parent or legal guardian at the hospital is necessary for the treatment of the victim.

(C) Reimbursement for loss of wages under this paragraph shall not exceed the total value of the wages that would have been earned by the adult derivative victim during a 30-day period.

(3) Authorize a cash payment to an adult derivative victim for loss of wages, subject to the following:

(A) The derivative victim is the parent or legal guardian of a victim who at the time of the crime was under the age of 18 years.

(B) The victim dies as a direct result of the crime.

(C) The board shall pay for loss of wages under this subdivision for not more than 30 days from the date of the victim's death.

(4) Authorize a cash payment to a derivative victim who was legally dependent on the victim at the time of the crime for the loss of support incurred by that person as a direct result of the crime, subject to the following:

(A) Loss of support shall not be paid by the board for income lost by an adult for a period of more than five years following the date of the crime.

(B) Loss of support shall not be paid by the board on behalf of a minor for a period beyond the child's attaining the age of 18 years.

(b) The total amount payable to all derivative victims whose claims fall under this section as the result of one crime shall not exceed seventy thousand dollars ($70,000).

(c) Any change in the law resulting from the addition or amendment of this section shall be applied prospectively to claims based on the date of the crime on which the claim for loss of wages or loss of support is based.

SEC. 8. Section 13968.5 of the Government Code is amended to read:

13968.5. (a) The board shall conduct a pilot program that entitles a victim or derivative victim to be reimbursed from the Restitution Fund for grief, mourning, and bereavement services in cases of death or severe trauma, except that the services shall not include mental health services for which a state license is required. These services shall be rendered by a person certified as a child life specialist by the National Child Life Council, who has at least five years of professional experience in the field of child life, as defined by the council. These services shall be performed under the supervision of a court, hospital, physician and surgeon, licensed psychotherapist included in Section 1010 of the Evidence Code, community-based organization, or county. The board may only include in the program a certified child life specialist who has been determined by a current employer in California or a California licensing entity not to have a criminal history that would prevent that employment or the issuance of a license. If neither determination has occurred, the board shall secure from the Department of Justice a criminal record to determine whether the applicant would be disqualified from employment pursuant to Sections 45122.1 and 45123 of the Education Code, and for these purposes the board may make the determinations required by that section. The board may charge a certified child life specialist a fee for the actual cost of fingerprinting and obtaining the criminal history information required by this section. The program shall terminate on January 1, 2004. The board shall evaluate the program and, notwithstanding Section 7550.5, shall report its conclusions and recommendations to the Legislature by January 31, 2003. The board may consider whether child life specialists should be licensed by a state agency in making its recommendations to the Legislature.

(b) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 8.5. Chapter 6 (commencing with Section 13974.5) is added to Part 4 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 6. VICTIMS OF CRIME RECOVERY CENTER

13974.5. (a) The California Victim Compensation and Government Claims Board shall enter into an interagency agreement with the University of California, San Francisco, to establish a victims of crime recovery center at the San Francisco General Hospital to demonstrate the effectiveness of providing comprehensive and integrated services to victims of crime, subject to conditions set forth by the board.

(b) This section shall not apply to the University of California unless the Regents of the University of California, by appropriate resolution, make this section applicable.

(c) The board shall report to the Legislature regarding the effectiveness of the victims of crime recovery center no later than May 1, 2004.

(d) This section shall only be implemented to the extent that funding is appropriated for that purpose.

13974.7. This chapter shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 9. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments as provided in Section 1464, and shall be deposited in the Restitution Fund in the State Treasury.

(f) In every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification

of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance from the Victims of Crime Program pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5, including, but not limited to, a home security device or system, or replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make the residence accessible to or the vehicle operational by the victim, if the victim is permanently disabled, whether the disability is partial or total, as a direct result of the crime.

(4) Except as provided in paragraph (5), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may be ordered. This disclosure shall be available to the victim pursuant to Section 1214, and any use the court may make of the disclosure shall be subject to the restrictions of subdivision (g). The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(5) A defendant who fails to file the financial disclosure required in paragraph (4), but who has filed a financial affidavit or financial information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (4), and paragraphs (6), (7), (8), and (9) shall not apply.

(6) Except as provided in paragraph (5), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(7) In its discretion, the court may relieve the defendant of the duty under paragraph (6) of filing with the clerk by requiring that the

defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(8) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (4) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(9) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (4) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (4) as a condition of probation or suspended sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the

Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, ''victim'' shall include all of the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(3) ''Derivative victims'' as defined in Section 13960 of the Government Code.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13966.01 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) (1) This section shall become operative on January 1, 2000, except when all of the following apply:

(A) A majority of judges of a court apply to the Judicial Council for an extension.

(B) The judicial application described in paragraph (1) documents the need for time to adjust restitution procedures and practices, as well as to facilitate judicial education and training in direct restitution to victims under subdivision (f).

(C) The Judicial Council grants the extension upon finding good cause.

(2) Upon the grant of an extension pursuant to the application of a court under this subdivision, the provisions of former Section 1214 shall continue to apply with respect to that court. The extension may be for any period of time set by the Judicial Council, but shall not exceed January 1, 2002, in any case.

SEC. 9.5. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those

reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments as provided in Section 1464, and shall be deposited in the Restitution Fund in the State Treasury.

(f) In every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received

assistance from the Victims of Crime Program pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5, including, but not limited to, a home security device or system, or replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make the residence accessible to or the vehicle operational by the victim, if the victim is permanently disabled, whether the disability is partial or total, as a direct result of the crime.

(4) (A) If, as a result of the defendant's conduct, the Restitution Fund has provided assistance to or on behalf of a victim or derivative victim pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code, the amount of assistance provided shall be presumed to be a direct result of the defendant's criminal conduct and shall be included in the amount of the restitution ordered.

(B) The amount of assistance provided by the Restitution Fund shall be established by copies of bills submitted to the State Board of Control reflecting the amount paid by the board and whether the services for which payment was made were for medical or dental expenses, funeral or burial expenses, mental health counseling, wage or support losses, or rehabilitation. Certified copies of these bills provided by the State Board of Control and redacted to protect the privacy and safety of the victim or any legal privilege, together with a statement made under penalty of perjury by the custodian of records that those bills were submitted to and were paid by the State Board of Control, shall be sufficient to meet this requirement.

(C) If the defendant offers evidence to rebut the presumption established by this paragraph, the court may release additional information contained in the records of the State Board of Control to the defendant only after reviewing that information in camera and finding that the information is necessary for the defendant to dispute the amount of the restitution order.

(5) Except as provided in paragraph (6), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may be ordered. This disclosure shall be available to the victim pursuant to Section 1214, and any use the court may make of the disclosure shall be subject to the restrictions of subdivision (g). The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a

misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(6) A defendant who fails to file the financial disclosure required in paragraph (5), but who has filed a financial affidavit or financial information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (5), and paragraphs (7) to (10), inclusive, shall not apply.

(7) Except as provided in paragraph (6), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(8) In its discretion, the court may relieve the defendant of the duty under paragraph (7) of filing with the clerk by requiring that the defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(9) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (5) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(10) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (5) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (5) as a condition of probation or suspended sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, ''victim'' shall include all of the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(3) ''Derivative victims'' as defined in Section 13960 of the Government Code.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed

pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13966.01 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) (1) This section shall become operative on January 1, 2000, except when all of the following apply:

(A) A majority of judges of a court apply to the Judicial Council for an extension.

(B) The judicial application described in paragraph (1) documents the need for time to adjust restitution procedures and practices, as well as to facilitate judicial education and training in direct restitution to victims under subdivision (f).

(C) The Judicial Council grants the extension upon finding good cause.

(2) Upon the grant of an extension pursuant to the application of a court under this subdivision, the provisions of former Section 1214 shall continue to apply with respect to that court. The extension may be for any period of time set by the Judicial Council, but shall not exceed January 1, 2002, in any case.

SEC. 10. Section 1203.1k of the Penal Code is amended to read:

1203.1k. For any order of restitution made under Section 1203.1, the court may order the specific amount of restitution and the manner in which restitution shall be made to a victim or the Restitution Fund, to the extent that the victim has received payment from the Victims of Crime Program, based on the probation officer's report or it may, with the consent of the defendant, order the probation officer to set the amount of restitution and the manner in which restitution shall be made to a victim or the Restitution Fund, to the extent that the victim has received payment from the Victims of Crime Program. The defendant shall have the right to a hearing before the judge to dispute the determinations made by the probation officer in regard to the amount or manner in which restitution is to be made to the victim or the Restitution Fund, to the extent that the victim has received payment from the Victims of Crime Program. If the court orders restitution to be made to the Restitution

Fund, the court, and not the probation officer, shall determine the amount and the manner in which restitution is to be made to the Restitution Fund.

SEC. 11. Section 1203.3 of the Penal Code is amended to read:

1203.3. (a) The court shall have authority at any time during the term of probation to revoke, modify, or change its order of suspension of imposition or execution of sentence. The court may at any time when the ends of justice will be subserved thereby, and when the good conduct and reform of the person so held on probation shall warrant it, terminate the period of probation, and discharge the person so held.

(b) The exercise of the court's authority in subdivision (a) to revoke, modify, change, or terminate probation is subject to the following:

(1) Before any sentence or term or condition of probation is modified, a hearing shall be held in open court before the judge. The prosecuting attorney shall be given a two-day written notice and an opportunity to be heard on the matter.

(A) If the sentence or term or condition of probation is modified pursuant to this section, the judge shall state the reasons for that modification on the record.

(B) As used in this section, modification of sentence shall include reducing a felony to a misdemeanor.

(2) No order shall be made without written notice first given by the court or the clerk thereof to the proper probation officer of the intention to revoke, modify, or change its order.

(3) In all cases, if the court has not seen fit to revoke the order of probation and impose sentence or pronounce judgment, the defendant shall at the end of the term of probation or any extension thereof, be by the court discharged subject to the provisions of these sections.

(4) The court may modify the time and manner of the term of probation for purposes of measuring the timely payment of restitution obligations or the good conduct and reform of the defendant while on probation. The court shall not modify the dollar amount of the restitution obligations due to the good conduct and reform of the defendant, absent compelling and extraordinary reasons, nor shall the court limit the ability of payees to enforce the obligations in the manner of judgments in civil actions.

(5) Nothing in this section shall be construed to prohibit the court from modifying the dollar amount of a restitution order pursuant to subdivision (f) of Section 1202.4 at any time during the term of the probation.

(c) If a probationer is ordered to serve time in jail, and the probationer escapes while serving that time, the probation is revoked as a matter of law on the day of the escape.

(d) If probation is revoked pursuant to subdivision (c), upon taking the probationer into custody, the probationer shall be accorded a hearing

or hearings consistent with the holding in the case of People v. Vickers (1972) 8 Cal.3d 451. The purpose of that hearing or hearings is not to revoke probation, as the revocation has occurred as a matter of law in accordance with subdivision (c), but rather to afford the defendant an opportunity to require the prosecution to establish that the alleged violation did in fact occur and to justify the revocation.

(e) This section does not apply to cases covered by Section 1203.2.

SEC. 12. Section 730.6 of the Welfare and Institutions Code is amended to read:

730.6. (a) (1) It is the intent of the Legislature that a victim of conduct for which a minor is found to be a person described in Section 602 who incurs any economic loss as a result of the minor's conduct shall receive restitution directly from that minor.

(2) Upon a minor being found to be a person described in Section 602, the court shall consider levying a fine in accordance with Section 730.5. In addition, the court shall order the minor to pay, in addition to any other penalty provided or imposed under the law, both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (h).

(b) In every case where a minor is found to be a person described in Section 602, the court shall impose a separate and additional restitution fine. The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense as follows:

(1) If the minor is found to be a person described in Section 602 by reason of the commission of one or more felony offenses, the restitution fine shall not be less than one hundred dollars ($100) and not more than one thousand dollars ($1,000). A separate hearing for the fine shall not be required.

(2) If the minor is found to be a person described in Section 602 by reason of the commission of one or more misdemeanor offenses, the restitution fine shall not exceed one hundred dollars ($100). A separate hearing for the fine shall not be required.

(c) The restitution fine shall be in addition to any other disposition or fine imposed and shall be imposed regardless of the minor's inability to pay. This fine shall be deposited in the Restitution Fund, the proceeds of which shall be distributed pursuant to Section 13967 of the Government Code.

(d) (1) In setting the amount of the fine pursuant to subparagraph (A) of paragraph (2) of subdivision (a), the court shall consider any relevant factors including, but not limited to, the minor's ability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the minor as a result of the offense, and the extent to which others suffered losses as a result of the

offense. The losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses such as psychological harm caused by the offense.

(2) The consideration of a minor's ability to pay may include his or her future earning capacity. A minor shall bear the burden of demonstrating a lack of his or her ability to pay.

(e) Express findings of the court as to the factors bearing on the amount of the fine shall not be required.

(f) Except as provided in subdivision (g), under no circumstances shall the court fail to impose the separate and additional restitution fine required by subparagraph (A) of paragraph (2) of subdivision (a). This fine shall not be subject to penalty assessments pursuant to Section 1464 of the Penal Code.

(g) In a case in which the minor is a person described in Section 602 by reason of having committed a felony offense, if the court finds that there are compelling and extraordinary reasons, the court may waive imposition of the restitution fine required by subparagraph (A) of paragraph (2) of subdivision (a). When a waiver is granted, the court shall state on the record all reasons supporting the waiver.

(h) Restitution ordered pursuant to subparagraph (B) of paragraph (2) of subdivision (a) shall be imposed in the amount of the losses, as determined. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court at any time during the term of the commitment or probation. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record. A minor's inability to pay shall not be considered a compelling or extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of the restitution order. A restitution order pursuant to subparagraph (B) of paragraph (2) of subdivision (a), to the extent possible, shall be of a dollar amount sufficient to fully reimburse the victim or victims for all determined economic losses incurred as the result of the minor's conduct for which the minor was found to be a person described in Section 602, including all of the following:

(1) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(2) Medical expenses.

(3) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages.

Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(4) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

A minor shall have the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount on its own motion or on the motion of the district attorney, the victim or victims, or the minor. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the hearing on the motion.

(i) A restitution order imposed pursuant to subparagraph (B) of paragraph (2) of subdivision (a) shall identify the losses to which it pertains, and shall be enforceable as a civil judgment pursuant to subdivision (r). The making of a restitution order pursuant to this subdivision shall not affect the right of a victim to recovery from the Restitution Fund in the manner provided elsewhere, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the minor or the minor's parent or guardian arising out of the offense for which the minor was found to be a person described in Section 602. Restitution imposed shall be ordered to be made to the Restitution Fund to the extent that the victim, as defined in subdivision (j), has received assistance from the Victims of Crime Program pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

(j) For purposes of this section, "victim'' shall include the immediate surviving family of the actual victim.

(k) Nothing in this section shall prevent a court from ordering restitution to any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of an offense.

(*l*) Upon a minor being found to be a person described in Section 602, the court shall require as a condition of probation the payment of restitution fines and orders imposed under this section. Any portion of

a restitution order that remains unsatisfied after a minor is no longer on probation shall continue to be enforceable by a victim pursuant to subdivision (r) until the obligation is satisfied in full.

(m) Probation shall not be revoked for failure of a person to make restitution pursuant to this section as a condition of probation unless the court determines that the person has willfully failed to pay or failed to make sufficient bona fide efforts to legally acquire the resources to pay.

(n) If the court finds and states on the record compelling and extraordinary reasons why restitution should not be required as provided in paragraph (2) of subdivision (a), the court shall order, as a condition of probation, that the minor perform specified community service.

(o) The court may avoid ordering community service as a condition of probation only if it finds and states on the record compelling and extraordinary reasons not to order community service in addition to the finding that restitution pursuant to paragraph (2) of subdivision (a) should not be required.

(p) When a minor is committed to the Department of the Youth Authority, the court shall order restitution to be paid to the victim or victims, if any. Payment of restitution to the victim or victims pursuant to this subdivision shall take priority in time over payment of any other restitution fine imposed pursuant to this section.

(q) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(r) If the judgment is for a restitution fine ordered pursuant to subparagraph (A) of paragraph (2) of subdivision (a), or a restitution order imposed pursuant to subparagraph (B) of paragraph (2) of subdivision (a), the judgment may be enforced in the manner provided in Section 1214 of the Penal Code.

SEC. 12.5. Section 730.6 of the Welfare and Institutions Code is amended to read:

730.6. (a) (1) It is the intent of the Legislature that a victim of conduct for which a minor is found to be a person described in Section 602 who incurs any economic loss as a result of the minor's conduct shall receive restitution directly from that minor.

(2) Upon a minor being found to be a person described in Section 602, the court shall consider levying a fine in accordance with Section 730.5. In addition, the court shall order the minor to pay, in addition to any other penalty provided or imposed under the law, both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (h).

(b) In every case where a minor is found to be a person described in Section 602, the court shall impose a separate and additional restitution fine. The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense as follows:

(1) If the minor is found to be a person described in Section 602 by reason of the commission of one or more felony offenses, the restitution fine shall not be less than one hundred dollars ($100) and not more than one thousand dollars ($1,000). A separate hearing for the fine shall not be required.

(2) If the minor is found to be a person described in Section 602 by reason of the commission of one or more misdemeanor offenses, the restitution fine shall not exceed one hundred dollars ($100). A separate hearing for the fine shall not be required.

(c) The restitution fine shall be in addition to any other disposition or fine imposed and shall be imposed regardless of the minor's inability to pay. This fine shall be deposited in the Restitution Fund, the proceeds of which shall be distributed pursuant to Section 13967 of the Government Code.

(d) (1) In setting the amount of the fine pursuant to subparagraph (A) of paragraph (2) of subdivision (a), the court shall consider any relevant factors including, but not limited to, the minor's ability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the minor as a result of the offense, and the extent to which others suffered losses as a result of the offense. The losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses such as psychological harm caused by the offense.

(2) The consideration of a minor's ability to pay may include his or her future earning capacity. A minor shall bear the burden of demonstrating a lack of his or her ability to pay.

(e) Express findings of the court as to the factors bearing on the amount of the fine shall not be required.

(f) Except as provided in subdivision (g), under no circumstances shall the court fail to impose the separate and additional restitution fine required by subparagraph (A) of paragraph (2) of subdivision (a). This fine shall not be subject to penalty assessments pursuant to Section 1464 of the Penal Code.

(g) In a case in which the minor is a person described in Section 602 by reason of having committed a felony offense, if the court finds that there are compelling and extraordinary reasons, the court may waive imposition of the restitution fine required by subparagraph (A) of

paragraph (2) of subdivision (a). When a waiver is granted, the court shall state on the record all reasons supporting the waiver.

(h) Restitution ordered pursuant to subparagraph (B) of paragraph (2) of subdivision (a) shall be imposed in the amount of the losses, as determined. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court at any time during the term of the commitment or probation. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record. A minor's inability to pay shall not be considered a compelling or extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of the restitution order. A restitution order pursuant to subparagraph (B) of paragraph (2) of subdivision (a), to the extent possible, shall identify each victim, unless the court for good cause finds that the order should not identify a victim or victims, and the amount of each victim's loss to which it pertains, and shall be of a dollar amount sufficient to fully reimburse the victim or victims for all determined economic losses incurred as the result of the minor's conduct for which the minor was found to be a person described in Section 602, including all of the following:

(1) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(2) Medical expenses.

(3) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(4) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

A minor shall have the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the

amount on its own motion or on the motion of the district attorney, the victim or victims, or the minor. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the hearing on the motion. When the amount of victim restitution is not known at the time of disposition, the court order shall identify the victim or victims, unless the court finds for good cause that the order should not identify a victim or victims, and state that the amount of restitution for each victim is to be determined. When feasible, the court shall also identify on the court order, any cooffenders who are jointly and severally liable for victim restitution.

(i) A restitution order imposed pursuant to subparagraph (B) of paragraph (2) of subdivision (a) shall identify the losses to which it pertains, and shall be enforceable as a civil judgment pursuant to subdivision (r). The making of a restitution order pursuant to this subdivision shall not affect the right of a victim to recovery from the Restitution Fund in the manner provided elsewhere, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the minor or the minor's parent or guardian arising out of the offense for which the minor was found to be a person described in Section 602. Restitution imposed shall be ordered to be made to the Restitution Fund to the extent that the victim, as defined in subdivision (j), has received assistance Victims of Crime Program pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

(j) For purposes of this section, ''victim'' shall include the immediate surviving family of the actual victim.

(k) Nothing in this section shall prevent a court from ordering restitution to any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of an offense.

(*l*) Upon a minor being found to be a person described in Section 602, the court shall require as a condition of probation the payment of restitution fines and orders imposed under this section. Any portion of a restitution order that remains unsatisfied after a minor is no longer on probation shall continue to be enforceable by a victim pursuant to subdivision (r) until the obligation is satisfied in full.

(m) Probation shall not be revoked for failure of a person to make restitution pursuant to this section as a condition of probation unless the court determines that the person has willfully failed to pay or failed to make sufficient bona fide efforts to legally acquire the resources to pay.

(n) If the court finds and states on the record compelling and extraordinary reasons why restitution should not be required as provided

in paragraph (2) of subdivision (a), the court shall order, as a condition of probation, that the minor perform specified community service.

(o) The court may avoid ordering community service as a condition of probation only if it finds and states on the record compelling and extraordinary reasons not to order community service in addition to the finding that restitution pursuant to paragraph (2) of subdivision (a) should not be required.

(p) When a minor is committed to the Department of the Youth Authority, the court shall order restitution to be paid to the victim or victims, if any. Payment of restitution to the victim or victims pursuant to this subdivision shall take priority in time over payment of any other restitution fine imposed pursuant to this section.

(q) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(r) If the judgment is for a restitution fine ordered pursuant to subparagraph (A) of paragraph (2) of subdivision (a), or a restitution order imposed pursuant to subparagraph (B) of paragraph (2) of subdivision (a), the judgment may be enforced in the manner provided in Section 1214 of the Penal Code.

SEC. 13. The sum of two million four hundred fifty thousand dollars ($2,450,000) is hereby appropriated from the Restitution Fund to the California Victim Compensation and Government Claims Board for implementation of the interagency agreement specified in Section 13974.5 of the Government Code, as added by Section 8.5 of this act, for the purpose of establishing a victims of crime recovery center at the San Francisco General Hospital.

SEC. 14. Section 9.5 of this bill incorporates amendments to Section 1202.4 of the Penal Code proposed by both this bill and SB 1802. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 1202.4 of the Penal Code, and (3) this bill is enacted after SB 1802, in which case Section 9 of this bill shall not become operative.

SEC. 15. Section 12.5 of this bill incorporates amendments to Section 730.6 of the Welfare and Institutions Code proposed by both this bill and SB 1943. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 730.6 of the Welfare and Institutions Code, and (3) this

bill is enacted after SB 1943, in which case Section 12 of this bill shall not become operative.

CHAPTER 1017

An act to add Chapter 4.7 (commencing with Section 39760) to Part 2 of Division 26 of the Health and Safety Code, relating to agricultural biomass, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

This bill would create a $10 million account administered by the Department of Food and Agriculture to provide incentives for businesses that use rice straw for agricultural biomass projects. I have reduced the appropriation from $10 million to $2 million.

This measure will help California utilize agricultural biomass as a means of avoiding landfill use, preventing air pollution, and enhancing environmental quality. It will help to create hundreds of direct and indirect jobs in Northern California communities with historically high levels of unemployment. AB 2514 will foster alternative uses for rice straw and create new markets for recycled rice straw products.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.7 (commencing with Section 39760) is added to Part 2 of Division 26 of the Health and Safety Code, to read:

CHAPTER 4.7. AGRICULTURAL BIOMASS UTILIZATION ACCOUNT

39760. The Legislature hereby finds and declares that the rice industry has led many other commodity groups in developing alternatives to open-field burning. In order to aid in the continuation of this role of leadership within the agricultural industry and to enable the transition to a free-market utilization of biomass, funds are needed to provide grants to persons that utilize agricultural biomass and rice straw.

39761. For the purposes of this chapter, the following terms mean:

(a) ''Department'' means the Department of Food and Agriculture.

(b) ''Secretary'' means the Secretary of Food and Agriculture.

39762. (a) (1) The Agricultural Biomass Utilization Account is hereby created in the Department of Food and Agriculture Fund.

(2) The sum of 10 million dollars ($10,000,000) is hereby appropriated from the General Fund to the Agricultural Biomass Utilization Account for expenditure for the purposes identified in subdivision (b).

(b) The account shall be administered by the department, in consultation with the State Air Resources Board and the California Integrated Waste Management Board, for the purpose of providing grants to persons that utilize agricultural biomass as a means of avoiding landfill use, preventing air pollution, and enhancing environmental quality.

(c) Moneys in the account shall include moneys transferred from the General Fund pursuant to subdivision (a) and any moneys solicited by the secretary from other sources.

(d) The secretary shall actively solicit funds from other federal, state, and private sources with the goal of initially supplementing and eventually supplanting the appropriation from the General Fund made pursuant to subdivision (a).

(e) The department may implement similar grant programs for other commodity groups that are used for the purposes set forth in paragraphs (1) to (6), inclusive, of subdivision (e) of Section 39763.

(f) The department shall not utilize more than 7 percent of the funds described in subdivision (a) for the administration of the account.

39763. (a) The funds appropriated by paragraph (2) of subdivision (a) of Section 39762, less administrative costs, shall be dedicated for grants to persons that utilize rice straw.

(b) Grants shall be provided pursuant to this chapter in a manner to be determined by the department, and shall include, but shall not be limited to, grants on a per-ton basis and a per-project basis.

(c) On or before July 1 of each year, the secretary shall set the per-ton grant level in an amount of not less than twenty dollars ($20) per ton of rice straw so utilized.

(d) Grants shall not be provided pursuant to this section for the purchase of any rice straw for which a tax credit has been claimed pursuant to Section 17052.10 of the Revenue and Taxation Code.

(e) A per-ton grant may be provided pursuant to this chapter only if the applicant is the ''end-user'' of agricultural biomass. For purposes of this subdivision, ''end user'' means a person who uses agricultural biomass for any of the following purposes:

(1) Processing.

(2) Generating energy.

(3) Manufacturing.

(4) Exporting.

(5) Preventing erosion.

(6) Any other environmentally sound purpose, excluding open-field burning, as determined to be appropriate by the department.

(f) Criteria to be considered by the department in determining whether to award a grant pursuant to this chapter shall include, but shall not be limited to, the following:

(1) Quantity of biomass to be utilized.

(2) Whether the proposed use offers other environmental or public policy benefits, including but not limited to, landfill avoidance, pollution prevention, electrical generation, and sustainability.

(3) The degree to which the proposed grant would assist in moving the commodity group toward an eventual free market utilization of biomass without the assistance of government.

(g) The secretary shall select grant recipients in consultation with the State Air Resources Board, the Integrated Waste Management Board, and the advisory committee created pursuant to subdivision (*l*) of Section 41865 from a list of potential grantees recommended by the Department of Food and Agriculture.

CHAPTER 1018

An act to add Chapter 6 (commencing with Section 42800) to Part 4 of Division 26 of the Health and Safety Code, and to add Chapter 8.5 (commencing with Section 25730) to Division 15 of the Public Resources Code, relating to air pollution.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 42800) is added to Part 4 of Division 26 of the Health and Safety Code, to read:

CHAPTER 6. CALIFORNIA CLIMATE ACTION REGISTRY

Article 1. Findings and Declarations

42800. This chapter shall be known, and may be cited, as the California Climate Action Registry.

42801. The Legislature finds and declares all of the following:

(a) It is in the best interest of the State of California, the United States of America, and the earth as a whole, to encourage voluntary actions to achieve all economically beneficial reductions of greenhouse gas emissions from California sources.

(b) Mandatory greenhouse gas emissions reductions may be imposed on California sources at some future point, and in view of this, the state has a responsibility to use its best efforts to ensure that organizations that voluntarily reduce their emissions receive appropriate consideration for

emissions reductions made prior to the implementation of any mandatory programs.

(c) Past initiatives in the state that took early and responsible action to reduce air pollution and ozone smog have demonstrated political, economic, and technological leadership, and have proven to benefit the state.

(d) The state's tradition of environmental leadership should be recognized through the establishment of a registry to provide documentation of those greenhouse gas emissions reductions that are voluntarily achieved by sources in the state.

(e) The state hereby commits to use its best efforts to ensure that organizations that establish greenhouse gas emissions baselines and register emissions results that are verified in accordance with this chapter receive appropriate consideration under any future international, federal, or state regulatory scheme relating to greenhouse gas emissions. The state cannot guarantee that any regulatory regime relating to greenhouse gas emissions will recognize the baselines or reductions recorded in the registry.

Article 2. Purposes

42810. The purposes of the California Climate Action Registry shall be to do all of the following:

(a) Help various entities in the state to establish emissions baselines against which any future federal greenhouse gas emission reduction requirements may be applied.

(b) Encourage voluntary actions to increase energy efficiency and reduce greenhouse gas emissions.

(c) Enable participating entities to record voluntary greenhouse gas emissions reductions made after 1990 in a consistent format that is supported by third-party verification.

(d) Ensure that sources in the state receive appropriate consideration for verified emissions reductions under any future federal regulatory regime relating to greenhouse gas emissions.

(e) Recognize, publicize, and promote registrants making voluntary reductions.

(f) Recruit broad participation in the process from all economic sectors and regions of the state.

Article 3. Climate Action Registry

42820. The Secretary of the Resources Agency shall establish a nonprofit public benefit corporation, to be known as the California Climate Action Registry.

42821. (a) The registry shall be governed by a seven-member board of directors, to be composed of all of the following members:

(1) The Secretary of the Resources Agency, or his or her designee.

(2) The Secretary for Environmental Protection, or his or her designee.

(3) Five public members representing business, local government, and public interest environmental organizations, to be appointed by the Governor for two-year terms, staggered so that, initially, three public members serve one-year terms and two members serve two-year terms.

(b) The board of directors of the registry is responsible for ensuring that the registry fulfills the purposes established by this chapter and meets the financial, reporting, and operating requirements of its articles of incorporation. The board of directors shall appoint and supervise an executive director, who shall hire and direct staff.

42822. (a) The procedures for monitoring, reporting, and verifying greenhouse gas emissions established by this chapter shall be the only protocols recognized by the state for the purpose of defining and reporting greenhouse gas emissions.

(b) The registry shall adopt a schedule of fees and, after an initial startup period, charge participants for registry services to cover the costs of its operations.

42823. The registry shall perform all of the following functions:

(a) Provide referrals to approved providers for advice on all of the following:

(1) Designing programs to establish emissions baselines and to monitor and track greenhouse gas emissions.

(2) Establishing emissions reduction goals based on international best practices for specific industries and economic sectors.

(3) Designing and implementing organization-specific plans that improve energy efficiency or utilize renewable energy, or both, and that are capable of achieving emission reduction targets.

(b) In coordination with the State Energy Resources Conservation and Development Commission, the registry shall adopt and periodically update a list of organizations recognized by the state as qualified to provide the detailed technical advice in subdivision (a) and assist participants in identifying and selecting providers that have expertise applicable to each participant's circumstances.

(c) Adopt standards for verifying emissions and reductions.

(d) Qualify independent firms that have demonstrated the capability of verifying and auditing emissions and reduction quantities and performance, and that are capable of providing opinions regarding the accuracy of reported results.

(e) Refer participants to qualified independent auditing firms.

(f) Adopt a uniform format for reporting emissions baselines and reductions to facilitate their recognition in any future regulatory regime.

(g) Maintain a record of all emissions baselines and reductions verified by qualified independent auditors. The public shall have access to this record, except for any portions of a participant's emissions results that a participant may deem confidential.

(h) Encourage organizations from various sectors of the state's economy, and those from various geographic regions of the state, to monitor emissions, establish baselines and reduction targets, and implement efficiency improvement and renewable energy programs to achieve those targets.

(i) Recognize, publicize, and promote participants that do any of the following:

(1) Commit to monitor their emissions and set reduction targets.

(2) Establish emissions baselines.

(3) Report the quantity of their annual emissions progress.

42824. Participation in the registry is voluntary. Any entity conducting business in the state may register its emissions results, including emissions generated outside of the state, on an entitywide basis with the registry, and may utilize the services of the registry.

Article 4. Procedures for Reporting, Monitoring, and Verifying Emissions

42840. (a) Participants shall utilize the following reporting procedures:

(1) To establish an emissions baseline, participants shall report their actual emissions for the most recent year for which they have complete energy use and fuel consumption data as specified in this chapter. Participants that have complete energy use or fuel consumption data for earlier years that can be verified by independent auditors may establish their baseline as any year beginning after January 1, 1990. After establishing a baseline, participants shall report their verified emissions results in each subsequent year in order to record changes in emissions levels with respect to their baseline year. Participants may report annual emission results without establishing an emissions baseline.

(2) (A) Participants shall report emissions baselines and annual emissions results expressed by a fraction in terms of emissions efficiency rates, as follows:

(i) Private corporations and cooperatives other than electric generators shall report carbon dioxide emissions per dollar of revenue.

(ii) Electric generators shall report emissions of carbon dioxide per kilowatthour.

(iii) Nonprofit organizations and governmental agencies shall report carbon dioxide emissions per dollar of budgetary expenditure plus amortized capital expenditures.

(iv) Participants shall report both the numerator and the denominator of the fraction that determines their emission efficiency rate.

(B) The numerator utilized by each participant under subparagraph (A) shall include all actual emissions of greenhouse gases, expressed in terms of carbon dioxide equivalence. Participants shall report revenue and budgetary expenditures in year 2000 constant dollars.

(C) To complement or replace the general metrics described in subparagraph (A), the registry shall adopt industry-specific reporting metrics, linked to or based upon internationally accepted standards, as these become available, if both the State Energy Resources Conservation and Development Commission and the State Air Resources Board recommend their adoption, unless the board of directors of the registry determines that using industry-specific metrics would not further the purposes of this chapter.

(D) To help ensure that reported emissions do not diverge from actual emissions results, emissions reporting from corporations in industries deemed by the board of directors of the registry to be facing rapid changes in prices for their goods or services may be adjusted pursuant to a process to be recommended by the State Energy Resources Conservation and Development Commission.

(E) The registry may adopt guidelines encouraging participants to report emissions in relation to the annual average business-as-usual rate of improvement in the energy efficiency of the state economy, as determined periodically by the State Energy Resources Conservation and Development Commission.

(b) Participants shall report direct emissions and indirect emissions. Direct emissions include, but are not limited to, those emissions directly influenced by the participant's operations, including onsite combustion, fugitive noncombustion emissions, and vehicles owned and operated by the participant. Indirect emissions include, but are not limited to, those emissions embodied in electricity consumption and those resulting from offsite steam generation and district heating and cooling. After two years of operation, the registry shall consider phasing in guidelines for the measurement and reporting of indirect emissions associated with a participant's transportation-based activities, including, but not limited to, shipping of products and materials, employee commuting, and purchased air travel, pursuant to definitions and measurement procedures to be determined by the State Energy Resources Conservation and Development Commission not later than July 1, 2003.

(c) (1) All participants shall report direct and indirect emissions of carbon dioxide (CO_2).

(2) The registry shall also encourage participants to monitor and report emissions of the following gases:

(A) Hydrofluorocarbons (HFCs).

(B) Methane (CH_4).

(C) Oxides of nitrogen (N_2O).

(D) Perfluorocarbons (PFCs).

(E) Sulfur hexafluoride (SF_6).

(3) The report of information specified in paragraph (2) is optional for three years after a participant joins the registry. After participating in the registry for a total of three years, participants shall report emissions and reductions required by both paragraphs (1) and (2).

(4) Emissions and reductions of all gases under this subdivision shall be reported by multiplying actual measured emissions times their global warming potential for the 100-year timeframe, expressed as an equivalent of pounds of CO_2, as established by the Intergovernmental Panel on Climate Change.

(d) The basic unit of participation in the registry shall be an entity in its entirety. For the purposes of this chapter, ''entity'' means any corporation filing a separate tax return, any city or county, and each state government agency. The registry shall not record emissions baselines and reductions for individual facilities or projects, except to the extent they are included in an entity's emissions reporting.

(1) Corporations may report emissions baselines and annual emissions results from subsidiaries if the parent corporation submits, in writing to the registry, a commitment to report corporatewide emissions within three years of first registering its subsidiary's emissions results. Corporations that do not report corporatewide emissions within this three-year period shall have the emissions baselines and the results of its previously registered subsidiary removed from the registry list.

(2) Participants shall report emissions from all sources in the state when they initially register, and shall report emissions from all operations based in the United States, including any facility, division, or other entity in which the participant owns more than 50-percent interest within three years of joining the registry. In addition, the registry shall encourage corporations with operations outside of the United States to register their total worldwide emissions baselines and annual emissions results.

(3) To ensure that reported emissions reflect actual emissions reductions, participants that outsource production or services shall report emissions associated with the outsourced activity, and remove these emissions from their emissions baseline. The subcontracted entity, if it voluntarily chooses to participate in the registry shall report emissions associated with the outsourced activities it has taken over. Participants shall attest at least once each year that the entity has not

outsourced any emissions, or that if it has, that all emissions associated with the outsourced activity have been reported and subtracted from the entity's baseline emissions.

(4) To prevent changes in vertical integration within corporations from leading to apparent emissions reductions when in fact no reductions have occurred, the registry shall treat mergers, acquisitions, and divestitures as follows:

(A) The emissions baselines of any merged or acquired entity shall be added together, and the registry shall treat the resulting entity as if it had been one corporation from the beginning.

(B) In divestitures, the emissions baselines of the affected corporations shall be split, with the effect that the registry shall treat them as if they had been separate corporations from the beginning. If the divested corporation is purchased by another firm, the registry shall treat that purchase as a merger with the purchasing corporation. If the divested corporation remains a separate entity after the divestiture, its registry baseline shall reflect the emissions associated with the entity's operations before the divestiture. Corporations that divest operations may allocate verified emissions reductions achieved prior to the divestiture among the divesting and the divested entities, and the registry shall adjust their baselines accordingly.

(C) Any such adjustments for changes in vertical integration shall be verified in the annual emissions audits required for recordation of emissions results.

42841. (a) To support the measurement and reporting of emissions in a consistent format, the registry shall adopt standardized forms and emissions tracking software that all participants shall use to calculate and report emissions. The registry may choose to accept the forms presently required by other voluntary emissions reporting programs if it finds the forms adequate to meet the criteria of this chapter. Use of any other forms shall not alter any requirements imposed by this chapter.

(b) The procedures established for all of the following shall conform to the requirements of Article 6 (commencing with Section 42870):

(1) Establishing electricity and fuel usage and for calculating associated emissions.

(2) Mass-balance calculations of emissions from, or stack testing or continuous emissions monitoring of, greenhouse gases from onsite fuel combustion.

(3) Measuring and verifying noncombustion emissions of the gases listed in paragraphs (1) and (2) of subdivision (c) of Section 42840.

(4) Collecting and maintaining data and records of energy, fuel, and chemical consumption sufficient to allow contemporaneous and ex post verification of direct and indirect emissions.

42842. (a) Participants in the registry shall hire, at their own expense, a third-party organization qualified pursuant to subdivision (b) to independently verify and attest to the accuracy of the emissions results reported to the registry each year.

(b) The registry shall adopt an approved list of organizations recognized as competent to measure, test, and verify emissions results and able to provide an independent opinion as to the completeness and accuracy thereof. The process for evaluating and approving these organizations shall be developed in coordination with the State Energy Resources Conservation and Development Commission. The registry may reopen the qualification process periodically in order for new organizations to be added to the approved list.

(c) The registry shall refer participants to the organization on the approved list described in subdivision (b).

(d) Organizations approved pursuant to subdivision (b) shall review participants' energy usage records and emissions calculations and, where necessary to establish or confirm emissions rates or quantities, perform direct measurement, monitoring, and testing of emissions after noting adjustments or otherwise accounting for any changes in the corporate organization of the entity or use of outsourcing, and shall summarize its review in a report to the board of directors, or equivalent governing body, of the participating entity, attesting to the accuracy of the reported emissions results and noting any exceptions, omissions, limitations, or other qualifications to their representation of accuracy.

(e) The State Energy Resources Conservation and Development Commission shall perform an occasional review and evaluation of participants' emissions monitoring and documentation, by accompanying third-party auditors on field visits to participants' sites on a randomly chosen basis, and shall report any findings in writing to the registry. The registry shall include these findings in the annual report to the Governor and the Legislature required by Article 5 (commencing with Section 42860).

42843. Not later than July 1, 2003, and periodically thereafter, the registry shall evaluate and review the emission reporting metrics described in subdivision (b) of Section 42870, in light of knowledge gained from the actual practice of measuring, monitoring, documenting, and verifying emissions, and, in consultation with the State Energy Resources Conservation and Development Commission, may modify or revise those reporting metrics as appropriate to further the purposes of this chapter.

Article 5. Annual Report

42860. Not later than July 1, 2003, and biennially thereafter, the registry shall report to the Governor and the Legislature on the number of organizations participating in the registry, the percentage of the state's emissions represented by the participants in the registry, and the reductions in greenhouse gas emissions achieved by those participants.

Article 6. Responsibilities of the State Energy Resources Conservation and Development Commission

42870. The State Energy Resources Conservation and Development Commission shall do all of the following:

(a) Develop a process to identify and qualify third-party organizations approved to provide technical assistance and advice in any or all of the areas of monitoring greenhouse gas emissions, set industry-specific emissions reduction targets, and develop and implement efficiency improvement programs appropriate to various industries and economic sectors. The process shall do all of the following:

(1) Define the minimum technical and organizational capabilities and other qualifications approved firms are required to meet.

(2) Call for applications or otherwise encourage interested organizations to submit their qualifications for review.

(3) Evaluate applicant organizations according to this list of qualification standards.

(4) Recommend, not later than July 1, 2001, specific organizations to the registry as qualified to provide the technical assistance functions of this chapter.

(5) Update the list of approved technical assistance providers every third year by doing all of the following:

(A) Reviewing the capabilities of already approved providers.

(B) Reviewing applications of new providers.

(C) Recommending to the registry specific organizations to be added to the approved list, and specific organizations no longer qualified to provide the technical assistance duties of this chapter.

(b) Develop or update certain emissions reporting metrics by doing all of the following:

(1) Review, in coordination with the State Air Resources Board, industry-specific greenhouse gas reporting metrics linked to or based on internationally accepted standards, as these become available periodically and advise the registry of its opinion as to whether the adoption of such sectoral or industry-specific metrics to complement or

replace the general metrics established in Section 42840 would further the purposes of this chapter.

(2) On or before July 1, 2001, develop an emissions reporting metric for corporations in industries experiencing rapid changes in real prices, to ensure that reported emissions efficiency rates do not diverge from actual changes in emissions efficiency, and recommend this metric to the registry for adoption.

(3) On or before July 1, 2003, determine the annual average business-as-usual rate of improvement in the energy efficiency of the state economy over the last 10 years and recommend to the registry whether participants in the registry should explicitly report emissions in relation to this ongoing rate of efficiency improvement.

(4) By July 1, 2003, recommend to the registry for possible adoption a procedure for defining and measuring transportation-based emissions associated with registry participants' activities, including, but not limited to, shipping of products and materials, employee commuting, and purchased air travel.

(c) Develop, not later than July 1, 2001, definitive procedures to guide registry participants and third-party verifiers in all of the following processes:

(1) Establishing entities' electricity usage and calculating CO_2 emissions associated with such usage.

(2) Establishing entities' fuel usage and calculating CO_2 emissions associated with such usage.

(3) Determining, for emissions from onsite fuel combustion, the circumstances in which mass-balance calculations may be used to estimate emissions, the circumstances in which stack testing or continuous emissions monitoring of greenhouse gases shall be considered necessary, and the procedures for conducting stack testing or monitoring when they are considered necessary.

(4) Measuring and verifying the noncombustion emissions of the six greenhouse gases with which the registry is concerned.

(5) Collecting and maintaining data and records of energy, fuel, and chemical consumption sufficient to allow both contemporaneous and ex post verifications of direct and indirect emissions on an entity-wide basis.

(d) Develop, not later than January 1, 2002, a process for qualifying verification and auditing organizations recognized by the State of California as competent to measure, test, and verify the emissions results of the types of entities that may choose to participate in this registry, by doing all of the following:

(1) Developing a list of the minimum technical and organizational capabilities and other qualification standards such verification and auditing organizations shall meet. Those qualifications shall include the

ability to sign an opinion letter, for which they may be held financially at risk, and attesting that the emissions results they have corroborated or reviewed are complete and accurate as reported.

(2) Publicizing an applications process or otherwise encouraging interested organizations to submit their qualifications for review.

(3) Evaluating applicant organizations according to the list of qualifications described in paragraph (1).

(4) Recommending specific third-party organizations to the registry as qualified to verify participants' actual emissions results in accordance with this chapter.

(5) Every third year, updating the list of approved verification organizations by doing all of the following:

(A) Reviewing the capabilities of approved organizations.

(B) Reviewing applications of organizations seeking to become approved.

(C) Recommending to the registry specific organizations to be added to the approved list, and specific organizations no longer qualified to perform the duties of this chapter.

(e) Occasionally, and on a random basis, accompany third-party auditors on field visits to participants' sites, to observe and evaluate the adequacy of any stack testing or other direct monitoring procedures, perform their own review of the documentation underlying participants' basis for reporting emissions, and report in writing to the registry on these findings, all to further ensure that reported emissions results accurately reflect actual emissions; that registry participants collect and retain adequate data on their energy and fuel use; and that qualified independent verification and auditing firms monitor and verify actual emissions in accordance with this chapter.

SEC. 2. Chapter 8.5 (commencing with Section 25730) is added to Division 15 of the Public Resources Code, to read:

CHAPTER 8.5. CLIMATE CHANGE INVENTORY AND INFORMATION

25730. The commission, in consultation with the State Air Resources Board, the Department of Forestry and Fire Protection, the Department of Transportation, the State Water Resources Control Board, the California Integrated Waste Management Board, and other state agencies with jurisdiction over matters affecting climate change, shall do all of the following:

(a) On or before January 1, 2002, update the inventory of greenhouse gas emissions from all sources located in the state, as identified in the commission's 1998 report entitled, ''Appendix A: Historical and Forecasted Greenhouse Gas Emissions Inventories for California.'' Information on natural sources of greenhouse gas emissions shall be

included to the extent that information is available. The inventory shall include information that compares emissions from similar inventories prepared for the United States and other states or countries, and shall include information on relevant current and previous energy and air quality policies, activities, and greenhouse gas emissions reductions and trends since 1990, to the extent that information is available.

(b) Acquire and develop data and information on global climate change, and provide state, regional, and local agencies, utilities, business, industry, and other energy and economic sectors with information on the costs, technical feasibility, and demonstrated effectiveness of methods for reducing or mitigating the production of greenhouse gases from in-state sources, including net reductions through the management of natural forest reservoirs. The commission, in consultation with the State Air Resources Board, shall provide a variety of forums for the exchange of that information among interested parties, and shall provide other state agencies with information on cost-effective and technologically feasible methods that can be used to reduce or mitigate the emissions of greenhouse gases.

(c) Update its inventory every five years using current scientific methods, and report on the updated inventory to the Governor and the Legislature.

(d) Conduct at least one public workshop prior to finalizing each updated inventory. The commission shall post its report and inventory on the commission's web page on the Internet.

(e) Convene an interagency task force consisting of state agencies with jurisdiction over matters affecting climate change to ensure policy coordination at the state level for those activities.

(f) Establish a climate change advisory committee, to the extent that the commission determines that it can do so within existing resources. This advisory committee shall make recommendations to the commission on the most equitable and efficient ways to implement international and national climate change requirements based on cost, technical feasibility, and relevant information on current energy and air quality policies and activities and on greenhouse gas emissions reductions and trends since 1990. The commission shall designate one of its commissioners as chair, and shall include on the advisory committee members who represent business, including major industrial and energy sectors, utilities, forestry, agriculture, local government, and environmental groups. The meetings of the advisory committee shall be open to the public, and shall provide an opportunity for the public to be heard on matters considered by the advisory committee.

(f) Projects should demonstrate all of the following:

(1) Technical and economic feasibility.

(2) The capability to become profitable within five years.

(3) Cost-effectiveness.

(4) The extent to which the program mitigates or avoids adverse environmental impacts.

(g) This section shall not become operative until moneys are appropriated for deposit in the Rice Straw Demonstration Project Grant Fund, created pursuant to Section 39751, by the Legislature, or until moneys are transferred to that fund by any other entity.

CHAPTER 1020

An act to amend Sections 22652, 22662, 22705, 22802, 23200, 23201, 23202, 24750, and 24751 of, to add Sections 24300.6, 26144.5, 26403, 26501.5, and 26503.5 to, and to repeal Section 26401.5 of, the Education Code, relating to teachers' retirement, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 22652 of the Education Code is amended to read:

22652. (a) Upon the legal separation or dissolution of marriage of a member, other than a retired member, the court shall include in the judgment or a court order the date on which the parties separated.

(b) The court may order in the judgment or court order that the member's accumulated retirement contributions and service credit under the Defined Benefit Program, or an amount equal to the member's Defined Benefit Supplement account balance, or both, under this part that are attributable to periods of service during the marriage be divided into two separate and distinct accounts in the name of the member and the nonmember spouse, respectively. Any service credit and accumulated retirement contributions under the Defined Benefit Program and any accumulated Defined Benefit Supplement account balance under this part that are not explicitly awarded by the judgment or court order shall be deemed the exclusive property of the member in the Defined Benefit Program or the Defined Benefit Supplement Program, as applicable.

(c) The determination of the court of community property rights pursuant to this section shall be consistent with this chapter and shall address the rights of the nonmember spouse, including, but not limited to, the following:

(1) The right to a retirement allowance under the Defined Benefit Program and, if applicable, a retirement benefit under the Defined Benefit Supplement Program.

(2) The right to a refund of accumulated retirement contributions under the Defined Benefit Program and the return of the accumulated Defined Benefit Supplement account balance that were awarded to the nonmember spouse.

(3) The right to redeposit all or a portion of accumulated retirement contributions previously refunded to the member which the member is eligible to redeposit pursuant to Sections 23200 to 23203, inclusive, and shall specify the shares of the redeposit amount awarded to the member and the nonmember spouse .

(4) The right to purchase additional service credit that the member is eligible to purchase pursuant to Sections 22800 to 22810, inclusive, and shall specify the shares of the additional service credit awarded to the member and the nonmember spouse .

SEC. 2. Section 22662 of the Education Code is amended to read:

22662. The nonmember spouse who is awarded a separate account under the Defined Benefit Program may redeposit accumulated retirement contributions previously refunded to the member in accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may redeposit under this part only those accumulated retirement contributions that were previously refunded to the member and in which the court has determined the nonmember spouse has a community property interest.

(b) The nonmember spouse shall inform the system in writing of his or her intent to redeposit within 180 days after the judgment or court order that specifies the redeposit rights of the nonmember spouse is entered. The nonmember spouse's election to redeposit shall be made on a form provided by the system within 30 days after the system mails an election form and the billing.

(c) If the nonmember spouse elects to redeposit under the Defined Benefit Program, he or she shall repay all or a portion of the member's refunded accumulated retirement contributions that were awarded to the nonmember spouse and shall pay regular interest from the date of the refund to the date of payment.

(d) An election to redeposit shall be considered an election to repay all or a part of accumulated retirement contributions previously refunded under the Defined Benefit Program in which the nonmember spouse has a community property interest. All payments shall be received by the system before the effective date of the nonmember spouse's retirement under the Defined Benefit Program. If any payment due because of the election is not received at the system's office in Sacramento within 120

days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(e) The right of the nonmember spouse to redeposit shall be subject to Section 23203.

(f) The member shall not have a right to redeposit the share of the nonmember spouse in the previously refunded accumulated retirement contributions under this part whether or not the nonmember spouse elects to redeposit. However, any accumulated retirement contributions previously refunded under this part and not explicitly awarded to the nonmember spouse under this part by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 3. Section 22705 of the Education Code is amended to read:

22705. No service shall be included under this part for which a member of the Defined Benefit Program is entitled to receive a retirement benefit in a lump sum or installment payments, for other than military service, from any public retirement system other than this system, or under the American Gratuity Act No. 4151 relating to service in the Philippine Islands under which 15 or more years of creditable service has accrued, or the San Francisco City and County Employees Retirement System. If a retired member under this part becomes entitled to such a retirement benefit, his or her retirement allowance shall be reduced thereafter to exclude the service upon which the retirement benefit is based, without other change in his or her retirement status. This section shall not apply to any retirement benefit received from a defined contribution plan that is qualified under Section 401(a), Section 403(b), or Section 457 of the Internal Revenue Code.

SEC. 4. Section 22802 of the Education Code is amended to read:

22802. (a) A member who was previously excluded from membership in the Defined Benefit Program may elect to receive credit for:

(1) Service as a substitute excluded under Section 22602.

(2) Service performed on a part-time basis excluded under Section 22601.5 or Section 22604.

(3) Adult education service excluded under Section 22603, as it read on December 31, 1995.

(4) Service as a school nurse excluded under Section 22606, as it read on December 31, 1995.

(5) Service performed in a position prior to the date the position was made subject to coverage under the Defined Benefit Program.

(6) Service subject to coverage under the Defined Benefit Program performed while a member of another California public retirement system, provided the member has ceased to be a member of, and has ceased to be entitled to benefits from, the other retirement system. The member shall not receive credit for the service if the member may

redeposit withdrawn contributions and subsequently be eligible for any benefits based upon the same service or based upon other full-time service performed during the same period, from another California public retirement system.

(b) A member who elects to receive credit under this part for service performed while excluded from membership under the Defined Benefit Program shall pay all of the required contributions for all or the portion of that service for which the member elects to receive credit.

SEC. 5. Section 23200 of the Education Code is amended to read:

23200. (a) If a person, whose accumulated retirement contributions have been refunded, again becomes a member of the Defined Benefit Program or is subject to Section 23201, the person may elect to redeposit all or a portion of those contributions with regular interest from the date of refund to the date of payment.

(b) For time prior to July 1, 1944, regular interest shall be at 2 $^{1}/_{2}$ percent compounded annually.

(c) If a nonmember spouse, as defined in Section 22651, withdraws accumulated contributions in accordance with Section 22661, the member may redeposit all or a portion of those contributions pursuant to subdivision (a), providing he or she is not receiving an allowance under Chapter 26 (commencing with Section 24100) or Chapter 27 (commencing with Section 24201).

(d) If a member elects to redeposit a portion of all accumulated retirement contributions that were previously refunded subject to requirements imposed by the board, the member shall receive pro rata service credit in proportion to the amount redeposited.

SEC. 6. Section 23201 of the Education Code is amended to read:

23201. Any person whose accumulated retirement contributions were refunded, who wishes to establish concurrent membership, and who has received, or will qualify to receive, a retirement allowance from one or more of the retirement systems defined in Section 22115.2, may elect to redeposit all or a portion of the accumulated retirement contributions that were refunded, with regular interest from the date of refund to the date of payment, without being employed to perform creditable service subject to coverage under the Defined Benefit Program.

SEC. 7. Section 23202 of the Education Code is amended to read:

23202. (a) An election pursuant to Section 23200 to redeposit accumulated retirement contributions may be made by a member anytime prior to the effective date of the member's retirement under this part.

(b) An election to redeposit refunded accumulated retirement contributions shall be considered as an election to repay accumulated retirement contributions previously refunded, up to but not exceeding

the amount required to restore the total service credit refunded, under the provisions of this chapter.

(c) If any payment due because of this election is not received at the system's office in Sacramento within 120 days of its due date, the election shall be canceled. Upon the cancellation of election, the member shall receive credit for the payments made under the election or, at the request of the member, those payments shall be refunded.

(d) If the election is canceled, the member may at any time prior to the effective date of retirement under this part, again elect to redeposit accumulated retirement contributions previously withdrawn or refunded, in accordance with Section 23200 and all the laws, rules, and regulations pertaining thereto.

SEC. 8. Section 24300.6 is added to the Education Code, to read:

24300.6. (a) Any retired member who was unmarried on the effective date of retirement who did not elect an option pursuant to Section 24300, and who thereafter marries, may, after the effective date of the member's retirement under this part, elect an option described in paragraphs (1) to (6), inclusive, of subdivision (a) of Section 24300, naming his or her new spouse as the option beneficiary, subject to all of the following:

(1) The retired member shall have been married for at least one year prior to making the election of the option.

(2) The retired member shall notify the board, in writing on a form provided by the system, of the election of the option and the designation of the member's new spouse as the option beneficiary.

(3) The election of an option under this section is subject to approval by the board. A retired member may not elect a joint and survivor option that would result in any additional liability to the retirement fund. A retired member may not elect Option 8.

(4) The election shall be effective six months after the date the notification is received by the board, provided that both the retired member and the retired member's designated spouse are then living.

(b) The election of the option and designation of the option beneficiary under this section shall result in an actuarial modification of the member's retirement allowance that shall be payable through the life of the member and the member's new spouse. (4) Member contributions picked up by an employer pursuant to Section 22903 or 22904.

(5) Amounts deducted by an employer from the member's salary, including deductions for participation in a deferred compensation plan; deductions for the purchase of annuity contracts, tax-deferred retirement plans, or other insurance programs; and deductions for participation in a plan that meets the requirements of Section 125, 401(k), or 403(b) of Title 26 of the United States Code.

(6) Money paid by an employer in addition to salary paid under paragraph (1) or (2) if paid to all employees in a class in the same dollar amount, the same percentage of salary, or the same percentage of the amount being distributed.

(7) Money paid in accordance with a salary schedule by an employer to an employee for achieving certification from a national board awarding certifications, in which eligibility for this certification is based, in part, on years of training or years of experience in teaching service, if the compensation is paid by the employer to all employees who achieved this certification.

(8) Any other payments the board determines to be ''creditable compensation.''

(b) ''Creditable compensation'' does not mean and shall not include:

(1) Money paid for service performed in excess of the full-time equivalent for the position.

(2) Money paid for overtime or summer school service, or money paid for the aggregate service performed as a member of the Defined Benefit Program in excess of one year of service credit for any one school year.

An increase in the salary of a member who is the only employee in a class pursuant to subdivision (b) of Section 22112.5 that arises out of an employer's restructuring of compensation during the member's final compensation period shall be presumed to have been granted for the principal purpose of enhancing benefits under the Defined Benefit Program and shall not be creditable compensation. If the board determines sufficient evidence is provided to the system to rebut this presumption, the increase in salary shall be deemed creditable compensation.

(11) Any other payments the board determines not to be ''creditable compensation.''

(c) Any employer or person who knowingly or willfully reports compensation in a manner inconsistent with subdivision (a) or (b) shall reimburse the plan for any overpayment of benefits that occurs because of that inconsistent reporting and may be subject to prosecution for fraud, theft, or embezzlement in accordance with the Penal Code. (b) Any salary or other remuneration determined by the board to have been paid for the principal purpose of enhancing a member's benefits under the plan shall not be credited under the Defined Benefit Program. Contributions on that compensation shall be credited to the Defined Benefit Supplement Program. A presumption by the board that salary or other remuneration was paid for the principal purpose of enhancing the member's benefits under the plan may be rebutted by the member or by the employer on behalf of the member. Upon receipt of sufficient evidence to the contrary, a presumption by the board that salary or other remuneration was paid for the principal purpose of enhancing the member's benefits under the plan may be reversed.

(c) ''Creditable compensation'' does not mean and shall not include:

(1) Remuneration that is not payable in cash or is not payable to all persons who are in the same class of employees.

The system may establish procedures to ensure that compensation reported by an employer is in compliance with this section.

(e) For purposes of this section, remuneration shall be considered payable if it would be paid to any person who meets the qualifications or requirements specified in a collective bargaining agreement or an employment agreement as a condition of receiving the remuneration.

(f) This definition of ''creditable compensation'' reflects sound principles that support the integrity of the retirement fund. Those principles include, but are not limited to, consistent treatment of compensation throughout a member's career, consistent treatment of compensation among an entire class of employees, preventing adverse selection, and excluding from compensation earnable remuneration that is paid for the principal purpose of enhancing a member's benefits under the plan. The board shall determine the appropriate crediting of contributions between the Defined Benefit Program and the Defined Benefit Supplement Program according to these principles, to the extent not otherwise specified pursuant to this part.

(g) The section shall become operative on July 1, 2002, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise this section shall become operative on July 1, 2003.

(b) If the court does not award the entire retirement allowance or retirement annuity under this part to the retired member and the retired member is receiving a retirement allowance that has not been modified pursuant to Section 24300, or a single life annuity pursuant to Section 25011 or 25018, the court shall require only that the system pay the nonmember spouse, by separate warrant, his or her community property

share of the retired member's retirement allowance or retirement benefit, or both, under this part.

(c) If the court does not award the entire retirement allowance or retirement benefit under this part to the retired member and the retired member is receiving an allowance that has been actuarially modified pursuant to Section 24300, or a joint and survivor retirement benefit pursuant to Section 25011 or 25018, the court shall order only one of the following:

(1) The retired member shall maintain the retirement allowance or retirement benefit, or both, under this part without change.

(2) The retired member shall cancel the option that modified the retirement allowance under this part pursuant to Section 24305 and select a new joint and survivor option or a new beneficiary or both, and the system shall pay the nonmember spouse, by separate warrant, his or her community property share of the retirement allowance under this part of the retired member, the option beneficiary, or both.

(3) The retired member shall cancel the joint and survivor annuity under which the annuity is being paid pursuant to Section 24305.3, and select a new joint and survivor annuity or a new annuity beneficiary or both, based on the actuarial equivalent of the member's canceled annuity, and the system shall pay the nonmember spouse, by separate warrant, his or her community property share of the retirement annuity payable to the retired member, the annuity beneficiary, or both.

(4) The retired member shall take the action specified in both paragraphs (2) and (3).

(5) The retired member shall cancel the option that modified the retirement allowance under this part pursuant to Section 24305 and select an unmodified retirement allowance and the system shall pay the nonmember spouse, by separate warrant, his or her community property share of the retired member's retirement allowance under this part.

(6) The retired member shall cancel, pursuant to Section 24305.3, the joint and survivor annuity under which the retirement benefit is being paid, and select a single life annuity, and the system shall pay the nonmember spouse, by separate warrant, his or her community property share of the retirement benefit payable benefit to the retired member.

(7) The retired member shall take the action specified in both paragraphs (5) and (6).

(d) If the option beneficiary or annuity beneficiary or both under this part, other than the nonmember spouse, predeceases the retired member, the court shall order the retired member to select a new option beneficiary pursuant to Section 24306, or a new annuity beneficiary pursuant to Section 24305.3 and shall order the system to pay the nonmember spouse, by separate warrant, his or her share of the community property interest in the retirement allowance or retirement

benefit or both under this part of the retired member or the new option beneficiary or annuity beneficiary or each of them.

(e) The right of the nonmember spouse to receive his or her community property share of the retired member's retirement allowance or retirement benefit or both under this section shall terminate upon the death of the nonmember spouse. However, the nonmember spouse may designate a beneficiary under the Defined Benefit Program and a payee under the Defined Benefit Supplement Program to receive his or her community property share of the retired member's accumulated retirement contributions and accumulated Defined Benefit Supplement account balance under this part in the event that there are remaining accumulated retirement contributions and a balance of credits in the member's Defined Benefit Supplement account to be paid upon the death of the nonmember spouse.

SEC. 21. Section 22656 of the Education Code is amended to read:

22656. No judgment or court order issued pursuant to this chapter is binding on the system with respect to the Defined Benefit Program or the Defined Benefit Supplement Program until the system has been joined as a party to the action and has been served with a certified copy of the judgment or court order.

SEC. 22. Section 22659 of the Education Code is amended to read:

22659. Upon being awarded a separate account or an interest in the retirement allowance or retirement benefit of a retired member under this part, a nonmember spouse shall provide the system with proof of his or her date of birth, social security number, and any other information requested by the system, in the form and manner requested by the system.

SEC. 23. Section 22660 of the Education Code is amended to read:

22660. (a) The nonmember spouse who is awarded a separate account under this part shall have the right to designate, pursuant to Sections 23300 to 23304, inclusive, a beneficiary or beneficiaries to receive the accumulated retirement contributions under the Defined Benefit Program and to designate a payee to receive the accumulated Defined Benefit Supplement account balance under the Defined Benefit Supplement Program remaining in the separate account of the nonmember spouse on his or her date of death, and any accrued allowance or accrued benefit under the Defined Benefit Supplement that is attributable to the separate account of the nonmember spouse and that is unpaid on the date of the death of the nonmember spouse.

(b) This section shall not be construed to provide the nonmember spouse with any right to elect to modify a retirement allowance under Section 24300 or to elect a joint and survivor annuity under the Defined Benefit Supplement Program.

SEC. 24. Section 22661 of the Education Code is amended to read:

22661. (a) The nonmember spouse who is awarded a separate account under this part shall have the right to a refund of the accumulated retirement contributions in the account under the Defined Benefit Program, and a return of the Defined Benefit Supplement account balance, of the nonmember spouse under this part.

(b) The nonmember spouse shall file an application on a form provided by the system to obtain a refund or lump-sum payment.

(c) The refund of accumulated retirement contributions and the return of the accumulated Defined Benefit Supplement account balance under this part are effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember spouse and addressed to the latest address for the nonmember spouse on file with the system. If the nonmember spouse has elected on a form provided by the system to transfer all or a specified portion of the accumulated retirement contributions or accumulated Defined Benefit Supplement account balance that are eligible for direct trustee-to-trustee transfer to the trustee of a qualified plan under Section 402 of the Internal Revenue Code of 1986 (26 U.S.C.A. Sec. 402), deposit in the United States mail of a notice that the requested transfer has been made constitutes a refund of the nonmember spouse's accumulated retirement contributions or accumulated Defined Benefit Supplement account balance.

(d) The nonmember spouse is deemed to have permanently waived all rights and benefits pertaining to the service credit, accumulated retirement contributions, and accumulated Defined Benefit Supplement account balance under this part when the refund and lump-sum payment become effective.

(e) The nonmember spouse may not cancel a refund or lump-sum payment under this part after it is effective.

(f) The nonmember spouse shall not have a right to elect to redeposit the refunded accumulated retirement contributions under this part after the refund is effective, to redeposit under Section 22662 or purchase additional service credit under Section 22663 after the refund becomes effective, or to redeposit the accumulated Defined Benefit Supplement account balance after the lump-sum payment becomes effective.

(g) If the total service credit in the separate account of the nonmember spouse under the Defined Benefit Program, including service credit purchased under Sections 22662 and 22663, is less than two and one-half years, the board shall refund the accumulated retirement contributions in the account.

SEC. 25. Section 22662 of the Education Code is amended to read:

22662. The nonmember spouse who is awarded a separate account under the Defined Benefit Program may redeposit accumulated retirement contributions previously refunded to the member in

accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may redeposit under the Defined Benefit Program only those accumulated retirement contributions that were previously refunded to the member and in which the court has determined the nonmember spouse has a community property interest.

(b) The nonmember spouse shall inform the system in writing of his or her intent to redeposit within 180 days after the judgment or court order that specifies the redeposit rights of the nonmember spouse is entered. The nonmember spouse's election to redeposit shall be made on a form provided by the system within 30 days after the system mails an election form and the billing.

(c) If the nonmember spouse elects to redeposit under the Defined Benefit Program, he or she shall repay the portion of the member's refunded accumulated retirement contributions that were awarded to the nonmember spouse and shall pay regular interest from the date of the refund to the date payment of the redeposit is completed.

(d) An election to redeposit shall be considered an election to repay all accumulated retirement contributions previously refunded under this part in which the nonmember spouse has a community property interest. All payments shall be received by the system before the effective date of the nonmember spouse's retirement under this part. If any payment due because of the election is not received at the system's office in Sacramento within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(e) The right of the nonmember spouse to redeposit shall be subject to Section 23203.

(f) The member shall not have a right to redeposit the share of the nonmember spouse in the previously refunded accumulated retirement contributions under this part whether or not the nonmember spouse elects to redeposit. However, any accumulated retirement contributions previously refunded under this part and not explicitly awarded to the nonmember spouse under this part by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 25.5. Section 22662 of the Education Code is amended to read:

22662. The nonmember spouse who is awarded a separate account under the Defined Benefit Program may redeposit accumulated retirement contributions previously refunded to the member in accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may redeposit under the Defined Benefit Program only those accumulated retirement contributions that were

previously refunded to the member and in which the court has determined the nonmember spouse has a community property interest.

(b) The nonmember spouse shall inform the system in writing of his or her intent to redeposit within 180 days after the judgment or court order that specifies the redeposit rights of the nonmember spouse is entered. The nonmember spouses' election to redeposit shall be made on a form provided by the system within 30 days after the system mails an election form and the billing.

(c) If the nonmember spouse elects to redeposit under the Defined Benefit Program, he or she shall repay all or a portion of the member's refunded accumulated retirement contributions that were awarded to the nonmember spouse and shall pay regular interest from the date of the refund to the date payment of the redeposit is completed.

(d) All payments shall be received by the system before the effective date of the nonmember spouse's retirement under this part. If any payment due because of the election is not received at the system's office in Sacramento within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(e) The right of the nonmember spouse to redeposit shall be subject to Section 23203.

(f) The member shall not have a right to redeposit the share of the nonmember spouse in the previously refunded accumulated retirement contributions under this part whether or not the nonmember spouse elects to redeposit. However, any accumulated retirement contributions previously refunded under this part and not explicitly awarded to the nonmember spouse under this part by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 26. Section 22664 of the Education Code is amended to read:

22664. The nonmember spouse who is awarded a separate account shall have the right to a service retirement allowance and, if applicable, a retirement benefit under this part.

(a) The nonmember spouse shall be eligible to retire for service under this part if the following conditions are satisfied:

(1) The member had at least five years of credited service during the period of marriage, at least one year of which had been performed subsequent to the most recent refund to the member of accumulated retirement contributions. The credited service may include service credited to the account of the member as of the date of the dissolution or legal separation, previously refunded service, out-of-state service, and permissive service credit that the member is eligible to purchase at the time of the dissolution or legal separation.

(2) The nonmember spouse has at least two and one-half years of credited service in his or her separate account.

(3) The nonmember spouse has attained the age of 55 years or more.

(b) A service retirement allowance of a nonmember spouse under this part shall become effective upon any date designated by the nonmember spouse, provided:

(1) The requirements of subdivision (a) are satisfied.

(2) The nonmember spouse has filed an application for service retirement on a form provided by the system, that is executed no earlier than six months before the effective date of the retirement allowance.

(3) The effective date is no earlier than the first day of the month in which the application is received at the system's office in Sacramento and the effective date is after the date the judgment or court order pursuant to Section 22652 was entered.

(c) (1) Upon service retirement at normal retirement age under this part, the nonmember spouse shall receive a retirement allowance that shall consist of an annual allowance payable in monthly installments equal to 2 percent of final compensation for each year of credited service.

(2) If the nonmember spouse's retirement is effective at less than normal retirement age and between early retirement age under this part and normal retirement age, the retirement allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month, that will elapse until the nonmember spouse would have reached normal retirement age.

(3) If the nonmember spouse's service retirement is effective at an age greater than normal retirement age and is effective on or after January 1, 1999, the percentage of final compensation for each year of credited service shall be determined pursuant to the following table:

Age at Retirement	Percentage
60 1/4	2.033
60 1/2	2.067
60 3/4	2.10
61	2.133
61 1/4	2.167
61 1/2	2.20
61 3/4	2.233
62	2.267
62 1/4	2.30
62 1/2	2.333
62 3/4	2.367
63 and over	2.40

(4) In computing the retirement allowance of the nonmember spouse, the age of the nonmember spouse on the last day of the month in which the retirement allowance begins to accrue shall be used.

(5) Final compensation, for purposes of calculating the service retirement allowance of the nonmember spouse under this subdivision, shall be calculated according to the definition of final compensation in Section 22134, 22135, or 22136, whichever is applicable, and shall be based on the member's compensation earnable up to the date the parties separated, as established in the judgment or court order pursuant to Section 22652. The nonmember spouse shall not be entitled to use any other calculation of final compensation.

(d) If the member is or was receiving a disability allowance under this part with an effective date before or on the date the parties separated as established in the judgment or court order pursuant to Section 22652, or at any time applies for and receives a disability allowance with an effective date that is before or coincides with the date the parties separated as established in the judgment or court order pursuant to Section 22652, the nonmember spouse shall not be eligible to retire until after the disability allowance of the member terminates. If the member who is or was receiving a disability allowance returns to employment to perform creditable service subject to coverage under the Defined Benefit Program or has his or her allowance terminated under Section 24015, the nonmember spouse may not be paid a retirement allowance until at least six months after termination of the disability allowance and the return of the member to employment to perform creditable service subject to coverage under the Defined Benefit Program, or the termination of the disability allowance and the employment or self-employment of the member in any capacity, notwithstanding Section 22132. If at the end of the six-month period, the member has not had a recurrence of the original disability or has not had his or her earnings fall below the amounts described in Section 24015, the nonmember spouse may be paid a retirement allowance if all other eligibility requirements are met.

(1) The retirement allowance of the nonmember spouse under this subdivision shall be calculated as follows: the disability allowance the member was receiving, exclusive of the portion for dependent children, shall be divided between the share of the member and the share of the nonmember spouse. The share of the nonmember spouse shall be the amount obtained by multiplying the disability allowance, exclusive of the portion for dependent children, by the years of service credited to the separate account of the nonmember spouse, including service projected to the date of separation, and dividing by the projected service of the member. The nonmember spouse's retirement allowance shall be the lesser of the share of the nonmember spouse under this subdivision or the retirement allowance under subdivision (c).

(2) The share of the member shall be the total disability allowance reduced by the share of the nonmember spouse. The share of the member shall be considered the disability allowance of the member for purposes of Section 24213.

(e) The nonmember spouse who receives a retirement allowance is not a retired member under this part. However, the allowance of the nonmember spouse shall be increased by application of the improvement factor and shall be eligible for the application of supplemental increases and other benefit maintenance provisions under this part, including, but not limited to, Sections 24411, 24412, and 24415 based on the same criteria used for the application of these benefit maintenance increases to the service retirement allowances of members.

SEC. 27. Section 22703 of the Education Code is amended to read:

22703. (a) Service shall be credited to the Defined Benefit Program, except as provided in subdivision (b).

(b) A member's creditable service that exceeds 1.000 in a school year shall not be credited to the Defined Benefit Program. Commencing July 1, 2002, contributions by the employer that are deposited in the Teachers' Retirement Fund and the member on creditable compensation paid to the member for that service, exclusive of contributions pursuant to Section 22951, shall be credited to the Defined Benefit Supplement Program.

(c) In lieu of any other benefits provided by this part, any member who performed service prior to July 1, 1956, shall receive retirement benefits for that service at least equal to the benefits that the member would have received for that service under the provisions of this part as they existed on June 30, 1956. This subdivision shall not apply to service that is credited in the San Francisco City and County Employees Retirement System.

(d) The amendments to this section made during the second year of the 1999–2000 Regular Session shall become operative on July 1, 2002, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise the amendments to this section made during the second year of the 1999–2000 Regular Session shall become operative on July 1, 2003.

(b) Any member contributions for service performed during the 2000–01 school year with a service period ending after December 31, 2000, shall be subject to subdivision (a).

(c) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 30. Section 22905 of the Education Code is amended to read:

22905. (a) Contributions made by a member and member contributions made by an employer pursuant to Section 22903 and 22904 shall be credited by the board to the individual account of the member.

(b) This section shall become inoperative on July 1, 2002, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise this section shall become inoperative on July 1, 2003. As of January 1, 2004, this section is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

(1) Compensation for creditable service that exceeds one year in a school year.

(2) Compensation that is consistent with subdivision (b) of Section 22119.2.

(3) Compensation that is payable for a specified number of times as limited by law, a collective bargaining agreement, or an employment agreement.

(c) A member shall not make voluntary pretax or posttax contributions under the Defined Benefit Supplement Program, except as provided in subdivision (d), nor shall a member redeposit amounts previously distributed based on the balance in the member's Defined Benefit Supplement account.

(d) Member and employer contributions under the Defined Benefit Supplement Program shall be credited to the accounts of members as of June 30 each year following a determination by the system under the provisions of this part that those contributions should be credited to the Defined Benefit Supplement Program. Contributions to a member's Defined Benefit Supplement account shall be identified separately from the member's contributions credited under the Defined Benefit Program.

(e) The provisions of this section shall become operative on July 1, 2002, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. 22954. (a) Notwithstanding Section 13340 of the Government Code, commencing July 1, 1999, a continuous appropriation is hereby annually made from the General Fund to the Controller, pursuant to this section, for transfer to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 2.5 percent of the total of the creditable compensation of the immediately preceding calendar year upon which members' contributions are based for purposes of funding the supplemental payments authorized by Section 24415.

(b) The board may deduct from the annual appropriation made pursuant to this section an amount necessary for the administrative expenses of Section 24415.

(c) It is the intent of the Legislature in enacting this section to establish the supplemental payments pursuant to Section 24415 as vested benefits pursuant to a contractually enforceable promise to make annual contributions from the General Fund to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund in order to provide a continuous annual source of revenue for the purposes of making the supplemental payments under Section 24415.

(d) This section shall become inoperative on July 1, 2003, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise this section shall become inoperative on July 1, 2004. As of January 1, 2005, this section is repealed unless a later

SEC. 35. Section 22954 is added to the Education Code, to read:

22954. (a) Notwithstanding Section 13340 of the Government Code, commencing July 1, 2003, a continuous appropriation is hereby annually made from the General Fund to the Controller, pursuant to this section, for transfer to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 2.5 percent of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members' contributions are based for purposes of funding the supplemental payments authorized by Section 24415.

(b) The board may deduct from the annual appropriation made pursuant to this section an amount necessary for the administrative expenses of Section 24415.

(c) It is the intent of the Legislature in enacting this section to establish the supplemental payments pursuant to Section 24415 as vested benefits pursuant to a contractually enforceable promise to make annual contributions from the General Fund to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund in order to provide a continuous annual source of revenue for the purposes of making the supplemental payments under Section 24415.

(d) This section shall become operative on July 1, 2003, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise this section shall become operative on July 1, 2004.

SEC. 36. Section 22955 of the Education Code is amended to read:

22955. (a) Notwithstanding Section 13340 of the Government Code, commencing July 1, 2001, a continuous appropriation is hereby annually made from the General Fund to the Controller, pursuant to this section, for transfer to the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 1.975 percent of the total of the creditable compensation of the immediately preceding calendar year upon which members' contributions are based, to be calculated annually on October 1, and shall be divided into four equal quarterly payments. For the 2000–01 fiscal year only, the total amount of the appropriation pursuant to this subdivision shall be equal to 2.5385 percent of the total of the creditable compensation of calendar year 1999.

(b) Notwithstanding Section 13340 of the Government Code, commencing October 1, 1998, a continuous appropriation, in addition to the appropriation made by subdivision (a), is hereby annually made

from the General Fund to the Controller for transfer to the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 0.524 percent of the total of the creditable compensation of the immediately preceding calendar year upon which members' contributions are based, to be calculated annually on October 1, and shall be divided into four equal quarterly payments. The percentage shall be adjusted to reflect the contribution required to fund the normal cost deficit or the unfunded obligation as determined by the board based upon a recommendation from its actuary. If a rate increase is required, the adjustment may be for no more than 0.25 percent per year and in no case may the transfer made pursuant to this subdivision exceed 1.505 percent of the total of the creditable compensation of the immediately preceding calendar year upon which members' contributions are based. At any time when there is neither an unfunded obligation nor a normal cost deficit, the percentage shall be reduced to zero.

The funds transferred pursuant to this subdivision shall first be applied to eliminating on or before June 30, 2027, the unfunded actuarial liability of the fund identified in the actuarial valuation as of June 30, 1997.

(c) For the purposes of this section, the term ''normal cost deficit'' means the difference between the normal cost rate as determined in the actuarial valuation required by Section 22311 and the total of the member contribution rate required under Section 22901 and the employer contribution rate required under Section 22950, and shall exclude (1) the portion for unused sick leave service credit granted pursuant to Section 22717, and (2) the cost of benefit increases that occur after July 1, 1990. The contribution rates prescribed in Section 22901 and Section 22950 on July 1, 1990, shall be utilized to make the calculations. The normal cost deficit shall then be multiplied by the total of the creditable compensation upon which member contributions under this part are based to determine the dollar amount of the normal cost deficit for the year.

(d) Pursuant to Section 22001 and case law, members are entitled to a financially sound retirement system. It is the intent of the Legislature that this section shall provide the retirement fund stable and full funding over the long term.

(e) This section continues in effect but in a somewhat different form, fully performs, and does not in any way unreasonably impair, the contractual obligations determined by the court in California Teachers' Association v. Cory, 155 Cal.App.3d 494.

(f) Subdivision (b) shall not be construed to be applicable to any unfunded liability resulting from any benefit increase or change in contribution rate under this part that occurs after July 1, 1990.

(g) The amendments to this section during the 1991–92 Regular Session shall be construed and implemented to be in conformity with the judicial intent expressed by the court in California Teachers' Association v. Cory, 155 Cal.App.3d 494.

(h) This section shall become inoperative on July 1, 2003, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise this section shall become inoperative on July 1, 2004. As of January 1, 2005, this section is repealed unless a later enacted statute, that becomes effective on or before January 1, 2005, deletes or extends the date on which it becomes inoperative and is repealed.

SEC. 37. Section 22955 is added to the Education Code, to read:

22955. (a) Notwithstanding Section 13340 of the Government Code, commencing July 1, 2003, a continuous appropriation is hereby annually made from the General Fund to the Controller, pursuant to this section, for transfer to the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 2.017 percent of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members' contributions are based, to be calculated annually on October 1, and shall be divided into four equal quarterly payments.

(b) Notwithstanding Section 13340 of the Government Code, commencing October 1, 2003, a continuous appropriation, in addition to the appropriation made by subdivision (a), is hereby annually made from the General Fund to the Controller for transfer to the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 0.524 percent of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members' contributions are based, to be calculated annually on October 1, and shall be divided into four equal quarterly payments. The percentage shall be adjusted to reflect the contribution required to fund the normal cost deficit or the unfunded obligation as determined by the board based upon a recommendation from its actuary. If a rate increase is required, the adjustment may be for no more than 0.25 percent per year and in no case may the transfer made pursuant to this subdivision exceed 1.505 percent of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members' contributions are based. At any time when there is neither an unfunded obligation nor a normal cost deficit, the percentage shall be reduced to zero. The funds transferred pursuant to this subdivision shall first be applied to eliminating on or before June 30, 2027, the unfunded actuarial liability of the fund identified in the actuarial valuation as of June 30, 1997.

(c) For the purposes of this section, the term ''normal cost deficit'' means the difference between the normal cost rate as determined in the actuarial valuation required by Section 22311 and the total of the member contribution rate required under Section 22901 and the employer contribution rate required under Section 22950, and shall exclude (1) the portion for unused sick leave service credit granted pursuant to Section 22717, and (2) the cost of benefit increases that occur after July 1, 1990. The normal cost deficit shall then be multiplied by the total of the creditable compensation upon which member contributions under this part are based to determine the dollar amount of the normal cost deficit for the year.

(d) Pursuant to Section 22001 and case law, members are entitled to a financially sound retirement system. It is the intent of the Legislature that this section shall provide the retirement fund stable and full funding over the long term.

(e) This section continues in effect but in a somewhat different form, fully performs, and does not in any way unreasonably impair, the contractual obligations determined by the court in California Teachers' Association v. Cory, 155 Cal.App.3d 494.

(f) Subdivision (b) shall not be construed to be applicable to any unfunded liability resulting from any benefit increase or change in contribution rate under this part that occurs after July 1, 1990.

(g) The provisions of this section shall be construed and implemented to be in conformity with the judicial intent expressed by the court in California Teachers' Association v. Cory, 155 Cal.App.3d 494.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the disability benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance of credits, if any, transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the member's beneficiary.

(3) A 100 percent joint and survivor annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, the same monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. If the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member selected that annuity at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death.

(4) A 50 percent joint and survivor annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, one-half of the monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. If the annuity beneficiary

predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member selected that annuity at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable. The annuity shall be payable over a specified number of years, from a minimum of three years to a maximum of 10 years. However, the annuity period shall not exceed the life expectancy of the member, or the life expectancy of the member and the member's annuity beneficiary. If the member's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the member's annuity beneficiary pursuant to Section 25022.

(c) The actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account shall reflect increases in annuity payments to be made in the future pursuant to Section 24402, unless the member elected a period certain annuity.

SEC. 60. Section 25019 of the Education Code, as added by Chapter 74 of the Statutes of 2000, is amended to read:

25019. (a) If a member's disability allowance or disability retirement allowance under this part is terminated, payment of a disability annuity based on the balance of credits transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve also shall terminate. The member's Defined Benefit Supplement account shall be credited with the actuarial equivalent of the member's annuity as of the date the annuity is terminated and the Annuitant Reserve shall be reduced by the amount credited to the member's account.

(b) If a disability allowance or a service or disability retirement allowance subsequently becomes payable again, an annuity based on the remaining balance of credits in the member's Defined Benefit Supplement account at the time of the subsequent disability or service or disability retirement becomes payable and the balance of credits in the member's Defined Benefit Supplement account shall be transferred to the Annuitant Reserve.

SEC. 61. Section 25020 of the Education Code, as added by Chapter 74 of the Statutes of 2000, is amended to read:

25020. (a) A final benefit under the Defined Benefit Supplement Program shall become payable when the system receives proof of the member's death.

(b) If the member's death occurs before an annuity under the Defined Benefit Supplement Program becomes payable, the final benefit shall be an amount equal to the balance of credits in the member's Defined Benefit Supplement account on the date of the member's death.

(c) Upon distribution of a final benefit in a lump-sum payment, no other benefit shall be payable under the Defined Benefit Supplement Program to the member's beneficiary.

SEC. 62. Section 25021 of the Education Code, as added by Chapter 74 of the Statutes of 2000, is amended to read:

25021. (a) A beneficiary, other than an entity, may elect to receive the final benefit payable under the Defined Benefit Supplement Program as an annuity payable in monthly installments provided the balance of credits in the member's Defined Benefit Supplement account equals at least three thousand five hundred dollars ($3,500).

(b) A beneficiary who elects to receive an annuity shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the beneficiary if the beneficiary elected to receive the final benefit in a lump-sum payment. The annuity shall cease to be payable upon the death of the beneficiary, and no other benefit shall be payable under the Defined Benefit Supplement Program because of the death of the member and the member's beneficiary.

(2) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date of the member's death. The annuity shall be payable over a specified number of years, from a minimum of three years to a maximum of 10 years, but not to exceed the life expectancy of the beneficiary. The beneficiary may designate a payee to receive the remaining balance of payments if the beneficiary's death occurs prior to the end of the period certain.

(c) The actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account shall reflect increases in annuity payments to be made in the future pursuant to Section 24402, unless the member elected a period certain annuity.

SEC. 63. Section 25023 of the Education Code, as added by Chapter 74 of the Statutes of 2000, is amended to read:

25023. (a) Upon the death of an annuity beneficiary who was receiving an annuity under a joint and survivor annuity elected by the member no further payment shall be made.

(b) Upon the death of a beneficiary who was receiving a single life annuity without a cash refund feature, no further payment shall be made.

(c) Upon the death of a beneficiary who was receiving a period certain annuity, the actuarial equivalent of the remaining balance of payments

shall be paid in a lump sum to the payee designated by the beneficiary pursuant to subdivision (c) of Section 25015.

SEC. 64. Section 25024 of the Education Code, as added by Chapter 74 of the Statutes of 2000, is amended to read:

25024. (a) Upon the termination of all employment to perform creditable service subject to coverage under the plan for a reason other than retirement, disability, or death, a member shall be eligible for a termination benefit under the Defined Benefit Supplement Program. The member's employer, or employers if the member has multiple employers, shall certify on a form prescribed by the system that the member's employment has been terminated.

(b) A member shall submit an application for a termination benefit on a form prescribed by the system. If a member submits an application for a refund of contributions under the Defined Benefit Program, pursuant to Section 23103, that application shall also be deemed an application for a termination benefit.

(c) The termination benefit shall be a lump-sum payment that is equal to the balance of credits in the member's Defined Benefit Supplement account.

(d) Upon distribution of the termination benefit, no further benefit shall be payable to the member or the member's beneficiary under the Defined Benefit Supplement Program.

(e) A partial distribution of the balance of credits in a member's Defined Benefit Supplement account shall not be made, except as provided in Section 25009, 25015, 25016, or 25022.

SEC. 65. Section 19.5 of this bill incorporates amendments to Section 22652 of the Education Code proposed by both this bill and AB 820. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 22652 of the Education Code, and (3) this bill is enacted after AB 820, in which case Section 19 of this bill shall not become operative.

It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 22662 of the Education Code, and (3) this bill is enacted after AB 820, in which case Section 25 of this bill shall not become operative.

SEC. 67. The sum of $600,000 is hereby appropriated from the Teachers' Retirement Fund to the Teachers' Retirement Board for the administrative costs of implementing the provisions of Chapter 74 of the Statutes of 2000, as amended by this act.

SEC. 68. The unexpended balance of funds appropriated to the Teachers' Retirement Board in Chapter 632 of the Statutes of 1999 for the payment of administrative costs of implementing the provisions of

CHAPTER 1022

An act to add and repeal Article 1.5 (commencing with Section 48005.10) of Chapter 1 of Part 27 of the Education Code, relating to public school enrollment, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 48005.10) is added to Chapter 1 of Part 27 of the Education Code, to read:

Article 1.5. Kindergarten Readiness Pilot Program

48005.10. (a) This article shall be known, and may be cited, as the Kindergarten Readiness Pilot Program.

(b) The Legislature hereby finds and declares the following:

(1) The available data indicate all of the following:

(A) By changing the age at which children generally enter kindergarten, California's children will be better prepared to enter into the academic environment that is required by the California content standards for kindergarten.

(B) Success in school is often related to socioeconomic status, English language fluency at school entry, and access to preschool. By

providing a kindergarten readiness program for the children most at risk for low performance and delaying entry to allow all children time to become more developmentally ready to learn, pupils are more likely to succeed in school.

(C) Comparisons between California pupils and pupils in other states on national achievement tests in the later grades are likely to be more equitable if the entry age of California pupils is more closely aligned to that of most other states.

(D) Children who have attended an educationally based kindergarten readiness program, including, but not limited to, a quality state preschool, Head Start, or kindergarten readiness program, are better prepared academically and socially for the existing kindergarten curriculum, as reflected by the state adopted standards.

(2) The purpose of the pilot project established pursuant to this article is intended to test these data.

(3) For participating school districts, the change in enrollment required pursuant to this article will result in a decrease in the number of pupils enrolled in kindergarten classes for the class entering kindergarten in the 2001–02 school year. The decreased enrollment will affect the class size in each subsequent grade level over the 13-year period that it would normally take the class to complete its elementary and high school education. Thus, it is estimated that in participating school districts there will be a 25 percent decrease in the enrollment of the kindergarten class in the initial year of implementation that will affect the subsequent grade levels of the high school graduating class of the 2013–14 school year.

(4) The decrease in enrollment permitted pursuant to this article will necessarily decrease the number of units of average daily attendance that a participating school district may claim for the purpose of computing the amount of state revenue limit aid that a school district may receive, thereby reducing the amount of state aid that school districts receive for revenue limit purposes. Due to the definition of ''changes in enrollment'' in Section 14022.7, that decrease will also affect the computation of the state's minimum funding obligation to school districts and community college districts under paragraphs (2) and (3) of Section 8 of Article XVI of the California Constitution, which requires adjustments to be made to that computation for changes in enrollment.

(5) The school district revenue related provisions of this article, including, but not limited to, funding provided pursuant to subdivisions (a) and (b) of Section 48005.30, future funding described in subdivision (c) of Section 48005.30, and adjustments to average daily attendance calculations as set forth in Section 48005.40, are intended to fully

compensate participating school districts for this resultant funding reduction.

48005.13. (a) The Superintendent of Public Instruction shall establish and administer the Kindergarten Readiness Pilot Program to permit school districts to provide opportunities for children to enhance their readiness for kindergarten, thereby increasing their likelihood for future academic success.

(b) The Superintendent of Public Instruction shall convene an advisory panel to assist the department in developing its request for proposals, and in evaluating and selecting the proposals submitted to the department. The advisory panel shall include, but need not be limited to, a representative of each of the following:

(1) The Department of Finance.

(2) The Legislature.

(3) The California Research Bureau.

(4) The Legislative Analyst.

(5) The State Board of Education.

(6) The Secretary for Education.

(c) By February 1, 2001, the superintendent shall notify elementary and unified school districts maintaining kindergarten about the existence of this program, shall notify them about the procedures for participation, and shall request proposals for participation.

(d) Participation in the program by a school district shall be voluntary.

(e) A school district that elects to participate in the program shall apply to the Superintendent of Public Instruction by May 1, 2001, upon forms adopted by the superintendent for this purpose.

(f) The Superintendent of Public Instruction, with the advice of the advisory panel, and in consultation with the Secretary for Education, shall select participants from the group of applicants. The Superintendent of Public Instruction shall give priority to applicant school districts that are representative of the diversity of pupils and of the various types of school districts within the state. Priority shall, also, be given to unified school districts.

48005.15. By July 1, 2001, each participant school district shall enter into an agreement with the Superintendent of Public Instruction setting forth the requirements under the program, including, but not limited to, all of the following:

(a) The participating school district shall make reasonable efforts to identify parents and guardians of children from three to five years of age who reside within the school district and to provide the parents and guardians with information regarding, and access to, services, programs, or methods, to assist them in assessing the level of readiness of a child to enter school.

(b) The effort set forth in paragraph (1) shall include, but need not be limited to, information regarding available care services, preschool programs, and educationally based kindergarten readiness programs. The school district may coordinate this effort with local parent-teacher organizations.

(c) ''Reasonable effort'' as used in this subdivision does not require that the school district individually contact every potential parent who resides within the school district.

(d) The school district shall provide assistance to parents or guardians who request assistance regarding activities that parents may initiate in preparing children for school.

(e) At a minimum, participating school districts shall supply parents or guardians with written readiness guidelines developed by the State Department of Education.

(f) Assistance provided pursuant to this section shall be based on generally accepted child development theory and may include information related to social and development readiness and professional consultations with teachers and school administrators.

(g) The participating school district shall make reasonable efforts to collect data and make it available to the independent evaluator, as specified in Section 48005.45.

48005.20. (a) Participating school districts shall offer enrollment in a kindergarten readiness program to eligible children in order to receive funding pursuant to this article. Participation by parents and children in a kindergarten readiness program shall be voluntary.

(b) The school district shall offer a kindergarten readiness program to any eligible child who preenrolls in kindergarten, and may offer it to eligible children who do not preenroll.

(c) For purposes of this article, an eligible child is any child in the school district who will become eligible to enter kindergarten in the following year pursuant to Section 48005.25.

(d) Priority for enrollment in a kindergarten readiness program shall be provided to any child who has not previously attended a public or private preschool program.

(e) The kindergarten readiness program offered by a school district pursuant to this section shall consist solely of components designed to enhance the skills that are necessary for success in later education and shall include, but need not be limited to, all of the following:

(1) At least 110 hours of kindergarten readiness activities and instruction.

(2) Programs that assist pupils in developing the motor and cognitive skills, including, but not limited to language development, required to be successful in kindergarten.

(3) Activities that socialize pupils to the discipline of the school environment.

45005.25. (a) Notwithstanding any provision of law to the contrary, including, but not limited to, Section 48000, for the 2001–02 school year, and each school year thereafter in which a school district continues to participate in the program, the school district shall offer admission to kindergarten at the beginning of the school year, or at a later time in the same school year, only to children who will have their fifth birthday on or before September 1 of that school year.

(b) Notwithstanding any provision of law to the contrary, including, but not limited to, Section 48010, for the 2001–02 school year, and each school year thereafter in which a school district continues to participate in the program, a school district shall offer admission to first grade at the beginning of the school year, or at a later time in the same school year, only to children who will have their sixth birthday on or before September 1 of that school year. Kindergarten shall not be a prerequisite for enrollment in first grade pursuant to this article.

(c) Notwithstanding subdivisions (a) and (b), the governing board of each school district participating in this program shall adopt a policy to allow, for good cause, admission of a child to kindergarten or to the first grade at the beginning of a school year in which the child's birthday will be after September 1, or at a later time in the same school year.

45005.30. (a) For the 2001–02 school year the Superintendent of Public Instruction shall allocate a grant of funds for a participating school district as follows:

(1) A grant provided for each year of participation to cover the costs of developing and operating the school district kindergarten readiness program, including, but not limited to, the costs of administration and the costs associated with services provided to parents and children in the program. For any participating school district, annual funding pursuant to this paragraph shall not exceed the per-pupil amounts set forth in subparagraphs (A) or (B) multiplied by a number equal to 50 percent of the entire annual kindergarten enrollment of the school district:

(A) Five hundred dollars ($500) for every child participating in the kindergarten readiness program for 110 hours.

(B) Seven hundred fifty dollars ($750) for every child participating in the kindergarten readiness program for 150 or more hours.

(2) Funding necessary to fully mitigate the financial impact upon the school district of the reduced attendance that results from the program, to be determined as follows:

(A) Multiply one-fourth of the kindergarten average daily attendance for the 2000–01 school year by the school district's base revenue limit per unit of average daily attendance.

(B) From the 2000–01 school year funded average daily attendance subtract the 2001–02 school year funded average daily attendance for the participating school district's base revenue limit. If the difference is zero or less, the result of this calculation shall be zero. If the difference is greater than zero, multiply the difference by the district's base revenue limit per unit of average daily attendance.

(C) From the product of subparagraph (A) subtract the result of subparagraph (B). If the result of subparagraph (B) is greater than the product of subparagraph (A), then this calculation shall be zero.

(b) For the 2002–03 school year, and each school year thereafter in which the school district participates in the program up to and including the 2007–08 school year, the Superintendent of Public Instruction shall allocate a grant of funds for a participating school district as follows:

(1) A grant provided for each year of participation to cover the costs of developing and operating the school district kindergarten readiness program, including, but not limited to, the costs of administration and the costs associated with services provided to parents and children in the program. For any participating school district, annual funding pursuant to this paragraph shall not exceed the per-pupil amounts set forth in subparagraph (A) or (B) multiplied by a number equal to 50 percent of the entire annual kindergarten enrollment of the school district:

(A) Five hundred dollars ($500) for every child participating in the kindergarten readiness program for 110 hours.

(B) Seven hundred fifty dollars ($750) for every child participating in the kindergarten readiness program for 150 or more hours.

(2) Funding necessary to fully mitigate the financial impact upon the school district of the reduced attendance that results from the program to be calculated by multiplying one-fourth of the kindergarten average daily attendance for the 2000–01 school year, by the school district's base revenue limit per unit of average daily attendance, adjusted annually for cost of living as provided generally for school district base revenue limits.

(c) In addition to providing funding for costs associated with current annual operation of the program as set forth in subdivisions (a) and (b), it is the intent of the Legislature to establish a mechanism to provide sufficient funding in future years to ensure that participant school districts are annually provided funding to fully mitigate any ongoing financial consequences from reduced enrollment due to participation in the program for every school year up to and including the 2013–14 school year.

(d) (1) Total annual funding for mitigation of lost revenues due to reduced enrollment provided pursuant to this article shall be subject to a statewide annual maximum funding level equal to the equivalent of 2,300 full annual units of average daily attendance.

(2) It is the intent of the Legislature that the annual funding mechanism to be provided for subsequent school years as described in subdivision (c) be subject to a similar maximum statewide level of funding as set forth in paragraph (1).

48005.33. The State Allocation Board shall adopt regulations to ensure that school districts are not adversely affected with regard to access to state funding for school facilities pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10) due to loss of enrollment based upon participation in this program.

48005.35. (a) A school district kindergarten readiness program operated pursuant to this article is exempt from Chapter 14 (commencing with Section 15000) and Chapter 19 (commencing with Section 17906) of Division 1 of Title 5 of the California Code of Regulations if the program meets kindergarten staffing and safety requirements.

(b) Notwithstanding any other provision of law to the contrary, including, but not limited to, subdivision (a) of Section 17285, a commercial building that does not meet the requirements of Section 17820, that is leased to a school district may, until January 1, 2003, be used as a classroom in order to accommodate programs under this article if the governing board of the school district finds that conditions of subdivision (b) of Section 17285 have been met.

(c) Any teacher participating in the kindergarten readiness program shall be a holder of a permit or credential issued by the Commission on Teacher Credentialing that authorizes instruction in kindergarten or child care and development.

48005.40. (a) Notwithstanding any other provision of law, in calculating "changes in enrollment" for purposes of paragraph (2) or (3) of subdivision (b) of Section 8 of Article XVI of the California Constitution, average daily attendance for participating school districts so that for the computation of the change between the 2000–01 and 2001–02 fiscal years, the 2001–02 average daily attendance shall be calculated with each unit of participating kindergarten attendance counting as one and one-third of one unit of average daily attendance.

(b) The Legislature finds and declares that subdivision (a) of this section is consistent with subdivision (f) of Section 8 of Article XVI of the California Constitution and is required by subdivision (d) of Section 41204, in order to neutralize the effect of the impact that the change of the age that a participating pupil may enter kindergarten pursuant to this article will have on the average daily attendance used for the purpose of calculating changes in enrollment pursuant to paragraphs (2) and (3) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

48005.45. (a) The Superintendent of Public Instruction shall, by June 1, 2002, contract for an independent longitudinal evaluation regarding the effects of the change in the entry age for kindergarten and first grade pursuant to this article. In selecting the independent evaluator, awarding the contract pursuant to this section, and in monitoring performance under the contract, the Superintendent of Public Instruction shall consult with the advisory panel convened pursuant to subdivision (b) of Section 48005.13.

(b) The evaluation shall be based upon samples of sufficient size and diversity to allow results to be reported separately for pupils of different ethnicity, socioeconomic status, and primary language, and results of the evaluation shall be so reported.

(c) The primary purpose of the evaluation is to determine whether this entry age change results in improved readiness for school and an improvement in academic achievement among participating children.

(d) The evaluation shall use representative sampling to identify the change's effects on all of the following:

(1) Academic achievement, as measured by standardized tests, as compared with pupils not participating in the program.

(2) Behavioral problems, as measured by objective data including, but not limited to, suspension and expulsion rates, as compared with pupils not participating in the program.

(3) Academic problems, as measured by referrals to special education and remedial programs, as compared with pupils not participating in the program.

(4) Age of kindergarten entry and previous educationally based preschool experience, including, but not limited to, access to child care and preschool by parents or guardians.

(5) Overall retention rates in kindergarten and in subsequent grades.

(6) Participation in remedial, supplemental, or summer school programs.

(7) Class size.

(8) Number of pupils participating in kindergarten.

(9) Number of pupils participating in the kindergarten readiness programs.

(10) Differences, if any, between programs with full preschool participation, and those with partial or no preschool.

(11) Childcare difficulties caused by the admission age change.

(12) Demographic breakdown of participants and nonparticipants, including, but not limited to, socioeconomic and ethnic demographics.

(13) Facilities difficulties, if any, encountered by participating school districts.

(14) The ability of parents to gain access to the program, disaggregated by ethnic, primary language, and socioeconomic status.

(e) It is the intent of the Legislature that funding for this evaluation be included in the Budget Act or a bill related to the Budget Act. It is the intent of the Legislature to subsequently increase the number of hours funded for the kindergarten readiness program if the reports pursuant to this section indicate that the increase would be beneficial.

(f) (1) The independent evaluator shall report to the Legislature, the Governor, the Superintendent of Public Instruction, the State Board of Education, and the Secretary for Education.

(2) The initial report shall be filed by June 1, 2005. The interim report shall be filed by January 1, 2007. The final report shall be filed by January 1, 2008.

48005.50. (a) The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the Office of the Superintendent of Public Instruction for a statewide public information campaign to notify school districts and parents of the availability and goals of the Kindergarten Readiness Pilot Program.

(b) The State Board of Education may adopt regulations related to the administration of the article and the distribution of funding for purposes of this article. The regulations shall preserve the flexibility of school districts to design and operate kindergarten readiness programs within the parameters established by this article.

48005.55. This article shall become inoperative on June 1, 2010, and, as of January 1, 2011, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2011, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 1023

An act to amend Sections 19805, 19851.5, and 19950.2 of, and to add Section 19950.3 to, and to add and repeal Section 19980 of the Business and Professions Code, and to add Section 330.11 to the Penal Code, relating to gambling establishments, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) In 1983 and 1984 California card clubs played games with cards involving a player-dealer position in which players were afforded the temporary opportunity to wager against multiple players at the table

where the player-dealer position continuously and systematically rotated among the players, prior to the amendment of Section 19 of Article IV of the California Constitution by the California State Lottery Act in 1984. This method of play was approved by the Courts of Appeal in Sullivan v. Fox (1987) 189 Cal.App.3d 673, Walker v. Meehan (1987) 194 Cal.App.3d 1290, City of Bell Gardens v. County of Los Angeles (1991) 231 Cal.App.3d 1563, and Huntington Park Club Corp. v. County of Los Angeles (1988) 206 Cal.App.3d 241.

(b) The amendment to Section 19 of Article IV of the Constitution declared:

''The Legislature has no power to authorize, and shall prohibit casinos of the type currently operating in Nevada and New Jersey.''

Casinos operating in 1983 and 1984 in the States of Nevada and New Jersey did not include card games featuring a player-dealer position which continuously and systematically rotates among the players. In Nevada and New Jersey, comparable games are banked only by the house, which is a participant in the game, with an interest in its outcome, and which covers all bets in the game, paying all winners and collecting from all losers.

(c) In Hotel Employees & Restaurant Employees v. Davis (1999) 21 Cal. 4th 585, the California Supreme Court recently stated at page 605 that:

''...(t)he type'' of casino ''operating in Nevada and New Jersey'' presumably refers to a gambling facility that did not legally operate in California; something other, that is, than ''the type'' of casino ''operating'' in California.''

SEC. 2. Section 19805 of the Business and Professions Code is amended to read:

19805. As used in this chapter, the following definitions shall apply:

(a) ''Affiliate'' means a person who, directly or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, a specified person.

(b) ''Applicant'' means any person who has applied for, or is about to apply for, a state gambling license, a key employee license, a registration, a finding of suitability, a work permit, a manufacturer's or distributor's license, or an approval of any act or transaction for which the approval or authorization of the commission or division is required or permitted under this chapter.

(c) ''Banking game'' or ''banked game,'' as used in this chapter and in Section 330 of the Penal Code, refers to a game in which the house, a player, or other entity is a participant in the game, taking on all comers,

paying all winners, and collecting from all losers. The bank is actually involved in the play, and serves as the ultimate source and repository of funds, dwarfing that of all other participants in the game. The bank is actually involved in the play, and serves as the ultimate source and repository of funds, dwarfing that of all other participants in the game. ''Banking game'' or ''banked game'' does not include a controlled game if the published rules of the game feature a player-dealer position and provide that this position must be continuously and systematically rotated amongst each of the participants during the play of the game, ensure that the player-dealer is able to win or lose only a fixed and limited wager during the play of the game, and preclude the house, another entity, a player, or an observer from maintaining or operating as a bank during the course of the game. SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reduce confusion and to ensure at the earliest possible time that gambling establishments are able to operate within the law with respect to controlled games featuring a player dealer position, to provide the California Gambling Control Commmission and Division of

Gambling Control with necessary regulatory guidelines and enforcement powers, and to impose reasonable limits on the further expansion of gambling, it is necessary that this act take effect immediately.

CHAPTER 1024

An act to add Section 51224.5 to the Education Code, relating to algebra.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Too many of California's high school graduates are graduating without the necessary mathematical foundation to succeed in the workforce and in postsecondary education.

(b) Research and findings demonstrate the importance of algebra as a building block for advanced mathematics, a predictor of success in college, and as a key ingredient for everyday problem solving.

(c) Based upon the direction of the Governor in November of 1999, the State Board of Education, the Secretary for Education, and the Superintendent of Public Instruction, the content standards of Algebra I as adopted by the State Board of Education will be included in the 2003–04 high school exit examination.

(d) If pupils are expected to be successful on the high school exit examination, they must be given a reasonable opportunity to learn the subjects upon which they will be tested, especially because a pupil's graduation from high school is contingent upon passing the examination. This standard has been affirmed in federal case law as a threshold requirement for a high stakes examination like the high school exit examination. In the case of Debra P. v. Turlington (M.D.Fla. 1984) 546 F.Supp. 177, 186, aff'd, (11th Cir. 1984) 730 F.2d 1405, the district court stated that a competency exam was instructionally valid because ''students are afforded an adequate opportunity to learn the skill tested....''

(e) By requiring that a course in Algebra I that meets or exceeds the state content standards be included in the adopted course of study and taken by every high school pupil as a requirement of graduation, the state

can ensure that high school pupils are given the opportunity to learn as required by law.

(f) An understanding of algebra will provide the mathematical foundation necessary to pass the high school exit examination and succeed in both the workforce and in postsecondary education.

SEC. 2. Section 51224.5 is added to the Education Code, to read:

51224.5. (a) The adopted course of study for grades 7 to 12, inclusive, shall include algebra as part of the mathematics area of study pursuant to subdivision (f) of Section 51220.

(b) Commencing with the 2003–04 school year and each year thereafter, at least one course, or a combination of the two courses in mathematics required to be completed pursuant to subparagraph (B) of paragraph (1) of subdivision (a) of Section 51225.3 by pupils while in grades 9 to 12, inclusive, prior to receiving a diploma of graduation from high school, shall meet or exceed the rigor of the content standards for Algebra I, as adopted by the State Board of Education pursuant to Section 60605.

(c) If at any time, in any of grades 7 to 12, inclusive, or in any combination of those grades, a pupil completes coursework that meets or exceeds the academic content standards for Algebra I pursuant to subdivision (b) in less than two courses, subparagraph (B) of paragraph (1) of subdivision (a) of Section 51225.3 shall be deemed to have been satisfied and the pupil shall not be required to take additional coursework in mathematics.

SEC. 3. It is the intent of the Legislature that any modification to coursework required by this act shall result in neither additional classes nor in additional costs, but that any modification to coursework shall be incorporated into the requirements of paragraph (2) of subdivision (a) of Section 51225.3 of the Education Code.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(4) The member shall have reached the age of 55 years prior to the reduction in workload.

(5) The reduced workload shall be performed for a period of time, as specified in the regulations, up to and including 10 years. The period of time specified in the regulations shall not exceed 10 years.

(6) The reduced workload shall be equal to at least one-half of the full-time equivalent required by the member's contract of employment during his or her final year of full-time employment.

(7) The member shall be paid creditable compensation that is the pro rata share of the creditable compensation the member would have been paid had the member not reduced his or her workload.

(c) Prior to the reduction of a member's workload under this section, the employer in conjunction with the administrative staff of the State Teachers' Retirement System and the Public Employees' Retirement System, shall verify the member's eligibility for the reduced workload program.

The preretirement election of an option shall become effective on the date a properly executed form prescribed by the system is signed, providing the election is received in the system's office in Sacramento within 30 days after the date of signature.

(b) A member who makes a preretirement election of an Option 2, Option 3, Option 4, Option 5, Option 6, or Option 7 may subsequently make a preretirement election of Option 8. The member may retain the same option and the same option beneficiary as named in the prior preretirement election, as an option under Option 8.

(c) Upon the member's death prior to the effective date of retirement, the beneficiary who was designated under the option elected and who survives shall receive an allowance calculated under the option, under the assumption that the member retired for service pursuant to Section 24202, 24202.5, 24203, 24203.5, 24206, 24209, 24210, 24211, or 24212 on the date of death. The accumulated annuity deposit contributions and the death payment provided in Sections 23801 and 23851 shall be paid to the beneficiary in a lump sum.

(d) If the member subsequently retires for service, and the elected option has not been canceled pursuant to Section 24309, a modified service retirement allowance computed under Section 24300 and the option elected shall be paid.

(e) The amount of the service retirement allowance prior to applying the option factor shall be calculated as of the earlier of the member's age at death before retirement or age on the last day of the month in which the member requested service retirement be effective. The modification of the service retirement allowance under the option elected shall be based on the ages of the member and the beneficiary designated under the option, as of the date the election was signed.

(f) A member who terminates the service retirement allowance pursuant to Section 24208 shall not be eligible to file a preretirement election of an option until one calendar year elapses from the date the allowance is terminated.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

The board shall inform each recipient of the contents of this subdivision.

(e) The distributions authorized by this section are vested only up to the amount payable as a result of the annual appropriation made pursuant to Section 22954 and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Section 22140 and 22141.

(f) Notwithstanding subdivision (b), for purposes of restoring the purchasing power of benefits provided pursuant to Section 24410.5 for members and beneficiaries receiving benefits pursuant to subdivision (b), the purchasing power calculation shall be based on 75 percent of the change in the All Urban California Consumer Price Index between January 2000, and June of the fiscal year preceding the fiscal year of distribution, after the application of increases authorized by Section 24412 that are made to those benefits.

The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 75 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this part, including those specified in Sections 24412 and 24415, and excluding those provided pursuant to Sections 24410.5, 24410.6, and 24410.7.

The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of the benefit effective date and June of the fiscal year preceding the fiscal year of distribution.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

CHAPTER 1028

An act to add Sections 22134.5 and 22136.5 to the Education Code, relating to retirement.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 22134.5 is added to the Education Code, to read:

22134.5. (a) Notwithstanding Section 22134, ''final compensation'' means the highest average annual compensation earnable by a member during any period of 12 consecutive months while an active member of the Defined Benefit Program or time during which he or she was not a member but for which the member has received credit under the Defined Benefit Program, except time that was so credited for service performed outside this state prior to July 1, 1944. The last consecutive 12-month period of employment shall be used by the system in determining final compensation unless designated to the contrary in writing by the member.

(b) For purposes of this section, periods of service separated by breaks in service may be aggregated to constitute a period of 12 consecutive months, if the periods of service are consecutive except for the breaks.

(c) The determination of final compensation of a member who has concurrent membership in another retirement system pursuant to Section 22115.2 shall take into consideration the compensation earnable while a member of the other system, provided that all of the following exist:

(1) The member was in state service or in the employment of a local school district or a county superintendent of schools.

(2) Service under the other system was not performed concurrently with service under the Defined Benefit Program.

(3) Retirement under the Defined Benefit Program is concurrent with the member's retirement under the other system.

(d) The compensation earnable for the first position in which California service was credited shall be used when additional compensation earnable is required to accumulate three consecutive years for the purpose of determining final compensation under Section 23805.

(e) If a member has received service credit for part-time service performed prior to July 1, 1956, the member's final compensation shall be adjusted for that service in excess of one year by the ratio that part-time service bears to full-time service.

(f) The board may specify a different final compensation with respect to disability allowances, disability retirement allowances, family allowances, and children's portions of survivor benefit allowances payable on and after January 1, 1978. The compensation earnable for periods of part-time service shall be adjusted by the ratio that part-time service bears to full-time service.

(g) This section shall only apply to a member who has 25 or more years of credited service, excluding service credited pursuant to Section 22714, 22715, 22717, or 22826, but including any credited service that a court has ordered be awarded to a nonmember spouse pursuant to Section 22652. This section also shall apply to a nonmember spouse, if the member had at least 25 years of credited service, excluding service credited pursuant to Section 22714, 22715, 22717, or 22826, on the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

SEC. 2. Section 22136.5 is added to the Education Code, to read:

22136.5. (a) Notwithstanding Section 22136, ''final compensation'' with respect to a member whose salary while an active member was reduced because of a reduction in school funds means the highest average annual compensation earnable by the member during any 12 months while employed to perform creditable service subject to coverage by the Defined Benefit Program if the member elects to be subject to this section.

(b) This section shall only apply to a member who has 25 or more years of credited service, excluding service credited pursuant to Section

22714, 22715, 22717, or 22826, but including any credited service that a court has ordered be awarded to a nonmember spouse pursuant to Section 22652. This section also shall apply to a nonmember spouse, if the member had at least 25 years of credited service, excluding service credited pursuant to Section 22714, 22715, 22717, or 22826, on the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

CHAPTER 1029

An act to add Section 24203.6 to the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 24203.6 is added to the Education Code, to read:

24203.6. (a) In addition to the amount otherwise payable pursuant to this chapter, a member who (1) retires for service on or after January 1, 2001, (2) has, prior to January 1, 2011, 30 or more years of credited service, excluding service credited pursuant to Sections 22714, 22715, 22717, and 22826 but including any credited service that a court has ordered be awarded to a nonmember spouse pursuant to Section 22652, and (3) is receiving an allowance subject to Section 24203.5, shall receive a monthly increase in the allowance, prior to any modification pursuant to Section 24300, in the amount identified in the following schedule for the number of years of the member's credited service at the time of retirement, excluding service credited pursuant to Sections 22714, 22715, 22717, and 22826 but including any credited service that a court has ordered be awarded to a nonmember spouse pursuant to Section 22652:

30 years of credited service	$200
31 years of credited service	$300
32 or more years of credited service	$400

(b) This section also shall apply to a nonmember spouse, if the member is eligible for the allowance increase pursuant to subdivision (a) upon his or her retirement for service and had at least 30 years of credited service, excluding service credited pursuant to Section 22714, 22715,

22717, or 22826, on the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

(c) The allowance increase provided under this section shall not be subject to Sections 24415 and 24417, but shall be subject to Section 22140.

CHAPTER 1030

An act to amend Sections 20677, 20962, 20966, and 21354.1 of, and to add Sections 3562.2, 20635.1, 20636.1, 20687.1, and 20831.1 to, the Government Code, relating to school employees' retirement, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 3562.2 is added to the Government Code, to read:

3562.2. Notwithstanding subdivision (r) of Section 3562, for purposes of the California State University only, ''scope of representation'' also means any retirement benefits available to a state member under Part 3 (commencing with Section 2000) of Title 2.

SEC. 2. Section 20635.1 is added to the Government Code, to read:

20635.1. Notwithstanding Section 20635, and Section 45102 of the Education Code, when the compensation of a school member is a factor in any computation to be made under this part, there shall be excluded from those computations any compensation based on overtime put in by a member whose service retirement allowance is a fixed percentage of final compensation for each year of credited service. For the purposes of this part, overtime for school members is the aggregate service performed by an employee as a member for all school employers and in all categories of employment in excess of 40 hours of work per week, and for which monetary compensation is paid.

If a school member concurrently renders service in two or more positions, one or more of which is full time, service in the part-time position shall constitute overtime. If two or more positions are permanent and full time, the position with the highest payrate or base pay shall be reported to this system.

SEC. 3. Section 20636.1 is added to the Government Code, to read:

20636.1. (a) Notwithstanding Section 20636, and Section 45102 of the Education Code, ''compensation earnable'' by a school member means the payrate and special compensation of the member, as defined by subdivisions (b) and (c), and as limited by Section 21752.5.

(b) (1) ''Payrate'' means the normal monthly rate of pay or base pay of the member paid in cash to similarly situated members of the same group or class of employment for services rendered on a full-time basis during normal working hours. For noncertificated members, where the normal work schedule is less than 40 hours per week, payments for additional services rendered, not to exceed 40 hours per week, shall be

reported as compensation earnable for all months of the year in which work is performed. ''Payrate,'' for a member who is not in a group or class, means the monthly rate of pay or base pay of the member, paid in cash and pursuant to publicly available pay schedules, for services rendered on a full-time basis during normal working hours, subject to the limitations of paragraph (2) of subdivision (e).

(A) For the purposes of this section, "noncertificated members'' shall mean members who retain membership under this system while employed with a school employer in positions not subject to coverage under the Defined Benefit Program under the State Teacher's Retirement System.

(B) For the purposes of this section, and Sections 20962 and 20966, ''certificated members'' shall mean members who retain membership under this system while employed in positions subject to coverage under the Defined Benefit Program under the State Teacher's Retirement System.

(2) The computation for any leave without pay of a member shall be based on the compensation earnable by him or her at the beginning of the absence.

(3) The computation for time prior to entering state service shall be based on the compensation earnable by him or her in the position first held by him or her in state service.

(c) (1) Special compensation of a school member includes any payment received for special skills, knowledge, abilities, work assignment, workdays or hours, or other work conditions.

(2) Special compensation shall be limited to that which is received by a member pursuant to a labor policy or agreement or as otherwise required by state or federal law, to similarly situated members of a group or class of employment that is in addition to payrate. If an individual is not part of a group or class, special compensation shall be limited to that which the board determines is received by similarly situated members in the closest related group or class that is in addition to payrate, subject to the limitations of paragraph (2) of subdivision (e).

(3) Special compensation shall be for services rendered during normal working hours and, when reported to the board, the employer shall identify the pay period in which the special compensation was earned.

(4) Special compensation may include the full monetary value of normal contributions paid to the board by the employer, on behalf of the member and pursuant to Section 20691, provided that the employer's labor policy or agreement specifically provides for the inclusion of the normal contribution payment in compensation earnable.

(5) The monetary value of any service or noncash advantage furnished by the employer to the member, except as expressly and

specifically provided in this part, shall not be special compensation unless regulations promulgated by the board specifically determine that value to be ''special compensation.''

(6) The board shall promulgate regulations that delineate more specifically and exclusively what constitutes ''special compensation'' as used in this section. A uniform allowance, the monetary value of employer-provided uniforms, holiday pay, and premium pay for hours worked within the normally scheduled or regular working hours that are in excess of the statutory maximum workweek or work period applicable to the employee under Section 201 et seq. of Title 29 of the United States Code shall be included as special compensation and appropriately defined in those regulations.

(7) Special compensation does not include any of the following:

(A) Final settlement pay.

(B) Payments made for additional services rendered outside of normal working hours, whether paid in lump sum or otherwise.

(C) Any other payments the board has not affirmatively determined to be special compensation.

(d) Notwithstanding any other provision of law, payrate and special compensation schedules, ordinances, or similar documents shall be public records available for public scrutiny.

(e) (1) As used in this part, ''group or class of employment'' means a number of employees considered together because they share similarities in job duties, work location, collective bargaining unit, or other logical work related grouping. Under no circumstances shall one employee be considered a group or class.

(2) Increases in compensation earnable granted to any employee who is not in a group or class shall be limited during the final compensation period applicable to the employees, as well as the two years immediately preceding the final compensation period, to the average increase in compensation earnable during the same period reported by the employer for all employees who are in the same membership classification, except as may otherwise be determined pursuant to regulations adopted by the board that establish reasonable standards for granting exceptions.

(f) As used in this part, ''final settlement pay'' means any pay or cash conversions of employee benefits that are in excess of compensation earnable, that are granted or awarded to a member in connection with or in anticipation of a separation from employment. The board shall promulgate regulations that delineate more specifically what constitutes final settlement pay.

SEC. 4. Section 20677 of the Government Code is amended to read:

However, no child shall receive any part of the allowance after marrying or attaining the age of 22 years. The increases described in this section shall only apply to spouses of deceased members who would have been less than 50 years of age, if still living on January 1, 2001.

(c) During the lifetime of the surviving spouse, an additional percentage of the death benefit allowed by this section, exclusive of the annuity under subdivision (d), shall be paid to the spouse of a member who is killed in the performance of his or her duty or who dies as a result of an accident or an injury caused by external violence or physical force, incurred in the performance of his or her duty, for each of his or her children during the lifetime of the child, or until the child marries or

(e) For purposes of this section only, the deceased member's final compensation shall be deemed to increase, and the death benefit under subdivision (b) shall be increased correspondingly, at any time and to the extent the compensation is increased for then-active members employed in the job classification and membership category that was applicable to the deceased member at the time of the injury, or the onset of the disease, causing death. The deceased member's final compensation shall be deemed to be subject to further increases hereunder only until the earlier of (1) the death of the surviving spouse or (2) the date that the deceased member would have attained the age of 50 years.

1808.1. (a) The prospective employer of a driver who drives any vehicle specified in subdivision (k) shall obtain a report showing the driver's current public record as recorded by the department. For purposes of this subdivision, a report is current if it was issued less than 30 days prior to the date the employer employs the driver. The report shall be reviewed, signed, and dated by the employer and maintained at

the employer's place of business until receipt of the pull-notice system report pursuant to subdivisions (b) and (c). These reports shall be presented upon request to any authorized representative of the Department of the California Highway Patrol during regular business hours.

(b) The employer of a driver who drives any vehicle specified in subdivision (k) shall participate in a pull-notice system, which is a process for the purpose of providing the employer with a report showing the driver's current public record as recorded by the department, and any subsequent convictions, failures to appear, accidents, driver's license suspensions, driver's license revocations, or any other actions taken against the driving privilege or certificate, added to the driver's record while the employer's notification request remains valid and uncanceled. As used in this section, participation in the pull-notice system means obtaining a requester code and enrolling all employed drivers who drive any vehicle specified in subdivision (k) under that requester code.

(c) The employer of a driver of any vehicle specified in subdivision (k) shall, additionally, obtain a periodic report from the department at least every 12 months. The employer shall verify that each employee's driver's license has not been suspended or revoked, the employee's traffic violation point count, and whether the employee has been convicted of a violation of Section 23152 or 23153. The report shall be signed and dated by the employer and maintained at the employer's principal place of business. The reports shall be presented upon demand to any authorized representative of the Department of the California Highway Patrol during regular business hours.

(d) Upon the termination of a driver's employment, the employer shall notify the department to discontinue the driver's enrollment in the pull-notice system.

Family members and volunteer drivers who drive vehicles described in subdivision (k) shall also be enrolled as if they were employees.

(g) As part of its inspection of bus maintenance facilities and terminals required at least once every 13 months pursuant to subdivision (c) of Section 34501, the Department of the California Highway Patrol shall determine whether each transit operator, as defined in Section 99210 of the Public Utilities Code, is then in compliance with this section and Section 12804.6, and shall certify each operator found to be in compliance. No funds shall be allocated under Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code to a transit operator which the Department of the California Highway Patrol has not certified under this section.

(h) A request to participate in the pull-notice system established by this section shall be accompanied by a fee determined by the department to be sufficient to defray the entire actual cost to the department for the notification service. For the receipt of subsequent reports, the employer shall also be charged a fee established by the department pursuant to Section 1811. Any employer who qualifies under Section 1812 shall be exempt from any fee required under this section. Failure to pay the fee shall result in automatic cancellation of the employer's participation in the notification services.

(i) The department, as soon as feasible, may establish an automatic procedure to provide the periodic reports to employers by mail or via an electronic delivery method, as required by subdivision (c), on a regular basis without the need for individual requests.

(j) (1) The employer of a driver who is employed as a casual driver is not required to enter that driver's name in the pull-notice system, as otherwise required by subdivision (a). However, the employer of a casual driver shall be in possession of a report of the driver's current public record as recorded by the department, prior to allowing a casual driver to drive any vehicle specified in subdivision (k). A report is current if it was issued less than six months prior to the date the employer employs the driver.

(2) For the purposes of this subdivision, a driver is employed as a casual driver when the employer has employed the driver less than 30 days during the preceding six months. ''Casual driver'' does not include any driver who operates a vehicle that requires a passenger transportation endorsement.

(k) This section applies to any vehicle for the operation of which the driver is required to have a class 1, class 2, class A, or class B driver's license, a class C license with a hazardous materials endorsement, or a certificate issued pursuant to Section 2512, 12517, 12519, 12520, 12523, or 12523.5, or any passenger vehicle having a seating capacity of not more than 10 persons, including the driver, operated for compensation by a charter-party carrier of passengers or passenger stage

The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(E) A test of the hearing and eyesight of the applicant, and of other matters that may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways, and whether any grounds exist for refusal of a license under this code.

CHAPTER 1036

An act to amend Sections 16500, 16501, 16600, and 53635 of the Government Code, relating to government funds.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 16500 of the Government Code is amended to read:

16500. As used in this chapter, ‘‘eligible bank’’ means a state or national bank located in this state, selected by the Treasurer for the

safekeeping of money belonging to or in the custody of the state, that has received an overall rating of not less than ''satisfactory'' in its most recent evaluation by the appropriate federal financial supervisory agency of the bank's record of meeting the credit needs of the state's communities, including low- and moderate-income neighborhoods, pursuant to Section 2906 of Title 12 of the United States Code. An eligible bank is eligible to receive deposits only to the extent that it furnishes the security required by this chapter.

SEC. 2. Section 16501 of the Government Code is amended to read:

16501. Under the conditions as the Treasurer with the approval of the Director of Finance may establish, the Treasurer may deposit money in banks outside this state when the banks are fiscal agents of the state or custodians of securities owned by the state, if the banks have an overall rating of not less than ''satisfactory'' in their most recent evaluation by the appropriate federal financial supervisory agency of the banks' record of meeting the credit needs of the communities in which the bank is located, including low- and moderate-income neighborhoods, pursuant to Section 2906 of Title 12 of the United States Code.

SEC. 3. Section 16600 of the Government Code is amended to read:

16600. (a) As used in this chapter, the following definitions shall apply:

(1) ''Eligible savings and loan association'' means a state or federal savings association, as defined in Section 5102 of the Financial Code, located in this state, insured by the Federal Savings and Loan Insurance Corporation, and selected by the Treasurer for the safekeeping of money belonging to or in the custody of the state. An ''eligible savings and loan association'' must have received an overall rating of not less than ''satisfactory'' in its most recent evaluation by the appropriate federal financial supervisory agency of the association's record of meeting the credit needs of the state's communities, including low- and moderate-income neighborhoods, pursuant to Section 2906 of Title 12 of the United States Code.

(2) ''Eligible credit union'' means a state or federal credit union located in this state, insured by the National Credit Union Administration, and selected by the Treasurer for the safekeeping of money belonging to or in the custody of the state.

(b) An eligible savings and loan association or credit union is eligible to receive deposits only to the extent it furnishes the security required by this chapter.

SEC. 3. Section 53635 of the Government Code is amended to read:

53635. As far as possible, all money belonging to, or in the custody of, a local agency, including money paid to the treasurer or other official to pay the principal, interest, or penalties of bonds, shall be deposited for

safekeeping in state or national banks, savings associations or federal associations, credit unions, or federally insured industrial loan companies in this state selected by the treasurer or other official having the legal custody of the money; or, unless otherwise directed by the legislative body pursuant to Section 53601, may be invested in the investments set forth below. To be eligible to receive local agency money, a bank, savings association, federal association, or federally insured industrial loan company shall have received an overall rating of not less than ''satisfactory'' in its most recent evaluation by the appropriate federal financial supervisorial agency of its record of meeting the credit needs of California's communities, including low- and moderate-income neighborhoods, pursuant to Section 2906 of Title 12 of the United States Code. A local agency purchasing or obtaining any securities described in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of all the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book-entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book-entry account may be used for book-entry delivery. For purposes of this section, ''counterparty'' means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase.

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(e) Obligations issued by banks for cooperatives, federal land banks, federal intermediate credit banks, federal home loan banks, the Federal

Home Loan Bank, the Tennessee Valley Authority, or in obligations, participations, or other instruments of, or issued by, or fully guaranteed as to principal and interest by, the Federal National Mortgage Association; or in guaranteed portions of Small Business Administration notes; or in obligations, participations, or other instruments of, or issued by, a federal agency or a United States government-sponsored enterprise.

(f) Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers acceptances. Purchases of bankers acceptances may not exceed 270 days maturity or 40 percent of the agency's surplus funds which may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act, Division 6 (commencing with Section 11501) of the Public Utilities Code.

(g) Commercial paper of ''prime'' quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Eligible paper is further limited to issuing corporations that are organized and operating within the United States and having total assets in excess of five hundred million dollars ($500,000,000) and having an ''A'' or higher rating for the issuer's debt, other than commercial paper, if any, as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 180 days maturity nor represent more than 10 percent of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 15 percent of the agency's surplus money which may be invested pursuant to this section. An additional 15 percent, or a total of 30 percent of the agency's money or money in its custody, may be invested pursuant to this subdivision. The additional 15 percent may be so invested only if the dollar-weighted average maturity of the entire amount does not exceed 31 days. ''Dollar-weighted average maturity'' means the sum of the amount of each outstanding commercial paper investment multiplied by the number of days to maturity, divided by the total amount of outstanding commercial paper.

(h) Negotiable certificates of deposit issued by a nationally or state-chartered bank or a savings association or federal association or a state or federal credit union or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section. For purposes of this section, negotiable certificates of

deposit do not come within Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5, except that the amount so invested shall be subject to the limitations of Section 53638. For purposes of this section, the legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the money are prohibited from depositing or investing local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or an employee of the administrative officer, manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee or supervisory committee of the state or federal credit union issuing the negotiable certificates of deposit.

(i) (1) Investments in repurchase agreements or reverse repurchase agreements, or securities lending agreements of any securities authorized by this section, so long as the agreements are subject to this subdivision, including the delivery requirements specified in this section.

(2) Investments in repurchase agreements or securities lending agreements may be made, on any investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements may be utilized only when either of the following conditions are met:

(A) The security was owned or specifically committed to purchase, by the local agency, prior to repurchase agreement on December 31, 1994, and was sold using a reverse repurchase agreement or securities lending agreement on December 31, 1994.

(B) The security to be sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale; the total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency not purchased or committed to purchase, prior to December 31, 1994, does not exceed 20 percent of the base value of the portfolio; and the agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a

security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) After December 31, 1994, a reverse repurchase agreement or securities lending agreement may not be entered into with securities not sold on a reverse repurchase agreement or securities lending agreement and purchased, or committed to purchase, prior to that date, as a means of financing or paying for the security sold on a reverse repurchase agreement or securities lending agreement, but may only be entered into with securities owned and previously paid for a minimum of 30 days prior to the settlement of the reverse repurchase agreement or securities lending agreement, in order to supplement the yield on securities owned and previously paid for or to provide funds for the immediate payment of a local agency obligation. Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement, on securities originally purchased subsequent to December 31, 1994, shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security. Reverse repurchase agreements or securities lending agreements specified in subparagraph (B) of paragraph (3) may not be entered into unless the percentage restrictions specified in that subparagraph are met, including the total of any reverse repurchase agreements or securities lending agreements specified in subparagraph (A) of paragraph (3).

(5) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security, may only be made upon prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of New York.

(6) (A) ''Repurchase agreement'' means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book-entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book-entry account may be used for book-entry delivery.

(B) ''Securities,'' for purpose of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) ''Reverse repurchase agreement'' means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date, and includes other comparable agreements.

(D) ''Securities lending agreement'' means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn, agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement or securities lending agreement and the earnings obtained on the reinvestment of the funds.

(j) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated ''A'' or better by a nationally recognized rating service. Purchases of medium-term notes shall not include other instruments authorized by this section and may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section.

(k) (1) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations as authorized by subdivisions (a) to (j), inclusive, or subdivision (*l*) or (m) and that comply with the investment restrictions of this article and Article 1 (commencing with Section 53600). However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is not required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

(2) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 and following).

(3) If investment is in shares issued pursuant to paragraph (1), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience investing in the securities and obligations authorized by subdivisions (a) to (j), inclusive, or subdivision (*l*) or (m) and with assets under management in excess of five hundred million dollars ($500,000,000).

(4) If investment is in shares issued pursuant to paragraph (2), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of five hundred million dollars ($500,000,000).

(5) The purchase price of shares of beneficial interest purchased pursuant to this subdivision shall not include any commission that the companies may charge and shall not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section. However, no more than 10 percent of the agency's surplus funds may be invested in shares of beneficial interest of any one mutual fund pursuant to paragraph (1).

(*l*) Notes, bonds, or other obligations which are at all times secured by a valid first priority security interest in securities of the types listed by Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank which is not affiliated with the issuer of the secured obligation, and the security interest shall be perfected in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities in which the security interest is granted.

(m) Any mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable passthrough certificate, or consumer receivable-backed bond of a maximum of five years maturity. Securities eligible for investment under this subdivision shall be issued by an issuer having an ''A'' or higher rating for the issuer's debt as provided by a nationally recognized rating service and rated in a rating category of ''AA'' or its equivalent or better by a nationally recognized rating service. Purchase of securities authorized by this subdivision may not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section.

CHAPTER 1037

An act relating to the Grant Joint Union High School District.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) Any school district that succeeds the Grant Joint Union High School District shall do each of the following:

(1) Accept, subject to schoolsite capacity, pupils in grades 7 to 12, inclusive, who apply to transfer to that school district from any other school district that succeeds the Grant Joint Union High School District. Priority for transfer shall be given as follows, with random lotteries to choose between pupils in like priority ranks:

(A) First priority shall be given to current pupils at the schoolsite.

(B) Second priority shall be given to residents of the schoolsite attendance area.

(C) Third priority shall be given to siblings of current pupils, if transfer of the siblings would mitigate schoolsite segregation.

(D) Fourth priority shall be given to pupils whose transfer would mitigate schoolsite segregation.

(E) Fifth priority shall be given to siblings of current pupils, regardless of whether transfer of the siblings would mitigate schoolsite segregation.

(F) Sixth priority shall be given to pupils residing in the district attendance area.

(G) Seventh priority shall be given to other pupils not described in subparagraphs (A) to (F), inclusive.

(2) (A) Specify within the voluntary desegregation program established pursuant to Section 42249 and subdivision (a) of Section 42249.6, subject to the availability of funding therefor, that first priority for expenditure of funds provided for purposes of the program shall be the provision of home-to-school transportation for pupils who transfer to the school district pursuant to paragraph (1) at no cost to the pupils.

(B) If funding provided pursuant to subdivision (a) of Section 42249.6 is insufficient to provide free home-to-school transportation for all pupils who transfer to the school district, first priority for free home-to-school transportation shall be given to pupils eligible to receive free or reduced-price lunches. If funding is insufficient to fully fund home-to-school transportation for the pupils eligible to receive free or reduced-price lunches, funding shall be prorated among the pupils eligible to receive free or reduced-price lunches.

(C) Any school district that succeeds the Grant Joint Union High School District shall use, for purposes of this paragraph, the funding made available pursuant to Section 42249.6.

(3) Guarantee that any person formerly employed by the Grant Joint Union High School District who becomes an employee of a school district that succeeds the Grant Joint Union High School District shall retain all seniority that the employee earned in the Grant Joint Union High School District.

(b) Any person who becomes an employee to any school district that succeeds Grant Joint Union High School District due to unification shall retain all seniority that the employee earned in the Grant Joint Union High School District.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable to the Grant Joint Union High School District, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1038

An act to add Article 2.7 (commencing with Section 92615) to Chapter 6 of Part 57 of the Education Code, relating to postsecondary education.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.7 (commencing with Section 92615) is added to Chapter 6 of Part 57 of the Education Code, to read:

Article 2.7. Economic Legacy of Slavery in California

92615. (a) The Legislature requests that the Regents of the University of California assemble a colloquium of scholars to draft a research proposal to analyze the economic benefits of slavery that accrued to owners and the businesses, including insurance companies and their subsidiaries, that received those benefits. The colloquium shall draw on the resources and knowledge of historians and other scholars from across the nation as well as California, and interested parties shall also be invited to participate.

(b) As resources allow, the State Library shall participate in the effort required by this section. The State Library shall examine the economic legacy of slavery in California, including forced slavery, chattel slavery, and indentured servitude.

(c) The Legislature further requests that the Regents of the University of California make recommendations to the Legislature regarding the colloquium's findings on or before January 1, 2002.

CHAPTER 1039

An act to add Title 1.81 (commencing with Section 1798.80) to Part 4 of Division 3 of the Civil Code, relating to customer records.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Title 1.81 (commencing with Section 1798.80) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 1.81. CUSTOMER RECORDS

1798.80. The following definitions apply to this title:

(a) ''Business'' means a sole proprietorship, partnership, corporation, association, or other group, however organized and whether or not organized to operate at a profit, including a financial institution organized, chartered, or holding a license or authorization certificate under the law of this state, any other state, the United States, or of any other country, or the parent or the subsidiary of a financial institution. The term includes an entity that destroys records.

(b) ''Records'' means any material, regardless of the physical form, on which information is recorded or preserved by any means, including in written or spoken words, graphically depicted, printed, or electromagnetically transmitted. ''Records'' does not include publicly available directories containing information an individual has voluntarily consented to have publicly disseminated or listed, such as name, address, or telephone number.

(c) ''Customer'' means an individual who provides personal information to a business for the purpose of purchasing or leasing a product or obtaining a service from the business.

(d) ''Individual'' means a natural person.

(e) ''Personal information'' means any information that identifies, relates to, describes, or is capable of being associated with, a particular individual, including, but not limited to, his or her name, signature, social security number, physical characteristics or description, address, telephone number, passport number, driver's license or state identification card number, insurance policy number, education, employment, employment history, bank account number, credit card number, debit card number, or any other financial information.

1798.81. A business shall take all reasonable steps to destroy, or arrange for the destruction of a customer's records within its custody or control containing personal information which is no longer to be retained by the business by (1) shredding, (2) erasing, or (3) otherwise modifying the personal information in those records to make it unreadable or undecipherable through any means.

1798.82. (a) Any customer injured by a violation of this title may institute a civil action to recover damages.

(b) Any business that violates, proposes to violate, or has violated this title may be enjoined.

(c) The rights and remedies available under this section are cumulative to each other and to any other rights and remedies available under law.

CHAPTER 1040

An act to amend Sections 25519 and 25523 of, and to repeal Section 25524 of, the Public Resources Code, and to add Sections 393 and 454.1 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Reliable, reasonably priced electricity service is and always has been essential for California's economic growth and for the health and welfare of its citizens.

(b) To improve the reliability and cost of electricity service in California, Chapter 854 of the Statutes of 1996 (hereafter AB 1890) restructured the state's electricity industry to allow market-based competition in the supply of electric power and created the Independent System Operator to ensure reliability, efficiently operate the statewide transmission system, and ensure that necessary new transmission capacity was planned for and constructed.

(c) Prior to electric industry restructuring, California had experienced a decade-long hiatus in powerplant construction that, in conjunction with strong, population-driven electricity demand growth, had begun to jeopardize electric system reliability.

(d) The passage of AB 1890 ended this construction hiatus and stimulated private developers to file an unprecedented number of applications to build new, environmentally superior merchant powerplants in California.

(e) However, because these new powerplants will not be completed until 2002 or 2003, the state's electric system reliability will remain vulnerable during the next few years during periods when California and its neighboring states simultaneously experience very hot weather.

(f) This vulnerability will be exacerbated, in the event of a drought, by California's dependence on rainfall-driven hydroelectric power for over 20 percent of its annual electricity requirements.

(g) Adequate generation, transmission, and consumer-demand responsiveness alternatives are critical to managing the vulnerability of the state's electric system and ensuring reliable, reasonably priced, electricity.

(h) Therefore all of the following are necessary:

(1) Timely and efficient public processes for siting, licensing, and interconnecting new generation and transmission facilities.

(2) Providing tools and information to the state's electricity consumers to enable them to manage their energy use during periods when electricity is most costly.

(3) Equipping public and private institutions that protect the interests of California's citizens with the tools and authority they need to facilitate the timely development of required physical and policy infrastructure.

(i) This act is intended to ensure that needed processes and institutional capabilities are in place so California's citizens and businesses will continue to be assured reliable, reasonably priced, electricity service. Specifically, this bill is intended to do all of the following:

(1) Expedite the deployment of new in-state electric generation capacity.

(2) Expedite the development of necessary transmission capacity identified by the Independent System Operator.

(3) Expedite the development of necessary distribution capacity identified by the Public Utilities Commission.

(4) Maximize the potential benefits of energy conservation by facilitating the deployment of appropriate metering and communication and control technologies through the distribution system.

(j) The Legislature further finds and declares all of the following:

(1) There is a need to establish an electricity consumer information infrastructure that will provide electricity consumption information to residential and small commercial customers to help them better manage their electricity use and costs and improve the demand responsiveness of the electricity market.

(2) A fundamental tool residential and small electricity consumers require to better manage their electricity use is real-time information about their electricity consumption. Currently, the only electricity usage information consumers have is a monthly bill that summarizes historical electricity consumption. Real-time electricity usage information is required for consumers to understand the relationship between their current activities and the amount of electricity they are consuming. However, at present, few consumers have technology installed to monitor their electricity consumption on a real-time basis.

(3) Technology exists that could help consumers acquire the real-time information they would need to understand and manage their electricity consumption. However, the current stock of installed electricity meters is not capable of allowing ready access to this information.

(4) It may be possible to economically retrofit or, in certain cases, replace the current stock of electricity meters to allow real-time usage information to be made available to consumers through a standard output interface. A standard output interface would allow consumers to

purchase a variety of energy information and management technologies that would meet their individual energy management objectives.

(5) Today, no energy information and management technologies are commercially available to the small consumer market at a cost low enough to encourage participation. However, the ubiquitous availability of standard electricity usage information at a standard output interface, along with rates that reward customers for managing their electricity usage and costs, will provide an incentive to customers to change their usage patterns and to third party providers to develop value-added technological solutions to help consumers use their electricity usage information to manage their electricity consumption and meet their individual energy management objectives and improve the demand responsiveness of the electricity market.

(k) The Legislature further finds and declares all of the following:

(1) The electric facilities owned by electrical corporations that are used in California for the transmission of electric energy at high voltages, whether or not in interstate commerce, are facilities essential to the well-being of California residents and businesses.

(2) It is in the public interest to reconfigure and add transfer and replacement capacity to electric transmission facilities to facilitate competition in electric generation markets, ensure open, nondiscriminatory access to all buyers and sellers of electricity, to assure all buyers and sellers of electricity that they will receive comparable service, and to ensure continued reliability of the transmission grid.

(3) Reasonable expenditures by electrical corporations to plan, design, and engineer reconfigurations, replacements, or expansions of transmission facilities are in the public interest, and are deemed prudent if made for the purpose of facilitating competition in electric generation markets, ensuring open access and comparable service, or maintaining or enhancing reliability, whether or not expenditures are for transmission facilities that become operational.

SEC. 2. Section 25519 of the Public Resources Code is amended to read:

25519. (a) In order to obtain certification for a site and related facility, an application for certification of the site and related facility shall be filed with the commission. The application shall be in a form prescribed by the commission and shall be for a site and related facility that has been found to be acceptable by the commission pursuant to Section 25516, or for an additional facility at a site that has been designated a potential multiple-facility site pursuant to Section 25514.5 and found to be acceptable pursuant to Sections 25516 and 25516.5. An application for an additional facility at a potential multiple-facility site shall be subject to the conditions and review specified in Section 25520.5. An application may not be filed for a site and related facility,

if there is no suitable alternative for the site and related facility that was previously found to be acceptable by the commission, unless the commission has approved the notice based on the one site as specified in Section 25516.

(b) The commission, upon its own motion or in response to the request of any party, may require the applicant to submit any information, document, or data, in addition to the attachments required by subdivision (i), that it determines is reasonably necessary to make any decision on the application.

(c) The commission shall be the lead agency as provided in Section 21165 for all projects that require certification pursuant to this chapter and for projects that are exempted from such certification pursuant to Section 25541. Unless the commission's regulatory program governing site and facility certification and related proceedings are certified by the Resources Agency pursuant to Section 21080.5, an environmental impact report shall be completed within one year after receipt of the application. If the commission prepares a document or documents in the place of an environmental impact report or negative declaration under a regulatory program certified pursuant to Section 21080.5, any other public agency that must make a decision that is subject to the California Environmental Quality Act, Division 13 (commencing with Section 21000), on a site or related facility, shall use the document or documents prepared by the commission in the same manner as they would use an environmental impact report or negative declaration prepared by a lead agency.

(d) If the site and related facility specified in the application is proposed to be located in the coastal zone, the commission shall transmit a copy of the application to the California Coastal Commission for its review and comments.

(e) If the site and related facility specified in the application is proposed to be located in the Suisun Marsh or the jurisdiction of the San Francisco Bay Conservation and Development Commission, the commission shall transmit a copy of the application to the San Francisco Bay Conservation and Development Commission for its review and comments.

(f) Upon receipt of an application, the commission shall forward the application to local governmental agencies having land use and related jurisdiction in the area of the proposed site and related facility. Those local agencies shall review the application and submit comments on, among other things, the design of the facility, architectural and aesthetic features of the facility, access to highways, landscaping and grading, public use of lands in the area of the facility, and other appropriate aspects of the design, construction, or operation of the proposed site and related facility.

(g) Upon receipt of an application, the commission shall cause a summary of the application to be published in a newspaper of general circulation in the county in which the site and related facilities, or any part thereof, designated in the application, is proposed to be located. The commission shall transmit a copy of the application to each federal and state agency having jurisdiction or special interest in matters pertinent to the proposed site and related facilities and to the Attorney General.

(h) Local and state agencies having jurisdiction or special interest in matters pertinent to the proposed site and related facilities shall provide their comments and recommendations on the project within 180 days of the date of filing of an application.

(i) The adviser shall require that adequate notice is given to the public and that the procedures specified by this division are complied with.

(j) For any proposed site and related facility requiring a certificate of public convenience and necessity, the commission shall transmit a copy of the application to the Public Utilities Commission and request the comments and recommendations of the Public Utilities Commission on the economic, financial, rate, system reliability, and service implications of the proposed site and related facility. If the commission requires modification of the proposed facility, the commission shall consult with the Public Utilities Commission regarding the economic, financial, rate, system reliability, and service implications of those modifications.

(k) The commission shall transmit a copy of the application to any governmental agency not specifically mentioned in this act, but which it finds has any information or interest in the proposed site and related facilities, and shall invite the comments and recommendations of each agency. The commission shall request any relevant laws, ordinances, or regulations that an agency has promulgated or administered.

(*l*) An application for certification of any site and related facilities shall contain a listing of every federal agency from which any approval or authorization concerning the proposed site is required, specifying the approvals or authorizations obtained at the time of the application and the schedule for obtaining any approvals or authorizations pending.

SEC. 3. Section 25523 of the Public Resources Code is amended to read:

25523. The commission shall prepare a written decision after the public hearing on an application, which includes all of the following:

(a) Specific provisions relating to the manner in which the proposed facility is to be designed, sited, and operated in order to protect environmental quality and assure public health and safety.

(b) In the case of a site to be located in the coastal zone, specific provisions to meet the objectives of Division 20 (commencing with Section 30000) as may be specified in the report submitted by the California Coastal Commission pursuant to subdivision (d) of Section

30413, unless the commission specifically finds that the adoption of the provisions specified in the report would result in greater adverse effect on the environment or that the provisions proposed in the report would not be feasible.

(c) In the case of a site to be located in the Suisun Marsh or in the jurisdiction of the San Francisco Bay Conservation and Development Commission, specific provisions to meet the requirements of Division 19 (commencing with Section 29000) of this code or Title 7.2 (commencing with Section 66600) of the Government Code as may be specified in the report submitted by the San Francisco Bay Conservation and Development Commission pursuant to subdivision (d) of Section 66645 of the Government Code, unless the commission specifically finds that the adoption of the provisions specified in the report would result in greater adverse effect on the environment or the provisions proposed in the report would not be feasible.

(d) (1) Findings regarding the conformity of the proposed site and related facilities with standards adopted by the commission pursuant to Section 25216.3 and subdivision (d) of Section 25402, with public safety standards and the applicable air and water quality standards, and with other relevant local, regional, state, and federal standards, ordinances, or laws. If the commission finds that there is noncompliance with any state, local, or regional ordinance or regulation in the application, it shall consult and meet with the state, local, or regional governmental agency concerned to attempt to correct or eliminate the noncompliance. If the noncompliance cannot be corrected or eliminated, the commission shall inform the state, local, or regional governmental agency if it makes the findings required by Section 25525.

(2) The commission may not find that the proposed facility conforms with applicable air quality standards pursuant to paragraph (1) unless the applicable air pollution control district or air quality management district certifies that complete emissions offsets for the proposed facility have been identified and will be obtained by the applicant prior to the commission's licensing of the project, to the extent that the proposed facility requires emission offsets to comply with local, regional, state, or federal air quality standards.

(e) Provision for restoring the site as necessary to protect the environment, if the commission denies approval of the application.

(f) In the case of a site and related facility using resource recovery (waste-to-energy) technology, specific conditions requiring that the facility be monitored to ensure compliance with paragraphs (1), (2), (3), and (6) of subdivision (a) of Section 42315 of the Health and Safety Code.

(g) In the case of a facility, other than a resource recovery facility subject to subdivision (f), specific conditions requiring the facility to be

monitored to ensure compliance with toxic air contaminant control measures adopted by an air pollution control district or air quality management district pursuant to subdivision (d) of Section 39666 or Section 41700 of the Health and Safety Code, whether the measures were adopted before or after issuance of a determination of compliance by the district.

SEC. 4. Section 25524 of the Public Resources Code is repealed.

SEC. 5. Section 393 is added to the Public Utilities Code, to read:

393. (a) The commission shall conduct a pilot study of the residential and small commercial customers of each electrical corporation, where the rate level established in subdivision (a) of Section 368 is no longer in effect, to determine the relative value to ratepayers of various information, rate design, and metering innovations for helping residential and small commercial customers better manage their electricity use. The commission shall compare the net benefits, including, but not limited to, all of the following approaches:

(1) The retrofit or replacement of residential and small commercial meters to provide real-time usage information to a standard output interface that is connected to a visual display module within the customer's home or business that presents information, at minimum, on current usage and historic usage. The commission may also test the effects of providing greater amounts of information display capability including, but not limited to, historic usage and estimated aggregated costs for the billing period, associated with the customer's bundled rate structure. The standard output interface of the meter must be multiply accessible to allow the installation by the customer, an electrical corporation, or a registered energy service provider of energy information-based energy management applications.

(2) The replacement of residential and small commercial meters with time-of-use meters that distinguish and measure peak and off-peak energy use. Subject to the approval of the commission, electrical corporations shall offer a rate schedule to customers that differentially price seasonal on-peak, mid-peak, and off-peak energy use that reflects the electrical corporation's actual energy cost. The meters used shall have the same standard usage information output interface as in paragraph (1).

(3) The replacement of residential and small commercial meters with meters that facilitate the offering of hourly real-time pricing. Subject to the approval of the commission, electrical corporations shall offer a rate schedule to customers that prices electricity usage at the electrical corporation's hourly cost. The meters used shall have the same standard usage information output interface as in paragraph (1) .

(b) The commission shall ensure that sufficient valid randomized customer use data, normalized for weather, occupancy, energy cost

differences and other potentially confounding factors, are collected to respond to, but are not limited to, all of the following questions:

(1) To what extent is the real-time availability of customer usage information to customers sufficient to bring about a significant change in customer energy consumption behavior?

(2) To what extent is the availability of customer usage information to customers sufficient to stimulate innovation in energy information-based energy management applications?

(3) What is the difference in energy consumption behavior between customers that have enhanced access to energy consumption information and those who have time-of-use rates?

(4) Do the differences in usage and net cost savings, if any, between customers who have enhanced energy information and those who have time-of-use rates justify the broader offering of time-of-use metering capability?

(5) What is the difference in energy consumption behavior between customers who consume electricity under hourly real-time pricing and customers who either have enhanced information access or time-of-use pricing? Does the value of these differences justify the broader offering of hourly real-time pricing?

(6) What issues should be addressed prior to systemwide deployment?

(c) In conducting the pilot study, the commission shall ensure that all of the following study conditions are observed:

(1) No more than the minimum number of customers required to provide a statistically valid sample for a customer group in a pilot study as required by subdivision (a) are included. The aggregate total number of customers participating in a customer group in a pilot study may not exceed 3 percent of the electrical corporation's customers.

(2) Customers from each electrical corporation are selected from comparable geographic areas, from a variety of climate zones, and from a range of socioeconomic circumstances. In addition, control groups of customers shall be established for each study against whom the behavior of the study group participants may be compared.

(3) No customer is required to participate in a pilot study. However, customer rates of participation and reasons for nonparticipation for each study condition shall be monitored and incorporated in the study results, as appropriate.

(4) The offerings for the customers in the service territories of each electrical corporation that participates in a pilot study required by subdivision (a) are identical among electrical corporations to allow the comparison of data and results. However, electrical corporations may test alternative technological solutions, not including those relating to the standard usage information output interface specified in subdivision

(e), to offer hourly real-time pricing for the pilot study in paragraph (3) of subdivision (a).

(5) Notwithstanding paragraph (4), the commission may waive the requirement imposed by that paragraph, or otherwise alter a pilot study, if the commission finds that it is in the public interest.

(6) All interested energy service providers and equipment manufacturers are included in the design and implementation of the pilot study to ensure that its results may be used to guide the subsequent deployment of the appropriate customer usage information infrastructure.

(d) The commission shall report to the Legislature on the initial results of the pilot study on or before March 31, 2002. The commission shall report on the results of the study for electrical corporations that continue to be under the rate level established in subdivision (a) of Section 368 at the effective date of this act within 15 months from the time when that rate level is no longer in effect.

(e) The study data shall be available to the public. The data shall be provided in a way that does not reveal customer-specific information.

(f) The standard usage information output interface used in pilot study elements set forth in paragraphs (1) to (3), inclusive, of subdivision (a) shall meet all of the following specifications:

(1) All electrical corporation retrofits or meter replacements shall conform to the same American National Standards Institute, Institute of Electrical and Electronics Engineers or other standard, as appropriate, and provide the same standard output interface.

(2) The technology selected shall be the most cost-effective, including its use of electricity on a life-cycle basis.

(3) The standard output interface selected shall allow a customer's data to be multiply accessed in a secure and protected manner.

(4) The standard output interface shall be installed in a way that does not compromise customer or worker safety or the integrity or accuracy of the meter.

(5) Because some older vintage meters cannot be readily retrofitted, the decision regarding whether to retrofit or replace a meter must be made on the basis of cost-effectiveness.

(6) Access by electrical corporations and third-party providers to the usage information output interface shall be at the sole discretion of the customer, except to the extent that the customer enters into a billing relationship with an electrical corporation or energy service provider.

(7) To ensure customer privacy, unless specifically authorized by the customer, information based upon customer data may not be used for any commercial purpose.

(8) Customers receiving service under the California Alternative Rates for Energy program under Section 739.1 do not pay a higher

distribution rate attributable to participating in any of the pilot studies in subdivision (a).

(g) The commission shall allow electrical corporations to include in their distribution rates the reasonable investment and operating , installing, accounting, and evaluating costs of the pilot studies, those costs to be allocated only among the customer classes participating in the study.

SEC. 6. Section 454.1 is added to the Public Utilities Code, to read:

454.1. (a) Reasonable expenditures by transmission owners that are electrical corporations to plan, design, and engineer reconfiguration, replacement, or expansion of transmission facilities are in the public interest and are deemed prudent if made for the purpose of facilitating competition in electric generation markets, ensuring open access and comparable service, or maintaining or enhancing reliability, whether or not these expenditures are for transmission facilities that become operational.

(b) The commission and the Electricity Oversight Board shall jointly facilitate the efforts of the state's transmission owning electrical corporations to obtain authorization from the Federal Energy Regulatory Commission to recover reasonable expenditures made for the purposes stated in subdivision (a).

(c) Nothing in this section alters or affects the recovery of the reasonable costs of other electric facilities in rates pursuant to the commission's existing ratemaking authority under this code or pursuant to the Federal Power Act (41 Stat. 1063; 16 U.S.C. Secs. 791a, et seq.). The commission may periodically review and adjust depreciation schedules and rates authorized for an electric plant that is under the jurisdiction of the commission and owned by electrical corporations and periodically review and adjust depreciation schedules and rates authorized for a gas plant that is under the jurisdiction of the commission and owned by gas corporations, consistent with this code.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 1041

An act to amend Section 385 of, and to add Section 9607 to, the Public Utilities Code, and to amend Section 21100 of the Water Code, relating to public utilities.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature to encourage irrigation districts that provide retail electric service, to consult with community advisory boards comprised of community members representing low-income customers in order to implement the low-income programs pursuant to paragraph (4) of subdivision (a) of Section 385 of the Public Utilities Code. These low-income programs include, but are not limited to, rate discounts for low-income customers and nonrate discount low-income energy efficiency programs.

(b) It is the intent of the Legislature to encourage irrigation districts to work with community-based organizations, community action agencies, or community-based weatherization providers to implement these programs. It is the intent of the Legislature that irrigation districts adopt low-income programs by July 1, 2001.

SEC. 2. Section 385 of the Public Utilities Code is amended to read:

385. (a) Each local publicly owned electric utility shall establish a nonbypassable, usage based charge on local distribution service of not less than the lowest expenditure level of the three largest electrical corporations in California on a percent of revenue basis, calculated from each utility's total revenue requirement for the year ended December 31, 1994, and each utility's total annual expenditure under paragraphs (1), (2), and (3) of subdivision (c) of Section 381 and Section 382, to fund investments by the utility and other parties in any or all of the following:

(1) Cost-effective demand-side management services to promote energy efficiency and energy conservation.

(2) New investment in renewable energy resources and technologies consistent with existing statutes and regulations which promote those resources and technologies.

(3) Research, development and demonstration programs for the public interest to advance science or technology which is not adequately provided by competitive and regulated markets.

(4) Services provided for low-income electricity customers, including, but not limited to, energy efficiency services, education, weatherization, and rate discounts.

(b) Each local publicly owned electric utility that has not implemented programs for low-income electricity customers including targeted energy efficiency services and rate discounts based upon the income level of the customer, or completed an assessment of need for those programs, on or before December 31, 2000, shall perform a needs assessment for the programs described in paragraph (4) of subdivision (a) and shall hold one or more public meetings, after notice, to review the findings of the needs assessment. Following the public meetings, the governing body of the local publicly owned electric utility shall determine the amount of the total funds collected pursuant to this section to be allocated to low-income programs, including, but not limited to, targeted energy efficiency services, education, weatherization, and rate discounts. In making its decision on the need for the programs, the governing body shall consider all of the following:

(1) The number and income level of low-income customers that reside in the service area of the utility.

(2) The availability of home weatherization services to low-income customers pursuant to Section 2790.

(3) The availability of in-home energy efficiency education in the utility's service area.

(4) Other factors that may indicate a need for low-income services.

(c) Following a determination pursuant to subdivision (b) that low-income services are needed, the local publicly owned utility shall promptly implement or expand those programs. The local publicly owned electric utility shall work with existing weatherization providers to implement energy efficiency, education, and weatherization programs.

SEC. 3. Section 9607 is added to the Public Utilities Code, to read:

9607. (a) Notwithstanding Section 9604, for purposes of this section, ''district'' means an irrigation district furnishing electric services formed pursuant to the Irrigation District Law as set forth in Division 11 (commencing with Section 20500) of the Water Code.

(b) Notwithstanding any other provision of law, a district may not construct, lease, acquire, or operate facilities for the purpose of serving retail electric customers located in the service territory of an electrical corporation or a local publicly owned electric utility unless the district provides to the customers of the electric corporation or local publicly owned utility public purpose programs, universal service, customer protection, and environmental policies regarding distribution facilities that are comparable to those of the current distribution service providers.

(c) Prior to the construction, lease, acquisition, or operation of facilities for the purpose of serving retail electric customers located in the service territory of an electrical corporation or a local publicly owned

electric utility, a district shall certify by ordinance, consistent with the needs determination provided for in Section 385, all of the following:

(1) The district has established and funded public purpose and low-income programs in accordance with Section 385.

(2) The district will provide universal service to all retail customers who request service within reasonable physical proximity to the district's distribution or transmission wires and poles allowing for line extensions and service, at published tariff rates and on a just, reasonable, and nondiscriminatory basis, comparable to that provided by the current distribution service provider.

(3) The district will provide consumer protection and direct transaction provisions comparable to those established for the current distribution service provider and the district has established environmental policies to minimize or eliminate the duplication of electric transmission or distribution facilities.

(d) In certifying its low-income programs pursuant to subdivision (c), a district shall follow public notice and hearing procedures and make detailed findings on the record supporting its decision.

SEC. 4. Section 21100 of the Water Code is amended to read:

21100. (a) Each director, except as otherwise provided in this division, shall be a voter and a landowner in the district and a resident of the division that he or she represents at the time of his or her nomination or appointment and through his or her entire term, except in the case of the director elected at a formation election. A director elected at a formation election shall be a resident and landowner in the proposed district at the time of his or her nomination and a resident of the division that he or she represents during his or her entire term.

(b) In any district having no more than 15 landowners who are voters in the district, a person need not be a voter but shall be qualified to be a director of the district if he or she is a landowner of the district at the time of his or her nomination or appointment and during his or her entire term.

(c) In a district providing retail electricity for residents of the district, each director, except as otherwise provided in this division, shall be a voter of the district and a resident of the division that he or she represents at the time of his or her nomination or appointment and during his or her entire term, except in the case of a director elected at a formation election. A director elected at a formation election shall be a resident in the proposed district at the time of his or her nomination and a resident of the division that he or she represents during his or her entire term.

SEC. 5. Section 2 of this act, adding Section 9607 to the Public Utilities Code, shall not become operative if Assembly Bill 2638 of the 1999–2000 Regular Session is enacted and becomes operative.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1042

An act to add Sections 454.1, 9607, 9608, 9610, 9611, and 9612 to the Public Utilities Code, and to amend Sections 20804 and 20805 of the Water Code, relating to services.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 454.1 is added to the Public Utilities Code, to read:

454.1. (a) Except as provided in subdivision (b), if a customer with a maximum peak electrical demand in excess of 20 kilowatts located or planning to locate within the service territory of an electrical corporation receives a bona fide offer for electric service from an irrigation district at rates less than the electrical corporation's tariffed rates, the electrical corporation may discount its noncommodity rates, but may not discount its noncommodity rates below its distribution marginal cost of serving that customer. For purposes of this subdivision, the costs of the electric commodity shall be excluded from both the irrigation district and electric corporation's rates. The electrical corporation may recover any difference between its tariffed and discounted service from its remaining customers, allocated as determined by the commission. However, the reallocation may not increase rates to its remaining customers by any

greater amount than the rates would be increased if the customer had taken electric distribution service from the irrigation district and the irrigation district had paid the charge established in subdivision (e) of Section 9607. Further, there shall be a firewall preventing the reallocation of such differences resulting from discounting to residential customers or to commercial customers with maximum peak demands not in excess of 20 kilowatts. The commission shall review the discounts provided under this section by each electrical corporation and report to the Legislature not later than January 15, 2003. The review shall include an assessment of the effectiveness of the discount levels and the rate impacts to customers of the discounts. The commission shall include in its report a recommendation of any changes that should be made to the discount levels in light of other commission approved discount programs.

(b) Subdivision (a) does not apply to a cumulative 75 megawatts of load served by the Merced Irrigation District, determined as follows:

(1) The load is located within the boundaries of Merced Irrigation District, as those boundaries existed on December 20, 1995, together with the territory of Castle Air Force Base which was located outside the district on that date.

(2) For purposes of this section, a megawatt of load shall be calculated in accordance with the methodology established by the California Energy Resource Conservation and Development Commission in its Docket No. 96-IRR-1890.

(c) Subdivision (a) applies to the load of customers that move to the areas described in paragraph (1) of subdivision (b) after December 31, 2000, and such load shall be excluded from the calculation of the 75 megawatts in subdivision (b).

(d) If an electrical corporation seeks to apply the discounts permitted under subdivision (a) within the geographic area described in subdivision (b) of Section 9610, the electrical corporation's resulting rate for distribution service may not be less than 120 percent of the electrical corporation's marginal distribution cost of serving that customer.

SEC. 2. Section 9607 is added to the Public Utilities Code, to read:

9607. (a) The intent of this section is to avoid cost-shifting to customers of an electrical corporation resulting from the transfer of distribution services from an electrical corporation to an irrigation district.

(b) Except as otherwise provided in this section and Section 9608, and notwithstanding any other provision of law, an irrigation district that offered electric service to retail customers as of January 1, 1999, may not construct, lease, acquire, install, or operate facilities for the distribution or transmission of electricity to retail customers located in the service

territory of an electrical corporation providing electric distribution services, unless the district has first applied for and received the approval of the commission and implements its service consistent with the commission's order. The commission shall find that service to be in the public interest and shall approve the request of a district to provide distribution or transmission of electricity to retail customers located in the service territory of an electrical corporation providing electric distribution service if, after notice and hearing, the commission determines all of the following:

(1) The district will provide universal service to all retail customers who request service within the area to be served, at published tariff rates and on a just, reasonable, and nondiscriminatory basis, comparable to that provided by the current retail service provider.

(2) If the area the district is proposing to serve is either of the following:

(A) Is within the district's boundaries but less than the entire district, the area to be served includes a percentage of residential customers and small customers, based on load, comparable to the percentage of residential and small customers in the district, based on load.

(B) Includes territory outside the district's boundaries, in which case the territory outside the district's boundaries must include a percentage of residential customers and small customers, based on load, comparable to the percentage of residential and small customers in the county or counties where service is to be provided, based on load.

(3) Service by the district will be consistent with the intent of the state to avoid economic waste caused by duplication of facilities as set forth in Section 8101.

(4) Service by the district will include reasonable mitigation of any adverse effects on the reliability of an existing service by the electrical corporation.

(5) The district has established, funded, and is carrying out public purpose and low-income programs comparable to those provided by the current electric retail service provider.

(6) That district's tariffed electric rates, exclusive of commodity costs, will be at least 15 percent below the tariffed electric rates, exclusive of commodity costs and nonbypassable charges under Sections 367, 368, 375, 376, and 379, of the electrical corporation for comparable services.

(7) Service by the district is in the public interest.

(c) An irrigation district that obtains the approval of the commission under this section to serve an area shall prepare an annual report available to the public on the total load and number of accounts of residential, low-income, agricultural, commercial, and industrial customers served by the irrigation district in the approved service area.

(d) The commission shall have jurisdiction to resolve and adjudicate complaint cases brought against an irrigation district that offered electric service to retail customers as of January 1, 1999, by an interested party where the complaint concerns retail electric service outside the boundaries of the district and within the service territory of an electrical corporation. Nothing in this section grants the commission jurisdiction to adjudicate complaint cases involving retail electric service by an irrigation district inside its boundaries or inside an irrigation district's exclusive service territory.

(e) Any project involving electric transmission or distribution facilities to be constructed or installed by an irrigation district to serve retail customers located in the service territory of an electrical corporation providing electric distribution services shall comply with the California Environmental Quality Act, (Division 13 (commencing with Section 21000)) of the Public Resources Code. The county in which the construction or installation is to occur shall act as the lead agency. If a project involves the construction or installation of electric transmission or distribution facilities in more than one county, the county where the majority of the construction is anticipated to occur shall act as the lead agency.

(f) An irrigation district may not offer service to customers outside of its district boundaries before offering service to all customers within its district boundaries.

(g) This section does not apply to electric distribution service provided by Modesto Irrigation District to those customers or within those areas described in subdivisions (a), (b), and (c) of Section 9610.

(h) The provisions of this section shall not apply to (1) a cumulative 90 megawatts of load served by the Merced Irrigation District that is located within the boundaries of Merced Irrigation District, as those boundaries existed on December 20, 1995, together with the territory of Castle Air Force Base which was located outside the District on that date, or (2) electric load served by the District which was not previously served by an electric corporation that is located within the boundaries of Merced Irrigation District, as those boundaries existed on December 20, 1995, together with the territory of Castle Air Force Base which was located outside the District on that date.

(i) For purposes of this section, a megawatt of load shall be calculated in accordance with the methodology established by the California Energy Resource Conservation and Development Commission in its Docket No. 96-IRR-1890, but the 90 megawatts shall not include electrical usage by customers that move to the areas described in paragraph (1) after December 31, 2000.

(j) Subdivision (a) of this section shall not apply to the construction, modification, lease, acquisition, installation, or operation of facilities for

the distribution or transmission of electricity to customers electrically connected to a district as of December 31, 2000, or to other customers who subsequently locate at the same premises.

(k) In recognition of contractual arrangements and settlements existing as of June 1, 2000, this section does not apply to the acquisition or operation of the electric distribution facilities that are the subject of the Settlement Agreement dated May 1, 2000, between Pacific Gas and Electric Company and the San Joaquin Irrigation District.

(*l*) For purposes of this section, retail customers do not include an irrigation district's own electric load being served of retail by an electrical corporation.

SEC. 3. Section 9608 is added to the Public Utilities Code, to read:

9608. The provisions of Sections 454.1 and 9607 of this code and Section 56133 of the Government Code do not apply to an irrigation district with respect to an area to be served by the irrigation district, if all of the following occur:

(a) The irrigation district acquires substantially all the electric distribution facilities and related subtransmission facilities of any electrical corporation that has an obligation to provide electric distribution service within the area to be served by the irrigation district.

(b) The commission approves a service area agreement between the irrigation district and the electrical corporation pursuant to Sections 8101 to 8108, inclusive, which service area agreement provides that the electrical corporation may not provide electric distribution service in the area to be served by the irrigation district and that the irrigation district may not provide electric distribution service in the remainder of the electrical corporation's service territory.

(c) The commission relieves the electrical corporation of its obligation to serve within the area to be served by the irrigation district.

SEC. 4. Section 9610 is added to the Public Utilities Code, to read:

9610. Commencing on January 1, 2001, and continuing through December 31, 2025, all of the following shall apply:

(a) No electrical corporation shall provide electric transmission or distribution service to retail customers in either of the following areas:

(1) The Modesto Irrigation District electric service area as defined in the August 15, 1940, Purchase of Properties agreement between Modesto Irrigation District and Pacific Gas and Electric Company.

(2) The Mountain House Community Services District as defined in the master specific plan adopted by the board of supervisors of the County of San Joaquin on November 10, 1994.

(b) (1) Within the purchase zone as described in Exhibit ''B'' of The Asset Sale Agreement By and Between Pacific Gas and Electric Company and Modesto Irrigation District Dated July 23, 1997, contained in Public Utilities Commission Application Number

97-07-030, Pacific Gas and Electric Company and Modesto Irrigation District may each provide electric transmission and distribution service to retail customers. The area described in this subdivision shall be considered to be within both Pacific Gas and Electric Company's and Modesto Irrigation District's electric service area.

(2) The Legislature recognizes that electrical corporations and irrigation districts may each construct infrastructure, and that the infrastructure may, in some cases, be duplicative. In those cases, the Legislature encourages irrigation districts and electrical corporations to enter into agreements pursuant to Sections 8101 to 8108, inclusive, where those agreements further the interests of the state as set forth in Section 8101.

(c) Modesto Irrigation District may provide up to 8 megawatts of peak sales to Contra Costa Water District for delivery to its Old River Intake Facility and Rock Slough Pumping Plant.

(d) Except as provided in subdivisions (a), (b), and (c), Modesto Irrigation District may not provide electric transmission or distribution service to retail customers in the territory of Pacific Gas and Electric Company.

SEC. 5. Section 9611 is added to the Public Utilities Code, to read:

9611. Chapter 3 (commencing with Section 56100) of Part 1 of Division 3 of the Government Code does not apply to electric service provided by the Modesto Irrigation District within the geographic areas described in subdivisions (a) and (b) of Section 9610.

SEC. 6. Section 9612 is added to the Public Utilities Code, to read:

9612. The Legislature finds and declares that the policies stated in Section 8101 to 8108, inclusive, would be furthered and that it would be in the best interests of the state, and not incompatible with the public interest, if an agreement embodying the provisions of Section 9610 were to be approved by the commission. The Legislature hereby encourages the Pacific Gas and Electric Company and Modesto Irrigation District to agree on the terms of an agreement embodying the provisions of Section 9610, and encourages the commission to approve that agreement to the extent that the agreement is consistent with the policies of this state.

SEC. 7. Section 20804 of the Water Code is amended to read:

20804. At the hearing the board of supervisors shall determine by resolution whether or not the petition and notice comply with Chapter 1 of this part. Notwithstanding Section 22116 or any other provision of law, the board shall also determine whether the petition has been presented and the district is proposed to be formed for the primary purpose of providing irrigation services.

SEC. 8. Section 20805 of the Water Code is amended to read:

20805. (a) If the board of supervisors determines that any of the requirements for the formation petition or notice were not complied with, the petition shall be dismissed without prejudice to the right of the proper number of persons to present a new petition covering the same matter or to present the same petition with additional signatures if additional signatures are necessary to comply with the requirements of Chapter 1 of this part.

(b) If the board of supervisors determines that the district is being formed for a primary purpose other than providing irrigation services, the petition shall be dismissed without prejudice to the right of the proper number of persons to present a new petition for the primary purpose of providing irrigation services.

CHAPTER 1043

An act to amend Section 2827 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 2827 of the Public Utilities Code is amended to read:

2827. (a) The Legislature finds and declares that a program to provide net energy metering for eligible customer-generators is one way to encourage private investment in renewable energy resources, stimulate in-state economic growth, enhance the continued diversification of California's energy resource mix, and reduce interconnection and administrative costs for electricity suppliers.

(b) As used in this section, the following definitions apply:

(1) ''Electric service provider'' means an electric corporation, as defined in Section 218, a local publicly owned electric utility, as defined in Section 9604, or an electrical cooperative, as defined in Section 2776. ''Electric service provider'' also means an entity that offers electrical service to residential and small commercial customers, as defined in Section 394, if that entity offers net energy metering. Any entity that offers net energy metering to residential and small commercial customers shall comply with this section.

(2) ''Eligible customer-generator'' means a residential customer, or a small commercial customer as defined in subdivision (h) of Section 331, of an electric service provider, who uses a solar or a wind turbine

electrical generating facility, or a hybrid system of both, with a capacity of not more than 10 kilowatts that is located on the customer's premises, is interconnected and operates in parallel with the electric grid, and is intended primarily to offset part or all of the customer's own electrical requirements.

(3) ''Net energy metering'' means measuring the difference between the electricity supplied through the electric grid and the electricity generated by an eligible customer-generator and fed back to the electric grid over a 12-month period as described in subdivision (e). Net energy metering shall be accomplished using a single meter capable of registering the flow of electricity in two directions. An additional meter or meters to monitor the flow of electricity in each direction may be installed with the consent of the customer-generator, at the expense of the electric service provider, and the additional metering shall be used only to provide the information necessary to accurately bill or credit the customer-generator pursuant to subdivision (e), or to collect solar or wind electric generating system performance information for research purposes. If the existing electrical meter of an eligible customer-generator is not capable of measuring the flow of electricity in two directions, the customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is able to measure electricity flow in two directions. If an additional meter or meters are installed, the net energy metering calculation shall yield a result identical to that of a single meter. An eligible customer-generator who already owns an existing solar or wind turbine electrical generating facility, or a hybrid system of both, is eligible to receive net energy metering service in accordance with this section.

(4) ''Ratemaking authority'' means, for an electrical corporation as defined in Section 218, or an electrical cooperative as defined in Section 2776, the commission, and for a local publicly owned electric utility as defined in Section 9604, the local elected body responsible for regulating the rates of the utility.

(c) (1) Every electric service provider shall develop a standard contract or tariff providing for net energy metering, and shall make this contract available to eligible customer-generators, upon request, on a first-come-first-served basis until the time that the total rated generating capacity used by eligible customer-generators equals one-tenth of 1 percent of the electric service provider's aggregate customer peak demand.

(2) On an annual basis, beginning in 1999, every electric service provider shall make available to the ratemaking authority information on the total rated generating capacity used by eligible customer-generators that are customers of that provider in the provider's service area. For those electric service providers who are operating pursuant to Section

394, they shall make available to the ratemaking authority the information required by this paragraph for each eligible customer-generator that is their customer for each service area of an electric corporation, local publicly owned electric utility, or electrical cooperative, in which the customer has net energy metering. The ratemaking authority shall develop a process for making the information required by this paragraph available to energy service providers, and for using that information to determine when, pursuant to paragraph (3), a service provider is not obligated to provide net energy metering to additional customer-generators in its service area.

(3) Notwithstanding paragraph (1), an electric service provider is not obligated to provide net energy metering to additional customer-generators in its service area when the combined total peak demand of all customer-generators served by all the electric service providers in that service area furnishing net energy metering to eligible customer-generators equals one-tenth of 1 percent of the aggregate customer peak demand of those electric service providers.

(4) If a customer participates in direct transactions pursuant to paragraph (1) of subdivision (b) of Section 365 with an electric supplier that does not offer net energy metering and is therefore not an electric service provider, the customer is not an eligible customer-generator and the electric corporation, as defined in Section 218, that provides distribution service for the direct transactions, is not obligated to provide net energy metering to the customer.

(5) If a customer participates in direct transactions pursuant to paragraph (1) of subdivision (b) of Section 365 with an electric supplier that offers net energy metering and is therefore an electric service provider, and the customer is an eligible customer-generator , the electric corporation, as defined in Section 218, that provides distribution service for the direct transactions may recover from the customer's electric service provider the incremental costs of metering and billing service related to net energy metering in an amount set by the commission.

(d) Each net energy metering contract or tariff shall be identical, with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the same customer would be assigned if such customer was not an eligible customer-generator. The charges for all retail rate components for eligible customer-generators shall be based exclusively on the customer-generator's net kilowatthour consumption over a 12-month period, without regard to the customer-generator's choice of electric service provider that offers net energy metering and is subject to this section pursuant to paragraph (1) of subdivision (b), in accordance with subdivision (e). Any new or additional demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or other charge that would

increase an eligible customer-generator's costs beyond those of other customers in the rate class to which the eligible customer-generator would otherwise be assigned are contrary to the intent of this legislation, and shall not form a part of net energy metering contracts or tariffs.

(e) The net energy metering calculation shall be made by measuring the difference between the electricity supplied to the eligible customer-generator and the electricity generated by the eligible customer-generator and fed back to the electric grid over a 12-month period. The following rules shall apply to the annualized net metering calculation:

(1) The eligible customer-generator shall, at the end of each 12-month period following the date of final interconnection of the eligible customer-generator's system with an electric service provider, and at each anniversary date thereafter, be billed for electricity used during that period. The electric service provider shall determine if the eligible customer-generator was a net consumer or a net producer of electricity during that period.

(2) At the end of each 12-month period, where the electricity supplied during the period by the electric service provider exceeds the electricity generated by the eligible customer-generator during that same period, the eligible customer-generator is a net electricity consumer and the electric service provider shall be owed compensation for the eligible customer-generator's net kilowatthour consumption over that same period. The compensation owed for the eligible customer-generator's net 12-month kilowatthour consumption shall be calculated as follows:

(A) For eligible customer-generators taking service under tariffs employing ''baseline'' and ''over baseline'' rates, any net monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible customer-generator. If those same customer-generators are net generators over a billing period, the net kilowatthours generated shall be valued at the same price per kilowatthour as the electric service provider would charge for the baseline quantity of electricity during that billing period, and if the number of kilowatthours generated exceeds the baseline quantity, the excess shall be valued at the same price per kilowatthour as the electric service provider would charge for electricity over the baseline quantity during that billing period.

(B) For eligible customer-generators taking service under tariffs employing ''time of use'' rates, any net monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible customer-generator. When those same customer-generators are net generators during any discrete time of use

period, the net kilowatthours produced shall be valued at the same price per kilowatthour as the electric service provider would charge for retail kilowatthour sales during that same time of use period. If the eligible customer-generator's time of use electrical meter is unable to measure the flow of electricity in two directions, paragraph (3) of subdivision (b) shall apply.

(C) For all customer-generators and for each monthly period, the net balance of moneys owed to the electric service provider for net consumption of electricity or credits owed to the customer-generator for net generation of electricity shall be carried forward until the end of each 12-month period.

(3) At the end of each 12-month period, where the electricity generated by the eligible customer-generator during the 12-month period exceeds the electricity supplied by the electric service provider during that same period, the eligible customer-generator is a net electricity producer and the electric service provider shall retain any excess kilowatthours generated during the prior 12-month period. The eligible customer-generator shall not be owed any compensation for those excess kilowatthours unless the electric service provider enters into a purchase agreement with the eligible customer-generator for those excess kilowatthours.

(4) The electric service provider shall provide every eligible customer-generator with net electricity consumption information with each regular bill. That information shall include the current monetary balance owed the electric service provider for net electricity consumed since the last 12-month period ended. Notwithstanding subdivision (e), an electric service provider shall permit that customer to pay monthly for net energy consumed.

(5) If an eligible customer-generator terminates the customer relationship with the electric service provider, the electric service provider shall reconcile the eligible customer-generator's consumption and production of electricity during any part of a 12-month period following the last reconciliation, according to the requirements set forth in this subdivision, except that those requirements shall apply only to the months since the most recent 12-month bill.

(6) If an electric service provider providing net metering to a customer-generator ceases providing that electrical service to that customer during any 12-month period, and the customer-generator enters into a new net metering contract or tariff with a new electric service provider, the 12-month period, with respect to that new electric service provider, shall commence on the date on which the new electric service provider first supplies electric service to the customer-generator.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 5.1 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 5.1. (a) Any authority incorporated under this act may utilize any part of its water, and any parts of its works, facilities, improvements, and property used for the development, storage, or transportation of water, to provide, generate, and deliver hydroelectric power, and may acquire, construct, operate, and maintain any and all works, facilities, improvements, and property necessary or convenient for that utilization.

(b) Any authority incorporated under this act may do any of the following:

(1) Pursuant to contract, provide, sell, and deliver hydroelectric power to the United States of America or to any board, department, or agency thereof, to the state for the purposes of the State Water Development System, and to any public agency, private corporation, or any other person or entity, or any combination thereof, engaged in the sale of electric power at retail or wholesale.

(2) Use all or any part of hydroelectric power directly, or indirectly through exchange, in exercising any other power of an authority.

(c) (1) An authority located within San Diego County may acquire, construct, own, operate, control, or use, within or without, or partially within or partially without, its territory, works or parts of works for

supplying its member public agencies, or some of them, with gas or electricity, or both gas and electricity, and may do all things necessary or convenient to the full exercise of these powers.

(2) An authority located within San Diego County may, pursuant to a contract, purchase gas, electricity, or related services from the United States of America or any board, department, or agency thereof, the State of California, any public agency, person, or private company and provide, sell, exchange, or deliver them to any public agency, private company, or person, or any combination thereof, engaged in the sale of gas or electricity at retail.

(d) For the purposes of this section, ''public agency'' means a city, county, city and county, district, local agency, public authority, or public corporation.

CHAPTER 1045

An act to amend Section 51286 of the Government Code, relating to agricultural land, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 51286 of the Government Code is amended to read:

51286. (a) Any action or proceeding which, on the grounds of alleged noncompliance with the requirements of this chapter, seeks to attack, review, set aside, void, or annul a decision of a board of supervisors or a city council to cancel a contract shall be brought pursuant to Section 1094.5 of the Code of Civil Procedure.

(b) The action or proceeding shall be commenced within 180 days from the date of the council or board order acting on a petition for cancellation filed under this chapter.

(c) Notwithstanding subdivision (b), if the cancellation relates to proposed electric generation projects that are located in the southern half of Kern County with a capacity of not less than 701 megawatts, but not greater than 800 megawatts, and for which applications were accepted as data adequate by the Energy Resources and Conservation Development Commission during the month of January 2000, the action or proceeding shall be commenced within 30 days from the date that the Energy Resources and Conservation Development Commission issues

its determination on an electric generation project described in this subdivision. This subdivision shall become inoperative on December 31, 2001.

SEC. 2. Due to the unique facts and circumstances relative to power generation projects in Kern County, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, special legislation contained in Section 1 of this act is necessarily applicable only to Kern County.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(a) There is a projected shortage of electrical power to meet projected demands, resulting in a need to build more electrical power generating facilities.

(b) The subject property's soil quality is relatively poor for agricultural purposes, supporting only limited grazing activities and not highly productive grazing, field crops, row crops, orchards, or vineyards.

(c) The subject property is affected by a gravel quarry on an adjacent property that is not subject to a Williamson Act contract.

Therefore, it is necessary that this act take effect immediately.

CHAPTER 1046

An act to add Chapter 7.5 (commencing with Section 25650) to Division 15 of, and to repeal Section 25615 of, the Public Resources Code, relating to energy assistance and technology.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.5 (commencing with Section 25650) is added to Division 15 of the Public Resources Code, to read:

CHAPTER 7.5. AGRICULTURAL INDUSTRY ENERGY PROGRAM

25650. (a) All funds from loan repayments and interest that become due and payable for loans made by the commission pursuant to an agriculture energy assistance program shall be deposited in the Energy

Technologies Research, Development, and Demonstration Account, and shall be available for loans and technical assistance pursuant to this section, upon appropriation in the Budget Act. Up to 20 percent of the annual appropriation may be available for technical assistance.

(c) The loans shall contain terms that provide for a repayment period of not more than seven years and for interest at a rate that is not less than 2 percent below the rate earned by moneys in the Pooled Money Investment Account.

SEC. 2. Section 25615 of the Public Resources Code is repealed.

The people of the State of California do enact as follows:

SECTION 1. Section 12940 of the Government Code is amended to read:

12940. It shall be an unlawful employment practice, unless based upon a bona fide occupational qualification, or, except where based upon applicable security regulations established by the United States or the State of California:

(a) For an employer, because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of any person, to refuse to hire or employ the person or to refuse to select the person for a training program leading to employment, or to bar or to discharge the person from employment or from a training program leading to employment, or to discriminate against the person in compensation or in terms, conditions, or privileges of employment.

(1) This part does not prohibit an employer from refusing to hire or discharging an employee with a physical or mental disability, or subject

an employer to any legal liability resulting from the refusal to employ or the discharge of an employee with a physical or mental disability, where the employee, because of his or her physical or mental disability, is unable to perform his or her essential duties even with reasonable accommodations, or cannot perform those duties in a manner that would not endanger his or her health or safety or the health or safety of others even with reasonable accommodations.

(2) This part does not prohibit an employer from refusing to hire or discharging an employee who, because of the employee's medical condition, is unable to perform his or her essential duties even with reasonable accommodations, or cannot perform those duties in a manner that would not endanger the employee's health or safety or the health or safety of others even with reasonable accommodations. Nothing in this part shall subject an employer to any legal liability resulting from the refusal to employ or the discharge of an employee who, because of the employee's medical condition, is unable to perform his or her essential duties, or cannot perform those duties in a manner that would not endanger the employee's health or safety or the health or safety of others even with reasonable accommodations.

(3) Nothing in this part relating to discrimination on account of marital status shall do either of the following:

(A) Affect the right of an employer to reasonably regulate, for reasons of supervision, safety, security, or morale, the working of spouses in the same department, division, or facility, consistent with the rules and regulations adopted by the commission.

(B) Prohibit bona fide health plans from providing additional or greater benefits to employees with dependents than to those employees without or with fewer dependents.

(4) Nothing in this part relating to discrimination on account of sex shall affect the right of an employer to use veteran status as a factor in employee selection or to give special consideration to Vietnam-era veterans.

(b) For a labor organization, because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of any person, to exclude, expel or restrict from its membership the person, or to provide only second-class or segregated membership or to discriminate against any person because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of the person in the election of officers of the labor organization or in the selection of the labor organization's staff or to discriminate in any way against any of its members or against any employer or against any person employed by an employer.

(c) For any person to discriminate against any person in the selection or training of that person in any apprenticeship training program or any other training program leading to employment because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of the person discriminated against.

(d) For any employer or employment agency, unless specifically acting in accordance with federal equal employment opportunity guidelines and regulations approved by the commission, to print or circulate or cause to be printed or circulated any publication, or to make any non-job-related inquiry of an employee or applicant, either verbal or through use of an application form, that expresses, directly or indirectly, any limitation, specification, or discrimination as to race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation, or any intent to make any such limitation, specification or discrimination. Except as provided in the Americans with Disabilities Act of 1990 (Public Law 101-336) and the regulations adopted pursuant thereto, nothing in this subdivision shall prohibit any employer from making, in connection with prospective employment, an inquiry as to, or a request for information regarding, the physical fitness, medical condition, physical condition, or medical history of applicants if that inquiry or request for information is directly related and pertinent to the position the applicant is applying for or directly related to a determination of whether the applicant would endanger his or her health or safety or the health or safety of others.

(e) For any employer, labor organization, or employment agency to harass, discharge, expel, or otherwise discriminate against any person because the person has made a report pursuant to Section 11161.8 of the Penal Code that prohibits retaliation against hospital employees who report suspected patient abuse by health facilities or community care facilities.

(f) For any employer, labor organization, employment agency, or person to discharge, expel, or otherwise discriminate against any person because the person has opposed any practices forbidden under this part or because the person has filed a complaint, testified, or assisted in any proceeding under this part.

(g) For any person to aid, abet, incite, compel, or coerce the doing of any of the acts forbidden under this part, or to attempt to do so.

(h) (1) For an employer, labor organization, employment agency, apprenticeship training program or any training program leading to employment, or any other person, because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation, to harass an

employee, an applicant, or a person providing services pursuant to a contract. Harassment of an employee, an applicant, or a person providing services pursuant to a contract by an employee other than an agent or supervisor shall be unlawful if the entity, or its agents or supervisors, knows or should have known of this conduct and fails to take immediate and appropriate corrective action. An entity shall take all reasonable steps to prevent harassment from occurring. Loss of tangible job benefits shall not be necessary in order to establish harassment.

(2) The provisions of this subdivision are declaratory of existing law, except for the new duties imposed on employers with regard to harassment.

(3) An employee of an entity subject to this subdivision is personally liable for any harassment prohibited by this section that is perpetrated by the employee, regardless of whether the employer or covered entity knows or should have known of the conduct and fails to take immediate and appropriate corrective action.

(4) (A) For purposes of this subdivision only, ''employer'' means any person regularly employing one or more persons or regularly receiving the services of one or more persons providing services pursuant to a contract, or any person acting as an agent of an employer, directly or indirectly, the state, or any political or civil subdivision of the state, and cities. (B) The person is customarily engaged in an independently established business.

(C) The person has control over the time and place the work is performed, supplies the tools and instruments used in the work, and performs work that requires a particular skill not ordinarily used in the course of the employer's work.

(i) For an employer, labor organization, employment agency, apprenticeship training program, or any training program leading to

employment, to fail to take all reasonable steps necessary to prevent discrimination and harassment from occurring.

(j) For an employer or other entity covered by this part to refuse to hire or employ a person or to refuse to select a person for a training program leading to employment or to bar or to discharge a person from employment or from a training program leading to employment, or to discriminate against a person in compensation or in terms, conditions, or privileges of employment because of a conflict between the person's religious belief or observance and any employment requirement, unless the employer or other entity covered by this part demonstrates that it has explored any available reasonable alternative means of accommodating the religious belief or observance, including the possibilities of excusing the person from those duties that conflict with his or her religious belief or observance or permitting those duties to be performed at another time or by another person, but is unable to reasonably accommodate the religious belief or observance without undue hardship on the conduct of the business of the employer or other entity covered by this part. Religious belief or observance, as used in this section, includes, but is not limited to, observance of a Sabbath or other religious holy day or days, and reasonable time necessary for travel prior and subsequent to a religious observance.

(*l*) For an employer or other entity covered by this part, to subject, directly or indirectly, any employee, applicant, or other person to a test for the presence of a genetic characteristic.

CHAPTER 1048

An act to amend Sections 19231, 19240, and 19702 of, and to add Section 19632 to, the Government Code, relating to state civil service.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 19231 of the Government Code is amended to read:

SEC. 2. Section 19240 of the Government Code is amended to read:

19240. (a) The State Personnel Board shall be responsible for the Limited Examination and Appointment Program. This program shall provide an alternative to the traditional civil service examination and appointment process to facilitate the hiring of persons with disabilities in the state civil service where accommodation can be provided and where prohibitive physical requirements are not mandated by the board.

(b) ''Disability'' for the purposes of this article has the definition set forth in Section 12926, as that section presently reads or as it subsequently may be amended.

(c) Notwithstanding subdivision (b), if the definition of ''disability'' used in the federal Americans with Disabilities Act of 1990 (Public Law 101-336) would result in broader protection of the civil rights of individuals with a mental or physical disability, as defined in subdivision (b), then that broader protection shall be deemed incorporated by reference into, and shall prevail over conflicting provisions of, the definition in subdivision (b). The definition of ''disability'' contained in subdivision (b) shall not be deemed to refer to or include conditions excluded from the federal definition of ''disability'' pursuant to Section 511 of the federal Americans with Disabilities Act of 1990 (42 U.S.C. This section may not be construed to authorize an award of attorney's fees.

SEC. 4. Section 19702 of the Government Code is amended to read:

19702. (a) A person shall not be discriminated against under this part because of sex, race, religious creed, color, national origin, ancestry, marital status, physical disability, or mental disability. (d) Notwithstanding subdivisions (b) and (c), if the definition of disability used in the federal Americans with Disabilities Act of 1990 (Public Law 101-336) would result in broader protection of the civil rights of individuals with a mental disability or physical disability, as defined in subdivision (b) or (c), then that broader protection shall be deemed incorporated by reference into, and shall prevail over conflicting provisions of, the definitions in subdivisions (b) and (c). The definitions of subdivisions (b) and (c) shall not be deemed to refer to or include conditions excluded from the federal definition of ''disability'' pursuant to Section 511 of the federal Americans with Disabilities Act of 1990 (42 U.S.C. Consistent with this authority, the board may establish rules governing the award of compensatory damages. The order shall include a requirement of reporting the manner of compliance.

(2) Notwithstanding paragraph (1), this paragraph shall apply to state employees in State Bargaining Unit 6 or 8. If the board finds that discrimination has occurred in violation of this part, the board shall issue and cause to be served on the appointing authority an order requiring the appointing authority to cause the discrimination to cease and desist and to take any action, including, but not limited to, hiring, reinstatement, or upgrading of employees, with or without backpay, adding additional seniority, and compensatory damages, which, in the judgment of the board, will effectuate the purposes of this part. Consistent with this authority, the board may establish rules governing the award of compensatory damages. The order shall include a requirement of reporting the manner of compliance.

(g) Any person claiming discrimination within the state civil service may submit a complaint that shall be in writing and set forth the particulars of the alleged discrimination, the name of the appointing

authority, the persons alleged to have committed the unlawful discrimination, and any other information that may be required by the board. The complaint shall be filed with the appointing authority or, in accordance with board rules, with the board itself.

(h) (1) Complaints shall be filed within one year of the alleged unlawful discrimination or the refusal to act in accordance with this section, except that this period may be extended for not to exceed 90 days following the expiration of that year, if a person allegedly aggrieved by unlawful discrimination first obtained knowledge of the facts of the alleged unlawful discrimination after the expiration of one year from the date of its occurrence. Complaints of discrimination in adverse actions or rejections on probation shall be filed in accordance with Sections 19175 and 19575.

Complaints of discrimination in all other disciplinary actions shall be filed in accordance with Section 19575. Complaints of discrimination in rejections on probation shall be filed in accordance with Section 19175.3.

(i) (1) When an employee of the appointing authority refuses, or threatens to refuse, to cooperate in the investigation of a complaint of discrimination, the appointing authority may seek assistance from the board. The board may provide for direct investigation or hearing of the complaint, the use of subpoenas, or any other action which will effect the purposes of this section.

(2) This subdivision shall not apply to complaints of discrimination filed in accordance with Section 19576.2.

SEC. 6. Section 12926.1 is added to the Government Code, to read:

12926.1. The Legislature finds and declares as follows:

(a) The law of this state in the area of disabilities provides protections independent from those in the federal Americans with Disabilities Act of 1990 (Public Law 101-336). Although the federal act provides a floor of protection, this state's law has always, even prior to passage of the federal act, afforded additional protections.

(b) The law of this state contains broad definitions of physical disability, mental disability, and medical condition. It is the intent of the

Legislature that the definitions of physical disability and mental disability be construed so that applicants and employees are protected from discrimination due to an actual or perceived physical or mental impairment that is disabling, potentially disabling, or perceived as disabling or potentially disabling.

(c) Physical and mental disabilities include, but are not limited to, chronic or episodic conditions such as HIV/AIDS, hepatitis, epilepsy, seizure disorder, diabetes, clinical depression, bipolar disorder, multiple sclerosis, and heart disease. In addition, the Legislature has determined that the definitions of ''physical disability'' and ''mental disability'' under the law of this state require a ''limitation'' upon a major life activity, but do not require, as does the Americans with Disabilities Act of 1990, a ''substantial limitation.'' This distinction is intended to result in broader coverage under the law of this state than under that federal act. Under the law of this state, whether a condition limits a major life activity shall be determined without respect to any mitigating measures, unless the mitigating measure itself limits a major life activity, regardless of federal law under the Americans with Disabilities Act of 1990. Further, under the law of this state, ''working'' is a major life activity, regardless of whether the actual or perceived working limitation implicates a particular employment or a class or broad range of employments.

(d) Notwithstanding any interpretation of law in Cassista v. Community Foods (1993) 5 Cal.4th 1050, the Legislature intends (1) for state law to be independent of the Americans with Disabilities Act of 1990, (2) to require a ''limitation'' rather than a ''substantial limitation'' of a major life activity, and (3) by enacting paragraph (4) of subdivision (i) and paragraph (4) of subdivision (k) of Section 12926, to provide protection when an individual is erroneously or mistakenly believed to have any physical or mental condition that limits a major life activity.

(e) The Legislature affirms the importance of the interactive process between the applicant or employee and the employer in determining a reasonable accommodation, as this requirement has been articulated by the Equal Employment Opportunity Commission in its interpretive guidance of the Americans with Disabilities Act of 1990.

SEC. 7. Section 12940 of the Government Code is amended to read:

12940. It shall be an unlawful employment practice, unless based upon a bona fide occupational qualification, or, except where based upon applicable security regulations established by the United States or the State of California:

(a) For an employer, because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of any person, to refuse to hire or employ the person or to refuse to select the person for

a training program leading to employment, or to bar or to discharge the person from employment or from a training program leading to employment, or to discriminate against the person in compensation or in terms, conditions, or privileges of employment.

(1) This part does not prohibit an employer from refusing to hire or discharging an employee with a physical or mental disability, or subject an employer to any legal liability resulting from the refusal to employ or the discharge of an employee with a physical or mental disability, where the employee, because of his or her physical or mental disability, is unable to perform his or her essential duties even with reasonable accommodations, or cannot perform those duties in a manner that would not endanger his or her health or safety or the health or safety of others even with reasonable accommodations.

(2) This part does not prohibit an employer from refusing to hire or discharging an employee who, because of the employee's medical condition, is unable to perform his or her essential duties even with reasonable accommodations, or cannot perform those duties in a manner that would not endanger the employee's health or safety or the health or safety of others even with reasonable accommodations. Nothing in this part shall subject an employer to any legal liability resulting from the refusal to employ or the discharge of an employee who, because of the employee's medical condition, is unable to perform his or her essential duties, or cannot perform those duties in a manner that would not endanger the employee's health or safety or the health or safety of others even with reasonable accommodations.

(3) Nothing in this part relating to discrimination on account of marital status shall do either of the following:

(A) Affect the right of an employer to reasonably regulate, for reasons of supervision, safety, security, or morale, the working of spouses in the same department, division, or facility, consistent with the rules and regulations adopted by the commission.

(B) Prohibit bona fide health plans from providing additional or greater benefits to employees with dependents than to those employees without or with fewer dependents.

(4) Nothing in this part relating to discrimination on account of sex shall affect the right of an employer to use veteran status as a factor in employee selection or to give special consideration to Vietnam era veterans.

(b) For a labor organization, because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of any person, to exclude, expel or restrict from its membership the person, or to provide only second-class or segregated membership or to discriminate against any person because of the race, religious creed,

color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of the person in the election of officers of the labor organization or in the selection of the labor organization's staff or to discriminate in any way against any of its members or against any employer or against any person employed by an employer.

(c) For any person to discriminate against any person in the selection or training of that person in any apprenticeship training program or any other training program leading to employment because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of the person discriminated against.

(d) For any employer or employment agency to print or circulate or cause to be printed or circulated any publication, or to make any non-job-related inquiry of an employee or applicant, either verbal or through use of an application form, that expresses, directly or indirectly, any limitation, specification, or discrimination as to race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation, or any intent to make any such limitation, specification or discrimination.

(e) (1) Except as provided in paragraph (2) or (3), for any employer or employment agency to require any medical or psychological examination of an applicant, to make any medical or psychological inquiry of an applicant, to make any inquiry whether an applicant has a mental disability or physical disability or medical condition, or to make any inquiry regarding the nature or severity of a physical disability, mental disability, or medical condition.

(2) Notwithstanding paragraph (1), an employer or employment agency may inquire into the ability of an applicant to perform job-related functions and may respond to an applicant's request for reasonable accommodation.

(3) Notwithstanding paragraph (1), an employer or employment agency may require a medical or psychological examination or make a medical or psychological inquiry of a job applicant after an employment offer has been made but prior to the commencement of employment duties, provided that the examination or inquiry is job-related and consistent with business necessity and that all entering employees in the same job classification are subject to the same examination or inquiry.

(f) (1) Except as provided in paragraph (2), for any employer or employment agency to require any medical or psychological examination of an employee, to make any medical or psychological inquiry of an employee, to make any inquiry whether an employee has a mental disability, physical disability, or medical condition, or to make

any inquiry regarding the nature or severity of a physical disability, mental disability, or medical condition.

(2) Notwithstanding paragraph (1), an employer or employment agency may require any examinations or inquiries that it can show to be job-related and consistent with business necessity. An employer or employment agency may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees at that worksite.

(g) For any employer, labor organization, or employment agency to harass, discharge, expel, or otherwise discriminate against any person because the person has made a report pursuant to Section 11161.8 of the Penal Code that prohibits retaliation against hospital employees who report suspected patient abuse by health facilities or community care facilities.

(h) For any employer, labor organization, employment agency, or person to discharge, expel, or otherwise discriminate against any person because the person has opposed any practices forbidden under this part or because the person has filed a complaint, testified, or assisted in any proceeding under this part.

(i) For any person to aid, abet, incite, compel, or coerce the doing of any of the acts forbidden under this part, or to attempt to do so.

(j) (1) For an employer, labor organization, employment agency, apprenticeship training program or any training program leading to employment, or any other person, because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation, to harass an employee, an applicant, or a person providing services pursuant to a contract. Harassment of an employee, an applicant, or a person providing services pursuant to a contract by an employee other than an agent or supervisor shall be unlawful if the entity, or its agents or supervisors, knows or should have known of this conduct and fails to take immediate and appropriate corrective action. An entity shall take all reasonable steps to prevent harassment from occurring. Loss of tangible job benefits shall not be necessary in order to establish harassment.

(2) The provisions of this subdivision are declaratory of existing law, except for the new duties imposed on employers with regard to harassment.

(3) (A) For purposes of this subdivision only, ''employer'' means any person regularly employing one or more persons or regularly receiving the services of one or more persons providing services pursuant to a contract, or any person acting as an agent of an employer, directly or indirectly, the state, or any political or civil subdivision of the state, and cities. The definition of ''employer'' in subdivision (d) of

Section 12926 applies to all provisions of this section other than this subdivision.

(B) Notwithstanding subparagraph (A), for purposes of this subdivision, ''employer'' does not include a religious association or corporation not organized for private profit.

(C) For purposes of this subdivision, ''harassment'' because of sex includes sexual harassment, gender harassment, and harassment based on pregnancy, childbirth, or related medical conditions.

(4) For purposes of this subdivision, ''a person providing services pursuant to a contract'' means a person who meets all of the following criteria:

(B) The person is customarily engaged in an independently established business.

(C) The person has control over the time and place the work is performed, supplies the tools and instruments used in the work, and performs work that requires a particular skill not ordinarily used in the course of the employer's work.

(k) For an employer, labor organization, employment agency, apprenticeship training program, or any training program leading to employment, to fail to take all reasonable steps necessary to prevent discrimination and harassment from occurring.

(*l*) For an employer or other entity covered by this part to refuse to hire or employ a person or to refuse to select a person for a training program leading to employment or to bar or to discharge a person from employment or from a training program leading to employment, or to discriminate against a person in compensation or in terms, conditions, or privileges of employment because of a conflict between the person's religious belief or observance and any employment requirement, unless the employer or other entity covered by this part demonstrates that it has explored any available reasonable alternative means of accommodating the religious belief or observance, including the possibilities of excusing the person from those duties that conflict with his or her religious belief or observance or permitting those duties to be performed at another time or by another person, but is unable to reasonably accommodate the religious belief or observance without undue hardship on the conduct of the business of the employer or other entity covered by this part. Religious belief or observance, as used in this section, includes, but is not limited to, observance of a Sabbath or other religious holy day or days, and reasonable time necessary for travel prior and subsequent to a religious observance.

(m) For an employer or other entity covered by this part to fail to make reasonable accommodation for the known physical or mental

disability of an applicant or employee. Nothing in this subdivision or in paragraph (1) or (2) of subdivision (a) shall be construed to require an accommodation that is demonstrated by the employer or other covered entity to produce undue hardship to its operation.

(n) For an employer or other entity covered by this part to fail to engage in a timely, good faith, interactive process with the employee or applicant to determine effective reasonable accommodations, if any, in response to a request for reasonable accommodation by an employee or applicant with a known physical or mental disability or known medical condition.

(o) For an employer or other entity covered by this part, to subject, directly or indirectly, any employee, applicant, or other person to a test for the presence of a genetic characteristic.

SEC. 7.5. Section 12940 of the Government Code is amended to read:

(1) This part does not prohibit an employer from refusing to hire or discharging an employee with a physical or mental disability, or subject an employer to any legal liability resulting from the refusal to employ or the discharge of an employee with a physical or mental disability, where the employee, because of his or her physical or mental disability, is unable to perform his or her essential duties even with reasonable accommodations, or cannot perform those duties in a manner that would not endanger his or her health or safety or the health or safety of others even with reasonable accommodations.

(2) This part does not prohibit an employer from refusing to hire or discharging an employee who, because of the employee's medical condition, is unable to perform his or her essential duties even with reasonable accommodations, or cannot perform those duties in a manner that would not endanger the employee's health or safety or the health or safety of others even with reasonable accommodations. (b) For a labor organization, because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of any person, to exclude, expel or restrict from its membership the person, or to provide only second-class or segregated membership or to discriminate against any person because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of the person in the election of officers of the labor organization or in the selection of the labor organization's staff or to discriminate in any way against any of its members or against any employer or against any person employed by an employer.

(c) For any person to discriminate against any person in the selection or training of that person in any apprenticeship training program or any other training program leading to employment because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of the person discriminated against.

(d) For any employer or employment agency to print or circulate or cause to be printed or circulated any publication, or to make any non-job-related inquiry of an employee or applicant, either verbal or through use of an application form, that expresses, directly or indirectly, any limitation, specification, or discrimination as to race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation, or any intent to make any such limitation, specification or discrimination.

(e) (1) Except as provided in paragraph (2) or (3), for any employer or employment agency to require any medical or psychological examination of an applicant, to make any medical or psychological inquiry of an applicant, to make any inquiry whether an applicant has a mental disability or physical disability or medical condition, or to make any inquiry regarding the nature or severity of a physical disability, mental disability, or medical condition.

(2) Notwithstanding paragraph (1), an employer or employment agency may inquire into the ability of an applicant to perform job-related functions and may respond to an applicant's request for reasonable accommodation.

(3) Notwithstanding paragraph (1), an employer or employment agency may require a medical or psychological examination or make a medical or psychological inquiry of a job applicant after an employment offer has been made but prior to the commencement of employment duties, provided that the examination or inquiry is job-related and consistent with business necessity and that all entering employees in the same job classification are subject to the same examination or inquiry.

(f) (1) Except as provided in paragraph (2), for any employer or employment agency to require any medical or psychological examination of an employee, to make any medical or psychological inquiry of an employee, to make any inquiry whether an employee has a mental disability, physical disability, or medical condition, or to make any inquiry regarding the nature or severity of a physical disability, mental disability, or medical condition.

(2) Notwithstanding paragraph (1), an employer or employment agency may require any examinations or inquiries that it can show to be job-related and consistent with business necessity. An employer or employment agency may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees at that worksite.

(g) For any employer, labor organization, or employment agency to harass, discharge, expel, or otherwise discriminate against any person because the person has made a report pursuant to Section 11161.8 of the Penal Code that prohibits retaliation against hospital employees who report suspected patient abuse by health facilities or community care facilities.

(h) For any employer, labor organization, employment agency, or person to discharge, expel, or otherwise discriminate against any person because the person has opposed any practices forbidden under this part or because the person has filed a complaint, testified, or assisted in any proceeding under this part.

(i) For any person to aid, abet, incite, compel, or coerce the doing of any of the acts forbidden under this part, or to attempt to do so.

(j) (1) For an employer, labor organization, employment agency, apprenticeship training program or any training program leading to employment, or any other person, because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation, to harass an employee, an applicant, or a person providing services pursuant to a contract. Harassment of an employee, an applicant, or a person providing services pursuant to a contract by an employee other than an agent or supervisor shall be unlawful if the entity, or its agents or supervisors, knows or should have known of this conduct and fails to take immediate and appropriate corrective action. An entity shall take all reasonable steps to prevent harassment from occurring. Loss of tangible job benefits shall not be necessary in order to establish harassment.

(2) The provisions of this subdivision are declaratory of existing law, except for the new duties imposed on employers with regard to harassment.

(3) An employee of an entity subject to this subdivision is personally liable for any harassment prohibited by this section that is perpetrated by the employee, regardless of whether the employer or covered entity knows or should have known of the conduct and fails to take immediate and appropriate corrective action.

(4) (A) For purposes of this subdivision only, ''employer'' means any person regularly employing one or more persons or regularly receiving the services of one or more persons providing services pursuant to a contract, or any person acting as an agent of an employer, directly or indirectly, the state, or any political or civil subdivision of the state, and cities. The definition of ''employer'' in subdivision (d) of Section 12926 applies to all provisions of this section other than this subdivision.

(B) Notwithstanding subparagraph (A), for purposes of this subdivision, ''employer'' does not include a religious association or corporation not organized for private profit.

performs work that requires a particular skill not ordinarily used in the course of the employer's work.

(k) For an employer, labor organization, employment agency, apprenticeship training program, or any training program leading to employment, to fail to take all reasonable steps necessary to prevent discrimination and harassment from occurring.

(*l*) For an employer or other entity covered by this part to refuse to hire or employ a person or to refuse to select a person for a training program leading to employment or to bar or to discharge a person from employment or from a training program leading to employment, or to discriminate against a person in compensation or in terms, conditions, or privileges of employment because of a conflict between the person's religious belief or observance and any employment requirement, unless the employer or other entity covered by this part demonstrates that it has explored any available reasonable alternative means of accommodating the religious belief or observance, including the possibilities of excusing the person from those duties that conflict with his or her religious belief or observance or permitting those duties to be performed at another time or by another person, but is unable to reasonably accommodate the religious belief or observance without undue hardship on the conduct of the business of the employer or other entity covered by this part. Religious belief or observance, as used in this section, includes, but is not limited to, observance of a Sabbath or other religious holy day or days, and reasonable time necessary for travel prior and subsequent to a religious observance.

(m) For an employer or other entity covered by this part to fail to make reasonable accommodation for the known physical or mental disability of an applicant or employee. Nothing in this subdivision or in paragraph (1) or (2) of subdivision (a) shall be construed to require an accommodation that is demonstrated by the employer or other covered entity to produce undue hardship to its operation.

(n) For an employer or other entity covered by this part to fail to engage in a timely, good faith, interactive process with the employee or applicant to determine effective reasonable accommodations, if any, in response to a request for reasonable accommodation by an employee or applicant with a known physical or mental disability or known medical condition.

(o) For an employer or other entity covered by this part, to subject, directly or indirectly, any employee, applicant, or other person to a test for the presence of a genetic characteristic.

CHAPTER 1050

An act to amend Sections 381, 383.5, and 394.25 of, and to add Article 15 (commencing with Section 399) to Chapter 2.3 of Part 1 of Division 1 of, the Public Utilities Code, relating to public utilities, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 381 of the Public Utilities Code is amended to read:

381. (a) To ensure that the funding for the programs described in subdivision (b) and Section 382 are not commingled with other revenues, the commission shall require each electrical corporation to identify a separate rate component to collect the revenues used to fund these programs. The rate component shall be a nonbypassable element of the local distribution service and collected on the basis of usage. This rate component shall fall within the rate levels identified in subdivision (a) of Section 368.

(b) The commission shall allocate funds collected pursuant to subdivision (a), and any interest earned on collected funds, to programs

which enhance system reliability and provide in-state benefits as follows:

(1) Cost-effective energy efficiency and conservation activities.

(2) Public interest research and development not adequately provided by competitive and regulated markets.

(3) In-state operation and development of existing and new and emerging renewable resource technologies defined as electricity produced from other than a conventional power source within the meaning of Section 2805, provided that a power source utilizing more than 25 percent fossil fuel may not be included.

(c) The Public Utilities Commission shall order the respective electrical corporations to collect and spend these funds, as follows:

(1) Cost-effective energy efficiency and conservation activities shall be funded at not less than the following levels commencing January 1, 1998, through December 31, 2001: for San Diego Gas and Electric Company a level of thirty-two million dollars ($32,000,000) per year; for Southern California Edison Company a level of ninety million dollars ($90,000,000) for each of the years l998, 1999, and 2000; fifty million dollars ($50,000,000) for the year 2001; and for Pacific Gas and Electric Company a level of one hundred six million dollars ($106,000,000) per year.

(2) Research, development, and demonstration programs to advance science or technology that are not adequately provided by competitive and regulated markets shall be funded at not less than the following levels commencing January 1, 1998, through December 31, 2001: for San Diego Gas and Electric Company a level of four million dollars ($4,000,000) per year; for Southern California Edison Company a level of twenty-eight million five hundred thousand dollars ($28,500,000) per year; and for Pacific Gas and Electric Company a level of thirty million dollars ($30,000,000) per year.

(3) In-state operation and development of existing and new and emerging renewable resource technologies shall be funded at not less than the following levels on a statewide basis: one hundred nine million five hundred thousand dollars ($109,500,000) per year for each of the years 1998, 1999, and 2000, and one hundred thirty-six million five hundred thousand dollars ($136,500,000) for the year 2001. To accomplish these funding levels over the period described herein the San Diego Gas and Electric Company shall spend twelve million dollars ($12,000,000) per year, the Southern California Edison Company shall expend no less than forty-nine million five hundred thousand dollars ($49,500,000) for the years 1998, 1999, and 2000, and no less than seventy-six million five hundred thousand dollars ($76,500,000) for the year 2001, and the Pacific Gas and Electric Company shall expend no less than forty-eight million dollars ($48,000,000) per year through the

year 2001. Additional funding not to exceed seventy-five million dollars ($75,000,000) shall be allocated from moneys collected pursuant to subdivision (d) in order to provide a level of funding totaling five hundred forty million dollars ($540,000,000).

(4) Up to fifty million dollars ($50,000,000) of the amount collected pursuant to subdivision (d) may be used to resolve outstanding issues related to implementation of subdivision (a) of Section 374. Moneys remaining after fully funding the provisions of this paragraph shall be reallocated for purposes of paragraph (3).

(5) Up to ninety million dollars ($90,000,000) of the amount collected pursuant to subdivision (d) may be used to resolve outstanding issues related to contractual arrangements in the Southern California Edison service territory stemming from the Biennial Resource Planning Update auction. Moneys remaining after fully funding the provisions of this paragraph shall be reallocated for purposes of paragraph (3).

(d) Notwithstanding any other provisions of this chapter, entities subject to the jurisdiction of the Public Utilities Commission shall extend the period for competition transition charge collection up to three months beyond its otherwise applicable termination of December 31, 2001, so as to ensure that the aggregate portion of the research, environmental, and low-income funds allocated to renewable resources shall equal five hundred forty million dollars ($540,000,000) and that the costs specified in paragraphs (3), (4), and (5) of subdivision (c) are collected.

(e) Each electrical corporation shall allow customers to make voluntary contributions through their utility bill payments as either a fixed amount or a variable amount to support programs established pursuant to paragraph (3) of subdivision (b). Funds collected by electrical corporations for these purposes shall be forwarded in a timely manner to the appropriate fund as specified by the commission.

(f) The commission's authority to collect funds pursuant to this section for purposes of paragraph (3) of subdivision (b) shall become inoperative on March 31, 2002.

(g) For purposes of this article, ''emerging renewable technology'' means a new renewable technology, including, but not limited to, photovoltaic technology, that is determined by the California Energy Resources Conservation and Development Commission to be emerging from research and development and that has significant commercial potential.

SEC. 2. Section 383.5 of the Public Utilities Code is amended to read:

383.5. (a) As used in this section, the following terms have the following meaning:

(1) ''In-state renewable electricity generation technology'' means biomass, solar thermal, photovoltaic, wind, geothermal, small hydropower of 30 megawatts or less, waste tire, digester gas, landfill gas, and municipal solid waste generation technologies, as described in the report, defined in paragraph (2), including any additions or enhancements thereto, that are produced in facilities located in this state and placed in operation after September 26, 1996, or that were operational prior to that date, and that are also certified under Section 292.2904 of Title 18 of the Code of Federal Regulations as a qualifying small power production facility either located in California, or that began selling electricity to a California electrical corporation prior to September 26, 1996, under a Standard Offer Power Purchase Agreement authorized by the California Public Utilities Commission.

(2) ''Report'' means the Policy Report on AB 1890 Renewables Funding (March 1997, Publication Number P500-97-002) submitted to the Legislature by the State Energy Resources Conservation and Development Commission.

(b) (1) Forty-five percent of the money collected pursuant to paragraph (3) of subdivision (c) of Section 381, up to two hundred forty-three million dollars ($243,000,000), shall be used for programs that are designed to improve the competitiveness of existing in-state renewable electricity generation technology facilities, and to secure for the state the environmental, economic, and reliability benefits that continued operation of those facilities will provide.

(2) Any funds used to support in-state renewable electricity generation technology facilities pursuant to this subdivision shall be expended in accordance with the provisions of the report, subject to all of the following requirements:

(A) Funding for existing renewable electricity generation technologies shall be grouped into three technology tiers, as follows:

(i) Twenty-five percent of the money, up to one hundred thirty-five million dollars ($135,000,000), shall be used to fund first tier technologies, including biomass, solar thermal, and whole waste tire technologies.

(ii) Thirteen percent of the money, up to seventy million two hundred thousand dollars ($70,200,000) shall be used to fund second tier wind technologies.

(iii) Seven percent of the money, up to thirty-seven million eight hundred thousand dollars ($37,800,000), shall be used to fund third tier technologies, including geothermal, small hydropower, digester gas, landfill gas, and municipal solid waste technologies.

(B) The State Energy Resources Conservation and Development Commission shall establish a cents per kilowatt hour production incentive, not to exceed the payment caps per kilowatthour established

in the report representing the difference between target prices and the market clearing price for electricity, if sufficient funds are available. If there are insufficient funds in any payment period to pay either the difference between the target and market price or the payment caps, production incentives shall be based on the amount determined by dividing available funds by eligible generation. The target price for Tier 1 technologies shall not be based on less than four cents ($0.04) per kilowatthour. The market clearing price for electricity shall be the energy prices paid to nonutility power generators as provided in Section 390.

(C) Funding for each type of existing in-state renewable electricity generation technology shall be reduced each year during the period from January 1, 1998, to January 1, 2002, to encourage the development of increasingly competitive technologies.

(D) Facilities that are eligible to receive funding pursuant to this section shall be certified in accordance with the requirements set forth in the report and may not receive payments for any electricity produced that has any of the following characteristics:

(i) Is sold under a fixed energy price payment under a long-term contract with an existing in-state electrical corporation.

(ii) Derives from utility-owned facility that is receiving, or is eligible to receive, recovery of above-market facility costs through a competitive transition charge.

(iii) Is used onsite, sold to customers in a manner that excludes competitive transition charge payments, or is otherwise excluded from competitive transition charge payments.

(c) (1) Thirty percent of the money, up to one hundred sixty-two million dollars ($162,000,000), collected pursuant to paragraph (3) of subdivision (c) of Section 381, shall be used for programs designed to foster the development of new in-state renewable electricity generation technology facilities, and to secure for the state the environmental, economic, and reliability benefits that continued operation of those facilities will provide. Funds to further the purposes of this subdivision may be committed for multiple years.

(2) Any funds used for new in-state renewable electricity generation technology facilities pursuant to this subdivision shall be expended in accordance with the report, subject to all of the following requirements:

(A) Funds shall be allocated for proposed projects based on a competitive solicitation process whereby production incentives, not to exceed one and one-half cents ($.015) per kilowatthour, are awarded to the lowest bidders, provided that not more than 25 percent of the funds allocated pursuant to paragraph (1) may be awarded to a single project.

(B) Funds expended for production incentives shall be paid over a five-year period commencing on the date that a project begins electricity production, provided that the project shall be operational prior to

January 1, 2002, unless the State Energy Resources Conservation and Development Commission finds that the project will not be operational prior to January 1, 2002, due to circumstances beyond the control of the developer. Upon making this finding, the State Energy Resources Conservation and Development Commission shall pay production incentives over a five-year period, commencing on the date of operation, provided that the date that a project begins electricity production may not extend beyond January 1, 2007.

(C) The amount of funds expended shall be increased for each successive year during the period from January 1, 1998, to January 1, 2002, as fewer projects are expected to be funded during the first few years after funding becomes available.

(D) Facilities that are eligible to receive payments from the New Renewable Resources Account created pursuant to paragraph (2) of subdivision (a) of Section 445 of the Public Utilities Code shall be certified as specified in the report and may not receive payments for any electricity produced that has any of the following characteristics:

(i) Is sold under an existing long-term contract with an existing in-state electrical corporation if the contract includes fixed energy or capacity payments.

(ii) Is used onsite and is sold to customers in a manner that excludes competitive transition charge payments, or is otherwise excluded from competitive transition charge payments.

(iii) Is produced by a facility that is owned by customer-owned electricity generating systems.

(E) Eligibility to compete for funds or to receive funds shall not be contingent upon the location or nature of the power purchaser.

(3) Repowered wind projects shall be eligible for funding under this subdivision if the new investment is at least 80 percent of the value of the repowered facility.

(d) (1) Ten percent of the money collected pursuant to paragraph (3) of subdivision (c) of Section 381, up to fifty-four million dollars ($54,000,000), shall be used for a multiyear, consumer-based program to foster the development of emerging renewable technologies in distributed generation applications. Funds to further the purposes of this subdivision may be committed for multiple years.

(2) Any funds used for emerging technologies pursuant to this subdivision shall be expended in accordance with all of the following requirements:

(A) Funding for emerging technologies shall be provided through a competitive, market-based process that shall be in place for a period of not less than four years, and shall be structured so as to allow eligible emerging technology manufacturers and suppliers to anticipate and plan for increased sale and installation volumes over the life of the program.

(B) The program shall provide monetary rebates, buydowns, or equivalent incentives, subject to subparagraph (C) of paragraph (2) of subdivision (d), to purchasers, lessees, lessors, or sellers of eligible electricity generating systems. Incentives shall benefit the end-use consumer of renewable generation by directly and exclusively reducing the cost of the eligible system, or the cost of electricity produced by the eligible system. Incentives shall be issued on the basis of the rated electrical capacity of the system measured in watts. The amount of the per-watt incentive shall decline over the term of the program, with a corresponding increase in the amount of total electrical capacity eligible for the incentive, thereby encouraging the manufacturers and suppliers of eligible systems to reduce system costs. Incentives shall be limited to a maximum percentage of the system price, as defined by the State Energy Resources Conservation and Development Commission, and the maximum incentive percentage shall decline over the term of the program, as shall the per-watt incentive, in amounts to be determined by the State Energy Resources Conservation and Development Commission.

(C) Eligible distributed emerging technologies are photovoltaic, solar thermal electric, fuel cell technologies that utilize renewable fuels, and wind turbines of not more than ten kilowatts rated electrical capacity per customer site, provided that the technologies meet the emerging technology eligibility criteria contained in the report prepared by State Energy Resources Conservation and Development Commission. Eligible electricity generating systems are intended primarily to offset part or all of the consumer's own electrical energy demand, and shall not be owned by electrical corporations or publicly owned utilities, be located at a customer site that is not receiving distribution service from existing in-state electrical corporations. Not less than 60 percent of the available incentive funds shall be reserved for systems of 10 kilowatts rated electrical capacity or smaller, and not less than 15 percent of the funds shall be reserved for systems of 100 kilowatts rated electrical capacity or smaller. All eligible electricity generating system components shall be new and unused, and shall not have been previously placed in service in any other location or for any other application. Systems and their fuel resource shall be located on the premises of the end-use consumer of the electricity produced, and all eligible electricity generating systems shall be connected to the utility grid in California.

(D) The State Energy Resources Conservation and Development Commission shall also determine, in collaboration with industry and consumer interests, if a program provision limiting the amount of funds available for any single project is warranted, and determine how federal, state, or other funds or incentives not related to this section that are already available, or that may become available for eligible electricity

generating systems, may impact the availability of funds allocated under this section, if at all. The emerging renewable technologies program shall be implemented not later than March 31, 1998, and incentives shall be available for eligible electricity generating systems that are placed in service after January 1, 1998, in accordance with the program provisions developed by the State Energy Resources Conservation and Development Commission. However, projects placed in service after January 1, 1998, and prior to September 1, 1998, shall not be subject to limits, if any, that may be determined by the commission, pursuant to this subparagraph.

(e) Fifteen percent of the money collected pursuant to paragraph (3) of subdivision (c) of Section 381, up to eighty-one million dollars ($81,000,000), shall be used for programs designed to provide customer credits for purchases of renewable energy produced by certified energy providers, to disseminate information regarding renewable energy technologies, to promote purchases of renewable energy, to help develop a consumer market for renewable energy, and to help develop a consumer market for renewable energy technologies, as provided in the report, subject to the following requirements:

(1) (A) Fourteen percent of the money, up to seventy-five million six hundred thousand dollars ($75,600,000), shall be expended to provide customer credits for purchases of renewable energy produced by certified energy providers. Customer credits shall be awarded to California retail customers located in the service territory of an investor-owned utility that is subject to Section 381 who purchase qualifying renewable electric power through transactions traceable to specific generation sources by any auditable contract trail or equivalent that provides commercial verification that the electricity source claimed has been sold not more than once to a retail customer. Credits may be given without regard to whether the power supplier is also receiving funds under any other subdivision of this section.

(B) Credits awarded pursuant to this paragraph may be paid directly to energy marketers, aggregators, or generators if those persons or entities account for the credits on the recipient customer's utility bills. Credits shall not exceed one and one-half cents ($.015) per kilowatthour. Credits awarded to members of the combined class of customers, other than residential and small commercial customers, shall not exceed one thousand dollars ($1,000) per customer in 1998 and 1999. Thereafter, the State Energy Resources Conservation and Development Commission shall determine by January 10 of each year the average customer incentive rebate level paid over the preceding calendar year. In the event that the payments have remained at the one and one-half cents ($.015) per kilowatthour cap over the preceding calendar year, the one thousand dollars ($1,000) per customer cap shall be removed for that calendar

year, except that in no event shall more than fifteen million dollars ($15,000,000) of the total customer incentive funds be awarded to members of the combined class of customers other than residential and small commercial customers.

(C) Funding for credits pursuant to this paragraph shall be increased for each successive year during the period from January 1, 1998, to January 1, 2002, to encourage the increasing use of those credits.

(D) The State Energy Resources Conservation and Development Commission shall develop interim criteria and procedures for the certification of energy providers and for the identification of energy purchasers who are eligible to receive funds pursuant to this paragraph through a process consistent with this paragraph. Such criteria and procedures shall apply only to funding eligibility and shall not extend to other renewable marketing claims.

(E) The Public Utilities Commission shall notify the State Energy Resources Conservation and Development Commission in writing within 10 days of revoking or suspending the registration of any electric service provider pursuant to Paragraph (4) of Subdivision (b) of Section 394.25.

(2) One percent of the money, up to five million four hundred thousand dollars ($5,400,000), shall be expended to promote renewable energy and to disseminate information on renewable energy technologies, including emerging renewable technologies, and to help develop a consumer market for renewable energy and for small-scale emerging renewable energy technologies.

(f) (1) The State Energy Resources Conservation and Development Commission shall adopt guidelines governing the funding programs authorized under this section, at a publicly noticed meeting offering all interested parties an opportunity to comment. Substantive changes to the guidelines shall not be adopted without at least 10 days' written notice to the public. The public notice of meetings required by this paragraph shall not be less than 30 days. Notwithstanding any other provision of law, any guidelines adopted pursuant to this section shall be deemed to satisfy the requirements of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.

(2) The State Energy Resources Conservation and Development Commission shall, in collaboration with eligible emerging technology industry stakeholders and consumer interests, complete the emerging technology program design, as outlined in subdivision (d), and implement its provisions.

(3) Awards made pursuant to this section are grants, subject to appeal to the State Energy Resources Conservation and Development Commission upon a showing that factors other than those described in the guidelines adopted by the State Energy Resources Conservation and

Development Commission were applied in making the awards and payments. Any actions taken by an applicant to apply for, or become or remain eligible and certified to receive, payments or awards, including satisfying conditions specified by the State Energy Resources Conservation and Development Commission, shall not constitute the rendering of goods, services, or a direct benefit to the State Energy Resources Conservation and Development Commission.

(g) The State Energy Resources Conservation and Development Commission shall report to the Legislature on or before May 31, 2000, and on or before May 31 of every second year thereafter, regarding the results of the mechanisms funded pursuant to this section. Reports prepared pursuant to this section shall include a description of the allocation of funds among existing, new and emerging technologies; the allocation of funds among programs, including consumer-side incentives; and the need for the reallocation of money among those technologies. The reports shall also address the allocation of funds from interest on the accounts described in this section, money in the accounts described in subdivision (e) of Section 381, and money included in the accounts pursuant to Section 385. Notwithstanding paragraph (4) of subdivision (b) of Section 383 or subdivisions (b), (c), (d), and (e) of this section, money may be reallocated without further legislative action among existing, new, and emerging technologies and consumer-side programs in a manner consistent with the report.

SEC. 3. Section 394.25 of the Public Utilities Code is amended to read:

394.25. (a) The commission may enforce the provisions of Sections 2102, 2103, 2104, 2105, 2107, 2108, and 2114 against electric service providers as if those electric service providers were public utilities as defined in these code sections. Notwithstanding the above, nothing in this section grants the commission jurisdiction to regulate electric service providers other than as specifically set forth in this part. Electric service providers shall continue to be subject to the provisions of Sections 2111 and 2112. Upon a finding by the commission's executive director that there is evidence to support a finding that the electric service provider has committed an act constituting grounds for suspension or revocation of registration as set forth in subdivision (b) of Section 394.25, the commission shall notify the electric service provider in writing and notice an expedited hearing on the suspension or revocation of the electric service provider's registration to be held within 30 days of the notification to the electric service provider of the executive director's finding of evidence to support suspension or revocation of registration. The commission shall, within 45 days after holding the hearing, issue a decision on the suspension or revocation of registration, which shall be based on findings of fact and conclusions of

law based on the evidence presented at the hearing. The decision shall include the findings of fact and the conclusions of law relied upon.

(b) An electric service provider may have its registration suspended or revoked, immediately or prospectively, in whole or in part, for any of the following acts:

(1) Making material misrepresentations in the course of soliciting customers, entering into service agreements with those customers, or administering those service agreements.

(2) Dishonesty, fraud, or deceit with the intent to substantially benefit the electric service provider or its employees, agents, or representatives, or to disadvantage retail electric customers.

(3) Where the commission finds that there is evidence that the electric service provider is not financially or operationally capable of providing the offered electric service.

(4) The misrepresentation of a material fact by an applicant in obtaining a registration pursuant to Section 394.

(c) Pursuant to its authority to revoke or suspend registration, the commission may suspend a registration for a specified period or revoke the registration, or in lieu of suspension or revocation, impose a moratorium on adding or soliciting additional customers. Any suspension or revocation of a registration shall require the electric service provider to cease serving customers within the boundaries of investor-owned electric corporations, and the affected customers shall be served by the electrical corporation until the time when they may select service from another service provider. Customers shall not be liable for the payment of any early termination fees or other penalties to any electric service provider under the service agreement if the serving electric service provider's registration is suspended or revoked.

(d) The commission shall require any electric service provider whose registration is revoked pursuant to paragraph (4) of subdivision (b) to refund all of the customer credit funds that the electric service provider received from the State Energy Resources Conservation and Development Commission pursuant to paragraph (1) of subdivision (e) of Section 383.5. The repayment of these funds shall be in addition to all other penalties and fines appropriately assessed the electric service provider for committing those acts under other provisions of law. All customer credit funds refunded under this subdivision shall be deposited in the Renewable Resource Trust Fund for redistribution by the State Energy Resources Conservation and Development Commission pursuant to Section 383.5. This section may not be construed to apply retroactively.

SEC. 4. Article 15 (commencing with Section 399) is added to Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code, to read:

Article 15. Reliable Electric Service Investments Act

399. (a) This article shall be known, and may be cited, as the Reliable Electric Service Investments Act.

(b) The Legislature finds and declares that safe, reliable electric service is of utmost importance to the citizens of this state, and its economy.

(c) The Legislature further finds and declares that in order to ensure that the citizens of this state continue to receive safe, reliable, affordable, and environmentally sustainable electric service, it is essential that prudent investments continue to be made in all of the following areas:

(1) To protect the integrity of the electric distribution grid.

(2) To ensure an adequately sized and trained utility workforce.

(3) To ensure cost-effective energy efficiency improvements.

(4) To achieve a sustainable supply of renewable energy.

(5) To advance public interest research, development and demonstration programs not adequately provided by competitive and regulated markets.

(d) It is the intent of the Legislature to reaffirm, without requiring revision, California's doctrine, as reflected in regulatory and judicial decisions, regarding electrical corporations' reasonable opportunity to recover costs and investments associated with their electric distribution grid and the reasonable opportunity to attract capital for investment on reasonable terms.

(e) The Legislature further finds and declares all of the following:

(1) Acting under applicable constitutional and statutory authorities, the Public Utilities Commission and the boards of local publicly owned electric utilities have included in regulated electricity prices, investments that are essential to maintaining system reliability, reducing California electricity users' bills, and mitigating environmental costs of California users' electricity consumption.

(2) Among the most important of these ''system benefits'' investments categories are energy efficiency, renewable energy, and public interest research, development and demonstration (RD&D).

(3) Energy efficiency investments funded from California's usage-based charges on electricity distribution help improve systemwide reliability by reducing demand in times and areas of system congestion, and at the same time reduce all California electricity users' costs. These investments also significantly reduce environmental costs associated with California's electricity consumption, including, but not limited to, degradation of the state's air, water, and land resources.

(4) California's in-state renewable energy resources help alleviate supply deficits that could threaten electric system reliability, reduce environmental costs associated with California's electricity

consumption, and increase the diversity of the electricity system's fuel mix, reducing electricity users' exposure to fossil-fuel price volatility.

(5) California's public-interest research, development and demonstration (RD&D) investments enhance private and regulated sector investment in electricity system technologies, and are designed specifically to help ensure sustained improvement in the economic and environmental performance of the distribution, transmission, and generation and end-use systems that serve California electricity users.

(6) California has established a long tradition of recovering system benefits investments through usage-based electricity charges, which is reflected in at least two decades of electricity price regulation by the commission, the boards of local publicly owned electric utilities, and the mandate of the Legislature in Chapter 854 of the Statutes of 1996 (Assembly Bill 1890 of the 1995-96 Regular Session of the Legislature) and Chapter 905 of the Statutes of 1997 (Senate Bill 90 of the 1995-96 Regular Session of the Legislature).

(7) Unless the Legislature acts to extend the mandate of Chapter 854 of the Statutes of 1996 for minimum levels of usage based system benefits charges, California electricity users are at substantial risk of higher economic and environmental costs and degraded reliability.

399.1. (a) As used in this article, the term ''Energy Commission'' means the State Energy Resources Conservation and Development Commission.

(b) As used in this article, the term ''local publicly owned electric utility'' has the same meaning as set forth in subdivision (d) of Section 9604.

399.2. (a) (1) It is the policy of this state, and the intent of the Legislature, to reaffirm that each electrical corporation shall continue to operate its electric distribution grid in its service territory and shall do so in a safe, reliable, efficient, and cost-effective manner.

(2) In furtherance of this policy, it is the intent of the Legislature that each electrical corporation shall continue to be responsible for operating its own electric distribution grid including, but not limited to, owning, controlling, operating, managing, maintaining, planning, engineering, designing, and constructing its own electric distribution grid, emergency response and restoration, service connections, service turnons and turnoffs, and service inquiries relating to the operation of its electric distribution grid, subject to the commission's authority.

(b) In order to ensure the continued efficient use, and cost-effective, safe, and reliable operation of the electric distribution grid, each electrical corporation shall continue to operate its electric distribution grid in its service territory consistent with Section 330.

(c) In carrying out the purposes of this section, each electrical corporation shall continue to make reasonable investments in its electric

distribution grid. Each electrical corporation shall continue to have a reasonable opportunity to fully recover from all customers of the electrical corporation, in a manner determined by the commission pursuant to this code, all of the following:

(1) Reasonable investments in its electric distribution grid.

(2) A reasonable return on the investments in its electric distribution grid.

(3) Reasonable costs to operate its electric distribution grid.

(d) For purposes of this section, the term "electric distribution grid" means those facilities owned or operated by an electrical corporation that are not under the control of the Independent System Operator and that are used to transmit, deliver, or furnish electricity for light, heat, or power.

(e) Nothing in this section shall be construed to alter or to affect any of the following:

(1) Section 216, 218, or 2827.

(2) The authority of the commission to establish and enforce standards and tariff conditions for the interconnection of customer-owned facilities to the electric distribution grid.

(3) The ratemaking authority of the commission under this code.

(4) The authority of the commission to establish rules governing the extension of service to new customers.

(f) Nothing in this section shall be construed to alter or affect any authority or lack of authority of the commission regarding the ownership and operation of new electric generation used in whole, or in part, for the purpose of maintaining or enhancing the reliability of the electric distribution grid.

(g) Nothing in this section diminishes or expands any existing authority of a local governmental entity.

(h) The commission shall require every electrical corporation operating an electric distribution grid to inform all customers who request residential service connections via telephone of the availability of the California Alternative Rates for Energy (CARE) program and how they may qualify for and obtain these services and shall accept applications for the CARE program according to procedures specified by the commission. Electrical corporations shall recover the reasonable costs of implementing this subdivision.

399.3. Nothing in Section 399.2 shall be construed to preclude any of California's local publicly owned electric utilities from exercising authority to operate their electric distribution grid as provided under law.

399.4. (a) (1) In order to ensure that prudent investments in energy efficiency continue to be made that produce cost-effective energy savings, reduce customer demand, and contribute to the safe and reliable operation of the electric distribution grid, it is the policy of this state and

the intent of the Legislature that the commission shall continue to administer cost-effective energy efficiency programs authorized pursuant to existing statutory authority.

(2) As used in this section, the term "energy efficiency" includes, but is not limited to, cost-effective activities to achieve peak load reduction that improve end-use efficiency, lower customers' bills, and reduce system needs.

(b) The commission, in evaluating energy efficiency investments under its existing statutory authorities, shall also ensure both of the following:

(1) That local and regional interests, multifamily dwellings, and energy service industry capabilities are incorporated into program portfolio design and that local governments, community-based organizations, and energy efficiency service providers are encouraged to participate in program implementation where appropriate.

(2) That no energy efficiency funds are used to provide incentives for the purchase of new energy-efficient refrigerators.

399.6. (a) In order to optimize public investment and ensure that the most cost-effective and efficient investments in renewable resources are vigorously pursued, the Energy Commission shall create an investment plan as set forth in paragraphs (1) to (3), inclusive, to govern the allocation of funds provided pursuant to this article. The Energy Commission's long-term goal shall be a fully competitive and self-sustaining California renewable energy supply. The investment plan shall be in accordance with all of the following:

(1) The investment plan's objective shall be to increase, in the near term, the quantity of California's electricity generated by in-state renewable energy resources, while protecting system reliability, fostering resource diversity, and obtaining the greatest environmental benefits for California residents.

(2) An additional objective of the plan shall be to identify and support emerging renewable energy technologies that have the greatest near-term commercial promise and that merit targeted assistance.

(3) The investment plan shall contain specific numerical targets, reflecting the projected impact of the plan, for both of the following:

(A) Increased quantity of California electrical generation produced from emerging technologies and from overall renewable resources.

(B) Increased supply of renewable generation available from facilities other than those selling to investor-owned utilities under contracts entered into prior to 1996 under the federal Public Utilities Regulatory Policies Act of 1978 (P.L. 95-617).

(b) The Energy Commission shall, on an annual basis, evaluate progress on meeting the targets set forth in subparagraphs (A) and (B) of paragraph (3) of subdivision (a), or any substitute provisions adopted

by the Legislature upon review of the investment plan, and assess the impact of the investment plan on reducing the cost to Californians of renewable energy generation.

(c) In preparing these investment plans, the Energy Commission shall recommend allocations among all of the following:

(1) (A) Except as provided in subparagraph (B), production incentives for new renewable energy, including repowered or refurbished renewable energy.

(B) Allocations may not be made for renewable energy that is generated by a project that remains under a power purchase contract with an electrical corporation originally entered into prior to September 24, 1996, whether amended or restated thereafter.

(C) Notwithstanding subparagraph (B), production incentives for incremental new, repowered or refurbished renewable energy from existing projects under a power purchase contract with an electrical corporation originally entered into prior to September 24, 1996, whether amended or restated thereafter, may be allowed in any month, if all of the following occur:

(i) The project's power purchase contract provides that all energy delivered and sold under the contract is paid at a price that does not exceed commission approved short-run avoided cost of energy.

(ii) Either of the following:

(I) The power purchase contract is amended to provide that the kilowatthours used to determine the capacity payment in any time-of-delivery period in any month under the contract shall be equal to the actual kilowatthour production, but no greater than the five-year average of the kilowatthours delivered for the corresponding time-of-delivery period and month, in the years 1994 to 1998, inclusive.

(II) If a project's installed capacity as of December 31, 1998, is less than 75 percent of the nameplate capacity as stated in the power purchase contract, the power purchase contract is amended to provide that the kilowatthours used to determine the capacity payment in any time-of-delivery period in any month under the contract shall be equal to the actual kilowatthour production, but no greater than the product of the five-year average of the kilowatthours delivered for the corresponding time-of-delivery period and month, in the years 1994 to 1998, inclusive, and the ratio of installed capacity as of December 31 of the previous year, but not to exceed contract nameplate capacity, to the installed capacity as of December 31, 1998.

(iii) The production incentive is payable only with respect to the kilowatthours delivered in a particular month that exceeds the corresponding five-year average calculated pursuant to clause (ii).

(2) Rebates, buydowns, or equivalent incentives for emerging renewable technologies.

(3) Customer credits for renewables not under contract with a utility.

(4) Customer education.

(5) Incentives for reducing fuel costs that are confirmed to the satisfaction of the Energy Commission at solid fuel biomass energy facilities in order to provide demonstrable environmental and public benefits, including but not limited to, air quality.

(6) Solar thermal generating resources that enhance the environmental value or reliability of the electricity system and that require financial assistance to remain economically viable, as determined by the Energy Commission. The Energy Commission may require financial disclosure from applicants for purposes of this paragraph.

(7) Specified fuel cell technologies, if the Energy Commission makes all of the following findings:

(A) The specified technologies have similar or better air pollutant characteristics than renewable technologies in the investment plan.

(B) The specified technologies require financial assistance to become commercially viable by reference to wholesale generation prices.

(C) The specified technologies could contribute significantly to the infrastructure development or other innovation required to meet the long-term objective of a self-sustaining, competitive supply of renewable energy.

(8) Existing wind-generating resources, if the Energy Commission finds that the existing wind-generating resources are a cost-effective source of reliability and environmental benefits compared with other eligible sources, and that the existing wind-generating resources require financial assistance to remain economically viable, as determined by the Energy Commission. The Energy Commission may require financial disclosure from applicants for the purposes of this paragraph.

(d) Commencing on January 1, 2002, public entities are not eligible to receive customer credits for renewables.

(e) Notwithstanding any other provision of law, moneys collected for renewable energy pursuant to this article shall be transferred to the Renewable Resource Trust Fund of the Energy Commission, to be held until further action by the Legislature. The Energy Commission shall prepare and submit to the Legislature, on or before March 31, 2001, an initial investment plan for these moneys, addressing the application of moneys collected between January 1, 2002, and January 1, 2007. The initial investment plan shall also include an evaluation of and report to the Legislature regarding the appropriateness and structure of a mandatory state purchase of renewable energy. On or before March 31, 2006, the Energy Commission shall prepare an investment plan proposing the application of moneys collected between January 1, 2007,

and January 1, 2012. No moneys may be expended in the years covered by these plans without further legislative action.

399.7. (a) In order to ensure that prudent investments in research, development and demonstration of energy efficient technologies continue to produce substantial economic, environmental, public health, and reliability benefits, it is the policy of this state and the intent of the Legislature that funds made available, upon appropriation, for energy-related public interest research, development and demonstration programs shall be used to advance science or technology that are not adequately provided by competitive and regulated markets.

(b) Notwithstanding any other provision of law, moneys collected for public-interest research, development and demonstration pursuant to this section shall be transferred to the Public Interest Research, Development, and Demonstration Fund of the Energy Commission to be held until further action by the Legislature. The Energy Commission shall prepare and submit to the Legislature, on or before March 1, 2001, an initial investment plan for these moneys, addressing the application of moneys collected between January 1, 2002, and January 1, 2007. The initial investment plan shall address the recommendations of the PIER Independent Review Panel Report, dated March 2000, to either transform the RD&D program within the Energy Commission, or to administer it through, or in cooperation with, an external organization. The initial investment plan shall include criteria that will be used to determine that a project provides public benefits to California that are not adequately provided by competitive and regulated markets. On or before March 31, 2006, the Energy Commission shall prepare an investment plan addressing the application of moneys collected between January 1, 2007, and January 1, 2012. No moneys may be expended in the years covered by these plans without further legislative action.

399.8. (a) In order to ensure that the citizens of this state continue to receive safe, reliable, affordable, and environmentally sustainable electric service, it is the policy of this state and the intent of the Legislature that prudent investments in energy efficiency, renewable energy, and research, development and demonstration shall continue to be made.

(b) (1) Every customer of an electrical corporation, shall pay a nonbypassable system benefits charge authorized pursuant to this article. The system benefits charge shall fund energy efficiency, renewable energy, and research, development and demonstration.

(2) Local publicly owned electric utilities shall continue to collect and administer system benefits charges pursuant to Section 385.

(c) (1) The commission shall require each electrical corporation to identify a separate rate component to collect revenues to fund energy efficiency, renewable energy, and research, development and

demonstration programs authorized pursuant to this section beginning January 1, 2002, through January 1, 2012. The rate component shall be a nonbypassable element of the local distribution service and collected on the basis of usage.

(2) This rate component may not exceed, for any tariff schedule, the level of the rate component that was used to recover funds authorized pursuant to Section 381 on January 1, 2000. If the amounts specified in paragraph (1) of subdivision (d) are not recovered fully in any year, the commission shall reset the rate component to restore the unrecovered balance, provided that the rate component may not exceed, for any tariff schedule, the level of the rate component that was used to recover funds authorized pursuant to Section 381 on January 1, 2000. Pending restoration, any annual shortfalls shall be allocated pro rata among the three funding categories in the proportions established in paragraph (1) of subdivision (d).

(d) The commission shall order San Diego Gas and Electric Company, Southern California Edison Company, and Pacific Gas and Electric Company to collect these funds commencing on January 1, 2002, as follows:

(1) Two hundred twenty-eight million dollars ($228,000,000) per year in total for energy efficiency and conservation activities, one hundred thirty-five million dollars ($135,000,000) in total per year for renewable energy, and sixty-two million five hundred thousand dollars ($62,500,000) in total per year for research, development and demonstration. The funds for energy efficiency and conservation activities shall continue to be allocated in proportions established for the year 2000 as set forth in paragraph (1) of subdivision (c) of Section 381.

(2) The amounts shall be adjusted annually at a rate equal to the lesser of the annual growth in electric commodity sales or inflation, as defined by the gross domestic product deflator.

(e) The commission and the Energy Commission shall retain and continue their oversight responsibilities as set forth in Sections 381, 383, 383.5, and 445, and Chapter 7.1 (commencing with Section 25620) of the Public Resources Code.

(f) (1) On or before January 1, 2004, the Governor shall appoint an independent review panel including, but not limited to, members with expertise on the energy service needs of large and small electricity consumers, system reliability issues, and energy-related public policy. On or before January 1, 2005, the panel shall prepare and submit to the Legislature and the Energy Commission a report evaluating the energy efficiency, renewable energy, and research, development and demonstration programs funded under this section. Reasonable costs associated with the review in each of the three program categories, including technical assistance, may be charged to the relevant program

category under procedures to be developed by the commission for energy efficiency and by the Energy Commission for renewable energy and research, development and demonstration.

(2) The report shall also assess all of the following:

(A) Whether ongoing programs are consistent with the statutory goals.

(B) Whether potential synergies among the program categories described in paragraph (1) that could provide enhanced public value have been identified and incorporated in the programs.

(C) If established targets for increased renewable generation are likely to be achieved.

(D) What changes should be made to result in a more efficient use of public resources.

(3) The report shall also compare the Energy Commission's programs with efforts undertaken by other states and assess, as an alternative, the relative costs and benefits of adopting a tradeable minimum renewable energy requirement in California. The evaluation shall include recommendations intended to optimize renewable resource development at the least cost.

(4) For energy efficiency programs, the report shall include an evaluation of all of the following:

(A) The net benefits secured for residential customers, taking into account both public and private costs, including improvements in that customer group's ability to avoid or reduce consumption of relatively costly peak electricity.

(B) Whether the programs provide a balance of benefits to all sectors that contribute to the funding.

(C) The extent to which competition in energy markets including, but not limited to, load participation in ancillary services markets, and improvements in technology affect the continuing need for such programs.

(D) The status and growth of the private, competitive energy services industry that provides energy efficiency services and other energy products to customers.

(E) The commercial availability of any new technologies that reduce electricity demands during high-priced periods.

(F) Customers' willingness and ability to reduce consumption or adopt energy efficiency measures without program support.

(G) The extent to which the programs have delivered cost-effective energy efficiency not adequately provided by markets and as a result have reduced energy demand and consumption.

(H) The relative cost-effectiveness of program expenditures compared to other current or potential expenditures to enhance system reliability.

(5) The report shall include specific recommendations aimed at assisting the Legislature in determining whether to change or eliminate the collection of the system benefits charge on or after January 1, 2007.

(6) The panel may update and revise the report as needed.

(g) Promptly after receiving the panel's report, the commission shall convene a proceeding to address implementation of the panel's energy efficiency recommendations.

399.9. (a) No part of this article shall be construed to alter or affect the low-income funding provisions set forth in Section 382. Programs provided to low-income electricity customers, including but not limited to, targeted energy efficiency services and the California Alternative Rates for Energy Program shall continue to be funded as set forth in Section 382.

(b) Nothing in this article shall be construed to affect the jurisdiction of the commission over electric distribution service.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 1051

An act to amend Sections 381, 383.5, and 394.25 of, and to add Article 15 (commencing with Section 399) to Chapter 2.3 of Part 1 of Division 1 of, the Public Utilities Code, relating to public utilities, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 381 of the Public Utilities Code is amended to read:

381. (a) To ensure that the funding for the programs described in subdivision (b) and Section 382 are not commingled with other revenues, the commission shall require each electrical corporation to identify a separate rate component to collect the revenues used to fund these programs. The rate component shall be a nonbypassable element

of the local distribution service and collected on the basis of usage. This rate component shall fall within the rate levels identified in subdivision (a) of Section 368.

(b) The commission shall allocate funds collected pursuant to subdivision (a), and any interest earned on collected funds, to programs which enhance system reliability and provide in-state benefits as follows:

(1) Cost-effective energy efficiency and conservation activities.

(2) Public interest research and development not adequately provided by competitive and regulated markets.

(3) In-state operation and development of existing and new and emerging renewable resource technologies defined as electricity produced from other than a conventional power source within the meaning of Section 2805, provided that a power source utilizing more than 25 percent fossil fuel may not be included.

(c) The Public Utilities Commission shall order the respective electrical corporations to collect and spend these funds, as follows:

(1) Cost-effective energy efficiency and conservation activities shall be funded at not less than the following levels commencing January 1, 1998, through December 31, 2001: for San Diego Gas and Electric Company a level of thirty-two million dollars ($32,000,000) per year; for Southern California Edison Company a level of ninety million dollars ($90,000,000) for each of the years l998, 1999, and 2000; fifty million dollars ($50,000,000) for the year 2001; and for Pacific Gas and Electric Company a level of one hundred six million dollars ($106,000,000) per year.

(2) Research, development, and demonstration programs to advance science or technology that are not adequately provided by competitive and regulated markets shall be funded at not less than the following levels commencing January 1, 1998 through December 31, 2001: for San Diego Gas and Electric Company a level of four million dollars ($4,000,000) per year; for Southern California Edison Company a level of twenty-eight million five hundred thousand dollars ($28,500,000) per year; and for Pacific Gas and Electric Company a level of thirty million dollars ($30,000,000) per year.

(3) In-state operation and development of existing and new and emerging renewable resource technologies shall be funded at not less than the following levels on a statewide basis: one hundred nine million five hundred thousand dollars ($109,500,000) per year for each of the years 1998, 1999, and 2000, and one hundred thirty-six million five hundred thousand dollars ($136,500,000) for the year 2001. To accomplish these funding levels over the period described herein the San Diego Gas and Electric Company shall spend twelve million dollars ($12,000,000) per year, the Southern California Edison Company shall

expend no less than forty-nine million five hundred thousand dollars ($49,500,000) for the years 1998, 1999, and 2000, and no less than seventy-six million five hundred thousand dollars ($76,500,000) for the year 2001, and the Pacific Gas and Electric Company shall expend no less than forty-eight million dollars ($48,000,000) per year through the year 2001. Additional funding not to exceed seventy-five million dollars ($75,000,000) shall be allocated from moneys collected pursuant to subdivision (d) in order to provide a level of funding totaling five hundred forty million dollars ($540,000,000).

(4) Up to fifty million dollars ($50,000,000) of the amount collected pursuant to subdivision (d) may be used to resolve outstanding issues related to implementation of subdivision (a) of Section 374. Moneys remaining after fully funding the provisions of this paragraph shall be reallocated for purposes of paragraph (3).

(5) Up to ninety million dollars ($90,000,000) of the amount collected pursuant to subdivision (d) may be used to resolve outstanding issues related to contractual arrangements in the Southern California Edison service territory stemming from the Biennial Resource Planning Update auction. Moneys remaining after fully funding the provisions of this paragraph shall be reallocated for purposes of paragraph (3).

(d) Notwithstanding any other provisions of this chapter, entities subject to the jurisdiction of the Public Utilities Commission shall extend the period for competition transition charge collection up to three months beyond its otherwise applicable termination of December 31, 2001, so as to ensure that the aggregate portion of the research, environmental, and low-income funds allocated to renewable resources shall equal five hundred forty million dollars ($540,000,000) and that the costs specified in paragraphs (3), (4), and (5) of subdivision (c) are collected.

(e) Each electrical corporation shall allow customers to make voluntary contributions through their utility bill payments as either a fixed amount or a variable amount to support programs established pursuant to paragraph (3) of subdivision (b). Funds collected by electrical corporations for these purposes shall be forwarded in a timely manner to the appropriate fund as specified by the commission.

(f) The commission's authority to collect funds pursuant to this section for purposes of paragraph (3) of subdivision (b) shall become inoperative on March 31, 2002.

(g) For purposes of this article, ''emerging renewable technology'' means a new renewable technology, including, but not limited to, photovoltaic technology, that is determined by the California Energy Resources Conservation and Development Commission to be emerging from research and development and that has significant commercial potential.

SEC. 2. Section 383.5 of the Public Utilities Code is amended to read:

383.5. (a) As used in this section, the following terms have the following meaning:

(1) ''In-state renewable electricity generation technology'' means biomass, solar thermal, photovoltaic, wind, geothermal, small hydropower of 30 megawatts or less, waste tire, digester gas, landfill gas, and municipal solid waste generation technologies, as described in the report, defined in paragraph (2), including any additions or enhancements thereto, that are produced in facilities located in this state and placed in operation after September 26, 1996, or that were operational prior to that date, and that are also certified under Section 292.2904 of Title 18 of the Code of Federal Regulations as a qualifying small power production facility either located in California, or that began selling electricity to a California electrical corporation prior to September 26, 1996, under a Standard Offer Power Purchase Agreement authorized by the California Public Utilities Commission.

(2) ''Report'' means the Policy Report on AB 1890 Renewables Funding (March 1997, Publication Number P500-97-002) submitted to the Legislature by the State Energy Resources Conservation and Development Commission.

(b) (1) Forty-five percent of the money collected pursuant to paragraph (3) of subdivision (c) of Section 381, up to two hundred forty-three million dollars ($243,000,000), shall be used for programs that are designed to improve the competitiveness of existing in-state renewable electricity generation technology facilities, and to secure for the state the environmental, economic, and reliability benefits that continued operation of those facilities will provide.

(2) Any funds used to support in-state renewable electricity generation technology facilities pursuant to this subdivision shall be expended in accordance with the provisions of the report, subject to all of the following requirements:

(A) Funding for existing renewable electricity generation technologies shall be grouped into three technology tiers, as follows:

(i) Twenty-five percent of the money, up to one hundred thirty-five million dollars ($135,000,000), shall be used to fund first tier technologies, including biomass, solar thermal, and whole waste tire technologies.

(ii) Thirteen percent of the money, up to seventy million two hundred thousand dollars ($70,200,000) shall be used to fund second tier wind technologies.

(iii) Seven percent of the money, up to thirty-seven million eight hundred thousand dollars ($37,800,000), shall be used to fund third tier

technologies, including geothermal, small hydropower, digester gas, landfill gas, and municipal solid waste technologies.

(B) The State Energy Resources Conservation and Development Commission shall establish a cents per kilowatthour production incentive, not to exceed the payment caps per kilowatthour established in the report representing the difference between target prices and the market clearing price for electricity, if sufficient funds are available. If there are insufficient funds in any payment period to pay either the difference between the target and market price or the payment caps, production incentives shall be based on the amount determined by dividing available funds by eligible generation. The target price for Tier 1 technologies shall not be based on less than four cents ($0.04) per kilowatthour. The market clearing price for electricity shall be the energy prices paid to nonutility power generators as provided in Section 390.

(C) Funding for each type of existing in-state renewable electricity generation technology shall be reduced each year during the period from January 1, 1998, to January 1, 2002, to encourage the development of increasingly competitive technologies.

(D) Facilities that are eligible to receive funding pursuant to this section shall be certified in accordance with the requirements set forth in the report and may not receive payments for any electricity produced that has any of the following characteristics:

(i) Is sold under a fixed energy price payment under a long-term contract with an existing in-state electrical corporation.

(ii) Derives from utility-owned facility that is receiving, or is eligible to receive, recovery of above-market facility costs through a competitive transition charge.

(iii) Is used onsite, sold to customers in a manner that excludes competitive transition charge payments, or is otherwise excluded from competitive transition charge payments.

(c) (1) Thirty percent of the money, up to one hundred sixty-two million dollars ($162,000,000), collected pursuant to paragraph (3) of subdivision (c) of Section 381, shall be used for programs designed to foster the development of new in-state renewable electricity generation technology facilities, and to secure for the state the environmental, economic, and reliability benefits that continued operation of those facilities will provide. Funds to further the purposes of this subdivision may be committed for multiple years.

(2) Any funds used for new in-state renewable electricity generation technology facilities pursuant to this subdivision shall be expended in accordance with the report, subject to all of the following requirements:

(A) Funds shall be allocated for proposed projects based on a competitive solicitation process whereby production incentives, not to exceed one and one-half cents ($0.015) per kilowatthour, are awarded to

the lowest bidders, provided that not more than 25 percent of the funds allocated pursuant to paragraph (1) may be awarded to a single project.

(B) Funds expended for production incentives shall be paid over a five-year period commencing on the date that a project begins electricity production, provided that the project shall be operational prior to January 1, 2002, unless the State Energy Resources Conservation and Development Commission finds that the project will not be operational prior to January 1, 2002, due to circumstances beyond the control of the developer. Upon making this finding, the State Energy Resources Conservation and Development Commission shall pay production incentives over a five-year period, commencing on the date of operation, provided that the date that a project begins electricity production may not extend beyond January 1, 2007.

(C) The amount of funds expended shall be increased for each successive year during the period from January 1, 1998, to January 1, 2002, as fewer projects are expected to be funded during the first few years after funding becomes available.

(D) Facilities that are eligible to receive payments from the New Renewable Resources Account created pursuant to paragraph (2) of subdivision (a) of Section 445 of the Public Utilities Code shall be certified as specified in the report and may not receive payments for any electricity produced that has any of the following characteristics:

(i) Is sold under an existing long-term contract with an existing in-state electrical corporation if the contract includes fixed energy or capacity payments.

(ii) Is used onsite and is sold to customers in a manner that excludes competitive transition charge payments, or is otherwise excluded from competitive transition charge payments.

(iii) Is produced by a facility that is owned by customer-owned electricity generating systems.

(E) Eligibility to compete for funds or to receive funds shall not be contingent upon the location or nature of the power purchaser.

(3) Repowered wind projects shall be eligible for funding under this subdivision if the new investment is at least 80 percent of the value of the repowered facility.

(d) (1) Ten percent of the money collected pursuant to paragraph (3) of subdivision (c) of Section 381, up to fifty-four million dollars ($54,000,000), shall be used for a multiyear, consumer-based program to foster the development of emerging renewable technologies in distributed generation applications. Funds to further the purposes of this subdivision may be committed for multiple years.

(2) Any funds used for emerging technologies pursuant to this subdivision shall be expended in accordance with all of the following requirements:

(A) Funding for emerging technologies shall be provided through a competitive, market-based process that shall be in place for a period of not less than four years, and shall be structured so as to allow eligible emerging technology manufacturers and suppliers to anticipate and plan for increased sale and installation volumes over the life of the program.

(B) The program shall provide monetary rebates, buydowns, or equivalent incentives, subject to subparagraph (C) of paragraph (2) of subdivision (d), to purchasers, lessees, lessors, or sellers of eligible electricity generating systems. Incentives shall benefit the end-use consumer of renewable generation by directly and exclusively reducing the cost of the eligible system, or the cost of electricity produced by the eligible system. Incentives shall be issued on the basis of the rated electrical capacity of the system measured in watts. The amount of the per-watt incentive shall decline over the term of the program, with a corresponding increase in the amount of total electrical capacity eligible for the incentive, thereby encouraging the manufacturers and suppliers of eligible systems to reduce system costs. Incentives shall be limited to a maximum percentage of the system price, as defined by the State Energy Resources Conservation and Development Commission, and the maximum incentive percentage shall decline over the term of the program, as shall the per-watt incentive, in amounts to be determined by the State Energy Resources Conservation and Development Commission.

(C) Eligible distributed emerging technologies are photovoltaic, solar thermal electric, fuel cell technologies that utilize renewable fuels, and wind turbines of not more than ten kilowatts rated electrical capacity per customer site, provided that the technologies meet the emerging technology eligibility criteria contained in the report prepared by State Energy Resources Conservation and Development Commission. Eligible electricity generating systems are intended primarily to offset part or all of the consumer's own electrical energy demand, and shall not be owned by electrical corporations or publicly owned utilities, be located at a customer site that is not receiving distribution service from existing in-state electrical corporations. Not less than 60 percent of the available incentive funds shall be reserved for systems of 10 kilowatts rated electrical capacity or smaller, and not less than 15 percent of the funds shall be reserved for systems of 100 kilowatts rated electrical capacity or smaller. All eligible electricity generating system components shall be new and unused, and shall not have been previously placed in service in any other location or for any other application. Systems and their fuel resource shall be located on the premises of the end-use consumer of the electricity produced, and all eligible electricity generating systems shall be connected to the utility grid in California.

(D) The State Energy Resources Conservation and Development Commission shall also determine, in collaboration with industry and consumer interests, if a program provision limiting the amount of funds available for any single project is warranted, and determine how federal, state, or other funds or incentives not related to this section that are already available, or that may become available for eligible electricity generating systems, may impact the availability of funds allocated under this section, if at all. The emerging renewable technologies program shall be implemented not later than March 31, 1998, and incentives shall be available for eligible electricity generating systems that are placed in service after January 1, 1998, in accordance with the program provisions developed by the State Energy Resources Conservation and Development Commission. However, projects placed in service after January 1, 1998, and prior to September 1, 1998, shall not be subject to limits, if any, that may be determined by the commission, pursuant to this subparagraph.

(e) Fifteen percent of the money collected pursuant to paragraph (3) of subdivision (c) of Section 381, up to eighty-one million dollars ($81,000,000), shall be used for programs designed to provide customer credits for purchases of renewable energy produced by certified energy providers, to disseminate information regarding renewable energy technologies, to promote purchases of renewable energy, to help develop a consumer market for renewable energy, and to help develop a consumer market for renewable energy technologies, as provided in the report, subject to the following requirements:

(1) (A) Fourteen percent of the money, up to seventy-five million six hundred thousand dollars ($75,600,000), shall be expended to provide customer credits for purchases of renewable energy produced by certified energy providers. Customer credits shall be awarded to California retail customers located in the service territory of an investor-owned utility that is subject to Section 381 who purchase qualifying renewable electric power through transactions traceable to specific generation sources by any auditable contract trail or equivalent that provides commercial verification that the electricity source claimed has been sold not more than once to a retail customer. Credits may be given without regard to whether the power supplier is also receiving funds under any other subdivision of this section.

(B) Credits awarded pursuant to this paragraph may be paid directly to energy marketers, aggregators, or generators if those persons or entities account for the credits on the recipient customer's utility bills. Credits shall not exceed one and one-half cents ($0.015) per kilowatthour. Credits awarded to members of the combined class of customers, other than residential and small commercial customers, shall not exceed one thousand dollars ($1,000) per customer in 1998 and

1999. Thereafter, the State Energy Resources Conservation and Development Commission shall determine by January 10 of each year the average customer incentive rebate level paid over the preceding calendar year. In the event that the payments have remained at the one and one-half cents ($0.015) per kilowatthour cap over the preceding calendar year, the one thousand dollars ($1,000) per customer cap shall be removed for that calendar year, except that in no event shall more than fifteen million dollars ($15,000,000) of the total customer incentive funds be awarded to members of the combined class of customers other than residential and small commercial customers.

(C) Funding for credits pursuant to this paragraph shall be increased for each successive year during the period from January 1, 1998, to January 1, 2002, to encourage the increasing use of those credits.

(D) The State Energy Resources Conservation and Development Commission shall develop interim criteria and procedures for the certification of energy providers and for the identification of energy purchasers who are eligible to receive funds pursuant to this paragraph through a process consistent with this paragraph. Such criteria and procedures shall apply only to funding eligibility and shall not extend to other renewable marketing claims.

(E) The Public Utilities Commission shall notify the State Energy Resources Conservation and Development Commission in writing within 10 days of revoking or suspending the registration of any electric service provider pursuant to paragraph (4) of subdivision (b) of Section 394.25.

(2) One percent of the money, up to five million four hundred thousand dollars ($5,400,000), shall be expended to promote renewable energy and to disseminate information on renewable energy technologies, including emerging renewable technologies, and to help develop a consumer market for renewable energy and for small-scale emerging renewable energy technologies.

(f) (1) The State Energy Resources Conservation and Development Commission shall adopt guidelines governing the funding programs authorized under this section, at a publicly noticed meeting offering all interested parties an opportunity to comment. Substantive changes to the guidelines shall not be adopted without at least 10 days' written notice to the public. The public notice of meetings required by this paragraph shall not be less than 30 days. Notwithstanding any other provision of law, any guidelines adopted pursuant to this section shall be deemed to satisfy the requirements of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.

(2) The State Energy Resources Conservation and Development Commission shall, in collaboration with eligible emerging technology industry stakeholders and consumer interests, complete the emerging

technology program design, as outlined in subdivision (d), and implement its provisions.

(3) Awards made pursuant to this section are grants, subject to appeal to the State Energy Resources Conservation and Development Commission upon a showing that factors other than those described in the guidelines adopted by the State Energy Resources Conservation and Development Commission were applied in making the awards and payments. Any actions taken by an applicant to apply for, or become or remain eligible and certified to receive, payments or awards, including satisfying conditions specified by the State Energy Resources Conservation and Development Commission, shall not constitute the rendering of goods, services, or a direct benefit to the State Energy Resources Conservation and Development Commission.

(g) The State Energy Resources Conservation and Development Commission shall report to the Legislature on or before May 31, 2000, and on or before May 31 of every second year thereafter, regarding the results of the mechanisms funded pursuant to this section. Reports prepared pursuant to this section shall include a description of the allocation of funds among existing, new and emerging technologies; the allocation of funds among programs, including consumer-side incentives; and the need for the reallocation of money among those technologies. The reports shall also address the allocation of funds from interest on the accounts described in this section, money in the accounts described in subdivision (e) of Section 381, and money included in the accounts pursuant to Section 385. Notwithstanding paragraph (4) of subdivision (b) of Section 383 or subdivisions (b), (c), (d), and (e) of this section, money may be reallocated without further legislative action among existing, new, and emerging technologies and consumer-side programs in a manner consistent with the report.

SEC. 3. Section 394.25 of the Public Utilities Code is amended to read:

394.25. (a) The commission may enforce the provisions of Sections 2102, 2103, 2104, 2105, 2107, 2108, and 2114 against electric service providers as if those electric service providers were public utilities as defined in these code sections. Notwithstanding the above, nothing in this section grants the commission jurisdiction to regulate electric service providers other than as specifically set forth in this part. Electric service providers shall continue to be subject to the provisions of Sections 2111 and 2112. Upon a finding by the commission's executive director that there is evidence to support a finding that the electric service provider has committed an act constituting grounds for suspension or revocation of registration as set forth in subdivision (b) of Section 394.25, the commission shall notify the electric service provider in writing and notice an expedited hearing on the suspension or

revocation of the electric service provider's registration to be held within 30 days of the notification to the electric service provider of the executive director's finding of evidence to support suspension or revocation of registration. The commission shall, within 45 days after holding the hearing, issue a decision on the suspension or revocation of registration, which shall be based on findings of fact and conclusions of law based on the evidence presented at the hearing. The decision shall include the findings of fact and the conclusions of law relied upon.

(b) An electric service provider may have its registration suspended or revoked, immediately or prospectively, in whole or in part, for any of the following acts:

(1) Making material misrepresentations in the course of soliciting customers, entering into service agreements with those customers, or administering those service agreements.

(2) Dishonesty, fraud, or deceit with the intent to substantially benefit the electric service provider or its employees, agents, or representatives, or to disadvantage retail electric customers.

(3) Where the commission finds that there is evidence that the electric service provider is not financially or operationally capable of providing the offered electric service.

(4) The misrepresentation of a material fact by an applicant in obtaining a registration pursuant to Section 394.

(c) Pursuant to its authority to revoke or suspend registration, the commission may suspend a registration for a specified period or revoke the registration, or in lieu of suspension or revocation, impose a moratorium on adding or soliciting additional customers. Any suspension or revocation of a registration shall require the electric service provider to cease serving customers within the boundaries of investor-owned electric corporations, and the affected customers shall be served by the electrical corporation until the time when they may select service from another service provider. Customers shall not be liable for the payment of any early termination fees or other penalties to any electric service provider under the service agreement if the serving electric service provider's registration is suspended or revoked.

(d) The commission shall require any electric service provider whose registration is revoked pursuant to paragraph (4) of subdivision (b) to refund all of the customer credit funds that the electric service provider received from the State Energy Resources Conservation and Development Commission pursuant to paragraph (1) of subdivision (e) of Section 383.5. The repayment of these funds shall be in addition to all other penalties and fines appropriately assessed the electric service provider for committing those acts under other provisions of law. All customer credit funds refunded under this subdivision shall be deposited in the Renewable Resource Trust Fund for redistribution by the State

Energy Resources Conservation and Development Commission pursuant to Section 383.5. This subdivision may not be construed to apply retroactively.

SEC. 4. Article 15 (commencing with Section 399) is added to Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code, to read:

Article 15. Reliable Electric Service Investments Act

399. (a) This article shall be known, and may be cited, as the Reliable Electric Service Investments Act.

(b) The Legislature finds and declares that safe, reliable electric service is of utmost importance to the citizens of this state, and its economy.

(c) The Legislature further finds and declares that in order to ensure that the citizens of this state continue to receive safe, reliable, affordable, and environmentally sustainable electric service, it is essential that prudent investments continue to be made in all of the following areas:

(1) To protect the integrity of the electric distribution grid.

(2) To ensure an adequately sized and trained utility workforce.

(3) To ensure cost-effective energy efficiency improvements.

(4) To achieve a sustainable supply of renewable energy.

(5) To advance public interest research, development and demonstration programs not adequately provided by competitive and regulated markets.

(d) It is the intent of the Legislature to reaffirm, without requiring revision, California's doctrine, as reflected in regulatory and judicial decisions, regarding electrical corporations' reasonable opportunity to recover costs and investments associated with their electric distribution grid and the reasonable opportunity to attract capital for investment on reasonable terms.

(e) The Legislature further finds and declares all of the following:

(1) Acting under applicable constitutional and statutory authorities, the Public Utilities Commission and the boards of local publicly owned electric utilities have included in regulated electricity prices, investments that are essential to maintaining system reliability, reducing California electricity users' bills, and mitigating environmental costs of California users' electricity consumption.

(2) Among the most important of these ''system benefits'' investments categories are energy efficiency, renewable energy, and public interest research, development and demonstration (RD&D).

(3) Energy efficiency investments funded from California's usage-based charges on electricity distribution help improve systemwide reliability by reducing demand in times and areas of system congestion, and at the same time reduce all California electricity users'

costs. These investments also significantly reduce environmental costs associated with California's electricity consumption, including, but not limited to, degradation of the state's air, water, and land resources.

(4) California's in-state renewable energy resources help alleviate supply deficits that could threaten electric system reliability, reduce environmental costs associated with California's electricity consumption, and increase the diversity of the electricity system's fuel mix, reducing electricity users' exposure to fossil-fuel price volatility.

(5) California's public-interest research, development and demonstration (RD&D) investments enhance private and regulated sector investment in electricity system technologies, and are designed specifically to help ensure sustained improvement in the economic and environmental performance of the distribution, transmission, and generation and end-use systems that serve California electricity users.

(6) California has established a long tradition of recovering system benefits investments through usage-based electricity charges, which is reflected in at least two decades of electricity price regulation by the commission, the boards of local publicly owned electric utilities, and the mandate of the Legislature in Chapter 854 of the Statutes of 1996 (Assembly Bill 1890 of the 1995–96 Regular Session of the Legislature) and Chapter 905 of the Statutes of 1997 (Senate Bill 90 of the 1995–96 Regular Session of the Legislature).

(7) Unless the Legislature acts to extend the mandate of Chapter 854 of the Statutes of 1996 for minimum levels of usage based system benefits charges, California electricity users are at substantial risk of higher economic and environmental costs and degraded reliability.

399.1. (a) As used in this article, the term ''Energy Commission'' means the State Energy Resources Conservation and Development Commission.

(b) As used in this article, the term ''local publicly owned electric utility'' has the same meaning as set forth in subdivision (d) of Section 9604.

399.2. (a) (1) It is the policy of this state, and the intent of the Legislature, to reaffirm that each electrical corporation shall continue to operate its electric distribution grid in its service territory and shall do so in a safe, reliable, efficient, and cost-effective manner.

(2) In furtherance of this policy, it is the intent of the Legislature that each electrical corporation shall continue to be responsible for operating its own electric distribution grid including, but not limited to, owning, controlling, operating, managing, maintaining, planning, engineering, designing, and constructing its own electric distribution grid, emergency response and restoration, service connections, service turnons and turnoffs, and service inquiries relating to the operation of its electric distribution grid, subject to the commission's authority.

(b) In order to ensure the continued efficient use, and cost-effective, safe, and reliable operation of the electric distribution grid, each electrical corporation shall continue to operate its electric distribution grid in its service territory consistent with Section 330.

(c) In carrying out the purposes of this section, each electrical corporation shall continue to make reasonable investments in its electric distribution grid. Each electrical corporation shall continue to have a reasonable opportunity to fully recover from all customers of the electrical corporation, in a manner determined by the commission pursuant to this code, all of the following:

(1) Reasonable investments in its electric distribution grid.

(2) A reasonable return on the investments in its electric distribution grid.

(3) Reasonable costs to operate its electric distribution grid.

(d) For purposes of this section, the term "electric distribution grid" means those facilities owned or operated by an electrical corporation that are not under the control of the Independent System Operator and that are used to transmit, deliver, or furnish electricity for light, heat, or power.

(e) Nothing in this section shall be construed to alter or to affect any of the following:

(1) Section 216, 218, or 2827.

(2) The authority of the commission to establish and enforce standards and tariff conditions for the interconnection of customer-owned facilities to the electric distribution grid.

(3) The ratemaking authority of the commission under this code.

(4) The authority of the commission to establish rules governing the extension of service to new customers.

(f) Nothing in this section shall be construed to alter or affect any authority or lack of authority of the commission regarding the ownership and operation of new electric generation used in whole, or in part, for the purpose of maintaining or enhancing the reliability of the electric distribution grid.

(g) Nothing in this section diminishes or expands any existing authority of a local governmental entity.

(h) The commission shall require every electrical corporation operating an electric distribution grid to inform all customers who request residential service connections via telephone of the availability of the California Alternative Rates for Energy (CARE) program and how they may qualify for and obtain these services and shall accept applications for the CARE program according to procedures specified by the commission. Electrical corporations shall recover the reasonable costs of implementing this subdivision.

399.3. Nothing in Section 399.2 shall be construed to preclude any of California's local publicly owned electric utilities from exercising authority to operate their electric distribution grid as provided under law.

399.4. (a) (1) In order to ensure that prudent investments in energy efficiency continue to be made that produce cost-effective energy savings, reduce customer demand, and contribute to the safe and reliable operation of the electric distribution grid, it is the policy of this state and the intent of the Legislature that the commission shall continue to administer cost-effective energy efficiency programs authorized pursuant to existing statutory authority.

(2) As used in this section, the term ''energy efficiency'' includes, but is not limited to, cost-effective activities to achieve peak load reduction that improve end-use efficiency, lower customers' bills, and reduce system needs.

(b) The commission, in evaluating energy efficiency investments under its existing statutory authorities, shall also ensure both of the following:

(1) That local and regional interests, multifamily dwellings, and energy service industry capabilities are incorporated into program portfolio design and that local governments, community-based organizations, and energy efficiency service providers are encouraged to participate in program implementation where appropriate.

(2) That no energy efficiency funds are used to provide incentives for the purchase of new energy-efficient refrigerators.

399.6. (a) In order to optimize public investment and ensure that the most cost-effective and efficient investments in renewable resources are vigorously pursued, the Energy Commission shall create an investment plan as set forth in paragraphs (1) to (3), inclusive, to govern the allocation of funds provided pursuant to this article. The Energy Commission's long-term goal shall be a fully competitive and self-sustaining California renewable energy supply. The investment plan shall be in accordance with all of the following:

(1) The investment plan's objective shall be to increase, in the near term, the quantity of California's electricity generated by in-state renewable energy resources, while protecting system reliability, fostering resource diversity, and obtaining the greatest environmental benefits for California residents.

(2) An additional objective of the plan shall be to identify and support emerging renewable energy technologies that have the greatest near-term commercial promise and that merit targeted assistance.

(3) The investment plan shall contain specific numerical targets, reflecting the projected impact of the plan, for both of the following:

(A) Increased quantity of California electrical generation produced from emerging technologies and from overall renewable resources.

(B) Increased supply of renewable generation available from facilities other than those selling to investor-owned utilities under contracts entered into prior to 1996 under the federal Public Utilities Regulatory Policies Act of 1978 (P.L. 95-617).

(b) The Energy Commission shall, on an annual basis, evaluate progress on meeting the targets set forth in subparagraphs (A) and (B) of paragraph (3) of subdivision (a), or any substitute provisions adopted by the Legislature upon review of the investment plan, and assess the impact of the investment plan on reducing the cost to Californians of renewable energy generation.

(c) In preparing these investment plans, the Energy Commission shall recommend allocations among all of the following:

(1) (A) Except as provided in subparagraph (B), production incentives for new renewable energy, including repowered or refurbished renewable energy.

(B) Allocations may not be made for renewable energy that is generated by a project that remains under a power purchase contract with an electrical corporation originally entered into prior to September 24, 1996, whether amended or restated thereafter.

(C) Notwithstanding subparagraph (B), production incentives for incremental new, repowered, or refurbished renewable energy from existing projects under a power purchase contract with an electrical corporation originally entered into prior to September 24, 1996, whether amended or restated thereafter, may be allowed in any month, if all of the following occur:

(i) The project's power purchase contract provides that all energy delivered and sold under the contract is paid at a price that does not exceed commission approved short-run avoided cost of energy.

(ii) Either of the following:

(I) The power purchase contract is amended to provide that the kilowatthours used to determine the capacity payment in any time-of-delivery period in any month under the contract shall be equal to the actual kilowatthour production, but no greater than the five-year average of the kilowatthours delivered for the corresponding time-of-delivery period and month, in the years 1994 to 1998, inclusive.

(II) If a project's installed capacity as of December 31, 1998, is less than 75 percent of the nameplate capacity as stated in the power purchase contract, the power purchase contract is amended to provide that the kilowatthours used to determine the capacity payment in any time-of-delivery period in any month under the contract shall be equal to the actual kilowatthour production, but no greater than the product of the five-year average of the kilowatthours delivered for the corresponding time-of-delivery period and month, in the years 1994 to 1998, inclusive, and the ratio of installed capacity as of December 31 of

the previous year, but not to exceed contract nameplate capacity, to the installed capacity as of December 31, 1998.

(iii) The production incentive is payable only with respect to the kilowatthours delivered in a particular month that exceeds the corresponding five-year average calculated pursuant to clause (ii).

(2) Rebates, buydowns, or equivalent incentives for emerging renewable technologies.

(3) Customer credits for renewables not under contract with a utility.

(4) Customer education.

(5) Incentives for reducing fuel costs that are confirmed to the satisfaction of the Energy Commission at solid fuel biomass energy facilities in order to provide demonstrable environmental and public benefits, including but not limited to, air quality.

(6) Solar thermal generating resources that enhance the environmental value or reliability of the electricity system and that require financial assistance to remain economically viable, as determined by the Energy Commission. The Energy Commission may require financial disclosure from applicants for purposes of this paragraph.

(7) Specified fuel cell technologies, if the Energy Commission makes all of the following findings:

(A) The specified technologies have similar or better air pollutant characteristics than renewable technologies in the investment plan.

(B) The specified technologies require financial assistance to become commercially viable by reference to wholesale generation prices.

(C) The specified technologies could contribute significantly to the infrastructure development or other innovation required to meet the long-term objective of a self-sustaining, competitive supply of renewable energy.

(8) Existing wind-generating resources, if the Energy Commission finds that the existing wind-generating resources are a cost-effective source of reliability and environmental benefits compared with other eligible sources, and that the existing wind-generating resources require financial assistance to remain economically viable, as determined by the Energy Commission. The Energy Commission may require financial disclosure from applicants for the purposes of this paragraph.

(d) Commencing on January 1, 2002, public entities are not eligible to receive customer credits for renewables.

(e) Notwithstanding any other provision of law, moneys collected for renewable energy pursuant to this article shall be transferred to the Renewable Resource Trust Fund of the Energy Commission, to be held until further action by the Legislature. The Energy Commission shall prepare and submit to the Legislature, on or before March 31, 2001, an initial investment plan for these moneys, addressing the application of

moneys collected between January 1, 2002, and January 1, 2007. The initial investment plan shall also include an evaluation of and report to the Legislature regarding the appropriateness and structure of a mandatory state purchase of renewable energy. On or before March 31, 2006, the Energy Commission shall prepare an investment plan proposing the application of moneys collected between January 1, 2007, and January 1, 2012. No moneys may be expended in the years covered by these plans without further legislative action.

399.7. (a) In order to ensure that prudent investments in research, development and demonstration of energy efficient technologies continue to produce substantial economic, environmental, public health, and reliability benefits, it is the policy of this state and the intent of the Legislature that funds made available, upon appropriation, for energy related public interest research, development and demonstration programs shall be used to advance science or technology that are not adequately provided by competitive and regulated markets.

(b) Notwithstanding any other provision of law, moneys collected for public-interest research, development and demonstration pursuant to this section shall be transferred to the Public Interest Research, Development, and Demonstration Fund of the Energy Commission to be held until further action by the Legislature. The Energy Commission shall prepare and submit to the Legislature, on or before March 1, 2001, an initial investment plan for these moneys, addressing the application of moneys collected between January 1, 2002, and January 1, 2007. The initial investment plan shall address the recommendations of the PIER Independent Review Panel Report, dated March 2000, to either transform the RD&D program within the Energy Commission, or to administer it through, or in cooperation with, an external organization. The initial investment plan shall include criteria that will be used to determine that a project provides public benefits to California that are not adequately provided by competitive and regulated markets. On or before March 31, 2006, the Energy Commission shall prepare an investment plan addressing the application of moneys collected between January 1, 2007, and January 1, 2012. No moneys may be expended in the years covered by these plans without further legislative action.

399.8. (a) In order to ensure that the citizens of this state continue to receive safe, reliable, affordable, and environmentally sustainable electric service, it is the policy of this state and the intent of the Legislature that prudent investments in energy efficiency, renewable energy, and research, development and demonstration shall continue to be made.

(b) (1) Every customer of an electrical corporation, shall pay a nonbypassable system benefits charge authorized pursuant to this

article. The system benefits charge shall fund energy efficiency, renewable energy, and research, development and demonstration.

(2) Local publicly owned electric utilities shall continue to collect and administer system benefits charges pursuant to Section 385.

(c) (1) The commission shall require each electrical corporation to identify a separate rate component to collect revenues to fund energy efficiency, renewable energy, and research, development and demonstration programs authorized pursuant to this section beginning January 1, 2002, through January 1, 2012. The rate component shall be a nonbypassable element of the local distribution service and collected on the basis of usage.

(2) This rate component may not exceed, for any tariff schedule, the level of the rate component that was used to recover funds authorized pursuant to Section 381 on January 1, 2000. If the amounts specified in paragraph (1) of subdivision (d) are not recovered fully in any year, the commission shall reset the rate component to restore the unrecovered balance, provided that the rate component may not exceed, for any tariff schedule, the level of the rate component that was used to recover funds authorized pursuant to Section 381 on January 1, 2000. Pending restoration, any annual shortfalls shall be allocated pro rata among the three funding categories in the proportions established in paragraph (1) of subdivision (d).

(d) The commission shall order San Diego Gas and Electric Company, Southern California Edison Company, and Pacific Gas and Electric Company to collect these funds commencing on January 1, 2002, as follows:

(1) Two hundred twenty-eight million dollars ($228,000,000) per year in total for energy efficiency and conservation activities, one hundred thirty-five million dollars ($135,000,000) in total per year for renewable energy, and sixty-two million five hundred thousand dollars ($62,500,000) in total per year for research, development and demonstration. The funds for energy efficiency and conservation activities shall continue to be allocated in proportions established for the year 2000 as set forth in paragraph (1) of subdivision (c) of Section 381.

(2) The amounts shall be adjusted annually at a rate equal to the lesser of the annual growth in electric commodity sales or inflation, as defined by the gross domestic product deflator.

(e) The commission and the Energy Commission shall retain and continue their oversight responsibilities as set forth in Sections 381, 383, 383.5, and 445, and Chapter 7.1 (commencing with Section 25620) of Division 15 of the Public Resources Code.

(f) (1) On or before January 1, 2004, the Governor shall appoint an independent review panel including, but not limited to, members with expertise on the energy service needs of large and small electricity

consumers, system reliability issues, and energy-related public policy. On or before January 1, 2005, the panel shall prepare and submit to the Legislature and the Energy Commission a report evaluating the energy efficiency, renewable energy, and research, development and demonstration programs funded under this section. Reasonable costs associated with the review in each of the three program categories, including technical assistance, may be charged to the relevant program category under procedures to be developed by the commission for energy efficiency and by the Energy Commission for renewable energy and research development and demonstration.

(2) The report shall also assess all of the following:

(A) Whether ongoing programs are consistent with the statutory goals.

(B) Whether potential synergies among the program categories described in paragraph (1) that could provide enhanced public value have been identified and incorporated in the programs.

(C) If established targets for increased renewable generation are likely to be achieved.

(D) What changes should be made to result in a more efficient use of public resources.

(3) The report shall also compare the Energy Commission's programs with efforts undertaken by other states and assess, as an alternative, the relative costs and benefits of adopting a tradeable minimum renewable energy requirement in California. The evaluation shall include recommendations intended to optimize renewable resource development at the least cost.

(4) For energy efficiency programs, the report shall include an evaluation of all of the following:

(A) The net benefits secured for residential customers, taking into account both public and private costs, including improvements in that customer group's ability to avoid or reduce consumption of relatively costly peak electricity.

(B) Whether the programs provide a balance of benefits to all sectors that contribute to the funding.

(C) The extent to which competition in energy markets including, but not limited to, load participation in ancillary services markets, and improvements in technology affect the continuing need for such programs.

(D) The status and growth of the private, competitive energy services industry that provides energy efficiency services and other energy products to customers.

(E) The commercial availability of any new technologies that reduce electricity demands during high-priced periods.

(F) Customers' willingness and ability to reduce consumption or adopt energy efficiency measures without program support.

(G) The extent to which the programs have delivered cost-effective energy efficiency not adequately provided by markets and as a result have reduced energy demand and consumption.

(H) The relative cost effectiveness of program expenditures compared to other current or potential expenditures to enhance system reliability.

(5) The report shall include specific recommendations aimed at assisting the Legislature in determining whether to change or eliminate the collection of the system benefits charge on or after January 1, 2007.

(6) The panel may update and revise the report as needed.

(g) Promptly after receiving the panel's report, the commission shall convene a proceeding to address implementation of the panel's energy efficiency recommendations.

399.9. (a) No part of this article shall be construed to alter or affect the low-income funding provisions set forth in Section 382. Programs provided to low-income electricity customers, including, but not limited to, targeted energy efficiency services and the California Alternative Rates for Energy Program shall continue to be funded as set forth in Section 382.

(b) Nothing in this article shall be construed to affect the jurisdiction of the commission over electric distribution service.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 6456 of the Revenue and Taxation Code is amended to read:

6456. (a) Under regulations prescribed by the board, if:

(1) A tax liability under this part was understated by a failure to file a return required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return, and the understatement of tax liability is attributable to one spouse; or any amount of the tax reported on a return was unpaid and the nonpayment of the reported tax liability is attributable to one spouse,

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment, and

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment,

then the other spouse shall be relieved of liability for tax (including interest, penalties, and other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar quarters subject to the provisions of this part, but shall not apply to any calendar quarter that is more than five years from the final date on the board-issued determination, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), ''reason to know'' means whether or not a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or an omission of an item from the return, ''attributable to one spouse'' may be determined by whether a spouse rendered substantial service as a retailer of taxable items to which the understatement is attributable. If neither spouse rendered substantial services as a retailer, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

SEC. 2. Section 6592 of the Revenue and Taxation Code is amended to read:

6592. (a) If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person shall be relieved of the penalties provided by Sections 6476, 6477, 6479.3, 6480.4, 6480.8, 6511, 6565, 6591, and 7051.2.

(b) Except as provided in subdivision (c) any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

(c) The board shall establish criteria that provides for efficient resolution of requests for relief pursuant to this section.

SEC. 3. Section 6704 is added to the Revenue and Taxation Code, to read:

6704. (a) Notwithstanding Article 7 (commencing with Section 706.151) of Chapter 5 of Title 9 of Part 2 of the Code of Civil Procedure, if the board determines upon receiving information from a retailer or other person liable for any amount under this part that the person's employer withheld earnings for taxes pursuant to Section 6703 and failed to remit the withheld earnings to the board, the employer shall be liable for the amount not remitted. The board's determination shall be based on payroll documents or other substantiating evidence furnished by the person liable for the tax.

(b) Upon its determination, the board shall mail notice to the employer at its last known address that upon failure to remit the withheld earnings to the board within 15 days of the date of its notice to the employer, the employer shall be liable for that amount which was withheld and not remitted.

(c) If the employer fails to remit the amount withheld to the board upon notice, that amount for which the employer is liable shall be determined, collected, and paid as though it were a tax deficiency. The amount may be assessed at any time prior to seven years from the first day that the unremitted amount, in the aggregate, was first withheld. Interest shall accrue on that amount from the first day that the unremitted amount, in the aggregate, was first withheld.

(d) When the determination against the employer is final and due and payable, the person's account shall be immediately credited with an amount equal to that determined amount as though it were a payment received by the board on the first date that the unremitted amount, in the aggregate, was first withheld by the employer.

(e) Collection against the person liable for the tax is stayed for both the following amount and period:

(1) An amount equal to the amount determined by the board under subdivision (a).

(2) The earlier of the time the credit is applied to the person's account pursuant to subdivision (d) or the determination against the employer is withdrawn or revised and the person is notified by the board thereof.

(f) If under this section an amount that was withheld and not remitted to the board is final and due and payable by the employer and credited to the person's account, this remedy shall be the exclusive remedy for the person to recover that amount from the employer.

(g) This section shall apply to determinations made by the board on or after the effective date of the act adding this section.

SEC. 3.5. Section 6832 of the Revenue and Taxation Code is amended to read:

6832. (a) The board may, in its discretion, enter into a written installment payment agreement with a person for the payment of any taxes due, together with interest thereon and any applicable penalties, in installments over an agreed period. With mutual consent, the board and the taxpayer may alter or modify the agreement.

(b) Upon failure of a person to fully comply with the terms of an installment payment agreement with the board, the board may terminate the agreement by mailing a notice of termination to the person. The notice shall include an explanation of the basis for the termination and inform the person of his or her right to request an administrative review of the termination. Fifteen days after the mailing of the notice, the installment payment agreement shall be void, and the total amount of the tax, interest, and penalties due shall be immediately payable.

(c) The board shall establish procedures for an administrative review for persons requesting that review whose installment payment agreements are terminated under subdivision (b). The collection of taxes, interest, and penalties that are the subject of the terminated

installment payment agreement may not be stayed during this administrative review process.

(d) Subdivision (b) shall not apply to any case where the board finds collection of the tax to be in jeopardy.

SEC. 2. Chapter 1 (commencing with Section 7301) is added to Part 2 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

7301. This part is known and may be cited as the ''Motor Vehicle Fuel Tax Law.''

7302. Except where the context otherwise requires, the definitions given in this chapter govern the construction of this part.

7303. ''Aircraft'' means any powered contrivance designed for navigation in the air except a rocket or missile.

7304. ''Alcohol'' includes ethanol and methanol.

7305. ''Approved terminal or refinery'' means a terminal or refinery that is operated by a licensed supplier.

7306. ''Aviation gasoline'' means all special grades of gasoline that are suitable for use in aviation reciprocating engines.

7307. ''Blended motor vehicle fuel'' means any mixture of motor vehicle fuel with respect to which tax has been imposed and any other liquid on which tax has not been imposed. Blended motor vehicle fuel also means any conversion of a liquid into motor vehicle fuel. ''Conversion of a liquid into motor vehicle fuel'' occurs when any liquid that is not included in the definition of motor vehicle fuel and that is outside the bulk transfer/terminal system is sold as motor vehicle fuel, delivered as motor vehicle fuel, or represented to be motor vehicle fuel.

7308. ''Blender'' includes any person that produces or converts blended motor vehicle fuel outside the bulk transfer/terminal system.

7309. ''Bulk transfer'' means any transfer of motor vehicle fuel by pipeline or vessel.

7310. ''Bulk transfer/terminal system'' means the motor vehicle fuel distribution system consisting of refineries, pipelines, vessels, and terminals. Motor vehicle fuel in a refinery, pipeline, vessel, or terminal is in the bulk transfer/terminal system. Motor vehicle fuel in the fuel tank of any engine, or in any railcar, trailer, truck, or other equipment suitable for ground transportation is not in the bulk transfer/terminal system.

7311. ''Enterer'' includes any person who is the importer of record (under federal customs law) with respect to motor vehicle fuel. If the importer of record is acting as an agent, the person for whom the agent is acting is the enterer. If there is no importer of record of motor vehicle fuel entered into this state, the owner of the motor vehicle fuel at the time it is brought into this state is the enterer.

7312. ''Entry'' means the importing of motor vehicle fuel into this state. However, motor vehicle fuel brought into this state in the fuel tank of a motor vehicle or aircraft shall not be deemed to be an ''entry'' if not removed from the fuel tank except as used for the operation of that motor vehicle or aircraft, except to the extent that the motor vehicle fuel was acquired tax free for export or a refund of tax was claimed as a result of exportation from the state from which that motor vehicle fuel was transported into this state.

7313. ''Finished gasoline'' means all products (including gasohol) that are commonly known or sold as gasoline.

7314. ''Fuel tank'' means any receptacle on a motor vehicle from which fuel is supplied for the operation of a motor vehicle.

7315. ''Gallon'' means the United States gallon of 231 cubic inches or the volumetric gallon adjusted to 60 degrees Fahrenheit when the invoice and settlement is made on the temperature corrected gallonage.

7316. ''Gasoline'' means finished gasoline and gasoline blendstocks.

7317. ''Gasoline blendstocks'' means any petroleum product component of gasoline.

7318. ''Gasohol'' means all blends of gasoline, and alcohol containing more than 15 percent gasoline.

7319. ''Highway'' includes a way or place, of whatever nature, publicly maintained and open to the use of the public for purposes of vehicular travel.

7320. ''Highway vehicle operator/fueler'' includes (a) any person that owns, operates, or otherwise controls a motor vehicle fuel-powered highway vehicle and places, or causes to be placed, motor vehicle fuel or any liquid into the fuel tank of a motor vehicle fuel-powered highway vehicle; or (b) any person who sells motor vehicle fuel on which a claim for refund has been allowed, or any liquid on which tax has not been imposed.

7321. ''In this state'' or ''in the state'' means within the exterior limits of the State of California and includes all territory within these limits owned by or ceded to the United States of America.

7322. ''Industrial user'' means any person that receives gasoline blendstocks by bulk transfer for its own use in the manufacture of any product other than finished gasoline.

7323. ''Licensed industrial user'' means any industrial user that is licensed pursuant to Section 7460.

7324. ''Licensed supplier'' includes any enterer, position holder, refiner, terminal operator, or throughputter that is licensed as a supplier pursuant to Section 7451.

7325. ''Motor vehicle'' includes every self-propelled vehicle operated or suitable for operation on the highway, except a vehicle used exclusively upon stationary rails or tracks.

7326. ''Motor vehicle fuel'' includes gasoline, aviation gasoline, and any inflammable liquid, by whatever name the liquid may be known or sold, which is used or is usable in an explosion type of engine. It does not include diesel fuel, kerosene, liquefied petroleum gas, natural gas in liquid or gaseous form, or alcohol.

7327. ''Motor vehicle fuel-powered highway vehicle'' means a motor vehicle that is operated by a motor vehicle fuel-powered engine on a highway.

7328. ''Motor vehicle fuel-powered train'' means any motor vehicle fuel-powered equipment or machinery that rides on rails, including equipment or machinery that transports passengers, freight, or a combination of both passengers and freight, and equipment or machinery that only carries freight or passengers of the operator thereof. Thus, the term includes a locomotive, work train, switching engine, and track maintenance machine.

7329. ''Person'' includes any individual, firm, partnership, joint venture, limited liability company, association, social club, fraternal organization, corporation, estate, trust, business trust, receiver, trustee, syndicate, the United States, this state, any county, city and county, municipality, district, or other political subdivision of the state, or any other group or combination acting as a unit.

7330. ''Pipeline'' means any pipeline used at any time to transport motor vehicle fuel.

7331. ''Pipeline operator'' includes any person that owns, operates, or otherwise controls a pipeline.

7332. ''Position holder'' includes any person that holds the inventory position in the motor vehicle fuel, as reflected on the records of the terminal operator. A person holds the inventory position in motor vehicle fuel when that person has a contractual agreement with the terminal operator for the use of storage facilities and terminaling services at a terminal with respect to the motor vehicle fuel. ''Position holder'' includes a terminal operator that owns motor vehicle fuel in its terminal.

7333. ''Rack'' means a mechanism for delivering motor vehicle fuel from a refinery or terminal into a truck, trailer, railroad car, or other means of nonbulk transfer.

7334. ''Refiner'' includes any person that owns, operates, or otherwise controls a refinery.

7335. ''Refinery'' means a facility used to produce motor vehicle fuel from crude oil, unfinished oils, natural gas liquids, or other

hydrocarbons, and from which motor vehicle fuel may be removed by pipeline, by vessel, or at a rack.

7336. ''Removal'' means any physical transfer of motor vehicle fuel, and any use of motor vehicle fuel other than as a material in the production of motor vehicle fuel. However, motor vehicle fuel is not removed when it evaporates or is otherwise lost or destroyed.

7337. ''Sale'' means:

(a) The transfer of title to, or substantial incidents of ownership in, motor vehicle fuel (other than motor vehicle fuel in a terminal) to a buyer for consideration, which may consist of money, services, or other property.

(b) The transfer of the inventory position in the motor vehicle fuel in a terminal if the buyer becomes the position holder with respect to the taxable fuel.

7338. ''Supplier'' includes any person who is any of the following:

(a) Blender, as defined in Section 7308.

(b) Enterer, as defined in Section 7311.

(c) Position holder, as defined in Section 7332.

(d) Refiner, as defined in Section 7334.

(e) Terminal operator, as defined in Section 7340.

(f) Throughputter, as defined in Section 7341.

7339. ''Terminal'' means a motor vehicle fuel storage and distribution facility that is supplied by pipeline or vessel, and from which motor vehicle fuel may be removed at a rack.

7340. ''Terminal operator'' includes any person that owns, operates, or otherwise controls a terminal.

7341. ''Throughputter'' means any person that owns motor vehicle fuel within the bulk transfer/terminal system (other than in a terminal) or is a position holder.

7342. ''Train operator'' includes any person that owns, operates, or controls a motor vehicle fuel-powered train and is licensed as a railroad by a state or federal agency.

7343. ''Vessel'' includes a barge and every description of motor craft, other than a seaplane on the water, used or capable of being used as a means of transportation on water.

7344. ''Vessel operator'' includes any person that owns, operates, or otherwise controls a vessel.

SEC. 3. Chapter 2 (commencing with Section 7351) of Part 2 of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 4. Chapter 2 (commencing with Section 7360) is added to Part 2 of Division 2 of the Revenue and Taxation Code, to read:

7360. (a) A tax of eighteen cents ($0.18) is hereby imposed upon each gallon of fuel subject to the tax in Sections 7362, 7363, and 7364.

(b) If the federal fuel tax is reduced below the rate of nine cents ($0.09) per gallon and federal financial allocations to this state for highway and exclusive public mass transit guideway purposes are reduced or eliminated correspondingly, the tax rate imposed by this section, on and after the date of the reduction, shall be recalculated by an amount so that the combined state and federal tax rate per gallon equals twenty-seven cents ($0.27).

(c) If any person or entity is exempt or partially exempt from the federal fuel tax at the time of a reduction, the person or entity shall continue to be so exempt under this section.

7361. (a) For the privilege of storing, for the purpose of removal, sale, or use, every distributor owning motor vehicle fuel on January 1, 2002, shall pay a tax of eighteen cents ($0.18) for each gallon of motor vehicle fuel according to the volumetric measure thereof, on which a tax has not been imposed under Part 2 (commencing with Section 7301) as in effect on December 31, 2001, and tax would have been imposed on any prior removal, entry, or sale of motor vehicle fuel had Sections 7360 to 7363, inclusive, applied to motor vehicle fuel for the period before January 1, 2002.

(b) For purposes of subdivision (a):

(1) ''Storing'' includes the possession in a storage facility, except an approved terminal or refinery, of motor vehicle fuel as well as the motor vehicle fuel purchased from and invoiced by the seller prior to January 1, 2002, and in transit on that date.

(3) ''Distributor'' means any person who was required to be licensed as a distributor under Part 2 (commencing with Section 7301) as in effect on December 31, 2001.

7362. The tax specified in Section 7360 is imposed on the removal of motor vehicle fuel in this state from a terminal if the motor vehicle fuel is removed at the rack.

7363. The tax specified in Section 7360 is also imposed on all of the following:

(a) The removal of motor vehicle fuel in this state from any refinery if either of the following applies:

(1) The removal is by bulk transfer and the refiner or the owner of the motor vehicle fuel immediately before the removal is not a licensed supplier.

(2) The removal is at the refinery rack.

(b) The entry of motor vehicle fuel into this state for sale, consumption, use, or warehousing if either of the following applies:

(1) The entry is by bulk transfer and the enterer is not a licensed supplier.

(2) The entry is not by bulk transfer.

(c) The removal or sale of motor vehicle fuel in this state to an unlicensed person unless there was a prior taxable removal, entry, or sale of the motor vehicle fuel.

(d) The removal or sale of blended motor vehicle fuel in this state by the blender thereof. The number of gallons of blended motor vehicle fuel subject to tax is the difference between the total number of gallons of blended motor vehicle fuel removed or sold and the number of gallons of previously taxed motor vehicle fuel used to produce the blended motor vehicle fuel.

any information in the board's possession or which may come into its possession.

7659.5. Any person required to make a prepayment pursuant to Section 7659.1 who fails to make a timely prepayment but makes that prepayment before the last day of the month following the monthly period for which the prepayment was due, shall also pay a penalty of 6 percent of the amount of prepayment.

7659.6. Any person required to make a prepayment pursuant to Section 7659.1 who fails to make a prepayment before the last day of the month following the monthly period for which the prepayment became due and who files a timely return and payment for the monthly period for which the prepayment became due shall pay a penalty of 6 percent of the amount equal to 95 percent of the tax liability for the monthly period for which the required prepayment was not made.

7659.7. (a) If the failure to make a prepayment as described in Section 7659.6 is due to negligence or intentional disregard of this part or authorized rules and regulations, the penalty shall be 10 percent, instead of 6 percent.

(b) If any part of a deficiency in prepayment is due to negligence or intentional disregard of this part or authorized rules and regulations, a penalty of 10 percent of the deficiency shall be paid.

(c) The provisions of this section shall not apply to amounts subject to the provisions of Sections 7655, 7660, 7662, 7672, 7673, and 7726.

7659.8. Notification by the board, provided for in Section 7659.1, may be served personally or by mail in the manner prescribed in Section 7671 for service of notice of a deficiency determination.

Article 3. Determination if No Return Made

7660. If any supplier fails, neglects, or refuses to file the return within the time prescribed by this chapter, the board shall estimate the motor vehicle fuel removals, entries or sales for the period for which he or she made no return within the time required. Upon the basis of this estimate the board shall determine the tax due from the supplier, and shall add to the tax a penalty of 10 percent thereof. The board may make a determination for more than one period and may make one or more determinations for the same period.

7661. All determinations so made, exclusive of penalties, shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the last day of the month after the close of the monthly period for which the amount or any portion thereof should have been returned until the date of payment.

7662. If the neglect or refusal of a supplier to file a return is due to fraud or intent to evade the tax, a penalty of 25 percent of the tax shall

be added thereto in addition to the 10 percent penalty provided in Section 7660.

7663. Promptly after making its determination the board shall give to the delinquent supplier written notice of the estimate, tax, and penalty, the notice shall be given in the manner prescribed in Section 7671 for giving notice of a deficiency determination.

Article 4. Deficiency Determinations

7670. If the board is not satisfied with the return made by any supplier, it may make a deficiency determination of the tax required to be paid by the supplier based upon information contained in the return or upon any information in the possession of the board. The board may make a determination for more than one period and may make one or more determinations for the same period. When a business is discontinued a determination may be made at any time thereafter, within the period specified in Section 7675, as to liability arising out of that business, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this part.

7671. The board shall give the supplier written notice of its determination. The notice shall be placed in a sealed envelope, with postage paid, addressed to the supplier at the supplier's address as it appears in the records of the board. The giving of notice shall be deemed complete at the time of the deposit of the notice in the United States Post Office, or a mailbox, subpost office, substation or mail chute or other facility maintained or provided by the United States Postal Service, without extension of time for any reason. In lieu of mailing, a notice may be served personally by delivering to the person to be served and service shall be deemed complete at the time of that delivery. Personal service to a corporation may be made by delivery of a notice to any person designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

7672. If any part of the deficiency for which a deficiency determination is made is due to neglect or intentional disregard of this part or authorized rules and regulations, a penalty of 10 percent of the amount of the determination shall be added thereto.

7673. If any part of the deficiency for which a deficiency determination is made is due to fraud or an intent to evade the tax, a penalty of 25 percent of the amount of the determination shall be added thereto.

7674. All deficiency determinations, exclusive of penalty, shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the last day of the month

following the close of the monthly period for which the amount or any portion thereof should have been returned until the date of payment.

7675. Except in the case of fraud, intent to evade this part or authorized rules and regulations, or failure to make a return, every notice of a deficiency determination shall be given to the supplier within three years after the last day of the month following the monthly period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later. In the case of a failure to make a return the notice of determination shall be mailed within eight years after the date the return was due.

7675.1. In the case of a deficiency arising under this part during the lifetime of a decedent, a notice of deficiency determination shall be mailed within four months after written request therefor, in the form required by the board, by the fiduciary of the estate or trust or by any other person liable for the tax or any portion thereof.

7676. If, before the expiration of the time prescribed in Section 7675 for the mailing of a notice of deficiency determination, the taxpayer has consented in writing to the mailing of the notice after that time, the notice may be mailed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

Article 5. Jeopardy Determinations and Weekly Payments

7698. If the board believes that the collection of any amount of tax imposed under this part will be jeopardized by delay, it shall thereupon make a determination of the amount of tax, noting that fact upon the determination. The amount determined is immediately due and payable.

7699. If the amount of the tax, interest, and penalty specified in the jeopardy determination is not paid within 10 days after service upon the supplier of notice of the determination, the determination becomes final, unless a petition for redetermination is filed within the 10 days, and the delinquency penalty and interest provided in Article 6 (commencing with Section 7710) shall attach to the amount specified.

7700. The supplier against whom a jeopardy determination is made may petition for the redetermination thereof pursuant to Article 6 (commencing with Section 7710). He or she shall, however, file the petition for redetermination with the board within 10 days after the service upon him or her of notice of the determination. At the time of filing the petition for redetermination, the supplier shall deposit with the board such security as it may deem necessary to ensure compliance with this part.

7700.5. In accordance with these rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive.

(b) To establish that the sale of property that may be seized after issuance of the jeopardy determination or any part thereof shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person.

(c) To request the release of all or a part of the property to the person.

(d) To request a stay of collection activities. The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal grounds upon which it is founded. No security need be posted to file the application and to obtain this hearing. However, if the person does not deposit within the 10-day period prescribed in Section 7700, such security as the board may deem necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for administrative hearing, the board may allow a filing of the application and grant the person an administrative hearing. The filing of an application pursuant to this section shall not affect provisions of Section 7699 relating to the finality date of the determination or to penalty or interest.

7701. If the board deems the procedure necessary in order to insure payment to the state of the amount of taxes due from any supplier under this part, it may require the supplier to make returns and payments of taxes on a weekly basis. The supplier must then file a return each Tuesday showing the total number of gallons of motor vehicle fuel removed, entered, or sold by the supplier during the week ending the Saturday next preceding, the amount of tax due for that week and such other information as the board deems necessary for the proper administration of this article. The return shall be accompanied by a remittance payable to the Controller for the amount of tax due for the period covered.

7702. A supplier required to make weekly payments is not relieved of the duty of filing the verified monthly return required by Article 1 (commencing with Section 7651).

7703. Whenever any supplier who is required to pay tax in weekly installments as provided by Section 7701 fails to make a weekly return or to pay the full amount in accordance with the terms and conditions prescribed by the board, the supplier's license may be revoked forthwith.

7704. If a supplier fails to make the supplier's weekly return or to pay any weekly installment of the tax, or any part thereof, pursuant to the requirement imposed upon the supplier under Section 7701, the full amount of the installment becomes immediately due and payable. The board shall thereupon make a jeopardy determination under Section 7698 and the Controller and the Attorney General shall forthwith collect the tax due from the supplier in the manner prescribed by Chapters 5 (commencing with Section 7651) and 6 (commencing with Section 7851). All provisions of those chapters, where relevant, apply to collections required to be made under this article.

7705. If any supplier fails to pay any weekly installment of tax shown to be due by the supplier's return on the Tuesday when required to be paid, a penalty of 5 percent shall be added thereto. In addition, if any weekly installment of tax remains unpaid on the last day of the month following the month during which the last of the removals, entries for sales occurred on which the weekly installment was levied, a penalty of 10 percent of the installment, exclusive of penalties, shall be added thereto.

The weekly installment shall be deemed not paid or unpaid on any particular day:

(a) If not paid prior to 5 p.m. of that day, when paid in person.

(b) If the envelope in which the remittance is enclosed bears a post office cancellation mark dated later than that day, when paid by mail.

7706. All jeopardy determinations including those made under Section 7704, exclusive of penalty, shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the last day of the month following the close of the monthly period for which the amount or any portion thereof should have been returned until the date of payment.

7707. Any notice required by this article shall be given in the manner prescribed in Section 7671 for giving notice of a deficiency determination.

Article 6. Redeterminations

7710. Any supplier against whom a determination is made by the board under Article 3 (commencing with Section 7660) and Article 4 (commencing with Section 7670) may petition for a redetermination within 30 days after the date the notice thereof is given to him. If a petition for redetermination is not filed within the 30-day period, the determination becomes final at the expiration of the period.

7710.5 Every petition for redetermination shall be in writing and shall state the specific grounds upon which the petition is founded. The petition may be amended to state additional grounds at any time prior to

the date on which the board issues its order or decision upon the petition for the redetermination.

7711. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the determination and, if the supplier has so requested in his or her petition shall grant him or her an oral hearing and shall give him or her 10 days notice of the time and place of the hearing. Service of notice shall be as prescribed by Section 7671. The board may continue the hearing from time to time as may be necessary.

7711.5. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by Section 7662, Section 7673, or Section 7726 applies to the amount of the determination as originally made or as increased, the claim for increase must be asserted within eight years after the date the return for the period for which the increase is asserted was due.

7712. The order or decision of the board upon a petition for redetermination becomes final 30 days after the giving of notice thereof to the supplier as prescribed by Section 7671.

7713. All determinations made by the board under this chapter are due and payable at the time they become final. If they are not paid when due and payable, a penalty of 10 percent of the amount of the determination, exclusive of interest and penalties, shall be added thereto. Payments shall be made in the form of a remittance payable to the Controller and shall be filed with the board together with a copy of the notice of determination which the board shall furnish to the supplier for that purpose.

7714. In making a determination the board may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments. The interest on the underpayments and overpayments shall be computed in the manner set forth in Sections 7674 and 8130.

7715. All payments received by the board from suppliers under this part shall be deposited by the board for the Controller in the State Treasury and appropriate advices of those payments shall be transmitted to the Controller by the board.

7716. The board shall notify the Controller of any and all determinations made pursuant to this chapter as well as the amounts self-determined under this part, and the Controller shall keep an appropriate record of all such matters.

Article 7. Payments by Unlicensed Persons

7726. (a) If any person becomes a supplier without first securing a license, the tax, applicable penalties and interest, if any, become immediately due and payable on account of all motor vehicle fuel removed, sold, or entered by the supplier.

(b) The board shall forthwith ascertain as best it may the amount of motor vehicle fuel removed, sold, or entered and shall determine immediately the tax on the amount, adding to the tax a penalty of 25 percent of the amount of the tax, and shall give the unlicensed supplier notice of this determination as prescribed by Section 7671; provided, however, that where the board determines that failure to secure a license was due to reasonable cause, the penalty may be waived. The provisions of Sections 7699 and 7700 shall be applicable with respect to the finality of the determination and the right of the unlicensed supplier to petition for a redetermination.

7727. (a) Any person who becomes liable for the backup tax imposed under Section 7364 as a highway vehicle operator/fueler and uses untaxed motor vehicle fuel, causes to be delivered untaxed motor vehicle fuel into the fuel tank of a motor vehicle fuel-powered highway vehicle, or sells untaxed motor vehicle fuel, the tax, applicable penalties and interest, if any, become immediately due and payable on account of all motor vehicle fuel used, delivered, or sold.

(b) The board shall forthwith ascertain as best it may the amount of motor vehicle fuel used, delivered, or sold and shall determine immediately the tax on the amount, adding to the tax a penalty of 25 percent of the amount of tax or five hundred dollars ($500), whichever is greater, and shall give the highway vehicle operator/fueler notice of this determination as prescribed by Section 7671. The provisions of Sections 7699 and 7700 shall be applicable with respect to the finality of the determination and the right of the highway vehicle operator/fueler to petition for a redetermination.

(c) All administrative provisions contained in this part that apply to a supplier shall also be applicable to a highway vehicle operator/fueler.

7728. The board shall file a copy of this jeopardy determination with the Controller who shall forthwith collect the tax, penalty, and interest due from the unlicensed supplier by seizure and sale of property in the manner prescribed for the collection of a delinquent monthly tax.

7729. At the request of the Controller, the Attorney General shall commence and prosecute to final determination an action at law to collect the tax, penalty, and interest, or any part thereof, determined against an unlicensed supplier.

7730. In the suit, a copy of the jeopardy determination certified by the secretary of the board or by the Controller, shall be prima facie

evidence that the unlicensed supplier is indebted to the state in the amount of the tax, penalties, and interest computed as prescribed by Section 7706.

7731. The foregoing remedies of the state are cumulative.

7732. No action taken pursuant to this article relieves the unlicensed supplier or a highway vehicle operator/fueler in any manner from the penal provisions of this part.

SEC. 13. Section 7851 of the Revenue and Taxation Code is amended to read:

7851. If any supplier is delinquent in the payment of his or her tax, or in the event a determination has been made against him or her which remains unpaid, the Controller may, not later than 10 years after the payment became delinquent, or within 10 years after the last recording or filing of a notice of state tax lien under Section 7171 of the Government Code, give notice thereof personally or by first-class mail to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the supplier, or owing any debts to the supplier. The cost reduction shall be based on the prior year actual expenditures, plus any amount reduced from the budget for court operations by a county as a result of any reduction in state funding made pursuant to Section 13308, increased by the percentage change in population for the prior calendar year and the Trade and Commerce Agency implicit price deflator for state and local government for the prior calendar year. The coordination plan for each court shall be reviewed and approved by the Judicial Council on or before July 1, 1992. Thereafter, commencing in 1995 and every two years thereafter, courts in each county shall prepare, in consultation with the local bar, and submit a trial court coordination plan to the Judicial Council on or before March 1, for review and approval by July 1. The plans shall comply with rules promulgated by the Judicial Council and shall be designed to achieve maximum utilization of judicial and other resources to accomplish increased efficiency in court operations and increased service to the public. Any plan disapproved by the Judicial Council shall be revised and resubmitted within 60 days of notification of disapproval. The Judicial Council may by rule exempt courts from the requirement of filing a new coordination plan for any year if all courts in the county have (1) totally consolidated administrative functions under a single administrative entity, and (2) adopted and implemented a coordination plan in which all courts share each other's work so that cases in all of the county's courts are substantially assigned without regard to whether a judge is on the superior court or the municipal court, and which provides for procedures that implement that sharing of work.

The standards adopted by the Judicial Council shall include, but not be limited to, the following:

demonstrate that the maintenance of separate administrative staffs would be more cost-effective and provide better service.

(4) The assignment of civil, criminal, or other types of cases for hearing or trial, regardless of jurisdictional boundaries, to any available judicial officer.

(5) The assignment of any type of case to a judge for all purposes commencing with the filing of the case and regardless of jurisdictional boundaries.

(6) The establishment of separate calendars or divisions to hear a particular type of case.

(c) In preparing coordination plans a court or courts in a county may petition the Judicial Council to permit division of the court or courts into smaller administrative units where a courtwide plan would impose an undue burden because of the number of judges or the physical location of the divisions of the court or courts.

(d) In preparing coordination plans, the courts are strongly encouraged to develop a plan that includes all superior and municipal courts in the county.

(2) Twenty-five percent of the tax-increment revenue received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6, as modified by Section 33492.76, has been deducted each

fiscal year shall be paid to the county to alleviate the financial burden and detriment to the county incurred because of the establishment of the project area.

(3) Not to exceed 5 percent of the tax-increment revenue received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6, as modified by Section 33492.76, has been deducted each fiscal year shall be paid to other affected taxing entities as defined in Section 33492.27, but excluding the entities specified in paragraphs (1) and (2), and excluding school and community college districts, in order to alleviate the financial burden and detriment incurred by those affected taxing entities because of the establishment of the project area. If the total payments made pursuant to this paragraph are less than 5 percent of the tax increment revenue received by the agency pursuant to this article, the remaining portion of the revenue available as a result of this paragraph shall be allocated as follows: 37 percent to the agency, 37 percent to the authority, and 26 percent to the county.

(d) Notwithstanding subdivision (c), through and including the second fiscal year after the certification date established pursuant to Section 33492.9, the amount of tax increment revenue the redevelopment agencies of the Cities of Marina and Seaside or the County of Monterey are required to pay to other entities as prescribed in paragraph (1) shall be modified as follows:

(1) For each of those fiscal years, the board shall determine an amount equal to 100 percent of the revenue payable to the city or county establishing the project area from all ad valorem property taxes, including allocations of property tax increment revenues pursuant to subdivision (c), sales taxes, utility users taxes, business license taxes, real property transfer taxes, franchise taxes, transient occupancy taxes, and payments received as a result of vehicle and trailer coach registration, and cigarette and gasoline taxes except for payments received as a result of vehicle registrations because of military personnel occupying Fort Ord, attributable to the property, population, and economic activity that is within the jurisdiction of each local entity that has established a redevelopment project area pursuant to this subdivision and is also within the area of Fort Ord.

(2) If the amount determined pursuant to paragraph (1) for a fiscal year is less than four hundred thousand dollars ($400,000), the redevelopment agency of the local entity that established the project area shall retain tax-increment revenue received because of the project area so that the sum of the retained tax-increment revenue, exclusive of required deposits to the Low and Moderate Income Housing Fund and the amount of revenue determined pursuant to paragraph (1), equals four hundred thousand dollars ($400,000), but in no event exceeding 100

percent of the tax-increment revenue received for the project area for that fiscal year. Any tax-increment revenue received by the redevelopment agency that established the project area which exceeds the amount necessary to bring the total of the amount calculated pursuant to paragraph (1), plus the tax increment retained by the agency pursuant to this subdivision to four hundred thousand dollars ($400,000) shall be distributed pursuant to subdivision (c).

(e) The board may increase or decrease the qualified minimum level of increment funding set in paragraph (2) of subdivision (d) above four hundred thousand dollars ($400,000), if the board determines, based on substantial evidence, that the costs of providing police and fire protection services to the area of Fort Ord within the local agency's redevelopment agency's project area exceed or are less than this amount. In the event that any city which does not now have jurisdiction over territory within the area of Fort Ord subsequently annexes territory within the area of Fort Ord, the board may provide for a qualified minimum level of increment funding at a level that it determines, based on substantial evidence as to the cost of providing police and fire protection services to the area of Fort Ord within the local agency's redevelopment agency's project area is appropriate for a period not to exceed three years, but is under no obligation to do so.

(f) Because this article provides for an allocation of tax-increment revenue arising from the redevelopment of the area of Fort Ord among the affected taxing entities for the purpose of alleviating any financial burden or detriment that is caused by the redevelopment plan, the consultations with the affected taxing entities shall not include the payment of supplemental moneys, but may only include the discussion of possible modifications in the redevelopment plan, including, but not limited to, the timing of projects, selection of projects, scope of projects, and the type of financing that is being considered for the projects.

(g) (1) All moneys received by the authority from a redevelopment agency shall be deposited in a separate fund from all other moneys of the authority.

(2) The authority shall annually report on the total amount of moneys deposited into the fund during the year; the specific project and programs which were financed with the moneys, including amounts expended per project and program; and the beginning and ending balance of the fund.

(3) The moneys in the fund shall be exclusively expended for the purpose of financing the development and redevelopment of basewide facilities as identified in the basewide public capital facilities plan adopted pursuant to Section 67675 of the Government Code.

(4) The authority shall have an independent financial audit annually prepared on the fund in accordance with generally accepted auditing

standards and rules of governing auditing reports promulgated by the California Board of Accountancy.

(h) Notwithstanding any other provision of law, no tax increment moneys, including moneys paid from a redevelopment agency to Fort Ord Reuse Authority or any affected taxing entity, shall finance the development or redevelopment of buildings owned or operated by the California State University or the University of California.

SEC. 43. Section 34053 of the Health and Safety Code is amended to read:

34053. For the purpose of providing disaster relief to farmworkers in communities subject to a natural disaster, the department shall give priority to awarding grants in communities participating in the Special Housing Program for Migratory Workers (Chapter 8.5 (commencing with Section 50710) of Part 2 of Division 33) and the Trade and Commerce Agency shall give priority to funding those purposes authorized by the Rural Emergency Assistance Housing Infrastructure Program (Article 6 (commencing with Section 15373.96) of Chapter 2.5 of Part 6.7 of Division 3 of Title 2 of the Government Code).

Audits made by a certified public accountant, or a public accountant, together with a final balance sheet and operations statement for the year for all authority funds, shall be filed for record purposes with the Department of Housing and Community Development. The authority shall prepare and file with the Department of Housing and Community Development a budget for the year for which the audit is taken with each audit prepared or submitted pursuant to this section.

(b) As used in this section:

(1) ''Sacramento Valley Air Basin'' means the area designated by the state board pursuant to Section 39606.

(2) ''Air pollution control council'' means the Sacramento Valley Basinwide Air Pollution Control Council authorized pursuant to Section 40900.

(3) ''Conditional rice straw burning permit'' means a permit to burn granted pursuant to subdivisions (f) and (h).

(4) ''Allowable acres to be burned'' means the number of acres that may be burned pursuant to subdivision (c).

(c) Notwithstanding Section 41850, rice straw burning in counties in the Sacramento Valley Air Basin shall be phased down, as follows:

(1) From 1998 to 2000, the maximum spring and fall burn acres shall be the following number of acres planted prior to September 1 of each year:

Year	Maximum Fall Burn Acres	Maximum Spring Burn Acres
1998	90,000	110,000
1999	90,000	110,000
2000	90,000	110,000

(2) Notwithstanding paragraph (1), any of the 90,000 acres allocated in the fall that are not burned may be added to the maximum spring burn acres, provided that the maximum spring burn acres does not exceed 160,000 acres.

(3) Notwithstanding paragraph (1), the maximum acres burned between January 1, 1998, and August 31, 1998, shall be limited so that the total acres burned between September 1, 1997, and August 31, 1998, do not exceed 38 percent of the total acres planted prior to September 1, 1997.

(4) In 2001 and thereafter, the maximum annual burn acres shall be the number of acres prescribed in subdivision (i), subject to subdivisions (f) and (h).

(d) The number of allowable acres to be burned each day shall be determined by the state board and the air pollution control officers in the Sacramento Valley Air Basin and equitably allocated among rice growers in accordance with the annual agricultural burning plan adopted by the air pollution control council and approved by the state board.

(e) On or before September 1, 2000, the state board, in consultation with the department and the air pollution control council, shall adopt regulations consistent with the criteria provided in subdivisions (f) and (h). On or before September 1, 1996, an advisory group shall be established by the state board and the department to assist in the adoption of those regulations.

(f) Commencing September 1, 2001, the county air pollution control officers in the Sacramento Valley Air Basin may grant conditional rice straw burning permits once the county agricultural commissioner has determined that the applicant has met the conditions specified in subdivision (h). The county agricultural commissioner shall be responsible for all field inspections associated with the issuance of conditional rice straw burning permits. A conditional rice straw burning permit shall be valid for only one burn, per field, per year.

(g) The county agricultural commissioner may charge the applicant a fee not to exceed the costs incurred by the county agricultural commissioner in making the determination specified in subdivision (f). This subdivision shall be operative only until January 1, 2009.

(h) If the terms and conditions for issuing conditional rice straw burning permits specified in paragraphs (1) to (4), inclusive, are met, a conditional rice straw burning permit may be issued unless the state board and the department have jointly determined, based upon an annual review process, that there are other economically and technically feasible alternative means of eliminating the disease that are not substantially more costly to the applicant. The terms and conditions for issuing the conditional rice straw burning permits are:

(1) The fields to be burned are specifically described.

(2) The applicant has not violated any provision of this section within the previous three years.

(3) During the growing season, the county agricultural commissioner has independently determined the significant presence of a pathogen in an amount sufficient to constitute a rice disease such as stem rot.

(4) The county agricultural commissioner makes a finding that the existence of the pathogen as identified in paragraph (3) will likely cause a significant, quantifiable reduction in yield in the field to be burned during the current or next growing season. The findings of the county agricultural commissioner shall be based on recommendations adopted by the advisory group established pursuant to subdivision (e).

(i) (1) The maximum annual number of acres burned in the Sacramento Valley Air Basin pursuant to paragraph (4) of subdivision (c) shall be the lesser of:

(A) The total of 25 percent of each individual applicant's planted acres that year.

(B) A total of 125,000 acres planted in the Sacramento Valley Air Basin.

(2) Each grower shall be eligible to burn up to 25 percent of the grower's planted acres, as determined by the air pollution control officers in the Sacramento Valley Air Basin and subject to the maximum annual number of acres burned set forth in paragraph (1), if the grower has met the criteria for a conditional rice straw burning permit.

(3) The air pollution control council shall annually determine which is the lesser of subparagraphs (A) and (B) of paragraph (1), and shall determine the maximum percentage applicable to all growers subject to the conditions set forth in subdivisions (f) and (h).

(4) A grower who owns or operates 400 acres or less who has met the criteria for the issuance of a conditional rice straw burning permit may burn his or her entire acreage once every four years, provided that the limit prescribed in paragraph (1) is not exceeded.

(5) Nothing in this subdivision shall permit an applicant to transfer, sell, or trade any permission to burn granted pursuant to this subdivision to another applicant or individual.

(j) The state board and the department shall jointly determine if the allowable acres to be burned, as provided in subdivisions (c), (f), and (h), may be exceeded due to extraordinary circumstances, such as an act of God, that have an impact over a continuing duration and make alternatives other than burning unusable.

(k) ''Administrative burning'' means burning of vegetative materials along roads, in ditches, and on levees adjacent to or within a rice field, or the burning of vegetative materials on rice research facilities authorized by the county agricultural commissioner, not to exceed 2,000 acres. Administrative burning conducted in accordance with Section 41852 is not subject to this section.

(*l*) (1) On or before September 1, 1992, the state board and the department shall jointly establish an advisory committee composed of 10 members to assist with the identification and implementation of alternatives to rice straw burning. Members of the committee shall be from the Sacramento Valley Air Basin, and the committee shall consist of two rice growers, two representatives from the environmental community, two health officials, two county supervisors or their designees, one member from the air pollution control council, and one member from the business community with expertise in market or

product development. The committee shall meet at least annually. General Fund moneys shall not be used to support the committee.

(2) The committee shall develop a list of priority goals for the development of alternative uses of rice straw for the purpose of developing feasible and cost-effective alternatives to rice straw burning. These goals shall include, but not be limited to, research on alternatives, economic incentives to encourage alternative uses, and new product development.

(m) On or before September 1, 1998, the state board, in consultation with the department, the advisory committee, and the Trade and Commerce Agency, shall develop an implementation plan and a schedule to achieve diversion of not less than 50 percent of rice straw produced toward off-field uses by 2000. Off-field uses may include, but are not limited to, the production of energy and fuels, construction materials, pulp and paper, and livestock feed.

(n) On or before September 1, 1999, the state board and the department shall jointly report to the Legislature on the progress of the phasedown of, and the identification and implementation of alternatives to, rice straw burning. This report shall include an economic and environmental assessment, the status of feasible and cost-effective alternatives to rice straw burning, recommendations from the advisory committee on the development of alternatives to rice straw burning, the status of the implementation plan and the schedule required by subdivision (m), progress toward achieving the 50 percent diversion goal, any recommended changes to this section, and other issues related to this section. The report shall be updated biennially and transmitted to the Legislature not later than September 1 of each odd-numbered year. The state board may adjust the district burn permit fees specified in subdivision (s) to pay for the preparation of the report and its updates. The districts shall collect and remit the adjustment to the state board, which shall deposit the fees in the Motor Vehicle Account in the State Transportation Fund. It shall be the goal of the state board and the department that the cost of the report and its updates shall not exceed fifty thousand dollars ($50,000).

(o) The state board and the Department of Food and Agriculture shall jointly collect and analyze all available data relevant to the air quality and public health impacts and, to the extent feasible, the economic impacts, that may be associated with the burning of rice straw pursuant to the schedule provided in paragraph (1) of subdivision (c). On or before July 1, 2001, the state board shall submit a report to the Legislature presenting its findings regarding the air quality, public health, and economic impacts associated with the burning of rice straw pursuant to the schedule provided in paragraph (1) of subdivision (c).

(p) The Legislature hereby finds and declares as follows:

(1) Because of the requirements imposed by this section, rice straw that was previously burned may present, as solid waste, a new disposal problem.

(2) The state should assist local governments and growers in diverting rice straw from landfills by researching and developing diversion options.

(q) It is the intent of the Legislature that all feasible alternatives to rice straw burning and options for diverting rice straw from landfills be encouraged.

(r) This subdivision confirms that reductions in emissions from rice straw burning qualify for air quality offsets, in accordance with paragraphs (1) and (2).

(1) These credits shall meet the requirements specified in state law and district rules and regulations, and shall comply with applicable district banking rules established pursuant to Sections 40709 to 40713, inclusive. Districts are urged to establish banking systems in accordance with Sections 40709 to 40713, inclusive. The state board may adopt regulations to implement this subdivision, including, but not limited to, consideration of the seasonal and intermittent nature of rice straw burning emissions. In developing the regulations, the state board shall consult with all concerned parties. However, emission reduction credits that would otherwise accrue from reductions in emissions from rice straw burning shall not be affected or negated by the phasedown of burning, as specified in subdivision (c).

(2) Reductions in emissions achieved in compliance with subdivision (c) that are banked or used as credits shall not be credited for purposes of attainment planning and progress towards the attainment of any state or national ambient air quality standard as required by state and federal law.

(s) (1) Any person who negligently or intentionally violates any provision of this article is guilty of a misdemeanor and is subject to a fine of not more than ten thousand dollars ($10,000), imprisonment in the county jail for not more than nine months, or by both that fine and imprisonment. This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(2) Any person who negligently or intentionally violates any provision in this article is liable for a civil penalty of not more than ten thousand dollars ($10,000). This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(t) Districts in the Sacramento Valley Air Basin shall impose fees on growers to cover the cost of implementing this section pursuant to Section 42311.

(u) To the extent that resources are available, the state board and the agencies with jurisdiction over air quality within the Sacramento Valley Air Basin shall do both of the following:

(1) Improve responses to citizen complaints, and, to the extent feasible, immediately investigate and analyze smoke complaints from the public to identify factors that contribute to complaints and to develop better smoke control measures to be included in the agricultural burning plan, keep a record of all complaints, coordinate among other agencies on citizens' complaints, and investigate the source of the pollution causing the complaint.

(2) Respond more quickly to requests for update from county air pollution control officers to help maximize burning days when meteorological conditions are best suited for smoke dispersion.

10821.5. (a) The purchasing alliance shall furnish an annual financial audit to the commissioner on the forms provided by the commissioner. The annual financial audit may be filed either on a calendar year basis on or before March 31, or, if approved in writing by the commissioner in respect to any individual purchasing alliance, on a fiscal year basis on or before 90 days after the end of the fiscal year. The deadline for filing the annual audit may be extended by the commissioner for good cause, as determined by the commissioner for a period not to exceed 60 days. Failure to submit an audit on time, or within any extended time that the commissioner may grant, shall be grounds for an order by the commissioner to prohibiting the alliance from accepting any new business pursuant to this section. The audits shall be private, except that a synopsis of the balance sheet on a form prescribed by the commissioner may be made available to the public upon request. The audits shall be conducted and prepared in accordance with generally accepted auditing standards by an independent certified public accountant or independent licensed public accountant whose certification or license is in good standing at the time of the preparation. The fee for filing of the audit shall be three hundred thirteen dollars ($313). Any purchasing alliance that fails to file any audit or other report on or before the date it is due shall pay to the commissioner a penalty fee of one hundred eighteen dollars ($118) payable within 30 days of the due date of the audit and on failure to pay that fine or any fee or file the audit required by this section, shall forfeit the privilege of accepting new business until the delinquency is corrected. The commissioner may refuse to accept an audit or order a new audit for any of the following reasons:

(1) Adverse result in any proceeding before the California Board of Accountancy affecting the auditor's license.

(2) The auditor has an affiliation with the purchasing alliance or any of its officers or directors that could prevent his or her reports on the purchasing alliance from being reasonably objective.

(3) The auditor has been convicted of any misdemeanor or felony based on his or her activities as an accountant.

(4) Judgment adverse to the auditor in any civil action finding him or her guilty of fraud, deceit, or misrepresentation in the practice of his or her profession.

(b) Financial and performance audits or examinations of the purchasing alliance shall be conducted by the commissioner once every two years. The cost of the examinations or audits are to be paid by the purchasing alliance. The commissioner may impose conditions on registration, or continued registration to remedy compliance or performance problems.

(c) At any time the commissioner determines, after notice and hearing, that a purchasing alliance registered under this article has willfully failed to comply with any of the provisions of this section, the commissioner shall make his or her order prohibiting the purchasing alliance from conducting its business for a period not to exceed one year.

Any purchasing alliance violating an order made under this subdivision is subject to seizure under Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1, is guilty of a misdemeanor, and may have its certificate of registration revoked by the commissioner. Any person aiding and abetting any purchasing alliance in violation of that order is guilty of a misdemeanor.

The purpose of this section is to maintain the solvency of the purchasing alliance subject to this article and to protect the public by preventing fraud and requiring fair dealing. The audit shall be designed to ensure that the purchasing alliance is not a risk-bearing entity, to ensure sound financial controls and money management, and to prevent mismanagement or misappropriation of funds either through neglect or malfeasance. In order to carry out those purposes the commissioner shall make reasonable rules and regulations to govern the conduct of the business of the purchasing alliance subject to this chapter.

(d) The commissioner shall establish fees for initial registration of a purchasing alliance and for renewal of registration of a purchasing alliance in an amount sufficient to cover the costs of administering this chapter. A purchasing alliance shall pay the initial registration fee at the time of application for registration, and the renewal fee at the time of application for renewal.

SEC. 50. Section 12389 of the Insurance Code is amended to read:

12389. (a) An underwritten title company as defined in Section 12340.5, which shall be a stock corporation, may engage in the business of preparing title searches, title reports, title examinations, certificates or abstracts of title, upon the basis of which a title insurer writes title policies, provided that:

(1) Only domestic corporations may be licensed under this section and no underwritten title company, as defined in Section 12340.5, shall

become licensed under this section, or change the name under which it is licensed or operates, unless it has first complied with Section 881.

(2) Depending upon the county or counties in which the company is licensed to transact business, it shall maintain required minimum net worth as follows:

Aggregate number of documents recorded and documents filed in the offices of the county recorders in the preceding calendar year in all counties where the company is licensed to transact business.	Amount of required minimum net worth
Less than 50,000	$ 75,000
50,000 to 100,000	120,000
100,000 to 500,000	200,000
500,000 to 1,000,000	300,000
1,000,000 or more	400,000

''Net worth'' is defined as the excess of assets over all liabilities and required reserves. It may carry as an asset the actual cost of its title plant provided the value ascribed to that asset shall not exceed the aggregate value of all other assets.

Where a title plant of an underwritten title company is not being currently maintained, the asset value of the plant shall not exceed its asset value as determined in the preceding paragraph as of the date to which that plant is currently maintained, less $^{1}/_{10}$th thereof for each succeeding year or part of the succeeding year that the plant is not being currently maintained. For the purposes of this section, a title plant shall be deemed currently maintained so long as it is used in the normal conduct of the business of title insurance, and (1) the owner of the plant continues regularly to obtain and index title record data to the plant or to a continuation thereof in a format other than that previously used, including, but not limited to, computerization of the data, or (2) the owner of the plant is a participant, in an arrangement for joint use of a title plant system regularly maintained in any format, provided the owner is contractually entitled to receive a copy of the title record data contained in the jointly used title plant system during the period of the owner's participation therein, either periodically or upon termination of that participation, at a cost not to exceed the actual cost of duplication of the title record data.

An underwritten title company at all times shall maintain current assets of at least ten thousand dollars ($10,000) in excess of its current liabilities, as current assets and liabilities may be defined pursuant to

regulations made by the commissioner. In making the regulations, the commissioner shall be guided by generally accepted accounting principles followed by certified public accountants in this state.

(3) An underwritten title company shall obtain from the commissioner a license to transact its business. The license shall not be granted until the applicant conforms to the requirements of this section and all other provisions of this code specifically applicable to applicant. After issuance the holder shall continue to comply with the requirements as to its business set forth in this code, in the applicable rules and regulations of the commissioner and in the laws of this state.

Any underwritten title company who possesses, or is required to possess, a license pursuant to this section shall be subject as if an insurer to the provisions of Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1 of this code and shall be deemed to be subject to authorization by the Insurance Commissioner within the meaning of subdivision (e) of Section 25100 of the Corporations Code.

The license may be obtained by filing an application on a form prescribed by the commissioner accompanied by a filing fee of three hundred fifty-four dollars ($354). The license when issued shall be for an indefinite term and shall expire with the termination of the existence of the holder, subject to the annual renewal fee imposed under Sections 12415 and 12416.

An underwritten title company seeking to extend its license to an additional county shall pay a two hundred seven dollar ($207) fee for each additional county, and shall furnish to the commissioner evidence, at least sufficient to meet the minimum net worth requirements of paragraph (2), of its financial ability to expand its business operation to include the additional county or counties.

(4) (A) An underwritten title company shall furnish an audit to the commissioner on the forms provided by the commissioner annually, either on a calendar year basis on or before March 31st or, if approved in writing by the commissioner in respect to any individual company, on a fiscal year basis on or before 90 days after the end of the fiscal year. The time for furnishing any audit required by this paragraph may be extended, for good cause shown, on written approval of the commissioner for a period, not to exceed 60 days. Failure to submit an audit on time, or within the extended time that the commissioner may grant, shall be grounds for an order by the commissioner to accept no new business pursuant to subdivision (d). The audits shall be private, except that a synopsis of the balance sheet on a form prescribed by the commissioner may be made available to the public.

(B) The audits shall be made in accordance with generally accepted auditing standards by an independent certified public accountant or independent licensed public accountant whose certification or license is

in good standing at the time of the preparation. The fee for filing the audit shall be three hundred thirteen dollars ($313).

(C) The commissioner may refuse to accept an audit or order a new audit for any of the following reasons:

(i) Adverse result in any proceeding before the California Board of Accountancy affecting the auditor's license.

(ii) The auditor has an affiliation with the underwritten title company or any of its officers or directors that would prevent his or her reports on the company from being reasonably objective.

(iii) The auditor has suffered conviction of any misdemeanor or felony based on his or her activities as an accountant.

(iv) Judgment adverse to the auditor in any civil action finding him or her guilty of fraud, deceit, or misrepresentation in the practice of his or her profession.

Any company that fails to file any audit or other report on or before the date it is due shall pay to the commissioner a penalty fee of one hundred eighteen dollars ($118) and on failure to pay that or any other fee or file the audit required by this section shall forfeit the privilege of accepting new business until the delinquency is corrected.

(1) It shall maintain record of all receipts and disbursements of escrow funds.

(2) It shall deposit seven thousand five hundred dollars ($7,500) for each county in which it transacts business in some form permitted by Section 12351 with the commissioner who shall immediately make a special deposit of that amount in the State Treasury and that deposit shall be subject to Sections 12353, 12356, 12357, and 12358 and as long as there are no claims against the deposit all interest and dividends thereon shall be paid to the depositor. The deposit shall be for the security and protection of persons having lawful claims against the depositor growing out of escrow transactions with it. The deposit shall be maintained until four years after all escrows handled by the depositor have been closed.

(A) The commissioner may release the deposits prior to the passage of the four-year period upon presentation of evidence satisfactory to the commissioner of either a statutory merger of the depositor into a licensee or certificate holder subject to the jurisdiction of the commissioner, or a valid assumption agreement under which all liability of the depositor stemming from escrow transactions handled by it is assumed by a licensee or certificate holder subject to the jurisdiction of the commissioner.

(B) With the foregoing exceptions, the deposit shall be returned to the depositor or lawful successor in interest following the four-year period,

upon presentation of evidence satisfactory to the commissioner that there are no claims against the deposit stemming from escrow transactions handled by the depositor. If the commissioner has evidence of one or more claims against the depositor, and the depositor is not in conservatorship or liquidation, the commissioner may interplead the deposit by special endorsement to a court of competent jurisdiction for distribution on the basis that claims against the depositor stemming from escrow transactions handled by it have priority in the distribution over other claims against the depositor.

(c) The commissioner shall, whenever it appears necessary, examine the business and affairs of a company licensed under this section. All of these examinations shall be at the expense of the company.

(d) At any time that the commissioner determines, after notice and hearing, that a company licensed under this section has willfully failed to comply with any of the provisions of this section, the commissioner shall make his or her order prohibiting the company from conducting its business for a period of not more than one year.

Any company violating the commissioner's order is subject to seizure under Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1, is guilty of a misdemeanor, and may have its license revoked by the commissioner. Any person aiding and abetting any company in a violation of the commissioner's order is guilty of a misdemeanor.

The purpose of this section is to maintain the solvency of the companies subject to this section and to protect the public by preventing fraud and requiring fair dealing. In order to carry out these purposes, the commissioner may make reasonable rules and regulations to govern the conduct of its business of companies subject to this section.

The name under which each underwritten title company is licensed shall at all times be an approved name. The fee for filing an application for a change of name shall be one hundred eighteen dollars ($118). Each such company shall be subject to the provisions of Article 14 (commencing with Section 1010) and Article 14.5 (commencing with Section 1065.1) of Chapter 1 of Part 2 of Division 1.

The rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11350) of Part 1 of Division 3 of Title 2 of the Government Code.

SECTION 1. The Legislature finds and declares all of the following:

(a) California is the world's leader in advancing cutting-edge science and technology and in creating new technology enterprises, but the infrastructure that helped achieve this status will not be adequate for future growth.

(b) A recent study by the California Council on Science and Technology found that there is a need for increased partnerships between industry, academia, and government in order to expand the state's research base upon which industry relies.

(c) The same study also found that state government science and technology research and applied application programs are uncoordinated and not leveraged together to provide services to industry in a flexible, agile, and targeted way and called for a more strategic focus of state research and development programs and tax incentives.

(d) Private foundation funding is very important to basic and applied research. The state has not developed a way to help top researchers position themselves to receive these funds.

(e) The amount of state research and development funding is not tracked or coordinated in a way that increases the state's technology competitive advantage.

(f) Although California is the world leader in venture capital investments, there is a need to develop other early-stage funding methods for selected technology areas and small startup companies.

(g) The California Research Bureau, in its profile of California computer and Internet users, has found that there is, indeed, a significant ''digital divide'' between various groups within the state based on income, educational level, age, race, and ethnicity. This digital divide is isolating those without computer equipment and skills from participation in the new global economy. The report also found that the Hispanic community, while being one of the fastest growing groups in California, is lagging behind other groups.

SEC. 2. It is the intent of the Legislature in enacting this act to provide for all of the following:

(a) Establishment of a position for a high-level, high-visibility state official responsible for overall development and articulation of state policies and programs that support ''new technology'' as the underpinning of California's economic growth.

(b) Addressing the ''digital divide'' issue by encouraging broader access to technology and more equity in sharing in the benefits of technology for all Californians.

(c) Coordination of disparate high-technology programs throughout state government.

(d) Creation of financial incentives for private sector participation in access to technology and technology programs.

(e) Maximization of participation of California industries and universities in federal research and development activities, including accessing grant programs.

(f) Implementation of a strategic planning process within state government that will ensure that research and development funding allocation decisions are based on economic considerations.

(g) State leadership to encourage industry to continue and expand support of university-based research and development.

(h) Development of plans and programs for improving access to capital for technology-based entrepreneurs.

SEC. 3. Section 15310 of the Government Code is amended to read:

15310. The following definitions shall apply to this part:

SECTION 1. Section 8278.3 of the Education Code is amended to read:

8278.3. (a) (1) The Child Care Facilities Revolving Fund is hereby established in the State Treasury to provide funding for the purchase of

new relocatable child care facilities for lease to school districts and contracting agencies that provide child care and development services, pursuant to this chapter. The Superintendent of Public Instruction may transfer state funds appropriated for child care facilities into this fund for allocation to school districts and contracting agencies, as specified, for the purchase, transportation, and installation of facilities for replacement and expansion of capacity. School districts and contracting agencies using facilities made available by the use of these funds shall be charged a leasing fee, either at a fair market value for those facilities or at an amount sufficient to amortize the cost of purchase and relocation, whichever is lower, over a 10-year period. Upon full repayment of the purchase and relocation costs, title shall transfer from the State of California to the school district or contracting agency. The Superintendent of Public Instruction shall deposit all revenue derived from the lease payments into the Child Care Facilities Revolving Fund.

(2) Notwithstanding Section 13340 of the Government Code, all moneys in the fund, including moneys deposited from lease payments, shall be continuously appropriated, without regard to fiscal year, to the Superintendent of Public Instruction for expenditure pursuant to this article.

(d) School districts and county offices of education that operate a Cal-SAFE program pursuant to Article 7.1 (commencing with Section 54740) of Chapter 9 of Part 29 are eligible to apply for and receive funding pursuant to this section.

(1) For loans equal to or less than thirty thousand dollars ($30,000), not less than three years.

(2) For loans exceeding thirty thousand dollars ($30,000), the loan period shall increase one year for each additional ten thousand dollars ($10,000) or part thereof, to a maximum of fifty thousand dollars ($50,000).

(d) Interest on the loan principal shall be charged at a rate equal to the average of the interest rate applied to the last three bond sales pursuant to Chapter 21.6 (commencing with Section 17695) of Part 10.

(e) In the event that a recipient ceases to use the renovated facility for purposes of the child care and development program prior to the expiration of the loan period, the board shall collect the entire outstanding balance of the loan, plus interest, notwithstanding the loan period originally set pursuant to subdivision (c), unless the board deems it appropriate to waive repayment at that time.

(f) If the renovated facility has been continuously used for purposes of the child care and development program for the entire loan period, the board shall waive repayment of the amount of the loan principal, plus interest, at the end of the loan period.

(5) If a school district or county superintendent of schools operating a School Age Parent and Infant Development Program, a Pregnant Minors Program, or a Pregnant and Lactating Students Program, or any combination thereof, chooses not to participate in the Cal-SAFE program, it is the intent of the Legislature that the funding it would have received for the operation of those programs shall be redirected to the Cal-SAFE program and the school district or county superintendent of schools may apply in a subsequent school year to operate a Cal-SAFE program.

(6) A school district or county superintendent of schools that terminates its Cal-SAFE program may reapply to establish a Cal-SAFE program.

(7) In order to continue implementation of the Cal-SAFE program beyond the initial three years of funding, each funded agency shall be reviewed by the department to determine progress towards achieving the goals set forth in Section 54742. SEC. 5. Section 54746 of the Education Code is amended to read:

54746. (a) In meeting the goals of the program and responding to the individual needs and differences of pupils and their children to be served, the funded agency shall complete an intake procedure regarding each pupil and child upon entry into the program and periodically as needed thereafter.

(b) Based upon the information provided during the intake procedure pursuant to subdivision (a), the funded agency shall determine appropriate levels and types of services to be provided. These services may not duplicate services currently provided to the pupil by a local Adolescent Family Life Program or Cal-Learn program. In addition to an academic program that meets district standards, necessary support services for pupils shall be funded by the calculation pursuant to paragraph (1) of subdivision (a) of Section 54749. (6) The child care and development component of the Cal-SAFE program shall operate pursuant to applicable sections of Chapter 2 (commencing with Section 8200) of Part 6. In addition to meeting the requirements of Section 8360, teachers shall have at least three semester

(e) The data base required pursuant to paragraph (14) of subdivision (c) of Section 54745 may be funded from revenue appropriated for purposes of subdivision (a) of Section 54749.

This allowance shall be adjusted annually by the inflation factor set forth in subdivision (b) of Section 42238.1. In no event shall more than one support service allowance be generated by any pupil concurrently enrolled in more than one educational program.

This allowance may not be claimed for units of average daily attendance reported pursuant to the following:

(A) Subdivision (b) of Section 1982 for pupils attending county community schools operated pursuant to Chapter 6.5 of Part 2 (commencing with Section 1980).

(3) For attendance not claimed pursuant to paragraph (2), county offices of education may claim the statewide average revenue limit per unit of average daily attendance for high school districts, payable from Section A of the State School Fund, for the attendance of pupils receiving services in the Cal-SAFE program, provided that no other revenue limit funding is claimed for the same pupil and pupil attendance of no less than 240 minutes per day and is computed and maintained pursuant to Section 46300.

(4) Except as provided in subdivision (c) of Section 54749.5, operators of Cal-SAFE programs shall be reimbursed in accordance with the amount specified in subdivision (b) of Section 8265 and the amounts specified in subdivisions (a) and (b) of Section 8265.5 for each child receiving services pursuant to the Cal-SAFE program who is the child of teen parents enrolled in the Cal-SAFE program. To be eligible for funding pursuant to this paragraph, the operational days of child care and

development programs shall be only those necessary to provide child care services to children of pupils participating in Cal-SAFE.

(5) Notwithstanding paragraph (1), pupils for whom attendance is reported pursuant to subdivision (b) of Section 1982, pupils attending juvenile court schools, and pupils attending community day schools may complete the intake process for the Cal-SAFE program and, if the intake process is completed, shall receive services pursuant to subdivision (b) of Section 54746. The children of pupils receiving services in the Cal-SAFE program pursuant to subdivision (b) of Section 54746 and attending juvenile court schools, county community schools, or community day schools shall be eligible for funding pursuant to paragraph (4) and no other provisions of this section.

(d) Funds generated pursuant to Section 2551.3 and this section shall be maintained in a separate account and shall be expended only to provide the services enumerated in Section 54746 and the following expenditures as defined by the California State School Accounting Manual:

(1) Expenditures defined as direct costs of instructional programs.

(2) Expenditures defined as documented direct support costs.

(3) Expenditures defined as allocated direct support costs.

(1) The program is open to all eligible pupils without regard to any pupil's religious beliefs or any other factor related to religion.

(2) No religious instruction is included in the program.

(3) The space in which the program is operated is not used in any manner to foster religion during the time used for operation of the program.

(h) A school district or county superintendent of schools implementing a Cal-SAFE program may establish a claims process to recover federal funds available for any services provided that are Medi-Cal eligible.

(i) For purposes of serving pupils enrolled in the Cal-SAFE program in a summer school program or enrolled in a school program operating more than 180 days, eligibility for child care services pursuant to subdivision (c) of Section 54746 shall be determined by the parent's hours of enrollment and shall be for only those hours necessary to further the completion of the parent's educational program.

(j) To meet startup costs for the opening of child care and development sites, as defined in subdivision (ac) of Section 8208, and applicable regulations, a school district or county office of education may apply for a one-time 15-percent service level exemption within the amount appropriated in the annual Budget Act for the purposes of paragraph (4) of subdivision (a) for each site meeting the provision of subdivision (ac) of Section 8208. To the extent that Budget Act funding is insufficient to cover the full costs of Cal-SAFE child care, reimbursements to all participating programs shall be reduced on a pro rata basis. A school district or county office of education shall submit claims pursuant to this subdivision with other claims submitted pursuant to this section. Funding provided for startup costs shall be utilized for approvable startup costs enumerated in subdivision (a) of Section 8275.

(k) Notwithstanding any other provision of this article, its implementation of this article is contingent upon appropriations in the annual Budget Act for the purpose of its administration and evaluation by the State Department of Education.

(*l*) Notwithstanding any other provision of law, a charter school may apply for funding pursuant to this article and shall meet the requirements of this article to be eligible for funding pursuant to this section.

SEC. 8. Section 54749.5 of the Education Code is amended to read:

54749.5. (a) County superintendents who operated pregnant minors programs in the 1979–80 fiscal year, or commenced operation

during the 1996–97 fiscal year, shall continue to operate pregnant minors programs in the 1980–81 fiscal year, or the 1997–98 fiscal year, as appropriate, and each fiscal year thereafter, and school districts that increased their revenue limit in the 1981–82 fiscal year pursuant to subdivision (d) of Section 42241 shall continue to operate pregnant minors programs in subsequent fiscal years, unless the program is transferred to another local education agency, or unless the county superintendent or district superintendent demonstrates that programs and services for pregnant minors, such as continuation school, home instruction, or independent instruction, are available from other local education agencies in the county, pursuant to rules and regulations adopted by the Superintendent of Public Instruction.

(b) Pregnant minors programs that continue to operate pursuant to subdivision (a) and that continue to operate as Cal-SAFE programs may continue to claim funding pursuant to Section 2551.3 for an amount of average daily attendance up to the amount certified at the 1998–99 annual apportionment for that program. Programs continuing under this section may enroll pupils above the level of average daily attendance certified at the 1998–99 annual apportionment, and that additional average daily attendance shall be eligible for funding pursuant to Section 54749 and provisions that apply to the educational program that the pupil attends.

(c) County offices of education that choose to retain their pregnant minor program revenue limit rather than convert to the Cal-SAFE revenue limit shall provide child care services from funds provided in their pregnant minor program revenue limit pursuant to Section 2551.3 for children of pupils comprising base year average daily attendance as certified at the 1998–99 annual apportionment. Growth funding for child care shall be equal to the proportionate share of child care funding for the specific agency's program, determined by dividing the certified growth in pupil average daily attendance by the total certified average daily attendance.

(d) Nothing in this section shall be construed as allowing a county superintendent to receive funding pursuant to Sections 2551.3 and 54749 for the same average daily attendance, or for average daily attendance generated by the same pupil on the same calendar day.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

I am signing Assembly Bill 2907. However, I am reducing certain specified appropriations to maintain my actions taken regarding SB 1667 (Chapter 71/2000), and because I have specific concerns with the additional project proposed to be added pursuant to paragraph 56 of subdivision (a). The language below conforms to my action regarding SB 1667, and also makes this additional reduction:

I am reducing the appropriation made by Section 42 of Chapter 71 of the Statutes of 2000, as proposed to be amended by this Section 129 of this bill, from $33,352,000 to $15,761,000. The specific reductions are as follows:

I am reducing the appropriation in Section 42 by eliminating paragraph (6) of subdivision (a), which allocates $300,000 to the San Francisco Unified School District for expansion of arts education in grades K-5. Grants for this purpose are available on a competitive basis through the Department of Education, and I am therefore deleting this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by reducing paragraph (7) of subdivision (a) from $500,000 to $400,000, to the Culver City Unified School District to repair the track at Culver City High School, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (8) of subdivision (a), which allocates $10,000 to the Los Angeles Unified School District for a school-based/school-linked health program at the Maclay Middle School. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (9) of subdivision (a), which allocates $10,000 to the Los Angeles Unified School District for a school-based/school-linked health program at the Pacoima Middle School. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (11) of subdivision (a), which allocates $20,000 to the Manhattan Beach Unified School District for the purchase of equipment for teaching aids to reduce diversity intensity and increase cultural awareness at Mira Costa High School, to fund higher competing priorities,

I am reducing the appropriation in Section 42 by eliminating paragraph (15) of subdivision (a), which allocates $100,000 to Ligget Elementary for establishment of a Parent Education Center. Grants are already available for this purpose through the Department of Education, pursuant to the Parental Involvement Program established pursuant to Chapter 734 of the Statutes of 1999. Additional, support for this purpose should be provided from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (18) of subdivision (a), which allocates $200,000 to the Sunnyvale Elementary School District for Project H.E.L.P. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (19) of subdivision (a), which allocates $250,000 to the Lamont Elementary School District for portable classrooms. Funding for this purpose should be sought through the State Allocation Board process.

I am reducing the appropriation in Section 42 by eliminating paragraph (22) of subdivision (a), which allocates $450,000 to the Los Angeles Unified School District for the San Fernando High School Health Clinic. I am reducing this appropriation in order to fund competing higher priorities.

I am sustaining the appropriation of $500,000 in paragraph (23) of subdivision (a) of Section 42 for the Baldwin Park Unified School District's Drama, Reading, English, and Mathematics (DREAM) project, on a one-time basis only, thus any future support for this project should be provided from local resources.

I am reducing the appropriation in Section 42 by reducing paragraph (24) of subdivision (a) from $500,000 to $200,000, to the Montebello Unified School District for natural gas powered delivery trucks, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (25) of subdivision (a), which allocates $150,000 to the Elk Grove Unified School District for a Japanese language academy. I am deleting this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (26) of subdivision (a), which allocates $500,000 to the Oakland Unified School District for a reading training program. The Budget Bill already includes significant funding for reading staff development, reading programs, and remedial instruction in reading, and I am therefore unable to support this request.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (27) of subdivision (a), from $350,000 to $200,000 for allocation to the Burbank Unified School District to continue a literacy program on a one-time basis only, thus any future support for this project should be provided from local resources.

I am sustaining the appropriation of $300,000 in paragraph (28) of subdivision (a) of Section 42 for the Temple City Unified School District's Arts Academy, on a one-time basis only, future support for this project should be provided from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (29) of subdivision (a), which allocates $400,000 to the Alum Rock Union Elementary School District for a mathematics/science center that would provide training and science/mathematics supplies to teachers. The 2000–01 Budget already contains $246 million for the Staff Development Day Buy-Out program and $108 million for a variety of Professional Development Institutes, including institutes in elementary mathematics and algebra, to help improve teacher's skills and expertise in classroom instruction.

I am reducing the appropriation in Section 42 by eliminating paragraph (30) of subdivision (a), which allocates $50,000 to the Santa Monica Malibu Unified School District for an after school youth program at Malibu High School. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (32) of subdivision (a), which allocates $200,000 to the Tahoe-Truckee Unified School District for the North Tahoe Youth Center. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (34) of subdivision (a), which allocates $675,000 to the Los Alamitos Unified School District for reimbursement for class size reduction costs. Funding for this purpose should be sought through the class size reduction facilities program.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (35) of subdivision (a), from $10,000,000 to $5,000,000 for allocation to the Alvord Unified School District for construction costs associated with the Center for Primary Education. The balance of funding required for this project should be sought through the School Facilities Program or from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (36) of subdivision (a), which allocates $900,000 to the Riverside County Office of Education for the purpose of screening and diagnosing pupils for Scotopic Sensitivity Syndrome, to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (37) of subdivision (a), which allocates $500,000 to the Saugus Union Elementary School District for costs associated with testing air quality in portable classrooms. As indoor air quality in portable classrooms is an important issue, the Budget provides $1 million to the Air Resources Board and the State Department of Health Services for purposes of conducting a comprehensive study and review of the environmental health conditions, including air quality, in portable classrooms.

I am reducing the appropriation in Section 42 by eliminating paragraph (38) of subdivision (a), which allocates $275,000 to the Inyo County Office of Education for facilities costs. Funding for this project may be available through the School Facilities Program.

I am reducing the appropriation in Section 42 by eliminating paragraph (39) of subdivision (a), which allocates $500,000 to the Calaveras Unified School District for swimming pool renovations, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (40) of subdivision (a), which allocates $27,000 to the Alta-Dutch Flat Union Elementary School District for Afternoon Transportation Services, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (43) of subdivision (a), which allocates $469,000 to the Mariposa Unified School District for declining ADA. As current law provides sufficient provisions to cushion the loss of ADA

for school districts, I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (44) of subdivision (a), from $568,000 to $285,000 for the Chatom Union Elementary School District. The original augmentation included funding for declining ADA and for the purchase of school buses. As current law provides sufficient provisions to cushion the loss of ADA for school districts, I am reducing this appropriation maintaining only the funding for the purchase of school buses.

I am reducing the appropriation in Section 42 by eliminating paragraph (45) of subdivision (a), which allocates $3,700,000 to the Clovis Unified School District fro the Central Valley Applied Agriculture and Technology Center. I am deleting this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph(47) of subdivision (a), which allocates $112,000 to the Alameda County Office of Education for the Smart Kids, Safe Kids program. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (52) of subdivision (a), which allocates $160,000 to the Soledad Enrichment Charter School for Operation Y.E.S. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (55) of subdivision (a), from $5,000,000 to $3,700,000 for the Clovis and Fresno Unified School Districts for the Center for Advanced Research and Technology reducing this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (56) of subdivision (a), which allocates $500,000 to the Los Angeles Unified School District for the renovation of the San Fernando Middle School auditorium. I am reducing this appropriation because available information indicates the bill incorrectly identifies the intended recipient of these funds. Resources for this purpose should be provided on a priority basis by the appropriate local entities.

At the time the local education agency is notified, the Controller shall also be notified of the repayment plan. The repayment plan shall be established in accordance with the following:

(1) The Controller shall withhold the disallowed amount at the next principal apportionment or pursuant to paragraph (2), unless subdivision (d) applies, in which case the disallowed amount shall be withheld, at the next principal apportionment or pursuant to paragraph (2) following the determination regarding the appeal. In calculating the disallowed amount, the Controller shall determine the total amount of overpayment received by the local education agency on the basis of average daily attendance, or other data, reported by the local education agency that did not comply with one or more statutory or regulatory requirements that are conditions of apportionment.

(2) If the Superintendent of Public Instruction and the Director of the Department of Finance concur that repayment of the full liability in the current fiscal year would constitute a severe financial hardship for the local agency, they may approve a repayment plan of equal annual payments over a period of up to eight years. The repayment plan shall include interest on each year's outstanding balance at the rate earned on the state's short-term pooled investment fund during that year. The Superintendent of Public Instruction and the Director of the Department of Finance shall jointly establish this repayment plan. The Controller shall withhold amounts pursuant to the repayment plan.

(3) If the Superintendent of Public Instruction and the Director of the Department of Finance do not jointly establish a schedule for repayment and notify the State Controller's Office of that repayment schedule within 90 days following the date on which the local education agency

received the final report of the audit or review, the State Controller shall withhold the entire disallowed amount determined pursuant to paragraph (1) at the next principal apportionment.

(b) For purposes of computing average daily attendance pursuant to Section 42238.5, a local educational agency's prior fiscal year average daily attendance shall be reduced by an amount equal to any average daily attendance disallowed in the current year, by an audit or review, as defined in subdivision (e).

(c) Notwithstanding any other provision of law, this section may not be waived under any authority set forth in this code except that a local educational agency may request a waiver of strict compliance in accordance with Section 41609.

(d) Within 60 days of the date on which a local education agency receives a final audit report resulting from an audit or review, a local agency may appeal a finding contained in the final report to a panel consisting of the Superintendent of Public Instruction, the Director of the Department of Finance, and a Chief Administrative Officer of the Fiscal Crisis and Management Assistance Team established pursuant to Section 42127.8, or one of their designees. Within 90 days of the date on which the appeal is received by the panel, a hearing shall be held at which the local agency may present evidence or arguments if the local education agency believes that the final report contains any finding that was based on errors of fact. A repayment schedule may not commence until the panel reaches a determination regarding the appeal. If the panel determines that the local agency is correct in its assertion in whole or in part, the allowable portion of any apportionment payment that was withheld shall be paid at the next principal apportionment.

(e) As used in this section, ''audit or review'' means an audit conducted by the Controller's office, an annual audit conducted by a certified public accountant or a public accountant firm pursuant to Section 41020, and an audit or review conducted by a governmental agency that provided the local education agency with an opportunity to provide a written response.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(C) Add the amounts in subparagraphs (A) and (B).

(2) This subdivision shall become inoperative on July 1, 1998.

(e) For districts electing to compute units of average daily attendance pursuant to paragraph (3) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(f) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

(g) The reduction required by subdivision (f) shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect

immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(4) Prior years' taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

(7) The amount, if any, received pursuant to any provision of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and

Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or major maintenance, except for any amount received pursuant to Section 33492.15, paragraph (4) of subdivision (a) of Section 33607.5, or Section 33607.7 of the Health and Safety Code that is allocated exclusively for educational facilities.

(8) For a unified school district, other than a unified school district that has converted all of its schools to charter status pursuant to Section 47606, the amount of statewide average general-purpose funding per unit of average daily attendance received by school districts for each of four grade level ranges, as computed by the State Department of Education pursuant to Section 47633, multiplied by the average daily attendance, in corresponding grade level ranges, of any pupils who attend charter schools funded pursuant to Chapter 6 (commencing with Section 47630) of Part 26.8 for which the district is the sponsoring local educational agency, as defined in Section 47632, and who reside in and would otherwise have been eligible to attend a noncharter school of the district.

(i) No transfer of seventh and eighth grade pupils between an elementary school district and a high school district shall result in the receiving district receiving a revenue limit apportionment for those pupils that exceeds 105 percent of the statewide average revenue limit for the type and size of the receiving school district.

SEC. 27. Section 42239 of the Education Code, as added by Chapter 72 of the Statutes of 2000, is amended to read:

42239. For the 2000–01 fiscal year, and each fiscal year thereafter, the Superintendent of Public Instruction shall compute funding for supplemental instruction for each school district or charter school in the following manner:

(a) Multiply the number of pupil hours of supplemental instruction claimed pursuant to Sections 37252, 37252.2, and 37252.5 by the pupil hour allowance specified in subdivision (c), or by a pupil hour allowance specified in the annual Budget Act in lieu of the amount computed in subdivision (c).

(b) Multiply the number of pupil hours of supplemental instruction claimed pursuant to Sections 37252.6, 37252.8, and 37253 by the pupil hour allowance specified in subdivision (c), or by a per-pupil hour allowance specified in the annual Budget Act in lieu of the amount computed in subdivision (c). The total number of pupil hours of supplemental instruction that may be claimed pursuant to Section 37253 may not exceed the limits on pupil hours that may be claimed as established by subdivisions (c) and (d) of Section 37253. The total number of pupil hours of supplemental instruction that may be claimed pursuant to Section 37252.6 may not exceed the limits on pupil hours that may be claimed as established in subdivision (g) of that section.

(c) Commencing with the 2000–01 fiscal year, hours of supplemental instruction shall be reimbursed at a rate of three dollars and 25 cents ($3.25) per pupil hour, adjusted in future years as specified in this section, provided that a different reimbursement rate may be specified for each fiscal year in the annual Budget Act that appropriates funding for that fiscal year. This amount shall be increased annually by the percentage increase pursuant to subdivision (b) of Section 42238.1 granted to school districts or charter schools for base revenue limit cost-of-living increases.

(d) (1) If appropriated funding is insufficient to pay all claims made in any fiscal year pursuant to Section 37252, 37252.2, or 37252.5, the superintendent shall use any available funding appropriated for the purposes of reimbursing school districts pursuant to Section 37252, 37252.2, 37252.5, or subdivision (d) of Section 37253.

(2) If appropriated funding is still insufficient to pay all claims made in any fiscal year pursuant to Section 37252, 37252.2, or 37252.5, the superintendent shall use any available funding appropriated for the purposes of reimbursing school districts for supplemental instruction in the prior fiscal year.

(3) If appropriated funding is still insufficient to pay all claims made in any fiscal year pursuant to Section 37252, 37252.2, or 37252.5, the superintendent shall use any available funding appropriated for the purposes of reimbursing school districts for supplemental instruction in the current fiscal year.

(4) The superintendent shall notify the Director of Finance that there is a deficiency of funding appropriated for the purposes of Sections 37252, 37252.2, and 37252.5 only after the superintendent has exhausted all available balances of appropriations made for the current or prior fiscal years for the reimbursement of school districts for supplemental instruction.

(e) Notwithstanding any other provision of law, neither the State Board of Education nor the Superintendent of Public Instruction may waive any provision of this section.

SEC. 28. Section 42239.2 of the Education Code, as amended by Chapter 72 of the Statutes of 2000, is amended to read:

42239.2. (a) The Superintendent of Public Instruction shall allocate a minimum of six thousand seven hundred sixty-six dollars ($6,766) for supplemental summer school programs established pursuant to Article 1 (commencing with Section 53025) of Chapter 16 of Part 28, from funds appropriated therefor in each school district for which the prior fiscal year enrollment was less than 500 and that offers at least 1,500 hours of supplemental summer school instruction. A school district for which the prior fiscal year enrollment was less than

500 that offers less than 1,500 hours of supplemental summer school offerings shall receive a proportionately reduced allocation.

(b) Minimum allocations for supplemental summer school programs required pursuant to subdivision (a) shall be adjusted for inflation in the 2000–01 fiscal year, and each fiscal year thereafter, in accordance with Section 42238.1.

(c) For purposes of this section a charter school is a schoolsite and is not a school district.

(d) Notwithstanding any other provision of law, neither the State Board of Education nor the Superintendent of Public Instruction may waive any provision of this section.

SEC. 29. Section 42261 of the Education Code is amended to read:

42261. Commencing in the 1990–91 fiscal year, a school district may apply for a year-round school grant pursuant to this article, if the school district demonstrates to the Superintendent of Public Instruction all of the following:

(a) There is substantial overcrowding in the school district or its high school attendance areas, as demonstrated by current enrollment, capacity of facilities, and growth projections.

(b) The school district will use the grant to implement or operate multitrack year-round educational programs in one or more of its schools in order to increase the capacity of its facilities.

(c) The school district would be eligible to construct new facilities under Chapter 12.5 (commencing with Section 17070.10) of Part 10 absent the use of multitrack year-round educational programs.

SEC. 30. Section 42263 of the Education Code is amended to read:

42263. (a) Commencing in the 1990–91 fiscal year, year-round school grants, in addition to those grants authorized under Section 42262, shall be awarded annually for the operation of multitrack year-round education programs to school districts that meet the criteria specified in this section, in addition to the criteria otherwise applicable under this article.

(b) For each fiscal year, for each schoolsite for which a school district applies for funding under this article, the district shall certify the number of pupils in excess of the capacity of the schoolsite, as determined by State Allocation Board or court-mandated pupil loading standards, for which the district elects to claim funding under this article. The excess pupil capacity calculated for purposes of this subdivision shall reflect only the additional capacity that has been generated as a result of operation on a multitrack year-round basis, and shall not reflect increased capacity generated by any other means. A school district shall be eligible for funding under this section only as to any schoolsite for which the pupil population certified by the district exceeds the capacity of the schoolsite by not less than 5 percent.

(c) To the extent funding is made available for the purposes of this section, the Superintendent of Public Instruction shall allocate to an applicant school district, for each schoolsite that qualifies for funding under subdivision (b), an amount equal to the district's share of the product of the statewide average cost avoided per pupil, as established under subdivision (e), and the number of pupils certified by the district under subdivision (b). For purposes of this subdivision, a district's share shall be determined according to the percentage by which the number of certified pupils reflects an increase in the capacity of the schoolsite, as follows:

	District's Share
1. Less than 5%	0%
2. Equal to or greater than 5% but less than 10%	50%
3. Equal to or greater than 10% but less than 15%	67%
4. Equal to or greater than 15% but less than 20%	75%
5. Equal to or greater than 20% but less than 25%	85%
6. Equal to or greater than 25%	90%

(d) (1) The State Allocation Board shall calculate the statewide average cost avoided per pupil under Chapter 12.5 (commencing with Section 17070.10) of Part 10 through the operation of school facilities on a multitrack year-round basis, based on the following school facilities cost components:

(A) The cost of facilities construction.

(B) The cost of land acquisition.

(C) Relocation costs in connection with land acquisition.

(D) State costs incurred as a result of interest that would be paid by the state for debt service on state general obligation bond financing to construct new school facilities under Chapter 12.5 (commencing with Section 17070.10) of Part 10.

(2) The calculation of costs under subparagraphs (B) and (C) of paragraph (1) shall exclude data from the lowest quartile and the highest quartile.

(3) The State Allocation Board shall calculate the statewide average cost avoided per pupil, pursuant to this subdivision, on the basis of the 1990–91 and 1991–92 fiscal years and every two-year period thereafter. No later than December 1, 1992, and biennially thereafter, the board

shall report to the Legislature the result of its calculation for the prior two-year period.

(e) For the 1990–91 and 1991–92 fiscal years, the ''statewide average cost avoided per pupil,'' for purposes of this section, shall be one thousand one hundred fifty-one dollars ($1,151). For the 1992–93 fiscal year, and each fiscal year thereafter, the ''statewide average cost avoided per pupil'' shall be established by the statute that appropriates funding for the purposes of this section for that fiscal year.

SEC. 31. Section 42267 of the Education Code is amended to read:

42267. (a) Each school district that receives funding for a schoolsite pursuant to Section 42263 for any fiscal year shall report to the Superintendent of Public Instruction, no later than June 30 of that fiscal year, the number of pupils enrolled for the schoolsite in excess of the capacity of the schoolsite, as determined by State Allocation Board or court-mandated pupil loading standards.

(b) The amount of funding otherwise calculated for a schoolsite for any fiscal year pursuant to Section 42263 shall be reduced by the superintendent to reflect the extent to which the number of pupils estimated for that schoolsite for the prior fiscal year is greater than the number of pupils certified in excess of the capacity of the schoolsite for that prior fiscal year. If the amount of that reduction exceeds the funding entitlement for that schoolsite for the current fiscal year, the superintendent shall reduce the first principal apportionment to that school district in the current fiscal year by the amount of that excess.

(c) If the number of pupils estimated for a schoolsite for the prior fiscal year is less than the number of pupils certified in excess of the capacity of the schoolsite for that prior fiscal year, the school district may elect to increase accordingly the number of pupils it subsequently claims for the prior fiscal year. In that event, the superintendent shall increase the district's funding entitlement under Section 42263 for the schoolsite for the current fiscal year, and the district's building area eligibility under Chapter 12.5 (commencing with Section 17070.10) of Part 10 shall be reduced accordingly pursuant to Section 17746.8.

SEC. 32. Section 44689.5 of the Education Code is repealed.

SEC. 33. Section 45023.1 of the Education Code, as added by Chapter 69 of the Statutes of 2000, is amended to read:

45023.1. (a) Commencing with the 2000–01 fiscal year, the governing board of a school district, the county superintendent of schools, or the county board of education may increase, for teachers meeting the requirements prescribed by this section, the salary on its adopted certificated employee salary schedule as provided in subdivision (b). For purposes of this section, any teacher for whom the governing board, county superintendent of schools, or county board of education may increase salaries shall meet all of the following criteria:

(1) Hold a valid California teaching credential, not including an emergency permit, intern certificate or credential, or waiver.

(2) Possess a baccalaureate or higher degree.

(3) Receive a salary paid through the general fund of the district or county office.

(b) The governing board, county superintendent of schools, or county board of education that increases its salaries pursuant to subdivision (a) shall perform the following computations:

(1) The governing board, county superintendent of schools, or county board of education shall designate as the lowest salary on the salary schedule for a certificated employee meeting the criteria in subdivision (a) an amount that is at least an annual salary of thirty-four thousand dollars ($34,000) in the 2000–01 fiscal year.

(2) The governing board, county superintendent of schools, or county board of education shall increase to the annual salary amount in paragraph (1) the salary of any certificated employee meeting the criteria in subdivision (a) whose salary on the salary schedule for the 1999–2000 fiscal year was less than the amount computed in paragraph (1) and, notwithstanding Section 45028, shall incorporate that increase into the salary schedule commencing with the 2000–01 fiscal year.

(c) Each school district or county office of education that increases its beginning teacher annual minimum salary to thirty-four thousand dollars ($34,000) pursuant to subdivision (b) shall elect, except as provided in subdivision (j), to receive reimbursement for the cost of the increase pursuant to only one of the following two options:

(1) Option One:

(A) In fiscal year 2000–01, a school district, county superintendent of schools, or county office of education that increases salaries pursuant to paragraph (2) of subdivision (b) and selects reimbursement Option One shall receive an amount equal to six dollars ($6) times the district's or county office's second principal apportionment average daily attendance for the 1999–2000 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(B) Divide the amount received from the state pursuant to subparagraph (A) for the 2000–01 fiscal year by the school district or county office of education second principal apportionment average daily attendance for the 1999–2000 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(C) For the 2001–02 fiscal year and each fiscal year thereafter, for each school district that increases its salaries pursuant to subdivision (a),

the Superintendent of Public Instruction shall sum the results of paragraphs (i) and (ii) and add that figure to the total school district revenue limit computed pursuant to Section 42238:

(i) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(D) For the 2001–02 fiscal year and each fiscal year thereafter, for each county office of education that increases its salaries subdivision (a), the Superintendent of Public Instruction shall add the sum of paragraphs (i) and (ii) to the county office of education revenue limit computed pursuant to Section 2550:

(i) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(E) The school district, county superintendent of schools, or county office of education shall utilize these incentive funds not only to meet the new beginning teacher annual minimum salary of thirty-four

thousand dollars ($34,000), but may also use the funds to generally enhance teachers' salaries in order to achieve the goals of retention of qualified, competent, and experienced teachers and the attainment of a reasonable salary commensurate with a teacher's experience, education, and responsibilities.

(2) Option Two: A school district, county superintendent of schools, or county office of education may submit a request to the Superintendent of Public Instruction, on a form supplied by the Superintendent of Public Instruction, for state funding computed as follows:

(A) Total the salaries of all certificated employees receiving increased salaries up to a maximum of thirty-four thousand dollars ($34,000) per person pursuant to subdivision (b) for the 2000–01 fiscal year.

(B) Total all salaries, based on the salary schedule for the 2000–01 fiscal year before the increase made pursuant to subdivision (b), of all certificated employees receiving increased salaries pursuant to subdivision (b).

(C) Subtract the amount in subparagraph (B) from the amount in subparagraph (A).

(D) Multiply the amount in subparagraph (C) by the district's statutory benefit rates.

(E) For the 2000–01 fiscal year, a school district, county superintendent of schools, or county office of education that increases salaries pursuant to paragraph (2) of subdivision (b) and selects reimbursement Option Two shall receive the sum of paragraphs (C) and (D).

(F) Divide the sum of the amounts received pursuant to paragraphs (C) and (D) for the 2000–01 fiscal year by the school district and county office of education average daily attendance for the second principal apportionment for the 2000–01 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(G) For the 2001–02 fiscal year and each fiscal year thereafter, for each school district that increases its salaries pursuant to subdivision (a), the Superintendent of Public Instruction shall sum the results of paragraphs (i) and (ii) and add that figure to the total school district revenue limit computed pursuant to Section 42238:

(i) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs,

and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(H) For the 2001–02 fiscal year and each fiscal year thereafter, for each county office of education that increases its salaries subdivision (a), the Superintendent of Public Instruction shall add the sum of paragraphs (i) and (ii) to the county office of education revenue limit computed pursuant to Section 2550:

(i) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(d) Any state funds received pursuant to this section and not used pursuant to the conditions of this section shall be returned to the state.

(e) If the funds requested by the school districts, the county superintendents of schools, and the county offices of education for the 2000–01 fiscal year exceed the state appropriation for this section, the Superintendent of Public Instruction shall reduce all requests by the application of a single, common percentage factor for apportionment purposes, so as not to exceed the amount appropriated for this purpose.

(f) A school district or county office of education shall receive reimbursement pursuant to subdivision (c) only. However, this section

does not prohibit a school district and its employees from negotiating salary schedules.

(g) The adjustments to school district and county office of education revenue limits prescribed in subparagraphs (C) and (D) of paragraph (1) of subdivision (c) and subparagraphs (G) and (H) of paragraph (2) of subdivision (c), respectively, shall continue so long as the increase in the salary schedule made pursuant to paragraph (2) of subdivision (b) or subdivision (i) is maintained.

(h) The Superintendent of Public Instruction shall issue appropriate forms to school districts and county offices of education no later than September 1, 2000. School districts, county superintendents of schools, or county offices of education shall notify the Superintendent of Public Instruction no later than December 31, 2000, regarding which option they wish to exercise for the 2000–01 fiscal year. School districts, county superintendents of schools, or county offices of education shall file their claim form for state funds with the Superintendent of Public Instruction no later than March 1, 2001.

(i) Adjustments made to school district or county office of education revenue limits pursuant to subparagraphs (C) and (D) of paragraph (1) of subdivision (c) and subparagraphs (G) and (H) of paragraph (2) of subdivision (c), respectively, shall not be considered part of the base revenue limit for the purpose of computing equalization adjustments or determining other wealth-related differences in school funding.

(j) Notwithstanding subdivision (c), a school district or county office of education that already has as the annual minimum salary for beginning teachers who meet the criteria in subdivision (a) in an amount equal to or greater than thirty-four thousand dollars ($34,000) shall be eligible to receive reimbursement pursuant to Option One.

SEC. 34. Section 47636 of the Education Code is amended to read:

47636. (a) This chapter may not be construed to prevent charter schools from applying for, or receiving, operational funding under state or federal categorical programs, the funding of which is not included in the computation of the block grant entitlement. Unless specifically prohibited, a charter school shall only apply for federal or state categorical programs as follows:

(1) A charter school that elects to receive its funding directly, pursuant to Section 47651, may apply for federal and state categorical programs individually. Except as otherwise provided in this chapter, for purposes of determining eligibility for, and allocations of federal or state categorical aid, a charter school that applies individually shall be deemed to be a school district.

(2) A charter school that does not elect to receive its funding directly may apply for federal and state categorical programs in cooperation with its authorizing local educational agency.

(b) This chapter may not be construed to prevent a charter school from negotiating with a local educational agency for a share of operational funding from sources not otherwise set forth in this chapter including, but not limited to, all of the following:

(1) Forest reserve revenues and other operational revenues received due to harvesting or extraction of minerals or other natural resources.

(2) Sales and use taxes, to the extent that the associated revenues are available for noncapital expenses of public schools.

(3) Parcel taxes, to the extent that the associated revenues are available for noncapital expenses of public schools.

(4) Ad valorem property taxes received by a school district which exceed its revenue limit entitlement.

(5) ''Basic aid'' received by a school district pursuant to Section 6 of Article IX of the California Constitution.

SEC. 35. Section 48209.9 of the Education Code is amended to read:

48209.9. (a) Commencing January 1, 1994, any application for transfer under this article shall be submitted by the pupil's parent or guardian to the school district of choice that has elected to accept transfer pupils pursuant to Section 48209.1 prior to January 1 of the school year preceding the school year for which the pupil is to be transferred. This application deadline may be waived upon agreement of the pupil's school district of residence and the school district of choice.

(b) The application shall be submitted on a form provided for this purpose by the State Department of Education and may request enrollment of the pupil in a specific school or program of the district.

(c) Not later than 90 days after the receipt by a school district of an application for transfer, the governing board of the district shall notify the parent or guardian in writing whether the application has been provisionally accepted or rejected or of the pupil's position on any waiting list. Final acceptance or rejection shall be made by May 15 preceding the school year for which the pupil is to be transferred. In the event of an acceptance, that notice shall be provided also to the school district of residence. If the application is rejected, the district governing board shall set forth in the written notification to the parent or guardian the specific reason or reasons for that determination, and shall ensure that the determination, and the specific reason or reasons therefor, are accurately recorded in the minutes of the board meeting in which the determination was made.

(d) The parent or guardian of a pupil who is prohibited from transferring pursuant to either subdivision (b) of Section 48209.1 or Section 48209.7 may appeal the decision to the county board of education.

(e) Final acceptance of the transfer is applicable for one school year and will be renewed automatically each year unless the school district of choice through the adoption of a resolution withdraws from participation in the program and no longer will accept any transfer pupils from other districts. However, if a school district of choice withdraws from participation in the program, high school pupils admitted under this article may continue until they graduate from high school.

SEC. 36. Section 48664 of the Education Code, as amended by Chapter 71 of the Statutes of 2000, is amended to read:

48664. (a) (1) In addition to funds from all other sources, the Superintendent of Public Instruction shall apportion to each school district that operates a community day school four thousand dollars ($4,000) per year, and for each county office of education that operates a community day school three thousand dollars ($3,000) per year, for each unit of average daily attendance reported at the annual apportionment for pupil attendance at community day schools, adjusted annually commencing with the 1999–2000 fiscal year for the inflation adjustment calculated pursuant to subdivision (b) of Section 42238.1. Average daily attendance reported for this program shall not exceed 0.375 percent of a district's prior year P2 average daily attendance in an elementary school district, 0.5 percent of a district's prior year P2 average daily attendance in a unified school district, or 0.625 percent of a district's prior year P2 average daily attendance in a high school district. The units of average daily attendance of a community day school operated by a county office of education shall not exceed the unused units of average daily attendance of the community day schools operated by the school districts within the jurisdiction of that county office of education.

(2) The Superintendent of Public Instruction may reallocate to any school district any unexpended balance of the appropriations made for the purposes of this subdivision for actual pupil attendance in excess of the percentage specified in this subdivision for the school district in an amount not to exceed one-half of that percentage. However, the average daily attendance generated by pupils expelled pursuant to subdivision (d) of Section 48915, shall not be subject to these percentage caps on average daily attendance.

(b) The average daily attendance of a community day school shall be determined by dividing the total number of days of attendance in all full school months, by a divisor of 70 in the first period of each fiscal year, by a divisor of 135 in the second period of each fiscal year, and by a divisor of 180 at the annual time of each fiscal year.

(c) The Superintendent of Public Instruction shall apportion to each school district that operates a community day school an amount equal to four dollars ($4), adjusted annually commencing with the 1999–2000

fiscal year for inflation pursuant to subdivision (b) of Section 42238.1, multiplied by the total of the number of hours each schoolday, up to a maximum of two hours daily, that each community day school pupil remains at the community day school under the supervision of an employee of the school district, or a consortium of school districts pursuant to Section 48916.1, reporting the attendance of the pupils for apportionment funding following completion of the full six-hour instructional day.

(d) It is the intent of the Legislature that districts enter into consortia, as feasible, for the purpose of providing community day school programs. Any school district with fewer than 2,501 units of average daily attendance may request a waiver for any fiscal year of the funding limitations set forth in this section. The Superintendent of Public Instruction shall approve a waiver if he or she deems it necessary in order to permit the operation of a community day school of reasonably comparable quality to those offered in a school district with 2,501 or more units of average daily attendance. In no event shall the amount allocated pursuant to a waiver exceed the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in kindergarten and grades 1 to 6, inclusive, or the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in grades 7 to 12, inclusive. The provisions of this act shall not apply to any school district that applied for a waiver within the funding limits established by this subdivision but was denied funding or not fully funded.

(e) The State Department of Education shall evaluate and report to the appropriate legislative policy committees and budget committees on or before October 1, 1998, and for two years thereafter the following programmatic and fiscal issues:

(1) The number of expulsions statewide.

(2) The number of school districts operating community day schools.

(3) Status of the countywide plans as defined in Section 48926.

(4) An evaluation of the community day school average daily attendance funding percentage cap.

(5) Number of small school districts requesting and the number receiving a waiver under this section.

(6) The effect of hourly accounting under Section 48663 for purposes of receiving the additional funding under Section 48664.

(7) The number of pupils and average daily attendance served in community day programs, further identified as the number expelled pursuant to subdivision (b) of Section 48915, subdivision (d) of Section 48915, other expulsion criteria, or referred through a formal district process.

(8) Pupil outcome data and other data as required under Section 48916.1.

(9) Other programmatic or fiscal matters as determined by the State Department of Education.

(f) The additional funds provided in subdivisions (a) (c), and (d) shall only be allocated to the extent that funds are appropriated for this purpose in the annual Budget Act or other legislation, or both, except for pupils expelled pursuant to subdivision (d) of Section 48915. For pupils expelled pursuant to subdivision (d) of Section 48915, the funds apportioned under subdivision (a) are continuously appropriated from the General Fund to Section A of the State School Fund.

(g) A one-time adjustment shall be made to the amount specified in subdivision (a), for the 1998–99 fiscal year and subsequent fiscal years, by increasing that amount by the statewide average quotient resulting from dividing the average daily attendance specified in subparagraph (B) of paragraph (3) of subdivision (a) of Section 42238.8 by the amount specified in subparagraph (C) of paragraph (3) of subdivision (a) of Section 42238.8.

SEC. 44. Section 52270 of the Education Code, as added by Chapter 78 of the Statutes of 2000, is amended to read:

52270. The Education Technology Grant Program is hereby established to provide one-time grants to school districts and charter schools for purposes of acquiring computers for instructional purposes at public schools. The Office of the Secretary for Education shall administer the application process for the award of grants.

(a) The first priority for the use of the funds is to ensure that high school pupils in schools offering three or fewer advanced placement courses have access to advanced placement courses online. Grants awarded for the first priority may be expended to purchase or lease computers and related equipment and for wiring or infrastructure necessary to achieve connectivity to on-line advanced placement courses.

(b) The second priority for the use of the funds is to increase the number of computers available to all other public schools that offer instruction in kindergarten or any of grades 1 to 12, inclusive. Grants awarded for the purposes of the second priority shall be awarded at the school district level and shall be based on a ratio of pupils per computer, as determined by the Office of the Secretary for Education. A school district that receives a grant shall award the funds to its schools that have the highest number of pupils per computer. Each education technology grant awarded based on the second priority shall only be used for the purchase or lease of computers including system configuration,

software, and instructional material. The grant amount awarded to each school district or charter school for the second priority shall be determined by the Office of the Secretary for Education.

(c) All funds awarded pursuant to this section shall be used solely to purchase or lease equipment and related materials for instructional purposes and limited to classroom, library, or technology and media centers in order to provide access to on-line advanced placement courses for pupil and increase the number of computers per pupil. These grant funds are to supplement, not supplant, existing local, state, and federal education technology funds, including Digital High School funds.

(d) To receive a grant pursuant to this section, school districts and charter schools shall have developed an education technology plan or shall develop a plan with the assistance of the California Technology Assistance Project specifically for the use of the funds available pursuant to this section within 90 days after submission of the application for a grant pursuant to this chapter. The plan shall address the use of these and other technology funds to ensure they are used effectively and in a manner consistent with other education technology available at the schoolsite. School districts and charter schools that choose to lease equipment shall include in their technology plan a payment schedule and shall identify the funding source or sources for lease payments over the life of the lease, including, but not limited to, establishing a technology leasing account and amortizing the available state funding over the term of the lease, if appropriate. In addition, the term of the lease shall be no longer than four years unless authorized at local discretion, in which case the lease or purchase shall be funded at local expense. A school district or charter school with an existing certified or approved education technology plan developed pursuant to other provisions of law may utilize the existing plan for the purposes of this program but shall, if necessary, amend that plan to meet the requirements of this subdivision if the school district or charter school chooses to lease the computers.

(e) School districts and charter schools may purchase or lease computers, related equipment and materials, and other goods and services using any statewide or cooperative contracts, schedules, or other agreements, established by the Department of General Services.

(f) Funding for the purposes of this section is contingent on an appropriation made in the annual Budget Act or other legislation, or both.

(g) Funds appropriated to carry out this section in the 2000–01 fiscal year shall only be available to high schools, or charter schools, that serve any of grades 9 to 12, inclusive.

(h) The Secretary for Education may adopt emergency regulations governing the method of allocating funds for the Education Technology Grant Program for the 2000–01 fiscal year.

SEC. 45. The heading of Chapter 9 (commencing with Section 52300) of Part 28 of the Education Code is amended to read:

CHAPTER 9. CAREER TECHNICAL EDUCATION

SEC. 46. Section 52300 of the Education Code is amended to read:

52300. In enacting this article, it is the intent of the Legislature to provide qualified students with the opportunity to attend a technical school or enroll in a career technical or technical training program, regardless of the geographical location of their residence in a county or region. The Legislature hereby declares that a regional occupational center will serve the state and national interests in providing career technical and technical education to prepare students for an increasingly technological society in which generalized training and skills are insufficient to prepare high school students and graduates, and out-of-school youth and adults for the many employment opportunities which require special or technical training and skills. The Legislature also declares that regional occupational centers will enable a broader curriculum in technical subjects to be offered, and will avoid unnecessary duplication of courses and expensive training equipment, and will provide a flexibility in operation which will facilitate rapid program adjustments and meeting changing training needs as they arise.

It is recognized by the Legislature that career technical programs may achieve great flexibility of planning, scope and operation by the conduct of these programs in a variety of physical facilities at various training locations.

It is the further intent of the Legislature that regional occupational centers and programs provide career technical and occupational instruction related to the attainment of skills so that trainees are prepared for gainful employment in the area for which training was provided, or are upgraded so they have the higher level skills required because of new and changing technologies or so that they are prepared for enrollment in more advanced training programs.

SEC. 47. Section 52301 of the Education Code is amended to read:

52301. (a) The county superintendent of schools of each county, with the consent of the State Board of Education, may establish and maintain, or with one or more counties may establish and maintain, at least one regional occupational center, or regional occupational program, in the county to provide education and training in career technical courses. The governing boards of any school districts maintaining high schools in the county may, with the consent of the State Board of Education and of the county superintendent of schools, cooperate in the establishment and maintenance of a regional occupational center or program, except that if a school district also

maintains 500 or more schools, its governing board may establish and maintain one or more regional occupational centers or programs, without those restrictions. A regional occupational center or program may be established by two or more school districts maintaining high schools through the use of the staff and facilities of a community college or community colleges serving the same geographic area as the school districts maintaining the high schools, with the consent of the State Board of Education and the county superintendent of schools.

The establishment and maintenance of a regional occupational center or program, by two or more school districts may be undertaken pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code. In a regional occupational center or program, the functions of the county auditor undertaken pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code shall be performed by the county superintendent of schools in a county in which the board of supervisors has transferred educational functions from the county auditor to the county superintendent of schools pursuant to Sections 42649, as added by Chapter 533 of the Statutes of 1977, and 85265.5. If a school district or school districts establish and maintain a regional occupational center or program, pursuant to this chapter, the county superintendent of schools may, with the consent of the State Board of Education, establish and maintain a separate regional occupational center or centers or program or programs.

(b) Notwithstanding other provisions of this section, a single school district located in a class 1 county, as defined in Section 1205, and having an average daily attendance of 50,000 or more, or a single school district located in a class 2 county, as defined in Section 1206, and having an average daily attendance of 100,000 or more, may apply to the State Board of Education through the county superintendent of schools for permission to establish a regional occupational center or program. Except as provided in subdivision (c), the State Board of Education shall, within 90 days of receipt of an application, prescribe a procedure whereby the district may establish a center or program in accordance with its application and in compliance with the provisions of the State Plan for Career Technical Education. The county superintendent of schools may supervise establishment of the center or program.

(c) The State Board of Education may disapprove a waiver application submitted by a single school district pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20 for permission to establish a regional occupational center or program which does not meet the requirements of this section if the board determines that the establishment of the center or program would have an adverse

effect upon existing regional occupational centers or programs located in school districts which are contiguous to the applicant school district.

The State Board of Education shall establish criteria to measure adverse effect. The criteria shall include, but not be limited to, hardship on (1) districts operating regional occupational centers or programs which are contiguous to the applicant district and (2) students of districts operating regional occupational centers or programs which are contiguous to the applicant district.

(d) Notwithstanding any other provision of law, any regional occupational center or program operated by a single district under provisions of Section 33050 shall be granted permanent status if the single district has previously been granted two waivers from the State Board of Education to operate a single district regional occupational center or program and the single district maintains at least three but not more than five comprehensive high schools within the district. The revenue limit for a regional occupational center or program established under this subdivision shall be the lower of either: (1) the revenue limit under which the center or program operates as of January 1, 1985, or (2) the district's revenue limit as of January 1, 1985, except that this revenue limit shall be subject to annual percentage cost-of-living adjustments provided for regional occupational centers and programs. The governing board of the school district shall retain authority to decide whether or not to operate the regional occupational center or program under this subdivision.

SEC. 48. Section 52302 of the Education Code is amended to read:

52302. The school or community college district or districts, or county superintendent or superintendents, sponsoring the regional occupational center or program shall conduct a job market study in the labor market area in which they propose to establish a regional occupational center or program. The study shall use the State-Local Cooperative Labor Market Information Program established in Section 10533 of the Unemployment Insurance Code, or if this program is not available in the labor market area, other available sources of labor market information. The study shall include a California Occupational Information System supply analysis of existing career technical and occupational training programs maintained by high schools, community colleges, and private postsecondary schools in the area to ensure that the anticipated employment demand for trainees in the proposed regional occupational centers and programs justifies the establishment of the proposed courses of instruction.

SEC. 49. Section 52302.3 of the Education Code is amended to read:

52302.3. (a) Every career technical course or program offered by a school district or districts or county superintendent or superintendents

sponsoring a regional occupational center or program shall be reviewed every two years by the appropriate governing body to assure that each course or program does all of the following:

(1) Meets a documented labor market demand.

(2) Does not represent unnecessary duplication of other manpower training programs in the area.

(3) Is of demonstrated effectiveness as measured by the employment and completion success of its students.

(b) Any course or program that does not meet the requirements of subdivision (a) and the standards promulgated by the governing body shall be terminated within one year.

(c) The review process required by this section shall include the review and comments by the local private industry council established pursuant to Division 8 (commencing with Section 15000) of the Unemployment Insurance Code, which review and comments shall occur prior to any decision by the appropriate governing body.

(d) This section shall apply to each course or program commenced subsequent to the effective date of this section.

SEC. 50. Section 52302.5 of the Education Code is amended to read:

52302.5. A regional occupational center or regional occupational program shall:

(a) Provide individual counseling and guidance in career technical matters.

(b) Provide a curriculum which includes skill training in occupational fields having current and future needs for the training.

(c) Provide an opportunity for students to acquire entry level career technical skills which may lead to a combination work-study schedule.

(d) Provide for the upgrading of the career technical skills of students and for retraining where necessary.

(e) Maintain a pupil-teacher ratio which will enable students to achieve optimum benefits from the instructional program.

(f) Assign the highest priority in services to youth from the age of 16 to 18 years, inclusive.

SEC. 51. Section 52302.7 of the Education Code is amended to read:

52302.7. A regional occupational center may provide, on an individual referral basis, academic and personal development instruction for adult students enrolled in a career technical education course conducted by the regional occupational center when it is determined that it is essential for this instruction to be given to ensure the employability of the adult student.

SEC. 52. Section 52302.9 of the Education Code is amended to read:

52302.9. Regional occupational centers and programs may jointly establish, operate, and share the enrollments and costs of career technical education instruction with adult education programs offered by school districts serving the same geographic area. These programs shall be approved by the State Board of Education and the county superintendent of schools and shall be subject to guidelines established by the Superintendent of Public Instruction. These programs shall also be funded at the adult revenue limit amount provided pursuant to Section 42238.

SEC. 53. Section 52303 of the Education Code is amended to read:

52303. ''Regional occupational program,'' as used in this chapter, means a career technical or technical training program which meets the criteria and standards of instructional programs in regional occupational centers and which is conducted in a variety of physical facilities which are not necessarily situated in one single plant or site.

SEC. 54. Section 52305 of the Education Code is amended to read:

52305. A regional occupational center or regional occupational program may:

(a) Be established pursuant to Section 52301 to provide day, including Saturday and Sunday, and evening full-time and part-time career technical education programs for minors and adults, the year around.

(b) Include within its career technical training programs, the establishment and operation of a sheltered workshop.

(c) Permit the establishment and operation of business, commercial, trade, manufacturing, or construction activities as will best serve the aims and purposes of career technical education. These activities shall also permit the sale of products or services to private or public corporations or companies, or to the general public.

SEC. 55. Section 52309 of the Education Code is amended to read:

52309. (a) The curriculum initially provided by a regional occupational center or regional occupational program upon commencing operation shall be subject to the approval of the department and shall comply with all requirements and standards set forth in the State Plan for Career Technical Education. The department shall approve regional occupational centers only after giving due consideration to career technical education opportunities offered by community colleges serving the same geographical area. The State Board of Education shall adopt rules and regulations establishing guidelines and criteria for differentiating between courses appropriate for regional occupational centers or regional occupational programs and those appropriate for high schools.

(b) The Superintendent of Public Instruction shall prepare and distribute by April 1, 1977, and thereafter maintain, a detailed handbook

for use by the local educational agencies and regional councils established pursuant to Section 8020. The handbook shall contain course approval criteria, job market study criteria, implementation plans for administrative regulations, and procedures for securing course and program approvals.

(c) Notwithstanding subdivision (a), the curriculum provided by a regional occupational center or program shall not be subject to the approval of the department as to any curriculum that is certified, by resolution of the governing body of the regional occupational center or program, to comply with the course approval criteria set forth in the handbook described in subdivision (b).

SEC. 56. Section 52329 of the Education Code is amended to read:

52329. The program of training at the public or private educational agency shall be approved by the Superintendent of Public Instruction of California and shall conform to the California State Plan for Career Technical Education.

The attendance of pupils receiving career technical or technical training at a public or private educational agency as authorized by this section shall be included in the computation of average daily attendance as prescribed by Sections 52324 and 52325, and shall be credited to the county school service fund of the county of residence. In no event, however, shall the county school service fund be credited with more than one unit of average daily attendance per calendar year on account of a pupil participating in a program authorized by this section.

SEC. 57. Section 52331 of the Education Code is amended to read:

52331. A regional occupational program or center, established pursuant to Section 52301, may contract with a community college district to provide career technical education instruction and services for students enrolled, or seeking to enroll, in a regional occupational center or program. (D) The phrase ''school district,'' as used in this section, includes all school districts of every kind or class, including, without limitation, community college districts and county superintendents of school.

(d) The powers conferred by this section upon joint powers authorities and local agencies shall be complete, additional, and cumulative to all other powers conferred upon them by law. (c) Prepare model program designs and information for schools, school districts, consortia, and county offices of education to follow in establishing direct service programs to targeted populations. (m) (1) Develop, in coordination with the county offices of education, a formula that allocates funds for school-based, antitobacco education programs to school districts and county offices of education for all pupils in grades 4 to 8, inclusive, on the basis of the average daily attendance (ADA) of pupils. School districts shall provide tobacco-use prevention instruction for pupils, grades 4 to 8, inclusive, that address the following essential topics:

(2) All school districts and county offices of education that receive funding pursuant to paragraph (1) shall adopt and enforce a tobacco-free campus policy no later than July of each fiscal year. The policy shall prohibit the use of tobacco products, any time, in district-owned or leased buildings, on district property and in district vehicles. It is not the intent of this paragraph to require the agency to artificially construct alternatives or to justify why it has not identified alternatives.

(4) Facts, evidence, documents, testimony, or other evidence upon which the agency relies to support a finding that the action will not have a significant adverse economic impact on business.

(5) A department, board, or commission within the Environmental Protection Agency, the Resources Agency, or the Office of the State Fire Marshal shall describe its efforts, in connection with a proposed rulemaking action, to avoid unnecessary duplication or conflicts with federal regulations contained in the Code of Federal Regulations addressing the same issues. These agencies may adopt regulations different from federal regulations contained in the Code of Federal Regulations addressing the same issues upon a finding of one or more of the following justifications:

(A) The differing state regulations are authorized by law.

(B) The cost of differing state regulations is justified by the benefit to human health, public safety, public welfare, or the environment.

(c) A state agency that adopts or amends a regulation mandated by federal law or regulations, the provisions of which are identical to a previously adopted or amended federal regulation, shall be deemed to have complied with subdivision (b) if a statement to the effect that a federally mandated regulation or amendment to a regulation is being proposed, together with a citation to where an explanation of the provisions of the regulation can be found, is included in the notice of proposed adoption or amendment prepared pursuant to Section 11346.5. However, the agency shall comply fully with this chapter with respect to any provisions in the regulation that the agency proposes to adopt or amend that are different from the corresponding provisions of the federal regulation.

SEC. 9.5. Section 11346.2 of the Government Code is amended to read:

11346.2. Every agency subject to this chapter shall prepare, submit to the office with the notice of the proposed action as described in Section 11346.5, and make available to the public upon request, all of the following:

(2) The agency shall include a notation following the express terms of each California Code of Regulations section, listing the specific statutes or other provisions of law authorizing the adoption of the regulation and listing the specific statutes or other provisions of law being implemented, interpreted, or made specific by that section in the California Code of Regulations.

(3) The agency shall use underline or italics to indicate additions to, and strikeout to indicate deletions from, the California Code of Regulations.

(b) An initial statement of reasons for proposing the adoption, amendment, or repeal of a regulation. This statement of reasons shall include, but not be limited to, all of the following:

(1) A statement of the specific purpose of each adoption, amendment, or repeal and the rationale for the determination by the agency that each adoption, amendment, or repeal is reasonably necessary to carry out the purpose for which it is proposed. (3) (A) A description of reasonable alternatives to the regulation and the agency's reasons for rejecting those alternatives. In the case of a regulation that would mandate the use of specific technologies or equipment or prescribe specific actions or procedures, the imposition of performance standards shall be considered as an alternative.

(B) A description of any reasonable alternatives the agency has identified or that have otherwise been identified and brought to the attention of the agency that would lessen any adverse impact on small business. It is not the intent of this paragraph to require the agency to artificially construct alternatives or to justify why it has not identified alternatives.

(4) Facts, evidence, documents, testimony, or other evidence on which the agency relies to support an initial determination that the action will not have a significant adverse economic impact on business.

(5) A department, board, or commission within the Environmental Protection Agency, the Resources Agency, or the Office of the State Fire Marshal shall describe its efforts, in connection with a proposed rulemaking action, to avoid unnecessary duplication or conflicts with federal regulations contained in the Code of Federal Regulations addressing the same issues. These agencies may adopt regulations different from federal regulations contained in the Code of Federal Regulations addressing the same issues upon a finding of one or more of the following justifications:

(A) The differing state regulations are authorized by law.

(B) The cost of differing state regulations is justified by the benefit to human health, public safety, public welfare, or the environment.

(c) A state agency that adopts or amends a regulation mandated by federal law or regulations, the provisions of which are identical to a

previously adopted or amended federal regulation, shall be deemed to have complied with subdivision (b) if a statement to the effect that a federally mandated regulation or amendment to a regulation is being proposed, together with a citation to where an explanation of the provisions of the regulation can be found, is included in the notice of proposed adoption or amendment prepared pursuant to Section 11346.5. However, the agency shall comply fully with this chapter with respect to any provisions in the regulation that the agency proposes to adopt or amend that are different from the corresponding provisions of the federal regulation.

SEC. 10. Section 11346.3 of the Government Code is amended to read:

11346.3. (a) State agencies proposing to adopt, amend, or repeal any administrative regulation shall assess the potential for adverse economic impact on California business enterprises and individuals, avoiding the imposition of unnecessary or unreasonable regulations or reporting, recordkeeping, or compliance requirements. For purposes of this subdivision, assessing the potential for adverse economic impact shall require agencies, when proposing to adopt, amend, or repeal a regulation, to the extent that these requirements do not conflict with other state or federal laws:

(1) The proposed adoption, amendment, or repeal of a regulation shall be based on adequate information concerning the need for, and consequences of, proposed governmental action.

(2) The state agency, prior to submitting a proposal to adopt, amend, or repeal a regulation to the office, shall consider the proposal's impact on business, with consideration of industries affected including the ability of California businesses to compete with businesses in other states. For purposes of evaluating the impact on the ability of California businesses to compete with businesses in other states, an agency shall consider, but not be limited to, information supplied by interested parties.

It is not the intent of this section to impose additional criteria on agencies, above that which exists in current law, in assessing adverse economic impact on California business enterprises, but only to assure that the assessment is made early in the process of initiation and development of a proposed adoption, amendment, or repeal of a regulation.

(b) (1) All state agencies proposing to adopt, amend, or repeal any administrative regulations shall assess whether and to what extent it will affect the following:

(A) The creation or elimination of jobs within the State of California.

(B) The creation of new businesses or the elimination of existing businesses within the State of California.

(C) The expansion of businesses currently doing business within the State of California.

(2) This subdivision does not apply to the University of California, the Hastings College of the Law, or the Fair Political Practices Commission.

(3) Information required from state agencies for the purpose of completing the assessment may come from existing state publications.

(c) No administrative regulation adopted on or after January 1, 1993, that requires a report shall apply to businesses, unless the state agency adopting the regulation makes a finding that it is necessary for the health, safety, or welfare of the people of the state that the regulation apply to businesses.

SEC. 11. Section 11346.4 of the Government Code is amended to read:

11346.4. (a) At least 45 days prior to the hearing and close of the public comment period on the adoption, amendment, or repeal of a regulation, notice of the proposed action shall be:

(1) Mailed to every person who has filed a request for notice of regulatory actions with the state agency. Each state agency shall give a person filing a request for notice of regulatory actions the option of being notified of all proposed regulatory actions or being notified of regulatory actions concerning one or more particular programs of the state agency.

(2) In cases in which the state agency is within a state department, mailed or delivered to the director of the department.

(3) Mailed to a representative number of small business enterprises or their representatives that are likely to be affected by the proposed action. "Representative" for the purposes of this paragraph includes, but is not limited to, a trade association, industry association, professional association, or any other business group or association of any kind that represents a business enterprise or employees of a business enterprise.

(4) When appropriate in the judgment of the state agency, mailed to any person or group of persons whom the agency believes to be interested in the proposed action and published in the form and manner as the state agency shall prescribe.

(5) Published in the California Regulatory Notice Register as prepared by the office for each state agency's notice of regulatory action.

(6) Posted on the state agency's website if the agency has a website.

(b) The effective period of a notice issued pursuant to this section shall not exceed one year from the date thereof. If the adoption, amendment, or repeal of a regulation proposed in the notice is not completed and transmitted to the office within the period of one year, a notice of the proposed action shall again be issued pursuant to this article.

(c) Once the adoption, amendment, or repeal is completed and approved by the office, no further adoption, amendment, or repeal to the noticed regulation shall be made without subsequent notice being given.

(d) The office may refuse to publish a notice submitted to it if the agency has failed to comply with this article.

(e) The office shall make the California Regulatory Notice Register available to the public and state agencies at a nominal cost that is consistent with a policy of encouraging the widest possible notice distribution to interested persons.

(f) Where the form or manner of notice is prescribed by statute in any particular case, in addition to filing and mailing notice as required by this section, the notice shall be published, posted, mailed, filed, or otherwise publicized as prescribed by that statute. The failure to mail notice to any person as provided in this section shall not invalidate any action taken by a state agency pursuant to this article.

SEC. 12. Section 11346.45 is added to the Government Code, to read:

11346.45. (a) In order to increase public participation and improve the quality of regulations, state agencies proposing to adopt regulations shall, prior to publication of the notice required by Section 11346.5, involve parties who would be subject to the proposed regulations in public discussions regarding those proposed regulations, when the proposed regulations involve complex proposals or a large number of proposals that cannot easily be reviewed during the comment period.

(b) This section does not apply to a state agency in any instance where that state agency is required to implement federal law and regulations for which there is little or no discretion on the part of the state to vary.

(c) If the agency does not or cannot comply with the provisions of subdivision (a), it shall state the reasons for noncompliance with reasonable specificity in the rulemaking record.

(d) The provisions of this section shall not be subject to judicial review or to the provisions of Section 11349.1.

be drafted in a format similar to the Legislative Counsel's digest on legislative bills.

(A) If the proposed action differs substantially from an existing comparable federal regulation or statute, the informative digest shall also include a brief description of the significant differences and the full citation of the federal regulations or statutes.

(B) If the proposed action affects small business, the informative digest shall also include a plain English policy statement overview explaining the broad objectives of the regulation and, if appropriate, the specific objectives.

(4) Any other matters as are prescribed by statute applicable to the specific state agency or to any specific regulation or class of regulations.

(6) An estimate, prepared in accordance with instructions adopted by the Department of Finance, of the cost or savings to any state agency, the cost to any local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4, other nondiscretionary cost or savings imposed on local agencies, and the cost or savings in federal funding to the state.

For purposes of this paragraph, ''cost or savings'' means additional costs or savings, both direct and indirect, that a public agency necessarily incurs in reasonable compliance with regulations.

(7) If a state agency, in proposing to adopt or amend any administrative regulation, determines that the action may have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall include the following information in the notice of proposed action:

(A) Identification of the types of businesses that would be affected.

(B) A description of the projected reporting, recordkeeping, and other compliance requirements that would result from the proposed action.

(C) The following statement: ''The (name of agency) finds that the (adoption/amendment) of this regulation may have a significant adverse economic impact on businesses, including the ability of California businesses to compete with businesses in other states. The (name of agency) (has/has not) considered proposed alternatives that would lessen any adverse economic impact on business and invites you to submit proposals. Submissions may include the following considerations:

(ii) Consolidation or simplification of compliance and reporting requirements for businesses.

(iii) The use of performance standards rather than prescriptive standards.

(8) If a state agency, in adopting or amending any administrative regulation, determines that the action will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect in the notice of proposed action. In making this determination, the agency shall provide in the record facts, evidence, documents, testimony, or other evidence upon which the agency relies to support that finding.

An agency's determination and declaration that a proposed regulation may have or will not have a significant, adverse impact on businesses, including the ability of California businesses to compete with businesses in other states, shall not be grounds for the office to refuse to publish the notice of proposed action.

(9) A description of all cost impacts, known to the agency at the time the notice of proposed action is submitted to the office, that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

If no cost impacts are known to the agency, it shall state the following:

(10) A statement of the results of the assessment required by subdivision (b) of Section 11346.3.

(12) A statement that the adopting agency must determine that no reasonable alternative considered by the agency or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

(16) A statement that if a public hearing is not scheduled, any interested person or his or her duly authorized representative may request, no later than 15 days prior to the close of the written comment period, a public hearing pursuant to Section 11346.8.

(b) The agency representative designated in paragraph (13) of subdivision (a) shall make available to the public upon request the express terms of the proposed action. The representative shall also make available to the public upon request the location of public records, including reports, documentation, and other materials, related to the proposed action.

(c) This section shall not be construed in any manner that results in the invalidation of a regulation because of the alleged inadequacy of the notice content or the summary or cost estimates, or the alleged inadequacy or inaccuracy of the housing cost estimates, if there has been substantial compliance with those requirements.

SEC. 13.5. Section 11346.5 of the Government Code is amended to read:

(A) A concise and clear summary of existing laws and regulations, if any, related directly to the proposed action and of the effect of the proposed action.

(B) If the proposed action differs substantially from an existing comparable federal regulation or statute, a brief description of the significant differences and the full citation of the federal regulations or statutes.

(C) A policy statement overview explaining the broad objectives of the regulation and, if appropriate, the specific objectives.

(4) Any other matters as are prescribed by statute applicable to the specific state agency or to any specific regulation or class of regulations.

(5) A determination as to whether the regulation imposes a mandate on local agencies or school districts and, if so, whether the mandate requires state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4.

Submissions may include the following considerations:

(i) The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to businesses.

(ii) Consolidation or simplification of compliance and reporting requirements for businesses.

(iii) The use of performance standards rather than prescriptive standards.

(8) If a state agency, in adopting , amending, or repealing any administrative regulation, makes an initial determination that the action will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect in the notice of proposed action. In making this declaration, the agency shall provide in the record facts, evidence, documents, testimony, or other evidence upon which the agency relies to support its initial determination.

An agency's initial determination and declaration that a proposed adoption, amendment, or repeal of a regulation may have or will not have a significant, adverse impact on businesses, including the ability of California businesses to compete with businesses in other states, shall not be grounds for the office to refuse to publish the notice of proposed action.

(9) A description of all cost impacts, known to the agency at the time the notice of proposed action is submitted to the office, that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

If no cost impacts are known to the agency, it shall state the following:

(13) A statement that the adopting agency must determine that no reasonable alternative considered by the agency or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or

(14) The name and telephone number of the following:

(B) An agency person or persons designated to respond to questions on the substance of the proposed regulations, where appropriate.

SEC. 14. Section 11346.54 of the Government Code is repealed.

SEC. 15. Section 11346.7 is added to the Government Code, to read:

11346.7. The office shall maintain a link on its website to the website maintained by the Small Business Advocate that also includes the telephone number of the Small Business Advocate.

The state agency shall, to the extent practicable, provide notice of the time, date, and place of the hearing by mailing the notice to every person who has filed a request for notice thereby with the state agency. (b) In any hearing under this section, the state agency or its duly authorized representative shall have authority to administer oaths or affirmations. An agency may continue or postpone a hearing from time to time to the time and at the place as it determines. (c) No state agency may adopt, amend, or repeal a regulation which has been changed from that which was originally made available to the public pursuant to Section 11346.5, unless the change is (1) nonsubstantial or solely grammatical in nature, or (2) sufficiently related to the original text that the public was adequately placed on notice that the change could result from the originally proposed regulatory action. If a sufficiently related change is made, the full text of the resulting adoption, amendment, or repeal, with the change clearly indicated, shall be made available to the public for at least 15 days before the agency adopts, amends, or repeals the resulting regulation. Any written comments received regarding the change must be responded to in the final statement of reasons required by Section 11346.9.

(d) No state agency shall add any material to the record of the rulemaking proceeding after the close of the public hearing or comment period, unless adequate provision is made for public comment on that matter.

(e) If a comment made at a public hearing raises a new issue concerning a proposed regulation and a member of the public requests additional time to respond to the new issue before the state agency takes

final action, it is the intent of the Legislature that rulemaking agencies consider granting the request for additional time if, under the circumstances, granting the request is practical and does not unduly delay action on the regulation.

SEC. 16.5. Section 11346.8 of the Government Code is amended to read:

11346.8. (a) If a public hearing is held, both oral and written statements, arguments, or contentions, shall be permitted. The agency may impose reasonable limitations on oral presentations. If a sufficiently related change is made, the full text of the resulting adoption, amendment, or repeal, with the change clearly indicated, shall be made available to the public for at least 15 days before the agency adopts, amends, or repeals the resulting regulation. Any written comments received regarding the change must be responded to in the final statement of reasons required by Section 11346.9.

(d) No state agency shall add any material to the record of the rulemaking proceeding after the close of the public hearing or comment period, unless the agency complies with Section 11347.1. This subdivision does not apply to material prepared pursuant to Section 11346.9.

(e) If a comment made at a public hearing raises a new issue concerning a proposed regulation and a member of the public requests additional time to respond to the new issue before the state agency takes final action, it is the intent of the Legislature that rulemaking agencies consider granting the request for additional time if, under the circumstances, granting the request is practical and does not unduly delay action on the regulation.

SEC. 18. Section 11347.6 is added to the Government Code, to read:

11347.6. The office shall supply a complete set of the California Code of Regulations, and of the California Code of Regulations Supplement to the county clerk of any county or to the delegatee of the county clerk pursuant to Section 26803.5, provided the director makes the following two determinations:

(a) The county clerk or the delegatee of the county clerk pursuant to Section 26803.5 is maintaining the code and supplement in complete and current condition in a place and at times convenient to the public.

(b) The California Code of Regulations and California Code of Regulations Supplement are not otherwise reasonably available to the public in the community where the county clerk or the delegatee of the county clerk pursuant to Section 26803.5 would normally maintain the code and supplements by distribution to libraries pursuant to Article 6 (commencing with Section 14900) of Chapter 7 of Part 5.5.

SEC. 16. Section 11344.4 of the Government Code is amended to read:

11344.4. (a) The California Code of Regulations, the California Code of Regulations Supplement, and the California Regulatory Notice Register shall be sold at prices which will reimburse the state for all costs incurred for printing, publication, and distribution.

(b) All money received by the state from the sale of the publications listed in subdivision (a) shall be deposited in the treasury and credited to the General Fund, except that, where applicable, an amount necessary to cover the printing, publication, and distribution costs shall be credited to the fund from which the costs have been paid.

SEC. 17. Section 11344.6 of the Government Code is amended to read:

11344.6. The publication of a regulation in the California Code of Regulations or California Code of Regulations Supplement raises a rebuttable presumption that the text of the regulation as so published is the text of the regulation adopted.

The courts shall take judicial notice of the contents of each regulation which is printed or which is incorporated by appropriate reference into the California Code of Regulations as compiled by the office.

The courts shall also take judicial notice of the repeal of a regulation as published in the California Code of Regulations Supplement compiled by the office.

SEC. 18. Section 11344.7 of the Government Code is amended to read:

11344.7. Nothing in this chapter precludes any person or state agency from purchasing copies of the California Code of Regulations, the California Code of Regulations Supplement, or the California Regulatory Notice Register or of any unit of either, nor from printing special editions of any such units and distributing the same. However, where the purchase and printing is by a state agency, the state agency shall do so at the cost or at less than the cost to the agency if it is authorized to do so by other provisions of law.

SEC. 19. Section 11344.9 of the Government Code is amended to read:

11344.9. (a) Whenever the term ''California Administrative Code'' appears in law, official legal paper, or legal publication, it means the ''California Code of Regulations.''

SEC. 20. Section 11346 of the Government Code is amended to read:

11346. (a) It is the purpose of this chapter to establish basic minimum procedural requirements for the adoption, amendment, or repeal of administrative regulations. Except as provided in Section 11346.1, the provisions of this chapter are applicable to the exercise of any quasi-legislative power conferred by any statute heretofore or hereafter enacted, but nothing in this chapter repeals or diminishes additional requirements imposed by any statute. This chapter shall not be superseded or modified by any subsequent legislation except to the extent that the legislation shall do so expressly.

(b) An agency that is considering adopting, amending, or repealing a regulation may consult with interested persons before initiating regulatory action pursuant to this article.

SEC. 21. Section 11346.1 of the Government Code is amended to read:

11346.1. (a) The adoption, amendment, or repeal of an emergency regulation is not subject to any provision of this chapter except this section and Section 11349.6.

(b) Except as provided in subdivision (c), if a state agency makes a finding that the adoption of a regulation or order of repeal is necessary for the immediate preservation of the public peace, health and safety or general welfare, the regulation or order of repeal may be adopted as an emergency regulation or order of repeal.

Any finding of an emergency shall include a written statement which contains the information required by paragraphs (2) to (6), inclusive, of subdivision (a) of Section 11346.5 and a description of the specific facts showing the need for immediate action. The enactment of an urgency statute shall not, in and of itself, constitute a need for immediate action.

The statement and the regulation or order of repeal shall be filed immediately with the office.

(c) Notwithstanding any other provision of law, no emergency regulation that is a building standard shall be filed, nor shall the building standard be effective, unless the building standard is submitted to the California Building Standards Commission, and is approved and filed pursuant to Sections 18937 and 18938 of the Health and Safety Code.

(d) The emergency regulation or order of repeal shall become effective upon filing or upon any later date specified by the state agency in a written instrument filed with, or as a part of, the regulation or order of repeal.

(e) No regulation, amendment, or order of repeal adopted as an emergency regulatory action shall remain in effect more than 120 days

unless the adopting agency has complied with Sections 11346.2 to 11347.3, inclusive, either before adopting an emergency regulation or within the 120-day period. The adopting agency, prior to the expiration of the 120-day period, shall transmit to the office for filing with the Secretary of State the adopted regulation, amendment, or order of repeal, the rulemaking file, and a certification that Sections 11346.2 to 11347.3, inclusive, were complied with either before the emergency regulation was adopted or within the 120-day period.

(f) In the event an emergency amendment or order of repeal is filed and the adopting agency fails to comply with subdivision (e), the regulation as it existed prior to the emergency amendment or order of repeal shall thereupon become effective and after notice to the adopting agency by the office shall be reprinted in the California Code of Regulations.

(g) In the event a regulation is originally adopted and filed as an emergency and the adopting agency fails to comply with subdivision (e), this failure shall constitute a repeal thereof and after notice to the adopting agency by the office, shall be deleted.

(h) The office shall not file an emergency regulation with the Secretary of State if the emergency regulation is the same as or substantially equivalent to an emergency regulation previously adopted by that agency, unless the director expressly approves the agency's readoption of the emergency regulation.

SEC. 22. Section 11346.2 of the Government Code is amended to read:

11346.2. Every agency subject to this chapter shall prepare, submit to the office with the notice of the proposed action as described in Section 11346.5, and make available to the public upon request, all of the following:

(a) A copy of the express terms of the proposed regulation.

(1) The agency shall draft the regulation in plain, straightforward language, avoiding technical terms as much as possible, and using a coherent and easily readable style. The agency shall draft the regulation in plain English.

(2) The agency shall include a notation following the express terms of each regulation listing the specific statutes or other provisions of law authorizing the adoption of the regulation and listing the specific statutes or other provisions of law being implemented, interpreted, or made specific by the regulation.

(3) The agency shall use underline or italics to indicate additions to, and strikeout to indicate deletions from, the California Code of Regulations.

(b) An initial statement of reasons for proposing the adoption, amendment, or repeal of a regulation. This statement of reasons shall include, but not be limited to, all of the following:

(1) A statement of the specific purpose of each adoption, amendment, or repeal and the rationale for the determination by the agency that each adoption, amendment, or repeal is reasonably necessary to carry out the purpose for which it is proposed. Where the adoption or amendment of a regulation would mandate the use of specific technologies or equipment, a statement of the reasons why the agency believes these mandates or prescriptive standards are required.

(2) An identification of each technical, theoretical, and empirical study, report, or similar document, if any, upon which the agency relies in proposing the adoption, amendment, or repeal of a regulation.

(3) (A) A description of the alternatives to the regulation considered by the agency and the agency's reasons for rejecting those alternatives. In the case of a regulation that would mandate the use of specific technologies or equipment or prescribe specific actions or procedures, the imposition of performance standards shall be considered as an alternative.

(B) A description of any alternatives the agency has identified that would lessen any adverse impact on small business. It is not the intent of this paragraph to require the agency to artificially construct alternatives or to justify why it has not identified alternatives.

(4) Facts, evidence, documents, testimony, or other evidence on which the agency relies to support an initial determination that the action will not have a significant adverse economic impact on business.

(5) A department, board, or commission within the Environmental Protection Agency, the Resources Agency, or the Office of the State Fire Marshal shall describe its efforts, in connection with a proposed rulemaking action, to avoid unnecessary duplication or conflicts with federal regulations contained in the Code of Federal Regulations addressing the same issues. These agencies may adopt regulations different from federal regulations contained in the Code of Federal Regulations addressing the same issues upon a finding of one or more of the following justifications:

(A) The differing state regulations are authorized by law.

(B) The cost of differing state regulations is justified by the benefit to human health, public safety, public welfare, or the environment.

(c) A state agency that adopts or amends a regulation mandated by federal law or regulations, the provisions of which are identical to a previously adopted or amended federal regulation, shall be deemed to have complied with subdivision (b) if a statement to the effect that a federally mandated regulation or amendment to a regulation is being proposed, together with a citation to where an explanation of the

provisions of the regulation can be found, is included in the notice of proposed adoption or amendment prepared pursuant to Section 11346.5. However, the agency shall comply fully with this chapter with respect to any provisions in the regulation that the agency proposes to adopt or amend that are different from the corresponding provisions of the federal regulation.

SEC. 22.5. Section 11346.2 of the Government Code is amended to read:

11346.2. Every agency subject to this chapter shall prepare, submit to the office with the notice of the proposed action as described in Section 11346.5, and make available to the public upon request, all of the following:

(1) The agency shall draft the regulation in plain, straightforward language, avoiding technical terms as much as possible, and using a coherent and easily readable style. The agency shall draft the regulation in plain English.

(2) The agency shall include a notation following the express terms of each California Code of Regulations section, listing the specific statutes or other provisions of law authorizing the adoption of the regulation and listing the specific statutes or other provisions of law being implemented, interpreted, or made specific by that section in the California Code of Regulations.

(3) The agency shall use underline or italics to indicate additions to, and strikeout to indicate deletions from, the California Code of Regulations.

(b) An initial statement of reasons for proposing the adoption, amendment, or repeal of a regulation. This statement of reasons shall include, but not be limited to, all of the following:

(1) A statement of the specific purpose of each adoption, amendment, or repeal and the rationale for the determination by the agency that each adoption, amendment, or repeal is reasonably necessary to carry out the purpose for which it is proposed. Where the adoption or amendment of a regulation would mandate the use of specific technologies or equipment, a statement of the reasons why the agency believes these mandates or prescriptive standards are required.

(2) An identification of each technical, theoretical, and empirical study, report, or similar document, if any, upon which the agency relies in proposing the adoption, amendment, or repeal of a regulation.

(3) (A) A description of reasonable alternatives to the regulation and the agency's reasons for rejecting those alternatives. In the case of a regulation that would mandate the use of specific technologies or equipment or prescribe specific actions or procedures, the imposition of performance standards shall be considered as an alternative.

(B) A description of any reasonable alternatives the agency has identified or that have otherwise been identified and brought to the attention of the agency that would lessen any adverse impact on small business. It is not the intent of this paragraph to require the agency to artificially construct alternatives or to justify why it has not identified alternatives.

(4) Facts, evidence, documents, testimony, or other evidence on which the agency relies to support an initial determination that the action will not have a significant adverse economic impact on business.

(5) A department, board, or commission within the Environmental Protection Agency, the Resources Agency, or the Office of the State Fire Marshal shall describe its efforts, in connection with a proposed rulemaking action, to avoid unnecessary duplication or conflicts with federal regulations contained in the Code of Federal Regulations addressing the same issues. These agencies may adopt regulations different from federal regulations contained in the Code of Federal Regulations addressing the same issues upon a finding of one or more of the following justifications:

(A) The differing state regulations are authorized by law.

(B) The cost of differing state regulations is justified by the benefit to human health, public safety, public welfare, or the environment.

(c) A state agency that adopts or amends a regulation mandated by federal law or regulations, the provisions of which are identical to a previously adopted or amended federal regulation, shall be deemed to have complied with subdivision (b) if a statement to the effect that a federally mandated regulation or amendment to a regulation is being proposed, together with a citation to where an explanation of the provisions of the regulation can be found, is included in the notice of proposed adoption or amendment prepared pursuant to Section 11346.5. However, the agency shall comply fully with this chapter with respect to any provisions in the regulation that the agency proposes to adopt or amend that are different from the corresponding provisions of the federal regulation.

SEC. 23. Section 11346.3 of the Government Code is amended to read:

11346.3. (a) State agencies proposing to adopt, amend, or repeal any administrative regulation shall assess the potential for adverse economic impact on California business enterprises and individuals, avoiding the imposition of unnecessary or unreasonable regulations or reporting, recordkeeping, or compliance requirements. For purposes of this subdivision, assessing the potential for adverse economic impact shall require agencies, when proposing to adopt, amend, or repeal a regulation, to adhere to the following requirements, to the extent that these requirements do not conflict with other state or federal laws:

(1) The proposed adoption, amendment, or repeal of a regulation shall be based on adequate information concerning the need for, and consequences of, proposed governmental action.

(2) The state agency, prior to submitting a proposal to adopt, amend, or repeal a regulation to the office, shall consider the proposal's impact on business, with consideration of industries affected including the ability of California businesses to compete with businesses in other states. For purposes of evaluating the impact on the ability of California businesses to compete with businesses in other states, an agency shall consider, but not be limited to, information supplied by interested parties.

It is not the intent of this section to impose additional criteria on agencies, above that which exists in current law, in assessing adverse economic impact on California business enterprises, but only to assure that the assessment is made early in the process of initiation and development of a proposed adoption, amendment, or repeal of a regulation.

(b) (1) All state agencies proposing to adopt, amend, or repeal any administrative regulations shall assess whether and to what extent it will affect the following:

(A) The creation or elimination of jobs within the State of California.

(B) The creation of new businesses or the elimination of existing businesses within the State of California.

(C) The expansion of businesses currently doing business within the State of California.

(2) This subdivision does not apply to the University of California, the Hastings College of the Law, or the Fair Political Practices Commission.

(3) Information required from state agencies for the purpose of completing the assessment may come from existing state publications.

(c) No administrative regulation adopted on or after January 1, 1993, that requires a report shall apply to businesses, unless the state agency adopting the regulation makes a finding that it is necessary for the health, safety, or welfare of the people of the state that the regulation apply to businesses.

11346.5. (a) The notice of proposed adoption, amendment, or repeal of a regulation shall include the following:

(1) A statement of the time, place, and nature of proceedings for adoption, amendment, or repeal of the regulation.

(2) Reference to the authority under which the regulation is proposed and a reference to the particular code sections or other provisions of law that are being implemented, interpreted, or made specific.

(3) An informative digest drafted in plain English in a format similar to the Legislative Counsel's digest on legislative bills. The informative digest shall include the following:

(A) A concise and clear summary of existing laws and regulations, if any, related directly to the proposed action and of the effect of the proposed action.

(B) If the proposed action differs substantially from an existing comparable federal regulation or statute, a brief description of the significant differences and the full citation of the federal regulations or statutes.

(C) A policy statement overview explaining the broad objectives of the regulation and, if appropriate, the specific objectives.

(4) Any other matters as are prescribed by statute applicable to the specific state agency or to any specific regulation or class of regulations.

(5) A determination as to whether the regulation imposes a mandate on local agencies or school districts and, if so, whether the mandate requires state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4.

(6) An estimate, prepared in accordance with instructions adopted by the Department of Finance, of the cost or savings to any state agency, the cost to any local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4, other nondiscretionary cost or savings imposed on local agencies, and the cost or savings in federal funding to the state.

For purposes of this paragraph, ''cost or savings'' means additional costs or savings, both direct and indirect, that a public agency necessarily incurs in reasonable compliance with regulations.

(7) If a state agency, in proposing to adopt, amend, or repeal any administrative regulation, makes an initial determination that the action may have a significant adverse economic impact on business, including the ability of California businesses to compete with businesses in other states, it shall include the following information in the notice of proposed action:

The (name of agency) (has/has not) considered proposed alternatives that would lessen any adverse economic impact on business and invites you to submit proposals. Submissions may include the following considerations:

(i) The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to businesses.

(ii) Consolidation or simplification of compliance and reporting requirements for businesses.

(iii) The use of performance standards rather than prescriptive standards.

(iv) Exemption or partial exemption from the regulatory requirements for businesses.''

(8) If a state agency, in adopting, amending, or repealing any administrative regulation, makes an initial determination that the action will not have a significant adverse economic impact on business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect in the notice of proposed action. In making this declaration, the agency shall provide in the record facts, evidence, documents, testimony, or other evidence upon which the agency relies to support its initial determination.

An agency's initial determination and declaration that a proposed adoption, amendment, or repeal of a regulation may have or will not have a significant, adverse impact on businesses, including the ability of California businesses to compete with businesses in other states, shall not be grounds for the office to refuse to publish the notice of proposed action.

(9) A statement of the potential cost impact of the proposed action on private persons or businesses directly affected, as considered by the agency during the regulatory development process.

For purposes of this paragraph, ''cost impact'' means the reasonable range of costs, or a description of the type and extent of costs, direct or indirect, that a representative private person or business necessarily incurs in reasonable compliance with the proposed action.

(10) A statement of the results of the assessment required by subdivision (b) of Section 11346.3.

(11) The finding prescribed by subdivision (c) of Section 11346.3, if required.

(12) A statement that the action would have a significant effect on housing costs, if a state agency, in adopting, amending, or repealing any administrative regulation, makes an initial determination that the action would have that effect. In addition, the agency officer designated in paragraph (14), shall make available to the public, upon request, the agency's evaluation, if any, of the effect of the proposed regulatory action on housing costs.

(13) A statement that the adopting agency must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective

and less burdensome to affected private persons than the proposed action.

(14) The name and telephone number of the agency officer to whom inquiries concerning the proposed administrative action may be directed.

(15) The date by which comments submitted in writing must be received to present statements, arguments, or contentions in writing relating to the proposed action in order for them to be considered by the state agency before it adopts, amends, or repeals a regulation.

(17) A statement that if a public hearing is not scheduled, any interested person or his or her duly authorized representative may request, no later than 15 days prior to the close of the written comment period, a public hearing pursuant to Section 11346.8.

(18) A statement indicating that the full text of a regulation changed pursuant to Section 11346.8 will be available for at least 15 days prior to the date on which the agency adopts, amends, or repeals the resulting regulation.

The officer shall also make available to the public upon request the location of public records, including reports, documentation, and other materials, related to the proposed action.

(c) This section shall not be construed in any manner that results in the invalidation of a regulation because of the alleged inadequacy of the notice content or the summary or cost estimates, or the alleged inadequacy or inaccuracy of the housing cost estimates, if there has been substantial compliance with those requirements.

SEC. 24.5. Section 11346.5 of the Government Code is amended to read:

(B) If the proposed action differs substantially from an existing comparable federal regulation or statute, a brief description of the significant differences and the full citation of the federal regulations or statutes.

In making this declaration, the agency shall provide in the record facts, evidence, documents, testimony, or other evidence upon which the agency relies to support its initial determination.

An agency's initial determination and declaration that a proposed adoption, amendment, or repeal of a regulation may have or will not have a significant, adverse impact on businesses, including the ability of California businesses to compete with businesses in other states, shall not be grounds for the office to refuse to publish the notice of proposed action.

(9) A description of all cost impacts, known to the agency at the time the notice of proposed action is submitted to the office, that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

If no cost impacts are known to the agency, it shall state the following:

agency's evaluation, if any, of the effect of the proposed regulatory action on housing costs.

SEC. 25. Section 11346.54 of the Government Code is repealed.

SEC. 26. Section 11346.8 of the Government Code is amended to read:

11346.8. (a) If a public hearing is held, both oral and written statements, arguments, or contentions, shall be permitted. The agency may impose reasonable limitations on oral presentations. If a public hearing is not scheduled, the state agency shall, consistent with Section 11346.4, afford any interested person or his or her duly authorized representative, the opportunity to present statements, arguments or contentions in writing. In addition, a public hearing shall be held if, no later than 15 days prior to the close of the written comment period, an interested person or his or her duly authorized representative submits in writing to the state agency, a request to hold a public hearing. The state agency shall, to the extent practicable, provide notice of the time, date, and place of the hearing by mailing the notice to every person who has filed a request for notice thereby with the state agency. The state agency shall consider all relevant matter presented to it before adopting, amending, or repealing any regulation.

(b) In any hearing under this section, the state agency or its duly authorized representative shall have authority to administer oaths or affirmations. An agency may continue or postpone a hearing from time to time to the time and at the place as it determines. (c) No state agency may adopt, amend, or repeal a regulation which has been changed from that which was originally made available to the public pursuant to Section 11346.5, unless the change is (1) nonsubstantial or solely grammatical in nature, or (2) sufficiently related to the original text that the public was adequately placed on notice that the change could result from the originally proposed regulatory action. If a sufficiently related change is made, the full text of the resulting adoption, amendment, or repeal, with the change clearly indicated, shall be made available to the public for at least 15 days before the agency adopts, amends, or repeals the resulting regulation. Any written comments received regarding the change must be responded to in the final statement of reasons required by Section 11346.9.

(d) No state agency shall add any material to the record of the rulemaking proceeding after the close of the public hearing or comment period, unless the agency complies with Section 11347.1. This

If a public hearing is not scheduled, the state agency shall, consistent with Section 11346.4, afford any interested person or his or her duly authorized representative, the opportunity to present statements, arguments or contentions in writing. In addition, a public hearing shall be held if, no later than 15 days prior to the close of the written comment period, an interested person or his or her duly authorized representative submits in writing to the state agency, a request to hold a public hearing. The state agency shall, to the extent practicable, provide notice of the time, date, and place of the hearing by mailing the notice to every person who has filed a request for notice thereby with the state agency. The state agency shall consider all relevant matter presented to it before adopting, amending, or repealing any regulation.

(b) In any hearing under this section, the state agency or its duly authorized representative shall have authority to administer oaths or affirmations. An agency may continue or postpone a hearing from time to time to the time and at the place as it determines. If a hearing is continued or postponed, the state agency shall provide notice to the public as to when it will be resumed or rescheduled.

(c) No state agency may adopt, amend, or repeal a regulation which has been changed from that which was originally made available to the public pursuant to Section 11346.5, unless the change is (1) nonsubstantial or solely grammatical in nature, or (2) sufficiently related to the original text that the public was adequately placed on notice that the change could result from the originally proposed regulatory action. If a sufficiently related change is made, the full text of the resulting adoption, amendment, or repeal, with the change clearly indicated, shall be made available to the public for at least 15 days before the agency adopts, amends, or repeals the resulting regulation. Any written comments received regarding the change must be responded to in the final statement of reasons required by Section 11346.9.

(d) No state agency shall add any material to the record of the rulemaking proceeding after the close of the public hearing or comment period, unless the agency complies with Section 11347.1. This subdivision does not apply to material prepared pursuant to Section 11346.9.

(e) If a comment made at a public hearing raises a new issue concerning a proposed regulation and a member of the public requests

additional time to respond to the new issue before the state agency takes final action, it is the intent of the Legislature that rulemaking agencies consider granting the request for additional time if, under the circumstances, granting the request is practical and does not unduly delay action on the regulation.

SEC. 27. Section 11346.9 of the Government Code is amended to read:

11346.9. Every agency subject to this chapter shall do the following:

(a) Prepare and submit to the office with the adopted regulation a final statement of reasons that shall include all of the following:

(1) An update of the information contained in the initial statement of reasons. If the update identifies any data or any technical, theoretical or empirical study, report, or similar document on which the agency is relying in proposing the adoption, amendment, or repeal of a regulation that was not identified in the initial statement of reasons, or which was otherwise not identified or made available for public review prior to the close of the public comment period, the agency shall comply with Section 11347.1.

(2) A determination as to whether adoption, amendment, or repeal of the regulation imposes a mandate on local agencies or school districts. If the determination is that adoption, amendment, or repeal of the regulation would impose a local mandate, the agency shall state whether the mandate is reimbursable pursuant to Part 7 (commencing with Section 17500) of Division 4. If the agency finds that the mandate is not reimbursable, it shall state the reasons for that finding.

(3) A summary of each objection or recommendation made regarding the specific adoption, amendment, or repeal proposed, together with an explanation of how the proposed action has been changed to accommodate each objection or recommendation, or the reasons for making no change. This requirement applies only to objections or recommendations specifically directed at the agency's proposed action or to the procedures followed by the agency in proposing or adopting the action. The agency may aggregate and summarize repetitive or irrelevant comments as a group, and may respond to repetitive comments or summarily dismiss irrelevant comments as a group. For the purposes of this paragraph, a comment is ''irrelevant'' if it is not specifically directed at the agency's proposed action or to the procedures followed by the agency in proposing or adopting the action.

(4) A determination with supporting information that no alternative considered by the agency would be more effective in carrying out the purpose for which the regulation is proposed or would be as effective and less burdensome to affected private persons than the adopted regulation.

(5) An explanation setting forth the reasons for rejecting any proposed alternatives that would lessen the adverse economic impact on small businesses.

(b) Prepare and submit to the office with the adopted regulation an updated informative digest containing a clear and concise summary of the immediately preceding laws and regulations, if any, relating directly to the adopted, amended, or repealed regulation and the effect of the adopted, amended, or repealed regulation. The informative digest shall be drafted in a format similar to the Legislative Counsel's Digest on legislative bills.

(c) A state agency that adopts or amends a regulation mandated by federal law or regulations, the provisions of which are identical to a previously adopted or amended federal regulation, shall be deemed to have complied with this section if a statement to the effect that a federally mandated regulation or amendment to a regulation is being proposed, together with a citation to where an explanation of the provisions of the regulation can be found, is included in the notice of proposed adoption or amendment prepared pursuant to Section 11346.5. However, the agency shall comply fully with this chapter with respect to any provisions in the regulation which the agency proposes to adopt or amend that are different from the corresponding provisions of the federal regulation.

(d) If an agency determines that a requirement of this section can be satisfied by reference to an agency statement made pursuant to Sections 11346.2 to 11346.5, inclusive, the agency may satisfy the requirement by incorporating the relevant statement by reference.

SEC. 28. Section 11347 is added to the Government Code, to read:

11347. (a) If, after publication of a notice of proposed action pursuant to Section 11346.4, but before the notice of proposed action becomes ineffective pursuant to subdivision (b) of that section, an agency decides not to proceed with the proposed action, it shall deliver notice of its decision to the office for publication in the California Regulatory Notice Register.

(b) Publication of a notice under this section terminates the effect of the notice of proposed action referred to in the notice. Nothing in this section precludes an agency from proposing a new regulatory action that is similar or identical to a regulatory action that was previously the subject of a notice published under this section.

SEC. 29. Section 11347.1 is added to the Government Code, to read:

11347.1. (a) An agency that adds any technical, theoretical, or empirical study, report, or similar document to the rulemaking file after publication of the notice of proposed action and relies on the document in proposing the action shall make the document available as required by this section.

(b) At least 15 calendar days before the proposed action is adopted by the agency, the agency shall mail to all of the following persons a notice identifying the added document and stating the place and business hours that the document is available for public inspection:

(1) Persons who testified at the public hearing.

(2) Persons who submitted written comments at the public hearing.

(3) Persons whose comments were received by the agency during the public comment period.

(4) Persons who requested notification from the agency of the availability of changes to the text of the proposed regulation.

(c) The document shall be available for public inspection at the location described in the notice for at least 15 calendar days before the proposed action is adopted by the agency.

(d) Written comments on the document or information received by the agency during the availability period shall be summarized and responded to in the final statement of reasons as provided in Section 11346.9.

(e) The rulemaking file shall contain a statement confirming that the agency complied with the requirements of this section and stating the date on which the notice was mailed.

(f) If there are no persons in categories listed in subdivision (b), then the rulemaking file shall contain a confirming statement to that effect.

SEC. 30. Section 11347.3 of the Government Code is amended to read:

11347.3. (a) Every agency shall maintain a file of each rulemaking that shall be deemed to be the record for that rulemaking proceeding. Commencing no later than the date that the notice of the proposed action is published in the California Regulatory Notice Register, and during all subsequent periods of time that the file is in the agency's possession, the agency shall make the file available to the public for inspection and copying during regular business hours.

(b) The rulemaking file shall include:

(1) Copies of any petitions received from interested persons proposing the adoption, amendment, or repeal of the regulation, and a copy of any decision provided for by subdivision (d) of Section 11340.7, which grants a petition in whole or in part.

(2) All published notices of proposed adoption, amendment, or repeal of the regulation, and an updated informative digest, the initial statement of reasons, and the final statement of reasons.

(3) The determination, together with the supporting data required by paragraph (5) of subdivision (a) of Section 11346.5.

(4) The determination, together with the supporting data required by paragraph (8) of subdivision (a) of Section 11346.5.

(5) The estimate, together with the supporting data and calculations, required by paragraph (6) of subdivision (a) of Section 11346.5.

(6) All data and other factual information, any studies or reports, and written comments submitted to the agency in connection with the adoption, amendment, or repeal of the regulation.

(7) All data and other factual information, technical, theoretical, and empirical studies or reports, if any, on which the agency is relying in the adoption, amendment, or repeal of a regulation, including any cost impact estimates as required by Section 11346.3.

(8) A transcript, recording, or minutes of any public hearing connected with the adoption, amendment, or repeal of the regulation.

(9) The date on which the agency made the full text of the proposed regulation available to the public for 15 days prior to the adoption, amendment, or repeal of the regulation, if required to do so by subdivision (c) of Section 11346.8.

(10) The text of regulations as originally proposed and the modified text of regulations, if any, that were made available to the public prior to adoption.

(11) Any other information, statement, report, or data that the agency is required by law to consider or prepare in connection with the adoption, amendment, or repeal of a regulation.

(12) An index or table of contents that identifies each item contained in the rulemaking file. The index or table of contents shall include an affidavit or a declaration under penalty of perjury in the form specified by Section 2015.5 of the Code of Civil Procedure by the agency official who has compiled the rulemaking file, specifying the date upon which the record was closed, and that the file or the copy, if submitted, is complete.

(c) Every agency shall submit to the office with the adopted regulation, the rulemaking file or a complete copy of the rulemaking file.

(d) The rulemaking file shall be made available by the agency to the public, and to the courts in connection with the review of the regulation.

(e) Upon filing a regulation with the Secretary of State pursuant to Section 11349.3, the office shall return the related rulemaking file to the agency, after which no item contained in the file shall be removed, altered, or destroyed or otherwise disposed of. The agency shall maintain the file unless it elects to transmit the file to the State Archives pursuant to subdivision (f).

(f) The agency may transmit the rulemaking file to the State Archives. The file shall include instructions that the Secretary of State shall not remove, alter, or destroy or otherwise dispose of any item contained in the file. Pursuant to Section 12223.5, the Secretary of State may designate a time for the delivery of the rulemaking file to the State

Archives in consideration of document processing or storage limitations.

SEC. 31. Section 11349 of the Government Code is amended to read:

11349. The following definitions govern the interpretation of this chapter:

(a) ''Necessity'' means the record of the rulemaking proceeding demonstrates by substantial evidence the need for a regulation to effectuate the purpose of the statute, court decision, or other provision of law that the regulation implements, interprets, or makes specific, taking into account the totality of the record. For purposes of this standard, evidence includes, but is not limited to, facts, studies, and expert opinion.

(b) ''Authority'' means the provision of law which permits or obligates the agency to adopt, amend, or repeal a regulation.

(c) ''Clarity'' means written or displayed so that the meaning of regulations will be easily understood by those persons directly affected by them.

(d) ''Consistency'' means being in harmony with, and not in conflict with or contradictory to, existing statutes, court decisions, or other provisions of law.

(e) ''Reference'' means the statute, court decision, or other provision of law which the agency implements, interprets, or makes specific by adopting, amending, or repealing a regulation.

(f) ''Nonduplication'' means that a regulation does not serve the same purpose as a state or federal statute or another regulation. This standard requires that an agency proposing to amend or adopt a regulation must identify any state or federal statute or regulation which is overlapped or duplicated by the proposed regulation and justify any overlap or duplication. This standard is not intended to prohibit state agencies from printing relevant portions of enabling legislation in regulations when the duplication is necessary to satisfy the clarity standard in paragraph (3) of subdivision (a) of Section 11349.1. This standard is intended to prevent the indiscriminate incorporation of statutory language in a regulation.

SEC. 32. Section 11349.1 of the Government Code is amended to read:

11349.1. (a) The office shall review all regulations adopted, amended, or repealed pursuant to the procedure specified in Article 5 (commencing with Section 11346) and submitted to it for publication in the California Code of Regulations Supplement and for transmittal to the Secretary of State and make determinations using all of the following standards:

(1) Necessity.

(2) Authority.
(3) Clarity.
(4) Consistency.
(5) Reference.
(6) Nonduplication.

In reviewing regulations pursuant to this section, the office shall restrict its review to the regulation and the record of the rulemaking proceeding. The office shall approve the regulation or order of repeal if it complies with the standards set forth in this section and with this chapter.

(b) In reviewing proposed regulations for the criteria in subdivision (a), the office may consider the clarity of the proposed regulation in the context of related regulations already in existence.

(c) The office shall adopt regulations governing the procedures it uses in reviewing regulations submitted to it. The regulations shall provide for an orderly review and shall specify the methods, standards, presumptions, and principles the office uses, and the limitations it observes, in reviewing regulations to establish compliance with the standards specified in subdivision (a). The regulations adopted by the office shall ensure that it does not substitute its judgment for that of the rulemaking agency as expressed in the substantive content of adopted regulations.

(d) The office shall return any regulation subject to this chapter to the adopting agency if any of the following occur:

(1) The adopting agency has not prepared the estimate required by paragraph (6) of subdivision (a) of Section 11346.5 and has not included the data used and calculations made and the summary report of the estimate in the file of the rulemaking.

(2) The agency has not complied with Section 11346.3.

(3) The adopting agency has prepared the estimate required by paragraph (6) of subdivision (a) of Section 11346.5, the estimate indicates that the regulation will result in a cost to local agencies or school districts that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4, and the adopting agency fails to do any of the following:

(A) Cite an item in the Budget Act for the fiscal year in which the regulation will go into effect as the source from which the Controller may pay the claims of local agencies or school districts.

(B) Cite an accompanying bill appropriating funds as the source from which the Controller may pay the claims of local agencies or school districts.

(C) Attach a letter or other documentation from the Department of Finance which states that the Department of Finance has approved a request by the agency that funds be included in the Budget Bill for the

next following fiscal year to reimburse local agencies or school districts for the costs mandated by the regulation.

(D) Attach a letter or other documentation from the Department of Finance which states that the Department of Finance has authorized the augmentation of the amount available for expenditure under the agency's appropriation in the Budget Act which is for reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 to local agencies or school districts from the unencumbered balances of other appropriations in the Budget Act and that this augmentation is sufficient to reimburse local agencies or school districts for their costs mandated by the regulation.

(e) The office shall notify the Department of Finance of all regulations returned pursuant to subdivision (d).

(f) The office shall return a rulemaking file to the submitting agency if the file does not comply with subdivisions (a) and (b) of Section 11347.3. Within three state working days of the receipt of a rulemaking file, the office shall notify the submitting agency of any deficiency identified. If no notice of deficiency is mailed to the adopting agency within that time, a rulemaking file shall be deemed submitted as of the date of its original receipt by the office. A rulemaking file shall not be deemed submitted until each deficiency identified under this subdivision has been corrected.

This subdivision shall not limit the review of regulations under this article, including, but not limited to, the conformity of rulemaking files to subdivisions (a) and (b) of Section 11347.3.

SEC. 33. Section 11349.2 is added to the Government Code, to read:

11349.2. An agency may add material to a rulemaking file that has been submitted to the office for review pursuant to this article if addition of the material does not violate other requirements of this chapter.

SEC. 34. Section 11349.6 of the Government Code is amended to read:

11349.6. (a) In the event the adopting agency has complied with Sections 11346.2 to 11347.3, inclusive, prior to the adoption of the regulation as an emergency, the office shall approve or disapprove the regulation in accordance with this article.

(b) Emergency regulations adopted pursuant to subdivision (b) of Section 11346.1 shall be reviewed by the office within 10 calendar days after their submittal to the office. The office shall not file the emergency regulations with the Secretary of State if it determines that the regulation is not necessary for the immediate preservation of the public peace, health and safety, or general welfare, or if it determines that the regulation fails to meet the standards set forth in Section 11349.1, or if it determines the agency failed to comply with subdivisions (b) and (c) of Section 11346.1.

(c) If the office considers any information not submitted to it by the rulemaking agency when determining whether to file emergency regulations, the office shall provide the rulemaking agency with an opportunity to rebut or comment upon that information.

(d) Within 30 working days of the filing of a certificate of compliance, the office shall review the regulation and hearing record and approve or order the repeal of an emergency regulation if it determines that the regulation fails to meet the standards set forth in Section 11349.1, or if it determines that the agency failed to comply with this chapter.

SEC. 35. Section 11350 of the Government Code is amended to read:

11350. (a) Any interested person may obtain a judicial declaration as to the validity of any regulation or order or repeal by bringing an action for declaratory relief in the superior court in accordance with the Code of Civil Procedure. The right to judicial determination shall not be affected by the failure either to petition or to seek reconsideration of a petition filed pursuant to Section 11340.7 before the agency promulgating the regulation or order of repeal. The regulation or order of repeal may be declared to be invalid for a substantial failure to comply with this chapter, or, in the case of an emergency regulation or order of repeal, upon the ground that the facts recited in the statement prepared pursuant to subdivision (b) of Section 11346.1 do not constitute an emergency within the provisions of Section 11346.1.

(b) In addition to any other ground that may exist, a regulation or order of repeal may be declared invalid if either of the following exists:

(1) The agency's determination that the regulation is reasonably necessary to effectuate the purpose of the statute, court decision, or other provision of law that is being implemented, interpreted, or made specific by the regulation is not supported by substantial evidence.

(2) The agency declaration pursuant to paragraph (8) of subdivision (a) of Section 11346.5 is in conflict with substantial evidence in the record.

(c) The approval of a regulation or order of repeal by the office or the Governor's overruling of a decision of the office disapproving a regulation or order of repeal shall not be considered by a court in any action for declaratory relief brought with respect to a regulation or order of repeal.

(d) In a proceeding under this section, a court may only consider the following evidence:

(1) The rulemaking file prepared under Section 11347.3.

(2) The written statement prepared pursuant to subdivision (b) of Section 11346.1.

(3) An item that is required to be included in the rulemaking file but is not included in the rulemaking file, for the sole purpose of proving its omission.

(4) Any evidence relevant to whether a regulation used by an agency is required to be adopted under this chapter.

SEC. 36. Section 11350.3 of the Government Code is amended to read:

11350.3. Any interested person may obtain a judicial declaration as to the validity of a regulation or order of repeal which the office has disapproved pursuant to Section 11349.3, or 11349.6, or of a regulation that has been ordered repealed pursuant to Section 11349.7 by bringing an action for declaratory relief in the superior court in accordance with the Code of Civil Procedure. The court may declare the regulation valid if it determines that the regulation meets the standards set forth in Section 11349.1 and that the agency has complied with this chapter. If the court so determines, it may order the office to immediately file the regulation with the Secretary of State.

SEC. 37. Section 11353 of the Government Code is amended to read:

11353. (a) Except as provided in subdivision (b), this chapter does not apply to the adoption or revision of state policy for water quality control and the adoption or revision of water quality control plans and guidelines pursuant to Division 7 (commencing with Section 13000) of the Water Code.

(b) (1) Any policy, plan, or guideline, or any revision thereof, that the State Water Resources Control Board has adopted or that a court determines is subject to this part, after June 1, 1992, shall be submitted to the office.

(2) The State Water Resources Control Board shall include in its submittal to the office all of the following:

(A) A clear and concise summary of any regulatory provisions adopted or approved as part of that action, for publication in the California Code of Regulations.

(B) The administrative record for the proceeding. Proposed additions to a policy, plan, or guideline shall be indicated by underlined text and proposed deletions shall be indicated by strike-through text in documents submitted as part of the administrative record for the proceeding.

(C) A summary of the necessity for the regulatory provision.

(D) A certification by the chief legal officer of the State Water Resources Control Board that the action was taken in compliance with all applicable procedural requirements of Division 7 (commencing with Section 13000) of the Water Code.

(3) Paragraph (2) does not limit the authority of the office to review any regulatory provision which is part of the policy, plan, or guideline submitted by the State Water Resources Control Board.

(4) The office shall review the regulatory provisions to determine compliance with the standards of necessity, authority, clarity, consistency, reference, and nonduplication set forth in subdivision (a) of Section 11349.1. The office shall also review the responses to public comments prepared by the State Water Resources Control Board or the appropriate regional water quality control board to determine compliance with the public participation requirements of the Federal Water Pollution Control Act (33 U.S.C. Sec. 1251 et seq.). The office shall restrict its review to the regulatory provisions and the administrative record of the proceeding. Sections 11349.3, 11349.4, 11349.5, and 11350.3 shall apply to the review by the office to the extent that those sections are consistent with this section.

(5) The policy, plan, guideline, or revision shall not become effective unless and until the regulatory provisions are approved by the office in accordance with subdivision (a) of Section 11349.3.

(6) Upon approval of the regulatory provisions, the office shall transmit to the Secretary of State for filing the clear and concise summary of the regulatory provisions submitted by the State Water Resources Control Board.

(7) Any proceedings before the State Water Resources Control Board or a California regional water quality control board to take any action subject to this subdivision shall be conducted in accordance with the procedural requirements of Division 7 (commencing with Section 13000) of the Water Code, together with any applicable requirements of the Federal Water Pollution Control Act (33 U.S.C. Sec. 1251 et seq.), and the requirements of this chapter, other than the requirement for review by the office in accordance with this subdivision, shall not apply.

(8) This subdivision shall not provide a basis for review by the office under this subdivision or Article 6 (commencing with Section 11349) of any such policy, plan, or guideline adopted or revised prior to June 1, 1992.

(c) Subdivision (a) does not apply to a provision of any policy, plan, guideline, or revision, as applied to any person who, as of June 1, 1992, was a party to a civil action challenging that provision on the grounds that it has not been adopted as a regulation pursuant to this chapter.

(d) Copies of the policies, plans, and guidelines to which subdivision (a) applies shall be maintained at central locations for inspection by the public. The State Water Resources Control Board shall maintain, at its headquarters in Sacramento, a current copy of each policy, plan, or guideline in effect. Each regional water quality control board shall maintain at its headquarters a current copy of each policy, plan, or

guideline in effect in its respective region. Any revision of a policy, plan, or guideline shall be made available for inspection by the public within 30 days of its effective date.

SEC. 38. Section 11356 of the Government Code is amended to read:

11356. (a) Article 6 (commencing with Section 11349) is not applicable to a building standard.

(b) Article 5 (commencing with Section 11346) is applicable to those building standards, except that the office shall not disapprove those building standards nor refuse to publish any notice of proposed building standards if either has been approved by, and submitted to, the office by the California Building Standards Commission pursuant to Section 18935 of the Health and Safety Code.

SEC. 39. Section 27491.41 of the Government Code is amended to read:

27491.41. (a) For purposes of this section, ''sudden infant death syndrome'' means the sudden death of any infant that is unexpected by the history of the infant and where a thorough postmortem examination fails to demonstrate an adequate cause of death.

(b) The Legislature finds and declares that sudden infant death syndrome (SIDS) is the leading cause of death for children under age one, striking one out of every 500 children. The Legislature finds and declares that sudden infant death syndrome is a serious problem within the State of California, and that public interest is served by research and study of sudden infant death syndrome, and its potential causes and indications.

(c) (1) To facilitate these purposes, the coroner shall, within 24 hours, or as soon thereafter as feasible, perform an autopsy in any case where an infant has died suddenly and unexpectedly.

(2) However, if the attending physician desires to certify that the cause of death is sudden infant death syndrome, an autopsy may be performed at the discretion of the coroner. If the coroner performs an autopsy pursuant to this section, he or she shall also certify the cause of death.

(d) The autopsy shall be conducted pursuant to a standardized protocol developed by the State Department of Health Services. The protocol is exempt from the procedural requirements pertaining to the adoption of administrative rules and regulations pursuant to Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code. The protocol shall be developed and approved by July 1, 1990.

(e) The protocol shall be followed by all coroners throughout the state when conducting the autopsies required by this section. The coroner shall state on the certificate of death that sudden infant death syndrome

was the cause of death when the coroner's findings are consistent with the definition of sudden infant death syndrome specified in the standardized autopsy protocol. The protocol may include requirements and standards for scene investigations, requirements for specific data, criteria for ascertaining cause of death based on the autopsy, and criteria for any specific tissue sampling, and any other requirements. The protocol may also require that specific tissue samples must be provided to a central tissue repository designated by the State Department of Health Services.

(f) The State Department of Health Services shall establish procedures and protocols for access by researchers to any tissues, or other materials or data authorized by this section. Research may be conducted by any individual with a valid scientific interest and prior approval from the State Committee for the Protection of Human Subjects. The tissue samples, the materials, and all data shall be subject to the confidentiality requirements of Section 103850 of the Health and Safety Code.

(g) The coroner may take tissue samples for research purposes from infants who have died suddenly and unexpectedly without consent of the responsible adult if the tissue removal is not likely to result in any visible disfigurement.

(h) A coroner shall not be liable for damages in a civil action for any act or omission done in compliance with this section.

(i) No consent of any person is required prior to undertaking the autopsy required by this section.

SEC. 40. Section 57004 of the Health and Safety Code is amended to read:

57004. (a) For purposes of this section, the following terms have the following meanings:

(1) ''Rule'' means either of the following:

(A) A regulation, as defined in Section 11342.600 of the Government Code.

(B) A policy adopted by the State Water Resources Control Board pursuant to the Porter-Cologne Water Quality Control Act (Division 7 (commencing with Section 13000) of the Water Code) that has the effect of a regulation and that is adopted in order to implement or make effective a statute.

(2) ''Scientific basis'' and ''scientific portions'' mean those foundations of a rule that are premised upon, or derived from, empirical data or other scientific findings, conclusions, or assumptions establishing a regulatory level, standard, or other requirement for the protection of public health or the environment.

(b) The agency, or a board, department, or office within the agency, shall enter into an agreement with the National Academy of Sciences,

the University of California, the California State University, or any similar scientific institution of higher learning, any combination of those entities, or with a scientist or group of scientists of comparable stature and qualifications that is recommended by the President of the University of California, to conduct an external scientific peer review of the scientific basis for any rule proposed for adoption by any board, department, or office within the agency. The scientific basis or scientific portion of a rule adopted pursuant to Chapter 6.6 (commencing with Section 25249.5) of Division 20 or Chapter 3.5 (commencing with Section 39650) of Division 26 shall be deemed to have complied with this section if it complies with the peer review processes established pursuant to these statutes.

(c) No person may serve as an external scientific peer reviewer for the scientific portion of a rule if that person participated in the development of the scientific basis or scientific portion of the rule.

(d) No board, department, or office within the agency shall take any action to adopt the final version of a rule unless all of the following conditions are met:

(1) The board, department, or office submits the scientific portions of the proposed rule, along with a statement of the scientific findings, conclusions, and assumptions on which the scientific portions of the proposed rule are based and the supporting scientific data, studies, and other appropriate materials, to the external scientific peer review entity for its evaluation.

(2) The external scientific peer review entity, within the timeframe agreed upon by the board, department, or office and the external scientific peer review entity, prepares a written report that contains an evaluation of the scientific basis of the proposed rule. If the external scientific peer review entity finds that the board, department, or office has failed to demonstrate that the scientific portion of the proposed rule is based upon sound scientific knowledge, methods, and practices, the report shall state that finding, and the reasons explaining the finding, within the agreed-upon timeframe. The board, department, or office may accept the finding of the external scientific peer review entity, in whole, or in part, and may revise the scientific portions of the proposed rule accordingly. If the board, department, or office disagrees with any aspect of the finding of the external scientific peer review entity, it shall explain, and include as part of the rulemaking record, its basis for arriving at such a determination in the adoption of the final rule, including the reasons why it has determined that the scientific portions of the proposed rule are based on sound scientific knowledge, methods, and practices.

(e) The requirements of this section do not apply to any emergency regulation adopted pursuant to subdivision (b) of Section 11346.1 of the Government Code.

It is the intent of the Legislature, in authorizing the deviations in this subdivision from the requirements and procedures of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, to authorize the department to expedite the exercise of its power to implement regulations as its unique operational circumstances require.

CHAPTER 1061

An act to add Section 597.2 to the Penal Code, relating to cruelty to animals.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 597.2 is added to the Penal Code, to read:

597.2. (a) Every person who operates a live animal market shall do all of the following:

(1) Provide that no animal will be dismembered, flayed, cut open, or have its skin, scales, feathers, or shell removed while the animal is still alive.

(2) Provide that no live animals will be confined, held, or displayed in a manner that results, or is likely to result, in injury, starvation, dehydration, or suffocation.

(b) As used in this section:

(1) ''Animal'' means frogs, turtles, and birds sold for the purpose of human consumption, with the exception of poultry.

(2) ''Live animal market'' means a retail food market where, in the regular course of business, animals are stored alive and sold to consumers for the purpose of human consumption.

(c) Any person who fails to comply with any requirement of subdivision (a) shall for the first violation, be given a written warning in a written language that is understood by the person receiving the warning. A second or subsequent violation of subdivision (a) shall be an infraction, punishable by a fine of not less than two hundred fifty dollars ($250), nor more than one thousand dollars ($1,000). However, a fine paid for a second violation of subdivision (a) shall be deferred for six months if a course is available that is administered by a state or local agency on state law and local ordinances relating to live animal markets. If the defendant successfully completes that course within six months of entry of judgment, the fine shall be waived. The state or local agency may charge the participant a fee to take the course, not to exceed one hundred dollars ($100).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 1062

An act to add Article 11.5 (commencing with Section 111067) to Chapter 5 of Part 5 of Division 104 of the Health and Safety Code, relating to aquatic animals.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Live turtles and bullfrogs have been sold in retail food markets and restaurants in California since the days of the Gold Rush, and hundreds of thousands of live turtles and bullfrogs are imported into California each year and are sold for human consumption.

(b) Wholesalers and retail restaurants in California purchase an estimated 1,000,000 pounds of live turtles and bullfrogs each year to sell at restaurants and seafood markets throughout California, primarily in Asian-American communities.

(c) Small food markets and restaurants that specialize in selling and preparing fresh seafood and Asian delicacies depend upon the importation of live turtles and bullfrogs to sustain their businesses.

(d) It is the intent of the Legislature in enacting this act that local governments play an active role over the sale of live animals for food, as they deem necessary, because local governments are in a good position to regulate live animal markets.

SEC. 2. Article 11.5 (commencing with Section 111067) is added to Chapter 5 of Part 5 of Division 104 of the Health and Safety Code, to read:

Article 11.5. Local Enforcement: Live Food

111067. (a) Any city, county, or city and county may adopt an ordinance that provides for the regulation of the disposition of bullfrogs and turtles imported for sale in live animal markets for use as food. The ordinances may provide for all of the following:

(1) The designation of a local agency to carry out this article.

(2) Require a permit, issued by an agency designated by the city, county, or city and county to issue permits, for the sale of bullfrogs and turtles imported for sale in live animal markets for use as food.

(3) Establish a fee for the permit in an amount determined sufficient to offset the administrative cost of issuing the permit and enforcing the provisions of the ordinance.

(4) Require that animals sold pursuant to the permit be dispatched at the time of sale.

(5) Require that signs be posted at the permittee's place of business, stating that animals must be properly dispatched and that release into the wild in a live state is unlawful.

(6) Authorize the local agency, after notice and opportunity for a hearing, to suspend or revoke a permit issued pursuant to paragraph (1) for violation of any provision of the ordinance adopted pursuant to this article.

(b) The State Department of Health Services and the Department of Fish and Game may consult with a city, county, or city and county for purposes related to this article.

111068. Nothing in this article is intended to limit or preempt the jurisdiction of any state agency or commission, or any other state entity, from adopting any regulation or taking any action it deems necessary and appropriate regardless of any local ordinance adopted pursuant to this article.

SEC. 3. This act shall become operative only if Assembly Bill 2479 of the 1999–2000 Regular Session is enacted and becomes operative on or before January 1, 2001.

CHAPTER 1063

An act to amend Section 11836 of the Health and Safety Code, and to add Section 13352.6 to, and to repeal and add Article 2 (commencing with Section 23502) of Chapter 1 of Division 11.5 of, the Vehicle Code, relating to vehicles.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 11836 of the Health and Safety Code is amended to read:

11836. (a) The department shall have the sole authority to issue, deny, suspend, or revoke the license of a driving-under-the-influence program. As used in this chapter ''program'' means any firm, partnership, association, corporation, local governmental entity, agency or place that has been initially recommended by the county board of supervisors and that is subsequently licensed by the department to provide alcohol or drug recovery services to any of the following:

(1) A person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a violation of Section 23152 or 23153 of the Vehicle Code, and admitted to a program pursuant to Section 13352, 13353.4, 23538, 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code.

(2) A person who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of the Harbors and Navigation Code, or of Section 655.4 of that code, and admitted to the program pursuant to Section 668 of that code.

(3) A person who has pled guilty or nolo contendere to a charge of a violation of Section 23103 of the Vehicle Code, under the conditions set forth in subdivision (c) of Section 23103.5 of the Vehicle Code, and who has been admitted to the program under subdivision (e) of Section 23103.5 of the Vehicle Code.

(4) A person whose license has been suspended, revoked, or delayed due to a violation of Section 23140, and who has been admitted to a program under Article 2 (commencing with Section 23502) of Chapter 1 of Division 11.5 of the Vehicle Code.

(b) If a firm, partnership, corporation, association, local government entity, agency, or place has, or is applying for, more than one license, the department shall treat each licensed program, or each program seeking licensure, as belonging to a separate firm, partnership, corporation, association, local government entity, agency, or place for the purposes of this chapter.

SEC. 1.5. Section 11836 is added to the Health and Safety Code, to read:

11836. (a) The department shall have the sole authority to issue, deny, suspend, or revoke the license of a driving-under-the-influence program. As used in this chapter, ''program'' means any firm, partnership, association, corporation, local governmental entity, agency or place that has been initially recommended by the county board of supervisors, subject to any limitation imposed pursuant to subdivisions (c) and (d), and that is subsequently licensed by the department to

provide alcohol or drug recovery services in that county to any of the following:

(1) A person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a violation of Section 23152 or 23153 of the Vehicle Code, and admitted to a program pursuant to Section 13352, 13353.4, 23538, 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code.

(2) A person who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of the Harbors and Navigation Code, or of Section 655.4 of that code, and admitted to the program pursuant to Section 668 of that code.

(3) A person who has pled guilty or nolo contendere to a charge of a violation of Section 23103 of the Vehicle Code, under the conditions set forth in subdivision (c) of Section 23103.5 of the Vehicle Code, and who has been admitted to the program under subdivision (e) of Section 23103.5 of the Vehicle Code.

(4) A person whose license has been suspended, revoked, or delayed due to a violation of Section 23140, and who has been admitted to a program under Article 2 (commencing with Section 23502) of Chapter 1 of Division 11.5 of the Vehicle Code.

(b) If a firm, partnership, corporation, association, local government entity, agency, or place has, or is applying for, more than one license, the department shall treat each licensed program, or each program seeking licensure, as belonging to a separate firm, partnership, corporation, association, local government entity, agency, or place for the purposes of this chapter.

(c) For purposes of providing recommendations to the department pursuant to subdivision (a), a county board of supervisors may limit its recommendations to those programs that provide services for persons convicted of a first driving-under-the-influence offense, or services to those persons convicted of a second or subsequent driving-under-the-influence offense, or both services. If a county board of supervisors fails to provide recommendations, the department shall determine the program or programs to be licensed in that county.

(d) After determining a need, a county board of supervisors may also place one or more limitations on the services to be provided by a driving-under-the-influence program or the area the program may operate within the county, when it initially recommends a program to the department pursuant to subdivision (a).

(1) For purposes of this subdivision, a board of supervisors may restrict a program for those convicted of a first driving-under-the-influence offense to providing only a three-month program, or may restrict a program to those convicted of a second or

subsequent driving-under-the-influence offense to providing only an 18-month program, as a condition of its recommendation.

(2) A board of supervisors may not place any restrictions on a program that would violate any statute or regulation.

(3) When recommending a program, if a board of supervisors fails to place any limitation on a program pursuant to this subdivision, the department may license that program to provide any driving-under-the-influence program services that are allowed by law within that county.

(4) This subdivision is intended to apply only to the initial recommendation to the State Department of Alcohol and Drug Programs for licensure of a program by the county. It is not intended to affect any license that has been previously issued by the department or the renewal of any license for a driving-under-the-influence program. In counties where a contract or other written agreement is currently in effect between the county and a licensed driving-under-the-influence program operating in that county, this subdivision is not intended to alter the terms of that relationship or the renewal of that relationship.

SEC. 2. Section 13352.6 is added to the Vehicle Code, to read:

13352.6. (a) The department shall immediately suspend the driving privilege of any person who is 18 years of age or older and is convicted of a violation of Section 23140, upon receipt of a duly certified abstract of the record of any court showing that conviction. The privilege may not be reinstated until the person provides the department with proof, satisfactory to the department, of financial responsibility and of successful completion of a driving-under-the-influence program licensed under Section 11836 of the Health and Safety Code. That attendance shall be as follows:

(1) If, within seven years of the current violation of Section 23140, the person has not been convicted of a separate violation of Section 23140, 23152, or 23153, or of Section 23103, with a plea of guilty under Section 23103.5, or of Section 655 of the Harbors and Navigation Code, or of Section 191.5 of, or paragraph (3) of subdivision (c) of Section 192 of, the Penal Code, the person shall complete, at a minimum, the education component of that licensed driving-under-the-influence program.

(2) If the person does not meet the requirements of paragraph (1), the person shall complete, at a minimum, the program described in paragraph (1) of subdivision (c) of Section 11837 of the Health and Safety Code.

(b) For the purposes of this section, enrollment, participation, and completion of the program shall be subsequent to the date of the current violation. No credit for enrollment, participation, or completion may be

given for any program activities completed prior to the date of the current violation.

SEC. 3. Article 2 (commencing with Section 23502) of Chapter 1 of Division 11.5 of the Vehicle Code is repealed.

SEC. 4. Article 2 (commencing with Section 23502) is added to Chapter 1 of Division 11.5 of the Vehicle Code, to read:

Article 2. Penalties for a Violation of Section 23140

23502. (a) Notwithstanding any other provision of law, if a person who is at least 18 years of age is convicted of a first violation of Section 23140, in addition to any penalties, the court shall order the person to attend a program licensed under Section 11836 of the Health and Safety Code, subject to a fee schedule developed under paragraph (2) of subdivision (b) of Section 11837.4 of the Health and Safety Code.

(b) The attendance in a licensed driving-under-the-influence program required under subdivision (a) shall be as follows:

(1) If, within seven years of the current violation of Section 23140, the person has not been convicted of a separate violation of Section 23140, 23152, or 23153, or of Section 23103, with a plea of guilty under Section 23103.5, or of Section 655 of the Harbors and Navigation Code, or of Section 191.5 of, or paragraph (3) of subdivision (c) of Section 192 of, the Penal Code, the person shall complete, at a minimum, the education component of that licensed driving-under-the-influence program.

(2) If the person does not meet the requirements of paragraph (1), the person shall complete, at a minimum, the program described in paragraph (1) of subdivision (c) of Section 11837 of the Health and Safety Code.

(c) The person's privilege to operate a motor vehicle shall be suspended by the department as required under Section 13352.6, and the court shall require the person to surrender his or her driver's license to the court in accordance with Section 13550.

(d) The court shall advise the person at the time of sentencing that the driving privilege will not be restored until the person has provided the department with proof satisfactory to the department that the person has successfully completed the driving under the influence program required under this section.

SEC. 5. Section 1.5 of this bill incorporates changes to Section 11836 of the Health and Safety Code proposed by both this bill and AB 2227. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill affects Section 11836 of the Health and Safety Code, and (3) this bill is enacted after AB 2227 in which case Section 11836 of the Health and Safety

Code, as amended by Section 1 of this bill, shall not become operative and Section 1.5 of this bill, adding Section 11836 to the Health and Safety Code, shall become operative.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(1) A person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a violation of Section 23152 or 23153 of the Vehicle Code, and admitted to a program pursuant to Section 13352, 13353.4, 23538, 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code.

(2) A person who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of the Harbors and Navigation Code, or of Section 655.4 of that code, and admitted to the program pursuant to Section 668 of that code.

(3) A person who has pled guilty or nolo contendere to a charge of a violation of Section 23103 of the Vehicle Code, under the conditions set forth in subdivision (c) of Section 23103.5 of the Vehicle Code, and who has been admitted to the program under subdivision (e) of Section 23103.5 of the Vehicle Code.

(b) If a firm, partnership, corporation, association, local government entity, agency, or place has, or is applying for, more than one license, the department shall treat each licensed program, or each program seeking licensure, as belonging to a separate firm, partnership, corporation, association, local government entity, agency, or place for the purposes of this chapter.

(c) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

SEC. 2. Section 11836 is added to the Health and Safety Code, to read:

11836. (a) The department shall have the sole authority to issue, deny, suspend, or revoke the license of a driving-under-the-influence program. As used in this chapter, ''program'' means any firm, partnership, association, corporation, local governmental entity, agency or place that has been initially recommended by the county board of supervisors, subject to any limitation imposed pursuant to subdivisions (c) and (d), and that is subsequently licensed by the department to provide alcohol or drug recovery services in that county to any of the following:

(1) A person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a violation of Section 23152 or 23153 of the Vehicle Code, and admitted to a program pursuant to Section 13352, 13353.4, 23538, 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code.

(2) A person who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of the Harbors and Navigation Code, or of Section 655.4 of that code, and admitted to the program pursuant to Section 668 of that code.

(3) A person who has pled guilty or nolo contendere to a charge of a violation of Section 23103 of the Vehicle Code, under the conditions set forth in subdivision (c) of Section 23103.5 of the Vehicle Code, and who has been admitted to the program under subdivision (e) of Section 23103.5 of the Vehicle Code.

(b) If a firm, partnership, corporation, association, local government entity, agency, or place has, or is applying for, more than one license, the department shall treat each licensed program, or each program seeking licensure, as belonging to a separate firm, partnership, corporation,

association, local government entity, agency, or place for the purposes of this chapter.

(c) For purposes of providing recommendations to the department pursuant to subdivision (a), a county board of supervisors may limit its recommendations to those programs that provide services for persons convicted of a first driving-under-the-influence offense, or services to those persons convicted of a second or subsequent driving-under-the-influence offense, or both services. If a county board of supervisors fails to provide recommendations, the department shall determine the program or programs to be licensed in that county.

(d) After determining a need, a county board of supervisors may also place one or more limitations on the services to be provided by a driving-under-the-influence program or the area the program may operate within the county, when it initially recommends a program to the department pursuant to subdivision (a).

(1) For purposes of this subdivision, a board of supervisors may restrict a program for those convicted of a first driving-under-the-influence offense to providing only a three-month program, or may restrict a program to those convicted of a second or subsequent driving-under-the-influence offense to providing only an 18-month program, as a condition of its recommendation.

(2) A board of supervisors may not place any restrictions on a program that would violate any statute or regulation.

(3) When recommending a program, if a board of supervisors fails to place any limitation on a program pursuant to this subdivision, the department may license that program to provide any driving-under-the-influence program services that are allowed by law within that county.

(4) This subdivision is intended to apply only to the initial recommendation to the State Department of Alcohol and Drug Programs for licensure of a program by the county. It is not intended to affect any license that has been previously issued by the department or the renewal of any license for a driving-under-the-influence program. In counties where a contract or other written agreement is currently in effect between the county and a licensed driving-under-the-influence program operating in that county, this subdivision is not intended to alter the terms of that relationship or the renewal of that relationship.

(e) This section shall become operative on January 1, 2001.

SEC. 2.1. Section 11836 is added to the Health and Safety Code, to read:

11836. (a) The department shall have the sole authority to issue, deny, suspend, or revoke the license of a driving-under-the-influence program. As used in this chapter, ''program'' means any firm, partnership, association, corporation, local governmental entity, agency

or place that has been initially recommended by the county board of supervisors, subject to any limitation imposed pursuant to subdivisions (c) and (d), and that is subsequently licensed by the department to provide alcohol or drug recovery services in that county to any of the following:

(1) A person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a violation of Section 23152 or 23153 of the Vehicle Code, and admitted to a program pursuant to Section 13352, 13353.4, 23538, 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code.

(2) A person who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of the Harbors and Navigation Code, or of Section 655.4 of that code, and admitted to the program pursuant to Section 668 of that code.

(3) A person who has pled guilty or nolo contendere to a charge of a violation of Section 23103 of the Vehicle Code, under the conditions set forth in subdivision (c) of Section 23103.5 of the Vehicle Code, and who has been admitted to the program under subdivision (e) of Section 23103.5 of the Vehicle Code.

(4) A person whose license has been suspended, revoked, or delayed due to a violation of Section 23140, and who has been admitted to a program under Article 2 (commencing with Section 23502) of Chapter 1 of Division 11.5 of the Vehicle Code.

(b) If a firm, partnership, corporation, association, local government entity, agency, or place has, or is applying for, more than one license, the department shall treat each licensed program, or each program seeking licensure, as belonging to a separate firm, partnership, corporation, association, local government entity, agency, or place for the purposes of this chapter.

(c) For purposes of providing recommendations to the department pursuant to subdivision (a), a county board of supervisors may limit its recommendations to those programs that provide services for persons convicted of a first driving-under-the-influence offense, or services to those persons convicted of a second or subsequent driving-under-the-influence offense, or both services. If a county board of supervisors fails to provide recommendations, the department shall determine the program or programs to be licensed in that county.

(d) After determining a need, a county board of supervisors may also place one or more limitations on the services to be provided by a driving-under-the-influence program or the area the program may operate within the county, when it initially recommends a program to the department pursuant to subdivision (a).

(1) For purposes of this subdivision, a board of supervisors may restrict a program for those convicted of a first

driving-under-the-influence offense to providing only a three-month program, or may restrict a program to those convicted of a second or subsequent driving-under-the-influence offense to providing only an 18-month program, as a condition of its recommendation.

(2) A board of supervisors may not place any restrictions on a program that would violate and statute or regulation.

(3) When recommending a program, if a board of supervisors fails to place any limitation on a program pursuant to this subdivision, the department may license that program to provide any driving-under-the-influence program services that are allowed by law within that county.

(4) This subdivision is intended to apply only to the initial recommendation to the State Department of Alcohol and Drug Programs for licensure of a program by the county. It is not intended to affect any license that has been previously issued by the department or the renewal of any license for a driving-under-the-influence program. In counties where a contract or other written agreement is currently in effect between the county and a licensed driving-under-the-influence program operating in that county, this subdivision is not intended to alter the terms of that relationship or the renewal of that relationship.

(e) This section shall become operative on January 1, 2001.

SEC. 3. Section 11836.16 is added to the Health and Safety Code, to read:

11836.16. The State Department of Alcohol and Drug Programs shall adopt regulations for satellite offices of driving-under-the-influence programs. The regulations shall include, but not be limited to, any limitations on where a satellite office may be located and the minimum and maximum number of clients to whom a satellite office may provide services. When adopting regulations pursuant to this section, the department shall also consider an appropriate licensing procedure for these offices. For purposes of this section, a ''satellite office'' is an offsite location of an existing licensed driving-under-the-influence program.

SEC. 4. Section 11837.4 of the Health and Safety Code is amended to read:

11837.4. (a) No program, regardless of how it is funded, may be licensed unless all of the requirements of this chapter and of the regulations adopted pursuant to this chapter have been met.

(b) Each licensed program shall include, but not be limited to, the following:

(1) For the alcohol or drug education and counseling services programs specified in subdivision (b) of Section 11837, each program shall provide for close and regular face-to-face interviews. For the 18-month programs specified in subdivision (a) of Section 11837, each

program shall provide for close and regular supervision of the person, including face-to-face interviews at least once every other calendar week, regarding the person's progress in the program for the first 12 months of the program and shall provide only community reentry supervision during the final six months of the program. In the last six months of the 18-month program, the provider shall monitor the participant's community reentry activity with self-help groups, employment, family, and other areas of self-improvement. Unless otherwise ordered by the court, the provider's monitoring services is limited to not more than six hours. For the 30-month programs specified in subdivision (b) of Section 23548, subdivision (b) of Section 23552, and subdivision (b) of Section 23568 of the Vehicle Code, each program shall provide for close and regular supervision of the person, including regular, scheduled face-to-face interviews over the course of 30 months regarding the person's progress in the program and recovery from problem drinking, alcoholism, chemical dependency, or polydrug abuse, as prescribed by regulations of the department. The interviews in any of those programs shall be conducted individually with each person being supervised and shall occur at times other than when the person is participating in any group or other activities of the program. No program activity in which the person is participating shall be interrupted in order to conduct the individual interviews.

(2) (A) The department shall approve all fee schedules for the programs and shall require that each program be self-supporting from the participants' fees and that each program provide for the payment of the costs of the program by participants at times and in amounts commensurate with their ability to pay in order to enable these persons to participate. Each program shall make provisions for persons who can successfully document current inability to pay the fees. Only the department may establish the criteria and procedures for determining a participant's ability to pay. The department shall ensure that the fees are set at amounts which will enable programs to provide adequately for the immediate and long-term continuation of services required pursuant to this chapter. The fees shall be used only for the purposes set forth in this chapter, except that any profit or surplus, that does not exceed the maximum level established by the department, may be utilized for any purposes allowable under any other provisions of law. In its regulations, the department shall define, for the purposes of this paragraph, taking into account prudent accounting, management, and business practices and procedures, the terms ''profits'' and ''surplus.'' The department shall fairly construe these provisions so as not to jeopardize fiscal integrity of the programs. The department may not license any program if the department finds that any element of the administration of the program does not assure the fiscal integrity of the program.

(B) Each program licensed by the department under this section may request an increase in the fees. The request for an increase shall initially be sent to the county alcohol program administrator. The county alcohol program administrator shall, within 30 days of receiving the request, forward it to the department with the administrator's recommendation that the fee increase be approved or disapproved.

(C) The administrator's recommendation shall, among other things, take into account the rationale that the program has provided to the administrator for the increase and whether that increase would exceed the profit or surplus limit established by the department.

(D) If the county alcohol program administrator fails to forward the request to the department within the 30 days, the program may send the request directly to the department. In this instance, the department may act without the administrator's recommendation.

(E) The department shall, within 30 days of receiving the request pursuant to subparagraph (B) or (D) approve or disapprove the request. In making its decision, the department shall consider the matters described in subparagraph (C).

(3) The licensed programs described in paragraph (1) shall include a variety of treatment services for problem drinkers, alcoholics, chemical dependents, and polydrug abusers or shall have the capability of referring the persons to, and regularly and closely supervising the persons while in, any appropriate medical, hospital, or licensed residential treatment services or self-help groups for their problem drinking, alcoholism, chemical dependency, or polydrug abuse problem. In addition to the requirements of paragraph (1), the department shall prescribe in its regulations what other services the program shall provide, at a minimum, in the treatment of participants, which services may include lectures, classes, group discussions, group counseling, or individual counseling in addition to the interviews required by paragraph (1), or any combination thereof. However, any group discussion or counseling activity, other than classes or lectures, shall be regularly scheduled to consist of not more than 15 persons, except that they may, on an emergency basis, exceed 15, but not more than 17, persons, at any one meeting. At no time shall there be more than 17 persons in attendance at any one meeting. For the 30-month programs specified in subdivision (b) of Section 23548, subdivision (b) of Section 23552, and subdivision (b) of Section 23568 of the Vehicle Code, each licensed program shall include a method by which each participant shall maintain a compendium of probative evidence, as prescribed in the regulations of the department, on a trimonthly basis demonstrating a performance of voluntary community service by the participant, including, but not limited to, the prevention of drinking and driving, the promotion of safe driving, and responsible attitudes toward the use of

chemicals of any kind, for not less than 120 hours and not more than 300 hours, as determined by the court, with one-half of that time to be served during the initial 18 months of program participation and one-half of that time to be served in the final 12 months. In determining whether or not the participant has met the objectives of the program, the compendium of evidence shall also include, and the court shall consider, the participant's demonstration of significant improvement in any of the following areas of personal achievement:

(A) Significant improvement in occupational performance, including efforts to obtain gainful employment.

(B) Significant improvement in physical and mental health.

(C) Significant improvement in family relations, including financial obligations.

(D) Significant improvement in financial affairs and economic stability.

The compendium of evidence shall be maintained by the participant for review by the program, court, probation officer, or other appropriate governmental agency. The program officials, unless prohibited by the referring court, shall make provisions for a participant to voluntarily enter, using the participant's own resources, a licensed chemical dependency recovery hospital or residential treatment program which has a valid license issued by the State of California to provide alcohol or drug services, and to receive three weeks of program participation credit for each week of that treatment, not to exceed 12 weeks of program participation credit, but only if the treatment is at least two weeks in duration. The program shall document probative evidence of this hospital or residential care treatment in the participant's program file.

(4) In order to assure program effectiveness, the department shall require, whenever appropriate, that the licensed program provides services to ethnic minorities, women, youth, or any other group that has particular needs relating to the program.

(5) The goal of each program shall be to assist persons participating in the program to recognize their chemical dependency and to assist them in their recovery.

(6) Each program shall establish a method by which the court, the Department of Motor Vehicles, and the person are notified in a timely manner of the person's failure to comply with the program's rules and regulations.

(c) No program may be licensed unless the county complies with the requirements of subdivision (b) of Section 11812. The provider of a program that offers an alcohol or drug education and counseling services program, an 18-month program, or a 30-month program or any or all of those programs described in this section shall be required to obtain only one license. The department's regulations shall specify the requirements

for the establishment of each program. The license issued by the department shall identify the program or programs licensed to operate.

(d) Departmental approval for the establishment of a 30-month program by a licensed 18-month program is contingent upon approval by the county alcohol program administrator, based upon confirmation that the program applicant is capable of providing the service and that the fiscal integrity of the program applicant will not be jeopardized by the operation of the program.

The court shall refer a person to a 30-month treatment program only if a 30-month program exists or is provided for in the jurisdiction of the court.

(e) A county or program shall not prescribe additional program requirements unless the requirements are specifically approved by the department.

(f) The department may license a program on a provisional basis.

SEC. 5. Section 9250.14 of the Vehicle Code is amended to read:

9250.14. (a) In addition to any other fees specified in this code and the Revenue and Taxation Code, upon the adoption of a resolution by any county board of supervisors, a fee of one dollar ($1) shall be paid at the time of registration or renewal of registration of every vehicle registered to an address within that county except those expressly exempted from payment of registration fees. The fees, after deduction of the administrative costs incurred by the department in carrying out this section, shall be paid quarterly to the Controller.

(b) Notwithstanding Section 13340 of the Government Code, the money paid to the Controller is continuously appropriated, without regard to fiscal years, for the administrative costs of the Controller, and for disbursement by the Controller to each county that has adopted a resolution pursuant to subdivision (a), based upon the number of vehicles registered, or whose registration is renewed, to an address within that county.

(c) Except as otherwise provided in this subdivision, money allocated to a county pursuant to subdivision (b) shall be expended exclusively to fund programs that enhance the capacity of local police and prosecutors to deter, investigate, and prosecute vehicle theft crimes. In any county with a population of 250,000 or less, the money shall be expended exclusively for those vehicle theft crime programs and for the prosecution of crimes involving driving while under the influence of alcohol or drugs, or both, in violation of Section 23152 or 23153, or vehicular manslaughter in violation of Section 191.5 or subdivision (c) of Section 192 of the Penal Code, or any combination of those crimes.

(d) No money collected pursuant to this section shall be expended to offset a reduction in any other source of funds, nor for any purpose not authorized under this section.

(e) Any funds received by a county prior to January 1, 2000, pursuant to this section that are not expended to deter, investigate, or prosecute crimes pursuant to subdivision (c) shall be returned to the Controller, for deposit in the Motor Vehicle Account in the State Transportation Fund. Those funds received by a county after January 1, 2000, shall be expended in accordance with this section.

(f) Each county that has adopted or adopts a resolution pursuant to subdivision (a) shall submit, on or before the 13th day following the end of each quarter, a quarterly expenditure and activity report to the designated statewide Vehicle Theft Investigation and Apprehension Coordinator in the Department of the California Highway Patrol. The coordinator shall compile all county reports and prepare an annual report for dissemination to the Legislature and participating counties.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2005, deletes or extends that date.

SEC. 5.5. Section 9250.14 of the Vehicle Code is amended to read:

9250.14. (a) (1) In addition to any other fees specified in this code and the Revenue and Taxation Code, upon the adoption of a resolution by any county board of supervisors, a fee of one dollar ($1) shall be paid at the time of registration or renewal of registration of every vehicle, except trailers and semitrailers described in subdivision (a) of Section 5014.1, registered to an address within that county except those expressly exempted from payment of registration fees. The fees, after deduction of the administrative costs incurred by the department in carrying out this section, shall be paid quarterly to the Controller.

(2) In addition to the one dollar ($1) service fee, and upon the implementation of the permanent trailer identification plate program, and as part of the Commercial Vehicle Registration Act of 2001, all commercial motor vehicles registered to an owner with an address in the county that established a service authority under this section, shall pay an additional service fee of two dollars ($2).

(b) Notwithstanding Section 13340 of the Government Code, the money paid to the Controller is continuously appropriated, without regard to fiscal years, for the administrative costs of the Controller, and for disbursement by the Controller to each county that has adopted a resolution pursuant to subdivision (a), based upon the number of vehicles registered, or whose registration is renewed, to an address within that county.

(c) Except as otherwise provided in this subdivision, money allocated to a county pursuant to subdivision (b) shall be expended exclusively to fund programs that enhance the capacity of local police and prosecutors to deter, investigate, and prosecute vehicle theft crimes. In any county with a population of 250,000 or less, the money shall be expended

exclusively for those vehicle theft crime programs and for the prosecution of crimes involving driving while under the influence of alcohol or drugs, or both, in violation of Section 23152 or 23153, or vehicular manslaughter in violation of Section 191.5 or subdivision (c) of Section 192 of the Penal Code, or any combination of those crimes.

(d) No money collected pursuant to this section shall be expended to offset a reduction in any other source of funds, nor for any purpose not authorized under this section.

(e) Any funds received by a county prior to January 1, 2000, pursuant to this section that are not expended to deter, investigate, or prosecute crimes pursuant to subdivision (c) shall be returned to the Controller, for deposit in the Motor Vehicle Account in the State Transportation Fund. Those funds received by a county after January 1, 2000, shall be expended in accordance with this section.

(f) Each county that has adopted or adopts a resolution pursuant to subdivision (a) shall submit, on or before the 13th day following the end of each quarter, a quarterly expenditure and activity report to the designated statewide Vehicle Theft Investigation and Apprehension Coordinator in the Department of the California Highway Patrol. The coordinator shall compile all county reports and prepare an annual report for dissemination to the Legislature and participating counties.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2005, deletes or extends that date.

SEC. 6. Section 13386 of the Vehicle Code is amended to read:

13386. (a) (1) The Department of Motor Vehicles shall certify or cause to be certified ignition interlock devices required by Article 5 (commencing with Section 23575) of Chapter 2 of Division 11.5 and publish a list of approved devices.

(2) (A) The Department of Motor Vehicles shall ensure that ignition interlock devices that have been certified according to the requirements of this section continue to meet certification requirements. The department may periodically require manufacturers to indicate in writing whether the devices continue to meet certification requirements.

(B) The department may use denial of certification, suspension, or revocation of certification, or decertification of an ignition interlock device in another state as an indication that the certification requirements are not met, if either of the following apply:

(i) The denial of certification, suspension or revocation of certification, or decertification in another state constitutes a violation by the manufacturer of Article 2.4 (commencing with Section 100.91) of Chapter 1 of Title 13 of the California Code of Regulations.

(ii) The denial of certification for an ignition interlock device in another state was due to a failure of an ignition interlock device to meet

the standards adopted by the regulation set forth in clause (i), specifically Sections 1 and 2 of the model specification for breath alcohol ignition interlock devices, as published by notice in the Federal Register, Vol. 57, No. 67, Tuesday, April 7, 1992, on pages 11774 to 11787, inclusive.

(C) Failure to continue to meet certification requirements shall result in suspension or revocation of certification of ignition interlock devices.

(b) The department shall utilize information from an independent laboratory to certify ignition interlock devices on or off the premises of the manufacturer or manufacturer's agent, in accordance with the guidelines. The cost of certification shall be borne by the manufacturers of ignition interlock devices. If the certification of a device is suspended or revoked, the manufacturer of the device shall be responsible for, and shall bear the cost of, the removal of the device and the replacement of a certified device of the manufacturer or another manufacturer.

(c) No model of ignition interlock device shall be certified unless it meets the accuracy requirements and specifications provided in the guidelines adopted by the National Highway Traffic Safety Administration.

(d) All manufacturers of ignition interlock devices that meet the requirements of subdivision (c) and are certified in a manner approved by the Department of Motor Vehicles, who intend to market the devices in this state, first shall apply to the Department of Motor Vehicles on forms provided by that department. The application shall be accompanied by a fee in an amount not to exceed the amount necessary to cover the costs incurred by the department in carrying out this section.

(e) The department shall ensure that standard forms and procedures are developed for documenting decisions and compliance and communicating results to relevant agencies. These forms shall include all of the following:

(1) An ''Option to Install,'' to be sent by the Department of Motor Vehicles to repeat offenders along with the mandatory order of suspension or revocation. This shall include the alternatives available for early license reinstatement with the installation of an ignition interlock device and shall be accompanied by a toll-free telephone number for each manufacturer of a certified ignition interlock device. Information regarding approved installation locations shall be provided to drivers by manufacturers with ignition interlock devices that have been certified in accordance with this section.

(2) A ''Verification of Installation'' to be returned to the department by the reinstating offender upon application for reinstatement. Copies shall be provided for the manufacturer or the manufacturer's agent.

(3) A ''Notice of Noncompliance'' and procedures to ensure continued use of the ignition interlock device during the restriction period and to ensure compliance with maintenance requirements. The

maintenance period shall be standardized at 60 days to maximize monitoring checks for equipment tampering.

(f) Every manufacturer and manufacturer's agent certified by the department to provide ignition interlock devices shall adopt fee schedules that provide for the payment of the costs of the device by applicants in amounts commensurate with the applicant's ability to pay.

SEC. 7. Section 14601 of the Vehicle Code is amended to read:

14601. (a) No person shall drive a motor vehicle at any time when that person's driving privilege is suspended or revoked for reckless driving in violation of Section 23103 or 23104, any reason listed in subdivision (a) or (c) of Section 12806 authorizing the department to refuse to issue a license, negligent or incompetent operation of a motor vehicle as prescribed in subdivision (e) of Section 12809, or negligent operation as prescribed in Section 12810, if the person so driving has knowledge of the suspension or revocation. Knowledge shall be conclusively presumed if mailed notice has been given by the department to the person pursuant to Section 13106. The presumption established by this subdivision is a presumption affecting the burden of proof.

(b) Any person convicted under this section shall be punished as follows:

(1) Upon a first conviction, by imprisonment in the county jail for not less than five days or more than six months and by fine of not less than three hundred dollars ($300) or more than one thousand dollars ($1,000).

(2) If the offense occurred within five years of a prior offense which resulted in a conviction of a violation of this section or Section 14601.1, 14601.2, or 14601.5, by imprisonment in the county jail for not less than 10 days or more than one year and by fine of not less than five hundred dollars ($500) or more than two thousand dollars ($2,000).

(c) If the offense occurred within five years of a prior offense which resulted in a conviction of a violation of this section or Section 14601.1, 14601.2, or 14601.5, and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for at least 10 days.

(d) Nothing in this section prohibits a person from driving a motor vehicle, which is owned or utilized by the person's employer, during the course of employment on private property which is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (d) of Section 12500.

(e) When the prosecution agrees to a plea of guilty or nolo contendere to a charge of a violation of this section in satisfaction of, or as a substitute for, an original charge of a violation of Section 14601.2, and the court accepts that plea, except, in the interest of justice, when the court finds it would be inappropriate, the court shall, pursuant to Section

23575, require the person convicted, in addition to any other requirements, to install a certified ignition interlock device on any vehicle that the person owns or operates for a period not to exceed three years.

SEC. 8. Section 14601.1 of the Vehicle Code is amended to read:

14601.1. (a) No person shall drive a motor vehicle when his or her driving privilege is suspended or revoked for any reason other than those listed in Section 14601, 14601.2, or 14601.5, if the person so driving has knowledge of the suspension or revocation. Knowledge shall be conclusively presumed if mailed notice has been given by the department to the person pursuant to Section 13106. The presumption established by this subdivision is a presumption affecting the burden of proof.

(b) Any person convicted under this section shall be punished as follows:

(1) Upon a first conviction, by imprisonment in the county jail for not more than six months or by a fine of not less than three hundred dollars ($300) or more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(2) If the offense occurred within five years of a prior offense which resulted in a conviction of a violation of this section or Section 14601, 14601.2, or 14601.5, by imprisonment in the county jail for not less than five days or more than one year and by a fine of not less than five hundred dollars ($500) or more than two thousand dollars ($2,000).

(c) Nothing in this section prohibits a person from driving a motor vehicle, which is owned or utilized by the person's employer, during the course of employment on private property which is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (d) of Section 12500.

(d) When the prosecution agrees to a plea of guilty or nolo contendere to a charge of a violation of this section in satisfaction of, or as a substitute for, an original charge of a violation of Section 14601.2, and the court accepts that plea, except, in the interest of justice, when the court finds it would be inappropriate, the court shall, pursuant to Section 23575, require the person convicted, in addition to any other requirements, to install a certified ignition interlock device on any vehicle that the person owns or operates for a period not to exceed three years.

SEC. 9. Section 14601.4 of the Vehicle Code is amended to read:

14601.4. (a) It is unlawful for any person, while driving a vehicle with a license suspended or revoked pursuant to Section 14601.2 to do any act forbidden by law or neglect any duty imposed by law in the driving of the vehicle, which act or neglect proximately causes bodily injury to any person other than the driver. In proving the person

neglected any duty imposed by law in the driving of the vehicle, it is not necessary to prove that any specific section of this code was violated.

(b) Any person convicted under this section shall be imprisoned in the county jail and shall not be released upon work release, community service, or any other release program before the minimum period of imprisonment, prescribed in Section 14601.2, is served. If a person is convicted of that offense and is granted probation, the court shall require that the person convicted serve at least the minimum time of imprisonment, as specified in those sections, as a term or condition of probation.

(c) When the prosecution agrees to a plea of guilty or nolo contendere to a charge of a violation of this section in satisfaction of, or as a substitute for, an original charge of a violation of Section 14601.2, and the court accepts that plea, except, in the interest of justice, when the court finds it should be inappropriate, the court shall, pursuant to Section 23575, require the person convicted, in addition to any other requirements, to install a certified ignition interlock device on any vehicle that the person owns or operates for a period not to exceed three years.

SEC. 10. Section 14601.5 of the Vehicle Code is amended to read:

14601.5. (a) No person shall drive a motor vehicle at any time when that person's driving privilege is suspended or revoked pursuant to Section 13353, 13353.1, or 13353.2 and that person has knowledge of the suspension or revocation.

(b) Except in full compliance with the restriction, no person shall drive a motor vehicle at any time when that person's driving privilege is restricted pursuant to Section 13353.6, 13353.7, or 13353.8 and that person has knowledge of the restriction.

(c) Knowledge of suspension, revocation, or restriction of the driving privilege shall be conclusively presumed if notice has been given by the department to the person pursuant to Section 13106. The presumption established by this subdivision is a presumption affecting the burden of proof.

(d) Any person convicted of a violation of this section shall be punished as follows:

(1) Upon a first conviction, by imprisonment in the county jail for not more than six months or by a fine of not less than three hundred dollars ($300) or more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(2) If the offense occurred within five years of a prior offense which resulted in a conviction for a violation of this section or Section 14601, 14601.1, 14601.2, or 14601.3, by imprisonment in the county jail for not less than 10 days or more than one year, and by a fine of not less than five hundred dollars ($500) or more than two thousand dollars ($2,000).

(e) In imposing the minimum fine required by subdivision (d), the court shall take into consideration the defendant's ability to pay the fine and may, in the interest of justice, and for reasons stated in the record, reduce the amount of that minimum fine to less than the amount otherwise imposed.

(f) Nothing in this section prohibits a person who is participating in, or has completed, an alcohol or drug rehabilitation program from driving a motor vehicle, that is owned or utilized by the person's employer, during the course of employment on private property that is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (d) of Section 12500.

(g) When the prosecution agrees to a plea of guilty or nolo contendere to a charge of a violation of this section in satisfaction of, or as a substitute for, an original charge of a violation of Section 14601.2, and the court accepts that plea, except, in the interest of justice, when the court finds it would be inappropriate, the court shall, pursuant to Section 23575, require the person convicted, in addition to any other requirements, to install a certified ignition interlock device on any vehicle that the person owns or operates for a period not to exceed three years.

SEC. 11. Section 23575 of the Vehicle Code is amended to read:

23575. (a) (1) In addition to any other provisions of law, the court may require that any person convicted of a first offense violation of Section 23152 or 23153 to install a certified ignition interlock device on any vehicle that the person owns or operates and prohibit that person from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device. The court shall give heightened consideration to applying this sanction to first offense violators with 0.20 percent or more, by weight, of alcohol in his or her blood at arrest, or with two or more prior moving traffic violations, or of persons who refused the chemical tests at arrest. If the court orders the ignition interlock device restriction, the term shall be determined by the court for a period not to exceed three years. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(2) The court shall require any person convicted of a violation of Section 14601.2 to install an ignition interlock device on any vehicle that the person owns or operates and prohibit the person from operating a motor vehicle unless the vehicle is equipped with a functioning, certified ignition interlock device. The term of the restriction shall be determined by the court for a period not to exceed three years. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of

Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(b) The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816, the requirement and term for the use of a certified ignition interlock device. The records of the department shall reflect mandatory use of the device for the term ordered by the court.

(c) The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

(d) Any person whose driving privilege is restricted by the court pursuant to this section shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate and monitor the operation of the device. The installer shall notify the court if the device indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation for the installer to notify the court if the person has complied with all of the requirements of this article.

(e) The court shall monitor the installation and maintenance of any ignition interlock device restriction ordered pursuant to subdivision (a) or (*l*). If any person fails to comply with the court order, the court shall give notice of the fact to the department pursuant to Section 40509.1.

(f) (1) Pursuant to Section 13352, if any person is convicted of a violation of Section 23152 or 23153, and the offense occurred within seven years of one or more separate violations of Section 23152 or 23153 that resulted in a conviction, the person may apply to the Department of Motor Vehicles for a restricted driver's license pursuant to Section 13352 that prohibits the person from operating a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device, certified pursuant to Section 13386. The restriction shall remain in effect for at least the remaining period of the original suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(2) Pursuant to subdivision (g), the Department of Motor Vehicles shall immediately terminate the restriction issued pursuant to Section 13352 and shall immediately suspend or revoke the privilege to operate a motor vehicle of any person who attempts to remove, bypass, or tamper with the device, or who fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device ordered pursuant to Section 13352. The privilege shall remain suspended or revoked for the remaining period of the originating

suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(g) Any person whose driving privilege is restricted by the Department of Motor Vehicles pursuant to Section 13352 shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The installer shall notify the Department of Motor Vehicles if the device indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation on the part of the installer to notify the department or the court if the person has complied with all of the requirements of this section.

(h) Nothing in this section permits a person to drive without a valid driver's license.

(i) The Department of Motor Vehicles shall include information along with the order of suspension or revocation for repeat offenders informing them that after a specified period of suspension or revocation has been completed, the person may either install an ignition interlock device on any vehicle that the person owns or operates or remain with a suspended or revoked driver's license.

(j) Pursuant to this section, out-of-state residents who otherwise would qualify for an ignition interlock device restricted license in California shall be prohibited from operating a motor vehicle in California unless that vehicle is equipped with a functioning ignition interlock device. No ignition interlock device is required to be installed on any vehicle owned by the defendant that is not driven in California.

(k) If a person has a medical problem that does not permit the person to breathe with sufficient strength to activate the device, then that person shall only have the suspension option.

(*l*) This section does not restrict a court from requiring installation of an ignition interlock device and prohibiting operation of a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device for any persons to whom subdivision (a) or (b) does not apply. The term of the restriction shall be determined by the court for a period not to exceed three years. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(m) For purposes of this section, ''vehicle'' does not include a motorcycle until the state certifies an ignition interlock device that can be installed on a motorcycle. Any person subject to an ignition interlock

device restriction shall not operate a motorcycle for the duration of the ignition interlock device restriction period.

(n) For purposes of this section, ''owned'' means solely owned or owned in conjunction with another person or legal entity. For purposes of this section, ''operates'' includes operating vehicles that are not owned by the person subject to this section.

(o) For the purposes of this section, bypass includes, but is not limited to, either of the following:

(1) Any combination of failing or not taking the ignition interlock device rolling retest three consecutive times.

(2) Any incidence of failing or not taking the ignition interlock device rolling retest, when not followed by an incidence of passing the ignition interlock rolling retest prior to turning the vehicles's engine off.

SEC. 12. Section 23646 of the Vehicle Code is amended to read:

23646. (a) Each county alcohol program administrator or the administrator's designee shall develop, implement, operate, and administer an alcohol and drug problem assessment program pursuant to this article for each person described in subdivision (b). The alcohol and drug problem assessment program may include a referral and client tracking component.

(b) (1) The court shall order a person to participate in an alcohol and drug problem assessment program pursuant to this section and Sections 23647 to 23649, inclusive, and the related regulations of the State Department of Alcohol and Drug Programs, if the person was convicted of a violation of Section 23152 or 23153 that occurred within seven years of a separate violation of Section 23152 or 23153 and resulted in a conviction, the person was required to attend a licensed program pursuant to a court order, and the person has once failed to comply with the rules and policies of the licensed program, other than a rule relating to the payment of fees, in accordance with the rules and regulations of the state department.

(2) A court may order any person convicted of a violation of Section 23152 or 23153 to attend an alcohol and drug problem assessment program pursuant to this article.

(c) The State Department of Alcohol and Drug Programs shall establish minimum specifications for alcohol and other drug problem assessments and reports not later than September 30, 1999.

SEC. 13. Section 23649 of the Vehicle Code is amended to read:

23649. (a) Notwithstanding any other provision of law, in addition to any other fine or penalty assessment, there shall be levied an assessment of not more than one hundred dollars ($100) upon every fine, penalty, or forfeiture imposed and collected by the courts for a violation of Section 23152 or 23153 in any judicial district that participates in a county alcohol and drug problem assessment program. An assessment

of not more than one hundred dollars ($100) shall be imposed and collected by the courts from each person convicted of a violation of Section 23103, as specified in Section 23103.5, who is ordered to participate in a county alcohol and drug problem assessment program pursuant to Section 23647.

(b) The court shall determine if the defendant has the ability to pay the assessment. If the court determines that the defendant has the ability to pay the assessment then the court may set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner that the court determines is reasonable and compatible with the defendant's financial ability. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution.

(c) Notwithstanding Section 1463 or 1464 of the Penal Code or any other provision of law, all moneys collected pursuant to this section shall be deposited in a special account in the county treasury and shall be used exclusively by the county alcohol program administrator or the administrator's designee to pay for the costs of developing, implementing, operating, maintaining, and evaluating alcohol and drug problem assessment programs.

(d) On January 15 of each year, the treasurer of each county that administers an alcohol and drug problem assessment program shall determine those moneys in the special account that were not expended during the preceding fiscal year, and shall transfer those moneys to the general fund of the county.

(e) Any moneys remaining in the special account, if and when the alcohol and drug problem assessment program is terminated, shall be transferred to the general fund of the county.

(f) The county treasurer shall annually transfer an amount of money equal to the county's administrative cost incurred pursuant to this section, as he or she shall determine, from the special account to the general fund of the county.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 56.10 of the Civil Code is amended to read:

56.10. (a) No provider of health care, health care service plan, or contractor shall disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care

service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).

(b) A provider of health care, a health care service plan, or a contractor shall disclose medical information if the disclosure is compelled by any of the following:

(1) By a court pursuant to an order of that court.

(2) By a board, commission, or administrative agency for purposes of adjudication pursuant to its lawful authority.

(3) By a party to a proceeding before a court or administrative agency pursuant to a subpoena, subpoena duces tecum, notice to appear served pursuant to Section 1987 of the Code of Civil Procedure, or any provision authorizing discovery in a proceeding before a court or administrative agency.

(4) By a board, commission, or administrative agency pursuant to an investigative subpoena issued under Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

(5) By an arbitrator or arbitration panel, when arbitration is lawfully requested by either party, pursuant to a subpoena duces tecum issued under Section 1282.6 of the Code of Civil Procedure, or any other provision authorizing discovery in a proceeding before an arbitrator or arbitration panel.

(7) By the patient or the patient's representative pursuant to Chapter 1 (commencing with Section 123100) of Part 1 of Division 106 of the Health and Safety Code.

(8) When otherwise specifically required by law.

(c) A provider of health care, or a health care service plan may disclose medical information as follows:

(1) The information may be disclosed to providers of health care, health care service plans, or other health care professionals or facilities for purposes of diagnosis or treatment of the patient. This includes, in an emergency situation, the communication of patient information by radio transmission between emergency medical personnel at the scene of an emergency, or in an emergency medical transport vehicle, and emergency medical personnel at a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and

payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider of health care or health care service plan as necessary to assist the other provider or health care service plan in obtaining payment for health care services rendered by that provider of health care or health care service plan to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers of health care or health care service plans or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, licensed health care service plans, professional standards review organizations, utilization and quality control peer review organizations as established by Congress in Public Law 97-248 in 1982, or persons or organizations insuring, responsible for, or defending professional liability that a provider may incur, if the committees, agents, plans, organizations, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care or health care service plan may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care or health care service plan. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner's office.

(7) The information may be disclosed to public agencies, clinical investigators, including investigators conducting epidemiologic studies, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. However, no information so disclosed shall be further disclosed by the recipient in any way that would disclose the identity of any patient or be violative of this part.

(8) A provider of health care or health care service plan that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee's employer that part of the information that:

(A) Is relevant in a law suit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider of health care or health care service plan is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy that the patient seeks coverage by or benefits from, if the information was created by the provider of health care or health care service plan as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent, or to a probate court investigator, probation

officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existent guardianship.

(13) The information may be disclosed to an organ procurement organization or a tissue bank processing the tissue of a decedent for transplantation into the body of another person, but only with respect to the donating decedent, for the purpose of aiding the transplant. For the purpose of this paragraph, the terms ''tissue bank'' and ''tissue'' have the same meaning as defined in Section 1635 of the Health and Safety Code.

(14) The information may be disclosed when the disclosure is otherwise specifically authorized by law, such as the voluntary reporting, either directly or indirectly, to the federal Food and Drug Administration of adverse events related to drug products or medical device problems.

(15) Basic information including the patient's name, city of residence, age, sex, and general condition may be disclosed to a state or federally recognized disaster relief organization for the purpose of responding to disaster welfare inquiries.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of disease management programs and services as defined in Section 1399.901 of the Health and Safety Code, information may be disclosed as follows: (A) to any entity contracting with a health care service plan or the health care service plan's contractors to monitor or administer care of enrollees for a covered benefit, provided that the disease management services and care are authorized by a treating physician, or (B) to any disease management organization, as defined in Section 1399.900 of the Health and Safety Code, that complies fully with the physician authorization requirements of Section 1399.902 of the Health and Safety Code, provided that the health care service plan or its contractor provides or has provided a description of the disease management services to a treating physician or to the health care service plan's or contractor's network of physicians. Nothing in this paragraph shall be construed to require physician authorization for the care or treatment of the adherents of any well-recognized church or religious denomination who depend solely upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(d) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no provider of health care, health care service plan, or contractor shall intentionally

share, sell, or otherwise use any medical information for any purpose not necessary to provide health care services to the patient.

(e) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no contractor shall further disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan or insurer or self-insured employer received under this section to any person or entity that is not engaged in providing direct health care services to the patient or his or her provider of health care or health care service plan or insurer or self-insured employer.

SEC. 1.1. Section 56.10 of the Civil Code is amended to read:

56.10. (a) No provider of health care, health care service plan, or contractor shall disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).

(b) A provider of health care, a health care service plan, or a contractor shall disclose medical information if the disclosure is compelled by any of the following:

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. (b) A request by a patient pursuant to this section shall not be deemed to be an authorization by the patient for the release or disclosure of any information to any person or entity other than the patient.

(c) This section shall not apply to any patient records that are subject to inspection by the patient pursuant to Section 123110 of the Health and Safety Code and shall not be deemed to limit the right of a health care provider to charge a fee for the preparation of a summary of patient records as provided in Section 123130 of the Health and Safety Code. (2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider of health care or health care service plan as necessary to assist the other provider or health care service plan in obtaining payment for health care services rendered by that provider of health care or health care service plan to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers of health care or health care service plans or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, licensed health care service plans, professional standards review organizations, utilization and quality control peer review organizations as established by Congress in Public Law 97-248 in 1982, or persons or organizations insuring, responsible for, or defending professional liability that a provider may incur, if the committees, agents, plans, organizations, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care or health care service plan may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care or health care service plan. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner's office.

(7) The information may be disclosed to public agencies, clinical investigators, including investigators conducting epidemiologic studies, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. However, no information so disclosed shall be further disclosed by the recipient in any way that would disclose the identity of any patient or be violative of this part.

(8) A provider of health care or health care service plan that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee's employer that part of the information that:

(A) Is relevant in a law suit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's

fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider of health care or health care service plan is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy that the patient seeks coverage by or benefits from, if the information was created by the provider of health care or health care service plan as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent, or to a probate court investigator, probation officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existent guardianship.

For the purpose of this paragraph, the terms ''tissue bank'' and ''tissue'' have the same meaning as defined in Section 1635 of the Health and Safety Code.

(14) The information may be disclosed when the disclosure is otherwise specifically authorized by law, such as the voluntary reporting, either directly or indirectly, to the federal Food and Drug

Administration of adverse events related to drug products or medical device problems.

(15) Basic information including the patient's name, city of residence, age, sex, and general condition may be disclosed to a state or federally recognized disaster relief organization for the purpose of responding to disaster welfare inquiries.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of chronic disease management programs, information may be disclosed to any entity contracting with a health care service plan to monitor or administer care of enrollees for a covered benefit, provided that the disease management services and care are authorized by a treating physician.

(d) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no provider of health care, health care service plan contractor, or corporation and its subsidiaries and affiliates shall intentionally share, sell, or otherwise use any medical information for any purpose not necessary to provide health care services to the patient.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, contractor or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider of health care or health care service plan as necessary to assist the other provider or health care service plan in obtaining payment for health care services rendered by that provider of health care or health care service plan to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers of health care or health care service plans or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part.

contractors, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care or health care service plan may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care or health care service plan. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law, nor shall that information be further disclosed by the recipient in any way that would violate this part.

(A) Is relevant in a law suit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider of health care or health care service plan is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy that the patient seeks coverage by or benefits from, if the information was created by the provider of health care or health care service plan as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(15) Basic information including the patient's name, city of residence, age, sex, and general condition may be disclosed to a state or federally recognized disaster relief organization for the purpose of responding to disaster welfare inquiries.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of disease management programs and services as defined in Section 1399.901 of the Health and Safety Code, information may be disclosed as follows: (A) to any entity contracting with a health care service plan or the health care service plan's contractors to monitor or administer care of enrollees for a covered benefit, provided that the disease management services and care are authorized by a treating physician, or (B) to any disease management organization, as defined in Section 1399.900 of the Health and Safety Code, that complies fully with the physician authorization requirements of Section 1399.902 of the Health and Safety Code, provided that the health care service plan or its contractor provides or has provided a description of the disease management services to a treating physician or to the health care service plan's or contractor's network of physicians. Nothing in this paragraph shall be construed to require physician authorization for the care or treatment of the adherents of any well-recognized church or religious denomination who depend solely upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(d) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no provider of health care, health care service plan contractor, or corporation and its subsidiaries and affiliates shall intentionally share, sell, or otherwise use any medical information for any purpose not necessary to provide health care services to the patient.

(3) Be evaluated, and updated if necessary, at least annually.

(4) If used as the basis of a decision to modify, delay, or deny services in a specified case under review, be disclosed to the provider and the enrollee in that specified case.

(5) Be available to the public upon request. A plan shall only be required to disclose the criteria or guidelines for the specific procedures or conditions requested. A plan may charge reasonable fees to cover administrative expenses related to disclosing criteria or guidelines pursuant to this paragraph, limited to copying and postage costs. The plan may also make the criteria or guidelines available through electronic communication means.

(c) The disclosure required by paragraph (5) of subdivision (b) shall be accompanied by the following notice: ''The materials provided to you are guidelines used by this plan to authorize, modify, or deny care for persons with similar illnesses or conditions. Specific care and treatment may vary depending on individual need and the benefits covered under your contract.''

SEC. 7. Section 1364.5 of the Health and Safety Code is amended to read:

1364.5. (a) On or before July 1, 2001, every health care service plan shall file with the director a copy of their policies and procedures to protect the security of patient medical information to ensure compliance with the Confidentiality of Information Act (Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code). Any amendment to the policies and procedures shall be filed in accordance with Section 1352.

(b) On and after July 1, 2001, every health care service plan shall, upon request, provide to enrollees and subscribers a written statement that describes how the contracting organization or health care service plan maintains the confidentiality of medical information obtained by and in the possession of the contracting organization or the health care service plan.

(c) The statement required by subdivision (b) shall be in at least 12-point type and meet the following requirements:

(1) The statement shall describe how the contracting organization or health care service plan protects the confidentiality of medical information pursuant to this article and inform patients or enrollees and subscribers that any disclosure of medical information beyond the provisions of the law is prohibited.

(2) The statement shall describe the types of medical information that may be collected and the type of sources that may be used to collect the information, the purposes for which the contracting organization or plan will obtain medical information from other health care providers.

(3) The statement shall describe the circumstances under which medical information may be disclosed without prior authorization, pursuant to Section 56.10 of the Civil Code.

(4) The statement shall describe how patients or enrollees and subscribers may obtain access to medical information created by and in the possession of the contracting organization or health care service plan, including copies of medical information.

(d) On and after July 1, 2001, every health care service plan shall include in its evidence of coverage or disclosure form the following notice, in 12-point type:

A STATEMENT DESCRIBING (NAME OR PLAN OR ''OUR'') POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST.

SEC. 8. Section 1367.01 of the Health and Safety Code is amended to read:

1367.01. (a) Every health care service plan and any entity with which it contracts for services that include utilization review or utilization management functions, that prospectively, retrospectively, or concurrently reviews and approves, modifies, delays, or denies, based in whole or in part on medical necessity, requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, or that delegates these functions to medical groups or independent practice associations or to other contracting providers, shall comply with this section.

(b) A health care service plan that is subject to this section shall have written policies and procedures establishing the process by which the plan prospectively, retrospectively, or concurrently reviews and approves, modifies, delays, or denies, based in whole or in part on medical necessity, requests by providers of health care services for plan enrollees. These policies and procedures shall ensure that decisions based on the medical necessity of proposed health care services are consistent with criteria or guidelines that are supported by clinical principles and processes. These criteria and guidelines shall be developed pursuant to Section 1363.5. These policies and procedures, and a description of the process by which the plan reviews and approves, modifies, delays, or denies requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, shall be filed with the director for review and approval, and shall be disclosed by the plan to providers and enrollees upon request, and by the plan to the public upon request.

(c) Every health care service plan subject to this section shall employ or designate a medical director who holds an unrestricted license to practice medicine in this state issued pursuant to Section 2050 of the Business and Professions Code or pursuant to the Osteopathic Act, or, if the plan is a specialized health care service plan, a clinical director with California licensure in a clinical area appropriate to the type of care provided by the specialized health care service plan. The medical director or clinical director shall ensure that the process by which the plan reviews and approves, modifies, or denies, based in whole or in part on medical necessity, requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, complies with the requirements of this section.

(d) If health plan personnel, or individuals under contract to the plan to review requests by providers, approve the provider's request, pursuant to subdivision (b), the decision shall be communicated to the provider pursuant to subdivision (h).

(e) No individual, other than a licensed physician or a licensed health care professional who is competent to evaluate the specific clinical issues involved in the health care services requested by the provider, may deny or modify requests for authorization of health care services for an enrollee for reasons of medical necessity. The decision of the physician or other health care professional shall be communicated to the provider and the enrollee pursuant to subdivision (h).

(f) The criteria or guidelines used by the health care service plan to determine whether to approve, modify, or deny requests by providers prior to, retrospectively, or concurrent with, the provision of health care services to enrollees shall be consistent with clinical principles and processes. These criteria and guidelines shall be developed pursuant to the requirements of Section 1363.5.

(g) If the health care service plan requests medical information from providers in order to determine whether to approve, modify, or deny requests for authorization, the plan shall request only the information reasonably necessary to make the determination.

(h) In determining whether to approve, modify, or deny requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, based in whole or in part on medical necessity, every health care service plan subject to this section shall meet the following requirements:

(1) Decisions to approve, modify, or deny, based on medical necessity, requests by providers prior to, or concurrent with the provision of health care services to enrollees that do not meet the requirements for the 72-hour review required by paragraph (2), shall be made in a timely fashion appropriate for the nature of the enrollee's condition, not to exceed five business days from the plan's receipt of the

information reasonably necessary and requested by the plan to make the determination. In cases where the review is retrospective, the decision shall be communicated to the individual who received services, or to the individual's designee, within 30 days of the receipt of information that is reasonably necessary to make this determination, and shall be communicated to the provider in a manner that is consistent with current law. For purposes of this section, retrospective reviews shall be for care rendered on or after January 1, 2000.

(2) When the enrollee's condition is such that the enrollee faces an imminent and serious threat to his or her health including, but not limited to, the potential loss of life, limb, or other major bodily function, or the normal timeframe for the decisionmaking process, as described in paragraph (1), would be detrimental to the enrollee's life or health or could jeopardize the enrollee's ability to regain maximum function, decisions to approve, modify, or deny requests by providers prior to, or concurrent with, the provision of health care services to enrollees, shall be made in a timely fashion appropriate for the nature of the enrollee's condition, not to exceed 72 hours after the plan's receipt of the information reasonably necessary and requested by the plan to make the determination. Nothing in this section shall be construed to alter the requirements of subdivision (b) of Section 1371.4. Notwithstanding Section 1371.4, the requirements of this division shall be applicable to all health plans and other entities conducting utilization review or utilization management.

(3) Decisions to approve, modify, or deny requests by providers for authorization prior to, or concurrent with, the provision of health care services to enrollees shall be communicated to the requesting provider within 24 hours of the decision. Except for concurrent review decisions pertaining to care that is underway, which shall be communicated to the enrollee's treating provider within 24 hours, decisions resulting in denial, delay, or modification of all or part of the requested health care service shall be communicated to the enrollee in writing within two business days of the decision. In the case of concurrent review, care shall not be discontinued until the enrollee's treating provider has been notified of the plan's decision, and a care plan has been agreed upon by the treating provider that is appropriate for the medical needs of that patient.

(4) Communications regarding decisions to approve requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees shall specify the specific health care service approved. Responses regarding decisions to deny, delay, or modify health care services requested by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees shall be communicated to the enrollee in writing, and to

providers initially by telephone or facsimile, except with regard to decisions rendered retrospectively, and then in writing, and shall include a clear and concise explanation of the reasons for the plan's decision, a description of the criteria or guidelines used, and the clinical reasons for the decisions regarding medical necessity. Any written communication to a physician or other health care provider of a denial, delay, or modification of a request shall include the name and telephone number of the health care professional responsible for the denial, delay, or modification. The telephone number provided shall be a direct number or an extension, to allow the physician or health care provider easily to contact the professional responsible for the denial, delay, or modification. Responses shall also include information as to how the enrollee may file a grievance with the plan pursuant to Section 1368, and in the case of Medi-Cal enrollees, shall explain how to request an administrative hearing and aid paid pending under Sections 51014.1 and 51014.2 of Title 22 of the California Code of Regulations.

(5) If the health care service plan cannot make a decision to approve, modify, or deny the request for authorization within the timeframes specified in paragraph (1) or (2) because the plan is not in receipt of all of the information reasonably necessary and requested, or because the plan requires consultation by an expert reviewer, or because the plan has asked that an additional examination or test be performed upon the enrollee, provided the examination or test is reasonable and consistent with good medical practice, the plan shall, immediately upon the expiration of the timeframe specified in paragraph (1) or (2) or as soon as the plan becomes aware that it will not meet the timeframe, whichever occurs first, notify the provider and the enrollee, in writing, that the plan cannot make a decision to approve, modify, or deny the request for authorization within the required timeframe, and specify the information requested but not received, or the expert reviewer to be consulted, or the additional examinations or tests required. The plan shall also notify the provider and enrollee of the anticipated date on which a decision may be rendered. Upon receipt of all information reasonably necessary and requested by the plan, the plan shall approve, modify, or deny the request for authorization within the timeframes specified in paragraph (1) or (2), whichever applies.

(6) If the director determines that a health care service plan has failed to meet any of the timeframes in this section, or has failed to meet any other requirement of this section, the director may assess, by order, administrative penalties for each failure. A proceeding for the issuance of an order assessing administrative penalties shall be subject to appropriate notice to, and an opportunity for a hearing with regard to, the person affected, in accordance with subdivision (a) of Section 1397. The

administrative penalties shall not be deemed an exclusive remedy for the director. These penalties shall be paid to the State Managed Care Fund.

(i) Every health care service plan subject to this section shall maintain telephone access for providers to request authorization for health care services.

(j) Every health care service plan subject to this section that reviews requests by providers prior to, retrospectively, or concurrent with, the provision of health care services to enrollees shall establish, as part of the quality assurance program required by Section 1370, a process by which the plan's compliance with this section is assessed and evaluated. The process shall include provisions for evaluation of complaints, assessment of trends, implementation of actions to correct identified problems, mechanisms to communicate actions and results to the appropriate health plan employees and contracting providers, and provisions for evaluation of any corrective action plan and measurements of performance.

(k) The director shall review a health care service plan's compliance with this section as part of its periodic onsite medical survey of each plan undertaken pursuant to Section 1380, and shall include a discussion of compliance with this section as part of its report issued pursuant to that section.

(*l*) This section shall not apply to decisions made for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of religion as set forth in subdivision (a) of Section 1270.

(m) Nothing in this section shall cause a health care service plan to be defined as a health care provider for purposes of any provision of law, including, but not limited to, Section 6146 of the Business and Professions Code, Sections 3333.1 and 3333.2 of the Civil Code, and Sections 340.5, 364, 425.13, 667.7, and 1295 of the Code of Civil Procedure.

SEC. 9. Section 1367.5 of the Health and Safety Code is repealed.

SEC. 10. Section 1367.51 of the Health and Safety Code is amended to read:

1367.51. (a) Every health care service plan contract, except a specialized health care service plan contract, that is issued, amended, delivered, or renewed on or after January 1, 2000, and that covers hospital, medical, or surgical expenses shall include coverage for the following equipment and supplies for the management and treatment of insulin-using diabetes, non-insulin-using diabetes, and gestational diabetes as medically necessary, even if the items are available without a prescription:

(1) Blood glucose monitors and blood glucose testing strips.

(2) Blood glucose monitors designed to assist the visually impaired.

(3) Insulin pumps and all related necessary supplies.
(4) Ketone urine testing strips.
(5) Lancets and lancet puncture devices.
(6) Pen delivery systems for the administration of insulin.
(7) Podiatric devices to prevent or treat diabetes-related complications.
(8) Insulin syringes.
(9) Visual aids, excluding eyewear, to assist the visually impaired with proper dosing of insulin.

(b) Every health care service plan contract, except a specialized health care service plan contract, that is issued, amended, delivered, or renewed on or after January 1, 2000, that covers prescription benefits shall include coverage for the following prescription items if the items are determined to be medically necessary:
(1) Insulin.
(2) Prescriptive medications for the treatment of diabetes.
(3) Glucagon.

(c) The copayments and deductibles for the benefits specified in subdivisions (a) and (b) shall not exceed those established for similar benefits within the given plan.

(d) Every plan shall provide coverage for diabetes outpatient self-management training, education, and medical nutrition therapy necessary to enable an enrollee to properly use the equipment, supplies, and medications set forth in subdivisions (a) and (b), and additional diabetes outpatient self-management training, education, and medical nutrition therapy upon the direction or prescription of those services by the enrollee's participating physician. If a plan delegates outpatient self-management training to contracting providers, the plan shall require contracting providers to ensure that diabetes outpatient self-management training, education, and medical nutrition therapy are provided by appropriately licensed or registered health care professionals.

(e) The diabetes outpatient self-management training, education, and medical nutrition therapy services identified in subdivision (d) shall be provided by appropriately licensed or registered health care professionals as prescribed by a participating health care professional legally authorized to prescribe the service. These benefits shall include, but not be limited to, instruction that will enable diabetic patients and their families to gain an understanding of the diabetic disease process, and the daily management of diabetic therapy, in order to thereby avoid frequent hospitalizations and complications.

(f) The copayments for the benefits specified in subdivision (d) shall not exceed those established for physician office visits by the plan.

(g) Every health care service plan governed by this section shall disclose the benefits covered pursuant to this section in the plan's evidence of coverage and disclosure forms.

(h) A health care service plan may not reduce or eliminate coverage as a result of the requirements of this section.

SEC. 11. Section 1368 of the Health and Safety Code is amended to read:

1368. (a) Every plan shall do all of the following:

(1) Establish and maintain a grievance system approved by the department under which enrollees may submit their grievances to the plan. Each system shall provide reasonable procedures in accordance with department regulations that shall ensure adequate consideration of enrollee grievances and rectification when appropriate.

(2) Inform its subscribers and enrollees upon enrollment in the plan and annually thereafter of the procedure for processing and resolving grievances. The information shall include the location and telephone number where grievances may be submitted.

(3) Provide forms for grievances to be given to subscribers and enrollees who wish to register written grievances. The forms used by plans licensed pursuant to Section 1353 shall be approved by the director in advance as to format.

(4) Provide subscribers and enrollees with written responses to grievances, with a clear and concise explanation of the reasons for the plan's response. For grievances involving the delay, denial, or modification of health care services, the plan response shall describe the criteria used and the clinical reasons for its decision, including all criteria and clinical reasons related to medical necessity. If a plan, or one of its contracting providers, issues a decision delaying, denying, or modifying health care services based in whole or in part on a finding that the proposed health care services are not a covered benefit under the contract that applies to the enrollee, the decision shall clearly specify the provisions in the contract that exclude that coverage.

(5) Keep in its files all copies of grievances, and the responses thereto, for a period of five years.

(b) (1) (A) After either completing the grievance process described in subdivision (a), or participating in the process for at least 30 days, a subscriber or enrollee may submit the grievance to the department for review. In any case determined by the department to be a case involving an imminent and serious threat to the health of the patient, including, but not limited to, severe pain, the potential loss of life, limb, or major bodily function, or in any other case where the department determines that an earlier review is warranted, a subscriber or enrollee shall not be required to complete the grievance process or participate in the process for at least 30 days before submitting a grievance to the department for review.

(B) A grievance may be submitted to the department for review and resolution prior to any arbitration.

(C) Notwithstanding subparagraphs (A) and (B), the department may refer any grievance that does not pertain to compliance with this chapter to the State Department of Health Services, the California Department of Aging, the federal Health Care Financing Administration, or any other appropriate governmental entity for investigation and resolution.

(2) If the subscriber or enrollee is a minor, or is incompetent or incapacitated, the parent, guardian, conservator, relative, or other designee of the subscriber or enrollee, as appropriate, may submit the grievance to the department as the agent of the subscriber or enrollee. Further, a provider may join with, or otherwise assist, a subscriber or enrollee, or the agent, to submit the grievance to the department. In addition, following submission of the grievance to the department, the subscriber or enrollee, or the agent, may authorize the provider to assist, including advocating on behalf of the subscriber or enrollee. For purposes of this section, a ''relative'' includes the parent, stepparent, spouse, adult son or daughter, grandparent, brother, sister, uncle, or aunt of the subscriber or enrollee.

(3) The department shall review the written documents submitted with the subscriber's or the enrollee's request for review, or submitted by the agent on behalf of the subscriber or enrollee. The department may ask for additional information, and may hold an informal meeting with the involved parties, including providers who have joined in submitting the grievance or who are otherwise assisting or advocating on behalf of the subscriber or enrollee. If after reviewing the record, the department concludes that the grievance, in whole or in part, is eligible for review under the independent medical review system established pursuant to Article 5.55 (commencing with Section 1374.30), the department shall immediately notify the subscriber or enrollee, or agent, of that option and shall, if requested orally or in writing, assist the subscriber or enrollee in participating in the independent medical review system.

(4) If after reviewing the record of a grievance, the department concludes that a health care service eligible for coverage and payment under a health care service plan contract has been delayed, denied, or modified by a plan, or by one of its contracting providers, in whole or in part due to a determination that the service is not medically necessary, and that determination was not communicated to the enrollee in writing along with a notice of the enrollee's potential right to participate in the independent medical review system, as required by this chapter, the director shall, by order, assess administrative penalties. A proceeding for the issuance of an order assessing administrative penalties shall be subject to appropriate notice of, and the opportunity for, a hearing with regard to the person affected in accordance with Section 1397. The

administrative penalties shall not be deemed an exclusive remedy available to the director. These penalties shall be paid to the State Managed Care Fund.

(5) The department shall send a written notice of the final disposition of the grievance, and the reasons therefor, to the subscriber or enrollee, the agent, to any provider that has joined with or is otherwise assisting the subscriber or enrollee, and to the plan, within 30 calendar days of receipt of the request for review unless the director, in his or her discretion, determines that additional time is reasonably necessary to fully and fairly evaluate the relevant grievance. In any case not eligible for the independent medical review system established pursuant to Article 5.55 (commencing with Section 1374.30), the department's written notice shall include, at a minimum, the following:

(A) A summary of its findings and the reasons why the department found the plan to be, or not to be, in compliance with any applicable laws, regulations, or orders of the director.

(B) A discussion of the department's contact with any medical provider, or any other independent expert relied on by the department, along with a summary of the views and qualifications of that provider or expert.

(C) If the enrollee's grievance is sustained in whole or part, information about any corrective action taken.

(6) In any department review of a grievance involving a disputed health care service, as defined in subdivision (b) of Section 1374.30, that is not eligible for the independent medical review system established pursuant to Article 5.55 (commencing with Section 1374.30), in which the department finds that the plan has delayed, denied, or modified health care services that are medically necessary, based on the specific medical circumstances of the enrollee, and those services are a covered benefit under the terms and conditions of the health care service plan contract, the department's written notice shall either: (A) order the plan to promptly offer and provide those health care services to the enrollee, or (B) order the plan to promptly reimburse the enrollee for any reasonable costs associated with urgent care or emergency services, or other extraordinary and compelling health care services, when the department finds that the enrollee's decision to secure those services outside of the plan network was reasonable under the circumstances. The department's order shall be binding on the plan.

(7) Distribution of the written notice shall not be deemed a waiver of any exemption or privilege under existing law, including, but not limited to, Section 6254.5 of the Government Code, for any information in connection with and including the written notice, nor shall any person employed or in any way retained by the department be required to testify as to that information or notice.

(8) The director shall establish and maintain a system of aging of grievances that are pending and unresolved for 30 days or more, that shall include a brief explanation of the reasons each grievance is pending and unresolved for 30 days or more.

(9) A subscriber or enrollee, or the agent acting on behalf of a subscriber or enrollee, may also request voluntary mediation with the plan prior to exercising the right to submit a grievance to the department. The use of mediation services shall not preclude the right to submit a grievance to the department upon completion of mediation. In order to initiate mediation, the subscriber or enrollee, or the agent acting on behalf of the subscriber or enrollee, and the plan shall voluntarily agree to mediation. Expenses for mediation shall be borne equally by both sides. The department shall have no administrative or enforcement responsibilities in connection with the voluntary mediation process authorized by this paragraph.

(c) The plan's grievance system shall include a system of aging of grievances that are pending and unresolved for 30 days or more. The plan shall provide a quarterly report to the director of grievances pending and unresolved for 30 or more days with separate categories of grievances for Medicare enrollees and Medi-Cal enrollees. The plan shall include with the report a brief explanation of the reasons each grievance is pending and unresolved for 30 days or more. The plan may include the following statement in the quarterly report that is made available to the public by the director:

> ''Under Medicare and Medi-Cal law, Medicare enrollees and Medi-Cal enrollees each have separate avenues of appeal that are not available to other enrollees. Therefore, grievances pending and unresolved may reflect enrollees pursuing their Medicare or Medi-Cal appeal rights.''

If requested by a plan, the director shall include this statement in a written report made available to the public and prepared by the director that describes or compares grievances that are pending and unresolved with the plan for 30 days or more. Additionally, the director shall, if requested by a plan, append to that written report a brief explanation, provided in writing by the plan, of the reasons why grievances described in that written report are pending and unresolved for 30 days or more. The director shall not be required to include a statement or append a brief explanation to a written report that the director is required to prepare under this chapter, including Sections 1380 and 1397.5.

(d) Subject to subparagraph (C) of paragraph (1) of subdivision (b), the grievance or resolution procedures authorized by this section shall be in addition to any other procedures that may be available to any

person, and failure to pursue, exhaust, or engage in the procedures described in this section shall not preclude the use of any other remedy provided by law.

(e) Nothing in this section shall be construed to allow the submission to the department of any provider grievance under this section. However, as part of a provider's duty to advocate for medically appropriate health care for his or her patients pursuant to Sections 510 and 2056 of the Business and Professions Code, nothing in this subdivision shall be construed to prohibit a provider from contacting and informing the department about any concerns he or she has regarding compliance with or enforcement of this chapter.

SEC. 12. Section 1368.04 of the Health and Safety Code is amended to read:

1368.04. (a) The director shall investigate and take enforcement action against plans regarding grievances reviewed and found by the department to involve noncompliance with the requirements of this chapter, including grievances that have been reviewed pursuant to the independent medical review system established pursuant to Article 5.55 (commencing with Section 1374.30). Where substantial harm to an enrollee has occurred as a result of plan noncompliance, the director shall, by order, assess administrative penalties subject to appropriate notice of, and the opportunity for, a hearing with regard to the person affected in accordance with Section 1397. The administrative penalties shall not be deemed an exclusive remedy available to the director. These penalties shall be paid to the State Managed Care Fund. The director shall periodically evaluate grievances to determine if any audit, investigative, or enforcement actions should be undertaken by the department.

(b) The director may, after appropriate notice and opportunity for hearing in accordance with Section 1397, by order, assess administrative penalties if the director determines that a health care service plan has knowingly committed, or has performed with a frequency that indicates a general business practice, either of the following:

(1) Repeated failure to act promptly and reasonably to investigate and resolve grievances in accordance with Section 1368.01.

(2) Repeated failure to act promptly and reasonably to resolve grievances when the obligation of the plan to the enrollee or subscriber is reasonably clear.

(c) The administrative penalties available to the director pursuant to this section are not exclusive, and may be sought and employed in any combination with civil, criminal, and other administrative remedies deemed warranted by the director to enforce this chapter.

(d) The administrative penalties authorized pursuant to this section shall be paid to the State Managed Care Fund.

SEC. 13. Section 1370.4 of the Health and Safety Code is amended to read:

1370.4. (a) Every health care service plan shall provide an external, independent review process to examine the plan's coverage decisions regarding experimental or investigational therapies for individual enrollees who meet all of the following criteria:

(1) (A) The enrollee has a life-threatening or seriously debilitating condition.

(B) For purposes of this section, ''life-threatening'' means either or both of the following:

(i) Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.

(ii) Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

(C) For purposes of this section, ''seriously debilitating'' means diseases or conditions that cause major irreversible morbidity.

(2) The enrollee's physician certifies that the enrollee has a condition, as defined in paragraph (1), for which standard therapies have not been effective in improving the condition of the enrollee, for which standard therapies would not be medically appropriate for the enrollee, or for which there is no more beneficial standard therapy covered by the plan than the therapy proposed pursuant to paragraph (3).

(3) Either (A) the enrollee's physician, who is under contract with or employed by the plan, has recommended a drug, device, procedure or other therapy that the physician certifies in writing is likely to be more beneficial to the enrollee than any available standard therapies, or (B) the enrollee, or the enrollee's physician who is a licensed, board-certified or board-eligible physician qualified to practice in the area of practice appropriate to treat the enrollee's condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined in subdivision (d), is likely to be more beneficial for the enrollee than any available standard therapy. The physician certification pursuant to this subdivision shall include a statement of the evidence relied upon by the physician in certifying his or her recommendation. Nothing in this subdivision shall be construed to require the plan to pay for the services of a nonparticipating physician provided pursuant to this subdivision, that are not otherwise covered pursuant to the plan contact.

(4) The enrollee has been denied coverage by the plan for a drug, device, procedure, or other therapy recommended or requested pursuant to paragraph (3).

(5) The specific drug, device, procedure, or other therapy recommended pursuant to paragraph (3) would be a covered service, except for the plan's determination that the therapy is experimental or investigational.

(b) The plan's decision to delay, deny, or modify experimental or investigational therapies shall be subject to the independent medical review process under Article 5.55 (commencing with Section 1374.30) except that, in lieu of the information specified in subdivision (b) of Section 1374.33, an independent medical reviewer shall base his or her determination on relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence defined in subdivision (d).

(c) The independent medical review process shall also meet the following criteria:

(1) The plan shall notify eligible enrollees in writing of the opportunity to request the external independent review within five business days of the decision to deny coverage.

(2) If the enrollee's physician determines that the proposed therapy would be significantly less effective if not promptly initiated, the analyses and recommendations of the experts on the panel shall be rendered within seven days of the request for expedited review. At the request of the expert, the deadline shall be extended by up to three days for a delay in providing the documents required. The timeframes specified in this paragraph shall be in addition to any otherwise applicable timeframes contained in subdivision (c) of Section 1374.33.

(3) Each expert's analysis and recommendation shall be in written form and state the reasons the requested therapy is or is not likely to be more beneficial for the enrollee than any available standard therapy, and the reasons that the expert recommends that the therapy should or should not be provided by the plan, citing the enrollee's specific medical condition, the relevant documents provided, and the relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence as defined in subdivision (d), to support the expert's recommendation.

(4) Coverage for the services required under this section shall be provided subject to the terms and conditions generally applicable to other benefits under the plan contract.

(d) For the purposes of subdivision (b), ''medical and scientific evidence'' means the following sources:

(1) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

(2) Peer-reviewed literature, biomedical compendia, and other medical literature that meet the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus,

Excerpta Medicus (EMBASE), Medline, and MEDLARS data base Health Services Technology Assessment Research (HSTAR).

(3) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.

(4) The following standard reference compendia: The American Hospital Formulary Service-Drug Information, the American Medical Association Drug Evaluation, the American Dental Association Accepted Dental Therapeutics, and the United States Pharmacopoeia-Drug Information.

SEC. 14. Section 1375.4 of the Health and Safety Code is amended to read:

1375.4. (a) Every contract between a health care service plan and a risk-bearing organization that is issued, amended, renewed, or delivered in this state on or after July 1, 2000, shall include provisions concerning the following, as to the risk-bearing organization's administrative and financial capacity, which shall be effective as of January 1, 2001:

(1) A requirement that the risk-bearing organization furnish financial information to the health care service plan or the plan's designated agent and meet any other financial requirements that assist the health care service plan in maintaining the financial viability of its arrangements for the provision of health care services in a manner that does not adversely affect the integrity of the contract negotiation process.

(2) A requirement that the health care service plan disclose information to the risk-bearing organization that enables the risk-bearing organization to be informed regarding the financial risk assumed under the contract.

(3) A requirement that the health care service plans provide payments of all risk arrangements, excluding capitation, within 180 days after close of the fiscal year.

(b) In accordance with subdivision (a) of Section 1344, the director shall adopt regulations on or before June 30, 2000, to implement this section which shall, at a minimum, provide for the following:

(1) (A) A process for reviewing or grading risk-bearing organizations based on the following criteria:

(i) The risk-bearing organization meets criterion 1 if it reimburses, contests, or denies claims for health care services it has provided, arranged, or for which it is otherwise financially responsible in accordance with the timeframes and other requirements described in Section 1371 and in accordance with any other applicable state and federal laws and regulations.

(ii) The risk-bearing organization meets criterion 2 if it estimates its liability for incurred but not reported claims pursuant to a method that has not been held objectionable by the director, records the estimate at least quarterly as an accrual in its books and records, and appropriately reflects this accrual in its financial statements.

(iii) The risk-bearing organization meets criterion 3 if it maintains at all times a positive tangible net equity, as defined in subdivision (e) of Section 1300.76 of Title 10 of the California Code of Regulations.

(iv) The risk-bearing organization meets criterion 4 if it maintains at all times a positive level of working capital (excess of current assets over current liabilities).

(B) A risk-bearing organization may reduce its liabilities for purposes of calculating tangible net equity, pursuant to clause (iii) of subparagraph (A), and working capital, pursuant to clause (iv) of subparagraph (A), by the amount of any liabilities the payment of which is guaranteed by a sponsoring organization pursuant to a qualified guarantee. A sponsoring organization is one that has a tangible net equity of a level to be established by the director that is in excess of all amounts that it has guaranteed to any person or entity. A qualified guarantee is one that meets all of the following:

(i) It is approved by a board resolution of the sponsoring organization.

(ii) The sponsoring organization agrees to submit audited annual financial statements to the plan within 120 days of the end of the sponsoring organization's fiscal year.

(iii) The guarantee is unconditional except for a maximum monetary limit.

(iv) The guarantee is not limited in duration with respect to liabilities arising during the term of the guarantee.

(v) The guarantee provides for six months' advance notice to the plan prior to its cancellation.

(2) The information required from risk-bearing organizations to assist in reviewing or grading these risk-bearing organizations, including balance sheets, claims reports, and designated annual,

quarterly, or monthly financial statements prepared in accordance with generally accepted accounting principles, to be used in a manner, and to the extent necessary, provided to a single external party as approved by the director to the extent that it does not adversely affect the integrity of the contract negotiation process between the health care service plan and the risk-bearing organizations.

(3) Audits to be conducted in accordance with generally accepted auditing standards and in a manner that avoids duplication of review of the risk-bearing organization.

(4) A process for corrective action plans, as mutually agreed upon by the health care service plan and the risk-bearing organization and as approved by the director, for cases where the review or grading indicates deficiencies that need to be corrected by the risk-bearing organization, and contingency plans to ensure the delivery of health care services if the corrective action fails. The corrective action plan shall be approved by the director and standardized, to the extent possible, to meet the needs of the director and all health care service plans contracting with the risk-bearing organization. If the health care service plan and the risk-bearing organization are unable to determine a mutually agreeable corrective action plan, the director shall determine the corrective action plan.

(5) The disclosure of information by health care service plans to the risk-bearing organization that enables the risk-bearing organization to be informed regarding the risk assumed under the contract, including:

(A) Enrollee information monthly.

(B) Risk arrangement information, information pertaining to any pharmacy risk assumed under the contract, information regarding incentive payments, and information on income and expenses assigned to the risk-bearing organization quarterly.

(6) Periodic reports from each health care service plan to the director that include information concerning the risk-bearing organizations and the type and amount of financial risk assumed by them, and, if deemed necessary and appropriate by the director, a registration process for the risk-bearing organizations.

(7) The confidentiality of financial and other records to be produced, disclosed, or otherwise made available, unless as otherwise determined by the director.

(c) The failure by a health care service plan to comply with the contractual requirements pursuant to this section shall constitute grounds for disciplinary action. The director shall, as appropriate, within 60 days after receipt of documented violation from a risk-bearing organization, investigate and take enforcement action against a health care service plan that fails to comply with these requirements and shall periodically evaluate contracts between health care service plans and

risk-bearing organizations to determine if any audit, evaluation, or enforcement actions should be undertaken by the department.

(d) The Financial Solvency Standards Board established in Section 1347.15 shall study and report to the director on or before January 1, 2001, regarding all of the following:

(1) The feasibility of requiring that there be in force insurance coverage commensurate with the financial risk assumed by the risk-bearing organization to protect against financial losses.

(2) The appropriateness of different risk-bearing arrangements between health care service plans and risk-bearing organizations.

(3) The appropriateness of the four criteria specified in paragraph (1) of subdivision (b).

(e) This section shall not apply to specialized health care service plans.

(f) For purposes of this section, ''provider organization'' means a medical group, independent practice association, or other entity that delivers, furnishes, or otherwise arranges for or provides health care services, but does not include an individual or a plan.

(g) (1) For the purposes of this section, a ''risk-bearing organization'' means a professional medical corporation, other form of corporation controlled by physicians and surgeons, a medical partnership, a medical foundation exempt from licensure pursuant to subdivision (*l*) of Section 1206, or another lawfully organized group of physicians that delivers, furnishes, or otherwise arranges for or provides health care services, but does not include an individual or a health care service plan, and that does all of the following:

(A) Contracts directly with a health care service plan or arranges for health care services for the health care service plan's enrollees.

(B) Receives compensation for those services on any capitated or fixed periodic payment basis.

(C) Is responsible for the processing and payment of claims made by providers for services rendered by those providers on behalf of a health care service plan that are covered under the capitation or fixed periodic payment made by the plan to the risk-bearing organization. Nothing in this subparagraph in any way limits, alters, or abrogates any responsibility of a health care service plan under existing law.

(2) Notwithstanding paragraph (1), risk-bearing organizations shall not be deemed to include a provider organization that meets either of the following requirements:

(A) The health care service plan files with the department consolidated financial statements that include the provider organization.

(B) The health care service plan is the only health care service plan with which the provider organization contracts for arranging or providing health care services and, during the previous and current fiscal

years, the provider organization's maximum potential expenses for providing or arranging for health care services did not exceed 115 percent of its maximum potential revenue for providing or arranging for those services.

(h) For purposes of this section, ''claims'' include, but are not limited to, contractual obligations to pay capitation or payments on a managed hospital payment basis.

SEC. 15. Section 1386 of the Health and Safety Code is amended to read:

1386. (a) The director may, after appropriate notice and opportunity for a hearing, by order suspend or revoke any license issued under this chapter to a health care service plan or assess administrative penalties if the director determines that the licensee has committed any of the acts or omissions constituting grounds for disciplinary action.

(b) The following acts or omissions constitute grounds for disciplinary action by the director:

(1) The plan is operating at variance with the basic organizational documents as filed pursuant to Section 1351 or 1352, or with its published plan, or in any manner contrary to that described in, and reasonably inferred from, the plan as contained in its application for licensure and annual report, or any modification thereof, unless amendments allowing the variation have been submitted to, and approved by, the director.

(2) The plan has issued, or permits others to use, evidence of coverage or uses a schedule of charges for health care services which do not comply with those published in the latest evidence of coverage found unobjectionable by the director.

(3) The plan does not provide basic health care services to its enrollees and subscribers as set forth in the evidence of coverage. This subdivision shall not apply to specialized health care service plan contracts.

(4) The plan is no longer able to meet the standards set forth in Article 5 (commencing with Section 1367).

(5) The continued operation of the plan will constitute a substantial risk to its subscribers and enrollees.

(6) The plan has violated or attempted to violate, or conspired to violate, directly or indirectly, or assisted in or abetted a violation or conspiracy to violate any provision of this chapter, any rule or regulation adopted by the director pursuant to this chapter, or any order issued by the director pursuant to this chapter.

(7) The plan has engaged in any conduct that constitutes fraud or dishonest dealing or unfair competition, as defined by Section 17200 of the Business and Professions Code.

(8) The plan has permitted, or aided or abetted any violation by an employee or contractor who is a holder of any certificate, license, permit, registration or exemption issued pursuant to the Business and Professions Code, or this code which would constitute grounds for discipline against the certificate, license, permit, registration, or exemption.

(9) The plan has aided or abetted or permitted the commission of any illegal act.

(10) The engagement of a person as an officer, director, employee, associate, or provider of the plan contrary to the provisions of an order issued by the director pursuant to subdivision (c) of this section or subdivision (d) of Section 1388.

(11) The engagement of a person as a solicitor or supervisor of solicitation contrary to the provisions of an order issued by the director pursuant to Section 1388.

(12) The plan, its management company, or any other affiliate of the plan, or any controlling person, officer, director, or other person occupying a principal management or supervisory position in the plan, management company or affiliate, has been convicted of or pleaded nolo contendere to a crime, or committed any act involving dishonesty, fraud, or deceit, which crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with this chapter. The director may revoke or deny a license hereunder irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(13) The plan violates Section 510, 2056, or 2056.1 of the Business and Professions Code.

(14) The plan has been subject to a final disciplinary action taken by this state, another state, an agency of the federal government, or another country, for any act or omission that would constitute a violation of this chapter.

(15) The plan violates the Confidentiality of Medical Information Act (Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code).

(c) (1) The director may prohibit any person from serving as an officer, director, employee, associate, or provider of any plan or solicitor firm, or of any management company of any plan, or as a solicitor, if either of the following applies:

(A) The prohibition is in the public interest and the person has committed, caused, participated in, or had knowledge of a violation of this chapter by a plan, management company, or solicitor firm.

(B) The person was an officer, director, employee, associate, or provider of a plan or of a management company or solicitor firm of any plan whose license has been suspended or revoked pursuant to this

section and the person had knowledge of, or participated in, any of the prohibited acts for which the license was suspended or revoked.

(2) A proceeding for the issuance of an order under this subdivision may be included with a proceeding against a plan under this section or may constitute a separate proceeding, subject in either case to subdivision (d).

(d) A proceeding under this section shall be subject to appropriate notice to, and the opportunity for a hearing with regard to, the person affected in accordance with subdivision (a) of Section 1397.

SEC. 16. Section 1395.6 of the Health and Safety Code is amended to read:

1395.6. (a) In order to prevent the improper selling, leasing, or transferring of a health care provider's contract, it is the intent of the Legislature that every arrangement that results in any payor paying a health care provider a reduced rate for health care services based on the health care provider's participation in a network or panel shall be disclosed to the provider in advance and shall actively encourage patients to use the network, unless the health care provider agrees to provide discounts without that active encouragement.

(b) Beginning July 1, 2000, every contracting agent that sells, leases, assigns, transfers, or conveys its list of contracted health care providers and their contracted reimbursement rates to a payor or another contracting agent shall, upon entering or renewing a provider contract, do all of the following:

(1) Disclose to the provider whether the list of contracted providers may be sold, leased, transferred, or conveyed to other payors or other contracting agents, and specify whether those payors or contracting agents include workers' compensation insurers or automobile insurers.

(2) Disclose what specific practices, if any, payors utilize to actively encourage a payor's subscribers to use the list of contracted providers when obtaining medical care that entitles a payor to claim a contracted rate. For purposes of this paragraph, a payor is deemed to have actively encouraged its subscribers to use the list of contracted providers if one of the following occurs:

(A) The payor offers its subscribers direct financial incentives to use the list of contracted providers when obtaining medical care. ''Financial incentives'' means reduced copayments, reduced deductibles, premium discounts directly attributable to the use of a provider panel, or financial penalties directly attributable to the nonuse of a provider panel.

(B) The payor provides information to subscribers advising them of the existence of the list of contracted providers through the use of a variety of advertising or marketing approaches that supply the names, addresses, and telephone numbers of contracted providers to subscribers in advance of their selection of a health care provider, which approaches

may include, but are not limited to, the use of provider directories, or the use of toll-free telephone numbers or Internet web site addresses supplied directly to every subscriber. However, Internet web site addresses alone shall not be deemed to satisfy the requirements of this subparagraph. Nothing in this subparagraph shall prevent contracting agents or payors from providing only listings of providers located within a reasonable geographic range of a subscriber.

(3) Disclose whether payors to which the list of contracted providers may be sold, leased, transferred, or conveyed may be permitted to pay a provider's contracted rate without actively encouraging the payors' subscribers to use the list of contracted providers when obtaining medical care.

(4) Disclose, upon the initial signing of a contract, and within 30 calendar days of receipt of a written request from a provider or provider panel, a payor summary of all payors currently eligible to claim a provider's contracted rate due to the provider's and payor's respective written agreement with any contracting agent.

Nothing in this subdivision shall be construed to require a payor to actively encourage the payor's subscribers to use the list of contracted providers when obtaining medical care in the case of an emergency.

(c) A contracting agent shall allow providers, upon the initial signing, renewal, or amendment of a provider contract, to decline to be included in any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the payors' subscribers to use the list of contracted providers when obtaining medical care as described in paragraph (2) of subdivision (b). Each provider's election under this subdivision shall be binding on every contracting agent or payor that buys, leases, or otherwise obtains a list of contracted providers.

(d) A provider shall not be excluded from any list of contracted providers that is sold, leased, transferred, or conveyed to payors that actively encourage the payors' subscribers to use the list of contracted providers when obtaining medical care, based upon the provider's refusal to be included on any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the payors' subscribers to use the list of contracted providers when obtaining medical care.

(e) A payor shall provide an explanation of benefits or explanation of review that identifies the name of the network that has a written agreement signed by the provider whereby the payor is entitled, directly or indirectly, to pay a preferred rate for the services rendered.

(f) A payor shall demonstrate that it is entitled to pay a contracted rate within 30 business days of receipt of a written request from a provider who has received a claim payment from the payor. The failure of a payor

to do so shall render the payor liable for the amount that the payor would have been required to pay pursuant to the applicable health care service plan contract covering the enrollee, which amount shall be due and payable within 10 days of receipt of written notice from the provider, and shall bar the payor from taking any future discounts from that provider without the provider's express written consent until the payor can demonstrate to the provider that it is entitled to pay a contracted rate as provided in this subdivision. A payor shall be deemed to have demonstrated that it is entitled to pay a contracted rate if it complies with either of the following:

(1) Discloses the name of the network that has a written agreement with the provider whereby the provider agrees to accept discounted rates, and describes the specific practices the payor utilizes to comply with paragraph (2) of subdivision (b).

(2) Identifies the provider's written agreement with a contracting agent whereby the provider agrees to be included on lists of contracted providers sold, leased, transferred, or conveyed to payors that do not actively encourage beneficiaries to use the list of contracted providers pursuant to subdivision (c).

(g) For the purposes of this section, the following terms have the following meanings:

(1) ''Contracting agent'' means a health care service plan or a specialized health care service plan, while engaged, for monetary or other consideration, in the act of selling, leasing, transferring, assigning, conveying, or arranging the availability of a provider or provider panel to provide health care services to subscribers.

(2) ''Payor'' means a health care service plan or a specialized health care service plan.

(3) ''Payor summary'' means a written summary that includes the payor's name and the type of plan, including, but not limited to, a group health plan, an automobile insurance plan, and a workers' compensation insurance plan.

(4) ''Provider'' means any of the following:

(A) Any person licensed or certified pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code.

(B) Any person licensed pursuant to the Chiropractic Initiative Act or the Osteopathic Initiative Act.

(C) Any person licensed pursuant to Chapter 2.5 (commencing with Section 1440) of Division 2.

(D) A clinic, health dispensary, or health facility licensed pursuant to Division 2 (commencing with Section 1200).

(E) Any entity exempt from licensure pursuant to Section 1206.

(h) This section shall become operative on July 1, 2000.

SEC. 17. Section 13933 of the Health and Safety Code is amended and renumbered to read:

1374.34. (a) Upon receiving the decision adopted by the director pursuant to Section 1374.33 that a disputed health care service is medically necessary, the plan shall promptly implement the decision. In the case of reimbursement for services already rendered, the plan shall reimburse the provider or enrollee, whichever applies, within five working days. In the case of services not yet rendered, the plan shall authorize the services within five working days of receipt of the written decision from the director, or sooner if appropriate for the nature of the enrollee's medical condition, and shall inform the enrollee and provider of the authorization in accordance with the requirements of paragraph (3) of subdivision (h) of Section 1367.01.

(b) A plan shall not engage in any conduct that has the effect of prolonging the independent review process. The engaging in that conduct or the failure of the plan to promptly implement the decision is a violation of this chapter and, in addition to any other fines, penalties, and other remedies available to the director under this chapter, the plan shall be subject to an administrative penalty of not less than five thousand dollars ($5,000) for each day that the decision is not implemented. Administrative penalties shall be deposited in the State Managed Care Fund.

(c) In any case where an enrollee secured urgent care or emergency services outside of the plan provider network, which services are later found by the independent medical review organization to have been medically necessary pursuant to Section 1374.33, the director shall require the plan to promptly reimburse the enrollee for any reasonable costs associated with those services when the director finds that the enrollee's decision to secure the services outside of the plan provider network prior to completing the plan grievance process or seeking an independent medical review was reasonable under the circumstances and the disputed health care services were a covered benefit under the terms and conditions of the health care service plan contract.

(d) In addition to requiring plan compliance regarding subdivisions (a), (b), and (c) the director shall review individual cases submitted for independent medical review to determine whether any enforcement actions, including penalties, may be appropriate. In particular, where substantial harm, as defined in Section 3428 of the Civil Code, to an enrollee has already occurred because of the decision of a plan, or one of its contracting providers, to delay, deny, or modify covered health care services that an independent medical review determines to be medically necessary pursuant to Section 1374.33, the director shall impose penalties.

(e) Pursuant to Section 1368.04, the director shall perform an annual audit of independent medical review cases for the dual purposes of education and the opportunity to determine if any investigative or enforcement actions should be undertaken by the department, particularly if a plan repeatedly fails to act promptly and reasonably to resolve grievances associated with a delay, denial, or modification of medically necessary health care services when the obligation of the plan to provide those health care services to enrollees or subscribers is reasonably clear.

SEC. 18. Section 10123.135 of the Insurance Code, as amended by Chapter 539 of the Statutes of 1999, is amended to read:

10123.135. (a) Every disability insurer, or an entity with which it contracts for services that include utilization review or utilization management functions, that covers hospital, medical, or surgical expenses and that prospectively, retrospectively, or concurrently reviews and approves, modifies, delays, or denies, based in whole or in part on medical necessity, requests by providers prior to, retrospectively, or concurrent with the provision of health care services to insureds, or that delegates these functions to medical groups or independent practice associations or to other contracting providers, shall comply with this section.

(b) A disability insurer that is subject to this section, or any entity with which an insurer contracts for services that include utilization review or utilization management functions, shall have written policies and procedures establishing the process by which the insurer prospectively, retrospectively, or concurrently reviews and approves, modifies, delays, or denies, based in whole or in part on medical necessity, requests by providers of health care services for insureds. These policies and procedures shall ensure that decisions based on the medical necessity of proposed health care services are consistent with criteria or guidelines that are supported by clinical principles and processes. These criteria and guidelines shall be developed pursuant to subdivision (f). These policies and procedures, and a description of the process by which an insurer, or an entity with which an insurer contracts for services that include utilization review or utilization management functions, reviews and approves, modifies, delays, or denies requests by providers prior to, retrospectively, or concurrent with the provision of health care services to insureds, shall be filed with the commissioner, and shall be disclosed by the insurer to insureds and providers upon request, and by the insurer to the public upon request.

(c) If the number of insureds covered under health benefit plans in this state that are issued by an insurer subject to this section constitute at least 50 percent of the number of insureds covered under health benefit plans issued nationwide by that insurer, the insurer shall employ or designate

a medical director who holds an unrestricted license to practice medicine in this state issued pursuant to Section 2050 of the Business and Professions Code or the Osteopathic Act, or the insurer may employ a clinical director licensed in California whose scope of practice under California law includes the right to independently perform all those services covered by the insurer. The medical director or clinical director shall ensure that the process by which the insurer reviews and approves, modifies, delays, or denies, based in whole or in part on medical necessity, requests by providers prior to, retrospectively, or concurrent with the provision of health care services to insureds, complies with the requirements of this section. Nothing in this subdivision shall be construed as restricting the existing authority of the Medical Board of California.

(d) If an insurer subject to this section, or individuals under contract to the insurer to review requests by providers, approve the provider's request pursuant to subdivision (b), the decision shall be communicated to the provider pursuant to subdivision (h).

(e) No individual, other than a licensed physician or a licensed health care professional who is competent to evaluate the specific clinical issues involved in the health care services requested by the provider, may deny or modify requests for authorization of health care services for an insured for reasons of medical necessity. The decision of the physician or other health care provider shall be communicated to the provider and the insured pursuant to subdivision (h).

(f) (1) An insurer shall disclose, or provide for the disclosure, to the commissioner and to network providers, the process the insurer, its contracting provider groups, or any entity with which it contracts for services that include utilization review or utilization management functions, uses to authorize, delay, modify, or deny health care services under the benefits provided by the insurance contract, including coverage for subacute care, transitional inpatient care, or care provided in skilled nursing facilities. An insurer shall also disclose those processes to policyholders or persons designated by a policyholder, or to any other person or organization, upon request.

(2) The criteria or guidelines used by an insurer, or an entity with which an insurer contracts for utilization review or utilization management functions, to determine whether to authorize, modify, delays, or deny health care services, shall:

(A) Be developed with involvement from actively practicing health care providers.

(B) Be consistent with sound clinical principles and processes.

(C) Be evaluated, and updated if necessary, at least annually.

(D) If used as the basis of a decision to modify, delay, or deny services in a specified case under review, be disclosed to the provider and the policyholder in that specified case.

(E) Be available to the public upon request. An insurer shall only be required to disclose the criteria or guidelines for the specific procedures or conditions requested. An insurer may charge reasonable fees to cover administrative expenses related to disclosing criteria or guidelines pursuant to this paragraph, limited to copying and postage costs. The insurer may also make the criteria or guidelines available through electronic communication means.

(3) The disclosure require by subparagraph (E) of paragraph (2) shall be accompanied by the following notice: ''The materials provided to you are guidelines used by this insurer to authorize, modify, or deny health care benefits for persons with similar illnesses or conditions. Specific care and treatment may vary depending on individual need and the benefits covered under your insurance contract.

(g) If an insurer subject to this section requests medical information from providers in order to determine whether to approve, modify, or deny requests for authorization, the insurer shall request only the information reasonably necessary to make the determination.

(h) In determining whether to approve, modify, or deny requests by providers prior to, retrospectively, or concurrent with the provision of health care services to insureds, based in whole or in part on medical necessity, every insurer subject to this section shall meet the following requirements:

(1) Decisions to approve, modify, or deny, based on medical necessity, requests by providers prior to, or concurrent with, the provision of health care services to insureds that do not meet the requirements for the 72-hour review required by paragraph (2), shall be made in a timely fashion appropriate for the nature of the insured's condition, not to exceed five business days from the insurer's receipt of the information reasonably necessary and requested by the insurer to make the determination. In cases where the review is retrospective, the decision shall be communicated to the individual who received services, or to the individual's designee, within 30 days of the receipt of information that is reasonably necessary to make this determination, and shall be communicated to the provider in a manner that is consistent with current law. For purposes of this section, retrospective reviews shall be for care rendered on or after January 1, 2000.

(2) When the insured's condition is such that the insured faces an imminent and serious threat to his or her health, including, but not limited to, the potential loss of life, limb, or other major bodily function, or the normal timeframe for the decisionmaking process, as described in paragraph (1), would be detrimental to the insured's life or health or

could jeopardize the insured's ability to regain maximum function, decisions to approve, modify, or deny requests by providers prior to, or concurrent with, the provision of health care services to insureds shall be made in a timely fashion, appropriate for the nature of the insured's condition, but not to exceed 72 hours after the insurer's receipt of the information reasonably necessary and requested by the insurer to make the determination.

(3) Decisions to approve, modify, or deny requests by providers for authorization prior to, or concurrent with, the provision of health care services to insureds shall be communicated to the requesting provider within 24 hours of the decision. Except for concurrent review decisions pertaining to care that is underway, which shall be communicated to the insured's treating provider within 24 hours, decisions resulting in denial, delay, or modification of all or part of the requested health care service shall be communicated to the insured in writing within two business days of the decision. In the case of concurrent review, care shall not be discontinued until the insured's treating provider has been notified of the insurer's decision and a care plan has been agreed upon by the treating provider that is appropriate for the medical needs of that patient.

(4) Communications regarding decisions to approve requests by providers prior to, retrospectively, or concurrent with the provision of health care services to insureds shall specify the specific health care service approved. Responses regarding decisions to deny, delay, or modify health care services requested by providers prior to, retrospectively, or concurrent with the provision of health care services to insureds shall be communicated to insureds in writing, and to providers initially by telephone or facsimile, except with regard to decisions rendered retrospectively, and then in writing, and shall include a clear and concise explanation of the reasons for the insurer's decision, a description of the criteria or guidelines used, and the clinical reasons for the decisions regarding medical necessity. Any written communication to a physician or other health care provider of a denial, delay, or modification or a request shall include the name and telephone number of the health care professional responsible for the denial, delay, or modification. The telephone number provided shall be a direct number or an extension, to allow the physician or health care provider easily to contact the professional responsible for the denial, delay, or modification. Responses shall also include information as to how the provider or the insured may file an appeal with the insurer or seek department review under the unfair practices provisions of Article 6.5 (commencing with Section 790) of Chapter 1 of Part 7 of Division 1 and the regulations adopted thereunder.

(5) If the insurer cannot make a decision to approve, modify, or deny the request for authorization within the timeframes specified in

paragraph (1) or (2) because the insurer is not in receipt of all of the information reasonably necessary and requested, or because the insurer requires consultation by an expert reviewer, or because the insurer has asked that an additional examination or test be performed upon the insured, provided that the examination or test is reasonable and consistent with good medical practice, the insurer shall, immediately upon the expiration of the timeframe specified in paragraph (1) or (2), or as soon as the insurer becomes aware that it will not meet the timeframe, whichever occurs first, notify the provider and the insured, in writing, that the insurer cannot make a decision to approve, modify, or deny the request for authorization within the required timeframe, and specify the information requested but not received, or the expert reviewer to be consulted, or the additional examinations or tests required. The insurer shall also notify the provider and enrollee of the anticipated date on which a decision may be rendered. Upon receipt of all information reasonably necessary and requested by the insurer, the insurer shall approve, modify, or deny the request for authorization within the timeframes specified in paragraph (1) or (2), whichever applies.

(6) If the commissioner determines that an insurer has failed to meet any of the timeframes in this section, or has failed to meet any other requirement of this section, the commissioner may assess, by order, administrative penalties for each failure. A proceeding for the issuance of an order assessing administrative penalties shall be subject to appropriate notice to, and an opportunity for a hearing with regard to, the person affected. The administrative penalties shall not be deemed an exclusive remedy for the commissioner. These penalties shall be paid to the Insurance Fund.

(i) Every insurer subject to this section shall maintain telephone access for providers to request authorization for health care services.

(j) Nothing in this section shall cause a disability insurer to be defined as a health care provider for purposes of any provision of law, including, but not limited to, Section 6146 of the Business and Professions Code, Sections 3333.1 and 3333.2 of the Civil Code, and Sections 340.5, 364, 425.13, 667.7, and 1295 of the Code of Civil Procedure.

SEC. 19. Section 10145.3 of the Insurance Code is amended to read:

10145.3. (a) Every disability insurer that covers hospital, medical, or surgical benefits shall provide an external, independent review process to examine the insurer's coverage decisions regarding experimental or investigational therapies for individual insureds who meet all of the following criteria:

(1) (A) The insured has a life-threatening or seriously debilitating condition.

(B) For purposes of this section, ''life-threatening'' means either or both of the following:

(i) Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.

(ii) Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

(C) For purposes of this section, ''seriously debilitating'' means diseases or conditions that cause major irreversible morbidity.

(2) The insured's physician certifies that the insured has a condition, as defined in paragraph (1), for which standard therapies have not been effective in improving the condition of the insured, for which standard therapies would not be medically appropriate for the insured, or for which there is no more beneficial standard therapy covered by the insurer than the therapy proposed pursuant to paragraph (3).

(3) Either (A) the insured's contracting physician has recommended a drug, device, procedure, or other therapy that the physician certifies in writing is likely to be more beneficial to the insured than any available standard therapies, or (B) the insured, or the insured's physician who is a licensed, board-certified or board-eligible physician qualified to practice in the area of practice appropriate to treat the insured's condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined in subdivision (d), is likely to be more beneficial for the insured than any available standard therapy. The physician certification pursuant to this subdivision shall include a statement of the evidence relied upon by the physician in certifying his or her recommendation. Nothing in this subdivision shall be construed to require the insurer to pay for the services of a noncontracting physician, provided pursuant to this subdivision, that are not otherwise covered pursuant to the contract.

(4) The insured has been denied coverage by the insurer for a drug, device, procedure, or other therapy recommended or requested pursuant to paragraph (3), unless coverage for the specific therapy has been excluded by the insurer's contract.

(5) The specific drug, device, procedure, or other therapy recommended pursuant to paragraph (3) would be a covered service except for the insurer's determination that the therapy is experimental or under investigation.

(b) The insurer's decision to deny, delay, or modify experimental or investigational therapies shall be subject to the independent medical review process established under Article 3.5 (commencing with Section 10169) of Chapter 1 of Part 2 of Division 2, except that in lieu of the information specified in subdivision (b) of Section 10169.3, an independent medical reviewer shall base his or her determination on

relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence defined in subdivision (d).

(c) The independent medical review process shall also meet the following criteria:

(1) The insurer shall notify eligible insureds in writing of the opportunity to request the external independent review within five business days of the decision to deny coverage.

(2) If the insured's physician determines that the proposed therapy would be significantly less effective if not promptly initiated, the analyses and recommendations of the experts on the panel shall be rendered within seven days of the request for expedited review. At the request of the expert, the deadline shall be extended by up to three days for a delay in providing the documents required. The timeframes specified in this paragraph shall be in addition to any otherwise applicable timeframes contained in subdivision (c) of Section 10169.3.

(3) Each expert's analysis and recommendation shall be in written form and state the reasons the requested therapy is or is not likely to be more beneficial for the insured than any available standard therapy, and the reasons that the expert recommends that the therapy should or should not be covered by the insurer, citing the insured's specific medical condition, the relevant documents, and the relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence as defined in subdivision (d), to support the expert's recommendation.

(4) Coverage for the services required under this section shall be provided subject to the terms and conditions generally applicable to other benefits under the contract.

(d) For the purposes of subdivision (b), ''medical and scientific evidence'' means the following sources:

(1) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

(2) Peer-reviewed literature, biomedical compendia and other medical literature that meet the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline and MEDLARS data base Health Services Technology Assessment Research (HSTAR).

(3) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.

(4) The following standard reference compendia: The American Hospital Formulary Service-Drug Information, the American Medical Association Drug Evaluation, the American Dental Association

Accepted Dental Therapeutics and The United States Pharmacopoeia-Drug Information.

(5) Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.

(6) Peer-reviewed abstracts accepted for presentation at major medical association meetings.

(e) The independent review process established by this section shall be required on and after January 1, 2001.

SEC. 20. Section 25002 of the Welfare and Institutions Code is amended to read:

25002. To develop the options for achieving universal health care coverage described in Section 25001, the secretary shall establish a process by which these options are developed. The process shall at a minimum include the following:

(a) The examination and utilization of research results from the study performed by the University of California with regard to methods of financing, delivering and defining universal health care coverage, done pursuant to the criteria in Senate Concurrent Resolution 100 of the 1997–1998 Regular Session of the Legislature.

(b) The examination and utilization of other data and information, as requested by the secretary or provided to the secretary, with regard to methods of financing, delivering, or defining universal health care coverage.

(c) Developing a process by which representatives of health care consumers, providers, insurers, health care workers, advocates, counties, and all other interested parties are engaged in discussion and debate of the issues faced by the state in providing universal health coverage. The secretary shall develop the methods by which this discussion occurs, provided that it is broadly inclusive of all groups with an interest in universal health care coverage.

(d) Interagency participation including, but not limited to, the State Department of Health Services, the State Department of Mental Health, the Department of Finance, the Managed Risk Medical Insurance Board, the Department of Consumer Affairs, the Public Employees' Retirement System, the State Department of Social Services, the Department of Managed Health Care, the Department of Insurance, and any other appropriate agencies which the secretary determines can contribute to the effort to provide universal health care coverage.

(e) Obtaining information from the United States Health Care Financing Administration regarding federal waivers or other forms of federal participation, if necessary.

SECTION 1. Section Section 56.10 of the Civil Code is amended to read:

56.10. (a) No provider of health care, or health care service plan, or contractor shall disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care

service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).

(b) A provider of health care, a health care service plan, or a contractor shall disclose medical information if the disclosure is compelled by any of the following:

(1) By a court pursuant to an order of that court.

(2) By a board, commission, or administrative agency for purposes of adjudication pursuant to its lawful authority.

(3) By a party to a proceeding before a court or administrative agency pursuant to a subpoena, subpoena duces tecum, notice to appear served pursuant to Section 1987 of the Code of Civil Procedure, or any provision authorizing discovery in a proceeding before a court or administrative agency.

(4) By a board, commission, or administrative agency pursuant to an investigative subpoena issued under Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

(6) By a search warrant lawfully issued to a governmental law enforcement agency.

(7) By the patient or the patient's representative pursuant to Chapter 1 (commencing with Section 123100) of Part 1 of Division 106 of the Health and Safety Code.

(8) By a coroner, when requested in the course of an investigation by the coroner's office for the purpose of identifying the decedent or locating next of kin, or when investigating deaths that may involve public health concerns, organ or tissue donation, child abuse, elder abuse, suicides, poisonings, accidents, sudden infant death, suspicious deaths, unknown deaths, or criminal deaths, or when otherwise authorized by the decedent's representative. Medical information requested by the coroner under this paragraph shall be limited to information regarding the patient who is the decedent and who is the subject of the investigation and shall be disclosed to the coroner without delay upon request.

(9) When otherwise specifically required by law.

(c) A provider of health care, or a health care service plan may disclose medical information as follows:

(1) The information may be disclosed to providers of health care, health care service plans, or other health care professionals or facilities for purposes of diagnosis or treatment of the patient. This includes, in

an emergency situation, the communication of patient information by radio transmission between emergency medical personnel at the scene of an emergency, or in an emergency medical transport vehicle, and emergency medical personnel at a health facility licensed pursuant to Chapter 2 (commencing with Section 1200) of Division 2 of the Health and Safety Code.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider of health care or health care service plan as necessary to assist the other provider or health care service plan in obtaining payment for health care services rendered by that provider of health care or health care service plan to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers of health care or health care service plans or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, licensed health care service plans, professional standards review organizations, utilization and quality control peer review organizations as established by Congress in Public Law 97-248 in 1982, or persons or organizations insuring, responsible for, or defending professional liability that a provider may incur, if the committees, agents, plans, organizations, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care or health care service plan may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care or health care service plan. However, no patient identifying medical

information may be removed from the premises except as expressly permitted or required elsewhere by law.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner's office when requested for all purposes not included in paragraph (8) of subdivision (b).

(7) The information may be disclosed to public agencies, clinical investigators, including investigators conducting epidemiologic studies, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. However, no information so disclosed shall be further disclosed by the recipient in any way that would disclose the identity of any patient or be violative of this part.

(8) A provider of health care or health care service plan that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee's employer that part of the information that:

(A) Is relevant in a law suit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider of health care or health care service plan is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy that the patient seeks coverage by or benefits from, if the information was created by the provider of health care or health care service plan as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent, or to a probate court investigator, probation officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existent guardianship.

(13) The information may be disclosed to an organ procurement organization or a tissue bank processing the tissue of a decedent for transplantation into the body of another person, but only with respect to the donating decedent, for the purpose of aiding the transplant. For the purpose of this paragraph, the terms ''tissue bank'' and ''tissue'' have the same meaning as defined in Section 1635 of the Health and Safety Code.

(14) The information may be disclosed when the disclosure is otherwise specifically authorized by law, such as the voluntary reporting, either directly or indirectly, to the federal Food and Drug Administration of adverse events related to drug products or medical device problems.

(15) Basic information including the patient's name, city of residence, age, sex, and general condition may be disclosed to a state or federally recognized disaster relief organization for the purpose of responding to disaster welfare inquiries.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of chronic disease management programs, information may be disclosed to any entity contracting with a health care service plan to monitor or administer care of enrollees for a covered benefit, provided that the disease management services and care are authorized by a treating physician.

(d) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no provider of

health care, health care service plan, or contractor shall intentionally share, sell, or otherwise use any medical information for any purpose not necessary to provide health care services to the patient.

(e) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no contractor shall further disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan or insurer or self-insured employer received under this section to any person or entity that is not engaged in providing direct health care services to the patient or his or her provider of health care or health care service plan or insurer or self-insured employer.

(f) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2003, deletes or extends that date.

56.10. (a) No provider of health care, or health care service plan, or contractor shall disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).

(5) The information in the possession of any provider of health care or health care service plan may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care or health care service plan. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner's office when requested for all purposes not included in paragraph (8) of subdivision (b).

(7) The information may be disclosed to public agencies, clinical investigators, including investigators conducting epidemiologic studies, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. (c) A provider of health care, or a health care service plan may disclose medical information as follows:

(1) The information may be disclosed to providers of health care, health care service plans, contractors, or other health care professionals or facilities for purposes of diagnosis or treatment of the patient. This includes, in an emergency situation, the communication of patient information by radio transmission or other means between emergency medical personnel at the scene of an emergency, or in an emergency medical transport vehicle, and emergency medical personnel at a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, contractor, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another

provider of health care or health care service plan as necessary to assist the other provider or health care service plan in obtaining payment for health care services rendered by that provider of health care or health care service plan to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers of health care or health care service plans or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, licensed health care service plans, professional standards review organizations, independent medical review organizations and their selected reviewers, utilization and quality control peer review organizations as established by Congress in Public Law 97-248 in 1982, contractors, or persons or organizations insuring, responsible for, or defending professional liability that a provider may incur, if the committees, agents, health care service plans, organizations, reviewers, contractors, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care or health care service plan may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care or health care service plan. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law, nor shall that information be further disclosed by the recipient in any way that would violate this part.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner's office.

(7) The information may be disclosed to public agencies, clinical investigators, including investigators conducting epidemiologic studies, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. However, no information so disclosed shall be further disclosed by the recipient in any way that would disclose the identity of any patient or be violative of this part.

(8) A provider of health care or health care service plan that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee's employer that part of the information that:

(A) Is relevant in a law suit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider of health care or health care service plan is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy that the patient seeks coverage by or benefits from, if the information was created by the provider of health care or health care service plan as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent, or to a probate court investigator, probation officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existent guardianship.

(13) The information may be disclosed to an organ procurement organization or a tissue bank processing the tissue of a decedent for

transplantation into the body of another person, but only with respect to the donating decedent, for the purpose of aiding the transplant. For the purpose of this paragraph, the terms ''tissue bank'' and ''tissue'' have the same meaning as defined in Section 1635 of the Health and Safety Code.

(14) The information may be disclosed when the disclosure is otherwise specifically authorized by law, such as the voluntary reporting, either directly or indirectly, to the federal Food and Drug Administration of adverse events related to drug products or medical device problems.

(15) Basic information including the patient's name, city of residence, age, sex, and general condition may be disclosed to a state or federally recognized disaster relief organization for the purpose of responding to disaster welfare inquiries.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of disease management programs and services as defined in Section 1399.901 of the Health and Safety Code, information may be disclosed as follows: (A) to any entity contracting with a health care service plan or the health care service plan's contractors to monitor or administer care of enrollees for a covered benefit, provided that the disease management services and care are authorized by a treating physician, or (B) to any disease management organization, as defined in Section 1399.900 of the Health and Safety Code, that complies fully with the physician authorization requirements of Section 1399.902 of the Health and Safety Code, provided that the health care service plan or its contractor provides or has provided a description of the disease management services to a treating physician or to the health care service plan's or contractor's network of physicians. Nothing in this paragraph shall be construed to require physician authorization for the care or treatment of the adherents of any well-recognized church or religious denomination who depend solely upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(d) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no provider of health care, health care service plan contractor, or corporation and its subsidiaries and affiliates shall intentionally share, sell, or otherwise use any medical information for any purpose not necessary to provide health care services to the patient.

(e) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no contractor

or corporation and its subsidiaries and affiliates shall further disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan or insurer or self-insured employer received under this section to any person or entity that is not engaged in providing direct health care services to the patient or his or her provider of health care or health care service plan or insurer or self-insured employer.

(f) This section shall become operative January 1, 2003.

SEC. 2. Section 27491.1 of the Government Code is amended to read:

27491.1. In all cases in which a person has died under circumstances that afford a reasonable ground to suspect that the person's death has been occasioned by the act of another by criminal means, the coroner, upon determining that those reasonable grounds exist, shall immediately notify the law enforcement agency having jurisdiction over the criminal investigation. Notification shall be made by the most direct communication available. The report shall state the name of the deceased person, if known, the location of the remains, and other information received by the coroner relating to the death, including any medical information of the decedent that is directly related to the death. The report shall not include any information contained in the decedent's medical records regarding any other person unless that information is relevant and directly related to the decedent's death.

SEC. 3. Section 27491.8 of the Government Code is amended to read:

27491.8. (a) When the coroner seeks a confidential communication of a deceased person that is privileged under Article 6 (commencing with Section 990) or Article 7 (commencing with Section 1010) of Chapter 4 of Division 8 of the Evidence Code, by means of a subpoena or subpoena duces tecum, for the purpose of inquiry into, and determination of, the circumstances, manner, and cause of death as set forth in Section 27491, or for the sole purpose of being introduced as evidence at a coroner's inquest proceeding, the coroner shall provide notice to the decedent's personal representative, appointed by the court, if any personally or at his or her last known address, not less than seven days prior to the date the records are to be delivered to the presiding judge of the superior court. If no personal representative has been appointed by the court, the coroner shall provide notice to the person who has the right to control disposition of the decedent's remains, as defined in paragraphs (1) to (4), inclusive, of subdivision (a) of, and paragraphs (1) and (2) of subdivision (b) of Section 7100 of the Health and Safety Code, to the extent known. The notice shall inform the personal representative or the person with the right to control disposition of the decedent's remains that he or she may provide to the court a written objection to the

disclosure or to any part thereof, on or before the date for delivery thereof to the court. The custodian shall deliver the records to the presiding judge of the superior court in a confidential manner. The presiding judge shall examine the records in camera. If there is good cause, the presiding judge shall direct the custodian to disclose to the coroner those portions of the records which the judge determines are relevant to the coroner's inquiry or inquest.

(b) A communication made available to the coroner pursuant to this section is confidential, and shall not be distributed or made available to any other person, agency, firm, or corporation, except as follows:

(1) When introduced into evidence at a coroner's inquest proceeding.

(2) When included in a coroner's official report for the purpose of establishing the cause, manner, and circumstances of death.

(3) When otherwise required by law.

(c) This communication shall not be admissible as former testimony pursuant to Article 9 (commencing with Section 1290) of Chapter 2 of Division 10 of the Evidence Code unless otherwise admissible by law.

(d) After the investigation or inquest has terminated, the court shall order the records produced to the coroner containing the confidential communication to be sealed or destroyed if necessary to protect the confidentiality of the decedent's medical or mental health information.

(e) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

The notice shall inform the personal representative that he or she may provide to the court a written objection to the disclosure or to any part thereof, on or before the date for delivery thereof to the court. The custodian shall deliver the records to the presiding judge of the superior court in a confidential manner. The presiding judge shall examine the records in camera. If there is good cause, the presiding judge shall direct the custodian to disclose to the coroner those portions of the records which the judge determines are relevant to the coroner's inquiry or inquest.

(c) This communication shall not be admissible as former testimony pursuant to Article 9 (commencing with Section 1290) of Chapter 2 of Division 10 of the Evidence Code.

(d) After the investigation or inquest has terminated, the court shall order the records thereof to be sealed as necessary to protect the confidentiality of the decedent's medical or mental health information.

CHAPTER 1069

An act to amend Section 511.1 of the Business and Professions Code, to amend Section 1395.6 of the Health and Safety Code, to amend Section 10178.3 of the Insurance Code, and to amend Sections 4603.2 and 4609 of the Labor Code, relating to health care coverage.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 511.1 of the Business and Professions Code is amended to read:

511.1. (a) In order to prevent the improper selling, leasing, or transferring of a health care provider's contract, it is the intent of the Legislature that every arrangement that results in a payor paying a health care provider a reduced rate for health care services based on the health care provider's participation in a network or panel shall be disclosed to the provider in advance and that the payor shall actively encourage beneficiaries to use the network, unless the health care provider agrees to provide discounts without that active encouragement.

(b) Beginning July 1, 2000, every contracting agent that sells, leases, assigns, transfers, or conveys its list of contracted health care providers and their contracted reimbursement rates to a payor, as defined in subparagraph (A) of paragraph (3) of subdivision (d), or another contracting agent shall, upon entering or renewing a provider contract, do all of the following:

(1) Disclose whether the list of contracted providers may be sold, leased, transferred, or conveyed to other payors or other contracting agents, and specify whether those payors or contracting agents include workers' compensation insurers or automobile insurers.

(2) Disclose what specific practices, if any, payors utilize to actively encourage a payor's beneficiaries to use the list of contracted providers when obtaining medical care that entitles a payor to claim a contracted rate. For purposes of this paragraph, a payor is deemed to have actively encouraged its beneficiaries to use the list of contracted providers if one of the following occurs:

(A) The payor's contract with subscribers or insureds offers beneficiaries direct financial incentives to use the list of contracted providers when obtaining medical care. ''Financial incentives'' means reduced copayments, reduced deductibles, premium discounts directly attributable to the use of a provider panel, or financial penalties directly attributable to the nonuse of a provider panel.

(B) The payor provides information directly to its beneficiaries, who are parties to the contract, or, in the case of workers' compensation insurance, the employer, advising them of the existence of the list of contracted providers through the use of a variety of advertising or marketing approaches that supply the names, addresses, and telephone numbers of contracted providers to beneficiaries in advance of their selection of a health care provider, which approaches may include, but are not limited to, the use of provider directories, or the use of toll-free telephone numbers or internet web site addresses supplied directly to every beneficiary. However, internet web site addresses alone shall not be deemed to satisfy the requirements of this subparagraph. Nothing in this subparagraph shall prevent contracting agents or payors from providing only listings of providers located within a reasonable geographic range of a beneficiary.

(3) Disclose whether payors to which the list of contracted providers may be sold, leased, transferred, or conveyed may be permitted to pay a provider's contracted rate without actively encouraging the payors' beneficiaries to use the list of contracted providers when obtaining medical care. Nothing in this subdivision shall be construed to require a payor to actively encourage the payor's beneficiaries to use the list of contracted providers when obtaining medical care in the case of an emergency.

(4) Disclose, upon the initial signing of a contract, and within 30 calendar days of receipt of a written request from a provider or provider panel, a payor summary of all payors currently eligible to claim a provider's contracted rate due to the provider's and payor's respective written agreements with any contracting agent.

(5) Allow providers, upon the initial signing, renewal, or amendment of a provider contract, to decline to be included in any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care as described in paragraph (2). Each provider's election under this paragraph shall be binding on the contracting agent with which the provider has the contract and on any other contracting agent that buys, leases, or otherwise obtains the list of contracted providers. A provider shall not be excluded from any list of contracted providers that is sold, leased, transferred, or conveyed to payors that actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care, based upon the provider's refusal to be included on any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care.

(6) Nothing in this subdivision shall be construed to impose requirements or regulations upon payors, as defined in subparagraph (A) of paragraph (3) of subdivision (d).

(c) Beginning July 1, 2000, a payor, as defined in subparagraph (B) of paragraph (3) of subdivision (d), shall do all of the following:

(1) Provide an explanation of benefits or explanation of review that identifies the name of the plan or network that has a written agreement signed by the provider whereby the payor is entitled, directly or indirectly, to pay a preferred rate for the services rendered.

(2) Demonstrate that it is entitled to pay a contracted rate within 30 business days of receipt of a written request from a provider who has received a claim payment from the payor. The failure of a payor to make the demonstration within 30 business days shall render the payor responsible for the amount that the payor would have been required to pay pursuant to the contract between the payor and the beneficiary,

which amount shall be due and payable within 10 business days of receipt of written notice from the provider, and shall bar the payor from taking any future discounts from that provider without the provider's express written consent until the payor can demonstrate to the provider that it is entitled to pay a contracted rate as provided in this paragraph. A payor shall be deemed to have demonstrated that it is entitled to pay a contracted rate if it complies with either of the following:

(A) Discloses the name of the network that has a written agreement with the provider whereby the provider agrees to accept discounted rates, and describes the specific practices the payor utilizes to comply with paragraph (2) of subdivision (b).

(B) Identifies the provider's written agreement with a contracting agent whereby the provider agrees to be included on lists of contracted providers sold, leased, transferred, or conveyed to payors that do not actively encourage beneficiaries to use the list of contracted providers pursuant to paragraph (5) of subdivision (b).

(d) For the purposes of this section, the following terms have the following meanings:

(1) ''Beneficiary'' means:

(A) For workers' compensation insurance, an employee seeking health care services for a work-related injury.

(B) For automobile insurance, those persons covered under the medical payments portion of the insurance contract.

(C) For group or individual health services covered through a health care service plan contract, including a specialized health care service plan contract, or a policy of disability insurance that covers hospital, medical, or surgical benefits, a subscriber, an enrollee, a policyholder, or an insured.

(2) ''Contracting agent'' means a third-party administrator or trust not licensed under the Health and Safety Code, the Insurance Code, or the Labor Code, a self-insured employer, a preferred provider organization, or an independent practice association, while engaged, for monetary or other consideration, in the act of selling, leasing, transferring, assigning, or conveying, a provider or provider panel to provide health care services to beneficiaries. For purposes of this section, a contracting agent shall not include a health care service plan, including a specialized health care service plan, an insurer licensed under the Insurance Code to provide disability insurance that covers hospital, medical, or surgical benefits, automobile insurance, or workers' compensation insurance, or a self-insured employer.

(3) (A) For purposes of subdivision (b), ''payor'' means a health care service plan, including a specialized health care service plan, an insurer licensed under the Insurance Code to provide disability insurance that covers hospital, medical, or surgical benefits, automobile insurance,

workers' compensation insurance, or a self-insured employer that is responsible to pay for health care services provided to beneficiaries.

(B) For purposes of subdivision (c), ''payor'' means only those entities that provide coverage for hospital, medical, or surgical benefits that are not regulated under the Health and Safety Code, the Insurance Code, or the Labor Code.

(4) ''Payor summary'' means a written summary that includes the payor's name and the type of plan, including, but not limited to, a group health plan, an automobile insurance plan, and a workers' compensation insurance plan.

(5) ''Provider'' means any of the following:

(A) Any person licensed or certified pursuant to this division.

(B) Any person licensed pursuant to the Chiropractic Initiative Act or the Osteopathic Initiative Act.

(C) Any person licensed pursuant to Chapter 2.5 (commencing with Section 1440) of Division 2 of the Health and Safety Code.

(D) A clinic, health dispensary, or health facility licensed pursuant to Division 2 (commencing with Section 1200) of the Health and Safety Code.

(E) Any entity exempt from licensure pursuant to Section 1206 of the Health and Safety Code.

(e) This section shall become operative on July 1, 2000.

SEC. 2. Section 1395.6 of the Health and Safety Code is amended to read:

1395.6. (a) In order to prevent the improper selling, leasing, or transferring of a health care provider's contract, it is the intent of the Legislature that every arrangement that results in a payor paying a health care provider a reduced rate for health care services based on the health care provider's participation in a network or panel shall be disclosed to the provider in advance and that the payor shall actively encourage beneficiaries to use the network, unless the health care provider agrees to provide discounts without that active encouragement.

(b) Beginning July 1, 2000, every contracting agent that sells, leases, assigns, transfers, or conveys its list of contracted health care providers and their contracted reimbursement rates to a payor, as defined in subparagraph (A) of paragraph (3) of subdivision (d), or another contracting agent shall, upon entering or renewing a provider contract, do all of the following:

(1) Disclose to the provider whether the list of contracted providers may be sold, leased, transferred, or conveyed to other payors or other contracting agents, and specify whether those payors or contracting agents include workers' compensation insurers or automobile insurers.

(2) Disclose what specific practices, if any, payors utilize to actively encourage a payor's beneficiaries to use the list of contracted providers

when obtaining medical care that entitles a payor to claim a contracted rate. For purposes of this paragraph, a payor is deemed to have actively encouraged its beneficiaries to use the list of contracted providers if one of the following occurs:

(A) The payor's contract with subscribers or insureds offers beneficiaries direct financial incentives to use the list of contracted providers when obtaining medical care. ''Financial incentives'' means reduced copayments, reduced deductibles, premium discounts directly attributable to the use of a provider panel, or financial penalties directly attributable to the nonuse of a provider panel.

(B) The payor provides information to its beneficiaries, who are parties to the contract, or, in the case of workers' compensation insurance, the employer, advising them of the existence of the list of contracted providers through the use of a variety of advertising or marketing approaches that supply the names, addresses, and telephone numbers of contracted providers to beneficiaries in advance of their selection of a health care provider, which approaches may include, but are not limited to, the use of provider directories, or the use of toll-free telephone numbers or Internet web site addresses supplied directly to every beneficiary. However, internet web site addresses alone shall not be deemed to satisfy the requirements of this subparagraph. Nothing in this subparagraph shall prevent contracting agents or payors from providing only listings of providers located within a reasonable geographic range of a beneficiary.

(3) Disclose whether payors to which the list of contracted providers may be sold, leased, transferred, or conveyed may be permitted to pay a provider's contracted rate without actively encouraging the payors' beneficiaries to use the list of contracted providers when obtaining medical care. Nothing in this subdivision shall be construed to require a payor to actively encourage the payor's beneficiaries to use the list of contracted providers when obtaining medical care in the case of an emergency.

(4) Disclose, upon the initial signing of a contract, and within 30 calendar days of receipt of a written request from a provider or provider panel, a payor summary of all payors currently eligible to claim a provider's contracted rate due to the provider's and payor's respective written agreement with any contracting agent.

(5) Allow providers, upon the initial signing, renewal, or amendment of a provider contract, to decline to be included in any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care as described in paragraph (2). Each provider's election under this paragraph shall be binding on the contracting agent with which the provider has the contract

and any contracting agent that buys, leases, or otherwise obtains the list of contracted providers. A provider shall not be excluded from any list of contracted providers that is sold, leased, transferred, or conveyed to payors that actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care, based upon the provider's refusal to be included on any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care.

(6) Nothing in this subdivision shall be construed to impose requirements or regulations upon payors, as defined in subparagraph (A) of paragraph (3) of subdivision (d).

(c) Beginning July 1, 2000, a payor, as defined in subparagraph (B) of paragraph (3) of subdivision (d), shall do all of the following:

(1) Provide an explanation of benefits or explanation of review that identifies the name of the network that has a written agreement signed by the provider whereby the payor is entitled, directly or indirectly, to pay a preferred rate for the services rendered.

(2) Demonstrate that it is entitled to pay a contracted rate within 30 business days of receipt of a written request from a provider who has received a claim payment from the payor. The failure of a payor to make the demonstration within 30 business days shall render the payor responsible for the amount that the payor would have been required to pay pursuant to the applicable health care service plan contract, including a specialized health care service plan contract, covering the beneficiary, which amount shall be due and payable within 10 business days of receipt of written notice from the provider, and shall bar the payor from taking any future discounts from that provider without the provider's express written consent until the payor can demonstrate to the provider that it is entitled to pay a contracted rate as provided in this paragraph. A payor shall be deemed to have demonstrated that it is entitled to pay a contracted rate if it complies with either of the following:

(A) Discloses the name of the network that has a written agreement with the provider whereby the provider agrees to accept discounted rates, and describes the specific practices the payor utilizes to comply with paragraph (2) of subdivision (b).

(B) Identifies the provider's written agreement with a contracting agent whereby the provider agrees to be included on lists of contracted providers sold, leased, transferred, or conveyed to payors that do not actively encourage beneficiaries to use the list of contracted providers pursuant to paragraph (5) of subdivision (b).

(d) For the purposes of this section, the following terms have the following meanings:

(1) ''Beneficiary'' means:

(A) For workers' compensation insurance, an employee seeking health care services for a work-related injury.

(B) For automobile insurance, those persons covered under the medical payments portion of the insurance contract.

(C) For group or individual health services covered through a health care service plan contract, including a specialized health care service plan contract, or a policy of disability insurance that covers hospital, medical, or surgical benefits, a subscriber, an enrollee, a policyholder, or an insured.

(2) ''Contracting agent'' means a health care service plan, including a specialized health care service plan, while engaged, for monetary or other consideration, in the act of selling, leasing, transferring, assigning, or conveying, a provider or provider panel to payors to provide health care services to beneficiaries.

(3) (A) For the purposes of subdivision (b), ''payor'' means a health care service plan, including a specialized health care service plan, an insurer licensed under the Insurance Code to provide disability insurance that covers hospital, medical, or surgical benefits, automobile insurance, workers' compensation insurance, or a self-insured employer that is responsible to pay for health care services provided to beneficiaries.

(B) For the purposes of subdivision (c), ''payor'' means only a health care service plan, including a specialized health care service plan that has purchased, leased, or otherwise obtained the use of a provider or provider panel to provide health care services to beneficiaries pursuant to a contract that authorizes payment at discounted rates.

(4) ''Payor summary'' means a written summary that includes the payor's name and the type of plan, including, but not limited to, a group health plan, an automobile insurance plan, and a workers' compensation insurance plan.

(5) ''Provider'' means any of the following:

(A) Any person licensed or certified pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code.

(B) Any person licensed pursuant to the Chiropractic Initiative Act or the Osteopathic Initiative Act.

(C) Any person licensed pursuant to Chapter 2.5 (commencing with Section 1440) of Division 2.

(e) This section shall become operative on July 1, 2000.

SEC. 3. Section 10178.3 of the Insurance Code is amended to read:

10178.3. (a) In order to prevent the improper selling, leasing, or transferring of a health care provider's contract, it is the intent of the

Legislature that every arrangement that results in a payor paying a health care provider a reduced rate for health care services based on the health care provider's participation in a network or panel shall be disclosed to the provider in advance and that the payor shall actively encourage beneficiaries to use the network, unless the health care provider agrees to provide discounts without that active encouragement.

(b) Beginning July 1, 2000, every contracting agent that sells, leases, assigns, transfers, or conveys its list of contracted health care providers and their contracted reimbursement rates to a payor, as defined in subparagraph (A) of paragraph (3) of subdivision (d), or another contracting agent shall, upon entering or renewing a provider contract, do all of the following:

(1) Disclose whether the list of contracted providers may be sold, leased, transferred, or conveyed to other payors or other contracting agents, and specify whether those payors or contracting agents include workers' compensation insurers or automobile insurers.

(2) Disclose what specific practices, if any, payors utilize to actively encourage a payor's beneficiaries to use the list of contracted providers when obtaining medical care that entitles a payor to claim a contracted rate. For purposes of this paragraph, a payor is deemed to have actively encouraged its beneficiaries to use the list of contracted providers if one of the following occurs:

(A) The payor's contract with subscribers or insureds offers beneficiaries direct financial incentives to use the list of contracted providers when obtaining medical care. ''Financial incentives'' means reduced copayments, reduced deductibles, premium discounts directly attributable to the use of a provider panel, or financial penalties directly attributable to the nonuse of a provider panel.

(B) The payor provides information to its beneficiaries, who are parties to the contract, or, in the case of workers' compensation insurance, the employer, advising them of the existence of the list of contracted providers through the use of a variety of advertising or marketing approaches that supply the names, addresses, and telephone numbers of contracted providers to beneficiaries in advance of their selection of a health care provider, which approaches may include, but are not limited to, the use of provider directories, or the use of toll-free telephone numbers or internet web site addresses supplied directly to every beneficiary. However, internet web site addresses alone shall not be deemed to satisfy the requirements of this subparagraph. Nothing in this subparagraph shall prevent contracting agents or payors from providing only listings of providers located within a reasonable geographic range of a beneficiary.

(3) Disclose whether payors to which the list of contracted providers may be sold, leased, transferred, or conveyed may be permitted to pay

a provider's contracted rate without actively encouraging the payors' beneficiaries to use the list of contracted providers when obtaining medical care. Nothing in this subdivision shall be construed to require a payor to actively encourage the payor's beneficiaries to use the list of contracted providers when obtaining medical care in the case of an emergency.

(4) Disclose, upon the initial signing of a contract, and within 30 calendar days of receipt of a written request from a provider or provider panel, a payor summary of all payors currently eligible to claim a provider's contracted rate due to the provider's and payor's respective written agreements with any contracting agent.

(5) Allow providers, upon the initial signing, renewal, or amendment of a provider contract, to decline to be included in any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care as described in paragraph (2). Each provider's election under this paragraph shall be binding on the contracting agent with which the provider has a contract and any other contracting agent that buys, leases, or otherwise obtains the list of contracted providers. A provider shall not be excluded from any list of contracted providers that is sold, leased, transferred, or conveyed to payors that actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care, based upon the provider's refusal to be included on any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the payors' beneficiaries to use the list of contracted providers when obtaining medical care.

(6) Nothing in this subdivision shall be construed to impose requirements or regulations upon payors, as defined in subparagraph (A) of paragraph (3) of subdivision (d).

(c) Beginning July 1, 2000, a payor, as defined in subparagraph (B) of paragraph (3) of subdivision (d), shall do all of the following:

(1) Provide an explanation of benefits or explanation of review that identifies the name of the network that has a written agreement signed by the provider whereby the payor is entitled, directly or indirectly, to pay a preferred rate for the services rendered.

(2) Demonstrate that it is entitled to pay a contracted rate within 30 business days of receipt of a written request from a provider who has received a claim payment from the payor. The failure of a payor to make the demonstration within 30 business days shall render the payor responsible for the amount that the payor would have been required to pay pursuant to the beneficiary's policy with the payor, which amount shall be due and payable within 10 business days of receipt of written notice from the provider, and shall bar the payor from taking any future

discounts from that provider without the provider's express written consent until the payor can demonstrate to the provider that it is entitled to pay a contracted rate as provided in this subdivision. A payor shall be deemed to have demonstrated that it is entitled to pay a contracted rate if it complies with either of the following:

(A) Discloses the name of the network that has a written agreement with the provider whereby the provider agrees to accept discounted rates, and describes the specific practices the payor utilizes to comply with paragraph (2) of subdivision (b).

(B) Identifies the provider's written agreement with a contracting agent whereby the provider agrees to be included on lists of contracted providers sold, leased, transferred, or conveyed to payors that do not actively encourage beneficiaries to use the list of contracted providers pursuant to paragraph (5) of subdivision (b).

(d) For the purposes of this section, the following terms have the following meanings:

(1) ''Beneficiary'' means:

(A) For automobile insurance, those persons covered under the medical payments portion of the insurance contract.

(B) For group or individual health services covered through a health care service plan contract, including a specialized health care service plan contract, or a policy of disability insurance that covers hospital, medical, or surgical benefits, a subscriber, an enrollee, a policyholder, or an insured.

(C) For workers' compensation insurance, an employee seeking health care services for a work-related injury.

(2) ''Contracting agent'' means an insurer licensed under this code to provide disability insurance that covers hospital, medical, or surgical benefits, automobile insurance, or workers' compensation insurance, while engaged, for monetary or other consideration, in the act of selling, leasing, transferring, assigning, or conveying a provider or provider panel to provide health care services to beneficiaries.

(3) (A) For the purposes of subdivision (b), ''payor'' means a health care service plan, including a specialized health care service plan, an insurer licensed under this code to provide disability insurance that covers hospital, medical, or surgical benefits, automobile insurance, or workers' compensation insurance, or a self-insured employer that is responsible to pay for health care services provided to beneficiaries.

(B) For the purposes of subdivision (c), ''payor'' means only an insurer licensed under this code to provide disability insurance that covers hospital, medical, or surgical benefits, automobile insurance, if that insurer is responsible to pay for health care services provided to beneficiaries.

(4) ''Payor summary'' means a written summary that includes the payor's name and the type of plan, including, but not limited to, a group health plan, an automobile insurance plan, and a workers' compensation insurance plan.

(5) ''Provider'' means any of the following:

(A) Any person licensed or certified pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code.

(B) Any person licensed pursuant to the Chiropractic Initiative Act or the Osteopathic Initiative Act.

(C) Any person licensed pursuant to Chapter 2.5 (commencing with Section 1440) of Division 2 of the Health and Safety Code.

(D) A clinic, health dispensary, or health facility licensed pursuant to Division 2 (commencing with Section 1200) of the Health and Safety Code.

(E) Any entity exempt from licensure pursuant to Section 1206 of the Health and Safety Code.

(e) This section shall become operative on July 1, 2000.

SEC. 4. Section 4603.2 of the Labor Code is amended to read:

4603.2. (a) Upon selecting a physician pursuant to Section 4600, the employee or physician shall forthwith notify the employer of the name and address of the physician. The physician shall submit a report to the employer within five working days from the date of the initial examination and shall submit periodic reports at intervals that may be prescribed by rules and regulations adopted by the administrative director.

(b) Payment for medical treatment provided or authorized by the treating physician selected by the employee or designated by the employer shall be made by the employer within 60 days after receipt of each separate, itemized billing, together with any required reports. If the billing or a portion thereof is contested, denied, or considered incomplete, the physician shall be notified, in writing, that the billing is contested, denied, or considered incomplete, within 30 working days after receipt of the billing by the employer. A notice that a billing is incomplete shall state all additional information required to make a decision. Any properly documented amount not paid within the 60-day period shall be increased by 10 percent, together with interest at the same rate as judgments in civil actions retroactive to the date of receipt of the bill, unless the employer does both of the following:

(1) Pays the uncontested amount within the 60-day period.

(2) Advises, in the manner prescribed by the administrative director, the physician, or another provider of the items being contested, the reasons for contesting these items, and the remedies available to the physician or the other provider if he or she disagrees. In the case of a bill which includes charges from a hospital, outpatient surgery center, or

independent diagnostic facility, advice that a request has been made for an audit of the bill shall satisfy the requirements of this paragraph.

If an employer contests all or part of a billing, any amount determined payable by the appeals board shall carry interest from the date the amount was due until it is paid.

An employer's liability to a physician or another provider under this section for delayed payments shall not affect its liability to an employee under Section 5814 or any other provision of this division.

(c) Any interest or increase in compensation paid by an insurer pursuant to this section shall be treated in the same manner as an increase in compensation under subdivision (d) of Section 4650 for the purposes of any classification of risks and premium rates, and any system of merit rating approved or issued pursuant to Article 2 (commencing with Section 11730) of Chapter 3 of Part 3 of Division 2 of the Insurance Code.

SEC. 5. Section 4609 of the Labor Code is amended to read:

4609. (a) In order to prevent the improper selling, leasing, or transferring of a health care provider's contract, it is the intent of the Legislature that every arrangement that results in any payor paying a health care provider a reduced rate for health care services based on the health care provider's participation in a network or panel shall be disclosed by the contracting agent to the provider in advance and shall actively encourage employees to use the network, unless the health care provider agrees to provide discounts without that active encouragement.

(b) Beginning July 1, 2000, every contracting agent that sells, leases, assigns, transfers, or conveys its list of contracted health care providers and their contracted reimbursement rates to a payor, as defined in subparagraph (A) of paragraph (3) of subdivision (e), or another contracting agent shall, upon entering or renewing a provider contract, do all of the following:

(1) Disclose whether the list of contracted providers may be sold, leased, transferred, or conveyed to other payors or other contracting agents, and specify whether those payors or contracting agents include workers' compensation insurers or automobile insurers.

(2) Disclose what specific practices, if any, payors utilize to actively encourage employees to use the list of contracted providers when obtaining medical care that entitles a payor to claim a contracted rate. For purposes of this paragraph, a payor is deemed to have actively encouraged employees to use the list of contracted providers if the employer provides information directly to employees during the period the employer has medical control advising them of the existence of the list of contracted providers through the use of a variety of advertising or marketing approaches that supply the names, addresses, and telephone numbers of contracted providers to employees; or in advance of a

workplace injury, or upon notice of an injury or claim by an employee, the approaches may include, but are not limited to, the use of provider directories, the use of a list of all contracted providers in an area geographically accessible to the posting site, the use of wall cards that direct employees to a readily accessible listing of those providers at the same location as the wall cards, the use of wall cards that direct employees to a toll-free telephone number or internet web site address, or the use of toll-free telephone numbers or internet web site addresses supplied directly during the period the employer has medical control. However, internet web site addresses alone shall not be deemed to satisfy the requirements of this paragraph. Nothing in this paragraph shall prevent contracting agents or payors from providing only listings of providers located within a reasonable geographic range of an employee. A payor who otherwise meets the requirements of this paragraph is deemed to have met the requirements of this paragraph regardless of the employer's ability to control medical treatment pursuant to Sections 4600 and 4600.3.

(3) Disclose whether payors to which the list of contracted providers may be sold, leased, transferred, or conveyed may be permitted to pay a provider's contracted rate without actively encouraging the employees to use the list of contracted providers when obtaining medical care. Nothing in this subdivision shall be construed to require a payor to actively encourage the employees to use the list of contracted providers when obtaining medical care in the case of an emergency.

(4) Disclose, upon the initial signing of a contract, and within 15 business days of receipt of a written request from a provider or provider panel, a payor summary of all payors currently eligible to claim a provider's contracted rate due to the provider's and payor's respective written agreements with any contracting agent.

(5) Allow providers, upon the initial signing, renewal, or amendment of a provider contract, to decline to be included in any list of contracted providers that is sold, leased, transferred, or conveyed to payors that do not actively encourage the employees to use the list of contracted providers when obtaining medical care as described in paragraph (2). Each provider's election under this paragraph shall be binding on the contracting agent with which the provider has the contract and any other contracting agent that buys, leases, or otherwise obtains the list of contracted providers.

A provider shall not be excluded from any list of contracted providers that is sold, leased, transferred, or conveyed to payors that actively encourage the employees to use the list of contracted providers when obtaining medical care, based upon the provider's refusal to be included on any list of contracted providers that is sold, leased, transferred, or

conveyed to payors that do not actively encourage the employees to use the list of contracted providers when obtaining medical care.

(6) If the payor's explanation of benefits or explanation of review does not identify the name of the network that has a written agreement signed by the provider whereby the payor is entitled, directly or indirectly, to pay a preferred rate for the services rendered, the contracting agent shall do the following:

(A) Maintain a web site that is accessible to all contracted providers and updated at least quarterly and maintain a toll-free telephone number accessible to all contracted providers whereby providers may access payor summary information.

(B) Disclose through the use of an Internet web site, a toll-free telephone number, or through a delivery or mail service to its contracted providers, within 30 days, any sale, lease assignment, transfer or conveyance of the contracted reimbursement rates to another contracting agent or payor.

(7) Nothing in this subdivision shall be construed to impose requirements or regulations upon payors, as defined in subparagraph (A) of paragraph (3) of subdivision (e).

(c) Beginning July 1, 2000, a payor, as defined in subparagraph (B) of paragraph (3) of subdivision (e), shall do all of the following:

(1) Provide an explanation of benefits or explanation of review that identifies the name of the network with which the payor has an agreement that entitles them to pay a preferred rate for the services rendered.

(2) Demonstrate that it is entitled to pay a contracted rate within 30 business days of receipt of a written request from a provider who has received a claim payment from the payor. The provider shall include in the request a statement explaining why the payment is not at the correct contracted rate for the services provided. The failure of the provider to include a statement shall relieve the payor from the responsibility of demonstrating that it is entitled to pay the disputed contracted rate. The failure of a payor to make the demonstration to a properly documented request of the provider within 30 business days shall render the payor responsible for the lesser of the provider's actual fee or, as applicable, any fee schedule pursuant to division, which amount shall be due and payable within 10 days of receipt of written notice from the provider, and shall bar the payor from taking any future discounts from that provider without the provider's express written consent until the payor can demonstrate to the provider that it is entitled to pay a contracted rate as provided in this subdivision. A payor shall be deemed to have demonstrated that it is entitled to pay a contracted rate if it complies with either of the following:

(A) Describes the specific practices the payor utilizes to comply with paragraph (2) of subdivision (b), and demonstrates compliance with paragraph (1).

(B) Identifies the contracting agent with whom the payor has a written agreement whereby the payor is not required to actively encourage employees to use the list of contracted providers pursuant to paragraph (5) of subdivision (b).

(e) For the purposes of this section, the following terms have the following meanings:

(1) ''Contracting agent'' means an insurer licensed under the Insurance Code to provide workers' compensation insurance, a health care service plan, including a specialized health care service plan, a preferred provider organization, or a self-insured employer, while engaged, for monetary or other consideration, in the act of selling, leasing, transferring, assigning, or conveying a provider or provider panel to provide health care services to employees for work-related injuries.

(2) ''Employee'' means a person entitled to seek health care services for a work-related injury.

(3) (A) For the purposes of subdivisions (b) and (c), ''payor'' means a health care service plan, including a specialized health care service plan, an insurer licensed under the Insurance Code to provide disability insurance that covers hospital, medical, or surgical benefits, automobile insurance, or workers' compensation insurance, or a self-insured employer that is responsible to pay for health care services provided to beneficiaries.

(B) For the purposes of subdivision (d), ''payor'' means an insurer licensed under the Insurance Code to provide workers' compensation insurance, a self-insured employer, a third party administrator or trust, or any other third part that is responsible to pay health care services provided to employees for work-related injuries, or an agent of an entity included in this definition.

(4) ''Payor summary'' means a written summary that includes the payor's name and the type of plan, including, but not limited to, a group health plan, an automobile insurance plan, and a workers' compensation insurance plan.

(5) ''Provider'' means any of the following:

(A) Any person licensed or certified pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code.

(B) Any person licensed pursuant to the Chiropractic Initiative Act or the Osteopathic Initiative Act.

(C) Any person licensed pursuant to Chapter 2.5 (commencing with Section 1440) of Division 2 of the Health and Safety Code.

(D) A clinic, health dispensary, or health facility licensed pursuant to Division 2 (commencing with Section 1200) of the Health and Safety Code.

(E) Any entity exempt from licensure pursuant to Section 1206 of the Health and Safety Code.

(f) This section shall become operative on July 1, 2000.

SEC. 6. The amendments made by this act to Section 511.1 of the Business and Professions Code, Section 1395.6 of the health and Safety Code, Section 10178.3 of the Insurance Code, and Sections 4603.2 and 4609 of the Labor Code do not apply retroactively, and shall become operative on January 1, 2001.

CHAPTER 1070

An act to add Chapter 4 (commencing with Section 16300) to Part 1 of Division 7 of the Business and Professions Code, relating to business licensing.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 16300) is added to Part 1 of Division 7 of the Business and Professions Code, to read:

CHAPTER 4. EMPLOYMENT ACTIVITIES

16300. (a) Notwithstanding any other provision of this part, Chapter 1.5 (commencing with Section 7284) of Part 1.7 of Division 2 of the Revenue and Taxation Code, or Chapter 3 (commencing with Section 37100) of Part 2 of Division 2 of Title 4 of the Government Code, no city, including a charter city, city and county, or county may require an employee to obtain a business license or home business occupation permit for, or impose a business tax or registration fee based on income earned for services performed for an employer by the employee in an employment relationship as determined by reference to the common law factors as reflected in rulings or guidelines used by either the Internal Revenue Service or the Franchise Tax Board. When there is a dispute between a local jurisdiction and a taxpayer, the manner in which a taxpayer reports or reported income to the Franchise Tax Board or the Internal Revenue Service shall create a presumption regarding whether the taxpayer performed services for an employer as

an employee or operated a business entity. For purposes of this section, ''income'' includes income paid currently or deferred and income that is fixed or contingent.

(b) Nothing in this section shall be interpreted to limit the authority of a local jurisdiction to adopt and enforce zoning, health and safety ordinances, or regulations that define and limit activities that are permissible within its jurisdiction for the purposes of health, safety, welfare, and the provisions of applicable noise ordinances.

SEC. 2. This act shall only become operative if this act and Assembly Bill 1992 of the 1999–2000 Regular Session are both enacted and become effective on or before January 1, 2001.

CHAPTER 1071

An act to amend Section 12657 of, and to add Sections 12582.7, 12585.8, 12585.9, 12643, 12661.2, 12670.7, 12670.8, 12670.14, 12670.16, 12670.20, 12684.2, 12684.4, 12684.6, 12684.8, 12706.3, 12721.5, 12721.7, and 12721.8 to, and to repeal and add Section 12585.7 of, the Water Code, relating to water.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the impacts of flooding can be reduced through better coordination of floodplain management decisions. It is the intent of the Legislature that the Governor establish a floodplain management task force with broad membership from the local, state, and federal government and stakeholders with an interest in flood control. If the task force is established, it is the intent of the Legislature that it examine specific issues related to state and local floodplain management, including, but not limited to, features that substantially reduce potential flood damages, and make recommendations for more effective statewide floodplain management policies.

SEC. 2. Section 12582.7 is added to the Water Code, to read:

12582.7. (a) A flood management project that receives financial assistance under this chapter and Chapter 3 (commencing with Section 12800) shall meet all of the following requirements prior to state authorization:

(1) The project shall qualify for federal financial assistance under the requirements applicable to federal water resource development projects

and shall be federally authorized. Projects may be authorized pursuant to a Chief Engineers' report, but shall not be eligible for state financial assistance until authorized by Congress.

(2) The total annual benefit of providing protection from flood damages shall exceed the annual cost of the project allocable to flood management. The project shall be designed to produce the greatest feasible reduction in flood damages in the most efficient manner practicable, with due regard for environmental and recreational considerations, and local economic conditions.

(3) The project's nonfederal sponsor, or other appropriate local agency, shall be in compliance with Section 701b-12 of Title 33 of the United States Code, which requires the preparation, adoption, and implementation of a floodplain management plan designed to reduce the impacts of future floods. All local communities benefiting from the project shall have an ordinance consistent with the National Flood Insurance Program's model floodplain management ordinance.

(4) The project shall avoid, minimize, or mitigate impacts to environmental and recreational values.

(5) Project planning documents shall include an evaluation of opportunities to include multipurpose objectives. The nonfederal sponsor shall accommodate other partners that provide the costs of including multipurpose objectives that the nonfederal sponsor determines are compatible with the project's schedule and primary flood management purpose.

(b) (1) The Reclamation Board or department, in its advisory role, shall provide sufficient review and oversight in the initial scoping process, feasibility evaluation, environmental review, and project approval processes for flood management projects to determine whether the requirements set forth in subdivision (a) are met. The department or the Reclamation Board shall inform the nonfederal sponsor and any local sponsor whether the project meets the requirements set forth in subdivision (a) during the feasibility evaluation and environmental review process. Prior to state authorization, the department or the Reclamation Board shall submit a report to the Legislature that indicates whether the project meets the requirements set forth in subdivision (a).

(2) The implementation of paragraph (1) in any fiscal year is contingent upon the appropriation of sufficient funds, as determined by the department, for the purposes of carrying out that paragraph.

(c) Notwithstanding paragraph (2) of subdivision (a), the department or the Reclamation Board may recommend, and the Legislature may authorize, flood control projects for which the total annual benefit of providing protection from flood damages does not exceed the annual cost of the project allocable to flood management if the project increases

the level of flood protection for state transportation facilities or state water supply facilities.

SEC. 3. Section 12585.7 of the Water Code is repealed.

SEC. 4. Section 12585.7 is added to the Water Code, to read:

12585.7. Notwithstanding any other provision of this chapter, Chapter 2 (commencing with Section 12639), or Chapter 3 (commencing with Section 12800), the following requirements apply to projects authorized by the Legislature on or after January 1, 2002, and to small flood management projects authorized by Section 12750 for which the department makes the findings required by Section 12750.1 on or after January 1, 2002.

(a) The state shall pay 50 percent of the nonfederal capital costs required by Section 2213 of Title 33 of the United States Code.

(b) The state shall pay 50 percent of the nonfederal capital costs of fish, wildlife, and recreation mitigation.

(c) The state shall pay 50 percent of the nonfederal planning and engineering costs required by Section 2215(b) of Title 33 of the United States Code and the nonfederal design costs required by Section 2215(c) of Title 33 of the United States Code.

44260. The state board, in conjunction with the State Energy Resources Conservation and Development Commission, shall develop and administer a program to provide grants to individuals, local governments, state agencies, nonprofit organizations, and private businesses, to encourage the purchase or lease of a new zero-emission vehicle.

44261. (a) The maximum available grant for any qualified recipient, as determined by the state board, shall be an amount equal to 90 percent of the incremental cost above one thousand dollars ($1,000) of a new zero-emission light-duty car or truck eligible for the program.

(b) For the purposes of this chapter:

(1) ''Incremental cost'' means the amount determined by the State Energy Resources Conservation and Development Commission as the reasonable difference between the cost of the zero-emission vehicle and the cost of a comparable gasoline or diesel fueled vehicle.

(2) ''New zero-emission vehicle'' shall include previously leased vehicles that have been substantially upgraded, as determined by the state board, with new technologies, including, but not necessarily limited to, advanced batteries or power electronics.

44262. Grants made pursuant to this chapter shall be distributed in the following manner, in amounts as determined by the state board:

(a) Up to three thousand dollars ($3,000) of the available grant funds may be provided for the first 12-month period of the lease or purchase of the vehicle.

(b) Up to three thousand dollars ($3,000) of the remaining available grant funds may be provided for the second 12-month period of the lease or purchase of the vehicle.

(c) Up to three thousand dollars ($3,000) of the remaining available grant funds may be provided for the third 12-month period of the lease or purchase of the vehicle.

(d) No grant funds shall be provided following the third 12-month period of the lease or purchase of the vehicle.

44263. In order to be eligible to receive a grant under this chapter, a zero-emission vehicle shall meet all of the following criteria:

(a) Be purchased on or leased on or after October 1, 2000, and on or before December 31, 2002. For purposes of this subdivision, a vehicle shall be deemed to be leased on the date upon which the lease of the vehicle commences.

(c) Meet all applicable federal and state safety standards, or, if the vehicle is to be utilized solely for a demonstration program, have received the applicable waivers from the National Highway Traffic Safety Administration.

(d) Be capable of operation on a freeway, as determined by the state board in conjunction with the State Energy Resources Conservation and Development Commission.

(e) Any other criteria established by the state board.

44265. (a) The grant program described in this chapter may be administered by a local air management district or air pollution control district on a voluntary basis, provided that the district administers the program based upon the guidelines developed by the state board in conjunction with the State Energy Resources Conservation and Development Commission pursuant to subdivision (b) of Section 44264.

(b) Any district that voluntarily administers this grant program is authorized to provide grants from its own funding sources in an amount of five hundred dollars ($500) to one thousand dollars ($1,000) or more per year for each qualified zero-emission vehicle registered within the boundaries of its territorial jurisdiction.

SEC. 2. The sum of eighteen million dollars five hundred thousand dollars ($18,500,000) is hereby appropriated from the General Fund to the State Air Resources Board for expenditure as follows:

(a) Eighteen million dollars ($18,000,000), without regard to fiscal year, to implement Chapter 8.6 (commencing with Section 44260) of Part 5 of Division 26 of the Health and Safety Code.

(d) As used in this section, ''alternative diesel fuel'' means a fuel emulsion that, when used in a conventional diesel engine, reduces oxides of nitrogen emissions by at least 10 percent and particulate matter emissions by at least 15 percent as compared to the 10-percent aromatic reference fuel as defined in subdivision (g) of Section 2282 of Title 13 of the California Code of Regulations. The emissions characteristics of any alternative diesel fuel shall be determined by the State Air Resources Board based on data submitted by the producer of the fuel in accordance with data and testing protocols specified by the State Air Resources Board. Alternative diesel fuel shall not increase toxic emissions and shall have hydrocarbon emissions that are at least 25 percent lower than the engine exhaust emissions standard.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to achieve early introduction of zero-emission vehicle technologies for the purposes of meeting federal and state air quality standards as soon as possible and providing grants for alternative diesel fuel, it is necessary that this act take effect immediately.

CHAPTER 1073

An act to amend Sections 48800, 48800.5, 52201, and 76001 of the Education Code, relating to gifted and talented pupils.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Highly gifted and talented pupils, those whose measured intelligence quotient is 150 or more points, possess enormous potential for intellectual attainment, personal achievement, and social contribution.

(2) Because highly gifted and talented pupils are often assigned to elementary and secondary schools that are not equipped to offer them an appropriate education, their full potential may not be developed and they may experience an unsatisfactory adjustment to school that may cause them to lose interest, drop out, or even contemplate or commit suicide.

(3) The intelligence level of highly gifted and talented pupils obscures the fact that they are a special population with special needs.

(b) It is, therefore, the intent of the Legislature to enact legislation to ensure that all pupils, including highly gifted and talented pupils, receive a free and appropriate education. It is further the intent of the Legislature to enact legislation to increase the options available for providing services to highly gifted and talented pupils including an opportunity for highly gifted and talented pupils to attend classes in the public postsecondary institutions of this state.

SEC. 2. Section 48800 of the Education Code is amended to read:

48800. (a) The governing board of any school district may determine which pupils would benefit from advanced scholastic or vocational work. The intent of this section is to provide educational enrichment opportunities for a limited number of eligible pupils, rather than to reduce current course requirements of elementary and secondary schools. The governing board may authorize those pupils, upon recommendation of the principal of the school that the pupil attends, and with parental consent, to attend a community college as special part-time students and to undertake one or more courses of instruction offered at the community college level.

(b) If the governing board denies a request for a special part-time enrollment at a community college for a pupil who is identified as highly gifted, the board shall issue its written recommendation and the reasons for the denial within 60 days. The written recommendation and denial shall be issued at the next regularly scheduled board meeting that falls at least 30 days after the request has been submitted.

(c) The students shall receive credit for community college courses that they complete at the level determined appropriate by the school district and community college district governing boards.

SEC. 3. Section 48800.5 of the Education Code is amended to read:

48800.5. (a) A parent or guardian of any pupil, regardless of the pupil's age or class level, may petition the governing board of the school district in which the pupil is enrolled to authorize the attendance of the pupil at a community college as a special full-time student on the ground that the pupil would benefit from advanced scholastic or vocational work that would thereby be available. If the governing board denies the petition, the pupil's parent or guardian may file an appeal with the county board of education, which shall render a final decision on the petition in writing within 30 days.

(b) If the governing board denies a request for a special full-time enrollment at a community college for a pupil who is identified as highly gifted, the board shall issue its written recommendation and the reasons for the denial within 60 days. The written recommendation and denial shall be issued at the next regularly scheduled board meeting that falls at least 30 days after the request has been submitted.
