STATUTES OF CALIFORNIA

AND DIGESTS OF MEASURES

2000

Constitution of 1879 as Amended

Measures Submitted to Vote of Electors,
Primary Election, March 7, 2000
and General Election, November 7, 2000

General Laws, Amendments to the Codes, Resolutions,
and Constitutional Amendment passed by the
California Legislature

1999–2000 Regular Session

Compiled by
BION M. GREGORY
Legislative Counsel

CHAPTER 1074

An act to amend Section 1623 of the Insurance Code, relating to insurance.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1623 of the Insurance Code is amended to read:

1623. An insurance broker is a person who, for compensation and on behalf of another person, transacts insurance other than life insurance with, but not on behalf of, an insurer. Every application for insurance submitted by an insurance broker to an insurer shall show that the person is acting as an insurance broker. If the application shows that the person is acting as an insurance broker and is licensed as an insurance broker in the state in which the application is submitted, it shall be presumed, for licensing purposes only, that the person is acting as an insurance broker. Nothing in this section is intended to affect any rights or remedies otherwise available under the law.

CHAPTER 1075

An act to amend Section 29550.4 of the Government Code, relating to booking fees, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 29550.4 of the Government Code is amended to read:

29550.4. (a) Notwithstanding Section 13340, the sum of up to fifty million dollars (\$50,000,000) is hereby continuously appropriated annually from the General Fund to the Controller commencing with the 1999–2000 fiscal year for allocation to cities and qualified special districts for reimbursement for actual costs incurred by cities and qualified special districts in the payment of booking and processing fees pursuant to this article. For the 1999–2000 fiscal year, this appropriation shall be allocated to cities and qualified special districts for

reimbursement for actual costs incurred by them during the period July 1, 1997, to July 1, 1998. If the actual costs incurred by cities and qualified special districts during the period of July 1, 1997, to July 1, 1998, in the payment to counties of booking and processing fees is greater than fifty million dollars (\$50,000,000), then the Controller shall prorate the reimbursement to each city and qualified special district accordingly.

(b) Not later than December 1, 1999, the Controller shall allocate the funds appropriated pursuant to subdivision (a) to all qualified cities and qualified special districts and shall certify to the Director of Finance the actual amount of money allocated to cities and qualified special districts for the payment of booking and processing fees pursuant to subdivision (a).

(c) Any city or qualified special district that applies for reimbursement pursuant to this section shall comply with all requests made by the Controller. Any city or qualified special district that does not pay booking or processing fees to a county or any city or qualified special district that contracts with a county for the payment of those fees shall be ineligible for reimbursement pursuant to this section. A city that has entered into a memorandum of understanding with its county effective May 17, 1994, which agreement allows for the payment of prepaid annual rent to satisfy the city's booking fee obligation, shall be eligible to receive reimbursement pursuant to this section.

(d) Any qualified city that did not apply for reimbursement pursuant to this section at the time required to receive funds allocated by the Controller not later than December 1, 1999, in the 1999–2000 fiscal year may apply for that reimbursement by October 1, 2000. Any qualified special district may apply to the Controller for reimbursement pursuant to this section for the 1999–2000 fiscal year by October 1, 2000.

(e) For the purposes of this section, “qualified special district” means both of the following:

(1) A district that supplants the law enforcement functions of the county within the jurisdiction of that district.

(2) A district that employs peace officers, as described in Section 830.1 of the Penal Code, who are certified as meeting those standards and requirements established pursuant to Article 2 (commencing with Section 13510) of Chapter 1 of Title 4 of Part 4 of the Penal Code.

SEC. 1.5. Section 29550.4 of the Government Code is amended to read:

29550.4. (a) Notwithstanding Section 13340, the sum of up to fifty million dollars (\$50,000,000) is hereby continuously appropriated annually from the General Fund to the Controller commencing with the 1999–2000 fiscal year for allocation to cities and qualified special districts for reimbursement for actual costs incurred by cities and

qualified special districts in the payment of booking and processing fees pursuant to this article. For the 1999–2000 fiscal year, this appropriation shall be allocated to cities and qualified special districts for reimbursement for actual costs incurred by them during the period July 1, 1997, to July 1, 1998. If the actual costs incurred by cities and qualified special districts during the period of July 1, 1997, to July 1, 1998, in the payment to counties of booking and processing fees is greater than fifty million dollars (\$50,000,000), then the Controller shall prorate the reimbursement to each city and qualified special district accordingly.

(b) Not later than December 1, 1999, the Controller shall allocate the funds appropriated pursuant to subdivision (a) to all qualified cities and qualified special districts and shall certify to the Director of Finance the actual amount of money allocated to cities and qualified special districts for the payment of booking and processing fees pursuant to subdivision (a).

(c) Notwithstanding any other provision of this article, any city that pays booking and processing fees to another city is eligible for reimbursement pursuant to this section on the same basis as a city that pays booking and processing fees to a county. The amount of reimbursement for a city shall be based on the processing fees charged by the county in which that city is located. This subdivision shall apply to reimbursements beginning in the 2000–01 fiscal year based on costs incurred in the 1997–98 fiscal year.

(d) Any city or qualified special district that applies for reimbursement pursuant to this section shall comply with all requests made by the Controller. Any city or qualified special district that contracts with a county for the payment of those fees shall be ineligible for reimbursement pursuant to this section. A city that has entered into a memorandum of understanding with its county effective May 17, 1994, which agreement allows for the payment of prepaid annual rent to satisfy the city’s booking fee obligation, shall be eligible to receive reimbursement pursuant to this section.

(e) Any qualified city that did not apply for reimbursement pursuant to this section at the time required to receive funds allocated by the Controller not later than December 1, 1999, in the 1999–2000 fiscal year may apply for that reimbursement by October 1, 2000. Any qualified special district may apply to the Controller for reimbursement pursuant to this section for the 1999–2000 fiscal year by October 1, 2000.

(f) For the purposes of this section, “qualified special district” means both of the following:

(1) A district that supplants the law enforcement functions of the county within the jurisdiction of that district.

(2) A district that employs peace officers, as described in Section 830.1 of the Penal Code, who are certified as meeting those standards and requirements established pursuant to Article 2 (commencing with Section 13510) of Chapter 1 of Title 4 of Part 4 of the Penal Code.

SEC. 2. Notwithstanding the deadlines created by Section 29550.4 of the Government Code, as amended by Section 1 or 1.5 of this act, it is the intent of the Legislature that no later than November 1, 2000, the Controller shall do both of the following:

(a) Implement the provisions of that section for qualified special districts for the 1999–2000 fiscal year.

(b) Allocate funds to any qualified city that did not receive an allocation of funds by December 1, 1999, provided that the qualified city complied by October 1, 2000, with all requests made by the Controller.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 29550.4 of the Government Code proposed by both this bill and AB 2219. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, but this bill becomes operative first, (2) each bill amends Section 29550.4 of the Government Code, and (3) this bill is enacted after AB 2219, in which case Section 29550.4 of the Government Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of AB 2219, at which time Section 1.5 of this bill shall become operative.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide relief to qualified special districts for the costs of criminal booking and processing fees owed to counties, it is necessary that this act take effect immediately.

CHAPTER 1076

An act to amend Section 29550.4 of the Government Code, relating to booking fees, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 29550.4 of the Government Code is amended to read:

29550.4. (a) Notwithstanding Section 13340, the sum of up to fifty million dollars (\$50,000,000) is hereby continuously appropriated annually from the General Fund to the Controller commencing with the 1999–2000 fiscal year for allocation to cities for reimbursement for actual costs incurred by cities in the payment of booking and processing fees pursuant to this article. For the 1999–2000 fiscal year, this appropriation shall be allocated to cities for reimbursement for actual costs incurred by them during the period July 1, 1997, to July 1, 1998. If the actual costs incurred by cities during the period of July 1, 1997, to July 1, 1998, in the payment to counties of booking and processing fees is greater than fifty million dollars (\$50,000,000), then the Controller shall prorate the reimbursement to each city accordingly.

(b) Not later than December 1, 1999, the Controller shall allocate the funds appropriated pursuant to subdivision (a) to all qualified cities and shall certify to the Director of Finance the actual amount of money allocated to cities for the payment of booking and processing fees pursuant to subdivision (a).

(c) Notwithstanding any other provision of this article, any city that pays booking and processing fees to another city is eligible for reimbursement pursuant to this section on the same basis as a city that pays booking and processing fees to a county. The amount of reimbursement for a city shall be based on the processing fees charged by the county in which that city is located. This subdivision shall apply to reimbursements beginning in the 2000–01 fiscal year based on costs incurred in the 1997–98 fiscal year.

(d) Any city that applies for reimbursement pursuant to this section shall comply with all requests made by the Controller. Any city that contracts with a county for the payment of those fees shall be ineligible for reimbursement pursuant to this section.

SEC. 2. Section 29550.4 of the Government Code is amended to read:

29550.4. (a) Notwithstanding Section 13340, the sum of up to fifty million dollars (\$50,000,000) is hereby continuously appropriated annually from the General Fund to the Controller commencing with the 1999–2000 fiscal year for allocation to cities and qualified special districts for reimbursement for actual costs incurred by cities and qualified special districts in the payment of booking and processing fees pursuant to this article. For the 1999–2000 fiscal year, this appropriation shall be allocated to cities and qualified special districts for reimbursement for actual costs incurred by them during the period July 1, 1997, to July 1, 1998. If the actual costs incurred by cities and qualified special districts during the period of July 1, 1997, to July 1, 1998, in the payment to counties of booking and processing fees is greater than fifty million dollars (\$50,000,000), then the Controller shall

prorate the reimbursement to each city and qualified special district accordingly.

(b) Not later than December 1, 1999, the Controller shall allocate the funds appropriated pursuant to subdivision (a) to all qualified cities and qualified special districts and shall certify to the Director of Finance the actual amount of money allocated to cities and qualified special districts for the payment of booking and processing fees pursuant to subdivision (a).

(c) Notwithstanding any other provision of this article, any city that pays booking and processing fees to another city is eligible for reimbursement pursuant to this section on the same basis as a city that pays booking and processing fees to a county. The amount of reimbursement for a city shall be based on the processing fees charged by the county in which that city is located. This subdivision shall apply to reimbursements beginning in the 2000–01 fiscal year based on costs incurred in the 1997–98 fiscal year.

(d) Any city or qualified special district that applies for reimbursement pursuant to this section shall comply with all requests made by the Controller. Any city or qualified special district that contracts with a county for the payment of those fees shall be ineligible for reimbursement pursuant to this section. A city that has entered into a memorandum of understanding with its county effective May 17, 1994, which agreement allows for the payment of prepaid annual rent to satisfy the city's booking fee obligation, shall be eligible to receive reimbursement pursuant to this section.

(e) Any qualified city that did not apply for reimbursement pursuant to this section at the time required to receive funds allocated by the Controller not later than December 1, 1999, in the 1999–2000 fiscal year may apply for that reimbursement by October 1, 2000. Any qualified special district may apply to the Controller for reimbursement pursuant to this section for the 1999–2000 fiscal year by October 1, 2000.

(f) For the purposes of this section, “qualified special district” means both of the following:

(1) A district that supplants the law enforcement functions of the county within the jurisdiction of that district.

(2) A district that employs peace officers, as described in Section 830.1 of the Penal Code, who are certified as meeting those standards and requirements established pursuant to Article 2 (commencing with Section 13510) of Chapter 1 of Title 4 of Part 4 of the Penal Code.

SEC. 3. Section 2 of this bill incorporates amendments to Section 29550.4 of the Government Code proposed by this bill and SB 225. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 29550.4 of the Government Code, and (3) this bill is enacted after SB

225, in which case Section 29550.4 of the Government Code, as amended by SB 225, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

CHAPTER 1077

An act to amend Section 43104 of, and to add Sections 39027.3 and 43105.5 to, the Health and Safety Code, relating to air pollution.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) There are over 26 million registered motor vehicles in California, and those vehicles are relied upon heavily by California residents to conduct their everyday activities.

(b) The use of those motor vehicles results in hundreds of tons of pollutants being emitted into California's air every day, significantly affecting air quality and public health and safety. To prevent unnecessary pollution, it is in the best interests of this state to ensure that the ability of California motorists to obtain service, repair, or replacement of faulty emissions-related components of their motor vehicles is not limited by the arbitrary withholding of service, repair, or parts information by motor vehicle manufacturers.

(c) Recent emissions standards adopted and implemented by the State Air Resources Board for motor vehicles manufactured after 1993 have resulted in the development by vehicle manufacturers of "on board diagnostic computers," that interface with the many component parts of a vehicle's emissions control system. Essential service, repair, and parts information and tools for interfacing with a vehicle's on board diagnostic computer system may not be readily available to independent automotive repair technicians and facilities. Accordingly, consumers may be restricted to having the service and repair of faulty emissions-related components of a motor vehicle performed only by franchised dealerships, and consumers may be also forced to purchase replacement parts manufactured solely by or on behalf of the vehicle manufacturer. This restriction of consumer choice and options is contrary to the history of automotive repair, which saw the advent of independent repair technicians and facilities and independent

aftermarket parts manufacturers as healthy market competitors to vehicle manufacturers and their dealerships.

(d) The withholding of essential service, repair, and parts information and tools by vehicle manufacturers from independent automotive repair technicians and independent aftermarket parts manufacturers may result in improper and needlessly costly repairs that could also endanger the public and result in anticompetitive effects harmful to the best interests of the state.

(e) It is the intent of the Legislature in enacting this act during the 2000 portion of the 1999–2000 Regular Session to assure and stimulate competition in the service and repair of motor vehicles, including emissions systems, and in the availability of parts for those repairs. Further, it is the important policy of this state to encourage competition so that consumers have choices available to them in the service, repair, and parts used in the service or repair of motor vehicles.

SEC. 2. Section 39027.3 is added to the Health and Safety Code, to read:

39027.3. (a) “Bidirectional control” means the capability of a diagnostic tool to send messages on the data (bus) that temporarily overrides the module’s control over a sensor or actuator and gives control to the diagnostic tool operator. Bidirectional controls do not create permanent changes to engine or component calibrations.

(b) “Covered person” means any person engaged in the business of service or repair of motor vehicles who is licensed or registered with the Bureau of Automotive Repair, pursuant to Section 9884.6 of the Business and Professions Code, to conduct that business, or who is engaged in the manufacture or remanufacture of emissions-related motor vehicle parts for those motor vehicles.

(c) “Data stream information” means information that originates within the vehicle by a module or intelligent sensors including, but not limited to, a sensor that contains and is controlled by its own module and transmitted between a network of modules and intelligent sensors connected in parallel with either one or two communication wires. The information is broadcast over communication wires for use by other modules such as chassis or transmissions to conduct normal vehicle operation or for use by diagnostic tools. Data stream information does not include engine calibration-related information.

(d) “Emissions-related motor vehicle information” means information regarding any of the following:

(1) Any original equipment system, component, or part that controls emissions.

(2) Any original equipment system, component, or part associated with the powertrain system including, but not limited to, the fuel system and ignition system.

(3) Any original equipment system or component that is likely to impact emissions, including, but not limited to, the transmission system.

(e) "Emissions-related motor vehicle part" means any direct replacement automotive part or any automotive part certified by executive order of the state board that may affect emissions from a motor vehicle, including replacement parts, consolidated parts, rebuilt parts, remanufactured parts, add-on parts, modified parts, and specialty parts.

(f) "Enhanced data stream information" means data stream information that is specific for an original equipment manufacturer's brand of tools and equipment.

(g) "Enhanced diagnostic tool" means a diagnostic tool that is specific to the original equipment manufacturer's vehicles.

SEC. 3. Section 43104 of the Health and Safety Code is amended to read:

43104. For the certification of new motor vehicles or new motor vehicle engines, the state board shall adopt, by regulation, test procedures and any other procedures necessary to determine whether the vehicles or engines are in compliance with the emissions standards established pursuant to Section 43101. The state board shall base its test procedures on federal test procedures or on driving patterns typical in the urban areas of California.

SEC. 4. Section 43105.5 is added to the Health and Safety Code, to read:

43105.5. (a) For all 1994 and later model-year motor vehicles equipped with on board diagnostic systems (OBD's) and certified in accordance with the test procedures adopted pursuant to Section 43104, the state board, not later than January 1, 2002, shall adopt regulations that require a motor vehicle manufacturer to do all of the following to the extent not limited or prohibited by federal law (the regulations adopted by the state board pursuant to this provision may include subject matter similar to the subject matter included in regulations adopted by the United States Environmental Protection Agency):

(1) Make available, within a reasonable period of time, and by reasonable business means, including, but not limited to, use of the Internet, as determined by the state board, to all covered persons, the full contents of all manuals, technical service bulletins, and training materials regarding emissions-related motor vehicle information that is made available to their franchised dealerships.

(2) Make available for sale to all covered persons the manufacturer's emissions-related enhanced diagnostic tools, and make emissions-related enhanced data stream information and bidirectional controls related to tools available in electronic format to equipment and tool companies.

(3) If the motor vehicle manufacturer uses reprogrammable computer chips in its motor vehicles, provide equipment and tool companies with the information that is provided by the manufacturer to its dealerships to allow those companies to incorporate into aftermarket tools the same reprogramming capability.

(4) Make available to all covered persons, within a reasonable period of time, a general description of their on board diagnostic systems (OBD II) for the 1996 and subsequent model-years, which shall contain the information described in this paragraph. For each monitoring system utilized by a manufacturer that illuminates the OBD II malfunction indicator light, the motor vehicle manufacturer shall provide all of the following:

(A) A general description of the operation of the monitor, including a description of the parameter that is being monitored.

(B) A listing of all typical OBD II diagnostic trouble codes associated with each monitor.

(C) A description of the typical enabling conditions for each monitor to execute during vehicle operation, including, but not limited to, minimum and maximum intake air and engine coolant temperature, vehicle speed range, and time after engine startup.

(D) A listing of each monitor sequence, execution frequency, and typical duration.

(E) A listing of typical malfunction thresholds for each monitor.

(F) For OBD II parameters for specific vehicles that deviate from the typical parameters, the OBD II description shall indicate the deviation and provide a separate listing of the typical value for those vehicles.

(G) The information required by this paragraph shall not include specific algorithms, specific software code, or specific calibration data beyond that required to be made available through the generic scan tool in federal and California on board diagnostic regulations.

(5) Not utilize any access or recognition code or any type of encryption for the purpose of preventing a vehicle owner from using an emissions-related motor vehicle part with the exception of the powertrain control modules, engine control modules, and transmission control modules, that has not been manufactured by that manufacturer or any of its original equipment suppliers.

(6) Provide to all covered persons information regarding initialization procedures relating to immobilizer circuits or other lockout devices to reinitialize vehicle on board computers that employ integral vehicle security systems if necessary to repair or replace an emissions-related part, or if necessary for the proper installation of vehicle on board computers that employ integral vehicle security systems.

(7) All information required to be provided to covered persons by this section shall be provided, for fair, reasonable, and nondiscriminatory compensation, in a format that is readily accessible to all covered persons, as determined by the state board.

(b) Any information required to be disclosed pursuant to a final regulation adopted under this section that the motor vehicle manufacturer demonstrates to a court, on a case-by-case basis, to be a trade secret pursuant to the Uniform Trade Secret Act contained in Title 5 (commencing with Section 3426) of Part 1 of Division 4 of the Civil Code, shall be exempt from disclosure, unless the court, upon the request of a covered person seeking disclosure of the information, determines that the disclosure of the information is necessary to mitigate anticompetitive effects. In making this determination, the court shall consider, among other things, the practices of any motor vehicle manufacturer that results in the fullest disclosure of information listed in paragraph (4) of subdivision (a). In actions subject to this subdivision, the court shall preserve the secrecy of an alleged trade secret by reasonable means, which may include granting a protective order in connection with discovery proceedings, holding an in-camera hearing, sealing the record of the action, or ordering any person involved in the litigation not to disclose an alleged trade secret without prior court approval.

(c) If information is required to be disclosed by a motor vehicle manufacturer pursuant to subdivision (b), the court shall allow for the imposition of reasonable business conditions as a condition of disclosure, and may include punitive sanctions for the improper release of information that is determined to be a trade secret to a competitor of the manufacturer. The court shall also provide for fair, reasonable, and nondiscriminatory compensation to the motor vehicle manufacturer for the disclosure of information determined by the court to be a trade secret and required to be disclosed pursuant to subdivision (b). The court shall provide for the dissemination of trade secret information required to be disclosed pursuant to subdivision (b) through licensing agreements and the collection of reasonable licensing fees. If the court determines that disclosure of any of the information required to be disclosed under subdivision (b) constitutes a taking of personal property, a jury trial shall be held to determine the amount of compensation for that taking, unless waived by the motor vehicle manufacturer.

(d) The state board shall periodically conduct surveys to determine whether the information requirements imposed by this section are being fulfilled by actual field availability of the information.

(e) If the executive officer of the state board obtains credible evidence that a motor vehicle manufacturer has failed to comply with any of the requirements of this section or the regulations adopted by the state board,

the executive officer shall issue a notice to comply to the manufacturer. Not later than 30 days after issuance of the notice to comply, the vehicle manufacturer shall submit to the executive officer a compliance plan, unless within that 30-day period the manufacturer requests an administrative hearing to contest the basis or scope of the notice to comply in accordance with subdivision (f). The executive officer shall accept the compliance plan if it provides adequate demonstration that the manufacturer will come into compliance with this section and the board's implementing regulations within 45 days following submission of the plan. However, the executive officer may extend the compliance period if the executive officer determines that the violation cannot be remedied within that period.

(f) If the motor vehicle manufacturer contests a notice to comply pursuant to subdivision (e) or the executive officer rejects the compliance plan submitted by the manufacturer, an administrative hearing shall be conducted by a hearing officer appointed by the state board, in accordance with procedures established by the state board. The hearing procedures shall provide the manufacturer and any other interested party at least 30 days notice of the hearing. If, after the hearing, the hearing officer appointed by the state board finds that the motor vehicle manufacturer has failed to comply with any of the requirements of this section or the regulations adopted by the state board, and the manufacturer fails to correct the violation within 30 days from the date of the finding, the hearing officer may impose a civil penalty upon the manufacturer in an amount not to exceed twenty-five thousand dollars (\$25,000) per day per violation until the violation is corrected, as determined in accordance with the hearing procedures established by the state board. The hearing procedures may provide additional time for compliance prior to imposing a civil penalty. If so, the hearing officer may grant additional time for compliance if he or she determines that the violation cannot be remedied within 30 days of the finding that a violation has occurred.

(g) The state board, in consultation with the Department of Consumer Affairs, shall, through the year 2009, report annually to the Legislature on the extent to which the implementation of this act enacted during the 2000 portion of the 1999–2000 Regular Session is effective in furthering the intent and policy of this act.

(h) Nothing in this section is intended to authorize the infringement of intellectual property rights embodied in United States patents, trademarks, or copyrights, to the extent those rights may be exercised consistently with any other federal laws.

CHAPTER 1078

An act to add Article 6 (commencing with Section 63048) to Chapter 2 of Division 1 of Title 6.7 of the Government Code, to amend Sections 78648.12, 79022.7, 79044.6, 79068.20, 79069, 79106, 79122, 79127, 79128, 79128.5, 79133, 79140, 79148, 79148.8, 79171, and 79196.5 of, and to add Sections 20527.12 and 20527.13 to, the Water Code, and to amend Section 14 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955), relating to water, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 63048) is added to Chapter 2 of Division 1 of Title 6.7 of the Government Code, to read:

Article 6. State Water Pollution Control Revolving Fund Program

63048. For purposes of this article, the following terms have the following meanings, unless the context clearly indicates or requires another meaning:

(a) "Board" means the State Water Resources Control Board.

(b) "Revolving fund" means the State Water Pollution Control Revolving Fund created by Chapter 6.5 (commencing with Section 13475) of Division 7 of the Water Code.

63048.3. Notwithstanding any other provision of this division, Article 3 (commencing with Section 63040), Article 4 (commencing with Article 63042), and Article 5 (commencing with Section 63043) do not apply to any financing provided by the bank to, or at the request of, the board in connection with the revolving fund.

63048.5. (a) The bank may issue taxable or tax-exempt revenue bonds pursuant to Chapter 5 (commencing with Section 63070) and deposit the proceeds from the bonds into the revolving fund or use the proceeds to refund bonds previously issued under this article. Bond proceeds may also be used to fund necessary reserves, capitalized interest, or costs of issuance.

(b) Except as may be provided in the governing documents with respect to bond anticipation notes, each of the bonds issued under this article shall, to the extent provided in the governing documents, be payable from, and secured by, all or a portion of the revenues in the revolving fund and the assets of the revolving fund, to the extent the revenues and assets are pledged by the board for those purposes.

(c) Bonds issued under this article shall not be deemed to constitute a debt or liability of the state or of any political subdivision thereof, other than the bank, or a pledge of the faith and credit of the state or of any political subdivision, but shall be payable solely from the revolving fund and the assets of the revolving fund, and the security provided by the revolving fund. All bonds issued under this article shall contain on the face of the bonds a statement to the same effect.

SEC. 1.5. Section 78648.12 of the Water Code is amended to read:

78648.12. Unallocated funds remaining in the subaccount on March 8, 2000, and any funds deposited into the subaccount after that date, shall be transferred to, and all money repaid to the state pursuant to any loan contract executed under this article shall be deposited in, the Seawater Intrusion Control Subaccount in the Clean Water and Water Recycling Account in the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Bond Fund for the purposes set forth in Article 6 (commencing with Section 79149) of Chapter 7 of Division 26.

SEC. 2. Section 79022.7 of the Water Code is amended to read:

79022.7. Notwithstanding Item 4260-115-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50, Statutes of 1999), no money transferred to the Safe Drinking Water State Revolving Fund pursuant to this article may be transferred to the General Fund.

SEC. 3. Section 79044.6 of the Water Code is amended to read:

79044.6. Notwithstanding any other provision of this article, the sum of five million dollars (\$5,000,000) in the subaccount, upon appropriation by the Legislature to the department, shall be allocated by the department to the City of Santee for the purposes of flood protection for streets and highways.

SEC. 4. Section 79068.20 of the Water Code is amended to read:

79068.20. The department and the Reclamation Board may adopt regulations to carry out this article.

SEC. 5. Section 79069 of the Water Code is amended to read:

79069. The Legislature hereby finds and declares all of the following:

(a) The Arroyo Pasajero Watershed incurred unprecedented flooding in 1995 that resulted in a loss of lives due to a bridge failure on Interstate Highway Route 5 (I-5).

(b) Flooding in the watershed caused damage to important federal, state, and local public facilities, including the Lemoore Naval Air Station, Interstate Highway Route 5 (I-5), the California Aqueduct, and critical local roads and highways, as well as private property.

(c) It is of statewide importance to undertake projects to eliminate future flooding in the watershed in order to protect life and property and to protect the drinking water supply of southern California.

SEC. 6. Section 79106 of the Water Code is amended to read:

79106. The Clean Water and Water Recycling Account is hereby created in the fund. The sum of three hundred fifty-five million dollars (\$355,000,000) is hereby transferred from the fund to the account.

SEC. 6.3. Section 79122 of the Water Code is amended to read:

79122. The following amounts are hereby transferred from the account to the following subaccounts and, notwithstanding Section 13340 of the Government Code, are hereby continuously appropriated, without regard to fiscal years, to the board, as follows:

(a) Thirty million five hundred thousand dollars (\$30,500,000) to the State Revolving Fund Loan Subaccount for the purposes of providing loans pursuant to the Clean Water Act, to aid in the construction or implementation of eligible projects, and for the purposes described in Section 79124.

(b) Thirty-four million dollars (\$34,000,000) to the Small Communities Grant Subaccount for grants by the board to small communities for construction of eligible treatment works, and for the purposes described in Section 79124.

SEC. 6.5. Section 79127 of the Water Code is amended to read:

79127. For the purposes of implementing subdivision (a) of Section 79122, the board may make loans to municipalities, pursuant to contract, to aid in the construction or implementation of eligible projects.

SEC. 6.7. Section 79128 of the Water Code is amended to read:

79128. (a) For purposes of subdivision (b) of Section 79122, the board may make grants to small communities so that any state grant does not exceed $97\frac{1}{2}$ percent of the eligible cost of necessary studies, planning, design, and construction of the eligible project determined in accordance with applicable state law and regulations.

(b) The total amount of grants made pursuant to paragraph (2) of subdivision (a) of Section 79122, for any single project, may not exceed three million five hundred thousand dollars (\$3,500,000).

SEC. 6.9. Section 79128.5 of the Water Code is amended to read:

79128.5. For the purposes of Section 79122.2, the board may make grants for the cost of planning, design, and construction of treatment works necessary to comply with waste discharge requirements.

SEC. 6.10. Section 79133 of the Water Code is amended to read:

79133. (a) Notwithstanding any other provision of this article, of the continuously appropriated funds described in subdivision (a) of Section 79122, the sum of seven million dollars (\$7,000,000) shall be used by the Department of Toxic Substances Control for allocation to local agencies for groundwater remediation projects.

(b) The Department of Toxic Substances Control shall adopt regulations to carry out this section.

SEC. 7. Section 79140 of the Water Code is amended to read:

79140. (a) Notwithstanding Section 13340 of the Government Code, 50 percent of the money in the subaccount is hereby continuously appropriated, without regard to fiscal years, to the board for loans to municipalities for the design and construction of water recycling projects in accordance with Section 79141, and for the purposes described in Sections 79143, 79144, and 79145.

(b) Fifty percent of the money in the subaccount, upon appropriation by the Legislature to the board, may be used by the board for grants to municipalities for the design and construction of water recycling projects in accordance with Section 79141.

SEC. 8. Section 79148 of the Water Code is amended to read:

79148. The purpose of this article is to provide funding for projects that restore and protect the water quality and environment of coastal waters, estuaries, bays, and near shore waters and groundwaters.

SEC. 9. Section 79148.8 of the Water Code is amended to read:

79148.8. (a) The money in the subaccount, upon appropriation by the Legislature to the board, may be used by the board, in consultation with the California Coastal Commission, to award loans as provided in subdivision (b), and to award grants not to exceed five million dollars (\$5,000,000) per project, to municipalities, local public agencies, educational institutions, or nonprofit organizations for the purposes of this article. Grants may be awarded for any of the following projects:

(1) A project designed to improve water quality at public beaches and to make improvements for the purpose of ensuring that coastal waters adjacent to public beaches meet the bacteriological standards set forth in Article 2 (commencing with Section 115875) of Chapter 5 of Part 10 of Division 104 of the Health and Safety Code.

(2) A project to provide comprehensive capability for monitoring, collecting, and analyzing ambient water quality, including monitoring technology that can be entered into a statewide information base with standardized protocols and sampling, collection, storage and retrieval procedures.

(3) A project to make improvements to existing sewer collection systems and septic systems for the restoration and protection of coastal water quality.

(4) A project designed to implement storm water and runoff pollution reduction and prevention programs for the restoration and protection of coastal water quality.

(5) A project that is consistent with the state's nonpoint source control program, as revised to meet the requirements of Section 6217 of the federal Coastal Zone Act Reauthorization Amendments of 1990, Section 319 of the federal Clean Water Act (33 U.S.C. Sec. 1329), and the requirements of Division 7 (commencing with Section 13000).

(b) In addition to the grants authorized pursuant to subdivision (a), the board may make loans not to exceed five million dollars (\$5,000,000) per project to municipalities, local public agencies, educational institutions, or nonprofit organizations for the purposes set forth in paragraph (3) of subdivision (a).

(c) The projects funded from the subaccount shall demonstrate the capability of contributing to sustained, long-term water quality or environmental restoration or protection benefits for a period of 20 years, shall address the causes of degradation, rather than the symptoms, and shall be consistent with water quality and resource protection plans prepared, implemented, or adopted by the board, the applicable regional water quality control board, and the California Coastal Commission.

(d) An applicant for funds from the subaccount shall be required to submit to the board a monitoring and reporting plan that does all of the following:

(1) Identifies the nonpoint source or sources of pollution to be prevented or reduced by the project.

(2) Describes the baseline water quality or quality of the environment to be addressed.

(3) Describes the manner in which the project will be effective in preventing or reducing pollution and in demonstrating the desired environmental results.

(e) Upon completion of the project, a recipient of funds from the subaccount shall submit a report to the board that summarizes the completed activities and indicates whether the purposes of the project have been met. The report shall include information collected by the recipient in accordance with the project monitoring and reporting plan, including a determination of the effectiveness of the project in preventing or reducing pollution. The board shall make the report available to the public, watershed groups, and federal, state, and local agencies.

(f) If projects include capital costs for construction, those costs shall be identified by the project applicant. The grant recipient shall provide a matching contribution for the portion of the project consisting of capital costs for construction, according to the following formula:

Capital Cost Project Cost/Capital Cost Match by Recipient	
\$1,000,000 to \$5,000,000, inclusive	20%
\$125,000 to \$999,999, inclusive	15%
\$1 to \$124,999, inclusive	10%

For the purposes of this subdivision, “capital costs” has the same meaning as “cost” as defined in Section 32025 of the Public Resources Code.

(g) Not more than 25 percent of a grant may be awarded in advance of actual expenditure.

(h) An applicant for funds from the subaccount shall inform the board of any necessary public agency approvals, entitlements, and permits that may be necessary to implement the project. The application shall certify to the board, at the appropriate time, that those approvals, entitlements, and permits have been granted.

(i) Where recovery plans for coho salmon, steelhead trout, or other threatened or endangered aquatic species exist, projects funded under this article shall be consistent with those plans, and to the extent feasible, shall seek to implement actions specified in those plans.

SEC. 10. Section 79171 of the Water Code is amended to read:

79171. Unless the context otherwise requires, the following definitions govern the construction of this article:

(a) “Conjunctive use” means the temporary storage of water in a groundwater aquifer through intentional recharge and subsequent extraction for later use. Storage is accomplished by either of the following methods:

(1) “Direct recharge” of an aquifer by conducting surface water into the ground by various means, including, without limitation, spreading ponds and injection wells for the purpose of making the water stored in the aquifer available for extraction and later use in drier years.

(2) “In-lieu recharge” means increasing the amount of groundwater available in an aquifer by substituting surface water supplies to a user who would otherwise pump groundwater.

(b) “Conjunctive use facilities” include land and appurtenant facilities for any phase of a conjunctive use operation. Appurtenant facilities may include subsurface storage, treatment, conveyance, recharge ponds, injection wells, spreading grounds, monitoring, measurements, subsidence detection, flow regulation, detention basins to facilitate recharge, diversion facilities, and extraction facilities.

(c) “Conjunctive use project” means a project that is intended to produce water supply benefits for the local agency or a project that is intended to produce water supply benefits for water users, including the environment, in addition to the local agency.

(d) “Local agency” means any city, county, city and county, district, joint powers authority, mutual water company, or other political subdivision of the state.

(e) “Project participants” means any public agency participating in, and benefiting from, a conjunctive use project under this article.

(f) “Subaccount” means the Conjunctive Use Subaccount created by Section 79172.

SEC. 11. Section 79196.5 of the Water Code is amended to read:

79196.5. The funds appropriated pursuant to Section 79196 shall be allocated as follows:

(a) Seventeen million dollars (\$17,000,000) for the purposes of the project described in clause (i) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

(b) Forty million dollars (\$40,000,000) for the purposes of the project described in clause (ii) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

(c) One hundred twenty million dollars (\$120,000,000) for the purposes of the project described in clause (iii) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

(d) Forty million dollars (\$40,000,000) for the purposes of the project described in clause (iv) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

(e) Seventeen million dollars (\$17,000,000) for the purposes of the project described in clause (v) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

(f) Sixteen million dollars (\$16,000,000) for the purposes of the project described in clause (vi) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

SEC. 12. Section 20527.12 is added to the Water Code, to read:

20527.12. (a) (1) This section only applies to the James Irrigation District. As used in this section, "district" means the James Irrigation District.

(2) Notwithstanding Section 20527 or any other provision of law, in the district, every owner of real property within the district, but no others, may vote at district elections. Owners need not be residents of the district in order to qualify as voters.

(b) The last equalized district assessment roll is conclusive evidence of ownership of the real property.

(c) (1) If land is owned in joint tenancy, tenancy in common, or any other multiple ownership, the owners of the land shall designate, in writing, which one of the owners is deemed the owner of the land for purposes of qualifying as a voter.

(2) The designation shall be made upon a form provided by the district, and shall be filed with the district at least 40 days prior to the election and shall remain in effect until amended or revoked. No amendment or revocation may occur within the period of 39 days prior to any election.

(d) The district shall provide a list of eligible voters pursuant to Section 10525 of the Elections Code at least 35 days prior to an election, which list shall provide for the limitation of one vote for each owner as specified in this section.

(e) The legal representative of a corporation or estate owning real property may vote on behalf of the corporation or estate.

(f) (1) Every voter, or his or her legal representative, may vote at any district election either in person or by a person appointed as his or her proxy, but may cast only one vote.

(2) The district has the powers of a California water district with regard to Section 35005 and the appointment of a proxy shall be pursuant to that section.

(g) Notwithstanding Section 21100 or any other provision of law, any voter, as specified in this section, may be a member of the board of the district as long as the voter is a landowner within the division that the voter represents, unless divisions are abolished as provided in Section 21550.

(h) (1) As used in this section, "legal representative" means an official of a corporation owning real property or a guardian, conservator, executor, or administrator of the estate of the holder of title to real property who is all of the following:

(A) Appointed under the laws of this state.

(B) Entitled to the possession of the estate's real property.

(C) Authorized by the appointing court to exercise the particular right, privilege, or immunity which the legal representative seeks to exercise.

(2) Before a legal representative votes at a district election, the legal representative shall present to the precinct board a certified copy of his or her authority which shall be kept and filed with the returns of the election.

(i) The board of the district, not less than 120 days before the general district election to be held in 2001, may abolish the divisions of the district for that election. The abolishment of the division shall be effective only for that general district election, unless the question of abolishing the division is presented to the voters at that election and a majority of the votes cast on that question are in favor of abolishing the divisions for future elections.

(j) (1) This section shall be operative as long as the district does not provide water, drainage services, electricity, flood control services, or sewage disposal services for domestic purposes for residents of the district.

(2) (A) This section shall become inoperative if the district commences to provide any of the services described in paragraph (1).

(B) The district shall notify the Secretary of State 30 days prior to commencing to provide any of the services described in paragraph (1). The notice required by this subparagraph shall state that it is being made pursuant to this subdivision.

SEC. 13. Section 20527.13 is added to the Water Code, to read:

20527.13. (a) (1) This section only applies to the Corcoran Irrigation District. As used in this section, “district” means the Corcoran Irrigation District.

(2) Notwithstanding Section 20527 or any other provision of law, in the district, every owner of real property within the district, but no others, may vote at district elections. Owners need not be residents of the district in order to qualify as voters.

(b) The last equalized district assessment roll is conclusive evidence of ownership of the real property.

(c) (1) If land is owned in joint tenancy, tenancy in common, or any other multiple ownership, the owners of the land shall designate, in writing, which one of the owners is deemed the owner of the land for purposes of qualifying as a voter.

(2) The designation shall be made upon a form provided by the district, and shall be filed with the district at least 40 days prior to the election and shall remain in effect until amended or revoked. No amendment or revocation may occur within the period of 39 days prior to any election.

(d) The district shall provide a list of eligible voters pursuant to Section 10525 of the Elections Code at least 35 days prior to an election, which list shall provide for the limitation of one vote for each owner as specified in this section.

(e) The legal representative of a corporation or estate owning real property may vote on behalf of the corporation or estate.

(f) (1) Every voter, or his or her legal representative, may vote at any district election either in person or by a person appointed as his or her proxy, but may cast only one vote.

(2) Proxies shall be appointed pursuant to Section 35005.

(g) (1) As used in this section, “legal representative” means an official of a corporation owning real property or a guardian, conservator, executor, or administrator of the estate of the holder of title to real property who is all of the following:

(A) Appointed under the laws of this state.

(B) Entitled to the possession of the estate’s real property.

(C) Authorized by the appointing court to exercise the particular right, privilege, or immunity which the legal representative seeks to exercise.

(2) Before a legal representative votes at a district election, the legal representative shall present to the precinct board a certified copy of his or her authority which shall be kept and filed with the returns of the election.

(h) (1) This section shall be operative as long as the district does not provide water, drainage services, electricity, flood control services, or

sewage disposal services for domestic purposes for residents of the district.

(2) (A) This section shall become inoperative if the district commences to provide any of the services described in paragraph (1).

(B) The district shall notify the Secretary of State 30 days prior to commencing to provide any of the services described in paragraph (1). The notice required by this subparagraph shall state that it is being made pursuant to this subdivision.

SEC. 14. Section 14 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955) is amended to read:

Sec. 14. (a) The district may borrow money and incur indebtedness for its ordinary expenses and to pay engineers, attorneys, and other employees of the district. Each borrowing shall be authorized by a resolution of the board of directors and shall be evidenced by a note. The total amount borrowed may not at any time exceed the amount that could be raised by a ten cent (\$0.10) tax levy upon all taxable real property that is subject to levy in the district as shown by the last equalized assessment roll. If the borrowing comes before an assessment roll for the district has been equalized, the county auditor shall estimate the assessed value of the real property that is subject to levy in the district and furnish his or her certificate of that estimate to the board of directors of the district. The board of directors may borrow an amount not to exceed the sum that could be raised by a ten cent (\$0.10) levy upon the estimated value of real property that is subject to levy. For the purpose of borrowing the certificate of valuation of the county auditor shall be final and conclusive. Any moneys so borrowed with interest thereon shall be repaid from the proceeds of the next succeeding tax levy or earlier if funds become available for that purpose.

(b) The district may borrow money and incur indebtedness to construct, repair, operate, or maintain improvements required as a result of declared emergencies or disasters. Each borrowing shall be authorized by resolution of the board of directors. The total amount borrowed shall not exceed the sum that could be raised by a ten cent (\$0.10) tax levy upon the taxable real property of the district. If borrowed funds are provided through a designated emergency or disaster program, the district may repay that loan in accordance with the provisions of the program. The district may also borrow from the State of California or the United States moneys provided by those units of government for the performance of local work or responsibilities in conjunction with state or federal programs relating to flood control, drainage, water conservation, or water quality. If no repayment term is specified in the special loan programs relating to declared emergencies, disasters, or state or federal programs, the loans shall be repaid within a period not to exceed 40 years.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 1079

An act to amend Section 63010 of the Government Code, relating to economic development.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 63010 of the Government Code is amended to read:

63010. For purposes of this division, the following words and terms shall have the following meanings unless the context clearly indicates or requires another or different meaning or intent:

(a) "Act" means the Bergeson-Peace Infrastructure and Economic Development Bank Act.

(b) "Bank" means the California Infrastructure and Economic Development Bank.

(c) "Board" or "bank board" means the Board of Directors of the California Infrastructure and Economic Development Bank.

(d) "Bond purchase agreement" means a contractual agreement executed between the bank and a sponsor, or a special purpose trust authorized by the bank or a sponsor, or both, whereby the bank or special purpose trust authorized by the bank agrees to purchase bonds of the sponsor for retention or sale.

(e) "Bonds" means bonds, including structured, senior, and subordinated bonds or other securities; loans; notes, including bond, revenue, tax or grant anticipation notes; commercial paper; floating rate and variable maturity securities; and any other evidences of indebtedness or ownership, including certificates of participation or beneficial interest, asset backed certificates, or lease-purchase or installment purchase agreements, whether taxable or excludable from gross income for federal income taxation purposes.

(f) "Cost," as applied to a project or portion thereof financed under this division, means all or any part of the cost of construction, renovation, and acquisition of all lands, structures, real or personal property, rights, rights-of-way, franchises, licenses, easements, and interests acquired or used for a project; the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which the buildings or structures may be moved; the cost of all machinery, equipment, and financing charges; interest prior to, during, and for a period after completion of construction, renovation, or acquisition, as determined by the bank; provisions for working capital; reserves for principal and interest and for extensions, enlargements, additions, replacements, renovations, and improvements; and the cost of architectural, engineering, financial and legal services, plans, specifications, estimates, administrative expenses, and other expenses necessary or incidental to determining the feasibility of any project or incidental to the construction, acquisition, or financing of any project, and transition costs in the case of an electrical corporation.

(g) "Economic development facilities" means real and personal property, structures, buildings, equipment, and supporting components thereof that are used to provide industrial, recreational, research, commercial, utility, or service enterprise facilities, community, educational, cultural, or social welfare facilities and any parts or combinations thereof, and all facilities or infrastructure necessary or desirable in connection therewith, including provision for working capital, but shall not include any housing.

(h) "Electrical corporation" has the meaning set forth in Section 218 of the Public Utilities Code.

(i) "Executive director" means the Executive Director of the California Infrastructure and Economic Development Bank appointed pursuant to Section 63021.

(j) "Financial assistance" in connection with a project, includes, but is not limited to, any combination of grants, loans, the proceeds of bonds issued by the bank or special purpose trust, insurance, guarantees or other credit enhancements or liquidity facilities, and contributions of money, property, labor, or other things of value, as may be approved by resolution of the board or the sponsor, or both; the purchase or retention of bank bonds, the bonds of a sponsor for their retention or for sale by the bank, or the issuance of bank bonds or the bonds of a special purpose trust used to fund the cost of a project for which a sponsor is directly or indirectly liable, including, but not limited to, bonds, the security for which is provided in whole or in part pursuant to the powers granted by Section 63025; bonds for which the bank has provided a guarantee or enhancement, including, but not limited to, the purchase of the

subordinated bonds of the sponsor, the subordinated bonds of a special purpose trust, or the retention of the subordinated bonds of the bank pursuant to Chapter 4 (commencing with Section 63060); or any other type of assistance deemed appropriate by the bank or the sponsor, except that no direct loans shall be made to nonpublic entities other than in connection with the issuance of rate reduction bonds pursuant to a financing order or in connection with a financing for an economic development facility.

For purposes of this subdivision, “grant” does not include grants made by the bank except when acting as an agent or intermediary for the distribution or packaging of financing available from federal, private, or other public sources.

(k) “Financing order” has the meaning set forth in Section 840 of the Public Utilities Code.

(l) “Guarantee trust fund” means the California Infrastructure Guarantee Trust Fund.

(m) “Infrastructure bank fund” means the California Infrastructure and Economic Development Bank Fund.

(n) “Loan agreement” means a contractual agreement executed between the bank or a special purpose trust and a sponsor that provides that the bank or special purpose trust will loan funds to the sponsor and that the sponsor will repay the principal and pay the interest and redemption premium, if any, on the loan.

(o) “Participating party” means any person, company, corporation, partnership, firm, or other entity or group of entities, whether organized for profit or not for profit, engaged in business or operations within the state and that applies for financing from the bank in conjunction with a sponsor for the purpose of implementing a project. However, in the case of a project relating to the financing of transition costs or the acquisition of transition property, or both, on the request of an electrical corporation, or in connection with a financing for an economic development facility, the participating party shall be deemed to be the same entity as the sponsor for the financing.

(p) “Project” means designing, acquiring, planning, permitting, entitling, constructing, improving, extending, restoring, financing, and generally developing public development facilities or economic development facilities within the state or financing transition costs or the acquisition of transition property, or both, upon approval of a financing order by the Public Utilities Commission, as provided in Article 5.5 (commencing with Section 840) of Chapter 4 of Part 1 of Division 1 of the Public Utilities Code.

(q) “Public development facilities” means real and personal property, structures, conveyances, equipment, thoroughfares, buildings,

and supporting components thereof, excluding any housing, that are directly related to providing the following:

(1) "City streets" including any street, avenue, boulevard, road, parkway, drive, or other way that is any of the following:

(A) An existing municipal roadway.

(B) Is shown upon a plat approved pursuant to law and includes the land between the street lines, whether improved or unimproved, and may comprise pavement, bridges, shoulders, gutters, curbs, guardrails, sidewalks, parking areas, benches, fountains, plantings, lighting systems, and other areas within the street lines, as well as equipment and facilities used in the cleaning, grading, clearance, maintenance, and upkeep thereof.

(2) "County highways" including any county highway as defined in Section 25 of the Streets and Highways Code, that includes the land between the highway lines, whether improved or unimproved, and may comprise pavement, bridges, shoulders, gutters, curbs, guardrails, sidewalks, parking areas, benches, fountains, plantings, lighting systems, and other areas within the street lines, as well as equipment and facilities used in the cleaning, grading, clearance, maintenance, and upkeep thereof.

(3) "Drainage, water supply, and flood control" including, but not limited to, ditches, canals, levees, pumps, dams, conduits, pipes, storm sewers, and dikes necessary to keep or direct water away from people, equipment, buildings, and other protected areas as may be established by lawful authority, as well as the acquisition, improvement, maintenance, and management of floodplain areas and all equipment used in the maintenance and operation of the foregoing.

(4) "Educational facilities" including libraries, child care facilities, including, but not limited to, day care facilities, and employment training facilities.

(5) "Environmental mitigation measures" including required construction or modification of public infrastructure and purchase and installation of pollution control and noise abatement equipment.

(6) "Parks and recreational facilities" including local parks, recreational property and equipment, parkways and property.

(7) "Port facilities" including docks, harbors, ports of entry, piers, ships, small boat harbors and marinas, and any other facilities, additions, or improvements in connection therewith.

(8) "Power and communications" including facilities for the transmission or distribution of electrical energy, natural gas, and telephone and telecommunications service.

(9) "Public transit" including air and rail transport of goods, airports, guideways, vehicles, rights-of-way, passenger stations, maintenance and storage yards, and related structures, including public parking

facilities, equipment used to provide or enhance transportation by bus, rail, ferry, or other conveyance, either publicly or privately owned, that provides to the public general or special service on a regular and continuing basis.

(10) "Sewage collection and treatment" including pipes, pumps, and conduits that collect wastewater from residential, manufacturing, and commercial establishments, the equipment, structures, and facilities used in treating wastewater to reduce or eliminate impurities or contaminants, and the facilities used in disposing of, or transporting, remaining sludge, as well as all equipment used in the maintenance and operation of the foregoing.

(11) "Solid waste collection and disposal" including vehicles, vehicle-compatible waste receptacles, transfer stations, recycling centers, sanitary landfills, and waste conversion facilities necessary to remove solid waste, except that which is hazardous as defined by law, from its point of origin.

(12) "Water treatment and distribution" including facilities in which water is purified and otherwise treated to meet residential, manufacturing, or commercial purposes and the conduits, pipes, and pumps that transport it to places of use.

(13) "Defense conversion" including, but not limited to, facilities necessary for successfully converting military bases consistent with an adopted base reuse plan.

(14) "Public safety facilities" including, but not limited to, police stations, fire stations, court buildings, jails, juvenile halls, and juvenile detention facilities.

(15) "State highways" including any state highway as described in Chapter 2 (commencing with Section 230) of Division 1 of the Streets and Highways Code, and the related components necessary for safe operation of the highway.

(r) "Rate reduction bonds" has the meaning set forth in Section 840 of the Public Utilities Code.

(s) "Revenues" means all receipts, purchase payments, loan repayments, lease payments, and all other income or receipts derived by the bank or a sponsor from the sale, lease, or other financing arrangement undertaken by the bank, a sponsor or a participating party, including, but not limited to, all receipts from a bond purchase agreement, and any income or revenue derived from the investment of any money in any fund or account of the bank or a sponsor and any receipts derived from transition property. Revenues shall not include moneys in the General Fund of the state.

(t) "Special purpose trust" means a trust, partnership, limited partnership, association, corporation, nonprofit corporation, or other entity authorized under the laws of the state to serve as an instrumentality

of the state to accomplish public purposes and authorized by the bank to acquire, by purchase or otherwise, for retention or sale, the bonds of a sponsor or of the bank made or entered into pursuant to this division and to issue special purpose trust bonds or other obligations secured by these bonds or other sources of public or private revenues. Special purpose trust also means any entity authorized by the bank to acquire transition property or to issue rate reduction bonds, or both, subject to the approvals by the bank and powers of the bank as are provided by the bank in its resolution authorizing the entity to issue rate reduction bonds.

(u) "Sponsor" means any subdivision of the state or local government including departments, agencies, commissions, cities, counties, nonprofit corporations formed on behalf of a sponsor, special districts, assessment districts, and joint powers authorities within the state or any combination of these subdivisions that makes an application to the bank for financial assistance in connection with a project in a manner prescribed by the bank. This definition shall not be construed to require that an applicant have an ownership interest in the project. In addition, an electrical corporation shall be deemed to be the sponsor as well as the participating party for any project relating to the financing of transition costs and the acquisition of transition property on the request of the electrical corporation and any person, company, corporation, partnership, firm, or other entity or group engaged in business or operation within the state that applies for financing of any economic development facility, shall be deemed to be the sponsor as well as the participating party for the project relating to the financing of that economic development facility.

(v) "State" means the State of California.

(w) "Transition costs" has the meaning set forth in Section 840 of the Public Utilities Code.

(x) "Transition property" has the meaning set forth in Section 840 of the Public Utilities Code.

CHAPTER 1080

An act to amend Sections 130051.12 and 130110 of, and to add Section 130051.24 to, the Public Utilities Code, relating to transportation.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 130051.12 of the Public Utilities Code is amended to read:

130051.12. The Los Angeles County Metropolitan Transportation Authority shall, at a minimum, reserve to itself exclusively, all of the following powers and responsibilities:

- (a) Establishment of overall goals and objectives.
- (b) Adoption of the aggregate budget for all organizational units of the authority.
- (c) Designation of additional included municipal operators pursuant to subdivision (f) of Section 99285.
- (d) Approval of final rail corridor selections.
- (e) Final approval of labor contracts covering employees of the authority and organizational units of the authority.
- (f) Establishment of the authority's organizational structure.
- (g) Conducting hearings and the setting of fares for the operating organizational unit established pursuant to paragraph (2) of subdivision (a) of Section 130051.11.
- (h) (1) Approval of transportation zones.
(2) In determining the cost-effectiveness of any proposed transportation zone, the authority may not approve or disapprove a transportation zone based upon consideration of rates of wages and other forms of compensation or hours and working conditions of employees of the proposed transportation zone.
(3) Any determination of efficiencies that may be derived from the approval of a transportation zone shall include consideration of maintaining the prevailing rate of wages, hours, and other terms and conditions of employment contained in current collective bargaining agreements applicable to the authority as required under subdivision (d) of Section 130051.11.
(4) A proposed transportation zone is not required to demonstrate lower operating costs than those of the existing operator or operators of the service to be transferred to the zone, but shall demonstrate that the net cost will not be greater than the current service.
- (i) Approval of the issuance of any debt instrument with a maturity date that exceeds the end of the fiscal year in which it is issued.
- (j) Approval of benefit assessment districts and assessment rates.
- (k) Approval of contracts for transit equipment acquisition that exceed five million dollars (\$5,000,000), and making the findings required by subdivision (c) of Section 130238.

SEC. 2. Section 130051.24 is added to the Public Utilities Code, to read:

130051.24. (a) For the purposes of this section, the following terms have the following meanings, unless the context requires otherwise:

(1) The “authority” is the Los Angeles County Metropolitan Transportation Authority.

(2) A “transportation zone” is a public agency or a public benefit corporation of which public agencies are the sole members established on or after January 1, 1999, that assumes any of the operating responsibilities described in paragraph (2) of subdivision (a) of Section 130051.11 on or after that date, regardless of whether the transportation zone is an included municipal operator, as defined in Section 99207, or an included transit district, as defined in Section 99208.

(b) (1) Except as authorized under paragraph (2), a transportation zone shall assume and be bound by the terms and conditions of employment set forth in any collective bargaining agreements between the authority and any labor organizations affected by the creation of the transportation zone as well as the duties, obligations, and liabilities arising from, or relating to, labor obligations imposed by state or federal law upon the authority.

(2) Notwithstanding paragraph (1), if the authority is engaged in collective bargaining with labor organizations representing employees who are subject to transfer to the transportation zone between the date of approval of the transportation zone and the date of the transfer of service to the transportation zone, the authority may consult with the transportation zone regarding matters within the scope of labor representation.

(c) (1) For a period of four years, commencing with the date of transfer of service by the authority to the transportation zone, or at the expiration date of any collective bargaining agreement that is in effect during that four-year period, whichever is later, employees of the transportation zone, together with like employees of the authority, shall constitute appropriate collective bargaining units. However, the transportation zone may be a separate employer for other purposes.

(2) Upon expiration of the period described in paragraph (1), employees of the transportation zone, at the option of the transportation zone, may constitute appropriate collective bargaining units that are independent of the collective bargaining units of the authority.

(3) If independent bargaining units are established as authorized under paragraph (2), the transportation zone may enter into agreements with labor organizations as a separate employer, regarding wages, benefits, and other terms and conditions of employment.

(4) The transportation zone shall maintain single employer collective bargaining units for transportation operations and maintenance employees. Those bargaining units shall contain classifications for employees that are identical to those that existed for the joint collective

bargaining units of the authority and the transportation zone under paragraph (1), unless modified by mutual agreement between the transportation zone and the affected labor organizations.

(d) (1) The authority shall retain, for the period described in paragraph (1) of subdivision (c), the power of final approval of labor contracts negotiated by it and a transportation zone with those labor organizations representing collective bargaining units consisting of both employees of the authority and the employees of the transportation zone. However, the authority may not grant any final approval of a labor agreement unless it has first consulted with the transportation zone.

(2) Upon expiration of the period described in paragraph (1) of subdivision (c), the authority shall have no final approval power over any labor contract negotiated between a transportation zone and a labor organization representing the employees of the transportation zone.

(e) (1) A transportation zone shall maintain, as a cosponsor with the authority, any retirement system established and maintained under subdivision (b) of Section 130110, until participation in the retirement system or retirement benefits are modified under the collective bargaining process.

(2) The transportation zone may appoint at least one member to the retirement board of the retirement system. If the size of the board is increased pursuant to this section, an equivalent number of representatives of the labor organization representing the employees shall be appointed to the board to ensure that the board maintains an equal number of employer and labor organization members.

(3) Prior to the transfer of any service to a transportation zone, the plan administrator for the retirement system shall permit the transportation zone to perform an actuarial financial examination of the assets and liabilities of the retirement system and the benefits accrued under it.

(4) The liability of the transportation zone for obligations under the retirement system shall be limited to benefits accruing to employees of the transportation zone.

(f) (1) The transportation zone shall maintain the health care provisions contained in any assumed collective bargaining agreement, until those provisions are modified through the collective bargaining process.

(2) The transportation zone may not be held liable for financial obligations to any health care provider that arose prior to the direct transfer of employees from the authority to the transportation zone.

(g) Labor relations in a transportation zone shall be governed under Article 10 (commencing with Section 30750) of Chapter 4 of Part 3 of Division 10, except that whenever a duty or power is imposed upon or granted to the authority under those provisions, the duty or power, for

the purposes of this section, shall be deemed to be imposed upon or granted to the transportation zone as well as the authority.

(h) Nothing in this section prohibits a transportation zone from contracting for managerial services that are not provided by any classification of any bargaining unit.

(i) A transportation zone is not an organizational unit of the authority.

SEC. 3. Section 130110 of the Public Utilities Code is amended to read:

130110. (a) For employees of the Los Angeles County Metropolitan Transportation Authority not in a bargaining unit represented by a labor organization, the authority shall establish retirement benefits pursuant to Article 1 (commencing with Section 30400) and Article 2 (commencing with Section 30430) of Chapter 4 of Part 3 of Division 10.

(b) Retirement benefits for employees of the authority and any organizational unit of the authority in a bargaining unit represented by a labor organization shall be established pursuant to Article 3 (commencing with Section 30450) of Chapter 4 of Part 3 of Division 10.

(c) Retirement benefits for employees of the authority and any organizational unit of the authority in a bargaining unit represented by a labor organization that was created on or after January 1, 1999, for the purpose of representing managerial employees or supervisory employees, shall be established pursuant to a collective bargaining agreement between the authority or any organizational unit of the authority and that labor organization.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1081

An act to amend Sections 5322 and 5363 of the Education Code, to amend Sections 13.5, 1003, 2187, 5000, 8023, 9014, 9164, 9283, 9401, 9402, 9501, 10531, 10540, 12285, 13112, 15653, and 21001 of, to add Sections 5100.5 and 9501.5 to, and to repeal Sections 9506 and 9507 of, the Elections Code, and to repeal Sections 15601 and 69502 of the Government Code, relating to elections.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 5322 of the Education Code is amended to read:

5322. Whenever an election is ordered, the governing board of the district or the board or officer authorized by this code to make such designations shall, concurrently with or after the order of election but not less than 123 days prior to the date of the election in the case of an election for governing board members, or at least 88 days prior to the date of the election in the case of an election on a measure, including a bond measure, by resolution delivered to the county superintendent of schools and the officer conducting the election, or, in the case of an election on a measure, only to the officer conducting the election, specify the following, or such of the following as he or she or it may have authority to designate:

- (a) The date of the election.
- (b) The purpose of the election.

The resolution or resolutions shall be known as “specifications of the election order” and shall set forth the authority for ordering the election, the authority for the specification of the election order, the signature of the officer or the clerk of the board by law authorized to make the designations therein contained, and, in the case of an election on a measure, the exact wording of the measure as it is to appear on the ballot. Pursuant to Section 13247 of the Elections Code, the statement of the measure to appear on the ballot shall not exceed 75 words.

SEC. 2. Section 5363 of the Education Code is amended to read:

5363. Except where the procedure prescribed by Section 5362 is utilized, the elections official responsible for the conduct of a governing board member election shall cause formal notice of the election to be published pursuant to Section 12112 of the Elections Code.

SEC. 3. Section 13.5 of the Elections Code is amended to read:

13.5. (a) (1) Notwithstanding subdivision (a) of Section 13, no person shall be considered a legally qualified candidate for any of the offices set forth in subdivision (b) unless that person has filed a declaration of candidacy, nomination papers, or statement of write-in candidacy, accompanied by documentation, including, but not necessarily limited to, certificates, declarations under penalty of perjury, diplomas, or official correspondence, sufficient to establish, in the determination of the official with whom the declaration or statement is filed, that the person meets each qualification established for service in that office by the provision referenced in subdivision (b).

(2) The provision of “documentation,” for purposes of compliance with the requirements of paragraph (1), may include the submission of either an original, as defined in Section 255 of the Evidence Code, or a duplicate, as defined in Section 260 of the Evidence Code.

(b) This section shall be applicable to the following offices and qualifications therefor:

(1) For the office of county auditor, the qualifications set forth in Sections 26945 and 26946 of the Government Code.

(2) For the office of county district attorney, the qualifications set forth in Sections 24001 and 24002 of the Government Code.

(3) For the office of county sheriff, the qualifications set forth in Section 24004.3 of the Government Code.

(4) For the office of county superintendent of schools, the qualifications set forth in Sections 1205 to 1208, inclusive, of the Education Code.

(5) For the office of judge of the municipal court, the qualifications set forth in Article 4 (commencing with Section 71140) of Chapter 6 of Title 8 of the Government Code.

(6) For the office of judge of the superior court, the qualifications set forth in Section 15 of Article VI of the California Constitution.

(7) For the office of county treasurer, county tax collector, or county treasurer-tax collector, the qualifications set forth in Section 27000.7 of the Government Code, provided that the board of supervisors has adopted the provisions of that section pursuant to Section 27000.6 of the Government Code.

SEC. 4. Section 1003 of the Elections Code is amended to read:

1003. This chapter shall not apply to the following:

(a) Any special election called by the Governor.

(b) Elections held in chartered cities or chartered counties in which the charter provisions are inconsistent with this chapter.

(c) School governing board elections consolidated pursuant to Section 1302.2 or initiated by petition pursuant to Section 5091 of the Education Code.

(d) Elections of any kind required or permitted to be held by a school district located in a chartered city or county when the election is consolidated with a regular city or county election held in a jurisdiction that includes 95 percent or more of the school district’s population.

(e) County, municipal, district, and school district initiative, referendum, or recall elections.

(f) Any election conducted solely by mailed ballot pursuant to Division 4 (commencing with Section 4000).

(g) Elections held pursuant to Article 1 (commencing with Section 15100) of Chapter 1, or pursuant to Article 4 (commencing with Section 15340) of Chapter 2 of, Part 10 of the Education Code.

SEC. 5. Section 2187 of the Elections Code is amended to read:

2187. (a) Each county elections official shall send to the Secretary of State, in a format described by the Secretary of State, a summary statement of the number of voters in the county. The statement shall show the total number of voters in the county, the number registered as affiliated with each qualified political party, the number registered in nonqualified parties, and the number who declined to state any party affiliation. The statement shall also show the number of voters, by political affiliations, in each city, supervisorial district, Assembly district, Senate district, and congressional district located in whole or in part within the county.

(b) The Secretary of State, on the basis of the statements sent by the county elections officials and within 30 days after receiving those statements, shall compile a statewide list showing the number of voters, by party affiliations, in the state and in each county, city, supervisorial district, Assembly district, Senate district, and congressional district in the state. A copy of this list shall be made available, upon request, to any elector in this state.

(c) Each county that uses data processing equipment to store the information set forth in the affidavit of registration shall send to the Secretary of State one copy of the magnetic tape file with the information requested by the Secretary of State. Each county that does not use data processing storage shall send to the Secretary of State one copy of the index setting forth that information.

(d) The summary statements and the magnetic tape file copy or the index shall be sent at the following times:

(1) On the 135th day before each presidential primary and before each direct primary, with respect to voters registered on the 154th day before the primary election.

(2) Not less than 50 days prior to the primary election, with respect to voters registered on the 60th day before the primary election.

(3) Not less than 10 days prior to the primary election, with respect to voters registered before the 28th day prior to the primary election.

(4) Not less than 50 days prior to the general election, with respect to voters registered on the 60th day before the general election.

(5) Not less than 10 days prior to the general election, with respect to voters registered before the 28th day prior to the general election.

(6) On or before March 1 of each odd-numbered year, with respect to voters registered as of February 10.

(e) The Secretary of State may adopt regulations prescribing the content and format of the magnetic tape file or index referred to in subdivision (c) and containing the registered voter information from the affidavits of registration.

(f) The Secretary of State may adopt regulations prescribing additional regular reporting times, except that the total number of reporting times in any one calendar year shall not exceed 12.

(g) The Secretary of State shall make the information from the magnetic tape files or the printed indexes available, under conditions prescribed by the Secretary of State, to any candidate for federal, state, or local office, to any committee for or against any proposed ballot measure, to any committee for or against any initiative or referendum measure for which legal publication is made, and to any person for election, scholarly or political research, or governmental purposes as determined by the Secretary of State.

SEC. 6. Section 5000 of the Elections Code is amended to read:

5000. (a) For purposes of this division, the definition of "party" in Section 338 is applicable.

(b) This chapter shall apply to political bodies and to parties not otherwise provided for in Division 7 (commencing with Section 7050).

SEC. 7. Section 5100.5 is added to the Elections Code, to read:

5100.5. (a) Upon the occurrence of the gubernatorial election, each party shall have its qualifications reviewed by the Secretary of State. A party that does not meet the standards for qualification set forth in Section 5100 shall be prohibited from participating in any primary election. A party shall maintain its qualification to participate in any subsequent primary election by complying with any of the conditions specified in Section 5100.

(b) A party seeking qualification under provisions of this section and subdivision (b) or (c) of Section 5100 shall file formal notice with the Secretary of State that the party intends to regain qualification.

(c) Unless formal notice as required in subdivision (b) is timely received by the Secretary of State, he or she may have the name of the party omitted from any list, notice, ballot, or other publication containing the names of the parties qualified or seeking qualification that the Secretary of State may cause to be printed or published.

(d) For purposes of subdivision (b) of Section 8001, this section shall only be applicable to a party that has successfully obtained that status for the first time after having been a political body, and shall not apply to a political party that has been disqualified.

SEC. 8. Section 8023 of the Elections Code is amended to read:

8023. (a) Except in the case of a judicial office filled in accordance with subdivision (d) of Section 16 of Article VI of the Constitution, every candidate for a judicial office, not more than 14 nor less than five days prior to the first day on which his or her nomination papers may be circulated and signed or may be presented for filing, shall file in the office of the elections official in which his or her nomination papers are required to be filed or left for examination, a written and signed

declaration of his or her intention to become a candidate for that office on a form to be supplied by the elections officials. A candidate for a numerically designated judicial office shall state in his or her declaration for which office he or she intends to become a candidate. This section shall apply to all judicial offices whether numerically designated or not.

(b) No person may be a candidate nor have his or her name printed upon any ballot as a candidate for judicial office unless he or she has filed the declaration of intention provided for in this section. If the incumbent of a judicial office fails to file a declaration of intention by the end of the period specified in subdivision (a), persons other than the incumbent may file declarations of intention no later than the first day for filing nomination papers.

(c) No candidate for a judicial office shall be required to state his or her residential address on the declaration of intention provided for in this section. However, in cases where the candidate does not state his or her residential address on the declaration of intention, the elections official shall verify that the address is within the appropriate political subdivision and add the notation "verified" to the residential address line of the form.

SEC. 9. Section 9014 of the Elections Code is amended to read:

9014. Any initiative or referendum petition may be presented in sections, but each section shall contain a full and correct copy of the title and text of the proposed measure. The text of the measure shall be printed in type not smaller than 8 point.

SEC. 10. Section 9164 of the Elections Code is amended to read:

9164. A ballot argument shall not be accepted under this article unless accompanied by the printed name and signature or printed names and signatures of the person or persons submitting it, or, if submitted on behalf of an organization, the name of the organization and the printed name and signature of at least one of its principal officers.

No more than five signatures shall appear with any argument submitted under this article. In case any argument is signed by more than five persons, the signatures of the first five shall be printed.

SEC. 11. Section 9283 of the Elections Code is amended to read:

9283. A ballot argument shall not be accepted under this article unless accompanied by the printed name and signature or printed names and signatures of the person or persons submitting it, or, if submitted on behalf of an organization, the name of the organization and the printed name and signature of at least one of its principal officers.

No more than five signatures shall appear with any argument submitted under this article. In case any argument is signed by more than five persons, the signatures of the first five shall be printed.

SEC. 12. Section 9401 of the Elections Code is amended to read:

9401. (a) In connection with each bond issue specified in Section 9400, a statement shall be mailed to the voters with the sample ballot for the bond election. The statement required by this section shall be filed with the election official conducting the election not later than the 88th day prior to the election, and shall include:

(1) The best estimate from official sources of the tax rate that would be required to be levied to fund that bond issue during the first fiscal year after the first sale of the bonds based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors.

(2) The best estimate from official sources of the tax rate that would be required to be levied to fund that bond issue during the first fiscal year after the last sale of the bonds if the bonds are proposed to be sold in series, and an estimate of the year in which that rate will apply, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors.

(3) The best estimate from official sources of the highest tax rate that would be required to be levied to fund that bond issue, and an estimate of the year in which that rate will apply, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors.

(b) In addition, the statement may contain any declaration of policy of the legislative or governing body of the applicable jurisdiction, proposing to utilize revenues other than ad valorem taxes for purposes of funding the bond issue, and the best estimate from official sources of these revenues and the reduction in the tax rate levied to fund the bond issue resulting from the substitution of revenue.

(c) The words "tax rate" as used in this chapter means tax rate per one hundred dollars (\$100) of assessed valuation on all property to be taxed to fund any bond issue described in Section 9400.

SEC. 13. Section 9402 of the Elections Code is amended to read:

9402. (a) All official materials, including any ballot pamphlet prepared, sponsored, or distributed by the jurisdiction that has proposed the bond issue or that is financed in whole or part by funds furnished by that jurisdiction, directed at or including a bond issue proposal shall contain a statement of the tax rate data specified in Section 9401.

(b) Notwithstanding subdivision (a) above, the tax rate data specified in Section 9401 need not be included in the formal notice of election prepared pursuant to Section 5361 of the Education Code, or any other legal publication required to be posted or published in a newspaper of general circulation within the jurisdiction. The formal notice of election and any legal notices required to be posted or published shall include the

information required by paragraph (2) of subdivision (a) of Section 15120 of the Education Code.

SEC. 14. Section 9501 of the Elections Code is amended to read:

9501. The governing board of the district or any member or members of the board authorized by the board, or any individual voter who is eligible to vote on the measure, or bona fide association of citizens, or any combination of such voters and associations may file a written argument for or against any school measure. No argument shall exceed 300 words in length. The elections official shall cause an argument for and an argument against the measure, if submitted, to be printed, and shall include the arguments, preceded by the analysis, in the voter information pamphlet that accompanies the sample ballot.

Printed arguments submitted to voters in accordance with this section shall be titled either "Argument in Favor of Measure ____" or "Argument Against Measure ____," accordingly, the blank spaces being filled in only with the letter or number, if any, designating the measure. At the discretion of the elections official, the word "Proposition" may be substituted for the word "Measure" in the titles. Words used in the title shall not be counted when determining the length of any measure.

SEC. 15. Section 9501.5 is added to the Elections Code, to read:

9501.5. A ballot argument shall not be accepted under this article unless accompanied by the printed name and signature or printed names and signatures of the person or persons submitting it or, if submitted on behalf of an organization, the name of the organization and the printed name and signature of at least one of its principal officers.

No more than five signatures shall appear with any argument submitted under this article. If any argument is signed by more than five persons, the signatures of the first five shall be printed.

SEC. 16. Section 9506 of the Elections Code is repealed.

SEC. 17. Section 9507 of the Elections Code is repealed.

SEC. 18. Section 10531 of the Elections Code is amended to read:

10531. Notwithstanding any other provision of law, special absent voting shall be allowed in lieu of voting by proxy in any landowner district election in which voting by proxy is allowed, provided that, at least 110 days before the election, the governing board of the district adopts this section. If a district adopts this section, the voting shall be conducted as follows:

(a) The absentee ballot shall be available to any eligible voter of the district.

(b) The form of application for the ballot shall be distributed to each voter with the sample ballot and shall contain spaces for each of the following:

(1) The printed name and address of the voter.

- (2) The address to which the ballot is to be mailed.
 - (3) The voter's signature.
 - (4) The authorization of a legal representative, as defined in Section 34030 of the Water Code, to receive the absent voter's ballot if the voter so chooses.
 - (5) The name and date of the election for which the request is made.
 - (6) The date the application shall be received by the county elections official, which date shall be at least seven days before the election.
 - (7) The insertion of the sample ballot name and address label on the application.
- (c) Upon receipt of absentee ballot application and verification that it has been properly completed, the county elections official shall mail an absent voter's ballot to the voter or legal representative with an identification envelope, which shall contain each of the following:
- (1) A declaration under penalty of perjury stating that the voter is entitled to vote in the election.
 - (2) Space for the signature of the voter or legal representative and the date of signing.
 - (3) A notice that the envelope contains an official ballot and is to be opened only by the appropriate election officials.
 - (d) The voting shall be pursuant to those additional procedures, if any, that the county elections official shall deem necessary to the proper conduct of the election, provided that the overall additional procedures shall substantially comply with Division 3 (commencing with Section 3000) and Chapter 1 (commencing with Section 15000) of Division 15, and shall be consistent with landowner voting requirements.
- (e) Notwithstanding Section 10525, the list of voters for landowner voting district elections in which absentee voting is allowed shall be delivered to the county elections official at least 40 days prior to the election.
- (f) The sample ballot for landowner voting district elections in which absent voting is allowed shall be mailed at least 20 days before the election.

SEC. 19. Section 10540 of the Elections Code is amended to read:
10540. Candidates' statements of their qualifications submitted in accordance with Section 13307 shall be filed with the county clerk, who shall cause the voters' pamphlet, if any is required, to be mailed.

SEC. 20. Section 12285 of the Elections Code is amended to read:
12285. A mobilehome may be used as a polling place if the elections official determines that no other facilities are available for the convenient exercise of voting rights by mobilehome park residents and the mobilehome is designated as a polling place by the elections official pursuant to Section 12286. No rental agreement shall prohibit the use of a mobilehome for those purposes.

SEC. 21. Section 13112 of the Elections Code is amended to read: 13112. The Secretary of State shall conduct a drawing of the letters of the alphabet, the result of which shall be known as a randomized alphabet. The procedure shall be as follows:

(a) Each letter of the alphabet shall be written on a separate slip of paper, each of which shall be folded and inserted into a capsule. Each capsule shall be opaque and of uniform weight, color, size, shape, and texture. The capsules shall be placed in a container, which shall be shaken vigorously in order to mix the capsules thoroughly. The container then shall be opened and the capsules removed at random one at a time. As each is removed, it shall be opened and the letter on the slip of paper read aloud and written down. The resulting random order of letters constitutes the randomized alphabet, which is to be used in the same manner as the conventional alphabet in determining the order of all candidates in all elections. For example, if two candidates with the surnames Campbell and Carlson are running for the same office, their order on the ballot will depend on the order in which the letters M and R were drawn in the randomized alphabet drawing.

(b) (1) There shall be five drawings, three in each even-numbered year and two in each odd-numbered year. Each drawing shall be held at 11 a.m. on the date specified in this subdivision. The results of each drawing shall be mailed immediately to each county elections official responsible for conducting an election to which the drawing is applicable, who shall use it in determining the order on the ballot of the names of the candidates for office.

(A) The first drawing under this subdivision shall take place on the 82nd day before the April general law city elections, and shall apply to those elections and any other elections held at the same time.

(B) The second drawing under this subdivision shall take place on the 82nd day before the direct primary of an even-numbered year, and shall apply to all candidates on the ballot in that election.

(C) (i) The third drawing under this subdivision shall take place on the 82nd day before the November general election of an even-numbered year, and shall apply to all candidates on the ballot in the November general election.

(ii) In the case of the primary election and the November general election, the Secretary of State shall certify and transmit to each county elections official the order in which the names of federal and state candidates, with the exception of candidates for State Senate and Assembly, shall appear on the ballot. The elections official shall determine the order on the ballot of all other candidates using the appropriate randomized alphabet for that purpose.

(D) The fourth drawing under this subdivision shall take place on the 82nd day before the first Tuesday after the first Monday in June of each

odd-numbered year, and shall apply to all candidates on the ballot in the elections held on that date.

(E) The fifth drawing under this subdivision shall take place on the 82nd day before the first Tuesday after the first Monday in November of the odd-numbered year, and shall apply to all candidates on the ballot in the elections held on that date.

(2) In the event there is to be an election of candidates to a special district, school district, charter city, or other local government body at the same time as one of the five major election dates specified in subparagraphs (A) to (E), inclusive, and the last possible day to file nomination papers for the local election would occur after the date of the drawing for the major election date, the procedure set forth in Section 13113 shall apply.

(c) Each randomized alphabet drawing shall be open to the public. At least 10 days prior to a drawing, the Secretary of State shall notify the news media and other interested parties of the date, time, and place of the drawing. The president of each statewide association of local officials with responsibilities for conducting elections shall be invited by the Secretary of State to attend each drawing or send a representative. The state chairman of each qualified political party shall be invited to attend or send a representative in the case of drawings held to determine the order of candidates on the primary election ballot, the November general election ballot, or a special election ballot as provided for in subdivision (d).

(d) In the case of any special election for State Assembly, State Senate, or Representative in Congress, on the first weekday after the close of filing of nomination papers for the office, the Secretary of State shall conduct a public drawing to produce a randomized alphabet in the same manner as provided for in subdivisions (a) and (c). The resulting randomized alphabet shall be used for determining the order on the ballot of the candidates in both the primary election for the special election and in the special election.

SEC. 22. Section 15653 of the Elections Code is amended to read: 15653. When two or more persons have an equal and highest number of votes for either Governor or Lieutenant Governor, the Secretary of State shall deliver a certificate to that effect to each of the tied candidates. Each tied candidate may present the certificate to the Legislature in the manner that he or she sees fit.

SEC. 23. Section 21001 of the Elections Code is amended to read: 21001. (a) Appropriate committees of the Legislature shall prepare detailed maps showing the boundaries of any districts established by this division on or after January 1, 1991. These maps shall be prepared no later than 90 days following the enactment of any redistricting plan pursuant to this division, and shall illustrate the boundary lines of every

district described in the redistricting plan. The maps shall be provided to the Secretary of State for distribution in accordance with subdivisions (b) and (c), and to the county elections officials for use in their administrative functions involved in the conduct of elections, not later than the first day on which in-lieu-filing-fee petitions may be obtained for the 2002 direct primary election.

(b) The Secretary of State shall provide each Member of the Senate, Assembly, and the State Board of Equalization, and each Member of Congress from California, with one copy of a map or maps of his or her district. One copy of the entire set of maps for the Assembly shall be provided to the Assembly Committee on Rules, one copy of the entire set of maps for the Senate shall be provided to the Senate Committee on Rules, and one copy of the entire set of maps for the State Board of Equalization shall be provided to the State Board of Equalization.

(c) The Secretary of State shall also make copies of the maps available for public inspection.

(d) There shall be no charge for the maps provided pursuant to this section.

SEC. 24. Section 15601 of the Government Code is repealed.

SEC. 25. Section 69502 of the Government Code is repealed.

SEC. 26. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1082

An act to amend Sections 19403.5, 19405, 19407.5, 19410, 19410.8, 19411, 19412, 19414, 19414.5, 19415.8, 19416.5, 19417.5, 19417.7, 19423, 19424.5, 19428, 19430, 19432, 19435, 19437, 19440, 19441, 19442.2, 19444, 19464, 19480, 19481, 19481.5, 19485, 19487, 19488, 19489, 19490, 19491, 19497, 19510, 19512, 19515, 19516, 19518, 19520, 19521, 19523, 19525, 19530, 19531, 19533, 19535, 19546, 19547, 19548, 19549, 19549.1, 19550, 19556.5, 19565, 19567, 19568, 19569, 19572, 19574, 19577, 19578, 19578.1, 19580, 19581, 19590, 19591, 19592, 19592.5, 19597, 19598, 19599, 19601, 19602, 19605, 19605.1, 19605.2, 19605.3, 19605.51, 19605.6, 19605.7, 19605.71, 19608.5, 19608.6, 19610.2, 19610.4, 19611.5, 19612.6, 19612.8,

19612.9, 19613, 19614, 19614.2, 19636, 19637, 19660, 19662, and 19664 of, to add Sections 19416.6 and 19540 to, to repeal Sections 19417.9, 19485.5, 19511, 19534, 19541, 19549.5, 19549.10, 19549.11, 19633, and 19634 of, and to repeal and add Section 19417.6 of, the Business and Professions Code, and to amend Sections 522, 529, and 531 of the Food and Agricultural Code, relating to horse racing.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 19403.5 of the Business and Professions Code is amended to read:

19403.5. "Barrel race" means a horse race around a course with three barrels placed in a triangular pattern which conforms to the requirements of the Women's Professional Rodeo Association. Two barrel racecourses may be run simultaneously in the form of a heat.

SEC. 2. Section 19405 of the Business and Professions Code is amended to read:

19405. "Breakage" means the odd cents by which the amount payable on each dollar wagered exceeds a multiple of ten cents (\$0.10).

SEC. 3. Section 19407.5 of the Business and Professions Code is amended to read:

19407.5. "Executive director" means the Executive Director of the California Horse Racing Board.

SEC. 4. Section 19410 of the Business and Professions Code is amended to read:

19410. "Inclosure" means all areas of the racing association's or fair's grounds and locations, as designated by the racing association or fair licensed to conduct a live racing meeting and approved by the board, excluding the public parking lot.

SEC. 5. Section 19410.8 of the Business and Professions Code is amended to read:

19410.8. "Show jumping race" means a horse race, over obstacles made of artificial or natural material, which is shorter than a steeplechase course, and is run by horses for time with faults converted to time. Requirements and rules for a show jumping race shall conform to the requirements and rules of the American Horse Shows Association.

SEC. 6. Section 19411 of the Business and Professions Code is amended to read:

19411. "Parimutuel wagering" is a form of wagering in which bettors purchase tickets of various denominations on the outcome of one or more horse races. When the outcome of the race or races has been declared official, the association distributes the total wagers comprising

each pool, less the amounts retained for purposes specified in this chapter, to winning bettors.

SEC. 7. Section 19412 of the Business and Professions Code is amended to read:

19412. (a) "Conventional parimutuel pool" means the total wagers under the parimutuel system on any horse or horses in a particular race to win, place, or show.

(b) "Exotic parimutuel pool" means the total wagers under the parimutuel system on the finishing position of two or more horses in a particular race, such as quinella or exacta wagers, or on horses to win two or more races, such as daily double wagers, pick six wagers, or on other wagers approved by the board.

(c) "Proposition parimutuel pool" means the total wagers under the parimutuel system on propositions approved by the board that are based on the results of a live quarter horse race. The total wagers made in the proposition parimutuel pool are subject to the same licensee fee as exotic wagers on a live quarter horse race, and commissions and purses shall be distributed in the amounts mutually agreed upon by the association conducting the meeting and the organization representing the horsemen and horsewomen.

SEC. 8. Section 19414 of the Business and Professions Code is amended to read:

19414. "Quarter horse racing" means that form of horse racing in which the participating horses are "quarter horses," as defined in Section 19413.5, and are ridden by jockeys in races over distances of not more than five and one-half furlongs.

SEC. 9. Section 19414.5 of the Business and Professions Code is amended to read:

19414.5. (a) "Racing days" are days on which a licensed racing association or fair is authorized by the board to conduct horse racing.

(b) "Racing weeks" are seven consecutive days during which a licensed racing association or fair is authorized by the board to conduct horse racing for a minimum of five racing days. The board, however, upon joint petition of the association or fair and the organization representing horsemen participating in the meeting of that association or fair, may authorize the conduct of horse racing for less than five racing days. Fractional racing weeks of four days or less may be authorized by the board at the beginning and end of any horse racing meeting. Fractional weeks may also be authorized during weeks containing holidays and during periods of overlap with thoroughbred meetings and fairs if the total number of weeks authorized by the board in any calendar year for each breed does not exceed the maximum annual allocation of racing weeks provided for in Article 6 (commencing with Section 19530). If a licensed racing association holds a split meeting, each part

of the split meeting shall be deemed a horse racing meeting solely for the purposes of authorizing fractional racing weeks.

SEC. 10. Section 19415.8 of the Business and Professions Code is amended to read:

19415.8. "Steeplechase race" means horse racing over obstacles made of natural or artificial material and includes both hurdle and timber races. Rules for a steeplechase race shall conform to rules of the National Steeplechase and Hunt Association.

SEC. 11. Section 19416.5 of the Business and Professions Code is amended to read:

19416.5. "Appaloosa horse" is any horse (including mare, gelding, colt and filly) that meets the requirements of and is registered by the Appaloosa Horse Club and approved by the Appaloosa Horse Club.

SEC. 12. Section 19416.6 is added to the Business and Professions Code, to read:

19416.6. "Arabian horse" is any horse (including mare, gelding, colt, and filly) that meets the requirements of and is registered by the Arabian Horse Registry of America, Inc.

SEC. 13. Section 19417.5 of the Business and Professions Code is amended to read:

19417.5. "Appaloosa racing" is the form of horse racing in which each participating horse is an Appaloosa horse, is mounted by a jockey, and engages in races on the flat over a distance of not less than one-quarter of a mile or more than four miles.

SEC. 14. Section 19417.6 of the Business and Professions Code is repealed.

SEC. 15. Section 19417.6 is added to the Business and Professions Code, to read:

19417.6. "Arabian racing" is the form of horse racing in which each participating horse is an Arabian horse, is mounted by a jockey and engages in races on the flat over a distance of not less than one-quarter of a mile or more than four miles.

SEC. 16. Section 19417.7 of the Business and Professions Code is amended to read:

19417.7. "Paint racing" is the form of horse racing in which each participating horse is a paint horse, is mounted by a jockey and engages in races on the flat over a distance of not less than 220 yards or more than four miles.

SEC. 17. Section 19417.9 of the Business and Professions Code is repealed.

SEC. 18. Section 19423 of the Business and Professions Code is amended to read:

19423. A person is disqualified from membership on the board if the person, the person's spouse or any dependent child thereof:

- (a) Holds a financial interest in any horse racing track.
- (b) Holds a financial interest or position of management with any business entity which conducts parimutuel horse racing.
- (c) Holds a financial interest in a management or concession contract with any business entity which conducts parimutuel horse racing.

SEC. 19. Section 19424.5 of the Business and Professions Code is amended to read:

19424.5. In order to permit the full participation of horsemen and horsewomen who may be appointed to the board, the Legislature declares that the appointment of such persons is intended to represent and further the interests of horse owners and breeders pursuant to Section 19401, and that such representation and furtherance will ultimately serve the public interest. Accordingly the Legislature finds racehorse owners and breeders are tantamount to and constitute the public generally within the meaning of Section 87103 of the Government Code.

SEC. 20. Section 19428 of the Business and Professions Code is amended to read:

19428. The board shall appoint an executive director who shall receive the annual salary established by the board and approved by the Department of Personnel Administration. The executive director shall be the board's executive officer and shall carry out and execute the duties as specified by law and by the board.

SEC. 21. Section 19430 of the Business and Professions Code is amended to read:

19430. The salaries of the executive director, and other employees of the board, the per diem allowance of members of the board, and the necessary traveling and other expenses of the executive director and members of the board, shall be paid monthly by the Treasurer on the warrant of the Controller and the certification of the chairperson of the board out of the money appropriated for that purpose.

SEC. 22. Section 19432 of the Business and Professions Code is amended to read:

19432. The executive director shall keep a full and true record of all proceedings of the board, preserve at the board's general office all books, documents, and papers of the board, prepare for service such notices and other papers as may be required of him or her by the board, and perform such other duties as the board may prescribe.

SEC. 23. Section 19435 of the Business and Professions Code is amended to read:

19435. The board, its executive director, or the stewards, may issue subpoenas for the attendance of witnesses or the production of any records, books, memoranda, documents, or other papers or things, as is necessary to enable any of them to effectually discharge their duties, and

may administer oaths or affirmations as necessary in connection therewith.

SEC. 24. Section 19437 of the Business and Professions Code is amended to read:

19437. Any person who testifies falsely under oath in any proceeding before, or any investigation by the board, its executive director, or the stewards, is guilty of a felony and shall be punished in the same manner prescribed by the Penal Code for the punishment of perjury.

SEC. 25. Section 19440 of the Business and Professions Code is amended to read:

19440. (a) The board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the board shall include, but not be limited to, all of the following:

(1) Adopting rules and regulations for the protection of the public and the control of horse racing and parimutuel wagering.

(2) Administration and enforcement of all laws, rules, and regulations affecting horse racing and parimutuel wagering.

(3) Adjudication of controversies arising from the enforcement of those laws and regulations dealing with horse racing and parimutuel wagering.

(4) Licensing of each racing association and all persons, other than the public at large, who participate in a horse racing meeting with parimutuel wagering.

(5) Allocation of racing dates to qualified associations in accordance with law.

(b) The board may delegate to stewards appointed pursuant to Article 5 (commencing with Section 19510) any of its powers and duties that are necessary to carry out fully and effectuate the purposes of this chapter.

SEC. 26. Section 19441 of the Business and Professions Code is amended to read:

19441. The board shall annually make a full report to the Governor and the Legislature of its proceedings and the state of the business of horse racing for the preceding fiscal year, on or before January 31, and shall embody therein any recommendations deemed needed for improved functioning of the horse racing laws.

SEC. 27. Section 19442.2 of the Business and Professions Code is amended to read:

19442.2. The board shall, if possible, designate at least one steward at each track where a horse racing meeting is conducted who is a former jockey or at least one steward at each track where a harness meeting is conducted who is a former driver.

SEC. 28. Section 19444 of the Business and Professions Code is amended to read:

19444. In performing its responsibilities pursuant to this chapter, the board may do the following:

(a) Pay membership fees, join, and participate in the affairs of associations having for their purpose the interchange of information relating to racing law enforcement, the licensing of horse racing participants, the registration of race horses, and subjects relating to the duties of the board.

(b) Tabulate, analyze, and publish statistical information based upon parimutuel handles, attendance, distribution of parimutuel proceeds among fees, commissions, purses, and awards, and upon the breeding and production of race horses or other information relating to parimutuel wagering.

(c) Conduct research to determine more fully the cause and prevention of horse racing accidents, the effects of drug substances on the race horses, and the means for detection of foreign drug substances.

SEC. 29. Section 19464 of the Business and Professions Code is amended to read:

19464. (a) No application for a horse owner's license or for a license to conduct a race meeting shall be granted unless the applicant's liability for workers' compensation is secured in accordance with Division 4 (commencing with Section 3700) of the Labor Code. Any termination of security for that liability during the period of a license shall result in the immediate automatic suspension of the license during the period of that termination and also shall be a ground for revocation of the license.

(b) No application for a license to conduct a race meeting shall be granted unless the applicant has deposited with the board a surety bond in the amount of one hundred thousand dollars (\$100,000), or a greater amount, as determined by the board, which is sufficient to ensure payment of employee wages and benefits including, but not limited to, health, welfare, and pension plans. The surety bond shall be maintained during the period of the meeting and for an additional period, as determined by the board, sufficient to assure that all payments are made. In the event of a dispute over the amount owed, the dispute shall be resolved through the grievance procedures set forth in the labor agreement of the union representing the class of employees affected.

For the purposes of this subdivision, an insured certificate of deposit payable to the Treasurer of the State of California shall be considered equivalent to a surety bond and shall be acceptable to the board upon such terms and conditions as it may prescribe. Interest paid to the state on the certificate of deposit shall be refunded to the applicant.

This subdivision does not apply to any person or association licensed to operate a horse race meeting prior to January 1, 2001, which has conducted a race meeting in each of the immediate three previous consecutive calendar years.

SEC. 30. Section 19480 of the Business and Professions Code is amended to read:

19480. The board may issue to any person who makes application therefor in writing, who has complied with the provisions of this chapter, and who makes the deposit to secure payment of the license fee imposed by this article, a license to conduct a horse racing meeting in accordance with this chapter at the track specified in the application; provided, the board determines that the issuance thereof will be in the public interest and will subserve the purposes of this chapter.

SEC. 31. Section 19481 of the Business and Professions Code is amended to read:

19481. In performing its responsibilities, the board shall do all of the following:

(a) Establish safety standards governing the uniformity and content of the track base and racing surface, inner and outer rails, gates and gaps, turf, access and egress to the track, lighting for night racing, equipment for horse and rider, drainage, communications, veterinary services, medical and ambulance services, and other track facilities in order to improve the safety of horses, riders, and workers at the racetrack.

(b) Designate a steward at all horse racing meetings to be responsible for enforcing compliance with safety standards.

SEC. 32. Section 19481.5 of the Business and Professions Code is amended to read:

19481.5. Notwithstanding any other provision of law, no license shall be issued to conduct a horse racing meeting unless the track has been inspected by the board within 30 days prior to the date of application for a license and the track has been approved by the board as conforming to the racetrack safety standards set forth in subdivision (a) of Section 19481, and the board determines that the proposed licensee is in substantial compliance with all of the rules and regulations of the board and the provisions of this chapter.

SEC. 33. Section 19485 of the Business and Professions Code is amended to read:

19485. The board shall not issue a license to conduct a horse racing meeting at any place, track or inclosure, not used for horse racing meetings prior to July 1, 1941, unless prior to the beginning of the construction or preparation of such track for horse racing meetings, the board, upon application in such form as it may require, has determined that the conduct of horse racing meetings at such track will be in the public interest and will subserve the purposes of this chapter.

This section does not apply in respect to any track of not less than five-eighths of one mile in circumference or length partially or entirely in the infield of a mile track constructed and operated by a thoroughbred licensee under this article provided that such infield track is to be used solely for thoroughbred racing.

SEC. 34. Section 19485.5 of the Business and Professions Code is repealed.

SEC. 35. Section 19487 of the Business and Professions Code is amended to read:

19487. Notwithstanding Section 19485, any licensed racing association operating a racetrack may construct another track of not less than one-half mile in circumference or length partially or entirely in the infield of such track, if prior to the beginning of construction or preparation of such track for horse race meetings, the board has determined upon application, in such form as it may require, that the conduct of horse race meetings at such track will be in the public interest and subserve the purposes of this chapter. A license may be granted to any harness racing association to conduct a harness racing meeting upon such a track of less than one mile.

SEC. 36. Section 19488 of the Business and Professions Code is amended to read:

19488. (a) Every license issued under this article shall specify the following:

- (1) The name of the person to whom it is issued.
- (2) The track where the horse racing meeting to which it relates is to be held or conducted.
- (3) The days and hours of the day when the meeting will be permitted.
- (4) The number and types of races to be run on each day of the meeting.
- (5) The number of useable stalls available for the meeting.
- (6) The name of the person responsible for supervising the maintenance of racetrack safety standards.

(b) The license shall also recite the payment to, and receipt by, the board of the deposit to secure payment of the license fee required by this article.

SEC. 37. Section 19489 of the Business and Professions Code is amended to read:

19489. A license issued under this article is not transferable nor does it permit the conduct of a horse racing meeting at any track not specified therein.

If, however, the track specified in a license becomes unsuitable for racing because of fire, flood, or other catastrophe, the meeting or any remaining portion thereof may be conducted at any other track specified by the board in the same area. The board may specify any other track

within the area for the conduct of the meeting, whether or not such conduct would result in increasing the number of racing days in the county or area in which such track is situated. Before any other track is so specified, the board shall obtain the consent of the person licensed to conduct a meeting at the track which has become unsuitable for racing and of the owners and operators licensed to conduct a meeting at such other track.

SEC. 38. Section 19490 of the Business and Professions Code is amended to read:

19490. Each application for a license to conduct a horse racing meeting shall be accompanied by a deposit to secure the payment of any license fee imposed by this article, in the form of a certified check payable to the Treasurer of the State of California, in the amount of ten thousand dollars (\$10,000).

SEC. 39. Section 19491 of the Business and Professions Code is amended to read:

19491. (a) Subject to Sections 19491.5 and 19491.6, and except as provided in Section 19491.7, every association which conducts a racing meeting shall pay as an additional license fee one-half of the breakage deducted pursuant to Section 19597 on the first twenty-four million dollars (\$24,000,000) or less, excluding wagering at a satellite wagering facility, of the total amount handled in the parimutuel pools relating to its meeting and all of the breakage deducted on amounts so handled in excess of twenty-four million dollars (\$24,000,000), excluding wagering at a satellite wagering facility.

(b) Every association which conducts a racing meeting shall distribute the remaining one-half of the breakage deducted pursuant to Section 19597 on the first twenty-four million dollars (\$24,000,000) or less, excluding wagering at a satellite wagering facility, of the total amount handled in the parimutuel pools relating to the meeting as additional purses and for additional commissions in the same proportion, as between purses and commissions, as provided in Sections 19611, 19612, 19612.6, and 19614.

(c) Notwithstanding subdivision (b), one-half of all the breakage deducted pursuant to Section 19597 at fair racing meetings shall be retained and distributed as additional commissions.

Payment of the fee shall be made weekly on account during each meeting, and the amount attributable to breakage shall be reported as a separate item.

SEC. 40. Section 19497 of the Business and Professions Code is amended to read:

19497. Any person who is licensed to conduct a horse racing meeting at any place, track or inclosure which is leased by him from the state, shall not transfer any such property to any other person, whether

licensed under this chapter or not, for the purpose of furnishing such other person a place, track or inclosure at which it may conduct a horse racing meeting, unless such transfer is first submitted to the Department of General Services and the department finds that its terms and provisions are just and reasonable and approves of it.

As used in this section, "transfer" includes any sublease, permit to use, license to use, and any other transaction or arrangement of any kind or nature whereby any right to the use or possession of property, or any part thereof, for the purpose of conducting a horse racing meeting is conferred upon any person.

The provisions of this section which are applicable to a person licensed under this chapter to conduct a horse racing meeting shall also apply to any person to whom a transfer is made by such a licensee in accordance with this section.

SEC. 41. Section 19510 of the Business and Professions Code is amended to read:

19510. (a) Every steward and racing official not required to be licensed under Article 4 (commencing with Section 19480) shall be licensed by the board pursuant to this article. Any license issued pursuant to this article shall include a current photograph of the licensed person.

(b) No person required to be licensed pursuant to this article may participate in any capacity in any horse race meeting without a valid and unrevoked license. The board shall determine the fixed license fee which shall be paid in order to receive a license pursuant to this article.

(c) As used in this section, "racing official" means the starter, timer, paddock judge, horseshoe inspector, horse identifier, official veterinarian, racing veterinarian, associate judge, placing judge, patrol judge, clerk of scales, clerk of the course, and any other person acting as an official at any horse racing meeting.

SEC. 42. Section 19511 of the Business and Professions Code is repealed.

SEC. 43. Section 19512 of the Business and Professions Code is amended to read:

19512. (a) The board shall require applicants for license as a steward to pass both a written and an oral examination.

(b) The board may admit to examination any person who meets all of the following qualifications:

(1) Has not been convicted of a crime involving moral turpitude or of a felony.

(2) Has been given a physical examination by a licensed physician and surgeon within 60 days prior to the date of application for the steward's examination, indicating at least 20-20 vision or vision corrected to at least 20-20, and normal hearing ability.

(3) Possesses at least one of the following qualifications:

(A) Has at least five years of experience in the parimutuel horse racing industry as a licensed trainer, jockey, or driver.

(B) Has at least 10 years of experience in the California parimutuel horse racing industry as a licensed owner whose experience, knowledge, ability, and integrity relative to the industry are known to the board.

(C) Has at least three years of experience as a licensed racing official, racing secretary, assistant racing secretary, or director of racing.

(D) Has experience in the horse racing industry of a character and for a length of time sufficient, as determined by the board, to qualify the person as having experience substantially equivalent to the experience described in subparagraph (A), (B), or (C).

SEC. 44. Section 19515 of the Business and Professions Code is amended to read:

19515. An original license issued under this article shall be issued for a period of the calendar year in which it is issued, and shall be renewable for a period, not to exceed three years, which the board may, by regulation, establish. The board may establish a license fee schedule consistent with the different period for which these licenses may be granted.

The license shall be valid at all horse racing meetings in this state during the period for which it is issued, unless it is suspended or revoked prior to the expiration of the period.

SEC. 45. Section 19516 of the Business and Professions Code is amended to read:

19516. The board may, at any time, require the removal of any racing official or employee in any case where it has reason to believe that the official or employee has been guilty of any dishonest practice in connection with horse racing, has failed to comply with any condition of the licensee's license, or has violated any law or any rule or regulation of the board.

SEC. 46. Section 19518 of the Business and Professions Code is amended to read:

19518. (a) (1) The board shall contract with persons licensed as stewards pursuant to this article to perform the duties of stewards at horse racing meets. Contracts shall be upon any terms that the board and the stewards may mutually agree upon and may contain different rates of compensation based upon the experience of the steward.

(2) The board shall establish a committee of at least two board members to meet at least quarterly with representatives of the stewards, so that recommendations of the stewards can be discussed as necessary. These meetings may be scheduled the same day as regular board meetings or at the convenience of the board. Representatives of

associations may attend and participate in these meetings, or portions thereof, when items directly affecting the associations are discussed.

(3) The board shall provide remuneration, including any fringe benefits, to stewards, to the official veterinarian, and for the costs of laboratory testing relating to horse racing.

(b) Stewards and other racing officials appointed or approved by the board, and while performing duties required by this chapter or by the board, shall be entitled to the same rights and immunities granted public employees by Article 3 (commencing with Section 820) of Chapter 1 of Part 2 of Division 3.6 of Title 1 of the Government Code.

(c) The Legislature finds and declares that the services performed by stewards at horse racing meetings are unique and cannot be performed adequately, competently, or satisfactorily by civil service personnel, and that the services cannot be adequately rendered by an existing public agency and do not duplicate the function of an existing public agency. Stewards shall be personal service contractors of the board and shall not be civil service employees.

SEC. 47. Section 19520 of the Business and Professions Code is amended to read:

19520. (a) Every person not required to be licensed under Article 4 (commencing with Section 19480) who participates in, or has anything to do with, the racing of horses, including a horse owner, jockey, driver, apprentice, exercise rider, agent trainer, stable foreman, groom, valet, horseshoer, stable watchman, and every employee of a parimutuel department, shall be licensed by the board pursuant to rules and regulations that the board may adopt, and upon the payment of a license fee fixed and determined by the board. Any license issued pursuant to this article shall include a current photograph of the licensed person.

(b) No person required to be licensed by this article may participate in any capacity in any horse race meeting without a valid and unrevoked license authorizing the participation.

SEC. 48. Section 19521 of the Business and Professions Code is amended to read:

19521. An original license issued pursuant to this article shall be issued for a period of the calendar year in which it is issued, and shall be renewable for a period, not to exceed three years, which the board may, by regulation, establish. The board may establish a license fee schedule consistent with the different period for which the licenses may be granted. The license shall be valid at all horse racing meetings in this state during the period for which it is issued, unless it is suspended or revoked prior to the expiration of the period.

SEC. 49. Section 19523 of the Business and Professions Code is amended to read:

19523. The board may, at any time, require the removal of any racing official or employee in any case where it has reason to believe that the official or employee has been guilty of any dishonest practice in connection with horse racing, has failed to comply with any condition of the licensee's license, or has violated any law or any rule or regulation of the board.

SEC. 50. Section 19525 of the Business and Professions Code is amended to read:

19525. No licensee or any other person may receive a commission, fee, gratuity, or any other form of compensation in connection with the sale or purchase of a racehorse, prospective racehorse, stallion, or broodmare, unless the purchaser and seller have agreed in writing to the payment of the commission, fee, gratuity, or other compensation. No contract or agreement shall be enforceable by way of an action or defense unless there is a writing sufficient to indicate that the party against whom enforcement is sought or his or her authorized agent or broker has agreed to the commission, fee, gratuity, or other form of compensation. Anyone who receives a commission, fee, gratuity or any other form of compensation in violation of this section is subject to treble damages to the injured purchaser or seller. The board may suspend or revoke the license of any person who violates this section. Any transfer of an interest in a racehorse, prospective racehorse, stallion, or broodmare shall be accompanied by a written bill of sale setting forth the purchase price.

SEC. 51. Section 19530 of the Business and Professions Code is amended to read:

19530. The board shall have the authority to allocate racing weeks to an applicant or applicants pursuant to the provisions of this article and Article 6.5 (commencing with Section 19540) and to specify such racing days, dates, and hours for horse racing meetings as will be in the public interest, and will subserve the purposes of this chapter. The decision of the board as to such racing days, dates, and hours shall be subject to change, limitation or restriction only by the board. No municipality or county shall adopt or enforce any ordinance or regulation which has or may have the effect of directly or indirectly regulating, limiting or restricting the racing days and dates of horse racing meetings.

SEC. 52. Section 19531 of the Business and Professions Code is amended to read:

19531. The board shall make allocations of racing weeks, including simultaneous racing between zones, as it deems appropriate. The maximum number of racing weeks that may be allocated for horse racing other than at fairs, shall be as follows:

(a) For thoroughbred racing: 44 weeks per year in the northern zone; 42 weeks per year in the central zone; and seven weeks per year in the southern zone.

(b) For harness racing: 25 weeks per year in the northern zone.

(c) For quarter horse racing: 25 weeks per year in the northern zone.

(d) For harness racing and quarter horse racing: a total of 77 weeks per year in the combined central and southern zones.

(e) In its written application for a license, an applicant shall state the time of day, consistent with this chapter, during which it will conduct its racing meeting, and particularly the first race starting time for the various racing days. After receiving a license, a licensee shall not change the first race starting time without securing prior approval of the board.

(f) Notwithstanding this section or any other provision in this chapter, the board shall not allocate dates to a thoroughbred association in the central zone for the purpose of conducting racing during daytime hours if a thoroughbred racing association is conducting racing in the southern zone on the same date during daytime hours.

SEC. 53. Section 19533 of the Business and Professions Code is amended to read:

19533. (a) Any license granted to an association other than a fair shall be only for one type of racing, thoroughbred, harness, or quarter horse racing as the case may be, except that the board may authorize the entering of thoroughbred and Appaloosa horses in quarter horse races at a distance not exceeding five furlongs at quarter horse meetings, mixed breed meetings, and fair meetings. If the board authorizes the entering of thoroughbred or Appaloosa horses in quarter horse races, the following conditions shall be met:

(1) Any race written for participation by quarter horses, Appaloosas, and thoroughbreds shall be written as quarter horse preferred.

(2) The number of races written as quarter horse preferred at a distance exceeding 870 yards shall not exceed more than three races per program without the consent of the quarter horse horsemen's organization contracting with the association.

(3) More than one-half of the races on any program shall be for quarter horses at a distance not to exceed 550 yards, unless the consent of the quarter horse horsemen's organization is received.

(4) Mixed races with Appaloosa and quarter horses may only be written with the consent of the quarter horse horsemen's organization contracting with the association.

(b) The association that conducts the meeting shall pay to a thoroughbred trainers' organization an amount for a pension plan for backstretch personnel to be administered by that trainers' organization equivalent to 1 percent of the amount available to thoroughbred horses for purses. The remainder of the portion shall be distributed as purses.

Any redistributable money paid to the board pursuant to Section 19641, which is paid to a welfare fund established by a horsemen's organization from races with both thoroughbred and quarter horses, shall be divided pro rata between the two welfare funds based on the number of thoroughbreds and quarter horses in the race.

(c) (1) Notwithstanding any other provision of law, any association licensed to conduct quarter horse racing may apply to the board for, and the board shall grant, authority to conduct thoroughbred racing as part of its racing program if all of the following conditions are met:

(A) The thoroughbred races are for a claiming price of not more than five thousand dollars (\$5,000), and at a distance of four and one-half furlongs or less. The races may not be stakes, allowance races, or maiden allowance races.

(B) More than one-half of the races on any program shall be for quarter horses at a distance not to exceed 550 yards, unless the consent of the quarter horse horsemen's organization is received.

(C) The consent of the quarter horse horsemen's organization contracting with the association is obtained with respect to the inclusion of thoroughbred racing.

(2) The quarter horse racing association conducting thoroughbred racing pursuant to this subdivision shall pay to a quarter horse horsemen's organization the amount specified in subdivision (e) of Section 19613, and an amount for a pension plan for backstretch personnel to be administered by a thoroughbred trainers' organization equivalent to 1 percent of the amount available to thoroughbred horses for purses. The remainder of the portion shall be distributed as purses. The quarter horse racing association shall also deduct the appropriate amount to comply with subdivision (a) of Section 19617.2 for distribution to the thoroughbred official registering agency.

SEC. 54. Section 19534 of the Business and Professions Code is repealed.

SEC. 55. Section 19535 of the Business and Professions Code is amended to read:

19535. (a) Notwithstanding any other provision of law, at the time the board allocates racing weeks, it shall determine the number of useable stalls that each association or fair shall make available and maintain in order to conduct the racing meeting. The minimum number of stalls may be at the site of the racing meeting or at board-approved offsite locations.

(b) With respect to racing meetings conducted in the northern zone, the association or fair conducting the meeting shall provide all stabling required by the board pursuant to subdivision (a) without cost to participating horsemen. Offsite stabling shall be at a board approved facility or facilities selected by the association or fair, with the agreement

of the organization representing horsemen participating at the meeting. If there is a disagreement between the association or fair and the organization representing the majority of horsemen participating at the meeting with respect to the selection of offsite stabling facilities, the board, at the request of the association or fair or the organization representing the majority of horsemen participating at the meeting, shall promptly determine the board-approved facility or facilities at which offsite stabling shall be made available. The organization representing horsemen participating at the meeting and the association or fair shall mutually agree on the criteria and selection of horses that may use stalls required pursuant to this section. With respect to northern zone thoroughbred meetings only, the association shall also provide, at the option of the horse owner, vanning of participating racehorses from any board-approved offsite stabling facility in the northern zone. Fairs may provide, subject to the availability of funds pursuant to Sections 19607, 19607.1, 19607.2, and 19607.3, at the option of the horse owner, vanning of participating racehorses from any board-approved offsite stabling facility.

(c) With respect to racing meetings conducted in the central or southern zones, all costs associated with the maintenance of the useable stalls for the racing meeting shall be borne by the association or fair conducting the meeting, and, with respect to useable stalls at an offsite location, the association or fair may be required, by order of the board, to bear the costs of vanning from the offsite location to the racing meeting. However, with respect to any racing association in the central or southern zone that conducted a racing meeting in 1986, if the number of useable stalls made available onsite by a racing association during a racing meeting is less than 95 percent of the number of useable stalls made available onsite by that racing association during its 1986 racing meeting, the racing association shall reimburse the facility providing offsite stabling for the difference in cost between the actual number of useable stalls made available and 95 percent of the useable stalls made available in 1986.

The racing association shall, in addition, reimburse the owner for vanning to the onsite location with respect to those horses stabled at an offsite location necessitated by the failure of a racing association to maintain 95 percent of the useable stalls made available by that racing association during its 1986 racing meeting.

SEC. 56. Section 19540 is added to the Business and Professions Code, to read:

19540. In order to encourage and develop the racing of all horses in California, regardless of breed, whenever a state designated fair conducts a program of horse races on which there is parimutuel wagering, the fair, so far as practicable, shall provide a program of racing

that includes thoroughbred racing, quarterhorse racing, Arabian racing, and Appaloosa racing, if a sufficient number of horses are available to provide competition in one or more races.

SEC. 57. Section 19541 of the Business and Professions Code is repealed.

SEC. 58. Section 19546 of the Business and Professions Code is amended to read:

19546. (a) In order to encourage and develop the racing of all horses in California, regardless of breed, whenever a fair conducts a program of parimutuel wagering, it may provide a program of mixed breed racing that includes thoroughbred racing, harness racing, quarter horse racing, Arabian racing, paint racing, Appaloosa racing, steeplechase races, barrel races, and show jumping races.

(b) All recognized breeds of horses may compete in barrel races, show jumping races, and steeplechase races. Parimutuel wagering may be conducted on barrel races, show jumping races, and steeplechase races at any public or private facility that has been approved and licensed by the board.

SEC. 59. Section 19547 of the Business and Professions Code is amended to read:

19547. Notwithstanding Section 19490, no deposit shall be required for any horse racing meeting conducted by a state designated fair.

SEC. 60. Section 19548 of the Business and Professions Code is amended to read:

19548. Except as provided in this chapter, no license, tax, or fee shall be assessed against or collected from any fair which, directly and not through any private person, conducts a horse racing meeting.

SEC. 61. Section 19549 of the Business and Professions Code is amended to read:

19549. Except as provided in Section 19549.1, the maximum number of racing days that may be allocated to a fair shall be 14 days each year. Those racing days shall be days during the period in which general fair activities are conducted. However, any fair racing association that conducted racing in the central or southern zone prior to January 1, 1980, shall be entitled to be allocated up to three weeks of racing. The board shall take public testimony and make all determinations on the allocation of racing dates during a public hearing. All discussions of allocating racing dates by the board or its subcommittees shall be conducted during a public hearing. Nothing in this section diminishes the authority of the board to establish racing dates.

SEC. 62. Section 19549.1 of the Business and Professions Code is amended to read:

19549.1. Notwithstanding Sections 19533 and 19549 or any other provision of this chapter, the board may allocate horse racing days for mixed breed meetings and combined fair horse racing meetings pursuant to Section 4058 of the Food and Agricultural Code, except as follows:

(a) Dates may only be allocated for a combined fair horse racing meeting between July 1 and October 31, and the total combined number of dates shall not exceed the total combined dates of the combined fair racing associations in 1995.

(b) Days may not be allocated for a mixed breed meeting or a combined fair horse racing meeting during the month of June at the California Exposition and State Fair if a standardbred meeting is being conducted at that facility during the month of June.

The mixed breed meetings shall be conducted by a person other than the fair and shall be subject to Section 19550. The mixed breed meetings shall encourage the racing of emerging breeds of horses.

SEC. 63. Section 19549.5 of the Business and Professions Code is repealed.

SEC. 64. Section 19549.10 of the Business and Professions Code is repealed.

SEC. 65. Section 19549.11 of the Business and Professions Code is repealed.

SEC. 66. Section 19550 of the Business and Professions Code is amended to read:

19550. (a) The board shall require each licensed racing association that conducts 14 or less weeks of racing to designate 3 racing days, and each licensed racing association that conducts more than 14 weeks of racing to designate five racing days during any one meeting, to be conducted as charity days by the licensee for the purpose of distribution of the net proceeds therefrom to beneficiaries through the distributing agent. For the purposes of this section, a split meeting shall be considered a single meeting and the appropriate number of charity days shall be based on the total weeks of racing allocated for both periods of the meeting.

(b) Notwithstanding subdivision (a) or any other provision of law, no racing association shall be required to pay to a distributing agent for the purpose of distribution to beneficiaries more than an amount equal to two-tenths of 1 percent of the association's total on-track handle on live races conducted by the association at the meeting.

(c) This section does not apply to a fair, or to a licensed racing association conducting three weeks of racing or less.

SEC. 67. Section 19556.5 of the Business and Professions Code is amended to read:

19556.5. The board shall designate a nonprofit organization that is dedicated to research and development of improved safety standards for

horse racing as a beneficiary qualified to receive a distribution pursuant to this article.

SEC. 68. Section 19565 of the Business and Professions Code is amended to read:

19565. Subject to the provisions of this article, the board shall by rule provide for the registration of all California-bred horses.

SEC. 69. Section 19567 of the Business and Professions Code is amended to read:

19567. (a) Since the purpose of this chapter is to encourage agriculture and the breeding of horses in this state, a sum equal to 10 percent of the first money of every purse won by a California-bred horse at a horse race meeting shall be paid by the licensee conducting the meeting to the breeder of the horse. This section applies to any California-bred standardbred horse that is foaled on or after November 1, 1977, for all races, except the California standardbred sires stakes races.

(b) Notwithstanding subdivision (a), a sum equal to 10 percent of the first and second place money of every purse won by a California-bred Arabian horse for first or second place at a horse race meeting shall be deposited with the official registering agency, pursuant to subdivision (b) of Section 19617.8, and shall thereafter be distributed in accordance with subdivisions (c) to (g), inclusive, of Section 19617.8.

(c) Moneys from quarter horse racing derived pursuant to this section shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.7.

(d) Moneys from Appaloosa horse racing derived pursuant to this section shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9 and shall thereafter be distributed in accordance with subdivisions (c) and (d) of Section 19617.9.

(e) This section does not apply to thoroughbred horses or thoroughbred racing.

SEC. 70. Section 19568 of the Business and Professions Code is amended to read:

19568. (a) Every licensee conducting a horse racing meeting shall, each racing day, provide for the running of at least one race limited to California-bred horses, to be known as the "California-bred race." If, however, sufficient competition cannot be had among horses of that class on any day, the race, with the consent of the board, may be eliminated for that day and a substitute race provided.

(b) For thoroughbred and quarter horse racing only, the total amount distributed to horsemen and horsewomen for California-bred stakes races from the purse account, including overnight stakes, shall be not less than 10 percent of the total amount distributed for all stakes races

from the purse account, including overnight stakes races, at that meeting of the racing association licensed to conduct live racing.

(c) It is the intent of the Legislature that the thoroughbred racing associations in this state, in conjunction with the official registering agency, and owners and trainers organizations meet and report to the board on the establishment of a coordinated California-bred restricted schedule of stakes races designed to showcase California-bred restricted stakes races and qualify registered California-bred horses for the California Cup and the California Cup Day races. It is also the intent of the Legislature that the report be submitted to the board annually at least 60 days prior to the start of the racing year.

SEC. 71. Section 19569 of the Business and Professions Code is amended to read:

19569. In order to encourage and develop the racing of quarter horses, whenever a fair conducts a program of horse races on which there is parimutuel wagering, it shall, so far as practicable, provide a program of quarter horse racing on the same days that it provides a program of other types of horse racing, if sufficient quarter horses are available to provide competition in one or more quarter horse races.

Such quarter horse events may be in addition to the customary number of thoroughbred or standardbred events.

SEC. 72. Section 19572 of the Business and Professions Code is amended to read:

19572. The board may, by rule, provide for the exclusion or ejection from any inclosure where horse races are authorized, or from specified portions of such inclosure, of any known bookmaker, known tout, person who has been convicted of a violation of any provision of this chapter or of any law prohibiting bookmaking or any other illegal form of wagering on horse races, or any other person whose presence in the inclosure would, in the opinion of the board, be inimical to the interests of the state or of legitimate horse racing, or both. No such rule shall provide for the exclusion or ejection of any person on the ground of race, color, creed, national origin or ancestry, or sex.

SEC. 73. Section 19574 of the Business and Professions Code is amended to read:

19574. Any person who is excluded or ejected from an inclosure pursuant to a rule or rules promulgated pursuant to the provisions of Section 19572 is guilty of a misdemeanor if he thereafter enters the inclosure of any association during its horse race meeting without having first obtained a determination by the board that the rule or rules pursuant to which he was excluded or ejected does not or should not apply to him.

SEC. 74. Section 19577 of the Business and Professions Code is amended to read:

19577. (a) Any blood or urine test sample required by the board to be taken from a horse that is entered in any race shall be divided or taken in duplicate, if there is sufficient sample available after the initial test sample has been taken. The initial test sample shall be referred to as the official test sample and the secondary sample shall be referred to as the split sample. All samples immediately become and remain the property of the board. The board shall adopt regulations to ensure the security of obtaining and testing of all samples.

(b) If the official test sample is found to contain a prohibited drug substance, the executive director, after consulting with and agreeing with the equine medical director that the official test sample contains a prohibited substance, shall confidentially inform the owner and trainer of those results. The owner or the trainer of the horse, upon being so informed, may request that the split sample be tested by an independent laboratory selected from a list of laboratories provided by and approved by the board. The owner or trainer of the horse shall pay the cost of testing the split sample.

(c) If the split sample test results fail to confirm the finding of the prohibited drug substance found in the official test sample, a presumption affecting the burden of producing evidence pursuant to Section 603 of the Evidence Code of no evidentiary prohibited drug substance in the animal shall exist for purposes of this chapter.

(d) The executive director shall report to the board a finding of a prohibited drug substance in an official test sample within 24 hours of the confirmation of that prohibited drug substance in the split sample by the independent laboratory, or within 24 hours of waiver of split sample testing by the owner or trainer. Any recommendation to the board by the executive director to dismiss the matter shall be by mutual agreement with the equine medical director. The authority for the disposition of the matter shall be the responsibility of the board.

(e) The executive director shall maintain responsibility for all test samples until the executive director refers the matter to the board. Notwithstanding any other provision of law, and except as provided in subdivision (a), the results of the tests from the official testing laboratory, the Kenneth L. Maddy Equine Analytical Chemistry Laboratory and the independent laboratory shall be confidential until or unless the board files an official complaint.

(f) If the owner or trainer does not request that the split sample be tested within the time limits set by the board, the owner and trainer waive all rights to that sample and the board assumes all jurisdiction over the split sample.

(g) The board shall contract with the Regents of the University of California to have one-third of the routine equine drug testing required

by this section performed by the California Animal Health and Food Safety Laboratory.

SEC. 75. Section 19578 of the Business and Professions Code is amended to read:

19578. (a) It is the intent of the Legislature that the board contract with the Regents of the University of California to provide equine drug testing. It is further the intent of the Legislature that to the extent that resources are available, the California Animal Health and Food Safety Laboratory perform studies that may lead to the development of alternative or improved drug testing techniques.

(b) The Kenneth L. Maddy Equine Analytical Chemistry Laboratory shall be located at the University of California at Davis in order to take advantage of the expertise of the veterinary specialists at that campus' School of Veterinary Medicine. The laboratory shall be a part of the California Animal Health and Food Safety Laboratory. Any capital outlay expenditures for the Kenneth L. Maddy Equine Analytical Chemistry Laboratory shall comply with Section 13332.11 of the Government Code.

(c) Funds collected under Article 9.2 (commencing with Section 19605) and Article 9.5 (commencing with Section 19610) for purposes of the California Animal Health and Food Safety Laboratory and the Center for Equine Health shall be deposited in the California Animal Health and Food Safety Laboratory and Center for Equine Health Account in the Fair and Exposition Fund. Funds deposited in that account constitute trust funds and shall be held in trust and may be expended only for the purposes for which those funds are authorized to be expended pursuant to this section. The funds designated for the California Animal Health and Food Safety Laboratory shall be distributed to that system and shall be used to fund the construction costs, equipment costs, and for the repayment of the principal of, interest on, and costs of issuance of, and as security, including any coverage factor, pledged to the payment of, bonds issued or other debt service or expense, including repayment of any advances made or security required by any provider of credit enhancement or liquidity for those bonds or other indebtedness, or expense of maintaining that credit enhancement or liquidity, incurred for the purpose of constructing the Kenneth L. Maddy Equine Analytical Chemistry Laboratory, and for the operating costs of the Kenneth L. Maddy Equine Analytical Chemistry Laboratory. The funds designated for the Center for Equine Health shall be distributed to the Center for Equine Health, School of Veterinary Medicine, University of California, Davis.

(d) Title to the Kenneth L. Maddy Equine Analytical Chemistry Laboratory shall vest in the Regents of the University of California. The

laboratory shall be used in a manner that is consistent with Section 19577 and this section.

(e) The board shall contract to provide compensation for an equine medical director who shall advise the Kenneth L. Maddy Equine Analytical Chemistry Laboratory and be appointed by the Dean of the School of Veterinary Medicine under applicable university hiring rules with the advice of the board. The equine medical director shall be a member of the scientific advisory committee to the Kenneth L. Maddy Equine Analytical Chemistry Laboratory, and act as the primary advisor to the board on all matters relating to medication and drug testing, the practice of veterinary medicine within the areas regulated by the board, and the health and safety of horses within the inclosure.

(f) The budget for equine drug testing to be performed by the California Animal Health and Food Safety Laboratory pursuant to Section 19577 shall be established as a permanent line item in the budget of the board. Operating budget requests shall be submitted annually by the university, and the board shall transfer funds appropriated for the operation of the laboratory and for equipment, in accordance with the contract, to the university.

(g) The board and the University of California may expand the services provided by the laboratory to the board in a manner that is mutually agreeable and is consistent with Section 19577 and this section.

SEC. 76. Section 19578.1 of the Business and Professions Code is amended to read:

19578.1. If the equine drug testing is not conducted by the Kenneth L. Maddy Equine Analytical Chemistry Laboratory at the University of California, Davis, the board shall contract with the best qualified equine drug testing laboratory at a compensation rate that the board determines is fair and reasonable to the State of California and the board.

SEC. 77. Section 19580 of the Business and Professions Code is amended to read:

19580. (a) The board shall adopt regulations to establish policies, guidelines, and penalties relating to equine medication in order to preserve and enhance the integrity of horse racing in the state. Those policies, guidelines, and penalties shall include, at a minimum, the provisions set forth in this article.

(b) It is the intent of the Legislature that the board, in its testing efforts to determine illegal or excessive use of substances, recognize the greater importance of conducting complete and thorough testing of a lesser number of samples in preference to conducting less thorough testing on a greater number of samples.

SEC. 78. Section 19581 of the Business and Professions Code is amended to read:

19581. No substance of any kind shall be administered by any means to a horse after it has been entered to race in a horse race, unless the board has, by regulation, specifically authorized the use of the substance and the quantity and composition thereof. The board may require that the official veterinarian approve, in writing, the administration of those substances in accordance with the regulations of the board. Any medication or equipment used to dispense medication that is located within the inclosure is subject to search and inspection at the request of any board official.

SEC. 79. Section 19590 of the Business and Professions Code is amended to read:

19590. The board shall adopt rules governing, permitting, and regulating wagering on horse races under the system known as the parimutuel method of wagering. Such wagering shall be conducted only by a person licensed under this chapter to conduct a horse racing meeting, and only within the inclosure and on the dates for which horse racing has been authorized by the board.

SEC. 80. Section 19591 of the Business and Professions Code is amended to read:

19591. Any licensee conducting a horse racing meeting shall provide a place or places within the meeting grounds or inclosure where the licensee may conduct, operate, and supervise the parimutuel method of wagering in accordance with this chapter.

SEC. 81. Section 19592 of the Business and Professions Code is amended to read:

19592. The parimutuel system of wagering shall be operated only by a totalizator or other equipment approved by the board. The board shall not require any particular make of equipment. The communications system, technology, and method used to accept wagers and transmit odds, results, and other data related to wagering shall be approved by the board.

SEC. 82. Section 19592.5 of the Business and Professions Code is amended to read:

19592.5. In order to facilitate the intrastate transmission of racing programs, the board shall adopt regulations that provide for the compatibility of parimutuel totalizator systems within the state, including uniform procedures for the placing and cashing of parimutuel wagers.

SEC. 83. Section 19597 of the Business and Professions Code is amended to read:

19597. Notwithstanding any other provision of this chapter, a person licensed under this chapter to conduct a horse racing meeting shall, as to any payment made to a person who has wagered by

contributing to a parimutuel pool operated by such licensee, also deduct the applicable breakage, as defined by Section 19405.

SEC. 84. Section 19598 of the Business and Professions Code is amended to read:

19598. Any person claiming to be entitled to any part of a redistribution from a parimutuel pool operated by a licensee under this chapter, who fails to claim the money due the person prior to the completion of the horse racing meeting at which the pool was formed, may file a claim with the association issuing the person's ticket prior to May 15 of the year immediately following the close of the horse racing meeting.

The funds that were unclaimed within the period specified under this section are designated as "unclaimed tickets" and shall be distributed in accordance with this chapter.

SEC. 85. Section 19599 of the Business and Professions Code is amended to read:

19599. An association or fair may offer any form of parimutuel wagering, as defined by regulations adopted by the board, or as defined by Chapter 9, Pari-Mutuel Wagering, Uniform Rules of Racing, as published by the Association of Racing Commissioners International. The board may prohibit any form of parimutuel wagering if it determines that the proposed wagering would compromise the honesty and integrity of racing in the state. Each racing association or fair shall include the types of conventional exotic and other wagering it proposes to offer on its application to conduct a horse racing meeting.

SEC. 86. Section 19601 of the Business and Professions Code is amended to read:

19601. (a) Notwithstanding any other provision of law, a licensed association or fair that is conducting a live meeting in any racing zone may accept wagers on any race conducted in this state, if all of the following requirements are met:

(1) The association or fair that conducts the racing meeting and the organization that is responsible for negotiating purse agreements on behalf of the horsemen participating in that racing meeting consent to the acceptance of the wagers. However, if consent is withheld, any party may appeal the withholding of consent to the board, which may determine that consent is not required.

(2) The association or fair conducts not less than eight races on days when the association or fair is licensed to conduct racing, except that fewer than eight live races per day may be conducted by the mutual agreement of the association or fair and the organization that is responsible for negotiating purse agreements on behalf of the horsemen participating in the racing meeting.

(3) Wagering is offered only within the association's or fair's racing inclosure or within the satellite wagering facility and only within seven days of the commencement of the racing program with the transmitted race.

(4) All wagers are included in the appropriate parimutuel pool at the racetrack of the association or fair where the race is conducted, or, in the appropriate parimutuel pool of the racetrack of the association or fair that accepts the transmitted race.

(5) The association or fair accepting wagers on an out-of-zone transmitted race distributes the audiovisual signal of the race to, and accepts wagers from, all eligible satellite wagering facilities.

(b) Any association or fair accepting wagers under subdivision (a) shall deduct, from the total amount handled in each conventional and exotic parimutuel pool on the transmitted race, the same percentages deducted pursuant to Article 9.5 (commencing with Section 19610) for races at its own meeting. However, if the wagers are from a quarter horse race meeting, then the amounts deducted shall be the same as for a quarter horse race meeting. Amounts deducted under this section, including amounts deducted from wagers on out-of-zone races within the inclosure of the association or fair, shall be distributed as provided under Sections 19605.7, 19605.72, and 19605.73 with respect to wagers made within the northern zone, or Sections 19605.71, 19605.72, and 19605.73 with respect to wagers made within the central or southern zone, except that amounts distributed for purposes other than state license fees and fees payable to the Center for Equine Health, School of Veterinary Medicine, University of California at Davis, and the California Animal Health and Food Safety Laboratory shall be proportionally reduced by the amount of any fees paid to the Triple Crown or Breeder's Cup day host association pursuant to subdivision (c). The method used to calculate the reduction in proportionate share shall be approved by the board. For wagers on out-of-state and out-of-country races made within the association's or fair's inclosure, 1 percent shall be distributed to the association or fair as a satellite wagering facility commission.

(c) Nothing in this section precludes an association or fair from charging a fee as a condition of transmitting the Triple Crown or Breeder's Cup day races, except that any fee shall be allocated among all associations, fairs, and satellite wagering facilities receiving the transmitted race in proportion to the amount wagered at each location, and the fee shall equal that charged by the entity conducting the race or races. Further, the only fee that can be charged as a condition of transmitting the signal of an out-of-zone race shall be a fee of 2.5 percent on Breeder's Cup day races.

(d) All breakage and unclaimed tickets, including unclaimed refunds, shall be distributed equally between the association or fair that accepts wagers on the transmitted race, and the horsemen, in the form of purses. The purse moneys generated by this subdivision shall be made available for purses during the meeting in which they are received by the association or fair, or, if the association or fair is not then conducting a live racing meeting, during the next succeeding meeting of the association or fair.

(e) All wagers made pursuant to this section shall be considered to have been wagered at a satellite wagering facility and shall be excluded from total handle for the purposes of Section 19611.

(f) Notwithstanding Section 19530.5, satellite wagering facilities operated by a fair, in the Counties of Fresno, Kern, or Tulare shall be considered northern zone facilities and shall receive their audiovisual signal from the association or fair conducting a racing meeting in the northern zone that is authorized to distribute the signal and accept wagers on central and southern zone races. Satellite wagering facilities operated by a fair, in the Counties of Santa Barbara or Ventura shall be considered central-southern zone facilities and shall receive the audiovisual signal from the association or fair conducting a racing meeting in the central or southern zone that is authorized to distribute the signal and accept wagers on northern zone races.

(g) All purse moneys derived from wagering on out-of-zone races at fair racing meetings shall be distributed to all breeds of horses participating in the fair meeting in direct proportion to the purse money generated by breed on live races conducted during the fair race meeting.

(h) During calendar periods when both a fair and a thoroughbred association conduct live racing, the amounts deducted under this section shall be distributed on any day of overlap as provided in Section 19607.5, except that the applicable state license fee shall be at the rate specified for nonfair meetings in subdivision (b) of Section 19605.7.

(i) During calendar periods when a thoroughbred association and a fair, or a thoroughbred association and any other breed association are conducting a racing meeting in the same zone, the thoroughbred association shall be the association authorized to distribute out-of-zone, out-of-state, or out-of-country thoroughbred or fair races, except that the thoroughbred association may waive this right and allow the other breed racing association conducting a race meeting to distribute the signal and accept wagers on out-of-zone, out-of-state, or out-of-country thoroughbred or fair races for any racing day or days. For the purposes of this subdivision, the combined central and southern zone shall be considered one zone.

(j) In order to ensure, to the extent possible, that out-of-state and out-of-country simulcasting, furthers the purposes of this section, a

committee made up of one representative from each of the then-operating thoroughbred associations or fairs that are conducting a live racing meeting in the state and one representative of the organization responsible for negotiating purse agreements on behalf of the horsemen participating in the meeting shall do the following:

(1) Determine the out-of-state or out-of-country thoroughbred races to be imported on a statewide basis pursuant to provisions of this chapter.

(2) Ensure, to the extent possible, that the fees charged by out-of-state or out-of-country entities for these signals are at the lowest obtainable rate and at the same rate statewide, in order to maximize the revenue available to in-state associations and fairs and their horsemen.

(3) Ensure, to the extent possible, due to the reciprocal nature of the interstate simulcasting business, that the maximum obtainable revenue is generated by the sale to out-of-state entities of the audiovisual signal of races conducted in this state by thoroughbred associations and fairs.

(4) Ensure that program information requirements for in-state signals comply with the standards of the board, but provide that abbreviated program formats may be used for races imported from other jurisdictions.

(k) Notwithstanding any other provision of law, any thoroughbred association or fair, when operating a live racing meeting, shall distribute the signal of all races conducted by, or disseminated by, that association or fair to, and accept wagers on these races from, any association that is licensed to conduct a live quarter horse or harness racing meeting in Orange County and that conducted such a meeting in 1998.

(l) Notwithstanding any other provision of law, all associations or fairs when operating as eligible satellite wagering facilities shall be in compliance with, and subject to the provisions of, Article 9.2 (commencing with Section 19605) of this chapter, and shall display the signal and accept wagers on all live races conducted in this state without regard to breed. Notwithstanding the foregoing provision, a thoroughbred racing association located in the city of Arcadia is exempt from these requirements for live harness and quarter horse races conducted at night unless the thoroughbred racing association facility is open for business at that time and is accepting wagers on other night signals pursuant to this chapter. Further, satellite wagering facilities located at fairs may, but are not required to, accept an audiovisual signal on out-of-state or out-of-country races unless the facility is open for business at the time and accepting wagers on other signals pursuant to this chapter.

SEC. 87. Section 19602 of the Business and Professions Code is amended to read:

19602. (a) Notwithstanding any other provision of law, any racing association in this state may authorize betting systems located outside

of this state to accept wagers on a race or races conducted or disseminated by that association and may transmit live audiovisual signals of the race or races and their results to those betting systems, except that any authorization is subject to the consent of the host association and applicable federal laws, including, but not limited to, Chapter 57 (commencing with Section 3001) of Title 15 of the United States Code.

(b) (1) Except as provided in paragraph (2), any racing association described in subdivision (a), when it authorizes betting systems located outside of this state to accept wagers on a race, shall pay a license fee to the state in an amount equal to 8 percent of the total amount received by the association from the out-of-state betting system. In addition, with respect to thoroughbred racing only, 3 percent of the amount remaining after the payment of the license fee shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2. The remaining amount received by the association shall be distributed to the association that conducts the racing meeting and to horsemen participating in that racing meeting as follows: 50 percent to the association as commissions, and 50 percent to the horsemen as purses. All rents, costs, and fees shall be deducted pursuant to a contract between the association that conducts the racing meeting and the horsemen participating in the racing meeting. Notwithstanding any other provision of law, racing associations may form a partnership, joint venture, or any other affiliation in order to negotiate terms and conditions of agreements with out-of-state betting systems.

(2) A thoroughbred association that hosts the series of races known as the "Breeder's Cup" shall not be required to pay to the state the license fees required pursuant to paragraph (1). Amounts received by the association from out-of-state betting systems as wagers on Breeder's Cup races shall be distributed as follows: 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the meeting.

(c) With the permission of the board, wagers accepted by betting systems located outside of this state may be, but are not required to be, included in the parimutuel pool of the association that conducts the racing meeting in this state. If the wagers accepted by betting systems located outside of this state are included in the parimutuel pool of the association that conducts the racing meeting in this state, the betting system located outside of this state shall, if permissible under applicable law, deduct from the total amount handled in each conventional and exotic parimutuel pool the same total percentages deducted pursuant to Article 9.5 (commencing with Section 19610) by the association that

conducts the racing meeting in this state. If the laws of the jurisdiction in which the betting system is located do not permit the betting system to deduct the same percentages as are deducted by the association that conducts the racing, the board may, nonetheless, permit the inclusion of those out-of-state wagers in the association's parimutuel pool if the board determines it to be in the public interest of this state to do so.

(d) If wagers accepted by an association conducting racing within the state and wagers accepted by a betting system located outside of the state are combined in one parimutuel pool and the association and the betting system both deduct the same total percentages as set forth in subdivision (c), the breakage shall be allocated between the association and the betting system on the basis of a calculation for distribution approved by board.

(e) If wagers accepted by an association conducting racing within the state are combined in one parimutuel pool with wagers accepted by a betting system located outside the state and the association and the betting system deduct different percentages from the amount handled in the parimutuel pool, the precise calculation and distribution of payments on winning tickets and breakage between the association and the betting system shall be on the basis of a calculation for distribution approved by the board.

(f) Breakage allocated pursuant to this section to an association conducting racing within this state shall be distributed in the same manner as would be breakage arising from wagers at the association in the absence of a combined parimutuel pool. This section does not apply to the disposition of breakage allocated to the betting system located outside of the state.

(g) If wagers accepted by a betting system located outside of this state are included in the parimutuel pool of an association conducting racing in this state, funds in the parimutuel pool attributable to unclaimed tickets relating to wagers accepted by the association conducting racing within the state shall be distributed in the same manner as unclaimed tickets relating to wagers accepted by that association in the absence of a combined parimutuel pool. Funds in the parimutuel pool attributable to unclaimed tickets related to wagers accepted by the betting system located outside of this state shall be allocated to that betting system, and this section does not otherwise apply to the disposition of those funds at that location outside of the state.

SEC. 88. Section 19605 of the Business and Professions Code is amended to read:

19605. (a) Notwithstanding any other provision of law, the board may authorize an association licensed to conduct a racing meeting in the northern zone to operate a satellite wagering facility for wagering on races conducted in the northern zone at its racetrack inclosure subject to

all of the conditions specified in Section 19605.3, and may authorize an association licensed to conduct a racing meeting in the central or southern zone to operate a satellite wagering facility for wagering on races conducted in the central or southern zone at its racetrack inclosure subject to the conditions specified in subdivisions (a) to (e), inclusive, of Section 19605.3 and the conditions and limitations set forth in Section 19605.6.

(b) Notwithstanding any other provision of law, no satellite wagering facility, except a facility that is located at a track where live racing is conducted, shall be located within 20 miles of any existing satellite wagering facility or of any track where a racing association conducts a live racing meeting. However, in the northern zone, a racing association or any existing satellite wagering facility may waive the prohibition contained in this subdivision and may consent to the location of another satellite wagering facility within 20 miles of the facility or track.

(c) Notwithstanding subdivision (b), the Department of Food and Agriculture may approve not more than three satellite wagering facilities that are licensed jointly to the 1a District Agricultural Association and the 5th District Agricultural Association and that are located on the fairgrounds of the 1a District Agricultural Association or within the boundaries of the City and County of San Francisco. Before a satellite wagering facility may be licensed for the 1997 and subsequent calendar years under this subdivision, the department shall conduct a one-year test at the proposed site in order to determine the impact of the proposed facility on total state parimutuel revenues and on attendance and wagering at existing racetracks and fair satellite wagering facilities in the Counties of Alameda, San Mateo, Santa Clara, and Solano. Notwithstanding Section 19605.1, a satellite wagering facility may be located on property leased to one or both fairs. Notwithstanding any other provision of law, the fairs may contract for the operation and management of a satellite wagering facility with an individual racing association or a partnership, joint venture, or other affiliation of two or more racing associations that are licensed to conduct thoroughbred meetings within the northern zone.

(d) Subdivision (b) shall not be construed to prohibit the location of satellite wagering facilities within 20 miles of any existing or proposed satellite facility established pursuant to subdivision (c).

SEC. 89. Section 19605.1 of the Business and Professions Code is amended to read:

19605.1. With respect to the northern zone, the board may, with the approval of the Department of Food and Agriculture, also authorize any fair, in the northern zone that is eligible for an allocation of racing days pursuant to Section 19549, but which is not licensed to conduct a racing meeting or authorized pursuant to Section 19605.6, to locate a satellite

wagering facility at its fairgrounds for wagering on races conducted in the northern zone if all of the conditions specified in Section 19605.3 are satisfied.

SEC. 90. Section 19605.2 of the Business and Professions Code is amended to read:

19605.2. With respect to the central and southern zones, the board may, with the approval of the Department of Food and Agriculture, subject to the conditions and limitations set forth in Section 19605.6, also authorize any fair, which conducted general fair activities in 1986 within the central or southern zone, and which is eligible for an allocation of racing days pursuant to Section 19549, but which is not licensed to conduct a racing meeting, to locate a satellite wagering facility at its fairgrounds for wagering on races conducted in the central or southern zone if all of the conditions specified in subdivisions (a) to (e), inclusive, of Section 19605.3 are satisfied.

SEC. 91. Section 19605.3 of the Business and Professions Code is amended to read:

19605.3. (a) An organization described in Section 19608.2 has executed an agreement approved by the board with the association conducting a racing meeting and the satellite wagering facility. The agreement shall provide, among other things, for all of the following:

(1) The conditions for transmission of the signal.

(2) That the wagers made at the satellite wagering facility will be included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted.

(3) The agreement of the parties, if any, respecting the payment of fees or charges by one party to the other in substitution of, or in addition or supplemental to, the distributions of the amount deducted pursuant to the first paragraph of either Section 19605.7 or Section 19605.71. The agreement as to the payment of those fees or charges shall not operate to increase or reduce the amounts otherwise payable from the amount handled pursuant to this article, other than to a party to the agreement. Any dispute relating to the amount of fees or charges to be paid by any party as a condition of receiving the live audiovisual signal from an association or fair may be appealed to the board. However, nothing in this paragraph shall be construed to require an association or fair to execute an agreement.

(b) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(c) The communications system, technology and method used by the satellite wagering facility to accept wagers and transmit odds, results, and other data related to wagering has been approved by the board.

(d) (1) Any association or fair that operates a satellite wagering facility shall conduct wagering on all racing that is offered to the satellite wagering facility, except as otherwise provided in Section 19607.5 with respect to the northern zone, as long as the satellite wagering facility is not sustaining a loss on either a day meeting or night meeting, as determined by the board, and, if sustaining a loss on either a day meeting or night meeting, as long as the satellite wagering facility is reimbursed for that loss by either an organization described in Section 19608.2 or an association. Any association that operates a satellite wagering facility may, but is not required to, accept an audiovisual signal. Notwithstanding any other provision of this paragraph, an association that conducts a racing meeting and a fair that operates a satellite wagering facility may agree to provide an audiovisual signal and to accept wagering on less than all of the races. Acceptance of the audiovisual signal may be on such terms and conditions, including the payment of fees and charges, subject to paragraph (3) of subdivision (a), as the parties may mutually agree.

(2) In calculating the loss, if any, for operating a satellite wagering facility for a night meeting, only the expenses incurred by the satellite wagering facility because of the acceptance of night wagers shall be considered, and no overhead expenses or expenses of the satellite wagering facility which would be incurred regardless of the acceptance of night wagers shall be considered.

(e) Notwithstanding any other law or any agreement under subdivision (a), for purposes of determining license fees and breakage at the racetrack where the racing meeting is conducted, wagers at a satellite wagering facility shall not be included in the conventional or exotic pools of the association conducting the racing meeting.

(f) The horsemen's organization that represents the horsemen at the association that conducts the racing meeting on which wagers are accepted consents to the acceptance of wagers at the satellite wagering facility, except that the association or fair operating the satellite wagering facility may appeal the withholding of consent to the board that may determine that consent is not required.

SEC. 92. Section 19605.51 of the Business and Professions Code is amended to read:

19605.51. Notwithstanding subdivision (a) of Section 19605, and Section 19605.1, any fair in San Joaquin, Humboldt, or Fresno County may, with the approval of the Department of Food and Agriculture and the authorization of the board, subject to the conditions specified in Section 19605.3, operate a satellite wagering facility on leased premises within the boundaries of that fair, but may only operate one such facility.

SEC. 93. Section 19605.6 of the Business and Professions Code is amended to read:

19605.6. (a) In addition to satellite wagering facilities authorized pursuant to Sections 19605, 19605.1, and 19605.2, the board, with the approval of the Department of Food and Agriculture, may authorize any fair, in the County of Kern or Santa Barbara, eligible for an allocation of racing days pursuant to Section 19549, to operate a satellite wagering facility at its fairgrounds even though the fair is not licensed to conduct a racing meeting, and the fair may operate the facilities except for those functions to be performed by an organization described in Section 19608.2. Except as otherwise provided in this chapter, Sections 19605, 19605.3, 19605.4, 19605.7, 19605.71, 19605.8, 19606, 19606.1, 19606.3, and 19606.4 apply to satellite wagering facilities authorized pursuant to this section.

(b) It is the intent of the Legislature that the board provide, when feasible, for periods of at least 10 minutes between post times for live races conducted within California.

SEC. 94. Section 19605.7 of the Business and Professions Code is amended to read:

19605.7. The total percentage deducted from wagers at satellite wagering facilities in the northern zone shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted under this section shall be distributed as follows:

(a) For thoroughbred meetings, 1.3 percent of the amount handled by the satellite wagering facility on conventional and exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent shall be distributed to the satellite wagering facility as a commission for the right to do business, as a franchise, and this commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in Section 19608.2, and 0.54 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b), (c) and (d) of Section 19617.2, and 0.033 percent distributed to the Center for Equine Health and 0.067 percent distributed to the California Animal Health and Food Safety Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the 0.033 percent of funds distributed to the Center for Equine Health shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 0.4 percent of the amount handled by the satellite wagering facility on conventional and exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1 percent of the amount handled by the satellite wagering

facility on conventional and exotic wagers shall be distributed to the fair association for payment to the state as a license fee, 2 percent shall be distributed to the satellite wagering facility as a commission for the right to do business, as a franchise, and this commission is not for the use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, 0.4 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.7; in the case of Appaloosas, 0.4 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.9; in the case of Arabians, 0.4 percent shall be held by the association to be deposited with the official registering agency pursuant to Section 19617.8, and shall thereafter be distributed in accordance with Section 19617.8; in the case of standardbreds, 0.4 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, 0.48 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2; and 0.033 percent shall be distributed to the Center for Equine Health and 0.067 percent shall be distributed to the California Animal Health and Food Safety Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the 0.033 percent of funds distributed to the Center for Equine Health shall supplement, and not supplant, other funding sources.

(c) In addition to the distributions specified in subdivision (a) and (b), for mixed breed meetings, 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. For quarter horse meetings and harness meetings, 0.5 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and 0.5 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting.

(d) Additionally, for thoroughbred, harness, quarter horse, mixed breed, and fair meetings, 0.33 percent of the total amount handled by

each satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(e) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 95. Section 19605.71 of the Business and Professions Code is amended to read:

19605.71. The total percentage deducted from wagers at satellite wagering facilities in the central and southern zone shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2 percent of the amount handled by the satellite wagering facility on conventional and exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent shall be distributed to the satellite wagering facility as a commission for the right to do business, as a franchise, and this commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in Section 19608.2, and 0.54 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2, and 0.033 percent shall be distributed to the Center for Equine Health and 0.067 percent shall be distributed to the California Animal Health and Food Safety Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the 0.033 percent of funds distributed to the Center for Equine Health shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 0.4 percent of the amount handled by the satellite wagering facility on conventional and exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1 percent of the amount handled by the satellite wagering facility on conventional and exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent shall be distributed to the satellite wagering facility as a commission for the right to do business, as a franchise, and this commission is not for the use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an

organization described in Section 19608.2. In addition, in the case of quarter horses, 0.4 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6; in the case of Appaloosas, 0.4 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.9; in the case of Arabians, 0.4 percent shall be held by the association to be deposited with the official registering agency, pursuant to Section 19617.8, and thereafter shall be distributed in accordance with Section 19617.8; in the case of standardbreds, 0.4 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, 0.48 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2; and 0.033 percent shall be distributed to the Center for Equine Health and 0.067 percent shall be distributed to the California Animal Health and Food Safety Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the 0.033 percent of funds distributed to the Center for Equine Health shall supplement, and not supplant, other funding sources.

(c) In addition, for Appaloosa and mixed breed meetings, 1 percent shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. Notwithstanding any other provision of law, on wagers made in the Counties of Orange and Los Angeles on thoroughbred races conducted in the County of Orange or Los Angeles, or both, excluding the 50th District Agricultural Association, the amount deducted for promotion of the satellite wagering program at satellite wagering facilities shall be 0.5 percent. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year. If promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. For quarter horse and harness meetings, 0.5 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and 0.5 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting.

(d) Additionally, for thoroughbred, harness, quarter horse, mixed breed, and fair meetings, 0.33 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the

satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(e) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 96. Section 19608.5 of the Business and Professions Code is amended to read:

19608.5. All revenues payable to the state and deposited in a separate account in the fund pursuant to Section 19606.1 that are allocated by the Secretary of Food and Agriculture for the purposes of paragraph (1) of subdivision (a) of Section 19606.1 are hereby pledged for the repayment of the principal of, and interest on, bonds issued by a joint powers agency, or of other debt service or expense incurred for the purposes described in that paragraph (1).

SEC. 97. Section 19608.6 of the Business and Professions Code is amended to read:

19608.6. (a) Any joint powers agency requesting money in connection with the issuance of bonds for the purposes described in paragraph (1) of subdivision (a) of Section 19606.1 shall file an application with the Secretary of Food and Agriculture, in the form required by the secretary.

(b) The secretary shall, upon review of the applications, prepare a statement of allocation of money to the joint powers agency, in the priority the director deems appropriate.

(c) The secretary shall adopt regulations governing the allocation procedures to be followed in implementing this section.

SEC. 98. Section 19610.2 of the Business and Professions Code is amended to read:

19610.2. Every association that conducts a racing meeting shall deduct one-tenth of 1 percent of the total amount handled. From the amount deducted on wagers made on-track, thirty-three one hundredths of the amount deducted shall be distributed to the Center for Equine Health and shall supplement, and not supplant, other funding sources. Sixty-seven one hundredths of the amount deducted shall be distributed to the California Animal Health and Food Safety Laboratory to fund the equine drug testing program and laboratory at the University of California, Davis described in Section 19578.

SEC. 99. Section 19610.4 of the Business and Professions Code is amended to read:

19610.4. Notwithstanding Section 19610.3, any association that conducts a racing meeting pursuant to Section 19549.9, or any fair that operates a satellite wagering facility, may elect to deduct an additional amount of 0.33 of 1 percent from the total parimutuel wagers placed within its inclosure or at its satellite wagering facility.

The amounts deducted pursuant to this section shall be retained by the association or fair for the payment of possessory interest taxes, if any, assessed against the organization described in Section 19608.2, the racing association, or fair, and after payment of these taxes shall be distributed to the city or county in which the racing meeting or wagering is conducted, at the option of the association or fair. If a city or county has elected by ordinance to receive a distribution from a racing association or fair under this section, it shall not at any time thereafter assess or collect, with respect to an event conducted by that racing association or, an event conducted by or by contract with that fair, any license or excise tax or fee, including, but not limited to, any admission, parking, or business tax, or any tax or fee levied solely upon the racing association or fair conducting a racing meeting or satellite wagering, or any patron, participant, service-supplier, promoter, or vendor thereof. Further, a city or county electing to receive a distribution under this section shall provide ordinary and traditional municipal services, such as police services and traffic control, in connection with the racing meetings or satellite wagering. If an eligible city or county does not elect to receive a distribution under this section, the amount remaining after payment of possessory interest taxes, if any, as provided in this section shall be paid to the state as an additional license fee.

SEC. 100. Section 19611.5 of the Business and Professions Code is amended to read:

19611.5. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association other than a fair that conducts a thoroughbred race meeting may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed 50 percent as commissions and 50 percent as purses. From the amount distributed as purses, a sum equal to 0.07 percent of the total handle shall be held by the association to be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2.

(b) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board, the amount of the deduction shall not be changed during the course of the meeting.

SEC. 101. Section 19612.6 of the Business and Professions Code is amended to read:

19612.6. (a) (1) For harness meetings, the amount remaining after deduction of the state license fee shall be distributed equally between commissions and purses. For quarter horse, Appaloosa, and mulering

meetings, the amount remaining after deduction of the state license fee pursuant to Section 19612 shall be distributed between commissions and purses as agreed to by the association conducting the meeting and the organization representing the horsemen or mulemen participating in the meeting. For fair meetings conducted pursuant to Section 19549, the amount remaining after deduction of the state license fee pursuant to Section 19612 shall be distributed 48 percent to commissions and 52 percent to purses.

(2) Every association which conducts a racing meeting pursuant to Section 19549 shall, in addition, deduct from its parimutuel pools the amount specified in subdivision (d) of Section 19614.

(b) If an association qualified to operate its meeting pursuant to this section conducts two separate programs of racing on any day, each such program shall be considered a separate racing day for purposes of determining the daily handle and computing the distribution of license fees, commissions, and purses thereon. For the purposes of this subdivision, a program shall consist of at least nine races.

(c) In addition to any deductions pursuant to this section, every association conducting a racing meeting pursuant to Section 19549.1 shall also deduct an additional 1 percent of its parimutuel pools to be distributed as commissions.

(d) In addition to any deductions pursuant to this section, every association conducting a racing meeting pursuant to Section 19549.1 shall also deduct an additional 2 percent of its exotic parimutuel pools to be distributed equally as commissions and purses.

SEC. 102. Section 19612.8 of the Business and Professions Code is amended to read:

19612.8. Notwithstanding any other provision of law, any association conducting a racing meeting shall pay not less than the actual amount necessary to cover the costs for compensation, including any fringe benefits, to stewards and official veterinarians and to cover the costs for that racing meeting, as provided by the board under Section 19518.

SEC. 103. Section 19612.9 of the Business and Professions Code is amended to read:

19612.9. (a) (1) Except as provided in subdivision (d) of Section 19601, unclaimed refunds shall be distributed to the organization that is responsible for negotiating purse agreements, satellite wagering agreements, and all other business agreements on behalf of the horsemen participating in the racing meeting for the purpose of negotiating, in good faith, an agreement of at least three years' duration with a jockeys' organization to provide health and welfare benefits to California licensed jockeys, former California licensed jockeys, and their

dependents if those persons contribute to the plan and do not receive welfare benefits pursuant to Section 19613.

(2) The amount of money distributed annually pursuant to this section shall be held in trust solely for the purpose described in this section and shall not exceed four hundred fifty thousand dollars (\$450,000), adjusted annually for inflation. The board shall determine the inflation adjustment based on an index quantifying changes in the cost of health insurance benefits.

(3) If an agreement is not reached before the regular meeting of the board in November of any calendar year, the board, on its own motion, shall provide that the provisions of the existing agreement, if any, shall remain in effect until a subsequent agreement is reached.

(b) The jockeys' organization referred to in subdivision (a) shall represent a majority of the jockeys licensed by the board, and the board shall initially certify that the organization represents the majority of those licensed jockeys. The organization shall maintain an office in this state. The organization certified by the board shall provide an annual audit of the health and welfare fund established pursuant to this section. The organization shall make available to the board all records and documents necessary for the performance of its duties.

(c) The jockeys' organization certified by the board shall develop reasonable nondiscriminatory criteria for eligibility for health and welfare benefits.

(d) The agreement shall be approved by the board and, if approved, no other entity licensed in this state shall be required to enter into an agreement for the purposes of this section.

SEC. 104. Section 19613 of the Business and Professions Code is amended to read:

19613. (a) Except as provided in subdivisions (b), (c), (d), (e), and (f), the portion deducted for purses pursuant to this chapter shall be paid to or for the benefit of the horsemen at the racing meeting.

(b) Any association other than a fair that conducts a thoroughbred racing meeting shall pay to the owners' organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to owners, an amount not to exceed two-thirds of 1 $\frac{1}{2}$ percent of the portion, and to a trainers' organization for administrative expenses and services rendered to trainers and backstretch employees an amount equivalent to one-third of 1 $\frac{1}{2}$ percent of the portion. That association shall also pay an amount for a pension plan for backstretch personnel to be administered by the trainers' organization equivalent to an additional 1 percent of the portion. The remainder of the portion shall be distributed as purses.

(c) Any other association may pay to the horsemen's organization contracting with the association with respect to the conduct of racing

meetings for administrative expenses and services rendered to horsemen an amount out of the portion as may be determined by the association by agreement or otherwise, but, in all events, shall include, relative to a thoroughbred horsemen's organization racing, 1 percent of the portion for a pension plan for backstretch personnel to be administered by the trainers' organization. The remainder of the portion shall be distributed as purses.

(d) Notwithstanding subdivisions (b) and (c), any association conducting a fair racing meeting shall pay to the horsemen's organizations contracting with the association with respect to the conduct of races for their respective breeds of horses at the meetings for administrative expenses and services rendered to their respective horsemen those amounts out of the portion as determined by the horsemen's organization for the respective breeds with the approval of the board.

Pursuant to this subdivision, amounts not to exceed 3 percent of the portion for the owners' and trainers' organizations shall be distributed to any thoroughbred owners' and trainers' organizations contracting with an association for a fair racing meeting or participating in mixed breed racing meetings as follows: two-thirds of 1 percent to the owners' organization and one-third of 1 percent to the trainers' organization for administrative expenses and services rendered to both owners and trainers, 1 percent for welfare funds, and 1 percent for a pension program for backstretch personnel, to be administered by the thoroughbred trainers' organization.

(e) Any association other than a fair that conducts a quarter horse racing meeting shall pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen, an amount not to exceed 3 percent of the portion. The remainder of the portion shall be distributed as purses.

(f) For racing meetings other than thoroughbred meetings, if no contract has been signed between the association conducting the racing meeting and the organization representing the horsemen by the time the racing meeting commences, the distribution of purses shall be governed by the following:

(1) If the association conducted a racing meeting within the past 15 months and a contract was in existence for that meeting with the horsemen's organization and the association is conducting a subsequent meeting for the same breed or mixed breeds, the amounts payable to the horsemen's organization under subdivision (c) shall be computed under the provisions of the last signed contract between the parties.

(2) This subdivision applies regardless of the cause of the failure to execute a contract, whether that failure is a result of inadvertence or otherwise.

(3) For racing meetings that do not come within paragraph (1), the board shall, within 15 days after the commencement of the racing meeting, determine the amounts payable to the horsemen's organization for administrative expenses and services, and provide for the direct payment of those amounts.

(g) Amounts distributed pursuant to this section are derived from owners' purses.

(h) For the purposes of this section, the following definitions shall apply:

(1) "Owner" means a person currently licensed by the board as an owner of a thoroughbred racehorse.

(2) "Trainer" means a person currently licensed by the board as an owner and trainer or as a trainer of a thoroughbred racehorse.

SEC. 105. Section 19614 of the Business and Professions Code is amended to read:

19614. (a) Notwithstanding Sections 19611 and 19612, and except for an association that qualifies pursuant to Section 19612.6, for a fair conducting a live racing meeting, 1 percent of the total amount handled on live races, excluding wagering at a satellite facility, shall be retained by the fair association for payment to the state as a license fee.

(b) Additionally, 0.48 percent of the total amount handled on live racing, excluding wagering at a satellite facility, shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2.

(c) After distribution of the applicable amounts as set forth in subdivisions (a) and (b) and the payments made pursuant to other relevant sections of this chapter, all funds remaining from the deductions provided in Section 19610 shall be distributed 47.5 percent as commissions and 52.5 percent as purses. From the amount distributed as thoroughbred purses, a sum equal to 0.07 percent of the total handle shall be held by the association to be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2.

Any additional amount generated for purses and not distributed during the previous corresponding meeting shall be added to the purses at the current meeting.

(d) In addition to the amounts deducted pursuant to Section 19610, any fair racing association shall deduct 1 percent from the total amount handled in its daily conventional and exotic parimutuel pools. The

additional 1 percent shall be deposited in the Fair and Exposition Fund and is hereby appropriated for the purposes specified in Section 19630.

SEC. 106. Section 19614.2 of the Business and Professions Code is amended to read:

19614.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, a fair, or an association conducting its meeting pursuant to Section 19549.1, may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the current year of the fair meet. Of the amount deducted, if any, 52.5 percent shall be distributed as additional purses and 47.5 percent shall be distributed as additional commissions. From the amount distributed as thoroughbred purses, a sum equal to 0.07 percent of the total amount handled shall be held by the association to be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2.

(b) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board, the amount of the deduction shall not be changed during the course of the meeting.

(c) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be paid as breeder premiums and owners' and stallion awards as provided in Section 19617.7, shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7, and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.7.

(d) From the amount deducted for Arabian horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be deposited with the official registering agency, pursuant to Section 19617.8, and thereafter shall be distributed in accordance with Section 19617.8. The board shall designate the officially recognized organization representing Arabian horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses of up to, but not to exceed, 10 percent of the total awards fund.

(e) From the amount deducted for Appaloosa horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be paid as breeder premiums and owners' and stallion awards as provided in Section 19617.9, and shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9, and shall

thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.9.

(f) Amounts distributed pursuant to this section are derived from owners' purses.

SEC. 107. Section 19633 of the Business and Professions Code is repealed.

SEC. 108. Section 19634 of the Business and Professions Code is repealed.

SEC. 109. Section 19636 of the Business and Professions Code is amended to read:

19636. All money appropriated pursuant to this article to the California Exposition and State Fair, the Los Angeles County Fair, the Sixth District Agricultural Association, known and designated as the California Science Center, the citrus fruit fairs defined in Section 4603 of the Food and Agricultural Code, and the 1-A District Agricultural Association, is exempt from Section 16304 of the Government Code, and shall remain available for expenditure from year to year until expended.

SEC. 110. Section 19637 of the Business and Professions Code is amended to read:

19637. Appropriations and allocations from the Fair and Exposition Fund made pursuant to this article, other than those made under subdivision (b) of Section 19620 are exempt from the provisions of Section 16304 of the Government Code. The date of such executive order is deemed to be the date when the appropriation becomes available for expenditure.

All appropriations and allocations made by this article which are not exempted by this section from the provisions of Section 16304 of the Government Code are subject to those provisions.

SEC. 111. Section 19660 of the Business and Professions Code is amended to read:

19660. Any person who, without first having procured a license under Article 4 of this chapter, directly or indirectly holds or conducts any meeting where there is horse racing and betting on its results by the parimutuel method of wagering, or otherwise, is guilty of a misdemeanor.

SEC. 112. Section 19662 of the Business and Professions Code is amended to read:

19662. Any person who bets upon the results of a horse race except by a parimutuel method of wagering conducted by a person licensed under Article 4 of this chapter is punishable as provided in the Penal Code.

SEC. 113. Section 19664 of the Business and Professions Code is amended to read:

19664. It is unlawful for any person, for the purpose of selling or offering to sell predictions on horse races, to advertise that he has predicted the outcome of any horse race which has been run in this state, unless such person has notified in writing the California Horse Racing Board, at any of its offices, of his predictions at least three hours prior to the race involved on forms prescribed by the board. No person shall advertise the fact that he has notified the board or use the name of the board in any way whatsoever to promote the activities described in this section.

For the purposes of this section the term “advertise” includes the use of a newspaper, magazine or other publication, book notice, circular, pamphlet, letter, handbill, tip sheet, poster, bill, sign, placard, card, label, tag, window display, store sign, radio or television announcement, or any other means or methods now or hereafter employed to bring to the attention of the public information concerning the outcome of horse races.

Nothing herein contained shall apply to any daily newspaper of general circulation which is regularly entered in the United States mail, or any other daily publication carrying complete past performances of horses entered in races, or to any regularly published magazine or periodical devoted to racing news, which magazine or periodical has been published for at least two years.

Violation of this section is a misdemeanor.

SEC. 114. Section 522 of the Food and Agricultural Code is amended to read:

522. When a central diagnostic laboratory constructed on the Davis campus of the university is ready for occupancy, the director shall contract with the Regents of the University of California for its School of Veterinary Medicine to establish and operate the California Animal Health and Food Safety Laboratory. The system shall be headed by a director appointed by the Dean of the School of Veterinary Medicine under applicable university hiring rules. The system shall test, examine, and make diagnoses of infectious, nutritional, toxic, metabolic, and other diseases of domestic animals.

SEC. 115. Section 529 of the Food and Agricultural Code is amended to read:

529. It is intended that the contractual arrangement between the university and the department be of long-term duration. The department’s budget for the laboratories shall be reviewed annually.

A Veterinary Diagnostic Laboratory Board is hereby established, consisting of representatives of the livestock and poultry industries and practicing veterinarians who utilize the laboratory service. It shall be appointed by the director in consultation with the Dean of the School of Veterinary Medicine. The Chief of the Bureau of Animal Health of the

department, the Assistant Area Veterinarian in Charge for California for the United States Department of Agriculture, and the director of the California Animal Health and Food Safety Laboratory created by this article shall be ex officio members. The board shall advise the university and the department on all aspects of the operation of the laboratories.

SEC. 116. Section 531 of the Food and Agricultural Code is amended to read:

531. The budget for the California Animal Health and Food Safety Laboratory shall be established as a line item in the budget of the department. The operating budget requests shall be submitted annually, and requests for funding of construction of facilities and special items of laboratory equipment which cost over one hundred fifty thousand dollars (\$150,000) shall be submitted when required. The director shall transfer funds appropriated for operation of the laboratories, for equipment, and for construction of facilities to the university to be managed according to university rules and regulations, and in accordance with the contract between the department and the university.

CHAPTER 1083

An act to add Sections 25000.7 and 25000.9 to the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 25000.7 is added to the Business and Professions Code, to read:

25000.7. (a) Notwithstanding the provisions of any agreement for the sale or distribution of beer between a beer manufacturer and beer wholesaler, no sale or distribution agreement shall be terminated solely for a beer wholesaler's failure to meet a sales goal or quota that is not commercially reasonable under the prevailing market conditions.

(b) For purposes of this section, "beer manufacturer" includes any holder of a beer manufacturer's license, any holder of an out-of-state beer manufacturer's certificate, or any holder of a beer and wine importer's general license.

SEC. 2. Section 25000.9 is added to the Business and Professions Code, to read:

25000.9. (a) Any beer manufacturer who unreasonably withholds consent or unreasonably denies approval of a sale, transfer, or

assignment of any ownership interest in a beer wholesaler's business with respect to that manufacturer's brand or brands, shall be liable in damages to the beer wholesaler. Recoverable damages under this section shall not exceed the compensatory damages sustained by the wholesaler and the wholesaler's costs of suit. The fair market value of the beer wholesaler's business shall include, but is not limited to, its goodwill, if any.

(b) If a beer wholesaler has been paid a consideration by a successor wholesaler for the sale, transfer, or assignment of the beer wholesaler's interest in the sale or distribution of the affected brand or brands, the beer manufacturer shall be liable only for compensatory damages in an amount reflecting the difference in the amount already paid to the beer wholesaler, and the fair market value of the beer wholesaler's business with respect to the affected brand or brands.

(c) For purposes of this section, "beer manufacturer" includes any holder of a beer manufacturer's license, any holder of an out-of-state beer manufacturer's certificate, or any holder of a beer and wine importer's general license.

CHAPTER 1084

An act to amend Sections 17530.5, 22251, and 22253 of, and to add Section 17530.6 to, the Business and Professions Code, to add Section 1799.1a to the Civil Code, and to add Section 18621.7 to the Revenue and Taxation Code, relating to confidential records.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 17530.5 of the Business and Professions Code is amended to read:

17530.5. (a) It is a misdemeanor for any person, including an individual, firm, corporation, association, partnership, or joint venture, or any employee or agent thereof, to disclose any information obtained in the business of preparing federal or state income tax returns or assisting taxpayers in preparing those returns, including any instance in which this information is obtained through an electronic medium, unless the disclosure is within any of the following:

(1) Consented to in writing by the taxpayer in a separate document that states to whom the disclosure will be made and how the information will be used. If the taxpayer agrees, this separate consent document may

be in the form of an electronic record, executed by an electronic signature as provided by Title 2.5 (commencing with Section 1633.1) of Part 2 of Division 3 of the Civil Code.

- (2) Expressly authorized by state or federal law.
- (3) Necessary to the preparation of the return.
- (4) Pursuant to court order.

(b) For the purposes of this section, a person is engaged in the business of preparing federal or state income tax returns or assisting taxpayers in preparing those returns if the person does any of the following:

(1) Advertises, or gives publicity to the effect that the person prepares or assists others in the preparation of state or federal income tax returns.

(2) Prepares or assists others in the preparation of state or federal income tax returns for compensation.

(3) Files a state or federal income tax return by electronic transmittal of return data directly to the Franchise Tax Board or to the Internal Revenue Service.

(c) A disclosure prohibited by this section includes a disclosure made internally within the entity preparing or assisting in preparing the return for any purpose other than tax preparation or made by that entity to any of its subsidiaries or affiliates.

(d) For purposes of this section, “affiliate” means any entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with, another entity.

(e) Contacting a taxpayer to obtain his or her written consent to disclosure does not constitute a violation of this section.

SEC. 2. Section 17530.6 is added to the Business and Professions Code, to read:

17530.6. (a) Any person, including an individual, firm, corporation, association, partnership, or joint venture, or any employee or agent thereof, shall dispose of any of the information described in Section 17530.5 in a manner including, but not limited to, burning, shredding, electronic deleting, or other appropriate means, so that the identity of the taxpayer may not be determined from the disposed information alone or in combination with other publicly available information. A violation of this section constitutes a misdemeanor.

(b) This section shall not become operative if Assembly Bill 2246 of the 1999–2000 Regular Session is enacted and becomes effective on or before January 1, 2001.

SEC. 3. Section 22251 of the Business and Professions Code is amended to read:

22251. For the purposes of this chapter, the following words have the following meanings:

(a) (1) Except as otherwise provided in paragraph (2), “tax preparer” includes:

(A) A person who, for a fee or for other consideration, assists with or prepares tax returns for another person or who assumes final responsibility for completed work on a return on which preliminary work has been done by another person, or who holds himself or herself out as offering those services. A person engaged in that activity shall be deemed to be a separate person for the purposes of this chapter, irrespective of affiliation with, or employment by, another tax preparer.

(B) A corporation, partnership, association, or other entity that has associated with it persons not exempted under Section 22258, which persons shall have as part of their responsibilities the preparation of data and ultimate signatory authority on tax returns or that holds itself out as offering those services or having that authority.

(2) Notwithstanding paragraph (1), “tax preparer” does not include an employee who, as part of the regular clerical duties of his or her employment, prepares his or her employer’s income, sales, or payroll tax returns.

(b) “Tax return” means a return, declaration, statement, refund claim, or other document required to be made or filed in connection with state or federal income taxes or state bank and corporation franchise taxes.

(c) An “approved curriculum provider,” for purposes of basic instruction as described in subdivision (a) of Section 22255, and continuing education as described in subdivision (b) of Section 22255, is one who has been approved by the council as defined in subdivision (d), or by the Bureau for Private Postsecondary and Vocational Education under Chapter 7 (commencing with Section 94700) of Part 59 of Division 10 of the Education Code. A curriculum provider who is approved by the tax education council is exempt from Chapter 7 (commencing with Section 94700) of Part 59 of Division 10 of the Education Code.

(d) “Council” means the California Tax Education Council which is a single organization made up of not more than one representative from each professional society, association, or other entity operating as a California nonprofit corporation which chooses to participate in the council and which represents tax preparers, enrolled agents, attorneys, or certified public accountants with a membership of at least 200 for the last three years, and not more than one representative from each for-profit tax preparation corporation which chooses to participate in the council and which has at least 200 employees and has been operating in California for the last three years.

SEC. 4. Section 22253 of the Business and Professions Code is amended to read:

22253. (a) It is a violation of this chapter for a tax preparer to do any of the following:

(1) Make, or authorize the making of, any statement or representation, oral or written or recorded by any means, which is intended to induce persons to use the tax preparation service of the tax preparer, which statement or representation is fraudulent, untrue, or misleading.

(2) Obtain the signature of a customer to a tax return or authorizing document which contains blank spaces to be filled in after it has been signed.

(3) Fail or refuse to give a customer, for his or her own records, a copy of any document requiring the customer's signature, within a reasonable time after the customer signs the document.

(4) Fail to maintain a copy of any tax return prepared for a customer for four years from the date of completion or the due date of the return, whichever is later.

(5) Engage in advertising practices which are fraudulent, untrue, or misleading, including, but not limited to, assertions that the bond required by Section 22250 in any way implies licensure or endorsement of a tax preparer by the State of California.

(6) Violate Section 17530.5 or 17530.6.

(7) Violate Section 7216 of Title 26 of the United States Code.

(8) Fail to sign a customer's tax return when payment for services rendered has been made.

(9) Fail to return, upon the demand by or on behalf of a customer, records or other data provided to the tax preparer by the customer.

(10) Knowingly give false or misleading information to the consumer pursuant to Section 22252, or give false or misleading information to the surety company pursuant to subdivision (a) of Section 22250, or give false or misleading information to the California Tax Education Council pursuant to Section 22255.

(b) Each violation of this section constitutes a separate offense.

SEC. 5. Section 1799.1a is added to the Civil Code, to read:

1799.1a. (a) No person, including an individual, firm, corporation, association, partnership, or joint venture, or any employee or agent thereof, shall disclose information obtained from a federal or state income tax return or any information obtained from a tax schedule submitted with the return by a consumer in connection with a financial or other business-related transaction unless the disclosure is within any of the following:

(1) Consented to in writing by the consumer in a separate document that states to whom the disclosure will be made and how the information will be used. If the consumer agrees, this separate consent document may be in the form of an electronic record, executed by an electronic signature

as provided by Title 2.5 (commencing with Section 1633.1) of Part 2 of Division 3 of the Civil Code.

(2) Authorized or required by state or federal law.

(3) Necessary to complete or service the financial or business-related transaction or to effect, administer, or enforce a financial or business-related transaction requested by the consumer.

(4) Pursuant to court order.

(5) Required to complete any of the transactions described in subparagraphs (A) to (D), inclusive, by a person, including an individual, firm, corporation, association, partnership or joint venture, if the disclosure is made solely for that purpose. The provisions of this section apply to any person, including an individual, firm, corporation, association, partnership, or joint venture, and any employee or agent thereof, receiving information as a result of a disclosure authorized by this paragraph.

(A) A proposed or actual sale, merger, transfer, or exchange of all or a portion of a business or operating unit.

(B) A proposed or actual securitization or secondary market sale, including the sale of servicing rights.

(C) To provide information to insurance rate advisory organizations, guaranty funds or agencies, rating agencies, and other persons assessing compliance with industry standards.

(D) To protect against or to prevent actual or potential fraud and unauthorized transactions and claims and for institutional risk control activities.

(b) No unrelated use shall be made of a federal or state tax return or any information obtained therefrom or any information submitted with the return by a consumer in connection with a financial or other business-related transaction. "Unrelated use" means any use that is not necessary to effect, administer, or enforce the financial or other business-related transaction with the consumer or that is beyond the scope of the stated purpose to which the consumer consented for the use of the return or any other information he or she submitted.

(c) (1) For purposes of this section, the following definitions shall apply:

(A) "Affiliate" means any entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with, another entity.

(B) "Consumer" means an individual who requests or obtains financial or other business-related services.

(C) "Tax return" means a return, declaration, statement, refund claim, or other document required to be made or to be filed in connection with state or federal income taxes or state bank and corporation franchise taxes.

(2) A disclosure prohibited by this section includes a disclosure made internally within the entity or by that entity to any of its subsidiaries or affiliates.

(3) The information described in subdivision (a) includes that information obtained through an electronic medium.

(d) No person, including an individual, firm, corporation, association, partnership, or joint venture, or any employee or agent thereof, shall dispose of any of the information described in subdivision (a) in a manner in which the identity of the consumer may be determined from the disposed information alone or in combination with other publicly available information. This subdivision shall not become operative if Assembly Bill 2246 of the 1999–2000 Regular Session is enacted and becomes effective on or before January 1, 2001.

(e) The civil remedies in Chapter 3 (commencing with Section 1799.2) shall be applicable to a violation of this section. Each violation of this section shall constitute a separate cause of action for which damages are recoverable.

(f) The treatment of tax returns by tax preparers, as defined in Section 22251 of the Business and Professions Code, shall be governed by Section 17530.5 of the Business and Professions Code.

SEC. 6. Section 18621.7 is added to the Revenue and Taxation Code, to read:

18621.7. The Franchise Tax Board shall not approve for electronic filing any proprietary filing software or electronic tax preparation forms that require a taxpayer to consent to the disclosure of any information for which a consent to disclose is required by Section 17530.5 of the Business and Professions Code as a condition of access to that software or to those electronic tax preparation forms.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 1085

An act to amend and repeal Section 205.5 of, to add Sections 276.1, 276.2, and 276.3 to, and to repeal and add Section 276 of, the Revenue

and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 205.5 of the Revenue and Taxation Code, as amended by Section 17 of Chapter 1087 of the Statutes of 1996, is amended to read:

205.5. (a) Property that is owned by, and that constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed forty thousand dollars (\$40,000), if the veteran is blind in both eyes, has lost the use of two or more limbs, or is totally disabled as a result of injury or disease incurred in military service. The exemption shall be sixty thousand dollars (\$60,000) in the case of an eligible veteran whose household income does not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant fiscal year as provided in subdivision (g).

(b) For purposes of this section, "veteran" means either of the following:

(1) A veteran as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any residency requirement or limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(2) Any person who would qualify as a veteran pursuant to paragraph (1) except that he or she has, as a result of a service-connected injury or a disease that is service related as determined by the United States Department of Veterans Affairs, died while on active duty in military service.

(c) (1) Property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed forty thousand dollars (\$40,000) provided that either of the following conditions is met:

(A) The deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977.

(B) The veteran died from a disease that was service connected as determined by the United States Department of Veterans Affairs.

The exemption shall be sixty thousand dollars (\$60,000) in the case of an eligible unmarried surviving spouse whose household income does

not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(2) Property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran as described in paragraph (2) of subdivision (b) is exempt from taxation on that part of the full value of the residence that does not exceed forty thousand dollars (\$40,000). The forty-thousand-dollar (\$40,000) exemption shall be sixty thousand dollars (\$60,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(d) As used in this section, "property that is owned by a veteran" or "property that is owned by the veteran's unmarried surviving spouse" includes all of the following:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common, or as community property.

(2) Property owned by the veteran or the veteran's spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less, or concentric contraction of the visual field to 5 degrees or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Department of Veterans Affairs or the military service from which the veteran was discharged has rated the

disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(g) To determine, for taxes that attach as a lien in 2002 and in each calendar year thereafter, whether the lower or higher exemption amount governs the amount of an exemption under this section, each household income amount applied under subdivision (a) or (c) for taxes that attached a lien during the immediately preceding calendar year shall be adjusted by an inflation factor that is the percentage change, rounded to the nearest one-thousandth of 1 percent, from October of the prior fiscal year to October of the current fiscal year, in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

(h) This section shall become operative on January 1, 2001.

SEC. 1.5. Section 205.5 of the Revenue and Taxation Code, as amended by Section 16.5 of Chapter 1087 of the Statutes of 1996, is amended to read:

205.5. (a) Property that is owned by, and that constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars (\$100,000), if the veteran is blind in both eyes, has lost the use of two or more limbs, or if the veteran is totally disabled as a result of injury or disease incurred in military service. The one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible veteran whose household income does not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(b) For purposes of this section, "veteran" means either of the following:

(1) A veteran as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(2) Any person who would qualify as a veteran pursuant to paragraph (1) except that he or she has, as a result of a service-connected injury or disease died while on active duty in military service. The United States Department of Veterans Affairs shall determine whether an injury or disease is service connected.

(c) (1) Property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars (\$100,000), in the case of a veteran who was blind in both eyes, had lost the use of two or more limbs, or was totally disabled provided that either of the following conditions is met:

(A) The deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977.

(B) The veteran died from a disease that was service connected as determined by the United States Department of Veterans Affairs.

The one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(2) Commencing with the 1994–95 fiscal year, property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran as described in paragraph (2) of subdivision (b) is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars (\$100,000). The one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(d) As used in this section, “property that is owned by a veteran” or “property that is owned by the veteran’s unmarried surviving spouse” includes all of the following:

(1) Property owned by the veteran with the veteran’s spouse as a joint tenancy, tenancy in common or as community property.

(2) Property owned by the veteran or the veteran’s spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran’s spouse, or both the veteran and the veteran’s spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less, or concentric contraction of the visual field to 5 degrees or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Department of Veterans Affairs or the military service from which the veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(g) To determine, for taxes that attach as a lien in 2002 and in each calendar year thereafter, whether the lower or higher exemption amount governs the amount of an exemption under this section, each household income amount applied under subdivision (a) or (c) for taxes that attached as a lien during the immediately preceding calendar year shall be adjusted by an inflation factor that is the percentage change, rounded to the nearest one-thousandth of 1 percent, from October of the prior fiscal year to October of the current fiscal year, in the California

Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

SEC. 2. Section 205.5 of the Revenue and Taxation Code, as amended by Section 17 of Chapter 1087 of the Statutes of 1996, is repealed.

SEC. 3. Section 276 of the Revenue and Taxation Code is repealed.

SEC. 4. Section 276 is added to the Revenue and Taxation Code, to read:

276. (a) Except as otherwise provided by subdivision (b), for property for which the disabled veterans' exemption described in Section 205.5 was available, but for which a timely claim was not filed, a partial exemption shall be applied in accordance with whichever of the following is applicable:

(1) Ninety percent of any tax, including any interest or penalty thereon, levied upon that portion of the assessed value of the property that would have been exempt under a timely and appropriate claim shall be canceled or refunded, provided that an appropriate claim for exemption is filed after 5 p.m. on February 15 of the calendar year in which the fiscal year begins but on or before the following December 10.

(2) If an appropriate claim for exemption is filed after the time period specified in paragraph (1), 85 percent of that portion of any tax, including any interest or penalty thereon, that was levied upon that portion of the assessed value of the property that would have been exempt under a timely and appropriate claim, shall be canceled or refunded. Cancellations or refunds made or issued under this paragraph are subject to the limitations periods on refunds as described in Section 5096.

(b) If a late filed claim for the sixty-thousand-dollar (\$60,000) exemption is filed in conjunction with a timely filed claim for the forty-thousand-dollar (\$40,000) exemption, or if a late filed claim for the one-hundred-fifty-thousand dollar (\$150,000) exemption is filed in conjunction with a timely filed claim for the one-hundred-thousand-dollar (\$100,000) exemption, the amount of any exemption allowed under the late-filed claim under subdivision (a) shall be determined on the basis of that portion of the exemption amount, otherwise available under subdivision (a), that exceeds forty thousand dollars (\$40,000) or one hundred thousand dollars (\$100,000), as applicable.

(c) For those claims filed pursuant to subdivision (a) after November 15, the exemption under that subdivision may be applied to the second installment. If that exemption is so applied, the first installment is still delinquent on December 10, and is subject to delinquent penalties provided for in this division if that installment is not timely paid. A refund shall be made to the taxpayer upon a claim submitted to the

auditor if the exemption is applied to the second installment and either of the following is true:

- (1) Both installments are paid on or before December 10.
- (2) The reduction in taxes resulting from the exemption exceeds the amount of taxes due on the second installment.

SEC. 5. Section 276.1 is added to the Revenue and Taxation Code, to read:

276.1. For property for which the disabled veterans' exemption described in Section 205.5 would have been available but for the taxpayer's failure to receive a timely disability rating from the United States Department of Veterans Affairs (USDVA), there shall be canceled or refunded the amount of any taxes, including any interest and penalties thereon, levied on that portion of the assessed value of the property that would have been exempt under a timely and appropriate claim, provided that the claimant meets both of the following conditions:

(a) The claimant had an application pending with the USDVA for a disability rating and subsequently received a rating that qualifies the claimant for the disabled veterans' exemption described in Section 205.5.

(b) The claimant subsequently files an appropriate claim for the disabled veterans' exemption described in Section 205.5 on or before the next following lien date.

SEC. 6. Section 276.2 is added to the Revenue and Taxation Code, to read:

276.2. If the disabled veterans' exemption as described in Section 205.5 would have been available for a property, but for that property being acquired by a person eligible for the exemption only after the lien date, and an appropriate application for that exemption is filed on or before the lien date in the calendar year next following the calendar year in which the property was acquired, there shall be canceled or refunded the amount of any taxes, including any interest and penalties thereon, levied on that portion of the assessed value of the property that would have been exempt under a timely and appropriate application.

SEC. 7. Section 276.3 is added to the Revenue and Taxation Code, to read:

276.3. In the event that property receiving a disabled veterans' exemption as described in Section 205.5 is sold or otherwise transferred to a person that is not eligible for that exemption, the exemption shall cease to apply on the date of that sale or transfer.

SEC. 8. Sections 1.5 and 2 of this bill incorporate amendments to Section 205.5 of the Revenue and Taxation Code proposed by both this bill and SB 2195. Sections 1.5 and 2 of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 205.5 of the Revenue and

Taxation Code, and (3) this bill is enacted after SB 2195, in which case Section 1 of this bill shall not become operative.

SEC. 9. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 10. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1086

An act to amend and repeal Section 205.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 205.5 of the Revenue and Taxation Code, as amended by Section 16.5 of Chapter 1087 of the Statutes of 1996, is amended to read:

205.5. (a) Property that is owned by, and that constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed forty thousand dollars (\$40,000), if the veteran is blind in both eyes or has lost the use of two or more limbs as a result of injury or disease incurred in military service or that does not exceed one hundred thousand dollars (\$100,000), if the veteran is totally disabled as a result of injury or disease incurred in military service. The forty-thousand-dollar (\$40,000) exemption shall be sixty thousand dollars (\$60,000), and the one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible veteran whose household income as defined in Section 20504 does not exceed the amounts specified in Section 20585.

(b) For purposes of this section, "veteran" means either of the following:

(1) A veteran as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(2) Any person who would qualify as a veteran pursuant to paragraph (1) except that he or she has, as a result of a service-connected injury or

disease died while on active duty in military service. The United States Department of Veterans Affairs shall determine whether an injury or disease is service connected.

(c) (1) Property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed forty thousand dollars (\$40,000), in the case of a veteran who was blind in both eyes or had lost the use of two or more limbs, or one hundred thousand dollars (\$100,000), in the case of a veteran who was totally disabled provided that either of the following conditions is met:

(A) The deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977.

(B) The veteran died from a disease that was service connected as determined by the United States Department of Veterans Affairs.

The forty-thousand-dollar (\$40,000) exemption shall be sixty thousand dollars (\$60,000), and the one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible unmarried surviving spouse whose household income as specified in Section 20504 does not exceed the amounts specified in Section 20585.

(2) Commencing with the 1994–95 fiscal year, property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran as described in paragraph (2) of subdivision (b) is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars (\$100,000). The one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible unmarried surviving spouse whose household income as specified in Section 20504 does not exceed the amounts specified in Section 20585.

(d) As used in this section, “property that is owned by a veteran” or “property that is owned by the veteran’s unmarried surviving spouse” includes all of the following:

(1) Property owned by the veteran with the veteran’s spouse as a joint tenancy, tenancy in common, or as community property.

(2) Property owned by the veteran or the veteran’s spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran’s spouse, or both the veteran and the veteran’s spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Department of Veterans Affairs or the military service from which the veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

SEC. 1.5. Section 205.5 of the Revenue and Taxation Code, as amended by Section 16.5 of Chapter 1087 of the Statutes of 1996, is amended to read:

205.5. (a) Property that is owned by, and that constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars (\$100,000), if the veteran is blind in both eyes, has lost the use of two or more limbs, or if the veteran is totally disabled as a result of injury or disease incurred in military service. The

one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible veteran whose household income does not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(b) For purposes of this section, “veteran” means either of the following:

(1) A veteran as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran’s spouse.

(2) Any person who would qualify as a veteran pursuant to paragraph (1) except that he or she has, as a result of a service-connected injury or disease died while on active duty in military service. The United States Department of Veterans Affairs shall determine whether an injury or disease is service connected.

(c) (1) Property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars (\$100,000), in the case of a veteran who was blind in both eyes, had lost the use of two or more limbs, or was totally disabled provided that either of the following conditions is met:

(A) The deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977.

(B) The veteran died from a disease that was service connected as determined by the United States Department of Veterans Affairs.

The one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(2) Commencing with the 1994–95 fiscal year, property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran as described in paragraph (2) of subdivision (b) is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars (\$100,000). The one-hundred-thousand-dollar (\$100,000) exemption shall be one hundred fifty thousand dollars (\$150,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars (\$40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(d) As used in this section, “property that is owned by a veteran” or “property that is owned by the veteran’s unmarried surviving spouse” includes all of the following:

(1) Property owned by the veteran with the veteran’s spouse as a joint tenancy, tenancy in common, or as community property.

(2) Property owned by the veteran or the veteran’s spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran’s spouse, or both the veteran and the veteran’s spouse.

(4) Property owned by the veteran’s unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran’s unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran’s unmarried surviving spouse when the veteran, or the veteran’s spouse, or the veteran’s unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less, or concentric contraction of the visual field to 5 degrees or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Department of Veterans Affairs or the military service from which the veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran’s exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this

section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(g) To determine, for taxes that attach as a lien in 2002 and in each calendar year thereafter, whether the lower or higher exemption amount governs the amount of an exemption under this section, each household income amount applied under subdivision (a) or (c) for taxes that attached as a lien during the immediately preceding calendar year shall be adjusted by an inflation factor that is the percentage change, rounded to the nearest one-thousandth of 1 percent, from October of the prior fiscal year to October of the current fiscal year, in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

SEC. 2. Section 205.5 of the Revenue and Taxation Code, as amended by Section 17 of Chapter 1087 of the Statutes of 1996, is repealed.

SEC. 3. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 205.5 of the Revenue and Taxation code proposed by both this bill and Senate Bill 1362. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 205.5 of the Revenue and Taxation Code, and (3) this bill is enacted after Senate Bill 1362, in which case Section 1 of this bill shall not become operative.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1087

An act to add Article 6 (commencing with Section 8840) to Chapter 10 of Division 1 of Title 2 of the Government Code, relating to public broadcasting, and making an appropriation therefor.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

I am signing Senate Bill 2012. However, I am reducing the appropriation from \$5 million to \$2 million.

This bill authorizes grants to public television stations and radio broadcast stations to be administered by the Office of Emergency Services (OES), to purchase and install digital broadcasting equipment. I sustained \$5 million in the 2000 Budget Act for this purpose,

and I understand there is a \$5 million federal appropriation for this purpose pending congressional action.

Therefore, I am reducing the appropriation contained in this bill to \$2 million in anticipation of approval of federal funds to facilitate the conversion to digital broadcasting.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The federally mandated conversion to digital broadcasting provides significant opportunities to the state for the dissemination of critical information to its citizens.

(b) The development and implementation of new technologies in broadcasting, including high definition television (HDTV), by California's public broadcasting systems, will provide at least one channel for preemptive use for the broadcasting of emergency management and public safety information. The public broadcasting networks provide the opportunity for the State of California, through the Governor's Office of Emergency Services, to provide emergency information to the deaf, the hearing impaired, non-English-speaking persons, and all Californians for both statewide and regional disasters. The technology may even be capable of addressing messages to specific ZIP Codes within a public broadcasting service area.

(c) The Office of Emergency Services has been directed by the Legislature to provide timely and current emergency information to the deaf, hearing-impaired, and non-English-speaking public, and to this end is committed to making information available to broadcasters that can be converted efficiently to captioning, and has cooperated in the establishment of many communication programs, including, but not limited to, both of the following:

(1) The Emergency Alert System (EAS) and the broadcast of EAS alerts by the communication broadcasters in California.

(2) The Emergency Digital Information System (EDIS), which uses computer technology to gather, deliver, and display emergency information from official agencies to the media and thence to the public.

(d) The Legislature recognizes that the use of both EAS and EDIS by broadcasters is only voluntary.

(e) The Legislature has directed the Office of Emergency Services to encourage local public safety and emergency management agencies to provide emergency information for the deaf, hearing-impaired, and non-English-speaking populations in California.

(f) With enabling funding, public broadcasting stations, through the use of EAS, EDIS, and information from the Office of Emergency

Services and other sources, may produce and broadcast this information to enhance the public safety of all Californians.

(g) The use of public funds for enhancing the conversion of public broadcasting systems in California to digital broadcasting constitutes a public purpose resulting in a public benefit. Therefore, it is the intent of the Legislature that the use of funds for this purpose pursuant to this act shall not be construed to be gifts of public funds in violation of Section 6 of Article XVI of the California Constitution.

SEC. 2. Article 6 (commencing with Section 8840) is added to Chapter 10 of Division 1 of Title 2 of the Government Code, to read:

Article 6. Emergency Broadcasting Grant Program

8840. For purposes of this article, “eligible radio station” means a radio station that, at the time of applying for a grant under this article, meets both of the following requirements:

(a) It has met all of the following requirements for a period of two years unless another time is specified:

(1) It is licensed by the Federal Communications Commission as a noncommercial educational station, or is operating under program test authority pending the grant of a license.

(2) It has its community of license and principal administrative offices in this state and is not owned, controlled, managed, or primarily financed by any corporation or entity outside of this state.

(3) It provides a program service that meets the requirements for a Community Service Grant from the Corporation for Public Broadcasting.

(4) It provides significant locally originated programming in its community of license.

(5) It broadcasts not less than 15 hours per day, 365 days per year.

(6) It participates in statewide public broadcasting projects.

(7) It has provided, prior to its application for a grant under this article, an audited financial statement for the years on which the grant is based.

(8) It does either of the following:

(A) Meets the criteria for receipt of a Community Service Grant from the Corporation for Public Broadcasting that were in effect on June 30, 1995.

(B) Two months prior to applying for a grant, the station has a full-time staff of at least one professional paid not less than the California minimum wage, and is certified by the council as providing a needed service to its community of license.

(b) It enters into a permanent agreement with the Office of Emergency Services to dedicate, as necessary, a broadcast channel for the provision

of emergency information, to broadcast that information, and to ensure that it is presented in a format that makes it accessible to the deaf, hearing-impaired, and non-English-speaking populations throughout its broadcast area, including rural and isolated populations.

8841. For purposes of this article, “eligible television station” means a television station that, at the time of applying for a grant under this article, unless another time is specified, meets all of the following requirements:

(a) It has met all of the following requirements for a period of two years:

(1) It is licensed by the Federal Communications Commission as a noncommercial educational television station, or is operating under program test authority pending the grant of a license.

(2) It has its community of license and principal administrative offices in this state, and is not owned, controlled, managed, or primarily financed by any corporation or entity outside of this state.

(3) It provides a program service that meets the requirements for a Community Service Grant from the Corporation for Public Broadcasting.

(4) It provides substantial and significant locally originated programming in its community of license.

(5) It broadcasts not less than 2,500 hours per year.

(6) It participates in statewide public broadcasting projects.

(7) It meets the criteria for receipt of a Community Service Grant or base grant from the Corporation for Public Broadcasting that were in effect on June 30, 1994.

(8) It has provided, prior to its application for a grant under this article, an audited financial statement for the years on which the grant is based.

(b) It enters into a permanent agreement with the Office of Emergency Services to dedicate, as necessary, a broadcast channel for the provision of emergency information, to broadcast that information, and to ensure that it is presented in a format that makes it accessible to the deaf, hearing-impaired, and non-English-speaking populations throughout its broadcast area, including rural and isolated populations.

(c) At the time of disbursement of the funds, it certifies in writing by the station manager or an officer of the licensee that it has in its public file a plan to address the needs of significant linguistic minorities in its service area.

8842. For the purposes of this article, “nonfederal financial support” means the total sum of revenues from nonfederal sources derived by a licensee in a fiscal year and reported in an audited financial statement thereof, and does not include in-kind services, funds received for the purpose of constructing or remodeling a building, funds received

from other public broadcasting stations or networks for the production of programming or for other services to those stations or networks, or funds provided to stations under this chapter. Interest income generated from any source may be included in “nonfederal financial support.”

8843. For purposes of this article, “station” or “public broadcasting station” means any eligible radio or television station.

8844. (a) Recognizing the necessity of converting California stations to the technologies of digital broadcasting, the Legislature intends that funds may be appropriated to the Office of Emergency Services for the purchase of equipment by eligible stations, the installation of that equipment, or purchase of other materials related to that equipment, pursuant to this article.

(b) The office shall solicit applications for grant funds from eligible stations throughout the state, and shall allocate funds appropriated pursuant to subdivision (a) as follows:

(1) Seventy-five percent of any equipment purchase funds appropriated pursuant to subdivision (a) shall be placed in an equipment grant pool for eligible television stations, and 25 percent shall be placed in an equipment grant pool for eligible radio stations.

(2) Fifty percent of the funds in each grant pool shall be divided equally among the stations in that grant pool.

(3) The remaining 50 percent of the funds in each grant pool shall be divided among stations in that grant pool in proportion to their nonfederal financial support.

(c) (1) Funds provided under this section shall be granted on a matching basis, with each station required to raise from other sources an amount equal to the funds provided to it under this section.

(2) If any funds remain in either grant pool because of the limitations set forth in paragraph (1), the remaining funds shall be returned to the same pool for distribution to other stations that have raised the required matching funds, in amounts proportionate to the nonfederal financial support of those stations.

8846. It is the intent of the Legislature that any funds provided to stations under this article shall supplement, rather than supplant, funds provided from other sources. To that end, institutions that have heretofore provided funding to stations licensed to them shall certify, in applying for grants, that they have not previously and will not in the future use funds provided under this chapter to supplant institutional support of their stations.

SEC. 3. The sum of five million dollars (\$5,000,000) is hereby appropriated from the General Fund to the Office of Emergency Services without regard to fiscal years for the purposes of the grant program established pursuant to Article 6 (commencing with Section 8840) of

Chapter 10 of Division 1 of Title 2 of the Government Code, as added by Section 2 of this act.

CHAPTER 1088

An act to amend Section 14005.81 of, and to add Sections 14005.31, 14005.32, 14005.33, 14005.34, 14005.35, 14005.36, 14005.37, 14005.38, and 14005.39 to, the Welfare and Institutions Code, relating to health.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 14005.31 is added to the Welfare and Institutions Code, to read:

14005.31. (a) (1) Subject to paragraph (2), for any person whose eligibility for benefits under Section 14005.30 has been determined with a concurrent determination of eligibility for cash aid under Chapter 2 (commencing with Section 11200), loss of eligibility or termination of cash aid under Chapter 2 (commencing with Section 11200) shall not result in a loss of eligibility or termination of benefits under Section 14005.30 absent the existence of a factor that would result in loss of eligibility for benefits under Section 14005.30 for a person whose eligibility under Section 14005.30 was determined without a concurrent determination of eligibility for benefits under Chapter 2 (commencing with Section 11200).

(2) Notwithstanding paragraph (1), a person whose eligibility would otherwise be terminated pursuant to that paragraph shall not have his or her eligibility terminated until the transfer procedures set forth in Section 14005.32 or the redetermination procedures set forth in Section 14005.37 and all due process requirements have been met.

(b) The department shall, in consultation with the counties and representatives of consumers, managed care plans, and Medi-Cal providers, prepare a simple, clear, consumer-friendly notice, which shall be used by the counties in order to inform Medi-Cal beneficiaries whose eligibility for cash aid under Chapter 2 (commencing with Section 11200) has ended, but whose eligibility for benefits under Section 14005.30 continues pursuant to subdivision (a), that their benefits will continue. To the extent feasible, the notice shall be sent out at the same time as the notice of discontinuation of cash aid, and shall include all of the following:

(1) A statement that Medi-Cal benefits will continue even though cash aid under the CalWORKs program has been terminated.

(2) A statement that continued receipt of Medi-Cal benefits will not be counted against any time limits in existence for receipt of cash aid under the CalWORKs program.

(3) A statement that the Medi-Cal beneficiary does not need to fill out monthly or quarterly status reports in order to remain eligible for Medi-Cal, but shall be required to submit an annual reaffirmation form. The notice shall remind individuals whose cash aid ended under the CalWORKs program as a result of not submitting a status report that he or she should review his or her circumstances to determine if changes have occurred that should be reported to the Medi-Cal eligibility worker.

(4) A statement describing the responsibility of the Medi-Cal beneficiary to report to the county, within 10 days, significant changes that may affect eligibility.

(5) A telephone number to call for more information.

(6) A statement that the Medi-Cal beneficiary's eligibility worker will not change, or, if the case has been reassigned, the new worker's name, address, and telephone number, and the hours during which the county's eligibility workers can be contacted.

(c) This section shall be implemented on or before July 1, 2001, but only to the extent that federal financial participation under Title XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 1396 and following) is available.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall, without taking any regulatory action, implement this section by means of all county letters or similar instructions. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Comprehensive implementing instructions shall be issued to the counties no later than March 1, 2001.

SEC. 2. Section 14005.32 is added to the Welfare and Institutions Code, to read:

14005.32. (a) (1) If the county has evidence clearly demonstrating that a beneficiary is not eligible for benefits under this chapter pursuant to Section 14005.30, but is eligible for benefits under this chapter pursuant to other provisions of law, the county shall transfer the individual to the corresponding Medi-Cal program. Eligibility under Section 14005.30 shall continue until the transfer is complete.

(2) The department, in consultation with the counties and representatives of consumers, managed care plans, and Medi-Cal providers, shall prepare a simple, clear, consumer-friendly notice to be used by the counties, to inform beneficiaries that their Medi-Cal benefits

have been transferred pursuant to paragraph (1) and to inform them about the program to which they have been transferred. To the extent feasible, the notice shall be issued with the notice of discontinuance from cash aid, and shall include all of the following:

(A) A statement that Medi-Cal benefits will continue under another program, even though aid under Chapter 2 (commencing with Section 11200) has been terminated.

(B) The name of the program under which benefits will continue, and an explanation of that program.

(C) A statement that continued receipt of Medi-Cal benefits will not be counted against any time limits in existence for receipt of cash aid under the CalWORKs program.

(D) A statement that the Medi-Cal beneficiary does not need to fill out monthly or quarterly status reports in order to remain eligible for Medi-Cal, but shall be required to submit an annual reaffirmation form. In addition, if the person or persons to whom the notice is directed has been found eligible for transitional Medi-Cal as described in Section 14005.8, 14005.81, or 14005.85, the statement shall explain the reporting requirements and duration of benefits under those programs, and shall further explain that, at the end of the duration of these benefits, a redetermination, as provided for in Section 14005.37 shall be conducted to determine whether benefits are available under any other provision of law.

(E) A statement describing the beneficiary's responsibility to report to the county, within 10 days, significant changes that may affect eligibility or share of cost.

(F) A telephone number to call for more information.

(G) A statement that the beneficiary's eligibility worker will not change, or, if the case has been reassigned, the new worker's name, address, and telephone number, and the hours during which the county's Medi-Cal eligibility workers can be contacted.

(b) No later than September 1, 2001, the department shall submit a federal waiver application seeking authority to eliminate the reporting requirements imposed by transitional medicaid under Section 1925 of the federal Social Security Act (Title 42 U.S.C. Sec. 1396r-6).

(c) This section shall be implemented on or before July 1, 2001, but only to the extent that federal financial participation under Title XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 1396 and following) is available.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall, without taking any regulatory action, implement this section by means of all county letters or similar instructions. Thereafter, the department shall adopt regulations in accordance with the requirements

of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Comprehensive implementing instructions shall be issued to the counties no later than March 1, 2001.

SEC. 3. Section 14005.33 is added to the Welfare and Institutions Code, to read:

14005.33. (a) If a Medi-Cal beneficiary's Medi-Cal eligibility worker is changed, notice shall be sent to the beneficiary within 10 days of the change. This notice shall include the worker's name, address, and telephone number, and the beneficiary's Medi-Cal case number, and hours during which the county's Medi-Cal eligibility workers may be contacted by the beneficiary.

(b) This section shall be implemented on or before July 1, 2001.

SEC. 4. Section 14005.34 is added to the Welfare and Institutions Code, to read:

14005.34. (a) For an individual whose cash aid was terminated pursuant to Chapter 2 (commencing with Section 11200), but whose Medi-Cal eligibility was continued either pursuant to subdivision (a) of Section 14005.31 or pursuant to a transfer of eligibility under Section 14005.32, the Medi-Cal beneficiary's annual reaffirmation date under Section 14012 shall be no earlier than 12 months from the date on which the most recent annual CalWORKs cash aid eligibility determination was conducted, or, if no such determination was conducted, 12 months from the date cash aid was granted.

(b) This section shall be implemented on or before July 1, 2001, but only to the extent that federal financial participation under Title XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 1396 and following) is available.

(c) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall, without taking any regulatory action, implement this section by means of all county letters or similar instructions. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Comprehensive implementing instructions shall be issued to the counties no later than March 1, 2001.

SEC. 5. Section 14005.35 is added to the Welfare and Institutions Code, to read:

14005.35. (a) The department, in consultation with the counties and representatives of consumers, managed care plans, and Medi-Cal providers, shall study the feasibility of adopting a mechanism whereby, to the extent federal financial participation is available, a Medi-Cal managed care plan shall be notified whenever the eligibility of a Medi-Cal beneficiary enrolled in that plan is being redetermined,

including notice of the date upon which any forms must be submitted to the county by the beneficiary.

SEC. 6. Section 14005.36 is added to the Welfare and Institutions Code, to read:

14005.36. (a) The county shall undertake outreach efforts to beneficiaries receiving benefits under this chapter, in order to maintain the most up-to-date home addresses, telephone numbers, and other necessary contact information, and to encourage and assist with timely submission of the annual reaffirmation form, and, when applicable, transitional Medi-Cal program reporting forms and to facilitate the Medi-Cal redetermination process when one is required as provided in Section 14005.37. In implementing this subdivision, a county may collaborate with community-based organizations, provided that confidentiality is protected.

(b) The department shall encourage and facilitate efforts by managed care plans to report updated beneficiary contact information to counties.

(c) The department and each county shall incorporate, in a timely manner, updated contact information received from managed care plans pursuant to subdivision (b) into the beneficiary's Medi-Cal case file and into all systems used to inform plans of their beneficiaries' enrollee status. Updated Medi-Cal beneficiary contact information shall be limited to the beneficiary's telephone number, change of address information, and change of name. The county may attempt to verify that the information it receives from the plan is accurate before updating the beneficiary's case file. The department shall develop a consent form that may be used by the counties to record the beneficiary's consent to use the information received from a managed care plan to update the beneficiary's file.

(d) This section shall be implemented on or before July 1, 2001, but only to the extent that federal financial participation under Title XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 1396 and following) is available.

(e) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall, without taking any regulatory action, implement this section by means of all county letters or similar instructions. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Comprehensive implementing instructions shall be issued to the counties no later than March 1, 2001.

SEC. 7. Section 14005.37 is added to the Welfare and Institutions Code, to read:

14005.37. (a) Except as provided in Section 14005.39, whenever a county receives information about changes in a beneficiary's

circumstances that may affect eligibility for Medi-Cal benefits, the county shall promptly redetermine eligibility. The procedures for redetermining Medi-Cal eligibility described in this section shall apply to all Medi-Cal beneficiaries.

(b) Loss of eligibility for cash aid under that program shall not result in a redetermination under this section unless the reason for the loss of eligibility is one that would result in the need for a redetermination for a person whose eligibility for Medi-Cal under Section 14005.30 was determined without a concurrent determination of eligibility for cash aid under the CalWORKs program.

(c) A loss of contact, as evidenced by the return of mail marked in such a way as to indicate that it could not be delivered to the intended recipient or that there was no forwarding address, shall require a prompt redetermination according to the procedures set forth in this section.

(d) Except as otherwise provided in this section, Medi-Cal eligibility shall continue during the redetermination process described in this section. A Medi-Cal beneficiary's eligibility shall not be terminated under this section until the county makes a specific determination based on facts clearly demonstrating that the beneficiary is no longer eligible for Medi-Cal under any basis and due process rights guaranteed under this division have been met.

(e) For purposes of acquiring information necessary to conduct the eligibility determinations described in subdivisions (a) to (d), inclusive, a county shall make every reasonable effort to gather information available to the county that is relevant to the beneficiary's Medi-Cal eligibility prior to contacting the beneficiary. Sources for these efforts shall include, but are not limited to, Medi-Cal, CalWORKs, and Food Stamp Program case files of the beneficiary or of any of his or her immediate family members, which are open or were closed within the last 45 days, and wherever feasible, other sources of relevant information reasonably available to the counties.

(f) If a county cannot obtain information necessary to redetermine eligibility pursuant to subdivision (e), the county shall attempt to reach the beneficiary by telephone in order to obtain this information, either directly or in collaboration with community-based organizations so long as confidentiality is protected.

(g) If a county's efforts pursuant to subdivisions (e) and (f) to obtain the information necessary to redetermine eligibility have failed, the county shall send to the beneficiary a form, which shall highlight the information needed to complete the eligibility determination. The county shall not request information or documentation that has been previously provided by the beneficiary, that is not absolutely necessary to complete the eligibility determination, or that is not subject to change. The form shall be accompanied by a simple, clear, consumer-friendly

cover letter, which shall explain why the form is necessary, the fact that it is not necessary to be receiving CalWORKs benefits to be receiving Medi-Cal benefits, the fact that receipt of Medi-Cal benefits does not count toward any time limits imposed by the CalWORKs program, the various bases for Medi-Cal eligibility, including disability, and the fact that even persons who are employed can receive Medi-Cal benefits. The cover letter shall include a telephone number to call in order to obtain more information. The form and the cover letter shall be developed by the department in consultation with the counties and representatives of consumers, managed care plans, and Medi-Cal providers. A Medi-Cal beneficiary shall have no less than 20 days from the date the form is mailed pursuant to this subdivision to respond. Except as provided in subdivision (h), failure to respond prior to the end of this 20-day period shall not impact his or her Medi-Cal eligibility.

(h) If the purpose for a redetermination under this section is a loss of contact with the Medi-Cal beneficiary, as evidenced by the return of mail marked in such a way as to indicate that it could not be delivered to the intended recipient or that there was no forwarding address, a return of the form described in subdivision (g) marked as undeliverable shall result in an immediate notice of action terminating Medi-Cal eligibility.

(i) If, within 20 days of the date of mailing of a form to the Medi-Cal beneficiary pursuant to subdivision (g), a beneficiary does not submit the completed form to the county, the county shall send the beneficiary a written notice of action stating that his or her eligibility shall be terminated 10 days from the date of the notice and the reasons for that determination, unless the beneficiary submits a completed form prior to the end of the 10-day period.

(j) If, within 20 days of the date of mailing of a form to the Medi-Cal beneficiary pursuant to subdivision (g), the beneficiary submits an incomplete form, the county shall attempt to contact the beneficiary by telephone and in writing to request the necessary information. If the beneficiary does not supply the necessary information to the county within 10 days from the date the county contacts the beneficiary in regard to the incomplete form, a 10-day notice of termination of Medi-Cal eligibility shall be sent.

(k) If, within 30 days of termination of a Medi-Cal beneficiary's eligibility pursuant to subdivision (h), (i), or (j), the beneficiary submits to the county a completed form, eligibility shall be determined as though the form was submitted in a timely manner and if a beneficiary is found eligible, the termination under subdivision (h), (i), or (j) shall be rescinded.

(l) If the information reasonably available to the county pursuant to the redetermination procedures of subdivisions (d), (e), (g), and (m) does

not indicate a basis of eligibility, Medi-Cal benefits may be terminated so long as due process requirements have otherwise been met.

(m) The department shall, with the counties and representatives of consumers, including those with disabilities, and Medi-Cal providers, develop a timeframe for redetermination of Medi-Cal eligibility based upon disability, including ex parte review, the redetermination form described in subdivision (g), timeframes for responding to county or state requests for additional information, and the forms and procedures to be used. The forms and procedures shall be as consumer-friendly as possible for people with disabilities. The timeframe shall provide a reasonable and adequate opportunity for the Medi-Cal beneficiary to obtain and submit medical records and other information needed to establish eligibility for Medi-Cal based upon disability.

(n) This section shall be implemented on or before July 1, 2001, but only to the extent that federal financial participation under Title XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 1396 and following) is available.

(o) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall, without taking any regulatory action, implement this section by means of all county letters or similar instructions. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Comprehensive implementing instructions shall be issued to the counties no later than March 1, 2001.

SEC. 8. Section 14005.38 is added to the Welfare and Institutions Code, to read:

14005.38. To the extent feasible, the department shall use the redetermination form required by subdivision (g) of Section 14005.37 as the annual reaffirmation form.

SEC. 9. Section 14005.39 is added to the Welfare and Institutions Code, to read:

14005.39. (a) If a county has facts clearly demonstrating that a Medi-Cal beneficiary cannot be eligible for Medi-Cal due to an event, such as death or change of state residency, Medi-Cal benefits shall be terminated without a redetermination under Section 14005.37.

(b) Whenever Medi-Cal eligibility is terminated without a redetermination, as provided in subdivision (a), the Medi-Cal eligibility worker shall document that fact or event causing the eligibility termination in the beneficiary's file, along with a written certification that a full redetermination could not result in a finding of Medi-Cal eligibility. Following this written certification, a notice of action specifying the basis for termination of Medi-Cal eligibility shall be sent to the beneficiary.

(c) This section shall be implemented on or before July 1, 2001, but only to the extent that federal financial participation under Title XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 1396 and following) is available.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall, without taking any regulatory action, implement this section by means of all county letters or similar instructions. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Comprehensive implementing instructions shall be issued to the counties no later than March 1, 2001.

SEC. 10. Section 14005.81 of the Welfare and Institutions Code is amended to read:

14005.81. (a) Effective October 1, 1998, in addition to the two six-month periods of transitional Medi-Cal benefits provided in Section 14005.8, the state shall fund and provide one additional 12-month period of transitional Medi-Cal to persons age 19 years and older who have received 12 months of transitional Medi-Cal under Section 14005.8 and who continue to meet the requirements applicable to the additional six-month extension period provided for in Section 14005.8, except that once a beneficiary has been determined eligible for an additional 12 months of Medi-Cal benefits under this section, the beneficiary shall not be required to submit the status reports imposed by federal law. The benefits provided under this section shall commence on the day following the last day of receipt of benefits under Section 14005.8.

(b) In the case of an alien who has received 12 months of transitional Medi-Cal under Section 14005.8, the benefits provided under this section shall be limited to those benefits that would be available to that person under Section 14005.8.

(c) It is the intent of the Legislature that the department seek a mechanism for securing federal financial participation in connection with pregnancy-related benefits provided under this section.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1089

An act to add Section 12926.1 to the Insurance Code, relating to insurance.

[Approved by Governor September 30, 2000. Filed with Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 12926.1 is added to the Insurance Code, to read:

12926.1. (a) In any matter involving compliance with or enforcement of any of the provisions of this code or the other laws of this state involving any entity subject to the jurisdiction or authority of the commissioner, whether the matter is a formal administrative accusation or adjudication, a formal or potential judicial action, or other enforcement tool, and whether or not the matter is settled or prosecuted to resolution, the use of any funds that are imposed as fines or penalties of any sort, or collected by means of settlement, or paid or reserved in any manner as a result of the action, shall be subject to the limitations of this section.

(b) Fines, penalties, fees, and costs shall be deposited in the appropriate fund as provided by law.

(c) Any funds ordered, or allocated by a settlement, to be used for public outreach of any sort, shall be subject to all of the following limitations:

(1) The commissioner's name, likeness, or voice shall not be used in any printed, audio, or visual material that is released either for general distribution or to specific recipients unless a court finds good cause to do so.

(2) The message shall be limited to information relevant to the enforcement action or compliance issues that generated the funds.

(3) The primary focus of any public outreach where the purpose is to advise members of the public of rights affecting pecuniary or property interests shall be to provide specific information needed by the affected persons to obtain or protect those rights.

(4) No funds subject to this subdivision shall be used for general education of the public about insurance issues, except to the extent that the education relates to the type of violations that caused the enforcement or compliance action, and otherwise complies with the limitations of this section.

(5) No funds subject to this subdivision shall be spent or otherwise disposed of unless the expenditure or disposal has been approved by a court of competent jurisdiction.

(d) (1) This section may be enforced by an affected individual with an interest in the matter or a policyholder of an insurer that is a party to a settlement with the department, a city attorney, a district attorney, or the Attorney General, who may bring an action against the commissioner in the superior court in any county where a violation of this section has occurred.

(2) A court may issue injunctions or provide other equitable remedies as appear to the court to be appropriate, and shall order payment by the commissioner from nonpublic funds to a prevailing party who has brought an action under this section of an amount sufficient to compensate the party for all attorneys' fees, costs of litigation, and expenses incurred in bringing and prosecuting the action. For the purposes of this section, "nonpublic funds" does not include assets of an insurer or other party to a settlement that are not part of a valid and voluntary settlement with the department or commissioner.

(e) The commissioner may not increase fees or assessments against insurers in order to comply with this section.

CHAPTER 1090

An act to add Section 340.9 to the Code of Civil Procedure, relating to insurers.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 340.9 is added to the Code of Civil Procedure, to read:

340.9. (a) Notwithstanding any other provision of law or contract, any insurance claim for damages arising out of the Northridge earthquake of 1994 which is barred as of the effective date of this section solely because the applicable statute of limitations has or had expired is hereby revived and a cause of action thereon may be commenced provided that the action is commenced within one year of the effective date of this section. This subdivision shall only apply to cases in which an insured contacted an insurer or an insurer's representative prior to January 1, 2000, regarding potential Northridge earthquake damage.

(b) Any action pursuant to this section commenced prior to, or within one year from, the effective date of this section shall not be barred based upon this limitations period.

(c) Nothing in this section shall be construed to alter the applicable limitations period of an action that is not time barred as of the effective date of this section.

(d) This section shall not apply to either of the following:

(1) Any claim that has been litigated to finality in any court of competent jurisdiction prior to the effective date of this section.

(2) Any written compromised settlement agreement which has been made between an insurer and its insured where the insured was represented by counsel admitted to the practice of law in California at the time of the settlement, and who signed the agreement.

CHAPTER 1091

An act to amend Sections 12921 and 12975.7 of the Insurance Code, relating to insurance.

[Approved by Governor September 30, 2000. Filed with
Secretary of State September 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 12921 of the Insurance Code is amended to read:

12921. (a) The commissioner shall perform all duties imposed upon him or her by the provisions of this code and other laws regulating the business of insurance in this state, and shall enforce the execution of those provisions and laws.

(b) In an administrative action to enforce the provisions of this code and other laws regulating the business of insurance in this state, any settlement is subject to all of the following:

(1) The commissioner may delegate the power to negotiate the terms and conditions of a settlement but the commissioner may not delegate the power to approve the settlement.

(2) Unless specifically provided for in a provision of this code, the commissioner may not agree to any of the following:

(A) That the respondent contribute, deposit, or transfer any moneys or other resources to a nonprofit entity.

(B) That a respondent contribute, deposit, or transfer any fine, penalty, assessment, cost, or fee except to the commissioner for deposit in the appropriate state fund pursuant to Section 12975.7.

(C) That the commissioner may or shall direct the transfer, distribution, or payment to another person or entity of any fine, penalty, assessment, cost, or fee.

(D) The use of the commissioner's name, likeness, or voice in any printed material or audio or visual medium, either for general distribution or for distribution to specific recipients.

(3) The commissioner may only agree to payment to those persons or entities to whom payment may be due because of the respondent's violation of a provision of this code or other law regulating the business of insurance in this state.

(4) A settlement may only include the sanctions provided by this code or other laws regulating the business of insurance in this state, except that the settlement may include attorney's fees, costs of the department in bringing the enforcement action, and future costs of the department to ensure compliance with the settlement agreement.

SEC. 2. Section 12975.7 of the Insurance Code is amended to read:

12975.7. All moneys received by the commissioner in payment of lawful fees or reimbursements pursuant to this code shall be transmitted to the State Treasurer to be deposited in the State Treasury to the credit of the Insurance Fund. Unless specified in this code to be deposited in a different fund, all moneys received by the commissioner in fines, penalties, assessments, costs, or other sanctions shall be transmitted to the State Treasury for deposit in the General Fund. The money in the Insurance Fund received from the commissioner pursuant to this section is hereby appropriated as follows:

(a) To pay the refunds authorized by this code.

(b) The balance of the money in the fund shall be used for the support of the Department of Insurance as authorized by the Budget Act and for related cash flow needs.

CHAPTER 1092

An act to amend Sections 11161 and 11164 of, and to repeal Section 11163 of, the Health and Safety Code, relating to controlled substances.

[Became law without Governor's signature. Filed with
Secretary of State October 2, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 11161 of the Health and Safety Code is amended to read:

11161. (a) Prescription blanks shall be issued by the Department of Justice in serially numbered groups of not more than 100 forms each in triplicate unless a practitioner orally, electronically, or in writing requests a larger amount, and shall be furnished to any practitioner

authorized to write a prescription for controlled substances classified in Schedule II. The Department of Justice may charge a fee for the prescription blanks sufficient to reimburse the department for the actual costs associated with the preparation, processing, and filing of any forms issued pursuant to this section. The prescription blanks shall not be transferable. Any person possessing a triplicate prescription blank otherwise than as provided in this section is guilty of a misdemeanor.

(b) When a practitioner is named in a warrant of arrest or is charged in an accusatory pleading with a felony violation of Section 11153, 11154, 11156, 11157, 11170, 11173, 11350, 11351, 11352, 11353, 11353.5, 11377, 11378, 11378.5, 11379, 11379.5, or 11379.6, the court in which the accusatory pleading is filed or the magistrate who issued the warrant of arrest shall, upon the motion of a law enforcement agency which is supported by reasonable cause, issue an order which requires the practitioner to surrender to the clerk of the court all triplicate prescription blanks in the practitioner's possession at a time set in the order and shall direct the Department of Justice to withhold prescription blanks from the practitioner. The law enforcement agency obtaining the order shall notify the Department of Justice of this order. Except as provided in subdivisions (c) and (f) of this section, the order shall remain in effect until further order of the court. Any practitioner possessing prescription blanks in violation of the order is guilty of a misdemeanor.

(c) The order provided by subdivision (b) shall be vacated if the court or magistrate finds that the underlying violation or violations are not supported by reasonable cause at a hearing held within two court days after the practitioner files and personally serves upon the prosecuting attorney and the law enforcement agency that obtained the order, a notice of motion to vacate the order with any affidavits on which the practitioner relies. At the hearing, the burden of proof, by a preponderance of the evidence, is on the prosecution. Evidence presented at the hearing shall be limited to the warrant of arrest with supporting affidavits, the motion to require the defendant to surrender all triplicate prescription blanks with supporting affidavits, the sworn complaint together with any documents or reports incorporated by reference thereto which, if based on information and belief, state the basis for the information, or any other documents of similar reliability as well as affidavits and counter affidavits submitted by the prosecution and defense. Granting of the motion to vacate the order is no bar to prosecution of the alleged violation or violations.

(d) The defendant may elect to challenge the order issued under subdivision (b) at the preliminary examination. At that hearing, the evidence shall be limited to that set forth in subdivision (c) and any other evidence otherwise admissible at the preliminary examination.

(e) If the practitioner has not moved to vacate the order issued under subdivision (b) by the time of the preliminary examination and he or she is held to answer on the underlying violation or violations, the practitioner shall be precluded from afterwards moving to vacate the order. If the defendant is not held to answer on the underlying charge or charges at the conclusion of the preliminary examination, the order issued under subdivision (b) shall be vacated.

(f) Notwithstanding subdivision (e), any practitioner who is diverted pursuant to Chapter 2.5 (commencing with Section 1000) of Title 7 of Part 2 of the Penal Code may file a motion to vacate the order issued under subdivision (b).

SEC. 2. Section 11163 of the Health and Safety Code is repealed.

SEC. 3. Section 11164 of the Health and Safety Code is amended to read:

11164. Except as provided in Section 11167, no person shall prescribe a controlled substance, nor shall any person fill, compound, or dispense such a prescription unless it complies with the requirements of this section.

(a) The signature on each prescription for a controlled substance classified in Schedule II shall be wholly written in ink or indelible pencil in the handwriting of the prescriber upon the official prescription form issued by the Department of Justice. Each prescription shall be prepared in triplicate, signed by the prescriber, and shall contain, either typewritten or handwritten by the physician or his or her employee, the date, name, and address of the person for whom the controlled substance is prescribed, the name, quantity, and strength of the controlled substance prescribed, directions for use, and the address, category of professional licensure, and the federal controlled substance registration number of the prescriber. The original and duplicate of the prescription shall be delivered to the pharmacist filling the prescription. The duplicate shall be retained by the pharmacist and the original, properly endorsed by the pharmacist with the name and address of the pharmacy, the pharmacy's state license number, the date the prescription was filled and the signature of the pharmacist, shall be transmitted to the Department of Justice at the end of the month in which the prescription was filled. Upon receipt of an incompletely prepared official prescription form of the Department of Justice, the pharmacist may enter on the face of the prescription the address of the patient. A pharmacist may fill a prescription for a controlled substance classified in Schedule II containing an error or errors, if the pharmacist notifies the prescriber of the error or errors and the prescriber approves any correction. The prescriber shall fax or mail a corrected prescription to the pharmacist within seven days of the prescription being dispensed.

(b) Each prescription for a controlled substance classified in Schedule III, IV, or V, except as authorized by subdivision (c), shall be subject to the following requirements:

(1) The prescription shall be signed and dated by the prescriber and shall contain the name of the person for whom the controlled substance is prescribed, the name and quantity of the controlled substance prescribed, and directions for use. With respect to prescriptions for controlled substances classified in Schedules III and IV, the signature, date, and information required by this paragraph shall be wholly written in ink or indelible pencil in the handwriting of the prescriber.

(2) In addition, the prescription shall contain the name, address, telephone number, category of professional licensure, and federal controlled substance registration number of the prescriber. The information required by this paragraph shall be either preprinted upon the prescription blank, typewritten, rubber stamped, or printed by hand. Notwithstanding any provision in this section, the prescriber's address, telephone number, category of professional licensure, or federal controlled substances registration number need not appear on the prescription if that information is readily retrievable in the pharmacy.

(3) The prescription shall also contain the address of the person for whom the controlled substance is prescribed. If the prescriber does not specify this address on the prescription, the pharmacist filling the prescription or an employee acting under the direction of the pharmacist shall write or type the address on the prescription or maintain this information in a readily retrievable form in the pharmacy.

(c) Any controlled substance classified in Schedule III, IV, or V may be dispensed upon an oral or electronically transmitted prescription, which shall be reduced to writing by the pharmacist filling the prescription or by any other person expressly authorized by provisions of the Business and Professions Code. The date of issue of the prescription and all the information required for a written prescription by subdivision (b) shall be included in the written record of the prescription. The pharmacist need not reduce to writing the address, telephone number, license classification, or federal registry number of the prescriber or the address of the patient if that information is readily retrievable in the pharmacy. Pursuant to authorization of the prescriber, any employee of the prescriber on behalf of the prescriber may orally or electronically transmit a prescription for a controlled substance classified in Schedule III, IV, or V, if in these cases the written record of the prescription required by this subdivision specifies the name of the employee of the prescriber transmitting the prescription.

(d) The use of commonly used abbreviations shall not invalidate an otherwise valid prescription.

(e) Notwithstanding any provision of subdivisions (b) and (c), prescriptions for a controlled substance classified in Schedule V may be for more than one person in the same family with the same medical need.

(f) In addition to the prescriber's record required by Section 11190, any practitioner dispensing a controlled substance classified in Schedule II in accordance with subdivision (b) of Section 11158 shall prepare a written record thereof on the official forms issued by the Department of Justice, pursuant to Section 11161, and shall transmit the original to the Department of Justice in accordance with any rules that the department may adopt for completion and transmittal of the forms.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

**CONCURRENT AND JOINT RESOLUTIONS
AND CONSTITUTIONAL AMENDMENT**

1999–2000

REGULAR SESSION

2000 RESOLUTION CHAPTERS

RESOLUTION CHAPTER 1

Senate Concurrent Resolution No. 44—Relative to California Science and Technology Week.

[Filed with Secretary of State January 12, 2000.]

WHEREAS, Science and technology is a vital component of California's economy; and

WHEREAS, The high-tech sector has been the leading force behind the economic recovery the state has enjoyed in the last five years; and

WHEREAS, Continued, robust economic growth is dependent upon the health and continued growth in technologically oriented industries; and

WHEREAS, High-tech jobs offer a source of high-income employment for both young and mature workers; and

WHEREAS, The high-income jobs provided by high-tech companies are a crucial contributor to the state's tax base; and

WHEREAS, California enjoys a greater share of science and technology employment than any other state; and

WHEREAS, California must continue to increase awareness of career opportunities in science and technology; and

WHEREAS, It is important to expand career opportunities in science and technology for underrepresented minorities and women in California; and

WHEREAS, Workforce proficiency in math and science skills is essential to the continued vibrancy of California's science and technology sector; and

WHEREAS, Sustained support for basic and applied research and development is essential if California's science and technology sectors are to maintain their prominence; and

WHEREAS, California's universities and industries produce very high quality scientific research; and

WHEREAS, The large number of federal laboratories operating in California present the state with significant, yet untapped, opportunities; and

WHEREAS, California possesses the intellectual and economic capital necessary to enhance its leadership in research and development and science and technology activities; and

WHEREAS, It is in the best interests of the state to develop an integrated and sustained approach to science and technology policy development; and

WHEREAS, It is important to focus public, political, and media attention on the need to enhance support for science and technology activities and efforts in California; and

WHEREAS, The ubiquitous nature of science and technology in California's economic, cultural, and social fabric is cause for celebration; and

WHEREAS, Official recognition of the importance and value of science and technology to California will enhance awareness and support for those activities; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature designates the week of November 14 to 20, inclusive, 1999, as California Science and Technology Week; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Governor and to the author for appropriate distribution.

RESOLUTION CHAPTER 2

Senate Concurrent Resolution No. 42—Relative to a sister state relationship with the Western Cape Province, South Africa.

[Filed with Secretary of State January 19, 2000.]

WHEREAS, The Western Cape Province of South Africa contains an amazing diversity of features and geographic subregions, including the arid Karoo, the lush Boland and Southern Cape hills and forest stretches, the rugged west and southwest coastlines, and the open grainfields in the western interior as well as the grazing fields of the Klein Karoo; and

WHEREAS, The Western Cape Province has one of the finest and most diverse natural environments in the world, with the fynbos kingdom probably the best known both inside and outside the country; and

WHEREAS, The economy of the region depends largely on manufacturing, agriculture, and tourism, and some of the finest wines in the world are produced in the Western Cape Province, while Cape Town has become one of the most popular tourist destinations in the world; and

WHEREAS, The most important industries of Western Cape Province consist of textiles, fishing, printing, and publishing; and

WHEREAS, The Western Cape Province has a population of approximately four million people, which represents 10 percent of South Africa's total population; and

WHEREAS, Cape Town is South Africa's largest city and the legislative capital of South Africa, and the seat of South Africa's Parliament; and

WHEREAS, The region is located at about 34 degrees latitude, and in the Cape Town-Boland area the climate is comparable with that of

California's Mediterranean climate with warm summers and cool, wet winters; and

WHEREAS, The Western Cape Province shares many geographic and cultural similarities with the State of California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California, on behalf of the people of the State of California, hereby extends an invitation to the people of the Western Cape Province, South Africa, to join California as a sister state, and to commit to the development of programs to foster social, economic, educational, scientific, and cultural exchanges in order to strengthen economic ties, and improve international understanding and goodwill between the two states; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Consul General of South Africa, to the provincial government of the Western Cape Province, South Africa, to the Governor of California, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 3

Assembly Concurrent Resolution No. 74—Relative to the Year of the Child.

[Filed with Secretary of State January 25, 2000.]

WHEREAS, Children are our state's most precious resource; and

WHEREAS, Children are vulnerable and dependent upon adults to ensure their physical and emotional health and safety; and

WHEREAS, One in four California children (2.5 million) live in poverty; and

WHEREAS, The number of children living in poverty grew by 900,000 in the most recent decade in the midst of our state's economic expansion; and

WHEREAS, Approximately 1.85 million children in California lack health insurance, either public or private, which would often give them their only access to health care; and

WHEREAS, Only one in four children who qualify for subsidized child care in California can enroll due to limited funding; and

WHEREAS, The state's fourth-grade reading scores are among the lowest in the country; and

WHEREAS, The Governor and the Legislature have committed themselves to educational excellence by holding a special legislative session to address children's education needs; and

WHEREAS, California has tremendous economic and intellectual resources to address these issues; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby declares the year 2000 to be the Year of the Child; and be it further

Resolved, That the Legislature pledges to dedicate sufficient resources and energy to provide every child with the tools necessary to make attainable dreams come true; and be it further

Resolved, That the Legislature calls upon all Californians to promote the well-being of children and to provide children with opportunities to experience, understand, and respect other children, their similarities and differences; and be it further

Resolved, That the Legislature urges Congress to increase funding for children's programs; and be it further

Resolved, That the Legislature encourages all state agencies to examine how their mandates and goals include the needs of children; and be it further

Resolved, That the Legislature supports the creation of events throughout the year to celebrate the joys and expectations of childhood; and be it further

Resolved, That the Legislature urges the business community and the retired community to strengthen connections with programs and opportunities that enhance the education and welfare of children; and be further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 4

Assembly Concurrent Resolution No. 99—Relative to the Department of Corrections.

[Filed with Secretary of State January 25, 2000.]

WHEREAS, During the fire season of 1999, the State of California experienced one of the worst fire sieges in its history; several firefighters' lives were lost, over 1,500 structures were destroyed, and 750,000 acres of wildlands in nearly every region of the state burned, from the Mexico border to the Oregon border, and from the coastal mountains to the Sierra Nevada mountains; and

WHEREAS, The Department of Corrections provided and supervised over 2,790 Conservation Camp inmates who worked over 1.5 million hours on 244 fires. They carried out their duties under the most difficult

and dangerous conditions, including smoke, high temperatures, wind-driven flames, and steep rugged terrain; and

WHEREAS, Department of Corrections Conservation Camp staff and their inmate crews, through valiant efforts and unwavering commitment, helped minimize the devastation to life, property, and natural resources; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it is with great pride that the Legislature of the State of California honors the dedicated firefighters of the Department of Corrections for their efforts during the “Fire Sieges of 1999” that were truly beyond the call of duty; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 5

Assembly Concurrent Resolution No. 100—Relative to the Office of Emergency Services.

[Filed with Secretary of State January 25, 2000.]

WHEREAS, During the fire season of 1999, the State of California experienced one of the worst fire sieges in its history; several firefighters’ lives were lost, over 1,500 structures were destroyed, and 750,000 acres of wildlands in nearly every region of the state burned, from the Mexico border to the Oregon border, and from the coastal mountains to the Sierra Nevada mountains; and

WHEREAS, The Office of Emergency Services (OES) coordinated local government fire response through the Fire and Rescue Mutual Aid System to over 244 fires, providing 1,105 engines and other equipment, and assisting with communication, information, and mapping systems for a total of 126 days under difficult and dangerous conditions of smoke, high temperatures, wind-driven flames, and steep rugged terrain; and

WHEREAS, After the fires were out, OES facilitated the integration of local, state, and federal disaster programs to provide assistance to over 200 families in need of emergency assistance; and

WHEREAS, OES staff and crews, through valiant efforts and unwavering commitment, helped minimize the devastation to life, property, and natural resources, and provided much needed postfire assistance; now, therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it is with great pride that the Legislature of the State of California honors the dedicated firefighters of the Office of

Emergency Services for their efforts during the “Fire Sieges of 1999” that were truly beyond the call of duty; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 6

Assembly Concurrent Resolution No. 101—Relative to the California National Guard.

[Filed with Secretary of State January 25, 2000.]

WHEREAS, During the fire season of 1999, the State of California experienced one of the worst fire sieges in its history; several firefighters’ lives were lost, over 1,500 structures were destroyed, and 750,000 acres of wildlands in nearly every region of the state burned, from the Mexico border to the Oregon border, and from the coastal mountains to the Sierra Nevada mountains; and

WHEREAS, The California National Guard supplied over 700 personnel, flew over 1400 sorties delivering millions of gallons of retardant and water from helicopters and C-130 aircraft, provided Medevac support to over 30 injured firefighters, transported many firefighters, and provided communications, working over 9,000 personnel days under the most difficult and dangerous conditions, including smoke, high temperatures, wind-driven flames, and steep, rugged terrain; and

WHEREAS, California National Guard fire support professionals, through valiant efforts and unwavering commitment, helped minimize the devastation to life, property, and natural resources; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it is with great pride that the Legislature of the State of California honors the dedicated fire support professionals of the California National Guard for their efforts during the “Fire Sieges of 1999” that were truly beyond the call of duty; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 7

Assembly Concurrent Resolution No. 102—Relative to the California Department of Forestry and Fire Protection.

[Filed with Secretary of State January 25, 2000.]

WHEREAS, During the fire season of 1999, the State of California experienced one of the worst fire sieges in its history; several firefighters’ lives were lost, over 1,500 structures were destroyed, and 750,000 acres of wildlands in nearly every region of the state burned, from the Mexico border to the Oregon border, and from the coastal mountains to the Sierra Nevada mountains; and

WHEREAS, The California Department of Forestry and Fire Protection (CDF) took leadership in responding to 4,598 fires scorching over 246,000 acres, flying 23,000 sorties with airtankers and helicopters that delivered in excess of 12 million gallons of fire retardant, and working around the clock to staff 340 engines, 195 fire crews, and 65 bulldozers under the most difficult and dangerous conditions, including smoke, high temperatures, wind-driven flames, and steep, rugged terrain; and

WHEREAS, There were countless instances of unwavering commitment and selflessness by all firefighters, including instances where many CDF and volunteer firefighting personnel left their homes to join the statewide effort, knowing that their own families and property were at risk, and in some cases, that their own property was in fact destroyed; and

WHEREAS, CDF firefighting professionals, through valiant and well-coordinated efforts, minimized the devastation to life, property, and natural resources; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it is with great pride that the Legislature of the State of California honors the dedicated firefighting professionals of the California Department of Forestry and Fire Protection for their efforts during the “Fire Sieges of 1999” that were truly beyond the call of duty; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 8

Assembly Concurrent Resolution No. 103—Relative to the California Conservation Corps.

[Filed with Secretary of State January 25, 2000.]

WHEREAS, During the fire season of 1999, the State of California experienced one of the worst fire sieges in its history; several firefighters' lives were lost, over 1,500 structures were destroyed, and 750,000 acres of wildlands in nearly every region of the state burned, from the Mexico border to the Oregon border, and from the coastal mountains to the Sierra Nevada mountains; and

WHEREAS, The California Conservation Corps (CCC) crews and supervisors responded to over 334 fires, working over 391,640 hours under the most difficult and dangerous conditions, including smoke, high temperatures, wind-driven flames, and steep terrain; and

WHEREAS, CCC firefighting professionals, through valiant efforts and unwavering commitment, helped minimize the devastation to life, property, and natural resources; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it is with great pride that the Legislature of the State of California honors the dedicated firefighters of the California Conservation Corps for their efforts during the "Fire Sieges of 1999" that were truly beyond the call of duty; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 9

Assembly Concurrent Resolution No. 104—Relative to the California Youth Authority.

[Filed with Secretary of State January 25, 2000.]

WHEREAS, During the fire season of 1999, the State of California experienced one of the worst fire sieges in its history; several firefighters' lives were lost, over 1,500 structures were destroyed, and 750,000 acres of wildlands in nearly every region of the state burned, from the Mexico border to the Oregon border, and from the coastal mountains to the Sierra Nevada mountains; and

WHEREAS, The California Youth Authority provided over 400 wards and staff in the camp program who worked over 377,000 hours on the fireline, carrying out their duties under the most difficult and dangerous conditions, including smoke, high temperatures, wind-driven flames, and steep, rugged terrain; and

WHEREAS, California Youth Authority staff and their ward crews, through valiant efforts and unwavering commitment, helped minimize

the devastation to life, property, and natural resources; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it is with great pride that the Legislature of the State of California honors the dedicated firefighters of the California Youth Authority for their efforts during the “Fire Sieges of 1999” that were truly beyond the call of duty; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 10

Assembly Joint Resolution No. 38—Relative to Sudan.

[Filed with Secretary of State January 25, 2000.]

WHEREAS, According to the United States Committee for Refugees an estimated 2,000,000 people have died over the past decade due to war and war-related causes and famine, while millions have been displaced from their homes and separated from their families; and

WHEREAS, The National Islamic Front government’s war policy in southern Sudan, the Nuba Mountains, and the Ingessena Hills has brought untold suffering to innocent civilians and is threatening the very survival of a whole generation of southern Sudanese; and

WHEREAS, The people of the Nuba Mountains and the Ingessena Hills are at particular risk, because they have been specifically targeted and, as a consequence, they are deliberately prevented from receiving international food aid, resulting in manmade famine, and are the targets of routine bombing of their civilian centers, including schools, hospitals, and areas where religious services are being held; and

WHEREAS, The Convention for the Prevention and the Punishment of the Crime of Genocide, adopted by the United Nations General Assembly in 1948, defines “genocide” as official acts committed by a government with the intent to destroy a national, ethnic, or religious group, and this definition also includes “deliberately inflicting on the group conditions of life calculated to bring about its physical destruction, in whole or in part”; and

WHEREAS, By that definition, the National Islamic Front government is deliberately and systematically committing genocide in southern Sudan, the Nuba Mountains, and the Ingessena Hills; and

WHEREAS, The National Islamic Front government has systematically and repeatedly obstructed peace efforts of the

Intergovernmental Authority for Development over the past several years; and

WHEREAS, The Declaration of Principles put forth by the Intergovernmental Authority for Development mediators is the most viable negotiating framework to resolve the problems in Sudan and to bring lasting peace; and

WHEREAS, Humanitarian conditions in southern Sudan, especially in Bahr al-Ghazal and the Nuba Mountains, deteriorated in 1998, largely due to the National Islamic Front government's decision to ban United Nations' relief flights from February through the end of April in that year and the government continues to deny access to certain locations; and

WHEREAS, An estimated 2,600,000 southern Sudanese have been at risk of starvation in southern Sudan and the World Food Program currently estimates that 4,000,000 people are in need of emergency assistance; and

WHEREAS, The United Nations-coordinated relief effort, Operation Lifeline Sudan, failed to respond in a timely manner at the height of the humanitarian crisis and has allowed the National Islamic Front government to manipulate and obstruct the relief efforts; and

WHEREAS, The relief work in the affected areas is further complicated by the National Islamic Front's repeated aerial attacks on feeding centers, clinics, and other civilian targets; and

WHEREAS, Relief efforts are further exacerbated by looting, bombing, and killing of innocent civilians and relief workers by government-sponsored militias in the affected areas; and

WHEREAS, These government-sponsored militias have carried out violent raids in Aweil West, Twic, and Gogrial counties in Bahr el Ghazal/Lakes Region, among others, killing hundreds of civilians and displacing thousands; and

WHEREAS, The National Islamic Front government has perpetrated a prolonged campaign of human rights abuses and discrimination throughout the country; and

WHEREAS, The National Islamic Front government-sponsored militias have been engaged in the enslavement of innocent civilians, including children, women, and the elderly; and

WHEREAS, The now common slave raids being carried out by the government's Popular Defense Force militias are undertaken as part of the government's self-declared jihad (holy war) against the predominantly traditional and Christian south; and

WHEREAS, According to the American Anti-Slavery Group of Boston, there are tens of thousands of women and children now living as chattel slaves in Sudan; and

WHEREAS, These women and children were captured in slave raids taking place over a decade by militia armed and controlled by the

National Islamic Front regime in Khartoum—they are bought, sold, branded, and bred; and

WHEREAS, The Department of State, in its report on Human Rights Practices for 1997, affirmed that “reports and information from a variety of sources after February 1994 indicate that the number of cases of slavery, servitude, slave trade, and forced labor have increased alarmingly”; and

WHEREAS, The enslavement of people is considered in international law to be a “crime against humanity”; and

WHEREAS, Observers estimate the number of people enslaved by government-sponsored militias to be in the tens of thousands; and

WHEREAS, Former United Nations Special Rapporteur for Sudan, Gaspar Biro, and his successor, Leonardo Franco, reported on a number of occasions the routine practice of slavery and the complicity of the Government of Sudan; and

WHEREAS, The National Islamic Front government abuses and tortures political opponents and innocent civilians in the north and many northerners have been killed by this regime over the years; and

WHEREAS, The vast majority of Muslims in Sudan do not subscribe to the National Islamic Front’s extremist and politicized practice of Islam and moderate Muslims have been specifically targeted by the regime; and

WHEREAS, The National Islamic Front government is considered by much of the world community to be a rogue state because of its support for international terrorism and its campaign of terrorism against its own people; and

WHEREAS, According to the Department of State’s Patterns of Global Terrorism Report, “Sudan’s support to terrorist organizations has included paramilitary training, indoctrination, money, travel documentation, safe passage, and refuge in Sudan”; and

WHEREAS, The National Islamic Front government has been implicated in the assassination attempt of Egyptian President Hosni Mubarak in Ethiopia in 1995 and the World Trade Center bombing in 1993; and

WHEREAS, The National Islamic Front government has permitted Sudan to be used by well-known terrorist organizations as a refuge and training hub over the years; and

WHEREAS, The Saudi-born financier of extremist groups and the mastermind of the United States embassy bombings in Kenya and Tanzania, Osama bin-Laden, used Sudan as a base of operations for several years and continues to maintain economic interests there; and

WHEREAS, On August 20, 1998, United States Naval forces struck a suspected chemical weapons facility in Khartoum, the capital of

Sudan, in retaliation for the United States embassy bombings in Nairobi and Dar es Salaam; and

WHEREAS, Relations between the United States and Sudan continue to deteriorate because of human rights violations, the government's war policy in southern Sudan, and the National Islamic Front's support for international terrorism; and

WHEREAS, In 1993, The United States government placed Sudan on the list of seven states in the world that sponsor terrorism and imposed comprehensive sanctions on the National Islamic Front government in November 1997; and

WHEREAS, The struggle by the people of Sudan and opposition forces is a just struggle for freedom and democracy against the extremist regime in Khartoum; and

WHEREAS, On June 16, 1999, the United States House of Representatives adopted House Concurrent Resolution 75, introduced by Representative Don Payne (D-NJ), with only one dissenting vote, condemning the Government of Sudan for "deliberately and systematically committing genocide"; and

WHEREAS, In Congress, both the Senate and the House of Representatives have introduced the Sudan Peace Act, a bill to facilitate famine relief efforts and a comprehensive solution to the war in Sudan that would, among other specific measures, condemn slavery and other human rights abuses by the Government of Sudan; support the Inter-Governmental Authority on Development sponsored peace process; increase pressure on combatants to end slavery and human rights abuses; and protect humanitarian operations, separating civilians from combatants, and reducing food diversion; and

WHEREAS, This act passed in the Senate by unanimous consent on November 19, 1999; and

WHEREAS, Representative Christopher Smith (R-NJ), Chairman of the Subcommittee on International Operations and Human Rights has written that, in addition to sponsoring terrorism, mass murder, enslavement, and other grave crimes against its own people, "the regime has also been identified as among the world's most egregious violators of the fundamental right to freedom of religion"; and

WHEREAS, Secretary of State Madeleine Albright has stated that the Sudanese regime has an "... appalling human rights record, including torture, religious persecution, and forced imposition of *sharia* (Islamic) law. And it has prolonged a vicious and inhumane war, not hesitating to enslave, starve and bomb civilians in violation of international humanitarian law"; and

WHEREAS, The Los Angeles Times stated on October 23, 1999 that "The Clinton Administration considers the Sudanese government to be a brutal dictator and by far the worst offender in an atrocity-filled

regional, religious and ethnic war that has claimed as many as two million lives”; and

WHEREAS, The Center for Religious Freedom of Freedom House, a vigorous proponent of democratic values and a steadfast opponent of dictatorships of the far left and far right founded in 1941 by Eleanor Roosevelt, Wendell Willkie, and others, declares that “the religious and ethnic genocide now occurring in Sudan has destroyed many more lives than Chechnya, Bosnia, Kosovo and Rwanda combined”; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature (1) strongly condemns the National Islamic Front government for its genocidal war in southern Sudan, support for terrorism, and continued human rights violations; (2) strongly deplors the government-sponsored and tolerated slave raids in southern Sudan and calls on the government to immediately end the practice of slavery; (3) urges Congress to support and adopt the Sudan Peace Act; and (4) commends the persecuted Sudanese people for their strength and endurance in continuing resistance to the current regime ruling Sudan, and for risking their lives for their faith; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and the Vice President of the United States, the Speaker of the House of Representatives, the Senate Majority Leader, the Senate Minority Leader, the House Majority Leader, the House Minority Leader, each Senator and Representative from California in the Congress of the United States, and to the author for appropriate distribution.

RESOLUTION CHAPTER 11

Senate Concurrent Resolution No. 54—Relative to adjournment of the Senate and Assembly to meet for a session in the former State Capitol in Benicia.

[Filed with Secretary of State January 27, 2000.]

WHEREAS, The year 2000 is the 150th anniversary of California being admitted to the Union; and

WHEREAS, The first permanent structure erected for a California State Capitol was erected in Benicia and is the only building in existence formerly used as the State Capitol; and

WHEREAS, The Legislature met in Benicia in 1853 and 1854; and

WHEREAS, The Benicia State Capitol Building was carefully restored to its original form in 1958 and is now maintained by the State Department of Parks and Recreation; and

WHEREAS, The Legislature convened in Benicia on March 15, 1958, as part of a festive three-day celebration to formally rededicate the structure as an historic state park; and

WHEREAS, The Legislature wishes to formally celebrate California's sesquicentennial by convening each house at the former State Capitol in Benicia in February 2000; and

WHEREAS, Both houses hope to use this event to foster public interest in California's rich history; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That pursuant to subdivision (d) of Section 7 of Article IV of the California Constitution, this Legislature, when it adjourns on Tuesday, February 15, 2000, shall adjourn until Wednesday, February 16, 2000, to meet for one day in the former State Capitol in the City of Benicia; and be it further

Resolved, That the Members of the Senate and Assembly shall meet on February 16, 2000, at the hour of 1 p.m., in the chambers provided for their respective use in the former State Capitol in Benicia; and be it further

Resolved, That the Senate and Assembly Committees on Rules and the Joint Rules Committee are authorized and directed to incur and pay the expenses and costs as may necessarily be incurred by the respective houses to provide for the holding of the sessions of the Senate and Assembly at Benicia pursuant to this resolution out of the funds available for expenditure by these committees, and the State Controller is authorized and directed to prepare and deliver her warrants therefor in payment thereof.

RESOLUTION CHAPTER 12

Assembly Concurrent Resolution No. 82—Relative to the Officer James Williams Memorial Overpass.

[Filed with Secretary of State January 28, 2000.]

WHEREAS, Oakland Police Officer James Williams, Jr., died in the line of duty on January 10, 1999; and

WHEREAS, This unfortunate incident started when a shotgun was discarded onto the freeway by suspects who were fleeing from the police; and

WHEREAS, Officer Williams was helping to locate the weapon and was assisting in its recovery when a sniper began firing at the responding officers from the southwest side of the 38th Avenue Interstate 580 overpass in Oakland; and

WHEREAS, Officer Williams was hit by the sniper's bullets and died of those injuries; and

WHEREAS, Officer Williams is survived by his wife, Sabrina, and his three small children, ten-year-old Alexander, five-year-old Aaron, and four-year-old Ariana; and

WHEREAS, Officer Williams, who was formerly a police officer in New Orleans, had just graduated from the police academy and was still in training at the time of his death; and

WHEREAS, Officer Williams was dedicated to the protection of the citizens of Oakland; and

WHEREAS, It is appropriate that the overpass on Interstate 580 at 38th Avenue in Oakland be dedicated to the memory of this officer who made the ultimate sacrifice in the service of the people of this state; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the overpass on Interstate 580 at 38th Avenue in Oakland be designated the "Officer James Williams Memorial Overpass"; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing that special designation, and, upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 13

Assembly Concurrent Resolution No. 113—Relative to Voter Registration Week.

[Filed with Secretary of State January 31, 2000.]

WHEREAS, The exercise of the voting franchise is not only a right, it is an obligation of the citizenry of our democratic society; and

WHEREAS, Only by registering to vote may a citizen exercise the right and fulfill the obligation of making his or her voice heard at an election; and

WHEREAS, When a large portion of the voting age public fails to vote, the fundamental principle of democratic participation in government is jeopardized; and

WHEREAS, Among young adults aged 18 to 24, inclusive, only 49 percent of those with college degrees vote and only 22 percent of those with high school diplomas but no college degrees vote; and

WHEREAS, Latinos, Blacks, Asians, and other minorities who, as a group, represent 47 percent of the state's population, only represent 26 percent of all voters; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it is the intent of the Legislature to enhance the visibility of Voter Registration Week, to proclaim the week of January 31, 2000, to February 7, 2000, inclusive, as Voter Registration Week, and urge all eligible Californians to register to vote and to vote.

RESOLUTION CHAPTER 14

Assembly Concurrent Resolution No. 114—Relative to Charles M. Schulz Day.

[Filed with Secretary of State February 4, 2000.]

WHEREAS, Charles M. “Sparky” Schulz, creator of the comic strip “Peanuts,” has announced his retirement; and

WHEREAS, A man of modest origins, born in St. Paul, Minnesota, on November 26, 1922, Mr. Schulz would have seemed unlikely to achieve international acclaim; and

WHEREAS, Mr. Schulz has been a resident of Sonoma County, California, for 40 years and currently resides in the City of Santa Rosa; and

WHEREAS, Mr. Schulz was drafted into the Army during World War II, before successfully selling any of his cartoons and where he excelled as an infantryman, a staff sergeant, and the leader of a machinegun squad; and

WHEREAS, “Peanuts,” with its simple drawing style, gentle humor, and universal themes, debuted in seven newspapers on October 2, 1950; and

WHEREAS, Mr. Schulz wrote, drew, colored, and lettered every “Peanuts” strip in a remarkably durable and productive career encompassing the past 50 years; and

WHEREAS, “Peanuts” is the world’s most widely syndicated comic strip, published in 21 languages and read by an estimated 355 million persons in 2,600 newspapers in 75 nations; and

WHEREAS, “Peanuts” has been the subject of an exhibition at the Smithsonian Institution, 50 animated television specials, a successful Broadway production, more than 1,400 books, and four feature films; and

WHEREAS, “Peanuts” also brought Mr. Schulz a host of honors, including two Reuben awards from the National Cartoonists Society, five Emmy and two Peabody awards, the rank of Commander of Arts and Letters from the French government for excellence in the arts, and induction into the Cartoonists’ Hall of Fame; and

WHEREAS, Mr. Schulz has firmly established Charlie Brown, Snoopy, Lucy, Linus, and other “Peanuts” characters as popular-culture icons that are cherished by generations of readers; and

WHEREAS, Mr. Schulz has been generous with his talent and resources in contributing to the community through numerous philanthropic efforts; and

WHEREAS, Mr. Schulz has graciously shared his knowledge of cartooning with other artists and cartoonists; and

WHEREAS, Mr. Schulz has influenced many of the nation’s foremost cartoonists with his depiction of children exploring such grownup topics as philosophy, literature, poetry, classical music, psychiatry, and religion; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California extends its deepest appreciation to Mr. Schulz for his extraordinary career achievements and its sincere wishes for a healthy retirement; and be it further

Resolved, That the day of February 13, 2000, be proclaimed as “Charles M. Schulz Day,” on the occasion when the last original Sunday “Peanuts” will be published in newspapers worldwide, to recognize the love and admiration that the citizens of California have for Mr. Schulz; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the authors for appropriate distribution.

RESOLUTION CHAPTER 15

Assembly Concurrent Resolution No. 116—Relative to Rosa Parks Day.

WHEREAS, Rosa Parks was born on February 4, 1913, in Tuskegee, Alabama, the first child of James and Leona (Edwards) McCauley; and

WHEREAS, Rosa Louise McCauley married Raymond Parks on December 18, 1932; and

WHEREAS, Rosa Parks was arrested on December 1, 1955, in Montgomery, Alabama, for refusing to give up her seat on a bus to a white man, and her stand for equal rights became legendary; and

WHEREAS, Rosa Parks' arrest for refusing to comply with Montgomery's segregation law was the impetus for a boycott of Montgomery buses, led by Dr. Martin Luther King, Jr., by approximately 42,000 African Americans for 381 days; and

WHEREAS, On November 13, 1956, the United States Supreme Court ruled that Montgomery's segregation law was unconstitutional, and on December 20, 1956, Montgomery officials were ordered to desegregate buses; and

WHEREAS, Rosa Parks is honored as the "Mother of the Modern Day Civil Rights Movement," because her refusal to surrender her seat in compliance with Montgomery's segregation law inspired the civil rights movement, which has resulted in the breakdown of numerous legal barriers and the lessening of profound discrimination against African Americans in this country; and

WHEREAS, The courage and conviction of Rosa Parks laid the foundation for equal rights for all Americans and for the Civil Rights Act of 1964; and

WHEREAS, Rosa Parks was the first woman to join the Montgomery chapter of the NAACP, and was an active volunteer for the Montgomery Voters League; and

WHEREAS, Rosa Parks cofounded the Rosa and Raymond Parks Institute for Self Development in 1987 with Elaine Easton Steele to motivate and direct youth to achieve their highest potential through the "Pathways to Freedom" program; and

WHEREAS, Rosa Parks is the recipient of many awards including the Presidential Medal of Freedom, the nation's highest civilian honor, the Congressional Gold Medal of Honor, the highest honor Congress can bestow upon a civilian, and the first International Freedom Conductor Award from the National Underground Railroad Freedom Center, among many other awards and honors; and

WHEREAS, Rosa Parks has dedicated her life to the cause of human rights and truly embodies the love of humanity and freedom; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby declares her birthday, Friday, February 4, 2000, and the first Monday following February 4 of each subsequent year, as Rosa Parks Day and

urges all Californians to pay homage to this great American woman; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 16

Assembly Concurrent Resolution No. 33—Relative to Crime Victims' Rights Week.

[Filed with Secretary of State February 8, 2000.]

WHEREAS, Violent crimes that invade homes and shatter even the most trusting relationships continue to plague the citizens of California; and

WHEREAS, All Californians are affected by these violent acts, not just the victims of violent crimes; and

WHEREAS, The most effective aid that we can provide to victims of crime is to prevent them from becoming victims in the first place; and

WHEREAS, The recognition and protection of victims' rights within the legal process is one of the most critical components of an effective criminal justice system; and

WHEREAS, Victims and witnesses of crime require our special attention to ensure that they are thoroughly informed about, and participate effectively in, our criminal justice system; and

WHEREAS, To the maximum extent allowed by law, victims of violent crime should receive compensation for their losses; and

WHEREAS, Each day, thousands of victims and witnesses receive assistance from victim support organizations, victim-witness assistance centers, private service providers, and state and local governments; and

WHEREAS, The criminal justice system in this state must continue efforts to better coordinate and improve the quality of services provided to victims and witnesses; and

WHEREAS, Time after time, California citizens have continually demonstrated their commitment to victims of violent crimes; and

WHEREAS, The Legislature and the voters by initiative have expanded the death penalty and enacted the "Three Strikes" law as deterrents to violent crime; and

WHEREAS, Each year, the observance of the National Crime Victims' Rights Week focuses on the problems confronting victims of crime and the services available to support these victims; and

WHEREAS, National Crime Victims' Rights Week increases the public's awareness of crime victims' circumstances and acknowledges

the combined efforts of citizens, government, and the criminal justice system to improve victims' services in California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of April 9 through 15, 2000, be recognized as Crime Victims' Rights Week in California; and be it further

Resolved, That on the occasion of Crime Victims' Rights Week, the Legislature encourages all Californians to join in this observance by wearing victim awareness ribbons to demonstrate their commitment to assisting victims and to the elimination of crime in the Golden State.

RESOLUTION CHAPTER 17

Senate Concurrent Resolution No. 59—Relative to mental health reform.

[Filed with Secretary of State February 9, 2000.]

WHEREAS, The Surgeon General reports that mental illness refers collectively to all diagnosable mental disorders; and

WHEREAS, The Surgeon General reports that one out of five Americans experiences a mental illness any given year, and half of all Americans have these illnesses at some time in their lives, but nearly two-thirds of them never obtain treatment; and

WHEREAS, The Surgeon General reports that mental illness occurs in families of all social classes and backgrounds; and

WHEREAS, The Surgeon General reports that anxiety, depression, and schizophrenia, particularly, contribute to the high rates of suicide among the mentally ill adult population; and

WHEREAS, The lack of adequate treatment and services for persons with mental illnesses has contributed significantly to homelessness, involvement with the criminal justice system, and other significant social and health problems experienced by individuals with mental illness and their families; and

WHEREAS, The failure to provide adequate services and supports for persons with mental illnesses has resulted in significantly increased expenditures for state and local governments, as well as higher costs for businesses, communities, and families; and

WHEREAS, There are 50,000 homeless, severely mentally ill Californians, including 10,000 to 20,000 homeless, mentally ill veterans; and

WHEREAS, Approximately 505,000 Californians are currently enrolled in state and community mental health programs, and

WHEREAS, The last decade has seen significant changes in the way local mental health services are financed and delivered; and

WHEREAS, Realignment of state mental health funding to the counties has limited state oversight of the quality of local mental health services; and

WHEREAS, Reimbursement rates and oversight among responsible agencies should be reviewed to ensure quality of care, particularly in group homes that primarily house severely mentally ill persons; and

WHEREAS, The effectiveness of the 1967 Lanterman-Petris-Short Act regarding involuntary commitment of the severely mentally ill should be reviewed; and

WHEREAS, Crimes against disabled and mentally ill children and adults are believed by the State Department of Mental Health to be from four to ten times higher than against persons who are not disabled or mentally ill, and reported at a lower rate than in the general population; and

WHEREAS, Mentally ill children and adults must seek services and support from many different state and county agencies, particularly agencies providing mental health treatment, employment, housing, public welfare, health care, substance abuse treatment, and law enforcement; and

WHEREAS, Ten to fifteen percent of the offenders in youth and adult correctional facilities suffer from severe mental illness, many of whom may have previously sought treatment that was not accessible in their community; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Committee on Mental Health Reform is hereby established and authorized for the purpose of identifying promising strategies and policy recommendations that will do any of the following:

(a) Improve the quality of life for mentally ill children and adults and their families.

(b) Provide coordinated, culturally sensitive, and cost-effective treatment, rehabilitation, housing, and financial services to this population, as well as expanded treatment participation by clients.

(c) Enhance the quality and accountability of existing programs designed to serve persons with mental illnesses regardless of income or housing status; and be it further

Resolved, That the Joint Committee on Mental Health Reform shall consist of five members of the Senate appointed by the President pro Tempore and five members of the Assembly appointed by the Speaker; and be it further

Resolved, That the Joint Committee on Mental Health Reform and its members shall have and exercise all of the rights, duties, and powers

conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time; and be it further

Resolved, That the Joint Committee on Mental Health Reform may contract, subject to the approval of the Senate Committee on Rules and the Assembly Committee on Rules, with other agencies, public or private, as necessary to obtain services or studies that will assist the committee in carrying out its responsibilities; and be it further

Resolved, That the Senate Committee on Rules and the Speaker of the Assembly shall each name one co-chair of the Joint Committee on Mental Health Reform; and be it further

Resolved, That the Senate Committee on Rules and the Assembly Committee on Rules shall each make available from the Senate Operating Fund and the Assembly Operating Fund an equal amount of money together sufficient as deemed necessary for the expenses of the Joint Committee on Mental Health Reform and its members, and that any expenditure of money shall be made in compliance with policies set forth by the Senate Committee on Rules and the Assembly Committee on Rules and subject to approval by the appropriate Rules committee; and be it further

Resolved, That the Joint Committee on Mental Health Reform shall, within 15 days of authorization, and consistent with the normal annual appropriations process for funding legislative committees, present its initial budget to the Senate Committee on Rules and to the Assembly Committee on Rules for their review, comment, and approval; and be it further

Resolved, That the Joint Committee on Mental Health Reform shall submit a report to the Legislature by May 1, 2000, on its activities and recommendations; and be it further

Resolved, That the Joint Committee on Mental Health Reform is authorized to act until November 30, 2000, at which time the committee's existence shall terminate.

RESOLUTION CHAPTER 18

Assembly Concurrent Resolution No. 118—Relative to vandalism and graffiti.

[Filed with Secretary of State February 10, 2000.]

WHEREAS, Members of the Jewish community have played a strong and vital role in the history and development of the Bay area, its cultural diversity, and strong sense of place and community; and

WHEREAS, The Temple Beth Torah in the City of Fremont was defaced and vandalized with anti-Semitic and racist graffiti; and

WHEREAS, The graffiti was found at the synagogue first thing on Monday morning, January 31, 2000; and

WHEREAS, Similar graffiti and vandalism was found spray-painted at Washington High School in the City of Fremont four miles away from Temple Beth Torah the same morning; and

WHEREAS, An act against one house of worship is an act of violence against all houses of worship; and

WHEREAS, An act against one part of our community is an act of violence against the entire community; and

WHEREAS, It is incumbent upon each of us to do everything possible to combat hatred and intolerance whenever and wherever it occurs; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California sends support and heartfelt condolences to Congregation Beth Torah; and be it further

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California sends support to the students, faculty, and administration of Washington High School and the entire community of Fremont; and be it further

Resolved, That the Legislature denounces these cowardly criminal acts and resolves to do everything possible as representatives of California to combat hatred, promote unity, and assist in bringing those responsible for these heinous crimes to justice.

RESOLUTION CHAPTER 19

Assembly Concurrent Resolution No. 13—Relative to Black History Month.

[Filed with Secretary of State February 16, 2000.]

WHEREAS, The history of African-Americans here in the United States, as well as throughout the ages, is indeed unique and vibrant, and it is appropriate to celebrate this history during the month of February 2000, which has been proclaimed as Black History Month; and

WHEREAS, The history of the United States is rich with inspirational stories of great men and noble women whose actions, words, and achievements have united Americans and contributed to the success and prosperity of the United States; and

WHEREAS, Among those Americans who have enriched our society are the members of the African-American community—individuals who

have been steadfast in their commitment to promoting brotherhood, equality, and justice for all; and

WHEREAS, From the earliest days of the United States, the course of its history has been greatly influenced by Black heroes and pioneers in many diverse areas, from science, medicine, business, and education to government, industry, and social leadership; and

WHEREAS, This year we celebrate Black History Month in a new century. An old African proverb states, “Only when you have crossed the river, can you say the crocodile has a lump on his snout.” Therefore as we move forward in the 21st Century we believe it is time we began to cross the river. The river in this case will be historical contributions of Africans/African-Americans to our society. Quickly, we will try to bring to light historical accomplishments and facts of Africans/African-Americans across the globe; and

WHEREAS, Scholars and scientists generally accept that Africa is the continent where mankind first saw the light of day. Scientists believe that man, therefore, began in Africa and migrated out to populate the other continents; and

WHEREAS, One of the first civilizations in the history of the world was Egypt, an empire that rose about six thousand years ago along the Nile River. The ancient Egyptians had developed a very complex religious system, called Mysteries, which was also the first system of salvation. In addition, it is understood that Egyptians by their study of astronomy discovered the solar year and were the first to divide it into 12 parts and were the architects of the great pyramids of Egypt; and

WHEREAS, During the first millennium, the Catholic Church had three popes who were either from Africa or of African descent: Saint Victor I (189–99), Saint Miltiades (311–14), and Saint Gelasius I (492–96); and

WHEREAS, The slave trade was a tragic episode in African history and began before August 1619 when the first slaves arrived in Jamestown, Virginia. During the course of the slave trade, an estimated 50 million African men, women, and children were lost to their native continent, though only about 15 million arrived safely to a new home. The others lost their lives on African soil or along the Guinea coast, or finally in holds on the ships during the dreaded Middle Passage across the Atlantic Ocean; and

WHEREAS, In spite of the African slave trade, many Africans/African-Americans continued to move forward in society; during the Reconstruction period, two African-Americans served in the United States Senate and 14 sat in the House of Representatives; and

WHEREAS, The first American to shed blood in the revolution that freed America from British rule was Crispus Attucks (March 5, 1770, Boston Massacre), an African-American seaman and slave.

African-Americans also fought in wars such as the battles of Lexington and Concord in April, 1775, Ticonderoga, White Plains, Bennington, Brandywine, Saratoga, Savannah, Yorktown, Bunker Hill, the Revolutionary War, the battle of Rhode Island on August 29, 1775, the battle of New Orleans, the Civil War, the Spanish-American War, World Wars I and II, Korea, and Vietnam; and

WHEREAS, Africans/African-Americans have also been great inventors, inventing such things as the air-conditioning unit, almanac, automatic gear, blood plasma bag, cellular phone, clothes, doorknob, doorstop, electric lamp bulb, elevator, fire escape ladder, fire extinguisher, fountain pen, gas mask, golf tee, guitar, horseshoe, lantern, lawnmower, lawn sprinkler, lock lubricating cup, motor, refrigerator, riding saddles, spark plug, stethoscope, stove, phone transmitter, thermostat control, traffic light, and typewriter; and

WHEREAS, A number of these brave and accomplished individuals, such as Booker T. Washington, George Washington Carver, Matthew Hansen, Daniel Hale Williams, Charles Drew, and, of course, Dr. Martin Luther King, Jr., are noted prominently in the history books of students nationwide, thus enabling them to learn about the important and lasting contributions of these individuals; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature takes great pleasure in recognizing February 2000 as Black History Month, urges all citizens to join in celebrating the accomplishments of African-Americans during Black History Month, and encourages the people of California to recognize the many talents, achievements, and contributions that African-Americans make to their communities; and be it further

Resolved That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 20

Assembly Concurrent Resolution No. 107—Relative to Dr. Martin Luther King, Jr. Day.

[Filed with Secretary of State February 16, 2000.]

WHEREAS, Renowned civil rights leader Martin Luther King, Jr. was born in Atlanta on January 15, 1929; and

WHEREAS, In 1948, Martin Luther King, Jr. received his bachelor of arts degree in sociology from Morehouse College, in 1951, he received his bachelor of divinity degree from Crozer Theological Seminary, as valedictorian and student body president, and in 1955, he

was awarded a doctorate in systematic theology from Boston University; and

WHEREAS, King married Coretta Scott on June 18, 1953; and

WHEREAS, King was ordained pastor of Dexter Avenue Baptist Church in Montgomery, Alabama in 1954; and

WHEREAS, Five days after Rosa Parks' arrest for refusing to comply with segregation on buses in Montgomery, on December 5, 1955, King was elected president of the Montgomery Improvement Association and the Montgomery Bus Boycott began; and

WHEREAS, During the boycott, King gained national prominence as an exceptional leader with extraordinary oratorical skills and personal courage; and

WHEREAS, On December 20, 1956, the United States Supreme Court declared Alabama's segregation laws unconstitutional and Montgomery buses were desegregated; and

WHEREAS, In 1957, King and other southern African-American ministers founded the Southern Christian Leadership Conference, and elected King as president; and

WHEREAS, King led the 1957 Prayer Pilgrimage for Freedom in Washington, D.C., and subsequently published his first book, *Stride Toward Freedom: The Montgomery Story*; and

WHEREAS, In 1959, King toured India, where he learned more about the philosophy of nonviolence of Mohandas K. Gandhi and developed his own theories about achieving social change through nonviolent resistance; and

WHEREAS, During mass demonstrations in 1963 organized by Dr. King and his staff in Birmingham, Alabama, images of brutality inflicted on African-American demonstrators by police using police dogs and firehoses shocked the world; and

WHEREAS, King delivered his famous "I Have a Dream" speech on August 28, 1963, at the March on Washington for Jobs and Freedom; and

WHEREAS, Reverend King received the Nobel Peace Prize in Oslo, Norway in 1964, and the Civil Rights Act of 1964 was enacted as a direct result of Dr. King's work; and

WHEREAS, In 1965, King led the march from Selma to Montgomery, and President Johnson signed the federal Voting Rights Act of 1965 (Section 1971, Title 42, United States Code); and

WHEREAS, On April 4, 1968, while in Memphis assisting striking sanitation workers, King was assassinated; and

WHEREAS, Representative John Conyers introduced legislation in Congress four days later proposing Dr. King's birthday as a holiday; and

WHEREAS, On April 10, 1970, California became the first state to pass legislation making King's birthday a school holiday; and

WHEREAS, Despite resistance to the creation of a new national holiday, the diligence and perseverance of Representative John Conyers and numerous others in pursuing this goal culminated when on November 2, 1983, President Ronald Reagan signed legislation making King's birthday a national holiday; and

WHEREAS, January 20, 1986, marked the first observance of Dr. Martin Luther King, Jr. Day; and

WHEREAS, The Reverend Dr. Martin Luther King, Jr. devoted his life to fight segregation and injustice by nonviolent means, and is an outstanding example of courageous leadership in the face of unrelenting violence and harassment by individuals and government institutions; and

WHEREAS, The Reverend Dr. Martin Luther King, Jr. is a source of inspiration for all Americans; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California State Legislature honors the late Reverend Dr. Martin Luther King, Jr., and commemorates Dr. Martin Luther King, Jr. Day.

RESOLUTION CHAPTER 21

Senate Concurrent Resolution No. 22—Relative to College Awareness Month.

[Filed with Secretary of State February 18, 2000.]

WHEREAS, The California Education Round Table and its Intersegmental Coordinating Committee are sponsoring February 2000 as "College Awareness Month"; and

WHEREAS, California needs a college-educated workforce in order to maintain a strong and vibrant economy, a cohesive society, and an effective democracy; and

WHEREAS, Pupils have to learn the skills, competencies, and behaviors that will enable them to have a variety of choices after high school graduation, including entering and succeeding in college; and

WHEREAS, California is disadvantaged when pupils leave high school before they graduate—a situation that happens too frequently—or graduate without the skills that are necessary to participate productively in the state's future; and

WHEREAS, Parents have important responsibilities in encouraging their daughters and sons to master the skills in elementary and secondary school that will prepare them to pursue a college education; and

WHEREAS, California's educational community will be conducting a statewide campaign during the month of February to provide parents with information in the appropriate language that will assist them in serving as academic advisers and financial planners for their daughters and sons so that they can graduate from college; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby supports the actions of the California Education Round Table by proclaiming February 2000 as "College Awareness Month"; and be it further

Resolved, That the Legislature urges the residents of California to encourage elementary and secondary school pupils to succeed in their academic endeavors so that they may earn a college education and contribute to the economic, social, and political future of this state; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Governor, the Superintendent of Public Instruction, and the California Education Round Table.

RESOLUTION CHAPTER 22

Senate Concurrent Resolution No. 63—Relative to the Department of Parks and Recreation.

[Filed with Secretary of State February 18, 2000.]

WHEREAS, The Legislature convened on this date, February 16, 2000, at the State Capitol Building at Benicia to celebrate California's sesquicentennial; and

WHEREAS, Since 1958, the Department of Parks and Recreation, under the auspices of the Resources Agency, has been responsible for the maintenance and administration of the Benicia State Capitol Building; and

WHEREAS, The Department of Parks and Recreation recently facilitated upgrades to the structure, notably the construction of a wheelchair ramp, fire escape, and new stairs; and

WHEREAS, The excellent condition of the State Historic Landmark is a testament to the hard-working employees of the State Parks system; and

WHEREAS, The Benicia State Parks Association was instrumental in overseeing the recent site improvements; and

WHEREAS, The staff of the Benicia Capitol State Historic Park provided eager assistance in the planning of this historic session held at the site on February 16, 2000; and

WHEREAS, Employees and docents of the Department of Parks and Recreation provided guided tours of the Benicia State Capitol to over 13,000 citizens in 1999; and

WHEREAS, The dedicated state employees that serve in the parks system provide Californians, as well as tourists, clean and safe public parks for educational and recreational use; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature commends the Department of Parks and Recreation for the maintenance of the Benicia State Capitol Building and for their assistance in facilitating the legislative session held there on February 16, 2000; and be it further

Resolved, That the Secretary of the Senate transmit suitable copies of this resolution to the Secretary of the Resources Agency, to the Director of Parks and Recreation, to the Benicia State Parks Association, and to the staff of the Benicia Capitol State Historic Park.

RESOLUTION CHAPTER 23

Senate Concurrent Resolution No. 64—Relative to the one hundred fiftieth anniversary of the First Session of the California Legislature.

[Filed with Secretary of State February 18, 2000.]

WHEREAS, Upon the ratification of the Treaty of Guadalupe-Hidalgo on May 30, 1848, Alta California passed from the jurisdiction of the Mexican Republic to the jurisdiction of the United States of America, culminating hostilities begun in 1846; and

WHEREAS, Following the Treaty, the Congress of the United States in its sessions of 1848 and 1849 failed to provide for a civil government in the region, leaving a military government previously established under the laws of war that would operate with the presumed consent of the People; and

WHEREAS, The population of California increased exponentially following the discovery of gold, creating a constituency avid for the establishment of popular government based on the familiar law of the United States; and

WHEREAS, In response to popular meetings in San Jose, San Francisco, Sonoma, Monterey, Coloma, San Diego, and at the Yuba River advocating representative government, and to the establishment of local legislative bodies in Sonoma, Sacramento, and San Francisco,

Brigadier General Bennet Riley issued a proclamation on June 3, 1849, calling for elections to a Constitutional Convention to convene in Monterey on September 1; and

WHEREAS, The Constitutional Convention produced the first fundamental document of California in the American era, proclaimed by General Riley on October 12, 1849, who then called for the election of the first Legislature on November 13, 1849; and

WHEREAS, Following the election, the first Legislature met in San Jose at a two-story adobe known as the Sainsevain Hotel on December 15, and achieved a quorum on December 17; and

WHEREAS, From the date of the Constitutional Convention, nine months prior to the admission of California to the Union, through the date of final adjournment on April 22, 1850, the First Legislature adopted California's first civil and criminal statutes, establishing the boundaries for counties, creating the first administrative offices of state government including the State Archives, State Librarian, and the Office of State Printer, declaring all roads public highways, establishing a revenue stream based on property and per capita taxes, and providing the procedure for the establishment of colleges and universities; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature celebrates the institution of popularly elected representative government in California upon the one hundred fiftieth anniversary of its First Session, with renewed dedication to the protection of rights and perfection of justice for all the citizens of this state; and be it further

Resolved, That the Legislature hereby commemorates and respectfully honors those individuals who answered the first call to legislative service on behalf of the People of the State of California: Senators William R. Bassham, Nathaniel Bennett, John Bidwell, David C. Broderick, Ephraim Kirby Chamberlin, Elisha O. Crosby, Pablo de la Guerra, David F. Douglass, William D. Fair, Thomas Jefferson Green, Elcan Heydenfeldt, Alexander W. Hope, Benjamin S. Lippincott, Gabriel B. Post, Henry Robinson, Nelson Taylor, Mariano Guadalupe Vallejo, Thomas L. Vermeule, Selim E. Woodworth; Assembly Members Joseph Aram, Drury P. Baldwin, Ebenezer B. Bateman, John Bigler, John Ely Brackett, John S. Bradford, Elam Brown, Herman C. Cardwell, John Cave, Samuel J. Clarke, Pierre Barlow Cornwall, Benjamin Cory, Jose Maria Covarrubias, Charles Mack Creaner, Alexander Parker Crittenden, William Grove Deal, James A. Gray, Richard W. Heath, Thomas Jefferson Henley, John T. Hughes, Montgomery Martin, Elisha McKinstry, Benjamin Franklin Moore, Joseph C. Morehead, Isaac S.K. Ogier, John Alexander Patterson, Theron R. Per Lee, Edmund Randolph, Levi Stowell, Henry A. Tefft,

George B. Tingley, John Wesley Van Benschoten, William Van Voorhies, Madison Walthall, John Watson, Alfred Wheeler, Thomas Jefferson White, John Williams, and Oliver S. Witherby; and James F. Howe, first Secretary of the Senate, Thomas J. Austin, first Sergeant-at-Arms of the Senate, E.H. Tharp, first Chief Clerk of the Assembly, and Samuel N. Houston, first Sergeant-at-Arms of the Assembly.

RESOLUTION CHAPTER 24

Senate Concurrent Resolution No. 65—Relative to the San Francisco Bar Pilots.

[Filed with Secretary of State February 18, 2000.]

WHEREAS, The San Francisco Bar Pilots, established by Captain William Richardson, have continuously assisted maritime trade and protected the navigable waters of San Francisco Bay and adjoining waters since 1835; and

WHEREAS, In the California Legislature's very first session at Pueblo de San Jose, which began on December 15, 1849, and ended on April 22, 1850, the Assembly and Senate quickly recognized the importance of pilotage to the state's commerce; and

WHEREAS, Chapter 1 of the 1849–50 legislative session established the State Archives; and

WHEREAS, Chapter 2 of the 1849–50 legislative session established the State Printer; and

WHEREAS, Chapter 3 of the 1849–50 legislative session, authorized the Governor, with the advice and consent of the Senate, to appoint pilots for the ports and harbors of California. That bill passed on January 8, 1850, and was signed by California's first Governor, Peter H. Burnett; and

WHEREAS, In that same legislative session, Chapter 18 was passed on February 25, 1850, and was signed by Governor Burnett. It established the Board of Pilot Commissioners for the Port of San Francisco; and

WHEREAS, The Board of Pilot Commissioners for the Port of San Francisco, now known as the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun, is the longest operating state board or commission in California history; and

WHEREAS, The Legislature in 1853 at the State Capitol in Benicia, concerned that maritime safety and commerce was being endangered by competition among unaffiliated pilots, enacted a bill that required all bar

pilots operating in San Francisco to work cooperatively under the auspices of the preexisting San Francisco Bar Pilots organization. That bill was signed by California's third Governor, John Bigler; and

WHEREAS, Many years later, as a result of Chapter 1653 of the Statutes of 1984, all inland and river pilots working within the Bays of San Francisco, San Pablo, and Suisun, and on their tributaries, came under the jurisdiction of the Board of Pilot Commissioners and affiliated with the San Francisco Bar Pilots; and

WHEREAS, The San Francisco Bar Pilots at all times, in all weather conditions, have been continuously stationed for 150 years near the "SF" buoy 12 miles west of the Golden Gate; and

WHEREAS, All vessels of 300 gross tons or more engaged in foreign trade are required to have a San Francisco Bar Pilot on board to cross the enormous horseshoe shaped sandbar seaward of San Francisco Bay, to enter the Golden Gate, and to navigate the waters of San Francisco, San Pablo, and Suisun Bays. The San Francisco Bar Pilots are now responsible for the safe passage of nearly 9,000 vessels each year that range from 100-foot tugs to 1000-foot supertankers, and that include container and bulk cargo ships, military vessels, and cruise ships; and

WHEREAS, The waters worked by the San Francisco Bar Pilots are some of our nation's busiest. Commercial and recreational fishing boats, commuter ferries, military and Coast Guard vessels, pleasure craft, and commercial ships and tankers all share the waters. Through this veritable water-traffic jam, the pilots guide the biggest ships with the most dangerous cargo; and

WHEREAS, These waters are affected by thick fog, high winds, and winter storms and are characterized by shifting currents and tides, by treacherous shoals, sandbars, and rock formations, and by narrow channels and rivers; and

WHEREAS, The San Francisco Bar Pilots serve seven ports including Benicia, Oakland, Redwood City, Richmond, Sacramento, San Francisco, and Stockton as well as numerous anchorages and terminals outside of port jurisdictions; and

WHEREAS, The waters protected by the San Francisco Bar Pilots are the largest estuary on the west coast of North and South America; they include 1,000 miles of shoreline and more than 90 percent of California's coastal marshland; and

WHEREAS, In recognition of the rare skills necessary for a person to safely pilot in these unique waters, the Board of Pilot Commissioners, in 1986, established a comprehensive training program that all prospective pilots must complete. To qualify for the program, which is a full-time endeavor lasting up to three years, an applicant must already be an accomplished vessel captain. He or she must hold a United States

Coast Guard Master's License with radar endorsement and have two years' command or piloting experience ; and

WHEREAS, All active duty pilots must also participate in a board-sponsored continuing education program; and

WHEREAS, Due to their training, skill, and dedication, the members of the San Francisco Bar Pilots have achieved a 99.99% record of vessel movements with no pilot error; now, therefore, be it

Resolved by the Senate of the State of California, meeting in the historic State Capitol in Benicia, the Assembly thereof concurring, That it is with great pride that the Legislature of the State of California honors both the former and current members of the San Francisco Bar Pilots for their important role, throughout California's history, in the enhancement of maritime commerce, protection of cargoes, and safeguarding the fragile environment of the bays and rivers on which they have served; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 25

Assembly Concurrent Resolution No. 120—Relative to commending the citizens and the City of Benicia for their hospitality, and creating a suitable memorial.

[Filed with Secretary of State February 22, 2000.]

WHEREAS, The Legislature, in honor of California's sesquicentennial, is convening on February 16, 2000, at the former State Capitol in Benicia; and

WHEREAS, The Benicia State Capitol was originally designed for use as the city hall, but instead housed the Legislature in 1853 and 1854, until the state capital was moved to Sacramento; and

WHEREAS, The Benicia State Capitol has a varied history, having been used over the years as a court house, library, school, and fire department, until it was deeded to the state in 1951; and

WHEREAS, A restoration movement was spearheaded in the 1950's by the Benicia Parlors of the Native Sons and Native Daughters of the Golden West, Senator Luther E. Gibson, the State Park Commission, the Division of Beaches and Parks (now the Department of Parks and Recreation), and the City of Benicia; and

WHEREAS, The restoration was overseen by supervising architect Alfred Eichler, who used many original construction materials, including the original square cut nails, which were found at a local

hardware store, reproduction Pennsylvania float glass, and ponderosa pine flooring; and

WHEREAS, At an approximate cost of \$230,000, the restoration was completed in 1958, and the structure was rededicated as a State Historical Monument; and

WHEREAS, To honor the restoration of the Benicia State Capitol, the Legislature and Governor met on March 15, 1958, as part of a three-day celebration that included parades, marching bands, period costumes, dances, and a civic luncheon at the historic Clock Tower Building; and

WHEREAS, On January 20, 2000, the Legislature, in seeking a suitable event to celebrate and honor California history on the occasion of its 150th anniversary as a state, passed Senate Concurrent Resolution 54, which called for the convening of both houses in Benicia on February 16, 2000; and

WHEREAS, The City of Benicia, cooperating with the State Department of Parks and Recreation, ensured that the building was fitted with a fire escape and wheelchair access ramp in time for the legislative session; and

WHEREAS, The City of Benicia graciously offered its assistance in planning the event, and, in cooperation with the Benicia Chamber of Commerce, organized a historically themed luncheon at the Clock Tower Building; and

WHEREAS, The Clock Tower luncheon is scheduled to be attended by the Members of the Legislature, statewide constitutional officers, citizens of Benicia, government and business leaders from Solano County, and others, including Senate President pro Tempore John L. Burton and Assembly Speaker Antonio R. Villaraigosa, who are to address the assemblage; and

WHEREAS, At the Clock Tower luncheon, speeches on state history are to be delivered by State Librarian Dr. Kevin Starr, Sonoma State University Professor Edward Castillo, and California History Center Foundation Trustee Mary Jo Ignoffo; and

WHEREAS, The houses of the Legislature are to meet at 1 p.m. in their respective chambers at the Benicia State Capitol, at which time the winners of a Benicia school essay contest are to be recognized and honored for their scholastic achievement; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby commends the City of Benicia, the Benicia Chamber of Commerce, and the citizens of Benicia for being thoughtful and generous hosts on the occasion of the Legislature's celebration of California's sesquicentennial, and that a suitable plaque be placed at the Benicia State Capitol site to memorialize this event; and be it further

Resolved, That the Chief Clerk of the Assembly transmit suitable copies of this resolution to the Mayor of the City of Benicia, the Benicia Chamber of Commerce, the Native Sons and Native Daughters of the Golden West, and the Director of Parks and Recreation, whose copy shall be displayed at the Benicia State Capitol.

RESOLUTION CHAPTER 26

Assembly Concurrent Resolution No. 121—Relative to the Sesquicentennial Anniversary of California’s Admission into the Union.

[Filed with Secretary of State February 22, 2000.]

WHEREAS, September 9, 2000, marks the 150th anniversary of California’s statehood; and

WHEREAS, California’s history began long before its admission into the Union; and

WHEREAS, A mythical, exotic island named “California” first appeared in the 16th century Spanish novel, *Las Sergas de Esplandian*; and

WHEREAS, Explorers sought out this beautiful “island” close to the “Terrestrial Paradise” near the Indies; and

WHEREAS, On September 28, 1542, Juan Rodriguez Cabrillo, a Portuguese navigator sailing under the Spanish flag, entered what is now San Diego Bay, and was followed in later years by numerous other explorers, including Sir Francis Drake, Sebastian Rodriguez Cermeno, and Sebastian Vizcaino, exploring what is now the coastline of California; and

WHEREAS, The rich resources, fair climate, and natural beauty of the region lured subsequent exploration and colonization attempts; and

WHEREAS, For thousands of years, the area had been the exclusive domain of numerous indigenous tribes with rich cultures and belief systems, and unique languages and customs; and

WHEREAS, After years of colonization, most of these tribes were decimated by disease or subjugation; and

WHEREAS, Spain colonized California in the 1760’s and under the leadership of Gaspar de Portola and Father Junipero Serra established presidios, missions, and pueblos; and

WHEREAS, In 1822 Mexico gained independence from Spain, making California a Mexican province; and

WHEREAS, The province’s remoteness from Mexico helped foster political, civil, and military instability in California; and

WHEREAS, On May 13, 1846, the United States went to war with Mexico over border disputes; and

WHEREAS, At Sonoma in June of 1846, a group of American settlers, led by William B. Ide, staged the "Bear Flag Rebellion," declaring California to be a republic independent of Mexico; and

WHEREAS, In July 1846, the American flag was raised at Monterey by Commodore John D. Sloat, and at San Francisco by Commander John B. Montgomery; in Sonoma, Lieutenant Joseph Warren Revere ended the brief Bear Flag Rebellion by unfurling Old Glory in its stead; and

WHEREAS, The Treaty of Guadalupe Hidalgo was signed on February 2, 1848, formally ceding California to the United States of America; and

WHEREAS, James Marshall discovered gold at Sutter's Mill in Coloma on January 24, 1848, prompting the famous California Gold Rush, which hastened the migration of thousands of people from all over the world; and

WHEREAS, In 1849, while Californians were waiting for Congress to vote on an Act for Admission, citizens wasted no time in forming their own government; and

WHEREAS, On June 3, 1849, General Bennett Riley, acting as Governor, called for a Constitutional Convention to be held on September 1, 1849, to form a government; and

WHEREAS, Most of the delegates were United States citizens and native-born Californians, but there were also five foreign-born members from Switzerland, Scotland, France, Spain, and Ireland; and

WHEREAS, Forty-eight delegates met at the Constitutional Convention at Colton Hall in Monterey, and finished their work on October 13, 1849; and

WHEREAS, The Constitution of the State of California was adopted by the people on November 13, 1849, by a vote of 12,872 to 811; and

WHEREAS, The Constitution, among other things, set forth the Bill of Rights, prohibited slavery, provided for a public school system, limited state indebtedness, gave married women the right to own property, required publishing of laws in English and Spanish, and designated Pueblo de San Jose as the state capital; and

WHEREAS, The Legislature convened at San Jose on December 15, 1849, and proceeded to divide the state into 25 counties and provide for taxation, courts, city incorporation, and criminal and civil procedures; and

WHEREAS, Nearly 10 months after the state Constitution was adopted, President Millard Fillmore signed the Act for Admission admitting California into the Union, on September 9, 1850; and

WHEREAS, In the early years of statehood, several cities maneuvered successfully, if only temporarily, to relocate the state capital to their locales, including Vallejo, Benicia, and San Francisco; and

WHEREAS, Sacramento was chosen to be the permanent capital on February 25, 1854; and

WHEREAS, A magnificent Capitol building, designed by M.F. Butler and Reuben Clark, has housed the Legislature since 1869, and later the building was methodically restored from 1976 to 1981; and

WHEREAS, Previous Legislatures exhibited great foresight and courage throughout California's 150 years as a state, establishing public schools, colleges and universities, granting property rights to women, instituting the direct primary system, giving voters the power to recall government officials, building the state highway system, giving women the right to vote prior to passage of the 19th Amendment, imposing limits on child labor, establishing a state parks system, allowing state assistance to the disabled, mandating construction standards for schools, authorizing the State Water Project, establishing a state civil service system, ending school segregation before passage of similar federal laws, and passing open meeting laws, fair housing laws, environmental protections, and many other laws; and

WHEREAS, California has become the world leader in many areas, including, among others, computer technology, agriculture, movie production, aerospace, and medicine; and

WHEREAS, California's reputation as the Golden State attracts tourists and immigrants from all over the globe, establishing California as the most ethnically diverse and the most populous state in the Union; and

WHEREAS, The Legislature recognizes the important contributions made by California citizens of all ethnic backgrounds; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature officially honors the sesquicentennial anniversary of California's statehood, and encourages the people of the state to celebrate with events paying tribute to California's history; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the California State Library and the Governor of California.

RESOLUTION CHAPTER 27

Assembly Concurrent Resolution No. 125—Relative to California Neighborhood and Community Parks Month.

[Filed with Secretary of State February 22, 2000.]

WHEREAS, Neighborhood and community parks strengthen a community's image and sense of place by serving as a central gathering place for civic, community, and family activities; and

WHEREAS, Neighborhood and community parks have provided facilities and play areas for countless hours of recreational enjoyment for families, youth, and athletic enthusiasts of all ages; and

WHEREAS, Neighborhood and community parks provide underserved urban communities with urgently needed facilities and open space in their neighborhoods; and

WHEREAS, These parks provide physical benefits to a community's overall image, strengthening the economy of community businesses and spurring local economic revitalization efforts in underserved neighborhoods; and

WHEREAS, Programs and services are offered at parks that enrich the mental and physical health of all Californians, especially for children and senior citizens; and

WHEREAS, Parks provide a broad range of recreational activities including fishing, hiking, camping, bird watching, baseball, and soccer; and

WHEREAS, Neighborhood and community parks provide programs for children to help improve computer and reading skills by offering homework assistance, mentoring, arts, and a wide range of recreational and physical activities; and

WHEREAS, Constructive and positive after-school activities offer children an alternative to gang involvement, drugs, and keep them away from violence; and

WHEREAS, Neighborhood and community parks provide safe venues for senior citizens, a place for interaction among California's elderly, providing mental and physical activities for those persons who are retired, unemployed, or stricken with debilitating illness such as Alzheimer's; and

WHEREAS, Greenbelt and open-space benefits in urban and rural areas of the state provide view-sheds as a contrast to neighboring residential and commercial development; and

WHEREAS, Neighborhood and community parks play an important role in protecting and preserving California's treasured wildlife and habitat, providing communities with opportunities to view nature in their backyards; and

WHEREAS, Previous generations upheld their responsibility to protect and preserve California's irreplaceable historical and natural resources, setting aside wildlife habitats, open space, and local parks for future generations; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the month of March 2000 as California Neighborhood and Community Parks Month, and encourages the people of this state to reflect on the positive benefits that our local and regional parks provide every person in California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 28

Assembly Concurrent Resolution No. 31—Relative to National Boys and Girls Club Week.

[Filed with Secretary of State March 1, 2000.]

WHEREAS, The National Boys and Girls Clubs have more than 2,500,000 members; and

WHEREAS, In every child there is hidden talent just waiting to be discovered; and

WHEREAS, Boys and Girls Clubs provide the inspiration and the direction to nurture this talent, to help children develop self-esteem, to build lasting friendships, and to learn the valuable skills, values, and knowledge they need to become the productive and fulfilled citizens of tomorrow; and

WHEREAS, When time is taken to provide a young person with confidence, education, and opportunity for personal growth, an investment has been made in the future of America; and

WHEREAS, This investment has been made possible by the dedicated efforts of the thousands of volunteers, community leaders, and staff members of the more than 1,900 Boys and Girls Clubs across our nation; and

WHEREAS, Each one should be praised for its caring commitment and shining faith in America's boys and girls; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature designates April 9, 2000, through April 15, 2000, as National Boys and Girls Club Week; and be it further

Resolved, That the Legislature commend all those who work in the Boys and Girls Club and who put the needs of our children first because their work is, indeed, an inspiration to all who seek to improve our world; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 29

Assembly Concurrent Resolution No. 129—Relative to Spay Day 2000.

[Filed with Secretary of State March 1, 2000.]

WHEREAS, Between six and 10 million dogs and cats are euthanized in the United States each year; and

WHEREAS, In most instances these are young, attractive, healthy, friendly, and playful animals that are euthanized simply because there are not enough good homes for them; and

WHEREAS, An additional unknown number of animals die each year due to abandonment, neglect, abuse, starvation, or cruelty because they are unwanted; and

WHEREAS, The spaying and neutering of dogs and cats directly addresses these problems by reducing the number of unwanted animals; and

WHEREAS, Californians can contribute to this effort by spaying and neutering their own pets and by supporting programs in their communities that offer spay and neuter services; and

WHEREAS, Veterinarians, humane societies, and national and local animal protection organizations have joined together to advocate the spaying and neutering of dogs and cats on “Spay Day USA 2000,” now therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California declares February 29, 2000, to be Spay Day USA and that Californians are requested to observe the day by having their dogs or cats spayed or neutered or by contributing to those organizations that provide spay and neuter services; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 30

Assembly Concurrent Resolution No. 43—Relative to Law Enforcement Appreciation Week.

[Filed with Secretary of State March 1, 2000.]

WHEREAS, Public safety for the citizens of this state is of the utmost priority; and

WHEREAS, Law enforcement officers of this state are on the front lines daily risking their lives to ensure that each citizen can live in a safe and secure environment; and

WHEREAS, Law enforcement officers work in partnership with their community to protect life and property, solve neighborhood problems, and enhance the quality of life in this state; and

WHEREAS, Law enforcement officers bear the public trust and dedicate themselves to the protection of the safety and rights of the citizens of this state; and

WHEREAS, The third week of May has been dedicated to law enforcement officers by the United States Congress as National Police Memorial Week to honor all officers who have given the ultimate sacrifice while in the line of duty; and

WHEREAS, Ceremonies will be held in Sacramento in conjunction with National Police Memorial Week and Law Enforcement Appreciation Week, acknowledging the sacrifices and dedication of our local law enforcement professionals; and

WHEREAS, Law enforcement officers and their families and friends encourage the community to participate and acknowledge the sacrifices of those brave men and women who are entrusted with the public safety by attending these weeklong events starting with the opening ceremony on Sunday, May 14, 2000, and ending with a memorial ceremony on Saturday, May 20, honoring the memory of California officers killed in the line of duty; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby proclaim May 14 through May 20, 2000, as Law Enforcement Appreciation Week in California, and encourages all Californians to join in this observance to commend our law enforcement officers for their professionalism and commitment to the citizens of California; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Governor.

RESOLUTION CHAPTER 31

Assembly Concurrent Resolution No. 95—Relative to the federal decennial census.

[Filed with Secretary of State March 6, 2000.]

WHEREAS, A complete and accurate count of all residents of the United States by the 2000 federal decennial census is vital to the interests of California; and

WHEREAS, It has been estimated that 843,936 Californians went uncounted in the 1990 federal decennial census; and

WHEREAS, Through the continued inability of the federal government to count California residents, it has been projected that over one million Californians could go uncounted in the 2000 federal decennial census; and

WHEREAS, The federal decennial census is used to determine the amount of federal funds states and other jurisdictions receive for a wide variety of important programs; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California respectfully request all California residents to make themselves available to be counted during the 2000 federal decennial census in order for California and local jurisdictions to report population numbers that accurately and fully reflect the true census of Californians; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor so that he will engage all state agencies and departments to assist the United States Census Bureau to make sure that every Californian is counted.

RESOLUTION CHAPTER 32

Assembly Concurrent Resolution No. 108—Relative to the national Parent Teacher Association.

[Filed with Secretary of State March 6, 2000.]

WHEREAS, The national Parent Teacher Association (PTA) is the oldest and largest volunteer organization in the United States dedicated to working exclusively on behalf of children and youth; and

WHEREAS, For more than 100 years, the California State Parent Teacher Association has served the needs of children, parents, and schools throughout the state by utilizing the network of local, state, and national members on issues that affect public education; and

WHEREAS, The mission of the California State Parent Teacher Association is to represent its members and to empower and support them with skills in advocacy, leadership, and communication to positively impact the lives of all children; and

WHEREAS, The California State Parent Teacher Association is an all volunteer organization of more than one million members, representing

32 districts, 209 councils, and over 3,900 local units, dedicated to improving the education, health, and well-being of children and youth; and

WHEREAS, The strength of the Parent Teacher Association and its effectiveness lies with the membership and active volunteers who continue to speak for the children who cannot speak for themselves; and

WHEREAS, The Parent Teacher Association was founded on February 17, 1897, and Parent Teacher Associations throughout California annually celebrate “Founders Day” during the month of February with activities to promote the mission of Parent Teacher Association; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of February be declared “Parent Teacher Association Month” and that concerned parents, students, and community members be encouraged to recognize this vital and effective organization dedicated to the success and well-being of all children.

RESOLUTION CHAPTER 33

Assembly Concurrent Resolution No. 112—Relative to California Fitness Month.

[Filed with Secretary of State March 6, 2000.]

WHEREAS, Exercise and fitness activities can increase self-esteem, boost energy, strengthen the heart and muscles, burn calories, and improve cholesterol levels; and

WHEREAS, Exercise and fitness activities are excellent ways to relieve stress, lower the risk of heart disease, hypertension and diabetes, prevent bone loss, and decrease the risk of some cancers; and

WHEREAS, A person’s fitness level has a dramatic effect on the body’s ability to produce energy and to reduce fat; and

WHEREAS, A fit person burns a higher percentage of fat not only during activity, but also at rest, fit people have a higher proportion of muscle tissue, which burns more calories than fat does, and those with more muscle mass can eat more calories and still maintain a healthy weight; and

WHEREAS, To lose weight and keep it off, one should do an enjoyable moderate-intensity aerobic activity for 30 to 60 minutes, three to five times a week; and

WHEREAS, A person should also do muscle-strengthening exercises two or three times a week, and should concentrate on maintaining a balanced diet; and

WHEREAS, Most popular diet programs cannot produce long-lasting weight reduction results without exercise; and

WHEREAS, There is no age limit for physical activity. Among the elderly, exercise provides cardiovascular, respiratory, neuromuscular, metabolic, and mental health benefits; and

WHEREAS, Fitness activities have been shown to sharpen mental ability in all people, and to retard the aging process; and

WHEREAS, Maximizing one's energy level, increasing muscle mass, and reducing body fat, increases one's chances of living a longer, healthier life; and

WHEREAS, More than 60 percent of American adults do not get the recommended amount of physical activity, 25 percent of American adults are not active; and

WHEREAS, Nearly all American youths from 12 to 21 years of age are not vigorously active on a regular basis; and

WHEREAS, The State Department of Education reports that a majority of California's children are not physically fit; and

WHEREAS, The Legislature seeks to advance the physical fitness of all Californians by educating them about the benefits of exercise and a balanced diet; and

WHEREAS, The Legislature will increase public awareness about the benefits of exercise and physical fitness by encouraging members to host events in their districts that stimulate physical fitness and increase participation by Californians in activities that promote physical health and benefit both mental and physical well-being; and

WHEREAS, The Legislature encourages its members, as well as organizations, businesses, and individuals to sponsor and attend physical fitness events that are informative, fun, and result in a number of Californians becoming physically fit; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the month of March 2000 as California Fitness Month, and encourages all Californians to enrich their lives through proper diet and exercise; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 34

Senate Concurrent Resolution No. 61—Relative to California Girls and Women in Sports Week.

[Filed with Secretary of State March 6, 2000.]

WHEREAS, By an act of the United States Congress, February 4, 1987, was proclaimed as the first national Girls and Women in Sports Day in memory of volleyball legend Flo Hayman, whose tragic death cut short a lifetime of determined effort for equality in sports; and

WHEREAS, Girls and women throughout the ages have participated in a variety of sports and games in school, community, and club programs; and

WHEREAS, Many female athletes have distinguished themselves as representatives of California and the nation in the Olympic Games; and

WHEREAS, Participation in sports is acknowledged as a positive force in developing and promoting physical, mental, moral, social, and emotional well-being; and

WHEREAS, There is a need to encourage women of all ages to compete and contribute to sports at all levels of competition and to prepare the next generation of female sports leaders as we enter the new millennium; and

WHEREAS, The theme of this year's national celebration, "All Girls Allowed," supports the accomplishments and positive influence of sport participation and the continuing struggle for equality and access; and

WHEREAS, The combined effort of Girls Incorporated, the National Association for Girls and Women in Sports, the Women's Sports Foundation, the Girl Scouts of the USA, the National Federation of State High School Associations, the YWCA of the USA, the California Interscholastic Federation, and the California Association for Health, Physical Education, Recreation, and Dance have served to bring needed information and important recognition of this week; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature recognizes female athletes, coaches, officials, and sports administrators for their important contribution in promoting the value of sports in the achievement of full human potential, and hereby proclaims February 6 to 12, 2000, inclusive, as California Girls and Women in Sports Week; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 35

Senate Concurrent Resolution No. 69—Relative to adult education.

[Filed with Secretary of State March 13, 2000.]

WHEREAS, Approximately 377 California adult schools serve the changing economic and cultural needs of a vigorous, expanding community; and

WHEREAS, Adult schools serve approximately 1,600,000 California students; and

WHEREAS, Adult schools provide instruction to those in our state who need English-as-a-second-language and citizenship courses; and

WHEREAS, Adult schools are primary community resources for the teaching and instruction of adult family literacy; and

WHEREAS, Adult schools provide a way for adults to complete high school studies in their own time and pace; and

WHEREAS, Adult schools provide approximately 108,087,430 hours of instruction annually; and

WHEREAS, Adult schools provide programs especially designed for older adult and disabled populations; and

WHEREAS, Adult schools provide vocational and job training for adults seeking career changes or enhancements; and

WHEREAS, Adult schools provide instruction for parents, ranging from prebirth classes through a wide spectrum of parent education courses; and

WHEREAS, Adult schools provide education services as called for by the federal Workforce Investment Act of 1998, and for participants of the CalWORKs program; and

WHEREAS, Adult schools provide for the unique needs of individuals in a diverse population; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the week of March 6 through March 10, 2000, be proclaimed California Adult Education Week, in honor of the many outstanding services and contributions provided by California Adult Schools; and be it further

Resolved, That the administrators, teachers, classified staff, and students of California's adult schools be commended for their support of, and contributions to, quality public education in the state.

RESOLUTION CHAPTER 36

Assembly Concurrent Resolution No. 83—Relative to the Civilian Women Volunteers All Wars Memorial Freeway.

[Filed with Secretary of State March 15, 2000.]

WHEREAS, Civilian women volunteers have supported members of the United States Armed Forces through dedicated and little-known service; and

WHEREAS, Civilian women volunteers have run recreation centers and libraries on military installations, on off-base and post facilities, and in the fields; and

WHEREAS, Civilian women volunteers have taught in hospitals and schools, provided health care to the civilian population, and run orphanages; and

WHEREAS, Civilian women volunteers have risked their lives and jeopardized their health while participating in humanitarian activities; and

WHEREAS, During World War I, over 90,000 civilian women served as volunteers; and during World War II, over 350,000 civilian women volunteers supported the military overseas and thousands of others served in stateside positions; and

WHEREAS, During the Korean War, untold civilian women volunteered for service; and

WHEREAS, In Vietnam, over 20,000 civilian women volunteered for service; and

WHEREAS, Civilian women volunteers have served in the Persian Gulf, Somalia, and the Balkans; and

WHEREAS, These civilian women volunteers came from numerous organizations, including, but not limited to, religious organizations, the American Red Cross, the Department of Defense Special Services, the United States Agency for International Development (USAID), Women Air Service Pilots (WASPs), and USO clubs and USO shows; and

WHEREAS, Civilian women volunteers have supported health care services and improved the quality of life for the soldiers and the civilian population as well, without expectation of compensation or future reward; and

WHEREAS, During these times of war and conflict, many civilian women volunteers were taken prisoner, or classified as Missing In Action (MIA); and

WHEREAS, Over 500 of these civilian women volunteers have died in the service of their country; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State of California memorialize all civilian women volunteers who have served in support of our Armed Forces from 1914 to the present and who will serve in the future, by designating that portion of State Highway Route 101 between the Ralston Avenue Exit in Belmont, California, to State Highway Route 92, the Civilian Women Volunteers All Wars Memorial Freeway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 37

Assembly Concurrent Resolution No. 141—Relative to Domestic Worker Appreciation Day.

[Filed with Secretary of State March 17, 2000.]

WHEREAS, Domestic workers have numerous responsibilities, including sweeping, mopping, waxing, preparing and serving breakfast, lunch, and dinner, cleaning bathrooms, doing laundry, dusting and vacuuming, cleaning windows, and caring for children and pets; and

WHEREAS, Domestic workers often must work on holidays and special events, including Thanksgiving, Christmas, Independence Day, weddings, banquets, and family birthdays; and

WHEREAS, Domestic workers' efforts allow doctors to visit more patients, lawyers to take more cases, and accountants to serve more clients, among others; and

WHEREAS, Domestic workers are the most economically and socially marginalized workers in society and, because they often work in total isolation, we often fail to recognize their significant contributions; and

WHEREAS, March 30 is the international day of recognition for domestic workers celebrated throughout the world, mainly in Latin America; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby declares each March 30 to be "Domestic Worker Appreciation Day" in recognition of all domestic workers for their hard work and dedication, their contribution to the stability and well-being of the California family household, and their often overlooked contributions to the California economy; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 38

Senate Concurrent Resolution No. 4—Relative to Women’s History Month.

[Filed with Secretary of State March 31, 2000.]

WHEREAS, American women of every race, class, and ethnicity have participated in the founding and building of our nation and have played a critical role in shaping the economic, cultural, and social fabric of our society, not in the least of ways through their participation in the labor force, working both inside and outside the home; and

WHEREAS, Women have been leaders in every movement for social change, including their own movement for suffrage and equal rights, the fight for emancipation, the struggle to organize labor unions, and the civil rights movement, as well as leading the call for peace, and organizing to preserve the environment; and

WHEREAS, In light of these efforts and the achievements of all American women, we take this opportunity to honor women and their contribution to the development of our society and our world; and

WHEREAS, The celebration of Women’s History Month will provide an opportunity for schools and communities to focus attention on the historical role and accomplishments of the women of California and the United States, and for students, in particular, to benefit from an awareness of these contributions; and

WHEREAS, Women’s History Month will include International Women’s Day on March 8, originally proclaimed in 1910 to recognize and commemorate the valuable contributions women have made to the labor movement in improving working conditions, and thus bettering people’s lives; and

WHEREAS, Women’s History Month will be not only a call to acknowledge the outstanding American women whose names we know, but also a call to pay homage to the many women who have anonymously shaped our collective past; and

WHEREAS, The observance of Women’s History Week was initiated by the Sonoma County Commission on the Status of Women in 1978, a celebration that evolved into Women’s History Month, commemorated throughout the nation by schools, historians, and community groups; and

WHEREAS, The achievements of women who have gone before us will enable contemporary women and men to create tomorrow’s history by working toward an end to physical and sexual violence against women, discrimination and harassment in employment, and the relegation to poverty status of many women, and by advocating for the full participation of women in the economic and political arena, the

provision of adequate child care, respect for those who choose homemaking and motherhood as their career, and equal access to all of the opportunities this great nation has to offer; and

WHEREAS, The story of the women's rights movement deserves telling because of the significance and scope of women's role in making history and shaping the cultural and societal makeup of California and the United States, and because it is a rich part of our common heritage, a story of gallantry and devotion to the belief that the opportunity for complete human dignity should not be denied to one-half of the state and the nation; and

WHEREAS, The National Women's History Project has adopted "An Extraordinary Century for Women/Now Imagine the Future!" as the 2000 theme for Women's History Month, inviting all Californians to see women's lives and accomplishments as an essential part of our national history, recognizing that history looks very different when the contributions, accomplishments, and perspectives of women are added to our shared legacy as Americans, thereby increasing our understanding of the world in which we live today and expanding our possibilities for the future; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California takes pleasure in joining the California Commission on the Status of Women, the Sonoma County Commission on the Status of Women, the Los Angeles County Commission for Women, and other city, county, and community commissions for women in California in honoring the contributions of women, and proclaims the month of March 2000 as Women's History Month; and be it further

Resolved, That the Legislature of the State of California urges all Californians to join in the celebration of International Women's Day on March 8, 2000; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Chair of the California Commission on the Status of Women, the Chair of the Sonoma County Commission on the Status of Women, and the National Women's History Project, for distribution to appropriate organizations.

RESOLUTION CHAPTER 39

Senate Concurrent Resolution No. 68—Relative to Lupus Alert Day.

[Filed with Secretary of State April 3, 2000.]

WHEREAS, Lupus is a chronic inflammatory disease that can affect various parts of the body, especially the skin, joints, blood, and kidneys; and

WHEREAS, Lupus is a potentially fatal autoimmune disease that affects approximately 1.4 million Americans, 90 percent of whom are women; and

WHEREAS, Sixteen thousand Americans develop lupus each year; and

WHEREAS, Lupus destroys the quality of life of young people in their prime, usually striking between 15 and 44 years of age; and

WHEREAS, Because many lupus symptoms are vague, mimic other illnesses, and may be intermittent, diagnosis is difficult, and the disease can deceive victims, family members, doctors, and research scientists; and

WHEREAS, The American College of Rheumatology has listed the following symptoms as being most often associated with lupus: (1) achy joints, (2) fever above 100 degrees Fahrenheit, (3) arthritis (swollen joints), (4) prolonged or extreme fatigue, (5) skin rashes, (6) anemia, (7) kidney disorder, (8) pleurisy (pain in the chest upon deep breathing), (9) butterfly-shaped rash across the cheeks and nose, (10) photosensitivity (sensitivity to sun or light), (11) hair loss, (12) abnormal blood clotting, (13) Raynaud's Syndrome (fingers turning white, blue, and red in the cold), (14) seizures, and (15) nose or mouth ulcers; and

WHEREAS, Increased public awareness will result in more research, earlier diagnosis, and, hopefully, the discovery of a life-saving treatment; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature designates April 1, 2000, as Lupus Alert Day, and urges all citizens to become involved in the search for a cure for this chronic and debilitating disease by supporting the Lupus Foundation of America.

RESOLUTION CHAPTER 40

Assembly Concurrent Resolution No. 147—Relative to the American Red Cross.

[Filed with Secretary of State April 5, 2000.]

WHEREAS, The American Red Cross in the State of California is always there, under the same trusted symbol, serving our community and touching more lives in new ways by providing life-saving

information, training, and disaster relief to individuals and families for more than 100 years; and

WHEREAS, The American Red Cross is a leading voluntary agency meeting the needs of individuals and families affected by personal emergencies and disasters; and

WHEREAS, The American Red Cross is designated by the Congress of the United States in Chapter 1 (commencing with Section 1) of Title 36 of the United States Code, originally enacted by Congress in 1905, as the lead voluntary agency responsible for national and international relief in time of peace and in mitigating the sufferings caused by pestilence, famine, fire, floods, and other great national calamities, and in devising and carrying on measures for preventing those sufferings; and

WHEREAS, Last year, the American Red Cross trained 819,886 people throughout the state in essential skills such as first aid, CPR, and water safety, and provided HIV and AIDS prevention education and disaster preparedness information, saving untold numbers of lives; and

WHEREAS, March has been designated as Red Cross Month by proclamation of the President of the United States to celebrate the achievement of the American Red Cross in the services it provides to communities nationwide; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California takes this opportunity to recognize the American Red Cross as the lead agency to help families prepare for a disaster and to meet the immediate needs of individuals affected by disaster and a leading voluntary agency training families in CPR, HIV and AIDS prevention education, and in providing other services, including a youth services program; and be it further

Resolved, That the Legislature of the State of California urges that the residents of the State of California acknowledge and support the ongoing contribution of the American Red Cross in helping our families prevent, prepare for, and respond to, emergencies and disasters during Red Cross Month and throughout the year; and be it further

Resolved, That the Legislature recognizes the Month of March 2000 as Red Cross Month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the California headquarters of the American Red Cross.

RESOLUTION CHAPTER 41

Senate Concurrent Resolution No. 55—Relative to POW Recognition Day.

[Filed with Secretary of State April 10, 2000.]

WHEREAS, Men and women have long answered our nation's call to duty and undertaken their mission as members of the United States Armed Forces; and

WHEREAS, Our military personnel have gone to battle in countries far and near to defend the ramparts of liberty and resist the agents of tyranny; and

WHEREAS, Hostile forces throughout the world continue to subvert the political and economic freedom for which American soldiers have sacrificed their lives; and

WHEREAS, Since World War I, there have been some 142,257 Americans captured and interned under deplorable conditions; and

WHEREAS, Most of our military personnel have returned home as heroes and proud veterans, but sadly another 92,457 other Americans were lost in combat, and their remains never recovered; and

WHEREAS, On April 9, 1865, General Robert E. Lee surrendered to General Ulysses S. Grant in Appomattox Court House, Virginia; and

WHEREAS, General King, the American Army General who surrendered the largest number of military fighting personnel ever surrendered at one time to an enemy force, was a student of history who chose April 9 of 1942, to surrender; and

WHEREAS, The surrender of American and Filipino troops by General King on April 9, 1942, on the Bataan Peninsula led to the infamous Bataan Death March; and

WHEREAS, April 9 was chosen by Congress to be the national day for honoring prisoners of war; and

WHEREAS, Each year, citizens throughout America join in observances to honor and recognize former American prisoners of war, and to remember those individuals still unaccounted for, so that we may rededicate ourselves to finding a resolution to their status that will allow their families to have the peace they deserve; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates April 9, 2000, as POW Recognition Day in California; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 42

Senate Concurrent Resolution No. 56—Relative to the 50th anniversary of the start of the Korean War.

[Filed with Secretary of State April 10, 2000.]

WHEREAS, June 25, 2000, marks the 50th anniversary of the invasion of South Korea by North Korea and the start of the three-year Korean War; and

WHEREAS, In this war there were 54,246 United States military personnel killed, 103,284 United States military personnel wounded, and 8,177 United States military personnel taken prisoner of war or reported missing in action; and

WHEREAS, On June 27, 1950, President Truman ordered United States air and naval forces to help defend South Korea and the United Nations asked member nations to aid South Korea; and

WHEREAS, On June 30, 1950, President Truman ordered United States ground troops to South Korea and General Douglas MacArthur was assigned as the commander of the United Nations Forces; and

WHEREAS, On September 15, 1950, in a surprise move that dramatically changed the course of the Korean War, United States Marines and soldiers of the United States 10th Corps made a successful amphibious landing at the port of Inchon, the first amphibious landing against a hostile beachhead since the invasion of Okinawa in April 1945, during World War II; and

WHEREAS, In December 1950, when the First Marine Division was attacked by a numerically superior Chinese Communist army in the Chosin Reservoir area of North Korea, it fought valiantly to the port of Hungnam where military personnel and equipment were evacuated by the United States Navy. Under the leadership of Major General O. P. Smith, United States Marine Corps, the Marines brought out their dead, their wounded, and most of their combat gear; and

WHEREAS, The Soviet Union soon began to supply North Korea with MIG-15 jets, and dogfights became an important part of the war when as many as 100 to 150 United States F-86 jets and Soviet-built MIG-15 jets fought heated air battles over North Korea; and

WHEREAS, The United States Air Force, Navy, and Marine Corps lost more than 2,000 planes during the war, and allied fliers destroyed more than 1,000 Communist planes and killed an estimated 300,000 enemy troops; and

WHEREAS, The allied naval forces included four battleships, eight cruisers, 16 aircraft carriers, and 80 destroyers, and the United States Navy supported land troops by firing at enemy targets and conducted a two-year siege of Wonsan, a Communist oil refining and industrial city; and

WHEREAS, The Korean War ended on July 27, 1953, when the United Nations and North Korea signed an armistice agreement; and

WHEREAS, A permanent peace treaty between South Korea and North Korea has never been signed; and

WHEREAS, The Korean War is often called “The Forgotten War” because many of our nation’s veterans have been forgotten; and

WHEREAS, Our nation’s Korean War veterans served their country with honor and dignity and we should remember the legacy of their courage; and

WHEREAS, Although the Korean War is termed by some as a “Police Action,” it was in fact a vicious and bloody war for those who fought it; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby commemorates June 25, 2000, as the 50th anniversary of the start of the Korean War; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 43

Assembly Concurrent Resolution No. 62—Relative to Sober Graduation Month.

[Filed with Secretary of State April 12, 2000.]

WHEREAS, The Sober Graduation Program is an effective, antidrunk driving campaign geared towards high school seniors; and

WHEREAS, In 1998, almost 700 drivers between the ages of 15 and 20 years were involved in alcohol-related accidents during the months of May and June; and

WHEREAS, In Los Angeles County alone, 108 young people who had been drinking were involved in accidents during that period; and

WHEREAS, Since the Sober Graduation Program was established, the number of alcohol-related accidents involving young people has dramatically declined; and

WHEREAS, Students, teachers, parents, civic groups, law enforcement, and the business community should join together to raise public awareness of alcohol-related deaths and to encourage alcohol and drug-free graduation celebrations commencing on May 31, 2000, to June 30, 2000; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby designate May 31, 2000, to June 30, 2000, inclusive, as Sober Graduation Month and encourages all Californians to join in this observance and join the Department of the

California Highway Patrol in supporting the effort to save the lives of young people through the Sober Graduation Program; and be it further *Resolved*, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Governor.

RESOLUTION CHAPTER 44

Senate Concurrent Resolution No. 70—Relative to Senator Ken Maddy.

[Filed with Secretary of State April 12, 2000.]

WHEREAS, Senator Ken Maddy faithfully served the People of California as a Member of the Assembly from 1970 to 1979, and as a Member of the Senate from 1979 to 1998; and

WHEREAS, Through his years of service, in recognition of his unique skills and dedication, he was chosen by his colleagues to serve in positions of leadership: Chair of the Senate Republican Caucus from 1979 to 1993 and Senate Republican Leader from 1987 to 1995; and

WHEREAS, As a Member of the Legislature, Senator Maddy left a rich legacy of accomplishment in diverse areas such as the establishment of a system of legislative ethics, protection of private property, criminal justice reform, welfare and health reform including the Healthy Families Act, reform of governmental regulation pertaining to agriculture and water, and the reform and reinvigoration of the horse racing industry in California, a sport which was a love of his life and to which he was passionately dedicated; and

WHEREAS, Through his leadership years, he exercised great wisdom and constraint in resolving fiscal disputes and crafting the annual State Budget under four different governors; and

WHEREAS, As an Assembly Member and Senator, he epitomized the finest qualities to be found in a legislator: a faithful representative of his constituency, a man committed to his political philosophy, a positive force for amity and collegiality, a resource of knowledge and a source of creativity in dealing with the problems of the day—a friend, whose love of life and joy in service has forever enriched the institution of the California Legislature; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby directs the Joint Committee on Rules to establish a suitable commemoration of Senator Ken Maddy upon the grounds of the Capitol Park, the nature and style of which shall be determined after due consultation with the Members of the

Legislature, and family and friends of Senator Maddy, and the cost of which shall be borne by the operating funds of the respective houses.

RESOLUTION CHAPTER 45

Assembly Concurrent Resolution No. 44—Relative to California Peace Officers' Memorial Day.

[Filed with Secretary of State April 19, 2000.]

WHEREAS, May 5, 2000, is California Peace Officers' Memorial Day, a day Californians observe in commemoration of those noble officers who have tragically sacrificed their lives in the line-of-duty; and

WHEREAS, Although California citizens are indebted to our California peace officers each day of the week, we make particular note of their bravery and dedication and we share in their losses on California Peace Officers' Memorial Day; and

WHEREAS, California peace officers have a job second in importance to none, and it is a job that is as difficult and dangerous as it is important; and

WHEREAS, The peace officers of California have worked devotedly and selflessly on behalf of the people of this great state, regardless of the peril or hazard to themselves; and

WHEREAS, By the enforcement of our laws, these same officers have safeguarded the lives and property of the citizens of California and have given their full measure to ensure those citizens the right to be free from crime and violence; and

WHEREAS, Special ceremonies and observances on behalf of California peace officers provide all Californians with the opportunity to appreciate the heroic men and women who have dedicated their lives to preserving public safety; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Members designate Friday, May 5, 2000, as California Peace Officers' Memorial Day, and urge all Californians to remember those individuals who gave their lives for our safety and express appreciation to those who continue to dedicate themselves to making California a safer place in which to live and raise our families.

RESOLUTION CHAPTER 46

Assembly Concurrent Resolution No. 137—Relative to Child Internet Safety Week.

[Filed with Secretary of State April 19, 2000.]

WHEREAS, Computers and the Internet are becoming prevalent in California homes, schools, and libraries; and

WHEREAS, The number of children accessing the Internet is growing daily and home use of the Internet by children 5 to 12 years of age will increase 18 percent by the year 2002; and

WHEREAS, By the year 2002, 20.9 million children will be accessing the Internet; and

WHEREAS, Children 9 to 11 years of age log on approximately three days per week; and

WHEREAS, Internet crime against children is increasing and many websites collect personal information from children; and

WHEREAS, Only 23 percent of websites tell children to ask their parents before giving out family information; and

WHEREAS, Only 41 percent of parents limit where their children travel while on the Internet; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the first week of April 2000 is hereby declared Child Internet Safety Week; and be it further

Resolved, That on the occasion of Child Internet Safety Week, the Legislature of the State of California commends those California residents who have educated children regarding the proper use and risks surrounding the Internet and encourages all Californians to join in the proper use of the Internet by children; and be it further

Resolved, That the Legislature urges all Californians to become aware of the many positive aspects of the Internet, its contributions to the way Californians work, live, and play, and how our youth can best utilize the Internet as a learning and growing tool; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 47

Assembly Concurrent Resolution No. 154—Relative to Safety Seat Checkup Week.

[Filed with Secretary of State April 19, 2000.]

WHEREAS, The number one, preventable cause of death and injury of children and young adults is the automobile collision; and

WHEREAS, Approximately 200 children under 16 years of age are killed, and over 28,000 children in this age group are injured in automobile collisions each year in California; and

WHEREAS, Up to 71 percent of those children killed would be alive today if they had been properly restrained in crash-tested car safety seats or safety belts; and

WHEREAS, Infants and young children are not capable of initiating action to use proper restraints and are not protected adequately by automatic belts or air bags; and

WHEREAS, Only about 60 percent of children in this age group are protected by proper restraint use; and

WHEREAS, Crash-tested safety seats are moderately priced and widely available for purchase at retail stores and for rent or at low cost from car safety seat loan programs throughout California; and

WHEREAS, The State of California has required children, until they are both four years of age and 40 pounds or more, to be restrained in child safety seats and all other motor vehicle occupants to use safety belts; and

WHEREAS, The goal of SafetyBeltSafe U.S.A. is to further the right of every child to protection from injury or death while being transported in a motor vehicle; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of April 2 to 8, 2000, inclusive, is hereby declared to be Safety Seat Checkup Week.

RESOLUTION CHAPTER 48

Assembly Concurrent Resolution No. 152—Relative to California Earth Day.

[Filed with Secretary of State April 24, 2000.]

WHEREAS, Thirty years ago, millions of Americans of all ages, walks of life, and political affiliations joined together on the first Earth Day in a demonstration of concern and support for the environment; and

WHEREAS, Public awareness of the environment, fostered by the first Earth Day, has led to the enactment of key federal laws, including the Clean Air Act and the Clean Water Act, and the creation of the Environmental Protection Agency, to protect the environment; and

WHEREAS, The spirit of the first Earth Day has continued, and increased public awareness has caused Californians to make individual decisions that will reduce adverse impacts on the environment; and

WHEREAS, California's environmental attributes, including its rocky coasts, sandy beaches, redwood forests, stark deserts, and towering mountains, make the state the most beautiful in the nation; and

WHEREAS, The Legislature recognizes and has helped safeguard the state's unique environmental attributes through the enactment of laws including the California Environmental Quality Act, the Coastal Protection Act, the Toxic Substances Control Act, the Integrated Waste Management Act, and the California Clean Air Act, which protect its scenic beauty, natural resources, and the quality of its water, air, and land; and

WHEREAS, New and continuing threats of increasing severity to our environment, including global climate change, stratospheric ozone depletion, acid rain, polluted oceans and waterways, loss of forests, wetlands, and other wildlife habitats, and contamination of air and drinking water sources by nuclear, hazardous, and solid wastes, demand renewed public involvement; and

WHEREAS, Critical federal and state laws and international agreements that protect the quality of the environment are needed now more than ever in the new millennium; and

WHEREAS, Activities to celebrate, on April 22, 2000, the 30th anniversary of the first Earth Day, will focus public attention and encourage personal and community participation in order to protect the environment through recycling, conserving energy and water, using efficient transportation, and other environmentally responsible personal actions; and

WHEREAS, Earth Day 2000 will provide an impetus for additional protection of the environment, and continued local, state, national, and international efforts will be required at an unprecedented level during the next decade in order to remedy the environmental problems that we face; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That April 22, 2000, is hereby declared to be "California Earth Day"; and be it further

Resolved, That the Legislature reaffirms its commitment to the fundamental principles that underlie the state's environmental laws, including the protection of human health from environmental hazards through the prevention of environmental risks and the maintenance of health-based standards; the continuance of programs to safeguard the quality of the air we breathe and the water we drink; the recycling and reuse of materials, whenever feasible, to reduce the economic and environmental costs of disposal, and to recapture the value of these materials for the state's economy; the effective cleanup of pollution of the state's land, air, and water resources; the preservation of natural ecosystems; and maintenance of the fundamental right of the public to

know about environmental hazards and to fully participate in public decisions regarding the environment; and be it further

Resolved, That California recognizes the importance of the environment and encourages residents to include in their daily lives those activities that promote the goals of Earth Day 2000; and be it further

Resolved, That the Chief Clerk of the Assembly shall transmit copies of this resolution to the Governor and to the Secretary for Resources and the Secretary for Environmental Protection.

RESOLUTION CHAPTER 49

Assembly Concurrent Resolution No. 122—Relative to Mentor Appreciation Day.

[Filed with Secretary of State April 26, 2000.]

WHEREAS, Many of our young people do not have adequate time with adults to help them make sense of our increasingly fast-paced, rapidly-changing world; and

WHEREAS, One-on-one time with a concerned and attentive adult has been demonstrated to increase self-esteem, bolster self-discipline, and raise grades; and

WHEREAS, Mentoring has been shown to fortify many youths' incentives to stay away from the all-too-common lures of adolescence: drugs, alcohol, gangs, guns, and early parenthood; and

WHEREAS, Resilient youth are able to resist destructive behaviors, and resiliency comes from receiving caring and support from loving people, receiving high expectations from others, and meaningfully participating in the lives of others; and

WHEREAS, These experiences foster the two skills of social competence and ability to solve problems, and the two beliefs of autonomy and a sense of purpose; and

WHEREAS, Mentoring has been demonstrated to be instrumental in creating resiliency in young people; and

WHEREAS, The song "Mentor" by Daniel-Hill-Daniel coalesces the spirit of building self-reliance and creating community which mentoring engenders; and

WHEREAS, May has previously been established as Mentoring Month; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That May 1 of each year be known as Mentor Appreciation Day, with "Mentor" as the theme song so that businesses, agencies, and

the media may focus positive attention on the thousands of individuals who give selflessly of their time throughout the year, and be it further
Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 50

Assembly Concurrent Resolution No. 134—Relative to Census Day.

[Filed with Secretary of State April 26, 2000.]

WHEREAS, The 1990 decennial census failed to count more than 840,000 Californians, the largest undercount of any state in the nation; and

WHEREAS, The 1990 undercount caused California to lose the chance to gain a seat in the United States House of Representatives; and

WHEREAS, The 1990 undercount resulted in a loss of an estimated \$2.2 billion that would have been targeted for education and health and human services programs in this state, including vocational education, adoption assistance, foster care, and Medicaid; and

WHEREAS, Experts estimate that, without sufficient efforts to reduce the undercount, the 2000 census could fail to count more than one million Californians, resulting in a loss of more than \$3 billion to this state; and

WHEREAS, A complete and accurate count of all residents in the 2000 census is vital to the interests of California because it will affect, for the next 10 years, congressional representation, state redistricting, federal formula grant allocations, state funding to local governments, and local programs and planning activities; and

WHEREAS, The California Complete Count Committee, created in 1999 by the Legislature and Governor Gray Davis, is directing an extensive outreach campaign with a budget of \$24.7 million to encourage full participation in the 2000 census by all Californians, especially historically undercounted populations; and

WHEREAS, The campaign includes building partnerships with businesses, community and religious groups, civic organizations, labor unions, schools, and local and tribal governments; and

WHEREAS, The campaign's outreach strategies are aimed at minimizing undercount due to California's mobile and diverse population, varied housing and living arrangements, and difficulties in hiring and retaining the large, temporary workforce needed to follow up on unreturned census forms; and

WHEREAS, Recognition of April 1 as Census Day in California will assist efforts to reduce the undercount by highlighting the importance of the census and encouraging all California residents to participate; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California recognizes April 1, 2000, as Census Day in California; and be it further

Resolved, That the Chief Clerk of the Assembly shall transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 51

Assembly Concurrent Resolution No. 124—Relative to Gold Star Mothers Week.

[Filed with Secretary of State May 1, 2000.]

WHEREAS, To bear a Gold Star is to display the loss of one's child to war, as a recognition of the grand sacrifices of our fighting men and women, and to facilitate this acknowledgment there was founded, in the District of Columbia, an organization called the American Gold Star Mothers, originally incorporated on January 5, 1929, and comprised of mothers who had lost a son or daughter in World War I; and

WHEREAS, Eligibility for membership was expanded to include mothers who lost a son or daughter in World War II, the Korean War, the Vietnam War, or the Persian Gulf War; and

WHEREAS, Countless thousands displayed the Gold Star and did acknowledge that their child had helped to secure the blessings of liberty for this and all future generations; and

WHEREAS, In the windows of America can still be seen a shimmering gold star, each representing a child lost but never forgotten. This candlelit display of a gold star accompanies the loss of ones so cherished and so generous as were our fallen heroes; and

WHEREAS, The purpose of the American Gold Star Mothers is to keep alive and develop the spirit that promoted world service and maintain the ties of fellowship born of that service and to assist and further all patriotic work; and

WHEREAS, To inculcate a sense of individual obligation to the community, state, and nation and to assist veterans of World War I, World War II, the Korean War, the Vietnam War, the Persian Gulf War, and other strategic areas and their dependents in the presentation of claims to the Veterans' Administration, aid in any way in their power the men and women who served and died or were wounded or incapacitated

during hostilities, and perpetuate the memory of those whose lives were sacrificed in our wars; and

WHEREAS, To maintain true allegiance to the United States of America, inculcate lessons of patriotism and love of the country in the communities in which we live, inspire respect for the Stars and Stripes in the youth of America, extend needful assistance to all American Gold Star Mothers and, whenever possible, their descendents, and promote peace and good will for the United States and all other nations; and

WHEREAS, Members of the American Gold Star Mothers spend countless hours contributing both time and resources to provide volunteer services for veterans and their family members; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby designate the last Monday in May, and the week following, as “Gold Star Mothers Week,” and in this way may Californians be urged to pay heed to the heroic sacrifices of our fallen men and women and of the sacrifices made by their loving parents.

RESOLUTION CHAPTER 52

Assembly Concurrent Resolution No. 142—Relative to child abuse and neglect.

[Filed with Secretary of State May 1, 2000.]

WHEREAS, Child abuse and neglect continue to pose a serious threat to our nation’s children; and

WHEREAS, In 1996, more than 3,000,000 children were reported to child protective agencies in the United States as having suffered abuse and neglect; and

WHEREAS, It is estimated that for every three dollars spent on child abuse and neglect, at least six dollars are saved that might be spent on child welfare services, special education services, medical care, foster care, counseling, and the housing of juvenile offenders; and

WHEREAS, Child abuse and neglect is a community problem and finding solutions depends on the involvement of people throughout the community; and

WHEREAS, The first organized statewide Blue Ribbon Campaign was originated in Norfolk, Virginia by the grandmother of Bubba Dickinson, a child who was murdered by his mother’s abusive boyfriend; and

WHEREAS, In recent years, the National Committee to Prevent Child Abuse, the California chapter and other local affiliates, United States military bases, and other groups have organized Blue Ribbon Campaigns to increase public awareness of child abuse and to promote ways to prevent child abuse; and

WHEREAS, The National Committee to Prevent Child Abuse, in all its forms, has proclaimed April as National Child Abuse Prevention Month; and

WHEREAS, Blue ribbons are displayed to increase awareness of child abuse and as a strategy for Child Abuse Prevention Month; and

WHEREAS, This year's campaign is entitled "Safe At Home" and is designed to solicit the involvement of the whole community by encouraging the formation of partnerships to build a support network for families and children, in every community; and

WHEREAS, The flexibility of this program offers numerous opportunities to be innovative and to create partnerships within business, professional, and community organizations; and

WHEREAS, The Assembly and the Senate encourage the community to work together for youth-serving prevention programs; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby acknowledge the month of April 2000, as Child Abuse Prevention Month and its concomitant "Safe At Home" Campaign as a positive effort to promote public awareness of child abuse and its prevention; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 53

Assembly Concurrent Resolution No. 143—Relative to California Earthquake Preparedness Month.

[Filed with Secretary of State May 1, 2000.]

WHEREAS, During the past century, California has experienced the devastating effects of 12 severe earthquakes, including the San Francisco earthquake in 1906, the Santa Barbara earthquake in 1925, the Long Beach earthquake in 1933, the Imperial earthquake in 1940, the Tehachapi earthquake in 1952, the Eureka earthquake in 1954, the Santa Rosa earthquake in 1969, the San Fernando earthquake in 1971, the Oroville earthquake in 1975, the Coalinga earthquake in 1983, the Whittier Narrows earthquake in 1987, the Loma Prieta earthquake in

1989, and the Northridge earthquake in 1994, as well as numerous smaller earthquakes; and

WHEREAS, In the past 33 years, earthquakes in California have caused death and injury, and damaged or destroyed countless homes and other property; and

WHEREAS, Most seismologists predict that a major earthquake will occur somewhere in California in the coming decades; and

WHEREAS, A primary method of minimizing the risks of injury, loss of life, and damage to property is to make the public aware of all possible earthquake safety measures and precautions; and

WHEREAS, A cooperative effort between the Legislature and state and local governments will be most effective in developing public awareness; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That the Legislature of the State of California hereby declares that the month of April is California Earthquake Preparedness Month and urges all Californians to engage in appropriate earthquake safety related activities during that month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 54

Assembly Concurrent Resolution No. 151—Relative to Cesar Chavez.

[Filed with Secretary of State May 1, 2000.]

WHEREAS, On March 31, 1927, a true hero named Cesar Estrada Chavez was born in Yuma, Arizona to Librado and Juana Chavez and became the second oldest in a family of five children. Cesar Chavez lived his life dedicated to improving the plight of farmworkers through struggle, sacrifice, and abnegation. He founded and led the first successful farmworkers' union in United States history. He stood for dignity and justice for farmworkers. Today, he remains a symbol of hope to all Californians who find hope and peace in justice; and

WHEREAS, In the 1930's, during the Great Depression, Cesar E. Chavez's father lost his small farming business and the family went broke. The family became migrant workers and joined some 30,000 workers who followed the crops from Arizona into Southern California, then up the length of the Central Valley and back again picking everything from peas to cotton. They lived in tents and other makeshift housing that often lacked a bathroom, electricity, or running water.

Schooling for Chavez was irregular and haphazard. He attended some 30 different schools, often encountered discrimination, and was punished for speaking Spanish; and

WHEREAS, After graduation from the eighth grade Chavez was forced to quit school and take to the fields in order to help support his family. In 1944, at the age of 17, Chavez joined the Navy and served in World War II. After he completed his tour of duty Chavez returned to California and married Helen Fabela, a woman who shared his dedication to the cause of the farmworker. They lived in San Jose in a tough Mexican neighborhood called "Sal Si Puedes" which translated to "Get out if you can," and together raised eight children; and

WHEREAS, As a farmworker Chavez experienced firsthand the injustice of working long hours with little pay. Instilled with a sense of justice passed down from his mother, Chavez made a decision to speak up and fight for a change. He took part in his first strike in protest of low wages and poor working conditions for farmworkers. Although initially unsuccessful, his participation in that first strike was to mark the beginning of a long career in which he fought for improved working and living conditions for farmworkers; and

WHEREAS, In 1952, Chavez met Fred Ross who was with a group called the Community Services Organization (CSO). Struck by Chavez's engaging personality and leadership qualities, Ross tapped Chavez to head voter registration efforts where he successfully registered 4,000 voters. The following year Chavez led organization efforts to establish CSO offices in every major barrio. He eventually spent 10 years with CSO, and became, general director in 1958. During this time services were expanded to include citizenship classes, helping members secure driver's licenses, assistance in filling out applications for aid, and securing legal counsel; and

WHEREAS, In 1962, Chavez resigned his position with the CSO to embark on a bold new undertaking to form a farmworker's union. He was joined by the great Dolores Huerta and together they became the architects of the National Farm Worker's Union, the forerunner to the present United Farm Workers (UFW); and

WHEREAS, In 1965, Chavez led a strike of California grapepickers to demand higher wages, and urged all Americans to boycott table grapes as a show of support. The strike included a 340-mile march from Delano to Sacramento in 1966 in which thousands of farmworkers and supporters marched in solidarity. The farmworkers and supporters carried banners with the black eagle with HUELGA (strike) and VIVA LA CAUSA (long live our cause); and

WHEREAS, Chavez preached nonviolence to the strikers even as they were physically abused by many of those opposed to the grape boycott. In 1968, Chavez began a Ghandi-like fast to call attention to the migrant

workers' cause. Although his dramatic act did little to solve the immediate problem, it increased public awareness of the conditions under which farmworkers labored. In 1973, the UFW organized a strike for higher wages from lettuce growers and after many battles, an agreement was finally reached in 1977 that gave the UFW the sole right to organize farmworkers; and

WHEREAS, During the 1980's, Chavez led the effort to call attention to the health problems of farmworkers caused by the use of certain pesticides on crops; and

WHEREAS, On April 23, 1993, Cesar Estrada Chavez died peacefully in his sleep in San Luis, Arizona. During Chavez's funeral Cardinal Roger M. Mahoney, who celebrated the funeral mass, called Chavez "a special prophet for the worlds' farm workers"; and

WHEREAS, Many declared that the UFW would die without him, but on Chavez's birthday, March 31, 1994, under the leadership of his son-in-law Arturo Rodriquez, the UFW marched 343 miles from Delano to Sacramento, echoing Cesar Chavez's historic 1966 march, and demonstrated that the UFW still worked for farmworkers; and

WHEREAS, In 1990, Mexican President Salinas de Gortari awarded Cesar E. Chavez, the "El Aquila Azteca" (the Aztec Eagle), Mexico's highest award presented to people of Mexican heritage who have made major contributions outside of Mexico. He also became the second Mexican American to receive the Presidential Medal of Freedom, the highest civilian honor in the United States, which was presented posthumously to Helen Chavez and her children on August 8, 1994, by President Clinton; and

WHEREAS, In 1994, Chavez's family and the officers of the UFW created the Cesar E. Chavez Foundation to inspire current and future generations by promoting the ideals of Cesar's life, work, and vision. Communities throughout California and the United States have honored Cesar Chavez by naming parks, children's centers, streets, and other public works after the leader; and

WHEREAS, Cesar Chavez led by example, giving of himself so that he might help others. His relentless pursuit of the belief that the American dream should be available to all Americans, regardless of race or origin of birth, stands as a monument to our free society. His life and work is not only an inspiration to Latinos, but to working Americans of all nationalities. His legacy lives on in the improved working and living conditions of hundreds of thousands of Californians, and their families; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes March 31, 2000, as the anniversary of the birth of Cesar E. Chavez, and calls upon all Californians to participate in appropriate observances to remember

Cesar E. Chavez as a symbol of hope and justice to all citizens, and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 55

Senate Concurrent Resolution No. 57—Relative to missing children.

[Filed with Secretary of State May 9, 2000.]

WHEREAS, In 1998, more than 100,000 children were reported missing in California, including 58 children who were reported abducted by strangers or nonfamily members, more than 2,500 children who were reported abducted by a parent or a family member, and more than 800 children who were reported missing under suspicious circumstances; and

WHEREAS, By the end of 1998, nearly 10,000 of those children were still missing; and

WHEREAS, Missing children may suffer long-term or permanent trauma as a result of their experience; and

WHEREAS, Nonfamily abductions have the highest risk of homicide and are more likely to result in sexual and physical assaults on the child victims; and

WHEREAS, The majority of families of missing children experience substantial detrimental psychological consequences and emotional distress; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That May 25, 2000 is hereby declared to be Missing Children's Day and the month of May 2000 is hereby declared to be Missing Children's Month in California.

RESOLUTION CHAPTER 56

Senate Concurrent Resolution No. 72—Relative to arthritis.

[Filed with Secretary of State May 9, 2000.]

WHEREAS, Arthritis refers to more than 100 different diseases that affect areas in or around joints; and

WHEREAS, The disease also can affect other parts of the body; and

WHEREAS, Arthritis causes pain, loss of movement, and sometimes swelling; and

WHEREAS, Arthritis limits everyday activities such as walking, dressing, and bathing for more than seven million Americans; and

WHEREAS, Arthritis is one of the most prevalent of chronic health problems and the nation's leading cause of disability among Americans over 15 years of age; and

WHEREAS, Arthritis is also the leading cause of worker disability; and

WHEREAS, Arthritis affects people in all age groups, including as many as 285,000 children; and

WHEREAS, According to the National Health Interview Survey, an estimated 43 million Americans have arthritis; in 1990, it was reported that four million Californians suffered from arthritis; and by 2020, the Centers for Disease Control and Prevention estimates 7.4 million Californians will struggle with the disability; and

WHEREAS, Arthritis prevalence increases rapidly after age 45, and in most individuals is chronic, lasting for life; and

WHEREAS, As the leading edge of the baby boom generation enters the prime years for arthritis, a quantum leap in the number of persons suffering from arthritis will take place and the impact on individuals and the nation's health will grow dramatically; and

WHEREAS, Arthritis costs the United States economy an estimated \$65 billion annually, an estimated 2.5 percent of gross national product; and

WHEREAS, An average of eight physician visits per person are made annually for arthritis, double the average of physician visits per person for all other causes; and

WHEREAS, Arthritis accounts for 427 million days of restricted activity, 156 million days in bed, and 45 million days lost from work; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California understands the extent of, and sympathizes with, the severity of the impact of arthritis on California; and be it further

Resolved, That the Legislature recognizes that Thursday, May 18, 2000, is National Arthritis Awareness Day and appreciates the efforts of the California Arthritis Foundation chapters to seek access to care for all Californians.

RESOLUTION CHAPTER 57

Senate Joint Resolution No. 19—Relative to federal funding for education.

[Filed with Secretary of State May 9, 2000.]

WHEREAS, The United States Census Bureau has determined that 4 million Americans were not counted in 1990; 20 percent of those uncounted individuals live in California. It is estimated that of those who were not counted, over 200,000 were schoolage children living in poverty; and

WHEREAS, From 1990 to 1994, California experienced a 20-percent increase in the student population eligible for funding under Title I of the federal Elementary and Secondary Education Act of 1965 and a 50-percent increase in the number of schoolage children living in poverty; and

WHEREAS, By 1996, when allocations of Title I funds were still based on 1990 census data, California's enrollment figures show that the state had over 700,000 more students than were reflected by 1990 census data, and when the census figures were updated for the 1997 allocations of Title I funding, there was still a difference of nearly 375,000 students between the updated census figures for schoolage children and California's actual enrollment data; and

WHEREAS, Existing hold-harmless provisions ensure that states experiencing a population decline in eligible students do not lose debilitating amounts of federal dollars in any one year; and

WHEREAS, When updated census counts were used to allocate funds in 1998, a special 100-percent hold-harmless provision was added so that "loser" states, those that had fewer eligible children due to the updated count or experienced a slower rate increase in eligible children, would not lose any of the funds that they were currently receiving; and

WHEREAS, Solutions must be found to address this funding problem by eliminating the hold-harmless provisions of Title I and by changing the Title I funding formula during the current reauthorization period; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States enact legislation that would eliminate the hold-harmless provisions currently in effect under Title I of the federal Elementary and Secondary Education Act of 1965 and to make changes to the funding formula used by those provisions so that all children receive their fair share of funding under that act; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Congress of the United States and to the United States Secretary for Education.

RESOLUTION CHAPTER 58

Assembly Concurrent Resolution No. 119—Relative to the Merchant Marine.

[Filed with Secretary of State May 10, 2000.]

WHEREAS, The Merchant Marine has faithfully served our country in times of war and peace, transporting life and cargo to every corner of the world; and

WHEREAS, The Merchant Marine has helped win wars and maintain peace by providing necessary materials, food, and supplies to assist many nations in rebuilding their countries and economies; and

WHEREAS, During World War II, the Merchant Marine transported troops, and delivered 75 percent of all military equipment and supplies to battle fronts throughout the world in the face of attacks by the enemy and through violent seas; and

WHEREAS, In doing so, 6,835 were killed, over 11,000 wounded, and 604 taken as prisoners of war, of whom 61 died in POW camps; and

WHEREAS, The Merchant Marine contribution to the American Revolution, the War of 1812, World Wars I and II, the Korean War, the Vietnam War, and all other military and human relief efforts should be made known to all Americans; now, therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby designate June 12 to June 18, 2000, as Merchant Marine Remembrance Week, and encourages all Californians to join in this observance; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit copies of this resolution to the author for appropriate distribution

RESOLUTION CHAPTER 59

Assembly Concurrent Resolution No. 157—Relative to California SAFE KIDS Week.

[Filed with Secretary of State May 10, 2000.]

WHEREAS, More than 30 million kids play organized sports in the United States, and participation rates, especially for girls, continue to grow. However, this growth in sports participation has contributed to an increase in sports and recreation related injuries; and

WHEREAS, While death among children during organized sporting activities is a rare event, an estimated 3.2 million children 5 to 14 years of age suffer from sports and recreation related injuries each year, and nearly one million children are seen in hospital emergency rooms; and

WHEREAS, Children are more susceptible to sports related injuries because they are still growing and are in the process of gaining motor and cognitive skills. While the risk of physical injury is inherent in sports participation, it is estimated that half of all organized sports related injuries among children could be prevented; and

WHEREAS, Protective equipment, availability of certified athletic trainers and youth coaches, safer playing environments, and rules designed to prevent injury are successful in reducing the frequency and severity of sports and recreation related injuries among children; and

WHEREAS, With so many effective means of injury prevention, ranging from proper stretching and hydration to using helmets and mouth guards, parents have more opportunity than ever to keep their kids safe while participating in sports and recreational activities. The challenge is to make sure that parents and coaches know about these proven interventions and utilize them; and

WHEREAS, A national sports survey of 1,000 families will be conducted to, among other things, identify parent and caregiver perceptions of the risks and benefits to children from participation in sports and recreation activity and to gain an estimate of sports and recreation safety gear use among children; and

WHEREAS, During National SAFE KIDS Week, state and local coalitions will promote various activities aimed at raising awareness of sports and recreational safety for children; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of May 6 through May 13, 2000, is declared California SAFE KIDS Week, in support of the activities of the National SAFE KIDS Campaign during National SAFE KIDS Week; and be it further

Resolved, That Californians are encouraged to participate in the state and local activities planned for the observance of that week around the theme "Get into the Game"; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 60

Senate Concurrent Resolution No. 62—Relative to California Day of Remembrance of the Armenian Genocide.

[Filed with Secretary of State May 11, 2000.]

WHEREAS, Armenians living in their 3,000 year historic homeland in Asia Minor were subjected to severe persecution and brutal injustice by the Turkish rulers of the Ottoman Empire before and after the turn of the 20th century, including widespread acts of destruction and murder during the period from 1894–1896 and again in 1909; and

WHEREAS, The horrible experience of the Armenians at the hands of their Turkish oppressors culminated with what is known by historians as the First Genocide of the Twentieth Century, or the “Forgotten Genocide”; and

WHEREAS, The Armenian Genocide began with the murder of hundreds of Armenian intellectuals, and political, religious, and business leaders who were arrested and taken from their homes in Constantinople before dawn on April 24, 1915; and

WHEREAS, The Young Turk regime then in control of the empire planned and executed the unspeakable atrocities committed against the Armenians from 1915 through 1923, that included the torture, starvation, and murder of 1,500,000 Armenians, death marches into the Syrian desert, and the exile of more than 500,000 innocent people; and

WHEREAS, While there were some Turks who jeopardized their safety in order to protect Armenians from the slaughter being perpetrated by the Young Turk regime, the massacres of the Armenians constituted one of the most atrocious violations of human rights in the history of the world; and

WHEREAS, The United States Ambassador to the Ottoman Empire, Henry Morgenthau, Sr., stated: “Whatever crimes the most perverted instincts of the human mind can devise, and whatever refinements of persecutions and injustice the most debased imagination can conceive, became the daily misfortunes of this devoted people. I am confident that the whole history of the human race contains no such horrible episode as this. The great massacres and persecutions of the past seem almost insignificant when compared to the sufferings of the Armenian race in 1915. The killing of the Armenian people was accompanied by the systematic destruction of churches, schools, libraries, treasures of art and cultural monuments, in an attempt to eliminate all traces of a noble civilization with a history of more than three thousand years”; and

WHEREAS, Contemporary newspapers like the New York Times commonly carried headlines such as the following: “Tales of Armenian

Horrors Confirmed,” “Million Armenians Killed or in Exile,” “Wholesale Massacre of Armenians by Turks”; and

WHEREAS, Adolph Hitler, in persuading his army commanders that the merciless persecution and killing of Jews, Poles, and other peoples would bring no retribution, declared, “Who, after all, speaks today of the annihilation of the Armenians”; and

WHEREAS, Unlike other peoples and governments that have admitted the abuses and crimes of predecessor regimes, and despite the overwhelming weight of evidence, the Republic of Turkey has denied the occurrence of the crimes against humanity committed by the Young Turk rulers, and those denials compound the grief of the few remaining survivors of the atrocities and desecrate the memory of the victims; and

WHEREAS, There are concerted efforts to revise history through the dissemination of propaganda suggesting that Armenians were responsible for their fate in the period from 1915 through 1923 and by the funding of programs at American educational institutions for the purpose of furthering the cause of such revisionism and to counter, in the words of a Turkish official, “the Armenian view”; and

WHEREAS, Leaders of nations with strategic, commercial and cultural ties to the Republic of Turkey should be reminded of their duty to encourage Turkish officials to desist from efforts to distort facts and deny the history of events surrounding the Armenian Genocide; and

WHEREAS, The accelerated level and scope of denial and revisionism, coupled with the passage of time and the fact that very few survivors remain who serve as reminders of indescribable brutality and tormented lives, compel a sense of urgency in efforts to solidify recognition of historical truth; and

WHEREAS, By consistently remembering and forcefully condemning the atrocities committed against the Armenians and honoring the survivors, as well as other victims of similar heinous conduct, we guard against repetition of such acts of genocide; and

WHEREAS, California has become home to the largest population of Armenians in the United States, and those citizens have enriched our state through leadership in the fields of academia, medicine, business, agriculture, government, and the arts, and are proud and patriotic practitioners of American citizenship; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby designates April 24, 2000, as the “California Day of Remembrance of the Armenian Genocide of 1915–23”; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Governor and to Armenian churches and commemorative organizations.

RESOLUTION CHAPTER 61

Assembly Concurrent Resolution No. 153—Relative to California Holocaust Memorial Week.

[Filed with Secretary of State May 15, 2000.]

WHEREAS, More than 50 years have passed since the tragic events we now call the Holocaust transpired, in which the dictatorship of Nazi Germany murdered six million Jews as part of a systematic program of genocide known as “The Final Solution of the Jewish Question”; and

WHEREAS, The Holocaust was a tragedy of proportions the world had never witnessed; and

WHEREAS, Five million others were also murdered by the Nazis; and

WHEREAS, We must be reminded of the reality of the Holocaust’s horrors so they will never be repeated; and

WHEREAS, Each person in California should set aside moments of his or her time every year to give remembrance to those who lost their lives in the Holocaust; and

WHEREAS, The United States Holocaust Memorial Council has designated the week of April 30 through May 6, 2000, as Holocaust Memorial Week—Days of Remembrance for Victims of the Holocaust; and

WHEREAS, May 1, 2000, is Yom HaSho’ah, and has been designated internationally as a day of remembrance for victims of the Holocaust; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of April 30 through May 6, 2000, be proclaimed as California Holocaust Memorial Week, and that Californians are urged to observe these days of remembrance for victims of the Holocaust in an appropriate manner; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 62

Assembly Concurrent Resolution No. 159—Relative to the independence of Israel.

[Filed with Secretary of State May 15, 2000.]

WHEREAS, The date of 5 Iyar of the year 5760 in the Jewish calendar, or May 10, 2000, in the western calendar, marks the 52nd anniversary of the independence of the State of Israel and is a time for both celebration and retrospection; and

WHEREAS, The past half century has been a vitally important part of the almost 4,000 years of Jewish history because the State of Israel has been reborn, and has been able to welcome Jews from every corner of the globe to build a modern democracy, one of the most technologically advanced nations in the world; and

WHEREAS, Israel's population has grown nearly tenfold since its founding in 1948, from 600,000 to some 6,000,000 today, including some 1,000,000 Arabs who enjoy equal rights in the political, social, and economic life of the country; and

WHEREAS, Israel is committed to continually welcoming immigrants from all over the world, including immigrants from the former Soviet Union, Ethiopia, Europe, and the Americas, totalling over 800,000 immigrants in the 1990's alone, a higher rate than any other country; and

WHEREAS, Science and technology represent a significant portion of Israel's economy with over 1,000 high technology startup companies, a work force that has more scientists and engineers per capita than any other country, one of the world's highest rates of investment in research and development, and high technology exports that comprise 40 percent of Israel's total industrial exports; and

WHEREAS, Since Israel's rebirth 52 years ago, it has been one of the United States' closest allies, and has been a bedrock of stability, democracy, and modernity in the Middle East, and the two countries share basic values, including the commitment to pluralism and cultural diversity; and

WHEREAS, Israel has demonstrated its total commitment to the peace process, and the United States looks forward to only strengthening its relationship to the Jewish state within the context of a Middle East graced with peace and prosperity; and

WHEREAS, California and Israel have developed extensive and mutually beneficial trade and commercial relations, and Israel has been a vital economic partner with California, with especially good cooperation in the high technology and agricultural sectors; and

WHEREAS, The rebirth of the State of Israel marked the realization of the Jewish people's 2,000-year-old yearning to return to their home as a free people, and their dream envisions Israel standing side by side in friendship and peace with all of its neighbors; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature congratulates Israel on 52 years of statehood; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor and to the author for appropriate distribution.

RESOLUTION CHAPTER 63

Assembly Concurrent Resolution No. 123—Relative to Stroke Awareness Month.

[Filed with Secretary of State May 18, 2000.]

WHEREAS, Stroke is the third leading cause of death in the United States afflicting between 500,000 and 600,000 Americans, and a major cause of adult disability; many stroke victims never fully regain their physical and mental abilities due to brain cell damage; and

WHEREAS, Stroke costs this country more than \$18 billion annually in medical treatment and lost productivity, as well as immeasurable suffering to the victims and their families; and

WHEREAS, In California, more than 15,000 deaths occur every year from stroke, accounting for 7 percent of all deaths; and

WHEREAS, A stroke can occur suddenly, abruptly ending a career and thwarting plans for the future; its causes are subtle; stroke can result from a blood clot that blocks circulation, a buildup of fatty deposits in arteries that then become dangerously narrow, or the rupture of a blood vessel in the brain; and

WHEREAS, Stroke can often be avoided by controlling its risk factors by practicing healthy lifestyle habits that reduce the risk of heart disease and stroke, particularly maintaining healthy blood cholesterol levels, eating foods low in saturated fat and cholesterol, being physically active, maintaining a healthy weight, and stopping smoking; and

WHEREAS, Stroke can be avoided by paying attention to stroke's warning signals and symptoms, particularly sudden numbness or weakness of the face, arm, or leg, especially on one side of the body, sudden confusion with difficulty speaking or understanding, sudden difficulty seeing, sudden difficulty walking with dizziness, loss of balance or coordination, and sudden severe headaches with no known cause; and

WHEREAS, Stroke's risk factors can be minimized by personal effort, and public awareness is the key weapon in conquering stroke; the American Heart Association, the State Department of Health Services, and other state and private voluntary agencies play an important role in educating the public about stroke and provide valuable services for victims and their families; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of May 2000 be recognized as Stroke Awareness Month in California, and that all Californians are encouraged to make themselves and their families aware of the risk of stroke and appropriate preventative measures.

RESOLUTION CHAPTER 64

Senate Concurrent Resolution No. 75—Relative to Friedreich's Ataxia Awareness Day.

[Filed with Secretary of State May 18, 2000.]

WHEREAS, Friedreich's ataxia is an inherited, progressive neurological disorder, usually diagnosed in childhood, that causes muscle weakness and loss of coordination in the arms and legs; impairment of vision, hearing, and speech; scoliosis; diabetes; and a serious heart condition. Most patients need a wheelchair full-time by their twenties and, in later stages of the disease, many become completely incapacitated. Life expectancy is reduced to early adulthood. There is currently no effective treatment or cure for Friedreich's ataxia; and

WHEREAS, Although there is no treatment or cure available to Friedreich's ataxia patients and families, they have more and more reason for real hope. An extraordinary explosion of research findings has followed the identification of the Friedreich's ataxia gene in 1996. Since that discovery, research scientists have learned a great deal about the disorder. They have identified and analyzed the protein that is deficient in these patients, and determined that the deficiency results in faulty iron metabolism, reduced mitochondrial function, and cell-killing oxidative stress. Scientists have also developed model Friedreich's ataxia systems in lower organisms and are testing these systems in human cell cultures and patients. Therapeutic clinical trials of promising drug compounds are now underway, with encouraging preliminary results; and

WHEREAS, Investigators are increasingly optimistic that they are drawing closer to understanding more fully the causes of Friedreich's ataxia and to developing effective treatments. Of course, the impact of

a breakthrough in this disorder will not be limited to Friedreich's ataxia. As the Director of the National Institutes of Health (NIH) recently reported to the Congress, "As with progress in many rare diseases, what we discover about cellular changes and therapeutic approaches in Friedreich's ataxia may lead us to important insights about more common disorders"; and

WHEREAS, Within the NIH, the National Institute of Neurological Disorders and Stroke (NINDS) has primary responsibility for sponsoring research on Friedreich's ataxia and the other neurological disorders. The NINDS conducts research on Friedreich's ataxia and other forms of inherited ataxias at its facilities at the NIH and supports additional studies at medical centers throughout the United States and elsewhere; and

WHEREAS, Augmenting these government-sponsored efforts are programs supported by patient advocacy foundations and industry. The intensifying cooperation among these various sources of support for this research and the multidisciplinary efforts of thousands of scientists and health care professionals, provides powerful evidence of the growing hope and determination to conquer Friedreich's ataxia; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims May 20, 2000, as Friedreich's Ataxia Awareness Day; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 65

Assembly Joint Resolution No. 47—Relative to Ryan White CARE Act.

[Filed with Secretary of State May 22, 2000.]

WHEREAS, In California, as of January 1, 1999, more than 110,000 individuals have been infected with the expanding pandemic known as acquired immune deficiency syndrome (AIDS); and

WHEREAS, The State of California created an Office of AIDS within the State Department of Health Services to proactively address issues relating to the human immunodeficiency virus (HIV) and AIDS; and

WHEREAS, This office directly administers the expenditure of federal and state funds to combat the disease; and

WHEREAS, Due to advancements in pharmaceutical therapies and an increasing focus on early intervention and treatment, the number of individuals living with HIV has grown significantly; and

WHEREAS, For many, the progression from HIV to an AIDS diagnosis has slowed considerably as a result of these therapies; and

WHEREAS, It is estimated that more than 44,000 California residents are currently living with AIDS, 15 percent of the nationwide total of 288,000; and

WHEREAS, It is estimated by the Centers for Disease Control and Prevention that there are 40,000 new HIV infections annually in the United States and that California accounts for one-fifth, or 8,000, of these infections; and

WHEREAS, Approximately one-third of Californians with HIV disease are unaware of their diagnosis and tens of thousands of individuals know they are HIV-positive but are not receiving care regularly; and

WHEREAS, The number of annual AIDS deaths in California dropped 51 percent between 1996 and 1997; however, between 1997 and 1998, deaths dropped by only 27 percent; and

WHEREAS, HIV/AIDS in California has a significant impact on communities of color, gay and bisexual men, and women, as well as low-income and other underserved communities; and

WHEREAS, As many as one-half of new HIV infections occur in people under the age of 25 years; one in four are in young people under age 22 years; and

WHEREAS, Increasingly, some individuals with HIV disease have also been diagnosed with substance abuse or mental illness; and

WHEREAS, Substance abuse is a factor in well over 50 percent of new HIV infections in some cities; and

WHEREAS, California looks to the federal government to assist the state in meeting the expanding health care and social service needs of people living with HIV disease; and

WHEREAS, The Ryan White Comprehensive AIDS Resources Emergency (CARE) Act (42 U.S.C. Sec. 300ff et seq.) was first adopted by the Congress in 1990; and

WHEREAS, The Ryan White CARE Act expires on September 30, 2000; and

WHEREAS, Since its inception, the Ryan White CARE Act has ensured the delivery of medical care and treatment as well as essential support services to tens of thousands of Californians including medical examinations, laboratory procedures and evaluations, drug therapy, dental care, case management, home health and hospice care, transportation, housing, legal assistance, benefits education and

assistance, treatment education and adherence, nutrition therapy, and mental health and substance abuse counseling; and

WHEREAS, Under federal law, the Ryan White CARE Act is designated as the provider of last resort; therefore, it is recognized as a critical safety net program for low-income, uninsured, or underinsured individuals; and

WHEREAS, The federal budget for the 2000 fiscal year contains increased funding for the Ryan White CARE Act, a significant portion of which is dedicated to California; and

WHEREAS, Title I of the Ryan White CARE Act currently provides emergency assistance to the 51 United States metropolitan areas most heavily impacted by the AIDS epidemic, of which nine are in California, the most in the United States; and

WHEREAS, The Ryan White CARE Act has enabled local communities receiving Title I funding to tailor the delivery of services that best meet the needs of their residents who are affected by HIV/AIDS; and

WHEREAS, California receives funding under Title II of the Ryan White CARE Act for care and treatment and social services, a significant portion of which pays for life-extending and life-saving pharmaceuticals under California's AIDS Drug Assistance Program (ADAP); and

WHEREAS, Title III of the Ryan White CARE Act provides funding to public and private nonprofit entities for outpatient early intervention and primary care services; and

WHEREAS, Title IV of the Ryan White CARE Act has focused on women, children, youth, and families, and has increased access to medical care and support services for persons under 25 years of age living with HIV or AIDS; and

WHEREAS, The Ryan White CARE Act Dental Reimbursement Program (Title VI) reimburses eligible dental schools and postdoctoral dental education programs for the reported, uncompensated costs of oral health care to people living with HIV; and

WHEREAS, The goal of the Ryan White CARE Act Special Projects of National Significance (SPNS) Program (Title VI) is to advance knowledge about the care and treatment of persons living with HIV/AIDS by providing time-limited grants to assess models for delivering health and support services, and SPNS projects have supported the development of innovative service models for HIV care to provide health and social services to communities of color and hard-to-reach populations in California; and

WHEREAS, A network of 14 regional AIDS Education and Training Centers (AETCs), along with local performance sites, were funded under Title VI of the Ryan White CARE Act; and

WHEREAS, These AETCs train clinical health care providers, provide consultation and technical assistance, and disseminate ever-changing information to health care professionals on the effective management of HIV infection; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature affirms its support of the Ryan White CARE Act, and urges the Congress and the President of the United States to expeditiously reauthorize the Ryan White Comprehensive AIDS Resources Emergency (CARE) Act in order to ensure that the expanding medical care and support service needs of individuals living with HIV disease are met; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Senate Majority and Minority Leaders, the Speaker of the House of Representatives and the House Minority Leader, the Chairpersons and ranking minority members of the Senate Health, Education, Labor and Pensions, Appropriations, and Budget Committees, to the Chairpersons and ranking minority members of the House Commerce, Appropriations, and Budget Committees, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 66

Assembly Joint Resolution No. 50—Relative to the United Colors of Benetton.

[Filed with Secretary of State May 23, 2000.]

WHEREAS, The death penalty was originally instituted in California in 1851 under the Criminal Practices Act and reinstated in 1978; and

WHEREAS, Due to the heinous nature of crimes that are punishable by the death penalty, only 5 percent of murderers reside on death row; and

WHEREAS, The international retail corporation, the United Colors of Benetton, has glamorized death row inmates through photos and interviews, in order to sell Benetton products; and

WHEREAS, Such “shock marketing” perversely profiles criminals who have committed grossly inhuman acts of murder; and

WHEREAS, The 26 criminals profiled by Benetton have murdered at least 45 innocent victims; and

WHEREAS, The advertisement campaign is causing unnecessary pain and distress to the family and friends of the murder victims; and

WHEREAS, This marketing constitutes a flippanant “style statement” in what has been, and should remain, a serious issue for responsible public debate; and

WHEREAS, A good corporate citizen must maintain a good standard of ethics and respect the bounds of responsible discourse concerning matters of policy dealing with the lives of citizens and the values of law-abiding citizens; and

WHEREAS, The glamorization of death row inmates in Benetton’s marketing campaign does not appear to be consistent with being a good corporate citizen; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That Benetton’s glorification of criminals for profit is both inappropriate and insensitive to the families of the victims ; and be it further

Resolved, That the Members of the Assembly and Senate of the State of California encourage all citizens in California to express to the United Colors of Benetton, in whatever manner they deem most effective, their opinion of the inappropriate and insensitive death row marketing campaign; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Majority Leader of the Senate, the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the President of the United States Chamber of Commerce, the President of the California Chamber of Commerce, the Chairman of the New York Stock Exchange, and the Chairman of the Board of the United Colors of Benetton.

RESOLUTION CHAPTER 67

Assembly Joint Resolution No. 39—Relative to homelessness.

[Filed with Secretary of State May 25, 2000.]

WHEREAS, Homelessness has been steadily increasing for several years and constitutes, especially for the mentally ill, an archaic form of human misery that can no longer be tolerated in this, the world’s greatest and most responsive democracy; and

WHEREAS, Homelessness creates a sizable drain on social and economic resources and is a frustration to legitimate commerce and an obstacle to community development; and

WHEREAS, Prevention of future homelessness will pay great dividends to American society that will more than justify the effort and costs of instituting a national plan for the homeless; and

WHEREAS, Health and social services, as well as welfare institutions, are now faced with the urgent necessity of creating new avenues of cooperation, coordination, and mutual support, and there is a nationwide need for new concentrations of community outreach, and active, aggressive provision of services, for the treatment and prevention of homelessness and of mental illness among the homeless; and

WHEREAS, A number of recent studies, all reliable, broadly-based, and conducted independently of one another, reveal that American homeless persons number over two and one-half million at any given time, and fall into one or more of the following general categories:

- (a) Women and their children;
- (b) The mentally ill;
- (c) Military veterans;
- (d) Drug and/or alcohol addicts;
- (e) Parolees or probationers;
- (f) HIV/Aids victims;
- (g) Functionally illiterate persons or others with incomplete educations;
- (h) Newly-evicted working poor; and
- (i) Welfare recipients for whom aid has been reduced or curtailed; and

WHEREAS, The causes of homelessness are numerous and complex and therefore the cure cannot be simplistic and cannot exclusively address any single issue or causative factor; and

WHEREAS, Due to a lack of resources, many local governments, particularly cities and counties throughout the State of California and nationwide, have increasingly relied upon law enforcement or the enactment or enforcement of municipal codes and ordinances to address the behavioral aspects of homelessness. This approach has resulted in public policy that focuses on a person's status as homeless, instead of focusing on the obstacles that need to be overcome to solve the problem of homelessness; and

WHEREAS, It is absolutely necessary that any meaningful, comprehensive plan for the eradication or significant reduction of homelessness be instituted at the federal level because successful local model projects will not achieve permanence and uniform consistency unless they are integrated into a national strategy; and

WHEREAS, The number of homeless men, women, and children throughout the United States is increasing at an alarming rate; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature calls for, endorses, and supports a

comprehensive national plan to end homelessness, and urges the President of the United States, Congress, and other relevant federal agencies to develop and implement a comprehensive plan to end homelessness; and be it further

Resolved, That the President of the United States is requested to convene a National Commission on Homelessness, nonpartisan and broadly representative in composition, with the specific mission of developing a comprehensive strategic plan for addressing homelessness, its causes, and its prevention nationwide; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 68

Senate Concurrent Resolution No. 78—Relative to California Physical Education Week.

[Filed with Secretary of State May 26, 2000.]

WHEREAS, Californians realize that our youth represent the future of our state and nation; and

WHEREAS, The results of the physical fitness test scores for all California public school pupils in grades 5, 7, and 9 for 1999 show that 80 percent of those tested failed to pass the minimum standards to be considered physically fit; and

WHEREAS, The percentage of overweight children and youth in the United States has doubled in the last 30 years with approximately 13 percent of young people seriously overweight; and

WHEREAS, The most effective way to combat obesity is by exercise, physical activity, and proper nutrition; and

WHEREAS, Physically inactive people are almost twice as likely to develop coronary heart disease, which is the leading cause of death and disability in the United States, as persons who engage in regular physical activity; and

WHEREAS, Poor diet and inadequate exercise are leading to increasing rates of type II diabetes in children; and

WHEREAS, Nearly every major cause of morbidity and mortality in the United States is linked to a sedentary lifestyle; and

WHEREAS, Children who are healthy and physically fit, have lower rates of school absenteeism; and

WHEREAS, Physical activity is essential in the moderation of stress, depression, and other mood disorders; and

WHEREAS, Some of the latest brain research points to a direct relationship between exercise and learning; and

WHEREAS, A child who is well educated in physical fitness and health is more likely to be academically motivated, alert, and successful; and

WHEREAS, Pupils can sense the importance of a program by the emphasis placed upon it by the Legislature, the State Board of Education, the local board of education, the school district administration, the schoolsite administration, and the faculty and staff at schoolsites; and

WHEREAS, Quality physical education programs can facilitate a pupil's adoption of attitudes, skills, and behaviors that can lead to active healthy lifestyles throughout adulthood; and

WHEREAS, The business community understands and appreciates the importance of an active, healthy, educated, and motivated workforce; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature recognizes the importance and value of a sound standards-driven physical education experience for all of California's pupils; and be it further

Resolved, That because pupils who are physically healthy are more likely to achieve a higher degree of academic success and to turn into healthier, longer living, and more productive citizens of our state and nation, the California Legislature hereby proclaims the week of May 1 through May 7, 2000, to be "California Physical Education Week"; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 69

Senate Joint Resolution No. 26—Relative to the Mission Creek and Desert Hot Springs Aquifers.

[Filed with Secretary of State May 26, 2000.]

WHEREAS, The 1996 amendments to the Safe Drinking Water Act state that the Congress of the United States finds that more effective protection of public health requires the "prevention of drinking water contamination through ... enhanced protection of source waters of public water systems"; and

WHEREAS, The water of the Mission Creek Aquifer is the sole source of the potable water supply for approximately 25,000 people who live in and around the City of Desert Hot Springs, California, and is recognized internationally as pristine and of very high quality, being judged “Best Tasting” municipal water at the 1999 International Water Tasting and Competition in Berkeley Springs, West Virginia, and requires no treatment prior to being served domestically; and

WHEREAS, The Desert Hot Springs Aquifer, the sole source of the area’s internationally famed, odorless, therapeutic hot mineral water and the primary revenue source for the regional economy, the local tourist spa industry, is recognized as a high-risk resource due to discharges from, and failures of, individual septic systems overlying the shallow aquifer; and

WHEREAS, The United States Geological Survey, the Colorado River Basin Regional Water Quality Control Board, the State Department of Health Services, the Riverside County Department of Environmental Health, and the Board of Directors of the Mission Springs Water District recommend and concur with plans to phase out septic systems overlying these aquifers for the purpose of retaining long-term water quality preservation, and the results of that action will work to secure the groundwater basin for storage of a safe, reliable, drinking water source; and

WHEREAS, The Mission Creek and Desert Hot Springs Aquifers are components of the Salton Sea Transboundary Watershed and are included in the Colorado River Basin Regional Water Quality Control Board’s 1999 Watershed Management Initiative, and, in that initiative, the regional board assigns the protection of drinking water sources the highest priority, equal to the restoration of impaired water bodies, and lists septic contamination in Desert Hot Springs as an issue of regional significance, and recognizes the importance of securing funding for infrastructure to mitigate this threat to water quality, the public health, and the economic viability of the region; and

WHEREAS, According to the Environmental Protection Agency’s 1994 report to Congress, entitled National Water Quality Inventory, nitrate was the second most common groundwater contaminant identified by the various states. The report further states that the costs for preventing contamination in smaller public systems are estimated to be $\frac{1}{10}$ to $\frac{1}{100}$ of the costs of remediation; and

WHEREAS, Many more federal funds have been allocated to clean up impaired water resources than to preserve the quality of waterbodies and the costs of cleanup activities exceed those of preservation activities by hundreds of millions of dollars. Additionally, the costs of remediation do not necessarily include intangible costs such as increased health risks,

diversion of community funds from other needs, loss of consumer confidence and hysteria, and economic impairment; and

WHEREAS, Due to the unique quality of the Mission Creek and Desert Hot Springs Aquifers, the Congress of the United States should recognize these precious resources as worthy of protection and preservation and prudent fiscal management and water resource management dictate that the federal government join with state and local stakeholders to participate in the costs of protection and preservation efforts; and

WHEREAS, The Legislature of the State of California enacted legislation authored by Senator David Kelley in 1998, Senate Bill 1852, requiring the Colorado River Basin Regional Water Quality Control Board to prohibit the discharge from existing or new septic systems on parcels of less than $\frac{1}{2}$ acre that overlie the Mission Creek and Desert Hot Springs Aquifers if a sewer system is available within 200 feet of the property, in order to mitigate this significant threat to the groundwater quality. This legislation serves as preparatory action to ensure mitigation of the effects of private wastewater systems as sewers become available in this environmentally sensitive area; and

WHEREAS, The community of Desert Hot Springs has suffered extreme hardship conditions from economic recession throughout the 1990s and is not able to fully fund water quality preservation measures, but is nonetheless committed to shouldering a significant portion of the costs in partnership with the state and federal government; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes the President and the Congress of the United States to enact legislation to make available necessary funds to implement groundwater protection measures for the pristine Mission Creek and Desert Hot Springs Aquifers, and by doing so, to demonstrate fiscal and environmental stewardship for the long-term protection of the quality of these exceptional groundwater resources; and be it further

Resolved, That the President and Congress of the United States recognize that the preservation of these water resources as a national priority would exemplify a commitment by the federal government to prioritize the preservation of the nation's natural resources and fiscal prudence; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Majority Leader of the

Senate, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 70

Assembly Joint Resolution No. 53—Relative to gun control.

[Filed with Secretary of State May 26, 2000.]

WHEREAS, The illegal and violent use of firearms victimizes more than one million Americans every year, and although recent crime statistics show the rate of violent crime dropping, the rate of criminal use of firearms remains high; and

WHEREAS, According to the Centers for Disease Control and Prevention, over 4,200 children died from gunfire in the United States in 1997, including homicides, suicides, and accidental shootings, which is nearly 13 per day and almost 600 annually in California alone, and for every child that is killed in the United States with a gun, four are wounded with a gun; and

WHEREAS, American children are at a higher risk from firearms than children of any other industrialized nation in the world, with the rate of firearm death of children under 14 years old being nearly 12 times higher in the United States than in 25 other industrialized nations combined; and

WHEREAS, According to the New England Journal of Medicine, guns kept in the home for protection are 43 times more likely to kill a family member or a friend than to kill an intruder, and the presence of a gun in the home triples the risk of a homicide in the home; and

WHEREAS, Many gun owners store firearms in a bedroom or closet, versus in a locked case, cabinet, or vault; and

WHEREAS, According to the Journal of the American Medical Association, more than 1.2 million elementary schoolaged children have access to guns in their homes; and

WHEREAS, According to the National Safety Council, gun accidents are the fifth leading cause of accidental death for children aged 14 and under; and

WHEREAS, Even though firearms are designed to cause death and injury, they are completely exempt from national consumer protection regulations that protect children from poorly made toys, products, and common household items, and, therefore, can cause injury or death if handled improperly; and

WHEREAS, Injuries caused by firearms are costly to treat, averaging over \$13,000 per patient, which drains public healthcare dollars; and

WHEREAS, In the last three years there have been several tragic shootings in schools and day care centers that have injured or killed innocent children; and

WHEREAS, Many accidental shootings and gun-related homicides and suicides are caused by firearms improperly or illegally handled by minors; and

WHEREAS, The criminal use of guns and related gun violence has become a public health matter of epidemic proportions, causing children and families across the country to endure the loss of loved ones to gun violence, to get caught in the crossfire of firearm-related domestic violence, and to live in fear of being struck by random bullets; and

WHEREAS, This year, President Bill Clinton announced increased funding and landmark regulatory and executive actions to bolster enforcement efforts and crack down on problem gun dealers in order to halt illegal firearm trafficking and prevent firearms from getting into the hands of criminals; and

WHEREAS, The Million Mom March, an extraordinary, nationwide grass-roots mobilization to march in Washington, D.C. on Mother's Day 2000 to demand Congress to pass commonsense gun laws by Mother's Day, is being led primarily by mothers from all walks of life moved to action by insidious gun violence against children; and

WHEREAS, The Million Mom March will also be taking place in small and large cities across America to call attention to the senseless loss of life from gun violence and to demand that policymakers at all levels act immediately to pass sensible guns laws to protect citizens, particularly children, from gun violence; and

WHEREAS, The California Legislature recently passed and Governor Gray Davis signed commonsense gun measures, including laws requiring most handguns to meet basic safety requirements, restricting "copycat" assault weapons, prohibiting large capacity ammunition magazines, requiring firearms to be accompanied by an approved safety device and a warning, restricting handgun purchases to one per month, and improving security at gun shows, thereby putting California at the forefront of efforts to protect citizens from gun violence; and

WHEREAS, Despite alarming statistics and growing public concern about gun violence, the 106th Congress failed in its first year to successfully pass commonsense gun legislation that would have provided American citizens with additional protections from gun violence; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby respectfully memorializes the Congress and the President of the United States to enact commonsense gun legislation this session including laws that

would (1) limit handgun purchases to one per person per month to reduce gun trafficking; (2) require background checks for all firearms purchased from licensed dealers and at gun shows; (3) reinstate a three-day waiting period for firearm purchases to ensure a cooling-off period and allow time for a background check; (4) require the sale of child safety locks with every handgun sold; and (5) ban assault weapons and high-capacity magazines that do not have any legitimate sporting or hunting purpose; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California to the Congress of the United States.

RESOLUTION CHAPTER 71

Assembly Concurrent Resolution No. 161—Relative to Asian and Pacific Islander American Heritage Month.

[Filed with Secretary of State May 26, 2000.]

WHEREAS, Asian and Pacific Islander Americans have played a critical role in the social, economic, and political development of California throughout its history; and

WHEREAS, Asian and Pacific Islander Americans are one of the fastest growing ethnic populations in California; and

WHEREAS, Asian and Pacific Islander Americans represent over 12 percent of California's population and represent ancestries that include Burmese, Cambodian, Chinese, East Indian, Filipino, Guamanian, Hawaiian, Hmong, Indonesian, Iu-Mien, Japanese, Korean, Laotian, Singaporean, Thai, Tongan, and Vietnamese; and

WHEREAS, Asian and Pacific Islander American entrepreneurs have led many of California's businesses to the pinnacle of their respective industries; and

WHEREAS, Asian and Pacific Islander American communities throughout California actively promote their cultural heritage and promote cross-cultural understanding; and

WHEREAS, Asian and Pacific Islander Americans will continue to be an important part of California's diverse tapestry of cultures and ideas; and

WHEREAS, Asian and Pacific Islander American immigrants have contributed greatly to California's economic success, educational institutions, agricultural growth, and urban development; and

WHEREAS, Asian and Pacific Islander American refugees have revitalized many of California's communities, while bringing in new ideas and economic opportunities; and

WHEREAS, Asian and Pacific Islander American immigrants and refugees had to overcome tremendous odds and cultural barriers to establish a better life for their families; and

WHEREAS, Asian and Pacific Islander Americans have a proud legacy of service and dedication to the State of California and to the United States of America; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature commends Asian and Pacific Islander Americans for their notable accomplishments and outstanding service to the State of California, and recognizes the month of May 2000 as Asian and Pacific Islander American Heritage Month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 72

Assembly Joint Resolution No. 54—Relative to East Timorese refugees.

[Filed with Secretary of State June 2, 2000.]

WHEREAS, In 1975, after the former Portuguese colony of East Timor gained its independence, Indonesian forces invaded East Timor and occupied the country despite the call of the United Nations Security Council for Indonesia to withdraw its forces; and

WHEREAS, In 1976 the Indonesian government admitted that 60,000 East Timorese had been killed since the invasion and President Suharto signed legislation declaring East Timor as Indonesia's 27th province; and

WHEREAS, In the 1970's and 1980's, tens of thousands of East Timorese died of starvation, military bombardment, and executions as thousands of others suffered malnutrition, sterilization, relocation in settlement camps, and arrest and torture at the hands of the Indonesian forces; and

WHEREAS, Despite continued military attacks on East Timorese civilians during 1999 and fears of widespread violence against voters, a heavy turnout at the polls on August 30, 1999, provided almost an 80 percent vote for the independence of East Timor from Indonesia; and

WHEREAS, Within hours of the announcement of the election results on September 4, 1999, a systematic campaign of terror was launched

against the East Timorese by the Indonesian armed forces and their allied militias during which three-quarters of the population was displaced. In a coordinated manner, the Indonesian military and militias forced hundreds of thousands of East Timorese at gunpoint to board trucks, boats, and airplanes for transportation to West Timor and other parts of Indonesia; and

WHEREAS, By the end of 1999, United Nations agencies reported that over 125,000 East Timorese had returned home; however, more than 100,000 East Timorese remain unable to return home, many months after the announcement of the referendum results and despite repeated pledges by the Indonesian government to remedy the situation. Thousands of East Timorese taken to other areas of Indonesia remain unaccounted for; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully requests the President and the Congress of the United States to employ diplomatic and other resources to persuade the Indonesian government to expedite the return of all East Timorese refugees in Indonesia who wish to return home; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 73

Assembly Concurrent Resolution No. 130—Relative to school crossing guards.

[Filed with Secretary of State June 2, 2000.]

WHEREAS, In the task of keeping our children safe, the genuine heroes of the day are those who keep alert to the dangers that threaten the lives of our most vulnerable citizens and it is they who regularly act with unflinching and selfless bravery, often placing themselves at risk of physical harm, all in the interest of keeping our children safe; and

WHEREAS, These heroes bear the title of “School Crossing Guard,” a position that is necessary for the protection of children and a job from which one derives a tremendous sense of personal satisfaction and respect; and

WHEREAS, Great accolades are deserved by these heroes, our school crossing guards, Californians who, if gathered together from the wide expanses of this great state, would number into the thousands and would

represent a collection of our finest residents, for these are the good people who believe in selfless duty, who practice kindness, who never hesitate to act bravely, and who face both the elements and their fellow person with a smile and with the confidence and simple gratitude that stems from doing something important for the community; and

WHEREAS, The toll to children who are struck by a car while walking make this leading cause of death for children between five and 12 years of age, a fact that puts upon our society even greater impetus to view the School Crossing Guard program as one of the best and most cost-efficient ways to protect the lives of our children; and

WHEREAS, This state, which has long been the chief agent in the conduct of the School Crossing Guard program, respectfully acknowledges and offers profound thanks to local governments and school districts, for collectively providing our children with effective School Crossing Guard programs; and

WHEREAS, It is necessary that recognition be given to our school crossing guards for their civic spirit and personal bravery, and to our cities and school districts for providing this essential service; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby designate the week of September 4, 2000, as “School Crossing Guards Week,” and that the Members of the Legislature wish to offer their most sincere thanks, on behalf of the people of this great state, to our school crossing guards, for keeping our children safe, for displaying warmth of spirit in the conduct of their duties, and for the selfless acts of bravery; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Governor.

RESOLUTION CHAPTER 74

Assembly Concurrent Resolution No. 158—Relative to Cinco de Mayo.

[Filed with Secretary of State June 2, 2000.]

WHEREAS, Cinco de Mayo, or the Fifth of May, is a date of great importance to the vast communities of Mexicans and Mexican Americans in California and across the United States; and

WHEREAS, Cinco de Mayo has been recognized as a significant day in the history of Mexico and California by the recent introduction of the Cinco de Mayo stamp; and

WHEREAS, On May 5, 1862, French troops by the order of Napoleon III and under the command of General Latrille, launched an invasion in the Mexican town of Puebla; and

WHEREAS, Mexican forces, determined to protect hearth and home, decided to make their stand defending the strategic town of Puebla against a hostile foreign invasion; and

WHEREAS, A spirited and courageous garrison of Mestizo and Zapotec Indians, outgunned and outnumbered over two to one, commanded by General Ignacio Zaragoza, successfully withstood a French offensive of battle-ready troops; and

WHEREAS, The French general, overconfident in his highly polished troops and underestimating the heart and desire of a handful of Mexican soldiers to do battle, expected minor opposition from the Mexican army. Unbeknownst to the French general, the ill-equipped, untrained, poor, and hungry Mexican forces possessed much more spirit and courage than his French troops that were ranked among the finest in Europe. For the Mexican battalion, its stand against the French invasion forces involved not only a struggle against a foreign aggressor but a struggle for self-determination; and

WHEREAS, The “Batalla de Puebla” resulted in the routing of the once handsome French army by the determined, unrelenting, and highly spirited Mexican troops. The courageous and heroic spirit that General Zaragoza and his men displayed during this historic battle should never be forgotten; and

WHEREAS, Cinco de Mayo is not only the commemoration of the defeat of the French at the town of Puebla in Mexico, but also a celebration of the virtues of courage and patriotism of all Mexicans and Mexican Americans who have fought for freedom and independence against foreign aggressors; and

WHEREAS, Cinco de Mayo reminds us that the foundation of our nation is built by people from many nations and diverse cultures who share a readiness to shed blood, sweat, and tears in the pursuit of freedom and liberty; and

WHEREAS, In a broader sense, Cinco de Mayo symbolizes the right of a free people to self-determination just as Benito Juarez, the President of Mexico, said, “El respeto al derecho ajeno es la paz.” (The respect of other people’s rights is peace.); now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby calls on the people of California to join in celebrating Cinco de Mayo as a day to honor the valiant spirit of the brave Mexicanos who defended the town of Puebla with corazón (heart) and might and the Mexican Americans of today who have fought and died for the freedom of the United States of America; and be it further

Resolved, That the Legislature hereby recognizes not only May 5 as Cinco de Mayo day but also the week of May 1 through May 7 as Cinco de Mayo Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for distribution.

RESOLUTION CHAPTER 75

Senate Concurrent Resolution No. 81—Relative to Day of the Teacher.

[Filed with Secretary of State June 2, 2000.]

WHEREAS, An educated citizenry serves as the very foundation of our democracy; and

WHEREAS, Today’s teachers mold the minds and train the workforce of the future; and

WHEREAS, No other profession touches as many persons with such a lasting effect; and

WHEREAS, Good teaching grows in value and pays dividends far beyond the classroom; and

WHEREAS, California long ago recognized the immeasurable value of our teachers and has designated the second Wednesday in May to be Day of the Teacher, a special observance that honors teachers and the teaching profession; and

WHEREAS, Day of the Teacher has been sponsored by the California Teachers Association and the Association of Mexican American Educators and was first recognized in 1982; and

WHEREAS, California has patterned its celebration after the traditional “El Día del Maestro” festivities observed in Mexico and other Latin American countries; and

WHEREAS, Day of the Teacher should be a day for school districts, parents, public officials, and the community to recognize the dedication and commitment of teachers who are educating our children; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the day of May 10, 2000, be proclaimed Day of the Teacher; and be it further

Resolved, That the Legislature urges all Californians to observe the Day of the Teacher by taking the time to remember and honor all teachers who give the gift of knowledge through teaching; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 76

Assembly Joint Resolution No. 55—Relative to hemophilia relief.

[Filed with Secretary of State June 9, 2000.]

WHEREAS, The Ricky Ray Hemophilia Relief Fund Act of 1998 (P.L. 105-369) was enacted by Congress to provide for compassionate payments to individuals with blood-clotting disorders, such as hemophilia, who contracted the human immunodeficiency virus due to contaminated blood products; and

WHEREAS, In its review of the events surrounding the HIV infection of thousands of people with blood-clotting disorders, such as hemophilia, a 1995 study, entitled “HIV and the Blood Supply,” of the Institute of Medicine found a failure of leadership and an inadequate institutional decisionmaking process in the system responsible for ensuring blood safety, concluding that a failure of leadership led to less than effective donor screening, weak regulatory actions, and insufficient communication to patients about the risk of AIDS; and

WHEREAS, It is important for both the federal and state government to halt immediately the funding of a product or program if they become aware of a risk of infection when using the product and have not informed the public; and

WHEREAS, This legislation, named after a teenage hemophiliac who died from AIDS, was enacted to provide financial relief to the families of hemophiliacs who were devastated by the federal government’s policy failure in its handling of the AIDS epidemic; and

WHEREAS, Although the relief bill has been enacted into law, Congress has been reluctant to fund it; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to fully fund the Ricky Ray Hemophilia Relief Fund, enacted into law under the Ricky Ray Hemophilia Relief Fund Act of 1998, so that there is no delay between the authorization and the timely appropriation of this relief; and be it further

Resolved, That the President and the Congress of the United States are respectfully urged to withhold the appropriation of funds to programs that have not clearly disclosed to the consumer the risks of infection for a product the program manufactures or distributes; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 77

Assembly Concurrent Resolution No. 131—Relative to the Mattel Children’s Hospital.

[Filed with Secretary of State June 9, 2000.]

WHEREAS, The Mattel Children’s Hospital at the University of California, Los Angeles (UCLA), offers a full range of primary, specialty, and subspecialty care, in both inpatient and outpatient settings, to infants, children, and adolescents throughout Southern California and beyond; and

WHEREAS, Physicians at the Mattel Children’s Hospital at UCLA care for more than 27,000 children each year; and

WHEREAS, The Mattel Children’s Hospital at UCLA serves as a major regional center for pediatric care for the children of California, including those with special health care needs, as designated by the California Department of Health Services; and

WHEREAS, The Mattel Children’s Hospital at UCLA serves as the primary teaching site for pediatric care at the UCLA School of Medicine; and

WHEREAS, Faculty physicians at the Mattel Children’s Hospital at UCLA have made significant medical research discoveries in the areas of HIV/AIDS, cancer, genetics, organ transplantation, and neurology to help children around the world; and

WHEREAS, The Mattel Children’s Hospital at UCLA is a distinct and integral part of the UCLA Medical Center, a general acute care hospital in Los Angeles; and

WHEREAS, Since 1995, the Mattel Children’s Hospital at UCLA has met the rigorous standards required for designation as a children’s hospital by the National Association of Children’s Hospitals and Related Institutions; and

WHEREAS, In November 1998, the Mattel Corporation pledged \$25 million to UCLA to support patient care and research programs in pediatrics and the construction of a new state-of-the-art health care facility; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby declares that the Mattel

Children's Hospital at UCLA is one of the preeminent children's hospitals in the United States.

RESOLUTION CHAPTER 78

Assembly Concurrent Resolution No. 128—Relative to California Veterans Day.

[Filed with Secretary of State June 13, 2000.]

WHEREAS, The people of California have a special affinity for, and are greatly indebted to, the myriad of brave men and women in the United States military who serve and have served to protect and defend our precious freedom; and

WHEREAS, All Californians are encouraged to remember the great debt of gratitude that we as free Californians owe to veterans; and

WHEREAS, Since the days of the American Revolution (1776-1781), nearly 42,000,000 patriots have taken up arms to defend the United States of America and to guarantee that the blessings of liberty are, indeed, secure; and

WHEREAS, The significance of November 11 was originally set aside as Armistice Day in the United States to remember the sacrifices that men and women made during the First World War (1914-1918) in order to ensure a lasting peace; and

WHEREAS, On Armistice Day 1918, soldiers who survived the terrific onslaught and loss of life brought on by "The Great War," as it was often referred to, marched in parades through their hometowns and were treated to great victory speeches given by politicians and veteran officers of the day; and

WHEREAS, Sixty-two years ago, in 1938, 20 years after World War I had concluded, the United States Congress voted to make Armistice Day a legal holiday; and

WHEREAS, Forty-seven years ago, in 1953, the townspeople of Emporia, Kansas, were first attributed to calling the new federal holiday Veterans Day, in tribute to the town's many servicemen and women veterans; and

WHEREAS, Shortly thereafter, a popular movement focused its attention and efforts upon our nation's capitol toward the renaming of Armistice Day, a legal holiday honoring veterans from World War I, to more appropriately Veterans Day, a legal holiday specifically honoring all veterans of the United States Armed Forces; and

WHEREAS, In recognition of, and gratitude for, the contributions of those who have served in our Armed Forces, the United States Congress

has designated November 11 of each year as a legal public holiday (5 U.S.C. Sec. 6103(a)) to honor America's veterans; and

WHEREAS, Americans still give thanks for peace on Veterans Day, often participating in local ceremonies, speeches, town picnics, and parades; and

WHEREAS, Each year, on the 11th day of the 11th month, November, we pause to look back and reflect with pride and profound gratitude upon achievements of our nation's veterans; and

WHEREAS, California has strong commitment to those who have served their nation during times of war; and

WHEREAS, Many structures and monuments have been erected in observance of the service and great sacrifices of all California's estimated 3,300,000 veterans (13 percent of the nation's veteran population); and

WHEREAS, It is appropriate, on this 82nd anniversary of the first Armistice Day, that California's veterans be commemorated for their heroic efforts in the struggle for democracy; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes California's veterans for the great service and sacrifices that they have made for our liberty; and be it further

Resolved, That all Californians are encouraged to remember the great debt of gratitude that we as free Californians owe to our veterans, and we freely participate in patriotic activities in our communities; and be it further

Resolved, That the Legislature hereby designates November 11, 2000, as California Veterans Day, 2000, to promote the recognition and appreciation of the great service and sacrifices made by California's veterans in order to secure our liberty.

RESOLUTION CHAPTER 79

Assembly Concurrent Resolution No. 144—Relative to Veterans Week.

[Filed with Secretary of State June 13, 2000.]

WHEREAS, Californians are encouraged to remember the debt of gratitude that we all owe to our veterans; and

WHEREAS, California has a strong commitment to those who have served their nation during time of war; and

WHEREAS, California's commitment to its veterans must not be forgotten; and

WHEREAS, Seventeen states have established a week to be known as “Veterans Week”; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of November 5 to November 11, inclusive, of each year be designated as “Veterans Week.”

RESOLUTION CHAPTER 80

Assembly Concurrent Resolution No. 155—Relative to the end of the Vietnam War.

[Filed with Secretary of State June 13, 2000.]

WHEREAS, The Vietnam Conflict ended 25 years ago on April 30, 1975; and

WHEREAS, Hundreds of thousands of South Vietnamese then fled the newly imposed totalitarian government of Vietnam, leaving behind their homes, their relatives, and their way of life; and

WHEREAS, Many of these freedom-seeking Vietnamese valiantly and courageously fled the country often on unseaworthy watercraft; and

WHEREAS, The United States of America fittingly allowed many Vietnamese to immigrate to this country where they could start a new life in a free country; and

WHEREAS, Many of those who fled became citizens of the United States and continue to work for freedom and democracy in the Socialist Republic of Vietnam through patriotic organizations in their adopted country; and

WHEREAS, The Vietnamese-American community is engaging in a worthy and noble project to construct a memorial in Orange County, California, commemorating American and South Vietnamese soldiers who have sacrificed their lives for the ideals of freedom and democracy for the Vietnamese people; and

WHEREAS, The Vietnamese-American community continues to make significant contributions to the people of the State of California and the United States of America in promoting democracy and freedom here and around the world; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California commemorates the 25th anniversary of the end of the Vietnam Conflict and also commemorates the many extraordinary contributions to

American society made by Vietnamese-Americans, and urges all Californians to participate in appropriate observances of these events.

RESOLUTION CHAPTER 81

Assembly Joint Resolution No. 43—Relative to musculoskeletal conditions.

[Filed with Secretary of State June 13, 2000.]

WHEREAS, Musculoskeletal conditions have an enormous impact on society; and

WHEREAS, One in every seven Americans reports a musculoskeletal impairment due to injuries, arthritis, osteoporosis, deformities, or other musculoskeletal condition; and

WHEREAS, In the United States alone, musculoskeletal conditions are estimated to cost \$215 billion per year; and

WHEREAS, More than one-half of American women and 13 percent of American men over 50 years of age will have a fracture that is related to osteoporosis in their lifetime; arthritis is the leading chronic condition reported by the elderly; musculoskeletal conditions are expected to increase as individuals enjoy a longer and more active lives; and

WHEREAS, Musculoskeletal conditions and deformities deprive children of a normal development; and

WHEREAS, Over 750 patient and professional organizations in 80 countries, including the California Orthopedic Association, have joined together to support the Bone and Joint Health Decade with the goal to reduce the unnecessary suffering due to bone and joint diseases and to promote ongoing research in this area, including research on the benefits of alternative and multidisciplinary approaches, such as chiropractic care and acupuncture ; and

WHEREAS, The United States has not yet officially supported this effort; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby recognizes the years 2000 to 2010 as the “Bone and Joint Health Decade”; and be it further

Resolved, That the Legislature of the State of California urges the President of the United States of America and the Members of Congress to support this international effort; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the

Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 82

Assembly Joint Resolution No. 64—Relative to condemning show trials of thirteen Iranian Jews.

[Filed with Secretary of State June 16, 2000.]

WHEREAS, In March 1999, the Islamic Republic of Iran arrested 13 Jewish men and boys in the cities of Shiraz and Isfahan: Navid Balzadeh, Nejat Beroukhim, Farhad Seleh, Shahrokh Paknahad, Ramin Farzam, Farzad Kashi, Faramarz Kashi, Asher Zadmehr, Nasser Yaghoub Levy Haim, Javid Beit Yaghoub, Ramin Nemati, Dani Tefilin, and Omid Tefilin; and

WHEREAS, Iran has accused the 13 Jews of espionage on behalf of Israel and the United States of America, a crime punishable by death under Iranian law; and

WHEREAS, No Jewish citizen of Iran is permitted to have access to any sensitive government information, and the accusation of espionage is a pretext for the ongoing persecution and scapegoating of Jews in Iran, which has resulted in the execution of between 35 and 50 Iranian Jews since Iran's Islamic Revolution of 1979; and

WHEREAS, The 13 Jews appear to be pawns in a power struggle between so-called "moderates" and "conservatives" in the Iranian government; and

WHEREAS, Iran imprisoned the 13 Jews for over a year without officially charging them with any crime; has commenced the trials without permitting them to retain legal counsel of their choice; has prevented international observers from attending the trials; and has even denied members of the families of the 13 Jews access to the courtroom, such that the trials may fairly be described as show trials; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature strongly condemns the arrest and show trials of the 13 Jewish men and boys of Shiraz and Isfahan, urges the government of the United States of America to take all possible diplomatic, political, and economic measures to protest the show trials, including, but not limited to, refusing to resume diplomatic relations with Iran, and urges the Islamic Republic of Iran to impose no punishment or penalty on the 13 Jews, and to immediately and unconditionally release them; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 83

Assembly Constitutional Amendment No. 12—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Section 4.5 of Article IV thereof, relating to the Legislature.

[Filed with Secretary of State June 20, 2000.]

WHEREAS, The current inability of a Member of the Legislature to participate in a retirement plan deprives the spouse of the Member of the ability to receive benefits from the service of the Member and deprives the family of the Member from receiving death benefits should the Member die unexpectedly; and

WHEREAS, Members of the Legislature should not have their own retirement plan, but should be able to participate in the same retirement plan that is available to rank and file employees of the state; and

WHEREAS, This measure is necessary to allow the Members to participate in a retirement plan under the same circumstances as the average state employee, now, therefore, be it

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1999–2000 Regular Session commencing on the seventh day of December 1998, two-thirds of the membership of each house concurring, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending Section 4.5 of Article IV thereof, to read:

SEC. 4.5. Notwithstanding any other provision of this Constitution or existing law, a person elected to or serving in the Legislature on or after November 1, 1990, shall participate in the Federal Social Security (Retirement, Disability, Health Insurance) System, and may elect to participate in the Public Employees' Retirement System in any state retirement plan in which a majority of the employees of the state may participate. The State shall pay only the employer's share of the contributions necessary to that participation. No other pension or retirement benefit shall accrue as a result of service in the Legislature, that service not being intended as a career occupation. This section shall not be construed to abrogate or diminish any vested pension or retirement benefit that may have accrued under an existing law to a

person holding or having held office in the Legislature, but upon adoption of this act no further entitlement to nor vesting in any existing programs shall accrue to any such person, other than the Social Security System and the Public Employees' Retirement System to the extent herein provided.

RESOLUTION CHAPTER 84

Senate Concurrent Resolution No. 73—Relative to California Science and Technology Week.

[Filed with Secretary of State June 28, 2000.]

WHEREAS, Science and technology is a vital component of California's economy; and

WHEREAS, The high-tech sector has been the leading force behind the economic recovery the state has enjoyed in the last five years; and

WHEREAS, Continued, robust economic growth is dependent upon the health and continued growth in technologically oriented industries; and

WHEREAS, High-tech jobs offer a source of high-income employment for both young and mature workers; and

WHEREAS, The high-income jobs provided by high-tech companies are a crucial contributor to the state's tax base; and

WHEREAS, California enjoys a greater share of science and technology employment than any other state; and

WHEREAS, California must continue to increase awareness of career opportunities in science and technology; and

WHEREAS, It is important to expand career opportunities in science and technology for underrepresented minorities and women in California; and

WHEREAS, Workforce proficiency in math and science skills is essential to the continued vibrancy of California's science and technology sector; and

WHEREAS, Sustained support for basic and applied research and development is essential if California's science and technology sectors are to maintain their prominence; and

WHEREAS, California's universities and industries produce very high quality scientific research; and

WHEREAS, The large number of federal laboratories operating in California present the state with significant, yet untapped, opportunities; and

WHEREAS, California possesses the intellectual and economic capital necessary to enhance its leadership in research and development and science and technology activities; and

WHEREAS, It is in the best interests of the state to develop an integrated and sustained approach to science and technology policy development; and

WHEREAS, It is important to focus public, political, and media attention on the need to enhance support for science and technology activities and efforts in California; and

WHEREAS, The ubiquitous nature of science and technology in California's economic, cultural, and social fabric is cause for celebration; and

WHEREAS, Official recognition of the importance and value of science and technology to California will enhance awareness and support for those activities; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature designates the second week in November, commencing in the year 2000, and every year thereafter, as California Science and Technology Week; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Governor and to the author for appropriate distribution.

RESOLUTION CHAPTER 85

Senate Concurrent Resolution No. 80—Relative to prostate cancer.

[Filed with Secretary of State June 28, 2000.]

WHEREAS, In 1999, prostate cancer was expected to kill nearly 40,000 men in the United States, with 125,000 new cases in California expected to be diagnosed; and

WHEREAS, Prostate cancer is the most diagnosed cancer among men in the United States, comprising more than 41 percent of all cancer cases; and

WHEREAS, African-Americans have the highest, most terminal incidence of prostate cancer in the world; and

WHEREAS, This disease has a devastating impact on men and their families; and

WHEREAS, Although California's Cancer Research Program spends nearly 33 percent of its research budget on prostate cancer, prostate cancer still receives only 5 percent of federal cancer research dollars; and

WHEREAS, Father's Day occurs in the month of June, and CaP CURE, a national association for the cure of prostate cancer, sponsors

the CaP CURE Home Run Challenge in the week around that remembrance day, where individuals pledge contributions for each home run hit in 60 scheduled games, and those contributions are matched by the Major League Baseball Players Association with expenses underwritten by the Milken Family Foundation; and

WHEREAS, The numerous prostate cancer support groups in the state and the California Prostate Cancer Coalition, in conjunction with the California Chapter of the American Cancer Society, and the National Prostate Cancer Coalition are working toward raising awareness and research funds dedicated to advances in treatment and, ultimately, a cure for prostate cancer; and

WHEREAS, The East and West Bay Regions of the American Cancer Society are sponsoring a conference entitled "GET CONNECTED: Prostate Cancer Information Exchange" at the UCSF-Cole Hall in San Francisco on the Saturday before Father's Day; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims the month of June 2000 as Prostate Cancer Awareness Month; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the President of the United States, the Governor of the State of California, the Secretary of the United States Department of Health and Human Services, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 86

Assembly Concurrent Resolution No. 136—Relative to the American flag.

[Filed with Secretary of State June 29, 2000.]

WHEREAS, The flag of the United States of America is a national treasure, and no statue, no monument, and no artifact says "America" so eloquently; and

WHEREAS, No other symbol of our nation has led men and women into battle, been sanctified by the blood of patriots, and then draped in honored glory over the caskets of those who gave their last full measure of devotion; and

WHEREAS, Our nation is unique because of our origins; and

WHEREAS, We are mostly a nation of immigrants, a nation of many races and many religions, and from our diversity we draw our strength; and

WHEREAS, The American flag represents all that unites us as one nation, under God; and

WHEREAS, The American flag is a constant reminder of the ideals we share; and

WHEREAS, There have been recent reports and complaints from citizens that some private homeowner association rules or covenants, conditions, and restrictions have been construed to prohibit the display of the flag; and

WHEREAS, Subdivision (a) of Section 434.5 of the Government Code states: “No person, private entity, or governmental agency shall adopt rules, regulations, or ordinances, or enter into any agreement or covenant, which prevents any person or private entity which would otherwise have the legal right to display a Flag of the United States on private property from exercising that right, unless it is used as, or in conjunction with, an advertising display”; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California encourages all homeowner associations and landlords to obey the law and allow residents and tenants to exercise their lawful rights to display the flag of the United States and that reasonable allowance be made to permit these displays; and be it further

Resolved, That the Chief Clerk of the Assembly distribute copies of this resolution to groups and individuals representing homeowner associations, apartment associations, property management groups, and all other appropriate entities and individuals.

RESOLUTION CHAPTER 87

Assembly Joint Resolution No. 40—Relative to special education funding.

[Filed with Secretary of State July 6, 2000.]

WHEREAS, The Congress enacted the Education for All Handicapped Children Act of 1975 (P.L. 94-142), now known as the Individuals with Disabilities Education Act (IDEA), to ensure that all children with disabilities in the United States have available to them a free and appropriate public education that emphasizes special education and related services designed to meet their unique needs, to assure that the rights of children with disabilities and their parents or guardians are protected, to assist states and localities to provide for the education of all children with disabilities, and to assess and assure the effectiveness of efforts to educate children with disabilities; and

WHEREAS, Since 1975, federal law has authorized appropriation levels for grants to states under the IDEA at 40 percent of the average per-pupil expenditure in public elementary and secondary schools in the United States; and

WHEREAS, Congress continued the 40-percent funding authority in Public Law 105-17, the Individuals with Disabilities Education Act Amendments of 1997; and

WHEREAS, Congress has never appropriated funds equivalent to the authorized level, has never exceeded the 15-percent level, and has usually only appropriated funding at about the 8-percent level; and

WHEREAS, The federal budget for fiscal year 2000, signed by the President on November 29, 1999, made an additional \$700,000,000 available for special education, and this increased appropriation, when combined with the revised allocation formula in Public Law 105-17 will make the federal government more able to fund special education, and at higher levels than previously; and

WHEREAS, The California Master Plan for Special Education was approved for statewide implementation in 1980 on the basis of the anticipated federal commitment to fund special education programs at the federally authorized level; and

WHEREAS, The Governor's Budget for the 2000-01 fiscal year proposes \$2.4 billion in General Fund support for the state's share of funding for special education programs; and

WHEREAS, California anticipates receiving approximately \$505,000,000 in federal special education funds under Part B of IDEA for the 2000-01 school year, even though the federally authorized level of funding would provide over \$1.8 billion annually to California; and

WHEREAS, Local educational agencies in California are required to pay for the underfunded federal mandates for special education programs, at a statewide total cost approaching \$1 billion annually, from regular education program money, thereby reducing the funding that is available for other education programs; and

WHEREAS, The decision of the Supreme Court of the United States in the case of Cedar Rapids Community Sch. Dist. v. Garret F. ((1999) 143 L.Ed.2d 154), has had the effect of creating an additional mandate for providing specialized health care, and will significantly increase the costs associated with providing special education services; and

WHEREAS, Whether or not California participates in the IDEA grant program, the state has to meet the requirements of Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 701) and its implementing regulations (34 C.F.R. 104), which prohibit recipients of federal financial assistance, including educational institutions, from discriminating on the basis of disability, yet no federal funds are available under that act for state grants; and

WHEREAS, California is committed to providing a free and appropriate public education to children and youth with disabilities, in order to meet their unique needs; and

WHEREAS, The California Legislature is extremely concerned that, since 1978, Congress has not provided states with the full amount of financial assistance necessary to achieve its goal of ensuring children and youth with disabilities equal protection of the laws; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature respectfully memorializes the President and Congress of the United States to provide the full 40-percent federal share of funding for special education programs so that California and other states participating in these critical programs will not be required to take funding from other vital state and local programs in order to fund this underfunded federal mandate; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to the Chair of the Senate Committee on Budget, to the Chair of the House Committee on the Budget, to the Senate Committee on Appropriations, to the Chair of the House Committee on Appropriations, to each Senator and Representative from California in the Congress of the United States, and to the United States Secretary of Education.

RESOLUTION CHAPTER 88

Assembly Joint Resolution No. 59—Relative to Sacramento airports.

[Filed with Secretary of State July 6, 2000.]

WHEREAS, Sacramento County International Airport is a major air carrier facility that served over 7.3 million passengers in fiscal year 1998; and

WHEREAS, Sacramento County International Airport has over one hundred thirty daily domestic flights, but no international flights; and

WHEREAS, Sacramento County is desirous of establishing air service between Sacramento and its neighbors to the north and south, Canada and Mexico; and

WHEREAS, Mexicana Airlines has expressed a strong interest in serving the Sacramento region with nonstop service to Mexico; and

WHEREAS, Nonstop service between Sacramento and Mexico or Canada will require customs, immigration, and agricultural facilities to be located at Sacramento County International Airport; and

WHEREAS, Neither Sacramento County International Airport nor Mather Airport presently is designated as a Port of Entry for purposes of the U.S. Customs Service, U.S. Immigration and Naturalization Service, and the U.S. Department of Agriculture and neither airport houses the necessary customs, immigration, and agricultural facilities necessary to accommodate nonstop international flights; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the State of California strongly urges the President and the Congress to take whatever measures are appropriate and necessary to facilitate the designation of Sacramento County International Airport and Mather Airport as a Port of Entry, and pursue the locating of customs, immigration, and agricultural services at those airports; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 89

Assembly Concurrent Resolution No. 97—Relative to the placement of a mission bell in Capitol Park.

[Filed with Secretary of State July 6, 2000.]

WHEREAS, The original route of what is known today as El Camino Real (Highway of the Kings) began as a footpath used by the Franciscans and Father Junipero Serra in the late 1700's that eventually connected 21 missions along a 700 mile stretch of road in this state; and

WHEREAS, In 1906 the California Federation of Women's Clubs (CFWC) established the first bell trail marker project, and the first mission bell trail marker was placed at the Plaza Church in Los Angeles using a specially designed bell; and

WHEREAS, At one time over 400 bells marked the trail of El Camino Real with one bell placed in front of each mission and the remaining bells placed along El Camino Real; and

WHEREAS, Over the years the number of bells was reduced due to a number of factors, including souvenir hunters, vandals, and the progress of the highways and freeways; and

WHEREAS, The CFWC has had a leading role in making El Camino Real a historical landmark and recently established a program to restore, replace, or purchase and place new mission bell historic trail markers and mission bells along El Camino Real; and

WHEREAS, The Sutter District of the CFWC has raised more than \$1,500 that has been contributed to the purchase or restoration of three bells; and

WHEREAS, In recognition of the important role of Father Junipero Serra in the establishment of the missions in California, a monument to Father Junipero Serra has been placed within Capitol Park, northeast of the State Capitol near L Street in Sacramento; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of General Services is requested to place a mission bell historic trail marker and mission bell in the vicinity of the monument to Father Junipero Serra in Capitol Park, together with a plaque recognizing the efforts of the CFWC in restoring the mission bells throughout the state and the contributions of the Sutter District of the CFWC to obtain the placement of a mission bell historic trail marker and mission bell in Capitol Park; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Sutter District of the California Federation of Women's Clubs and to the author for appropriate distribution.

RESOLUTION CHAPTER 90

Assembly Concurrent Resolution No. 166—Relative to Fibromyalgia Awareness Month.

[Filed with Secretary of State July 6, 2000.]

WHEREAS, Generalized pain and musculoskeletal tenderness, fatigue, nonrestorative sleep, and morning stiffness characterize Fibromyalgia Syndrome (FMS). People with FMS often report that they “hurt all over.” Many describe the pain as aching, exhausting, or nagging. Pain is most commonly associated with tender points in the suboccipital area of the neck, shoulder, chest wall, elbows, knees, hips, and back. Muscle cramping and spasms are common. Although classified as a chronic pain syndrome, FMS may produce “flares” of acute pain. In fact, pain may become so severe that it limits range of motion and functional ability; and

WHEREAS, Often denied or misunderstood, FMS has been described as an invisible illness. Because people with the syndrome do not look sick, their clinicians, family, and friends may fail to respond

empathetically. Over time, that insensitivity may produce self-doubt and diminish self-worth; and

WHEREAS, The condition often is mislabeled as rheumatism, fibromyositis, and myositis. Unlike stiffness associated with arthritis, pain from FMS does not diminish with activity; and

WHEREAS, In addition to pain, signs and symptoms of FMS include dry eyes and mouth, swelling, sleep myoclonous, paresthesia, poor posture, weight gain, cold sensitivity, exercise intolerance, difficulty concentrating, visual effects, balance disturbances, and anxiety. Febrile illnesses, physical or emotional trauma, cold or damp weather, and acute or chronic stress may precipitate or intensify FMS symptoms. Various other disorders such as irritable bowel syndrome, irritable bladder, chronic headache (both migraine and tension), dysmenorrhea, chronic fatigue syndrome, restless legs syndrome, periodic limb-movement disorder, osteoarthritis, and myofascial pain syndrome are common in those with FMS; and

WHEREAS, The causes of FMS are unknown. No known laboratory test is diagnostic for FMS, and most people with this condition suffer more than six years before receiving a correct diagnosis; and

WHEREAS, The Arthritis Foundation reports that FMS affects approximately five million Americans, or 2 percent of the population of the United States. Of the ailments for which people seek care from rheumatologists, FMS is second only to rheumatoid arthritis. The syndrome is about 8 to 10 times more common among women than men. Although FMS occurs in all age groups, it is generally diagnosed in adults in their mid-40s; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California declares June 2000 to be Fibromyalgia Awareness Month, and encourages the observance of this event in communities throughout the state; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 91

Senate Concurrent Resolution No. 77—Relative to school safety.

[Filed with Secretary of State July 6, 2000.]

WHEREAS, Department of Justice crime statistics show that since 1992 the homicide arrest rate for juveniles has significantly exceeded that for adults; and

WHEREAS, Department of Justice statistics also show that between 1992 and 1997 the juvenile arrest rate for violent crimes was unacceptable; and

WHEREAS, The number of juveniles in California between 10 and 17 years of age increased 13 percent between 1992 and 1998, and the number of juveniles arrested for homicide was unacceptable during that same period; and

WHEREAS, While the juveniles in California between 10 and 17 years of age make up 11.6 percent of the state's total population, they account for 18.9 percent of those arrested for homicide; and

WHEREAS, The California Constitution guarantees students and staff the right to be safe and secure on public primary, elementary, junior high, and senior high school campuses; and

WHEREAS, There is a need for violence prevention strategies that effectively deal with individual and cultural relations and that include the collaboration of parents, community members, and law enforcement; and

WHEREAS, School districts, in conjunction with the Senate Select Committee on School Safety, will continue to strengthen their efforts to reduce and prevent violence through unity, harmony, and collaboration; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature recognizes October 2000 as School Safety Month and the week of January 15 to 19, 2001, inclusive, as Yellow Ribbon Week; and be it further

Resolved, That the Legislature encourages all schools to participate in appropriate activities during School Safety Month and throughout the year to recognize the importance of conflict resolution, mutual respect, and violence eradication; and be it further

Resolved, That the Legislature encourages parents, pupils, teachers, other school personnel, and members of the community to wear yellow ribbons or participate in other appropriate activities during the week of January 15 to 19, 2001, inclusive, to demonstrate their commitment to safe schools and in recognition of pupils who have lost their lives as a direct result of school violence; and be it further

Resolved, That the Legislature encourages all schools to promote ongoing activities that develop positive leadership and prosocial behavior among youth, and actively involve pupils in helping to solve problems related to conflict and violence.

RESOLUTION CHAPTER 92

Senate Concurrent Resolution No. 79—Relative to Stroke Awareness Month.

[Filed with Secretary of State July 6, 2000.]

WHEREAS, Stroke is the third leading cause of death in the United States afflicting between 500,000 and 600,000 Americans, and a major cause of adult disability; many stroke victims never fully regain their physical and mental abilities due to brain cell damage; and

WHEREAS, Stroke costs this country more than \$18 billion annually in medical treatment and lost productivity, as well as immeasurable suffering to the victims and their families; and

WHEREAS, In California, more than 15,000 deaths occur every year from stroke, accounting for 7 percent of all deaths; and

WHEREAS, A stroke can occur suddenly, abruptly ending a career and thwarting plans for the future; its causes are subtle; stroke can result from a blood clot that blocks circulation, a buildup of fatty deposits in arteries that then become dangerously narrow, or the rupture of a blood vessel in the brain; and

WHEREAS, Stroke can often be avoided by controlling its risk factors by practicing healthy lifestyle habits that reduce the risk of heart disease and stroke, particularly maintaining healthy blood cholesterol levels, eating foods low in saturated fat and cholesterol, being physically active, maintaining a healthy weight, and stopping smoking; and

WHEREAS, Stroke can be avoided by paying attention to stroke's warning signals and symptoms, particularly sudden numbness or weakness of the face, arm, or leg, especially on one side of the body, sudden confusion with difficulty speaking or understanding, sudden difficulty seeing, sudden difficulty walking with dizziness, loss of balance or coordination, and sudden severe headaches with no known cause; and

WHEREAS, Stroke's risk factors can be minimized by personal effort, and public awareness is the key weapon in conquering stroke; the American Heart Association, the State Department of Health Services, and other state and private voluntary agencies play an important role in educating the public about stroke and provide valuable services for victims and their families; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the month of May 2000 be recognized as Stroke Awareness Month in California, and that all Californians are encouraged

to make themselves and their families aware of the risk of stroke and appropriate preventative measures.

RESOLUTION CHAPTER 93

Assembly Concurrent Resolution No. 110—Relative to the CHP Officer Reuben F. Rios, Sr., Memorial Freeway.

[Filed with Secretary of State July 12, 2000.]

WHEREAS, California Highway Patrol Officer Reuben F. Rios, Sr., made the ultimate sacrifice while protecting and serving the people of California on October 26, 1996; and

WHEREAS, While Officer Rios was directing traffic departing the Blockbuster Pavillion, a concert venue in Glen Helen by Interstate Highway Route 15, an intoxicated motorist accelerated for a lane change and struck Officer Rios; and

WHEREAS, Officer Rios was thrown onto the hood of the vehicle, then into the windshield, and fell to the pavement with major head trauma and internal injuries; and

WHEREAS, Fellow officers immediately rushed to Officer Rios' aid and he was transported by ambulance to the hospital, but was pronounced dead upon his arrival; and

WHEREAS, The person responsible for Officer Rios' death, was arrested, sentenced, and convicted of vehicular manslaughter with gross negligence supported by previous drunk driving convictions; and

WHEREAS, Officer Rios was born and raised in San Bernardino County, California, on December 7, 1942; graduated from San Bernardino High School in 1961; served in the United States Army from 1964 to 1966; and married his wife, Irene, in 1970; and

WHEREAS, Reuben F. Rios, Sr., at the age of 31 years, entered the California Highway Patrol Academy in 1974, and after graduation was assigned to the San Bernardino Area command, where he served his entire career; and

WHEREAS, Officer Reuben F. Rios, Sr., after 22 years of service to the San Bernardino area, had been named Officer of the Year in 1996, and honored by the Latino Peace Officers Association, the San Bernardino Chamber of Commerce, the VFW, and others; and

WHEREAS, Officer Rios was active in his community, including outstanding service as a member of MADD (Mothers Against Drunk Drivers), and the Bloomington Lions Club; and

WHEREAS, Officer Rios leaves behind his wife of 26 years; a daughter, Gina; a son, Reuben, Jr. (who graduated from the CHP

Academy in April 1998, and is currently assigned to the Baldwin Park area); three grandchildren; a brother, Richard; and a sister, Stella; and

WHEREAS, Officer Rios was known for his dedication to the citizens of the State of California and to the Department of the California Highway Patrol; and

WHEREAS, It is appropriate that the northbound and southbound portions of Interstate Highway Route 15, between Kenwood Avenue and Sierra Avenue, in the County of San Bernardino, be dedicated to the memory of this fine officer who made the ultimate sacrifice in his service to the people of the State of California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby dedicates the northbound and southbound portions of Interstate Highway Route 15, between Kenwood Avenue and Sierra Avenue, San Bernardino County, California to the memory of California Highway Patrol Officer Reuben F. Rios, Sr.; and be it further

Resolved, That that portion of Interstate Highway Route 15 be officially designated the “CHP Officer Reuben F. Rios, Sr., Memorial Freeway”; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 94

Assembly Concurrent Resolution No. 115—Relative to the Los Angeles County Vietnam Veterans Memorial Highway.

[Filed with Secretary of State July 12, 2000.]

WHEREAS, State Highway Route 1 is a north-south highway, spanning most of California, from the City of San Juan Capistrano to Mendocino County; and

WHEREAS, A portion of State Highway Route 1 passes through Los Angeles County; and

WHEREAS, State Highway Route 1 has a strong historical significance for the military personnel of the Vietnam War era as it passes

beside a significant number of California military bases on which military personnel were trained and dispatched to Vietnam; and

WHEREAS, The State of California has the largest United States veteran population in the nation, comprised of some 3.3 million armed services veterans and representing 12.3 percent of the nationwide veteran population of nearly 27 million; and

WHEREAS, More than 350,000 California veterans served in the Vietnam War, which resulted in 40,000 of them being wounded and 5,822 killed or missing in action, representing more than 10 percent of the nation's total casualties; and

WHEREAS, More California residents died in the Vietnam War than residents of any other state, and more Californians received the Medal of Honor, the Bronze Star, and the Purple Heart than veterans of any other state; and

WHEREAS, Los Angeles County has the largest number of Vietnam veterans in California and 1,857 of its residents were killed or missing in action during that war; and

WHEREAS, The residents of Los Angeles County wish to express their gratitude and appreciation for the sacrifices these Vietnam veterans have made for their country; and

WHEREAS, It is fitting and proper that State Highway Route 1 in Los Angeles County be designated as the Los Angeles County Vietnam Veterans Memorial Highway; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates that portion of State Highway Route 1 located in Los Angeles County as the Los Angeles County Vietnam Veterans Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 95

Assembly Concurrent Resolution No. 138—Relative to the CHP Officer Glenn Carlson Memorial Bypass.

WHEREAS, California Highway Patrol Officer Glenn Carlson, a dedicated officer, died in the line of duty at 33 years of age during a traffic stop near the foot of Donner Summit on November 15, 1963; and

WHEREAS, Officer Carlson stopped a trio of men after learning that the license plates on their car were stolen, but not knowing that the three men had robbed a bank in Sacramento and were making their escape; and

WHEREAS, Officer Carlson was fatally shot as he stepped out of his patrol unit by one of the men enabling the fugitives to temporarily escape; and

WHEREAS, All three men were ultimately arrested, prosecuted, and convicted for their crimes; and

WHEREAS, Officer Carlson's funeral was held in Truckee, attended by his grieving widow Jane, and his three young children, where he was honored by a large contingent of townspeople and 200 uniformed officers; and

WHEREAS, Officer Carlson had served his country faithfully in the Korean War, and was constructing a home for his family in Truckee when he was struck down; and

WHEREAS, Officer Carlson did not die in vain as his death was the catalyst for then California Highway Patrol Commissioner Brad Crittenden to seek additional officers, and within two years of Officer Carlson's death, the number of uniformed officers was doubled; and

WHEREAS, Officer Carlson is survived by his widow, Jane Carlson Westbrook, and their children, who still reside in Truckee; and

WHEREAS, It is appropriate that the State Highway Route 267 bypass in Truckee be dedicated to the memory of this officer who gave his life in service to the citizens of that area; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby dedicates the State Highway Route 267 bypass in Truckee, California, to the memory of Officer Glenn Carlson; and be it further

Resolved, That the State Highway Route 267 bypass be officially designated the "CHP Officer Glenn Carlson Memorial Bypass"; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements of the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 96

Assembly Concurrent Resolution No. 140—Relative to Agua Fria.

[Filed with Secretary of State July 12, 2000.]

WHEREAS, The Matuca Chapter of the Ancient and Honorable Order of E Clampus Vitus has proposed to construct and dedicate, at no cost to the public, a black marble stone monument in honor of Agua Fria, the first county seat of Mariposa County, to be placed within the right-of-way of State Highway Route 140 at Agua Fria Road in Mariposa County; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation is requested to grant, without charge, the necessary encroachment permit authorizing an appropriate historical monument and plaque dedicated to the community of Agua Fria to be placed within the right-of-way of State Highway Route 140 in Mariposa County, at a site that is near the junction of State Highway Route 140 and Agua Fria Road where an existing plaque, Registered Landmark—No. 518, California State Park Commission, is situated; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation, the Director of Parks and Recreation, and to Matuca Chapter of the Ancient and Honorable Order of E Clampus Vitus.

RESOLUTION CHAPTER 97

Assembly Concurrent Resolution No. 149—Relative to Post No. 1747 Veterans of Foreign Wars of the United States Memorial Highway.

[Filed with Secretary of State July 12, 2000.]

WHEREAS, The Veterans of Foreign Wars traces its roots back to 1899 and the veterans of the Spanish-American War and the Philippine Insurrection; and

WHEREAS, In that year, local groups were founded to secure rights and benefits for those who had served their country in foreign conflicts,

including the American Veterans of Foreign Service in Columbus, Ohio, and the Colorado Society, Army of the Philippines, in Denver, Colorado; and

WHEREAS, In 1901, the Philippine veterans in Altoona and Pittsburgh, Pennsylvania, founded the Philippine War Veterans; and the following year, Philadelphia, Pennsylvania, became the home of the American Veterans of the Philippine and China Wars; and

WHEREAS, In 1905 these three distinguished Pennsylvania groups merged with the American Veterans of Foreign Service; and

WHEREAS, In 1913, the American Veterans of Foreign Service was amalgamated with the Colorado Society, Army of the Philippines, and became the Army of the Philippine-Cuba and Puerto Rico, and that group subsequently became the Veterans of Foreign Wars of the United States; and

WHEREAS, In November 1929, under authority of the Veterans of Foreign Wars of the United States, Post No. 1747 was organized in the City of Oroville, California; and

WHEREAS, The Veterans of Foreign Wars of the United States is celebrating its 100th Anniversary, and Post No. 1747 in Oroville has diligently sought to protect the rights of California's veterans for 70 years; and

WHEREAS, It is only fitting and proper that the efforts of Post No. 1747 be memorialized by designating that portion of State Highway Route 70 from Pacific Heights/Georgia Way to the westbound ramp to Garden Drive that runs near the Headquarters of Post No. 1747, as Post No. 1747 Veterans of Foreign Wars of the United States Memorial Highway; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That the Legislature hereby designates that portion of State Highway Route 70 from Pacific Heights/Georgia Way to the westbound ramp to Garden Drive as the Post No. 1747 Veterans of Foreign Wars of the United States Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of erecting the appropriate signs or markers, consistent with the signing requirements for the state highway system, showing those special designations, and, upon receiving donations from nonstate sources covering that cost, to erect those signs or markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 98

Assembly Concurrent Resolution No. 150—Relative to the Blue Star Memorial Highway.

[Filed with Secretary of State July 12, 2000.]

WHEREAS, The Blue Star Memorial Highway project was adopted in 1946 by the National Council of State Garden Clubs, Inc.; and

WHEREAS, The purpose of the Blue Star Memorial Highway project is to erect highway markers at roadside rest stops, vista points, historical sites, and other appropriate areas to pay tribute to all who have served or will serve in the nation's armed forces; and

WHEREAS, The Kelly Ridge Garden Club of California Garden Clubs, Inc., wishes to erect a marker on scenic State Highway Route 70 at the roadside rest stop by the Feather River in Belden, California; and

WHEREAS, The California Garden Clubs, Inc., wish to designate State Highway Route 70, between the Cities of Marysville and Hallelujah Junction, as a Blue Star Memorial Highway; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation is requested to grant to the Kelly Ridge Garden Club of California Garden Clubs, Inc., without charge, an encroachment permit that will authorize an appropriate marker to be placed at the roadside rest stop on scenic State Highway Route 70 by the Feather River in Belden, California; and be it further

Resolved, That the portion of State Highway Route 70, between the Cities of Marysville and Hallelujah Junction, be designated a Blue Star Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to erect appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation of State Highway Route 70, between the Cities of Marysville and Hallelujah Junction, as a Blue Star Memorial Highway, upon receiving donations that have been previously collected from nonstate sources that are sufficient to cover that cost; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation, the National Council of State Garden Clubs, Inc., and the Kelly Ridge Garden Club of California Garden Clubs, Inc.

RESOLUTION CHAPTER 99

Assembly Concurrent Resolution No. 168—Relative to Valley Fever Awareness Month.

[Filed with Secretary of State July 12, 2000.]

WHEREAS, Valley fever (coccidioidomycosis), a progressive, multisymptom, respiratory disorder, is a debilitating disease; and

WHEREAS, It is caused by the inhalation of tiny airborne fungi that live in soil, but are released into the air by soil disturbance or wind; and

WHEREAS, Valley fever attacks the respiratory system causing infection which can lead to symptoms that resemble a cold, influenza, or pneumonia-like symptoms; and

WHEREAS, Left untreated or mistreated, infection can spread from the lungs into the bloodstream causing inflammation to the skin, permanent damage to lung and bone tissue, and swelling of the membrane surrounding the brain leading to meningitis, which can be devastating and even fatal; and

WHEREAS, Once serious symptoms of valley fever appear, including pneumonia and labored breathing, treatment must be prompt with antifungal drugs that are disagreeable and often toxic, especially for patients who have it injected beneath the base of their skull for meningitis, causing side effects such as nausea, fever, and kidney damage; and

WHEREAS, Within California alone, valley fever is found in portions of the Sacramento Valley, all of the San Joaquin Valley, desert regions, and portions of southern California; and

WHEREAS, Valley fever affects the young, the elderly, and those with lowered immune systems, which number in the tens of thousands; and

WHEREAS, Valley fever has been a disease studied for the past 100 years, but still remains impossible to control and difficult to treat; and

WHEREAS, There is no known cure to date for valley fever; however, researchers are closer than they ever have been in finding a much needed vaccine to this devastating disease; and

WHEREAS, The research effort to find a vaccine and the funding partnership, including funding from the State of California, was approved by the Legislature and signed by Governor Wilson in 1997; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby proclaim August 2000 as Valley Fever Awareness Month.

RESOLUTION CHAPTER 100

Assembly Joint Resolution No. 45—Relative to export control.

[Filed with Secretary of State July 12, 2000.]

WHEREAS, California opposes the transfer of critical United States technology to other nations and recognizes the need for proper safeguards and processes related to export control; and

WHEREAS, United States companies have supplied 76 percent of the commercial geosynchronous spacecraft and 88 percent of the low-Earth orbit satellites built in the last decade worldwide and of those, California alone produced approximately 60 percent and offered about 20 percent of the world's commercial launches; and

WHEREAS, California's leadership in the space industry has a tremendous positive impact on the state's economy and job base as determined by a recently commissioned Trade and Commerce Agency study that identified approximately 42,000 businesses in California that either supply, support, or are actively engaged in space development in this state; and

WHEREAS, The United States and California's leadership in the global space market is vital to our national security; and

WHEREAS, California's institutions of higher learning have historically played a dominant role in space education, research, and development, and are destined to expand their role at the leading edge of technological invention in the 21st century with Governor Gray Davis' state of the state announcement of a California Institute for Science and Innovation in Space; and

WHEREAS, While California's future in the global space market seems bright, the federal government's transfer of jurisdiction for export of commercial satellites and components from the Commerce Department to the State Department has had a strongly negative impact on our nation and our state's satellite manufacturers, launch service companies, component suppliers, and university researchers; and

WHEREAS, Since the time periods from identification of program opportunity to contract execution and from contract execution to launch are extremely important to satellite customers, the delays in licensing and the enforcement of new export control policies have caused California companies to lose satellite contracts and precluded them from bidding in international satellite competitions thereby increasing foreign market share for satellites and space technology and placing the United States, and California in particular, at a competitive disadvantage internationally; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully

memorializes the President and the Congress of the United States to recognize that it is essential to United States national security and to California's economy that the federal government immediately review the backlog in the licensing process for the export of satellites, launch vehicles, their components, and related technical information and dedicate adequate resources to address any problems in order to ensure that the space industry maintains its competitive position in the international marketplace; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 101

Assembly Joint Resolution No. 46—Relative to commercial space transportation.

[Filed with Secretary of State July 13, 2000.]

WHEREAS, Commercial space transportation can involve significant risk of damage to property, and the death of, or injury to, people; and

WHEREAS, Commercial insurance is available at a reasonable cost to cover most, but not all, of those risks; and

WHEREAS, The governments of other nations provide financial protection from third-party losses that result from commercial launches, giving those other nations' launch providers a significant competitive advantage in the international marketplace over the United States space transportation industry; and

WHEREAS, Since 1988, the Congress of the United States has provided for federal indemnification of those third-party losses exceeding insurance for launches and, more recently, for reentries licensed by the United States Department of Transportation, but federal indemnification will expire on December 31, 2000, without further congressional action; and

WHEREAS, There have never been claims for damage to property, or the death of, or injury to, people in excess of the amount of private insurance required by the United States Department of Transportation and obtained by licensed launch or reentry providers, and the Congress of the United States has not been requested to pay any claims; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to protect the leadership role our state and nation have in the commercial launching of private sector satellites and to ensure continued growth in market share by continuing federal indemnification of licensed launches and reentries until January 1, 2006; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 102

Assembly Joint Resolution No. 58—Relative to brownfield site cleanup financing.

[Filed with Secretary of State August 10, 2000.]

WHEREAS, It is currently estimated that there are between 67,000 and 119,000 sites contaminated with hazardous substance releases, referred to as “brownfield sites,” throughout the state; and

WHEREAS, Brownfield sites in the state vary widely in character and level of hazardous substance contamination, and include old manufacturing sites, gas stations with leaking underground storage tanks, buildings with asbestos and lead contamination, abandoned industrial and manufacturing facilities, and former landfill sites; and

WHEREAS, Many of the undeveloped brownfield sites in the state are located in communities with pressing economic needs that are suffering the effects of persistent and pervasive disinvestment and underinvestment of capital, with unproductive brownfield sites presenting a significant impediment to revitalization of these communities; and

WHEREAS, Brownfield sites in the state may also pose significant health and safety risks to local communities, including water table contamination and airborne particles originating at these sites; and

WHEREAS, With proper remediation, these brownfield sites could be brought back into beneficial use; and

WHEREAS, The remediation and redevelopment of brownfield sites would benefit the state’s communities by reducing environmental degradation, protecting public health and safety, revitalizing economically struggling neighborhoods, facilitating sustainable

development patterns, and reducing growth pressures at the urban fringe; and

WHEREAS, The cost of remediation is one of the principal reasons that many of these brownfield sites remain abandoned, idle, or underutilized; and

WHEREAS, Sufficient, appropriately priced, capital is not currently available to finance the remediation and redevelopment of the state's brownfield sites; and

WHEREAS, Tax-exempt private activity bond financing would be an invaluable tool for assisting in the remediation of privately held brownfield sites by providing interest costs below those afforded by taxable bonds or conventional loans; and

WHEREAS, Under current federal law, expenditures for the assessment, acquisition, and remediation of brownfield sites generally do not qualify for tax-exempt private activity financing; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States, during the 106th Congress, to amend the Internal Revenue Code to authorize the use of tax-exempt private activity bonds to finance the assessment, acquisition, and remediation of brownfield sites; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 103

Assembly Concurrent Resolution No. 98—Relative to the U.S. Submarine Veterans WWII Memorial Highway.

[Filed with Secretary of State August 14, 2000.]

WHEREAS, The U.S. Submarine Veterans WWII National Memorial West is located at the Seal Beach Naval Weapons Station and honors the 52 boats and over 3,500 sailors lost on World War II submarines and the two submarines lost in the Cold War, the Thresher and the Scorpion; and

WHEREAS, This memorial was conceived, designed, built, and is maintained by the L.A. Area Chapter of the U.S. Submarine Veterans WWII, an organization that continues to serve its community by doing

volunteer work at the Long Beach Veterans Hospital and for families of service members at the Seal Beach Naval Weapons Station, and by participating in parades honoring our veterans and our country; and

WHEREAS, From December 7, 1941, to August 14, 1945, the U.S. Submarine Service comprised about 2 percent of naval personnel but accounted for 55 percent of the Pacific Theater's enemy losses, and rescued hundreds of downed allied flyers, including former President George Bush; and

WHEREAS, Seven of these courageous submariners earned our nation's highest military decoration, the Medal of Honor, two of which were awarded posthumously after the recipient paid the ultimate price for freedom; and

WHEREAS, The year 2000 marks the centennial anniversary of the commissioning of submarines in the U.S. Navy; and

WHEREAS, Veterans of World War II are passing away at a rate of 10 percent per year, and it would be appropriate to publicly honor their significant accomplishments and sacrifices while some survivors are still with us; and

WHEREAS, This public display memorializing the achievements of veterans of submarine service will remind future generations of the sacrifices that their grandparents and great grandparents made during World War II and stand as an eternal symbol that the State of California honors and remembers its veterans; and

WHEREAS, It is fitting and proper that the portion of State Highway Route 1 from the intersection of Golden West Street in Huntington Beach to the intersection of Westminster Avenue in Long Beach be designated the U.S. Submarine Veterans of WWII Memorial Highway; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That the Legislature hereby designates that portion of State Highway Route 1 from the intersection of Golden West Street in Huntington Beach to the Orange County boundary as the U.S. Submarine Veterans of WWII Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of erecting appropriate signs or markers, consistent with signing requirements for the state highway system, showing that special designation, and, upon receiving donations from nonstate sources covering that cost, to erect those signs or markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 104

Assembly Concurrent Resolution No. 133—Relative to traffic congestion.

[Filed with Secretary of State August 14, 2000.]

WHEREAS, California's citizens and businesses depend on an adequate highway transportation system for mobility and economic prosperity, and California is at the heart of Pacific Rim commerce and North American Free Trade Area commerce, which are both dependent on an adequate highway transportation system; and

WHEREAS, Over the next 10 years, California's population is expected to increase by 18 percent to a population of 40,000,000, the consumption and production of goods is projected to grow by as much as 25 percent, and the number of vehicle miles traveled will increase by 27 percent; and

WHEREAS, California currently has 1,472 congested freeway miles, and California drivers spend in excess of 300,000 hours per day in congestion, resulting in delay costs of \$10,000,000 per day to the traveling public and the goods movement industry; and

WHEREAS, Traffic congestion creates pollution that impacts both air and water quality, and California is home to four of the nation's worst urban air quality areas; and

WHEREAS, California's transportation system is coming under increasing strain from a growing population, increased per capita driving, and urban expansion, all of which result in growing traffic congestion; and

WHEREAS, The increasing congestion and the resulting loss of mobility reduces both the quality of life for California's residents and the economic health of the state; and

WHEREAS, Solutions to traffic congestion cannot rely solely upon additional roadway expansion projects, but will require multidimensional solutions from many entities and the public for the safe and most efficient use of California's highway system; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That it is in the best interests of the people of the State of California to solicit and consider a wide range of information and solutions for traffic congestion relief from the public, public officials, and interested private organizations, and to identify and facilitate the implementation of viable traffic congestion relief measures; and be it further

Resolved, That a series of townhall symposiums be conducted in areas of the state suffering from acute traffic congestion to identify and

facilitate the implementation of traffic congestion reduction solutions; and be it further

Resolved, That the Department of the California Highway Patrol organize and administer the California Traffic Relief Panel, consisting of the Commissioner of the California Highway Patrol, who shall serve as Chair, the Chair of the Senate Committee on Transportation, the Chair of the Assembly Committee on Transportation, the Director of Transportation, a representative of a Certified Unified Program Agency selected by the Commissioner of the California Highway Patrol, a representative of a congestion management agency selected by the Commissioner of the California Highway Patrol, a representative of a regional transportation planning agency selected by the Commissioner of the California Highway Patrol, a representative of an air quality management district selected by the Commissioner of the California Highway Patrol, and, when conducting symposiums in the San Francisco Bay area, the County of Sacramento, and in other Central Valley locations, a representative of the California State Automobile Association, and, when conducting symposiums in the Counties of Los Angeles, Orange, and San Diego and the Inland Empire, a representative of the Automobile Club of Southern California to conduct a series of townhall symposiums to identify local traffic congestion problems and traffic congestion reduction solutions; and be it further

Resolved, That the functions of the California Traffic Relief Panel may include, but need not be limited to, all of the following:

(a) Conducting townhall symposiums in the San Francisco Bay area, in the Counties of Sacramento, Los Angeles, Orange, and San Diego, in the Central Valley, including, but not limited to, the City of Fresno and its surroundings, and in the area containing the Cities of Riverside, San Bernardino, and Ontario, which is commonly known as the Inland Empire.

(b) Inviting the participation of state and local officials, private organizations, large private employers, and the public at large.

(c) Examining local traffic congestion problems and soliciting both short-term and long-term solutions to the issuer.

(d) Examining and seeking ways to mitigate traffic congestion caused by accidents, natural disasters, hazardous material incidents, and maintenance and construction projects.

(e) Preparing a report of the symposium proceedings that will be provided on or before July 1, 2001, to the Legislature, the Governor, and agencies involved in traffic-related planning, project planning, and traffic management; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Commissioner of the California Highway Patrol, the Chair of the Senate Committee on Transportation, the Chair of the

Assembly Committee on Transportation, the Director of Transportation, and other members serving on the California Traffic Relief Panel pursuant to this measure.

RESOLUTION CHAPTER 105

Senate Concurrent Resolution No. 58—Relative to the Doctor June McCarroll Memorial Freeway.

[Filed with Secretary of State August 17, 2000.]

WHEREAS, Doctor June McCarroll first arrived in California in 1904, when she moved to Indio in order to place her ailing husband in a health camp for persons infected with tuberculosis; and

WHEREAS, It was in Indio where Doctor June McCarroll acquired the name “Doctor June” and traveled, at first by horse and buggy and later by horseback, in order to practice medicine; and

WHEREAS, In 1907, Doctor June practiced medicine on five Indian reservations and later became the doctor retained by the Southern Pacific Railroad to treat its employees in the Coachella Valley; and

WHEREAS, In later life, she expressed regrets that younger doctors were seemingly unable to function without modern hospitals and other conveniences when she had sometimes operated on kitchen tables, explaining “I would clear off the table, tie the patient down, and administer the anesthetic”; and

WHEREAS, Doctor June is also credited with starting the first library in the Coachella Valley; and

WHEREAS, Although Doctor June McCarroll has a reputation in the Coachella Valley based on her practice of medicine and dedication to her immediate community, she is also known for her role in initiating the painting of centerlines upon streets and highways; and

WHEREAS, In 1924, after she and the Indio Women’s Club and the California Federation of Women’s Clubs proposed it, the idea of painting a centerline on state highways was adopted by the California Highway Commission, and the first white centerline was painted, by hand with a paintbrush, on Indio Boulevard, coincidentally, on the street where Doctor June McCarroll was then living; and

WHEREAS, This idea has saved thousands of lives since its early beginning over 75 years ago; and

WHEREAS, It is appropriate that the portion of Interstate Highway Route 10 near Indio in Riverside County between the Jefferson Street and Indio Boulevard interchange and the junction with State Highway

Route 86 be dedicated in the memory of this remarkable person; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby dedicates the portion of Interstate Highway Route 10 near Indio in Riverside County between the Jefferson Street and Indio Boulevard interchange and the junction with State Highway Route 86 to the memory of Doctor June McCarroll; and be it further

Resolved, That this portion of Interstate Highway Route 10 be officially designated the “Doctor June McCarroll Memorial Freeway”; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Director of Transportation and to the author for distribution.

RESOLUTION CHAPTER 106

Assembly Concurrent Resolution No. 61—Relative to Extended Opportunity Programs and Services.

[Filed with Secretary of State August 22, 2000.]

WHEREAS, Extended Opportunity Programs and Services (EOPS) was established in 1969 through Senate Bill 164 of the 1969–70 Regular Session (Chapter 1579 of the Statutes of 1969), which was authored by the Honorable Alfred E. Alquist to provide financial and academic support to community college students whose educational and socioeconomic backgrounds might prevent them from successfully completing college; and

WHEREAS, EOPS was specifically designed for first-generation, at-risk college students and their special educational needs; and

WHEREAS, EOPS provides essential services that are specifically designed to supplement the community college’s academic and student services and vocational programs, and to help EOPS students complete their educational goals; and

WHEREAS, EOPS conducts outreach and recruitment that target high-risk students who demonstrate educational and financial need, and

does not grant preferences for any racial, ethnic, or gender population; and

WHEREAS, EOPS student services include specialized counseling to help students with educational planning and career assessment, monitoring of academic progress, peer-to-peer advising, basic skills instruction, tutoring, child care, work study, book grants, and emergency student loans; and

WHEREAS, EOPS was the first state-funded program to recognize the unique educational needs of welfare-dependent single parents; and

WHEREAS, The Cooperative Agencies Resources for Education (CARE) program was established under the auspices of EOPS through the enactment of Assembly Bill 3103 of the 1981–82 Regular Session (Chapter 1029 of the Statutes of 1982), which was authored by the Honorable Teresa P. Hughes to help community college students break the welfare-dependency cycle; and

WHEREAS, Through the CARE program, EOPS students receive personal counseling and academic advising; social service referrals and advocacy; specialized courses and workshops on parenting, personal development, self-esteem, and college survival skills; and educational grants for child care, textbooks, supplies, and transportation; and

WHEREAS, The EOPS/CARE program has successfully assisted over 1,000,000 community college students since 1969 in order to fulfill the educational and personal aspirations of these students; and

WHEREAS, The recent changes in welfare have exacerbated the need for sufficient funding to accommodate a growing low-income student population that is seeking increased educational and training opportunities; and

WHEREAS, Inadequate state funding in recent years has caused many EOPS/CARE programs to either reduce the amount of financial aid, textbook, and child care grants provided to eligible needy students, or to prematurely close the application deadline for acceptance to the program, deny program services to eligible EOPS/CARE students, or both; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature commends the staff, students, and community supporters of the EOPS program of the California Community Colleges on its 30th anniversary, and commends the CARE program on its 17th year of operation; and be it further

Resolved, That the Legislature encourages the Chancellor's Office and Board of Governors of the California Community Colleges to convey the Legislature's appreciation of the success and ongoing contributions of the EOPS and CARE programs and their accomplishments in improving the lives and educational opportunities of hundreds of thousands of at-risk students; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Advocate of the Extended Opportunity Programs and Services Association and to the Chancellor and the Board of Governors of the California Community Colleges.

RESOLUTION CHAPTER 107

Assembly Concurrent Resolution No. 105—Relative to Red Ribbon Week.

[Filed with Secretary of State August 22, 2000.]

WHEREAS, Californians for Drug-Free Youth, Inc. (CADFY), a statewide parent-community organization, the office of the Governor, the office of the Attorney General, the State Department of Alcohol and Drug Programs, the State Department of Education, the California Parent Teacher Association, and over 100 other statewide agencies, departments, and organizations are cosponsoring October 23 through October 31, 2000, as Red Ribbon Week; and

WHEREAS, Parents, youth, schools, businesses, law enforcement, religious institutions, service organizations, senior citizens, medical and military personnel, sports teams, and individuals throughout the State of California will demonstrate their commitment to drug-free, healthy lifestyles by wearing and displaying red ribbons during this weeklong celebration; and

WHEREAS, The theme of this year's effort is "BE HEALTHY AND DRUG FREE!"; and

WHEREAS, Drug abuse stands as one of the major challenges our state faces in securing a safe and healthy future for our children; and

WHEREAS, The objective of Red Ribbon Week, 2000, will be to promote this view through drug prevention, education, parental involvement, and communitywide support; and

WHEREAS, The Assembly of the State of California has further committed its resources to ensure the success of the Red Ribbon Week celebration; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby proclaim its support for the Red Ribbon Week celebration by proclaiming October 23 through October 31, 2000, as Red Ribbon Week; and be it further

Resolved, That the Legislature encourages all Californians to help build drug-free communities and to participate in drug prevention activities by making a visible statement that we are firmly committed to healthy, productive, drug-free lifestyles; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of the State of California, and to the author for appropriate distribution throughout the community.

RESOLUTION CHAPTER 108

Assembly Concurrent Resolution No. 106—Relative to the Senator David G. Kelley Highway.

[Filed with Secretary of State August 22, 2000.]

WHEREAS, Senator David G. Kelley, a Republican, was elected to the California State Senate in 1992, and is currently in the last two years of his second term of office representing the 37th Senate District, and before that, he served for 14 years in the California State Assembly, to which he was first elected in 1978; and

WHEREAS, Senator Kelley was born and raised in Riverside County, attended local schools, graduated from California Polytechnic State University, San Luis Obispo, majoring in citrus fruit production, and interrupted his education with service as a pilot in the United States Air Force during the Korean conflict; and

WHEREAS, Senator Kelley has been a successful citrus rancher for over 45 years in the Hemet area, where he first became concerned with the increasingly complicated relationship between government and the agricultural industry; and

WHEREAS, Senator Kelley has been active in the Riverside County Farm Bureau since 1955, where he served as both president and vice president for a total of eight years, and also served on the board of directors of the California Farm Bureau Federation; and

WHEREAS, Concern for the effects of property taxes on agriculture led Senator Kelley to become active in the establishment of an agricultural preserve program in Riverside County and to sign the first prime agricultural land preserve contract in the state in 1966; and

WHEREAS, Senator Kelley was appointed by then Governor Ronald Reagan to a committee to advise the Legislature on development of a policy on open-space lands; and

WHEREAS, In 1968, the Peace Corps approached Senator Kelley to help instruct trainees for service projects in southern India, and during 1970 and 1971, he supervised replacement trainees on location in India; and

WHEREAS, Senator Kelley, who has always been active in community affairs, served as director of the Hemet-San Jacinto Basin Resource Conservation District for 10 years, served as president of the

Century Club of Riverside County, and is a member of the Hemet-San Jacinto Noon Exchange Club, the Lincoln Club of Coachella Valley, and the Farm Bureau; and

WHEREAS, Senator Kelley currently serves on the following committees in the Senate: Agriculture and Water Resources, Vice Chairman; Appropriations; Business and Professions; Constitutional Amendments; Energy, Utilities and Communications; Transportation; and the Senate Select Committee on Southern California Water Districts Expenditures and Governance, of which he is the Chairman; and

WHEREAS, Senator Kelley and his wife, Brigitte, are the parents of four grown children, have 10 grandchildren, and are members of Trinity Lutheran Church in Hemet; and

WHEREAS, On October 26, 1977, a schoolbus of the Coachella Valley Unified School District was involved in a multiple truck accident on State Highway Route 86 in which four persons were burned to death and the lives of 52 schoolchildren in grades Kindergarten to 4th were endangered; and

WHEREAS, On April 23, 1980, a schoolbus of the Coachella Valley Unified School District collided with a truck on Route 86, resulting in the death of three high school pupils and the bus driver; and

WHEREAS, Since he was first elected to the Legislature in 1978, Senator Kelley has been tireless in his ongoing commitment to improving the dangerous portion of Route 86 on which many fatal accidents have occurred, commonly known as "Killer Highway," by submitting numerous requests for the funding of improvements and negotiating with the Department of Transportation, the Riverside County Transportation Commission, the Coachella Valley Association of Governments, community leaders, and state and county officials to improve the safety of this portion of the highway; and

WHEREAS, The Legislature wishes to recognize Senator David G. Kelley's extraordinary service to the community, particularly as that service has resulted in improvement of this especially dangerous portion of Route 86; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That, on and after the date on which David G. Kelley ceases his service in the Legislature, the portion of State Highway Route 86 that is between 82nd Avenue and 66th Avenue in the County of Riverside shall be designated the Senator David G. Kelley Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources

covering that cost and upon the designation of the David G. Kelley Highway, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 109

Assembly Concurrent Resolution No. 117—Relative to Neighborhood Watch Month.

[Filed with Secretary of State August 22, 2000.]

WHEREAS, California's communities recognize Neighborhood Watch as an effective means of keeping crime out of neighborhoods; and

WHEREAS, Neighbors and law enforcement agencies can work together to create an effective crimefighting team; and

WHEREAS, Approximately one residential burglary occurs every two minutes in the State of California; and

WHEREAS, The United States Attorney General has warned that juvenile crime arrests will more than double by the year 2010; and

WHEREAS, Much remains to be done to ensure the safety of our homes, our neighborhoods, and our communities for ourselves and our children; and

WHEREAS, The battle against crime will not be won by individuals acting alone; and

WHEREAS, Neighborhood Watch teaches children respect for the law, reinforces community values, and encourages the kind of individual responsibility that makes for healthy, creative neighborhoods populated by safer and happier citizens; and

WHEREAS, Neighborhood Watch programs put neighbors on guard for criminal activity that may occur near their homes, encourage the reporting of suspicious activity to the police, and provide escorts for elderly or vulnerable citizens; and

WHEREAS, The growth of Neighborhood Watch programs is truly encouraging; and

WHEREAS, Neighborhood Watch programs play a significant role and encompass a broad range of activities in making neighborhoods safe; and

WHEREAS, Because of the significance and scope of Neighborhood Watch programs in making neighborhoods safe, it is important that the State of California recognize the many contributions of the residents of this state and of law enforcement officers; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of August 2000 be declared Neighborhood Watch Month; and be it further

Resolved, That on the occasion of Neighborhood Watch Month, the Legislature of the State of California commends those California residents who have participated in Neighborhood Watch programs for their distinguished service to their communities by uniting their neighbors and law enforcement to keep their neighborhoods safe, and encourages all Californians to join in this effective means of fighting crime in their neighborhoods.

RESOLUTION CHAPTER 110

Assembly Concurrent Resolution No. 163—Relative to highways.

[Filed with Secretary of State August 22, 2000.]

WHEREAS, California's major vehicle arteries, multilaned highways, and freeways are frequently filled to maximum capacity; and

WHEREAS, California's vehicle population continues to rapidly increase each year; and

WHEREAS, The maximum speed allowed by the Vehicle Code for large commercial vehicles and specified other vehicles, and the speed limit allowed by the Vehicle Code for all other vehicles, particularly passenger vehicles, are considerably different; and

WHEREAS, Large commercial vehicles and other specified vehicles are restricted by the Vehicle Code to the use of designated lanes on multilaned highways and freeways; and

WHEREAS, The large volume of vehicles that are violating these restricted lane requirements is creating traffic blockages and dangerous driving patterns; and

WHEREAS, These vehicles frequently drive side by side, occupy two and three lanes for long distances, and occasionally occupy the farthest left lane for extended periods of time; and

WHEREAS, The traffic flow could be improved, and the present volume of traffic more safely and expeditiously moved over present roadways if these vehicles used the lanes in accordance with the Vehicle Code requirements; and

WHEREAS, More efficient use of our limited roadways must be a high order objective, as the movement of people and products for quality living and freedom, in limited space, demand our best efforts; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of the California Highway Patrol is urged to pursue, on a high priority basis, the enforcement of all the laws relating to the proper use of lanes by large commercial vehicles and other restricted vehicles listed in subdivision (a) of Section 22406 of the Vehicle Code, with particular attention being given to diligent enforcement of subdivision (b) of Section 21655 of the Vehicle Code, requiring vehicles to be driven in the right-hand lane of traffic or as close as practicable to the right edge or curb when a specific lane or lanes have not been designated pursuant to subdivision (a) of Section 21655 of the Vehicle Code; and be it further

Resolved, That the Department of the California Highway Patrol is directed to provide an estimate, by January 15, 2001, of the uniformed field strength of officers of the department that is needed to effectively accomplish the enforcement of all the laws relating to the proper use of highway lanes; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Department of the California Highway Patrol.

RESOLUTION CHAPTER 111

Assembly Concurrent Resolution No. 170—Relative to Salmon and Steelhead Awareness Month.

[Filed with Secretary of State August 22, 2000.]

WHEREAS, California salmon and steelhead are an indicator of a quality living experience in this state. They provide evidence of our water quality and watershed well-being. They provide a substantial benefit to local economies, which rely on tourism and outdoor recreation. Salmon and steelhead are a sign of our natural heritage, dating back millions of years; and

WHEREAS, Salmon and steelhead were once so numerous they turned the rivers into rainbows of color, one could almost cross streams upon their backs, and they turned quiet evenings into sounds of storms with their splashing as they came home to spawn. They are the exquisite joining of our seas and rivers. Witnessing their journey has captivated the spirits of many. Salmon and steelhead are one of our best national treasures; and

WHEREAS, Native Americans depended upon salmon and steelhead for sustenance and these fish became the foundation for tribal culture, ritual, communion, and trade. Respect for this natural gift was

accompanied with tribal ceremonies, restrictions on take, and cultural conservation; and

WHEREAS, Salmon and steelhead are treasures we could lose. Due to multiple causes, including many overlays of human impacts, salmon and steelhead populations have plummeted, creating extinction and severe losses over much of the species' historic range. The journey of an anadromous fish depends on sufficient stream flow, clean water, predator prey balance, riparian buffers for shade, and good inland conditions to rebound from warm oceans. We must strongly examine our choices and behaviors. Pollution, overfishing, degradation of riparian habitat, and interbreeding threaten the wild salmon and steelhead populations. Everyone's actions have results, and perhaps no species is more affected by the cumulative impacts of man than the salmon and steelhead; and

WHEREAS, The diminished species has now precipitated grave concern and multiple agency involvement resulting in the listings of species as endangered or threatened. Since the first salmon hatchery in California shipped fertilized salmon eggs to the East Coast to bolster Atlantic salmon already in decline, we became aware of the threat to salmon and steelhead on the West Coast. In 1988, the Department of Fish and Game wrote the Salmon, Steelhead Trout, and Anadromous Fisheries Program Act. The National Marine Fisheries Service listed as threatened the Sacramento Winter-run Chinook Salmon in 1989. Many additional listings have been made since. These include listing Southern Steelhead as endangered in 1997 and Coastal Chinook as threatened in 1999. The Environmental Protection Agency, United States Fish and Wildlife Service, United States Army Corps of Engineers, the Resources Agency, National Marine Fisheries Service, United States Natural Resources Conservation Service, Department of Fish and Game, California Coastal Commission, State Water Resources Control Board, California Conservation Corps, individual counties, and others have been involved in the recovery of salmon and steelhead. These entities, along with some elected representatives, have responded to the early concerns raised by advocacy groups such as CalTrout, Pacific Coast Federation of Fisherman's Association, Sierra Club, Planning and Conservation League, Center for Biological Diversity, Friends of the River, For the Sake of Salmon, California Sportsfish Alliance, Salmonid Restoration Foundation, State Coastal Conservancy, Native Fish Society, several salmon and steelhead recovery coalitions, local watershed alliances and watershed institutes, concerned landowners, and many others. Coalitions and alliances are forming with many stakeholders affecting the conditions of salmon and steelhead populations. We are all allies of clean water. We all have common ground for conservation. We all hold one piece of the success of healthy water,

healthy salmon, and healthy communities. We all need to know where we live and take action in the form of restoration, reconciliation, and healing; and

WHEREAS, A just and sustainable society will not necessarily take from our future generations, nor arbitrarily drive to extinction, the national treasure of salmon and steelhead. We should honor and support all the work being done for nature and children, paying respect and attention to that part in each of our hearts and minds, which can hear the call to action to restore clean water and salmon and steelhead to our state. We will pay special tribute to the men and women promoting environmental service learning as they promote a greater sense of purpose and effectively carry on to the next generations the tradition of serving the land. Wild salmon and steelhead recovery is about much more than fish; it is about respect for the natural world that sustains us. If we fail to do what is necessary for salmon and steelhead, we will fail at something much larger than saving fish; we will fail at saving the very quality of life we all want for our children; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That October of each year be declared Salmon and Steelhead Awareness Month, commencing October 2000, to honor the salmon and steelhead through service and activism and to recognize the salmon and steelhead as the premiere symbols of healthy oceans, clean water, and rivers and streams. This designation will serve to promote public awareness, motivate community members, and recognize the work that advocates, agencies, fishermen, youth, Native Americans, educators, and service programs are already doing. The absence of a thriving run of salmon and steelhead where one once existed is a sure sign of the decline of that water's health. May we join in a collaborative effort to restore and heal the symbol of our aquatic world--salmon and steelhead trout.

RESOLUTION CHAPTER 112

Assembly Joint Resolution No. 62—Relative to California Indian tribes.

[Filed with Secretary of State August 22, 2000.]

WHEREAS, Within the State of California, there are 107 federally recognized Indian tribes, the largest number of federally recognized Indian tribes in a single state, plus as many as 50 unacknowledged or terminated tribes, and the second largest Native American population in the United States; and

WHEREAS, California Indian tribes are sovereign governments possessing inherent powers of self-government, including broad civil regulatory jurisdiction, and civil and criminal judicial jurisdiction, over tribal lands, members, and activities conducted on tribal lands; and some of this jurisdiction is exclusive of the state, particularly where civil matters are concerned, and some is shared or concurrent; and

WHEREAS, Numerous studies conducted by federal, state, and private agencies, including the September 1997 report to Congress by the Advisory Council on California Indian Policy, have concluded that California tribes historically, and continuing today, have been denied their commensurate share of funding for administration and implementation of federal Indian programs, including funding for law enforcement and development of tribal judicial systems; and

WHEREAS, In 1953, Congress transferred federal criminal jurisdiction over Indian lands to California and five other states pursuant to Public Law 83-280 (18 U.S.C. Sec. 1162, and 28 U.S.C. Sec. 1360), and thereafter ceased to provide any services or funding for law enforcement and development of tribal judicial systems on California Indian reservations; and

WHEREAS, The transfer of broad federal criminal jurisdiction to California under Public Law 83-280 did not resolve the criminal law enforcement problems on California Indian reservations because state and local law enforcement authorities were, and remain, inadequately funded or prepared to address the unique and complex legal, historical, and cultural situations that exist on California Indian reservations; and

WHEREAS, Notwithstanding the enactment of Public Law 83-280, Indian tribes in other Public Law 83-280 states have continued to receive federal funding for law enforcement and tribal courts; and

WHEREAS, This disparate treatment and inequity in federal funding of California tribes for law enforcement and tribal judicial systems, which was apparently based originally on the Bureau of Indian Affairs' restrictive and erroneous interpretation of tribal jurisdiction under Public Law 83-280 and by the federal government's efforts during the termination period of the 1950's and 1960's to end or limit the provision of federal programs and services to California Indian tribes, eventually became and remains institutionalized within the bureau's budget allocation process; and

WHEREAS, Due to this lack of essential funding for tribal law enforcement and judicial systems in California, there are only three tribal courts in California, serving less than 15 of the 107 federally recognized tribes, while most tribes in other Public Law 83-280 states operate their own judicial systems; and

WHEREAS, Tribal courts and law enforcement in California are so severely underfunded that it may take as high as seven times the 1995

federal allocation rates to gain parity with other areas and Indian tribes; and

WHEREAS, Without federal funding for tribal law enforcement and the development and operation of tribal courts, Indians living on reservations in California will remain victims of inadequate criminal law enforcement and will continue to be deprived of judicial remedies in those areas where tribal jurisdiction is exclusive, but there is no tribal forum for dispute resolution; and

WHEREAS, California tribes are entitled to their fair share of federal funding for tribal law enforcement and judicial systems and the opportunity to determine whether to establish their own such systems, either alone or as part of consortia of tribes, or to enter into cooperative agreements with the state and local governments for law enforcement and judicial services; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California recognizes the inherent sovereign right of tribal governments to develop their own judicial and related law enforcement systems and thereby provide for the protection of their lands, culture, resources, and the health and safety of their members and other individuals residing within tribal jurisdiction; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to appropriate, and the Bureau of Indian Affairs to allocate, adequate funding for California tribal governments for the planning, establishment, and ongoing operation of tribal law enforcement and judicial systems in California, and to ensure that per capita spending for California tribes at least equals the national average per capita funding for tribal law enforcement and judicial systems outside of California; and be it further

Resolved, That the Legislature of the State of California also requests the President and the Congress of the United States to ensure that the funds appropriated are provided to the California tribal governments in a direct and expeditious manner that minimizes federal administrative cost and bureaucratic delay; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 113

Assembly Joint Resolution No. 65—Relative to the National Aeronautics and Space Administration.

[Filed with Secretary of State August 22, 2000.]

WHEREAS, The National Aeronautics and Space Administration (NASA) has dramatically advanced humankind's knowledge of our universe, the Earth, and technological progress over the past half-century of space exploration; and

WHEREAS, More than 7,250 people are employed at NASA's three centers in California—the Ames Research Center, the Dryden Flight Research Center, and the Jet Propulsion Laboratory (JPL) with its 5,200 Caltech employees and a payroll in excess of \$300,000,000; and

WHEREAS, NASA contracts with these centers, including \$350,000,000 with JPL alone, supports thousands of additional jobs throughout the state; and

WHEREAS, NASA and JPL in particular have pioneered breakthroughs in deep space communication, charged-coupled devices, global positioning satellite software, and digital image processing, which in turn JPL has spun off commercially to the direct benefit of the state's economic competitiveness in the communication, navigational, and medical industries; and

WHEREAS, NASA currently spends one-fourth of its entire annual budget in California; and

WHEREAS, California's public and independent universities successfully compete each year for millions of dollars in NASA science and engineering grants and contracts; and

WHEREAS, NASA operates ambitious public education outreach programs throughout the state from its three centers located in California; and

WHEREAS, NASA funding for the missions to Mars and the Space Infrared Telescope Facility (SIRTF), both of which are being managed in the 44th Assembly District, has been restored; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby commends the actions of members of the United States House of Representatives from California to restore NASA's full programming for fiscal year 2001; and be it further

Resolved, That the Legislature of the State of California strongly encourages all members of the United States Congress to actively support NASA funding for fiscal year 2001 in an amount sufficient to fully support and sustain scheduled projects; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the director of NASA.

RESOLUTION CHAPTER 114

Senate Concurrent Resolution No. 60—Relative to the Officer John Paul Monego Memorial Freeway.

[Filed with Secretary of State August 25, 2000.]

WHEREAS, Dublin Police Officer John Paul Monego, who served a distinguished nine-year peace officer career, died on December 12, 1998, in the line of duty at the age of 33 years, while responding to a takeover robbery; and

WHEREAS, John Monego, who was the youngest of three children born to John and Dorothy Monego, was born in Passaic, New Jersey on November 5, 1965; and

WHEREAS, John Monego graduated from Amador High School in Pleasanton, and, in November 1989, was hired as a Deputy Sheriff with the Alameda County Sheriff's Department, graduating from the 97th Basic Academy; and

WHEREAS, Officer John Monego had a short break in service with the Alameda County Sheriff's Department when he took a job with the Los Angeles Police Department; and

WHEREAS, Feeling the need to return home, John Monego returned to the Alameda County Sheriff's Department; and

WHEREAS, In 1995, John Monego married his wife Tammy, and, in 1997, they had a son, Dominic John; and

WHEREAS, Prior to being appointed by the Alameda County Sheriff's Department to work as a police officer for the City of Dublin, John Monego received several commendations from the sheriff's office, including a commendation for assisting in the capture of the suspect in the Alameda County Fair shooting incident in July of 1998. He worked at the Santa Rita County Jail as a Classification Officer, worked in Law Enforcement Services at Highland Hospital, and was assigned to patrol at Eden Township and AC Transit Police Services; and

WHEREAS, Officer John Monego was a consummate professional and deeply respected police officer, and, more importantly, John Monego was a friend to everyone, exhibiting a willingness to always lend a helping hand, and was a devoted husband and father; and

WHEREAS, It is appropriate that the portion of Interstate Highway Route 680 between Alcosta Boulevard and the intersection with Interstate Highway Route 580 be dedicated to the memory of this outstanding officer; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the portion of Interstate Highway Route 680 between Alcosta Boulevard and the intersection with Interstate Highway Route 580 be officially designated the “Officer John Paul Monego Memorial Freeway”; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing that special designation, and, upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Department of Transportation and to the authors for appropriate distribution.

RESOLUTION CHAPTER 115

Senate Concurrent Resolution No. 90—Relative to Local Health Center Week.

[Filed with Secretary of State August 25, 2000.]

WHEREAS, A significant number of citizens in Mendocino and Lake Counties are currently medically underserved due to geographical isolation, financial barriers, and an insufficient number of health care providers; and

WHEREAS, The Mendocino Community Health Clinic is a private, nonprofit corporation that provides high quality, comprehensive primary health care to medically underserved citizens of Mendocino and Lake Counties; and

WHEREAS, The Mendocino Community Health Clinic has made great strides in improving the quality of health care services in Mendocino and Lake Counties by maintaining a high standard of accountability to patients, demonstrating cost-effectiveness, encouraging the community to develop needed health care programs, increasing opportunities for children and families to receive health care, and providing quality health care services in accessible, low-cost environments; and

WHEREAS, The Mendocino Community Health Clinic has also improved the quality of health care services in Mendocino and Lake Counties by increasing the availability of quality health care services that are provided by trained professionals, promoting individual autonomy regarding health choices and enhancing health consciousness in the community, and offering high quality primary preventative health care, thereby reducing preventable deaths, costly disabilities, and communicable diseases; and

WHEREAS, Community health care clinics like the Mendocino Community Health Clinic help end health care disparities and promote primary care coverage for all Californians; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims the week of August 20 to August 26, 2000, as Local Health Center Week in Mendocino and Lake Counties; and be it further

Resolved, That the important contributions of the Mendocino Community Health Clinic that improve the quality of life in citizens of Mendocino and Lake Counties are hereby recognized; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 116

Senate Joint Resolution No. 25—Relative to Filipino veterans' benefits.

[Filed with Secretary of State August 25, 2000.]

WHEREAS, The Philippine Islands became a United States possession in 1898 when they were ceded from Spain following the Spanish-American War and remained a possession of the United States until 1946; and

WHEREAS, In 1934, Congress passed Public Law 73-127, the Philippine Independence Act, that set a 10-year timetable for the eventual independence of the Philippines and in the interim established a Commonwealth of the Philippines with certain powers over its internal affairs; and

WHEREAS, The granting of full independence ultimately was delayed for two years until 1946 because of the Japanese occupation of the islands from 1942 to 1945; and

WHEREAS, During the interval between 1934 and the final independence in 1946, the United States retained certain sovereign powers over the Philippines, including the right, upon order of the

President of the United States, to call into the service of the United States Armed Forces all military forces organized by the Commonwealth government; and

WHEREAS, President Roosevelt invoked this authority by Executive order of July 26, 1941, bringing the Philippine Commonwealth Army into the service of the United States Armed Forces of the Far East under the command of Lieutenant General Douglas MacArthur; and

WHEREAS, Two hundred thousand Filipino soldiers, driven by a sense of honor and dignity, battled under United States Command after 1941 to preserve our liberty; and

WHEREAS, Filipinos gallantly served at Bataan and Corregidor, giving their toil, blood, and lives so as to provide the United States valuable time to rearm materiel and men to launch the counteroffensive in the Pacific war; and

WHEREAS, There are four groups of Filipino nationals who are entitled to all or some of the benefits to which United States veterans are entitled. These are:

(1) Filipinos who served in the regular components of the United States Armed Forces.

(2) Regular Philippine Scouts, called "Old Scouts," who enlisted in Filipino-manned units of the United States Army prior to October 6, 1945.

(3) Special Philippine Scouts, called "New Scouts," who enlisted in the United States Armed Forces between October 6, 1945, and June 30, 1947, primarily to perform occupation duty in the Pacific following World War II.

(4) Members of the Philippine Commonwealth Army who on July 26, 1941, were called into the service of the United States Armed Forces. This group includes organized guerrilla resistance units that were recognized by the United States Army; and

WHEREAS, The first two groups, Filipinos who served in the regular components of the United States Army and Old Scouts, are considered United States veterans and are generally entitled to the full range of United States veterans' benefits; and

WHEREAS, The other two groups, New Scouts and Philippine Commonwealth Army enlistees, are eligible for certain benefits, and some of these benefits are paid at lower than full rates. United States veterans' medical benefits for the four groups of Filipino veterans vary depending upon whether the person resides in the United States or the Philippines; and

WHEREAS, The Old Scouts were created in 1901 pursuant to the act of February 2, 1901, that authorized the President of the United States "to enlist natives [of the Philippines] ... for service in the Army, to be

organized as scouts ... or as troops or companies, as authorized by this Act, for the regular Army"; and

WHEREAS, Prior to World War II, these troops assisted in the maintenance of domestic order in the Philippines and served as a combat-ready force to defend the Philippine Islands against foreign invasion; and

WHEREAS, During the war, they participated in the defense and retaking of the islands from Japanese occupation. The eligibility of Old Scouts for benefits based on military service in the United States Armed Forces, including veterans' benefits, has long been established; and

WHEREAS, The United States Department of Veterans Affairs operates a comprehensive program of veterans' benefits in the Republic of the Philippines, including the operation of a United States Department of Veterans Affairs office in Manila; and

WHEREAS, The United States Department of Veterans Affairs does not operate a program of this type in any other country; and

WHEREAS, The program in the Philippines evolved because the Philippines were a United States possession during the period 1898–1946, and many Filipinos have served in the United States Armed Forces, and because the preindependence Commonwealth Army of the Philippines was called into the service of the United States Armed Forces during World War II (1941–1945); and

WHEREAS, Our nation, however, has failed to meet the promises made to those Filipino soldiers who fought as American soldiers during World War II; and

WHEREAS, Many Filipino veterans have been discriminated against by the classification of their service as not being service rendered in the United States Armed Forces for purposes of benefits from the United States Department of Veterans Affairs; and

WHEREAS, All other nationals, even foreigners, who served in the United States Armed Forces have been recognized and granted full rights and benefits, but the Filipinos who actually were American nationals at that time were and are still denied recognition and singled out for exclusion, and this treatment is unfair and discriminatory; and

WHEREAS, On October 20, 1996, President Clinton issued a proclamation honoring the nearly 100,000 Filipino veterans of World War II, soldiers of the Philippine Commonwealth Army, who fought as a component of the United States Armed Forces alongside Allied Forces for four long years to defend and reclaim the Philippine Islands, and thousands more who joined the United States Armed Forces after the war; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to take

action necessary to honor our country's moral obligation to provide Filipino veterans with the military benefits that they deserve, including, but not limited to, holding related hearings, and acting favorably on legislation pertaining to granting full veterans' benefits to Filipino veterans of the United States Armed Forces; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 117

Senate Joint Resolution No. 32—Relative to repeal of the telephone tax.

[Filed with Secretary of State August 25, 2000.]

WHEREAS, The United States House of Representatives passed HR 3916, jointly authored by Representatives Rob Portman (R-Ohio) and Robert Matsui (D-California), on an overwhelming vote of 420-2 on May 25, 2000; and

WHEREAS, HR 3916 would repeal the 3-percent federal excise tax on telephone service, a tax which was started in 1898 to finance the Spanish-American War; and

WHEREAS, House Speaker Dennis Hastert and House Minority Leader Richard Gephardt both praised the repeal of this tax; and

WHEREAS, The federal excise tax on telephone calls originated as a luxury tax, as telephones were considered a luxury 102 years ago; and

WHEREAS, Telephones are no longer a luxury, but a necessity, as 94 percent of American households have telephone service; and

WHEREAS, The federal excise tax on telephones is a regressive tax, as it takes a higher percentage of household income from low-income telephone users; and

WHEREAS, The federal excise tax on telephones costs consumers and businesses \$5 billion dollars annually; and

WHEREAS, Elimination of the "digital divide," which hinders lower-income people from gaining access to the Internet, should be a major goal of our society to help educate 21st Century America; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the California Legislature commends the House of Representatives for passing HR 3916, the Phone Tax Repeal Act; and be it further

Resolved, That the Legislature, urges the United States Senate to swiftly pass the Phone Tax Repeal Act; and be it further

Resolved, That the California State Legislature urges President William Jefferson Clinton to actively support and sign legislation which would repeal the 3-percent federal excise tax on telephone services; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the Majority Leader of the Senate, the Minority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 118

Assembly Concurrent Resolution No. 109—Relative to voting at elections.

[Filed with Secretary of State August 30, 2000.]

WHEREAS, Questions and concerns have been raised about the ability of registered voters to reach their polling places in time to cast votes during the current polling place hours; and

WHEREAS, Urban areas have especially large amounts of traffic that increase commuters' travel time significantly and many urban residents have irregular work and school schedules that affect the ability of the voters to get to the polling places before they close; and

WHEREAS, A 1998 Census Bureau study found that 21.5 percent of registered voters who did not vote at the 1996 elections stated that they could not take time off from work or school, or that they were too busy; and

WHEREAS, Turnout for the November 1998 national election was only 36 percent, marking a 50-year low; and

WHEREAS, A comprehensive study would aid in answering these concerns about the ability of registered voters to get to polling places to cast votes during current polling place hours and clarify public debate; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby requests that the County Clerk or elections official of each county in California, on or before December 18, 2000, prepare and submit a report to the Secretary of State summarizing the number of voters casting ballots at each polling place

during each hour that the polls are open at the November 7, 2000, general election; and be it further

Resolved, That the Legislature hereby requests the Secretary of State to compile the information received from the county clerks of each county and report this information to the Legislature; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the County Clerk of each county in California and to the Secretary of State.

RESOLUTION CHAPTER 119

Assembly Concurrent Resolution No. 132—Relative to California Phase 3 Reformulated Gasoline.

[Filed with Secretary of State August 30, 2000.]

WHEREAS, The Governor’s Executive Order D-5-99 requires the State Energy Resources Conservation and Development Commission, in consultation with the State Air Resources Board, to phase out the fuel additive methyl tertiary butyl ether (MTBE) from the state’s gasoline supply; and

WHEREAS, California’s current formula for gasoline, California Phase 2 Reformulated Gasoline, was mandated to improve air quality and has reduced the amount of pollutants present in the air from motor vehicle emissions by 3.2 million pounds per day; and

WHEREAS, In order to improve California’s air quality, it may be necessary for gasoline to contain some additives, and the State Air Resources Board should be made aware of the potential impact of these additives on the environment, gasoline supply, transportation safety, highway safety, and consumer cost; and

WHEREAS, California’s largest cities often bear the burden of negative environmental and cost impacts associated with gasoline and motor vehicle emissions, including increased emissions on inner-city freeways, and higher fuel costs to lower income urban citizens; and

WHEREAS, The State Air Resources Board has not scheduled public hearings to discuss the California Phase 3 Reformulated Gasoline regulations in the Los Angeles Air Basin or in the San Francisco East Bay Area where air quality would be most affected and the health dangers from air pollution are already severe; and

WHEREAS, The public has a right to discuss the impact of these new regulations with public officials, and the State Air Resources Board has a responsibility to provide adequate information regarding potential

threats to public health and significant increases in the cost of gasoline; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature urges the State Air Resources Board to conduct public hearings in the Los Angeles Air Basin and in the San Francisco East Bay Area to discuss the impacts that the California Phase 3 Reformulated Gasoline regulations may have on air quality, public health, and on the price and supply of gasoline in California, and to receive public input on the regulations, including input from ethnic communities; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to each member of the State Air Resources Board.

RESOLUTION CHAPTER 120

Assembly Concurrent Resolution No. 139—Relative to the John C. Begovich Memorial Highway.

[Filed with Secretary of State August 30, 2000.]

WHEREAS, John C. Begovich was born on January 17, 1916, in Jackson Gate, California; the son of immigrant parents from Trebinje, Yugoslavia; and

WHEREAS, John Begovich graduated from Sutter Creek High School and attended Sacramento Junior College and was a champion athlete at both institutions; and

WHEREAS, In January, 1942, he answered the call to duty of his country and enlisted in the United States Army where he rose to the rank of second lieutenant and earned 13 decorations, including the silver star, the bronze star, and three purple hearts; and

WHEREAS, After his honorable discharge from the Army in 1945, John Begovich returned to Amador County and was selected to be the county Veterans Service Officer and County Civil Defense Director; and

WHEREAS, In 1949, he married the former Lorraine Love, and in 1950, the couple became the proud parents of their son, John C. Begovich, Jr.; and

WHEREAS, John Begovich continued his career of public service when, in 1955, he was appointed judge in the Amador County Judicial District while retaining his position as Veterans Service Officer; and

WHEREAS, In 1960, John Begovich was elected as Senator from the 9th Senatorial District serving Amador and El Dorado Counties; and

WHEREAS, He was an active and productive legislator working on numerous issues important to his constituents and the state, including

the bistate park system within the Tahoe Basin, highway improvements, the creation of a second department of the Superior Court for El Dorado County, and a \$250,000,000 veterans bill; and

WHEREAS, After serving as Senator, in 1966, John Begovich was appointed by President Lyndon B. Johnson as one of four United States Federal Marshals in the State of California, serving in that capacity until 1970; and

WHEREAS, In 1976, John Begovich was elected Supervisor of District 1, Amador County, where he made care of the elderly residents of the county one of his primary concerns; and

WHEREAS, His dedication to Amador County and its citizens was rewarded by his reelection as supervisor in 1980, 1984, 1988, and 1992; and

WHEREAS, John C. Begovich died on November 2, 1999, after faithfully serving the citizens of Amador County, the State of California, and the United States of America, and it is therefore appropriate that State Highway Route 49, from the southern city limit of the City of Jackson to the intersection of State Highway Route 88, be dedicated to this tireless public servant; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby dedicates State Highway Route 49, from the southern city limit of the City of Jackson to the intersection of State Highway Route 88, in the memory of John C. Begovich, who served the people of Amador County so well; and be it further

Resolved, That State Highway Route 49, from the southern city limit of the City of Jackson to the intersection of State Highway Route 88, be officially designated as the “John C. Begovich Memorial Highway”; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 121

Assembly Joint Resolution No. 42—Relative to a Medicare prescription drug benefit.

[Filed with Secretary of State August 30, 2000.]

WHEREAS, The Assembly Committee on Aging and Long-Term Care conducted a hearing on November 17, 1999, that found the cost of prescription drugs is a tremendous burden for seniors because more than three in five American seniors lack dependable prescription drug coverage; and

WHEREAS, The committee learned that pharmaceutical therapies have become crucial in the treatment of major illnesses and in saving, lengthening, and enriching lives; and

WHEREAS, Unlike virtually all private health plans, Medicare does not cover prescription drugs; and

WHEREAS, Millions of older Americans who are most in need of prescription drugs must pay the highest prices for them; and

WHEREAS, Some seniors pay as much as \$500 per month in prescription drug costs, forcing them to decide between medication and other vital necessities such as food; and

WHEREAS, Medicare beneficiaries comprise 12% of the United States population but account for one-third of prescription drug spending; and

WHEREAS, The President's Fiscal Year 2001 Budget would provide funds adequate to give every senior the choice of having affordable Medicare insurance coverage for prescription drugs with first-year premiums of \$26 per month and lower or nonexistent premiums for those with low incomes; and

WHEREAS, There would be no deductible and the President's plan would be optional and voluntary for Medicare beneficiaries; and

WHEREAS, Discounts from pooling beneficiaries' purchasing power could be privately negotiated under the plan; and

WHEREAS, The coverage would pay for half of the each beneficiary's drug costs from the first prescription filled each year up to \$5,000 when fully phased in, with discounts that continue after the limit is reached; and

WHEREAS, The program would be competitively administered through a private benefit manager without price controls or a new bureaucracy by integrating the benefit into the current eligibility and enrollment systems; and

WHEREAS, With savings, the net cost of the President's proposals would be less than \$100 billion over 10 years; and

WHEREAS, The President's proposal supports the findings of the Assembly Committee on Aging and Long-Term Care; therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California urges the federal government to take immediate and appropriate steps to enact and

implement the Voluntary Medicare Prescription-Drug Benefit contained in the President's Fiscal Year 2001 Budget; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, each Senator and Representative from California in the Congress of the United States, and the Secretary of the United States Department of Health and Human Services.

RESOLUTION CHAPTER 122

Assembly Concurrent Resolution No. 135—Relative to state employee merit awards.

[Filed with Secretary of State September 5, 2000.]

WHEREAS, Section 19823 of the Government Code authorizes the Department of Personnel Administration to make awards to current or retired state employees who propose procedures or ideas that are subsequently adopted and placed in effect that will result in eliminating or reducing state expenditures or improving state operations; and

WHEREAS, Any award granted under Section 19823 of the Government Code that is larger than five thousand dollars (\$5,000) must be approved by concurrent resolution of the Legislature; and

WHEREAS, Flood fighting along California's rivers often involves the placement of wave wash slope protection that generally consists of plastic sheeting anchored to a levee slope to minimize the erosion of the levee; and

WHEREAS, During the floods of 1996 and 1997, the Department of Water Resources encountered difficulties in obtaining grommets needed to anchor the plastic sheeting to levee slopes and these grommets are no longer available; and

WHEREAS, The grommets now commercially available are smaller, difficult to use, and in some cases, ineffective with the 10 millimeter thick plastic sheeting recommended for slope protection; and

WHEREAS, William R. Forsythe suggested that the Department of Water Resources design its own grommet mold and have grommets manufactured from the mold so that the suitable grommets could be produced on short notice; and

WHEREAS, The Chief of the Flood Protection and Geographic Information Branch, Central District, and the Division of Flood Management approved the idea and authorized Mr. Forsythe to research and design the grommet; and

WHEREAS, The Department of Water Resources, by using its own grommet mold, was able to produce grommets at approximately 4.44 cents each; in contrast, purchase orders for the 1997–98 fiscal year documented the costs of comparable grommets at 25 cents each; and

WHEREAS, The Department of Water Resources constructed a grommet mold and produced 300,000 grommets in 1998 and 200,000 of those grommets were utilized during the 1998 floods; the remaining grommets were stored and are available for use for future floods; and

WHEREAS, The department realized a first-year savings of sixty-eight thousand five hundred eighty-two dollars (\$68,582) based on the cost for 300,000 grommets if purchased from a private vendor less the cost of the department to manufacture 300,000 grommets; and

WHEREAS, As a result of these savings, it is unnecessary to appropriate funds for payment of the award to Mr. Forsythe; and

WHEREAS, The Department of Justice annually fingerprints without charge approximately 21,000 people, including applicants for the State Bar, real estate licenses, and school teacher credentials; and

WHEREAS, This free service has been staffed by fingerprint employees who were kept from their work of processing fingerprints, and the Department of Justice was the only public agency in Sacramento providing this service without charge; and

WHEREAS, The charging of ten dollars (\$10) per person would fund approximately six new positions to help eliminate the backlog of fingerprint searches; and

WHEREAS, Ray Hefley suggested that the Department of Justice charge ten dollars (\$10) for this service; the Department of Justice accepted Ray Hefley's suggestion for evaluation, evaluated it, and implemented it; and

WHEREAS, This suggestion was approved by the Chief of the Bureau of Identification, the Department of Justice Merit Award Coordinator, and the State Merit Award Board for a twenty-one thousand dollar (\$21,000) award based on yearly revenues of two hundred ten thousand dollars (\$210,000). As a result of these revenues, it is unnecessary to appropriate funds for payment of the award to Mr. Hefley; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby declares that merit award payments, authorized by the Department of Personnel Administration, are hereby made to William R. Forsythe in the amount of six thousand eight hundred fifty-eight dollars (\$6,858) and to Raymond L. Hefley in the amount of twenty-one thousand dollars (\$21,000); and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Controller and the Department of Personnel Administration.

RESOLUTION CHAPTER 123

Assembly Concurrent Resolution No. 145—Relative to Diabetes Awareness Month.

[Filed with Secretary of State September 5, 2000.]

WHEREAS, Diabetes is a disease in which the body does not produce or properly use insulin, a hormone that is needed to convert sugar, starches, and other food into energy needed for daily life; diabetes is a chronic disease that has no cure; and

WHEREAS, There are two major types of diabetes; Type I diabetes is an autoimmune disease, in which the body does not produce any insulin, most often occurring in children and young adults; people with Type I diabetes must take daily insulin injections to stay alive; and

WHEREAS, Type II diabetes is a metabolic disorder resulting from the body's inability to make enough, or properly use, insulin; it is the most common form of the disease; Type II diabetes accounts for 90 to 95 percent of diabetes and is nearing epidemic proportions due to an increase in the number of older Americans and lifestyle changes; Type II diabetes usually occurs after 45 years of age; often people with Type II diabetes have no symptoms;

WHEREAS, Diabetes is the leading cause of blindness, amputations, and kidney failure; diabetes is the leading cause of blindness in adults 25 to 74 years of age; diabetes is the seventh leading cause of death in the United States; people with diabetes are twice as likely to have a heart attack or stroke; and

WHEREAS, Diabetes is one of the most prevalent chronic diseases affecting older people, women, and people of color; and

WHEREAS, Latinos are almost twice as likely to have Type II diabetes than non-Hispanic Whites; diabetes affects 1.2 million of the Mexican American population; approximately 24 percent of Mexican Americans, 16 percent of Cuban Americans, and 26 percent of Puerto Ricans between 45 to 74 years of age have diabetes; and

WHEREAS, Mexican Americans are 4.5 to 6.6 times more likely to suffer from end stage renal disease among people with diabetes; and

WHEREAS, African-Americans are 1.7 times as likely to have Type II diabetes than non-Hispanic Whites; diabetes affects 2.3 million African-Americans; of African-Americans between 65 and 74 years of

age, 25 percent have diabetes; one in four African-American women over 55 years of age have diabetes; and

WHEREAS, The prevalence of Type II diabetes in Native Americans is 12.2 percent versus 5.2 percent of the general population; in some tribes, 50 percent of the population has diabetes; and

WHEREAS, There is a higher incidence of Type I diabetes in Whites than any other racial group; and

WHEREAS, Asian-Americans and Pacific Islanders are at an increased risk of contracting diabetes; within the Asian-American and Pacific Islander population, some groups are twice as likely to have diabetes than non-Hispanic Whites; and

WHEREAS, Nationwide, there are 15.7 million people who have diabetes; each day approximately 2,200 people are diagnosed with diabetes; and

WHEREAS, Unfortunately, while an estimated 10.3 million have been diagnosed, 5.4 million people are not aware that they have the disease; for every two people with diagnosed diabetes, there is another person who has diabetes but does not know it; approximately 7.5 million of all men, and 8.1 million of all women in the United States have diabetes, however, more than one-third of these do not know it; and

WHEREAS, Diabetes is a leading health problem in California with an estimated two million residents having the disease; California has one of the highest rates of diabetes in the nation; each year diabetes and diabetes related illnesses, such as amputations, loss of eyesight, and even death affect the lives of millions of Californians; and

WHEREAS, The State Department of Health Services has found that without significant improvements in the prevention, detection, and control of diabetes, the number of people with diabetes and the costs associated with it will grow at an unprecedented rate; and

WHEREAS, The keys to reducing the incidence of and complications associated with diabetes are education, early detection, and proper treatment; the earlier a person is diagnosed with diabetes and receives treatment, the better the person's chances are for avoiding diabetes complications; and

WHEREAS, It is in the best interest of all women, men, and families to join together to promote greater awareness, the need for early detection, and education about a disease that affects all Californians; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California, in order to heighten public awareness about diabetes, declares November 2000 as Diabetes Awareness Month and further emphasizes that the public education efforts conducted during November 2000 should be part of an

ongoing, year-round effort to raise public awareness throughout the state.

RESOLUTION CHAPTER 124

Assembly Concurrent Resolution No. 165—Relative to Ronald Packard Parkway.

[Filed with Secretary of State September 5, 2000.]

WHEREAS, The Honorable Ronald C. Packard, who was first elected to represent the citizens of the 48th Congressional District in 1982, served as the chairperson of the North County Transit District in San Diego County; and

WHEREAS, Congressman Packard's interest in transportation issues was demonstrated by his 10 years of membership on the House Public Works and Transportation Committee and his eight years of exemplary service on the House Transportation Appropriation Subcommittee; and

WHEREAS, Ronald Packard was instrumental in obtaining funding for the San Diego Trolley and Coaster Rail systems and receiving needed supplemental funding for numerous highway interchanges throughout San Diego County; and

WHEREAS, The funding and development of the San Joaquin and Foothills toll roads in Riverside County, which has made a significant contribution to the easing of freeway congestion, can, in great part, be attributed to the efforts of this transportation leader; and

WHEREAS, The primary person responsible for the improvements made to the State Highway Routes 76 and 78 is Congressman Ronald C. Packard; and

WHEREAS, It is appropriate that a portion of State Highway Route 78 be dedicated in honor of the man who made so many contributions to the transportation systems of the region; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby dedicates that portion of State Highway Route 78 between its junction with Interstate Highway Route 5 and its junction with Interstate Highway Route 15 in honor of Ronald C. Packard by officially designating that route as the Ronald Packard Parkway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources

sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 125

Assembly Concurrent Resolution No. 172—Relative to Walk to School Day 2000.

[Filed with Secretary of State September 5, 2000.]

WHEREAS, On October 6, 1999, California held its first statewide Walk a Child to School Day and thousands of students, parents, and school officials walked to school; and

WHEREAS, The event provided all those involved an opportunity to promote a healthier lifestyle, safer streets, stronger communities, and cleaner air; and

WHEREAS, The goals of this event are to motivate adults to leave their cars at home whenever possible, encourage children and parents to spend quality time together, as well as teaching children proper pedestrian behavior and street crossing; and

WHEREAS, An organized event highlighting walking to school, may also call attention to those areas of the community that are inaccessible to pedestrian or bicycle traffic, in need of repair, or dangerous to the point that measures must be taken to assure the safety of children traveling those roads or walkways; and

WHEREAS, The California Highway Patrol reported over 15,000 pedestrians injured or killed in 1998; and

WHEREAS, Currently nine countries: the United States, Canada, Great Britain, Ireland, Australia, New Zealand, South Africa, Cyprus, and Gibraltar are participating in this annual event; and

WHEREAS, California, having one of the highest automobile to person ratios, in addition to rapidly becoming one of the most congested states in the nation, should take the lead in promoting pedestrian safety, cleaner air standards, and encourage the citizens of California to participate in this important event and take one day of their busy lives to walk a child to school; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby designate October 4, 2000, as Walk to School Day 2000, and encourages all Californians to actively

participate and promote pedestrian safety, education, and a healthy lifestyle; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 126

Assembly Concurrent Resolution No. 181—Relative to California History Month.

[Filed with Secretary of State September 5, 2000.]

WHEREAS, California has a rich human history represented by the explorers, settlers, farmers, Native American tribes, and people in all occupations from around the world who have come to California in search of a better life and formed the present day melting pot of our population; and

WHEREAS, The California Historical Society, designated as the official historical society of California, was founded in 1871; and

WHEREAS, The California Historical Society is a nonprofit membership organization open to all and dedicated to preserving and sharing the rich heritage of California; and

WHEREAS, The month of September celebrates the anniversary of California's statehood; and

WHEREAS, California History Month will honor the diverse people and cultures that have contributed to California; and

WHEREAS, California History Month will provide an opportunity for libraries, schools, and bookstores to educate and inform young people about the many important aspects of California history; and

WHEREAS, California History Month will support and promote the valuable work of historical societies and historic buildings and parks around the state; and

WHEREAS, California History Month, which will be annually sponsored by the California Historical Society, will provide continuity and focus for Admissions Day celebrations and other California events; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby designates the month of September as California History Month; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 127

Assembly Joint Resolution No. 56—Relative to daylight saving time.

[Filed with Secretary of State September 5, 2000.]

WHEREAS, On March 19, 1918, the United States first implemented daylight saving time when “An act to preserve daylight and provide standard time for the United States” (Public Law 89-387) was enacted by the United States Congress as the Uniform Time Act of 1966 (Title 15, United States Code, Section 260 and following); and

WHEREAS, The Uniform Time Act of 1966 required standard time to be observed within established time zones; and

WHEREAS, The Uniform Time Act of 1966 provided for “daylight saving time” and declared that it begins on the last Sunday in April and ends on the last Sunday in October; and

WHEREAS, The states were provided, under the Uniform Time Act of 1966, with the option of exempting themselves from daylight saving time and thereby placing the whole state on standard time all year-round; and

WHEREAS, In 1972, the Uniform Time Act of 1966 was amended by Public Law 92-267 to allow states that are split by a time zone to exempt one of the parts in a different time zone from daylight saving time; and

WHEREAS, In 1974, Congress enacted a trial period of year-round daylight saving time beginning on January 6, 1974, and ending on April 27, 1975; and

WHEREAS, In 1986, Congress modified daylight saving time so that it begins the first Sunday in April rather than the last Sunday in April; and

WHEREAS, Due to the vast geographic area of the United States, encompassing several time zones and many longitudes and latitudes, even within a single state, many states have large disparities in what time coincides with the onset of darkness; and

WHEREAS, In House of Representatives Report No. 99-185 from the Committee on Energy and Commerce, numerous benefits are listed in support of the extension of daylight saving time, including significant energy conservation, improved traffic safety, reduction in crime, economic growth, and overwhelming public support; and

WHEREAS, Congressional history provides precedent for modifying the times and options prescribed by the Uniform Time Act of 1966 and daylight saving time to allow some flexibility; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the United States Congress and the President of the United States to enact legislation to allow states the opportunity to choose year-round daylight saving time, in addition to standard time or the current system of “traditional” daylight saving time; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 128

Assembly Joint Resolution No. 57—Relative to high-level radioactive waste and spent nuclear fuel.

[Filed with Secretary of State September 5, 2000.]

WHEREAS, The United States Department of Energy is implementing a plan to locate a high-level radioactive waste and spent nuclear fuel disposal facility at Yucca Mountain in the extreme western portion of Nevada, which borders on San Bernardino County; and

WHEREAS, The proposed site will require the transporting of significant amounts of high-level radioactive waste and spent nuclear fuel through San Bernardino County; and

WHEREAS, It is not possible to get to the proposed Yucca Mountain site from most California waste generating sites without transporting high-level radioactive waste and spent nuclear fuel through some of the most populated portions of San Bernardino County; and

WHEREAS, San Bernardino County has many hundreds of miles of interstate and other highways across its 20,000 square miles; and

WHEREAS, The terrain of San Bernardino County is subject to a variety of environmental conditions, such as earthquakes, wildfires, snow and ice on the roads in the winter, high winds through the mountain passes, and extremely high ambient temperatures during the summer, all of which could severely compromise the safety and integrity of the transportation plan for the radioactive waste; and

WHEREAS, Radioactive waste is controlled and supervised at current storage locations; and

WHEREAS, High-level radioactive waste and spent nuclear fuel is most vulnerable for accident or sabotage once it has been loaded on a truck or train for transit; and

WHEREAS, The types of high-level radioactive wastes and spent nuclear fuel proposed to be transported through the county are among the most dangerous substances known to mankind; and

WHEREAS, The result of even one accident could have enormous and grave consequences upon significant portions of the county; and

WHEREAS, Current environmental impact studies do not address the risks and possible consequences associated with hauling high-level radioactive waste and spent nuclear fuel on public highways through populated areas; and

WHEREAS, San Bernardino County is home to a large number of small cities which do not have the staff, equipment, or other resources necessary to deal with the occurrence of a catastrophic accident during the transportation of high-level radioactive waste and spent nuclear fuel; and

WHEREAS, The federal government cannot guarantee a zero-tolerance policy against the risk of accident in the transportation of high-level radioactive waste and spent nuclear fuel ; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to take appropriate action, as necessary, to ensure the safety of the citizens and the integrity of the environment of California and San Bernardino County by directing the United States Department of Energy not to transport shipments of high-level radioactive waste and spent nuclear fuel from other states through California to the proposed Yucca Mountain repository; and be it further

Resolved, That, for high-level radioactive waste and spent nuclear fuel originating in California, should it become necessary to relocate the waste from current storage facilities, the United States Department of Energy should be directed to create appropriate procedures so as to minimize the risk of an accident, including avoiding transportation through populated areas, and to provide assistance to local communities by providing the resources and training to respond to a catastrophic emergency in these communities; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, to each Senator

and Representative from California in the Congress of the United States, and to the Secretary of the United States Department of Energy.

RESOLUTION CHAPTER 129

Assembly Joint Resolution No. 67—Relative to disaster relief.

[Filed with Secretary of State September 5, 2000.]

WHEREAS, The Federal Emergency Management Agency (FEMA), through the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Public Law 93-288), provides disaster relief to eligible public entities across the country; and

WHEREAS, FEMA, on February 23, 2000, published an Advanced Notice of Proposed Rulemaking pertaining to public assistance insurance requirements in the Federal Register; and

WHEREAS, The State of California and other public entities within the state are potential recipients of FEMA assistance and would be required to comply with those requirements; and

WHEREAS, The proposed rule would require public entities to purchase certain levels of insurance for the categories of All-risk, Earthquake, Flood, and Wind; and

WHEREAS, The proposed rule is an all or nothing approach that requires public entities to purchase the minimum requirements or be barred from collecting any federal assistance; and

WHEREAS, The proposed rule does not allow the governing boards of public entities to make sound risk management decisions by giving them the flexibility to cover only those perils that they believe warrant coverage based on their probability of occurrence; and

WHEREAS, The proposed rule would allow for a waiver of the insurance requirement only when premiums exceed 30 cents per \$100 of total insurable values (TIVs), but would still require the expenditure of 30 cents per \$100 of TIVs; and

WHEREAS, The public entities within California have estimated TIVs in excess of \$290 billion, bringing the potential cost at 30 cents per \$100 of TIVs to an excess of \$870 million and representing an estimated 6- to 10-fold increase in property insurance cost to some public entities; and

WHEREAS, There exists a limited amount of available insurance capacity for catastrophic perils in the worldwide market that would be exceeded by the demand if all public entities across the country are required to purchase the minimum limits; and

WHEREAS, Public entities within California would be disproportionately affected because of their unique exposure to the peril of earthquakes; and

WHEREAS, There may be viable and more cost-effective alternatives to managing property damage risks than simply purchasing insurance, some of which include self-insurance, pooling, and sharing of limits; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California strongly urges the Congress of the United States to direct FEMA not to proceed with its proposed public assistance insurance requirements because of the severe costs and uncertain financial impact on public entities, or if it must proceed, that it modify its proposed regulations to do all of the following:

(a) Recognize alternative techniques for satisfying FEMA's minimum coverage requirements, including self-insurance, risk sharing pools, risk retention groups, group purchase of insurance, or any combination thereof.

(b) Allow for the prudent sharing of limits among multiple public entities to spread and reduce the cost of needed insurance.

(c) Allow public entities to satisfy the minimum coverage requirements in any way that they feel is in their best interests; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 130

Senate Concurrent Resolution No. 71—Relative to salmon resources.

[Filed with Secretary of State September 12, 2000.]

WHEREAS, California has prized itself on its populations of wild salmon, which serve as a highly valued recreational and food resource; and

WHEREAS, These salmon, including endangered species, such as the Coho and other related species, such as the steelhead, have been proposed for endangered listing; and

WHEREAS, The survival of these species may be endangered by the introduction of genes from intentionally altered or farmed salmon through genetic dilution, pollution, and transmittal of bacterial and parasitic diseases; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature finds and declares all of the following:

(a) The alteration of the genetic integrity of any wild game, and especially salmonid species, should be thoroughly studied and evaluated prior to the release into the wild of a genetically modified organism that is likely to impact those species into the wild.

(b) The protection of the genetic diversity and biological integrity of our salmon resources should be given the highest priority by California state agencies.

(c) The introduction of any foreign, nonspecies-specific genes into wild stocks of salmon should be proscribed or prevented by appropriate safeguards; and be it further

Resolved, That the Department of Fish and Game thoroughly evaluate and report to the Legislature the full range of environmental impacts and potential benefits of salmon farming, including, but not limited to, changes in local habitat, increased concentration of disease-causing organisms, potential damage to the genetic diversity of targeted organisms, reduced impacts on harvesting wild stocks, and the beneficial traits that may enhance the long-term sustainability of our wild salmon resources; and be it further

Resolved, That the Senate and the Assembly request that the National Marine Fisheries Service ensure that proper environmental assessments are completed and that transgenic salmon are prevented from threatening wild stocks of salmon; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Department of Fish and Game, and to the Director of the National Marine Fisheries Service of the National Oceanic and Atmospheric Administration of the United States Department of Commerce.

RESOLUTION CHAPTER 131

Senate Concurrent Resolution No. 76—Relative to Elias Cortez and the Department of Information Technology staff.

[Filed with Secretary of State September 12, 2000.]

WHEREAS, In the 1960's, computer programmers decided to program computers so that they recognized the year in a date field with only the last two digits, and computers were programmed to assume that the first two digits in a date field would be "19"; and

WHEREAS, The world's computers faced the potential for critical, and in some cases life-threatening, errors and full-scale breakdown when

computers turned over to the first day of the year 2000 if they did not recognize the new first two digits “20”; and

WHEREAS, This phenomenon came to be known as the “Y2K Bug” whose recognition and resolution became a major cause for concern for all of us; and

WHEREAS, The possible ramifications of the Y2K Bug included widespread and profound breakdown and chaos, including the loss of life-essential services and many other less threatening yet serious failures such as interrupted telephone and electrical services, inaccurate bank transactions, inoperable hospital equipment, failed delivery of food and medicine, unsafe elevators, and delayed service from government entities; and

WHEREAS, The State of California was obligated to play a leading role to ensure that all of our public and private computer systems would not be impacted and rendered inoperable by the Y2K Bug; and

WHEREAS, The State of California initiated its Y2K remediation program in 1997 to modify every date field to four digits to indicate the year, and assigned responsibility to the Department of Information Technology (DOIT) for accomplishing this in a timely manner; and

WHEREAS, The Legislature, through a joint oversight committee, began monitoring and helping to guide our state’s comprehensive Y2K public and private remediation efforts, beginning in May 1997; and

WHEREAS, When Governor Gray Davis was inaugurated in January 1999, he embraced Y2K remediation as one of his first and most urgent priorities; and

WHEREAS, One of Governor Davis’ earliest appointees was Elias Cortez as Director of the Department of Information Technology and chief information officer for the state, making him the person directly responsible for assuring our full and timely compliance with all action necessary to thwart the threat of the Y2K Bug; and

WHEREAS, Mr. Cortez moved immediately, smartly, and comprehensively to engage himself and his department and the entirety of our state government in the Y2K remediation effort with all necessary diligence and urgency and imbued each and all of his colleagues with the same commitment to diligent and urgent remediation of the Y2K Bug; and

WHEREAS, Mr. Cortez, in collaboration with other technology experts, promulgated an entirely new, thoroughgoing, and credible remediation action plan that effectively identified and targeted mission critical computer systems, mapped essential steps and target dates for implementation, employed a sufficient number of outside consultants to assist state agencies with mission critical systems, and engaged the regular guidance of private technology and business leaders; and

WHEREAS, Mr. Cortez and his staff dedicated themselves and their time and energy almost exclusively to the task of ensuring that every step in the remediation plan was carried out in an effective and timely manner; and

WHEREAS, Mr. Cortez and his staff fully exercised, even asserted, all the authority given them by Governor Davis to compel state entities to meet their remediation goals with all due diligence and due haste; and

WHEREAS, Not satisfied with remediating only our state's computers, Mr. Cortez stretched his mandate to facilitate remediation for all California local governments, utilities, hospitals, and the private sector; and

WHEREAS, Due to the talent, dedication, commitment, and thoroughgoing smart hard work of Mr. Cortez, his staff, and colleagues, our State of California avoided any noticeable impact by the Y2K Bug; and

WHEREAS, Due to smart implementation of his Y2K remediation plan, Mr. Cortez was concurrently able to improve and enhance many of our state's computer systems; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California heartily commends, congratulates, and expresses our deep and abiding gratitude to Elias Cortez, the Director of Information Technology, and his staff at the Department of Information Technology, for his and their profound, critical, and lasting contribution to the continued well-being of our state and our citizens; and be it further

Resolved, That Mr. Cortez, after an appropriate period of respite and rejuvenation (both needed and deserved), is heartily encouraged to direct his considerable talents, his wisdom and knowledge, his collaborative nature, and dedicated staff toward the ever mounting and increasingly complex challenges that the state and the people of California face as our state ventures further into this age of information technology; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Department of Information Technology and to the author for appropriate distribution.

RESOLUTION CHAPTER 132

Senate Concurrent Resolution No. 88—Relative to the Joint Committee to Develop a Master Plan for Education—Kindergarten through University.

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Committee to Develop a Master Plan for Education—Kindergarten through University, established pursuant to Chapter 43 of the Statutes of 1999, continues in existence until November 30, 2002; and be it further

Resolved, That all provisions of Chapter 43 of the Statutes of 1999, relating to the Joint Committee to Develop a Master Plan for Education—Kindergarten through University, which are applicable to the ongoing operation of the joint committee, also continue in effect until November 30, 2002.

RESOLUTION CHAPTER 133

Senate Concurrent Resolution No. 89—Relative to the Office of Student Regent of the University of California.

[Filed with Secretary of State September 12, 2000.]

WHEREAS, In his inaugural address of 1899, President Benjamin Ide Wheeler of the University of California declared that “the age of paternalism in university government is well nigh past” and that administrative and academic decisions “which do not in the long run commend themselves to the best sense of the student public are probably wrong; they will be surely in the long run nugatory”; and

WHEREAS, The failures of university governance in the 1960s demonstrated the prescience of President Wheeler, who concluded that “in the internal regulation of the university order there can be in the last analysis no fixed boundary line between the governing and the governed”; and

WHEREAS, Since its founding on March 23, 1868, the governance of the university has been entrusted to the Regents of the University of California, whose composition has, over the decades, been intended to represent the essential constituencies of California, its people, and its university; and

WHEREAS, In 1974, the California Legislature determined that providing for appointment of a student of the University of California as a full and coequal member of the Regents of the University of California, among other improvements, was a “meaningful and necessary change in the structure of the Board of Regents” that would “insure that the university will be more responsive and reflective of the interests of a rapidly changing California,” according to the official argument favoring amendment of the State Constitution, signed by

President of the University of California Charles J. Hitch, Senator Albert S. Rodda, and Assemblyman John J. Miller; and

WHEREAS, On November 5, 1974, the people of the State of California amended the Constitution of the State of California to provide for the appointment of a student of the University of California as a regent for a term of not less than one year, and that this appointment be made only in consultation with representatives of students of the university, including officers of the student governments; and

WHEREAS, In the twenty-five years since the voters established the position, the student regent has brought a unique, essential, valuable, and appropriate viewpoint to the highest councils of the university, providing a new level of legitimacy, accountability, and effectiveness to university policymaking, and at the same time giving to students, parents, and ordinary Californians the confidence that a person more of their own particular experiences, economic circumstances, and values is now more likely to sit at the regents' table as a full-fledged member of the board; and

WHEREAS, Carol Mock (Santa Barbara), Daryn Peeples Beringer (Berkeley), Michael Salerno (Davis), Renee Turkell (Los Angeles), Hector Cruz Lozano (Davis), Leslie Lurie (Los Angeles), David Neuman (Los Angeles), Linda Rae Sabo (San Diego), Richard E. Anderson (Los Angeles), Fred Gaines (Berkeley), Janice Eberly (Davis), David Hoffman (Los Angeles), Jacquelyn Ross (Davis), Deborah Thorpe-Rana (Davis), Guillermo Rodriguez, Jr. (Berkeley), Jenny Doh (Irvine), Diana Darnell (San Francisco), Alex Wong (Berkeley), Darby Ann Morrisroe (Davis), Terrence Wooten (Riverside), Edward P. Gomez (Riverside), Jess Bravin (Berkeley), Kathryn McClymond (Santa Barbara), Max Espinoza (Los Angeles), and Michelle K. Pannor (Berkeley) have served successively and successfully as the Student Regent of the University of California, and the twenty-sixth Student Regent of the University of California, Justin Fong (Los Angeles), who assumed office on July 1, 2000; and

WHEREAS, Each of these students who has served as a regent has dispatched her or his duties with idealism, courage, and vigor—often serving as the “conscience” of the Regents of the University of California, especially in matters ranging from the affordability of tuition, to the ethics of university business practices, to the appropriateness of divestiture of university investments in an apartheid economy, even while pursuing the rigorous course of study expected of all the university's students; and

WHEREAS, The year 2000 marks the twenty-fifth anniversary of the creation of the office of the Student Regent of the University of California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California recognize, commend, and celebrate the contributions of the office of the Student Regent of the University of California, and of the twenty-five students who have held the office over its life; and be it further

Resolved, That the Legislature commend the University of California for its commitment to, and encourage expansion of, its policy to include students at all levels as equal partners in the process of shared governance of the university; and be it further

Resolved, That suitably inscribed copies of this resolution be provided to the regents of the university and to each student who has served as a student regent.

RESOLUTION CHAPTER 134

Senate Concurrent Resolution No. 92—Relative to the Riverside County Deputy Sheriff Eric Andrew Thach Memorial Freeway.

[Filed with Secretary of State September 12, 2000.]

WHEREAS, Riverside County Deputy Sheriff Eric Andrew Thach made the ultimate sacrifice while protecting and serving the people of California on October 8, 1999; and

WHEREAS, On that date, Deputy Thach, while responding to a reported “open door” call at a residence in the Pedley area of Riverside County, which turned out to be a home invasion robbery involving a kidnaping, was ambushed and shot in the back as he approached the residence; and

WHEREAS, Fellow deputies immediately came to Deputy Thach’s aide, and he was transported by ambulance to the hospital where he succumbed to his wounds; and

WHEREAS, The person responsible for Deputy Thach’s death had fled the location on foot and was later shot during a confrontation with members of the Riverside County Sheriff’s Emergency Services Team a few miles from the location; and

WHEREAS, Deputy Thach was born on March 19, 1965, in Van Nuys, California, graduated from Reseda High School in 1983, and married Evelyn on August 22, 1992; and

WHEREAS, Eric Thach, at the age of 31, began his law enforcement career by entering the Riverside Community College Basic Academy, in September 1996, graduated with Class 136 of that academy, and was assigned to the Riverside County Sheriff’s Southwest Detention Center,

where he served until his transfer to the Jurupa Valley Station in January 1999; and

WHEREAS, Deputy Thach was awarded the Riverside County Sheriff's Department Medal of Honor for his sacrifice and devotion to duty, exemplified by his conduct and actions on October 8, 1999; and

WHEREAS, Deputy Thach leaves behind Evelyn, his wife of seven years, his daughter, Shana, his father, Truett, his mother, Robin, his sister, Suzanna, his half-sister, Cindi, and David and Burt, his two brothers-in-law; and

WHEREAS, Deputy Thach was recognized for his devotion to the citizens of Riverside County and the State of California, and to the Riverside County Sheriff's Department; and

WHEREAS, It is appropriate that the portion of State Highway Route 215 between Murrieta Hot Springs Road and McCall Boulevard in the County of Riverside be dedicated to the memory of Deputy Eric A. Thach, who made the ultimate sacrifice in his service to the people of the State of California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the portion of State Highway Route 215 between Murrieta Hot Springs Road and McCall Boulevard in the County of Riverside is hereby officially designated the Riverside County Deputy Sheriff Eric Andrew Thach Memorial Freeway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 135

Senate Concurrent Resolution No. 97—Relative to the Alfred Zampa Memorial Bridge.

[Filed with Secretary of State September 12, 2000.]

WHEREAS, Alfred "Al" Zampa was born on March 12, 1905, in Selby, California, the oldest son of southern Italian immigrants, and the brother to two brothers and two sisters; and

WHEREAS, After graduating from high school, Al Zampa went into business and became the owner of a meat market in Crockett, California until about 1924, when a customer asked him if he wanted to go to work

for that customer on the bridge they were building from Crockett to Vallejo; and

WHEREAS, When after some hesitation, Al Zampa decided to give it a try; and

WHEREAS, The first Carquinez Bridge opened in May of 1927, in part due to Al Zampa's efforts, and that bridge was to be the first of many bridges Al Zampa would work on in his illustrious career as an iron worker; and

WHEREAS, Al Zampa continued working with the company that built the Carquinez Bridge and worked on projects and bridges in Stockton, California and later in Arizona and Texas, returning to California in the early 1930's to work on the Oakland-San Francisco Bay Bridge and the Golden Gate Bridge; and

WHEREAS, On October 20, 1936, this outstanding iron worker fell into the safety net while working on the Golden Gate Bridge and broke four vertebrae in his back; and

WHEREAS, During his years of recuperation following that accident, Al Zampa and a couple of his friends founded the area's first baseball league for the local youth; and

WHEREAS, He later returned to iron work and worked on the second Carquinez Bridge in the 1950's with his two sons, Richard L. (Dick) and Gene; and

WHEREAS, Al Zampa also worked on the Martinez Bridge and the Richmond-San Rafael Bridge and continued to work as a respected iron worker until he retired at the age of 65; and

WHEREAS, Many years after his retirement, and prior to the Golden Gate Bridge's 50-Year Celebration, Al Zampa received much deserved recognition and notoriety; and

WHEREAS, In 1987, he was the subject of a stage play entitled "The Ace" that was performed at Fort Mason in San Francisco, was interviewed by news stations from all over the world, and was interviewed by Charles Kuralt for the national television show "On the Road"; and

WHEREAS, Al Zampa was also interviewed for the History Channel on top of the building of the Golden Gate Bridge and more recently for a new show entitled "Suicide Missions: Skywalkers" which depicts the history of the Iron Worker Union; and

WHEREAS, Al Zampa was always proud to be a 65-year-old union member and grateful to have received a union pension after retiring from Iron Workers Local 378, Oakland, in 1970; and

WHEREAS, Al Zampa strongly believed in supporting the labor endorsed candidates, from the days of Franklin D. Roosevelt to Bill Clinton, and was a staunch lifelong Democrat, having never missed an election; and

WHEREAS, Al Zampa passed away on April 23, 2000, at the age of 95, and will be missed by many; and

WHEREAS, It would be a fitting tribute to Alfred “Al” Zampa to name the soon-to-be-completed westbound span of the Carquinez Bridge as the Alfred Zampa Memorial Bridge; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates the westbound span of the Carquinez Bridge the Alfred Zampa Memorial Bridge in honor and recognition of Alfred “Al” Zampa; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Director of Transportation and to the author for distribution.

RESOLUTION CHAPTER 136

Senate Joint Resolution No. 27—Relative to California-Latin America air service.

[Filed with Secretary of State September 12, 2000.]

WHEREAS, California currently suffers from a disproportionate lack of passenger and air cargo service to many points throughout Latin America, specifically Brazil and Argentina; and

WHEREAS, Business and leisure travelers from California and the western United States are currently forced to fly to Brazil and Argentina via inconvenient gateways on the East Coast or in foreign countries, adding up to 12 hours in round-trip travel time, or on limited, direct service provided by foreign carriers; and

WHEREAS, California’s exports to Argentina are the largest of any state and are the second largest of any state’s exports to Brazil and yet remarkably the state lacks daily nonstop service to either country; and

WHEREAS, Daily nonstop service between Los Angeles and Buenos Aires and Los Angeles and Sao Paulo presents an excellent opportunity to create further regional commercial benefits that will contribute to the economic prosperity of the entire United States; and

WHEREAS, California is a natural gateway to Latin America due to its geographic position, strong passenger demand, and cultural and business ties; and

WHEREAS, California now has the opportunity to benefit from new, nonstop air service to Argentina and Brazil; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully requests that the President of the United States and the Secretary of Transportation assure California that the next air transport agreements between the United States and Brazil and the United States and Argentina provide for direct nonstop service between California and Brazil and Argentina; and be it further

Resolved, That the Legislature respectfully requests that the Secretary of Transportation meet with California's business, community, cultural, and trade representatives to fully assess the need for direct nonstop air service between California and Brazil and Argentina; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President of the United States, the Secretary of Transportation, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 137

Senate Joint Resolution No. 34—Relative to Rosie the Riveter/World War II Home Front National Historical Park.

[Filed with Secretary of State September 12, 2000.]

WHEREAS, Thousands of women and men came to Richmond, California, in the 1940s to produce warships, tanks, and other key items that helped the Allies win World War II; and

WHEREAS, H.R. 3910, introduced by Representative George Miller in the 105th Congress, provided for a feasibility study by the National Park Service to determine whether Rosie the Riveter Park is suitable for designation as a National Park Service Affiliated site; and

WHEREAS, The findings by the National Park Service are that it is feasible, suitable, and appropriate to designate the Rosie the Riveter Memorial as an Affiliated Area in the National Park System, and that the entire publicly-owned area formerly occupied by the Kaiser Richmond shipyards and the Ford Assembly Building should be the site of the Rosie the Riveter/World War II Home Front National Historical Park; and

WHEREAS, In the 106th Congress, Representative Miller has introduced H.R. 4063 in the House of Representatives, and Senators Barbara Boxer and Diane Feinstein have introduced S. 2294 in the Senate, which would establish in Richmond, California, the Rosie the Riveter/World War II Home Front National Historical Park; and

WHEREAS, H.R. 4063 is co-sponsored by Representatives David E. Bonior, Donna M. Christian-Christensen, Rosa L. DeLauro, Lane Evans, Rond Kind, Patsy K. Mink, Bruce F. Vento, Sherrod Brown, Pan Danner, Julian C. Dixon, Martin Frost, Barbara Lee, and Lucille Roybal-Allard; and

WHEREAS, The enactment of H.R. 4063 and S. 2294 would recognize and salute the role of the home front during World War II—particularly the significant changes in the lives of women and minorities; and

WHEREAS, The City of Richmond and the citizens of Richmond have funded virtually all of the land acquisition, infrastructure, and improvements necessary for the establishment of the Rosie the Riveter/World War II Home Front National Historical Park; and

WHEREAS, Establishment of the Rosie the Riveter/World War II Home Front National Historical Park in Richmond, California, will bring prestige to all of California and honor to all Americans whose relatives participated in the home front effort to win World War II; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California memorializes the Congress and the President of the United States to enact H.R. 4063 and S. 2294, which would establish in Richmond, California, the Rosie the Riveter/World War II Home Front National Historical Park; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 138

Assembly Concurrent Resolution No. 8—Relative to California Hispanic Heritage Month.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, President Lyndon B. Johnson first proclaimed National Hispanic Heritage Week on September 17, 1968, in recognition of Hispanic contributions to American culture and history; and

WHEREAS, The original weeklong commemoration was changed to National Hispanic Heritage Month in 1989; and

WHEREAS, The objectives of National Hispanic Heritage Month are to create a greater awareness of Hispanic contributions to American

culture, to illustrate the diversity of the Hispanic community, and to encourage a greater curiosity within young people about the rich history and cultural heritage of Hispanics; and

WHEREAS, The Hispanic influence is evident in American culture whether it is in the area of music, arts, sciences, food, humanities, or business and trade; and

WHEREAS, Hispanics from the Revolutionary War to the Persian Gulf War have proudly served this country in the Armed Forces and during their course of service, 38 Hispanics, including 9 from California, have been awarded the Medal of Honor, the highest honor conferred for military bravery; and

WHEREAS, There are more than 9 million Hispanics in California; and

WHEREAS, Hispanics have contributed to the development and success of California by playing major roles in building this state through agriculture, medicine, science, entertainment, business, education, civil rights, politics, and sports; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California declares September 15 to October 15, 2000, to be California Hispanic Heritage Month, and encourages the observance of this event in communities throughout the state; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 139

Assembly Concurrent Resolution No. 156—Relative to television violence.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, The entertainment industry plays a significant role in determining the content and subject matter of television programming, which, according to experts, has a significant influence on children; and

WHEREAS, Television is bringing an ever increasing amount of violence into the American home given that 25 percent of prime time programming contains very violent material according to the National Coalition of Television Violence; and

WHEREAS, The portrayal of violence has steadily worsened over the years, with the violence during prime time actually tripling during the decade of the 1980's, as reported by the American Academy of Pediatrics; and

WHEREAS, Television programming targeted at children is especially violent, with over 30 acts of violence per hour--an all-time high--according to a University of Pennsylvania study; and

WHEREAS, The average child will watch 8,000 murders and 100,000 acts of violence on television before he or she finishes elementary school; and

WHEREAS, The National Institute of Mental Health states that violence on television leads to aggressive behavior by children and teenagers, who then, according to overwhelming evidence, tend to emulate the behavior they see on television; and

WHEREAS, The violence on television and its destructive impact on children is manifesting itself in greater incidences of juvenile criminal activity at school or in our communities; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California urges the entertainment industry to think seriously about the impact that violence has on the healthy development of children; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the major television and entertainment companies.

RESOLUTION CHAPTER 140

Assembly Concurrent Resolution No. 160—Relative to California Children’s Day.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, Children ages 18 years and under make up almost one-third of California’s population; and

WHEREAS, Children represent California’s most cherished asset and valued resource; and

WHEREAS, Children deserve to be supported, encouraged, protected, and celebrated by their families, caretakers, and community; and

WHEREAS, Children symbolize the future of California and are worthy to have a day set aside to honor their free spirits, their fascination for new experiences, their great capacity for imagination, and their ability to look at the world with wonder; now, therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby proclaims the third Sunday in September as California Children’s Day, and encourages the observance of this day in communities throughout the state by having adults spend time with children going to parks,

museums, or sporting events, or by hiking or simply playing together; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of the resolution to the author for distribution.

RESOLUTION CHAPTER 141

Assembly Concurrent Resolution No. 162—Relative to Pearl Harbor.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, More than a half a century has now passed since December 7, 1941, when Imperial Japan launched a surprise aerial attack on the United States Naval Base at Pearl Harbor on Oahu Island, Hawaii, thereby precipitating the entry of the United States into World War II; and

WHEREAS, That morning and that day radically altered the course of American lives and world history when, without warning, on a peaceful Sunday morning, at daybreak, most of America's Western Navy was destroyed as it lay at anchor; and

WHEREAS, The United States Pacific Fleet was on minimum alert, with one-third of its sailors on weekend shore leave, anti-aircraft guns mostly unmanned and reserve ammunition stored and locked; and

WHEREAS, The attack resulted in the destruction of more than 180 aircraft and the damage or destruction of eight battleships and numerous other ships. The United States suffered casualties of more than 3,400, including 2,710 Navy personnel, 178 Marine Corps personnel, 595 Army personnel, and 89 civilians. The attack resulted in the deaths of 2,395 persons, causing heartbreaking loss to the families and other loved ones of the dead and the wounded; and

WHEREAS, The Japanese attackers, by contrast, lost fewer than 100 lives, with minor loss of planes, midget submarines, and fleet submarines; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature—on behalf of the people of California—dutifully pay tribute to and commemorate the brave Americans at Pearl Harbor who gave their lives and those Americans wounded in that infamous attack; and be it further

Resolved, Men and women of Pearl Harbor: We do remember you and vow never to forget you.

RESOLUTION CHAPTER 142

Assembly Concurrent Resolution No. 173—Relative to the CHP Officer Larry J. Jaramillo Memorial.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, California Highway Patrol Officer Larry J. Jaramillo, a dedicated officer, died in the line of duty in a traffic collision on State Highway Route 395 at the Kern County San Bernardino County line, while returning from court in Inyo County on June 22, 1993; and

WHEREAS, Officer Larry J. Jaramillo attended Monte Vista High School in San Jose, California, from which he joined the United States Marine Corps in 1976 where he served honorably until November 24, 1981; and

WHEREAS, Officer Jaramillo joined the Department of the California Highway Patrol in 1985, after successfully completing training at the patrol academy where he received the outstanding athlete award for his class, and, upon graduation, Officer Jaramillo reported to Morongo Basin, as a state traffic safety officer in December 1985; and

WHEREAS, In 1989, Officer Jaramillo tested and qualified with the department to become a fixed wing pilot and was assigned to the Inland Division Air Operations Unit stationed in Daggett, California; and

WHEREAS, On December 8, 1992, Officer Jaramillo received the second highest award that the department may bestow, the Special Act Award, for his rescue of two young men stranded in the snow-covered mountains of Kern County during which Officer Jaramillo continued his search for the young men despite warnings of adverse weather conditions, endangering his life to continue the search until the men were found; and

WHEREAS, On April 3, 1993, Officer Jaramillo was honored as the Officer of the Year by the Latino Peace Officers Association; and

WHEREAS, Officer Larry J. Jaramillo, as a result of his steadfast dedication to the citizens of the State of California, and his commitment and contributions to the safety of the motoring public represented the Department of the California Highway Patrol in an outstanding manner; and

WHEREAS, In recognition of his ultimate sacrifice for the citizens of the state, it is appropriate that on the northbound and southbound portions of State Highway Route 395 at milepost marker 66.0 in the unincorporated area of San Bernardino County that appropriate memorials be placed to honor the memory of this selfless officer; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation is requested to grant,

without charge, the necessary encroachment permits authorizing appropriate memorials, funded by nonstate sources, to be placed within the rights-of-way of northbound and southbound State Highway Route 395 at milepost marker 66.0; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 143

Assembly Concurrent Resolution No. 174—Relative to the California Highway Patrol Officer Kenneth L. Archer and Officer Robert G. Carey Memorial.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, California Highway Patrol Officer Robert G. Carey was piloting a departmental helicopter on February 24, 1982, in response to an emergency call of a downed aircraft in the Harper Lake area north of State Highway Route 58, when he and his fellow officer, flight observer Kenneth L. Archer, gave their lives in the line of duty as their helicopter crashed at Harper Lake; and

WHEREAS, Officer Robert G. Carey joined the Department of the California Highway Patrol in December, 1965, graduating from the patrol academy on March 3, 1966, serving initially in the Indio area and transferring to the Visalia area on August 19, 1966; and

WHEREAS, Officer Kenneth L. Archer after graduating from Covina High School in Covina, California in 1957, joined the United States Air Force in August 1957, served honorably until September 1960, and continued to serve his country in the Air Force Reserves until 1963; and

WHEREAS, Officer Archer joined the Department of the California Highway Patrol on July 14, 1969, graduating from the patrol academy on November 10, 1969, serving initially in the South Los Angeles area, and transferring to the Barstow area on March 12, 1970, where he served as the School Bus, Vehicle Identification, and Public Affairs officer; and

WHEREAS, On June 8, 1981, Officer Carey was assigned to the Inland Division Air Operation Unit as a helicopter pilot stationed at Daggett, California; and

WHEREAS, On March 1, 1980, Officer Archer was assigned to the Inland Division Air Operation Unit as a flight observer stationed at Daggett, California; and

WHEREAS, Officers Carey and Archer, as a result of their unwavering dedication to the citizens of the State of California, and their

commitment and contributions to the safety of the motoring public represented the Department of the California Highway Patrol in an outstanding manner; and

WHEREAS, In recognition of their ultimate sacrifice, it is appropriate that on the westbound and eastbound portions of State Highway Route 58 in the unincorporated area of San Bernardino County that appropriate memorials to the memory of these fine officers be placed within the rights-of-way of State Highway Route 58 at milepost marker 18.3; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation is requested to grant, without charge, the necessary encroachment permits authorizing appropriate memorials, honoring the memory of Officers Robert G. Carey and Kenneth L. Archer, funded by nonstate sources, to be placed within the rights-of-way of westbound and eastbound State Highway Route 58 at milepost marker 18.3; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 144

Assembly Concurrent Resolution No. 175—Relative to honoring the family.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, The family unit plays a key role in establishing a foundation of values and morality in individuals, and, consequently, in developing responsible citizens; and

WHEREAS, It is within the family that individuals, as family members, learn right from wrong, and learn how to be kind to others and how to love one another; and

WHEREAS, The family is our most important social institution; and

WHEREAS, Today’s society is at risk of abandoning the heritage that was passed on to us by our parents, resulting in the breakdown of the family and in cultural decline; and

WHEREAS, It is becoming increasingly difficult for families to impart standards of ethical behavior to their children and to pass on a cultural heritage for the benefit of humanity; and

WHEREAS, The President of the United States of America and the United States Congress have traditionally declared a week in November as National Family Week; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That mothers, fathers, husbands, wives, and children be encouraged to join together as a family to protect and nurture each other to ensure the tremendous blessings that are a result of having a family; and be it further

Resolved, That the Legislature commends the mothers, fathers, sons, and daughters that have shown the discipline necessary to preserve a code of moral and ethical behavior by maintaining strong families; and be it further

Resolved, That the Legislature directs the attention of the public to the positive contributions to the people of California by the family unit; and be it further

Resolved, That the Legislature recognizes the month of November 2000 as California Family Month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 145

Assembly Concurrent Resolution No. 177—Relative to Confucius Day.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, Confucius was a great sage, a great educator, and one of the most influential and respected philosophers in world history; and

WHEREAS, Confucian ideals have been a cornerstone for the development of culture, society, government, and education in many countries throughout history and the world; and

WHEREAS, Confucius authored the Lun-yii, also known as the Analects of Confucius, and a group of texts known as the “Five Classics” which have guided many countries in the attainment of social, economic, and education equity; and

WHEREAS, The fundamental belief of Confucian ideology is “humanity,” a belief that people possess qualities, such as morality and benevolence, which distinguish them from animals; and

WHEREAS, Confucian philosophy advocates filial piety, loyalty, and reciprocity, which are qualities that are universally honored; and

WHEREAS, Confucius, as a teacher, believed people have integrity and dignity and are equal and educable; and

WHEREAS, Confucian teaching holds that there is abundant potential in each student, that there are no class distinctions, and that by nature all people are one and the same; and

WHEREAS, Confucian philosophy promotes “open door” schools and instruction that is both formal and informal; and

WHEREAS, Confucian doctrine tells us that the interaction between teacher and student is one of the most important relationships, promoting mutual trust, honor, and respect; and

WHEREAS, Confucian philosophy tells us that it is through the teaching profession that our communities learn to communicate to others the culture and values of their home and are in turn able to learn of the cultures and values of other people in the world; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That September 28, the birthday of one of the world’s greatest teachers “Confucius,” be designated each year as Confucius Day; and be it further

Resolved, That the state, on Confucius Day, recognizes and honors teachers for their dedication and hard work; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor, the Lieutenant Governor, the Secretary of State, and the Superintendent of Public Instruction.

RESOLUTION CHAPTER 146

Assembly Concurrent Resolution No. 179—Relative to postsecondary education.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, California faces a powerful enrollment demand surge for higher education in the coming decade that is generally referred to as “Tidal Wave II”; and

WHEREAS, The California Postsecondary Education Commission anticipates that 714,000 more Californians will seek a higher education between the years 2000 and 2010; and

WHEREAS, The California Postsecondary Education Commission anticipates a total enrollment demand increase at the California State University of more than 129,000 students annually by the year 2010; and

WHEREAS, The California Postsecondary Education Commission has further found that economic conditions, educational reforms, progress in preparing students from all groups and locales for college, and other factors will converge to produce these historic increases in demand for higher education enrollment; and

WHEREAS, The commute facing students traveling from Contra Costa County to the nearest state university, California State University,

Hayward, has grown increasingly difficult due to heavy traffic congestion; and

WHEREAS, A significant increase in population is expected in Contra Costa County and surrounding areas; and

WHEREAS, It is the intent of the Legislature that public programs of postsecondary education be made available to qualified persons throughout this state, including areas with a substantial existing population or with a substantial projected population that are isolated from campuses of the California State University; and

WHEREAS, A Contra Costa campus, located in Concord, has been established as a satellite campus of California State University, Hayward, to provide added resources for the California State University system; and

WHEREAS, The Contra Costa campus of California State University, Hayward, provides students with upper division services and graduate courses at a unique campus setting on 384 acres; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Trustees of the California State University are requested to conduct a thorough and comprehensive study of the educational needs of Alameda and Contra Costa Counties, including consideration of the expansion of programs and services, and the need for establishing a separate, independent university at the Contra Costa campus of California State University, Hayward; and be it further

Resolved, That, in connection with the expansion of the satellite campus, the Trustees of the California State University are requested to conduct a needs assessment for the expansion of programs and services at the Contra Costa campus, including the specific elements required by the California Postsecondary Education Commission; and be it further

Resolved, That the Legislature requests that the needs assessment incorporate a detailed survey of the areas served by the Contra Costa campus and include, but not be limited to, a population projection, an industry and income profile, an analysis of the specific education program requirements of potentially qualified students, an assessment of the need for educational services at the upper division and graduate levels, and an assessment of the services currently provided by other public and private institutions of postsecondary education, including the University of California and the California Community Colleges; and be it further

Resolved, That the Legislature requests that the needs assessment and survey include the feasibility of collaborative arrangements between the Contra Costa Community College and California State University, Hayward; the development of additional facilities, including conference facilities; the impacts to the Concord community; and potential collaboration with public and private entities, including, but not

necessarily limited to, local governments and health care providers; and be it further

Resolved, That the Legislature requests the Trustees of the California State University to review the results of the needs assessment and survey and forward the results of that review by May 1, 2001, to the California Postsecondary Education Commission for its review pursuant to Section 66904 of the Education Code.

RESOLUTION CHAPTER 147

Assembly Concurrent Resolution No. 180—Relative to the CHP Officers Walter Frago and Roger Gore, Memorial Freeway.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, On April 5, 1970, four California Highway Patrol Officers were murdered in one of the worst uniformed police officer killing incidents in American history; and

WHEREAS, Officers George Aleyn, Walter Frago, James Pence Jr., and Roger Gore were gunned down just off of Interstate 5; and

WHEREAS, Two of those officers, Walter Frago and Roger Gore were from Merced County, Officer Frago having grown up in Merced, while Roger Gore resided in Snelling; and

WHEREAS, The officers were on the lookout for a suspect who had been reportedly seen brandishing a weapon; and

WHEREAS, Officer's Frago and Gore were the first on the scene, pulling over a vehicle with two men, when a gun fight ensued leaving both of these fine officers dead at the age of 23 years; and

WHEREAS, This tragic incident continues to live in the memory of the law enforcement community, local residents of Merced County, and citizens throughout the state; and

WHEREAS, It is appropriate that the sacrifice of these two young men be remembered on a highway memorializing their dedication to duty; and

WHEREAS, It is also fitting that the section of highway designated in their memory consist of a section of State Highway Route 99 between Mission Avenue and the new Campus Parkway in Merced County leading to the University of California, Merced, thereby making the promise and dedication of these two fine young officers a symbol to the youth of the new university campus that honor and responsibility are to be taken seriously; and

WHEREAS, This portion of the highway can become a link between the sacrifice of the past which has created the present, and the efforts of all our citizens to forge the future; and

WHEREAS, This memorial highway will continue to remind all of us of the sacrifice all California Highway Patrol officers and other peace officers who continue to perform on a daily basis without regard for personal safety; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby dedicates the section of State Highway Route 99, between Mission Avenue and the new Campus Parkway in Merced County, to the memories of California Highway Patrol Officers Walter Frago and Roger Gore; and be it further

Resolved, That that portion of State Highway Route 99 be officially designated the “CHP Officers Walter Frago and Roger Gore, Memorial Freeway”; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 148

Assembly Concurrent Resolution No. 183—Relative to a sister state relationship with the State of Jalisco, Mexico/Relación de hermandad con el Estado de Jalisco, México.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, Governor Alberto Cárdenas and the Legislature of the State of Jalisco, United Mexican States, have demonstrated goodwill to the people of California, hosting a visit by the California delegation of legislators on August 4 through August 6, 1999; and

WHEREAS, The State of California and the State of Jalisco, United Mexican States, share a mutually beneficial economic relationship that includes trade , investments, and commerce in the areas of high technology manufacturing, agriculture, tourism, and other important industries; and

WHEREAS, Generations of people from the State of Jalisco reside in the State of California, belonging to numerous hometown associations from the State of Jalisco and representing the most populous Mexican community in the State of California; and

WHEREAS, The people and cultural heritage of the State of Jalisco have enriched art and culture in the State of California in a variety of ways, including a stone kiosk donated to the City of Los Angeles by Governor Cárdenas as a symbol of goodwill and cultural interchange, the naming of the State of California by Governor Cárdenas as the honored guest of the Sixth International Mariachi Festival held in the Capitol City of Guadalajara from August 28 through September 5, 1999, and the commemoration of the “Day of the Jalisciense Abroad” in the State of Jalisco to strengthen ties with the Mexican community in the United States; and

WHEREAS, The State of California and State of Jalisco have supported cooperative research by universities in California and Jalisco to promote bilateral economic development and to stimulate employment in Mexican immigrant-sending communities, thereby providing mutual benefit to the people of the State of California and the State of Jalisco; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California, on behalf of the people of the State of California, extends to the people of the State of Jalisco in Mexico an invitation to join with the State of California in a sister state relationship (relación de hermandad con el Estado de Jalisco, México) in order to encourage and facilitate mutually beneficial educational, economic, and cultural exchanges; and be it further

Resolved, That it is the intent of the Legislature through a sister state relationship with the State of Jalisco:

(1) To promote the economic growth and well-being of small, medium, and large companies in California by increasing their potential for trade and investment with the State of Jalisco.

(2) To provide a forum for sustained goodwill and cooperation between the elected leaders of the State of California and the State of Jalisco.

(3) To promote bilateral ties that lead to a more indelible and lasting relationship between the citizens of California and the citizens of Jalisco; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor of California, to the Governor of Jalisco, to the State Congress of Jalisco, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 149

Assembly Concurrent Resolution No. 184—Relative to Demonstration Projects under the State Children's Health Insurance Program.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, In 1997, Congress established the State Children's Health Insurance Program (SCHIP) to provide health coverage to low income, uninsured children meeting certain eligibility criteria; and

WHEREAS, California implemented the SCHIP with the enactment of the Healthy Families Program (Chapter 623, Statutes of 1997) and eligibility expansions under the Medi-Cal Program (Chapters 624 and 626, Statutes of 1997). Together, these programs provide health coverage to children with family incomes of up to 250 percent of the federal poverty level; and

WHEREAS, The Healthy Families program has enrolled over 330,000 children; and

WHEREAS, Many of the parents of children enrolled in Healthy Families and Medi-Cal do not have health coverage; and

WHEREAS, The federal Department of Health and Human Services issued a guidance letter on July 31, 2000, which allows states to conduct demonstration projects under the SCHIP; and

WHEREAS, The letter authorizes projects that, among other things, provide coverage for parents of children enrolled in SCHIP and fund public health initiatives serving all low-income children; and

WHEREAS, California has lower rates of job-based insurance and higher uninsured rates than the rest of the United States and the percentage of uninsured persons in California has been increasing over time; and

WHEREAS, One-third of Californians without health coverage report that they did not seek medical care when they needed it because of the cost, that the uninsured have poorer health status than those with coverage, and that the uninsured have significantly lower rates of receiving recommended preventative care than those with coverage; and

WHEREAS, The federal government would contribute two-thirds of the cost of coverage under the demonstration projects; and

WHEREAS, Most states, including California, are not projected to spend the full amount of their federal allocation for the SCHIP on coverage of eligible uninsured children; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature urges the Managed Risk Medical Insurance Board to apply for a demonstration project under the SCHIP by October 15, 2000, and that the application at least include a proposal

for covering parents of children enrolled in California's SCHIP and a proposal for public health initiatives providing services to all low-income children; and be it further

Resolved, That the Managed Risk Medical Insurance Board prepare the demonstration project proposal in consultation with the State Department of Health Services; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 150

Assembly Concurrent Resolution No. 185—Relative to Native American tribal rights.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, The United States Constitution gives Congress the power “to regulate Commerce with foreign Nations, and among the several States, and with the Indian Tribes” (Section 8, Article I, U.S. Const.) thus recognizing Native American tribes as separate and independent political communities within the territorial boundaries of the United States; and

WHEREAS, The United States Constitution has been construed to recognize Indian sovereignty by classifying Indian treaties as part of the “supreme law of the land,” and to establish Indian affairs as a unique area of federal concern; and

WHEREAS, Congress and the President of the United States have enacted measures that promote tribal economic development, tribal self-sufficiency, and a strong tribal government, such as the federal Indian Gaming Regulatory Act (25 U.S.C. Sec. 2701 and following); and

WHEREAS, Previous presidents have consistently affirmed tribal sovereignty and, thus, the rights of Indian nations in the following ways: President Lyndon B. Johnson recognized “the right of the first Americans ... to freedom of choice and self-determination”; President Nixon strongly encouraged “self-determination” among the Indian people; President Reagan pledged “to pursue the policy of self-government” for Indian tribes and reaffirmed “the government-to-government basis” for dealing with Indian tribes; and President Bush recognized that the federal government’s “efforts to increase tribal self-governance have brought a renewed sense of pride and empowerment to this country’s native peoples”; and

WHEREAS, The Legislature of the State of California is committed to strengthening and assisting Indian tribal governments in their development and to promoting Indian self-governance; and

WHEREAS, The Legislature supports and is committed to the enforcement of the Indian Civil Rights Act of 1968 (25 U.S.C. Sec. 1301 and following), which safeguards tribal sovereignty while simultaneously ensuring that the civil rights of Indian people are protected; and

WHEREAS, Because the Legislature recognizes and respects tribal customs and traditions, it is important that the state government work to preserve tribal cultures; and

WHEREAS, The Legislature acknowledges that tribal governments now are able to provide tribal members with better health care services, education, job training, employment opportunities, and other basic essentials; and

WHEREAS, The Legislature further recognizes that tribal governments have been generous benefactors—helping their neighbors in making California communities as good as they can be; and

WHEREAS, The people of the State of California overwhelmingly indicated their support for Indian sovereignty through the passage of Proposition 5, the Tribal Government Gaming and Self-Sufficiency Act of 1998, by a vote of 63 percent at the November 3, 1998, general election and Proposition 1A, the Gambling on Tribal Lands Initiative, by a vote of 64.5 percent at the March 20, 2000, primary election; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California reaffirms state recognition of the sovereign status of federally recognized Indian tribes as separate and independent political communities within the territorial boundaries of the United States, encourages all state agencies, when engaging in activities or developing policies affecting Native American tribal rights or trust resources, to do so in a knowledgeable, sensitive manner that is respectful of tribal sovereignty, and, in recognizing their tribal sovereignty, encourages all state agencies to continue to reevaluate and improve the implementation of laws that affect Native American tribal rights; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to all federally recognized tribes in California, Members of Congress, and the President of the United States.

RESOLUTION CHAPTER 151

Assembly Joint Resolution No. 49—Relative to Filipino veterans.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, The Philippine Islands, as a result of the Spanish-American War, were a possession of the United States between 1898 and 1946; and

WHEREAS, In 1934, the Philippine Independence Act (P.L. 73-127) set a 10-year timetable for the eventual independence of the Philippines and in the interim established a government of the Commonwealth of the Philippines with certain powers over its own internal affairs; and

WHEREAS, The granting of full independence ultimately was delayed for two years until 1946 because of the Japanese occupation of the islands from 1942 to 1945; and

WHEREAS, Between 1934 and the final independence of the Philippine Islands in 1946, the United States retained certain sovereign powers over the Philippines, including the right, upon order of the President of the United States, to call into the service of the United States Armed Forces all military forces organized by the Commonwealth government; and

WHEREAS, President Franklin D. Roosevelt, by Executive Order of July 26, 1941, brought the Philippine Commonwealth Army into the service of the United States Armed Forces of the Far East under the command of Lieutenant General Douglas MacArthur; and

WHEREAS, Under the Executive Order of July 26, 1941, Filipinos were entitled to full veterans benefits; and

WHEREAS, Approximately 200,000 Filipino soldiers, driven by a sense of honor and dignity, battled under the United States Command after 1941 to preserve our liberty; and

WHEREAS, There are four groups of Filipino nationals who are entitled to all or some of the benefits to which United States veterans are entitled. These are:

(1) Filipinos who served in the regular components of the United States Armed Forces.

(2) Regular Philippine Scouts, called “Old Scouts,” who enlisted in Filipino-manned units of the United States Army prior to October 6, 1945. Prior to World War II, these troops assisted in the maintenance of domestic order in the Philippines and served as a combat-ready force to defend the islands against foreign invasion, and during the war, they participated in the defense and retaking of the islands from Japanese occupation.

(3) Special Philippine Scouts, called “New Scouts,” who enlisted in the United States Armed Forces between October 6, 1945, and June 30,

1947, primarily to perform occupation duty in the Pacific following World War II.

(4) Members of the Philippine Commonwealth Army who on July 26, 1941, were called into the service of the United States Armed Forces. This group includes organized guerrilla resistance units that were recognized by the United States Army; and

WHEREAS, The first two groups, Filipinos who served in the regular components of the United States Armed Forces and Old Scouts, are considered United States veterans and are generally entitled to the full range of United States veterans benefits; and

WHEREAS, The other two groups, New Scouts and members of the Philippine Commonwealth Army, are eligible for certain veterans benefits, some of which are lower than full veterans benefits; and

WHEREAS, United States veterans medical benefits for the four groups of Filipino veterans vary depending upon whether the person resides in the United States or the Philippines; and

WHEREAS, The eligibility of Old Scouts for benefits based on military service in the United States Armed Forces has long been established; and

WHEREAS, The federal Department of Veterans Affairs operates a comprehensive program of veterans benefits in the present government of the Republic of the Philippines, including the operation of a federal Department of Veterans Affairs office in Manila; and

WHEREAS, The federal Department of Veterans Affairs does not operate a program of this type in any other country; and

WHEREAS, The program in the Philippines evolved because the Philippine Islands were a United States possession during the period 1898–1946, and many Filipinos have served in the United States Armed Forces, and because the preindependence Philippine Commonwealth Army was called into the service of the United States Armed Forces during World War II (1941–1945); and

WHEREAS, Our nation has failed to meet the promises made to those Filipino soldiers who fought as American soldiers during World War II; and

WHEREAS, The Congress passed legislation in 1946 limiting and precluding Filipino veterans that fought in the service of the United States during World War II from receiving most veterans benefits that were available to them before 1946; and

WHEREAS, Many Filipino veterans have been unfairly treated by the classification of their service as not being service rendered in the United States Armed Forces for purposes of benefits from the federal Department of Veterans Affairs; and

WHEREAS, All other nationals who served in the United States Armed Forces have been recognized and granted full rights and benefits,

but the Filipinos, as American nationals at the time of service, were and still are denied recognition and singled out for exclusion, and this treatment is unfair and discriminatory; and

WHEREAS, On October 20, 1996, President Clinton issued a proclamation honoring the nearly 100,000 Filipino veterans of World War II, soldiers of the Philippine Commonwealth Army, who fought as a component of the United States Armed Forces alongside allied forces for four long years to defend and reclaim the Philippine Islands, and thousands more who joined the United States Armed Forces after the war; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States during the Second Session of the 106th Congress to take action necessary to honor our country's moral obligation to provide these Filipino veterans with the military benefits that they deserve, including, but not limited to, holding related hearings, and acting favorably on legislation pertaining to granting full veterans benefits to Filipino veterans of the United States Armed Forces; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 152

Assembly Joint Resolution No. 69—Relative to national forest lands.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, The April 1999 General Accounting Office report entitled “Western National Forests, a Cohesive Strategy is Needed to Address Catastrophic Wildfire Threats” states, “The most extensive and serious problem related to the health of national forests in the interior west is the overaccumulation of vegetation, which has caused an increasing number of large, intense, uncontrollable, and catastrophically destructive wildfires”; and

WHEREAS, The April 2000 U.S. Forest Service report entitled, “Protecting People and Sustaining Resources in Fire-Adapted Ecosystems: Cohesive Strategy” in response to the General Accounting Office report, confirmed the conclusion stated above and further warns, “Without increased restoration treatments... wildfire suppression costs, natural resource losses, private property losses, and environmental

damage are certain to escalate as fuels continue to accumulate and more acres become high-risk.” The report also specifies that, at a low intensity, fire is ecologically beneficial, and has positive effects on biodiversity, soil productivity, and water quality; and

WHEREAS, The U.S. Forest Service further acknowledges that 39 million acres of national forest are at significant risk of catastrophic wildfire and an additional 26 million acres will be at similar risk due to increases in the mortality of trees and brush caused by insects and disease; and

WHEREAS, The National Research Council and the Federal Emergency Management Agency recognized catastrophic wildfires such as those in California in 1993 and Florida in 1998 as among the defining natural disasters of the 1990s; and

WHEREAS, Catastrophic wildfires not only cause damage to the forests and other lands, but place the lives of firefighters at risk and pose threats to human health, personal property, sustainable ecosystems, air, and water quality; and

WHEREAS, According to the National Fire Protection Association, wildland-urban interface catastrophic wildfires from 1985 to 1994 destroyed 9,925 homes, and in 1999 alone burned 6 million acres of public lands nationwide, equivalent to a 1.5 mile-wide swath from Washington D.C. to Los Angeles and back; and

WHEREAS, The escaped Cerro Grande Prescribed Fire in May 2000, which consumed 48,000 acres and destroyed 400 homes with losses exceeding \$1 billion in Los Alamos, New Mexico, and the escaped Lowden Prescribed Fire in 1999 that destroyed 23 homes in Lewiston, California, highlight, the unacceptable risks of using prescribed burning if, as reported, that burning was the sole forest management practice of federal land management agencies; and

WHEREAS, High-risk forest fuel has accumulated in combination with reduced fire response capability by federal agencies during the 1990s, resulting in catastrophic wildfires becoming more difficult and expensive to extinguish with a disproportionate burden being placed on state and local resources, while the costs to fight these fires increased by 150 percent between 1986 and 1994, and the costs of maintaining a readiness force increased by 70 percent between 1992 and 1997; and

WHEREAS, Current planning efforts of the U.S. Forest Service such as the Sierra Nevada Framework, Interior Columbia Basin Ecosystem Management Project, the Roadless Initiative, and the Federal Monument proclamations rely primarily on extensive use of prescribed fire, which will further exacerbate the risk of catastrophic wildfire on federal lands throughout the west; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That in the interest of protecting the integrity and posterity of our

forest and wild lands, wildlife habitat, watershed, air quality, human health and safety, and private property, the U.S. Forest Service and other federal land management agencies must immediately implement a cohesive strategy to reduce the overabundance of forest fuels that place these resources at high risk of catastrophic wildfire; and be it further

Resolved, That the agencies utilize an appropriate mix of fire suppression activities and forest management methodologies, including selective thinning, selective harvesting, grazing, the removal of excessive ground fuels, and small-scale prescribed burns, including increased private, local, and state contracts for prefire treatments on federal forest lands. More effective fire suppression in federal forestlands should be pursued through increased funding of mutual aid agreements with professional state and local public firefighting agencies; and be it further

Resolved, That, in the interest of forest protection and rural community safety, the Departments of Agriculture and Interior immediately draft for public review and adoption a national prescribed fire strategy for public lands that creates a process for evaluation of worst case scenarios for risk of escape and identifies alternatives that will achieve the land management objectives while minimizing the risk and use of prescribed fire. This strategy should be incorporated into any regulatory land-use planning program that propose the use of prescribed fire as a management practice; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution, endorsed by the Western Legislative Forestry Task Force, to President Clinton, Vice President Gore, Secretary of the Interior Babbitt, Secretary of Agriculture Dan Glickman, the Members of Congress from all of the western states, the U.S. Forest Service, the U.S. Park Service, and the Bureau of Land Management.

RESOLUTION CHAPTER 153

Assembly Joint Resolution No. 77—Relative to electricity rates.

[Filed with Secretary of State September 18, 2000.]

WHEREAS, The average wholesale price of electricity, since June 2000, has increased by 270 percent compared to the same period in 1999, and neither growth in the demand for electricity nor increases in natural gas prices can justify these extraordinary price increases; and

WHEREAS, These extraordinarily high electricity costs are threatening the economic well-being of California consumers and businesses, and the financial viability of the electrical corporations that

serve them, and there is an immediate and severe impact on the California economy as a result of the dysfunctioning wholesale electric markets; and

WHEREAS, The Federal Energy Regulatory Commission (FERC) has recognized the crisis facing California and has begun a formal investigation into the wholesale markets serving California consumers and businesses, and as part of this investigation, FERC has established processes that could result in the issuance of refunds for prices that are found to be unjust and unreasonable; and

WHEREAS, The Legislature appreciates this important step by FERC, but finds that the harm to electric consumers and businesses is too great to rely solely on the potential for refunds; and

WHEREAS, It is necessary to act now to ensure that only costs that are just and reasonable are passed through to consumers; and

WHEREAS, The states of New England have recognized the need to protect consumers from market imperfections by incorporating a market monitoring and correction function, which allows prices to be reviewed and reset whenever market prices diverge from the levels expected from functioning competitive markets; and

WHEREAS, It is useful to build on the experiences of other states in deciding how best to proceed; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Electricity Oversight Board, working with the Public Utilities Commission, shall petition FERC to modify the Independent System Operator (ISO) tariffs to require that the prices in the energy and ancillary services markets are just and reasonable whether they result from the operation of these markets or other mechanisms. Whenever the Electricity Oversight Board finds that prices diverge from prices that are just and reasonable, the Electricity Oversight Board, in consultation with the Public Utilities Commission, shall recommend to FERC and the Independent System Operator those remedial actions, including the retroactive recalculation of the market-clearing price to just and reasonable levels as may be necessary to achieve fair and reasonable wholesale prices; and be it further

Resolved, That the Public Utilities Commission, in consultation with the Electricity Oversight Board, shall investigate the most effective mechanisms to protect consumers from price volatility, energy exports, and unreasonably high prices caused by an uncompetitive market. The Electricity Oversight Board shall direct the Independent System Operator to show cause why the price caps in the ancillary services and real-time energy markets should not be lowered to \$100 per megawatt-hour immediately and continue until at least March 31, 2001. The board shall report back to the Legislature by December 1, 2000,

regarding price caps in the ancillary services and real-time energy markets and be it further

Resolved, That the Public Utilities Commission, on or before September 21, 2000, shall issue an order instituting an investigation to review the impact of the current electricity crisis on consumers and those electrical corporations subject to the “Section 368(a) rate freeze,” with emphasis on the options for correcting the electricity market, methods to eliminate price volatility for consumers, and methods of cost recovery and cost allocation; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, the Chair of the Federal Energy Regulatory Commission, the Chair of the Electricity Oversight Board, the Chair of the Independent System Operator governing board, and the President of the Public Utilities Commission.

RESOLUTION CHAPTER 154

Senate Concurrent Resolution No. 82—Relative to the California State University.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, It is the intent of the Legislature that public programs of postsecondary education be made available to qualified persons throughout this state, including areas of substantial existing or projected population that are isolated from any campus of the California State University; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly concurring, That the Legislature requests the Trustees of the California State University to conduct an educational needs demand assessment in Crescent City to be served by California State University, Humboldt. The assessment shall include, but not be limited to, joint and collaborative programs that utilize the existing facilities of the College of the Redwoods and other approaches the purpose of which would be to continue to offer educational programs at the upper division and graduate levels; and be it further

Resolved, That the Legislature requests the trustees to review the results of the assessment and, if they deem appropriate, work with California State University, Humboldt, to expand, enhance, or create new upper division and graduate level opportunities in the communities

in its service area, including facilities of the College of the Redwoods, extension programs, and other approaches. The California State University is requested to report the results of this process to the Legislature during the budget deliberations for the 2001–02 fiscal year.

RESOLUTION CHAPTER 155

Senate Concurrent Resolution No. 85—Relative to the Jeffrey Lynn Azuar Memorial Highway.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, Vallejo Police Officer Jeffrey Lynn Azuar was killed in the line of duty on April 12, 2000; and

WHEREAS, Officer Azuar was born and raised in Vallejo and served the community as an officer with the Vallejo Police Department for over 21 years; and

WHEREAS, During his career with the Vallejo Police Department, Officer Azuar served as a patrol officer, a narcotics officer, a member of the SWAT team, a member of the Honor Guard, and a K-9 officer; and

WHEREAS, Officer Azuar received several commendations for dedication and service to his community; and

WHEREAS, Officer Azuar's career is particularly distinguished by the regard, respect, and love held for him by his coworkers and the people of Vallejo; and

WHEREAS, In recognition of Officer Azuar's service and ultimate sacrifice for the people of Vallejo, it is appropriate that the section of Interstate Highway Route 80 that passes through Vallejo, from the Carquinez Bridge to Columbus Parkway, be dedicated to the memory of Vallejo Police Officer Jeffrey Lynn Azuar; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates the section of Interstate Highway Route 80 that passes through Vallejo, from the Carquinez Bridge to Columbus Parkway, the Jeffrey Lynn Azuar Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of erecting the appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation, and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 156

Senate Concurrent Resolution No. 91—Relative to the Joint Legislative Committee on Prison Construction and Operations.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, The Department of Corrections currently operates 33 state adult correctional facilities, 38 camps, and 56 community correctional facilities, housing more than 155,000 inmates. The Department of Corrections also retains jurisdiction over more than 100,000 parolees; and

WHEREAS, Public safety remains a high priority for Californians. In addition, Californians are demanding greater fiscal accountability for the operation of correctional facilities; and

WHEREAS, Controlling the rapid growth of corrections construction and operations costs is one of the greatest challenges facing this state. The total proposed budget for the Department of Corrections for the 2000–01 fiscal year exceeds \$5,100,000,000; and

WHEREAS, Senate Concurrent Resolution 67 of the 1998–99 Regular Session reauthorized the existence of the Joint Legislative Committee on Prison Construction and Operations until November 30, 2000; and

WHEREAS, In order to provide for joint legislative oversight of the state's fastest growing segment of government, and to ensure a sense of fiscal responsibility to the people of California, it is vital that the Legislature reestablish the Joint Legislative Committee on Prison Construction and Operations; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Legislative Committee on Prison Construction and Operations is hereby reestablished. The committee shall assume primary responsibility for providing legislative scrutiny over prison construction and operations; and be it further

Resolved, That the committee shall also review and make recommendations on inmate population management issues as they affect problems of overcrowding, recidivism, and the successful return to society by inmates; and be it further

Resolved, That the committee shall consist of four Members of the Senate appointed by the Senate Committee on Rules, and four Members

of the Assembly appointed by the Speaker of the Assembly. A Member of the Senate shall chair the committee. The chairperson shall appoint staff persons who shall be authorized to inspect prison facilities and departmental documents, except as otherwise provided by law; and be it further

Resolved, That the committee and its members shall have all of the rights, duties, and powers conferred upon investigating committees and their members by the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which rules are incorporated herein and made applicable to this committee and its members; and be it further

Resolved, That the Senate Committee on Rules may make money available from the Senate Operating Fund as it deems necessary for the expenses of the Joint Legislative Committee on Prison Construction and Operations and its members. Any expenditure of money shall be made in compliance with policies set forth by the Senate Committee on Rules and shall be subject to the approval of the Senate Committee on Rules; and be it further

Resolved, That the Joint Legislative Committee on Prison Construction and Operations shall, within 15 days of authorization and consistent with the normal annual appropriations process for funding legislative committees, present its initial budget to the Senate Committee on Rules for its review, comment, and approval; and be it further

Resolved, That the Joint Legislative Committee on Prison Construction and Operations shall submit a report at the end of each legislative session to the Legislature on its activities; and be it further

Resolved, That the Joint Legislative Committee on Prison Construction and Operations is authorized to act until November 30, 2002, at which time the committee's existence shall terminate; and be it further

Resolved, That the Secretary of the Senate transmit a suitably prepared copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 157

Senate Concurrent Resolution No. 94—Relative to former California Congressman Norman Y. Mineta.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, President Clinton has appointed former California Congressman Norman Y. Mineta to become his new Secretary of

Commerce, and he has been confirmed by the United States Senate and sworn in as Secretary of Commerce for the United States of America; and

WHEREAS, Mineta thus becomes the first Asian Pacific American to serve as a Cabinet Secretary in the entire history of the United States; and

WHEREAS, Mineta honorably represented the San Jose-Santa Clara area of Silicon Valley in Congress for 21 years, being first elected in 1974, and reelected 10 times before retiring in 1995, all the while ably and honorably representing the heart of Silicon Valley, the engine of California's prosperity and one of the three premier export regions of the United States; and

WHEREAS, Mineta, the son of Japanese immigrants, was taken away as a boy in 1942 with his family to a World War II internment camp for Japanese-Americans in Wyoming, and since then has worked tirelessly and effectively to prevent similar injustices from occurring again; and

WHEREAS, Mineta began his political career as Treasurer of the John Vasconcellos for Assembly Committee in 1966; and

WHEREAS, Mineta was elected to the San Jose City Council in 1967, and then Mayor of San Jose in 1971, becoming the first Asian-American mayor of a major American city; and

WHEREAS, Mineta was the lead sponsor in the United States Congress and was instrumental in passage of the Civil Liberties Act of 1988, which provided an official apology and reparations to Japanese-Americans for government violations of their civil liberties and constitutional rights in connection with their being sent to World War II internment camps; and

WHEREAS, Mineta's distinguished career in Congress, which included chairmanship of the Committee on Public Works and Transportation, earned him a reputation as a strong leader and, in the words of President Clinton, "a highly skilled negotiator in Washington and throughout the world"; and

WHEREAS, Mineta most recently served as an executive with Lockheed Martin and is Chairman and Cofounder of the Asian Pacific American Institute for Congressional Studies, a nonprofit organization that encourages Asian Pacific Americans to become more involved in the political process; and

WHEREAS, Mineta's personal history, uncommon talents, his commitment to caring for and including every person in the American dream, and his unwavering commitment to justice and equality for everybody has led to him being called "a living legend in the Asian Pacific American community", and to his becoming an inspiring role model for many Americans of many ancestries; and

WHEREAS, Mineta's appointment brings honor and joy to his family and to his fellow Asian Americans and especially would have delighted his mentor and second father, I.K. Ishimatsu (recently deceased); and

WHEREAS, Mineta's appointment as Secretary of Commerce properly recognizes a long and distinguished career of public service and numerous personal and professional achievements deserving of the highest commendations; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California takes great pleasure in honoring former Congressman Norman Y. Mineta for his long and distinguished record of public service and professional achievement, and congratulates him on his recent appointment by President Clinton to become Secretary of Commerce for the United States of America; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to Secretary Mineta and the author for appropriate distribution.

RESOLUTION CHAPTER 158

Senate Concurrent Resolution No. 96—Relative to intermodal freight access.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, California's major seaports and airports serve as global gateways for the movement of goods between domestic and international locations and serve as crucial access points to major trade corridors throughout the state, nation, and world; and

WHEREAS, The continued economic viability and improvement of the state's global gateways and access are critical to California's most significant export industries, including, but not limited to, agriculture, apparel, electronics, entertainment, professional management services, technology, and tourism; and

WHEREAS, The value of international trade through California's global gateways in 1999 was an estimated \$331 billion, the volume of container traffic shipped through California's gateways exceeded 6,500,000 20-foot total equivalent units (TEUs) in 1999, and the international air freight tonnage passing through the state's global airport facilities was 928,624 tons at Los Angeles International Airport and 425,000 tons at San Francisco Airport alone; and

WHEREAS, The state's roads, freeways, and interstate railroad systems are critical for the effective movement of goods to air and seaports; and

WHEREAS, The development of these global gateway facilities and state transportation infrastructure has not kept pace with California's economic growth and there is a growing need to accommodate the continued growth and coordinate the movement of goods and people at those entry points with the larger transportation infrastructure of the state; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby requests that the Department of Transportation, in cooperation with the Business, Transportation and Housing Agency, the Trade and Commerce Agency, the California Transportation Commission, lead transportation agencies, ports and airports, and other appropriate parties, prepare a proposal for a "Global Gateways Development Program." The purpose and objective of the program shall be to improve major freight gateways in California to enhance overall mobility, including increased access at and through international ports of entry, international airports, seaports, other major intermodal transfer facilities and goods movement distribution centers, and trade corridors in California. Preparation of the Global Gateways Development Program shall, among other actions, identify high-priority airport and seaport access and intrastate transportation projects for purposes of potential state, federal, and other funding. The identified projects should serve to facilitate the movement of intrastate, interstate, and international trade beneficial to the state's economy; and be it further

Resolved, That, in developing the Global Gateways Development Program, the Department of Transportation is encouraged to consult and utilize, among other sources, information compiled by the California Transportation Commission in response to Senate Resolution 8 of the 1999–2000 Regular Session. The department is requested to prepare and submit to the Legislature a report on the department's progress in preparing the Global Gateways Development Program, on or before March 1, 2001, and to submit a final report on that program to the Legislature on or before July 1, 2001; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Director of Transportation, the Secretary of Business, Transportation and Housing, the Secretary of Trade and Commerce, and the Chairperson of the California Transportation Commission.

RESOLUTION CHAPTER 159

Senate Concurrent Resolution No. 98—Relative to the dedication of the City of Sacramento building in honor of the late Sacramento Mayor, Joe Serna, Jr.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, The Sacramento City Council and the Legislature each conducted a public hearing concerning the dedication of the City of Sacramento building located at 1001 I Street in honor of the late Sacramento Mayor, Joe Serna, Jr.; and

WHEREAS, The naming of this building is in dedication and honor of the late Joe Serna, Jr., who was born in Stockton, California, on September 3, 1939; and

WHEREAS, Joe Serna, Jr. was the loving husband of Isabel Hernandez-Serna, devoted father of Phillip and Belisa Serna, and cherished grandfather of Andres Miguel Mayorga; and

WHEREAS, Joe Serna, Jr. was the son of immigrant farm workers Gerania and José Serna and the brother of Maria Elena Serna, Reuben Serna, and Jesse Serna; and

WHEREAS, Joe Serna, Jr. received his B.A. in social science from the California State University at Sacramento (CSUS) in 1966, served in the United States Peace Corps from 1966 to 1968, and served as Director of the United Farm Workers of America, AFL-CIO Boycott Committee, Sacramento County, from 1970 to 1975; and

WHEREAS, Joe Serna, Jr. served on the faculty and numerous campus and department committees at CSUS since 1969, and received the Distinguished Faculty Award from CSUS in February 1991; and

WHEREAS, Joe Serna, Jr. was elected to the Sacramento City Council on November 3, 1981, where he served until he was elected mayor on November 3, 1992, fulfilling his mayoral duties with pride and distinction until his death on November 7, 1999; and

WHEREAS, Joe Serna, Jr. was known as an elected official with profound vision for the future and the energy to implement that vision, who could build coalitions, ignite community involvement, and succeed in achieving his goals; and

WHEREAS, Joe Serna, Jr. leaves a legacy in Sacramento of downtown revitalization and growth, more parks and places for Sacramentans to gather and enjoy their families and neighbors, a better public school system, more jobs, more community police, and a higher quality of life; and

WHEREAS, Joe Serna, Jr. is best remembered for reinvigorating downtown Sacramento as an advocate for downtown housing and the region's light rail system, and reforming his city's public schools by

campaigning on behalf of new school leadership and a \$191 million school bond; and

WHEREAS, The dedication of this building is appropriate because Joe Serna, Jr. was a longtime proponent of keeping major state office complexes located near mass transit facilities, and helped state planners fend off demands by suburban developers that the state's major environmental agency, CalEPA, be located in a suburban area, accessible only by congested and air polluting freeways, and as a result of his efforts, the state and the Department of Consumer Affairs conducted a siting evaluation that has resulted in a policy of locating major state employment centers in downtown metropolitan areas across the state, thereby reducing traffic and supporting easy use of mass transit by commuting state workers; and

WHEREAS, The dedication of this building is also appropriate because it is located next to Sacramento's City Hall and across from the Cesar Chavez Plaza, a park that the late Mayor Joe Serna, Jr. spearheaded in having it renamed to honor the memory of Cesar Chavez; and

WHEREAS, Joe Serna, Jr. was very much a visionary leader; he left behind a legacy of many accomplishments and a strong belief in community and public service; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California concurs with the Sacramento City Council in officially dedicating the City of Sacramento building located at 1001 I Street in Sacramento as the "Joe Serna, Jr. Building" in memory of Sacramento's late mayor.

RESOLUTION CHAPTER 160

Senate Concurrent Resolution No. 99—Relative to the Sonny Bono Memorial Interchange.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, The life of Sonny Bono exemplifies the opportunities offered to everyone in the United States; and

WHEREAS, Sonny Bono left his boyhood home in Detroit, Michigan for Hollywood, California at a young age to become a star in show business; and

WHEREAS, His quest led him to a laborer's job as a meat truck driver and deliveryman and then in promotions for a record company; and

WHEREAS, Sonny Bono parlayed those jobs into an opportunity to showcase his ability as a showman and entertainer; and

WHEREAS, Those talents eventually led to a career of fame as a recording and television star, enabling him to touch the hearts of millions of people throughout the world; and

WHEREAS, Sonny Bono pursued another dream as a restaurant owner in Palm Springs; and

WHEREAS, His concern on behalf of his community as a businessman led him to public service eventually leading to his election as Mayor of Palm Springs in 1988; and

WHEREAS, As Mayor of Palm Springs, Sonny Bono energized the city and enabled the community to enhance its national and international prominence as a leader in business and tourism; and

WHEREAS, Sonny Bono's public service career eventually led him to the halls of the Congress of the United States in 1994 as the Representative from the Coachella Valley and Western Riverside County areas of southern California; and

WHEREAS, Sonny Bono's leadership ability as a Congressman benefited the Coachella Valley, Western Riverside County, and much of the Inland Empire; and

WHEREAS, Sonny Bono's achievements as a Congressman brought needed national attention to the environmental needs of the Salton Sea; and

WHEREAS, Sonny Bono tirelessly worked on behalf of his constituents bringing the needed federal funding for transportation and infrastructure projects for the Coachella Valley; and

WHEREAS, His efforts to improve transportation led to funding for significant highway improvements throughout the Coachella Valley and Riverside County; and

WHEREAS, Although Sonny Bono's career and life were tragically cut short by an accident, the memories of his leadership and values continue to positively shape progress throughout California; and

WHEREAS, It is fitting that the Legislature of the State of California honors the memory of Congressman Sonny Bono, and conveys the Legislature's appreciation for the Congressman's legacy and life of public service on behalf of California; and

WHEREAS, It would be a fitting tribute to Sonny Bono to name the Nason Street Interchange on State Highway Route 60 in the City of Moreno Valley as the Sonny Bono Memorial Interchange; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates the Nason Street Interchange on State Highway Route 60 in the City of Moreno Valley the Sonny Bono Memorial Interchange in honor and recognition of Sonny Bono; and be it further

Resolved, That the Department of Transportation is hereby requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation and, upon receiving donations from nonstate sources covering the cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Director of Transportation and to the author for distribution.

RESOLUTION CHAPTER 161

Senate Concurrent Resolution No. 100—Relative to the Americans with Disabilities Act.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, The year 2000 is the 10th anniversary of the Americans with Disabilities Act; and

WHEREAS, The Americans with Disabilities Act was signed into law on July 26, 1990; and

WHEREAS, The Americans with Disabilities Act is the most comprehensive civil rights bill in history for people with disabilities; and

WHEREAS, The Americans with Disabilities Act guarantees equal opportunity and access for disabled Americans in public and private sector services, employment, and telecommunications; and

WHEREAS, More than 54 million Americans and 6.6 million Californians have one or more physical or mental disabilities, and this number is growing; and

WHEREAS, The Americans with Disabilities Act creates independence for persons with disabilities and promotes access throughout the entire country; and

WHEREAS, The State of California is enriched by the diversity and accomplishments of its citizens with disabilities; and

WHEREAS, The 10th anniversary of the Americans with Disabilities Act is a milestone worthy of acknowledgment and celebration; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature recognizes the 10th anniversary of the landmark Americans with Disabilities Act and those who have made contributions to ensure equal access and opportunity to all citizens of this state; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for distribution.

RESOLUTION CHAPTER 162

Senate Joint Resolution No. 30—Relative to the federal Pain Relief Promotion Act.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, Proposed legislation pending in Congress, entitled the Pain Relief Promotion Act of 1999 (PRPA) (H.R. 2260), would substantially increase the investigatory and penalty powers of the government in a crucial area of medical practice; and

WHEREAS, The PRPA would place doctors at risk of license revocation and incarceration for prescribing pain medication; and prosecutions would be based on the evaluation of acceptable palliative care and of the doctors' subjective intentions by Drug Enforcement Administration officials who lack medical expertise; and

WHEREAS, Multiple comprehensive studies have indicated that as many as half of all Americans spend their final days enduring undertreated pain, and American medicine has only begun to mount a concerted effort to improve pain relief nationwide; and

WHEREAS, Physicians who care for terminally ill patients need to try different approaches in prescribing pain medication in their efforts to alleviate intolerable suffering at the end of life; and

WHEREAS, The PRPA's punitive provisions will discourage doctors from prescribing or administering adequate doses of medication to relieve the pain of dying patients, for fear of loss of license and criminal prosecution; and

WHEREAS, Numerous state medical associations and physicians with expertise in end-of-life care oppose PRPA, and the nation's leading medical journal, the New England Journal of Medicine, strongly condemns the PRPA; and

WHEREAS, The editor of the New England Journal of Medicine has stated that if the PRPA becomes law "Congress will have done great harm to dying patients and to their physicians, who should be able to offer compassionate care without the fear of reprisal"; and

WHEREAS, Writing in other prestigious journals, such as the Journal of the American Medical Association and the Western Journal of Medicine, which are the official journals of the American Medical Association and California Medical Association, have echoed those concerns in opposing the PRPA; and

WHEREAS, the PRPA acknowledges that providing a controlled substance for palliative care, even if it hastens death, is legitimate medical care. It defines that care, however, within the context of physician-assisted suicide and consideration regarding a physician's intent. Consequently, the bill inappropriately expands DEA authority to evaluate the practice of medicine as it pertains to pain management. DEA will be required to interpret a physician's intent as it applies to prescribing controlled substances for pain in determining whether a physician should be registered under the Controlled Substances ACT (CSA). The Department of Justice and DEA have recently rejected that type of subjective decisionmaking on the part of the agency in issues related to pain management. The PRPA does not improve the standards for palliative care and may make physicians hesitant to prescribe controlled substances in treatment of severe pain for fear of the potential criminal, civil, and administrative penalties; and

WHEREAS, the relevant law and the courts recognize the legitimacy of prescribing controlled substances for palliative care. The CSA and DEA regulations provide that physicians have an obligation to treat those suffering from intractable pain. The CSA states that many controlled substances have a "useful and legitimate medical purpose and are necessary to maintain the health and general welfare of the American people" (21 U.S.C.A. Section 801(1); and

WHEREAS, even where the CSA requires a special registration for prescribing controlled substances for additional treatment, DEA regulations state that there is no intent to limit a physician's ability to prescribe for intractable pain (21 C.F.R. Section 1306.07). The United States Supreme Court has also recognized that patients suffering from a terminal illness have a right to palliative care even if it hastens death (*Glucksberg v. Washington* (1997) 521 U.S. 702; *Quill v. Vacco* (1997) 521 U.S. 793). Therefore, there is no ambiguity in the law or DEA policy as to whether prescribing a controlled substance for pain management is appropriate medical care, even in large doses where necessary.

WHEREAS, The PRPA raises serious concerns about federal infringement of states' rights; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully urges the Congress of the United States to defeat the PRPA, and the President of the United States to veto the PRPA if Congress passes this bill; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the

Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 163

Senate Joint Resolution No. 31—Relative to blood centers.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, California's full-service blood centers are increasingly unable to meet the state's demand for blood, particularly red blood cells, due to the lack of quality sustaining reimbursement; and

WHEREAS, The 18 community full-service blood centers that comprise "Blood Centers of California," are this state's primary providers of its blood supply; and

WHEREAS, The estimated need for 1999 was 1.1 million pints of red blood cells, but Blood Centers of California collected fewer than 900,000 pints of red blood cells; and

WHEREAS, All patients, especially cancer and surgery patients, accident victims, and transplant recipients, are affected by blood shortages; and

WHEREAS, In recent years, escalating costs for unfunded governmental safety initiatives have forced the members of Blood Centers of California to reduce the funds available for donor recruitment and other valuable programs; and

WHEREAS, Blood Centers of California members have lost approximately \$33 million over the past three years, forcing the majority of the state's community full-service blood centers to cut services or face potential closure; and

WHEREAS, Medicaid and Medicare programs as well as health maintenance organizations and other third-party payers have provided insufficient reimbursements to cover the costs of a safe and adequate blood supply for California patients; and

WHEREAS, A shortage of red blood cells necessary to save the lives of California patients is a public health risk; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California call upon the Governor of California to urge the federal government, through the Health Care Financing Administration (HCFA) to ensure that adequate reimbursement measures be implemented for all mandated safety initiatives imposed upon California's blood centers, in order to preserve the public health and safety of all Californians; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Governor of California, the President and Vice President of the United States, the Health Care Financing Administration, the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 164

Senate Joint Resolution No. 35—Relative to the National Training Center Land Acquisition Project.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, The National Training Center (NTC), located at Fort Irwin in San Bernardino County, provides a critical United States Army training mission; and

WHEREAS, The NTC has been providing this mission since 1981. The success and effectiveness of this training mission has been proven in past and current actions by the United States Army in carrying out its global mission; and

WHEREAS, Fort Irwin is vital to our nations's interest and the defense and security of our nation; and

WHEREAS, Fort Irwin is an integral piece of the Southwest Defense Complex, a network of military facilities located throughout the southwestern United States which collectively provides a secure, robust, and cost-effective platform for multiservice military preparedness projects and activities; and

WHEREAS, Despite the Army's requirement for a larger area in which to conduct realistic combat training based upon modern technology and warfare, a need which the Army has amply demonstrated during its 13-year effort to expand the boundaries of the National Training Center, Fort Irwin has not been expanded upon its World War II boundaries; and

WHEREAS, Fort Irwin is important to the economic well-being of the entire high-desert area, providing thousands of people with employment and valuable income and tax revenues to neighboring communities, the County of San Bernardino, and the State of California; and

WHEREAS, The Army and the Department of Defense have presented an expansion proposal for Fort Irwin which responds to the concerns of the San Bernardino County Board of Supervisors, the citizens of San Bernardino County, and the Bureau of Land Management's Desert District Advisory Council; and

WHEREAS, This resolution builds upon Resolution Chapter 94 passed by the California Legislature in 1993; and

WHEREAS, The Board of Supervisors of San Bernardino and Kern Counties have passed similar resolutions in support of the NTC's expansion; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature commends the Army for its resourcefulness and diligence in seeking to accomplish its training mission at the NTC while upholding high standards of environmental stewardship; and be it further

Resolved, That the Legislature urges the Department of Defense to complete, consistent with applicable state and federal environmental law, the Supplemental Environmental Impact Statement regarding their current proposal, or any modifications made thereto since it was proposed in April 1999; and be it further

Resolved, That the Legislature urges the Bureau of Land Management to move rapidly to complete analysis and reviews in order to complete the planning process pursuant to the National Environmental Policy Act within the current fiscal year; and be it further

Resolved, That the Legislature urges the United States House of Representatives and the United States Senate to act promptly relative to the expansion proposal as a distinct action as part of the 2001 fiscal year appropriations process, consistent with applicable state and federal environmental laws ; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to each Senator and Representative from California in the Congress of the United States, to the California Congressional Delegation, to the Department of Defense, the Department of Interior, the Chairs of the Senate and House Armed Services Committees, and to the Senate Committee on Energy and Natural Resources.

RESOLUTION CHAPTER 165

Senate Joint Resolution No. 38—Relative to importation of Argentine citrus.

[Filed with Secretary of State September 20, 2000.]

WHEREAS, The United States Department of Agriculture (USDA) announced in the Federal Register on June 15, 2000, a final rule authorizing the importation of citrus from disease and pest infested regions of Argentina into the United States; and

WHEREAS, The California citrus industry represents over \$1,400,000,000 in farm gate value and employs approximately 20,000 people; and

WHEREAS, International trade is vital to California agriculture with more than 20 percent of all commodities produced in the state exported worldwide; and

WHEREAS, The Department of Food and Agriculture has expressed serious reservation about the rule in public hearings and written communication to USDA because of several scientific concerns; and

WHEREAS, The State of California and the federal government will spend nearly \$50 million to eradicate two imported pests, the fire ant and the glassy-winged sharpshooter in this fiscal year; and

WHEREAS, The State of Florida has spent in excess of \$125 million to control the spread of citrus canker, a disease not found in California but present in Argentina citrus growing regions; and

WHEREAS, The USDA implemented a rule issued in docket number 97-110 at 65 Federal Register 37608-37669, regarding importation of citrus from specified regions of Argentina; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes its support for an amendment to the Agricultural Appropriations bill that requires the USDA to complete an independent peer review of the rule and a risk assessment underlying the rule; and be it further

Resolved, That the USDA complete the review by May 1, 2001; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Speaker of the House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 166

Senate Joint Resolution No. 39—Relative to air quality.

[Filed with Secretary of State September 21, 2000.]

WHEREAS, East Kern County is an area defined by the Tehachapi Mountains in the north and includes the communities of Ridgecrest, California City, Mojave, Rosamond, and Tehachapi; and

WHEREAS, East Kern County represents 3,700 square miles, which is larger than some New England states; and

WHEREAS, East Kern County is home to Edwards Air Force Base and China Lake Naval Air Weapons Station, both key military installations essential to our national security; and

WHEREAS, Both installations combined employ over 20,000 employees with direct expenditures in California of over \$1.5 billion dollars; and

WHEREAS, These bases are a critical component of the Southwest Defense Complex, a network of military facilities located throughout the southwestern United States that collectively provide a secure, robust, and cost-effective platform for multiservice military preparedness projects and activities; and

WHEREAS, Prior to 1990, the Bakersfield metropolitan area was classified under the federal Clean Air Act as “nonattainment” with respect to air quality standards while east Kern County was not classified; and

WHEREAS, Based on the 1990 Clean Air Act amendments, east Kern County was automatically included in the Bakersfield metropolitan statistical area despite unique geographical and meteorological differences; and

WHEREAS, In 1994–95, after initial air monitoring, the State Air Resources Board (CARB) determined that the major cause of air pollution in east Kern County was a result of “transported” pollution from the San Joaquin Valley and the south coast area and requested that the United States Environmental Protection Agency (EPA) remove the east Kern County area from inclusion in the Bakersfield metropolitan area; and

WHEREAS, The EPA denied CARB’s request and continued to include east Kern County in the San Joaquin Valley nonattainment area; and

WHEREAS, Because the Bakersfield metropolitan area, as part of the San Joaquin Valley Air Pollution Control District (SJVAPCD), did not meet the required federal one-hour ozone standard deadline under the federal Clean Air Act, the EPA has proposed to “bump up” the area from “serious” to “severe” ozone nonattainment; and

WHEREAS, Over the last three years, east Kern County has met the federal one-hour ozone standard while the San Joaquin Valley has experienced on average 30 ozone violation days; and

WHEREAS, In February 2000, CARB again requested that the EPA exclude east Kern County from the Bakersfield metropolitan area and establish east Kern County as a separate air-planning area; and

WHEREAS, In June 2000, the EPA proposed to “bump up” the San Joaquin Valley from “serious” nonattainment to “severe”; and

WHEREAS, This air quality “bump up” will have severe negative impacts on current and future missions of Edwards Air Force Base and China Lake Naval Air Weapons Station; and

WHEREAS, There are several military bases outside California located in ozone “attainment” areas that can accommodate existing and future military programs and jobs lost at Edwards Air Force Base and China Lake Naval Air Weapons Station due to the inclusion of east Kern County in the EPA’s proposed “bump up”; and

WHEREAS, National precedent exists where EPA has excluded portions of ozone “nonattainment” areas and created separate air-planning areas; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California recognizes that Edwards Air Force Base and China Lake Naval Air Weapons Station are key military installations essential to our national security; and be it further

Resolved, That the Legislature of the State of California recognizes that the inclusion of east Kern County in the Bakersfield metropolitan area under the EPA’s proposed “bump up” would have serious negative impacts on the mission of Edwards Air Force Base and China Lake Naval Air Weapons Station; and be it further

Resolved, That the Legislature of the State of California supports the CARB proposal to EPA to exclude east Kern County from the San Joaquin Planning Area and establish east Kern County as a separate air-planning area; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Majority Leader of the Senate, each Senator and Representative from California in the Congress of the United States, to the United States Department of Defense, the United States Environmental Protection Agency, the Chairs of the Senate and House Armed Services Committees, the House Committee on Transportation and Infrastructure, and to the Senate Committee on Environment and Public Works.

PREFACE

Digests

The Summary Digest consists of a short summary of each law enacted, and of each constitutional amendment, concurrent or joint resolution adopted by the Legislature in 2000.

The text of the Summary Digest is arranged numerically by chapter number.

Superior numbers following the title refer to a Governor's Message affecting that law. These are printed after the digests in the "Digest Chapters Superior Numbers" section.

Cross Reference Tables

Cross reference tables are arranged numerically by bill or resolution number and indicate the chapter number of each.

New General Laws

Lists new general laws passed in the years 1999–2000 which do not specifically amend, add to, or repeal any existing code or general law.

Index

A subject matter index to all measures, including constitutional amendments and resolutions, is included.

Statutory Record

This edition of the Summary Digest includes a statutory record for 1999–2000. Superior numbers following the *Effect* refer to a special condition affecting that section.

Cumulative statutory records for 10-year periods, 1989–1998, 1979–1988, 1969–1978, 1959–1968 and 1949–1958, and for the 16-year period, 1933–1948, are published in separate volumes, which supplement the original statutory record, 1850–1932, published in 1933.

EFFECTIVE DATES

Regular Session

The 1999–2000 Regular Session reconvened on January 3, 2000, and adjourned *sine die* on November 30, 2000. Statutes enacted in 2000, other than those taking immediate effect, will become effective January 1, 2001. In absence of other considerations, the provisions of a statute become operative on the date it takes effect. Digests indicate statutes taking immediate effect.

An urgency statute, and a statute calling an election, providing for a tax levy, or making an appropriation for the usual current expenses of the state may take effect immediately. Such a statute becomes *effective* on the date it is filed with the Secretary of State.

However, any statute may, by its own terms, delay the *operation* of its provisions until the happening of some contingency, until a specified time, or until a vote of the electors at a statewide election. Also, a later statute or a general provision in a particular code may delay the operation of a statute to a time after its effective date.

The effective date of a joint or concurrent resolution is the date it is filed with the Secretary of State.

A constitutional amendment proposed by the Legislature and adopted by the people takes effect the day after the election unless the measure provides otherwise.

**DIGESTS OF STATUTES
ENACTED IN 2000**

1999–2000 REGULAR SESSION

BILL CHAPTERS**Ch. 1 (SB 715) Hughes. Classified school employees.**

(1) Existing law requires that positions not requiring certification qualifications created by a governing board of a school district under special funding provisions of state or federal law, and which are not a part of the regular school program, to be a part of the classified service and requires persons employed in these positions to be classified employees. Existing law requires the selection and retention of these employees to be made on the same basis as that of persons selected for positions that are a part of the regular school program. Existing law requires that all specially funded positions not requiring certification qualifications that are restricted to employment of persons of low-income groups, from designated impoverished areas, and other criteria that restricts the privilege of all citizens to compete for employment in those positions to be classified as restricted.

This bill would make technical, nonsubstantive amendments to these provisions.

(2) Existing law provides that whenever a governing board of a school district requires a physical examination to be taken by a classified employee or employees, either by rule or by its direction or the direction of its authorized district administrator; or when classified employees are required by law to submit to a physical examination for continuance in employment, the board is required either to provide the required examination, cause it to be provided, or provide the employee with reasonable reimbursement for the required examination.

This bill would delete an obsolete cross-reference contained in this provision.

(3) Existing law requires there to be appointed a personnel commission composed of either 3 or 5 members in a school district that has adopted the merit system. Existing law authorizes the governing board of a school district, by majority vote, and with the agreement of the existing personnel commission of the district, if that commission is in existence, to increase the membership of the personnel commission from 3 to 5 members or to decrease the membership from 5 to 3 members. In a school district that has a 5 member personnel commission, existing law requires 2 members to be appointed by the governing board of the school district and 2 members to be nominated by the classified employees of the district who are required to be appointed by the governing board of the district.

This bill would delete the option of having a personnel commission composed of 5 members.

(4) Existing law requires a person to be a registered voter and resident within the territorial jurisdiction of the school district and to be a known adherent to the principle of the merit system in order to be eligible for appointment or reappointment to the personnel commission.

This bill would define residence for purposes of the above requirement.

(5) Existing law requires the appointing power in a school district that has adopted the merit system to submit a request in which the probable duration of the appointment is stated whenever the appointing power requires the appointment of a person to a position, the duration of which is not to exceed 6 months, or, in case of an appointment in lieu of an absent employee, is not to exceed the authorized absence of the absent employee.

This bill would, notwithstanding the above limitation, authorize the personnel commission to extend this time period by not more than one year based on a declaration of emergency by the President of the United States or the Governor.

(6) Existing law that is applicable to a school district that has adopted the merit system authorizes, for reasonable causes, the suspension of an employee without pay for not more than 30 days, with certain exceptions, or an employee's demotion or dismissal and requires the personnel director, within 10 days of the suspension, demotion, or dismissal, to file written charges with the personnel commission and give or mail to the employee a copy of the charges.

This bill would require the school district, instead of the personnel director, to file the charges with the personnel commission and require the personnel director to inform the employee of his or her appeal rights in addition to giving or mailing a copy of the charges to the employee.

(7) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 2 (AB 135) Ducheny. Department of Forestry and Fire Protection: appropriation.

(1) Prior Budget Acts have appropriated moneys to the Department of Forestry and Fire Protection for the support of the department and for expenditure for fire prevention and suppression.

This bill would appropriate \$63,200,000 from the General Fund to the department, for expenditure for the 1999–2000 fiscal year, for costs associated with peak firefighting staffing and emergency fire suppression and detection, in accordance with a specified schedule.

(2) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 3 (AB 1626) Torlakson. Taxation: low-income housing.

Existing insurance tax law and the Personal Income Tax Law and the Bank and Corporation Tax Law authorize, for so long as corresponding provisions of federal law are in effect, a credit against the taxes imposed by those state laws for certain amounts with respect to the provision of specified low-income housing. Those laws generally provide, subject to the addition of certain other amounts, that the maximum aggregate dollar amount of the credits allowed in each calendar year may not exceed \$35,000,000, but increase this limit to \$50,000,000 for the 1998 and 1999 calendar years only.

This bill would, for purposes of existing low-income housing tax credits, provide a \$50,000,000 maximum aggregate dollar amount for the 1999 calendar year and each calendar year thereafter.

This bill would take effect immediately as a tax levy.

Ch. 4 (SB 1239) Burton. Corporations: partnership investment income.

The Bank and Corporation Tax Law provides that income from sources in this state is generally taxable. The law exempts from taxation the distributive share of interest, dividends, and gains from the sale or exchange of qualifying investment securities derived by a corporation that is a partner in a partnership that qualifies as an investment partnership, if the income from the partnership is the only income of the corporation derived from sources in this state. This exemption does not apply if the corporation participates in the management of investment activities or is engaged in a unitary business with another corporation that meets specified qualifications.

This bill would provide that the exemption shall also apply to income, gain, or loss from stocks or securities received by an alien corporation whose sole activities in this state involve trading in those stocks or securities for the corporation's own account, with specified exceptions.

This bill would take effect immediately as a tax levy.

Ch. 5 (AB 1004) Papan. Unclaimed property: sending of notices.

Existing law, Item 0840-001-0001 of the Budget Act of 1999, appropriates money for the support of the Controller, but restricts its use with regard to providing information about unclaimed property, as specified.

This bill would provide that the restrictions on the appropriation do not apply to the sending of notices to apparent owners of unclaimed property, as specified.

This bill would declare that it would take effect immediately as an urgency statute.

Ch. 6 (AB 1711) Leach. Consumer protection.

(1) Existing law, the Bunk Bed Safety Act of 1999, prohibits on or after January 1, 2000, any commercial user, as defined, from remanufacturing, retrofitting, selling, contracting to sell or resell, leasing, subletting, or otherwise placing in the stream of commerce in this state a bunk bed that is unsafe for any child user, except as specified. The act provides that a bunk bed is presumed to be unsafe for these purposes if it does not conform to the American Society for Testing Materials Voluntary Standard Consumer Safety Specification for Bunk Beds, F1427-96, with specified modifications.

This bill instead would apply that prohibition on or after June 19, 2000, and would make related changes. The bill would provide that a bunk bed is presumed to be unsafe if it does not conform to federal laws, rules, or regulations relative to safety standards for bunk beds.

(2) The Cosmetic and Outpatient Surgery Patient Protection Act provides that a physician and surgeon who fails to provide adequate security by liability insurance or by participation in an interindemnity trust for claims by patients arising out of surgical procedures performed outside of a general acute care hospital is guilty of unprofessional conduct. Existing law lists the providers of acceptable security.

This bill would add to that list an insurer licensed to transact liability insurance in at least one state of the United States.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 7 (AB 1525) Thomson. Alcoholic beverages: licenses: “tied-house” restrictions: advertising restrictions.

Existing law exempts premises owned by the state or designated local agencies, or leased by those local agencies from specified limitations on the number of licensed premises.

This bill would extend those exemptions to include premises leased by the state.

Existing provisions of the Alcoholic Beverage Control Act known as “tied-house” restrictions generally prohibit certain alcoholic beverage licensees from holding an interest in various other alcoholic beverage licensees. Existing law generally prohibits a manufacturer of alcoholic beverages and a winegrower from paying, crediting, or compensating a retailer for advertising or paying or giving anything of value for the privilege of placing a sign or advertisement with a retail licensee. It authorizes, as an exception, the holder of a beer manufacturer’s or winegrower’s license to purchase advertising space and time from, or on behalf of, an on-sale retail licensee, subject to specified conditions, including that the on-sale licensee is the owner, an agent of the owner, manager of the stadium or arena, assignee of the owner’s advertising rights, or the major tenant of the owner, of one of various designated facilities, including an outdoor stadium or a fully enclosed arena with a fixed seating capacity in excess of 10,000 seats located in a county of the 8th class.

This bill would extend that exception to an on-sale licensee who is the owner, manager, agent of the owner, assignee of the owner’s advertising rights, or the major tenant of the owner of an outdoor stadium with a fixed seating capacity in excess of 10,000 seats located in Yolo County.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 8 (SB 550) Johnston. Dronabinol: reclassification.

Existing law categorizes controlled substances into 5 schedules and places the greatest restrictions on those contained in Schedule I. Existing law places the controlled substance dronabinol into Schedule II.

This bill would instead place the controlled substance dronabinol in Schedule III, but would not change the criminal penalties attached to unlawful transactions involving dronabinol. Rescheduling dronabinol from Schedule II to Schedule III would result in reduced requirements for the written prescription of the drug, such as eliminating the need to prepare the prescription in triplicate with a copy thereof being submitted to the Department of Justice, and would authorize the oral prescription of the drug, as specified.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 9 (AB 869) Keeley. Oral conscious sedation.

Existing law prohibits after December 31, 1999, any dentist from administering oral conscious sedation on an outpatient basis to a patient under 13 years of age unless the dentist meets specified licensing and permit requirements.

This bill would extend the date for the operation of these provisions to December 31, 2000.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 10 (AB 905) Dutra. Mortgage guaranty insurance.

The Mortgage Guaranty Insurance Act provides for the regulation of mortgage guaranty insurance, as defined. Under these provisions, mortgage guaranty insurance may be written only to insure loans secured by first or junior liens on authorized real estate securities in an amount not to exceed 97 percent of the fair market value of the securities.

This bill would increase the allowable total indebtedness on which this insurance may be written in this circumstance to 100% of the fair market value of the real estate securities.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 11 (AB 1167) Frusetta. County veteran service officers: disbursements to counties.

Existing law authorizes each county board of supervisors to appoint a county veteran service officer, and permits the county to provide the officer with any assistance and facilities that it determines to be necessary. Existing law requires the Department of Veterans Affairs to disburse funds, appropriated to the department for the purpose of supporting county veteran service officers pursuant to the annual Budget Act, on a pro rata basis to counties that comply with certain conditions. Commencing January 1, 2001, existing law includes the condition that county funds are allocated to county veteran service officers in an amount not less than that allocated in the 1988–89 fiscal year.

This bill would instead, commencing January 1, 2006, include the condition that county funds are allocated to county veteran service officers in an amount not less than that allocated in the 1988–89 fiscal year.

Ch. 12 (AB 211) Romero. Public employees: health benefits.

The Public Employees' Medical and Hospital Care Act authorizes the Board of Administration of the Public Employees' Retirement System to provide health benefits to state and local public employees and annuitants and their family members.

This bill would include in the definition of "employee" in that act specified employees of the California State University as determined pursuant to collective bargaining agreements or by the trustees for excluded employees.

Ch. 13 (AB 576) Honda. Mechanics' liens.

Existing law requires all persons and laborers who are entitled to a lien upon the property upon which they have bestowed labor or furnished materials or leased equipment, as specified, to enforce such a lien only if he or she has served a preliminary 20-day notice to the property owner that contains certain information, as specified.

This bill would revise the required statements in the preliminary 20-day notice, and would provide that the inclusion of, or failure to include, language added to the preliminary notice, or the failure to provide an affidavit form or notice of rights pursuant to Chapter 795 of the Statutes of 1999, shall not affect the validity of the preliminary notice.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 14 (AB 101) Steinberg. Joint powers agreements: charter schools.

Existing law authorizes 2 or more public agencies, as defined, if authorized by their governing bodies, by agreement to jointly exercise any power common to the contracting parties. Existing law specifically authorizes local agencies, as defined, to enter into a joint

pooling agreement to form a single statewide insurance pooling arrangement for the payment of tort liability or public liability losses incurred by those agencies.

This bill would provide that a charter school may be considered a public agency for the purpose of being eligible for membership in a joint powers agreement for risk-pooling.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 15 (AB 233) Dickerson. Trial court funding.

Existing law requires the Judicial Council, in consultation with the California State Association of Counties and the California County Auditors Association, to study and make recommendations to the Legislature on alternative procedures that would improve the collection and remittance of revenues to the Trial Court Trust Fund not later than February 1, 1999.

This bill would change that deadline to February 1, 2001, as specified.

Ch. 16 (AB 938) Dutra. Escheat: military awards.

Existing law requires all escheated property delivered to the Controller to be sold by the Controller to the highest bidder at public sale, as specified.

This bill would exempt from those provisions all escheated property consisting of military awards and decorations that is delivered to the Controller, and would require that property to be held in trust at the California National Guard Museum and Resource Center subject to a claim by persons having an interest therein, as specified.

This bill would provide that it is to take effect immediately as an urgency statute.

Ch. 17 (AB 1491) Kaloogian. Estates and trusts.

Existing law provides that a person wishing to bring a cause of action against a deceased person for liability arising under contract, tort, or otherwise, has one year from the date of death to do so, with certain exceptions.

This bill would provide that a person with a claim arising from an agreement with a decedent, whether oral or written, for distribution from an estate or trust would also have one year within which to commence an action to enforce the claim, with certain exceptions.

Existing law provides that contracts to make or not make a will or a devise, or to die intestate, may be established by only certain types of evidence, including a writing signed by the decedent.

This bill would include within the types of evidence that may be used to prove the existence of this kind of contract clear and convincing evidence of an agreement or a promise between the decedent and the claimant, or between the decedent and another person for the benefit of the claimant, that is enforceable in equity.

Existing law provides a spouse may nominate a conservator for a proposed conservatee. Existing law also provides that the spouse of an absentee, as defined, may not be appointed as a conservator of the estate of the absentee unless the spouse alleges, and the court finds, that the spouse has not commenced an action for dissolution of marriage, or similar action.

This bill would provide that the spouse of any proposed conservatee may not petition for the appointment of a conservator of his or her spouse, nor be appointed as a conservator of the person or the estate for his or her spouse, unless the petitioner alleges, and the court finds, that the spouse is not a party to an action for dissolution of marriage, or similar action. The bill would require the spouse of a conservatee to disclose to the conservator, or, if the spouse is the conservator, to disclose to the court, the filing of any action or proceeding against the conservatee for legal separation, dissolution of marriage, annulment, or adjudication of nullity of marriage, within 10 days of the filing of the action or proceeding by filing a notice with the court and serving the notice, as specified. The bill would provide that the court may, in that case, set the matter for hearing on an order to show cause why the appointment of the spouse as conservator should not be terminated. This bill would also provide for an exception to this prohibition when the court finds by clear and convincing evidence that appointment

of the spouse is in the best interests of the proposed conservatee. Additionally this bill would require the court to appoint a counsel to consult with and advise the proposed conservatee and report to the court.

Existing law provides for a jury trial in the matter of the establishment or termination of a conservatorship, if demanded, as specified.

This bill would instead provide for a jury trial in that matter if demanded by the conservatee or proposed conservatee.

Existing law governs the distribution of an estate.

This bill would provide that if the whereabouts of a distributee is unknown, the order for distribution shall provide for alternate distributees and the share to which each is entitled.

Existing law provides that a no contest clause in an instrument is not enforceable against specified types of actions, such as an action on the grounds of forgery, providing the action is based on probable cause.

This bill would provide for additional actions that would not constitute contests unless expressly identified in the no contest clause as violations of it. This bill would also provide a further list of actions that, as a matter of public policy, would be deemed not to violate a no contest clause. This bill would also delete the requirement that certain of these actions be based on probable cause and substitute instead a reasonable cause standard, as defined. The bill would exempt a codicil executed after January 1, 2001, from these provisions, unless the codicil specifically adds or amends a no contest clause contained in the will or other testamentary instrument executed before January 1, 2001.

Existing law provides that a beneficiary may apply to a court for a determination on whether certain motions and petitions will violate a no contest clause without this application violating the clause, and includes a noninclusive list of particular claims to which this law applies.

This bill would expand this list.

Ch. 18 (SB 1038) Burton. Taxation: cigarette tax.

The Cigarette and Tobacco Products Tax Law requires that an appropriate stamp be affixed to, or that an appropriate meter impression be made upon, each package of cigarettes prior to distribution, and prohibits any stamping or metering of packages of cigarettes unless those packages comply with federal labeling requirements for cigarettes to be sold within the United States. Existing law requires the State Board of Equalization to revoke the license issued to a distributor that is determined to be in violation of these stamping or metering requirements. Existing law provides for the forfeiture of the cigarettes in packages that are in violation, and provides that a violation of those requirements constitutes unfair competition.

This bill would additionally prohibit any stamp or meter impression from being affixed to, or made upon, packages of cigarettes if the package bears a cigarette brand name which is a registered U.S. trademark of a participating manufacturer, as defined, and the package was imported by anyone other than the participating manufacturer of that cigarette brand. By creating a new crime in the form of a misdemeanor for a violation of these requirements, this bill would establish a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 19 (AB 696) Washington. Charter schools: community day schools.

(1) Existing law provides that a charter school that serves at-risk pupils and operates under a charter approved before June 1, 1997, in the County of Los Angeles may continue to operate until June 30, 1999.

This bill would extend the date until June 30, 2003.

(2) Existing law requires that the attendance of pupils in a charter school described in (1), above, be funded at the same rates for the same categories of pupils as community schools in the same county. Existing law specifies the method for the determination and reporting of the average daily attendance of such a charter school.

This bill would delete those provisions and would authorize a charter school described in (1) to be funded for not more than 2,000 units average daily attendance in any fiscal year, to the extent funding is appropriated therefor, as if it were a community day school operated by a county. This bill would require the county board of education to establish specific accountability criteria applicable to these charter schools and would require charter schools that are not in compliance with the criteria to submit a plan for improvement.

(3) Existing law provides that the provisions in (1) above shall not be construed to authorize a county board of education to grant, or to prohibit a county board of education from granting, a charter that has not been denied by a school district.

This bill would delete this provision.

(4) This bill would require the Legislative Analyst to include in the Analysis of the 2002–03 Governor’s Budget, a report on the need to continue community day school funding rates for a charter school.

(5) This bill would make certain findings and declarations regarding the inapplicability of a general statute within the meaning of Section 16 of Article IV of the California Constitution.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 20 (AB 946) Washington. School nutrition.

Existing law prohibits any allocation or reimbursement of funds from being made for school breakfast and lunch programs to any public or private nonprofit school or agency on behalf of any child who resides on the premises of the school or agency.

This bill would, notwithstanding that provision, require an allocation to be made for a ward or dependent of the court who resides in a probation camp, ranch, juvenile hall, or county operated children’s emergency shelter. The bill would require the State Department of Education to make an allocation for these purposes from funds appropriated to the department for the 1999–2000 fiscal year to a county probation department or welfare agency commencing on July 1, 1999. By changing the purpose for which an existing appropriation is made, the bill would make an appropriation.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 21 (SB 671) Chesbro. Pierce’s disease.

Existing law generally provides for the eradication of pests that threaten this state’s agriculture.

This bill would create the Pierce’s Disease Management Account within the Food and Agriculture Fund and would appropriate \$6,900,000 from the General Fund to this account for the purpose of research and other efforts to combat Pierce’s disease, and its vectors, and would provide that funds from federal, industry, and other sources would be available for those purposes without regard to fiscal year. This bill would also declare the intent of the Legislature that a total of \$13,800,000 be made available for funding this program, with the additional \$6,900,000 to be appropriated by the Budget Act. This bill would require that whenever, in any county, funds are allocated by the Department of Food and Agriculture, the funds shall be made available to a local public entity designated by that county’s board of supervisors. Additionally, this bill would require that prior to receiving funds, the local public entity must create a Pierce’s disease workplan that shall be approved by the department and contain specified elements. This bill would require the local entities to utilize funds allocated under these provisions for activities consistent with the approved workplan or other programs or workplans approved by the department. This bill would authorize the

Secretary of Food and Agriculture to establish, maintain, and enforce regulations consistent with the Legislature's intent, as specified, and would provide that this authority is to be liberally construed. This bill would make these provisions inoperable on January 1, 2006, and would repeal these provisions on January 1, 2007, unless a later enacted statute deletes or extends these dates.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 22 (AB 141) Knox. State teachers' retirement: postretirement earnings.

Under the State Teachers' Retirement Law, the service retirement allowance of a retired member shall be reduced if the member's postretirement compensation from specified activities exceeds a certain dollar amount; however, creditable service performed by a retired member in an emergency situation to fill a vacant administrative position is exempt from the calculation of that earnings limitation in specified circumstances.

This bill would expand that exemption, as specified, operative as of July 1, 1999, until January 1, 2001.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 23 (AB 984) Correa. Mobilehomes and manufactured housing: registration decals.

The Mobilehomes-Manufactured Housing Act of 1980 requires the Director of the Department of Housing and Community Development, after consultation with county assessors, to prescribe a registration decal for manufactured homes and mobilehomes that clearly indicates whether the home is subject to annual registration with the department or is subject to local property taxation. The decal is also required to have provisions for indicating the current status of any registration fee.

This bill would delete this requirement that the decal have provisions for indicating the current status of any registration fee.

Ch. 24 (SB 1321) Committee on Local Government. Validations.

This bill would enact the First Validating Act of 2000, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 25 (AB 1698) Campbell. Santa Margarita Water District.

(1) Existing law, except as otherwise specified, requires a California water district to include in its annual estimate of the amount required by that district to discharge all of its obligations, an amount that is sufficient to pay (a) the principal of, and interest on, general obligation bonds and warrants of that district for any improvement district within the district as that amount becomes due, and (b) the operating expenses for that improvement district.

This bill would authorize the Santa Margarita Water District, for the purpose of making that annual estimate, to designate 2 separate areas within a prescribed improvement district, as specified. The bill would require the board of the district, that determines to designate those 2 areas within that improvement district for which the district has issued general obligation bonds, to submit to the county auditor and the board of supervisors an estimate, in writing, of the amount needed to be raised by assessment for the payment of the amount allocated by the board to each benefit area for the payment of the principal of, and the interest on, the bonds issued for that improvement district and would require the board of supervisors to levy an ad valorem assessment upon all lands within each designated area that is sufficient to raise the amount set forth in the estimate of the board.

By imposing duties on the board of supervisors in connection with the levy of the assessment, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 26 (SB 453) O'Connell. Housing: condominium conversions.

Under existing law, the Subdivision Map Act authorizes the conversion of a stock cooperative or a community apartment project to a condominium if the required number of owners in the cooperative or project, as specified in the bylaws, or other organizational documents, have voted in favor of the conversion. If the bylaws or other organizational documents do not expressly specify the number of notes required to approve the conversion, a majority vote of the owners in the cooperative or project is required. The act also expressly exempts from these provisions the conversion of other stock cooperatives and community apartment projects if specified requirements are met. The Davis-Stirling Common Interest Development Act defines a condominium plan as a plan consisting of, among other things, a certificate consenting to the recordation of the condominium plan pursuant to the act, signed and acknowledged by the record owner of fee title to that property included in the condominium project.

This bill would revise these provisions to require that the conversion of all stock cooperatives and community apartment projects comply with the approval requirements under the Subdivision Map Act and would expand those requirements to include the votes of the trustees or beneficiaries of each recorded deed of trust and mortgagees of each recorded mortgage, as specified in the bylaws or other organizational documents. The bill would also revise the requirements of a certificate for a condominium plan under the Davis-Stirling Common Interest Development Act and would incorporate the other changes to these provisions into the Subdivision Map Act.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 27 (AB 2393) Hertzberg. Clinics.

Existing law provides for the licensure and regulation of clinics by the State Department of Health Services. Existing law authorizes 2 types of primary care clinics, community and free clinics.

Existing law defines a community clinic as a clinic operated by a tax-exempt, nonprofit corporation that is supported and maintained in whole or in part by voluntary donations, bequests, gifts, grants, government funds or contributions. Existing law defines a free clinic in a similar manner except that a free clinic is required to be supported in whole by specified donations and government grants, and a free clinic is prohibited from directly charging a patient for services and certain provisions.

This bill would permit a free clinic to be supported in whole or in part from those specified donations and government grants under these provisions.

Ch. 28 (SB 464) Committee on Appropriations. Claims against the state: appropriation.

Existing law requires the State Board of Control to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state allowed by the board.

This bill would appropriate, without regard to fiscal year, \$18,500,000, plus an interest amount ascertained as specified, from the General Fund to the Attorney General for allocation with respect to the settlement of 2 specified superior court cases.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 29 (AB 1723) Nakano. Elections: polling places.

Existing law prescribes the duties of elections officials in connection with the designation of polling places, and specifies certain facilities that may be used as polling places.

This bill would prohibit the use of a candidate's residence as a polling place for an election at which that candidate's name will appear on the ballot.

Ch. 30 (AB 1763) Longville. Vehicle registration: exemption.

Under existing law, a nonresident daily commuter who operates a vehicle of a type that is subject to registration under the Vehicle Code is allowed to operate the vehicle in this state under specified conditions.

This bill would specify that a nonresident daily commuter who is in compliance with existing provisions of law that require the display of nonresident daily commuter indicia and the possession of a corresponding identification card, may operate that vehicle in this state for other lawful purposes.

Ch. 31 (AB 809) Lowenthal. Vehicles: smog impact fee: refunds.

(1) Existing law imposes a smog impact fee of \$300 on a person making application to register a motor vehicle in this state that was previously registered outside this state, with certain exceptions. However, in the case of *Jordan v. D.M.V.* (1999) 75 Cal.App.4th 449, the court ruled that the imposition of this fee is unconstitutional.

This bill would require the Department of Motor Vehicles to search its records to identify all persons who paid the smog impact fee on or after October 1, 1990, and, using funds appropriated to the department for this purpose, to provide a payment to each person identified, consisting of the amount of smog impact fee, any penalty paid to the department for late payment of the fee, and interest on the total amount. The bill would require the interest to be calculated as specified.

The bill would exclude any interest payment received under these provisions from "gross income" for purposes of the Personal Income Tax Law.

The bill would appropriate \$10,984,000 from the General Fund to the department to carry out its provisions.

The bill would make it a crime for any person to knowingly make a false statement or commit other specified acts in connection with a claim for refund of the smog impact fee, thereby imposing a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) This bill would become operative only if SB 215 of the 1999–2000 Regular Session is enacted and becomes operative.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 32 (SB 215) Karnette. Vehicles: smog impact fee: refunds.

Existing law imposes a smog impact fee of \$300 on a person making application to register a motor vehicle in this state that was previously registered outside this state, with certain exceptions. However, in the case of *Jordan v. D.M.V.* (1999) 75 Cal.App.4th 449, the court ruled that the imposition of this fee is unconstitutional.

This bill would repeal the provisions imposing the smog impact fee and would make a related change.

The bill would transfer \$665,261,000 from the General Fund to the Smog Impact Fee Refund Account in the State Transportation Fund, which would be created by this bill as a continuously appropriated account in the Special Deposit Fund, for the purpose of funding refunds of the smog impact fee and for certain other purposes. By so establishing this account, this bill would make an appropriation.

The bill would become operative only if AB 809 is enacted and becomes operative, as specified.

The bill would declare that it is to become effective immediately as an urgency statute.

Ch. 33 (AB 205) Leach. Domestic violence: name change.

Existing law requires a court in an action for a change of name to publicize the petition and the name of the petitioner, as specified. Existing law also establishes a program to provide for the confidentiality of the address of victims of domestic violence. Under the program, a victim or a person acting on behalf of a minor or incapacitated person may apply to have an address designated by the Secretary of State serve as the person's address for various purposes, including service of process. Under existing law if a program participant obtains a name change, he or she loses certification as a program participant. Existing law also requires the Secretary of State to report to the Legislature regarding the confidentiality program for victims of domestic violence, as specified.

This bill would provide that when a person who is a participant in the domestic violence confidentiality program brings a petition for a change of name, the petition, the order of the court, and the copy of the order to be published, shall indicate, in lieu of the proposed name, that the name is confidential and on file with the Secretary of State. This bill would further require that the Secretary of State keep confidential the name changes made by participants in the confidentiality program, and that the Secretary of State may cancel a person's certification in the program if the person changes his or her name and fails to notify the Secretary of State within 7 days of the change. This bill would also eliminate provisions that allow the Secretary of State to disclose information about a participant in the confidentiality program when the person is terminated from the program. This bill would also provide that a program participant's changed name shall not be available for inspection and copying, except as specified. This bill would further require the Secretary of State to report to the Legislature the number of program participants who obtained a confidential name change, as specified. The bill would make additional, related changes to take effect only if SB 1318 is chaptered and becomes operative, as specified.

Ch. 34 (AB 460) Ackerman. Trusts: trustees and other fiduciaries.

(1) Existing law authorizes the legislative body of a local agency to establish a pension trust, as specified.

This bill would, in cases where the pension trust permits a participant or beneficiary to direct investments in his or her account, provide that a corporate custodian or a corporate trustee that otherwise provides services to the trust shall not be liable for any loss, or for any breach, which results from the participant's or beneficiary's directions with respect to the assets in his or her account.

(2) Existing law defines the phrase "terms of the trust" for purposes of laws regarding the duty of a trustee to keep the beneficiaries of a trust reasonably informed of the trust and its administration to include the written trust instrument of an irrevocable trust or those provisions of a written trust instrument that describe or affect an irrevocable portion of a trust.

This bill would revise the definition to state that it means the written trust instrument of an irrevocable trust instrument in effect at the settlor's death that describes or affects that portion of a trust that has become irrevocable at the settlor's death. It also would provide that the phrase includes documents irrevocably exercising a power of appointment, as specified, but does not include superseded trust instruments or amendments.

(3) Existing law requires, when a revocable trust or any portion thereof becomes irrevocable for any reason, that the trustee shall provide a copy of the trust or irrevocable portion of it, as specified.

This bill would require the trustee to provide the copy, as specified, when the trust becomes irrevocable or a portion of the trust becomes irrevocable because of the death of one or more of the settlors. This bill would also require that the trustee provide the copy, as specified,

when the terms of the trust expressly provide that the trust becomes irrevocable within one year of the death of a settlor because of a contingency related to the death of one or more settlors of the trust.

(4) Existing law requires a trustee to provide specified information regarding the trust and the trustee to each beneficiary of an irrevocable trust or irrevocable portion of a trust, to each heir of the settlor, and to the Attorney General, as specified.

Existing law also provides that a trustee who fails to make a good faith effort to serve the notification by the trustee shall be responsible for all damages including attorneys' fees and costs resulting from the failure.

This bill would revise and recast these provisions to, among other things, require that trustees provide specified information to certain beneficiaries and heirs when the terms of the trust expressly provide that the trust becomes irrevocable within one year of the death of a settlor because of a contingency related to the death of one or more settlors of the trust. The bill would further provide that a trustee who fails to give notification, as specified, to a beneficiary shall be responsible for all damages, attorney's fees, and costs caused by the failure unless the trustee has made a reasonably diligent effort to comply with the notification requirements. This bill would also provide that a trustee who fails to give notification, as specified, to an heir who is not a beneficiary and who is known to the trustee shall be responsible for all damages caused to the heir by the failure unless the trustee has made a reasonably diligent effort, as defined, to comply with notification requirements. The bill would further provide that a trustee may consider the fact that the period within which a beneficiary may contest a trust has not expired when exercising discretion in distributing assets.

Ch. 35 (AB 766) Wiggins. Solano County.

Existing law authorizes the boards of supervisors of specified counties to provide, by ordinance, that the public administrator be appointed by the board, and authorizes specified counties to appoint the same person to the offices of public administrator, veteran service officer, and public guardian.

This bill would include Solano County within those counties whose board of supervisors would be authorized to provide for the appointment of the public administrator by the board. It would also authorize the Board of Supervisors of Solano County to appoint the same person to the offices of public administrator and public guardian.

Ch. 36 (AB 1441) Lempert. California Community Colleges.

Existing law specifies that all contracts entered into by any state agency for specified services are void unless and until approved by the Department of General Services. That law exempts certain transactions from that law, including transactions entered into by the Trustees of the California State University.

This bill also would exempt transactions entered into by the Board of Governors of the California Community Colleges from that law.

The bill also would provide that it shall not be construed to provide any exemption for the Board of Governors of the California Community Colleges or the Chancellor's Office of the California Community Colleges from provisions of law governing personal services contracts.

Ch. 37 (SB 235) Haynes. Cosmetology: licensing.

The Barbering and Cosmetology Act provides that it is unlawful for any person, firm, or corporation to engage in barbering, cosmetology, or electrolysis without a valid current license issued by the Director of the Department of Consumer Affairs or his or her designee, and defines the practices of barbering and cosmetology as including specified services.

This bill would provide that the practices of barbering and cosmetology do not include the mere sale, fitting, or styling of wigs and hairpieces or natural hair braiding, which is a service

that results in tension on hair strands or roots by twisting, wrapping, weaving, extending, locking, or braiding hair by hand or mechanical device, provided that this service does not include the cutting of hair or the application of dyes, reactive chemicals, or other preparations to alter the color of the hair or to straighten, curl, or alter the structure of the hair. This bill would provide that a person who engages in natural hair styling, which is defined as the provision of natural hair braiding services together with any of the services or procedures defined within the regulated practices of barbering or cosmetology, is subject to regulation under the act and shall obtain and maintain a barbering or cosmetology license as applicable to the services respectively offered or performed. This bill would also make corresponding changes to the list of practices constituting cosmetology, and would additionally delete from this list the specific practice of brushing of hair. It would also provide that "establishment," as used in the act, includes any premises, building, or part of a building where natural hair styling is practiced for compensation.

Ch. 38 (SB 1311) Chesbro. Salmon and steelhead trout habitat.

The Budget Act of 1999 prohibits the expenditure of federal funds available from the Pacific Coastal Salmon Recovery Account administered by the National Marine Fisheries Service or from any other source for the Watershed and Salmon Restoration Strategy Program that are not appropriated in that act unless and until a statute is enacted authorizing and defining that program and specifying the use of the federal funds.

This bill would appropriate \$9,000,000 in federal funds from the Pacific Coastal Salmon Recovery Fund to the Department of Fish and Game for the protection and recovery of salmon and steelhead trout pursuant to a specified Memorandum of Understanding between the Department of Fish and Game, the Resources Agency, and the United States Department of Commerce, National Marine Fisheries Service. The bill would make a legislative finding that this provision satisfies the requirements of the Budget Act of 1999, as specified.

This bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 39 (SB 2085) McPherson. Alcoholic beverages: use on school grounds.

Under existing law, unless otherwise exempted, every person who possesses, consumes, sells, gives, or delivers to any other person, any alcoholic beverage in or on any public schoolhouse or any of the grounds thereof, is guilty of a misdemeanor.

This bill would provide an exemption from these provisions by permitting alcoholic beverages to be served on the campus of the Monterey Peninsula College during the period from June 15 to June 22, 2000, inclusive, in connection with the 100th anniversary of the United States Open Golf Championship Tournament at Pebble Beach.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 40 (AB 1850) Correa. California public universities: spouses and children of deceased public safety officers: educational benefits.

Existing law prohibits the Regents of the University of California, the Board of Directors of the Hastings College of the Law, and the Trustees of the California State University System from requiring or collecting fees or tuition from any surviving natural or adopted child of a law enforcement or fire suppression and prevention employee of a public agency, as defined, or until January 1, 2002, a child of a contractor or employee of a contractor performing services for a public agency, killed in the performance of active law enforcement or active fire suppression and prevention duties, if the deceased person met specified requirements.

This bill would additionally make those educational benefits available to a surviving spouse of a deceased person to which this provision is applicable.

Ch. 41 (SB 451) Schiff. Sexually violent predators: commitment petitions.

Existing law establishes procedures under which a person under the jurisdiction of the Department of Corrections may be referred for evaluation at least 6 months prior to the

person's scheduled date for release from prison if the director determines that the person may be a sexually violent predator, as defined. Existing law provides, under certain circumstances, that this person may be required to stand trial, be found beyond a reasonable doubt to be a sexually violent predator, and be committed for 2 years to the custody of the State Department of Mental Health for treatment and confinement in a secure facility until his or her diagnosed mental disorder has so changed that he or she is not likely to commit an act of sexual violence.

Existing law authorizes the Board of Prison Terms to order that a person referred to the State Department of Mental Health remain in custody for a full evaluation for no more than 45 days, unless his or her scheduled date of release falls more than 45 days after referral. Existing law also provides that in cases where an inmate's parole or temporary parole hold will expire before a probable cause hearing is conducted, the agency bringing the petition may request an urgency review by a judge of a superior court in accordance with specified procedures.

This bill instead would authorize the board, upon a showing of good cause, to order that a person referred to the State Department of Mental Health remain in custody for a full evaluation for no more than 45 days beyond the person's scheduled release date, and would revise procedures relating to probable cause review and hearing, including that the person remain in custody pending the completion of the hearing.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 42 (SB 1574) Alarcon. Criminal procedure: deferred entry of judgment: reimbursement of costs.

Existing law provides procedures, as specified, for defendants who are dismissed from deferred entry of judgment programs. Existing law also requires that the court, prior to dismissing the charge or charges, consider the defendant's ability to pay and whether the defendant has paid a diversion restitution fee, has paid an administration fee to the probation department, and has met his or her financial obligation to the program.

This bill would require that the court, prior to rendering a finding of guilt and entering judgment, consider the defendant's ability to pay a diversion restitution fee and whether the defendant has met his or her financial obligation to the program. This bill would eliminate the requirement that the court consider whether the defendant has paid an administration fee to the probation department. This bill would also require the defendant to reimburse the probation department for the reasonable cost of any program investigation or progress report filed with the court, as specified.

Ch. 43 (AB 2418) Migden. Jurors: eligibility.

Existing law specifies that no eligible person shall be exempt from service as a trial juror by reason of occupation, race, color, religion, sex, national origin, or economic status.

This bill would add sexual orientation to the list of bases for which no eligible person shall be exempt from service as a trial juror.

Existing law provides for the exclusion of prospective jurors from a trial jury by peremptory challenge or challenge for cause.

This bill would specify that no party may use a peremptory challenge to remove a prospective juror on the basis of an assumption that the prospective juror is biased merely because of his or her race, color, religion, sex, national origin, sexual orientation, or similar grounds.

The bill also would set forth the findings and intent of the Legislature in this regard.

Ch. 44 (AB 1908) Lempert. School bonds.

Existing law authorizes the governing board of any school district or community college to order an election and submit to the electors of the district the question of whether the bonds of the district shall be issued and sold to raise money for specified purposes. Existing law

generally requires $\frac{2}{3}$ of the votes cast on the proposition of issuing bonds to be in favor of issuing the bonds to pass the measure.

This bill would provide that, contingent upon the passage of the “Smaller Classes, Safer Schools and Financial Accountability Act” at the November 7, 2000, general election, as an alternative, the governing board of a school district or community college district, may, pursuant to a $\frac{2}{3}$ vote of the governing board, pursue the authorization and issuance of bonds by a 55% vote of the electorate, at a primary or general election, a regularly scheduled local election, or a statewide special election, subject to certain additional requirements.

The bill would require the ballot to be printed with a statement that the governing board will appoint a citizens’ oversight committee and conduct annual independent audits to assure that funds are spent only on school and classroom improvements and for no other purposes. The bill would require that after a successful election, the board appoint an independent citizens’ oversight committee, as specified. The bill would state that the purpose of the citizens’ oversight committee is to inform the public concerning the expenditure of bond revenues.

The bill would authorize, as specified, an action to be maintained to restrain and prevent expenditures of bond funds under certain circumstances.

Ch. 45 (AB 2767) Jackson. Vehicles: engineering and traffic surveys.

Existing law defines an engineering and traffic survey to be a survey of highway and traffic conditions in accordance with methods determined by the Department of Transportation, and lists factors that must be included in a survey.

This bill would authorize local authorities to, in addition to the existing factors, consider residential density and pedestrian and bicyclist safety in conducting surveys.

Ch. 46 (AB 894) Alquist. Physicians and surgeons: skilled nursing facilities: antipsychotic medication.

Existing law prescribes certain procedures to be followed if the attending physician and surgeon of a resident in a skilled nursing facility or intermediate care facility prescribes or orders a medical intervention that requires informed consent.

This bill would provide that if the attending physician and surgeon of a resident in a skilled nursing facility prescribes or orders an antipsychotic medication, the physician and surgeon shall obtain the informed consent of the resident for purposes of prescribing, ordering, or increasing an order for the medication, seek the consent of the resident to notify the resident’s interested family member, as designated in the medical record, and if the resident consents to the notice, make reasonable attempts, either personally or through a designee, to notify the interested family member, as designated in the medical record, within 48 hours of the prescription, order, or increase of an order.

Ch. 47 (AB 2003) Shelley. Arrests.

Existing law authorizes a peace officer to arrest a suspect without a warrant when the officer has probable cause to believe that the suspect committed an assault or battery against another person with whom the suspect has a specified personal or domestic relationship under specified circumstances.

This bill would add a dating relationship as defined by law to the list of specified personal relationships justifying an arrest without a warrant under the above provision.

Ch. 48 (AB 2901) Committee on Health. Disproportionate share hospitals.

Existing law provided for the Medi-Cal program, which is administered by the State Department of Health Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons.

Under existing law, the State Department of Health Services is required to make supplemental payments to certain outpatient disproportionate share hospitals based on specified criteria.

This bill would revise the method of determining the disproportionate share provider payment structure for the 2000–01 payment adjustment year and subsequent years. The bill would also authorize the department to adopt specified emergency regulations in this regard.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 49 (SB 1434) Alarcon. Building permits.

Existing law prohibits a city or county from issuing a building permit without a properly executed declaration by the owner, applicant, contractor, or agent of the owner, contractor, or applicant.

This bill would provide that a properly executed declaration may include a declaration signed and transmitted by facsimile or other electronic means. It would also provide that an application for a building permit shall be construed as a “transaction” and all declarations required shall be construed as records under the Uniform Electronic Transactions Act.

Ch. 50 (SB 1616) Monteith. Vandalism: graffiti abatement.

Existing law provides that every person who maliciously defaces with graffiti or other inscribed material, damages, or destroys any real or personal property not his or her own is guilty of vandalism. Existing law prohibits additional specified acts of vandalism involving graffiti. Existing law also authorizes the court to order a defendant to perform community service upon conviction of certain of these offenses, or as a condition of probation, as specified, or in a jurisdiction that has adopted a graffiti abatement program, authorize the court to order, upon the conviction of a person for any of these offenses, or as a condition of probation, the person, and his or her parents or guardians if the defendant is a minor, to keep the damaged property or another property free of graffiti for a specified period of time.

This bill would delete the adoption of a graffiti abatement program as a condition for the court to order a person, convicted pursuant to these provisions, to keep the damaged property or another property free of graffiti. Since these provisions are contained in a statute affected by Proposition 21, an initiative act, the amendment of these provisions by the Legislature would require a $\frac{2}{3}$ vote of the Legislature as provided by the initiative act.

Ch. 51 (AB 2305) Dutra. Veterans’ Bond Act of 2000.

This bill would enact the Veterans’ Bond Act of 2000 which, if approved, would authorize, for purposes of financing a specified program of farm, home, and mobilehome purchase assistance for veterans, the issuance, pursuant to the State General Obligation Bond Law, of bonds in the amount of \$500,000,000. The act would authorize refunding, pursuant to the State General Obligation Bond Laws, of bonds issued or sold under prescribed veterans bond acts.

The bill would provide for submission of the act to the voters at the November 2000 general election in accordance with specified law.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 52 (AB 1740) as amended, Ducheny. 2000–01 Budget. ¹

This bill would make appropriations for support of state government for the 2000–01 fiscal year.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 53 (AB 1256) Committee on Agriculture. Fairs: funding.

(1) Existing law authorizes parimutuel wagering on the outcome of horse races, and provides that the first \$1,100,000 of all revenue distributed to racing associations for payment to the state as license fees shall be deposited into a special account of the Fairs and Exposition Fund and is thereafter continuously appropriated to the Department of Food and Agriculture for supplementing purses at fair meetings.

(2) Existing law also provides that except for the revenues described in (1), all revenues distributed to the state as license fees from satellite wagering shall be deposited into a separate

NOTE: Superior numbers appear as a separate section at the end of the digests.

account in the fund and are continuously appropriated to the department for allocation by the Secretary of Food and Agriculture for specified purposes related to capital improvements and operational costs of fairs and satellite wagering facilities. Existing law also provides that when revenues deposited into this account exceed \$11,000,000 in any fiscal year, 98% of the amount in excess shall be transferred to the General Fund, but that repayments of specified securities issued for the purpose of constructing or acquiring improvements to fair racing inclosures, satellite facilities, and access compliance projects, repayment of debts incurred by the State Race Track Leasing Commission for the construction of a grandstand at the Del Mar fairgrounds, and the payment of expenses incurred in establishing and operating satellite wagering facilities generally, shall be made before any funds are thereby transferred.

(3) Existing law also provides that from the total revenue received by the California Horse Racing Board, exclusive of fines, penalties, and unclaimed tickets, a sum to be determined by a specified calculation shall be deposited into the Fairs and Exposition Fund, and, if the revenues thereby deposited are in excess of \$13,000,000 in any fiscal year, one-half of the amount in excess shall be transferred to the General Fund. Existing law also provides that any unallocated balance remaining in this fund is continuously appropriated for allocation by the Secretary of Food and Agriculture for specified capital improvements and operational support at California fairs.

This bill would provide that the excess satellite wagering license fee revenues that are currently transferred directly to the General Fund pursuant to (2) shall instead be transferred to the Fair and Exposition Fund, and shall be subject to the calculation, distribution, and continuous appropriation described in (3).

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 54 (AB 776) Calderon. Workers' compensation: medical evaluators: reappointment.

Existing law, for purposes of workers' compensation, requires the Industrial Medical Council to appoint qualified medical evaluators for the evaluation of medical issues, and these appointments are for a 2-year term. Existing law permits a medical evaluator to request reappointment if he or she meets specified qualifications that include having completed within the previous 24 months 12 hours of continuing education, as specified.

This bill would require the appointment of qualified medical evaluators for the evaluation of medical-legal issues. The bill would clarify who is a physician for purposes of appointment or reappointment as a qualified medical evaluator. The bill would revise the qualifications for the appointment and reappointment of medical evaluators, including, among other changes, a requirement that appointees complete a course approved by the Industrial Medical Council of 12 or more hours on disability evaluation report writing. This bill would also revise the grounds for suspension or termination by the council of the privilege of a physician to serve as a qualified medical evaluator.

Ch. 55 (SB 1424) Lewis. Elections.

(1) Existing law authorizes the enactment of county, municipal, and district ordinances by, among other methods, voter initiative, and specifies when the election for those initiatives shall be held.

This bill would amend and recast these provisions for purposes of uniformity and technical clarification.

(2) Existing law requires the Secretary of State, not later than the 24th day after a partisan presidential primary election, to compile and file certain statements of the canvassed returns filed with him or her by the county elections officials, and to issue certificates of election to winning candidates and delegates.

This bill would instead require the Secretary of State to perform those acts not later than the 32nd day after the election.

(3) Existing law requires any person who receives, by write-in vote, a plurality of the votes cast in the American Independent Party's delegate selection primary election, to file with the Secretary of State, within 31 days after that party's primary election, a list of delegates to that party's national convention, as specified.

This bill would instead require any such person to perform that act within 37 days after the primary election, and would make a conforming change to a related provision and to a similar provision applicable to the Peace and Freedom Party.

(4) Existing law requires each group of candidates for delegates of the Peace and Freedom Party to determine the order of members to be certified by the Secretary of State and to certify that order to the Secretary of State not later than the 21st day after the election.

This bill would instead require that the order be certified to the Secretary of State not later than the 28th day after the election.

(5) Existing law generally requires the elections official to send the results of an election to the Secretary of State within 35 days of that election, provided that the results for all persons voted for at the presidential primary for delegates to national conventions are required to be sent within 20 days after the election and the results for presidential electors are required to be endorsed and sent so that they are received not later than the first Monday in the month following election.

This bill would instead require that the results for persons voted for at the presidential primary for delegates to national conventions be sent within 28 days after the election. It would also delete the requirement that the results for presidential electors be sent so that they are received not later than the first Monday in the month following election.

Ch. 56 (AB 1716) Robert Pacheco. Dependency proceedings: paternity.

Existing law requires the juvenile court, at the detention hearing held in a dependency proceeding, or as soon thereafter as practicable, to inquire of the mother and any other appropriate person as to the identity and address of all presumed or alleged fathers of the child who is the subject of the proceeding, and specifies the factors the court may consider in this regard. Existing law also provides for specified notice to alleged fathers, and provides for a determination of paternity upon certain circumstances.

This bill would require the juvenile court to consider specified factors that the juvenile court deems appropriate when making its inquiry of the father, including whether any man has declared paternity of the child by signing a voluntary declaration thereof, among other factors. The bill would also require the juvenile court, after any inquiry, proceeding, or determination made pursuant to the above provisions, to note its findings in the minutes of the court. It also would make a related change.

Ch. 57 (AB 1786) Maddox. Animal shelters: holding of impounded animals.

Existing law provides, with respect to animal shelters and pounds, impounding time periods, and care, redemption, and adoption requirements applicable to specified animals, including the requirement that, until July 1, 2001, any animal relinquished by the purported owner be held for 2 full business days, not including the day of impoundment. Existing law also provides that, commencing on that date, this provision shall again become operative, except that the relinquished animal will be held for only one day, not including the day of impoundment.

This bill instead would provide that kittens or puppies relinquished by the purported owner, or brought in by any other person, to pounds or shelters may immediately be available for adoption.

Ch. 58 (AB 2110) Rod Pacheco. Graffiti abatement.

Existing law authorizes a city, county, or city and county to provide for the abatement of a nuisance resulting from the defacement of the property of another by graffiti or any other inscribed material at the expense of a minor creating, causing, or committing the nuisance.

Existing law also authorizes a city, county, or city and county to adopt an ordinance making the expense of abatement a lien against property of the minor or the parent or guardian of the minor and a personal obligation of the minor or the parent or guardian of the minor and specifying the procedures for the recording, abatement, and satisfaction of the lien.

This bill would authorize the extension of these provisions to apply to persons other than minors creating, causing, or committing these nuisances.

Ch. 59 (AB 2446) Wildman. Juveniles: correctional facilities: youth centers.

Existing law, the Juvenile and Gang Violence Prevention, Detention, and Public Protection Act of 1998, authorizes the Department of the Youth Authority to award grants to nonprofit agencies that serve youths for the purpose of acquiring, renovating, or constructing youth centers.

This bill would add to the nonexclusive list of nonprofit agencies that serve youth that may apply for grants.

Ch. 60 (SB 1664) Karnette. Franchise and income tax laws: seniors' tax assistance: full value: property tax equivalent.

The Gonsalves-Deukmejian-Petris Senior Citizens Property Tax Assistance Law provides for payment of assistance by the Franchise Tax Board to claimants, whether those claimants own or rent their residences, in accordance with schedules that reduce the amount of assistance provided as the amount of a claimant's household income increases along a specified scale of household income amounts. The amount of assistance for a claimant owning his or her residential dwelling is a specified percentage, based on household income, of tax on the first \$34,000 of full value. The amount of assistance for a claimant renting his or her residence is a specified percentage, based on household income, of the statutory property tax equivalent of \$250.

This bill would provide a one-time 150% increase in property tax assistance payments for low-income senior citizens and disabled individuals for the 2000–01 fiscal year, as provided.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 61 (SB 1762) Alpert. Deputy sheriffs: San Diego County.

Existing law defines specified powers, rights, duties, and training requirements for peace officers, and provides that any deputy sheriff, employed in that capacity by a county, is a peace officer whose authority extends to any place in the state with regard to offenses committed within his or her home jurisdiction, and any offense committed in his or her presence where there is immediate danger to person or property or the escape of the perpetrator, or where there is probable cause to believe these situations exist. Existing law also provides that a deputy sheriff of a county of the first class who is assigned to perform duties relating to specified custodial assignments is a peace officer whose authority extends to any place in the state only while engaged in the performance of the duties of his or her employment and for the purpose of carrying out the primary function of employment relating to his or her custodial assignments, or when directed to perform other law enforcement duties during a local state of emergency.

This bill would provide that this latter provision is applicable to deputy sheriffs employed by San Diego County.

Ch. 62 (AB 2301) Lowenthal. State agencies: contracts.

Under existing law, 2 or more public agencies, by agreement, may exercise any power common to the contracting parties. Existing law also authorizes state agencies to enter into agreements to furnish services, materials, or equipment to, or perform work for, other state agencies upon the terms and conditions and for consideration as they may determine, and subject to approval of the Director of General Services.

This bill would authorize each state agency to contract with a joint powers authority to perform examinations and related services for the state agency with respect to the issuance

of professional and vocational licenses, certifications, commissions, permits, or other similar accreditations, subject to approval of the Director of General Services pursuant to a specified provision of existing law or other approval as required by law. The bill would specifically authorize the Cooperative Personnel Services Joint Powers Authority to administer examinations and provide related services for state agencies, subject to the approval of the Director of General Services or other approval as required by law.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 63 (AB 769) Margett. Vehicles: preferential vehicle lanes.

Existing law authorizes the Department of Transportation to authorize or permit exclusive or preferential use of highway lanes for high-occupancy vehicles. Existing law, which becomes inoperative on July 1, 2001, and as of January 1, 2002, is repealed, requires the department to establish those lanes on the San Bernardino Freeway, to set the minimum occupancy level on those lanes at 2 persons, including the driver, and to complete a related study and submit a report to the Legislature.

This bill would instead set the minimum occupancy level on those lanes at 3 persons, including the driver, during the peak commuting hours of 5-9 a.m. and 4-7 p.m., Monday through Friday, inclusive, and 2 persons, including the driver, at all other times.

This bill would also expand the scope of the study and report.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 64 (AB 1797) Bock. Vital records: alternative birth center.

Existing law requires that each live birth be registered with the local registrar of live births and deaths for the district in which the birth occurred. Existing law authorizes the administrator of a hospital to sign and register the birth certificate if the attending physician and surgeon, certified nurse midwife, or principal attendant is not available.

This bill also would authorize the administrator of a state-licensed alternative birth center to sign and register live births under this provision.

Ch. 65 (AB 1830) Wildman. Pregnant and parenting teen education programs: leased buildings.

Existing law requires the Department of General Services to supervise the design, construction, reconstruction, or alteration of, or addition to, a school building to ensure compliance with certain rules, regulations, and building standards. Existing law requires a school district to provide for an examination of any school building that was not constructed under those terms.

This bill would exempt from those provisions, until January 1, 2002, a building leased by a school district on a temporary basis for the purposes of housing a pregnant and parenting teen education program.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 66 (AB 1905) Rod Pacheco. District accounts: authorization.

Existing law authorizes local park and recreation districts to operate and maintain local parks and recreation areas in the state. Tax revenues of the district are required to be placed in the treasury of the city or county in which the district is located, and the treasurer of that city or county acts as the treasurer of the district.

This bill would authorize a recreation and park district to establish an alternative depository pursuant to specified provisions applicable to community services districts, with the approval of the city or county in which the district is located.

This bill would revise the alternative depository provisions applicable to community services districts to permit the finance director of the district board to be the general manager. The bill would permit warrants to be drawn by the president and the general manager of the district board.

Ch. 67 (AB 2453) Runner. Pupil records.

Existing law finds and declares that the mobility of pupils in foster care often disrupts their educational experience. Existing law authorizes parents of currently enrolled or former pupils access to any and all pupil records related to their children which are maintained by school districts or private schools.

This bill would authorize foster family agencies with jurisdiction over currently enrolled or former pupils to access records of grades and transcripts, and individualized education plans maintained by school districts or private schools of those pupils.

Ch. 68 (SB 2096) Poochigian. Cemetery districts.

Existing law authorizes a cemetery district formed prior to 1947 to acquire a mausoleum if the mausoleum was constructed at least 10 years prior to May 1, 1947.

This bill would create an exception authorizing the Visalia Public Cemetery District to acquire a mausoleum that was originally constructed by the City of Visalia in 1965, if the cemetery district complies with specified criteria.

This bill would make legislative findings and declarations as to the necessity for a special statute.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 69 (SB 1643) O'Connell. Teachers' salaries.

Existing law requires the governing board of each school district to adopt and cause to be printed and made available a schedule of salaries to be paid to certificated employees. Existing law permits the governing board of a school district, the county superintendent of schools, or the county boards of education, in the 1999–2000 fiscal year, to increase the lowest salary on the salary schedule for a certificated employee who meets certain requirements by designating as the lowest salary on the salary schedule an amount not to exceed \$32,000 and sets forth procedures for providing per-pupil incentives for providing this increase.

This bill would authorize the governing board of a school district, the county superintendent of schools, or the county boards of education, commencing with the 2000–01 fiscal year, to increase the lowest salary on the salary schedule for a certificated employee that meets certain requirements by designating as the lowest salary on the salary schedule an amount that is at least \$34,000 in the 2000–01 fiscal year. This bill would set forth procedures for reimbursement for the cost of the increase.

The bill would declare that it is to take effect immediately as an urgency measure.

Ch. 70 (SB 1666) Alarcon. Teachers: recruitment and incentives.

(1) Existing law exempts a member of the State Teachers' Retirement System who is retired for service from certain limitations on the amount of compensation the member may earn for performing certain creditable activities without suffering a reduction in his or her retirement allowance if the member is employed to mitigate the effects of teacher shortages attributable to recent class size reduction legislation affecting kindergarten and grades 1 to 3, inclusive.

This bill would instead, commencing in the 2000–01 school year, exempt a member who retired for service effective January 1, 2000, and is employed to provide direct classroom instruction to pupils in kindergarten or any of grades 1 to 12, inclusive, or to provide support to new teachers, individuals completing student teaching assignments or participating in the Preinternship Teaching Program, an alternative certification program, or the School Paraprofessional Teacher Training Program.

(2) Existing law provides incentive grant funding to school districts and county offices of education that operate or propose to operate an alternative certification program and limits the amount of a grant to \$1,500 per intern per year.

This bill would increase the maximum amount of a grant to \$2,500.

(3) Existing law establishes the National Board for Professional Teaching Standards Certification Incentive Program to provide one-time \$10,000 merit awards to teachers who are employed by school districts or charter schools, are assigned to teach in the public schools, and have attained certification from the National Board for Professional Teaching Standards.

This bill would provide an additional \$20,000 to the recipient if the teacher agrees to teaching for 4 years in a low-performing school and would define a low-performing school as one that is in the bottom half of all schools based on the Academic Performance Index.

(4) Existing law requires the establishment and operation of a resource center that collects and maintains information regarding programs that encourage or assist military personnel, upon retirement, to enter the teaching profession. Existing law establishes the California School Paraprofessional Teacher Training Program to recruit paraprofessionals to participate in a program designed to encourage them to enroll in teacher training programs and to provide instructional service as teachers in the public schools. Existing law establishes the Science, Mathematics, and Technology Teacher Pipeline Program to identify, support, and assist elementary, secondary, and postsecondary students to become teachers of science, mathematics, or technology. Existing law establishes the California Center on Teaching Careers to recruit individuals into the teaching profession.

This bill would establish the Teaching As A Priority Block Grant, to be administered by the State Department of Education, to award block grants to school districts to provide incentives to attract credentialed teachers to be employed and retained in low-performing schools.

This bill would also establish the Teacher Recruitment Initiative Program, to be administered by the Sacramento County Office of Education. The Sacramento County Office of Education would award, by January 1, 2001, up to 6 grants on a competitive basis to consortia to operate regional recruitment centers that would focus on recruiting teachers to low-performing schools, especially those with a teaching staff that has more than 20% emergency permitholders. The bill would require the Sacramento County Office of Education to provide statewide oversight and technical assistance for regional recruitment centers.

(5) Existing law establishes an Assumption Program of Loans for Education under which an applicant enrolled in a participating institution of postsecondary education, or an applicant who agrees to participate in a teacher trainee or teacher internship program, and who further agrees to obtain a teaching credential in subject areas that are designated as current or projected shortage areas or to provide classroom instruction in schools that serve large populations of pupils from low-income families, serve rural areas, or have a high percentage of teachers holding emergency permits, is eligible to receive a conditional warrant for loan assumption, to be redeemed pursuant to a prescribed procedure upon becoming employed as a teacher. Existing law requires an applicant to enroll in at least 10 semester units or the equivalent. Existing law sets aside 40% of the warrants for applicants who agree to obtain teaching credentials in any subject area and to teach in schools that serve large populations of pupils from low-income families and 60% of the warrants for applicants who agree to obtain a teaching credential in a subject area that is currently or is projected to be a shortage area.

This bill would also make an applicant enrolled in a participating institution of postsecondary education or an applicant who agrees to participate in a teacher trainee or teacher internship program, and who further agrees to teach in a low-performing school, as defined, eligible for a warrant. The bill would require an applicant to be enrolled on at least a half-time basis rather than 10 semester units and would eliminate the set-asides. The bill would require the Student Aid Commission to reexamine its outreach and marketing strategies relative to the program.

(6) Existing law requires the annual distribution of 500 warrants under the Assumption Program of Loans for Education for the recruitment of out-of-state teachers.

This bill would instead authorize the distribution of warrants without reference to the number of warrants to be distributed.

(7) Existing law requires the annual distribution of a minimum of 2,000 of the warrants under the Assumption Program of Loans for Education to applicants who agree to obtain a teaching credential in mathematics or science and 50 warrants to project centers of the Science, Mathematics, and Technology Teacher Pipeline Program for participants in that program.

This bill would delete these provisions.

(8) Existing law requires the distribution for the 1999–2000 school year of a maximum 5,500 student loans for participants of the Assumption Program of Loans for Education. Notwithstanding this maximum, existing law requires the issuing of warrants in a quantity determined by the Legislature in the annual Budget Act for the assumption of student loans for applicants who agree to teach in rural schools and schools with a high percentage of teachers holding emergency permits.

This bill would increase the maximum number of student loans to 6,500 and would require the issuing of warrants in a quantity determined by the Governor and Legislature in the annual Budget Act for the assumption of student loans regardless of the eligibility category of the applicant, but would allow a set-aside of 100 warrants for applicants who agree to teach in school districts serving rural areas.

(9) Existing law establishes Cal Grant T awards as a state educational opportunity grant program under which Cal Grant T awards are made to students who have completed a baccalaureate degree and are admitted to a program of professional teacher preparation for tuition and student fees for a maximum of one academic year of full-time attendance at a program of professional teacher preparation and the Assumption Program of Loans for Education described in paragraphs (6) to (9), inclusive, above.

This bill would require the California Student Aid Commission to report, as specified, on the number of Cal Grant T award recipients that become public school teachers.

The bill would also establish the Governor's Teaching Fellowship Program to be administered by the Chancellor's office of the California State University and under which \$20,000 nonrenewable graduate teaching fellowships would be awarded to graduate students who agree to teach at a low-performing school for 4 years. The fellowships would be used to defer tuition and living expenses for a teacher certification program at any accredited postsecondary institution in California. The bill would establish an intersegmental review committee to review all fellowship applications.

(10) This bill would become operative only if SB 1330 is chaptered.

(11) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 71 (SB 1667) Alpert. Education and government. ²

(1) Existing law requires a school district that has one or more pupils who are English learners to assess each pupil's English language development in order to determine the pupil's level of proficiency. Existing law, commencing with the 2000–01 school year, requires the assessment to be conducted upon initial enrollment, and annually, thereafter, on the anniversary of the pupil's initial identification by the school district as being an English learner.

This bill would, instead, require that the annual assessment be conducted upon initial enrollment during a period of time determined by the Superintendent of Public Instruction and the State Board of Education.

(2) Existing law establishes the English Language Acquisition Program designed for pupils enrolled in grades 4 to 8, inclusive, under which a school district conducts an academic assessment of English language learners, provides a program for English language development instruction, provides supplemental instructional support, and coordinates services and funding sources available to English language learners.

This bill, in addition, would establish, until January 1, 2004, the English Language and Intensive Literacy Program for pupils in kindergarten and grades 1 to 12, inclusive. The bill would require the Superintendent of Public Instruction to develop, and the State Board of Education to approve guidelines for implementing the program. The bill would require that at least 90% of the funds received for the program be expended on direct services or materials for English language learners. The bill would require that an independent evaluation of the program be completed and submitted to the appropriate committees of the Legislature.

(3) Existing law requires the Superintendent of Public Instruction to make certain computations to determine the amount to be allocated for direct services and other purposes provided by county superintendents of schools and to determine each county superintendent's revenue limit for county superintendent responsibilities and direct services. Existing law requires the Superintendent of Public Instruction to apportion equalization funding for the 1999–2000 fiscal year to certain county offices of education in prescribed amounts.

This bill would require the Superintendent of Public Instruction to compute a rate per unit of average daily attendance for the 2000–01 fiscal year for certain county offices of education for purposes of equalizing funding for those county offices of education.

(4) Existing law requires child development appropriations to be available for expenditure for 3 years, except that funds remaining unencumbered at the end of the first fiscal year are required to revert to the General Fund.

This bill would exempt from the requirement that child development appropriations be available for 3 years appropriations for the After School Learning and Safe Neighborhoods Partnerships Program and for CalWORKs child care.

(5) Existing law requires the State Department of Education to convene an advisory committee to the governing board of the County Office Fiscal Crisis and Management Assistance Team on establishing telecommunication standards to support the efficient sharing of school business and administrative information and requires that the advisory committee be disbanded as of December 31, 1995. Existing law, until January 1, 2001, establishes the Educational Telecommunication Fund in order for the governing board to carry out its responsibilities regarding the telecommunication standards and requires that the amount of any offset made to the principal apportionments of school districts because the apportionments were not in accordance with law be deposited in the fund for a maximum deposit of \$1,000,000. Existing law requires the governing board to make annual reports to the Governor, the Legislature, the State Board of Education, and the Superintendent of Public Instruction.

This bill would delete the date that the committee is required to be disbanded and would change to January 1, 2002, the date upon which the provisions regarding the Educational Telecommunication Fund become inoperative. The bill would also increase the maximum amount that may be annually deposited in the fund to \$10,000,000 and require the annual report to be given also to the Department of Finance.

(6) Existing law authorizes the revenue limit of a school district to be reduced by the decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of specified legislation and to offset that amount by any increase in those contributions resulting from subsequent changes in employer contribution rates.

This bill would, notwithstanding any other provision of law, prohibit excluding, from the calculations of the reduction described above, any persons providing services to local education agencies through use of a joint powers authority involving the local education agencies if those persons would otherwise be considered school employees and subject the local educational agency to the reduction described above.

(7) Existing law establishes the Carl Washington School Safety and Violence Prevention Act, which requires the Superintendent of Public Instruction to provide funds to school districts serving pupils in any of grades 8 to 12, inclusive, for the purpose for promoting school safety and reducing schoolsite violence.

This bill would expand the School Safety and Violence Prevention program to school districts that serve pupils in kindergarten or any of grades 1 to 12, inclusive.

(8) Existing law authorizes the governing board of a school district and a county board of education to request the State Board of Education to waive provisions of the Education Code and implementing regulations adopted by the State Board of Education except certain enumerated provisions and requires the State Board of Education to approve requests for waivers unless the board makes certain findings.

This bill, in addition, would prohibit the request for, and the granting of, a waiver of provisions of the Leroy F. Greene School Facilities Act of 1998.

(9) Existing law requires, for the 1990–91 fiscal year and each fiscal year thereafter, that moneys to be applied by the state for the support of school districts and community college districts be distributed in accordance with certain calculations. This provision does not apply to the fiscal years between the 1992–93 fiscal year and the 1999–2000 fiscal year, inclusive.

This bill would, instead, make this provision inapplicable to the fiscal years between the 1992–93 fiscal year and the 2000–01 fiscal year, inclusive.

(10) Existing law establishes the State School Fund, provides for the annual transfer from the fund for support of the public schools, and provides for related financial and compliance audits. Existing law authorizes formation of joint powers authorities for local educational purposes.

This bill would prohibit a local education agency from avoiding obligations, or from shifting financial obligations to the state through participation in a joint powers authority.

Existing law, regarding determination of the base revenue limit for funding public schools, requires prescribed computations to be made, including, but not limited to, computations regarding employer retirement contributions.

This bill would require employees providing services to a joint power authority to be considered school employees for the purposes of these retirement computations.

(11) Existing law provides for the establishment of charter schools if certain conditions are met, and establishes a method for funding charter schools. Existing law makes a charter school that is in its first year of operation eligible for certain advance apportionments during the 1999–2000 fiscal year.

This bill would make this provision applicable to a charter school in its first year of operation in any fiscal year.

(12) Existing law authorizes the governing board of a school district to establish one or more community day schools for expelled, probation referred, school attendance review board referred, or district referred pupils. A school district that operates a community day school receives \$4 times the number of hours, not to exceed 2, per schoolday that a community day school pupil remains at the community day school under appropriate supervision.

This bill would adjust the \$4 amount annually commencing in the 2000–01 fiscal year for inflation.

(13) Existing law requires the State Department of Education to provide information and limited financial assistance to encourage school breakfast program startup and expansion into all qualified schools. One eligibility criteria is that 30% of the school enrollment apply and qualify for free and reduced-price meals. Existing law limits the amount of a grant to \$10,000 per schoolsite for nonrecurring expenses incurred in initiating school breakfast programs.

This bill would authorize the grants also to be awarded for the expansion of school breakfast programs and the initiation and expansion of summer food service programs. The bill would change the eligibility criteria to require that 20% of the school enrollment apply and qualify for free and reduced-price meals. The bill would allow grant funds to be used for computer point-of-service systems and the purchase of vehicles for transporting food.

(14) Existing law establishes the Public School Performance Accountability Program consisting of an Academic Performance Index, an Immediate

Intervention/Underperforming Schools Program, and a Governor's High Achieving/Improving Schools Program. The Public School Performance Accountability Program requires the Superintendent of Public Instruction, with approval of the State Board of Education, to develop the Academic Performance Index (API), consisting of a variety of indicators, including pupil test scores, to be used to measure the performance of schools.

This bill would include in the API the test scores of pupils who are in the first year of enrollment in a high school, but who, in the prior year, were enrolled in an elementary school district that normally matriculates to the high school district.

(15) Existing law establishes the California School Age Families Education Program (Cal-SAFE), a comprehensive, continuous, and community linked school-based program that focuses on youth development and dropout prevention for pregnant and parenting pupils and on child care and development services for their children for the purpose of improving results for pupils and their children.

This bill would delay the transition to the Cal-SAFE program for one year.

Existing law requires a county service coordination plan that provides for educational and related support services to pregnant and parenting teens and their children to include certain information that is to be collected according to the zip codes of individuals.

This bill would replace tracking by zip code with a method to be determined by the State Department of Education and increase the time in which the county service coordination plan must be submitted to the department.

Existing law authorizes the governing board of a school district or county superintendent of schools, individually, or jointly as a consortium, to submit an application to establish and maintain a Cal-SAFE program.

This bill would eliminate this authorization as to a consortium of governing boards of school districts or county superintendents of schools, or both.

Existing law requires the State Department of Education to submit a report every 5 years to the Joint Legislative Budget Committee and appropriate policy and fiscal committees of the Legislature, commencing March 1, 2004.

This bill would require the reports to commence on March 1, 2005.

Existing law provides state funding for a school district or county superintendent of schools participating in Cal-SAFE pursuant to a formula based on units of average daily attendance generated by pupils served. Existing law provides for the maintenance and use of state funds received under the Cal-SAFE program.

This bill would revise the amount of state funds provided to school districts and county superintendents participating in the Cal-SAFE program and add other related provisions pertaining to the computation of average daily attendance. The bill would authorize school districts and county offices of education to submit claims for a one-time service level exemption from the initial allocation reserved for the program for startup costs for the opening of child care and development sites. The bill would authorize a charter school to participate in Cal-SAFE programs and be eligible for funding.

Existing law requires pregnant minors programs that continue to operate as Cal-SAFE programs to continue the actual enrollment and authorizes them to continue to receive certain levels of funding.

This bill would authorize those pregnant minors programs to continue to claim funding up to certain amounts and make provisions for county offices of education that choose to retain their pregnant minor program revenue limit rather than convert to Cal-SAFE revenue limits.

(16) Existing law requires the waiver of student fees charged by community college districts for students who demonstrate financial need or are otherwise eligible for the waiver. Existing law requires the Board of Governors of the California Community Colleges to allocate to community college districts for determining financial need and delivering student financial aid services an amount based on the amount of fees waived.

This bill would require the above allocation to be made based on the number of credit units for which fees are waived, as specified.

(17) Existing law requires the Chancellor of the California Community Colleges to apportion to each district that establishes a part-time faculty program, as specified, an amount equal up to 50% of the total costs of the compensation paid for office hours of part-time faculty.

This bill would instead require the Chancellor to apportion to each of these districts an amount equal to \$1 for every \$2 that the district provides in compensation under the program.

(18) Existing law established in the Neurology Department at the University of California, San Francisco, a research project on substance abuse that has as its major goal the identification of new pharmaceutical agents to prevent or treat alcohol and drug addiction. Existing law states the intent of the Legislature that dedicated state funding for this research shall be provided for 5 years and be appropriated in the annual Budget Act.

This bill would state that it is further the intent of the Legislature that the augmentation of \$1,000,000 per year appropriated in the Budget Act of 2000 for this program be used for permanent ongoing support of the program.

(19) Existing law authorizes the State Public Works Board, subject to statutory approval, to finance the acquisition of equipment, or construction, renovation, and equipping of facilities, or both, on sites within the University of California, the California State University, the California Maritime Academy, or the community college districts, utilizing lease or lease-purchase agreements. Existing law authorizes the State Public Works Board to finance these projects through the issuance of certificates, revenue bonds, negotiable notes, or bond anticipation notes.

This bill would authorize the Regents of the University of California to acquire, design, construct, or renovate acute care hospital buildings on a site or sites owned by, or subject to a lease or option to purchase held by, the regents to implement its seismic safety compliance plan. The bill would authorize, until June 30, 2010, the State Public Works Board to issue up to \$600,000,000 in revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to specified provisions of existing law to finance the acquisition, design, construction, or renovation of these acute care hospital buildings to implement the seismic safety compliance plan. The bill would authorize the State Public Works Board and the regents to borrow funds for project costs, excluding preliminary plans and working drawings, from the Pooled Money Investment Account. The bill would authorize the board and the regents, upon mutual agreement, to lease any properties of the regents to facilitate the financing authorized by these provisions.

(20) Existing law authorizes a joint powers authority to issue bonds in order to (1) purchase obligations of local agencies or make loans to local agencies to finance the local agencies' unfunded actuarial pension liability or to purchase or make loans to finance the purchase of delinquent assessments or taxes or (2) acquire any or all right, title, or interest of a local agency in and to the enforcement and collection of delinquent and uncollected property taxes, assessments, and other receivables placed for collection on the property tax rolls.

This bill would make the authority described in (2) above inoperative through June 30, 2001.

(21) Existing law authorizes the Department of General Services to establish the California Multiple Awards Schedule program, which permits state agencies to purchase information technology services from vendors that hold federal contracts.

This bill would authorize the Director of General Services to enter a variety of types of contracts for information technology services, including using master agreements, multiple award schedules, cooperative agreements, and other types of agreements.

(22) This bill would provide that, notwithstanding any other provision of law, the cost-of-living adjustment for certain education-related items of the Budget Act of 2000 is

3.17% and would provide that these funds are in lieu of the amounts that otherwise would be appropriated.

(23) This bill would appropriate \$25,000,000 from the General Fund for transfer by the Controller to the Child Care Facilities Revolving Fund and would appropriate \$175,000,000 from the General Fund to the Secretary of Education for the Education Technology Grant Program. These funds would be applied toward the minimum funding requirement for school districts and community college districts imposed by Section 8 of Article IV of the California Constitution for the 1999–2000 fiscal year.

(24) This bill would appropriate \$100,000,000 to the Chancellor of the California Community Colleges to provide one-time grants to districts for the 2000–01 fiscal year. These funds would be applied toward the minimum funding requirement for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution for the 1999–2000 fiscal year.

(25) This bill would appropriate \$250,000,000 to the Superintendent of Public Instruction for allocation to school districts, county offices of education, and charter schools on a competitive basis to carry out the English Language and Intensive Literacy Program. These funds would be applied toward the minimum funding requirement for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution for the 1999–2000 fiscal year.

(26) This bill would appropriate \$139,000,000, as a contingency expenditure, to be authorized by the Department of Finance for transfer to the Controller as necessary for the reimbursement of state-mandated cost claims submitted by school districts and county offices of education. These funds would be applied toward the minimum funding requirement for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution for the 1999–2000 fiscal year.

(27) This bill would appropriate \$425,000,000 from the General Fund for allocation by the Superintendent of Public Instruction for the purpose of providing funds to each regular public school in the state and for each school district, county office of education, and charter school. The allocation to regular public schools would be made on the basis of units of average daily attendance and used in accordance with proposals of schoolsite councils, schoolwide advisory groups, or school support groups, as approved by school district governing boards, as prescribed. The allocation to school districts, county offices of education, and charter schools would be required to be used for school safety, deferred maintenance, technology staff development, education technology connectivity, or facility improvements. These funds would be applied toward the minimum funding requirement for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution for the 1999–2000 fiscal year.

(28) The bill would appropriate \$350,000,000 from the General Fund, for transfer by the Controller to Section A of the State School Fund, for allocation on a one-time basis by the Superintendent of Public Instruction to school districts, county offices of education, and charter schools for the Academic Performance Index Schoolsite Employees Performance Bonus.

As a condition of receiving these funds, a schoolsite would be required to expend 50% of the funds to provide one-time bonuses, to its employees, to be divided equally among all schoolsite employees on a full-time equivalent basis. The other 50% would be used at the discretion of the schoolsite for any one-time purposes. These funds would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution for the 1999–2000 fiscal year.

(29) This bill would appropriate \$8,900,000 from the General Fund to the Superintendent of Public Instruction for purposes of allocating funds to county offices of education pursuant to provisions relating to the equalization of revenue limits. These funds would be applied toward the minimum funding requirements for school districts and community college

districts imposed by Section 8 of Article XVI of the California Constitution for the 2000–01 fiscal year.

(30) This bill would appropriate \$32,852,000 from the General Fund to the Superintendent of Public Instruction for allocations in various amounts on a one-time basis to various county offices of education and school districts for specified purposes.

(31) This bill would appropriate \$8,567,000 from the General Fund to the Chancellor of the California Community Colleges for allocations in various amounts on a one-time basis to various community college districts and community colleges for specified purposes. The funds appropriated in (30) and this paragraph would be applied toward the minimum funding requirement for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution for the 1999–2000 fiscal year.

(32) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 72 (SB 1683) Escutia. Instructional programs.

Existing law requires a school district, and authorizes a charter school, to offer summer school instructional programs for pupils who do not demonstrate sufficient progress toward passing the high school graduation exit exam. Existing law authorizes these instructional programs to be offered during the summer, after school, on Saturday, or during intersession.

This bill would rename summer school instructional programs as supplemental instructional programs and would authorize the programs also to be offered before school.

Existing law requires a school district, and authorizes a charter school, to offer direct, systematic, and intensive supplemental instruction to a pupil who has been retained in his or her grade level. Existing law authorizes a school district or charter school to require a pupil who has been retained to participate in the instruction, with prescribed exceptions. Existing law prohibits the instruction from being offered during the regular instructional day if it would result in the pupil being removed from classroom instruction in the core curriculum. Existing law prescribes a maximum amount of funding for purposes of these programs.

This bill would also require the governing board of each school district to offer that supplemental instruction to pupils in grades 2 to 9, inclusive, who have been recommended for retention, thereby imposing a state-mandated local program. The bill would prohibit the instruction from being offered during the regular instructional day under any circumstances. The bill would authorize the instruction to be offered before school. The bill would delete the provision specifying a maximum amount of funding.

The bill would authorize the governing board of each district maintaining any or all of grades 2 to 9, inclusive, and any charter school district to offer programs of direct, systematic, and intensive supplemental instruction to pupils in grades 2 to 6, inclusive, who have been identified as having a deficiency in mathematics, reading, or written expression, based on the results of the statewide achievement test administered pursuant to the Standardized Testing and Reporting Program, and would prescribe related matters.

Existing law authorizes a school district and charter school that offers supplemental instructional programs also to offer summer school programs for instruction in mathematics, science, or other core academic areas and would allow a school district or charter school offering that instruction to apply to the Superintendent of Public Instruction for a grant for specified purposes.

This bill would instead authorize school districts and charter schools to offer instructional programs in mathematics, science, or other core academic areas. The bill would set forth a maximum entitlement of a school district or charter school for reimbursement for pupil hours of attendance in supplemental instructional programs.

Existing law sets forth a funding method for computing an amount for summer school attendance of a school district or charter school based on average daily attendance.

This bill would delete those provisions and instead set forth a funding method for supplemental instruction based on pupil hours of supplemental instruction.

Existing law expressly requires pupils in voluntary Saturday school programs to be eligible for summer school apportionments.

This bill would delete that provision.

Existing law requires pupils in voluntary after-school programs in multitrack year-round schools to be eligible for summer school apportionments if the programs meet certain conditions.

This bill would delete those provisions.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 73 (SB 1689) Escutia. Advanced placement program.

(1) Existing law requires at the beginning of the first semester or quarter, the governing board of each school district to notify parents or guardians of minor pupils of specified rights and responsibilities of the parent or guardian.

This bill would also require that parents and guardians be notified of the availability of state funds to cover the costs of advanced placement examination fees, thus imposing a state-mandated local program with respect to the additional notice.

(2) Existing law establishes a 5-year pilot grant program, administered by the State Department of Education, for the purpose of awarding grants to cover the costs of advanced placement examination fees for economically disadvantaged pupils. Existing law also authorizes a school district receiving economic impact aid funds to expend any portion of those funds to pay for all or part of the costs of one or more advanced placement examinations that are charged to economically disadvantaged pupils.

This bill would establish the Advanced Placement Challenge Grant Program under which a high school would design and implement a plan that would result in its pupils having access to at least 4 advanced placement courses in core curriculum areas. The bill would also require the Superintendent of Public Instruction to administer a grant program for advanced placement professional development under which nonrenewable 4-year grants would be awarded on a competitive basis to no more than 550 high schools to establish, train, and support teams of teachers or purchase instructional materials and equipment for those courses.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 74 (AB 1509) Machado. State teachers' retirement: Defined Benefit Supplement Program.

The Teachers' Retirement Law establishes the Defined Benefit Program, which provides specified service and disability retirement benefits to members, and requires those members

and their employers to make specified contributions to the Teachers' Retirement Fund for that purpose.

This bill would establish the Defined Benefit Supplement Program, as specified, pursuant to which members of the Defined Benefit Program would receive supplemental retirement, disability, final, or termination benefits, payable in a lump-sum or annuity, as specified. The bill would require 25% of each member's contributions to the Teachers' Retirement Fund to be allocated to the program for a specified period and would make related technical and conforming changes.

Ch. 75 (AB 2879) Jackson. Income Taxes: credit: teacher retention.

The Personal Income Tax Law authorizes various credits against the taxes imposed by that law.

This bill would allow a credit for each taxable year beginning on or after January 1, 2000, to credentialed teachers in an amount equal to specified amounts depending upon years of service as a teacher.

This bill would take effect immediately as a tax levy.

Ch. 76 (AB 2880) Calderon. School finance: deficit reduction.

Existing law requires the Superintendent of Public Instruction, for the 2000–01 fiscal year, to certify to the Controller amounts that do not exceed the amounts needed to fund the revenue limits of school districts and county superintendents of schools and to adjust those amounts by a deficit factor.

This bill would specify that this requirement applies to the 2000–01 fiscal year and every fiscal year thereafter and would delete the requirement that the revenue limits be adjusted by a deficit factor.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 77 (AB 2881) R. Wright. Teachers: professional development institutes.

(1) Existing law establishes the English Language Acquisition Program which is designed for schools maintaining grades 4 to 8, inclusive, and under which English Language Development Professional Institutes provide instruction for school teams from each school participating in the program.

This bill would authorize the institutes to provide instruction to school teams serving English language learners in kindergarten and grades 1 to 12, inclusive.

(2) Existing law requests the Regents of the University of California to jointly develop with the Trustees of the California State University and the independent colleges and universities, the California Reading Professional Development Institutes. Existing law requires the institutes to commence instruction for up to 6,000 participants who are from school teams from their participating schools and who receive \$1,000 for participating in the institute. Institutes provide instruction in the teaching of reading.

This bill would require the institutes to provide instruction for an additional 14,000 participants and include participants who provide reading instruction to prekindergarten pupils. The bill would provide for ongoing support for second year participants to include a second year institute focusing on the use of instructional materials, leveraging of district resources, and the development of teacher leadership. The bill would require a participant to satisfactorily complete an institute to receive the stipend, which the bill would authorize to be not less than \$1,000 nor more than \$2,000, as determined by the University of California.

The bill would also request that the Regents develop the High School English Professional Development Institutes, the High School Mathematics Professional Development Institutes, the Algebra Professional Development Institutes, and the Elementary Mathematics Professional Development Institutes, all modeled on the existing California Reading Professional Development Institutes. The bill would require the University of California and

its partners in administering these institutes to contract annually for an independent evaluation of prescribed institutes and to report the results of the annual evaluations to the Legislature.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 78 (AB 2882) Reyes. Education technology and professional development grants.

Existing law, the Digital High School Education Technology Grant Act of 1997, provides one-time installation grants and ongoing technology support and staff training grants to school districts and county offices of education that operate high schools. Existing law requires school districts and county offices of education receiving grants to provide matching resources. Existing law requires staff training to include training for the use of computers, networks, software, and other equipment, integration of technology into the curriculum, and methods to instruct pupils in the use of computers, networks, software, and other equipment.

This bill would establish the Education Technology Grant Program to provide one-time grants to school districts and charter schools to acquire or lease computers for instructional purposes. The Office of the Secretary for Education would be required to administer the application process for the award of grants. The first priority for the funds would be to ensure that high school pupils in schools offering 3 or fewer advanced placement courses have access to advanced placement courses online. The bill would also establish the Education Technology Professional Development Program to provide teacher training on the use of technology in the classroom. The bill would require the California State University to administer the training and would require the Secretary for Education to select a contractor to conduct an independent evaluation of the program and to report to the Governor and Legislature by January 1, 2002.

The bill would authorize school districts to purchase or lease computers, related equipment and materials, and other goods and services using any statewide or cooperative contracts, schedules, or other agreements established by the Department of General Services.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 79 (AB 2883) Villaraigosa. University of California.

(1) Existing law requests the Regents of the University of California to develop a Governor's Principal Leadership Institute to operate at the Berkeley and Los Angeles campuses and offer a 2-year administrator preparation program.

This bill would authorize the Regents of the University of California to establish 3 California Institutes for Science and Innovation for the purpose of combining technological and scientific research and training and educating future scientists and technological leaders. The bill would specify that funding for the state's share of the operating and facilities costs of the bill would be subject to appropriation in the annual Budget Act.

(2) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 80 (AB 2864) Torlakson. Balance of jobs and housing.

Existing law requires the Department of Housing and Community Development to prepare a guidebook for use by governmental agencies in planning and developing a housing supply to meet the need created by employment growth. Existing law requires a city or county to include a housing element in its general plan, and, for that purpose, prescribes criteria for determining the city or county share of the regional housing needs, including a requirement that the distribution of regional housing needs take into account, among other things, market demand for housing and employment opportunities.

This bill would create the Inter-Regional Partnership State Pilot Project to Improve the Balance of Jobs and Housing, which would be monitored by the Department of Housing and Community Development, to test and evaluate policies and incentives, as specified, to mitigate current and future imbalances of jobs and housing in specified counties. The bill

would make these provisions inoperative on July 31, 2004, and would repeal them as of January 1, 2005.

The bill would also establish the Jobs-Housing Balance Improvement Program that would require the department to make grants to eligible local agencies from funds appropriated in the Budget Act of 2000 for assistance in attracting new business and jobs in “housing rich” communities that lack an adequate employment base to match the amount and cost of housing in those communities, for the creation of economic development strike teams to target and coordinate outreach to employees who may choose to locate within the community, and for specified capital outlay projects designed to encourage the construction of housing in urbanized areas.

This bill would also require a specified amount of the funds appropriated in the Budget Act of 2000 to be transferred to the existing Rental Housing Construction Fund, which is continuously appropriated to the department, for purposes of an existing urban predevelopment loan program administered by the department, subject to specified conditions.

Ch. 81 (AB 2865) Alquist. Affordable housing: financial assistance.

Existing law requires the California Housing Finance Agency to administer various housing programs to meet the needs of persons and families of very low, low-, and moderate-income households.

This bill would create the California Homebuyer’s Downpayment Assistance Program, would require the California Housing Finance Agency to administer the program, and would require that the program include specified conditions and be limited to first-time homebuyers.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 82 (AB 2867) Lowenthal. Code Enforcement Incentive Program.

Existing law contains various provisions relating to building standards and code enforcement.

This bill would establish the Code Enforcement Incentive Program pursuant to which the Department of Housing and Community Development would make funds, upon appropriation by the Legislature, available as matching grants to cities, counties, and cities and counties to increase staffing dedicated to local building code enforcement efforts. The bill would require the department to award the grants on a competitive basis, as specified, and would exempt the grants from provisions of the Administrative Procedure Act.

The bill would also require that grant recipients submit a report to their local legislative bodies and to the department regarding the results of their expanded code enforcement efforts and would require the department to summarize the results and transmit the reports to the Legislature by December 31, 2003.

Ch. 83 (AB 2870) Cedillo. Downtown Rebound Program.

Existing law contains various provisions administered by the Department of Housing and Community Development relating to the rehabilitation of housing.

This bill would require the department to make grants and loans for specified downtown rebound projects and related planning from funds appropriated in a specified item of the Budget Act of 2000.

Ch. 84 (SB 1656) Alarcon. Housing.

(1) Existing law contains various programs relating to housing assistance, including the Senior Citizens’ Shared Housing Program, the California Self-Help Housing Program, and specified federal programs.

This bill would establish the CalHome Program, to be administered by the Department of Housing and Community Development, to provide funds to local public agencies or nonprofit corporations as either grants for programs that assist individual households or

loans that assist multiunit development projects. This bill would also repeal the Senior Citizens' Shared Housing Program and state the intent that the CalHome Program take the place of the Senior Citizens' Shared Housing Program.

(2) Existing law creates the California Housing Trust Fund for deposit of certain bond proceeds and other revenues, and provides that the money in the fund is to be used for housing programs, as specified. Not less than 20% of the revenue deposited annually in the fund is required to be expended in rural areas, as defined.

This bill would continuously appropriate money in the fund for investment in securities that are eligible for investment of surplus state moneys, as specified. It would provide that all interest or other increment resulting from investment may only be expended, upon appropriation, for housing programs that serve lower or very low income households, and not less than 20% of any interest or other increment appropriated in any fiscal year shall be expended in rural areas. It would revise the definition of rural areas for this purpose.

Ch. 85 (SB 1436) Johnston. Claims against the state: appropriation.

Existing law requires the State Board of Control to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state allowed by the board.

This bill would appropriate \$2,009,031.47 from the various funds to the Executive Officer of the State Board of Control to pay claims accepted by the State Board of Control in accordance with a schedule that identifies the funds and accounts from which the payments are to be made.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 86 (SB 1559) Kelley. County sanitation: sanitary districts.

Existing law limits the compensation received by a county sanitation district or sanitary district board member. A board member's compensation is limited to \$100 per day for attending a district board meeting or for rendering services.

This bill would authorize the board to increase the compensation board members receive to above the \$100 per day limit pursuant to specified procedures.

Ch. 87 (SB 1679) Sher. Environmental protection: conflict of interest of public officials: natural community conservation plans: Cache Creek reclamation: delta protection: flood control.

(1) Under existing law, the Department of Fish and Game is authorized to enter into a planning agreement with any person to prepare and implement a natural community conservation plan. Existing law authorizes the department to prepare nonregulatory guidelines for the development and implementation of natural community conservation plans, and permits community conservation planning to be undertaken by local, state, or federal agencies independently or in cooperation with other persons. Existing law also requires the department to be compensated for the actual costs incurred in preparing and implementing natural community conservation plans.

This bill would require any planning agreement entered into by the department and any other person on or after January 1, 2001, for the purpose of preparing and implementing a natural community conservation plan, to establish a process for the collection of independent scientific input and analysis in the development of the plan. The bill would also require that agreement to provide a process for the appointment of independent scientists for the development of conservation criteria or guidelines.

The bill would require the department to establish a process for public participation throughout the development and review of any plan for which the department and any other person entered into a planning agreement on or after January 1, 2001.

(2) Existing law prohibits specified state and local officers and employees from being financially interested in any contract made by them in their official capacity, or by any board

or body of which they are members; however, an officer or employee is not deemed to be interested in a contract if his or her interest meets specified criteria.

This bill would provide that a public officer or employee shall not be deemed to be interested in a contract if his or her interest is that of a bona fide nonprofit corporation that enters into an agreement with a public agency to provide services related to park and natural lands or historical resources, as specified, and an officer, director, or employee of that nonprofit corporation. The bill would state that its provisions are declaratory of existing law.

(3) Existing law requires state agencies to adopt regulations in accordance with prescribed procedures and requirements, and requires the Office of Administrative Law to review adopted regulations and to make specified determinations.

This bill would exempt the adoption or revision of regulations, guidelines, or criteria that implement the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 from those provisions, and would instead require a public participation process.

(4) Under existing law, the Secretary of Resources is required to convene a multiagency task force to evaluate the effectiveness of the Cache Creek Resource Management Plan in achieving the plan's objectives concerning the rehabilitation and restoration of Cache Creek. By January 1, 2001, the task force, is required to recommend to the secretary any revisions to the Surface Mining and Reclamation Act of 1975 or any other provisions of law, including regulations of the State Mining and Geology Board, that are necessary to incorporate regional resource management plans in the state's regulation of in-stream mine reclamation.

This bill would, instead, require that recommendation to be made to the secretary by July 1, 2001.

(5) The proposed Budget Act of 2000 would appropriate funds to the Department of Parks and Recreation from the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund for allocation to the City and County of San Francisco for Golden Gate Park.

This bill would specify that those funds may be used to landscape and restore surface area at the park concourse and to design and improve public access facilities for, and roads to, the concourse.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 88 (SB 1914) Poochigian. Charter schools: denial of petitions.

Existing law provides the petition process for the establishment of charter schools. Existing law requires the entity reviewing the petition to grant a charter for the operation of a charter school if it is satisfied that granting the charter is consistent with sound educational practices and prohibits the denial of a petition unless the reviewing entity makes written factual findings, specific to the particular position, to support one or more specified findings.

This bill would prohibit the denial of a petition for the establishment of a charter school based on the actual or potential costs of serving individuals with exceptional needs. The bill would clarify that this prohibition shall not be construed to prevent a school district from meeting its obligation to ensure that the proposed charter school will meet the needs of individuals with exceptional needs, nor shall it be construed to limit or alter the reasons for denying a petition for the establishment of a charter school.

Ch. 89 (AB 2214) Frusetta. Voter registration: e-mail address.

Existing law requires a voter, in order to register to vote, to complete and sign an affidavit of registration card containing specified information, including the registrant's name and address as well as a residence telephone number, if furnished. The registration card is required to advise the registrant that no person may be denied the right to register to vote because of his or her failure to furnish a telephone number.

This bill would require the affidavit of registration card to contain a space for the registrant to furnish his or her e-mail address, if any. The affidavit of registration card would be required

to advise the registrant that no person may be denied the right to register to vote because of his or her failure to furnish an e-mail address.

Under existing law, a person filing a new affidavit of registration or reregistration with a county elections official may have the information relating to his or her residence address and telephone number appearing on the affidavit, or any list or roster or index prepared therefrom, declared confidential under specified circumstances.

This bill would include a person's e-mail address within the information that may remain confidential.

This bill would also provide that any voter registration cards and affidavits of registration in existence on the effective date of this act shall be used as authorized by law until that stock is depleted.

Ch. 90 (AB 2914) Committee on Judiciary. Temporary restraining orders.

Existing law provides for the issuance of temporary restraining orders. If a temporary restraining order has been issued without notice pending the hearing on the order, the applicant must have served on the respondent, at least 5 days before the hearing, the order to show cause, the application and the affidavits, as specified, and any other supporting papers filed with the court.

This bill would additionally provide that where a temporary restraining order is issued with notice pending the hearing, the applicant must serve on the respondent the documents described above at least 15 days before the hearing.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 91 (AB 2928) Torlakson. Transportation: finance.³

(1) Existing law requires the California Transportation Commission, in conjunction with the Department of Transportation, transportation planning agencies, county transportation commissions, and transportation authorities, to develop a 4-year state transportation improvement program for purposes of planning the appropriation and allocation of available transportation funds to state, regional, and local transportation projects, including a 4-year process for estimating the amount of state and federal funds to be available for those transportation projects.

This bill would extend the 4-year state transportation improvement program, including the 4-year fund estimation process, to 5 years.

The bill would establish the Traffic Congestion Relief Fund (hereafter the TCRF) in the State Treasury and would appropriate the money in the TCRF to the department for allocation, as directed by the commission, to the department and certain regional and local transportation entities for transportation projects listed in the bill, to the Controller for allocation to cities, counties, and cities and counties for street and road maintenance, rehabilitation, and reconstruction, to the commission for the purposes of a funding exchange program established by the bill, and to the department for rehabilitation and repaving projects on state highways.

The bill would establish a list of transportation projects eligible for funding with money from the TCRF, would specify the lead applicant for each project, and would establish a procedure for the lead applicant to apply to the commission for funds for each project.

(2) The Sales and Use Tax Law imposes, among other things, a tax at a rate of $4\frac{3}{4}\%$ upon the gross receipts from the retail sale in this state of, and the storage, use, or other consumption in this state of, tangible personal property.

Existing law requires that all revenues, less refunds, derived under that law at the $4\frac{3}{4}\%$ rate from the sale, storage, use, or other consumption in this state of motor vehicle fuel, as defined, or fuel, as defined, be transferred to certain accounts and funds in accordance with specified formulas, with the balance to be transferred to the General Fund.

This bill would require, for the 2000–01 fiscal year only, that all revenue, less refunds, derived under that law at the 5% rate, resulting from the rate of tax imposed under the Motor

NOTE: Superior numbers appear as a separate section at the end of the digests.

Vehicle Fuel License Tax Law, except as specified, and all revenue, less refunds, derived under that law at the 5% rate, resulting from the rate of tax imposed under a specified federal motor vehicle fuel tax, be transferred quarterly to the TCRF.

The bill would require, until June 30, 2001, that the amounts transferred be included for purposes of a specified calculation relating to school funding and required under the California Constitution.

(3) The Sales and Use Tax Law provides for the allocation of the revenues derived from the taxes imposed under that law for various specific purposes, with the balance being allocated to the General Fund.

This bill would require the State Board of Equalization, in consultation with the Department of Finance, on a quarterly basis, to estimate the amount that is required to be transferred to the General Fund, as specified, that is attributable to revenue collected for the sale, storage, use, or other consumption in this state of motor vehicle fuel, as defined, and inform the Controller, in writing, of the amount estimated.

The bill would require the Controller to transfer that estimated amount from the General Fund to the Transportation Investment Fund (hereafter the TIF), which the bill would create in the State Treasury.

The bill would require the Controller, for each quarter during the period commencing on July 1, 2001, and ending on June 30, 2006, to transfer from the TIF (a) to the TCRF, the sum of \$169,500,000, for a total transfer of \$3,390,000,000; (b) to the Public Transportation Account, a trust fund in the State Transportation Fund, 20% of the amount remaining in the TIF after the transfer described in (a), for appropriation as specified; (c) to the Department of Transportation 40% of the amount remaining in the TIF after the transfer described in (a), for programming for transportation capital improvement projects, subject to all of the provisions governing the State Transportation Improvement Program; (d) to the counties, including a city and county, 20% of the amount remaining in the TIF after the transfer described in (a), for apportionment in accordance with certain formulas; and (e) to the cities, including a city and county, 20% of the amount remaining in the TIF after the transfer described in (a), for apportionment among the cities in the proportion that the total population of the city bears to the total population of all the cities in the state.

The bill would require that funds transferred as described in (d) and (e) be deposited in certain local accounts, as specified, in order to avoid the commingling of those funds with other local funds and that the funds be used only for street and highway maintenance, rehabilitation, reconstruction, and storm damage repair, as defined.

The bill would require cities and counties to maintain their existing commitment of local funds for street and highway maintenance, rehabilitation, reconstruction, and storm damage repair in order to remain eligible for allocation of the funds described in (d) and (e). The bill would require a city or county, in order to receive any of that specified allocation, to make prescribed annual expenditures.

The bill would require the Los Angeles County Metropolitan Transportation Authority to give first priority for using its share of certain transit assistance and operation funds made available under these provisions to providing the levels of bus service mandated under the consent decree entered into by the authority on October 29, 1996, in the case of *Labor/Community Strategy Center, et al. v. Los Angeles County Metropolitan Transportation Authority*.

(4) The Vehicle License Fee Law establishes, in lieu of any ad valorem property tax upon vehicles, an annual license fee for any vehicle subject to registration in this state in the amount of 2% of the market value of that vehicle, as specified. Existing law permanently offsets the amount of the vehicle license fee for each subject vehicle by 25%, and, subject to specified contingencies with respect to fiscal year projections of General Fund revenues, provides for the implementation of similar, superseding offsets of 35%, 46.5%, 55%, and 67.5% to apply to specified future calendar years.

The bill would prohibit, for the 2000–01 fiscal year, any General Fund forecast of revenues used for the purposes specified in existing law from including any revenue loss due to the transfers required under (2) above.

(5) Existing law provides for allocation of federal regional surface transportation funds and federal congestion mitigation and air quality program funds to the regions in the state.

This bill would require the commission to establish a program to allow exchange of those federal funds for state transportation funds.

(6) The California Constitution requires the revenues from taxes imposed by the state on motor vehicle fuels for use in motor vehicles upon public streets and highways, over and above the costs of collection and refunds authorized by law, to be used for public streets and highways and exclusive public mass transit guideways purposes, as specified. Revenues from fees and taxes imposed by the state upon vehicles or their use or operation, over and above the costs of collection and any refunds authorized by law, are required to be used for those purposes and the administration and enforcement of laws regulating the use, operation, or registration of vehicles used upon the public streets and highways.

This bill would authorize money deposited into the State Highway Account in the State Transportation Fund that is not subject to the constitutional requirements specified above to be used for any transportation purpose authorized by statute, as specified.

(7) Existing law requires that all transportation funds that are available to the state be expended for certain listed purposes in accordance with a specified sequence of priorities.

This bill would appropriate \$1,500,000,000 from the General Fund to the TCRF for certain, specified purposes of the bill.

The bill would appropriate \$400,000,000 from the TCRF to the Controller for allocation to cities and counties for certain, specified purposes of this bill.

The bill would appropriate \$5,000,000 from the TCRF to the High-Speed Rail Authority for the purpose of commencing preliminary environmental documentation for the implementation of a high-speed rail service in California.

(8) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 92 (SB 406) Ortiz. Transportation. ⁴

Existing law requires the California Transportation Commission, in conjunction with the Department of Transportation, transportation planning agencies, county transportation commissions, and transportation authorities, to develop a 4-year state transportation improvement program for purposes of planning the appropriation and allocation of available transportation funds to state, regional, and local transportation projects, including a 4-year process for estimating the amount of state and federal funds to be available for those transportation projects.

The bill would establish a list of transportation projects eligible for funding with money from the Traffic Congestion Relief Fund established by AB 2928 and would specify the lead agency for each project.

Ch. 93 (AB 2877) Thomson. Public health programs: Budget Act implementation.

Existing law requires the governing board of a school district and the county superintendent of schools to make applications for free or reduced-price meals available to students at all times during the schoolday.

This bill would encourage school districts and county superintendents of schools, in making available these applications, to include information that parents may use to request information about the Medi-Cal program and the Healthy Families Program.

Existing law establishes two special schools for the deaf, and one special school for the blind.

This bill would require students attending these schools to be tested at least once every two years for tuberculosis, with the cost, if any, to be borne by the parent or guardian of the student.

Existing law provides for the indemnification of victims of specified types of crimes for specified types of expenses. Indemnification is made under these provisions from the Restitution Fund, which is continuously appropriated to the State Board of Control for these purposes.

This bill would declare the intent of the Legislature that funds be appropriated from the fund in the annual Budget Act to the State Department of Mental Health, according to a specified procedure, for specified types of programs and activities operated by the department, with respect to the needs of crime victims with disabilities.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Care and provides for the administration of the department to be supported from the Managed Care Fund. Existing law requires health care service plans each fiscal year to pay an assessment pursuant to a statutory schedule to the director of the Department of Managed Care to provide the department with sufficient revenues to support costs and expenses of the department. Existing law requires the director in determining the amount of the annual assessment to consider specified appropriations and reimbursements. Existing law permits the director to impose an additional assessment to provide the department with sufficient revenues to support costs and expenses, as specified, for the 2000–01 fiscal year.

This bill would limit the reserve in the Managed Care Fund in any fiscal year to a prudent 5% reserve unless otherwise determined by the Department of Finance. The bill would permit the Director of the Department of Managed Care to require health care service plans also to pay an additional assessment for the 2000–01, 2001–02, and 2002–03 fiscal years to provide the department with sufficient revenues to support costs and expenses, as specified, including maintaining a prudent reserve. The bill would permit the director on or after July 1, 2003, to adjust the amount of the annual assessment to incorporate annual expenditure levels.

Existing law permits health care service plans to advertise subject to specified conditions and limitations. Willful violation of health care service plan provisions is a crime.

Under existing law, one of the methods for procuring services under the Medi-Cal program is through contracts with prepaid health plans.

Existing law permits marketing activities by prepaid health plans to persuade Medi-Cal beneficiaries to enroll or accept an application in the prepaid health plan.

Existing law prohibits a prepaid health plan, marketing representative, or marketing organization from misrepresenting itself, the plans it represents, or the Medi-Cal program, and provides sanctions, including making it a misdemeanor for any marketing representative who misrepresents while engaged in door-to-door solicitation.

The Healthy Families Program prohibits a participating health, dental, or vision plan from directly, indirectly, or through their agents conducting in-person, door-to-door, mail, or phone solicitation of applicants for enrollment, except through employers with employees eligible to participate in the purchasing credit mechanism. The program does permit information approved by the Managed Risk Medical Insurance Board on the providers and plans available to prospective subscribers in their geographic areas to be distributed through any door-to-door activities for potentially eligible applicants and their children.

This bill would permit a participating health plan in the Healthy Families Program to provide application assistance directly to an applicant. The bill would subject any health care service plan representative, or representative of a subcontractor of the health care service plan who violates these provisions to a fine of \$500 for each violation, thus creating a new crime and thereby imposing a state-mandated local program. The bill would permit participating health plans to solicit enrollment in or advertise the Healthy Families Program pursuant to applicable provisions of the Knox-Keene Health Care Service Plan Act of 1975 relating to

the cost of subscription or enrollment, facilities and services rendered, thus broadening the act's coverage and thus changing the definition of a crime. Because it would change the definition of a crime, this bill would impose a state-mandated local program.

The bill would permit a subscriber in the Healthy Families Program to switch his or her choice of health plan for any reason once within the first 3 months of coverage.

The bill would permit prepaid health plans contracting with the Medi-Cal program or the Healthy Families Program to provide application assistance, as specified, during the Medi-Cal eligibility redetermination process in order to allow persons to retain health care coverage.

Existing law establishes the minimum number of nursing hours per patient day in skilled nursing and intermediate care facilities at 3.2 hours.

This bill would require each skilled nursing and intermediate care facility to certify, under penalty of perjury and to the best of their knowledge, on a form provided by the State Department of Health Services, that funds received pursuant to increasing the staffing ratio to 3.2 hours were expended for this purpose.

Under existing law, moneys collected as a result of civil penalties imposed against long-term health care facilities shall be deposited into the Health Facilities Citation Penalties Account in the Special Deposit Fund. The moneys in this account, upon appropriation by the Legislature, are used for the protection of health or property of residents of long-term health care facilities.

Under existing law, the balance in this account shall not exceed \$1,000,000.

This bill would, instead, provide that the balance in this account is prohibited from exceeding \$10,000,000.

The bill would also establish, under the administration of the State Department of Health Services, a quality awards program for nursing homes, under which monetary awards paid from federal funds and General Fund appropriations would be used for staff bonuses. This bill would also establish the Skilled Nursing Facility Financial Solvency Advisory Board in order to advise the Director of Health Services on matters of financial solvency affecting the delivery of services in skilled nursing facilities, including financial solvency licensing requirements.

The bill would require a skilled nursing facility to report to the department certain actions or events related to the financial and other resources of the facility, within 24 hours of their occurrence.

Existing law establishes the Emergency Medical Services Personnel Fund, the moneys in which, upon appropriation by the Legislature, are usable for the emergency medical services testing and personnel licensure program and for the purpose of making reimbursements to entities for the performance of functions for which fees are collected.

Existing law requires that the Emergency Medical Services Authority maintain a reserve balance in this fund equal to at least 3 months of the annual authorized expenditures for the personnel licensure program.

This bill would, instead, require this reserve to be 5%.

Existing law sets forth procedures under which a local health jurisdiction, as defined, may qualify for state financial assistance. Under these provisions, allocations, including a basic allotment, are made to administrative bodies of qualifying local jurisdictions in a specified manner.

This bill would change the formula used to make these basic allotments.

Existing law, which would be repealed on July 1, 2000, establishes the Breast Cancer Treatment Program, administered by the State Department of Health Services. Under this program the department is required to award a contract for these services on a bid basis to an entity meeting specified requirements.

This bill would indefinitely extend the duration of this program. It would, however, permit the department to award one or more contracts to public or private nonprofit organizations, and would exempt these contracts from various state agency contract requirements.

The bill would also eliminate a requirement that funds appropriated for the purposes of this program be used to match other available funds, and would expand the services to be covered by the program.

Existing law establishes the Prostate Cancer Screening Program, administered by the department, in order to provide qualified uninsured men with prostate cancer screening services.

This bill would establish the Prostate Cancer Treatment Program, administered by the department, under which one or more contracts would be entered into in order to provide prostate cancer treatment services to low-income uninsured and underinsured men.

Existing law permits the State Department of Health Services to award grants to postsecondary higher educational institutions with a medical center for the establishment of diagnostic and treatment centers for Alzheimer's disease.

This bill would permit the department to provide, or contract for the provision of, public and professional education on Alzheimer's disease.

The bill would also provide that the balance of funds appropriated in the Budget Act of 2000 for Alzheimer's disease would be available for encumbrance and expenditure until June 30, 2003, thus constituting an appropriation.

This bill would require the State Department of Health Services to take specified actions relating to the establishment of a comprehensive state assessment, intervention, and evaluation program for the control of asthma, and would specify the components of that program.

This bill would establish the Human Leukocyte Antigen Testing Fund, to be administered by the State Department of Health Services, the moneys in which, upon appropriation by the Legislature, would be allocated to blood centers to pay the costs of blood collection and human leukocyte antigen typing for use in bone marrow transplantation.

Existing law authorizes the offering by a local sponsor, as defined, of a community dental disease prevention program for children in preschool through sixth grade and for children with special needs. Program services include preventive services, as defined.

This bill would include dental sealants within the meaning of preventive services.

Existing law authorizes the State Department of Health Services to reimburse local sponsors in the amount of \$4.50 for each participating student per year.

This bill would, commencing July 1, 2001, increase this amount to \$10 for each student per year.

The bill would also require that funds appropriated in the Budget Act of 2000 for improving the dental infrastructure of nonprofit, community-based clinics, shall be available for expenditure through June 30, 2002.

This bill would also require the State Department of Health Services to award a contract to establish a Parkinson's Disease Community Outreach, Diagnosis, and Treatment Center.

Existing law provides for the implementation of the Assistance to Children at Home Demonstration Project in order to assist medically fragile children, and requires the State Department of Health Services to award funding to a children's hospital meeting certain requirements, and requires the hospital to submit a report to the department that evaluates the project.

This bill would authorize the department to implement an unspecified number of demonstration projects, would expand the program to include medically fragile infants and adolescents, would revise the class of hospitals that may be funded under the program, would authorize the extension of the period of the existing projects, would extend the period for which a demonstration project may be operated, would revise the schedule of modes of providing services under the demonstration projects, would impose specified requirements on demonstration projects, and would revise the outcome measures to be used for the evaluation of the projects.

Existing law requires the State Department of Health Services to select primary care clinics to be reimbursed for delivery of primary care services to low-income persons. Rates for outpatient visits under this program are required to be not less than \$65.

This bill would increase the minimum rate for an outpatient visit to \$71.50.

Under existing law, community treatment facilities, which are residential facilities licensed by the State Department of Social Services and whose programs are certified by the State Department of Mental Health, provide mental health services to children.

This bill would require these departments to jointly develop protocols for the oversight of community treatment facilities. It would also require, for the 2000–01 fiscal year, that these departments undertake specified actions with respect to training and education of facility management and staff, facility inspections, and reporting requirements.

The bill would also provide for community treatment facility funding requirements, including the establishment of a system of supplemental reimbursement to community treatment facilities.

The bill would authorize both departments to adopt emergency regulations to implement these community treatment facility provisions.

Under existing law, the State Department of Developmental Services contracts with nonprofit entities known as regional centers for the provision of services and supports to persons with developmental disabilities.

Existing law requires the State Department of Developmental Services to make payments to providers of supported living services for adults with developmental disabilities. Under existing law, the department, by January 1, 2000, is required to establish, by regulation, an equitable and cost-effective methodology for the determination of supported living costs and a methodology of payment for these providers.

This bill would change this date to July 1, 2002.

Existing law, until July 1, 2000, requires that, in order to ensure services to eligible consumers of regional center services throughout the fiscal year, regional centers shall administer their contracts within the level of funding available within the annual Budget Act.

This bill would indefinitely extend this provision and other related provisions.

The bill would also require each regional center, by December 1 of each year, to provide to the State Department of Developmental Services a complete current salary schedule for all personnel classifications used by the regional center, as well as information on all prior year expenditures for all administrative services. Information provided to the department under this provision would be made available by the department to the public, upon request.

The bill would also require the department to establish a workgroup, composed as specified, to assist the department in examining options to meet the future needs of individuals currently served, or who will need services similar to those provided, in state developmental centers.

Existing law establishes the Developmental Disabilities Services Account, the moneys in which are derived from the lease of certain lands, including subleases thereof, by the Department of General Services for purposes of construction of a business development park. Moneys in this account are, upon appropriation by the Legislature, available for the benefit of persons with developmental disabilities.

This bill would require that moneys in this account be expended by the State Department of Developmental Services for projects that expand the availability of affordable housing for persons with developmental disabilities.

Existing law establishes the Organization of Area Boards on Developmental Disabilities for the purpose of engaging in activities to solve common problems, improve coordination, exchange information between areas, and provide advice and recommendations to state agencies, the Legislature, and the State Council on Developmental Disabilities.

This bill would provide that if federal funds are not available for appropriation or transfer pursuant to the Budget Act of 2000, for purposes of the Organization of Area Boards on Developmental Disabilities based on a determination by the Department of Finance, the

Department of Finance shall notify the appropriate fiscal and policy committees of the Legislature and the Joint Legislative Budget Committee of this determination within 10 calendar days. It would provide that this notification shall specify the dollar amount needed to fully continue operations of the Organization of Area Boards, and this amount would thereby be appropriated from the General Fund commencing 10 days after the receipt of the notification by the Legislature.

Existing law vests jurisdiction over Patton State Hospital with the State Department of Mental Health.

Existing law provides, however, that the security of certain patients in Patton State Hospital is the responsibility of the Department of Corrections.

This bill would require that, consistent with the existing authority of the State Department of Mental Health to maintain state hospitals under its jurisdiction, the State Department of Mental Health provide internal security for the patient population at Patton State Hospital, however, this provision would not be intended to affect the duties of the Department of Corrections with respect to patients at Patton State Hospital.

Existing law, the Bronzan-McCorquodale Act, requires the State Department of Mental Health to contract with counties for the provision of community mental health services.

This bill would require the department, in consultation with specified entities, to establish protocols for ensuring that local mental health departments meet statutory and regulatory requirements for the provision of mental health services and that quality indicators are established to measure the quality of care being provided.

The bill would make local mental health departments responsible for providing information to potential clients, family members, and caregivers regarding specialty mental health services offered by the local mental health department upon request of the individual.

The bill would also impose requirements upon counties which apply for funds to enhance their mental health service system.

The bill would establish, under the administration of the State Department of Mental Health, the Early Intervention Mental Health Program, to provide services to infants and toddlers and their families.

This bill would also permit the department to undertake various suicide prevention programs.

This bill would require the State Department of Mental Health to conduct a 3-year pilot project, under which local grantees would be selected to provide services to persons from culturally diverse populations who are dually diagnosed with both mental illness and substance abuse problems.

Existing law, which would be repealed on January 1, 2001, permits Placer County and up to 6 other counties to establish a pilot project to develop a shared mental health rehabilitation center for the provision of community care and treatment for persons with mental disorders who are placed in a state hospital or another health facility because no community placements are available to meet the needs of these patients.

This bill would extend the duration of this authority until July 1, 2001, and would increase to 15 the number of other counties that would be permitted to participate in the program.

This bill would require the State Department of Mental Health to establish and administer pilot projects, in accordance with prescribed criteria, to provide respite for eligible caregivers of seriously emotionally disturbed children and seriously mentally ill adults who reside in a caregiver's home, and would require that these projects be operated by a specified county and other counties submitting approved proposals. It would also permit the department to evaluate the pilot projects and to submit a report to the Legislature by March 30, 2001. By imposing the requirement on that specified county to operate a pilot project, this bill would create a state-mandated local program.

Under existing law, the Director of Mental Health is authorized to monitor and approve special treatment programs for persons with mental disorders in skilled nursing facilities.

This bill would require the State Department of Mental Health, in conjunction with the State Department of Health Services, to develop a state-level plan for a streamlined and consolidated evaluation and monitoring program for the review of mental health rehabilitation centers and special treatment programs in skilled nursing facilities.

The bill would also require the State Department of Mental Health to establish and administer an Older Adults System of Care Demonstration Project, under which grants would be made to selected counties to develop model systems of care to serve a target population of mentally ill adults.

The bill would also permit the State Department of Mental Health to impose sanctions against long-term care facilities licensed or certified by the department.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Services, under which qualified low-income persons receive health care services.

This bill would require the department, if, and to the extent that, all necessary federal approvals are obtained for federal financial participation, to implement a federal option to extend Medi-Cal benefits to independent foster care adolescents, as defined in federal law.

Existing law requires the provision of benefits under the Medi-Cal program to certain families with dependent children, and requires the department to adopt a procedure to disregard certain income in determining the eligibility of those persons for Medi-Cal benefits.

This bill would specify that increases in federal social security benefits provided under the Old Age, Survivors, and Disability Insurance program arising from cost-of-living adjustments shall be disregarded during certain time periods.

This bill would require the department to implement a federal option to reduce certain Medi-Cal income and resource eligibility requirements for aged, blind, and disabled persons.

Because each county is responsible for making eligibility determinations under the Medi-Cal program and because this bill would change eligibility requirements, the bill would constitute a state-mandated local program.

Under existing law, specified categories of Medi-Cal recipients are required to file annual reaffirmations of eligibility and at other times as required by the department. Pursuant to this authority the department requires the filing of quarterly status reports.

This bill would, commencing January 1, 2001, require the department to eliminate the requirement for the filing of quarterly status reports.

Because each county is responsible for making eligibility determinations under the Medi-Cal program and because this bill would change eligibility requirements, the bill would constitute a state-mandated local program.

Existing law provides that, until July 1, 2000, ancillary outpatient services shall be covered under the Medi-Cal program for a patient of an institute of mental disease who is at least 21 years of age, but who has not obtained the age of 65 years.

This bill would extend this date to July 1, 2001.

Existing law establishes the continuously appropriated Medi-Cal Medical Education Supplemental Payment Fund for allocation to university teaching hospitals and major nonuniversity teaching hospitals and the continuously appropriated Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund for allocation to large teaching emphasis hospitals and children's hospitals.

Existing law provides that this provision shall become inoperative June 30, 2000, and repealed January 1, 2001.

This bill would extend those dates by a period of one year, and by extending the operative period of a continuously appropriated fund, this bill would make an appropriation. It would also specify that the Valley Medical Center, Fresno, is a major nonuniversity teaching hospital for purposes of these provisions.

Existing law permits certain hospitals to receive supplemental payments under the Medi-Cal program for inpatient hospital services.

This bill would make critical care hospitals eligible for supplemental payments under the Medi-Cal program.

Under existing law, effective until January 1, 2001, certain telemedicine services are reimbursable under the Medi-Cal program.

This bill would indefinitely extend these provisions.

Existing law, until January 1, 2001, authorizes the department to enter into contracts with manufacturers of single-source and multiple-source drugs under the Medi-Cal program, and specifies procedures for implementation of that authority, thus authorizing the use of a Medi-Cal contract drug list for the procurement of prescription drugs under that program. On January 1, 2001, the provision of prescription drugs under the Medi-Cal program would be governed by existing provisions relating to the use of a Medi-Cal drug formulary.

This bill would extend these Medi-Cal contract drug list provisions until January 1, 2003.

Under existing law, skilled nursing and intermediate care facility services are covered under the Medi-Cal program.

This bill would, for the 2000–01 fiscal year, and subject to an appropriation in the Budget Act for this purpose, require the department to allocate funds to skilled nursing and certain intermediate care facilities for salary, wage, and benefit increases for direct care staff, as defined.

Existing law provides that a Medi-Cal provider shall not be reimbursed for claims submitted more than one year after the month of service.

This bill would, instead, provide that the director may establish, through regulations, exceptions for claims submitted beyond the one-year billing limitation, to the extent federal financial participation is available for services to a Medi-Cal beneficiary.

Existing law provides that, until January 1, 2001, transitional inpatient care services, as defined, are a covered benefit under the Medi-Cal program.

This bill would extend provisions relating to these services until January 1, 2002.

Existing law requires the department to seek a federal waiver to establish a Family Planning, Access, Care, and Treatment Waiver Program (Family Pact) in order to provide comprehensive clinical family planning services to qualified low-income persons.

This bill would require the department to provide the fiscal and appropriate policy committees of the Legislature with a copy of the submittal to the federal Health Care Financing Administration pertaining to any evaluation completed regarding the Family PACT federal waiver.

Existing law authorizes the provision of dental services, under the Medi-Cal program, with certain of these services being known as the Denti-Cal program.

This bill would require the department to allocate rate increases for Denti-Cal program services provided through the Budget Act of 2000 across procedure codes, as deemed appropriate by the department, after consultation with professional dental organizations.

This bill would also provide that 2 dental cleanings and 2 dental examinations per year would be covered benefits under the Medi-Cal program.

The bill would also require the department, subject to the availability of funds, to conduct a dental outreach and education program for Medi-Cal beneficiaries.

The bill would also require the department to provide the fiscal and appropriate policy committees of the Legislature with copies of certain hospital outpatient rate analyses.

Under existing law, various Medi-Cal benefits are provided subject to the use of utilization controls. One of the utilization controls used under the Medi-Cal program is the treatment authorization request process.

This bill would limit the department to reviewing a treatment authorization request only for medical necessity, and would permit a provider to appeal an adverse decision on the request.

Existing law provides for the Healthy Families Program, administered by the Managed Risk Medical Insurance Board, to arrange for the provision of health care services to children.

Existing law provides that, for the 1999–2000 fiscal year, a child who is a qualified alien, as defined, shall be allowed to participate in the Healthy Families Program for a period of 12 months from the effective date that eligibility is established, whether or not federal financial participation is available for services provided to them.

This bill would extend this provision to apply to the 2000–01 fiscal year, and would allow these children to be eligible for a period of not less than 12 months from the date that eligibility is established or redetermined.

This bill would require the board and the State Department of Health Services to develop options for implementing streamlined processes for establishing Medi-Cal program and Healthy Families Program eligibility.

Under the Medi-Cal program, the department is required to make supplemental payments to certain disproportionate share hospitals based on specified criteria. Payments are made from defined intergovernmental transfers that are paid into the Medi-Cal Inpatient Payment Adjustment Fund, as required, with this fund being continuously appropriated for specified purposes. Existing law authorizes moneys in the fund to be used for transfers to the Health Care Deposit Fund in the amount of \$84,757,690 for the 1999–2000 fiscal year and each fiscal year thereafter.

This bill would authorize, instead, transfers to the Health Care Deposit Fund in the amount of \$29,757,690 for the 2000–01 fiscal year and each fiscal year thereafter, and would require the department to implement this reduction in a specified manner. By changing the amount of moneys transferred for purposes of the Health Care Deposit Fund from the continuously appropriated Inpatient Payment Adjustment Fund, the bill would make an appropriation.

Existing law provides that the board of supervisors of a county that contracted with the State Department of Health Services pursuant to a specified provision of law during the 1990–91 fiscal year and any county with a population under 300,000, as determined in accordance with the 1990 decennial census, by adopting a resolution to that effect, may elect to participate in the County Medical Services Program for state administration of health care services to eligible persons in the county.

Existing law contains state and county risk-sharing provisions applicable to the County Medical Services Program.

This bill would extend state-county risk sharing ratio provisions applicable only to the 1999–2000 fiscal year to the 2000–01 fiscal year.

Existing law requires the State Department of Health Services to award grants for projects directed at the prevention of tobacco-related diseases.

Existing law also requires the department to contract with one or more qualified agencies for production and implementation of an ongoing public awareness of tobacco-related diseases by developing an information campaign using a variety of media approaches.

Existing law also provides authority for other state and local tobacco products education programs.

This bill would provide that funds appropriated by the Budget Act of 2000 for these programs would be available for encumbrance and expenditure without regard to fiscal years, for 2 years beyond the date of appropriation.

The bill would authorize the State Department of Health Services to adopt emergency regulations in order to implement applicable provisions of the bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 94 (AB 2878) Wayne. Breast cancer: treatment.

Existing law, which would be repealed on July 1, 2000, establishes the Breast Cancer Treatment Program, administered by the State Department of Health Services. Under this program the department is required to award a contract for these services on a bid basis to an entity meeting specified requirements.

This bill would indefinitely extend the duration of this program. It would, however, permit the department to award one or more contracts to public or private nonprofit organizations, and would exempt these contracts from various state agency contract requirements.

The bill would also eliminate a requirement that funds appropriated for the purposes of this program be used to match other available funds, and would expand the services to be covered by the program.

Ch. 95 (AB 644) Ducheny. Habilitation services.

Existing law establishes the Habilitation Services Program, administered by the Department of Rehabilitation, under which supported employment and other services are provided to persons with developmental disabilities.

Under existing law, the \$27.50 hourly rate established for the 1999–2000 fiscal year for supported employment services must be reduced by the percentage necessary to ensure that projected total General Fund expenditures and reimbursements for habilitation services and vocational rehabilitation supported employment services do not exceed the General Fund and reimbursement appropriations for these services in the Budget Act of 1999.

This bill would revise the implementation date of this provision, would delete the reference to the 1999–2000 fiscal year, would exclude increases in job coach hours in certain circumstances, would specify procedures for implementation of this provision, and would repeal the provision January 1, 2004.

Under existing law, certain Habilitation Services Program ratesetting provisions would become inoperative on July 1, 2000.

This bill would extend the operative dates of these provisions until September 1, 2003, and would make various changes in ratesetting provisions pertaining to supported employment services.

This bill would appropriate \$3,254,000 from the General Fund and \$1,564,000 from the Federal Trust Fund for supported employment services under this program provided during the 1999–2000 fiscal year.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 96 (AB 1494) Wildman. Peace officers.

Under existing law, any person or persons desiring peace officer status who, on January 1, 1990, were not entitled to that status under specified provisions of law, are authorized to request the Commission on Peace Officer Standards and Training (POST) to undertake a feasibility study regarding the designation of that person or persons as a peace officer.

This bill would authorize any person or persons who are designated as peace officers under specified provisions of law, and who desire a change in their peace officer designation or status, to request POST to undertake a study to assess the need for that change. This bill would also require persons who are designated as peace officers to meet specified conditions in order to obtain a change in their peace officer designation or status.

The bill would also require that any study regarding a change in their peace officer status or designation must include, but not be limited to, the current and proposed duties and responsibilities of the persons employed in the category seeking the designation change and their field duties and responsibilities, and the extent to which their current duties and responsibilities require additional peace officer powers and authority.

The bill would require POST to issue within a specified timeframe a study and recommendations to the Los Angeles Unified School District Police Department regarding changing the peace officer designation of that department's school police. The bill would,

upon a request for that study from the Los Angeles Unified School District Police Department, authorize POST to charge the police department a fee, not to exceed the actual costs of undertaking the study. This bill would repeal these provisions on January 1, 2002, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

This bill would declare that is to take effect immediately as an urgency statute.

Ch. 97 (AB 2063) Zettel. Elder abuse: evidence.

Under existing law, evidence of a person's character, such as opinion or specific instances of conduct, is generally not admissible to prove a defendant's conduct on a particular occasion, with specified exceptions. Existing law provides, however, that when a defendant is accused of domestic violence in a criminal action, evidence of the defendant's prior acts of domestic violence may be admitted to prove the defendant's conduct, except when the acts occurred more than 10 years ago or the court exercises its discretion to exclude the evidence of prior acts, as specified.

This bill would permit evidence of prior acts of abuse of an elder or a dependent adult to be admitted to prove the defendant's conduct when the defendant is accused of domestic violence or abuse of an elder or a dependent adult, as specified, with the same restrictions as described above and with the restriction that evidence of the findings and determinations of administrative agencies regulating the conduct of health facilities, as specified, is also inadmissible under these provisions. This bill would also define abuse of an elder or a dependent adult for these purposes.

Ch. 98 (AB 2719) Wesson. Civil rights: causes of action: enforcement.

(1) Existing law provides that whoever denies another person the right to be free from any violence, or intimidation by threat of violence, committed against their persons or property because of their race, color, or religion, among other things, or aids, incites, or conspires in that denial, is liable for each and every offense for the actual damages suffered by any person denied that right. In addition, a civil penalty of \$25,000, among other amounts, may be awarded to persons so denied their rights.

This bill would further specify that the civil penalty may be awarded in any action brought by the person denied the right, or by the Attorney General, a district attorney, or city attorney.

(2) Existing law provides that if a person or persons, whether or not acting under color of law, interferes by threats, intimidation, or coercion, or attempts to interfere by threats, intimidation, or coercion, with the exercise or enjoyment by any individual or individuals of rights secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of this state, a civil action may be brought by the Attorney General, a district attorney, or city attorney for injunctive and other appropriate equitable relief, in order to protect the peaceable exercise or enjoyment of the right or rights secured. Existing law also provides that an individual so aggrieved may institute a civil action for damages in his or her own behalf. Existing law further states that an action brought pursuant to this provision is independent of any other remedy or procedure that may be available to an aggrieved person under any other provision of law.

This bill would specify, instead, that such an action is independent of any other action, remedy, or procedure that may be available to an aggrieved person under any other provision of law, including, but not limited to, an action, remedy, or procedure described in (1) for which a civil penalty may be awarded.

(3) The bill would also declare the intent of the Legislature in this regard.

Ch. 99 (AB 2875) Cedillo. Primary care clinics: grants.

Existing law authorizes the California Health Facilities Financing Authority to perform various functions with respect to the financing of projects of health facilities that are operated

by a city, county, city and county, district hospital, or private, nonprofit corporation or association.

This bill would enact the Cedillo-Alarcon Community Care Investment Act of 2000, that would authorize the authority to award grants to any eligible participating primary care clinic for purposes of financing capital outlay projects. It would require the authority to develop selection criteria and a process for awarding these grants.

The bill would also authorize the authority to request information from the State Department of Health Services regarding grant applicants for purposes of evaluating these applications, and would require the department to comply with these requests.

Ch. 100 (AB 2885) Cardenas. Supplemental local law enforcement funding.⁵

(1) Existing law establishes in each county treasury a Supplemental Law Enforcement Services Fund (SLESF) and requires that moneys from this fund be allocated to counties and cities located within a county in accordance with specified requirements for, among other things, front line law enforcement services.

This bill would revise the requirements for an allocation to a county that includes a newly incorporated city, as specified, would designate specific allocations for district attorneys, county sheriffs, and city police chiefs, and would require that funds be expended no later than June 30 of the following fiscal year. The bill would also require the county auditor to allocate a grant of at least \$100,000 to each law enforcement jurisdiction. The bill would allocate 50% of SLESF moneys to counties and cities and counties to develop and implement a comprehensive multiagency plan that provides a continuum of responses to juvenile crime and delinquency and would require that the plan be developed by the local juvenile justice coordinating council in each county and city and county.

(2) Existing law requires the county auditor and the city treasurer to file a written, public report with the Supplemental Law Enforcement Oversight Committee (SLEOC) on or before the date of the duly noticed public hearing held in September in each year for the purpose of considering requests for money from the fund. A summary of these annual reports is required to be submitted by the SLEOC to the Controller on or before October 15, 1998, and each year thereafter.

This bill instead would require that the written, public report be filed with the SLEOC at least 30 days prior to the date of the duly noticed public hearing and that the summary be submitted to the Controller on or before August 15, 2001, and each year thereafter. The bill would also require a county, a city, or a city and county that fails to submit the required data or expend the SLESF moneys to forfeit its allocation, as specified, and would authorize a local law enforcement agency to submit the required data to the Controller if the SLEOC fails to do so pursuant to these provisions.

(3) This bill would also require each local juvenile justice coordinating council, beginning August 15, 2002, to report annually to the county board of supervisors and the Board of Corrections, in a format specified by the board, on the effectiveness of SLESF programs. The bill would require the Board of Corrections to compile the local reports and, beginning March 1, 2004, to make an annual report to the Legislature on the statewide effectiveness of the comprehensive multiagency local action plans.

(4) The bill would appropriate \$242,600,000 from the General Fund to the Controller for the 2000–01 fiscal year for allocation to counties and cities and counties for supplemental local law enforcement funding pursuant to the bill.

(5) Existing law provides that these provisions governing supplemental local law enforcement funding shall become inoperative on July 1, 2000, and are repealed as of January 1, 2001.

This bill would extend the operation of these provisions to July 1, 2004, and would repeal them as of January 1, 2005.

(6) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 101 (SB 1356) Lewis. Industrial loan companies: insurance premium finance agreements: dishonored check fee.

Existing law provides for the regulation of industrial loan companies by the Department of Financial Institutions. Industrial loan companies are authorized to operate as premium finance agencies and engage in the financing of insurance premiums. Existing law provides that a premium finance agreement may impose a dishonored check fee not to exceed \$5 for actual expenses incurred in the processing of a dishonored check.

This bill would increase the amount of that fee to no more than \$15.

Ch. 102 (SB 1223) Burton. Campaign contributions and expenditures.

The Political Reform Act of 1974 was amended by the adoption of Proposition 208, an initiative statute approved by the voters at the November 5, 1996, statewide general election. The amendments made by Proposition 208 to the Political Reform Act of 1974, among other things, established certain limits on the amount of campaign contributions that an individual or group can make to a candidate for state or local elective office, on the amount of loans a candidate may make to his or her campaign, and on voluntary campaign spending.

On January 6, 1998, a decision of a federal district court preliminarily enjoined the Fair Political Practices Commission from enforcing the amendments made by Proposition 208 to the Political Reform Act of 1974. On January 5, 1999, a federal appellate court affirmed the preliminary injunction and returned the matter to the district court to consider in a new trial the constitutionality of all aspects of the Proposition 208 amendments. That new trial is scheduled to begin on July 11, 2000.

This bill would, among other things, repeal certain amendments made by Proposition 208 and would reenact provisions that impose similar, but increased dollar amount limits on campaign contributions for elective state office, candidate loans, and voluntary campaign spending. This bill would also add provisions to the act that require certain disclosures in slate mailers, in paid political advertisements, and in certain issue advocacy communications; authorize intracandidate transfers of campaign funds and restrict intercandidate contributions; require the aggregation of certain contributions made by affiliated entities; expand online or electronic filing requirements with respect to the receipt of certain contributions and the making of certain independent expenditures; and prescribe the authorized use of surplus campaign funds. These new provisions, as to candidates for statewide elective office, would become operative on or after November 6, 2002. This bill would also make certain technical conforming changes.

Existing law makes a violation of the act subject to administrative, civil, and criminal penalties.

The Political Reform Act of 1974, an initiative measure, provides that the act may be amended by a statute that becomes effective upon approval of the voters.

This measure would call a special statewide election to be consolidated with the statewide general election scheduled for November 7, 2000. It would provide for the submission to the voters of the provisions of this bill amending the Political Reform Act of 1974, as summarized above, at that election.

This bill would declare that it is to take effect immediately as an act calling an election.

Ch. 103 (AB 465) Nakano. Personal income taxes: bank and corporation taxes: research and development.

The Personal Income Tax Law and the Bank and Corporation Tax Law, by reference to a specified federal statute, allow a credit against taxes imposed by those laws for increasing research expenses, as defined. In general, the amount of the credit under both laws is equal to 11% of the excess of the qualified research expenses, as defined, for the taxable or income year over the base amount and, in addition, for purposes of the Bank and Corporation Tax Law, 24% of the basic research payments, as defined. The term base amount means the product of the average annual gross receipts of the taxpayer for each of the specified years

preceding the taxable or income year and the fixed-base percentage, as defined, but in no event less than 50% of the qualified research expenses for the taxable or income year. Existing law permits, for taxable and income years beginning on or after January 1, 1998, a taxpayer to elect an alternative incremental credit, based on a specified formula.

This bill would revise that formula by changing certain state modifications to the federal formula to increase the amount of the alternative incremental credit allowed under state law, as provided.

This bill would incorporate additional changes to those provisions proposed by SB 1655 if both bills are chaptered and this bill is chaptered last.

This bill would take effect immediately as a tax levy.

Ch. 104 (AB 1774) Lempert. Personal income and bank and corporation taxes: deductions: net operating losses.

The Personal Income Tax Law and the Bank and Corporation Tax Law authorize a net operating loss deduction against the taxes imposed by those laws that generally permits those losses to be carried forward 5 taxable or income years, as specified, but provides that 50% of the entire amount of the net operating loss for any taxable or income year is not eligible for carryover to any subsequent taxable or income year, except as specified.

This bill would for each taxable or income year beginning on or after January 1, 2000, and before January 1, 2002, allow 55% of the entire amount of net operating loss to be carried forward, and for each taxable or income year beginning on or after January 1, 2002, would allow 60% of the entire amount of net operating loss to be carried forward. This bill would also provide that a net operating loss attributable to any taxable or income year beginning on or after January 1, 2000, shall be a net operating loss to each of the 10 taxable or income years following the taxable or income year of the loss.

This bill would take effect immediately as a tax levy.

Ch. 105 (AB 2871) Correa. Income taxes: credit: long-term care.

The Personal Income Tax Law authorizes various credits against the taxes imposed by that law.

This bill would, for each taxable year beginning on or after January 1, 2000, and before January 1, 2005, allow a credit in an amount equal to \$500 multiplied by the number of applicable individuals with respect to whom the taxpayer is an eligible caregiver for the taxable year.

This bill would take effect immediately as a tax levy.

Ch. 106 (AB 858) Kuehl. Vehicle license fee offsets.

The Vehicle License Fee (VLF) law establishes, in lieu of any ad valorem property tax upon vehicles, an annual license fee for any vehicle subject to registration in this state in the amount of 2% of the market value of that vehicle, as specified. The VLF law permanently offsets the amount of the vehicle license fee for each subject vehicle by 25% and, for vehicle license fees with a final due date in the 2000 calendar year, offsets the fee amount for each subject vehicle by 35%. The VLF law also provides, depending upon factors that include whether forecasted General Fund revenues for certain fiscal years are within certain revenue target ranges, for a superseding offset percentage of 35%, 46.5%, 55%, or 67.5% to apply to specified future calendar years. The VLF law requires the Department of Finance, in any of certain fiscal years for which that department estimates a cumulative General Fund reduction of more than \$100,000,000 as a result of state tax law changes on or after January 1, 1999, to apply that cumulative reduction, in accordance with a specified formula, to proportionately reduce the percentage amounts of superseding vehicle license fee offsets. Existing law also provides, as specified, for the reimbursement of cities, counties, and cities and counties from the General Fund for revenue losses resulting from vehicle license fee offsets.

This bill would, for vehicle license fees with a final due date in 2001 or 2002, establish an additional offset that is equal to the difference between an offset of 67.5% and the greater of a 35% offset or the percentage offset applicable under current law. This bill would, in accordance with specified procedures, require the payment of these additional offsets to taxpayers on a monthly basis. This bill would also establish a minimum vehicle license fee offset of 35% for 2001 and 2002, and a vehicle license fee offset of 67.5% for the 2003 calendar year and each calendar year thereafter. This bill would also require that cities, counties, and cities and counties be reimbursed from the General Fund for revenue losses resulting from this additional vehicle license fee offset. By requiring additional moneys to be transferred from the General Fund for purposes of local reimbursement, this bill would make an appropriation.

This bill would take effect immediately as a tax levy.

Ch. 107 (AB 511) Alquist. Taxation.

The Sales and Use Tax Law provides various exemptions from that tax. Existing law authorizes cities, counties, and cities and counties to impose local sales and use taxes or transactions and use taxes, and provides that exemptions from state sales and use tax are incorporated into those local taxes.

This bill would, on or after January 1, 2001, and before January 1, 2006, additionally exempt tangible personal property purchased by eligible entities, as defined, that locate or expand a business in a California county with a specified unemployment rate and that qualify for receiving this Rural Investment Tax exemption by the California Infrastructure and Economic Development Bank (CIEDB) board.

The Vehicle License Fee (VLF) Law establishes, in lieu of any ad valorem property tax upon vehicles, an annual license fee for any vehicle subject to registration in this state in the amount of 2% of the market value of that vehicle, as specified. The VLF law permanently offsets the amount of the vehicle license fee for each subject vehicle by 25% and, for vehicle license fees with a final due date in the 2000 calendar year, offsets the fee amount for each subject vehicle by 35%. The VLF law also provides, depending upon factors that include whether forecasted General Fund revenues for certain fiscal years are within certain revenue target ranges, for a superseding offset percentage of 35%, 46.5%, 55%, or 67.5% to apply to specified future calendar years. The VLF law requires the Department of Finance, in any of certain fiscal years for which that department estimates a cumulative General Fund reduction of more than \$100,000,000 as a result of state tax law changes on or after January 1, 1999, to apply that cumulative reduction, in accordance with specified formulas, to reduce target revenue ranges and to proportionately reduce the percentage amounts of superseding vehicle license fee offsets.

As amended by AB 858, the Vehicle License Fee Law provides for a minimum vehicle license fee offset of 35% in 2001 and 2002, an additional offset in those same years that results in a combined offset of 67.5%, and a single vehicle license fee offset of 67.5% for 2003 and each year thereafter.

This bill would appropriate the sum of \$2,052,000,000 for transfer to a newly created special fund for payment by the Controller, as provided, of additional vehicle license fee offsets for the 2000–01 and 2001–02 fiscal years. This bill would also authorize the Governor to direct the Controller to send a notice, as provided, with each payment of an additional vehicle license fee offset. This bill would make changes to clarify the amendments made to the Vehicle License Fee Law by AB 858, and would require the Department of Motor Vehicles to report monthly and year-to-date dollars amounts to the Controller with respect to the additional vehicle license fee offsets.

The Personal Income Tax Law authorizes various credits against the taxes imposed by that law.

This bill would, for each taxable year beginning on or after January 1, 2000, and before January 1, 2005, allow a credit in an amount equal to \$500 multiplied by the number of

applicable individuals with respect to whom the taxpayer is an eligible caregiver for the taxable year.

The Personal Income Tax Law and the Bank and Corporation Tax Law, by reference to a specified federal statute, allow a credit against taxes imposed by those laws for increasing research expenses, as defined. In general, the amount of the credit under both laws is equal to 12% of the excess of the qualified research expenses, as defined, for the taxable or income year over the base amount and, in addition, for purposes of the Bank and Corporation Tax Law, 24% of the basic research payments, as defined. The term "base amount" means the product of the average annual gross receipts of the taxpayer for each of the specified years preceding the taxable or income year and the fixed-base percentage, as defined, but in no event less than 50% of the qualified research expenses for the taxable or income year. Existing law permits, for taxable and income years beginning on or after January 1, 1998, a taxpayer to elect an alternative incremental credit, based on a specified formula.

This bill would, under both laws, for each taxable or income year beginning on or after January 1, 2000, provide that the credit for increasing research expenses shall be equal to 15% of the qualified research expenses. This bill would also revise that formula by changing certain state modifications to the federal formula to increase the amount of the alternative incremental credit allowed under state law, as provided.

The Personal Income Tax Law provides for an exclusion from the gross income of an employee with respect to the taxes imposed by that law for amounts paid or incurred by an employer for educational assistance to the employee, as specified, up to \$5,250 during a calendar year. However, educational assistance does not include any course or education taken at the graduate level beginning after June 30, 1996, of a kind normally taken by an individual pursuing a program leading to a law, business, medical, or other advanced academic or professional degree.

This bill would remove that exception for any course or education taken at the graduate level beginning after January 1, 2000, thereby including those courses or education within the definition of educational assistance.

The Personal Income Tax Law and the Bank and Corporation Tax Law authorize a net operating loss deduction against the taxes imposed by those laws that generally permits those losses to be carried forward 5 taxable or income years, as specified, but provides that 50% of the entire amount of the net operating loss for any taxable or income year is not eligible for carryover to any subsequent taxable or income year, except as specified.

This bill would, for each taxable or income year beginning on or after January 1, 2000, and before January 1, 2002, allow 55% of the entire amount of net operating loss to be carried forward; for each taxable or income year beginning on or after January 1, 2002, and before January 1, 2004, would allow 60% of the entire amount of net operating loss to be carried forward; and for each taxable or income year beginning on or after January 1, 2004, would allow 65% of the entire amount of the net operating loss to be carried forward. This bill would also provide that a net operating loss attributable to any taxable or income year beginning on or after January 1, 2000, shall be a net operating loss to each of the 10 taxable or income years following the taxable or income year of the loss.

This bill would take effect immediately as a tax levy, but the operation of certain of its provisions would depend upon the enactment of another bill.

Ch. 108 (AB 2876) Aroner. Health and welfare programs.

Existing law provides for grants to certain eligible students under the Cal Grant program.

This bill would, to the extent funds are appropriated in the annual Budget Act, provide for supplemental grants to eligible recipients of Cal Grant awards who have been declared dependent or ward of the court, and who meet certain other eligibility requirements.

Existing law provides that certain state and local officers and employees shall not be financially interested in any contract made by them in their official capacity, or by any body or board of which they are members. Nor shall state, county, district, judicial district, and city

officers or employees be purchasers at any sale or vendors at any purchase made by them in their official capacity.

Existing law specifies that this provision does not apply to private industry councils, except in certain circumstances. This bill would, instead, specify the provision shall not apply to any contract or grant made by local workforce investment boards created pursuant to the federal Work Force Investment Act of 1998 except in certain circumstances.

Existing law establishes the Foster Children and Parent Training Fund, which shall be used exclusively for foster parent training, and requires the State Department of Social Services to determine the amount equivalent to the state share of collections attributable to the enforcement of parental fiscal liability for allocation to the fund.

This bill would transfer that responsibility to the Department of Child Support Services, and would revise the method of calculating the amount of collections attributable to the enforcement of parental fiscal liability for allocation to the fund.

Existing law establishes the Welfare Advance Fund, for the purpose of making payments or advances to counties or the Employment Development Department of the state and federal shares of assistance, child support incentive, work incentive or medical care programs, or the cost of administration of these programs, to other states of the federal shares of child support incentives, and for the payment of refunds.

This bill would establish the Child Support Services Advance Fund in the State Treasury for the purpose of making a consolidated payment or advance to counties, state agencies, or other governmental entities comprised of the state and federal shares of local assistance costs associated with programs administered by the Department of Child Support Services.

Under existing law, the name of the Health and Welfare Agency Data Center was changed to the California Health and Human Services Agency Data Center. This bill would make a statement of intent with respect to that name change, and with reference to other statutes.

Existing law, the California Adult Day Health Care Act, governs the provision of adult day health care services.

Existing law requires the State Department of Health Services to conduct a grants-in-aid program to assist in the establishment of new adult day health care centers and the stabilization of existing centers that meet specified requirements.

This bill would also allow grants to be awarded to assist existing adult day health care centers in expanding their operations, in accordance with specified criteria.

Under existing law, the grant amount available for a single project is prohibited from exceeding \$100,000.

This bill would increase this amount to \$125,000.

Existing law requires that special consideration be given to applicants for these grants that meet certain criteria.

This bill would modify these criteria. It would also modify requirements that must be met prior to the awarding of a grant to an applicant.

The bill would also permit planning and development grants to be awarded to public and private nonprofit entities that request assistance in conducting feasibility and needs analysis, if the applicants meet certain requirements.

Existing law provides for the licensure and regulation of child day care facilities by the State Department of Social Services. Existing law requires an applicant and other specified persons to submit fingerprints to the department and permits the department to obtain a criminal record of these persons. Existing law prohibits fees from being charged between January 1, 2000, and July 1, 2000, for the processing of fingerprints or for the obtaining of certain criminal records of volunteers at a child care facility who are required to be fingerprinted, and would prohibit the charging of fees after that date if funds for those purposes are appropriated in the annual Budget Act.

This bill would prohibit fees from being charged between July 1, 2000, and July 1, 2001, for any costs associated with obtaining a criminal record or for conducting a child abuse index check of volunteers at a child care facility who are required to be fingerprinted, and

would prohibit the charging of fees after that date if funds for those purposes are appropriated in the annual Budget Act.

Existing law requires the State Department of Alcohol and Drug Programs to develop and test a comprehensive client-centered system of care that is outcome-based and addresses the costs of substance abuse to individuals, families, and communities.

This bill would require the department to provide semiannual status updates to the Legislature on its progress in implementing the project.

Existing law requires the State Department of Alcohol and Drug Programs to publish procedures for contracting for drug-Medi-Cal services with certified providers and for claiming payments and to automate the claiming process and the process for the submission of data required in connection with reimbursement for those services, and defines drug-Medi-Cal services for those purposes.

This bill would expand the definitions of drug-Medi-Cal services, for those purposes, subject to the receipt of a state plan amendment to obtain federal financial participation under the Medi-Cal program and subject to the appropriation of funds.

Existing law requires 10% of county matching funds for support of certain alcohol abuse treatment programs and services provided by a county of more than 100,000 population.

This bill would provide that no county matching funds shall be required for funding received for the purposes of funding certain existing residential perinatal treatment programs.

Existing law requires the county alcohol and drug administrator and the presiding judge in the county to develop and submit a comprehensive multiagency drug court plan for implementing cost-effective local drug court systems for adults, juveniles, and parents of children who are detained by, or are dependents of, the juvenile court.

Existing law provides that the local action plan may include various types of drug court systems.

This bill would include within the types of drug court systems allowable under these provisions drug courts for parents of children in family law cases involving custody and visitation issues.

Existing law provides a method of allocation of money appropriated in the Budget Act of 1999 from the Employment Training Fund for purposes of funding the local assistance portion of funding welfare-to-work activities under the CalWORKs program.

This bill would extend that provision to include money appropriated in the Budget Act of 2000.

Existing law establishes and regulates various employment and training services. Existing law also provides for the regulation of health care providers.

This bill would establish the Caregiver Training Initiative to develop and implement proposals designed to recruit, train, and retain health care providers such as certified nurse assistants, certified nurses, registered nurses, licensed vocational nurses, and other types of nursing and direct-care staff. Under the initiative, contracts would be awarded to regional collaborative programs selected through a competitive request for proposals process. The bill would require the Employment Development Department, in consultation with the State Department of Social Services, to administer regional collaborative program selection and funding and would specify various duties of the Employment Development Department. The bill would establish an advisory council with a designated membership and specified duties for purposes of the initiative.

This bill would establish the California Workforce and Economic Information Program that would require the Employment Development Department, among other things, to coordinate with specified state agencies in developing economic and workforce information. The bill would also provide competitive grants to faith-based organizations meeting certain criteria to provide services, to the extent funds are provided in the Budget Act of 2000–01 for this purpose.

Existing law provides for the establishment of an employment training program and the Employment Training Panel in the Employment Development Department.

This bill would specify that with respect to funds appropriated in the annual Budget Act to the Employment Development Department for allocation by the Employment Training Panel for training of workers in regions suffering from high unemployment and low job creation, the Employment Training Panel may waive the minimum wage requirements for participation in the program in certain circumstances.

Under existing law, area agencies on aging, through funds allocated by the California Department of Aging, contract with entities to provide various types of local programs.

This bill would require area agencies on aging to maintain in effect contracts funded from appropriations made by the Budget Act of 2000 until July 1, 2004.

Existing law provides that funds for the California Senior Legislature will be derived from specified sources, and expresses the intent of the Legislature that the General Fund shall not be liable for any of the costs of the California Senior Legislature.

This bill would eliminate this statement of Legislative intent.

Existing law provides that if, at certain custody and parental rights hearings relating to the termination of rights of children adjudged to be dependent children of the court in which a guardianship is established for the child with a relative, the relative shall be eligible for aid under the Kin-GAP program.

This bill would limit those provisions to situations in which the juvenile court dependency is subsequently dismissed.

Existing law requires that if a dependent child of the court over which the court has dependency jurisdiction has been placed with a relative guardian for at least 12 months, the court shall terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the guardianship, except upon a finding of exceptional circumstances.

This bill would expand that exception to include circumstances where the guardian objects.

Existing law provides that termination of a guardianship with a kinship guardian shall terminate eligibility for Kin-GAP benefits, except that if a successor guardian is appointed who is also a kinship guardian, the successor guardian shall be entitled to receive Kin-GAP benefits on behalf of the child.

This bill would, instead, apply this exception to an alternate guardian or coguardian, and would provide that a new period of 12 months of placement with the alternate guardian or coguardian shall not be required if specified conditions have been met.

Existing law authorizes the State Department of Social Services to exempt children in receipt of Kin-GAP benefits from any CalWORKs requirement that the department deems necessary, as long as the exemption would not jeopardize federal financial participation in the payment.

This bill would, instead, exempt the Kin-GAP Guardianship Assistance Payment program from the provisions of the CalWORKs program, with certain exceptions, and would authorize recipients of Kin-GAP benefits to request and receive independent living services and to retain certain cash savings. This bill, by revising the level of benefits under the Kin-GAP program, for which a continuous appropriation is made, would revise the amount continuously appropriated, and would result in an appropriation. By revising limitations of the Kin-GAP program, this bill would result in the addition of county responsibilities in administering the Kin-GAP program, and would result in a state-mandated local program.

Existing federal law provides for allocation of federal funds through the federal Temporary Assistance for Needy Families (TANF) block grant program to eligible states. Existing law provides for the California Work Opportunity and Responsibility to Kids (CalWORKs) program for the allocation of federal funds received through the TANF program, under which each county provides cash assistance and other benefits to qualified low-income families.

Existing law states the intent of the Legislature to provide counties with a portion of the state share of savings resulting from moving CalWORKs program recipients to employment, and contains requirements relating to the allocation of these funds.

This bill would revise the statement of intent to state the intent of the Legislature regarding the use of the incentive funds, would delete the limitation on the amount of the incentive funds counties shall receive, subject to amounts appropriated in the annual Budget Act, would revise the method of determining the county share of savings, would require counties to submit a plan describing how they would expend the incentive funds, and would require the State Department of Social Services to evaluate the programs supported by the county share of incentive funds.

This bill would also specify that incentive funds shall be used to provide nonassistance services, as defined, for any family in which the minor child is living with a parent or adult relative caregiver and the family's income is less than 200% of the official federal poverty guidelines. By expanding the scope of eligibility for the receipt of federal TANF program funds, this bill would increase the responsibilities of counties in the administration of aid grants of those funds, thereby creating a state-mandated local program.

Existing law required the State Department of Social Services to contract with an appropriate and qualified entity to conduct an evaluation of the adequacy of current child welfare services budgeting methodology and to report, by January 30, 2000, to the appropriate committees of the Legislature.

This bill would require the department to convene a 7-member task force, composed of specified representatives, for the purpose of creating a plan to implement the recommendations of the evaluation.

Existing law provides for the county-administered In-Home Supportive Services (IHSS) program, under which qualified aged, blind, and disabled persons are provided with services in order to permit them to remain in their own homes and avoid institutionalization.

Existing law permits services to be provided under the IHSS program either through the employment of individual providers, a contract between the county and an entity for the provision of services, the creation by the county of a public authority, or a contract between the county and a nonprofit consortium.

This bill would establish a formula with regard to provider wages or benefits increases negotiated or agreed to by a public authority or nonprofit consortium, and would specify the percentages required to be paid by the state and counties with regard to the nonfederal share of any increases.

Existing law requires the State Department of Social Services to conduct a comprehensive evaluation of the Independent Living Program established pursuant to federal law and requires that the department permit, with the approval of the federal government, all eligible children to be served by the program up to the age of 21 years.

This bill would require the department to develop and implement a stipend for youths who are eligible for the program and have been emancipated from foster care, and would specify that the state shall pay 100% of the costs of the stipend allowance, subject to the availability of funding.

Existing law authorizes, for a specified period, Los Angeles County and up to 8 other counties to conduct an annual public assistance eligibility redetermination with a face-to-face interview with the recipient and make the redetermination according to specified guidelines.

This bill would revise the period of that authorization.

Existing law requires the State Department of Social Services to seek any federal funds available for the Kin-GAP program.

This bill would limit that requirement to specify that seeking certain federal funds shall not be done if it would be detrimental to the General Fund.

Existing law establishes a schedule of payments for licensed or approved family home foster care providers and foster family agencies for the provision of foster care to eligible children, and continuously appropriates funds for that purpose.

This bill would increase the rate of reimbursement of those providers and would require the payment of a supplemental clothing allowance under those provisions, and would extend, for 1 year, limitations on the rate paid to those providers for program changes.

Existing law continuously appropriates funds from the General Fund for allocation to counties for the provision of foster care benefits under the AFDC-FC program.

This bill, by requiring an increase in the rates for children receiving foster care benefits, would increase the level of funding through the continuous appropriation, and would result in an appropriation. To the extent this bill would increase the level of responsibilities of the counties in providing foster care benefits, this bill would result in a state mandated local program.

Existing law requires that, on or after July 1, 1999, the schedule of payment rates and rate calculation components for foster family agencies shall be adjusted by an amount equal to the California Necessities Index.

This bill would limit that rate adjustment to the availability of funds.

Existing law provides that for the 1998–99 and 1999–2000 fiscal years foster care group home reimbursement rates shall not increase as the result of a program change except under specified conditions.

This bill would extend these requirements to the 2000–01 fiscal year.

This bill would also require the State Department of Social Services to contract with an independent evaluator to conduct a study of alternative group home funding mechanisms and to propose a funding system for the care and supervision of children placed in group home care. It would require the department to provide the Legislature with a copy of the final report of the evaluator on or before October 1, 2001.

The bill would also require the department, subject to the availability of funds, to contract with the California Youth Connection to provide technical assistance and outreach to current and former foster youth.

The bill would also require the department to establish a program in up to 5 consenting counties under which licensed family homes and relative caregivers would be provided with reimbursement for the cost of licensed child care for each foster child under 13 years of age, if any of specified conditions are met.

Existing law provides a schedule for the allocation of federal block grant funds for certain social service and health care programs, and specifies that the allocations shall include funding for the In-Home Support Services (IHSS) program services component, child welfare services, protective services and foster care services for adults, and in-home supportive services administration.

This bill would eliminate the IHSS program services component from the allocation schedule would revise the methodology of reimbursement of public authorities and nonprofit consortiums, and would require the department to evaluate options for providing health care benefits for IHSS providers.

Existing law requires the State Department of Health Services, in conjunction with the Managed Risk Medical Insurance Board, to develop and implement a community outreach and education campaign to help families learn about, and apply for, the Medi-Cal program and the Healthy Families Program.

This bill would require the State Department of Social Services, in conjunction with the State Department of Health Services to develop and submit to the Legislature a community outreach and educational program to help families learn about, and apply for, the federal Food Stamp Program and the California Food Assistance Program, to submit the plan to the United States Department of Agriculture, and to request federal funding for the implementation of the program.

Existing law provides that federal block grant funds received for the TANF program shall be deposited in, and shall be administered through, the Temporary Assistance for Needy Families Fund in the State Treasury, for use, upon authorization by the Director of Finance. Special accounts may be established within this fund, for use in accounting for any federal Temporary Assistance for Needy Families block grant funds received from the federal government after August 22, 1996.

This bill would make the deposit and administration of those funds through the fund discretionary, and would provide that a fund condition statement for the federal block grant received for the Temporary Assistance for Needy Families program shall be provided to the Department of Finance with estimates required to be submitted by the State Department of Social Services to the Department of Finance on assumptions underlying estimates on various aid programs, whether or not the Temporary Assistance for Needy Families Fund is used for the deposit and administration of those moneys.

Existing law expresses the intent of the Legislature that the annual Budget Act appropriate state and federal funds in a single allocation to the counties for the support of administrative activities undertaken by the counties to provide benefit payments to CalWORKs recipients and to provide required work activities and supportive services in order to efficiently and effectively carry out the purposes of that program.

This bill would express the intent of the Legislature that, for purposes of this provision, limited-term housing assistance be considered as part of the cost-based allocation methodology, where appropriate.

Under existing law, the Office of Child Abuse Prevention in the State Department of Social Services administers various child abuse programs.

This bill would establish, under the administration of that office, a Juvenile Crime Prevention Program, which would consist of up to 16 sites throughout the state, with programs to be selected by the office pursuant to a competitive process.

Existing law requires the State Department of Social Services to establish programs to provide food assistance and cash assistance for noncitizens who, due to their immigration status, are not eligible for federal food stamps and for SSI/SSP benefits, and specifies that an applicant who is otherwise eligible for the program but entered the United States after August 22, 1996, and who is not otherwise exempt, shall be eligible for assistance for the period beginning on October 1, 1999, and ending September 30, 2000.

This bill would revise the termination date of that period of eligibility.

Existing law provides for the establishment of rates for work-activity program services for certain developmentally disabled persons.

This bill would revise the method of calculating those rates.

Under existing law, a \$27.50 hourly rate has been established for the fiscal year for supported employment services, except that this rate is required to be reduced by the percentage necessary to ensure that projected total General Fund expenditures and reimbursements for habilitation services and vocational rehabilitation supported employment services do not exceed the General Fund and reimbursement appropriations for these services in the Budget Act of 1999.

This bill would, effective July 1, 2000, and subject to the reduction requirement, increase this hourly rate.

The bill would also increase rates to pay for wage and benefit increases for direct service professionals, as defined, with a work activity program.

Existing law requires the Department of Rehabilitation to provide assistance and funding to independent living centers for individuals with disabilities.

This bill would provide a formula for the allocation of funds appropriated by the Legislature for the purpose of providing assistive technology services, and would require that the nonprofit provider provide certain services and assistance to independent living centers' assistive technology services programs.

To the extent this bill would expand the responsibilities of counties, this bill would result in a state-mandated local program.

Existing law provides for the allocation of funds to area agencies on aging for the provision of benefits to seniors.

This bill would revise the formula for the allocation of funds through the Budget Act of 2000.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 109 (AB 1324) Zettel. Credentialed employees.

Existing law requires the governing board of a school district to employ for positions requiring certification only persons who possess qualifications prescribed therefor by law. Under existing law, holders of certain types of credentials are authorized to teach children with disabilities in a special day class in which the primary disability is "speech and language impairment."

This bill would, until January 1, 2005, authorize holders of the credentials described above to teach children in a special day class setting consisting of pupils with mild to moderate disabilities if the credential holders meet certain conditions.

Existing law sets forth the minimum requirements for a services credential with a specialization in clinical or rehabilitative services.

This bill would also, until January 1, 2005, authorize a teacher who holds that credential to teach in a special day class setting consisting of pupils with mild to moderate disabilities if the teacher meets certain conditions.

Ch. 110 (AB 2380) Lempert. Ballast water management fee.

Existing law authorizes the State Lands Commission to impose a fee on owners or operators of vessels for the purpose of funding a program for the management of ballast water use. The State Board of Equalization is authorized to collect the fee and deposit it to the Exotic Species Control Fund.

This bill would provide the administrative authority to the board to establish procedures for collecting the ballast water management fees.

The provisions of this bill would be repealed on January 1, 2004.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 111 (AB 2155) Pescetti. Name change.

Existing law requires an application for a name change to be made to the superior court of the county where the person whose name is proposed to be changed resides by petition signed by the person, or if the person is under the age of 18, signed by one of the person's parents, if living, or if both parents are dead, then by the guardian of the person.

This bill would require applications for the change of the name of a minor submitted by a guardian appointed by the juvenile or probate court to be made in the appointing court. The bill would also authorize the guardian of a person who is under the age of 18 to petition the court for a name change regardless of whether one or both of the person's parents are living and require the guardian to provide notice of the petition to any living parent of the person by personal service at least 30 days prior to the hearing. The bill would specify the contents of a petition submitted by a guardian, and would specify the required findings by the court

in order to grant the petition. It also would make related changes. The bill would also incorporate changes to Sections 1277 and 1278 of the Code of Civil Procedure proposed by AB 205, contingent upon its prior enactment and the operation of proposed versions of those sections, as specified.

Ch. 112 (SB 1517) Brulte. Corporations: distributions to shareholders: real estate investment trusts.

Existing law specifies the conditions under which, in general, a corporation and any of its subsidiaries may distribute to shareholders cash or property without consideration, whether by way of dividend or otherwise.

This bill would exempt from those provisions a dividend declared by a real estate investment trust, as defined in federal tax law, to the extent that the dividend is necessary to maintain the status of the corporation as a real estate investment trust under federal tax law.

Ch. 113 (SB 1647) O'Connell. Conservation.

(1) Existing law provides various programs for the conservation of specified public resources.

This bill would enact the Natural Heritage Preservation Tax Credit Act of 2000, pursuant to which the Wildlife Conservation Board would implement a program under which property, as defined, may be contributed to the state, any local government, as defined, or to any nonprofit organization designated by a local government, based on specified criteria, in order to provide for the protection of wildlife habitat, open space, and agricultural lands.

(2) The Personal Income Tax Law and the Bank and Corporation Tax Law authorize various credits against the taxes imposed by those laws.

This bill would authorize a credit against those taxes under the Personal Income Tax Law and the Bank and Corporation Tax Law in an amount equal to 55% of the fair market value of any qualified contribution, as defined, contributed during the taxable or income year pursuant to the Natural Preservation Tax Credit Act of 2000, as provided.

(3) This bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 114 (AB 480) Ducheny. Personal income tax.

Existing federal law authorizes a credit for household and dependent care expenses necessary for gainful employment, as provided.

This bill would allow a similar, refundable credit under the Personal Income Tax Law.

The Tax Relief and Refund Account in the General Fund is continuously appropriated to make all payments required to be made to taxpayers or other persons, as specified.

By authorizing a new, refundable income tax credit to be paid from that account, this bill would make an appropriation.

This bill would take effect immediately as a tax levy.

Ch. 115 (AB 2695) Committee on Agriculture. Milk and milk products: bulk transportation.

Existing law requires every person, before engaging in the transportation of unpackaged market milk or unpackaged market milk products, to obtain a bulk milk hauler tanker permit, renewable within one year from the date of issue, from the Secretary of Food and Agriculture for each tanker that person uses in the bulk transport of unpackaged market milk or unpackaged market milk products. Existing law provides that upon receipt of an application for a permit, the secretary shall cause an inspection to be made of the bulk milk hauler's tanker for which the application is made. Existing law also requires the permit to conform to the requirements of a specified federal memorandum.

This bill would require that an inspection required for the issuance of a permit shall be conducted in a uniform and efficient manner. The bill would also require that renewal be conditioned upon payment of an annual inspection fee, the assessment of which shall be

based upon the actual cost of the inspection and shall be subject to verification upon the request of a permit applicant.

Ch. 116 (AB 1991) Cox. State assessed property: delinquencies: unsecured roll.

Existing property tax law governing assessments of property by the State Board of Equalization authorizes the board, if an amount assessed by the board on the secured property tax roll with regard to fixtures and personal property becomes delinquent, to collect that amount using those procedures for the collection of amounts on the unsecured property tax roll.

This bill would expand this collection procedure authority to apply to any amount assessed by the board on the secured property tax roll that becomes delinquent, and would require the tax collector to send a notice of delinquency stating intent to enforce collection.

Ch. 117 (AB 1744) Longville. Local government: housing elements.

Existing law requires each council of governments to determine the existing and projected housing needs for its region, as specified, for purposes related to each local government's determination in its housing element of its share of regional housing needs. Existing law requires local governments within the regional jurisdiction of the Southern California Association of Governments to revise the housing elements of their general plans by June 30, 2000, for the 3rd revision. Existing law requires local governments within the regional jurisdiction of the Association of Bay Area Governments to revise the housing elements of their general plans by June 30, 2001, for the 3rd revision.

This bill would extend the date for the 3rd revision to December 31, 2000, for local governments within the jurisdiction of the Southern California Association of Governments, and to December 31, 2001, for local governments within the jurisdiction of the Association of Bay Area Governments.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 118 (SB 1367) Schiff. State Bar.

Existing law provides until January 1, 2001, for the imposition of an annual membership fee for active members of the State Bar.

This bill would extend the operation of this fee provision until January 1, 2002.

This bill would become operative only if SB 1420 is enacted and becomes operative on or before January 1, 2001.

Ch. 119 (SB 2045) Schiff. National medical support notice.

Under existing state law, in Title IV-D cases in which child support services are being provided by the district attorney and the court has ordered a parent to provide health insurance coverage, the district attorney is required to serve the parent's employer with either the health insurance coverage assignment order or a notice of the order, as specified. Federal law requires that, in those cases where the noncustodial parent is providing the insurance coverage and changes jobs, the agency shall provide notice to the new employer, which notice shall enroll the child in the new health plan, unless the parent contests the notice.

Under existing law, child support enforcement services will begin to be transferred to defined local child support agencies, commencing January 1, 2001.

This bill would, in the above-described cases, instead require the local child support agency to serve the parent's employer with a notice, referred to as a "national medical support notice," as required by that federal law. The bill would make related changes.

Under existing law, if the spouse or child does not receive public assistance or aid and is not a Medi-Cal applicant or recipient, the local child support agency is required to obtain the applicant's consent prior to providing medical support enforcement services.

This bill would delete this provision.

Ch. 120 (SB 1384) Committee on Business and Professions. Labeling.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires every person who manufactures an optical disc for commercial purposes to permanently mark each manufactured optical disc with an identification mark that identifies the name of the manufacturer and the state in which the optical disc was manufactured.

This bill would alternatively authorize the marking of an optical disc by use of a unique identifying code that enables law enforcement personnel to determine the name of the manufacturer and the state in which it was manufactured.

Ch. 121 (SB 1756) Kelley. Fire districts: board of directors.

Under the Fire Protection District Law of 1987, each member of the board of directors of a fire protection district may receive compensation in an amount set by the board not to exceed \$75 for attending each meeting of the board.

This bill would increase this limit to \$100 and authorize the district board to increase that amount by ordinance.

Ch. 122 (SB 1466) Leslie. Banking transactions.

Existing law requires a depository institution to provide periodic account statements to its customers and requires that the depository institution either return or make available items paid from the account, or provide information in the statement sufficient to allow the customer reasonably to identify the items paid, including, for example, the item number, the amount, and the date the item was paid. The alternative provision of listing the information sufficient to identify the items paid will cease to be operative on January 1, 2001.

This bill would extend the operation of that alternative provision until January 1, 2005.

Ch. 123 (AB 719) Briggs. Firearms: license to carry.

Existing law authorizes the sheriff of a county or the chief or other head of a municipal police department of any city or city and county to issue a license to carry a concealed firearm upon proof of specified criteria, including that the person applying is either a resident of the county or a city within the county when application is made to the sheriff, or a resident of the city when application is made to a police chief and completes a specified course of training.

This bill would provide that persons certified as trainers for purposes of the specified course of training described above, are excepted from the requirement of completing a specified course of training for purposes of renewing a license to carry a concealed firearm.

Ch. 124 (AB 1337) Havice. Public postsecondary education: community college faculty.

Under existing law, if a case concerning the granting of tenure of community college faculty proceeds to arbitration with representation by the exclusive representative, the resulting decision is not to be considered a precedent for purposes of interpreting tenure procedures and policies, or the collective bargaining agreement, but instead affects only the result in that particular case.

This bill would specify that the resulting decision is not to be considered a precedent as described above, and that it would affect only the result in that particular case, if the case proceeds to arbitration without, instead of with, representation by the exclusive representative.

Ch. 125 (AB 1859) McClintock. Homeowner associations: assessments.

Existing law provides that a community association managing a common interest development shall levy regular and special assessments sufficient to perform its obligations, as specified, subject to certain limitations in the amount that the assessments may be increased on an annual basis.

This bill would exempt regular assessments imposed or collected from owners from execution by a judgment creditor of the association to the extent necessary for the association to perform its obligations under the governing documents and as required by law, except as

specified. The bill would provide that in determining the appropriateness of an exemption, a court shall ensure that only essential services are protected.

Ch. 126 (AB 2336) Zettel. Local agency contracts.

Existing law prescribes limits on progress payment that may be made on any contract with a local agency for the creation, construction, alteration, repair, or improvement of any public structure, building, road, or other improvement, that exceeds \$5,000.

This bill would provide that a county water authority shall be subject to a \$25,000 limit for purposes of these provisions.

Ch. 127 (AB 2866) Migden. State government.⁶

(1) Existing law establishes a system of state funding for trial courts. Existing law establishes the Trial Court Trust Fund for the purpose of funding trial court operations. For purposes of those provisions, court operations are defined to include, among other things, juror expenses of per diem fees and mileage. Existing law also specifies the fees and travel reimbursement to be paid to jurors in civil and criminal cases.

This bill would increase the daily fees for jurors beginning July 1, 2000, as specified. Funding for these purposes would be made pursuant to an appropriation of funds in the annual Budget Act. The bill would also set forth the findings and declarations of the Legislature.

(2) Existing law specifies that a trial by jury may be waived in civil cases by failure to deposit advance jury fees, as specified, and limits the amount of those fees to not more than the average mileage and fees of 20 jurors for one day.

This bill would instead limit advance jury fees required to be deposited pursuant to this provision to a total of \$150.

(3) Existing law establishes pilot programs to assess the benefits of early mediation of civil cases in 4 superior courts, as specified.

This bill would, in addition, require the Judicial Council to establish a pilot program in the Los Angeles Superior Court in 10 departments handling civil cases. These departments would have the authority to make mandatory referrals to mediation, as specified. The court would be responsible for paying the mediator's fees, to the extent specified. The bill would expand the nature of a report to be prepared by the Judicial Council with respect to the pilot programs. The bill would also make related changes.

The bill would impose a state-mandated local program by imposing a new program on the court.

(4) Existing law provides for the California Small Business Financial Development Loan Guarantee Account and authorizes funds from that account to be paid by the treasurer to a small business development corporation loan guarantee fund. Under existing law, those funds may then be transferred by the California Office of Small Business Development to corporate trust accounts, based on its evaluation of specified performance-based criteria of that corporation.

This bill would specify that these performance-based criteria are not applicable to a corporation that has been in existence for 5 years or less and would require the office to specify by regulation the basis for transferring funds from the small business development corporation loan guarantee fund to those corporations.

(5) Existing law, the Leroy F. Greene School Facilities Act of 1998 (Greene Act), makes funding available to school districts for, among other things, schoolsite acquisition, construction, and modernization. The Greene Act authorizes the State Allocation Board to determine the eligibility of school districts to receive apportionments, and to apportion funds to eligible school districts under the act.

The Greene Act requires that title to all property acquired, constructed, or improved, with funds made available from the act, to be held by the school district to which the board grants the funds.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize the board to provide funding, pursuant to the Greene Act, for projects upon property that is leased to a school district as long as the school district's project received approval from the board prior to November 4, 1998.

(6) Existing law ratifies specified tribal-state gaming compacts. Existing law also establishes in the State Treasury the Indian Gaming Special Distribution Fund for the receipt and deposit of gaming device license fee moneys received by the state from Indian tribes pursuant to the terms of tribal-state gaming compacts, which shall be available for appropriation by the Legislature for specified regulatory and other purposes.

This bill would include within the express purposes of the Indian Gaming Special Distribution Fund disbursements for the purpose of implementing the terms of tribal labor relations ordinances promulgated in accordance with the terms of ratified tribal-state gaming compacts.

(7) Existing law requires the Controller to abolish, effective July 1, any state position that was vacant continuously during the period between October 1 and June 30 of the preceding fiscal year. Existing law also requires that positions which were vacant for the last 9 months of a fiscal year because of a hiring freeze in effect during part of all of the 9-month period be abolished unless the Director of Finance is notified of the need for, and approves, continuing these positions.

This bill, instead, would require the Controller beginning July 1, 2001, and on each July 1 thereafter, to abolish any state position that was vacant continuously for 6 consecutive monthly pay periods during the period between July 1 and June 30 of the preceding fiscal year. The bill would require positions that were continuously vacant for 6 consecutive monthly pay periods during a fiscal year because of a hiring freeze in effect during part or all of that period to be abolished unless the director is notified of the need for, and approves of, the continuance of the positions. The bill would authorize a state agency to request positions that have been abolished under specified circumstances be reestablished.

(8) Under existing law, a victim of a crime may file an application with the State Board of Control for financial, medical, counseling, and other assistance pursuant to specified procedures.

This bill would authorize the board until June 30, 2004, to enter into an interagency agreement with the University of California, San Francisco to establish a victims of crime recovery center at the San Francisco General Hospital to demonstrate the effectiveness of providing comprehensive and integrated services to victims of crime.

(9) Under existing law, a county that is responsible for the cost of a trial or trials or any hearing of a person for the offense of homicide may apply to the Controller for reimbursement of the costs incurred by a county in excess of the amount of money derived by the county from a tax of 0.0125 of 1% of the full value of property assessed for purposes of taxation within the county.

This bill would delay, until January 1, 2005, the use of this formula for determining state reimbursement of counties for homicide trials and hearings. The bill instead would provide for that reimbursement until January 1, 2005, pursuant to several different specified formulas that apply depending upon the size of the population of a county.

(10) Existing law provides for various programs within the Trade and Commerce Agency for the development and promotion of the film industry in the state.

This bill would enact the Film California First Program, to authorize the agency to pay and reimburse specified film costs incurred by a public agency, as defined, up to \$300,000 for any one film. It would create the Film California First Fund in the State Treasury for purposes of the program. It would declare the intent of the Legislature that funding for the program be provided from the General Fund through the annual Budget Act in the amount of \$15,000,000 per year for 3 years, commencing with the 2000-01 fiscal year.

(11) The Administrative Procedure Act sets forth certain procedures for the adoption, amendment, or repeal of administrative regulations, including emergency regulations.

This bill would exempt procedures and guidelines promulgated to clarify and make specific the Film California First Program established pursuant to the bill, and any other film assistance program within the Trade and Commerce Agency, from the requirements of the act for 36 months after the effective date of the bill. It would authorize the agency to adopt emergency regulations concerning the implementation of the program in accordance with the act following the 36-month exemption period.

(12) Under existing law, there is the California Unitary Fund in the State Treasury and a Future Infrastructure State Targeted Account and a Local Project Account for Non-Transient Spending in the California Unitary Fund. These funds are required to be used exclusively for infrastructure financing and economic development. Under existing law, the moneys in the California Unitary Fund remain in the fund until appropriated by the Legislature, and 20% of the money deposited in the Future Infrastructure State Targeted Account is required to be available for expenditure only for support of the California Export Finance Program Law, the California Export Promotion and Policy Program, and the Foreign Market Development Export Incentive Program for California Agriculture Act. Existing law requires proposed appropriations from the fund to be summarized in the Governor's Budget for each fiscal year bearing the caption "California Unitary Infrastructure and Economic Development Program" and contain a separate description of each program for which an appropriation is made. Under existing law, the Secretary of the Business, Transportation and Housing Agency is responsible for annually recommending to the Governor, for inclusion in the Budget Bill, which programs shall be supported by the California Unitary Fund.

This bill would repeal these provisions, abolish the California Unitary Fund, and transfer assets and liabilities of the fund to the General Fund. This bill would also require that on and after January 1, 2001, all money that would have been deposited in the Unitary Fund be instead deposited in the General Fund.

(13) The California Constitution establishes the civil service system, which includes every officer and employee of the state, subject to specified exemptions. Statutory law permits the state to enter into contracts for personal services to achieve cost savings when specified requirements are met.

This bill would require a state agency that enters into a personal services contract for certain types of workers to include provisions for employee benefits that are valued at least 85% of the state employer cost of providing comparable benefits to state employees performing similar duties. The types of workers covered by this requirement include persons that provide janitorial and housekeeping services, custodians, food service workers, laundry workers, window cleaners, and security guards.

(14) Existing law requires the State Treasurer to act as Administrator of Local Agency Security and to be responsible for the administration of specified statutes governing the deposit and investment of local agency funds and related matters.

This bill would transfer this authority to the Commissioner of Financial Institutions.

(15) Existing law establishes the Homebuyer Down Payment Assistance Program and the Rental Assistance Program, administered by the California Housing Finance Agency pursuant to a contract with the Department of General Services, to provide assistance in the amount of the applicable school facility fee on affordable housing developments. In certain instances, the downpayment assistance is limited to residential structures with a sales price that does not exceed \$110,000. In other instances, the qualified first-time homebuyer is required to meet specified very low or low-income requirements.

This bill would increase the \$110,000 limit on the sales price of residential structures eligible for that downpayment assistance to \$130,000, and would require that amount to be increased or decreased annually, according to a specified measure of the median sales price of new homes. The bill would require those qualified first-time homebuyers to meet specified moderate income requirements, instead of existing requirements pertaining to very low or low-income persons.

(16) Existing law, for the purposes of the Homebuyer Down Payment Assistance Program and the Rental Assistance Program, establishes the School Facilities Fee Assistance Fund, which is continuously appropriated to the Department of General Services. Existing law specifies that those funds not expended for a specified homebuyer downpayment assistance program within 18 months shall be available for other specified homebuyer downpayment assistance programs.

This bill would provide that those funds, if not expended within 18 months of their appropriation and availability, shall be available for other specified homebuyer downpayment assistance programs.

The bill would make an appropriation by authorizing the expenditure of funds in the School Facilities Fee Assistance Fund for additional purposes.

(17) Existing law requires every person engaged in the business of garment manufacturing, as defined, to register with the Labor Commissioner and to pay an initial registration fee and an annual renewal fee. Existing law provides that the commissioner shall deposit \$75 of each registrant's annual registration fee into a separate account to be disbursed only to persons damaged by failure of a garment manufacturer, jobber, contractor, or subcontractor to pay wages and benefits. The remainder of the annual registration fee not deposited into the special account is applied to costs in implementing the registration requirements.

This bill would revise these provisions to provide for the deposit of registration fees not allocated to the special account in a subaccount. In addition to implementing the registration requirements, fees deposited in the subaccount would be used to cover costs incurred by the Labor Commissioner in reviewing claims by employees to recover unpaid wages. Moneys in the subaccount would be available for expenditure upon appropriation by the Legislature.

(18) Existing law requires the Division of Apprenticeship Standards to set fees necessary to establish minimum standards for the competency and training of electricians.

This bill would create the Electrician Certification Fund as a special account in the State Treasury for deposit of fees collected to fund the Division of Apprenticeship Standards program. Moneys in that fund would be available for expenditure upon appropriation by the Legislature.

(19) Existing law permits the Division of Occupational Safety and Health to fix and collect fees necessary to administer the Permanent Amusement Ride Safety Inspection Program, a state system for the inspection of permanent amusement rides.

This bill would create the Permanent Amusement Ride Inspection Fund, a special account for deposit of fees collected to fund the Permanent Amusement Ride Safety Inspection Program. Moneys in that fund would be available for expenditure upon appropriation by the Legislature.

(20) Existing law provides that the Adjutant General is the head of the Military Department.

This bill would authorize the Adjutant General to enter into an agreement with the City of Oakland and a school district to establish the Oakland Military Institute, a nonresidential college preparatory institution. The bill would appropriate \$1.3 million to the Military Department for this purpose.

(21) Under existing law, the Department of Corrections provides specified treatment programs for inmates and parolees convicted of committing sex offenses.

This bill would provide, in addition, that the Department of Corrections may require parolees participating in relapse prevention treatment programs or receiving medication treatments intended to prevent them from committing sex offenses to pay some or all of the costs associated with the treatment, subject to the person's ability to pay, as defined.

(22) Existing law generally regulates the incarceration of prisoners.

This bill would authorize the Director of the Department of Corrections to adopt regulations relating to rebates for pharmaceuticals, as specified, and to enter into interagency agreements relating to purchasing pharmaceuticals. The bill would also require the Bureau

of State Audits to report to the Legislature and the Governor, not later than January 10, 2002, specified findings relating to pharmaceutical and medical supply procurement for offenders in state custody, as specified. The bill would also express certain findings and declarations of the Legislature.

(23) Under existing law, the Department of General Services is authorized to establish the California Multiple Awards Schedule program, which permits state agencies to purchase information technology services from vendors that hold federal contracts.

This bill would authorize the Director of General Services to enter a variety of types of contracts for information technology services, including using master agreements, multiple award schedules, cooperative agreements, and other types of agreements that enhance the state's buying power. The director would also be authorized to provide the procurement services of the department to school districts, which would be authorized to use the department's agreements without competitive bidding.

(24) The existing restructuring of the electrical services industry provides for the authorization of direct transactions between electricity suppliers and end use customers and for the creation of an Independent System Operator and a Power Exchange.

This bill would authorize the Public Utilities Commission to investigate issues relating to multiple qualified exchanges. The bill would require the commission to prepare and submit findings and recommendations to the Legislature if it determines that allowing electrical corporations to purchase from multiple qualified exchanges is in the public interest. The bill would prohibit the commission, prior to June 1, 2001, from implementing the part of any decision authorizing electrical corporations to purchase from exchanges other than the Power Exchange. The bill would also prohibit the implementation of the portion of certain commission decisions that authorizes electrical corporations to purchase from multiple qualified exchanges.

(25) Existing law authorizes the Department of Transportation to establish and maintain shops for the construction, repair, and servicing of any equipment owned or used by the department. The department is authorized to purchase and supply any materials and parts, and furnish any labor, that is necessary in the construction, repair, and servicing of equipment for other state departments. The other state departments receiving those services are required to reimburse the department for the cost of the materials, parts, and labor, including overhead charges.

This bill would require the department, with the approval of the Department of Finance, to set rates for mobile equipment services, as defined. The bill would require the department to review its rates for those services on an annual basis and, upon approval by the Department of Finance, to publish a rate schedule on or before April 30 of each year. The bill would require the department to collect mobile equipment services cost recovery, as defined.

The bill would create the Equipment Service Fund in the State Treasury and would continuously appropriate the money in the fund to the department to pay for mobile equipment services. The bill would require that the net proceeds from mobile equipment services cost recovery be deposited in the fund. In addition, the bill would authorize any moneys appropriated to the department under the annual Budget Act, or under any other act, for the use of existing mobile equipment or for the purchase of that equipment, and any moneys transferred to the department from any account within the State Transportation Fund for those purposes, to be deposited in the fund.

The bill would authorize refunds to programs that were assessed mobile equipment service charges during a fiscal year, under certain circumstances.

(26) The existing Performance and Results Act of 1993 requires the Department of Finance to develop a performance budgeting pilot project, in accordance with specified principles, involving 4 state departments, including the Department of General Services. Existing law sets forth the conditions pursuant to which the Department of General Services, notwithstanding existing statutes and regulations, is required or authorized, among other things, to carry out specified functions relating to state personnel matters, to prepay vendors

when cost-beneficial to the department, to accept gifts and donations of real property without approval by the Director of Finance, to authorize employees of the department of travel outside the state or country without approval of the Department of Finance, and to exempt the department from a provision of law that automatically abolishes positions in state civil service that are vacant continuously for a specified period of time. These provisions of existing law remain in effect until the effective date of the Budget Act of 2000 or June 30, 2000, whichever occurs later.

This bill would reenact provisions relating to administrative functions that the Department of General Services is authorized to perform, but would not include the functions described above. The bill would set forth the conditions pursuant to which the director of the department, notwithstanding existing statutes and regulations, is required or authorized, among other things, to procure goods from the private sector even though the goods may be available through the Prison Industry Authority, certify funds for the payment of specified legal settlements and tort claims, and approve specified departmental forms in lieu of the Director of Finance. This bill would specify that these provisions shall remain in effect only until the effective date of the Budget Act of 2001 or June 30, 2001, whichever occurs later.

(27) Under existing law, the Department of Veterans Affairs is responsible for the administration and physical maintenance of the Veterans' Home of California Yountville.

This bill would require the department to renovate the Lincoln Theater at the veterans' home and would specify the scope of the renovation. The renovation would be managed by the Department of General Services.

(28) Existing law authorizes the Department of Transportation to plan, design, construct, operate, and maintain those transportation systems that the Legislature makes the responsibility of the department.

This bill would require the department, in consultation with the Office of Planning and Research, to conduct a statewide rail transportation assessment, as specified, including a report that would address certain issues and would be submitted to the Legislature on or before January 1, 2002.

(29) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(30) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 128 (SB 1885) Johnston. Pawnbroker regulations: loan charges.

Existing law sets forth a schedule of maximum compensation and a schedule of charges that govern the amount a pawnbroker may receive or charge on any loan.

This bill would require that pawnbroker charges for the first 90 days of any loan be determined by the schedule of charges, and that pawnbroker charges following the first 90 days of the loan be determined by the schedule of maximum compensation.

Ch. 129 (AB 1544) Calderon. Local government: redevelopment.

(1) Existing law provides procedures for the establishment of county service areas for counties to provide specified governmental services within unincorporated areas, for the establishment of municipal water districts, and for the formation of joint powers agencies as redevelopment agencies for the redevelopment of military facilities located within the redevelopment project area of the agencies.

This bill would authorize county service areas, the Inland Valley Development Agency, and municipal water districts to establish sewer and water supply facilities on specified lands

related to development of certain territory within the Norton Air Force Base Redevelopment Project Area without approval by other agencies, except as specified. The bill would exempt water and sewer services, as specified, in that redevelopment project area from a requirement for the payment of just compensation for private utility property taken for public purposes.

(2) Existing law requires a local agency formation commission to determine the territory to be included in a sphere of influence for local agencies within its jurisdiction and the need for and capacity of public facilities. Existing law also requires the commission to place on its meeting agenda and consider a written request from any person or local agency to amend a sphere of influence.

This bill would authorize landowners of unincorporated territory located in that redevelopment project area to petition a local agency formation commission for the removal of the territory from a city's sphere of influence. The bill would also provide that a determination of a city's sphere of influence shall not preclude the provision of specified services to that redevelopment project area.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 130 (AB 974) Papan. Political Reform Act: monetary limits.

(1) Under the existing Political Reform Act of 1974, public officials and designated employees of public agencies are required to annually file a written statement of the economic interests they possess during specified periods. Existing law requires various economic interests, such as interests in real property and investments, to be reported in those statements if the fair market value of the interest is of a specified minimum monetary amount.

This bill would increase from \$1,000 to \$2,000 the minimum monetary amount of interests in real property and in investments required to be reported in those statements.

Existing law prohibits a public official at any level of state or local government from making, participating in making, or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest. Existing law provides that a public official has a financial interest in a decision if it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from the effect on the public generally, on any business entity in which the public official has a direct or indirect investment worth \$1,000 or more, on any real property in which the public official has a direct or indirect interest worth \$1,000 or more, or on any source of income, except gifts or certain loans, aggregating \$250 or more in value provided to, received by, or promised to, the public official within 12 months prior to the time the decision was made.

This bill would increase from \$1,000 to \$2,000 for both investments in business entities and interests in real property, and from \$250 to \$500 for amounts from sources of income, the minimum values that establish financial interests of a public official for purposes of his or her disqualification in making, participating in, of influencing, those governmental decisions.

This bill also would increase the minimum amounts of contributions required to be reported in specified statements of committees.

The bill would make other technical nonsubstantive changes to existing law.

Existing law provides that any person who makes or receives a contribution, gift, or expenditure in violation of specified provisions of law is liable in a civil action brought by the civil prosecutor or by a person residing within the jurisdiction for an amount up to \$500 or 3 times the amount of the contribution, gift, or expenditure, whichever amount is greater.

This bill would increase from \$500 to \$1,000 the minimum amount of civil penalty that may be imposed under those circumstances.

(2) Existing law makes a violation of the act subject to administrative, civil, and criminal penalties.

This bill would impose a state-mandated local program by imposing these criminal penalties on persons who violate the provisions of the bill.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(4) The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a 2/3 vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the act, would therefore require a 2/3 vote.

Ch. 131 (AB 1801) Runner. California State Lottery: advertising.

(1) The California State Lottery Act of 1984, an initiative measure approved by the voters at the November 6, 1984, general election (hereafter the act), provides that in lottery games utilizing tickets the overall estimated odds of winning shall be printed on each ticket or stub, and provides that in all decisions relating to the advertising and promotion of the California State Lottery, the California State Lottery Commission shall ensure that the California State Lottery complies with both the letter and the spirit of the laws governing false and misleading advertising, including provisions relating to unfair business practices.

This bill would require the commission to ensure that the overall estimated odds of winning some prize or prizes in a particular lottery game are posted on all television and print advertising, exclusive of specified outdoor advertising, related to that game.

(2) The act provides that none of its provisions may be changed except to further its purpose by a bill passed by a 2/3 vote of each house of the Legislature and signed by the Governor.

This bill would declare that its provisions further the purpose of the act.

Ch. 132 (AB 1914) Nakano. California Civil Liberties Public Education Act.

Existing law declares that it is the intent of the Legislature that the sum of \$1,000,000 be annually appropriated for 3 years from the General Fund to the State Librarian to sponsor public educational activities and the development of educational materials to ensure that the events surrounding the exclusion, forced removal, and internment of civilians and permanent resident aliens of Japanese ancestry will be remembered, and so that the causes and circumstances of this and similar events may be illuminated and understood.

This bill would extend this expression of the intent regarding the annual appropriation up to, and including, the 2002–03 fiscal year. The bill would, subject to an appropriation therefor, require the State Librarian to review and identify programs with similar goals that may be combined with the project in the future and to report to the Legislature, by November 1, 2004.

Ch. 133 (AB 2123) Shelley. Official phonographic reporters: compensation.

Existing law provides that the monthly salary and per diem of the regular official phonographic reporters of the superior court in the City and County of San Francisco shall be the same as that paid to official phonographic reporters of the superior court in Los Angeles County.

This bill would provide that their salary and per diem shall be not less than that paid to official phonographic reporters in Los Angeles County.

Ch. 134 (AB 2419) Machado. Water districts.

(1) The South Delta Water Agency Act creates the South Delta Water Agency and the Central Delta Water Agency Act creates the Central Delta Water Agency. Those agency acts grant those agencies specified powers, including the authority to negotiate, enter into, and enforce agreements with the United States and the state to protect the water supply of the lands within those respective agencies against the intrusion of ocean salinity and to ensure that those lands have a dependable water supply.

This bill would authorize those agencies to take all reasonable and lawful actions to carry out those functions and to pursue legislative and legal actions.

(2) Those agency acts prohibit those agencies from affecting water rights within their respective boundaries.

This bill would delete that prohibition and allow those agencies to assist landowners, districts, and water right holders within the boundaries of those respective agencies in the protection of vested water rights and to represent the interests of those parties in water right proceedings before the State Water Resources Control Board and the courts of this state and the United States, to carry out the purposes of each respective agency.

(3) The South Delta Water Agency Act authorizes that agency to perform any lawful act necessary in order that a sufficient in-channel water supply may be available for any present or future beneficial use of the lands within the boundaries of that agency.

This bill would authorize the South Delta Water Agency and the Central Delta Water Agency to perform any lawful act necessary in order to ensure that a sufficient in-channel water supply of suitable quality is available for any present or future beneficial use of the lands within the boundaries of those respective agencies.

Ch. 135 (AB 2539) Committee on Judiciary. Maintenance of the codes.

Existing law directs the Legislative Counsel to advise the Legislature from time to time as to legislation necessary to maintain the codes.

This bill would restate existing provisions of law to effectuate the recommendations made by the Legislative Counsel to the Legislature for consideration during 2000, and would not make any substantive change in the law.

Ch. 136 (AB 2374) Lempert. Discovery: marriage and family therapist peer review committees.

Existing law exempts from discovery as evidence the proceedings and records of specified organized committees of health care professionals and review committees having the responsibility of evaluation and improvement of the quality of care.

This bill would extend this exemption to the proceedings and records of marriage and family therapist and licensed clinical social worker organized committees and review committees, as described above.

Ch. 137 (AB 1795) Dutra. Special education.

Existing law, governing special education, became inoperative on June 30, 2000.

This bill would amend this sunset provision to June 30, 2001, and reactivate the special education program until that date. To the extent that the reactivation of the laws governing special education imposes requirements on special education local planning areas, county offices of education, and school districts, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 138 (AB 1817) Correa. County employees' disability retirement: blood-borne diseases.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The County Employees Retirement Law of 1937 provides that, for purposes of qualification for disability retirement benefits, the development of cancer by specified safety members, firefighters, and members in active law enforcement shall be presumed, as specified, to arise out of and in the course of employment.

This bill would prescribe a similar presumption in the case of the development of a blood-borne infectious disease, as defined, by any of those specified members and county probation officers, and would define "members in active law enforcement" for purposes of that presumption.

Ch. 139 (AB 2327) Gallegos. Health care coverage: consumer information programs: confidentiality of communications.

Existing law, until June 30, 2000, provides certain immunities and confidentiality protections for communications of representatives of a pilot program known as the Health Care Consumers' Information and Assistance Program with health care consumers and certain other persons, as specified. Existing law also provides that the records and files of the pilot program shall remain confidential, except as specified.

This bill would repeal these provisions and enact other, similar provisions applicable to the Health Rights Hotline program. This bill would also enact certain related provisions applicable both to the Health Rights Hotline program as well as local Health Consumer Alliance programs. The provisions that would be enacted by this act would only be operative until December 31, 2003.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 140 (AB 2524) Washington. Emotionally disturbed minors: services.

Existing law, the Bronzan-McCorquodale Act, generally regulates the provision of community mental health services for the mentally disordered in every county. The existing act authorizes the establishment of regional, secure facilities which are designed for the commitment and ongoing treatment of seriously emotionally disturbed minors who have been adjudged wards of the juvenile court. Among other things, the act sets forth staffing requirements for the opening of one of these regional facilities, including requiring that the staff include a pediatrician and dentist, on an as-needed basis.

This bill would revise the staffing requirements for a regional facility by adding a licensed marriage and family therapist to the staffing requirements, on an as-needed basis, and would make other nonsubstantive changes.

Ch. 141 (AB 2905) Committee on Insurance. Surety company reserve funds.

Existing law requires surety companies that execute undertakings of bail for bail licensees to maintain reserve funds in segregated interest bearing trust accounts guaranteed by certain United States government banking entities.

This bill would allow surety companies to maintain these reserve funds in other account forms, including those consisting of guaranteed United States government bonds or securities or money market funds meeting specified criteria.

Ch. 142 (AB 1300) Rod Pacheco. Sex offenders: parole.

Existing law provides for the parole of sex offenders, as specified.

This bill, the "Sex Offender Containment Act," would provide that those sex offenders guilty of rape, sodomy, oral copulation by force, lewd acts on a child under 14 years of age, continuous sexual abuse of a child, or rape in concert, as specified, shall be subject to a maximum of 5 years of continuous parole. This bill would also provide that if the inmate received a life sentence for commission of certain sex offenses, the period of parole shall be 5 years, which could be extended upon specified conditions for an additional 5-year period.

The bill would also provide for the intensive parole supervision of specified sex offenders by the Department of Corrections, subject to legislative appropriation of necessary funds, and provide for reports from the Department of Corrections to the Legislature regarding

sexually violent predators, as specified. The bill would also provide that the provisions described in this paragraph would be repealed on July 1, 2006.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 143 (AB 1978) Cedillo. SSP benefits for veterans.

Existing law provides for the State Supplementary Program (SSP) for the Aged, Blind and Disabled, which requires the State Department of Social Services to contract with the United States Secretary of Health and Human Services to make payments to SSP recipients to supplement supplemental security income (SSI) payments made available pursuant to the federal Social Security Act.

This bill would provide benefits at the same level as SSP benefits to certain veterans of World War II who return to the Republic of the Philippines and no longer have a place of residence in the state, if they were receiving SSP benefits on December 14, 1999.

The bill would require the Secretary of the California Health and Human Services Agency to seek an agreement with the federal government to provide for the administration of the bill in conjunction with the administration of certain federal benefits.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 144 (AB 2872) Shelley. Resources and environmental protection: biomass facility grant program: cancer risk assessment guidelines: underground storage tanks: hazardous material loan program: fire safety: CUPA's: health conditions in portable classrooms: fish monitoring.

(1) Existing law provides for a Rice Straw Demonstration Project, which is administered by the State Air Resources Board for the purpose of developing demonstration projects for new rice straw technologies in the rice straw growing regions of California.

This bill would enact the Central Valley Agricultural Biomass-to-Energy Incentive Grant Program, which would permit air districts, as defined, to apply to the Trade and Commerce Agency to receive grants to provide incentives to facilities that convert qualified agricultural biomass, as defined, to fuel. The bill would require the agency to establish a multiagency review panel to assist in the grant eligibility determinations, and would require that panel to provide a report to the Legislature on the results and effectiveness of the program.

(2) Existing law establishes various cancer research, screening, and treatment programs.

This bill would require the Office of Environmental Health Hazard Assessment to evaluate and update cancer risk assessment guidelines with respect to the fetus, infants, and children. It would, in accordance with a prescribed timeline, require that office to take specific actions in this regard.

The bill would also require the Children's Environmental Health Center established in the Office of the Secretary of Environmental Protection to report to the Legislature and the Governor on the implementation of these provisions.

(3) Under the existing Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989, every owner of an underground storage tank is required to pay a storage fee for each gallon of petroleum placed in the tank. The fees are required to be deposited in the Underground Storage Tank Cleanup Fund. The money in the fund may be expended by the State Water Resources Control Board, upon appropriation by the Legislature, for various purposes, including the payment of claims, pursuant to a specified order of priority, to aid owners and operators of petroleum underground storage tanks who take corrective action to clean up unauthorized releases from those tanks.

This bill would create the Fire Safety Subaccount in the fund, and would authorize the board to expend the money in the subaccount to pay a claim filed by a fire safety agency, as defined, that is subject to a specified order of priority. The bill would transfer \$5,000,000 from the fund to the subaccount, and would appropriate that amount to the board for expenditure for claims filed before January 1, 2000, by such a fire safety agency. The bill

would repeal the provisions establishing the subaccount on January 1, 2006, and would require any money remaining in the subaccount on that date to be transferred to the fund.

(4) The existing Carpenter-Presley-Tanner Hazardous Substance Account Act imposes liability for hazardous substance removal or remedial actions, and requires the Department of Toxic Substances Control to adopt, by regulation, criteria for the selection and for the priority ranking of hazardous substance release sites for removal or remedial action under the act. The act authorizes the department to expend the funds in the Toxic Substances Control Account in the General Fund, upon appropriation by the Legislature, to pay for, among other things, removal and remedial actions related to the release of hazardous substances.

This bill would transfer \$85,000,000 from a prescribed item of the Budget Act of 2000 to the Cleanup Loans and Environmental Assistance to Neighborhoods Account established by the bill, and would appropriate \$500,000 from that account to the Department of Toxic Substances Control for program development related to the redevelopment of contaminated properties known as brownfields for the 2000–01 fiscal year.

(5) Existing law requires the Secretary for Environmental Protection to adopt implementing regulations and implement a unified hazardous waste and hazardous materials management regulatory program. A city or local agency that meets specified requirements is authorized to apply to the secretary to implement the unified program, and every county is required to apply to the secretary to be certified to implement the unified program. Each certified unified program agency (CUPA) is required to institute a single fee system to fund the implementation of the unified fee system. Existing law requires the secretary to take specified actions if no local agency has been certified by January 1, 1997, to implement the unified program within the unincorporated area of a county, including determining which agency should be designated as the certified unified program agency.

This bill would require the secretary to establish an electronic geographic information management system capable of receiving certain data collected by the unified program agencies and to make all nonconfidential data available on the Internet.

The bill would authorize any state agency, including, but not limited to, the State Department of Health Services, acting as a participating agency, to contract with a unified program agency to implement or enforce the unified program.

The bill would instead require the secretary, if no local agency has been certified in a county by January 1, 2000, to determine the methods by which the unified program shall be implemented and to select any combination of specified implementation methods. The bill would require the secretary to adopt, by regulation, performance standards to guide the secretary in evaluating unified program agencies, including evaluation fee accountability and enforcement activities.

The bill would require the secretary to establish the amount of the fee to be paid when the unified program agency is a state agency. The bill would require the secretary to submit a report to the Legislature, by January 10, 2001, regarding the sufficiency of the fee to support the reasonable and necessary cost of operating the unified program. The bill would impose a state-mandated local program by imposing new duties upon counties with regard to the implementation of the unified program.

(6) Existing law provides for the State Air Resources Board in state government and assigns the state board various duties concerning air resources.

This bill would require the state board and the State Department of Health Services, in consultation with the State Department of Education, the Department of General Services, and the Office of Environmental Health Hazard Assessment to conduct a comprehensive study and review of the environmental health conditions in portable classrooms. The report would be required to address specified issues, be completed by June 30, 2002, and be provided to appropriate policy committees of the Legislature.

(7) Existing law requires the State Water Resources Control Board to prepare and complete on or before January 1, 2000, an inventory of existing water quality monitoring activities within state coastal watersheds, bays, estuaries, and coastal waters.

This bill would require the board to develop a comprehensive coastal water resources monitoring and assessment for fish and shellfish.

(8) Existing law authorizes the Director of Fish and Game to order the closure of any waters or otherwise restrict the taking under a commercial fishing license in state waters of certain species of fish if the State Director of Health Services determines that the species or subspecies of fish is likely to pose a human health risk from high levels of toxic substances.

This bill would instead authorize the Director of Fish and Game to order this closure if the Director of Environmental Health Hazard Assessment, in consultation with the State Director of Health Services, makes this determination.

(9) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(10) This bill would also declare that it is to take effect immediately as an urgency statute.

Ch. 145 (AB 102) Wildman. Los Angeles County Metropolitan Transportation Authority: charter service.

Existing law authorizes the Los Angeles County Metropolitan Transportation Authority, as the successor entity to the Southern California Rapid Transit district, to operate charter bus service, subject to certain limitations.

This bill would authorize the authority to provide charter service for a national political convention to be held in Los Angeles in August 2000, to the extent that private charter-party carriers are not capable of providing that service, as defined.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 146 (AB 1674) Committee on Utilities and Commerce. Capital facilities fees.

(1) Existing law authorizes the imposition of capital facilities fees for the construction or expansion of public utility facilities on public entities, as prescribed. Existing law authorizes a public agency to impose or increase an existing capital facilities fee in excess of a specified amount after a specified agreement has been reached between the 2 agencies. Fees in excess of a specified amount are refundable.

This bill would require (a) specified notification to affected school districts, county offices of education, community college districts, California State universities, the University of California, or a state agency prior to enacting or changing capital facilities fees, and (b) any judicial action or proceeding that protests or challenges a rate or charge that contains a capital facilities fee or that seeks the refund of capital facilities fees imposed on or after July 1, 2000, to be commenced within 120 days of the effective date of an ordinance, resolution, or motion enacting or changing the capital facilities fee unless the specified notice and disclosure requirements have not been followed. Under the bill, that 120-day procedural limitation would not apply if those notice and disclosure requirements have not been followed. The bill would also revise provisions regarding the burden of producing evidence required of a public agency, as prescribed.

(2) Existing law authorizes a municipal corporation to acquire, own, operate, or lease any public utility, with powers as prescribed. Existing law authorizes a specified resort improvement district to produce, purchase, and sell electrical power. Existing law provides for the creation and operation of public utility districts, as prescribed, and generally allows a district to sue and be sued in all actions and proceedings, in all courts and tribunals of competent jurisdiction. Existing law authorizes the board of an irrigation district to sue, appear, and defend in the name of the district.

This bill would require any judicial action or proceeding to attack, review, set aside, void, or annul an ordinance, resolution, or motion fixing or changing a rate or charge for an electric commodity or electric service furnished by a district and adopted on or after July 1, 2000, to be commenced within 120 days of the effective date of that ordinance, resolution, or motion, except as specified.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 147 (AB 1721) Cardenas. Pupil expulsion.

Existing law authorizes a pupil who is expelled from school, or the pupil's parent or guardian, to file an appeal to the county board of education within 30 days following the decision of the governing board to expel and requires the county board of education to hold a hearing on the appeal and render its decision. Existing law requires the pupil to submit a request for a copy of the written transcripts and supporting documents from the school district simultaneously with the filing of the notice of appeal with the county board of education. Existing law requires the school district to provide the pupil with the transcripts, supporting documents, and records within 5 schooldays following the pupil's request.

This bill would require the pupil's request for a copy of the written transcripts and supporting documents to be in writing and would require the school district to provide the pupil with the transcripts, supporting documents, and records within 10 schooldays following the pupil's request.

Existing law authorizes a county board of education to remand an expulsion matter to the governing board of a school district for reconsideration or grant a hearing de novo if the county board finds that relevant and material evidence exists which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the governing board. Existing law requires the governing board of a school district to make certain findings when it expels a pupil.

This bill would authorize a county board to remand an expulsion matter to the governing board of a school district for adoption of required findings if the county board determines that the decision to expel a pupil is not supported by the required findings, but evidence supporting those findings exists in the record of the expulsion hearing.

Ch. 148 (AB 1760) Kuehl. Health facilities: regulations.

Existing law relating to the regulation of health facilities requires the State Department of Health Services, by January 1, 2001, to adopt specified regulations with respect to licensed nurse-to-patient ratios for licensed health facilities, as defined. Existing law authorizes a county hospital in Los Angeles County to be subject to a phasein process with respect to these regulations.

This bill would extend the date for adoption of these regulations by the department to January 1, 2002, and would delete the phasein provisions for the county hospital in the county of the first class.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 149 (AB 1787) Maddox. Trespass: registered process servers.

Existing law makes it a trespass punishable as a misdemeanor for a person to drive any vehicle, as defined, upon specified real property without consent. Existing law exempts from this provision a registered process server who is making a lawful service of process.

This bill would exempt registered process servers from this provision only if they exit the vehicle and proceed immediately to attempt the service of process and leave immediately, as specified. By creating new crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 150 (AB 1910) Migden. Children and family health programs.

(1) The California Children and Families Act of 1998 requires that the California Children and Families Program, established by the act, be funded by certain surtaxes imposed on the sale and distribution of cigarettes and tobacco products and deposited into the California Children and Families Trust Fund Account, and that the fund be used for the implementation of comprehensive early childhood development and smoking prevention programs. Existing law establishes a state commission, the California Children and Families Commission, with specified powers and duties and requires that funds in the account be distributed to those counties that elect to participate in the program by creating county commissions and meeting other criteria.

Existing law specifies the manner in which moneys in the fund shall be allocated, including providing that 1% shall be deposited in an Administration Account for expenditures for the administrative functions of the state commission, and that 2% shall be deposited in an Unallocated Account for expenditure by the state commission for specified purposes.

This bill would authorize a county electing to participate in the California Children and Families Program, and meeting specified requirements, to establish its county commission as either a legal public entity separate from the county, or an agency of the county and would revise certain powers and duties of the county commissions. The bill would authorize the transfer of any funds in the Administration Account not needed for the administrative functions of the state commission to the Unallocated Account, upon approval by the state commission.

(2) An initiative measure, the act provides that it may be amended only by a vote of $2/3$ of the membership of both houses of the Legislature and that all amendments to the act shall be to further the act and must be consistent with its purposes.

This bill, in conformance with those requirements, would declare that its provisions further the act and are consistent with its purposes.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 151 (AB 1936) Papan. State contracts: claims against the state.

Existing law requires a state agency that acquires property or services pursuant to a contract with a business to make payment to the person or business on the date required by the contract or be subject to a late payment penalty.

This bill would additionally require that payment to be made pursuant to an existing provision of law requiring payment within 45 days of a state agency receipt of an undisputed invoice, to avoid late payment penalties.

Ch. 152 (AB 1946) Wayne. Public beaches: survey.

Existing law provides that whenever any beach fails to meet certain bacteriological standards established by the State Department of Health Services, the local health officer shall, at a minimum, post the beach with conspicuous warning signs to inform the public of the nature of the problem and the possibility of risk to public health.

Existing law further requires each local health officer to submit to the State Water Resources Control Board an annual survey documenting all beach postings and closures due to threats to the public health that occurred during the preceding calendar year, and requires the board to publish annually a statewide report documenting the beach posting and closure data provided to the board by the health officer for the preceding calendar year.

This bill would revise these survey requirements to instead require each local health officer to submit to the board, on or before the 15th day of each month, a survey including certain information and documenting all beach postings and closures resulting from failure of a beach to meet the bacteriological standards specified above. The bill would require the board, on or before February 1, 2001, to establish a prescribed format for the surveys, and to make available to the public specified information on the beach closures. It would further require

the board to publish its statewide report on or before July 30 of each year and make available to the public copies of this report by a variety of means typically available to the board. By increasing the level of service required of local health officers with respect to the beach surveys, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 153 (AB 1988) Strickland. Sex offenders: residence restriction.

Existing law provides that an inmate who is released on parole for any violation of the crimes of lewd or lascivious acts on a child or continuous sexual abuse of a child shall not be placed within one-quarter mile of any school that includes any or all of grades kindergarten to 6, inclusive.

This bill would provide that, notwithstanding any other provision of law, an inmate released on parole for a violation of these crimes shall not be placed or reside, for the duration of the period of parole, within $\frac{1}{4}$ mile of any school that includes any or all of grades kindergarten to 6, inclusive.

Ch. 154 (AB 2006) Dutra. Citrus fruit trees: special assessments.

Existing law imposes an annual assessment of 1% on citrus fruit trees produced and sold within the state, or shipped from the state, until January 1, 2001. Funds from the assessment are used to carry out certain programs of the Department of Food and Agriculture and the University of California concerning these trees and are continuously appropriated to the department for that purpose.

This bill would extend the repeal date of these provisions to January 1, 2006, and would require the advisory board, prior to January 10th of each year, or as soon thereafter as possible, to establish an annual assessment not to exceed 1 percent on the gross sales of citrus trees, as specified. Thus, the bill would make an appropriation by continuing the above continuous appropriation until January 1, 2006.

Existing law requires the Secretary of Food and Agriculture to appoint a board consisting of 7 members to assist and advise the secretary concerning the implementation of these provisions.

This bill would add an additional member to the board from the citrus fruit industry.

Ch. 155 (AB 2221) Battin. Vehicles: golf carts.

(1) Existing law authorizes, until January 1, 2001, any city or county to establish a golf cart transportation plan establishing golf cart lanes, as defined, for the travel of golf carts on roadways designated in the plan.

Existing law prohibits any person from operating a golf cart on any highway except in a speed zone of 25 miles per hour or less. Among other exceptions to that prohibition is, until January 1, 2001, a person operating a golf cart in a golf cart lane that is part of a golf cart transportation plan.

This bill would delete the January 1, 2001 repeal dates specified above, thereby continuing, indefinitely the authority to establish a golf cart transportation plan.

Because violations of certain provisions that the bill would thus extend are infractions, the bill would impose a state-mandated local program by extending indefinitely the duration of existing crimes.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 156 (AB 2263) Correa. Self-service storage facilities.

The California Self-Service Storage Facility Act defines self-service storage facilities, regulates rental agreements for these facilities, and authorizes the imposition of liens on personal property located at a self-service storage facility for the payment of rent, charges, and other costs.

This bill would authorize the owner of a self-storage facility to assess occupants a late payment fee for delinquent rental fee payments, as specified, and would provide that liens imposed pursuant to this act include late payment fees.

Ch. 157 (AB 2469) Reyes. Emergency medical services: personnel training.

Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, authorizes the Director of the Emergency Medical Services Authority to develop, or prescribe standards for and approve, an emergency medical technician training and testing program for various public safety agency personnel, upon the request of, and as deemed appropriate by, the director for the particular agency.

This bill also would authorize the director of the authority to develop, or prescribe standards for and approve, an emergency medical technician training and testing program for the California Fire Fighter Joint Apprenticeship Committee.

Ch. 158 (AB 2617) Aanestad. Medi-Cal reimbursement: small and rural hospitals.

Existing law requires the State Department of Health Services to adopt regulations that will provide for an increase in reimbursement rates for outpatient services rendered to Medi-Cal patients by small and rural hospitals, as defined, and specifies that the amount of the rate increase shall be allocated according to a specified formula, including provision for a separate percentage increase calculated for minimum floor and nonminimum floor hospitals based on the ratio of each small and rural hospitals' Medi-Cal outpatient payments to the total of all small and rural hospitals' Medi-Cal outpatient payments during the preceding calendar year, as determined by the department.

This bill would revise the definition of minimum floor hospital and nonminimum floor hospital for these purposes.

Ch. 159 (SB 266) Chesbro. Public contracts: bids.

Existing law generally requires public agencies and contractors to take various actions with regard to bidding for public contracts.

This bill would impose a state-mandated local program by requiring that when a public agency invites formal bids for public projects, and requires that there be a mandatory prebid site visit, conference, or other mandatory meeting prior to the submission of the bid by a contractor, that the public agency provide a notice of that requirement that includes specified information.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 160 (SB 326) Lewis. Charter schools.

Existing law provides that a charter granted by a school district governing board, a county board of education or the State Board of Education, may be granted one or more subsequent renewals by that entity. Existing law also provides that if the governing board of a school district denies a petition for the establishment of a charter school, the charter school may submit its petition to the county board of education or the State Board of Education for review, or if the petition was submitted to the county board of education and that board denies the petition, the charter school may submit its application to the State Board of Education.

This bill would authorize a charter school, that was not granted a renewal by the chartering agency, to submit an application for renewal pursuant to the procedures pertaining to a denial of a petition for establishment of a charter school.

Ch. 161 (SB 917) Polanco. Political Reform Act of 1974.

Existing provisions of the Political Reform Act of 1974 require a campaign statement filed in connection with the qualification of a measure to contain specified information with respect to each person who has directly, indirectly, or through an intermediary received payments of \$100 or more for circulation of petitions to qualify the measure.

This bill would delete that requirement.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a $2/3$ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that its provisions amending that act further the purposes of the act, would therefore require a $2/3$ vote.

Ch. 162 (SB 1232) Chesbro. Alcoholic beverages: tied-house restrictions.

The Alcoholic Beverage Control Act contains limitations on sales commonly known as "tied-house" restrictions, which generally prohibit a manufacturer, winegrower, manufacturer's agent, California winegrower's agent, rectified, distiller, bottler, importer, or wholesaler from owning any interest in an on-sale or off-sale license, licensee, or licensed premises. Existing law contains various exemptions from this restriction on tied interests, including an exception permitting any winegrower, or its direct or indirect subsidiaries, as specified, to hold an ownership interest or financial or representative relationship in any on-sale license or the business conducted under that license, provided that certain conditions are met. These conditions include that the on-sale licensee purchases all alcoholic beverages sold and served only from California wholesale licensees, and that none of the persons falling under this exemption have an interest in more than two on-sale licenses.

This bill would permit wine sold under this exemption to be purchased from California winegrowers as well as from California wholesale licensees, and would provide that those direct sales may not involve more than 2 on-sale licenses in which the winegrower or any person holding an interest in the winegrower holds any interest, directly or indirectly, either individually or in combination or together with each other in the aggregate.

Existing law provides that for purposes of the "tied-house" provisions, the listing of the names, addresses, telephone numbers or e-mail addresses, or both, or web site addresses, of two or more unaffiliated off-sale retailers selling the products produced, distributed or imported by a nonretail industry member in response to a direct inquiry from a consumer received by telephone, by mail, by electronic Internet inquiry or in person does not constitute a thing of value or prohibited inducement to the listed off-sale retailer, if specified conditions are met.

This bill would make a technical correction to these provisions.

Ch. 163 (SB 1329) Karnette. License plates.

(1) Existing law specifies the dimension for license plates issued for motor vehicles, other than motorcycles.

This bill would additionally specify the size of the number and letter characters and the minimum spacing between characters.

The bill would specify the dimension of a motorcycle license plate, character size, and the minimum spacing between characters.

(2) Existing law requires the Department of Motor Vehicles to issue special interest license plates containing a distinctive design or decal of a participating organization, to any person, to be displayed in lieu of regular license plates. Existing law requires each organization that applies to the department for participation in the program to collect and hold applications for the plates until it has received at least 5,000 applications, and to submit the applications along with the necessary fees, to the department within one calendar year following the enactment of the specific enabling legislation. Existing law requires an organization to return to all applicants any fees or deposits that have been collected if 5,000 applications have not been received within one calendar year. As an alternative to returning the applicant's application and fees or deposits following the one-calendar-year period, an organization may contact the department to indicate its intent to undertake collection of additional applications and fees or deposits for an additional period, not to exceed 12 months, in order to obtain the minimum 5,000 applications.

Existing law prohibits an eligible, participating organization from expending more than 25% of the funds generated by revenues from the sale of these plates on certain marketing and promotional activities.

This bill would substantially recast these provisions. The bill would authorize an organization to apply to the department to establish a special interest license plate program and the department would be required to authorize that participation if the issuance of those plates is required by statute and the organization is tax exempt, submits a financial plan describing the purpose for which certain revenues generated from the sale of the plates will be used, and submits an essential design of the proposed special interest license plate that, among other things, provides for the placement of the number and letter characters in a manner that allows for law enforcement to readily identify those characters.

The bill would also set forth certain design criteria for the special interest license plates for a passenger vehicle, commercial vehicle, or trailer, including allowing the plates to contain a descriptive message, as an alternative to the design or decal. The bill would set separate design criteria for special interest license plates for motorcycles and would make conforming changes to this authorization.

The bill would increase the number of applicants needed for an organization to participate in the program from not less than 5,000 to not less than 7,500 applicants. The bill would require the department, if the number of currently outstanding and valid special interest license plates in a particular program is less than 7,500, to notify the sponsoring organization of that fact and to inform the organization that if that number is less than 7,500 one year from the date of that notification, the department will no longer issue or replace those special interest license plates. The bill would allow those particular special interest license plates that were issued prior to the discontinuation to continue to be used and attached to the vehicle for which they were issued and to be renewed, retained, or transferred pursuant to the Vehicle Code.

The bill would require the department to deposit remaining revenues generated from the issuance, renewal, extension, replacement, or transfer of special interest license plates in a fund required to be established by the Controller.

The bill would limit participating organizations from annually expending 25% of the funds that the organization receives from the additional fees on administrative costs as well as marketing and promotional costs. Because under existing law a violation of this restriction is a crime, this bill would create a state-mandated local program by expanding the scope of that crime.

The bill would also require every organization authorized to offer special interest license plates to prepare and submit an annual accounting report to the department by June 30. The

bill would, if the organization violates the 25% expenditure restriction, require the department to cease depositing fees in the fund established by the Controller, as described above, and, instead would require those fees to be deposited in a second fund created by the Controller which would be subject to appropriation by the Legislature. The bill would require the department to immediately notify the organization of this course of action. The bill would prohibit the department from issuing or replacing the special interest license plates associated with that organization, if, one year after the date the organization receives the notice, the organization is still unable to satisfactorily demonstrate to the department that it is in compliance or will comply with the 25% expenditure restriction. The bill would allow those particular special interest license plates that were issued prior to the discontinuation to continue to be used and attached to the vehicle for which they were issued and to be renewed, retained, or transferred pursuant to the Vehicle Code. The bill would require the department to transmit an annual consolidated accounting report to the Legislature.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 164 (SB 1381) Costa. Unfair practices: sale of dairy products below cost.

Existing law, except as specified, makes it a misdemeanor to engage in various unfair practices in the marketing of milk, cream, or other dairy products, including the sale by any wholesale customer, manufacturer, or distributor of milk, cream, or other dairy product at less than "cost," as defined.

This bill would repeal all of the above provisions setting forth unfair practices, except that, with respect to the provision prohibiting the sale by any wholesale customer, manufacturer, or distributor of milk, cream, or other dairy product at less than cost, the bill would instead extensively revise the definition of "cost," as specified, and make the provision also applicable to any retailer; set forth activities that are not prohibited by the provision; and require the Secretary of Food and Agriculture to establish, by regulation, specified procedures necessary or appropriate to facilitate the application or enforcement of the provision. By revising an existing crime, this bill would impose a state-mandated local program upon local government.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 165 (SB 1386) Alpert. Alcohol and drug assessment programs.

Existing law requires a county to establish an alcohol and drug problem assessment program for persons convicted of driving under the influence (DUI) and requires courts to levy an assessment of not more than \$100 upon every fine, forfeiture, or penalty imposed and collected for a DUI violation in which a judicial district participates in a county alcohol and drug assessment program.

This bill would authorize counties to develop, implement, operate, and administer an alcohol and drug problem assessment program for persons convicted of a crime in which the court finds that alcohol or substance abuse was substantially involved in the commission of the crime, unless the person was convicted of driving under the influence or a related offense. The bill would authorize courts to apply the above provisions to this program with a maximum assessment of \$150 upon every fine, penalty, or forfeiture imposed and collected by the courts for persons convicted as described in these provisions, to be levied in a county upon the adoption of a resolution by the board of supervisors of the county making that county subject to these provisions.

Ch. 166 (SB 1437) Johnston. Judgments and settlement claims against the state: appropriation.

Existing law requires the Attorney General to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state.

This bill would appropriate \$3,545,000 from the General Fund and the Motor Vehicle Account in the State Transportation Fund to the Attorney General to pay judgment and settlement claims in accordance with a specified schedule.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 167 (SB 1487) Knight. Trout: notarized affidavit.

Under existing law, it is unlawful to carry trout into an area where the season is closed unless an affidavit is made in duplicate before a notary public in the area in which the trout are or might be lawfully taken.

This bill would repeal that provision.

Ch. 168 (SB 1493) Lewis. Local agency funds.

Existing law requires the county treasurer to apportion and distribute quarterly any interest or increment derived from the investment of funds in the county treasury by any other local agency in an amount proportionate to the average daily balance of the amounts deposited by the local agency.

This bill would require that apportionment to be made at least quarterly and additionally require the amount apportioned and distributed to be proportionate to the total average daily balance of deposits in the investment pool. The bill would also require the county treasurer to disclose to investing local agencies the accounting method used and to notify them of any proposed changes in the accounting method at least 30 days prior to the date on which the proposed changes take effect.

Ch. 169 (SB 1508) Figueroa. Local health care districts.

Existing law, the Local Health Care District Law, provides for the formation of local health care districts and, until January 1, 2001, authorizes a district to transfer, at fair market value, any part of its assets to one or more corporations to operate and maintain the assets, subject to certain requirements. Existing law, until January 1, 2001, also authorizes the board of directors of a district to enter into lease agreements with one or more corporations for the operation of 50% or more of the districts's assets, if certain requirements are met. After January 1, 2001, both of these provisions would refer to transfers to nonprofit corporations, rather than corporations.

This bill would extend the repeal date of both of the above provisions from January 1, 2001, to January 1, 2006, at which time both of these provisions would refer to transfers to nonprofit corporations, rather than corporations. The bill would also make various technical, nonsubstantive changes.

The bill, in addition, would require the Legislative Analyst, on or before January 1, 2005, to report to the Legislature regarding the transfer of any assets by a local health care district to a corporation requiring a vote of the people, pursuant to a specified provision of law.

Ch. 170 (SB 1528) Hughes. Insurance.

(1) The Insurance Holding Company System Regulatory Act sets forth certain limitations with respect to the acquisition of subsidiaries by a domestic insurer. Under existing law, a domestic insurer is authorized to invest in the securities of one or more subsidiaries amounts that do not exceed the lesser of 5% of the insurer's assets or 50% of the insurer's surplus as regards policyholders as long as it retains a reasonable surplus, as specified, after making these investments. Existing law requires in calculating the amount of these investments, that the total net moneys or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, as specified, be included as well as all amounts

expended in acquiring additional securities and all contributions to the capital or surplus of a subsidiary after its acquisition or formation.

This bill would increase, from 5% to 10%, the percentage of the insurer's assets used as one of the bases to measure the amount a domestic insurer is authorized to invest in subsidiaries, and in calculating the amount of these investments, would exclude investments made by a domestic insurer in insurance subsidiaries.

(2) The Insurance Holding Company System Regulatory Act also requires that certain transactions involving a domestic insurer or commercially domiciled insurer, as defined, and any person in its holding company system, may be entered into only if the insurer notifies the Insurance Commissioner, and the commissioner does not disapprove the transaction within a certain period of time. The transactions subject to this provision include management agreements, service contracts, and cost-sharing arrangements. Existing law also makes transactions by registered insurers with their affiliates subject to specified standards, including each of the following: the fees charged for services and the terms of the transactions are reasonable; expenses and payments are allocated to the insurer in conformity with standard insurance accounting practices; the records of each party clearly and accurately disclose the precise nature and details of the transaction, including the requisite accounting information to support the reasonableness of the charges and fees; and the insurer's policyholder surplus, following any dividends or distributions to shareholder affiliates, is reasonable in relation to the insurer's outstanding liabilities and is adequate to its financial needs.

This bill would provide that a domestic insurer is not precluded by any provision in the Insurance Holding Company System Regulatory Act from having or sharing a common management or cooperative or joint use of personnel, property, or services with one or more other persons under arrangements that meet the above-described standards governing transactions by registered insurers with their affiliates. This bill would also provide that notwithstanding the control of a domestic insurer by any person, the officers and directors of the insurer remain liable for any obligation to which they would otherwise be subject to by law and would require that the insurer be managed to maintain its separate operating identity.

Ch. 171 (SB 1581) Escutia. TEA formula allocations.

Existing property tax law requires the auditor of each county with qualifying cities, as defined, to make certain property tax revenue allocations to those cities in accordance with a specified Tax Equity Allocation (TEA) formula and to make corresponding reductions in the amount of property tax revenue that is allocated to the county. Existing property tax law also requires that the amount of property tax revenue allocated to a qualifying city under the TEA formula be reduced in certain circumstances.

This bill would prohibit the amount of ad valorem property tax revenue allocated to a qualifying city under the TEA formula from being reduced on the basis of additional property tax revenues received by that city under an agreement with the county in which that city is located, under which additional service responsibilities are exchanged in consideration for additional property tax revenues.

This bill would incorporate additional changes in Section 98 of the Revenue and Taxation Code, proposed by SB 1883, to be operative only if SB 1883 and this bill are both chaptered and become effective on or before January 1, 2001, and this bill is chaptered last.

Ch. 172 (SB 1640) Burton. County employees' retirement: Marin County: safety status.

The County Employees Retirement Law of 1937 authorizes counties to provide safety member status to probation officers and specified juvenile hall or juvenile home group counselors and group supervisors.

This bill would authorize the Board of Supervisors of Marin County to meet and confer pursuant to the Meyers-Milias-Brown Act with the appropriate recognized employee organization to reach agreement on any conditions to be required of employees or the employee organization seeking to have safety status made applicable to those specified employees. The bill would require any payments made by county employees on behalf of the employer to cover all or part of the increased cost of safety retirement to be determined upon actuarial advice from the retirement board's actuaries, and approved by the board of retirement.

The bill would not be operative until the Marin County Board of Supervisors, by resolution adopted by majority vote, makes it applicable.

Ch. 173 (SB 1707) O'Connell. Department of Parks and Recreation: funds: Hearst Castle.

Existing law, the State Contract Act, establishes various procedures for the procurement of state goods and services.

The bill would exempt from that act, a contract for services under the amount of \$50,000 to restore artifacts at the Hearst San Simeon State Historical Monument.

Ch. 174 (SB 1709) Kelley. Public utilities: electrical corporation.

The Public Utilities Act defines electrical corporation to include every corporation or person owning, controlling, operating, or managing any electric plant for compensation within this state, except where electricity is generated on or distributed by the producer through private property solely for its own use or the use of its tenants and not for sale or transmission to others. The act specifically excludes specified power producers from that definition, including a corporation or person employing landfill gas technology for the generation of electricity for certain purposes.

This bill, in addition, would exclude those corporations or persons employing digester gas technology for the generation of electricity for certain purposes from the definition of an electrical corporation.

Ch. 175 (SB 1731) Lewis. Insurance.

Existing law creates the California Assigned Risk Plan, which requires the assignment to insurance companies transacting liability insurance of automobile insurance risks for applicants who are entitled to, but are unable to procure that insurance through ordinary methods. Existing law exempts certain insurers from these assignments.

This bill would repeal these insurer exemption provisions. This bill would enact provisions governing an insurer's responsibilities with respect to the plan in situations involving an insurer that discontinues writing automobile liability insurance in this state but that retains its license to write that business, and in situations involving an insurer that is no longer licensed to write that business. This bill would also allow new plan assignments to a participating insurer to be suspended and would allow a participating insurer to be relieved of its obligations to renew existing assigned risk policies under certain conditions. This bill would also enact provisions governing insolvent insurers, and make other related changes.

Ch. 176 (SB 1867) Speier. Theft: by fraud: intent.

Existing law provides that every person who shall fraudulently appropriate property which has been entrusted to him or her, or who shall knowingly and designedly, by any false or fraudulent representation or pretense, defraud any other person of money, labor, or real or personal property, is guilty of theft. Except as provided, intent to commit theft by fraud is presumed if one who has leased or rented the personal property of another pursuant to a written contract fails to return the personal property to its owner within 20 days after the owner has made written demand by certified or registered mail following the expiration of the lease or rental agreement for return of the property so leased or rented.

This bill would instead provide that intent to commit theft by fraud is rebuttably presumed if a person has leased or rented personal property belonging to another person pursuant to a written contract and the value of that property is greater than \$1,000, the personal property is not a commonly used household item, and the person fails to return the property to its owner within 10 days after written demand is made following expiration of the lease or rental agreement. Additionally, the bill would provide that there is a rebuttable presumption of fraudulent intent if one who has leased or rented the personal property of another pursuant to a written contract, where the property value is no greater than \$1,000 or the property is a commonly used household item, fails to return the personal property to its owner within 20 days after the owner has made written demand by certified or registered mail following the expiration of the lease or rental agreement for return of the property so leased or rented. By changing an element of an existing crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 177 (SB 1894) Peace. Claims against the state: appropriation.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Existing statute establishes procedures for making that reimbursement and authorizes the Legislature to suspend a mandated program by not funding it in the State Budget for any fiscal year.

Existing law also requires the Controller, in the event that there are insufficient revenues to fund all of the state-mandated claims approved by the Controller, to report immediately this deficiency to the Legislature for additional appropriation, and requires that any additional appropriation include an amount necessary to reimburse any interest due to eligible claimants.

This bill would appropriate \$122,149,000 from the General Fund and the State Transportation Fund to the Controller. From the General Fund, \$11,932,000 would be allocated for the payment of certain claims by local agencies and school districts for reimbursement for state-mandated local costs, and from both the General Fund and the State Transportation Fund, \$110,182,000 would be allocated to pay for prior year deficiencies, including interest, thereon. From the Aeronautics Account in the State Transportation Fund, \$35,000 would be allocated to provide reimbursement to local agencies of costs incurred for the period of January 1, 1995, through June 30, 2001, for Airport Land Use Commissions/Plans.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 178 (SB 1951) Costa. Child abuse: probation officers.

Existing law requires specified professionals to report instances of child abuse to a child protective agency under specified circumstances. A child protective agency is defined to include a police or sheriff's department, a county welfare department, or a county probation department. Teachers and other specified mandated reporters are required to receive training in the reporting and identification of child abuse.

This bill would require the Board of Corrections to revise the annual training requirements for full participation probation officers providing direct service to families and children to include training on child abuse identification and reporting. The training would be required to be given no less than once every 3 years. By increasing the duties of local officials, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay

the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 179 (SB 2057) Morrow. Highways: funding.

The Permanent Road Division Law authorizes the formation of a permanent road division within a county upon completion of a hearing on the issue and approval by the county board of supervisors of a petition requesting that formation. The board is authorized to levy a special tax for highway maintenance in the division, and to issue bonds payable from the proceeds of that tax, if imposition of the tax and issuance of the bonds are approved by a $\frac{2}{3}$ majority of the voters in elections held for those purposes.

This bill, additionally, would authorize the board to issue bonds, notes, or other evidences of indebtedness under the Permanent Road Division Law on behalf of a road division or a zone to finance capital improvements for a term of not more than 10 years.

The bill would require the bonds, notes, or other evidences of indebtedness to be repaid solely from special taxes or parcel charges levied within the division or zone, subject to certain procedures relating to debt collection.

Ch. 180 (SB 2173) Committee on Revenue and Taxation. Taxation: lottery prizes.

Existing law provides that no state or local taxes shall be imposed upon any prize awarded by the lottery.

This bill would clarify that no state or local taxes shall be imposed upon any amount received by a prizewinner pursuant to an assignment, as specified. This bill would make a specified declaration that certain changes made by the bill do not constitute a change in, but are declaratory of, existing law.

Ch. 181 (SB 2190) Soto. Traffic safety.

Existing law provides for a California Traffic Safety Program in state government consisting of specified components to improve driver, bicyclist, and pedestrian performance.

This bill would specifically include bicyclist and pedestrian education within the scope of the program's components.

Ch. 182 (SB 2201) Committee on Health and Human Services. Rehabilitation Revolving Loan Guarantee Fund.

Existing law creates the Rehabilitation Revolving Loan Guarantee Fund, administered by the Department of Rehabilitation, which is appropriated without regard to fiscal years for the purpose of guaranteeing loans to persons for the purchase of vans, automobiles, and other special equipment to facilitate transportation of the physically handicapped and to assist private employers and employees and other persons with disabilities to purchase adaptive aids and other devices.

Under existing law, one of the categories of persons eligible to receive loans under this fund is persons with disabilities who require a modified vehicle for mobility and who are ineligible for vocational rehabilitation services, subject to the requirement that the person be employed and require a vehicle to maintain that employment.

This bill would add to that category of eligible persons those individuals eligible for vocational rehabilitation services, but who have been placed on the department's order of selection waiting list.

By expanding eligibility requirements for persons who may receive loans under this continuously appropriated fund, the bill would constitute an appropriation.

Ch. 183 (AB 463) Maldonado. Franchise and income taxes: deficiency assessments.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing franchise and income tax law provides for interest upon deficiency assessments, and provides for the abatement of interest under certain circumstances.

This bill would revise and recast the circumstances under which interest may be abated, and would allow taxpayers to combine certain appeals, provide a specified limitation on the time for taxpayers to appeal, and specify circumstances under which a request to abate interest is deemed denied by the Franchise Tax Board, as provided.

Ch. 184 (AB 1349) Correa. Public records: disclosure of victim information.

Existing law requires state and local law enforcement agencies to make public specified information pertaining to crimes and authorizes the withholding of information about the victims of specified crimes, as provided, but requires the address of a victim of any of those crimes to remain confidential.

This bill would additionally provide that this information may be withheld about the victim of the crime of unlawful sexual intercourse with a person under the age of 18 years, and would require the address of a victim of that crime to remain confidential. By increasing the duties of local officials in maintaining the confidentiality of crime victim information, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 185 (AB 1816) Wayne. Simulated checks.

Existing law provides that no person shall produce, advertise, offer for sale, sell, distribute, or otherwise transfer for use in this state any simulated check, as defined, unless the document bears language in clear and conspicuous type indicating that the document is not a check. Existing law provides for enforcement of this provision by the Attorney General, who may seek an injunction and a civil penalty, as specified.

This bill would completely prohibit the use of simulated checks, and would make legislative findings in this regard.

Ch. 186 (AB 1891) Lowenthal. Criminal procedure: witnesses: conditional examination.

Existing law provides that a criminal defendant or the people may have witnesses examined conditionally, for specified reasons, including a situation where the witness is sick or infirm.

This bill would additionally include in this provision the conditional examination of a witness who is a person 70 years of age or older or a "dependent adult," as defined.

Ch. 187 (AB 1918) Romero. Public postsecondary education: Access to Transfer Information for Community College Students Act.

(1) Existing law establishes the various segments of the higher education system in the state. These segments include the University of California, which is administered by the Regents of the University of California, the California State University, which is administered by the Trustees of the California State University, the California Community Colleges, which are administered by the Board of Governors of the California Community Colleges, and various private institutions of higher learning.

This bill would enact the Access to Transfer Information for Community College Students Act. The bill would impose a state-mandated local program by requiring the governing board of each community college district to direct the appropriate officials at their respective

campuses to provide students with copies of the transfer core curriculum, as defined to mean the lower-division, general education transfer curriculum that is fully articulated between the California Community Colleges and the California State University and the University of California. The bill would require that a copy of the current transfer core curriculum be distributed to each newly admitted community college student, as prescribed, and that the text of the current transfer core curriculum be included in the published class schedule. The bill would authorize copies of the curriculum to be available at prescribed locations on community college campuses.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 188 (AB 2051) Robert Pacheco. Commercial law: secured transactions.

Existing commercial law governs security interests in personal property and fixtures, as well as certain sales of accounts, contract rights, and chattel paper. Existing law on and after July 1, 2001, provides, as to secured transactions, that upon default a secured party may sell, lease, license, or otherwise dispose of collateral if specified requirements are met, including providing an authenticated notification of disposition to designated individuals. Existing law on and after July 1, 2001, requires that a notification of disposition sent after default in a consumer-goods transaction contain specified information.

This bill would enact additional provisions relating to the disposal of collateral by a public sale if the collateral is a motor vehicle.

Ch. 189 (AB 2062) Kuehl. Discrimination.

(1) Under existing law, the respondent named in an administrative accusation or amended accusation brought under the California Fair Employment and Housing Act that includes a prayer for damages for emotional injuries or for an administrative fine, or for both, may elect to transfer the proceedings to a court within 30 days after service of the accusation or amended accusation.

This bill would authorize the respondent named in an amended accusation brought under the act to transfer the proceedings to a court only if the accusation is amended for the purpose of adding a prayer for damages for emotional injuries or for an administrative fine, or for both.

(2) Existing law requires the Fair Employment and Housing Commission, if it finds that a respondent has engaged in any unlawful practice under the California Fair Employment and Housing Act, to require the respondent to cease and desist from the practice and take actions to effectuate the purposes of the act, including, but not limited to, the payment to the complainant of a civil penalty, not to exceed \$10,000. In addition, the commission may award the prevailing party, other than the government, reasonable attorney's fees and costs.

This bill would provide that reasonable attorney's fees and costs may be awarded to the prevailing party against any party other than the state, including expert witness fees.

Ch. 190 (AB 2162) Mazzoni. School accountability: school action plan.

Existing law establishes the Public School Performance Accountability Program that consists of an Academic Performance Index (API), an Immediate Intervention/Underperforming Schools Program, and a Governor's High Achieving/Improving Schools Program. A school selected to participate in the Immediate Intervention/Underperforming Schools Program is required to comply with certain

requirements by prescribed dates within the year in which the school is selected to participate, including, but not limited to, completing an action plan to improve the academic achievement of the pupils enrolled at the school.

This bill would change the dates by which the requirements are to be met. The bill would provide that the school action plan may propose to increase the number of instructional days and may propose to increase up to a full 12 months the amount of time for which certificated employees are contracted if prescribed conditions are met.

Ch. 191 (AB 2252) Maldonado. Aviation: spaceports.

The California Airport District Act provides for the formation of airport districts to develop airports and air navigation facilities.

This bill would amend the act to additionally authorize airport districts to provide and maintain spaceports and landing places for space reentry traffic, and would define various terms. The bill would make related changes.

Ch. 192 (AB 2406) Migden. Jurors: examination.

Under existing law, which was enacted by initiative measure, in a criminal case, the court is required to conduct the examination of prospective jurors, except that the court may permit the parties, upon a showing of good cause, to conduct a further inquiry. In a criminal case, the trial court's exercise of its discretion in the manner in which voir dire is conducted shall not cause the reversal of a conviction, except as specified. The initiative measure provides that it may be amended by a measure enacted by a $\frac{2}{3}$ vote of each house.

This bill would amend the initiative measure to instead require the court to conduct an initial examination and thereafter give the counsel for each party the right to examine, by oral and direct questioning, any or all of the prospective jurors. The bill would permit the court, in the exercise of its discretion, to limit the oral and direct questioning of prospective jurors by counsel, as specified. The bill would revise and recast the provision regarding the effect of the trial court's exercise of its discretion on a conviction, as specified.

Ch. 193 (AB 2586) Campbell. School facilities: funding.

Existing law, the California School Finance Authority Act, establishes the California School Finance Authority for the purpose of assisting school districts and community college districts by providing financing for working capital and capital improvements. Existing law authorizes the authority, pursuant to an agreement between the authority and the purchasing district, to make secured or unsecured loans to, or purchase secured or unsecured loans from a participating district for any of the purposes prescribed in the act. The act also authorizes the authority to purchase the rights to and possibilities regarding funding for school facilities approved by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act of 1998, including amounts apportioned and funded and amounts approved but not yet funded.

This bill would, for purposes of those provisions, limit the authorization of the authority to make or purchase those secured or unsecured loans or to purchase those rights and possibilities to those loans and rights and possibilities regarding the state's share of funding, for school facilities provided under the Greene Act. The bill would also limit those amounts included in those purchases to amounts approved and funded or amounts approved but not yet funded from proceeds of state bonds already authorized by the electors but not yet issued.

Ch. 194 (AB 2687) Margett. Notaries public: immigration consultant services and fees.

Existing law prohibits notaries public who hold themselves out as immigration consultants from advertising that they are notaries but allows notaries to enter data provided by clients on federal or state immigration forms for a fee.

This bill would require a notary who provides immigration form data entry services to be qualified and bonded as an immigration consultant under the Business and Professions Code.

This bill would restate from another provision of the Government Code the prohibition against charging fees for notarization of an application or claim for veteran's benefits.

Ch. 195 (AB 2804) Papan. Evidence: admissibility.

Existing law provides for the inadmissibility of certain evidence as a matter of public policy.

This bill would provide that portions of statements, writings, or benevolent gestures expressing sympathy or a general sense of benevolence relating to the pain, suffering, or death of a person involved in an accident and made to that person or to the family of that person shall be inadmissible as evidence of an admission of liability in a civil action, and would set forth specified definitions. However, a statement of fault which is part of or in addition to any of the above would not be inadmissible.

Ch. 196 (AB 2884) Kuehl. Judges' salaries.

Existing law provides for an annual increase in judges' salaries based on salary increases for state employees as reported by the California Office of Employment Relations, as specified.

This bill would refer to state employee increases as reported by the Department of Personnel Administration. The bill would also provide that on January 1, 2001, all judges' salaries shall be increased by that amount which is produced by multiplying the salary of each as of December 31, 2000, by 8¹/₂%.

Under the California Constitution, laws that set the salaries of elected state officers constitute appropriations.

This bill would constitute an appropriation by increasing judges' salaries.

Ch. 197 (SB 1636) Poochigian. Osteopathic physicians and surgeons: licensing: regulation.

(1) Existing law provides for the licensing and regulation of osteopathic physicians and surgeons by the Osteopathic Medical Board of California. Existing law, except as specified, permits a board, bureau, or commission within the Department of Consumer Affairs to issue to a licensee a citation, as specified, for violating the applicable licensing act or any regulation adopted pursuant thereto.

This bill would permit the Osteopathic Medical Board of California to issue those citations.

(2) Existing law requires the Osteopathic Medical Board of California to require a person applying for an osteopathic physician's and surgeon's certificate to take a written examination, as specified, that is either prepared by the National Board of Osteopathic Examiners or by the Osteopathic Medical Board of California.

This bill would instead require the Osteopathic Medical Board of California to either prepare or select the written examination to be given.

(3) The Moscone-Knox Professional Corporation Act requires osteopathic physicians and surgeons that form a medical corporation to obtain a certificate of registration from the Osteopathic Medical Board of California in order for the medical corporation to render professional services.

This bill would repeal the requirement to obtain a certificate of registration from the Osteopathic Medical Board of California.

Ch. 198 (SB 1802) Chesbro. Victims of crime.

(1) Existing law exempts specified records from disclosure under the California Public Records Act, provides for the indemnification of victims of certain crimes for specified types of expenses from the Restitution Fund, and requires a court to require a criminal defendant

to pay restitution, which is to be made to the Restitution Fund to the extent that the victim of the crime has received assistance from the State Board of Control.

This bill would exempt from disclosure under the California Public Records Act specified records relating to requests for assistance by, and compensation of, victims of crime. The bill would specify that consent to disclosure of an otherwise privileged communication does not waive specified evidentiary privileges if the disclosure is needed by the board to verify an application for indemnification. The bill would provide that assistance from the Restitution Fund as a result of the defendant's conduct is presumed to be a direct result of the defendant's crime and shall be included in the amount of restitution ordered by the court, except as specified. The bill would, in that connection, provide that certified copies of bills, together with a specified statement made under penalty of perjury by the custodian of the records, are sufficient to establish the amount of assistance provided by the Restitution Fund, thereby creating a state-mandated local program by expanding the conduct to which the crime of perjury would apply.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 199 (SB 2034) Figueroa. Healing arts: Chiropractic Act, Osteopathic Act.

(1) The Chiropractic Act, an initiative measure approved by the electors on November 7, 1922, provides for the regulation and licensing of chiropractors in this state by the State Board of Chiropractic Examiners. The act places no time limitation on the operation of the board; however, existing codified law makes the board's continued operation subject to a review process initiated by the Joint Legislative Sunset Review Committee during the interim recess of 1998.

This bill would require the review process to be undertaken during the interim recess of 2001, and would make related changes.

(2) The Osteopathic Act, an initiative measure approved by the electors on June 2, 1913, provides for the regulation and licensing of osteopathic physicians and surgeons in this state by the Osteopathic Medical Board of California. The act places no time limitation on the operation of the board; however, existing codified law makes the board's continued existence subject to a review process initiated by the Joint Legislative Sunset Review Committee during the interim recess of 1998.

This bill would require the review process to be undertaken during the interim recess of 2003, and would make related changes.

Ch. 200 (AB 1718) Hertzberg. Peace officers: advanced training: mental illness.

Existing law requires specified categories of law enforcement officers to meet training standards pursuant to courses of training certified by the Peace Officers Standards and Training (POST) program, including a basic training course for law enforcement officers containing an adequate instruction in the handling of persons with developmental disabilities or mental illness, or both, as specified.

This bill would require that, on or before June 30, 2001, POST establish and keep updated a continuing education classroom training course relating to law enforcement intervention with developmentally disabled and mentally ill persons and that the course be developed in consultation with specified groups and entities.

Ch. 201 (AB 1894) Ackerman. Business entities: mergers and conversions.

Existing law relating to corporate mergers sets forth procedures and filing requirements for merger transactions and establishes the merger's effect on the surviving and disappearing corporations or other business entities.

This bill would add provisions regarding the date that the merger of a domestic corporation and a foreign corporation or other business entity would be effective and would make other related changes.

Existing law, the Uniform Limited Partnership Act of 1994, the Revised Limited Partnership Act, and the Beverly-Killea Limited Liability Company Act, set forth the procedures and filing requirements for conversion of a partnership, limited liability company, or other business entity, both domestic and foreign, into other business entities.

This bill would provide that the filing with the Secretary of State of an agreement or certificate of merger, a certificate of conversion, a certification of partnership authority, or an organizational document containing a statement of conversion, as applicable, has the effect of filing a certificate of cancellation by the disappearing other business entity, the converting partnership or limited liability company, and, if the disappearing or converting business entity is a foreign corporation, that entity would thereby surrender its right to transact business in California.

This bill would further specify that provisions covering the conversion of business entities apply to foreign other business entities that are either the converting or the converted entity.

Existing law, the Corporate Securities Law of 1968, requires that all offers and sales of securities be qualified in accordance with a procedure that involves filing an application for qualification with the Department of Corporations unless the offer or sale is expressly exempted from the qualifications requirements, including certain exchanges incident to a merger, consolidation, or sale of assets, other than a rollup transaction, in consideration of the issuance of equity securities if certain requirements are met.

This bill would exempt from these qualifications equity conversion transactions and any exchange of securities in connection with a merger, consolidation, or sale of assets in consideration wholly or in part of the issuance of securities or any equity conversion transaction pursuant to a plan of reorganization or other arrangement under the United States Bankruptcy Code.

Ch. 202 (AB 2811) Robert Pacheco. Field Act: waivers.

Existing law, the Field Act, requires the approval of plans relating to the structural safety of school buildings and for owned and leased relocatable buildings to be used for school purposes. Existing law authorizes the State Allocation Board to grant, and provides for extensions of, certain waivers for noncompliant buildings. Existing law, notwithstanding any provision of law to the contrary, extends until January 1, 2001, any waiver granted by the State Allocation Board to a school district for occupancy of a nonconforming existing private building acquired for conversion for use as a school building that had not expired prior to January 1, 2000, if work to make the building a conforming structure commenced prior to January 1, 2000, but had not been completed by that date.

This bill would extend those waivers until January 1, 2002.

Ch. 203 (AB 2841) Committee on Public Employees, Retirement and Social Security. County employees' retirement: employer contributions.

Under the existing County Employees Retirement Law of 1937, employer contributions with respect to safety members and all other members of a retirement association are based on the total amount of compensation paid to those members during a specified period, as certified by the county auditor.

This bill would specify that those contributions shall be based on the compensation earnable, as defined in existing law, paid to those members.

Ch. 204 (SB 1422) Alpert. Banking and trust operations.

Existing law authorizes a California state bank or foreign bank to establish automated teller machine branch offices and requires the bank to give notice to the Commissioner of Financial

Institutions 30 days prior to opening, changing, or discontinuing the location of an automated teller machine branch office.

This bill would provide that an automated teller machine location would not be a branch office and that notice is not required to establish, change, or discontinue the location of an automated teller machine except as the commissioner otherwise orders.

The bill would also distinguish a remote service facility, as defined, from a bank's branch office, and would provide that conducting fiduciary business would not alone determine whether a bank's office is a branch office.

Existing law provides that a bank may acquire shares of stock of a corporation only as authorized by state law.

This bill would define the terms "depository institution" and "depository institution holding company" and would provide that a California state bank may purchase shares of stock of an insured bank or holding company if the stock of the bank or company to be acquired is owned exclusively by a depository institution or depository institution holding company and if the bank or company is engaged exclusively in providing services to depository institutions, as specified.

Existing law authorizes a bank to engage in trust business if the bank receives authorization from the commissioner.

This bill would require a California state bank engaging in trust business to do so only at its head office, an authorized branch office, or an authorized place of business.

Ch. 205 (SB 1423) Chesbro. Alcoholic beverages: tied-house restrictions.

The Alcoholic Beverage Control Act contains limitations on sales commonly known as "tied-house" restrictions, which generally prohibit a manufacturer, winegrower, manufacturer's agent, California winegrower's agent, rectifier, distiller, bottler, importer, or wholesaler from furnishing, giving, or lending any money or other thing of value to any person engaged in operating, owning, or maintaining any off-sale licensed premises.

This bill would provide that for purposes of these provisions, the listing of the names, addresses, telephone numbers or e-mail addresses, or both, or web site addresses, of two or more unaffiliated on-sale retailers selling wine or brandy, or both, and operating and licensed as bona fide public eating places selling the wine or brandy produced, distributed or imported by a nonretail industry member in response to a direct inquiry from a consumer received by telephone, by mail, by electronic Internet inquiry or in person does not constitute a thing of value or prohibited inducement to the listed on-sale retailer, if specified conditions are met.

Ch. 206 (SB 1488) Alpert. Foreign corporations.

Existing law provides that certain foreign corporations must abide by certain specified provisions of the Corporations Code.

This bill would revise the requirements for determining the foreign corporations that are subject to this provision. The bill would also require a foreign corporation to advise its shareholders within 30 days of receipt of a written request of the fact that it is subject to certain specified provisions of the Corporations Code. The bill would impose penalties for a foreign corporation's failure to give shareholders the requisite notice and require that the penalty be paid to the shareholder or shareholders making the request.

Ch. 207 (SB 1715) Ortiz. Child witness: closed circuit television.

Existing law authorizes a minor under the age of 13 years, to give testimony by way of a closed-circuit television under specified circumstances and procedures if the minor's testimony will involve a recitation of the facts under either one of 2 circumstances, namely (1) an alleged sexual offense committed on or with that minor or (2) the minor is a victim of a violent felony as defined. The statute is operative until January 1, 2001, and on that date is repealed. Effective January 1, 2001, this provision would only apply under the first

circumstance, namely if the minor will testify regarding an alleged sexual offense committed on or with that minor.

This bill would extend the sunset provision to January 1, 2003, thereby extending the operation of that statute immediately. It would also amend the later provision to take effect January 1, 2003.

Ch. 208 (AB 2648) Calderon. Psychiatric technicians.

Existing law requires the Board of Vocational Nursing and Psychiatric Technicians to provide for a continuing education program and authorizes a specified fee to be imposed in connection with the approval of courses. Existing law also provides that no state funds, except as specified, shall be expended in releasing psychiatric technicians employed by the state from duty to attend continuing education courses.

This bill would allow a memorandum of understanding reached by negotiation between the Governor and a recognized state employee organization to be controlling over the statutory provision regarding expending state funds to release psychiatric technicians from duty to attend continuing education programs, if the memorandum of understanding and the provision are in conflict. However, if the memorandum of understanding requires the expenditure of funds, the Legislature's annual approval in the Budget Act would be required before the memorandum of understanding's provisions would become effective.

Ch. 209 (AB 2267) Cedillo. Public safety officers: personnel records.

(1) Existing law requires employers to make employee personnel files available for inspection by employees, but exempts from this requirement the state, school districts, and other specified public employers. The Public Safety Officers Procedural Bill of Rights requires that a public safety officer have read, and have the opportunity to respond to, any comment adverse to his or her interest before it is placed in his or her personnel file.

This bill would require employers of public safety officers to permit an officer to inspect his or her personnel file or a copy during usual business hours, with no loss of compensation. The bill would specify a procedure by which the officer could request correction or deletion of material that is mistakenly or unlawfully placed in his or her personnel file and would require employers, within 30 days of receiving the request, to either make the requested corrections or deletions or place a written explanation of the reasons for not granting the request in the file. The bill would create a state-mandated local program by imposing new duties on local agencies.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 210 (AB 1848) Maddox. Insurance.

Existing law makes no provision for an insurer to inspect a motor vehicle prior to the issuance of insurance coverage for the vehicle.

This bill would provide that the department shall not prohibit an insurer from inspecting a motor vehicle prior to issuing collision or comprehensive coverage for the vehicle. The bill would require an insurer conducting these inspections to inspect every motor vehicle for which coverage is requested except new motor vehicles and motor vehicles previously insured.

Ch. 211 (AB 2251) Cox. Insurance: sales: Internet: disclosure.

Existing law requires a licensed insurance agent to have printed on specified documents their license number.

This bill would require any person who is licensed as an insurance agent or broker or an insurer that maintains a certificate of authority to transact insurance in this state, and advertises for the sale of insurance on the Internet and transacts insurance in this state, to provide on the Internet specified identifying information, including a specified identification number or an insurance license number or certificate of authority number. The bill would specify when a person advertising insurance on the Internet is transacting insurance in this state. The bill would require an insurer that advertises on the Internet and is not admitted in California to follow the provisions relating to advertising by nonadmitted insurers.

Ch. 212 (AB 500) Corbett. Vehicles: maximum weight limit: I-580.

(1) Existing law authorizes the Department of Transportation to declare and fix a weight limit for a highway under its jurisdiction that is less than the maximum weight limits otherwise authorized under the Vehicle Code, upon determining that the highway will not sustain those maximum weights and, after conducting a public hearing on the issue, determining the maximum weight that the highway will sustain. The department is prohibited from establishing a maximum weight limit that is less than 16,000 pounds.

This bill, notwithstanding existing law, would prohibit any vehicle, as described, with a gross weight of 9,000 pounds or more from being operated on the segment of Interstate Highway Route 580 (I-580) that is located between Grand Avenue in the City of Oakland and the city limits of the City of San Leandro. This prohibition would not apply to passenger buses or paratransit vehicles. Because a violation of this prohibition would be an infraction under other provisions of existing law, the bill would impose a state-mandated local program by creating a new infraction.

The bill would require the Department of Transportation to erect suitable signs at each end of the specified portion of highway and at any other points that the department deems necessary to give adequate notice of the specified weight limit.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 213 (SB 984) Polanco. State holidays: Cesar Chavez Day.

(1) Existing law authorizes the public schools to close on March 31 for Cesar Chavez Day and authorizes the public schools to include exercises commemorating and directing attention to the history of the farm labor movement in the United States and particularly the role therein of Cesar Chavez.

This bill would require the State Board of Education to adopt a model curriculum guide for use by public schools for exercises related to Cesar Chavez Day.

The bill would require the State Board of Education to ensure that the state curriculum framework, where appropriate, includes instruction on Cesar Chavez and the history of the farm labor movement in the United States and that state criteria for selecting textbooks include information to guide the selection of textbooks that highlight the life and contributions of Cesar Chavez and the history of the farm labor movement in the United States.

The bill would create the Cesar Chavez Day of Service and Learning program to promote service to the communities of California in honor of the life and work of Cesar Chavez. The bill would require the California Commission on Improving Life Through Service, in collaboration with the California Conservation Corps, to administer the program. The bill would authorize the California Commission on Improving Life Through Service to make grants to local and state operated Americorps and Conservation Corps programs that are created and organized in collaboration with community groups. The bill would authorize the

local and state operated Americorps and Conservation Corps to submit proposals for programs that will engage pupils through their schools and school districts in community service that honors the life and work of Cesar Chavez.

The bill would require that in order for the community service performed under the program to be counted as instructional time, the service must be performed under the supervision of a teacher.

(2) Existing law includes March 31, known as Cesar Chavez Day as a state holiday.

This bill would provide that March 31 is a paid holiday for state employees, as specified.

(3) The bill would appropriate funds from the General Fund, according to a specified schedule, to fund the grant programs and creation or revision of curriculum.

Ch. 214 (AB 559) Nakano. Elder abuse: punishment.

Under existing law, any person who, under circumstances or conditions likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult, with knowledge that he or she is an elder or a dependent adult, to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured, or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health is endangered, is punishable by imprisonment in a county jail not exceeding one year, or in the state prison for 2, 3, or 4 years.

This bill would increase the punishment for a misdemeanor violation of the above offense by imposing a punishment for an injury violation of that offense by imprisonment in a county jail not to exceed one year, or by a fine not to exceed \$6,000, or by both that fine and imprisonment.

Ch. 215 (AB 1276) Wildman. Vehicles: parking: disabled persons.

(1) Existing law makes it a misdemeanor for any person to display any disabled person placard, as specified, that was not issued to him or her or to display a special identification license plate, as specified, to park in parking stalls or spaces designated for disabled persons.

This bill would authorize a court to impose a civil penalty of not more than \$1,500 for each conviction of a violation of those provisions, in addition to, or instead of, any fine imposed for the conviction.

(2) Existing law makes it a misdemeanor for any person to forge, counterfeit, or falsify any disabled person placard, to pass or attempt to pass as genuine any forged, counterfeit, or false disabled person placard, to sell or offer for sale any genuine or counterfeit disabled person placard, or, with fraudulent intent, to display any forged, counterfeit, or false disabled person placard.

This bill would authorize a court to impose a civil penalty of not more than \$2,500 for each conviction of a violation of those provisions, in addition to, or instead of, any fine imposed for the conviction.

(3) Existing law requires that any disabled person or disabled veteran displaying special identification license plates or a distinguishing placard, as specified, be allowed to park for unlimited periods in certain parking zones.

This bill would authorize any vehicle equipped with a side-loading lift or ramp that is used for the loading and unloading of disabled persons to park in not more than 2 adjacent stalls or spaces in any public off-street parking facility when loading or unloading disabled persons, if there is no single parking space immediately available within that facility that is suitable for certain purposes.

Ch. 216 (AB 1985) Leach. Private investigators: licensing.

The Private Investigator Act provides that the Department of Consumer Affairs is responsible for licensing and regulating private investigators. The act authorizes the Director of Consumer Affairs to issue a provisional private investigator license to an applicant,

licensed as a private investigator in another state that provides reciprocal provisional licensing for California's licensees, for a maximum period of 90 days if specified conditions are met, including the payment of a \$50 fee and the submission of a valid set of the applicant's fingerprints.

This bill would delete the provisions for the issuance of a 90-day provisional investigator license at a cost of \$50 with submission of a valid set of fingerprints and instead would authorize the director to authorize a licensed private investigator from another state to continue an investigation in California for 60 days under specified conditions.

The act provides for the issuance, through the department's Bureau of Security and Investigative Services, of pocket cards containing specified identifying information to persons licensed under the provisions of the Private Investigator Act as evidence of licensure. Under the act, a licensee is issued a standard pocket card at no cost but upon his or her request may be issued an enhanced pocket card composed of durable material for a specified fee.

This bill would delete provisions allowing the bureau to issue a standard pocket card at no cost to licensees and would require it to issue a pocket card, composed of a durable material, to all licensees for a specified fee.

The act requires an applicant for a license as a private investigator to have a specified amount of experience in activities performed in connection with investigations and performed while employed in specified capacities.

This bill would add experience by persons trained as investigators who are employed by a public defender to conduct investigations to the experience in investigative work qualifying an applicant for licensure as a private investigator.

Ch. 217 (SB 1921) Kelley. Coachella Valley Mountains Conservancy: governing board.

Existing law provides for the Coachella Valley Mountains Conservancy in the Resources Agency to acquire and hold, in perpetual open space, mountainous lands surrounding the Coachella Valley and natural community conservation lands within the Coachella Valley. The conservancy is governed by a board consisting of 21 voting members, including 2 members of the Board of Supervisors of the County of Riverside, appointed by a majority of the membership of the board of supervisors.

This bill, instead, would require that only one member of the Board of Supervisors of the County of Riverside be a member of the governing board of the conservancy. The bill also would add the Director of Finance as a member of the governing board of the conservancy.

Ch. 218 (SB 1319) Burton. Unfair business practices: cyber piracy.

Existing law provides that unlawful, unfair, or fraudulent business acts or practices and unfair, deceptive, untrue, or misleading advertising constitute unfair competition, and provides certain remedies in this regard.

This bill would provide that it is unlawful for a person, with a bad faith intent, to register, traffic in, or use an Internet domain name that is identical or confusingly similar to the personal name of another living person or deceased personality, with certain exceptions, as specified. This bill would exempt from liability domain name registrars and registries, and would enact other related provisions.

Ch. 219 (SB 101) Johannessen. California Veterans Board.

Existing law provides for a California Veterans Board consisting of the Secretary of Veterans Affairs and 6 members appointed by the Governor subject to Senate confirmation.

This bill, instead, would specify that the board shall consist of 7 members appointed by the Governor subject to Senate confirmation.

Ch. 220 (SB 1477) Lewis. Local government assessment ballots.

Existing law, contained in the Proposition 218 Omnibus Implementation Act, requires any local government agency, prior to levying a new or increased real property assessment, or

an existing assessment that is subject to the procedures and approval process set forth in Section 4 of Article XIII D of the California Constitution, to give notice by mail to the record owner of each identified parcel of real property, and to include therewith an assessment ballot which may be used by the recipient to cast a vote either in favor or against the proposed assessment.

Existing law requires the local agency to conduct a public hearing on the proposed assessment and to tabulate the assessment ballots submitted at the conclusion of that hearing to determine if a majority protest exists, in which case the proposed assessment shall not be levied.

This bill would require that each assessment ballot be in a form that conceals its contents once it is sealed by the person submitting the ballot. This bill would also require generally that all assessment ballots remain sealed until the tabulation of ballots following the public hearing. This bill would require the tabulation of ballots to be conducted by an impartial person designated by the agency who does not have a vested interest in the outcome of the assessment, and would require the assessment ballots to be treated as disclosable public records equally available for inspection by the proponents and the opponents of the proposed assessment.

Ch. 221 (AB 2807) Papan. Dealers: continuing education.

Existing law requires every person, except as specified, applying for a dealer license for the purpose of transporting sale of used vehicles on a retail or wholesale basis only, to take and successfully complete a written examination and to complete a preliminary educational program.

This bill would require the persons described above who are required to complete the examinations and educational program and who are thereafter issued a dealer's license every 2 years to successfully complete an educational program of not less than 4 hours that offers instruction in specified subjects and topics in order to maintain or renew that license. The bill would exempt a dealer from the requirement to complete the education program if the educational program is completed by a managerial employee employed by the dealer. Because a violation of this provision would be a crime under existing law, the bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 222 (AB 42) Zettel. Pupil truancy.

(1) Existing law establishes the School/Law Enforcement Partnership, composed of the Superintendent of Public Instruction and the Attorney General. Existing law requires the partnership to establish a statewide interagency school safety cadre for the purpose of facilitating interagency coordination among school districts, county offices of education, and law enforcement agencies to develop programs to, among other things, reduce truancy rates. Existing law also provides that a school district may not permit access to pupil records to any person without written parental consent or under judicial order with specified exceptions.

This bill would provide for an additional exception for a judge or probation officer for the purposes of conducting a truancy mediation program for a pupil or presenting evidence in a truancy petition, and would require a school district, in releasing information pursuant to this exception to inform, or provide written notice to, the parent or guardian of the pupil.

(2) Existing law authorizes the establishment of a county, local, and state school attendance review board and sets forth membership for the boards.

This bill would require an invitation to be extended to a representative from the health care profession to be a member of the state board and would provide for a representative of school or county health care personnel to be a member of the county and local boards.

Ch. 223 (AB 299) Thomson. Suisun Marsh Wetlands Enhancement and Mosquito Abatement Demonstration Program.

(1) Existing law authorizes mosquito and vector control districts to levy a service charge in connection with the abatement of mosquitos and vectors on property.

This bill would establish the Suisun Marsh Wetlands Enhancement and Mosquito Abatement Program, until December 31, 2005, for the purpose of devising and evaluating methods by which wetland management techniques in the Suisun Marsh can be better integrated with mosquito abatement programs, and would require the Department of Fish and Game to award a grant of funds to the Suisun Resource Conservation District to administer the program, in accordance with specified requirements. The bill would require the Suisun Resource Conservation District and the Solano County Mosquito Abatement District to take specified actions relating to the implementation and administration of the program. By imposing new duties on local governments with regard to the implementation and administration of the program, the bill would impose a state-mandated local program.

The bill would appropriate \$140,000 from the General Fund to the department for allocation to the Suisun Resource Conservation District for purposes of the program, and would require that those funds be expended in accordance with specified requirements. The bill would prohibit the department from allocating any funds from the General Fund for purposes of the program after December 31, 2004.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 224 (AB 497) Gallegos. Dentists.

The Dental Practice Act requires the licensure of dentists by the Dental Board of California. The act prohibits a dentist from establishing an additional place of practice unless specified requirements are met.

This bill would revise the law prohibiting a dentist from establishing an additional place of practice unless specified requirements are met.

Ch. 225 (AB 2169) Campbell. Pupil discipline.

Existing law authorizes school officials to require a pupil to perform community service on school grounds during nonschool hours as an alternative to imposing other disciplinary actions, unless suspension or expulsion is required.

Existing law defines "community service" to include work performed on school grounds in the areas of outdoor beautification, campus betterment, and teacher or peer assistance programs.

This bill would also authorize school officials, with written permission from the parent or guardian of the pupil, to require a pupil to perform community service in the community, as part of, or instead of, disciplinary action.

The bill would broaden the definition of "community service" to also include work performed in the community in the area of outdoor beautification, community betterment, and youth assistance programs.

Ch. 226 (AB 2320) Dickerson. Sex offenders: unlawful intercourse with a minor.

Existing law provides that a person who has successfully completed probation shall have the accusations or information against him or her dismissed and shall be released from all penalties and disabilities resulting from the offense, except as specified.

This bill would provide that these provisions shall not apply to persons 21 years of age or older convicted of a felony violation of engaging in unlawful sexual intercourse with a minor who is under 16 years of age.

Ch. 227 (AB 2717) House. Tuolumne County.

(1) Existing law requires counties to provide or secure certain public health care services and authorizes the formation of local health care districts and the establishment of municipal hospitals for the purpose of providing needed public health care services. Existing law, the Joint Exercise of Powers Act, permits 2 or more public agencies to enter into an agreement to jointly exercise any power common to the contracting parties.

This bill would provide that, notwithstanding the law relating to joint exercise of powers, a nonprofit hospital in Tuolumne County may enter into a joint powers agreement with a public agency. The bill would prohibit nonprofit hospitals and public agencies participating in a joint powers agreement entered into under this provision from reducing or eliminating any emergency services, as a result of that agreement, following the creation of the joint powers authority without a public hearing by the authority.

(2) Existing law requires specified county offices, including the district attorney and public administrator, to be elective offices unless the voters of the county adopt a proposal making an office appointive. Other county offices are appointive. Special authorization is given the Board of Supervisors of Madera, Mendocino, Trinity, and Lake Counties to adopt an ordinance making the office of public administrator appointive, to appoint the same person to the offices of public administrator, veteran service officer, and public guardian, and to separate the consolidated offices of district attorney and public administrator at any time in order to make these appointments.

This bill would extend to the Board of Supervisors of Tuolumne County the same authority possessed by the Boards of Supervisors of Madera, Mendocino, Trinity, and Lake Counties.

(3) This bill would incorporate additional changes in Section 24011 of the Government Code contained in AB 766, that would become operative only if AB 766 and this bill are both chaptered and become effective on or before January 1, 2001, and this bill is chaptered last.

Ch. 228 (AB 2744) Oller. Minors: driving under the influence.

Existing law authorizes a juvenile hearing officer to hear and dispose, in the Informal Juvenile and Traffic Court, any case involving an alleged violation of the Vehicle Code, not declared to be a felony, by a minor under the age of 18 years as of the date of the alleged violation.

This bill would exclude specified provisions of the Vehicle Code that prohibit driving a vehicle while under the influence of an alcoholic beverage, any drug, or both, driving with an excessive blood-alcohol concentration or driving when addicted to any drug from the jurisdiction of the Informal Juvenile and Traffic Court.

Ch. 229 (SB 1322) Committee on Local Government. Validations.

This bill would enact the Second Validating Act of 2000, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 230 (SB 1323) Committee on Local Government. Validations.

This bill would enact the Third Validating Act of 2000, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

Ch. 231 (SB 1511) Chesbro. Alcoholic beverages: licenses.

The Alcoholic Beverage Control Act contains provisions for various types of licenses that permit licensees to furnish alcoholic beverages under designated circumstances.

This bill would create an on-sale general license for a wine, food and art cultural museum, and educational center that would authorize described persons to sell, furnish, or give alcoholic beverages for consumption on the premises and various off-sale privileges.

Ch. 232 (SB 1612) Chesbro. Mobilehome parks: liquefied petroleum gas.

Existing law limits the cost which may be charged to mobilehome owners and park tenants for the purchase of liquefied petroleum gas for use in the mobilehome park where the management of the park does not permit those owners or tenants to purchase that product from someone other than the mobilehome park management. It also requires the management of the park to post the actual price paid by management for that gas.

This bill would provide that the limit on the cost charged to mobilehome owners and tenants for liquefied petroleum gas sold by mobilehome park management and the requirement for price posting shall apply to mobilehome parks where requirements of federal, state, or local law or regulation prohibit homeowners and tenants from installing their own liquefied petroleum gas supply tanks, even if the mobilehome park permits the outside purchase of liquefied petroleum gas.

Ch. 233 (SB 1859) Chesbro. Public officials.

Under existing law, every person who knowingly and willingly threatens the life of, or threatens serious bodily harm to, any elected public official, county public defender, county clerk, exempt appointee of the Governor, judge, or Deputy Commissioner of the Board of Prison Terms, or the staff or immediate family of any elected public official, county public defender, county clerk, exempt appointee of the Governor, judge, or Deputy Commissioner of the Board of Prison Terms, with the specific intent that the statement is to be taken as a threat, and the apparent ability to carry out that threat by any means, is guilty of a public offense. Existing law requires any law enforcement agency that has knowledge of a violation of this provision to immediately report that information to the California Department of Justice. In addition to this reporting requirement, if a violation of this provision occurs that involves a constitutional officer of the state, a Member of the Legislature, or a member of the judiciary, existing law requires the law enforcement agency that has knowledge of the violation to immediately report that information to the Department of the California Highway Patrol.

This bill would delete the requirement that any law enforcement agency that has knowledge of a violation of the above provision immediately report that information to the California Department of Justice.

Ch. 234 (SB 2143) Bowen. Landlords: notice of pest control.

Existing law requires a registered structural pest control company to provide a specified written warning notice to the owner, owner's agent, and tenant of the premises where pest control work is to be done. Existing law provides that in cases involving a contract for periodic pest control service, the notice is only required to be provided at the time of initial treatment. A violation of these provisions is a crime.

This bill would require the landlord of a residential dwelling unit to provide each new tenant that occupies the unit with a copy of the notice provided by a registered structural pest control company pursuant to these provisions if a contract for periodic pest control service has been executed.

This bill would also require the notice provided by the structural pest control company to contain information about the frequency of treatment if a contract for periodic pest control has been executed. Because this bill would expand the definition of a crime, it would thereby impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 235 (AB 1742) Correa. Limitations of Actions.

Existing law provides statutes of limitations for the prosecution of crimes. Prosecution for an offense punishable by death or by imprisonment in the state prison for life or life without the possibility of parole may be commenced at anytime. Prosecution for an offense punishable by imprisonment in the state prison for more than 8 years is required to be commenced within 6 years. Prosecution for other offenses that are punishable by imprisonment in the state prison are required to be commenced within 3 years.

This bill would permit the prosecution of certain sex offenses within one year of the date on which the identity of the suspect is conclusively established by deoxyribonucleic acid (DNA) testing, or within 10 years of the offense, whichever is longer, as specified, notwithstanding any other specified limitation of time. The provisions of this bill would become operative only if SB 1342 is enacted.

Ch. 236 (AB 1899) Havice. Violence: assault and battery.

(1) Under existing law, while battery is generally a misdemeanor punishable by county jail time not exceeding 6 months, the battery of specified officers or other persons is a misdemeanor punishable by county jail time not exceeding one year and by a specified fine or by both, and the battery of those specified officers or other persons where there is infliction of injury is punishable as either a misdemeanor or felony.

This bill would include a nonsworn employee of a probation department in the list of specified officers or other persons to which the above provisions apply. By expanding the scope of existing crimes, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 237 (AB 1937) Correa. Retirement: benefits.

Under the Public Employees' Retirement Law, retirement allowances being paid on account of retired or deceased state and school members were increased, effective January 1, 2000, by up to 6%, as specified.

This bill would authorize contracting agencies of the Public Employees' Retirement System to likewise increase retirement allowances being paid on account of their retired or deceased members.

Under the County Employees Retirement Law of 1937, service retirement allowances for safety members are based on a 2% at age 50 formula and allowances for other members are based on other specified formulae.

This bill would authorize counties or districts, subject to approval by the county board of supervisors, to (1) provide service retirement allowances for safety members based on a 3% at age 50 formula or 3% at age 55 formula, and (2) increase allowances being paid on account of retired or deceased members by up to 6%, as specified.

Ch. 238 (AB 2057) Briggs. Reduced fee sport fishing licenses.

Existing law requires the Department of Fish and Game to issue a reduced fee sport fishing license to certain persons, including disabled veterans having a 70% or greater service connected disability, as specified.

This bill, instead, would require the veteran to have a 50% or greater service connected disability.

Ch. 239 (AB 2164) Pescetti. Trustline registration system: providers.

Existing law authorizes a child care provider, as defined, who possesses any one of 4 identification cards to initiate a background examination process by submitting one set of fingerprints and a completed trustline application to the Department of Justice. Existing law requires the State Department of Social Services to establish a trustline registry and, upon submission of the trustline application and fingerprints, to enter into the trustline registry the provider's name, identification card number, and an indicator that the provider has submitted an application and fingerprints, which would be known as a "trustline applicant."

This bill would expand the trustline registration provisions to apply to any person providing in-home educational or counseling services to a minor.

Ch. 240 (AB 2502) Romero. Sex offenders: duty to register.

Existing law provides that any person who is convicted in this state of the commission or attempted commission of specified sex offenses and who is released on probation, granted conditional release without supervised probation, or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register as a sex offender by the probation department, sign a form to that effect, and provide the probation officer with his or her expected address upon release or discharge. Existing law requires the probation officer to report this address to the Department of Justice within 3 days, and to distribute copies of the signed form to the person, the Department of Justice, and the law enforcement agency with jurisdiction over the person's expected place of residence.

This bill would provide that with respect to a person who is convicted of one of these offenses and is granted conditional release without supervised probation, or discharged upon payment of a fine, the court in which the person has been convicted shall inform the person in open court of his or her duty to register as a sex offender, require the person's signature on a form to that effect, and obtain his or her expected address upon release or discharge. The bill would provide that the court shall report this address to the Department of Justice within 3 days, and to distribute copies of the signed form to the person, the Department of Justice, and the law enforcement agency with jurisdiction over the person's expected place of residence.

Ch. 241 (AB 2537) Thomson. Insurance: payment of contested health care claims: recertification of disabilities.

Existing law provides for the regulation of insurers by the Insurance Commissioner.

Existing law generally requires disability insurers to reimburse health care claims within 30 working days of receipt of the claim, unless the claim is contested, and provides that interest shall accrue with respect to uncontested claims remaining unpaid after 30 working days, as specified. A claim is contested if, among other things, an insurer has not received a completed claim and all information necessary to determine payer liability for the claim.

This bill would provide that interest shall also accrue on contested health care claims if an insurer has received all information necessary to determine payer liability and has not reimbursed a claim determined to be payable within 30 working days of receipt of that information.

This bill would also make a nonsubstantive technical change.

Ch. 242 (AB 2567) Jackson. Criminal actions: access to jurors.

Existing law provides that prior to discharging the jury from the case, the judge in a criminal action shall inform the jurors that they have an absolute right to discuss or not to discuss the deliberation or verdict with anyone. Existing law also specifies that following the discharge of the jury in a criminal case, the defendant, or his or her attorney or representative, or the prosecutor, or his or her representative, may discuss the jury deliberation or verdict with a member of the jury, provided that the juror consents to the discussion and that the discussion takes place at a reasonable time and place.

This bill would provide that if a discussion of a jury deliberation or verdict occurs at any time more than 24 hours after the verdict, prior to discussing the jury deliberation or verdict in a criminal action with a member of a jury, the defendant or his or her attorney or representative, or the prosecutor or his or her representative, shall inform the juror of the identity of the case, the party in that case which the person represents, the subject of the interview, the juror's absolute right to discuss or not discuss the deliberations or verdict in the case with the person, and the juror's right to review and have a copy of any declaration filed with a court.

Ch. 243 (SB 1112) Knight. Driver's license test: driving schools.

(1) Existing law authorizes the Department of Motor Vehicles, after notice and hearing, to suspend or revoke any driving school license if specified events occur.

This bill would require the department, in the interest of the public's safety, as determined by the department, to immediately suspend the license of any licensee for any alleged violation of the provisions governing licenses and to conduct a hearing of the alleged violation within 30 days of the suspension.

(2) Existing law requires driving school owners to have proper equipment necessary to give instruction. Existing law also requires that driving school operators be 18 years of age or older and have 1,000 hours of actual behind-the-wheel teaching as a driving instructor. Existing law requires that driving school owners procure and file with the department a bond of \$2,000 executed by an admitted surety insurer and upon certain conditions.

This bill would require that specified equipment be placed on training vehicles. A violation of this provision under existing law would be punishable as a crime, thereby imposing a state-mandated local program by creating a new crime. The bill would also increase the age requirement for a driving school operator to 21 years of age or older and increase the number of behind-the-wheel teaching hours to 2,000 from 1,000 hours. This bill would increase the required bond amount to \$10,000 from \$2,000.

(3) Existing law requires driving instructors, as defined, to meet certain requirements, including being 18 years of age or older.

The bill would increase the age requirement to 21 years of age or older for those instructors.

(4) Existing law requires traffic violator school operators to meet certain requirements, including being 18 years of age or older.

This bill would increase the age requirement to 21 years of age or older for those operators and would add work at a licensed driving school as a method for those operators to meet certain qualifications.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 244 (SB 1353) Rainey. Employees: reserve peace officers and emergency rescue personnel.

(1) Existing law provides that no employer shall discharge or in any manner discriminate against an employee for taking time off to perform emergency duty as a volunteer firefighter. Existing law further provides that any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated against in the terms and conditions of employment by his or her employer because of taking time off to perform emergency duty as a volunteer firefighter is entitled to be reinstated and reimbursed, as specified. Under existing law, any employer who willfully refuses to rehire, promote, or otherwise restore an employee, as specified, is guilty of a misdemeanor.

This bill would extend those protections to reserve peace officers and emergency rescue personnel, as defined.

By expanding the scope of an existing crime, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 245 (SB 1398) Kelley. Underground storage tanks.

Existing law generally regulates the storage of hazardous substances in underground storage tanks and requires underground storage tanks that are used to store hazardous substances and that are installed after January 1, 1984, to meet certain requirements concerning secondary containment and monitoring. Existing law defines the term "underground storage tank" for purposes of these provisions and exempts, from those requirements, an underground storage tank that meets specified requirements, including if the owner or operator of the underground storage tank conducts daily inspections of the tank.

This bill would revise the requirements for the exemption of such a tank, to instead require the owner or operator of the underground storage tank to conduct weekly inspections of the tank.

Ch. 246 (SB 1420) Burton. State Bar: State Bar Court: State Bar workload standards: report.

(1) Existing law provides for the creation of the State Bar Court to act on behalf of the Board of Governors of the State Bar in the determination of disciplinary and reinstatement proceedings and related matters. Effective November 1, 2000, State Bar Court Hearing Department judges are appointed by the Supreme Court, Governor, and Legislature, as specified. Existing law provides for the Board of Governors of the State Bar to screen and rate all applicants for appointment or reappointment as a State Bar Court judge.

This bill would instead provide for those applicants to be screened and reviewed by an applicant evaluation committee as directed by the Supreme Court.

(2) Existing law provides for the creation of a Review Department of the State Bar Court, appointed by the Supreme Court, to review decisions or orders of the State Bar Court's Hearing Department. Existing law provides that the party requesting review has the burden of showing either that the Hearing Department did not proceed in the manner required by law, its findings are not supported by substantial evidence, or its decision or recommendation is clearly erroneous, unless the Supreme Court approves an alternative rule of practice or procedure.

This bill would instead provide that the standard to be applied by the Review Department in reviewing a decision, order, or ruling by a hearing judge fully disposing of a proceeding is established in Rule 951.5 of California Rules of Court, or as otherwise directed by the Supreme Court.

(3) Existing law provides for the Board of Governors of the State Bar to appoint pro tempore State Bar Court Hearing Department judges when a regular judge is unavailable to serve without delaying a proceeding.

This bill would allow the pro tempore judges to be appointed either by the Supreme Court or the Board of Governors of the State Bar.

(4) Existing law required the State Bar to develop workload standards to measure the effectiveness and efficiency of its programs, and to submit a report to the Legislature on its workload standards by September 1, 1991. Existing law requires the workload standards to be used to determine the numbers and classifications of staff required to conduct the activities of the State Bar.

This bill would require the State Bar to review its workload standards with respect to its disciplinary activities, as specified, and to submit a report on its review to the Legislature by

June 30, 2001. This bill would require the workload standards to be used to reassess the staffing requirements of the State Bar's disciplinary activities.

Ch. 247 (SB 1782) Morrow. Attorneys.

The State Bar Act regulates the practice of law in this state and requires that applicants for a license to practice law satisfy certain requirements that include, in the case of persons who have been admitted to practice law in other states and United States' jurisdictions, possessions, territories, or dependencies, taking and passing either the general or Attorney's Bar examination, as specified.

This bill would state legislative intent that the Supreme Court of California adopt rules permitting the admission to the practice of law in California attorneys who are licensed in another state but who have not passed the California State Bar examination and would request the Supreme Court to appoint a task force to study and make recommendations regarding this issue.

Ch. 248 (AB 1053) Thomson. Traumatic brain injury services funding.

Existing law, until January 1, 2005, requires the State Department of Mental Health to provide funding for a postacute continuum-of-care model for adults with acquired traumatic brain injuries.

Existing law establishes the Traumatic Brain Injury Fund which, upon appropriation by the Legislature, may be expended for purposes of this program.

Under existing law, once each month there is required to be transferred from the State Penalty Fund into the Traumatic Brain Injury Fund an amount equal to 0.66% of the state penalty funds deposited into the State Penalty Fund during the preceding month, except that for each of the 1996-97, 1997-98, and 1998-99 fiscal years, the amount transferred is limited to \$500,000.

This bill would limit the application of the \$500,000 limitation to the 1996-97 fiscal year and would appropriate the moneys no longer subject to the limitation for purposes of the traumatic brain injury program. This bill would authorize the State Department of Mental Health to expend the funds transferred into the Traumatic Brain Injury Fund for the 1997-98, 1998-99, and 1999-2000 fiscal years, in the current fiscal year or a subsequent fiscal year, to provide additional funding to the existing projects funded by the Traumatic Brain Injury Fund, to support new projects, or to do both.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 249 (AB 1478) Baugh. Community correctional facilities.

Existing law authorizes the Department of Corrections to administer and operate the state prison system, and provides for the establishment and operation of community correctional centers, and restitution centers, as defined. Existing law also provides for the operation of work furlough programs for eligible inmates at county jails and state correctional facilities.

This bill would authorize the Director of Corrections to commingle inmates sentenced to a restitution center with inmates who are in transit for community correctional reentry center placement. This bill would also require the Judicial Council to provide information to sentencing courts to ensure that the judges responsible for sentencing are aware of the existence of the restitution center.

Ch. 250 (AB 2038) Alquist. Health research: women's health.

Under existing law, the State Department of Health Services administers various public health programs.

This bill would enact the Inclusion of Women and Minorities in Clinical Research Act, which would require a grantee, as defined, in conducting or supporting a project of clinical research, as defined, to ensure that women of all ages, and members of minority groups, as defined, are included as subjects in the clinical research projects, except under prescribed circumstances. The bill would also require state agencies to, and would declare legislative

NOTE: Superior numbers appear as a separate section at the end of the digests.

intent that the University of California include in specified progress reports, data on the extent to which state funds administered by state agencies and the University of California are used by grantees for research on diseases, disorders, and health conditions, that includes women and minorities in the research trials, and that studies diseases, disorders, and health conditions of particular concern to women and minorities. This bill would state legislative intent that research include, but not be limited to, specified diseases, disorders, and health conditions.

Ch. 251 (AB 2423) Firebaugh. Clinical laboratory fees.

Existing law prohibits licensed persons of various professions from charging fees to patients for clinical laboratory services not directly performed by the licensed persons. A violation of this prohibition is a crime.

This bill would exempt from the prohibition wholly owned subsidiaries, parent companies, and other subsidiary companies as specified, of persons who are licensed under the clinical laboratory licensing provisions and who own clinical laboratories.

Ch. 252 (AB 2893) Committee on Revenue and Taxation. Bank and corporation taxes: exempt organizations: federal conformity.

The Bank and Corporation Tax Law provides for various types of organizations that are exempt for taxation. These provisions are substantially similar to federal income tax laws, with minor exceptions.

This bill would revise and recast those provisions to provide further conformity to those federal income tax laws.

Ch. 253 (SB 1708) Kelley. Streets: water or sewer system improvements: loans: repayment: assessment districts.

The Municipal Improvement Act of 1913 authorizes a municipality to establish an assessment district, issue bonds to finance construction of certain municipal improvements in or along streets within the district, and levy assessments to repay the principal and interest on those bonds.

This bill would authorize a municipality that has entered into a contract with the state that includes a loan funded by the state for the purpose of financing the construction and installation of certain water or sewer system improvements in or along its streets to conduct proceedings under the act for the formation of an assessment district for the purpose of levying an assessment to secure repayment of the loan.

The bill would require the proceeding for the formation of the assessment district and the levy of the assessment to be conducted in accordance with the act, with appropriate modifications to all resolutions and notices, except as otherwise provided by the bill.

The bill would require the legislative body of the municipality to provide in certain required resolutions that the assessment will be collected in annual installments.

Ch. 254 (SB 2052) Schiff. Firearms: retention after seizure.

Existing law provides that where a firearm is seized at the scene of a domestic violence incident, as specified, and the law enforcement agency has reasonable cause to believe that the return of the firearm would be likely to result in endangering specified persons, the agency may, within 10 days of the seizure, initiate a petition in superior court to determine if the firearm or other deadly weapon should be returned.

This bill would provide that the law enforcement agency would have 30 days, or, if granted an extension by the court, 60 days to initiate the petition to determine if the firearm should be returned.

Existing law provides that where a firearm has been seized by law enforcement in connection with a person who has been detained or apprehended for examination of his or her mental condition, the law enforcement agency may, within 30 days, initiate a petition in

the superior court for a hearing to determine whether the return of the firearm would be likely to result in endangering the person or others.

This bill would provide that the law enforcement agency would have 30 days, or, if granted an extension by the court, 60 days to initiate the petition to determine if the firearm should be returned.

Ch. 255 (SB 2156) Johnston. Mutual insurers.

Existing law makes each policyholder of a mutual insurer a member during the period of insurance, and requires each director of a mutual insurer to be a policyholder of the insurer.

This bill would specify that the time period of a tail or extended reporting policy or endorsement issued to permit the reporting of claims after the policy period of a claims made policy is not part of the period of insurance for purposes of defining membership. This bill would declare that this provision is declaratory of existing law and does not affect any existing contractual rights.

Ch. 256 (SB 2174) Committee on Revenue and Taxation. Taxation: State Board of Equalization.

The Sales and Use Tax Law provides an exemption for certain sales or leases of aircraft, and provides certain rebuttable presumptions in that connection.

This bill would clarify the rebuttable presumptions applicable to those sales or leases.

This bill would also prescribe the method of authenticating persons filing an application for a sales and use tax permit or return, permit filing of permit applications by electronic media, and delete certain requirements as to information on returns and electronic filing declarations.

Under existing law, distributors and brokers of motor vehicle fuel are required to collect a prepayment of sales tax from the person to whom the motor vehicle fuel is transferred, and when the motor vehicle fuel is resold, the person is entitled to claim credit for the prepayment paid to the supplier on the return for the period in which the fuel is resold.

This bill would exempt from those prepayment requirements any motor vehicle fuel sold by a distributor or broker to a qualified purchaser, as defined, who, pursuant to a contract with the State of California or its instrumentalities, resells that fuel to the State of California or its instrumentalities.

Ch. 257 (AB 1823) Dutra. Common interest developments: disciplinary actions.

Existing law defines and regulates common interest developments providing, among other things, that these developments shall be managed by an association. Existing law requires that an association that has adopted a policy of imposing monetary penalties shall adopt a schedule of these penalties and distribute them to members, as specified, and that a member being disciplined may request that the board of directors of the association meet in executive session and that the member is entitled to attend this meeting.

This bill would require the association's board of directors to provide specified notification to a member of a board meeting to consider or impose discipline upon that member, and of a disciplinary action taken against the member. The bill would further provide that no disciplinary action is effective unless these notification requirements are met.

Existing law provides that an owner of a separate interest in a common interest development must provide certain items to a prospective purchaser prior to transfer of title including, among other things, a statement in writing from an authorized representative of the association as to any assessments levied against the owner's interest that are unpaid as of the date of the statement.

This bill would additionally require that the statement include any fines or penalties levied upon the owner's interest and unpaid on the date of the statement and a copy or a summary of any notice sent to the owner regarding any unresolved violation of the association's governing documents, as specified. This bill would also provide that the notice shall not be

deemed a waiver of the association's right to enforce the governing documents with respect to the separate interest, as specified, and that the provisions regarding the notice do not require the association to inspect an owner's separate interest.

Ch. 258 (AB 2517) Shelley. Motor vehicles: reacquisition agreements.

Existing law prohibits any automobile manufacturer, importer, or distributor who reacquires, or who assists a dealer or lienholder in reacquiring, a motor vehicle, whether by judgment, decree, arbitration award, settlement agreement, or voluntary agreement, from engaging in certain conduct involving the buyer or lessee.

This bill would prohibit any automobile dealer or lienholder who reacquires, or who assists in reacquiring, a motor vehicle, whether by judgment, decree, arbitration award, settlement agreement, or voluntary agreement, from engaging in certain conduct involving the buyer or lessee.

Ch. 259 (AB 2706) Cunneen. Wraparound programs.

Existing law creates the Aid to Families with Dependent Children-Foster Care (AFDC-FC) program, under which a combination of federal, state, and county funds are used to provide reimbursement to families and facilities providing foster care to eligible children.

Existing law also requires each county to provide child welfare services.

Existing law also provides, until October 1, 2003, for the establishment in all counties, at the county's option and subject to the approval of the State Department of Social Services, a pilot project to continue the provision of intensive wraparound services, as defined, to eligible children in foster care or at imminent risk of this placement.

Existing law defines eligible child to include only children residing in, or who are at risk of residing in, foster care placements that provide specified levels of care.

This bill would change the definition of an eligible child to include children residing in, or who are at risk of residing in, foster placements that provide certain additional levels of care.

Ch. 260 (SB 414) Knight. Voting procedures: voter identification.

Existing law requires that, at all elections, a voter claiming to be properly registered but whose qualification or entitlement to vote cannot be immediately established upon specified examination is entitled to vote a provisional ballot. During the official canvass, existing law requires the elections official to examine the records with respect to all provisional ballots cast.

This bill would further require the elections official to compare the signature of each provisional ballot envelope with the signature on the voter's affidavit of registration. The bill would require that if the signatures do not compare, as specified, the ballot would be rejected.

This bill would impose a state-mandated local program by imposing new duties on local elections officials.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 261 (SB 1565) Schiff. Property of felons: involuntary trust.

Existing law imposes an involuntary trust upon the proceeds and profits, as defined, from the sale or transfer of any thing or right of a felon, the value of which is enhanced by the notoriety gained from the commission of the felony, and specifies procedures whereby the beneficiaries of the trust, as defined, may enforce their rights under the trust.

This bill would impose that trust upon the profits of any memorabilia or other thing sold or transferred by a profiteer of the felony, as defined, but would require the court, upon an adequate showing by the profiteer, to exclude from the trust the inherent value of the thing sold, as specified. The bill would also exclude the sale or transfer by a profiteer of any other expressive work protected by the First Amendment unless the sale or transfer is primarily for a commercial or speculative purpose. The bill would make related legislative findings and declarations.

Ch. 262 (SB 1334) Committee on Local Government. Local agency assessments.

Existing statutory law provides notice, protest, and hearing procedures for the levying of new or increased assessments by local government agencies pursuant to Articles XIII C and XIII D of the California Constitution. These statutory procedures supersede other statutory provisions applicable to the levying of those assessments.

This bill would conform certain provisions in the Winegrape Pest and Disease Control District Law, the Open Space Maintenance Act, the Benefit Assessment Act of 1982, the Community Services District Law, the Tree Planting Act of 1931, the Landscape and Lighting Act of 1972, the Drainage District Improvement Act of 1919, the Pedestrian Mall Law of 1960, the Street Lighting Acts of 1919 and 1931, the Municipal Lighting Maintenance District Act of 1927, and provisions relating to habitat maintenance assessment districts, fire suppression assessments, mosquito abatement or vector control districts, and geologic hazard abatement districts to the statutory procedures for levying assessments pursuant to Articles XIII C and XIII D of the California Constitution.

This bill would also revise the definition of “improvement” for purposes of the Landscaping and Lighting Act of 1972.

Ch. 263 (SB 1491) Leslie. Railroad crossings: automated warning devices.

Existing law requires that an audible warning device be sounded from a locomotive engine at least 1320 feet before the intersection of the railroad and a street, road, or highway with certain exceptions. Existing law imposes a civil fine on a railroad corporation that violates this provision and makes it a misdemeanor for a person in charge of a locomotive engine to fail to sound the warning. Existing law also provides the Public Utilities Commission with exclusive power to regulate the location, maintenance, and operation of railroad and street railroad crossings.

This bill would eliminate the requirement that the warning device on the locomotive engine be sounded when approaching a railroad crossing that has a permanent audible warning device that automatically sounds as the locomotive engine approaches the railroad crossing. This bill would also authorize the commission to authorize on an application by application basis and supervise the operation of pilot projects to evaluate proposed crossing warning devices or new technology. The bill would make related declarations and findings.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 264 (AB 147) Strom-Martin. Transactions and use tax: City of Sebastopol.

Existing law authorizes various local governmental entities, in accordance with certain limitations and approval requirements, to levy transactions and use taxes in accordance with the procedures and requirements set forth in the Transactions and Use Tax Law.

This bill would additionally authorize the City of Sebastopol, subject to the approval of $\frac{2}{3}$ of the voters voting on the issue at an election, to levy a transactions and use tax pursuant to the Transactions and Use Tax Law at a rate 0.125% for general revenue purposes.

This bill would make legislative findings and declarations as to the necessity of a special statute.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 265 (AB 800) Washington. Pupil safety: injurious objects.

Under existing law there are various provisions relating to pupil safety, including provisions providing that if a school employee initially notifies a law enforcement agency regarding a student or adult who possesses an injurious object while upon school premises or while under the authority of school personnel, the employee may not be subject to any civil or administrative proceeding, including any disciplinary action, for violation of any local policy or procedure relating to the notification of a law enforcement agency.

This bill would require the Superintendent of Public Instruction to adopt a system that will shield the identity and provide protection to pupils who report the presence of injurious objects on school campuses that offer instruction in kindergarten and any of grades 1 to 12, inclusive.

Ch. 266 (AB 1814) Lempert. Jury service: breast-feeding.

(1) Existing law provides that an eligible person may be excused from jury service only for undue hardship, upon themselves or upon the public, as defined by the Judicial Council.

This bill would require the Judicial Council to adopt a rule of court to specifically allow the mother of a breast-fed child to postpone jury duty for a period of one year providing that all steps should be taken to eliminate the need for the mother to physically appear in court to make this request, and providing that at the end of the one-year period jury duty may be further postponed upon written request by the mother of a breast-fed child.

(2) Existing law specifies the required contents of a jury summons.

This bill would require the Judicial Council to adopt a standardized jury summons for use, with appropriate modifications, around the state, that is understandable and has consumer appeal. The standardized jury summons would be required to include a specific reference to the rules for breast-feeding mothers. The use of the standardized summons would be voluntary, unless otherwise prescribed by the rules of court.

Ch. 267 (AB 1888) Dutra. Unclaimed property: escheat.

Under existing law, property that is held by a business that is unclaimed for more than specified periods escheats to the state. Existing law requires persons holding unclaimed property to report and deliver it to the Controller within the time prescribed, and imposes interest payments at the rate of 12% per annum and penalties for a failure to do so.

This bill would provide that any person who pays or delivers property to the Controller on or before December 31, 2001, in accordance with the requirements of the bill shall not be subject to statutory interest payments for failure to pay or deliver unclaimed property. The bill would also require the Controller to publicize its provisions, report to the Legislature regarding this program, as specified, no later than December 31, 2002, and provide that it does not preclude liability with regard to false claims.

Ch. 268 (AB 2125) Rod Pacheco. Criminal procedure: death penalty.

Existing law requires the courts to give criminal proceedings, including the setting for trial and hearing of the matter, precedence over any civil matters or proceedings.

This bill would, in addition, require that the courts give death penalty cases in which both the prosecution and the defense have informed the court that they are prepared to proceed to trial precedence over other criminal proceedings and over civil matters, including the setting for trial and hearing of the matter, unless the court finds in the interest of justice that it is not appropriate.

Ch. 269 (AB 2571) Campbell. Healing arts: disciplinary actions.

The Medical Practice Act provides for disciplinary action to be taken against licensees for unprofessional conduct, which includes incompetence, gross negligence, and repeated negligent acts by the licensee. Under existing law, a hearing to determine whether a license shall be revoked, suspended, limited, or conditioned is initiated by filing an accusation, which is a written statement of charges, in an administrative adjudication action. Existing law

requires that the accusation be filed within a specified time period, unless an exception is made to this time limitation.

This bill would except from the requirement that an accusation be filed within a specified time period an accusation alleging unprofessional conduct based on incompetence, gross negligence, or repeated negligent acts of the licensee upon proof that the licensee intentionally concealed from discovery his or her incompetence, gross negligence, or repeated negligent acts.

Ch. 270 (SB 1584) Schiff. Highways: Route 110: relinquishment.

Existing law requires the California Transportation Commission to relinquish to any city or county any portion of any state highway within the city or county that has been deleted from the state highway system by legislative enactment. These relinquishments become effective upon the first day of the next calendar or fiscal year, whichever first occurs after the effective date of the legislative enactment.

This bill would authorize the commission to relinquish to the City of Pasadena a specified portion of State Highway Route 110, upon terms and conditions the commission finds to be in the best interests of the state. The relinquishment would become effective immediately following the recording by the county recorder of the relinquishment resolution containing the commission's approval of the terms and conditions of the relinquishment. The portion of State Highway Route 110 relinquished as specified would cease to be a state highway on the effective date of the relinquishment.

Ch. 271 (AB 1717) Hertzberg. Firearms: ballistic testing.

(1) Existing law regulates the sale, transfer, and delivery of firearms by persons, corporations, firms, and dealers. Violations of specified provisions of law governing the sale or transfer of firearms may be punished as a misdemeanor or a felony.

This bill would require the Attorney General to conduct a study to evaluate ballistics identification systems, as defined, to determine the feasibility and potential benefits to law enforcement of utilizing a statewide ballistics identification system capable of maintaining a data base of ballistic images and information from test fired and sold firearms, as specified. The Attorney General would be required to submit a report to the Legislature with the results of the study no later than June 1, 2001.

Ch. 272 (AB 1790) Wiggins. Tax relief: vineyards: Pierce's Disease.

The California Constitution exempts grapevines from property taxation until 3 years after the season in which they were planted in vineyard form. Existing statutory provisions authorize a county board of supervisors to provide by ordinance that, thereafter, the property tax base year value of substantially equivalent grapevines that are planted to replace certain grapevines that were removed solely as a result of a phylloxera infestation or Pierce's Disease, shall be the property tax base year value of the removed grapevines factored to the lien date of the first taxable year of the replacement grapevines. In order to fall within this exemption, the replacement grapevines must be substantially equivalent, as provided, to the grapevines that were replaced.

This bill would delete that portion of these substantial equivalence restrictions limiting the type of the replacement grapevines, and would revise and recast those portions of those restrictions addressing planting density.

This bill would incorporate additional changes in Section 53 of the Revenue and Taxation Code, proposed by SB 1445, to be operative only if SB 1445 and this bill are both chaptered and become effective January 1, 2001, and this bill is chaptered last.

Ch. 273 (AB 1898) R. Wright. Private postsecondary education: Bureau for Private Postsecondary and Vocational Education: short-term career training.

Existing law, known as the Private Postsecondary and Vocational Education Reform Act of 1989, generally sets minimum standards of instructional quality, ethical and business

practices, health and safety, and fiscal responsibility for private postsecondary and vocational educational institutions, as defined. The act establishes the Bureau for Private Postsecondary and Vocational Education, which, among other things, is required to review and investigate all institutions, programs, and courses of instruction approved under the act. Under the act, educational services, including services defined as “short-term career training,” meeting certain requirements qualify for registration status. The act defines “short-term career training” to exclude, among other things, an educational service represented to lead to, or offered for the purpose of preparing a student for, employment as a private security guard or private patrol operator.

This bill would instead include within the definition of “short-term career training” an educational service represented to lead to, or offered for the purpose of preparing a student for, employment as a private security guard or private patrol operator, and meeting prescribed criteria, including, but not limited to, a total charge to the student of \$750 or more. The changes in existing law made by this bill would remain in effect until January 1, 2005.

Ch. 274 (AB 1998) Dutra. Dangerous fireworks.

(1) Existing law makes it a misdemeanor to place, throw, discharge or ignite, or fire dangerous fireworks at any person or group of persons where there is a likelihood of injury.

This bill would extend this prohibition to where the dangerous fireworks are placed, thrown, discharged or ignited, or fired at or near any person or group of persons with the intent of creating chaos, fear, or panic or where there is a likelihood of injury. This bill would exempt from this prohibition any person 21 years of age or older who holds a fireworks license. By expanding the scope of an existing crime, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 275 (AB 2053) Wesson. Imitation firearms.

Under existing law, any person who, except as specified, sells, manufactures, ships, transports, distributes, or receives an imitation firearm, as defined, is liable for a civil fine of not more than \$10,000 for each violation. Existing law also describes certain devices, among which is a firearm containing markings provided in a specified provision of federal law, that are not included in the definition of “imitation firearm.”

This bill instead would provide that in order to be a violation, the above-described activities involving the imitation firearm would have to be for commercial purposes. The bill would also provide that an imitation firearm where the coloration of the entire exterior surface of the device is bright orange or bright green, either singly or in combination, would not be subject to the above-described prohibitions.

This bill would also provide that any person who purchases, sells, manufacturers, ships, transports, distributes, or receives a firearm, where the coloration of the entire exterior surface of the firearm is bright orange or bright green, as specified, is liable for a civil fine of not more than \$10,000.

Ch. 276 (AB 2279) Dutra. Cemeteries: cremated remains: licensing.

Existing law, the Cemetery Act, requires, among other things, that each cremated remains disposer provide the person authorizing the scattering of cremated human remains with a copy of the completed permit for disposition of human remains, within 60 days of the date the scattering was authorized.

This bill would instead provide that the completed permit be provided to the person with the right to control the disposition of the remains, pursuant to specified existing law, within 30 days of the date of scattering.

The existing Cemetery Act requires each cremated remains disposer to file and maintain an annual report, with specified contents, and in accordance with specified provisions.

This bill would provide that a cremated remains disposer that makes a willful and material false statement on the annual report shall be subject to disciplinary action, and shall be guilty of a misdemeanor. By creating a new crime, this bill would create a state-mandated local program.

Existing law relating to dead bodies regulates the storage and placement of cremated human remains under specified circumstances.

This bill would specify conditions for the removal, storage, and maintenance of cremated human remains by licensees and registrants under the existing Cemetery Act and Funeral Directors and Embalmers Law, and by the agents and employees of these licensees and registrants.

This bill would include provisions that would only become operative if Assembly Bill 2888 is enacted and transfers the duties of the Cemetery Program to the Cemetery and Funeral Bureau.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 277 (AB 2697) Cardoza. Hearing aid dispensers.

The Hearing Aid Dispensers Licensing Law provides for the Director of Consumer Affairs to administer the licensing and regulatory laws governing hearing aid dispensers. Existing law also establishes the Hearing Aid Dispensers Advisory Commission, with specified members appointed by the Governor and the Legislature. The commission is authorized to perform those duties and functions that have been delegated to the commission by the director.

This bill would create the Hearing Aid Dispensers Bureau within the Department of Consumer Affairs to administer these provisions, which would be under the supervision and control of the director. This bill would provide for the Governor to appoint a chief of the bureau who would serve at the pleasure of the Governor. This bill would specify that the chief is responsible to the director and that the chief's salary would be determined by the director, subject to approval by the Director of Finance. This bill would reconstitute the commission as the Hearing Aid Dispensers Advisory Committee, which would make certain recommendations with respect to the functions and policies of the bureau.

This bill would delete references to the Division of Licensing of the Medical Board of California and would make various other related technical changes to these provisions.

Ch. 278 (AB 2797) Papan. Confidentiality of health, medical, or genetic information.

The Confidentiality of Medical Information Act places certain restrictions on the disclosure of patient medical information and other related information by health care providers, health care service plans, and various other parties. A violation of these provisions is a crime, and also subjects a person in violation of these provisions to administrative fines or civil penalties.

This bill would provide that a person or entity that underwrites or sells annuity contracts or contracts insuring, guaranteeing, or indemnifying against loss, harm, damage, illness, disability, or death, and any affiliate of that person or entity, shall not disclose individually identifiable information concerning the health of, or the medical or genetic history of, a customer, as specified, for use with regard to the granting of credit. Because a violation of the bill's provisions would be a crime, this bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 279 (SB 1395) Monteith. Real Estate Commissioner: subdivided lands.

(1) Existing law provides for the regulation of real estate transactions by the Real Estate Commissioner, including subdivided lands transactions.

This bill would exclude from these provisions the proposed sale or lease of 5 or more lots, parcels, or other interests in a subdivision or the sale of one or more lots or parcels in a subdivision where the lot or lots, or parcel or parcels, are intended to be subdivided into 5 or more lots or other interests, as specified, provided that specified conditions are met, and would exclude the proposed sale or lease of lots or other interests in a subdivision in which the lots or other interests are limited to commercial or industrial uses by zoning or are limited to that use by a declaration of covenants, conditions, and restrictions, which declaration has been recorded, as specified.

(2) Existing law also exempts specified sales or leases of lots or other subdivision interests from the filing of a specified public report with the Department of Real Estate and authorizes the Real Estate Commissioner to prescribe filing fees by regulation in connection with applications to the department pursuant to these provisions.

This bill would authorize a person who plans to offer for sale or lease lots or other interests in a subdivision that are exempt from these provisions to submit an application, along with any required supporting documentation, to the commissioner requesting review of the declaration, and would require the commissioner to notify the applicant of any deficiency or inadequacy in the declaration within 60 days of its receipt or the declaration is deemed approved. The bill would also require notice to an applicant that a revised declaration, following the first notice of deficiency or inadequacy, is deficient or inadequate within 30 days of receipt and would require the commissioner, upon approval of the filing, to give notice to the applicant. The bill would also provide that the declaration is approved for a subsequent notice of intent filing for any public report for the subdivision identified in the application, as specified, and would authorize the commissioner to charge a filing fee to review a declaration not to exceed \$200.

Ch. 280 (SB 1500) Burton. Insurers: unfair practices.

Existing law provides for the licensing and regulation of insurers by the Insurance Commissioner. Existing law prohibits various unfair methods of competition and unfair or deceptive acts or practices in the business of insurance, allows the commissioner to issue and serve upon any person engaging in that business an order to show cause in that regard, and provides certain judicial remedies, as specified.

This bill would require the order to show cause to specify the reason why the method of competition is alleged to be unfair or the act or practice is alleged to be unfair or deceptive.

Ch. 281 (SB 1549) Poochigian. Education: school personnel: medication.

(1) Existing law requires the State Department of Education and the State Department of Health Services to jointly adopt regulations concerning the assistance of individuals with exceptional needs by qualified health and school personnel.

The bill would require the State Department of Education to review and make recommendations to the state board regarding any needed updates to these regulations on or before June 15, 2001.

(2) Under existing law, any pupil who is required to take, during the regular school day, medication prescribed by a physician, may be assisted by the school nurse or other designated school personnel if the school district receives written instructions from the

prescribing physician and written permission from the pupil's parent or legal guardian to have the school administer the medication.

This bill would require the State Department of Education to develop and recommend to the State Board of Education, and the board to adopt, on or before June 15, 2001, regulations concerning the administration of medication to public school pupils pursuant to those provisions, in consultation with specified representatives and would prescribe related matters.

Ch. 282 (SB 1597) O'Connell. Harbors and ports.

(1) Existing law prohibits cities, counties, and districts that have received funds for the construction or improvement of small craft harbors of refuge from excluding the use of those harbors by commercial boats.

This bill, additionally, would prohibit those cities, counties, and districts from excluding the use of those harbors by any vessel in need of a safe harbor for refuge purposes. The bill would define "harbor of safe refuge" for purposes of the bill, and would designate certain harbors in the state as harbors of safe refuge. To the extent the bill would impose new duties on entities of local government, the bill would impose a state-mandated local program.

The bill would require each vessel entering and using a harbor of safe refuge to pay the published fees for services rendered while in the harbor and to comply with all other applicable local, state, and federal laws while in the harbor and while using any facilities in the harbor.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 283 (SB 1733) Knight. Pupil and personnel health.

Existing law authorizes a school district or school to provide a comprehensive program in first aid or cardiopulmonary resuscitation pursuant to stated guidelines. Existing law requires a teacher to participate in 150 hours of professional growth over a 5-year period to maintain a clear teaching credential.

The bill would authorize, as of January 1, 2001, an individual program of professional growth to include a course in first aid that meets or exceeds the standards established by the American Heart Association, the American Red Cross, or the Emergency Medical Services Authority. The bill would provide that the first aid course may count toward the 150-hour professional growth requirement.

The bill would incorporate additional changes in Section 44277 of the Education Code, proposed by AB 1945, to be operative only if AB 1945 and this bill are both chaptered and become effective on or before January 1, 2001, and this bill is chaptered last.

Ch. 284 (SB 1736) Rainey. Unidentified bodies and human remains: coroners.

Existing law requires a coroner to conduct a postmortem examination or autopsy under certain circumstances and, under all other circumstances, permits a coroner, at his or her discretion, to take possession of the body and make or cause to be made a postmortem examination or autopsy. Existing law also authorizes a coroner or medical examiner to engage the services of a dentist to assist in the identification of a body or human remains.

This bill would require any postmortem examination or autopsy conducted at the discretion of a coroner upon an unidentified body or human remains to include specified procedures, including a dental examination, and the preparation of a final report of investigation containing specified information for submission to the Department of Justice. These procedures would also include a prohibition on the cremation or burial of an unidentified deceased person until specified samples are retained from the remains for

possible future identification, and the retention of those samples for one year after a positive identification is made, and no civil or criminal challenges are pending, or indefinitely.

This bill would also require any law enforcement agency investigating the death of an unidentified person to report the death to the department no later than 10 days after the body or human remains were discovered. The imposition of this requirement on local agencies would create a state-mandated local program.

Existing law requires the Department of Justice to compare and retain dental examination records that coroners and medical examiners send to the department.

This bill would also require the department to compare and retain the final report of investigation that coroners, under specified circumstances, send to the department.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 285 (SB 1779) Johnston. California State University.

(1) Existing law establishes the California State University and its various campuses under the administration of the Trustees of the California State University. The existing State University Revenue Bond Act of 1947 authorizes the trustees, among other things, to utilize the proceeds of various fees, rents, or other charges, including fees relating to the construction of student body centers, parking and other transportation facilities, and student health facilities, and fees charged for extension programs and other self-supporting instructional programs, as a revenue source to repay bonds issued by the trustees to fund the construction of these facilities. The proceeds of these fees, rents, and other charges are continuously appropriated to the trustees for their respective purposes.

This bill would authorize the trustees to pledge revenues from each of these prescribed fees, rents, or other charges to fund the construction of all facilities authorized to be constructed under the bond act. To the extent that this bill would authorize the trustees to expend the proceeds of these fees, rents, and other charges for new purposes, the bill would constitute an appropriation. The bill would also authorize the trustees to prescribe student housing rental rates and fees, and to pledge revenues from these fees and charges for the purposes of the bond act.

(2) Existing law authorizes the trustees to prescribe a fee to provide for the acquisition, construction, and improvement of student health facilities, and requires that all capital outlay projects in excess of \$65,000 to be constructed with revenue from this fee be approved by the Legislature.

This bill would delete the requirement that these capital outlay projects be approved by the Legislature.

(3) Existing law requires that any revenue from fees for health services and health facilities maintenance collected by the Trustees of the California State University in the 1993–94 and 1994–95 fiscal years be deposited in the State University Facilities Revenue Fund and appropriated for operation of student health centers.

This bill would delete this provision.

(4) The bill would make nonsubstantive technical and conforming changes in various provisions of law relating to the fiscal affairs of the California State University.

Ch. 286 (SB 1843) Solis. Special education.

(1) Existing law prohibits state funds from being allocated to offset any federal funding intended for individuals with exceptional needs and withheld from a local educational agency due to the agency's noncompliance with federal law.

This bill would authorize the Superintendent of Public Instruction to withhold, in whole or in part, state funds or federal funds allocated under the Individuals with Disabilities Education Act from a district, special education local plan area, or county office after reasonable notice and opportunity for a hearing if the superintendent makes certain findings regarding noncompliance with state and federal law on special education and failure to implement the decision of a due process hearing officer regarding noncompliance with state or federal law on special education. The bill would authorize the superintendent to apportion the state or federal funds withheld if the superintendent determines substantial progress toward compliance is being made. The bill would exempt the State Department of Education from laws regarding public contracts in order to enter into contracts with local education agencies to serve certain individuals with special needs.

(2) Existing law requires the Superintendent of Public Instruction to send a notice to each member of the governing board of a local education agency within 30 days of the superintendent's receipt of notification by the federal government that a local education agency is not in compliance with the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973, or when the superintendent determines that the local educational agency is not in substantial compliance with any provision of this part.

This bill would require that the notice be sent to the governing board of each local education agency instead of to each member of that board and would require the notice to be sent when the superintendent determines a local education agency is substantially out of compliance with one or more significant provisions of state or federal law regarding special education or their implementing regulations, fails to comply substantially with corrective action orders issued by the department resulting from focused monitoring findings or complaint investigations, or fails to implement the decision of a due process hearing officer for noncompliance with the law, which noncompliance results in the denial of, or impedes the delivery of, a free and appropriate public education for an individual with exceptional needs.

Ch. 287 (SB 1955) Committee on Public Safety. Public safety.

(1) Existing law deems satisfied the training requirements of a reserve officer who has previously satisfied the training requirements of the Commission on Peace Officer Standards and Training and has been serving as a level I or II reserve officer in a law enforcement agency, even if that reserve officer accepts a new appointment at the same level in another law enforcement agency.

This bill would require a reserve officer to satisfy current training requirements if there has been more than a 3-year break in service. By increasing the duties of local officials, this bill would impose a state-mandated local program.

(2) Existing law authorizes the prosecution and punishment of a person under the age of 18 years as an adult for a criminal offense under specified circumstances upon a finding that the person is not a fit and proper subject to be dealt with under the juvenile court law. Existing statutory language provides that, except as otherwise provided, a person prosecuted under this provision must be sentenced under the juvenile court law unless the district attorney demonstrates by a preponderance of the evidence, that the person is a fit and proper subject to be dealt with under the juvenile court law based upon 5 specified circumstances.

This bill would amend that provision to correct that statutory language by providing that, except as otherwise provided, a person prosecuted under this provision must be sentenced under the juvenile court law unless the district attorney demonstrates by a preponderance of the evidence, that the person is not a fit and proper subject to be dealt with under the juvenile court law as specified.

(3) Existing law provides that when an accusatory pleading is filed in Sierra County, and the defendant is in the custody of Nevada County, the defendant may be arraigned in Nevada County. Existing law also provides for repeal of these provisions on January 1, 2001.

This bill would instead provide that these provisions would be repealed on January 1, 2005.

(4) Existing law specifies that a person who drives a motor vehicle is deemed to have given his or her consent to a chemical test of his or her blood or breath for the purpose of determining the alcoholic content of the blood if lawfully arrested for violating a specified provision of law.

This bill would correct a cross-reference in this provision.

(5) Existing law provides that the court in any noncapital criminal, juvenile court, or civil commitment case shall assign a court reporter who uses computer aided transcription equipment to report all proceedings, as specified.

This bill would delete this assignment requirement imposed upon a court in a noncapital criminal, juvenile court, or civil commitment case and place the requirement instead on the municipal and superior courts in which proceedings are conducted in any case in which a death sentence may be imposed.

(6) This bill would also make numerous technical, clarifying, and nonsubstantive changes to various provisions of the Evidence, Penal, Vehicle, and Welfare and Institutions Codes.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 288 (SB 1962) Costa. Petroleum products: reports.

Existing law requires each refiner of petroleum products to submit monthly information to the State Energy Resources Conservation and Development Commission, including information on feedstock inputs, origin of petroleum receipts, refinery outputs, refinery stocks, and finished product supply and distribution, and each major marketer of petroleum products to report on petroleum and petroleum product receipts, inventories, and distributions.

This bill would require refiners to additionally report on imports and exports of petroleum products, including the sale of gasoline sold "unbranded" by the refiner, blender or importer. The bill would also require marketers to report on receipts of finished petroleum products and blendstocks, by type, through branded and unbranded distribution networks, and exports of unfinished petroleum products and blendstocks, by type. The bill would define "unbranded" for these purposes.

Existing law requires the commission to gather, analyze, and interpret the information submitted to it pursuant to the foregoing provisions concerning, among other things, motor fuel prices, and any significant changes in prices charged by the petroleum industry for petroleum or petroleum products sold in California and the reasons for those changes.

This bill would additionally require the commission to gather, analyze, and interpret information submitted to it concerning sales of fuel to unbranded retail markets.

Ch. 289 (SB 2133) Polanco. Law enforcement: complaints of misconduct.

(1) Existing law provides that every person who files any allegation of misconduct against any peace officer, as defined, knowing the allegation to be false, is guilty of a misdemeanor, and requires any law enforcement agency accepting an allegation of

misconduct against a peace officer to require the complainant to read and sign a specified advisory.

This bill would require this advisory to be available in multiple languages. By increasing duties imposed on local law enforcement agencies, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 290 (AB 774) Cardoza. Redevelopment Castle Air Force Base.

Existing law designates the Castle Joint Powers Authority as the local base reuse entity for Castle Air Force Base and creates the Castle Joint Powers Redevelopment Agency for redevelopment of the Castle Air Force Base project area.

This bill would designate instead the County of Merced as the local base reuse authority for Castle Air Force Base, and repeal the provisions of law creating and setting forth the powers of the Castle Joint Powers Redevelopment Agency as the redevelopment agency for the Castle Air Force Base project area.

Ch. 291 (AB 1493) Nakano. Recording documents: restrictive covenants.

(1) Existing law authorizes any person holding an interest in property to request that the county recorder remove specified unlawful restrictive covenant language contained in a declaration, governing document, or deed associated with that property pursuant to specified provisions and requires the county recorder, title insurance company, escrow company, real estate broker, real estate agent, or association that provides the specified document to any person to place a cover page or stamp in at least 20-point boldface type that contains a specified statement if the document includes such a restrictive covenant.

This bill would require that the specified statement be in 14-point boldface type and would revise the statement to include a provision stating that lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. The bill would also delete that part of the statement that authorizes the county recorder to remove the restrictive covenant language upon the request of any person who holds any interest in the property.

(2) Existing law also authorizes any person holding an interest in property that is the subject of any recorded document to require the county recorder to remove any blatant racial restrictive covenant contained in the document upon application pursuant to specified procedures.

This bill instead would provide a new procedure whereby any person who holds an ownership interest of record in the property may apply in writing to the Department of Fair Employment and Housing for a determination of whether a restrictive covenant violates the fair housing laws and is void. The bill would also require the department to process the application within 90 days and provide the applicant with a specified written statement, and would authorize the applicant to strike out the void restrictive covenant and have the modified document recorded.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 292 (AB 2182) Mazzoni. Bidding procedures: alternative bids.

Existing law establishes procedures for competitive bidding of certain contracts by public entities, and permits designated state officials to approve cost estimates that contain additions to or deletions from the base bid.

This bill would revise procedures affecting state contracts to prescribe procedures for determining the lowest bidder if additions or deletions from the base bid are considered. The bill would also authorize local agencies and the Trustees of the California State University to include alternatives that may be added to or deleted from the final bid award for a project, and would specify how those alternatives shall be considered in determining who is the lowest responsible bidder.

Ch. 293 (AB 2240) Bates. Prescriptions: electronic transmission.

The Controlled Substances Act regulates, among other matters, the dispensing by prescription of controlled substances, which are classified into schedules, and the Pharmacy Law regulates, among other matters, the dispensing by prescription of dangerous devices and dangerous drugs, which also include controlled substances. Existing law authorizes the electronic transmission of prescriptions for dangerous devices and dangerous drugs, other than those for a Schedule II controlled substance, which includes cocaine, opiates, and other designated substances, and requires that the prescription be reduced to writing as soon as practicable. Under existing law, the violation of these provisions is a crime.

This bill would provide that a pharmacy receiving an electronic transmission prescription is not required to reduce the prescription to writing or to hard copy form as long as the pharmacy is able to immediately produce a specified hard copy upon request.

The bill would require systems within the pharmacy's computer system to prohibit any changes to or deletions of information stored solely in electronic form unless a correction is made by or with the approval of a pharmacist.

This bill would also authorize prescribers, prescribers' agents, and pharmacists to electronically enter prescriptions and orders, as defined, into a pharmacy's or hospital's computer from an outside location, if permitted by the pharmacy or hospital.

This bill would authorize, with the approval of the California State Board of Pharmacy and the Department of Justice, a pharmacy or hospital to receive electronic data transmission prescriptions and computer entry prescriptions or orders, as described in paragraph (2), for controlled substances in Schedule II, III, IV, or V, if authorized by federal law and in accordance with regulations promulgated by the Drug Enforcement Administration. This bill would also provide that the provisions of paragraph (1) are applicable, upon approval by the board and the department, to the recordation of these prescriptions and orders received by a pharmacy or a hospital.

Because the acts authorized by this bill are subject to specified requirements, the violation of which would constitute a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 294 (AB 2244) Lowenthal. Regulated substances: local agencies.

Existing law requires a city or county that adopts, amends, or repeals an ordinance related to the regulation of regulated substances, as specified, to do so at a public meeting for which notice has been given and to state the reasons for the adoption, amendment, or repeal of the ordinance. Existing law permits a city or county, in addition to giving that notice of a public meeting, to submit a notice to the California Environmental Protection Agency and the agency is required to post that notice on the Internet. Existing law prohibits the agency from implementing the posting of that information until after July 1, 2001, unless otherwise authorized to do so on an earlier date, pursuant to a specified executive order.

This bill would additionally authorize a city or county required to provide that notice to also submit the full text of the ordinance and a summary of any violations of the ordinance to the agency, which would be required to post the text thereof, or a link to the text thereof, on the Internet website of the agency.

Ch. 295 (AB 2407) Machado. State agency contracts: advance payments.

Existing law authorizes specified state agencies that contract with a community-based private nonprofit agency to make advance payments on the contract, subject to specified criteria.

This bill additionally would authorize the Resources Agency to make advance payments to certified local community conservation corps under these provisions.

This bill would incorporate additional changes in Section 11019 of the Government Code proposed by AB 2876, that would become operative only if AB 2876 and this bill are both enacted and become effective on or before January 1, 2001, and this bill is enacted last.

Ch. 296 (AB 2488) Baldwin. Hazardous materials: business plans.

(1) Existing law requires a business handling specified amounts of hazardous materials to submit an inventory and a business plan to the local administering agency, for review by the administering agency. A violation of the requirements imposed upon handlers of hazardous materials is a crime.

This bill would authorize an administering agency, with the written concurrence of the local fire chief, to require a handler to submit only the inventory, a list of emergency contacts, a site plan, and a certification that the handler has prepared a complete business plan that meets those business plan requirements, in lieu of the submission of a business plan, and would require the handler to maintain the complete business plan at the site where the inventory is stored. The bill would require an administering agency that elects to impose this requirement to review the remaining components of the business plan during its periodic inspections of the handler and would require the handler to annually submit a specified certification form to the administering agency.

This bill would impose a state-mandated local program by creating a new crime regarding the handling of hazardous materials.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 297 (AB 2552) Bates. Urban water supply planning.

(1) Existing law requires each urban water supplier to prepare and adopt an urban water management plan to update its plan at least once every 5 years. Existing law requires an urban water supplier to file with the Department of Water Resources a copy of its plan and any amendments to its plan, as prescribed.

This bill would require each urban water supplier to notify any city or county within which the supplier provides water supplies that the urban water supplier will be reviewing the plan and considering changes to the plan and to file copies of its plan, and the amendments to its plan, with any city or county within which the supplier provides water supplies, thereby imposing a state-mandated local program by increasing the level of services. The bill would authorize the urban water supplier to consult with, and obtain comments from, any city or county that receives notice of the supplier's review of its plan. The bill would require the urban water supplier to notify a city or county within which it provides water supplies with regard to the time and place of a hearing relating to the adoption of an urban water management plan.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 298 (AB 2693) Committee on Agriculture. The Dairy Council.

(1) Existing law creates the Dairy Council of California consisting of not less than a specified number of members who must be residents of this state.

This bill would delete the requirement that the members be residents of this state. This bill would also increase the per diem of members from \$10 to \$100.

(2) Existing law provides that the Secretary of Food and Agriculture, upon recommendation of the council, shall establish and announce the fees for milk used in class 1 and for all other uses to be paid by producers, producer-handlers, and handlers for the coming fiscal year. Under existing law, the fees established by the secretary shall not exceed a maximum rate to be determined, as specified.

This bill would change the maximum rate of fees determined by the Secretary of Food and Agriculture as specified for class 1 milk and all other usages of milk.

(3) Existing law requires the Secretary of Food and Agriculture to have a public hearing and, if appropriate, a referendum of the producers, produce handlers, and handlers of class 1 milk, each 4 years to determine whether the dairy council program should continue. Existing law also provides a system for winding-up the affairs of the council if the results of the referendum indicate that the program should be discontinued.

This bill would require the Secretary of Food and Agriculture to comply with these provisions and hold the public hearing or referendum procedure each 5 years.

Ch. 299 (AB 2906) Committee on Insurance. Unemployment or disability compensation: benefit overpayment obligations: job training.

(1) Existing law requires the Controller to offset specified financial obligations, listed in order of priority, against the amount of a personal income tax refund. Existing law allows, as a 5th offset priority, the offset against a personal income tax refund of an unemployment or disability insurance benefit overpayment. If a signed reimbursement agreement exists for any such overpayment, existing law allows the offset only if 2 consecutive payments under that agreement are delinquent as of September 30.

This bill would modify this provision to instead allow the offset if 2 consecutive payments under a reimbursement agreement are delinquent at any time.

(2) Existing law provides, until January 1, 2001, for retraining benefits for individuals receiving unemployment compensation benefits.

This bill would make certain technical and clarifying changes in those provisions. This bill would also extend the provision of those retraining benefits until January 1, 2005.

Ch. 300 (SB 1352) Alpert. Children: youth pilot program.

Existing law authorizes designated participating counties to establish a child and family interagency coordinating council to implement various aspects of a pilot program. Under the pilot program, various children's services funds may be transferred to a designated county fund for specified services for children and families.

Existing law requires the programs to be implemented on January 1, 1995, July 1, 1995, or January 1, 1996, and terminates the programs on July 1, 2002.

This bill would extend the duration of the programs until July 1, 2004. The bill would require counties participating in the extended pilot program to submit updated strategic plans not later than March 31, 2001.

Existing law requires the Governor to be responsible for certain duties with respect to the administration, implementation, and evaluation of the pilot program.

This bill would transfer these responsibilities for the pilot program to the California Health and Human Services Agency and would add to those responsibilities.

Existing law requires that an evaluation of the pilot programs be conducted by an independent organization, only if nonstate funds are made available for this purpose.

This bill would require the evaluation to consist of a specified baseline and a final report and delete the condition that nonstate funds be made available for this purpose.

Ch. 301 (SB 1454) Chesbro. Veterans' homes: residents' rights.

Existing law provides for the creation and operation of veterans' homes where aged and disabled veterans and their spouses may live. The homes are under the management and control of the Department of Veterans Affairs, and supervised by one administrator for each home site. The administrator may make rules and regulations governing the admission of applicants and conditions upon which veterans may reside in the homes.

This bill would establish the right of veterans residing in a veterans' home to complain to the administrator about home accommodations and services without fear of reprisal. The bill would require the administrator to inform residents of this right and to post a notice of the right in the homes.

Existing law provides for a Morale, Welfare, and Recreation Fund to be used for the general welfare of the residents of veterans' homes. The moneys in the fund may not be used for specified purposes, including medical treatment for which reimbursement is available from other sources and any function, operation, or activity that has an alternative source of funding.

This bill would revise these provisions to provide that the fund may not be used for medical or related treatment, and would delete the provision relating to expenditures for any function, operation, or activity that has an alternative source of funding. The bill would also revise provisions related to General Fund appropriations related to the fund.

Existing law requires the administrator of the veterans' homes to provide an annual report for all moneys deposited into the fund and all expenditures from the fund. The report must be submitted to the Secretary of the Department of Veterans Affairs, the fiscal committees of the Assembly and the Senate, and the committees of each house having jurisdiction over veterans affairs.

This bill would require that the administrator's annual report also be provided to the Veterans' Home Allied Council.

Ch. 302 (SB 1476) Peace. San Diego Unified Port District.

Existing law authorizes the establishment of the San Diego Unified Port District for the acquisition, construction, maintenance, operation, development, and regulation of harbor works and improvements for the harbor of San Diego and for the promotion of commerce, navigation, fisheries, and recreation. Existing law specifies the territory to be included within the district.

This bill, except as specified, would grant and convey in trust to the San Diego Unified Port District in the County of San Diego all the right, title, and interest of the State of California acquired and held by the state pursuant to specified deeds. The bill would provide that the lease of the lands being conveyed from the State Lands Commission to the district shall terminate on January 1, 2001.

Ch. 303 (SB 1479) Figueroa. Midwives: authorized practices: birth certificates.

Under existing law, licensed midwives are required to make specified disclosures to a client regarding the supervising physician's role. A violation of the licensing statutes for midwifery is a misdemeanor.

This bill would expand the disclosures that are required to be made to a client by a licensed midwife, and by adding to these provisions, this bill would create new crimes and thereby would impose a state-mandated local program.

Existing law also requires, with respect to a live birth occurring outside of a hospital, that the physician in attendance, or in the absence thereof, either of the parents, prepare and register the birth certificate.

This bill would require a professionally licensed midwife in attendance at a live birth outside the hospital, where no physician is present, to prepare and register a birth certificate. This bill would also make these provisions applicable to live births that occur outside a state-licensed alternative birth center, as defined.

The bill also would make legislative findings and declarations regarding childbirth and midwives.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 304 (SB 1717) Chesbro. California Veterans Board.

Under existing law, the California Veterans Board consists of 7 members.

This bill would require one member to be a resident of a California veterans home.

Ch. 305 (SB 1764) Chesbro. Health care: alcohol and other drug abuse.

Existing law requires health care service plans regulated under the Knox-Keene Health Care Service Plan Act of 1975 and specified disability insurers to provide for the treatment of alcoholism under terms and conditions as may be agreed upon. Existing law makes a violation of the Knox-Keene Health Care Service Plan Act of 1975 a crime.

This bill would require the Legislative Analyst to review existing data relating to the cost effectiveness of substance abuse treatment parity in health care service plans and disability insurance policies and to report to the Legislature its findings in this regard as well as other information, as specified, pertaining to substance abuse treatment services offered by health care service plans and disability insurance policies. This bill would also require the Legislative Analyst to review information on private resources and organizations statewide that provide alcohol and drug treatment services and to report its findings to the Legislature.

Ch. 306 (SB 1775) Johannessen. Stockponds.

Existing law provides for the appropriation of water by filing an application with the State Water Resources Control Board. Existing law provides that the owner of any dam or water impoundment structure constructed prior to January 1, 1969, meeting certain requirements, has a valid water right for the use of water for livestock watering and other prescribed purposes, if that person files a claim of water right with the state board not later than December 31, 1997.

This bill would authorize any person to obtain a right to appropriate water for a livestock stockpond use, as defined, upon registering the use with the board, as prescribed, payment of a registration fee of \$100, and application of the water to reasonable and beneficial use with due diligence. The bill would provide a procedure for protesting the approval of a registration. The bill would allow a registrant to maintain more than one registration if stockponds subject to registration do not exceed the ratio of one per 50 acres. The bill would provide for the renewal of the registration prior to the expiration of each 5-year period following completed registration.

Ch. 307 (SB 2197) Soto. Home purchase assistance.

The Roberti-Greene Home Purchase Assistance Program, administered by the California Housing Finance Agency, requires (1) that the amount of home purchase assistance not exceed the amount necessary to make the total debt financing affordable to eligible households, (2) that the principal and interest that is due be reduced if the proceeds of a sale are insufficient to reimburse the original downpayment, and (3) that not more than 50% of the assistance be provided for homes not previously occupied.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would repeal requirements (1) and (2) above, and recast requirement (3) as an expression of the intent of the Legislature.

Ch. 308 (AB 602) Florez. Farm labor vehicles.

(1) Existing law prohibits a person driving a pickup truck or a flatbed motortruck on a highway from transporting any person in or on the back of the truck, or from riding in or on the back of a truck or flatbed motortruck being driven on a highway, but specifies that those provisions do not apply if the person in the back of the truck is being transported in an enclosed camper or camper shell that prevents the person from being discharged.

This bill would delete the exemption to that prohibition for persons being transported in an enclosed camper or camper shell, thereby expanding the scope of an existing crime and creating a state-mandated local program. The bill would also exempt any person transporting one or more persons in the back of a truck or flatbed motortruck owned by a farmer or rancher, if that vehicle is used exclusively within the boundaries of lands owned or managed by that farmer or rancher, including the incidental use on a highway, as provided.

(2) Existing law requires the Department of the California Highway Patrol to adopt regulations designed to promote the safe operation of farm labor vehicles, as described, including, vehicular design, equipment, passenger safety, and seating. Existing law also prohibits any person from driving any farm labor vehicle, as described, unless there is displayed therein a specified certificate issued by the department stating, among other things, that the vehicle complies with applicable regulations relating to construction, design, and equipment.

This bill, until January 1, 2007, would exempt from the seatbelt and certificate requirements a farm labor vehicle that meets a specified definition in the Vehicle Code relating to buses, meets all state and federal standards for safety and construction, and is not currently required to have seatbelts. The bill would require that, on or after January 1, 2007, any farm labor vehicle that meets those specified conditions be equipped at each passenger position with a seatbelt assembly, as specified, unless exempted from this requirement under certain regulations promulgated by the department.

The bill, on and after March 31, 2002, would prohibit any person from being transported in a farm labor vehicle that does not have all passenger seating positions in compliance with specified federal regulations, and would prohibit any person from installing a seat or seating system in a farm labor vehicle unless that seat or seating system is in compliance with specified federal regulations.

The bill would require all cutting tools or tools with sharp edges carried in the passenger compartment of a farm labor vehicle to be placed in securely latched containers that are firmly attached to the vehicle and would require all other tools, equipment, or materials carried in the passenger compartment to be secured to the body of the vehicle to prevent their movement while the vehicle is in motion. The bill would prohibit these tools, equipment, or materials from obstructing an aisle or emergency exit.

Because a violation of these prohibitions would be a crime, the bill would impose a state-mandated local program by creating new crimes.

(3) Existing law excludes from the definition of "farm labor vehicle" in the Vehicle Code any vehicle operated under specific authority granted by the Public Utilities Commission or under specific authority granted to a transit system by an authorized city or county agency.

This bill, notwithstanding the specified exclusion, would require any vehicle owned or operated by or for a public transit system that is purchased with specified funds and is used to transport farmworkers for any farmworker transportation program to comply with specified farm labor vehicle provisions and regulations relating to annual farm labor vehicle inspection and certification, seatbelt installation, illumination of headlamps, and storage and securing of tools in passenger compartments. Because a violation of this requirement would be a crime, the bill would impose a state-mandated local program by creating a new crime.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 309 (AB 1470) Cardoza. Food banks.

Federal law generally creates the Emergency Food Assistance Program, which is run locally by the State Department of Social Services to distribute commodities donated by the United States Department of Agriculture and fresh and packaged produce donated by California's food growers, packers, and processors. Existing California law creates the Emergency Food and Assistance Advisory Board to assist in operating this program.

This bill would appropriate \$575,000 from the General Fund to the Department of Social Services for allocation to the Emergency Food and Assistance Program, in augmentation to specified funds appropriated in the Budget Act of 2000, to help mitigate the impact of the Tri-Valley Growers Association bankruptcy and for the Emergency Food and Assistance Program to continue to accept, transport, and distribute United States Department of Agriculture commodities and other donated food.

This bill would provide that it is to take effect immediately as an urgency statute.

Ch. 310 (AB 1727) Reyes. Crime prevention.

Existing law authorizes the Counties of Tulare, Fresno, Kern, Kings, Madera, Merced, San Joaquin, and Stanislaus to develop the Rural Crime Prevention Program, modeled on the Rural Crime Prevention Demonstration Project to be administered as specified until June 30, 2000. Existing law also requires the Legislative Analyst to prepare and submit to the Legislature by December 31, 2000, a detailed cost-benefit analysis of the entire program, and appropriates \$100,000 for this purpose.

This bill would extend the operation of the program until January 1, 2002. The bill would require the Legislative Analyst to instead submit the evaluation by December 31, 2001. The bill would make an appropriation by extending the time period for the expenditure of the \$100,000 appropriation from December 31, 2000, to December 31, 2001.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 311 (AB 1811) Reyes. Taxation: credit: qualified farmworker housing.

The Personal Income Tax Law and the Bank and Corporation Tax Law allow a credit against the taxes imposed by those laws in an amount equal to 50% of the eligible costs of constructing or rehabilitating farmworker housing. The credit is allocated pursuant to the Farmworker Housing Assistance Program by the California Tax Credit Allocation Committee in an amount not to exceed \$500,000 per calendar year.

This bill would apply limitations and allocation provisions set forth in specified provisions of federal law to the amount of the farmworker housing credit allowed to a taxpayer. This bill would make conforming changes to existing authority and exemptions with respect to the adoption of regulations for the implementation of these credits.

This bill would take effect immediately as a tax levy.

Ch. 312 (AB 2306) Florez. Farmworker programs.

(1) Under existing law, the California Rural Health Policy Council in the California Health and Human Services Agency is established to improve access to, and the quality of, health care in rural areas.

This bill would require the State Department of Health Services to review and survey the extent to which agricultural workers and their families utilize those public health programs for which they are eligible, in order to provide improved delivery of services to the families of agricultural workers. The bill would specify the components of the survey, require the department, in conducting the survey, to ensure the full participation of entities that provide services to agricultural workers, and require the department to report the survey results to the

Legislature on or before March 1, 2001, and to submit an implementation plan based on those results to the Legislature on or before December 31, 2001.

(2) Under existing law, the Department of Housing and Community Development is required to develop a statewide farmworker housing assistance plan and related policies, goals, and objectives for inclusion in the California Statewide Housing Plan.

This bill would require that the farm labor housing assistance plan include specified information regarding availability of, and funding for, housing for farm laborers, and other information.

The bill also would require the department to establish a task force to assist in the development of the farm labor housing assistance plan and would require that the plan be developed or revised with the specified information by July 1, 2002.

(3) Existing law requires the Department of Housing and Community Development to establish a Farmworker Housing Grant Program to make funds available to local public entities and nonprofit corporations for the construction or rehabilitation of housing for agricultural employees and their families.

This bill would rename this program as the "Joe Serna, Jr. Farmworker Housing Grant Program" and would also create the "Joe Serna, Jr. Farmworker Family Wellness Program" to provide for the integration of, among other things, family health and other family services to agricultural workers in conjunction with these programs.

The bill would also authorize the department to enter into a memorandum of understanding (MOU) or contract, as specified, with a nonprofit corporation that demonstrates statewide experience, capacity, and capability in designing, financing, and implementing programs for providing housing for agricultural workers and integrating health services with the provision of farmworker housing. The bill would also provide that the department shall not enter into a new MOU or contract or commit additional funding to these programs after January 1, 2004, except as specified.

The bill would require the nonprofit corporation to report to the department and would require the department to report the results of the wellness program to the Legislature on or before December 31, 2002.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 313 (AB 2827) Cardoza. Employment Development Department: Jobs for California Graduates Program.

Existing law provides for various employment development programs administered by the Employment Development Department.

This bill would permit the department to contract with a specified nonprofit organization meeting specified criteria to manage grant programs designed to help eligible at-risk youth complete their secondary education and acquire the skills necessary to successfully transition into the workforce or enroll in postsecondary education.

This bill would appropriate \$500,000 from the General Fund to the department for the purposes of the program, and declare the intent of the Legislature that moneys necessary for funding the program in future fiscal years be appropriated in the annual Budget Act.

Ch. 314 (SB 1343) Monteith. Parole: child abuse.

Existing law requires that whenever a person confined in prison for a violent felony as defined, is to be released upon parole, the parole authority must notify the specified local law enforcement agency and the district attorney, who has jurisdiction in the community where the parolee is to be released. The notice must be made at least 45 days prior to the scheduled release of the inmate and must include specified information relating to the parolee, including the parolee's name, whether the parolee is required to register with local law enforcement, and the community in which the parolee will reside upon release. The agencies receiving notice are authorized to provide written comment to the parole authority responding to the scheduled release and these comments must be considered by the parole authority who is

authorized to modify its decision regarding the community in which the parolee is to be released.

This bill would impose upon the parole authority those same notice requirements whenever a person confined in state prison for specified crimes involving child abuse as specified, or any sex offense specified as being perpetrated against a minor, or as ordered by a court, is scheduled to be released. However, the notice would be required instead, to be given to the immediate family of the parolee who requests that notification and who provides the department with a current address. In addition to the specified information stated above, the required notice also would have to include the parolee's terms of parole.

Ch. 315 (SB 1740) Leslie. Noxious weed management.

(1) Existing law designates the Department of Food and Agriculture as the lead department in noxious weed management. Existing law creates the Noxious Weed Management Account in the Department of Food and Agriculture Fund, and appropriates \$500,000 for 3 specified fiscal years from the General Fund for expenditure by the Secretary of Food and Agriculture, for the purpose of managing and eradicating noxious weeds through local weed management areas, as specified. Existing law requires each weed management area to create a cost-share plan, as specified. Existing law requires the department to establish an oversight committee, with a described membership representation, to monitor the bill's provisions and requires the department to report on or before April 1 of each year, as specified, to the Legislature.

(2) The bill would appropriate \$5,000,000 from the General Fund to the Noxious Weed Management Account, and would specify the purposes for which these funds may be spent. This bill would direct the secretary and weed management areas to consider the use of the California Conservation Corp and local conservation corps in implementing integrated weed management plans. Additionally, this bill would require county agricultural commissioners to submit a cost-share integrated weed management plan with specified goals to aggressively control noxious weeds in order to receive funds from the account. This bill would provide a specified formula and criteria for the distribution of funds from this account to the specified counties. This bill would require that the oversight committee also consider input from county agricultural commissioners and would include among the members of the committee, representatives from local government.

Ch. 316 (AB 1852) Longville. Meyers-Milias-Brown Act.

The Meyers-Milias-Brown Act requires the governing body of a local public agency to meet and confer in good faith regarding wages, hours, and other terms and conditions of employment with representatives of recognized employee organizations. The act permits a public agency, if an impasse has been reached after meeting and conferring in good faith and impasse procedures, where applicable, have been exhausted, to agree upon the appointment of a mediator mutually agreeable to all of the parties.

This bill would permit a public agency that is not required to proceed to interest arbitration to implement its last, best, and final offer, if after meeting and conferring in good faith, an impasse has been reached between the parties, and impasse procedures, where applicable, have been exhausted, but would prohibit the public agency from implementing a memorandum of understanding. The bill would provide that the unilateral implementation of a public agency's last, best, and final offer shall not deprive a recognized employee organization of the right each year to meet and confer on matters within the scope of representation prior to the public agency adopting its budget or as otherwise required by law.

Ch. 317 (AB 2176) Committee on Public Employees, Retirement and Social Security. County employees' retirement: member contributions: cost-of-living increases.

The County Employees Retirement Law of 1937 generally provides that contributions shall not be deducted from the salary of a member who has 30 years of service credit, if the member was a member on March 7, 1973. In 3 specified counties, the board of supervisors may elect to discontinue those deductions for any member who has 30 years of service credit.

This bill would authorize the board of supervisors in any county subject to that law to elect to discontinue those deductions for any member who has 30 years of service credit.

The County Employees Retirement Law of 1937 provides that the development of cancer by a safety member, a firefighter member, or a member in active law enforcement, as specified, shall be presumed to arise out of and in the course of employment. Existing law provides a definition of known carcinogen, for the purpose of the above provision, and provides that this presumption extends beyond the termination of services, as specified. Existing law requires that an application for disability retirement be made within 4 months after discontinuance of service.

This bill would provide that, for the purposes of the above provision, a carcinogenic agent recognized by the Director of the Department of Industrial Relations shall satisfy the definition of a "known carcinogen." This bill would also extend the period for making an application for disability retirement when the presumption extends beyond the termination of service, as specified, and make other technical changes.

The County Employees Retirement Law of 1937 authorizes counties to elect to provide supplemental increases to retirement and death allowances, subject to certain limitations, when the annual increase in the cost of living, as shown by a specified index, exceeds certain amounts.

This bill would authorize those counties to elect to provide an alternative supplemental increase, on a prefunded basis, to retirement and death allowances in those circumstances, subject to specified limitations and conditions, and would make related technical changes.

Ch. 318 (SB 1785) Figueroa. Workers' compensation: data collection: standards.

Existing law requires the administrative director of the Division of Workers' Compensation to develop a cost-efficient workers' compensation information system that is compatible with the Electronic Data Interchange System of the International Association of Industrial Accident Boards and Commissions.

This bill would permit the administrative director to authorize data providers to use other nationally recognized standards for the transmission of data in addition to those set forth in the Electronic Data Interchange System. The bill would also permit the administrative director to adopt regulations to eliminate the use of any authorized data transmission format, including those set forth in the Electronic Data Interchange System format and those authorized by regulation, when the director determines that the format is not in general use by claims administrators, conflicts with the requirements of state or federal law, or is obsolete.

Ch. 319 (SB 2108) Karnette. Campaign statements: electronic filing.

Existing provisions of the Political Reform Act of 1974 require the Secretary of State, in consultation with the Fair Political Practices Commission, to develop an online and electronic system for filing required campaign disclosure statements and reports, and to make all of the data filed available on the Internet, subject to certain exceptions.

This bill would add to those exceptions any bank account number required to be disclosed pursuant to the act.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a $\frac{2}{3}$ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the act, would therefore require a $\frac{2}{3}$ vote.

Ch. 320 (SB 2122) Ortiz. Retirement systems: investments: information sharing.

The California Constitution provides that the retirement boards of public pension or retirement systems have plenary authority over the assets of their respective systems, subject to their fiduciary duties to the systems' members.

This bill would state that the Public Employees' Retirement System and the State Teachers' Retirement System are authorized and encouraged to cooperate and share information that may assist them in developing and implementing appropriate investment strategies, with the advice of investment experts, as specified. It would specify that confidential information or documents relating to investments in the possession of either system would not lose their confidential status due to the fact that the information or documents are shared with the other system or with investment advisors. It also would delete obsolete provisions.

Ch. 321 (AB 393) Scott. Insurance: production agencies.

(1) Existing law prohibits an insurer from transacting insurance in the state unless the insurer has procured a certificate of authority from the Insurance Commissioner. Existing law requires an insurer that has procured a certificate of authority to continue to comply with the requirements as to its business set forth in the Insurance Code and in other laws.

This bill would clarify that continued compliance in this regard includes, but is not limited to, compliance with existing law governing the licensure and operation of production agencies, with regard to employees or contractors who solicit, negotiate, or effect insurance.

(2) Existing law generally prohibits a person from acting as an insurance agent, life agent, insurance broker, or insurance solicitor unless that person holds a valid license issued by the Insurance Commissioner authorizing the person to act in that capacity. Existing law makes it a crime to act in a capacity for which a license is required without a valid license.

This bill would instead prohibit a person from acting in one of those capacities, or from soliciting, negotiating, or effecting contracts of insurance, unless the person holds a valid license authorizing the person to act in that capacity. It would provide that the issuance of a certificate of authority to an insurer does not exempt an insurer from compliance in this regard. By expanding the scope of activities for which a valid license is required, this bill would expand the scope of an existing crime, thereby imposing a state-mandated local program.

(3) Existing law provides that, notwithstanding the prohibition described in (2) above, no license is required for a person to act in certain specified capacities or to engage in certain specified activities, including (i) employment by an insurer at its home or branch office which, among other things, does not include the solicitation or negotiation of insurance, and (ii) employment as a regularly salaried administrative or clerical employee of a licensed fire and casualty broker-agent, where the employee devotes substantially all of his or her services to activities other than the solicitation of insurance from the insuring public.

Existing law provides that these and the other enumerated exceptions to licensure apply only if no commission is paid or allowed, directly or indirectly, for acting in those capacities or engaging in those activities.

This bill would provide for an exception to licensure for employment by an insurer at its home or branch office which, among other things, does not additionally include the effecting of insurance, for employment as a regularly salaried administrative or clerical employee of a licensed fire and casualty broker-agent where the employee's activities do not include the solicitation, negotiation, or effecting of contracts of insurance from the insuring public, and for employment by an insurer where the employee's duties are inspection, processing, investigation, or settling of claims, conducting safety inspections, or accepting or rejecting business from licensed agents or brokers. This bill would also provide for an exception to licensure with respect to officers, directors, or employees of an insurer or producer whose executive, administrative, managerial, or clerical activities are only indirectly related to solicitation, negotiation, or effecting the sale of insurance, as specified. This bill would also provide for an exception to licensure with respect to certain other employees.

This bill would provide that these and the other enumerated exceptions to licensure apply only if no commission is paid or allowed, directly or indirectly, by the insurer, creditor, retailer, or other person for acting in those capacities or engaging in those activities.

(4) Existing law makes no specific provision for the licensure of personal lines broker-agents.

This bill would specifically establish a personal lines broker-agent license for persons who sell automobile insurance, residential property insurance, including earthquake and flood insurance, personal watercraft insurance, and umbrella or excess liability insurance, as specified. It would enact related provisions, including provisions regarding preclicensing and continuing education qualifications and, licensure fees for personal lines broker-agent licensees, and various other matters. This bill would require the Department of Insurance to investigate and implement a system, and report to the Legislature in regard to the system, permitting license fees to be paid electronically by employers on behalf of their employees, as specified. This bill would also establish a credit insurance agent license for organizations that sell specific types of insurance in connection with, and incidental to, a loan or extension of credit other than a loan in excess of \$60,000 relating to or secured by real property where the repayment period does not exceed 10 years. The bill would exempt from general provisions limiting increases in insurance related fees, as specified, the licensure fees for credit insurance agents for the years 2002, 2003, and 2004. The bill would require the sale of credit insurance to be accompanied by specified disclosures to the consumer. This bill would require the Insurance Commissioner to report to the legislature by June 30, 2004, regarding the effectiveness of the bill's provisions regulating credit insurance agents in protecting consumers involved in credit insurance transactions.

(5) This bill would become operative on January 1, 2002, and would require the Insurance Commissioner to adopt as emergency regulations rules to implement the bill's provisions.

(6) This bill would provide that the first-year startup costs incurred by state agencies that are associated with the implementation of this bill shall be reimbursed from the fee revenues authorized by this bill that are received in subsequent years.

(7) By adding new production agency licensure categories, this bill would expand the scope of activities for which a valid license is required, thereby expanding the scope of an existing crime and imposing a state-mandated local program.

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 322 (AB 1098) Romero. Health.

Existing law contains provisions governing the licensure and registration of clinical laboratories, which are administered by the State Department of Health Services.

This bill would make various modifications to these requirements, including the provision of additional grounds for denial, suspension, or revocation of licensure or registration, and exemptions from clinical laboratory provisions relating to the retention of records.

The bill would make it a crime, punishable as specified, to engage in willful or wanton disregard of a person's safety that exposes the person to a substantial risk of, or that causes, serious bodily injury, by affecting the integrity of a biological specimen or a clinical laboratory test or examination result, through improper collection, handling, storage, or labeling of the specimen, or the erroneous transcription or reporting of test or examination results.

The bill would also make it unlawful, and subject to criminal penalties, for any person to: (1) except where exempt, provide any form of payment or gratuity for human blood or any other biological specimen provided for the purpose of clinical laboratory testing or practice, (2) solicit, or provide any form of payment or gratuity to, another person for the procurement of that person's blood or any other specimen from his or her body, or (3) unless authorized

to do so, to perform venipuncture, skin puncture, or arterial puncture to collect a biological specimen.

Existing law authorizes the Attorney General to convene the grand jury to investigate and consider certain criminal matters.

This bill would authorize the Attorney General to convene the grand jury to investigate, consider, and indict for activities subject to penalties under the bill related to defrauding or submitting false information to the Medi-Cal program.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons.

Existing law defines a provider for the purposes of the Medi-Cal program.

This bill would revise the definition of a provider for that purpose.

Existing law provides for the State-Only Family Planning Program, under which family planning services are provided to eligible individuals.

Existing law also establishes the Family Planning Access, Care, and Treatment Waiver Program, as part of the Medi-Cal program.

The bill would enact various provisions relating to billing for Medi-Cal and family planning services, including provisions relating to provider billing agents.

Existing law provides that any person who, with intent to defraud, presents for allowance or payment any false or fraudulent claim for furnishing Medi-Cal program services or merchandise, knowingly submits false information for the purpose of obtaining greater compensation than that to which he or she is legally entitled, or knowingly submits false information for the purpose of obtaining authorization for obtaining Medi-Cal program services or merchandise is guilty of a crime.

This bill would, instead, make it a crime for any person, including a Medi-Cal provider, an applicant for provider status, or a billing agent, to engage in specified activities related to defrauding or submitting false information to the Medi-Cal program, punishable as prescribed.

The bill would also permit, subject to specified requirements, the forfeiture of property of persons engaging in these activities.

Because the bill creates additional crimes, the bill would constitute a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 323 (AB 1983) Kuehl. FAIR Plan: brush hazards.

Existing law provides for the creation of the FAIR Plan, under which all insurers licensed to write basic property insurance participate in an industry placement facility to administer a program for the equitable apportionment among those insurers of basic property insurance for persons who are unable to obtain that coverage through normal channels, as specified. Existing law provides that insurers that voluntarily write basic property insurance in designated brush hazard or inner-city areas will be proportionately relieved of the liability to participate in the FAIR Plan.

This bill would provide that if the reason for imposing a brush surcharge under a FAIR Plan policy is solely because an adjacent property owner is not in compliance with specified brush clearance requirements, the brush surcharge shall instead be imposed on the policy of that adjacent property owner, as specified.

Ch. 324 (AB 1881) Gallegos. Mentally disordered offenders.

(1) Existing law authorizes the placement on outpatient status of persons convicted of a crime and committed to a state hospital or other treatment facility under specified provisions

of law. Time spent on outpatient status pursuant to these provisions is not counted as actual custody and is not credited toward the person's maximum term of imprisonment.

(2) Existing law also requires the community program director of the treatment facility where a person is committed for treatment, to submit to the medical director of a state hospital and to the court, when appropriate, the opinion of the outpatient supervisor that a committed person has regained competence as specified.

This bill would include persons committed to a treatment facility as a mentally disordered prisoner as specified in the above 2 provisions.

(3) Existing law authorizes as a condition of parole, the treatment of a prisoner who has a severe mental disorder, as defined, that is not in remission, as defined, or cannot be kept in remission without treatment. Treatment includes inpatient and outpatient status.

This bill would provide that outpatient status be for a period not to exceed one year and would establish a procedure, after notice and a hearing, to either discharge the person, order the person confined to a treatment facility, or continue the person on outpatient status. The community program director or designee would be required to furnish a report and recommendation to the court and the parties. Upon receipt by the court of a related specified report that recommends confinement or continued outpatient treatment, the court shall direct that person's prior defense counsel to meet and confer with that person to explain the recommendation contained therein. The bill would also direct the court to appoint new counsel for this purpose, if necessary. The bill would provide that after this meeting, both defense counsel and the person on outpatient status shall sign a specified form concerning the person's decision whether to challenge the recommendation and proceed to a jury trial, which shall be returned to the court at least 10 days prior to the described hearing. The bill would also provide for the person's counsel to sign the form on his or her behalf if he or she refuses or is unable to do so, as specified. The bill would require that a jury trial be set for hearing within 60 days of the initial hearing if the person either requests a jury trial or fails to waive his or her right to a jury trial. This bill would also provide that its provisions not be construed to extend the maximum period of parole of a mentally disordered offender. By expanding the grounds for release from commitment to a treatment facility, this bill would increase the duties of local officials and would impose a state-mandated local program.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 325 (AB 2185) Gallegos. Eye pathology screening: newborns.

Existing law provides for the newborn and infant hearing screening, tracking, and intervention program.

This bill would require the State Department of Health Services, on or before June 30, 2002, to adopt the protocol developed by the American Academy of Pediatrics to optimally detect the presence of treatable causes of blindness in infants by 2 months of age. If a protocol is not developed on or before June 30, 2002, the department, in consultation with representatives of the 11-member Newborn Eye Pathology Task Force created by the bill, would establish a protocol to optimally detect the presence of treatable causes of blindness in infants by 2 months of age on or before January 1, 2003. The bill would also provide that if the American Academy of Pediatrics develops a protocol to optimally detect the presence of treatable causes of blindness by 2 months of age after the adoption of the protocol developed by the department, the department would conform its protocol to the protocol adopted by the American Academy of Pediatrics. The bill would specify that any

recommended screening examination would not be conducted on a newborn if a parent or guardian of the newborn objects to the examination on the grounds that the examination conflicts with the religious beliefs or practices of the parent or guardian.

Ch. 326 (AB 2318) Lowenthal. Lindane: prohibition.

Existing law, the Sherman Food, Drug, and Cosmetic Law, contains various provisions regarding the packaging, labeling, and advertising of food, drugs, and cosmetics. Violation of any of these provisions is a crime.

This bill, commencing January 1, 2002, would prohibit any product used for the treatment of lice or scabies in human beings that contains the pesticide Lindane from being used or sold in the state. By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 327 (AB 2546) Jackson. Radon certification guidelines.

Existing law establishes requirements for the certification of radon measurement laboratories, radon testing and consulting specialists, and radon mitigation contractors. In this connection, existing law incorporates various guidelines of the National Radon Measurement Proficiency Program of the federal Environmental Protection Agency, which are adopted as state standards. Violation of these provisions is a misdemeanor.

This bill would revise and recast these provisions. It would prohibit any person from providing radon services, as defined, for the general public, or represent or advertise that he or she may provide radon services unless that person has met specified certification requirements. The bill would require the State Department of Health Services to maintain a list of persons that have submitted proof of certification which would be available to the public. By changing the definition of a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 328 (AB 265) Davis. Electrical restructuring: electric bills: bill stabilization.

(1) Existing law restructuring the electrical industry establishes a process for the recovery by specified electrical corporations of certain uneconomic costs during a transition period that began on January 1, 1998, and ends for an electrical corporation on the earlier of March 31, 2002, or the date that the electrical corporation fully recovers its uneconomic costs. Existing law imposes during the transition period a rate freeze and a rate reduction, as prescribed, to remain in effect until March 31, 2002, unless the electrical corporation fully recovers its uneconomic costs at an earlier date. The San Diego Gas and Electric Company has recovered all uneconomic costs subject to existing law, and, pursuant to a decision of the Public Utilities Commission, is no longer subject to the rate freeze and rate reduction. An existing order of the commission adopts a bill stabilization plan for certain customers of the company.

This bill would require the commission to establish a ceiling of 6.5¢ per kilowatt hour on the energy component of electric bills for residential, small commercial, and lighting customers of the San Diego Gas and Electric Company, through December 31, 2002, retroactive to June 1, 2000, as prescribed. The bill would require the commission to establish an accounting procedure to track and recover reasonable and prudent costs of providing electric energy to retail customers unrecovered through retail bills due to the application of that ceiling. The bill would require the commission to establish a voluntary program for large

commercial, agricultural, and industrial customers who buy energy from the San Diego Gas and Electric Company to set the energy component of their bills at 6.5¢ per kilowatt hour with a true-up after a year. The bill would require the commission to institute a proceeding to examine the prudence and reasonableness of the San Diego Gas and Electric Company in the procurement of wholesale energy on behalf of its customers, and to issue orders it determines to be appropriate affecting the retail rates of San Diego Gas and Electric Company customers if it makes a specified finding. Since a violation of a decision or order of the commission is a crime, this bill would impose a state-mandated local program by creating new crimes.

The bill would declare that, due to the special circumstances surrounding the San Diego Gas and Electric Company, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution, and the enactment of a special statute is therefore necessary.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) The bill would become operative only if AB 970 of the 1999–2000 Regular Session is enacted and becomes operative on or before January 1, 2001.

(4) The bill would declare that it is to take immediate effect as an urgency statute.

Ch. 329 (AB 970) Ducheny. Electrical energy: thermal powerplants: permits.

Existing law provides for the restructuring of California's electric power industry so that the price for the generation of electricity is determined by a competitive market.

Under existing law, air pollution control districts, air quality management districts, and the State Energy Resources Conservation and Development Commission issue permits for the operation of powerplants.

This bill would authorize those districts to issue a temporary, expedited, consolidated permit for a thermal powerplant if specified conditions are met, and would require the commission to establish a process for the expedited review of applications to construct and operate powerplants and thermal powerplants and related facilities.

This bill would require the Public Utilities Commission to identify and undertake certain actions to reduce or remove constraints on the electrical transmission and distribution system, and adopt specified energy conservation initiatives and undertake efforts to revise, mitigate, or eliminate specified policies or actions of the Independent System Operator for which the Public Utilities Commission or Electricity Oversight Board make a specified finding.

The bill would appropriate \$57,500,000 from the General Fund for purposes of the bill. Of that amount, \$5,200,000 would be allocated to fund specified staff resources to implement specified programs at the commission, the agencies, boards, and departments within the California Environmental Protection Agency, and the Resources Agency; \$2,300,000 would be allocated to the Public Utilities Commission to fund specified staff resources, and \$50,000,000 would be allocated to the commission to implement energy conservation and demand-side energy programs.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 330 (AB 1857) Romero. California State University: student body organizations: Gloria Romero Open Meetings Act of 2000.

(1) Existing law establishes the various campuses of the California State University under the administration of the Trustees of the California State University. Existing law also authorizes the establishment of auxiliary organizations, as defined to include student body organizations, in connection with the operations of these campuses, and generally requires these organizations to conduct their business in public meetings. Various provisions of

existing law generally require that the meetings of legislative bodies of state and local agencies be conducted openly, and impose numerous specific requirements in that regard.

This bill would enact the Gloria Romero Open Meetings Act of 2000, which would generally make various specific provisions of the open meeting laws similarly applicable to meetings and other proceedings of the legislative bodies, as defined, of student body organizations of the California State University. The bill would provide that each member of a legislative body who attends a meeting of that legislative body where an action is taken in violation of any provision of the bill, with knowledge that the meeting is in violation of a provision of the bill, is guilty of a misdemeanor. By creating a new crime, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 331 (AB 2060) Steinberg. Federal tax credits: housing: teachers.

Existing law sets forth various findings and declarations of the Legislature with respect to the substantial public benefit served by assistance for housing for lower income families and individuals. Existing law also establishes the California Debt Limit Allocation Committee for the purpose of implementing the unified volume limit for the state on private activity bonds established pursuant to federal law.

This bill would further declare that a substantial public benefit is served by providing federal tax credits or reduced interest rate mortgages to assist teachers, principals, vice principals, and assistant principals who are willing to serve in low performing schools to purchase a home. The bill would authorize the California Debt Limit Allocation Committee to establish the Extra Credit Teacher Home Purchase Program to provide federal mortgage credit certificates and reduced interest rate loans funded by mortgage revenue bonds to eligible teachers, principals, vice principals, and assistant principals who agree to teach or provide administration in a low performing school. This bill also would require that, if the committee establishes this program, it shall report annually to the Legislature the results of the program. It would also make various technical, nonsubstantive changes.

Ch. 332 (AB 2335) Maldonado. Taxation: local agency reorganization.

Existing property tax law requires, when a city, district, or any special zone is created or its boundaries changed, that the levying authority of that entity file a specified statement and map or plat with the relevant county assessors and the State Board of Equalization by December 1 of the year immediately preceding the year in which the assessments or taxes are to be levied.

This bill would extend this deadline to December 31, 1999, with respect to a noncontiguous reorganization completed in 1999 by the City of Santa Maria.

This bill would make legislative findings and declarations as to the necessity for a special statute.

The bill would declare that it is to take effect immediately as an urgency provision.

Ch. 333 (AB 2525) House. Escheat: liability.

Existing law requires the public administrator of a decedent's estate with no beneficiaries to deposit the net proceeds of the estate with the county treasurer for use in the general fund of the county. The county treasurer may release the unclaimed money to any blood relative of either the decedent or the decedent's predeceased spouse, as specified. This payment discharges the county treasurer from any liability.

This bill would authorize the county treasurer to release unclaimed money of \$60,000 or less to the parent who has legal and physical custody of a minor who is a blood relative of

the decedent or the decedent's predeceased spouse, without the need to appoint a legal guardian for the minor.

Ch. 334 (AB 2808) Papan. Shorthand reporting entities.

Existing law provides for the certification and regulation of shorthand reporters and for the regulation of shorthand reporting corporations by the Court Reporters Board. Under existing law, shorthand reporting corporations are professional corporations, governed generally under the Moscone-Knox Professional Corporations Act, that render professional services through certified shorthand reporters.

This bill would allow the board between January 1, 2001, and July 1, 2002, to examine, evaluate, and investigate complaints against shorthand reporting entities, as defined, for the purpose of determining the necessity to register these entities and would require the board to report its findings in this regard to the Legislature, as specified. This bill would provide that these provisions shall remain in effect only until January 1, 2004.

Ch. 335 (SB 1380) Escutia. Los Angeles Unified School District.

Existing law prescribes the procedures to be followed for the reorganization of a school district.

This bill would require the Superintendent of Public Instruction to enter into a contract with an independent contractor for the purpose of conducting a study to determine the feasibility of reorganizing the Los Angeles Unified School District, as specified, and would require the superintendent to provide his or her findings to the Legislature on or before January 1, 2002.

The bill would appropriate \$100,000 from the General Fund to the Superintendent of Public Instruction for that purpose.

Ch. 336 (AB 1778) Lowenthal. Motor vehicle replacement parts.

Existing law requires automotive repair dealers to record all service, labor, and prices on a written invoice, and requires that the customer authorize the repair dealer to perform the work before work may be done or charges may accrue. A violation of these requirements is punishable as a misdemeanor.

This bill would require the repair dealer to include in the written invoice a notice of whether any crash parts are original equipment manufacturer or nonoriginal equipment manufacturer aftermarket crash parts.

Because a violation of the bill's requirements with respect to the invoices and written estimates provided by automotive repair dealers would be a crime, this bill would impose a state-mandated local program by expanding the definition of an existing crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 337 (AB 1871) Runner. Highways: high-occupancy vehicle lanes: State Highway Route 14.

Existing law authorizes the Department of Transportation and local authorities, with respect to highways under their respective jurisdictions to authorize exclusive or preferential use of highway lanes for high-occupancy vehicles. When those exclusive or preferential use lanes are established and double parallel solid lines are in place to the right thereof, existing law prohibits any person driving a vehicle from crossing over those double lines to enter into or exit from the lanes, and entrance or exit from those lanes is authorized only in areas designated for these purposes or where a single broken line is in place to the right of the lanes, except as specified.

This bill would prohibit, until June 1, 2002, any high-occupancy vehicle lane from being established on State Highway Route 14 between the City of Santa Clarita and the City of

Palmdale unless that lane is established as a high-occupancy vehicle lane only during the hours of heavy commuter traffic, as determined by the department. The bill would require any existing high-occupancy vehicle lane established at the specified location to be modified to conform with those requirements.

The bill would require the Legislative Analyst to report to the Legislature on the impact to traffic by limiting the use of high-occupancy lanes as provided in the bill.

Ch. 338 (AB 2071) Briggs. Pest control: vertebrate pests.

Existing law, which is to be repealed on January 1, 2001, requires the Secretary of Food and Agriculture to establish and administer a research program to control vertebrate pests that pose a significant threat to the welfare of the state's agricultural economy and the public. Existing law imposes a state-mandated local program by requiring county agricultural commissioners to pay an assessment on the vertebrate pest control materials sold, distributed, or applied by the county for vertebrate pest control purposes. Existing law also establishes the Vertebrate Pest Control Research Account in the Department of Food and Agriculture Fund and continuously appropriates the money in the account to the secretary for purposes of the program. Under existing law, commencing with the 1997 calendar year, the secretary is authorized to set a different level of assessment in the amount necessary to provide revenue for a specified purpose.

This bill would continue that existing law beyond January 1, 2001, by extending that repeal date to January 1, 2006, thereby imposing a state-mandated local program, and continuing in effect a continuously appropriated fund. The bill would limit the sale of vertebrate pest control material to sales by the county commissioner or as authorized by the secretary. The bill also would specify that when the secretary sets a different level of assessment, the new level of assessment may only commence at the beginning of the subsequent calendar year. The bill would make related changes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 339 (AB 2220) Battin. Local agency investments.

Under existing law, funds that belong to, or are in the custody of, a local agency or local agency moneys that are not required for the immediate necessity of the local agency may be invested in any of several specified investments. Existing law permits limited purchases of bankers acceptances that do not exceed 270 days maturity. The purchase of prime quality commercial paper for those instruments is also permitted if the eligible commercial paper does not exceed 180 days maturity.

This bill would revise the maximum maturity periods for those investments to 180 days for bankers acceptances and 270 days for prime quality commercial paper.

Ch. 340 (AB 2607) Knox. Highways: pilot project: contracts.

Existing law authorizes the Department of Transportation to conduct a pilot project to let design-sequencing contracts, as defined, for the design and construction of no more than 6 transportation projects, to be selected by the Director of Transportation.

This bill would increase the number of permissible transportation projects to 12.

Existing law provides that these provisions shall become inoperative on July 1, 2004, and as of January 1, 2005, are repealed.

This bill would delete the July 1, 2004, inoperative date of these provisions and would continue the January 1, 2005, repeal date.

Ch. 341 (AB 2762) Committee on Utilities and Commerce. Common carriers: passenger vehicle operators: annual fee.

The Public Utilities Act requires the Public Utilities Commission to impose a fee on common carriers and related businesses to finance the regulation of those entities by the commission. The act requires the commission to create separate classes for prescribed carriers. The act requires the commission to allocate, within each class of carrier, as defined, and related business subject to the fee, among the members of the class, the amount of the commission's budget to be financed by the fee based on the ratio that each member's gross intrastate revenues bears to the total gross intrastate revenues of the class, except as specified. The act requires the commission to establish uniform fees for every carrier and related business having annual gross intrastate revenues of \$100,000 or less, for every railroad corporation having annual gross intrastate revenues of \$10,000,000 or less, and for commercial air operators and for-hire vessel operators. The act also authorizes the commission to establish a uniform annual fee to be paid by a charter-party carrier of passengers.

This bill would authorize the commission to establish a uniform fee for the passenger vehicle operators class, on a basis other than revenue, including, but not limited to, on a per vehicle basis, in an amount sufficient to support the regulatory activities of the commission for the class and to establish an appropriate reserve.

This bill would provide that nothing in the above-described provision pertaining to the commission's authority to create separate classes restricts the commission from establishing other carrier classes.

Ch. 342 (SB 1825) Kelley. Horse racing: minimum license fees.

Existing law authorizes parimutuel wagering on horse races to be conducted in this state, as specified, subject to regulation by the California Horse Racing Board, and from the amount handled in parimutuel pools requires the deduction and distribution of license fees payable to the state that vary according to the breed of horse being raced, whether the wager is placed at the track of an association or fair, a satellite facility, or an out-of-state betting system, and other factors as specified. Existing law requires that all license fees payable to the state from horse racing be deposited within specified accounts of the Fairs and Exposition Fund, and provides for the distribution of moneys in this fund for various regulatory and general governmental purposes, including continuous appropriations for the benefit of the network of California fairs and transfers to the General Fund, as specified.

This bill would provide that notwithstanding any other provision of law, if the total amount paid to the state by racing associations and fairs pursuant to the Horse Racing Law is less than \$40,000,000 in any calendar year, beginning January 1, 2001, and thereafter, all associations and fairs that conducted live racing during the year of shortfall shall remit to the state, on a pro rata basis according to the amount handled in-state by each association or fair, the amount necessary to bring the total amount paid to the state to \$40,000,000. The bill would provide that amounts due under this section shall be paid from the amount available for commissions, purses, and breeder awards, and shall be paid to the board prior to March 1 of the year following the year of the shortfall.

By imposing a minimum license fee level on the live racing industry as a whole, this bill would increase the amount of continuously appropriated license fees payable to the state, thereby making an appropriation. This bill would also result in a change in state taxes for the purpose of increasing state revenues within the meaning of Section 3 of Article XIII A of the California Constitution, and therefore requires a $\frac{2}{3}$ vote for passage.

Ch. 343 (SB 2035) Committee on Environmental Quality. Hazardous waste management.

(1) Existing law, the Governor's Reorganization Plan No. 1 of 1991, created the California Environmental Protection Agency and transferred the State Air Resources Board, the California Integrated Waste Management Board, the State Water Resources Control Board, and the California regional water quality control boards to the agency. The plan created the Department of Toxic Substances Control in the agency and transferred to that department the toxic substances control program from the State Department of Health Services.

This bill would make various statutory changes to conform to the changes made by the plan.

(2) Existing law defines the term "storage facility" for purposes of the hazardous waste control laws as including, among other types of facilities, a facility where hazardous waste is stored for specified periods of time. A violation of the hazardous waste control laws is a crime.

This bill would specify when the period of time begins with regard to the accumulation of specified types of hazardous waste. The bill would also make conforming changes to the definition of consolidation site.

(3) Existing law defines the term "treatment" for purposes of the hazardous waste control laws. This bill would exclude, from that definition of "treatment," combinations of specified chemicals used to disinfect medical devices.

(4) Existing law exempts certain wastes containing silver or silver compounds from the hazardous waste control laws.

This bill would provide that the exemption for wastes containing silver and silver compounds does not exempt other wastes due to the presence of other constituents or other waste characteristics.

(5) Existing law establishes procedures for a land use decision by a local agency concerning a hazardous waste facility project, as defined. The department is required to review for completeness each application for a hazardous waste facilities permit and to notify the applicant within 60 days of receipt whether the application is complete.

This bill would decrease to 30 days the time in which the department is required to make that notification to an applicant.

(6) Existing law requires hazardous waste facilities to operate under hazardous waste facilities permits issued by the department. The existing Wright-Polanco-Lempert Hazardous Waste Treatment Permit Reform Act of 1992 requires the department to adopt regulations for series A, B, and C standardized permits for offsite non-RCRA hazardous waste treatment or storage facilities. Existing law exempts facilities engaging in treating solvents or thermal destruction from eligibility for a standardized permit.

This bill would exempt, from the treatment or thermal destruction that is ineligible for a standardized permit, the incidental destruction of small amounts of nonmetal constituents in a unit that recovers precious metals, as specified.

(7) The existing Hazardous Waste Source Reduction and Management Review Act of 1989 requires specified generators of hazardous waste to maintain certain plans and reports with regard to hazardous waste reduction practices. The act authorizes the department to request, from any generator subject to the act, a copy of the generator's source reduction evaluation review and plan, which is required to include information regarding certain hazardous waste streams.

This bill would revise the types of hazardous wastes required to be included in the review and plan.

(8) The bill would make conforming and related changes.

(9) Since a violation of the bill's requirements would be a crime pursuant to other provisions of law, the bill would impose a state-mandated local program.

(10) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 344 (SB 2185) Soto. Vehicles: warning signs.

Existing law regulates commercial vehicles engaged in vending upon a street.

This bill would require any ice cream truck, as defined, to be equipped at all times while engaged in vending in a residential area with signs, as prescribed. The bill would prohibit a person from vending from an ice cream truck that is stopped, parked, or standing on any public street, alley, or highway under specified conditions. Because a violation of those provisions would be a crime, this bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 345 (AB 29) Robert Pacheco. Pupils: suspension and expulsion.

(1) Existing law requires the parent, guardian, or other person having control or charge of any minor between the ages of 6 and 16 years who removes the minor from any city, city and county, or school district before the completion of the current school term, to enroll the minor in a public full-time day school of the city, city and county, or school district to which the minor is removed.

This bill would require a school district into which a pupil is transferring to request that the school district in which the pupil was last enrolled provide any records regarding acts committed by the transferring pupil that resulted in the pupil's suspension from school or expulsion from the school district. The bill would require the school district into which the pupil is transferring to inform any teacher of the pupil that the pupil was suspended from school or expelled from the school district in which the pupil was last enrolled and the act which resulted in that action. By requiring a school district to take these actions, the bill would impose a state-mandated local program. The bill would make a school district, school district officer, and school district employee civilly and criminally immune for providing information in compliance with this requirement unless it is proven that the information was false and that the district or district officer or employee knew or should have known that the information was false or that the information was provided with a reckless disregard for its truth or falsity. The bill would require that information received by a teacher be received in confidence and would prohibit the teacher from further disseminating the information.

(2) Existing law requires a school district to inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, certain acts for which the pupil may be suspended or expelled that the pupil engaged in, or is reasonably suspected to have engaged in, those acts. Existing law makes a school district, school district officer, and school district employee civilly and criminally immune for providing this information unless it is proven that the information was false and that the district or district officer or employee knew the information was false or that the information was provided with a reckless disregard for its truth or falsity.

This bill would add sexual harrasment, hate violence, terroristic threats, and certain acts of harrasment, threats, or intimidation to those for which a school district is required to provide information, thereby imposing a state-mandated local program. This bill would also exempt a school district, school district officer, and a school district employee from civil and criminal immunity if the information was false and the district, officer or employee should have known that the information provided was false.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 346 (AB 419) Firebaugh. Public Employees' Retirement System: benefits.

The Public Employees' Retirement Law prescribes the effective date of service retirement for purposes of accrual of allowances.

This bill would prescribe the effective date of disability retirement under specified circumstances.

Ch. 347 (AB 525) Kuehl. Health benefits: reproductive health care.

Existing law provides for the regulation and licensing of health care service plans by the Department of Managed Care, effective no later than July 1, 2000, or earlier pursuant to an executive order of the Governor. A willful violation of the provisions governing health care service plans is a crime. Existing law provides for the regulation of disability insurers by the Department of Insurance and for administration of the Medi-Cal program by the State Department of Health Services.

This bill would require certain health care service plans, disability insurers, and Medi-Cal managed care plans to provide a specified written statement to recipients of health care services for the purpose of informing them relative to certain reproductive health care issues, as specified.

Because a violation of the bill's requirements with respect to health care service plans would be a crime, this bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 348 (AB 701) Lempert. School facilities: certified architect or structural engineer.

Under existing law, contracts entered into by and between a school governing board and any certified architect or structural engineer are required to provide that plans, specifications, and estimates are property of the school district.

This bill would make the plans, including, but not limited to, record drawings, specifications, and estimates the property of the school district only as they relate to the project for which the certified architect or structural engineer was retained. The bill would not preclude a school district from using the plans, record drawings, specifications, or estimates related to a project for the purposes of additions, alignments, or other development on the site. The bill would preclude the contract from transferring or waiving the certified architect's or structural engineer's copyrights, including all common-law and other reserved rights in the documents, unless expressly transferred or waived.

The bill would provide that a school district that proposes to reuse the plans within the school district would be required to specify the terms and conditions for the reuse in the contract entered into between the school district and the architect or engineer.

Ch. 349 (AB 746) Papan. Political Reform Act of 1974.

(1) Existing provisions of the Political Reform Act of 1974, with certain exceptions, forbid any foreign government or foreign principal from making any contribution,

expenditure, or independent expenditure in connection with the qualification or support of, or opposition to, any state or local ballot measure. This provision defines foreign principal as a foreign government or foreign political party, a person outside of the United States, except as specified, or a foreign partnership, association, corporation, organization, or other combination of persons.

This bill would revise that definition to include (a) a foreign political party, (b) a foreign company, as specified, (c) a person outside the United States, unless the person is either an American citizen or an American entity, as specified, and (d) a domestic subsidiary or a foreign corporation if the decision to contribute is made by a specified officer or employee of the corporation who is not a United States citizen or permanent resident. The bill would delete an exception in current law for this last category. The bill would also specify that this provision shall not prohibit a contribution, expenditure, or independent expenditure by a lawfully admitted permanent resident.

(2) The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a $2/3$ vote of each house and compliance with specified procedural requirements.

This bill would declare that it furthers the purposes of the act.

Ch. 350 (AB 751) Gallegos. Controlled substances: dispensing without a license.

(1) Existing law provides that in addition to other penalties, any person who knowingly and unlawfully dispenses or furnishes a dangerous drug or dangerous device, as defined, or who knowingly owns, manages, or operates a business that dispenses or furnishes a dangerous drug or dangerous device, as defined, without a license to dispense those products, is guilty of a misdemeanor punishable as specified.

This bill would expand the definition of this crime to include dispensing or furnishing any material represented as, or presented in lieu of, any dangerous drug or device. By expanding the scope of an existing crime, this bill would impose a state-mandated local program.

(2) Existing law authorizes a local health officer who determines that a person within his or her jurisdiction is unlawfully dispensing or furnishing specified drugs requiring a prescription, a dangerous drug or device, or a controlled drug, to take specified action, including the immediate closure of a business upon a reasonable suspicion that the business poses an immediate threat to the public health, welfare, or safety, as defined. Existing law repeals these provisions on January 1, 2001.

This bill would delete that repeal date.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would provide that it is to take effect immediately as an urgency statute.

Ch. 351 (AB 1736) Ducheny. State teachers' retirement: postretirement compensation.

Under existing law, a member retired for service may earn compensation for creditable service in any one school year up to \$15,000, as adjusted, without a reduction in his or her retirement allowance. If a member retired for service earns compensation for creditable service in excess of that amount, his or her retirement allowance is reduced by the amount of the excess compensation.

This bill would provide that the earnings paid to a member who retired from service on or before July 1, 2000, and who is employed by a school district to provide direct remedial instruction, as defined, to pupils in grades 2 to 12, inclusive, are exempt from the above provisions if certain other conditions are met.

Ch. 352 (AB 1838) Leonard. Political Reform Act of 1974: financial interest.

(1) Existing law, the Political Reform Act of 1974, prohibits a Member of the Legislature or other public official from making, participating in making, or in any way attempting to use his or her official position to influence specified governmental decisions in which he or she knows or has reason to know he or she has a financial interest. A public official has a financial interest in a decision if it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from the effect on the public generally, on the official, a member of his or her immediate family, or specified monetary, property, or business interests of the official.

This bill would express the intent of the Legislature that the Fair Political Practices Commission, as part of its Conflict of Interest Regulatory Improvement Project of 1999–2000, adopt regulations that would accomplish specified goals relative to the disqualification of public officials of local government agencies in governmental decisions that do not directly and materially affect an official's economic interest.

(2) The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes with a $2/3$ vote of each house and compliance with specified procedural requirements.

This bill, which would declare that it furthers the purposes of the act, would therefore require a $2/3$ vote.

(3) This bill would declare that it is to take effect immediately as an urgency measure.

Ch. 353 (AB 1913) Cardenas. Local law enforcement funding.

(1) Existing law establishes in each county treasury a Supplemental Law Enforcement Services Fund (SLESF) and requires that moneys from this fund be allocated to counties and cities located within a county in accordance with specified requirements for, among other things, front line law enforcement services.

This bill would allocate 50% of SLESF moneys to counties and cities and counties to implement a comprehensive multiagency juvenile justice plan with specified components and objectives, and would require that the plan be developed by the local juvenile justice coordinating council in each county and city and county. The bill would redefine front line law enforcement services to include juvenile justice programs. The bill would require the plan to be submitted to the Board of Corrections for review and approval in order to be funded. The bill would require the county or city and county to report to the board on the programs funded and the board would be required to compile the reports for an interim and a final report to the Governor and the Legislature.

(2) Existing law appropriated \$121,300,000 from the General Fund to the Controller for the 2000–01 fiscal year for allocation to counties and cities and counties for supplemental local law enforcement funding pursuant to the bill.

This bill would increase this appropriation to \$243,350,000 and include in this amount an allocation of \$750,000 to the Board of Corrections for administrative expenses.

(3) Existing law provides that these provisions governing supplemental local law enforcement funding shall become inoperative on July 1, 2004, and are repealed as of January 1, 2005.

This bill would make these provisions inoperative on July 1, 2002, and would repeal them as of January 1, 2003.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 354 (AB 1928) Vincent. Peace officers: court services investigators.

(1) Existing law requires the Commission on Peace Officer Standards and Training to adopt standards regarding the training of peace officers and to allow required training to be obtained at approved institutions. In lieu of training at an institution, the commission is required to provide the opportunity for testing of those persons who have acquired prior equivalent peace officer training.

This bill instead would require the commission, for those instances where individuals have acquired prior comparable peace officer training, to adopt regulations providing for alternative means for satisfying the training required by a specified provision of law.

(2) Existing law requires any person or persons desiring peace officer status under the law, who, on January 1, 1990, were not entitled to be designated as peace officers, to request the Commission on Peace Officer Standards and Training to undertake a feasibility study, as specified, regarding designating the person or persons as peace officers. Existing law, however, provides that this procedure does not apply to or otherwise affect the authority of certain listed public officials and agencies to designate certain persons as peace officers as authorized by statute.

This bill would require the commission to issue a study and its recommendations, as specified, regarding the court services investigators of the County of Los Angeles and their designation as peace officers. The bill would provide that the commission may charge a fee, not to exceed the actual costs of undertaking the study, to the entity requesting the study, and that the commission shall submit to the Legislature a copy of its study and recommendations, as specified. The bill would provide that these provisions shall remain in effect only until January 1, 2002, and as of that date they would be repealed.

Ch. 355 (AB 1958) Romero. Public postsecondary education: deferred enrollment at University of California and California State University.

Existing law, known as the Donahoe Higher Education Act, sets forth, among other things, the missions and functions of California's public and independent segments of higher education, and their respective institutions of higher education. Provisions of the act apply to the University of California only to the extent that the Regents of the University of California, by appropriate resolution, act to make a provision applicable. Among other things, the act sets forth legislative intent relating to admission to the University of California and the California State University.

This bill would request the University of California, and would require the California State University, to require each campus in their respective systems to develop a process through which a student admitted to full-time undergraduate status may apply to defer his or her enrollment for up to one academic year. The bill would specify that the decision as to whether to grant the deferral of enrollment would be made at the discretion of the affected university, on a case-by-case basis.

Ch. 356 (AB 1975) Romero. Professional personnel: psychologists: waiver of licensure.

Existing law requires that the licensure requirements for professional personnel, including psychologists, clinical social workers, and marriage and family therapists, among others, in state and other governmental health facilities, be not less than for those in privately owned health facilities. The State Department of Health Services is authorized to grant a waiver from licensure requirements for persons employed in publicly operated health facilities who are gaining qualifying experience for licensure. The waiver cannot exceed 2 years from the commencement of employment in the state in the case of psychologists or 4 years for marriage and family therapists or clinical social workers, with one additional year to be granted under extenuating circumstances, as specified.

This bill would extend the durational limit of the department's waiver of licensure requirements to 3 years for psychologists and would delete the authority to extend the waiver of licensure for psychologists for one additional year.

This bill would conform the requirements for licensed professionals providing services in the state correctional system to those applicable to professional personnel in other state and governmental health facilities, as specified.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 357 (AB 2285) Florez. Public Employees' Retirement System: rehabilitation facilities.

The Public Employees' Retirement Law authorizes various public agencies, as defined, including regional centers for the developmentally disabled, to enter into contracts for participation in the Public Employees' Retirement System, upon obtaining a specified advisory opinion from the United States Department of Labor.

This bill would authorize specified rehabilitation facilities that contract with those regional centers or with the Department of Rehabilitation to enter into a contract for participation in the system, upon obtaining that advisory opinion.

Ch. 358 (AB 2430) Wiggins. Housing: regional housing needs: Napa County.

Existing law requires each city, county, and city and county to adopt for its jurisdiction a general plan that includes certain mandatory elements, including a housing element. The housing element is required to include, among other things, an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing. Existing law provides that the share of a city or county of the regional housing needs includes that share of the housing need of persons at all income levels within the area significantly affected by a general plan of the city or county, and further provides that the distribution of regional housing needs shall take into consideration specified factors.

Existing law authorizes until June 30, 2004, the County of Napa, if certain conditions are met, and during its current housing element planning period, to meet up to 15% of its existing share of the regional housing need for lower income households by committing funds collected by the county for the purpose of constructing affordable housing units, and constructing those units in one or more cities within the county, as specified.

This bill would extend this authorization for the County of Napa until June 30, 2007, would revise the conditions that are to be met for this purpose, and would limit the credit that the county receives pursuant to this authorization, as specified.

Ch. 359 (AB 2510) Thomson. Field crop products: civil liability.

Existing law authorizes the Secretary of Food and Agriculture to carry out specified powers and duties relating to field crop products, as defined.

This bill would provide that any person who willfully and knowingly damages or destroys any field crop product, as specified, that is known by the person to be the subject of testing or a product development program conducted by specified entities, shall be liable for twice the value of the crop damaged or destroyed.

The bill additionally would revise the damages provision to limit damages to actual damages, as specified.

Ch. 360 (AB 2516) Thomson. Registered Nurse Education Program.

Existing law requires the Office of Statewide Health Planning and Development to perform various duties with regard to the Health Professions Education Foundation, including entering into contractual agreements with students participating in the Registered Nurse Education Program within the foundation.

Under existing law, the Health Professions Education Foundation is authorized to solicit and receive private sector funds and make recommendations concerning the disbursement of those funds in the form of loans or scholarships to students from underrepresented groups participating in the Registered Nurse Education Program. Existing law requires that participants in this program agree in writing prior to graduation to serve in an eligible county health facility, as defined, or a health manpower shortage area, as designated by the director of the office.

This bill would extend participation in the program to students who agree in writing prior to graduation to serve in an eligible state-operated health facility.

Ch. 361 (AB 2535) Oller. Volunteer firefighters.

Existing law provides that no employer shall discharge or in any manner discriminate against an employee for taking time off to perform emergency duty as a volunteer firefighter.

This bill, in addition, would provide that an employee who is a volunteer firefighter and who works for an employer employing 50 or more employees shall be permitted to take leaves of absence, not to exceed an aggregate of 14 days per calendar year, for the purpose of engaging in fire or law enforcement training.

The bill would also provide that an employee subject to the bill who is discharged, threatened with discharge, demoted, suspended, or otherwise discriminated against by the employer for taking time off as authorized by the bill is entitled to reinstatement and reimbursement for lost wages and work benefits pursuant to specified remedies under existing law.

Ch. 362 (AB 2714) Wesson. Blood: blood products.

Existing law states the Legislature's intent with respect to acquisition of blood platelets by health care providers. Under existing law, it is unlawful to use blood obtained from a paid donor in any transfusion with certain exceptions. One of these exceptions, applicable after March 15, 1987, and on or before December 31, 2001, authorizes the use of blood platelets secured from donors through the hemapheresis process when certain requirements are satisfied.

This bill would extend the termination date of that exception to January 1, 2003. This bill would also delete the statement of the Legislature's intent with respect to blood platelet acquisition. The bill would also require a potential platelet donor to provide a blood sample prior to donation, in accordance with specified provisions. The bill would also require the donor to schedule an appointment for platelet donation.

Existing law requires the Assembly Office of Research to conduct a national review of published materials regarding the benefits and problems of using paid donors for hemapheresis. The Assembly Office of Research was required to report the results of the review to the Legislature on or before June 30, 1993.

This bill would delete this provision.

Ch. 363 (AB 2818) Corbett. Estate tax.

Existing law prohibits the imposition of any tax on or by reason of any transfer occurring by reason of death, but imposes a California estate tax equal to a certain portion of the maximum allowable amount of credit for state death taxes allowable under the applicable federal estate tax law.

This bill would, for purposes of those provisions, revise the definitions of transfer, and decedent or transferor. This bill would also revise the applicable interest payable on delinquent amounts or overpayments of tax.

The bill would make related and clarifying changes.

This bill would state the intent of the Legislature in enacting these provisions and that the bill is declaratory of existing law.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 364 (SB 220) Peace. Appropriations: reversions: exemptions.

Existing law specifies that an appropriation that is not otherwise limited by its own terms or by law shall be available for encumbrance for 3 years after the date upon which it first became available for encumbrance, with specified exceptions. Disbursements in liquidation of encumbrances may be made before or during the 2 years following the last day an appropriation is available for encumbrance, or the 4 years following in the case of an appropriation of federal funds, with specified exceptions. At the expiration of this time, or

NOTE: Superior numbers appear as a separate section at the end of the digests.

upon a determination during the liquidation period by the Director of Finance that the project for which the appropriation was made is complete and that a portion of the appropriation is not necessary for disbursement, the undisbursed balance of the appropriation reverts to and becomes a part of the fund from which the appropriation is made. Appropriations made for cooperative work under specific agreements or under contract are exempt from these provisions.

This bill would delete the exemption for cooperative work under specific agreements or under contract, and instead would exempt approved cooperative work agreements, as defined, from reversion for a period of up to 8 years, subject to specified conditions.

Ch. 365 (SB 945) Vasconcellos. Employment.

(1) Existing law governing employment prescribes wages, hours, and working conditions for all employees in the state except individuals employed as outside salesmen.

This bill would additionally except from those employment law provisions individuals participating in a national service program, such as AmeriCorps, carried out using specified federal assistance. This bill would require, however, that those participants be informed, prior to the commencement of their service, of any requirement to work in excess of 8 hours per day, or 40 hours per week, or both, and that those participants be allowed to opt out of the national service program at that time. This bill would also prohibit discrimination against participants for refusing to work overtime for a legitimate reason.

(2) Existing law governing unemployment insurance defines "employment" for those purposes, and with respect to certain public entities and certain nonprofit organizations, exempts from that definition certain specified services.

This bill would add as exempted services in this regard service performed as a participant in a national service program carried out using specified federal assistance.

(3) This bill would state legislative findings, declarations, and intent in this regard.

Ch. 366 (SB 1542) Schiff. Turning Point Academy.

Existing law provides that the Adjutant General is the head of the Military Department.

This bill would authorize the Adjutant General until July 1, 2002, to develop, establish, and operate the Turning Point Academy for the purpose of providing a comprehensive and meaningful military academy experience for minors residing in California who are 15 years of age or older and who have committed a firearms-related offense at school or a school activity off school grounds. The academy would consist of an intensive program of treatment, physical training, education, drug screening, and counseling services for eligible wards of the juvenile court.

This bill would appropriate \$9,210,000 from the General Fund to the Military Department for this purpose.

This bill would declare that it shall take effect immediately as an urgency statute.

Ch. 367 (SB 1856) Figueroa. The California School for the Deaf.

Existing law establishes the California School for the Deaf in a northern and a southern campus as part of the public school system under the administration of the State Department of Education.

Existing law requires the Department of General Services to identify state-owned real property that is or will be unused or underutilized by the landholding agency and to list those properties as surplus property. Existing law requires agencies seeking to purchase real property to renew the inventory, and authorizes the Department of General Services to sell, lease, or exchange the surplus property upon terms and conditions favorable to the state.

This bill would, notwithstanding provisions of law to the contrary, including, but not limited to, the surplus property provisions, authorize the Department of General Services to sell to the City of Fremont certain real property, as described, at the California School for the Deaf, Northern California, and would appropriate to the State Department of Education, for

the 2000–01 fiscal year, the net proceeds from the sale in augmentation of support for the California School for the Deaf for the purpose of repairing and upgrading the middle school activity center at the northern campus.

Ch. 368 (AB 48) Cedillo. Ken Maddy California Cancer Registry.

Existing law requires the State Department of Health Services to conduct a program of epidemiological assessments of the incidence of cancer. Pursuant to this authority, the department established the California Cancer Registry.

This bill would rename the registry the Ken Maddy California Cancer Registry, and would replace the references to “tumor” in these cancer registry provisions with “cancer.” The bill would also expand the definition of cancer for these purposes to include primary intracranial and central nervous system tumors occurring in specified sites.

This bill would incorporate additional changes in Section 103885 of the Health and Safety Code, proposed by SB 1596, to be operative only if SB 1596 and this bill are both chaptered and become effective January 1, 2001, and this bill is chaptered last.

Ch. 369 (AB 615) Runner. Categorical education funding.

Existing law establishes various categorical programs, including, among other programs, school improvement programs, bilingual education programs, education technology programs, foster youth programs, dropout prevention programs, and Economic Impact Aid programs. Those programs may be eligible for state and federal categorical funding. The program that provides economic impact aid funds to school districts requires the funds to be expended for the purpose of providing instructional services to limited-English-proficient pupils and economically disadvantaged pupils, as defined. The various categorical programs require school districts to meet certain requirements and perform certain duties as a condition to receiving funds. The categorical program funds are required to be expended for specifically designated purposes.

This bill would establish the Pilot Project for Categorical Education Program Flexibility under which a school district would have flexibility in the expenditure of categorical funds within 3 clusters: the school improvement and staff development cluster, the alternative and compensatory education cluster, and the school district improvement cluster. The bill would require the Superintendent of Public Instruction to select not more than 75 school districts that apply to participate in the pilot project and would give a school district approved for participation a minimum of 5 years of funding flexibility. The bill would exempt a school district participating in the pilot project from the program requirements and regulations of the categorical education programs constituting the 3 clusters, except as required by this program. The bill would require each school district participating in the pilot project to annually report to the State Department of Education information requested by the State Department of Education. The bill would require the Superintendent of Public Instruction to convene a group consisting of a representative of the Secretary for Education and representatives from the State Department of Education, office of the Legislative Analyst, and the Department of Finance, to advise the department regarding the evaluation of the pilot projects. The bill would require the State Department of Education to report to the Governor and to the education policy committees and the fiscal committees of both houses of the Legislature on the pilot project in accordance with a specified schedule and make reports to the legislative committees annually with a final evaluation submitted no later than February 1, 2005.

Ch. 370 (AB 94) Cedillo. California State University: performing arts center.

Existing law establishes the California State University under the administration of the Trustees of the California State University, and authorizes the university to provide instruction at 25 institutions, including California State University, Los Angeles.

This bill would make findings and declarations concerning a performing arts center at a prescribed location in Los Angeles.

Ch. 371 (AB 899) Alquist. Assumption Program of Loans for Education.

Existing law establishes an assumption program of loans for education, under which any person enrolled in a participating institution of postsecondary education, or any person who agrees to participate in a teacher trainee or teacher internship program, is eligible to receive a conditional warrant for loan assumption, to be redeemed pursuant to a prescribed procedure upon becoming employed as a teacher. Under the program, the Superintendent of Public Instruction is required to furnish to the Student Aid Commission a list of teaching fields that have the most critical shortage of teachers.

This bill would require that this list not include references to teaching in a self-contained classroom or teaching pursuant to a multiple subject credential.

Ch. 372 (AB 1129) Ackerman. Vehicles: special interest license plates: Rotary International.

Existing law requires the Department of Motor Vehicles to issue special interest license plates, as specified, containing a distinct design or decal of the participating organization, to any person, to be displayed in lieu of regular license plates.

This bill would require the department to issue special interest license plates that contain the words "Service Above Self" and the emblem of Rotary International. The bill would require the additional funds collected by the issuance of these special interest license plates, after the deduction of the department's administrative costs, to be deposited in the Rotary International Foundation Account, created by the bill in the General Fund, to be used, when appropriated, to fund specified programs by the Rotary International Foundation.

The bill would require any organization participating in a special interest license plate program pursuant to the bill to comply with all of the statutory requirements imposed generally on organizations participating in special interest license plate programs.

Ch. 373 (AB 1173) Frusetta. Fallow deer meat.

(1) Under existing law, it is unlawful to sell or purchase, or transport for the purpose of sale, any deer meat in this state unless imported, as prescribed. Cattle and other enumerated animals may be slaughtered, as provided. Any person engaged in raising any domesticated game mammal that normally exists in the wild in this state is required to obtain a domesticated game breeder's license.

This bill would provide that fallow deer may be slaughtered and prepared for transportation or sale, or transportation and sale under existing provisions of law currently applicable to cattle and other specified animals.

The bill would revise the definitions of "livestock," "custom livestock slaughterhouse," and "meat processing establishment" to include fallow deer, as prescribed, for the purposes of the California Meat and Poultry Inspection Act and the California Meat and Poultry Supplemental Inspection Act. Because a violation of these acts is a misdemeanor, the bill would expand the scope of existing crimes, thereby imposing a state-mandated local program.

The bill also would require a licensed livestock meat inspector under the provisions of the California Meat and Poultry Supplemental Inspection Act, after inspecting a meat processing establishment, to stamp passed carcasses and parts of this animal slaughtered and prepared for transportation or sale with an approved mark of inspection.

The bill also would make a conforming change.

(2) This bill would require the Department of Food and Agriculture, in consultation with the State Department of Health Services, on or before December 31, 2001, to adopt by regulation specified standards and requirements and prohibit any custom livestock

slaughterhouse or meat processing establishment from obtaining approval by the department to slaughter or process fallow deer until adoption of these regulations.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 374 (AB 1178) Frusetta. Birds: crimes.

Under existing law, any person who takes any bird or mammal in violation of a specified court order is guilty of a felony. Existing law also prescribes the penalty for specified violations of law involving birds of prey.

This bill, except as provided in those provisions, would establish as the punishment for violations of specified provisions of the Fish and Game Code governing protection of birds, a fine of not more than \$5,000, imprisonment in the county jail for not more than 6 months, or both that fine and imprisonment.

Ch. 375 (AB 1331) Papan. Governmental regulation.

Existing law provides for the enactment or establishment of various acts, funds, or entities, including the Robbins-Rosenthal Fair Debt Collection Practices Act, the Areias-Robbins Credit Card Full Disclosure Act of 1986, the Areias-Robbins Retail Installment Account Full Disclosure Act of 1986, the Robbins-Vuich-Calderon Financial Institutions Act of 1986, the Robbins Courthouse Construction Fund, the Robbins-Nielsen County Revenue Stabilization Act of 1987, the Statham-Robbins Courthouse Construction Fund, the Robbins-Seastrand Health Insurance Guaranty Association, the Rosenthal-Robbins Auto Insurance Nondiscrimination Law, the Robbins-McAlister Financial Responsibility Act, and the Robbins Rape Evidence Law.

This bill would rename, or delete the name of, these acts, funds, and entities excluding reference to the name "Robbins."

Ch. 376 (AB 1366) Steinberg. School facilities.

Existing law requires that the sale of real property belonging to a school district deemed to be surplus property be in accordance with specified priorities and procedures, including, among other things, that the property must first be offered for sale to a school district, community college district, college or university, county superintendent of schools, county, city, public agency, private nontax exempt agency, private tax exempt agency, and others, as specified. Existing law requires that any agency of the state and any local agency disposing of surplus land send a written offer to sell or lease the property for the purpose of low- and moderate-income housing and for park or recreational purposes, as specified. Existing law requires that if a general plan or part of a general plan has been adopted by a legislative body, no public real property may be disposed of until the planning agency has reported as to the conformity of the disposition with the general plan, as specified.

This bill would exempt the sale of certain real property, commonly known as 520 Capitol Mall, Sacramento, California, by the Sacramento City Unified School District, from these provisions and would set forth the provisions by which the property is to be sold.

This bill would make certain findings and declarations regarding the inapplicability of a general statute within the meaning of Section 16 of Article IV of the California Constitution.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 377 (AB 1860) Migden. Confidentiality: news sources; unpublished information.

The California Constitution provides that a journalist, as specified, may not be held in contempt for refusing to disclose a news source or unpublished information gathered for news purposes.

This bill would provide with respect to that constitutional provision, that (1) no testimony or other evidence given by a journalist under subpoena in a civil or criminal proceeding may be construed as a waiver of the immunity rights provided by that constitutional provision; that (2) except in exigent circumstances, a journalist who is subpoenaed in a civil or criminal proceeding shall be given at least 5 days' notice that his or her appearance will be required; and that (3) if a trial court holds a journalist in contempt of court in a criminal proceeding notwithstanding that constitutional provision, the court shall set forth findings, either in writing or on the record, stating, at a minimum, why the information will be of material assistance to the party seeking the evidence, and why alternate sources of the information are not sufficient to satisfy the defendant's right to a fair trial under the 6th Amendment to the United States Constitution.

Ch. 378 (AB 1927) Kuehl. Rim of the Valley Trail.

Existing law recognizes the Rim of the Valley Trail and requires the Santa Monica Mountains Conservancy to prepare and adopt a coordinated trail development plan and recreational access program for the Rim of the Valley Trail Corridor.

This bill would rename the Rim of the Valley Trail the "Marge Feinberg Rim of the Valley Trail." The bill would request the conservancy to determine the cost of erecting appropriate plaques and markers showing the special designation, and upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers.

Ch. 379 (AB 1947) Maldonado. County Employees Retirement Law of 1937: safety membership.

Existing provisions of the County Employees Retirement Law of 1937 specify that welfare fraud investigators and administrators in Santa Barbara County are not eligible for safety membership in the county retirement system.

This bill would authorize the county board of supervisors of that county to make those investigators and administrators eligible, as specified.

Ch. 380 (AB 2119) Leach. Yacht and Ship Brokers Act.

(1) The existing Yacht and Ship Brokers Act prescribes the qualifications of persons deemed qualified for a broker's license, including the requirement that the applicant have owned and operated a marine business selling new or used yachts for a minimum of 3 continuous years immediately preceding application for a broker's license, or have been employed as a broker or a yacht salesperson in another state.

This bill would require that any declaration, license, or other record generated pursuant to the act be construed as a record under the Uniform Electronic Transactions Act. The bill would revise the criteria for qualification to submit an application for a broker's license.

Existing provisions of the act authorize the issuance of temporary licenses to salespersons for a period not to exceed 60 days.

The bill would require the applicant for a temporary license to be at least 18 years of age.

(2) Under existing law, in prescribed circumstances, a record or signature may not be denied legal effect or enforceability solely because it is in electronic form.

This bill would require the Department of Boating and Waterways to accept any electronic record or electronic or digital signature created, generated, sent, communicated, received, or stored on or after January 1, 2000.

(3) The bill also would make technical, nonsubstantive changes.

Ch. 381 (AB 2187) Aanestad. Alcoholic beverages: local ordinances: open containers.

Under the Alcoholic Beverage Control Act, any person possessing an open container of an alcoholic beverage in any city or county park area or adjacent public space, as specified, or any regional park or recreation and park district, is guilty of an infraction if the city or

county has enacted an ordinance that prohibits the consumption of alcoholic beverages in those areas, except as specified.

This bill would refer to public space instead of adjacent public space. This bill would also condition the violation on the enactment of an ordinance that prohibits the possession of those containers or the consumption of alcoholic beverages in those areas. This bill would create an additional exception when an individual possesses a container for recycling or other related activity.

This bill would impose a state-mandated local program by expanding the scope of an existing crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 382 (AB 2377) Longville. Regional centers: employee liability.

Existing law authorizes the State Department of Developmental Services to enter into contracts with regional centers to provide services to persons with developmental disabilities.

This bill would, until January 1, 2006, limit the liability of regional center employees.

Ch. 383 (AB 2409) Migden. Public postsecondary education: summer session fees.

The existing Donahoe Higher Education Act sets forth, among other things, the missions and functions of California's public and independent segments of higher education, including the University of California and the California State University, and their respective institutions of higher education. Provisions of the act apply to the University of California only to the extent that the Regents of the University of California, by appropriate resolution, act to make a provision applicable.

This bill would prohibit summer session fees at all campuses of the University of California and California State University from exceeding the fees charged per credit unit for any other academic term, if the state provides funding to offset any revenue losses that may occur for prescribed purposes. The bill would provide that the University of California and the California State University retain the flexibility to implement year-round operation differently on individual campuses.

Ch. 384 (AB 2520) Thomson. Alcoholic beverages: permits: winegrowers.

Existing law permits the Department of Alcoholic Beverage Control to issue special temporary licenses and permits to various entities for limited purposes.

This bill would permit the department to issue a certified farmers' market sales permit to allow a licensee under a winegrower's license to sell wine produced and bottled by the winegrower at certified farmers' market locations, under specified conditions.

Ch. 385 (AB 2800) Shelley. Marine Managed Areas Improvement Act.

(1) Existing law declares it is the state policy to assess the long-term values and benefits of the conservation and development of ocean resources and uses with the objective of restoring or maintaining the health of the ocean ecosystem and ensuring the proper management of renewable and nonrenewable resources.

This bill would establish the Marine Managed Areas Improvement Act, which, among other things, would prescribe 6 classifications for designating managed areas in the marine and estuarine environments to ensure the long-term ecological viability and biological productivity of marine ecosystems and to preserve cultural resources in the coastal sea. The bill would make certain conduct within those areas unlawful, thereby imposing a state-mandated local program by creating new crimes.

The bill would require the Secretary of the Resources Agency to establish and chair a State Interagency Coordinating Committee, with representatives from state entities with jurisdiction or management interests over marine managed areas. The bill would require the committee to review proposals for new or amended marine managed areas.

The bill also would require the secretary to establish a scientific review panel, with statewide representation. The bill would require the panel to evaluate the proposals for technical and scientific validity.

The bill would authorize the State Park and Recreation Commission, the Department of Parks and Recreation, the State Water Resources Control Board, the Fish and Game Commission, and the Department of Fish and Game to take certain actions and would impose certain duties on those entities in connection with the designation and management of certain managed areas.

The bill would make related and conforming changes.

(2) Existing law continuously appropriates money in the Fish and Game Preservation Fund to the Fish and Game Commission and the Department of Fish and Game to carry out laws for the protection and preservation of birds, mammals, reptiles, and fish and for the expenses of the commission.

By authorizing and requiring the commission and the department to perform new duties, the bill would make an appropriation.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 386 (AB 2810) Robert Pacheco. Legal document and unlawful detainer assistants: registration.

Existing law generally regulates legal document and unlawful detainer assistants, as defined, and, among other things, requires them to be registered with the county clerk in each county in which the services are being provided and to include with each registration application certain information, including the applicant's address and telephone number, as well as a fee paid to the county clerk, and a bond or cash deposit in the amount of \$25,000.

This bill would require registration in the county in which a legal document or unlawful detainer assistant has his or her principal place of business and in any other county in which he or she performs acts for which registration is required. This bill would require an applicant to specify in his or her application whether he or she is applying for primary or secondary registration, as defined, and would require that the bond accompanying the registration be in favor of the State of California for the benefit of persons damaged by specified acts of the registrants. This bill would require an applicant for secondary registration, as defined, to include with an application, a certified copy of the bond or cash deposit posted in the county of the applicant's principal place of business instead of requiring the applicant to post an additional bond or cash deposit.

This bill would incorporate additional changes in Section 6405 of the Business and Professions Code proposed by SB 1927, to become operative only if both bills are enacted and become operative, as specified, and this bill is enacted last.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 387 (AB 2848) Firebaugh. Environmental impact reports.

(1) Existing law provides that if a project requires both an environmental impact report prepared pursuant to the California Environmental Quality Act and an environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969, the lead agency, whenever possible, shall use the statement as the report. In that situation, existing law requires the lead agency that will substitute the statement for the report to consult, as soon as possible, with the federal agency required to prepare the statement.

This bill would also require the lead agency to notify the federal agency required to prepare the statement of any scoping meeting for the proposed project.

(2) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 388 (AB 2941) Committee on Water, Parks and Wildlife. Commercial fishing.

(1) Existing law requires approval by the Attorney General in order for the Department of Fish and Game to enter into a reciprocal agreement with a federal or county agency or an agency in another state to exchange records and other information regarding those suspected of a violation of the Fish and Game Code.

This bill would delete the requirement that the Attorney General approve those reciprocal agreements.

(2) Existing provisions of the Fish and Game Code, to be repealed on January 1, 2004, require the Department of Fish and Game to adopt prescribed guidelines of the International Maritime Organizations relating to ship ballast water and sediment discharges.

This bill would delete this requirement, and instead, would require the department to work cooperatively with the State Lands Commission and the State Water Resources Control Board to implement the Ballast Water Management Program established in the Public Resources Code, and would make conforming changes.

(3) Existing law makes it unlawful to take abalone for commercial purposes in certain areas, as specified.

This bill would enact a rebuttable presumption that a person who takes or possesses more than 12 abalone possesses the abalone for commercial purposes.

(4) Existing law requires that nominations for the Pacific Fishery Management Council include representatives from several fisheries, including the anchovy fishery.

This bill would replace representation on the council for the anchovy fishery with representation from the coastal pelagic species fishery.

(5) Existing law generally provides that information filed with the department pursuant to the regulation of commercial fishing is confidential.

This bill would permit the department to release this information to any federal agency responsible for fishery management activities, to any federal, state or local agency for the purpose of law enforcement, or pursuant to a court order.

(6) Existing law provides that sardines may only be taken or possessed on any vessel in conformance with the permit system developed by the department, with certain exceptions as specified.

This bill would delete the exception for sardines taken incidentally to other fishing operations.

(7) Existing law requires that the sardine and Pacific mackerel resource be maintained at certain populations, as specified.

This bill would repeal various statutory requirements and would, instead, require that the sardine and Pacific mackerel resource be managed to maximize sustained harvest, and would require the department to do so in conformance with the recommendations of the Pacific Fishery Management Council as adopted by the Secretary of Commerce.

(8) Existing law provides for the issuance of permits to take herring with gill and round haul nets.

This bill would delete the provision providing for the issuance of a license to take herring with round haul nets.

(9) Existing law provides certain penalties for any person convicted of taking or possessing more than 36 abalone in a specified area of District 10.

This bill would make this prohibition applicable statewide, and would modify the requirement so that it applies to a person who takes more than 100 abalone in a calendar year, or who possesses more than 12 abalone at one time and in so doing would impose a state-mandated local program.

(10) Existing law prescribes various penalties for taking or possessing abalone in specified areas, including imprisonment in the county jail for not more than one year.

This bill would increase the maximum fines associated with abalone related violations.

(11) Existing law requires that upon the conviction of a person for violating, among other things, provisions relating to endangered or protected species, the judge in the proceeding must order the forfeiture of any device, apparatus, or automobile used in committing the offense.

This bill would authorize a judge to order the forfeiture of those items in a proceeding where a person is convicted of violating certain provisions relating to the illegal possession, sale, or purchase of abalone for commercial purposes.

(12) The bill would delete obsolete provisions.

(13) Existing law requires that the proceeds from sales of forfeited property under certain provisions of the Fish and Game Code be deposited in the Fish and Game Preservation Fund, a continuously appropriated fund.

This bill would make an appropriation by increasing the amount of fines for violations relating to the taking of abalone.

(14) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 389 (SB 195) Chesbro. Health care: small employers: rates: geographic regions.

Existing law provides for the regulation of health care service plans by the Department of Managed Care. Existing law provides that a willful violation of the provisions relating to health care service plans is a crime. Existing law limits the number of geographic regions that may be used by plans for purposes of determining rates for small employers.

This bill would permit a plan that does not operate statewide, and is permitted only one geographic region for rating purposes, to instead have 2 geographic regions if the plan operates in more than one county and no county in the 2 geographic regions is divided.

Because a violation of the bill's requirements with respect to a health care service plan would be a crime, this bill would impose a state-mandated local program by expanding the definition of an existing crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 390 (SB 1347) Vasconcellos. Community colleges: Board of Governors of the California Community Colleges.

Existing law establishes the California Community Colleges under the administration of the Board of Governors of the California Community Colleges. Under existing law, the board of governors consists of 16 voting members, who include 13 members appointed by the Governor with the advice and consent of $\frac{2}{3}$ of the membership of the Senate, a community college student appointed by the Governor, and 2 tenured community college faculty members appointed by the Governor. Under existing law, the community college student serves for a one-year term.

This bill would add one nonvoting student member to the board of governors, and would thereby increase its membership to 17. The bill would also provide that the student members

would serve staggered 2-year terms, except as specified. The bill would provide that, during the first year of a student member's term, the student would be a member of the board and attend all meetings of the board and its committees, but may not vote. The bill would also provide that, during the 2nd year of a student member's term, that student would be a voting member. The bill would require the Governor to appoint the student members from lists of at least 3 persons furnished by the California Student Association of Community Colleges.

Ch. 391 (SB 1522) Leslie. Recycled water: Lake Tahoe Basin.

The Porter-Cologne Water Quality Control Act contains special water quality provisions governing waste disposal in the Lake Tahoe Basin, including the requirement to transport prescribed sewage effluent outside that basin, except as specified.

This bill would authorize the South Tahoe Public Utility District to provide recycled water only to prevent the destruction of its Luther Pass recycled water pump station from a catastrophic fire, as defined, if certain requirements are met.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 392 (SB 1635) Schiff. Veterans Memorial Registry.

Existing law provides for the construction and maintenance of various veterans memorials.

This bill would provide for the establishment of a Veterans Memorial Registry, to be made publicly accessible on the web site of the Department of Veterans Affairs. The department would be authorized to seek the cooperation of specified state agencies in developing the registry.

Ch. 393 (SB 2028) Figueroa. Joint Legislative Sunset Review Committee: geologists and geophysicists: State Athletic Commission.

(1) Existing law creates the Joint Legislative Sunset Review Committee and specifies its duties with respect to the review of various boards and commissions.

This bill would repeal certain provisions governing the committee's review duties and would revise various other provisions relating to the operation of the committee and related reporting dates and requirements for boards and commissions subject to committee review.

(2) The Geologist and Geophysicists Act provides for the licensing and regulation of geologists and geophysicists by the State Board of Registration for Geologists and Geophysicists. The provisions creating the board and authorizing the board to appoint an executive officer will become inoperative on July 1, 2001, and will be repealed on January 1, 2002.

This bill would instead provide that these provisions would become inoperative on July 1, 2005, and would be repealed on January 1, 2006. This bill would rename the board as the Board for Geologists and Geophysicists.

(3) The Boxing Act provides for the establishment of the State Athletic Commission within the Department of Consumer Affairs and makes the commission responsible for the regulation of boxing, kickboxing, and martial arts contests, matches, and exhibitions. Under existing law, the provisions creating the commission will become inoperative on July 1, 2001, and will be repealed on January 1, 2002.

This bill would instead provide for these provisions to become inoperative on July 1, 2005, and to be repealed on January 1, 2006.

Ch. 394 (SB 2144) Perata. Bay pilots.

(1) Existing law provides for the licensing of bay pilots for San Francisco, San Pablo, and Suisun Bays. Existing law provides that any person who does not hold a license as a pilot or as an inland pilot, and who pilots any vessel into or out of any harbor or part of the Bays of San Francisco, San Pablo, or Suisun, or who acts as a pilot for ship movements or special operations upon these bays, is guilty of a misdemeanor. Existing law exempts from this

prohibition, among others, persons piloting vessels when a pilot is not available, is unable to reach the vessel, or is prevented from joining or refuses to join the vessel.

This bill would delete these exemptions, and instead provide for an exemption from these provisions for persons piloting vessels when a state-licensed pilot refuses to join the vessel. By changing the scope of the misdemeanor, the bill would create a state-mandated local program.

(2) Existing law requires the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun to establish an incident review committee to review all reports of misconduct or navigational incidents involving pilots or inland pilots or other matters for which a license issued by the board may be revoked or suspended. Existing law also provides for the appointment of port agents to carry out the orders of the board, other applicable laws, and otherwise administer the affairs of the pilots.

This bill would provide that this provision does not apply to an incident involving a pilot or inland pilot aboard a vessel of less than 300 gross tons unless a pilot or inland pilot is required by law.

(3) Existing law authorizes the revocation or suspension of the license of a pilot or inland pilot only for reasons of misconduct, including negligently, ignorantly, or willfully running any vessel on shore, or otherwise rendering it liable to damage, or otherwise causing injury to persons or damage to property.

This bill would provide that this provision does not apply to a vessel of less than 300 gross tons unless a pilot or inland pilot is required by law.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 395 (AB 398) Migden. Property acquisition.⁷

Existing law requires the Wildlife Conservation Board to authorize the acquisition of real property, rights in real property, water, or water rights as necessary to carry out the purposes of the Wildlife Conservation Law of 1947.

This bill would establish the San Francisco Baylands Restoration Program Account in the continuously appropriated Wildlife Restoration Fund, for the purpose of acquiring and restoring wetlands and lands that may be enhanced to support wetlands in the San Francisco Bay area. The bill would authorize the board to acquire any lands identified in the Baylands Ecosystem Habitat Goals Report, including property owned by the Cargill Salt Division, upon the performance of conditions prescribed in the bill.

The bill would require the Controller to transfer the sum of \$30,000,000 from the General Fund to the account, and appropriate that amount for expenditure by the board for the acquisition and restoration of property described in the report, thereby making an appropriation.

Ch. 396 (AB 2045) Nakano. Boating safety.

(1) Existing law requires the Department of Boating and Waterways to make a biennial report to the Boating and Waterways Commission, the Legislature, and the Governor on the operations of the department.

This bill would require the report to include an evaluation of the public participation in the personal watercraft education course developed by the department pursuant to the bill.

(2) Existing law permits, and in some cases requires, any person convicted of specified offenses relating to the operation of vessels to be ordered by the court to complete and pass a boating safety course.

This bill would require the Department of Boating and Waterways to approve boating safety courses for those purposes. The bill would make conforming changes.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill also would require the department to develop a voluntary personal watercraft education course. The bill would require the course to be made available on the department's website, and would authorize the course to be made available in other formats, as determined by the department.

(3) Existing law authorizes the department to grant funds from the Harbors and Watercraft Revolving Fund, which is available upon appropriation by the Legislature, for, among other things, scholarship funding relating to boating safety education and to finance the purchase of vessels and related safety equipment for use in boating safety education classes.

This bill would also authorize the department to grant funds from that fund to provide voluntary personal watercraft education course materials developed by the department pursuant to the bill in those situations where the department determines the course would not otherwise be available to a significant number of personal watercraft operators. The bill would require the department to adopt regulations necessary to implement this provision.

Ch. 397 (AB 2283) Florez. Air pollution: control measures.

(1) Existing law requires air pollution control districts and air quality management districts to adopt and enforce rules and regulations to achieve and maintain the state and federal ambient air quality standards.

Existing law defines "best available control technology" (BACT) as an emission limitation that will achieve the lowest achievable emission rate for the source to which it is applied. Existing law defines "best available retrofit control technology" (BARCT) as an emission limitation that is based on the maximum degree of reduction achievable.

Existing law requires each district with moderate air pollution to include the use of BACT for any new or modified stationary source that has the potential to emit 25 pounds or more per day of any nonattainment pollutant or its precursors.

Existing law also requires each district with serious air pollution to include the use of BARCT for all existing permitted stationary sources, to the extent necessary to meet the requirements of that district's attainment plan.

This bill would require the State Air Resources Board to investigate specified matters with respect to emissions abatement equipment required by the San Joaquin Valley Unified Air Pollution Control District with respect to primarily seasonal sources, as specified. The bill would require the state board to investigate the average useful life of emissions abatement equipment used to meet BACT or BARCT, the implications of imposing additional requirements on emission sources that are controlled to BACT and BARCT levels, the average, actual, and historical costs of complying with BACT and BARCT requirements, and the implications of applying incremental cost effectiveness thresholds to projects subject to those requirements. The bill would require the state board to provide a report to the Legislature on its findings by January 1, 2002. The bill would also require the state board to appoint an advisory committee, consisting of representatives of specified groups, to assist the state board in performing the investigation and preparing the report.

(2) Existing law also requires each district to consider the cost effectiveness of specific control measures in adopting its attainment plan, and to provide its findings to the public.

This bill would require each district to also consider and provide to the public the basis of those findings and the considerations involved in determining the findings.

(3) By imposing new duties on districts, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 398 (AB 2538) Brewer. Operation of vessels: boating safety.

(1) Existing law prohibits a person from operating a motorboat, sailboat, or vessel that is 26 feet or less in length unless every person who is 6 years of age or younger is wearing a type I, II, or III Coast Guard-approved personal flotation device, or unless the person is operating a sailboat on which the person who is 6 years of age or younger is restrained, as provided, or the person is operating a vessel on which the person who is 6 years of age or younger is in an enclosed cabin, or unless the person is operating a motorboat, sailboat, or vessel if the operator is reacting to an emergency rescue situation.

This bill would make those requirements that currently apply to a person who is 6 years of age or younger, instead, apply to a person who is 11 years of age or younger, and would require the flotation device to be a type I, II, III, or V Coast Guard-approved personal flotation device. The bill would also require any person aboard a personal watercraft or any person being towed behind a vessel on water skis, an aquaplane, or similar device to wear a type I, II, III, or V Coast Guard-approved personal flotation device, except as provided. Because other existing law makes a violation of these requirements an infraction, the bill would impose a state-mandated local program.

(2) Existing law prescribes the length of "personal watercraft" as less than 12 feet.

This bill, instead, would prescribe the length of "personal watercraft" as 13 feet or less.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 399 (AB 1840) Bates. Crime prevention programs: fines.

Existing law provides that persons convicted of certain crimes may, at the court's discretion, be required to pay a \$10 fine that is used to implement local crime prevention programs, as specified.

This bill would make imposition of the \$10 fine mandatory and provide that the amounts collected would be held in trust for crime prevention purposes. The bill would add forgery, theft, and vandalism to the list of offenses subject to the fine.

Ch. 400 (AB 1989) Dickerson. Firearms: restrictions on possession and ownership.

(1) Under existing law, any person who has been convicted of specified misdemeanor violations and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense that is punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding \$1,000, or by both that imprisonment and fine.

This bill would include in this provision misdemeanor violations involving a person who knowingly and maliciously prevents or dissuades or knowingly and maliciously attempts to prevent or dissuade any witness or victim from attending or giving testimony at any trial, proceeding, or inquiry authorized by law.

Because this bill would expand the scope of an existing crime, it would impose a state-mandated local program.

(2) This bill would incorporate additional changes in Section 12021 of the Penal Code proposed by AB 1989, to become operative if both this bill and SB 31 are enacted and become effective on or before January 1, 2001, and this bill is enacted last.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 401 (AB 2506) Romero. Vehicles: driver's license violations: referral program.

Existing law imposes specified sentencing and fine sanctions upon persons found guilty of violating provisions prohibiting the driving of vehicles without a license, as specified.

Until January 1, 2004, existing law authorizes the district attorneys of certain counties, with the approval of the board of supervisors, to establish a pilot program for persons who plead guilty or no contest or are convicted of violations of specified provisions prohibiting driving without a valid driver's license. Under the program, and subject to the approval of the court, the district attorney is authorized to enter into a written agreement with a person in a case involving a violation of the specified provisions in which the person agrees to the following, in lieu of the imposition of a county jail sentence: (1) a home detention program utilizing an electronic monitoring program for not less than the minimum jail sentence, and not more than the maximum jail sentence, provided for a violation of the specified provisions, and (2) a class or classes relating to driving without a valid driver's license, as specified.

This bill would provide that, subject to the approval of the court, a person who pleads guilty or no contest to a violation of, or is convicted of a violation of specified provisions, may enter into the written agreement.

This bill would also require that persons participating in the pilot program complete a home detention program utilizing an electronic monitoring program and equipment that meets certain standards. The bill would specify that the electronic monitoring program be provided under the auspices of the county district attorney or his or her designee.

Ch. 402 (AB 649) Machado. State employees.⁸

(1) Under existing law, members of the Defined Benefit Program of the State Teachers' Retirement Plan who become employed by any of a list of other public employers to perform service that requires membership in a different public retirement system, may elect to be excluded from membership in that different system and continue to have their service subject to their existing system.

This bill would make this election available to members of the State Teachers' Retirement System who became employed by the state, during a specified period, to perform service subject to Second Tier benefits in the Public Employees' Retirement System and who satisfy certain requirements. The bill would require persons making that election to make specified contributions to the Teachers' Retirement Fund with respect to their pre-election state service and would also require specified assets to be transferred from the Public Employees' Retirement System to that fund on account of that state service, thereby making an appropriation to the Teachers' Retirement Fund, a continuously appropriated fund.

(2) Under existing law, members of the Defined Benefit Program of the State Teachers' Retirement Plan are entitled to service credit at service retirement for accumulated and unused leave of absence for illness or injury, as specified.

This bill would provide that members who are eligible state employees and who retire on or after January 1, 2000, shall receive, subject to the terms of a memorandum of understanding or the authorization of the Department of Personnel Administration, service credit at service retirement for accumulated unused leave of absence for education, as specified.

(3) Existing law includes procedures for disciplining state employees, including State Personnel Board investigations and hearings, the review of administrative decisions, and suspensions.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that certain of these procedures do not apply to state employees in State Bargaining Unit 11 who have been disciplined for positive drug test results and who expressly waive appeal to the State Personnel Board and invoke arbitration proceedings pursuant to a collective bargaining agreement. The bill would require the state employer, if the collective bargaining agreement has expired and an answer has been filed, to follow the appeal procedures contained in the expired memorandum of understanding for state employees in State Bargaining Unit 11 until a successor agreement is negotiated.

(4) Existing law, the Public Employees' Retirement Law, establishes the Public Employees' Retirement System, and sets forth the provisions for its administration and the delivery of benefits to its members. Member contributions to the Public Employees' Retirement System are deposited into the Public Employees' Retirement Fund, which is a continuously appropriated fund. Existing law includes in the state safety membership category state employees in state bargaining units that have agreed in a memorandum of understanding between the state employer and the recognized employee organization that the classifications or positions of these state employees are found to meet specified state safety membership criteria, if the Department of Personnel Administration has agreed to their inclusion. Existing law excludes from the state peace officer/firefighter membership category security officers employed by the Department of Justice.

This bill would include state employees excluded from the Ralph C. Dills Act and officers or employees of the executive branch of state government who are not members of the civil service within the classification of state safety members, if the department has approved their inclusion, and would delete the exclusion of security officers employed by the Department of Justice from the classification of state peace officer/firefighter members. To the extent the bill would enlarge the class of persons eligible for state safety or state peace officer/firefighter membership, it would make an appropriation by increasing the amount of contributions to the Public Employees' Retirement Fund.

(5) Existing law establishes the Rural Health Care Equity Trust Fund, which is administered by the Department of Personnel Administration to provide subsidies and reimbursements for certain health care premiums and health care costs incurred by state employees and annuitants in rural areas on or after January 1, 2000. The fund ceases to be operative on January 1, 2005, or earlier, as specified. Existing law requires each fund in the State Treasury to reimburse the General Fund for specified contributions to the Rural Health Care Equity Trust Fund for the employees and annuitants paid from each fund.

This bill would change references to the fund to the Rural Health Care Equity Program and specify the means by which the General Fund reimbursements are to be made.

(6) Existing law, the Public Employees' Retirement Law, provides increased industrial disability retirement benefits for certain state membership categories who are incapacitated for the performance of their present duties as a result of injury or illness arising out of and in the course of their employment on or after January 1, 1993.

This bill would provide that these provisions do not apply to a job-related or job-incurred illness or injury that occurs on or after January 1, 2000. The bill would declare the intent of the Legislature that these provisions be given retroactive effect to January 1, 2000.

(7) Under the Public Employees' Retirement Law, specified officers and employees of the State Department of Mental Health are classified as state safety members, however, those members have the option to irrevocably elect, within a specified time period, to remain subject to the miscellaneous membership classification.

This bill would provide that a specified group of those officers and employees who elected to remain subject to the miscellaneous membership classification shall have the right to elect to become safety members, as specified.

(8) Existing law, the Public Employees' Medical and Hospital Care Act, provides health benefits plan coverage to public employees and annuitants meeting the eligibility requirements prescribed by the Board of Administration of the Public Employees' Retirement System.

This bill would revise the definition of “eligible employees” for the purposes of the act to delete a definition applicable only to state employees in State Bargaining Unit 19.

(9) Existing law, with specified exceptions, provides that all contracts entered into by any state agency for the hiring or purchase of goods and services, including equipment, supplies, textbooks, and repair or maintenance, are void unless approved by the Department of General Services. Contracts entered into by the Department of Personnel Administration for employee benefits, occupational health and safety, training services, or any combination thereof, for state employees in state bargaining units that have agreed to this exemption in a memorandum of understanding are exempt from this approval requirement.

This bill would revise this provision to make it applicable to all contracts, with specified exceptions, entered into by any state agency for the acquisition of goods and services. The bill would expand the exemption for contracts entered into by the Department of Personnel Administration for employee benefits, occupational health and safety, training services, and any combination thereof, for state employees, as specified.

(10) This bill would appropriate \$65,414,288 from the General Fund and unallocated special funds, in specified amounts, for allocation for various state employee benefits or programs, including state employee compensation, the Work and Family Fund, and the Rural Area Health Subsidy Program.

(11) This bill would incorporate additional changes in Section 10295 of the Public Contract Code proposed by AB 1441, to become operative if both this bill and AB 1441 are enacted and become effective on or before January 1, 2001, and this bill is enacted last.

(12) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 403 (SB 1644) Ortiz. Student financial aid:
Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Program.

(1) Existing law establishes the Cal Grant Program as a state educational opportunity grant program for postsecondary study. Existing law, known as the Donahoe Higher Education Act, sets forth, among other things, the missions and functions of California’s public and independent segments of higher education and their respective institutions of higher education. The provisions of that act apply to the University of California only to the extent that the Regents of the University of California, by appropriate resolution, act to make a provision applicable. Among other things, the act sets forth the long-term policy with respect to the Cal Grant program. Under this policy, the number of first-year Cal Grant awards is equal to at least $\frac{1}{4}$ of the number of graduating high school seniors. The policy also requires that its implementation maintain a balance between the state’s policy goals of ensuring access to and selection of an institution of higher education for students with financial need.

This bill would enact the Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Program, which would, among other things, set forth the long-term policy that first-year Cal Grant awards be granted to all applicants with demonstrated financial need and eligible grade point averages, and who meet other prescribed criteria.

Under the existing Cal Grant Program, Cal Grant A awards are used only for tuition and student fees in instructional programs of not less than 2 academic years, Cal Grant B awards are used only for tuition, student fees, and subsistence costs in an instructional program of not less than one academic year, Cal Grant C awards are used only for occupational or technical training, and Cal Grant T awards are used only for tuition and student fees for a maximum of one academic year for full-time attendance in an accredited teacher training program. Existing law requires that the maximum award in each category be determined in the annual Budget Act. Existing law requires Cal Grant B awards to be used for subsistence costs.

This bill would provide that, commencing on January 1, 2001, the existing Cal Grant Program is applicable only to students who have received an award under the program on

or before December 31, 2000. The bill would repeal the existing Cal Grant Program as of January 1, 2010.

The bill would, commencing with the 2001–02 academic year, establish Cal Grant A Entitlement Awards, Cal Grant B Entitlement Awards, Competitive Cal Grant A and B Awards, California Community College Transfer Entitlement Awards, Cal Grant C Awards, and Cal Grant T Awards under the Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Program. The bill would specify the eligibility criteria for each category of award. The bill would guarantee funding under the entitlement awards to all students achieving and maintaining eligibility for those awards.

The bill would require the Student Aid Commission to annually report to the Legislature and the Governor on prescribed aspects of the program.

(3) Existing law establishes the Student Aid Commission as the primary state agency for the administration of state-authorized student financial aid programs available to students attending all segments of postsecondary education.

This bill would establish the Community College Student Financial Aid Outreach Program, which would be developed and administered by the commission, in consultation with the office of Chancellor of the California Community Colleges, for the purpose of providing financial aid training to high school and community college counselors and advisors who work with students planning to attend or who are attending a community college, as prescribed.

(4) Existing law establishes in the State Treasury the Special Fund for Economic Uncertainties, a continuously appropriated fund. Existing law authorizes the Controller to transfer amounts as needed to meet the cash needs of the General Fund, and requires the Controller to return moneys so transferred as soon as there are sufficient moneys in the General Fund. Existing law authorizes the Director of Finance to allocate funds from the Special Fund for Economic Uncertainties for disaster relief by notifying the Joint Legislative Budget Committee.

This bill would authorize the Director of Finance to authorize the augmentation, from the Special Fund for Economic Uncertainties, of the amount appropriated annually for the purposes of making grants under the Cal Grant Program. By authorizing the expenditure of money in a continuously appropriated fund for a new purpose, the bill would make an appropriation.

(5) This bill would appropriate \$1,500,000 from the General Fund to the commission for expenditure, without regard to fiscal year, for support costs related to the administration of the bill, as prescribed.

(6) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 404 (SB 1688) Polanco. Education.

(1) Existing law makes each school district eligible for reimbursements for hours of pupil attendance claimed for intensive reading programs, pursuant to prescribed calculations.

This bill would make each school district and charter school eligible for reimbursement for hours of pupil attendance claimed for intensive algebra academies, pursuant to prescribed calculations.

(2) Existing law establishes the California State Summer School for Mathematics and Science to establish a multidisciplinary academic development program in mathematics and science and to enable pupils with demonstrated academic excellence in mathematics and science to receive intensive educational enrichment in these subjects.

This bill would establish the Intensive Algebra Instruction Academies Program, which would authorize a school district or charter school that maintains grade 7 or 8, or both, to operate a program that provides multiple, intensive opportunities for pupils in those grades to practice skills in prealgebra, algebra, or both. The bill would require the Superintendent of Public Instruction to allocate a minimum of \$6,766 for the Intensive Algebra Instruction Academies Program established in each school district meeting certain size and instructional

time requirements. The Superintendent of Public Instruction would be required to evaluate the program by November 1, 2002.

(3) Existing law establishes the Golden State Scholarshare Trust Act, pursuant to which and under regulations adopted by the Scholarshare Investment Board, participants invest money in the Golden State Scholarshare Trust for the benefit of a specific beneficiary for the advance savings for the beneficiary's higher education expenses, as defined, at certain postsecondary educational institutions.

This bill would require the Scholarshare Investment Board to administer the Governor's Scholarship Programs established by this bill. Within the Governor's Scholarship Programs, the bill would establish the Governor's Scholars Program, under which a \$1,000 scholarship would be awarded to each public high school pupil who demonstrates high academic achievement on certain tests. Also within the Governor's Scholarship Programs, the bill would establish the Governor's Distinguished Mathematics and Science Scholars Program, under which a \$2,500 scholarship would be awarded to high school pupils who, in addition to demonstrating high academic achievement on the statewide achievement test, take and attain a specified score on an advanced placement calculus examination and an advanced placement examination in biology, chemistry, or physics.

(4) Existing law requests the Regents of the University of California to jointly develop with the Trustees of the California State University and the independent colleges and universities, the California Reading Professional Development Institutes to provide instruction in the teaching of reading.

The bill would also request the development of the Algebra Academies Professional Development Institutes to provide instruction in the teaching of prealgebra and algebra. After attending these institutes, teachers would serve as instructors in the programs established by the bill for pupils enrolled in grades 7 and 8.

(5) Existing law establishes in the State Treasury the Special Fund for Economic Uncertainties, a continuously appropriated fund. Existing law authorizes the Controller to transfer amounts as needed to meet the cash needs of the General Fund and requires the Controller to return moneys so transferred as soon as there are sufficient moneys in the General Fund. Existing law authorizes the Director of Finance to allocate funds from the Special Fund for Economic Uncertainties for disaster relief by notifying the Joint Legislative Budget Committee.

This bill would appropriate \$118,000,000 to the Scholarshare Investment Board for the 2000–01 fiscal year for the purpose of making scholarships under the Governor's Scholarship Program. The bill would also authorize the Director of Finance to authorize the augmentation, from the Special Fund for Economic Uncertainties, of the amount appropriated annually for the purposes of scholarships under the Governor's Scholarship Program. By authorizing the expenditure of money in a continuously appropriated fund for a new purpose, the bill would make an appropriation. Funds appropriated by the bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(6) This bill would provide that it is to become operative only if SB 1644 is enacted.

(7) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 405 (AB 1087) Calderon. Teachers: salaries.

Existing law, known as the Jack O'Connell Beginning-Teacher Salary Incentive Program, authorizes the governing board of a school district, the county superintendent of schools, or the county board of education to increase, for teachers who meet certain requirements, the salary on its adopted certificated employee salary schedule. Any school district that elects to meet the program's requirements is eligible to receive an incentive amount that is calculated pursuant to a specified formula.

This bill would revise the incentive formula established for purposes of the Jack O'Connell Beginning-Teacher Salary Incentive Program.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 406 (AB 1966) Wiggins. Property tax: possessory interests.

Existing property tax law with respect to assessments on the supplemental property tax roll generally defines the term “property” to mean real property, and specifies certain exclusions from that definition.

This bill would expand those exclusions to also include newly created taxable possessory interests, established by month-to-month agreements in publicly owned real property, having a full cash value of \$50,000 or less.

Section 2229 of the Revenue and Taxation Code requires the Legislature to reimburse local agencies annually for certain property tax revenues lost as a result of any exemption or classification of property for purposes of ad valorem property taxation.

This bill would provide that, notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made and the state shall not reimburse local agencies for property tax revenues lost by them pursuant to the bill.

This bill would take effect immediately as a tax levy.

Ch. 407 (AB 2144) Keeley. Land use.

Existing law contains numerous provisions relating to the regulation of land use.

This bill would require the City of Watsonville, the County of Santa Cruz, and the California Coastal Commission to comply with the terms and conditions of the Memorandum of Understanding entered into between those 3 entities and dated June 14, 2000.

Ch. 408 (AB 2293) Florez. Transportation authorities.

Existing law authorizes a county board of supervisors to create an authority or to designate a transportation planning agency or a county transportation commission to serve as an authority to operate within the county to, among other things, oversee the maintenance and improvement of local roads and highways and raise necessary funds.

This bill would authorize a county board of supervisors to also designate a transportation planning agency created pursuant to the Fresno County Transportation Improvement Act to serve as an authority.

Ch. 409 (AB 2478) Strom-Martin. Forest resources.

(1) Under existing law, the Department of Forestry and Fire Protection is authorized to enter into agreements and make loans to improve the condition of forests. The forestry advisory program conducted by the department encourages forest resource improvements and management through a program of technical assistance and advice.

This bill would change the forestry advisory program to a forestry assistance program, adding an emphasis on the financial and educational assistance aspects of the existing program.

(2) Existing law requires that certain funds be allocated each year for agreements and loans devoted to forest land conservation or fish and wildlife habitat improvements projects.

This bill would eliminate that requirement.

(3) Existing law provides for the allocation of available funds among forest projects that produce the greatest public benefit.

This bill would restrict the allocation of funding to that of the amount expended in the 1999–2000 fiscal year until the completion, review, and final approval of an updated management plan for the Jackson Demonstration State Forest.

(4) This bill would revise the definition of fish and wildlife habitat improvements for purposes of the program and would make other clarifying, nonsubstantive changes.

Ch. 410 (AB 2482) Strom-Martin. Fish: termination of programs.

(1) Existing law prohibits until January 1, 2002, with specified exceptions, a person who is 16 years of age or more and less than 70 years of age from taking salmon for commercial purposes or from being on board a vessel on which salmon are taken for commercial purposes while salmon are being taken or transported unless that person has a commercial fishing salmon stamp affixed to his or her commercial fishing license. Existing law also prohibits until January 1, 2002, with specified exceptions, the operator of a vessel on which salmon are taken for commercial purposes from permitting a person on board that vessel while salmon are being taken or transported, unless that person is less than 16 years of age or 70 years of age or more, or unless that person has a commercial fishing salmon stamp affixed to the person's commercial fishing license. Existing law, until January 1, 2002, provides for the issuance of the commercial fishing salmon stamps for specified fees.

This bill would continue that existing law beyond January 1, 2002, by extending the repeal date to January 1, 2007. Because existing law makes a violation of those prohibitions a crime, the bill would impose a state-mandated local program by extending the duration of a crime.

Because existing law requires the money collected for the issuance of the stamps to be deposited in the continuously appropriated Fish and Game Preservation Fund, the bill would make an appropriation.

(2) Existing law authorizes the Director of Fish and Game to order a delay in the opening of the Dungeness crab fishery after December 1 in Districts 6, 7, 8, and 9 in any year. Existing law also authorizes the director to authorize one or more operators of commercial fishing vessels to take and land a limited number of Dungeness crab for the purpose of quality testing, as specified. Existing law requires the director to order the opening of the Dungeness crab season on December 1 if the quality tests indicate the Dungeness crabs are not soft-shelled or low quality and to delay the season opening if the second testing indicates the crabs are soft-shelled or low quality. Existing law prohibits vessels from taking or landing crab within Districts 6, 7, 8, and 9 during any closure. Existing law provides that these provisions are to become inoperative on April 1, 2001, and, as of January 1, 2002, will be repealed.

This bill, instead, would make these provisions inoperative on April 1, 2006, and would repeal them on January 1, 2007.

(3) Existing law provides that no person shall take Dungeness crab for commercial purposes in specified ocean waters for 30 days after the opening of the Dungeness crab fishing season if the opening of the season has been delayed in those waters and that person has taken, possessed, or landed Dungeness crab in other specified waters prior to that opening. Existing law provides that a violation of these provisions does not constitute a misdemeanor, and instead, requires the Fish and Game Commission to revoke the permit of any person who violates these provisions. Under existing law, these provisions become inoperative on April 1, 2001, and are repealed on January 1, 2002.

This bill would extend those provisions by making them inoperative on April 1, 2006, and repealing them on January 1, 2007. Because the bill would increase the duties of the commission, whose expenses are payable from the continuously appropriated Fish and Game Preservation Fund, the bill would make an appropriation.

(4) Existing law prohibits the use of a vessel to take, possess, or land Dungeness crab for commercial purposes using Dungeness crab traps unless the owner of the vessel has a vessel permit for that vessel. Existing law also prohibits the transfer of the Dungeness crab vessel permit and authorizes the commission to revoke the commercial fishing license of any person owning a fishing vessel engaging in the taking or landing of Dungeness crab by traps for which that person has not obtained a Dungeness crab vessel permit. Existing law also authorizes the commission to revoke the registration for that vessel. Existing law requires the Director of Fish and Game to convene a Dungeness crab review panel for the purpose of reviewing applications for Dungeness crab vessel permits. Existing law also requires the department to charge a fee for each Dungeness crab vessel permit. Under existing law, these provisions are to become inoperative on April 1, 2001, and are repealed on January 1, 2002.

This bill would extend those provisions by making them inoperative on April 1, 2006, and repealing them on January 1, 2007. Because existing law makes a violation of these provisions a crime, the bill would impose a state-mandated local program by extending the duration of a crime.

Existing law continuously appropriates the money in the Fish and Game Preservation Fund to the department to carry out the Fish and Game Code. Because this bill would continue existing duties imposed on the department and would increase revenues in the fund by extending the period for which a fee may be charged, the bill would make an appropriation.

(5) Existing law provides for punishment by imprisonment or fine for the knowingly unlawful taking for commercial purposes of any animal species in violation of the Fish and Game Code.

This bill would prohibit the taking or landing of krill of the genus *Thysanoessa* or the genus *Euphausia* for commercial purposes until January 1, 2011. The bill would further provide that after January 1, 2011, this commercial taking or landing is prohibited unless permitted under regulations adopted by the commission.

By changing the definition of a crime, this bill would impose a state-mandated local program.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 411 (AB 2503) Steinberg. Financial institutions: electronic contract formation: credit unions.

(1) Existing law specifies the accounts which make up the equity capital of a credit union.

This bill would revise what makes up the equity capital of a credit union by also permitting the Commissioner of Financial Institutions to approve the inclusion of other forms of capital not specified.

(2) Existing law permits a credit union to become a member of any organization or organizations composed of credit unions, credit associations, or chambers of commerce.

This bill would additionally permit a credit union to become a member of any organization or organizations composed of financial institutions or nonprofit organizations.

(3) Existing law permits a credit union to admit to membership those persons qualified for membership upon the occurrence of either the payment of an entrance fee or upon the purchase of one or more shares in the credit union.

This bill would also permit a credit union to admit to membership those persons who purchase a membership in the credit union as provided in the credit union's bylaws.

(4) Existing law permits a credit union to issue shares in a revocable trust when the settlor is a member of the credit union issuing the shares in his or her own right.

This bill would provide that for a trust that has joint settlors, who are husband and wife, that only one settlor need be a member of the credit union.

(5) Existing law provides that the shares and certificates for funds received of members of any credit union and all the accumulation on those shares and certificates are exempt from enforcement of a money judgment in the amount and in the manner provided in specified provisions of the Code of Civil Procedure that relate to exemptions.

This bill would repeal that provision.

(6) Existing law exempts credit unions from franchise and income taxes. Existing law provides that for the purpose of taxation pursuant to the Bank and Corporation Franchise Tax Law, the corporate existence of any credit union is terminated at the time of the filing of a certificate of election to dissolve with the Secretary of State.

This bill would repeal the provision of law specifying when the corporate existence of any credit union is terminated for purposes of the Bank and Corporation Franchise Tax Law.

(7) Existing law provides that an unincorporated association or nonprofit corporation that is not the holder of a certificate of authority issued to motor clubs under specified provisions of the Insurance Code is not eligible for an insurance broker or agent production license unless each member thereof possesses an individual license to transact each class of insurance authorized by the license or is a natural person named on the license to transact thereunder.

This bill would exempt any state chartered credit union from the above requirements, except that it would require any officer, director, or employee of a state chartered credit union who transacts insurance to be licensed.

(8) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 412 (AB 2630) Ashburn. Farm products: processors and produce dealers.

Existing law regulates the licensing of processors of farm products and produce dealers as well as certain commercial transactions and other related activity engaged in by processors and dealers. Except as specified, any misdemeanor prescribed for a violation of the provisions governing both processors and dealers is punishable by a fine of not less than \$500 or more than \$2,000, or by imprisonment in a county jail for not more than one year, or by both the fine and imprisonment. Additionally, any person that violates those provisions is liable civilly in the sum of \$500 for each and every violation.

This bill would increase the maximum fine for a misdemeanor violation to \$5,000 and revise the civil penalty to provide for a sum of not less than \$500 or more than \$1,000.

This bill would also incorporate additional amendments to Sections 55901, 55922, 56631, and 56652 of the Food and Agricultural Code proposed by SB 1535.

Ch. 413 (AB 2699) Cox. Seller assisted marketing plans: exemptions.

Existing law imposes requirements on seller assisted marketing plans, as defined. Existing law also specifies certain transactions that are not deemed to be seller assisted marketing plans for the purposes of those requirements.

This bill would provide that a product distributorship that meets certain requirements is not a seller assisted marketing plan for the purpose of those requirements.

Ch. 414 (AB 2896) Committee on Revenue and Taxation. Personal Income and Bank and Corporation Tax Laws: deficiencies.

Existing law requires the Franchise Tax Board to mail notice to the taxpayer of any deficiency proposed to be assessed on tax returns filed pursuant to the Personal Income and Bank and Corporation Tax Laws.

This bill would require the Franchise Tax Board to request the taxpayer to provide a paper or electronic copy of the return if the return or related electronically stored return data has been destroyed or cannot be located, and would require the board to include an appropriate statement in the tax booklets informing taxpayers they may be requested by the board to furnish a copy of California or federal tax returns that are the subject of or related to a federal audit.

Ch. 415 (AB 2897) Committee on Revenue and Taxation. Taxation.

Under existing law, the Franchise Tax Board may recover any refund or credit that is erroneously made or allowed, together with interest from the date demand for recovery was made. In the case of a corporation, interest is computed from the date the refund was made or the credit allowed, instead of the date a demand for recovery was made.

This bill would instead provide that for all persons interest shall be computed beginning 30 days after the Franchise Tax Board mails a notice and demand for repayment.

This bill would also correct certain statutory references and make nonsubstantive, technical changes relating to taxation.

Ch. 416 (AB 2919) Committee on Human Services. Developmental disabilities: fair hearings and mediation procedures.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Under existing law, service agencies defined as regional centers and developmental centers contract with the State Department of Developmental Services to provide, or arrange for the provision of, services and supports for persons with developmental disabilities.

Existing law authorizes an applicant or recipient of services, and the authorized representative, if any, from a service agency to obtain a fair hearing or mediation with respect to those agencies.

This bill would revise procedural requirements applicable to fair hearings, and would specify that an applicant for, or recipient of, services from a service agency may request a voluntary informal meeting and mutually agreed upon voluntary mediation, and would revise procedures applicable to fair hearings, voluntary informal hearings, and voluntary mediation.

Ch. 417 (SB 1417) C. Wright. Property taxation: transfer of base year value.

Existing property tax law permits persons over 55 years of age and persons who are severely and permanently disabled, as specified, to transfer the property tax base year value of their home to a replacement home in the same county, and, under certain circumstances, authorizes the transfer of the base year value to a replacement home in a different county. Existing property tax law allows a claimant to rescind a claim for a transfer of base year value upon delivery of a written notice of rescission to the assessor's office if certain conditions are met, including the filing of a written notice of rescission by the applicable of certain deadlines.

This bill would eliminate certain deadline requirements for the filing of a rescission notice in the case in which the replacement property has been vacated as the claimant's principal place of residence within 90 days after the original claim was filed. This bill would, in that case, require the assessor to rescind the claim upon the filing of the rescission notice, and would also require the assessor to impose escape assessments or supplemental assessments if the rescission increases the base year value of the property, or the homeowners' exemption has been incorrectly allowed. By requiring county assessors to process additional claim rescissions made pursuant to new eligibility standards, this bill would impose a state-mandated local program.

This bill would also revise the applicable dates for which a county board of supervisors may allow the transfer of the base year value of a home to a replacement home in a different county.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 418 (SB 1704) Costa. Kings River fishery.

(1) Existing law authorizes the Department of Fish and Game to enter into contracts for fish and wildlife habitat preservation, restoration, and enhancement with public and private entities whenever the department finds that the contracts will assist in meeting the department's duty to preserve, protect, and restore fish and wildlife.

This bill would provide that the fishery management program described in the Kings River Fisheries Management Program Framework Agreement, as approved by the department, is adopted and authorized. The bill would also authorize the department to contribute, from the Fish and Game Preservation Fund or otherwise upon appropriation, up to 50% of any capital costs incurred by local agencies for the recreation and fish and wildlife enhancement features of the program. The bill would repeal these provisions on January 1, 2011.

(2) Existing law continuously appropriates money in the Fish and Game Preservation Fund to the department to pay all necessary expenses incurred in carrying out the Fish and Game Code and any other law for the protection and preservation of birds, mammals, reptiles, and fish.

This bill would make an appropriation by authorizing the department, until January 1, 2011, to contribute money from the fund for specified purposes of the bill.

Ch. 419 (SB 1883) Sher. Property taxation: revenue allocation: TEA formula.

Existing property tax law requires the auditor of each county with qualifying cities, as defined, to make certain property tax revenue allocations to those cities in accordance with a specified Tax Equity Allocation (TEA) formula and to make corresponding reductions in the amount of property tax revenue that is allocated to the county. Existing property tax law also requires that the amount of revenue allocated to a qualifying city pursuant to the TEA formula be reduced, as provided, by, among other things, the amount of tax revenue that is no longer collected by a qualifying city in the first fiscal year following that city's reduction in the rate or base of a local tax that was first imposed prior to January 1, 1988.

This bill would, for the County of Santa Clara only, instead require that the amount of revenue allocated to a qualifying city pursuant to the TEA formula be reduced, as provided, by the net of (a) the amount of tax revenue that is no longer collected by a qualifying city in the first fiscal year following that city's reduction in the rate or base of a local tax that was first imposed prior to January 1, 1988, and (b) the additional amount of tax revenue that is collected by a qualifying city in the first fiscal year following that city's increase in the rate or base of, or new imposition of, a local tax on or after January 1, 1998. By imposing new duties in the annual allocation of ad valorem property tax revenues, this bill would impose a state-mandated local program.

This bill would make legislative findings and declarations as to the necessity of a special statute.

This bill would incorporate additional changes in Section 98 of the Revenue and Taxation Code, proposed by SB 1581 to be operative only if SB 1581 and this bill are both chaptered and become effective on or before January 1, 2001, and this bill is chaptered last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 420 (SB 2018) Schiff. Sexually violent predators: commitment evaluations.

(1) Existing law provides that the Attorney General shall establish and maintain the Violent Crime Information Center, as specified, and provides that the Department of Justice, in conjunction with the Department of Corrections, shall update any supervised release file available to law enforcement via a specified information system to reflect the most recent paroled inmates.

This bill would provide that commencing on July 1, 2001, the Department of Justice shall also work in conjunction with the State Department of Mental Health in updating this information system to reflect patients undergoing community mental health treatment and supervision through the Forensic Conditional Release Program administered by the State Department of Mental Health, other than individuals committed as incompetent to stand trial.

(2) Existing law provides that a person who is subject to commitment as a sexually violent predator, as defined, shall be entitled to a trial by jury, the assistance of counsel, the right to retain experts to perform an examination on his or her behalf, and shall have access to all relevant medical and psychological records and reports. Existing law provides that the attorney bringing the petition to have the defendant committed also has the right to demand a trial by jury, but if no demand for a jury trial is made by either side, that the trial shall be conducted before a court without a jury. Existing law also provides for the examination of a person subject to commitment under these provisions by at least 2 psychiatrists or psychologists designated by the State Department of Mental Health, with additional evaluations to be performed as specified.

This bill would provide that the attorney bringing the petition to have a person committed as a sexually violent predator may request the State Department of Mental Health to perform updated evaluations as specified, and if an original evaluator is no longer available to testify, a replacement evaluation. The bill would direct the department to perform the requested evaluations and forward them to the petitioning attorney, but would provide that updated or replacement evaluations shall only be performed for these specified reasons. This bill would provide that an updated or replacement evaluation shall include a review of available medical and psychological records, including treatment records, consultation with treating clinicians, and voluntary or court-ordered interviews with the subject, and would also provide that if an updated or replacement evaluation results in a split opinion as to whether the subject meets the criteria for commitment, the department shall conduct 2 additional evaluations as specified.

(3) Existing law provides that the court or jury shall determine whether, beyond a reasonable doubt, a person is a sexually violent predator, and if the court or jury does so, that the person shall be committed for 2 years to the custody of the State Department of Mental Health for treatment and confinement within a secure facility. Existing law provides that the person shall not be kept in actual custody under these provisions for longer than 2 years unless a subsequent extended commitment is obtained from the court incident to the filing of a new petition for commitment, or unless the term of commitment changes as specified. Existing law also provides that, until July 1, 2001, this 2-year period of commitment commences on the date upon which the court issues the order of commitment and shall not be reduced by any time spent in a secure facility prior to the order of commitment.

This bill would clarify that a person may be confined beyond this 2-year period pursuant to the filing of a petition for extended commitment, which would result in an additional 2-year term of commitment, and would also delete the automatic repeal of the provision prohibiting the reduction of the term of commitment for time spent in a secure facility prior to the order of commitment, thereby making this provision applicable indefinitely. This bill would also provide that evaluations for extended commitments shall be performed by 2 psychologists or psychiatrists designated by the department, and that specified existing provisions relating to commitment evaluation standards and to the rights of the person subject to commitment shall also apply with respect to evaluations for extended commitments.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 421 (SB 2161) Schiff. Children: placement.

Existing law contains criminal record check requirements of applicants for a license, special permit, or certificate for a foster family home or certified family home, and other persons, including nonclients who reside in those homes and staff and employees.

Existing law, the California Community Care Facilities Act, authorizes, upon the adoption of a resolution by the board of supervisors of a county, a county child welfare agency to secure from municipal, county, or state law enforcement personnel the criminal record of certain persons through the California Law Enforcement Telecommunications System (CLETS) for purposes of the placement of a minor with a relative, as defined. This authority was applicable until January 1, 2000.

This bill would delete the latter provision.

Existing law requires the Department of Justice to maintain state summary criminal history information and requires the department to furnish the information to specified persons, including probation officers. Existing law authorizes the board of supervisors to delegate to those persons within the county welfare department performing child welfare services the probation officer's right to access state summary criminal history information to carry out the department's duties concerning children reasonably believed to be abused and neglected.

Existing law similarly requires local criminal justice agencies to furnish local summary criminal history information to specified persons, including probation officers.

This bill would require the department and local criminal justice agencies to furnish the state summary criminal history information to county child welfare agency personnel who have been delegated the authority of county probation officers pursuant to these provisions. By imposing additional duties on local officers and employees, the bill would create a state-mandated local program.

Existing law requires, whenever a child is placed in the home of a relative or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the court or the social worker to cause a criminal records check to be conducted by an appropriate governmental agency through CLETS.

This bill would require the social worker to ensure that a fingerprint clearance check of the relative and any other person whose criminal record was obtained, is initiated, and that the results of any criminal records are reviewed within 5 judicial days following the criminal records check. The bill would also provide that information from criminal history records provided pursuant to the bill shall be used only for purposes of the bill; and state that when an agency obtains records obtained both on the basis of name checks and fingerprint checks, final placement decisions shall be based only on the records obtained pursuant to the fingerprint check. Because this bill would expand the duties of social workers, it would impose a state-mandated local program.

Existing law provides for a public system of statewide child welfare services implemented through the State Department of Social Services and county welfare departments. Existing law provides that any child reported to the county welfare department to be endangered by abuse, neglect, or exploitation is eligible for initial intake and evaluation of risk services.

This bill would specify the purposes for which a child welfare agency may secure from an appropriate governmental agency the state summary criminal history information through CLETS. The bill would also require law enforcement personnel to cooperate with these requests and to provide them in a timely manner. By imposing additional duties on local employees, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 422 (AB 700) Thomson. Special interest license plates: Girl Scouts.

Existing law requires the Department of Motor Vehicles to issue specific special interest license plates in accordance with a specified procedure.

This bill would require the department to issue special interest license plates that bear the logo of the Girl Scouts of the United States of America. The bill would prescribe the fees to be paid for the issuance, renewal, retention, transfer, and substitution of the plates, and would require those fees, after deduction of administrative costs, to be deposited in the Girl Scouts License Plate Fund, which the bill would create in the General Fund, for allocation by the Controller to the Girl Scout Councils of California for scout activities, as specified.

The bill would require any organization participating in a special interest license plate program pursuant to this bill to comply with all of the statutory requirements imposed generally on organizations participating in special interest license plate programs.

Ch. 423 (AB 862) Correa. Mobilehome parks: landscaping: driveways.

Existing law, the Mobilehome Residency Law, authorizes the management of a mobilehome park to charge the owner of a mobilehome within the park a reasonable fee for the maintenance of the land and premises upon which the mobilehome is situated in the event the homeowner fails to do so in accordance with the park rules and regulations, as specified. The law prohibits a homeowner from being charged a fee for landscaping as a condition of tenancy in the park, except as specified. The law also authorizes reasonable landscaping

requirements within the park rules and regulations. Existing law, the Mobilehome Parks Act, which is enforced by the Department of Housing and Community Development or specified local agencies, provides for specified regulation of mobilehome parks.

This bill would require the management to be solely responsible for the trimming, pruning, or removal of any tree on a rental space, and the costs thereof, upon written notice by a homeowner or a determination by the park management that the tree poses a specific hazard or health and safety violation. In case of a dispute over that assertion, the bill would authorize the park management or a homeowner to request an inspection by the Department of Housing and Community Development or a specified local agency to make a determination whether a violation of the Mobilehome Park Act exists. The bill would require the park management to be solely responsible for the trimming, pruning, or removal of trees in the common areas and the costs thereof. The bill would also require the management to be responsible for the maintenance, repair, and expenses related to the maintenance of all driveways installed by park management, would provide that homeowners are responsible for the maintenance, repair, and expenses related to maintaining homeowner installed driveways, and would prohibit a resident of a mobilehome park from planting a tree within the mobilehome park without first obtaining written permission from the management.

The bill would provide that any mobilehome park rule or regulation shall be in compliance with these provisions. These provisions would only apply to rental agreements entered into, renewed, or extended on or after January 1, 2001, as specified.

Ch. 424 (AB 1604) Wesson. Alcoholic beverage licensees: “tied-house” restrictions: advertising restrictions.

Existing provisions of the Alcoholic Beverage Control Act known as “tied-house” restrictions generally prohibit certain alcoholic beverage licensees from holding an interest in various other alcoholic beverage licensees. Existing law generally prohibits a manufacturer of alcoholic beverages and a winegrower from paying, crediting, or compensating a retailer for advertising or paying or giving anything of value for the privilege of placing a sign or advertisement with a retail licensee.

Under existing law, the holder of a beer manufacturer’s license or a winegrower’s license is permitted to purchase advertising space and time from or on behalf of an on-sale retail licensee under certain conditions, if the on-sale licensee owns a specified facility.

This bill would extend that authorization to a holder of a distilled spirits manufacturer’s license and to a holder of a distilled spirits manufacturer’s agent’s license.

The bill would include a theme or amusement park and the adjacent retail, dining, and entertainment area located in the City of Los Angeles or Los Angeles County within the enumerated facilities permitted to be owned by an on-sale licensee for purposes of the purchase of advertising time and space.

This bill would also make it a misdemeanor for an on-sale retail licensee subject to the provisions of the bill, to solicit or coerce a holder of a distilled spirits license to purchase that advertising space or time.

By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 425 (AB 1782) Florez. Cattle disease control.

Existing law provides for the control of diseased bovines with bovine tuberculosis and bovine brucellosis, as specified, and broadly authorizes the State Veterinarian to order the quarantine, movement, segregation, isolation, or destruction of animals or food products to prevent the spread of illness to humans or other animals.

This bill would provide that the Secretary of the Department of Food and Agriculture may adopt regulations to control or eradicate cattle diseases, including bovine trichomoniasis, in specified ways. The bill would require the secretary to appoint an advisory task force made up of livestock industry representatives and university researchers, to advise the secretary on the control and management of cattle health diseases and evaluating the effectiveness of programs established under the bill. The bill would authorize the secretary to impose fees at a level necessary to generate revenue sufficient to offset the actual costs of any program established pursuant to the bill, provided that these fees do not exceed the actual costs of regulation or impair the department's animal disease surveillance, public health, and food safety responsibilities. The bill would require the secretary to consult with the advisory task force prior to the adoption of regulations or the imposition of fees. This bill would also authorize the secretary to establish accounts to implement these provisions and would provide that its provisions shall not be construed to limit or restrict the power of the State Veterinarian to quarantine or destroy animals and food products, as specified. Furthermore the bill would make it a misdemeanor for anyone to willfully and knowingly violate any regulation adopted pursuant to the bill. The bill would also provide for the civil prosecution of, and civil penalties for, a violation of any regulation adopted pursuant to the bill, as specified. By creating new crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 426 (AB 2168) Gallegos. Health care coverage.

Existing law provides for regulation and licensing of health care service plans by the Department of Managed Care, effective no later than July 1, 2000, or earlier pursuant to an Executive Order of the Governor. A willful violation of the provisions governing health care service plans is a crime. Existing law requires every health care service plan, except a specialized health care service plan, to establish and implement procedures by which an enrollee could receive a standing referral, as defined, to a specialist and by which an enrollee with a condition or disease that requires specialized care over a prolonged period of time and is life-threatening, degenerative, or disabling could receive a referral to a specialist who, or a specialty care center, as defined, that, has expertise in treating the condition or disease for the purpose of having the specialist, or the specialty care center, coordinate the enrollee's health care.

This bill would require, until January 1, 2004, or an earlier determined date, that human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) be interpreted broadly as a "condition or disease that requires specialized medical care over a prolonged period of time and is life-threatening, degenerative, or disabling" so as to maximize the access of an enrollee with HIV or AIDS to a provider with demonstrated expertise in treating a condition or disease involving a complicated treatment regimen that requires ongoing monitoring of the patient's adherence to the regimen.

Because a violation of this bill's requirements with respect to a health care service plan would be a crime, this bill would impose a state-mandated local program by expanding the definition of an existing crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 427 (SB 1600) Burton. Physical therapy.

The Physical Therapy Practice Act requires the licensure of physical therapists by the Physical Therapy Board of California. The act authorizes, until December 31, 2000, physical

therapists to obtain certification from the board to perform tissue penetration for the purpose of evaluating neuromuscular performance in accordance with specified standards provided the physical therapist does not develop or make diagnostic or prognostic interpretations of the data obtained from the tissue penetration.

A violation of any of the provisions relating to licensure of physical therapists is a misdemeanor.

This bill would reenact the provisions authorizing physical therapists to obtain certification from the board to perform tissue penetration, as specified, and would make it a violation of the Medical Practice Act, subject to all of the sanctions and penalties set forth in that act, for a physical therapist to develop or make a diagnostic or prognostic interpretation of the data obtained from tissue penetration performed to evaluate a patient's neuromuscular performance.

Because a violation of the bill's requirements with respect to the certification of a physical therapist would be a crime, this bill would impose a state-mandated local program by expanding the definition of an existing crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 428 (SB 1625) Murray. Baldwin Hills Conservancy.

Existing law authorizes various conservancies to acquire, manage direct the management of, and conserve public lands in the state.

This bill would, until January 1, 2008, establish the Baldwin Hills Conservancy to acquire and direct the management of public lands within the Baldwin Hills area of Los Angeles County, as defined, and would prescribe the management, powers, and duties of the conservancy.

The bill would require the Legislative Analyst, not later than December 31, 2006, to review the effectiveness of the conservancy in acquiring and developing open-space land and recreational opportunities in the Baldwin Hills area, and to submit to the Legislature a report on specified matters concerning the conservancy.

Ch. 429 (SB 1728) Lewis. Charter schools: Charter School Revolving Loan Fund.

Existing law creates the Charter School Revolving Loan Fund in the State Treasury to provide loans to a chartering authority for charter schools that are not a conversion of an existing school, or directly to a charter school under certain conditions. Existing law specifies that a loan from this fund is for use by the charter school during the period from the date the charter is granted to the end of the fiscal year in which the charter school first enrolls pupils.

This bill would remove the restriction requiring a charter school to use a loan from the Charter School Revolving Loan Fund during certain time periods. The bill would provide that the loan to a chartering authority for a charter school, or to a charter school, may not exceed \$250,000 over the lifetime of the charter school. The bill would also authorize the Superintendent of Public Instruction to consider certain criteria when making a determination as to approval of a charter school's loan application and give priority for the loans to new charter schools for startup costs.

The bill would incorporate additional changes in Section 41365 of the Education Code proposed by SB 1759, that would become operative only if SB 1759 and this bill are both chaptered and become effective on or before January 1, 2001, and this bill is chaptered last.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 430 (SB 1942) Karnette. Peace officers: impersonation.

(1) Existing law provides that any person other than one who by law is given the authority of a peace officer, who willfully wears, exhibits, or uses the authorized uniform, badge, insignia, emblem, device, label, certificate, card, or writing, of a peace officer, with the intent of fraudulently impersonating a peace officer, or of fraudulently inducing the belief that he or she is a peace officer, is guilty of a misdemeanor.

This bill would remove the use of a police badge from the above provisions, and as a separate offense provide that any person, other than the one who by law is given the authority of a peace officer, who willfully wears, exhibits, or uses the badge of a peace officer or willfully wears or uses any badge that falsely purports to be authorized for the use of a peace officer or so resembles the authorized badge of a peace officer with the intent of fraudulently impersonating a peace officer, or of fraudulently inducing the belief that he or she is a peace officer, is guilty of a misdemeanor punishable by imprisonment in a county jail not to exceed one year, by a fine not to exceed \$2,000, or by both that imprisonment and fine. By increasing the term of imprisonment applicable to a crime punishable as a misdemeanor, this bill would impose a state-mandated local program.

The bill also would provide that any person who makes or sells any badge that falsely purports to be authorized for a specified use shall be subject to a fine not to exceed \$15,000.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 431 (SB 2204) Soto. Agricultural land.

Under existing law, one or more cities or counties may adopt a plan to implement multiple rescissions of Williamson Act contracts in order to place other land under agricultural conservation easements in a designated area within the Counties of San Bernardino and Riverside.

This bill would provide that easements located within that area may be related to contract rescissions in either county.

This bill would become operative only if AB 1944 is enacted and becomes effective on or before January 1, 2001.

Ch. 432 (SB 1390) Murray. Pupil instruction: visual and performing arts.

Existing law requires the adopted course of study for grades 1 to 12, inclusive, to include instruction, beginning in grade 1 and continuing through grade 12, in certain prescribed areas of study, including, but not limited to, visual and performing arts, including instruction in the subjects of art and music, aimed at the development of aesthetic appreciation and the skills of creative expression.

Existing law, to be repealed on January 1, 2003, establishes the Local Arts Education Partnership Program to provide grants to local arts agencies, including school districts, to develop a locally based approach to the improvement of arts education in the public schools.

Existing law, the Leroy Greene California Assessment of Academic Achievement Act, requires the State Board of Education to adopt statewide academically rigorous content standards, pursuant to recommendations of the Commission for the Establishment of Academic Content and Performance Standards, in the core curriculum areas of reading, writing, mathematics, history, social science, and science, to serve as the basis for assessing the academic achievement of individual pupils and of schools, school districts, and the California education system. Existing law also requires the board to adopt statewide performance standards in those areas.

This bill would make legislative findings and declarations concerning the value of visual and performing arts. The bill would require the board to adopt content standards for visual and performing arts, pursuant to recommendations developed by the Superintendent of

Public Instruction, on or before June 1, 2001. The bill would prohibit anything in the bill from requiring a school to follow those content standards.

Ch. 433 (SB 1627) Dunn. Mobilehome parks: fire protection.

Existing law requires the Department of Housing and Community Development to adopt rules and regulations that are reasonably consistent with generally recognized fire protection standards, governing conditions relating to the prevention of fire or for the protection of life and property against fire in mobilehome parks and special occupancy parks. The regulations apply to all parks, except those parks within a city, county, or city and county that has adopted and is enforcing a fire prevention code imposing restrictions equal to or greater than state building standards. This exception applies only if the city, county, or city and county is the enforcement agency for state building standards.

The bill would authorize a city, county, city and county, or special district that is not the enforcement agency under the above provisions to enforce its own fire prevention code in mobilehome parks, as specified, if it gives the department a 30-day written notice.

This bill would require the department, in consultation with local firefighting agencies, to adopt and implement no later than January 1, 2002, regulations requiring regular maintenance and the periodic inspection and testing of fire hydrants in mobilehome parks.

Ch. 434 (AB 1753) Romero. Alzheimer's disease and related disorders.

Existing law provides for the licensure and regulation of residential care facilities for the elderly by the State Department of Social Services. Existing law authorizes residential care facilities for the elderly that care for people with dementia, including Alzheimer's disease and related disorders, that meet certain requirements to utilize secured perimeter fences or locked exit doors. A violation of these provisions is subject to criminal sanctions.

Existing law requires the Director of Social Services to ensure that operators and staff of residential care facilities for the elderly have appropriate training to provide the care and services for which a license or certificate is issued.

This bill would enact the Alzheimer's Training Act of 2000, which would require any residential care facility for the elderly that advertises or promotes special care, special programming, or a special environment for persons with dementia, to meet specified training requirements for all direct care staff. The bill would require these facilities to make designated disclosures to the department and the public regarding the special features of the facility.

Existing law provides for the periodic inspection and evaluation of the quality of care in residential care facilities for the elderly, at least once a year.

This bill would require that on and after July 1, 2001, as a part of the annual evaluation process, the department conduct a specified review of any residential care facility for the elderly that advertises or promotes special care, special programming, or a special environment for persons with dementia to monitor compliance with the training and disclosure requirements of this bill.

Existing law requires that an administrator of a residential care facility for the elderly successfully complete a department approved certification program prior to employment, which includes a minimum 40-hour classroom instruction training requirement and 40 hours of continuing education.

This bill would require that the 40 hours of classroom instruction and the 40 hours of continuing education both include instruction on serving clients with dementia.

Existing law requires the department to establish, by regulation, the procedures to be used to authorize the conduct of certification programs and continuing education courses for administrators of residential care facilities for the elderly. Existing law requires that the regulations be developed in consultation with provider organizations.

This bill would require that these regulations also be developed in consultation with consumer organizations.

Because the bill would change the definition of an existing crime, it would impose a state-mandated local program.

This bill would incorporate additional changes to Section 1569.616 of the Health and Safety Code proposed by AB 1445, to be operative only if this bill and AB 1445 are both enacted and become effective on or before January 1, 2001, and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 435 (SB 2194) Soto. Medi-Cal: eligibility.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Services, under which qualified low-income persons are provided with health care services.

Under existing law the providing of Medi-Cal benefits does not impose any limitation or restriction upon a person's right to sell, exchange, or change the form of property holdings, nor do these benefits constitute any encumbrance upon these holdings.

Existing law further provides, however, that the transfer or gift of assets, including income and resources, for less than fair market value shall, to the extent and under the circumstances provided for under federal medicaid provisions, result in a period of ineligibility for Medi-Cal benefits.

This bill would provide that assets transferred exclusively for a purpose other than to qualify for medical assistance shall not result in ineligibility for Medi-Cal benefits.

Because each county is required to make eligibility determinations under the Medi-Cal program, and because this bill would affect eligibility determinations under that program, the bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 436 (AB 52) Cedillo. Athletic events: fees.

Existing law, the Boxing Act, provides for the regulation by the State Athletic Commission of specified contests, matches, and exhibitions, including boxing, kickboxing, martial arts, wrestling and other full or partial contact contests, matches, or exhibitions. Existing law provides that every person who conducts a contest or wrestling exhibition pay the commission a fee of 5% of the amount paid for admission to the contest or wrestling exhibition.

This bill would, until January 1, 2006, impose a \$100,000 limit on the fees derived from the amount paid for admission to any one boxing contest and would also require that if those fees exceed \$70,000, the amount in excess of \$70,000 be paid $\frac{1}{2}$ to the commission and $\frac{1}{2}$ to the Boxers' Pension Account. Because this bill would provide for an increase in the amount deposited into the Boxers' Pension Account, a continuously appropriated special account within the General Fund, it would make an appropriation. This bill would require the commission to submit a report to the Legislature, by December 31, 2004, addressing the impact and effect of this act on commission revenues, the sport of boxing, and the Boxers' Pension Account.

Ch. 437 (AB 333) Papan. Internet escrow transactions.

The Escrow Law requires that any person who engages in business as an escrow agent, including an Internet escrow agent, as defined, within the state be licensed and regulated by the Commissioner of Corporations.

This bill would implement the following changes relating to activities conducted by Internet escrow companies: (1) expand escrow transactions to include those taking place on the Internet for the sale or transfer of personal property or services, (2) permit Internet escrow transactions using Internet-authorized payment alternatives, and (3) substitute electronic transfers for traditional account transfers.

This bill would also authorize all records required by these provisions to be retained and transmitted to the commissioner in an electronic format. The bill would require that a person possessing knowledge and understanding of the Escrow Law, regulations, and accounting regarding personal property, to be on duty at each business location of a licensed Internet escrow agent corporation during business hours for escrows involving personal property.

Ch. 438 (AB 1016) Briggs. Confidentiality: taxpayer communications.

Under existing law, the Employment Development Department, the State Board of Equalization, and the Franchise Tax Board administer various taxes and fees.

This bill, in modified conformity to federal income tax laws, would, with respect to tax advice, provide that certain protections that apply to a communication between a client and an attorney also apply to a communication between a taxpayer and any federally authorized tax practitioner before the aforementioned state agencies to the extent the communication would be considered a privileged communication if it were between a client and an attorney, as provided. These provisions would be repealed on January 1, 2005.

Ch. 439 (AB 1761) Brewer. Professions and vocations: paralegals.

Existing law defines the qualifications for and regulates the practice of various professions and vocations.

This bill would establish the qualifications for practice as a paralegal and make it unlawful for any person to identify himself or herself as a paralegal unless he or she meets those qualifications and performs all services under the direct supervision of an active member of the State Bar of California. This bill would also make a paralegal subject to the same confidentiality requirements as an attorney.

This bill would in addition make it unlawful for a paralegal to perform any services for a consumer, as defined, except as directed by the attorney or entity employing or contracting with the paralegal. This bill would prohibit a paralegal from performing various acts, including giving legal advice, representing a client in court, and acting as a runner or capper. This bill would make an attorney using a paralegal's services liable for the negligence or misconduct of the paralegal. This bill would provide for the recovery of attorney's fees in a civil action brought in connection with a violation of these provisions.

Because a violation of the bill's provisions would be punishable as an infraction or as a misdemeanor, as specified, this bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 440 (AB 1820) R. Wright. Geriatric medicine.

Existing law requires adequate instruction in certain specified subjects, including geriatric medicine, as required curriculum for medical students applying for a physician's and surgeon's certificate.

This bill would enact the "Geriatric Medical Training Act of 2000." It would provide that the University of California should develop and implement a geriatric medicine program and

curriculum for its medical schools, as soon as possible, but no later than September 1, 2003. The bill would request that the Regents of the University of California first submit a progress report to the Legislature no later than March 30, 2003, followed by a report on the status of the implementation of the geriatric medicine program and curriculum at each campus to the Legislature no later than March 30, 2004. Subsequently, the bill would request that the regents submit a report every 5 years, commencing no later than June 30, 2005, describing progress in geriatric training and related initiatives at each campus. This bill would express the intent of the Legislature that the professors occupying endowed chairs in geriatric medicine at the University of California that were funded in the 2000–01 Budget Act provide leadership in developing and implementing the expanded geriatric programs and curriculum, and that the one-time funds provided to the Academic Geriatric Resource Program in the 2000–01 Budget Act also be used to implement the provisions of this bill. The bill would make related changes and specify certain legislative findings and declarations.

Ch. 441 (AB 1984) Zettel. Telecommuting centers: economic incentives.

Existing law does not authorize a local government entity to provide an economic incentive to individuals and entities specifically with respect to personal property that is necessary for telecommuting.

This bill would, as provided and until January 1, 2006, authorize the Board of Supervisors of the County of San Diego to enter into an agreement with the owner of telecommuting center property, as defined, under which the County of San Diego would, for a period of up to 5 consecutive fiscal years, pay a Telecommuting Property Amount (TPA), as defined, to that property owner under conditions specified in the agreement. This bill would apply this authorization only to telecommuting center property that is first placed in service on or after January 1, 2001.

This bill would require the County of San Diego to collect data on the efficiency and effectiveness of the program, thereby imposing a state-mandated local program. The bill would also require the Legislative Analyst to report to the Legislature regarding the program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 442 (AB 2107) Scott. Elder abuse.

(1) Existing law imposes on all insurers, brokers, agents, and others engaged in the business of Medicare supplemental insurance and long-term care insurance with a policyholder, a duty of honesty, good faith, and fair dealing.

This bill would impose the duty of honesty, good faith, and fair dealing on insurers, brokers, agents, and others engaged in the business of Medicare supplemental insurance and long-term care insurance with respect to prospective policyholders.

The bill would only permit life agents, on or after July 1, 2001, to sell or offer for sale to an elder or his or her agent any financial product on the basis of the product's treatment under Medi-Cal after providing the elder or his or her agent with a specified disclosure, in writing, explaining the resource and income requirements of the Medi-Cal program, including, but not limited to, certain exempt resources, certain protections against spousal impoverishment, and certain circumstances under which an interest in a home may be transferred without affecting Medi-Cal eligibility. The bill would exclude from the application of these disclosure provisions credit life insurance, as defined.

(2) Existing law prohibits conflicts of interest between an attorney and client.

This bill would require the State Bar to make a report, by December 31 of each year, to the Legislature on the provision of financial services by lawyers to elders, as specified. The

report would include the number of complaints filed and investigations initiated, the type of charges made, and the number and nature of disciplinary actions taken by the State Bar.

(3) Existing law defines financial abuse for the purpose of reporting and investigating elder and dependent adult abuse.

This bill would revise that definition.

Ch. 443 (AB 2644) Calderon. School facilities: contamination.

(1) Existing law defines “environmental assessor” for purposes of assessing proposed schoolsites for environmental hazards as a class II environmental assessor registered by the Office of Environmental Health Hazard Assessment or a licensed hazardous substance contractor.

This bill would include in that definition a registered professional engineer, a registered geologist, and a registered certified engineer geologist.

(2) Existing law defines a “Phase I environmental assessment.”

This bill would provide that a Phase I environmental assessment conducted pursuant to the requirements adopted by the American Society for Testing and Materials for due diligence for commercial real estate transactions satisfies the requirements for conducting a Phase I environmental assessment unless and until the Department of Toxic Substances Control adopts final regulations that establish guidelines for a Phase I environmental assessment for purposes of schoolsites that impose different requirements from those imposed by the American Society for Testing and Materials.

(3) Existing law requires the Department of Toxic Substances Control to comply with provisions of law regarding public participation in response actions undertaken for certain listed sites and community advisory groups established to review and comment on the response actions conducted in affected communities.

The bill would require a school district to provide a notice to residents in the immediate area, approved in form by the Department of Toxic Substances Control, prior to the commencement of work on a preliminary endangerment assessment, thereby imposing a state-mandated local program.

(4) Existing law requires the Department of Toxic Substances Control to comply with certain provisions of law when recovering its costs incurred in carrying out its duties with regard to schoolsites.

This bill would make that requirement contingent on the Legislature not otherwise funding the department’s costs for overseeing the actions taken with regard to schoolsites.

(5) Existing law requires the governing board of a school district, as a condition of receiving state funding under the Leroy F. Greene School Facilities Act (Greene Act) of 1998, to have conducted a Phase I environmental assessment of a proposed schoolsite before acquiring the site.

This bill would require the Department of Toxic Substances Control, if it determines that the Phase I environmental assessment is not complete or disapproves the Phase I environmental assessment, to inform the school district of the decision, the basis for the decision, and actions necessary to secure department approval of the Phase I environmental assessment. The bill would require the school district to take actions necessary to secure the approval of the Phase I environmental assessment, elect to conduct a preliminary endangerment assessment, or elect not to pursue the acquisition of the construction project. The bill would permit the State Allocation Board to provide funding for response costs of the removal of hazardous waste or substances at schoolsites in a school district that has not received Greene Act funds for site acquisition, but will undertake construction on the site in accordance with the Greene Act.

(6) Existing law immunizes a school district from liability in any action filed against the school district for making a preliminary endangerment assessment or information concerning that assessment available for public review.

This bill would extend that immunity to cover the availability for public review of Phase I environmental assessments and information concerning that assessment.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 444 (AB 2685) Bock. Victims: Restitution Fund.

Under existing law, the probation officer is required to notify victims of any crime of their right to be compensated from the Restitution Fund.

This bill would require the Office of Criminal Justice Planning (OCJP) to develop and make available a “notification of eligibility” card for victims and derivative victims of crimes, as defined, that includes, but is not limited to, specified information. At a minimum, the OCJP would be required to develop a template available for downloading on its Internet website that provides the information contained in the notification of eligibility card. The bill would authorize the district attorney and the law enforcement officer with primary responsibility for investigating the crime against the victim to provide this card to the victims and derivative victims.

Ch. 445 (SB 288) Peace. IHSS program: administration.

Existing law provides for the In-Home Supportive Services (IHSS) program, under which, either through employment by the recipient, or by or through contract by the county, qualified aged, blind, and disabled persons receive services enabling them to remain in their own homes. Counties are responsible for the administration of the IHSS program. Existing law requires each county to establish an advisory committee to provide recommendations on certain modes of service to be utilized in the county for in-home supportive services.

This bill would specify the membership composition of the advisory committee, and would exclude any county that has established a governing body for the provision of IHSS services prior to July 1, 2000, from those composition requirements.

The bill would specify that each county shall be eligible to receive state reimbursement of administrative costs for only 1 advisory committee and would require each county to comply with certain requirements.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 446 (SB 1526) Kelley. Highways: Safety Enhancement-Double Fine Zones.

(1) Existing law, until January 1, 2004, requires the Department of Transportation, in consultation with the Department of the California Highway Patrol, to develop specified pilot projects to designate and identify certain highway segments as “Safety Enhancement-Double Fine Zones” and impose increased fines for traffic violations occurring within these zones.

This bill would require the department to develop a pilot project that would be administered, in part, by certain local authorities, for designated portions of State Highway Routes 2 and 74. The bill thereby would create a state-mandated local program by imposing additional duties upon those local authorities.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay

the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 447 (SB 1533) Costa. Trial court funding.

(1) Existing law sets forth the Governmental Tort Claims Act governing the tort liability and immunity of public entities and their officers and employees, claims and actions against public entities and their officers and employees, insurance indemnification, and the defense of public officers and employees.

This bill would specify that, for purposes of those provisions, judges and court officers are state officers and trial court employees are employees of the trial court. The bill would require the Judicial Council to provide for representation, defense, and indemnification of judges and court officers and employees, and to adopt rules of court requiring the Administrative Office of the Courts to manage claims and actions involving the trial courts and their officers and employees. The bill would also set forth the intent of the Legislature in this regard.

(2) Existing law requires a party that appeals a judgment in small claims court to pay the same superior court filing fee that is required for an appeal of a limited civil case.

This bill would, instead, require payment of all the same fees required for an appeal of a limited civil case.

(3) Existing law prohibits a refund of jury fees deposited with a judge or clerk when a case is settled or a continuance is granted on a motion by the depositing party.

This bill would extend the applicability of this prohibition to also apply where the depositing party waives a jury. The bill would also require jury fees deposited in advance of trial prior to January 1, 1999, and which remain on deposit in specified cases, to be transmitted to the Controller for deposit in the Trial Court Trust Fund.

(4) Existing law provides for the county to pay for the costs of arbitration, except as specified.

This bill would require the court to pay for the costs of arbitration, except as specified.

(5) Existing law requires the state to pay for the preparation and transmittal of the reporter's and clerk's transcripts upon an appeal from a judgment freeing a child who is a dependent of the juvenile court from parental custody and control. Existing law authorizes the state to seek reimbursement from the appellant for the cost of the transcripts, as specified.

This bill would, instead, require the court to pay the above-described costs and would authorize the court to seek reimbursement from the appellant.

(6) Existing law regulates the transmittal of specified court-related funds by a county or city and county to the Trial Court Trust Fund, and requires the Judicial Council to report to the Legislature on alternative procedures that would improve the collection and remittance of revenues to the Trial Court Trust Fund no later than February 1, 1999.

This bill would revise the former provision to apply to transmittal to the State Treasury rather than to the Trial Court Trust Fund, and would extend the latter date to February 1, 2001.

(7) Existing law prohibits child support commissioners appointed by the superior court from being deemed a court operation for purposes of state funding of the courts, and provides for the appointment of other specified superior court commissioners.

This bill would delete the former provision, and would revise the provisions for the appointment of other specified superior court commissioners.

(8) Existing law requires each county to establish a Trial Court Operations Fund in the county treasury, as specified.

This bill would require all funds received by a trial court for operating and program purposes to be deposited in the trial court operations fund; and would require funds received for funding child support commissioners and family law facilitators, and specified funds

received for purposes other than court operations, to be placed in special accounts in that fund, as specified.

(9) Existing law specifies various amounts, and contingent revisions to those amounts, which certain counties are required to remit to the state for purposes of trial court funding beginning on July 1, 1997.

This bill would make a technical, nonsubstantive change to the applicability of that provision.

(10) Existing law provides that a county shall be responsible for providing necessary facilities for judicial officers and support staff for judicial positions, as specified.

This bill would make technical, nonsubstantive changes in that provision.

(11) Existing law provides that when a court orders a change of venue in a criminal case to another county all costs incurred by that county, which are not payable by the state, as specified, shall be a charge against the county in which the action originated.

This bill would provide, instead, that when a court orders a change of venue to a court in another county all costs incurred by that court or county, which are not payable by the state, as specified, shall be a charge against the court or the county in which the action originated. The bill would further provide that costs that are included in the definition of court operations shall be considered court costs and are a charge against the court in the county in which the action originated; that all other costs shall be considered county costs and are a charge against the county in which the action originated; and that the presiding judge of the court, or his or her designee, shall authorize, and the treasurer shall pay, the amount of court costs out of the Trial Court Operations Fund as directed by the court.

(12) Existing law requires the Judicial Council to establish or expand court-appointed special advocate programs pursuant to a request-for-proposal process, upon application by a board of supervisors.

This bill would delete the requirement for application by a board of supervisors.

(13) The bill would impose a state-mandated local program by imposing new duties upon court personnel and the county treasurer.

(14) The bill would incorporate changes to Section 68085 of the Government Code made by Chapter 15 of the Statutes of 2000, and would incorporate changes to Section 77201.1 of the Government Code proposed by AB 2402 and SB 815, contingent upon their prior enactment.

(15) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 448 (SB 1551) Dunn. Long-term care facilities: family councils.

Existing law, the Long-Term Care, Health, Safety, and Security Act of 1973, prohibits a licensed skilled nursing facility or intermediate care facility from prohibiting the formation of a family council, as defined, and requires that the family council shall be allowed to meet in the facility during mutually agreed upon hours, upon the request of a member of a facility resident's family or the representative's responsible party. The existing act includes classifications for violations of its provisions, and sets forth penalties therefor, including the issuance of citations and the assessment of civil penalties under specified circumstances.

This bill would revise the above provisions relating to family councils, including requiring that a family council be allowed to meet at least once a month in the facility, and replacing references to a resident's "responsible party" or "agent" with the term "representative." The bill would also impose specified requirements on the facility with respect to responding to

requests resulting from family council meetings, and notification of meetings. This bill would provide that violation of the bill's provisions relating to family councils would constitute a class "B" violation, as defined by a specified provision of the act.

Ch. 449 (SB 2016) McPherson. State property: Salinas.

Existing law authorizes the Director of General Services to execute grants to real property belonging to the state, whenever the sale or exchange of real property is authorized or contemplated by law, if no other state agency is specifically authorized and directed to execute the grant. Existing law also authorizes the director, upon the written request and consent of the state agency with control or jurisdiction over the property concerned and under specified circumstances, to sell, convey, or exchange properties that are not needed by any state agency at fair market value following notice to a specified committee and members of the Legislature.

This bill would authorize the director to transfer and convey, without charge or consideration, to the City of Salinas, all rights, title, and interests held by the state in the real property situated at 342 Front Street, Salinas, California.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 450 (SB 2160) Schiff. Dependent children: detention hearings.

Existing law provides for the appointment of counsel to represent a dependent child of the court in a detention hearing, as specified. Appointed counsel may be a county counsel, district attorney, public defender, or other member of the bar.

This bill would require the appointment of counsel for a child unrepresented by counsel, unless the court finds the child would not benefit from the appointment of counsel. The bill would delete a county counsel from the list of eligible counsel, and would require the court to determine, before appointing counsel, that counsel shall have a caseload and training that assures adequate representation of the child. The bill would also provide that both the child and counsel for the child, with the informed consent of the child if the child is found by the court to be of sufficient age and maturity to so consent, may invoke the psychotherapist-client privilege, the physician-patient privilege, and the clergyman-penitent privilege. The bill would also provide that counsel for the child shall have access to all records with regard to the child maintained by specified health care providers for certain purposes and delete existing provisions regarding counsel's access to a child's medical or child care records.

Existing law provides for appointment of a guardian ad litem for children alleged to be victims of abuse or neglect.

This bill would repeal existing law, operative July 1, 2001, and require the Judicial Council to adopt a rule of court by July 1, 2001, providing for the appointment of a guardian ad litem, and for caseload standards for appointed counsel. The bill would authorize related rules of court regarding guidelines for appointment of an attorney rather than a special advocate to represent the child, and caseload standards for guardians ad litem.

Ch. 451 (AB 1731) Shelley. Long-term health care facilities.

Existing law provides for the licensure and regulation of health facilities, including nursing facilities, by the State Department of Health Services. Existing law defines a nursing facility for purposes of these provisions.

This bill would revise the definition of nursing facility to mean a health facility licensed under state law that is certified to participate as a provider of care as a skilled nursing facility in the federal Medicare program or as a nursing facility in the federal medicaid program, or as both.

Existing law prohibits the operation, establishment, management, conduct, or maintenance of a health facility without having first obtained a license, or the continued operation, conduct, or maintenance of an existing health facility without having obtained a

license. Existing law also authorizes the court to appoint a receiver to temporarily operate an existing long-term health care facility under certain conditions.

This bill would expressly except the court-appointed receiver from the prohibition against operating a long-term health care facility without having obtained a license.

Existing law requires the filing of an application with the department for licensure as a health facility or for approval to provide a special service at a health facility. Under existing law the application must contain certain information, including any information required by the department for the proper administration and enforcement of these provisions. Existing law requires that the information provided to the department under this provision be made available to the public upon request.

This bill would require the filing of an application for approval to manage a currently licensed skilled nursing facility or intermediate care facility under circumstances in which an application to operate the facility has not been filed by the applicant. This bill also would prohibit an individual's social security number from being made public pursuant to these provisions.

Existing law provides that a license for a health facility expires 12 months from the date of its issuance.

This bill would except from this provision the license of a long-term care facility operated by a court-appointed receiver. The bill, instead, would provide that this license shall not expire during the period of the receivership and 30 days thereafter.

Existing law requires each applicant for a license to operate a skilled nursing facility or intermediate care facility to make certain disclosures regarding ownership and officers to the department.

This bill would revise these disclosure requirements. The bill also would require that the information required by these disclosure provisions be included in the department's automated certification licensing administration information management system.

Existing law authorizes the department to suspend or revoke a license or special permit issued to the health facility.

This bill would add the violation by a facility of designated federal statutes or regulations to the circumstances under which the department may suspend or revoke a license or special permit of certain nursing facilities.

Existing law authorizes the Director of Health Services to file a petition in the superior court for appointment of a receiver for any long-term health care facility whenever certain conditions exist.

This bill would authorize the director to appoint a temporary manager, as provided under the bill, to operate the facility and would establish procedures whereby a licensee could contest the appointment.

Existing law sets forth procedures under which the court may terminate the court-ordered receiver management of a long-term health care facility upon consideration of designated factors, under which the management of the facility may be returned to the licensee if certain conditions are met, and under which the state is reimbursed for funds advanced for expenses in connection with the receivership.

This bill would revise the factors the court is required to consider to terminate court-ordered receiver management. The bill would recast the provisions for return of management of the facility. The bill would revise the method of determining the state's reimbursement.

Existing law requires a long-term health care facility to submit a proposed relocation plan for affected patients to the department for comment if 10 or more patients are likely to be transferred due to any voluntary change in the status of the license or operation of a facility.

This bill would also require these facilities to submit the proposed relocation plan if 10 or more patients are likely to be transferred due to any involuntary change in the status of the license or operation of the facility.

Existing law requires that moneys collected as a result of civil penalties imposed against long-term health care facilities be deposited in the Health Facilities Citation Penalties Account in the Special Deposit Fund and prohibits the balance in the account from exceeding \$10,000,000.

This bill would make a technical, nonsubstantive change to this provision.

Existing law requires the department to promote quality in long-term health care facility services through specified activities.

This bill would revise this provision to require the department to promote quality of care and quality of life for persons in these facilities. This bill would add to the specified activities of the department to achieve this goal.

Existing law requires the department to establish the Quality Awards Program to recognize skilled nursing facilities that provide exemplary care to residents.

This bill would make technical, nonsubstantive changes to this provision.

Existing law requires the department to adopt regulations setting forth the minimum number of equivalent nursing hours, as defined, per patient required in skilled nursing and intermediate care facilities. Existing law provides that the minimum number of actual nursing hours per patient required in a skilled nursing facility shall be 3.2 hours.

This bill would declare the intent of the Legislature to increase the minimum number of direct care nursing hours per patient day in skilled nursing facilities. The bill would require the department to determine the need, and provide recommendations, for any increase in the minimum number of nursing hours per patient day and perform designated analysis. The bill would require the department, on or before May 1, 2001, to prepare a report on its analysis and recommendations and submit the report to the Legislature.

Existing law requires the department to prepare and maintain a list of approved training programs for nurse assistant certification. Existing law specifies certain requirements for an approved training program of a skilled nursing or intermediate care facility.

This bill would revise the requirements for these training programs. The bill would also require the department, in consultation with other specified entities, to perform various duties with regard to examination review and the development of career ladder opportunities for certified nurse assistants.

Existing law authorizes any duly authorized officer, employee, or agent of the state department to enter and inspect any long-term health care facility, including, but not limited to, interviewing residents and reviewing records, at any time to enforce regulatory provisions.

Existing law requires certain persons who have responsibility for the care and custody of elder and dependent adults to report abuse, alleged abuse, or suspected abuse of an elder or dependent adult, as defined, including abuse in a long-term care facility, to the local ombudsman or the local law enforcement agency.

This bill would require a long-term health care facility to report to the department immediately, or within 24 hours, all incidents of alleged abuse or suspected abuse. The bill would make the failure to report a class "B" violation.

Existing law requires the department to assign an inspector to make a preliminary review of any complaint received against a long-term health care facility, notify the complainant of the name of the assigned inspector, send a copy of any citation issued to a facility to each complainant, and hold a minixit conference upon leaving the facility at the completion of an investigation.

This bill would revise these provisions to require the department to notify the complainant of the assigned inspector's name within 2 working days of the receipt of the complaint, to make an onsite inspection or investigation within 24 hours of the receipt of a complaint in any case in which there is a serious threat of imminent danger of death or serious bodily harm, to provide designated notice to the complainant, to send a copy of the citation to each complainant by registered or certified mail, and to advise the facility, in certain cases, that it

is unlawful to discriminate or seek retaliation against a complainant. The bill would define "complaint" for purposes of this provision.

Existing law requires licensees of skilled nursing facilities to notify the department within 24 hours of designated occurrences related to the facility's financial situation.

This bill would make technical, nonsubstantive changes to this provision.

Existing law establishes in the department, until January 1, 2004, the Skilled Nursing Facility Financial Solvency Advisory Board with a specified membership and duties.

This bill would revise provisions related to board membership.

Existing law requires the department to develop and establish a consumer information service system to provide updated and accurate information to the general public and consumers regarding long-term care facilities in their communities.

This bill would require the department to develop, by January 1, 2002, a method whereby specified information related to complaints and state and federal sanctions imposed against long-term care facilities are provided to the public and consumers. This provision would become inoperative on July 1, 2003. This bill would also impose upon the department confidentiality and disclosure requirements in implementing the consumer information service system.

Existing law requires a long-term care facility, as defined, to post in a conspicuous location certain information regarding the Office of the State Long-Term Care Ombudsman.

This bill would set forth specific locations where a skilled nursing and intermediate care facility is required to post a copy of the information regarding the Office of the State Long-Term Care Ombudsman. This bill would provide for civil penalties if a licensee fails to post the notices required pursuant to this provision.

Existing federal law sets forth procedures under which a nursing facility is certified to participate as a provider of care in the federal medicaid program.

This bill would require the department to develop a procedure for and provide for the central review of federal deficiencies and supporting documentation that require the termination of certification for a nursing facility, as specified under the bill. The bill would require the department, on or before October 1 of each year, to provide to the Legislature a summary of federal enforcement actions taken against nursing facilities during the previous state fiscal year.

Existing law requires the department to conduct annual inspections of long-term health care facilities, except facilities that have not had serious violations within the last 12 months, and in any case to inspect every facility at least once every 2 years.

This bill would require the department to vary the cycle for conducting these inspections to reduce the predictability of the inspections.

Existing law classifies a citation issued against long-term health care facilities according to the nature of the violation, in order of decreasing seriousness, as class "AA," class "A," and class "B" violations, and provides for various civil penalties.

This bill would increase the civil penalties for a skilled nursing facility and an intermediate care facility as defined with regard to these violations.

Existing law requires the department to review the effectiveness of certain enforcement provisions in maintaining the quality of care provided by long-term health care facilities and submit a report on the enforcement activities.

This bill would require the department to submit the report on or before December 1, 2001, and annually thereafter, regarding these enforcement activities.

Under existing law, a licensee may, in lieu of contesting a citation, transmit to the state department the minimum amount specified by law, or 65% of the amount specified in the citation, whichever is greater, for each violation within 15 business days after the issuance of the citation.

This bill would revise this authority with regard to a licensee subject to the increased penalty provisions to allow payment within 30 business days after the issuance of the citation.

Existing law specifies the procedures for a licensee of a long-term health care facility to contest a citation or the proposed assessment of a civil penalty, which includes the option to adjudicate the validity of the citation in the municipal or superior court in the county in which the facility is located.

This bill would authorize the court to affirm, modify, or dismiss a citation, the level of the citation, or the amount of the proposed assessment of the civil penalty when a licensee files a judicial appeal to contest a citation.

Existing law requires the department to report certain enforcement actions taken against a facility to the State Board of Nursing Home Administrators. Existing law requires a long-term health care facility to prominently post each citation for a class "A" violation, as prescribed in regulations issued by the director.

This bill would require a skilled nursing facility or an intermediate care facility that has one or more remedies actually imposed for violation of state or federal requirements to provide written notification of the action to residents, to the responsible parties and the legal representatives of residents, and to all applicants for admission to the facility.

Existing law establishes various remedies for violation of state or federal requirements relating to the operation of long-term care facilities.

This bill would require a facility to post a notice of the remedy or remedies imposed for violation of these requirements.

Existing law requires the department to issue certain public information releases regarding long-term health care facilities that have not had any violations within a 12-month period. Existing law also requires the department to issue certain press releases regarding facilities against which specified state or federal sanctions have been imposed. Existing law requires the department to annually prepare and make available to offices of the department's facilities licensing section a report setting forth specified information regarding citations issued to licensees.

This bill would repeal these provisions.

Existing law authorizes the department to issue a provisional license to certain health facilities for 6 months, but in no case for longer than one year from the issuance of the provisional license.

This bill would authorize the department to rescind the license to operate a skilled nursing facility or intermediate care facility and issue a provisional license, as provided under the bill, if certain things occur.

Existing law requires skilled nursing and intermediate care facilities to establish and make available, as prescribed, written policies regarding the rights of patients. Existing law requires that the procedures ensure that each patient admitted to the facility has certain rights and is notified of certain facility obligations, in addition to those specified by regulation.

This bill would add to the rights of a resident of a nursing facility the right to appeal the facility's refusal to readmit him or her if the resident has been hospitalized in an acute care hospital and asserts his or her right to readmission pursuant to bed hold provisions or readmission rights of either state or federal law. The bill would provide that the refusal of the facility shall be treated as an involuntary transfer under federal law. The bill would specify circumstances under which the resident would remain in the hospital pending a final determination by a hearing officer.

Existing law prohibits a long-term health care facility that participates as a provider under the Medi-Cal program from transferring or seeking to evict out of the facility any resident as a result of the resident changing his or her manner of purchasing the services from private payment or Medicare to Medi-Cal benefits and for whom an eligibility determination has not yet been made.

This bill would specify that transferring a resident within the facility, or seeking to evict a resident out of the facility is prohibited under this provision, except that a facility may transfer a resident from a private room to a semi-private room if the resident changes to Medi-Cal payment status. The bill would provide that this provision also applies to residents

who have made a timely application to Medi-Cal benefits and for whom an eligibility determination has not yet been made.

Existing law provides for the reimbursement of long-term health care facilities providing services under the Medi-Cal program according to an established methodology.

This bill would require the department to examine several alternative rate methodology models for a new Medi-Cal reimbursement system for skilled nursing facilities and to submit to the Legislature a report and proposal for any statutory changes necessary to implement certain objectives relating to changes in this methodology. The bill would also appropriate \$500,000 from the General Fund to the department for purposes of implementing these provisions.

Because a violation of health facility provisions is a crime, the bill would create a new crime, thereby constituting a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 452 (AB 2103) Strom-Martin. Primary health care services.

Existing law requires the State Department of Health Services to grant funds, for up to 3 years per grant, to eligible private, nonprofit, community-based primary care clinics, for the purpose of maintaining a health services program for seasonal agricultural and migratory workers and their families. Existing law imposes similar requirements on the department with respect to the provision of health services in underserved rural health areas.

This bill would require the department to allocate available funds, for a 3-year period, in accordance with specified criteria. The bill would require the department to seek input from stakeholders in designing the methodology for distribution of funds under these circumstances.

Ch. 453 (AB 2152) Aroner. Medi-Cal: durable medical equipment.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Services, under which qualified low-income persons, including those with disabilities, are provided with health care services. One of the benefits covered under the Medi-Cal program is durable medical equipment, subject to utilization controls.

This bill would require that the utilization controls allow authorization of durable medical equipment needed to assist a disabled beneficiary in caring for a child for whom the disabled beneficiary is a parent, stepparent, foster parent, or legal guardian, subject to the availability of federal financial participation. It would also require the department to adopt emergency regulations to define and establish criteria for assistive durable medical equipment in accordance with specified provisions.

Ch. 454 (AB 2902) Committee on Health. Hospital facilities: seismic safety.

Existing law provides that the Alfred E. Alquist Hospital Facilities Seismic Safety Act of 1983, which establishes, under the jurisdiction of the Office of Statewide Health Planning and Development, a program of seismic safety building standards for certain hospitals built on and after March 7, 1973, shall remain in effect until, and is repealed as of January 1, 2001. Under that act, all regulatory submissions to the California Building Standards Commission made by the office pursuant to specified provisions of the act are deemed emergency regulations, as specified.

This bill would provide that only the above-described provision of the act relating to regulatory submissions is repealed as of that date.

Ch. 455 (SB 1996) Speier. Financial responsibility.

(1) Under existing law, a specified notice is required to be given to the buyer of a vehicle under a conditional sales contract that is required to be printed in contrasting red ink

NOTE: Superior numbers appear as a separate section at the end of the digests.

informing the buyer that it is his or her responsibility to obtain liability insurance and that the insurance acquired by the lienholder does not provide liability coverage and does not satisfy the financial responsibility laws of California.

This bill would require licensed vehicle dealers who sell a dealer-required insurance policy at the time of the vehicle transfer and the policy does not insure the transferee against damages resulting from ownership or operation of the vehicle arising by reason of personal injury or death of any person, or from damage to property, to notify the transferee of that fact in writing on a specified document, other than the insurance policy. The bill would require the document to be signed and an exact copy to be furnished to the transferee by the dealer at the time of signature. The bill would require the document to contain a specified notice in English and Spanish with the Spanish translation version of the document to be developed by the Department of Motor Vehicles. The bill would require the department, upon request, to make available a translation of the specified notice in any of the languages used in the most recent statewide voter pamphlet.

Because failure to provide notice in these documents to certain transferees would be a crime, this bill would impose a state-mandated local program by expanding the scope of an existing crime.

(2) Under existing law, the department is required to require an applicant for renewal of a motor vehicle registration to submit a specified form, as developed by the department, regarding the applicant's motor vehicle liability insurance or provide certain documentation regarding alternative evidence of financial responsibility.

This bill, would authorize the Director of Motor Vehicles to authorize an insurer to issue a form that does not conform to the form specified above if the director determines that the company issuing the alternate form is or will begin reporting specified insurance information to the department through electronic transmission and approves the contents of the alternate form as providing an adequate means for persons to prove compliance with the financial responsibility laws.

The bill would authorize, for use in lieu of other evidence of financial responsibility, an evidence form that indicates coverage is provided by a charitable risk pool, as specified, if the registered owner of the vehicle is a nonprofit charitable organization that is exempt from taxation under federal law.

(3) This bill would incorporate additional changes in Section 4000.37 of the Vehicle Code proposed by SB 1403, to be operative only if this bill and SB 1403 are enacted and become effective on or before January 1, 2001, each bill amends Section 4000.37 of the Vehicle Code, and this bill is enacted last.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 456 (SB 1766) Chesbro. Primary care clinics.

Existing law requires the reimbursement of selected primary care clinics for the delivery of medical services, including preventive health care and smoking prevention and cessation health education, to eligible beneficiaries whose income is under 200% of the federal poverty level. Existing law requires the State Department of Health Services to develop a formula for the allocation of funds available for this purpose. Existing law requires the department, in the 2001–02 fiscal year, to allocate available funds based on a selected clinic's reported levels of uncompensated care.

This bill would require, instead, that the department allocate available funds as provided under the bill. The bill would provide that this requirement shall become inoperative on July 1, 2004.

Ch. 457 (AB 36) Shelley. San Francisco Unified School District: fiscal management: fiscal expert.

(1) Under existing law, if at any time during the fiscal year, the Superintendent of Public Instruction determines that the county office of education may be unable to meet its financial obligations for the current or 2 subsequent fiscal years or if the county office has met certain other requirements, he or she is required to notify the county board of education and the county superintendent in writing of that determination and the basis for the determination. Existing law requires the Superintendent of Public Instruction to take certain actions, including assigning a fiscal expert, paid for by the Superintendent of Public Instruction, to advise the county office on its financial problems and conducting a study of the financial and budgetary conditions of the county office, to ensure that the county office meets its financial obligations.

This bill would require the San Francisco Unified School District to conduct an internal review of fiscal management and operations of the school district that includes certain elements, including, among others, a projection of all fund and cash balances of the district for the current subsequent 2 fiscal years, thus imposing a state-mandated local program. The bill would require the school district to prepare preliminary and final reports to the Office of the Legislative Analyst and the Joint Legislative Audit Committee on the findings, projections, and proposals based on this internal review of fiscal management and operations, and would require the Office of the Legislative Analyst to review these reports and report any concerns and recommendations to the appropriate policy and fiscal committees of the Legislature.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 458 (AB 801) Cardenas. School facilities.

Existing law, the Leroy F. Greene School Facilities Act of 1998, establishes the 1998 State School Facilities Fund from which the State Allocation Board may apportion funds to school districts for certain purposes, including new construction. Existing law requires each school district that elects to participate in the new construction program under the act to submit to the State Allocation Board a one-time report of existing school building capacity, pursuant to a prescribed calculation.

This bill would adjust the calculation when an applicant school district proposes to demolish a single story building and replace it with a multistory building on the same site, if specified conditions are met.

Ch. 459 (AB 908) Alquist. Education: gender equity training.

Existing law states the policy of the state that elementary and secondary school classes and courses be conducted without regard to the sex of the pupil enrolled in these classes and courses.

This bill would establish the gender equity train-the-trainer grant program for the award of grants from funds available for that purpose to the governing boards of school districts and county offices of education. The bill would require the Superintendent of Public Instruction, with the approval of the State Board of Education, to develop criteria for the grant applications, and the superintendent would select grant recipients. The Superintendent of Public Instruction would implement this program only in fiscal years in which sufficient funds have been appropriated for this purpose. To the extent funds are available in multiple years, the Superintendent of Public Instruction would be required to award grants in a manner that ensures that training is available in all parts of the state.

The bill would limit expenditures of state funds for purposes of the bill to \$130,000 in any fiscal year.

The bill would appropriate \$110,000 from the General Fund to the Superintendent of Public Instruction for purposes of the gender equity train-the-trainer grant program and would authorize \$10,000 to be expended on state administration of the grant program. To the extent that the funds appropriated by this bill are allocated to a school district or a community college district, those funds would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

Ch. 460 (AB 2159) Robert Pacheco. Student financial aid: Graduate Assumption Program of Loans for Education.

Existing law establishes a Graduate Assumption Program of Loans for Education, under which an applicant who has completed a baccalaureate degree program or who is enrolled in an academic program leading to a graduate level degree, and who agrees, upon graduation, to teach full-time at a California college or university, is eligible to receive a conditional warrant for loan assumption, to be redeemed by the Student Aid Commission when that person has received a graduate degree from an accredited California institution and is employed as a full-time teacher at a California college or university.

This bill would allow a California resident who attends an eligible school or college outside the state, a person enrolled in an academic program leading to a baccalaureate level degree, and a person who is enrolled in an academic program on at least a half-time basis, to be an applicant for the Graduate Assumption Program of Loans for Education. The bill would specify that a program participant who teaches on less than a full-time basis may qualify for prescribed levels of loan assumption by teaching for periods that are equivalent to specified periods of full-time teaching.

Ch. 461 (AB 2236) Leach. Instructional materials: textbooks.

Existing law requires governing boards of school districts to adopt rules, regulations, and procedures for prescribing standards for determining when instructional materials adopted by them and either loaned by them or in their possession are obsolete, and if the materials are usable or unusable for educational purposes.

This bill would permit a school district to review instructional materials to determine when those materials are obsolete pursuant to the rules, regulations, and procedures adopted by its governing board and report the results and staff recommendations at a public meeting of the school district governing board.

Ch. 462 (AB 2323) Ducheny. Joint Powers Authority: Center for International Education Synergy.

Existing law authorizes the formation of a joint powers agreement for specified purposes, in accordance with specified provisions of law.

This bill would declare the intent of the Legislature that the Center for International Education Synergy be established through a joint powers agreement entered into between the Sweetwater Union High School District, the Southwestern Community College District, and San Diego State University.

Pursuant to the Budget Act of 2000, \$1,000,000 is appropriated to San Diego State University from the General Fund for the acquisition of the Otay Mesa Off-Campus Center.

This bill would declare that this amount be deemed to be supplemental to, and separate from, any existing or future capital outlay funding for the California State University.

Ch. 463 (AB 2791) Alquist. School and essential services facilities: stop work notice.

Existing law, the Field Act, provides for seismic safety review and approval of school building design and construction by the Department of General Services. Existing law sets

forth requirements relating to the construction and seismic safety of essential services facilities, as defined.

This bill would, notwithstanding any provision of law to the contrary, authorize the Department of General Services to issue a stop work order when construction work on a public school, a community college, or an essential services facility, as defined, is not being performed in accordance with existing law and would compromise the structural integrity of the building thereby endangering the public. The bill would provide that a public board, body, or officer whose construction work on a public school, community college, or essential services facility is subject to a stop work order shall not be held liable in any action filed against the public board, body, or officer for stopping work as required by the stop work order, or for any delays caused by compliance with the stop work order, except as provided. The bill would also require the Department of General Services to allow construction of incidental and minor nonstructural additions or nonstructural alterations without invoking its stop work authority.

Ch. 464 (SB 1841) Poochigian. Charter schools: waivers.

Existing law requires a charter school to comply with the provisions of its charter and the laws pertaining to charter schools and exempts charter schools from the laws governing school districts, with specified exceptions. Existing law authorizes the governing board of a school district or a county board of education, on a districtwide or countywide basis or on behalf of one or more of its schools or programs, after a public hearing on the matter, to request the State Board of Education to waive all or part of any section of the Education Code or any regulation adopted by the State Board of Education that implements a provision of the code that may be waived, with certain exceptions.

This bill would also authorize the governing board of a charter school to request, and the State Board of Education to approve, a waiver of any otherwise applicable provisions of the Education Code until July 1, 2005. The bill would require the charter school to submit its application for a waiver to its chartering authority. The bill would provide that if the chartering authority is a school district or county office of education, it must forward certain documentation with the waiver request to the State Board of Education. The bill would require a charter school to meet the same criteria that a school district is required to meet when it requests a waiver, except that the chartering authority shall conduct a public hearing no later than 90 days following receipt of the waiver request. The bill would require the charter school to hold a public hearing prior to submitting the waiver request directly to the State Board of Education if the chartering authority fails to hold its public hearing within the time required. The bill would state that it does not expand upon nor diminish the State Board of Education's existing waiver authority.

Ch. 465 (SB 1913) McPherson. Compulsory education.

Existing law requires that each person subject to compulsory full-time education attend school as specified. Existing law requires that each parent, guardian, or other person having control or charge of the pupil shall send the pupil to school, as specified, and imposes penalties on the parent, guardian, or other person having control or charge of the pupil for noncompliance with the attendance laws.

This bill would, until January 1, 2005, specifically authorize a court to order a person who is convicted for failing to comply with the attendance laws, as specified, to immediately enroll the child in the appropriate school or educational program and provide proof of enrollment to the court.

This bill would require the Legislative Analyst, in conjunction with the California District Attorney's Association and the State Department of Education, to develop and submit a report to the Legislature on or before January 1, 2004, as specified.

Ch. 466 (SB 2105) Lewis. Charter schools.

Existing law requires that a petition for the establishment of a charter school contain a reasonably comprehensive description of the manner by which staff members of a charter school will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security. Existing law authorizes a chartering agency to charge for the actual costs of supervisory oversight of a charter school. Existing law permits a charter school to separately purchase administrative or other services from its chartering agency or other source.

This bill would require a school district or county office of education that is the chartering authority of a charter school to create any reports required by the State Teachers' Retirement System and the Public Employees' Retirement System at the request of the charter school. The bill would require the county superintendent of schools, employing agency, or school district that reports to those retirement systems to submit the required reports on behalf of the charter school, thereby imposing a state-mandated local program. The bill would authorize the chartering authority to charge the charter school for the actual costs of the reporting services. The bill would prohibit a school district or county office of education from requiring a charter school to purchase payroll processing services from it as a condition of providing the reporting services. The bill would also require information submitted on behalf of the charter school to be in a format conforming to the requirements of the retirement systems.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 467 (AB 1123) Cardoza. Distance learning: the California Distance Learning Policy.

Existing law requires the California Postsecondary Education Commission to develop a state policy on the use of distance learning technology, as defined, in education, to be considered and, if appropriate, adopted by the Legislature. Existing law requires the commission, in developing the policy, to address specified issues and to compile research on the effectiveness and cost effectiveness of distance education at various levels of education. Existing law requires that the policy be developed to recognize the several existing distance learning networks, to enhance their coordination and direction, and to provide statewide incentives to build partnerships that further distance learning, as specified. Existing law requires the commission, in developing the policy, (1) to propose a strategy to provide the 5 types of educational services of curriculum enhancement, expanded course offerings to rural and inner-city secondary schools, expanded course offerings at rural community colleges and off-campus centers, staff development courses for elementary and secondary teachers, and curriculum enhancement through the increased communication capability of schools, colleges, and universities and (2) to draw upon the experience and findings of the various campuses of the California State University that currently offer courses via distance education.

Existing law also requires the commission, in developing the policy, to identify existing sources of interactive distance learning instructional and staff development programming that can be utilized immediately by schools and colleges and to propose a strategy to utilize existing technologies to deliver instruction over distance, and link together school and college classrooms in rural and inner-city areas in the state.

Existing law further requires the commission, in preparing the policy statement, to consult with an advisory committee having prescribed membership.

This bill would repeal these provisions, and instead require the commission to convene an intersegmental working group to determine state funding priorities consistent with the institutional missions of the segments of higher education. The bill would specify principles

to be observed by the intersegmental working group in the development of priorities and the proposed expenditure of state revenue on technology infrastructure and applications.

This bill would require the intersegmental working group to be composed of representatives from public elementary and secondary education, the California State University, the California Community Colleges, the University of California, the independent accredited universities and colleges, private sector providers of distance learning services, the Office of the Secretary of Education, and the private sector.

The bill would require the commission to facilitate the development of statewide funding priorities for technology in higher education and to forward the recommendations of the intersegmental working group to the Legislature and the Governor on or before August 1, 2002.

Under existing law, these provisions would not be applicable to the University of California unless made applicable to the university by the Regents of the University of California by appropriate resolution.

Ch. 468 (AB 244) Ackerman. Corporations: evidences of indebtedness.

The California Constitution prohibits usury, which is the loan or forbearance of any money, goods, or things at a rate of interest in excess of specified ceilings, but exempts certain transactions and lenders from these provisions, and allows the Legislature to exempt additional classes of persons by statute. Existing statutory law, the Corporate Securities Act of 1968, provides that certain evidences of indebtedness, and their purchasers or holders, are exempt from state usury laws if the evidence of indebtedness is issued in compliance with specific provisions. Existing statutory law also provides that the usury exemption is applicable to an evidence of indebtedness issued in accordance with these provisions regardless of whether subsequent to its issuance the evidence of indebtedness is determined by a court of competent jurisdiction to be a security.

This bill would provide that certain evidences of indebtedness in an amount of at least \$300,000 at the time of issuance, and the purchasers or holders thereof, shall be exempt from the usury provisions of the California Constitution under certain circumstances, as specified. This bill would state that these exemptions apply regardless of whether the evidence of indebtedness or guaranty is determined by a court of competent jurisdiction not to be a "security," but would clarify that these exemptions do not extend to evidences of indebtedness issued or guaranteed by an individual, a revocable trust, or a partnership with general partners, as specified. The bill would provide that it does not exempt any person from the California Finance Lenders Law.

This bill would state legislative intent that the standards contained in these provisions are approved with respect to commercial loans only and do not reflect any judgment by the Legislature regarding loans for personal, family, or household purposes and that the exemption contained therein shall not affect the application of existing licensing requirements, laws regarding unfair, unlawful, or deceptive acts or practices, or its availability to a successor in interest to the originating lender.

Ch. 469 (AB 950) Thomson. Travis Air Force Base Retention Program.

Existing law authorizes the redevelopment agencies for the County of Solano and the Cities of Fairfield, Suisun City, and Vacaville to expend tax increment funds generally designated for low- and moderate-income housing within territorial limits to develop housing outside those entities' territorial jurisdictions, subject to specified conditions, in order to implement the Travis Air Force Base Retention Program through the formation of a separate joint powers entity, as specified. The statute authorizing this use of funds would be repealed as of January 1, 2001, except as specified.

This bill would extend the date of the repeal of the statute to January 1, 2006, except as specified.

Ch. 470 (AB 1979) Wesson. Insurance: false and fraudulent claims.

Existing law requires an insurer, who in connection with any insurance contract providing liability insurance, provides a form for the purpose of making a claim against the insurer, to include a statement indicating that it is a crime to knowingly make false or fraudulent claims for the payment of a loss.

This bill would exclude a contract of reinsurance from the above requirement.

Ch. 471 (AB 2008) Committee on Housing and Community Development. Housing and community development.

(1) Existing law prescribes time periods for the submission of draft and adopted local general plan housing elements to the Department of Housing and Community Development and for the review of those elements by the department.

This bill would revise those time periods, as specified.

(2) The Mobilehome Residency Law regulates mobilehomes, mobilehome parks, and the relationship between management and homeowners, as specified.

This bill would exempt from the Mobilehome Residency Law any area owned, operated, or maintained by the state for employee housing or space for a mobilehome owned or occupied by a state employee, subject to a 60-day notice requirement upon termination of a tenancy.

(3) Existing law, until January 1, 2005, prohibits a redevelopment agency, city, or county from providing financial assistance to an automobile dealership, big box retailer, or business entity that sells or leases land to an automobile dealership or big box retailer that is relocating from the territorial jurisdiction of one community, city, or county to the territorial jurisdiction of another community, city, or county, but within the same market area, unless the receiving community, city, or county offers the other community, city, or county a contract that apportions sales tax generated by the dealership or retailer between the 2 communities, cities, or counties, as specified, and the agency, city, or county holds a public hearing and adopts a resolution making specified findings relating to whether or not a contract has been approved.

This bill would declare that those provisions are inapplicable to financial assistance transactions entered into on or before December 31, 1999, as specified.

(4) Existing law regulates permits to operate employee housing, deems a building or portion thereof to be substandard if certain conditions exist, and authorizes a hearing regarding the application of an applicable building standard or rule or regulation adopted by the Department of Housing and Community Development within a particular local area. Existing law authorizes the governing body of any county or city to prescribe fees for building permits, certificates, or other specified forms or documents. In addition, local ordinances or regulations governing alterations and repair of existing buildings are required to permit the replacement, retention, and extension of original materials and the use of original methods of construction as long as the California Building Standards Code and other requirements are met.

This bill would make technical, nonsubstantive changes to these provisions to, among other things, change cross-references.

(5) Existing law authorizes a city or county to designate and charge a department organized to carry out, or an officer charged with the responsibility of carrying out, the administration of state laws regarding building standards with the enforcement of these provisions, the building standards published in the California Building Standards Code, or other specified rules or regulations.

This bill would extend the applicability of this authorization to a city and county and require, by March 1 of each year, the designated department or officer to provide in writing to the Department of Housing and Community Development the name, address, telephone number, and contact person of the designated department or officer.

(6) Existing law regulates the sale of manufactured homes and requires the registration of a manufactured home, mobilehome, commercial coach, truck camper, or floating home.

This bill would make technical, nonsubstantive changes to these provisions.

(7) Existing law generally regulates mobilehome parks.

This bill would authorize the Department of Housing and Community Development to delegate all or any portion of its authority to enforce the provisions of existing law governing the regulation of mobilehome parks to a local building department or health department of any city, county, or city and county, if specified conditions exist.

(8) The Community Redevelopment Law prescribes procedures governing the merger of redevelopment project areas in the City of Sacramento for the purpose of allocating taxes, and contains provisions governing the redevelopment of Mather Air Force Base in Sacramento County.

This bill would repeal those provisions.

(9) Existing law requires the Department of Housing and Community Development to establish a program to replace housing units to be removed from the corridor of Interstate 105 in accordance with a specified federal consent decree.

This bill would repeal these provisions.

(10) Existing law defines “development loan” for purposes of prescribing the authority of the California Housing Finance Agency to make specified loans for housing developments. Existing law also requires the agency to report annually concerning, among other things, the sales prices of housing developments, and requires the agency to provide an opportunity for areawide clearinghouses to review housing developments.

This bill would revise the definition of “development loan” to include a residential structure, would substitute residential structures for housing developments in the reporting requirement, and would repeal the requirement for clearinghouse review of housing developments. The bill also would delete obsolete language and make other conforming changes.

Ch. 472 (AB 2069) Corbett. Attorneys: defense of insureds.

(1) Existing decisional law in this state deems that an attorney who is hired by an insurance company to defend an insured represents 2 clients, the insured and the insurer. Existing rules of professional conduct for attorneys, as interpreted by judicial decision relating to conflicts of interest, require a court to disqualify an attorney from representing a client if the attorney is representing a client with interests that are adverse to a former client and there is a substantial relationship between the subjects of the current and former representation. Those rules and decisions in all but a few instances also require a court to disqualify an attorney from representing a client where the attorney has another current client in a wholly unrelated matter whose interests are adverse to the first client.

This bill would require the State Bar of California to conduct a study, as specified, concerning the legal and professional responsibility issues that may arise as a result of the relationship between an attorney and an insurer when the attorney is retained by the insurer to represent an insured, and the attorney is subsequently retained to represent a party against another party insured by the insurer. The bill would require that a report of the study, with any recommendations, be submitted to the Legislature and the California Supreme Court on or before July 1, 2001.

(2) Existing law requires a court, prior to the filing of an action by a party against an attorney for a civil conspiracy with his or her client arising out of an attempt to contest or compromise a claim, to determine that there is a reasonable probability that the party will prevail in the action.

This bill would require the attorney rather than a party to raise that defense upon the first court appearance.

Ch. 473 (AB 2234) Wiggins. Prepaid rental listing services.

The Real Estate Law provides for the regulation and licensing of prepaid rental listing services by the Real Estate Commissioner. A willful violation of these provisions is a crime.

Existing law imposes various requirements on prepaid rental listing services, and among other things requires a contract for prepaid rental listing services to contain various provisions, including a requirement for the service to refund a prospective tenant's fee under certain circumstances, and provides a remedy in small claims court if the fee is not refunded when required.

This bill would modify the definition of "prepaid rental listing service" and provide that a contract for those services may be provided by the licensee to the prospective tenant and signed in electronic form, as specified. This bill would increase the amount of the bond required to be provided by a licensee to the department from \$2,500 to \$10,000. This bill would require that the amount of the fee charged to a prospective tenant that a licensee may retain as a service charge be increased initially from \$25 to \$50 and thereafter adjusted intermittently, as specified, by the Department of Real Estate. This bill would require that a licensee, within 10 days of receiving specified documentation, including a written statement signed by the prospective tenant under penalty of perjury and indicating that the prospective tenant did not obtain a rental through the services of the licensee, refund to a prospective tenant any fee paid over the permitted service charge for specified services. This bill would make other related changes to these regulatory provisions.

Because a violation of the bill's requirements would be a crime, this bill would impose a state-mandated local program by expanding the definition of an existing crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 474 (SB 877) McPherson. Deposition officers.

Existing law requires, with limited exceptions, that a deposition be conducted under the supervision of an officer who is authorized to administer an oath. If a deposition is being recorded by means of audiotape or videotape for specified purposes, the operator of the recording equipment must be authorized to administer any oath. Existing law prohibits these persons from having a financial interest in the action.

This bill would additionally require the services and products offered by these persons or the entities providing the services of these persons to be offered to all parties or their attorneys attending the deposition, as specified. The bill would also require, upon the request of any party or any party's attorney attending a deposition, any party or any party's attorney attending the deposition to enter in the record of the deposition all services and products made available to that party or to that party's attorney or to a 3rd party who is financing all or part of the action by the deposition officer or by the entity providing the services of the deposition officer. The bill would also prohibit a deposition officer or the entity providing the services of the deposition officer from providing any service or product consisting of the deposition officer's notations or comments regarding the demeanor of any witness, attorney, or party present at the deposition to any party or any party's attorney. The bill would prohibit a deposition officer or the entity providing his or her services from collecting any personal identifying information about the witness as a service or product to be provided to any party or 3rd party who is financing all or part of the action. A violation of these provisions would result in a civil penalty of up to \$5,000. The bill would also make technical changes.

Ch. 475 (SB 2015) Sher. Charitable fundraising.

Under the Supervision of Trustees and Fundraisers for Charitable Purposes Act, charitable corporations or trustees, commercial fundraisers, fundraising counsel, or coventurers who hold or solicit property for charitable purposes are required to file a registration statement and an annual financial report with the Attorney General. The act also authorizes the Attorney

General to make any additional rules and regulations that may be necessary for the administration of the act.

This bill would authorize the Attorney General to refuse to register, or to revoke or suspend the registration of, a charitable corporation or trustee, commercial fundraiser, fundraising counsel, or coventurer whenever the Attorney General finds that the person has violated or is operating in violation of the act. The bill would subject the actions of the Attorney General to the administrative adjudication provisions of the Administrative Procedure Act. The bill would also authorize a late fee for the failure to register, be bonded, complete annual reports within specified time periods, timely file the annual registration/renewal form, or correct deficiencies in a registration or an annual report, as specified.

The bill would also make any person who violates the act liable for a civil penalty. It would authorize the Attorney General to accept an assurance of voluntary compliance through which any person alleged to be engaged in any method, act, or practice in violation of the act agrees to discontinue that method, act, or practice.

Ch. 476 (SB 2082) O'Connell. Animals: safety testing.

Under existing law, any pound or animal regulation department of a public or private agency where animals are turned over to a research facility is required to post a clearly visible notice that animals turned in to the agency may be used for research purposes.

This bill would prohibit manufacturers and contract testing facilities from using traditional animal test methods in this state for which an appropriate alternative method has been scientifically validated and recommended by the United States federal Inter-Agency Coordinating Committee for the Validation of Alternative Methods or other specified agencies. The bill would make a civil action for injunctive relief the exclusive remedy for enforcing these provisions.

Ch. 477 (AB 1422) Torlakson. Reporting of crimes.

Existing law makes it a felony or a misdemeanor for any person who, having knowledge of the actual commission of a crime, takes money or property of another, any gratuity or reward, or any engagement or promise thereof, upon any agreement or understanding to compound or conceal the crime, or to abstain from any prosecution thereof, or to withhold any evidence thereof, except as specified.

This bill would require, with specified exceptions, any person who reasonably believes that he or she has observed the commission of either a murder or rape where the victim is a child under the age of 14 years or a lewd or lascivious act with a child under the age of 14 years, as specified, to notify a peace officer by telephone or any other means. The failure to notify as required would be a misdemeanor punishable by a fine of \$1,500, or by imprisonment in a county jail for up to 6 months, or both. By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 478 (AB 2523) Thomson. Firearms: unlawful display.

(1) Existing law provides that every person who, except in self-defense, in the presence of another draws or exhibits any firearm, loaded or unloaded, in a rude, angry or threatening manner, or who in any manner unlawfully uses a firearm in any fight or quarrel, is guilty of a misdemeanor punishable by imprisonment in a county jail for not less than 3 months.

This bill would provide that if the violation occurs in a public place, as defined, and the firearm is a pistol, revolver, or other firearm capable of being concealed upon the person, the violation of these provisions is punishable by imprisonment in a county jail for not less than 3 months and not more than one year, by a fine not to exceed \$1,000, or by both that fine and

imprisonment. This bill would also make technical, nonsubstantive changes to these and related provisions. By creating a new crime, this bill would impose a state-mandated local program.

(2) Existing law provides that every person who, except in self-defense, in the presence of any other person, draws or exhibits any loaded firearm in a rude, angry, or threatening manner, or who unlawfully uses any loaded firearm in any fight upon the grounds of certain facilities, as specified, is punishable by imprisonment in the state prison for one, 2, or 3 years, or in a county jail for not less than 3 months and not more than one year.

This bill would punish the above-described offense by imprisonment in the state prison for 16 months, or 2 or 3 years, or in a county jail for not less than 3 months and not more than one year.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 479 (AB 2536) Scott. Crime prevention.

Existing law establishes various crime prevention programs.

This bill would require the Department of Justice to produce public service announcements in both English and Spanish regarding recent changes in firearm laws, and a gun owner's responsibilities regarding safe storage of a firearm, as specified. This bill would also appropriate \$125,000 from the General Fund for purposes of the bill.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 480 (AB 2583) Cardenas. Claims against the state: payment.

Existing law requires the Attorney General to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state.

This bill would appropriate \$48,280,000 from the General Fund to the Attorney General to pay a settlement payment to the United States government for a specified court action.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 481 (SB 1943) Ortiz. Youthful offenders.

(1) Existing law provides for the forfeiture of unclaimed money of \$5 or less in a prison inmate's trust account after he or she has been paroled to the Inmate Welfare Fund.

This bill would provide for the forfeiture of unclaimed money of \$5 or less in a youthful offender's trust account after discharge, escape, or absconding from supervision of the Department of the Youth Authority to the Benefit Fund to be used for the benefit of the resident wards.

(2) Existing law requires certain restitution orders, issued as a result of a minor's conduct, to be of a dollar amount sufficient to reimburse the victim or victims, as specified.

This bill would require those restitution orders to identify each victim, unless the court for good cause finds the order should not identify a victim or victims and the amount of each victim's loss; or, if the amount of restitution is unknown at the time of disposition, would require the court order to identify the victims, unless the court for good cause finds the order should not identify a victim or victims, and state that the amount of restitution is to be determined. The bill would also require restitution orders to identify co-offenders who are jointly and severally liable for restitution.

(3) Existing law expresses the intent of the Legislature that the Youthful Offender Parole Board and the Director of the Youth Authority meet at least 4 times a year, as specified.

This bill would specify, instead, that they meet at least twice a year.

(4) Existing law requires the Director of the Youth Authority to deduct the balance owing on specified restitution orders from a ward's trust account up to a maximum of 50% of the total held in trust, unless prohibited by federal law.

This bill would revise the restitution orders specified to which this provision applies. The bill would also require trust funds of a ward who cannot be located to be used to satisfy pending restitution orders of fines, as specified, and would require the remainder, if any, to be transferred to the Benefit Fund to be used for the benefit of the resident wards.

(5) Existing law authorizes the release to a victim or next of kin of specified information regarding a youthful offender committed to the Department of the Youth Authority for certain offenses. This bill would expand this provision to apply to further, specified offenses.

(6) Existing law authorizes a victim or his or her representative, or the victim's next of kin or his or her representative to attend a youthful offender parole hearing.

This bill would, instead, authorize the victim and one support person to attend. In the event that the victim is unable to attend the proceeding, 2 support persons designated by the victim may attend to provide information about the impact of the crime on the victim, or if the victim is no longer living, 2 members of the victim's immediate family may attend. The bill would also specify that support persons are restricted to providing information about the impact of the crime on the victim and providing physical and emotional support to the victim or the victim's family. The bill would also authorize the Department of the Youth Authority to exclude a victim or his or her support person or persons from a hearing, and would authorize the board to allow the presence of other support persons under particular circumstances surrounding the proceeding.

(7) The bill would amend a provision of law added by an initiative measure which by its terms requires a $2/3$ vote of each house for amendment by the Legislature.

Ch. 482 (AB 439) Pescetti. County employees' retirement: park rangers.

The Public Employees' Retirement Law and the County Employees Retirement Law of 1937 provide generally higher benefit formulas and higher contribution rates for safety members than those provided for general members.

Under the Public Employees' Retirement Law, "county peace officers," as defined, among others, are safety members.

This bill would define "county peace officers" to include parks and recreation department employees in the Park Ranger class series in Santa Clara County who perform specified duties.

Under the County Employees Retirement Law of 1937, sheriffs, deputies sheriff, and other specified individuals whose principal duties consist of active law enforcement are eligible for safety member status. Under that law, general members who become safety members may elect to receive service credit for prior service upon payment of specified additional contributions.

This bill would provide that peace officers in the Park Ranger class series, employed, as specified, by the County of Sacramento, may, at the election of the board of supervisors, be eligible for safety member status and receive credit as a safety member for prior service pursuant to the terms of a memorandum of understanding between the employer and employee representative.

Ch. 483 (AB 1009) Correa. Public employees' retirement: purchasing power protection.

Under existing law, the Board of Administration of the Public Employees' Retirement System is required to annually transfer specified amounts to a supplemental account to fund purchasing power protection for monthly allowances paid to all retirees, survivors, and beneficiaries of the system.

This bill would instead (1) establish separate supplemental accounts for state and school employers for those purposes, (2) require all monthly allowances paid to retirees, survivors, and beneficiaries of contracting agencies to be increased, annually commencing January 1, 2001, to 80% of the purchasing power of their initial monthly allowances, as specified, (3)

provide a one-time purchasing power protection payment for the year 2000, as specified, and (4) require the cost of those increases to be paid from employer assets in the system.

The bill would declare that it is to take effect immediately as an urgency statute and shall be operative on July 1, 2000.

Ch. 484 (AB 1302) Thomson. Parole: sex offenders.

Existing law gives the Board of Prison Terms the power upon granting parole to any prisoner to impose on the parole any conditions that it may deem proper. Existing law gives the Board of Prison Terms full power to suspend or revoke any parole and to order returned to prison any prisoner upon parole.

This bill would provide that on or after January 1, 2001, whenever any paroled person is returned to custody or has his or her parole revoked for conduct that would require the paroled person to register as a sex offender, the parole authority would be required to report the circumstances that were the basis for the return to custody or revocation of parole to the law enforcement agency and the district attorney that has primary jurisdiction over the community in which the circumstances occurred and to the Department of Corrections. This bill would also require the Department of Corrections to inform the same law enforcement agency and district attorney upon the release of the paroled person, and, if different, the county in which the person is paroled or discharged, of the circumstances that were the basis for the return to custody or revocation of parole.

Ch. 485 (AB 1895) Ackerman. Corporations.

Existing law sets forth organizational procedures and filing requirements for corporations. Existing law also regulates the ownership and sale of, and investment in, securities registered on a national securities exchange, as provided by federal law.

This bill would make various changes relating to corporations and securities, including the following:

- (1) Adds a definition of "cumulative dividends in arrears" for shareholder distributions.
- (2) Revises the provision regarding professional corporations.
- (3) Changes a reference to securities listed on the National Market System of the Nasdaq Stock Market in various provisions of law.
- (4) Specifies the conditions regarding election of a director to fill a vacancy not created by removal of a director.
- (5) Authorizes a superior court to appoint directors of various types of nonprofit corporations if the corporation has no shareholders or initial directors have not been named and all of the directors die, resign, or become incompetent.
- (6) Specifies the conditions of a board's approval of business items if members leave before a vote.

Ch. 486 (AB 2291) Florez. County employees' retirement: Kern County board of retirement.

Under the existing County Employees Retirement Law of 1937, in specified counties, including the counties of Ventura and Kern, the board of retirement of the county retirement system consists of 9 members, including one elected retired member and one elected alternate member, as specified. However, the board of retirement in Ventura County is authorized to appoint an alternate retired member in specified circumstances.

This bill would extend that authority to the board of retirement in Kern County.

Ch. 487 (AB 2357) Honda. Victims of Domestic Violence Employment Leave Act.

Existing law prohibits an employer from discharging or discriminating or retaliating against an employee who is a victim of domestic violence for taking time off from work to obtain judicial relief to help ensure the health, safety, or welfare of the employee or his or her child. Existing law provides that an employee who has been discharged or discriminated or retaliated against in violation of these provisions is entitled to reinstatement and

reimbursement of lost wages and benefits. The failure of an employer to rehire, promote, or restore an eligible employee constitutes a misdemeanor.

This bill would enact the Victims of Domestic Violence Employment Leave Act, which with regard to employers with 25 or more employees would additionally prohibit an employer from discharging or discriminating or retaliating against an employee who is a victim of domestic violence and who takes time off to seek medical attention, to obtain services from a domestic violence program, to obtain psychological counseling, or to participate in safety planning.

With regard to all employers, regardless of the number of employees, the bill would require the employee to give the employer reasonable advance notice of the intention to take time off for any of the purposes summarized above, as provided, and an employer would be required to maintain the confidentiality of an employee who requests time off pursuant to provisions of existing law or under provisions added by the bill.

By revising and expanding the scope of a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 488 (AB 2691) Corbett. Classified employees: personnel commission appointments.

Under existing law, any school district or community college district that has adopted the merit system is required to cause the personnel commission for the district to be appointed in a specified manner. Existing law requires, in a school district and community college district that had already adopted the merit system on September 17, 1965, that members of the personnel commission be appointed by the Superintendent of Public Instruction who is required to consider the recommendation of the governing board and other interested parties, and prescribes related matters.

This bill would authorize the classified employees of any school district or community college district that has already adopted the merit system on September 17, 1965, to petition the governing board of the school district or community college district, as appropriate, to request that the process to determine how personnel commission members are appointed be determined by a majority vote of the classified employees of the district. The bill would prescribe the content of the petition and the procedures for conducting the election to determine the manner of appointment. If the petition fails passage, the bill would provide that members of the personnel commission would continue to be appointed in accordance with the procedures of existing law described above.

Ch. 489 (AB 2840) Committee on Public Employees, Retirement and Social Security. Public employees' retirement: service credit costing.

Under the Public Employees' Retirement Law, service retirement allowances are calculated, in part, based on years of credited service. Members and, in one circumstance, retirees of the Public Employees' Retirement System may, under existing law, elect to receive service credit for public service, as defined, and other types of excluded service, as specified, subject to the payment of additional contributions, as specified.

This bill would revise and recast the provisions relating to the calculation and payment of those additional contributions and make related technical changes. The bill would require the Board of Administration of the system to inform members of certain rights under the bill's provisions, as specified.

Ch. 490 (SB 32) Peace. Workers' compensation: law enforcement.

Under existing law, a person injured in the course of employment is generally entitled to receive workers' compensation on account of that injury. Existing law provides that, in the case of certain state and local firefighting and law enforcement personnel, the term "injury" includes various medical conditions that are developed or manifested during a period while the member is in the service of the office, staff, department, or unit, and establishes a disputable presumption in this regard.

This bill would provide that in the case of certain state and local firefighting and law enforcement personnel, the term "injury" also includes hepatitis that develops or manifests itself during a period while the person is in the service of that office, division, department, or unit.

This bill, with respect to these persons, would also establish a disputable presumption that hepatitis developing or manifesting itself during the service period arose out of and in the course of employment or service. The presumption would also extend to a person covered by the bill following termination of service for a period of time based on years of service, but not to exceed 60 months beginning with the last day worked.

Ch. 491 (SB 43) Johnston. Employment: training panel.

Existing law provides for a special fund in the State Treasury known as the Employment Training Fund, to be expended for specified purposes relating to employment development. Provisions creating that fund are to be repealed on January 1, 2002.

This bill would delete that termination date, thereby extending these provisions indefinitely.

Existing law contains, subject to a January 1, 2002, repeal date, various programs for job training and employment investment. Among other things, existing law establishes an economic strategy panel and provides for work incentive programs, employment training, career opportunities, welfare-to-work programs, and family economic security. The employment training program contains provisions establishing employment training panels, and providing for local employment services.

The bill would change the definition of an eligible participant in training programs, revise provisions determining the composition of the Employment Training Panel, delete provisions affecting contracting with minority- and women-owned businesses, authorize the panel to develop a process for local workforce investment boards to apply for marketing resources for employment training programs, eliminate the panel's advisory research council, eliminate the new hire cost reimbursement system, eliminate the requirement that the Bureau of State Audits review and evaluate the panel, reduce the funds available for allocation by the panel for funding special employment training projects, delete archaic provisions, make changes that conform to changes in federal law, and eliminate the January 1, 2002, repeal date. The bill would also make related technical and clarifying changes.

Ch. 492 (SB 88) Sher. Overtime compensation.

(1) Existing law provides that 8 hours of labor constitutes a day's work. Under existing law, any work in excess of 8 hours in one workday and any work in excess of 40 hours in any one workweek and the first 8 hours worked on the 7th day of work in any one workweek is required to be compensated at the rate of no less than 1½ times the regular rate of pay for an employee.

This bill, except as specified, would exempt a professional employee in the computer software field from this overtime compensation requirement if the employee is primarily engaged in work that is intellectual or creative, the employee's hourly rate of pay is not less than \$41.00, and the employee meets other requirements.

(2) Existing law authorizes the Industrial Welfare Commission to establish exemptions from the requirement that an overtime rate of compensation be paid for executive, administrative, and professional employees, provided that the employee is primarily

engaged in the duties that meet the test of the exemption and the employee earns a monthly salary equivalent to no less than 2 times the state minimum wage for full-time employment.

This bill would further require the executive, administrative, or professional employee to customarily and regularly exercise discretion and independent judgment in performing those duties in order to qualify for the exemption.

(3) Existing law provides that registered nurses employed to engage in the practice of nursing shall not be exempted from the overtime compensation requirements by any order of the commission, unless they individually meet the criteria for exemption established for executive or administrative employees.

This bill would provide that the exclusion from overtime exemptions for a registered nurse does not apply to a certified nurse midwife, a certified nurse anesthetist, or a certified nurse practitioner who is primarily engaged in performing duties for which the respective certification is required.

(4) Existing law authorizes the commission to adopt or amend working condition orders with respect to meal periods. Other existing law prohibits, except as provided, an employer from employing an employee for more than 5 hours per day without providing the employee with a meal period of not less than 30 minutes, or for employing an employee for more than 10 hours per day without providing the employee with a 2nd meal period of not less than 30 minutes.

This bill would prohibit the commission from adopting a working condition order that conflicts with those 30-minute meal period requirements, except that the commission may adopt a working condition order permitting a meal period to commence after 6 hours of work if the commission makes a specified determination.

(5) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 493 (SB 1272) Ortiz. Community health care workers: violence reports.

Existing law requires the Division of Labor Statistics and Research, within the Department of Industrial Relations, to collect, compile, and present facts and statistics relating to the condition of labor in the state.

This bill would require an employer that employs a community health care worker, as defined, to keep a record of any violence committed against a community health care worker and to file a copy of that record with the division.

Ch. 494 (SB 1402) Johannessen. Republican Party: county central committees.

Under existing law, commencing with the statewide direct primary election on March 7, 2000, except for the members of the County of Orange central committee, the members of each Republican county central committee are elected at every statewide direct primary election, as specified.

This bill would eliminate the exception for the election of members to the County of Orange central committee, thereby imposing a state-mandated local program.

Under existing provisions of law relating to the selection of officers of the state Republican Party, after each election, an organizational or reorganizational meeting is required to take place within 30 days after new county central committee members receive certificates of election, except the Central Committee of the County of Orange, whose members assume office and are required to hold an organizational meeting on the first Monday in December of each even-numbered year.

This bill would provide that the members of the central committee shall assume office and hold their first meeting during the month of December or January following a general election and would provide that a member shall hold office for a 2-year term commencing with that first meeting.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay

the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 495 (SB 1696) Ortiz. County employees' retirement: retroactive benefit increases.

The existing County Employees Retirement Law of 1937 authorizes adoption of various formulae for calculation of retirement allowances and provides that a member's allowance shall be calculated under any one formula only for the period of time that the formula was in effect in the county.

This bill would (1) authorize a board of supervisors or governing body of a district to apply any formula retroactively to service credit earned during a designated period prior to the adoption of the formula and (2) subject to approval by the employee representatives, authorize collection of additional contributions attributable to that formula during the designated period, as specified.

Ch. 496 (SB 1966) Brulte. Elections: county and municipal initiative measures.

Existing law provides that during the circulation of a county or municipal initiative petition or before the board of supervisors or the legislative body, as the case may be, takes action thereon, the appropriate governing entity is authorized to refer the proposed initiative measure to any county or city agency or agencies, as the case may be, for a report on specified issues, including, among others, the effect of the measure on the internal consistency of the entity's general and specific plans, including the housing element.

This bill would further authorize the appropriate governing entity to refer the proposed initiative measure to any county or city agency or agencies, as the case may be, for a report on additional specified issues, including, among others, the effect of the measure on the ability of the county or city, as the case may be, to meet its regional housing needs; the impact of the measure on funding for infrastructure; the impact of the measure on the community's ability to attract and retain business and employment; and the impact of the measure on the uses of vacant parcels of land.

Ch. 497 (SB 2008) Solis. County employees' retirement law: benefits.

The existing County Employees Retirement Law of 1937 provides for the payment of allowances to retired members and to survivors, as specified. Under existing probate law, upon the death of a retired member or a person receiving a survivor's allowance, any allowance earned but unpaid as of the date of death becomes a part of the decedent's estate.

This bill would provide that, upon the death of a person receiving a retirement or survivor's allowance, any allowance earned but unpaid as of the date of death shall be paid to the decedent's designated beneficiary.

The existing County Employees Retirement Law of 1937 prescribes disability retirement benefits for any member who has completed a specified number of years of service and is permanently incapacitated as a result of injury or disease arising out of and in the course of employment. Existing law also provides an optional death allowance, equal to 50% of the member's final compensation, that is payable to the spouse or minor children, or both, of a member who dies prior to retirement as the result of such an injury or disease.

This bill would delete those provisions relating to the optional death allowance and would instead provide that, if the member dies as the result of such an injury or disease and would have been eligible for disability retirement as of the date of death, the optional death allowance shall be equal to the monthly disability retirement allowance the member would have received. The bill would make a related technical change.

Ch. 498 (AB 954) Aroner. Public resources.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law sets forth a comprehensive plan for the conservation of the water of the San Francisco Bay and the development of its shoreline. Other existing law, the Suisun Marsh Preservation Act of 1977, sets forth a comprehensive plan for the preservation and protection of the Suisun Marsh. Existing law delegates authority for implementing these plans to the San Francisco Bay Conservation and Development Commission.

Existing law requires any person or governmental agency wishing to place fill, to extract materials, or to make any substantial change in the use of any water, land, or structure within the shoreline and body of the bay to, among other things, secure a permit from the commission. Under existing law, the commission may deny an application for a permit for a proposed project within the shoreline band only on the ground that the project fails to provide maximum feasible public access, consistent with the proposed project, to the bay and its shoreline.

This bill would provide that the foregoing limitation on the commission's powers only applies to a portion or portions of the shoreline band that are located outside the boundaries of water-oriented priority land uses, as established pursuant to specified provisions of existing law.

This bill would also provide that when considering whether a project provides maximum feasible public access in areas of sensitive habitat, the commission shall, after consultation with the Department of Fish and Game, and using the best available scientific evidence, determine whether the access is compatible with wildlife protection in the bay.

Ch. 499 (AB 1651) Committee on Veterans Affairs. Parks and recreation: disabled veterans: pass program.

Existing law requires the Department of Parks and Recreation to issue to a veteran, as defined, who is a resident of this state, a pass entitling the bearer to the use of all facilities in units of the state park system, upon application therefor, presentation of proof of disability or being held prisoner of war, and of honorable discharge from service, upon the payment of a \$3.50 fee. Existing law provides that, for purposes of those provisions, "veteran" means any member of the Armed Forces of the United States who has a 70% or greater service-connected disability or a service-connected disability rated at 100% for reasons of unemployability, or who was held as a prisoner of war by forces hostile to the United States, as certified by the Veterans' Administration, and who was honorably discharged from service.

This bill would revise the definition of "veteran," for purposes of those provisions, to mean any former member of the Armed Forces who has a 50% or greater service-connected disability, or who was held captive as a prisoner of war by forces hostile to the United States, as certified by the United States Department of Veterans Affairs, and who was honorably discharged from service.

The bill would require the Department of Parks and Recreation to report, in writing, to the chairpersons of prescribed legislative committees regarding the frequency of the use of these passes.

Ch. 500 (AB 1775) Lowenthal. Petroleum coke dust.

(1) Existing law requires the State Air Resources Board to monitor air pollutants in cooperation with the county air pollution districts, the air quality management districts, and other agencies in order to control air pollution.

This bill would require the operator of any facility within the Port of Los Angeles or the Port of Long Beach to comply with certain requirements regarding the management of petroleum coke, as provided in specified rules of the South Coast Air Quality Management District by January 1, 2001, except as specified. The bill would require the facility operators at the Port of Los Angeles and the Port of Long Beach to also enclose or replace specified equipment by January 1, 2002, and January 1, 2004, respectively. Because a violation of

those rules and requirements would be a crime, the bill would impose a state-mandated local program.

The bill would require the district, in conjunction with the state board, to annually submit a study to the Legislature that examines the violations of the district's rules regarding petroleum coke.

The bill would require the south coast district to monitor the size of the outdoor ready pile at the Port of Los Angeles to ensure compliance with a specified 50,000 metric ton limit, until that pile is enclosed.

The south coast district would be required, by January 1, 2003, to maintain a program to monitor particulates within the Port of Los Angeles and the Port of Long Beach and to assess prevalent coke particulates and improvements in air quality.

The bill would impose a state-mandated local program by imposing new duties upon a local air district.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for specified reasons.

Ch. 501 (AB 1877) Maldonado. Air pollution: rules and regulations.

Existing law requires air pollution control districts and air quality management districts to adopt and enforce rules and regulations to achieve and maintain state and federal ambient air quality standards. Existing law also authorizes an air pollution control district or air pollution management district to establish a permit system, requiring a person to obtain a permit before taking any action that may release air contaminants.

This bill would require a district, upon the request of an owner or operator of equipment subject to best available control technology or lowest achievable emission rate requirements, to review the applicable requirements and to determine whether the requirements should be required for a source category, under certain circumstances. The bill would also require the district to revise those requirements to a level achievable by a source or a source category if the district makes specified determinations. By imposing additional duties on local air districts, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 502 (AB 2135) Aroner. Vessels.

(1) Existing law governs the operation and equipment of vessels subject to the jurisdiction of this state.

This bill would require, commencing January 1, 2003, that any diesel powered vessel operating exclusively in California, engaged in the commercial transport of passengers, as specified, use only diesel fuel formulated as specified. The bill would make a violation of this provision an infraction, punishable by a fine of not more than \$500, thereby imposing a state-mandated local program by creating an infraction. The bill also would impose a state-mandated local program by requiring local peace officers and harbor policemen to enforce that provision.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 503 (AB 2264) Cedillo. Polycyclic aromatic hydrocarbon exposure: baseline health study.

Existing law makes various provisions for the prevention of disease and the promotion of health, and imposes various requirements on the State Department of Health Services in this regard.

This bill would require the department, on or before January 1, 2002, to conduct a baseline health study of the effects of the possible exposure to soil contamination from Polycyclic Aromatic Hydrocarbons (PAHs) on the residents of the William Mead Homes public housing project, located in Lincoln Heights in the County of Los Angeles, and would require the study to focus on the health conditions of the residents of the William Mead Homes public housing project.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 504 (AB 2746) Nakano. Large passenger vessels: water quality.

Under the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board is the principal state agency with primary authority over water quality matters. Under the act, the board prescribes waste discharge requirements for the discharge of waste into the waters of the state.

This bill would, until July 1, 2003, create the Cruise Ship Environmental Task Force, to be convened by the California Environmental Protection Agency, comprised of representatives of the State Water Resources Control Board, the Department of Fish and Game, the Department of Toxic Substances Control, the Integrated Waste Management Board, the State Lands Commission, and the State Air Resources Board. The bill would authorize the California Environmental Protection Agency to request the participation of the United States Coast Guard as a member of the task force.

The bill would, until July 1, 2003, require the task force to gather reports and manifests of waste released and offloaded by large passenger vessels, as defined. The bill would require owners and operators of large passenger vessels to submit reports of releases of graywater or sewage not later than 10 days from the close of a calendar quarter in which the vessel has operated in the marine waters of the state to the State Water Resources Control Board. The bill would require the State Air Resources Board to measure and record the opacity of visible emissions, excluding condensed water vapor, of a representative sample of large passenger vessels.

Ch. 505 (AB 2930) Torlakson. Delta Protection Commission.

The existing Johnston-Baker-Andal-Boatwright Delta Protection Act of 1992 establishes the Delta Protection Commission, and prescribes the membership of the commission. The act provides that the term of office of members of the commission is 4 years, and prohibits a member from serving more than 2 terms. The act also provides for the abolition of the commission on January 1, 2010.

This bill would delete the 2-term limit for members of the commission, and instead, would permit a member to serve for one or more consecutive terms.

This bill would also repeal the provision abolishing the commission on January 1, 2010.

Ch. 506 (SB 1350) Committee on Local Government. Local Government Omnibus Act of 2000.

(1) Existing law provides for the registration of laundry marks by filing a description of the mark in the offices of the Secretary of State and the county clerk, and publishing a description of the mark in the county where the description was filed.

This bill would delete the provision for filing with the county clerk and change the required place of publication to the county where the principal place of business is located.

(2) Existing law requires a certified copy of a court decree changing a person's name to be filed in the office of the county clerk where the person lives.

This bill would delete that provision.

(3) Existing law requires the State Librarian to determine annually the amount of support for each public library and requires the amount appropriated to be based on the total amount of revenues previously received, and authorizes local agencies to waive that amount, as specified.

This bill would authorize local agencies to request from the State Librarian a specified waiver of the requirements as to the amount appropriated commencing with the 2000–01 fiscal year.

(4) Existing law requires the oath or affirmation of a disaster service worker of a county to be filed in the office of the county clerk, or, in certain instances, to be filed with the county auditor or the clerk of the board of supervisors.

This bill would delete the provisions relating to filing with the county auditor or the board of supervisors, authorize the filing to be in the official department personnel file of the worker, and authorize the oath to be destroyed after 5 years.

(5) Existing law establishes the California Central Valley International Trade Center in Tulare County to coordinate and work with ongoing international trade efforts in specified counties.

This bill would add Merced County to those counties.

(6) Existing law specifies the boundaries of Los Angeles County and Orange County.

This bill would revise those boundary specifications, as prescribed.

(7) Existing law provides that when a county boundary is changed, the boards of supervisors of the affected counties shall file with the State Board of Equalization and the assessors of the affected counties before the following January 1 certain documents concerning the new boundaries.

This bill would change that date to December 1.

(8) Existing law authorizes a board of supervisors to establish a revolving fund not to exceed \$100,000 for use by any county officer.

This bill would increase that amount to \$250,000.

(9) Existing law provides that the government of a general law city is vested in certain officers, including a city council of 5 members.

This bill would provide that the city council consists of at least 5 members.

(10) Existing law provides procedures for the cancellation or nullification of contracts that establish agricultural preserves and for the rescission of those contracts in order to place the land under a farmland security zone contract.

This bill would recodify and make technical, nonsubstantive changes in the provisions governing the procedures for the establishment and cancellation of farmland security zone contracts.

(11) Existing law requires a city or county to provide specified notice of a proposed lien for costs incurred in abating a nuisance.

This bill would require the notice to be mailed by certified mail to the last known address of the property owner.

(12) Existing law requires a community services district to approve various claims and demands by majority vote in an open meeting.

This bill would authorize certain warrants for claims and demands to be approved by the finance officer and ratified by the district board after payment.

(13) Existing law establishes procedures for the formation and conduct of the Rossmoor Special Community Services District.

This bill would repeal that law.

(14) Existing law requires the legislative body of a city or county to submit an annual report on the status of the general plan and progress in its implementation to various agencies on or before July 1 of each year.

This bill instead would require that the housing portion of that report be submitted to those agencies on or before October 1 of each year.

(15) Under existing law, when a local agency approves a vesting tentative map, that approval confers a vested right to proceed with the development in substantial compliance with specified ordinances, policies, and standards.

This bill would correct an obsolete reference to provisions relating to vesting tentative maps.

(16) The Urban Development Incentive Act provides for the planning and expedited permitting of large scale urban developments.

This bill would repeal those provisions.

(17) Under existing law, geologic hazard districts may borrow money from public agencies.

This bill would authorize those districts to borrow money from private sources.

(18) Existing law requires cities and counties to conform their general plans to the comprehensive land use plan of an airport land use commission.

This bill would declare the intent of the Legislature to clarify that special districts are also subject to that plan.

(19) Existing law does not provide a procedure to transfer a Mello-Roos Community Facilities District from a county to a special district.

This bill would authorize Riverside County to transfer the governance of a community facilities district to the Rancho California Water District.

(20) The bill would also delete obsolete provisions and make various clarifying, conforming, and other changes relating to, among other things, joint exercise of powers agreements, farmland preservation, subdivisions, redevelopment, and flood control.

Ch. 507 (SB 1583) Costa. San Joaquin River Parkway.

Existing law establishes the San Joaquin River Conservancy in the Resources Agency to acquire and manage public lands within the San Joaquin River Parkway, which consists of the San Joaquin River and approximately 5,900 acres on both sides of the river between Friant Dam and the Highway 99 crossing.

Existing law requires the governing board of the conservancy to consist of 9 voting members and 4 nonvoting members, as specified. Under existing law, the 4 nonvoting members are the General Manager of the Fresno Metropolitan Flood Control District, the General Manager of the Madera Irrigation District, the Director of Fish and Game, and the Director of Parks and Recreation.

This bill would alter the composition of the board to consist of 15 voting members. The bill would add the Chairperson of the Board of Directors of the Fresno Metropolitan Flood Control District, or his or her designee, and the Chairperson of the Board of Directors of the Madera Irrigation District, or his or her designee, as new voting members, and would make the Director of Fish and Game and the Director of Parks and Recreation voting members. The bill would also make the Director of Finance and the Executive Officer of the State Lands Commission voting members of the conservancy. The bill would also provide for the appointment of 3 of the current voting members by the Governor instead of the appointment of one each by the Board of Supervisors of Fresno County, the Board of Supervisors of Madera County, and the Fresno City Council.

Ch. 508 (SB 1967) Kelley. Yacht and Ship Brokers Act.

(1) Existing law regulates limited liability companies and provides that nothing in that law is to be construed to permit a domestic or foreign limited liability company to render professional services, as defined. Existing law defines "professional services," for that

purpose, to mean any type of professional services that may be lawfully rendered pursuant to a license, certification, or registration authorized by the Business and Professions Code, or the Chiropractic Act.

This bill would include within the definition of “professional services” for that purpose any type of professional services that may be lawfully rendered under the Yacht and Ship Brokers Act.

(2) The existing Yacht and Ship Brokers Act authorizes the Department of Boating and Waterways to require the proof that it deems advisable concerning the honesty, truthfulness, and good reputation of the applicant for a yacht broker’s license or of the officers of any corporation making application before the issuance of the license. Existing law requires a licensed broker who accepts funds from others to deposit those funds into a neutral escrow depository.

This bill would also authorize the department to require that proof concerning each applicant for a salesperson’s license.

The bill would require any limited liability company licensed by the department as a yacht broker on July 1, 2001, in order to continue to be licensed after that date, to apply to the department as an individual, partnership, or corporation for a broker’s license on or before the expiration date of its existing license. The bill would require the department, by February 1, 2001, to provide notice of this requirement to any limited liability company licensed by the department.

The bill would expand the conditions for which the department may deny an application or suspend or revoke the licenses of a broker or salesperson.

This bill would also permit a consent to use funds in escrow for a purpose other than that specified in the written instructions to be given the yacht broker by a facsimile.

(3) Existing law requires that every civil action brought under the act be brought by the Attorney General.

This bill would authorize administrative actions to be brought under the act and to be brought through the Office of Administrative Hearings.

Ch. 509 (SB 2053) Committee on Governmental Organization. California State Lottery.

(1) The California State Lottery Act of 1984, an initiative measure approved by the voters at the November 6, 1984, general election (hereafter the act), provides that the term “Lottery Game” as used therein means any procedure authorized by the California State Lottery Commission whereby prizes are distributed among persons who have paid, or unconditionally agreed to pay, for tickets or shares which provide the opportunity to win such prizes.

This bill would instead provide that for purposes of the act, “Lottery Game” means any procedure authorized by the commission whereby prizes are distributed among persons who have paid, or who have unconditionally agreed to pay, for tickets or shares which provide the opportunity to win those prizes.

(2) The act requires that, notwithstanding any of its other provisions, to ensure the fullest competition with respect to contracts or procurement by the lottery, the commission adopt and publish competitive bidding procedures for the award of any procurement or contract involving an expenditure of more than \$100,000, and establish specified bidding and contracting standards and procedures applicable to certain subcontracts with disadvantaged small business concerns, as defined.

This bill would make these competitive bidding procedures and contracting requirements applicable to any subcontract involving an expenditure of more than \$100,000, and would direct the commission to establish, as part of its bidding procedures for general contracts, subcontracting guidelines that implement this requirement.

(3) The act provides that none of its provisions may be changed except to further its purpose by a bill passed by a $\frac{2}{3}$ vote of each house of the Legislature and signed by the Governor.

This bill would declare that its provisions further the purpose of the act.

Ch. 510 (SB 2095) Johnston. Water Recycling in Landscaping Act.

(1) Existing law, known as the Water Conservation in Landscaping Act, requires a model water efficient landscape ordinance adopted by the Department of Water Resources to be enforced by a city, county, or city and county and have the same force and effect as if adopted by the local agency, unless the local agency has adopted a water efficient landscape ordinance or has adopted findings based on climatic, geological, or topographical conditions, or water availability that states that this ordinance is unnecessary.

This bill would require any local public or private entity that produces recycled water and determines that within 10 years it will provide recycled water within the boundaries of a local agency, to notify the local agency of that fact. The bill would require a local agency, within 180 days of receipt of the notice, to adopt and enforce a specified recycled water ordinance, unless the local agency adopted a recycled water ordinance or other regulation requiring the use of recycled water in its jurisdiction prior to January 1, 2001. By imposing new duties on local legislative bodies, the bill would create a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 511 (AB 1481) Granlund. Parking meters.

(1) Existing law authorizes county sealers to certify the accuracy of all parking meters located in the county in which the sealer has jurisdiction, including parking meters owned or operated by a city, county, or city and county, and if the sealer determines that a specific meter is inaccurate, requires the sealer to notify the owner or operator. Existing law also authorizes the sealer to close the meter if it is not repaired or replaced within 30 days of this notification, in which case any person may park a vehicle there free of charge until the owner or operator replaces or repairs the meter.

This bill would delete the 30-day notification period and authorize sealers to immediately close inaccurate meters.

(2) This bill would also state specified findings and declarations of the Legislature regarding parking meter agencies and operators.

Ch. 512 (AB 1810) Wiggins. Weights and measures.

Existing law authorizes any sealer to levy a civil penalty against a person who violates specified laws or regulations governing weights and measures, with specified exceptions. Under existing law, payment of the civil penalty is a complete defense to criminal prosecution for the same acts. Existing law requires that, before a civil penalty is levied, the person charged with the violation be given written notice of the proposed action and the right to request a hearing, as specified. Existing law sets forth the procedures that apply to an appeal of the sealer's decision. Under existing law, these provisions are repealed on January 1, 2001.

This bill would extend that repealed date to January 1, 2006.

Existing law repeals specified provisions on January 1, 2001, which authorize counties to charge annual device registration fees to recover the costs of the county sealer in inspecting or testing weighing and measuring devices.

This bill would extend that repeal date to January 1, 2006.

Ch. 513 (SB 1428) Karnette. Highways: freeway service patrols.

Existing law authorizes, until January 1, 2002, the operation of freeway service patrols, as defined, under a memorandum of understanding between the Department of the California Highway Patrol, the Department of Transportation, and regional or local governmental entities.

This bill would delete the repeal date specified above and would thus extend indefinitely the authority to operate freeway service patrols. The bill would make other, conforming changes in existing law relating to freeway service patrols.

Ch. 514 (AB 2254) Gallegos. State Mining and Geology Board.

Existing law establishes the State Mining and Geology Board, consisting of 9 members appointed by the Governor. Existing law prohibits any member of the board from participating in any action of the board or attempt to influence any decision of the board that involves himself or herself, or any person with whom he or she is connected, as a director, officer, paid consultant, or full-time or part-time employee, or in which he or she has a financial interest, as defined.

This bill would prohibit more than $\frac{1}{3}$ of the members of the board from being currently employed by, or receiving more than 25% of their annual income, not to exceed \$25,000 a year per member from, entities that own or operate mines in California.

This bill would require a member of the board who determines that he or she has a conflict of interest on a particular matter before the board to provide the clerk of the board with a brief written explanation of the basis for the conflict of interest, which shall become a part of the public record of the board.

Ch. 515 (SB 244) Solis. Surface mining and reclamation.

Existing law, the Surface Mining and Reclamation Act of 1975, governs surface mining operations and the reclamation of mined lands and provides, among other things, for the submission of reclamation plans to, and issuance of permits by, lead agencies to persons engaging in surface mining operations.

This bill would only apply to surface mining operations within the San Gabriel Basin Water Quality Authority. The bill would revise certain procedures for the submission and review of reclamation plans by a lead agency, as prescribed, and would additionally require the lead agency to notify, and provide copies of an application to conduct surface mining operations or an application for the approval of a reclamation plan to the appropriate California regional water quality control board of surface mining operations that may impact groundwater quality, as prescribed. By imposing new duties on lead agencies with regard to the review and approval of surface mining reclamation plans, the bill would impose a state-mandated local program.

The existing act requires lead agencies to require specified types of financial assurances of each surface mining operation to ensure that reclamation is performed in accordance with the surface mining operation's approved reclamation plan, which the lead agency reasonably determines are adequate to complete reclamation in accordance with the surface mining operation's approved reclamation plan. The act requires that the amount of financial assurances required of a surface mining operation for any one year be adjusted annually to account for new lands disturbed by surface mining operations, inflation, and reclamation of lands accomplished in accordance with the approved reclamation plan.

This bill would, additionally, require that the amount of financial assurances required of a mining operation for any one year be in an amount not less than that required to ensure reclamation is completed in compliance with the act.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 516 (AB 2387) Keeley. California Ocean Resources Stewardship Act of 2000.

Existing law provides for the protection and preservation of the California coast.

This bill would enact the California Ocean Resources Stewardship Act of 2000. The bill would authorize the Secretary of the Resources Agency to enter into an agreement with an existing nonprofit corporation to establish a trust to be known as the California Ocean Trust to seek and provide funding for ocean resource science projects and to encourage coordinated, multiagency, multiinstitution approaches to ocean resource science. The bill would also require the Secretary of the Resources Agency to report on the steps taken to ensure the coordination of ocean resource management science.

Ch. 517 (AB 2257) Aroner. Health facility financing.

Under existing law, the California Health Facilities Financing Authority Act, there is a California Health Facilities Financing Authority that is empowered to make loans under certain conditions from the continuously appropriated California Health Facilities Financing Authority Fund to nonprofit corporations or associations for financing or refinancing of the acquisition, construction, or remodeling of health facilities, as defined, including hospitals.

Existing law authorizes the authority to issue revenue bonds for certain purposes.

This bill would define revenue bonds for those purposes.

Existing law provides that no project shall be eligible for approval under the California Health Facilities Financing Authority Act unless a certificate of need has first been obtained, a certificate of exemption has been obtained, or the project is exempt from certification of need or exemption review and approval, and suspends that requirement.

This bill would repeal that provision, and would make conforming changes.

This bill would revise statutory authority to issue revenue bonds under the California Health Facilities Financing Authority Act.

Existing law authorizes the authority to pledge any of the money in the continuously appropriated fund as security for payment of the principal and interest of any particular issuance of bonds under the California Health Facilities Financing Authority Act.

This bill would extend that statutory authorization to include the pledge of money in the fund to include certain secured or unsecured loans. Because the bill would expand the purposes for which a continuously appropriated fund may be used, the bill would make an appropriation.

Existing law limits the expenses the authority may incur in carrying out the California Health Facilities Financing Authority Act, with the exception of expenses for the initial organization and operation of the authority.

This bill would repeal that exception.

Existing law specifies the uses for a specified portion of the initial amount of bonds outstanding under the California Health Facilities Financing Authority Act.

This bill would repeal that provision.

Existing law provides for the continuously appropriated County Health Facilities Financing Assistance Fund, and authorizes the use of money in the fund to provide assistance to counties to pay the debt service on loans for, or otherwise assist, in the financing of certain facilities.

This bill would delete that fund.

This bill would incorporate additional changes to Section 15438 of the Government Code, proposed by AB 2875, to be operative only if AB 2875 and this bill are both enacted and become effective on or before January 1, 2001, and this bill is enacted last.

Ch. 518 (AB 2034) Steinberg. Mental health funding: local grants.

Existing law requires the State Department of Mental Health to establish service standards relating to mental health programs. These standards include plans for services and evaluation strategies to coordinate and provide access to housing assistance, vocational rehabilitation, and veterans' services.

This bill would add to the target population and implement additional service standards.

Existing law requires the director to establish a methodology for awarding grants and to establish a designated advisory committee. The department is also required to select up to 3 counties for eligibility for demonstration grants to be used to provide comprehensive services to the severely mentally ill.

This bill would require the director to include additional advisory committee members. This bill would also require additional criteria to be used in awarding grants. The department would be authorized to continue funding previously selected counties and to select additional counties, as well as cities that operate independent public mental health programs, to provide comprehensive services to the severely mentally ill. The 3-county limitation would be deleted.

Existing law requires counties receiving grants to provide the department with program outcome data.

This bill would also require the counties receiving grants to provide the department with information relating to funding for housing.

Existing law reappropriates \$10,000,000 to the department from a specified item in the Budget Act of 1999 for the purpose of funding grants.

This bill would revise these provisions regarding the funding of grants.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 519 (AB 2161) Vincent. Mental health.

Existing law authorizes a minor who is 12 years of age or older to consent to mental health treatment or counseling services on an outpatient basis, or to residential shelter services, under certain circumstances, where those services are provided by any one of specified entities, including a marriage, family and child counselor.

This bill would additionally authorize a marriage and family therapist registered intern, while working under the supervision of certain licensed professionals, to provide those services. The bill would also make a technical change.

Existing law authorizes a health care provider who determines that there is a substantial risk of significant adverse or detrimental consequences to a patient in seeing or receiving a copy of mental health records requested by the patient to deny the patient's request, subject to designated conditions. One of the conditions is that the health care provider shall permit inspection by, or provide copies of the mental health records to, designated health care providers.

This bill would revise the list of designated health care providers to reflect a change in terminology and to add marriage and family therapist registered interns. It would also require any marriage and family therapist registered intern inspecting records to work under the supervision of certain licensed professionals.

Ch. 520 (SB 1452) C. Wright. Child welfare: mental health.

Existing law, the Children's Mental Health Services Act, authorizes the State Department of Mental Health to enter into annual performance contracts with participating counties for the delivery of mental health services to a target population defined as "seriously emotionally disturbed children." Existing law states the Legislature's intent that 100% of newly appropriated funds be dedicated to this target population.

Existing law specifies the criteria to be contained in the county program proposal and imposes additional requirements on participating counties after receiving state funds. Under existing law, the program procedures under the act include the award of funds to counties through a request for proposal bids process.

This bill would specify that eligible children also include, within the defined target population, those children that are referred by collaborating programs and that are within the definition of "seriously emotionally disturbed children." This bill would state the

Legislature's intent that 100% of newly appropriated funds be dedicated to this expanded target population.

The bill would state the Legislature's intent that participating counties be required to permit family members of a child receiving services to be involved in the county's program planning and design as well as the development of individual child treatment plans. This bill would also designate the age groups participating counties would be required to serve, given the available resources.

This bill would revise the program procedures under the act to implement instead a request for applications for funding process, to require the department to negotiate with counties to establish appropriate evaluation measures, and to require the department to audit and monitor use of children's system of care program funds.

This bill would require additional criteria, such as protocol development and program performance outcome distribution, to be contained in the county proposal. It would require participating counties to consult with family advocacy groups, have a plan to ensure that mental health services are planned to complement and coordinate with existing federal and state services, and meet other requirements within 3 years after receiving state funds. It would also revise program performance goals, require additional information to be included in annual performance contracts, and would require a county system of care serving defined age groups of children to make specified services available, to the extent possible, and, if not available, to identify a timeline for the development of these services.

Ch. 521 (AB 280) Zettel. Vehicles: speed limits.

Under existing law, the prima facie vehicle speed limit is 25 miles-per-hour under certain circumstances, including when passing a school building or the grounds thereof, if the school grounds are contiguous to a highway and a standard school warning sign is posted.

This bill would provide that the above described 25 mile-per-hour speed limit with respect to school grounds is applicable when approaching or passing the school grounds.

Existing law relating to speed traps defines "school zone" as that area of road contiguous to a school building or the grounds thereof and on which is posted a standard "SCHOOL" warning sign, while children are going to or leaving the school either during school hours or during the noon recess period.

This bill would instead define school zone for this purpose as that area of road approaching or passing a school building or the grounds thereof that is contiguous to a highway and on which is posted a standard "SCHOOL" warning sign, while children are going to or leaving the school either during school hours or during the noon recess period. The bill would also provide that "school zone" for those purposes includes the area approaching or passing any school grounds that are not separated from the highway by a fence, gate, or other physical barrier while the grounds are in use by children if that highway is posted with a standard "SCHOOL" warning sign.

To the extent these changes would expand the scope of a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 522 (AB 935) Brewer. Land sales: subdivisions.

Existing law requires any person who intends to offer subdivided lands within this state for sale or lease to register and file an application for a public report with the Department of Real Estate and authorizes the Commissioner of Real Estate to regulate, investigate, and report to the public regarding specified transactions pursuant to these provisions.

This bill would authorize the commissioner to include or prepare specified disclosure statements in a permit or public report on a single-site time-share project associated with other component resorts through a reservation system and pertaining to the effect of the reservation system on the purchase of an interest in the project. The bill would revise the definition of a “single-site time-share project” as it applies to these provisions, impose additional requirements on a single-site time-share project if the use of a reservation system is mandatory, and would provide that the use of a reservation system shall not be deemed to guarantee a right to use or occupy accommodations or facilities at more than the site where the interest is purchased.

Ch. 523 (AB 1419) Davis. Highways: relinquishment: State Highway Route 209.

Existing law requires the California Transportation Commission to relinquish to any city or county any portion of any state highway within the city or county that has been deleted from the state highway system by legislative enactment. These relinquishments become effective upon the first day of the next calendar or fiscal year, whichever first occurs after the effective date of the legislative enactment.

This bill would authorize the commission to relinquish State Highway Route 209 to the City of San Diego upon terms and conditions the commission finds to be in the best interests of the state, if the commission and the city enter into an agreement providing for that relinquishment. The relinquishment would become effective immediately following the commission’s approval of the terms and conditions of the relinquishment.

Ch. 524 (AB 1792) Villaraigosa. Vehicles: disabled persons’ parking: violations: fines and penalties.

(1) Existing law authorizes any disabled person or disabled veteran displaying special identification plates, as specified, or a distinguishing placard, as specified, to park for unlimited periods in certain zones. It is a misdemeanor for any person to whom the special identification plates or distinguishing placard has been issued to lend the placard to any person or knowingly permit the use for parking purposes of the placard or plates by one not entitled to it or for any person to use a placard or plates not issued to him or her except for the purpose of transporting disabled persons.

This bill would specify a \$250 minimum fine for the misdemeanors described above, thus imposing a state-mandated local program by increasing the level of services imposed upon the courts.

(2) Existing law requires the applicant for a permanent or temporary distinguishing placard to submit to the Department of Motor Vehicles a certificate signed by a physician or other authorized person substantiating the disability, except as specified, and authorizes the department to require an applicant for the special identification plates to submit the substantiating certificate. It is a misdemeanor for any person to knowingly make any false statement or knowingly conceal any material fact in any document filed with the department. It is a felony for any person to forge, counterfeit, or falsify, or utter, publish, pass, or attempt to pass, as true and genuine, any false, altered, forged, or counterfeited special license plate or permit, among other things, issued under the Vehicle Code.

This bill would require the department to require applicants for the special plates to submit the substantiating certificate, except as specified.

The bill would require the physician or other person who signs the certificate to maintain information sufficient to substantiate that certificate and, upon request of the department, make that information available for inspection by the Medical Board of California. Because a violation of this requirement would be punishable as an infraction under the Vehicle Code, the bill would impose a state-mandated local program by creating a new crime.

(3) The bill would make certain technical, nonsubstantive changes.

(4) The bill would authorize the Department of Motor Vehicles to conduct an annual, random audit of applications submitted and processed by the department to verify the

authenticity of the certificates and information. This authorization would only apply to those applications that were initially submitted to the department after January 1, 2001.

(5) The bill would set forth legislative intent with regard to the disabled placard program.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 525 (AB 1890) Rod Pacheco. Prisoners: work outside prisons: security and clothing.

Existing law provides for the employment of state prisoners outside the prison grounds in road cleanup crews and fire crews, as specified.

This bill would provide that the Department of Corrections shall require these prisoners to wear distinctive clothing for identification purposes.

Ch. 526 (AB 2109) Bates. Orange County Transportation Authority: Santa Clara Valley Transportation Authority: electronic bidding on contracts.

Existing law authorizes county transportation commissions, including the Orange County Transportation Authority, to enter into construction contracts and establishes a bidding process that requires that bids be presented under sealed cover with specified forms of bidder security. The Santa Clara Valley Transportation Authority Act authorizes the Santa Clara Valley Transportation Authority to enter into contracts.

This bill would, until January 1, 2004, authorize each authority to accept bids for construction contracts that are presented by means of electronic bidding through the Internet and under sealed cover, as prescribed. On or before January 1, 2003, the California Research Bureau, after consultation with each of the authorities, would be required to prepare and submit to the Legislature a separate report with regard to each authority, on the effectiveness of the specified electronic bidding process.

Ch. 527 (AB 2273) Aroner. City of Richmond tidelands.

Existing law authorizes the City of Richmond to lease, for a term not to exceed 25 years, any wharves, docks, or piers constructed by it.

This bill, in addition to authorizing the lease of wharves, docks, and piers, would authorize the City of Richmond to lease other aids or improvements to commerce, navigation, and other trust purposes. The bill also would increase to 55 years the term of the leases the city is authorized to enter.

The bill would authorize the State Lands Commission to make certain conveyances of tide, submerged, and other lands, enter into agreements, execute patents, and receive and accept lands, for the purposes of effectuating enumerated exchanges, agreements, and adjustments related to the Richmond Harbor Development Area and lands included in Tideland Survey Number Eight.

The bill would authorize the City of Richmond to terminate the public trust over portions of granted tidelands under certain circumstances.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 528 (AB 2369) Keeley. State property and contracts.

(1) Existing law authorizes the Director of General Services, upon the written request and consent of the state agency with control or jurisdiction over the property concerned, to sell, convey, or exchange properties that are not needed by any state agency at fair market value under specified circumstances following notice to the Legislature. Existing law requires specified parcels to be disposed of in the identical manner as state property declared surplus pursuant to an existing provision of law.

This bill would revise the circumstances to include property that is being encroached on, where the adjacent landowner and the state agency with control or jurisdiction over the

property concerned, the director, and the Attorney General agree that the best resolution would be a sale of the property or an exchange of property of equal value. The bill would require that the specified parcels be declared surplus in the identical manner as state property is declared surplus pursuant to a specified provision of existing law.

(2) Existing law generally authorizes the Director of General Services to let state property for a period of not to exceed 5 years, subject to specified conditions, if he or she deems it to be in the best interest of the state.

This bill would authorize the director, notwithstanding these provisions, and with the consent of the state agency concerned, to let any state real property not exceeding 5 acres for a period not to exceed 25 years, to governmental entities to further the state's mission for providing emergency services, if he or she deems it to be in the best interest of the state. It would require the director to report annually to the Legislature on how the Department of General Services is utilizing this authority.

(3) Under the existing State Contract Act, where the nature of the work in the opinion of the Department of Water Resources, the Department of General Services, the Department of Boating and Waterways, the Department of Corrections, or the Department of Transportation is such that its services in connection with the work are not required, the applicable department may authorize the carrying out of the project directly by the state agency concerned if the estimated cost does not exceed \$250,000, except that this limitation does not apply to a project of a district agricultural association or the State Lands Commission.

This bill would increase the maximum amount for this purpose to \$400,000.

Ch. 529 (AB 2396) Longville. Credit unions.

The California Credit Union Law provides for the regulation of credit unions by the Division of Credit Unions, within the Department of Financial Institutions, and makes the willful violation of the provisions of this law a crime.

This bill would require a credit union to deposit its savings capital, undivided profits, and reserve funds only in specified financial institutions or specified financial instruments. Because the willful violation of these provisions would be a crime, this bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 530 (AB 2408) Firebaugh. School facilities.

Existing law, the Leroy F. Greene School Facilities Act of 1998, requires a school district to which funding is made available under that act to hold title to all property acquired, constructed, or improved with those funds, including any leasehold interest if the project qualified for and received approval by the board prior to November 4, 1998.

This bill would authorize new construction or modernization on real property leased to a school district if certain conditions are met.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 531 (AB 2472) Romero. Public school employees: disclosure of improper governmental activities.

Under the California Whistleblower Protection Act, the State Auditor is authorized to conduct an investigative audit upon receiving confirmation that an employee or state agency, as defined, has engaged in an improper governmental activity. The act prohibits an employee from using his or her official authority or influence to intimidate, threaten, coerce, or command any person in order to interfere with that person's right to make a disclosure under the act. The act protects employees who, among other things, make disclosures to anyone of information that may evidence an improper governmental activity, refusal to obey an illegal

order, or any condition that may significantly threaten the health or safety of employees or the public if the disclosure is made for the purpose of remedying the condition.

The act also provides that a state employee who files a written complaint with his or her supervisor, manager, or the appointing power alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts because he or she has made a protected disclosure under the act, may also file a copy of the written complaint with the State Personnel Board, as specified. Any person who engages in the above-specified acts is guilty of a misdemeanor and subject to a \$10,000 fine, and is also subject to civil liability, as specified, except for any action or inaction that is justified on the basis of evidence separate and apart from the fact that the person has made a protected disclosure.

This bill would enact the Reporting by School Employees of Improper Governmental Activities Act and the Reporting by Community College Employees of Improper Governmental Activities Act which would enact provisions similar to the California Whistleblower Protection Act applicable to employees of any public school employer, as defined, and would add provisions by which a public school employee is authorized to file a written complaint with the local law enforcement agency, as specified, alleging acts or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts. By expanding the scope of an existing crime, the bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 532 (AB 2511) Steinberg. Air quality: mobile source emissions.

(1) Under existing law, there is a motor vehicle inspection program designed to ensure that the reduction in vehicle emissions of hydrocarbons, carbon monoxide, and oxides of nitrogen meet or exceed the reductions required by the federal Clean Air Act. The program is intended to endeavor to achieve these vehicle emission reductions as expeditiously as practicable, but not later than the deadlines established by the amendments enacted to the federal Clean Air Act in 1990. Existing law also establishes the Carl Moyer Memorial Air Quality Standards Attainment Trust Fund, administered by the State Air Resources Board, to provide grants to offset the incremental cost of projects that reduce emissions of oxides of nitrogen (NO_x) from specified mobile sources in California.

This bill would enact the Sacramento Emergency Clean Air and Transportation Program, to be administered by the Sacramento Area Council of Governments. Pursuant to the program, grant awards for eligible onroad emission-reducing projects would be made by the council.

This bill would also enact the San Joaquin Valley Emergency Clean Air Attainment Program, to be administered by the San Joaquin Valley Air Pollution Control District. Pursuant to the program, grant awards for eligible onroad and off-road emission-reducing projects would be made by the district.

Chapter 91 of the Statutes of 2000 creates the Traffic Congestion Relief Fund and appropriates money from that fund for allocation for various projects, including programs that establish incentives for the reduction of emissions from heavy-duty diesel engines operating within the Sacramento region and the San Joaquin Valley region.

This bill would specify that moneys allocated from that fund for the above programs may be used to fund the programs established by this bill.

Ch. 533 (AB 2723) Wesson. Bottled water.

Existing law contains labeling requirements for bottled water, including requirements relating to the source of the water.

Existing law also contains bottled water quality standards.

This bill would enact bottled water and vended water labeling and notification requirements, and would make technical nonsubstantive changes in bottled water quality standards. Certain of the labeling and notification requirements would become operative on January 1, 2002.

Under existing law, the State Department of Health Services licenses water bottling plants.

This bill would also permit the department, by written permission, to allow a person to package water for use in public emergencies without obtaining a water bottling plant license, where the emergency has resulted in the interruption, or has compromised the quality of, the public drinking water supply.

Ch. 534 (AB 2933) Committee on Veterans Affairs. Cal-Vet Loan Program.

Existing law provides for farm and home purchase benefits for qualifying veterans under the Veterans' Farm and Home Purchase Act of 1974, and subsequent acts, which are collectively referred to as the Cal-Vet Loan Program.

This bill would require that one member of the California Veterans Board have expertise in real estate finance and that one member have expertise in senior health care.

The bill would require the Department of Veterans Affairs to take specified actions to efficiently process and approve Cal-Vet loans.

Existing law requires that an appraisal of the market value of property be filed with the department before the property is purchased.

This bill would require the department to establish certain guidelines and establish an outreach program regarding that appraisal process, as specified.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 535 (SB 165) Alarcon. Local government finance: special taxes.

Existing law specifies a procedure for the legislative body of a city, county, or district to propose to the voters an ordinance or resolution to adopt a special tax pursuant to constitutional requirements.

This bill would enact the Local Agency Special Tax and Bond Accountability Act, which would require that any local special tax measure subject to voter approval contain a statement indicating the specific purposes of the special tax, require that the proceeds of the special tax be applied to those purposes, require the creation of an account into which the proceeds shall be deposited, and require an annual report containing specified information concerning the use of the proceeds. The bill would impose similar accountability requirements with respect to any local bond measure that is subject to voter approval that would provide for the sale of bonds by a local agency.

Ch. 536 (SB 1299) Committee on Energy, Utilities and Communications. Energy resources conservation.

(1) Existing law requires the State Energy Resources Conservation and Development Commission to administer the State Energy Conservation Assistance Account, a continuously appropriated account, in the General Fund until January 1, 2001, to provide grants and loans to local governments and public institutions to maximize energy use savings. All loans outstanding as of that date are required to continue to be repaid as specified until paid in full, and all unexpended funds in the account on and after that date, except as specified, are required to revert to the General Fund.

This bill would extend the operation of those provisions to January 1, 2011, and would thereby make an appropriation by extending the time during which the funds in a continuously appropriated account are made available.

(2) Existing law, until January 1, 2002, requires the commission to enter into agreements with the Regents of the University of California, the Trustees of the California State University, the Board of Governors of the California Community Colleges, and the State Department of Education to expend specified funds for certain purposes relating to energy

conservation. Existing law creates the Local Jurisdiction Energy Assistance Account in the General Fund for the purposes of these provisions and requires the funds in the account to be disbursed by the Controller as authorized by the commission. All loans outstanding as of January 1, 2002, are required to continue to be repaid as specified until paid in full, and all unexpended funds in the account on and after that date, except as specified, are required to be deposited in the Federal Trust Fund and expended for the purposes for which federal oil overcharge funds are available.

This bill would extend the operation of those provisions to January 1, 2011, and would thereby make an appropriation by extending the time during which the specified funds are available for disbursement.

(3) The existing Warren-Alquist State Energy Resources Conservation and Development Act requires the commission to submit quarterly reports to the Legislative Analyst and to the appropriate fiscal and policy committees of the Legislature that review bills relating to energy and public utilities.

This bill would, instead, require that those reports be submitted on a semiannual basis.

(4) The act requires the commission to prepare and submit to the Legislature an annual report on awards of grants made by the commission for public interest energy research and development projects.

This bill would require that annual report to be submitted to the Legislature not later than March 31 of each year.

Ch. 537 (SB 1345) Peace. State Energy Resources Conservation and Development Commission: grant program: solar energy systems.

Existing law, for purposes of provisions governing property rights, defines the term "solar energy system" to mean any solar collector or other solar energy device whose primary purpose is to provide for the collection, storage, and distribution of solar energy for space heating or cooling, or for water heating, or any structural design feature of a building, whose primary purpose is to provide for the collection, storage, and distribution of solar energy for space heating or cooling, or for water heating.

This bill would revise that definition of "solar energy system" to additionally include within that definition of a "solar energy system" any solar collector or other solar energy device whose primary purpose is to provide for electricity generation, or any structural design feature of a building whose primary purpose is to provide for electricity generation.

Existing law requires the State Energy Resources Conservation and Development Commission to expand and accelerate development of alternative sources of energy including solar resources.

This bill, until January 1, 2006, would require the commission, to the extent that funds are appropriated for that purpose in the annual Budget Act, to implement a grant program to accomplish specified goals including making solar energy systems cost competitive with alternate forms of energy. The bill would require the grants to be based on either the performance of, or the type of, the solar energy system, as determined by the commission, and would prohibit duplicate grants from other grant programs administered by the commission for solar systems that produce electricity, as specified. This bill would declare that any action taken by an applicant to receive a grant award, including, but not limited to, satisfying conditions specified by the commission, would not constitute the rendering of any type of benefit to the commission.

The bill, until January 1, 2006, would also require the commission, to the extent that funds are appropriated for that purpose in the annual Budget Act, to develop and implement a grant program to offset a portion of the costs of eligible distributed generation systems, as prescribed.

The bill would authorize the commission to use up to a total of \$250,000 of the collective funds appropriated for the above-referenced grant programs to fund the commission's costs in administering those programs.

Ch. 538 (SB 1645) Perata. Highways: State Highway Route 880: relinquishment.

Existing law requires the California Transportation Commission to relinquish to any city or county any portion of any state highway within the city or county that has been deleted from the state highway system by legislative enactment. These relinquishments become effective upon the first day of the next calendar or fiscal year, whichever first occurs after the effective date of the legislative enactment.

This bill would authorize the commission to relinquish to the City of Oakland a specified portion of the former right-of-way of State Highway Route 880, upon terms and conditions the commission finds to be in the best interests of the state, including a requirement that the Department of Transportation and the city enter into a cooperative agreement to improve the portion of right-of-way that is to be relinquished in accordance with plans to be developed by the department, as specified. The relinquishment would become effective immediately following the commission's approval of the terms and conditions of the relinquishment.

Ch. 539 (SB 2033) Figueroa. Structural Pest Control Board.

(1) Existing law establishes the Structural Pest Control Board to administer licensing and regulation provisions related to the practice of pest control and its various branches and authorizes the appointment of a registrar to serve as the executive officer and secretary of the board. The provisions establishing the board and authorizing the appointment of a registrar become inoperative on July 1, 2001, and are repealed on January 1, 2002.

This bill would delete these inoperative and repeal dates and would provide instead that the provisions establishing the board and authorizing the appointment of a registrar would become inoperative on July 1, 2005, and would be repealed on July 1, 2006.

(2) Under existing law, the board is authorized to charge and collect specified fees, including one for each pesticide use stamp purchased from it. Existing law provides that this particular fee may be deposited into, among other designated accounts, the Structural Pest Control Research Fund, which is continuously appropriated. Existing law also requires the board to establish a research advisory panel including, among other members, representatives from the University of California, for the purpose of soliciting and reviewing research proposals for recommendation to the board, which then distributes funds to qualified applicants.

This bill would require the panel, or other entity designated by the board, to solicit requests for proposals on behalf of the board. This bill would require the panel or other entity designated by the board to prepare and issue the research contracts and to authorize the transfer of funds to the applicants from the Structural Pest Control Research Fund, upon approval of the recommended proposals by the board by a $\frac{2}{3}$ vote. This bill would additionally provide for payment from this fund for processing requests for proposals, contracts, and monitoring contracted research, as specified. Because this bill would authorize a new expenditure from this fund, this bill would make an appropriation.

Ch. 540 (AB 1730) Cardenas. Lead poisoning prevention.

Existing law provides for a residential lead-based paint hazard reduction program implemented and administered by the State Department of Health Services. Existing law establishes within the State Department of Health Services a program to meet the federal requirements of the Residential Lead-Based Paint Hazard Reduction Act of 1992 and the Housing and Community Development Act of 1992 and requires the adoption of regulations for this purpose.

Existing law, the Childhood Lead Poisoning Prevention Act of 1991, requires the department to implement a program in which children are evaluated and screened for risk of lead poisoning, and provided with medically necessary followup services pursuant to appropriate case management.

Existing law imposes a fee on certain manufacturers and other persons formerly, presently, or both formerly and presently engaged in the stream of commerce of lead or products containing lead, or who are otherwise responsible for identifiable sources of lead. Existing law requires that the fees collected be deposited in the Childhood Lead Poisoning Prevention Fund that is required to be expended for purposes of the act upon appropriation by the Legislature.

This bill would appropriate \$1,514,000 from the General Fund and \$317,000 from the Federal Trust Fund to the department for specified child lead poisoning programs.

This bill would also require the Bureau of State Audits to conduct a followup assessment of the effectiveness of specified State Department of Health Services child lead poisoning program regulations and to submit the results of the assessment to specified legislative committees by May 1, 2001.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 541 (AB 958) Scott. Transit design-build contracts.

(1) Existing law sets forth the requirements for the solicitation and evaluation of bids and the awarding of contracts by public entities for the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement. Existing law authorizes specified state agencies, cities, and counties to implement alternative procedures for the awarding of contracts on a design-build basis.

This bill would authorize transit operators to enter into a design-build contract, as defined, according to specified procedures. The bill would require each contract to prohibit construction or alteration of any school building without the prior written approval of the plans by the Department of General Services. A transit operator that uses the design-build process would be required to report to the Legislative Analyst before December 1, 2005, on each public works project procured through the design-build process and completed on or before November 1, 2005, as specified.

(2) This bill would repeal these provisions on January 1, 2005.

Ch. 542 (AB 2015) Dickerson. Mobilehome parks: camping cabin.

(1) The Mobilehome Parks Act requires the Department of Housing and Community Development to establish statewide regulations for the construction, maintenance, occupancy, use, and design of mobilehome parks, including an area or tract of land, or a separate designated section within a mobilehome park known as a "recreational vehicle park." Any person who knowingly violates any provision of the act, including its related rules or regulations, is guilty of a misdemeanor.

This bill would redefine "recreational vehicle park" for purposes of the act to include also owners or users of camping cabins, as defined. It would authorize the installation or occupancy of camping cabins in only special occupancy parks or in specified state parks. The bill would impose specified requirements relating to the load capacity, exits, fire safety, and disabled access of camping cabins. Because the bill would expand the definition of a crime, it would impose a state-mandated local program.

(2) Existing law requires each state park in which camping is permitted to have such parking facilities for house trailers as can be accommodated consistent with the object of providing camping facilities for the public in these parks.

This bill would require each state park in which camping is permitted to provide those parking facilities for recreational vehicles that can be accommodated consistent with that objective. It also would authorize the Department of Parks and Recreation to install or permit the installation of camping cabins.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(4) This bill would provide that its provisions to amend Sections 18203.2 and 18215 of the Health and Safety Code and to add Sections 18219 and 18607 to that code shall become inoperative on January 1, 2001, if SB 2131 is enacted and becomes effective on or before January 1, 2001, and this bill is enacted last.

Ch. 543 (SB 1915) Poochigian. Insurance: Armenian Genocide victims.

Existing law authorizes any Holocaust victim, as defined, or an heir or beneficiary of a Holocaust victim, who resides in this state and has a claim arising out of an insurance policy or policies purchased or in effect in Europe before 1945 from a specified insurer to bring a legal action to recover on that claim in any superior court of the state for the county in which the plaintiff or one of the plaintiffs resides, which shall be vested with jurisdiction over that action until its completion or resolution. Existing law also provides that any claim of this type shall not be dismissed for failure to comply with the applicable statute of limitation if the action is commenced on or before December 31, 2010.

This bill would enact similar provisions applicable to any Armenian Genocide victim, as defined, or an heir or beneficiary of that victim, who resides in this state and has a claim arising out of an insurance policy or policies purchased or in effect in Europe or Asia between 1875 and 1923.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 544 (AB 1886) Lowenthal. Training requirements: batterers' treatment program.

Existing law requires that a person convicted of a crime of domestic violence, as defined, and granted probation, be required to satisfactorily complete a batterers' treatment program. A batterers' treatment program is required to include specified components.

This bill would recharacterize these programs as batterers' intervention programs and would require facilitators of these programs to meet minimum training requirements, including 40 hours of basic-core training, and 52 weeks or no less than 104 hours in 6 months, as a trainee in an approved batterers' intervention program, as defined. The bill would require facilitators of batterers' intervention programs to complete a minimum of 16 hours of continuing education in either domestic violence or a related field, as specified. Additionally, the bill would authorize a person or agency with a specific hardship to request the probation department for an extension of time to complete the training or to complete alternative training options. The bill would exempt from its training requirements a person who provides batterers' treatment through a jail education program if it is determined that the person has adequate education or training in domestic violence or a related field, any person who provides documentation of satisfactory completion of equivalent course work or training, and a person who has completed the training requirements of a county probation department with training requirements that are equivalent to or more stringent than the requirements of this act. By increasing the duties of local officers, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 545 (AB 2371) Lempert. Fines.

(1) Existing law permits the referral of fines, state or local penalties, forfeitures, restitution fines, or restitution orders imposed by specified courts upon a person for criminal offenses

under certain conditions to the Franchise Tax Board for collection. Existing law authorizes a board of supervisors to establish priorities of payment with respect to amounts collected by the Franchise Tax Board. Existing law specifies that fines no less than \$250 may be referred to the board.

This bill would instead require a board of supervisors to establish those priorities of payment, thereby imposing a state-mandated local program. This bill would provide that restitution fines and restitution orders no less than \$100 may be referred to the Franchise Tax Board for collection as a pilot project, subject to the approval of the Director of Finance.

(2) Existing law provides that any judgment for a fine, including a restitution fine, may be enforced in the manner provided for the enforcement of money judgments generally.

This bill would provide that any portion of a restitution fine that remains unsatisfied after a defendant is no longer on probation or parole is enforceable by the State Board of Control, as specified.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 546 (AB 2580) Cox. Vandalism: cemeteries and places of worship.

(1) Existing law provides that a person is guilty of a felony or a misdemeanor punishable by imprisonment in the state prison or by imprisonment in a county jail for a period not to exceed one year who maliciously commits specified acts relating to the destruction or mutilation of cemetery graves and markers.

This bill would transfer this provision from the Health and Safety Code to the Penal Code.

(2) Existing law provides that any person who knowingly commits any act of vandalism to a church, synagogue, building owned and occupied by a religious educational institution, or other place primarily used as a place of worship where religious services are regularly conducted is guilty of a crime punishable by imprisonment in a state prison or by imprisonment in the county jail for not exceeding one year.

Existing law further provides that any person who knowingly commits any act of vandalism to a church, synagogue, building owned and occupied by a religious educational institution, or other place primarily used as a place of worship where religious services are regularly conducted, which is shown to have been committed by reason of the race, color, religion, or national origin of another individual or group of individuals and to have been committed for the purpose of intimidating and deterring persons from freely exercising their religious beliefs, is guilty of a felony punishable by imprisonment in the state prison.

This bill would make both of these provisions applicable to acts of vandalism to a cemetery.

By creating new crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 547 (AB 212) Aroner. Child care and development.

Existing law, the California Child Day Care Act, provides for the licensure and regulation of certain providers of child day care by the Department of Social Services. Under existing law, the Child Care and Development Services Act, the State Department of Education is designated as the state agency responsible for the promotion, development, and provision

of care for children in the absence of their parents during the workday or while engaged in other activities that require assistance of a third party. Existing law requires the Superintendent of Public Instruction to establish rules and regulations for the staffing of all center-based child care and development programs under contract with the State Department of Education.

This bill would require that specified funds appropriated by the Budget Act of 2000 for child care and development shall be allocated to local child care and development planning councils based on the percentage of state-subsidized, center-based child care funds received in that county, to be used to address the retention of qualified child care employees in state-subsidized child care centers. The bill would require the State Department of Education to develop guidelines for use by local child care and development planning councils in developing county plans for the expenditure of funds allocated pursuant to those provisions, would require those guidelines to be consistent with certain goals, and would require those guidelines to be approved by the Secretary for Education and the Department of Finance. The bill would require that any funds provided to a county pursuant to those provisions be used in accordance with an approved county plan, and would authorize a county to retain up to 1% of the county's total allocation for reimbursement of administrative expenses associated with the planning process. The bill would require the Superintendent of Public Instruction to provide an annual report to the Legislature, the Governor, the Secretary for Education, and the Department of Finance that includes, but is not limited to, a summary of the distribution of the funds by county and a description of how the funds were applied.

Ch. 548 (AB 2778) Jackson. Child care facilities.

Existing law creates the State Child Care Capital Outlay Fund that is administered by the State Allocation Board. The board may authorize the expenditure of any moneys in the fund for capital outlay projects, including the lease of relocatable facilities. Existing law establishes the Child Care and Development Facilities Loan Guaranty Fund for the purpose of guaranteeing private sector loans for the purchase, development, construction, expansion, or improvement of licensed child care and development facilities and for the purpose of administering the guarantees of these loans. Existing law establishes the Child Care and Development Facilities Direct Loan Fund for the purpose of making subordinated loans directly or through a public or private entity approved by the State Department of Education for the purchase, development, construction, expansion, or improvement of licensed child care and development facilities and for the purpose of administering these loans.

This bill would require the Superintendent of Public Instruction to contract with a nonprofit organization that has staff with expertise in financing and capital expansion, are knowledgeable about the child care field, and have the ability to develop and implement a plan to increase the availability of financing to renovate, expand, and construct child day care facilities. The nonprofit organization would serve as a financial intermediary to perform certain functions relating to the development of child care facilities. The intermediary would be required to report to the superintendent by August 31, 2001. The superintendent would be required to submit the report and any comments or recommendations by the State Department of Education to the policy and fiscal committees of the Legislature and to the Governor by September 30, 2001.

Ch. 549 (SB 1004) Escutia. Child day care.

Existing law, the California Child Day Care Act, authorizes the department to prohibit any person from being a member of the board of directors, an executive director, or an officer of a licensee or a licensee from employing, or continuing the employment of, or allowing in a licensed facility, or allowing contact with clients of a licensed facility by, any employee, prospective employee, or person who is not a client who has engaged in specified acts.

This bill would require the department to prepare and provide each licensed family day care home provider with an addendum to the notification of parents' rights form identifying

any individual or individuals who have been excluded from the licensed family day care home, and would specify further duties of the department in this regard. The bill would also require the licensee to provide this information to the parent or guardian of each child under the licensee's care or supervision, in a specified manner.

Ch. 550 (SB 1619) Alpert. Playground safety.

Existing law requires all entities, except public agencies, operating playgrounds open to the public, including a day care setting, to upgrade their playgrounds by replacement or improvement as necessary to satisfy state playground safety requirements by January 1, 2003. Excluded from this requirement are foster family homes, certified family homes, small family homes, group homes, and family day care homes, which are licensed and regulated to meet child safety requirements enforced by the State Department of Social Services.

This bill would require the State Department of Social Services to convene a working group to develop alternatives to regulations establishing minimum safety standards for public playgrounds, and would require the working group to submit playground safety recommendations to the department by September 1, 2001.

The bill would require the working group to submit its recommendations to the Legislature by November 1, 2001.

Ch. 551 (AB 860) Thomson. Civil law: pets: mobilehomes: common interest developments.

(1) Existing law, the Mobilehome Residency Law, regulates the rules and regulations that the management of a mobilehome park may impose upon its residents, including those regarding the keeping of pets, as specified. Existing law provides that any rule or regulation prohibiting residents from keeping pets in the mobilehome park shall not apply to guide dogs, signal dogs, or service dogs.

This bill would provide that no lease agreement entered into, modified, or renewed on or after January 1, 2001, shall prohibit a homeowner from keeping at least one pet within the park, subject to reasonable rules and regulations of the park.

(2) Existing law, the Davis-Stirling Common Interest Development Act, requires the declaration of a common interest development recorded on or after January 1, 1986, to contain a legal description of the development and the restrictions on the use or enjoyment of any portion of the development that are intended to be enforceable equitable servitudes. Existing law authorizes the declaration to contain any other matters the original signator of the declaration or the owners consider appropriate. The act also provides that the covenants and restrictions in the declaration of a common interest development shall be enforceable equitable servitudes, unless unreasonable.

This bill would provide, on and after January 1, 2001, that no governing documents of a common interest development entered into, amended, or otherwise modified on or after that date shall prohibit the owner of a separate interest in a condominium project from keeping at least one pet within the development, subject to the reasonable rules and regulations of the association, as specified.

Ch. 552 (AB 2041) Dutra. Redevelopment: affordable housing.

Under the Community Redevelopment Law, one of the fundamental purposes of redevelopment is to expand the supply of low- and moderate-income housing. Existing law also authorizes the Department of Housing and Community Development to make grants to nonprofit housing sponsors and local public entities in constructing, rehabilitating, and operating assisted housing for low- and moderate-income households.

This bill would authorize contiguous agencies located within adjoining cities in a Metropolitan Statistical Area to create and participate in a joint powers authority in order to pool their housing funds to pay for the direct costs of constructing, substantially

rehabilitating, or preserving the affordability of housing units that are affordable to very low or low income households.

The bill would also require that specified conditions be met and described in a mutually binding contract between the joint powers authority and each participating agency and a receiving entity for the use and transfer of pooled housing funds, and that the conditions include, among other things, a determination by the department that the community of each participating agency has adopted housing elements that are in compliance with existing law and that the proposed use of pooled funds by the receiving entity for these purposes is in compliance with these provisions.

The bill would, on or after January 1, 2008, prohibit a participating agency from creating a new joint powers authority or transferring funds to an existing joint powers authority unless a later enacted statute deletes or extends that date.

This bill would repeal these provisions on January 1, 2010.

Ch. 553 (AB 2157) Lowenthal. Housing: loans.

Existing law authorizes the California Housing Finance Agency to issue revenue bonds and make construction and mortgage loans to meet the multifamily rental housing needs of persons and families of low or moderate income. For that purpose, "mortgage loan" is defined as a long-term loan secured by a mortgage made for permanent financing of a housing development or residential structure.

This bill would expand that definition to any loan, as defined, that is made for financing to create or preserve the long-term affordability of a housing development or residential structure. The bill would make related changes. It would also require a loan document for a loan that is not secured by real property and is made to a natural person to state that the loan is a recourse obligation and made subject to or sold pursuant to a lien.

Ch. 554 (AB 2239) Corbett. Mobilehome parks: mobilehomes: sales and transfers.

Existing law provides that, during the term of a mobilehome owner's rental agreement, the management of a mobilehome park shall not require the removal of a mobilehome from the park upon its sale to a 3rd party, except under specified conditions for the purpose of upgrading the quality of the park.

This bill would limit the right of the management, upon a sale or transfer, to require repairs or improvements to a mobilehome, its appurtenances, or an accessory structure, when the mobilehome is to remain in the park. This bill would provide that, except as specified, the required repairs or improvements shall be to the mobilehome, its appurtenances, or an accessory structure that is not owned and installed by the management, and shall relate to their exterior. This bill would further provide that the repairs or improvements shall be based upon or required by a local ordinance, state statute, or regulation relating to mobilehomes, or a rule or regulation of the mobilehome park that implements or enforces a local ordinance, state statute, or regulation. This bill would also require management to provide a written summary of repairs or improvements required to a mobilehome in the case of a sale or transfer, as specified, within 10 business days after receiving a request for this information as part of a notice a homeowner is required to give 60 days before terminating his or her tenancy. This bill would state that its provisions are declarative of existing law, as specified.

Ch. 555 (AB 2256) Correa. Licensing: manufactured homes and mobilehomes.

Under the existing Mobilehomes-Manufactured Housing Act of 1980, the Department of Housing and Community Development is required to enforce various laws pertaining to manufactured housing, mobilehomes, park trailers, commercial coaches, special purpose commercial coaches, and recreational vehicles. The act also prohibits the department from granting an initial dealer's license to any applicant who has not met all of the specified education and experience requirements.

The bill would create a manufactured home or mobilehome dealer's license, add alternative criteria for meeting the requirements of a license, and raise the maximum payment from \$40,000 to \$75,000 that a claimant, as defined, who has obtained a final judgment against any manufactured home dealer, salesperson, or other seller or purchaser, may receive from the Manufactured Home Recovery Fund for, among other things, failure to honor warranties or guaranties, fraud, or willful misrepresentation with respect to any one sales transaction on a new or used manufactured home.

Ch. 556 (AB 2755) Bock. Housing: rehabilitation.

(1) Existing law contains various building code requirements applicable to the construction of residential structures, and various provisions relating to affordable housing.

Under existing law, when a developer of housing proposes a housing development, as defined, within the jurisdiction of a local government, the city, county, or city and county is required to provide the developer incentives for the production of lower income housing units within the development if the developer meets specified requirements, and to adopt an ordinance that specifies the method of providing developer incentives.

This bill would include in the definition of a housing development for purposes of the above provision, a project to substantially rehabilitate and convert a commercial building to residential use or the substantial rehabilitation of a multifamily dwelling that would increase the number of units. The bill would create a state-mandated local program by imposing new duties on local agencies by subjecting additional projects to existing requirements.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 557 (AB 499) Aroner. Medi-Cal: assisted living demonstration project.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Services, under which qualified low-income persons are provided with health care services.

This bill would require the department to develop a federal waiver program to test the efficacy of providing an assisted living benefit, as described, to beneficiaries under the Medi-Cal program. The program would involve reimbursement for services provided to Medi-Cal recipients placed in residential care facilities. It would impose various duties upon both the department and the State Department of Social Services in implementing the bill.

The bill would impose certain conditions upon implementation of the waiver program, and would require an evaluation of that program.

Ch. 558 (AB 1199) Firebaugh. Aging programs.

Existing law, the Mello-Granlund Older Californians Act, establishes the Multipurpose Senior Services Program to provide specified services to frail elderly individuals 65 years of age and older who are certifiable for placement in a nursing facility. Existing law requires the California Department of Aging to formulate criteria for approval and designation of local Multipurpose Senior Services Program sites.

Existing law does not require existing Multipurpose Senior Services Program sites to be reproposed periodically.

This bill would instead provide that the department is not required to procure existing sites by the competitive bid process, unless it is deemed in the best interests of the state to do so.

Ch. 559 (AB 1819) Shelley. Elder abuse.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires police officers and deputy sheriffs assigned field or investigative duties to complete an elder abuse training course certified by the Commission on Peace Officer Standards and Training. The training is required to include specified subjects.

This bill would expand and recast the specified subjects to include dependent adults and would add to the list of required subjects physical and psychological abuse of elder and dependent adults, and the role of the local adult protective services and public guardian offices. The bill would also require the Attorney General, in conjunction with the Health and Human Services Agency, to establish a statewide elder and dependent abuse awareness media campaign subject to an appropriation for that purpose.

Existing law establishes the Elder Abuse and Dependent Adult Civil Protection Act which, among other things, requires specified mandated reporters to report instances of elder abuse, as defined, under certain circumstances and requires those reports to be investigated by local law enforcement and child protective agencies as specified. Elder abuse is defined to include mental suffering.

This bill would expand the definition of mental suffering to include, among other things, deceptive acts or false or misleading statements made with malicious intent to agitate, confuse, frighten, or cause severe depression or serious emotional distress. By expanding the definition of reportable elder or dependent abuse, this bill would impose increased duties on local officials.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 560 (SB 2111) Dunn. Long-term care insurance: rate guide: data collection.

Existing law requires the Insurance Commissioner to annually prepare a consumer rate guide for consumers for long-term care insurance, as specified, beginning on December 1, 2000. Existing law requires each insurer to provide, and the Department of Insurance to collect, specified data on long-term care policies and certificates, including all policies, whether issued by the insurer or purchased or acquired from another insurer, in the United States, on or after January 1, 1990. Existing law requires insurers to include, in the premium section of long-term care insurance personal worksheets, information on any increases or requests for increases in rates of prior policies sold in any state by the insurer.

This bill would revise these provisions by requiring the consumer rate guide to consist of a rate history portion and a policy comparison portion, as specified. This bill would require the premium section of long-term care insurance personal worksheets to include a reference to the consumer rate guide and where a copy may be obtained. This bill would make other related changes.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 561 (SB 580) Lewis. Stalkers.

Under existing law, stalking is a crime. Existing law contains various provisions for the notification of victims of stalkers of release from custody.

Existing law requires the Department of Corrections, county sheriff, or director of the local department of corrections to give notice to victims and other specified persons of the release of any person who is convicted of stalking or convicted of a felony offense involving domestic violence.

This bill would also require notice of any change in parole status or location, as specified. It would require additional attempts to locate victims whose address or telephone number is

incorrect, or who did not originally request notice. By imposing additional duties on local law enforcement officials, the bill would impose a state-mandated local program.

This bill would also require that when a person convicted of stalking is to be released from confinement, the department notify the sheriff, police chief, or both, and the district attorney, for the community where the person was convicted and for the community into which the person will be released, as specified.

Existing law generally regulates conditions of parole, including restrictions on where parolees may be located upon release.

This bill would provide that an inmate released on parole for an offense involving stalking may not be returned to a location within 35 miles of the victim's residence or place of employment if the victim or witness has requested additional distance in the placement of the inmate upon parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of the victim.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 562 (SB 1318) Alpert. Public records: confidentiality.

(1) Existing law establishes a program until January 1, 2005, known as "Address Confidentiality for Victims of Domestic Violence" which authorizes specified persons to complete an application containing specified information in person at a community-based victims' assistance program to be approved by the Secretary of State for the purpose of enabling state and local agencies to respond to requests for public records without disclosing a program participant's residence address contained in any public record, including the program participant's voter registration, and requires the Secretary of State to act as that person's agent for service of process and to designate a substitute mailing address for program participants pursuant to specified procedures that state and local agencies are required to use at the request of a program participant. Under existing law, any person who makes a false statement in an application is guilty of a misdemeanor and any person who is granted confidentiality pursuant to these provisions may file a new affidavit of voter registration or reregistration and be considered an absent voter for subsequent elections until the county elections official is notified otherwise by the Secretary of State or the voter.

This bill would rename the program as "Address Confidentiality for Victims of Domestic Violence and Stalking" and would add victims of stalking to its provisions. The bill would prescribe additional supporting information for victims of domestic violence that may be included in an application and additional supporting information for victims of stalking that must be included in an application. By including victims of stalking, the bill would impose new duties on local public officials and expand the scope of an existing crime, thereby creating a state-mandated local program.

(2) Existing law also requires the Secretary of State to notify certain persons where there are specified court orders or court actions under these provisions and provides that a program participant who obtains a name change loses his or her certification as a program participant. Existing law also prohibits the county clerk, upon notification, from making available for inspection or copying the name and address of a program participant contained in marriage applications and records filed under these provisions.

This bill would revise the notification procedures and would provide instead that a program participant's certification may be terminated if he or she does not notify the

Secretary of State of a name change within 7 days. The bill would also repeal the prohibition relating to the county clerk.

(3) This bill would incorporate additional changes in Section 2166.5 of the Elections Code or Sections 6205 and 6206.5 of the Government Code proposed by AB 2214 or AB 205, that would become operative only if either or both of those bills and this bill are enacted and become effective on or before January 1, 2001, and this bill is enacted last.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 563 (SB 1486) Schiff. Aggravated trespass.

Existing law makes every person who enters and remains in any noncommercial dwelling without the consent of the owner guilty of a misdemeanor, with the exception of specified public officers and employees.

This bill would make every person, with the exception of specified public officers and employees, who enters a noncommercial residence without the owner's consent, while a resident, or another person authorized to be in the dwelling, is present at any time during the course of the incident, guilty of aggravated trespass punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than \$1,000, or by both that fine and imprisonment. This bill would also authorize the court, if a person is convicted of a misdemeanor violation of aggravated trespass, to order up to 3 years of supervised probation and to issue an order restraining the defendant from any contact with the victim, that may be valid for up to 3 years, upon consideration of specified factors.

By changing the penalty for a crime, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 564 (SB 1539) Lewis. Peace officer training: stalking.

Existing law establishes a Commission on Peace Officer Standards and Training that among other things, establishes levels of standards and training for peace officers, as specified.

This bill would require the Department of Corrections to implement a course of instruction for parole officers in regard to managing parolees convicted of stalking, and in regard to notifying stalking victims in connection with a stalking offender's release from parole.

This bill would, in addition, require the Commission on Peace Officer Standards and Training to implement, by January 1, 2002, a course or courses of instruction for the training of peace officers in the handling of, and responding to, stalking complaints. The course or courses would be voluntary for peace officers, as specified.

Ch. 565 (AB 1950) Rod Pacheco. Conservatorships and guardianships.

Existing law provides procedures by which banks and trust companies are required to handle deposits from an estate, as specified, that are subject to a court order. Existing law also provides that a savings association may accept fiduciary savings accounts from specified parties for a named beneficiary or beneficiaries.

This bill would require banks, trust companies, and savings associations to send specified documents to the court having jurisdiction of a guardianship or conservatorship when a guardian or conservator, pursuant to letters of guardianship or conservatorship, opens an account for the estate, or changes the name of an existing account to reflect the guardianship or conservatorship.

Existing law requires that a guardian or conservator of a person be responsible for the care, custody, control, and education of a ward or conservatee, subject to a court's determination of the extent of those powers, as specified.

This bill would provide that a guardian or conservator of a person, in exercising his or her powers, may not hire or refer business to an entity in which he or she has a financial interest except with court authorization following a disclosure to the court in writing of his or her financial interest, as defined, in the entity. This bill would also provide that when a guardian or conservator of a person petitions a court for approval of property transactions, he or she must disclose certain family relationships, as defined, with other parties to the transaction. A violation of these provisions would result in rescission of the transaction and potential liability for damages and a civil penalty or a fine.

Existing law provides that a guardian, conservator, or limited conservator of an estate is responsible for the management and control of the estate, and shall use ordinary care and diligence in exercising his or her powers.

This bill would provide that a guardian or conservator or limited conservator of an estate, in exercising his or her powers, may not hire or refer business to an entity in which he or she has a financial interest except with court authorization following a disclosure to the court in writing of his or her financial interest, as defined, in the entity. This bill would also provide that when a guardian or conservator of an estate petitions a court for approval of property transactions, he or she must disclose certain family relationships, as defined, with other parties to the transaction. A violation of these provisions would result in rescission of the transaction and potential liability for damages and a civil penalty or a fine.

Existing law requires that a guardian or conservator use ordinary care and diligence in managing and controlling an estate. Existing law further provides that a guardian or conservator who breaches a fiduciary duty is liable for, among other items, loss in the value of the estate, lost profits, and interest on these amounts.

This bill would provide that any surcharge that a guardian or conservator incurs as a result of the above-described liability may not be paid by or offset against future fees or wages to be provided by the estate to the guardian or conservator.

Existing law provides that a guardian or conservator shall make a periodic accounting, as specified, of the estate of the ward or conservatee after one year from the time of appointment, and not less than biennially, unless otherwise ordered by the court. Existing law further provides that a guardian or conservator shall make a final accounting following the death of the ward or conservatee, to include an account for the period ending on the date of death and a separate account for the period subsequent to the date of death.

This bill would require that, as part of the above-described accountings, a guardian or conservator submit copies of specified account statements from financial institutions where estate money is deposited.

Existing law provides that the superior court has jurisdiction over guardianship and conservatorship proceedings.

This bill would prohibit any court official or employee, or any person related by blood or marriage, as defined, who is involved in the appointment of a conservator or guardian, or the processing of any document relating to a conservator or guardian, from purchasing, leasing, or renting the personal or real property from the estate of a conservatee or a ward whom the conservator or guardian represents. A violation of these provisions would result in rescission of the property transaction and potential liability for damages and a civil penalty or a fine.

Ch. 566 (AB 1912) Torlakson. Park trailers.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) The Mobilehome Residency Law generally regulates tenancies within a mobilehome park. The Recreational Vehicle Park Occupancy Law generally regulates tenancies in a recreational vehicle park. The Mobilehome-Manufactured Housing Act of 1980 generally regulates manufactured housing. For purposes of these provisions, a recreational vehicle is defined to mean either a park trailer or a motor home, travel trailer, truck camper, or camping trailer that meets certain requirements. A park trailer is a recreational trailer designed for human habitation for recreational or seasonal use only, which is built on a single chassis, may only be transported upon the public highways with a permit, and contains 400 square feet or less of gross floor area measured at the maximum horizontal projections, but does not exceed 12 feet in width or 40 feet in length in a traveling mode.

Existing law requires any licensed manufacturer, manufacturer branch, distributor, or distributor branch to affix an identification number to a park trailer and requires the Department of Transportation to regulate the safe operation of a park trailer, which, when moved upon a highway, is required to be moved pursuant to a permit.

This bill would revise the definition of park trailer to, among other things, remove the limitation on length and extend the limitation on width to 14 feet. The bill would make other related and conforming changes.

(2) This bill would incorporate additional changes in Section 11713.1 of the Vehicle Code proposed by SB 2060, that would become operative only if SB 2060 and this bill are both enacted and become effective on or before January 1, 2001, and this bill is enacted last.

This bill would also incorporate additional changes in Section 11713.3 of the Vehicle Code proposed by SB 1819, that would become operative only if SB 1819 and this bill are both enacted and become effective on or before January 1, 2001, and this bill is enacted last.

Ch. 567 (AB 2754) House. Stray animals.

(1) Existing law provides that the required holding period for a stray dog or cat impounded by a pound or shelter shall be 6 business days, except that under specified circumstances the holding period shall be 4 business days. Existing law provides that stray animals shall be held for owner redemption during the first 3 days of the holding period, not including the day of impoundment, and shall be available for owner redemption or adoption for the remainder of the holding period. Existing law provides that any stray animal that is impounded shall, prior to the killing of that animal for any reason other than irremediable suffering, be released to a nonprofit animal rescue or adoption organization if requested by the organization prior to the scheduled killing of that animal. Existing law provides that in addition to any required spay or neuter deposit, the pound or shelter, at its discretion, may assess a fee, not to exceed the standard adoption fee, for animals released. A violation of these provisions is an infraction, punishable as specified.

This bill would revise the above provisions to instead provide that, except as specified, the holding period would be 6 business days, not counting the day of impoundment, that any stray dog or cat that is impounded shall, prior to the euthanasia of the dog or cat, be released to a nonprofit animal rescue or adoption organization if requested by the organization prior to the scheduled euthanasia of that animal, and that in addition to any required spay or neuter deposit, the public or private shelter, at its discretion, may assess a fee, not to exceed the standard adoption fee, for animals adopted or released. The bill would require a person, upon relinquishing a dog or cat to a pound or shelter, to sign a statement that he or she is the lawful owner. Providing false information would make the person liable to the true owner in the amount of a fine of \$1,000. The bill would make conforming changes to a related provision involving other specified animals. By revising existing and creating new crimes, this bill would impose a state-mandated local program upon local governments.

(2) Existing law provides that any animal relinquished by the purported owner that is of a species impounded by pounds or shelters shall be held for 2 full business days, not including the date of impoundment. Existing law provides that the animal shall be available for owner redemption for the first day, not including the date of impoundment; shall be

available for owner redemption or adoption for the 2nd day; and after the 2nd required day, the animal may be held longer, killed, or relinquished to a nonprofit animal adoption organization, as defined in the Internal Revenue Code. Existing law provides that these provisions shall become inoperative on July 1, 2001, and shall be repealed as of January 1, 2002. A violation of any of these provisions is an infraction, punishable as specified.

This bill would extend the operation of these provisions until July 1, 2002, and, thereafter, would instead provide that, except as specified, the holding period would be 6 business days, not counting the day of impoundment, and that any animal relinquished by the purported owner that is of a species impounded by public or private shelters shall be available for owner redemption or adoption during the entire holding period, and after the holding period, the animal may be adopted by a new owner, held longer, euthanized, or released to a nonprofit animal adoption organization. The bill would authorize these shelters to enter into cooperative agreements with any animal rescue or adoption organization. By revising existing crimes, this bill would impose a state-mandated local program upon local governments.

(3) This bill would incorporate additional changes in Section 31754 proposed by AB 1786, to be operative if AB 1786 and this bill are both enacted and become effective on or before January 1, 2001, and this bill is enacted last.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 568 (AB 2888) Committee on Consumer Protection, Governmental Efficiency and Economic Development. Professions and vocations.

(1) Existing law makes it a crime to engage in specified activities with respect to professional licenses, as defined, including using a fictitious license or any document that simulates a license.

This bill would additionally make it a crime to manufacture a license and to buy or receive a fraudulent, forged, or counterfeit license. By creating a new crime, this bill would impose a state-mandated local program.

(2) Under existing law, an applicant has the right to request a hearing if his or her application for a license to practice a profession or vocation has been denied.

This bill would authorize the licensing board to take various dispositive actions with respect to the application following these hearings.

(3) Existing law requires a certificate to practice podiatric medicine that is issued by the Division of Licensing of the Medical Board of California upon the recommendation of the California Board of Podiatric Medicine and specifies certain criteria for the issuance of this certificate, including that the applicant has passed after June 30, 1958, the examination administered by the National Board of Podiatric Medicine Examiners of the United States, or an equivalent examination as specified, and has passed an oral and practical examination administered by the California Board of Podiatric Medicine.

This bill would change these criteria by specifying that, within the past 10 years, applicants must have passed all parts of the examination administered by the National Board of Podiatric Medical Examiners of the United States or an equivalent examination, as specified, and passed any oral and practical examination that the California Board of Podiatric Medicine may require of all applicants.

(4) Existing law authorizes a doctor of podiatric medicine to practice under a fictitious name if he or she obtains a fictitious name permit from the California Board of Podiatric Medicine. Under existing law, the board is required to issue the permit to an applicant if it finds, among other matters, that the proposed fictitious name contains specified permissible designations describing the applicant's practice.

This bill would include within the list of permissible designations describing the applicant's practice the terms "foot," "foot and ankle," "foot care," "foot health," and "foot specialist."

(5) Existing law provides for the licensure and regulation of the practice of speech-language pathologists and audiologists by the Speech-Language Pathology and Audiology Board and authorizes the board to take disciplinary action against licensees for specified acts of misconduct, the commission of which also constitutes a crime.

This bill would add incompetence or gross negligence in the practice of speech pathology or audiology as a ground for disciplinary action. Because the commission of these acts would be a crime, the bill would expand the scope of an existing criminal offense and, thereby, would impose a state-mandated local program. This bill would also delete provisions pertaining to the reinstatement of suspended and revoked licenses.

(6) The Nursing Practice Act requires licensure by the Board of Registered Nursing of persons engaged in the practice of nursing and authorizes the board to take disciplinary action against licensees for specified acts of misconduct, the commission of which also constitutes a crime. This act also authorizes the board to issue a clinical nurse specialist certificate to a registered nurse who meets specified criteria.

This bill would authorize the board to issue a temporary certificate to practice as a clinical nurse specialist and would include as a ground of misconduct misrepresenting oneself as being certified as a clinical nurse specialist. Because the violation of this provision would be a crime, this bill would impose a state-mandated local program.

(7) The Acupuncture Licensing Act provides for the licensure and regulation of the practice of acupuncture by the Acupuncture Board. Under this law, an exception is made from this licensure requirement for graduates of board-approved acupuncture schools who are participating in a postgraduate review course, not exceeding 6 months in duration.

This bill would increase this term from 6 months to one year and would correct references in this law to reflect that the board is the licensing and regulatory entity for this profession.

(8) Existing law provides for the issuance of licenses by the Bureau of Security and Investigative Services to individuals as well as to corporations and partnerships engaged in locksmith activities and requires corporate licensees to report to the bureau any change in their officers and to submit a license application for each new officer. Under existing law, the bureau is authorized to take disciplinary action against licensees for a violation of this provision and other specified acts of misconduct.

This bill would extend this reporting requirement to partnerships, requiring them to notify the bureau of the addition of any new partner and to submit a licensing application for him or her. This bill would also provide for the issuance of a Notice of Warning for the first violation of this section and for the imposition of a fine for subsequent violations. Because all revenues generated from this fine would be paid into the State Treasury for credit to the Private Security Services Fund, which is continuously appropriated, this bill would make an appropriation. This bill would also authorize the bureau to suspend or revoke the license of a corporation or partnership based upon acts of misconduct committed by its officers or partners.

(9) The Barbering and Cosmetology Act, which becomes inoperative on July 1, 2005, absent a statute extending or repealing this inoperative date, provides for the licensure and regulation of the practice of barbering and cosmetology by the Director of the Department of Consumer Affairs. Under this act, students are exempted from the licensing requirement while they are enrolled at an approved school.

This bill would provide for the creation of a Bureau of Barbering and Cosmetology under the supervision and control of the director and would make conforming changes to several provisions in the act to reflect the bureau's establishment. This bill would also delete the provisions making the act inoperative on July 1, 2005, thereby extending its provisions indefinitely but would make the continued existence of the bureau subject to legislative

review. This bill would also specify that the licensure exemption provided to students applies only to services performed in the schools in which they are enrolled.

(10) The Collateral Recovery Act, which regulates repossession agencies; the Private Investigator Act; the Private Security Services Act; and the Alarm Company Act, require corporate licensees to report any change in their corporate officers and to submit a licensing application for all new officers. Under the Alarm Company Act, an administrative fine of \$25 may be imposed for the 2nd and subsequent violations of this provision, the proceeds of which are deposited into the Private Security Services Fund, a continuously appropriated fund. Each of these acts also authorizes the revocation or suspension of the corporation's license for designated acts committed by the new officer, as specified. Under existing law, a violation of these provisions with respect to the Collateral Recovery Act, the Private Security Services Act, and the Alarm Company Act constitutes a crime.

This bill would extend these provisions to partnerships licensed under the provisions of these acts, requiring those licensees to report the addition of a new partner and to file a license application for him or her and would also make partnership licenses subject to suspension or revocation for designated acts committed by the new partner, as specified. Because the violation of these provisions would be a crime, this bill would impose a state-mandated local program, and because multiple violations of this provision would be subject to a fine pursuant to the provisions of the Alarm Company Act, the proceeds of which would be deposited into a continuously appropriated fund, it would also make an appropriation.

(11) The Funeral Directors and Embalmers Law provides for the licensure of funeral directors and embalmers and the regulation of funeral establishments by the Funeral Directors and Embalmers Program, and the Cemetery Act provides for the licensure and regulation of cemetery practices by the Cemetery Program.

This bill would provide for these functions to be performed, instead, by the Cemetery and Funeral Bureau. This bill would also delete provisions that authorize the Cemetery Board to issue a temporary cemetery salesperson's license upon specified conditions.

(12) This bill would incorporate additional changes in Section 9745 of the Business and Professions Code, proposed by AB 2279, to be operative only if AB 2279 and this bill are both chaptered and become effective on or before January 1, 2001, and this bill is chaptered last.

(13) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 569 (SB 2067) Bowen. Records.

Under existing law, the reproduction of various state agency records and county records is required to be done in compliance with regulations adopted by the Secretary of State.

This bill would require the Secretary of State, in consultation with the Department of General Services, to approve and adopt appropriate standards established by the American National Standards Institute or the Association for Information and Image Management, and would require that reproduction of those records be done in compliance with the minimum standards or guidelines, or both, recommended by the American National Standards Institute or the Association for Information and Image Management.

Ch. 570 (AB 1068) Ducheny. Department of Parks and Recreation: Admission Day.

There is in the state government a Department of Parks and Recreation with specified duties.

This bill would appropriate \$895,000 from the General Fund to the department for costs associated with the celebration of Admission Day.

The bill would declare that it would take effect immediately as an urgency statute.

Ch. 571 (AB 1346) Runner. Public postsecondary education: resident classification.

(1) Existing law establishes uniform student residency requirements for purposes of ascertaining the amount of fees to be paid by students. Existing law entitles a student who is a natural or adopted child, stepchild, or spouse who is a dependent of a member of the armed forces of the United States stationed in this state on active duty to resident classification at the California Community Colleges until he or she has resided in the state the minimum time necessary to become a resident. Existing law entitles these students to resident classification at the California State University indefinitely.

Existing law also entitles a student who is a member of the armed forces of the United States stationed in this state on active duty, except a member of the armed forces assigned for educational purposes to a state-supported institution of higher education, to resident classification at the California State University until he or she has resided in the state the minimum time necessary to become a resident. Existing law also entitles these students to resident classification at any California community college campus.

This bill would entitle undergraduate students in these categories to resident classification, for the purposes of determining the amount of tuition and fees, indefinitely by deleting the requirement that these exceptions continue only until the student has resided in the state the minimum time necessary to become a resident. As to students in these categories seeking graduate degrees, the bill would entitle them to resident classification, for the purposes of determining the amount of tuition and fees, for no more than one academic year, as prescribed. To the extent that the bill would require community college districts to change their practices with respect to determining residency, the bill would impose a state-mandated local program. The bill would also make related changes.

The bill would request the Regents of the University of California to establish the same residency requirements as those established by this bill for students enrolled at the University of California.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

The bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 572 (AB 1739) Bock. Educational opportunities for veterans: Student Aid Commission.

Existing law establishes the Student Aid Commission as the primary state agency for the administration of state-authorized student financial aid programs available to students attending all segments of postsecondary education.

This bill would require the Student Aid Commission to conduct, in consultation with the Department of Veterans Affairs, a study concerning prescribed topics relating to educational opportunities for veterans. The bill would require the commission to report these findings to the Governor and the appropriate legislative policy and fiscal committees no later than December 31, 2001.

Ch. 573 (AB 1771) Committee on Agriculture. Agricultural pest control.

(1) Under existing law, the Secretary of the Department of Food and Agriculture and the Director of Pesticide Regulation are authorized to annually allocate funds to each county for specified purposes related to agricultural pest control according to a specified formula, but until July 1, 2000, existing law requires that \$5,500,000 of the total amount appropriated for this purpose be utilized solely for high-risk pest exclusion activities, as specified.

This bill would indefinitely extend this required allocation for high-risk pest exclusion activities, make the allocation authority of the secretary and director subject to appropriation in the annual Budget Act, and would make related conforming changes.

(2) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 574 (AB 1773) Romero. Intellectual property: ownership by public postsecondary faculty.

Existing case law provides that in the absence of evidence of agreement to the contrary, a teacher, rather than the institution for which he or she teaches, owns the common law copyright to his or her lectures.

This bill would prohibit any business, agency, or person from preparing, causing to be prepared, giving, selling, transferring, or otherwise distributing or publishing, any contemporaneous recording of an academic presentation, as defined.

The bill would permit any court of competent jurisdiction to grant relief that it finds necessary to enforce its provisions, including the issuance of an injunction and the recovery, from a nonstudent, of court costs, attorney's fees, and a civil penalty, as specified.

The bill would request the Regents of the University of California and the governing boards of private postsecondary institutions, would require the Trustees of the California State University, and would authorize the governing board of each community college district to develop policies to prohibit unauthorized recording and to adopt or provide for the adoption of specific regulations governing a violation of these provisions by students, along with applicable penalties for a violation of the regulations, and to also adopt procedures to inform all students of those regulations.

The provisions of this bill, under existing law, would only apply to the Regents of the University of California to the extent that the regents, by appropriate resolution, make those provisions applicable.

Ch. 575 (AB 2092) Reyes. Disabled veterans: benefit eligibility.

Existing law provides certain benefits with respect to disabled veterans, including a reduction in ad valorem real property taxes on the disabled veteran's home.

This bill would, as provided, specify that on or after January 1, 2001, a claimant is not ineligible for a disabled veterans' benefit, as defined, for lack of certification of disability of the veteran with respect to whom the benefit is sought, if there is a currently pending application with the United States Department of Veterans Affairs for certification of disability for that veteran and the subsequently received certification qualifies the veteran for the benefit.

Existing property tax law provides, pursuant to the authorization of the California Constitution, for the exemption from property taxation of specified amounts of the assessed value of the home of a disabled veteran, or a veteran's spouse if the veteran has, as a result of a service-connected disease or injury, died while on active duty in military service. Existing property tax law generally requires an affidavit for the disabled veterans' exemption to be filed no later than the February 15 following the relevant lien date.

This bill would, if the exemption would have been available but for the claimant not having received a disability rating from the United States Department of Veterans Affairs, require the refund or cancellation of taxes on that portion of the assessed value of the property that would have been exempt under a timely and appropriate affidavit, provided a claimant meets certain filing requirements.

Section 2229 of the Revenue and Taxation Code requires the Legislature to reimburse local agencies annually for certain property tax revenues lost as a result of any exemption or classification of property for purposes of ad valorem property taxation.

This bill would provide that, notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made and the state shall not reimburse local agencies for property tax revenues lost by them pursuant to the bill.

Ch. 576 (AB 2812) Mazzoni. California Assessment of Academic Achievement.

Existing law requires the Superintendent of Public Instruction to design and implement, and requires the governing board of a school district to conduct, a testing program based on a statewide pupil assessment program consisting of (1) systematic achievement testing of pupils in grades 2 to 11, inclusive, pursuant to the Standardized Testing and Reporting (STAR) Program and (2) an assessment of basic academic skills and applied academic skills of all pupils in grades 4, 5, 8, and 10. Existing law states the intent of the Legislature that the achievement test used in grades 2 to 11, inclusive, be augmented with items that assess the specific grade-level content standards and produce valid and reliable scores for pupil achievement for each of the performance standards adopted by the board.

This bill would delete the intent of the Legislature regarding the augmentation of the achievement test and instead would require the Superintendent of Public Instruction, with approval of the State Board of Education, to provide for the development of an assessment instrument that measures the degree to which pupils are achieving the academically rigorous content standards and performance standards, to the extent standards have been adopted by the State Board of Education. The bill would require this standards-based achievement test to include, at a minimum, a direct writing assessment once in elementary school and once in middle or junior high school and other items of applied academic skills if deemed valid and reliable and if resources are made available for their use. The bill would require the State Board of Education, in approving a contract for the development or administration related duties of the standards-based achievement test, to consider prescribed criteria.

The bill would delete the requirements regarding the assessment of basic academic skills and applied academic skills of all pupils in grades 4, 5, 8, and 10 from the statewide pupil assessment program.

Existing law requires the State Board of Education to ensure that the statewide assessment system yields valid, reliable estimates of individual pupil performance, school performance, school district performance, and statewide performance of pupils that assesses basic academic skills and incorporates the use of direct writing assessment and other assessments of applied academic skills if deemed valid, reliable, and cost effective.

This bill would instead require the State Board of Education to ensure that the statewide assessment system yields valid, reliable individual pupil scores and, where applicable, aggregate school scores, school district scores, and statewide scores of pupils and assesses basic academic skills and the extent to which pupils are meeting content standards, including the use of a direct writing assessment or other applied academic skills if deemed valid and reliable and if resources are made available for their use.

Existing law requires the State Board of Education, following consideration of recommendations of the Superintendent of Public Instruction, to award a contract or contracts to develop performance standards according to competitive bidding procedures.

This bill would delete this requirement.

Existing law required the State Board of Education to consider certain criteria when designating the nationally normed achievement test. Among those criteria is the ability of the test publisher to report results, as specified, by July 8.

This bill would extend the reporting deadline to August 8.

The bill would require the Superintendent of Public Instruction and the State Board of Education, on or before March 1, 2001, to report on the status of implementing the statewide pupil assessment program as specified.

Ch. 577 (AB 2212) Frusetta. Veterans: National World War II Veterans Memorial.

Existing law relating to the administration of personal income taxes allows individual taxpayers to contribute amounts in excess of their tax liability to various funds and accounts established for special purposes.

This bill would allow individual taxpayers to contribute amounts in excess of their tax liability to a National World War II Veterans Memorial. However, the bill would provide that

a voluntary contribution designation for this purpose cannot be added on the tax return until another voluntary contribution designation is removed. This bill would provide that all contributed amounts, net of administrative costs, be deposited in the National World War II Veterans Memorial Trust Fund, which would be established by this bill. This bill would specify that all moneys in that fund are, upon appropriation by the Legislature, allocated to the American Battle Monuments Commission for the construction of a National World War II Veterans Memorial as described by a certain provision of law.

Ch. 578 (AB 2265) Aroner. West Contra Costa Unified School District.

Existing law, the Leroy F. Greene School Facilities Act of 1998, establishes a program for allocation by the State Allocation Board of state per-pupil funding to school districts for new construction and modernization of school facilities, including hardship funding and supplemental funding for site development and acquisition. Existing law made the West Contra Costa Unified School District ineligible for funding until November 4, 1998.

This bill would appropriate \$1,600,000 from the General Fund and allocate \$800,000 of these moneys in the 2000–01 fiscal year, and appropriate \$800,000 annually thereafter, to the Superintendent of Public Instruction for allocation to the West Contra Costa Unified School District for projects that would otherwise have been eligible for state funding, between 1993 and 1998, inclusive, and would limit the amount of funds allocated to the school district to the amount that it otherwise would have been entitled to, plus interest. The bill would authorize use of those funds for any discretionary school district purpose. This bill would make these provisions inoperative on July 1, 2005, and repeal them on January 1, 2006.

This bill imposes a state-mandated local program by requiring the County Office Fiscal Crisis and Management Assistance Team to conduct assessments of the West Contra Costa Unified School District and complete improvement plans in the areas of instruction, finance, facilities, personnel management, and community relations. The bill would allocate the remaining \$800,000 of the appropriation to the County Office Fiscal Crisis and Management Assistance Team for those purposes. The bill would require the team to file status reports every 6 months with various entities, including the Legislature, on the school district's progress in meeting the recommendations of the various improvement plans.

This bill would make certain findings and declarations regarding the inapplicability of a general statute within the meaning of Section 16 of Article IV of the California Constitution.

The funds appropriated by this bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 579 (AB 2622) Dickerson. Farm products: rice seed certification.

Existing law creates the California Rice Commission, with a prescribed membership and with specified powers, duties, and responsibilities. The commission is authorized, among other things, to promote the sale of rice, educate and instruct the wholesale and retail trade with respect to proper methods of handling and selling rice, and conduct scientific research.

This bill would, in addition, enact the California Rice Certification Act of 2000 under which the California Rice Commission would appoint a committee, with a prescribed membership and with specified powers, duties, and responsibilities, including the duty to

recommend regulations relating to rice identified as having characteristics of commercial impact. The bill would set forth various definitions. The bill would provide for the certification of rice, the imposition of various assessments; the registration of any person engaged in the production or handling of certified rice, and the labeling of certified rice.

Existing law provides that any violation of a provision of the Food and Agricultural Code is a misdemeanor, unless a different penalty is expressly provided.

This bill would make certain acts violations of state law and would make those acts crimes, thereby imposing a state-mandated local program. The bill would also provide for civil penalties and injunctive relief with respect to a violation under the bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 580 (AB 2659) Lempert. Education.

(1) Existing law, if the “Smaller Classes, Safer Schools and Financial Accountability Act” is passed at the November 7, 2000, general election, authorizes a school district or community college district to pursue the authorization and issuance of bonds by a 55% vote of the electorate and restricts the rate at which property taxes may be levied to service the debt incurred.

This bill would instead prohibit the issuance of the bonds unless the tax rate levied to meet the requirements of Section 18 of Article XVI of the California Constitution in the case of an indebtedness incurred by a school district, unified school district, or community college district at a single election would not exceed a specified amount per year per \$100,000 of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution. The bill would define, for specified purposes, a “general obligation bond.”

(2) Existing law prohibits the governing board of a school district or county board of education from denying a petition for the establishment of a charter school unless it sets forth specific findings, including findings that the petition does not contain reasonably comprehensive descriptions of certain criteria. Existing law authorizes the State Board of Education to grant a petition for the establishment of a charter school when the petition has been submitted to and denied by the governing board of a school district or a county board of education.

This bill would require the State Board of Education to develop criteria to be used for review and approval of charter school petitions presented to the board. The bill would require the board to adopt the criteria on or before June 30, 2001.

Ch. 581 (SB 376) Ortiz. School districts: declining enrollment.

Existing law requires the county superintendent of schools to determine a revenue limit for each school district in the county for each fiscal year. Existing law authorizes a school district that experiences a decline in units of average daily attendance (ADA) in excess of 8% due to a military base closure to elect to receive adjustments to its ADA calculation to ameliorate the effects of the decline in enrollment. Existing law requires the school district to commence repayment of the loan no later than the 4th year after the year preceding a decline in ADA.

This bill would also allow a school district that experiences a decline in units of ADA in excess of 5% to elect to receive adjustments to its ADA calculation to ameliorate the effects of the decline in enrollment if the Director of Finance determines that the school district is likely, within 8 years of that decline, to maintain a number of units of ADA that is equivalent to the number of units of ADA maintained by the school district prior to the decline. The bill would, in addition, permit the school district to commence repayment of the loan later than

the 4th year after the year preceding a decline in ADA, as determined by the Director of Finance.

Ch. 582 (SB 2188) Soto. After school programs.

Existing law establishes the After School Learning and Safe Neighborhoods Partnerships Program to create incentives to establish after school enrichment programs that partner schools and communities to provide academic and literacy support and safe constructive alternatives for youth. In selecting schools to participate in the program, the State Department of Education is required to give primary emphasis to the strength of the educational component, the quality of the educational enrichment component, the strength of the staff training and development component, and the scope and strength of collaboration between schools and communities.

This bill would require the department when selecting schools to participate in the program to also give primary emphasis to the capacity to facilitate better integration with the regular schoolday and with other extended learning opportunities.

Ch. 583 (SB 1330) Alpert. Student financial aid: Assumption Program of Loans for Education.

Existing law establishes an Assumption Program of Loans for Education, under which an applicant enrolled in an eligible institution of postsecondary education, or an applicant who agrees to participate in a teacher trainee or teacher internship program, and who further agrees to obtain a teaching credential in a subject area that is designated as a current or projected shortage area, or to provide classroom instruction in a school that serves a large population of pupils from low-income families, is eligible to receive a conditional warrant for loan assumption, to be redeemed pursuant to a prescribed procedure upon becoming employed as a teacher.

This bill would amend the statutes relating to the program so that they refer to agreements, rather than conditional warrants, as the instruments through which the loan assumptions are accomplished. The bill would also generally revise and recast other statutes relating to the program, and make numerous technical and conforming changes.

Ch. 584 (SB 1331) Alpert. School districts: fiscal crisis: hiring process.

Existing law establishes a County Office Fiscal Crisis and Management Assistance Team, operated by a county office of education, to provide fiscal management assistance and other services at the request of a school district or county office of education.

This bill would also require the team to conduct a review, make recommendations, and provide technical assistance to streamline and improve the hiring process and related personnel system of a school district if the district meets certain criteria. The bill would require these provisions to be implemented only to the extent funding is provided for these purposes, would require annual reports to the Legislature, and would repeal these provisions on January 1, 2006, unless a later enacted statute extends or deletes that date.

The bill would clarify that the \$1,000,000 reappropriated to the State Department of Education for allocation to the County Office Fiscal Crisis and Management Assistance Team contained in a specified item of the Budget Act of 2000 is also available for costs incurred by the team pursuant to this bill. This provision would not constitute an appropriation because the costs incurred by the team pursuant to this bill are within the purposes for which the \$1,000,000 was reappropriated.

To the extent this bill would require a county office of education operating the team under existing law to perform new or additional duties, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay

the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 585 (SB 1618) O'Connell. Interscholastic athletics.

Existing law requires the State Department of Education to exercise general supervision over the course of physical education in elementary and secondary schools of the state, as specified. Existing law, until January 1, 2001, describes the California Interscholastic Federation (CIF) as a voluntary organization consisting of school and school-related personnel with the responsibility for administering interscholastic athletic activities in secondary schools and sets forth legislative intent that the CIF, in consultation with the department, implement certain policies. Existing law required the CIF to report to the Legislature on its evaluation and accountability activities undertaken pursuant to those provisions on or before January 1, 1999.

This bill would extend those provisions pertaining to the CIF until January 1, 2002, and would delete obsolete, related provisions. The bill would also require that the report be submitted to the Governor and the Legislature on or before January 1, 2002.

Ch. 586 (SB 1759) Lewis. Charter School Revolving Loan Fund: defaults: interest payments.

Existing law establishes the Charter School Revolving Loan Fund and requires, if a charter school defaults on a loan from the fund, the chartering authority also to be liable for repayment of the loan.

This bill would instead require the charter school to be solely liable.

The bill would require moneys in the fund to be loaned at the interest rate earned by the money in the Pooled Money Investment Account as of the date of disbursement of the funds to the charter school, and would require interest payments to be paid into the Charter School Security Fund, which would be established by the bill. The bill would require moneys in the Charter School Security Fund to be available for deposit into the Charter School Revolving Loan Fund in case of default on any loan made from the Charter School Revolving Loan Fund. This bill would also require the Director of Finance to monitor the adequacy of the fund and report annually to the Legislature on the need, if any, to adjust the interest rate for loans from the fund or to revise any other aspect of the default recovery plan.

The bill would incorporate additional changes in Section 41365 of the Education Code proposed by SB 1728, that would become operative only if SB 1728 and this bill are both chaptered and become effective on or before January 1, 2001, and this bill is chaptered last.

Ch. 587 (SB 1826) Kelley. Agricultural commissions.

(1) Existing law specifies requirements for membership on the California Avocado Commission, and requires producer members and alternate members on the commission to have a financial interest in producing, or causing to be produced, avocados for market. These requirements apply to independent and cooperative handlers. A cooperative handler is defined to mean a handler who handles fruit primarily for a cooperative producer.

This bill would specify that if no entity meets the requirements of a cooperative handler, as defined, any person then serving on the commission shall remain eligible through the remainder of his or her current term. Thereafter, any person elected to the commission shall serve without reference to independent or cooperative status.

(2) Existing law requires that all assessments be paid to the California Avocado Commission by the handler first handling avocados and that every handler is primarily and personally liable for the payment of the assessment. Failure of the handler to collect the

assessment from a producer does not exempt the handler from primary liability for the assessment.

This bill would make technical changes to this provision.

(3) Existing law specifies the powers and duties of the California Winegrape Growers Commission and authorizes persons subject to any local commission to designate the manner in which the assessments that he or she pays to the local commission may be used, as specified. The commission is authorized to accept contributions of private, state, or federal funds that may be available for these specified purposes, and to allocate funds by contract or agreement to other persons or to state or federal agencies conducting market or production research.

This bill instead would authorize the commission to accept contributions, or match private, local, state, or federal funds and employ or make contributions of funds to other persons or local, state, or federal agencies for purposes of maintaining, promoting, and enhancing the winegrape industry.

The bill also would authorize the commission to present facts to, and negotiate with, local, state, federal, and foreign agencies on matters that affect the winegrape industry.

(4) Existing law establishes the California Egg Commission to promote the marketing and production of eggs. Existing law provides for the levy of an assessment on egg handlers to support the activities of the commission, and requires that a referendum be conducted every 5th year on the continuation of these provisions. Existing law specified that this assessment shall not exceed one cent per dozen for shell eggs, or the equivalent thereof for egg products, but that the commission may establish a different assessment rate for eggs than for egg products so long as it does not exceed this maximum.

This bill would provide that an assessment greater than this maximum assessment may be charged but only if it is approved by a vote of handlers as specified. The bill also would delete the provision authorizing the commission to revise any assessment rate that was adopted prior to the 1984 marketing season.

Ch. 588 (SB 1898) Solis. Student financial aid: Student Opportunity and Access Program.

Existing law establishes the Student Opportunity and Access Program, which is administered by the Student Aid Commission, and requires the commission to apportion funds for the support of programs designed to increase the accessibility of postsecondary educational opportunities to low-income and ethnic minority students.

This bill would require the commission, in collaboration with the various segments of higher education, to develop and establish a pilot program entitled "Transfer: Making It Happen," which would assist community college students who are planning to transfer to a 4-year institution of higher education by providing academic preparation and information on financial aid opportunities.

The bill would require that, on or before December 1, 2004, the California Postsecondary Education Commission submit to the Governor and the Legislature a report including all of the findings and recommendations of an evaluation of the pilot program carried out during the 3rd year of the operation of the pilot program.

These provisions would be repealed as of January 1, 2006.

The bill would require the Student Aid Commission to expand the Student Opportunity and Access Program by adding up to 5 new sites in the 2000–01 fiscal year. The bill would also allow existing Student Opportunity and Access Program consortia to expand their services, as prescribed.

Ch. 589 (SB 2065) Costa. Agriculture.

Existing law generally sets forth various powers and duties of the Department of Food and Agriculture.

This bill would create the Food Biotechnology Task Force, which would be cochaired by the Secretary of the California Health and Welfare Agency, the Secretary of the California Trade and Commerce Agency, and the Secretary of the California Department of Food and Agriculture. The task force would consult with appropriate state agencies and the University of California. The task force would also be required to contract with the California Council on Science and Technology, the University of California, or other entities, as specified. The task force would be required to report issues studied, findings, basis for their findings, and recommendations to the Governor and the Legislature by January 1, 2003. This bill would appropriate \$125,000 from the General Fund for the purposes of these provisions and express the intent of the Legislature to make further funds available to accomplish these purposes.

Existing law requires that certain seeds must bear on the label notice of the requirement to follow the conciliation or mediation dispute procedures governing disputes between labelers and authorized people.

This bill would add to the label the requirement to follow arbitration procedures.

Ch. 590 (SB 2066) O'Connell. School facilities.

(1) Existing law, the Leroy F. Greene School Facilities Act of 1998 (Greene Act of 1998), establishes a program for allocation by the State Allocation Board of state per-pupil funding to school districts for new construction and modernization of school facilities, including hardship funding and supplemental funding for site development and acquisition. Existing law requires the allocation to be based upon existing and projected unmet pupil capacity based upon existing teaching stations, as defined. Existing law requires the board to apportion funds only upon compliance with prescribed requirements relating to seismic safety approvals and certification of the availability of local matching funds.

This bill would require the board to impose certain penalties, to be deposited into the continuously appropriated 1998 State School Facilities Fund, and conditions upon school districts that submit applications with material inaccuracies. By depositing the penalties in a continuously appropriated fund, this bill would make an appropriation.

(2) Existing law, the State Relocatable Classroom Law of 1979, authorizes the board to lease portable classrooms to eligible school districts and provides funding for this purpose.

This bill would, notwithstanding contrary provisions of law, authorize the board to transfer certain funds from the State School Building Aid Fund to the 1998 State School Facilities Fund or to the State School Deferred Maintenance Fund for allocation by the board for purposes of those funds, and would make conforming changes.

(3) Existing law adopts the federal model contractors accreditation plan for contracts relating to identification of, and action regarding, asbestos-containing materials in school buildings, and requires that any person seeking accreditation register with the Office of Local Assistance.

This bill would delete the requirement of registration with the Office of Local Assistance.

Ch. 591 (AB 2321) Mazzoni. Special education.

Existing law sets forth a process for the resolution of disputes relating to identification, assessment, or placement of a pupil relative to special education.

This bill would require, subject to an appropriation for those purposes in the annual Budget Act or any other measures, the State Department of Education to select and allocate funds to 3 special education local plan areas to implement a 3-year pilot project for alternative due process hearing procedures. The bill would require the participating special education local plan areas to submit a report on the pilot project to the State Department of Education, the Legislature, the Legislative Analyst, and the Governor on or before January 1, 2003. The bill would require the Legislative Analyst to coordinate those reports, analyze the data, compile a comprehensive evaluation, and submit the evaluation to the State Department of Education, the Legislature, and the Governor on or before March 1, 2003.

This bill would repeal its provisions on January 1, 2004.

Ch. 592 (AB 1628) Kaloogian. Trusts.

Existing law requires a trustee to serve a notification upon specified persons when a revocable trust becomes irrevocable, as specified, or when there is a change of trustee of an irrevocable trust, informing the recipient of specified information and that he or she is entitled to receive a true and complete copy of the terms of the trust upon request. Existing law provides that no person receiving this notification by a trustee may bring an action to contest the trust more than (1) 120 days from the date the notification by the trustee is served upon him or her, or (2) 60 days from the day on which a copy of the terms of the trust is mailed or personally delivered to him or her in response to his or her request during that 120-day period.

AB 460 (Ch. 34, Stats. 2000), among other things, proposes to make various changes in the requirements for notification, including revision of (2) above, to provide that an action may not be brought more than 60 days from the day on which a copy of the terms of the trust is mailed or personally delivered. It also would make a related change with respect to a warning required to be included in the notice in certain circumstances.

This bill would incorporate all of the changes proposed to be made by AB 460 with respect to notification other than the deletion of the reference to the 120-day period.

Ch. 593 (AB 1748) Zettel. Immunizations: disclosure of information.

Existing law governing communicable disease prevention and immunization authorizes local health officers to operate immunization information systems. Existing law provides that certain health care providers, as defined, local health departments operating countywide immunization information and reminder systems, and the State Department of Health Services may disclose or share certain prescribed immunization-related information concerning individual patients, unless the patient refuses to consent to the sharing of this information. Existing law authorizes disclosure of patient information under specific circumstances, and also requires the health care provider administering the immunization to provide the patient with designated notice.

This bill would authorize local health officers and the state department to contract with an outside agency to perform immunization information system functions. The bill would revise the conditions under which immunization information may be disclosed, including authorizing local health officers and the state department to disclose specified information to county welfare departments, as defined. The bill would also apply certain provisions identifying the types of information subject to disclosure, and authorizing refusal of permission for recordsharing, to clients of county welfare departments, and their parents or guardians, where appropriate.

This bill would incorporate amendments to Section 120440 of the Health and Safety Code made by AB 2013, which would become operative only if both bills are chaptered and this bill is chaptered after AB 2013.

Ch. 594 (AB 2296) Dutra. County design-build contracts.

Existing law requires public entities to comply with certain procedures in soliciting and evaluating bids and awarding contracts for the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement. Existing law authorizes specified state agencies, cities, and counties to implement alternative procedures for the awarding of contracts on a design-build basis.

This bill would authorize, until January 1, 2006, certain counties to enter into design-build contracts, as defined, according to specified procedures. The bill would require the design-build entity to adhere to specified minimum performance criteria and design standards and would permit deviation from those standards only by written consent of the county.

The bill would also require the Legislative Analyst to report to the Legislature on the use of design-build contracting.

Ch. 595 (AB 2314) Ducheny. Infrastructure financing districts: border zone.

Existing law authorizes counties and cities to create infrastructure financing districts in accordance with a prescribed procedure to finance public capital facilities, using a prescribed procedure, in the border development zone in the Mexican border region.

This bill would specifically include public safety facilities as public capital facilities that may be financed in this manner. The bill would also permit a district to finance the purchase of sewage treatment capacity and provide that this capacity need not be physically located within the boundaries of the district.

Ch. 596 (AB 2909) Committee on Transportation. Transportation.

(1) Existing law authorizes the Santa Clara County Transit District to let a design-and-build contract, as defined, for a transit center or station, or other transit project.

This bill would authorize the district to let a design-and-build contract for the Fremont-South Bay Commuter Rail Project.

(2) Existing law establishes the California Commuter and Intercity Transit Right of Way Preservation Act, which requires the Department of Transportation to submit a detailed survey on potential intercity rail routes.

This bill would repeal the California Commuter and Intercity Transit Right of Way Preservation Act.

(3) Existing law requires the Department of Motor Vehicles to determine the market value of a vehicle, as specified, upon the first sale of a new vehicle to a consumer and upon each sale of a used vehicle to a consumer for the purpose of computing the fee under the Vehicle License Fee Law. Under existing law, if a commercial vehicle, as defined, is modified or additions are made, as specified, at a cost of \$2,000 or more, the owner of that vehicle is required to report that modification or addition to department, for the purposes of making the specified computation. Operative on January 1, 2001, the amount of the modification or addition that requires the reporting will be reduced from \$2,000 to \$200.

This bill would exempt trailers and semitrailers from these requirements. The bill would delete the January 1, 2001, operative date and would instead continue indefinitely the \$2,000 threshold amount.

(4) Existing law requires the California Transportation Commission to relinquish to any city or county any portion of any state highway within the city or county that has been deleted from the state highway system by legislative enactment. Those relinquishments become effective upon the 1st day of the next calendar or fiscal year, whichever first occurs after the effective date of the legislative enactment.

This bill would authorize the commission to relinquish to the City of Covina a specified portion of State Highway Route 39, upon terms and conditions the commission finds to be in the best interests of the state. The relinquishment would become effective immediately following the commission's approval of the terms and conditions of the relinquishment. The portion of State Highway Route 39 relinquished as specified would cease to be a state highway on the effective date of the relinquishment.

(5) Existing law provides for the issuance by the Department of Motor Vehicles of junior permits and provisional driver's licenses for persons under the age of 18 years.

This bill would expressly prohibit, except for the permits and licenses described above, the issuance of a license to drive to a person under the age of 18 years.

(6) Existing law prohibits a vehicle from being driven to the left side of the roadway under certain conditions, including when approaching within 100 feet of, or when traversing, a railroad crossing. Existing law provides a specified penalty for driving a vehicle in violation of those provisions relating to railroad grade crossings.

This bill would make a change to conform these prohibitory provisions with the provisions imposing the specified penalty.

Ch. 597 (AB 2558) Hertzberg. Senior Volunteer Pilot Program.⁹

Existing law requires the California Department of Aging to administer a variety of senior programs, including those that promote the use of seniors as volunteers in the community.

This bill would require the California Commission on Improving Life Through Service, in consultation with an advisory board consisting of representatives of the State Department of Education, the California Department of Aging, the Corporation for National Service, and other public and private entities to establish a 3-year intergenerational neighborhood-based pilot program consisting of a minimum of 7 programs throughout the state, to promote senior volunteers to work with children and school staff.

This bill would appropriate \$1,000,000 from the General Fund to the commission for the implementation of this bill.

Ch. 598 (AB 1599) Torlakson. Labor.

(1) Existing law expresses the intent of the Legislature that school district personnel responsible for issuing work permits to minors have a working knowledge of California labor laws as they relate to minors, and further, that personnel be trained to provide the pupils practical personal guidance in career education.

This bill would require the Department of Industrial Relations to contract with a coordinator to establish a statewide young worker health and safety resource network. The primary function of the resource network would be to assist in increasing the ability of young workers and their communities statewide to identify and address workplace hazards in order to prevent young workers from becoming injured or ill on the job. The resource network would be required to coordinate and augment existing outreach and education efforts and provide technical assistance, educational materials and other support to schools, job training programs, employers and other organizations working to educate pupils and their communities about workplace health and safety and child labor law. The bill would state that those provisions would be implemented subject to an appropriation for those purposes in the 2000–01 Budget Act.

(2) The bill would state that the Legislature recognizes that funds made available by a specified item in the Budget Act of 2000–01 may be used by the Department of Industrial Relations to enter into a contract or an interagency agreement for costs related to the enforcement by appropriate authorities due to referrals made pursuant to specified provisions.

Ch. 599 (SB 977) Solis. School district reorganization.

Existing law provides for the formation and reorganization of school districts. Existing law defines, for this purpose, an action to reorganize a district to mean an action to form, dissolve, or lapse a school district, to annex all or part of the territory of a district to another district, to transfer all or part of a district to another district, the unification or deunification of a school district, or to otherwise alter the boundaries of a school district, or any combination of such actions.

This bill would prohibit an action to reorganize the boundaries of a school district without the consent of a majority of all of the members of the governing board of the school district if the school district has obtained an emergency loan from the state, the Superintendent of Public Instruction has determined that a state administrator is no longer necessary and has restored, prior to the effective date of this bill, the legal rights, duties, and powers of the governing board of the district, and the school district has a pupil population from a “low-income household” or a “very low income household,” as defined.

Ch. 600 (AB 599) Lowenthal. Sales and use taxes: worthless accounts.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The Sales and Use Tax Law provides that a retailer is relieved from liability for sales or use tax where the measure of the tax is represented by accounts that have been found to be worthless and charged off, as specified. Existing law also provides that a retailer may take as a deduction the amount found to be worthless and charged off, if the retailer has previously paid the tax.

This bill would provide, in the case of accounts held by a lender, that a retailer or lender would be entitled to a deduction or refund of the sales or use tax previously reported and paid by the retailer if certain conditions are met.

Ch. 601 (AB 659) Wiggins. Property tax exemptions.

The California Constitution authorizes the Legislature to classify personal property for differential taxation or for exemption by means of a statute approved by a $\frac{2}{3}$ vote of the membership of each house.

This bill would, pursuant to this constitutional authorization, exempt from those taxes that attach as a lien on or after January 1, 2001, a wooden vessel of historical significance, as defined, and all personal property thereon used in its operation.

The California Constitution authorizes the Legislature to exempt from taxation property that is used exclusively for religious, hospital, or charitable purposes, and is owned or held in trust by a nonprofit entity. Pursuant to this constitutional authority, existing law exempts from property taxation low-income housing that is owned and operated by the housing entity of a federally designated Indian tribe.

This bill would modify this exemption to instead apply to that percentage of the value of the property that corresponds to that portion of the property used for lower income households. This modified exemption would require that at least 30% of the housing units of an exempt property be continuously available to, or occupied by, lower income households, as defined.

Pursuant to the same constitutional authority, existing law also partially exempts from property taxation property used exclusively for rental housing and related facilities, that is owned by either any of certain types of nonprofit entities or a veterans organization that meets exemption requirements, if either of certain qualifying criteria are met and if, among other things, the owner of the property certifies and ensures the existence of an enforceable and verifiable agreement with a public agency, or a recorded deed restriction, with respect to the property's usage.

This bill would apply this latter requirement exclusively to any claim for this partial exemption for the 2000–01 fiscal year or any fiscal year thereafter, and, except in the case of a limited partnership in which the managing general partner is a nonprofit corporation eligible for the exemption, allow the requirement to be met in a legal document other than an agreement with a public agency or a recorded deed restriction. This bill would, except in the case of a limited partnership in which the managing general partner is a nonprofit corporation eligible for the exemption, also establish, as an additional qualifying criterion for the partial exemption for the 2000–01 fiscal year or any fiscal year thereafter, the occupancy of 90% or more of the property by lower income households whose rent does not exceed that rent prescribed by a specified statute. This bill would, with regard to a single property or multiple properties, limit to \$20,000 of taxes the total exemption amount that may be allowed to a taxpayer for any fiscal year on the sole basis of the application of this additional criterion.

Section 2229 of the Revenue and Taxation Code requires the Legislature to reimburse local agencies annually for certain property tax revenues lost as a result of any exemption or classification of property for purposes of ad valorem property taxation.

This bill would provide that, notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made and the state shall not reimburse local agencies for property tax revenues lost by them pursuant to the bill.

This bill would take effect immediately as a tax levy.

Ch. 602 (AB 1036) Wesson. Property tax administration: loan program.

Existing property tax law authorizes eligible counties, as defined, to obtain a loan from the state pursuant to the State-County Property Tax Administration Loan Program for the funding of county property tax administrative costs. Existing law limits this loan program to the 1995–96 fiscal year to the 2000–01 fiscal year, inclusive, and establishes a loan amount for each county in accordance with a specified schedule.

This bill would extend the application of the State-County Property Tax Administration Loan Program to include the 2001–02 fiscal year.

Ch. 603 (AB 1080) Villaraigosa. Personal income taxes: teacher tax credit.

The Personal Income Tax Law authorizes various credits against the tax imposed by that law, including a credit, for each taxable year beginning on or after January 1, 2000, to credentialed teachers in an amount equal to the lesser of (1) the applicable of specified amounts based upon years of service as a teacher, or (2) 50% of the amount of tax imposed upon the taxpayer's income that is attributable to service as a teacher.

This bill would clarify the calculation of this credit by revising and recasting those provisions setting forth the second alternative measurement of the amount of the credit.

This bill would provide that these changes apply to taxable years beginning on or after January 1, 2000.

Ch. 604 (AB 1615) Longville. Property tax revenue allocations.

Existing property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, and generally requires that each jurisdiction be allocated an amount equal to the total of the amount of revenue allocated to that jurisdiction in the prior fiscal year, subject to certain modifications, and that jurisdiction's portion of the annual tax increment, as defined. Existing law provides for the computation, on the basis of these allocations, of apportionment factors that are applied to actual property tax revenues in each county in order to determine actual amounts of property tax revenue received by each recipient jurisdiction.

This bill would deem to be correct those property tax revenue apportionment factors used in apportioning property tax revenues in the County of Riverside for fiscal years to the 1999–2000 fiscal year, inclusive, and would thereafter require that property tax revenue apportionments be made in that county on the basis of prior apportionment factors that have been corrected, as provided, as would be required in the absence of this bill.

This bill would make legislative findings and declarations as to the necessity for a special statute.

Ch. 605 (AB 1870) Davis. Small business funding.

The Business Incubation Program Act establishes the Business Incubation Program, pursuant to which grants may be awarded by the Trade and Commerce Agency's Office of Small Business to assist in the development of, and delivery of services to small businesses by, business incubators. A "business incubator" is defined for these purposes as an entity that facilitates the formation and growth of new small businesses to increase their probability of success through the provision or sharing of specified types of equipment, services, and facilities.

This bill would include specified types of activities and services within the definition of "business incubator" for purposes of the program. It would require that programs and services provided through the program be flexible and responsive to the needs of small business, as specified. It would additionally require the office, when awarding grants, to give highest priority to proposals matching each state dollar requested with at least one dollar in private or nonstate public resources, either cash or in-kind.

Ch. 606 (AB 2229) Wiggins. Property taxation: sale of defaulted property.

Existing property tax law generally authorizes a county tax collector to sell tax-defaulted property 5 years or more after that property has become tax defaulted, and also authorizes a public agency, as provided, or a nonprofit organization, making certain written statements regarding the rehabilitation and use of property for low-income persons, to file a written objection to a proposed sale of tax-defaulted property. Existing law requires any written objection that is so filed to be accompanied by an application to purchase the property otherwise subject to sale. Existing law allows the sale of tax-defaulted property to proceed despite the filing of an objection and application by a public agency, and requires that a nonprofit organization file an objection and application prior to the date of sale.

This bill would revise and recast these objection and application provisions to prohibit a sale of tax-defaulted property after the filing of an objection and application by a public agency, and to require that a nonprofit organization file an objection and application to a sale of tax-defaulted property before the giving of notice of sale under a specified statute. This bill would permit a county tax collector to provide a copy of a notice of a proposed sale of tax-defaulted property to each nonprofit organization that has submitted, as provided, a written request for that notice. This bill would require a county board of supervisors or its designee to approve the purchase of tax-defaulted property by a nonprofit organization and would, subject to that approval, allow property to be purchased by a nonprofit organization after the property has been tax defaulted for at least 3 years and has become the subject of a nuisance abatement lien. This bill would delete the requirement that an agreement for the sale of tax-defaulted property to a nonprofit organization require that organization to meet conditions with regard to the rehabilitation and use of the property within 2 years, or a longer period as extended by the county board of supervisors. This bill would, in lieu of conditions as may be imposed by the Controller, permit the county board of supervisors to establish additional conditions, as provided, upon the sale of tax-defaulted property to a nonprofit organization. This bill would, in the case in which a sale of tax-defaulted property fails to attract an acceptable bid, allow the county tax collector, with the approval of the county board of supervisors or its designee, to offer the property at a new minimum price at the same sale, rather than the next scheduled sale. This bill would also allow a county board of supervisors, or its designee, to permit a nonprofit organization to purchase tax-defaulted property on an installment basis. This bill would also clarify the manner in which an executed agreement for the sale of tax-defaulted property is to be submitted to, and reviewed by, the Controller, and would eliminate provisions including those relating to the resale of tax-defaulted property by a purchasing public agency and a taxing agency's recovery of its costs. By imposing additional duties on county tax collectors and boards of supervisors with respect to the sale of tax-defaulted properties, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 607 (AB 2612) Brewer. Taxation: pipeline assessment and interest.

The Sales and Use Tax Law provides that interest is paid by taxpayers with respect to underpayments of tax at the modified adjusted rate, as defined by reference to a specified federal statute, and that interest is paid to taxpayers with respect to overpayments of tax as determined in accordance with a specified federal statute, which requires that the rate paid on overpayments be based on the rate of 13-week treasury bills, as specified.

This bill would declare the Legislature's intent to delete the requirement that interest on overpayments be based on the rate of 13-week treasury bills and instead require that interest on both underpayments and overpayments be determined in accordance with the specified federal statute, as modified.

Existing property tax law requires any property, not exempted from taxation by federal law or pursuant to the California Constitution, to be assessed at its full value. Existing law also

establishes a rebuttable presumption of valuation at full value, provided certain conditions are met, for each tax year from the 1984–85 tax year to the 2000–01 tax year for intercounty pipeline rights-of-way on publicly or privately owned property.

This bill would extend the application of this rebuttable presumption to the 2010–11 tax year.

Ch. 608 (AB 2817) Honda. Information technology: innovation projects grant program.

Existing law sets forth the duties of the Department of Finance in generally supervising matters concerning the financial and business policies of the state, and sets forth the duties of the Department of Information Technology in overseeing the information technology activities of the state.

This bill would require the Department of Finance and the Department of Information Technology, jointly, no later than 3 months from the date of the enactment of the 2000–01 Budget Act, to promulgate guidelines and a standard form for applications by certain state agencies for grants for information technology innovation projects. It would require applications submitted under these provisions to include specified information. It would require the Information Technology Innovation Council, which would be established pursuant to the bill, to evaluate the applications and make recommendations to the Department of Finance and the Department of Information Technology. The bill would require the Department of Finance to award the grants according to those recommendations, and would require the Department of Finance and the Department of Information Technology to report on various aspects of the projects funded by the grants to specified legislative committees at specified intervals.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 609 (SB 607) Chesbro. Alcoholic Beverage Tax Law: military exemption.

Under existing law, an excise tax is imposed on all beer, wine, and distilled spirits sold in this state and on beer, wine, and distilled spirits sold by manufacturers, rectifiers, or wholesalers, or sellers of those alcoholic beverages with respect to which no tax has been paid within areas over which the federal government exercises jurisdictions at rates based upon various formulas calculated according to volume and weight.

This bill would exempt distilled spirits sold by brandy manufacturers, distilled spirits manufacturers, rectifiers, importers, and distilled spirits wholesalers from the excise tax where the alcoholic beverages are sold to specified instrumentalities of the armed forces of the United States located within the geographical boundaries of the state.

This bill would take immediate effect as a tax levy, but its operative date would depend on its effective date.

Ch. 610 (SB 1375) Alarcon. Redevelopment: territorial jurisdiction.

Under the existing Community Redevelopment Law, the territorial jurisdiction of the redevelopment agency of a county over a project area within territory subsequently annexed to a city or included within the boundaries of a new city remains with the county redevelopment agency unless the territorial jurisdiction is transferred to the city redevelopment agency pursuant to specified procedures. The Community Redevelopment Disaster Project Law authorizes until January 1, 2001, the establishment of a redevelopment agency and the adoption and implementation of a redevelopment plan within a disaster area.

This bill would provide that the territorial jurisdiction of the redevelopment agency of a city over a project area within territory subsequently annexed to another city or included within the boundaries of a new city remains with the city redevelopment agency unless the territorial jurisdiction is transferred to the redevelopment agency of the other city pursuant to the specified procedures described above. The bill would revise those procedures to include transfers of territory from city redevelopment agencies to redevelopment agencies

of other cities. The bill also would apply those procedures to redevelopment projects in disaster areas. The bill would make a related change in the definition of the term “affected taxing entity.”

Ch. 611 (SB 1396) Burton. Property tax revenue shift: excess revenue allocation.

Existing property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, and generally requires that each jurisdiction be allocated an amount equal to the total of the amount of revenue allocated to that jurisdiction in the prior fiscal year, subject to certain modifications, and that jurisdiction’s portion of the annual tax increment, as defined. Existing property tax law also reduces the amounts of ad valorem property tax revenue that would otherwise be annually allocated to the county, cities, and special districts pursuant to these general allocation requirements by requiring, for purposes of determining property tax revenue allocations in each county for the 1992–93 and 1993–94 fiscal years, that the amounts of property tax revenue deemed allocated in the prior fiscal year to the county, cities, and special districts be reduced in accordance with certain formulas. It requires that the revenues not allocated to the county, cities, and special districts as a result of these reductions be transferred to the Educational Revenue Augmentation Fund in that county for allocation to school districts, community college districts, and the county office of education. Existing law also generally requires, for the 1995–96 fiscal year and each fiscal year thereafter, that any revenues remaining after these allocations be allocated to the county superintendent of schools for purposes of special education.

This bill would, for the 2000–01 fiscal year and each fiscal year thereafter, require any excess revenues, remaining after allocations to county superintendents of schools for purposes of special education, to be allocated among the county, cities, and special districts in proportion to the reduction and transfer amount of each of those local agencies. By imposing new duties upon local officials in the annual allocation of ad valorem property tax revenues, this bill would impose a state-mandated local program.

Existing property tax law requires revenues, derived from tax assessments on the supplemental roll, to be allocated to jurisdictions within each county in accordance with specified allocation requirements and those property tax revenue apportionment factors used for the current year in apportioning revenues derived from the regular property tax roll.

This bill would, for fiscal years to the 1999–2000 fiscal year, inclusive, deem to be correct the supplemental roll revenue allocations and apportionments made in the County of Marin.

This bill would make legislative findings and declarations as to the necessity for a special statute.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 612 (SB 1472) Ortiz. Credit unions.

The California Credit Union Law provides for the licensing and regulation of credit unions by the Commissioner of Financial Institutions. That law provides that a credit union organized and duly qualified as a credit union in another state of the United States, as defined, may organize and operate pursuant to these provisions if it is in compliance with certain requirements.

This bill would delete the provision relating to credit unions organized in other states and would instead enact separate, new provisions governing licensing of credit unions of other states and credit unions of foreign nations that intend to operate in California. These provisions, among other things, would require deposit or share accounts of these credit unions to be insured, provide for various fees to be paid to the commissioner, allow the commissioner to examine the books, accounts, and records of the credit union, and provide

for various enforcement provisions, including imposition of civil penalties by the commissioner. This bill would also prohibit a California credit union from establishing a branch office in another state without the approval of that state's licensing authority.

Ch. 613 (SB 1844) Kelley. Property taxation: personal property: audit threshold.

Existing property tax law requires a county assessor to audit the books of a taxpayer's profession, trade, or business at least once every 4 years, if locally assessable trade fixtures and business tangible personal property owned, claimed, or possessed by the taxpayer have a full value of at least \$300,000.

This bill would increase the audit threshold amount to \$400,000.

Ch. 614 (AB 2312) House. Taxation: insurers: gross premiums tax.

Existing law requires every insurer doing business in this state to pay to the state annually a tax based, generally, on the amount of gross premiums received during the year on its business done in this state.

This bill would require life insurers and life insurance agents to inform their clients about the gross premiums tax, as provided.

Ch. 615 (AB 2416) Machado. Budget augmentations: tax assistance.

This bill would appropriate \$60,000,000 in augmentation of the Budget Act of 2000 to provide funding for an additional \$13,181,000 for senior citizens' property tax assistance and an additional \$46,819,000 for senior citizens' property tax assistance.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 616 (SB 511) Alarcon. Enterprise zones.

The Enterprise Zone Act provides for the designation of enterprise zones by the Trade and Commerce Agency according to specified criteria, pursuant to which certain entities may receive regulatory, tax, and other incentives for private investment and employment. The act provides for the designation of enterprise zones by the Trade and Commerce Agency upon that agency's approval of applications from a city, county, or city and county. The act authorizes the expansion of existing enterprise zones based upon certain criteria.

This bill would authorize additional criteria upon which an enterprise zone may be based, authorize a joint powers authority to administer an enterprise zone, and require the Trade and Commerce Agency to provide special consideration or bonus points, or both, to enterprise zone applications meeting at least 2 of specified demographic criteria. This bill would revise the criteria for the expansion of existing enterprise zones, as specified.

Ch. 617 (AB 330) Floyd. Sales and use taxes: retailers and sellers: conventions and trade shows.

The Sales and Use Tax Law imposes a tax on the gross receipts from the sale in this state of, or the storage, use, or other consumption in this state of, tangible personal property. That law imposes the sales tax upon "retailers," as defined, and requires every person desiring to engage in or conduct business as a "seller," as defined, to obtain a sales tax permit. Existing law provides that every retailer engaged in business in this state and making sales of tangible personal property for storage, use, or other consumption in this state, that engages in specified activity in this state shall, at the time of sale or at the time the storage, use, or other consumption becomes taxable, collect the tax from the purchaser.

Existing law provides that a retailer shall not be considered a retailer engaged in business in this state, except as specified, if that retailer's sole physical presence in this state is to engage in convention and trade show activities, as specified, and if the retailer does not engage in those convention and trade show activities for more than 7 days, in whole or in part, in this state during any 12-month period and did not derive more than \$10,000 of gross income from those activities in this state during the prior calendar year. However, the retailer

is liable for tax with respect to any sale occurring at, or pursuant to an order taken at or during, the convention and trade show activities.

This bill would instead provide that a retailer shall not be considered a retailer engaged in business in this state, except as specified, if that retailer's sole physical presence in this state is to engage in convention and trade show activities, as specified, and if the retailer does not engage in those convention and trade show activities for more than 15 days, in whole or in part, in this state during any 12-month period and did not derive more than \$100,000 of gross income from those activities in this state during the prior calendar year.

This bill would state the intent of the Legislature in limiting the definition of "retailer engaged in business in this state."

Counties and cities are authorized to impose local sales and use taxes in conformity with state sales and use taxes. Exemption from state sales and use taxes enacted by the Legislature are incorporated into the local taxes.

Section 2230 of the Revenue and Taxation Code provides that the state will reimburse counties and cities for revenue losses caused by the enactment of sales and use tax exemptions.

This bill would provide that, notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made and the state shall not reimburse local agencies for sales and use tax revenues lost by them pursuant to this bill.

The bill would incorporate changes made by AB 2412, to become operative if both bills are chaptered and this bill is chaptered last.

This bill would take effect immediately as a tax levy, but its operative date would depend on its effective date.

Ch. 618 (AB 1784) Lempert. Internet Tax Freedom Act: continuation.

The California Internet Tax Freedom Act prohibits, with specified exceptions, the imposition, assessment, or attempt to collect (1) a tax on Internet access, Online Computer Services, or the use of the Internet or Online Computer Services, (2) a bit or bandwidth tax, or (3) any discriminatory tax on Online Computer Services or Internet access. This act provides that it is to become inoperative on January 1, 2002.

This bill instead would provide that the act shall become inoperative on January 1, 2005.

This bill would provide that it would become operative only if AB 2412 of the 1999–2000 Regular Session is enacted and becomes effective on or before January 1, 2001.

Ch. 619 (SB 1933) Vasconcellos. Taxation and the new economy.

Existing law provides for various taxes.

This bill would establish, until 2004, the California Commission on Tax Policy in the New Economy. The commission would examine the impact of Internet and other forms of electronic technology on various types of taxes. The commission would be required to submit a report to the Governor and the Legislature on its findings.

Ch. 620 (AB 1993) Romero. Peace officers: false evidence.

Existing law makes it a felony for a peace officer to file a report with the agency that employs him or her regarding the commission of a crime or investigation of a crime, if he or she knows and intentionally makes any statement in the report that the officer knows to be false.

This bill would make it a misdemeanor for any person to, or a felony for a peace officer to, knowingly, willfully, and intentionally alter, modify, plant, place, manufacture, conceal, or move any physical matter, with the specific intent that the action will result in a person being charged with a crime or with specific intent that the physical matter will be wrongfully produced as genuine or true at trial or any other specified proceedings. By defining a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 621 (AB 2021) Steinberg. Internet: minors.

(1) Existing law makes it a misdemeanor for a person to contribute to the delinquency of a minor.

This bill would make it an offense punishable as an infraction or a misdemeanor for a person to knowingly contact or communicate with a minor who is 12 years of age or younger, for the purpose of persuading and luring, or transporting, or attempting to persuade and lure, or transport, that minor away from a location known by the minor's parent or custodian to be a place where the minor is located, for any purpose, with the intent to avoid the consent of the minor's parent or legal guardian and without the express consent of the parent, legal guardian, or custodian. Additionally, the bill would exempt emergency situations, as defined, from its provisions. The bill would define the terms "contact" and "communication" to include the use of the telephone or the Internet, as defined. By defining new crimes, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 622 (AB 2484) Romero. Civil rights: Attorney General.

Existing law authorizes the Attorney General to bring a civil action for injunctive and other appropriate equitable relief whenever a person or persons, whether or not acting under the color of law, interferes by threats, intimidation, or coercion, or attempts to interfere by threats, intimidation, or coercion, with the exercise or enjoyment of rights secured by federal or state law. This authority has been limited by case law to instances where the injured person has been discriminated against on the basis of his or her membership in a disadvantaged group.

This bill would authorize the Attorney General to bring a civil action to obtain equitable and declaratory relief to eliminate a pattern or practice of conduct by law enforcement officers that deprives the person of rights secured by state and federal law.

Ch. 623 (AB 2623) Rod Pacheco. Department of Justice: criminal background checks.

Under existing law, the Department of Justice provides criminal background information to counties and to various state departments, with respect to applicants for licensure, certification, or employment.

The bill would provide that if the requesting agency or entity denies a license, certificate, or employment based upon the information received from the department that is not fingerprint verified, that the agency or entity notify the applicant of its decision, and that the applicant would be permitted to appeal the decision on the grounds that the applicant is not the person so identified by the department. These provisions would become operative on July 1, 2002.

By imposing additional duties on local agencies and entities, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 624 (SB 1608) Brulte. Firearms: possession by felon.

Existing law provides for various studies and programs related to crime prevention and firearms.

This bill would require the Department of Justice to undertake a study regarding specified information in connection with violations of Sections 12021 and 12021.1 of the Penal Code, and to report to the Legislature no later than January 1, 2002. This bill would provide that its provisions shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

Ch. 625 (AB 400) Lempert. Psychology.

Existing law, contained in the Psychology Licensing Law, requires each applicant for licensure in the area of psychology to have attended an approved or accredited academic institution, as specified. Existing law establishes the Bureau for Postsecondary and Vocational Education in the Department of Consumer Affairs.

This bill would, generally require applicants to have attended an accredited institution, except as specified.

The bill would require each institution offering a doctoral degree in psychology, and subject to the authority of the bureau, to provide to each prospective student in professional psychology a California Unaccredited Psychology School Disclosure Form, which would include prescribed data and warnings. The bill would provide that an institution failing to satisfy any of the requirements of the bill would be subject to the revocation of its approval to operate or to a civil or administrative penalty not to exceed \$10,000.

Ch. 626 (AB 715) Firebaugh. Attorney General duties: criminal information reporting.

(1) Existing law requires the Attorney General to prosecute and defend all causes to which the state or state officers in their official capacities are parties, as well as all causes to which any county is a party, unless the interest of the county is adverse to the state or state officers in their official capacities.

This bill would repeal the above-described provisions regarding the prosecution and defense of causes to which any county is a party.

(2) Existing law prohibits the Attorney General from employing special counsel, except when those cases concern escheated property and the supervision of district attorneys.

This bill would provide that this prohibition does not affect the right of the Attorney General to employ counsel to represent or assist in the representation of a state agency, as defined, or a state employee if the representation meets specified standards.

(3) Existing law provides that, if an escheat proceeding is prosecuted by the regular staff of the Attorney General's office, the Attorney General shall recover the costs and charges of commencing and filing a suit to recover escheated property from the escheated funds, by presenting a claim.

This bill would repeal the requirement that the action be prosecuted by the regular staff of the Attorney General's office, and make other technical changes.

(4) Existing law requires the Attorney General to direct local law enforcement agencies to report to the Department of Justice, information that may be required relative to criminal acts or attempted criminal acts to cause physical injury, emotional suffering, or property damage where there is reasonable cause to believe that the crime was motivated, in whole or in part, by the victim's race, ethnicity, religion, gender, sexual orientation, or physical or mental disability.

This bill would add national origin to the list of victim characteristics in this reporting requirement. By increasing the reporting duties of local officials, this bill would impose a state-mandated local program.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 627 (AB 1449) Florez. Prisoners: battery.

Existing law provides that every person confined in the state prison who commits a battery upon the person of any officer or employee of the state prison by "gassing," as defined, is guilty of aggravated battery, a felony. Existing law also provides that these provisions will only remain in effect until January 1, 2001, and on that date are repealed as specified.

This bill would provide that the above-described provisions of law are applicable to any "peace officer" rather than "officer of the state prison," extend the prohibition in those provisions to any person confined in an institution under the jurisdiction of the Department of the Youth Authority or a local detention facility, require a report by the Department of the Youth Authority, as specified, and would delete the provisions that would repeal these provisions of law after January 1, 2001, thereby continuing those provisions indefinitely. This bill would additionally require actual contact with the victim's skin or membranes in order to constitute the offense. This bill would also make the offense punishable as a misdemeanor or a felony, as specified. The bill would make related changes.

By expanding the scope of, and extending the effective operation of, an existing crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 628 (AB 1767) Zettel. Crimes: forfeitures.

Existing law provides that any computer, computer system, computer network, or any software or data, owned by the defendant that is used during the commission of specified offenses shall be subject to forfeiture.

This bill would add to the list of offenses for which a computer, computer system, computer network, or any software or data used in the commission of the offense would be subject to forfeiture.

This bill would incorporate additional changes in Section 502.01 of the Penal Code proposed by SB 2106, that would become operative only if SB 2106 and this bill are both chaptered and become effective on or before January 1, 2001, and this bill is chaptered last.

Ch. 629 (AB 1768) Steinberg. Sheriff's fees.

Existing law prescribes fees for serving, executing, and processing required court notices, writs, orders, and other services provided by sheriffs and marshals.

This bill would revise and increase these fees as specified. The bill would delete the per diem compensation for a keeper of property under a writ of attachment, execution, possession, or sale.

Ch. 630 (AB 1799) Baugh. Indemnification: erroneously convicted persons.

Existing law requires the State Board of Control to report to the Legislature the facts of a case involving a claimant who has sustained pecuniary injury as a result of having been

NOTE: Superior numbers appear as a separate section at the end of the digests.

convicted of a crime for which the claimant was found to be innocent if, in addition, the claimant did not contribute to his or her arrest or conviction. The board is also required to include in its report to the Legislature, its recommendation that an appropriation be made to indemnify the claimant for the pecuniary injury, but the amount of the appropriation recommended is limited to \$10,000.

This bill would remove the \$10,000 limitation on the appropriation recommended and would instead make the recommended appropriation equivalent to the sum of \$100 per day of incarceration served subsequent to the claimant's conviction. The bill would also provide that the appropriation not be treated as gross income to the recipient under California law.

Ch. 631 (AB 1862) Torlakson. Identity theft: data base.

Existing law provides that every person who willfully obtains personal identifying information, as defined, of another person without the authorization of that person, and uses that information for any unlawful purpose, including to obtain or attempt to obtain credit, goods, services, or medical information in the name of the other person without the consent of that person is guilty of a public offense and shall be punished either by imprisonment in a county jail not to exceed one year, a fine not to exceed \$1,000, or both, or by imprisonment in the state prison, a fine not to exceed \$10,000, or both.

This bill would provide that a victim of identity theft may submit a court order obtained pursuant to any provision of law, along with fingerprints and other prescribed information to the Department of Justice. The bill would require the department to verify this information against information maintained by the Department of Motor Vehicles. The bill would require the Department of Justice to establish and maintain a data base to record information concerning victims of criminal identity theft and to allow criminal justice agencies, the victim, and other individuals and agencies authorized by the victim to access the data base, as specified. This bill would also require the Department of Justice to establish and maintain a toll free number to provide access to this information. The bill would provide that these provisions would become operative September 1, 2001.

Ch. 632 (AB 1951) Longville. Transportation: public transit: funding.

(1) Existing law requires that a specified portion of the funds in the Public Transportation Account in the State Transportation Fund be appropriated to the Controller for allocation to transportation planning agencies and county transportation commissions, as specified, for allocation to the transit operators in the area of the agency's or commission's jurisdiction. The allocations to the operators are required to be based on the ratio that the operator's revenue during the prior fiscal year bears to the total revenue of all operators within the agency's or commission's jurisdiction for the prior fiscal year.

Under existing law, the Southern California Regional Rail Authority consists of 5 member agencies, but may be expanded as specified, and the Altamont Commuter Express Authority consists of 3 member agencies.

This bill would require each authority to report to the Controller, on an annual basis, the ratio that the revenue, as defined, of each member agency of the authority during the prior fiscal year bears to the total revenue of the authority during that fiscal year, thereby imposing a state-mandated local program. The bill would require the Controller to allocate to each member agency of the authority, from funds made available from the account, as specified above, an amount that is based on the ratio provided by the authority. The bill would require the allocation to be in addition to other specified allocations.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 633 (AB 2059) Vincent. Peace officers: welfare fraud investigators.

(1) Existing law provides that welfare fraud investigators and inspectors are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty and other specified situations. Existing law generally provides that every peace officer shall satisfactorily complete an introductory course of training approved by the Commission on Peace Officer Standards and Training prior to exercising the powers of a peace officer.

This bill would require that all welfare fraud investigators or inspectors appointed as peace officers on or after January 1, 2001, attend and complete a specialized investigators basic course approved by the Commission on Peace Officer Standards and Training within one year of being hired, provided that welfare fraud investigators and inspectors appointed prior to January 1, 2001, who have been continuously employed in that capacity prior to January 1, 2001, by the county that made the appointment, or who have successfully completed the basic peace officer course within 3 years prior to appointment, or who possess a basic peace officer course certificate, would not be required to attend and complete this training. By imposing additional training costs on local agencies, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 634 (AB 2232) Oller. Computer crimes: unauthorized access.

(1) Existing law provides that any person who knowingly and without permission provides or assists in providing a means of accessing a computer, computer system, or computer network, or who knowingly and without permission accesses or causes to be accessed a computer, computer system, or computer network, or who knowingly introduces any computer contaminant, as defined, into the same, is punishable as a first offense not resulting in injury by a fine not exceeding \$250, or where a violation results in a victim expenditure of an amount greater than \$5,000, or in an injury, or where the value of the services used exceeds \$400 or the offense is a 2nd or subsequent violation, by a fine not exceeding \$10,000, imprisonment in the state prison for 16 months or 2 or 3 years, or both, or by a fine not exceeding \$5,000, imprisonment in a county jail not exceeding one year, or both.

This bill would provide that a first violation of these provisions not resulting in an injury is punishable by a fine not exceeding \$1,000.

This bill would also provide that with respect to a person who knowingly introduces any computer contaminant, a first violation that does not result in injury is a misdemeanor punishable by a fine not exceeding \$5,000, by imprisonment in a county jail not exceeding one year, or both, and that a violation that results in injury, or a 2nd or subsequent violation, is punishable by a fine not exceeding \$10,000, by imprisonment in a county jail not exceeding one year, or the state prison, or both.

(2) Existing law provides that any person who knowingly and without permission uses the Internet domain name of another individual, corporation, or entity in connection with the sending of electronic mail, and who thereby damages or causes to be damaged a computer, computer system, or computer network, is punishable as a first offense not resulting in injury by a fine not exceeding \$250.

This bill would increase the maximum fine for a violation of these provisions not resulting in injury to \$1,000.

(3) This bill would also expand the definition of "injury" as used in these and related provisions to include the denial of access to legitimate users of a computer system, network,

or program. By changing the definition of a crime, this bill would impose a state-mandated local program.

(4) This bill would incorporate additional changes to Section 502 of the Penal Code proposed by AB 2727, to be operative if this bill and AB 2727 are both enacted and become effective on or before January 1, 2001, and this bill is enacted last.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 635 (AB 2727) Wesson. Computer crimes: civil liability.

Existing law provides that any person who knowingly accesses and without permission alters or damages any data, software, computer, computer system, or computer network in order to devise or execute a scheme to defraud, deceive, or extort, or to wrongfully control or obtain money, property, or data, or who takes or makes use of any data, software, computer, computer system, or computer network, or who knowingly and without permission disrupts computer services to authorized users thereof, is punishable by a fine not exceeding \$10,000, imprisonment in the state prison for 16 months or 2 or 3 years, or both, or by a fine not exceeding \$5,000, imprisonment in a county jail not exceeding a year, or both.

Existing law also provides that, in addition to other available civil remedies, the owner or lessee of the computer, system, network, program, or data may bring a civil action against any person convicted under these provisions for compensatory damages, including attorney fees and any expenditure reasonably and necessarily incurred by the owner or lessee to verify no damage has occurred.

This bill would provide that this civil remedy is available with respect to damage or loss caused by reason of specified criminal acts, and would authorize suits for injunctive and other equitable relief. This bill would also authorize a court to award punitive or exemplary damages where a violation of these criminal provisions was willful, or where it is proven that the defendant has been guilty of oppression, fraud, or malice as specified, would allow the award of attorney fees to any party, and would impose a 3-year statute of limitations.

This bill would incorporate additional changes to Section 502 of the Penal Code proposed by AB 2232, to be operative if this bill and AB 2232 are both enacted and become effective on or before January 1, 2001, and this bill is enacted last.

Ch. 636 (AB 2284) Dutra. Mortgages: escrow companies.

(1) The Real Estate Law requires a real estate broker to file certain information with the Real Estate Commissioner relative to the conducting of a transaction that involves the sale of or offer to sell a series of notes secured directly by an interest in real property, or the sale of undivided interests in a note secured directly by real property equivalent to a series transaction, otherwise known as a multilender transaction, as specified. Existing law provides that a violation of the Real Estate Law is a crime.

This bill would expand the nature of the information that is required to be filed with the commissioner in this regard. Because a violation of the bill's requirements would be a crime, this bill would impose a state-mandated local program by expanding the definition of a crime.

(2) The Real Estate Law requires a real estate broker engaging in certain mortgage-related activities to report certain information to the Department of Real Estate, and authorizes the department to conduct a trust fund examination of a broker who fails to submit the required information. The department may charge a broker an amount equal to 1.5 times the cost of the examination and other related activities.

This bill would authorize the commissioner to suspend a broker's license, or deny renewal of a broker's license, if the broker fails to pay the amount charged for this purpose, as specified. This bill would enact other related provisions.

(3) Existing law regulates common interest developments, providing for, among other things, that they shall be managed by a board of directors and how the board's meetings shall be conducted. Existing law provides that the board of directors shall meet in executive session if so requested by a member being disciplined, and that the member shall be entitled to attend the executive session.

This bill would require that when the board of directors of a common interest development association is to meet to consider or impose discipline upon a member, the board shall provide the member a written notification, as specified, at least 10 days prior to the meeting. This notification would state, among other things, that the member has a right to attend the meeting and address the board. This bill would also provide that, if the board imposes discipline on a member, the board shall provide the member a written notification of the disciplinary action within 15 days following the action, and that a disciplinary action shall not be effective without fulfilling specified requirements.

(4) Existing law provides for the use of a mortgage or a deed of trust as security in a transfer of real property, provides for a power of sale upon a breach of the obligation that a mortgage or a deed of trust secures, and establishes certain procedures that a mortgagee or trustee must follow when exercising a power of sale.

This bill would provide that a trustee is not subject to procedures regulating the practice of debt collection in connection with the performance of required procedures.

(5) Existing law provides that a sale of property pursuant to a power of sale under a mortgage or deed of trust may be postponed and establishes procedures for giving notice of the postponement and setting a new date of sale, among other things. Existing law also provides that, after specified postponements, a sale described above shall be conducted no sooner than 7 days after the earlier of specified events.

This bill would provide that notwithstanding the above, the sale shall be conducted no sooner than the expiration of a specified stay granted under federal bankruptcy law.

(6) Existing law allows certain parties to a mortgage or deed of trust to request beneficiary statements or payoff demand statements, as defined, that contain specified information.

This bill would provide that preparation and delivery of a beneficiary statement or a payoff demand statement does not change the date of sale established pursuant to a power of sale contained in a deed of trust or mortgage, as specified.

(7) The Escrow Law generally provides for regulation of escrow agents by the Department of Corporations. Existing law provides for creation of the Fidelity Corporation as a nonprofit mutual benefit corporation to indemnify escrow agents that are members of the corporation against loss, as specified, and requires that escrow agents engaged in specified types of business transactions to be members of the Fidelity Corporation. The expenses of the corporation are paid from various funds, in which are deposited fees and assessments collected from members.

This bill would amend the definition of real property escrows for the purpose of defining a type of business transaction that requires an escrow agent to be a member of the Fidelity Corporation and would provide for refunds of a member's membership fee under certain circumstances and within a specified timeframe.

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 637 (AB 2292) Dutra. Vehicles: New Motor Vehicle Board.

Under existing law, 5 members of the New Motor Vehicle Board are required to constitute a quorum except that 3 members of the board, who are not new motor vehicle dealers, may constitute a quorum for the purposes of specified provisions of existing law.

This bill would provide that 3 members of the board, who are not new motor vehicle dealers, constitute a quorum to consider petitions involving disputes between franchisees and franchisors, as specified.

The bill would delete an obsolete cross-reference and revise other cross-references in related provisions, as specified.

Ch. 638 (AB 2302) Cardenas. Redevelopment: territorial jurisdiction.

Under the existing Community Redevelopment Law, the territorial jurisdiction of the redevelopment agency of a county over a project area within territory subsequently annexed to a city or included within the boundaries of a new city remains with the county redevelopment agency unless the territorial jurisdiction is transferred to the city redevelopment agency pursuant to specified procedures. The Community Redevelopment Disaster Project Law authorizes until January 1, 2001, the establishment of a redevelopment agency and the adoption and implementation of a redevelopment plan within a disaster area.

This bill would provide that the territorial jurisdiction over territory within a city and within a project area that is subsequently annexed to another city or included within the boundaries of a new city, would remain with the former city unless transferred to the latter city, as specified. The bill also would apply those provisions to redevelopment projects in disaster areas in a county or city.

Ch. 639 (AB 2405) Maddox. Abstract of judgment or decree: contents.

Existing law requires an abstract of a judgment or decree requiring the payment of money to be certified by the clerk of the court and to contain certain information, as specified. Existing law also provides that after entry of a money judgment, the clerk of the court shall issue a writ of execution upon application by the judgment creditor and the writ shall be directed to the levying officer in the county where the levy is to be made and to any registered process server, as specified.

This bill would authorize the judgment creditor to file an affidavit of identity, as defined, under penalty of perjury, that states the name of the judgment debtor listed on the judgment, and the additional name or names by which the judgment debtor is known. The bill would require the court to approve the affidavit of identity prior to the clerk of the court certifying an abstract of judgment or issuing a writ of execution containing any additional name or names by which the judgment debtor is known that are not listed on the judgment. The bill would authorize the court to determine, without a hearing or notice, whether the affidavit of identity states sufficient facts upon which the judgment creditor has identified the additional names of the judgment debtor and, if so, would require the court to authorize the certification of the abstract of judgment or issuance of the abstract of judgment with the additional name or names. The bill would provide, in any case in which the writ of execution lists any name other than the name listed on the judgment, the levying officer to wait 15 days after service of the notice of levy prior to enforcing the levy. The bill would provide remedies for 3rd parties whose property was erroneously subject to an enforcement of judgment proceeding based upon the affidavit of identity, as specified. The bill would also make related changes and impose related requirements.

Under existing law, a deposit account or safe-deposit box standing in the name of a person other than the judgment debtor, either alone or together with other 3rd persons, is not subject to levy unless authorized by court order. Existing law provides exceptions to the above for specified persons.

This bill would additionally provide an exception for the additional name of a judgment debtor listed on a writ of execution pursuant to an affidavit of identity.

This bill would incorporate additional changes in Section 699.510 of the Code of Civil Procedure proposed by AB 1358, to be operative if this bill and AB 1358 are enacted and become effective on or before January 1, 2001, and this bill is enacted last.

Because this bill would impose additional duties on local officials, and expand the crime of perjury, it would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 640 (AB 2429) Wildman. Education of prisoners.

Existing law sets forth a formula for the calculation of average daily attendance for schools or classes for adults in correctional facilities, and provides that a school district or county board of education may not claim or report any increase in average daily attendance in excess of the authorized limit of adult education average daily attendance unless the Legislature approves the increase for that fiscal year in the annual Budget Act.

This bill would instead provide, for the 2000–01 fiscal year, that a school district or county board of education may not claim or report any increase in average daily attendance generated in the 2000–01 fiscal year for schools or classes for adults in correctional facilities in excess of the average daily attendance claimed and authorized during the previous fiscal year multiplied by a factor of 1.025 to 1.14, as specified. The bill would also provide commencing with the 2001–02 fiscal year, that a school district or county board of education may not claim or report any increase in average daily attendance for schools or classes for adults in correctional facilities in excess of the average daily attendance authorized during the previous fiscal year multiplied by 1.025 unless the Legislature approves the increase for that fiscal year in the annual Budget Act.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 641 (AB 2729) Wesson. Vehicles: towing service.

(1) Existing law prohibits a towing service from providing a gift, commission, or compensations in consideration of arranging or requesting services, and prohibits any person or public entity from accepting these gifts, commissions, or compensations. Existing law also prohibits a towing service or the employee of a towing service from accepting anything of value from a repair shop for the delivery of a vehicle to the shop and prohibits a repair shop from paying anything of value to a tow truck service for delivery of a vehicle.

This bill would prescribe the punishments for first and subsequent violations of these provisions, and would provide additional measures relating to impounding tow trucks, including a requirement that the court order the Department of Motor Vehicles to suspend the driving privilege, as specified, if a tow truck driver is involved. Because of this requirement regarding the court, and because a violation of this provision would subject the offender to an increased period of confinement in the county jail, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 642 (AB 2733) Wesson. Driving education and offenses: road rage.

(1) Existing law includes automobile driver education among the areas of study in grades 7 to 12, inclusive. Existing law also specifies the topics to be covered in an automobile driver education course.

This bill would require the State Department of Education to prepare certain materials that focus on the reduction of future driving violations, with particular emphasis on aggressive driving behavior and behavior commonly known as “road rage,” and to make these materials available to school districts to use at the option of the district.

(2) Existing law makes it a misdemeanor or felony for a person to commit an assault upon the person of another with a deadly weapon or instrument, other than a firearm or by any means of abuse likely to produce great bodily injury.

This bill would authorize a court to order the suspension of the driving privilege of any operator of a motor vehicle who commits an assault on an operator or passenger of another motor vehicle, an operator of a bicycle, or a pedestrian and the offense occurs on a highway. In addition to or in lieu of the suspension, the bill would authorize the court to require the person convicted to complete an anger management course. The bill would provide for a 6 month suspension for a first offense and a one year suspension for a second offense, which the department would be required to impose upon receipt of an abstract of conviction.

(3) Existing law authorizes the Director of Motor Vehicles to prescribe rules and regulations regarding the conduct of courses offered at driving schools and traffic violator schools.

This bill would require the director, in connection with the issuance of rules and regulations relating to driving schools and traffic violator schools, to require, as a component of the curriculum, an examination of driver attitude and motivation that focuses on the reduction of future driving violations, with particular emphasis on aggressive driving behavior and behavior known as “road rage.”

Ch. 643 (AB 2849) Havice. Sexually violent predators.

Existing law defines “sexually violent predator” to mean a person who has been convicted, even if the offender did not receive a determinate sentence, of a sexually violent offense against 2 or more victims, and who has a diagnosed mental disorder that makes the person a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent behavior.

This bill would recast those provisions and, among other things, would enumerate what constitutes a “conviction” for purposes of these provisions.

This bill would incorporate certain of the additional changes to Section 6600 of the Welfare and Institutions Code proposed by AB 1458, contingent on the prior enactment of that bill.

Ch. 644 (AB 2912) Committee on Judiciary. Referees.

Existing law provides that a referee may be appointed upon the agreement of the parties, and that when the parties do not consent, the court may, upon application of any party or its own motion, direct a reference under certain circumstances.

This bill would require that all nonconsensual appointments of referees be made by a written order that includes specified information, including a specified finding about the parties’ ability to pay the referee’s fees, and would prohibit a court from making a nonconsensual reference at a cost to the parties if the finding is not made.

The bill would require, in any case when a referee is appointed to hear and determine discovery motions and disputes, a copy of the order appointing the referee to be forwarded to the office of the presiding judge of the court and would require the Judicial Council to collect information on the use of referees in discovery proceedings and the fees charged to litigants, and to report these findings to the Legislature by January 1, 2003.

The bill would incorporate additional changes to Section 639 of the Code of Civil Procedure made by SB 2153 to become operative only if both bills are enacted and this bill is enacted last.

Existing law provides, in the case of a consensual general reference, that the decision of the referee or commissioner upon the whole issue must stand as the decision of the court, and upon filing of the statement of decision with the clerk of the court, or with the judge where there is no clerk, judgment may be entered thereon in the same manner as if the action had been tried by the court.

This bill would provide, in the case of all other references, the decision of the referee or commissioner is only advisory, and the court may adopt the referee's recommendations in whole or in part after independently considering the referee's findings and any objections and responses thereto filed with the court.

The bill would make other related changes.

The bill would direct the Judicial Council to adopt all rules of court necessary to implement these provisions. The bill would also direct the Judicial Council to collect information regarding the use of these referees and fees paid by the parties for the use of referees. The bill would require the Judicial Council to report to the Legislature regarding this information by January 1, 2003.

Ch. 645 (AB 2913) Kuehl. Community property.

Existing law provides that upon the death of a married person, $\frac{1}{2}$ of the community property of a husband and wife belongs to the surviving spouse and the other half belongs to the decedent.

This bill would provide that the community property of a husband and wife when expressly declared in a transfer document to be community property with right of survivorship, shall pass to the survivor upon the death of one of the spouses, without administration. The bill would also permit the right of survivorship to be terminated prior to the death of either spouse, as specified. This provision would be operative July 1, 2001, and would apply to instruments created on or after that date.

Ch. 646 (AB 2891) Committee on Revenue and Taxation. Property taxation.

Existing law with respect to supplemental property tax assessments specifies various limitation periods for assessments on the supplemental tax roll. Existing law also provides that these limitations periods do not commence unless certain filings or transmittals occur.

This bill would eliminate this latter provision and would require, if a change in ownership is unrecorded and a change in ownership state or preliminary change in ownership report is not filed, that a supplemental assessment be made no later than the 8th July 1 following the July 1 of the assessment year in which the event giving rise to the supplemental assessment occurred. This bill would also specify that there is no limitations period upon the making of a supplemental assessment if a statutory penalty for fraud is required to be added to that assessment.

Existing law with respect to supplemental property tax assessments provides for the application of property tax exemptions to those assessments provided, among other things, that, where the assessee is required to file an application for exemption, the assessee files an application for exemption for the next following property tax lien date.

This bill would, subject to certain exceptions, require, in those instances in which the filing of an application for exemption is required, that an assessee file an exemption application or an amendment to a current exemption application on or before the 30th day following the date of a supplemental assessment notice in order to receive a full exemption with respect to that assessment. This bill would also specify partial exemption percentages to be applied against a supplemental assessment, in the case in which a timely application for exemption is not filed, for various specified property tax exemptions. This bill would also specify that the filing of an exemption claim is not required with respect to the supplemental tax roll if

a supplemental assessment results from (1) the completion of new construction upon property that has previously been exempted on either the current, regular property tax roll or the regular property tax roll being prepared, or (2) a change in ownership of property where the purchaser of that property owns and uses or uses, as applicable, property that has been granted any of certain property tax exemptions on either the current regular property tax roll or the regular property tax roll being prepared, and the newly acquired property is put to the same use.

Existing property tax law generally requires that an escape assessment be made within 4 years after July 1 of the assessment year in which the subject property escaped taxation or was underassessed, but instead specifies a 6-year limitations period for the making of an escape assessment to which is added a statutory penalty for evasion or misrepresentation with respect to taxable personal property. Existing property tax law provides that these limitations periods do not commence until July 1 of the assessment year in which either a change in ownership statement or a preliminary change in ownership report is filed with respect to the event giving rise to the escape assessment.

This bill would eliminate these latter provisions with respect to the commencement of limitations periods for the making of an escape assessment. This bill would also specify, as an additional exception to the general 4-year limitations period for making an escape assessment, an 8-year limitations period for an assessment resulting from an unrecorded change in ownership for which neither a change in ownership statement or preliminary change in ownership report is filed with respect to the event giving rise to the escape assessment or underassessment. This bill would further require that an escape assessment be made for each year that a property escaped taxation or was underassessed if either a statutory penalty for fraud is required to be added to an escape assessment or a change in ownership statement with regard to a legal entity is not filed.

Existing property tax law with respect to assessments made by the State Board of Equalization provides for the assessment of property, including the assessment of property on a unitary basis in the case in which properties are operated as a unit in a primary function of the assessee. Existing law also requires the board to mail a notice of a state assessment between the first day of January and the first day of June in the case of a unitary assessee, and between the first day of January and the last day of June in the case of a nonunitary assessee. Existing law requires each of these notices to advise the assessee with respect to a declaration of intent to petition for reassessment, and also establishes procedures and deadlines for the appeal of state assessments.

This bill would eliminate the filing of declarations of intent to petition for reassessment of state-assessed property, whether that property is assessed on a unitary or nonunitary basis. This bill would allow a petition for reassessment of unitary property to be filed no later than July 20 of the year of the assessment notice, and would allow a petition for reassessment of nonunitary property to be filed no later than September 20 of the year of the assessment notice. This bill would also establish a 50-day deadline for filing a petition for reassessment in the case of an escape assessment. This bill would also require the mailing of notice of a nonunitary assessment by the last day in July, rather than the last day of June.

Existing property tax law with respect to assessments made by the State Board of Equalization requires the board to allocate assessed values among the counties in which the assessed properties are located, and requires the board, upon or prior to its completion of its assessment roll, to mail notice to each assessee of the allocated assessed values of the assessee's unitary properties. Existing law requires this notice to specify a 5-day period from the date of mailing of the notice for the assessee to file a petition for correction of these allocations.

This bill would require the board to mail notice to an assessee of allocated assessed values no later than June 15 and require that notice to advise the assessee that a petition for correction may be filed no later than July 20 of the year of that notice. This bill would also require the board to notify an assessee of a hearing on a petition for correction of an allocated assessment

no less than 10 working days, rather than 5 days, in advance of the hearing. This bill would further require that a petition for correction of an allocated assessment be determined by December 31, rather than July 1.

Ch. 647 (SB 2170) Committee on Revenue and Taxation. Property taxation.

(1) Existing property tax law specifies that exemptions shall be applied to the amount of the supplemental assessment, as defined, provided, among other things, that claims for exemption are filed.

This bill would restore provisions relating to veterans', homeowners', and disabled veterans' exemptions inadvertently deleted in prior legislation.

This bill would also provide that no additional exemption claim shall be required to be filed until the next succeeding lien date in the case in which a supplemental assessment results from a change in ownership of property where the purchaser of the property owns and uses or uses, as the case may be, other property that has been granted the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, or welfare exemption on either the current roll or the roll being prepared and the property purchased is put to the same use.

(2) Existing property tax law provides that an escape or supplemental assessment may be levied for every year that property escaped assessment or was underassessed whenever a change in ownership statement was not filed.

This bill would revise those provisions to generally limit the collection of back taxes to 4 years, to 8 years when the escape or supplemental assessment is the result of an unrecorded change in ownership, and to 6 years for underreported personal property holdings. By imposing new duties upon local assessors, this bill would impose a state-mandated local program.

(3) Existing property tax law regulates appeals of assessments of state-assessed properties and appeals of the allocation of state assessments.

This bill would revise various deadlines and notice requirements with respect to those provisions.

This bill would eliminate the requirement to file a declaration of intent to petition for reassessment on unitary and nonunitary property.

(4) Existing property tax law provides for certain types of property tax assessments to be made outside the regular assessment period, provides for certain notices of those assessments to be given to assessees, and specifies that applications for reduction of those assessments are required to be filed within certain time periods.

This bill would clarify the various periods for the filing of an appeal of certain assessments made outside of the normal assessment period, would establish specified periods for the filing of an appeal of a supplemental, or penal or escape, assessment, together with an affidavit under penalty of perjury, in the case in which the assessee does not receive notice of the assessment at least 15 days prior to the normal deadline for the filing of an appeal. This bill would also specify the contents of the notice that is required to be provided to an assessee with respect to a penal or escape assessment. By creating a new crime in the form of perjury, this bill would establish a state-mandated local program.

(5) Existing property tax law specifies, for a county that has not adopted an ordinance under a specified statute with respect to the new valuation of damaged or destroyed property, the method of calculation of the taxable value of real property that has been damaged or destroyed, as provided, or that has been subject to voluntary removal by the taxpayer. Existing law establishes that calculation on the basis of the lesser of the base year value and the full cash value of the subject real property.

This bill would clarify, for purposes of calculating the taxable value of real property that has been destroyed or been subject to voluntary removal, that the base year value of the real property does not include that portion of the prior base year value of the property that was attributable to that portion of the property that was destroyed or removed.

Existing property tax law specifies that a documented vessel, as defined, shall be assessed at 4% of its full cash value only if that vessel is engaged or employed exclusively in any of certain undertakings.

This bill would make a technical, nonsubstantive change by eliminating obsolete reimbursement provisions contained in these provisions.

(6) Existing property tax law provides that certain assessor's appraisal information shall be disclosed to specified state agencies, and certain of those agencies shall reimburse the assessor for costs.

This bill would include the State Lands Commission as one of those state agencies to which that information shall be disclosed for costs.

(7) Existing property tax law provides that all contracts for the performance of appraisal work for assessors by individuals that are not employees of specified governmental entities shall be entered into only after at least 2 competitive bids.

This bill would provide that those individuals and contracts are subject to specified confidentiality rules and requirements, require that certain records be returned to assessors, and clarify that requests from taxpayers have specific authorization.

(8) The Personal Income Tax Law imposes a specified annual tax upon limited partnerships.

This bill would provide that specified limited partnerships that ceased doing business would not be subject to that tax, as provided.

(9) Existing laws provide that, for purposes of issuing a warrant of the collection of income and bank and corporation taxes, no levy may be issued on any property or right to property to be sold until a thorough investigation has been completed by the Franchise Tax Board.

This bill would clarify that trade or business property may not be levied upon unless the levy is approved by the board's assistant executive officer or the board finds that collection of the tax is in jeopardy.

(10) The Personal Income Tax Law provides a specified refundable child care credit.

This bill would provide that denial of credits or refunds shall be made as provided and would permit claimants a right of protest and appeal.

(11) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 648 (AB 1340) Honda. Sex offender registration.

(1) Under existing law, the Department of Justice is required to identify, on the basis of its records, high-risk sex offenders and to provide to each chief of police and sheriff in the state, and to any other designated law enforcement entity upon request, specified information regarding each identified high-risk sex offender. Existing law authorizes the Department of Justice and any law enforcement entity provided with information regarding a high-risk sex offender to cause this information, and additional information including the offender's address, to be made public by whatever means the agency deems necessary to ensure the public safety. Under existing law, law enforcement agencies and employees of law enforcement agencies are immune from liability for good faith conduct under these provisions.

This bill would provide that a law enforcement agency may authorize persons and entities who receive information regarding a high-risk sex offender to disclose the information to additional persons only if the agency determines that specified conditions have been satisfied regarding disclosure to the additional persons and identifies the appropriate scope of further disclosure. This bill would, for purposes of these provisions, include within the definition of law enforcement agency, the Department of Corrections and the Department of the Youth Authority.

(2) (a) Existing law requires the Department of Justice to continually compile specified information categorized by community of residence and ZIP Code regarding any person required to register as a sex offender for a conviction of any specified sex offense.

This bill would make this provision applicable to any person required to register as a sex offender because of a conviction for the attempted commission of any of the specified sex offenses.

(b) Existing law requires the Department of Justice to provide a CD-ROM or other electronic medium containing the information described in (a) regarding persons required to register as sex offenders to certain law enforcement agencies. These law enforcement agencies are required to make the CD-ROM or other electronic medium available for public viewing. Existing law requires any applicant for viewing, among other things, to provide identification showing the applicant to be at least 18 years of age. Under existing law, law enforcement agencies and employees of law enforcement agencies are immune from liability for good faith conduct under these provisions.

This bill would authorize a person under 18 years of age to accompany an applicant who is that person's parent or legal guardian for the purpose of viewing the CD-ROM or other electronic medium. The bill also would, for purposes of these provisions, include within the definition of "law enforcement agency," the Department of Corrections and the Department of the Youth Authority. The bill would also require the Department of Justice to submit an annual report on the operation of this program.

(c) Existing law provides that the provisions described in (a) and (b) above shall remain operative until January 1, 2001, and as of that date are repealed.

This bill would instead provide that the date of repeal shall be January 1, 2004, and by extending the operation of any program under the provisions which imposes duties on local officers and by extending the operation of existing crimes, this bill would impose a state-mandated local program.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(4) This bill would incorporate additional changes in Section 290 of the Penal Code proposed by AB 2502, and would also incorporate changes proposed by SB 446, that would become operative only if both this bill and SB 446 are enacted and this bill is chaptered last.

Ch. 649 (SB 446) Dunn. Sex offenders: registration.

(1) Existing law provides that any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of specified sex offenses, or any person who is released from a state hospital to which he or she was committed as a mentally disordered sex offender, shall prior to discharge, parole, or release, be informed by

the official in charge of the place of confinement or hospital of his or her duty to register as a sex offender with local law enforcement agencies for the rest of his or her life while residing or located in California.

This bill would provide that the official in charge of the place of confinement or hospital shall also at the same time forward a current photograph of the person to the Department of Justice.

(2) Existing law provides that (1) on or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register with local law enforcement agencies as a sex offender shall preregister with the admitting officer at the place of incarceration, placement, or commitment, or with the probation officer if the person is to be released on probation; and (2) specified persons shall register, or reregister if the person has previously registered, with local law enforcement agencies as a sex offender upon release from incarceration, placement, or commitment.

This bill would provide that the preregistration and registration of these persons shall include a current photograph of the person. By imposing additional duties on local officials, this bill would impose a state-mandated local program. This bill would also make a related statement of legislative intent.

(3) This bill would incorporate additional changes in Section 290 of the Penal Code proposed by AB 2502, and would also incorporate changes proposed by AB 1340, that would become operative if both this bill and AB 1340 are enacted and this bill is chaptered last.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 650 (AB 77) Cardenas. Small business development corporations.

The Small Business Development Corporation Law authorizes the formation of California small business financial development corporations, subject to the approval of the California Small Business Board in the Trade and Commerce Agency, to grant loans or guarantees for the purpose of stimulating small business development. The California Small Business Expansion Fund, created under the law, provides funds to be used to pay for defaulted loan guarantees and administrative costs of these corporations.

Existing law provides that state funds may only be expended for a small business development corporation established in a location approved pursuant to a statewide plan. Existing law requires the Trade and Commerce Agency to contract for an independent statewide assessment of capital needs in California as they pertain to the Small Business Financial Development Corporation program.

This bill, notwithstanding these provisions, would require the Trade and Commerce Agency to establish new small business financial development corporations in San Jose, Santa Ana, the San Fernando Valley, and Ontario.

It would also require each of the small business financial development corporations, upon the recommendation of the California Small Business Board and at least once each year, to make a presentation and overview of the corporation's business operations to the board.

Ch. 651 (SB 193) Polanco. Vehicles: special breast cancer treatment license plates.

Existing law requires the Department of Motor Vehicles to issue special interest license plates, as specified, containing a distinct design or decal of participating organizations, to any person, to be displayed in lieu of regular license plates.

This bill would add a special breast cancer treatment license plate to the special interest license plate program. The bill would require the additional funds collected by the issuance of these special interest license plates to be deposited in the Breast Cancer Treatment Account, created by the bill, in the Breast Cancer Fund to be used by the State Department of Health Services, when appropriated, to fund breast cancer treatment grant awards for uninsured or underinsured persons who are at, or below, the 200% federal poverty level, as specified.

Ch. 652 (SB 499) Burton. Imprisonment: parole.

Existing law provides that the Board of Prison Terms may report to the Governor the names of persons imprisoned in any state prison who ought to have a commutation of sentence or be pardoned and set at liberty for any cause, including evidence of battered woman syndrome, as defined.

This bill would require the board, in reviewing a prisoner's suitability for parole, as specified, to consider any information or evidence that, at the time of the commission of the crime, the prisoner had suffered from battered woman syndrome, but was convicted of the offense prior to the enactment of Section 1107 of the Evidence Code by Chapter 812 of the Statutes of 1991. This bill would also require the board to state on the record the information or evidence it considered pursuant to these provisions, and the reasons for the parole decision. This bill would require the board to report annually to the Legislature and the Governor, as specified.

Ch. 653 (SB 865) Hughes. Gangs: CLEAR project.

Existing law authorizes the City and County of Los Angeles to establish and operate for 2 years a Community Law Enforcement and Recovery (CLEAR) Demonstration Project, a multiagency gang intervention program. Existing law also provides that the CLEAR project shall remain operative until no later than 2 years from the date that the funds are initially appropriated by the Legislature for the project. Existing law repeals these provisions on January 1, 2001.

This bill would extend the repeal date until January 1, 2004. This bill would provide that implementation of this project would be contingent upon a Budget Act appropriation.

Ch. 654 (SB 1357) Johnston. High Technology Crime Advisory Committee: Department of Information Technology.

Existing law, scheduled to be repealed on January 1, 2003, established the High Technology Crime Advisory Committee for the purpose of formulating a comprehensive written strategy for addressing high technology crime throughout the state and to advise the Office of Criminal Justice Planning on the appropriate disbursement of funds to regional task forces. Existing law requires the appointment of specified entities as members of the committee.

This bill would continue indefinitely the provisions relating to the High Technology Crime Advisory Committee, and would, in addition, require the appointment of a designee of the Department of Information Technology or a designee of the Science and Technology Agency, if SB 1136 is enacted, as specified, as a member of the committee.

Ch. 655 (SB 1433) Alpert. San Diego Bay commuter ferry service.

Existing law, notwithstanding certain statutes limiting transportation funding to prescribed purposes, authorizes cities within the County of San Diego to file a claim for transportation funding with the transportation planning agency to provide commuter ferry service on San Diego Bay for the purpose of serving peak period commute trips for pedestrians and bicycles.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would further exempt such a claim from certain statutes relating to transportation funding eligibility.

Ch. 656 (SB 1662) Burton. Transportation: finance.

(1) Existing law establishes the Traffic Congestion Relief Fund (hereafter the TCRF) in the State Treasury and appropriates the money in the TCRF (a) to the Department of Transportation for allocation, as directed by the California Transportation Commission, to the department and certain regional and local transportation entities for certain listed transportation projects, (b) to the Controller for allocation to cities, counties, and cities and counties for street and road maintenance, rehabilitation, and reconstruction, (c) to the commission for the purposes of a specified funding exchange program, and (d) to the department for rehabilitation and repaving projects on state highways. Existing law establishes a list of transportation projects eligible for funding with money from the TCRF, specifies the lead applicant for each project, and establishes a procedure for the lead applicant to apply to the commission for funds for each project.

Existing law requires the Controller to transfer specified amounts on a quarterly basis from the General Fund to the Transportation Investment Fund (hereafter the TIF) in the State Treasury. The Controller, for each quarter during the period commencing on July 1, 2001, and ending on June 30, 2006, is required to transfer specified amounts from the TIF to the TCRF, to the Public Transportation Account, a trust fund in the State Transportation Fund, to the Department of Transportation, to the counties, including a city and county, and to the cities, including a city and county, for specified transportation purposes. Funds transferred to counties, cities, and cities and counties are required to be deposited in certain local accounts, as specified, in order to avoid the commingling of those funds with other local funds and may be used only for street and highway maintenance, rehabilitation, reconstruction, and storm damage repair, as defined. Cities, counties, and cities and counties are required to maintain their existing commitment of local funds for street and highway maintenance, rehabilitation, reconstruction, and storm damage repair in order to remain eligible for allocation of the specified funds.

This bill would make technical and clarifying corrections in these provisions, including changing the lead agency for certain transportation projects on the specified project list.

The bill would require the Controller to develop a system that provides access to funds allocated by the commission from the TCRF by electronic transfer of funds.

The bill would make an appropriation by adding a project to the transportation project list and specifying the amount to be allocated to that project.

The bill would appropriate \$13,900,000 from the Public Transportation Account in the State Transportation Fund to the Capitol Corridor Joint Powers Authority and the Bay Area Water Transit Authority, in specified scheduled amounts and for specific purposes.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 657 (SB 1784) Figueroa. Children: molestation.

Existing law makes it a misdemeanor to annoy or molest a child under the age of 18 years. Existing law provides that every person who violates this provision shall be punished upon any subsequent convictions under this section by imprisonment in the state prison. Existing law also provides that every person who violates this provision after a previous felony conviction under this provision, or a previous conviction of other specified provisions, shall be punished by imprisonment in the state prison for 2, 4, or 6 years.

This bill would extend the list of prior offenses that would make a subsequent violation of this provision punishable by imprisonment in the state prison to include certain felony offenses involving a minor under the age of 16 years.

Because this bill would change a misdemeanor to a felony, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 658 (SB 2023) Lewis. Interstate Compact for Adult Offender Supervision.

Existing law provides for various interstate compacts in regard to persons convicted of offenses.

This bill would enact the Interstate Compact for Adult Offender Supervision. This compact would be effective upon adoption of the compact by 35 states. The compact would provide for the adoption of votes by a commission to govern the interstate movement of criminal offenders.

The bill would also provide for the California Council for Interstate Adult Offender Supervision, appointed as specified.

Ch. 659 (SB 2098) Hayden. Department of the Youth Authority: mental health.

Existing law authorizes the Department of the Youth Authority to appoint all employees required at institutions under the department's jurisdiction.

This bill would require any psychologist employed by, or under contract with, the department to be licensed to practice in this state. The bill would provide an exemption, however, from the licensing requirement for psychologists employed by the department on July 1, 1999, provided that their continued employment with the department does not change in regard to class, and would waive the licensing requirement in order for a person to gain qualifying expertise for licensure as a psychologist in this state.

Existing law authorizes the performance of necessary medical, surgical, or dental services for persons under the jurisdiction of the Department of the Youth Authority.

This bill would require the State Department of Mental Health to establish, by a specified date, standards and guidelines for the administration of psychotropic medications to those persons in a manner that protects their well-being. The bill would require the Department of the Youth Authority, in consultation with the State Department of Mental Health, to the extent that funding is available, to develop training in the treatment of children and adolescents in mental health disorders and training for all appropriate mental health professionals.

Ch. 660 (SB 2100) Vasconcellos. Healing arts: nonconventional treatment.

(1) Existing law provides for the licensure and regulation of physicians and surgeons by the Medical Board of California and for the licensure and regulation by the Osteopathic Medical Board of California of physicians and surgeons who hold certificates subject to its jurisdiction.

This bill would require these boards, on or before July 1, 2002, to establish disciplinary policies and procedures to reflect emerging and innovative medical practices for licensed physicians and surgeons. This bill would request the University of California to review the state of knowledge and emerging research regarding alternative and complementary cancer treatments and therapies for the purpose of assisting the Governor and Legislature, as specified.

This bill would make various legislative findings and declarations in this regard.

Ch. 661 (SB 2113) Burton. Redevelopment plans: San Francisco.

The Community Redevelopment Law prescribes time limits on the effectiveness of, and the establishing and payment of debt and the receipt of property taxes pursuant to, redevelopment plans adopted on or before December 31, 1993, and authorizes a 10-year extension of those time limits, as specified. The Community Redevelopment Law also imposes specified requirements relating to replacement of low- or moderate-income housing units that are removed or destroyed.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize the Redevelopment Agency of the City and County of San Francisco, subject to the approval of the board of supervisors of that city and county, to incur indebtedness exclusively for Low and Moderate Income Housing Fund activities until January 1, 2014, or until the agency replaces all of the housing units demolished prior to the enactment of the replacement housing obligations, whichever occurs earlier, and to receive tax increment revenues to repay indebtedness incurred for those activities until no later than January 1, 2044, as specified. The bill would prohibit the agency from incurring that indebtedness until the Director of Housing and Community Development certifies the net difference between those housing units destroyed prior to January 1, 1976, and those rehabilitated, developed, or constructed, prior to that date.

Ch. 662 (SB 2196) Alpert. High-risk youth: first-time offenders and transitioning high-risk youth.

Existing law establishes the High-Risk Youth Education and Public Safety Program, which includes a specified component for high-risk first-time offenders and a specified component for pupils who are transitioning high-risk youth. The program assists county offices of education and school districts in implementing prevention and early intervention strategies for youth who are seriously at risk of becoming chronic, repeat offenders. Existing law requires the Superintendent of Public Instruction to apportion, in addition to funds from all other sources, \$3,000 per year for each unit of average daily attendance reported at the annual apportionment for pupil attendance in a high-risk first-time offenders program and a transitioning high-risk youth program, to be apportioned as specified and limited to a specified amount, as determined by the product of the average number of pupils, per calendar year, enrolled to receive those services, multiplied by \$6,000 for high-risk first-time offenders, and \$5,000 for transitioning high-risk youth, to participating county superintendents of schools for the purposes of the program, as specified. Existing law requires that, at the final apportionment for the 3rd year of program operation, or at the final apportionment for the last year of program operation if the program operates for fewer than 3 years, the apportionment for a county office of education be reduced by a specified amount.

This bill would increase the apportionment for purposes of those programs, effective July 1, 2000, to \$6,000, would increase those multipliers, from \$6,000, for high-risk first-time offenders and \$5,000 for transitioning high-risk youths, to \$12,000 and would make corresponding changes in related provisions. The bill would also require that the reduction in the apportionment received by a county office of education take place at the final apportionment for the 5th year of program operation, as specified.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 663 (SB 1603) Peace. Juvenile offenders: release from custody.

Existing law provides that a probation officer may require a minor who has been taken into custody or his or her parent, guardian, or relative to sign a written promise to appear before the probation officer at a specified time as a condition for his or her release. Existing law, as amended by Proposition 21 (an initiative statute) at the March 7, 2000, primary election, also provides that a minor who is 14 years of age or older who is taken into custody by a peace officer for the commission or attempted commission of a felony shall not be released until the minor, his or her parent, guardian, or relative, or both, have signed a written promise to appear at a specified time or the minor has been given an order to appear in the juvenile court at a date certain.

This bill would delete the above provisions and would instead provide that, as a condition for the release of a minor to home supervision, as specified, a peace officer or the probation officer shall require the minor to sign, and may require his or her parent, guardian, or relative to sign, a written promise to appear. By imposing additional duties on local officers, the bill would impose a state-mandated local program.

The bill would prohibit the release of a minor 14 years of age or older who is taken into custody for the commission or attempted commission of a felony until the minor has signed the written promise or until the minor has been given an order to appear in the juvenile court. The bill would also authorize the peace officer to require the minor's parent, guardian, or relative to sign a written promise to appear at the same place designated for the minor.

Because the bill would amend Proposition 21, it would require a $\frac{2}{3}$ vote for enactment.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 664 (AB 1382) Lowenthal. Housing: code enforcement incentive program.

Existing law contains various provisions relating to building standards and code enforcement.

This bill would establish the Code Enforcement Incentive Program pursuant to which the Department of Housing and Community Development, upon appropriation by the Legislature, would make funds available as matching grants to cities, counties, and cities and counties through December 31, 2003, to increase staffing dedicated to local building code enforcement efforts. The bill would require the department to award the grants on a competitive basis, as specified, and would exempt the grant program from provisions of the Administrative Procedure Act.
