[Approved by Governor September 28, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 113716 of the Health and Safety Code is amended to read:

113716. (a) (1) On or before January 1, 2000, each food facility shall have an owner or employee who has successfully passed an approved and accredited food safety certification examination. For purposes of this section, multiple contiguous food facilities permitted within the same site and under the same management, ownership, or control shall be deemed to be one food facility, notwithstanding the fact that the food facilities may operate under separate permits.

(2) The Legislature finds and declares that the certification required by this section may impose hardship on the owners and operators of smaller food facilities and, therefore, to the extent that a person who is seeking certification pursuant to this section requires training in order to successfully pass an approved and accredited food safety certification

examination, this training shall be designed and provided in as flexible a manner as possible. To that end, the Legislature further finds and declares that this training may include, but need not be limited to, classroom training, home study programs, and computer-assisted training.

(b) On and after January 1, 2000, a food facility that commences operation, changes ownership, or no longer has a certified owner or employee pursuant to this section shall have 60 days to comply with subdivision (a).

(c) There shall be at least one certified owner or employee at each food facility. No certified person at a food facility for purposes of subdivision (a) may serve at any other food facility as the person required to be certified pursuant to this section. The certified owner or employee need not be present at the food facility during all hours of operation.

(d) The responsibilities of a certified owner or employee at a food facility shall include the safety of food preparation and service, including ensuring that all employees who handle, or have responsibility for handling, unpackaged foods of any kind have sufficient knowledge to ensure the safe preparation or service of the food, or both. The nature and extent of the knowledge that each employee is required to have may be tailored, as appropriate, to the employee's duties related to food safety issues.

(e) The food safety certificate issued pursuant to this section shall be retained on file at the food facility at all times, and shall be made available for inspection by the health enforcement officer.

(f) The issuance date for each original certificate issued pursuant to this section shall be the date when the individual successfully completes the examination. A certificate shall expire three years from the date of original issuance. Any replacement or duplicate certificate shall have as its expiration date the same expiration date that was on the original certificate.

(g) Certified individuals shall be recertified every three years by passing an approved and accredited food safety certification examination.

(h) On or before March 1, 1999, enforcement agencies shall notify all permitted food facilities subject to this section of the new legal obligation imposed by this section and provide to them the names and contact addresses for all approved and accredited food safety certification examinations.

(i) The food safety certification examination shall include, but need not be limited to, the following elements of knowledge:

(1) Foodborne illness, including terms associated with foodborne illness, microorganisms, hepatitis A, and toxins that can contaminate food and the illness that can be associated with contamination, definition

and recognition of potentially hazardous foods, chemical, biological, and physical contamination of food, and the illnesses that can be associated with food contamination, and major contributing factors for foodborne illness.

(2) The relationship between time and temperature with respect to foodborne illness, including the relationship between time and temperature and microorganisms during the various food handling, preparation, and serving states, and the type, calibration, and use of thermometers in monitoring food temperatures.

(3) The relationship between personal hygiene and food safety, including the association of hand contact, personal habits and behaviors, and food worker health to foodborne illness, and the recognition of how policies, procedures, and management contribute to improved food safety practices.

(4) Methods of preventing food contamination in all stages of food handling, including terms associated with contamination and potential hazards prior to, during, and after delivery.

(5) Procedures for cleaning and sanitizing equipment and utensils.

(6) Problems and potential solutions associated with facility and equipment design, layout, and construction.

(7) Problems and potential solutions associated with temperature control, preventing cross-contamination, housekeeping, and maintenance.

(j) (1) Except as otherwise provided in paragraph (2), tests, utilizing forms recognized by the Conference on Food Protection, of the following food safety certification examination providers shall be deemed to be approved and accredited for purposes of this section:

(A) The National Restaurant Association Educational Foundation's ServSafe Food Protection Manager Certification Examination.

(B) Experior Assessments LLC.

(C) The National Registry of Food Safety Professionals.

(D) The certifying board of the Dietary Managers' Association.

(2) (A) On or before January 1, 2000, the department, in consultation with the California Conference of Directors of Environmental Health (CCDEH), the Conference for Food Protection, representatives of the retail food industry, and other interested parties, shall develop regulations to approve and accredit additional equivalent food safety certification examinations and to disapprove and eliminate accreditation of food safety certification examinations.

(B) Commencing January 1, 1999, at least one of the accredited statewide food safety certification examinations shall cost no more than sixty dollars ($60), including the certificate. However, commencing January 1, 2000, the department may adjust the cost of food safety certification examinations to reflect actual expenses incurred in

producing and administering the food safety certification examinations required under this section. If a food safety certification examination is not available at the price established by the department, the certification and recertification requirements relative to food safety certification examinations imposed by this section shall not apply.

(k) (1) For purposes of this section, a food facility includes only the following:

(A) A food establishment, as defined in Section 113780, at which unpackaged foods are prepared, handled, or served.

(B) A mobile food preparation unit, as defined in Section 113815.

(C) A stationary mobile food preparation unit, as defined in Section 113890.

(D) A commissary, as defined in Section 113750.

(B) Notwithstanding paragraph (1), this section shall not apply to those food facilities that handle only unpackaged, nonpotentially hazardous foods. Those facilities may choose to meet the requirements through full certification, or may adequately demonstrate to the enforcement officer the knowledge of the employees of the food facility of food safety principles as they relate to the specific food operation.

(3) Notwithstanding paragraph (1), this section shall not apply to a food facility operated by a school district, county office of education, or community college district if the district or office elects to be regulated by the food safety program of the city, county, or city and county in which the school district, county office of education, or community college district is located.

(*l*) For purposes of this section, the following definitions apply:

(1) ''Food safety program'' means any city, county, or city and county program that requires, at a minimum, either of the following:

(A) The training of one or more individuals, whether denominated as ''owners,'' ''managers,'' ''handlers,'' or otherwise, relating in any manner to food safety issues.

(B) Individuals to pass a food safety certification examination.

(2) ''Food handler program'' means any city, county, or city and county program that requires that all or a substantial portion of the employees of a food facility who are involved in the preparation, storage, service, or handling of food products to engage in food safety training or pass a food safety certification examination, or both.

(m) (1) Any provisions of a food safety program in effect prior to January 1, 1999, that require training or a certification examination, or

both, shall be deemed to satisfy the requirements of this chapter until January 1, 2001, at which time these provisions shall fully conform with the requirements of this chapter. However, all provisions of a food safety program in effect prior to January 1, 1999, that do not pertain to training or a certification program shall conform with the requirements of this chapter by January 1, 2000.

(2) On and after January 1, 1999, a food safety program that was not in effect prior to that date may not be enacted, adopted, implemented, or enforced, unless the program fully conforms with the requirements of this chapter.

(n) No city, county, or city and county may enact, adopt, implement, or enforce any requirement that any food facility or any person certified pursuant to this section do any of the following:

(1) Obtain any food safety certificate or other document in addition to the certificate required by this section.

(2) Post, place, maintain, or keep the certificate required by this section other than as specified in subdivision (e).

(3) Pay any fee or other sum as a condition for having a certificate verified, validated, or otherwise processed by the city, county, or city and county.

(o) Certification conferred pursuant to this chapter shall be recognized throughout the state. Nothing in this chapter shall be construed to prohibit any local enforcement agency from implementing or enforcing a food handler program, as defined in paragraph (2) of subdivision (*l*) that took effect prior to January 1, 1998, but only in the form in which the program existed prior to January 1, 1998.

(p) Notwithstanding Section 113935, a violation of this section shall not constitute a misdemeanor, but shall constitute grounds for permit suspension or revocation, in accordance with Article 5 (commencing with Section 113950).

SEC. 2. Section 113830 of the Health and Safety Code is amended to read:

113830. ''Open-air barbecue facility'' means an unenclosed facility for barbecuing food, where the food is prepared out of doors by cooking directly over hot coals, heated lava, hot stones, gas flame, or other method approved by the state department, on equipment suitably designed and maintained for use out of doors, that is operated by a food establishment, temporary food facility, or stationary mobile food preparation unit, that is operated in full compliance with Article 9 (commencing with Section 114185).

SEC. 3. Section 113925 of the Health and Safety Code is amended to read:

(b) For purposes of enforcement of this chapter, any authorized enforcement officer may, during the facility's hours of operation and other reasonable times, enter, inspect, issue citations to, and secure any sample, photographs, or other evidence from, any food facility, or any facility suspected of being a food facility, for the purpose of enforcing this chapter. If a food facility is operating under an HACCP plan, as defined in Section 113797 and adopted pursuant to Section 114055 or 114056, the enforcement officer may, for the purpose of determining compliance with the plan, secure as evidence any documents, or copies of documents, relating to the facility's adherence to the HACCP plan.

(c) It is a violation of this chapter for any person to refuse to permit entry or inspection, the taking of samples or other evidence, or access to copy any record as authorized by this chapter, or to conceal any samples or evidence, or withhold evidence concerning them.

(d) A written report of the inspection shall be made and a copy shall be supplied or mailed to the owner, manager, or operator of the food facility.

SEC. 4. Section 113996 of the Health and Safety Code is amended to read:

113996. (a) All ready-to-eat foods prepared at the food facility from raw or incompletely cooked animal tissue shall be thoroughly cooked prior to serving. For purposes of this subdivision, food shall be deemed to be thoroughly cooked if it conforms to the following requirements, except as specified in subdivision (b):

(1) Comminuted meat or any food containing comminuted meat shall be heated to a minimum internal temperature of 69 degrees Celsius (157 degrees Fahrenheit), or an optional internal temperature of 68 degrees Celsius (155 degrees Fahrenheit) for 15 seconds.

(2) Eggs and foods containing raw eggs shall be heated to a minimum internal temperature of 63 degrees Celsius (145 degrees Fahrenheit).

(3) Pork shall be heated to a minimum internal temperature of 63 degrees Celsius (145 degrees Fahrenheit) for 15 seconds.

(4) Poultry, comminuted poultry, stuffed fish, stuffed meat, stuffed poultry, and any food stuffed with fish, meat, or poultry shall be heated to a minimum internal temperature of 74 degrees Celsius (165 degrees Fahrenheit).

(b) When foods containing raw or incompletely cooked animal tissue specified in this section are prepared in a microwave oven, they shall be heated at a minimum internal temperature of at least 74 degrees Celsius (165 degrees Fahrenheit) in all parts of the food. During microwaving, the food shall be completely enclosed in a container to retain surface moisture, and periodically stirred or rotated to assure even heat distribution. Upon the completion of microwaving, the enclosed food shall be left standing for a minimum of two minutes to assure

temperature equilibrium. This subdivision does not apply to the heating of ready-to-eat cooked foods or the defrosting of food items.

(c) A ready-to-eat salad dressing or sauce containing a raw or less-than-thoroughly cooked egg as an ingredient, and other ready-to-eat foods made from or containing eggs, comminuted meat, or single pieces of meat (including beef, veal, lamb, pork, poultry, fish, and seafood) that are raw or have not been thoroughly cooked as provided in subdivision (a) may be served if either of the following requirements are met:

(1) The consumer specifically orders that the food be individually prepared less than thoroughly cooked.

(2) The food facility notifies the consumer, orally or in writing, at the time of ordering, that the food is raw or less than thoroughly cooked.

(d) The department shall authorize alternative time and temperature minimum heating requirements to thoroughly cook the foods identified in this section when the food facility or person demonstrates to the department that the alternative heating requirements provide an equivalent level of food safety.

(e) For purposes of this section, ''meat'' means the tissue of animals used as food, including beef, veal, lamb, pork, and other edible animals, except eggs, fish, and poultry, that is offered for human consumption.

(f) It is the intent of the Legislature that the requirements of this section be uniformly enforced. The department shall train and provide guidance to local health departments to promote uniform enforcement of the requirements specified in this section.

SEC. 5. Section 113998 is added to the Health and Safety Code, to read:

113998. (a) Whenever any potentially hazardous food, as defined in Section 113845, that has been prepared, cooked, and cooled by a food facility is thereafter reheated by that food facility for hot holding, it shall be reheated to a minimum internal temperature of 74 degrees Celsius (165 degrees Fahrenheit).

(b) Any potentially hazardous ready-to-eat food taken from a commercially processed, hermetically sealed container, or from an intact package from a food processing plant that is inspected by the food regulatory authority that has jurisdiction over the plant, shall be heated to a temperature of at least 60 degrees Celsius (140 degrees Fahrenheit) for hot holding. A minimum temperature shall not be required if the food described in this subdivision is prepared for immediate service.

SEC. 6. Section 114090 of the Health and Safety Code is amended to read:

114090. (a) All utensils and equipment shall be scraped, cleaned, or sanitized as circumstances require.

(b) All food establishments in which food is prepared or in which multiservice kitchen utensils are used shall have a sink with at least three

compartments with two integral metal drainboards. Additional drainage space that is not necessarily attached to the sink may be provided. The sink compartments and drainage facilities shall be large enough to accommodate the largest utensil or piece of equipment to be cleaned therein. A one-compartment or two-compartment sink that is in use on January 1, 1996, may be continued in use until replaced. The enforcement officer may approve the continued use of a one-compartment or two-compartment sink even upon replacement if the installation of a three-compartment sink would not be readily achievable and where other approved sanitation methods are used.

(c) All food establishments in which multiservice consumer utensils are used shall clean the utensils in one of the following ways:

(1) Handwashing of utensils using a three-compartment metal sink with dual integral metal drainboards where the utensils are first washed by hot water and a cleanser until they are clean, then rinsed in clear, hot water before being immersed in a final warm solution meeting the requirements of Section 114060.

(2) Machine washing of utensils in machines using a hot water or chemical sanitizing rinse shall meet or be equivalent to sanitation standards approved pursuant to Section 114065 and shall be installed and operated in accordance with those standards. The machines shall be of a type, and shall be installed and operated, as approved by the department. The velocity, quantity, and distribution of the wash water, type and concentration of detergent used therein, and the time the utensils are exposed to the water, shall be sufficient to clean the utensils.

(3) A two-compartment metal sink, having metal drainboards, equipped for hot water sanitization, that is in use on January 1, 1985, may be continued in use until replaced.

(4) Other methods may be used after approval by the department.

(d) Hot and cold water under pressure shall be provided through a mixing valve to each sink compartment in all food establishments constructed on or after January 1, 1985.

(e) All utensil washing equipment, except undercounter dish machines, shall be provided with two integral metal drainboards of adequate size and construction. One drainboard shall be attached at the point of entry for soiled items and one shall be attached at the point of exit for cleaned and sanitized items. Where an undercounter dish machine is used, there shall be two metal drainboards, one for soiled utensils and one for clean utensils, located adjacent to the machine. The drainboards shall be sloped and drained to an approved waste receptor. This requirement may be satisfied by using the drainboards appurtenant to sinks as required in subdivision (b) and paragraph (1) of subdivision (c), if the facilities are located adjacent to the machine.

(f) The handling of cleaned and soiled utensils, equipment, and kitchenware shall be undertaken in a manner that will preclude possible contamination of cleaned items with soiled items.

(g) All utensils, display cases, windows, counters, shelves, tables, refrigeration units, sinks, dishwashing machines, and other equipment or utensils used in the preparation, sale, service, and display of food shall be made of nontoxic, noncorrosive materials, shall be constructed, installed, and maintained to be easily cleaned, and shall be kept clean and in good repair.

(h) Utensils and equipment shall be handled and stored so as to be protected from contamination. Single-service utensils shall be obtained only in sanitary containers or approved sanitary dispensers, stored in a clean, dry place until used, handled in a sanitary manner, and used once only.

(i) Equipment food-contact surfaces and utensils shall be cleaned and sanitized as follows:

(1) Each time there is a change in processing between types of animal products except when products, are handled in the following order: any cooked ready-to-eat products first; raw beef and lamb products second; raw fish products third; and raw pork or poultry products last.

(2) Each time there is a change from working with raw foods of animal origin to working with ready-to-eat foods.

(3) Between uses with raw fruits or vegetables and with potentially hazardous food.

(4) Before each use of a food temperature-measuring device.

(5) At any time during the food handling operation when contamination may have occurred.

(j) (1) Except as provided in paragraphs (2) and (3) of this subdivision, if used with potentially hazardous food, equipment food-contact surfaces and utensils shall be cleaned and sanitized throughout the day, at least every four hours.

(2) Equipment food-contact surfaces and utensils may be cleaned and sanitized less frequently than every four hours if the utensils and equipment are used to prepare food in a refrigerated room, at or below 13 degrees Celsius (55 degrees Fahrenheit), and the utensils and equipment are cleaned and sanitized at least every 24 hours.

(3) Equipment food-contact surfaces and utensils may be cleaned and sanitized less frequently than every four hours if the enforcement agency approves the cleaning schedule utilized based on a consideration of the following factors:

(A) Characteristics of the equipment and its use.

(B) The type of food involved.

(C) The amount of food residue accumulation.

(D) The temperature at which the food is maintained during the operation and the potential for the rapid and progressive growth of infectious or toxigenic microorganisms that may cause food infections or food intoxications.

(k) Nonfood contact surfaces of equipment shall be cleaned at a frequency necessary to prevent accumulation of residue.

SEC. 7. Section 114190 of the Health and Safety Code is amended to read:

114190. Notwithstanding the provisions of this chapter, neither the state department nor any city, county, or city and county shall require the enclosure of an open-air barbecue facility if the appropriate enforcement officer determines that the barbecue facility meets all of the following requirements:

(a) (1) The barbecue facility is operated on the same premises as, in reasonable proximity to, and in conjunction with, a food establishment, temporary food facility, or stationary mobile food preparation unit.

(2) For purposes of this chapter, the permitted food establishment, temporary food facility, or stationary mobile food preparation unit shall be deemed to be the operator of the barbecue facility, and shall be responsible for ensuring that it is operated in full compliance with this chapter.

(b) All food waste and rubbish containing food waste is handled in accordance with the requirements of Section 114035.

(c) The facility is operated in compliance with Articles 6 (commencing with Section 113975) and 7 (commencing with Section 113990), except for Sections 114030, 114045, and 114060.

(d) The multiservice utensils and equipment used in conjunction with the open-air barbecue facility are made of nontoxic materials, are constructed and maintained in a manner so they can be easily cleaned, and are kept clean and in good repair.

(e) Food and beverages served out of doors are dispensed from units approved by the enforcement officer. No other food may be prepared or stored in the out of doors, except for food cooked on the open-air barbecue unit.

(f) (1) Except as otherwise provided in paragraph (2), no live animals, birds, or fowl shall be kept or allowed in an area within 20 feet of any area where food or beverage is prepared, stored, kept, or served.

9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code.

(3) Paragraph (1) does not apply to dogs under the control of uniformed law enforcement officers or of uniformed employees of private patrol operators and operators of a private patrol service who are licensed pursuant to Chapter 11.5 (commencing with Section 7580) of Division 3 of the Business and Professions Code, while those employees are acting within the course and scope of their employment as private patrol persons.

(4) Those persons and operators described in paragraphs (2) and (3) are liable for any damage done to the premises or facilities by the dog.

(g) If the barbecue facility is a permanent structure, it is equipped with an impervious and easily cleaned floor surface that extends a minimum of five feet from the open-air barbecue facility on all open sides.

(h) The barbecue facility is located in an area reasonably protected from dust, as determined by the enforcement officer.

(i) The barbecue facility is not operated in, or out of, any motor vehicle or in any area or location that may constitute a fire hazard, as determined by the enforcement officer. For the purposes of this section, a motor vehicle does not include a stationary mobile food preparation unit, as defined in Section 113890.

(j) Sanitary facilities, including, but not limited to, toilet facilities and handwashing facilities shall be available for use within 200 feet of the barbecue facility and shall comply with all provisions of this chapter. Sanitary facilities that do not meet the requirements of this chapter shall not be located closer to the barbecue facility than the sanitary facilities required to be provided by this section.

Actions to administer administrative civil penalties, suspensions, or both, against a certified producer may be made by the county agricultural commissioner who

either issued the certified producer's certificate or issued the violation, regardless of the county or counties where the violation occurred, or where the certified producer's certificate originated. The secretary may take action to administer administrative civil penalties, suspensions, or both, against a certified producer, regardless of the county or counties where the violation occurred, or where the certified producer's certificate originated.

(b) Civil penalties shall be levied in proportion to the violation, measured as either ''serious,'' ''moderate,'' or ''minor.''

(1) ''Serious'' violations are repeat or intentional violations, punishable by a civil penalty of not less than four hundred one dollars ($401) and up to a maximum of one thousand dollars ($1,000) per violation.

(2) ''Moderate'' violations are repeat violations or violations that are not intentional, punishable by a civil penalty of not less than one hundred fifty-one dollars ($151), but not more than four hundred dollars ($400) per violation.

(3) ''Minor'' violations are violations that are procedural in nature, punishable by a civil penalty of not less than fifty dollars ($50), but not more than one hundred fifty dollars ($150) per violation.

(c) Before a civil penalty is levied pursuant to this section, the person charged with the violation shall receive written notice of the proposed action including the nature of the violation and the amount of the proposed penalty. The person shall have the right to request a hearing within 20 days after receiving notice of the proposed action. A notice that is sent by certified mail to the last known address of the person charged shall be considered received even if delivery is refused or if the notice is not accepted at that address. If a hearing is requested, notice of the time and place of the hearing shall be given at least 10 days before the date set for the hearing. At the hearing, the person shall be given an opportunity to review the commissioner's evidence and to present evidence on his or her own behalf. If a hearing is not timely requested, the commissioner may take the action proposed without a hearing.

(d) If the person, upon whom the commissioner levied a civil penalty, requested and appeared at a hearing, the person may appeal the commissioner's decision to the secretary within 30 days of the date of receiving a copy of the commissioner's decision. The following procedures apply to the appeal:

(1) The appeal shall be in writing and signed by the appellant or his or her authorized agent, state the grounds for the appeal, and include a copy of the commissioner's decision. The appellant shall file a copy of the appeal with the commissioner at the same time it is filed with the secretary.

(2) The appellant and the commissioner, at the time of filing the appeal or within 10 days thereafter or at a later time prescribed by the secretary, may present the record of the hearing and a written argument to the secretary stating the ground for affirming, modifying, or reversing the commissioner's decision.

(3) The secretary may grant oral arguments upon application made at the time written arguments are filed.

(4) If an application to present an oral argument is granted, written notice of the time and place for the oral argument shall be given at least 10 days before the date set therefor. The times may be altered by mutual agreement of the appellant, the commissioner, and the secretary.

(5) The secretary shall decide the appeal on the record of the hearing, including the written evidence and the written argument described in paragraph (2), that he or she has received. If the secretary finds substantial evidence in the record to support the commissioner's decision, the secretary shall affirm the decision.

(6) The secretary shall render a written decision within 45 days of the date of appeal or within 15 days of the date of oral arguments or as soon thereafter as practical.

(7) On an appeal pursuant to this section, the secretary may affirm the commissioner's decision, modify the commissioner's decision by reducing or increasing the amount of the penalty levied so that it is within the secretary's guidelines for imposing civil penalties, or reverse the commissioner's decision. Any civil penalty increased by the secretary shall not be higher than that proposed in the commissioner's notice of proposed action given pursuant to subdivision (c). A copy of the secretary's decision shall be delivered or mailed to the appellant and the commissioner.

(8) Any person who does not request a hearing with the commissioner pursuant to a penalty assessed under subdivision (c) may not file an appeal to the secretary pursuant to this subdivision.

(9) Review of a decision of the secretary may be sought by the appellant within 30 days of the date of the decision pursuant to Section 1094.5 of the Code of Civil Procedure.

(e) After the exhaustion of the appeal and review of procedures provided in this section, the commissioner, or his or her representative, may file a certified copy of a final decision of the commissioner that directs the payment of a civil penalty, and, if applicable, a copy of any decision of the secretary, or his or her authorized representative, rendered on an appeal from the commissioner's decision and a copy of any order that denies a petition for a writ of administrative mandamus, with the clerk of the superior court of any county. Judgment shall be entered immediately by the clerk in conformity with the decision or order. No fees shall be charged by the clerk of the superior court for the

performance of any official service required in connection with the entry of judgment pursuant to this section.

(f) In addition to the civil penalties prescribed in subdivision (b), the appellant may be required to cover the cost of the administrative hearing unless the decision of the secretary or county agricultural commissioner is overturned.

(g) ''Person,'' as used in this section, means any applicant for a certified producers' certificate or certified farmers' market certificate, producer of agricultural products, certified producer, family member or employees of a certified producer, certified farmers' market manager, or certified farmers' market operator engaged or involved in the direct marketing of agricultural products at a certified farmers' market pursuant to this chapter.

SECTION 1. Section 308.1 is added to the Penal Code, to read:

308.1. (a) Notwithstanding any other provision of law, no person shall sell, offer for sale, distribute, or import any tobacco product commonly referred to as ''bidis'' or ''beedies,'' unless that tobacco product is sold, offered for sale, or intended to be sold in a business establishment that prohibits the presence of persons under 18 years of age on its premises.

(b) For purposes of this section, ''bidis'' or ''beedies'' means a product containing tobacco that is wrapped in temburni leaf (diospyros melanoxylon) or tendu leaf (diospyros exculpra).

(c) Any person who violates this section is guilty of a misdemeanor or subject to a civil action brought by the Attorney General, a city attorney, county counsel, or district attorney for an injunction and a civil penalty of up to two thousand dollars ($2,000) per violation. This subdivision does not affect any other remedies available for a violation of this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 376

An act to amend Section 22952 of, and to add Section 22962 to, the Business and Professions Code, to amend Section 118950 of the Health and Safety Code, and to amend Section 308 of, and to add Section 308.3 to, the Penal Code, relating to tobacco products.

[Approved by Governor September 28, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 22952 of the Business and Professions Code is amended to read:

22952. On or before July 1, 1995, the State Department of Health Services shall do all of the following:

(a) Establish and develop a program to reduce the availability of tobacco products to persons under 18 years of age through the enforcement activities authorized by this division.

(b) Establish requirements that retailers of tobacco products post conspicuously, at each point of purchase, a notice stating that selling tobacco products to anyone under 18 years of age is illegal and subject to penalties. The notice shall also state that the law requires that all persons selling tobacco products check the identification of any purchaser of tobacco products who reasonably appears to be under 18 years of age. The warning signs shall include a toll-free telephone number to the state department for persons to report unlawful sales of tobacco products to minors.

(c) Provide that primary responsibility for enforcement of this division shall be with the state department. In carrying out its enforcement responsibilities, the state department shall conduct random, onsite sting inspections at retail sites and shall enlist the assistance of persons that are 15 and 16 years of age in conducting these enforcement activities. The state department may conduct onsite sting inspections in response to public complaints or at retail sites where violations have previously occurred, and investigate illegal sales of tobacco products to minors by telephone, mail, or the Internet. Participation in these enforcement activities by a person under 18 years of age shall not constitute a violation of subdivision (b) of Section 308 of the Penal Code for the person under 18 years of age, and the person under 18 years of age is immune from prosecution thereunder, or under any other provision of law prohibiting the purchase of these products by a person under 18 years of age.

(d) In accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the state department shall adopt and publish guidelines for the use of persons under 18 years of age in inspections conducted pursuant to subdivision (c) that shall include, but not be limited to, all of the following:

(1) The state department and any local law enforcement agency under an enforcement delegation contract with the department may use persons under 18 years of age who are 15 or 16 years of age in random inspections to determine if sales of cigarettes or other tobacco products are being made to persons under 18 years of age.

(2) A photograph or video recording of the person under 18 years of age shall be taken prior to each inspection or shift of inspections and retained by the department or the local law enforcement agency under an enforcement delegation contract with the department for purposes of verifying appearances.

(3) The state department or a local law enforcement agency under an enforcement delegation contract with the department may use video recording equipment when conducting the inspections to record and document illegal sales or attempted sales.

(4) The person under 18 years of age, if questioned about his or her age, need not state his or her actual age but shall present a true and correct identification if verbally asked to present it. Any failure on the part of the person under 18 years of age to provide true and correct identification, if verbally asked for it, shall be a defense to any action pursuant to this section.

(5) The person under 18 years of age shall be under the supervision of a regularly employed peace officer during the inspection.

(6) All persons under 18 years of age used in this manner by the department or a local law enforcement agency under an enforcement

delegation contract with the department shall display the appearance of a person under 18 years of age. It shall be a defense to any action under this division that the person's appearance was not that which could be generally expected of a person under 18 years of age, under the actual circumstances presented to the seller of the cigarettes or other tobacco products at the time of the alleged offense.

(7) Following the completion of the sale, the peace officer accompanying the person under 18 years of age shall reenter the retail establishment and inform the seller of the random inspection and following an attempted sale, the department shall notify the retail establishment of the inspection.

(8) Failure to comply with the procedures set forth in this subdivision shall be a defense to any action brought pursuant to this section.

(e) Be responsible for ensuring and reporting the state's compliance with Section 1926 of Title XIX of the federal Public Health Service Act (42 U.S.C. 300x-26) and any implementing regulations adopted in relation thereto by the United States Department of Health and Human Services. A copy of this report shall be made available to the Governor and the Legislature.

(f) Provide that any civil penalties imposed pursuant to Section 22958 shall be enforced against the owner or owners of the retail business and not the employees of the business.

SEC. 2. Section 22962 is added to the Business and Professions Code, to read:

22962. (a) For purposes of this section, ''self-service display'' means the open display of tobacco products in a manner that is accessible to the general public without the assistance of the retailer or employee of the retailer.

(b) Except as permitted in subdivision (b) of Section 22960, it is unlawful for any person engaged in the retail sale of tobacco products to sell, offer for sale, or display for sale cigarettes by self-service display. Any person who violates this section is subject to those civil penalties specified in the schedule in subdivision (a) of Section 22958.

(c) The Attorney General, a city attorney, a county counsel, or a district attorney may bring a civil action to enforce this section.

(d) This section does not preempt or otherwise prohibit the adoption of a local standard that imposes greater restrictions on the access to tobacco products than the restrictions imposed by this section. To the extent that there is an inconsistency between this section and a local standard that imposes greater restrictions on the access to tobacco products, the greater restriction on the access to tobacco products in the local standard shall prevail.

SEC. 3. Section 118950 of the Health and Safety Code is amended to read:

118950. (a) The Legislature hereby finds and declares the following:

(1) Smoking is the single most important source of preventable disease and premature death in California.

(2) Smoking is responsible for one-quarter of all death caused by fire.

(3) Tobacco-related disease places a tremendous financial burden upon the persons with the disease, their families, the health care delivery system, and society as a whole.

(4) Despite laws in at least 44 states prohibiting the sale of tobacco products to minors, each day 3,000 children start using tobacco products in this nation. Children under the age of 18 years consume 947 million packages of cigarettes in this country yearly.

(5) The earlier a child begins to use tobacco products, the more likely it is that the child will be unable to quit.

(6) More than 60 percent of all smokers begin smoking by the age of 14 years, and 90 percent begin by the age of 19 years.

(7) Use of smokeless tobacco products among minors in this state is increasing.

(8) Smokeless tobacco or chewing tobacco is harmful to the health of individuals and may cause gum disease, mouth or oral cancers, increased tooth decay and leukoplakia.

(9) Tobacco product advertising and promotion are an important cause of tobacco use among children. More money is spent advertising and promoting tobacco products than any other consumer product.

(10) Distribution of tobacco product samples and coupons is a recognized source by which minors obtain tobacco products, beginning the addiction process.

(11) It is the intent of the Legislature that keeping children from beginning to use tobacco products in any form and encouraging all persons to quit tobacco use shall be among the highest priorities in disease prevention for the State of California.

(b) It is unlawful for any person, agent, or employee of a person in the business of selling or distributing smokeless tobacco or cigarettes from engaging in the nonsale distribution of any smokeless tobacco or cigarettes to any person in any public building, park or playground, or on any public sidewalk, street, or other public grounds, or on any private property that is open to the general public.

(c) For purposes of this section:

(1) ''Nonsale distribution'' means to give smokeless tobacco or cigarettes to the general public at no cost, or at nominal cost, or to give coupons, coupon offers, or rebate offers for smokeless tobacco or cigarettes to the general public at no cost or at nominal cost. Distribution of tobacco products, coupons, coupon offers, or rebate offers in connection with the sale of another item, including tobacco products,

cigarette lighters, magazines, or newspapers shall not constitute nonsale distribution.

(2) ''Smokeless tobacco'' means (A) a loose or flat, compressed cake form of tobacco that may be chewed or held in the mouth or (B) a shredded, powdered, or pulverized form of tobacco that may be inhaled through the nostrils, chewed, or held in the mouth.

(3) ''Public building, park, playground, sidewalk, street, or other public grounds'' means any structure or outdoor area that is owned, operated, or maintained by any public entity, including, but not limited to: city and county streets and sidewalks, parade grounds, fair grounds, public transportation facilities and terminals, public reception areas, public health facilities, public recreational facilities, and public office buildings.

(4) ''Private property that is open to the general public'' means any structure or outdoor area that is owned, operated, or maintained by any private entity and that is open for entry or use by the general public, whether or not a fee or charge is imposed for entry or use.

(d) Any person who violates this section shall be liable for a civil penalty of not less than two hundred dollars ($200) for one act, five hundred dollars ($500) for two acts, and one thousand dollars ($1,000) for each subsequent act constituting a violation. Each distribution of a single package, coupon, coupon offer, or rebate offer to an individual member of the general public in violation of this section shall be considered a separate violation.

(e) Neither this section nor any other provision of law shall invalidate an ordinance of, or prohibit the adoption of an ordinance by, a city or county regulating distribution of smokeless tobacco or cigarette samples within its boundaries that is more restrictive than this section. An ordinance that imposes greater restrictions on the sale or distribution of tobacco than this section shall govern, to the extent of any inconsistency between it and this section.

(f) This section does not apply to any public building, park, playground, sidewalk, street, or other public grounds, or any private property that is open to the general public where minors are prohibited by law. This section also shall not apply to any public building, park, playground, sidewalk, street, or other public grounds open to the general public and leased for private functions where minors are denied access by a peace officer or licensed security guard on the premises.

(g) This section does not apply to any private property that is open to the general public where minors are denied access to a separate nonsale distribution area by a peace officer or licensed security guard stationed at the entrance of the separate nonsale distribution area and the separate nonsale distribution area is enclosed so as to prevent persons outside the

separate nonsale distribution area from seeing the nonsale distribution unless they undertake unreasonable efforts to see inside the area.

SEC. 4. Section 308 of the Penal Code is amended to read:

308. (a) Every person, firm, or corporation which knowingly or under circumstances in which it has knowledge, or should otherwise have grounds for knowledge, sells, gives, or in any way furnishes to another person who is under the age of 18 years any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking or ingestion of tobacco, products prepared from tobacco, or any controlled substance, is subject to either a criminal action for a misdemeanor or to a civil action brought by a city attorney, a county counsel, or a district attorney, punishable by a fine of two hundred dollars ($200) for the first offense, five hundred dollars ($500) for the second offense, and one thousand dollars ($1,000) for the third offense.

Notwithstanding Section 1464 or any other provision of law, 25 percent of each civil and criminal penalty collected pursuant to this subdivision shall be paid to the office of the city attorney, county counsel, or district attorney, whoever is responsible for bringing the successful action, and 25 percent of each civil and criminal penalty collected pursuant to this subdivision shall be paid to the city or county for the administration and cost of the community service work component provided in subdivision (b).

Proof that a defendant, or his or her employee or agent, demanded, was shown, and reasonably relied upon evidence of majority shall be defense to any action brought pursuant to this subdivision. Evidence of majority of a person is a facsimile of or a reasonable likeness of a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces.

For purposes of this section, the person liable for selling or furnishing tobacco products to minors by a tobacco vending machine shall be the person authorizing the installation or placement of the tobacco vending machine upon premises he or she manages or otherwise controls and under circumstances in which he or she has knowledge, or should otherwise have grounds for knowledge, that the tobacco vending machine will be utilized by minors.

(b) Every person under the age of 18 years who purchases, receives, or possesses any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking of tobacco, products prepared from tobacco,

or any controlled substance shall, upon conviction, be punished by a fine of seventy-five dollars ($75) or 30 hours of community service work.

(c) Every person, firm, or corporation which sells, or deals in tobacco or any preparation thereof, shall post conspicuously and keep so posted in his, her, or their place of business at each point of purchase the notice required pursuant to subdivision (b) of Section 22952 of the Business and Professions Code, and any person failing to do so shall upon conviction be punished by a fine of ten dollars ($10) for the first offense and fifty dollars ($50) for each succeeding violation of this provision, or by imprisonment for not more than 30 days.

(d) For purposes of determining the liability of persons, firms, or corporations controlling franchises or business operations in multiple locations for the second and subsequent violations of this section, each individual franchise or business location shall be deemed a separate entity.

(e) It is the Legislature's intent to regulate the subject matter of this section. As a result, no city, county, or city and county shall adopt any ordinance or regulation inconsistent with this section.

(f) Notwithstanding any other provision of this section, the Director of Corrections may sell or supply tobacco and tobacco products, including cigarettes and cigarette papers, to any person confined in any institution or facility under his or her jurisdiction who has attained the age of 16 years, if the parent or guardian of the person consents thereto, and may permit smoking by the person in any institution or facility. No officer or employee of the Department of Corrections shall be considered to have violated this section by any act authorized by this subdivision.

SEC. 5. Section 308.3 is added to the Penal Code, to read:

308.3. (a) A person, firm, corporation, or business may not manufacture for sale, distribute, sell, or offer to sell any cigarette, except in a package containing at least 20 cigarettes. A person, firm, corporation, or business may not manufacture for sale, distribute, sell, or offer to sell any roll-your-own tobacco, except in a package containing at least 0.60 ounces of tobacco.

(b) As used in subdivision (a), ''cigarette'' means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of, or contains any of, the following:

(1) Any roll of tobacco wrapped in paper or in any substance not containing tobacco.

(2) Tobacco, in any form, that is functional in the product, that, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette.

(3) Any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler,

or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in this subdivision.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(c) The department shall take all of the following actions with respect to the development of a state park at the Cornfield site:

(1) Coordinate the implementation of the Cornfield rail yards project, considering recommendations for uses and development from the advisory committee.

(2) Survey statewide and community preferences in a range of park services appropriate for urban state park settings, as assisted by the advisory committee.

(3) Seek input and cooperate with local, state, and federal agencies, environmental, recreational, historic preservation and cultural organizations, museums, educational institutions and organizations, individuals and private sector entities, and community-based organizations, as appropriate, that are interested in the use or development of park and recreational facilities and programs for public benefit at the state park proposed to be located at the ''Cornfield'' rail yards, including the special needs of children, youths, senior citizens, and persons with disabilities.

(d) The advisory committee shall identify and recommend to the director, not later than 12 months after the date of acquisition of a fee title to the Cornfield site, priorities for long-range plans for the site that meet the needs of Californians and the general public, including park and recreational facilities and programs serving residents within communities surrounding the Cornfield rail yards in central Los Angeles.

SEC. 4. The Department of Parks and Recreation may use the sum of thirty-six million dollars ($36,000,000) for the acquisition, planning, design, environmental assessment, and environmental cleanup of the

32-acre parcel of real property known as the ''Cornfield'' rail yards in the City of Los Angeles, to be expended from the following sources:

(a) The sum of one million dollars ($1,000,000) appropriated from the General Fund pursuant to Schedule (2) of Item 0540-101-0001 of Section 2.00 of the Budget Act of 2001.

(b) The sum of thirty-five million dollars ($35,000,000) appropriated from the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund pursuant to Schedule (30.92) of Item 3790-301-0005 of Section 2.00 of the Budget Act of 2001.

The coverage for an annual cervical cancer screening test provided pursuant to this section shall include the conventional Pap test and the option of any cervical cancer screening test approved by the federal Food and Drug Administration, upon the referral of the patient's health care provider.

Nothing in this section shall be construed to establish a new mandated benefit or to prevent application of deductible or copayment provisions in an existing plan contract. The body which originally appointed a member whose term has expired shall appoint his or her successor for a full term of four years. Any member may be removed at any time and without cause by the body appointing that member. The classes of public agencies that may be represented on the commission are the county, the cities, and independent special districts. Any alternative cost apportionment procedure may be adopted by the commission, subject to

specified in the original notice. The person or agency which filed the request may withdraw it at any time prior to the conclusion of the consideration by the commission.

(e) At the conclusion of its consideration, the commission may approve or disapprove with or without amendment, wholly, partially, or conditionally, the request. The commission shall follow the procedures in Section 56425.

(f) The commission may require the person or agency making a request pursuant to this section to pay a fee to cover the commission's costs. The fee shall not exceed the estimated reasonable cost of providing the service and shall be set pursuant to Section 56383. The commission may waive the fee if it finds that the request can be considered and studied as part of the periodic review of spheres of influence required by Section 56425. In addition, the commission may waive the fee if it finds that payment would be detrimental to the public interest.

(g) The commission and executive officer may review and act on any request to amend a sphere of influence or urban service area concurrently with their review and determination on any related change of organization or reorganization. In case of a conflict between the provisions of this section and any other provisions of this part, the other provisions shall prevail.

(h) To all registered voters and owners of property, as shown on the most recent assessment roll being prepared by the county at the time the commission adopts a resolution of application, within the subject territory and within 300 feet of the exterior boundary of the property that is the subject of the hearing at least 21 days prior to the hearing. In lieu of the assessment roll, the agency may use the records of the county assessor or tax collector or any other more current record. Notice shall also either be posted or published in one newspaper 21 days prior to the hearing. If this section would require more than 1,000 notices to be mailed, then notice may instead be provided pursuant to paragraph (3) of subdivision (a) of Section 65091.

56895. If the request is filed by a school district that received notification pursuant to Section 56658, the commission shall consider that request at a public hearing.

(b) Notwithstanding Section 56106, the deadlines set by this section are mandatory. The person or agency shall file the written request within 30 days of the adoption of the initial or superseding resolution by the commission making determinations. If no person or agency files a timely request, the commission shall not take any action pursuant to this section.

(c) Upon receipt of a timely request, the executive officer shall not take any further action until the commission acts on the request.

(d) Upon receipt of a timely request by the executive officer, the time to file any action, including, but not limited to, an action pursuant to Section 21167 of the Public Resources Code and any provisions of Part 4 (commencing with Section 57000) governing the time within which the commission is to act shall be tolled for the time that the commission takes to act on the request.

(e) The executive officer shall place the request on the agenda of the next meeting of the commission for which notice can be given pursuant to this subdivision. The executive officer shall give notice of the consideration of the request by the commission in the same manner as for the original proposal. The executive officer may give notice in any other manner as he or she deems necessary or desirable.

(f) At that meeting, the commission shall consider the request and receive any oral or written testimony. The consideration may be continued from time to time but not to exceed 35 days from the date specified in the notice. The person or agency that filed the request may withdraw it at any time prior to the conclusion of the consideration by the commission.

(g) At the conclusion of its consideration, the commission may approve or disapprove with or without amendment, wholly, partially, or conditionally, the request. If the commission disapproves the request, it shall not adopt a new resolution making determinations. If the commission approves the request, with or without amendment, wholly, partially, or conditionally, the commission shall adopt a resolution making determinations that shall supersede the resolution previously issued.

(h) The determinations of the commission shall be final and conclusive. No person or agency shall make any further request for the same change or a substantially similar change, as determined by the commission.

(i) Notwithstanding subdivision (h), clerical errors or mistakes may be corrected pursuant to Section 56883.

(2) Notwithstanding paragraph (1), if inhabited territory is proposed to be annexed to a city with more than 100,000 residents which is located in a county with a population of over 4,000,000 the date shall be at least 90 days, but not more than 105 days, after the date of adoption of the resolution initiating the proceedings. The resolution shall specify a date 90 days prior to the hearing when registered voters may begin to file protests.

(g) If the subject territory is inhabited and the change of organization or reorganization provides for the submission of written protests, a statement that any owner of land within the territory, or any registered voter residing within the territory, may file a written protest against the proposal with the executive officer of the commission at any time prior to the conclusion of the hearing by the commission on the proposal.

(h) If the subject territory is uninhabited and the change of organization or reorganization provides for submission of written protests, a statement that any owner of land within the territory may file a written protest against the proposal with the executive officer of the commission at any time prior to the conclusion of the hearing by the commission on the proposal.

(b) If a petition that meets the requirements of this section has been filed, the commission shall approve the proposal subject to confirmation by the voters of each district that has filed such a petition. [Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 10177 of the Business and Professions Code is amended to read:

10177. The commissioner may suspend or revoke the license of a real estate licensee, or may deny the issuance of a license to an applicant, who has done any of the following, or may suspend or revoke the license of a corporation, or deny the issuance of a license to a corporation, if an officer, director, or person owning or controlling 10 percent or more of the corporation's stock has done any of the following:

(b) Entered a plea of guilty or nolo contendere to, or been found guilty of, or been convicted of, a felony or a crime involving moral turpitude, and the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal, irrespective of an order granting probation following that conviction, suspending the imposition of sentence, or of a subsequent order under Section 1203.4 of the Penal Code allowing that

licensee to withdraw his or her plea of guilty and to enter a plea of not guilty, or dismissing the accusation or information.

(c) Knowingly authorized, directed, connived at, or aided in the publication, advertisement, distribution, or circulation of any material false statement or representation concerning his or her business, or any business opportunity or any land or subdivision (as defined in Chapter 1 (commencing with Section 11000) of Part 2) offered for sale.

(e) Willfully used the term ''realtor'' or any trade name or insignia of membership in any real estate organization of which the licensee is not a member.

(f) Acted or conducted himself or herself in a manner that would have warranted the denial of his or her application for a real estate license, or has either had a license denied or had a license issued by another agency of this state, another state, or the federal government revoked or suspended for acts that, if done by a real estate licensee, would be grounds for the suspension or revocation of a California real estate license, if the action of denial, revocation, or suspension by the other agency or entity was taken only after giving the licensee or applicant fair notice of the charges, an opportunity for a hearing, and other due process protections comparable to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and only upon an express finding of a violation of law by the agency or entity.

(i) Has used his or her employment by a governmental agency in a capacity giving access to records, other than public records, in a manner that violates the confidential nature of the records.

(m) Violated the Franchise Investment Law (Division 5 (commencing with Section 31000) of Title 4 of the Corporations Code) or regulations of the Commissioner of Corporations pertaining thereto.

(n) Violated the Corporate Securities Law of 1968 (Division 1 (commencing with Section 25000) of Title 4 of the Corporations Code) or the regulations of the Commissioner of Corporations pertaining thereto.

The direct or indirect ownership interest in the property by a person related to the licensee by blood or marriage, by an entity in which the licensee has an ownership interest, or by any other person with whom the licensee has a special relationship shall be disclosed to the buyer.

(p) Violated Section 10229.

If a real estate broker that is a corporation has not done any of the foregoing acts, either directly or through its employees, agents, officers, directors, or persons owning or controlling 10 percent or more of the corporation's stock, the commissioner may not deny the issuance of a real estate license to, or suspend or revoke the real estate license of, the corporation, provided that any offending officer, director, or stockholder, who has done any of the foregoing acts individually and not on behalf of the corporation, has been completely disassociated from any affiliation or ownership in the corporation.

NOTE: AN AMENDED NOTICE MUST BE FILED BY THE BROKER WITHIN 30 DAYS OF ANY MATERIAL CHANGE IN THE INFORMATION REQUIRED TO BE SET FORTH HEREIN.

(2) A broker or person who becomes the servicing agent for notes or interest sold pursuant to this section, upon which payments due during any period of three consecutive months in the aggregate exceed one hundred twenty-five thousand dollars ($125,000) or the number of persons entitled to the payments exceeds 120, shall file the notice required by paragraph (1) with the commissioner within 30 days after becoming the servicing agent.

(b) All advertising employed for transactions under this section shall (1) show the name of the broker and (2) comply with Section 10235 of the Business and Professions Code and Sections 260.302 and 2848 of Title 10 of the California Code of Regulations. Brokers and their agents are cautioned that a reference to a prospective investor that a transaction is conducted under this section may be deemed misleading or deceptive if this representation may reasonably be construed by the investor as an implication of merit or approval of the transaction.

(c) The real property directly securing the notes or interests is located in this state, the note or notes are not by their terms subject to subordination to any subsequently created deed of trust upon the real property, and the note or notes are not promotional notes secured by liens on separate parcels of real property in one subdivision or in contiguous subdivisions. For purposes of this subdivision, a promotional note means a promissory note secured by a trust deed, executed on unimproved real property or executed after construction of an improvement of the property but before the first purchase of the property as so improved, or executed as a means of financing the first purchase of the property as so improved, that is subordinate, or by its terms may become subordinate, to any other trust deed on the property. However, the term ''promotional note'' does not include either of the following:

(1) A note that was executed in excess of three years prior to being offered for sale.

(2) A note secured by a first trust deed on real property in a subdivision that evidences a bona fide loan made in connection with the financing of the usual cost of the development in a residential, commercial, or industrial building or buildings on the property under a written agreement providing for the disbursement of the loan funds as costs are incurred or in relation to the progress of the work and providing for title insurance ensuring the priority of the security as against mechanic's and materialmen's liens or for the final disbursement of at least 10 percent of the loan funds after the expiration of the period for the filing of mechanic's and materialmen's liens.

(d) The notes or interests are sold by or through a real estate broker, as principal or agent. At the time the interests are originally sold or assigned, neither the broker nor an affiliate of the broker shall have an interest as owner, lessor, or developer of the property securing the loan,

or any contractual right to acquire, lease, or develop the property securing the loan. This provision does not prohibit a broker from conducting the following transactions if, in either case, the disclosure statement furnished by the broker pursuant to subdivision (k) discloses the interest of the broker or affiliate in the transaction and the circumstances under which the broker or affiliate acquired the interest:

(1) A transaction in which the broker or an affiliate of the broker is acquiring the property pursuant to a foreclosure under, or sale pursuant to, a deed of trust securing a note for which the broker is the servicing agent or that the broker sold to the holder or holders.

(2) A transaction in which the broker or an affiliate of the broker is reselling from inventory property acquired by the broker pursuant to a foreclosure under, or sale pursuant to, a deed of trust securing a note for which the broker is the servicing agent or that the broker sold to the holder or holders.

(e) (1) The notes or interests shall not be sold to more than 10 persons, each of whom meets one or both of the qualifications of income or net worth set forth below and signs a statement, which shall be retained by the broker for four years, conforming to the following:

Transaction Identifier: _____

Name of Purchaser: _____ Date: _____

Check either one of the following, if true:

( ) My investment in the transaction does not exceed 10% of my net worth, exclusive of home, furnishings, and automobiles.

( ) My investment in the transaction does not exceed 10% of my adjusted gross income for federal income tax purposes for my last tax year or, in the alternative, as estimated for the current year.

(2) The number of offerees shall not be considered for the purposes of this section.

(3) A husband and wife and their dependents, and an individual and his or her dependents, shall be counted as one person.

(4) A retirement plan, trust, business trust, corporation, or other entity that is wholly owned by an individual and the individual's spouse or the individual's dependents, or any combination thereof, shall not be counted separately from the individual, but the investments of these entities shall be aggregated with those of the individual for the purposes

of the statement required by paragraph (1). If the investments of any entities are required to be aggregated under this subdivision, the adjusted gross income or net worth of these entities may also be aggregated with the net worth, income, or both, of the individual.

(5) The ''institutional investors'' enumerated in subdivision (i) of Section 25102 or subdivision (c) of Section 25104 of the Corporations Code, or in a rule adopted pursuant thereto, shall not be counted.

(f) The notes or interests of the purchasers shall be identical in their underlying terms, including the right to direct or require foreclosure, rights to and rate of interest, and other incidents of being a lender, and the sale to each purchaser pursuant to this section shall be upon the same terms, subject to adjustment for the face or principal amount or percentage interest purchased and for interest earned or accrued. This subdivision does not preclude different selling prices for interests to the extent that these differences are reasonably related to changes in the market value of the loan occurring between the sales of these interests. The interest of each purchaser shall be recorded.

(g) (1) Except as provided in paragraph (2), the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the real property senior thereto, shall not exceed the following percentages of the current market value of the real property, as determined in writing by the broker or appraiser pursuant to Section 10232.6, plus the amount for which the payment of principal and interest in excess of the percentage of current market value is insured for the benefit of the holders of the notes or interests by an insurer admitted to do business in this state by the Insurance Commissioner:

(A)	Single-family residence, owner occupied	80%
(B)	Single-family residence, not owner occupied	75%
(C)	Commercial and income-producing properties	65%
(D)	Single-family residentially zoned lot or parcel which has installed offsite improvements including drainage, curbs, gutters, sidewalks, paved roads, and utilities as mandated by the political subdivision having jurisdiction over the lot or parcel	65%
(E)	Land that has been zoned for (and if required, approved for subdivision as) commercial or residential development . . .	50%
(F)	Other real property	35%

(2) The percentage amounts specified in paragraph (1) may be exceeded when and to the extent that the broker determines that the encumbrance of the property in excess of these percentages is reasonable

and prudent considering all relevant factors pertaining to the real property. However, in no event shall the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the property senior thereto, exceed 80 percent of the current fair market value of improved real property or 50 percent of the current fair market value of unimproved real property, except in the case of a single-family zoned lot or parcel as defined in paragraph (1), which shall not exceed 65 percent of the current fair market value of that lot or parcel, plus the amount insured as specified in paragraph (1). A written statement shall be prepared by the broker that sets forth the material considerations and facts that the broker relies upon for his or her determination, which shall be retained as a part of the broker's record of the transaction. Either a copy of the statement or the information contained therein shall be included in the disclosures required pursuant to subdivision (k).

(3) A copy of the appraisal or the broker's evaluation shall be delivered to each purchaser. The broker shall advise purchasers of their right to receive a copy. For purposes of this paragraph, ''appraisal'' means a written estimate of value based upon the assembling, analyzing, and reconciling of facts and value indicators for the real property in question. A broker shall not purport to make an appraisal unless the person so employed is qualified on the basis of special training, preparation, or experience.

(h) The documentation of the transaction shall require that (1) a default upon any interest or note is a default upon all interests or notes and (2) the holders of more than 50 percent of the record beneficial interests of the notes or interests may govern the actions to be taken on behalf of all holders in accordance with Section 2941.9 of the Civil Code in the event of default or foreclosure for matters that require direction or approval of the holders, including designation of the broker, servicing agent, or other person acting on their behalf, and the sale, encumbrance, or lease of real property owned by the holders resulting from foreclosure or receipt of a deed in lieu of foreclosure. The terms called for by this subdivision may be included in the deed of trust, in the assignment of interests, or in any other documentation as is necessary or appropriate to make them binding on the parties.

(i) (1) The broker shall not accept any purchase or loan funds or other consideration from a prospective lender or purchaser, or directly or indirectly cause the funds or other consideration to be deposited in an escrow or trust account, except as to a specific loan or note secured by a deed of trust that the broker owns, is authorized to negotiate, or is unconditionally obligated to buy.

(2) All funds received by the broker from the purchasers or lenders shall be handled in accordance with Section 10145 for disbursement to

the persons thereto entitled upon recordation of the interests of the purchasers or lenders in the note and deed of trust. No provision of this section shall be construed as modifying or superseding applicable law regulating the escrowholder in any transaction or the handling of the escrow account.

(3) The books and records of the broker or servicing agent, or both, shall be maintained in a manner that readily identifies transactions under this section and the receipt and disbursement of funds in connection with these transactions.

(4) If required by paragraph (3) of subdivision (j), the review by the independent certified public accountant shall include a sample of transactions, as reflected in the records of the trust account required pursuant to paragraph (1) of subdivision (j), and the bank statements and supporting documents. These documents shall be reviewed for compliance with this section with respect to the handling and distribution of funds. The sample shall be selected at random by the accountant from all these transactions and shall consist of the following: (A) three sales made or 5 percent of the sales made pursuant to this section during the period for which the examination is conducted, whichever is greater, and (B) 10 payments processed or 2 percent of payments processed under this section during the period for which the examination is conducted, whichever is greater.

(5) For the purposes of this subdivision, the transaction that constitutes a "sale" is the series of transactions by which a series of notes of a maker, or the interests in the note of a maker, are sold or issued to their various purchasers under this section, including all receipts and disbursements in that process of funds received from the purchasers or lenders. The transaction that constitutes a "payment," for the purposes of this subdivision, is the receipt of a payment from the person obligated on the note or from some other person on behalf of the person so obligated, including the broker or servicing agent, and the distribution of that payment to the persons entitled thereto. If a payment involves an advance paid by the broker or servicing agent as the result of a dishonored check, the inspection shall identify the source of funds from which the payment was made or, in the alternative, the steps that are reasonably necessary to determine that there was not a disbursement of trust funds. The accountant shall inspect for compliance with the following specific provisions of this section: paragraphs (1), (2), and (3) of subdivision (i) and paragraphs (1) and (2) of subdivision (j).

(6) Within 30 days of the close of the period for which the report is made, or within any additional time as the commissioner may in writing allow in a particular case, the accountant shall forward to the broker or servicing agent, as the case may be, and to the commissioner, the report of the accountant, stating that the inspection was performed in

accordance with this section, listing the sales and the payments examined, specifying the nature of the deficiencies, if any, noted by the accountant with respect to each sale or payment, together with any further information as the accountant may wish to include, such as corrective steps taken with respect to any deficiency so noted, or stating that no deficiencies were observed. If the broker meets the threshold criteria of Section 10232, the report of the accountant shall be submitted as part of the quarterly reports required under Section 10232.25.

(j) The notes or interests shall be sold subject to a written agreement that obligates a licensed real estate broker, or a person exempted from the licensing requirement for real estate brokers under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4, to act as agent for the purchasers or lenders to service the note or notes and deed of trust, including the receipt and transmission of payments and the institution of foreclosure proceedings in the event of a default. A copy of this servicing agreement shall be delivered to each purchaser. The broker shall offer to the lenders or purchasers the services of the broker or one or more affiliates of the broker, or both, as servicing agent for each transaction conducted pursuant to this section. The agreement shall require all of the following:

(1) (A) That payments received on the note or notes be deposited immediately to a trust account maintained in accordance with this section and with the provisions for trust accounts of licensed real estate brokers contained in Section 10145 and Article 15 (commencing with Section 2830.1) of Chapter 6 of Title 10 of the California Code of Regulations.

(B) That payments deposited pursuant to subparagraph (A) shall not be commingled with the assets of the servicing agent or used for any transaction other than the transaction for which the funds are received.

(2) That payments received on the note or notes shall be transmitted to the purchasers or lenders pro rata according to their respective interests within 25 days after receipt thereof by the agent. If the source for the payment is not the maker of the note, the agent shall inform the purchasers or lenders of the source for payment. A broker or servicing agent who transmits to the purchaser or lenders the broker's or servicing agent's own funds to cover payments due from the borrower but unpaid as a result of a dishonored check may recover the amount of the advances from the trust fund when the past due payment is received. However, this section does not authorize the broker, servicing agent, or any other person to issue, or to engage in any practice constituting, any guarantee or to engage in the practice of advancing payments on behalf of the borrower.

(3) If the broker or person who is or becomes the servicing agent for notes or interests sold pursuant to this section upon which the payments

due during any period of three consecutive months in the aggregate exceed one hundred twenty-five thousand dollars ($125,000) or the number of persons entitled to the payments exceeds 120, the trust account or accounts of that broker or affiliate shall be inspected by an independent certified public accountant at no less than three-month intervals during the time the volume is maintained. Within 30 days after the close of the period for which the review is made, the report of the accountant shall be forwarded as provided in paragraph (5) of subdivision (i). If the broker is required to file an annual report pursuant to subdivision (n) or Section 10232.2, the quarterly report pursuant to this subdivision need not be filed for the last quarter of the year for which the annual report is made. For the purposes of this subdivision, an affiliate of a broker is any person controlled by, controlling, or under common control with the broker.

(4) Unless the servicing agent will receive notice pursuant to Section 2924b of the Civil Code, the servicing agent shall file a request for notice of default upon any prior encumbrances and promptly notify the purchasers or lenders of any default on the prior encumbrances or on the note or notes subject to the servicing agreement.

(5) The servicing agent shall promptly forward copies of the following to each purchaser or lender:

(A) Any notice of trustee sale filed on behalf of the purchasers or lenders.

(B) Any request for reconveyance of the deed of trust received on behalf of the purchasers or lenders.

(k) The broker shall disclose in writing to each purchaser or lender the material facts concerning the transaction on a disclosure form adopted or approved by the commissioner pursuant to Section 10232.5, subject to the following:

(1) The disclosure form shall include a description of the terms upon which the note and deed of trust are being sold, including the terms of the undivided interests being offered therein, including the following:

(iii) The effective rate of return to the purchasers if the note is paid according to its terms.

(iv) The name and address of the escrowholder for the transaction.

(v) A description of, and the estimated amount of, each cost payable by the seller in connection with the sale and a description of, and the estimated amount of, each cost payable by the purchasers in connection with the sale.

(B) In the case of the origination of a note:

(i) The name and address of the escrowholder for the transaction.

(ii) The anticipated closing date.

(iii) A description of, and the estimated amount of, each cost payable by the borrower in connection with the loan and a description of, and the estimated amount of, each cost payable by the lenders in connection with the loan.

(2) A copy of the written statement or information contained therein, as required by paragraph (2) of subdivision (g), shall be included in the disclosure form.

(3) Any interest of the broker or affiliate in the transaction, as described in subdivision (d), shall be included with the disclosure form.

(4) When the particular circumstances of a transaction make information not specified in the disclosure form material or essential to keep the information provided in the form from being misleading, and the other information is known to the broker, the other information shall also be provided by the broker.

(*l*) The broker or servicing agent shall furnish any purchaser of a note or interest, upon request, with the names and addresses of the purchasers of the other notes or interests in the loan.

(m) No agreement in connection with a transaction covered by this section shall grant to the real estate broker, the servicing agent, or any affiliate of the broker or agent the option or election to acquire the interests of the purchasers or lenders or to acquire the real property securing the interests. This subdivision shall not prohibit the broker or affiliate from acquiring the interests, with the consent of the purchasers or lenders whose interests are being purchased, or the property, with the consent of the purchasers or lenders, if the consent is given at the time of the acquisition.

(n) Each broker who conducts transactions under this section, or broker or person who becomes the servicing agent for notes or interest sold pursuant to this section, who meets the criteria of paragraph (3) of subdivision (j) shall file with the commissioner an annual report of a review of its trust account. The report shall be prepared and filed in accordance with subdivision (a) of Section 10232.2 and the rules and procedures thereunder of the commissioner. That report shall cover the broker's transactions under this section and, if the broker also meets the threshold criteria set forth in Section 10232, the broker's transactions subject to that section shall be included as well.

(o) Each broker conducting transactions pursuant to this section, or broker or person who becomes the servicing agent for notes or interest sold pursuant to this section, who meets the criteria of paragraph (3) of subdivision (j) shall file with the commissioner a report of the transactions that is prepared in accordance with subdivision (c) of Section 10232.2. If the broker also meets the threshold criteria of Section

10232, the report shall include the transactions subject to that section as well. This report shall be confidential pursuant to subdivision (f) of Section 10232.2.

(p) The jurisdiction of the Commissioner of Corporations under the Corporate Securities Law of 1968 shall be neither limited nor expanded by this section. Nothing in this section shall be construed to supersede or restrict the application of the Corporate Securities Law of 1968. A transaction under this section shall not be construed to be a transaction involving the issuance of securities subject to authorization by the Real Estate Commissioner under subdivision (e) of Section 25100 of the Corporations Code.

(q) Nothing in this section shall be construed to change the agency relationships between the parties where they exist or limit in any manner the fiduciary duty of brokers to borrowers, lenders, and purchasers of notes or interests in transactions subject to this section.

(r) For the purposes of this section, the following definitions shall apply:

(1) ''Broker'' means a person licensed as a broker under this part.

(2) ''Affiliate'' means a person controlled by, controlling, or under common control with, the broker.

(3) ''Servicing agent'' means the real estate broker or person exempted from the licensing requirements for real estate brokers under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4, to act as agent for the purchasers or lenders to service the notes and deeds of trust, including the handling the receipt and transmission of payments and the institution of foreclosure proceedings in the event of a default.

(4) Except as provided in paragraph (4) of subdivision (i), the terms ''sale'' and ''offer to sell,'' shall have the same meaning as set forth in Section 25017 of the Corporations Code and include the acts of negotiating and arranging the transaction.

(s) (1) If any person other than a real estate broker makes or keeps any of the books, accounts, or other records maintained in connection with a transaction described in this section, the provisions of this section and of any regulation or order issued under this section shall apply to the person with respect to the performance of those services and with respect to those books, accounts, and other records to the same extent as if the person were the broker.

(2) If any person other than an affiliate of a broker makes or keeps any of the books, accounts, or other records maintained in connection with a transaction described in this section, or in the case of an affiliate other than a parent or subsidiary of the broker, the provisions of this section and of any regulation or order issued under this section shall apply to the person with respect to those books, accounts, and other records to the same extent as if the person were the affiliate.

SEC. 3. Section 10240 of the Business and Professions Code is amended to read:

10240. (a) Every real estate broker, upon acting within the meaning of subdivision (d) of Section 10131, who negotiates a loan to be secured directly or collaterally by a lien on real property shall, within three business days after receipt of a completed written loan application or before the borrower becomes obligated on the note, whichever is earlier, cause to be delivered to the borrower a statement in writing, containing all the information required by Section 10241. It shall be personally signed by the borrower and by the real estate broker negotiating the loan or by a real estate licensee acting for the broker in negotiating the loan. When so executed, an exact copy thereof shall be delivered to the borrower at the time of its execution. The real estate broker negotiating the loan shall retain on file for a period of three years a true and correct copy of the statement as signed by the borrower.

No real estate licensee shall permit the statement to be signed by a borrower if any information required by Section 10241 is omitted.

(b) For the purposes of applying the provisions of this article, a real estate broker is acting within the meaning of subdivision (d) of Section 10131 if he or she solicits borrowers, or causes borrowers to be solicited, through express or implied representations that the broker will act as an agent in arranging a loan, but in fact makes the loan to the borrower from funds belonging to the broker.

(c) In a federally regulated residential mortgage loan transaction in which the principal loan amount exceeds the principal loan levels set forth in Section 10245, a real estate broker satisfies the requirements of this section if the borrower receives (1) a ''good faith estimate'' that satisfies the requirements of the Real Estate Settlement Procedures Act of 1974 (12 U.S.C.A. 2601 et seq.), and that sets forth the broker's real estate license number and a clear and conspicuous statement on the face of the document stating that the ''good faith estimate'' does not constitute a loan commitment, (2) all applicable disclosures required by the Truth in Lending Act (15 U.S.C.A. 1601 et seq.), and (3) if the loan contains a balloon payment provision, the disclosure described in subdivision (h) of Section 10241, the balloon disclosure required for that loan by Fannie Mae or Freddie Mac, or an alternative disclosure determined by the commissioner to satisfy the requirements of the Truth in Lending Act.

10471. (a) When an aggrieved person obtains (1) a final judgment in a court of competent jurisdiction, including, but not limited to, a criminal restitution order issued pursuant to subdivision (f) of Section 1202.4 of the Penal Code or Section 3663 of Title 18 of the United States Code, or (2) an arbitration award that includes findings of fact and conclusions of law rendered in accordance with the rules established by the American Arbitration Association or another recognized arbitration body, and in accordance with Sections 1281 to 1294.2, inclusive, of the Code of Civil Procedure where applicable, and where the arbitration award has been confirmed and reduced to judgment pursuant to Section 1287.4 of the Code of Civil Procedure, against a defendant based upon the defendant's fraud, misrepresentation, or deceit, made with intent to defraud, or conversion of trust funds, arising directly out of any transaction in which the defendant, while licensed under this part, performed acts for which a real estate license was required, the aggrieved person may, upon the judgment becoming final, file an application with the Department of Real Estate for payment from the Recovery Account, within the limitations specified in Section 10474, of the amount unpaid on the judgment that represents an actual and direct loss to the claimant in the transaction. As used in this chapter, ''court of competent jurisdiction'' includes the federal courts, but does not include the courts of another state.

(b) The application shall be delivered in person or by certified mail to an office of the department not later than one year after the judgment has become final.

(c) The application shall be made on a form prescribed by the department, verified by the claimant, and shall include the following:

(2) If the claimant is represented by an attorney, the name, business address, and telephone number of the attorney.

(3) The identification of the judgment, the amount of the claim and an explanation of its computation.

(4) A detailed narrative statement of the facts in explanation of the allegations of the complaint upon which the underlying judgment is based.

(5) (A) Except as provided in subparagraph (B), a statement by the claimant, signed under penalty of perjury, that the complaint upon which the underlying judgment is based was prosecuted conscientiously and in good faith. As used in this section, ''conscientiously and in good faith'' means that no party potentially liable to the claimant in the underlying

transaction was intentionally and without good cause omitted from the complaint, that no party named in the complaint who otherwise reasonably appeared capable of responding in damages was dismissed from the complaint intentionally and without good cause, and that the claimant employed no other procedural means contrary to the diligent prosecution of the complaint in order to seek to qualify for the Recovery Account.

(B) For the purpose of an application based on a criminal restitution order, all of the following statements by the claimant:

(i) The claimant has not intentionally and without good cause failed to pursue any person potentially liable to the claimant in the underlying transaction other than a defendant who is the subject of a criminal restitution order.

(ii) The claimant has not intentionally and without good cause failed to pursue in a civil action for damages all persons potentially liable to the claimant in the underlying transaction who otherwise reasonably appeared capable of responding in damages other than a defendant who is the subject of a criminal restitution order.

(iii) The claimant employed no other procedural means contrary to the diligent prosecution of the complaint in order to seek to qualify for the Recovery Account.

(6) The name and address of the judgment debtor or, if not known, the names and addresses of persons who may know the judgment debtor's present whereabouts.

(A) That he or she is not a spouse of the judgment debtor nor a personal representative of the spouse.

(B) That he or she has complied with all of the requirements of this chapter.

(C) That the judgment underlying the claim meets the requirements of subdivision (a).

(D) A description of searches and inquiries conducted by or on behalf of the claimant with respect to the judgment debtor's assets liable to be sold or applied to satisfaction of the judgment, an itemized valuation of the assets discovered, and the results of actions by the claimant to have the assets applied to satisfaction of the judgment.

(E) That he or she has diligently pursued collection efforts against all judgment debtors and all other persons liable to the claimant in the transaction that is the basis for the underlying judgment.

(F) That the underlying judgment and debt have not been discharged in bankruptcy, or, in the case of a bankruptcy proceeding that is open at or after the time of the filing of the application, that the judgment and debt have been declared to be nondischargeable.

(G) That the application was mailed or delivered to the department no later than one year after the underlying judgment became final.

(d) If the claimant is basing his or her application upon a judgment against a salesperson, and the claimant has not obtained a judgment against that salesperson's employing broker, if any, or has not diligently pursued the assets of that broker, the application shall be denied for failure to diligently pursue the assets of all other persons liable to the claimant in the transaction unless the claimant can demonstrate, by clear and convincing evidence, either that the salesperson was not employed by a broker at the time of the transaction, or that the salesperson's employing broker would not have been liable to the claimant because the salesperson was acting outside the scope of his or her employment by the broker in the transaction.

(e) The application form shall include detailed instructions with respect to documentary evidence, pleadings, court rulings, the products of discovery in the underlying litigation, and a notice to the applicant of his or her obligation to protect the underlying judgment from discharge in bankruptcy, to be appended to the application.

(b) If the judgment debtor holds an unexpired and unrevoked license issued by the department, service of the notice and a copy of the application may be made by certified mail addressed to the judgment debtor at the latest business or residence address on file with the department. If the judgment debtor does not hold an unexpired and unrevoked license issued by the department and personal service cannot be effected through the exercise of reasonable diligence, the claimant shall serve the judgment debtor by one publication of the notice in each

(f) If a judgment debtor fails to mail or deliver a written response to the application with the department within 30 days after personal service, mailing, or final publication of the notice, the judgment debtor shall not thereafter be entitled to notice of any action taken or proposed to be taken by the commissioner with respect to the application.

''Pursuant to Section 10475 of the Business and Professions Code, all of your licenses and license rights under the Real Estate Law will be suspended effective on the date of the payment, and you will not be eligible for reinstatement of any license issued under authority of the Real Estate Law until you have reimbursed the Recovery Account for this payment plus interest at the prevailing legal rate.''

''If you desire a judicial review of the suspension of your licenses and license rights, you may petition the superior court for a writ of mandamus. If the underlying judgment is a California state court judgment, the petition shall be filed in the court in which the judgment was entered. CHAPTER 391

An act to amend Section 17942 of, and to repeal and add Section 17943 of, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 17942 of the Revenue and Taxation Code is amended to read:

17942. (a) In addition to the tax imposed under Section 17941, every limited liability company subject to tax under Section 17941 shall pay annually to this state a fee equal to:

(1) Nine hundred dollars ($900), if the total income from all sources reportable to this state for the taxable year is two hundred fifty thousand dollars ($250,000) or more, but less than five hundred thousand dollars ($500,000).

(2) Two thousand five hundred dollars ($2,500), if the total income from all sources reportable to this state for the taxable year is five

hundred thousand dollars ($500,000) or more, but less than one million dollars ($1,000,000).

(3) Six thousand dollars ($6,000), if the total income from all sources reportable to this state for the taxable year is one million dollars ($1,000,000) or more, but less than five million dollars ($5,000,000). Eleven thousand seven hundred ninety dollars ($11,790), if the total income from all sources reportable to this state for the taxable year is five million dollars ($5,000,000) or more.

(5) (A) This subdivision shall apply to taxable years beginning on or after January 1, 1997.

(6) The changes made to this subdivision by the act adding this paragraph shall apply to taxable years beginning on or after January 1, 2001.

(b) (1) For purposes of this section, ''total income'' means gross income, as defined in Section 24271, plus the cost of goods sold that are paid or incurred in connection with the trade or business of the taxpayer. However, ''total income'' shall not include allocation or attribution of income or gain or distributions made to a limited liability company in its capacity as a member of, or holder of an economic interest in, another limited liability company if the allocation or attribution of income or gain or distributions are directly or indirectly attributable to income that is subject to the payment of the fee described in this section.

(2) In the event a taxpayer is a commonly controlled limited liability company, the total income from all sources reportable to this state, taking into account any election under Section 25110, may be determined by the Franchise Tax Board to be the total income of all the commonly controlled limited liability company members if it determines that multiple limited liability companies were formed for the primary purpose of reducing fees payable under this section. A determination by the Franchise Tax Board under this subdivision may only be made with respect to one limited liability company in a commonly controlled group. However, each commonly controlled limited liability company shall be jointly and severally liable for the fee. For purposes of this section, commonly controlled limited liability companies shall include the taxpayer and any other partnership or limited liability company doing business (as defined in Section 23101) in this state and required to file a return under Section 18633 or 18633.5, in which the same persons own, directly or indirectly, more than 50 percent of the capital interests or profits interests.

(c) The fee assessed under this section shall be due and payable on the date the return of the limited liability company is required to be filed under Section 18633.5, shall be collected and refunded in the same manner as the taxes imposed by this part, and shall be subject to interest and applicable penalties.

SEC. 2. Section 17943 of the Revenue and Taxation Code is repealed.

SEC. 3. Section 17943 is added to the Revenue and Taxation Code, to read:

17943. It is the intent of the Legislature that the amount of the annual fee described in Section 17942 shall apply to the taxable year beginning January 1, 2001, and subsequent taxable years, notwithstanding the results of any study prepared by the Franchise Tax Board and submitted to the Joint Legislative Budget Committee pursuant to former Section 17943.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 392

An act to amend Sections 22105 and 22109 of the Financial Code, relating to finance lenders.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 22105 of the Financial Code is amended to read:

22105. (a) Upon the filing of an application pursuant to Section 22101 or 22102 and the payment of the fees, the commissioner shall investigate the applicant, and its general partners and persons owning or controlling, directly or indirectly, 10 percent or more of the outstanding interests if the applicant is a partnership. If the applicant is a corporation, trust, or association, including an unincorporated organization, the commissioner shall investigate its principal officers, directors, and persons owning or controlling, directly or indirectly, 10 percent or more of the outstanding equity securities. If the commissioner determines that the applicant has satisfied this division and does not find facts constituting reasons for denial under Section 22109, the commissioner shall issue and deliver a license to the applicant.

For the purposes of this section, ''principal officers'' shall mean president, chief executive officer, treasurer, and chief financial officer, as may be applicable, and any other officer with direct responsibility for the conduct of the applicant's lending activities within the state.

(b) For purposes of subdivision (a), the investigation in connection with an application described in Section 22102 may be limited to the

information not already included in previous applications filed pursuant to this division.

SEC. 2. Section 22109 of the Financial Code is amended to read:

22109. (a) Upon reasonable notice and opportunity to be heard, the commissioner may deny the application for any of the following reasons:

(1) A false statement of a material fact has been made in the application.

(2) Any officer, director, general partner, or person owning or controlling, directly or indirectly, 10 percent or more of the outstanding interests or equity securities of the applicant has, within the last 10 years (A) been convicted of or pleaded nolo contendere to a crime, or (B) committed any act involving dishonesty, fraud, or deceit, if the crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with this division.

(3) The applicant or any officer, director, general partner, or person owning or controlling, directly or indirectly, 10 percent or more of the outstanding interests or equity securities of the applicant has violated any provision of this division or the rules thereunder or any similar regulatory scheme of a foreign jurisdiction.

(b) The application shall be considered withdrawn within the meaning of this section if the applicant fails to respond to a written notification of a deficiency in the application within 90 days of the date of the notification.

(c) The commissioner shall, within 60 days from the filing of a full and complete application for a license with the fees, either issue a license or file a statement of issues prepared in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

CHAPTER 393

An act to amend Section 1202 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 1202 of the Public Utilities Code is amended to read:

1202. The commission has the exclusive power:

(a) To determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use, and protection of each crossing of one railroad by another railroad or street railroad, and of a street railroad by a railroad, and of each crossing of a public or publicly used road or highway by a railroad or street railroad, and of a street by a railroad or of a railroad by a street.

(b) To alter, relocate, or abolish by physical closing any crossing set forth in subdivision (a).

(c) To require, where in its judgment it would be practicable, a separation of grades at any crossing established and to prescribe the terms upon which the separation shall be made and the proportions in which the expense of the construction, alteration, relocation, or abolition of crossings or the separation of grades shall be divided between the railroad or street railroad corporations affected or between these corporations and the state, county, city, or other political subdivision affected.

(d) (1) To authorize on an application-by-application basis and supervise the operation of pilot projects to evaluate proposed crossing warning devices, new technology, or other additional safety measures at designated crossings, with the consent of the local jurisdiction, the affected railroad, and other interested parties, including, but not limited to, represented railroad employees.

(2) The Legislature finds and declares that for the communities of the state that are traversed by railroads, there is a growing need to mitigate train horn noise without compromising the safety of the public. Therefore, it is the intent of the Legislature that the commission may authorize both of the following pilot projects, after an application is filed and approved by the commission:

(A) To test the utility and safety of stationary, automated audible warning devices as an alternative to trains having to sound their horns as they approach highway-rail crossings in the communities of Roseville, Fremont, Newark, and Lathrop, and in any other location determined to be suitable by the commission.

(B) To authorize supplementary safety measures, as defined in Section 20153(a)(3) of Title 49 of the United States Code, for use on rail crossings. No new pilot project may be authorized after January 1, 2003. The commission shall report to the Legislature by March 31, 2004, on the outcome of this pilot project.

(3) In light of the pending proposed ruling by the Federal Railroad Administration on the use of locomotive horns at all highway-rail crossings across the nation, it would be in the best interest of the state for the commission to expedite the pilot projects authorized under paragraph (2) in order to contribute data to the federal rulemaking

process regarding the possible inclusion of stationary, automated warning devices as a safety measure option to the proposed federal rule.

CHAPTER 394

An act to amend Sections 48005.10, 48005.13, 48005.15, 48005.20, 48005.45, 48005.50, 48005.55 of, to amend and renumber Sections 45005.25 and 45005.30 of, to add Sections 48005.11 to, and to repeal Section 48005.40 of, the Education Code, relating to kindergarten readiness, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 45005.25 of the Education Code is amended and renumbered to read:

48005.25. (a) Notwithstanding any provision of law to the contrary, including, but not limited to, Section 48000, for the 2002–03 school year, and each school year thereafter in which a school district continues to participate in the program, the school district shall offer admission to kindergarten at the beginning of the school year, or at a later time in the same school year, only to children who will have their fifth birthday on or before September 1 of that school year. For a school district that is not implementing the pilot project authorized by this article on a districtwide basis, this subdivision applies only to children whose residence is in the regular attendance boundary of a participating school or who would otherwise attend that school under school assignment policies established in the school year prior to implementation of this pilot program.

(b) Notwithstanding any provision of law to the contrary, including, but not limited to, Section 48010, for the 2003–04 school year, and each school year thereafter in which a school district continues to participate in the program, a school district shall offer admission to first grade at the beginning of the school year, or at a later time in the same school year, only to children who will have their sixth birthday on or before September 1 of that school year. Kindergarten shall not be a prerequisite for enrollment in first grade pursuant to this article. For a school district that is not implementing the pilot project authorized by this article on a districtwide basis, this subdivision applies only to children whose

residence is in the regular attendance boundary of a participating school or who would otherwise attend that school under school assignment policies established in the school year prior to implementation of this pilot program.

(c) Notwithstanding subdivisions (a) and (b), the governing board of each school district participating in this program shall adopt a policy to allow, for good cause, admission of a child to kindergarten or to the first grade at the beginning of a school year in which the child's birthday will be after September 1, or at a later time in the same school year. It is the intent of the Legislature that this subdivision authorize rare exceptions for only the most gifted and socially mature children. Therefore, exceptions are limited to no more than the greater of either one child or the number of children determined by multiplying .01 times the prior school year P-2 average daily attendance in kindergarten within the participating school district or the school implementing the program, as applicable. A school or school district may not exceed this limitation without specific written approval from the Superintendent of Public Instruction upon consideration of a statement by the school or school district of the circumstances that meet the legislative intent regarding this subdivision.

SEC. 2. Section 45005.30 of the Education Code is amended and renumbered to read:

48005.30. (a) For the 2002–03 school year and each school year thereafter until the 2008–09 school year the Superintendent of Public Instruction shall allocate a grant of funds for a participating school district for each year of participation to cover the costs of developing and operating the school district kindergarten readiness program, including, but not limited to, the costs of administration and the costs associated with services provided to parents and children in the program. For any participating school district, annual funding pursuant to this paragraph shall be subject to the limitations and requirements of this subdivision and shall not exceed the per-pupil amount nor the total amount computed as follows:

(1) Five dollars ($5) per hour for each hour of attendance for every child participating in the kindergarten readiness program up to a maximum of 150 hours of attendance for each child. The amount per hour shall be adjusted annually, commencing with the 2003–04 school year for the inflation adjustment calculated pursuant to subdivision (b) of Section 42238.1.

(2) For purposes of total funding to a participating school district, the amount claimed may not exceed an amount equivalent to multiplying the amount in paragraph (1) by a number equal to 50 percent of the entire kindergarten P-2 average daily attendance for the 2001–02 school year of the school district or, in a school district that is not implementing the

pilot project authorized by this article on a districtwide basis, by a number equal to 50 percent of the kindergarten P-2 average daily attendance for the 2001–02 school year of the schools in the district that are implementing the program.

(b) For the 2002–03 school year, the Superintendent of Public Instruction shall allocate a one-time incentive grant to enhance transition of the school district for the reduced attendance that results from the program, to be determined by multiplying one-fourth of the kindergarten average daily attendance for the 2001–02 school year by the school district's base revenue limit per unit of average daily attendance. If a school district does not implement the program districtwide, this one-time incentive shall be determined by multiplying one-fourth of the specific portion of the district's kindergarten average daily attendance for the 2001–02 school year contributed by the implementing school or schools by the school district's base revenue limit per unit of average daily attendance.

(c) A participating school district that does not implement the program on a districtwide basis shall provide to the Superintendent of Public Instruction a statement certifying the following:

(1) P-2 average daily attendance in the implementing schools for the 2001–02 school year. The school district shall maintain these records for audit purposes. The Superintendent of Public Instruction may request documentation of the P-2 average daily attendance in schools implementing the program as deemed necessary to enforce the funding limits of this article.

(2) Attendance boundaries for the schools implementing the program will remain the same as they existed in the 2001–02 school year through the duration of the program unless the district submits an application to and receives approval from the State Board of Education. The State Board of Education shall only consider applications for attendance boundary changes for participating schools in cases where significant population changes necessitate the opening of new schools or the closing of existing schools. In order to preserve the integrity of the evaluation required by this article, it is the intent of the Legislature that a school district applying to participate in the program on a less than districtwide basis avoid implementation of the program in schools that can reasonably be foreseen to be subject to boundary changes within the timeframe of the pilot program authorized in this article. The State Board of Education may not approve boundary changes that do not meet the requirements and intent of this paragraph.

(3) The district has established procedures that restrict attendance in nonparticipating schools of the district for children residing in the attendance boundaries of the schools implementing the program.

(d) Total incentive funding for reduced P-2 average daily attendance provided pursuant to this article shall be subject to a statewide maximum funding level equal to the equivalent of 2,300 full annual units of average daily attendance multiplied by the statewide average school district revenue limit for the 2002–03 fiscal year as determined by the Department of Finance.

SEC. 3. Section 48005.10 of the Education Code is amended to read:

48005.10. (a) This article shall be known, and may be cited, as the Kindergarten Readiness Pilot Program.

(b) The Legislature hereby finds and declares the following:

(1) The available data indicate all of the following:

(A) By changing the age at which children generally enter kindergarten, California's children will be better prepared to enter into the academic environment that is required by the California content standards for kindergarten.

(B) Success in school is often related to socioeconomic status, English language fluency at school entry, and access to preschool. By providing a kindergarten readiness program for the children most at risk for low performance and delaying entry to allow all children time to become more developmentally ready to learn, pupils are more likely to succeed in school.

(C) Comparisons between California pupils and pupils in other states on national achievement tests in the later grades are likely to be more equitable if the entry age of California pupils is more closely aligned to that of most other states.

(D) Children who have attended an educationally based kindergarten readiness program, including, but not limited to, a quality state preschool, Head Start, or kindergarten readiness program, are better prepared academically and socially for the existing kindergarten curriculum, as reflected by the state adopted standards.

(2) The purpose of the pilot project established pursuant to this article is intended to test these data.

(3) For participating school districts, the change in enrollment required pursuant to this article will result in a decrease in the number of pupils enrolled in kindergarten classes for the class entering kindergarten in the 2002–03 school year. Thus, it is estimated that in participating school districts there will be a 25 percent decrease in the enrollment of the kindergarten class in the initial year of implementation .

(4) The school district revenue related provision of this article in Section 48005.30 is intended to fully fund participation in the program and provide an incentive to participate.

SEC. 4. Section 48005.11 is added to the Education Code, to read:

48005.11. A charter school is eligible to receive funding pursuant to this article. As a condition of receiving that funding, the charter school shall comply with all the requirements of this article. For purposes of this article, ''school districts'' means school districts or charter schools.

SEC. 5. Section 48005.13 of the Education Code is amended to read:

48005.13. (a) The Superintendent of Public Instruction shall establish and administer the Kindergarten Readiness Pilot Program to permit school districts to provide opportunities for children to enhance their readiness for kindergarten, thereby increasing their likelihood for future academic success.

(b) The Superintendent of Public Instruction shall convene an advisory panel to assist the department in developing its request for proposals, and in evaluating and selecting the proposals submitted to the department. The advisory panel shall include, but need not be limited to, a representative of each of the following:

(1) The Department of Finance.

(2) The Legislature.

(3) The California Research Bureau.

(4) The Legislative Analyst.

(5) The State Board of Education.

(6) The Secretary for Education.

(c) By February 1, 2002, the superintendent shall notify elementary and unified school districts maintaining kindergarten about the existence of this program, shall notify them about the procedures for participation, and shall request proposals for participation.

(d) Participation in the program by a school district shall be voluntary.

(e) A school district that elects to participate in the program shall apply to the Superintendent of Public Instruction by May 1, 2002, upon forms adopted by the superintendent for this purpose.

(f) The Superintendent of Public Instruction, with the advice of the advisory panel, and in consultation with the Secretary for Education, shall select participants from the group of applicants. The Superintendent of Public Instruction shall give priority to applicant school districts that are representative of the diversity of pupils and of the various types of school districts within the state. Priority shall, also, be given to unified school districts.

(g) Nothing in this article prohibits a school district from implementing the program in selected schools within the district if adequate records are kept to substantiate the accuracy of the declining enrollment incentive and limits on prekindergarten instruction funding provided pursuant to Section 48005.30.

SEC. 6. Section 48005.15 of the Education Code is amended to read:

48005.15. By July 1, 2002, each participant school district shall enter into an agreement with the Superintendent of Public Instruction setting forth the requirements under the program, including, but not limited to, all of the following:

(a) The participating school district shall make reasonable efforts to identify parents and guardians of children from three to five years of age who reside within the school district and to provide the parents and guardians with information regarding, and access to, services, programs, or methods, to assist them in assessing the level of readiness of a child to enter school.

(b) The effort set forth in paragraph (1) shall include, but need not be limited to, information regarding available care services, preschool programs, and educationally based kindergarten readiness programs. The school district may coordinate this effort with local parent-teacher organizations.

(c) ''Reasonable effort'' as used in this subdivision does not require that the school district individually contact every potential parent who resides within the school district.

(d) The school district shall provide assistance to parents or guardians who request assistance regarding activities that parents may initiate in preparing children for school.

(e) At a minimum, participating school districts shall supply parents or guardians with written readiness guidelines developed by the State Department of Education.

(f) Assistance provided pursuant to this section shall be based on generally accepted child development theory and may include information related to social and development readiness and professional consultations with teachers and school administrators.

(g) The participating school district shall make reasonable efforts to collect data and make it available to the independent evaluator, as specified in Section 48005.45.

SEC. 7. Section 48005.20 of the Education Code is amended to read:

48005.20. (a) Participating school districts shall offer enrollment in a kindergarten readiness program to eligible children in order to receive funding pursuant to this article. Participation by parents and children in a kindergarten readiness program shall be voluntary.

(b) If the school district implements the program districtwide, it shall offer a kindergarten readiness program to any eligible child who pre-enrolls in kindergarten and may offer it to eligible children who do not pre-enroll. If a school district implements the program in selected schools within the district, it shall offer a kindergarten readiness program

to any eligible child residing within the attendance boundary of the school who pre-enrolls in kindergarten and may offer it to eligible children residing within the attendance boundary of the school who do not pre-enroll.

(c) For purposes of this article, an eligible child is any child residing in the attendance boundary of a school or school district, as applicable, who will become eligible to enter kindergarten in the following year pursuant to Section 48005.25.

(d) Priority for enrollment in a kindergarten readiness program shall be provided to any child residing within the attendance boundary of the school or school district, as applicable, who has not previously attended a public or private preschool program.

(e) The kindergarten readiness program offered by a school district pursuant to this section shall consist solely of components designed to enhance the skills that are necessary for success in later education and shall include, but need not be limited to, all of the following:

(1) A program of sufficient duration and at times that reasonably allow participating children to attend at least 110 hours of kindergarten readiness activities and instruction.

(2) Programs that assist pupils in developing the motor and cognitive skills, including, but not limited to, language development, required to be successful in kindergarten.

(3) Activities that socialize pupils to the discipline of the school environment.

SEC. 8. Section 48005.40 of the Education Code is repealed.

SEC. 9. Section 48005.45 of the Education Code is amended to read:

48005.45. (a) The Superintendent of Public Instruction shall, by June 1, 2003, contract for an independent longitudinal evaluation regarding the effects of the change in the entry age for kindergarten and first grade pursuant to this article. In selecting the independent evaluator, awarding the contract pursuant to this section, and in monitoring performance under the contract, the Superintendent of Public Instruction shall consult with the advisory panel convened pursuant to subdivision (b) of Section 48005.13.

(b) The evaluation shall be based upon samples of sufficient size and diversity to allow results to be reported separately for pupils of different ethnicity, socioeconomic status, and primary language, and results of the evaluation shall be so reported.

(c) The primary purpose of the evaluation is to determine whether this entry age change results in improved readiness for school and an improvement in academic achievement among participating children.

(d) The evaluation shall use representative sampling to identify the change's effects on all of the following:

(1) Academic achievement, as measured by standardized tests, as compared with pupils not participating in the program.

(2) Behavioral problems, as measured by objective data including, but not limited to, suspension and expulsion rates, as compared with pupils not participating in the program.

(3) Academic problems, as measured by referrals to special education and remedial programs, as compared with pupils not participating in the program.

(4) Age of kindergarten entry and previous educationally based preschool experience, including, but not limited to, access to child care and preschool by parents or guardians.

(5) Overall retention rates in kindergarten and in subsequent grades.

(6) Participation in remedial, supplemental, or summer school programs.

(7) Class size.

(8) Number of pupils participating in kindergarten.

(9) Number of pupils participating in the kindergarten readiness programs.

(10) Differences, if any, between programs with full preschool participation, and those with partial or no preschool.

(11) Childcare difficulties caused by the admission age change.

(12) Demographic breakdown of participants and nonparticipants, including, but not limited to, socioeconomic and ethnic demographics.

(13) Facilities difficulties, if any, encountered by participating school districts.

(14) The ability of parents to gain access to the program, disaggregated by ethnic, primary language, and socioeconomic status.

(e) It is the intent of the Legislature that funding for this evaluation be included in the Budget Act or a bill related to the Budget Act. It is the intent of the Legislature to subsequently increase the number of hours funded for the kindergarten readiness program if the reports pursuant to this section indicate that the increase would be beneficial.

(f) (1) The independent evaluator shall report to the Legislature, the Governor, the Superintendent of Public Instruction, the State Board of Education, and the Secretary for Education.

(2) The initial report shall be filed by June 1, 2005. The interim report shall be filed by January 1, 2007. The final report shall be filed by January 1, 2008.

SEC. 10. Section 48005.50 of the Education Code is amended to read:

48005.50. (a) The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the Office of the Superintendent of Public Instruction for a statewide public information campaign to notify school districts and parents of the availability and

goals of the Kindergarten Readiness Pilot Program as necessary and for other state operations costs to implement this article in a timely manner.

(b) The State Board of Education may adopt regulations related to the administration of the article and the distribution of funding for purposes of this article. The regulations shall preserve the flexibility of school districts to design and operate kindergarten readiness programs within the parameters established by this article.

SEC. 11. Section 48005.55 of the Education Code is amended to read:

48005.55. This article shall become inoperative on July 1, 2009, and, as of January 1, 2010, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow school districts enough time to make necessary plans regarding participation in the Kindergarten Readiness Pilot Program, it is necessary that this act take effect immediately.

SEC. 6. Section 50530 is added to the Health and Safety Code, to read:

50530. (a) Large numbers of Californians face excessive housing costs and live in overcrowded or substandard housing units. In order to facilitate an increase in the supply of housing, the state has created and funded several predevelopment loan programs, the purposes of which have been to provide interim financing to housing sponsors to cover the planning and development costs associated with the development of new housing.

(b) A more efficient method to address the need to provide interim financing would be through the operation of a single omnibus predevelopment loan program.

(c) It is the intent of the Legislature that the Predevelopment Loan Program as contained in this chapter be used as the vehicle for the department's ongoing urban and rural predevelopment programs as well as specially directed programs as may be funded by the Legislature from time to time. In particular, the Predevelopment Loan Program, as amended, is intended to take the place of the following department programs:

(1) The Rural Predevelopment Loan Program previously established by Chapter 3.1 (commencing with Section 50515).

(2) The preservation predevelopment loans authorized by and subject to Item 2240-101-0001 of the Budget Act of 1999, Item 2240-106-0001 of the Budget Act of 2000, and Item 2240-106-0001 of the Budget Act of 2001.

(3) The jobs-housing predevelopment loans provided for in Chapter 3.7 (commencing with Section 50540).

SEC. 7. Section 50531 of the Health and Safety Code is amended to read:

50531. (a) The Urban Predevelopment Loan Fund is hereby renamed the Predevelopment Loan Fund.

(b) Notwithstanding Section 13340 of the Government Code, all money in the fund, including any interest on loans made from the fund, is hereby continuously appropriated to the department for carrying out the purposes of this chapter, together with interest as provided in that section. The fund shall be a revolving loan fund that shall be used to make predevelopment loans and land purchase loans to eligible sponsors for assisted housing for occupancy primarily by persons of low income.

(c) All interest, dividends, and pecuniary gains from investments or deposits of moneys in the fund shall accrue to the fund, notwithstanding Section 16305.7 of the Government Code. There shall be paid into the fund all of the following:

(1) Any moneys appropriated and made available by the Legislature for the purposes of the fund.

(2) Any moneys that the department receives in repayment of loans made from the fund, including any interest on loans made from the fund.

(3) Any other moneys that may be made available to the department for the purposes of this chapter from any other source.

(d) Notwithstanding any other provision of law, on the effective date of this subdivision, or as otherwise specified in this section, the following fund balances, as well as any subsequent income derived from loans, including principal and interest, or grants made for the programs identified below, shall be transferred from the funds in which they are currently deposited into the Predevelopment Loan Fund:

(1) Any funds remaining in the Rural Predevelopment Loan Fund established by Section 50516 and any repayments of these funds.

(2) Any unencumbered funds remaining for the preservation predevelopment loans authorized by and subject to Item 2240-101-0001 of the Budget Act of 1999 and Item 2240-106-0001 of the Budget Act of 2000 and deposited in the Rental Housing Construction Fund established by Section 50740 and any repayments of these loaned funds.

(3) All funds appropriated by and subject to Item 2240-106-0001 of the Budget Act of 2001.

(4) Any unencumbered funds remaining and any income and repayments from these loaned funds made for the jobs-housing predevelopment loans authorized by Item 2240-114-0001 of the Budget Act of 2000 to the extent that those funds remain unencumbered in the Rental Housing Construction Fund established by Section 50740.

(5) Any unencumbered funds, or any loan repayments, of the former Urban Predevelopment Loan Program that may have been received on

or after June 30, 1999, and transferred or deposited into the Rental Housing Construction Fund established by Section 50740.

SEC. 8. Section 50532 of the Health and Safety Code is amended to read:

50532. The fund shall be administered by the director and any persons within the department designated by the director, in accordance with all of the following requirements:

(a) The department shall not commit more than 20 percent of the total moneys appropriated to the fund to any single borrower at any point in time.

(b) The department shall require adequate security for all loans made from the fund. For the purposes of this subdivision, ''adequate security'' includes, but need not be limited to, a security interest in any property purchased with fund moneys, a promissory note, or an assignment of a land option, except that in the case of Indian trust land a mortgage on a leasehold interest in the property shall be acceptable.

(c) No predevelopment loan may be made pursuant to this chapter unless the department may reasonably anticipate that a commitment can be obtained by an eligible sponsor for construction financing or long-term financing that will permit occupancy primarily by persons of low income, as specified in subdivision (b) of Section 50531. The department may make land purchase loans to eligible sponsors to enable those sponsors to exercise options or to purchase land on which no option can be obtained even though the sponsor is not able at the time the loan is made to proceed with the development of assisted housing on the purchased site. If the eligible sponsor is unable to proceed with the development of assisted housing on the purchased site within three years of its acquisition, the sponsor, upon demand of the department, shall convey the site to the department. The department shall dispose of the site in accordance with subdivision (o) of Section 50406, and the net proceeds shall be paid into the fund.

(d) The department may establish alternate project selection processes, threshold requirements, and priorities for funds appropriated for special purposes. These alternate processes, requirements, and priorities shall be tied to the specific needs and objectives for which the funds have been appropriated.

(e) The department shall, from time to time, direct the Treasurer to invest moneys of the fund which are not required for its current needs in eligible securities which the department designates from among those specified in Section 16430 of the Government Code. The department may direct the Treasurer to deposit moneys from the fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. The department may alternatively require the transfer of moneys in the fund to the Surplus

Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest, dividends, and pecuniary gains from those investments or deposits shall accrue to the fund.

(f) In complying with Section 50408, the department shall also report annually to the Legislature and the Governor on the administration of the fund. The report shall include, but need not be limited to, all of the following information:

(1) The number of units assisted.

(2) The average income of households assisted and the distribution of annual incomes among assisted households.

(5) Data on the number of delinquencies and defaults.

(6) Recommendations, as needed, to improve the operation of the fund.

(7) The number of loans made at interest rates lower than 7 percent per annum, and the income of households assisted by those loans.

(8) The public transportation services conveniently available to assisted households.

(9) The number of manufactured housing units assisted under Section 50531 and this section.

(10) The location, size, and cost of land, and option rights purchased with land purchase loans.

(g) (1) Except as provided in paragraph (2), the balance of any loan made from the fund or its predecessor fund which remains unpaid on September 22, 1983, except any portion which is delinquent, and all loans made from the fund on or after that date, shall bear interest at a rate of 3 percent per annum.

(2) The department may reduce or eliminate interest on the loans, if, in the exercise of sound discretion, the department determines that action is necessary for the provision of decent housing to very low income households, as described in Section 50105. However, if the department eliminates interest on a loan, it shall charge a loan origination fee not to exceed 2 percent of the loan amount.

(h) To the extent feasible, the department shall ensure a reasonable geographic distribution of the funds. Other things being equal, the department shall give priority to assisting development that meets either of the following requirements:

(1) It will be located in public transit corridors.

(2) It will be used for the preservation and acquisition of existing government-assisted rental housing at risk of conversion to market-rate

use. Within this category, the department shall give priority to those applications that include matching financing from local redevelopment agencies or federal programs.

(i) The department may make predevelopment loans or land purchase loans for the development of mobilehome parks and manufactured housing subdivisions.

(d) Awards made pursuant to this section shall require a 50 percent match from the local agency in which the site is located.

(e) In addition to those eligible sponsors specified in subdivision (e) of Section 50530.5, eligible sponsors shall include limited liability corporations and limited partnerships where all managing members or general partners are nonprofit organizations.

If the local agency is situated in more than one city or county or partly in a city and partly in a county, the local agency shall comply with the ordinances of each county or city with respect to the territory of the local agency which is situated in the particular county or city, and the ordinances of a county or city shall not be applied to any portion of the territory of the local agency which is situated outside the boundaries of the county or city. Notwithstanding the preceding provisions of this section, this section does not require a school district or the state when acting under the State Contract Act (Article 1 (commencing with Section 10100) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code) to comply with the building ordinances of a county or city.

(c) Each local agency required to comply with building ordinances and zoning ordinances pursuant to this section and each school district whose school buildings are inspected by a county or city pursuant to Section 53092 shall be subject to the provisions of the applicable ordinances of a county or city requiring the payment of fees, but the amount of those fees charged to a local agency or school district shall not exceed the amount charged under the ordinance to nongovernmental agencies for the same services or permits. The commission may commence civil actions and utilize all remedies provided in law or equity for the collection of assessments and civil penalties, and for the obtaining of injunctive relief or specific performance, regarding this chapter and the rules and regulations adopted pursuant to this chapter. A court shall issue to the commission any requested writ of attachment or injunctive relief upon a prima facie showing by verified complaint that a named defendant has violated this chapter or any other rule or regulation of the commission, including, but not limited to, the nonpayment of assessments. No bond shall be required to be posted by the commission as a condition for the issuance of any writ of attachment or injunctive relief.

A writ of attachment shall be issued pursuant to Chapter 5 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code of Civil Procedure, except that the showing specified in Section 485.010 of the Code of Civil Procedure is not required. Injunctive relief shall be issued pursuant to Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the showing of irreparable harm or inadequate remedy at law specified in Section 526 and 527 of the Code of Civil Procedure is not required.

Upon entry of any final judgment on behalf of the commission against any defendant, the court shall enjoin the defendant from conducting any type of business regarding the commodity subject to this chapter until there is full compliance and satisfaction of the judgment. Upon a

favorable judgment for the commission, it shall be entitled to receive reimbursement for any reasonable attorney's fees and other actual related costs. Venue for these actions may be established at the domicile or place of business of the defendant or in the county of the principal office of the commission. The commission may be sued only in the county of its principal office.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 398

An act to amend Sections 704, 2922, 2923, and 12002.5 of, to add Chapter 1.5 (commencing with Section 716) to Division 2 of, and to repeal Section 221 of, the Fish and Game Code, to amend Section 10005 of the Public Resources Code, and to amend Section 3 of Chapter 223 of the Statutes of 2000, relating to fish and game, and making an appropriation therefor.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 221 of the Fish and Game Code is repealed.

SEC. 1.5. Section 704 of the Fish and Game Code is amended to read:

704. (a) Notwithstanding any other provision of law, the director is the appointing power of all employees within the department, and all employees in the department are responsible to the director for the proper carrying out of the duties and responsibilities of their respective positions.

(b) The changes made to subdivision (a) during the 2001–02 Regular Session of the Legislature are declaratory of existing law.

SEC. 2. The Legislature finds and declares all of the following:

(a) Wildlife resources are managed in trust by the different states for the benefit of all residents and visitors.

(b) The protection of the wildlife resources of a state is materially affected by the degree of compliance with statutes, ordinances, and administrative rules and regulations relating to the management of those resources.

(c) The preservation, protection, management, and restoration of wildlife contributes immeasurably to the aesthetic, recreational, and economic aspects of those natural resources.

(d) Wildlife resources are valuable without regard to political boundaries; therefore, every person should comply with wildlife preservation, protection, management, and restoration statutes, ordinances, and administrative rules and regulations of the participating states as a condition precedent to the continuance or issuance of any license to hunt, fish, or trap.

(e) Violations of wildlife laws interfere with the management of wildlife resources and may endanger the safety of persons and property.

(f) The mobility of wildlife law violators necessitates the maintenance of channels of communication among various states.

(g) In most instances, a person who is cited for a wildlife violation in a state other than his or her state of residence is subjected to either of the following:

(1) Is required to post collateral or a bond to secure appearance for a trial at a later date, or is taken into custody until the collateral or bond is posted.

(2) Is taken directly to court for an immediate appearance.

(h) The purpose of the wildlife law enforcement practices is to ensure compliance with the terms of a wildlife citation by the cited person who, if released after receiving a citation, could return to his or her home state and disregard his or her duty under the terms of the citation.

(i) In most instances, a person who is issued a wildlife citation in his or her home state is permitted to accept the citation from the officer at the scene of the violation, and is not detained or held in custody if he or she agrees to comply with the terms of the citation.

(j) The law enforcement practices described in subdivision (g) cause unnecessary inconvenience and, at times, hardship for a person who is unable at the time to post collateral, furnish a bond, stand trial, or pay a fine, and who is thus compelled to remain in custody until some alternative arrangement is made. Those practices consume an excessive amount of law enforcement agencies' time.

SEC. 3. Chapter 1.5 (commencing with Section 716) is added to Division 2 of the Fish and Game Code, to read:

CHAPTER 1.5. WILDLIFE VIOLATOR COMPACT

Article 1. General Provisions

716. The Wildlife Violator Compact is hereby enacted into law and entered into with all other participating states.

716.1. It is the policy of this state in entering into the compact to do all of the following:

(a) Promote compliance with the statutes, ordinances, and administrative rules and regulations relating to the management of wildlife resources in this state.

(b) Recognize the suspension of wildlife license privileges of any person whose license privileges have been suspended by a participating state and treat that suspension as if it had occurred in the licensee's home state if the violation that resulted in the suspension could have been the basis for suspension in the home state.

(c) Allow a violator, except as provided in subdivision (b) of Section 716.4, to accept a wildlife citation and, without delay or detention, proceed on his or her way whether or not the violator is a resident of the state in which the citation was issued, if the violator's home state is a party to this compact.

(d) Report to the appropriate participating states, as provided in the compact manual, any conviction recorded against any person whose home state was not the issuing state.

(e) Allow the home state to recognize and treat convictions recorded against its residents, if those convictions occurred in a participating state, as though they had occurred in the home state.

(f) Extend cooperation to its fullest extent among the participating states for enforcing compliance with the terms of a wildlife citation issued in one participating state to a resident of another participating state.

Article 3. Issuing State Violation Procedures

716.4. (a) Notwithstanding any other provision of law, when issuing a citation for a wildlife violation for purposes of this chapter, a wildlife officer of the issuing state may issue a citation to any person whose primary residence is in a participating state in the same manner as though the person were a resident of the issuing state, and shall not require that person to post collateral to secure appearance, except as provided in subdivision (b), if the officer receives the personal recognizance of the person that he or she will comply with the terms of the citation.

(b) Personal recognizance is acceptable unless prohibited by ordinance of a city or county, the policy of the issuing agency, a

procedure or regulation, or by the compact manual, and only if the violator provides adequate proof of identification to the wildlife officer.

(c) Upon conviction or failure of a person to comply with the terms of a wildlife citation, the appropriate wildlife officer shall report the conviction or failure to comply to the licensing authority of the participating state in which the wildlife citation was issued. The report shall be made in accordance with procedures specified by the issuing state, and shall contain information as prescribed in the compact manual.

(d) Upon receipt of the report of conviction or noncompliance pursuant to subdivision (c), the licensing authority of the issuing state shall transmit to the licensing authority of the home state of the violator the information in the form and content prescribed in the compact manual.

Article 4. Home State Procedures

716.5. (a) Upon receipt of a report from the licensing authority of the issuing state reporting the failure of a violator to comply with the terms of a citation, the licensing authority shall notify the violator and shall initiate a suspension action. The licensing authority shall suspend the violator's license privileges, in accordance with the requirements of due process, until satisfactory evidence of compliance with the terms of the wildlife citation has been furnished to the licensing authority.

(b) Upon receipt of a report of conviction from the licensing authority of the issuing state, the licensing authority of the home state may enter that conviction in its records and may treat the conviction as though it occurred in the home state for the purposes of the suspension of license privileges, if the violation that resulted in the conviction would constitute a wildlife violation in the home state.

(c) The licensing authority of the home state shall maintain a record of actions taken and shall make reports to issuing states as provided in the compact manual.

Article 5. Reciprocal Recognition of Suspension

716.6. (a) As a participating member of the wildlife violator compact, the licensing authority of this state may recognize the suspension of license privileges of any person by any participating state if both of the following occur:

(1) The violation that resulted in the conviction would constitute a wildlife violation in this state.

(2) The conviction that resulted in the suspension could have been the basis for suspension under the statutes, ordinances, or administrative rules or regulations of this state.

(b) The licensing authority shall communicate suspension information to other participating states in the form and content prescribed by the compact manual.

Article 6. Applicability of Other Laws

716.7. Except as expressly required by this chapter, this chapter shall not be construed to affect the right of any participating state to apply any of its statutes, ordinances, or administrative rules or regulations relating to license privileges to any person or circumstance, or to invalidate or prevent any agreement or other cooperative arrangement between a participating state and a nonparticipating state, concerning wildlife law enforcement.

Article 7. Compact Administrator Procedures

716.8. (a) (1) A board of compact administrators is hereby established to serve as a governing body for the resolution of all matters relating to the operation of this compact. The board shall be composed of one member from each of the participating states to be known as the compact administrator.

(2) A compact administrator of any participating state may provide for the discharge of his or her duties and the performance of his or her functions as a board member by an alternate, designated by that member. An alternate is not entitled to serve unless written notification of his or her identity is provided to the board.

(3) The compact administrator for this state shall be appointed by the director and shall serve, and be subject to removal, in accordance with the laws of this state.

(b) Each member of the board is entitled to one vote. No action of the board shall be binding unless taken at a meeting at which a majority of the membership of the board vote in favor thereof. Action by the board may only be taken at a meeting at which a majority of the membership of the board is present.

(c) The board shall elect annually from its membership a chairperson and vice chairperson.

(d) The board shall adopt bylaws, not inconsistent with this compact, and may amend and rescind the bylaws.

(e) The board may accept for any of its purposes and functions under this compact any donation and grant of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any governmental agency, and may receive, utilize, and dispose thereof.

(f) The board may contract with, or accept services or personnel from, any governmental or intergovernmental agency, individual, firm, or corporation, including any private nonprofit organization or institution.

(g) The board shall formulate all necessary procedures and develop uniform forms and documents for administering this compact. All procedures and forms adopted pursuant to board action shall be contained in a compact manual.

Article 8. Entry Into Compact and Withdrawal

716.9. (a) This chapter shall become effective at such time as it is adopted in substantially similar form by this state and one or more other states, subject to the following conditions:

(1) The entry into the compact shall be made by resolution executed and ratified by authorized officials of the applying state and submitted to the chairperson of the board of contract administrators.

(2) The resolution shall substantially be in the form and content as provided in the compact manual, and shall include all of the following:

(A) A citation of the authority authorizing the state to become a party to this compact.

(B) An agreement to comply with the terms and provisions of this compact.

(C) An agreement that the state entering into the compact agrees to participate with all participating states in the compact.

(b) The effective date of entry into the compact shall be specified by the applying state but shall not be less than 60 days after notice has been given by either the chairperson or secretary of the board to each participating state that the resolution from the applying state has been received.

(c) A participating state may withdraw from participation in this compact by giving written notice to the compact administrator of each participating state. The withdrawal shall not become effective until 90 days from the date on which the written notice of withdrawal is sent to each participating state. The withdrawal of any state shall not affect the validity of this compact as to the remaining participating states.

Article 9. Amendments to the Compact

717. (a) This compact may be amended periodically. Amendments shall be presented in resolution form to the chairperson of the board, and shall be initiated by one or more participating states.

(b) The adoption of an amendment requires endorsement by all participating states and becomes effective 30 days after the date of the last endorsement.

(c) The failure of any participating state to respond to the appropriate authority within 60 days after receipt of a proposed amendment constitutes endorsement thereof.

Article 10. Construction and Severability

717.1. This compact shall be liberally construed to effectuate its purposes.

717.2. The provisions of this chapter are severable. If any provision of this chapter or its application is held invalid or contrary to the constitution of any participating state or of the United States, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 4. Section 2922 of the Fish and Game Code is amended to read:

2922. The program is hereby established for the purpose of devising and evaluating methods by which wetland management techniques in the Suisun Marsh can be better integrated with mosquito abatement programs. The department shall award grant funds for the program to the conservation district until June 30, 2005. The program shall be implemented and administered in accordance with the following procedures:

(a) Not later than July 31, 2001, July 31, 2002, July 31, 2003, and July 31, 2004, the conservation district, the mosquito district, and the department shall confer for the purpose of selecting those lands on which the early flooding program may be conducted with the voluntary consent of the landowners, shall immediately notify the owners of those selected properties, and shall give the owners of those selected properties the option to participate in the program. Priority shall be given to those properties that have demonstrated, or for which it can be reasonably assumed, are the least likely to produce mosquitos at levels requiring extensive abatement efforts.

(b) The mosquito district shall keep detailed records of each mosquito outbreak requiring the application of control measures, including the date of the outbreak and any posttreatment inspections, the species of mosquitos involved, approximate acreage sustaining the outbreak, the kind of control measure or measures employed, the type of chemical controls applied, if any, the application rate, and the total cost of the abatement procedure.

(c) The mosquito district shall immediately notify the conservation district of any mosquito outbreaks requiring control measures, and provide the conservation district with the written record of those outbreaks together with any recommendations the mosquito district may have regarding wetland habitat management practices that could be

employed to avert or minimize future outbreaks on the subject property in a timely fashion.

(d) The conservation district shall conduct a weekly bird census of all waterfowl, shorebirds, and wading birds for the properties participating in the early flooding program, and shall maintain complete records of the census for each property. Prior to the initiation of the census effort, the conservation district and the department shall develop an appropriate census protocol. The census period shall extend from the time of initial flooding of any property until October 1 of each year.

(e) The conservation district shall submit to the department an annual report by March 1 of each year that summarizes the program-related events of the previous season's early flooding program. The report shall contain, at a minimum, for each property participating in the program all of the following:

(1) The name, identification number, date of initial flooding, and acreage flooded prior to October 1 of the year covered in the annual report.

(2) A summary of the results of the bird census, and any pertinent aerial waterfowl census data that may have been collected by the department.

(3) A detailed summary of all mosquito abatement events and the costs thereof.

The annual report prepared pursuant to this subdivision shall also include recommendations regarding how current marsh management practices or mosquito abatement operations can be improved to better integrate the two interests with the intent of enhancing wetland habitat, thereby reducing the cost of vector control measures and limiting the need for the application of chemical control agents.

(f) The conservation district shall submit a final report to the department by June 1, 2005, which summarizes the results of the entire demonstration program and shall include a summary of those matters described in paragraphs (1) to (3), inclusive, of subdivision (e). In addition, the final report shall emphasize and describe the benefits of the early flooding program, marsh management practices demonstrated to be effective at reducing the frequency or duration of major mosquito outbreaks, improved or modified mosquito control measures, and how any or all of the foregoing may be applied elsewhere in the state.

SEC. 5. Section 2923 of the Fish and Game Code is amended to read:

2923. This chapter shall remain in effect only until June 30, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before June 30, 2005, deletes or extends that date.

SEC. 6. Section 12002.5 of the Fish and Game Code is amended to read:

12002.5. (a) Notwithstanding Section 12002, a violation of Section 1764 is an infraction, not a misdemeanor, punishable by a fine of not less than one hundred dollars ($100) and not more than five hundred dollars ($500). If a person convicted of a violation of Section 1764 is granted probation, the court shall impose as a condition of probation that the person pay at least the minimum fine prescribed in this subdivision.

(b) If a person is convicted of a violation of Section 1764 and produces in court a valid wildlife area pass, the court may reduce the fine imposed for the violation of Section 1764 to fifty dollars ($50).

SEC. 7. Section 10005 of the Public Resources Code is amended to read:

10005. (a) The Department of Fish and Game shall impose and collect a filing fee of eight hundred fifty dollars ($850) to defray the costs of identifying streams and providing studies pursuant to Division 10 (commencing with Section 10000) of the Public Resources Code.

(b) The filing fee shall be proportional to the cost incurred by the Department of Fish and Game and shall be annually reviewed and adjustments recommended to the Legislature in an amount necessary to pay the costs of the Department of Fish and Game as specified in subdivision (a).

(c) Any user of water, including a person or entity holding riparian or appropriative rights, shall pay the filing fee to the Department of Fish and Game upon application to the State Water Resources Control Board for any permit, transfer, extension, or change of point of diversion, place of use, or purpose of use, if there is a diversion of water from any waterway where fish reside. No permit, or other entitlement identified in this section is effective until the filing fee is paid. The State Water Resources Control Board shall, every six months, forward all fees collected to the department and provide the location for each entitlement for which a filing fee has been collected.

(d) The fee imposed by this section shall not be imposed on the following applications filed with the State Water Resources Control Board:

(1) Small domestic use registrations and livestock stockpond certificates submitted pursuant to Article 2.7 (commencing with Section 1228) of Chapter 2 of Division 2 of the Water Code.

(2) The first application for an extension of time for an individual permit if no change in point of diversion, place of use, or purpose of use is included in the application.

(3) Water applications which, in the opinion of the Department of Fish and Game, are filed for administrative and technical clarification purposes only.

(4) Water applications or petitions, the primary purpose of which is to benefit fish and wildlife resources. The determination of the benefit

to fish and wildlife shall be made, in writing, by the Department of Fish and Game in order to be exempt from the fee.

(e) If an applicant or petitioner files multiple applications or petitions for the same appropriation, transfer, extension, or change, and the State Water Resources Control Board reviews and considers the applications or petitions together, only one filing fee is required for those applications or petitions.

SEC. 8. Section 3 of Chapter 223 of the Statutes of 2000 is amended to read:

Sec. 3. (a) The sum of one hundred forty thousand dollars ($140,000) is hereby appropriated from the General Fund to the Department of Fish and Game for allocation to the Suisun Resource Conservation District for the purpose of implementing the Suisun Marsh Wetlands Enhancement and Mosquito Abatement Demonstration Program established pursuant to Chapter 12 (commencing with Section 2920) of Division 3 of the Fish and Game Code.

(b) The department shall allocate the sum of thirty-five thousand dollars ($35,000) to the conservation district in each of the 2001–02, 2002–03, 2003–04, and 2004–05 fiscal years, as follows:

(1) Up to twenty thousand dollars ($20,000) shall be expended by the conservation district each year for the following purposes:

(A) From July 1 until September 30 of each year, the conservation district shall pay 75 percent of the cost incurred by the mosquito district for any necessary mosquito abatement activities undertaken by the mosquito district on lands previously authorized to participate in the current year's early flooding program. The remaining 25 percent of those costs shall be borne by the owner or owners of the affected property, and they shall pay that amount to the conservation district within 30 days after receipt of an invoice for those costs from the conservation district. If the owner or owners do not pay the full 25 percent copayment amount within that 30-day period, the owner or owners shall pay the mosquito district the full 100 percent of the costs incurred by the mosquito district for mosquito abatement activities on the affected property, and the conservation district shall be relieved of the obligation to pay any portion of the cost of those activities on that property.

(B) After October 1 of each year, all private wetlands in the Suisun Marsh are eligible to receive program funds, to the extent available, to defray the costs of mosquito abatement incurred during the late flooding program. The mosquito district shall continue its policy in effect on January 1, 1999, of only charging one-half of the abatement costs it incurs during the late flooding program in the Suisun Marsh. The conservation district shall pay 75 percent of those costs and the owner or owners of the affected property shall pay the remaining 25 percent of those costs to the conservation district within 30 days after receipt of an

invoice for those costs from the conservation district. If the owner or owners do not pay the full 25 percent copayment amount within that 30-day period, the owner or owners shall pay the mosquito district the full 100 percent of the costs incurred by the mosquito district for mosquito abatement activities on the affected property, and the conservation district shall be relieved of the obligation to pay any portion of the cost of those activities on that property.

(C) Any funds not expended by December 31 of each year pursuant to subparagraphs (A) and (B) may be used by the conservation district for the purposes specified in paragraph (2).

(2) Not less than fifteen thousand dollars ($15,000) of the amount allocated each year shall be used for the purpose of reimbursing the conservation district for expenses it incurs implementing the program.

(c) The department may not allocate any funds from the General Fund for purposes of the program after June 30, 2005.

(d) All payments made to the conservation district shall be in arrears. The conservation district shall submit invoices to the Department of Fish and Game for reimbursement of its program related costs quarterly. Each invoice shall be accompanied by an itemized accounting of its costs, and shall include any invoices the conservation district has received from the mosquito district.

(e) As used in this section, the terms ''conservation district,'' ''early flooding programs,'' ''late flooding program,'' ''mosquito district,'' and ''program'' have the same meaning as defined by Section 2921 of the Fish and Game Code.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 399

An act to amend Section 473.3 of the Business and Professions Code, relating to private postsecondary education.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 473.3 of the Business and Professions Code is amended to read:

473.3. (a) Prior to the termination, continuation, or reestablishment of any board or any of the board's functions, the Joint Legislative Sunset Review Committee shall, during the interim recess preceding the date upon which a board becomes inoperative, hold public hearings to receive testimony from the Director of Consumer Affairs, the board involved, and the public and regulated industry. In that hearing, each board shall have the burden of demonstrating a compelling public need for the continued existence of the board or regulatory program, and that its licensing function is the least restrictive regulation consistent with the public health, safety, and welfare.

(b) In addition to subdivision (a), in 2002 and every four years thereafter, the committee, in cooperation with the California Postsecondary Education Commission, shall hold a public hearing to receive testimony from the Director of Consumer Affairs, the Bureau for Private Postsecondary and Vocational Education, private postsecondary educational institutions regulated by the bureau, and students of those institutions. In those hearings, the bureau shall have the burden of demonstrating a compelling public need for the continued existence of the bureau and its regulatory program, and that its function is the least restrictive regulation consistent with the public health, safety, and welfare.

(c) The committee, in cooperation with the California Postsecondary Education Commission, shall evaluate and review the effectiveness and efficiency of the Bureau for Private Postsecondary and Vocational Education, based on factors and minimum standards of performance that are specified in Section 473.4. The committee shall report its findings and recommendations as specified in Section 473.5. The bureau shall prepare an analysis and submit a report to the committee as specified in Section 473.2.

CHAPTER 400

An act to amend and supplement the Budget Act of 2001, relating to appropriations for the support of the government of the State of California, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The appropriations made by this act are in augmentation of the appropriations made in Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001) and are subject to the provisions of that act, as appropriate, including, as applicable, the provisions of that act that apply to the items of appropriation that are augmented by this act. Unless otherwise specified, the references in this act to item numbers refer to items of appropriation in Section 2.00 of the Budget Act of 2001.

SEC. 2. Provision 17 of Item 2660-001-0042 is deleted and the following Provision 17 is added to that item to read:

17. (a) Notwithstanding any other provision of law, of the unexpended funds appropriated in Schedule 2 of this item for personal services, funds for up to 314.9 personnel-years may be used for operating expenses to contract out architectural and engineering services for project delivery, and of the unexpended funds appropriated in Schedule 2 of this item for operating expenses, funds for up to 314.9 personnel-year equivalents may be used for personal services for capital outlay support for project delivery.

(b) Amounts for project delivery in excess of the amounts specified in this provision may be authorized by the Department of Finance for unforeseen critical or emergency situations. CHAPTER 403

An act to amend Section 89440 of, and to amend the heading of Chapter 4.7 (commencing with Section 89440) of Part 55 of, the Education Code, relating to the California State University.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 4.7 (commencing with Section 89440) of Part 55 of the Education Code is amended to read:

CHAPTER 4.7. CALIFORNIA STATE UNIVERSITY PROGRAM FOR EDUCATION AND RESEARCH IN BIOTECHNOLOGY

SEC. 2. Section 89440 of the Education Code is amended to read:

89440. (a) The Legislature hereby finds and declares all of the following:

(1) The biotechnology industry in California is a rapidly growing industry that will be a critical factor in the state's economic success in the new millennium.

(2) The California State University plays a significant role in the production and maintenance of the workforce for this rapidly growing industry.

(3) The California State University Program for Education and Research in Biotechnology (program) was created in 1987 to provide a coordinated and amplified development of biotechnology research and education within the California State University, to foster competitiveness in the industry on both the state and national levels, to facilitate training of a sufficient number of biotechnology technicians and scientists, to catalyze technology transfer and enhance intellectual property protection, and to facilitate the acquisition and long-term maintenance of state-of-the-art biotechnology resource facilities.

(4) The program facilitates interdisciplinary cooperative activities between the biology and chemistry departments on all California State University campuses and between faculty and a number of allied academic and research units, including bioengineering, agricultural biotechnology, environmental and natural resources, molecular ecology, and marine biotechnology.

(5) The program conducts a number of activities, including a competitive applied research and education grants program, the upgrade of biotechnology instructional and research equipment, the development of specialized training facilities, and involvement in secondary educator inservice and preservice biotechnological training.

(6) The California State University conducted a Bioscience Innovation and Training Center Feasibility Study (study) to assess the feasibility of creating a multiuse technology innovation and training center in Pasadena that can serve as an anchor and catalyst for biotechnology enterprise growth in the Los Angeles region.

(7) The study was completed in December 2000, and concluded that there is strong demand for biotechnology workforce training, research,

manufacturing, and incubation services that warrant the development of a bioscience in Pasadena. When Pasadena was evaluated against critical success factors for biotechnology community development, it scored highly on many factors, including a critical mass of cutting-edge research, accessibility to transportation, quality of life, experienced entrepreneurs, access to capital, and availability of a skilled workforce. The steering committee identified four main components for the proposed facility:

(A) Workforce training offering practical, hands-on learning experiences involving multidisciplinary, multilevel teams of researchers, technicians, production specialists, apprentices, and students.

(B) Core research laboratories and instrument beta testing coupled with process manufacturing.

(C) New business incubator space, including wet labs and shared entrepreneurial services and support.

(D) Bioinformatics (convergence of biology, mathematics, and computing) as a common theme running throughout the center.

(8) The Bioscience Innovation and Training Center Feasibility Study, conducted by the California State University, found that the development of a bioscience center in Pasadena is warranted.

(9) A successful biotechnology resource facility requires a partnership of the city, industry, and education partners, as well as public and private collaboration, in order to develop projects that leverage economic opportunities in the Los Angeles basin and support business throughout California.

(10) It is critical that, for a successful resource facility, the public and private sectors work together to achieve the following components: workforce training, research in core research laboratories, new business incubator space, and manufacturing.

(b) It is the intent of the Legislature to accomplish both of the following:

(1) To provide additional state funding, if state revenues allow, to the California State University to maintain the California State University Program for Education and Research in Biotechnology at a level that will maintain and enhance its role in the preparation of the workforce in this critical industry.

(2) To provide additional state funding to the California State University for development of a bioscience center in Pasadena, subject to appropriation in the annual Budget Act, that would integrate research and innovation, applied workforce training, and incubation of new bioscience enterprise. The development of the bioscience center would include a partnership among local educational institutions, the local bioscience industry, and government. These funds will be used for the

development of a pilot bioinnovation workforce training program that bridges the gap between classroom instruction and workforce practice, using state-of-the-art instrumentation and real-world development projects, and for final site assessment to ensure due diligence prior to the selection of a final site. It is the intent of the Legislature that, following the establishment of the program, site, and center, efforts be made to promote the biotechnology center through trade programs operated under the Technology, Trade and Commerce Agency and other public agencies.

CHAPTER 404

An act to amend Sections 66540.20 and 66540.22 of the Government Code, relating to transportation.

(c) The authority shall consult with the Metropolitan Transportation Commission in preparation of the plan. The commission shall provide input and data in response to the authority's requests in a responsive and timely manner. The authority shall submit the plan to the commission for review and comment not later than 90 days prior to the date the plan is submitted to the Legislature. The commission shall prepare and transmit comments on the plan to the authority not later than 90 days after the date the plan is submitted to the commission for review. The authority shall include any comments received from the commission when submitting the plan to the Legislature.

(d) In compliance with subdivision (c), the Metropolitan Transportation Commission shall do all of the following:

(1) Provide the authority with relevant data and analytical criteria for the evaluation of the cost-effectiveness of alternative forms of transit, high-occupancy vehicle lane expansion, or other transportation investments in the corridors that potentially would be served by the authority.

(2) Collaborate with the authority in updating the water transit demand model to include travel forecasting on each of the proposed water transit corridors.

(3) Collaborate with the authority in the development of feeder system proposals.

(4) Identify all necessary and appropriate steps required to coordinate the water transit system with other elements of the San Francisco Bay area transportation network.

(e) The primary focus of the authority and the plan shall be to provide new or expanded water transit services and related ground transportation terminal access services that were not in operation as of June 30, 1999. The authority shall seek to cooperatively involve in the implementation, planning, and operations all existing water transit services and related ground transportation agencies in whose jurisdictions existing or planned water transit terminals are located. The authority shall operate in good faith to avoid negatively impacting water transit services and related ground transportation terminal access services in existence as of June 30, 1999. The authority may not request an allocation of any funds that were available to the Metropolitan Transportation Commission for allocation on June 30, 1999, including the revenues dedicated from state-owned bridges to ferry services as of June 30, 1999, and revenues derived continuously from sources in the amounts and manner as specified in law in effect as of June 30, 1999.

(f) The authority may not operate water transit services that are scheduled at the same time, from the same origin, and to the same destination as publicly sponsored services, if those public services were in operation as of June 30, 1999. The authority shall provide ferry services at only those terminals in which docking rights have been obtained with the consent of the owner of those rights.

(g) Following approval by the Legislature, by statute, of the plan, the authority shall negotiate in good faith, as described below, with public sponsors of existing water transit services and related ground transportation terminal access services to provide services in the approved plan that would expand or augment existing services in their service district, as defined by law, or in plans of the Metropolitan Transportation Commission that existed and were in effect as of June 30, 1999. Good faith negotiations shall include all of the following steps:

(1) Notification by certified mail from the authority to the public sponsor of existing water transit services or related ground transportation terminal access services, hereafter referred to as the notified agency, setting forth the specific services to be negotiated, including performance standards and conditions and cost reimbursement available according to the plan approved by the Legislature.

(2) A period of 30 days from receipt of the notification required under paragraph (1) for the notified agency to declare in writing to the authority by certified mail their intent to negotiate in good faith. If the notified agency does not so declare in writing to the authority within 30 days, the notified agency shall be deemed not interested in negotiating for the service and the authority may announce a competitive bid process or take actions to directly operate the service if the board of directors of the authority makes a public finding that the action is in the public interest.

(3) A period of 90 days from declaration of intent to negotiate by the notified agency for the authority and notified agency to negotiate in good faith to reach agreement.

(4) The authority and notified agency, by mutual agreement, may extend the period for good faith negotiations.

(5) Notwithstanding the procedure described in subdivision (h), if at the end of 90 days or the mutually agreed-upon extension period for negotiations, the authority and the notified agency have not reached agreement for operation of the service, the authority may announce a competitive bid process. The notified agency may participate in that competitive bid process.

(h) If at the conclusion of the good faith negotiations process there is a dispute between the authority and the notified agency as to the impact of proposed new services on existing services, the matter shall be submitted to the Metropolitan Transportation Commission for

resolution pursuant to Section 66516.5 of the Government Code. The Metropolitan Transportation Commission shall make a determination based on the demand model adopted by the authority as to whether the proposed new service will have a minor or major impact on services existing as of June 30, 1999. A minor impact means an impact that reasonably and potentially diverts less than 15 percent of the passengers using services that were in existence as of June 30, 1999. A major impact means an impact that reasonably and potentially diverts 15 percent or more of the passengers using services that were in existence as of June 30, 1999. If the proposed new service will have a major impact, the authority may not operate a water transit service in that location without mutual agreement between the authority and the notified agency. If the proposed new service will have a minor impact, the authority may initiate service according to the procedures contained in subdivision (g).

SEC. 2. Section 66540.22 of the Government Code is amended to read:

66540.22. The San Francisco Bay Area Water Transit Implementation and Operations Plan shall include all of the following:

(a) A detailed description of the high-speed water transit system, including, but not limited to, all routes to be operated and terminals to be served during the 10-year period following funding of the authority. The description may include phasing of the routes to be served and terminals to be constructed.

(b) An adopted demand model based upon ridership surveys conducted throughout the region and an updated demand model developed by the Metropolitan Transportation Commission.

(c) A water transit demand analysis, based upon the demand model, of the demand forecast and cost-effectiveness for the water transit system as a whole and for each corridor to be served.

(d) Architectural design criteria and standards for terminals and landside facilities to meet the performance objectives and operational criteria. The architectural design criteria and standards for terminals shall be developed in cooperation with the community advisory committee and in consultation with local jurisdictions that are prospective hosts of terminals for the water transit system.

The intermodal plan shall be developed in cooperation with the community advisory committee, the technical advisory committee, and existing ground transportation agencies.

(f) A feasibility analysis and proposal for the use of new technologies and alternative fuels in marine engines and ground transportation intermodal services, to the extent feasible, to minimize air emission and

water pollution impacts from the system operations. The new technologies and alternative fuels studied in the feasibility analysis and proposal for use in marine engines shall include, but need not be limited to, natural gas, 100 percent biodiesel, hybrid solar in combination with electric or wind power, and hybrid solar in combination with both solar and wind power. The analysis shall be conducted in cooperation with the Bay Area Air Quality Management District, the Regional Water Quality Control Board, and the Bay Conservation and Development Commission.

(g) A plan for monitoring air emissions and water impacts that is mutually agreed upon by the authority and the entities listed in subdivision (f).

(h) Design specifications for vessels, consistent with the architectural design criteria and standards for the terminals and landside facilities and the feasibility analysis to minimize air emission impacts.

(i) A plan for acquiring the requisite vessels, including, but not limited to, a proposed request for proposals, that incorporates the design specifications and seeks to support shipbuilding and fleet maintenance within the region to the extent possible.

(j) A plan for ensuring safety of vessel operations traveling on the San Francisco Bay. The plan shall be developed in cooperation with the California Maritime Academy and the United States Coast Guard.

(k) A systemwide regional programmatic environmental impact report and study of the plan, consistent with the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) , and consistent with the substantive requirements of the National Environmental Policy Act of 1969 (42 U.S.C. Sec. 4321 et seq.). The report shall include an independent evaluation conducted by the Bay Area Air Quality Management District to assess the air quality impacts of the complete water transit system, as set forth in the San Francisco Bay Area Water Transit Implementation and Operations Plan, in comparison to transporting the same number of people over the same distance by motor vehicles and other modes of transportation.

(*l*) An overall funding and financing plan based upon the detailed description of the water transit system and demand analysis, including, but not limited to, acquisition and construction phasing.

(m) A projection of capital and cash-flow requirements, including, but not limited to, costs for vessels and associated maintenance facilities, terminals and associated land use costs, and costs for feeder vehicles and associated maintenance facilities.

(n) A projection of operating costs and revenues, including, but not limited to, projected patronage, fare structure, and fare revenues for water transit and feeder services.

(o) A proposal for ongoing operating financial support.

(p) An analysis of the cost-effectiveness of the water transit system in comparison to other options for mobility and disaster relief and recovery. The analysis shall be prepared in cooperation with the Metropolitan Transportation Commission.

(e) A district, special education local plan area, or county office may designate another local educational agency member of the individualized education program team to serve also as the representative required pursuant to paragraph (4) of subdivision (b) if the requirements of subparagraphs (A), (B), and (C) of paragraph (4) of subdivision (b) are met.

SEC. 3. Section 56341.1 is added to the Education Code, to read:

56341.1. (a) When developing each pupil's individualized education program, the individualized education program team shall consider the following:

(3) In the case of a pupil who is blind or visually impaired, provide for instruction in braille and the use of braille unless the individualized education program team determines, after an assessment of the pupil's reading and writing skills, needs, and appropriate reading and writing media, including an assessment of the pupil's future needs, that instruction in braille is not appropriate for the pupil.

(4) Consider the communication needs of the pupil, and in the case of the pupil who is deaf or hard of hearing, consider the pupil's language and communication needs, opportunities for direct communications with peers and professional personnel in the pupil's language and

communication mode, academic level, and full range of needs, including opportunities for direct instruction in the pupil's language and communication mode.

(5) Consider whether the pupil requires assistive technology devices and services.

(c) If, in considering the special factors described in subdivisions (a) and (b), the individualized education program team determines that a pupil needs a particular device or service, including an intervention, accommodation, or other program modification, in order for the pupil to receive a free appropriate public education, the individualized education program team shall include a statement to that effect in the pupil's individualized education program.

(d) The individualized education program team shall revise the individualized education program, as appropriate, to address among other matters the following:

If the district, special education local plan area, or county office initiates the notice of intent to audiotape record a meeting and the parent or guardian objects or refuses to attend the meeting because it will be tape recorded, then the meeting shall not be recorded on an audiotape recorder.

(2) The Legislature hereby finds as follows:

(A) Under federal law, audiotape recordings made by a district, special education local plan area, or county office are subject to the federal Family Educational Rights and Privacy Act (20 U.S.C. Sec.

(g) It is the intent of the Legislature that the individualized education program team meetings be nonadversarial and convened solely for the purpose of making educational decisions for the good of the individual with exceptional needs.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act implements a federal law or regulation and results only in costs mandated by the federal government, within the meaning of Section 17556 of the Government Code.

CHAPTER 406

An act to amend Sections 42291.5 and 42322 of the Public Resources Code, relating to recycling.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 42291.5 of the Public Resources Code is amended to read:

42291.5. For each pound of recycled plastic postconsumer material purchased from a source of recycled plastic postconsumer material in this state for use in the manufacture of plastic trash bags, or other products manufactured with recycled plastic postconsumer material in compliance with this chapter, the board shall credit the manufacturer certifying pursuant to Section 42293 with having used 1.2 pounds of

recycled plastic postconsumer material toward compliance with the requirements of Section 42291.

SEC. 2. Section 42322 of the Public Resources Code is amended to read:

42322. (a) Any violation of this chapter is a public offense punishable by a fine of not more than one hundred thousand dollars ($100,000).

(b) In addition to the penalty specified under subdivision (a), any violation of this chapter may be subject to a civil penalty assessed by the board of not more than fifty thousand dollars ($50,000) for each violation, pursuant to a notice and hearing procedure that conforms with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) The board shall annually publish a list by July 1 setting forth any fines or penalties that have been levied against a violator of this chapter in the preceding calendar year, for failure to comply with the requirements of this chapter.

(e) The board shall deposit all penalties or fines paid pursuant to this section into the Rigid Container Account, which is hereby created in the Integrated Waste Management Fund in the State Treasury. The moneys deposited in the Rigid Container Account shall be expended by the board, upon appropriation by the Legislature, to assist local governmental agencies to develop and implement collection and processing systems for the recycling of materials that are subject to this chapter, for the development of markets for these materials, and for the board's costs of implementing this chapter.

SEC. 3. (a) On or before January 1, 2003, the California Integrated Waste Management Board shall conduct a study of the use and disposal of polystyrene in the state and report to the Governor and the Legislature on the findings and recommendations made by the study.

CHAPTER 407

An act to amend Section 51142 of the Government Code, and to amend Sections 75.11, 170, 205.5, 830, 830.1, 833, 1606, 5814, 11273, 11338, and 11339 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 29, 2001. Filed with Secretary of State October 1, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 51142 of the Government Code is amended to read:

51142. (a) Upon immediate rezoning of a parcel in a timberland production zone, a tax recoupment fee shall be imposed on the owner of the land. Within 90 days following rezoning of land in the timberland production zone the county assessor shall reassess the rezoned parcels on the basis of the value of the property in its rezoned use. The assessor shall certify this value to the owner of the land and to the county auditor. The owner may appeal this new valuation in the same manner as an assessment appeal. The application for an appeal shall be filed with the clerk no later than 60 days after the date of the mailing of the notice certifying the new valuation. Except when under an appeal, after the certification the auditor shall, in cases of immediate rezoning, within 10 days compute the tax recoupment fee and certify the amount to the tax collector. The tax collector shall notify the owner in writing of the amount and due date of the fee. Fees shall be due 60 days after mailing of notification.

(b) The tax recoupment fee shall apply only in cases of immediate rezoning and shall be a multiple of the difference between the amount of the tax last levied against the property when zoned as timberland production and the amount equal to the assessed valuation of the rezoned property times the tax rate of the current levy for the tax rate area, that multiple to be chosen from the following table according to subdivision (c):

Year	Multiple
1	1.06000
2	2.18360

3	3.37462
4	4.63709
5	5.97332
6	7.39384
7	8.89747
8	10.49132
9	12.18080
10	13.97164

(c) The multiple shall correspond to the number of years or fraction thereof, but in no event greater than 10, for which the land was zoned as timberland production or was subject to a contract under Chapter 7 (commencing with Section 51200).

(d) Tax recoupment fees imposed pursuant to this section shall be due and payable to the county in which the rezoning has taken place.

(e) In cases of immediate rezoning, an owner may submit a written application, requesting the waiver of tax recoupment fees and explaining the reasons therefor, to either the State Board of Equalization or, where the county board of supervisors has adopted an authorizing resolution, to the county board of supervisors. The board receiving an application pursuant to this subdivision may, if it determines that it is in the public interest, waive all or any portion of the fees.

SEC. 2. Section 75.11 of the Revenue and Taxation Code is amended to read:

75.11. (a) If the change in ownership occurs or the new construction is completed on or after January 1 but on or before May 31, then there shall be two supplemental assessments placed on the supplemental roll. The first supplemental assessment shall be the difference between the new base year value and the taxable value on the current roll. In the case of a change in ownership of the full interest in the real property, the second supplemental assessment shall be the difference between the new base year value and the taxable value to be enrolled on the roll being prepared. If the change in ownership is of only a partial interest in the real property, the second supplemental assessment shall be the difference between the sum of the new base year value of the portion transferred plus the taxable value on the roll being prepared of the remainder of the property and the taxable value on the roll being prepared of the whole property. For new construction, the second supplemental assessment shall be the value change due to the new construction.

(b) If the change in ownership occurs or the new construction is completed on or after June 1 but before the succeeding January 1, then the supplemental assessment placed on the supplemental roll shall be the

difference between the new base year value and the taxable value on the current roll.

(c) If there are multiple changes in ownership or multiple completions of new construction, or both, with respect to the same real property during the same assessment year, then there shall be a net supplemental assessment placed on the supplemental roll, in addition to the assessment pursuant to subdivision (a) or (b). The net supplemental assessment shall be the most recent new base year value less the sum of (1) the previous entry or entries placed on the supplemental roll computed pursuant to subdivision (a) or (b), and (2) the corresponding taxable value on the current roll or the taxable value to be entered on the roll being prepared, or both, depending on the date or dates the change of ownership occurs or new construction is completed as specified in subdivisions (a) and (b).

(d) No supplemental assessment authorized by this section shall be valid, or have any force or effect, unless it is placed on the supplemental roll on or before the applicable date specified in paragraph (1), (2), or (3), as follows:

(1) The fourth July 1 following the July 1 of the assessment year in which the event giving rise to the supplemental assessment occurred.

(2) The eighth July 1 following the July 1 of the assessment year in which the event giving rise to the supplemental assessment occurred, if the penalty provided for in Section 504 is added to the assessment.

(3) The eighth July 1 following the July 1 of the assessment year in which the event giving rise to the supplemental assessment occurred, if the change in ownership or change in control was unrecorded and a change in ownership statement required by Section 480 or preliminary change in ownership report, as required by Section 480.3, was not timely filed.

(4) Notwithstanding paragraphs (1), (2), and (3), there shall be no limitations period on making a supplemental assessment, if the penalty provided for in Section 503 is added to the assessment.

For the purposes of this subdivision, ''assessment year'' means the period beginning annually as of 12:01 a.m. on the first day of January and ending immediately prior to the succeeding first day of January.

(e) If, before the expiration of the applicable period specified in subdivision (d) for making a supplemental assessment, the taxpayer and the assessor agree in writing to extend the period for making a supplemental assessment, correction, or claim for refund, a supplemental assessment may be made at any time prior to the expiration of that extended period. The extended period may be further extended by successive written agreements entered into prior to the expiration of the most recent extension.

SEC. 3. Section 170 of the Revenue and Taxation Code is amended to read:

170. (a) Notwithstanding any provision of law to the contrary, the board of supervisors may, by ordinance, provide that every assessee of any taxable property, or any person liable for the taxes thereon, whose property was damaged or destroyed without his or her fault, may apply for reassessment of that property as provided herein. The ordinance may also specify that the assessor may initiate the reassessment where the assessor determines that within the preceding 12 months taxable property located in the county was damaged or destroyed.

To be eligible for reassessment the damage or destruction to the property shall have been caused by any of the following:

(1) A major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if that property was damaged or destroyed by the major misfortune or calamity that caused the Governor to proclaim the area or region to be in a state of disaster. As used in this paragraph, ''damage'' includes a diminution in the value of property as a result of restricted access to the property where that restricted access was caused by the major misfortune or calamity.

(2) A misfortune or calamity.

(3) A misfortune or calamity that, with respect to a possessory interest in land owned by the state or federal government, has caused the permit or other right to enter upon the land to be suspended or restricted. As used in this paragraph, ''misfortune or calamity'' includes a drought condition such as existed in this state in 1976 and 1977.

The application for reassessment may be filed within the time specified in the ordinance or within 12 months of the misfortune or calamity, whichever is later, by delivering to the assessor a written application requesting reassessment showing the condition and value, if any, of the property immediately after the damage or destruction, and the dollar amount of the damage. The application shall be executed under penalty of perjury, or if executed outside the State of California, verified by affidavit.

An ordinance may be made applicable to a major misfortune or calamity specified in paragraph (1) or to any misfortune or calamity specified in paragraph (2), or to both, as the board of supervisors determines. An ordinance may not be made applicable to a misfortune or calamity specified in paragraph (3), unless an ordinance making paragraph (2) applicable is operative in the county. The ordinance may specify a period of time within which the ordinance shall be effective, and, if no period of time is specified, it shall remain in effect until repealed.

(b) Upon receiving a proper application, the assessor shall appraise the property and determine separately the full cash value of land,

improvements and personalty immediately before and after the damage or destruction. If the sum of the full cash values of the land, improvements and personalty before the damage or destruction exceeds the sum of the values after the damage by ten thousand dollars ($10,000) or more, the assessor shall also separately determine the percentage reductions in value of land, improvements and personalty due to the damage or destruction. The assessor shall reduce the values appearing on the assessment roll by the percentages of damage or destruction computed pursuant to this subdivision, and the taxes due on the property shall be adjusted as provided in subdivision (e). However, the amount of the reduction shall not exceed the actual loss.

(c) The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within six months of the date of mailing the notice. If an appeal is requested within the six-month period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

Those reassessed values resulting from reductions in full cash value of amounts, as determined above, shall be forwarded to the auditor by the assessor or the clerk of the local equalization board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, those reassessed values shall not be subject to review, except by a court of competent jurisdiction.

(d) (1) If no application is made and the assessor determines that within the preceding 12 months a property has suffered damage caused by misfortune or calamity that may qualify the property owner for relief under an ordinance adopted under this section, the assessor shall provide the last known owner of the property with an application for reassessment. The property owner shall file the completed application within 60 days of the date of mailing on notification by the assessor but in no case more than 12 months after the occurrence of said damage. Upon receipt of a properly completed, timely filed application, the property shall be reassessed in the same manner as required in subdivision (b).

(2) This subdivision does not apply where the assessor initiated reassessment as provided in subdivision (a) or (*l*).

(e) The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of the misfortune or calamity, shall be

applied to the amount of the reassessment as determined in accordance with this section and the assessee shall be liable for: (1) a prorated portion of the taxes that would have been due on the property for the current fiscal year had the misfortune or calamity not occurred, to be determined on the basis of the number of months in the current fiscal year prior to the misfortune or calamity; plus, (2) a proration of the tax due on the property as reassessed in its damaged or destroyed condition, to be determined on the basis of the number of months in the fiscal year after the damage or destruction, including the month in which the damage was incurred. For purposes of applying the preceding calculation in prorating supplemental taxes, the term ''fiscal year'' means that portion of the tax year used to determine the adjusted amount of taxes due pursuant to subdivision (b) of Section 75.41. If the damage or destruction occurred after January 1 and before the beginning of the next fiscal year, the reassessment shall be utilized to determine the tax liability for the next fiscal year. However, if the property is fully restored during the next fiscal year, taxes due for that year shall be prorated based on the number of months in the year before and after the completion of restoration.

(f) Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9, as an erroneously collected tax or by order of the board of supervisors without the necessity of a claim being filed pursuant to Chapter 5.

(g) The assessed value of the property in its damaged condition, as determined pursuant to subdivision (b) compounded annually by the inflation factor specified in subdivision (a) of Section 51, shall be the taxable value of the property until it is restored, repaired, reconstructed or other provisions of the law require the establishment of a new base year value.

If partial reconstruction, restoration, or repair has occurred on any subsequent lien date, the taxable value shall be increased by an amount determined by multiplying the difference between its factored base year value immediately before the calamity and its assessed value in its damaged condition by the percentage of the repair, reconstruction, or restoration completed on that lien date.

(h) (1) When the property is fully repaired, restored, or reconstructed, the assessor shall make an additional assessment or assessments in accordance with subparagraph (A) or (B) upon completion of the repair, restoration, or reconstruction:

(A) If the completion of the repair, restoration, or reconstruction occurs on or after January 1, but on or before May 31, then there shall be two additional assessments. The first additional assessment shall be the difference between the new taxable value as of the date of completion and the taxable value on the current roll. The second additional

assessment shall be the difference between the new taxable value as of the date of completion and the taxable value to be enrolled on the roll being prepared.

(B) If the completion of the repair, restoration, or reconstruction occurs on or after June 1, but before the succeeding January 1, then the additional assessment shall be the difference between the new taxable value as of the date of completion and the taxable value on the current roll.

(2) On the lien date following completion of the repair, restoration, or reconstruction, the assessor shall enroll the new taxable value of the property as of that lien date.

(3) For purposes of this subdivision, ''new taxable value'' shall mean the lesser of the property's (A) full cash value, or (B) factored base year value or its factored base year value as adjusted pursuant to subdivision (c) of Section 70.

(i) The assessor may apply Chapter 3.5 (commencing with Section 75) of Part 0.5 in implementing this section, to the extent that chapter is consistent with this section.

(j) This section applies to all counties, whether operating under a charter or under the general laws of this state.

(k) Any ordinance in effect pursuant to Section 155.1, 155.13, or 155.14 shall remain in effect according to its terms as if that ordinance was adopted pursuant to this section, subject to the limitations of subdivision (b).

(*l*) When the assessor does not have the general authority pursuant to subdivision (a) to initiate reassessments, if no application is made and the assessor determines that within the preceding 12 months a property has suffered damage caused by misfortune or calamity, that may qualify the property owner for relief under an ordinance adopted under this section, the assessor may, with the approval of the board of supervisors, reassess the particular property for which approval was granted as provided in subdivision (b) and notify the last known owner of the property of the reassessment.

SEC. 4. Section 205.5 of the Revenue and Taxation Code is amended to read:

205.5. (a) Property that is owned by, and that constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000), if the veteran is blind in both eyes, has lost the use of two or more limbs, or if the veteran is totally disabled as a result of injury or disease incurred in military service. The one-hundred-thousand-dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), in the case of an eligible veteran whose household income does not exceed the amount of forty

thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(b) For purposes of this section, ''veteran'' means either of the following:

(1) A veteran as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(2) Any person who would qualify as a veteran pursuant to paragraph (1) except that he or she has, as a result of a service-connected injury or disease died while on active duty in military service. The United States Department of Veterans Affairs shall determine whether an injury or disease is service connected.

(c) (1) Property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000), in the case of a veteran who was blind in both eyes, had lost the use of two or more limbs, or was totally disabled provided that either of the following conditions is met:

(A) The deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977.

(B) The veteran died from a disease that was service connected as determined by the United States Department of Veterans Affairs.

The one-hundred-thousand-dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(2) Commencing with the 1994–95 fiscal year, property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran as described in paragraph (2) of subdivision (b) is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000). The one-hundred-thousand-dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(d) As used in this section, ''property that is owned by a veteran'' or ''property that is owned by the veteran's unmarried surviving spouse'' includes all of the following:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common, or as community property.

(2) Property owned by the veteran or the veteran's spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less, or concentric contraction of the visual field to 5 degrees or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Department of Veterans Affairs or the military service from which the veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(g) Commencing on January 1, 2002, and for each assessment year thereafter, the household income limit shall be compounded annually by an inflation factor that is the annual percentage change, measured from February to February of the two previous assessment years, rounded to the nearest one-thousandth of 1 percent, in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

SEC. 5. Section 830 of the Revenue and Taxation Code is amended to read:

830. (a) If the request of the board is mailed before the lien date as defined in Section 722, the property statement shall be filed with the board by March 1, and shall be in such detail as the board may prescribe.

(b) If the request of the board is mailed on or after the first day of January following the lien date, the property statement shall be filed with the board within 60 days after the request is mailed.

(c) Except as hereinafter provided, if any person fails to file the property statement, in whole or in part, by March 1, or by that later date to which the filing period is extended pursuant to subdivision (b) or Section 830.1, a penalty shall be added to the full value of the assessment of so much of the property as is not timely reported as follows:

(1) For any part of the property statement relating to the development of the unit value of operating property, the penalty shall be 10 percent of the unit value.

(2) For any part of the property statement, not relating to the development of the unit value of operating property, that lists or describes specific operating property, the penalty shall be 10 percent of the allocated value of the property, which penalty shall be added to the unit value.

(3) For any part of the property statement that lists or describes specific nonunitary property, the penalty shall be 10 percent of the value of the property.

(4) If the failure to timely file a property statement is due to a fraudulent or willful attempt to evade the tax, a penalty of 25 percent of the assessed value of the estimated assessment shall be added to the assessment. A willful failure to file a property statement as required by Article 5 (commencing with Section 826) shall be deemed to be a willful attempt to evade the tax.

(5) No penalty added pursuant to paragraph (1), (2), (3), or (4) may exceed twenty million dollars ($20,000,000) of full value. In addition, if a penalty has been added pursuant to paragraph (1), (2), or (3), if a claim for refund seeking the recovery of that penalty has been filed by the state assessee contesting the penalty within three months of the due date of the second installment, and the state assessee initiates an action in the superior court within one year of the filing of the claim for refund,

the state assessee is not subject to any further penalties on subsequent assessments for failure to comply with any subsequent request seeking information or data with respect to the same issue as set forth in the claim for refund filed within the time limits set forth above, until the assessment year after a final decision of the court, and then only with respect to a failure to comply with a request for information with respect to assessments after a final decision of the court. For purposes of this paragraph, ''same issue'' means the type of information that is the subject of the disputed request for information.

(d) Any person who subscribes to the board's tax rate area change service and who receives a change mailed between April 1 and May 1, shall file a corrected statement no later than May 30 with respect to those parts of the property statement that are affected by the change.

If that person receives a change mailed after May 1, a corrected statement shall be filed no later than the 60th day following the mailing of that change.

(e) Penalties incurred for filings received after June 30 may be included with the assessments for the succeeding fiscal year.

(f) If the assessee establishes to the satisfaction of the board that the failure to file the property statement or any of its parts within the time required by this section was due to reasonable cause and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the board shall order the penalty abated, provided the assessee has filed with the board written application for abatement of the penalty within the time prescribed by law for the filing of applications for assessment reductions.

SEC. 6. Section 830.1 of the Revenue and Taxation Code is amended to read:

830.1. Notwithstanding Section 15620 of the Government Code, the board, by order entered upon its minutes and for good cause shown, may extend the time fixed for filing portions of the property statement as follows:

(b) For any part of the property statement, not relating to the development of the unit value of operating property, that lists or describes specific operating property, an extension not exceeding 30 days may be granted.

(c) For any part of the property statement that lists or describes specific nonunitary property, an extension not exceeding 30 days may be granted.

(d) If an extension is granted pursuant to subdivision (a), (b), or (c), an additional 15-day extension may be granted upon the showing of

extraordinary circumstances which prevent the filing of the statement within the first extension.

SEC. 6.5. Section 833 of the Revenue and Taxation Code is amended to read:

833. (a) Except as provided herein, all information required by the board or furnished in the property statement shall be held secret by the board and by any person or entity acquiring this information pursuant to subdivision (c). (b) This section shall not apply to maps filed pursuant to Section 326.

(d) The board shall disclose information, furnish abstracts or permit access to any and all of its records to or by law enforcement agencies, grand juries, and other duly authorized legislative or administrative officials of the state pursuant to their authorization to examine these records.

(e) The board also may disclose information, records, and appraisal data relating to state assessment of companies engaged in interstate commerce to tax officials of other states having duties corresponding to those described by this chapter. This disclosure shall be limited to instances in which there is a reciprocal exchange of information by the states in which the interstate companies operate, and shall be made only pursuant to a written agreement between the agencies involved. This agreement shall provide that any request for information be in writing, shall specify the information to be exchanged, and shall require that any information furnished be used solely for tax administration purposes and otherwise shall be held secret. This agreement shall also provide that any information furnished be disclosed only to those persons whose duties or responsibilities require access and shall require that necessary safeguards be implemented to protect the confidentiality of the information. The request for information and any written material furnished pursuant to the request shall be open to inspection by the person to whom the information relates at the office of the board in Sacramento.

(f) Upon receiving any request for confidential information from any person or entity described in subdivision (c) or (e), the board shall promptly notify the state assessee to which the request relates of the

identity of the person or entity requesting the information and a description of the information sought. Upon sending any information in response to the request, the board shall simultaneously provide to the state assessee to which the request relates notification describing the information so transmitted and the identity of the person or entity to whom the information was transmitted.

SEC. 7. Section 1606 of the Revenue and Taxation Code is amended to read:

(a) (1) Any applicant for a change of an assessment on the local roll or the assessor, in those cases where the assessed value of the property involved, as shown on the current assessment roll, exceeds one hundred thousand dollars ($100,000) without regard to any exemptions, may initiate an exchange of information with the other party by submitting the following data to the other party and the clerk in writing:

(A) Information stating the basis of the party's opinion of value.

(B) When the opinion of value is to be supported with evidence of comparable sales, information identifying the properties with sufficient certainty such as by assessor parcel number, street address or legal description of the property, the approximate date of sale, the applicable zoning, the price paid, and the terms of the sale, if known.

(C) When the opinion of value is to be supported with evidence based on an income study, information relating to income, expenses and the capitalization method.

(D) When the opinion of value is to be supported with evidence of replacement costs, information relating to date of construction, type of construction, replacement cost of construction, obsolescence, allowance for extraordinary use of machinery and equipment, and depreciation allowances.

(2) To initiate an exchange of information, the initiating party shall submit the data required by paragraph (1) at least 30 days before the commencement of the hearing on the application. For purposes of determining the date upon which the exchange was deemed initiated, the date of postmark as affixed by the United States Postal Service, or the date certified by a bona fide private courier service on the envelope or package containing the information shall control.

(b) (1) Notwithstanding any limitation on assessed value contained in subdivision (a), if the initiating party has submitted the data required by subdivision (a) within the specified time, the other party shall submit to the initiating party and the clerk the following data:

(A) Information stating the basis of the other party's opinion of value.

(B) When the opinion of value is to be supported with evidence of comparable sales, information identifying the properties with sufficient certainty such as by assessor parcel number, street address or legal

(2) The other party shall submit the data required by this subdivision at least 15 days prior to the hearing. For purposes of determining the date upon which the other party responded to the exchange, the date of postmark as affixed by the United States Postal Service, or the date certified by a bona fide private courier service on the envelope or package containing the information shall control.

(c) (1) The person assigning a hearing date shall provide adequate notice to the parties of the date, so that the exchange of information permitted by this section can be made without requiring a continuance of the hearing.

(2) The initiating party and the other party shall use adequate methods of submission to ensure to the best of their ability that the exchange of information process is completed at least 10 days prior to the hearing.

(d) Whenever information has been exchanged pursuant to this section the parties may not introduce evidence on matters not so exchanged unless the other party consents to the introduction. However, at the hearing, each party may introduce new material relating to the information received from the other party. If a party introduces new material at the hearing, the other party, upon his or her request, shall be granted a continuance for a reasonable period of time.

If the assessee establishes to the satisfaction of the board that the failure to file the property statement timely was due to a reasonable cause and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the board shall order the penalty abated, provided the assessee has filed with the board written application for abatement of the penalty within the time prescribed by law for filing a petition for reassessment.

SEC. 9. Section 11338 of the Revenue and Taxation Code is amended to read:

11338. (a) The owner or assessee may file a petition for reassessment on or before September 20. If the petition is not filed on or before September 20, or, if the period is extended by the board, by October 5, the assessment of the board shall be final.

(c) If a petition for reassessment is not timely filed, the assessment of the board shall be final. The board may consider a petition which is not timely filed to be a claim for refund.

(d) The board shall hear the applicant on the petition within 90 days of the date on which the petition was filed.

The people of the State of California do enact as follows:

SECTION 1. Section 1161 is added to the Labor Code, to read:

1161. (a) The Agricultural Employee Relief Fund is hereby created as a special fund in the State Treasury and is continuously appropriated to the Agricultural Labor Relations Board for the purposes specified in subdivision (c). The board shall act as a trustee of all moneys deposited in the fund.

(b) Any monetary relief ordered by the board pursuant to this part to be paid by an employer to an employee shall be collected by the board on behalf of the employee. All monetary relief so collected by the board shall be remitted to the employee for whom the board collected the money.

(c) (1) Notwithstanding Section 1519 of the Code of Civil Procedure, if the board has made a diligent effort to locate an employee on whose behalf the board has collected monetary relief pursuant to this part, and is unable to locate the employee or the lawful representative of the employee for a period of two years after the date the board collected the monetary relief, the board shall deposit those moneys in the fund.

(2) Moneys in the fund shall be used by the board to pay employees the unpaid balance of any monetary relief ordered by the board to be paid by an employer to an employee. Prior to making any payment from the fund, the board first shall make a finding that, in an individual case, the collection of the full amount of the monetary relief ordered is not possible after reasonable efforts have been made to collect the balance from the employer.

(d) As used in this section, ''fund'' means the Agricultural Employee Relief Fund.

(e) Not later than July 1, 2002, the board shall report to the Legislature on the status of the fund.

CHAPTER 409

An act to amend Sections 1222, 1275, 1280, and 1327 of, to add Section 1265.1 to, and to repeal and add Section 1253.8 of, the Unemployment Insurance Code, relating to unemployment insurance, and making an appropriation therefor.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 1222 of the Unemployment Insurance Code is amended to read:

1222. Within 30 days of service of any notice of assessment or denial of claim for refund or credit under Sections 803, 821, 844, or 991, or of any notice under Sections 704.1, 1035, 1055, 1127.5, 1131, 1142, 1143, 1144, 1180, 1184, 1327, 1733, and 1735, any employing unit or other person given the notice, or any employing unit affected by a granting or denial of a transfer of reserve account, may file a petition for review or reassessment with an administrative law judge. The administrative law judge may for good cause grant an additional 30 days for the filing of a petition. If a petition for reassessment is not filed within the 30-day period, or within the additional period granted by the administrative law judge, an assessment is final at the expiration of the period. If a petition for review of a termination of elective coverage under Section 704.1 is not filed within the 30-day period, or within the additional period granted by the administrative law judge, the termination is final at the expiration of the period. If the director fails to serve notice of his or her action within 60 days after a claim for refund or credit is filed, the person or employing unit may consider the claim denied and file a petition with an administrative law judge.

SEC. 2. Section 1253.8 of the Unemployment Insurance Code is repealed.

SEC. 3. Section 1253.8 is added to the Unemployment Insurance Code, to read:

1253.8. An unemployed individual shall not be disqualified for eligibility for unemployment compensation benefits solely on the basis that he or she is only available for part-time work. If an individual restricts his or her availability to part-time work, he or she may be

considered to be able to work and available for work pursuant to subdivision (c) of Section 1253 if it is determined that all of following conditions exist:

(a) The claim is based on the part-time employment.

(b) The claimant is actively seeking and is willing to accept work under essentially the same conditions as existed while the wage credits were accrued.

(c) The claimant imposes no other restrictions and is in a labor market in which a reasonable demand exists for the part-time services he or she offers.

SEC. 4. Section 1265.1 is added to the Unemployment Insurance Code, to read:

Notwithstanding any other provision of this division, payments to an individual by an employer who has failed to provide the advance notice of facility closure required by the federal Worker Adjustment Renotification and Training (WARN) Act (29 U.S.C. Sec. 1201 et seq.) shall not be construed to be wages or compensation for personal services under this division, and benefits payable under this division shall not be denied or reduced because of the receipt of payments related in any way to an employer's violation of the WARN Act.

SEC. 5. Section 1275 of the Unemployment Insurance Code is amended to read:

1275. Unemployment compensation benefit award computations shall be based on wages paid in the base period. ''Base period'' means: for benefit years beginning in October, November, or December, the four calendar quarters ended in the next preceding month of June; for benefit years beginning in January, February, or March, the four calendar quarters ended in the next preceding month of September; for benefit years beginning in April, May, or June, the four calendar quarters ended in the next preceding month of December; for benefit years beginning in July, August, or September, the four calendar quarters ended with the next preceding month of March. 1280. (a) For any new claims filed with an effective date on or after January 1, 1992, and prior to January 1, 2002, an individual's weekly benefit amount is the amount appearing in column B in the following table opposite that wage bracket in column A that contains the amount of wages paid to the individual for employment by employers during the quarter of his or her base period in which his or her wages were the highest.

CHAPTER 411

19990.6. (a) Service on a local appointed or elected governmental board, commission, committee, or other body or as a local elected official by an attorney employed by the state in a nonelected position or by an administrative law judge, as defined in Section 11475.10, shall not, by itself, be deemed to be inconsistent, incompatible, in conflict with, or inimical to, the duties of the attorney or administrative law judge as a state officer or employee and shall not result in the automatic vacation of either office.

(b) Nothing in this section shall be construed to prohibit an administrative law judge, as defined in Section 11475.10, or an attorney employed by the state in a nonelected position from serving on any other appointed or elected governmental board, commission, committee, or other body, consistent with all applicable conflict-of-interest statutes and regulations and judicial canons of ethics.

CHAPTER 412

An act to amend Section 7118 of the Government Code, relating to economic development.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 7118 of the Government Code is amended to read:

7118. (a) Whenever the state prepares a solicitation for a contract for goods in excess of one hundred thousand dollars ($100,000), except a contract in which the worksite is fixed by the provisions of the contract, the state shall award a 5-percent preference to California-based companies who demonstrate and certify under penalty of perjury that of the total labor hours required to manufacture the goods and perform the contract, at least 50 percent of the hours shall be accomplished at an identified worksite or worksites located in a local agency military base recovery area.

(b) In evaluating proposals for contracts for services in excess of one hundred thousand dollars ($100,000), except a contract in which the worksite is fixed by the provisions of the contract, the state shall award a 5-percent preference on the price submitted by California-based companies who demonstrate and certify under penalty of perjury that not less than 90 percent of the labor hours required to perform the contract shall be accomplished at an identified worksite or worksites located in a local agency military base recovery area.

(c) Where a bidder complies with subdivision (a) or (b), the state shall award a 1-percent preference for bidders who certify under penalty of perjury to hire persons living within a local agency military base recovery area equal to 5 to 9 percent of its workforce during the period of contract performance; a 2-percent preference for bidders who shall agree to hire persons living within a local agency military base recovery area equal to 10 to 14 percent of its workforce during the period of

contract performance; a 3-percent preference for bidders who shall agree to hire persons living within a local agency military base recovery area equal to 15 to 19 percent of its workforce during the period of contract performance; and a 4-percent preference for bidders who shall agree to hire persons living within a local agency military base recovery area equal to 20 or more percent of its workforce during the period of contract performance.

(d) The maximum preference a bidder may be awarded pursuant to this chapter and any other provision of law shall be 15 percent. However, in no case shall the maximum preference cost under this section exceed fifty thousand dollars ($50,000) for any bid, nor shall the combined cost of preferences granted pursuant to this section and any other provision of law exceed one hundred thousand dollars ($100,000). In those cases where the 15-percent cumulated preference cost would exceed the one hundred thousand dollar ($100,000) maximum preference cost limit, the one hundred thousand dollar ($100,000) maximum preference cost limit shall apply.

(e) Notwithstanding any other provision of this section, small business bidders qualified in accordance with Section 14838 shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible, including the preference contained in this section, shall not result in the denial of the award to a small business bidder. This subdivision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference.

(f) All state contracts issued to bidders who are awarded preferences under this section shall contain conditions to ensure that the contractor performs the contract at the location specified and meets any commitment to employ persons with high risk of unemployment.

(g) (1) A business that requests and is given the preference provided for in subdivision (a) or (b) by reason of having furnished a false certification, and that by reason of this certification has been awarded a contract to which it would not otherwise have been entitled, shall be subject to all of the following:

(A) Pay to the state any difference between the contract amount and what the state's cost would have been if the contract had been properly awarded.

(B) In addition to the amount specified in subparagraph (A), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract involved.

(C) Be ineligible to directly or indirectly transact any business with the state for a period of not less than three months and not more than 24 months.

(2) Prior to the imposition of any sanction under this subdivision, the business shall be entitled to a public hearing and to five days' notice of the time and place thereof. The notice shall state the reasons for the hearing.

(h) In each instance in this section, a local agency military base recovery area shall also mean any local agency military base recovery area previously authorized under any other provision of state law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(2) The distance from the kingpin to the rearmost axle of the semitrailer does not exceed 40 feet.

(c) The exemption allowed under this section does not apply to travel conducted on the day prior to, or on the day of, any federally recognized holiday.

(d) (1) The Department of the California Highway Patrol, in consultation with the Department of Transportation, shall conduct an initial study of the effect that the exemption provided under this section has on public safety. The findings of that study shall be reported to the Legislature on or before July 1, 2001.

(2) The Department of the California Highway Patrol, in consultation with the Department of Transportation, shall conduct a comprehensive study of the effect that the exemption provided under this section has on public safety during the entire effective period of the exemption, commencing on January 1, 1999. The findings of the study required under this paragraph shall be reported to the Legislature on or before May 1, 2003.

(e) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

(b) The notice shall be filed within 30 days after the receiver's appointment or, if the substandard condition occurs subsequently, within 15 days of its occurrence.

(c) The notice shall inform the court of all of the following:

(1) The substandard conditions that exist.

(2) The threat or danger that the substandard conditions pose to any occupant of the property or the public.

(3) The approximate cost and time involved in abating the conditions. If more time is needed to approximate the cost, then the notice shall provide the date on which the approximate cost will be filed with the court and that date shall be within 10 days of the filing.

(4) Whether the receivership estate is likely to contain sufficient funds to abate the conditions.

(d) If the receivership estate does not contain sufficient funds to abate the conditions, the receiver shall request further instructions or orders from the court.

(e) The court, upon receipt of a notice pursuant to subdivision (d), shall consider appropriate orders or instructions to enable the receiver to correct the substandard conditions or to terminate or limit the period of receivership.

SEC. 2. Section 568.3 is added to the Code of Civil Procedure, to read:

568.3. Any tenant of real property that is subject to receivership, a tenant association or organization, or any federal, state, or local enforcement agency, may file a motion in a receivership action for the purpose of seeking further instructions or orders from the court, if either of the following is true:

(a) Substandard conditions exist, as defined by Section 17920.3 of the Health and Safety Code.

(b) A dispute or controversy exists concerning the powers or duties of the receiver affecting a tenant or the public.

SEC. 3. Chapter 6.1 (commencing with Section 50651) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 6.1. TENANT RELOCATION ASSISTANCE

50651. Any tenant who is displaced or subject to displacement from a residential rental unit as a result of an order to vacate or an order requiring the vacation of a residential unit by a local enforcement agency as a result of a violation so extensive and of such a nature that the immediate health and safety of the residents is endangered, shall be entitled to receive relocation benefits from the owner as specified in this chapter. The local enforcement agency shall determine the eligibility of tenants for benefits pursuant to this chapter.

50653. (a) The relocation benefits required by this chapter shall be paid by the owner or designated agent to the tenant within 10 days after the date that the order to vacate is first mailed to the owner and posted

on the premises, or at least 20 days prior to the vacation date set forth in the order to vacate, whichever occurs later.

(b) If there are fewer than 10 days between the first posting and mailing of the order to vacate and the vacation date, the relocation benefits shall be paid by the owner or designated agent to the tenant within 24 hours after the notice is posted and mailed. The local enforcement agency shall attempt to provide telephonic or written notice to the owner to notify the owner that the benefits are payable immediately. Failure to provide the notice as specified in this section shall not relieve the owner of any obligations imposed by this chapter.

(c) If a tenant is entitled to relocation benefits pursuant to Section 50651, the local enforcement agency shall provide either telephonic or written notice to the tenant of his or her entitlement to the benefits. Written notice may be satisfied by posting a written notice on the premises stating that tenants may be entitled to relocation benefits.

50654. The relocation payment shall be made available by the owner or designated agent to the tenant in each residential unit and shall be a sum equal to two months of the established fair market rent for the area as determined by the Department of Housing and Urban Development pursuant to Section 1437f of Title 42 of the United States Code. In addition, the relocation payment shall include an amount, as determined by the local enforcement agency, sufficient for utility service deposits. The relocation benefits shall be paid by the owner or designated agent in addition to the return, as required by law, of any security deposits held by the owner. The relocation benefits shall be payable on a per residential unit basis.

50655. (a) Any owner or designated agent who does not make timely payment as specified in Section 50653 shall be liable to the tenant for an amount equal to one and one-half times the relocation benefits payable pursuant to Section 50654.

(b) Subdivision (a) shall not apply when relocation benefits are payable fewer than 10 days after the date the order to vacate is first mailed and posted on the premises, if the owner or designated agent makes the payment no later than 10 days after the order is first mailed and posted.

50656. (a) No relocation benefits pursuant to this chapter shall be payable to any tenant who has caused or substantially contributed to the condition giving rise to the order to vacate, as determined by the local enforcement agency, nor shall any relocation benefits be payable to a tenant if any guest or invitee of the tenant has caused or substantially contributed to the condition giving rise to the order to vacate, as determined by the local enforcement agency. The local enforcement agency shall make the determination whether a tenant, tenant's guest, or invitee caused or substantially contributed to the condition, giving rise

to the order to vacate at the same time that the order to vacate the tenants is made.

(b) An owner or designated agent shall not be liable for relocation benefits if the local enforcement agency determines that the unit or structure became unsafe or hazardous as the result of a fire, flood, earthquake, or other event beyond the control of the owner or the designated agent and the owner or designated agent did not cause or contribute to the condition.

(c) In the situations described in subdivisions (a) and (b), the tenants of units within a multiunit structure who did not cause or substantially contribute to the uninhabitable condition shall be eligible for relocation benefits from the local enforcement agency that elects at its discretion to pay relocation payments in accordance with Section 50654 to those tenants.

(d) An owner or designated agent shall not be liable to make any payment as prescribed by this section if the local enforcement agency does not provide for an appeals process for the order to pay relocation benefits.

50657. (a) If the owner or designated agent fails, neglects, or refuses to pay relocation payments to a displaced tenant or a tenant subject to displacement, except in the situations described in Section 50656, the local enforcement agency may advance relocation payments as specified in Section 50654. If the local enforcement agency, pursuant to locally adopted policies, offers to advance relocation payments in accordance with Section 50654, the local enforcement agency shall be entitled to recover from the owner any amount paid to a tenant pursuant to this section except payments made pursuant to subdivision (c) of Section 50656. The local enforcement agency shall also be entitled to recover from the owner or designated agent an additional amount equal to the sum of one-half the amount so paid, but not to exceed ten thousand dollars ($10,000), as a penalty for failure to make timely payment to the displaced tenant, and the local enforcement agency's actual costs, including direct and indirect costs, of administering the provision of benefits to the displaced tenant.

(b) Any amounts paid by the local enforcement agency, except pursuant to subdivision (c) of Section 50656, and any applicable penalties and actual costs may also be placed as a lien against the property by the local enforcement agency by recording the lien in the county recorder's office of the county in which the real property is located.

(c) Any local enforcement agency that elects, at its own option pursuant to subdivision (a), to advance relocation payments to displaced tenants when the owner or designated agent fails, neglects, or refuses to pay relocation payments to displaced tenants, shall prior to instituting

any action to collect from the owner or designated agent relocation benefits paid pursuant to this section, or to impose a lien therefor, send to the owner or designated agent by first-class mail, postage prepaid, at the owner's address as shown on the last equalized assessment roll, an itemized accounting of all benefits paid by the local enforcement agency to the owner's tenants, and any penalties or costs the local enforcement agency is seeking to recover as authorized pursuant to subdivision (a). If the owner or designated agent contends that not all of the benefits are chargeable to the owner or designated agent because the recipients were not displaced tenants, no benefits were payable pursuant to Section 50656, or on other grounds, the owner or designated agent shall submit a written appeal to the director of the local enforcement agency within 20 days after receipt by the owner or designated agent of the itemized accounting. The director, or the director's designee, shall hold an administrative hearing for the purpose of determining the amount of benefits paid that are chargeable to the owner or designated agent, and any penalties or costs the local enforcement agency may recover pursuant to subdivision (a). The local enforcement agency shall provide an administrative appeal process for any appeal of a decision of the director or the director's designee. The final decision of the local appellate body shall be subject to Section 1094.5 of the Code of Civil Procedure. If the owner fails to obtain a more favorable decision than that set forth in the itemized accounting, the owner or designated agent shall be liable to the local enforcement agency for the costs of the administrative hearing and appeal, not to exceed five thousand dollars ($5,000). The failure to receive the itemized accounting shall not relieve the owner of any obligation to the city or county.

(d) Nothing in this chapter shall be construed to require the local enforcement agency to pay any relocation benefits to any tenant, or assume any obligation, requirement, or duty of the owner pursuant to this chapter.

50658. Notwithstanding subdivision (b) of Section 50653 and subdivision (a) of Section 50657, if there are fewer than 10 days between the first posting and mailing of the order to vacate and the vacation date, and if the local enforcement agency advances relocation benefits to any tenants, prior to the expiration of the 10-day period, the owner shall not be required to reimburse the local enforcement agency for a charge identified on the itemized accounting described in subdivision (c) of Section 50657 if the owner contests the charge within 30 days after the itemized accounting is mailed to the owner or designated agent pursuant to subdivision (c) of Section 50657. The owner or designated agent shall pay the charge that was the subject of the appeal pursuant to subdivision (c) of Section 50657 within 30 days after an adverse decision by the

director of the local enforcement agency on the appeal is mailed to the owner.

50659. The remedies under this chapter are cumulative and in addition to any other remedies available under federal, state, or local law.

50659.1. Any order by a local agency that requires a tenant's displacement and is issued to an owner, designated agent, or tenant, shall be accompanied by a summary of the provisions of this chapter. Failure to provide a summary shall not relieve any person of the obligations imposed by this chapter.

50659.2. While it is the intent of the Legislature in enacting this chapter to provide an expedient means by which to provide relocation funds to tenants, nothing in this chapter shall be construed to limit the rights available to owners, designated agents, or tenants under any other provision of law. Furthermore, nothing in this chapter shall be construed to deprive an owner of procedural due process rights guaranteed by law, including, but not limited to, a right to file a judicial action against a local enforcement agency that has failed to proceed in a manner required by law.

50659.3. When seeking reimbursement under an optional local program intended to advance relocation payments to displaced tenants when the owner fails, neglects, or refuses to pay relocation payments to displaced tenants pursuant to the provisions of this chapter, the local code enforcement agency shall first explore the potential of using funds from any available federally funded program that provides tenant relocation assistance in cases of local code enforcement activities.

SEC. 4. Section 17980.6 of the Health and Safety Code is amended to read:

17980.6. If any building is maintained in a manner that violates any provisions of this part, the building standards published in the State Building Standards Code relating to the provisions of this part, any other rule or regulation adopted pursuant to the provisions of this part, or any provision in a local ordinance that is similar to a provision in this part, and the violations are so extensive and of such a nature that the health and safety of residents or the public is substantially endangered, the enforcement agency may issue an order or notice to repair or abate pursuant to this part. Any order or notice pursuant to this subdivision shall be provided either by both posting a copy of the order or notice in a conspicuous place on the property and by first-class mail to each affected residential unit, or by posting a copy of the order or notice in a conspicuous place on the property and in a prominent place on each affected residential unit. The order or notice shall include, but is not limited to, all of the following:

(a) The name, address, and telephone number of the agency that issued the notice or order.

(b) The date, time, and location of any public hearing or proceeding concerning the order or notice.

(c) Information that the lessor cannot retaliate against a lessee pursuant to Section 1942.5 of the Civil Code.

SEC. 5. Section 17980.7 of the Health and Safety Code is amended to read:

17980.7. If the owner fails to comply within a reasonable time with the terms of the order or notice issued pursuant to Section 17980.6, the following provisions shall apply:

(a) The enforcement agency may seek and the court may order imposition of the penalties provided for under Chapter 6 (commencing with Section 17995).

(b) (1) The enforcement agency may seek and the court may order the owner to not claim any deduction with respect to state taxes for interest, taxes, expenses, depreciation, or amortization paid or incurred with respect to the cited structure, in the taxable year of the initial order or notice, in lieu of the enforcement agency processing a violation in accordance with Sections 17274 and 24436.5 of the Revenue and Taxation Code.

(2) If the owner fails to comply with the terms of the order or notice to correct the condition that caused the violation pursuant to Section 17980.6, the court may order the owner to not claim these tax benefits for the following year.

(c) The enforcement agency, tenant, or tenant association or organization may seek and the court may order, the appointment of a receiver for the substandard building pursuant to this subdivision. In its petition to the court, the enforcement agency, tenant, or tenant association or organization shall include proof that notice of the petition was served not less than three days prior to filing the petition, pursuant to Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2 of the Code of Civil Procedure, to all persons with a recorded interest in the real property upon which the substandard building exists.

(1) In appointing a receiver, the court shall consider whether the owner has been afforded a reasonable opportunity to correct the conditions cited in the notice of violation.

(2) The court shall not appoint any person as a receiver unless the person has demonstrated to the court his or her capacity and expertise to develop and supervise a viable financial and construction plan for the satisfactory rehabilitation of the building.

(3) If a receiver is appointed, the owner and his or her agent of the substandard building shall be enjoined from collecting rents from the tenants, interfering with the receiver in the operation of the substandard building, and encumbering or transferring the substandard building or real property upon which the building is situated.

(4) Any receiver appointed pursuant to this section shall have all of the following powers and duties in the order of priority listed in this paragraph, unless the court otherwise permits:

(A) To take full and complete control of the substandard property.

(B) To manage the substandard building and pay expenses of the operation of the substandard building and real property upon which the building is located, including taxes, insurance, utilities, general maintenance, and debt secured by an interest in the real property.

(C) To secure a cost estimate and construction plan from a licensed contractor for the repairs necessary to correct the conditions cited in the notice of violation.

(D) To enter into contracts and employ a licensed contractor as necessary to correct the conditions cited in the notice of violation.

(E) To collect all rents and income from the substandard building.

(F) To use all rents and income from the substandard building to pay for the cost of rehabilitation and repairs determined by the court as necessary to correct the conditions cited in the notice of violation.

(G) To borrow funds to pay for repairs necessary to correct the conditions cited in the notice of violation and to borrow funds to pay for any relocation benefits authorized by paragraph (6) and secure that debt, with court approval, with a lien on the real property upon which the substandard building is located. The lien shall be recorded in the county recorder's office in the county within which the building is located.

(H) To exercise the powers granted to receivers under Section 568 of the Code of Civil Procedure.

(5) The receiver shall be entitled to the same fees, commissions, and necessary expenses as receivers in actions to foreclose mortgages.

(6) If the conditions of the premises or the repair or rehabilitation thereof significantly affect the safe and sanitary use of the substandard building by any tenant, to the extent that the tenant cannot safely reside in his or her unit, then the receiver shall provide relocation benefits in accordance with subparagraph (A) of paragraph (3) of subdivision (d).

(7) The relocation compensation provided for in this section shall not preempt any local ordinance that provides for greater relocation assistance.

(8) In addition to any reporting required by the court, the receiver shall prepare monthly reports to the state or local enforcement agency which shall contain information on at least the following items:

(A) The total amount of rent payments received.

(B) Nature and amount of contracts negotiated relative to the operation or repair of the property.

(C) Payments made toward the repair of the premises.

(D) Progress of necessary repairs.

(E) Other payments made relative to the operation of the building.

(F) Amount of tenant relocation benefits paid.

(9) The receiver shall be discharged when the conditions cited in the notice of violation have been remedied in accordance with the court order or judgment and a complete accounting of all costs and repairs has been delivered to the court. Upon removal of the condition, the owner, the mortgagee, or any lienor of record may apply for the discharge of all moneys not used by the receiver for removal of the condition and all other costs authorized by this section.

(10) After discharging the receiver, the court may retain jurisdiction for a time period not to exceed 18 consecutive months, and require the owner and the enforcement agency responsible for enforcing Section 17980 to report to the court in accordance with a schedule determined by the court.

(11) The prevailing party in an action pursuant to this section shall be entitled to reasonable attorney's fees and court costs as may be fixed by the court.

(12) The county recorder may charge and collect fees for the recording of all notices and other documents required by this section pursuant to Article 5 (commencing with Section 27360) of Chapter 6 of Division 2 of Title 3 of the Government Code.

(13) Nothing in this section shall be construed to limit those rights available to tenants and owners under any other provision of the law.

(14) Nothing in this section shall be construed to deprive an owner of a substandard building of all procedural due process rights guaranteed by the California Constitution and the United States Constitution, including, but not limited to, receipt of notice of the violation claimed and an adequate and reasonable period of time to comply with any orders which are issued by the enforcement agency or the court.

(d) If the court finds that a building is in a condition which substantially endangers the health and safety of residents pursuant to Section 17980.6, upon the entry of any order or judgment, the court shall do all of the following:

(1) Order the owner to pay all reasonable and actual costs of the enforcement agency including, but not limited to, inspection costs, investigation costs, enforcement costs, attorney fees or costs, and all costs of prosecution.

(2) Order that the local enforcement agency shall provide the tenant with notice of the court order or judgment.

(3) (A) Order that if the owner undertakes repairs or rehabilitation as a result of being cited for a notice under this chapter, and if the conditions of the premises or the repair or rehabilitation thereof significantly affect the safe and sanitary use of the premises by any lawful tenant, so that the tenant cannot safely reside in the premises, then the owner shall provide or pay relocation benefits to each lawful tenant. These benefits shall

consist of actual reasonable moving and storage costs and relocation compensation. The actual moving and storage costs shall consist of all of the following:

(i) Transportation of the tenant's personal property to the new location. The new location shall be in close proximity to the substandard premises, except where relocation to a new location beyond a close proximity is determined by the court to be justified.

(ii) Packing, crating, unpacking, and uncrating the tenant's personal property.

(iii) Insurance of the tenant's property while in transit.

(iv) The reasonable replacement value of property lost, stolen, or damaged (not through the fault or negligence of the displaced person, his or her agent or employee) in the process of moving, where insurance covering the loss, theft, or damage is not reasonably available.

(v) The cost of disconnecting, dismantling, removing, reassembling, reconnecting, and reinstalling machinery, equipment, or other personal property of the tenant, including connection charges imposed by utility companies for starting utility service.

(B) (i) The relocation compensation shall be an amount equal to the differential between the contract rent and the fair market rental value determined by the federal Department of Housing and Urban Development for a unit of comparable size within the area for the period that the unit is being repaired, not to exceed 120 days.

(ii) If the court finds that a tenant has been substantially responsible for causing or substantially contributing to the substandard conditions, then the relocation benefits of this section shall not be paid to this tenant. Each other tenant on the premises who has been ordered to relocate due to the substandard conditions and who is not substantially responsible for causing or contributing to the conditions shall be paid these benefits and moving costs at the time that he or she actually relocates.

(4) Determine the date when the tenant is to relocate, and order the tenant to notify the enforcement agency and the owner of the address of the premises to which he or she has relocated within five days after the relocation.

(5) (A) Order that the owner shall offer the first right to occupancy of the premises to each tenant who received benefits pursuant to subparagraph (A) of paragraph (3), before letting the unit for rent to a third party. The owner's offer on the first right to occupancy to the tenant shall be in writing, and sent by first-class certified mail to the address given by the tenant at the time of relocation. If the owner has not been provided the tenant's address by the tenant as prescribed by this section, the owner shall not be required to provide notice under this section or offer the tenant the right to return to occupancy.

(B) The tenant shall notify the owner in writing that he or she will occupy the unit. The notice shall be sent by first-class certified mail no later than 10 days after the notice has been mailed by the owner.

(6) Order that failure to comply with any abatement order under this chapter shall be punishable by civil contempt, penalties under Chapter 6 (commencing with Section 17995), and any other penalties and fines as are available.

(e) The initiation of a proceeding or entry of a judgment pursuant to this section or Section 17980.6 shall be deemed to be a ''proceeding'' or ''judgement'' as provided by paragraph (4) or (5) of subdivision (a) of Section 1942.5 of the Civil Code.

(f) The term ''owner,'' for the purposes of this section, shall include the owner, including any public entity that owns residential real property, at the time of the initial notice or order and any successor in interest who had actual or constructive knowledge of the notice, order, or prosecution.

(g) These remedies shall be in addition to those provided by any other law.

(h) Nothing in this section or in Section 17980.6 shall impair the rights of an owner exercising his or her rights established pursuant to Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 of the Government Code.

SEC. 5.5. Section 17980.7 of the Health and Safety Code is amended to read:

17980.7. If the owner fails to comply within a reasonable time with the terms of the order or notice issued pursuant to Section 17980.6, the following provisions shall apply:

(c) The enforcement agency, tenant, or tenant association or organization may seek and the court may order, the appointment of a receiver for the substandard building pursuant to this subdivision. In its

petition to the court, the enforcement agency, tenant, or tenant association or organization shall include proof that notice of the petition was served not less than three days prior to filing the petition, pursuant to Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2 of the Code of Civil Procedure, to all persons with a recorded interest in the real property upon which the substandard building exists.

(1) In appointing a receiver, the court shall consider whether the owner has been afforded a reasonable opportunity to correct the conditions cited in the notice of violation.

(2) The court shall not appoint any person as a receiver unless the person has demonstrated to the court his or her capacity and expertise to develop and supervise a viable financial and construction plan for the satisfactory rehabilitation of the building. A court may appoint as a receiver a nonprofit organization or community development corporation. In addition to the duties and powers that may be granted pursuant to this section, the nonprofit organization or community development corporation may also apply for grants to assist in the rehabilitation of the building.

(3) If a receiver is appointed, the owner and his or her agent of the substandard building shall be enjoined from collecting rents from the tenants, interfering with the receiver in the operation of the substandard building, and encumbering or transferring the substandard building or real property upon which the building is situated.

(D) To enter into contracts and employ a licensed contractor as necessary to correct the conditions cited in the notice of violation.

(E) To collect all rents and income from the substandard building.

(G) To borrow funds to pay for repairs necessary to correct the conditions cited in the notice of violation and to borrow funds to pay for any relocation benefits authorized by paragraph (6) and, with court approval, secure that debt and any moneys owed to the receiver for

services performed pursuant to this section with a lien on the real property upon which the substandard building is located. The lien shall be recorded in the county recorder's office in the county within which the building is located.

(H) To exercise the powers granted to receivers under Section 568 of the Code of Civil Procedure.

(5) The receiver shall be entitled to the same fees, commissions, and necessary expenses as receivers in actions to foreclose mortgages.

(6) If the conditions of the premises or the repair or rehabilitation thereof significantly affect the safe and sanitary use of the substandard building by any tenant, to the extent that the tenant cannot safely reside in his or her unit, then the receiver shall provide relocation benefits in accordance with subparagraph (A) of paragraph (3) of subdivision (d).

(7) The relocation compensation provided for in this section shall not preempt any local ordinance that provides for greater relocation assistance.

(8) In addition to any reporting required by the court, the receiver shall prepare monthly reports to the state or local enforcement agency which shall contain information on at least the following items:

(A) The total amount of rent payments received.

(B) Nature and amount of contracts negotiated relative to the operation or repair of the property.

(C) Payments made toward the repair of the premises.

(D) Progress of necessary repairs.

(10) After discharging the receiver, the court may retain jurisdiction for a time period not to exceed 18 consecutive months, and require the owner and the enforcement agency responsible for enforcing Section 17980 to report to the court in accordance with a schedule determined by the court.

(11) The prevailing party in an action pursuant to this section shall be entitled to reasonable attorney's fees and court costs as may be fixed by the court.

(12) The county recorder may charge and collect fees for the recording of all notices and other documents required by this section

pursuant to Article 5 (commencing with Section 27360) of Chapter 6 of Division 2 of Title 3 of the Government Code.

(13) Nothing in this section shall be construed to limit those rights available to tenants and owners under any other provision of the law.

(14) Nothing in this section shall be construed to deprive an owner of a substandard building of all procedural due process rights guaranteed by the California Constitution and the United States Constitution, including, but not limited to, receipt of notice of the violation claimed and an adequate and reasonable period of time to comply with any orders which are issued by the enforcement agency or the court.

(d) If the court finds that a building is in a condition which substantially endangers the health and safety of residents pursuant to Section 17980.6, upon the entry of any order or judgment, the court shall do all of the following:

(1) Order the owner to pay all reasonable and actual costs of the enforcement agency including, but not limited to, inspection costs, investigation costs, enforcement costs, attorney fees or costs, and all costs of prosecution.

(2) Order that the local enforcement agency shall provide the tenant with notice of the court order or judgment.

These benefits shall consist of actual reasonable moving and storage costs and relocation compensation. The actual moving and storage costs shall consist of all of the following:

(i) Transportation of the tenant's personal property to the new location. The new location shall be in close proximity to the substandard premises, except where relocation to a new location beyond a close proximity is determined by the court to be justified.

(ii) Packing, crating, unpacking, and uncrating the tenant's personal property.

(iii) Insurance of the tenant's property while in transit.

(iv) The reasonable replacement value of property lost, stolen, or damaged (not through the fault or negligence of the displaced person, his or her agent or employee) in the process of moving, where insurance covering the loss, theft, or damage is not reasonably available.

(v) The cost of disconnecting, dismantling, removing, reassembling, reconnecting, and reinstalling machinery, equipment, or other personal property of the tenant, including connection charges imposed by utility companies for starting utility service.

(B) (i) The relocation compensation shall be an amount equal to the differential between the contract rent and the fair market rental value determined by the federal Department of Housing and Urban Development for a unit of comparable size within the area for the period that the unit is being repaired, not to exceed 120 days.

(ii) If the court finds that a tenant has been substantially responsible for causing or substantially contributing to the substandard conditions, then the relocation benefits of this section shall not be paid to this tenant. Each other tenant on the premises who has been ordered to relocate due to the substandard conditions and who is not substantially responsible for causing or contributing to the conditions shall be paid these benefits and moving costs at the time that he or she actually relocates.

(4) Determine the date when the tenant is to relocate, and order the tenant to notify the enforcement agency and the owner of the address of the premises to which he or she has relocated within five days after the relocation.

(5) (A) Order that the owner shall offer the first right to occupancy of the premises to each tenant who received benefits pursuant to subparagraph (A) of paragraph (3), before letting the unit for rent to a third party. The owner's offer on the first right to occupancy to the tenant shall be in writing, and sent by first-class certified mail to the address given by the tenant at the time of relocation. If the owner has not been provided the tenant's address by the tenant as prescribed by this section, the owner shall not be required to provide notice under this section or offer the tenant the right to return to occupancy.

(B) The tenant shall notify the owner in writing that he or she will occupy the unit. The notice shall be sent by first-class certified mail no later than 10 days after the notice has been mailed by the owner.

(6) Order that failure to comply with any abatement order under this chapter shall be punishable by civil contempt, penalties under Chapter 6 (commencing with Section 17995), and any other penalties and fines as are available.

(e) The initiation of a proceeding or entry of a judgment pursuant to this section or Section 17980.6 shall be deemed to be a "proceeding" or "judgment" as provided by paragraph (4) or (5) of subdivision (a) of Section 1942.5 of the Civil Code.

(f) The term "owner," for the purposes of this section, shall include the owner, including any public entity that owns residential real property, at the time of the initial notice or order and any successor in interest who had actual or constructive knowledge of the notice, order, or prosecution.

(g) These remedies shall be in addition to those provided by any other law.

(h) Nothing in this section or in Section 17980.6 shall impair the rights of an owner exercising his or her rights established pursuant to Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 of the Government Code.

SEC. 6. Section 5.5 of this bill incorporates amendments to Section 17980.7 of the Health and Safety Code proposed by both this bill and AB 1467. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 17980.7 of the Health and Safety Code, and (3) this bill is enacted after AB 1467, in which case Section 5 of this bill shall not become operative.

(c) Each fire and casualty broker-agent to whom an offer is made meets all of the following requirements:

(1) The broker-agent shall have been appointed by the admitted insurer for a period of at least one year and that admitted insurer shall meet all of the following requirements:

(A) Be authorized to transact property and casualty insurance. For purposes of this section, property and casualty insurance means insurance falling within classes 2, 3, 7, 8, 10, 11, 12, 14, 15, 16, 18, and 20 under Section 100 except home protection contracts, as defined in Section 12740.

(h) The issuer of both the common and preferred stock shall be all of the following:

CHAPTER 416

An act to amend Section 87164 of the Education Code, relating to whistleblower protection.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 87164 of the Education Code is amended to read:

87164. (a) An employee or applicant for employment with a public school employer who files a written complaint with his or her supervisor, a community college administrator, or the public school employer alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts prohibited by Section 87163 for having disclosed improper governmental activities or for refusing to obey an illegal order may also file a copy of the written complaint with the local law enforcement agency, together with a sworn statement that the contents of the written complaint are true, or are believed by the affiant to be true, under penalty of perjury. The complaint filed with the local law enforcement agency shall be filed within 12 months of the most recent act of reprisal that is the subject of the complaint.

(b) A person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against an employee or applicant for employment with a public school employer for having made a protected disclosure is subject to a fine not to exceed ten thousand dollars ($10,000) and imprisonment in the county jail for a period not to exceed one year. An employee, officer, or administrator who intentionally engages in that conduct shall also be subject to discipline by the public school employer. If no adverse action is instituted by the public school employer, and it is determined that there is reasonable cause to believe that an act of reprisal, retaliation, threats, coercion, or similar acts prohibited by Section 87163, the local law enforcement agency may report the nature and details of the activity to the governing board of the community college district.

(c) The State Personnel Board shall initiate a hearing or investigation of a written complaint of reprisal or retaliation as prohibited by Section 87163 within 10 working days of its submission. The executive officer of the State Personnel Board shall complete findings of the hearing or investigation within 60 working days thereafter and shall provide a copy of the findings to the complaining employee or applicant for employment with a public school employer and to the appropriate supervisors, administrator, or employer. This hearing shall be conducted

in accordance with Section 18671.2 of the Government Code. When the allegations contained in a complaint of reprisal or retaliation are the same as, or similar to, those contained in another appeal, the executive officer may consolidate the appeals into the most appropriate format. In these cases, the time limits described in this subdivision shall not apply.

(d) If the findings of the executive officer of the State Personnel Board set forth acts of alleged misconduct by the supervisor, community college administrator, or public school employer, the supervisor, administrator, or employer may request a hearing before the State Personnel Board regarding the findings of the executive officer. The request for hearing and any subsequent determination by the board shall be made in accordance with the board's usual rules governing appeals, hearings, investigations, and disciplinary proceedings.

(e) If, after the hearing, the State Personnel Board determines that a violation of Section 87163 occurred, or if no hearing is requested and the findings of the executive officer conclude that improper activity has occurred, the board may order any appropriate relief, including, but not limited to, reinstatement, backpay, restoration of lost service credit if appropriate, and the expungement of any adverse records of the employee or applicant for employment with a public school employer who was the subject of the alleged acts of misconduct prohibited by Section 87163.

(f) Whenever the State Personnel Board determines that a supervisor, community college administrator, or public school employer has violated Section 87163, it shall cause an entry to that effect to be made in the supervisor's, community college administrator's, or public school employer's official personnel records.

(g) In order for the Governor and the Legislature to determine the need to continue or modify personnel procedures as they relate to the investigations of reprisals or retaliation for the disclosure of information by employees, the State Personnel Board, by June 30 of each year, shall submit a report to the Governor and the Legislature regarding complaints filed, hearings held, and legal actions taken pursuant to this section.

(h) In addition to all other penalties provided by law, a person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against an employee or applicant for employment with a public school employer for having made a protected disclosure shall be liable in an action for damages brought against him or her by the injured party. Punitive damages may be awarded by the court where the acts of the offending party are proven to be malicious. Where liability has been established, the injured party shall also be entitled to reasonable attorney's fees as provided by law. However, an action for damages shall not be available to the injured party unless the injured party has first filed a complaint with the local law enforcement agency. Nothing in this

subdivision requires an injured party to file a complaint with the State Personnel Board prior to seeking relief for damages in a court of law.

(i) This section is not intended to prevent a public school employer, school administrator, or supervisor from taking, failing to take, directing others to take, recommending, or approving a personnel action with respect to an employee or applicant for employment with a public school employer if the public school employer, school administrator, or supervisor reasonably believes an action or inaction is justified on the basis of evidence separate and apart from the fact that the person has made a protected disclosure as defined in subdivision (e) of Section 87162.

(j) In any civil action or administrative proceeding, once it has been demonstrated by a preponderance of evidence that an activity protected by this article was a contributing factor in the alleged retaliation against a former, current, or prospective employee, the burden of proof shall be on the supervisor, school administrator, or public school employer to demonstrate by clear and convincing evidence that the alleged action would have occurred for legitimate, independent reasons even if the employee had not engaged in protected disclosures or refused an illegal order. If the supervisor, school administrator, or public school employer fails to meet this burden of proof in an adverse action against the employee in any administrative review, challenge, or adjudication in which retaliation has been demonstrated to be a contributing factor, the employee shall have a complete affirmative defense in the adverse action.

(k) Nothing in this article shall be deemed to diminish the rights, privileges, or remedies of an employee under any other federal or state law or under an employment contract or collective bargaining agreement.

(*l*) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action.

CHAPTER 417

An act to amend Sections 2024 and 2040 of the Family Code, to amend Sections 1300, 1301, 1303, 5003, 5302, and 21111 of, to add Section 856.5 to, to add Part 4 (commencing with Section 5600) to Division 5 of, and to repeal Section 6202 of, the Probate Code, relating to nonprobate transfers.

[Approved by Governor October 1, 2001. Filed with
Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 2024 of the Family Code is amended to read:

2024. (a) A petition for dissolution of marriage, nullity of marriage, or legal separation of the parties, or a joint petition for summary dissolution of marriage, shall contain the following notice:

"Dissolution or annulment of your marriage may automatically cancel your spouse's rights under your will, trust, retirement benefit plan, power of attorney, pay on death bank account, transfer on death vehicle registration, survivorship rights to any property owned in joint tenancy, and any other similar thing. It does not automatically cancel your spouse's rights as beneficiary of your life insurance policy. If these are not the results that you want, you must change your will, trust, account agreement, or other similar document to reflect your actual wishes.

Dissolution or annulment of your marriage may also automatically cancel your rights under your spouse's will, trust, retirement benefit plan, power of attorney, pay on death bank account, transfer on death vehicle registration, and survivorship rights to any property owned in joint tenancy, and any other similar thing. It does not automatically cancel your rights as beneficiary of your spouse's life insurance policy.

You should review these matters, as well as any credit cards, other credit accounts, insurance policies, retirement benefit plans, and credit reports to determine whether they should be changed or whether you should take any other actions in view of the dissolution or annulment of your marriage, or your legal separation. However, some changes may require the agreement of your spouse or a court order (see Part 3 (commencing with Section 231) of Division 2 of the Family Code)."

(b) A judgment for dissolution of marriage, for nullity of marriage, or for legal separation of the parties shall contain the following notice:

"Dissolution or annulment of your marriage may automatically cancel your spouse's rights under your will, trust, retirement benefit plan, power of attorney, pay on death bank account, transfer on death vehicle registration, survivorship rights to any property owned in joint tenancy, and any other similar thing. It does not automatically cancel your spouse's rights as beneficiary of your life insurance policy. If these are not the results that you want, you must change your will, trust, account agreement, or other similar document to reflect your actual wishes.

Dissolution or annulment of your marriage may also automatically cancel your rights under your spouse's will, trust, retirement benefit plan, power of attorney, pay on death bank account, transfer on death vehicle registration, survivorship rights to any property owned in joint tenancy, and any other similar thing. It does not automatically cancel your rights as beneficiary of your spouse's life insurance policy.

You should review these matters, as well as any credit cards, other credit accounts, insurance policies, retirement benefit plans, and credit reports to determine whether they should be changed or whether you should take any other actions in view of the dissolution or annulment of your marriage, or your legal separation.''

SEC. 2. Section 2040 of the Family Code is amended to read:

2040. (a) In addition to the contents required by Section 412.20 of the Code of Civil Procedure, the summons shall contain a temporary restraining order:

(1) Restraining both parties from removing the minor child or children of the parties, if any, from the state without the prior written consent of the other party or an order of the court.

(2) Restraining both parties from transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether community, quasi-community, or separate, without the written consent of the other party or an order of the court, except in the usual course of business or for the necessities of life, and requiring each party to notify the other party of any proposed extraordinary expenditures at least five business days before incurring those expenditures and to account to the court for all extraordinary expenditures made after service of the summons on that party.

Notwithstanding the foregoing, nothing in the restraining order shall preclude a party from using community property, quasi-community property, or the party's own separate property to pay reasonable attorney's fees and costs in order to retain legal counsel in the proceeding. A party who uses community property or quasi-community property to pay his or her attorney's retainer for fees and costs under this provision shall account to the community for the use of the property. A party who uses other property that is subsequently determined to be the separate property of the other party to pay his or her attorney's retainer for fees and costs under this provision shall account to the other party for the use of the property.

(3) Restraining both parties from cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage, including life, health, automobile, and disability, held for the benefit of the parties and their child or children for whom support may be ordered.

(4) Restraining both parties from creating a nonprobate transfer or modifying a nonprobate transfer in a manner that affects the disposition of property subject to the transfer, without the written consent of the other party or an order of the court.

(b) Nothing in this section restrains any of the following:

(1) Creation, modification, or revocation of a will.

(2) Revocation of a nonprobate transfer, including a revocable trust, pursuant to the instrument, provided that notice of the change is filed and served on the other party before the change takes effect.

(3) Elimination of a right of survivorship to property, provided that notice of the change is filed and served on the other party before the change takes effect.

(4) Creation of an unfunded revocable or irrevocable trust.

(5) Execution and filing of a disclaimer pursuant to Part 8 (commencing with Section 260) of Division 2 of the Probate Code.

(c) In all actions filed on and after January 1, 1995, the summons shall contain the following notice:

''WARNING: California law provides that, for purposes of division of property upon dissolution of marriage or legal separation, property acquired by the parties during marriage in joint form is presumed to be community property. If either party to this action should die before the jointly held community property is divided, the language of how title is held in the deed (i.e., joint tenancy, tenants in common, or community property) will be controlling and not the community property presumption. You should consult your attorney if you want the community property presumption to be written into the recorded title to the property.''

(d) For the purposes of this section:

(1) ''Nonprobate transfer'' means an instrument, other than a will, that makes a transfer of property on death, including a revocable trust, pay on death account in a financial institution, Totten trust, transfer on death registration of personal property, or other instrument of a type described in Section 5000 of the Probate Code.

(2) ''Nonprobate transfer'' does not include a provision for the transfer of property on death in an insurance policy or other coverage held for the benefit of the parties and their child or children for whom support may be ordered, to the extent that the provision is subject to paragraph (3) of subdivision (a).

(e) The restraining order included in the summons shall include descriptions of the notices required by paragraphs (2) and (3) of subdivision (b).

SEC. 3. Section 856.5 is added to the Probate Code, to read:

856.5. The court may not grant a petition under this chapter if the court determines that the matter should be determined by a civil action.

SEC. 4. Section 1300 of the Probate Code is amended to read:

1300. In all proceedings governed by this code, an appeal may be taken from the making of, or the refusal to make, any of the following orders:

(a) Directing, authorizing, approving, or confirming the sale, lease, encumbrance, grant of an option, purchase, conveyance, or exchange of property.

(b) Settling an account of a fiduciary.

(c) Authorizing, instructing, or directing a fiduciary, or approving or confirming the acts of a fiduciary.

(d) Directing or allowing payment of a debt, claim, or cost.

(e) Fixing, authorizing, allowing, or directing payment of compensation or expenses of an attorney.

(f) Fixing, directing, authorizing, or allowing payment of the compensation or expenses of a fiduciary.

(g) Surcharging, removing, or discharging a fiduciary.

(h) Transferring the property of the estate to a fiduciary in another jurisdiction.

(i) Allowing or denying a petition of the fiduciary to resign.

(j) Discharging a surety on the bond of a fiduciary.

(k) Adjudicating the merits of a claim made under Part 19 (commencing with Section 850) of Division 2.

SEC. 5. Section 1301 of the Probate Code is amended to read:

1301. With respect to guardianships, conservatorships, and other protective proceedings, the grant or refusal to grant the following orders is appealable:

(a) Granting or revoking of letters of guardianship or conservatorship, except letters of temporary guardianship or temporary conservatorship.

(b) Granting permission to the guardian or conservator to fix the residence of the ward or conservatee at a place not within this state.

(c) Directing, authorizing, approving, or modifying payments, whether for support, maintenance, or education of the ward or conservatee or for a person legally entitled to support, maintenance, or education from the ward or conservatee.

(d) Granting or denying a petition under Section 2423 or under Article 10 (commencing with Section 2580) of Chapter 6 of Part 4 of Division 4.

(e) Affecting the legal capacity of the conservatee pursuant to Chapter 4 (commencing with Section 1870) of Part 3 of Division 4.

(f) Adjudicating the merits of a claim under Article 5 (commencing with Section 2500) of Chapter 6 of Part 4 of Division 4.

(g) Granting or denying a petition under Chapter 3 (commencing with Section 3100) of Part 6 of Division 4.

SEC. 6. Section 1303 of the Probate Code is amended to read:

1303. With respect to a decedent's estate, the grant or refusal to grant the following orders is appealable:

(a) Granting or revoking letters to a personal representative, except letters of special administration or letters of special administration with general powers.

(b) Admitting a will to probate or revoking the probate of a will.

(c) Setting aside a small estate under Section 6609.

(d) Setting apart a probate homestead or property claimed to be exempt from enforcement of a money judgment.

SEC. 7. Section 5003 of the Probate Code is amended to read:

5003. (a) A holder of property under an instrument of a type described in Section 5000 may transfer the property in compliance with a provision for a nonprobate transfer on death that satisfies the terms of the instrument, whether or not the transfer is consistent with the beneficial ownership of the property as between the person who executed the provision for transfer of the property and other persons having an interest in the property or their successors, and whether or not the transfer is consistent with the rights of the person named as beneficiary.

(b) Except as provided in this subdivision, no notice or other information shown to have been available to the holder of the property affects the right of the holder to the protection provided by subdivision (a). The protection provided by subdivision (a) does not extend to a transfer made after either of the following events:

(1) The holder of the property has been served with a contrary court order.

(2) The holder of the property has been served with a written notice of a person claiming an adverse interest in the property. However, this paragraph does not apply to a pension plan to the extent the transfer is a periodic payment pursuant to the plan.

(c) The protection provided by this section does not affect the rights of the person who executed the provision for transfer of the property and other persons having an interest in the property or their successors in disputes among themselves concerning the beneficial ownership of the property.

(d) The protection provided by this section is not exclusive of any protection provided the holder of the property by any other provision of law.

(e) A person shall not serve notice under paragraph (2) of subdivision (b) in bad faith. If the court in an action or proceeding relating to the rights of the parties determines that a person has served notice under paragraph (2) of subdivision (b) in bad faith, the court shall award against the person the cost of the action or proceeding, including a reasonable attorney's fee, and the damages caused by the service.

SEC. 8. Section 5302 of the Probate Code is amended to read:

5302. Subject to Section 5600:

(a) Sums remaining on deposit at the death of a party to a joint account belong to the surviving party or parties as against the estate of the decedent unless there is clear and convincing evidence of a different intent. If there are two or more surviving parties, their respective ownerships during lifetime are in proportion to their previous ownership interests under Section 5301 augmented by an equal share for each survivor of any interest the decedent may have owned in the account immediately before the decedent's death; and the right of survivorship continues between the surviving parties.

(b) If the account is a P.O.D. account:

(1) On death of one of two or more parties, the rights to any sums remaining on deposit are governed by subdivision (a).

(2) On death of the sole party or of the survivor of two or more parties, (A) any sums remaining on deposit belong to the P.O.D. payee or payees if surviving, or to the survivor of them if one or more die before the party, (B) if two or more P.O.D. payees survive, any sums remaining on deposit belong to them in equal and undivided shares unless the terms of the account or deposit agreement expressly provide for different shares, and (C) if two or more P.O.D. payees survive, there is no right of survivorship in the event of death of a P.O.D. payee thereafter unless the terms of the account or deposit agreement expressly provide for survivorship between them.

(c) If the account is a Totten trust account:

(1) On death of one of two or more trustees, the rights to any sums remaining on deposit are governed by subdivision (a).

(2) On death of the sole trustee or the survivor of two or more trustees, (A) any sums remaining on deposit belong to the person or persons named as beneficiaries, if surviving, or to the survivor of them if one or

more die before the trustee, unless there is clear and convincing evidence of a different intent, (B) if two or more beneficiaries survive, any sums remaining on deposit belong to them in equal and undivided shares unless the terms of the account or deposit agreement expressly provide for different shares, and (C) if two or more beneficiaries survive, there is no right of survivorship in event of death of any beneficiary thereafter unless the terms of the account or deposit agreement expressly provide for survivorship between them.

(d) In other cases, the death of any party to a multiple-party account has no effect on beneficial ownership of the account other than to transfer the rights of the decedent as part of the decedent's estate.

(e) A right of survivorship arising from the express terms of the account or under this section, a beneficiary designation in a Totten trust account, or a P.O.D. payee designation, cannot be changed by will.

SEC. 9. Part 4 (commencing with Section 5600) is added to Division 5 of the Probate Code, to read:

PART 4. NONPROBATE TRANSFER TO FORMER SPOUSE

5600. (a) Except as provided in subdivision (b), a nonprobate transfer to the transferor's former spouse, in an instrument executed by the transferor before or during the marriage, fails if, at the time of the transferor's death, the former spouse is not the transferor's surviving spouse as defined in Section 78, as a result of the dissolution or annulment of the marriage. A judgment of legal separation that does not terminate the status of husband and wife is not a dissolution for purposes of this section.

(b) Subdivision (a) does not cause a nonprobate transfer to fail in any of the following cases:

(1) The nonprobate transfer is not subject to revocation by the transferor at the time of the transferor's death.

(2) There is clear and convincing evidence that the transferor intended to preserve the nonprobate transfer to the former spouse.

(3) A court order that the nonprobate transfer be maintained on behalf of the former spouse is in effect at the time of the transferor's death.

(c) Where a nonprobate transfer fails by operation of this section, the instrument making the nonprobate transfer shall be treated as it would if the former spouse failed to survive the transferor.

(d) Nothing in this section affects the rights of a subsequent purchaser or encumbrancer for value in good faith who relies on the apparent failure of a nonprobate transfer under this section or who lacks knowledge of the failure of a nonprobate transfer under this section.

(e) As used in this section, ''nonprobate transfer'' means a provision, other than a provision of a life insurance policy, of either of the following types:

(1) A provision of a type described in Section 5000.

(2) A provision in an instrument that operates on death, other than a will, conferring a power of appointment or naming a trustee.

5601. (a) Except as provided in subdivision (b), a joint tenancy between the decedent and the decedent's former spouse, created before or during the marriage, is severed as to the decedent's interest if, at the time of the decedent's death, the former spouse is not the decedent's surviving spouse as defined in Section 78, as a result of the dissolution or annulment of the marriage. A judgment of legal separation that does not terminate the status of husband and wife is not a dissolution for purposes of this section.

(b) Subdivision (a) does not sever a joint tenancy in either of the following cases:

(1) The joint tenancy is not subject to severance by the decedent at the time of the decedent's death.

(2) There is clear and convincing evidence that the decedent intended to preserve the joint tenancy in favor of the former spouse.

(c) Nothing in this section affects the rights of a subsequent purchaser or encumbrancer for value in good faith who relies on an apparent severance under this section or who lacks knowledge of a severance under this section.

(d) For purposes of this section, property held in ''joint tenancy'' includes property held as community property with right of survivorship, as described in Section 682.1 of the Civil Code.

5602. (a) Nothing in this part affects the rights of a purchaser or encumbrancer of real property for value who in good faith relies on an affidavit or a declaration under penalty of perjury under the laws of this state that states all of the following:

(1) The name of the decedent.

(2) The date and place of the decedent's death.

(3) A description of the real property transferred to the affiant or declarant by an instrument making a nonprobate transfer or by operation of joint tenancy survivorship.

(4) Either of the following, as appropriate:

(A) The affiant or declarant is the surviving spouse of the decedent.

(B) The affiant or declarant is not the surviving spouse of the decedent, but the rights of the affiant or declarant to the described property are not affected by Section 5600 or 5601.

(b) A person relying on an affidavit or declaration made pursuant to subdivision (a) has no duty to inquire into the truth of the matters stated in the affidavit or declaration.

(c) An affidavit or declaration made pursuant to subdivision (a) may be recorded.

5603. Nothing in this part is intended to limit the court's authority to order a party to a dissolution or annulment of marriage to maintain the former spouse as a beneficiary on any nonprobate transfer described in this part, or to preserve a joint tenancy in favor of the former spouse.

5604. (a) This part is operative on January 1, 2002.

(b) Except as provided in subdivision (c), this part applies to an instrument making a nonprobate transfer or creating a joint tenancy whether executed before, on, or after the operative date of this part.

(c) Sections 5600 and 5601 do not apply, and the applicable law in effect before the operative date of this part applies, to an instrument making a nonprobate transfer or creating a joint tenancy in either of the following circumstances:

(1) The person making the nonprobate transfer or creating the joint tenancy dies before the operative date of this part.

(2) The dissolution of marriage or other event that terminates the status of the nonprobate transfer beneficiary or joint tenant as a surviving spouse occurs before the operative date of this part.

SEC. 10. Section 6202 of the Probate Code is repealed.

SEC. 11. Section 21111 of the Probate Code is amended to read:

21111. Except as provided in Section 21110:

(a) If a transfer, other than a residuary gift or a transfer of a future interest, fails for any reason, the property is transferred as follows:

(1) If the transferring instrument provides for an alternative disposition in the event the transfer fails, the property is transferred according to the terms of the instrument.

(2) If the transferring instrument does not provide for an alternative disposition but does provide for the transfer of a residue, the property becomes a part of the residue transferred under the instrument.

(3) If the transferring instrument does not provide for an alternative disposition and does not provide for the transfer of a residue, the property is transferred to the decedent's estate.

(b) If a residuary gift or a future interest is transferred to two or more persons and the share of a transferee fails for any reason, the share passes to the other transferees in proportion to their other interest in the residuary gift or the future interest.

SEC. 12. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one

million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 418

An act to amend Section 18941.9 of the Health and Safety Code, relating to building standards.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 18941.9 of the Health and Safety Code is amended to read:

18941.9. (a) The governing body of a local agency may adopt an ordinance that allows a building or other structure located on a former military base to comply with this part and Division 12 (commencing with Section 13000), or any regulations or standards adopted pursuant to this part, in a graduated manner over a period of no more than seven years.

(b) This section shall apply only to those buildings and other structures located on the following military bases or on specified portions of former military bases that were selected for closure or realigned by action of the federal Defense Base Closure and Realignment Commission:

(1) At the former Castle Air Force Base, Building 1015 and Building 1075.

(10) At the Point Molate Naval Fuel Depot, Buildings 1, 6, 17, 63, 76, 85, 87, 123, and 132.

(11) At the Oakland Army Base, Buildings 001, 004, 005, 006, 006T, 010, 011, 014, 015, 060, 070, 085, 090, 099, 590, 640, 641, 645, 646, 650, 655, 660, 690, 701, 726, 738, 740, 780, 790, 792, 794, 796, 802, 803, 804, 805, 806, 807, 808, 812, 821, 822, and 823.

(c) The period for graduated compliance shall begin with the earlier of either the date the title to the property was transferred by, or the date a lease is entered into with, the federal government to the local agency.

(d) The authority for a local agency to adopt an ordinance pursuant to this section is an alternative to the authority provided by Section 18941.7, and shall not be used consecutively with Section 18941.7.

(e) An ordinance adopted by a local agency pursuant to subdivision (a) shall not apply to a building or other structure that will be used as a residence.

(f) Prior to the adoption of the ordinance pursuant to subdivision (a), each of the following conditions shall be met:

(1) The use of the building or other structure is not hazardous to life safety, fire safety, health, or sanitation, as determined by the application of state and local building and fire codes and standards by the local building official and fire marshal.

(2) The building or other structure has been transferred by the federal government to the local agency or is under a lease between the local agency and the federal government.

(3) The governing body of the local agency adopts a graduated compliance plan that includes all of the following:

(A) Requirements for buildings and structures with:

(i) No change in occupancy or use with no anticipated alterations.

(ii) No change in occupancy or use with planned alterations.

(iii) Change in occupancy or use with no anticipated alterations.

(iv) Change in occupancy or use with planned alterations.

(B) Requirements for a building and structure compliance inspection and a fire department inspection, and for preparation of inspection reports, prior to issuing a certificate of occupancy.

(C) Requirements for the inspection reports prepared pursuant to subparagraph (B) to be attached to the certificate of occupancy or provided to the occupants of the building or other structure.

(D) Requirements for the terms and period of time for compliance to be specified in the certificate of occupancy.

(E) Requirements that the alterations conform to the standards that were in effect at the time of the alteration.

(g) (1) Before adopting the graduated compliance plan, the local agency shall arrange for the review of the draft plan by an engineer, architect, or building inspector. The engineer or architect shall be

licensed by the State of California, and the building inspector shall be certified by the International Conference of Building Officials or another similar recognized state, national, or international association. The engineer, architect, or building inspector shall not be an employee of the local agency.

(2) The engineer, architect, or building inspector shall review the draft plan for its consistency with the requirements of this section, and report his or her written findings and recommendations to the local agency. If the engineer, architect, or building inspector finds that the draft plan is not consistent with the requirements of this section, the engineer, architect, or building inspector shall recommend changes to the draft plan to achieve consistency.

(3) The local agency shall consider the findings and recommendations of the engineer, architect, or building inspector. If the engineer, architect, or building inspector finds that the draft plan is not consistent with the requirements of this section, the local agency shall take one of the following actions:

(A) Change the draft plan to be consistent with the requirements of this section, as recommended by the engineer, architect, or building inspector.

(B) Adopt the draft plan with some of the recommended changes or without changes, if the local agency makes written findings that explain the reasons why the local agency believes that the draft plan, as adopted, is consistent with the requirements of this section despite the findings and recommendations of the engineer, architect, or building inspector that were not adopted by the local agency.

(4) The local agency shall file a copy of the approved graduated compliance plan with the California Building Standards Commission.

(h) (1) Five years after the beginning of the period for graduated compliance specified in subdivision (b), the local agency shall arrange for an engineer, architect, or building inspector to determine whether the buildings or other structures adhere to the graduated compliance plan. The engineer or architect shall be licensed by the State of California and the building inspector shall be certified by the International Conference of Building Officials or another similar recognized state, national, or international association. The engineer, architect, or building inspector shall not be an employee of the local agency.

(2) If the engineer, architect, or building inspector determines that the building or other structure does not adhere to the graduated compliance plan, the local building official shall initiate appropriate proceedings to withdraw the certificate of occupancy for that building or structure.

(i) Nothing in this section affects the requirement of state consent to retrocession pursuant to Section 113 of the Government Code.

(j) As used in this section, ''local agency'' means a city, county, or city and county. When authorized by state law or local ordinance to adopt and administer building and fire safety codes and standards, a community redevelopment agency, a reuse entity, or a joint powers agency may also be a ''local agency'' for the purposes of this section.

(k) Any taxpayer, property owner, resident, or public agency has standing to enforce the provisions of this section.

(*l*) Nothing in this section shall affect local, state, or federal laws as they relate to access to the disabled.

(m) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable only to the Oakland Army Base, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

CHAPTER 419

An act to amend Sections 13961.1 and 13965 of the Government Code, relating to victims of crime, and making an appropriation therefor.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 13961.1 of the Government Code is amended to read:

13961.1. (a) An emergency award shall be available for a victim or derivative victim if any of the following occur as a result of the crime:

(1) The victim incurs loss of income or the derivative victim incurs loss of support.

(2) The victim requires emergency medical treatment.

(3) The victim dies as a result of the crime and any individual, without anticipation of personal gain, incurs the funeral and burial expense.

(4) The victim is a victim of sexual assault or domestic violence in need of those relocation expenses authorized by paragraph (4) of subdivision (a) of Section 13965.

(b) Emergency award application forms shall be provided by the board upon request of the applicant. The board shall make available the application forms through all means at its disposal.

(c) The board may grant an emergency award based solely on the application of the victim or derivative victim. Disbursements of funds for emergency awards shall be made within 30 business days of application. The board may refuse to grant an emergency award where it has reason to believe that the applicant will not qualify for an award for assistance under this article. The board may delegate authority to designated staff persons and local agencies, including, but not limited to, district attorneys, probation departments, and local victim witness centers, who will use guidelines established by the board, to grant and disburse emergency awards. By mutual agreement between the staff of the board and the applicant or the applicant's representative, the staff of the board or the applicant's representative may take additional 10-day periods to verify the emergency award claim and make payment.

(d) An applicant for an emergency award is not entitled to a hearing before the board to contest a denial of an emergency award. However, the applicant may submit an application for a regular award and is entitled to a hearing pursuant to Section 13963 if that application is recommended for denial.

(e) The application for an emergency award shall notify the applicant that he or she must complete the regular application within one year of the date of the crime.

(f) If upon final disposition of the regular application, it is found that the applicant is not eligible for assistance from the board, the applicant shall reimburse the board for the emergency award pursuant to an agreed upon repayment schedule. If upon a final disposition of the application, the board grants assistance to the applicant, the amount of the emergency award shall be deducted from the final award of compensation granted. If the amount of the grant is less than the amount of the emergency award, the excess amount shall be repaid according to an agreed upon repayment schedule. Final disposition for the purposes of this section shall mean the final decision of the board with respect to the victim's or derivative victim's application for assistance, before any appellate action is instituted. If an application for an emergency award is denied, the board shall notify the applicant in writing of the reasons for the denial.

(g) The amount of the emergency award shall be dependent upon the immediate needs of the victim or derivative victim, as evidenced by the victim's loss of income or the derivative victim's loss of support, the funeral and burial expenses incurred on behalf of the victim, and other losses incurred as a direct result of the crime before filing or reasonably anticipated during the first 90 days after the initial filing of an application. Except for applications filed pursuant to paragraph (3) of subdivision (a), in no event shall the amount of the emergency award exceed two thousand dollars ($2,000). Where an application has been

filed pursuant to paragraph (3) of subdivision (a), the amount of the emergency award shall not exceed five thousand dollars ($5,000).

(h) The emergency award application shall require only the following:

(1) The name, address, and telephone number of the victim or derivative victim on whose behalf the application is made.

(2) A brief description of the nature and circumstances of the crime, including the date and location.

(3) The date the crime was reported to a law enforcement agency and the name and address of the agency.

(4) The name, address, and telephone number of the employer or self-employing entity, the loss of income or support to date and estimate of future loss.

(5) The nature of the injury and the name, address, and telephone number of medical providers and the cost of medical care incurred to date.

(6) The name, address, and telephone number of the funeral and burial providers and the cost of funeral and burial expenses incurred to date.

(7) A statement that in the event the applicant is later found ineligible for assistance under this article or the final award is less than the emergency award, the applicant will be required to repay the excess amount.

(8) The applicant's signature and a statement that the information is supplied under penalty of perjury, violation of which is punishable by six months in the county jail.

(i) Where an application has been filed pursuant to paragraph (3) of subdivision (a), the application for the emergency award shall additionally contain the following:

(1) A statement that in the event the applicant receives reimbursement from another source, including, but not limited to, court-ordered restitution or life insurance, either in whole or in part for the funeral and burial expenses incurred on behalf of the victim, that the applicant will be required to repay the board.

(2) A complete copy of the report regarding the incident and any supplemental reports involving the crime, public offense, or incident giving rise to the claim, as prepared by a law enforcement agency pursuant to subdivision (d) of Section 13968. This report may, at the discretion of the law enforcement agency and as provided in subdivision (e) of Section 13968, exclude the names of witnesses or informants, if the release of this information would be detrimental to the parties or to an investigation currently in progress.

SEC. 2. Section 13965 of the Government Code, as amended by Section 5 of Chapter 1016 of the Statutes of 2000, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim, as defined in subparagraph (A), (B), (C), or (D) of paragraph (2) of subdivision (a) of Section 13960, who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000), provided that mental health counseling of a derivative victim under subparagraph (E) of paragraph (2) of subdivision (a) of Section 13960 shall be reimbursed only if that counseling is necessary for the treatment of the victim.

(E) A victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code in an amount not to exceed three thousand dollars ($3,000) for mental health counseling expenses only. A derivative victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not be eligible for reimbursement of mental health counseling expenses.

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a

direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape crisis center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim of sexual assault or domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method for direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of sexual assault or domestic violence, the victim shall agree to not inform the offender, if the identity of the offender is known to the victim, of the location of the victim's new residence and to not allow the offender, if the identity of the offender is known to the victim, on the premises at any time, or shall agree to seek a restraining order against the offender, if the identity of the offender is known to the victim.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars ($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize a reimbursement for the expense of renovating or retrofitting his or her residence or vehicle, or both, to make the residence accessible or the

vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary. Payment for these purposes shall not exceed five thousand dollars ($5,000), except that the board may award a greater amount when justified by the disability of the victim.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or

derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (10) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates

shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) The total award to or on behalf of a victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not exceed three thousand dollars ($3,000) for mental health counseling expenses only.

(p) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 2.5. Section 13965 of the Government Code, as amended by Section 5 of Chapter 1016 of the Statutes of 2000, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim, as defined in subparagraph (A), (B), (C), or (D) of paragraph (2) of subdivision (a) of Section 13960, who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000), provided that mental health counseling of a derivative victim under subparagraph (E) of paragraph (2) of subdivision (a) of Section 13960 shall be reimbursed only if that counseling is necessary for the treatment of the victim.

(E) A victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code in an amount not to exceed three thousand dollars ($3,000) for mental health counseling expenses only. A derivative victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not be eligible for reimbursement of mental health counseling expenses.

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the

victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape crisis center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim of sexual assault or domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent and a security deposit or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method for direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of sexual assault or domestic violence, the victim shall agree to not inform the offender, if the identity of the offender is known to the victim, of the location of the victim's new residence and to not allow the offender, if the identity of the offender is known to the victim, on the premises at any time, or shall agree to seek a restraining order against the offender, if the identity of the offender is known to the victim.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars ($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize a reimbursement for the expense of renovating or retrofitting his or her residence or a vehicle, or both, to make the residence, the vehicle, or both, accessible or the vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(13) When a victim dies as a result of a crime and the crime occurs in a residence, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay the reasonable costs to clean the scene of the crime in an amount not to exceed one thousand dollars ($1,000). Services reimbursed pursuant to this subdivision shall be performed by persons registered with the State Department of Health Services as trauma scene waste practitioners in accordance with Chapter 9.5 (commencing with Section 118321) of Part 14 of Division 104 of the Health and Safety Code.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (10) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments

authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) The total award to or on behalf of a victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not exceed three thousand dollars ($3,000) for mental health counseling expenses only.

(p) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 3. Section 13965 of the Government Code, as added by Section 6 of Chapter 1016 of the Statutes of 2000, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000).

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim of sexual assault or domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method of direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of sexual assault or domestic violence, the victim shall agree to not inform the offender, if the identity of the offender is known to the victim, of the location of the victim's new residence and to not allow the offender, if the identity of the offender is known to the victim, on the premises at any time, or shall agree to seek a restraining order against the offender, if the identity of the offender is known to the victim.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars ($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize reimbursement for the expense of renovating or retrofitting his or her residence or vehicle, or both, to make the residence accessible or the vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary. Payment for these purposes shall not exceed five thousand dollars ($5,000), except that the board may award a greater amount when justified by the disability of the victim.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request

of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (7) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) This section shall become operative on January 1, 2004.

SEC. 3.5. Section 13965 of the Government Code, as amended by Section 6 of Chapter 1016 of the Statutes of 2000, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000).

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services,

including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim of sexual assault or domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent and a security deposit or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method of direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of sexual assault or domestic violence, the victim shall agree to not inform the offender, if the identity of the offender is known to the victim, of the location of the victim's new residence and to not allow the offender, if the identity of the offender is known to the victim, on the premises at any time, or shall agree to seek a restraining order against the offender, if the identity of the offender is known to the victim.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars ($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of

receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize reimbursement for the expense of renovating or retrofitting his or her residence or a vehicle, or both, to make the residence, the vehicle, or both, accessible or the vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(13) When a victim dies as a result of a crime and the crime occurs in a residence, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the reasonable costs to clean the scene of the crime in an amount

not to exceed one thousand dollars ($1,000). Services reimbursed pursuant to this subdivision shall be performed by persons registered with the State Department of Health Services as trauma scene waste practitioners in accordance with Chapter 9.5 (commencing with Section 118321) of Part 14 of Division 104 of the Health and Safety Code.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (10) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within

an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in

excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) This section shall become operative on January 1, 2004.

SEC. 4. (a) Section 2.5 of this bill incorporates amendments to Section 13965 of the Government Code, as amended by Section 5 of Chapter 1016 of the Statutes of 2000, proposed by both this bill and AB 1017. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 13965 of the Government Code, as amended by Section 5 of Chapter 1016 of the Statutes of 2000, and (3) this bill is enacted after AB 1017, in which case Section 2 of this bill shall not become operative.

1373. (a) A plan contract may not provide an exception for other coverage if the other coverage is entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, or medicaid benefits under Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

Each plan contract shall be interpreted not to provide an exception for the Medi-Cal or medicaid benefits.

A plan contract shall not provide an exemption for enrollment because of an applicant's entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, or medicaid benefits under Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

A plan contract may not provide that the benefits payable thereunder are subject to reduction if the individual insured has entitlement to the Medi-Cal or medicaid benefits.

(b) A plan contract that provides coverage, whether by specific benefit or by the effect of general wording, for sterilization operations or procedures shall not impose any disclaimer, restriction on, or limitation of, coverage relative to the covered individual's reason for sterilization.

As used in this section, ''sterilization operations or procedures'' shall have the same meaning as that specified in Section 10120 of the Insurance Code.

(c) Every plan contract that provides coverage to the spouse or dependents of the subscriber or spouse shall grant immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant of any subscriber or spouse covered and to each minor child placed for adoption from and after the date on which the adoptive child's birth parent or other appropriate legal authority signs a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or a relinquishment form, granting the subscriber or spouse the right to control health care for the adoptive child or, absent this written document, on the date there exists evidence of the subscriber's or spouse's right to control the health care of the child placed for adoption. No plan may be entered into or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn infants of, or children placed for adoption with, a subscriber or spouse covered as required by this subdivision.

(d) Every plan contract that provides that coverage of a dependent child of a subscriber shall terminate upon attainment of the limiting age for dependent children specified in the plan, shall also provide in substance that attainment of the limiting age shall not operate to terminate the coverage of the child while the child is and continues to be both (1) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (2) chiefly dependent upon the subscriber for support and maintenance, provided proof of the incapacity and dependency is furnished to the plan by the member within 31 days of the request for the information by the plan or group plan contractholder and subsequently as may be required by the plan or group plan contractholder, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

(h) (1) A health care service plan or specialized health care service plan may provide for coverage of, or for payment for, professional mental health services, or vision care services, or for the exclusion of these services. If the terms and conditions include coverage for services provided in a general acute care hospital or an acute psychiatric hospital as defined in Section 1250 and do not restrict or modify the choice of providers, the coverage shall extend to care provided by a psychiatric health facility as defined in Section 1250.2 operating pursuant to licensure by the State Department of Mental Health. A health care service plan that offers outpatient mental health services but does not cover these services in all of its group contracts shall communicate to

prospective group contractholders as to the availability of outpatient coverage for the treatment of mental or nervous disorders.

(2) No plan shall prohibit the member from selecting any psychologist who is licensed pursuant to the Psychology Licensing Law (Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code), any optometrist who is the holder of a certificate issued pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code or, upon referral by a physician and surgeon licensed pursuant to the Medical Practice Act (Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code), (i) any marriage, family, and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, (ii) any licensed clinical social worker who is the holder of a license under Section 4996 of the Business and Professions Code, (iii) any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing, or (iv) any advanced practice registered nurse certified as a clinical nurse specialist pursuant to Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code who participates in expert clinical practice in the specialty of psychiatric-mental health nursing, to perform the particular services covered under the terms of the plan, and the certificate holder is expressly authorized by law to perform these services.

(3) Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training and experience.

(4) For the purposes of this section, ''marriage, family, and child counselor'' means a licensed marriage, family, and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

(5) Nothing in this section shall be construed to allow a member to select and obtain mental health or psychological or vision care services from a certificate or license holder who is not directly affiliated with or under contract to the health care service plan or specialized health care service plan to which the member belongs. All health care service plans and individual practice associations that offer mental health benefits shall make reasonable efforts to make available to their members the services of licensed psychologists. However, a failure of a plan or

association to comply with the requirements of the preceding sentence shall not constitute a misdemeanor.

(6) As used in this subdivision, ''individual practice association'' means an entity as defined in subsection (5) of Section 1307 of the federal Public Health Service Act (42 U.S.C. Sec. 300e-1, subsec. (5)).

(7) Health care service plan coverage for professional mental health services may include community residential treatment services that are alternatives to inpatient care and that are directly affiliated with the plan or to which enrollees are referred by providers affiliated with the plan.

(i) If the plan utilizes arbitration to settle disputes, the plan contracts shall set forth the type of disputes subject to arbitration, the process to be utilized, and how it is to be initiated.

(j) A plan contract that provides benefits that accrue after a certain time of confinement in a health care facility shall specify what constitutes a day of confinement or the number of consecutive hours of confinement that are requisite to the commencement of benefits.

SEC. 4. Section 1373.8 of the Health and Safety Code is amended to read:

1373.8. A health care service plan contract where the plan is licensed to do business in this state and the plan provides coverage that includes California residents but that may be written or issued for delivery outside of California and where benefits are provided within the scope of practice of a licensed clinical social worker, a registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing, an advanced practice registered nurse who is certified as a clinical nurse specialist pursuant to Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code who participates in expert clinical practice in the specialty of psychiatric-mental health nursing, or a marriage, family, and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, shall not be deemed to prohibit persons covered under the contract from selecting those licensed persons in California to perform the services in California that are within the terms of the contract even though the licensees are not licensed in the state where the contract is written or issued for delivery.

It is the intent of the Legislature in amending this section in the 1984 portion of the 1983–84 Legislative Session that persons covered by the contract and those providers of health care specified in this section who are licensed in California should be entitled to the benefits provided by the plan for services of those providers rendered to those persons.

SEC. 5. Section 10176 of the Insurance Code is amended to read:

10176. In disability insurance, the policy may provide for payment of medical, surgical, chiropractic, physical therapy, speech pathology, audiology, acupuncture, professional mental health, dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any of those services, and provision may be made therein for payment of all or a portion of the amount of charge for these services without requiring that the insured first pay the expenses. The policy shall not prohibit the insured from selecting any psychologist or other person who is the holder of a certificate or license under Section 1000, 1634, 2050, 2472, 2553, 2630, 2948, 3055, or 4938 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, the certificate holder or licensee being expressly authorized by law to perform those services.

If the insured selects any person who is a holder of a certificate under Section 4938 of the Business and Professions Code, a disability insurer or nonprofit hospital service plan shall pay the bona fide claim of an acupuncturist holding a certificate pursuant to Section 4938 of the Business and Professions Code for the treatment of an insured person only if the insured's policy or contract expressly includes acupuncture as a benefit and includes coverage for the injury or illness treated. Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimbursed under the policy for acupuncture.

Nor shall the policy prohibit the insured, upon referral by a physician and surgeon licensed under Section 2050 of the Business and Professions Code, from selecting any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and Professions Code or any occupational therapist as specified in Section 2570.2 of the Business and Professions Code, or any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, or from selecting any speech-language pathologist or audiologist licensed under Section 2532 of the Business and Professions Code or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing or any advanced practice registered nurse certified as a clinical nurse specialist pursuant to Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code who participates in expert clinical practice in the specialty of psychiatric-mental health nursing, or any respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and

Professions Code to perform services deemed necessary by the referring physician, that certificate holder, licensee or otherwise regulated person, being expressly authorized by law to perform the services.

Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, ''marriage, family and child counselor'' means a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions that is equivalent to the instruction required for licensure on January 1, 1981.

An individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

SEC. 6. Section 10177 of the Insurance Code is amended to read:

10177. A self-insured employee welfare benefit plan may provide for payment of professional mental health expenses upon a reimbursement basis, or for the exclusion of those services, and provision may be made therein for payment of all or a portion of the amount of charge for those services without requiring that the employee first pay those expenses. The plan shall not prohibit the employee from selecting any psychologist who is the holder of a certificate issued under Section 2948 of the Business and Professions Code or, upon referral by a physician and surgeon licensed under Section 2135 of the Business and Professions Code, any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and Professions Code or any marriage, family, and child counselor who is the holder of a certificate or license under Section 4980.50 of the Business and Professions Code, or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing or any advanced practice registered nurse certified as a clinical nurse specialist pursuant to Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code who participates in expert clinical practice in the specialty of psychiatric-mental health nursing, to perform the particular services covered under the terms of the plan, the certificate or license holder being expressly authorized by law to perform these services.

Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, ''marriage, family, and child counselor'' shall mean a licensed marriage, family, and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

A self-insured employee welfare benefit plan, which is issued, renewed, or amended on or after January 1, 1988, that includes mental health services coverage in nongroup contracts may not include a lifetime waiver for that coverage with respect to any employee. The lifetime waiver of coverage provision shall be deemed unenforceable.

SEC. 7. Section 1.5 of this bill incorporates amendments to Section 1010 of the Evidence Code proposed by both this bill and SB 716. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, but this bill becomes operative first, (2) each bill amends Section 1010 of the Evidence Code, and (3) this bill is enacted after SB 716, in which case Section 1010 of the Evidence Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of SB 716, at which time Section 1.5 of this bill shall become operative.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The current shortage of registered nurses licensed to practice in this state requires the expansion of the scope of the description of this profession to include all nurses who are able to provide the services described in this act.

CHAPTER 421

An act to add and repeal Chapter 2.5 (commencing with Section 17250.10) of Part 10.5 of the Education Code, relating to public works.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 17250.10) is added to Part 10.5 of the Education Code, to read:

CHAPTER 2.5. DESIGN-BUILD CONTRACTS

17250.10. (a) It is the intent of the Legislature to enable school districts to utilize safe and cost-effective options for building and modernizing school facilities. The Legislature has recognized the merits of the design-build procurement process in the past by authorizing its use for projects undertaken by the University of California, specified local government projects, and state office buildings.

(b) The Legislature also finds and declares that school districts utilizing a design-build contract require a clear understanding of the roles and responsibilities of each participant in the design-build process. The benefits of a design-build contract project delivery system include an accelerated completion of the projects, cost containment, reduction of construction complexity, and reduced exposure to risk for the school district. The Legislature also finds that the cost-effective benefits to the school districts are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(c) It is the intent of the Legislature to provide an optional, alternative procedure for bidding and building school construction projects.

(d) In addition, it is the intent of the Legislature that the full scope of design, construction, and equipment awarded to a design-build entity shall be authorized in a single funding phase. The funding phase may be authorized concurrently with, or separately from, the phase that authorizes the creation of the performance criteria and concept drawings.

(e) It is the intent of the Legislature that design-build procurement as authorized by the act adding this chapter shall not be construed to extend, limit, or change in any manner the legal responsibility of public agencies and contractors to comply with existing laws.

17250.15. As used in this chapter, the following terms have the following meanings:

(a) ''Best value'' means a value determined by objective criteria and may include, but need not be limited to, price, features, functions, life-cycle costs, and other criteria deemed appropriate by the school district.

(b) ''Design-build'' means a procurement process in which both the design and construction of a project are procured from a single entity.

(c) ''Design-build entity'' means a corporation, limited partnership, partnership, or other association that is able to provide appropriately

licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

17250.20. Upon making a determination by a school district governing that it is in the best interest of the school district, the governing board may enter into a design-build contract for both the design and construction of a school facility if that expenditure exceeds ten million dollars ($10,000,000) if, after evaluation of the traditional design, bid, and build process of school construction and of the design-build process in a public meeting, the governing board makes written findings that use of the design-build process on the specific project under consideration will accomplish one of the following objectives: reduce comparable project costs, expedite the project's completion, or provide features not achievable through the traditional design-bid-build method. The governing board shall also review the guidelines developed pursuant to Section 17250.40 and shall adopt a resolution approving the use of a design-build contract pursuant to this article prior to entering into a design-build contract.

17250.25. Design-build projects shall progress as follows:

(a) (1) The school district governing board shall prepare a request for proposal setting forth the scope of the project that may include, but is not limited to, the size, type and desired design character of the buildings and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the school district's needs. The performance specifications and any plans shall be prepared by a design professional duly licensed or registered in this state.

(2) Each request for proposal shall do all of the following:

(A) Identify the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the school district to inform interested parties of the contracting opportunity.

(B) Invite interested parties to submit competitive sealed proposals in the manner prescribed by the school district.

(C) Include a section identifying and describing the following:

(i) All significant factors and subfactors that the school district reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors and subfactors.

(ii) The methodology and rating or weighting scheme that will be used by the school district governing board in evaluating competitive proposals and specifically whether proposals will be rated according to numeric or qualitative values.

(iii) The relative importance or weight assigned to each of the factors identified in the request for proposal.

(iv) As an alternative to clause (iii), the governing board of a school district shall specifically disclose whether all evaluation factors other than cost or price, when combined, are any of the following:

(I) Significantly more important than cost or price.

(II) Approximately equal in importance to cost or price.

(III) Significantly less important than cost or price.

(v) If the school district governing board wishes to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately or incorporate into the request for proposal applicable rules and procedures to be observed by the school district to ensure that any discussions or negotiations are conducted in a fair and impartial manner.

(3) Notwithstanding Section 4-315 of Title 24 of the California Code of Regulations, an architect or structural engineer who is party to a design-build entity may perform the services set forth in Section 17302.

(b) (1) The school district shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the Director of the Department of Industrial Relations. In preparing the questionnaire, the director shall consult with the construction industry, including representatives of the building trades, surety industry, school districts, and other affected parties. This questionnaire shall require information including, but not limited to, all of the following:

(A) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members who will participate as subcontractors in the design-build contract, including, but not limited to, electrical and mechanical subcontractors.

(B) Evidence that the members of the design-build entity have completed, or demonstrated, the experience, competency, capability, and capacity to complete projects of similar size, scope or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(C) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(D) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance, as well as a financial statement that assures the school district that the design-build entity has the capacity to complete the project.

(E) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code) or the Federal

Occupational Safety and Health Act of 1970 (P.L. 91-596), settled against any member of the design-build entity, and information concerning a contractor member's workers' compensation experience history and worker safety program.

(F) Information concerning any debarment, disqualification, or removal from a federal, state or local government public works project.

(G) Any instance where an entity, its owners, officers, or managing employees, submitted a bid on a public works project and were found by an awarding body not to be a responsible bidder.

(H) Any instance where the entity, its owner, officers, or managing employees defaulted on a construction contract.

(I) Any prior violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements, settled against any member of the design-build entity.

(J) Information concerning the bankruptcy or receivership of any member of the entity, including information concerning any work completed by a surety.

(K) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five-year period preceding submission of the bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(L) In the case of a partnership or other association that is not a legal entity, a copy of the agreement creating the partnership or association.

(2) The information required pursuant to this subdivision shall be verified under oath by the design-build entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title I of the Government Code) shall not be open to public inspection.

(c) The school district shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(1) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Award shall be made on the basis of the lowest responsible bid.

(2) Notwithstanding any other provision of this code or of Section 20110 of the Public Contract Code, a school district may use a

design-build competition based upon performance and other criteria set forth by the governing board in the solicitation of proposals. Criteria used in this evaluation of proposals may include, but need not be limited to, the proposed design approach, life cycle costs, project features, and project functions. However, competitive proposals shall be evaluated by using the criteria and source selection procedures specifically identified in the request for proposal. Once the evaluation is complete, all responsive bidders shall be ranked from the most advantageous to least advantageous to the school district.

(A) Any architectural or engineering firm or individual retained by the governing body of the school district to assist in the development criteria or preparation of the request for proposal shall not be eligible to participate in the competition with the design-build entity.

(B) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing by the school district, to be the best value to the school district.

(C) Proposals shall be evaluated and scored solely on the basis of the factors and source selection procedures identified in the request for proposal. However, the following minimum factors shall collectively represent at least 50 percent of the total weight or consideration given to all criteria factors: price, technical expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(D) The school district governing board shall issue a written decision supporting its contract award and stating in detail the basis of the award. The decision and the contract file must be sufficient to satisfy an external audit.

(E) Notwithstanding any provision of the Public Contract Code, upon issuance of a contract award, the school district governing board shall publicly announce its awards identifying the contractor to whom the award is made, the winning contractor's price proposal and its overall combined rating on the request for proposal evaluation factors. The notice of award shall also include the agency's ranking in relation to all other responsive bidders and their respective price proposals and a summary of the school district's rationale for the contract award.

(F) For the purposes of this chapter, ''skilled labor force availability'' means that an agreement exists with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has not been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticable craft in the two years prior to enactment of this act.

(G) For the purposes of this chapter, a bidder's ''safety record'' shall be deemed ''acceptable'' if its experience modification rate for the most recent three-year period is an average of 1.00 or less, and its average total recordable injury or illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category, or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

17250.30. (a) Any design-build entity that is selected to design and build a project pursuant to this chapter shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This chapter does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(b) Any payment or performance bond written for the purposes of this chapter shall use a bond form developed by the Department of General Services pursuant to subdivision (i) of Section 14661 of the Government Code. The purpose of this subdivision is to promote uniformity of bond forms to be used on school district design-build projects throughout the state.

(c) (1) All subcontracts that were not listed by the design-build entity in accordance with Section 17250.25 shall be awarded by the design-build entity.

(2) The design-build entity shall do all of the following:

(A) Provide public notice of the availability of work to be subcontracted.

(B) Provide a fixed date and time on which the subcontracted work will be awarded.

(3) Subcontractors bidding on contracts pursuant to this subdivision shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code.

(4) In a contract between the design-build entity and a subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the school district and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified

in the contract between the school district and the design-build entity from any payment made by the design-build entity to the subcontractor.

(5) In accordance with the provisions of applicable state law, the design-build entity may be permitted to substitute securities in lieu of the withholding from progress payments. Substitutions shall be made in accordance with Section 22300 of the Public Contract Code.

(d) The school district shall establish and enforce a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code or shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to projects where the school district or the design-build entity has entered into a collective bargaining agreement that binds all of the contractors performing work on the project.

17250.35. (a) The minimum performance criteria and design standards established pursuant to this chapter by a school district for quality, durability, longevity, and life cycle costs, and other criteria deemed appropriate by the school district shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the school district. The governing board may, and is strongly encouraged to, retain the services of an architect or structural engineer throughout the course of the project in order to ensure compliance with this chapter. Any architect or structural engineer retained pursuant to this subdivision shall be duly licensed and registered in California.

(b) The school district governing board shall be the employer of the inspector. The project inspector shall be fully independent from any member of the design-build entity and may not have any affiliation with any member of the design-build entity or any of the project subcontractors. The total price of the project shall be determined either upon receipt of the lump-sum bids as set forth in paragraph (1) of subdivision (c) of Section 17250.25, or by completion of the process pursuant to paragraph (2) of subdivision (c) of Section 17250.25.

(c) Each contract with a design-build entity shall provide that no construction or alteration of any school building pursuant to this section shall commence prior to the receipt of the written approval of the plans, as to the safety of design and construction, from the Department of General Services. Compliance with this provision shall be deemed to be in compliance with Sections 17267 and 17297.

(d) The design-build entity shall be liable for building the facility to specifications set forth in the design-build contract in the absence of contractual language to the contrary.

17250.40. The Superintendent of Public Instruction shall, in consultation with the Secretary for Education, the Department of

General Services, the Energy Resources, Conservation and Development Commission, Seismic Safety Commission, school district representatives, and industry representatives, develop guidelines for design-build projects. The guidelines shall be developed within six months of the operative date of this chapter.

17250.45. Each school district governing board that adopts the design-build process for a school construction project shall submit to the Legislative Analyst a report on the project at the completion of the project. Completion shall have the same meaning as defined in subdivision (c) of Section 7107 of the Public Contract Code. This report shall be submitted within 60 days after completion of the project. The Legislative Analyst shall submit an interim report to the Legislature by January 1, 2004, and a final report to the Legislature by January 1, 2006. The reports shall include, but not be limited to, all of the following information as to each project:

(a) The type of facility.

(b) The gross square footage of the facility.

(c) The company or contractor who was awarded the project.

(d) The estimated and actual length of time to complete the project.

(e) The estimated and actual project cost.

(f) A description of the relative merits of a project procured pursuant to this chapter and similar projects procured pursuant to other provisions of this code.

(g) A description of any written protest concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protest.

(h) Other pertinent information that may be instructive in evaluating whether the design-build method of procurement should be continued, expanded, or prohibited.

(i) The findings established pursuant to Section 17250.20 and a post-completion evaluation as to whether the findings were achieved.

(j) Any Labor Code violations discovered during the course of construction or following completion of the project, as well as any fines or penalties assessed.

17250.50. A school district shall not commence any additional design-build projects if 60 days has elapsed after completion of a design-build project without having filed the report to the Legislative Analyst's Office required pursuant to Section 17250.45.

SEC. 2. This act does not exempt design-build contracts from otherwise applicable provisions of the Public Contract Code unless the exemption is granted expressly, or by necessary implication.

SEC. 3. Unless expressly authorized in this act, no otherwise applicable provision of the Field Act (Article 3 (commencing with Section 17365) of Chapter 3 of Part 10.5 of, and Article 7 (commencing

with Section 81130) of Chapter 1 of Part 49 of, the Education Code) may be waived, amended, or ignored by the school district or the design-build entity.

SEC. 4. This act shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 5. This act shall not apply to contracts in effect prior to the operative date of this act. Unless expressly set forth in this act, nothing in this act is intended to affect, expand, alter, or limit rights or remedies otherwise available at law.

CHAPTER 422

An act to amend Sections 17212.5 and 17295 of the Education Code, relating to school facilities.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 17212.5 of the Education Code is amended to read:

17212.5. Geological and soil engineering studies as described in Section 17212 shall be made, within the boundaries of any special studies zone, for the construction of any school building as defined in Section 17283, or if the estimated cost exceeds twenty-five thousand dollars ($25,000), for the reconstruction or alteration of or addition to any school building for work which alters structural elements. The Department of General Services may require similar geological and soil engineering studies for the construction or alteration of any school building on a site located outside of the boundaries of any special studies zone. No studies need be made if the site under consideration has been the subject of adequate prior studies.

No school building shall be constructed, reconstructed, or relocated on the trace of a geological fault along which surface rupture can reasonably be expected to occur within the life of the school building.

A copy of the report of each investigation conducted pursuant to this section shall be submitted to the Department of General Services pursuant to Article 3 (commencing with Section 17280) of this chapter and to the State Department of Education. The cost of geological and soil engineering studies and investigations conducted pursuant to this section may be treated as a capital expenditure. The dollar amount set

forth in this section shall be increased on an annual basis, according to a construction costs inflation index recognized and selected by the department.

SEC. 2. Section 17295 of the Education Code is amended to read:

17295. (a) (1) The Department of General Services shall pass upon and approve or reject all plans for the construction or, if the estimated cost exceeds twenty-five thousand dollars ($25,000), the alteration of any school building.

(2) To enable the Department of General Services to pass upon and approve plans pursuant to this subdivision, the governing board of each school district and any other school authority before adopting any plans for the school building shall submit the plans to the Department of General Services for approval, and shall pay the fees prescribed in this article.

(b) Notwithstanding subdivision (a) of Section 17295, where the estimated cost of the reconstruction or alteration of, or an addition to, any school building exceeds twenty-five thousand dollars ($25,000) but does not exceed one hundred thousand dollars ($100,000), a licensed structural engineer shall examine the proposed project to determine if it is a nonstructural alteration or a structural alteration. If he or she determines that the project is a nonstructural alteration, he or she shall prepare a statement so indicating. If he or she determines that the project is structural, he or she shall prepare plans and specifications for the project which shall be submitted to the Department of General Services for review and approval. A copy of the engineer's report stating that the work does not affect structural elements shall be filed with the Department of General Services.

(c) If a licensed structural engineer submits a report to the Department of General Services stating that the plans or activities authorized pursuant to subdivision (b) do not involve structural elements, then all of the following shall apply to that project:

(1) The design professional in responsible charge of the project undertaken pursuant to this subdivision shall certify that the plans and specifications for the project meet any applicable fire and life safety standards, and do not affect the disabled access requirements of Section 4450 of the Government Code, and shall submit this certification to the department. The letter of certification shall bear the identifying licensing stamp or seal of the design professional. This provision does not preclude a design professional from submitting plans and specifications to the department along with the appropriate fee for review.

(2) Within 10 days of the completion of any project authorized pursuant to subdivision (b), the school construction inspector of record on the project, who is certified by the department to inspect school buildings, shall certify in writing to the department that the

reconstruction, alteration, or addition has been completed in compliance with the plans and specifications.

(3) The dollar amounts cited in this section shall be increased on an annual basis, commencing January 1, 1999, by the department according to an inflationary index governing construction costs that is selected and recognized by the department.

(4) No school district shall subdivide a project for the purpose of evading the limitation on amounts cited in this section.

(d) For purposes of this section, ''design professional in responsible charge'' or ''design professional'' means the licensed architect, licensed structural engineer, or licensed civil engineer who is responsible for the completion of the design work involved with the project.

CHAPTER 423

An act to amend Section 19622.3 of the Business and Professions Code, to amend Sections 3332.1 and 4051.1 of, and to add Section 4051.2 to, the Food and Agricultural Code, relating to fairs.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 19622.3 of the Business and Professions Code is amended to read:

19622.3. (a) The authority of the Department of Food and Agriculture shall include, but is not limited to, requiring district agricultural associations to meet all applicable standards prescribed by the Department of Food and Agriculture.

(b) The department may delegate approval authority for such matters as the department may determine to the board of directors if the board complies with this section. The department shall report annually to the Joint Committee on Fairs Allocation and Classification the names of fairs that are delegated that authority.

(c) Notwithstanding any other provision of law, and in order to protect the integrity of the Fair and Exposition Fund, the department may assume any or all rights, duties, and powers of the board of directors of a district agricultural association if the department reasonably determines that there is insufficient fiscal or administrative control. The board of directors shall again exercise these rights, duties, and powers when the department determines that the fair is in compliance with this section. The department shall report annually to the Joint Committee on

Fairs Allocation and Classification the names of fairs with respect to which the department has taken the action prescribed in this subdivision and subdivision (d).

(d) The department may petition a court of competent jurisdiction for an order appointing the department, or a person designated by the department, as a receiver if it determines that the fair is insolvent, or is in imminent danger of insolvency. The court shall appoint a receiver upon a showing that the fair is insolvent, or is in imminent danger of insolvency.

(e) For the purposes of this section, ''insolvency'' means that the district agricultural association is unable to discharge its debts as they become due in the usual course of business.

SEC. 2. Section 3332.1 of the Food and Agricultural Code is amended to read:

3332.1. Notwithstanding any other provision of law and in accordance with procedures established by the board, the board may enter into agreements to secure donations, memberships, and corporate and individual sponsorships, and may enter into marketing and licensing agreements for the receipt of money, or services or products in lieu of money, and may employ an entity or individual, or create and participate in an entity, or enter into an agreement with an entity or person to develop, solicit, sell, and service these agreements. The compensation for the entity or person shall be established by the board.

SEC. 3. Section 4051.1 of the Food and Agricultural Code is amended to read:

4051.1. (a) Notwithstanding any other provision of law, in accordance with procedures established by the board, the board may enter into agreements to secure donations, memberships, and corporate and individual sponsorships, and may enter into marketing and licensing agreements for the receipt of money, or services or products in lieu of money, and may employ, or create and participate in an entity, or enter into an agreement with an entity or person to develop, solicit, sell, and service these agreements. The compensation for the entity or person shall be established by the board.

(b) Written notification to the department shall be required prior to creating an entity for the activities described in this section and prior to entering into any agreement for activities described in this section if the agreement exceeds one hundred thousand dollars ($100,000) in value, exists for a period of greater than two years, or contemplates the building of a permanent structure on fair property. The department may, upon reasonable notice, examine the books and records of any entity created pursuant to this section.

SEC. 4. Section 4051.2 is added to the Food and Agricultural Code, to read:

4051.2. An association shall not enter into a settlement agreement for an amount greater than ten thousand dollars ($10,000) without the prior approval of the department.

CHAPTER 424

An act to amend Section 41705 of the Health and Safety Code, and to amend Section 43209.1 of the Public Resources Code, relating to air pollution, declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 41705 of the Health and Safety Code, as amended by Section 1 of Chapter 788 of the Statutes of 1997, is amended to read:

41705. (a) Section 41700 does not apply to odors emanating from any of the following:

(1) Agricultural operations necessary for the growing of crops or the raising of fowl or animals.

(2) Operations that produce, manufacture, or handle compost, as defined in Section 40116 of the Public Resources Code, if the odors emanate directly from the compost facility or operations.

(3) Operations that compost green material or animal waste products derived from agricultural operations, and that return similar amounts of the compost produced to that same agricultural operations source, or to an agricultural operations source owned or leased by the owner, parent company, or subsidiary conducting the composting operation. The composting operation may produce an incidental amount of compost not exceeding 2,500 cubic yards of compost, which may be given away or sold annually.

(b) If a district receives a complaint pertaining to an odor emanating from a compost operation exempt from Section 41700 pursuant to paragraph (2) or (3) of subdivision (a), that is subject to the jurisdiction of an enforcement agency under Division 30 (commencing with Section 40000) of the Public Resources Code, the district shall, within 24 hours or by the next working day, refer the complaint to the enforcement agency.

(c) This section shall become inoperative on April 1, 2003, unless the California Integrated Waste Management Board adopts and submits regulations governing the operation of organic composting sites to the

Office of Administrative Law pursuant to subdivision (c) of Section 43209.1 on or prior to that date.

SEC. 2. Section 41705 of the Health and Safety Code, as amended by Section 2 of Chapter 788 of the Statutes of 1997, is amended to read:

41705. (a) Section 41700 shall not apply to odors emanating from agricultural operations necessary for the growing of crops or the raising of fowl or animals.

(b) This section shall become operative on April 1, 2003, unless the California Integrated Waste Management Board adopts and submits regulations governing the operation of organic composting sites to the Office of Administrative Law pursuant to subdivision (c) of Section 43209.1 on or prior to that date.

SEC. 3. Section 43209.1 of the Public Resources Code is amended to read:

43209.1. (a) Notwithstanding any other provision of law, if an enforcement agency receives a complaint, pursuant to subdivision (b) of Section 41705 of the Health and Safety Code, from an air pollution control district or an air quality management district pertaining to an odor emanating from a compost facility under its jurisdiction, the enforcement agency shall, in consultation with the district, take appropriate enforcement actions pursuant to this part.

An act to amend Sections 16953 and 17050 of the Corporations Code, relating to business organizations.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 16953 of the Corporations Code is amended to read:

16953. (a) To become a registered limited liability partnership, a partnership, other than a limited partnership, shall file with the Secretary of State a registration, executed by one or more partners authorized to execute a registration, stating all of the following:

(1) The name of the partnership.

(2) The address of its principal office.

(3) The name and address of the agent for service of process on the limited liability partnership in California.

(4) A brief statement of the business in which the partnership engages.

(5) Any other matters that the partnership determines to include.

(6) That the partnership is registering as a registered limited liability partnership.

(b) The registration shall be accompanied by a fee as set forth in subdivision (a) of Section 12189 of the Government Code.

(c) The Secretary of State shall register as a registered limited liability partnership any partnership that submits a completed registration with the required fee.

(d) The Secretary of State may cancel the filing of the registration if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier's check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the date of the original filing.

(e) A partnership becomes a registered limited liability partnership at the time of the filing of the initial registration with the Secretary of State or at any later date or time specified in the registration and the payment of the fee required by subdivision (b). A partnership continues as a registered limited liability partnership until a notice that it is no longer a registered limited liability partnership has been filed pursuant to subdivision (b) of Section 16954 or, if applicable, until it has been dissolved and finally wound up. The status of a partnership as a registered limited liability partnership and the liability of a partner of the registered limited liability partnership shall not be adversely affected by errors or subsequent changes in the information stated in a registration under subdivision (a) or an amended registration or notice under Section 16954.

(f) The fact that a registration or amended registration pursuant to this section is on file with the Secretary of State is notice that the partnership is a registered limited liability partnership and of those other facts contained therein that are required to be set forth in the registration or amended registration.

(g) The Secretary of State shall provide a form for a registration under subdivision (a), which shall include the form for confirming compliance with the optional security requirement pursuant to subdivision (c) of Section 16956. The Secretary of State shall include with instructional materials provided in conjunction with the form for a registration under subdivision (a) a notice that filing the registration will obligate the limited liability partnership to pay an annual tax for that calendar year to the Franchise Tax Board pursuant to Section 17948 of the Revenue and Taxation Code. The notice shall be updated annually to specify the dollar amount of the tax.

(h) A limited liability partnership providing professional limited liability partnership services in this state shall comply with all statutory and administrative registration or filing requirements of the state board, commission, or other agency that prescribes the rules and regulations governing the particular profession in which the partnership proposes to engage, pursuant to the applicable provisions of the Business and Professions Code relating to that profession. The state board, commission, or other agency shall not disclose, unless compelled by a subpoena or other order of a court of competent jurisdiction, any information it receives in the course of evaluating the compliance of a limited liability partnership with applicable statutory and administrative registration or filing requirements, provided that nothing in this section shall be construed to prevent a state board, commission, or other agency from disclosing the manner in which the limited liability partnership has complied with the requirements of Section 16956, or the compliance or noncompliance by the limited liability partnership with any other requirements of the state board, commission, or other agency.

SEC. 2. Section 17050 of the Corporations Code is amended to read:

17050. (a) In order to form a limited liability company, one or more persons shall execute and file articles of organization with, and on a form prescribed by, the Secretary of State and, either before or after the filing of articles of organization, the members shall have entered into an operating agreement. The person or persons who execute and file the articles of organization may, but need not, be members of the limited liability company.

(b) A limited liability company shall have one or more members.

(c) The existence of a limited liability company begins upon the filing of the articles of organization. For all purposes, a copy of the articles of organization duly certified by the Secretary of State is conclusive evidence of the formation of a limited liability company and prima facie evidence of its existence.

(d) The Secretary of State shall include with instructional materials provided in conjunction with the form for filing articles of organization under subdivision (a) a notice that filing the registration will obligate the limited liability company to pay an annual tax for that calendar year to the Franchise Tax Board pursuant to Section 17941 of the Revenue and Taxation Code. The notice shall be updated annually to specify the dollar amount of the tax.

CHAPTER 426

An act to amend Sections 30005.5, 30123, 30131.2, 30177, and 30178.2 of, and to add Section 30176.2 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 30005.5 of the Revenue and Taxation Code is amended to read:

30005.5. ''Untaxed tobacco product'' means either of the following:

(a) Any tobacco product that has not yet been distributed in a manner that results in a tax liability under this part.

(b) Any tobacco product that was distributed in a manner that resulted in a tax liability under this part, but that was returned to the distributor after the tax was paid and for which the distributor has either claimed a deduction pursuant to subdivision (c) of Section 30123, or a refund or credit pursuant to Section 30176.2 or Section 30178.2.

SEC. 2. Section 30123 of the Revenue and Taxation Code is amended to read:

30123. (a) In addition to the tax imposed upon the distribution of cigarettes by this chapter, there shall be imposed upon every distributor a tax upon the distribution of cigarettes at the rate of twelve and one-half mills ($0.0125) for each cigarette distributed.

(b) There shall be imposed upon every distributor a tax upon the distribution of tobacco products, based on the wholesale cost of these products, at a tax rate, as determined annually by the State Board of Equalization, which is equivalent to the combined rate of tax imposed on cigarettes by subdivision (a) and the other provisions of this part.

(c) The wholesale cost used to calculate the amount of tax due under subdivision (b) does not include the wholesale cost of tobacco products that were returned by a customer during the same reporting period in which the tobacco products were distributed, when the distributor refunds the entire amount the customer paid for the tobacco products either in cash or credit. For purposes of this subdivision, refund or credit of the entire amount shall be deemed to be given when the purchase price less rehandling and restocking costs is refunded or credited to the customer. The amount withheld for rehandling and restocking costs may be a percentage of the sales price determined by the average cost of rehandling and restocking returned merchandise during the previous accounting cycle.

SEC. 3. Section 30131.2 of the Revenue and Taxation Code is amended to read:

30131.2. (a) In addition to the taxes imposed upon the distribution of cigarettes by Article 1 (commencing with Section 30101) and Article 2 (commencing with Section 30121) and any other taxes in this chapter, there shall be imposed an additional surtax upon every distributor of cigarettes at the rate of twenty-five mills ($0.025) for each cigarette distributed.

(b) In addition to the taxes imposed upon the distribution of tobacco products by Article 1 (commencing with Section 30101) and Article 2 (commencing with Section 30121), and any other taxes in this chapter, there shall be imposed an additional tax upon every distributor of tobacco products, based on the wholesale cost of these products, at a tax rate, as determined annually by the State Board of Equalization, which is equivalent to the rate of tax imposed on cigarettes by subdivision (a).

(c) The wholesale cost used to calculate the amount of tax due under subdivision (b) does not include the wholesale cost of tobacco products that were returned by a customer during the same reporting period in which the tobacco products were distributed, when the distributor refunds the entire amount the customer paid for the tobacco products either in cash or credit. For purposes of this subdivision, refund or credit of the entire amount shall be deemed to be given when the purchase price less rehandling and restocking costs is refunded or credited to the customer. The amount withheld for rehandling and restocking costs may be a percentage of the sales price determined by the average cost of rehandling and restocking returned merchandise during the previous accounting cycle.

SEC. 4. Section 30176.2 is added to the Revenue and Taxation Code, to read:

30176.2. The board shall, pursuant to regulations prescribed by it, refund or credit to a distributor the tax imposed on tobacco products pursuant to Article 2 (commencing with Section 30121) and Article 3 (commencing with Section 30131) of Chapter 2 that is paid on the distribution of tobacco products that were returned by a customer, when the distributor refunds the entire amount the customer paid for the tobacco products either in cash or credit. For purposes of this section, refund or credit of the entire amount shall be deemed to be given when the purchase price, less rehandling and restocking costs, is refunded or credited to the customer. The amount withheld for rehandling and restocking costs may be a percentage of the sales price determined by the average cost of rehandling and restocking returned merchandise during the previous accounting cycle.

SEC. 5. Section 30177 of the Revenue and Taxation Code is amended to read:

30177. The board shall, pursuant to regulations prescribed by it, refund or credit to a distributor the denominated values, less the discount given on their purchase, of stamps or meter impressions affixed to packages of cigarettes which have prior to distribution become unfit for use, unsalable or have been destroyed, or which after distribution have become unfit for use or unsalable and have been returned for credit or have been replaced, and the board has proof of that return or destruction.

SEC. 6. Section 30178.2 of the Revenue and Taxation Code is amended to read:

30178.2. In lieu of the refund of the tax on tobacco products pursuant to Section 30176.1 or Section 30176.2, a distributor eligible for that refund may elect to claim a credit against taxes imposed pursuant to this part equal to the amount which would have been refunded if a claim had been made pursuant to Section 30176.1 or Section 30176.2.

SEC. 7. The Legislature finds and declares that this act furthers and is consistent with the purposes expressed in Article 2 (commencing with Section 30121) of Chapter 2 of Part 13 of Division 2 of the Revenue and Taxation Code, as contained within the Tobacco Tax and Health Protection Act of 1988 (Proposition 99 of the November 8, 1988, general election), and Article 3 (commencing with Section 30131) of Chapter 2 of Part 13 of Division 2 of the Revenue and Taxation Code, as contained in the California Families and Children Act of 1998 (Proposition 10 of the November 3, 1998, general election).

SEC. 8. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 427

An act to amend Sections 6162 and 6163 of the Government Code, relating to state government.

[Approved by Governor October 1, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 6162 of the Government Code is amended to read:

6162. (a) Except as provided in Section 6159, the Director of General Services, or his or her designee, may negotiate and enter into any contracts necessary to implement or facilitate the acceptance of credit cards or other payment devices by state agencies. The authority granted to the director pursuant to this section shall include the discretion to

negotiate and agree to specific terms applicable to each state agency, including, but not limited to, the terms regarding any payment of fees to third parties for the acceptance of credit cards or other payment devices, types of payments, any limitations on amounts and limits of liabilities that would be eligible for payment by credit card or other payment device, and operational requirements.

(b) The director may negotiate master contracts or other contracts that allow the cost-effective acceptance of payment by credit card or other payment device. Additionally, the director or any state agency negotiating these contracts shall use its best efforts to minimize the financial impact of credit card or other payment device acceptance on the state agency, taxpayers, and the public who use its services.

(c) The director, in consultation with the Director of e-Government, shall take steps to encourage the adoption of standard payment policies and procedures for all state agencies. Furthermore, a state agency may enter into an interagency agreement with another state agency for the purposes of establishing uniform policies and acquiring equipment to support payment by credit card or other payment device.

SEC. 2. Section 6163 of the Government Code is amended to read:

6163. (a) (1) Except as provided in paragraphs (2) and (3), all state agencies shall accept payment made by means of a credit card or other payment device.

(2) (A) A state agency may request that the director grant an exemption from paragraph (1) if the agency determines that its acceptance of payments by credit card or other payment device would have any of the following results:

(i) It would not be cost-effective.

(ii) It would result in a net additional unfunded cost to the agency.

(iii) It would result in a shortfall of revenues to the State of California.

(B) A request made pursuant to this paragraph shall state the reasons for the agency's determination. The director may request additional information from the requesting agency, and shall approve or deny the exemption request within 60 days of the receipt of all relevant information from the agency. The director also may request that the exemption be renewed on a periodic basis, and that the agency provide a plan for implementing paragraph (1).

(C) In determining cost-effectiveness, an agency may consider more than one year. In determining the cost-effectiveness of accepting payment by credit card and other payment devices, the state agency shall consider all factors relating to costs and savings associated with accepting credit cards and other payment devices. However, an agency may accept payment by credit card or other payment device notwithstanding the cost-effectiveness, if, upon the agency's analysis,

the additional level of customer service offered by these payment methods outweighs cost considerations.

(D) ''Costs'' for the purposes of this subdivision shall include, but not be limited to, the following:

(i) Amounts paid to a third party for accepting the credit card or other payment device.

(ii) Equipment costs, including telephone and maintenance expenses.

(iii) Labor costs of the state agency related to processing payments made by a credit card or other payment device.

(E) ''Savings'' for the purposes of this subdivision shall include, but not be limited to, the following:

(i) The use of the float by the applicable state agency.

(ii) Reduction in bank fees that would be charged for payments made by cash and checks.

(iii) The costs of handling cash, labor savings, theft or pilferage, reduced storage, and security and transit of handling and holding cash.

(iv) The costs of handling checks.

(v) Dishonored check costs.

(vi) Decreased facility needs.

(vii) Increased collection of mandated payments.

(viii) Increased sales of discretionary goods and services.

(ix) Reduced paperwork.

(x) Fewer in-person transactions, especially with the use of voice response units and kiosks.

(3) Notwithstanding paragraph (1), a state agency shall not accept payment by credit card or other payment device if the state agency is unable to enter into the contracts on terms that are acceptable to the agency, or if the director acting on behalf of the agency is unable to enter into contracts on terms that are acceptable to the director and the agency, as are necessary to enable the agency to accept payment by credit card or other payment device.

(4) If the Franchise Tax Board does not accept payment by credit card or other payment device as a result of this subdivision, then the law regarding credit card payments in existence prior to the effective date of the legislation adding this chapter shall apply to the Franchise Tax Board.

(b) The director may establish procedures to delegate the authority granted under this chapter to other state agencies so that these agencies may enter into contracts for accepting credit cards or other payment devices on behalf of the respective agency.

(c) For entities established under Article VI of the California Constitution, the authority of the director under this chapter shall rest with the administrative director of those entities.

(d) Any agency that intends to accept payment by credit card or other payment device pursuant to a master contract entered into by the director shall transmit a letter of intent so stating to the director.

CHAPTER 428

An act to amend the heading of Article 6 (commencing with Section 1250.410) of Chapter 5 of Title 7 of Part 3 of, to amend Sections 1250.410, 1255.010, 1255.030, 1258.220, and 1258.260 of, and to add Sections 1250.420, 1250.430, and 1260.040 to, the Code of Civil Procedure, and to amend Section 7267.2 of the Government Code, relating to eminent domain procedure.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 6 (commencing with Section 1250.410) of Chapter 5 of Title 7 of Part 3 of the Code of Civil Procedure is amended to read:

Article 6. Settlement Offers and Alternative Dispute Resolution

SEC. 2. Section 1250.410 of the Code of Civil Procedure is amended to read:

1250.410. (a) At least 20 days prior to the date of the trial on issues relating to compensation, the plaintiff shall file with the court and serve on the defendant its final offer of compensation in the proceeding and the defendant shall file and serve on the plaintiff its final demand for compensation in the proceeding. The offer and the demand shall include all compensation required pursuant to this title, including compensation for loss of goodwill, if any, and shall state whether interest and costs are included. Such offers and demands shall be the only offers and demands considered by the court in determining the entitlement, if any, to litigation expenses. Service shall be in the manner prescribed by Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

(b) If the court, on motion of the defendant made within 30 days after entry of judgment, finds that the offer of the plaintiff was unreasonable and that the demand of the defendant was reasonable viewed in the light of the evidence admitted and the compensation awarded in the proceeding, the costs allowed pursuant to Section 1268.710 shall include the defendant's litigation expenses.

In determining the amount of those litigation expenses, the court shall consider the offer required to be made by the plaintiff pursuant to Section 7267.2 of the Government Code and any other written offers and demands filed and served prior to or during the trial.

(c) If timely made, the offers and demands as provided in subdivision (a) shall be considered by the court on the issue of determining an entitlement to litigation expenses.

SEC. 3. Section 1250.420 is added to the Code of Civil Procedure, to read:

1250.420. The parties may by agreement refer a dispute that is the subject of an eminent domain proceeding for resolution by any of the following means:

(a) Mediation by a neutral mediator.

(b) Binding arbitration by a neutral arbitrator. The arbitration is subject to Chapter 12 (commencing with Section 1273.010).

(c) Nonbinding arbitration by a neutral arbitrator. The arbitrator's decision in a nonbinding arbitration is final unless within 30 days after service of the arbitrator's decision a party moves the court for a trial of the eminent domain proceeding. If the judgment in the eminent domain proceeding is not more favorable to the moving party, the court shall order that party to pay to the other parties the following nonrefundable costs and fees, unless the court finds in writing and on motion that the imposition of costs and fees would create such a substantial economic hardship as not to be in the interest of justice:

(1) All costs specified in Section 1033.5, limited to those incurred from the time of election of the trial de novo. Nothing in this subdivision affects the right of a defendant to recover costs otherwise allowable pursuant to Section 1268.710, incurred before election of a trial de novo, except that a defendant may recover the costs of determining the apportionment of the award made pursuant to subdivision (b) of Section 1260.220 whenever incurred.

(2) The reasonable costs of the services of expert witnesses who are not regular employees of any party, actually incurred and reasonably necessary in the preparation or trial of the case, limited to those incurred from the time of election of the trial de novo.

(3) The compensation paid by the parties to the arbitrator.

SEC. 4. Section 1250.430 is added to the Code of Civil Procedure, to read:

1250.430. Notwithstanding any other statute or rule of court governing the date of trial of an eminent domain proceeding, on motion of a party the court may postpone the date of trial for a period that appears adequate to enable resolution of a dispute pursuant to alternative resolution procedures, if it is demonstrated to the satisfaction of the court that all of the following conditions are satisfied:

(a) The parties are actively engaged in alternative resolution of the dispute pursuant to Section 1250.420.

(b) The parties appear to be making progress toward resolution of the dispute without the need for a trial of the matter.

(c) The parties agree that additional time for the purpose of alternative dispute resolution is desirable.

SEC. 5. Section 1255.010 of the Code of Civil Procedure is amended to read:

1255.010. (a) At any time before entry of judgment, the plaintiff may deposit with the State Treasury the probable amount of compensation, based on an appraisal, that will be awarded in the proceeding. The appraisal upon which the deposit is based shall be one that satisfies the requirements of subdivision (b). The deposit may be made whether or not the plaintiff applies for an order for possession or intends to do so.

(b) Before making a deposit under this section, the plaintiff shall have an expert qualified to express an opinion as to the value of the property (1) make an appraisal of the property and (2) prepare a written statement of, or summary of the basis for, the appraisal. The statement or summary shall contain detail sufficient to indicate clearly the basis for the appraisal, including, but not limited to, all of the following information:

(A) The date of valuation, highest and best use, and applicable zoning of the property.

(B) The principal transactions, reproduction or replacement cost analysis, or capitalization analysis, supporting the appraisal.

(C) If the appraisal includes compensation for damages to the remainder, the compensation for the property and for damages to the remainder separately stated, and the calculations and a narrative explanation supporting the compensation, including any offsetting benefits.

(c) On noticed motion, or upon ex parte application in an emergency, the court may permit the plaintiff to make a deposit without prior compliance with subdivision (b) if the plaintiff presents facts by affidavit showing that (1) good cause exists for permitting an immediate deposit to be made, (2) an adequate appraisal has not been completed and cannot reasonably be prepared before making the deposit, and (3) the amount of the deposit to be made is not less than the probable amount of compensation that the plaintiff, in good faith, estimates will be awarded in the proceeding. In its order, the court shall require that the plaintiff comply with subdivision (b) within a reasonable time, to be specified in the order, and also that any additional amount of compensation shown by the appraisal required by subdivision (b) be deposited within that time.

SEC. 6. Section 1255.030 of the Code of Civil Procedure is amended to read:

1255.030. (a) At any time after a deposit has been made pursuant to this article, the court shall, upon motion of the plaintiff or of any party having an interest in the property for which the deposit was made, determine or redetermine whether the amount deposited is the probable amount of compensation that will be awarded in the proceeding. The motion shall be supported with detail sufficient to indicate clearly the basis for the motion, including, but not limited to, the following information to the extent relevant to the motion:

(1) The date of valuation, highest and best use, and applicable zoning of the property.

(2) The principal transactions, reproduction or replacement cost analysis, or capitalization analysis, supporting the motion.

(3) The compensation for the property and for damages to the remainder separately stated, and the calculations and a narrative explanation supporting the compensation, including any offsetting benefits.

(b) If the plaintiff has not taken possession of the property and the court determines that the probable amount of compensation exceeds the amount deposited, the court may order the plaintiff to increase the deposit or may deny the plaintiff possession of the property until the amount deposited has been increased to the amount specified in the order.

(c) If the plaintiff has taken possession of the property and the court determines that the probable amount of compensation exceeds the amount deposited, the court shall order the amount deposited to be increased to the amount determined to be the probable amount of compensation. If the amount on deposit is not increased accordingly within 30 days from the date of the court's order, or any longer time as the court may have allowed at the time of making the order, the defendant may serve on the plaintiff a notice of election to treat that failure as an abandonment of the proceeding. If the plaintiff does not cure its failure within 10 days after receipt of such notice, the court shall, upon motion of the defendant, enter judgment dismissing the proceeding and awarding the defendant his or her litigation expenses and damages as provided in Sections 1268.610 and 1268.620.

(d) After any amount deposited pursuant to this article has been withdrawn by a defendant, the court may not determine or redetermine the probable amount of compensation to be less than the total amount already withdrawn. Nothing in this subdivision precludes the court from making a determination or redetermination that probable compensation is greater than the amount withdrawn.

(e) If the court determines that the amount deposited exceeds the probable amount of compensation, it may permit the plaintiff to withdraw the excess not already withdrawn by the defendant.

(f) The plaintiff may at any time increase the amount deposited without making a motion under this section. In that case, notice of the increase shall be served as provided in subdivision (a) of Section 1255.020.

SEC. 7. Section 1258.220 of the Code of Civil Procedure is amended to read:

1258.220. (a) For the purposes of this article, the ''date of exchange'' is the date agreed to for the exchange of their lists of expert witnesses and statements of valuation data by the party who served a demand and the party on whom the demand was served or, failing agreement, a date 90 days prior to commencement of the trial on the issue of compensation or the date set by the court on noticed motion of either party establishing good cause therefor.

(b) Notwithstanding subdivision (a), unless otherwise agreed to by the parties, the date of exchange shall not be earlier than nine months after the date of commencement of the proceeding.

SEC. 8. Section 1258.260 of the Code of Civil Procedure is amended to read:

1258.260. (a) The statement of valuation data shall give the name and business or residence address of the witness and shall include a statement whether the witness will testify to an opinion as to any of the matters listed in Section 1258.250 and, as to each matter upon which the witness will give an opinion, what that opinion is and the following items to the extent that the opinion is based on them:

(1) The interest being valued.

(2) The date of valuation used by the witness.

(3) The highest and best use of the property.

(4) The applicable zoning and the opinion of the witness as to the probability of any change in zoning.

(5) The sales, contracts to sell and purchase, and leases supporting the opinion.

(6) The cost of reproduction or replacement of the existing improvements on the property, the depreciation or obsolescence the improvements have suffered, and the method of calculation used to determine depreciation.

(7) The gross income from the property, the deductions from gross income, and the resulting net income; the reasonable net rental value attributable to the land and existing improvements, and the estimated gross rental income and deductions upon which the reasonable net rental value is computed; the rate of capitalization used; and the value indicated by the capitalization.

(8) If the property is a portion of a larger parcel, a description of the larger parcel and its value.

(9) If the opinion concerns loss of goodwill, the method used to determine the loss, and a summary of the data supporting the opinion.

(b) With respect to each sale, contract, or lease listed under paragraph (5) of subdivision (a), the statement of valuation data shall give:

(1) The names and business or residence addresses, if known, of the parties to the transaction.

(2) The location of the property subject to the transaction.

(3) The date of the transaction.

(4) If recorded, the date of recording and the volume and page or other identification of the record of the transaction.

(5) The price and other terms and circumstances of the transaction. In lieu of stating the terms contained in any contract, lease, or other document, the statement may, if the document is available for inspection by the adverse party, state the place where and the times when it is available for inspection.

(6) The total area and shape of the property subject to the transaction.

(c) If any opinion referred to in Section 1258.250 is based in whole or in substantial part upon the opinion of another person, the statement of valuation data shall include the name and business or residence address of that other person, his business, occupation, or profession, and a statement as to the subject matter to which his or her opinion relates.

(d) Except when an appraisal report is used as a statement of valuation data as permitted by subdivision (e), the statement of valuation data shall include a statement, signed by the witness, that the witness has read the statement of valuation data and that it fairly and correctly states his or her opinions and knowledge as to the matters therein stated.

(e) An appraisal report that has been prepared by the witness which includes the information required to be included in a statement of valuation data may be used as a statement of valuation data under this article.

SEC. 9. Section 1260.040 is added to the Code of Civil Procedure, to read:

1260.040. (a) If there is a dispute between plaintiff and defendant over an evidentiary or other legal issue affecting the determination of compensation, either party may move the court for a ruling on the issue. The motion shall be made not later than 60 days before commencement of trial on the issue of compensation. The motion shall be heard by the judge assigned for trial of the case.

(b) Notwithstanding any other statute or rule of court governing the date of final offers and demands of the parties and the date of trial of an eminent domain proceeding, the court may postpone those dates for a

period sufficient to enable the parties to engage in further proceedings before trial in response to its ruling on the motion.

(c) This section supplements, and does not replace any other pretrial or trial procedure otherwise available to resolve an evidentiary or other legal issue affecting the determination of compensation.

SEC. 10. Section 7267.2 of the Government Code is amended to read:

7267.2. (a) Prior to adopting a resolution of necessity pursuant to Section 1245.230 of the Code of Civil Procedure and initiating negotiations for the acquisition of real property, the public entity shall establish an amount which it believes to be just compensation therefor, and shall make an offer to the owner or owners of record to acquire the property for the full amount so established, unless the owner cannot be located with reasonable diligence. The offer may be conditioned upon the legislative body's ratification of the offer by execution of a contract of acquisition or adoption of a resolution of necessity or both. In no event shall the amount be less than the public entity's approved appraisal of the fair market value of the property. Any decrease or increase in the fair market value of real property to be acquired prior to the date of valuation caused by the public improvement for which the property is acquired, or by the likelihood that the property would be acquired for the improvement, other than that due to physical deterioration within the reasonable control of the owner or occupant, shall be disregarded in determining the compensation for the property.

(b) The public entity shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount it established as just compensation. The written statement and summary shall contain detail sufficient to indicate clearly the basis for the offer, including, but not limited to, all of the following information:

(1) The date of valuation, highest and best use, and applicable zoning of property.

(2) The principal transactions, reproduction or replacement cost analysis, or capitalization analysis, supporting the determination of value.

(3) Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated and shall include the calculations and narrative explanation supporting the compensation, including any offsetting benefits.

(c) Where the property involved is owner occupied residential property and contains no more than four residential units, the homeowner shall, upon request, be allowed to review a copy of the appraisal upon which the offer is based. The public entity may, but is not required to, satisfy the written statement, summary, and review

requirements of this section by providing the owner a copy of the appraisal on which the offer is based.

(d) Notwithstanding subdivision (a), a public entity may make an offer to the owner or owners of record to acquire real property for less than an amount which it believes to be just compensation therefor if (1) the real property is offered for sale by the owner at a specified price less than the amount the public entity believes to be just compensation therefor, (2) the public entity offers a price which is equal to the specified price for which the property is being offered by the landowner, and (3) no federal funds are involved in the acquisition, construction, or project development.

(e) As used in subdivision (d), ''offered for sale'' means any of the following:

(1) Directly offered by the landowner to the public entity for a specified price in advance of negotiations by the public entity.

(2) Offered for sale to the general public at an advertised or published, specified price set no more than six months prior to and still available at the time the public entity initiates contact with the landowner regarding the public entity's possible acquisition of the property.

SEC. 11. This act applies to any proceeding commenced on or after January 1, 2002.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 6471.4 of the Revenue and Taxation Code is amended to read:

6471.4. Any person required to make prepayment pursuant to Article 1.5 (commencing with Section 6480) may not be required to make additional prepayment pursuant to this article, provided that more than 75 percent of the gross receipts of that person are from the retail sale of motor vehicle fuel, diesel fuel, aircraft jet fuel, or any combination of those fuels.

SEC. 2. Section 6480 of the Revenue and Taxation Code is amended to read:

6480. (a) For purposes of the imposition of the prepayment of sales tax on motor vehicle fuel or aircraft jet fuel pursuant to this article, the terms ''aircraft jet fuel,'' ''aircraft jet fuel dealer,'' ''aviation gasoline,'' ''entry,'' ''in this state,'' ''motor vehicle fuel,'' ''person,'' ''removal,'' ''sale,'' and ''supplier'' are defined pursuant to Part 2 (commencing with Section 7301), except as provided in subdivision (b).

(b) For purposes of this article, ''motor vehicle fuel'' does not include aviation gasoline for use in propelling aircraft.

(c) For purposes of the imposition of the prepayment of sales tax on diesel fuel pursuant to this article, the terms ''diesel fuel,'' ''entry,'' ''in this state,'' ''removal,'' ''person,'' and ''supplier,'' are defined pursuant to Part 31 (commencing with Section 60001).

(d) ''Wholesaler'' includes every person other than a supplier, dealing in motor vehicle fuel, aircraft jet fuel, or diesel fuel. ''Wholesaler'' does not include anyone dealing in motor vehicle fuel or diesel fuel in the capacity of an operator of a service station. ''Wholesaler'' does not include anyone dealing in aircraft jet fuel in the capacity of an aircraft jet fuel dealer.

(e) With respect to diesel fuel and aircraft jet fuel, ''sale'' means:

(1) The transfer of title or possession, exchange, or barter, conditional or otherwise, in any manner or by any means whatsoever, of aircraft jet fuel or diesel fuel (other than aircraft jet fuel or diesel fuel in a terminal) to a purchaser for a consideration.

(2) The transfer of the inventory position in the aircraft jet fuel or diesel fuel in a terminal if the purchaser becomes the positionholder with respect to the taxable fuel.

(f) For purposes of this article, aircraft jet fuel will be subject to the prepayment of sales tax at such time and in such manner as if it were subject to diesel fuel tax under the Diesel Fuel Tax Law in Part 31 (commencing with Section 60001), except that in the case of bulk transfers, aircraft jet fuel is not subject to the prepayment of sales tax as to the removal of diesel fuel in this state from any refinery as described

in paragraph (1) of subdivision (a) of Section 60052, the entry of diesel fuel into this state as described in paragraph (1) of subdivision (b) of Section 60052, or the removal of diesel fuel in this state as described in subdivision (c) of Section 60052.

SEC. 3. Section 6480.1 of the Revenue and Taxation Code is amended to read:

6480.1. (a) At any time that motor vehicle fuel tax or diesel fuel tax is imposed or would be imposed, but for the dyed diesel fuel exemption in paragraph (1) of subdivision (a) of Section 60100, or the train operator exemption in paragraph (7) of subdivision (a) of Section 60100 or paragraph (11) of subdivision (a) of Section 7401, or, pursuant to subdivision (f) of Section 6480, would be deemed to be imposed, on any removal, entry, or sale in this state of motor vehicle fuel, aircraft jet fuel, or diesel fuel, the supplier shall collect prepayment of retail sales tax from the person to whom the motor vehicle fuel, aircraft jet fuel, or diesel fuel is sold. However, if no sale occurs at the time of imposition of motor vehicle fuel tax or diesel fuel tax, the supplier shall prepay the retail sales tax on that motor vehicle fuel, aircraft jet fuel, or diesel fuel. The prepayment required to be collected by the supplier constitutes a debt owed by the supplier to this state until paid to the board, until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the retail sales tax to the board, or until a supplier or wholesaler who has consumed the fuel has paid the use tax to the board. Each supplier shall report and pay the prepayment amounts to the board, in a form as prescribed by the board, in the period in which the fuel is sold. On each subsequent sale of that fuel, each seller, other than the retailer, shall collect from his or her purchaser a prepayment computed using the rate applicable at the time of sale. Each supplier shall provide his or her purchaser with an invoice for, or other evidence of, the collection of the prepayment amounts which shall be separately stated thereon.

(b) (1) A wholesaler shall collect prepayment of the retail sales tax from the person to whom the motor vehicle fuel, aircraft jet fuel, or diesel fuel is sold. Each wholesaler shall provide his or her purchaser with an invoice for or other evidence of the collection of the prepayment amounts, which shall be separately stated thereon.

(2) Each wholesaler shall report to the board, in a form as prescribed by the board and for the period in which the motor vehicle fuel, aircraft jet fuel, or diesel fuel was sold, all of the following:

(A) The number of gallons of fuel sold and the amount of sales tax prepayments collected by the wholesaler.

(B) The number of tax-paid gallons purchased and the amount of sales tax prepayments made by the wholesaler.

(C) In the event that the amount of sales tax prepayments collected by the wholesaler is greater than the amount of sales tax prepayments

made by the wholesaler, then the excess constitutes a debt owed by the wholesaler to the state until paid to the board, or until satisfactory proof has been submitted that the retailer of the fuel has paid the tax to the board.

(c) A supplier or wholesaler who pays the prepayment and issues a resale certificate to the seller, but subsequently consumes the motor vehicle fuel, aircraft jet fuel, or diesel fuel, shall be entitled to a credit against his or her sales and use taxes due and payable for the period in which the prepayment was made, provided that he or she reports and pays the use tax to the board on the consumption of that fuel.

(d) The amount of a prepayment paid by the retailer or a supplier or wholesaler who has consumed the motor vehicle fuel, aircraft jet fuel, or diesel fuel to the seller from whom he or she acquired the fuel shall constitute a credit against his or her sales and use taxes due and payable for the period in which the sale was made. Failure of the supplier or wholesaler to report prepayments or the supplier's or wholesaler's failure to comply with any other duty under this article shall not constitute grounds for denial of the credit to the retailer, supplier, or wholesaler, either on a temporary or permanent basis or otherwise. To be entitled to the credit, the retailer, supplier, or wholesaler shall retain for inspection by the board any receipts, invoices, or other documents showing the amount of sales tax prepaid to his or her supplier, together with the evidence of payment.

(e) The rate of the prepayment required to be collected during the period from July 1, 1986, through March 31, 1987, shall be four cents ($0.04) per gallon of motor vehicle fuel distributed or transferred.

(f) On April 1 of each succeeding year, the prepayment rate per gallon for motor vehicle fuel, rounded to the nearest one-half of one cent ($0.005), of the required prepayment shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051, 6051.2, 6051.3, and 7202, and Section 35 of Article XIII of the California Constitution on the arithmetic average selling price (excluding sales tax) as determined by the State Energy Resources Conservation and Development Commission, in its latest publication of the ''Quarterly Oil Report,'' of all grades of gasoline sold through a self-service gasoline station. In the event the ''Quarterly Oil Report'' is delayed or discontinued, the board may base its determination on other sources of the arithmetic average selling price of gasoline. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every supplier, wholesaler, and retailer of motor vehicle fuel. In the event the price of fuel decreases or increases, and the established rate results in

prepayments which consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(g) On April 1 of each succeeding year, the prepayment rate per gallon for aircraft jet fuel rounded to the nearest one-half of one cent ($0.005), shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051, 6051.2, 6051.3, 7202, and Section 35 of Article XIII of the California Constitution on the arithmetic average selling price (excluding sales and state excise tax) as determined by the board. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. The rate of the prepayment required to be collected for aircraft jet fuel shall be equal to 80 percent of the arithmetic average selling price of aircraft jet fuel as specified by industry publications. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every supplier, wholesaler, and retailer of aircraft jet fuel. In the event the price of aircraft jet fuel decreases or increases, and the established rate results in prepayments that consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(h) On April 1 of each succeeding year, the prepayment rate per gallon for diesel fuel rounded to the nearest one-half of one cent ($0.005), shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051, 6051.2, 6051.3, 7202, and Section 35 of Article XIII of the California Constitution on the arithmetic average selling price (excluding sales and state excise tax) as determined by the board. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. The rate of the prepayment required to be collected for diesel fuel shall be equal to 80 percent of the arithmetic average selling price of diesel fuel as specified by industry publications. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every supplier, wholesaler, and retailer of diesel fuel. In the event the price of diesel fuel decreases or increases, and the established rate results in prepayments that consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(i) (1) Notwithstanding any other provision of this section, motor vehicle fuel sold by a supplier or wholesaler to a qualified purchaser who, pursuant to a contract with the State of California or its instrumentalities, resells that fuel to the State of California or its instrumentalities shall be exempt from the prepayment requirements.

(2) A qualified purchaser who acquires motor vehicle fuel for subsequent resale to the State of California or its instrumentalities

pursuant to this subdivision shall furnish to the supplier or wholesaler from whom the fuel is acquired an exemption certificate, completed in accordance with any instructions or regulations as the board may prescribe. The supplier or wholesaler shall retain the certificate in his or her records in support of the exemption. To qualify for the prepayment exemption, both of the following conditions shall apply:

(A) The qualified purchaser does not take possession of the fuel at any time.

(B) The fuel is delivered into storage tanks owned or leased by the State of California or its instrumentalities via facilities of the supplier or wholesaler, or by common or contract carriers under contract with the supplier or wholesaler.

(3) For purposes of this subdivision, ''qualified purchaser'' means a wholesaler who does not have or maintain a storage facility or facilities for the purpose of selling motor vehicle fuel.

SEC. 4. Section 6480.2 of the Revenue and Taxation Code is amended to read:

6480.2. (a) If the board determines that it is necessary for the efficient administration of this part, the board may require a supplier or wholesaler to provide the board with a list of purchasers to whom the motor vehicle fuel, aircraft jet fuel, or diesel fuel was sold.

(b) In addition to any other reports required under this article, the board may, by rule and otherwise, require additional, other, or supplemental reports, in any form which the board may require, from suppliers or wholesalers with respect to their sales of motor vehicle fuel, aircraft jet fuel, or diesel fuel.

(c) Any supplier or wholesaler who fails to comply with this section is guilty of a misdemeanor punishable as provided in Section 7153.

SEC. 5. Section 6480.3 of the Revenue and Taxation Code is amended to read:

6480.3. The supplier or wholesaler shall file his or her prepayment form together with a remittance of the prepayment amounts, if any, required to be collected pursuant to Section 6480.1 payable to the State Board of Equalization, on or before the last day of the month following the monthly period to which the prepayment form or each prepayment relates.

SEC. 6. Section 6480.4 of the Revenue and Taxation Code is amended to read:

6480.4. (a) Any supplier or wholesaler who fails to make a timely remittance to the board of the prepayment amounts, if any, required pursuant to Sections 6480.1 and 6480.3 shall also pay a penalty of 10 percent of the amount of the prepayment due but not paid, plus interest at the modified adjusted rate per month, or fraction thereof, established

pursuant to Section 6591.5, from the date the prepayment became due and payable to the state until the date of payment.

(b) The penalty amount specified in subdivision (a) shall be 25 percent if the supplier or wholesaler knowingly or intentionally fails to make a timely remittance.

SEC. 7. Section 6480.5 of the Revenue and Taxation Code is repealed.

SEC. 8. Section 6480.6 of the Revenue and Taxation Code is amended to read:

6480.6. (a) The following persons who have paid prepayment amounts either directly to the board or to the person from whom the motor vehicle fuel, aircraft jet fuel, or diesel fuel was purchased shall be refunded those amounts:

(1) Any person who exports the fuel for subsequent sale outside this state.

(2) Any person who sells the fuel which is exempt from the sales or use tax pursuant to Sections 6352, 6357, 6381, and 6396.

(3) Any person who has lost the fuel through fire, flood, theft, leakage, evaporation, shrinkage, spillage, or accident, prior to any retail sale.

(4) Any supplier who has removed fuel from an approved terminal at the terminal rack, but only to the extent that the supplier can show that tax on the same amount of fuel has been paid more than one time by the same supplier.

(5) Any person who is unable to collect the prepayment from the purchaser insofar as the sales of the fuel are represented by accounts which have been found to be worthless and charged off for income tax purposes, or, if the person is not required to file income tax returns, accounts which have been charged off in accordance with generally accepted accounting principles. If partial payments have been made, the payments shall be prorated between amounts due for fuel and amounts due for the related prepayment. If any of those accounts are thereafter in whole or in part collected by the seller, the gallons of fuel represented by the amounts collected shall be included in the first return filed after that collection and the amount of the prepayment thereon paid with the return.

(b) In lieu of a refund, the board may authorize a credit to be taken by the person to whom the refund is due upon his or her prepayment form or sales and use tax return.

SEC. 9. Section 6480.7 of the Revenue and Taxation Code is amended to read:

6480.7. (a) The board may require any supplier or wholesaler subject to this article to place with the board any security that the board determines is necessary to ensure compliance with this article. The

amount of the security shall be fixed by the board but shall not be greater than three times the estimated average liability of suppliers or wholesalers required to file returns for monthly periods, determined in any manner that the board deems proper, or five hundred thousand dollars ($500,000), whichever amount is less. These amounts apply regardless of the type of security placed with the board. The amount of the security may be increased or decreased by the board subject to the maximum amounts. The security required pursuant to this section is in addition to the bond or bonds required pursuant to Section 7486.

(b) The board may sell the security at public auction if it becomes necessary to so do in order to recover any tax or any amount required to be collected or penalty due. Notice of the sale may be served upon the person who placed the security personally or by mail. If service is by mail, service shall be made in the manner prescribed for service of a notice of a deficiency determination and shall be addressed to the person at his or her address as it appears in the records of the board. However, security in the form of a bearer bond issued by the United States or the State of California which has a prevailing market price may be sold by the board at a private sale at a price not lower than the prevailing market price thereof. Upon any sale, any surplus above the amounts due shall be returned to the supplier or wholesaler who placed the security.

(b) The refiner or positionholder shall remain primarily liable for payment of the tax imposed by Section 7362 or 7363 for motor vehicle fuel removed at the refinery or terminal rack, as the case may be, plus any penalty or interest, until the amount is finally paid and credited to the account of the responsible refiner or positionholder; provided, however, that the board, at its discretion, may relieve the refiner or positionholder from primary liability for payment of tax imposed by Section 7362 or 7363 and hold another person primarily liable for the tax if (1) the Internal Revenue Service authorizes payment of fuel taxes by the receiving party under a two-party exchange agreement, and (2) under the Internal Revenue Service approach to two-party exchange agreements, another person is primarily liable for payment of the tax, and (3) the board elects to follow the Internal Revenue Service approach.

(b) The presumption shall not apply if the supplier proves to the satisfaction of the board that both:

(1) The supplier has exercised ordinary care in entrusting control or possession of the motor vehicle fuel to another person.

(2) The person to whom the supplier has entrusted the control or possession of the motor vehicle fuel as bailee, consignee, employee, or agent, caused a removal or sale by the act of converting to that person's own use the motor vehicle fuel so entrusted to that person by the supplier.

CHAPTER 431

An act to amend Section 11571.1 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 2, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 11571.1 of the Health and Safety Code is amended to read:

11571.1. (a) To effectuate the purposes of this article, the city prosecutor or city attorney may file, in the name of the people, an action for unlawful detainer against any person who is in violation of the nuisance or illegal purpose provisions of subdivision 4 of Section 1161 of the Code of Civil Procedure, with respect to a controlled substance purpose. In filing this action, the city prosecutor or city attorney shall utilize the procedures set forth in Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure, except that in cases filed under this section, the following also shall apply:

(1) Prior to filing an action pursuant to this section, the city prosecutor or city attorney shall give 15 calendar days written notice to the owner, requiring the owner to file an action for the removal of the person who is in violation of the nuisance or illegal purpose provisions of subdivision 4 of Section 1161 of the Code of Civil Procedure with respect to a controlled substance purpose. This notice shall include sufficient documentation establishing a violation of the nuisance or illegal purpose provisions of subdivision 4 of Section 1161 of the Code of Civil Procedure and shall be served upon the owner and the tenant in accordance with subdivision (e) of this section. The owner shall, within 15 calendar days of the mailing of the written notice, either provide the city prosecutor or city attorney with all relevant information pertaining to the unlawful detainer case, or provide a written explanation setting forth any safety-related reasons for noncompliance, and an assignment to the city prosecutor or city attorney of the right to bring an unlawful detainer action against the tenant. The assignment shall be on a form provided by the city prosecutor or city attorney and may contain a provision for costs of investigation, discovery, and reasonable attorney's fees, in an amount not to exceed six hundred dollars ($600). If the city prosecutor or city attorney accepts the assignment of the right of the owner to bring the unlawful detainer action, the owner shall retain all other rights and duties, including the handling of the tenant's personal property, following issuance of the writ of possession and its delivery to and execution by the appropriate agency.

(2) Upon the failure of the owner to file an action pursuant to this section, or to respond to the city prosecutor or city attorney as provided in paragraph (1), or having filed an action, if the owner fails to prosecute it diligently and in good faith, the city prosecutor or city attorney may file and prosecute the action, and join the owner as a defendant in the action. This action shall have precedence over any similar proceeding thereafter brought by the owner, or to one previously brought by the

owner and not prosecuted diligently and in good faith. Service of the summons and complaint upon the defendant owner shall be in accordance with Sections 415.10, 415.20, 415.30, 415.40, and 415.50 of the Code of Civil Procedure.

(3) If a jury or court finds the defendant tenant guilty of unlawful detainer in a case filed pursuant to paragraph (2), the city prosecutor or city attorney may be awarded costs, including the costs of investigation and discovery and reasonable attorney's fees. These costs shall be assessed against the defendant owner, to whom notice was directed pursuant to paragraph (1), and once an abstract of judgment is recorded, it shall constitute a lien on the subject real property.

(4) Nothing in this article shall prevent a local governing body from adopting and enforcing laws, consistent with this article relating to drug abatement. Where local laws duplicate or supplement this article, this article shall be construed as providing alternative remedies and not preempting the field.

(5) Nothing in this article shall prevent a tenant from receiving relief against a forfeiture of a lease pursuant to Section 1179 of the Code of Civil Procedure.

(b) In any proceeding brought under this section, the court may, upon a showing of good cause, issue a partial eviction ordering the removal of any person, including, but not limited to, members of the tenant's household if the court finds that the person has engaged in the activities described in subdivision (a). Persons removed pursuant to this section may be permanently barred from returning to or reentering any portion of the entire premises. The court may further order as an express condition of the tenancy that the remaining tenants shall not give permission to or invite any person who has been removed pursuant to this subdivision to return to or reenter any portion of the entire premises.

(c) For the purposes of this section, ''controlled substance purpose'' means the manufacture, cultivation, importation into the state, transportation, possession, possession for sale, sale, furnishing, administering, or giving away, or providing a place to use or fortification of a place involving, cocaine, phencyclidine, heroin, methamphetamine, or any other controlled substance, in a violation of subdivision (a) of Section 11350, Section 11351, 11351.5, 11352, or 11359, subdivision (a) of Section 11360, or Section 11366, 11366.6, 11377, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11383, if the offense occurs on the subject real property and is documented by the observations of a peace officer.

(d) Notwithstanding subdivision (b) of Section 68097.2 of the Government Code, a public entity may waive all or part of the costs incurred in furnishing the testimony of a peace officer in an unlawful detainer action brought pursuant to this section.

(e) The notice and documentation described in paragraph (1) of subdivision (a) shall be given in writing and may be given either by personal delivery or by deposit in the United States mail in a sealed envelope, postage prepaid, addressed to the owner at the address known to the public entity giving the notice, or as shown on the last equalized assessment roll, if not known. Separate notice and documentation shall be provided to the tenant in accordance with this subdivision. Service by mail shall be deemed to be completed at the time of deposit in the United States mail. Proof of giving the notice may be made by a declaration signed under penalty of perjury by any employee of the public entity which shows service in conformity with this section.

(f) This section shall only apply to the following courts in the County of Los Angeles:

(ii) The number of instances in which a tenant vacated a unit prior to the providing of the notice.

(iii) The number of other resolutions (specify resolution).

(2) Commencing January 1, 2002, information compiled pursuant to this section shall be reported annually to the Judicial Council on or before January 30 of each year. The Judicial Council shall thereafter submit a brief report to the Senate and Assembly Judiciary Committees on or before January 31, 2004, summarizing the information collected pursuant to this section and evaluating the merits of the pilot program established by this section.

(h) This section shall remain in effect only until January 1, 2005, and as of that date is repealed unless a later enacted statute deletes or extends that date.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 3. SEC. 15. Section 18252 of the Health and Safety Code is amended to read:

18252. The Legislature finds and declares that the inclusion of specific standards within a statute often precludes the rapid and flexible action needed to correct substandard conditions, and that it is desirable to delete outdated requirements, and to add new and useful requirements designed to protect the health, safety, and general welfare of park residents or to encourage use of new technologies in the development of mobilehome parks.

SEC. 16. Section 18254 of the Health and Safety Code is amended to read:

18254. (a) It is the purpose of this part to accomplish both of the following:

(1) Assure protection of the health, safety, and general welfare of all mobilehome park residents.

(2) Allow modifications in regulations adopted pursuant to this part in a manner consistent with the criteria established in this part.

(b) The regulations adopted by the department pursuant to the authority granted in this part shall provide equivalent or greater protection to residents of mobilehome parks than the statutes and regulations in effect prior to January 1, 1978.

SEC. 17. Section 18300 of the Health and Safety Code is amended to read:

18300. (a) This part applies to all parts of the state and supersedes any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to this part. Except as provided in Section 18930, the department may adopt regulations to interpret and make specific this part and, when adopted, the regulations shall apply to all parts of the state.

(b) Upon 30 days' written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of both this part and Part 2.3 (commencing with Section 18860) and the regulations adopted pursuant to this part and Part 2.3 (commencing with Section 18860) following approval by the department for the assumption.

(c) The department shall adopt regulations that set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations that set forth the conditions for assumption shall relate solely to the ability of local agencies to enforce properly this part and the regulations adopted pursuant to this part. The regulations that set forth the conditions for assumption shall not set requirements for local agencies different than those that the state maintains for its own enforcement program. When assumption is

approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of this part or the regulations adopted pursuant to this part by a city, county, or city and county, the department shall enforce both this part and Part 2.3 (commencing with Section 18860) and the regulations adopted pursuant to this part and Part 2.3 (commencing with Section 18860) in the city, county, or city and county, after the department has given written notice to the governing body of the city, county, or city and county, setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of the notice.

(2) Where the department determines that the local enforcement agency is not properly enforcing this part or Part 2.3 (commencing with Section 18860), the local enforcement agency may appeal the decision to the director of the department.

(e) Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of both this part and Part 2.3 (commencing with Section 18860). The department, upon receipt of the notice, shall assume responsibility within 30 days.

(f) Every city, county, or city and county, within its jurisdiction, shall enforce this part and the regulations adopted pursuant to this part, as they relate to manufactured homes, mobilehomes, or recreational vehicles, and to accessory buildings or structures located in both of the following areas:

(1) Inside of parks while the city, county, or city and county has assumed responsibility for enforcement of both this part and Part 2.3 (commencing with Section 18860).

(2) Outside of parks.

(g) This part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers, from doing any of the following:

(1) From establishing, subject to the requirements of Sections 65852.3 and 65852.7 of the Government Code, certain zones for manufactured homes, mobilehomes, and mobilehome parks within the city, county, or city and county, or establishing types of uses and locations, including family mobilehome parks, senior mobilehome parks, mobilehome condominiums, mobilehome subdivisions, or mobilehome planned unit developments within the city, county, or city and county, as defined in the zoning ordinance, or from adopting rules

and regulations by ordinance or resolution prescribing park perimeter walls or enclosures on public street frontage, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks.

(2) From regulating the construction and use of equipment and facilities located outside of a manufactured home or mobilehome used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when the facilities are located outside a park for which a permit is required by this part or the regulations adopted pursuant thereto.

(3) From requiring a permit to use a manufactured home or mobilehome outside a park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of manufactured homes and mobilehomes, which permit may be refused or revoked if the use violates this part or Part 2 (commencing with Section 18000), any regulations adopted pursuant thereto, or any local ordinance applicable to that use.

(4) From requiring a local building permit to construct an accessory structure for a manufactured home or mobilehome when the manufactured home or mobilehome is located outside a mobilehome park, under circumstances when this part or Part 2 (commencing with Section 18000) and the regulations adopted pursuant thereto do not require the issuance of a permit therefor by the department.

(5) From authorizing the creation, movement, shifting, or alteration of mobilehome park lot lines as specified in Section 18610.5.

(6) From prescribing and enforcing setback and separation requirements governing the installation of a manufactured home, mobilehome, or mobilehome accessory structure or building installed outside of a mobilehome park.

(h) (1) A city, including a charter city, county, or city and county, shall not require the average density in a new park to be less than that permitted by the applicable zoning ordinance, plus any density bonus, as defined in Section 65915 of the Government Code, for other affordable housing forms.

(2) A city, including a charter city, county, or city and county, shall not require a new park to include a clubhouse. Recreational facilities, recreational areas, accessory structures, or improvements may be required only to the extent that the facilities or improvements are required in other types of residential developments containing a like number of residential dwelling units.

(3) A city, including a charter city, county, or city and county, shall not require the setback and separation requirements authorized by paragraph (6) of subdivision (g) to be greater than those permitted by applicable ordinances for other housing forms.

(i) The department may, at the department's sole option, enforce plan review activities associated with this part and the rules and regulations adopted thereunder through department-approved plan checking agencies. The department shall adopt regulations for approving and monitoring plan checking agencies, including, but not limited to, all of the following criteria:

(1) Freedom of any conflict of interest.

(2) Qualifications of personnel.

(3) A prohibition against collusive or fraudulent actions related to the performance of activities required by this part.

(4) Establishment of a schedule of fees to offset the department's cost of administering the approval and monitoring activities.

(5) Establishment of procedures for reimbursement to plan checking agencies for plan review services rendered.

(6) Establishment of a schedule of citations and administrative fines issued by the department upon finding a violation of this subdivision on the part of a plan checking agency.

(7) Any other conditions of operation the department may reasonably require.

(j) (1) The department may, by regulation, provide for the qualification of plan checking agencies to perform reviews of plans and specifications for the construction of mobilehome parks and to perform reviews of plans and specifications for the construction of additional buildings or lots, the alteration of buildings, lots, or other installations, in an existing mobilehome park, in areas in which the department is the enforcement agency. The regulations shall specify that all approved plan checking agencies shall employ at least one architect or engineer, licensed by the state, and that the architect or engineer shall be responsible for all plan review activity specified in this part. Plans approved by department-approved agencies shall be deemed the equivalent of department approval of those plans.

(2) No agency approved to serve as a plan checking agency pursuant to this subdivision shall have a financial interest in any mobilehome park, with any owner, developer, or contractor of a mobilehome park, or in any entity used by the department for the purpose of performing oversight of the performance of plan checking agencies.

18300.25. (a) The provisions of this part shall apply to any portion of a special occupancy park, as defined in Section 18862.43, that is also a mobilehome park, as defined in Section 18214. However, if a portion of a park is permanently dedicated to recreational vehicles, the provisions of Part 2.3 (commencing with Section 18860) apply in that portion of the park.

(b) The department shall not charge an owner of a park that is both a special occupancy park and a mobilehome park more than one annual operating permit fee pursuant to Sections 18502 and 18870.2.

(b) Plan checking fees equal to one-half of the construction, plumbing, mechanical, and electrical permit fees, except that the minimum fee shall be ten dollars ($10).

(c) (1) An annual operating permit fee of twenty-five dollars ($25) and an additional two dollars ($2) per lot.

(2) An additional annual fee of four dollars ($4) per lot shall be paid to the department or the local enforcement agency, as appropriate, at the time of payment of the annual operating fee. All revenues derived from this fee shall be used exclusively for the inspection of mobilehome parks and mobilehomes to determine compliance with the Mobilehome Parks Act (Part 2.1 (commencing with Section 18200)) and any regulations adopted pursuant to the act.

(3) The Legislature hereby finds and declares that the health and safety of mobilehome park occupants is a matter of public interest and concern and that the fee paid pursuant to paragraph (2) shall be used exclusively for the inspection of mobilehome parks and mobilehomes to ensure that the living conditions of mobilehome park occupants meet the health and safety standards of this part and the regulations adopted pursuant thereto. Therefore, notwithstanding any other provisions of law or local ordinance, rule, regulation, or initiative measure to the contrary, the holder of the permit to operate the mobilehome park shall be entitled

(e) Duplicate permit fee or amended permit fee of ten dollars ($10).

CHAPTER 3. FINDINGS AND PURPOSES

18863. The Legislature finds and declares that increasing numbers of Californians own and use recreational vehicles for recreation, vacations, and temporary housing. Because these vehicles are highly mobile and use various facilities throughout the state, there is a need for consistent and uniform statewide regulations for special occupancy parks to assure their health, safety, and general welfare, and a decent living environment.

18863.1. The Legislature finds and declares that the standards and requirements established for construction, maintenance, occupancy, use, and design of parks should guarantee park occupants or residents maximum protection of their investment and a decent living environment. At the same time, the standards and requirements should be flexible enough to accommodate new technologies and to allow designs that reduce costs and enhance the living environment of park occupants or residents.

18863.2. The Legislature finds and declares that inclusion of specific standards within a statute often precludes the rapid and flexible action needed to correct substandard conditions, and that it is desirable to delete outdated requirements, and to add new and useful requirements designed to protect the health, safety, and general welfare of park occupants or residents or to encourage use of new technologies in the development of parks.

18863.3. The Legislature finds and declares that the specific requirements relating to construction, maintenance, occupancy, use, and design of parks are best developed by the department in accordance with the criteria established by this part. Placing this responsibility with the department will allow for modifications of specific requirements in a rapid fashion and in a manner responsive to the needs of park occupants or residents and owners.

18863.4. (a) It is the purpose of this part to accomplish both of the following:

(1) Assure protection of the health, safety, and general welfare of all park occupants or residents.

(2) Allow modifications in regulations adopted pursuant to this part in a manner consistent with the criteria established in this part.

(b) The regulations adopted by the department pursuant to the authority granted in this part shall provide equivalent or greater protection to occupants or residents of parks than the statutes and regulations in effect prior to January 1, 1978.

CHAPTER 4. APPLICATION AND SCOPE

18865. (a) This part applies to all parts of the state and supersedes any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to this part. Except as provided in Section 18930, the department may adopt regulations to interpret and make specific this part and, when adopted, the regulations shall apply to all parts of the state.

(b) Upon 30 days' written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of both this part and Part 2.1 (commencing with Section 18200) and the regulations adopted pursuant to this part following approval by the department for the assumption.

(c) The department shall adopt regulations that set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations shall relate solely to the ability of local agencies to enforce properly this part and the regulations adopted pursuant to this part. The regulations shall not set requirements for local

agencies different than those that the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of special occupancy parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of this part or the regulations adopted pursuant to this part by a city, county, or city and county, the department shall enforce both this part and Part 2.1 (commencing with Section 18200) and the regulations adopted pursuant to this part and Part 2.1 in the city, county, or city and county, after the department has given written notice to the governing body of the city, county, or city and county, setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of the notice.

(2) Where the department determines that the local enforcement agency is not properly enforcing this part, the local enforcement agency may appeal the decision to the director of the department.

(e) Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of both this part and Part 2.1 (commencing with Section 18200). The department, upon receipt of the notice, shall assume responsibility within 30 days.

(f) Every city, county, or city and county, within its jurisdiction, shall enforce this part and the regulations adopted pursuant to this part, as they relate to recreational vehicles and to accessory buildings or structures located in both of the following areas: (1) inside of parks where the city, county, or city and county has assumed responsibility for enforcement of both this part and Part 2.1 (commencing with Section 18200), and (2) outside of parks.

(g) This part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers, from doing any of the following:

(1) Establishing, subject to the requirements of Sections 65852.3 and 65852.7 of the Government Code, certain zones for special occupancy parks within the city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing park perimeter walls or enclosures on public street frontage, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for special occupancy parks.

(2) Regulating the construction and use of equipment and facilities located outside of a recreational vehicle used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when

the facilities are located outside a park for which a permit is required by this part or the regulations adopted pursuant thereto.

(3) Requiring a permit to use a recreational vehicle outside a park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of recreational vehicles, which permit may be refused or revoked if the use violates this part or Part 2 (commencing with Section 18000), any regulations adopted pursuant thereto, or any local ordinance applicable to that use or Part 2.1 (commencing with Section 18200).

(4) Authorizing the creation, movement, shifting, or alteration of park lot lines as specified in Section 18872.1.

(h) A city, including a charter city, county, or city and county, shall not require a new park to include a clubhouse. Recreational facilities, recreational areas, accessory structures, or improvements may be required only to the extent that the facilities or improvements are required in other types of similar recreational facilities, if any, in the city, county, or city and county.

(i) The department may, at the department's sole option, enforce plan review activities associated with this part and the rules and regulations adopted thereunder through department-approved plan checking agencies. The department shall adopt regulations for approving and monitoring plan checking agencies, including, but not limited to, all of the following criteria:

(1) Freedom of any conflict of interest.

(2) Qualifications of personnel.

(3) A prohibition against collusive or fraudulent actions related to the performance of activities required by this part.

(4) Establishment of a schedule of fees to offset the department's cost of administering the approval and monitoring activities.

(5) Establishment of procedures for reimbursement to plan checking agencies for plan review services rendered.

(6) Establishment of a schedule of citations and administrative fines issued by the department upon finding a violation of this subdivision on the part of a plan checking agency.

(7) Any other conditions of operation the department may reasonably require.

(j) (1) The department may, by regulation, provide for the qualification of plan checking agencies to perform reviews of plans and specifications for the construction of special occupancy parks and to perform reviews of plans and specifications for the construction of additional buildings or lots, the alteration of buildings, lots, or other installations, in an existing special occupancy park, in areas in which the department is the enforcement agency. The regulations shall specify that

all approved plan checking agencies shall employ at least one architect or engineer, licensed by the state, and that the architect or engineer shall be responsible for all plan review activity specified in this part. Plans approved by department-approved agencies shall be deemed the equivalent of department approval of those plans.

(2) No agency approved to serve as a plan checking agency pursuant to this subdivision shall have a financial interest in any special occupancy park, with any owner, developer, or contractor of a special occupancy park, or in any entity used by the department for the purpose of performing oversight of the performance of plan checking agencies.

18865.05. (a) This part shall also apply to any portion of a mobilehome park that is also a special occupancy park, as defined in Section 18862.43.

(b) The department shall not charge an owner of a park that is both a special occupancy park and a mobilehome park more than one annual operating permit fee pursuant to Sections 18502 and 18870.2.

18865.1. Any person may file an application with the governing body of any city, city and county, or county for a conditional use permit for a special occupancy park. The governing body, or the planning commission if designated by the governing body, shall hold a public hearing on any such application. Notice of the time and place of the hearing, including a general explanation of the matter to be considered and including a general description of the area affected, shall be given at least two weeks before the hearing and shall be published at least once in a newspaper of general circulation, published and circulated in the city, city and county, or county, as the case may be. When any hearing is held on an application for a conditional use permit for a special occupancy park, a staff report with recommendations and the basis for such recommendations shall be included in the record of the hearing. The decision of the governing body shall be final and the reasons for the decision shall be included in the record.

18865.2. (a) In any city, county, or city and county that has imposed a time limitation for occupancy of spaces in special occupancy parks, any special occupancy park owner may apply for an exemption to that limitation. The exemption shall be granted unless the city, county, or city and county makes a substantial finding that based on, but not limited to, the lack of needed overnight or tourist spaces in those special occupancy parks in the city, county, or city and county, that the exemption of the applicant's special occupancy park from the time limitation would cause specific adverse impacts which cannot be mitigated or avoided by providing partial exemptions as set forth in subdivision (b) or by imposing conditions pursuant to subdivision (c).

(b) The requirements of subdivision (a) may be satisfied by partial exemption if either of the following applies:

(1) A number of spaces in a special occupancy park are set aside for short-term occupancy, and the remaining spaces are exempted by the city, county, or city and county from the occupancy limitation.

(2) A city, county, or city and county finds that by increasing the maximum length of stay to a specified additional period of time for the applicant, the problems raised by the applicant for an exemption are satisfied.

(c) As an alternative to granting a partial exemption pursuant to subdivision (a), in approving a request for an exemption from special occupancy park time limitations, a city, county, or city and county may:

(1) Impose conditions to assure there will be no adverse impact on local school districts due to the additional enrollment of residents of a special occupancy park.

(2) Assure that a special occupancy park is in compliance with all regulations adopted pursuant to this part.

(d) If an exemption to a time limitation for occupancy of spaces in a special occupancy park is applied for pursuant to subdivision (a) and the special occupancy park for which the exemption is requested is located within the coastal zone, as defined in Section 30103 of the Public Resources Code, the exemption shall be granted, only, if in addition to meeting the requirements set forth in subdivision (a), the city, county, or city and county finds that granting the exemption is consistent with its certified local coastal program. If granting the exemption would be inconsistent with an approved or certified local coastal program, the applicant for the exemption may petition the appropriate city, county, or city and county to seek an amendment to its certified local coastal program. If, after consultation with the California Coastal Commission, it is determined that an amendment to the certified local coastal program is required in order to grant the exemption, the city, county, or city and county may request an amendment to the certified local coastal program within 90 days of the applicant's filing of the petition. This request may be made without regard to the limitation on the number of the amendments that can be requested during any year, pursuant to Section 30514 of the Public Resources Code. The California Coastal Commission shall certify the amendment to the local coastal program unless it finds that the certification would not be consistent with Chapter 3 (commencing with Section 30200) of Division 20 of the Public Resources Code.

18865.3. The department shall adopt regulations for special occupancy parks which shall take into consideration any special conditions as location, physical environment, density of usage, type of operation, type of vehicles to be accommodated, and duration of occupancy. These regulations shall establish requirements that are

determined by the department to be reasonable and necessary for the protection of life and property.

18865.4. This part does not apply to any park or camping area owned, operated, and maintained by any of the following:

(a) The federal government.

(b) The state.

(c) Any agency or political subdivision of the state.

(d) Any city, county, or city and county.

18865.5. (a) This part does not apply to any apartment house, hotel, or dwelling that is subject to Part 1.5 (commencing with Section 17910).

(b) This part does not apply to electric, gas, or water facilities owned, operated, and maintained by a public utility.

18865.6. (a) This part is not intended to prevent the use of any material, appliance, installation, device, arrangement, or method of construction not specifically prescribed by this part and the rules and regulations adopted pursuant to this part, if the alternate use has been approved.

(b) The department may approve any alternate use if it finds that the proposed design is satisfactory and that the material, appliance, installation, device, arrangement, method, or work offered is, for the purpose intended, at least the equivalent to that prescribed in this part and the rules and regulations adopted pursuant to this part in quality, strength, effectiveness, fire resistance, durability, safety, and for the protection of life and health.

(c) Whenever there is evidence that any material, appliance, installation, device, arrangement, or method of construction does not conform to the requirements of this part and the rules and regulations promulgated pursuant to this part, or in order to substantiate claims for alternates, the department may require proof of compliance to be made at the expense of the owner or his or her agent.

(d) The department shall notify the appropriate enforcement agency and plan checking agency of its findings.

(e) This section is not applicable to local regulations authorized by this part.

18865.7. (a) The department shall evaluate the enforcement of this part and regulations adopted pursuant to this part by each city, county, or city and county that has assumed responsibility for enforcement.

(b) In performing this evaluation, the department shall have the following authority:

(1) To examine the records of local enforcement agencies and to secure from them reports and copies of their records at any time. However, if the department requires duplication of these records, it shall pay for the costs of duplication.

(2) To carry out any investigations it deems necessary to ensure enforcement of this part and the regulations adopted pursuant thereto.

18865.8. (a) The department may delegate all or any portion of the authority to enforce this part and the regulations adopted pursuant to this part, or to enforce specific sections of this part or those regulations, to a local building department or health department of any city, county, or city and county where the department is the enforcement agency, if all of the following conditions exist:

(1) The delegation of authority is necessary to provide prompt and effective recovery assistance or services during or immediately following a disaster declared by the Governor.

(2) The local building department or health department requests the authority and that request is approved by the governing body having jurisdiction over the local building department or health department.

(3) The department has determined that the local building department or health department possesses the knowledge and expertise necessary to administer the delegated responsibilities.

(b) The delegation of authority shall be limited to the time established by the department as necessary to adequately respond to the disaster, or the time period determined by the department, but in no case shall the period exceed 60 days. The delegation of authority may be limited to specific geographic areas or specific mobilehome parks or recreational vehicle parks at the sole discretion of the department.

(c) Local building departments and health departments acting pursuant to subdivision (a) may charge fees for services rendered, not to exceed the department's approved schedule of fees associated with the services provided. The department may also reimburse these local departments if funds are received for the activities undertaken pursuant to subdivision (a), but no obligation for reimbursement by the department shall accrue unless funds are allocated to the department for this purpose.

CHAPTER 5. ENFORCEMENT, ACTIONS, AND PROCEEDINGS

18866. (a) The department shall enforce this part and the rules and regulations adopted pursuant to this part, except as provided in Section 18865.

(b) The officers or agents of the enforcement agency may do either of the following:

(1) Enter public or private property to determine whether there exists any park to which this part applies.

(2) Enter and inspect all parks, wherever situated, and inspect all accommodations, equipment, or paraphernalia used in connection therewith, including the right to examine any registers of occupants

maintained therein in order to secure the enforcement of this part and the regulations adopted pursuant to this part.

18866.1. Enforcement agencies responsible for the enforcement of this part and the regulations adopted pursuant to this part shall maintain all records on file of special occupancy park inspections.

18866.2. Any notice of violation of this part, or any rule or regulation adopted pursuant thereto, issued by the enforcement agency shall be issued to the appropriate persons designated in Section 18867 and shall include a statement that any willful violation is a misdemeanor under Section 18870.

18866.3. The owner or operator of a park shall abate any nuisance in the park within five days, or within such longer period of time as may be allowed by the enforcement agency, after he or she has been given written notice to remove the nuisance. If he or she fails to do so within that time, the district attorney of the county in which the park, or the greater portion of the park, is situated shall bring a civil action to abate the nuisance in the superior court of the county in the name of the people of the State of California.

18866.4. In any action or proceeding to abate a nuisance in a park, proof of any one of the following facts is sufficient for a judgment or order for the abatement of the nuisance, violation, or operation of the park:

(a) A previous conviction of the owner or operator of a violation of this part or Part 2.1 (commencing with Section 18200) or a regulation adopted pursuant to this part or Part 2.1 (commencing with Section 18200) that constitutes a nuisance or failure on the part of the owner or operator to correct the violation after the conviction.

(b) The violation is the basis for the proceeding.

18866.5. (a) If any park or portion thereof governed by this part is constructed, altered, converted, used, occupied, or maintained in violation of this part, the regulations adopted pursuant to this part, or any order or notice issued by the enforcement agency that allows a reasonable time to correct the violation, the enforcement agency may institute any appropriate action or proceeding to prevent, restrain, correct, or abate the violation.

(b) The superior court may make any order for which application is made pursuant to this part.

18866.6. (a) No enforcement agency shall approve any park fronting upon any coastline, shoreline, river, or waterway or upon any lake or reservoir owned in whole or part by any public agency, including the state, unless the city, county, or city and county having jurisdiction over the property has determined that reasonable public access by fee or easement from public highways exists to the coastline, shoreline, river, waterway, lake or reservoir.

(b) Any public access route or routes required to be provided by the owner shall be expressly designated on a map filed with the county recorder of the county in which the park lies, and the map shall specify the name of the owner of, and particularly describe the property involved, and designate the governmental entity to which the route or routes are dedicated. A governmental entity shall accept the dedication within three years after the recordation or the dedication shall be deemed abandoned.

(c) Any public access required pursuant to this section need not be provided through or across the park if the city, county, or city and county having jurisdiction has made a finding that reasonable public access is otherwise available within a reasonable distance from the park. Any such findings shall be set forth on the recorded map required by this section.

(d) Nothing in this section shall be construed as requiring a park owner to improve any access route or routes that are primarily for the benefit of nontenants, nonoccupants, or nonresidents of the park.

CHAPTER 6. NOTICE OF VIOLATIONS

18867. (a) (1) If, upon inspection, the enforcement agency determines that a special occupancy park is in violation of any provision of this part, or any rule or regulation adopted pursuant thereto, the enforcement agency shall promptly, but not later than 10 days, excluding Saturday, Sunday, and holidays, after the enforcement agency completes the inspection and determines that the alleged violation exists, issue a notice to correct the violation to the owner or operator of the special occupancy park and to the responsible person, as defined in Section 18871.8.

(2) In the event of a violation that constitutes an imminent threat to health and safety, the notice of violation shall be issued immediately and served on the owner or operator of the special occupancy park and to the responsible person, as defined in Section 18871.8.

(3) The owner or operator of the park shall be responsible for the correction of any violations for which a notice of violation has been given pursuant to this subdivision.

(b) (1) If, upon inspection, the enforcement agency determines that a recreational vehicle, an accessory building or structure, or lot is in violation of any provision of Chapter 7 (commencing with Section 18870), Chapter 8 (commencing with Section 18871), Chapter 9 (commencing with Section 18872), or any regulation adopted pursuant thereto, the enforcement agency shall promptly, but not later than 10 days, excluding Saturday, Sunday, and holidays, after the enforcement agency completes the inspection and determines that the alleged violation exists, issue a notice to correct the violation to the registered

owner of the recreational vehicle, with a copy to the occupant thereof, if different from the registered owner.

(2) If a violation is discovered that constitutes an imminent hazard representing an immediate risk to life, health, and safety and requiring immediate correction, the notice of violation shall be issued immediately and served upon the occupant, with a copy mailed to the registered owner of the recreational vehicle, if different from the occupant, to the owner or operator of the special occupancy park, and to the responsible person, as defined in Section 18871.8.

(3) The registered owner or the occupant of the recreational vehicle shall be responsible for the correction of any violations for which a notice of violation has been given pursuant to this subdivision.

(4) The enforcement agency may issue a notice of violation in accordance with this chapter to the owner and occupant of a recreational vehicle, mobilehome, manufactured home, park trailer, or of factory-built housing which occupies a lot within a special occupancy park.

(c) (1) Service of the notice of violation shall be effected either personally or by first-class mail. Each notice of violation shall be in writing and shall describe with particularity the nature of the violation in as clear language as the technicality of the violation will allow the average layperson to understand what is being cited, including a reference to the statutory provisions or regulation alleged to have been violated, as well as any penalty provided by law for failure to make timely correction.

(2) For violations other than imminent threats to health and safety as provided in paragraph (2) of subdivision (a) and paragraph (2) of subdivision (b), the notice of violation shall allow 90 days from the postmarked date of the notice or date of personal delivery for the elimination of the condition constituting the alleged violation.

(3) If, after the reinspection of a violation described in paragraph (2) of this subdivision, the enforcement agency determines that there is a valid reason why a violation has not been corrected, including, but not limited to, weather conditions, illness, availability of repair persons, or availability of financial resources, the enforcement agency may extend the time for correction, at its discretion, for a reasonable period of time after the 90-day period.

(4) Upon a reinspection after the 90-day period of a violation described in paragraph (2) of this subdivision, if a second notice to correct a violation that is the responsibility of the registered owner of the manufactured home or mobilehome or owner of the recreational vehicle pursuant to paragraph (1) of subdivision (b) is issued to the registered owner of a manufactured home or mobilehome or recreational vehicle, with a copy to the occupant thereof, if different from the registered

owner, a copy of the notice shall also be provided to the owner or operator of the special occupancy park, and to the responsible person as defined in Section 18871.3.

(5) If a second notice to correct a park violation pursuant to paragraph (1) of subdivision (a) is issued to the owner or operator of the park and to the responsible person, as defined in Section 18871.3, the enforcement agency shall post a copy of the violation in a conspicuous place in the park common area, and the posted notice shall only be removed by the enforcement agency when the violation is corrected.

(6) All violations described in paragraph (2) of subdivision (a) and paragraph (2) of subdivision (b) shall be corrected within a reasonable time as determined by the enforcement agency. Notices of those violations shall state the time determined by the enforcement agency within which corrections must be made.

(d) Notwithstanding any other provision of law, the enforcement agency may, at its sole discretion, determine not to issue a notice of violation pursuant to this chapter if the condition which violates this part or the regulations adopted pursuant thereto does not constitute an imminent hazard representing an immediate risk to life, health, and safety and requiring immediate correction. If the enforcement agency determines, pursuant to this subdivision, not to issue a notice of violation, the enforcement agency shall include in its inspection report a description of the condition that violates this part and its determination not to issue a notice of violation.

18868. If the owner or operator of the special occupancy park or the registered owner or occupant of the mobilehome, manufactured home, or recreational vehicle disputes a determination by the enforcement agency regarding the alleged violation, the alleged failure to correct the violation in the required timeframe, or the reasonableness of the deadline for correction specified by the notice of violation, the owner or operator of the special occupancy park or the registered owner or occupant of the mobilehome, manufactured home, or recreational vehicle may request an informal conference with the enforcement agency. The informal conference, and any subsequent hearings or appeals of the decision of the enforcement agency, shall be conducted in accordance with procedures prescribed by the department.

18869. The remedies provided by this chapter are cumulative, and shall not be construed to supersede other provisions of law providing sanctions for violators of this part, including, but not limited to, Sections 18870.11 and 18874. Nothing in this chapter shall be construed to restrict any remedy, provisional or otherwise, provided by law for the benefit of any party, and no judgment under this chapter shall preclude any party from obtaining additional relief based upon the same facts.

CHAPTER 7. PERMITS AND FEES

18870. It is unlawful for any person to do any of the following unless he or she has a valid permit issued by the enforcement agency:

(a) Construct a park.

(b) Construct additional buildings or lots, or alter buildings, lots, or other installations, in an existing park.

(c) Operate, occupy, rent, lease, sublease, let out, or hire out for occupancy any lot in a park that has been constructed, reconstructed, or altered without having obtained a permit as required herein.

(d) Operate a park or any portion thereof.

This section shall not apply to any employee housing having a valid annual permit to operate.

18870.1. Applications for a permit to construct or reconstruct shall be accompanied by:

(a) A description of the grounds.

(b) Plans and specifications of the proposed construction.

(c) A description of the water supply, ground drainage and method of sewage disposal.

(d) Appropriate fees.

(e) Evidence of compliance with all valid local planning, health, utility and fire requirements.

18870.2. Fees as applicable shall be submitted for permits:

(a) Fees for a permit to conduct any construction subject to this part as determined by the schedule of fees adopted by the department.

(b) Plan checking fees equal to one-half of the construction, plumbing, mechanical, and electrical permit fees, except that the minimum fee shall be ten dollars ($10).

(c) Except for a temporary recreational vehicle park, an annual operating permit fee of twenty-five dollars ($25) and an additional two dollars ($2) per lot or two dollars ($2) per camping party for the maximum number of camping parties to be accommodated at any one time in an incidental camping area.

(d) Temporary recreational vehicle park operating permit fee of twenty-five dollars ($25), with no additional fee for the lots.

(e) Change in name fee or transfer of ownership or possession fee of ten dollars ($10).

(f) Duplicate permit fee or amended permit fee of ten dollars ($10).

18870.3. (a) Funds collected by the department pursuant to this part shall be deposited into the Mobilehome Parks and Special Occupancy Parks Revolving Fund established pursuant to Section 18502.5. Moneys deposited in the fund shall be available, upon appropriation, to the department for expenditure in carrying out the provisions of this part and Part 2.1 (commencing with Section 18200). The department shall, by

January 1, 2003, establish procedures that permit the identification of revenues received by the fund and expenditures paid out of the fund as they relate to mobilehome parks and special occupancy parks.

(b) Notwithstanding any maximum fees set by this part, the department may set, by regulation, fees charged by the department for all permits and for the department's activities required by this part. The fees shall be set with the primary objective that the aggregate revenue deposited in the Mobilehome Parks and Special Occupancy Parks Revolving Fund by or on behalf of special occupancy parks shall not, on an annual basis, exceed the costs of the department's activities mandated by this part.

(c) No proposed increase in fees may be effective any sooner than 45 days after written notification thereof is provided to the Chairperson of the Joint Legislative Audit Committee and the State Auditor. Upon receipt of the notification, the State Auditor may prepare a report to the Legislature that indicates whether the proposed increase is appropriate and consistent with this part.

(d) The total money contained in the Mobilehome Parks and Special Occupancy Parks Revolving Fund on June 30 of each fiscal year shall not exceed the amount of money needed for the department's operating expenses for one year for the enforcement of this part and Part 2.1 (commencing with Section 18200). If the total money contained in the fund exceeds this amount, the department shall make appropriate reductions in the schedule of fees authorized by this section, Section 18502.5, or both.

18870.4. (a) Except as otherwise provided in subdivision (b), the department by administrative rule and regulation shall establish a schedule of fees relating to all construction, mechanical, electrical, plumbing, and installation permits. The fees shall apply to and be paid to the enforcement agency. Fees established for construction, mechanical, electrical, and plumbing permits shall be reasonably consistent with the current edition of the Uniform Building Code as published by the International Conference of Building Officials, the Uniform Plumbing Code as published by the International Association of Plumbing and Mechanical Officials, and the National Electrical Code as published by the National Fire Protection Association.

(b) Fees for construction, mechanical, electrical, plumbing, and installation permits in temporary recreational vehicle parks shall be determined by the enforcement agency for each project, based on the cost of administration and enforcement, including the cost of determining the amount of fees to be charged.

18870.5. Any person responsible for obtaining any of the permits required by this chapter, Chapter 8 (commencing with Section 18871), or the regulations adopted pursuant to either of these chapters, who fails

to obtain those permits, shall pay double the fees prescribed in this chapter, Chapter 8 (commencing with Section 18871), or the regulations adopted pursuant to either of these chapters, as applicable.

18870.6. A permit to operate shall be issued by the department following notification by the local enforcement agency of completion of construction of a new park or additional lots to an existing park. The local enforcement agency shall, by approving the application for a permit to operate, authorize occupancy of the newly constructed facilities. Upon approval by the local enforcement agency, one copy of the permit application shall be provided to the applicant and one copy shall be forwarded to the department.

18870.7. Permits to operate shall be issued by the enforcement agency. A copy of each permit to operate shall be forwarded to the department. No permit to operate shall be issued for a park when the previous operating permit has been suspended by the enforcement agency until the violations that were the basis for the suspension have been corrected. No park that was in existence on September 15, 1961, shall be denied a permit to operate if the park complied with the law that this part directly or indirectly supersedes. Permits to operate shall be issued for a 12-month period and invoiced according to a method and schedule established by the department. Permit applications returned to the enforcement agency 30 days after the due date shall be subject to a penalty fee equal to 10 percent of the established fee. The penalty fee for submitting a permit application 60 or more days after the due date shall equal 100 percent of the established permit fee. These penalties and the established permit fees shall be paid prior to issuance of the permit, and the fee and 100 percent penalty shall be due upon demand of the enforcement agency for any park that has not applied for a permit.

18870.8. (a) The enforcement agency shall be notified by the new owner or operator of any park of any change in the name or ownership or possession thereof. The notice shall be in written form and shall be furnished within 30 days from and after any such change in name or transfer of ownership or possession. The notice shall be accompanied by the appropriate fees to the enforcement agency. Following receipt of the notice and fee, the enforcement agency shall record the change of ownership or possession and shall issue an amended permit to operate, except as provided in Section 18870.7.

(b) In case of any change in name or transfer of ownership or possession prior to completion of construction, no additional fee for a construction permit is required, provided that the new owner completes construction in accordance with prior enforcement agency approved plans and specifications. However, if there is any substantial deviation from the approved plans and specifications, a new application for a

permit to construct shall be submitted, accompanied by revised plans and specifications and the appropriate fees.

18870.9. Permits for construction and operation shall be posted in a conspicuous place.

18870.10. All permits as required by this chapter for construction or reconstruction shall automatically expire within six months from the date of issuance thereof in those cases where the construction or reconstruction has not been completed within that period. However, the enforcement agency may extend the expiration date of the permit for a reasonable time.

18870.11. If any person who holds a permit to operate violates the permit or this part, the permit may be suspended by the enforcement agency. This section does not, however, authorize the suspension of a permit of any park existing on September 15, 1961, for any violation of this part directly or indirectly that was not a violation of the law that this part supersedes.

18870.12. The enforcement agency shall issue and serve upon the permittee a notice setting forth in what respect the provisions of the permit or this code have been violated, and shall notify him or her that unless these provisions have been complied with within 30 days after the date of notice, the permit shall be subject to suspension.

18870.13. The notice shall be served by posting at least one copy in a conspicuous place on the premises described in the permit, and by sending another copy by registered mail, postage prepaid, return receipt requested, to the person to whom the permit was issued at the address therein given.

18870.14. Any permittee receiving a notice issued pursuant to Section 18870.12 may request and shall be granted a hearing on the matter before an authorized representative of the enforcement agency. (2) At least 20 days before the date of sale, deposit or cause to be deposited in the United States mail an envelope, sent by registered or certified mail with postage prepaid, containing a copy of the notice of the time and place of sale, addressed to each person whose name and address are set forth in a duly recorded request therefor, directed to the address designated in the request and to each trustor or mortgagor at his or her last known address if different than the address specified in the deed of trust or mortgage with power of sale.

(3) As used in paragraphs (1) and (2), the ''last known address'' of each trustor or mortgagor means the last business or residence address actually known by the mortgagee, beneficiary, trustee, or other person authorized to record the notice of default. The beneficiary shall inform the trustee of the trustor's last address actually known by the beneficiary. However, the trustee shall incur no liability for failing to send any notice to the last address unless the trustee has actual knowledge of it.

(c) The mortgagee, trustee, or other person authorized to record the notice of default shall do the following:

(1) Within one month following recordation of the notice of default, deposit or cause to be deposited in the United States mail an envelope, sent by registered or certified mail with postage prepaid, containing a copy of the notice with the recording date shown thereon, addressed to each person set forth in paragraph (2), provided that the estate or interest of any person entitled to receive notice under this subdivision is acquired by an instrument sufficient to impart constructive notice of the estate or interest in the land or portion thereof which is subject to the deed of trust or mortgage being foreclosed, and provided the instrument is recorded in the office of the county recorder so as to impart that constructive notice prior to the recording date of the notice of default and provided the instrument as so recorded sets forth a mailing address which the county recorder shall use, as instructed within the instrument, for the return of the instrument after recording, and which address shall be the address used for the purposes of mailing notices herein.

(2) The persons to whom notice shall be mailed under this subdivision are:

(A) The successor in interest, as of the recording date of the notice of default, of the estate or interest or any portion thereof of the trustor or mortgagor of the deed of trust or mortgage being foreclosed.

(B) The beneficiary or mortgagee of any deed of trust or mortgage recorded subsequent to the deed of trust or mortgage being foreclosed,

or recorded prior to or concurrently with the deed of trust or mortgage being foreclosed but subject to a recorded agreement or a recorded statement of subordination to the deed of trust or mortgage being foreclosed.

(C) The assignee of any interest of the beneficiary or mortgagee described in subparagraph (B), as of the recording date of the notice of default.

(D) The vendee of any contract of sale, or the lessee of any lease, of the estate or interest being foreclosed which is recorded subsequent to the deed of trust or mortgage being foreclosed, or recorded prior to or concurrently with the deed of trust or mortgage being foreclosed but subject to a recorded agreement or statement of subordination to the deed of trust or mortgage being foreclosed.

(E) The successor in interest to the vendee or lessee described in subparagraph (D), as of the recording date of the notice of default.

(F) The Office of the Controller, Sacramento, California, where, as of the recording date of the notice of default, a ''Notice of Lien for Postponed Property Taxes'' has been recorded against the real property to which the notice of default applies.

(3) At least 20 days before the date of sale, deposit or cause to be deposited in the United States mail, an envelope, sent by registered or certified mail with postage prepaid, containing a copy of the notice of the time and place of sale addressed to each person to whom a copy of the notice of default is to be mailed as provided in paragraphs (1) and (2), and addressed to the office of any state taxing agency, Sacramento, California, which has recorded a notice of tax lien prior to the recording date of the notice of default against the real property to which the notice of default applies.

(4) Provide a copy of the notice of sale to the Internal Revenue Service, in accordance with Section 7425 of the Internal Revenue Code and any applicable federal regulation, if a ''Notice of Federal Tax Lien under Internal Revenue laws'' has been recorded against the real property to which the notice of sale applies.

(5) The mailing of notices in the manner set forth in paragraph (1) shall not impose upon any licensed attorney, agent, or employee of any person entitled to receive notices as herein set forth any duty to communicate the notice to the entitled person from the fact that the mailing address used by the county recorder is the address of the attorney, agent, or employee.

(d) Any deed of trust or mortgage with power of sale hereafter executed upon real property or an estate for years therein may contain a request that a copy of any notice of default and a copy of any notice of sale thereunder shall be mailed to any person or party thereto at the address of the person given therein, and a copy of any notice of default

and of any notice of sale shall be mailed to each of these at the same time and in the same manner required as though a separate request therefor had been filed by each of these persons as herein authorized. If any deed of trust or mortgage with power of sale executed after September 19, 1939, except a deed of trust or mortgage of any of the classes excepted from the provisions of Section 2924, does not contain a request of the trustor or mortgagor for special notice at the address of the person given therein or does contain such a request but no address of the person is given therein and if no request for special notice by the trustor or mortgagor in substantially the form set forth in this section has subsequently been recorded, a copy of the notice of default shall be published once a week for at least four weeks in a newspaper of general circulation in the county in which the property is situated, the publication to commence within 10 business days after the filing of the notice of default. In lieu of publication, a copy of the notice of default may be delivered personally to the trustor or mortgagor within the 10 business days or at any time before publication is completed, or by posting the notice of default in a conspicuous place on the property and mailing the notice to the last known address of the trustor.

(e) Any person required to mail a copy of a notice of default or notice of sale to each trustor or mortgagor pursuant to subdivision (b) or (c) by registered or certified mail shall simultaneously cause to be deposited in the United States mail, with postage prepaid and mailed by first-class mail, an envelope containing an additional copy of the required notice addressed to each trustor or mortgagor at the same address to which the notice is sent by registered or certified mail pursuant to subdivision (b) or (c). The person shall execute and retain an affidavit identifying the notice mailed, showing the name and residence or business address of that person, that he or she is over the age of 18 years, the date of deposit in the mail, the name and address of the trustor or mortgagor to whom sent, and that the envelope was sealed and deposited in the mail with postage fully prepaid. In the absence of fraud, the affidavit required by this subdivision shall establish a conclusive presumption of mailing.

(f) No request for a copy of any notice filed for record pursuant to this section, no statement or allegation in the request, and no record thereof shall affect the title to real property or be deemed notice to any person that any person requesting copies of notice has or claims any right, title, or interest in, or lien or charge upon the property described in the deed of trust or mortgage referred to therein.

(g) ''Business day,'' as used in this section, has the meaning specified in Section 9.

SEC. 3. Section 2924c of the Civil Code is amended to read:

2924c. (a) (1) Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property or an

estate for years therein hereafter executed has, prior to the maturity date fixed in that obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of that obligation or of the deed of trust or mortgage, taxes, assessments, premiums for insurance, or advances made by beneficiary or mortgagee in accordance with the terms of that obligation or of the deed of trust or mortgage, the trustor or mortgagor or his or her successor in interest in the mortgaged or trust property or any part thereof, or any beneficiary under a subordinate deed of trust or any other person having a subordinate lien or encumbrance of record thereon, at any time within the period specified in subdivision (e), if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest, respectively, the entire amount due, at the time payment is tendered, with respect to (A) all amounts of principal, interest, taxes, assessments, insurance premiums, or advances actually known by the beneficiary to be, and that are, in default and shown in the notice of default, under the terms of the deed of trust or mortgage and the obligation secured thereby, (B) all amounts in default on recurring obligations not shown in the notice of default, and (C) all reasonable costs and expenses, subject to subdivision (c), which are actually incurred in enforcing the terms of the obligation, deed of trust, or mortgage, and trustee's or attorney's fees, subject to subdivision (d), other than the portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if the acceleration had not occurred. This section does not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the Public Utilities Code. For the purposes of this subdivision, the term ''recurring obligation'' means all amounts of principal and interest on the loan, or rents, subject to the deed of trust or mortgage in default due after the notice of default is recorded; all amounts of principal and interest or rents advanced on senior liens or leaseholds which are advanced after the recordation of the notice of default; and payments of taxes, assessments, and hazard insurance advanced after recordation of the notice of default. Where the beneficiary or mortgagee has made no advances on defaults which would constitute recurring obligations, the beneficiary or mortgagee may require the trustor or mortgagor to provide reliable written evidence that the amounts have been paid prior to reinstatement.

(2) If the trustor, mortgagor, or other person authorized to cure the default pursuant to this subdivision does cure the default, the beneficiary or mortgagee or the agent for the beneficiary or mortgagee shall, within 21 days following the reinstatement, execute and deliver to the trustee a notice of rescission which rescinds the declaration of default and demand for sale and advises the trustee of the date of reinstatement. The trustee shall cause the notice of rescission to be recorded within 30 days of receipt of the notice of rescission and of all allowable fees and costs.

No charge, except for the recording fee, shall be made against the trustor or mortgagor for the execution and recordation of the notice which rescinds the declaration of default and demand for sale.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

''IMPORTANT NOTICE [14-point boldface type if printed or in capital letters if typed]

IF YOUR PROPERTY IS IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR PAYMENTS, IT MAY BE SOLD WITHOUT ANY COURT ACTION, [14-point boldface type if printed or in capital letters if typed] and you may have the legal right to bring your account in good standing by paying all of your past due payments plus permitted costs and expenses within the time permitted by law for reinstatement of your account, which is normally five business days prior to the date set for the sale of your property. No sale date may be set until three months from the date this notice of default may be recorded (which date of recordation appears on this notice).

This amount is _____ as of _____
(Date)

and will increase until your account becomes current.

While your property is in foreclosure, you still must pay other obligations (such as insurance and taxes) required by your note and deed of trust or mortgage. If you fail to make future payments on the loan, pay taxes on the property, provide insurance on the property, or pay other obligations as required in the note and deed of trust or mortgage, the beneficiary or mortgagee may insist that you do so in order to reinstate your account in good standing. In addition, the beneficiary or mortgagee may require as a condition to reinstatement that you provide reliable

written evidence that you paid all senior liens, property taxes, and hazard insurance premiums.

Upon your written request, the beneficiary or mortgagee will give you a written itemization of the entire amount you must pay. You may not have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay all amounts in default at the time payment is made. However, you and your beneficiary or mortgagee may mutually agree in writing prior to the time the notice of sale is posted (which may not be earlier than the end of the three-month period stated above) to, among other things, (1) provide additional time in which to cure the default by transfer of the property or otherwise; or (2) establish a schedule of payments in order to cure your default; or both (1) and (2).

Following the expiration of the time period referred to in the first paragraph of this notice, unless the obligation being foreclosed upon or a separate written agreement between you and your creditor permits a longer period, you have only the legal right to stop the sale of your property by paying the entire amount demanded by your creditor.

To find out the amount you must pay, or to arrange for payment to stop the foreclosure, or if your property is in foreclosure for any other reason, contact:

_____

(Mailing address)

(Telephone)

If you have any questions, you should contact a lawyer or the governmental agency which may have insured your loan.

Notwithstanding the fact that your property is in foreclosure, you may offer your property for sale, provided the sale is concluded prior to the conclusion of the foreclosure.

Remember, YOU MAY LOSE LEGAL RIGHTS IF YOU DO NOT TAKE PROMPT ACTION. [14-point boldface type if printed or in capital letters if typed]''

Unless otherwise specified, the notice, if printed, shall appear in at least 12-point boldface type.

If the obligation secured by the deed of trust or mortgage is a contract or agreement described in paragraph (1) or (4) of subdivision (a) of

Section 1632, the notice required herein shall be in Spanish if the trustor requested a Spanish language translation of the contract or agreement pursuant to Section 1632. If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to Title 2 (commencing with Section 1801), the seller shall specify on the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of the contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or the assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (c) of Section 2924b shall be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(c) Costs and expenses which may be charged pursuant to Sections 2924 to 2924i, inclusive, shall be limited to the costs incurred for recording, mailing, including certified and express mail charges, publishing, and posting notices required by Sections 2924 to 2924i, inclusive, postponement pursuant to Section 2924g not to exceed fifty dollars ($50) per postponement and a fee for a trustee's sale guarantee or, in the event of judicial foreclosure, a litigation guarantee. For purposes of this subdivision, a trustee or beneficiary may purchase a trustee's sale guarantee at a rate meeting the standards contained in Sections 12401.1 and 12401.3 of the Insurance Code.

(d) Trustee's or attorney's fees which may be charged pursuant to subdivision (a), or until the notice of sale is deposited in the mail to the trustor as provided in Section 2924b, if the sale is by power of sale contained in the deed of trust or mortgage, or, otherwise at any time prior to the decree of foreclosure, are hereby authorized to be in a base amount that does not exceed three hundred dollars ($300) if the unpaid principal sum secured is one hundred fifty thousand dollars ($150,000) or less, or two hundred fifty dollars ($250) if the unpaid principal sum secured exceeds one hundred fifty thousand dollars ($150,000), plus one-half of 1 percent of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-eighth of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars

($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where the charge does not exceed the amounts authorized herein. For purposes of this subdivision, the unpaid principal sum secured shall be determined as of the date the notice of default is recorded.

(e) Reinstatement of a monetary default under the terms of an obligation secured by a deed of trust, or mortgage may be made at any time within the period commencing with the date of recordation of the notice of default until five business days prior to the date of sale set forth in the initial recorded notice of sale.

In the event the sale does not take place on the date set forth in the initial recorded notice of sale or a subsequent recorded notice of sale is required to be given, the right of reinstatement shall be revived as of the date of recordation of the subsequent notice of sale, and shall continue from that date until five business days prior to the date of sale set forth in the subsequently recorded notice of sale.

In the event the date of sale is postponed on the date of sale set forth in either an initial or any subsequent notice of sale, or is postponed on the date declared for sale at an immediately preceding postponement of sale, and, the postponement is for a period which exceeds five business days from the date set forth in the notice of sale, or declared at the time of postponement, then the right of reinstatement is revived as of the date of postponement and shall continue from that date until five business days prior to the date of sale declared at the time of the postponement.

Nothing contained herein shall give rise to a right of reinstatement during the period of five business days prior to the date of sale, whether the date of sale is noticed in a notice of sale or declared at a postponement of sale.

Pursuant to the terms of this subdivision, no beneficiary, trustee, mortgagee, or their agents or successors shall be liable in any manner to a trustor, mortgagor, their agents or successors or any beneficiary under a subordinate deed of trust or mortgage or any other person having a subordinate lien or encumbrance of record thereon for the failure to allow a reinstatement of the obligation secured by a deed of trust or mortgage during the period of five business days prior to the sale of the security property, and no such right of reinstatement during this period is created by this section. Any right of reinstatement created by this section is terminated five business days prior to the date of sale set forth in the initial date of sale, and is revived only as prescribed herein and only as of the date set forth herein.

As used in this subdivision, the term ''business day'' has the same meaning as specified in Section 9.

SEC. 4. Section 2924d of the Civil Code is amended to read:

2924d. (a) Commencing with the date that the notice of sale is deposited in the mail, as provided in Section 2924b, and until the property is sold pursuant to the power of sale contained in the mortgage or deed of trust, a beneficiary, trustee, mortgagee, or his or her agent or successor in interest, may demand and receive from a trustor, mortgagor, or his or her agent or successor in interest, or any beneficiary under a subordinate deed of trust, or any other person having a subordinate lien or encumbrance of record those reasonable costs and expenses, to the extent allowed by subdivision (c) of Section 2924c, which are actually incurred in enforcing the terms of the obligation and trustee's or attorney's fees which are hereby authorized to be in a base amount which does not exceed four hundred twenty-five dollars ($425) if the unpaid principal sum secured is one hundred fifty thousand dollars ($150,000) or less, or three hundred sixty dollars ($360) if the unpaid principal sum secured exceeds one hundred fifty thousand dollars ($150,000), plus 1 percent of any portion of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-half of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). For purposes of this subdivision, the unpaid principal sum secured shall be determined as of the date the notice of default is recorded. Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where that charge does not exceed the amounts authorized herein. Any charge for trustee's or attorney's fees made pursuant to this subdivision shall be in lieu of and not in addition to those charges authorized by subdivision (d) of Section 2924c.

(b) Upon the sale of property pursuant to a power of sale, a trustee, or his or her agent or successor in interest, may demand and receive from a beneficiary, or his or her agent or successor in interest, or may deduct from the proceeds of the sale, those reasonable costs and expenses, to the extent allowed by subdivision (c) of Section 2924c, which are actually incurred in enforcing the terms of the obligation and trustee's or attorney's fees which are hereby authorized to be in an amount which does not exceed four hundred twenty-five dollars ($425) or one percent of the unpaid principal sum secured, whichever is greater. For purposes of this subdivision, the unpaid principal sum secured shall be determined as of the date the notice of default is recorded. Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where that charge does not exceed the amount authorized herein. Any charges for trustee's or attorney's fees

made pursuant to this subdivision shall be in lieu of and not in addition to those charges authorized by subdivision (a) of this section and subdivision (d) of Section 2924c.

(c) (1) No person shall pay or offer to pay or collect any rebate or kickback for the referral of business involving the performance of any act required by this article.

(2) Any person who violates this subdivision shall be liable to the trustor for three times the amount of any rebate or kickback, plus reasonable attorney's fees and costs, in addition to any other remedies provided by law.

(3) No violation of this subdivision shall affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value without notice.

(d) It shall not be unlawful for a trustee to pay or offer to pay a fee to an agent or subagent of the trustee for work performed by the agent or subagent in discharging the trustee's obligations under the terms of the deed of trust. Any payment of a fee by a trustee to an agent or subagent of the trustee for work performed by the agent or subagent in discharging the trustee's obligations under the terms of the deed of trust shall be conclusively presumed to be lawful and valid if the fee, when combined with other fees of the trustee, does not exceed in the aggregate the trustee's fee authorized by subdivision (d) of Section 2924c or subdivision (a) or (b) of this section.

(e) When a court issues a decree of foreclosure, it shall have discretion to award attorney's fees, costs, and expenses as are reasonable, if provided for in the note, deed of trust, or mortgage, pursuant to Section 580c of the Code of Civil Procedure.

SEC. 5. Section 2924g of the Civil Code is amended to read:

2924g. (a) All sales of property under the power of sale contained in any deed of trust or mortgage shall be held in the county where the property or some part thereof is situated, and shall be made at auction, to the highest bidder, between the hours of 9 a.m. and 5 p.m. on any business day, Monday through Friday.

The sale shall commence at the time and location specified in the notice of sale. Any postponement shall be announced at the time and location specified in the notice of sale for commencement of the sale or pursuant to paragraph (1) of subdivision (c).

If the sale of more than one parcel of real property has been scheduled for the same time and location by the same trustee, (1) any postponement of any of the sales shall be announced at the time published in the notice of sale, (2) the first sale shall commence at the time published in the notice of sale or immediately after the announcement of any postponement, and (3) each subsequent sale shall take place as soon as possible after the preceding sale has been completed.

(b) When the property consists of several known lots or parcels they shall be sold separately unless the deed of trust or mortgage provides otherwise. When a portion of the property is claimed by a third person, who requires it to be sold separately, the portion subject to the claim may be thus sold. The trustor, if present at the sale, may also, unless the deed of trust or mortgage otherwise provides, direct the order in which property shall be sold, when the property consists of several known lots or parcels which may be sold to advantage separately, and the trustee shall follow that direction. After sufficient property has been sold to satisfy the indebtedness no more can be sold.

If the property under power of sale is in two or more counties the public auction sale of all of the property under the power of sale may take place in any one of the counties where the property or a portion thereof is located.

(c) (1) There may be a postponement of the sale proceedings at any time prior to the completion of the sale at the discretion of the trustee, or upon instruction by the beneficiary to the trustee that the sale proceedings be postponed.

There may be a maximum of three postponements of the sale proceedings pursuant to this subdivision. In the event that the sale proceedings are postponed more than three times, the scheduling of any further sale proceedings shall be preceded by the giving of a new notice of sale in the manner prescribed by Section 2924f.

(2) The trustee shall postpone the sale upon the order of any court of competent jurisdiction, or where stayed by operation of law, or by the mutual agreement, whether oral or in writing, of any trustor and any beneficiary or any mortgagor and any mortgagee. Any postponement pursuant to this paragraph shall not be a postponement for purposes of determining the maximum number of postponements permitted pursuant to this subdivision nor shall a postponement resulting from the prohibition upon a sale within seven days from the expiration of an injunction, restraining order, or stay as provided in subdivision (d) be deemed a postponement for purposes of this subdivision. In addition, one postponement by the trustee based upon a reasonable belief that a petition for bankruptcy has been filed shall not be a postponement for purposes of determining the maximum number of postponements permitted pursuant to this subdivision.

(d) The notice of each postponement and the reason therefor shall be given by public declaration by the trustee at the time and place last appointed for sale. A public declaration of postponement shall also set forth the new date, time, and place of sale and the place of sale shall be the same place as originally fixed by the trustee for the sale. No other notice of postponement need be given. However, the sale shall be conducted no sooner than on the seventh day after the earlier of (1)

dismissal of the action or (2) expiration or termination of the injunction, restraining order, or stay (which required postponement of the sale), whether by entry of an order by a court of competent jurisdiction, operation of law, or otherwise, unless the injunction, restraining order, or subsequent order expressly directs the conduct of the sale within that seven-day period. For purposes of this subdivision, the seven-day period shall not include the day on which the action is dismissed, or the day on which the injunction, restraining order, or stay expires or is terminated. If the sale had been scheduled to occur, but this subdivision precludes its conduct during that seven-day period, a new notice of postponement shall be given if the sale had been scheduled to occur during that seven-day period. The trustee shall maintain records of each postponement and the reason therefor.

(e) Notwithstanding the time periods established under subdivision (d), if postponement of a sale is based on a stay imposed by Title 11 of the United States Code (bankruptcy), the sale shall be conducted no sooner than the expiration of the stay imposed by that title and the seven-day provision of subdivision (d) shall not apply.

SEC. 6. Section 2941.1 is added to the Civil Code, to read:

2941.1. Notwithstanding any other provision of law, if no payoff demand statement is issued pursuant to Section 2943, nothing in Section 2941 shall be construed to prohibit the charging of a reconveyance fee.

SEC. 7. Sections 3 to 6, inclusive, of this act shall become operative on January 1, 2002.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to extend a deadline to permit thorough study of issues concerning certain relationships between attorneys, insurers, and insureds, and to clarify ambiguities in the foreclosure law and to make other related changes in that law, it is necessary that this act take effect immediately.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 124250 of the Health and Safety Code is amended to read:

124250. (a) The following definitions shall apply for purposes of this section:

(1) ''Domestic violence'' means the infliction or threat of physical harm against past or present adult or adolescent female intimate partners, and shall include physical, sexual, and psychological abuse against the woman, and is a part of a pattern of assaultive, coercive, and controlling behaviors directed at achieving compliance from or control over, that woman.

(2) ''Shelter-based'' means an established system of services where battered women and their children may be provided safe or confidential emergency housing on a 24-hour basis, including, but not limited to, hotel or motel arrangements, haven, and safe houses.

(b) The Maternal and Child Health Branch of the State Department of Health Services shall administer a comprehensive shelter-based services grant program to battered women's shelters pursuant to this section.

(c) The Maternal and Child Health Branch shall administer grants, awarded as the result of a request for application process, to battered women's shelters that propose to maintain shelters or services previously granted funding pursuant to this section, to expand existing services or create new services, and to establish new battered women's shelters to provide services, in any of the following four areas:

(1) Emergency shelter to women and their children escaping violent family situations.

(2) Transitional housing programs to help women and their children find housing and jobs so that they are not forced to choose between returning to a violent relationship or becoming homeless. (4) Other support services for battered women and their children.

(d) (1) The Maternal and Child Health Branch of the State Department of Health Services shall conduct a minimum of one site visit per grant term to each agency funded to provide shelter-based services to battered women and their children. The purpose of the site visit shall

be a performance assessment of, and technical assistance for, each agency visited. The performance assessment shall include, but need not be limited to, a review of all of the following:

(A) Progress in meeting program goals and objectives.

(B) Agency organization and facilities.

(C) Personnel policies, files, and training.

(D) Recordkeeping, budgeting, and expenditures.

(E) Documentation, data collection, and client confidentiality.

(2) Subsequent to each site visit conducted under paragraph (1), the Maternal and Child Health Branch shall provide a written report to the agency summarizing the agency's performance, any deficiencies noted, and any corrective action needed.

The membership of the council shall consist of domestic violence advocates, battered women service providers, and representatives of women's organizations, law enforcement, and other groups involved with domestic violence. At least one-half of the council membership shall consist of domestic violence advocates or battered women service providers from organizations such as the California Alliance Against Domestic Violence.

It is the intent of the Legislature that the council membership reflect the ethnic, racial, cultural, and geographic diversity of the state.

(f) The department shall collaborate closely with the council in the development of funding priorities, the framing of the Request for Proposals, and the solicitation of proposals.

(g) (1) The Maternal and Child Health Branch of the State Department of Health Services shall administer grants, awarded as the result of a request for application process, to agencies to conduct demonstration projects to serve battered women, including, but not limited to, creative and innovative service approaches, such as community response teams and pilot projects to develop new interventions emphasizing prevention and education, and other support projects identified by the advisory council.

(2) For purposes of this subdivision, "agency" means a state agency, a local government, a community-based organization, or a nonprofit organization.

(h) It is the intent of the Legislature that services funded by this program include services in underserved and ethnic and racial communities. Therefore, the Maternal and Child Health Branch of the State Department of Health Services shall do all of the following:

(1) Fund shelters pursuant to this section that reflect the ethnic, racial, economic, cultural, and geographic diversity of the state.

(2) Target geographic areas and ethnic and racial communities of the state whereby, based on a needs assessment, it is determined that no shelter-based services exist or that additional resources are necessary.

(i) The director may award additional grants to shelter-based agencies when it is determined that there exists a critical need for shelter or shelter-based services.

(j) As a condition of receiving funding pursuant to this section, battered women's shelters shall do all of the following:

(1) Provide matching funds or in-kind contributions equivalent to not less than 20 percent of the grant they would receive. The matching funds or in-kind contributions may come from other governmental or private sources.

(2) Ensure that appropriate staff and volunteers having client contact meet the definition of ''domestic violence counselor'' as specified in subdivision (a) of Section 1037.1 of the Evidence Code. The minimum training specified in paragraph (2) of subdivision (a) of Section 1037.1 of the Evidence Code shall be provided to those staff and volunteers who do not meet the requirements of paragraph (1) of subdivision (a) of Section 1037.1 of the Evidence Code.

CHAPTER 440

An act to amend and repeal Section 309.5 of the Public Utilities Code, relating to public utilities.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 309.5 of the Public Utilities Code, as amended by Chapter 1005 of the Statutes of 1999, is amended to read:

309.5. (a) There is within the commission a division to represent the interests of public utility customers and subscribers within the jurisdiction of the commission. The goal of the division shall be to obtain the lowest possible rate for service consistent with reliable and safe service levels. The amendments made to this section during the 2001 portion of the 2001–02 Regular Session are not intended to expand the representation and responsibilities of the division.

(b) The director of the division shall be appointed by and serve at the pleasure of the Governor, subject to confirmation by the Senate. The director shall annually appear before the appropriate policy committees of the Assembly and the Senate to report on the activities of the division.

(c) The commission shall, by rule or order, provide for the assignment of personnel to, and the functioning of, the division. The division may employ experts necessary to carry out its functions. Personnel and resources shall be provided to the division at a level sufficient to ensure that customer and subscriber interests are fairly represented in all significant proceedings.

(d) The commission shall develop appropriate procedures to ensure that the existence of the division does not create a conflict of roles for any employee or his or her representative. The procedures shall include, but shall not be limited to, the development of a code of conduct and procedures for ensuring that advocates and their representatives on a particular case or proceeding are not advising decisionmakers on the same case or proceeding.

(e) The division may compel the production or disclosure of any information it deems necessary to perform its duties from entities regulated by the commission provided that any objections to any request for information shall be decided in writing by the assigned commissioner or by the president of the commission if there is no assigned commissioner.

(f) There is hereby created the Public Utilities Commission Ratepayer Advocate Account in the General Fund. Moneys from the Public Utilities Commission Utilities Reimbursement Account in the

General Fund shall be transferred in the annual Budget Act to the Public Utilities Commission Ratepayer Advocate Account. The funds in the Public Utilities Commission Ratepayer Advocate Account shall be utilized exclusively by the division in the performance of its duties. The annual budget for the division shall be separately identified in the commission's annual budget request. The commission shall annually submit a staffing report containing a comparison of the staffing levels for each five-year period.

(g) The division shall agree to meet and confer in an informal setting with a regulated entity prior to issuing a report or pleading to the commission regarding alleged misconduct, or a violation of a law or a commission rule or order, raised by the division in a complaint. The meet and confer process shall be utilized as an informal means of attempting to reach resolution or consensus on issues raised by the division regarding any regulated entity in such a complaint proceeding.

SEC. 2. Section 309.5 of the Public Utilities Code, as added by Section 4 of Chapter 856 of the Statutes of 1996, is repealed.

CHAPTER 441

An act to amend Section 11713.1 of, and to add Section 11709.3 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 11709.3 is added to the Vehicle Code, to read:

11709.3. (a) Every dealer shall clearly and conspicuously display in its showroom at its established place of business, in a place that is easily accessible to prospective purchasers, a clear and conspicuous listing of each vehicle that the dealer has advertised for sale if the vehicle meets all of the following requirements:

(1) The vehicle is advertised for sale in a newspaper or other publication of general circulation, or in any other advertising medium that is disseminated to the public generally, including, but not limited to, radio, television, or the Internet.

(2) The vehicle is advertised at a specific price and is required pursuant to subdivision (a) of Section 11713.1 to be identified in the advertisement by its vehicle identification number or license number.

(3) The vehicle has not been sold or leased during the time that the advertised price is valid.

(4) The vehicle does not clearly and conspicuously have displayed on or in it the advertised price.

(b) The listing required by subdivision (a) may be satisfied by clearly and conspicuously posting in the showroom a complete copy of any print advertisement that includes vehicles currently advertised for sale or by clearly and conspicuously displaying in the showroom a list of currently advertised vehicles described by make, model, model-year, vehicle identification number, or license number, and the advertised price.

SEC. 2. Section 11713.1 of the Vehicle Code is amended to read:

11713.1. It is a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) Advertise any specific vehicle for sale without identifying the vehicle by either its license number or that portion of the vehicle identification number that distinguishes the vehicle from all other vehicles of the same make, model, model-year, and type. Any advertisement that offers for sale a class of new vehicles in a dealer's inventory, consisting of five or more vehicles, that are all of the same make, model, model-year, and type is not required to include in the advertisement the vehicle identification numbers or license numbers of those vehicles.

(b) Advertise the total price of a vehicle without including all costs to the purchaser at time of sale, except taxes, vehicle registration fees, the California tire fee, as defined in Section 42885 of the Public Resources Code, emission testing fees not exceeding fifty dollars ($50), actual fees charged for certificates pursuant to Section 44060 of the Health and Safety Code, finance charges, and any dealer document preparation charge. The dealer document preparation charge shall not exceed forty-five dollars ($45).

(c) (1) Exclude from an advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the California tire fee, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, and any dealer document preparation charge.

(2) The obligations imposed by paragraph (1) shall be satisfied by adding to the advertisement a statement containing no abbreviations and that is worded in substantially the following form: ''Plus government fees and taxes, any finance charges, any dealer document preparation charge, and any emission testing charge.''

(3) For purposes of paragraph (1), ''advertisement'' means any advertisement in a newspaper, magazine, direct mail publication, or handbill that is two or more columns in width or one column in width and more than seven inches in length, or on any Web page of a dealer's Web site that displays the price of a vehicle offered for sale on the

Internet, as that term is defined in paragraph (6) of subdivision (e) of Section 17538 of the Business and Professions Code.

(d) Represent the dealer document preparation charge or certificate of compliance or noncompliance fee, as a governmental fee.

(e) Fail to sell a vehicle to any person at the advertised total price, exclusive of taxes, vehicle registration fees, the California tire fee, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer document preparation charge, which charges shall not exceed forty-five dollars ($45) for the document preparation charge and not to exceed fifty dollars ($50) for emission testing plus the actual fees charged for certificates pursuant to Section 44060 of the Health and Safety Code, while the vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed. Advertised vehicles shall be sold at or below the advertised total price, with statutorily permitted exclusions, regardless of whether the purchaser has knowledge of the advertised total price.

(f) (1) Advertise for sale, sell, or purchase for resale any new vehicle of a line-make for which the dealer does not hold a franchise.

(2) This subdivision does not apply to any transaction involving any of the following:

(A) A mobilehome.

(B) A recreational vehicle as defined in Section 18010 of the Health and Safety Code.

(C) A commercial coach, as defined in Section 18001.8 of the Health and Safety Code.

(D) An off-highway motor vehicle subject to identification as defined in Section 38012.

(E) A manufactured home.

(F) A new vehicle that will be substantially altered or modified by a converter prior to resale.

(G) A commercial vehicle with a gross vehicle weight rating of more than 10,000 pounds.

(H) A vehicle purchased for export and exported outside the territorial limits of the United States without being registered with the department.

(g) Sell a park trailer, as specified in Section 18009.3 of the Health and Safety Code, without disclosing in writing to the purchaser that a park trailer is required to be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to highways under their respective jurisdictions.

(h) Advertise free merchandise, gifts, or services provided by a dealer contingent on the purchase of a vehicle. The term ''free'' includes merchandise or services offered for sale at a price less than the seller's cost of the merchandise or services.

(i) Advertise vehicles, and related goods or services, at a specified dealer price, with the intent not to supply reasonably expectable demand, unless the advertisement discloses the number of vehicles in stock at the advertised price. In addition, whether or not there are sufficient vehicles in stock to supply a reasonably expectable demand, when phrases such as ''starting at,'' ''from,'' ''beginning as low as,'' or words of similar import are used in reference to an advertised price, the advertisement shall disclose the number of vehicles available at that advertised price.

For purposes of this subdivision, in any newspaper advertisement for a vehicle that is two model-years old or newer, the actual phrase that states the number of vehicles in stock at the advertised price shall be (1) printed in a type size that is at least equal to one-quarter of the type size, and in the same style and color of type, used for the advertised price, however, in no case shall the phrase be printed in less than 8-point type size, and (2) be disclosed immediately above, below, or beside the advertised price without any intervening words, pictures, marks, or symbols.

The disclosure required by this subdivision is in addition to any other disclosure required by this code or any regulation regarding identifying vehicles advertised for sale.

(j) Use the term ''rebate'' or similar words such as ''cash back'' in advertising the sale of a vehicle unless the rebate is expressed in a specific dollar amount and is in fact a rebate offered by the vehicle manufacturer or distributor directly to the retail purchaser of the vehicle or to the assignee of the retail purchaser.

(k) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, ''cash price'' has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(*l*) Advertise a guaranteed trade-in allowance unless the guarantee is provided by the manufacturer or distributor.

(m) Misrepresent the authority of a salesperson, representative, or agent to negotiate the final terms of a transaction.

(n) (1) Use the terms ''invoice,'' ''dealer's invoice,'' ''wholesale price,'' or similar terms that refer to a dealer's cost for a vehicle in an advertisement for the sale of a vehicle or advertise that the selling price of a vehicle is above, below, or at either of the following:

(A) The manufacturer's or distributor's invoice price to a dealer.

(B) A dealer's cost.

(2) This subdivision does not apply to either of the following:

(A) Any communication occurring during face-to-face negotiations for the purchase of a specific vehicle if the prospective purchaser initiates a discussion of the vehicle's invoice price or the dealer's cost for that vehicle.

(B) Any communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. For purposes of this subparagraph, a ''commercial purchaser'' means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, governmental entity, or person who purchases 10 or more vehicles during a year.

(o) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is ''fully factory equipped.''

(q) Affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additional price of each item. If the supplemental sticker price is greater than the sum of the manufacturer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as ''added mark-up.''

(r) Advertise any underselling claim, such as ''we have the lowest prices'' or ''we will beat any dealer's price,'' unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) Advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a

condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision, ''incentive'' means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

(t) Display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

(u) Fail to disclose in writing to the franchisor of a new motor vehicle dealer the name of the purchaser, date of sale, and the vehicle identification number of each new motor vehicle sold of the line-make of that franchisor, or intentionally submit to that franchisor a false name for the purchaser or false date for the date of sale.

(v) Enter into a contract for the retail sale of a motor vehicle unless the contract clearly and conspicuously discloses whether the vehicle is being sold as a new vehicle or a used vehicle, as defined in this code.

(w) Use a simulated check, as defined in subdivision (a) of Section 22433 of the Business and Professions Code, in an advertisement for the sale or lease of a vehicle.

(x) Fail to disclose, in a clear and conspicuous manner in at least 10-point bold type on the face of any contract for the retail sale of a new motor vehicle that this transaction is, or is not, subject to a fee received by an autobroker from the selling new motor vehicle dealer, and the name of the autobroker, if applicable.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 442

An act to add Chapter 13 (commencing with Section 6292) to Part 1 of Division 4 of the Food and Agricultural Code, relating to pest control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 13 (commencing with Section 6292) is added to Part 1 of Division 4 of the Food and Agricultural Code, to read:

CHAPTER 13. NAPA COUNTY WINEGRAPE PEST AND DISEASE CONTROL DISTRICT LAW

Article 1. Findings and Definitions

6292. The Legislature finds and declares all of the following:

(a) California is the leading producer of wine in the United States, accounting for 91 percent of total United States wine production and 72 percent of total wine sales in the United States.

(b) Winegrapes are grown in virtually every county for processing by more than 800 wineries located throughout the state.

(c) California grows more than 554,000 acres of winegrapes producing 3.3 million tons of grapes per year valued at more than one billion nine hundred million dollars ($1,900,000,000), with a direct and indirect impact on the state's economy totaling more than thirty-three billion dollars ($33,000,000,000). Napa Valley contributes more than four billion dollars ($4,000,000,000) to that total.

(d) Destructive pests and diseases, including winegrape pests and diseases, pose a significant and imminent threat to California's important grape and wine industry.

(e) The State of California has a great economic interest in protecting its agricultural products from further destruction by the Pierce's disease vector, the glassy-winged sharpshooter, and other harmful winegrape pests and diseases, which may occur in the future.

(f) Pierce's disease has already infested grape growing acreage in many California counties, including Napa County, resulting in devastating losses to growers and the wine industry.

(g) As a known vector for Pierce's disease, the glassy-winged sharpshooter has been determined to carry and spread Pierce's disease to many forms of California agriculture, usually with complete destruction to the infected crop. This destructive effect of the disease has been determined by experts in the viticulture field to be especially true with infected winegrapes.

(h) To avoid a potentially catastrophic loss to one of California's most important industries, the Legislature declares that this chapter is in the interest of the public health and welfare.

(i) This article is not intended to establish a precedent, or to supersede, reduce, or in any way alter government funding related to Pierce's disease and other pests in this state.

(j) The purposes of this article are enhanced by the many and varied efforts of the growers and marketers of other commodities related to this bacteria and its vectors.

(k) The Legislature further declares that it is in the interest of the public health and welfare that the creation of districts by this chapter not duplicate existing services already being provided to grape growers by the University of California Cooperative Extension Farm Advisor or the county agricultural commissioner.

6292.1. This chapter shall be known and may be cited as the Napa County Winegrape Pest and Disease Control District Law.

6292.2. It is the purpose of this chapter to make available a procedure for the organization, operation, government, and dissolution of districts to assist in the funding of the inspection, detection, and education of Pierce's disease as stated in the Napa County Glassy-Winged Sharpshooter Workplan, as approved by the California Department of Food and Agriculture and accepted by the Napa County Board of Supervisors, to prevent the spread of Pierce's disease by the glassy-winged sharpshooter. Additionally, it is the purpose of this chapter to address other pests and diseases that attack winegrape plants, and to collect and disseminate to winegrape producers in the district all relevant information and scientific studies concerning pest or pests, as well as to chart and determine the extent and location of any infestations.

Division 3 (commencing with Section 56000) of Title 5 of the Government Code does not apply to districts organized pursuant to this chapter.

6292.3. Unless the context otherwise requires, the definitions in this section govern the construction of this chapter.

(a) ''Board'' or ''board of directors'' means the board of directors of a district.

(b) ''District'' means a winegrape pest and disease control district organized pursuant to this chapter.

(c) ''Owner'' includes joint owner, coowner, guardian, executor, administrator, or any other person or entity that holds property in a trust capacity under court appointment.

(d) ''Winegrape pest and disease'' means any pest or disease that is determined by the California Department of Food and Agriculture or the County Agricultural Commissioner to be a threat to the growing or viability of winegrapes, as defined in this section, or as defined in Section 5006.

(e) ''Winegrapes'' means grapes produced that are intended to be converted from their fresh form into grape juice, grape concentrate, wine, or any products thereof, including, but not limited to, high proof and brandy produced from winegrapes.

(f) ''Winegrape growing acreage'' means any parcel of real property with one acre, or more, of winegrape plants, grapes or grape products, regardless of the use of a grape product or products.

Article 2. Formation of Districts

6293. Proceedings for the formation of a district within Napa County shall be commenced by a petition that is either of the following:

(a) Signed by 50 percent or more of the owners of 65 percent or more of the affected land.

(b) Signed by 65 percent or more of the owners of 50 percent or more of the affected land.

The petition shall be addressed to, and filed with, the board of supervisors of the county.

6293.1. The petition may be filed in sections, each of which shall comply with all the requirements for a petition, except that a section need not contain the total number of signatures required for the petition.

6293.2. Signatures to the petition may be withdrawn at any time before it has been acted upon by filing with the clerk of the board of supervisors a declaration signed by the petitioner that states that it is the intention of the petitioner to withdraw his or her signature from the petition.

6293.3. (a) The petition shall state the name of the proposed district and shall set forth its boundaries or describe the lands to be included.

(b) It is a sufficient designation of the boundaries of a proposed district to recite that all the winegrape growing acreage in the county is to be included in the district, or that all the winegrape growing acreage in a designated area within the county is to be included in the district.

(c) If either designation is used, the outside boundary of the area so designated is the boundary of the district, and the district shall include all winegrape growing acreage within the outside boundary.

6293.4. (a) Upon the presentation and filing of a petition, the board of supervisors shall refer the petition to the county agricultural commissioner for the preparation of a register of owners of winegrape growing acreage within the proposed district, and for an investigation and report.

(b) The agricultural commissioner shall create a register of all winegrape growing acreage owners within the proposed district describing the net acreage or size of land devoted to the growing of winegrapes. The commissioner shall file with the register a report and recommendation to the board of supervisors on whether conditions of Pierce's disease, the glassy-winged sharpshooter, or other pest or disease warrant the board of supervisors proceeding with the organization of the district.

6293.5. (a) The board of supervisors shall fix a time and place for the hearing of the petition.

(b) The hearing shall not be less than 20 days, or more than 40 days, after the filing of the petition with the board of supervisors.

(c) The board of supervisors shall order the county clerk to give notice of the time and place fixed for the hearing upon the petition.

6293.6. The notice of hearing shall do all of the following:

(a) State the name of the district and that it is being formed for the control of winegrape pests and diseases pursuant to this chapter.

(b) State the petition is available for inspection at the office of the clerk of the board of supervisors.

(c) Designate the boundaries of the proposed district in substantially the same way that they are described in the petition.

(d) State the time and place for the hearing.

(e) State that at the hearing protests will be considered by the board of supervisors.

(f) State that requests in writing for the exclusion of lands from, or the inclusion of lands in, the proposed district, will be heard and considered by the board of supervisors.

6293.7. Notice of the hearing shall be given by publication in a newspaper of general circulation published and circulated in the district. Notice of the hearing shall also be given to all winegrape growing acreage owners within the proposed district.

6293.8. The notice shall be published once a week for two successive weeks prior to the date set for the hearing.

6293.9. At the hearing, the report of the county agricultural commissioner shall be received by the board of supervisors. Protests may be made orally or in writing by any person interested in the formation of the proposed district. Any protest that pertains to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularities and defects to which objection is made. All written protests shall be filed with the clerk of the board of supervisors on or before the time fixed for the final hearing. The hearing may be continued from time to time, not to exceed 60 days.

6293.10. At the hearing, any owner of winegrape growing acreage in the proposed district may present to the board of supervisors a request for the exclusion of that land or any part of that land from the proposed district upon a showing that the land or part of that land will not be benefited by the activities of the proposed district. Factors that the board of supervisors may consider in its determination to exclude shall include an affidavit from the landowner stating that the land is not planted to winegrapes and will not be so planted in the foreseeable future. However, should the excluded land be planted to winegrapes, the landowner shall be required to inform the district, in writing, within 30

days of planting. Any owner of winegrape acreage outside the proposed district may present to the board of supervisors a request in writing for inclusion of that land in the proposed district.

6293.11. If the board of supervisors determines that the petition does not comply with the requirements of law, the matter may be dismissed without prejudice to present a new petition covering the same matter. A finding by the board of supervisors in favor of the sufficiency of the petition and notice is final and conclusive against all persons except the state in a proceeding brought by the Attorney General within one year of the date of the making of the order establishing and describing the boundaries of the district.

6293.12. (a) If the board of supervisors determines that the project is feasible and in the interest of the winegrape growers of the county, the board of supervisors shall, by order entered in its minutes, declare the district duly organized under the name designated in the petition for the formation of the district.

(b) The order shall describe the territory included in the district and, if the board of supervisors does not exclude or include land pursuant to Section 6293.13, it is a sufficient description of the territory to describe the boundaries in substantially the same way as they are described in the petition.

(c) A copy of the order duly certified by the clerk of the board of supervisors shall be filed for record in the office of the county recorder of the county in which the district is situated.

6293.13. (a) In determining the boundaries of the district, the board of supervisors shall exclude from the district any winegrape growing acreage that it finds will not be benefited by the proposed project, and it may include in the district any winegrape growing acreage that it finds will be benefited if it also finds it will be in the interest of the district to include that winegrape growing acreage. The inclusion may be upon application of the owner or, without the owner's application, upon giving the owner notice of the proposed inclusion and an opportunity for a hearing on the inclusion.

(b) Notice of inclusion shall be mailed, postage prepaid, by the clerk of the board of supervisors, to the address of the owner of the winegrape growing acreage, as shown by the last equalized county assessment roll, and to any person that has filed with the clerk that person's name and address and description of winegrape growing acreage in which he or she has either a legal or equitable interest. The notice shall describe the winegrape growing acreage proposed to be included, and shall state the time and place at which objections to the inclusion will be heard.

Article 3. Organization of Districts

6294. Upon the adoption of the order of organization, the board of supervisors shall immediately appoint a board of directors of five members to administer the affairs of the district.

6294.1. In order to be eligible to be a director of the district, a person shall be a citizen of the United States and of this state, and an owner of lands included in the district that are devoted, in whole or in part, to the growing of winegrapes. The district board members shall represent geographically diverse areas in the county.

6294.2. Upon his or her appointment, each director shall, in the manner provided by law, subscribe the oath of office and file the oath with the county clerk.

6294.3. (a) From and after the filing for record of the order of the board of supervisors declaring the district organized, and the appointment and qualification of its first board of directors, the organization of the district is complete. The district shall operate for a period of five years from the date of its organization and shall cease to exist after five years, unless the district is reauthorized and approved by the board of supervisors.

(b) The district board of directors shall hold a public hearing six months prior to the termination of its initial organization or last reauthorization to determine whether the conditions of Pierce's disease, the glassy-winged sharpshooter or other pest or disease determined pursuant to Section 6293.4 warrant the reauthorization of the district for an additional five years. The notice of hearing shall state the name of the district and that consideration is being given to reauthorizing the district for up to an additional five years, the boundaries of the district, and the time and place for the hearing. Notice of the hearing shall be given as provided in Sections 6293.7 and 6293.8. The district board of directors shall submit the record of the hearing and its recommendation to the board of supervisors within 90 days of the hearing.

(c) Following its receipt of the recommendation of the district board of directors, the board of supervisors shall approve or reject the recommendation. If the recommendation is rejected, the board of supervisors shall return the report accompanied by its reasons for the rejection to the board of directors within 30 days of receipt. The district board of directors may thereafter address the reasons for rejection by the board of supervisors and submit an amended report and new recommendations for reauthorization for approval or rejection by the board of supervisors, unless the district has ceased to exist pursuant to subdivision (a).

6294.4. (a) Immediately after the organization of the district, the directors shall meet and organize as a board and shall elect a chairperson, vice chairperson and secretary from among their own number.

(b) The chairperson shall call and preside at all meetings of the district board, sign all warrants drawn on the county treasurer, and all contracts and other documents, and the minutes of all meetings at which the chairperson is present. In case of the chairperson's absence from a meeting, the vice chairperson shall act as chairperson pro tempore. The vice chairperson may sign warrants in place of the chairperson if the chairperson is absent from a meeting or unavailable. The secretary shall give notice of and keep the minutes of all meetings and prepare and have custody of all records and papers, and have custody of the seal of the district. The secretary shall attest all warrants drawn on the county treasury, all contracts and other documents, and shall sign the minutes of all meetings at which he or she is present. The secretary shall prepare the annual reports and any other reports required by the district board and shall prepare all notices and all calls for bids.

6294.5. The members of the district board shall serve for terms of one year, or for a longer term as determined by the board of supervisors, and until the appointment and qualification of their successors.

6294.6. Upon the expiration of the term of any member of the district board, the board of supervisors shall appoint the successor. Vacancies shall be filled by the board of supervisors for the unexpired term.

6294.7. The members of the district board shall not receive any compensation for their services, but may be reimbursed for their actual and necessary expenses, when claims for those expenses have been approved by the district board.

Article 4. Powers and Duties of the District

6295. The district may do all of the following:

(a) Sue and be sued in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(b) Adopt a seal and alter it at pleasure.

(c) Take by grant, purchase, gift, devise, lease, or otherwise, and hold, use and enjoy, and lease, or otherwise dispose of, real and personal property of every kind and description within or without the district necessary to the full and convenient exercise of its powers.

(d) Cause assessments to be levied, as provided in Article 5 (commencing with Section 6296), to pay any obligation of the district and to accomplish the purposes of the district in the manner provided in this chapter.

(e) Make contracts, and employ, except as otherwise provided in this chapter, all persons, firms, and corporations necessary to carry out the purposes and the powers of the district, and at any salary, wage, or other compensation as the district board of directors shall determine.

(f) Respond to the effects and spread of Pierce's disease, the glassy-winged sharpshooter, and other winegrape plant pests and diseases and collect and disseminate to winegrape growers in the district all relevant information and scientific studies concerning the pest or pests or diseases, as well as to chart and determine the extent and location of any infestations.

(g) With reasonable advance notice in writing to the landowner, as determined by the district, enter into or upon any land included within the boundaries of the district for the purpose of inspecting the winegrape plants and any other host plants and fruit growing on them.

(h) Perform any and all acts, either within or outside the district, necessary or proper to fully and completely carry out the purposes for which the district is organized.

(i) The district's administrative costs are to be limited to 5 percent of the annual assessment revenues.

6295.1. Every district formed pursuant to this chapter has all of the powers prescribed by Section 6295 and other provisions of this chapter, regardless of any language in the petition for formation for any district or in any of the proceedings leading to the formation that would otherwise limit the power of the district.

6295.2. The county agricultural commissioner of the county in which the district is located shall, in consultation with the district board, assist the district to the extent possible in all activities undertaken by the district for the control of Pierce's disease, the glassy-winged sharpshooter, or any other winegrape plant pests or diseases.

6295.3. The district board shall, immediately after its appointment and after public hearing, formulate an effective plan and adopt a budget of expenditures for the forthcoming fiscal year. At a public hearing on the plan and the budget, any owner of winegrape growing acreage included in the district may make written or oral protest against the budget or any item in it. The plan and the budget, as thereafter approved by the district board, shall be the plan and the budget of the district for the forthcoming fiscal year.

6295.4. There may be added to the budget for the first fiscal year of the operation of the district an amount not to exceed 20 percent of the total amount of the budget to cover the preliminary expenses of the district, including, but not limited to, the costs of formation, before the beginning of the first fiscal year.

6295.5. For each fiscal year subsequent to the first year of operation of the district, the district board shall adopt the final budget therefor in

the same manner and at the same time that the budget for the first fiscal year was adopted.

6295.6. The board of supervisors may charge the district for actual costs incurred by the county in connection with the proceedings for the formation of the district, and the district shall reimburse the county from assessments levied for those expenses.

6296. The county assessor, in making the annual assessment of property included in the district each and every year after the organization of the district, shall identify any parcel of real property with one acre, or more, of winegrape plants.

6296.1. Whenever acreage within the district is planted with winegrape plants in such a fashion as to qualify as winegrape growing acreage, the acreage is subject to assessment as provided in this article.

6296.2. (a) After the district has been formed, an owner of winegrape growing acreage in the district may present to the district board a request in writing for the exclusion of that land or any part of the land from the district upon a showing that the land or part of the land will not be benefited by the activities of the district. Factors that the district board may consider in its determination for exclusion shall include an affidavit from the owner that the plants have been removed from the land and will not be replanted within the foreseeable future. However, should the excluded land be planted to winegrapes, the landowner shall be required to inform the district, in writing, within 30 days of planting.

(b) After receipt of the request, the district board shall cause an investigation of the parcel of land to be made and, if the district board determines that the land or part of the land will not be benefited by the activities of the district, the district board shall exclude the winegrape acreage from the district and immediately certify this fact to the county assessor and the county auditor or tax collector.

(c) Any owner of winegrape acreage outside of, or otherwise not included in, the district may present to the district board a request in writing for inclusion of the land in the district.

6296.3. (a) The district board shall, on or before the first Monday in April of each year, file with the board of supervisors a budget that sets forth all estimated expenditures of the district for the fiscal year commencing on the first day of July. A copy of the budget shall also, at the same time, be filed with the auditor of the county. The board of supervisors shall cause to be prepared and filed with the clerk of the board of supervisors a written report that contains all of the following information:

(1) A description of each parcel of property proposed to be subject to the assessment.

(2) The amount of the assessment of each parcel for the initial fiscal year.

(3) The maximum amount of the assessment that may be levied for each parcel during any fiscal year.

(4) The duration of the assessment.

(5) The basis of the assessment.

(6) The schedule of the assessment.

(7) A description specifying the requirements for written and oral protest, and the protest threshold necessary for requiring abandonment of the proposed assessment pursuant to Section 6299.

(b) The board of supervisors may, by ordinance or by resolution, adopted after complying with the notice, protest, and hearing procedures in Article 4.6 (commencing with Section 53750) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, and upon approval by two-thirds of the benefiting vineyard property owners, determine and levy an assessment for winegrape pest and disease control activities for any of the following purposes:

(1) Responding to, managing, and controlling the effects of the spread of Pierce's disease, the glassy-winged sharpshooter, and any other pests that attack winegrape plants.

(2) Collecting and disseminating to winegrape producers in the district all relevant information and scientific studies concerning the pest, or pests, and winegrape diseases.

(3) Charting and determining the extent and location of any infestations.

(c) The annual assessment shall not exceed twenty dollars ($20) per planted acre.

(d) (1) The district board may establish zones or areas of benefit within the district, and may restrict the imposition of assessments to areas lying within one or more of the zones or areas of benefit established within the district.

(2) The assessment shall be levied on each parcel planted with winegrape plants in such a fashion as to qualify as winegrape growing acreage within the boundaries of the district, zone, or area of benefit.

(e) In addition, the mailed notice shall include the name of the district, the return address of the sender, the amount of the assessment for the initial fiscal year, the maximum amount of the assessment that may be levied during any fiscal year and the name and telephone number of the person designated by the board of supervisors to answer inquiries regarding the protest proceedings.

6296.5. The assessment so levied shall be computed and entered upon the assessment roll by the county auditor, and if the supervisors fail

to levy the assessment as required, the auditor shall do so. The assessment shall be collected at the same time, and in the same manner as, and together with and not separate from, general county taxes, and when collected shall be paid into the county treasury for the use of the district.

6296.6. The general provisions of the laws of this state, prescribing the manner of levying and collecting county taxes and the duties of the several county officers with respect to levying and collecting county taxes, are, so far as they are applicable and not in conflict with the specific provisions of this article, hereby adopted and made a part of this article. The several county officers thus referred to shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this chapter.

6296.7. The revenue from the assessments imposed pursuant to this chapter by the district are trust funds and shall be encumbered only for the purposes for which the district is formed and for the benefit of the property assessed. The district shall expend the minimum amount necessary for overhead and other administrative costs. No district funds shall be donated, loaned, or transferred to any other local agency or to the State of California for any purpose, except for the implementation of the duties of the district, set forth under this chapter, as determined necessary by the district board.

6296.8. The county treasury shall be the repository of all the moneys of the district. The county treasurer shall receive and receipt for all those moneys, and place the same to the credit of the district. The county treasurer shall be responsible upon his or her official bond for the safekeeping and disbursement, in the manner provided in this article, of all moneys of the district so held.

6296.9. (a) The county treasurer shall pay out money of the district only upon warrants of the county auditor drawn upon the order of the board of directors of the district signed by the chairperson or vice chairperson and attested to by the secretary. The county treasurer, with the approval of the board of supervisors, shall pay out the money of the district upon one master warrant of the county auditor drawn upon the order of the board of directors of the district and signed by the chairperson or vice chairperson and attested to by the secretary, to meet the district's expenses, including salaries, at such intervals as is approved by the board of supervisors.

(b) The county treasurer shall report, in writing, on the first day of July, October, January, and March of each year, to the district board of directors, the amount of money the treasurer then holds for the district, the amount of receipts since the last report, and the amounts paid out. Each report shall be verified and filed with the secretary of the district to whom it is addressed.

Article 6. Inclusion of Lands

6297. Lands devoted exclusively to the growing of winegrapes within a tract of land outside the district, but in the county in which the district is located, may be annexed to the district in the same manner provided in this chapter for the formation of the district.

Article 7. Consolidation

6298. Any two or more districts organized or existing under this chapter may be consolidated, whether or not the boundaries are coterminous.

Article 8. Dissolution of Districts

6299. Upon the filing of a petition with the board of supervisors, signed by 50 percent or more of the owners of 65 percent or more of the affected land, or signed by 65 percent or more of the owners of 50 percent or more of the affected land, requesting the dissolution of the district, the board of supervisors shall set a time and place for hearing on the petition, which shall not be less than 20 days, or more than 40 days, after the filing of the petition. Immediately following the hearing, the board of supervisors shall vote on the petition for dissolution. A majority vote supporting the petition by the supervisors will result in dissolution of the district.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the winegrape industry in Napa County from the immediate threat of Pierce's disease and other pests and diseases it is necessary for this act to take effect immediately as an urgency statute.

CHAPTER 443

An act to add and repeal Section 66903.5 of the Education Code, relating to community colleges, and making an appropriation therefor.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

I am signing SB 664, legislation requires the California Postsecondary Education Commission (CPEC) to conduct a review and analysis of admission procedures and attrition rates for two-year associate degree nursing programs.

Nursing programs in the California Community Colleges are currently impacted and the system should take steps to ensure that students admitted into the program are academically prepared. This study should help identify strategies to maximize the number of nursing students that can graduate and help meet California's high demand for nurses. However, due to our rapidly declining economy, I am vetoing the appropriation of $130,000 and requesting that CPEC conduct the study or contract out within existing resources.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 66903.5 is added to the Education Code, to read:

66903.5. (a) The commission shall conduct, or contract to conduct, a review and analysis of California community college districts' admission procedures and attrition rates for their two-year associate degree nursing programs. The review and analysis shall include, but not necessarily be limited to, information regarding the admission procedures and attrition rates for the Los Angeles County College of Nursing and Allied Health and other relevant nursing programs, to the extent that information is available. The commission shall submit findings of the review and analysis, along with relevant recommendations, to the Governor and the Legislature on or before January 10, 2003.

(b) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2004, deletes or extends that date.

SEC. 2. The sum of one hundred thirty thousand dollars ($130,000) is hereby appropriated from the General Fund to the California Postsecondary Education Commission for purposes of Section 66903.5 of the Education Code.

CHAPTER 444

An act to amend Sections 103850 and 103885 of the Health and Safety Code, relating to public health information, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 103850 of the Health and Safety Code is amended to read:

103850. (a) All information collected pursuant to this chapter shall be confidential and shall be used solely for the purposes provided in this chapter. For purposes of this chapter, this information shall be referred to as ''confidential information.'' Access to confidential information shall be limited to authorized program staff, and persons with a valid scientific interest, who meet qualifications as determined by the director, who are engaged in demographic, epidemiological or other similar studies related to health, and who agree, in writing, to maintain confidentiality.

(b) The department shall maintain an accurate record of all persons who are given access to confidential information. The record shall include: the name of the person authorizing access; name, title, address, and organizational affiliation of persons given access; dates of access; and the specific purpose for which information is to be used. The record of access shall be open to public inspection during normal operating hours of the state department.

(c) All research proposed to be conducted by persons other than program staff, using confidential information in the system, shall first be reviewed and approved by the director and the State Committee for the Protection of Human Subjects. Satisfaction of the terms of the director's rules for data access shall be deemed to establish a valid scientific interest for purposes of subdivision (a), entitling the researcher to review records collected pursuant to Section 103830 and to contact case subjects and controls. Before confidential information is disclosed pursuant to this section to any other person, agency, or organization, the requesting entity shall demonstrate to the department that the entity has established the procedures and ability to maintain the confidentiality of the information.

(d) Notwithstanding any other provision of law, any disclosure authorized by this section shall include only the information necessary for the stated purpose of the requested disclosure, and shall be made only

upon written agreement that the information will be kept confidential, used for the approved purpose, and not be further disclosed.

(e) The furnishing of confidential information to the department or its authorized representative in accordance with this section shall not expose any person, agency, or entity furnishing the information to liability, and shall not be considered a waiver of any privilege or a violation of a confidential relationship.

(f) Whenever program staff, pursuing program objectives, deems it necessary to contact case subjects and controls, program staff shall submit a protocol describing the research to the director and to the State Committee for the Protection of Human Subjects. Once a protocol is approved by that committee, program staff shall be deemed to have established a bona fide research purpose, and shall be entitled to complete the approved project and contact case subjects and controls without securing any additional approvals or waivers from any entity.

(g) Notwithstanding any other provision of law, no part of the confidential information shall be available for subpoena, nor shall it be disclosed, discoverable, or compelled to be produced in any civil, criminal, administrative, or other proceeding, nor shall this information be deemed admissible as evidence in any civil, criminal, administrative, or other tribunal or court for any reason. Nothing in this section shall prohibit the publishing by the department of reports and statistical compilations relating to birth defects, stillbirth, or miscarriage that do not in any way identify individual cases or individual sources of information.

(h) Any person who, in violation of a written agreement to maintain confidentiality, discloses any information provided pursuant to this section, or who uses information provided pursuant to this section in a manner other than as approved pursuant to this section may be denied further access to any confidential information maintained by the department. That person shall also be subject to a civil penalty of five hundred dollars ($500). The penalty provided in this section shall not be construed as restricting any remedy, provisional or otherwise, provided by law for the benefit of the department or any person.

(i) Notwithstanding the restrictions in this section, an individual to whom the information pertains shall have access to his or her own information in accordance with Chapter 1 (commencing with Section 1798) of Title 1.8 of the Civil Code.

SEC. 2. Section 103885 of the Health and Safety Code is amended to read:

103885. (a) The director shall establish a statewide system for the collection of information determining the incidence of cancer, using population-based cancer registries modeled after the Cancer Surveillance Program of Orange County. As of the effective date of this

section the director shall begin phasing in the statewide cancer reporting system. By July 1, 1988, all county or regional registries shall be implemented or initiated. By July 1, 1990, the statewide cancer reporting system shall be fully operational. Within 60 days of the effective date of this section, the director shall submit an implementation and funding schedule to the Legislature.

(b) The department may designate any demographic parts of the state as regional cancer incidence reporting areas and may establish regional cancer registries, with the responsibility and authority to carry out the intent of this section in designated areas. Designated regional registries shall provide, on a timely basis, cancer incidence data as designated by the state department to the department. The department may contract with an agency, including, but not limited to, a health systems agency, single county health department, multicounty health department grouping, or nonprofit professional association, representing a designated cancer reporting region for the purposes of collecting and collating cancer incidence data.

(c) The director shall designate cancer as a disease required to be reported in the state or any demographic parts of the state in which cancer information is collected under this section. All cancers diagnosed or treated in the reporting area shall thereafter be reported to the representative of the department authorized to compile the cancer data, or any individual, agency, or organization designated to cooperate with that representative.

(d) (1) Any hospital or other facility providing therapy to cancer patients within an area designated as a cancer reporting area shall report each case of cancer to the department or the authorized representative of the department in a format prescribed by the department. If the hospital or other facility fails to report in a format prescribed by the department, the department's authorized representative may access the information from the hospital or the facility and report it in the appropriate format. In these cases, the hospital or other health facility shall reimburse the state department or the authorized representative for its cost to access and report the information.

(2) Any physician and surgeon, dentist, podiatrist, or other health care practitioner diagnosing or providing treatment for cancer patients shall report each cancer case to the department or the authorized representative of the department except for those cases directly referred to a treatment facility or those previously admitted to a treatment facility for diagnosis or treatment of that instance of cancer.

(e) Any hospital or other facility that is required to reimburse the department or its authorized representative for the cost to access and report the information pursuant to subdivision (d) shall provide payment to the department or its authorized representative within 60 days of the

date this payment is demanded. In the event any hospital or other facility fails to make the payment to the department or its authorized representative within 60 days of the date the payment is demanded, the department or its authorized representative may, at its discretion, assess a late fee not to exceed $1^1/_2$ percent per month of the outstanding balance. Further, in the event that the department or its authorized representative takes a legal action to recover its costs and any associated fees, and the department or its authorized representative receives a judgment in its favor, the hospital or other facility shall also reimburse the department or its authorized representative for any additional costs it incurred to pursue the legal action. Late fees and payments made to the department by hospitals or other facilities pursuant to this subdivision shall be considered as reimbursements of the additional costs incurred by the department.

(f) All physicians and surgeons, hospitals, outpatient clinics, nursing homes and all other facilities, individuals or agencies providing diagnostic or treatment services to patients with cancer shall grant to the department or the authorized representative access to all records that would identify cases of cancer or would establish characteristics of the cancer, treatment of the cancer, or medical status of any identified cancer patient. Willful failure to grant access to those records shall be punishable by a fine of up to five hundred dollars ($500) each day access is refused. Any fines collected pursuant to this subdivision shall be deposited in the General Fund.

(g) (1) Except as otherwise provided in this section, all information collected pursuant to this section shall be confidential. For purposes of this section, this information shall be referred to as ''confidential information.''

(2) The department and any regional cancer registry designated by the department shall use the information to determine the sources of malignant neoplasms and evaluate measures designed to eliminate, alleviate, or ameliorate their effect.

(3) Persons with a valid scientific interest who are engaged in demographic, epidemiological, or other similar studies related to health who meet qualifications as determined by the department, and who agree, in writing, to maintain confidentiality, may be authorized access to confidential information.

(4) The department and any regional cancer registry designated by the department may enter into agreements to furnish confidential information to other states' cancer registries, federal cancer control agencies, local health officers, or health researchers for the purposes of determining the sources of cancer and evaluating measures designed to eliminate, alleviate, or ameliorate their effect. Before confidential information is disclosed to those agencies, officers, researchers, or

out-of-state registries, the requesting entity shall agree in writing to maintain the confidentiality of the information, and in the case of researchers, shall also do both of the following:

(A) Obtain approval of their committee for the protection of human subjects established in accordance with Part 46 (commencing with Section 46.101) of Title 45 of the Code of Federal Regulations.

(B) Provide documentation to the department that demonstrates to the department's satisfaction that the entity has established the procedures and ability to maintain the confidentiality of the information.

(5) Notwithstanding any other provision of law, any disclosure authorized by this section shall include only the information necessary for the stated purpose of the requested disclosure, used for the approved purpose, and not be further disclosed.

(6) The furnishing of confidential information to the department or its authorized representative in accordance with this section shall not expose any person, agency, or entity furnishing information to liability, and shall not be considered a waiver of any privilege or a violation of a confidential relationship.

(7) The department shall maintain an accurate record of all persons who are given access to confidential information. The record shall include: the name of the person authorizing access; name, title, address, and organizational affiliation of persons given access; dates of access; and the specific purpose for which information is to be used. The record of access shall be open to public inspection during normal operating hours of the department.

(8) Notwithstanding any other provision of law, no part of the confidential information shall be available for subpoena, nor shall it be disclosed, discoverable, or compelled to be produced in any civil, criminal, administrative, or other proceeding, nor shall this information be deemed admissible as evidence in any civil, criminal, administrative, or other tribunal or court for any reason.

(9) Nothing in this subdivision shall prohibit the publication by the department of reports and statistical compilations that do not in any way identify individual cases or individual sources of information.

(10) Notwithstanding the restrictions in this subdivision, the individual to whom the information pertains shall have access to his or her own information in accordance with Chapter 1 (commencing with Section 1798) of Title 1.8 of the Civil Code.

(h) For the purpose of this section, ''cancer'' means either of the following:

(1) All malignant neoplasms, regardless of the tissue of origin, including malignant lymphoma, Hodgkins disease, and leukemia, but excluding basal cell and squamous cell carcinoma of the skin.

(2) All primary intracranial and central nervous system (CNS) tumors occurring in the following sites, irrespective of histologic type: brain, meninges, spinal cord, caudae equina, cranial nerves and other parts of the CNS, pituitary gland, pineal gland, and craniopharyngeal duct.

(i) Nothing in this section shall preempt the authority of facilities or individuals providing diagnostic or treatment services to patients with cancer to maintain their own facility-based cancer registries.

(j) It is the intent of the Legislature that the department, in establishing a system pursuant to this section, maximize the use of available federal funds.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to improve the health and well-being of the citizens of California, their confidential health data maintained by the state for public health surveillance and research purposes only must be protected from misuse and disclosure through subpoena and other court proceedings at the earliest possible time. It is therefore necessary that this act take effect immediately.

CHAPTER 445

An act to amend, repeal, and add Section 361.4 of the Welfare and Institutions Code, relating to dependent children, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 361.4 of the Welfare and Institutions Code is amended to read:

361.4. (a) Prior to placing a child in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall visit the home to ascertain the appropriateness of the placement.

(b) Whenever a child may be placed in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the court or county social worker placing the child shall cause a criminal records check to be conducted by an appropriate governmental agency through the California Law

Enforcement Telecommunications System pursuant to Section 16504.5. The criminal records check shall be conducted with regard to all persons over the age of 18 years living in the home, and on any other person over the age of 18 years, other than professionals providing professional services to the child, known to the placing entity who may have significant contact with the child, including any person who has a familial or intimate relationship with any person living in the home. A criminal records check may be conducted pursuant to this section on any person over the age of 14 years living in the home who the county social worker believes may have a criminal record. Within five judicial days following the criminal records check conducted through the California Law Enforcement Telecommunications System, the social worker shall ensure that a fingerprint clearance check of the relative and any other person whose criminal record was obtained pursuant to this subdivision is initiated to ensure the accuracy of the criminal records check conducted through the California Law Enforcement Telecommunications System and shall review the results of any criminal records check to assess the safety of the home.

(c) Whenever a child may be placed in the home of a relative, or a prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall cause a check of the Child Abuse Index pursuant to subdivision (a) of Section 11170 of the Penal Code to be requested from the Department of Justice. The Child Abuse Index check shall be conducted on all persons over the age of 18 years living in the home.

(d) (1) If the fingerprint clearance check indicates that the person has no criminal record, the county social worker and court may consider the home of the relative, prospective guardian, or other child who is not a licensed or certified foster parent for placement of a child.

(2) If the fingerprint clearance check indicates that the person has been convicted of a crime that would preclude licensure under Section 1522 of the Health and Safety Code, the child shall not be placed in the home, unless a criminal records exemption has been granted by the county, based on substantial and convincing evidence to support a reasonable belief that the person with the criminal conviction is of such good character as to justify the placement and not present a risk of harm to the child, pursuant to paragraph (3) of this subdivision.

(3) (A) A county may issue a criminal records exemption only if that county has been granted permission by the Director of Social Services to issue criminal records exemptions. The county may file a request with the Director of Social Services seeking permission for the county to establish a procedure to evaluate and grant appropriate individual criminal records exemptions for persons described in subdivision (b). The director shall grant or deny the county's request within 14 days of

receipt. The county shall evaluate individual criminal records in accordance with the standards and limitations set forth in paragraph (1) of subdivision (g) of Section 1522 of the Health and Safety Code, and in no event shall the county place a child in the home of a person who is ineligible for an exemption under that provision.

(B) The department shall monitor county implementation of the authority to grant an exemption under this paragraph to ensure that the county evaluates individual criminal records and allows or disallows placements according to the standards set forth in paragraph (1) of subdivision (g) of Section 1522 of the Health and Safety Code.

(4) The department shall conduct an evaluation of the implementation of paragraph (3) through random sampling of county exemption decisions.

(5) The State Department of Social Services shall not evaluate or grant criminal record exemption requests for persons described in subdivision (b), unless the exemption request is made by an Indian tribe pursuant to subdivision (f).

(6) If a county has not requested, or has not been granted, permission by the State Department of Social Services to establish a procedure to evaluate and grant criminal records exemptions, the county may not place a child into the home of a person described in subdivision (b) if any person residing in the home has been convicted of a crime other than a minor traffic violation, except as provided in subdivision (f).

(e) Nothing in this section shall preclude a county from conducting a criminal background check that the county is otherwise authorized to conduct using fingerprints.

(f) Upon request from an Indian tribe, the State Department of Social Services shall evaluate an exemption request, if needed, to allow placement into an Indian home that the tribe has designated for placement under the Indian Child Welfare Act (25 U.S.C. Sec. 1901 et seq.) that would otherwise be barred under this section. However, if the county with jurisdiction over the child that is the subject of the tribe's request has established an approved procedure pursuant to paragraph (3) of subdivision (d), the tribe may request that the county evaluate the exemption request. Once a tribe has elected to have the exemption request reviewed by either the State Department of Social Services or the county, the exemption decision may only be made by that entity. Nothing in this subdivision limits the duty of a county social worker to evaluate the home for placement or to gather information needed to evaluate an exemption request.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. Section 361.4 is added to the Welfare and Institutions Code, to read:

361.4. (a) Prior to placing a child in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall visit the home to ascertain the appropriateness of the placement.

(b) Whenever a child may be placed in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the court or county social worker placing the child shall cause a criminal records check to be conducted by an appropriate governmental agency through the California Law Enforcement Telecommunications System pursuant to Section 16504.5. The criminal records check shall be conducted with regard to all persons over the age of 18 years living in the home, and on any other person over the age of 18 years, other than professionals providing professional services to the child, known to the placing entity who may have significant contact with the child, including any person who has a familial or intimate relationship with any person living in the home. A criminal records check may be conducted pursuant to this section on any person over the age of 14 years living in the home who the county social worker believes may have a criminal record. Within five judicial days following the criminal records check conducted through the California Law Enforcement Telecommunications System, the social worker shall ensure that a fingerprint clearance check of the relative and any other person whose criminal record was obtained pursuant to this subdivision is initiated to ensure the accuracy of the criminal records check conducted through the California Law Enforcement Telecommunications System and shall review the results of any criminal records check to assess the safety of the home.

(c) Whenever a child may be placed in the home of a relative, or a prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall cause a check of the Child Abuse Index pursuant to subdivision (a) of Section 11170 of the Penal Code to be requested from the Department of Justice. The Child Abuse Index check shall be conducted on all persons over the age of 18 years living in the home.

(d) (1) If the fingerprint clearance check indicates that the person has no criminal record, the county social worker and court may consider the home of the relative, prospective guardian, or other child who is not a licensed or certified foster parent for placement of a child.

(2) If the fingerprint clearance check indicates that the person has been convicted of a crime that would preclude licensure under Section 1522 of the Health and Safety Code, the child may not be placed in the home.

(e) Nothing in this section shall preclude a county from conducting a criminal background check that the county is otherwise authorized to conduct using fingerprints.

(f) This section shall become operative on January 1, 2005.

(b) Not later than January 31, 2003, the conservancy shall submit to the Legislature a copy of the plan required to be completed pursuant to subdivision (a).

2772. In establishing the priorities pursuant to Section 2771, the commission shall include, but not be limited to, a consideration of all the following:

(a) A determination of the customers and uses of electricity and gas, in descending order of priority, that provide the most important public benefits and serve the greatest public need.

(b) A determination of the customers and uses of electricity and gas that are not included under subdivision (a).

(2) Consider whether providing priority to customers experiencing extreme temperatures would result in increased outage frequency and duration for remaining customers and its effect on the health and safety of those remaining customers.

(3) To the extent the commission determines it is in the public interest to provide priority to customers that experience extreme temperatures, it shall provide that priority only when temperatures are extreme.

(4) Consider whether alternative measures are appropriate, including, but not limited to, reducing the duration of the outage or imposing the outage earlier or later in the day.

(e) A determination of unacceptable jeopardy or imminent danger to public health and safety that creates substantial likelihood of severe health risk requiring medical attention.

(f) Any curtailment or allocation rules, orders, or regulations issued by any agency of the federal government.

(g) The commission shall also consider the effect of providing a high priority to some customers on those customers who do not receive a high priority.

(b) Any nonadmitted insurer that is not on the list of eligible surplus line insurers issued by the commissioner pursuant to subdivision (f) of Section 1765.1 may advertise in all media, except for media that are targeted primarily at insureds or prospective insureds residing in California, provided that all of the conditions set forth in subdivision (a) are complied with and the advertisement does not contain any information about the insurer's specific products.

(3) Aircraft or spacecraft insurance.

(4) Insurance on property or operations of railroads engaged in interstate commerce.

(b) The insurance specified in paragraphs (2), (3), and (4) of subdivision (a) may be placed with a nonadmitted insurer only by and through a special lines' surplus line broker. The license of a special lines' surplus line broker shall be applied for and procured and shall be subject to the same fees for filing on issuance in the same manner as the license of a surplus line broker, except that in lieu of the bond required by Section 1765, there shall be delivered to the commissioner a bond in the form, amounts, and conditions specified in Sections 1663 and 1665 for an insurance broker and only one fee shall be collected from one person for both licenses. Any placement with that nonadmitted insurer made by a licensee after receipt of the order is a violation of this chapter. The commissioner may issue an order if he or she finds that a nonadmitted insurer with whom the licensee has dealt or proposes to deal in the transaction of insurance is in an unsound financial condition, is disreputable, or is lacking in integrity. The order shall also include notice of a hearing to be held at a time and place fixed therein, which shall be not less than 20 nor more than 30 days from service of the order upon the licensee.

(d) The commissioner may, in respect to business written or placed under the provisions of this section, require information and reports thereof that the commissioner considers necessary, convenient, or advisable.

(e) Each placing of insurance in violation of this chapter is a misdemeanor.

(f) The commissioner may revoke, suspend, or deny any license granted pursuant to this code in accordance with the procedure provided in Article 13 (commencing with Section 1737) of Chapter 5, or any certificate of authority granted pursuant to this code in accordance with the procedure provided in Section 704 whenever the commissioner finds that the licensee or holder of the certificate has committed a violation of this section.

(g) The premium for insurance placed by or through a special lines' surplus line broker pursuant to this section shall not be subject to the tax imposed upon the broker based upon gross premiums paid for insurance placed under authority conferred by the license.

(h) Special lines' surplus line brokers may advertise and solicit in conformity with Section 1773, except that they are not subject to the limitation that any nonadmitted insurer's name appearing in the advertisements or solicitations must be authorized to accept placements under Section 1765.1.

SEC. 5. Section 1760.5 of the Insurance Code, as added by Section 3.5 of Chapter 233 of the Statutes of 1998, is repealed.

These advertisements and solicitations may include a description of nonadmitted insurance products available through the surplus line broker, and may include the name of any nonadmitted insurer, provided that all of the following apply: (a) the insurer is authorized to accept placements from the surplus line broker pursuant to Section 1765.1, (b) a nonadmitted insurer's name is not used in connection with any nonadmitted insurance product of that insurer, (c) the unlicensed status of the insurer or of the insurance products is disclosed in type of a size no smaller than any telephone number, address, or fax number appearing in the advertisement or solicitation, and (d) the advertisement or solicitation does not contain any assertion, representation, or statement with respect to the business of insurance, or with respect to any person in the conduct of his or her insurance business, that is untrue, deceptive, or misleading, and that is known, or that by the exercise of reasonable care should be known, to be untrue, deceptive, or misleading. If the insurance is available from an eligible nonadmitted insurer that is a member of a group of insurers, advertisements and solicitations in accordance with this section may include the name of the group. A

surplus line broker's advertisements and solicitations shall not include any information about a nonadmitted insurer's premiums or rates.

The people of the State of California do enact as follows:

SECTION 1. Section 6217.1 of the Public Resources Code is amended to read:

6217.1. (a) This section and the process described in this section shall govern the expenditure of any funds received by the State of California from the federal government for the purposes of salmon and steelhead trout conservation and restoration and the expenditure of funds authorized for the Coastal Watershed Salmon Habitat Program pursuant to Article 7 (commencing with Section 79104.200) of Chapter 6 of Division 26 of the Water Code.

(b) For purposes of this section, ''project'' means an activity that improves fish habitat in coastal waters utilized by salmon and anadromous trout species.

(c) (1) The Department of Fish and Game shall grant funds from the Salmon and Steelhead Trout Restoration Account in the Resources Trust Fund, as follows:

(A) At least 87.5 percent of the funds shall be allocated as project grants through the existing grant program operated by the fisheries management program of the Department of Fish and Game.

(B) Not more than 12.5 percent of the funds may also be used for project contract administration activities and biological support staff.

(2) (A) A project shall require the consent of a willing landowner, and emphasize the development of coordinated watershed improvement activities.

(B) Projects that restore habitat for salmon and anadromous trout species that are eligible for protection as listed or candidate species under state or federal endangered species acts shall be given top funding priority.

(C) Projects shall be cost-effective and treat causes and not symptoms of fish habitat degradation. Projects may implement instream, riparian,

water quality, water quantity, and watershed prescriptions and shall be designed to restore the structure and function of fish habitat.

(3) Any grant funds allocated to a project that exceed the actual cost of completing the project shall be returned to the Salmon and Steelhead Trout Restoration Account.

(d) (1) A citizen's advisory committee shall be appointed by the Director of Fish and Game, to give advice on the grant program.

(2) The advisory committee shall consist of seven representatives recommended by the California Advisory Committee on Salmon and Steelhead Trout, one representative from the agriculture industry, one representative from the timber industry, one representative of public water agency interests, one academic or research scientist with expertise in anadromous fisheries restoration, and three county supervisors from coastal counties in which anadromous trout exist. The county supervisor members shall be recommended by the California State Association of Counties.

(3) The advisory committee shall provide oversight of, and recommend priorities for, grant funding under this section. In making funding decisions, the Department of Fish and Game shall consider the project selection priorities established by the advisory committee.

(4) Members of any advisory committee established for these purposes shall be reimbursed for travel and incidental expenses related to the performance of their duties under this section. Reimbursement for the advisory committee created pursuant to this section shall be made from the funds designated in subparagraph (B) of paragraph (1) of subdivision (c). Reimbursement for other Department of Fish and Game salmon and steelhead trout advisory committees shall be funded by appropriate sources.

(e) Except as provided in subdivision (f), the money in the Salmon and Steelhead Trout Restoration Account shall be allocated as follows:

(1) Not less than 65 percent of the money shall be used for salmon habitat protection and restoration projects. Of that amount, at least 75 percent shall be used for watershed (upslope) and riparian area protection and restoration activities. These activities may include, but are not limited to, grants to remove substandard culverts, stream crossings, and bridges that constitute barriers to spawning of salmon and steelhead trout and passage of fish. These funds may also be used for the acquisition, from willing sellers, of conservation easements for riparian buffer strips along coastal rivers and streams to protect salmon and steelhead trout habitat or for projects that protect and improve water quality and quantity.

(2) Up to 35 percent of the money shall be allocated for any of the following uses:

(A) Watershed evaluation, assessment, and planning necessary to develop a site-specific and clearly prioritized plan to implement watershed improvements.

(B) Multiyear grants for watershed planning and project monitoring and evaluations.

(C) Watershed organization support and assistance.

(D) Project maintenance and monitoring after the project implementations are complete.

(E) Public school watershed and fishery conservation education projects.

(F) Private sector technical training and education project grants, including teaching private landowners about practical means of improving land and water management practices that, if implemented, will contribute to the protection and restoration of salmon stream habitat; scholarship funding for workshops and conferences that teach restoration techniques; operation of nonprofit restoration technical schools; and production of restoration training and education workshops and conferences.

(G) Fish and wildlife habitat improvements, as defined by Section 4793, and authorized under the California Forestry Incentive Program (CFIP).

Following that recommendation, the Director of Fish and Game may suspend the percentage requirements stated in paragraphs (1) and (2) of subdivision (e) for that fiscal year only.

SEC. 2. The sum of seven million five hundred thousand dollars ($7,500,000) is hereby appropriated from the Coastal Watershed Salmon Habitat Subaccount created by Section 79104.200 of the Water Code, to the Department of Fish and Game, for expenditure in the 2001–02, 2002–03, and 2003–04 fiscal years, for the Mill Creek acquisition project.

25201.14. (a) To the extent consistent with the federal act, the following activities are exempt from this article, including the requirements of obtaining a hazardous waste facilities permit or other grant of authorization from the department, if the activity is conducted at the site where the material was generated and the management of the waste meets the requirements of subdivisions (a) to (d), inclusive, of Section 25143.9 and subdivisions (b) and (c) of this section:

(1) Except as provided in subdivision (b), the separation of used oil from water, if all other applicable laws and regulations are met, the used oil is properly transported to an authorized oil recycler, and the separation is accomplished by using one of the following methods:

(A) Gravity separation.

(B) A centrifuge.

(C) Membrane technology.

(D) Heating of the water containing the used oil to a temperature that is not more than 20 degrees Fahrenheit below the flashpoint of the used oil component of the mixture at atmospheric pressure.

(E) The addition of demulsifiers to the water containing the used oil.

(2) (A) The operation of a totally enclosed treatment unit or facility, as defined in Section 66260.10 of Title 22 of the California Code of Regulations, when authorized by regulations adopted by the department pursuant to subparagraph (B).

(B) The department shall adopt regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code exempting this type of unit or facility from this article to the extent that the department determines that the exemption is consistent with the protection of public health, safety, and the environment.

(b) For purposes of paragraph (1) of subdivision (a), the separation of used oil from water does not include a method using any of the following:

(1) Contaminated groundwater.

(2) Water containing any measurable amount of gasoline or more than 2 percent of a combination of Number 1 or Number 2 diesel fuel.

(2) The generator submits a notification that is in compliance with paragraph (7) of subdivision (d) of Section 25201.5 on or before April 1, 1996, or if the generator is commencing the first treatment of waste pursuant to this section, not less than 60 days prior to the date of commencing treatment of that waste pursuant to this section. Upon demonstration of good cause by the generator, the department may allow a shorter time period than 60 days between notification and commencement of hazardous waste treatment pursuant to this section. The generator shall be in compliance with all other notification requirements of subdivision (d) of Section 25201.5.

(3) The generator maintains adequate records to demonstrate that the requirements and conditions of this section are met, including appropriate waste sampling and analysis records, to demonstrate that none of the water and used oil mixtures listed in subdivision (b) are treated pursuant to this section. All records required pursuant to this paragraph and subdivision (d) of Section 25201.5 shall be maintained onsite for a period of at least three years.

(4) Except as provided in Section 25404.5, the generator submits a one-time fee in the amount of one hundred dollars ($100) to the department as part of the notification required by paragraph (2), at the same time that notification is submitted, unless the generator is subject to a fee under a permit-by-rule or a grant of conditional authorization pursuant to Section 25200.3.

(5) (A) If the generator is conducting treatment pursuant to paragraph (1) of subdivision (a), the generator complies with the phase I environmental assessment requirements of Section 25200.14, except for subdivisions (d), (f), and (g) of Section 25200.14. The generator shall not be required to comply with this subparagraph until the department completes an evaluation of the phase I environmental assessment requirement, pursuant to Section 25200.14.1, and until any revisions resulting from that evaluation are implemented by statute or regulation.

(B) A generator conducting treatment pursuant to paragraph (2) of subdivision (a) shall not be required to conduct any site investigations, beyond that required by subparagraph (A), or to initiate remediation

activities until the department adopts regulations specifying the criteria and procedures for corrective action at non-RCRA facilities.

(C) This paragraph does not limit the authority of the department or a unified program agency approved pursuant to Section 25404.1 to issue an order pursuant to Section 25187.1 or to order corrective action pursuant to Section 25187.

(c) (1) The disposal of any hazardous waste aerosol can is subject to the requirements of this chapter, and to any regulations adopted by the department relating to the disposal of hazardous waste.

(2) Except as otherwise provided in this section, the treatment or storage of any hazardous waste aerosol can is subject to the requirements of this chapter, and any regulations adopted by the department relating to the treatment and storage of hazardous waste.

(d) (1) Except as provided in paragraph (2), a universal waste aerosol can is deemed to be a universal waste for purposes of the department's regulations governing the management of universal wastes.

(2) The exemptions described in Chapter 23 (commencing with Section 66273.1) of Division 4.5 of Title 22 of the California Code of Regulations for universal waste generated by households and conditionally exempt small quantity waste generators of universal waste do not apply to universal waste aerosol cans.

(e) A universal waste handler shall manage universal waste aerosol cans in a manner that prevents fire, explosion, and the unauthorized release of any universal waste or component of a universal waste to the environment.

(f) Any container used to accumulate or transport universal waste aerosol cans, or the contents removed from a universal waste aerosol can or processing device, unless the contents have been determined to not be hazardous waste, shall meet all of the following requirements:

(1) (A) Except when waste is added or removed or as provided in subparagraph (B), the container shall be closed, structurally sound, and compatible with the contents of the universal waste aerosol can, and shall show no evidence of leakage, spillage, or damage that could cause leakage under reasonably foreseeable conditions.

(B) The closed container requirement in subparagraph (A) does not apply to a container used to accumulate universal waste aerosol cans prior to processing the cans pursuant to subdivision (h), or prior to shipping the cans offsite, except that the container shall be covered at the end of each workday.

(2) The container shall be placed in a location that has sufficient ventilation to avoid formation of an explosive atmosphere, and shall be designed, built, and maintained to withstand pressures reasonably expected during storage and transportation.

(3) (A) The container shall be placed on or above a floor or other surface that is free of cracks or gaps and is sufficiently impervious and bermed to contain leaks and spills.

(B) Subparagraph (A) does not apply to a container used to accumulate universal waste aerosol cans prior to processing the cans pursuant to subdivision (h) or prior to shipping the cans offsite.

(4) Incompatible materials shall be kept segregated and managed appropriately in separate containers.

(5) A container holding flammable wastes shall be kept at a safe distance from heat and open flames.

(6) A container used to hold universal waste aerosol cans shall be labeled or marked clearly with one of the following phrases: ''Universal Waste-Aerosol Cans'', ''Waste Aerosol Cans'', or ''Used Aerosol Cans''.

(g) A universal waste handler shall accumulate universal waste aerosol cans in accumulation containers that meet the requirements of subdivision (f). The universal waste aerosol cans shall be accumulated in a manner that is sorted by type and compatibility of contents.

(h) A universal waste handler may process a universal waste aerosol can to remove and collect the contents of the universal waste aerosol can, if the universal waste handler meets all of the following requirements:

(1) The handler is not an offsite commercial processor of aerosol cans. For the purposes of this paragraph, a household hazardous waste collection facility, as defined in subdivision (f) of Section 25218.1, is not an offsite commercial processor.

(2) The handler ensures that the universal waste aerosol can is processed in a manner and in equipment designed, maintained, and operated so as to prevent fire, explosion, and the unauthorized release of any universal waste or component of a universal waste to the environment.

(3) The handler ensures that the unit used to process the universal waste aerosol cans is placed on or above a nonearthen floor that is free of cracks or gaps and is sufficiently impervious and bermed to contain leaks and spills.

(4) The handler ensures that the processing operations are performed safely by developing and implementing a written operating procedure detailing the safe processing of universal waste aerosol cans. This procedure shall, at a minimum, include all of the following:

(A) The type of equipment to be used to process the universal waste aerosol cans safely.

(B) Operation and maintenance of the unit.

(C) Segregation of incompatible wastes.

(6) The handler immediately transfers the contents of the universal waste aerosol can or processing device, if applicable, to a container that meets the requirements of subdivision (f), and characterizes and manages the contents pursuant to subdivision (i).

(7) The handler ensures that the area in which the universal waste aerosol cans are processed is well ventilated.

(8) The handler ensures, through a training program utilizing the written operating procedures developed pursuant to paragraph (4), that each employee is thoroughly familiar with the procedure for sorting and processing universal waste aerosol cans, and proper waste handling and emergency procedures relevant to his or her responsibilities during normal facility operations and emergencies.

(i) A universal waste handler who processes universal waste aerosol cans to remove the contents of the aerosol can, or who generates other waste as a result of the processing of aerosol cans, shall determine whether the contents of the universal waste aerosol can, residues, or other wastes exhibit a characteristic of hazardous waste identified in Article 3 (commencing with Section 66261.20) of Chapter 11 of Division 4.5 of Title 22 of the California Code of Regulations.

(1) If the contents of the universal waste aerosol can, residues, or other wastes exhibit a characteristic of hazardous waste, those wastes shall be managed in compliance with all applicable requirements of this chapter and the regulations adopted by the department pursuant to this chapter. The universal waste handler shall be deemed the generator of that hazardous waste and is subject to the requirements of Chapter 12

(commencing with Section 66262.10) of Division 4.5 of Title 22 of the California Code of Regulations.

(2) If the contents of the universal waste aerosol can, residues, or other wastes are not hazardous, the universal waste handler shall manage those wastes in a manner that is in compliance with all applicable federal, state, and local requirements.

(A) The name, identification number, site address, mailing address, and telephone number of the handler.

(B) A description of the universal waste aerosol can processing activities, including the type and estimated volumes or quantities of universal waste aerosol cans to be processed monthly, the treatment process or processes, equipment descriptions, and design capacities.

(C) A description of the characteristics and management of any hazardous treatment residuals.

(3) (A) Within 30 days of any change in operation which necessitates modifying any of the information submitted in the notification required pursuant to this subdivision, the handler shall submit an amended notification, in person or by certified mail, with return receipt requested, to one of the following:

(i) The CUPA, if the facility is under the jurisdiction of a CUPA.

(ii) If the facility is not under the jurisdiction of a CUPA, the notification shall be submitted to the agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(B) Each amended notification shall be completed, dated, and signed in accordance with the requirements of Section 66270.11 of Title 22 of the California Code of Regulations, as those requirements apply to hazardous waste facilities permit applications.

(1) The transporter shall transport and otherwise manage universal waste aerosol cans in a manner that prevents fire, explosion, and the unauthorized release of any universal waste, or component of a universal waste, into the environment.

(2) Universal waste aerosol cans shall be transported and stored in accumulation containers that are clearly marked or labeled for that use and that meet the requirements of subdivision (f).

(*l*) The department may adopt regulations specifying any additional requirement or limitation on the management of hazardous waste aerosol cans that the department determines is necessary to protect human health or safety or the environment.

(m) The development and publication of the notification form specified in subdivision (j) is not subject to the requirements described in Chapter 3.5 (commencing with Section 11340) of Part I of Division 3 of Title 2 of the Government Code.

(n) In addition to the requirements set forth in this section, a hazardous waste aerosol can shall be managed in a manner that meets all requirements established by the United States Environmental Protection Agency.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 454

An act to amend Sections 5806, 5811, 5814, and 5814.5 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In 1999, the Legislature recognized the longstanding problem of the underfunded community mental health care system and the consequences of severely mentally ill adults not getting treatment resulting in these adults being homeless, incarcerated in jails and prisons, and hospitalized.

(b) The Legislature began to address this problem by funding three pilot programs in Los Angeles, Sacramento, and Stanislaus Counties to provide extended community mental health services and outreach to mentally ill adults who are homeless or at risk of homelessness.

(c) Chapter 617 of the Statutes of 1999 (AB 34), required the State Department of Mental Health to evaluate these programs and determine if they were effective in reducing the risk of continued homelessness, incarceration, or hospitalization.

(d) A May 2000 report showed that the legislation has been a great success, and the programs are having excellent results. Days of hospitalization were reduced by 60 percent, days of homelessness were reduced by 65 percent, and days in jail were reduced by 80 percent.

(e) The State Budget for the 2000–01 fiscal year added 26 additional counties and cities to participate in the program. These counties have developed new programs in efforts to replicate the success of the three pilot programs in order to take this program statewide.

(f) While the program has been successful in helping those that it has served, there is still the need to expand the program to service a sufficient number of people so as to make a difference noticeable to law enforcement officers and the public as to the number of homeless and mentally ill people on our streets; a difference noticeable to sheriffs as to the population in their jails of people who are suffering from mental

illnesses; and a noticeable difference in the number of hospitalizations of people with mental illness who did not receive timely assistance.

(g) The counties receiving funding for this program should continue to be required to demonstrate the effectiveness of the program, including those who will have received funds on a countywide basis for at least three years. Those counties should be required to quantify the benefits and the impact the program is making on the streets, in the jails, and in hospitals.

(h) One of the greatest values of integrated treatment services is that it can lead to recovery by dealing with all of the aspects of a person's mental illness. For those counties that were funded both in the 1999–2000 and 2000–01 fiscal years, there are now nearly 1,000 individuals who will have received services for more than a year. Those programs are evaluated on the extent to which they are succeeding in enabling the individual served to significantly recover and reduce their overall public dependence due to their mental illness.

(i) The outreach services of the AB 34 program provide opportunities for earlier intervention so that a person's mental illness can be treated before it is as severe as it might otherwise become if left untreated for a considerable period of time. Chapter 617 of the Statutes of 1999 specifically expanded outreach to serve individuals who were not homeless and were living with their family members. Many of these individuals are likely to be experiencing the early phases of severe mental illness. Studies from pilot programs in Australia, Canada, and Norway show that when outreach is expanded to include families, primary care physicians, and the general community, treatment is sought and received within six months of the onset of a severe mental illness as compared to more than two years of untreated mental illness without this special outreach effort. These same studies also show that when treatment is provided within the first six months of the onset of symptoms of mental illness, the majority of individuals are back in full-time work or education within one year of treatment. Less than 20 percent of individuals with untreated illnesses of more than two years achieve such full recovery even following several years of treatment.

(j) Outreach efforts should include outreach to family members of persons with mental illness, employment centers, and other places where young adults are likely to be found in order to enhance the likelihood that symptoms will be more readily recognized and treatment sought before the illness has progressed to a level that results in homelessness.

SEC. 2. Section 5806 of the Welfare and Institutions Code is amended to read:

5806. The State Department of Mental Health shall establish service standards that ensure that members of the target population are identified, and services provided to assist them to live independently,

work, and reach their potential as productive citizens. The department shall provide annual oversight of grants issued pursuant to this part for compliance with these standards. These standards shall include, but are not limited to, all of the following:

(a) A service planning and delivery process that is target population based and includes the following:

(1) Determination of the numbers of clients to be served and the programs and services that will be provided to meet their needs. The local director of mental health shall consult with the sheriff, the police chief, the probation officer, the mental health board, contract agencies, and family, client, ethnic and citizen constituency groups as determined by the director.

(2) Plans for services, including outreach to families whose severely mentally ill adult is living with them, design of mental health services, coordination and access to medications, psychiatric and psychological services, substance abuse services, supportive housing or other housing assistance, vocational rehabilitation, and veterans' services. Plans shall also contain evaluation strategies, that shall consider cultural, linguistic, gender, age, and special needs of minorities in the target populations. Provision shall be made for staff with the cultural background and linguistic skills necessary to remove barriers to mental health services due to limited-English-speaking ability and cultural differences. Recipients of outreach services may include families, the public, primary care physicians, and others who are likely to come into contact with individuals who may be suffering from an untreated severe mental illness who would be likely to become homeless if the illness continued to be untreated for a substantial period of time. Outreach to adults may include adults voluntarily or involuntarily hospitalized as a result of a severe mental illness.

(3) Provisions for services to meet the needs of target population clients who are physically disabled.

(4) Provision for services to meet the special needs of older adults.

(5) Provision for family support and consultation services, parenting support and consultation services, and peer support or self-help group support, where appropriate.

(6) Provision for services to be client-directed and that employ psychosocial rehabilitation and recovery principles.

(7) Provision for psychiatric and psychological services that are integrated with other services and for psychiatric and psychological collaboration in overall service planning.

(8) Provision for services specifically directed to seriously mentally ill young adults 25 years of age or younger who are homeless or at significant risk of becoming homeless. These provisions may include

continuation of services that would still be received through other funds had eligibility not been terminated due to age.

(9) Services reflecting special needs of women from diverse cultural backgrounds, including supportive housing that accepts children, personal services coordinator therapeutic treatment, and substance treatment programs that address gender specific trauma and abuse in the lives of persons with mental illness, and vocational rehabilitation programs that offer job training programs free of gender bias and sensitive to the needs of women.

(10) Provision for housing for clients that is immediate, transitional, permanent, or all of these.

(11) Provision for clients who have been suffering from an untreated severe mental illness for less than one year, and who do not require the full range of services but are at risk of becoming homeless unless a comprehensive individual and family support services plan is implemented. These clients shall be served in a manner that is designed to meet their needs.

(b) Each client shall have a clearly designated mental health personal services coordinator who may be part of a multidisciplinary treatment team who is responsible for providing or assuring needed services. Responsibilities include complete assessment of the client's needs, development of the client's personal services plan, linkage with all appropriate community services, monitoring of the quality and follow through of services, and necessary advocacy to ensure each client receives those services which are agreed to in the personal services plan. Each client shall participate in the development of his or her personal services plan, and responsible staff shall consult with the designated conservator, if one has been appointed, and, with the consent of the client, consult with the family and other significant persons as appropriate.

(c) The individual personal services plan shall ensure that members of the target population involved in the system of care receive age, gender, and culturally appropriate services, to the extent feasible, that are designed to enable recipients to:

(1) Live in the most independent, least restrictive housing feasible in the local community, and for clients with children, to live in a supportive housing environment that strives for reunification with their children or assists clients in maintaining custody of their children as is appropriate.

(2) Engage in the highest level of work or productive activity appropriate to their abilities and experience.

(3) Create and maintain a support system consisting of friends, family, and participation in community activities.

(4) Access an appropriate level of academic education or vocational training.

(5) Obtain an adequate income.

(6) Self-manage their illness and exert as much control as possible over both the day-to-day and long-term decisions which affect their lives.

(7) Access necessary physical health care and maintain the best possible physical health.

(8) Reduce or eliminate serious antisocial or criminal behavior and thereby reduce or eliminate their contact with the criminal justice system.

(9) Reduce or eliminate the distress caused by the symptoms of mental illness.

(10) Have freedom from dangerous addictive substances.

(d) The individual personal services plan shall describe the service array that meets the requirements of subdivision (c), and to the extent applicable to the individual, the requirements of subdivision (a).

SEC. 3. Section 5811 of the Welfare and Institutions Code is amended to read:

5811. The State Department of Mental Health shall provide participating counties all of the following:

(a) Request for proposals, application guidelines, and format, and coordination and oversight of the selection process as described in Article 2 (commencing with Section 5803).

(b) Contracts with each state funded county stipulating the approved budget, performance outcomes, and scope of work.

(c) Training, consultation, and technical assistance for county applicants. This training, consultation, and technical assistance shall include:

(1) Efforts to ensure that all of the different programs are operating as well as they can.

(2) Information on which programs are having particular success in particular areas so that they can be replicated in other counties.

(3) Technical assistance to counties in their first two years of participation to ensure quality and cost-effective service.

SEC. 4. Section 5814 of the Welfare and Institutions Code is amended to read:

5814. (a) (1) This part shall be implemented only to the extent that funds are appropriated for purposes of this part. To the extent that funds are made available, the first priority shall go to maintain funding for the existing programs that meet adult system of care contract goals. The next priority for funding shall be given to counties with a high incidence of persons who are severely mentally ill and homeless or at risk of homelessness, and meet the criteria developed pursuant to paragraphs (3) and (4).

(2) The director shall establish a methodology for awarding grants under this part consistent with the legislative intent expressed in Section 5802, and in consultation with the advisory committee established in this subdivision.

(3) (A) The director shall establish an advisory committee for the purpose of providing advice regarding the development of criteria for the award of grants, and the identification of specific performance measures for evaluating the effectiveness of grants. The committee shall review evaluation reports and make findings on evidence-based best practices and recommendations for grant conditions. At not less than one meeting annually, the advisory committee shall provide to the director written comments on the performance of each of the county programs. Upon request by the department, each participating county that is the subject of a comment shall provide a written response to the comment. The department shall comment on each of these responses at a subsequent meeting.

(B) The committee shall include, but not be limited to, representatives from state, county, and community veterans' services and disabled veterans outreach programs, supportive housing and other housing assistance programs, law enforcement, county mental health and private providers of local mental health services and mental health outreach services, the Board of Corrections, the State Department of Alcohol and Drug Programs, local substance abuse services providers, the Department of Rehabilitation, providers of local employment services, the State Department of Social Services, the Department of Housing and Community Development, a service provider to transition youth, the United Advocates for Children of California, the California Mental Health Advocates for Children and Youth, the Mental Health Association of California, the California Alliance for the Mentally Ill, the California Network of Mental Health Clients, the Mental Health Planning Council, and other appropriate entities.

(4) The criteria for the award of grants shall include, but not be limited to, all of the following:

(A) A description of a comprehensive strategic plan for providing outreach, prevention, intervention, and evaluation in a cost appropriate manner corresponding to the criteria specified in subdivision (c).

(B) A description of the local population to be served, ability to administer an effective service program, and the degree to which local agencies and advocates will support and collaborate with program efforts.

(C) A description of efforts to maximize the use of other state, federal, and local funds or services that can support and enhance the effectiveness of these programs.

(b) In each year in which additional funding is provided by the State Budget the department shall establish programs that offer individual counties sufficient funds to comprehensively serve severely mentally ill adults who are homeless, recently released from a county jail or the state prison, or others who are untreated, unstable, and at significant risk of incarceration or homelessness unless treatment is provided to them and who are severely mentally ill adults. For purposes of this subdivision, ''severely mentally ill adults'' are those individuals described in subdivision (b) of Section 5600.3. In consultation with the advisory committee established pursuant to paragraph (3) of subdivision (a), the department shall report to the Legislature on or before May 1 of each year in which additional funding is provided, and shall evaluate, at a minimum, the effectiveness of the strategies in providing successful outreach and reducing homelessness, involvement with local law enforcement, and other measures identified by the department. The evaluation shall include for each program funded in the current fiscal year as much of the following as available information permits:

(1) The number of persons served, and of those, the number who are able to maintain housing, and the number who receive extensive community mental health services.

(2) The number of persons with contacts with local law enforcement and the extent to which local and state incarceration has been reduced or avoided.

(3) The number of persons participating in employment service programs including competitive employment.

(4) The number of persons contacted in outreach efforts who appear to be severely mentally ill, as described in Section 5600.3, who have refused treatment after completion of all applicable outreach measures.

(5) The amount of hospitalization that has been reduced or avoided.

(6) The extent to which veterans identified through these programs' outreach are receiving federally funded veterans' services for which they are eligible.

(7) The extent to which programs funded for three or more years are making a measurable and significant difference on the street, in hospitals, and in jails, as compared to other counties or as compared to those counties in previous years.

(c) Each project shall include outreach and service grants in accordance with a contract between the state and approved counties that reflects the number of anticipated contacts with people who are homeless or at risk of homelessness, and the number of those who are severely mentally ill and who are likely to be successfully referred for treatment and will remain in treatment as necessary.

(d) All counties that receive funding shall be subject to specific terms and conditions of oversight and training which shall be developed by the department, in consultation with the advisory committee.

(e) (1) As used in this part, ''receiving extensive mental health services'' means having a personal services coordinator, as described in subdivision (b) of Section 5806, and having an individual personal service plan, as described in subdivision (c) of Section 5806.

(2) The funding provided pursuant to this part shall be sufficient to provide mental health services, medically necessary medications to treat severe mental illnesses, alcohol and drug services, transportation, supportive housing and other housing assistance, vocational rehabilitation and supported employment services, money management assistance for accessing other health care and obtaining federal income and housing support, accessing veterans' services, stipends, and other incentives to attract and retain sufficient numbers of qualified professionals as necessary to provide the necessary levels of these services. These grants shall, however, pay for only that portion of the costs of those services not otherwise provided by federal funds or other state funds.

(3) Methods used by counties to contract for services pursuant to paragraph (2) shall promote prompt and flexible use of funds, consistent with the scope of services for which the county has contracted with each provider.

(f) Contracts awarded pursuant to this part shall be exempt from the Public Contract Code and the state administrative manual and shall not be subject to the approval of the Department of General Services.

(g) Notwithstanding any other provision of law, funds awarded to counties pursuant to this part and Part 4 (commencing with Section 5850) shall not require a local match in funds.

SEC. 5. Section 5814.5 of the Welfare and Institutions Code is amended to read:

5814.5. (a) (1) In any year in which funds are appropriated for this purpose through the annual Budget Act, counties funded under this part in the 1999–2000 fiscal year are eligible for funding to continue their programs if they have successfully demonstrated the effectiveness of their grants received in that year and to expand their programs if they also demonstrate significant continued unmet need and capacity for expansion without compromising quality or effectiveness of care.

(2) In any year in which funds are appropriated for this purpose through the annual Budget Act, other counties or portions of counties, or cities that operate independent public mental health programs pursuant to Section 5615 of the Welfare and Institutions Code, are eligible for funding to establish programs if a county or eligible city demonstrates that it can provide comprehensive services, as set forth in

this part, to a substantial number of adults who are severely mentally ill, as defined in Section 5600.3, and are homeless or recently released from the county jail or who are untreated, unstable, and at significant risk of incarceration or homelessness unless treatment is provided.

(b) (1) Counties eligible for funding pursuant to subdivision (a) shall be those that have or can develop integrated adult service programs that meet the criteria for an adult system of care, as set forth in Section 5806, and that have, or can develop, integrated forensic programs with similar characteristics for parolees and those recently released from county jail who meet the target population requirements of Section 5600.3 and are at risk of incarceration unless the services are provided. Before a city or county submits a proposal to the state to establish or expand a program, the proposal shall be reviewed by a local advisory committee or mental health board, which may be an existing body, that includes clients, family members, private providers of services, and other relevant stakeholders. Local enrollment for integrated adult service programs and for integrated forensic programs funded pursuant to subdivision (a) shall adhere to all conditions set forth by the department, including the total number of clients to be enrolled, the providers to which clients are enrolled and the maximum cost for each provider, the maximum number of clients to be served at any one time, the outreach and screening process used to identify enrollees, and the total cost of the program. Local enrollment of each individual for integrated forensic programs shall be subject to the approval of the county mental health director or his or her designee.

(2) Each county shall ensure that funds provided by these grants are used to expand existing integrated service programs that meet the criteria of the adult system of care to provide new services in accordance with the purpose for which they were appropriated and allocated, and that none of these funds shall be used to supplant existing services to severely mentally ill adults. In order to ensure that this requirement is met, the department shall develop methods and contractual requirements, as it determines necessary. At a minimum, these assurances shall include that state and federal requirements regarding tracking of funds are met and that patient records are maintained in a manner that protects privacy and confidentiality, as required under federal and state law.

(c) Each county selected to receive a grant pursuant to this section shall provide data as the department may require, that demonstrates the outcomes of the adult system of care programs, shall specify the additional numbers of severely mentally ill adults to whom they will provide comprehensive services for each million dollars of additional funding that may be awarded through either an integrated adult service grant or an integrated forensic grant, and shall agree to provide services in accordance with Section 5806. Each county's plan shall identify and

include sufficient funding to provide housing for the individuals to be served, and shall ensure that any hospitalization of individuals participating in the program are coordinated with the provision of other mental health services provided under the program.

CHAPTER 455

An act to add and repeal Article 12.5 (commencing with Section 18836) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Article 12.5 (commencing with Section 18836) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 12.5. Lupus Foundation of America, California Chapters Fund

18836. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the Lupus Foundation of America, California Chapters Fund, which is established by Section 18837. That designation is to be used as a voluntary contribution on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and once made is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. If no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

(d) If an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled the ''Lupus Foundation of America, California Chapters Fund'' to allow for the designation permitted. The form shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used for lupus education, awareness, and research.

(f) Notwithstanding any other provision, a voluntary contribution designation for the Lupus Foundation of America, California Chapters Fund shall not be added on the tax return until another voluntary contribution designation is removed.

(g) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18837. There is in the State Treasury the Lupus Foundation of America, California Chapters Fund to receive contributions made pursuant to Section 18836. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18836 to be transferred to the Lupus Foundation of America, California Chapters Fund. The Controller shall transfer from the Personal Income Tax Fund to the Lupus Foundation of America, California Chapters Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18836 for payment into that fund.

18838. All money transferred to the Lupus Foundation of America, California Chapters Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the State Department of Health Services for allocation on an equal basis to all California-based operating chapters of the Lupus Foundation of America for education and awareness, and to provide research grants to develop and advance the understanding, causes, techniques, and modalities effective in the prevention, care, treatment, and cure of lupus.

Funds may not be used for the department's administrative costs.

18839. It is the intent of the Legislature that this article create an additional funding source for lupus education, awareness, and research and shall be used to supplement, not supplant, other funding sources for education, awareness, and research.

18840. (a) Unless repealed earlier pursuant to subdivision (b), this article shall remain in effect only until January 1 of the fifth taxable year following the first appearance of the Lupus Foundation of America,

California Chapters Fund on the tax return, and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) If, in any calendar year after the second taxable year the Lupus Foundation of America, California Chapters Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contribution.

(c) For each calendar year, beginning with the third calendar year the Lupus Foundation of America, California Chapters Fund appears on the tax return, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 456

An act to amend Section 40916 of the Health and Safety Code, relating to air pollution.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 40916 of the Health and Safety Code is amended to read:

40916. (a) The state board shall make technical assistance available to a district, at the district's request, to support attainment planning and air pollutant transport planning and associated analyses. If the state board lacks sufficient resources to make technical assistance available to each district that requests assistance, the state board shall give priority to those districts that have limited financial or technical capabilities.

(b) The state board shall develop guidelines for use by the districts to prepare emission inventories, develop monitoring networks, and develop methods for the validation of air quality models.

(c) The state board shall develop and periodically update guidelines for use by the districts to establish equivalent emission reductions for mobile source emission control strategies and transportation control measures.

(d) (1) The state board may recommend a suggested control measure for adoption by a district to meet the requirements of the district's plan adopted pursuant to this chapter for any architectural paint or coating, if the state board determines all of the following:

(A) The control measure will achieve a feasible reduction in volatile organic compounds emitted by the architectural paint or coating. For purposes of this paragraph, ''feasible reduction in volatile organic compounds emitted'' means an emission limitation that is achievable, taking into account environmental, energy, and economic impacts.

(B) Adequate data exist to establish that the control measure is necessary to attain state and federal ambient air quality standards.

(C) The control measure is commercially and technologically feasible and necessary.

(2) Nothing in this subdivision shall limit or affect the ability of a district to adopt or enforce rules related to architectural paint or coatings. Every rule adopted by a district regarding architectural paint or coatings shall be adopted by the governing board of the district in accordance with existing law, and shall include at least one public workshop.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one

million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 457

An act to amend Sections 626, 11200, and 11208 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

A ''traffic violator school'' is a business that, for compensation, provides, or offers to provide, instruction in traffic safety, including, but not limited to, classroom traffic violator curricula, for persons referred by a court pursuant to Section 42005 or to other persons who elect to attend.

SEC. 2. Section 11200 of the Vehicle Code is amended to read:

11200. (a) The department shall license schools for traffic violators for purposes of Section 42005 and to provide traffic safety instruction to other persons who elect to attend. A person may not own or operate a traffic violator school or, except as provided in Section 11206, give instruction for compensation in a traffic violator school without a currently valid license issued by the department.

(b) (1) Any person who elects to attend a traffic violator school shall receive from the traffic violator school and shall sign a copy of the following consumer disclosure statement prior to the payment of the school fee and attending the school:

''Course content is limited to traffic violator curricula approved by the Department of Motor Vehicles. Students in the classroom include traffic offenders, repeat traffic offenders, adults, and teenagers, and those who have and those who have not been referred by a court. Instructor training, business regulatory standards, and Vehicle Code requirements of traffic violator schools are not equal to the training, standards, and Vehicle Code requirements of licensed driving schools (California Vehicle Code).''

(2) In the case of a minor who elects to attend a traffic violator school, the minor's parent or guardian shall sign the consumer disclosure statement.

(3) A copy of each signed disclosure statement shall be retained by the traffic violator school for a minimum of 36 months.

(4) This subdivision does not apply to persons referred by courts pursuant to Section 42005.

SEC. 3. Section 11208 of the Vehicle Code is amended to read:

11208. (a) Fees for issuance by the department of a license to a traffic violator school owner shall be as follows:

(1) For the original license or an ownership change which requires a new application, except as provided by Section 42231, a fee of one hundred fifty dollars ($150), with an additional fee of seventy dollars ($70) for each separate traffic violator school branch or classroom location licensed. The fee prescribed by this subdivision is nonrefundable.

(2) For annual renewal of the license for a traffic violator school and for each branch or classroom location, a fee of fifty dollars ($50).

(3) If alteration of an existing license is required by a firm name change, a change in corporate officer structure, address change, or the addition of a traffic violator school branch or classroom location, a fee of seventy dollars ($70).

(4) For replacement of the license certificate when the original license is lost, stolen, or mutilated, a fee of fifteen dollars ($15).

(b) Fees for the issuance by the department of a license for a traffic violator school operator shall be as follows:

(1) For the original license, a nonrefundable fee of one hundred dollars ($100).

(2) For annual renewal of the license, a fee of fifty dollars ($50).

(3) If alteration of an existing license is caused by a change in the name or location of the established principal place of business of the traffic violator school operated by the licensee, including a transfer by a licensee from one traffic violator school to another, a fee of fifteen dollars ($15).

(4) For replacement of the license certificate when the original license is lost, stolen, or mutilated, a fee of fifteen dollars ($15).

(c) Fees for the issuance by the department of a license for a traffic violator school instructor shall be as follows:

(1) For the original license, except as provided by Section 42231, a nonrefundable fee of thirty dollars ($30).

(2) For the triennial renewal of a license, a fee of thirty dollars ($30).

(3) If alteration of an existing license is required by a change in the instructor's employing school's name or location, or transfer of the instructor's license to another employing school, a fee of fifteen dollars ($15).

(4) For replacement of the instructor's license certificate when the original license is lost, stolen, or mutilated, a fee of fifteen dollars ($15).

(d) The department shall charge a fee, not to exceed three dollars ($3), for each completion certificate issued by a traffic violator school to each

person referred by a court pursuant to Section 42005 and completing instruction at the traffic violator school. The amount of the fee shall be determined by the department and shall be a fee sufficient to defray the actual costs incurred by the department for publication and distribution of lists of schools for traffic violators pursuant to Section 11205, for monitoring instruction, business practices, and records of schools for traffic violators and for any other activities deemed necessary by the department to assure high quality education for traffic violators. Upon satisfactory completion of the instruction offered by a licensed traffic violator school, the traffic violator school shall provide the student referred by a court pursuant to Section 42005 with a certificate of completion furnished by the department. A certificate of completion shall not be issued to a person who elects to attend a traffic violator school. A traffic violator school shall not charge a fee in excess of the fee charged by the department pursuant to this subdivision for furnishing a certificate of completion. A traffic violator school may charge a fee not to exceed three dollars ($3), in addition to the fee charged by the department for the issuance of a duplicate certificate of completion. A student referred by a court pursuant to Section 42005 shall present this certificate of completion to the court as proof of completion of instruction, and no other proof of completion of instruction may be accepted by the court.

(e) The department shall compile its actual costs incurred to determine the fee prescribed in subdivision (d) and make available its financial records used in the determination of the fee for completion certificates. The fee shall be adjusted every odd-numbered year based upon the costs incurred during the preceding two fiscal years. The records described in this subdivision are public records.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 458

1797.197 to the Health and Safety Code, relating to emergency medical services.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 4119.2 is added to the Business and Professions Code, to read:

4119.2. (a) Notwithstanding any other provision of law, a pharmacy may furnish epinephrine auto-injectors to a school district or county office of education pursuant to Section 49414 of the Education Code if all of the following are met:

(1) The epinephrine auto-injectors are furnished exclusively for use at a school district site or county office of education.

(2) A physician and surgeon provides a written order that specifies the quantity of epinephrine auto-injectors to be furnished.

(b) Records regarding the acquisition and disposition of epinephrine auto-injectors furnished pursuant to subdivision (a) shall be maintained by both the school district or county office of education for a period of three years from the date the records were created. The school district or county office of education shall be responsible for monitoring the supply of auto-injectors and assuring the destruction of expired auto-injectors.

SEC. 2. Section 49414 is added to the Education Code, to read:

49414. (a) A school district or county office of education may provide emergency epinephrine auto-injectors to trained personnel, and trained personnel may utilize those epinephrine auto-injectors to provide emergency medical aid to persons suffering from an anaphylactic reaction. Any school district or county office of education choosing to exercise the authority provided under this subdivision shall not receive state funds specifically for the purposes of this subdivision.

(b) For purposes of this section, the following terms have the following meaning:

(1) ''Anaphylaxis'' means a potentially life-threatening hypersensitivity to a substance.

(A) Symptoms of anaphylaxis may include shortness of breath, wheezing, difficulty breathing, difficulty talking or swallowing, hives, itching, swelling, shock, or asthma.

(B) Causes of anaphylaxis may include, but are not limited to, an insect sting, food allergy, drug reaction, and exercise.

(2) ''Epinephrine auto-injector'' means a disposable drug delivery system with a spring-activated concealed needle that is designed for emergency administration of epinephrine to provide rapid, convenient first aid for persons suffering a potentially fatal reaction to anaphylaxis.

(c) Each public and private elementary and secondary school in the state may voluntarily determine whether or not to make emergency epinephrine auto-injectors and trained personnel available at its school. In making this determination, a school shall evaluate the emergency medical response time to the school and determine whether initiating emergency medical services is an acceptable alternative to epinephrine auto-injectors and trained personnel. Any school choosing to exercise the authority provided under this subdivision shall not receive state funds specifically for the purposes of this subdivision.

(d) Each public and private elementary and secondary school in the state may designate one or more school personnel on a voluntary basis to receive initial and annual refresher training, based on the standards developed pursuant to subdivision (e), regarding the storage and emergency use of an epinephrine auto-injector from the school nurse or other qualified person designated by the school district physician, the medical director of the local health department, or the local emergency medical services director. Any school choosing to exercise the authority provided under this subdivision shall not receive state funds specifically for the purposes of this subdivision.

(e) (1) The Superintendent of Public Instruction shall establish minimum standards of training for the administration of epinephrine auto-injectors that satisfy the requirements in paragraph (2). For purposes of this subdivision, the Superintendent of Public Instruction shall consult with organizations and providers with expertise in administering epinephrine auto-injectors and administering medication in a school environment, including, but not limited to, the State Department of Health Services, the Emergency Medical Services Authority, the American Academy of Allergy, Asthma, and Immunology, the California School Nurses Organization, the California Medical Association, the American Academy of Pediatrics, and others.

(2) Training established pursuant to this subdivision shall include all of the following:

(A) Techniques for recognizing symptoms of anaphylaxis.

(B) Standards and procedures for the storage and emergency use of epinephrine auto-injectors.

(C) Emergency follow-up procedures, including calling the emergency 911 phone number and contacting, if possible, the pupil's parent and physician.

(D) Instruction and certification in cardiopulmonary resuscitation.

(E) Written materials covering the information required under this subdivision.

(3) A school shall retain for reference the written materials prepared under subparagraph (E) of paragraph (2).

(f) A school nurse, or if the school does not have a school nurse, a person who has received training pursuant to subdivision (d), may do the following:

(1) Obtain from the school district physician, the medical director of the local health department, or the local emergency medical services director a prescription for epinephrine auto-injectors.

(2) Immediately administer an epinephrine auto-injector to a person exhibiting potentially life-threatening symptoms of anaphylaxis at school or a school activity when a physician is not immediately available.

(g) A person who has received training as set forth in subdivision (d) or a school nurse shall initiate emergency medical services or other appropriate medical follow up in accordance with the training materials retained pursuant to paragraph (3) of subdivision (e).

(h) Any school district or county office of education electing to utilize epinephrine auto-injectors for emergency medical aid shall create a plan to address all of the following issues:

(1) Designation of the individual or individuals who will provide the training pursuant to subdivision (d).

(2) Designation of the school district physician, the medical director of the local health department, or the local emergency medical services director that the school district or county office of education will consult for the prescription for epinephrine auto-injectors pursuant to paragraph (1) of subdivision (f).

(4) Documentation as to where the medication is stored and how the medication will be made readily available in case of an emergency.

SEC. 3. Section 1797.197 is added to the Health and Safety Code, to read:

1797.197. The authority shall promulgate regulations regarding these matters for use by all prehospital emergency care personnel.

92665.1. The Legislature requests the Regents of the University of California, to the extent possible, to use existing resources to establish dental, medical, and optometric health professions outreach and exposure programs for elementary, high school, and undergraduate students, including community college students.

CHAPTER 460

An act to amend Sections 286 and 1660 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 286 of the Vehicle Code is amended to read:

286. The term ''dealer'' does not include any of the following:

(a) Insurance companies, banks, finance companies, public officials, or any other person coming into possession of vehicles in the regular course of business, who sells vehicles under a contractual right or obligation, in performance of an official duty, or in authority of any court of law, if the sale is for the purpose of saving the seller from loss or pursuant to the authority of a court.

(b) Persons who sell or distribute vehicles of a type subject to registration for a manufacturer to vehicle dealers licensed under this code, or who are employed by manufacturers or distributors to promote the sale of vehicles dealt in by those manufacturers or distributors. However, any of those persons who also sell vehicles at retail are vehicle dealers and are subject to this code.

(c) Persons regularly employed as salespersons by vehicle dealers licensed under this code while acting within the scope of that employment.

(d) Persons engaged exclusively in the bona fide business of exporting vehicles or of soliciting orders for the sale and delivery of vehicles outside the territorial limits of the United States, if no federal excise tax is legally payable or refundable on any of the transactions. Persons not engaged exclusively in the bona fide business of exporting vehicles, but who are engaged in the business of soliciting orders for the sale and delivery of vehicles, outside the territorial limits of the United States are exempt from licensure as dealers only if their sales of vehicles produce less than 10 percent of their total gross revenue from all business transacted.

(e) Persons not engaged in the purchase or sale of vehicles as a business, who dispose of any vehicle acquired and used in good faith, for their own personal use, or for use in their business, and not for the purpose of avoiding the provisions of this code.

(f) Persons who are engaged in the purchase, sale, or exchange of vehicles, other than motorcycles subject to identification under this code, which are not intended for use on the highways.

(g) Persons temporarily retained as auctioneers solely for the purpose of disposing of vehicle stock inventories by means of public auction on behalf of the owners at the owners' place of business, or as otherwise approved by the department, if intermediate physical possession or control of, or an ownership interest in, the inventory is not conveyed to the persons so retained.

(h) Persons who are engaged exclusively in the business of purchasing, selling, servicing, or exchanging racing vehicles, parts for racing vehicles, and trailers designed and intended by the manufacturer to be used exclusively for carrying racing vehicles. For purposes of this subdivision, ''racing vehicle'' means a motor vehicle of a type used exclusively in a contest of speed or in a competitive trial of speed which is not intended for use on the highways.

(i) Any person who is a lessor.

(j) Any person who is a renter.

(k) Any salvage pool.

(*l*) Any yacht broker who is subject to the Yacht and Ship Brokers Act (Article 2 (commencing with Section 700) of Chapter 5 of Division 3 of the Harbors and Navigation Code) and who sells used boat trailers in conjunction with the sale of a vessel.

Under no circumstances may any institution or organization transfer the responsibility of obtaining a smog inspection certificate to the buyer of the vehicle.

(D) The proceeds of the sale of the vehicles are retained by that institution or organization for its charitable, religious, or educational purposes.

(2) An institution or organization described in paragraph (1) may sell vehicles on behalf of another institution or organization under the following conditions:

All net proceeds transferred to the nonselling institution or organization shall clearly be identifiable to the sale of a specific vehicle. The selling institution or organization may retain a percentage of the proceeds from the sale of a particular vehicle. However, any retained proceeds shall be used by the selling institution or organization for its charitable, religious, or educational purposes.

(D) At the time of transferring the proceeds, the selling institution or organization shall provide to the nonselling institution or organization, an itemized listing of the vehicles sold and the amount for which each vehicle was sold.

(E) In the event the selling institution or organization cannot complete a retail sale of a particular vehicle, or if the vehicle cannot be transferred as a wholesale transaction to a dealer licensed under this code, the vehicle shall be returned to the nonselling institution or organization and the written agreement revised to reflect that return. Under no circumstances may a selling institution or organization transfer or donate the vehicle to a third party that is excluded from the definition of a dealer under this section.

(p) Any motor club, as defined in Section 12142 of the Insurance Code, that does not arrange or negotiate individual motor vehicle purchase transactions on behalf of its members but refers members to a new motor vehicle dealer for the purchase of a new motor vehicle and does not receive a fee from the dealer contingent upon the sale of the vehicle.

SEC. 2. Section 1660 of the Vehicle Code is amended to read:

1660. (a) Any institution or organization described in subdivision (o) of Section 286 shall keep the following records for not less than three years:

(C) All itemized listings pursuant to subparagraph (D) of paragraph (2) of subdivision (o) of Section 286.

(D) The selling institution or organization shall retain all documentation pertaining to the sale of vehicles on behalf of another institution or organization in the same manner as is required for the sale of vehicles donated to the selling institution or organization.

(b) The department may inspect the records of any nonprofit institution or organization that obtains donated vehicles in order to ascertain whether it meets the conditions specified in subdivision (o) of Section 286.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 461

An act to add Section 25189.3 to the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 2, 2001. Filed with
Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 25189.3 is added to the Health and Safety Code, to read:

25189.3. (a) For purposes of this section, the term ''permit'' means a hazardous waste facilities permit, interim status authorization, or standardized permit.

(b) The department shall suspend the permit of any facility for nonpayment of any facility fee assessed pursuant to Section 25205.2 or activity fee assessed pursuant to subdivision (d) of Section 25205.7, if the operator of the facility is subject to the fee, and if the State Board of Equalization has certified in writing to all of the following:

(1) The facility's operator is delinquent in the payment of the fee for one or more reporting periods.

(2) The State Board of Equalization has notified the facility's operator of the delinquency.

(3) The operator has exhausted the administrative rights of appeal provided by Chapter 3 (commencing with Section 43151) of Part 22 of Division 2 of the Revenue and Taxation Code, and the State Board of Equalization has determined that the operator is liable for the fee, or that the operator has failed to assert those rights.

(c) (1) The department shall suspend the permit of any facility for nonpayment of a penalty assessed upon the owner or operator for failure to comply with this chapter or the regulations adopted pursuant to this chapter, if the penalty has been imposed by a trial court judge or by an administrative hearing officer, if the person has agreed to pay the penalty pursuant to a written agreement resolving a lawsuit or an administrative order, or if the penalty has become final due to the person's failure to respond to the lawsuit or order.

(2) The department may suspend a permit pursuant to this subdivision only if the owner or operator is delinquent in the payment of the penalty and the department has notified the owner or operator of the delinquency pursuant to subdivision (d).

(d) Before suspending a permit pursuant to this section, the department shall notify the owner or operator of its intent to do so, and shall allow the owner or operator a minimum of 30 days in which to cure the delinquency.

(e) The department may deny a new permit or refuse to renew a permit on the same grounds for which the department is required to suspend a permit under this section, subject to the same requirements and conditions.

(f) (1) The department shall reinstate a permit that is suspended pursuant to this section upon payment of the amount due, if the permit has not otherwise been revoked or suspended pursuant to any other provision of this chapter or regulation. Until the department reinstates a permit suspended pursuant to this section, if the facility stores, treats, disposes of, or recycles hazardous wastes, the facility shall be in violation of this chapter. If the operator of the facility subsequently pays the amount due, the period of time for which the operator shall have been in violation of this chapter shall be from the date of the activity that is in violation until the day after the owner or operator submits the payment to the department.

(2) Except as otherwise provided in this section, the department is not required to take any other statutory or regulatory procedures governing the suspension of the permit before suspending a permit in compliance with the procedures of this section.

(g) (1) A suspension under this section shall be stayed while an authorized appeal of the fee or penalty is pending before a court or an administrative agency.

(2) For purposes of this subdivision, ''an authorized appeal'' means any appeal allowed pursuant to an applicable regulation or statute.

(h) The department may suspend a permit under this section based on a failure to pay the required fee or penalty that commenced prior to January 1, 2002, if the failure to pay has been ongoing for at least 30 days following that date.

(i) Notwithstanding Section 43651 of the Revenue and Taxation Code, the suspension of a permit pursuant to this section, the reason for the suspension, and any documentation supporting the suspension, shall be a matter of public record.

(j) (1) This section does not authorize the department to suspend a permit held by a government agency if the agency does not dispute the payment but nonetheless is unable to process the payment in a timely manner.

(2) This section does not apply to a site owned or operated by a federal agency if the department has entered into an agreement with that federal agency regarding the remediation of that site.

(k) This section does not limit or supersede Section 25186.

CHAPTER 462

An act to add Section 8587.5 to the Government Code, relating to emergency services.

[Approved by Governor October 2, 2001. Filed with
Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Every year in California emergency service providers are unnecessarily killed or injured in traffic accidents. The National Safety Council reports that, for 1998, ambulances, fire apparatus, and police cars were involved in more than 32,000 crashes, 47 percent of which occurred with their emergency lights, sirens, or both, in use.

(b) Increased traffic, along with improved soundproofing of vehicles and the use of stereo systems and cellular telephones by drivers, contribute to the distraction of drivers on the state's streets and highways.

(c) Most major metropolitan areas in the state now utilize Traffic Signal Override Systems which, if combined with relatively inexpensive patented technologies that receive audible signals in emergency response vehicles and other motor vehicles, could facilitate the right of way, alert other emergency responders of similar vehicles in the vicinity, and thereby greatly enhance the safety of all emergency responders.

(d) Federal legislation known as the ''Transportation Equity Act for the 21st Century,'' Public Law 105-178, provides federal funding for programs that show the benefits of improving the safety of our roads. The federal share of funding can reach 100 percent where there is substantial public interest or benefit from the program.

(e) Therefore, it is the intent of the Legislature in enacting this act to require the Department of Transportation to apply for funding under the Transportation Equity Act for the 21st Century to test the ability of new technologies to reduce accidents for emergency responders.

SEC. 2. Section 8587.5 is added to the Government Code, to read:

8587.5. (a) The Department of Transportation shall, in cooperation with interested cities with Traffic Signal Override Systems, apply to the United States Secretary of Transportation for federal funding to conduct a research program in one or more cities to test the effectiveness of the installation of signal emitters and sensors in emergency response vehicles in reducing accidents and injuries.

(b) The project shall study the reduction in accidents and injuries involving emergency response vehicles in the program areas, shall, if possible, assess any reduction in response times by emergency response vehicles in the program areas, and may study other valuable data as deemed appropriate.

(c) The application shall seek full federal funding for the project, including the evaluation component. If the United States Secretary of

Transportation requires a nonfederal share of funding, the participating local governments shall pay this share equally.

(d) The department shall apply for federal funding within six months of the effective date of this section unless good cause exists to apply later or not to apply.

(e) Within six months after the study has been completed, the department shall submit a written report of its findings to the Senate Committee on Budget and Fiscal Review, the Senate Committee on Transportation, the Assembly Committee on Budget, and the Assembly Committee on Transportation.

CHAPTER 463

An act to amend Section 17415 of, and to add Sections 17550 and 17552 to, the Family Code, and to amend Section 903 of the Welfare and Institutions Code, relating to children.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 17415 of the Family Code is amended to read:

17415. (a) It shall be the duty of the county welfare department to refer all cases in which a parent is absent from the home, or in which the parents are unmarried and parentage has not been established by the completion and filing of a voluntary declaration of paternity pursuant to Section 7573 or a court of competent jurisdiction, to the local child support agency immediately at the time the application for public assistance, including Medi-Cal benefits, or certificate of eligibility, is signed by the applicant or recipient, except as provided in Section 17552 of this code and Section 11477.04 of the Welfare and Institutions Code. If an applicant is found to be ineligible, the applicant shall be notified in writing that the referral of the case to the local child support agency may be terminated at the applicant's request. The county welfare department shall cooperate with the local child support agency and shall make available all pertinent information as provided in Section 17505.

(b) Upon referral from the county welfare department, the local child support agency shall investigate the question of nonsupport or paternity and shall take all steps necessary to obtain child support for the needy child, enforce spousal support as part of the state plan under Section 17604, and determine paternity in the case of a child born out of wedlock. Upon the advice of the county welfare department that a child is being

considered for adoption, the local child support agency shall delay the investigation and other actions with respect to the case until advised that the adoption is no longer under consideration. The granting of public assistance or Medi-Cal benefits to an applicant shall not be delayed or contingent upon investigation by the local child support agency.

(c) In cases where Medi-Cal benefits are the only assistance provided, the local child support agency shall provide child and spousal support services unless the recipient of the services notifies the local child support agency that only services related to securing health insurance benefits are requested.

(d) Where a court order has been obtained, any contractual agreement for support between the local child support agency or the county welfare department and the noncustodial parent shall be deemed null and void to the extent that it is not consistent with the court order.

(e) Whenever a family which has been receiving public assistance, including Medi-Cal, ceases to receive assistance, including Medi-Cal, the local child support agency shall, to the extent required by federal regulations, continue to enforce support payments from the noncustodial parent until the individual on whose behalf the enforcement efforts are made sends written notice to the local child support agency requesting that enforcement services be discontinued.

(f) The local child support agency shall, where appropriate, utilize reciprocal arrangements adopted with other states in securing support from an absent parent. In individual cases where utilization of reciprocal arrangements has proven ineffective, the local child support agency may forward to the Attorney General a request to utilize federal courts in order to obtain or enforce orders for child or spousal support. If reasonable efforts to collect amounts assigned pursuant to Section 11477 of the Welfare and Institutions Code have failed, the local child support agency may request that the case be forwarded to the Treasury Department for collection in accordance with federal regulations. The Attorney General, where appropriate, shall forward these requests to the Secretary of Health and Human Services, or a designated representative.

SEC. 2. Section 17550 is added to the Family Code, to read:

17550. (a) The Department of Child Support Services, in consultation with the State Department of Social Services, shall establish regulations by which the local child support agency, in any case of separation or desertion of a parent from a child that results in aid under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code being granted to the child, may compromise the obligor parent or parents' liability for public assistance debt, including interest thereon, owed to the state where the child for whom public assistance was paid is residing with the obligor parent, and all of the following conditions are met:

(1) The obligor parent establishes one of the following:

(A) The child has been adjudged a dependent of the court under Section 300 of the Welfare and Institutions Code and the child has been reunified with the obligor parent pursuant to a court order.

(B) The child received public assistance while living with a guardian or relative caregiver and the child has been returned to the custody of the obligor parent, provided that the obligor parent for whom the debt compromise is being considered was the parent with whom the child resided prior to the child's placement with the guardian or relative caregiver.

(2) The obligor parent, for whom the debt compromise is being considered, has an income less than 250 percent of the current federal poverty level.

(3) The local child support agency, pursuant to regulations set forth by the department, has determined that the compromise is necessary for the child's support.

(b) Prior to compromising an obligor parent's liability for debt incurred for either AFDC-FC payments provided to a child pursuant to Section 11400 of the Welfare and Institutions Code, or incurred for CalWORKs payments provided on behalf of a child, the local child support agency shall consult with the county child welfare department.

(c) Nothing in this section relieves an obligor, who has not been reunified with his or her child, of any liability for public assistance debt.

(d) For the purposes of this section, the following definitions apply:

(1) ''Guardian'' means the legal guardian of the child, who assumed care and control of the child while the child was in the guardian's control, and who is not a biological or adoptive parent.

(2) ''Relative caregiver'' means a relative as defined in subdivision (c) of Section 11362 of the Welfare and Institutions Code, who assumed primary responsibility for the child while the child was in the relative's care and control, and who is not a biological or adoptive parent.

(e) The department shall promulgate all necessary regulations pursuant to this section on or before October 1, 2002, including regulations that set forth guidelines to be used by the local child support agency when compromising public assistance debt.

SEC. 3. Section 17552 is added to the Family Code, to read:

17552. (a) The State Department of Social Services, in consultation with the Department of Child Support Services, shall promulgate regulations by which the county child welfare department, in any case of separation or desertion of a parent or parents from a child that results in aid under Section 11400 of the Welfare and Institutions Code, shall determine whether it is in the best interests of the child to have the case referred to the local child support agency for child support services. If reunification services are not offered or are terminated, the case may be

referred to the local child support agency. In making the determination, the department regulations shall provide the factors the county child welfare department shall consider, including:

(1) Whether the payment of support by the parent will pose a barrier to the proposed reunification, in that the payment of support will compromise the parent's ability to meet the requirements of the parent's reunification plan.

(2) Whether the payment of support by the parent will pose a barrier to the proposed reunification in that the payment of support will compromise the parent's current or future ability to meet the financial needs of the child.

(b) The department regulations shall provide that, where the county child welfare department determines that it is not in the best interests of the child to seek a support order against the parent, the county child welfare department shall refrain from referring the case to the local child support agency. The regulations shall define those circumstances in which it is not in the best interest of the child to refer the case to the local child support agency.

(c) The department regulations shall provide, where the county child welfare department determines that it is not in the child's best interest to have his or her case referred to the local child support agency, the county child welfare department shall review that determination following each court hearing held under Section 361.5 of the Welfare and Institutions Code, and shall refer the child's case to the local child support agency upon a determination that, due to a change in the child's circumstances, it is no longer contrary to the child's best interests to have his or her case referred to the local child support agency.

(d) The State Department of Social Services shall promulgate all necessary regulations pursuant to this section on or before October 1, 2002.

SEC. 4. Section 903 of the Welfare and Institutions Code is amended to read:

903. (a) The father, mother, spouse, or other person liable for the support of a minor, the estate of that person, and the estate of the minor, shall be liable for the reasonable costs of support of the minor while the minor is placed, or detained in, or committed to, any institution or other place pursuant to Section 625 or pursuant to an order of the juvenile court. However, a county shall not levy charges for the costs of support of a minor detained pursuant to Section 625 unless, at the detention hearing, the juvenile court determines that detention of the minor should be continued, the petition for the offense for which the minor is detained is subsequently sustained, or the minor agrees to a program of supervision pursuant to Section 654. The liability of these persons and estates shall be a joint and several liability.

(b) The county shall limit the charges it seeks to impose to the reasonable costs of support of the minor and shall exclude any costs of incarceration, treatment, or supervision for the protection of society and the minor and the rehabilitation of the minor. In the event that court-ordered child support paid to the county pursuant to subdivision (a) exceeds the amount of the costs authorized by this subdivision and subdivision (a), the county shall either hold the excess in trust for the minor's future needs pursuant to Section 302.52 of Title 45 of the Code of Federal Regulations or, with the approval of the minor's caseworker or probation officer, pay the excess directly to the minor.

(c) It is the intent of the Legislature in enacting this subdivision to protect the fiscal integrity of the county, to protect persons against whom the county seeks to impose liability from excessive charges, to ensure reasonable uniformity throughout the state in the level of liability being imposed, and to ensure that liability is imposed only on persons with the ability to pay. In evaluating a family's financial ability to pay under this section, the county shall take into consideration the family's income, the necessary obligations of the family, and the number of persons dependent upon this income. Except as provided in paragraphs (1), (2), (3), and (4), ''costs of support'' as used in this section means only actual costs incurred by the county for food and food preparation, clothing, personal supplies, and medical expenses, not to exceed a combined maximum cost of fifteen dollars ($15) per day, except that:

(1) The maximum cost of fifteen dollars ($15) per day shall be adjusted every third year beginning January 1, 1988, to reflect the percentage change in the calendar year annual average of the California Consumer Price Index, All Urban Consumers, published by the Department of Industrial Relations, for the three-year period.

(2) No cost for medical expenses shall be imposed by the county until the county has first exhausted any eligibility the minor may have under private insurance coverage, standard or medically indigent Medi-Cal coverage, and the Robert W. Crown California Children's Services Act (Article 2 (commencing with Section 248) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code).

(3) In calculating the cost of medical expenses, the county shall not charge in excess of 100 percent of the AFDC fee-for-service average Medi-Cal payment for that county for that fiscal year as calculated by the State Department of Health Services; however, if a minor has extraordinary medical or dental costs that are not met under any of the coverages listed in paragraph (2), the county may impose these additional costs.

(4) For those placements of a minor subject to this section in which an AFDC–FC grant is made, the local child support agency shall, subject to Sections 17550 and 17552 of the Family Code, seek an order pursuant

to Section 17400 of the Family Code and the statewide child support guideline in effect in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of Division 9 of the Family Code. For purposes of determining the correct amount of support of a minor subject to this section, the rebuttable presumption set forth in Section 4057 of the Family Code is applicable. This paragraph shall be implemented consistent with subdivision (a) of Section 17415 of the Family Code.

(d) Notwithstanding subdivision (a), the father, mother, spouse, or other person liable for the support of the minor, the estate of that person, or the estate of the minor, shall not be liable for the costs described in this section if a petition to declare the minor a dependent child of the court pursuant to Section 300 is dismissed at or before the jurisdictional hearing.

(e) Notwithstanding subdivision (a), the father, mother, spouse, or other person liable for the support of a minor shall not be liable for the costs of support of that minor while the minor is temporarily placed or detained in any institution or other place pursuant to Section 625 or is committed to any institution or other place pursuant to an order of the juvenile court, if the minor is placed or detained because he or she is found by a court to have committed a crime against that person. Nothing in this subdivision shall be construed to extinguish a child support obligation between private parties.

SEC. 5. The Department of Child Support Services and the State Department of Social Services shall submit to the Governor and Legislature, on or before October 1, 2003, reports, which may be combined into a single report, on the results of the provisions of this act. The Department of Child Support Services report shall include, but is not limited to, the number of cases in which child support debt is compromised and the amount of debt that was incurred as a result of:

(a) AFDC-FC payments made pursuant to Article 5 (commencing with Section 11400) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(b) CalWORKs payments made pursuant to Sections 11203 and 11367 of the Welfare and Institutions Code.

SEC. 6. The provisions of Section 17415 of the Family Code, Section 903 of the Welfare and Institutions Code, as amended by this act, and the provisions of Sections 17550 and 17552 of the Family Code, as added by this act, shall be implemented only to the extent that federal financial participation is not reduced for the AFDC-FC program and the CalWORKs program.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing

with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 464

An act to add Section 2028 to the Business and Professions Code, relating to the healing arts.

[Approved by Governor October 2, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds, based upon a report entitled ''To Err is Human, Building a Safer Health System,'' a report issued in 1999 by the Institute of Medicine, that in 1993, approximately 7,000 deaths occurred in the United States as a result of medication errors.

(b) The Legislature further finds, based on information from the Institute for Safe Medicine Practices, the following:

(1) Of the three billion prescriptions issued each year in the United States, nearly all of them are handwritten by the physician and surgeon issuing the prescription.

(2) Illegible prescriptions result in more than 150 million inquiries each year by pharmacists for clarification from the physician and surgeon who issued the prescription.

(3) While the technology exists for the electronic transmission of prescriptions, less than 5 percent of physicians and surgeons use this technology to prescribe medication.

SEC. 2. Section 2028 is added to the Business and Professions Code, to read:

2028. (a) The Medical Board of California shall consult with the California State Board of Pharmacy and commission a study and report its results to the Legislature on or before January 1, 2003, on the electronic transmission of prescriptions by physicians and surgeons.

(b) This report shall include recommendations on the following matters:

(1) Whether the electronic transmission of prescriptions should be encouraged.

(2) Methods to encourage physicians and surgeons, health care providers specified in subdivision (a) of Section 4024, and persons licensed to prescribe in another state who meet the requirements

described in subdivision (b) of Section 4005 to issue prescriptions by electronic transmission.

(3) Identification of systems to protect confidential personal and medical information of patients for whom prescriptions are issued using electronic transmission, including, but not limited to, the issuance of digital certification to physicians and surgeons, health care providers specified in subdivision (a) of Section 4024, and persons licensed to prescribe in another state who meet the requirements described in subdivision (b) of Section 4005 to use when transmitting prescriptions electronically.''

(c) Digital certification'' is an electronic signature verifying the identity of the physician and surgeon, health care provider specified in subdivision (a) of Section 4024, or person licensed to prescribe in another state who meets the requirements described in subdivision (b) of Section 4005 who is transmitting the prescription electronically.

CHAPTER 465

An act to add and repeal Section 4000.11 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 3, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that existing California law prohibits rental car companies from renting, for in-state use, cars that are registered in other states. Because of the terrorist activities on September 11, 2001, that grounded all air traffic, and significantly interrupted rail and inter-city bus service, numerous persons throughout the nation have chosen to rent a car as the only viable alternative transportation over long distances.

Accordingly, the number of rental cars driven into California from other states during this crisis has been higher than normal. As a result, the number of California licensed cars that remain available to renters wishing to travel within the state has been reduced. In order to accommodate the greatly increased consumer demand for rental cars, it may be necessary to temporarily suspend the enforcement of those laws that would prohibit the rental of out-of-state cars.

SEC. 2. Section 4000.11 is added to the Vehicle Code, to read:

4000.11. (a) Notwithstanding any other provision of law, a rental company, as defined in paragraph (1) of subdivision (a) of Section 1936 of the Civil Code, that has been in continuous operation for the two years immediately preceding the effective date of the act that added this section, may rent for use in this state during the period of September 11, 2001 to December 31, 2001, inclusive, a passenger vehicle that is registered in another state if the vehicle's model year is 2000, 2001, or 2002.

(b) Subdivision (a) shall become operative only if both of the following occur:

(1) The Director of Motor Vehicles makes a written finding that the implementation of subdivision (a) is necessary to ensure that there is a sufficient and stable supply of rental cars available in California.

(2) The Executive Officer of the State Air Resources Board makes a written finding that the implementation of subdivision (a) will not result in a significant adverse impact upon air quality.

(c) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure, at the earliest possible time, that it is possible to accommodate the greatly increased consumer demand for rental cars that has resulted from recent terrorist activities that have grounded all air traffic, it is necessary that this act take effect immediately.

CHAPTER 466

An act to add and repeal Sections 1102.18 and 1940.7.5 of the Civil Code, relating to controlled substance releases.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 1102.18 is added to the Civil Code, to read:

1102.18. (a) For purposes of this section, the following definitions shall apply:

(1) ''Illegal controlled substance'' means a drug, substance, or immediate precursor listed in any schedule contained in Section 11054,

11055, 11056, 11057, or 11058 of the Health and Safety Code, or an emission or waste material resulting from the unlawful manufacture or attempt to manufacture an illegal controlled substance. An ''illegal controlled substance'' does not include, for purposes of this section, marijuana.

(2) ''Release'' means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing of an illegal controlled substance in a structure or into the environment.

(b) (1) Any owner of residential real property who knows, as provided in paragraph (2), that any release of an illegal controlled substance has come to be located on or beneath that real property shall, prior to the sale of the real property by that owner, give written notice of that condition to the buyer pursuant to Section 1102.6 by checking ''yes'' in question IC1 of the Real Estate Transfer Disclosure Statement contained in that section and attaching a copy of any notice received from law enforcement or any other entity, such as the Department of Toxic Substances Control, the county health department, the local environmental health officer, or a designee, advising the owner of the release on the property.

(2) For purposes of this subdivision, a seller's knowledge of the condition is established by the receipt of a notice specified in paragraph (1) or by actual knowledge of the condition from a source independent of the notice.

(3) If the seller delivers the disclosure information required by paragraph (1), delivery shall be deemed legally adequate for purposes of informing the prospective buyer of that condition, and the seller is not required to provide any additional disclosure of that information.

(4) Failure of the owner to provide written notice to the buyer when required by this subdivision shall subject the owner to actual damages and any other remedies provided by law. In addition, if the owner has actual knowledge of the presence of any release of an illegal controlled substance and knowingly and willfully fails to provide written notice to the buyer, as required by this subdivision, the owner is liable for a civil penalty not to exceed five thousand dollars ($5,000) for each separate violation, in addition to any other damages provided by law.

(c) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 2. Section 1940.7.5 is added to the Civil Code, to read:

(2) ''Release'' means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing of an illegal controlled substance in a structure or into the environment.

(b) (1) The owner of a residental dwelling unit who knows, as provided in paragraph (2), that any release of an illegal controlled substance has come to be located on or beneath that dwelling unit shall give written notice to the prospective tenant prior to the execution of a rental agreement by providing to a prospective tenant a copy of any notice received from law enforcement or any other entity, such as the Department of Toxic Substances Control, the county health department, the local environmental health officer, or a designee, advising the owner of that release on the property.

(2) For purposes of this subdivision, the owner's knowledge of the condition is established by the receipt of a notice specified in paragraph (1) or by actual knowledge of the condition from a source independent of the notice.

(3) If the owner delivers the disclosure information required by paragraph (1), the delivery shall be deemed legally adequate for purposes of informing the prospective tenant of that condition, and the owner is not required to provide any additional disclosure of that information.

(4) Failure of the owner to provide written notice to a prospective tenant when required by this subdivision shall subject the owner to actual damages and any other remedies provided by law. In addition, if the owner has actual knowledge of the presence of any release of an illegal controlled substance and knowingly and willfully fails to provide written notice to the renter, as required by this subdivision, the owner is liable for a civil penalty not to exceed five thousand dollars ($5,000) for each separate violation, in addition to any other damages provided by law.

(c) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

CHAPTER 467

An act to amend Section 14250 of the Penal Code, relating to DNA.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 14250 of the Penal Code is amended to read:

14250. (a) (1) The Department of Justice shall develop a DNA data base for all cases involving the report of an unidentified deceased person or a high-risk missing person.

(2) The data base required in paragraph (1) shall be comprised of DNA data from genetic markers that are appropriate for human identification, but have no capability to predict biological function other than gender. These markers shall be selected by the department and may change as the technology for DNA typing progresses. The results of DNA typing shall be compatible with and uploaded into the CODIS DNA data base established by the Federal Bureau of Investigation. The sole purpose of this data base shall be to identify missing persons and shall be kept separate from the data base established under Chapter 6 (commencing with Section 295) of Title 9 of Part 1.

(3) The Department of Justice shall compare DNA samples taken from the remains of unidentified deceased persons with DNA samples taken from personal articles belonging to the missing person, or from the parents or appropriate relatives of high-risk missing persons.

(4) For the purpose of this data base, ''high-risk missing person'' means a person missing as a result of a stranger abduction, a person missing under suspicious circumstances, a person missing under unknown circumstances, or where there is reason to assume that the person is in danger, or deceased, and that person has been missing more than 30 days, or less than 30 days in the discretion of the investigating agency.

(b) The department shall develop standards and guidelines for the preservation and storage of DNA samples. Any agency that is required to collect samples from unidentified remains for DNA testing shall follow these standards and guidelines. These guidelines shall address all scientific methods used for the identification of remains, including DNA, anthropology, odontology, and fingerprints.

(c) (1) A coroner shall collect samples for DNA testing from the remains of all unidentified persons and shall send those samples to the Department of Justice for DNA testing and inclusion in the DNA data bank. After the department has taken a sample from the remains for DNA

analysis and analyzed it, the remaining evidence shall be returned to the appropriate local coroner.

(2) After a report has been made of a person missing under high-risk circumstances, the responsible investigating law enforcement agency shall inform the parents or other appropriate relatives that they may give a voluntary sample for DNA testing or may collect a DNA sample from a personal article belonging to the missing person if available. The samples shall be taken by the appropriate law enforcement agency in a manner prescribed by the Department of Justice. The responsible investigating law enforcement agency shall wait no longer than 30 days after a report has been made to inform the parents or other relatives of their right to give a sample.

(3) The Department of Justice shall develop a standard release form that authorizes a mother, father, or other relative to voluntarily provide the sample. The release shall explain that DNA is to be used only for the purpose of identifying the missing person and that the DNA sample and profile will be destroyed upon request. No incentive or coercion shall be used to compel a parent or relative to provide a sample.

(4) The Department of Justice shall develop a model kit that law enforcement shall use when taking samples from parents and relatives.

(5) Before submitting the sample to the department for analysis, law enforcement shall reverify the status of the missing person. After 30 days has elapsed from the date the report was filed, law enforcement shall send the sample to the department for DNA testing and inclusion in the DNA data base, with a copy of the crime report, and any supplemental information.

(6) All retained samples and DNA extracted from a living person, and profiles developed therefrom, shall be used solely for the purpose of identification of the deceased's remains. All samples and DNA extracted from a living person, and profiles developed therefrom, shall be destroyed after a positive identification with the deceased's remains is made and a report is issued, unless any of the following has occurred:

(A) The coroner has made a report to a law enforcement agency pursuant to Section 27491.1 of the Government Code, that he or she has a reasonable ground to suspect that the identified person's death has been occasioned by another by criminal means.

(B) A law enforcement agency makes a determination that the identified person's death has been occasioned by another by criminal means.

(C) The evidence is needed in an active criminal investigation to determine whether the identified person's death has been occasioned by another by criminal means.

(D) A governmental entity is required to retain the material pursuant to Section 1417.9.

(7) Notwithstanding any other provisions of this section, upon the request of any living person who submits his or her DNA sample and profile pursuant to this section, including the parent or guardian of a child who submits a DNA sample of the child, the DNA sample shall be removed from the DNA data base.

(d) All DNA samples and profiles developed therefrom shall be confidential and shall only be disclosed to personnel of the Department of Justice, law enforcement officers, coroners, medical examiners, district attorneys, and persons who need access to a DNA sample for purposes of the prosecution or defense of a criminal case, except that a law enforcement officer or agency may publicly disclose the fact of a DNA profile match after taking reasonable measures to first notify the family of an unidentified deceased person or the family of a high-risk missing person that there has been an identification.

(e) All DNA, forensic identification profiles, and other identification information retained by the Department of Justice pursuant to this section are exempt from any law requiring disclosure of information to the public.

(f) (1) Any person who knowingly discloses DNA or other forensic identification information developed pursuant to this section to an unauthorized individual or agency, or for any purpose other than for identification or for use in a criminal investigation, prosecution, or defense, is guilty of a misdemeanor.

(2) A person who collects, processes, or stores DNA or DNA samples from a living person that are used for DNA testing pursuant to this section who does either of the following is liable in civil damages to the donor of the DNA in the amount of five thousand dollars ($5,000) for each violation, plus attorney's fees and costs:

(A) Fails to destroy samples or DNA extracted from a living person pursuant to paragraph (6) of subdivision (c).

(B) Discloses DNA samples in violation of subdivision (d).

(g) (1) If a disclosure or failure to destroy samples described in paragraph (2) of subdivision (f) is made by an employee of the Department of Justice, the department shall be liable for those actions of its employee.

(2) Notwithstanding any other law, the remedy in this section shall be the sole and exclusive remedy against the department and its employees available to the donor of the DNA against the department and its employees.

(3) The department employee disclosing DNA or other forensic identification information or otherwise violating this section shall be absolutely immune from civil liability under this or any other law.

(h) It is not an unauthorized disclosure or violation of this section to release DNA and other forensic identification information as part of a

judicial or administrative proceeding, to a jury or grand jury, or in a document filed with a court or administrative agency, or for this information to become part of the public transcript or record of proceedings.

(i) In order to maintain computer system security, the computer software and data base structures used by the DNA laboratory of the Department of Justice to implement this chapter are confidential.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 468

An act to amend Sections 13010.5 and 13012 of, and to add Section 13012.5 to, the Penal Code, relating to criminal statistics, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

I am signing Senate Bill 314, however, I am vetoing Section 4 of the bill which would appropriate $75,000 from the Controller for disbursement to the Department of Justice in order to implement the provisions of this bill.

I believe that the inclusion of statistical data related to minors who are subject to the jurisdiction of an adult criminal court in the Department of Justice's annual report would be beneficial in order to assess the public safety impact and fiscal consequences of trying minors as adults. However, due to the economic situation facing the State, the Department of Justice should fund the implementation of this bill through the $350,000 of federal funding that is available from the Office of Criminal Justice Planning and through existing resources of the Department.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 13010.5 of the Penal Code is amended to read:

13010.5. The department shall collect data pertaining to the juvenile justice system for statistical purposes. This information shall serve to assist the department in complying with the reporting requirement of subdivisions (c) and (d) of Section 13012, measuring the extent of

juvenile delinquency, determining the need for and effectiveness of relevant legislation, and identifying long-term trends in juvenile delinquency.

SEC. 2. Section 13012 of the Penal Code is amended to read:

13012. The annual report of the department provided for in Section 13010 shall contain statistics showing all of the following:

(a) The amount and the types of offenses known to the public authorities.

(b) The personal and social characteristics of criminals and delinquents.

(c) The administrative actions taken by law enforcement, judicial, penal, and correctional agencies or institutions, including those in the juvenile justice system, in dealing with criminals or delinquents.

(d) The administrative actions taken by law enforcement, prosecutorial, judicial, penal, and correctional agencies, including those in the juvenile justice system, in dealing with minors who are the subject of a petition or hearing in the juvenile court to transfer their case to the jurisdiction of an adult criminal court or whose cases are directly filed or otherwise initiated in an adult criminal court.

(e) The number of citizens' complaints received by law enforcement agencies under Section 832.5. These statistics shall indicate the total number of these complaints, the number alleging criminal conduct of either a felony or misdemeanor, and the number sustained in each category. The report shall not contain a reference to any individual agency but shall be by gross numbers only.

It shall be the duty of the department to give adequate interpretation of the statistics and so to present the information that it may be of value in guiding the policies of the Legislature and of those in charge of the apprehension, prosecution, and treatment of the criminals and delinquents, or concerned with the prevention of crime and delinquency. The report shall also include statistics which are comparable with national uniform criminal statistics published by federal bureaus or departments heretofore mentioned.

SEC. 3. Section 13012.5 is added to the Penal Code, to read:

13012.5. (a) The annual report published by the department under Section 13010 shall, in regard to the contents required by subdivision (d) of Section 13012, include the following statewide information:

(1) The annual number of fitness hearings held in the juvenile courts under Section 707 of the Welfare and Institutions Code, and the outcomes of those hearings including orders to remand to adult criminal court, cross-referenced with information about the age, gender, ethnicity, and offense of the minors whose cases are the subject of those fitness hearings.

(2) The annual number of minors whose cases are filed directly in adult criminal court under Sections 602.5 and 707 of the Welfare and Institutions Code, cross-referenced with information about the age, gender, ethnicity, and offense of the minors whose cases are filed directly to the adult criminal court.

(3) The outcomes of cases involving minors who are prosecuted in adult criminal courts, regardless of how adult court jurisdiction was initiated, including whether the minor was acquitted or convicted, or whether the case was dismissed and returned to juvenile court, including sentencing outcomes, cross-referenced with the age, gender, ethnicity, and offense of the minors subject to these court actions.

(b) The department's annual report published under Section 13010 shall include the information described in subdivision (d) of Section 13012, as further delineated by this section, beginning with the report due on July 1, 2003, for the preceding calendar year.

SEC. 4. The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the Controller for disbursement to the Department of Justice for the purpose of this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the department to collect the information required under these provisions by the reporting deadline, it is necessary for this act to take effect immediately as an urgency statute.

CHAPTER 469

An act to add and repeal Chapter 5.2 (commencing with Section 13366) of Division 7 of the Water Code, relating to water quality, and making an appropriation therefor.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) San Diego Bay is listed by the state as an impaired water body, and copper is a constituent of concern. One study shows that vessel hull paints are the largest sources of copper loading in San Diego Bay, with more than one-half of the total copper coming from recreational boats. Conservative estimates indicate that most of the bay's eight thousand

recreational boats use copper-based antifouling paint. The copper loading problem is particularly acute in the Shelter Island Yacht Basin of the bay, resulting in the preparation of a Total Daily Maximum Load (TDML) assessment by the San Diego Regional Water Quality Control Board.

(b) Existing, viable nontoxic alternatives to copper-based coatings lack widespread use because of limited availability, unfamiliarity, and concerns about cost. As part of an effort to improve the recreational boating community's access to superior alternatives, a group of diverse stakeholders is coming together to develop incentives for San Diego boat owners, boat repair companies, and marinas to apply alternative boat coatings.

SEC. 2. Chapter 5.2 (commencing with Section 13366) is added to Division 7 of the Water Code, to read:

CHAPTER 5.2. SAN DIEGO ADVISORY COMMITTEE FOR ENVIRONMENTALLY SUPERIOR ANTIFOULING PAINTS

13366. (a) The San Diego Advisory Committee for Environmentally Superior Antifouling Paints is hereby established, for the purpose of making recommendations and advising in the preparation of a report by the University of California, or a consultant, to identify incentives necessary to ensure that nontoxic alternatives to metal-based antifouling hull coatings are used for recreational vessels. The report shall consider, but need not be limited to, all of the following:

(1) Product costs, including, but not limited to, product costs of noncoating alternatives.

(2) Hull preparation, including, but not limited to, initial costs, lifespan costs, maintenance, and repairs.

(3) Market-based alternatives, including, but not limited to, differential pricing.

(4) The term of any incentives to encourage the availability and use of alternatives.

(5) Criteria for evaluating the effectiveness of any incentives.

(b) The committee members shall be appointed by the Board of Port Commissioners of the San Diego Unified Port District for two-year terms. The membership of the committee should include, but need not be limited to, all of the following:

(1) A representative of the San Diego Association of Yacht Clubs who resides in San Diego.

(2) A representative of the San Diego Port Tenants Association.

(3) A marina owner or operator in the San Diego Bay.

(4) A representative of the San Diego Unified Port District.

(5) A representative of the Sea Grant Extension Program.

(6) A representative of the Southern California Professional Divers Association.

(7) A representative of the Environmental Health Coalition in San Diego County.

(8) A representative of the boatyard industry operating in San Diego County.

(9) A representative of the San Diego Regional Water Quality Control Board.

(10) A recreational boat owner who resides in the City of San Diego.

(11) A representative of the Department of Boating and Waterways.

(c) The committee may include one nonvoting representative of each of the following:

(1) The United States Navy.

(2) The Department of Pesticide Regulation.

(d) Committee members shall not be compensated for their services or any expenses incurred in the performance of their duties pursuant to this chapter.

(e) The report required under subdivision (a) shall be submitted on or before December 31, 2002, to all of the following:

(1) The Legislature.

(2) The San Diego Regional Water Quality Control Board.

(3) The Department of Boating and Waterways.

(f) This section shall only apply to the University of California to the extent the regents of the university elect to make the section applicable.

13367. This chapter shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2004, deletes or extends that date.

SEC. 3. The sum of fifty thousand dollars ($50,000) is hereby appropriated from the Harbors and Watercraft Revolving Fund to the Department of Boating and Waterways, to provide funds to the University of California, subject to the agreement of the university, or a consultant, for the purpose of preparing the incentives report required under Section 13366 of the Water Code. The report shall be prepared under the direction of the San Diego Advisory Committee for Environmentally Superior Antifouling Paints.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 470

An act to amend Section 3058.65 of the Penal Code, and to amend Section 16507 of the Welfare and Institutions Code, relating to parole.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 3058.65 of the Penal Code is amended to read:

3058.65. (a) (1) Whenever any person confined in the state prison is serving a term for the conviction of child abuse, pursuant to Section 273a, 273ab, 273d, any sex offense specified as being perpetrated against a minor, or an act of domestic violence, or as ordered by a court, the Board of Prison Terms, with respect to inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections, with respect to inmates sentenced pursuant to Section 1170, shall notify the following parties that the person is scheduled to be released on parole, or rereleased following a period of confinement pursuant to a parole revocation without a new commitment, as specified in subdivision (b):

(A) The immediate family of the parolee who requests notification and provides the department with a current address.

(B) A county child welfare services agency that requests notification pursuant to Section 16507 of the Welfare and Institutions Code.

(2) For the purposes of this paragraph, ''immediate family of the parolee'' means the parents, siblings, and spouse of the parolee.

(b) (1) The notification shall be made by mail at least 45 days prior to the scheduled release date, except as provided in paragraph (2). In all cases, the notification shall include the name of the person who is scheduled to be released, the terms of that person's parole, whether or not that person is required to register with local law enforcement, and the community in which that person will reside. The notification shall specify the office within the Department of Corrections that has the authority to make the final determination and adjustments regarding parole location decisions.

(2) When notification cannot be provided within the 45 days due to the unanticipated release date change of an inmate as a result of an order from the court, an action by the Board of Prison Terms, the granting of an administrative appeal, or a finding of not guilty or dismissal of a disciplinary action, that affects the sentence of the inmate, or due to a modification of the department's decision regarding the community into which the person is scheduled to be released pursuant to paragraph (3), the department shall provide notification to the parties and agencies

specified in subdivision (a) as soon as practicable, but in no case less than 24 hours after the final decision is made regarding the location where the parolee will be released.

(3) Those agencies receiving the notice referred to in this subdivision may provide written comment to the board or department regarding the impending release. Agencies that choose to provide written comments shall respond within 30 days prior to the inmate's scheduled release, unless an agency received less than 45 days' notice of the impending release, in which case the agency shall respond as soon as practicable prior to the scheduled release. Those comments shall be considered by the board or department which may, based on those comments, modify its decision regarding the community in which the person is scheduled to be released. The board or department shall respond in writing not less than 15 days prior to the scheduled release with a final determination as to whether to adjust the parole location and documenting the basis for its decision, unless the department received comments less than 30 days prior to the impending release, in which case the department shall respond as soon as practicable prior to the scheduled release. The comments shall become a part of the inmate's file.

(c) In no case shall the notice required by this section be later than the day the person is released on parole.

SEC. 2. Section 16507 of the Welfare and Institutions Code is amended to read:

16507. (a) Family reunification services shall be provided or arranged for by county welfare department staff in order to reunite the child separated from his or her parent because of abuse, neglect, or exploitation. These services shall not exceed 12 months except as provided in subdivision (a) of Section 361.5 and subdivision (c) of Section 366.3. Family reunification services shall be available without regard to income to families whose child has been adjudicated or is in the process of being adjudicated a dependent child of the court under the provisions of Section 300. Family reunification services shall include a plan for visitation of the child by his or her grandparents, where the visitation is in the best interests of the child and will serve to maintain and strengthen the family relationships of the child.

(b) Family reunification services shall only be provided when a child has been placed in out-of-home care, or is in the care of a previously noncustodial parent under the supervision of the juvenile court.

(c) When a minor has been placed in foster care with a nonparent, family reunification services may be provided to one or both parents.

(d) When a county child welfare services agency is providing one parent with reunification services and the other parent is serving a prison term for the conviction of child abuse, pursuant to Section 273a, 273ab, or 273d of the Penal Code, any sex offense specified as being perpetrated

against a minor, or an act of domestic violence, the county child welfare services agency may request that the Board of Prison Terms, with respect to inmates sentenced pursuant to subdivision (b) of Section 1168 of the Penal Code, or the Department of Corrections, with respect to inmates sentenced pursuant to Section 1170 of the Penal Code, provide the agency, during the time in which reunification services are being provided, with notification that the person is scheduled to be released on parole, or rereleased following a period of confinement pursuant to a parole revocation without a new commitment.

CHAPTER 471

An act to amend, repeal, and add Section 33334.2 of, and to add and repeal Section 33334.22 of, the Health and Safety Code, relating to housing.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and

moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low-or moderate-income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of

Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the

department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if either (A) the improvements are made as part of a program which results in the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements or (B) the agency finds that the improvements are necessary to eliminate a specific condition that jeopardizes the health or safety of existing low- or moderate-income residents.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households

cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments which are assisted or subsidized by public entities and which are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 1.3. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons

and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning

agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall

show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements , and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in

this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the

amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 1.5. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not

have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the department within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of

Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) .

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the

department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if either (A) the improvements are made as part of a program which results in the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements or (B) the agency finds that the improvements are necessary to eliminate a specific condition that jeopardizes the health or safety of existing low- or moderate-income residents.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households

cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments which are assisted or subsidized by public entities and which are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(3) (A) The Orange County Development Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of any city within the County of Orange. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of a city only if the agency and the board of supervisors find all of the following:

(i) Both the County of Orange and the city have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall be a rental housing development containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105.

(iv) The development is in an area with a need for additional affordable housing.

(v) If applicable, Article XXXIV of the California Constitution permits the development.

(vi) The city in which the development is to be constructed has certified to the agency that the city's redevelopment agency, if one exists, is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend or encumber a housing fund excess surplus.

(B) If the agency uses these funds within the incorporated limits of a city, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, housing containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105, or for the acquisition or rehabilitation of publicly assisted rental housing that is threatened with conversion to market rates.

(ii) If less than all the units in the development are affordable to lower income households or very low income households, any agency assistance shall not exceed the amount needed to make the housing affordable to lower income households and very low income households.

(iii) The units in the development that are affordable to lower income households or very low income households shall remain affordable for a period of at least 55 years. Compliance with this requirement shall be ensured by the execution and recordation of covenants and restrictions that, notwithstanding any other provision of law, shall run with the land.

(iv) No development shall be located in a census tract where more than 50 percent of its population is very low income.

(v) Assisted developments shall be located on sites suitable for multifamily housing near public transportation.

(vi) Developed units shall not be treated as meeting the regional housing needs allocation under both the city's and county's housing elements.

(vii) The funds shall be used only for developments for which the city in which the development will be constructed has approved the agency's use of funds for the development or has granted land use approvals for the development.

(viii) The aggregate number of units assisted by the county over each five-year period shall include at least 10 percent that are affordable to households earning 30 percent or less of the area median income, and at least 40 percent that are affordable to very low income households.

(C) The Orange County Development Agency shall make diligent efforts to obtain the development of low- and moderate-income housing in unincorporated areas, including in developing areas of the county.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless alter enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 1.7. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This

finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the department within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and

Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) .

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence

in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements , and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with

Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(3) (A) The Orange County Development Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of any city within the County of Orange. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of a city only if the agency and the board of supervisors find all of the following:

(i) Both the County of Orange and the city have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall be a rental housing development containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105.

(iv) The development is in an area with a need for additional affordable housing.

(v) If applicable, Article XXXIV of the California Constitution permits the development.

(vi) The city in which the development is to be constructed has certified to the agency that the city's redevelopment agency, if one exists, is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend or encumber a housing fund excess surplus.

(B) If the agency uses these funds within the incorporated limits of a city, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, housing containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105, or for the acquisition or rehabilitation of publicly assisted rental housing that is threatened with conversion to market rates.

(ii) If less than all the units in the development are affordable to lower income households or very low income households, any agency assistance shall not exceed the amount needed to make the housing affordable to lower income households and very low income households.

(iii) The units in the development that are affordable to lower income households or very low income households shall remain affordable for a period of at least 55 years. Compliance with this requirement shall be ensured by the execution and recordation of covenants and restrictions that, notwithstanding any other provision of law, shall run with the land.

(iv) No development shall be located in a census tract where more than 50 percent of its population is very low income.

(v) Assisted developments shall be located on sites suitable for multifamily housing near public transportation.

(vi) Developed units shall not be treated as meeting the regional housing needs allocation under both the city's and county's housing elements.

(vii) The funds shall be used only for developments for which the city in which the development will be constructed has approved the agency's use of funds for the development or has granted land use approvals for the development.

(viii) The aggregate number of units assisted by the county over each five-year period shall include at least 10 percent that are affordable to households earning 30 percent or less of the area median income, and at least 40 percent that are affordable to very low income households.

(C) The Orange County Development Agency shall make diligent efforts to obtain the development of low- and moderate-income housing in unincorporated areas, including in developing areas of the county.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless alter enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. Section 33334.2 is added to the Health and Safety Code, to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on

implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the

funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department

of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if either (A) the improvements are made as part of a program which results in the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements or (B) the agency finds that the improvements are necessary to eliminate a specific condition that jeopardizes the health or safety of existing low- or moderate-income residents.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments which are assisted or subsidized by public entities and which are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be

constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall become operative on January 1, 2005.

SEC. 3. Section 33334.22 is added to the Health and Safety Code, to read:

33334.22. (a) The Legislature finds and declares that in order to avoid serious economic hardships and accompanying blight, it is necessary to enact this section, which shall apply only within Santa Cruz County, and which is enacted for the purpose of providing housing assistance to very low, lower, and moderate-income households.

(b) Notwithstanding Section 50052.5, any redevelopment agency within Santa Cruz County may make assistance available from its low- and moderate-income housing fund directly to a homebuyer for the purchase of an owner-occupied home, and for purposes of that assistance and this section, ''affordable housing cost'' shall not exceed the following:

(1) For very low income households, the product of 40 percent times 50 percent of the area median income adjusted for family size appropriate for the unit.

(2) For lower income households whose gross incomes exceed the maximum income for very low income households and do not exceed 70 percent of the area median income adjusted for family size, the product of 40 percent times 70 percent of the area median income adjusted for family size appropriate for the unit. In addition, for any lower income household that has a gross income that equals or exceeds 70 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that the affordable housing cost not exceed 40 percent of the gross income of the household.

(3) For moderate income households, affordable housing cost shall not exceed the product of 40 percent times 110 percent of the area median income adjusted for family size appropriate for the unit. In addition, for any moderate-income household that has a gross income that exceeds 110 percent of the area median income adjusted for family size, it shall be optional for any state of local funding agency to require that affordable housing cost not exceed 40 percent of the gross income of the household.

(c) Any agency in Santa Cruz County that provides assistance pursuant to this section shall include in the annual report to the Controller, pursuant to Sections 33080 and 33080.1, all of the following information:

(1) The sales prices of homes purchased with assistance from the agency's low and moderate income housing fund for each year from 2000 to 2004, inclusive.

(2) The sales prices of homes purchased and rehabilitated with assistance from the agency's low and moderate income housing fund for each year from 2000 to 2004, inclusive.

(3) The incomes, and percentage of income paid for housing costs, of all households that purchased, and that purchased and rehabilitated, homes with assistance from the agency's low and moderate income housing fund for each year from 2000 to 2004, inclusive.

(d) Except as provided in subdivision (b), all provisions of Section 50052.5, including any definitions, requirements, standards, and regulations adopted to implement those provisions, shall apply to this section.

(e) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 4. The Controller shall furnish a compilation of the information described in subdivision (c) of Section 33334.22 of the

Health and Safety Code to the Legislature and the Director of Housing and Community Development no later than April 1, 2005.

SEC. 5. (a) Section 1.3 of this bill incorporates amendments to Section 33334.2 of the Health and Safety Code proposed by both this bill and AB 637. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 33334.2 of the Health and Safety Code, (3) AB 661 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 637, in which case Sections 1, 1.5, and 1.7 of this bill shall not become operative.

(b) Section 1.5 of this bill incorporates amendments to Section 33334.2 of the Health and Safety Code proposed by both this bill and AB 661. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 33334.2 of the Health and Safety Code, (3) AB 637 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 661, in which case Sections 1, 1.3, and 1.7 of this bill shall not become operative.

(c) Section 1.7 of this bill incorporates amendments to Section 33334.2 of the Health and Safety Code proposed by this bill, AB 637, and AB 661. It shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 2002, (2) all three bills amend Section 33334.2 of the Health and Safety Code, and (3) this bill is enacted after AB 637 and AB 661, in which case Sections 1, 1.3, and 1.5 of this bill shall not become operative.

CHAPTER 472

An act to amend Section 67940 of, and to add Section 67941 to, the Government Code, relating to regional transportation.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 67940 of the Government Code is amended to read:

67940. (a) The Santa Cruz County Regional Transportation Commission is hereby created, as a local area transportation planning agency, and not as part of the executive branch of state government, to provide regional transportation planning and development for the area of Santa Cruz County. The commission may be known by any other

name it chooses and is the legal successor to the Santa Cruz County Regional Transportation Commission, established pursuant to Section 29535, for all purposes, including those set forth in Section 67941.

(b) The governing body shall be composed of all five members of the Santa Cruz County Board of Supervisors, one member for each of the cities in the county, by each city, and three members appointed by the Santa Cruz Metropolitan Transit District.

(c) The appointing authority, for each regular member it appoints, and the board of supervisors for each of its members, may appoint an alternate member to serve in the place of the regular member when the regular member is absent or disqualified from participating in a meeting of the governing body.

SEC. 2. Section 67941 is added to the Government Code, to read:

67941. (a) The commission has the power of eminent domain and the power to preserve, acquire, construct, improve, and oversee multimodal transportation projects and services on rail rights-of-ways within Santa Cruz County in any manner that facilitates recreational, commuter, intercity, and intercounty travel. An action in eminent domain to acquire property or property interests within any incorporated city or within the unincorporated area of the county may not be commenced unless the governing body of the affected city or county has consented by resolution to the acquisition.

(b) The commission may contract for any services that accomplish its purposes.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 473

An act to repeal Sections 131.3, 131.4, 131.5, 131.6, and 131.7 of the Code of Civil Procedure, to amend Sections 832.6, 1000, 1203.1b, 1417.8, 12600, and 12601 of, and to add Sections 1203.7, 1203.71, 1203.72, 1203.73, and 1203.74 to, the Penal Code, to amend Sections 1808, 13353, 13353.1, 13353.3, 13386, 23249, and 23575 of the Vehicle Code, and to repeal Chapter 1797 of the Statutes of 1963 and Chapter 1032 of the Statutes of 1969, relating to public safety.

[Approved by Governor October 3, 2001. Filed with
Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 131.3 of the Code of Civil Procedure is repealed.

SEC. 2. Section 131.4 of the Code of Civil Procedure is repealed.

SEC. 3. Section 131.5 of the Code of Civil Procedure is repealed.

SEC. 4. Section 131.6 of the Code of Civil Procedure is repealed.

SEC. 5. Section 131.7 of the Code of Civil Procedure is repealed.

SEC. 6. Section 832.6 of the Penal Code is amended to read:

832.6. (a) Every person deputized or appointed, as described in subdivision (a) of Section 830.6, shall have the powers of a peace officer only when the person is any of the following:

(1) A level I reserve officer deputized or appointed pursuant to paragraph (1) or (2) of subdivision (a) or subdivision (b) of Section 830.6 and assigned to the prevention and detection of crime and the general enforcement of the laws of this state, whether or not working alone, and the person has completed the basic training course for deputy sheriffs and police officers prescribed by the Commission on Peace Officer Standards and Training. For level I reserve officers appointed prior to January 1, 1997, the basic training requirement shall be the course that was prescribed at the time of their appointment. Reserve officers appointed pursuant to this paragraph shall satisfy the continuing professional training requirement prescribed by the commission.

(2) A level II reserve officer assigned to the prevention and detection of crime and the general enforcement of the laws of this state while under the immediate supervision of a peace officer who has completed the basic training course for deputy sheriffs and police officers prescribed by the Commission on Peace Officer Standards and Training, and the level II reserve officer has completed the course required by Section 832 and any other training prescribed by the commission.

Level II reserve officers appointed pursuant to this paragraph may be assigned, without immediate supervision, to those limited duties that are authorized for level III reserve officers pursuant to paragraph (3). Reserve officers appointed pursuant to this paragraph shall satisfy the continuing professional training requirement prescribed by the commission.

(3) Level III reserve officers may be deployed and are authorized only to carry out limited support duties not requiring general law enforcement powers in their routine performance. Those limited duties shall include traffic control, security at parades and sporting events, report taking, evidence transportation, parking enforcement, and other duties that are

not likely to result in physical arrests. Level III reserve officers while assigned these duties shall be supervised in the accessible vicinity by a level I reserve officer or a full-time, regular peace officer employed by a law enforcement agency authorized to have reserve officers. Level III reserve officers may transport prisoners without immediate supervision. Those persons shall have completed the training required under Section 832 and any other training prescribed by the commission for those persons.

(4) A person assigned to the prevention and detection of a particular crime or crimes or to the detection or apprehension of a particular individual or individuals while working under the supervision of a California peace officer in a county adjacent to the state border who possesses a basic certificate issued by the Commission on Peace Officer Standards and Training, and the person is a law enforcement officer who is regularly employed by a local or state law enforcement agency in an adjoining state and has completed the basic training required for peace officers in his or her state.

(5) For purposes of this section, a reserve officer who has previously satisfied the training requirements pursuant to this section, and has served as a level I or II reserve officer within the three-year period prior to the date of a new appointment shall be deemed to remain qualified as to the Commission on Peace Officer Standards and Training requirements if that reserve officer accepts a new appointment at the same or lower level with another law enforcement agency. If the reserve officer has more than a three-year break in service, he or she shall satisfy current training requirements.

This training shall fully satisfy any other training requirements required by law, including those specified in Section 832.

In no case shall a peace officer of an adjoining state provide services within a California jurisdiction during any period in which the regular law enforcement agency of the jurisdiction is involved in a labor dispute.

(b) Notwithstanding subdivision (a), a person who is issued a level I reserve officer certificate before January 1, 1981, shall have the full powers and duties of a peace officer as provided by Section 830.1 if so designated by local ordinance or, if the local agency is not authorized to act by ordinance, by resolution, either individually or by class, if the appointing authority determines the person is qualified to perform general law enforcement duties by reason of the person's training and experience. Persons who were qualified to be issued the level I reserve officer certificate before January 1, 1981, and who state in writing under penalty of perjury that they applied for but were not issued the certificate before January 1, 1981, may be issued the certificate before July 1, 1984. For purposes of this section, certificates so issued shall be deemed to

have the full force and effect of any level I reserve officer certificate issued prior to January 1, 1981.

(c) In carrying out this section, the commission:

(1) May use proficiency testing to satisfy reserve training standards.

(2) Shall provide for convenient training to remote areas in the state.

(3) Shall establish a professional certificate for reserve officers as defined in paragraph (1) of subdivision (a) and may establish a professional certificate for reserve officers as defined in paragraphs (2) and (3) of subdivision (a).

(4) Shall facilitate the voluntary transition of reserve officers to regular officers with no unnecessary redundancy between the training required for level I and level II reserve officers.

(d) In carrying out paragraphs (1) and (3) of subdivision (c), the commission may establish and levy appropriate fees, provided the fees do not exceed the cost for administering the respective services. These fees shall be deposited in the Peace Officers' Training Fund established by Section 13520.

(e) The commission shall include an amount in its annual budget request to carry out this section.

SEC. 7. Section 1000 of the Penal Code is amended to read:

1000. (a) This chapter shall apply whenever a case is before any court upon an accusatory pleading for a violation of Section 11350, 11357, 11364, 11365, 11377, or 11550 of the Health and Safety Code, or Section 11358 of the Health and Safety Code if the marijuana planted, cultivated, harvested, dried, or processed is for personal use, or Section 11368 of the Health and Safety Code if the narcotic drug was secured by a fictitious prescription and is for the personal use of the defendant and was not sold or furnished to another, or subdivision (d) of Section 653f if the solicitation was for acts directed to personal use only, or Section 381 or subdivision (f) of Section 647 of the Penal Code, if for being under the influence of a controlled substance, or Section 4060 of the Business and Professions Code, and it appears to the prosecuting attorney that, except as provided in subdivision (b) of Section 11357 of the Health and Safety Code, all of the following apply to the defendant:

(1) The defendant has no conviction for any offense involving controlled substances prior to the alleged commission of the charged offense.

(2) The offense charged did not involve a crime of violence or threatened violence.

(3) There is no evidence of a violation relating to narcotics or restricted dangerous drugs other than a violation of the sections listed in this subdivision.

(4) The defendant's record does not indicate that probation or parole has ever been revoked without thereafter being completed.

(5) The defendant's record does not indicate that he or she has successfully completed or been terminated from diversion or deferred entry of judgment pursuant to this chapter within five years prior to the alleged commission of the charged offense.

(6) The defendant has no prior felony conviction within five years prior to the alleged commission of the charged offense.

(b) The prosecuting attorney shall review his or her file to determine whether or not paragraphs (1) to (6), inclusive, of subdivision (a) apply to the defendant. Upon the agreement of the prosecuting attorney, law enforcement, the public defender, and the presiding judge of the criminal division of the municipal court or of the superior court in a county in which there is no municipal court, or a judge designated by the presiding judge, this procedure shall be completed as soon as possible after the initial filing of the charges. If the defendant is found eligible, the prosecuting attorney shall file with the court a declaration in writing or state for the record the grounds upon which the determination is based, and shall make this information available to the defendant and his or her attorney. This procedure is intended to allow the court to set the hearing for deferred entry of judgment at the arraignment. If the defendant is found ineligible for deferred entry of judgment, the prosecuting attorney shall file with the court a declaration in writing or state for the record the grounds upon which the determination is based, and shall make this information available to the defendant and his or her attorney. The sole remedy of a defendant who is found ineligible for deferred entry of judgment is a postconviction appeal.

(c) All referrals for deferred entry of judgment granted by the court pursuant to this chapter shall be made only to programs that have been certified by the county drug program administrator pursuant to Chapter 1.5 (commencing with Section 1211) of Title 8, or to programs that provide services at no cost to the participant and have been deemed by the court and the county drug program administrator to be credible and effective. The defendant may request to be referred to a program in any county, as long as that program meets the criteria set forth in this subdivision.

(d) Deferred entry of judgment for a violation of Section 11368 of the Health and Safety Code shall not prohibit any administrative agency from taking disciplinary action against a licensee or from denying a license. Nothing in this subdivision shall be construed to expand or restrict the provisions of Section 1000.4.

(e) Any defendant who is participating in a program referred to in this section may be required to undergo analysis of his or her urine for the purpose of testing for the presence of any drug as part of the program. However, urine analysis results shall not be admissible as a basis for any new criminal prosecution or proceeding.

SEC. 8. Section 1203.1b of the Penal Code is amended to read:

1203.1b. (a) In any case in which a defendant is convicted of an offense and is the subject of any preplea or presentence investigation and report, whether or not probation supervision is ordered by the court, and in any case in which a defendant is granted probation or given a conditional sentence, the probation officer, or his or her authorized representative, taking into account any amount that the defendant is ordered to pay in fines, assessments, and restitution, shall make a determination of the ability of the defendant to pay all or a portion of the reasonable cost of any probation supervision or a conditional sentence, of conducting any preplea investigation and preparing any preplea report pursuant to Section 1203.7, of conducting any presentence investigation and preparing any presentence report made pursuant to Section 1203, and of processing a jurisdictional transfer pursuant to Section 1203.9 or of processing a request for interstate compact supervision pursuant to Sections 11175 to 11179, inclusive, whichever applies. The reasonable cost of these services and of probation supervision or a conditional sentence shall not exceed the amount determined to be the actual average cost thereof. A payment schedule for the reimbursement of the costs of preplea or presentence investigations based on income shall be developed by the probation department of each county and approved by the presiding judges of the municipal and superior courts. The court shall order the defendant to appear before the probation officer, or his or her authorized representative, to make an inquiry into the ability of the defendant to pay all or a portion of these costs. The probation officer, or his or her authorized representative, shall determine the amount of payment and the manner in which the payments shall be made to the county, based upon the defendant's ability to pay. The probation officer shall inform the defendant that the defendant is entitled to a hearing, that includes the right to counsel, in which the court shall make a determination of the defendant's ability to pay and the payment amount. The defendant must waive the right to a determination by the court of his or her ability to pay and the payment amount by a knowing and intelligent waiver.

(b) When the defendant fails to waive the right provided in subdivision (a) to a determination by the court of his or her ability to pay and the payment amount, the probation officer shall refer the matter to the court for the scheduling of a hearing to determine the amount of payment and the manner in which the payments shall be made. The court shall order the defendant to pay the reasonable costs if it determines that the defendant has the ability to pay those costs based on the report of the probation officer, or his or her authorized representative. The following shall apply to a hearing conducted pursuant to this subdivision:

(1) At the hearing, the defendant shall be entitled to have, but shall not be limited to, the opportunity to be heard in person, to present witnesses and other documentary evidence, and to confront and cross-examine adverse witnesses, and to disclosure of the evidence against the defendant, and a written statement of the findings of the court or the probation officer, or his or her authorized representative.

(2) At the hearing, if the court determines that the defendant has the ability to pay all or part of the costs, the court shall set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner in which the court believes reasonable and compatible with the defendant's financial ability.

(3) At the hearing, in making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution.

(4) When the court determines that the defendant's ability to pay is different from the determination of the probation officer, the court shall state on the record the reason for its order.

(c) The court may hold additional hearings during the probationary or conditional sentence period to review the defendant's financial ability to pay the amount, and in the manner, as set by the probation officer, or his or her authorized representative, or as set by the court pursuant to this section.

(d) If practicable, the court shall order or the probation officer shall set payments pursuant to subdivisions (a) and (b) to be made on a monthly basis. Execution may be issued on the order issued pursuant to this section in the same manner as a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

(e) The term ''ability to pay'' means the overall capability of the defendant to reimburse the costs, or a portion of the costs, of conducting the presentence investigation, preparing the preplea or presentence report, processing a jurisdictional transfer pursuant to Section 1203.9, processing requests for interstate compact supervision pursuant to Sections 11175 to 11179, inclusive, and probation supervision or conditional sentence, and shall include, but shall not be limited to, the defendant's:

(1) Present financial position.

(2) Reasonably discernible future financial position. In no event shall the court consider a period of more than one year from the date of the hearing for purposes of determining reasonably discernible future financial position.

(3) Likelihood that the defendant shall be able to obtain employment within the one-year period from the date of the hearing.

(4) Any other factor or factors that may bear upon the defendant's financial capability to reimburse the county for the costs.

The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(b) The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816, the requirement and term for the use of a certified ignition interlock device. The records of the department shall reflect mandatory use of the device for the term ordered by the court.

(c) The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

(d) Any person whose driving privilege is restricted by the court pursuant to this section shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate and monitor the operation of the device. The installer shall notify the court if the device is removed or indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation for the installer to notify the court if the person has complied with all of the requirements of this article.

(e) The court shall monitor the installation and maintenance of any ignition interlock device restriction ordered pursuant to subdivision (a) or (*l*). If any person fails to comply with the court order, the court shall give notice of the fact to the department pursuant to Section 40509.1.

(f) (1) Pursuant to Section 13352, if any person is convicted of a violation of Section 23152 or 23153, and the offense occurred within seven years of one or more separate violations of Section 23152 or 23153 that resulted in a conviction, the person may apply to the Department of Motor Vehicles for a restricted driver's license pursuant to Section 13352 that prohibits the person from operating a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device, certified pursuant to Section 13386. The restriction shall remain in effect for at least the remaining period of the original suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(2) Pursuant to subdivision (g), the Department of Motor Vehicles shall immediately terminate the restriction issued pursuant to Section 13352 and shall immediately suspend or revoke the privilege to operate a motor vehicle of any person who attempts to remove, bypass, or tamper with the device, who has the device removed prior to the termination date of the restriction, or who fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device ordered pursuant to Section 13352. The privilege shall remain suspended or revoked for the remaining period of the originating suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(g) Any person whose driving privilege is restricted by the Department of Motor Vehicles pursuant to Section 13352 shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The installer shall notify the Department of Motor Vehicles if the device is removed or indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation on the part of the installer to notify the department or the court if the person has complied with all of the requirements of this section.

(h) Nothing in this section permits a person to drive without a valid driver's license.

(i) The Department of Motor Vehicles shall include information along with the order of suspension or revocation for repeat offenders informing them that after a specified period of suspension or revocation has been completed, the person may either install an ignition interlock device on any vehicle that the person owns or operates or remain with a suspended or revoked driver's license.

(j) Pursuant to this section, out-of-state residents who otherwise would qualify for an ignition interlock device restricted license in California shall be prohibited from operating a motor vehicle in California unless that vehicle is equipped with a functioning ignition interlock device. No ignition interlock device is required to be installed on any vehicle owned by the defendant that is not driven in California.

(k) If a person has a medical problem that does not permit the person to breathe with sufficient strength to activate the device, then that person shall only have the suspension option.

(*l*) This section does not restrict a court from requiring installation of an ignition interlock device and prohibiting operation of a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device for any persons to whom subdivision (a) or (b) does not apply. The term of the restriction shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(m) For purposes of this section, ''vehicle'' does not include a motorcycle until the state certifies an ignition interlock device that can be installed on a motorcycle. Any person subject to an ignition interlock

device restriction shall not operate a motorcycle for the duration of the ignition interlock device restriction period.

(n) For purposes of this section, ''owned'' means solely owned or owned in conjunction with another person or legal entity. For purposes of this section, ''operates'' includes operating vehicles that are not owned by the person subject to this section.

(o) For the purposes of this section, bypass includes, but is not limited to, either of the following:

(1) Any combination of failing or not taking the ignition interlock device rolling retest three consecutive times.

(2) Any incidence of failing or not taking the ignition interlock device rolling retest, when not followed by an incidence of passing the ignition interlock rolling retest prior to turning the vehicles's engine off.

The board shall, at a public hearing held in September in each year that the Legislature appropriates funds for purposes of this chapter, consider and determine each submitted request within 60 days of receipt, pursuant to the decision of a majority of a quorum present. The board shall consider these written requests separate and apart from the process applicable to proposed allocations of the county general fund.

(2) In the case of a city, the city council shall appropriate existing and anticipated moneys exclusively to fund front line municipal police services, in accordance with written requests submitted by the chief of police of that city or the chief administrator of the law enforcement agency that provides police services for that city. These written requests shall be acted upon by the city council in the same manner as specified in paragraph (1) for county appropriations.

(e) Funds received pursuant to subdivision (b) shall be expended or encumbered in accordance with the provisions of this chapter no later than June 30 of the following fiscal year. A local agency that has not met this requirement shall remit unspent SLESF moneys to the Controller for deposit into the General Fund.

(f) In the event that a county, a city, a city and county, or a qualifying special district does not comply with the requirements of this chapter to receive an SLESF allocation, the Controller shall revert those funds to the General Fund.

SEC. 3. Section 30063 of the Government Code is amended to read:

30063. (a) The Supplemental Law Enforcement Services Fund (SLESF) in each county or city is to be expended exclusively as required by this chapter. Moneys in that fund shall not be transferred to, or intermingled with, the moneys in any other fund in the county or city treasury, except that moneys may be transferred from the SLESF to the county's or city's general fund to the extent necessary to facilitate the appropriation and expenditure of those transferred moneys in the manner required by this chapter.

(b) Moneys in a SLESF may only be invested in safe and conservative investments in accordance with those standards of prudent investment applicable to the investment of trust moneys. The treasurer of the county and each city shall provide a monthly SLESF investment report to either the police chief or the county sheriff and district attorney, as applicable.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Ongoing legislative efforts to improve the criminal justice system have created an urgent need for forensic scientists qualified to perform DNA analysis.

(b) DNA analytical techniques are undergoing rapid and intense change brought about by emerging technology and the availability of ever more sensitive tests and scientific standards. DNA analysts need to have strong scientific backgrounds and specific experiences in forensic science laboratories so they are trained to apply the best techniques to this important law enforcement area.

(c) The Department of Justice should work with accredited postsecondary institutions, including the University of California and the California State University, to encourage development of degree programs that can provide students with both the rigorous scientific backgrounds and the practical laboratory experiences necessary for careers in forensic science and DNA analysis.

(d) At the national level, organizations are developing standards and certification programs that can ensure that analysts in forensic laboratories demonstrate proficiency in their respective fields. The American Board of Criminalistics has developed a peer-based professional certification program that could be used for the certification of DNA analysts.

(e) The Department of Justice should develop internship positions in working forensic laboratories and fund fellowships to recruit and support a diverse body of candidates for the profession.

SEC. 2. Section 11061 is added to the Penal Code, to read:

11061. To meet the increasing statewide need for criminalists properly trained in DNA analysis, the Department of Justice, the California State University, and, upon agreement by the regents, the University of California, shall work together to enhance collaborative opportunities for DNA training of university students, graduates, and existing employees of crime laboratories.

SEC. 3. Section 11061.5 is added to the Penal Code, to read:

11061.5. (a) The Department of Justice, through its California Criminalistics Institute, shall develop and coordinate an internship program in forensic DNA analysis for graduate-level students.

(3) The program shall include a one-year internship at a public forensic DNA laboratory for which the interns shall receive a stipend or fellowship funded by the Department of Justice.

(4) The program shall be designed to prepare students to meet national standards for DNA analysis, such as those established by the DNA Advisory Board (DAB) and the Scientific Working Group on DNA Analysis Methods (SWGDAM).

(5) In order to complete the program, interns shall be required to successfully complete a national certification examination like that administered in forensic molecular biology by the American Board of Criminalistics.

(b) Funding for the provisions of this measure shall be subject to both of the following conditions:

(1) The Department of Justice shall establish a working partnership and affiliation with accredited postsecondary institutions that can provide graduate-level academic programing.

(2) The Department of Justice shall submit a budgetary request for the internship program to the Director of the Department of Finance by May 15, 2002.

(c) The provisions of this act may only be implemented to the extent funds are appropriated for their purposes in the annual Budget Act.

(c) In any case in which a person willfully obtains personal identifying information of another person without the authorization of that person, and uses that information to commit a crime in addition to a violation of subdivision (a), and is convicted of that crime, the court records shall reflect that the person whose identity was falsely used to commit the crime did not commit the crime.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

A vehicle so impounded shall be impounded for 30 days.

The impounding agency, within two working days of impoundment, shall send a notice by certified mail, return receipt requested, to the legal owner of the vehicle, at the address obtained from the department, informing the owner that the vehicle has been impounded. Failure to notify the legal owner within two working days shall prohibit the impounding agency from charging for more than 15 days' impoundment when the legal owner redeems the impounded vehicle. The impounding agency shall maintain a published telephone number that provides information 24 hours a day regarding the impoundment of vehicles and the rights of a registered owner to request a hearing.

(D) When the vehicle was seized under this section for an offense that does not authorize the seizure of the vehicle.

(E) When the driver reinstates his or her driver's license or acquires a driver's license and proper insurance.

(2) No vehicle shall be released pursuant to this subdivision without presentation of the registered owner's or agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of a court.

(e) The registered owner or his or her agent is responsible for all towing and storage charges related to the impoundment, and any administrative charges authorized under Section 22850.5.

(g) (1) A legal owner or the legal owner's agent that obtains release of the vehicle pursuant to subdivision (f) may not release the vehicle to the registered owner of the vehicle or any agents of the registered owner,

unless the registered owner is a rental car agency, until after the termination of the 30-day impoundment period.

(2) The legal owner or the legal owner's agent may not relinquish the vehicle to the registered owner until the registered owner or that owner's agent presents his or her valid driver's license or valid temporary driver's license to the legal owner or the legal owner's agent. The legal owner or the legal owner's agent shall make every reasonable effort to ensure that the license presented is valid.

(3) Prior to relinquishing the vehicle, the legal owner may require the registered owner to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the legal owner in connection with obtaining custody of the vehicle.

(h) (1) A vehicle removed and seized under subdivision (a) shall be released to a rental car agency prior to the end of 30 days' impoundment if the agency is either the legal owner or registered owner of the vehicle and the agency pays all towing and storage fees related to the seizure of the vehicle.

SEC. 2. Section 14602.6 of the Vehicle Code is amended to read:

14602.6. (a) Whenever a peace officer determines that a person was driving a vehicle while his or her driving privilege was suspended or revoked or without ever having been issued a driver's license, the peace officer may either immediately arrest that person and cause the removal and seizure of that vehicle or, if the vehicle is involved in a traffic collision, cause the removal and seizure of the vehicle, without the necessity of arresting the person in accordance with Chapter 10 (commencing with Section 22650) of Division 11. A vehicle so impounded shall be impounded for 30 days.

The impounding agency, within two working days of impoundment, shall send a notice by certified mail, return receipt requested, to the legal owner of the vehicle, at the address obtained from the department, informing the owner that the vehicle has been impounded. Failure to notify the legal owner within two working days shall prohibit the impounding agency from charging for more than 15 days' impoundment when the legal owner redeems the impounded vehicle. The impounding agency shall maintain a published telephone number that provides information 24 hours a day regarding the impoundment of vehicles and the rights of a registered owner to request a hearing.

(b) The registered and legal owner of a vehicle that is removed and seized under subdivision (a) or their agents shall be provided the opportunity for a storage hearing to determine the validity of, or consider any mitigating circumstances attendant to, the storage, in accordance with Section 22852.

(c) Any period in which a vehicle is subjected to storage under this section shall be included as part of the period of impoundment ordered by the court under subdivision (a) of Section 14602.5.

(d) (1) An impounding agency shall release a vehicle to the registered owner or his or her agent prior to the end of 30 days' impoundment under any of the following circumstances:

(D) When the vehicle was seized under this section for an offense that does not authorize the seizure of the vehicle.

(E) When the driver reinstates his or her driver's license or acquires a driver's license and proper insurance.

(1) The legal owner is a motor vehicle dealer, bank, credit union, acceptance corporation, or other licensed financial institution legally operating in this state or is another person, not the registered owner, holding a security interest in the vehicle.

(2) The legal owner or the legal owner's agent pays all towing and storage fees related to the seizure of the vehicle. No lien sale processing fees shall be charged to the legal owner who redeems the vehicle prior to the 15th day of impoundment. (3) The legal owner or the legal owner's agent presents either lawful foreclosure documents or an affidavit of repossession for the vehicle, and a security agreement or title showing proof of legal ownership for the vehicle. (g) (1) A legal owner or the legal owner's agent that obtains release of the vehicle pursuant to subdivision (f) may not release the vehicle to the registered owner of the vehicle or any agents of the registered owner, unless the registered owner is a rental car agency, until after the termination of the 30-day impoundment period.

(2) The legal owner or the legal owner's agent may not relinquish the vehicle to the registered owner until the registered owner or that owner's agent presents his or her valid driver's license or valid temporary driver's

license to the legal owner or the legal owner's agent. The legal owner or the legal owner's agent shall make every reasonable effort to ensure that the license presented is valid.

(3) Prior to relinquishing the vehicle, the legal owner may require the registered owner to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the legal owner in connection with obtaining custody of the vehicle.

(h) (1) A vehicle removed and seized under subdivision (a) shall be released to a rental car agency prior to the end of 30 days' impoundment if the agency is either the legal owner or registered owner of the vehicle and the agency pays all towing and storage fees related to the seizure of the vehicle.

(2) The owner of a rental vehicle that was seized under this section may continue to rent the vehicle upon recovery of the vehicle. However, the rental car agency may not rent another vehicle to the driver of the vehicle that was seized until 30 days after the date that the vehicle was seized.

(3) The rental car agency may require the person to whom the vehicle was rented to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the rental car agency in connection with obtaining custody of the vehicle.

(i) Notwithstanding any other provision of this section, the registered owner and not the legal owner shall remain responsible for any towing and storage charges related to the impoundment, any administrative charges authorized under Section 22850.5, and any parking fines, penalties, and administrative fees incurred by the registered owner.

(j) The impounding agency shall not be liable to the registered owner for the improper release of the vehicle to the legal owner or the legal owner's agent provided the release complies with the provisions of this section.

SEC. 3. The Department of Motor Vehicles, in conjunction with the California Highway Patrol, shall educate the public that a vehicle driven by an unlicensed driver can be impounded even if the driver does not own the vehicle.

SEC. 4. Section 2 of this bill incorporates amendments to Section 14602.6 of the Vehicle Code proposed by both this bill and AB 783. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 14602.6 of the Vehicle Code, and (3) this bill is enacted after AB 783, in which case Section 1 of this bill shall not become operative.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local

agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 481

An act to amend Section 97 of the Streets and Highways Code, relating to highways.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 97 of the Streets and Highways Code is amended to read:

97. (a) The department, in consultation with the Department of the California Highway Patrol, shall develop pilot projects in both northern and southern California. The portions of the highways involved in the projects shall be designated and identified as ''Safety Enhancement-Double Fine Zones'' and shall be in the following locations:

(1) On Route 37, between the intersection with Route 121 and the intersection with Route 29.

(2) On Route 4, between the intersection with the Cummings Skyway and the intersection with Route 80.

(3) On Route 74, at both of the following locations:

(A) Between the intersection with Route 5 and the intersection with the Riverside-Orange county line.

(B) Between the junction with Route 15 and the intersection with Seventh Street in the City of Perris.

(4) On Route 46, between the intersection with Route 101 and the junction with Route 41.

(5) On the Golden Gate Bridge.

(6) On Route 12, between the intersection with Walters Road in the City of Suisun and the intersection with Lower Sacramento Road in the City of Lodi.

(7) On Route 138, between the intersection with Avenue T and Pearblossom Highway and the intersection with Interstate Highway Route 15.

(8) On Route 101, between the intersection with Boronda Road and the intersection with the San Benito-Monterey county line.

(9) On Route 152, between the junction with Route 156 at the Don Pacheco ''Y'' and the intersection with Ferguson Road.

(10) On Route 2, between the city limits of La Canada Flintridge and the intersection with Route 39.

(b) (1) The department shall adopt rules and regulations prescribing uniform standards for warning signs to notify motorists that, pursuant to Section 42010 of the Vehicle Code, increased penalties apply for traffic violations that are committed within Safety Enhancement-Double Fine Zones. The rules and regulations adopted by the department shall include, but not be limited to, a requirement that Safety Enhancement-Double Fine Zones be identified with signs stating: ''Special Safety Zone Begins Here'' and ''Special Safety Zone Ends Here.''

(2) The department or local authorities, with respect to highways under their respective jurisdictions, shall place and maintain the warning signs specified in paragraph (1) in areas designated under subdivision (a).

(3) The department shall report to the Legislature on January 1, 2003, on the results of these pilot projects, including a determination of whether the projects were successful. In its report, the department shall update the January 1, 1998, report, and shall provide a detailed analysis on the impact of the pilot projects on highway safety, including, but not limited to, the number of accidents, traffic injuries, and fatalities in the project areas; and, in consultation with the Department of the California Highway Patrol, recommend specific criteria for designation of a highway as a Safety Enhancement-Double Fine Zone. A determination that the projects were successful shall be based upon a showing that a statistically significant decrease in the number of accidents, traffic injuries, and fatalities has occurred in the project areas.

(c) Designation of a highway as a Safety Enhancement-Double Fine Zone does not increase the civil liability of the state under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code or any other provision of law relating to civil liability.

(d) (1) Only the base fine shall be enhanced pursuant to this section.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

(e) The pilot projects specified in subdivision (a) shall not be elevated in priority for state funding purposes.

(f) (1) Subject to paragraph (3), the County of Monterey, in consultation with the Department of the California Highway Patrol, shall establish and administer a Safety Enhancement-Double Fine Zone

pilot project that meets all of the requirements of this section on County Road 16 (also known as Carmel Valley Road) between the junction with Route 1 and the junction with Camp Stefani Road. The county shall assume all responsibilities that would otherwise accrue to the department for the administration of a pilot project under this section and shall administer the pilot project in accordance with the rules and regulations adopted by the department for the administration of a Safety Enhancement-Double Fine Zone.

(2) The county , in consultation with the California Highway Patrol, shall coordinate the evaluation of the Carmel Valley Road pilot project with the department to enable inclusion of that evaluation in the report submitted by the department to the Legislature under paragraph (3) of subdivision (b).

(3) (A) The county shall submit the evaluation described in paragraph (2) to the department on or before October 1, 2002.

(B) If the county fails to submit the evaluation on or before October 1, 2002, that failure shall result in the immediate termination of the Carmel Valley Road pilot project authorized in this subdivision.

(g) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2004, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 482

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 121056 is added to the Health and Safety Code, to read:

121056. (a) Any forensic scientist, including, but not limited to, any criminalist, toxicologist, and forensic pathologist, or any other

employee required to handle or perform DNA or other forensic evidence analysis within the scope of his or her duties, who comes into contact with blood or other bodily fluids on, upon, or through the skin or membranes of his or her person while handling or performing testing on forensic evidence, may petition, ex parte, the court having jurisdiction over the laboratory in which he or she works for an order authorized under this chapter.

The employing agency, officer, or entity of the affected employee may also file an ex parte petition for an order authorized under this chapter. Before filing a petition, the requesting party shall make a reasonable effort to obtain the consent of the person whose blood or bodily fluids is to be tested.

(b) The court shall promptly consider any petition filed pursuant to this section. If the court finds that probable cause exists to believe that a possible transfer of blood, saliva, semen, or other bodily fluid took place between the forensic evidence collected and the forensic scientist, criminalist, toxicologist, forensic pathologist, or any other employee required to handle evidence or perform forensic testing thereon as specified in this section, the court shall promptly order that the existing forensic evidence be tested as provided in this chapter.

(c) (1) Except as provided in paragraph (2), copies of the test results shall be sent to each requesting employee named in the petition, and his or her employing agency, officer, or entity, to the person whose sample was tested, and to the officer in charge and the chief medical officer of the facility in which the person is incarcerated or detained.

(2) The person whose sample was tested, shall be advised that he or she will be informed of the HIV test results only if he or she wishes to be so informed. If the person declines to be informed of the HIV test results, then he or she shall sign a form documenting that refusal. The person's refusal to sign that form shall be construed to be a request to be informed of the HIV test results.

SEC. 2. Section 121065 of the Health and Safety Code is amended to read:

121065. (a) The withdrawal of blood shall be performed in a medically approved manner. Only a physician, registered nurse, licensed vocational nurse, licensed medical technician, or licensed phlebotomist may withdraw blood specimens for the purposes of this chapter.

(b) The court shall order that the blood specimens be transmitted to a licensed medical laboratory and that tests be conducted thereon for medically accepted indications of exposure to or infection by acquired immunity deficiency syndrome (AIDS) virus, AIDS-related conditions, and those communicable diseases for which medically approved testing is readily and economically available as determined by the court.

(c) Copies of test results that indicate exposure to or infection by AIDS, AIDS-related conditions, or other communicable diseases shall also be transmitted to the department.

(d) The test results shall be sent to the designated recipients with the following disclaimer:

"The tests were conducted in a medically approved manner but tests cannot determine exposure to or infections by AIDS or other communicable diseases with absolute accuracy. Persons receiving this test result should continue to monitor their own health and should consult a physician as appropriate."

If the person subject to the test is a minor, copies of the test result shall also be sent to the minor's parents or guardian.

(e) The court shall order all persons, other than the test subject, who receive test results pursuant to Sections 121055, 121056, or 121060, to maintain the confidentiality of personal identifying data relating to the test results except for disclosure that may be necessary to obtain medical or psychological care or advice.

(f) The specimens and the results of tests ordered pursuant to Sections 121055, 121056, and 121060 shall not be admissible evidence in any criminal or juvenile proceeding.

(g) Any person performing testing, transmitting test results, or disclosing information pursuant to the provisions of this chapter shall be immune from civil liability for any action undertaken in accordance with the provisions of this chapter.

(3) A notation of whether the officer or officers who responded to the domestic violence call found it necessary, for the protection of the peace officer or other persons present, to inquire of the victim, the alleged abuser, or both, whether a firearm or other deadly weapon was present at the location, and, if there is an inquiry, whether that inquiry disclosed the presence of a firearm or other deadly weapon. Any firearm or other deadly weapon discovered by an officer at the scene of a domestic violence incident shall be subject to confiscation pursuant to Section 12028.5.

SEC. 2. within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. (2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside

upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. (C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon release from incarceration, placement, or commitment, pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as shall be required by the Department of Justice and giving the name and address of the person's employer, and the address of the person's place of employment if that is different from the employer's main address.

(B) The fingerprints and a current photograph of the person.

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(D) Notice to the person that, in addition to the requirements of paragraph (4), he or she may have a duty to register in any other state where he or she may relocate.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. The law enforcement agency or agencies shall, within three days after receipt of this information, forward a copy of the change of address or location

information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(g) (1) Any person who is required to register under this section based on a misdemeanor conviction or juvenile adjudication who willfully violates any requirement of this section is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year.

(2) Except as provided in paragraphs (5) and (7), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who

has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, and who fails to verify his or her registration every 90 days as required pursuant to subparagraph (E) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (C) of paragraph (1) of subdivision (a) to update his or her registration every 60 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 60 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, ''parole authority'' has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, ''mentally disordered sex offender'' includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision that, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law

enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(B) Other community members at risk.

(2) The law enforcement agency may authorize persons and entities who receive the information pursuant to paragraph (1) to disclose information to additional persons only if the agency does the following:

(A) Determines that all conditions set forth in paragraph (1) have been satisfied regarding disclosure to the additional persons.

(B) Identifies the appropriate scope of further disclosure.

(3) Persons notified pursuant to paragraph (1) may disclose the information provided by the law enforcement agency in the manner and to the extent authorized by the law enforcement agency.

(4) The information that may be disclosed pursuant to this section includes the following:

(A) The offender's full name.

(B) The offender's known aliases.

(D) The offender's race.

(E) The offender's physical description.

(F) The offender's photograph.

(G) The offender's date of birth.

(H) Crimes resulting in registration under this section.

(I) The offender's address, which must be verified prior to publication.

(J) Description and license plate number of offender's vehicles or vehicles the offender is known to drive.

(K) Type of victim targeted by the offender.

(L) Relevant parole or probation conditions, such as one prohibiting contact with children.

(M) Dates of crimes resulting in classification under this section.

(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(5) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(6) For purposes of this section, ''likely to encounter'' means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, ''reasonably suspects'' means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, ''at risk'' means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a designated law enforcement entity may advise the public of the presence of high-risk sex offenders in its community pursuant to this subdivision.

(1) For purposes of this subdivision:

(A) A high-risk sex offender is a person who has been convicted of an offense specified in paragraph (1) of subdivision (a) of Section 290.4, and also meets one of the following criteria:

(i) Has been convicted of three or more violent sex offenses, at least two of which were brought and tried separately.

(ii) Has been convicted of two violent sex offenses and one or more violent nonsex offenses, at least two of which were brought and tried separately.

(iii) Has been convicted of one violent sex offense and two or more violent nonsex offenses, at least two of which were brought and tried separately.

(v) Has been adjudicated a sexually violent predator pursuant to Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code.

(B) A violent sex offense means any offense defined in Section 220, except attempt to commit mayhem, or Section 261, 264.1, 286, 288, 288a, 288.5, 289, or 647.6, or infliction of great bodily injury during the commission of a sex offense, as provided in Section 12022.8.

(C) A violent nonsex offense means any offense defined in Section 187, subdivision (a) of Section 192, or Section 203, 206, 207, or 236, provided that the offense is a felony, subdivision (a) of Section 273a, Section 273d or 451, or attempted murder, as defined in Sections 187 and 664.

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(ii) The offender notifies the Department of Justice, on a form approved by the department and available at any sheriff's office, that he or she has not been convicted in the preceding 15 years, excluding periods of confinement, of an offense for which registration is required under paragraph (2) of subdivision (a), and the department is able, upon exercise of reasonable diligence, to verify the information provided in paragraph (2).

(H) ''Confinement'' means confinement in a jail, prison, school, road camp, or other penal institution, confinement in a state hospital to which the offender was committed as a mentally disordered sex offender under

Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, or confinement in a facility designated by the Director of Mental Health to which the offender was committed as a sexually violent predator under Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code.

(I) ''Designated law enforcement entity'' means any of the following: municipal police department; sheriff's department; district attorney's office; county probation department; Department of Justice; Department of Corrections; Department of the Youth Authority; Department of the California Highway Patrol; or the police department of any campus of the University of California, California State University, or community college.

(2) The Department of Justice shall continually search the records provided to it pursuant to subdivision (b) and identify, on the basis of those records, high-risk sex offenders. Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other designated law enforcement entity upon request, the following information regarding each identified high-risk sex offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any designated law enforcement entity to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the offender's vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(4) Notwithstanding any other provision of law, any person described in paragraph (2) of subdivision (p) who receives information from a designated law enforcement entity pursuant to paragraph (3) may disclose that information in the manner and to the extent authorized by the law enforcement entity.

(5) The law enforcement agency may authorize persons and entities who receive the information pursuant to paragraph (3) to disclose information to additional persons only if the agency does the following:

(A) Determines that all conditions set forth in this subdivision have been satisfied regarding disclosure to the additional persons.

(B) Identifies the appropriate scope of further disclosure.

(o) Agencies disseminating information to the public pursuant to Section 290.4 shall maintain records of those persons requesting to view the CD-ROM or other electronic media for a minimum of five years. Agencies disseminating information to the public pursuant to subdivision (n) shall maintain records of the means and dates of dissemination for a minimum of five years.

(p) (1) Any law enforcement agency and employees of any law enforcement agency shall be immune from liability for good faith conduct under this section. For the purposes of this section, ''law enforcement agency'' means the Attorney General of California, every district attorney, the Department of Corrections, the Department of the Youth Authority, and every state or local agency expressly authorized by statute to investigate or prosecute law violators.

(2) Any public or private educational institution, day care facility, or any child care custodian described in Section 11165.7, or any employee of a public or private educational institution or day care facility which in good faith disseminates information as authorized pursuant to paragraph (3) of subdivision (m) or paragraph (4) of subdivision (n) that is provided by a law enforcement agency or an employee of a law enforcement agency shall be immune from civil liability.

(q) (1) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to any other punishment, by a five-year term of imprisonment in the state prison.

(2) Any person who uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(r) The registration and public notification provisions of this section are applicable to every person described in this section, without regard to when his or her crimes were committed or his or her duty to register pursuant to this section arose, and to every offense described in this section, regardless of when it was committed.

SEC. 2. Section 1202.7 of the Penal Code is amended to read:

1202.7. The Legislature finds and declares that the provision of probation services is an essential element in the administration of criminal justice. The safety of the public, which shall be a primary goal through the enforcement of court-ordered conditions of probation; the nature of the offense; the interests of justice, including punishment, reintegration of the offender into the community, and enforcement of conditions of probation; the loss to the victim; and the needs of the

defendant shall be the primary considerations in the granting of probation. It is the intent of the Legislature that efforts be made with respect to persons who are subject to subparagraph (C) of paragraph (1) of subdivision (a) of Section 290 who are on probation to engage them in treatment.

SEC. 3. Section 3000 of the Penal Code is amended to read:

3000. (a) (1) The Legislature finds and declares that the period immediately following incarceration is critical to successful reintegration of the offender into society and to positive citizenship. It is in the interest of public safety for the state to provide for the supervision of and surveillance of parolees, including the judicious use of revocation actions, and to provide educational, vocational, family and personal counseling necessary to assist parolees in the transition between imprisonment and discharge. A sentence pursuant to Section 1168 or 1170 shall include a period of parole, unless waived, as provided in this section.

(2) The Legislature finds and declares that it is not the intent of this section to diminish resources allocated to the Department of Corrections for parole functions for which the department is responsible. It is also not the intent of this section to diminish the resources allocated to the Board of Prison Terms to execute its duties with respect to parole functions for which the board is responsible.

(3) The Legislature finds and declares that diligent effort must be made to ensure that parolees are held accountable for their criminal behavior, including, but not limited to, the satisfaction of restitution fines and orders.

(4) Any finding made pursuant to Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, that a person is a sexually violent predator shall not toll, discharge, or otherwise affect that person's period of parole.

(b) Notwithstanding any provision to the contrary in Article 3 (commencing with Section 3040) of this chapter, the following shall apply:

(1) At the expiration of a term of imprisonment of one year and one day, or a term of imprisonment imposed pursuant to Section 1170 or at the expiration of a term reduced pursuant to Section 2931, if applicable, the inmate shall be released on parole for a period not exceeding three years, except that any inmate sentenced for an offense specified in paragraph (3), (4), (5), (6), (16), or (18) of subdivision (c) of Section 667.5, shall be released on parole for a period not exceeding five years, unless in either case the parole authority for good cause waives parole and discharges the inmate from the custody of the department.

(2) In the case of any inmate sentenced under Section 1168, the period of parole shall not exceed five years in the case of an inmate imprisoned

for any offense other than first or second degree murder for which the inmate has received a life sentence, and shall not exceed three years in the case of any other inmate, unless in either case the parole authority for good cause waives parole and discharges the inmate from custody of the department. This subdivision shall also be applicable to inmates who committed crimes prior to July 1, 1977, to the extent specified in Section 1170.2.

(3) Notwithstanding paragraphs (1) and (2), in the case of any offense for which the inmate has received a life sentence pursuant to Section 667.61, the period of parole shall be five years. Upon the request of the Department of Corrections, and on the grounds that the paroled inmate may pose a substantial danger to public safety, the Board of Prison Terms shall conduct a hearing to determine if the parolee shall be subject to a single additional five-year period of parole. The board shall conduct the hearing pursuant to the procedures and standards governing parole revocation. The request for parole extension shall be made no less than 180 days prior to the expiration of the initial five-year period of parole.

(4) The parole authority shall consider the request of any inmate regarding the length of his or her parole and the conditions thereof.

(5) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1) or (2), as the case may be, whichever is earlier, the inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1) and (2) shall be computed from the date of initial parole and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, in no case, except as provided in Section 3064, may a prisoner subject to three years on parole be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole, and, except as provided in Section 3064, in no case may a prisoner subject to five years on parole be retained under parole supervision or in custody for a period longer than seven years from the date of his or her initial parole.

(6) The Department of Corrections shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length of parole and conditions thereof by the parole authority. The Department of Corrections or the Board of Prison Terms may impose as a condition of parole that a prisoner make payments on the prisoner's outstanding

restitution fines or orders imposed pursuant to subdivision (a) or (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, or subdivision (b) or (f) of Section 1202.4.

(7) For purposes of this chapter, the Board of Prison Terms shall be considered the parole authority.

(8) The sole authority to issue warrants for the return to actual custody of any state prisoner released on parole rests with the Board of Prison Terms, except for any escaped state prisoner or any state prisoner released prior to his or her scheduled release date who should be returned to custody, and Section 3060 shall apply.

(9) It is the intent of the Legislature that efforts be made with respect to persons who are subject to subparagraph (C) of paragraph (1) of subdivision (a) of Section 290 who are on probation to engage them in treatment.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 487

An act to amend Section 17980 of, and to add and repeal Chapter 7.5 (commencing with Section 17997) of Part 1.5 of Division 13 of, the Health and Safety Code, relating to housing.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds all of the following:

(a) There are approximately one million substandard housing units in the state.

(b) Substandard housing is disproportionately located in larger inner cities where lower income renters live in the oldest, most neglected, overcrowded housing.

(c) In recent years, local code enforcement agencies have increased their activities to address the growing number of substandard units.

(d) Local code enforcement agencies have found it difficult, if not impossible, to locate the owners of substandard properties to obtain abatement of the substandard conditions.

(e) In efforts to hide true legal ownership, these owners have been known to create sham corporations, limited liability partnerships, out-of-state or offshore corporations, or family trusts.

SEC. 2. Section 17980 of the Health and Safety Code is amended to read:

17980. (a) If any building is constructed, altered, converted, or maintained in violation of any provision of, or of any order or notice that gives a reasonable time to correct that violation issued by an enforcement agency pursuant to, this part, the building standards published in the California Building Standards Code, or other rules and regulations adopted pursuant to this part, or if a nuisance exists in any building or upon the lot on which it is situated, the enforcement agency

shall, after 30 days' notice to abate the nuisance, institute any appropriate action or proceeding to prevent, restrain, correct, or abate the violation or nuisance.

(b) (1) Whenever the enforcement agency has inspected or caused to be inspected any building and has determined that the building is a substandard building, the enforcement agency shall commence proceedings to abate the violation by repair, rehabilitation, vacation, or demolition of the building. The enforcement agency shall not require the vacating of a residential building unless it concurrently requires expeditious demolition or repair to comply with this part, the building standards published in the California Building Standards Code, or other rules and regulations adopted pursuant to this part. The owner shall have the choice of repairing or demolishing. However, if the owner chooses to repair, the enforcement agency shall require that the building be brought into compliance according to a reasonable and feasible schedule for expeditious repair. The enforcement agency may require vacation and demolition or may itself vacate the building, repair, demolish, or institute any other appropriate action or proceeding, if any of the following occur:

(A) The repair work is not done as scheduled.

(B) The owner does not make a timely choice of repair or demolition.

(C) The owner selects an option which cannot be completed within a reasonable period of time, as determined by the department, for any reason, including, but not limited to, an outstanding judicial or administrative order.

(2) In deciding whether to require vacation of the building or to repair as necessary, the enforcement agency shall give preference to the repair of the building whenever it is economically feasible to do so without having to repair more than 75 percent of the dwelling, as determined by the enforcement agency, and shall give full consideration to the needs for housing as expressed in the local jurisdiction's housing element.

(c) (1) Notwithstanding subdivision (b) and notwithstanding local ordinances, tenants in a residential building shall be provided notice of any violation described in subdivision (a) which affects the health and safety of the occupants and which violates Section 1941.1 of the Civil Code, an order of the code enforcement agency issued after inspection of the premises declaring the dwelling to be substandard, the enforcement agency's decision to repair or demolish, or the issuance of a building or demolition permit following the abatement order of an enforcement agency.

(2) Notice pursuant to this subdivision shall be provided to each affected residential unit by the enforcement agency that issued the order or notice, in the manner prescribed by subdivision (a) of Section 17980.6.

(d) All notices issued by the enforcement agency to correct violations or to abate nuisances shall contain a provision notifying the owner that, in accordance with Sections 17274 and 24436.5 of the Revenue and Taxation Code, a tax deduction may not be allowed for interest, taxes, depreciation, or amortization paid or incurred in the taxable year. In addition, in Los Angeles County, the notice shall contain a provision notifying the owner that within 10 days of recordation of a notice of substandard conditions or similar document, the owner is required to comply with Section 17997.

(e) The enforcement agency may charge the owner of the building for its postage or mileage cost for sending or posting the notices required to be given by this section.

SEC. 3. Chapter 7.5 (commencing with Section 17997) is added to Part 1.5 of Division 13 of the Health and Safety Code, to read:

CHAPTER 7.5. REGISTRATION OF OWNERS OF SUBSTANDARD RESIDENTIAL PROPERTY

17997. (a) Where a code enforcement agency has recorded with the county recorder a notice of substandard conditions pursuant to Section 17985, of a substandard building, as defined in Section 17920.3, or other document stating that a multiunit residential rental property, owned by a nongovernmental entity, is untenantable, the private owner of that building shall, within 10 days of recordation, submit to, and maintain with, the Board of Supervisors of Los Angeles County or its designee, in a manner to be determined by the board or its designee, the following information:

(1) The name, address, telephone number, and California driver's license number or identification card number of the property owner, if a California resident.

(2) If the property is owned by a corporation, limited liability company, partnership, limited partnership, trust, or real estate investment trust, the owner shall designate a person who resides in this state and who manages the property. The owner shall designate this person in a manner to be determined by the Board of Supervisors of Los Angeles County or its designee. This designation shall be accompanied by a notarized statement by this designated person that she or he accepts the designation. The information shall include the name, address, telephone number, and California driver's license number or identification card number of the person who manages the property. (C) For a partnership or a limited partnership, a general partner.

(D) For a trust, a trustee.

(3) If the property is owned by a person who resides outside this state, the owner shall designate with the Board of Supervisors of Los Angeles County or its designee a person who resides in this state and who manages the property. The owner shall designate this person in a manner to be determined by the board or its designee. This designation shall be accompanied by a notarized statement by the designated person that accepts the designation. The information shall include the name, address, telephone number, and California driver's license number or identification card number of the person.

(4) The street address and parcel number of the property.

(5) The year that the building was built.

(6) The number of units in the building.

(b) The owner shall update the information required by this section within 10 days after there is a change in the information.

17997.2. All records, files, and documents that are required by this chapter shall be available only to local code enforcement officials and tenants of the subject premises, except that the department may disclose only the owner's name and address to the subject property's tenants.

17997.3. In an action brought pursuant to Section 1161 of the Code of Civil Procedure, the tenant may raise as an affirmative defense the owner's failure to comply with Section 17997, unless the proceeding is brought pursuant to Section 11571.1.

17997.5. Nothing in this chapter shall prevent a local government body from adopting and enforcing laws consistent with this chapter. Where local laws duplicate or supplement this chapter, this chapter shall be construed as providing alternative remedies and not preempting the field of the subject matter.

17997.6. A person who fails to comply with Section 17997 is guilty of a misdemeanor and shall be punished by imprisonment in the county jail not exceeding six months, or by a fine not exceeding five thousand dollars ($5,000), or both.

17997.7. The County of Los Angeles shall, on or before July 1, 2004, prepare and provide a report to the Assembly Committee on Housing and Community Development and the Senate Committee on Housing and Community Development on the effectiveness of the reporting requirements described in this chapter. The report shall include, but not be limited to, the number of notices of substandard conditions recorded, the number of owners or agents registered, the number of owners prosecuted for failure to comply with this chapter, and

the number of affected rentals. In addition, the report shall contain an analysis of the effectiveness of the pilot program in identifying owners of substandard residential rental properties and obtaining abatement of code violations. The county board of supervisors shall consult with local code enforcement officials, prosecutors, tenant advocate organizations, and apartment owner associations in the preparation of the report.

17997.8. This chapter shall apply only to the County of Los Angeles as a pilot project and shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2005, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 488

An act to amend Sections 23357.2, 23358.3, 23366.3, 23389, 23390, 23399, 23399.4, 24042, 24042.5, 24045.7, 24045.11, 24045.85, and 24048 of, to repeal Sections 23320.2 and 23320.3 of, and to repeal and add Section 23320 of, the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the regulation of the manufacture, importation, supply, and sale of alcoholic beverages continues to be among the highest priorities of the state. The Department

of Alcoholic Beverage Control is charged with the regulatory oversight of some 70,000 licensees throughout the State of California, as well as investigating in excess of 10,000 new and transfer applications per year. Because the department is a special fund department, it has been required to perform its functions with a budget derived solely from the fees paid by licensees. Yet, these fees have not been increased to keep pace with inflation or rising costs of operating the department since 1978. As a result of the neglect of insuring appropriate funding levels, the department is facing a budget crisis, with the reduction in enforcement capabilities being imminent. Failure to correct the immediate funding shortfall, as well as ensuring the fiscal integrity of the department in the future, will significantly impede the department's ability to meet its continuing obligations to protect the safety, welfare, health, peace, and morals of the people of the state. It is the intent of the Legislature in enacting this act to return the department to an acceptable level of funding by adjusting license fees over a three-year period to a level consistent with the increased costs associated with the regulation of the licensees, and assuring a continued level of reasonable and responsible funding into the future through annual adjustments in the Budget Act.

SEC. 2. Section 23320 of the Business and Professions Code is repealed.

Failure to mail the renewal application in accordance with subdivision (a) or to mail the notice provided in this subdivision shall not continue the right to a license.

The McAteer–Petris Act grants BCDC regulatory authority over further filling in San Francisco Bay through exercise of its bay jurisdiction, and limits that activity to (1) water-oriented uses that meet specified criteria; (2) minor fill that improves shoreline appearance or public access; and (3) activities necessary for the health, safety and welfare of the public in the entire bay area. The McAteer-Petris Act also authorizes BCDC to require the provision of maximum feasible access to the bay consistent with the project over a 100-foot shoreline band through the exercise of its shoreline band jurisdiction.

(b) In 1969, pursuant to the Burton Act, the state conveyed by transfer agreement certain state tide and submerged lands to the Port. The lands are held by the Port in trust for purposes of commerce, navigation, and

fisheries, and are subject to the terms and conditions specified in the Burton Act and the public trust. During the three decades since passage of the Burton Act, issues have arisen concerning the application of the McAteer–Petris Act to the piers along the San Francisco waterfront. To address those issues, BCDC and the Port undertook two intensive and careful planning processes, which lasted over nine years.

(c) The first process culminated in 1997 with the adoption by the Port of the Waterfront Land Use Plan and with the adoption by the Board of Supervisors of the City and County of San Francisco and the Planning Commission of the City and County of conforming amendments to the City's General Plan and Planning Code.

(d) In July 2000, after the second five-year cooperative process involving the Port, BCDC, the Save San Francisco Bay Association, and numerous interested community groups and individuals, was completed, the Port adopted further amendments to the Waterfront Land Use Plan. BCDC also adopted amendments to the Special Area Plan which is incorporated into, and made a part of, the San Francisco Bay Plan, to create consistent plans for the area of the San Francisco waterfront between Pier 35 and China Basin. At the present time, the Waterfront Land Use Plan addresses specific McAteer–Petris Act issues relating to public access and the preservation and enhancement of open water as a bay resource in this area. The plan also defines public access opportunities on each pier in this area and calls for the removal of certain additional piers to enhance water views and create additional bay surface area.

(e) A major objective of the joint effort described in subdivisions (b), (c), and (d) is to establish a new criterion in the San Francisco Bay Plan that would permit fill on the San Francisco waterfront in an area where a Special Area Plan has been adopted by BCDC for uses that are consistent with the public trust and the Burton Act trust. The Special Area Plan for the area between Pier 35 and China Basin should provide for all of following:

(1) The nature and extent of maximum feasible public access for the piers including perimeter access, a history walk on most piers, and other significant access features on piers where appropriate.

(2) Two major public plazas, the Brannan Street Wharf adjacent to Pier 30-32 and another in the vicinity of Pier 27.

(3) A public planning process to lead to the creation of a third major public plaza in the Fisherman's Wharf area.

(4) The removal of certain piers to uncover additional bay surface.

(5) The creation and funding of a special fund within the Port to finance the removal of the selected piers and the construction and maintenance of those public plazas.

(6) A historic preservation mechanism to ensure preservation of important historic resources on the piers.

(7) The ability of the Port to repair, improve, or use the piers not designated for removal between Pier 35 and China Basin for any purpose consistent with the Burton Act, the public trust and the Special Area Plan.

(f) The San Francisco waterfront, which has been the subject of this planning process, provides benefits to the entire bay area, and serves as a unique destination for the region's public. These regionwide benefits include enjoyment of a unique, publicly owned waterfront that provides special maritime, navigational, recreational, cultural, and historical benefits that serve the bay area. Accordingly, the adoption by BCDC, and the ratification by the Legislature, of the Special Area Plan, as amended, is necessary to protect the health, safety, and welfare of the public in the entire bay area for purposes of subdivision (f) of Section 66632 of the Government Code.

SEC. 3. The Legislature also hereby finds and declares all of the following with respect to Seawall Lot 330 and the street:

(a) The lands comprising the street are tide and submerged lands that have been filled and reclaimed, and were reserved to the state solely for street purposes.

(b) The filled and reclaimed tide and submerged lands constituting the street have been filled and reclaimed for, and in connection with, a highly beneficial plan of improvement for harbor development.

(c) The street is not used, suitable, or necessary for navigation purposes and is not necessary, or used for street purposes.

(d) The street or any interests in the street that are to be sold by the city, and over which the Burton Act trust and the public trust will be terminated, constitute a relatively small portion of the granted tide and submerged lands.

(e) Section 3 of Article X of the California Constitution permits the sale to any city, county, city and county, municipal corporation, private person, partnership, or corporation of tidelands reserved to the state solely for street purposes, which tidelands the Legislature finds and declares are not used and not necessary for navigation purposes, subject to such conditions as the Legislature may impose to protect the public interest.

(f) The existence of the street limits the potential development of Seawall Lot 330. The proposed sale will be consistent with Section 3 of Article X of the California Constitution, if all of the following conditions are met:

(1) The consideration for the sale of the street, pursuant to Section 3 of Article X of the California Constitution, shall be the fair market value of those lands or interests in the lands.

(2) The street to be sold by the city and over which the public trust or the Burton Act trust, or both trusts, will be terminated has been filled and reclaimed, and the street consisting entirely of dry land lying above the present line of mean high tide is no longer needed or required for the purposes of the public trust or the Burton Act trust.

(3) The street to be sold by the city and over which the public trust or the Burton Act trust, or both trusts, will be terminated has been cut off from direct access to the waters of San Francisco Bay by past filling of intervening property for a major roadway (the Embarcadero), which has provided, and will continue to provide, lateral public access to the water.

(4) The street was reserved to the state for street purposes and is not used or necessary for navigation purposes. Therefore, in accordance with Section 3 of Article X of the California Constitution, that street can and should be conveyed into private ownership for uses consistent with, and in furtherance of, this act.

(5) The sale of the street shall occur only in conjunction with a simultaneous exchange of the state's sovereign title in Seawall Lot 330 pursuant to Chapter 310 of the Statutes of 1987, according to the terms and conditions required by the State Lands Commission, or other disposition of the state's sovereign title in Seawall Lot 330 approved by the State Lands Commission or the Legislature.

(g) It is therefore the intent of the Legislature, subject to the terms and conditions set forth in this act to authorize the city to dispose of the street for private use free from the public trust or the Burton Act trust.

SEC. 4. The Legislature further finds and declares that the following unique circumstances exist at Pier 30-32 on the San Francisco waterfront, and that therefore, this act sets no precedent for any other location or project in the state:

(a) The Pier 30-32 platform bayward of the Embarcadero consists of an obsolete, pile-supported pier structures that are physically no longer capable of serving most trust-related purposes without substantial modification and repair.

(b) San Francisco is the center of northern California's cruise activity. The need for a new cruise ship terminal has been recognized for over 40 years, most recently in a 1998 assessment by the Port that found that cruise industry experts considered the present terminal at Pier 35 on the San Francisco waterfront to be inferior to other cruise terminals in the United States. That assessment also concluded that the existing San Francisco passenger terminal at Pier 35 cannot accommodate modern cruise ships. Without a new passenger terminal, California stands to lose a significant portion of the cruise ship business it presently enjoys, which would also adversely affect the many maritime industries dependent on a healthy cruise industry.

(c) The Port's 1998 assessment evaluated alternative locations for a new cruise ship terminal and concluded that Pier 30-32 was the most viable site for a new cruise terminal in San Francisco because of dredging, site configuration, and development considerations.

(d) The Waterfront Land Use Plan and the Special Area Plan recognize that the development of Pier 30-32 and the surrounding area within the South Beach/China Basin subarea identified in the Waterfront Land Use Plan would further the public trust purposes of increasing maritime activities and expanding public use and enjoyment of the waterfront on trust lands at this location.

(e) The Port has solicited proposals and has chosen a developer for a mixed-use development at Pier 30-32, the primary purposes of which are to promote waterborne transportation at the port by constructing the James R. Herman International Cruise Terminal at Pier 30-32, and to further public use and enjoyment of the tidelands at this location by providing boat berths, public access, and substantial ground floor commercial public trust uses.

(f) In addition to being a destination for cruise ships, the planned improvements include berthing facilities for waterborne transit, such as water taxis and commercial excursion and recreational boats that will promote local waterborne transit and establish the proposed development at Pier 30-32 as a water-side destination for recreational boating.

(g) The Brannan Street Wharf will lie adjacent to Pier 30-32. Pursuant to the Special Area Plan implementation requirements, the approval and construction of the proposed development at Pier 30-32 requires that the construction of Phase I of the Brannan Street Wharf be completed no later than five years after the issuance of a certificate of occupancy for the major reuse of Pier 30-32, and that the entire Brannan Street Wharf be completed no later than 15 years after issuance of a certificate of occupancy for the major reuse of Pier 30-32, if grant funds or other funding are available, or 20 years if not. The Brannan Street Wharf will provide an essential recreational element to serve the public trust as provided in the Special Area Plan. Accordingly, it is desirable that the construction of the Brannan Street Wharf be accelerated.

(h) The Port is committed to the construction of the Brannan Street Wharf earlier than required under the Special Area Plan through investment of approximately fifteen million dollars ($15,000,000) for the removal of 175,000 square feet of pile-supported fill and development of public access improvements, to be funded primarily by revenue from port operations, including the development of Pier 30-32.

(i) The proposed development of a cruise ship terminal at Pier 30-32 will require a substantial capital investment to improve the piles and decking. The Port must conserve port revenue to support those maritime

uses and public improvements for which private investment is not economical. Therefore, the Port cannot directly fund all necessary capital improvements to construct new needed maritime facilities, including a new passenger terminal and associated improvements.

(j) Under applicable regulations, and due to the limited, seasonal (May through September) nature of the cruise ship operation, cruise ships will use the cruise terminal only approximately 65 to 100 days per year.

(k) The inclusion of public access structures, a lagoon, transient boat berthing, commercial public trust uses, together with a new passenger terminal, promotes the trust objectives of furthering maritime commerce and improving public access and use on the San Francisco waterfront.

(*l*) The inclusion of upper level general office space at Pier 30-32 is proposed because it provides a needed incentive for private investment. To the extent the office space is not occupied by trust tenants, it is not a trust use, notwithstanding its importance as a financial inducement.

SEC. 5. The Legislature, in the exercise of its retained power as trustee of the public trust, and in view of the unique circumstances existing at Pier 30-32 on the San Francisco waterfront and the considerable statewide public benefit and promotion of maritime transportation that will be brought about by the construction of a new passenger cruise ship terminal, improvements to berthing facilities for waterborne transit, a lagoon, improved public access and commercial public trust uses on this site, hereby authorizes the Port to approve a cruise ship terminal development on the San Francisco waterfront at Pier 30-32, which would include general office use and general retail use, if all of the following conditions are met:

(a) The development includes a modern two-berth cruise ship terminal.

(b) The development includes a public access component that meets the requirements of the Special Area Plan and the San Francisco Bay Plan as interpreted by BCDC and that also offers expanded bay views and public access.

(c) Prior to submitting a major permit application to BCDC for the cruise ship terminal development, the Port, after review by or on behalf of BCDC, approves the final design concept for the Brannan Street Wharf.

(d) Prior to the issuance of a BCDC permit for the cruise ship terminal development, the Port demonstrates, to the satisfaction of BCDC and the Attorney General's office, that it has irrevocably encumbered all of the funds deemed necessary for the completion of the Brannan Street Wharf and has placed the funds in a segregated account guaranteed to be available to be drawn upon for the construction of the Brannan Street Wharf, and the Port and BCDC enter into an enforceable agreement that

provides for the Port to fund, directly or through grant funding, or both, design, and construct the Brannan Street Wharf consistent with the following timetable:

(1) The Port shall complete preliminary engineering drawings for the Brannan Street Wharf and prepare and submit to BCDC a financing plan approved by the Port indicating funding sources and estimated construction costs at the time the construction of the cruise ship terminal development commences.

(2) The Port shall complete Phase 1, the northern portion of the Brannan Street Wharf (in the area of Pier 34), as described in the Special Area Plan contemporaneously with the construction of the cruise terminal development.

(3) The Port shall remove Pier 36 and complete the Brannan Street Wharf no later than five years after commencement of construction of the cruise ship terminal development.

(e) The amount of office space in the development does not exceed 300,000 leasable square feet, all of which shall be above the ground level. This office space shall also be designed to contribute to a development design that includes public spaces and promotes visual and public access. An additional 25,000 leasable square feet of space in the cruise ship terminal building may be used for general office use until the earlier of either of the following:

(1) Fourteen years from the first date of occupancy.

(2) When home berthing ships above 5,000 passenger berth capacity call for 15 days per year for two consecutive years.

(f) The development includes a marketing program designed to maximize the amount of general office space occupied by trust-related tenants over the life of the development.

(g) The cruise ship terminal as approved by BCDC complies with the requirements set forth in this subdivision. For purposes of this subdivision only, ''trust retail'' means visitor serving public trust retail and restaurant use. ''Nontrust retail'' means other retail, indoor public assembly, and theatre uses. The amount of trust retail leasable space shall be equal to or greater than the nontrust retail leasable space. The amount of trust and retail leasable space, nontrust retail leasable space, and visitor serving trust use converted from trust or nontrust retail approved by BCDC, as approved by BCDC, shall be at least 40 percent of the total amount of office leasable space.

SEC. 6. The Legislature finds and declares that the 2000 amendments of the San Francisco Bay Plan and the Special Area Plan by BCDC are authorized under subdivision (f) of Section 66632 of the Government Code as necessary to protect the health, safety, and welfare of the public in the entire Bay Area, and BCDC's actions with respect to those amendments are hereby ratified and confirmed.

SEC. 7. Notwithstanding the Special Area Plan and the Bay Plan requirement for findings of consistency with the public trust doctrine and the Burton Act, BCDC is authorized to approve the cruise ship terminal development trust as provided in this act. Except as provided in Section 14 of this act, nothing in this act is intended to limit the discretion of BCDC to approve or deny permits for the projects described in this act in a manner consistent with the McAteer-Petris Act, the Bay Plan, the Special Area Plan, and this act, or to limit the discretion of BCDC to enforce permits issued for the projects described in this act.

SEC. 8. (a) For the purpose of effectuating the sale of the street, including the conveyance of the street by the city, free of the public trust and the Burton Act trust, the State Lands Commission may convey to the city by patent all of the rights, title, and interest held by the state by virtue of its sovereign trust title to the street, including any public trust interest or Burton Act reservation or trust interest, not heretofore conveyed, subject to any reservations the State Lands Commission determines appropriate.

(b) In any case where the state, pursuant to this act, conveys filled tidelands and submerged lands transferred to the city pursuant to the Burton Act, the state shall reserve all minerals and all mineral rights in the lands of every kind and character now known to exist or hereafter discovered, including, but not limited to, oil and gas and rights thereto, together with the sole, exclusive, and perpetual right to explore for, remove, and dispose of those minerals by any means or methods suitable to the state or to its successors and assignees, except that, notwithstanding the Burton Act, or Section 6401 of the Public Resources Code, any such reservation shall not include the right of the state or its successors or assignees in connection with any mineral exploration, removal, or disposal activity, to do either of the following:

(1) Enter upon, use, or damage the surface of the lands or interfere with the use of the surface by any grantee or by the grantee's successors or assignees.

(2) Conduct any mining activities of any nature whatsoever above a plane located 500 feet below the surface of the lands without the prior written permission of any grantee of the lands or the grantee's successors or assignees.

SEC. 9. The city may, pursuant to Section 3 of Article X of the California Constitution, sell the street to any private person, partnership, or corporation, with the approval of the State Lands Commission, if the city first finds that the sale is consistent with the legislative findings and declarations set forth in Section 3. That sale shall not be effective unless and until the State Lands Commission, at a regular open meeting with the proposed sale of the street as a properly scheduled agenda item, does or has done, all of the following:

(a) Finds, or has found, that the consideration for the sale of the street pursuant to Section 3 of Article X of the California Constitution shall be the fair market value of the street.

(b) Adopts, or has adopted, a resolution approving the sale that finds and declares that the street has been filled and reclaimed, is cut off from access to the waters of San Francisco Bay, and is no longer needed or required for the promotion of the public trust or the Burton Act trust, and that no substantial interference with the public trust or Burton Act trust uses and purposes will ensue by virtue of the sale. The resolution shall also declare that the sale is consistent with the findings and declarations in Section 3, and the sale is in the best interests of the state and city. Upon adoption of the resolution, or at a time that is specified in the resolution, the street shall thereupon be free from the public trust and the Burton Act trust.

(c) Finds, or has found, that the sale of the street shall occur only in conjunction with a simultaneous exchange of the state's sovereign title in Seawall Lot 330 pursuant to Chapter 310 of the Statutes of 1987, according to the terms and conditions required by the State Lands Commission, or other disposition of the state's sovereign title in Seawall Lot 330 approved by the State Lands Commission or the Legislature, and that the proceeds for that sale will be devoted to trust-related capital improvements by the Port.

SEC. 10. Sales made by the city pursuant to this act are hereby determined to be of statewide significance and importance and, therefore, any ordinance, charter provision, or other provision of local law inconsistent with this act is not applicable to those sales.

SEC. 11. Any agreement for the sale of, and trust termination over, the street pursuant to this act shall be conclusively presumed to be valid, unless held to be invalid in an appropriate proceeding in a court of competent jurisdiction to determine the validity of the agreement. Any such proceeding shall be commenced within 60 days after the recording of the agreement.

SEC. 12. The State Lands Commission and the city may modify any description and plat prepared and recorded pursuant to the Burton Act, as amended, and Section 11 of that certain agreement relating to the transfer of the Port of San Francisco from the state to the city and dated January 24, 1969, and to record the modified description and plat in the office of the recorder of the city.

SEC. 13. An action may be brought under Chapter 4 (commencing with Section 760.010) of Title 10 of Part 2 of the Code of Civil Procedure by the parties to any agreement regarding a street sale or exchange of land entered into pursuant to this act or pursuant to Chapter 310 of the Statutes of 1987 to confirm the validity of the agreement. Notwithstanding Section 764.080 of the Code of Civil Procedure, the

statement of decision in the action shall include a recitation of the underlying facts and a determination whether the agreement meets the requirements of this act, Chapter 310 of the Statutes of 1987, Sections 3 and 4 of Article X of the California Constitution, and any other law applicable to the validity of the agreement.

SEC. 14. The authorization contained in Section 5, and any lease, permit, development approval, or other entitlement for use, including any BCDC permit, for the cruise ship terminal development that is dependent upon that authorization is not affected by the failure of the Port to perform any obligation under the BCDC agreement referred to in subdivision (d) of Section 5, and that authorization and the lease, permit, development approval, or other entitlement for use shall remain in full force and effect. BCDC may enforce the agreement referred to in subdivision (d) of Section 5 by specific performance or by any other enforcement remedy in the McAteer–Petris Act, except for revocation of any BCDC permit issued for the cruise terminal development.

CHAPTER 490

An act to amend Section 18009.3 of, and to add Sections 18033 and 18033.1 to, the Health and Safety Code, relating to park trailers.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 18009.3 of the Health and Safety Code is amended to read:

18009.3. (a) ''Park trailer'' means a trailer designed for human habitation for recreational or seasonal use only, that meets all of the following requirements:

(1) It contains 400 square feet or less of gross floor area, excluding loft area space if that loft area space meets the requirements of subdivision (b) and Section 18033. It may not exceed 14 feet in width at the maximum horizontal projection.

(2) It is built upon a single chassis.

(3) It may only be transported upon the public highways with a permit issued pursuant to Section 35780 of the Vehicle Code.

(b) For purposes of this section and Section 18033, ''loft area'' means any area within a unit that is elevated 30 inches or more above the main floor area and designed to be occupied. In order for the floor of a loft area to be occupied and excluded from the calculation of gross floor area for

purposes of subdivision (a), the loft area shall meet all of the requirements of Section 18033. Loft areas not meeting the requirements of this subdivision and Section 18033 shall not be occupied and shall be posted with a permanent label conspicuously located within 24 inches of the opening of each noncomplying loft. The label language and design shall provide the following:

WARNING
This area is not designed to be occupied and shall be used only for storage.

Lettering on this label shall contrast with the label's background and shall be not less than one-quarter inch in height, except for the word "WARNING" which shall be not less than one-half inch in height.

(c) A park trailer hitch, when designed by the manufacturer to be removable, may be removed and stored beneath a park trailer.

(d) If any provision of this section or Section 18033 conflicts with ANSI Standard A119.5 Recreational Park Trailers as it is published at any time, the statutory provision shall prevail.

SEC. 2. Section 18033 is added to the Health and Safety Code, to read:

18033. Each loft area excluded from the gross floor area pursuant to Section 18009.3 shall comply with all of the following requirements:

(a) A loft ceiling shall be a minimum of 54 inches above the loft floor for not less than 50 percent of the total loft ceiling area, or 50 inches above the loft floor for not less than 70 percent of the total loft ceiling area. The ceiling height shall be measured from the highest point of the finished floor of the loft area to the finished ceiling.

(b) The floor of the loft area is designed to withstand at least 30 pounds per square foot live load.

(c) The combined floor area of all loft areas shall not exceed 50 percent of the total gross floor area of the unit.

(d) Each loft shall be accessed only by use of a stairway and not a ladder or any other means. The stairway shall be constructed as follows:

(1) The stairs shall have a maximum rise of nine inches and a minimum tread of seven and one-quarter inches. The riser shall be an open-type riser design. The riser height and the tread run shall be allowed a maximum variation of one-quarter inch between each step. The stairway width shall be a minimum of 22 inches as measured along the step tread.

(2) The stairs shall be capable of supporting 50 pounds per square foot.

(3) Each stairway serving a loft shall be provided with a handrail not less than 34 inches in height as measured horizontally from the nose of

the step tread. The stairway handrail must be designed to withstand a 20-pound load per lineal foot applied horizontally at right angles to the top rail. The handrail shall be continuous the full length of the stairs.

(4) The handgrip portion of the handrail shall not be less than one and one-quarter inches nor more than two inches in cross-sectional dimension, or the shape shall provide an equivalent gripping surface. The handgrip portion of the handrail shall have a smooth surface with no sharp corners. The handrail projection from a wall or other similar surface shall have a space of not less than one and one-half inches between the wall and the handrail. Handrails installed on the open side of stairways shall have intermediate rails or an ornamental pattern installed as specified in paragraph (1) of subdivision (e).

(e) Each loft area shall have guardrails located at open areas and at the open side of the stairway. The guardrail shall comply with all of the following:

(1) Guardrails shall have intermediate rails or an ornamental pattern so that a sphere four inches in diameter cannot pass through, except that triangular openings at the open side of a stairway may be of a size that a sphere six inches in diameter cannot pass through.

(2) Guardrails shall be capable of supporting a load of 20 pounds per lineal foot applied horizontally at right angles at the top of the rail.

(3) The guard rail shall be a minimum of 34 inches in height as measured from the finished floor covering of the loft area to the top of the rail.

(f) Each loft area shall have a minimum of two exits complying with ANSI Standard A119.5 Recreational Park Trailers, Chapter 3, one of which may be the stairway. Each alternate exit shall comply with both of the following:

(1) Lead directly to the exterior of the park trailer.

(2) The location of each alternate exit shall meet all requirements for access, operation, size markings, and identification as specified in ANSI Standard A119.5 Recreational Park Trailers, Chapter 3, for alternate exits.

(g) The loft area shall be provided with light and ventilation consistent with ANSI Standard A119.5 Recreational Park Trailers, Chapter 3. In addition to the smoke detector or detectors to serve the main floor, an additional smoke detector shall be installed in each loft area and shall comply with the requirements in ANSI Standard A119.5 Recreational Park Trailers, Chapter 3.

(h) The following electrical requirements shall be followed:

(1) At least one recessed light fixture shall be installed over the stairway. Each recessed light over a stairway shall be operated by a three-way switch with one switch located at the main floor and one switch located in the loft area. Both light switches shall be located

immediately adjacent to each stairway. Additional lighting in the loft area shall only be of the recessed type.

(2) Wiring methods and receptacle placement shall be installed per the requirements in ANSI Standard A119.5 Recreational Park Trailers, Chapter 1.

SEC. 3. Section 18033.1 is added to the Health and Safety Code, to read:

18033.1. (a) The Legislature finds and declares that certain park trailer units with lofts that do not comply with Section 18009.3, as amended in 2001, and Section 18033 were designed and manufactured for residential occupancy in the lofts, and were sold and occupied in this state prior to January 3, 2001. On or about January 3, 2001, the department issued an information bulletin informing local government building code enforcement agencies, park trailer manufacturers and dealerships, and other interested parties that, in fact, many of these park trailers did not comply with applicable standards with respect to the lofts and related areas and therefore were not recreational vehicles or park trailers, as defined by this part.

(b) (1) In order to ensure reasonable standards of public safety while avoiding undue hardship to purchasers of park trailers with lofts that are in substantial compliance with Section 18009.3, as amended in 2001, and Section 18033, park trailers with lofts shall be deemed to comply with those sections if there is compliance with all of the following requirements of this subdivision and subdivision (c):

(A) They were manufactured prior to January 3, 2001, and sold prior to June 3, 2001.

(B) The notices described in subdivision (c) are provided as specified in subdivision (c).

(2) For purposes of this subdivision, ''substantial compliance'' shall require being constructed and maintained in a manner consistent with Section 18009.3, as amended in 2001, and Section 18033, except for the following:

(A) Notwithstanding Section 18009.3, as amended in 2001, and Section 18033, ceilings of lofts shall be a minimum height of 50 inches above the loft floor for not less than 70 percent of the total loft ceiling area. One exit window shall be provided in all lofts used for human habitation, providing an unobstructed opening of at least 484 square inches, with a minimum dimension of 22 inches in any direction. The window shall be located on a wall or roof located opposite the access stairs to the loft area.

(B) Notwithstanding Section 18009.3, as amended in 2001, and Section 18033, stairs serving as access to or egress from lofts shall not be required to comply with the provisions for rise and run as described in paragraph (1) of subdivision (c) of Section 18009.3 if the stairs are

provided with a complying handrail as provided in paragraph (4) of subdivision (c) of Section 18009.3.

(c) For purposes of being deemed in compliance pursuant to this section, a park trailer with one or more lofts shall comply with the following paragraphs:

(1) Within 24 inches of the opening of each loft, a permanent label shall be posted conspicuously, which states, in letters not less than one-half inch in height and in a color contrasting with the sign's background and wall color, the following:

"NOTICE: THIS LOFT AREA AND THE STAIRS DO NOT COMPLY WITH CODES IN EFFECT ON JANUARY 1, 2002, AND MAY BE DIFFICULT TO EXIT FROM IN THE EVENT OF A FIRE."

(2) The manufacturer of each park trailer subject to this section shall, to the extent feasible, mail the purchaser of the park trailer a written notice entitled, in bold 16-point type, the following:

"WARNING: LOFT AREAS AND STAIRS IN YOUR PARK TRAILER DO NOT COMPLY WITH STANDARDS IN EFFECT ON OR AFTER JANUARY 1, 2002. EXTRA CARE MAY BE REQUIRED TO EXIT FROM A LOFT IN THE EVENT OF A FIRE."

This notice also shall set forth the provisions of this section and shall provide the name, address, and telephone number of a person to whom the owner may address questions.

(3) If the owner rents or otherwise provides for consideration the park trailer subject to this section, the owner shall provide a written notice to the occupant that provides, in bold 16-point type, the following:

"WARNING: LOFT AREAS AND STAIRS IN YOUR PARK TRAILER DO NOT COMPLY WITH STANDARDS IN EFFECT ON OR AFTER JANUARY 1, 2002. EXTRA CARE MAY BE REQUIRED TO EXIT FROM A LOFT IN THE EVENT OF A FIRE."

(d) If the lofts and stairs of any park trailer do not comply with the requirements of this section, Section 18009.3, as amended in 2001, and Section 18033, the park trailer shall be deemed not in substantial compliance with this section, the loft area may not be used for human

habitation but only for storage, and the loft area shall comply with the signage requirements prescribed by subdivision (b) of Section 18009.3.

CHAPTER 491

An act to add and repeal Section 33413.5 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 33413.5 is added to the Health and Safety Code, to read:

33413.5. Applicants wishing to be examined in more than one branch of engineering shall be required to pay the additional fee for each examination after the first.

SEC. 10. Section 7200 of the Business and Professions Code is amended to read:

7200. (a) There is in the Department of Consumer Affairs a State Board of Guide Dogs for the Blind in whom enforcement of this chapter is vested. The board shall consist of seven members appointed by the Governor. One member shall be the Director of Rehabilitation or his or her designated representative. The remaining members shall be persons who have shown a particular interest in dealing with the problems of the blind, and at least two of them shall be blind persons who use guide dogs.

(b) This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 11. Section 7215.6 of the Business and Professions Code is amended to read:

7215.6. (a) In order to provide a procedure for the resolution of disputes between guide dog users and guide dog schools relating to the continued physical custody and use of a guide dog, in all cases except those in which the dog user is the unconditional legal owner of the dog, the following arbitration procedure shall be established as a pilot project.

(b) This procedure establishes an arbitration panel for the settlement of disputes between a guide dog user and a licensed guide dog school regarding the continued use of a guide dog by the user in all cases except those in which the dog user is the unconditional legal owner of the dog. The disputes which may be subject to this procedure concern differences between the user and school over whether or not a guide dog should continue to be used, differences between the user and school regarding the treatment of a dog by the user, and differences over whether or not a user should continue to have custody of a dog pending investigation

of charges of abuse. It specifically does not address issues such as admissions to schools, training practices, or other issues relating to school standards. The board and its representative are not parties to any dispute described in this section.

(c) The licensed guide dog schools in California and the board shall provide to guide dog users graduating from guide dog programs in these schools a new avenue for the resolution of disputes that involve continued use of a guide dog, or the actual physical custody of a guide dog. Guide dog users who are dissatisfied with decisions of schools regarding continued use of guide dogs may appeal to the board to convene an arbitration panel composed of all of the following:

(1) One person designated by the guide dog user.

(2) One person designated by the licensed guide dog school.

(3) A representative of the board who shall coordinate the activities of the panel and serve as chair.

(d) If the guide dog user or guide dog school wishes to utilize the arbitration panel, this must be stated in writing to the board. The findings and decision of the arbitration panel shall be final and binding. By voluntarily agreeing to having a dispute resolved by the arbitration panel and subject to its procedures, each party to the dispute shall waive any right for subsequent judicial review.

(e) A licensed guide dog school that fails to comply with any provision of this section shall automatically be subject to a penalty of two hundred fifty dollars ($250) per day for each day in which a violation occurs. The penalty shall be paid to the board. The license of a guide dog school shall not be renewed until all penalties have been paid.

The fine shall be assessed without advance hearing, but the licensee may apply to the board for a hearing on the issue of whether the fine should be modified or set aside. This application shall be in writing and shall be received by the board within 30 days after service of notice of the fine. Upon receipt of this written request, the board shall set the matter for hearing within 60 days.

(f) As a general rule, custody of the guide dog shall remain with the guide dog user pending a resolution by the arbitration panel. In circumstances where the immediate health and safety of the guide dog user or guide dog is threatened, the licensed school may take custody of the dog at once. However, if the dog is removed from the user's custody without the user's concurrence, the school shall provide to the board the evidence that caused this action to be taken at once and without fail; and within five calendar days a special committee of two members of the board shall make a determination regarding custody of the dog pending hearing by the arbitration panel.

(g) The arbitration panel shall decide the best means to determine final resolution in each case. This shall include, but is not limited to, a

hearing of the matter before the arbitration panel at the request of either party to the dispute, an opportunity for each party in the dispute to make presentations before the arbitration panel, examination of the written record, or any other inquiry as will best reveal the facts of the disputes. In any case, the panel shall make its findings and complete its examination within 45 calendar days of the date of filing the request for arbitration, and a decision shall be rendered within 10 calendar days of the examination.

All arbitration hearings shall be held at sites convenient to the parties and with a view to minimizing costs. Each party to the arbitration shall bear its own costs, except that the arbitration panel, by unanimous agreement, may modify this arrangement.

(h) The board may study the effectiveness of the arbitration panel pilot project in expediting resolution and reducing conflict in disputes between guide dog users and guide dog schools and may share its findings with the Legislature upon request.

(i) This section shall cease to be operative on July 1, 2008, and as of January 1, 2009, is repealed, unless a later enacted statute, which is enacted before January 1, 2009, deletes or extends that date.

SEC. 12. Section 8710 of the Business and Professions Code is amended to read:

8710. (a) The Board for Professional Engineers and Land Surveyors is vested with power to administer the provisions and requirements of this chapter, and may make and enforce rules and regulations that are reasonably necessary to carry out its provisions.

(b) The board may adopt rules and regulations of professional conduct that are not inconsistent with state and federal law. The rules and regulations may include definitions of incompetence and negligence. Every person who holds a license or certificate issued by the board pursuant to this chapter, or a license or certificate issued to a civil engineer pursuant to Chapter 7 (commencing with Section 6700), shall be governed by these rules and regulations.

(c) This section shall become inoperative on July 1, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed. The repeal of this section shall render the board subject to the review required by Division 1.2 (commencing with Section 473). However, the review of this board shall be limited to only those unresolved issues identified by the Joint Legislative Sunset Review Committee.

SEC. 13. Section 8741.1 of the Business and Professions Code is amended to read:

8741.1. The second division of the examination for licensure as a land surveyor shall include an examination that incorporates a national

examination for land surveying by a nationally recognized entity approved by the board, and a supplemental California specific examination. The California specific examination shall test the applicant's knowledge of the provisions of this chapter and the board's rules and regulations regulating the practice of professional land surveying in this state. The board shall prepare and distribute to applicants for the second division of the examination a plain language pamphlet describing the provisions of this chapter and the board's rules and regulations regulating the practice of land surveying in the state.

The board shall use the national examination on or before June 1, 2003. In the meantime, the board may continue to provide the current state-only second division examination and administer the test on the provisions of this chapter and board rules as a separate part of the second division examination for licensure as a land surveyor.

SEC. 14. Section 8801 of the Business and Professions Code is amended to read:

8801. Licenses issued under this chapter expire every two years, if not renewed. Biennial renewals shall be staggered on a quarterly basis. To renew an unexpired license the licenseholder shall on or before the date of expiration indicated on the renewal receipt, apply for renewal on a form prescribed by the board, and pay the renewal fee prescribed by this chapter.

SEC. 15. Section 8805 of the Business and Professions Code is amended to read:

8805. The amount of the fees prescribed by this chapter shall be fixed by the board in accordance with the following schedule:

(a) The fee for filing each application for licensure as a land surveyor at not more than four hundred dollars ($400), and for each application for certification as a land surveyor-in-training (LSIT) at not more than one hundred dollars ($100).

(d) ''Council'' means the California Tax Education Council which is a single organization made up of not more than one representative from each professional society, association, or other entity operating as a California nonprofit corporation which chooses to participate in the council and which represents tax preparers, enrolled agents, attorneys, or certified public accountants with a membership of at least 200 for the last three years, and not more than one representative from each

This chapter shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2009, deletes or extends that date on which it becomes inoperative and is repealed.

SEC. 20. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 498

An act to amend Sections 5412 and 5413 of the Health and Safety Code, and to amend Section 13271 of, and to add Section 13193 to, the Water Code, relating to water.

[Approved by Governor October 4, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The protection of our state's water quality is a top priority in order to ensure the health of all the state's citizens, the protection of species and valuable ecosystems, and the continued and growing success of our state's coastal economy.

(b) Sanitary sewer system overflows, in which overflowing sewer pipes can result in raw sewage reaching the waters of the state, may impact aquatic life, human health, and lead to beach closures due to high bacteria counts caused by those overflows, adversely affecting the state's coastal tourism economy, which contributes over $10 billion annually to the state's economy.

(c) Existing reporting on the volumes and causes of overflows varies in content and reporting format, hampering effective regional and statewide use of the collected data.

(d) A comprehensive database, coupled with uniform reporting standards throughout the state, should be developed in order to assist local, regional, and state agencies charged with public health and water quality protection in preventing and minimizing these overflows in a cost-effective manner.

(e) Information on sanitary sewer system overflows should be made available to the general public so that informed decisions can be made about needed infrastructure improvements.

SEC. 2. Section 5412 of the Health and Safety Code is amended to read:

5412. Whenever the state department or any local health officer finds that a contamination exists, the state department or officer shall order the contamination abated, as provided in this chapter, and, commencing July 1 of a year in which the Legislature has appropriated sufficient funds for this purpose, shall submit any report required pursuant to subdivision (d) of Section 13193 of the Water Code.

SEC. 3. Section 5413 of the Health and Safety Code is amended to read:

5413. Whenever the state department finds that a pollution or nuisance does, in fact, exist, that condition shall be immediately referred by the state department to the proper regional board for action, together with any recommendations for correction, and, commencing July 1 of a year in which the Legislature has appropriated sufficient funds for this purpose, the state department shall submit any report required pursuant to subdivision (d) of Section 13193 of the Water Code. Upon request of a regional board, the state department shall inspect and report to the board on any technical factors involved in any condition of pollution or nuisance.

SEC. 4. Section 13193 is added to the Water Code, to read:

13193. (a) As used in this section, the following terms have the following meanings:

(1) ''Collection system owner or operator'' means the public or private entity having legal authority over the operation and maintenance of, or capital improvements to, the sewer collection system.

(2) ''GIS'' means Geographic Information System.

(b) On or before January 1 of a year in which the Legislature has appropriated sufficient funds for this purpose, the state board, in consultation with representatives of cities, counties, cities and counties, special districts, public interest groups, the State Department of Health Services, and the regional boards shall develop a uniform overflow event report form to be used for reporting of sanitary sewer system overflows as required in subdivision (c). This event report form shall include, but not be limited to, all of the following:

(1) The cause of the overflow. The cause shall be specifically identified, unless there is an ongoing investigation, in which case it shall be identified immediately after completion of the investigation. The cause shall be identified, at a minimum, as blockage, infrastructure failure, pump station failure, significant wet weather event, natural disaster, or other cause, which shall be specifically identified. If the

cause is identified as a blockage, the type of blockage shall be identified, at a minimum, as roots, grease, debris, vandalism, or multiple causes of which each should be identified. If the cause is identified as infrastructure, it shall be determined, at a minimum, whether the infrastructure failure was due to leaks, damage to, or breakage of, collection system piping or insufficient capacity. If the cause is identified as a significant wet weather event or natural disaster, the report shall describe both the event and how it resulted in the overflow. If the precise cause cannot be identified after investigation, the report shall include a narrative explanation describing the investigation conducted and providing the information known about the possible causes of the overflow.

(2) An estimate of the volume of the overflow event.

(3) Location of the overflow event. Sufficient information shall be provided to determine location for purposes of GIS mapping, such as specific street address or the latitude and longitude of the event.

(4) Date, time, and duration of the overflow event.

(5) Whether or not the overflow reached or may have reached waters of the state.

(6) Whether or not a beach closure occurred or may have occurred as a result of the overflow.

(7) The response and corrective action taken.

(8) Whether or not there is an ongoing investigation, the reasons for it and expected date of completion.

(9) The name, address, and telephone number of the reporting collection system owner or operator and a specific contact name.

(c) Commencing on July 1 of a year in which the Legislature has appropriated sufficient funds for this purpose, in the event of a spill or overflow from a sanitary sewer system that is subject to the notification requirements set forth in Section 13271, the applicable collection system owner or operator, in addition to immediate reporting duties pursuant to Section 13271, shall submit to the appropriate regional board, within 30 days of the date of becoming aware of the overflow event, a report using the form described in subdivision (b). The report shall be filed electronically, if possible, or by fax or mail if electronic submission is not possible.

(d) (1) Commencing on July 1 of a year in which the Legislature has appropriated sufficient funds for this purpose, in the event of a spill or overflow from a sanitary sewer system that is not subject to the reporting requirements set forth in Section 13271 that is either found by the State Department of Health Services or any local health officer to result in contamination pursuant to Section 5412 of the Health and Safety Code, or is found by the State Department of Health Services to result in pollution or nuisance pursuant to Section 5413 of the Health and Safety

Code, the agency making the determination shall submit to the appropriate regional board, within 30 days of making the determination, a report that shall include, at a minimum, the following information:

(A) Date, time, and approximate duration of the overflow event.

(B) An estimate of the volume of the overflow event.

(C) Location of the overflow event.

(D) A description of the response or corrective action taken by the agency making the determination.

(E) The name, address, and telephone number of the reporting collection system owner or operator, and a specific contact name.

(2) The report shall be filed electronically, if possible, or by fax or mail if electronic submission is not possible.

(e) Before January 1 of a year in which the Legislature has appropriated sufficient funds for this purpose, the state board, in consultation with representatives of cities, counties, cities and counties, and special districts, public interest groups, the State Department of Health Services, and regional boards, shall develop and maintain a sanitary sewer system overflow database that, at a minimum, contains the parameters described in subdivisions (b) and (d).

(f) Commencing on July 1 of a year in which the Legislature has appropriated sufficient funds for this purpose, each regional board shall coordinate with collection system owners or operators, the State Department of Health Services, and local health officers to compile the reports submitted pursuant to subdivisions (c) and (d). Each regional board shall report that information to the state board on a quarterly basis, to be included in the sanitary sewer system overflow database.

(g) The state board shall make available to the public, by Internet and other cost-effective means, as determined by the state board, information that is generated pursuant to this section. In a year in which the Legislature has appropriated sufficient funds for the purposes described in this subdivision, the state board shall prepare a summary report of the information collected in the sanitary sewer system overflow database, and make it available to the general public through the Internet and other cost-effective means, as determined by the state board. To the extent resources and the data allow, this report shall include GIS maps compiling coastal overflow events.

SEC. 5. Section 13271 of the Water Code is amended to read:

13271. (a) (1) Except as provided by subdivision (b), any person who, without regard to intent or negligence, causes or permits any hazardous substance or sewage to be discharged in or on any waters of the state, or discharged or deposited where it is, or probably will be, discharged in or on any waters of the state, shall, as soon as (1) that person has knowledge of the discharge, (2) notification is possible, and (3) notification can be provided without substantially impeding cleanup

or other emergency measures, immediately notify the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state toxic disaster contingency plan adopted pursuant to Article 3.7 (commencing with Section 8574.16) of Chapter 7 of Division 1 of Title 2 of the Government Code.

(2) The Office of Emergency Services shall immediately notify the appropriate regional board and the local health officer and administrator of environmental health of the discharge. The regional board shall notify the state board as appropriate.

(3) Upon receiving notification of a discharge pursuant to paragraph (2), the local health officer and administrator of environmental health shall immediately determine whether notification of the public is required to safeguard public health and safety. If so, the local health officer and administrator of environmental health shall immediately notify the public of the discharge by posting notices or other appropriate means. The notification shall describe measures to be taken by the public to protect the public health.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not more than twenty thousand dollars ($20,000) or imprisonment for not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) For substances listed as hazardous wastes or hazardous material pursuant to Section 25140 of the Health and Safety Code, the state board, in consultation with the Department of Toxic Substances Control, shall by regulation establish reportable quantities for purposes of this section. The regulations shall be based on what quantities should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations need not set reportable quantities on all listed substances at the same time. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division, and shall not supersede or affect in any way the list, criteria, and guidelines for the identification of hazardous wastes and extremely hazardous wastes adopted by the Department of Toxic Substances

Control pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. The regulations of the Environmental Protection Agency for reportable quantities of hazardous substances for purposes of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 et seq.) shall be in effect for purposes of the enforcement of this section until the time that the regulations required by this subdivision are adopted.

(f) (1) The state board shall adopt regulations establishing reportable quantities of sewage for purposes of this section. The regulations shall be based on the quantities that should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division. For purposes of this section, ''sewage'' means the effluent of a municipal wastewater treatment plant or a private utility wastewater treatment plant, as those terms are defined in Section 13625, except that sewage does not include recycled water, as defined in subdivisions (c) and (d) of Section 13529.2.

(2) A collection system owner or operator, as defined in paragraph (1) of subdivision (a) of Section 13193, in addition to the reporting requirements set forth in this section, shall submit a report pursuant to subdivision (c) of Section 13193.

(g) Except as otherwise provided in this section and Section 8589.7 of the Government Code, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency. When notifying the Office of Emergency Services, the person shall include all of the notification information required in the permit.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 499

An act to amend Sections 17207 and 17405 of the Financial Code, relating to escrow agents.

[Approved by Governor October 4, 2001. Filed with
Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 17207 of the Financial Code, as amended by Section 38 of Chapter 17 of the Statutes of 1997, is amended to read:

17207. The commissioner shall charge and collect the following fees and assessments:

(a) For filing an application for an escrow agent's license, six hundred twenty-five dollars ($625) for the first office or location and four hundred twenty-five dollars ($425) for each additional office or location.

(b) For filing an application for a duplicate of an escrow agent's license lost, stolen, or destroyed, or for replacement, upon a satisfactory showing of the loss, theft, destruction, or surrender of certificate for replacement, two dollars ($2).

(c) For investigation services in connection with each application, one hundred dollars ($100), and for investigation services in connection with each additional office application, one hundred dollars ($100).

(d) For holding a hearing in connection with the application, as set forth under Section 17209.2, the actual costs experienced in each particular instance.

(e) (1) Each escrow agent shall pay to the commissioner for the support of this division for the ensuing year an annual license fee not to exceed two thousand eight hundred dollars ($2,800) for each office or location.

(2) On or before May 30 in each year, the commissioner shall notify each escrow agent by mail of the amount of the annual license fee levied against it, and that the payment of the invoice is payable by the escrow agent within 30 days after receipt of notification by the commissioner.

(3) If payment is not made within 30 days, the commissioner may assess and collect a penalty, in addition to the annual license fee, of 10 percent of the fee for each month or part of a month that the payment is delayed or withheld.

(4) If an escrow agent fails to pay the amount due on or before the June 30 following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to the company.

(5) If, after an order is made pursuant to paragraph (4), a request for a hearing is filed in writing and a hearing is not held within 60 days thereafter, the order is deemed rescinded as of its effective date. During any period when its certificate is revoked or suspended, a company shall not conduct business pursuant to this division, except as may be permitted by order of the commissioner. However, the revocation,

suspension, or surrender of a certificate shall not affect the powers of the commissioner as provided in this division.

(f) Fifty dollars ($50) for investigation services in connection with each application for qualification of any person under Section 17200.8, other than investigation services under subdivision (c) of this section.

(g) A fee not to exceed twenty-five dollars ($25) for the filing of a notice or report required by rules adopted pursuant to subdivision (a) or Section 17203.1.

(h) (1) If costs and expenses associated with the enforcement of this division, including overhead, are or will be incurred by the commissioner during the year for which the annual license fee is levied, and that will or could result in the commissioner's incurring of costs and expenses, including overhead, in excess of the costs and expenses, including overhead, budgeted for expenditure for the year in which the annual license fee is levied, then the commissioner may levy a special assessment on each escrow agent for each office or location in an amount estimated to pay for the actual costs and expenses associated with the enforcement of this division, including overhead, in an amount not to exceed five hundred dollars ($500) for each office or location. The commissioner shall notify each escrow agent by mail of the amount of the special assessment levied against it, and that payment of the special assessment is payable by the escrow agent within 30 days of receipt of notification by the commissioner. The funds received from the special assessment shall be deposited into the State Corporations Fund and shall be used only for the purposes for which the special assessment is made.

(2) If payment is not made within 30 days, the commissioner may assess and collect a penalty, in addition to the special assessment, of 10 percent of the special assessment for each month or part of a month that the payment is delayed or withheld. If an escrow agent fails to pay the special assessment on or before 30 days following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to the company. If an order is made under this subdivision, the provisions of paragraph (5) of subdivision (e) of this section shall apply.

(3) If the amount collected pursuant to this subdivision exceeds the actual costs and expenses, including overhead, incurred in the administration and enforcement of this division and any deficit incurred, the excess shall be credited to each escrow agent on a pro rata basis.

(i) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2. Section 17207 of the Financial Code, as added by Section 1.5 of Chapter 670 of the Statutes of 1996, is amended to read:

17207. The commissioner shall charge and collect the following fees and assessments:

(a) For filing an application for an escrow agent's license, six hundred twenty-five dollars ($625) for the first office or location and four hundred twenty-five dollars ($425) for each additional office or location.

(b) For filing an application for a duplicate of an escrow agent's license lost, stolen, or destroyed, or for replacement, upon a satisfactory showing of the loss, theft, destruction, or surrender of certificate for replacement, two dollars ($2).

(c) For investigation services in connection with each application, one hundred dollars ($100), and for investigation services in connection with each additional office application, one hundred dollars ($100).

(d) For holding a hearing in connection with the application, as set forth under Section 17209.2, the actual costs experienced in each particular instance.

(e) (1) Each escrow agent shall pay to the commissioner its pro rata share of all costs and expenses reasonably incurred in the administration of this division, as estimated by the commissioner for the ensuing year, and of any deficit actually incurred or anticipated in the administration of this division in the year in which the assessment is made. Commencing with the assessment for fiscal year 2006–07, the assessment shall not increase by more than 25 percent over the amount assessed in the prior year. The pro rata share shall be the proportion which a licensee's gross income from escrow operations bears to the aggregate gross income from escrow operations of all licensees as compiled by the commissioner. The pro rata share shall not include the costs of any examinations provided for in Section 17405.1, unless they cannot be collected from the company examined. If the pro rata assessment collected pursuant to this paragraph exceeds the actual costs and expenses incurred in the administration of this division and any deficit incurred, the excess shall be credited to each escrow agent on a pro rata basis.

(2) On or before May 30 in each year, the commissioner shall notify each escrow agent by mail of the amount assessed and levied against it, and that the payment of any invoice for assessments of the commissioner is payable by the escrow agent in three installments with the first installment payable within 20 days after receipt of notification by the commissioner and the second and third installments payable within 20 days of August 31 and November 30, respectively, in each year. The first installment payment shall be 50 percent of the amount assessed, and the second and third installment payments shall each be 25 percent of the amount assessed.

(A) If the first installment payment is not made within 20 days, the commissioner may assess and collect a penalty, in addition to the

assessment, of 10 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(B) If the second installment payment is not made within 20 days of August 31 in each year, the commissioner may assess and collect a penalty, in addition to the assessment, of 10 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(C) If the third installment payment is not made within 20 days of November 30 in each year, the commissioner may assess and collect a penalty, in addition to the assessment, of 10 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(3) In the levying and collection of the assessment, an escrow agent shall not be assessed for, nor be permitted to pay less than, three hundred fifty dollars ($350) per year, per location.

(4) (A) If an escrow agent fails to pay the first assessment on or before the June 30 following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to the company.

(B) If an escrow agent fails to pay the second installment payment on or before September 30 in each year, the commissioner may by order summarily suspend or revoke the certificate issued to the company.

(C) If an escrow agent fails to pay the third installment payment on or before December 31 in each year, the commissioner may by order summarily suspend or revoke the certificate issued to the company.

(D) If, after this order is made, a request for a hearing is filed in writing and a hearing is not held within 60 days thereafter, the order is deemed rescinded as of its effective date. During any period when its certificate is revoked or suspended, a company shall not conduct business pursuant to this division, except as may be permitted by order of the commissioner. However, the revocation, suspension, or surrender of a certificate shall not affect the powers of the commissioner as provided in this division.

(f) Fifty dollars ($50) for investigation services in connection with each application for qualification of any person under Section 17200.8, other than investigation services under subdivision (c) of this section.

(g) A fee not to exceed twenty-five dollars ($25) for the filing of a notice or report required by rules adopted pursuant to subdivision (a) or Section 17203.1.

(h) This section shall become operative January 1, 2006.

SEC. 3. Section 17405 of the Financial Code is amended to read:

17405. (a) The business, accounts and records of every person performing as an escrow agent, whether required to be licensed under this division or not, are subject to inspection and examination by the

(b) Any person subject to this division shall, upon request, exhibit and allow inspection and copying of any books and records by the commissioner or his or her authorized representative.

(c) (1) The commissioner shall conduct an examination of each licensed escrow agent as described in subdivision (a) as often as the commissioner deems necessary and appropriate, but not less than once every 48 months.

(2) The examination shall be conducted for the 12-month period immediately preceding the date that the examination is commenced unless the commissioner finds, based on information uncovered in the examination or in the most recent independent audit report, that the examination should be extended beyond the 12-month period.

(3) In determining how often an examination shall be conducted, the commissioner may consider each licensed escrow agent's compliance with the requirements set forth in this division and other factors the commissioner may by rule or order designate.

(4) This subdivision shall apply only to examinations commenced after the effective date established by the rule or order of the commissioner for the factors described in paragraph (3).

(d) Notwithstanding subdivision (c), the commissioner may conduct an indoctrination or preliminary examination, or both, under this section of any new licensee within one year of the issuance of the license under this division, and an examination described in subdivision (a) within two years of the issuance of the license under this division.

(3) Proof that the applicant has been in clinical practice, or has been a full-time faculty member in an accredited dental education program, for a minimum of 1,000 hours per year for at least five years preceding the date of his or her application under this section. The clinical practice requirement shall be deemed met if documentation of any of the following is submitted:

(A) The applicant may receive credit for two of the five years of clinical practice by demonstrating completion of a residency training program accredited by the American Dental Association Commission on Dental Accreditation, including, but not limited to, a general practice residency, an advanced education in general dentistry program, or a training program in a specialty recognized by the American Dental Association.

(B) If an applicant provides proof of at least two years of clinical practice or receives two years of credit as defined in subparagraph (A), he or she may commit to completing the remainder of the five-year requirement by filing with the board a copy of a pending contract to practice dentistry full time in a primary care clinic licensed under subdivision (a) of Section 1204 of the Health and Safety Code or in a primary care clinic exempt from licensure pursuant to subdivision (c) of Section 1206 of the Health and Safety Code, or in a clinic owned or operated by a public hospital or health system, or a clinic owned and operated by a hospital that maintains the primary contract with a county government to fill the county's role under Section 17000 of the Welfare

and Institutions Code. The board may periodically request verification of compliance with these requirements, and may revoke the license upon a finding that the employment requirement, or any other requirement of this subparagraph, has not been met.

(C) If an applicant provides proof of at least two years of clinical practice or receives two years of credit as defined in subparagraph (A), he or she may commit to completing the remainder of the five-year requirement by filing with the board a copy of a pending contract to teach or practice dentistry full time in an accredited dental education program as approved by the Dental Board of California. The board may periodically request verification of compliance with these requirements, and may revoke the license upon a finding that the employment requirement, or any other requirement of this subparagraph, has not been met.

(4) Proof that the applicant has not been subject to disciplinary action by any state in which he or she is or has been previously licensed to practice dentistry. If the applicant has been subject to disciplinary action, the board shall review that action to determine if it warrants refusal to issue a license to the applicant.

(5) A signed release allowing the disclosure of information from the National Practitioner Data Bank and the verification of registration status with the federal Drug Enforcement Administration. The board shall review this information to determine if it warrants refusal to issue a license to the applicant.

(6) Proof that the applicant has not failed the examination for licensure to practice dentistry under this chapter within five years prior to the date of his or her application for a license under this section.

(7) Documentation of 50 units of continuing education completed within two years of the date of his or her application under this section. The continuing education shall include the mandatory coursework prescribed by the board pursuant to subdivision (b) of Section 1645.

(8) Any other information as specified by the board to the extent it is required of applicants for licensure by examination under this article.

(b) The board shall provide in the application packet to each out-of-state dentist pursuant to this section the following information:

(1) The location of dental manpower shortage areas that exist in the state.

(2) Those not-for-profit clinics and public hospitals seeking to contract with licensees for dental services.

(c) (1) The board shall review the impact of this section on the availability of dentists in California and report to the appropriate policy and fiscal committees of the Legislature by January 1, 2005. The report shall include a separate section providing data specific to those dentists who intend to fulfill the alternative clinical practice requirements of

(d) This section shall become operative on July 1, 2002.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor October 4, 2001. Filed with Secretary of State October 4, 2001.]

SECTION 1. Section 2425.1 is added to the Business and Professions Code, to read:

2425.1. The Legislature finds and declares all of the following:

(b) Adding to the access to health care crisis is a state population that is growing in cultural and linguistic diversity as well as in absolute numbers.

(c) On paper, California appears to have an adequate number of physicians in most areas of the state. California, however, does not have data indicating the cultural and linguistic background of licensed physicians, how many physicians are actively practicing medicine, how many physicians are practicing part time, how many physicians have retired from practice, or how many physicians have moved into administrative positions and no longer treat patients.

(d) In order to fully understand and cope with California's access to health care crisis, it is necessary to collect data concerning the status and scope of practice of California's licensed physicians as well as his or her cultural and linguistic background.

(e) This section shall be implemented on or before July 1, 2003.

CHAPTER 510

An act to amend Sections 63901 and 63902 of, and to add Sections 63901.3, 63901.4, and 63905 to, the Food and Agricultural Code, relating to agricultural and seafood industries.

[Approved by Governor October 4, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 63901 of the Food and Agricultural Code is amended to read:

63901. The Legislature hereby finds and declares that the agricultural and seafood industries are vitally important elements of the state's economy and are supported by state established commissions and councils specified in this division that are mandated to enhance and preserve the economic interests of the State of California and are intended to do all of the following:

(a) Implement public policy through their expressive conduct. The programs conducted by these commissions and councils are among the broad range of state-mandated regulatory programs that are funded by the public through user fees assessed in accordance with each person's relationship to a particular program.

(b) Reflect a continuing commitment by the State of California to its agricultural and seafood industries that are integral to its economy. These industries are a source of substantial employment for the state's citizens, produce needed tax revenues for the support of state and local government, encourage responsible stewardship of valuable land and marine resources, and produce substantial necessary food and fiber for the state, nation, and world.

(c) Represent a policy of support for persons engaged in the agricultural and seafood industries, which are critically important elements of the state's economy. These commissions and councils are particularly important for the continued success of California's unique agricultural and seafood industries which tend to be decentralized with many small entities operating in diverse locations.

(d) Provide benefit to the entire industry and all of the people of this state. The commissions and councils are not enacted, and are not intended to produce measurable benefit, on an individual basis, and their successes should be evaluated by analyzing the extent to which they have improved the overall conditions for the particular commodity subject to the commission's or council's jurisdiction with resulting benefit to the overall economy of the state.

(e) Enhance the image of California agricultural and seafood products to increase the overall demand for these commodities. In this fashion, the Legislature intends that the commissions and councils operate primarily for the purpose of creating a more receptive environment for the commodity and for the individual efforts of those persons in the industry, and thereby compliment individual, targeted, and specific activities.

SEC. 2. Section 63901.3 is added to the Food and Agricultural Code, to read:

63901.3. The Legislature further finds and declares that commission and council activities are essential to the goals and interests of the State of California that include, but are not limited to, all of the following:

(a) Research, including, but not limited to, production research, food safety research, marketing research and trends analysis, and research relating to crop protection and production materials.

(b) Elimination of tariff and nontariff trade barriers.

(c) Consumer education relating to the health and other benefits of using and consuming agricultural and seafood products.

(d) Consumer education relating to environmental protection and conservation.

(e) Demand-side regulation that stabilizes the flow of product to market through promotion.

(f) Analysis of the impact of federal, state and foreign regulation.

(g) Cooperative crisis resolution that impacts public health and safety and the continued stability of the industry.

(h) Participation with state and federal agencies in negotiating with other governments relating to market access issues such as phytosanitary issues, shipping protocols, crop protection residues, packaging, labeling, and other issues raised by countries imposing trade barriers on the import of agricultural and seafood products into their markets.

(i) Industry self-regulation to establish and maintain grade, size, and maturity standards and to stabilize the flow of product to market.

SEC. 3. Section 63901.4 is added to the Food and Agricultural Code, to read:

63901.4. The Legislature further finds and declares that mandated cooperative efforts engaged in by the commissions and councils have proven to be effective methods to avoid economic waste and maintain stable agricultural markets. These cooperative efforts are intended to work subject to, and together with, the constraints placed on the agricultural industry by state and federal statutes and regulations and international restrictions.

SEC. 4. Section 63902 of the Food and Agricultural Code is amended to read:

63902. In addition to any specific provisions regarding grievance procedures, and consistent with the nature of the commissions and councils established pursuant to Part 2 (commencing with Section 64001) and the desire to resolve conflicts in the most timely and cost-effective manner, any person subject to this division shall file a grievance with the appropriate commission or council, and exhaust all administrative remedies prior to the initiation of any litigation based on a claim, express or implied, that the activities undertaken by the commission or council do not directly or materially advance the interests of the State of California as set forth in this part.

SEC. 5. Section 63905 is added to the Food and Agricultural Code, to read:

63905. (a) Any commission or council may petition the secretary to adopt and administer any activity authorized pursuant to the California Marketing Act of 1937 (Chapter 1 (commencing with Section 58601) of Part 2 of Division 21) relating to the commodity that is covered by any commission or council. Adoption and administration of the activity by any commission or council shall be in accordance with the act.

(b) As determined by the secretary, the governing body of the commission or council may serve as the advisory board with respect to any activity recommended and approved pursuant to this section.

CHAPTER 511

The people of the State of California do enact as follows:

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to remedy the severity and address the consequences of the conditions of extreme water shortage and drought that exists within the Counties of Siskiyou and Modoc, and to establish and carry out the Klamath River Water Crisis Economic Assistance and Mitigation Program, as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 512

An act to amend Section 14556.26 of the Government Code, to amend Section 130265 of the Public Utilities Code, and to amend Section 182.6, 182.7, and 182.8 of the Streets and Highways Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 4, 2001. Filed with Secretary of State October 4, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 14556.26 of the Government Code is amended to read:

14556.26. (a) Except as provided in subdivision (b), a regional or local agency receiving an allocation from this program shall certify, by resolution of its governing board, before final execution of the cooperative agreement, that it will sustain its level of expenditures for transportation purposes at a level that is consistent with the average of its annual expenditures during the 1997–98, 1998–99, and 1999–2000 fiscal years, including funds reserved for transportation purposes, during the fiscal years that the allocation provided under this chapter is available for use. The certification is subject to audit by the state.

(b) A transportation entity that imposes a retail transactions and use tax in accordance with an ordinance adopted pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code for transportation purposes, and receives an allocation under this program, shall certify, by resolution of its governing board, before final execution of the cooperative agreement, that during the

fiscal years that the allocation provided under this chapter is available for use, the transportation entity will expend the allocated funds for the originally programmed purpose, and that the entity will not use for other than transportation capital purposes any capital funds that were programmed, planned, or approved for transportation capital purposes on or before the effective date of the cooperative agreement. The certification is subject to audit by the state.

SEC. 2. Section 130265 of the Public Utilities Code is amended to read:

130265. In 1990, the Los Angeles County Transportation Commission adopted an approved San Fernando Valley rail rapid transit route and plan as described in the Findings and Mitigation Monitoring Program adopted by the Los Angeles County Transportation Commission on February 28, 1990, as an extension of metro rail or advanced technology transit, other than light rail, that is a deep bore subway through residential areas, unless modified through a subsequent state or federal environmental review process. Therefore, the following apply within the right-of-way of the Burbank Branch line of the Southern Pacific Railroad:

(a) In the area between the western curb of Hazeltine Avenue and a line parallel to and 50 feet west of the western edge of the Hollywood freeway, there may not be constructed any exclusive public mass transit rail guideway, rail rapid transit or light rail system, or other track, other than as a subway system that is covered and below grade.

(b) In the area described in subdivision (c), no station may be constructed, other than a station where the main entrance is located on property that is currently part of the Los Angeles Valley College campus or on that portion of the existing railroad right-of-way located north of Burbank Boulevard and east of Fulton Avenue.

(c) In the area below Tujunga Wash and at least one mile to the east and west of Tujunga Wash, there may not be constructed any exclusive public mass transit rail guideway, rail rapid transit or light rail system, or other track, other than as a subway using boring technology as a deep bore subway located at least 25 feet below ground, measured from the existing ground level to the top of the tunnel.

(d) This section is not intended to mandate the selection by the Los Angeles County Transportation Commission of any transit route or the construction of any route configuration or alignment, or to prevent consideration by that commission of any monorail or other advanced technology option on any alternative route, but this section is intended solely to define statutorily the route configuration and alignment limitations adopted locally by the Los Angeles County Transportation Commission on February 28, 1990.

SEC. 3. Section 182.6 of the Streets and Highways Code is amended to read:

182.6. (a) Notwithstanding Sections 182 and 182.5, Sections 188, 188.8, and 825 do not apply to the expenditure of an amount of federal funds equal to the amount of federal funds apportioned to the state pursuant to that portion of subsection (b)(3) of Section 104, subsections (a) and (c) of Section 157, and subsection (d) of Section 160 of Title 23 of the United States Code that is allocated within the state subject to subsection (d)(3) of Section 133 of that code. These funds shall be known as the regional surface transportation program funds. The department, the transportation planning agencies, the county transportation commissions, and the metropolitan planning organizations may do all things necessary in their jurisdictions to secure and expend those federal funds in accordance with the intent of federal law and this chapter.

(b) The regional surface transportation program funds shall be apportioned by the department to the metropolitan planning organizations designated pursuant to Section 134 of Title 23 of the United States Code and, in areas where none has been designated, to the transportation planning agency designated pursuant to Section 29532 of the Government Code. The funds shall be apportioned in the manner and in accordance with the formula set forth in subsection (d)(3) of Section 133 of Title 23 of the United States Code, except that the apportionment shall be among all areas of the state. Funds apportioned under this subdivision shall remain available for three federal fiscal years, including the federal fiscal year apportioned.

(c) Where county transportation commissions have been created by Division 12 (commencing with Section 130000) of the Public Utilities Code, all regional surface transportation program funds shall be further apportioned by the metropolitan planning organization to the county transportation commission on the basis of relative population.

In the Monterey Bay region, all regional surface transportation program funds shall be further apportioned, on the basis of relative population, by the metropolitan planning organization to the regional transportation planning agencies designated under subdivision (b) of Section 29532 of the Government Code.

(d) The applicable metropolitan planning organization, county transportation commission, or transportation planning agency shall annually apportion the regional surface transportation program funds for projects in each county, as follows:

(1) An amount equal to the amount apportioned under the federal-aid urban program in federal fiscal year 1990–91 adjusted for population. The adjustment for population shall be based on the population determined in the 1990 federal census except that no county shall be

apportioned less than 110 percent of the apportionment received in the 1990–91 fiscal year. These funds shall be apportioned for projects implemented by cities, counties, and other transportation agencies on a fair and equitable basis based upon an annually updated five-year average of allocations. Projects shall be nominated by cities, counties, transit operators, and other public transportation agencies through a process that directly involves local government representatives.

(2) An amount not less than 110 percent of the amount that the county was apportioned under the federal-aid secondary program in federal fiscal year 1990–91, for use by that county.

(e) The department shall notify each metropolitan planning organization, county transportation commission, and transportation planning agency receiving an apportionment under this section, as soon as possible each year, of the amount of obligation authority estimated to be available for program purposes.

The metropolitan planning organization and transportation planning agency, in cooperation with the department, congestion management agencies, cities, counties, and affected transit operators, shall select and program projects in conformance with federal law. The metropolitan planning organization and transportation planning agency shall submit its transportation improvement program prepared pursuant to Section 134 of Title 23 of the United States Code to the department for incorporation into the state transportation improvement program not later than August 1 of each even-numbered year beginning in 1994.

(f) Not later than July 1 of each year, the metropolitan planning organizations, and the regional transportation planning agencies, receiving obligational authority under this article shall notify the department of the projected amount of obligational authority that each entity intends to use during the remainder of the current federal fiscal year, including, but not limited to, a list of projects that will be obligated by the end of the current federal fiscal year. Any federal obligational authority that will not be used shall be redistributed by the department to other projects in a manner that ensures that the state will continue to compete for and receive increased obligational authority during the federal redistribution of obligational authority. If the department does not have sufficient federal apportionments to fully use excess obligational authority, the metropolitan planning organizations or regional transportation planning agencies relinquishing obligational authority shall make sufficient apportionments available to the department to fund alternate projects, when practical, within the geographical areas relinquishing the obligational authority. Notwithstanding this subdivision, the department shall comply with subsections (d)(3) and (f) of Section 133 of Title 23 of the United States Code.

(g) A regional transportation planning agency that is not designated as, nor represented by, a metropolitan planning organization with an urbanized area population greater than 200,000 pursuant to the 1990 federal census may exchange its annual apportionment received pursuant to this section on a dollar-for-dollar basis for nonfederal State Highway Account funds, which shall be apportioned in accordance with subdivision (d).

(h) (1) If a regional transportation planning agency described in subdivision (g) does not elect to exchange its annual apportionment, a county located within the boundaries of that regional transportation planning agency may elect to exchange its annual apportionment received pursuant to paragraph (2) of subdivision (d) for nonfederal State Highway Account funds.

(2) A county not included in a regional transportation planning agency described in subdivision (g), whose apportionment pursuant to paragraph (2) of subdivision (d) was less than 1 percent of the total amount apportioned to all counties in the state, may exchange its apportionment for nonfederal State Highway Account funds. If the apportionment to the county was more than $3^1/_2$ percent of the total apportioned to all counties in the state, it may exchange that portion of its apportionment in excess of $3^1/_2$ percent for nonfederal State Highway Account funds. Exchange funds received by a county pursuant to this section may be used for any transportation purpose.

(i) The department shall be responsible for closely monitoring the use of federal transportation funds, including regional surface transportation program funds to assure full and timely use. The department shall prepare a quarterly report for submission to the commission regarding the progress in use of all federal transportation funds. The department shall notify the commission and the appropriate implementation agency whenever there is a failure to use federal funds within the three-year apportionment period established under subdivision (b).

(j) The department shall provide written notice to implementing agencies when there is one year remaining within the three-year apportionment period established under subdivision (b) of this section.

(k) Within six months of the date of notification required under subdivision (j), the implementing agency shall provide to the department a plan to obligate funds that includes, but need not be limited to, a list of projects and milestones.

(*l*) If the implementing agency has not met the milestones established in the implementation plan required under subdivision (k), prior to the end of the three-year apportionment period established under subdivision (b), the commission shall redirect those funds for use on other transportation projects in the state.

(m) Notwithstanding subdivisions (g) and (h), regional surface transportation program funds available under this section exchanged pursuant to Section 182.8 may be loaned to and expended by the department. The department shall repay from the State Highway Account to the Traffic Congestion Relief Fund all funds received as federal reimbursements for funds exchanged under Section 182.8 as they are received from the Federal Highway Administration, except that those repayments are not required to be made more frequently than on a quarterly basis.

SEC. 4. Section 182.7 of the Streets and Highways Code is amended to read:

182.7. (a) Notwithstanding Sections 182 and 182.5, Sections 188, 188.8, and 825 do not apply to the expenditure of an amount of federal funds equal to the amount of federal funds apportioned to the state pursuant to subsection (b)(2) of Section 104 of Title 23 of the United States Code. These funds shall be known as the congestion mitigation and air quality program funds and shall be expended in accordance with Section 19 of Title 3 of the United States Code. The department, the transportation planning agencies, and the metropolitan planning organizations may do all things necessary in their jurisdictions to secure and expend those federal funds in accordance with the intent of federal law and this chapter.

(b) The congestion mitigation and air quality program funds, including any funds to which subsection (c) of Section 110 of Title 23 of the United States Code, as added by subdivision (a) of Section 1310 of Public Law 105-178, applies, shall be apportioned by the department to the metropolitan planning organizations designated pursuant to Section 134 of Title 23 of the United States Code and, in areas where none has been designated, to the transportation planning agency established by Section 29532 of the Government Code. The funds shall be apportioned to metropolitan planning organizations and transportation planning agencies responsible for air quality conformity determinations in federally designated air quality nonattainment and maintenance areas within the state in the manner and in accordance with the formula set forth in subsection (b)(2) of Section 104 of Title 23 of the United States Code. Funds apportioned under this subdivision shall remain available for three federal fiscal years, including the federal fiscal year apportioned.

(c) Notwithstanding subdivision (b), where county transportation commissions have been created by Division 12 (commencing with Section 130000) of the Public Utilities Code, all congestion mitigation and air quality program funds shall be further apportioned by the metropolitan planning organization to the county transportation commission on the basis of relative population within the federally

designated air quality nonattainment and maintenance areas after first apportioning to the nonattainment and maintenance areas in the manner and in accordance with the formula set forth in subsection (b)(2) of Section 104 of Title 23 of the United States Code.

In the Monterey Bay region, all congestion mitigation and air quality improvement program funds shall be further apportioned, on the basis of relative population, by the metropolitan planning organization to the regional transportation planning agencies designated under subdivision (b) of Section 29532 of the Government Code.

(d) The department shall notify each metropolitan planning organization, transportation planning agency, and county transportation commission receiving an apportionment under this section, as soon as possible each year, of the amount of obligational authority estimated to be available for expenditure from the federal apportionment. The metropolitan planning organizations, transportation planning agencies, and county transportation commissions, in cooperation with the department, congestion management agencies, cities and counties, and affected transit operators, shall select and program projects in conformance with federal law. Each metropolitan planning organization and transportation planning agency shall, not later than August 1 of each even-numbered year beginning in 1994, submit its transportation improvement program prepared pursuant to Section 134 of Title 23 of the United States Code to the department for incorporation into the state transportation improvement program.

(e) Not later than July 1 of each year, the metropolitan planning organizations and the regional transportation planning agencies receiving obligational authority under this section, shall notify the department of the projected amount of obligational authority that each entity intends to use during the remainder of the current federal fiscal year, including, but not limited to, a list of projects that will use the obligational authority. Any federal obligational authority that will not be used shall be redistributed by the department to other projects in a manner that ensures that the state will continue to compete for and receive increased obligational authority during the federal redistribution of obligational authority. If the department does not have sufficient federal apportionments to fully use excess obligational authority, the metropolitan planning organization or transportation planning agency relinquishing obligational authority shall make sufficient apportionments available to the department to fund alternate projects, when practical, within the geographical areas relinquishing the obligational authority. Notwithstanding this subdivision, the department shall comply with subsection (f) of Section 133 of Title 23 of the United States Code.

(f) The department shall be responsible for closely monitoring the use of federal transportation funds, including congestion management and air quality funds to assure full and timely use. The department shall prepare a quarterly report for submission to the commission regarding the progress in use of all federal transportation funds. The department shall notify the commission and the appropriate implementation agency whenever there is a failure to use federal funds within the three-year apportionment period established under subdivision (b).

(g) The department shall provide written notice to implementing agencies when there is one year remaining within the three-year apportionment period established under subdivision (b) of this section.

(h) Within six months of the date of notification required under subdivision (g), the implementing agency shall provide to the department a plan to obligate funds that includes, but need not be limited to, a list of projects and milestones.

(i) If the implementing agency has not met the milestones established in the implementation plan required under subdivision (h) above, prior to the end of the three-year apportionment period established under subdivision (b), the commission shall redirect those funds for use on other transportation projects in the state.

(j) Congestion mitigation and air quality program funds available under this section exchanged pursuant to Section 182.8 may be loaned to and expended by the department. The department shall repay from the State Highway Account to the Traffic Congestion Relief Fund all funds received as federal reimbursements for funds exchanged under Section 182.8 as they are received from the Federal Highway Administration, except that those repayments are not required to be made more frequently than on a quarterly basis.

SEC. 4.5. Section 182.7 of the Streets and Highways Code is amended to read:

182.7. (a) Notwithstanding Sections 182 and 182.5, Sections 188, 188.8, and 825 do not apply to the expenditure of an amount of federal funds equal to the amount of federal funds apportioned to the state pursuant to subsection (b)(2) of Section 104 of Title 23 of the United States Code. These funds shall be known as the congestion mitigation and air quality program funds and shall be expended in accordance with Section 149 of Title 23 of the United States Code. The department, the transportation planning agencies, and the metropolitan planning organizations may do all things necessary in their jurisdictions to secure and expend those federal funds in accordance with the intent of federal law and this chapter.

(b) The congestion mitigation and air quality program funds, including any funds to which subsection (c) of Section 110 of Title 23 of the United States Code, as added by subdivision (a) of Section 1310

of Public Law 105-178, applies, shall be apportioned by the department to the metropolitan planning organizations designated pursuant to Section 134 of Title 23 of the United States Code and, in areas where none has been designated, to the transportation planning agency established by Section 29532 of the Government Code. The funds shall be apportioned to metropolitan planning organizations and transportation planning agencies responsible for air quality conformity determinations in federally designated air quality nonattainment and maintenance areas within the state in the manner and in accordance with the formula set forth in subsection (b)(2) of Section 104 of Title 23 of the United States Code. Funds apportioned under this subdivision shall remain available for three federal fiscal years, including the federal fiscal year apportioned.

(c) Notwithstanding subdivision (b), where county transportation commissions have been created by Division 12 (commencing with Section 130000) of the Public Utilities Code, all congestion mitigation and air quality program funds shall be further apportioned by the metropolitan planning organization to the county transportation commission on the basis of relative population within the federally designated air quality nonattainment and maintenance areas after first apportioning to the nonattainment and maintenance areas in the manner and in accordance with the formula set forth in subsection (b)(2) of Section 104 of Title 23 of the United States Code.

In the Monterey Bay region, all congestion mitigation and air quality improvement program funds shall be further apportioned, on the basis of relative population, by the metropolitan planning organization to the regional transportation planning agencies designated under subdivision (b) of Section 29532 of the Government Code.

(d) The department shall notify each metropolitan planning organization, transportation planning agency, and county transportation commission receiving an apportionment under this section, as soon as possible each year, of the amount of obligational authority estimated to be available for expenditure from the federal apportionment. The metropolitan planning organizations, transportation planning agencies, and county transportation commissions, in cooperation with the department, congestion management agencies, cities and counties, and affected transit operators, shall select and program projects in conformance with federal law. Each metropolitan planning organization and transportation planning agency shall, not later than August 1 of each even-numbered year beginning in 1994, submit its transportation improvement program prepared pursuant to Section 134 of Title 23 of the United States Code to the department for incorporation into the state transportation improvement program.

(e) Not later than July 1 of each year, the metropolitan planning organizations and the regional transportation planning agencies receiving obligational authority under this section, shall notify the department of the projected amount of obligational authority that each entity intends to use during the remainder of the current federal fiscal year, including, but not limited to, a list of projects that will use the obligational authority. Any federal obligational authority that will not be used shall be redistributed by the department to other projects in a manner that ensures that the state will continue to compete for and receive increased obligational authority during the federal redistribution of obligational authority. If the department does not have sufficient federal apportionments to fully use excess obligational authority, the metropolitan planning organization or transportation planning agency relinquishing obligational authority shall make sufficient apportionments available to the department to fund alternate projects, when practical, within the geographical areas relinquishing the obligational authority. Notwithstanding this subdivision, the department shall comply with subsection (f) of Section 133 of Title 23 of the United States Code.

(f) The department shall be responsible for closely monitoring the use of federal transportation funds, including congestion management and air quality funds to assure full and timely use. The department shall prepare a quarterly report for submission to the commission regarding the progress in use of all federal transportation funds. The department shall notify the commission and the appropriate implementation agency whenever there is a failure to use federal funds within the three-year apportionment period established under subdivision (b).

(g) The department shall provide written notice to implementing agencies when there is one year remaining within the three-year apportionment period established under subdivision (b) .

(h) Within six months of the date of notification required under subdivision (g), the implementing agency shall provide to the department a plan to obligate funds that includes, but need not be limited to, a list of projects and milestones.

(i) If the implementing agency has not met the milestones established in the implementation plan required under subdivision (h) , prior to the end of the three-year apportionment period established under subdivision (b), the commission shall redirect those funds for use on other transportation projects in the state.

(j) Congestion mitigation and air quality program funds available under this section exchanged pursuant to Section 182.8 may be loaned to and expended by the department. The department shall repay from the State Highway Account to the Traffic Congestion Relief Fund all funds received as federal reimbursements for funds exchanged under Section

182.8 as they are received from the Federal Highway Administration, except that those repayments are not required to be made more frequently than on a quarterly basis.

SEC. 5. Section 182.8 of the Streets and Highways Code is amended to read:

182.8. (a) It is the intent of the Legislature that this program help increase flexibility in the use of state and federal funding to complete transportation improvements. The ability to exchange certain federal funds for state funds may enhance that flexibility. However, it is the intent of the Legislature that the commission make these exchanges only if the exchanges do not compromise other state funded projects or activities.

(b) The commission shall propose guidelines and procedures to implement this section, hold a public hearing on the guidelines, and adopt the guidelines on or before February 1, 2001. The commission shall begin the exchange program on or before February 1, 2001, if it determines that funding is available for that purpose. The commission may amend its guidelines after holding a public hearing, but may not amend the guidelines between the time it notifies regional transportation planning agencies of the amount of state funds available for exchange and its approval of projects for exchange in any given year.

(c) On or before January 5 of each year, the department shall report to the commission the amounts apportioned as federal local assistance in the regional surface transportation and congestion mitigation and air quality programs for the year, the Federal Obligation Authority for the year, and the amount of federal funds it expects to be able to obligate for work on projects in all programs on or before September 30 of that year, and the commission, in cooperation with the department, shall determine the amount of state funds from the Traffic Congestion Relief Fund that can be made available for exchange under this section. If the release of federal apportionments and obligational authority is delayed beyond November 1 in any year, all the dates specified in this section shall be extended by an equivalent time, however, all federal funds exchanged shall be obligated on or before September 30 of the current federal fiscal year.

(d) The commission may exchange funds under this section if it determines all of the following:

(1) Adequate state funds are available to accomplish the exchange without putting at risk other transportation activities or projects needing state funds.

(2) Any exchange will be consistent with full implementation of the Traffic Congestion Relief Act of 2000.

(3) Federal funds received in exchange can be readily and effectively used on other projects or activities by the state during the federal fiscal year.

(e) After making the determinations set forth in subdivision (d) the commission may offer to exchange state funds from the Traffic Congestion Relief Fund for federal local assistance funds, subject to the limits imposed under this section. For the purpose of this section, ''federal local assistance'' funds means regional surface transportation program or congestion mitigation and air quality program apportionments received that federal fiscal year and apportioned as local assistance pursuant to Sections 182.6 and 182.7.

(f) Not later than February 1 of each year, the commission shall notify the regional transportation planning agencies of the amount of state funds available for exchange for federal local assistance funds for that year. The maximum amount of state funds to be exchanged may not exceed 50 percent of the total amount of federal regional surface transportation program and congestion mitigation and air quality program funds apportioned for the current fiscal year as local assistance pursuant to subdivision (b) of Section 182.6 and subdivision (b) of Section 182.7, exclusive of state funds that may be exchanged pursuant to subdivision (g) of Section 182.6, paragraphs (1) and (2) of subdivision (h) of Section 182.6, or Section 182.7. Federal funds exchanged under this program shall be available for projects identified by the commission as ready to obligate during determination of the amount available for exchange. The amount of exchange may not exceed the department's ability to obligate all federal funds during the current federal fiscal year. The commission may not exchange state funds for regional surface transportation program funds required to be spent for transportation enhancements. This section does not affect the amount of exchange under subdivision (g) of Sections 182.6, or paragraphs (1) and (2) of subdivision (h) of Section 182.6.

(g) Regional transportation planning agencies may submit applications for exchange of funds to the commission not later than March 15 of each year. Applications shall identify the proposed use for the exchange funds, including project descriptions, cost estimates, scopes of work, schedules for construction, schedules for expenditures, and any other information required by the commission. The commission may require a region to identify priorities among applications it submits.

(h) If the commission receives applications for more exchange funds than the amount of state funds available, the commission shall select projects for exchange up to the amount of state funds available. The commission shall explain the criteria it uses to select projects, which shall include, but are not limited to, all of the following:

(1) Removal of all federal funds from projects.

(2) Assessment of projects that would benefit most from removal of federal funding because of size, type, location, agency capability, features, or federal requirements.

(3) Approximate relative equity within the program among regions in receiving state exchange funds over a multiyear period.

(i) The commission may exchange state funds for federal local assistance funds with agencies requesting exchanges. Agencies wishing to exchange their federal funds shall provide apportionments and obligation authority at the same rate the Federal Highway Administration distributes obligation authority. Agencies exchanging federal funds shall receive funds equal to 90 percent of the obligation authority exchanged. The commission shall approve exchanges of funds not later than its second regularly scheduled meeting following March 15 each year.

(j) The commission shall determine an exchange payment schedule based on expenditure plans. The commission may suspend exchange payment schedules if it determines projects are not proceeding.

(k) For financial display and reporting purposes, obligational authority received pursuant to this section shall be reported as a revenue accrual in the Traffic Congestion Relief Fund in the year in which the exchange is approved under subdivision (i). Funds approved for exchange shall be accrued as expenditures in the year in which the exchange is approved. Notwithstanding Section 16362 of the Government Code, the department shall repay, on a quarterly basis, at most, from the State Highway Account to the Traffic Congestion Relief Fund all funds received as federal reimbursements for funds exchanged under this section as they are received from the Federal Highway Administration, except that those repayments are not required to be made more frequently than on a quarterly basis.

(*l*) State funds provided through an exchange under this section shall be encumbered within one year and expended within three years.

(m) Upon adoption of its implementing guidelines, the commission may consider requests for exchanges under this section.

(n) Regional and local agencies shall use state exchange funds only for projects or purposes for which the federal local assistance funds being exchanged were originally intended, and may not supplant local funds on projects in order that those local funds can subsequently be used for nontransportation purposes. The commission may require agencies to certify that they are meeting this requirement. Agencies not meeting this maintenance of effort requirement may not be allowed to participate in the next exchange cycle.

(o) The commission shall include a summary of exchanges made pursuant to this section in its annual report to the Governor and Legislature pursuant to Section 14556.36, including an assessment of

progress in implementing projects funded by exchanges, and discussion of issues and recommendations related to implementation of the exchange program.

(p) Not later than the effective date of the reauthorization of the federal surface transportation act, the commission shall submit a report to the Governor and the Legislature recommending any changes in the exchange program necessitated by that reauthorization.

SEC. 6. Section 4.5 of this bill incorporates amendments to Section 182.7 of the Streets and Highways Code proposed by both this bill and Assembly Bill 1706. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, but this bill becomes operative first, (2) each bill amends Section 182.7 of the Streets and Highways Code, and (3) this bill is enacted after Assembly Bill 1706, in which case Section 182.7 of the Streets and Highways Code, as amended by Section 4 of this bill, shall remain operative only until the operative date of Assembly Bill 1706, at which time Section 4.5 of this bill shall become operative.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement changes relating to funding of important transportation improvements as quickly as possible and to avoid delays in implementing transportation improvements, it is necessary that this act take effect immediately.

firestorm conditions during a wildland fire, and aid with nutrient cycling.

(b) Throughout California's coastal counties tanoaks (Lithocarpus densiflorus), coast live oaks (Quercus agrifolia), and black oaks (Quercus kelloggii) are currently dying in large numbers from a condition known as ''sudden oak death.''
