(3) Has not been sentenced to state prison for a term exceeding 36 months.

(b) Prior to sentencing, if the court proposes to give consideration to a placement, the court shall consider a written evaluation by the probation department, which shall include the following:

(1) Whether the defendant is eligible for participation pursuant to this section.

(2) Whether participation by the defendant and her eligible children is deemed to be in the best interests of the children.

(3) Whether the defendant is amenable to treatment for substance abuse and would benefit from participation in the program.

(4) Whether the program is deemed to be in the best interests of an eligible child of the defendant, as determined by a representative of the appropriate child welfare services agency of the county if the child is a dependent child of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code.

(c) The district attorney shall make a recommendation to the court as to whether or not the defendant would benefit from the program, which the court shall consider in making its decision. If the court's decision is without the concurrence of the district attorney, the court shall specify its reasons in writing and enter them into the record.

(d) If the court determines that the defendant may benefit from participation in this program, the court may impose a state prison sentence with the recommendation that the defendant participate in the program pursuant to this chapter. The court shall notify the department within 48 hours of imposition of this sentence.

(e) The Director of Corrections shall consider the court's recommendation in making a determination on the inmate's placement in the program.

(f) Women accepted for the program by the Director of Corrections shall be delivered by the county, pursuant to Section 1202a, to the facility selected by the department. Before the director accepts a woman for the program, the county shall provide to the director the necessary information to determine her eligibility and appropriate placement status. Priority for services and aftercare shall be given to inmates who are incarcerated in a county, or adjacent to a county, in which a program facility is located.

(g) Prior to being admitted to the program, each participant shall voluntarily sign an agreement specifying the terms and conditions of participation in the program.

(h) The department may refer inmates back to the sentencing court if the department determines that an eligible inmate has not been recommended for the program. The department shall refer the inmate to the court by an evaluative report so stating the department's assessment of eligibility, and requesting a recommendation by the court.

(i) Women who successfully complete the program, including the minimum of one year of transition services under intensive parole supervision, shall be discharged from parole. Women who do not successfully complete the program shall be returned to the state prison where they shall serve their original sentences. These persons shall receive full credit against their original sentences for the time served in the program, pursuant to Section 2933.

SEC. 43. Section 1203.044 of the Penal Code is amended to read:

1203.044. (a) This section shall apply only to a defendant convicted of a felony for theft of an amount exceeding fifty thousand dollars ($50,000) in a single transaction or occurrence. This section shall not apply unless the fact that the crime involved the theft of an amount exceeding fifty thousand dollars ($50,000) in a single transaction or occurrence is charged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the trier of fact. Aggregate losses from more than one criminal act shall not be considered in determining if this section applies.

(b) Notwithstanding any other law, probation shall not be granted to a defendant convicted of a crime to which subdivision (a) applies if the defendant was previously convicted of an offense for which an enhancement pursuant to Section 12022.6 was found true even if that enhancement was not imposed by the sentencing court. The prior conviction shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the trier of fact.

(c) In deciding whether to grant probation to a defendant convicted of a crime to which subdivision (a) applies, the court shall consider all relevant information, including the extent to which the defendant has attempted to pay restitution to the victim between the date upon which the defendant was convicted and the date of sentencing. A defendant claiming inability to pay restitution before the date of sentencing shall provide a statement of assets, income, and liabilities, as set forth in subdivision (j) to the court, the probation department, and the prosecution.

(d) In addition to the restrictions on probation imposed by subdivisions (b) and (c), probation shall not be granted to any person convicted of theft in an amount exceeding one hundred thousand dollars ($100,000) in a single transaction or occurrence, except in unusual cases if the interests of justice would best be served if the person is granted

probation. The fact that the theft was of an amount exceeding one hundred thousand dollars ($100,000) in a single transaction or occurrence, shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the trier of fact. This subdivision shall not authorize a grant of probation otherwise prohibited under subdivision (b) or (c). If probation is granted pursuant to this subdivision, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition. Aggregate losses from more than one criminal act shall not be considered in determining whether this subdivision applies.

(e) Subject to subdivision (f), if a defendant is convicted of a crime to which subdivision (a) applies and the court grants probation, a court shall impose at least a 90-day sentence in a county jail as a condition of probation. If the defendant was convicted of a crime to which subdivision (d) applies, and the court grants probation, the court shall impose at least a 180-day sentence in a county jail as a condition of probation.

(f) The court shall designate a portion of any sentence imposed pursuant to subdivision (e) as a mandatory in-custody term. For the purpose of this section only, ''mandatory in-custody term'' means that the defendant shall serve that term, notwithstanding credits pursuant to Section 4019, in custody in a county jail. The defendant shall not be allowed release on any program during that term, including work furlough, work release, public service program, or electronic monitoring. The court shall designate the mandatory in-custody term as follows:

(1) If the defendant was convicted of a crime to which subdivision (a) applies, the mandatory in-custody term shall be no less than 30 days. If the person serves a mandatory in-custody term of at least 30 days, the court may, in the interests of justice, and for reasons stated in the record, reduce the mandatory minimum 90-day sentence required by subdivision (e).

(2) If the defendant was convicted of a crime to which subdivision (d) applies, the mandatory in-custody term shall be no less than 60 days. If the person serves a mandatory in-custody term of at least 60 days, the court may, in the interests of justice, and for reasons stated in the record, reduce the mandatory minimum 180-day sentence required by subdivision (e).

(g) If a defendant is convicted of a crime to which subdivision (a) applies, and the court grants probation, the court shall require the defendant as a condition of probation to pay restitution to the victim and to pay a surcharge to the county in the amount of 20 percent of the restitution ordered by the court, as follows:

(1) The surcharge is not subject to any assessments otherwise imposed by Section 1464. The surcharge shall be paid into the county treasury and placed in the general fund to be used exclusively for the investigation and prosecution of white collar crime offenses and to pay the expenses incurred by the county in administering this section, including increased costs incurred as a result of offenders serving mandatory in-custody terms pursuant to this section.

(2) The court shall also enter an income deduction order as provided in Section 13967.2 of the Government Code to secure payment of the surcharge. That order may be enforced to secure payment of the surcharge as provided by those provisions.

(3) The county board of supervisors shall not charge the fee provided for by Section 1203.1, subdivision (*l*) of Section 1202.4, or subdivision (d) of Section 13967, as operative on or before September 28, 1994, of the Government Code for the collection of restitution or any restitution fine.

(4) The defendant shall not be required to pay the costs of probation as otherwise required by subdivision (b) of Section 1203.1.

(h) Notwithstanding any other law, if a defendant is convicted of a crime to which subdivision (a) applies and the court grants probation, as a condition of probation, within 30 court days after being granted probation, and annually thereafter, the defendant shall provide the county financial officer with all of the following documents and records:

(1) True and correct copies of all income tax and personal property tax returns for the previous tax year, including W-2 forms filed on the defendant's behalf with any state tax agency. If the defendant is unable to supply a copy of a state tax return, the defendant shall provide a true and correct copy of all income tax returns for the previous tax year filed on his or her behalf with the federal government. The defendant is not required to provide any particular document if to do so would violate federal law or the law of the state in which the document was filed. However, this section shall supersede all other laws in this state concerning the right to privacy with respect to tax returns filed with this state. If, during the term of probation, the defendant intentionally fails to provide the county financial officer with any document that he or she knows is required to be provided under this subdivision, that failure shall constitute a violation of probation.

(2) A statement of income, assets, and liabilities as defined in subdivision (j).

(i) The submission by the defendant of any tax document pursuant to paragraph (1) of subdivision (h) that the defendant knows does not accurately state the defendant's income, or if required, the defendant's personal property, if the inaccuracy is material, constitutes a violation of probation.

(j) A statement of income, assets, and liabilities form, that is consistent with the disclosure requirements of this section, may be established by the financial officer of each county. That statement shall require the defendant to furnish relevant financial information identifying the defendant's income, assets, possessions, or liabilities, actual or contingent. The statement may include the following:

(1) All real property in which the defendant has any interest.

(2) Any item of personal property worth more than three thousand dollars ($3,000) in which the defendant has any interest, including, but not limited to, vehicles, airplanes, boats, computers, and consumer electronics. Any collection of jewelry, coins, silver, china, artwork, antiques, or other collectibles in which the defendant has any interest, if that collection is worth more than three thousand dollars ($3,000).

(3) All domestic and foreign assets in the defendant's name, or in the name of the defendant's spouse or minor children, of a value over three thousand dollars ($3,000) and in whatever form, including, but not limited to, bank accounts, securities, stock options, bonds, mutual funds, money market funds, certificates of deposits, annuities, commodities, precious metals, deferred compensation accounts, individual retirement accounts, and related or analogous accounts.

(4) All insurance policies in which the defendant or the defendant's spouse or minor children retain a cash value.

(5) All pension funds in which the defendant has a vested right.

(6) All insurance policies of which the defendant is a beneficiary.

(7) All contracts, agreements, judgments, awards, or prizes granting the defendant the right to receive money or real or personal property in the future, including alimony and child support.

(8) All trusts of which the defendant is a beneficiary.

(9) All unrevoked wills of a decedent if the defendant or defendant's spouse or minor child is a beneficiary.

(10) All lawsuits currently maintained by the defendant or by or against a corporation in which the defendant owns more than a 25-percent interest if the suit includes a prayer for damages.

(11) All corporations of which the defendant is an officer. If the defendant is an officer in a corporation sole, subchapter S corporation, or closely held corporation, and controls more equity of that corporation than any other individual, the county financial officer shall have authority to request other records of the corporation.

(12) All debts in excess of three thousand dollars ($3,000) owed by the defendant to any person or entity.

(13) Copies of all applications for loans made by the defendant during the last year.

(14) All encumbrances on any real and personal property in which the defendant has any interest.

(15) All sales, transfers, assignments, quitclaims, conveyances, or encumbrances of any interest in real or personal property of a value exceeding three thousand dollars ($3,000) made by the defendant during the period beginning one year before charges were filed to the present, including the identity of the recipient of same, and relationship, if any, to the defendant.

(k) The information contained in the statement of income, assets, and liabilities shall not be available to the public. Information received pursuant to this subdivision shall not be disclosed to any member of the public. Any disclosure in violation of this section shall be a contempt of court punishable by a fine not exceeding one thousand dollars ($1,000), and shall also create a civil cause of action for damages.

(*l*) After providing the statement of income, assets, and liabilities, the defendant shall provide the county financial officer with copies of any documents representing or reflecting the financial information set forth in subdivision (j) as requested by that officer.

(m) The defendant shall sign the statement of income, assets, and liabilities under penalty of perjury. The provision of information known to be false, or the intentional failure to provide material information knowing that it was required to have been provided, shall constitute a violation of probation.

(n) The Franchise Tax Board and the Employment Development Department shall release copies of income tax returns filed by the defendant and other information concerning the defendant's current income and place of employment to the county financial officer upon request. That information shall be kept confidential and shall not be made available to any member of the public. Any unauthorized release shall be subject to subdivision (k). The county shall reimburse the reasonable administrative expenses incurred by those agencies in providing this information.

(o) During the term of probation, the defendant shall notify the county financial officer in writing within 30 days, after receipt from any source of any money or real or personal property that has a value of over five thousand dollars ($5,000), apart from the salary from the defendant's and the defendant's spouse's regular employment. The defendant shall report the source and value of the money or real or personal property received. This information shall not be made available to the public or the victim. Any unauthorized release shall be subject to subdivision (k).

(p) The term of probation in all cases shall be 10 years. However, after the defendant has served five years of probation, the defendant shall be released from all terms and conditions of probation except those terms and conditions included within this section. A court may not revoke or otherwise terminate probation within 10 years unless and until the defendant has satisfied both the restitution judgment and the surcharge,

or the defendant is imprisoned for a violation of probation. Upon satisfying the restitution judgment, the defendant is entitled to a court order vacating that judgment and removing it from the public record. Amounts owing on the surcharge are forgiven upon completion of the term of probation.

(q) The county financial officer shall establish a suggested payment schedule each year to ensure that the defendant remits amounts to make restitution to the victim and pay the surcharge. The county financial officer shall evaluate the defendant's current earnings, future earning capacity, assets (including assets that are in trust or in accounts where penalties may be incurred upon premature withdrawal of funds), and liabilities, and set payments to the county based upon the defendant's ability to pay. The defendant shall bear the burden of demonstrating the lack of his or her ability to pay. If the defendant objects to the suggested payment schedule, the court shall set the schedule. Express findings by the court as to the factors bearing on the payment schedule shall not be required. After the payment schedule is set, a defendant may request a change in the schedule upon a change of circumstances. The restitution schedule shall set a reasonable payment amount and shall not set payments in an amount that is likely to cause severe financial hardship to the defendant or his or her family.

(r) The willful failure to pay the amounts required by the payment schedule or to comply with the requirements of the county financial officer or the probation department pursuant to this section, if the defendant is able to pay or comply, is a violation of probation.

(s) In determining the defendant's ability to pay, the court shall consider whether the annual payment required, including any money or property seized to satisfy the restitution judgment, exceeds 15 percent of the defendant's taxable income for the previous year as identified on the defendant's tax return for the defendant's state of residence or on the defendant's federal tax return. If the defendant has filed a joint return, the defendant's income for purposes of this section shall be presumed to be the total of all wages earned by the defendant, plus one-half of all other nonsalary income listed on the tax return and accompanying schedules, unless the defendant demonstrates otherwise. The court shall also consider the defendant's current income and future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the payment schedule shall not be required.

(t) The defendant shall personally appear at any hearing held pursuant to any provision of this section unless the defendant is incarcerated or otherwise excused by the court, in which case the defendant may appear through counsel.

(u) Notwithstanding subdivision (d) of Section 1203.1, the county financial officer shall distribute proceeds collected by the county pursuant to this section as follows:

(1) If the restitution judgment has been satisfied, but the surcharge remains outstanding, all amounts paid by the defendant shall be kept by the county and applied to the surcharge.

(2) If the surcharge has been satisfied, but the restitution judgment has not been satisfied, all amounts submitted to the county shall be remitted to the victim.

(3) If neither judgment has been satisfied, the county shall remit 70 percent of the amounts collected to the victim. Those amounts shall be credited to the restitution judgment. The remaining 30 percent shall be retained by the county and credited toward the surcharge.

(v) Neither this section, nor the amendments to Section 12022.6 of the Penal Code enacted pursuant to Chapter 104 of the Statutes of 1992, are intended to lessen or otherwise mitigate sentences that could otherwise be imposed under any law in effect when the offense was committed.

(w) For the purpose of this section, a county may designate an appropriate employee of the county probation department, the department of revenue, or any other analogous county department to act as the county financial officer pursuant to this section.

(x) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2008, deletes or extends that date.

(y) This act shall be known as the Economic Crime Act of 1992.

SEC. 44. Section 1203.097 of the Penal Code is amended to read:

1203.097. (a) If a person is granted probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, the terms of probation shall include all of the following:

(1) A minimum period of probation of 36 months, which may include a period of summary probation as appropriate.

(2) A criminal court protective order protecting the victim from further acts of violence, threats, stalking, sexual abuse, and harassment, and, if appropriate, containing residence exclusion or stay-away conditions.

(3) Notice to the victim of the disposition of the case.

(4) Booking the defendant within one week of sentencing if the defendant has not already been booked.

(5) A minimum payment by the defendant of two hundred dollars ($200) to be disbursed as specified in this paragraph. If, after a hearing in court on the record, the court finds that the defendant does not have the ability to pay, the court may reduce or waive this fee.

One-third of the moneys deposited with the county treasurer pursuant to this section shall be retained by counties and deposited in the domestic violence programs special fund created pursuant to Section 18305 of the Welfare and Institutions Code, to be expended for the purposes of Chapter 5 (commencing with Section 18290) of Part 6 of Division 9 of the Welfare and Institutions Code. The remainder shall be transferred, once a month, to the Controller for deposit in equal amounts in the Domestic Violence Restraining Order Reimbursement Fund and in the Domestic Violence Training and Education Fund, which are hereby created, in an amount equal to two-thirds of funds collected during the preceding month. Moneys deposited into these funds pursuant to this section shall be available upon appropriation by the Legislature and shall be distributed each fiscal year as follows:

(A) Funds from the Domestic Violence Restraining Order Reimbursement Fund shall be distributed to local law enforcement or other criminal justice agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (a) of Section 6385 of the Family Code, based on the annual notification from the Department of Justice of the number of restraining orders issued and registered in the state domestic violence restraining order registry maintained by the Department of Justice, for the development and maintenance of the domestic violence restraining order data bank system.

(B) Funds from the Domestic Violence Training and Education Fund shall support a statewide training and education program to increase public awareness of domestic violence and to improve the scope and quality of services provided to the victims of domestic violence. Grants to support this program shall be awarded on a competitive basis and be administered by the State Department of Health Services, in consultation with the statewide domestic violence coalition, which is eligible to receive funding under this section.

(6) Successful completion of a batterer's program, as defined in subdivision (c), or if none is available, another appropriate counseling program designated by the court, for a period not less than one year with periodic progress reports by the program to the court every three months or less and weekly sessions of a minimum of two hours class time duration.

(7) (A) (i) The court shall order the defendant to comply with all probation requirements, including the requirements to attend counseling, keep all program appointments, and pay program fees based upon the ability to pay.

(ii) The terms of probation for offenders shall not be lifted until all reasonable fees due to the counseling program have been paid in full, but in no case shall probation be extended beyond the term provided in

subdivision (a) of Section 1203.1. If the court finds that the defendant does not have the ability to pay the fees based on the defendant's changed circumstances, the court may reduce or waive the fees.

(B) Upon request by the batterer's program, the court shall provide the defendant's arrest report, prior incidents of violence, and treatment history to the program.

(8) The court also shall order the defendant to perform a specified amount of appropriate community service, as designated by the court. The defendant shall present the court with proof of completion of community service and the court shall determine if the community service has been satisfactorily completed. If sufficient staff and resources are available, the community service shall be performed under the jurisdiction of the local agency overseeing a community service program.

(9) If the program finds that the defendant is unsuitable, the program shall immediately contact the probation department or the court. The probation department or court shall either recalendar the case for hearing or refer the defendant to an appropriate alternative batterer's program.

(10) (A) Upon recommendation of the program, a court shall require a defendant to participate in additional sessions throughout the probationary period, unless it finds that it is not in the interests of justice to do so, states its reasons on the record, and enters them into the minutes. In deciding whether the defendant would benefit from more sessions, the court shall consider whether any of the following conditions exist:

(i) The defendant has been violence free for a minimum of six months.

(ii) The defendant has cooperated and participated in the batterer's program.

(iii) The defendant demonstrates an understanding of and practices positive conflict resolution skills.

(iv) The defendant blames, degrades, or has committed acts that dehumanize the victim or puts at risk the victim's safety, including, but not limited to, molesting, stalking, striking, attacking, threatening, sexually assaulting, or battering the victim.

(v) The defendant demonstrates an understanding that the use of coercion or violent behavior to maintain dominance is unacceptable in an intimate relationship.

(vi) The defendant has made threats to harm anyone in any manner.

(vii) The defendant has complied with applicable requirements under paragraph (6) of subdivision (c) or subparagraph (C) to receive alcohol counseling, drug counseling, or both.

(viii) The defendant demonstrates acceptance of responsibility for the abusive behavior perpetrated against the victim.

(B) The program shall immediately report any violation of the terms of the protective order, including any new acts of violence or failure to comply with the program requirements, to the court, the prosecutor, and, if formal probation has been ordered, to the probation department. The probationer shall file proof of enrollment in a batterer's program with the court within 30 days of conviction.

(C) Concurrent with other requirements under this section, in addition to, and not in lieu of, the batterer's program, and unless prohibited by the referring court, the probation department or the court may make provisions for a defendant to use his or her resources to enroll in a chemical dependency program or to enter voluntarily a licensed chemical dependency recovery hospital or residential treatment program that has a valid license issued by the state to provide alcohol or drug services to receive program participation credit, as determined by the court. The probation department shall document evidence of this hospital or residential treatment participation in the defendant's program file.

(11) The conditions of probation may include, in lieu of a fine, but not in lieu of the fund payment required under paragraph (5), one or more of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, to make payments to a battered women's shelter, or to pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. Determination of a defendant's ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. When the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property shall not be used to discharge the liability of the offending spouse for restitution to the injured spouse, as required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse, until all separate property of the offending spouse is exhausted.

(12) If it appears to the prosecuting attorney, the court, or the probation department that the defendant is performing unsatisfactorily in the assigned program, is not benefiting from counseling, or has

engaged in criminal conduct, upon request of the probation officer, the prosecuting attorney, or on its own motion, the court, as a priority calendar item, shall hold a hearing to determine whether further sentencing should proceed. The court may consider factors, including, but not limited to, any violence by the defendant against the former or a new victim while on probation and noncompliance with any other specific condition of probation. If the court finds that the defendant is not performing satisfactorily in the assigned program, is not benefiting from the program, has not complied with a condition of probation, or has engaged in criminal conduct, the court shall terminate the defendant's participation in the program and shall proceed with further sentencing.

(b) If a person is granted formal probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, in addition to the terms specified in subdivision (a), all of the following shall apply:

(1) The probation department shall make an investigation and take into consideration the defendant's age, medical history, employment and service records, educational background, community and family ties, prior incidents of violence, police report, treatment history, if any, demonstrable motivation, and other mitigating factors in determining which batterer's program would be appropriate for the defendant. This information shall be provided to the batterer's program if it is requested. The probation department shall also determine which community programs the defendant would benefit from and which of those programs would accept the defendant. The probation department shall report its findings and recommendations to the court.

(2) The court shall advise the defendant that the failure to report to the probation department for the initial investigation, as directed by the court, or the failure to enroll in a specified program, as directed by the court or the probation department, shall result in possible further incarceration. The court, in the interests of justice, may relieve the defendant from the prohibition set forth in this subdivision based upon the defendant's mistake or excusable neglect. Application for this relief shall be filed within 20 court days of the missed deadline. This time limitation may not be extended. A copy of any application for relief shall be served on the office of the prosecuting attorney.

(3) After the court orders the defendant to a batterer's program, the probation department shall conduct an initial assessment of the defendant, including, but not limited to, all of the following:

(A) Social, economic, and family background.

(B) Education.

(C) Vocational achievements.

(D) Criminal history.

(E) Medical history.

(F) Substance abuse history.

(G) Consultation with the probation officer.

(H) Verbal consultation with the victim, only if the victim desires to participate.

(I) Assessment of the future probability of the defendant committing murder.

(4) The probation department shall attempt to notify the victim regarding the requirements for the defendant's participation in the batterer's program, as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(c) The court or the probation department shall refer defendants only to batterer's programs that follow standards outlined in paragraph (1), which may include, but are not limited to, lectures, classes, group discussions, and counseling. The probation department shall design and implement an approval and renewal process for batterer's programs and shall solicit input from criminal justice agencies and domestic violence victim advocacy programs.

(1) The goal of a batterer's program under this section shall be to stop domestic violence. A batterer's program shall consist of the following components:

(A) Strategies to hold the defendant accountable for the violence in a relationship, including, but not limited to, providing the defendant with a written statement that the defendant shall be held accountable for acts or threats of domestic violence.

(B) A requirement that the defendant participate in ongoing same-gender group sessions.

(C) An initial intake that provides written definitions to the defendant of physical, emotional, sexual, economic, and verbal abuse, and the techniques for stopping these types of abuse.

(D) Procedures to inform the victim regarding the requirements for the defendant's participation in the intervention program as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(E) A requirement that the defendant attend group sessions free of chemical influence.

(F) Educational programming that examines, at a minimum, gender roles, socialization, the nature of violence, the dynamics of power and control, and the effects of abuse on children and others.

(G) A requirement that excludes any couple counseling or family counseling, or both.

(H) Procedures that give the program the right to assess whether or not the defendant would benefit from the program and to refuse to enroll

the defendant if it is determined that the defendant would not benefit from the program, so long as the refusal is not because of the defendant's inability to pay. If possible, the program shall suggest an appropriate alternative program.

(I) Program staff who, to the extent possible, have specific knowledge regarding, but not limited to, spousal abuse, child abuse, sexual abuse, substance abuse, the dynamics of violence and abuse, the law, and procedures of the legal system.

(J) Program staff who are encouraged to utilize the expertise, training, and assistance of local domestic violence centers.

(K) A requirement that the defendant enter into a written agreement with the program, which shall include an outline of the contents of the program, the attendance requirements, the requirement to attend group sessions free of chemical influence, and a statement that the defendant may be removed from the program if it is determined that the defendant is not benefiting from the program or is disruptive to the program.

(L) A requirement that the defendant sign a confidentiality statement prohibiting disclosure of any information obtained through participating in the program or during group sessions regarding other participants in the program.

(M) Program content that provides cultural and ethnic sensitivity.

(N) A requirement of a written referral from the court or probation department prior to permitting the defendant to enroll in the program. The written referral shall state the number of minimum sessions required by the court.

(O) Procedures for submitting to the probation department all of the following uniform written responses:

(i) Proof of enrollment, to be submitted to the court and the probation department and to include the fee determined to be charged to the defendant, based upon the ability to pay, for each session.

(ii) Periodic progress reports that include attendance, fee payment history, and program compliance.

(iii) Final evaluation that includes the program's evaluation of the defendant's progress, using the criteria set forth in paragraph (4) of subdivision (a) and recommendation for either successful or unsuccessful termination or continuation in the program.

(P) A sliding fee schedule based on the defendant's ability to pay. The batterer's program shall develop and utilize a sliding fee scale that recognizes both the defendant's ability to pay and the necessity of programs to meet overhead expenses. An indigent defendant may negotiate a deferred payment schedule, but shall pay a nominal fee, if the defendant has the ability to pay the nominal fee. Upon a hearing and a finding by the court that the defendant does not have the financial ability to pay the nominal fee, the court shall waive this fee. The payment of the

fee shall be made a condition of probation if the court determines the defendant has the present ability to pay the fee. The fee shall be paid during the term of probation unless the program sets other conditions. The acceptance policies shall be in accordance with the scaled fee system.

(2) The court shall refer persons only to batterer's programs that have been approved by the probation department pursuant to paragraph (5). The probation department shall do both of the following:

(A) Provide for the issuance of a provisional approval, provided that the applicant is in substantial compliance with applicable laws and regulations and an urgent need for approval exists. A provisional approval shall be considered an authorization to provide services and shall not be considered a vested right.

(B) If the probation department determines that a program is not in compliance with standards set by the department, the department shall provide written notice of the noncompliant areas to the program. The program shall submit a written plan of corrections within 14 days from the date of the written notice on noncompliance. A plan of correction shall include, but not be limited to, a description of each corrective action and timeframe for implementation. The department shall review and approve all or any part of the plan of correction and notify the program of approval or disapproval in writing. If the program fails to submit a plan of correction or fails to implement the approved plan of correction, the department shall consider whether to revoke or suspend approval and, upon revoking or suspending approval, shall have the option to cease referrals of defendants under this section.

(3) No program, regardless of its source of funding, shall be approved unless it meets all of the following standards:

(A) The establishment of guidelines and criteria for education services, including standards of services that may include lectures, classes, and group discussions.

(B) Supervision of the defendant for the purpose of evaluating the person's progress in the program.

(C) Adequate reporting requirements to ensure that all persons who, after being ordered to attend and complete a program, may be identified for either failure to enroll in, or failure to successfully complete, the program or for the successful completion of the program as ordered. The program shall notify the court and the probation department in writing within the period of time and in the manner specified by the court of any person who fails to complete the program. Notification shall be given if the program determines that the defendant is performing unsatisfactorily or if the defendant is not benefiting from the education, treatment, or counseling.

(D) No victim shall be compelled to participate in a program or counseling, and no program may condition a defendant's enrollment on participation by the victim.

(4) In making referrals of indigent defendants to approved batterer's programs, the probation department shall apportion these referrals evenly among the approved programs.

(5) The probation department shall have the sole authority to approve a batterer's program for probation. The program shall be required to obtain only one approval but shall renew that approval annually.

(A) The procedure for the approval of a new or existing program shall include all of the following:

(i) The completion of a written application containing necessary and pertinent information describing the applicant program.

(ii) The demonstration by the program that it possesses adequate administrative and operational capability to operate a batterer's treatment program. The program shall provide documentation to prove that the program has conducted batterer's programs for at least one year prior to application. This requirement may be waived under subparagraph (A) of paragraph (2) if there is no existing batterer's program in the city, county, or city and county.

(iii) The onsite review of the program, including monitoring of a session to determine that the program adheres to applicable statutes and regulations.

(iv) The payment of the approval fee.

(B) The probation department shall fix a fee for approval not to exceed two hundred fifty dollars ($250) and for approval renewal not to exceed two hundred fifty dollars ($250) every year in an amount sufficient to cover its cost in administering the approval process under this section. No fee shall be charged for the approval of local governmental entities.

(C) The probation department has the sole authority to approve the issuance, denial, suspension, or revocation of approval and to cease new enrollments or referrals to a batterer's program under this section. The probation department shall review information relative to a program's performance or failure to adhere to standards, or both. The probation department may suspend or revoke any approval issued under this subdivision or deny an application to renew an approval or to modify the terms and conditions of approval, based on grounds established by probation, including, but not limited to, either of the following:

(i) Violation of this section by any person holding approval or by a program employee in a program under this section.

(ii) Misrepresentation of any material fact in obtaining the approval.

(6) For defendants who are chronic users or serious abusers of drugs or alcohol, standard components in the program shall include concurrent

counseling for substance abuse and violent behavior, and in appropriate cases, detoxification and abstinence from the abused substance.

(7) The program shall conduct an exit conference that assesses the defendant's progress during his or her participation in the batterer's program.

(b) In construing the legislative intent of subdivision (a), no inference shall be drawn from the amendment to Assembly Bill 1052 of the 1989–90 Regular Session of the Legislature which deleted reference to the case of People v. Superior Court, 69 Cal. 2d 491.

The court shall also appoint an independent medical expert on the person's behalf to examine the person's medical, mental, or emotional condition and to testify thereon, unless the person is financially able to obtain the expert testimony. However, if the person has given his or her informed consent to the proposed organic therapy, other than psychosurgery as referred to in subdivision (c) of Section 2670.5, and his or her attorney concurs in the proposed administration of the organic

SEC. 49. Section 3000 of the Penal Code is amended to read:

3000. (a) (1) The Legislature finds and declares that the period immediately following incarceration is critical to successful reintegration of the offender into society and to positive citizenship. It is in the interest of public safety for the state to provide for the supervision of and surveillance of parolees, including the judicious use of revocation actions, and to provide educational, vocational, family and personal counseling necessary to assist parolees in the transition between imprisonment and discharge. A sentence pursuant to Section 1168 or 1170 shall include a period of parole, unless waived, as provided in this section.

(2) The Legislature finds and declares that it is not the intent of this section to diminish resources allocated to the Department of Corrections for parole functions for which the department is responsible. It is also not the intent of this section to diminish the resources allocated to the Board of Prison Terms to execute its duties with respect to parole functions for which the board is responsible.

(3) The Legislature finds and declares that diligent effort must be made to ensure that parolees are held accountable for their criminal behavior, including, but not limited to, the satisfaction of restitution fines and orders.

(4) Any finding made pursuant to Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, that a person is a sexually violent predator shall not toll, discharge, or otherwise affect that person's period of parole.

(b) Notwithstanding any provision to the contrary in Article 3 (commencing with Section 3040) of this chapter, the following shall apply:

(1) At the expiration of a term of imprisonment of one year and one day, or a term of imprisonment imposed pursuant to Section 1170 or at the expiration of a term reduced pursuant to Section 2931 or 2933, if applicable, the inmate shall be released on parole for a period not exceeding three years, except that any inmate sentenced for an offense specified in paragraph (3), (4), (5), (6), (16), or (18) of subdivision (c) of Section 667.5 shall be released on parole for a period not exceeding five years, unless in either case the parole authority for good cause waives parole and discharges the inmate from the custody of the department.

(2) In the case of any inmate sentenced under Section 1168, the period of parole shall not exceed five years in the case of an inmate imprisoned for any offense other than first or second degree murder for which the inmate has received a life sentence, and shall not exceed three years in the case of any other inmate, unless in either case the parole authority for good cause waives parole and discharges the inmate from custody of the department. This subdivision shall also be applicable to inmates who committed crimes prior to July 1, 1977, to the extent specified in Section 1170.2.

(3) Notwithstanding paragraphs (1) and (2), in the case of any offense for which the inmate has received a life sentence pursuant to Section 667.61, the period of parole shall be five years. Upon the request of the Department of Corrections, and on the grounds that the paroled inmate may pose a substantial danger to public safety, the Board of Prison Terms shall conduct a hearing to determine if the parolee shall be subject to a single additional five-year period of parole. The board shall conduct the hearing pursuant to the procedures and standards governing parole revocation. The request for parole extension shall be made no less than 180 days prior to the expiration of the initial five-year period of parole.

(4) The parole authority shall consider the request of any inmate regarding the length of his or her parole and the conditions thereof.

(5) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1), (2), or (3), as the case may be, whichever is earlier, the inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1), (2), and (3) shall be computed from the date of initial parole or from the date

of extension of parole pursuant to paragraph (3) and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, in no case, except as provided in Section 3064, may a prisoner subject to three years on parole be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole, and, except as provided in Section 3064, in no case may a prisoner subject to five years on parole be retained under parole supervision or in custody for a period longer than seven years from the date of his or her initial parole or from the date of extension of parole pursuant to paragraph (3).

(6) The Department of Corrections shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length of parole and conditions thereof by the parole authority. The Department of Corrections or the Board of Prison Terms may impose as a condition of parole that a prisoner make payments on the prisoner's outstanding restitution fines or orders imposed pursuant to subdivision (a) or (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, or subdivision (b) or (f) of Section 1202.4.

(7) For purposes of this chapter, the Board of Prison Terms shall be considered the parole authority.

(8) The sole authority to issue warrants for the return to actual custody of any state prisoner released on parole rests with the Board of Prison Terms, except for any escaped state prisoner or any state prisoner released prior to his or her scheduled release date who should be returned to custody, and Section 3060 shall apply.

SEC. 49.5. Section 3000 of the Penal Code is amended to read:

(4) The parole authority shall consider the request of any inmate regarding the length of his or her parole and the conditions thereof.

(5) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1), (2), or (3), as the case may be, whichever is earlier, the inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1), (2), and (3) shall be computed from the date of initial parole or from the date of extension of parole pursuant to paragraph (3) and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, in no case, except as provided in Section 3064, may a prisoner subject to three years on parole be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole, and, except as provided in Section 3064, in no case may a prisoner subject to five years on parole be retained under parole supervision or in custody for a period longer than seven years from the date of his or her initial parole or from the date of extension of parole pursuant to paragraph (3).

(6) The Department of Corrections shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length of parole and conditions thereof by the parole authority. The Department of Corrections or the Board of Prison Terms may impose as a condition of parole that a prisoner make payments on the prisoner's outstanding restitution fines or orders imposed pursuant to subdivision (a) or (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, or subdivision (b) or (f) of Section 1202.4.

(7) For purposes of this chapter, the Board of Prison Terms shall be considered the parole authority.

(8) The sole authority to issue warrants for the return to actual custody of any state prisoner released on parole rests with the Board of Prison Terms, except for any escaped state prisoner or any state prisoner released prior to his or her scheduled release date who should be returned to custody, and Section 3060 shall apply.

(9) It is the intent of the Legislature that efforts be made with respect to persons who are subject to subparagraph (C) of paragraph (1) of subdivision (a) of Section 290 who are on parole to engage them in treatment.

SEC. 50. Section 3000.1 of the Penal Code is amended to read:

3000.1. (a) In the case of any inmate sentenced under Section 1168 for any offense of first or second degree murder with a maximum term of life imprisonment, the period of parole, if parole is granted, shall be the remainder of the inmate's life.

(b) Notwithstanding any other provision of law, when any person referred to in subdivision (a) has been released on parole from the state prison, and has been on parole continuously for seven years in the case of any person imprisoned for first degree murder, and five years in the case of any person imprisoned for second degree murder, since release from confinement, the board shall, within 30 days, discharge that person from parole, unless the board, for good cause, determines that the person will be retained on parole. The board shall make a written record of its determination and transmit a copy of it to the parolee.

(c) In the event of a retention on parole, the parolee shall be entitled to a review by the board each year thereafter.

(d) There shall be a hearing as provided in Sections 3041.5 and 304l.7 within 12 months of the date of any revocation of parole to consider the release of the inmate on parole, and notwithstanding the provisions of paragraph (2) of subdivision (b) of Section 3041.5, there shall be annual parole consideration hearings thereafter, unless the person is released or otherwise ineligible for parole release. The panel or board shall release the person within one year of the date of the revocation unless it determines that the circumstances and gravity of the parole violation are such that consideration of the public safety requires a more lengthy period of incarceration or unless there is a new prison commitment following a conviction.

(e) The provisions of Section 3042 shall not apply to any hearing held pursuant to this section.

SEC. 51. Section 3058.9 of the Penal Code is amended to read:

3058.9. (a) Whenever any person confined to state prison is serving a term for the conviction of child abuse pursuant to Section 273a, 273ab, 273d, or any sex offense identified in statute as being perpetrated against a minor victim, or as ordered by any court, the Board of Prison Terms, with respect to inmates sentenced pursuant to subdivision (b) of Section 1168 or the Department of Corrections, with respect to inmates sentenced pursuant to Section 1170, shall notify the sheriff or chief of police, or both, and the district attorney, having jurisdiction over the community in which the person was convicted and, in addition, the sheriff or chief of police, or both, and the district attorney having jurisdiction over the community in which the person is scheduled to be released on parole or rereleased following a period of confinement pursuant to a parole revocation without a new commitment.

(b) (1) The notification shall be made by mail at least 45 days prior to the scheduled release date, except as provided in paragraph (3). In all

cases, the notification shall include the name of the person who is scheduled to be released, whether or not the person is required to register with local law enforcement, and the community in which the person will reside. The notification shall specify the office within the Department of Corrections with the authority to make final determination and adjustments regarding parole location decisions.

(2) Notwithstanding any other provision of law, the Department of Corrections shall not restore credits nor take any administrative action resulting in an inmate being placed in a greater credit earning category that would result in notification being provided less than 45 days prior to an inmate's scheduled release date.

(3) When notification cannot be provided within the 45 days due to the unanticipated release date change of an inmate as a result of an order from the court, an action by the Board of Prison Terms, the granting of an administrative appeal, or a finding of not guilty or dismissal of a disciplinary action, that affects the sentence of the inmate, or due to a modification of the department's decision regarding the community into which the person is scheduled to be released pursuant to paragraph (4), the department shall provide notification as soon as practicable, but in no case less than 24 hours after the final decision is made regarding where the parolee will be released.

(4) Those agencies receiving the notice referred to in this subdivision may provide written comment to the board or department regarding the impending release. Agencies that choose to provide written comments shall respond within 30 days prior to the inmate's scheduled release, unless an agency received less than 45 days' notice of the impending release, in which case the agency shall respond as soon as practicable prior to the scheduled release. Those comments shall be considered by the board or department, which may, based on those comments, modify its decision regarding the community in which the person is scheduled to be released. The Department of Corrections shall respond in writing not less than 15 days prior to the scheduled release with a final determination as to whether to adjust the parole location and documenting the basis for its decision, unless the department received comments less than 30 days prior to the impending release, in which case the department shall respond as soon as practicable prior to the scheduled release. The comments shall become a part of the inmate's file.

(c) If the court orders the immediate release of an inmate, the department shall notify the sheriff or chief of police, or both, and the district attorney, having jurisdiction over the community in which the person was convicted and, in addition, the sheriff or chief of police, or both, and the district attorney, having jurisdiction over the community in which the person is scheduled to be released on parole or released

following a period of confinement pursuant to a parole revocation without a new commitment.

(d) The notification required by this section shall be made whether or not a request has been made under Section 3058.5.

In no case shall notice required by this section to the appropriate agency be later than the day of release on parole. If, after the 45-day notice is given to law enforcement and to the district attorney relating to an out-of-county placement, there is change of county placement, notice to the ultimate county of placement shall be made upon the determination of the county of placement.

(e) The notice required by this section shall satisfy the notice required by Section 3058.6 for any person whose offense is identified in both sections.

SEC. 52. Section 4011.1 of the Penal Code is amended to read:

4011.1. (a) Notwithstanding Section 29602 of the Government Code and any other provisions of this chapter, a county, city or the Department of the Youth Authority is authorized to make claim for and recovery of the costs of necessary hospital, medical, surgical, dental, or optometric care rendered to any prisoner confined in a county or city jail or any juvenile confined in a detention facility, who would otherwise be entitled to that care under the Medi-Cal Act (Chapter 7 (commencing with Section 14000) Part 3, Division 9, of the Welfare and Institutions Code), and who is eligible for that care on the first day of confinement or detention, to the extent that federal financial participation is available, or under the provisions of any private program or policy for that care, and the county, city or the Department of the Youth Authority shall be liable only for the costs of that care as cannot be recovered pursuant to this section. No person who is eligible for Medi-Cal shall be eligible for benefits under the provisions of this section, and no county or city or the Department of the Youth Authority is authorized to make a claim for any recovery of costs for services for that person, unless federal financial participation is available for all or part of the costs of providing services to that person under the Medi-Cal Act.

Notwithstanding any other provision of law, any county or city making a claim pursuant to this section and under the Medi-Cal Act shall reimburse the Health Care Deposit Fund for the state costs of paying those medical claims. Funds allocated to the county from the County Health Services Fund pursuant to Part 4.5 (commencing with Section 16700) of Division 9 of the Welfare and Institutions Code may be utilized by the county or city to make that reimbursement.

(b) Notwithstanding Section 29602 of the Government Code and any other provisions of this chapter, to the extent that recovery of costs of necessary hospital, medical, surgical, dental, or optometric care are not accomplished under subdivision (a), a county, city, or the Department of

the Youth Authority is authorized to make claim for and recover from a prisoner or a person legally responsible for a prisoner's care and maintenance the costs of necessary hospital, medical, surgical, dental, or optometric care rendered to any prisoner confined in a county or city jail, or any juvenile confined in a detention facility, where the prisoner or the person legally responsible for the prisoner's care and maintenance is financially able to pay for the prisoner's care, support, and maintenance. Nothing in this subdivision shall be construed to authorize a city, a county, or the Department of the Youth Authority to make a claim against a spouse of a prisoner.

(c) Necessary hospital, medical, dental, or optometric care, as used in this section, does not include care rendered with respect to an injury occurring during confinement in a county or city jail or juvenile detention facility, nor does it include any care or testing mandated by law.

(d) Subdivisions (b) and (c) shall apply only where there has been a determination of the present ability of the prisoner or responsible third party to pay all or a portion of the cost of necessary hospital, medical, surgical, dental, or optometric care. The person legally responsible for the prisoner's care shall provide a financial disclosure statement, executed under penalty of perjury, based on his or her past year's income tax return, to the Department of the Youth Authority. The city, county, or Department of the Youth Authority may request that the prisoner appear before a designated hearing officer for an inquiry into the ability of the prisoner or responsible third party to pay all or part of the cost of the care provided.

(e) Notice of this request shall be provided to the prisoner or responsible third party, which shall contain the following:

(1) A statement of the cost of the care provided to the prisoner.

(2) The prisoner's or responsible third party's procedural rights under this section.

(3) The time limit within which the prisoner or responsible third party may respond.

(4) A warning that if the prisoner or responsible third party fails to appear before, or respond to, the designated officer, the officer may petition the court for an order requiring him or her to make payment of the full cost of the care provided to the prisoner.

(f) At the hearing, the prisoner or responsible third party shall be entitled to, but shall not be limited to, all of the following rights:

(1) The right to be heard in person.

(2) The right to present witnesses and documentary evidence.

(3) The right to confront and cross-examine adverse witnesses.

(4) The right to have adverse evidence disclosed to him or her.

(5) The right to a written statement of the findings of the designated hearing officer.

(g) If the hearing officer determines that the prisoner or responsible third party has the present ability to pay all or a part of the cost, the officer shall set the amount to be reimbursed, and shall petition the court to order the prisoner or responsible third party to pay the sum to the city, county, or state, in the manner in which it finds reasonable and compatible to the prisoner's or responsible third party's financial ability. The court's order shall be enforceable in the manner provided for money judgments in a civil action under the Code of Civil Procedure.

(h) At any time prior to satisfaction of the judgment rendered according to the terms of this section, a prisoner or responsible third party against whom a judgment has been rendered, may petition the rendering court for a modification of the previous judgment on the grounds of a change of circumstance with regard to his or her ability to pay the judgment. The prisoner or responsible third party shall be advised of this right at the time the original judgment is rendered.

(i) As used in this section, ''ability to pay'' means the overall capacity of the prisoner or responsible third party to reimburse the costs, or a portion of the costs, of the care provided to the prisoner, and shall include, but not be limited to, all of the following:

(1) The prisoner's or responsible third party's present financial position.

(2) The prisoner's or responsible third party's discernible future financial position.

(3) The likelihood that the prisoner or responsible third party will be able to obtain employment in the future.

(4) Any other factor or factors which may bear upon the prisoner's or responsible third party's financial position.

SEC. 58. Section 11180 of the Penal Code is amended to read:

11180. The Interstate Compact for Adult Offender Supervision as contained herein is hereby enacted into law and entered into on behalf of the state with any and all other states legally joining therein in a form substantially as follows:

Preamble

Whereas: The interstate compact for the supervision of Parolees and Probationers was established in 1937. It is the earliest corrections ''compact'' established among the states and has not been amended since its adoption over 62 years ago.

Whereas: This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines and it currently has jurisdiction over more than a quarter of a million offenders.

Whereas: The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements, and sex offender registration.

Whereas: After hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability.

Whereas: Upon the adoption of this Interstate Compact for Adult Offender Supervision, it is the intention of the Legislature to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers on the effective date of this Compact.

Be it enacted by the General Assembly (Legislature) of the state of California.

Short title: This Act may be cited as The Interstate Compact for Adult Offender Supervision.

Article I. Purpose

The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the Bylaws and Rules of this compact to travel across state lines both to and from each compacting state in a manner so as to track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary return offenders to the originating jurisdictions. The

compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime. It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states: to provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits, and obligations of the compact among the compacting states. In addition, this compact will: create an Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of Compact activities to heads of state councils, state executive, judicial, and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct non-compliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in these types of activities. The compacting states recognize that there is no ''right'' of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and Bylaws and Rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.

The Interstate Commission shall indemnify and hold the Commissioner of a Compacting State, the appointed designee or employees, or the Interstate Commission's representatives or employees, harmless in the amount of any settlement or judgement obtained against anyone arising out of any actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that person had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties or responsibilities, provided, that the actual or alleged act, error or omission did not result from gross negligence or intentional wrongdoing on the part of the person.

Each Member of the Interstate Commission shall have the right and power to cast a vote to which that Compacting State is entitled and to participate in the business and affairs of the Interstate Commission. A Member shall vote in person on behalf of the state and shall not delegate a vote to another member state. Involve accusing any person of a crime, or formally censuring any person.

For every meeting closed pursuant to this provision, the Interstate Commission's chief legal officer shall publicly certify that, in his or her opinion, the meeting may be closed to the public, and shall reference each relevant exemptive provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed

in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any rollcall vote (reflected in the vote of each Member on the question). All documents considered in connection with any action shall be identified in the minutes. The Interstate Commission shall collect standardized data concerning the interstate movement of offenders as directed through its By-laws and Rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements.

Article VIII. Rulemaking Functions of the Interstate Commission

The Interstate Commission shall promulgate Rules in order to effectively and efficiently achieve the purposes of the Compact including transition rules governing administration of the compact during the period in which it is being considered and enacted by the states.

Rulemaking shall substantially conform to the principles of the federal Administrative Procedure Act, 5 U.S.C.S. section 551 et seq., and the Federal Advisory Committee Act, 5 U.S.C.S. app. 2, section 1 et seq., as may be amended (hereinafter ''APA''). All Rules and amendments shall become binding as of the date specified in each Rule or amendment.

If a majority of the legislatures of the Compacting States rejects a Rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then the Rule shall have no further force and effect in any Compacting State.

When promulgating a Rule, the Interstate Commission shall:

Publish the proposed Rule stating with particularity the text of the Rule which is proposed and the reason for the proposed Rule.

If the court finds that the Interstate Commission's action is not supported by substantial evidence, (as defined in the APA), in the rulemaking record, the court shall hold the Rule unlawful and set it aside. Subjects

to be addressed within 12 months after the first meeting must at a minimum include:

Notice to victims and opportunity to be heard.

The existing rules governing the operation of the previous compact superceded by this Act shall be null and void twelve (12) months after the first meeting of the Interstate Commission created hereunder.

Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each Compacting State and shall promulgate a Rule binding upon all Compacting States which governs said assessment.

The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its By-laws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

Article XI. Compacting States, Effective Date and Amendment

Any state, as defined in Article II of this compact, is eligible to become a Compacting State. The Compact shall become effective and binding upon legislative enactment of the Compact into law by no less than 35 of the States. The initial effective date shall be the later of July 1, 2001, or upon enactment into law by the 35th jurisdiction. Amendments to the Compact may be proposed by the Interstate Commission for enactment by the Compacting States. No amendment shall become effective and binding upon the Interstate Commission and the Compacting States unless and until it is enacted into law by unanimous consent of the Compacting States.

Article XII. Withdrawal, Default, Termination, and Judicial Enforcement

Once effective, the Compact shall continue in force and remain binding upon each and every Compacting State; provided, that a Compacting State may withdraw from the Compact (''Withdrawing State'') by enacting a statute specifically repealing the statute which enacted the Compact into law.

The effective date of withdrawal is the effective date of the repeal. The Withdrawing State shall immediately notify the Chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this Compact in the Withdrawing State. The Interstate Commission shall notify the other Compacting States of the Withdrawing State's intent to withdraw within sixty days of its receipt thereof. The Interstate Commission shall immediately notify the Defaulting State in writing of the penalty imposed by the Interstate Commission on the Defaulting State pending a cure of the default. The Interstate Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If the Defaulting State fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed herein, the Defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Compacting States and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of suspension. Within sixty days of the effective date of termination of a Defaulting State, the Interstate Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer and the Majority and Minority Leaders of the Defaulting State's legislature and the state council of the termination.

The Defaulting State is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

The Interstate Commission shall not bear any costs relating to the Defaulting State unless otherwise mutually agreed upon between the Interstate Commission and the Defaulting State. Reinstatement following termination of any Compacting State requires both a reenactment of the Compact by the Defaulting State and the approval of the Interstate Commission pursuant to the Rules.

Compacting State and shall be exercised by the agency thereof to which the obligations, duties, powers or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

SEC. 63. Section 13519.4 of the Penal Code is amended to read:

13519.4. (a) On or before August 1, 1993, the commission shall develop and disseminate guidelines and training for all law enforcement officers in California as described in subdivision (a) of Section 13510 and who adhere to the standards approved by the commission, on the racial and cultural differences among the residents of this state. The course or courses of instruction and the guidelines shall stress understanding and respect for racial and cultural differences, and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

(b) The course of basic training for law enforcement officers shall, no later than August 1, 1993, include adequate instruction on racial and cultural diversity in order to foster mutual respect and cooperation between law enforcement and members of all racial and cultural groups. In developing the training, the commission shall consult with appropriate groups and individuals having an interest and expertise in the field of cultural awareness and diversity.

(c) For the purposes of this section, ''culturally diverse'' and ''cultural diversity'' include, but are not limited to, gender and sexual orientation issues. The Legislature finds and declares as follows:

(1) Racial profiling is a practice that presents a great danger to the fundamental principles of a democratic society. It is abhorrent and cannot be tolerated.

(2) Motorists who have been stopped by the police for no reason other than the color of their skin or their apparent nationality or ethnicity are the victims of discriminatory practices.

(3) It is the intent of the Legislature in enacting the changes to Section 13519.4 of the Penal Code made by the act that added this subdivision that more than additional training is required to address the pernicious practice of racial profiling and that enactment of this bill is in no way dispositive of the issue of how the state should deal with racial profiling.

(4) The working men and women in California law enforcement risk their lives every day. The people of California greatly appreciate the hard work and dedication of law enforcement officers in protecting public safety. The good name of these officers should not be tarnished by the actions of those few who commit discriminatory practices.

(d) ''Racial profiling,'' for purposes of this section, is the practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped.

(e) A law enforcement officer shall not engage in racial profiling.

(f) Every law enforcement officer in this state shall participate in expanded training as prescribed and certified by the Commission on Peace Officers Standards and Training. Training shall begin being offered no later than January 1, 2002. The curriculum shall be created by the commission in collaboration with a five-person panel, appointed no later than March 1, 2001, as follows: the Governor shall appoint three members and one member each shall be appointed by the Senate Committee on Rules and the Speaker of the Assembly. Each appointee shall be appointed from among prominent members of the following organizations:

(1) State Conference of the NAACP.
(2) Brotherhood Crusade.
(3) Mexican American Legal Defense and Education Fund.
(4) The League of United Latin American Citizens.
(5) American Civil Liberties Union.
(6) Anti-Defamation League.
(7) California NOW.
(8) Asian Pacific Bar of California.
(9) The Urban League.

(g) Members of the panel shall not be compensated, except for reasonable per diem expenses related to their work for panel purposes.

(h) The curriculum shall utilize the Tools for Tolerance for Law Enforcement Professionals framework and shall include and examine the patterns, practices, and protocols that make up racial profiling. This training shall prescribe patterns, practices, and protocols that prevent racial profiling. In developing the training, the commission shall consult with appropriate groups and individuals having an interest and expertise in the field of racial profiling. The course of instruction shall include, but not be limited to, adequate consideration of each of the following subjects:

(1) Identification of key indices and perspectives that make up cultural differences among residents in a local community.

(2) Negative impact of biases, prejudices, and stereotyping on effective law enforcement, including examination of how historical perceptions of discriminatory enforcement practices have harmed police-community relations.

(3) The history and the role of the civil rights movement and struggles and their impact on law enforcement.

(4) Specific obligations of officers in preventing, reporting, and responding to discriminatory or biased practices by fellow officers.

(5) Perspectives of diverse, local constituency groups and experts on particular cultural and police-community relations issues in a local area.

(i) Once the initial basic training is completed, each law enforcement officer in California as described in subdivision (a) of Section 13510 who adheres to the standards approved by the commission shall be required to complete a refresher course every five years thereafter, or on a more frequent basis if deemed necessary, in order to keep current with changing racial and cultural trends.

(j) The Legislative Analyst shall conduct a study of the data being voluntarily collected by those jurisdictions that have instituted a program of data collection with regard to racial profiling, including, but not limited to, the California Highway Patrol, the City of San Jose, and the City of San Diego, both to ascertain the incidence of racial profiling and whether data collection serves to address and prevent such practices, as well as to assess the value and efficacy of the training herein prescribed with respect to preventing local profiling. The Legislative Analyst may prescribe the manner in which the data is to be submitted and may request that police agencies collecting such data submit it in the requested manner. The Legislative Analyst shall provide to the Legislature a report and recommendations with regard to racial profiling by July 1, 2002.

The county mental health department shall perform the duties required under Section 5694.7 for all those minors.

(b) For any minor committed to the Department of the Youth Authority, the department shall monitor the compliance with any order of the court that requires the minor to pay restitution. If the appointment of a conservator appears likely, the conservatorship referral shall be made during the 14-day period of intensive treatment.

(b) If it appears that with up to 30 days additional treatment a person is likely to reconstitute sufficiently to obviate the need for appointment of a conservator, then the person may be certified for the additional 30 days.

(c) Where no conservatorship referral has been made during the 14-day period and where during the 30-day certification it appears that the person is likely to require the appointment of a conservator, then the conservatorship referral shall be made to allow sufficient time for conservatorship investigation and other related procedures. If a temporary conservatorship is obtained, it shall run concurrently with and not consecutively to the 30-day certification period. The conservatorship hearing shall be held by the 30th day of the certification period. The maximum involuntary detention period for gravely disabled persons pursuant to Sections 5150, 5250 and 5270.15 shall be limited to 47 days. ## CHAPTER 855

An act to add Division 6.7 (commencing with Section 15600) to the Vehicle Code, relating to vehicles.

[Approved by Governor October 12, 2001. Filed with Secretary of State October 13, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Leaving young children unattended in motor vehicles has caused serious health and safety harm to children and is an unacceptable public health and safety hazard.

(b) The dangers of leaving young children unattended in motor vehicles include possible child access to ignition, brakes, clutch and gear shift lever, and other parts of the vehicle that could cause uncontrolled vehicular movement, exposure of the child to extreme cold or heat in those vehicles, and other dangers.

(c) Prior instances where young children have been left unattended in or around motor vehicles have resulted in serious injury or death, with no less than 60 fatalities in this state.

(d) It is well established that educational approaches, including promotional materials and television, radio, and print advertising, by themselves, do not improve safety behavior. Only when the educational approach is integrated with enforcement activities are they effective. The report of the January 2001 Seat Belt Summit, issued by the Automotive Coalition for Traffic Safety Inc., an organization composed of the major United States automobile manufacturers, supports this fact. That report found that the use of vehicle seat belts significantly increased when a law required their use, established a monetary penalty, and the public believed that the law was being enforced. The report concludes that advertising programs without an enforcement program should not be used. Other groups, including the Insurance Institute for Highway Safety

and the Harborview Injury Prevention and Research Center, have also concluded that information and educational campaigns without enforcement provisions are not effective.

(e) It is, therefore, the intent of the Legislature to improve vehicle safety for children by both educating the public about the danger of leaving a young child alone in a motor vehicle in circumstances that pose a life safety risk, and discouraging this dangerous conduct by imposing a monetary fine upon persons who engage in this conduct.

SEC. 2. Division 6.7 (commencing with Section 15600) is added to the Vehicle Code, to read:

## DIVISION 6.7. UNATTENDED CHILD IN MOTOR VEHICLE SAFETY ACT

### CHAPTER 1. GENERAL PROVISIONS

15600. This division shall be known and may be cited as ''Kaitlyn's Law.''

15602. This division applies to motor vehicles upon the highways and elsewhere throughout the state unless expressly provided otherwise.

15603. The purpose of this division is to help prevent injuries to, and the death of, young children from the effects of being left alone in a motor vehicle, to help educate parents and caretakers about the dangers of leaving children alone in a motor vehicle, and to authorize a monetary fine to be imposed on a person for leaving a young child alone in a motor vehicle in circumstances that pose a life safety risk.

### CHAPTER 2. OFFENSES

15620. (a) A parent, legal guardian, or other person responsible for a child who is 6 years of age or younger may not leave that child inside a motor vehicle without being subject to the supervision of a person who is 12 years of age or older, under either of the following circumstances:

(1) Where there are conditions that present a significant risk to the child's health or safety.

(2) When the vehicles's engine is running or the vehicle's keys are in the ignition, or both.

(b) A violation of subdivision (a) is an infraction punishable by a fine of one hundred dollars ($100), except that the court may reduce or waive the fine if the defendant establishes to the satisfaction of the court that he or she is economically disadvantaged and the court, instead, refers the defendant to a community education program that includes education on the dangers of leaving young children unattended in motor vehicles, and provides certification of completion of that program. Upon completion

of that program, the defendant shall provide that certification to the court. The court may, at its discretion, require any defendant described in this section to attend an education program on the dangers of leaving young children unattended in motor vehicles.

(c) Nothing in this section shall preclude prosecution under both this section and Section 192 of the Penal Code, or Section 273a of that code, or any other provision of law.

(d) (1) Subdivision (b) and Section 40000.1 do not apply if an unattended child is injured or medical services are rendered on that child because of a violation described in subdivision (a).

(2) Nothing in this subdivision precludes prosecution under any other provision of law.

### CHAPTER 3. EDUCATIONAL PROVISIONS

15630. Notwithstanding any other provision of law, the fines collected for a violation of this division shall be allocated by the county treasurer, as follows:

(a) (1) Seventy percent to the county or city health department where the violation occurred, to be used for the development and implementation of community education programs on the dangers of leaving young children unattended in motor vehicles.

(2) A county or city health department may develop and implement the community education program described in paragraph (1) or may contract for the development and implementation of that program.

(3) As the proceeds from fines collected under this division become available, each county or city health department shall prepare and annually update a listing of community education programs that provide information on the dangers of leaving young children unattended in motor vehicles and ways to avoid that danger. The county or city health department shall forward the listing to the courts and shall make the listing available to the public, and may distribute it to other agencies or organizations.

(b) Fifteen percent to the county or city for the administration of the program, from which will be paid the cost of the county to account for and disburse fine revenues.

(c) Fifteen percent to the city, to be deposited in its general fund except that, if the violation occurred in an unincorporated area, this amount shall be deposited in the county's general fund.

15632. (a) The department shall include information concerning the dangers of leaving children unattended in motor vehicles, including, but not limited to, the effect of solar heat on the temperature of vehicle interiors and the penalties for noncompliance with Chapter 2

(commencing with Section 15620), in the following materials distributed by the department:

(1) The California Driver's Handbook published under subdivision (b) of Section 1656.

(2) The driver's license examination administered under Section 12804.9, by including, on a rotating basis, at least one question in one version of the driver's license examination that is periodically administered to applicants.

(3) Any driver's education materials certified by the department.

(4) Courses and examinations for traffic violator schools.

(5) Materials provided to secondary and post-secondary schools and educational institutions.

(6) Any materials provided to community education campaigns undertaken by the department and other state agencies, including, but not limited to, the Department of the California Highway Patrol and the Department of Transportation.

(b) The department shall not republish materials before existing supplies are exhausted, but shall arrange for compliance with this section in the next edition or publication of those materials in the normal course of business.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Secretary of State October 13, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Part 11 (commencing with Section 9100) is added to Division 5 of the Labor Code, to read:

## PART 11. COMMERCIAL ESTABLISHMENTS

### CHAPTER 1. WORKING WAREHOUSES

9100. For purposes of this chapter, ''sales floor'' means any area where the public is invited to shop, whether indoors or outdoors.

9101. For purposes of this chapter, ''working warehouse'' means a wholesale or retail establishment in which both of the following occur:

(a) Heavy machinery, including, but not limited to, forklifts, is used in any area where the public shops while customers are on the premises.

(b) Merchandise is stored on shelves higher than 12 feet above the sales floor.

9102. (a) The owner, manager, or operator of a working warehouse shall secure merchandise stored on shelves higher than 12 feet above the sales floor. (b) All working warehouses shall comply with the provisions of this section by no later than July 1, 2002.

9103. (a) When heavy machinery is used to move merchandise from a shelf, there shall be a safety zone established to temporarily block customers from entering areas where merchandise could fall during removal from a shelf.

(b) All working warehouses shall comply with the provisions of this section by no later than July 1, 2002.

9104. An owner, manager, or operator of a working warehouse who employs more than 50 employees shall submit to the division, a report of all known injuries requiring hospitalization, including emergency room medical treatment, or deaths occurring to customers as the result of falling merchandise. The report shall be filed within 30 days of December 31, 2002, and within 30 days of December 31, 2003. Each year, a corporation owning, managing, or operating more than one working warehouse may submit a single report on behalf of all of the corporation's working warehouses in the state, provided that the report

identifies the location of the warehouse where each reportable incident occurred.

## CHAPTER 857

An act to add and repeal Section 1680 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 12, 2001. Filed with Secretary of State October 13, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares the following:

(a) Driving under the influence of alcohol and drugs (DUI) continues to be a significant threat to public health and safety.

(b) Despite significant progress in reducing incidences of DUI, more than 190,000 arrests were made for DUI offenses in California in 1999, including more than 25 percent that were repeat offenders, highlighting the need to continue efforts to assess, treat, and make accountable those individuals and families who continue to suffer from alcohol and drug abuse.

(c) The Department of Motor Vehicles reported in the 2001 Annual Report of the California DUI Management Information System, alcohol treatment, in conjunction with license restriction, continued to be the most effective postconviction sanction in reducing subsequent DUI incidents among DUI offenders.

(d) The State Department of Alcohol and Drug Programs reported that the benefits of alcohol and other drug treatment outweigh the costs to taxpayers by ratios from 4 to 1 to greater than 12 to 1.

SEC. 2. Section 1680 is added to the Vehicle Code, to read:

1680. (a) The department shall review scientific and other empirical evidence on the effectiveness of programs, procedures, sanctions, fines, and fees in current law relating to the offense of driving under the influence of alcohol or drugs, or both. In undertaking the review, the department may also consult with representatives of law enforcement, district attorneys, public defenders, and licensed driving-under-the-influence programs, and any other appropriate persons or entities. The department shall report on or before July 1, 2002, to the Legislature as to any findings regarding sanction and program effectiveness, particularly with respect to repeat offenders, and submit any recommendations to improve individual accountability, public education, sanctions, and programs to reduce recidivism. The report may

also include recommendations for any statutory changes that would modify the responsibilities of agencies or the courts so that violators can be sanctioned and treated appropriately and effectively, based on demonstrated sanction and program effectiveness.

(b) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

*The people of the State of California do enact as follows:*

SECTION 1. Section 1473.5 is added to the Penal Code, to read:

1473.5. (a) A writ of habeas corpus also may be prosecuted on the basis that evidence relating to battered women's syndrome, within the meaning of Section 1107 of the Evidence Code, based on abuse committed on the perpetrator of a homicide by the victim of that homicide, was not introduced at the trial relating to the prisoner's incarceration, and is of such substance that, had it been introduced, there is a reasonable probability, sufficient to undermine confidence in the judgment of conviction, that the result of the proceedings would have been different. Sections 1260 to 1262, inclusive, apply to the prosecution of a writ of habeas corpus pursuant to this section.

(b) This section is limited to judgments of conviction for a violation of Section 187 resulting from a plea entered, or a trial commenced, before January 1, 1992.

(c) If a petitioner for habeas corpus under this section filed a petition for writ of habeas corpus prior to the effective date of this section, it is grounds for denial of the new petition if a court determined on the merits in the prior petition that the omission of evidence relating to battered woman's syndrome at trial was not prejudicial and did not entitle the petitioner to the writ of habeas corpus.

(d) This section shall remain in effect only until January 1, 2005,and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 3. (a) The Dental Board of California shall contract with the outside entity that completed the independent study required by Chapter 840 of the Statutes of 1999, to conduct a followup study for the purpose of further refining the findings and recommendations of the original study. The followup study shall expand upon and further refine all of the following recommendations and findings resulting from the original study:

(5) Recommendations for improving the board's enforcement program.

(6) Findings regarding the fiscal impact to the board from the recommended changes, if any, to its enforcement program and staff.

(b) While conducting the followup study pursuant to this section, the outside entity shall consult with all interested parties, including, but not limited to, representatives of consumers, dental professionals, local law enforcement agencies, the Department of Consumer Affairs, and other state agencies that employ sworn peace officers and nonpeace officer investigators.

SEC. 4. The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the State Dentistry Fund to the Dental Board of California in order to conduct the followup study and to prepare the report required by this act.

## CHAPTER 860

An act to add and repeal Article 3.5 (commencing with Section 6044) to Chapter 5 of Title 7 of Part 3 of the Penal Code, relating to mentally ill offenders, and making an appropriation therefor.

[Approved by Governor October 12, 2001. Filed with Secretary of State October 13, 2001.]

I am signing SB 1059, which would create the Council on Mentally Ill Offenders within the Youth and Adult Correctional Agency. This Council will investigate and promote cost effective approaches to meeting the long-term needs of adults and juveniles with mental disorders who are likely to become offenders or who have a history of offending. However, I am deleting Section 2, which appropriates one hundred thousand dollars ($100,000) from the General Fund.

Identifying cost-effective ways to efficiently expend resources to address the needs of this population would improve services and serve to lower costs for local law enforcement, local courts and the correctional system. Unfortunately, given the rapid decline of our economy and a budget shortfall of $1.1 billion through the first three months of this fiscal year alone, I have no choice but to oppose additional General Fund spending. I am directing the affected state agencies to identify existing funds that can be used to support this program.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. Article 3.5 (commencing with Section 6044) is added to Chapter 5 of Title 7 of Part 3 of the Penal Code, to read:

The Senate Rules Committee shall appoint two members, one representing law enforcement and one representing mental health. The Speaker of the Assembly shall appoint two members, one representing law enforcement and one representing mental health. The Attorney General shall appoint one member. The Chief Justice of the California Supreme Court shall appoint one member who shall be a superior court judge.

(b) The council shall select a vice chairperson from among its members. Six members of the council shall constitute a quorum.

(c) The Director of Mental Health shall serve as the liaison with the Health and Human Services Agency and any departments within that agency necessary to further the purposes of this article.

(d) Members of the council shall receive no compensation, but shall be reimbursed for actual and necessary travel expenses incurred in the performance of their duties. For purposes of compensation, attendance at meetings of the board shall be deemed performance by a member of the duties of his or her state or local government employment.

(e) The goal of the council shall be to investigate and promote cost-effective approaches to meeting the long-term needs of adults and juveniles with mental disorders who are likely to become offenders or who have a history of offending. The council shall:

(2) Identify strategies for improving the cost-effectiveness of services for adults and juveniles with mental health needs who have a history of offending.

(3) Identify incentives to encourage state and local criminal justice, juvenile justice, and mental health programs to adopt cost-effective approaches for serving adults and juveniles with mental health needs who are likely to offend or who have a history of offending.

(f) The council shall consider strategies that:

(1) Improve service coordination among state and local mental health, criminal justice, and juvenile justice programs.

(2) Improve the ability of adult and juvenile offenders with mental health needs to transition successfully between corrections-based, juvenile justice-based, and community-based treatment programs.

(g) The Secretary of the Youth and Adult Correctional Agency and the Director of Mental Health may furnish for the use of the council those facilities, supplies, and personnel as may be available therefor. The council may secure the assistance of any state agency, department, or instrumentality in the course of its work.

(h) (1) The Council on Mentally Ill Offenders shall file with the Legislature, not later than December 31 of each year, a report that shall provide details of the council's activities during the preceding year. The report shall include recommendations for improving the cost-effectiveness of mental health and criminal justice programs.

(2) After the first year of operation, the council may recommend to the Legislature and Governor modifications to its jurisdiction, composition, and membership that will further the purposes of this article.

(i) The Council on Mentally Ill Offenders is authorized to apply for any funds that may be available from the federal government or other sources to further the purposes of this article.

(j) (1) For purposes of this article, the council shall address the needs of adults and juveniles who meet the following criteria: persons who have been arrested, detained, incarcerated, or are at a significant risk of being arrested, detained, or incarcerated, and who have a mental disorder as defined in Section 1830.205 of Title 9 of the California Code of Regulations.

(2) The council may expand its purview to allow it to identify strategies that are preventive in nature and could be directed to identifiable categories of adults and juveniles that fall outside of the above definitions.

(k) This article shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the Youth and Adult Correctional Agency for funding the council for purposes of this act through June 30, 2002.

An act to amend Section 25157.8 of the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25157.8 of the Health and Safety Code is amended to read:

25157.8. (a) Except as provided in subdivision (c), on and after January 1, 1999, no person shall dispose waste that contains total lead in excess of 350 parts per million, copper in excess of 2500 parts per million, or nickel in excess of 2000 parts per million to land at other than a class I hazardous waste disposal facility, unless the waste is disposed at the site of generation pursuant to express approval of the regional water quality control board granted prior to August 21, 1998, and the waste was classified as nonhazardous at that time, until both of the following occur:

(1) The appropriate California regional water quality control board has amended the solid waste facility's waste discharge requirements to specifically allow disposal of the waste.

(2) The appropriate local enforcement agency has revised the solid waste facility permit of the facility to specifically allow this disposal pursuant to Chapter 3 (commencing with Section 44001) of Part 4 of Division 30 of the Public Resources Code.

(b) Except as provided in subdivision (c), no person shall dispose any material to land at other than a class I hazardous waste disposal facility, if the material is regulated as a hazardous waste by the department, until all of the following have occurred:

(1) The department has issued a variance pursuant to Section 25143 to specifically allow disposal of the material to a disposal facility other than a class I hazardous waste disposal facility.

(2) The appropriate California regional water quality control board has amended the solid waste facility's waste discharge requirements to specifically allow disposal of the material.

(3) The appropriate local enforcement agency has revised the solid waste facility permit of the facility at which the material is proposed to be disposed to specifically allow this disposal pursuant to Chapter 3 (commencing with Section 44001) of Part 4 of Division 30 of the Public Resources Code.

(c) This section does not apply to any of the following:

(1) Wastes that are disposed of pursuant to a variance issued by the department prior to August 21, 1998.

(2) Wastes that are disposed of pursuant to a variance issued by the department and that the department classified and managed as a ''special waste'' pursuant to regulations adopted by the department that were in effect on August 21, 1998.

(3) Wastes disposed of pursuant to a variance issued to a state or local agency by the department pursuant to Section 25143 for the disposal of lead contaminated soil, if the disposal is only within the operating right-of-way of an existing highway, as defined in Section 23 of the Streets and Highways Code. This paragraph applies to lead-contaminated soil that is moved from one project to another only if the lead-contaminated soil remains within the designated, contiguously contaminated corridor and within the same transportation district for which the department has specifically issued the variance.

(d) This section does not exempt any state or local agency, or any other person, from any conditions or requirements of a California regional water quality control board, or any other agency, that may be placed on the reuse or disposal of waste pursuant to a variance issued by the department.

(e) This section shall remain in effect until July 1, 2006, and as of that date is repealed unless a later enacted statute repeals or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to extend the operation of a prohibition on the disposal on land of lead, copper, and nickel except in accordance with specified provisions and in order for various state and transportation agencies to take advantage of the benefits of this act for the construction of freeway projects that have already been planned, designed, and funded as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 862

(c) The local air pollution control district or air quality management district shall maintain in a confidential manner the information received pursuant to this section. However, nothing in this subdivision shall affect the applicability of Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, or of any other similar open records statute or ordinance, to information provided pursuant to this section.

SEC. 2. Section 743.3 is added to the Public Utilities Code, to read:

(c) The local air pollution control district or air quality management district shall maintain in a confidential manner the information received pursuant to this section. However, nothing in this subdivision shall affect the applicability of Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, or of any other similar open records statute or ordinance, to information provided pursuant to this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service

mandated by this act, within the meaning of Section 17556 of the Government Code.

## CHAPTER 864

An act to add and repeal Section 101.10 of the Streets and Highways Code, relating to highways.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 101.10 is added to the Streets and Highways Code, to read:

101.10. (a) (1) The department shall design, construct, place, and maintain, or cause to be designed, constructed, placed, and maintained, along state highways, signs that read as follows: ''Please Don't Drink and Drive,'' followed by: ''In Memory of (victim's name).'' These signs shall be placed upon the state highways in accordance with this section, placement guidelines adopted by the department, and any applicable federal limitations or conditions on highway signage, including location and spacing. Signs may memorialize more than one victim. ''Victim'' for purposes of this section means a person who was killed in a vehicular accident, but does not include a party described in paragraph (2) of subdivision (c).

(2) The department shall adopt program guidelines for the application for and placement of signs authorized by this section, including, but not limited to, the sign application and qualification process, the procedure for the dedication of signs, and procedures for the replacement or restoration of any signs that are damaged or stolen.

(b) If the placement at the location of a vehicular accident is safe and practical and the conditions of subdivisions (c) and (d) are met, the department shall place a sign described in subdivision (a) in close proximity to the location where the vehicular accident occurred.

(c) (1) A party to that accident was convicted of any of the following:

(A) Murder of the second degree under Section 187, and the violation was a direct result of driving a vehicle while in violation of Section 23152 or 23153 of the Vehicle Code.

(d) (1) Upon the request of an immediate family member of the deceased victim involved in an accident occurring on and after January 1, 1991, and described in subdivision (b), the department shall place a sign in accordance with this section. A person who is not a member of the immediate family may also submit a request to have a sign placed under this section if that person also submits the written consent of an immediate family member. The department shall charge the requesting party a fee to cover the department's cost in designing, constructing, placing, and maintaining that sign, and the department's costs in administering this section. The sign shall be posted for seven years from the date of initial placement, or until the date the department determines that the condition of the sign has deteriorated to the point that it is no longer serviceable, whichever date is first.

(2) ''Immediate family'' means spouse, child, stepchild, brother, stepbrother, sister, stepsister, mother, stepmother, father, or stepfather.

(3) If there is any opposition to the placement of the memorial sign by a member of the immediate family, no sign shall be placed pursuant to this section.

## CHAPTER 865

An act to amend Sections 17210.1 and 17213.1 of the Education Code, relating to school facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 17210.1 of the Education Code is amended to read:

17210.1. (a) Notwithstanding any other provision of law:

(1) For sites addressed by this article for which school districts elect to receive state funds pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10, the state act applies to schoolsites where naturally occurring hazardous materials are present, regardless of whether there has been a release or there is a threatened release of a hazardous material.

(2) For sites addressed by this article for which school districts elect to receive state funds pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10, all references in the state act to hazardous substances shall be deemed to include hazardous materials and all references in the state act to public health shall be deemed to include children's health.

(3) All risk assessments conducted by school districts that elect to receive state funds pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10 at sites addressed by this article shall include a focus on the risks to children's health posed by a hazardous materials release or threatened release, or the presence of naturally occurring hazardous materials, on the schoolsite.

(4) The response actions selected under this article shall, at a minimum, be protective of children's health, with an ample margin of safety.

(b) In implementing this article, a school district shall provide a notice to residents in the immediate area prior to the commencement of work on a preliminary endangerment assessment utilizing a format developed by the Department of Toxic Substances Control.

(c) Nothing in this article shall be construed to limit the authority of the Department of Toxic Substances Control or the State Department of Education to take any action otherwise authorized under any other provision of law.

(d) Unless the Legislature otherwise funds its costs for overseeing actions taken pursuant to this article, the Department of Toxic Substances Control shall comply with Chapter 6.66 (commencing with Section 25269) of Division 20 of the Health and Safety Code when recovering its costs incurred in carrying out its duties pursuant to this article.

(e) Article 11 (commencing with Section 25220) of Chapter 6.5 of Division 20 of the Health and Safety Code does not apply to schoolsites at which all necessary response actions have been completed.

SEC. 2. Section 17213.1 of the Education Code is amended to read:

17213.1. As a condition of receiving state funding pursuant to Chapter 12.5 (commencing with Section 17070.10), the governing board of a school district shall comply with subdivision (a), and is not required to comply with subdivision (a) of Section 17213, prior to the

acquisition of a schoolsite, or if the school district owns or leases a schoolsite, prior to the construction of a project.

(a) Prior to acquiring a schoolsite, the governing board shall contract with an environmental assessor to supervise the preparation of, and sign, a Phase I environmental assessment of the proposed schoolsite unless the governing board decides to proceed directly to a preliminary endangerment assessment, in which case it shall comply with paragraph (4).

(1) The Phase I environmental assessment shall contain one of the following recommendations:

(A) A further investigation of the site is not required.

(B) A preliminary endangerment assessment is needed, including sampling or testing, to determine the following:

(i) If a release of hazardous material has occurred and, if so, the extent of the release.

(ii) If there is the threat of a release of hazardous materials.

(iii) If a naturally occurring hazardous material is present.

(2) If the Phase I environmental assessment concludes that further investigation of the site is not required, the assessment, together with all documentation related to the proposed acquisition or use of the proposed schoolsite, shall be submitted to the State Department of Education. A school district may submit a Phase I environmental assessment to the State Department of Education and proof that the environmental assessor meets the qualifications specified in subdivision (b) of Section 17210 prior to its submission of other documentation related to the proposed schoolsite acquisition or use. Within 10 calendar days after the State Department of Education receives the Phase I environmental assessment, the proof of the environmental assessor's qualifications, and the fee to be forwarded to the Department of Toxic Substances Control for its review of the Phase I environmental assessment, the State Department of Education shall transmit that assessment and that proof of the environmental assessor's qualifications to the Department of Toxic Substances Control for its review and approval, which shall be conducted by the Department of Toxic Substances Control within 30 calendar days of its receipt of that assessment and that proof of qualifications. In those instances in which the Department of Toxic Substances Control requests additional information after receipt of the Phase I environmental assessment pursuant to paragraph (3), the Department of Toxic Substances Control shall conduct its review and approval within 30 days of its receipt of the requested additional information. If the Department of Toxic Substances Control concurs with the conclusion of the Phase I environmental assessment that a further investigation of the site is not required, the Department of Toxic Substances Control shall approve the Phase I environmental assessment

and shall notify the State Department of Education and the governing board of the school district of the approval.

(3) If the Department of Toxic Substances Control determines that the Phase I environmental assessment is not complete or disapproves the Phase I environmental assessment, the department shall inform the school district of the decision, the basis for the decision, and actions necessary to secure department approval of the Phase I environmental assessment. The school district shall take actions necessary to secure the approval of the Phase I environmental assessment, elect to conduct a preliminary endangerment assessment, or elect not to pursue the acquisition or the construction project. To facilitate completion of the Phase I environmental assessment, the information required by this paragraph may be provided by telephonic or electronic means.

(4) If the Phase I environmental assessment concludes that a preliminary endangerment assessment is needed, or if the Department of Toxic Substances Control concludes after it reviews a Phase I environmental assessment pursuant to this section that a preliminary endangerment assessment is needed, the school district shall either contract with an environmental assessor to supervise the preparation of, and sign, a preliminary endangerment assessment of the proposed schoolsite and enter into an agreement with the Department of Toxic Substances Control to oversee the preparation of the preliminary endangerment assessment or elect not to pursue the acquisition or construction project. The agreement entered into with the Department of Toxic Substances Control may be entitled an ''Environmental Oversight Agreement'' and shall reference this paragraph. A school district may, with the concurrence of the Department of Toxic Substances Control, enter into an agreement with the Department of Toxic Substances Control to oversee the preparation of a preliminary endangerment assessment without first having prepared a Phase I environmental assessment. Upon request from the school district, the Director of the Department of Toxic Substances Control shall exercise its authority to designate a person to enter the site and inspect and obtain samples pursuant to Section 25358.1 of the Health and Safety Code, if the director determines that the exercise of that authority will assist in expeditiously completing the preliminary endangerment assessment. The preliminary endangerment assessment shall contain one of the following conclusions:

(A) A further investigation of the site is not required.

(B) A release of hazardous materials has occurred, and if so, the extent of the release, that there is the threat of a release of hazardous materials, or that a naturally occurring hazardous material is present, or any combination thereof.

(5) The school district shall submit the preliminary endangerment assessment to the Department of Toxic Substances Control for its review and approval and to the State Department of Education for its files. The school district may entitle a document that is meant to fulfill the requirements of a preliminary endangerment assessment a ''preliminary environmental assessment'' and that document shall be deemed to be a preliminary endangerment assessment if it specifically refers to the statutory provisions whose requirements it intends to meet and the document meets the requirements of a preliminary endangerment assessment.

(6) At the same time a school district submits a preliminary endangerment assessment to the Department of Toxic Substances Control pursuant to paragraph (5), the school district shall publish a notice that the assessment has been submitted to the department in a local newspaper of general circulation, and shall post the notice in a prominent manner at the proposed schoolsite that is the subject of that notice. The notice shall state the school district's determination to make the preliminary endangerment assessment available for public review and comment pursuant to subparagraph (A) or (B):

(A) If the school district chooses to make the assessment available for public review and comment pursuant to this subparagraph, it shall offer to receive written comments for a period of at least 30 calendar days after the assessment is submitted to the Department of Toxic Substances Control, commencing on the date the notice is originally published, and shall hold a public hearing to receive further comments. The school district shall make all of the following documents available to the public upon request through the time of the public hearing:

(i) The preliminary endangerment assessment.

(ii) The changes requested by the Department of Toxic Substances Control for the preliminary endangerment assessment, if any.

(iii) Any correspondence between the school district and the Department of Toxic Substances Control that relates to the preliminary endangerment assessment.

For the purposes of this subparagraph, the notice of the public hearing shall include the date and location of the public hearing, and the location where the public may review the documents described in clauses (i) to (iii), inclusive. If the preliminary endangerment assessment is revised or altered following the public hearing, the school district shall make those revisions or alterations available to the public. The school district shall transmit a copy of all public comments received by the school district on the preliminary endangerment assessment to the Department of Toxic Substances Control. The Department of Toxic Substances Control shall complete its review of the preliminary endangerment assessment and public comments received thereon and shall either approve or

disapprove the assessment within 30 calendar days of the close of the public review period. If the Department of Toxic Substances Control determines that it is likely to disapprove the assessment prior to its receipt of the public comments, it shall inform the school district of that determination and of any action that the school district is required to take for the Department of Toxic Substances Control to approve the assessment.

(B) If the school district chooses to make the preliminary endangerment assessment available for public review and comment pursuant to this subparagraph, the Department of Toxic Substances Control shall complete its review of the assessment within 60 calendar days of receipt of the assessment and shall either return the assessment to the school district with comments and requested modifications or requested further assessment or concur with the adequacy of the assessment pending review of public comment. If the Department of Toxic Substances Control concurs with the adequacy of the assessment, and the school district proposes to proceed with site acquisition or a construction project, the school district shall make the assessment available to the public on the same basis and at the same time it makes available the draft environmental impact report or negative declaration pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) for the site, unless the document developed pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) will not be made available until more than 90 days after the assessment is approved, in which case the school district shall, within 60 days of the approval of the assessment, separately publish a notice of the availability of the assessment for public review in a local newspaper of general circulation. The school district shall hold a public hearing on the preliminary endangerment assessment and the draft environmental impact report or negative declaration at the same time, pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code). All public comments pertaining to the preliminary endangerment assessment shall be forwarded to the Department of Toxic Substances Control immediately. The Department of Toxic Substances Control shall review the public comments forwarded by the school district and shall approve or disapprove the preliminary endangerment assessment within 30 days of the district's approval action of the environmental impact report or the negative declaration.

(7) The school district shall comply with the public participation requirements of Sections 25358.7 and 25358.7.1 of the Health and Safety Code and other applicable provisions of the state act with respect to those response actions only if further response actions beyond a

preliminary endangerment assessment are required and the district determines that it will proceed with the acquisition or construction project.

(8) If the Department of Toxic Substances Control disapproves the preliminary endangerment assessment, it shall inform the district of the decision, the basis for the decision, and actions necessary to secure the Department of Toxic Substances Control approval of the assessment. The school district shall take actions necessary to secure the approval of the Department of Toxic Substances Control of the preliminary endangerment assessment or elect not to pursue the acquisition or construction project.

(9) If the preliminary endangerment assessment determines that a further investigation of the site is not required and the Department of Toxic Substances Control approves this determination, it shall notify the State Department of Education and the school district of its approval. The school district may then proceed with the acquisition or construction project.

(10) If the preliminary endangerment assessment determines that a release of hazardous material has occurred, that there is the threat of a release of hazardous materials, that a naturally occurring hazardous material is present, or any combination thereof, that requires further investigation, and the Department of Toxic Substances Control approves this determination, the school district may elect not to pursue the acquisition or construction project. If the school district elects to pursue the acquisition or construction project, it shall do all of the following:

(A) Prepare a financial analysis that estimates the cost of response action that will be required at the proposed schoolsite.

(B) Assess the benefits that accrue from using the proposed schoolsite when compared to the use of alternative schoolsites, if any.

(C) Obtain the approval of the State Department of Education that the proposed schoolsite meets the schoolsite selection standards adopted by the State Department of Education pursuant to subdivision (b) of Section 17251.

(D) Evaluate the suitability of the proposed schoolsite in light of the recommended alternative schoolsite locations in order of merit if the school district has requested the assistance of the State Department of Education, based upon the standards of the State Department of Education, pursuant to subdivision (a) of Section 17251.

(11) The school district shall reimburse the Department of Toxic Substances Control for all of the department's response costs.

(b) The costs incurred by the school districts when complying with this section are allowable costs for purposes of an applicant under Chapter 12.5 (commencing with Section 17070.10) of Part 10 and may be reimbursed in accordance with Section 17072.13.

(c) A school district that releases a Phase I environmental assessment, a preliminary endangerment assessment, or information concerning either of these assessments, any of which is required by this section, may not be held liable in any action filed against the school district for making either of these assessments available for public review.

(d) The changes made to this section by the act amending this section during the 2001 portion of the 2001–02 Regular Session do not apply to a schoolsite acquisition project or a school construction project, if either of the following occurred on or before the effective date of the act amending this section during the 2001 portion of the 2001–02 Regular Session:

(1) The final preliminary endangerment assessment for the project was approved by the Department of Toxic Substances Control pursuant to this section as this section read on the date of the approval.

(2) The school district seeking state funding for the project completed a public hearing for the project pursuant to this section, as this section read on the date of the hearing.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expeditiously construct new classrooms and school facilities for pupils, while ensuring that these new facilities are subject to an environmental assessment to determine if these facilities could be affected by any potential hazardous materials releases, thereby protecting the health and safety of those pupils and the environment, it is necessary that this act take effect immediately.

SEC. 2. Section 25144 of the Health and Safety Code is amended to read:

25144. (a) For purposes of this section, the following terms have the following meaning:

(1) ''Oil'' means crude oil, or any fraction thereof, that is liquid at 60 degrees Fahrenheit and 14.7 pounds per square inch absolute pressure. ''Oil'' does not include any of the following, unless it is exempt from

regulation under paragraph (1) of subdivision (g) of Section 279.10 of, or paragraph (5) of subdivision (g) of Section 279.10 of, Part 279 of Title 40 of the Code of Federal Regulations:

(A) Spent lubricating fluids that have been removed from an engine crankcase, transmission, gearbox, or differential of an automobile, bus, truck, vessel, heavy equipment, or machinery powered by an internal combustion engine.

(B) Spent industrial oils, including compressor, turbine, and bearing oil, hydraulic oil, metal-working oil, refrigeration oil, and railroad drainings.

(2) ''Oil-bearing materials'' means any liquid or semisolid material containing oil, partially refined petroleum products, or petroleum products. ''Oil-bearing materials'' do not include either of the following:

(A) Soil from remediation projects.

(B) Contaminated groundwater that is generated at, or originating from the operation, maintenance, or cleanup of, service stations, as defined in Section 13650 of the Business and Professions Code.

(3) ''Oil recovery operations'' means the physical separation of oil from oil-bearing materials by means of gravity separation, centrifugation, filter pressing, or other dewatering processes, with or without the addition of heat, chemical flocculants, air, or natural gas to enhance separation.

(4) ''Petroleum refinery'' means an establishment that has the Standard Industrial Classification Code 2911 and that is not subject to the permit requirements for the recycling of used oil imposed pursuant to Article 9 (commencing with Section 25200).

(5) ''Subsidiary'' means a corporate entity engaged in the exploration, production, transportation, refining, marketing, or distribution of crude oil or petroleum products.

(b) (1) Except as provided in paragraph (2), a biological process on the property of the producer treating oil, its products, and water, that meets the definition of a non-RCRA waste, and that produces an effluent that is continuously discharged to navigable waters in compliance with a permit issued pursuant to Section 402 of the Federal Water Pollution Control Act (33 U.S.C. Sec. 1342), is exempt from this chapter.

(2) Residues produced in the treatment process and subsequently removed that conform to any criterion for the identification of a hazardous waste adopted pursuant to Section 25141 are not exempt from this chapter.

(c) To the extent consistent with the applicable provisions of the federal act, units, including associated piping, that are part of a system used for the recovery of oil from oil-bearing materials, and the associated storage of oil-bearing materials and the recovered oil, are exempt from this chapter, if all of the following conditions are met:

(1) The oil recovery operations are conducted at a petroleum refinery, or at another facility owned or operated by the corporate entity that owns or operates the refinery, or a corporate parent or subsidiary of the corporate entity.

(3) The recovered oil is inserted into petroleum refinery process units to produce fuel or other refined petroleum products. This paragraph does not allow the direct blending, into final petroleum products, of oil-bearing materials or recovered oil that contain constituents that render these materials hazardous under the regulations adopted pursuant to Sections 25140 and 25141, other than those for which the material is being recycled.

(4) The recovered oil is not stored in a surface impoundment or accumulated speculatively at the refinery or at an offsite facility.

(5) Any residual materials removed from a unit that is exempt under this subdivision are managed in accordance with all other applicable laws.

(6) The oil-bearing materials would be excluded from classification as a waste pursuant to, or would otherwise meet the requirements for an exemption under, Section 25143.2, except that the following provisions do not apply to those oil-bearing materials:

(A) The prohibitions against prior reclamation in paragraphs (1), (2), and (3) of subdivision (b) of Section 25143.2.

previously issued a certificate under this section shall be deemed certified until the time that certification under Article 3 (commencing with Section 100825) of Chapter 4 of Part 1 of Division 101 has been either granted or denied, but not beyond the expiration date shown on the certificate previously issued under this section.

(c) The requirements of subdivision (b) shall not apply to analyses performed by a laboratory pursuant to the facility's waste analysis plan, that is prepared in accordance with the regulations adopted by the Department of Toxic Substances Control pursuant to this chapter, if both of the following conditions are met:

(1) The laboratory is owned or operated by the same person who owns or operates the facility at which the waste will be managed, and the facility is a hazardous waste treatment, storage, or disposal facility that is required to obtain a hazardous waste facilities permit pursuant to Article 9 (commencing with Section 25200).

(2) The analysis is conducted for any of the following purposes:

(A) To determine whether a facility will accept the hazardous waste for transfer, storage, or treatment, as described in paragraph (3) of subdivision (a) of Section 66264.13 of, and paragraph (3) of subdivision (a) of Section 66265.13 of, Title 22 of the California Code of Regulations, as those sections read on January 1, 2001.

(C) To determine whether the hazardous waste received at the facility for transfer, storage, or treatment matches the identity of the hazardous waste designated on an accompanying manifest or shipping paper, as described in paragraph (5) of subdivision (a) of Section 66264.13 of, and paragraph (5) of subdivision (a) of Section 66265.13 of, the California Code of Regulations, as those sections read on January 1, 2001.

(d) An analysis performed in accordance with subdivision (c) is not an analysis performed for regulatory purposes within the meaning of paragraph (19) of subdivision (c) of Section 100825.

(e) The exemption provided by subdivision (c) does not exempt the analyses of waste for purposes of disposal from the requirements of subdivision (b) requiring certified laboratory analyses. The analyses described in subdivision (c) are not exempt from any other requirement of law, regulation, or guideline governing quality assurance and quality control.

(f) No person or public entity of the state shall contract with a laboratory for environmental analyses for which certification is required pursuant to this chapter, unless the laboratory holds a valid certificate.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SECTION 1. Section 21081.7 of the Public Resources Code is amended to read:

21081.7. Transportation information resulting from the reporting or monitoring program required to be adopted by a public agency pursuant to Section 21081.6 shall be submitted to the transportation planning agency in the region where the project is located and to the Department of Transportation for a project of statewide, regional, or areawide significance according to criteria developed pursuant to Section 21083. The transportation planning agency and the Department of Transportation shall adopt guidelines for the submittal of those reporting or monitoring programs.

SEC. 2. Section 21083.9 of the Public Resources Code is amended to read:

21083.9. (a) Notwithstanding Section 21080.4, 21104, or 21153, a lead agency shall call at least one scoping meeting for any of the following:

(1) A proposed project that may affect highways or other facilities under the jurisdiction of the Department of Transportation if the meeting is requested by the department. The lead agency shall call the scoping meeting as soon as possible, but not later than 30 days after receiving the request from the Department of Transportation.

The request may also be filed with any other person designated by the governing body or director to receive these requests. The agency may require requests for notices to be annually renewed. The public agency may charge a fee, except to other public agencies, that is reasonably related to the costs of providing this service. This section may not be construed in any manner that results in the invalidation of an action because of the failure of a person to receive a requested notice, provided that there has been substantial compliance with the requirements of this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13261 of the Water Code is amended to read:

13261. (a) Any person failing to furnish a report or pay a fee under Section 13260 when so requested by a regional board is guilty of a misdemeanor and may be liable civilly in accordance with subdivision (b).

(b) (1) Civil liability may be administratively imposed by a regional board or the state board in accordance with Article 2.5 (commencing with Section 13323) of Chapter 5 for a violation of subdivision (a) in an amount that may not exceed one thousand dollars ($1,000) for each day in which the violation occurs. For purposes of this section only, the state board shall have the same authority and shall follow the same procedures as set forth in Article 2.5 (commencing with Section 13323) of Chapter 5, except that the executive director shall issue the complaint with review by the state board. Civil liability may not be imposed by the

regional board pursuant to this section if the state board has imposed liability against the same person for the same violation.

(2) Civil liability may be imposed by the superior court in accordance with Article 5 (commencing with Section 13350) and Article 6 (commencing with Section 13360) of Chapter 5 for a violation of subdivision (a) in an amount that may not exceed five thousand dollars ($5,000) for each day the violation occurs.

(c) Any person discharging or proposing to discharge hazardous waste, as defined in Section 25117 of the Health and Safety Code, who knowingly furnishes a false report under Section 13260, or who either willfully fails to furnish a report or willfully withholds material information under Section 13260 despite actual knowledge of that requirement, may be liable in accordance with subdivision (d) and is guilty of a misdemeanor.

This subdivision does not apply to any waste discharge that is subject to Chapter 5.5 (commencing with Section 13370).

(d) (1) Civil liability may be administratively imposed by a regional board in accordance with Article 2.5 (commencing with Section 13323) of Chapter 5 for a violation of subdivision (c) in an amount that may not exceed five thousand dollars ($5,000) for each day the violation occurs.

(2) Civil liability may be imposed by the superior court in accordance with Article 5 (commencing with Section 13350) and Article 6 (commencing with Section 13360) of Chapter 5 for a violation of subdivision (c) in an amount that may not exceed twenty-five thousand dollars ($25,000).

The Attorney General, at the request of the regional board or the state board, shall petition the superior court for the issuance of a temporary restraining order, temporary injunction, or permanent injunction, or combination thereof, as may be appropriate, requiring any person not complying with Section 13260 to comply therewith.

SEC. 3. Section 13267 of the Water Code is amended to read:

13267. (a) A regional board, in establishing or reviewing any water quality control plan or waste discharge requirements, or in connection with any action relating to any plan or requirement authorized by this division, may investigate the quality of any waters of the state within its region.

(b) (1) In conducting an investigation specified in subdivision (a), the regional board may require that any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste within its region, or any citizen or domiciliary, or political agency or entity of this state who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge, waste outside of its region that could affect the

quality of waters within its region shall furnish, under penalty of perjury, technical or monitoring program reports which the regional board requires. The burden, including costs, of these reports shall bear a reasonable relationship to the need for the report and the benefits to be obtained from the reports. In requiring those reports, the regional board shall provide the person with a written explanation with regard to the need for the reports, and shall identify the evidence that supports requiring that person to provide the reports.

(2) When requested by the person furnishing a report, the portions of a report that might disclose trade secrets or secret processes may not be made available for inspection by the public but shall be made available to governmental agencies for use in making studies. However, these portions of a report shall be available for use by the state or any state agency in judicial review or enforcement proceedings involving the person furnishing the report.

(c) In conducting an investigation pursuant to subdivision (a), the regional board may inspect the facilities of any person to ascertain whether the purposes of this division are being met and waste discharge requirements are being complied with. The inspection shall be made with the consent of the owner or possessor of the facilities or, if the consent is withheld, with a warrant duly issued pursuant to the procedure set forth in Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure. However, in the event of an emergency affecting the public health or safety, an inspection may be performed without consent or the issuance of a warrant.

(e) As used in this section, ''evidence'' means any relevant evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of the evidence over objection in a civil action.

13323. (a) Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision of law

authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

(b) The complaint shall be served by personal notice or certified mail, and shall inform the party so served that a hearing shall be conducted within 60 days after the party has been served. The hearing shall be before a panel of the regional board, consisting of three or more members of the regional board as it may specify, or before the regional board. The person who has been issued a complaint may waive the right to a hearing, in which case the regional board shall not conduct a hearing.

(c) After any hearing, the panel shall report its proposed decision and order to the regional board and shall, at the time it reports its decision to the regional board, supply a copy to the party served with the complaint, the party issuing the complaint, and any other person requesting a copy. Members of the panel may sit as members of the board in deciding the matter. The regional board, after making an independent review of the record and taking such additional evidence as may be necessary and could not reasonably have been offered before the hearing panel, may adopt, with or without revision, the proposed decision and order of the panel.

(d) Orders imposing administrative civil liability shall become effective and final upon issuance thereof, and are not subject to review by any court or agency except as provided by Sections 13320 and 13330. Payment shall be made not later than 30 days from the date on which the order is issued. The time for payment is extended during the period in which a person who is subject to an order seeks review under Section 13320 or 13330. Copies of these orders shall be served by personal service or by registered mail upon the party served with the complaint and upon other persons who appeared at the hearing and requested a copy.

SEC. 4.5. Section 13327 of the Water Code is amended to read:

(b) (1) Any person who, without regard to intent or negligence, causes or permits any hazardous substance to be discharged in or on any of the waters of the state where it creates a condition of pollution or nuisance, except in accordance with waste discharge requirements or other provisions of this division, shall be strictly liable civilly in accordance with subdivision (d) or (e).

(2) For purposes of this subdivision, the term ''discharge'' includes only those discharges for which Section 13260 directs that a report of waste discharge shall be filed with the regional board.

(3) For purposes of this subdivision, the term ''discharge'' does not include any emission excluded from the applicability of Section 311 of the Clean Water Act (33 U.S.C. Sec. 1321) pursuant to Environmental Protection Agency regulations interpreting Section 311(a)(2) of the Clean Water Act (33 U.S.C. Sec. 1321(a)(2)).

(c) There shall be no liability under subdivision (b) if the discharge is caused solely by any one or combination of the following:

(4) An intentional act of a third party, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(5) Any other circumstance or event which causes the discharge despite the exercise of every reasonable precaution to prevent or mitigate the discharge.

(d) The court may impose civil liability either on a daily basis or on a per gallon basis, but not both.

(1) The civil liability on a daily basis may not exceed fifteen thousand dollars ($15,000) for each day the violation occurs.

(2) The civil liability on a per gallon basis may not exceed twenty dollars ($20) for each gallon of waste discharged.

(e) The state board or a regional board may impose civil liability administratively pursuant to Article 2.5 (commencing with Section 13323) of Chapter 5 either on a daily basis or on a per gallon basis, but not both.

(1) The civil liability on a daily basis may not exceed five thousand dollars ($5,000) for each day the violation occurs.

(B) When there is no discharge, but an order issued by the regional board is violated, except as provided in subdivision (f), the civil liability shall not be less than one hundred dollars ($100) for each day in which the violation occurs.

(2) The civil liability on a per gallon basis may not exceed ten dollars ($10) for each gallon of waste discharged.

(f) A regional board may not administratively impose civil liability in accordance with paragraph (1) of subdivision (e) in an amount less than the minimum amount specified, unless the regional board makes express findings setting forth the reasons for its action based upon the specific factors required to be considered pursuant to Section 13327.

(g) The Attorney General, upon request of a regional board or the state board, shall petition the superior court to impose, assess, and recover such sums. Except in the case of a violation of a cease and desist order, a regional board or the state board shall make such request only after a hearing, with due notice of the hearing given to all affected persons. In determining such amount, the court shall be subject to Section 13351.

(h) The provisions of Article 3 (commencing with Section 13330) and Article 6 (commencing with Section 13360) of this chapter shall apply to proceedings to impose, assess, and recover an amount pursuant to this article.

(i) Any person who incurs any liability established under this section shall be entitled to contribution for such liability from any third party, in an action in the superior court and upon proof that the discharge was caused in whole or in part by an act or omission of the third party, to the extent that the discharge is caused by the act or omission of the third party, in accordance with the principles of comparative fault.

(j) Remedies under this section are in addition to, and do not supersede or limit, any and all other remedies, civil or criminal, except that no liability shall be recoverable under subdivision (b) for any discharge for which liability is recovered under Section 13385.

(k) The state board shall submit an annual report to the Legislature which shall be available to the public, list all instances in which civil liability has been administratively imposed by a regional board in accordance with subdivision (e) during the preceding year, and indicate the maximum amount of liability which could have been imposed and the amount actually imposed in each instance.

SEC. 6. Section 13351 of the Water Code is amended to read:

13351. In determining the amount of civil liability to be imposed pursuant to this chapter, the superior court shall take into consideration the nature, circumstance, extent, and gravity of the violation or violations, whether the discharge is susceptible to cleanup or abatement, the degree of toxicity of the discharge, and, with respect to the violator, the ability to pay, the effect on ability to continue in business, any voluntary cleanup efforts undertaken, any prior history of violations, the degree of culpability, economic benefit or savings, if any, resulting from the violation, and such other matters as justice may require.

(6) Any requirement imposed in a pretreatment program approved pursuant to waste discharge requirements issued under Section 13377 or approved pursuant to a permit issued by the administrator.

(b) Civil liability may be imposed by the superior court in an amount not to exceed the sum of both of the following:

(1) Twenty-five thousand dollars ($25,000) for each day in which the violation occurs.

(2) Where there is a discharge, any portion of which is not susceptible to cleanup or is not cleaned up, and the volume discharged but not cleaned up exceeds 1,000 gallons, an additional liability not to exceed

twenty-five dollars ($25) multiplied by the number of gallons by which the volume discharged but not cleaned up exceeds 1,000 gallons.

The Attorney General, upon request of a regional board or the state board, shall petition the superior court to impose the liability.

(c) Civil liability may be imposed administratively by the state board or a regional board pursuant to Article 2.5 (commencing with Section 13323) of Chapter 5 in an amount not to exceed the sum of both of the following:

At a minimum, liability shall be assessed at a level that recovers the economic benefits, if any, derived from the acts that constitute the violation.

(f) For purposes of this section, a single operational upset that leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

(g) Remedies under this section are in addition to, and do not supersede or limit, any other remedies, civil or criminal, except that no liability shall be recoverable under Section 13261, 13265, 13268, or 13350 for violations for which liability is recovered under this section.

(h) (1) Notwithstanding any other provision of this division, and except as provided in subdivisions (j) and (k), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for the first serious violation and each additional serious violation in any period of six consecutive months, except that if no serious violation has occurred in the prior six months, the state board or regional board, in lieu of

assessing the penalty applicable to the first serious violation, may elect to require the discharger to spend an amount equal to the penalty for a supplemental environmental project in accordance with the enforcement policy of the state board and any applicable guidance document, or to develop a pollution prevention plan. If the state board or regional board elects to require the discharger to carry out a supplemental environmental project or develop a pollution prevention plan pursuant to this subdivision, a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each additional serious violation in the six-month period that began with the violation that was waived in lieu of the supplemental environmental project or pollution prevention plan.

(2) For the purposes of this section, the following terms have the following meanings:

(A) A ''serious violation'' means any waste discharge that exceeds the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

(B) A ''supplemental environmental project'' means an environmentally beneficial project that a person agrees to undertake, with the approval of the regional board, that would not be undertaken in the absence of an enforcement action under Section 13385.

(C) A ''period of six consecutive months'' means the period beginning on the day following the date on which a serious violation or one of the violations described in subdivision (i) occurs and ending 180 days after that date.

(i) Notwithstanding any other provision of this division, and except as provided in subdivisions (j) and (k), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

(1) Exceeds a waste discharge requirement effluent limitation.

(2) Fails to file a report pursuant to Section 13260.

(3) Files an incomplete report pursuant to Section 13260.

(4) Exceeds a toxicity discharge limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

(j) Subdivisions (h) and (i) do not apply to any of the following:

(1) A violation caused by one or any combination of the following:

(A) An act of war.

(B) An unanticipated, grave natural disaster or other natural phenomenon of an exceptional, inevitable, and irresistible character, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(C) An intentional act of a third party, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(D) A bypass of a treatment facility located in the County of Los Angeles during the 2001 calendar year if the applicable waste discharge requirements incorporate a provision for the bypass, and that bypass meets the conditions set forth in Section 122.41 (m)(4) of Title 40 of the Code of Federal Regulations and any more stringent conditions incorporated into the waste discharge requirements and the bypass has been approved by the regional board as meeting those conditions.

(2) (A) Except as provided in subparagraph (B), a violation of an effluent limitation where the waste discharge is in compliance with either a cease and desist order issued pursuant to Section 13301 or a time schedule order issued pursuant to Section 13300, if all of the following requirements are met:

(i) The cease and desist order or time schedule order is issued after January 1, 1995, but not later than July 1, 2000, specifies the actions that the discharger is required to take in order to correct the violations that would otherwise be subject to subdivisions (h) and (i), and the date by which compliance is required to be achieved and, if the final date by which compliance is required to be achieved is later than one year from the effective date of the cease and desist order or time schedule order, specifies the interim requirements by which progress toward compliance will be measured and the date by which the discharger will be in compliance with each interim requirement.

(ii) The discharger has prepared and is implementing in a timely and proper manner, or is required by the regional board to prepare and implement, a pollution prevention plan that meets the requirements of Section 13263.3.

(iii) The discharger demonstrates that it has carried out all reasonable and immediately feasible actions to reduce noncompliance with the waste discharge requirements applicable to the waste discharge and the executive officer of the regional board concurs with the demonstration.

(B) Subdivisions (h) and (i) shall become applicable to a waste discharge on the date the waste discharge requirements applicable to the waste discharge are revised and reissued pursuant to Section 13380, unless the regional board does all of the following on or before that date:

(i) Modifies the requirements of the cease and desist order or time schedule order as may be necessary to make it fully consistent with the reissued waste discharge requirements.

(ii) Establishes in the modified cease and desist order or time schedule order a date by which full compliance with the reissued waste discharge requirements shall be achieved. For the purposes of this subdivision, the regional board may not establish this date later than five years from the date the waste discharge requirements were required to be reviewed pursuant to Section 13380. If the reissued waste discharge requirements do not add new effluent limitations or do not include effluent limitations that are more stringent than those in the original waste discharge requirements, the date shall be the same as the final date for compliance in the original cease and desist order or time schedule order or five years from the date that the waste discharge requirements were required to be reviewed pursuant to Section 13380, whichever is earlier.

(iii) Determines that the pollution prevention plan required by clause (ii) of subparagraph (A) is in compliance with the requirements of Section 13263.3 and that the discharger is implementing the pollution prevention plan in a timely and proper manner.

(3) A violation of an effluent limitation where the waste discharge is in compliance with either a cease and desist order issued pursuant to Section 13301 or a time schedule order issued pursuant to Section 13300, if all of the following requirements are met:

(A) The cease and desist order or time schedule order is issued on or after July 1, 2000, and specifies the actions that the discharger is required to take in order to correct the violations that would otherwise be subject to subdivisions (h) and (i).

(B) The regional board finds that, for one of the following reasons, the discharger is not able to consistently comply with one or more of the effluent limitations established in the waste discharge requirements applicable to the waste discharge:

(i) The effluent limitation is a new, more stringent, or modified regulatory requirement that has become applicable to the waste discharge after the effective date of the waste discharge requirements and after July 1, 2000, new or modified control measures are necessary in order to comply with the effluent limitation, and the new or modified control measures cannot be designed, installed, and put into operation within 30 calendar days.

(ii) New methods for detecting or measuring a pollutant in the waste discharge demonstrate that new or modified control measures are necessary in order to comply with the effluent limitation and the new or modified control measures cannot be designed, installed, and put into operation within 30 calendar days.

(iii) Unanticipated changes in the quality of the municipal or industrial water supply available to the discharger are the cause of unavoidable changes in the composition of the waste discharge, the changes in the composition of the waste discharge are the cause of the inability to comply with the effluent limitation, no alternative water supply is reasonably available to the discharger, and new or modified measures to control the composition of the waste discharge cannot be designed, installed, and put into operation within 30 calendar days.

(C) The regional board establishes a time schedule for bringing the waste discharge into compliance with the effluent limitation that is as short as possible, taking into account the technological, operational, and economic factors that affect the design, development, and implementation of the control measures that are necessary to comply with the effluent limitation. For the purposes of this subdivision, the time schedule may not exceed five years in length. If the time schedule exceeds one year from the effective date of the order, the schedule shall include interim requirements and the dates for their achievement. The interim requirements shall include both of the following:

(i) Effluent limitations for the pollutant or pollutants of concern.

(ii) Actions and milestones leading to compliance with the effluent limitation.

(D) The discharger has prepared and is implementing in a timely and proper manner, or is required by the regional board to prepare and implement, a pollution prevention plan pursuant to Section 13263.3.

(k) In lieu of assessing all or a portion of the mandatory minimum penalties pursuant to subdivisions (h) and (i) against a POTW serving a small community, as defined by subdivision (b) of Section 79084, the state board or the regional board may elect to require the POTW to spend an equivalent amount toward the completion of a compliance project proposed by the POTW, if the state or regional board finds all of the following:

(1) The compliance project is designed to correct the violations within five years.

(2) The compliance project is in accordance with the enforcement policy of the state board.

(3) The POTW has demonstrated that it has sufficient funding to complete the compliance project.

(*l*) The Attorney General, upon request of a regional board or the state board, shall petition the appropriate court to collect any liability or penalty imposed pursuant to this section. Any person who fails to pay on a timely basis any liability or penalty imposed under this section shall be required to pay, in addition to that liability or penalty, interest, attorneys' fees, costs for collection proceedings, and a quarterly nonpayment penalty for each quarter during which the failure to pay

persists. The nonpayment penalty shall be in an amount equal to 20 percent of the aggregate amount of the person's penalty and nonpayment penalties that are unpaid as of the beginning of the quarter.

(m) Funds collected pursuant to this section shall be deposited in the State Water Pollution Cleanup and Abatement Account.

(n) (1) The state board shall report annually to the Legislature regarding its enforcement activities. The reports shall include all of the following:

(A) A compilation of the number of violations of waste discharge requirements in the previous year.

(B) A record of the formal and informal compliance and enforcement actions taken for each violation.

(C) An analysis of the effectiveness of current enforcement policies, including mandatory minimum penalties.

(D) Recommendations, if any, necessary for improvements to the enforcement program in the following year.

(2) The report shall be submitted to the Chairperson of the Assembly Committee on Environmental Safety and Toxic Materials and the Chairperson of the Senate Committee on Environmental Quality on or before March 1, 2001, and annually thereafter.

## CHAPTER 870

An act to add Part 8.7 (commencing with Section 13040) to the Education Code, relating to California Native Americans, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

I am signing Senate Bill 41, which requires the State Librarian to develop instructional resources for use in public schools and an information project to educate the general public on the State's Native Americans.

While I believe this new project will have a significant impact on how our students learn about Native Americans, I must reduce the appropriations as follows: The sum of $175,000 is hereby appropriated from the General Fund for the purposes of this act as follows:

a) One hundred thousand dollars ($100,000) to the State Librarian for the purpose of Part 8.7 (commencing with Section 13040) of the Education Code.

b) Twenty-five thousand dollars ($25,000) to the State Librarian for the purposes of Section 3 of this act.

c) Fifty thousand dollars ($50,000) to the State Department of Education for supporting the Curriculum Development and Supplemental Materials Commission and

the State Board of Education in the review of the standards-based instructional resources pursuant to this act.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) California's American Indians are the first peoples to have settled California, perhaps some 15,000 years before European colonization.

(b) California was a hospitable environment, and was home to approximately one-third of all American Indians prior to colonization. These peoples had developed widespread and unique cultures, including as many as 100 district languages.

(c) Colonization occurred by four distinct groups, Spanish, Russian, Mexican, and American. Each had its own distinct, yet significant, impact upon American Indians within California.

(d) The first people of California have a unique set of cultures that greatly enrich California and these have survived despite the many threats to them. There are 107 recognized Indian tribal governments in the State of California, the most of any state in the nation. California residents and pupils need to know more about the contemporary status of, and the social, governmental, and economic issues affecting California Native Americans.

(e) California Native American tribes differ from the Midwestern and Eastern Native American tribes in their original culture and language, their social evolution, and their current cultural practices. With a stronger educational foundation, Californians of the future will be better informed about the unique identities and cultural contributions of these tribes.

(f) Currently, the instructional resources available for use in the California public schools do not include accurate contemporary information concerning Native Americans in this state. Therefore, little can be taught that draws together the historic circumstances of California Native Americans with their lives and futures in today's California. Unfortunately, as a result, myths and faulty stereotypes may be perpetuated.

(g) Tribal sovereignty, the constitutional and legal right of tribes to govern themselves and tribal lands in accordance with federal law and under a unique nation-to-nation status, is rarely understood. However, these matters are important, as tribes have governmental powers, responsibilities, and authority in relationship to the state and local governments.

(h) Instructional materials that incorporate California Native American history, culture, sovereignty, and contemporary issues of

modern Native Americans, and their relationship and place in California's diverse governmental, racial, and cultural communities will provide California's children a more complete education and academic preparation to interact in today's world.

(i) It is in the best interest of all the people, and of the future of this state, to ensure that each school district, charter school, county office of education, and California Native American education center have the opportunity to seek, learn, review, develop, and share culturally accurate instructional materials.

(j) The highest quality instructional materials that include a discussion of the role of California Native Americans, in the history, culture, governance, and socioeconomic dynamics of the state should be available to all Californians.

SEC. 2. Part 8.7 (commencing with Section 13040) is added to the Education Code, to read:

## PART 8.7. CALIFORNIA NATIVE AMERICAN PUBLIC EDUCATION GRANT PROGRAM

13040. (a) The State Librarian shall expend the funds allocated for the purposes of this part to develop, in consultation with the State Department of Education and the Curriculum Development and Supplemental Materials Commission related to history-social science curriculum framework and content standards, California Native American instructional resources for use in the public schools maintaining any combination of instructional settings from kindergarten to grade 12, inclusive.

(b) The State Librarian may award grants on a competitive basis or shall contract with instructional resource developers to prepare the instructional resources consistent with the state curriculum framework and content standards where the teaching of Native American history is identified, and shall consult with a broadly based group of experts to advise upon and review the instructional resources. The instructional resources shall be subject to Section 13041 and all other relevant statutes governing the content of educational materials prior to distribution to the public schools.

(c) In carrying out subdivision (b), the State Librarian is encouraged to do or enable each of the following, to the extent possible:

(1) Involve California Native Americans in the development of the instructional resources.

(2) Consult with local and regional consortia of organizations and individuals engaged in similar educational, research, and development efforts.

(3) Coordinate and collaborate with organizations and individuals engaging in similar educational, research, and development endeavors.

(4) Utilize creative and innovative methods and approaches in research for, and development of, the instructional resources.

(5) Seek matching funds, in-kind contributions, or other sources of support to supplement the funds provided in support of this part.

(6) Propose the use of a variety of media, including new technology and the arts, to creatively and strategically appeal to pupils while enhancing and enriching community-based educational efforts.

(7) Include scholarly inquiry related to the variety of experiences of California Native Americans.

(8) Add relevant materials to, or catalogue relevant materials in, libraries and other repositories for the creation, publication, and distribution of bibliographies, curriculum guides, oral histories, and other resource directories and supporting the continued development of scholarly work on this subject by making a broad range of archival, library, and research materials more accessible to the American public.

13041. (a) The State Librarian shall submit to the Curriculum Development and Supplemental Materials Commission the instructional resources developed pursuant to Section 13040.

(b) The Curriculum Development and Supplemental Materials Commission shall hold a public hearing regarding the instructional resources and shall recommend them, along with any modifications that the commission determines to be appropriate, to the State Board of Education.

(c) (1) The State Board of Education shall hold a public hearing regarding the recommendation of the Curriculum Development and Supplemental Materials Commission pursuant to subdivision (b) and shall approve the instructional resources along with any modifications that the State Board of Education determines to be appropriate.

(2) The State Board of Education shall review the instructional resources approved pursuant to subdivision (c) in relation to the history-social science content standards adopted pursuant to Section 60605 and shall, at any subsequent revision, make adjustments, if any, to the content standards that it determines to be appropriate. The State Board of Education shall also ensure that the approved instructional resources are used as an advisory tool in developing the next revision of the history-social science curriculum framework and standards.

(d) Upon approval by the State Board of Education pursuant to subdivision (c), the instructional resources shall be made available to educators as efficiently and effectively as available funding will allow.

13042. On or before January 1, 2003, the State Librarian shall report to the Governor and the appropriate fiscal and policy committees of each

house of the Legislature on the use of funds provided for the purposes of this part.

SEC. 3. The California State Librarian, with the cooperation of the University of California, shall develop the California's American Indian Nations Information Project within the California State Library. The State Library shall develop in-depth resources on California's federally recognized tribes and tribal peoples, including, but not limited to, articles, photographs, sound recordings, and other materials, as well as related appropriate textual explanation and contextual information that will assist the tribes, the general public, and pupils to respectfully appreciate these materials and the rich cultures they represent. This shall include, but shall not be limited to, facilitating online access to the California Indian Library Collection or any other suitable materials, to the maximum extent practicable. The instructional resources developed pursuant to Part 8.7 (commencing with Section 13040) of the Education Code shall be included in the California's American Indian Nations Information Project. This section is binding upon the University of California only if consented to by resolution of the Regents of the University of California.

SEC. 4. The sum of four hundred twenty-five thousand dollars ($425,000) is hereby appropriated from the General Fund for the purposes of this act as follows:

(a) Two hundred fifty thousand dollars ($250,000) to the State Librarian for the purposes of Part 8.7 (commencing with Section 13040) of the Education Code.

(b) Seventy-five thousand dollars ($75,000) to the State Librarian for the purposes of Section 3 of this act.

(c) One hundred thousand dollars ($100,000) to the State Department of Education for supporting the Curriculum Development and Supplemental Materials Commission and the State Board of Education in the review of the standards-based instructional resources pursuant to this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the timely development of California Native American instructional resources, it is necessary that this act take effect immediately.

# CHAPTER 871

An act to add Section 44017.4 to the Health and Safety Code, relating to emission control.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 44017.4 is added to the Health and Safety Code, to read:

44017.4. (a) Upon initial registration with the Department of Motor Vehicles, a passenger vehicle or pickup truck that is a specially constructed vehicle, as defined in Section 580 of the Vehicle Code, shall be inspected by stations authorized to perform referee functions. This inspection shall be for the purposes of determining the engine model-year used in the vehicle or the vehicle model-year, and the emission control system application. The owner shall have the option to choose whether the inspection is based on the engine model-year used in the vehicle or the vehicle model-year.

(1) In determining the engine model-year, the referee shall compare the engine to engines of the era that the engine most closely resembles. The referee shall assign the 1960 model-year to the engine in any specially constructed vehicle that does not sufficiently resemble a previously manufactured engine. The referee shall require only those emission control systems that are applicable to the established engine model-year and that the engine reasonably accommodates in its present form.

(2) In determining the vehicle model-year, the referee shall compare the vehicle to vehicles of the era that the vehicle most closely resembles. The referee shall assign the 1960 model-year to any specially constructed vehicle that does not sufficiently resemble a previously manufactured vehicle. The referee shall require only those emission control systems that are applicable to the established model-year and that the vehicle reasonably accommodates in its present form.

(b) Upon the completion of the inspection, the referee shall affix a tamper-resistant label to the vehicle and issue a certificate that establishes the engine model-year or the vehicle model-year, and the emission control system application.

(c) The Department of Motor Vehicles shall annually provide an initial registration to no more than the first 500 vehicles that meet the

criteria described in subdivision (a) that are presented to that department for registration.

## CHAPTER 872

An act to add Section 33128.5 to the Education Code, relating to school finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 33128.5 is added to the Education Code, to read:

33128.5. Notwithstanding any other provision of law, a county unified school district with fewer than 3,000 units of average daily attendance may use up to 30 percent of its budget reserve to pay for utility costs, including propane, fuel, and electricity costs, in each of the 2000–01 and 2001–02 fiscal years, and shall not for that reason receive a ''qualified'' or ''negative'' financial certification by the State Department of Education for three fiscal years after using that amount of its budget reserve to pay for utility costs if the use of that amount results in available reserves falling below 3 percent of its budget reserve.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to address the rapid, unforeseen shortage of electric power and energy available in the state and rapid and substantial increases in wholesale energy costs and retail energy rates, that endanger the health, welfare, and safety of the people of this state, and to encourage programs that encourage curtailments at the earliest possible time, it is necessary for this act to take effect immediately.

## CHAPTER 873

An act to amend Sections 65850.5, 66412, 66473.1, 66475.1, 66475.2, and 66499.35 of the Government Code, relating to land use.

[Approved by Governor October 13, 2001. Filed with
Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 65850.5 of the Government Code is amended to read:

65850.5. (a) The legislative body of any city or county shall not enact an ordinance that has the effect of prohibiting or of unreasonably restricting the use of solar energy systems other than for the preservation or protection of the public health or safety. This prohibition shall be applicable to charter cities because the promotion of the use of nonfossil fuel sources of energy, including solar energy and energy conservation measures, is a matter of statewide concern.

(b) This section shall not apply to ordinances that impose reasonable restrictions on solar energy systems. However, it is the policy of the state to promote and encourage the use of solar energy systems and to remove obstacles thereto. Accordingly, reasonable restrictions on a solar energy system are those restrictions that do not significantly increase the cost of the system or significantly decrease its efficiency, or that allow for an alternative system of comparable cost and efficiency.

(c) For the purposes of this section, ''solar energy system'' shall have the same meaning as set forth in Section 801.5 of the Civil Code.

SEC. 2. Section 66412 of the Government Code is amended to read:

66412. This division shall be inapplicable to:

(a) The financing or leasing of apartments, offices, stores, or similar space within apartment buildings, industrial buildings, commercial buildings, mobilehome parks, or trailer parks.

(b) Mineral, oil, or gas leases.

(c) Land dedicated for cemetery purposes under the Health and Safety Code.

(d) A lot line adjustment between four or fewer existing adjoining parcels, where the land taken from one parcel is added to an adjoining parcel, and where a greater number of parcels than originally existed is not thereby created, if the lot line adjustment is approved by the local agency, or advisory agency. A local agency or advisory agency shall limit its review and approval to a determination of whether or not the parcels resulting from the lot line adjustment will conform to the local general plan, any applicable coastal plan, and zoning and building ordinances. An advisory agency or local agency shall not impose conditions or exactions on its approval of a lot line adjustment except to conform to the local general plan, any applicable coastal plan, and zoning and building ordinances, to require the prepayment of real property taxes prior to the approval of the lot line adjustment, or to

facilitate the relocation of existing utilities, infrastructure, or easements. No tentative map, parcel map, or final map shall be required as a condition to the approval of a lot line adjustment. The lot line adjustment shall be reflected in a deed, which shall be recorded. No record of survey shall be required for a lot line adjustment unless required by Section 8762 of the Business and Professions Code.

(e) Boundary line or exchange agreements to which the State Lands Commission or a local agency holding a trust grant of tide and submerged lands is a party.

(f) Any separate assessment under Section 2188.7 of the Revenue and Taxation Code.

(g) Unless a parcel or final map was approved by the legislative body of a local agency, the conversion of a community apartment project, as defined in Section 1351 of the Civil Code, to a condominium, as defined in Section 783 of the Civil Code, but only if all of the following requirements are met:

(1) At least 75 percent of the units in the project were occupied by record owners of the project on March 31, 1982.

(2) A final or parcel map of the project was properly recorded, if the property was subdivided, as defined in Section 66424, after January 1, 1964, with all of the conditions of that map remaining in effect after the conversion.

(3) The local agency certifies that the above requirements were satisfied if the local agency, by ordinance, provides for that certification.

(4) Subject to compliance with subdivision (e) of Section 1351 of the Civil Code, all conveyances and other documents necessary to effectuate the conversion shall be executed by the required number of owners in the project as specified in the bylaws or other organizational documents. If the bylaws or other organizational documents do not expressly specify the number of owners necessary to execute the conveyances and other documents, a majority of owners in the project shall be required to execute the conveyances or other documents. Conveyances and other documents executed under the foregoing provisions shall be binding upon and affect the interests of all parties in the project.

(h) Unless a parcel or final map was approved by the legislative body of a local agency, the conversion of a stock cooperative, as defined in Section 1351 of the Civil Code, to a condominium, as defined in Section 783 of the Civil Code, but only if all of the following requirements are met:

(1) At least 51 percent of the units in the cooperative were occupied by stockholders of the cooperative on January 1, 1981, or individually owned by stockholders of the cooperative on January 1, 1981. As used in this paragraph, a cooperative unit is ''individually owned'' if and only

if the stockholder of that unit owns or partially owns an interest in no more than one unit in the cooperative.

(2) No more than 25 percent of the shares of the cooperative were owned by any one person, as defined in Section 17, including an incorporator or director of the cooperative, on January 1, 1981.

(3) A person renting a unit in a cooperative shall be entitled at the time of conversion to all tenant rights in state or local law, including, but not limited to, rights respecting first refusal, notice, and displacement and relocation benefits.

(4) The local agency certifies that the above requirements were satisfied if the local agency, by ordinance, provides for that certification.

(5) Subject to compliance with subdivision (e) of Section 1351 of the Civil Code, all conveyances and other documents necessary to effectuate the conversion shall be executed by the required number of owners in the cooperative as specified in the bylaws or other organizational documents. If the bylaws or other organizational documents do not expressly specify the number of owners necessary to execute the conveyances and other documents, a majority of owners in the cooperative shall be required to execute the conveyances or other documents. Conveyances and other documents executed under the foregoing provisions shall be binding upon and affect the interests of all parties in the cooperative.

(i) The leasing of, or the granting of an easement to, a parcel of land, or any portion or portions thereof, in conjunction with the financing, erection, and sale or lease of a windpowered electrical generation device on the land, if the project is subject to discretionary action by the advisory agency or legislative body.

(j) The leasing or licensing of a portion of a parcel, or the granting of an easement, use permit, or similar right on a portion of a parcel, to a telephone corporation as defined in Section 234 of the Public Utilities Code, exclusively for the placement and operation of cellular radio transmission facilities, including, but not limited to, antennae support structures, microwave dishes, structures to house cellular communications transmission equipment, power sources, and other equipment incidental to the transmission of cellular communications, if the project is subject to discretionary action by the advisory agency or legislative body.

(k) Leases of agricultural land for agricultural purposes. As used in this subdivision, ''agricultural purposes'' means the cultivation of food or fiber, or the grazing or pasturing of livestock.

SEC. 3. Section 66473.1 of the Government Code is amended to read:

66473.1. (a) The design of a subdivision for which a tentative map is required pursuant to Section 66426 shall provide, to the extent

feasible, for future passive or natural heating or cooling opportunities in the subdivision.

(b) (1) Examples of passive or natural heating opportunities in subdivision design, include design of lot size and configuration to permit orientation of a structure in an east-west alignment for southern exposure.

(2) Examples of passive or natural cooling opportunities in subdivision design include design of lot size and configuration to permit orientation of a structure to take advantage of shade or prevailing breezes.

(c) In providing for future passive or natural heating or cooling opportunities in the design of a subdivision, consideration shall be given to local climate, to contour, to configuration of the parcel to be divided, and to other design and improvement requirements, and that provision shall not result in reducing allowable densities or the percentage of a lot that may be occupied by a building or structure under applicable planning and zoning in effect at the time the tentative map is filed.

(d) The requirements of this section do not apply to condominium projects which consist of the subdivision of airspace in an existing building when no new structures are added.

(e) For the purposes of this section, ''feasible'' means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social and technological factors.

SEC. 4. Section 66475.1 of the Government Code is amended to read:

66475.1. Whenever a subdivider is required pursuant to Section 66475 to dedicate roadways to the public, the subdivider may also be required to dedicate additional land as may be necessary and feasible to provide bicycle paths for the use and safety of the residents of the subdivision.

SEC. 5. Section 66475.2 of the Government Code is amended to read:

66475.2. (a) There may be imposed by local ordinance a requirement of a dedication or an irrevocable offer of dedication of land within the subdivision for local transit facilities such as bus turnouts, benches, shelters, landing pads and similar items that directly benefit the residents of a subdivision. The irrevocable offers may be terminated as provided in subdivisions (c) and (d) of Section 66477.2.

(b) Only the payment of fees in lieu of the dedication of land may be required in subdivisions that consist of the subdivision of airspace in existing buildings into condominium projects, stock cooperatives, or community apartment projects, as those terms are defined in Section 1351 of the Civil Code.

SEC. 6. Section 66499.35 of the Government Code is amended to read:

66499.35. (a) Any person owning real property or a vendee of that person pursuant to a contract of sale of the real property may request, and a local agency shall determine, whether the real property complies with the provisions of this division and of local ordinances enacted pursuant to this division. If a local agency determines that the real property complies, the city or the county shall cause a certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate of compliance shall identify the real property and shall state that the division of the real property complies with applicable provisions of this division and of local ordinances enacted pursuant to this division. The local agency may impose a reasonable fee to cover the cost of issuing and recording the certificate of compliance.

(b) If a local agency determines that the real property does not comply with the provisions of this division or of local ordinances enacted pursuant to this division, it shall issue a conditional certificate of compliance. A local agency may, as a condition to granting a conditional certificate of compliance, impose any conditions that would have been applicable to the division of the property at the time the applicant acquired his or her interest therein, and that had been established at that time by this division or local ordinance enacted pursuant to this division, except that where the applicant was the owner of record at the time of the initial violation of the provisions of this division or of the local ordinances who by a grant of the real property created a parcel or parcels in violation of this division or local ordinances enacted pursuant to this division, and the person is the current owner of record of one or more of the parcels which were created as a result of the grant in violation of this division or those local ordinances, then the local agency may impose any conditions that would be applicable to a current division of the property. Upon making the determination and establishing the conditions, the city or county shall cause a conditional certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate shall serve as notice to the property owner or vendee who has applied for the certificate pursuant to this section, a grantee of the property owner, or any subsequent transferee or assignee of the property that the fulfillment and implementation of these conditions shall be required prior to subsequent issuance of a permit or other grant of approval for development of the property.

Compliance with these conditions shall not be required until the time that a permit or other grant of approval for development of the property is issued by the local agency.

(c) A certificate of compliance shall be issued for any real property that has been approved for development pursuant to Section 66499.34.

(d) A recorded final map, parcel map, official map, or an approved certificate of exception shall constitute a certificate of compliance with respect to the parcels of real property described therein.

(e) An official map prepared pursuant to subdivision (b) of Section 66499.52 shall constitute a certificate of compliance with respect to the parcels of real property described therein and may be filed for record, whether or not the parcels are contiguous, so long as the parcels are within the same section or, with the approval of the city engineer or county surveyor, within contiguous sections of land.

(f) (1) Each certificate of compliance or conditional certificate of compliance shall include information the local agency deems necessary, including, but not limited to, all of the following:

(A) Name or names of owners of the parcel.

(B) Assessor parcel number or numbers of the parcel.

(C) The number of parcels for which the certificate of compliance or conditional certificate of compliance is being issued and recorded.

(D) Legal description of the parcel or parcels for which the certificate of compliance or conditional certificate of compliance is being issued and recorded.

(E) A notice stating as follows:

This certificate relates only to issues of compliance or noncompliance with the Subdivision Map Act and local ordinances enacted pursuant thereto. The parcel described herein may be sold, leased, or financed without further compliance with the Subdivision Map Act or any local ordinance enacted pursuant thereto. Development of the parcel may require issuance of a permit or permits, or other grant or grants of approval.

(F) Any conditions to be fulfilled and implemented prior to subsequent issuance of a permit or other grant of approval for development of the property, as specified in the conditional certificate of parcel compliance.

(2) Local agencies may process applications for certificates of compliance or conditional certificates of compliance concurrently and may record a single certificate of compliance or a single conditional certificate of compliance for multiple parcels. Where a single certificate of compliance or conditional certificate of compliance is certifying multiple parcels, each as to compliance with the provisions of this division and with local ordinances enacted pursuant thereto, the single certificate of compliance or conditional certificate of compliance shall

clearly identify, and distinguish between, the descriptions of each such parcel.

SEC. 6. Section 14549.1 of the Public Resources Code is amended to read:

14549.1. In order to improve the quality and marketability of glass containers collected for recycling in the state by curbside recycling programs, the department may, consistent with Section 14581 and subject to the availability of funds, pay a quality glass incentive payment to either an operator of a curbside recycling program registered pursuant to Section 14551.5, or to any other entity certified pursuant to this division, that color sorts glass beverage containers for recycling. The total amount paid by the department pursuant to this section shall not exceed three million dollars ($3,000,000) per calendar year. The department shall make a quality glass incentive payment based on all of the following:

(a) The amount of the quality glass incentive payment shall be up to twenty-five dollars ($25) per ton, as determined by the department.

(b) The department shall make a quality glass incentive payment only for color-sorted glass beverage containers that are substantially free of contamination.

(c) The department shall make a quality glass incentive payment only for glass beverage containers that are either collected color sorted by curbside recycling programs, or collected commingled by curbside recycling programs and subsequently color sorted by the collector or any other entity certified pursuant to this division.

SEC. 7. Section 14549.6 of the Public Resources Code is amended to read:

14549.6. (a) The department, consistent with Section 14581 and subject to the availability of funds, shall annually pay a total of fifteen million dollars ($15,000,000) per fiscal year to operators of curbside programs and neighborhood dropoff programs that accept all types of empty beverage containers for recycling. The payments shall be for each container collected by the curbside or neighborhood dropoff programs and properly reported to the department by processors, based upon all of the following:

(1) The payment amount shall be calculated based upon the volume of beverage containers collected during the fiscal year by curbside and neighborhood dropoff programs.

(2) The per-container rate shall be calculated by dividing the total volume of beverage containers collected, as determined pursuant to paragraph (1), into the sum of fifteen million dollars ($15,000,000).

(3) The amount to be paid to each operator of a curbside and neighborhood dropoff program shall be based upon the per-container rate, calculated pursuant to paragraph (2), multiplied by the curbside program's total reported beverage container volume during the fiscal year for which those payments are made.

(b) The amounts paid pursuant to this section shall be expended by operators of curbside and neighborhood dropoff programs only for activities related to beverage container recycling.

(c) The department shall disburse payments pursuant to this section not sooner than the 6th month of the fiscal year following the fiscal year for which the payments are being made, subject to the availability of funds.

(d) The operator of a curbside program or neighborhood dropoff program shall make available for inspection and review any relevant record that the department determines is necessary to verify compliance with this section.

SEC. 8. Section 14571.3 of the Public Resources Code is amended to read:

14571.3. (a) The department shall continuously assist any certified recycler to achieve greater service to the public in an economical and cost-effective manner. This assistance shall include, but not be limited to, advice on all of the following:

(1) Methods to enhance public participation in recycling.

(3) Methods to reduce costs and optimize efficiencies of existing resources.

(b) The department shall conduct regular, unannounced inspections of certified recycling centers for the purpose of determining that the requirements of this division are satisfied. The department shall assess civil penalties pursuant to Section 14591.1 for violations at certified recycling centers.

SEC. 9. Section 14588.1 of the Public Resources Code is amended to read:

14588.1. (a) As used in this chapter, ''unfair and predatory pricing'' means the payment to consumers by a supermarket site, that receives handling fees for the redemption of beverage containers, in an amount that exceeds the sum of both of the following:

(1) The California refund value for that container.

(2) (A) If the supermarket site is not located in a rural region, the average scrap value paid per pound for that container type by specified certified recycling centers located within a five-mile radius of the supermarket site on the date of the alleged occurrence, the day before the alleged occurrence, and the day after the alleged occurrence.

(B) If the supermarket site is located in a rural region, the average scrap value paid per pound for that container type by specified certified recycling centers located within a 10-mile radius of the supermarket site on the date of the alleged occurrence, the day before the alleged occurrence, and the day after the alleged occurrence.

(b) In calculating the three-day average price paid by recyclers within the specified distance of a recycler alleged to have engaged in predatory pricing, as required by subdivision (a), the department shall only survey those recyclers who did not receive handling fees in three or more of the 12 whole months immediately preceding the date of the allegation of predatory pricing.

(c) For purposes of this chapter, ''rural region'' means a nonurban area identified by the department on an annual basis using Farmers Home Loan Administration criteria. Those criteria include, but are not limited to, places, open country, cities, towns, or census designated places with populations that are less than 10,000 persons. The department may designate an area with population of between 10,000 and 50,000 persons as a rural region, unless the area is identified as part of, or associated with, an urban area, as determined by the department on an individual basis.

SEC. 10. Section 14588.2 of the Public Resources Code is amended to read:

14588.2. (a) To ensure that handling fees paid to a supermarket site are not used for the purpose of engaging in unfair and predatory pricing, and to otherwise further the intent of this chapter, the department shall follow all of the requirements of this section upon the complaint of either of the following:

(1) Any certified recycler located within five miles of the supermarket site alleged to have engaged in unfair and predatory pricing if not located in a rural region.

(2) Any certified recycler located within 10 miles of the supermarket site alleged to have engaged in unfair and predatory pricing if located in a rural region.

(b) (1) Within 50 days of receiving the complaint, the department shall complete an audit of the payments for the redemption of beverage containers being paid by the supermarket site, and by all other certified recycling centers as specified in Section 14588.1, for the purpose of determining whether the supermarket site is engaged in unfair and predatory pricing.

(2) The department shall withhold from public disclosure any proprietary information collected by the department in the course of the audit mandated by this paragraph. The department shall exercise its discretion in determining what information is proprietary.

(c) (1) If the director determines there is probable cause that a supermarket site, against which a complaint has been made, has engaged in unfair and predatory pricing, the director shall, within 60 days of receiving the complaint, convene an informal hearing before the director, or the director's designee.

(2) At least 10 days before the hearing, the director shall forward the results of the audit to the complainant and respondent.

(3) At the hearing, the director, or the director's designee, shall review the audit conducted pursuant to subdivision (b) and any evidence presented by the complainant that a supermarket site has engaged in unfair and predatory pricing. The director, or the director's designee, shall also review any evidence presented by the respondent that the respondent has not engaged in unfair and predatory pricing.

(4) The respondent shall be given the opportunity to rebut the presumption of unfair and predatory pricing imposed by Section 14588.1 by demonstrating to the satisfaction of the director, or the director's designee, that the respondent did both of the following:

(A) The respondent made a good faith effort to determine the average scrap value paid per pound for that container type by certified recycling centers located within a five-mile or 10-mile radius of the supermarket site, pursuant to subdivision (a) of Section 14588.1, within 30 days before the date of the alleged violation.

(B) The three-day average scrap value the respondent paid per pound for that container type was within 2.5 percent of the three-day average scrap value paid per pound determined by the department pursuant to subdivision (a).

(5) The director, or the director's designee, may dismiss a complaint made pursuant to subdivision (a) upon determining either of the following:

(A) The complaint is without basis.

(B) The complaint is repetitious of prior similar complaints against the same supermarket site for which the director or the director's designee has determined that no unfair and predatory pricing occurred.

(d) Within 20 days of the completion of the hearing, the director, or the director's designee, shall determine whether the supermarket site has engaged in unfair and predatory pricing. This determination shall be based upon the audit conducted pursuant to subdivision (b), and upon any clear and convincing evidence of unfair and predatory pricing presented at the hearing.

(e) During the time period from the date of the receipt of a complaint pursuant to subdivision (a), until the date the director makes a determination pursuant to subdivision (d), the supermarket site against which the allegation of unfair and predatory pricing is made shall not receive handling fees that were earned during the period commencing with the date of the alleged unfair and predatory pricing. However, nothing in this subdivision shall affect the payment of handling fees to a supermarket site that is found not to have engaged in unfair and predatory pricing pursuant to this section, or to the activities of a supermarket site prior to the date of the alleged unfair and predatory pricing.

(f) (1) If, after complying with the procedure established pursuant to this section, the director, or the director's designee, determines that a supermarket site has engaged in unfair and predatory pricing, the site is ineligible to receive handling fees as specified by this section.

(A) If the determination of unfair and predatory pricing is the first for the site, the site is ineligible to receive handling fees for six months from the date that the respondent is found to have engaged in unfair and predatory pricing.

(B) If the determination of unfair and predatory pricing is the second for the site, the site is ineligible to receive handling fees for one year from the date that the respondent is found to have engaged in unfair and predatory pricing.

(C) If the determination of unfair and predatory pricing is the third or more for the site, the site is ineligible to receive handling fees for five years after the date that the respondent is found to have engaged in unfair and predatory pricing.

(2) The penalties specified by this section shall be applied retroactively to all determinations of unfair and predatory pricing made by the director, or the director's designee, during the period from January 1, 2000, to January 1, 2002, inclusive.

(g) The complainant or respondent may obtain a review of the determination made pursuant to this section by filing in the superior court a petition for a writ of mandate within 30 days following the issuance of the determination. Section 1094.5 of the Code of Civil Procedure shall govern judicial proceedings pursuant to this subdivision, except that the court shall exercise its independent judgment. If a petition for a writ of mandate is not filed within the time limits set forth in this subdivision, the determination made pursuant to this subdivision is not subject to review by any court or agency.

(h) If either party appeals the determination of the director, or the director's designee, pursuant to subdivision (g), and the department prevails, the department may recover any costs associated with its defense of the complaint.

SEC. 11. Section 14591.2 of the Public Resources Code is amended to read:

14591.2. (a) The department may take disciplinary action against any party responsible for directing, contributing to, participating in, or otherwise influencing the operations of, a certified or registered facility or program. A responsible party includes, but is not limited to, the certificate holder, registrant, officer, director, or managing employee. Except as otherwise provided in this division, the department shall provide a notice and hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code before taking any disciplinary action against a certificate holder.

(b) All of the following are grounds for disciplinary action, in the form determined by the department in accordance with subdivision (c):

(1) The responsible party engaged in fraud or deceit to obtain a certificate or registration.

(2) The responsible party engaged in dishonesty, incompetence, negligence, or fraud in performing the functions and duties of a certificate holder or registrant.

(3) The responsible party violated this division or any regulation adopted pursuant to this division, including, but not limited to, any requirements concerning auditing, reporting, standards of operation, or being open for business.

(4) The responsible party is convicted of any crime of moral turpitude or fraud, any crime involving dishonesty, or any crime substantially related to the qualifications, functions, or duties of a certificate holder.

(c) The department may take disciplinary action pursuant to this section, by taking any one of, or any combination of, the following:

(1) Immediate revocation of the certificate or registration, or revocation of a certificate or registration as of a specific date in the future.

(2) Immediate suspension of the certificate or registration for a specified period of time, or suspension of the certificate or registration

as of a specific date in the future. Notwithstanding subdivision (a), the department may impose a suspension of five days or less through an informal notice, if the action is subject to a stay on appeal, pending an informal hearing convened in accordance with Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code.

(3) Imposition on the certificate or registration of any condition that the department determines would further the goals of this division.

(4) Issuance of a probationary certificate or registration with conditions determined by the department.

(5) Collection of amounts in restitution of any money improperly paid to the certificate holder or registrant from the fund.

(6) Imposition of civil penalties pursuant to Section 14591.1.

(d) The department may do any of the following in taking disciplinary action pursuant to this section:

(1) If a certificate holder or registrant holds certificates or is registered to operate at more than one site or to operate in more than one capacity at one location, such as an entity certified as both a processor and a recycling center, the department may simultaneously revoke, suspend, or impose conditions upon some, or all of, the certificates held by the responsible party.

(2) If the responsible party is an officer, director, partner, manager, employee, or the owner of a controlling ownership interest of another certificate holder or registrant, that other operator's certificate or registration may also be revoked, suspended, or conditioned by the department in the same proceeding, if the other certificate holder or registrant is given notice of that proceeding, or in a subsequent proceeding.

(3) (A) If, pursuant to notice and a hearing conducted by the director or the director's designee in accordance with Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code, the department determines that the continued operation of a certified or registered entity poses an immediate and significant threat to the fund, the department may order the immediate suspension of the certificate holder or registrant, pending revocation of the certificate or registration, or the issuance of a probationary certificate imposing reasonable terms and conditions. The department shall record the testimony at the hearing and, upon request, prepare a transcript. For purposes of this section, an immediate and significant threat to the fund means any of the following:

(i) A loss to the fund of at least ten thousand dollars ($10,000) during the six-month period immediately preceding the order of suspension.

(ii) Missing or fraudulent records associated with a claim or claims totaling at least ten thousand dollars ($10,000) during the six-month period immediately preceding the order of suspension.

(iii) A pattern of deceit, fraud, or intentional misconduct in carrying out the duties and responsibilities of a certificate holder during the six-month period immediately preceding the order of suspension. For purposes of this section, a pattern of deceit, fraud, or intentional misconduct in carrying out the duties of a certificate holder includes, but is not limited to, the destruction or concealment of any records six months immediately preceding the order of suspension.

(iv) At least three claims submitted for ineligible material in violation of this division, including, but not limited to, a violation of Section 14595.5, during the six-month period immediately preceding the order of suspension.

(B) An order of suspension or probation may be issued to any or all certified or registered facilities or programs operated by a person or entity that the department determines to be culpable or responsible for the loss or conduct identified pursuant to subparagraph (A).

(C) The order of suspension or issuance of a probationary certificate imposing terms or conditions shall become effective upon written notice of the order to the certificate holder or registrant. Within 20 days after notice of the order of suspension, the department shall file an accusation seeking revocation of any or all certificates or registrations held by the certificate holder or registrant. The certificate holder or registrant may, upon receiving the notice of the order of suspension or probation, appeal the order by requesting a hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. A request for a hearing or appeal from an order of the department does not stay the action of the department for which the notice of the order is given. The department may combine hearings to appeal an order of suspension and a hearing for the proposed revocation of a certificate or registration into one proceeding.

(D) Nothing in this section shall prohibit the department from immediately revoking a probationary certificate pursuant to subdivision (b) of Section 14541 or from taking other disciplinary action pursuant to Section 14591.2.

SEC. 12. Section 14591.6 of the Public Resources Code is amended to read:

14591.6. (a) When a person is engaged in recycling activity that violates this division, any regulation adopted pursuant to this division, or an order issued under this division, the department may issue an order to that person to cease and desist from that activity.

(b) If a request for a hearing is filed in writing within 10 days of the date of service of the order described in subdivision (a), a hearing shall

be held in accordance with Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code. The director or the director's designee shall determine whether to sustain or reverse the cease and desist order. If sustained, the order shall become effective and final upon the issuance and service of the order.

(c) If no written request for a hearing is filed within 10 days of the date of service of the order described in subdivision (a), or if a party requesting the hearing does not appear at the hearing, the order shall be deemed the final order of the department and is not subject to review by any court or agency. This order shall become effective and final after the expiration of the 10-day period within which a hearing may be requested.

(d) If a hearing is requested pursuant to subdivision (b) and the party requesting the hearing does not appear on the date scheduled, and fails to notify the department at least five days prior to the hearing date that the party will not appear, the department may recover from the party all costs and fees incurred by the department, including attorneys' and experts' fees, and any other costs associated with preparing for, or conducting, the hearing.

(e) Upon the failure of any person or persons to comply with any cease and desist order issued by the department, the Attorney General, upon request of the department, shall petition the superior court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate, restraining the person from continuing the activity in violation of the cease and desist order.

(f) The court shall issue an order directing defendants to appear before the court at a certain time and place and show cause why the injunction should not be issued. The court may grant the prohibitory or mandatory relief that may be warranted.

SEC. 13. Section 19524 of the Public Resources Code is repealed.

SEC. 14. The changes made to Sections 14588.1 and 14588.2 of the Public Resources Code by Sections 9 and 10 of this act shall apply retroactively to any complaint that was filed with the department before July 1, 2001, but was not decided before the effective date of these changes.

SEC. 15. Section 9 of Chapter 817 of the Statutes of 1999 is amended to read:

Sec. 9. The Department of Conservation, using funds from the California Beverage Container Recycling Fund, shall contract with the University of California for preparation and submittal to the department, on or before January 1, 2003, of a study that the department shall transmit to the Governor and the Legislature on or before that date, that does all of the following:

(a) Reviews whether the inclusion of plastic beverage containers made of resins other than polyethelene terathate has substantially increased the recycling rate of those containers.

(b) Compares the recycling rates for like types of beverage containers covered by the California Beverage Container Recycling and Litter Reduction Act with like types of beverage containers not covered by the act.

(c) Compares the net cost of recycling containers covered by the act at recycling centers, supermarket sites, and curbside recycling programs, and estimates the cost of collection and disposal of those containers not covered by the act and not recycled.

(d) Compares the economic benefit and impact on the state's economy of the act with an ''Oregon style'' nickel deposit law, and with the situation if the act were repealed.

(e) Reports the scope of curbside recycling in California, along with an evaluation of the benefits and cost impact of the act on curbside recycling programs.

(f) Recommends any modifications to the act, including, but not limited to, the fiscal and recycling impact of repealing the act; the fiscal and recycling impact of expanding the act; and any products or materials that should be included or excluded from the coverage of the act.

SEC. 16. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 17. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Department of Conservation is in the process of implementing the predatory provisions of the California Beverage Container Recycling and Litter Reduction Act and has determined that there will be significant additional costs if this act is not enacted as soon as possible. Therefore, it is necessary that this act take effect immediately.

CHAPTER 875

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 1.696 (commencing with Section 5096.600) is added to Division 5 of the Public Resources Code, to read:

## CHAPTER 1.696. THE CALIFORNIA CLEAN WATER, CLEAN AIR, SAFE NEIGHBORHOOD PARKS, AND COASTAL PROTECTION ACT OF 2002

### Article 1. General Provisions

5096.600. This chapter shall be known, and may be cited, as the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002.

5096.601. The Legislature finds and declares all of the following:

(a) To maintain a high quality of life for California's growing population requires a continuing investment in parks, recreation facilities, and in the protection of the state's natural and historical resources.

(b) Clean air, clean water, clean beaches, and healthy natural ecosystems that can support both human communities and the state's native fish and wildlife are all part of the legacy of California. Each generation has an obligation to be good stewards of these resources in order to pass them on to their children.

(c) California's historical legacy also requires active protection, restoration, and interpretation to preserve and pass on an understanding and appreciation of the diverse cultural influences and extraordinary human achievements that have contributed to the unique development of California.

5096.605. As used in this chapter, the following terms have the following meanings:

Each city's and district's allocation shall be in the same ratio as the city's or district's population is to the combined total of the state's population that is included in incorporated areas and unincorporated areas within the district, except that each city or district shall be entitled to a minimum allocation of two hundred twenty thousand dollars ($220,000). In any instance in which the boundary of a city overlaps the boundary of such a district, the population in the area of overlapping jurisdiction shall be attributed to each jurisdiction in proportion to the extent to which each operate and manage parks and recreational areas and facilities for that population. In any instance in which the boundary of a city overlaps the boundary of such a district, and in the area of overlap the city does not operate and manage parks and recreational areas and facilities, all grant funds shall be allocated to the district.

(f) For the purpose of making the calculations required by this section, population shall be determined by the department, in cooperation with the Department of Finance, on the basis of the most recent verifiable census data and other verifiable population data that the department may require to be furnished by the applicant city, county, or district.

(g) Of the funds appropriated in subdivision (c) of Section 5096.620, twelve million five hundred thousand dollars ($12,500,000) shall be allocated to a city with an urban population greater than three million five hundred thousand in a county of the first class, and ten million dollars ($10,000,000) shall be allocated to a county of the first class.

One-time allocations that have been expended for parks or other projects, but which are not available on an ongoing basis, may not be considered when calculating a recipient's annual expenditures. For purposes of this subdivision, the Controller may request fiscal data from recipients for the preceding three fiscal years. Each recipient shall furnish the data to the Controller not later than 120 days after receiving the request from the Controller.

5096.624. (a) The director shall prepare and adopt criteria and procedures for evaluating applications for grants allocated pursuant to subdivisions (a) to (c), inclusive, of Section 5096.620. Individual applications for funds shall be submitted to the department for approval as to their conformity with the requirements of this chapter. The

application shall be accompanied by certification that the project for which the grant is requested is consistent with the park and recreation element of the applicable city or county general plan or the district park and recreation plan, as the case may be, and will satisfy a high priority need.

(b) To utilize available grant funds as effectively as possible, overlapping or adjoining jurisdictions and applicants with similar objectives are encouraged to combine projects and submit a joint application. An applicant may allocate all or a portion of its per capita share for a regional or state project.

(c) The director shall annually forward a statement of the total amount to be appropriated in each fiscal year for projects approved for grants pursuant to this article to the Director of Finance for inclusion in the Budget Bill. A list of eligible jurisdictions and the amount of grant funds to be allocated to each shall also be made available by the department.

Contributions may be in the form of money from a nonstate source; gifts of real property, equipment, and consumable supplies; volunteer services; free or reduced-cost use.

5096.633. Any grant funds appropriated pursuant to this article that have not been expended by the grant recipient prior to July 1, 2011, shall revert to the fund and be available for appropriation by the Legislature for one or more of the local assistance programs specified in Section 5096.620 that the Legislature determines to be the highest priority statewide.

The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable. Pursuant to this section, the Treasurer shall sell the bonds authorized by the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act Finance Committee created pursuant to subdivision (a) of Section 5096.667 at any different times that are necessary to service expenditures appropriated pursuant to this chapter.

5096.666. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter by this reference as though set forth in full in this chapter.

The committee consists of the Controller, the Director of Finance, and the Treasurer, or their designated representatives. The Treasurer shall serve as chairperson of the committee. A majority of the committee may act for the committee.

(b) For purposes of the State General Obligation Bond Law, the Secretary of the Resources Agency is designated the ''board.''

5096.668. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter

to carry out Section 5096.610 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

5096.670. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds maturing each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

5096.671. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

5096.672. For purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this chapter. Any amount withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

5096.673. Pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, the cost of bond issuance shall be paid out of the bond proceeds. These costs shall be shared proportionally by each program funded through this bond act.

5096.674. Actual costs incurred in connection with administering programs authorized under the categories specified in Section 5096.610 shall be paid from the funds authorized by this act.

5096.675. The secretary may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, including other authorized forms of interim financing that include, but are not limited to, commercial paper, in accordance with Section 16312 of the Government Code, for purposes of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter. The secretary shall execute any documents required by the Pooled Money Investment Board to obtain

and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

5096.676. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

5096.677. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state of the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

5096.678. Notwithstanding any provision of this chapter or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

5096.679. (a) The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not ''proceeds of taxes'' as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

(b) Funds provided pursuant to this chapter, and any appropriation or transfer of those funds, shall not be deemed to be a transfer of funds for the purposes of Chapter 9 (commencing with Section 2780) of Division 3 of the Fish and Game Code.

5096.681. Except for funds continuously appropriated by this chapter, all appropriations of funds pursuant to Section 5096.610 for purposes of the program shall be included in the Budget Bill for the 2002–03 fiscal year, and each succeeding fiscal year, for consideration by the Legislature, and shall bear the label ''California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Program Fund.'' The Budget Bill section shall contain separate items for each project, each class of project, or each element of the program for which an appropriation is made.

5096.683. The Secretary shall provide for an annual audit of expenditures from this chapter.

SEC. 2. Section 1 of this act shall take effect upon adoption by the voters of the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002, as set forth in Section 1 of this act.

(b) The Secretary of State shall ensure the placement of Section 1 of this act on the March 5, 2002, statewide ballot, in accordance with provisions of the Government Code and the Elections Code governing the submission of statewide measures to the voters.

(c) The Secretary of State shall include, in the ballot pamphlets mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of the Elections Code regarding the bond act set forth in Section 1 of this act.

SEC. 4. (a) Notwithstanding any other provision of law, with respect to the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002, all ballots of the election shall have printed thereon and in a square thereof, exclusively the words: ''The California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002'' and in the same square under those words, the following 8-point type: ''To protect rivers, lakes, and streams to improve water quality and ensure clean drinking water; to protect beaches and coastal areas threatened by pollution; to improve air quality; to preserve open space and farmland threatened by unplanned development; to protect wildlife habitat; to restore historical and cultural resources; to repair and improve the safety of state and neighborhood parks; the state shall issue bonds totaling two billion six hundred million dollars ($2,600,000,000) paid from existing funds. This program is subject to an annual independent audit. (At this point the Attorney General may include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code.)'' Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

(b) Where the voting in the election is done by means of voting machines used pursuant to law in a manner that carries out the intent of this section, the use of the voting machines and the expression of the voter's choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002, set forth in Section 1 of this act, may be submitted for voter approval at the earliest feasible time, it is necessary that this act take effect immediately.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 3.3 (commencing with Section 5640) is added to Division 5 of the Public Resources Code, to read:

These neighborhoods are often the same areas that suffer most from high unemployment and destructive or unlawful conduct by youth.

(b) The program established by the chapter will encourage community participation in, and a greater sense of responsibility toward, new parks and recreation areas and facilities, which will help keep them clean and safe and which will enhance community pride and sustain neighborhood vitality.

(c) New parks and facilities will provide safe recreational opportunities for children and positive outlets for youth, and will meet the special recreational and social needs of senior citizens and other urban population groups.

5642. As used in this article, the following terms shall have the following meanings:

(a) ''City'' means a city or a city and county.

(b) ''District'' means a regional park district, regional park and open-space district, or regional open-space district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3, or a recreation and park district formed pursuant to Chapter 4 (commencing with Section 5780).

(c) ''Facilities'' includes, but is not limited to, places for organized team sports, outdoor recreation, and informal turf play; nonmotorized recreational trails; permanent play structures; landscaping; places for passive recreation, enjoyment of scenic open space, nature appreciation and study, and outdoor education; multipurpose structures designed to meet the special recreational, educational, vocational, and social needs of youth, senior citizens, and other urban population groups; and infrastructure and other improvements that support these facilities.

(d) ''Heavily urbanized county'' means a county with a population of 500,000 or more, and a density of at least 1,100 persons per square mile, based on the most recent verifiable census data.

(e) ''Nonprofit organization'' means any nonprofit public benefit corporation formed pursuant to the Nonprofit Corporation Law (Division 2 (commencing with Section 5000) of the Corporations Code), qualified to do business in California, qualified under Section 501(c)(3) of Title 26 of the United States Code, and that has among its primary purposes the preservation, protection, or enhancement of land or water resources in their natural, scenic, historical, agricultural, forested, or open space condition or use, or the provision of conservation and environmental education and other recreational, vocational, and educational services to urban youth.

5643. The Department of Parks and Recreation shall establish a local assistance program to offer grants, on a competitive basis, to eligible cities, counties, joint powers authorities, any district except a school district authorized to provide park, recreational, or open-space services, or a combination of those services, and nonprofit organizations for the acquisition or development, or both, of property for urban parks and recreation areas and facilities.

5644. The following entities are eligible to apply for grants pursuant to this chapter:

(a) A heavily urbanized county.

(b) Any city or district, or joint powers authority that includes a city or district, irrespective of population, in a heavily urbanized county.

(c) Any city with a population of 100,000 or more, based on the most recent verifiable census data, which is not in a heavily urbanized county.

(d) A nonprofit organization that is applying for a grant for a project located within the jurisdiction of an entity that meets the requirements of subdivision (a), (b), or (c).

5645. The department may award a grant pursuant to this chapter only for a project that meets all of the following requirements:

(a) The proposed project is within the jurisdiction of an eligible applicant, as specified in Section 5644.

(b) The project will result in the creation of a new urban park or new recreational or multipurpose facility.

5646. In evaluating applications for grants that meet the requirements of Section 5645, the department shall assign higher priority to applications, for each of the following criteria satisfied:

(a) The amount of the grant applied for, together with any matching contribution, will meet all the costs of acquiring or developing, or both, the new urban park or facilities, and when construction of the project is completed, the new urban park or facility will be fully usable by the residents of the project's service area.

(b) The project's service area has significant deficiencies in parks and facilities relative to other areas of the applicant's jurisdiction.

(c) The project will enhance employment opportunities for residents, including at-risk youth, of the project's service area, or of members of the California Conservation Corps or certified local conservation corps.

(d) The project will accommodate outdoor learning opportunities for school pupils or at-risk youth from the project's service area, or of members of the California Conservation Corps or certified conservation corps.

(e) The project will be usable by pupils from one or more public schools in the project's service area.

(f) The application includes a commitment for a matching contribution. The matching contributions may be in the form of money from any source, including funds from other state local assistance programs; gifts of real property, equipment, and consumable supplies; volunteer services; free or reduced-cost use of land, facilities, or equipment; and bequests and income from wills, estates, and trusts. The department shall evaluate the amount of the matching contribution in terms of its proportionality in relation to the economic resources of the applicant.

(g) The project will wholly or partly replace an area of blight, or will contribute significantly to the economic revitalization of the area in the project's service area.

(h) The development phase of the project was planned with public input from the affected community.

(i) The project is a joint-use project between two or more agencies that share responsibility for ownership, development, and maintenance of the project.

5647. (a) The department may adopt guidelines to amplify or clarify the criteria specified in Section 5646, and may adopt additional

criteria, to supplement those criteria, but the scope of the additional criteria shall be limited to providing additional guidance in selecting projects in areas that have the greatest deficiencies in parks and facilities.

(b) The department may develop a procedural guide for the administration of this chapter and the guidance of applicants.

(c) The department shall solicit written comments and hold public hearings at convenient locations throughout the state on any guideline or procedural guide that is proposed to be adopted or developed pursuant to this section.

(d) If the department determines to adopt guidelines or to develop a procedural guide pursuant to this section, the department shall adopt the guidelines or develop the procedural guide on or before April 1, 2002.

(e) Any regulation or procedural guide adopted or developed pursuant to this section shall not be subject to the review or approval of the Office of Administrative Law or to any other requirement of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.

(f) The department may not expend more than 5 percent of the amount annually appropriated for the purposes of this chapter for administrative costs.

5648. (a) The local assistance program created by this chapter is intended to include grants for the acquisition or development, or both, of parcels of property of any size that will serve urban residents and otherwise meet the requirements of this chapter. The department shall not assign an application a lower priority on the basis that the application proposes the acquisition of a city lot or other small parcel.

(b) A grant may be expended to acquire the fee title, a leasehold, or other interest in real property. If an application proposes to acquire less than fee title, the applicant shall demonstrate in the application, to the satisfaction of the department, that the proposed project will provide public benefits that are commensurate with the type and duration of the interest in real property to be acquired.

5649. Any eligible nonprofit organization may apply for a grant on its own behalf or on behalf of an eligible city, county, or district pursuant to a contract with that city, county, or district to acquire and develop the urban park or recreation area. The application shall include a copy of the contract and the resolution or other authorization for the contract. The contract shall specify arrangements for the long-term management and operation of the urban park or recreation area.

5650. (a) Every applicant for a grant pursuant to this chapter and the entity that will operate and maintain the property, if that entity is different than the applicant, shall agree to comply with all of the following requirements:

(1) To operate and maintain the property developed pursuant to this chapter so that it is usable by residents of the project's service area. With the approval of the department, the grant recipient, or its successor in interest in the property, may transfer its property interest and the responsibility to operate and maintain the property, in accordance with the terms of the grant and any applicable law, to a public agency or nonprofit organization that is able to operate and maintain the property in perpetuity. Any attempt to make a transfer in violation of this subdivision is void.

(2) To use the property only for the purposes for which the grant was made and to make no other use or sale or other disposition of the property, except as authorized by specific act of the Legislature. If the use of the property is changed to a use that is not permitted by the terms of the grant, or if the property is sold or otherwise disposed of, the grant recipient shall reimburse the state an amount equal to the amount of the grant, the fair market value of the land and any improvements constructed with the grant, or the proceeds from the sale or other disposition, whichever amount is greatest. If the property that is sold or otherwise disposed of is less than the entire interest in the property funded with the grant, the grant recipient shall reimburse the state an amount equal to either the proceeds from the sale or other disposition of the interest or the fair market value of the interest sold or otherwise disposed of, whichever amount is greater.

(b) In lieu of seeking reimbursement pursuant to paragraph (2) of subdivision (a), the department may impose restrictions on the use of public park property identical to the requirements for the preservation of public parks set forth in the Public Park Preservation Act of 1971 (Chapter 2.5 (commencing with Section 5400)) with respect to any property used, sold, or otherwise disposed of in a manner not permitted by the terms of the grant.

5651. The recipient of a grant pursuant to this chapter may use the grant funds to pay for any portion of the cost of cleaning up, removing, or remediating any toxic materials or hazardous substances, if the amount used for cleanup, removal, or remediation does not exceed the lesser of 20 percent of the grant allocated to the project or one hundred thousand dollars ($100,000).

5652. A grant recipient shall encumber grant moneys within three years of the date of the approval of the grant.

5653. On or before April 30, 2003, and on or before April 30 annually thereafter, the department shall submit a report to the Legislature on the status of each grant made pursuant to this chapter.

5654. The provisions of this chapter shall be implemented only in a fiscal year for which funding is provided for that purpose in the annual Budget Act.

## CHAPTER 877

An act to add Section 5004.5 and Chapter 1.55 (commencing with Section 5095) to Division 5 of the Public Resources Code, relating to parks and recreation.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Urban recreation and sports programs are a proven, common sense, and cost-effective means of preventing crime and delinquency. Investment in recreation is not a luxury, but rather is an investment in our security and health, and in the stability of our cities.

(b) Recreation, team sports, and games build self-esteem, confidence, social harmony, independent thinking, self-discipline, good manners, health, and skills in conflict resolution.

(c) Demand for recreation and the need for accessible, well-maintained, and lighted places to recreate far exceed the available supply of recreational facilities.

(d) It is cost-effective to invest in recreational rather than in incarceration facilities. The cost of keeping one teenager in detention for one year approaches thirty thousand dollars ($30,000).

(e) Urban recreation programs have a proven track record of reducing juvenile crime by more than 50 percent in some cities and by 90 percent in other major cities.

(f) Many of our cities suffer from a severe shortage of accessible recreation areas; a problem that is particularly acute in low-income and underserved communities.

SEC. 2. Section 5004.5 is added to the Public Resources Code, to read:

5004.5. (a) The California Youth Soccer and Recreation Development Program is hereby created in the department. The department shall administer the program, which is intended to provide assistance to local agencies and community-based organizations with regard to funding, and fostering the development of, new youth soccer, baseball, and basketball recreation opportunities in the state.

(b) The department shall report to the Assembly Committee on Budget and the Senate Committee on Budget and Fiscal Review on the need for soccer and baseball fields and basketball courts in the state, and the need for lighting, maintenance, and capital improvements to develop and improve existing recreational areas, with special emphasis on the development of soccer, baseball, and basketball facilities. The department shall coordinate with local agencies and community-based organizations to identify those areas in the state where there is a shortage of appropriate recreational facilities, particularly in heavily populated, urban, low-income, and crime ridden areas.

(c) The California Youth Soccer and Recreation Development Fund is hereby created in the State Treasury, to be used as a repository of funds derived from federal, state, and private sources to be used for the program.

(d) The department shall award grants, on a competitive basis, to local agencies and community-based organizations for the purposes of the program, subject to an appropriation therefor. The department shall also develop eligibility guidelines for the award of grants that give preference to those communities that provide matching funds for grants, and that are heavily populated, low-income urban areas with a high youth crime and unemployment rate. The guidelines shall also require that preference be given to those inner city properties that may be leased for periods of at least five years or more for recreational purposes. The department shall conduct public hearings throughout the state prior to final adoption of eligibility guidelines.

(e) For purposes of this section, the following terms have the following meanings:

(1) ''Community-based organization'' means an organization that enters into a cooperative agreement with the department pursuant to Section 513, a nonprofit group or organization, or a friends of parks group or organization of a city, county, city and county, and regional park.

(2) ''Local agency'' means a city, county, city and county, park and recreation district, open-space district, or school district.

SEC. 3. Chapter 1.55 (commencing with Section 5095) is added to Division 5 of the Public Resources Code, to read:

## CHAPTER 1.55. STATE URBAN PARKS AND HEALTHY COMMUNITIES ACT

5095. This chapter shall be known, and may be cited, as the State Urban Parks and Healthy Communities Act.

5095.1. The Legislature finds and declares all of the following:

(a) Parks and recreation provide opportunities for building strong communities and promote ethnic and cultural harmony.

(b) The state parks system and the network of community and regional parks, along with park professionals, are in a unique position to promote educational, recreational, and community services that foster partnerships with schools, nonprofit organizations, and other government organizations that serve as a foundation for the healthy development of our communities.

(c) California's population is growing increasingly diverse and it is incumbent upon state and local governments, working with local education entities, to develop and integrate programs and educational curriculum that take full advantage of the state's natural environs.

(d) Today, many of our communities are in distress and face increasingly complex problems of poverty, race relations, environmental concerns, crime, and inadequate education facilities. These problems are exacerbated by the lack of communication, collaboration, and services in our inner cities. More and more local agencies, along with nonprofit community-based organizations, are called upon to provide recreation, after school programs, and community services to meet these growing problems.

(e) Most state, community, and regional parks play a role in educating the public about our cultural diversity, historical roots, biological networks, and ecological systems. To do this effectively, these entities need to identify and integrate themes within our state and local parks systems that are relevant to urban communities and, to the extent possible, work with local education agencies to better define those themes and provide increased opportunities for children to access California's park network as a ''living classroom.''

(f) There are numerous examples across the state where collaborative efforts on behalf of state, community, and regional parks working in conjunction with community-based organizations and local education entities have developed programs, providing children with exemplary outdoor educational experiences.

(g) Often, inner city and minority youth populations lack access to recreational opportunities.

(h) Recreational and athletic activities have served to break down color barriers in various communities and allowed individuals such as Tiger Woods and Venus Williams to blaze new cultural and societal trails, serving as positive role models for urbanized youth throughout the nation.

(i) In addition, many urban areas throughout the state lack the financial means or availability of property to acquire and develop parks and recreation areas and facilities, particularly in the neighborhoods that are currently least served in this area.

(j) To promote a greater sense of responsibility toward new parks and recreation areas and facilities, it is vital to encourage community participation in the development of new parks and recreation areas and facilities, which will help keep them clean and safe and enhance community pride and sustain neighborhood vitality.

(k) Recreation, team sports, and games build self-esteem, confidence, social harmony, independent thinking, self-discipline, sportsmanship, and health and help to develop skills in conflict resolution.

5095.2. As used in this chapter, the following terms have the following meanings:

(a) ''Active recreational purpose'' means an activity that requires athletic fields, courts, gymnasiums, or other recreational venues for youth soccer, baseball, football, basketball, tennis, or swimming, or any activity the department identifies as meeting this definition.

(b) ''Department'' means the Department of Parks and Recreation.

(c) ''Director'' means the Director of Parks and Recreation.

(d) ''Facility'' includes a place for organized team sports, outdoor recreation, permanent play structures, and multipurpose structures designed to meet the special recreational, educational, vocational, and social needs of youth. ''Facility'' also includes the acquisition of properties or development of venues for the furtherance of the purposes of Section 5095.4 where existing state conservancies or state, community or regional parks are not readily accessible.

(e) ''Fund'' means the State Urban Parks and Health Communities Fund.

(f) ''Nonurbanized local agency'' means any city, county, or district that qualifies as a nonurbanized area as defined in subdivision (e) of Section 5621 and that is eligible for grant funding pursuant to Chapter 3.2 (commencing with Section 5620).

(g) ''Special district'' means a regional park district, regional park and open-space district, or regional open-space district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3, or a recreation and park district formed pursuant to Chapter 4 (commencing with Section 5780).

(h) ''State agency'' includes the Department of Parks and Recreation and the state conservancies in existence on the effective date of the act adding this section during the 2001 portion of the 2001–02 Regular Session.

(i) ''Urbanized or heavily urbanized local agencies'' include cities, counties, or a city and county, or special districts as determined by the Department of Finance according to the latest verifiable census data pursuant to subdivisions (c) and (d) of Section 5621.

5095.3. There is hereby created, in the State Treasury, the State Urban Parks and Healthy Communities Fund. The department shall expend moneys from this fund, upon appropriation by the Legislature, to provide grants to state agencies, including state conservancies in existence on the effective date of the act adding this section during the 2001 portion of the 2001–02 Regular Session, urbanized or heavily urbanized local agencies, and community-based organizations, in accordance with Sections 5095.4 and 5095.5. The department may not expend more than 2.5 percent of the moneys in the fund to administer this chapter.

5095.4. (a) The director, in consultation with the State Department of Education, shall develop guidelines for curriculum for outdoor education using state conservancy properties in existence on the effective date of the act adding this section during the 2001 portion of the 2001–02 Regular Session, and state, community, and regional park units, and identify regions of the state where schoolage children lack adequate opportunities to access educational opportunities. The curriculum components may include, but not be limited to including, tapping California's vast resource areas for instruction of earth sciences, life sciences, geology, climate, history, social sciences, visual arts, performing arts, and culture. To accomplish this goal, the department shall create a competitive grant program to assist state parks, state conservancies in existence on the effective date of the act adding this section during the 2001 portion of the 2001–02 Regular Session, and urbanized and heavily urbanized local agencies and community-based organizations within those jurisdictions, working in collaboration to provide outdoor educational opportunities to children.

(1) Applicant entities shall provide a 25 percent matching contribution in community resources. The matching contributions may be in the form of money, including funds from other state or local assistance programs, gifts of real property, equipment, and consumable supplies, volunteer services, free or reduced-cost use of land, facilities, or equipment, and bequests and income from wills, estates, and trusts. The department shall evaluate the amount of the matching contribution in terms of its proportionality in relation to the economic resources of the applicant. The department may establish findings for hardships to waive the matching requirement when an applicant cannot meet the requirement.

(2) The department may give additional consideration to applicant entities collaborating with other entities, such as school districts, faith-based groups and others providing outreach programs to identify and attract urbanized youth most in need of organized, constructive recreational activities.

(b) The department shall make one-third of any funds appropriated for the purposes of this chapter available to give special priority to providing increased access for elementary schoolage children in grades 2 to 8, inclusive, to conservancy or state, community, and regional park properties and, in addition, shall give priority, in awarding a grant pursuant to this section, to all of the following:

(1) Programs that use curriculum tied to the State Department of Education standards for environmental education content.

(2) Applicants that serve children with family incomes below the statewide average, based on the most recent figures computed and established by the Department of Finance.

(3) Applicants that provide access to children who are underserved or lack access to parks or other outdoor venues suitable to conduct appropriate environmental education instruction.

(4) Applicants that have developed working collaboratives to develop environmental education partnerships.

(5) Applicants working in collaboration with local educational agencies to identify those children lacking adequate opportunities to access outdoor environmental education curriculum or innovative or alternative recreation programming.

(c) The amount of a grant awarded pursuant to this section may not be less than twenty thousand dollars ($20,000) or more than two hundred thousand dollars ($200,000). A grant may be expended for any of the following purposes:

(1) Staffing that is directly associated with the programming.

(2) Staff training or development directly associated with the programming.

(3) Costs associated with transporting youth between a community or school and the proposed environmental education venue.

(4) Medical insurance for the participants, only if the insurance is a requirement pursuant to the activity.

(5) Operational costs, such as the rental equipment, food, and supplies.

(6) Applicants that can demonstrate that the administrative costs associated with this activity will not exceed more than 7.5 percent of the amount of the grant.

(d) The department may gather information from the applicants as to the effectiveness of these programs in meeting program objectives. The department shall summarize this information and report to the appropriate budget and fiscal committees of both houses of the Legislature as to the number of children served, the educational objectives met, and the level of demand.

(e) Applicant agencies may enter into contracts with other public agencies or entities to provide unique interpretive skills or to present

authentic, curriculum-based programs in units of conservancy properties or state, community, or regional park systems for services not otherwise provided. The purpose of this subdivision is to authorize the applicants to provide programming services, equipment, and materials that assist in the curriculum program or provide educational activities that assist in the presentation of cultural traditions.

5095.5. (a) The department shall allocate two-thirds of any funds appropriated for the purposes of this chapter to provide grants to urbanized or heavily urbanized local agencies or community-based organizations within these jurisdictions for the acquisition and development of properties for active recreational purposes, as defined. Eligible projects shall meet all of the following criteria:

(1) The amount of the grant applied for, together with any matching contribution, shall meet all of the cost of acquiring and developing the project, and when construction of the project is completed, the new urban park or facility shall have a management plan and demonstrate to the satisfaction of the department that the applicant agencies have sufficient means to ensure that the park or facility shall remain open and accessible to the public.

(2) The application includes a commitment for a matching contribution. The matching contributions may be in the form of money, including funds from other state or local assistance programs, gifts of real property, equipment, and consumable supplies, volunteer services, free or reduced-cost use of land, facilities, or equipment, and bequests and income from wills, estates, and trusts. The department shall evaluate the amount of the matching contribution in terms of its proportionality in relation to the economic resources of the applicant. The department may establish findings for hardships to waive the matching requirement when an applicant cannot meet the requirement.

(3) The department may give special consideration to projects that wholly or partly replace an area of blight, or contribute significantly to the economic revitalization to the immediate community.

(4) To the extent possible, the project is a joint-use project between two or more agencies that share responsibility for ownership, development, and maintenance of the project.

(b) The department shall adopt guidelines to amplify or clarify the criteria specified in Section 5095.4 or this section, and may adopt additional criteria, to supplement those criteria.

(c) The department may develop a procedural guide for the administration of this chapter and the guidance of applicants.

(d) The department shall solicit written comments and hold public hearings at convenient locations throughout the state on any regulations, guidelines, or the procedural guide proposed to be adopted or developed pursuant to this section.

(e) The department shall adopt guidelines to implement this chapter on or before June 1, 2002.

(f) Any regulation, guideline, or procedural guide adopted or developed pursuant to this section is not subject to the review or approval of the Office of Administrative Law or to any other requirement of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(g) A grant received pursuant to this section may be expended to acquire the fee title or other interest in real property. If an application proposes to acquire less than fee title, the applicant shall demonstrate in the application, to the satisfaction of the department, that the proposed project will provide public benefits that are commensurate with the type and duration of the interest in real property to be acquired.

(h) With the consent of an urbanized or heavily urbanized local agency, any eligible nonprofit organization may apply for a grant on behalf of an entity for the purposes of either Section 5095.4 or this section. The application shall include a copy of any contract between the local agency and the nonprofit organization and the resolution or other authorization of consent. The contract shall specify arrangements for the long-term management and operation of the urban park or recreation area.

(i) Every applicant for a grant pursuant to this section and the entity that will operate and maintain the property, if that entity is different than the applicant, shall agree to comply with all of the following requirements:

(1) To operate and maintain the property developed pursuant to this chapter so that it is usable by residents of the affected area. With the approval of the department, the grant recipient, or its successor in interest in the property, may transfer its property interest and the responsibility to operate and maintain the property, in accordance with the terms of the grant and any applicable law, to a public agency or nonprofit organization that is able to operate and maintain the property in perpetuity. Any attempt to make a transfer in violation of this subdivision is void.

(2) To use the property only for the purposes for which the grant was made and to make no other use or sale or other disposition of the property, except as authorized by statute. If the use of the property is changed to a use that is not permitted by the terms of the grant, or if the property is sold or otherwise disposed of, the grant recipient shall reimburse the department an amount equal to the amount of the grant, the fair market value of the land and any improvements constructed with the grant, or the proceeds from the sale or other disposition, whichever amount is greater. If the property that is sold or otherwise disposed of is less than the entire interest in the property funded with the grant, the

grant recipient shall reimburse the department an amount equal to either the proceeds from the sale or other disposition of the interest or the fair market value of the interest sold or otherwise disposed of, whichever amount is greater.

(3) In lieu of seeking reimbursement pursuant to paragraph (2), the department may impose restrictions on the use of public park property identical to the requirements for the preservation of public parks set forth in the Public Park Preservation Act of 1971 (Chapter 2.5 (commencing with Section 5400)) with respect to any property used, sold, or otherwise disposed of in a manner not permitted by the terms of the grant.

(j) The recipient of a grant pursuant to this chapter may use the grant funds to pay for any portion of the cost of cleaning up, removing, or remediating any toxic materials or hazardous substances, if the amount used for cleanup, removal, or remediation does not exceed 20 percent of the grant allocated to the project.

(k) A grant recipient shall encumber grant moneys within two years of the date of the approval of the grant.

(*l*) The amount allocated pursuant to this chapter shall be roughly divided 60 percent to the southern portion of the state (south of the Tehachapi Mountains) and 40 percent to the northern portion.

(m) Recognizing that some rural areas of the state have significant deficiencies of park facilities for active recreational purposes, the department shall consider allocating two hundred fifty thousand dollars ($250,000) pursuant to this section to nonurbanized local agencies. In awarding these grants, the department shall apply the same guidelines as those established for awarding a grant to a nonurbanized area pursuant to subdivision (e) of Section 5621.

(n) To qualify as an eligible program or project, a Member of the Legislature must first nominate the program or project, pursuant to Section 5095.4 and this section. If the department determines that the program or project is eligible, the department shall issue an application to the eligible agency. A Member of the Legislature may nominate any and all projects within his or her district.

SEC. 4. Any grants awarded pursuant to this act shall be contingent upon a future appropriation in the annual Budget Act.

## CHAPTER 878

An act relating to parks and recreation, and making an appropriation therefor.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. If the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 (Ch. 1.696 (commencing with Sec. 5096.600), Div. 5, P.R.C.) is approved by the voters at the March 5, 2002, primary election, of the funds allocated pursuant to subdivision (d) of Section 5096.620 of the Public Resources Code, one hundred forty million dollars ($140,000,000) shall be expended for the purposes of Assembly Bill 1481 of the 2001–02 Regular Session, if that bill is enacted, and fifty million dollars ($50,000,000) shall be expended for the purposes of Senate Bill 359 of the 2001–02 Regular Session, if that bill is enacted.

---

## CHAPTER 879

An act to add and repeal Chapter 1.73 (commencing with Section 5097.7) of Division 5 of the Public Resources Code, relating to historical resources, and making an appropriation therefor.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

I have signed SB 307 with a deletion of the $450,000 General Fund appropriations.

This bill would create the California Japantown Preservation Pilot Project, which would require the State Librarian to provide a one-time grant to the City of Los Angeles, the City of San Jose and the City and County of San Francisco to promote the preservation of these important neighborhoods.

Although I am deleting the appropriation, I am signing AB 1602 that, if enacted by the voters, will provide $267.5 million for cultural and historical preservation capital outlay projects. Additionally, I am directing the Department of Parks and Recreation to provide $150,000 from existing resources for the purposes of the bill until other appropriate sources of funding are available.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) California is distinguished as the most culturally and ethnically diverse state in the nation; yet, it is home to only a handful of remaining tangible treasures that reflect the history and traditions of our ethnic communities and towns. The history of those treasures is characterized by adversity, profound commitment, hard work, community initiative, triumphs, indomitable spirits, and hope for the future together with all-too-frequent destruction of their treasured places.

(b) Saving our ethnic communities is critical to our state and our nation. Not only are they sites of buildings, businesses and landmarks of historic and cultural significance, they are vital hubs that draw millions of people from all over the world who relate to and learn from their culture, history, food, and other elements of their heritage.

(c) Many of the few remaining communities are in critical danger of being lost to urban decay, neglected earthquake damage, encroaching economic forces and demographic shifts.

(d) For example, prior to World War II, more than 40 historical and geographic Japanese-American communities flourished throughout the United States. Sadly, today only three remain, all in California: San Francisco, San Jose, and Los Angeles.

(e) Each of these existing Japantowns, as well as several other communities reflecting different ethnic heritages, has already embarked on a community preservation and economic development planning process using existing resources. However, the complex dynamics of preserving historic structures, while simultaneously working to revitalize the surrounding area, require comprehensive, culturally sensitive and collaborative approaches that are currently beyond the scope and funding resources of existing state programs, local government agencies, and community-based programs.

(f) Those communities are often impeded in their efforts to seek additional resources because they are not necessarily a discreet, physically or geographically contained monument to a community's ethnic heritage, but rather are a diverse, unconnected assemblage of physical structures linked together by ethnic, cultural and historic bonds.

(g) The three remaining Japantowns in California face the immediate challenge of integrating development and urban renewal proposals that are not consistent with the cultural character of Japantown neighborhoods. While economic development within Japantown neighborhoods and communities is both welcomed and encouraged, that development should be guided by a comprehensive vision of the future with a commitment to the history and cultural character of the neighborhoods and communities. It is the intent of the Legislature in enacting Chapter 1.73 (commencing with Section 5097.7) of Division 5 of the Public Resources Code to assist cities and cities and counties in developing plans, or in implementing existing plans, for the preservation of Japantowns within their jurisdictions.

SEC. 2. Chapter 1.73 (commencing with Section 5097.7) is added to Division 5 of the Public Resources Code, to read:

## CHAPTER 1.73. CALIFORNIA JAPANTOWN PRESERVATION PILOT PROJECT

5097.7. (a) To implement the purposes of this chapter, the State Librarian shall provide a one-time grant in equal amounts to each of the following recipients:

(1) The City of Los Angeles.

(2) The City and County of San Francisco.

(3) The City of San Jose.

(b) Any city or city and county that receives a grant pursuant to this chapter shall utilize that grant money to aid in the preparation, adoption, or implementation of specific plans, in a manner that promotes the preservation of the existing Japantown neighborhoods in that jurisdiction. In addition to any public participation required under the current law, the city or city and county shall work, in consultation with a community organization designated by the legislative body of the city or city and county to develop a plan that is consistent with this section, or to implement an existing plan. A city or city and county that receives a grant pursuant to this chapter may utilize that grant money to aid in the implementation of an existing plan that promotes the preservation of a Japantown within its jurisdiction if that plan meets both of the following requirements:

(1) Was prepared with involvement from the Japantown stakeholders.

(2) Has been adopted by the city's or city and county's legislative body as consistent with its general plan.

(c) As used in this section, ''specific plan'' means a plan that is adopted by the legislative body of the city or city and county that meets the requirements of Article 8 (commencing with Section 65450) of Chapter 3 of Division 1 of Title 7 of the Government Code, or the corresponding provisions of any applicable municipal ordinance, rule, or regulation. Alternatively, any city or city and county that has adopted both a business district plan and a redevelopment plan that focuses exclusively on the revitalization of the Japantown area may, by resolution of its legislative body, designate those existing plans as its specific plan for the purposes of this chapter.

(d) As used in this section, ''community organization'' means any organization that is either of the following:

(1) A task force appointed by the legislative body of the city or city and county made up of representatives from the various groups of interested parties listed in paragraph (2).

(2) An organization that is registered with the Secretary of State as a California corporation whose objectives include the planning, preservation, and development of a Japantown in a city or city and

county identified in subdivision (a), and whose board of directors includes, but is not limited to, all of the following:

(A) Residents of the area identified as Japantown in the city or city and county receiving the grant.

(B) Business owners whose businesses are located in the area identified as Japantown in the city or city and county receiving the grant.

(C) Owners of property located in the area identified as Japantown in the city or city and county receiving the grant.

(D) Representatives of nonprofit organizations that serve the area identified as Japantown, or any other interested party from the city or city and county receiving the grant.

(e) During the preparation and adoption process of a specific plan described in this section, a city or city and county that receives a grant pursuant to this chapter shall, in consultation with an organization as defined in subdivision (d), review any proposed development within the area identified as Japantown and shall not approve the development unless the city or city and county makes findings and issues a written determination that the proposed development will not be inconsistent with, nor detrimental to, the proposed specific plan. The proposed development in the Japantown area shall be evaluated through the review process for all of the following:

(1) Its impact on the cultural and historical character of Japantown.

(2) Its impact on the current infrastructure of Japantown.

(3) Its ability to enhance the overall vitality of Japantown and address Japantown community's needs.

5097.71. (a) By December 30, 2004, the State Librarian shall provide a report to the Legislature regarding the accomplishments of the grant program established pursuant to this chapter.

(b) The report described in subdivision (a) may be utilized as a model for the creation of a permanent program within the Department of Parks and Recreation for the purpose of preserving and protecting other historic ethnic and culturally significant neighborhoods and communities.

5097.72. This chapter shall become inoperative on July 1, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one

million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 4. The sum of four hundred fifty thousand dollars ($450,000) is hereby appropriated from the General Fund to the California Research Bureau of the California State Library, for allocation to the State Librarian, to be distributed as grants in equal amounts in accordance with Chapter 1.73 (commencing with Section 5097.7) of Division 5 of the Public Resources Code. Up to 5 percent of the funds appropriated may be used by the State Librarian for the administrative costs to implement that chapter and to prepare a report as described in Section 5097.71 of the Public Resources Code.

## CHAPTER 880

An act to add Article 4.7 (commencing with Section 6072) to Chapter 4 of Division 3 of the Business and Professions Code, relating to attorneys.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The provision of pro bono legal services is the professional responsibility of California attorneys as an integral part of the privilege of practicing law in this state.

(b) Each year, thousands of Californians, particularly those of limited means, must rely on pro bono legal services in order to exercise their fundamental right of access to justice in California. Without access to pro bono services, many Californians would be precluded from pursuing important legal rights and protections.

(c) In recent years, many law firms in California have been fortunate to experience a robust increase in average attorney income. However, during the same time period, there has regrettably been a decline in the average number of pro bono services being rendered by attorneys in this state.

(d) Without legislative action to bolster pro bono activities, there is a serious risk that the provision of critical pro bono legal services will continue to substantially decrease.

SEC. 2. It is the intent of the Legislature to do the following:

(a) To reaffirm the importance and integral public function of California attorneys and law firms striving to provide reasonable levels of pro bono legal services to Californians who need those services.

(b) To strengthen the state's resolve to ensure that all Californians, especially those of limited means, have an effective means to exercise their fundamental right of access to the courts.

SEC. 3. Article 4.7 (commencing with Section 6072) is added to Chapter 4 of Division 3 of the Business and Professions Code, to read:

Article 4.7. Contracts For Legal Services

6072. (a) A contract with the state for legal services that exceeds fifty thousand dollars ($50,000) shall include a certification by the contracting law firm that the firm agrees to make a good faith effort to provide, during the duration of the contract, a minimum number of hours of pro bono legal services during each year of the contract equal to the lesser of 30 multiplied by the number of full-time attorneys in the firm's offices in the state, with the number of hours prorated on an actual day basis for any contract period of less than a full year or 10 percent of its contract with the state.

(b) Failure to make a good faith effort may be cause for nonrenewal of a state contract for legal services and may be taken into account when determining the award of future contracts with the state for legal services. If a firm fails to provide the hours of pro bono legal services set forth in its certification, the following factors shall be considered in determining whether the firm made a good faith effort:

(1) The actual number of hours of pro bono legal services provided by the firm during the term of the contract.

(2) The firm's efforts to obtain pro bono legal work from legal services programs, pro bono programs, and other relevant communities or groups.

(3) The firm's history of providing pro bono legal services, or other activities of the firm that evidence a good faith effort to provide pro bono legal services such as the adoption of a pro bono policy or the creation of a pro bono committee.

(4) The types of pro bono legal services provided, including the quantity and complexity of cases as well as the nature of the relief sought.

(5) The extent to which the failure to provide the hours of pro bono legal services set forth in the certification is the result of extenuating circumstances unforseen at the time of the certification.

(c) In awarding a contract with the state for legal services that exceeds fifty thousand dollars ($50,000), the awarding department shall consider the efforts of a potential contracting law firm to provide, during the

12-month period prior to award of the contract, the minimum number of hours of pro bono legal services described in subdivision (a). Other things being equal, the awarding department shall award a contract for legal services to firms that have provided, during the 12-month period prior to award of the contract, the minimum number of hours of pro bono legal services described in subdivision (a).

(d) As used in this section, ''pro bono legal services'' means the provision of legal services either:

(1) Without fee or expectation of fee to either:

(A) Persons who are indigent or of limited means.

(B) Charitable, religious, civic, community, governmental, and educational organizations in matters designed primarily to address the economic, health, and social needs of persons who are indigent or of limited means.

(2) At no fee or substantially reduced fee to groups or organizations seeking to secure or protect civil rights, civil liberties, or public rights.

(e) Nothing in this section shall subject a contracting law firm that fails to provide the minimum number of hours of pro bono legal services described in subdivision (a) to civil or criminal liability, nor shall that failure be grounds for invalidating an existing contract for legal services.

(f) This article shall not apply to state contracts with, or appointments made by the judiciary of, an attorney, law firm, or organization for the purposes of providing legal representation to low- or middle-income persons, in either civil, criminal, or administrative matters.

(g) This article shall not apply to contracts entered into between the state and an attorney or law firm if the legal services contracted for are to be performed outside the State of California.

(h) The provisions of this article shall become operative on January 1, 2003.

## CHAPTER 881

An act to add Article 12 (commencing with Section 69740) to Chapter 2 of Part 42 of the Education Code, relating to higher education loan assistance.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. It is the intent of the Legislature to provide access to legal education and to meet the needs of the State of California in areas

of law related to the public interest. The Legislature finds that the high cost of attending law school requires that attorneys command high incomes to repay the financial obligations incurred in obtaining the required training and that, consequently, few attorneys are able to practice in areas of law relating to the public interest because the pay is substantially lower than the pay in other practice areas. The Legislature finds that encouraging outstanding law students and attorneys to practice in areas of the law related to the public interest is essential to ensuring access to legal services in those areas. Therefore, it is the intent of the Legislature in enacting this act to provide for the partial or full repayment of educational loans of attorneys who provide legal services in California in a public interest area of the law.

SEC. 2. Article 12 (commencing with Section 69740) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 12. Public Interest Attorney Loan Repayment Program

69740. Unless the context requires otherwise, the definitions in this section govern the construction of this article.

(a) ''Commission'' means the Student Aid Commission.

(b) ''Eligible education and training programs'' means education and training programs approved by the commission that lead to eligibility for a license to practice law as a licensed attorney.

(c) ''Eligible expenses'' means reasonable expenses associated with the costs of acquiring an education such as tuition, books, equipment, fees, room and board, and other expenses determined by the commission.

(d) ''Eligible participant'' means a licensed attorney who has been admitted to the program and is a resident of this state and who can provide proof of residency in this state.

(e) ''Licensed attorney'' means an attorney who resides in this state who has successfully passed the California bar examination and has been admitted to practice in this state or has otherwise been licensed to practice law in this state by the State Bar of California.

(f) ''Loan repayment'' means a loan that is paid in full or in part if the participant renders legal services in this state in a public interest area of the law.

(g) ''Participant'' means a licensed attorney who has been admitted to the program and has commenced practice as a licensed attorney in this state in a public interest area of the law.

(h) ''Program'' means the Public Interest Attorney Loan Repayment Program.

(i) ''Public interest area of the law'' means those areas of the law determined by the commission, in consultation with the advisory

committee, to serve the public interest, including, but not necessarily limited to, providing direct legal service at a local (1) legal services organization, (2) prosecuting attorney's office, (3) child support agency office, or (4) criminal public defender's office. For the purposes of this article, a ''legal services organization'' is a legal services provider in California that serves a clientele over 70 percent of whom are low-income persons according to applicable federal income guidelines.

(j) ''Required service obligation'' means an obligation by the participant to provide legal services in this state in a public interest area of the law as established pursuant to this article.

69741. The Public Interest Attorney Loan Repayment Program is established for licensed attorneys who practice or agree to practice in public interest areas of the law in this state. The program shall be administered by the commission.

69741.5. The commission is limited to making 3,000 awards of loan assumption annually. Participants are eligible for a maximum of eleven thousand dollars ($11,000) in loan assistance for four years, as follows:

(a) For the first year, two thousand dollars ($2,000) in loan repayment assistance.

(b) For the second, third, and fourth years, three thousand dollars ($3,000) in loan repayment assistance for each year.

69742. (a) The commission shall establish eligibility criteria for participation in the program based upon need and merit. These criteria shall be based on all of the following, which are set forth in order of importance:

(1) The applicant's need, which shall be based on the applicant's salary, personal resources, and law school debt.

(2) The applicant's commitment to public interest law, which shall be determined by examining the applicant's employment and volunteer history, and taking into consideration a low-income applicant's need to work while in law school.

(3) The applicant's declared interest in practicing in areas of the state where the need for public interest attorneys is high.

(4) The applicant's academic achievements.

(b) The commission shall adopt initial regulations for the program within one year of the effective date of the initial appropriation funding the program.

69743. The program is intended to supplement, and not to replace, existing loan repayment programs operated by law schools. Prior to participating in the program, an applicant shall apply for any educational loan assistance from his or her educational institution for which he or she may qualify. Only if an applicant has received no loan repayment assistance, or only partial assistance, from other available sources, may

he or she apply to the program for assistance in repaying the balance of his or her educational loans.

69743.5. The commission shall select, from the qualified applicants, the individuals who are eligible to participate in the program. After each year-long period of full-time, or full-time equivalent, employment in a public interest area of the law, the loan repayment of the eligible participant shall be made to the lender.

69744. The commission may use the funds appropriated for the program, including reasonable administrative costs, for the purposes of loan repayments. The commission shall annually establish the total amount of funding to be awarded for loan repayments. Allocation of funds shall be established based upon the best use of funding for that year, as determined by the commission.

69745. (a) Loans from both government sources and financial institutions may be repaid by the program. Each participant shall agree to allow the commission access to loan records and to acquire information from lenders necessary to verify eligibility and to determine payments. Loans may not be renegotiated with lenders to accelerate repayment.

(b) Payments shall be made annually to the lender until the loan is repaid, fulfilled, or until the required service obligation is fulfilled and eligibility discontinues, whichever comes first.

(c) If the participant discontinues practicing in a public interest area of the law, payments against the loans of the participant shall cease to be effective on the date that the participant discontinues service.

69746. The commission is not responsible for any outstanding payments on principal and interest to any lender once a participant's eligibility expires.

69747. (a) The Public Interest Attorney Loan Repayment Endowment Account is created in the State Treasury.

(b) The commission shall deposit in the account all money received for the program. The account shall be self-sustaining and consist of funds appropriated by the Legislature for the program and private contributions to the program.

(c) With the exception of the operating costs associated with the management of the account by the Treasurer, the account shall be credited with all investment income earned by the account.

69748. (a) The Treasurer may invest, reinvest, manage, contract, sell, or exchange money in the account. Except as provided in subdivision (d) of Section 69747, earnings from the investment of the money in the account shall be retained by the account.

(b) Money in the account may be spent only for the purposes of the program as specified in this article.

(c) The Treasurer shall routinely consult and communicate with the commission on the investment policy, earnings of the trust, and related needs of the program.

## CHAPTER 882

An act to amend Sections 14836, 14837, 14838.5, 14839, 14839.1, 14840, 14842, and 14842.5 of, and to repeal and add Section 14838 of, the Government Code, and to amend Sections 2000 and 2001 of, and to add Sections 2002 and 10116 to, the Public Contract Code, relating to public contracts.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 14836 of the Government Code is amended to read:

14836. (a) The Legislature hereby declares that it serves a public purpose, and it is of benefit to the state, to promote and facilitate the fullest possible participation by all citizens in the affairs of the State of California in every possible way. It is also essential that opportunity is provided for full participation in our free enterprise system by small business enterprises.

(b) Further, it is the declared policy of the Legislature that the state should aid, counsel, assist, and protect, to the maximum extent possible, the interests of small business concerns, including microbusinesses, in order to preserve free competitive enterprise and to ensure that a fair proportion of the total purchases and contracts or subcontracts for property and services for the state be placed with these enterprises.

SEC. 2. Section 14837 of the Government Code is amended to read:

14837. As used in this chapter:

(a) ''Department'' means the Department of General Services.

(b) ''Director'' means the Director of General Services.

(c) ''Manufacturer'' means a business that is both of the following:

(1) Primarily engaged in the chemical or mechanical transformation of raw materials or processed substances into new products.

(2) Classified between Codes 2000 to 3999, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition.

(d) (1) ''Small business'' means an independently owned and operated business, which is not dominant in its field of operation, the

principal office of which is located in California, the officers of which are domiciled in California, and which, together with affiliates, has 100 or fewer employees, and average annual gross receipts of ten million dollars ($10,000,000) or less over the previous three years, or is a manufacturer, as defined in subdivision (c), with 100 or fewer employees.

(2) ''Microbusiness'' is a small business that, together with affiliates, has average annual gross receipts of two million five hundred thousand dollars ($2,500,000) or less over the previous three years, or is a manufacturer, as defined in subdivision (c), with 25 or fewer employees.

(3) The director shall conduct a biennial review of the average annual gross receipt levels specified in this subdivision and may adjust that level to reflect changes in the California Consumer Price Index for all items. To reflect unique variations or characteristics of different industries, the director may establish, to the extent necessary, either higher or lower qualifying standards than those specified in this subdivision, or alternative standards based on other applicable criteria.

(4) Standards applied under this subdivision shall be established by regulation, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1, and shall preclude the qualification of businesses that are dominant in their industry.

SEC. 3. Section 14838 of the Government Code is repealed.

SEC. 3.1. Section 14838 is added to the Government Code, to read:

14838. In order to facilitate the participation of small business, including microbusiness, in the provision of goods, information technology, and services to the state, and in the construction (including alteration, demolition, repair, or improvement) of state facilities, the directors of General Services and other state agencies that enter those contracts, each within their respective areas of responsibility, shall do all of the following:

(a) Establish goals, consistent with those established by the Office of Small Business Certification and Resources, for the extent of participation of small businesses, including microbusinesses, in the provision of goods, information technology, and services to the state, and in the construction of state facilities.

(b) Provide for small business preference, or nonsmall business preference for bidders that provide for small business and microbusiness subcontractor participation, in the award of contracts for goods, information technology, services, and construction, as follows:

(1) In solicitations where an award is to be made to the lowest responsible bidder meeting specifications, the preference to small business and microbusiness shall be 5 percent of the lowest responsible bidder meeting specifications. The preference to nonsmall business bidders that provide for small business or microbusiness subcontractor

participation shall be, up to a maximum of 5 percent of the lowest responsible bidder meeting specifications, determined according to rules and regulations established by the Department of General Services.

(2) In solicitations where an award is to be made to the highest scored bidder based on evaluation factors in addition to price, the preference to small business or microbusiness shall be 5 percent of the highest responsible bidder's total score. The preference to nonsmall business bidders that provide for small business or microbusiness subcontractor participation shall be up to a maximum 5 percent of the highest responsible bidder's total score, determined according to rules and regulations established by the Department of General Services.

(3) The preferences under paragraphs (1) and (2) may not be awarded to a noncompliant bidder and may not be used to achieve any applicable minimum requirements.

(4) The preference under paragraph (1) may not exceed fifty thousand dollars ($50,000) for any bid, and the combined cost of preferences granted pursuant to paragraph (1) and any other provision of law may not exceed one hundred thousand dollars ($100,000). In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar ($50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses, including microbusiness, in the contract award.

(c) Give special consideration to small businesses and microbusinesses by both:

(1) Reducing the experience required.

(2) Reducing the level of inventory normally required.

(d) Give special assistance to small businesses and microbusinesses in the preparation and submission of the information requested in Section 14310.

(e) Under the authorization granted in Section 10163 of the Public Contract Code, make awards, whenever feasible, to small business and microbusiness bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major projects into subprojects so as to allow a small business or microbusiness contractor to qualify to bid on these subprojects.

(f) Small business and microbusiness bidders qualified in accordance with the provisions of this chapter shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible under this provision or any other provision of law shall not result in the denial of the award to a small business or microbusiness bidder. In the event of a precise tie between the low responsible bid of a bidder meeting specifications of a small business or microbusiness, and the low responsible bid of a bidder meeting the specifications of a disabled veteran-owned small business

or microbusiness, the contract shall be awarded to the disabled veteran-owned small business or microbusiness. This provision applies if the small business or microbusiness bidder is the lowest responsible bidder, as well as if the small business or microbusiness bidder is eligible for award as the result of application of the small business and microbusiness bidder preference granted by subdivision (b).

SEC. 4. Section 14838.5 of the Government Code is amended to read:

14838.5. (a) Notwithstanding the advertising, bidding, and protest provisions of Chapter 6 (commencing with Section 14825) of this code and Chapter 2 (commencing with Section 10290) and Chapter 3 (commencing with Section 12100) of Part 2 of Division 2 of the Public Contract Code, a state agency may award a contract for the acquisition of goods, services, or information technology that has an estimated value of greater than five thousand dollars ($5,000), but less than two hundred thousand dollars ($200,000) for construction contracts and less than one hundred thousand dollars ($100,000) for all other contracts, to a certified small business, including a microbusiness, or to a disabled veteran business enterprise, as long as the agency obtains price quotations from two or more certified small businesses, including microbusinesses, or from disabled veterans business enterprises.

(b) In carrying out subdivision (a), state agencies shall consider a responsive offer timely received from a responsible certified small business, including a microbusiness, or from a disabled veteran business enterprise.

(c) If the estimated cost to the state is less than five thousand dollars ($5,000) for the acquisition of goods, services, or information technology, or a greater amount as administratively established by the director, a state agency shall obtain at least two price quotations from responsible suppliers whenever there is reason to believe a response from a single source is not a fair and reasonable price.

SEC. 5. Section 14839 of the Government Code is amended to read:

14839. There is hereby established within the department the Office of Small Business Certification and Resources. The duties of the office shall include:

(a) Compiling and maintaining a comprehensive bidders list of qualified small businesses, and noting which small businesses also qualify as microbusinesses.

(b) Coordinating with the Federal Small Business Administration, the Minority Business Development Agency, and the Office of Small Business Development of the Department of Economic and Business Development.

(c) Providing technical and managerial aids to small businesses and microbusinesses by conducting workshops on matters in connection with government procurement and contracting.

(d) Assisting small businesses and microbusinesses in complying with the procedures for bidding on state contracts.

(e) Working with appropriate state, federal, local, and private organizations and business enterprises in disseminating information on bidding procedures and opportunities available to small businesses and microbusinesses.

(f) Making recommendations to the department and other state agencies for simplification of specifications and terms in order to increase the opportunities for small business and microbusiness participation.

(g) Develop, by regulation, other programs and practices that are reasonably necessary to aid and protect the interest of small businesses and microbusinesses in contracting with the state.

(h) The information furnished by each contractor requesting a small business or microbusiness preference shall be under penalty of perjury.

SEC. 6. Section 14839.1 of the Government Code is amended to read:

14839.1. The department shall have sole responsibility for certifying and determining the eligibility of small businesses and microbusinesses under this chapter.

SEC. 7. Section 14840 of the Government Code is amended to read:

14840. The department shall submit an annual report to the Legislature no later than January 1 of each year containing the following information:

(a) Upon request, an up-to-date list of eligible small business bidders by general procurement and construction contract categories, noting company names and addresses and also noting which small businesses also qualify as microbusinesses.

(b) By general procurement and construction contract categories, statistics comparing the small business and microbusiness contract participation dollars to the total state contract participation dollars.

(c) By awarding department and general procurement and construction categories, statistics comparing the small business and microbusiness contract participation dollars to the total state contract participation dollars.

(d) Any recommendations for changes in statutes or state policies to improve opportunities for small businesses and microbusinesses.

(e) A statistical summary of small businesses and microbusinesses certified for state contracting by the number of employees at the business for each of the following categories: 0–25, 26–50, 51–75, and 76–100.

(f) To the extent feasible, beginning in the year 2002, the number of contracts awarded by the department in the categories specified in subdivision (e).

(g) The number of contracts and dollar amounts awarded annually pursuant to Section 14838.5 to small businesses, microbusinesses, and disabled veteran business enterprises.

SEC. 8. Section 14842 of the Government Code is amended to read:

14842. (a) A business that has obtained classification as a small business or microbusiness by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for classification, and which by reason of that classification has been awarded a contract to which it would not otherwise have been entitled, shall do all of the following:

(1) Pay to the state any difference between the contract amount and what the state's costs would have been if the contract had been properly awarded.

(2) In addition to the amount described in subdivision (a), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract involved.

(3) Be ineligible to transact any business with the state for a period of not less than three months and not more than 24 months.

(b) All payments to the state pursuant to paragraph (1) of subdivision (a) shall be deposited in the fund out of which the contract involved was awarded.

(c) All payments to the state pursuant to paragraph (2) of subdivision (a) shall be deposited in the state General Fund.

(d) Prior to the imposition of any sanctions under subdivision (a), a business shall be entitled to a public hearing and to at least five working days' notice of the time and place thereof. The notice shall state the reasons for the hearing.

SEC. 9. Section 14842.5 of the Government Code is amended to read:

14842.5. (a) It shall be unlawful for a person to do any of the following:

(1) Knowingly and with intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain, certification as a small business or microbusiness enterprise for the purposes of this chapter.

(2) Willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a state official or employee for the purpose of influencing the certification or

denial of certification of any entity as a small business or microbusiness enterprise.

(3) Willfully and knowingly obstruct, impede, or attempt to obstruct or impede, any state official or employee who is investigating the qualifications of a business entity that has requested certification as a small business or microbusiness enterprise.

(4) Knowingly and with intent to defraud, fraudulently obtain, attempt to obtain, or aid another person in fraudulently obtaining or attempting to obtain, public moneys to which the person is not entitled under this chapter.

(b) Any person who is found by the department to have violated any of the provisions of subdivision (a) is subject to a civil penalty of not more than five thousand dollars ($5,000).

(c) If a contractor, subcontractor, supplier, subsidiary, or affiliate thereof, has been found by the department to have violated subdivision (a) and that violation occurred within three years of another violation of subdivision (a) found by the department, the department shall prohibit that contractor, subcontractor, supplier, subsidiary, or affiliate thereof, from entering into a state project or state contract and from further bidding to a state entity, and from being a subcontractor to a contractor for a state entity and from being a supplier to a state entity.

## CHAPTER 883

An act to amend Sections 8547.4, 8547.8, 19682, 19683, and 19702 of, to add Section 19683.1 to, and to add Article 3.5 (commencing with Section 8548) to Chapter 6.5 of Division 1 of Title 2 of, the Government Code, relating to improper governmental activities.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares the following:

(a) The State Auditor has responsibility for investigating and reporting improper state governmental activity pursuant to the California Whistleblower Protection Act (Article 3 (commencing with Section 8547) of Chapter 6.5 of Division 1 of Title 2 of the Government Code).

(b) Since 1993, the State Auditor has investigated improper governmental activities costing the public more than ten million dollars ($10,000,000).

(c) These investigations resulted from state employees and members of the public reporting suspected improper governmental activities to the State Auditor through the auditor's hotline.

(d) To promote responsible reporting of suspected improper governmental activities, the State Auditor and state agencies shall undertake a campaign to inform state employees about the California Whistleblower Protection Act.

SEC. 2. Section 8547.4 of the Government Code is amended to read:

8547.4. The State Auditor shall administer the provisions of this article and shall investigate and report on improper governmental activities. If, after investigating, the State Auditor finds that an employee may have engaged or participated in improper governmental activities, the State Auditor shall send a copy of the investigative report to the employee's appointing power. Within 60 days after receiving a copy of the State Auditor's investigative report, the appointing power shall either serve a notice of adverse action upon the employee who is the subject of the investigative report or set forth in writing its reasons for not taking adverse action. The appointing power shall file a copy of the notice of adverse action with the State Personnel Board in accordance with Section 19574, and shall submit a copy to the State Auditor. If the appointing power does not take adverse action, it shall submit its written reasons for not doing so to the State Auditor and the State Personnel Board, and adverse action may be taken as provided in Section 19583.5. Any employee who is served with a notice of adverse action may appeal to the State Personnel Board in accordance with Section 19575.

SEC. 3. Section 8547.8 of the Government Code is amended to read:

8547.8. (a) A state employee or applicant for state employment who files a written complaint with his or her supervisor, manager, or the appointing power alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts prohibited by Section 8547.3, may also file a copy of the written complaint with the State Personnel Board, together with a sworn statement that the contents of the written complaint are true, or are believed by the affiant to be true, under penalty of perjury. The complaint filed with the board, shall be filed within 12 months of the most recent act of reprisal complained about.

(b) Any person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against a state employee or applicant for state employment for having made a protected disclosure, is subject to a fine not to exceed ten thousand dollars ($10,000) and imprisonment in the county jail for a period not to exceed one year.

Pursuant to Section 19683, any state civil service employee who intentionally engages in that conduct shall be disciplined by adverse action as provided by Section 19572.

(c) In addition to all other penalties provided by law, any person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against a state employee or applicant for state employment for having made a protected disclosure shall be liable in an action for damages brought against him or her by the injured party. Punitive damages may be awarded by the court where the acts of the offending party are proven to be malicious. Where liability has been established, the injured party shall also be entitled to reasonable attorney's fees as provided by law. However, any action for damages shall not be available to the injured party unless the injured party has first filed a complaint with the State Personnel Board pursuant to subdivision (a), and the board has issued, or failed to issue, findings pursuant to Section 19683.

(d) This section is not intended to prevent an appointing power, manager, or supervisor from taking, directing others to take, recommending, or approving any personnel action or from taking or failing to take a personnel action with respect to any state employee or applicant for state employment if the appointing power, manager, or supervisor reasonably believes any action or inaction is justified on the basis of evidence separate and apart from the fact that the person has made a protected disclosure as defined in subdivision (b) of Section 8547.2.

(e) In any civil action or administrative proceeding, once it has been demonstrated by a preponderance of evidence that an activity protected by this article was a contributing factor in the alleged retaliation against a former, current, or prospective employee, the burden of proof shall be on the supervisor, manager, or appointing power to demonstrate by clear and convincing evidence that the alleged action would have occurred for legitimate, independent reasons even if the employee had not engaged in protected disclosures or refused an illegal order. If the supervisor, manager, or appointing power fails to meet this burden of proof in an adverse action against the employee in any administrative review, challenge, or adjudication in which retaliation has been demonstrated to be a contributing factor, the employee shall have a complete affirmative defense in the adverse action.

(f) Nothing in this article shall be deemed to diminish the rights, privileges, or remedies of any employee under any other federal or state law or under any employment contract or collective bargaining agreement.

SEC. 4. Article 3.5 (commencing with Section 8548) is added to Chapter 6.5 of Division 1 of Title 2 of the Government Code, to read:

Article 3.5. Whistleblower Information

8548. For purposes of this article, ''state agency'' means every state office, officer, department, division, bureau, board, and commission, including the California State University and the University of California.

8548.1. No later than April 1, 2002, the State Auditor shall prepare for state employees a written explanation of the California Whistleblower Protection Act contained in Article 3 (commencing with Section 8547). The explanation shall include, but not be limited to, the following information:

(a) Instructions on how to contact the State Auditor by mail or telephone.

(b) A general overview of improper governmental activities and examples of three of the most common types of improper governmental activities that may be reported to the State Auditor.

(c) Examples of two of the most commonly reported governmental activities that the State Auditor does not have authority to investigate.

(d) An explanation of whistleblower protection available to state employees who report improper governmental activities to the State Auditor.

(e) The requirement that the State Auditor protect the anonymity of a person who reports improper governmental activity to the State Auditor.

(f) The State Auditor's authority in connection with violations of law discovered during an investigation of improper governmental activities.

8548.2. The State Auditor shall prepare for distribution to each state agency in an electronic format a notice containing the information in the written explanation prepared pursuant to Section 8548.1. No later than July 1, 2002, each state agency shall print and post this notice at its state office or offices in a location or locations where employee notices are maintained. A state agency shall not edit the written text of the notice but it may publish the notice in a manner it chooses, and it may include its own introductory language in the notice, provided that the language and the format selected do not alter the meaning of the notice.

8548.3. On July 1, 2002, and annually thereafter, every state agency shall send the information contained in the notice by electronic mail to its employees who have authorized access to electronic mail from the agency.

8548.4. The State Auditor shall post the information described in Section 8548.1 on the Web site of the Bureau of State Audits.

8548.5. The intentional failure of a state agency to comply with any provision of this article shall constitute an improper governmental activity for purposes of Article 3 (commencing with Section 8547).

SEC. 5. Section 19683 of the Government Code is amended to read:

19683. (a) The State Personnel Board shall initiate a hearing or investigation of a written complaint of reprisal or retaliation as prohibited by Section 8547.3 within 10 working days of its submission. The executive officer shall complete findings of the hearing or investigation within 60 working days thereafter, and shall provide a copy of the findings to the complaining state employee or applicant for state employment and to the appropriate supervisor, manager, employee, or appointing authority. When the allegations contained in a complaint of reprisal or retaliation are the same as, or similar to, those contained in another appeal, the executive officer may consolidate the appeals into the most appropriate format. In these cases, the time limits described in this subdivision shall not apply.

(b) If the executive officer finds that the supervisor, manager, employee, or appointing power retaliated against the complainant for engaging in protected whistleblower activities, the supervisor, manager, employee, or appointing power may request a hearing before the State Personnel Board regarding the findings of the executive officer. The request for hearing and any subsequent determination by the board shall be made in accordance with the board's normal rules governing appeals, hearings, investigations, and disciplinary proceedings.

(c) If, after the hearing, the State Personnel Board determines that a violation of Section 8547.3 occurred, or if no hearing is requested and the findings of the executive officer conclude that improper activity has occurred, the board may order any appropriate relief, including, but not limited to, reinstatement, backpay, restoration of lost service credit, if appropriate, compensatory damages, and the expungement of any adverse records of the state employee or applicant for state employment who was the subject of the alleged acts of misconduct prohibited by Section 8547.3.

(d) Whenever the board determines that a manager, supervisor, or employee, who is named a party to the retaliation complaint, has violated Section 8547.3 and that violation constitutes legal cause for discipline under one or more subdivisions of Section 19572, it shall impose a just and proper penalty and cause an entry to that effect to be made in the manager's, supervisor's, or employee's official personnel records.

(e) Whenever the board determines that a manager, supervisor, or employee, who is not named a party to the retaliation complaint, may have engaged in or participated in any act prohibited by Section 8547.3, the board shall notify the manager's, supervisor's, or employee's appointing power of that fact in writing. Within 60 days after receiving the notification, the appointing power shall either serve a notice of adverse action on the manager, supervisor, or employee, or set forth in writing its reasons for not taking adverse action against the manager,

supervisor, or employee. The appointing power shall file a copy of the notice of adverse action with the board in accordance with Section 19574. If the appointing power declines to take adverse action against the manager, supervisor, or employee, it shall submit its written reasons for not doing so to the board, which may take adverse action against the manager, supervisor, or employee as provided in Section 19583.5. A manager, supervisor, or employee who is served with a notice of adverse action pursuant to this section may file an appeal with the board in accordance with Section 19575.

(f) In order for the Governor and the Legislature to determine the need to continue or modify state personnel procedures as they relate to the investigations of reprisals or retaliation for the disclosure of information by public employees, the State Personnel Board, by June 30 of each year, shall submit a report to the Governor and the Legislature regarding complaints filed, hearings held, and legal actions taken pursuant to this section.

SEC. 6. Section 19682 of the Government Code is amended to read:

19682. Every person who violates any provision of this chapter is guilty of a misdemeanor. In accordance with Section 19683, action may be taken by the appointing power, or the executive officer of the board may file charges, against a state employee who violates any provisions of this chapter.

SEC. 7. Section 19683.1 is added to the Government Code, to read:

19683.1. The State Personnel Board shall assist the State Auditor in preparing the written explanation required by Section 8548.1 by providing the State Auditor with a written explanation of the board's role in investigating a claim that a state employee has been subject to retaliation as a result of reporting improper governmental activity.

SEC. 8. Section 19702 of the Government Code is amended to read:

19702. (a) A person shall not be discriminated against under this part because of sex, race, religious creed, color, national origin, ancestry, marital status, physical disability, or mental disability. A person shall not be retaliated against because he or she has opposed any practice made an unlawful employment practice, or made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. For purposes of this article, ''discrimination'' includes harassment. This subdivision is declaratory of existing law.

(b) As used in this section, the term ''physical disability'' has the definition set forth in Section 12926, as that section presently reads or as it subsequently may be amended.

(c) As used in this section, the term ''mental disability'' has the definition set forth in Section 12926, as that section presently reads or as it subsequently may be amended.

(d) Notwithstanding subdivisions (b) and (c), if the definition of disability used in the federal Americans with Disabilities Act of 1990 (Public Law 101-336) would result in broader protection of the civil rights of individuals with a mental disability or physical disability, as defined in subdivision (b) or (c), then that broader protection shall be deemed incorporated by reference into, and shall prevail over conflicting provisions of, the definitions in subdivisions (b) and (c). The definitions of subdivisions (b) and (c) shall not be deemed to refer to or include conditions excluded from the federal definition of ''disability'' pursuant to Section 511 of the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12211).

(e) If the board finds that a person has engaged in discrimination under this part, and it appears that this practice consisted of acts described in Section 243.4, 261, 262, 286, 288, 288a, or 289 of the Penal Code, the board, with the consent of the complainant, shall provide the local district attorney's office with a copy of its decision and order.

(f) (1) If the board finds that discrimination has occurred in violation of this part, the board shall issue and cause to be served on the appointing authority an order requiring the appointing authority to cause the discrimination to cease and desist and to take any action, including, but not limited to, hiring, reinstatement, or upgrading of employees, with or without backpay, and compensatory damages, which, in the judgment of the board, will effectuate the purposes of this part. Consistent with this authority, the board may establish rules governing the award of compensatory damages. The order shall include a requirement of reporting the manner of compliance.

(2) Notwithstanding paragraph (1), this paragraph shall apply to state employees in State Bargaining Unit 6 or 8. If the board finds that discrimination has occurred in violation of this part, the board shall issue and cause to be served on the appointing authority an order requiring the appointing authority to cause the discrimination to cease and desist and to take any action, including, but not limited to, hiring, reinstatement, or upgrading of employees, with or without backpay, adding additional seniority, and compensatory damages, which, in the judgment of the board, will effectuate the purposes of this part. Consistent with this authority, the board may establish rules governing the award of compensatory damages. The order shall include a requirement of reporting the manner of compliance.

(g) Any person claiming discrimination within the state civil service may submit a complaint that shall be in writing and set forth the particulars of the alleged discrimination, the name of the appointing authority, the persons alleged to have committed the unlawful discrimination, and any other information that may be required by the

board. The complaint shall be filed with the appointing authority or, in accordance with board rules, with the board itself.

(h) (1) Complaints shall be filed within one year of the alleged unlawful discrimination or the refusal to act in accordance with this section, except that this period may be extended for not to exceed 90 days following the expiration of that year, if a person allegedly aggrieved by unlawful discrimination first obtained knowledge of the facts of the alleged unlawful discrimination after the expiration of one year from the date of its occurrence. Complaints of discrimination in adverse actions or rejections on probation shall be filed in accordance with Sections 19175 and 19575.

(2) Notwithstanding paragraph (1), this paragraph shall apply only to state employees in State Bargaining Unit 8. Complaints shall be filed within one year of the alleged unlawful discrimination or the refusal to act in accordance with this section, except that this period may be extended for not to exceed 90 days following the expiration of that year, if a person allegedly aggrieved by unlawful discrimination first obtained knowledge of the facts of the alleged unlawful discrimination after the expiration of one year from the date of its occurrence. Complaints of discrimination in disciplinary actions defined in Section 19576.5 shall be filed in accordance with that section. Complaints of discrimination in all other disciplinary actions shall be filed in accordance with Section 19575. Complaints of discrimination in rejections on probation shall be filed in accordance with Section 19175.3.

(i) (1) When an employee of the appointing authority refuses, or threatens to refuse, to cooperate in the investigation of a complaint of discrimination, the appointing authority may seek assistance from the board. The board may provide for direct investigation or hearing of the complaint, the use of subpoenas, or any other action which will effect the purposes of this section.

(2) This subdivision shall not apply to complaints of discrimination filed in accordance with Section 19576.2.

(j) If a person demonstrates by a preponderance of evidence that having opposed any practice made an unlawful employment practice under this part, or having made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part was a contributing factor in any adverse employment action taken against him or her, the burden of proof shall be on the supervisor, manager, employee, or appointing power to demonstrate by clear and convincing evidence that the alleged adverse employment action would have occurred for legitimate, independent reasons even if the person had not engaged in activities protected under this part. If the supervisor, manager, employee, or appointing power fails to meet this burden of proof in any administrative review, challenge, or adjudication

in which retaliation has been demonstrated to be a contributing factor, the person shall have a complete affirmative defense to the adverse employment action. As used in this part, ''adverse employment action'' includes promising to confer, or conferring any benefit, effecting, or threatening to effect, any reprisal, or taking, or directing others to take, or recommending, processing, or approving, any personnel action, including, but not limited to, appointment, promotion, transfer, assignment, performance evaluation, suspension, or other disciplinary action.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares as follows:

(a) There is a great need for quality professional development for public school teachers.

(b) Teachers need extensive training and professional development to master the academic content standards adopted by the State Board of Education pursuant to Section 60605 of the Education Code.

(c) The Public Schools Accountability Act of 1999 and the high school exit examination place added pressure on teachers to raise pupil academic achievement and increase the need for quality professional development.

(d) The Professional Development Task Force, convened by the Superintendent of Public Instruction, recommends the development of standards for professional development to provide uniformity among and ensure high quality in state funded professional development programs and to offer direction to school districts in planning their professional development activities.

(e) The task force also recommends that school districts review their professional development plans in light of any professional development standards that are developed and adopted by the State Board of Education.

SEC. 2. Article 3.1 (commencing with Section 44470) is added to Chapter 3 of Part 25 of the Education Code, to read:

Article 3.1. Standards for Professional Development

44470. (a) (1) The State Department of Education shall issue a request for proposals to contract for the development of standards for professional development for educators and instructional leaders.

(2) The standards shall present a vision of ongoing, high quality professional development, give special attention to high need schools and school districts, and build on existing work on quality professional development, including the Designs for Learning system.

(3) The contractor shall also review and give consideration to other existing professional development programs.

(4) The standards shall serve as guidelines for providers of professional development activities and may be used to facilitate the coordination among existing professional development programs.

(b) By January 1, 2003, the entity with which the department contracts shall submit the standards to the Superintendent of Public Instruction for approval after which the superintendent shall submit the standards to the State Board of Education for approval.

44471. The entity with which the State Department of Education contracts shall convene a committee of experts in teacher development, professional development, and instructional leadership to develop the standards and disseminate them for field review. The Superintendent of Public Instruction shall determine the members of the committee of experts and shall include one representative from the University of California and one representative from the California State University.

44472. The standards developed pursuant to this article shall meet all of the following characteristics:

(a) Describe core concepts of high quality professional development and differentiate, where necessary or appropriate, program qualities for high need schools.

(b) Support respect for individual experience and adult learning theory.

(c) Integrate the academic content standards adopted by the State Board of Education pursuant to Section 60605 and instructional guides.

(d) Incorporate the California Standards for the Teaching Profession adopted by the Commission on Teacher Credentialing in January 1997.

(f) Require program models and designs that include evidence based assessment of outcomes for participants.

(g) Utilize the results of evaluation research based on models of organizational learning and increased pupil learning to improve programs.

SEC. 3. There is hereby appropriated from the General Fund to the Superintendent of Public Instruction the sum of one hundred forty thousand dollars ($140,000) for the purpose of contracting for the development of standards for professional development pursuant to Article 3.1 (commencing with Section 44470) of Chapter 3 of Part 25 of the Education Code.

## CHAPTER 885

An act to amend Sections 31013 and 31400.1 of, and to add Section 31119 to, the Public Resources Code, relating to coastal resources, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

I have signed Assembly Bill 343 with a deletion. I am deleting the appropriation in Section 4(b) of up to $250,000 for the educational grant program created in Section 2 of this bill. Section 2 would create the grant program by adding Section 31119 to the Public Resources Code. Section 4(b) would allocate funds originally appropriated in Schedule (3) of Item 3760-301-00001 of the 2000 Budget Act to fund the new program.

This bill would allow the State Coastal Conservancy to use up to $250,000 of a General Fund capital outlay appropriation to undertake educational projects for all ages relating to the protection, preservation, enhancement or maintenance of coastal resources and to award grants to nonprofit organizations, educational institutions and public agencies for this purpose. The bill would also allow the reallocation of $3,750,000 General Fund originally appropriated for the purchase and restoration of the Bel Marin Keys property to purchase alternate properties in Marin County.

I cannot support the $250,000 General Fund allocation at this time. To the extent that grant funding is awarded by the Conservancy to local educational agencies or to community colleges, such funds would raise the Proposition 98 funding guarantee by the same amount, thus reducing future budgetary flexibility.

Although grants awarded from non-General Fund sources should not affect the Proposition 98 guarantee, I am concerned that there may be confusion on this point in the future. Consequently, I urge the legislature to pass corrective legislation clarifying that this program cannot be used to award grants to local educational agencies or community colleges when the source of funds for those grants is the General Fund.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. Section 31013 of the Public Resources Code is amended to read:

31013. ''Nonprofit organization'' means any private, nonprofit organization, that qualifies under Section 501(c)(3) of the United States Internal Revenue Code, and whose purposes are consistent with this division.

SEC. 2. Section 31119 is added to the Public Resources Code, to read:

31119. (a) (1) The conservancy may undertake educational projects and programs for pupils in kindergarten to grade 12, inclusive, relating to the preservation, protection, enhancement, and maintenance of coastal resources, and may award grants to nonprofit organizations, educational institutions, and public agencies for those purposes.

(2) An educational grant program established pursuant to paragraph (1) shall include all of the following:

(A) Funds provided for the educational program may be used for planning and implementation or development of marine science education programs.

(B) An educational program shall meet State Board of Education adopted content standards.

(C) The conservancy may consult with the Superintendent of Public Instruction prior to awarding grants pursuant to this section.

(D) A grant recipient shall use a portion of any funding provided for an educational program to promote maximum participation of pupils and schools, by providing scholarships or grants for this purpose.

(E) A nonprofit organization shall comply with all of the following as a condition of receiving a grant:

(i) Document increased pupil participation in its educational programs.

(ii) Provide outreach to low income, underserved, and noncoastal areas.

(iii) Maintain any data necessary for evaluation, as determined by the conservancy.

(b) The conservancy is not required to take any action under subdivision (a), unless and until new funds from sources not currently available to the conservancy are made available by the Legislature for the purposes described in subdivision (a). No more than 10 percent of the funds provided for the educational programs under subdivision (a) may be used for the costs of the conservancy in administering the projects.

SEC. 3. Section 31400.1 of the Public Resources Code is amended to read:

31400.1. The conservancy may award grants to any public agency or nonprofit organization to acquire land, or any interest therein, or to develop, operate, or manage lands for public access purposes to and along the coast. No grants may be awarded to any local agency unless

the conservancy has first determined that the subject accessway will serve more than local public needs.

SEC. 4. (a) The expenditure of funds appropriated by Schedule (4) of Item 3760-301-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000) is not subject to Section 13332.11 of the Government Code.

(b) Of the funds appropriated in Schedule (3) of Item 3760-301-0001 of Section 2.00 of the Budget Act of 2000 for the purchase or restoration of Bel Marin Keys wetlands, an amount not to exceed three million seven hundred fifty thousand dollars ($3,750,000) may be expended by the State Coastal Conservancy for the purchase of other Marin County baylands and related uplands, subject to the conditions set forth in the second and third sentences of Provision (5) of that item. Notwithstanding the requirements of Provision (5) of Item 3760-301-0001 of Section 2.00 of the Budget Act of 2000, an additional amount of the funds appropriated in Schedule (3) of Item 3760-301-0001 of Section 2.00 of the Budget Act of 2000, not to exceed two hundred fifty thousand dollars ($250,000), may be used for the purposes of Section 31119 of the Public Resources Code, if Assembly Bill 343 of the 2001–02 Regular Session is enacted and adds that section to the Public Resources Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to establish education programs relating to coastal resources as soon as possible, to award grants to a public agency or nonprofit organization for coastal access as soon as possible, to accomplish the Hamilton Wetland Restoration Project in a timely manner so that it is available to receive dredged material from the Port of Oakland and other San Francisco Bay dredging projects for beneficial reuse as soon as possible, and to complete other coastal projects as soon as possible, it is necessary that this act take effect immediately.

## CHAPTER 886

An act to add Article 3.5 (commencing with Section 52360) to Chapter 9 of Part 28 of the Education Code, relating to career education.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

I am signing Assembly Bill 1018 with a line item veto.

This bill establishes the Industry-Based Certification Incentive Grant Program, which is an innovative approach to using one-time funds for matching the skills that are taught to students with the certification standards that are set by an industry. AB 1018 would allow the Department of Education (SDE) to redirect funds identified in this bill to develop model curriculum standards. Finally, this bill would require the SDE to allocate any savings resulting from this program for the purposes of the School-to-Career Technology Training Center Program, which is contained in AB 769 (Goldberg).

I am signing this bill, with the understanding that the funding earmarked for this bill will fully fund both planning grants and implementation grants, on a one-time basis, for the Industry-Based Certification Incentive Grant Program. I must however, delete the funding which is provided for the SDE for model curriculum standards, as this provision would be in conflict with the constitutional restrictions on the use of Proposition 98 funds. In addition, I am deleting the provision that requires the SDE to allocate any savings from the Industry-Based Certification Incentive Grant Program to the Industry Based Certification Incentive Grant Program. AB 769 would result in significant costs, which I cannot commit to given the fiscal condition of the state.

The following language reflects my veto action:

SEC. 3. (a) (1) Of the amount specified in Schedule (27) of Item 6110-485 of Section 2.00 of the Budget Act of 2001, four million three hundred fifty thousand dollars ($4,350,000) is hereby allocated to the State Department of Education as follows:

(1) Four million three hundred fifty thousand dollars ($4,350,000) for purposes of the Industry-Based Certification Incentive Grant Program established by Article 3.5 (commencing with Section 52360) of Chapter 9 of Part 28 of the Education Code.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Legislature finds and declares that as the number and diversity of California's high school pupil population continues to grow, there is a corresponding need to provide educational programs that allow pupils to prepare for high-skill, high-wage careers and higher education.

(b) It is the intent of the Legislature that these programs be built to industry standards and provide pupils with portable certifications and licenses.

(c) In order to promote this goal, the Legislature finds and declares that it is necessary to provide startup funding to local education agencies for the training of instructors and the purchase of equipment for implementation of the program.

(d) The purpose of this act is to promote the following:

(1) Improve pupil academic performance and increase the rate of high school graduation through the establishment of, and participation in, industry-based certification programs in public secondary schools and adult education programs.

(2) Expand employability for high school pupils for high demand jobs with high earning potential.

SEC. 2. Article 3.5 (commencing with Section 52360) is added to Chapter 9 of Part 28 of the Education Code, to read:

Article 3.5. Industry-Based Certification Incentive Grant Program

52360. (a) The State Department of Education, in consultation with the Secretary for Education, shall administer the Industry-Based Certification Incentive Grant Program, which is hereby established for the purpose of awarding grants to selected school districts, county offices of education, and regional occupational centers and programs to establish industry-based certification programs within their career technical programs.

(b) Programs funded pursuant to this article shall offer a course of study that supports pupil academic preparation, high school graduation, entry into postsecondary education, and preparation for high-skilled, high-wage careers. The programs shall be directly linked to, and supported by, business and industry at both the state and local levels.

(c) The Superintendent of Public Instruction, in consultation with the Secretary for Education, shall develop criteria and a process to select grant recipients. First priority for the award of grants shall be given to programs that will operate in high schools that scored in the bottom two deciles on the Academic Performance Index. The number of grant recipients shall be limited to the number that can be fully funded, as set forth in Section 52363, with the amount of funds appropriated for purposes of this article.

52361. School districts providing secondary instruction or adult education, or both, county offices of education providing career education programs, and regional occupational centers and programs are eligible to be selected for funding pursuant to this article if they submit a grant application to the Superintendent of Public Instruction that does all of the following:

(a) Specifies the type of training and certification that will be offered and how it will help meet local employment demands.

(b) Identifies instructional staff who have obtained, or will obtain, the required industry-based certification prior to the implementation of the program established pursuant to this article in the school district, the county office of education, or regional occupational center and program, as the case may be.

(c) Specifies the instructional equipment and availability of facilities needed for the delivery of instruction.

(d) Identifies industry partners and the commitment of industry partners to employ pupils completing newly established certification and licensing programs.

(e) Includes other information specified by the Superintendent of Public Instruction, in consultation with the Secretary for Education.

52362. As a condition of receiving funding pursuant to this article, an applicant shall demonstrate that it has secured financial support from industry to provide a one-to-one match of funding received pursuant to

this article, and shall provide annual fiscal, program performance, and pupil outcome data to the State Department of Education.

52363. A grant recipient shall receive a one year planning grant not to exceed fifteen thousand dollars ($15,000) which shall be utilized for planning, teacher and program certification, development of integrated curricula, staff development, and building formalized partnerships with business and industry. Upon successful completion of a high quality implementation plan for an industry-based certification program, a grant recipient shall receive a one-time implementation grant not to exceed eighty-five thousand dollars ($85,000) to assist in the purchase and installation of equipment, teacher and program certification, staff development, and other associated startup costs.

52364. The State Department of Education shall evaluate the effectiveness of each industry-based certification program funded pursuant to this article based on specific program goals developed by the department. These goals shall allow the evaluation to measure the extent to which the programs improved pupil academic performance, increased the rate of high school graduation, and expanded employability of high school pupils for high demand jobs with high earning potential.

52365. The State Department of Education may recover its administrative costs from funds appropriated for purposes of this article.

SEC. 3. (a) (1) Of the amount specified in Schedule (27) of Item 6110-485 of Section 2.00 of the Budget Act of 2001, four million four hundred fifty thousand dollars ($4,450,000) is hereby allocated to the State Department of Education as follows:

(1) Four million three hundred fifty thousand dollars ($4,350,000) for purposes of the Industry-Based Certification Incentive Grant Program established by Article 3.5 (commencing with Section 52360) of Chapter 9 of Part 28 of the Education Code.

(2) One hundred thousand dollars ($100,000) for purposes of Section 51226 of the Education Code.

(b) The State Department of Education shall allocate any of the funds described in subdivision (a) that it determines are not necessary for those purposes to any of the following purposes:

(1) Article 3.5 (commencing with Section 52360) of Chapter 9 of Part 28 of the Education Code, Industry-Based Certification Incentive Grant Program.

(2) Section 51226 of the Education Code.

(3) Chapter 17.1 (commencing with Section 52360) to Chapter 9 of Part 28 of the Education Code, the School-to-Career Technology Training Center Program.

CHAPTER 887

An act to amend Sections 52052, 52053, 52054, and 52055.5 of, and to add Section 52052.2 to, the Education Code, relating to school performance.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 52052 of the Education Code is amended to read:

52052. (a) (1) By July 1, 1999, the Superintendent of Public Instruction, with approval of the State Board of Education, shall develop an Academic Performance Index (API), to measure the performance of schools, especially the academic performance of pupils, and to demonstrate comparable improvement in academic achievement by all numerically significant ethnic and socioeconomically disadvantaged subgroups within schools.

(2) For purposes of this section, a numerically significant ethnic or socioeconomically disadvantaged subgroup is a subgroup that constitutes at least 15 percent of a school's total pupil population and consists of at least 30 pupils. An ethnic or socioeconomically disadvantaged subgroup of at least 100 pupils constitutes a numerically significant subgroup, even if the subgroup does not constitute 15 percent of the total enrollment at a school. For schools whose API scores are based on test scores of no fewer than 11 and no more than 99 pupils, numerically significant subgroups shall be defined by the Superintendent of Public Instruction, with approval by the State Board of Education.

(3) The API shall consist of a variety of indicators currently reported to the State Department of Education including, but not limited to, the results of the achievement test administered pursuant to Section 60640, attendance rates for pupils and certificated school personnel for elementary schools, middle schools, and secondary schools, and the graduation rates for pupils in secondary schools.

(A) The pupil data collected for the API that comes from the achievement test administered pursuant to Sections 60640 and 60644 and the high school exit examination administered pursuant to Section 60851, when fully implemented, shall be disaggregated by special education status, English language learners, socioeconomic status, gender and ethnic group. Only the test scores of pupils who were enrolled in a school district in the prior fiscal year may be included in the test results reported in the API. Results of the achievement test and

other tests specified in subdivision (b) shall constitute at least 60 percent of the value of the index.

(B) Before including high school graduation rates and attendance rates in the index, the Superintendent of Public Instruction shall determine the extent to which the data are currently reported to the state and the accuracy of the data.

(C) If the Superintendent of Public Instruction determines that accurate data for these indicators is not available, the Superintendent of Public Instruction shall report to the Governor and the Legislature by September 1, 1999, and recommend necessary action to implement an accurate reporting system.

(b) Pupil scores from the following tests, when available and when found to be valid and reliable for this purpose, shall be incorporated into the API:

(1) The assessment of the applied academic skills matrix test developed pursuant to Section 60604.

(2) The nationally normed test designated pursuant to Section 60642.

(3) The standards-based achievement tests provided for in Section 60642.5.

(4) The high school exit examination.

(c) Based on the API, the Superintendent of Public Instruction shall develop, and the State Board of Education shall adopt, expected annual percentage growth targets for all schools based on their API baseline score from the previous year. Schools are expected to meet these growth targets through effective allocation of available resources. For schools below the statewide API performance target adopted by the State Board of Education pursuant to subdivision (d), the minimum annual percentage growth target shall be 5 percent of the difference between a school's actual API score and the statewide API performance target, or one API point, whichever is greater. Schools at or above the statewide API performance target shall have, as their growth target, maintenance of their API score above the statewide API performance target. However, the State Board of Education may set differential growth targets based on grade level of instruction and may set higher growth targets for the lowest performing schools because they have the greatest room for improvement. To meet its growth target, a school shall demonstrate that the annual growth in its API is equal to or more than its schoolwide annual percentage growth target and that all numerically significant ethnic and socioeconomically disadvantaged subgroups, as defined in subdivision (a) of Section 52052, are making comparable improvement.

(d) Upon adoption of state performance standards by the State Board of Education, the Superintendent of Public Instruction shall recommend, and the State Board of Education shall adopt, a statewide API performance target that includes consideration of performance standards

and represents the proficiency level required to meet the state performance target. When the API is fully developed, schools must, at a minimum, meet their annual API growth targets to be eligible for the Governor's Performance Award Program as set forth in Section 52057. The State Board of Education may establish additional criteria that schools must meet to be eligible for the Governor's Performance Awards Program.

(e) Beginning in June 2000, the API shall be used for both of the following:

(1) Measuring the progress of schools selected for participation in the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053.

(2) Ranking all public schools in the state for the purpose of the High Achieving/Improving Schools Program pursuant to Section 52056.

(f) (1) A comprehensive high school, middle school, or elementary school with 11 to 99 valid test scores of pupils who were enrolled in a school within the same school district in the prior fiscal year shall receive an API score with an asterisk that indicates less statistical certainty than API scores based on 100 or more test scores.

(2) A school under the jurisdiction of a county board of education or a county superintendent of schools, a community day school, or an alternative school, including continuation high schools and opportunity schools, may receive an API score if the school has 11 more or more valid test scores and the school chooses to receive an API score for at least three years.

(3) A school that participates in the Immediate Intervention/Underperforming Schools Program described in Section 52053 shall receive an API score for the duration of its participation in that program, unless the Superintendent of Public Instruction determines that an API score would be an invalid measure of the school's performance for one or more of the following reasons:

(A) Irregularities in testing procedures occurred.

(B) The data used to calculate the school's API score are not representative of the pupil population at the school.

(C) Significant demographic changes in the school's pupil population render year-to-year comparisons of pupil performance invalid.

(D) The Department of Education discovers or receives information indicating that the integrity of the school's API score has been compromised.

(g) Only schools with 100 or more test scores contributing to the API may be included in the API rankings.

(h) By July 1, 2000, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall develop an alternative accountability system for schools with fewer than 100 test scores

contributing to the schools' API scores, and for schools under the jurisdiction of a county board of education or a county superintendent of schools, community day schools, and alternative schools serving high-risk pupils, including continuation high schools and opportunity schools.

SEC. 2. Section 52052.2 is added to the Education Code, to read:

52052.2. A school that receives an API score with an asterisk shall be eligible for the Governor's Performance Awards Program, as set forth in Section 52057 and for participation in the Immediate Intervention/Underperforming Schools Program, as set forth in Section 52053.

SEC. 3. Section 52053 of the Education Code is amended to read:

52053. (a) The Immediate Intervention/Underperforming Schools Program is hereby established. By August 15, 1999, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall invite schools that scored below the 50th percentile on the achievement tests administered pursuant to Section 60640 both in the spring of 1998 and in the spring of 1999 to participate in the Immediate Intervention/Underperforming Schools Program. A school invited to participate may take any action not otherwise prohibited under state or federal law and that would not require reimbursement by the Commission on State Mandates to improve pupil performance.

(b) The total number of schools participating in the program in 1999 shall be 430. Unless subdivision (d) applies, schools that apply will be selected based on the order in which they apply within ranks of deciles, not to exceed 86 per decile, within the following grade level categories:

(1) No more than 301 elementary schools.

(2) No more than 78 middle schools.

(3) No more than 52 high schools.

(c) The 86 schools selected within each decile range pursuant to subdivision (b) shall proportionately represent elementary, middle, and high schools and shall provide statewide proportionate geographic representation of urban and rural schools.

(d) If fewer than the number of schools in any grade level category apply, schools that scored below the 50th percentile in those grade level categories that did not apply for the program shall randomly be selected by the Superintendent of Public Instruction, with the approval of the State Board of Education, to participate based on their proportional representation in the state until the number of schools in each grade level category set forth in subdivision (b) is achieved.

(e) If more than the requisite number of schools apply for any grade level category, the Superintendent of Public Instruction shall select an array of schools that reflect a broad range of academic performance of schools that scored below the 50th percentile, until the number of

schools in each grade level category set forth in subdivision (b) is achieved.

(f) A school selected to participate on or before September 1, 1999, shall be awarded a planning grant from funds appropriated pursuant to paragraph (1) of subdivision (a) of Section 2 of the act adding this section in the amount of fifty thousand dollars ($50,000). A school selected to receive federal funds pursuant to paragraph (2) of subdivision (a) of Section 2 of the act adding this section shall be awarded an implementation grant in an amount of at least fifty thousand dollars ($50,000) pursuant to Public Law 105-78.

(g) Schools receiving funding under paragraph (2) of subdivision (a) of Section 2 of the act adding this section shall comply with Public Law 105-78.

(h) By September 15, 2000, and each year thereafter, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall identify schools that failed to meet their Academic Performance Index (API) growth targets and that have an API score below the 50th percentile in the previous school year relative to all other public elementary, middle or high schools. The Superintendent of Public Instruction shall invite these schools to participate in the Immediate Intervention/Underperforming Schools Programs. A school invited to participate may take any action to improve pupil performance not otherwise prohibited under state or federal law and that would not require reimbursement by the Commission on State Mandates.

(i) The total number of schools selected for participation in the program shall be no more than the number that can be funded through the total appropriation for the planning grants referenced in subdivision (*l*) below.

(j) If fewer schools apply for participation than can be funded, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall randomly select the balance of schools from schools eligible to participate that did not apply. Insofar as possible, the schools randomly selected should reflect a representative proportion of elementary, middle and high schools, as well as a broad range of academic achievement.

(k) If more schools apply for participation than can be funded, the schools shall be selected on the order in which they apply. Insofar as possible, the schools selected should reflect a representative proportion of elementary, middle and high schools, as well as a broad range of academic achievement.

(*l*) A school selected to participate on or before October 15, 2000, and each year thereafter, shall be awarded a planning grant from funds appropriated pursuant to this act of fifty thousand dollars ($50,000).

(m) Schools selected for participation in the program shall be notified by the Superintendent of Public Instruction no later than October 15 of each year.

SEC. 4. Section 52054 of the Education Code is amended to read:

52054. (a) By November 15 of the year that the school is selected to participate, the governing board of a school district having jurisdiction over a school selected for participation in the program shall contract with an external evaluator from the list of external evaluators and shall appoint a broad-based schoolsite and community team, consisting of a majority of nonschoolsite personnel. In a school that has a limited-English-proficient pupil population that constitutes at least 40 percent of the total pupil population, an external evaluator shall have demonstrated experience in working with a limited-English-proficient pupil population. Not less than 20 percent of the members of the team shall be parents or legal guardians of pupils in the school.

(b) The selected external evaluator shall solicit input from the parents and legal guardians of the pupils of the school. At a minimum, the evaluator shall do all of the following:

(1) Inform the parents and legal guardians, in writing, that the school has been selected to participate in the Immediate Intervention/Underperforming Schools Program due to its below average performance.

(2) Hold a public meeting at the school, in cooperation with the principal, to which all parents and legal guardians of pupils in the school receive a written invitation. The invitation to the meeting may be combined with the written notice required by paragraph (1).

(3) Solicit, at the public meeting, the recommendations and opinions of the participating parents and legal guardians of pupils in the school regarding actions that should be taken to improve the performance of the school. These opinions and recommendations shall be considered by the external evaluator and the community team in the development of the action plan pursuant to this section.

(4) Notify all parents and legal guardians of pupils in the school of their opportunity to provide written recommendations of actions that should be taken to improve the performance of the school which shall be considered by the external evaluator and the community team in the development of the action plan pursuant to this section. Notice required by this subdivision may be combined with the written notice required by paragraph (1).

(c) By February 15 of the school year in which the school is selected to participate, the selected external evaluator, in collaboration with the broad-based schoolsite and community team selected pursuant to subdivision (a), shall complete a review of the school that identifies weaknesses that contribute to the school's below average performance,

make recommendations for improvement, and begin to develop an action plan to improve the academic performance of the pupils enrolled at the school. The action plan shall include percentage growth targets at least as high as the annual growth targets adopted by the State Board of Education pursuant to Section 52052. The action plan shall include an expenditure plan and shall be of a scope that does not require expenditure of funds in excess of those provided pursuant to this article or otherwise available to the school. The action plan may not be of a scope that requires reimbursement by the Commission on State Mandates for its implementation.

(d) At a minimum, the action plan shall do all of the following:

(1) Review and include the school and district conditions identified in the school accountability report card pursuant to Section 33126.

(2) Identify the current barriers at the school and district toward improvements in pupil achievement.

(3) Identify schoolwide and districtwide strategies to remove these barriers.

(4) Review and include school and school district crime statistics, in accordance with Section 628.5 of the Penal Code.

(5) Examine and consider disaggregated data regarding pupil achievement and other indicators to consider whether all groups and types of pupils make adequate progress toward short-term growth targets and long-term performance goals. The disaggregated data to be included and considered by the plan shall, at a minimum, provide information regarding the achievement of English language learners, pupils with exceptional needs, pupils who qualify for free and reduced price meals, and pupils in numerically significant subgroups.

(6) Set short-term academic objectives pursuant to Section 52052 for a two-year period that will allow the school to make adequate progress toward the growth targets established for each participating school for pupil achievement as measured by all of the following to the extent that the data is available for the school:

(A) The achievement test administered pursuant to Section 60640.

(B) Graduation rates for grades 7 to 12, inclusive.

(C) Attendance rates for pupils and school personnel for elementary, middle, and secondary schools.

(D) Any other indicators approved by the State Board of Education.

(e) The school action plan shall focus on improving pupil academic performance, improving the involvement of parents and guardians, improving the effective and efficient allocation of resources and management of the school, and identifying and developing solutions that take into account the underlying causes for low performance by pupils.

(f) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(g) The school action plan may propose to increase the number of instructional days offered at the schoolsite and also may propose to increase up to a full 12 months the amount of time for which certificated employees are contracted, if all of the following conditions are met:

(1) Provisions of the plan proposed pursuant to this subdivision shall not violate current applicable collective bargaining agreements.

(2) An agreement is reached with the exclusive representative concerning staffing specifically to accommodate the extended school year or 12-month contract.

(h) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(i) Upon its completion, the action plan shall be submitted to the governing board of the school districts for its approval. After the plan is approved, but no later than May 15 of the year that follows the year the school is selected to participate, the plan shall be submitted to the Superintendent of Public Instruction with a request for funding in the form prescribed by the Superintendent of Public Instruction, who shall review the school action plan and recommend approval or disapproval of the school's request for funding to the State Board of Education.

(j) Not later than July 15 of the year next following the year in which a school is selected for participation, the State Board of Education shall review and approve or disapprove the school's request for funding, based on the recommendation of the Superintendent of Public Instruction. Within 30 days of the State Board of Education's review, the Superintendent of Public Instruction shall notify the effected school districts of the state of the board's action regarding the request for funding. In conjunction with its approval of a request for funding to implement a school's action plan, the State Board of Education may, at the request of the governing board of the school district or the county board of education for a school under its jurisdiction, waive all or any part of any provision of this code, or any regulation adopted by the State Board of Education, controlling any of the programs listed in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761 and Section 64000 if the waiver does not result in a decrease in the instructional time otherwise required by law or regulation or an increase in state costs and is determined to be consistent with subdivision (a) of Section 46300.

SEC. 5. Section 52055.5 of the Education Code is amended to read:

52055.5. (a) Twenty-four months after receipt of funding pursuant to Section 52054.5, a school that has not met its growth targets each year,

but demonstrates significant growth, as determined by the State Board of Education, shall continue to participate in the program for an additional year and to receive funding in the amount specified in Section 52054.5. Thirty-six months after receipt of funds pursuant to Section 52054.5, a school is no longer eligible to receive funding pursuant to that section.

(b) Twenty-four months after receipt of funding pursuant to Section 52054.5, a school that has not met its growth targets each year and has failed to show significant growth, as determined by the State Board of Education, shall be deemed a low-performing school. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall assume all the legal rights, duties, and powers of the governing board with respect to that school. The Superintendent of Public Instruction, in consultation with the State Board of Education and the governing board of the school district, shall reassign the principal of that school subject to the findings in subdivision (d). In addition to reassigning the principal, the Superintendent of Public Instruction, in consultation with the State Board of Education, shall, notwithstanding any other provision of law, do at least one of the following:

(1) Revise attendance options for pupils to allow them to attend any public school in which space is available. If additional attendance options are made available, nothing in this option shall be construed to require either the sending or receiving school district to incur additional transportation costs.

(2) Allow parents to apply directly to the State Board of Education for the establishment of a charter school and allow parents to establish the charter school at the existing schoolsite.

(3) Under the supervision of the Superintendent of Public Instruction, assign the management of the school to a college, university, county office of education, or other appropriate educational institution. However, the Superintendent of Public Instruction may not assume the management of the school.

(4) Reassign other certificated employees of the school.

(5) Renegotiate a new collective bargaining agreement at the expiration of the existing collective bargaining agreement.

(6) Reorganize the school.

(7) Close the school.

(c) In addition to the actions listed in subdivision (b), the Superintendent of Public Instruction, in consultation with the State Board of Education, may take any other action considered necessary or desirable against the school district or the school district governing board, including appointment of a new superintendent or suspension of the authority of the governing board with respect to the school or schools identified pursuant to subdivision (b).

(d) Before the Superintendent of Public Instruction may take any action against a principal pursuant to subdivision (b), the Superintendent of Public Instruction or a designee of the superintendent shall hold a public hearing on the matter in the school district and make both of the following findings:

(1) A finding that the principal had the authority to take specific enumerated actions that would have helped the school meet its performance goals.

(2) A finding that the principal failed to take specific enumerated actions pursuant to paragraph (1).

(e) A school that has not met its growth targets within 36 months of receiving funding pursuant to Section 52054.5, but has shown significant growth, as determined by the State Board of Education, shall continue to be monitored by the Superintendent of Public Instruction until it meets its annual growth target or the statewide performance target. If, in any year between the third year of implementation funding and the first year the school meets its growth target, the school fails to make significant growth, as determined by the State Board of Education, that school shall be deemed a low-performing school and subject to the provisions of paragraphs (1) to (7), inclusive, of subdivision (b).

(f) An action taken pursuant to subdivision (b), (c), or (d) shall not increase local costs or require reimbursement by the Commission on State Mandates.

(g) An action taken pursuant to subdivision (b), (c), or (d) shall be accompanied by specific findings by the Superintendent of Public Instruction and the State Board of Education that the action is directly related to the identified causes for continued failure by a school to meet its performance goals.

## CHAPTER 888

An act to amend Section 33352, 33353, 33354, and 35179 of the Education Code, relating to interscholastic activities.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 33352 of the Education Code is amended to read:

33352. (a) The State Department of Education shall exercise general supervision over the courses of physical education in elementary

and secondary schools of the state; advise school officials, school boards, and teachers in matters of physical education; and investigate the work in physical education in the public schools.

(b) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. Section 33353 of the Education Code is amended to read:

33353. (a) The California Interscholastic Federation is a voluntary organization consisting of school and school-related personnel with responsibility for administering interscholastic athletic activities in secondary schools. It is the intent of the Legislature that the California Interscholastic Federation, in consultation with the State Department of Education, implement the following policies:

(1) Give the governing boards of school districts specific authority to select their athletic league representatives.

(2) Require that all league, section, and state meetings affiliated with the California Interscholastic Federation be subject to the notice and hearing requirements of the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code).

(3) Establish a neutral final appeals body to hear complaints related to interscholastic athletic policies.

(b) The California Interscholastic Federation shall report to the Legislature and the Governor on its evaluation and accountability activities undertaken pursuant to this section on or before January 1, 2005.

(c) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 3. Section 33354 of the Education Code is amended to read:

33354. (a) The State Department of Education shall have the following authority over interscholastic athletics:

(1) The department may state that the policies of school districts, of associations or consortia of school districts, and of the California Interscholastic Federation, concerning interscholastic athletics, are in compliance with both state and federal law.

(2) If the department states that a school district, an association, or consortium of school districts, or the California Interscholastic Federation is not in compliance with state or federal law, the department may require the school district, association, or consortium, or the federation to adjust its policy so that it is in compliance. However, the department shall not have authority to determine the specific policy that a school district, association, or consortium, or the federation must adopt in order to comply with state and federal laws.

(3) If the department states that a school district, association, or consortium, or the federation is not in compliance with state or federal law in matters relating to interscholastic activities, and the school district, association, or consortium, or the federation does not change its policy in order to comply with these laws, the department may commence with appropriate legal proceedings against the California Interscholastic Federation, the school district or against school districts that are members of the California Interscholastic Federation or the association or consortium that the department states is in noncompliance. *The people of the State of California do enact as follows:*

SECTION 1. Section 32261 of the Education Code is amended to read:

32261. (a) The Legislature hereby recognizes that all pupils enrolled in the state public schools have the inalienable right to attend classes on school campuses which are safe, secure, and peaceful. The Legislature also recognizes that pupils cannot fully benefit from an educational program unless they attend school on a regular basis. In addition, the Legislature further recognizes that school crime, vandalism, truancy, and excessive absenteeism are significant problems on far too many school campuses in the state.

(b) The Legislature hereby finds and declares that the establishment of an interagency coordination system is the most efficient and long-lasting means of resolving school and community problems of truancy and crime, including vandalism, drug and alcohol abuse, gang membership, gang violence, and hate crimes.

(c) It is the intent of the Legislature in enacting this chapter to encourage California public schools to develop comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses, and that address the safety concerns of local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, school

police, and other school employees interested in the prevention of school crime and violence.

## CHAPTER 891

An act to amend Sections 10554, 41203.1, 45023.1, 52057, 60810, 87885, 92900, and 92901 of, to add Sections 42238.146, 56836.095, 56836.158, and 56836.159 to, to add Chapter 2.5 (commencing with Section 54200) to Part 29 of, and to repeal Sections 42243.6, 42243.8, 42243.9, 42246, 42247, 42247.1, 42247.2, 42247.3, 42247.4, 42247.5, 42249, 42249.2, 42249.4, 42249.6, 42249.65, and 42249.8 of, the Education Code, to amend Item 6110-132-0001 of, and to add Item 6110-128-0001 to, Section 2.00 of the Budget Act of 2001, relating to education, making an appropriation therefor, declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

I am signing Senate Bill No. 735, however I am reducing the $98 million appropriation to the Chancellor of the California Community Colleges in Section 34(a) by a total of $66 million. Given the rapid decline in our economy and a budget shortfall of $1.1 billion through the first three months of this fiscal year alone, I have no choice but to reduce the level of General Fund expenditure to these programs. My Administration has strongly supported the Community College system. Last year alone I increased the Partnership for Excellence funding for Community Colleges to $300 million -- more than double the level of funding from the previous year. However, given the expected budget shortfall in the next fiscal year, if we do not make difficult decisions on expenditures for maintenance and equipment today, we will need to make even more drastic reductions in instructional programs tomorrow.

My office worked with the Chancellor's office and members of the Community College Board of Trustees to identify specific funding needs related to equipment for academic programs or safety-related deferred maintenance projects. The $32 million remaining

should provide sufficient resources to fund the most critical fire and life safety hazards and the most essential instructional materials acquisition needs of the colleges. I have also sustained the full $14.9 million requested in Section 34(b) from the 1998 Higher Education Capital Outlay Bond Fund for 34 capital outlay projects for a total of nearly $47 million.

Additionally, I am signing this bill with the understanding that clean-up language will be introduced to correct a technical error which may reduce funding for the Targeted Instructional Improvement Grant Program below the current base level.

I am revising Section 34(a) of SB 735 to conform to this action as follows:

SEC. 34. (a) (1) The sum of thirty-two million dollars ($32,000,000) is hereby appropriated, for allocation in the 2001–02 fiscal year, to the Chancellor of the California Community Colleges, in augmentation of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2001, for allocation to community college districts as follows:

(A) Seventeen million dollars ($17,000,000) from the Proposition 98 Reversion Account for allocation for scheduled maintenance and special repair projects.

(C) Fifteen million dollars ($15,000,000) from the General Fund for allocation for the purchase of instructional equipment and library materials.

(2) The amount appropriated in paragraph (1) shall be allocated by the Chancellor of the California Community Colleges to community college districts for the purposes of scheduled maintenance and special repair projects and instructional equipment and library materials.

(3) The chancellor shall allocate the funding for scheduled maintenance and special repair so that, for every dollar of funds allocated pursuant to subparagraphs (A) and (B) of paragraph (1), a recipient district shall provide one dollar in matching funds. Priority for the allocation of funding provided for scheduled maintenance and special repairs shall be given to fire and life safety, seismic safety, and other critical need projects. The amounts appropriated in subparagraphs (A) and (B) of paragraph (1) shall be available for encumbrance until June 30, 2003.

(4) The chancellor shall allocate the funding for instructional equipment and library materials so that, for every three dollars of funds allocated pursuant to subparagraph (C) of paragraph (1), a recipient district shall provide one dollar in matching funds. In expending the funds provided under this section for instructional equipment and library materials, a district shall give first priority to making payments on any multiyear lease agreements.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. Section 10554 of the Education Code is amended to read:

10554. (a) In order for the governing board to carry out its responsibilities pursuant to this chapter, there is hereby established the Educational Telecommunication Fund. The amount of moneys to be deposited in the fund shall be the amount of any offset made to the principal apportionments made pursuant to Sections 1909, 2558, 42238, 52616, Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28, and Chapter 7.2 (commencing with Section 56836) of Part 30, based on a finding that these apportionments were not in accordance with law. The maximum amount that may be annually deposited in the fund from the offset shall be fifteen million dollars ($15,000,000). The

Controller shall establish an account to receive and expend moneys in the fund. The placement of the moneys in the fund shall occur only upon a finding by the Superintendent of Public Instruction and the Director of Finance that the principal apportionments made pursuant to Sections 1909, 2558, 42238, 52616, and Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28, and Chapter 7.2 (commencing with Section 56836) of Part 30 were not in accordance with existing law and were so identified pursuant to Sections 1624, 14506, 41020, 41020.2, 41320, 42127.2, and 42127.3, or an independent audit that was approved by the State Department of Education.

(b) Moneys in the fund established pursuant to subdivision (a) shall only be available for expenditure upon appropriation by the Legislature in the Budget Act.

(c) The moneys in the fund established pursuant to subdivision (a) may be expended by the governing board to carry out the purposes of this chapter, including for the following purposes:

(1) To support the activities of the team established pursuant to subdivision (c) of Section 10551.

(2) To assist the school districts and county superintendents of schools in purchasing both hardware and software to allow school districts, county superintendents of schools, and the State Department of Education to be linked for school business and administrative purposes. The governing board shall establish a matching share requirement that applicant school districts and county superintendents of schools must fulfill to receive those funds. It is the intent of the Legislature to encourage the distribution of grants to school districts and county superintendents of schools to the widest extent possible.

(3) To provide technical assistance through county offices of education to school districts in implementing the standards established pursuant to subdivision (a) of Section 10552.

(d) This section shall become inoperative as of January 1, 2003.

SEC. 2. Section 41203.1 of the Education Code is amended to read:

41203.1. (a) For the 1990–91 fiscal year and each fiscal year thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section. Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation

under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), then the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) Notwithstanding any other provision of law, this section shall not apply to the fiscal years between the 1992–93 fiscal year and the 2001–02 fiscal year, inclusive.

SEC. 3. Section 42238.146 is added to the Education Code, to read:

42238.146. Notwithstanding any other provision of law, for purposes of Sections 14002, 14004, and 41301, for the 2000–01 fiscal year and each fiscal year thereafter, the Superintendent of Public Instruction shall certify to the Controller amounts that do not exceed the amounts needed to fund the revenue limits of school districts, as determined pursuant to Section 42238, the revenue limits of county superintendents of schools, as determined pursuant to Section 2558, and the revenue limit portion of charter school operational funding, as determined pursuant to Section 47633.

(a) Commencing with the 2000–01 fiscal year, the governing board of a school district, the county superintendent of schools, or the county board of education may increase, for teachers meeting the requirements prescribed by this section, the salary on its adopted certificated employee salary schedule as provided in subdivision (b). For purposes of this section, any teacher for whom the governing board, county superintendent of schools, or county board of education may increase salaries shall meet all of the following criteria:

(2) The governing board, county superintendent of schools, or county board of education shall increase to the annual salary amount in paragraph (1) the salary of any certificated employee meeting the criteria in subdivision (a) whose salary on the salary schedule for the 1999–2000 fiscal year was less than the amount computed in paragraph (1) and, notwithstanding Section 45028, shall incorporate that increase into the salary schedule commencing with the 2000–01 fiscal year.

(c) Each school district or county office of education that increases its beginning teacher annual minimum salary to thirty-four thousand dollars ($34,000) pursuant to subdivision (b) shall elect, except as provided in subdivision (j), to receive reimbursement for the cost of the increase pursuant to only one of the following two options:

(1) Option One:

(A) In fiscal year 2000–01, a school district, county superintendent of schools, or county office of education that increases salaries pursuant to paragraph (2) of subdivision (b) and selects reimbursement Option One shall receive an amount equal to six dollars ($6) times the district's or county office's second principal apportionment average daily attendance for the 1999–2000 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(B) Divide the amount received from the state pursuant to subparagraph (A) for the 2000–01 fiscal year by the school district or county office of education second principal apportionment average daily attendance for the 1999–2000 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(C) For the 2001–02 fiscal year and each fiscal year thereafter, for each school district that increases its salaries pursuant to subdivision (a), the Superintendent of Public Instruction shall sum the results of paragraphs (i) and (ii) and add that figure to the total school district revenue limit computed pursuant to Section 42238:

(i) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(D) For the 2001–02 fiscal year and each fiscal year thereafter, for each county office of education that increases its salaries subdivision (a), the Superintendent of Public Instruction shall add the sum of paragraphs (i) and (ii) to the county office of education revenue limit computed pursuant to Section 2550:

(i) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase

identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(E) The school district, county superintendent of schools, or county office of education shall utilize these incentive funds not only to meet the new beginning teacher annual minimum salary of thirty-four thousand dollars ($34,000), but may also use the funds to generally enhance teachers' salaries in order to achieve the goals of retention of qualified, competent, and experienced teachers and the attainment of a reasonable salary commensurate with a teacher's experience, education, and responsibilities.

(2) Option Two: A school district, county superintendent of schools, or county office of education may submit a request to the Superintendent of Public Instruction, on a form supplied by the Superintendent of Public Instruction, for state funding computed as follows:

(A) Total the salaries of all certificated employees receiving increased salaries up to a maximum of thirty-four thousand dollars ($34,000) per person pursuant to subdivision (b) for the 2000–01 fiscal year.

(B) Total all salaries, based on the salary schedule for the 2000–01 fiscal year before the increase made pursuant to subdivision (b), of all certificated employees receiving increased salaries pursuant to subdivision (b).

(C) Subtract the amount in subparagraph (B) from the amount in subparagraph (A).

(D) Multiply the amount in subparagraph (C) by the district's statutory benefit rates.

(E) For the 2000–01 fiscal year, a school district, county superintendent of schools, or county office of education that increases salaries pursuant to paragraph (2) of subdivision (b) and selects reimbursement Option Two shall receive the sum of paragraphs (C) and (D).

(F) Divide the sum of the amounts received pursuant to paragraphs (C) and (D) for the 2000–01 fiscal year by the school district and county office of education average daily attendance for the second principal apportionment for the 2000–01 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(G) For the 2001–02 fiscal year and each fiscal year thereafter, for each school district that increases its salaries pursuant to subdivision (a),

the Superintendent of Public Instruction shall sum the results of paragraphs (i) and (ii) and add that figure to the total school district revenue limit computed pursuant to Section 42238:

(i) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(H) For the 2001–02 fiscal year and each fiscal year thereafter, for each county office of education that increases its salaries subdivision (a), the Superintendent of Public Instruction shall add the sum of paragraphs (i) and (ii) to the county office of education revenue limit computed pursuant to Section 2550:

(i) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(d) Any state funds received pursuant to this section and not used pursuant to the conditions of this section shall be returned to the state.

(e) If the funds requested by the school districts, the county superintendents of schools, and the county offices of education for the 2000–01 fiscal year exceed the state appropriation for this section, the Superintendent of Public Instruction shall reduce all requests by the application of a single, common percentage factor for apportionment purposes, so as not to exceed the amount appropriated for this purpose.

(f) A school district or county office of education shall receive reimbursement pursuant to subdivision (c) only. However, this section does not prohibit a school district and its employees from negotiating salary schedules.

(g) The adjustments to school district and county office of education revenue limits prescribed in subparagraphs (C) and (D) of paragraph (1) of subdivision (c) and subparagraphs (G) and (H) of paragraph (2) of subdivision (c), respectively, shall continue so long as the increase in the salary schedule made pursuant to paragraph (2) of subdivision (b) or subdivision (i) is maintained.

(h) The Superintendent of Public Instruction shall issue appropriate forms to school districts and county offices of education no later than September 1, 2000. School districts, county superintendents of schools, or county offices of education shall notify the Superintendent of Public Instruction no later than September 30, 2001, regarding which option they wish to exercise for the 2000–01 fiscal year. School districts, county superintendents of schools, or county offices of education shall file their claim form for state funds with the Superintendent of Public Instruction no later than September 30, 2001.

(i) Adjustments made to school district or county office of education revenue limits pursuant to subparagraphs (C) and (D) of paragraph (1) of subdivision (c) and subparagraphs (G) and (H) of paragraph (2) of subdivision (c), respectively, shall not be considered part of the base revenue limit for the purpose of computing equalization adjustments or determining other wealth-related differences in school funding.

(j) Notwithstanding subdivision (c), a school district or county office of education that already has as the annual minimum salary for beginning teachers who meet the criteria in subdivision (a) in an amount equal to or greater than thirty-four thousand dollars ($34,000) shall be eligible to receive reimbursement pursuant to Option One.

SEC. 21. Section 52057 of the Education Code is amended to read:

52057. (a) The State Board of Education shall establish a Governor's Performance Award Program to provide monetary and nonmonetary awards to schools that meet or exceed API performance growth targets established pursuant to Section 52052, and demonstrate comparable improvement in academic achievement by all numerically significant ethnic and socioeconomically disadvantaged subgroups within schools. Monetary awards shall be awarded only to schools

whose API scores meet or exceed their API growth target as established pursuant to Section 52052 or increase by five points, whichever is greater, and in which all numerically significant subgroups' scores meet or exceed 80 percent of the school's API growth target as established pursuant to Section 52052 or increase by four points, whichever is greater. For purposes of this section, an ethnic or socioeconomically disadvantaged subgroup of at least 100 pupils constitutes a numerically significant subgroup, even if the subgroup does not constitute 15 percent of the total enrollment at a school.

(b) All schools, including schools participating in the Immediate Intervention/Underperforming Schools Program are eligible to participate in the Governor's Performance Award Program. The manner and form in which the monetary and nonmonetary awards are given shall be established by the Superintendent of Public Instruction and approved by the State Board of Education. The monetary awards shall be made available on either a per pupil or per school basis, not to exceed one hundred fifty dollars ($150) per pupil who received a score on the assessments described in subdivision (b) of Section 60640 and subject to funds appropriated in the annual Budget Act. A school that continues to show improvement in successive years is eligible to receive annual bonuses.

(c) In addition to or in substitution of monetary awards, the Superintendent of Public Instruction may establish, upon approval by the State Board of Education, nonmonetary awards that may include, but are not limited to, classification as a distinguished school, listing on a published public school honor roll, and public commendations by the Governor and the Legislature.

(d) A governing board of a school district or a county board of education with one or more schools under its jurisdiction that are eligible to receive an award from the Governor's Performance Award Program may request on behalf of those schools that the State Board of Education waive all or any part of any provision of this code, or any regulation adopted by the State Board of Education, controlling any of the programs listed in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761 and Section 64000. The board may grant the request if the waiver does not result in a decrease in the instructional time otherwise required by law or regulation or an increase in state costs and is determined to be consistent with subdivision (a) of Section 46300. The waiver shall be granted for no more than three consecutive fiscal years. A governing board of a school district or a county board of education may request a renewal for schools under their jurisdiction that still meet the eligibility criteria.

(e) The waiver granted pursuant to subdivision (d) of Section 52057 may also provide the governing board of a school district or a county

board of education with maximum flexibility, on the part of eligible schools within the districts, in the expenditure of any new or existing categorical funds not otherwise prohibited under state or federal law to enable the school to continue improvement in pupil performance.

SEC. 22. Chapter 2.5 (commencing with Section 54200) is added to Part 29 of the Education Code, to read:

CHAPTER 2.5. TARGETED INSTRUCTIONAL IMPROVEMENT GRANT

54200. The funding for court-ordered desegregation programs and for voluntary integration programs shall be combined to form a new program, the Targeted Instructional Improvement Grant Program that is hereby established.

54201. (a) The State Department of Education shall calculate the per pupil amount that was received by each school district pursuant to the court-ordered desegregation claims filed pursuant to Sections 42243.6 and 42247, and the per pupil amount that was received based on voluntary integration claims filed pursuant to Sections 42247 and 42249 for the 2000–01 fiscal year. This amount shall be determined by dividing the total funds by the actual average daily attendance as reported on the second principal apportionment for 2000–01.

(b) The amount determined pursuant to subdivision (a) for each school district, adjusted by the percentage increase calculated pursuant to Section 42238.1, multiplied by the districts' total average daily attendance for each fiscal year shall be the total per pupil funding received for the Targeted Instructional Improvement Grant. This amount shall be adjusted annually thereafter by the percentage increase calculated pursuant to Section 42238.1.

54203. (a) A school district receiving funds pursuant to this chapter shall expend the funds to accomplish the following:

(1) To fund the costs of any court-ordered desegregation program, if the order exists and is still in force.

(2) To provide instructional improvement for the lowest achieving pupils in the district.

(b) In expending funds received pursuant to this chapter, a school district shall give first priority to funding the costs of any court-ordered desegregation program if the order exists and is still in force.

56836.095. For the 2001–02 fiscal year, the superintendent shall make the following computations in the following order:

(a) Calculate and carry out the equalization adjustments authorized pursuant to Sections 56836.12 and 56836.14.

(b) Complete the calculations required to adjust the statewide total average daily attendance pursuant to Section 56836.156, and adjust the statewide target per unit of average daily attendance for the 2001–02 fiscal year in accordance with this calculation.

(c) Determine and provide the amount of funding required for the special disabilities adjustment pursuant to Section 56836.155.

(d) Compute and distribute the amount of funding appropriated for increasing the statewide target amount per unit of average daily attendance pursuant to Section 56836.158.

(e) Compute and provide a permanent adjustment for each special education local plan area pursuant to Section 56836.159.

SEC. 24. Section 56836.158 is added to the Education Code, to read:

56836.158. (a) The superintendent shall determine the statewide total average daily attendance used for the purposes of Section 56836.08 for the 2000–01 fiscal year. For the purposes of this calculation, the 2000–01 second principal average daily attendance for the court, community school, and special education programs served by the Los Angeles County Juvenile Court and Community School/Division of Alternative Education special education local plan area shall be used in lieu of the average daily attendance used for that agency for the purposes of Section 56836.08.

(b) The Superintendent of Public Instruction shall distribute the amount appropriated for purposes of this section from the 2001-02 Budget Act. The Superintendent of Public Instruction shall divide that amount of funding by the amount calculated in subdivision (a).

(c) For each special education local plan area, the superintendent shall permanently increase the amount per unit of average daily attendance determined pursuant to subdivision (b) of Section 56836.10 for the 2001-02 fiscal year by the quotient determined pursuant to subdivision (b) of this section. This increase shall be effective beginning in the 2001–02 fiscal year.

(d) Notwithstanding subdivision (c), for the Los Angeles County Juvenile Court and Community School/Division of Alternative Education special education local plan area, the superintendent shall permanently increase the amount per unit of average daily attendance determined pursuant to subdivision (b) of Section 56836.10 by the ratio of the amount determined pursuant to subdivision (b) to the statewide target per unit of average daily attendance determined pursuant to Section 56836.11 for the 2000–01 fiscal year. This increase shall be effective beginning in the 2001–02 fiscal year.

(e) The superintendent shall increase the statewide target per unit of average daily attendance determined pursuant to Section 56836.11 for

the 2001–02 fiscal year by the amount determined pursuant to subdivision (b).

SEC. 25. Section 56836.159 is added to the Education Code, to read:

56836.159. (a) For the 2001–02 fiscal year, the superintendent shall compute a permanent adjustment for each special education local plan area as determined by this section.

(b) The superintendent shall rank each special education local plan area by its funding level per unit of average daily attendance as determined by dividing the amount calculated for each special education local plan area for the 2001–02 fiscal year pursuant to Section 56836.08 plus the amount provided to each special education local plan area pursuant to subdivision (c) of Section 56836.158 by each special education local plan area's average daily attendance upon which funding is based for the 2001–02 fiscal year pursuant to Section 56836.15.

(c) The superintendent shall increase the special education local plan areas with the lowest level of funding per unit of average daily attendance as determined in subdivision (b) to that of the special education local plan area with the next highest level of funding per unit of average daily attendance by allocating an amount from that available for this purpose from the Budget Act to the lowest level special education local plan areas. The amount to be allocated shall equal the difference between the funding level per unit of average daily attendance of the lowest level special education local plan areas and the next highest level special education local plan area multiplied by the average daily attendance upon which funding is based for the 2001–02 fiscal year pursuant to Section 56836.15 of the lowest level special education local plan areas.

(d) If there is additional funding available after the allocation pursuant to subdivision (c), the allocation pursuant to subdivision (c) shall be repeated until all the funds appropriated for this purpose in the Budget Act have been used. If the amount appropriated for the purposes of this section from the 2001–02 Budget Act is not sufficient to fully fund the allocation pursuant to subdivision (c), then the funding provided to each special education local plan area in the last iteration pursuant to subdivision (c) shall be prorated.

(e) The amount, if any, computed pursuant to subdivision (c) and subdivision (d) for each special education local plan area shall be a permanent increase and shall, commencing in the 2002–03 fiscal year, be included in the prior year amount determined pursuant to paragraph (2) of subdivision (b) of Section 56836.10.

SEC. 26. Section 60810 of the Education Code is amended to read:

60810. (a) (1) The Superintendent of Public Instruction shall review existing tests that assess the English language development of

pupils whose primary language is a language other than English. The tests shall include, but not be limited to, an assessment of achievement of these pupils in English reading, speaking, and written skills. The superintendent shall determine which tests, if any, meet the requirements of subdivisions (b) and (c). If any existing test or series of tests meets these criteria, the superintendent, with approval of the State Board of Education, shall report to the Legislature on its findings and recommendations.

(2) If no suitable test exists, the superintendent shall explore the option of a collaborative effort with other states to develop a test or series of tests and share test development costs. The State Board of Education shall establish the amount of funding to be apportioned per test administered, based on a review of the cost per test.

(5) An adjustment to the amount of funding to be apportioned per test is not valid without the approval of the Director of Finance. A request for approval of an adjustment to the amount of funding to be apportioned per test shall be submitted in writing to the Director of Finance and the chairpersons of the fiscal committees of both houses of the Legislature with accompanying material justifying the proposed adjustment. The Director of Finance is authorized to approve only those adjustments related to activities required by statute. The Director of Finance shall approve or disapprove the amount within 30 days of receipt of the request and shall notify the chairpersons of the fiscal committees of both houses of the Legislature of the decision.

(b) The test or series of tests developed or acquired pursuant to subdivision (a) shall have sufficient range to assess pupils in kindergarten and grades 1 to 12, inclusive, in English reading, speaking, and written skills, except that pupils in kindergarten and grade 1 shall be assessed in reading and written communication only to the extent that

comparable standards and assessments in English and language arts are used for native speakers of English.

(c) The test or series of tests shall meet all of the following requirements:

(1) Provide sufficient information about pupils at each grade level to determine levels of proficiency ranging from no English proficiency to fluent English proficiency with at least two intermediate levels.

(2) Have psychometric properties of reliability and validity deemed adequate by technical experts.

(3) Be capable of administration to pupils with any primary language other than English.

(4) Be capable of administration by classroom teachers.

(5) Yield scores that allow comparison of a pupil's growth over time, can be tied to readiness for various instructional options, and can be aggregated for use in the evaluation of program effectiveness.

(6) Not discriminate on the basis of race, ethnicity, or gender.

(7) Be aligned with the standards for English language development adopted by the State Board of Education pursuant to Section 60811.

(d) The test shall be used for the following purposes:

(3) To assess the progress of limited-English-proficient pupils in acquiring the skills of listening, reading, speaking, and writing in English.

The chancellor shall distribute funds that are appropriated in the annual Budget Act specifically for this purpose proportionally based on each district's total costs for office hours of part-time faculty pursuant to the verification submitted by the community college district in accordance with subdivision (c) of Section 87884 for that fiscal year. In no event, however, shall the allocation to any district in a fiscal year exceed 50 percent of the total costs of the compensation paid for office hours of part-time faculty pursuant to this article.

## CHAPTER 892

An act to amend Sections 47605 and 47612.5 of, and to add Sections 47614.5, 47616.7, and 47634.2 to, the Education Code, relating to charter schools.

[Approved by Governor October 13, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within any school district may be circulated by any one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after either of the following conditions are met:

(A) The petition has been signed by a number of parents or guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation.

(B) The petition has been signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation.

(2) In the case of a petition for the establishment of a charter school through the conversion of an existing public school, that would not be eligible for a loan pursuant to subdivision (b) of Section 41365, the petition may be circulated by any one or more persons seeking to establish the converted charter school. The petition may be submitted to the governing board of the school district for review after the petition has been signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or guardian is meaningfully interested in having his or her child, or ward, attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the district, other employees of the district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California

educational system and that establishment of charter schools should be encouraged. A school district governing board shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an ''educated person'' in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(B) The measurable pupil outcomes identified for use by the charter school. ''Pupil outcomes,'' for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured.

(D) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the school.

(F) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(G) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission requirements, if applicable.

(I) The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

(O) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for the purposes of the Educational Employment Relations Act (Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code).

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall on a regular basis consult with their parents and teachers regarding the school's educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of ethnicity, national origin, gender, or disability. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or guardian, within this state, except that any existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) However, if the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing

pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the district except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and, in no event, shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(e) No governing board of a school district shall require any employee of the school district to be employed in a charter school.

(f) No governing board of a school district shall require any pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be utilized by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school and upon the school district. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cash-flow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the school district governing board shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the State Department of Education under Section 54032.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the State Board of Education.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to either the county board of education or directly to the State Board of Education. The county board of education or the State Board of Education, as the case may be, shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file

a petition for establishment of a charter school with the State Board of Education.

(2) In assuming its role as a chartering agency, the State Board of Education shall develop criteria to be used for the review and approval of charter school petitions presented to the State Board of Education. The criteria shall address all elements required for charter approval, as identified in subdivision (b) of Section 47605 and shall define ''reasonably comprehensive'' as used in paragraph (5) of subdivision (b) of Section 47605 in a way that is consistent with the intent of the Charter Schools Act of 1992. Upon satisfactory completion of the criteria, the State Board of Education shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the State Board of Education pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the State Board of Education fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district, to deny a petition shall, thereafter, be subject to judicial review.

(5) The State Board of Education shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the State Board of Education.

(k) (1) The State Board of Education may, by mutual agreement, designate its supervisorial and oversight responsibilities for a charter school approved by the State Board of Education to any local education agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local education agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the State Board of Education.

(3) A charter school that has been granted its charter by the State Board of Education and elects to seek renewal of its charter shall, prior to expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the school's petition for renewal, the school may petition the State Board of Education for renewal of its charter.

(*l*) Teachers in charter schools shall be required to hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and shall be subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

SEC. 1.5. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within any school district may be circulated by any one or more persons seeking to establish the charter school. (e) No governing board of a school district shall require any employee of the school district to be employed in a charter school.

(f) No governing board of a school district shall require any pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be utilized by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school and upon the school district. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cash-flow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the school district governing board shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the State Department of Education under Section 54032.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the State Board of Education.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to either the county board of education or directly to the

State Board of Education. The county board of education or the State Board of Education, as the case may be, shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter school with the State Board of Education.

(2) In assuming its role as a chartering agency, the State Board of Education shall develop criteria to be used for the review and approval of charter school petitions presented to the State Board of Education. The criteria shall address all elements required for charter approval, as identified in subdivision (b) of Section 47605 and shall define ''reasonably comprehensive'' as used in paragraph (5) of subdivision (b) of Section 47605 in a way that is consistent with the intent of the Charter Schools Act of 1992. Upon satisfactory completion of the criteria, the State Board of Education shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the State Board of Education pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the State Board of Education fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district, to deny a petition shall, thereafter, be subject to judicial review.

(5) The State Board of Education shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the State Board of Education.

(k) (1) The State Board of Education may, by mutual agreement, designate its supervisorial and oversight responsibilities for a charter school approved by the State Board of Education to any local education agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local education agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the State Board of Education.

(3) A charter school that has been granted its charter by the State Board of Education and elects to seek renewal of its charter shall, prior to expiration of the charter, submit its petition for renewal to the

governing board of the school district that initially denied the charter. If the governing board of the school district denies the school's petition for renewal, the school may petition the State Board of Education for renewal of its charter.

(*l*) Teachers in charter schools shall be required to hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and shall be subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

(m) A charter school shall transmit a copy of its annual, independent, financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (b), to its chartering entity and the State Department of Education by December 15 of each year. This subdivision shall not apply if the audit of the charter school is encompassed in the audit of the chartering entity pursuant to Section 41020.

SEC. 2. Section 47612.5 of the Education Code is amended to read:

47612.5. (a) Notwithstanding any other provision of law, a charter school shall do all of the following:

(1) Offer, at a minimum, the same number of minutes of instruction set forth in paragraph (3) of subdivision (a) of Section 46201 for the appropriate grade levels.

(2) Maintain written contemporaneous records that document all pupil attendance and make these records available for audit and inspection.

(3) Certify that its pupils have participated in the state testing programs specified in Chapter 5 (commencing with Section 60600) of Part 33 in the same manner as other pupils attending public schools as a condition of apportionment of state funding.

(b) Notwithstanding any other provision of law and except to the extent inconsistent with this section and Section 47634.2, a charter school that provides independent study shall comply with Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28 and implementing regulations adopted thereunder. The State Board of Education shall adopt regulations that apply this article to charter schools. To the extent that these regulations concern the qualifications of instructional personnel, the State Board of Education shall be guided by subdivision (*l*) of Section 47605.

(c) (1) Notwithstanding any other provision of law and except as provided in paragraph (1) of subdivision (d), a charter school that has an approved charter may receive funding for nonclassroom-based

instruction only if a determination for funding is made pursuant to Section 47634.2 by the State Board of Education. The determination for funding shall be subject to any conditions or limitations the State Board of Education may prescribe. The State Board of Education shall adopt regulations on or before February 1, 2002, that define and establish general rules governing nonclassroom-based instruction that apply to all charter schools and to the process for determining funding of nonclassroom-based instruction by charter schools offering nonclassroom-based instruction other than the nonclassroom-based instruction allowed by paragraph (1) of subdivision (d). Nonclassroom-based instruction includes, but is not limited to, independent study, home study, work study, and distance and computer-based education. In prescribing any conditions or limitations relating to the qualifications of instructional personnel, the State Board of Education shall be guided by subdivision (*l*) of Section 47605.

(2) Except as provided in paragraph (2) of subdivision (b) of Section 47634.2, a charter school that receives a determination pursuant to subdivision (b) of Section 47634.2 is not required to reapply annually for a funding determination of its nonclassroom-based instruction program if an update of the information the State Board of Education reviewed when initially determining funding would not require material revision, as that term is defined in regulations adopted by the board. Notwithstanding any provision of law, the State Board of Education may require a charter school to provide updated information at any time it determines that a review of that information is necessary. The State Board of Education may terminate a determination for funding if updated or additional information requested by the board is not made available to the board by the charter school within a reasonable amount of time or if the information otherwise supports termination. A determination for funding pursuant to Section 47634.2 may not exceed five years.

(3) A charter school that offers nonclassroom-based instruction in excess of the amount authorized by paragraph (1) of subdivision (d) is subject to the determination for funding requirement of Section 47634.2 to receive funding each time its charter is renewed or materially revised pursuant to Section 47607. A charter school that materially revises its charter to offer nonclassroom-based instruction in excess of the amount authorized by paragraph (1) of subdivision (d) is subject to the determination for funding requirement of Section 47634.2.

(d) (1) Notwithstanding any other provision of law, and as a condition of apportionment, ''classroom-based instruction'' in a charter school, for the purposes of this part, occurs only when charter school pupils are engaged in educational activities required of those pupils and are under the immediate supervision and control of an employee of the

charter school who possesses a valid teaching certification in accordance with subdivision (*l*) of Section 47605. For purposes of calculating average daily attendance for classroom-based instruction apportionments, at least 80 percent of the instructional time offered by the charter school shall be at the schoolsite, and the charter school shall require the attendance of all pupils for whom a classroom-based apportionment is claimed at the schoolsite for at least 80 percent of the minimum instructional time required to be offered pursuant to paragraph (1) of subdivision (a) of Section 47612.5.

(2) For the purposes of this part, ''nonclassroom instruction'' or ''nonclassroom-based instruction'' means instruction that does not meet the requirements specified in paragraph (1). The State Board of Education may adopt regulations pursuant to paragraph (1) of subdivision (c) specifying other conditions or limitations on what constitutes nonclassroom-based instruction, as it deems appropriate and consistent with this part.

(3) For purposes of this part, a schoolsite is a facility that is used principally for classroom instruction.

SEC. 2.5. Section 47612.5 of the Education Code is amended to read:

47612.5. (a) Notwithstanding any other provision of law and as a condition of apportionment, a charter school shall do all of the following:

(1) Offer, at a minimum, the same number of minutes of instruction set forth in paragraph (3) of subdivision (a) of Section 46201 for the appropriate grade levels.

(2) Maintain written contemporaneous records that document all pupil attendance and make these records available for audit and inspection.

(3) Certify that its pupils have participated in the state testing programs specified in Chapter 5 (commencing with Section 60600) of Part 33 in the same manner as other pupils attending public schools as a condition of apportionment of state funding.

(b) Notwithstanding any other provision of law and except to the extent inconsistent with this section and Section 47634.2, a charter school that provides independent study shall comply with Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28 and implementing regulations adopted thereunder. The State Board of Education shall adopt regulations that apply this article to charter schools. To the extent that these regulations concern the qualifications of instructional personnel, the State Board of Education shall be guided by subdivision (*l*) of Section 47605.

(c) A reduction in apportionment made pursuant to subdivision (a) shall be proportional to the magnitude of the exception that causes the

reduction. For purposes of paragraph (1) of subdivision (a), for each charter school that fails to offer pupils the minimum number of minutes of instruction specified in that paragraph, the Superintendent of Public Instruction shall withhold from the charter school's apportionment for average daily attendance of the affected pupils, by grade level, the sum of that apportionment multiplied by the percentage of the minimum number of minutes of instruction at each grade level that the charter school failed to offer.

(d) (1) Notwithstanding any other provision of law and except as provided in paragraph (1) of subdivision (e), a charter school that has an approved charter may receive funding for nonclassroom-based instruction only if a determination for funding is made pursuant to Section 47634.2 by the State Board of Education. The determination for funding shall be subject to any conditions or limitations the State Board of Education may prescribe. The State Board of Education shall adopt regulations on or before February 1, 2002, that define and establish general rules governing nonclassroom-based instruction that apply to all charter schools and to the process for determining funding of nonclassroom-based instruction by charter schools offering nonclassroom-based instruction other than the nonclassroom-based instruction allowed by paragraph (1) of subdivision (e). Nonclassroom-based instruction includes, but is not limited to, independent study, home study, work study, and distance and computer-based education. In prescribing any conditions or limitations relating to the qualifications of instructional personnel, the State Board of Education shall be guided by subdivision (l) of Section 47605.

(2) Except as provided in paragraph (2) of subdivision (b) of Section 47634.2, a charter school that receives a determination pursuant to subdivision (b) of Section 47634.2 is not required to reapply annually for a funding determination of its nonclassroom-based instruction program if an update of the information the State Board of Education reviewed when initially determining funding would not require material revision, as that term is defined in regulations adopted by the board. Notwithstanding any provision of law, the State Board of Education may require a charter school to provide updated information at any time it determines that a review of that information is necessary. The State Board of Education may terminate a determination for funding if updated or additional information requested by the board is not made available to the board by the charter school within a reasonable amount of time or if the information otherwise supports termination. A determination for funding pursuant to Section 47634.2 may not exceed five years.

(3) A charter school that offers nonclassroom-based instruction in excess of the amount authorized by paragraph (1) of subdivision (e) is

subject to the determination for funding requirement of Section 47634.2 to receive funding each time its charter is renewed or materially revised pursuant to Section 47607. A charter school that materially revises its charter to offer nonclassroom-based instruction in excess of the amount authorized by paragraph (1) of subdivision (e) is subject to the determination for funding requirement of Section 47634.2.

(e) (1) Notwithstanding any other provision of law, and as a condition of apportionment, ''classroom-based instruction'' in a charter school, for the purposes of this part, occurs only when charter school pupils are engaged in educational activities required of those pupils and are under the immediate supervision and control of an employee of the charter school who possesses a valid teaching certification in accordance with subdivision (*l*) of Section 47605. For purposes of calculating average daily attendance for classroom-based instruction apportionments, at least 80 percent of the instructional time offered by the charter school shall be at the schoolsite, and the charter school shall require the attendance of all pupils for whom a classroom-based apportionment is claimed at the schoolsite for at least 80 percent of the minimum instructional time required to be offered pursuant to paragraph (1) of subdivision (a) of Section 47612.5.

(2) For the purposes of this part, ''nonclassroom instruction'' or ''nonclassroom-based instruction'' means instruction that does not meet the requirements specified in paragraph (1). The State Board of Education may adopt regulations pursuant to paragraph (1) of subdivision (d) specifying other conditions or limitations on what constitutes nonclassroom-based instruction, as it deems appropriate and consistent with this part.

(3) For purposes of this part, a schoolsite is a facility that is used principally for classroom instruction.

SEC. 3. Section 47614.5 is added to the Education Code, to read:

47614.5. (a) The Charter School Facility Grant Program is hereby established and shall be administered by the State Department of Education. This grant program is intended to provide assistance with facilities rent and lease costs for pupils in charter schools.

(b) Subject to the annual Budget Act, eligible schools shall receive an amount of up to, but no more than, seven hundred fifty dollars ($750) per unit of average daily attendance, as certified at the second principal apportionment, to reimburse an amount of up to, but no more than, 75 percent of the annual facilities rent and lease costs for the charter school. In any fiscal year, if the funds appropriated for the purposes of this section by the annual Budget Act are insufficient to fund the approved amounts fully, the Superintendent of Public Instruction shall apportion the available funds on a pro rata basis.

(c) The State Department of Education shall do all of the following:

(1) Inform charter schools of this program.

(2) Upon application by a charter school, determine eligibility, based on the geographic location of the charter schoolsite. Charter schoolsites physically located in the attendance area of a public elementary school in which 70 percent or more of pupil enrollment is eligible for free or reduced price meals are eligible for funding pursuant to this section. Eligibility for funding shall not be limited to the grade level or levels served by the school whose attendance area is used to determine eligibility.

(3) Inform charter schools of their grant eligibility.

(4) Reimburse charter schools for eligible expenditures in a timely manner.

(d) Funding pursuant to this section shall not be apportioned for the following:

(1) Units of average daily attendance generated through nonclassroom-based instruction as defined by paragraph (2) of subdivision (d) of Section 47612.5 or that does not comply with conditions or limitations set forth in regulations adopted by the State Board of Education pursuant to this section.

(2) Charter schools occupying existing school district or county office of education facilities.

(3) Charter schools receiving reasonably equivalent facilities from their chartering authority pursuant to Section 47614.

(e) Funds made available pursuant to this section shall be used only for costs associated with facilities rents and leases, consistent with the definitions used in the California School Accounting Manual. These costs may include, but are not limited to, costs associated with remodeling buildings, deferred maintenance, initially installing or extending service systems and other built-in equipment, and improving sites.

(f) If the number of pupils who wish to attend a charter school that applies for and receives a grant pursuant to this section exceeds the school's capacity, preference shall be extended to pupils currently attending the charter school and pupils who reside in the elementary school attendance area in which the charter school is located.

(g) If an existing charter school located in an elementary attendance area in which less than 50 percent of pupil enrollment is eligible for free or reduced price meals relocates to an attendance area identified in paragraph (2) of subdivision (c), admissions preference shall be given to pupils who reside in the elementary school attendance area into which the charter school is relocating.

(h) For each fiscal year, the Superintendent of Public Instruction shall annually report to the State Board of Education regarding the use of any

funds that have been made available to each charter school from the grant program established pursuant to this section.

(i) It is the intent of the Legislature that ten million dollars ($10,000,000) be appropriated for the Charter School Facility Grant Program for the grants authorized under this section for the 2001–02, 2002–03, and 2003–04 fiscal years.

SEC. 4. Section 47616.7 is added to the Education Code, to read:

47616.7. The evaluation provided for in Section 47616.5 shall include an analysis of the funding system for charter schools that offer nonclassroom-based instruction. The evaluation shall also examine the effectiveness of the State Board of Education's process, as provided for in Sections 47612.5 and 47634.2, for approving funding for charter schools offering nonclassroom-based instruction.

SEC. 5. Section 47634.2 is added to the Education Code, to read:

47634.2. (a) (1) Notwithstanding any other provision of law, the amount of funding to be allocated to a charter school on the basis of average daily attendance that is generated by pupils engaged in nonclassroom-based instruction, as defined by paragraph (2) of subdivision (d) of Section 47612.5, including funding provided on the basis of average daily attendance pursuant to Sections 47613.1, 47633, 47634, and 47664, shall be adjusted by the State Board of Education. The State Board of Education shall adopt regulations setting forth criteria for the determination of funding for nonclassroom-based instruction, at a minimum the regulation shall specify that the nonclassroom-based instruction is conducted for the instructional benefit of the student and substantially dedicated to that function. In developing these criteria and determining the amount of funding to be allocated to a charter school pursuant to this section, the State Board of Education shall consider, among other factors it deems appropriate, the amount of the charter school's total budget expended on certificated employee salaries and benefits and on schoolsites, as defined in paragraph (3) of subdivision (d) of Section 47612.5, and the teacher-to-pupil ratio in the school.

(2) For the 2001–02 fiscal year only, the amount of funding determined by the State Board of Education pursuant to this section shall not be less than 90 percent of the unadjusted amount to which a charter school would otherwise be entitled on the basis of average daily attendance.

(3) For the 2002-03 fiscal year, the amount of funding determined by the State Board of Education pursuant to this section shall not be more than 80 percent of the unadjusted amount to which a charter school would otherwise be entitled, unless the State Board of Education determines that a greater or lesser amount is appropriate based on the criteria specified in paragraph (1) of subdivision (a).

(4) For the 2003–04 fiscal year and each fiscal year thereafter, the amount of funding determined by the State Board of Education pursuant to this section shall not be more than 70 percent of the unadjusted amount to which a charter school would otherwise be entitled, unless the State Board of Education determines that a greater or lesser amount is appropriate based on the criteria specified in paragraph (1) of subdivision (a).

(5) This section does not authorize the board to adjust the amount of funding a charter school receives on the basis of average daily attendance generated through classroom-based instruction, as defined for purposes of calculating average daily attendance for classroom-based instruction apportionments by paragraph (1) of subdivision (d) of Section 47612.5.

(b) (1) The State Board of Education shall appoint an advisory committee to recommend criteria to the board in accordance with this section if it has not done so by the effective date of the act adding this section. The advisory committee shall include, but is not limited to, representatives from school district superintendents, charter schools, teachers, parents, members of the governing boards of school districts, county superintendents of schools, and the Superintendent of Public Instruction.

(2) If a charter school submits a substantially complete request for a determination for funding by February 13, 2002, and the State Board of Education does not act on that request by March 19, 2002, full funding is automatically granted for the 2001–02 fiscal year, but the charter school shall reapply for a determination for funding for the 2002–03 fiscal year.

(3) The determination for funding shall be on a percentage basis and the superintendent shall implement the determination for funding by reducing the charter school's reported average daily attendance by the determination for funding percentage specified by the State Board of Education.

(4) If the State Board of Education denies request for a determination for funding or provides a reduction as authorized by subdivision (a), the board shall, in writing, give the reasons for its denial or reduction and, if appropriate, may describe how any deficiencies or problems may be addressed.

(c) Each charter school offering nonclassroom-based instruction shall, in each report provided to the Superintendent of Public Instruction for apportionment purposes, identify the portion of its average daily attendance that is generated through nonclassroom-based instruction as defined in paragraph (2) of subdivision (d) of Section 47612.5.

(d) Notwithstanding any other provision of law, charter schools shall be subject, with regard to subdivisions (c) and (d) of Section 47612.5 and this section, to audits conducted pursuant to Section 41020.

SEC. 6. (a) The State Board of Education may adopt regulations for the purposes of Section 47612.5, 47614.5, 47634.2 or other sections as necessary to effectively implement this act as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), Chapter 4.5 (commencing with Section 11400), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), including Section 11349.6 of the Government Code, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare, notwithstanding subdivision (e) of Section 11346.1 of the Government Code. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, any regulation adopted pursuant to this section shall not remain in effect more than 180 days unless the State Board of Education complies with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

(b) It is the intent of the Legislature that, for purposes of making the computations required by Section 8 of Article XVI of the California Constitution, appropriations made to implement Section 47614.5 of the Education Code be deemed to be ''General Fund'' revenues allocated to school districts as defined in subdivision (c) of Section 41202 of the Education Code for the 2001–02 fiscal year and each fiscal year thereafter and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B'' as defined in subdivision (e) of Section 41202 of the Education Code, for the fiscal year for which an appropriation is made.

(c) Notwithstanding any other provision of law, any changes to funding levels for charter schools made by the act adding this section shall apply to the entire 2001–02 fiscal year regardless of when this act takes effect.

SEC. 7. Section 1.5 of this bill incorporates amendments to Section 47605 of the Education Code proposed by both this bill and SB 675. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 47605 of the Education Code, and (3) this bill is enacted after SB 675, in which case Section 1 of this bill shall not become operative.

SEC. 8. Section 2.5 of this bill incorporates amendments to Section 47612.5 of the Education Code proposed by this bill and SB 955. It shall only become operative if (1) both bills are enacted and become effective

on or before January 1, 2002, (2) each bill amends Section 47612.5 of the Education Code, and (3) this bill is enacted after SB 955, in which case Section 47612.5 of the Education Code, as amended by SB 955, shall remain operative only until the operative date of this bill, at which time Section 2.5 of this bill shall become operative, and Section 2 of this bill shall not become operative.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1714.01 is added to the Civil Code, to read:

1714.01. (a) Domestic partners shall be entitled to recover damages for negligent infliction of emotional distress to the same extent that spouses are entitled to do so under California law.

(b) For the purpose of this section, ''domestic partners'' has the meaning provided in Section 297 of the Family Code.

SEC. 2. Section 377.60 of the Code of Civil Procedure is amended to read:

377.60. A cause of action for the death of a person caused by the wrongful act or neglect of another may be asserted by any of the following persons or by the decedent's personal representative on their behalf:

(a) The decedent's surviving spouse, domestic partner, children, and issue of deceased children, or, if there is no surviving issue of the

decedent, the persons, including the surviving spouse or domestic partner, who would be entitled to the property of the decedent by intestate succession.

(b) Whether or not qualified under subdivision (a), if they were dependent on the decedent, the putative spouse, children of the putative spouse, stepchildren, or parents. As used in this subdivision, ''putative spouse'' means the surviving spouse of a void or voidable marriage who is found by the court to have believed in good faith that the marriage to the decedent was valid.

(c) A minor, whether or not qualified under subdivision (a) or (b), if, at the time of the decedent's death, the minor resided for the previous 180 days in the decedent's household and was dependent on the decedent for one-half or more of the minor's support.

(d) This section applies to any cause of action arising on or after January 1, 1993.

(e) The addition of this section by Chapter 178 of the Statutes of 1992 was not intended to adversely affect the standing of any party having standing under prior law, and the standing of parties governed by that version of this section as added by Chapter 178 of the Statutes of 1992 shall be the same as specified herein as amended by Chapter 563 of the Statutes of 1996.

(f) For the purpose of this section, ''domestic partners'' has the meaning provided in Section 297 of the Family Code.

SEC. 3. Section 297 of the Family Code is amended to read:

297. (a) Domestic partners are two adults who have chosen to share one another's lives in an intimate and committed relationship of mutual caring.

(b) A domestic partnership shall be established in California when all of the following requirements are met:

(1) Both persons have a common residence.

(2) Both persons agree to be jointly responsible for each other's basic living expenses incurred during the domestic partnership.

(3) Neither person is married or a member of another domestic partnership.

(4) The two persons are not related by blood in a way that would prevent them from being married to each other in this state.

(5) Both persons are at least 18 years of age.

(6) Either of the following:

(A) Both persons are members of the same sex.

(B) One or both of the persons meet the eligibility criteria under Title II of the Social Security Act as defined in 42 U.S.C. Section 402(a) for old-age insurance benefits or Title XVI of the Social Security Act as defined in 42 U.S.C. Section 1381 for aged individuals. Notwithstanding any other provision of this section, persons of opposite

sexes may not constitute a domestic partnership unless one or both of the persons are over the age of 62.

(7) Both persons are capable of consenting to the domestic partnership.

(8) Neither person has previously filed a Declaration of Domestic Partnership with the Secretary of State pursuant to this division that has not been terminated under Section 299.

(9) Both file a Declaration of Domestic Partnership with the Secretary of State pursuant to this division.

(c) ''Have a common residence'' means that both domestic partners share the same residence. It is not necessary that the legal right to possess the common residence be in both of their names. Two people have a common residence even if one or both have additional residences. Domestic partners do not cease to have a common residence if one leaves the common residence but intends to return.

(d) ''Basic living expenses'' means shelter, utilities, and all other costs directly related to the maintenance of the common household of the common residence of the domestic partners. It also means any other cost, such as medical care, if some or all of the cost is paid as a benefit because a person is another person's domestic partner.

(e) ''Joint responsibility'' means that each partner agrees to provide for the other partner's basic living expenses if the partner is unable to provide for herself or himself. Persons to whom these expenses are owed may enforce this responsibility if, in extending credit or providing goods or services, they relied on the existence of the domestic partnership and the agreement of both partners to be jointly responsible for those specific expenses.

SEC. 4. Section 299.5 of the Family Code is amended to read:

299.5. (a) The obligations that two people have to each other as a result of creating a domestic partnership are those described in Section 297. Registration as a domestic partner under this division shall not be evidence of, or establish, any rights existing under law other than those expressly provided to domestic partners in this division and any provision of law specifically referring to domestic partners.

The provisions relating to domestic partners provided in this division and any provision of law specifically referring to domestic partners shall not diminish any right under any other provision of law.

(b) Upon the termination of a domestic partnership, the partners, from that time forward, shall incur none of the obligations to each other as domestic partners that are created by this division and any other provision of law specifically referring to domestic partners.

(c) The filing of a Declaration of Domestic Partnership pursuant to this division shall not, in and of itself, change the character of property, real or personal, or any interest in any real or personal property owned

by either domestic partner or both of them prior to the date of filing of the declaration.

(d) The filing of a Declaration of Domestic Partnership pursuant to this division shall not, in and of itself, create any interest in, or rights to, any property, real or personal, owned by one partner in the other partner, including, but not limited to, rights similar to community property or quasi-community property.

(e) Any property or interest acquired by the partners during the domestic partnership where title is shared shall be held by the partners in proportion of interest assigned to each partner at the time the property or interest was acquired unless otherwise expressly agreed in writing by both parties. Upon termination of the domestic partnership, this subdivision shall govern the division of any property jointly acquired by the partners.

(f) The formation of a domestic partnership under this division shall not change the individual income or estate tax liability of each domestic partner prior to and during the partnership, unless otherwise provided under another state or federal law or regulation.

SEC. 5. Section 9000 of the Family Code is amended to read:

9000. (a) A stepparent desiring to adopt a child of the stepparent's spouse may for that purpose file a petition in the county in which the petitioner resides.

(b) A domestic partner, as defined in Section 297, desiring to adopt a child of his or her domestic partner may for that purpose file a petition in the county in which the petitioner resides.

(c) The caption of the adoption petition shall contain the names of the petitioners, but not the child's name. The petition shall state the child's sex and date of birth and the name the child had before adoption.

(d) If the child is the subject of a guardianship petition, the adoption petition shall so state and shall include the caption and docket number or have attached a copy of the letters of the guardianship or temporary guardianship. The petitioners shall notify the court of any petition for guardianship or temporary guardianship filed after the adoption petition. The guardianship proceeding shall be consolidated with the adoption proceeding.

(e) The order of adoption shall contain the child's adopted name, but not the name the child had before adoption.

(f) For the purposes of this chapter, stepparent adoption includes adoption by a domestic partner, as defined in Section 297.

SEC. 6. Section 9002 of the Family Code is amended to read:

9002. In a stepparent adoption, the prospective adoptive parent is liable for all reasonable costs incurred in connection with the stepparent adoption, including, but not limited to, costs incurred for the investigation required by Section 9001, up to a maximum of seven

hundred dollars ($700). The court, probation officer, qualified court investigator, or county welfare department may defer, waive, or reduce the fee if its payment would cause economic hardship to the prospective adoptive parent detrimental to the welfare of the adopted child.

SEC. 7. Section 9004 of the Family Code is amended to read:

9004. In a stepparent adoption, the form prescribed by the department for the consent of the birth parent shall contain substantially the following notice:

''Notice to the parent who gives the child for adoption: If you and your child lived together at any time as parent and child, the adoption of your child through a stepparent adoption does not affect the child's right to inherit your property or the property of other blood relatives.''

SEC. 8. Section 9005 of the Family Code is amended to read:

9005. (a) Consent of the birth parent to the adoption of the child through a stepparent adoption may not be withdrawn except with court approval. Request for that approval may be made by motion, or a birth parent seeking to withdraw consent may file with the clerk of the court where the adoption petition is pending, a petition for approval of withdrawal of consent, without the necessity of paying a fee for filing the petition. The petition or motion shall be in writing, and shall set forth the reasons for withdrawal of consent, but otherwise may be in any form.

(b) The court clerk shall set the matter for hearing and shall give notice thereof to the probation officer, qualified court investigator, or county welfare department, to the prospective adoptive parent, and to the birth parent or parents by certified mail, return receipt requested, to the address of each as shown in the proceeding, at least 10 days before the time set for hearing.

(c) The probation officer, qualified court investigator, or county welfare department shall, before the hearing of the motion or petition for withdrawal, file a full report with the court and shall appear at the hearing to represent the interests of the child.

(d) At the hearing, the parties may appear in person or with counsel. The hearing shall be held in chambers, but the court reporter shall report the proceedings and, on court order, the fee therefor shall be paid from the county treasury. If the court finds that withdrawal of the consent to adoption is reasonable in view of all the circumstances and that withdrawal of the consent is in the child's best interest, the court shall approve the withdrawal of the consent. Otherwise the court shall withhold its approval. Consideration of the child's best interest shall include, but is not limited to, an assessment of the child's age, the extent of bonding with the prospective adoptive parent, the extent of bonding or the potential to bond with the birth parent, and the ability of the birth parent to provide adequate and proper care and guidance to the child. If

the court approves the withdrawal of consent, the adoption proceeding shall be dismissed.

(e) A court order granting or withholding approval of a withdrawal of consent to an adoption may be appealed in the same manner as an order of the juvenile court declaring a person to be a ward of the juvenile court.

All conditions and restrictions placed by the employer upon the use by an employee of sick

(B) The absence is for the purpose of obtaining professional diagnosis or treatment for a medical condition of the employee.

2805. Any of the following may appear and file written objections to the petition:

(a) Any person required to be listed in the petition.

(b) Any creditor of the ward or conservatee or of the estate.

SEC. 49. Section 4716 is added to the Probate Code, to read:

4716. (a) If a patient lacks the capacity to make a health care decision, the patient's domestic partner shall have the same authority as a spouse has to make a health care decision for his or her incapacitated spouse. This section may not be construed to expand or restrict the ability of a spouse to make a health care decision for an incapacitated spouse.

(b) For the purposes of this section, the following definitions shall apply:

(1) ''Capacity'' has the same meaning as defined in Section 4609.

(2) ''Health care'' has the same meaning as defined in Section 4615.

(3) ''Health care decision'' has the same meaning as defined in Section 4617.

(4) ''Domestic partner'' has the same meaning as that term is used in Section 297 of the Family Code.

SEC. 50. Section 6122 of the Probate Code is amended to read:

6122. (a) Unless the will expressly provides otherwise, if after executing a will the testator's marriage is dissolved or annulled, the dissolution or annulment revokes all of the following:

(1) Any disposition or appointment of property made by the will to the former spouse.

(2) Any provision of the will conferring a general or special power of appointment on the former spouse.

(3) Any provision of the will nominating the former spouse as executor, trustee, conservator, or guardian.

(b) If any disposition or other provision of a will is revoked solely by this section, it is revived by the testator's remarriage to the former spouse.

(c) In case of revocation by dissolution or annulment:

(1) Property prevented from passing to a former spouse because of the revocation passes as if the former spouse failed to survive the testator.

(2) Other provisions of the will conferring some power or office on the former spouse shall be interpreted as if the former spouse failed to survive the testator.

(d) For purposes of this section, dissolution or annulment means any dissolution or annulment which would exclude the spouse as a surviving spouse within the meaning of Section 78. A decree of legal separation which does not terminate the status of husband and wife is not a dissolution for purposes of this section.

(e) Except as provided in Section 6122.1, no change of circumstances other than as described in this section revokes a will.

(f) Subdivisions (a) to (d), inclusive, do not apply to any case where the final judgment of dissolution or annulment of marriage occurs before January 1, 1985. Such case is governed by the law in effect prior to January 1, 1985.

SEC. 51. Section 6122.1 is added to the Probate Code, to read:

6122.1. (a) Unless the will expressly provides otherwise, if after executing a will the testator's domestic partnership is terminated, the termination revokes all of the following:

(1) Any disposition or appointment of property made by the will to the former domestic partner.

(2) Any provision of the will conferring a general or special power of appointment on the former domestic partner.

(3) Any provision of the will nominating the former domestic partner as executor, trustee, conservator, or guardian.

(b) If any disposition or other provision of a will is revoked solely by this section, it is revived by the testator establishing another domestic partnership with the former domestic partner.

(c) In case of revocation by termination of a domestic partnership:

(1) Property prevented from passing to a former domestic partner because of the revocation passes as if the former domestic partner failed to survive the testator.

(2) Other provisions of the will conferring some power or office on the former domestic partner shall be interpreted as if the former domestic partner failed to survive the testator.

(d) This section shall apply only to wills executed on or after January 1, 2002.

SEC. 52. Section 6240 of the Probate Code is amended to read:

6240. The following is the California Statutory Will form:

## QUESTIONS AND ANSWERS ABOUT THIS CALIFORNIA STATUTORY WILL

The following information, in question and answer form, is not a part of the California Statutory Will. It is designed to help you understand about Wills and to decide if this Will meets your needs. This Will is in a simple form. The complete text of each paragraph of this Will is printed at the end of the Will.

1. *What happens if I die without a Will?* If you die without a Will, what you own (your ''assets'') in your name alone will be divided among your spouse, domestic partner, children, or other relatives according to state law. The court will appoint a relative to collect and distribute your assets.

2. *What can a Will do for me?* In a Will you may designate who will receive your assets at your death. You may designate someone (called an ''executor'') to appear before the court, collect your assets, pay your debts and taxes, and distribute your assets as you specify. You may nominate someone (called a ''guardian'') to raise your children who are under age 18. You may designate someone (called a ''custodian'') to manage assets for your children until they reach any age between 18 and 25.

3. *Does a Will avoid probate?* No. With or without a Will, assets in your name alone usually go through the court probate process. The court's first job is to determine if your Will is valid.

4. *What is community property?* Can I give away my share in my Will? If you are married and you or your spouse earned money during your marriage from work and wages, that money (and the assets bought with it) is community property. Your Will can only give away your one-half of community property. Your Will cannot give away your spouse's one-half of community property.

5. *Does my Will give away all of my assets?* Do all assets go through probate? No. Money in a joint tenancy bank account automatically belongs to the other named owner without probate. If your spouse, domestic partner, or child is on the deed to your house as a joint tenant, the house automatically passes to him or her. Life insurance and retirement plan benefits may pass directly to the named beneficiary. A Will does not necessarily control how these types of ''nonprobate'' assets pass at your death.

6. *Are there different kinds of Wills?* Yes. There are handwritten Wills, typewritten Wills, attorney-prepared Wills, and statutory Wills. All are valid if done precisely as the law requires. You should see a lawyer if you do not want to use this statutory Will or if you do not understand this form.

7. *Who may use this Will?* This Will is based on California law. It is designed only for California residents. You may use this form if you are single, married, a member of a domestic partnership, or divorced. You must be age 18 or older and of sound mind.

8. *Are there any reasons why I should NOT use this statutory Will?* Yes. This is a simple Will. It is not designed to reduce death taxes or other taxes. Talk to a lawyer to do tax planning, especially if (i) your assets will be worth more than $600,000 or the current amount excluded from estate tax under federal law at your death, (ii) you own business-related assets, (iii) you want to create a trust fund for your children's education or other purposes, (iv) you own assets in some other state, (v) you want to disinherit your spouse, domestic partner, or descendants, or (vi) you have valuable interests in pension or profit-sharing plans. You should talk to a lawyer who knows about estate planning if this Will does not meet your needs. This Will treats most adopted children like natural children. You should talk to a lawyer if you have stepchildren or foster children whom you have not adopted.

9. *May I add or cross out any words on this Will?* No. If you do, the Will may be invalid or the court may ignore the crossed out or added words. You may only fill in the blanks. You may amend this Will by a separate document (called a codicil). Talk to a lawyer if you want to do something with your assets which is not allowed in this form.

10. *May I change my Will?* Yes. A Will is not effective until you die. You may make and sign a new Will. You may change your Will at any time, but only by an amendment (called a codicil). You can give away or sell your assets before your death. Your Will only acts on what you own at death.

11. *Where should I keep my Will?* After you and the witnesses sign the Will, keep your Will in your safe deposit box or other safe place. You should tell trusted family members where your Will is kept.

12. *When should I change my Will?* You should make and sign a new Will if you marry, divorce, or terminate your domestic partnership after you sign this Will. Divorce, annulment, or termination of a domestic partnership automatically cancels all property stated to pass to a former husband, wife, or domestic partner under this Will, and revokes the designation of a former spouse or domestic partner as executor, custodian, or guardian. You should sign a new Will when you have more children, or if your spouse or a child dies, or a domestic partner dies or marries. You may want to change your Will if there is a large change in the value of your assets. You may also want to change your Will if you enter a domestic partnership or your domestic partnership has been terminated after you sign this Will.

13. *What can I do if I do not understand something in this Will?* If there is anything in this Will you do not understand, ask a lawyer to explain it to you.

14. *What is an executor?* An ''executor'' is the person you name to collect your assets, pay your debts and taxes, and distribute your assets as the court directs. It may be a person or it may be a qualified bank or trust company.

15. *Should I require a bond?* You may require that an executor post a ''bond.'' A bond is a form of insurance to replace assets that may be mismanaged or stolen by the executor. The cost of the bond is paid from the estate's assets.

16. *What is a guardian?* Do I need to designate one? If you have children under age 18, you should designate a guardian of their ''persons'' to raise them.

17. *What is a custodian?* Do I need to designate one? A ''custodian'' is a person you may designate to manage assets for someone (including a child) who is between ages 18 and 25 and who receives assets under your Will. The custodian manages the assets and pays as much as the custodian determines is proper for health, support, maintenance, and education. The custodian delivers what is left to the person when the person reaches the age you choose (between 18 and 25). No bond is required of a custodian.

18. *Should I ask people if they are willing to serve before I designate them as executor, guardian, or custodian?* Probably yes. Some people and banks and trust companies may not consent to serve or may not be qualified to act.

19. *What happens if I make a gift in this Will to someone and they die before I do?* A person must survive you by 120 hours to take a gift under this Will. If they do not, then the gift fails and goes with the rest of your assets. If the person who does not survive you is a relative of you or your spouse, then certain assets may go to the relative's descendants.

20. *What is a trust?* There are many kinds of trusts, including trusts created by Wills (called ''testamentary trusts'') and trusts created during your lifetime (called ''revocable living trusts''). Both kinds of trusts are long-term arrangements where a manager (called a ''trustee'') invests and manages assets for someone (called a ''beneficiary'') on the terms you specify. Trusts are too complicated to be used in this statutory Will. You should see a lawyer if you want to create a trust.

21. *What is a domestic partner?* You have a domestic partner if you have met certain legal requirements and filed a form entitled ''Declaration of Domestic Partnership'' with the Secretary of State. Notwithstanding Section 299.6 of the Family Code, if you have not filed a Declaration of Domestic Partnership with the Secretary of State, you do not meet the required definition and should not use the section of the

Statutory Will form that refers to domestic partners even if you have registered your domestic partnership with another governmental entity. If you are unsure if you have a domestic partner or if your domestic partnership meets the required definition, please contact the Secretary of State's office.

INSTRUCTIONS

1. *READ THE WILL.* Read the whole Will first. If you do not understand something, ask a lawyer to explain it to you.

2. *FILL IN THE BLANKS.* Fill in the blanks. Follow the instructions in the form carefully. Do not add any words to the Will (except for filling in blanks) or cross out any words.

3. *DATE AND SIGN THE WILL AND HAVE TWO WITNESSES SIGN IT.* Date and sign the Will and have two witnesses sign it. You and the witnesses should read and follow the Notice to Witnesses found at the end of this Will.

(b) For purposes of this section, the term ''domestic partner'' means an individual partner in a domestic partner relationship within the meaning of Section 297 of the Family Code.

SEC. 57. Section 1030 of the Unemployment Insurance Code is amended to read:

1030. (a) Any employer who is entitled under Section 1327 to receive notice of the filing of a new or additional claim may, within 10 days after mailing of the notice, submit to the department any facts within its possession disclosing whether the claimant left the employer's employ voluntarily and without good cause or left under one of the following circumstances:

(1) The claimant was discharged from the employment for misconduct connected with his or her work.

(2) The claimant's discharge or quitting from his or her most recent employer was the result of an irresistible compulsion to use or consume intoxicants including alcoholic beverages.

(3) The claimant was a student employed on a temporary basis and whose employment began within, and ended with his or her leaving to return to school at the close of, his or her vacation period.

(4) The claimant left the employer's employ to accompany his or her spouse or domestic partner to or join her or him at a place from which it is impractical to commute to the employment, to which a transfer of the claimant by the employer is not available.

(5) The claimant left the employer's employ to protect his or her children or himself or herself from domestic violence abuse.

The period during which the employer may submit these facts may be extended by the director for good cause.

(b) Any base period employer that is not entitled under Section 1327 to receive notice of the filing of a new or additional claim and is entitled under Section 1329 to receive notice of computation may, within 15 days after mailing of the notice of computation, submit to the department any facts within its possession disclosing whether the claimant left the employer's employ voluntarily and without good cause or left under one of the following circumstances:

(1) The claimant was discharged from the employment for misconduct connected with his or her work.

(2) The claimant was a student employed on a temporary basis and whose employment began within, and ended with his or her leaving to return to school at the close of, his or her vacation period.

(3) The claimant left the employer's employ to accompany his or her spouse or domestic partner to or join her or him at a place from which it is impractical to commute to the employment, to which a transfer of the claimant by the employer is not available.

(4) The claimant left the employer's employ to protect his or her children or himself or herself from domestic violence abuse.

The period during which the employer may submit these facts may be extended by the director for good cause.

(c) The department shall consider these facts together with any information in its possession. If the employer is entitled to a ruling under subdivision (b) or to a determination under Section 1328, the department shall promptly notify the employer of its ruling as to the cause of the termination of the claimant's employment. The employer may appeal from a ruling or reconsidered ruling to an administrative law judge within 20 days after mailing or personal service of notice of the ruling or reconsidered ruling. The 20-day period may be extended for good cause, which includes, but is not limited to, mistake, inadvertence, surprise, or excusable neglect. The director is an interested party to any appeal. The department may for good cause reconsider any ruling or reconsidered ruling within either five days after the date an appeal to an administrative law judge is filed or, if no appeal is filed, within 20 days after mailing or personal service of notice of the ruling or reconsidered ruling. However, a ruling or reconsidered ruling that relates to a determination that is reconsidered pursuant to subdivision (a) of Section 1332 may also be reconsidered by the department within the time provided for reconsideration of that determination.

(d) For purposes of this section only, if the claimant voluntarily leaves the employer's employ without notification to the employer of the reasons for the leaving, and if the employer submits all of the facts within its possession concerning the leaving within the applicable time period referred to in this section, the leaving is presumed to be without good cause.

(e) An individual whose employment is terminated under the compulsory retirement provisions of a collective bargaining agreement to which the employer is a party shall not be deemed to have voluntarily left his or her employment without good cause.

SEC. 58. Section 1032 of the Unemployment Insurance Code is amended to read:

1032. If it is ruled under Section 1030 or 1328 that the claimant left the employer's employ voluntarily and without good cause, or left under one of the following circumstances, benefits paid to the claimant subsequent to the termination of employment that are based upon wages earned from the employer prior to the date of the termination of employment shall not be charged to the account of the employer, except as provided by Section 1026, unless the employer failed to furnish the information specified in Section 1030 within the time limit prescribed in that section or unless that ruling is reversed by a reconsidered ruling:

(a) The claimant was discharged by reason of misconduct connected with his or her work.

(b) The claimant was a student employed on a temporary basis and whose employment began within, and ended with his or her leaving to return to school at the close of, his or her vacation period.

(c) The claimant left the employer's employ to accompany his or her spouse or domestic partner to or join her or him at a place from which it is impractical to commute to the employment, to which a transfer of the claimant by the employer is not available.

(d) The claimant left the employer's employ to protect his or her children or himself or herself from domestic violence abuse.

(e) The claimant left the employer's employ to take a substantially better job.

(f) The claimant's discharge or quitting from his or her most recent employer was the result of an irresistible compulsion to use or consume intoxicants including alcoholic beverages.

For purposes of this section and Section 1030 ''spouse'' includes a person to whom marriage is imminent.

SEC. 59. Section 1256 of the Unemployment Insurance Code is amended to read:

1256. An individual is disqualified for unemployment compensation benefits if the director finds that he or she left his or her most recent work voluntarily without good cause or that he or she has been discharged for misconduct connected with his or her most recent work.

An individual is presumed to have been discharged for reasons other than misconduct in connection with his or her work and not to have voluntarily left his or her work without good cause unless his or her employer has given written notice to the contrary to the department as

provided in Section 1327, setting forth facts sufficient to overcome the presumption. The presumption provided by this section is rebuttable.

An individual whose employment is terminated under the compulsory retirement provisions of a collective bargaining agreement to which the employer is a party, shall not be deemed to have left his or her work without good cause.

An individual may be deemed to have left his or her most recent work with good cause if he or she leaves employment to accompany his or her spouse or domestic partner to a place from which it is impractical to commute to the employment. For purposes of this section ''spouse'' includes a person to whom marriage is imminent.

An individual may be deemed to have left his or her most recent work with good cause if he or she leaves employment to protect his or her children, or himself or herself, from domestic violence abuse.

An individual shall be deemed to have left his or her most recent work with good cause if he or she elects to be laid off in place of an employee with less seniority pursuant to a provision in a collective bargaining agreement that provides that an employee with more seniority may elect to be laid off in place of an employee with less seniority when the employer has decided to lay off employees.

SEC. 60. Section 2705.1 of the Unemployment Insurance Code is amended to read:

2705.1. Where an individual who would be eligible to receive disability benefits is mentally unable to make a claim therefor, the director shall, in accordance with authorized regulations, allow the filing of a claim for these benefits by the spouse or domestic partner of the individual, in the absence of any other legally authorized representative of the individual. A payment shall be made upon affidavit executed by the spouse or domestic partner or person or persons claiming to be entitled to the benefits and the receipt of the affidavit or affidavits shall fully discharge the Director of Employment Development from any further liability with reference to the payments, without the necessity of inquiring into the truth of any of the facts stated in the affidavit.

## CHAPTER 894

An act to amend Sections 49075, 49557, and 49558 of, and to add Section 49557.2 to, the Education Code, and to add Sections 10618.5 and 14005.41 to, the Welfare and Institutions Code, relating to human services.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Hundreds of thousands of low-income children in California lack health insurance, despite the fact that they are eligible for publicly funded health insurance programs.

(b) Lack of health insurance frequently results in health problems.

(c) Health problems often interfere with a child's ability to learn.

(d) Despite substantial outreach efforts, many eligible children have not enrolled in current publicly funded health insurance programs.

(e) Many uninsured, low-income children receive free lunch through the National School Lunch Program, pursuant to the National School Lunch Act (42 U.S.C. Sec. 1751 et seq.).

(f) Schools are uniquely positioned to promote student enrollment in health insurance because of their relationship of trust with children and their parents.

(g) Facilitating the participation in health insurance programs of students eligible to receive free lunch at school will maximize federal funds available to currently uninsured children, and thereby enhance the ability of those children to succeed in the classroom.

SEC. 2. Section 49075 of the Education Code is amended to read:

49075. (a) A school district may permit access to pupil records to any person for whom a parent of the pupil has executed written consent specifying the records to be released and identifying the party or class of parties to whom the records may be released. The recipient must be notified that the transmission of the information to others without the written consent of the parent is prohibited. The consent notice shall be permanently kept with the record file.

(b) Notwithstanding subdivision (a), school lunch applications and information shared pursuant to Section 49557.2 shall be retained by any

school district in the manner most useful to the administration of the school lunch program.

SEC. 3. Section 49557 of the Education Code is amended to read:

49557. (a) The governing board of a school district and the county superintendent of schools shall make applications for free or reduced price meals available to students at all times during each regular schoolday. The application shall contain, in at least 8-point boldface type, each of the following statements:

(1) Applications for free and reduced price meals may be submitted at any time during a schoolday.

(2) Children participating in the National School Lunch Program will not be overtly identified by the use of special tokens, special tickets, special serving lines, separate entrances, separate dining areas, or by any other means.

A school district and the county superintendent of schools shall use all other applications it has for free or reduced price meals before utilizing the applications pursuant to this subdivision.

(b) The governing board of each school district and each county superintendent of schools shall formulate a plan, which shall be mailed to the State Department of Education for its approval, that will ensure that children eligible to receive free or reduced priced meals and milk shall not be treated differently from other children. These plans shall ensure each of the following:

(1) Unless otherwise specified, the names of the children shall not be published, posted, or announced in any manner, or used for any other purpose other than the National School Lunch Program.

(2) There shall be no overt identification of any of the children by the use of special tokens or tickets or by any other means.

(3) The children shall not be required to work for their meals or milk.

(4) The children shall not be required to use a separate dining area, go through a separate serving line, enter the dining area through a separate entrance, or consume their meals or milk at a different time.

(c) When more than one lunch or breakfast or type of milk is offered pursuant to this article, the children shall have the same choice of meals or milk that is available to those children who pay the full price for their meal or milk.

SEC. 4. Section 49557.2 is added to the Education Code, to read:

49557.2. (a) (1) Effective July 1, 2002, at the option of the school district or county superintendent, and to the extent necessary to implement Section 14005.41 of the Welfare and Institutions Code, the following information may be incorporated into the School Lunch Program application packet or notification of eligibility for the School Lunch Program using simple and culturally appropriate language:

(A) A notification that if a child qualifies for free school lunches, then the child may qualify for free or reduced-cost health insurance coverage.

(B) A request for the applicant's consent for the child to participate in the Medi-Cal program, if eligible for free school lunches, and to have the information on the school lunch application shared with the local agency that determines eligibility under the Medi-Cal program.

(C) A notification that the school district will not forward the school lunch application to the local agency that determines eligibility under the Medi-Cal program, without the consent of the child's parent or guardian.

(D) A notification that the school lunch application is confidential and, with the exception of forwarding the information for use in health program enrollment upon the consent of the child's parent or guardian, the school district will not share the information with any other governmental agency, including the federal Immigration and Naturalization Service and the Social Security Administration, for any purpose other than administration of the Medi-Cal program.

(E) A notification that the school lunch application information will only be used by the state and local agencies that administer the Medi-Cal program for purposes directly related to the administration of the program and will not be shared with other government agencies, including the Immigration and Naturalization Service and the Social Security Administration, except as necessary to verify information provided by the applicant.

(F) Information regarding the Medi-Cal program, including available services, program requirements, rights and responsibilities, and privacy and confidentiality requirements.

(2) The State Department of Education, in consultation with school districts, county superintendents of schools, consumer advocates, counties, the State Department of Health Services, and other stakeholders, shall make recommendations regarding the School Lunch Program application, on or before February 1, 2002. The recommendations shall include specific changes to the School Lunch Program application materials as necessary to implement Section 14005.41 of the Welfare and Institutions Code, information for staff as to how to implement the changes, and a description of the process by which information on the School Lunch Program application will be shared with the county, as the local agency that determines eligibility under the Medi-Cal program.

(b) (1) Effective July 1, 2002, school districts and county superintendents of schools may implement a process to share information provided on the School Lunch Program application with the local agency that determines eligibility under the Medi-Cal program, and shall share this information with that agency, if the applicant consents to that sharing of information. This information may be shared

electronically, physically, or through whatever method is determined appropriate.

(2) Each school district or county superintendent that chooses to share information pursuant to this subdivision shall enter into a memorandum of understanding with the local agency that determines eligibility under the Medi-Cal program, that sets forth the roles and responsibilities of each agency and the process to be used in sharing the information.

(3) The local agency that determines eligibility under the Medi-Cal program shall only use information provided by applicants on the school lunch application for purposes directly related to the administration of the Medi-Cal program.

(4) After school districts share information regarding the school lunch application with the local agency that determines eligibility under the Medi-Cal program, for the purpose of determining Medi-Cal program eligibility, the local agency and the school district shall not share information about school lunch participation or the Medi-Cal program eligibility information with each other unless specifically authorized under other provisions of law.

SEC. 5. Section 49558 of the Education Code is amended to read:

49558. (a) All applications and records concerning any individual made or kept by any public officer or agency in connection with the administration of any provision of this code relating to free or reduced-price meal eligibility shall be confidential, and shall not be open to examination for any purpose not directly connected with the administration of any free or reduced-price meal program, or any investigation, prosecution, or criminal or civil proceeding conducted in connection with the administration of any free or reduced-price meal program.

(b) Notwithstanding subdivision (a), a public officer or agency may allow the use by school district employees, who are authorized by the governing board of the school district, of individual records pertaining to pupil participation in any free or reduced-price meal program solely for the purpose of disaggregation of academic achievement data if the public agency ensures the following:

(1) The public agency has adopted a policy that allows for the use of individual records for these purposes.

(2) No individual indicators of participation in any free or reduced-price meal program are maintained in the permanent record of any pupil if not otherwise allowed by law.

(3) No public release of information regarding individual pupil participation in any free or reduced-price meal program is permitted.

(4) All other confidentiality provisions required by law are met.

(c) Notwithstanding subdivision (a), the school districts and county superintendents of schools may release information on the School Lunch Program application only to the local agency that determines eligibility under the Medi-Cal program, if the child is approved for free meals and if the applicant consents to the sharing of information pursuant to Section 49557.2.

SEC. 6. Section 10618.5 is added to the Welfare and Institutions Code, to read:

10618.5. (a) The county welfare department shall send any food stamp applicant who is determined to be eligible for food stamps and who does not indicate on his or her application an interest in enrolling in the Medi-Cal program a copy of the notice developed pursuant to subdivision (b).

(b) (1) Each county welfare department shall develop a notice informing individuals identified pursuant to subdivision (a) that they may be entitled to receive Medi-Cal benefits and requesting their permission to use the information in the food stamp recipient's case file to make a determination of eligibility for the Medi-Cal program.

(2) The notice shall also include a request for permission to forward the information in the food stamp recipient's case file to the Healthy Families Program administrator for eligibility determination if the individual is determined to be eligible to participate in the Medi-Cal program with a share of cost, or is determined to be ineligible for Medi-Cal.

(3) To apply for medical assistance under the Medi-Cal program, the food stamp recipient shall sign, date, and return the notice requesting that an eligibility determination be made.

(4) Upon receipt of the notice, the county welfare department shall make an eligibility determination by utilizing the information in the food stamp recipient's case file or paper application. The Medi-Cal application date shall be the date the notice is received by the county welfare department.

(5) If the food stamp case file does not include sufficient information to establish Medi-Cal program eligibility, the county welfare department shall request, either orally or in writing, additional information from the food stamp recipient.

(6) The notice shall be written in culturally and linguistically appropriate language and at an appropriate literacy level. The notice shall include information on the Medi-Cal program and the Healthy Families Program, a telephone number that food stamp recipients may call for additional information, and a prepaid means of returning the notice to the county welfare department to begin the eligibility determination process.

(c) If an individual identified in subdivision (a) or (b) is determined to be eligible to participate in the Medi-Cal program with a share of cost, or is determined to be ineligible for Medi-Cal, information pertinent to the food stamp recipient's eligibility for the Healthy Families Program shall be forwarded by the county welfare department to the Healthy Families Program statewide administrator for immediate processing. If there is insufficient information to establish Healthy Families Program eligibility, the administrator shall request, either orally or in writing, additional information from the food stamp recipient.

(d) Counties shall include the cost of implementing this section in their annual administrative budget requests to the State Department of Health Services.

SEC. 7. Section 14005.41 is added to the Welfare and Institutions Code, to read:

14005.41. (a) Notwithstanding any other provision of law, the department shall deem to have met the income eligibility requirements for participation in the Medi-Cal program, without a share of cost, any child who is less than six years of age and who has been determined to be eligible for free meals under the National School Lunch Program provided for pursuant to Chapter 13 (commencing with Section 1751) of Title 42 of the United States Code.

(b) Notwithstanding any other provision of law, with regard to any child who is enrolled in and attending public school in the State of California, the department shall accept documentation of enrollment for free meals under the National School Lunch Program as sufficient documentation of California residency for that child for the purposes of the Medi-Cal program.

(c) (1) (A) Effective July 1, 2002, notwithstanding any other provision of law, each county shall participate in a statewide pilot project to grant Medi-Cal program eligibility to, and shall enroll in the Medi-Cal program, any child under six years of age and currently enrolled in school in the State of California who is eligible for free meals under the National School Lunch Program upon receipt of proof of participation in the National School Lunch Program and a signed Medi-Cal application as described in subdivision (i). Counties shall notify the parent or guardian that the child has been found eligible for the Medi-Cal program.

(B) Effective July 1, 2002, notwithstanding any other provision of law, each county shall participate in a statewide pilot project to use the procedure described in this subdivision to determine Medi-Cal eligibility without a share of cost, and, if eligible, shall enroll in the Medi-Cal program, any child six years of age or older currently enrolled in school in the State of California who is eligible for free meals under the National School Lunch Program, upon receipt of proof of

participation in the National School Lunch Program and a signed Medi-Cal application as described in subdivision (i). If the county determines from the application as described in subdivision (i) that the child meets the income eligibility requirements for participation in the Medi-Cal program, the county shall notify the parent or guardian that the child has been found eligible for the Medi-Cal program. If the county is unable to determine from the information on the application as described in subdivision (i) whether the family is income eligible, the county shall contact the family to seek any additional information regarding income, household composition, or deductions that the department, in consultation with the county welfare departments, may determine to be necessary to complete the Medi-Cal application. If the county determines that the child does not meet the income eligibility requirements for participation in the Medi-Cal program, the county shall notify the parent or guardian of the determination and shall send the parent or guardian an application for the Healthy Families Program.

(2) Each county shall ask the parent or guardian of each child identified in subparagraph (A) of paragraph (1) and the parent or guardian of each child whom the county determines to meet the income eligibility requirements for participation in the Medi-Cal program under subparagraph (B) of paragraph (1) to provide additional documentation as required by current law necessary for retention of eligibility in the Medi-Cal program. If a parent or guardian does not provide the documentation required for retention of full-scope Medi-Cal program eligibility, the county shall continue the child's enrollment in the Medi-Cal program, but only for the limited scope of Medi-Cal program benefits as described in Section 14007.5.

(d) Nothing in this section shall be construed as preventing the department from verifying eligibility through the Income Eligibility Verification System match mandated by Section 1137 of the federal Social Security Act (42 U.S.C. Sec. 1320b-7) or from requesting additional documentation required by federal law.

(e) Each county shall include its cost of implementing this section in its annual Medi-Cal administrative budget requests submitted to the department.

(f) For purposes of this section, the Medi-Cal program application date shall be the date on which the school lunch application information is received by the local agency determining eligibility under the Medi-Cal program.

(g) (1) This section shall be implemented on July 1, 2002, only if, and to the extent that, federal financial participation is available for the services provided and only for the period of time the free National School Lunch Program utilizes a gross income standard at or below 133

percent of the federal poverty level. This section shall be implemented in a manner consistent with any federal approval.

(2) Notwithstanding paragraph (1), if the department determines that one or more state plan amendments are necessary to ensure full federal financial participation in the provisions of this section, the department shall prepare and submit requests for the state plan amendments to the federal government, after which this section shall not be implemented until the later of the date the department receives approval of all necessary state plan amendments, or July 1, 2002.

(h) (1) Not later than March 1, 2002, the department, in consultation with the State Department of Education and representatives of the school districts, county superintendents of schools, local agencies that administer the Medi-Cal program, consumer advocates, and other stakeholders, shall develop and distribute the policies and procedures, including any all-county letters, necessary to implement Section 49557.2 of the Education Code and this chapter.

(2) The policies and procedures required to be developed and distributed pursuant to subdivision (a) shall include, at a minimum, both of the following:

(A) Processes for the school districts, county superintendents of schools, and local agencies that administer the Medi-Cal program to use in forwarding and processing free school lunch application information pursuant to Section 49557.2 of the Education Code, and in following up with the applicants to obtain any necessary documentation required by federal law.

(B) Instructions for implementing the eligibility provisions of this chapter.

(3) The policies and procedures required to be developed pursuant to subdivision (a) shall specify all of the following:

(A) The information on the school lunch application may be used to initiate a Medi-Cal program application only when the applicant has provided his or her consent pursuant to Section 49557.2 of the Education Code.

(B) The date of the Medi-Cal program application shall be the date on which the school lunch application was received by the local agency that determines eligibility under the Medi-Cal program.

(C) The county, in determining eligibility for the Medi-Cal program, shall request additional documentation only as required by federal law, and shall enroll any child whose parent or guardian does not provide the necessary documentation for full-scope benefits under the Medi-Cal program in the Medi-Cal program with limited scope benefits, as described in Section 14007.5.

(i) To the extent federal financial participation is available, and to the extent administratively feasible, the department shall utilize the free

National School Lunch Application developed under Section 49557.2 of the Education Code, supplemented as needed by disclosures including Medi-Cal rights and responsibility notices and privacy notices, as a Medi-Cal application for children described in this section.

(j) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all-county letters or similar instructions without taking regulatory action. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(k) The department shall review the effectiveness of the statewide pilot project and make recommendations regarding appropriate ways to expand the use of the approaches contained in this section.

SEC. 8. It is the intent of the Legislature to enact legislation that provides that the General Fund costs of the implementation of the statewide pilot project shall be supported by the Tobacco Settlement Fund.

SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

During the 1996–97 and 1997–98 fiscal years, no more than two hundred thousand dollars ($200,000) per fiscal year may be used by the department to administer this program. ## CHAPTER 896

An act to add Section 17453.1 to the Education Code, relating to surplus property.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 17453.1 is added to the Education Code, to read:

17453.1. (a) Notwithstanding any other provision of law, a school district may sell or lease Internet appliances or personal computers to parents of pupils within the school district, for the purpose of providing access to the school district's educational computer network, at a standard price, not to exceed the cost incurred by the school district in purchasing the Internet appliance or personal computer. A school district that elects to sell or lease Internet appliances or personal computers, as authorized by this section, shall provide access to the school district's educational network for those families that cannot afford access to the school district's educational network. Notwithstanding any other provision of law, in conducting a sale or lease pursuant to this section a school district shall not be required to call for bids or to sell or lease Internet appliances or personal computers to the highest bidder. For

purposes of this section, an ''Internet appliance'' is a technological product that allows a person to connect to, or access, an online educational network.

(b) The Legislature finds and declares that the Internet appliances or personal computers that are sold or leased pursuant to this section are not an essential part of the school district's educational program, but are supplemental to that program.

## CHAPTER 897

An act to add Section 18925 to the Welfare and Institutions Code, relating to health.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Approximately 1.3 million of California's over 1.8 million uninsured children are eligible for either the Medi-Cal program or the Healthy Families Program.

(2) Lack of insurance coverage for children results in reduced access to medical services, resulting in restricted access to primary and preventive care and increased reliance on emergency rooms and hospitals for treatment.

(3) At least 50 percent of uninsured children who are eligible for the Medi-Cal program or the Healthy Families Program are already enrolled in public programs with similar income eligibility guidelines, including the Food Stamp Program.

(b) It is the intent of the Legislature, therefore, to create outreach and enrollment linkages between the Medi-Cal program and the Healthy Families Program and the Food Stamp Program, to efficiently target eligible children and make the health insurance enrollment process more efficient for those in need of care.

SEC. 2. Section 18925 is added to the Welfare and Institutions Code, to read:

18925. (a) The State Department of Health Services, in conjunction with the State Department of Social Services, shall implement a simplified eligibility process as part of the Food Stamp Program to expedite Medi-Cal program and Healthy Families Program enrollment

for Food Stamp Program recipients, including children and their eligible parents or caretaker relatives who are not enrolled in those programs.

(b) Each county welfare department shall develop a data list of family members residing in eligible food stamp households who are not enrolled in the Medi-Cal program or the Healthy Families Program.

(c) The county welfare department shall develop a notice informing individuals identified pursuant to subdivision (b) that they may be entitled to receive benefits under the Medi-Cal program or the Healthy Families Program.

(d) At the time of the food stamp household's annual recertification, the county welfare department shall send the notice specified in subdivision (c) to the individuals identified in subdivision (b). The notice shall include a request for permission to use the information in the food stamp recipient's case file to make a determination of eligibility for the Medi-Cal program and the Healthy Families Program.

(e) The notice shall be written in culturally and linguistically appropriate language and at an appropriate literacy level. The notice shall include information on the Medi-Cal program and the Healthy Families Program, and a telephone number that food stamp recipients may call for additional information.

(f) To apply for medical assistance under the Medi-Cal program, the food stamp recipient shall sign, date, and return the notice requesting that an eligibility determination be made. Upon receipt of the notice, the county welfare department shall make an eligibility determination by utilizing the information in the food stamp recipient's case file or paper application. The Medi-Cal application date shall be the date the notice is received by the county welfare department. If the food stamp case file does not include sufficient information to establish Medi-Cal program eligibility, the county welfare department shall request, either orally or in writing, additional information from the food stamp recipient.

(g) If the food stamp recipient is determined to be eligible to participate in the Medi-Cal program with a share of cost, or is determined to be ineligible for Medi-Cal, information pertinent to the food stamp recipient's eligibility for the Healthy Families Program shall be forwarded by the county welfare department to the Healthy Families Program statewide administrator for immediate processing. If there is insufficient information to establish Healthy Families Program eligibility, the administrator shall request, either orally or in writing, additional information from the food stamp recipient.

(h) Counties shall include the cost of implementing this section in their annual administrative budget requests to the State Department of Health Services.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains

costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

## CHAPTER 898

An act to amend Sections 128735, 128736, 128737, 128740, 128745, 128750, 128755, and 128765 of, to add Sections 128747 and 128748 to, and to repeal Section 128815 of, the Health and Safety Code, relating to health data.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares the following:

(a) Public disclosure of the outcomes of surgical and other hospital procedures facilitates public and market accountability, reduces mortality rates, and generally promotes improvement in the quality of medical outcomes. Providing this information to purchasers, consumers, hospitals, and providers will enable all market players to act based on more complete information on quality of care.

(b) Improved collection and dissemination of medical outcomes data by hospital and, for surgical procedures or conditions, by surgeon, will provide hospitals and providers information needed to conduct quality improvement efforts, will improve decisionmaking by purchasers of health care and consumers, will better inform decisions about resource allocation and regulation, and will result in cost savings.

(c) It is, therefore, the intent of the Legislature to facilitate the continuing provision of quality health services throughout the state by providing current, accurate data and information to purchasers, health care service plans, health and disability insurers, consumers, hospitals, and physicians on quality of health care services.

SEC. 2. Section 128735 of the Health and Safety Code is amended to read:

(e) A statement reporting the information required in subdivisions (a), (b), (c), and (d) for each separately licensed health facility operated, conducted, or maintained by the reporting organization, except those hospitals authorized to report as a group pursuant to subdivision (d) of Section 128760.

(f) Data reporting requirements established by the office shall be consistent with national standards, as applicable.

(h) It is the expressed intent of the Legislature that the patient's rights of confidentiality shall not be violated in any manner. Patient social security numbers and any other data elements that the office believes could be used to determine the identity of an individual patient shall be exempt from the disclosure requirements of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

This section shall become operative January 1, 1992.

SEC. 6. Section 128745 of the Health and Safety Code is amended to read:

128745. (a) Commencing July 1993, and annually thereafter, the office shall publish risk-adjusted outcome reports in accordance with the following schedule:

| Publication Date | Period Covered | Procedures and Conditions Covered |
|---|---|---|
| July 1993 | 1988–90 | 3 |
| July 1994 | 1989–91 | 6 |
| July 1995 | 1990–92 | 9 |

Reports for subsequent years shall include conditions and procedures and cover periods as appropriate.

(b) The procedures and conditions required to be reported under this chapter shall be divided among medical, surgical and obstetric conditions or procedures and shall be selected by the office, based on the recommendations of the commission and the advice of the technical advisory committee set forth in subdivision (j) of Section 128725. The

office shall publish the risk-adjusted outcome reports for surgical procedures by individual hospital and individual surgeon unless the office in consultation with the technical advisory committee and medical specialists in the relevant area of practice determines that it is not appropriate to report by individual surgeon. The office, in consultation with the technical advisory committee and medical specialists in the relevant area of practice, may decide to report nonsurgical procedures and conditions by individual physician when it is appropriate. The selections shall be in accordance with all of the following criteria:

(1) The patient discharge abstract contains sufficient data to undertake a valid risk adjustment. The risk adjustment report shall ensure that public hospitals and other hospitals serving primarily low-income patients are not unfairly discriminated against.

(2) The relative importance of the procedure and condition in terms of the cost of cases and the number of cases and the seriousness of the health consequences of the procedure or condition.

(3) Ability to measure outcome and the likelihood that care influences outcome.

(4) Reliability of the diagnostic and procedure data.

(c) (1) In addition to any other established and pending reports, on or before July 1, 2002, the office shall publish a risk-adjusted outcome report for coronary artery bypass graft surgery by hospital for all hospitals opting to participate in the report. This report shall be updated on or before July 1, 2003.

(2) In addition to any other established and pending reports, commencing July 1, 2004, and every year thereafter, the office shall publish risk-adjusted outcome reports for coronary artery bypass graft surgery for all coronary artery bypass graft surgeries performed in the state. In each year, the reports shall compare risk-adjusted outcomes by hospital, and in every other year, by hospital and cardiac surgeon. Upon the recommendation of the technical advisory committee based on statistical and technical considerations, information on individual hospitals and surgeons may be excluded from the reports.

(3) Unless otherwise recommended by the clinical panel established by Section 128748, the office shall collect the same data used for the most recent risk-adjusted model developed for the California Coronary Artery Bypass Graft Mortality Reporting Program. Upon recommendation of the clinical panel, the office may add any clinical data elements included in the Society of Thoracic Surgeons' data base. Prior to any additions from the Society of Thoracic Surgeons' data base, the following factors shall be considered:

(A) Utilization of sampling to the maximum extent possible.

(B) Exchange of data elements as opposed to addition of data elements.

(4) Upon recommendation of the clinical panel, the office may add, delete or revise clinical data elements, but shall add no more than a net of six elements not included in the Society of Thoracic Surgeons' data base, to the data set over any five-year period. Prior to any additions or deletions, all of the following factors shall be considered:

(A) Utilization of sampling to the maximum extent possible.

(B) Feasibility of collecting data elements.

(C) Costs and benefits of collection and submission of data.

(D) Exchange of data elements as opposed to addition of data elements.

(5) The office shall collect the minimum data necessary for purposes of testing or validating a risk-adjusted model for the coronary artery bypass graft report.

(d) The annual reports shall compare the risk-adjusted outcomes experienced by all patients treated for the selected conditions and procedures in each California hospital during the period covered by each report, to the outcomes expected. Outcomes shall be reported in the five following groupings for each hospital:

(1) ''Much higher than average outcomes,'' for hospitals with risk-adjusted outcomes much higher than the norm.

(2) ''Higher than average outcomes,'' for hospitals with risk-adjusted outcomes higher than the norm.

(3) ''Average outcomes,'' for hospitals with average risk-adjusted outcomes.

(4) ''Lower than average outcomes,'' for hospitals with risk-adjusted outcomes lower than the norm.

(5) ''Much lower than average outcomes,'' for hospitals with risk-adjusted outcomes much lower than the norm.

(e) For coronary artery bypass graft surgery reports and any other outcome reports for which auditing is appropriate, the office shall conduct periodic auditing of data at hospitals.

(f) The office shall publish in the annual reports required under this section the risk-adjusted mortality rate for each hospital and for those reports that include physician reporting, for each physician.

(g) The office shall either include in the annual reports required under this section, or make separately available at cost to any person requesting it, risk-adjusted outcomes data assessing the statistical significance of hospital or physician data at each of the following three levels: 99 percent confidence level (0.01 p-value), 95 percent confidence level (0.05 p-value), and 90 percent confidence level (.10 p-value). The office shall include any other analysis or comparisons of the data in the annual reports required under this section that the office deems appropriate to further the purposes of this chapter.

SEC. 7. Section 128747 is added to the Health and Safety Code, to read:

128747. Commencing July 1, 2002, and biennially thereafter, the office shall evaluate the impact of the office's published risk-adjusted outcome reports required by Sections 128745 and 128746 on mortality rates in California and on any other measure of quality the office deems appropriate. The office shall also coordinate with other state agencies in promoting prevention and educational initiatives on those reported procedures and conditions.

SEC. 8. Section 128748 is added to the Health and Safety Code, to read:

128748. (a) This section shall apply to any risk-adjusted outcome report that includes reporting of data by an individual physician.

(b) (1) The office shall obtain data necessary to complete a risk-adjusted outcome report from hospitals. If necessary data for an outcome report is available only from the office of a physician and not the hospital where the patient received treatment, then the hospital shall make a reasonable effort to obtain the data from the physician's office and provide the data to the office. In the event that the office finds any errors, omissions, discrepancies, or other problems with submitted data, the office shall contact either the hospital or physician's office that maintains the data to resolve the problems.

(2) The office shall collect the minimum data necessary for purposes of testing or validating a risk-adjusted model. Except for data collected for purposes of testing or validating a risk-adjusted model, the office shall not collect data for an outcome report nor issue an outcome report until the clinical panel established pursuant to this section has approved the risk-adjusted model.

(c) For each risk-adjusted outcome report on a medical, surgical, or obstetric condition or procedure that includes reporting of data by an individual physician, the office director shall appoint a clinical panel, which shall have nine members. Three members shall be appointed from a list of three or more names submitted by the physician specialty society that most represents physicians performing the medical, surgical, and obstetric procedure for which data is collected. Three members shall be appointed from a list of three or more names submitted by the California Medical Association. Three members shall be appointed from lists of names submitted by consumer organizations. At least one-half of the appointees from the lists submitted by the physician specialty society and the California Medical Association, and at least one appointee from the lists submitted by consumer organizations, shall be experts in collecting and reporting outcome measurements for physicians or hospitals. The panel may include physicians from another state. The

panel shall review and approve the development of the risk-adjustment model to be used in preparation of the outcome report.

(d) For the clinical panel authorized by subdivision (c) for coronary artery bypass graft surgery, three members shall be appointed from a list of three or more names submitted by the California Chapter of the American College of Cardiology. Three members shall be appointed from list of three or more names submitted by the California Medical Association. Three members shall be appointed from lists of names submitted by consumer organizations. At least one-half of the appointees from the lists submitted by the California Chapter of the American College of Cardiology, and the California Medical Association, and at least one appointee from the lists submitted by consumer organizations, shall be experts in collecting and reporting outcome measurements for physicians and surgeons or hospitals. The panel may include physicians from another state. The panel shall review and approve the development of the risk-adjustment model to be used in preparation of the outcome report.

(e) Any report that includes reporting by an individual physician shall include, at a minimum, the risk-adjusted outcome data for each physician. The office may also include in the report, after consultation with the clinical panel, any explanatory material, comparisons, groupings, and other information to facilitate consumer comprehension of the data.

(f) Members of a clinical panel shall serve without compensation, but shall be reimbursed for any actual and necessary expenses incurred in connection with their duties as members of the clinical panel.

SEC. 9. Section 128750 of the Health and Safety Code is amended to read:

128750. (a) Prior to the public release of the annual outcome reports, the office shall furnish a preliminary report to each hospital that is included in the report. The office shall allow the hospital and chief of staff 60 days to review the outcome scores and compare the scores to other California hospitals. A hospital or its chief of staff that believes that the risk-adjusted outcomes do not accurately reflect the quality of care provided by the hospital may submit a statement to the office, within the 60 days, explaining why the outcomes do not accurately reflect the quality of care provided by the hospital. The statement shall be included in an appendix to the public report, and a notation that the hospital or its chief of staff has submitted a statement shall be displayed wherever the report presents outcome scores for the hospital.

(b) (1) Prior to the public release of any outcome report that includes data by a physician, the office shall furnish a preliminary report to each physician that is included in the report. The office shall allow the physician 30 days from the date the office sends the report to the

physician to review the outcome scores and compare the scores to other California physicians. A physician who believes that the risk-adjusted outcome does not accurately reflect the quality of care provided by the physician may submit a statement to the office within the 30 days, explaining why the outcomes do not accurately reflect the quality of care provided by the physician.

(2) The office shall promptly review the physician's statement and shall respond to the physician with one of the following conclusions:

(A) The physician's statement reveals a flaw in the accuracy of the reported data relating to the physician that materially diminishes the validity of the report. If this finding is made, the data for that physician shall not be included in the report until the flaw in the physician's data is corrected.

(B) The physician's statement reveals a flaw in the risk-adjustment model that materially diminishes the value of the report for all physicians. If this finding is made, the report using that risk-adjustment model shall not be issued until the flaw is corrected.

(C) The physician's statement does not reveal a flaw in either the accuracy of the reported data relating to the physician or the risk-adjustment model in which case the report shall be used, unless the physician chooses to use the procedure set forth in paragraph (3).

(3) If a physician is not satisfied with the conclusion reached by the office, the physician shall notify the office of that fact. Upon receipt of the notice, the office shall forward the physician's statement to the appropriate clinical panel appointed pursuant to Section 128748. The office shall forward the physician's statement with any information identifying the physician or the physician's hospital redacted, or shall adopt other means to ensure the physician's identity is not revealed to the panel. The clinical panel shall promptly review the physician statement and the conclusion of the office and shall respond by either upholding the conclusion or reaching one of the other conclusions set forth in this subdivision. The panel decision shall be the final determination regarding the physician's statement. The process set forth in this subdivision shall be completed within 60 days from the date the office sends the report to each physician included in the report. If a decision by either the office or the clinical panel cannot be reached within the 60-day period, then the outcome report may be issued but shall not include data for the physician submitting the statement.

(c) The office shall, in addition to public reports, provide hospitals and the chiefs of staff of the medical staffs with a report containing additional detailed information derived from data summarized in the public outcome reports as an aid to internal quality assurance.

(d) If, pursuant to the recommendations of the office, based on the advice of the commission, in response to the recommendations of the

technical advisory committee made pursuant to subdivision (d) of this section, the Legislature subsequently amends Section 128735 to authorize the collection of additional discharge data elements, then the outcome reports for conditions and procedures for which sufficient data is not available from the current abstract record will be produced following the collection and analysis of the additional data elements.

(e) The recommendations of the technical advisory committee for the addition of data elements to the discharge abstract should take into consideration the technical feasibility of developing reliable risk-adjustment factors for additional procedures and conditions as determined by the technical advisory committee with the advice of the research community, physicians and surgeons, hospitals, consumer or patient advocacy groups, and medical records personnel.

(f) The technical advisory committee at a minimum shall identify a limited set of core clinical data elements to be collected for all of the added procedures and conditions and unique clinical variables necessary for risk adjustment of specific conditions and procedures selected for the outcomes report program. In addition, the committee should give careful consideration to the costs associated with the additional data collection and the value of the specific information to be collected.

(g) The technical advisory committee shall also engage in a continuing process of data development and refinement applicable to both current and prospective outcome studies.

SEC. 10. Section 128755 of the Health and Safety Code is amended to read:

128755. (a) (1) Hospitals shall file the reports required by subdivisions (a), (b), (c), and (d) of Section 128735 with the office within four months after the close of the hospital's fiscal year except as provided in paragraph (2).

If a report does not meet the standards established by the office, it shall not be approved as filed and shall be rejected. The report shall be considered not filed as of the date the facility is notified that the report is rejected. A report shall be available from the office no later than 15 days after the date that the report is approved.

A report shall be available from the office no later than 15 days after the report is approved.

(e) The reports required by subdivision (a) of Section 128737 shall be filed by each hospital or freestanding ambulatory surgery clinic for report periods and at times determined by the office. The report shall be considered not filed as of the date the facility is notified that the report is rejected. A report shall be available from the office no later than 15 days after the report is approved.

(f) Facilities shall not be required to maintain a full-time electronic connection to the office for the purposes of online transmission of reports as specified in subdivisions (c), (d), and (e). The office may grant exemptions to the online transmission of data requirements for limited periods to facilities. An exemption may be granted only to a facility that submits a written request and documents or demonstrates a specific need for an exemption. Exemptions shall be granted for no more than one year at a time, and for no more than a total of five consecutive years.

SEC. 11. Section 128765 of the Health and Safety Code is amended to read:

128765. (a) The office, with the advice of the commission, shall maintain a file of all the reports filed under this chapter at its Sacramento

office. The office shall also post all reports on its Web site. Subject to any rules the office, with the advice of the commission, may prescribe, these reports shall be produced and made available for inspection upon the demand of any person, with the exception of hospital discharge abstract data that shall be available for public inspection unless the office determines that an individual patient's rights of confidentiality would be violated.

(b) The reports filed under this chapter shall include an executive summary, written in plain English to the maximum extent practicable, that shall include, but not be limited to, a discussion of findings, conclusions, and trends concerning the overall quality of medical outcomes, including a comparison to reports from prior years, for the procedure or condition studied by the report. (c) Copies certified by the office as being true and correct, copies of reports properly filed with the office pursuant to this chapter, together with summaries, compilations, or supplementary reports prepared by the office, shall be introduced as evidence, where relevant, at any hearing, investigation, or other proceeding held, made, or taken by any state, county, or local governmental agency, board, or commission that participates as a purchaser of health facility services pursuant to the provisions of a publicly financed state or federal health care program. (e) In order to assure that accurate and timely data are available to the public in useful formats, the office shall establish a public liaison function. The public liaison shall provide technical assistance to the general public on the uses and applications of individual and aggregate health facility data and shall provide the director and the commission with an annual report on changes that can be made to improve the public's access to data.

(f) In addition to its public liaison function, the office shall continue the publication of aggregate industry and individual health facility cost and operational data published by the California Health Facilities Commission as described in subdivision (b) of Section 441.95, as that section existed on December 31, 1985. This publication shall be submitted to the Legislature not later than March 1 of each year commencing with calendar year 1986 and in addition shall be offered for sale as a public document.

## CHAPTER 899

An act to add Title 11.7 (commencing with Section 423) of Part 1 of, and to add and repeal Title 5.7 (commencing with Section 13775) to Part 4 of, the Penal Code, relating to the protection of constitutional rights.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds the following:

(a) Federal law enforcement activities proved effective between 1993 and 2001, in reducing and punishing crimes intended to violate a woman's right to reproductive choice. However, the level and threat of those crimes in 2001 remained unacceptably high, and continued and increased law enforcement remained necessary.

(b) Federal actions that proved effective in reducing and punishing these crimes include the vigorous criminal and civil enforcement of the Freedom of Access to Clinic Entrances Act of 1994 (18 U.S.C. Sec. 248) by the United States Department of Justice and the United States Attorney's Office; the creation by the United States Department of Justice of the national Task Force on Violence Against Health Care Providers that gathers and analyzes information, which is made available to law enforcement agencies and prosecutors, on threats against reproductive health service providers and those persons suspected of engaging in this activity; the creation by the United States Attorney's Office of regional task forces on violence against abortion providers that coordinate federal, state, and local law enforcement efforts in connection with preventing this activity; the provision of instruction by the United States Marshals Service to ensure reproductive health services providers are able to promptly communicate threats they receive to the appropriate federal, state, and local law enforcement

officials; other security training and advice provided by the United States Marshals Services and the Bureau of Alcohol, Tobacco and Firearms to reproductive health service providers; the protection provided by the United States Marshals Service, the Bureau of Alcohol, Tobacco, and Firearms, and the Federal Bureau of Investigation to those persons most at risk from anti-reproductive-rights crime; the training of law enforcement officers and reproductive health services providers in regional sessions sponsored by the United States Attorney's Offices in cooperation with the Feminist Majority Foundation, the National Abortion Federation, and the Planned Parenthood Federation of America, and certified by the Commission on Peace Officer Standards and Training; and the instruction provided by the United States Department of Justice and Federal Bureau of Investigation personnel in those training sessions.

(c) It is the intent of the Legislature that state and local law enforcement agencies continue and build on these services in California.

The committee shall file the original of the statement of organization with the Secretary of State and shall also file a copy of the statement of organization with the local filing officer, if any, with whom the committee is required to file the originals of its campaign reports pursuant to Section 84215. The original and copy of the statement of organization shall be filed within 10 days after the committee has qualified as a committee. The Secretary of State shall assign a number to each committee that files a statement of organization and shall notify the committee of the number. The Secretary of State shall send a copy of statements filed pursuant to this section to the clerk of each county which he or she deems appropriate. A county clerk who receives a copy of a statement of organization from the Secretary of State pursuant to this section shall send a copy of the statement to the clerk of each city in the county that he or she deems appropriate.

(b) In addition to filing the statement of organization as required by subdivision (a), if a committee qualifies as a committee under subdivision (a) of Section 82013 before the date of an election in connection with which the committee is required to file preelection statements, but after the closing date of the last campaign statement required to be filed before the election pursuant to Section 84200.7 or 84200.8, the committee shall file, by telegram or personal delivery within 24 hours of qualifying as a committee, the information required to be reported in the statement of organization. ## CHAPTER 902

An act to add Article 3 (commencing with Section 19230) to Chapter 3 of Division 19 of the Elections Code, relating to the financing of a program to modernize voting equipment by providing funds necessary therefor through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Article 3 (commencing with Section 19230) is added to Chapter 3 of Division 19 of the Elections Code, to read:

## Article 3. Voting Modernization Bond Act of 2002 (Shelley-Hertzberg Act)

19230. This article shall be known and may be cited as the Voting Modernization Bond Act of 2002 (Shelley-Hertzberg Act).

19231. The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), except as otherwise provided herein, is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this article, and the provisions of that law are included in this article as though set out in full.

19232. As used in this article, the following words have the following meanings:

(a) ''Board'' means the Voting Modernization Board, established pursuant to Section 19235.

(b) ''Bond'' means a state general obligation bond issued pursuant to this article adopting the provisions of the State General Obligation Bond Law.

(c) ''Bond act'' means this article authorizing the issuance of state general obligation bonds and adopting the State General Obligation Bond Law by reference.

(d) ''Committee'' means the Voting Modernization Finance Committee, established pursuant to Section 19233.

(e) ''Fund'' means the Voting Modernization Fund, created pursuant to subdivision (b) of Section 19234.

(f) ''Voting system'' means any voting machine, voting device, or vote-tabulating device that does not utilize prescored punch card ballots.

19233. (a) The Voting Modernization Finance Committee is hereby established for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this article.

(b) The committee consists of the Controller, the Director of Finance, and the Treasurer, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum. The Treasurer shall serve as chairperson of the committee. A majority of the committee may act for the committee.

(c) For purposes of this article, the Voting Modernization Finance Committee is ''the committee'' as that term is used in the State General Obligation Bond Law.

19234. (a) The committee may create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of not more than two hundred million dollars ($200,000,000), exclusive of refunding bonds, in the manner provided herein for the purpose of

creating a fund to assist counties in the purchase of updated voting systems.

(b) The proceeds of bonds issued and sold pursuant to this article shall be deposited in the Voting Modernization Fund, which is hereby established.

(c) A county is eligible to apply to the board for fund money if it meets all of the following requirements:

(1) The county has purchased a new voting system after January 1, 1999, and is continuing to make payments on that system on the date that this article becomes effective.

(2) The county matches fund moneys at a ratio of one dollar ($1) of county moneys for every three dollars ($3) of fund moneys.

(3) The county has not previously requested fund money for the purchase of a new voting system. Applications for expansion of an existing system or components related to a previously approved application shall be accepted.

(d) Fund moneys shall only be used to purchase systems certified by the Secretary of State, pursuant to Division 19 (commencing with Section 19001), and in no event shall fund moneys be used to purchase a voting system that utilizes prescored punch card ballots.

(e) Any voting system purchased using bond funds that does not require a voter to directly mark on the ballot must produce, at the time the voter votes his or her ballot or at the time the polls are closed, a paper version or representation of the voted ballot or of all the ballots cast on a unit of the voting system. The paper version shall not be provided to the voter but shall be retained by elections officials for use during the 1 percent manual recount or other recount or contest.

19234.5. The Legislature may amend subdivisions (c) and (d) of Section 19234 and Section 19235 by a statute, passed in each house of the Legislature by rollcall vote entered in the respective journals, by not less than two-thirds of the membership in each house concurring, if the statute is consistent with, and furthers the purposes of, this article.

19235. The Voting Modernization Board is hereby established and designated the ''board'' for purposes of the State General Obligation Bond Law, and for purposes of administering the Voting Modernization Fund. The board consists of five members, three selected by the Governor, and two selected by the Secretary of State. The board shall have the authority to reject any application for fund money it deems inappropriate, excessive, or that does not comply with the intent of this article. A county whose application is rejected shall be allowed to submit an amended application.

19236. (a) All bonds authorized by this article, when duly sold and delivered as provided herein, constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the

State of California is hereby pledged for the punctual payment of both principal and interest thereof. The bonds issued pursuant to this article shall be repaid within 10 years from the date they are issued.

(b) There shall be collected annually, in the same manner and at the same time as other state revenue is collected, a sum of money, in addition to the ordinary revenues of the state, sufficient to pay the principal of, and interest on, these bonds as provided herein. All officers required by law to perform any duty in regard to the collection of state revenues shall collect this additional sum.

(c) On the dates on which funds are remitted pursuant to Section 16676 of the Government Code for the payment of the then maturing principal of, and interest on, the bonds in each fiscal year, there shall be returned to the General Fund all of the money in the fund, not in excess of the principal of, and interest on, any bonds then due and payable. If the money so returned on the remittance dates is less than the principal and interest then due and payable, the balance remaining unpaid shall be returned to the General Fund out of the fund as soon as it shall become available, together with interest thereon from the dates of maturity until returned, at the same rate of interest as borne by the bonds, compounded semiannually. This subdivision does not grant any lien on the fund or the moneys therein to holders of any bonds issued under this article. However, this subdivision shall not apply in the case of any debt service that is payable from the proceeds of any refunding bonds. For the purposes of this subdivision, ''debt service'' means the principal (whether due at maturity, by redemption, or acceleration), premium, if any, or interest payable on any date to any series of bonds.

19237. Notwithstanding Section 13340 of the Government Code, there is hereby continuously appropriated from the General Fund, for purposes of this article, a sum of money that will equal both of the following:

(a) That sum annually necessary to pay the principal of, and the interest on, the bonds issued and sold as provided herein, as that principal and interest become due and payable.

(b) That sum necessary to carry out Section 19238, appropriated without regard to fiscal years.

19238. For the purposes of this article, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of a sum of money not to exceed the amount of the unsold bonds that have been authorized by the committee to be sold pursuant to this article. Any sums withdrawn shall be deposited in the fund. All moneys made available under this section to the board shall be returned by the board to the General Fund, plus the interest that the amounts would have earned in the Pooled Money Investment Account, from the sale of bonds for the purpose of carrying out this article.

19239. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this article. The amount of the request shall not exceed the amount of unsold bonds which the committee has, by resolution, authorized to be sold for the purpose of carrying out this article. The board shall execute whatever documents are required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this article.

19240. Upon request of the board, supported by a statement of its plans and projects approved by the Governor, the committee shall determine whether to issue any bonds authorized under this article in order to carry out the board's plans and projects, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out these plans and projects progressively, and it is not necessary that all of the bonds be issued or sold at any one time.

19241. (a) The committee may authorize the Treasurer to sell all or any part of the bonds authorized by this article at the time or times established by the Treasurer.

(b) Whenever the committee deems it necessary for an effective sale of the bonds, the committee may authorize the Treasurer to sell any issue of bonds at less than their par value, notwithstanding Section 16754 of the Government Code. However, the discount on the bonds shall not exceed 3 percent of the par value thereof.

19242. Out of the first money realized from the sale of bonds as provided herein, there shall be redeposited in the General Obligation Bond Expense Revolving Fund, established by Section 16724.5 of the Government Code, the amount of all expenditures made for the purposes specified in that section, and this money may be used for the same purpose and repaid in the same manner whenever additional bond sales are made.

19243. Any bonds issued and sold pursuant to this article may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government Code. The approval of the voters for the issuance of bonds under this article includes approval for the issuance of bonds issued to refund bonds originally issued or any previously issued refunding bonds.

19244. Notwithstanding any provision of the bond act, if the Treasurer sells bonds under this article for which bond counsel has issued an opinion to the effect that the interest on the bonds is excludable from gross income for purposes of federal income tax, subject to any conditions which may be designated, the Treasurer may establish

separate accounts for the investment of bond proceeds and for the earnings on those proceeds, and may use those proceeds or earnings to pay any rebate, penalty, or other payment required by federal law or take any other action with respect to the investment and use of bond proceeds required or permitted under federal law necessary to maintain the tax-exempt status of the bonds or to obtain any other advantage under federal law on behalf of the funds of this state.

19245. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this article are not ''proceeds of taxes'' as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by Article XIII B.

SEC. 2. Section 1 of this act shall take effect upon the approval by the people of the Voting Modernization Bond Act of 2002 (Shelley-Hertzberg Act), submitted to the voters pursuant to Section 3 of this act.

SEC. 3. (a) A ballot measure that sets forth the Voting Modernization Bond Act of 2002 (Shelley-Hertzberg Act), as set forth in Section 1 of this act, shall be submitted to the voters at the March 5, 2002, statewide election.

(b) Notwithstanding any other provision of law, with respect to the Voting Modernization Bond Act of 2002 (Shelley-Hertzberg Act), all ballots of the March 5, 2002, statewide primary election shall have printed thereon and in a square thereof, exclusively the words: '' Voting Modernization Bond Act of 2002 (Shelley-Hertzberg Act)'' and in the same square under those words, the following in 8-point type: ''This act is to ensure that every person's vote is accurately counted. It authorizes the issuance of state bonds allowing counties to purchase modern voting equipment and replace outdated punch card (chad) systems. This act provides for bonds in the amount of two hundred million dollars ($200,000,000) and appropriates money from the General Fund to pay off bonds.'' Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

(c) Notwithstanding Sections 13247 and 13281 of the Elections Code, the language in subdivision (a) shall be the only language included in the ballot label for the condensed statement of the ballot title, and the Attorney General shall not supplement, subtract from, or revise that language, except that the Attorney General may include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code. The ballot label is the condensed statement of the ballot title and the financial impact summary.

(d) Where the voting in the election is done by means of voting machines used pursuant to law in a manner that carries out the intent of

this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Voting Modernization Bond Act of 2002 (Shelley-Hertzberg Act) may be submitted for voter approval at the March 5, 2002, statewide primary election to provide counties urgently needed funding to purchase modern voting systems, it is necessary that this act take effect immediately.

A community-based group representing a qualifying community may alternatively apply for and receive a grant to subsidize the cost of the telecommunications service itself, if the group determines that this would be more cost-effective than subsidizing the building of an original telecommunications infrastructure. On or before June 30, 2002, the commission, shall establish eligibility criteria for community-based groups to qualify to apply for telecommunications infrastructure grants. The criteria shall include a requirement that a local agency, as defined by Section 50001 of the Government Code, or a town, as defined by Section 21 of the Government Code, shall act as the community-based group's fiscal agent for the receipt and distribution of funds. (7) Evidence that competing providers and competing technologies have been considered and evaluated.

(d) Grant applicants that are rejected by the commission may be reimbursed for the cost of their preliminary engineering feasibility studies, including, but not limited to, any approved cost of a local telecommunications carrier that contributes to the studies, from the grant program.

(e) The procedures developed for awarding grants shall ensure that the grants awarded do not exceed annual moneys available to support the program, that not more than one grant is awarded to a qualifying community, and that no one applicant receive more than 25 percent of the designated program funds in a single fiscal year.

(f) In evaluating grant applications, the commission shall consider the cost effectiveness of the application, the number of people served, the level of local support, the ability of the community served to pay for the services delivered, and the effect on public health and safety.

(g) The commission shall establish a government-industry working group to develop the technical criteria to be used in evaluating grant awards. The working group shall be composed of, but not limited to, the following:

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

In the event of multiple disclosures, the total damages available to the donor of the DNA is limited to fifty thousand dollars ($50,000) plus attorney's fees and costs.

(B) (i) Notwithstanding any other law, this shall be the sole and exclusive remedy against the Department of Justice and its employees

available to the donor of the DNA against the Department of Justice and its employees.

(ii) The Department of Justice employee disclosing DNA identification information in violation of this chapter shall be absolutely immune from civil liability under this or any other law.

(3) It is not a violation of this section for a law enforcement agency to publicly disclose the fact of a DNA profile match.

(4) All provisions of this section concerning privacy and security are followed.

(5) The local public DNA laboratory assumes all costs of securing the specimens and samples and provides appropriate tubes, labels, and instructions necessary to secure the samples.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 907

An act to amend Sections 188.5 and 31010 of, to add Section 188.51 to, to repeal Section 31050 of, and to add Chapter 4.6 (commencing with Section 31070) to Division 17 of, the Streets and Highways Code, relating to highways, and making an appropriation therefor.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 188.5 of the Streets and Highways Code is amended to read:

188.5. (a) The Legislature finds and declares all of the following:

(1) The department has determined that in order to provide maximum safety for the traveling public and to ensure continuous and unimpeded operation of the state's transportation network, six state-owned toll bridges are in need of a seismic safety retrofit, and one state-owned toll bridge is in need of a partial retrofit and a partial replacement.

(2) The bridges identified by the department as needing seismic retrofit are the Benicia-Martinez Bridge, the Carquinez Bridge, the Richmond-San Rafael Bridge, the San Mateo-Hayward Bridge, the San Pedro-Terminal Island Bridge (also known as the Vincent Thomas Bridge), the San Diego-Coronado Bridge, and the west span of the San Francisco-Oakland Bay Bridge. The department has also identified the east span of the San Francisco-Oakland Bay Bridge as needing to be replaced. That replacement span will be safer, stronger, longer lasting, and more cost efficient to maintain than completing a seismic retrofit for the current east span.

(3) The south span of the Carquinez Bridge is to be replaced pursuant to Regional Measure 1, as described in subdivision (b) of Section 30917.

(4) The cost estimate to retrofit the state-owned toll bridges and to replace the east span of the San Francisco-Oakland Bay Bridge is four billion six hundred thirty-seven million dollars ($4,637,000,000), as follows:

(A) The Benicia-Martinez Bridge retrofit is one hundred ninety million dollars ($190,000,000).

(B) The north span of the Carquinez retrofit is one hundred twenty-five million dollars ($125,000,000).

(C) The Richmond-San Rafael Bridge retrofit is six hundred sixty-five million dollars ($665,000,000).

(D) The San Mateo-Hayward Bridge retrofit is one hundred ninety million dollars ($190,000,000).

(E) The San Pedro-Terminal Island Bridge retrofit is sixty-two million dollars ($62,000,000).

(F) The San Diego-Coronado Bridge retrofit is one hundred five million dollars ($105,000,000).

(G) The west span of the San Francisco-Oakland Bay Bridge retrofit, as a lifeline bridge, is seven hundred million dollars ($700,000,000).

(H) Replacement of the east span of the San Francisco-Oakland Bay Bridge is two billion six hundred million dollars ($2,600,000,000).

(b) It is the intent of the Legislature that the following amounts from the following funds shall be allocated until expended, for the seismic retrofit or replacement of state-owned toll bridges:

(1) Six hundred fifty million dollars ($650,000,000) from the 1996 Seismic Retrofit Account in the Seismic Retrofit Bond Fund of 1996 for the seven state-owned toll bridges identified by the department as requiring seismic safety retrofit or replacement.

(2) One hundred forty million dollars ($140,000,000) in surplus revenues generated under the Seismic Retrofit Bond Act of 1996 that are in excess of the amount actually necessary to complete Phase Two of the state's seismic retrofit program. These excess funds shall be reallocated to assist in financing seismic retrofit of the state-owned toll bridges.

(3) Fifteen million dollars ($15,000,000) from the Vincent Thomas Toll Bridge Revenue Account.

(4) The funds necessary to meet both of the following:

(A) A principal obligation of two billion two hundred eighty-two million dollars ($2,282,000,000) from the seismic retrofit surcharge, including any interest therefrom, imposed pursuant to Section 31010, subject to the limitation set forth in subdivision (c) and subdivision (b) of Section 31010.

(B) All costs of financing, including capitalized interest, reserves, costs of issuance, costs of credit enhancements and any other financial products necessary or desirable in connection therewith, and any other costs related to financing.

(5) Thirty-three million dollars ($33,000,000) from the San Diego-Coronado Toll Bridge Revenue Fund.

(6) Not less than seven hundred forty-five million dollars ($745,000,000) from the State Highway Account to be used toward the eight hundred seventy-five million dollars ($875,000,000) state contribution, to be achieved as follows:

(A) (i) Two hundred million dollars ($200,000,000) to be appropriated for the state-local transportation partnership program described in paragraph (7) of subdivision (d) of Section 164 for the 1998–99 fiscal year.

(ii) The remaining funds intended for that program and any program savings to be made available for toll bridge seismic retrofit.

(B) A reduction of not more than seventy-five million dollars ($75,000,000) in the funding level specified in paragraph (4) of subdivision (d) of Section 164 for traffic system management.

(C) Three hundred million dollars ($300,000,000) in accumulated savings by the department achieved from better efficiency and lower costs.

(7) Not more than one hundred thirty million dollars ($130,000,000) from the Transit Capital Improvement Program funded by the Transportation Planning and Development Account in the State Transportation Fund to be used toward the eight hundred seventy-five million dollars ($875,000,000) state contribution. If the contribution in subparagraph (A) of paragraph (6) exceeds three hundred seventy million dollars ($370,000,000), it is the intent that the amount from the Transit Capital Improvement Program shall be reduced by an amount that is equal to that excess.

(8) (A) The funds necessary to meet principal obligations of not less than six hundred forty-two million dollars ($642,000,000) from the state's share of the federal Highway Bridge Replacement and Rehabilitation (HBRR) Program.

(B) If the project costs exceed four billion six hundred thirty-seven million dollars ($4,637,000,000), the department may program not more than four hundred forty-eight million dollars ($448,000,000) in project savings or other available resources from the Interregional Transportation Improvement Plan, the State Highway Operation Protection Plan, or federal bridge funds for that purpose.

(C) None of the funds identified in subparagraph (B) may be expended for any purpose other than the conditions and design features described in paragraph (9).

(9) The estimated cost of replacing the San Francisco-Oakland Bay Bridge listed in subparagraph (H) of paragraph (4) of subdivision (a) is based on the following conditions:

(A) The new bridge shall be located north adjacent to the existing bridge and shall be the Replacement Alternative N-6 (preferred) Suspension Structure Variation, as specified in the Final Environmental Impact Statement, dated May 1, 2001, submitted by the department to the Federal Highway Administration.

(B) The main span of the bridge shall be in the form of a single tower cable suspension design and shall be the Replacement Alternative N-6 (preferred) Suspension Structure Variation, as specified in the Final Environmental Impact Statement, dated May 1, 2001, submitted by the department to the Federal Highway Administration.

(C) The roadway in each direction shall consist of five lanes, each lane will be 12 feet wide, and there shall be 10-foot shoulders as an

emergency lane for public safety purposes on each side of the main-traveled way.

(c) If the actual cost of retrofit or replacement, or both retrofit and replacement, of toll bridges is less than the cost estimate of four billion six hundred thirty-seven million dollars ($4,637,000,000), there shall be a reduction in the amount provided in paragraph (4) of subdivision (b) equal to the proportion of total funds committed to complete the projects funded from funds generated from paragraph (4) of subdivision (b) as compared to the total funds from paragraphs (6), (7), and (8) of subdivision (b), and there shall be a proportional reduction in the amount specified in paragraph (8) of subdivision (b).

(d) (1) The department shall report annually to the Legislature and the Governor as to the amount of funds used for that purpose from each source specified in subdivision (b) and submit an updated cost estimate. Upon substantial completion of the seismic retrofit work of the state-owned toll bridges, the department shall submit a final report, prepared by an independent accounting firm, identifying the sources and uses of the funds. That report shall serve as the basis for any proportional reduction in funding as specified in subdivision (c).

(2) If the department determines that the actual costs exceed the amounts identified in subparagraph (B) of paragraph (8) of subdivision (b), the department shall report to the Legislature within 90 days from the date of that determination as to the difference and the reason for the increase in costs.

(e) Notwithstanding any other provision of law, the commission shall adopt fund estimates consistent with subdivision (b) and provide flexibility so that state funds can be made available to match federal funds made available to regional transportation planning agencies.

(f) For the purposes of this section, ''principal obligations'' are the amount of funds generated, either in cash, obligation authority, or the proceeds of a bond or other indebtedness.

SEC. 2. Section 188.51 is added to the Streets and Highways Code, to read:

188.51. (a) If the department utilizes its authority under Chapter 4 (commencing with Section 14550) of Part 5.3 of Division 3 of the Government Code to issue federal highway grant anticipation notes (GARVEE Bonds) from the state share of federal obligation authority to fund the projects identified in subdivision (a) of Section 188.5, Section 14553.6 of the Government Code shall not apply.

(b) State expenditures for the purposes of subdivision (a) shall not exceed 5 percent of the annual amount of federal obligation authority received by the state for a period determined by the department.

SEC. 3. Section 31010 of the Streets and Highways Code is amended to read:

31010. (a) There is hereby imposed a seismic retrofit surcharge equal to one dollar ($1) per vehicle for passage on the bay area bridges, except for vehicles that are authorized toll-free passage on these bridges.

(b) Funds generated by subdivision (a) may not be used to repay nontoll revenues committed to fund projects identified in paragraph (2) of subdivision (a) of Section 188.5. Following the date of the submission of the final report required in subdivision (d) of Section 188.5, funds generated pursuant to subdivision (a) that are in excess of those needed to meet the toll commitment as specified by paragraph (4) of subdivision (b) of Section 188.5, including annual debt service payments, if any, required to support the commitment, and other elements required to meet the obligations of the department's financing plan, shall be available to the authority for funding, consistent with Sections 30913 and 30914, the purposes and projects described in those sections. The department shall transfer to the authority on an annual basis the funds made available to the authority under this subdivision upon receiving notification from the authority that the governing board of the authority has passed a resolution, by majority vote, requesting that transfer.

(c) There shall be no increase in tolls beyond the level identified in subdivision (a) for the purposes identified in paragraph (4) of subdivision (a) of Section 188.5, except that the department shall have the authority to increase the seismic retrofit surcharge for debt service purposes only if the bank finds and the Department of Finance confirms that both of the following apply:

(1) Extraordinary circumstances exist that jeopardize the payment of debt service for which toll revenues are authorized, and all other financial resources for meeting toll commitments have been exhausted.

(2) Bonds issued under Chapter 4.3 (commencing with Section 30950) shall not be impaired solely by action taken under this section, as evidenced by confirmation of the then existing ratings on those bonds, by the rating agencies then rating the bonds.

(d) The department shall extend the term of the financing plan developed under Section 31071, for the purposes of funding the projects described in Sections 30913 and 30914, for a period of not more than 30 years commencing on January 1, 2008, if both of the following conditions apply:

(1) The authority submits a request for the extension to the department on or before October 15, 2001, or on a later date requested by the authority and approved by the director.

(2) The Director of Transportation determines that the extension would satisfy the financial requirements of the federal Department of Transportation.

(e) This section shall remain in effect only until the date that the California Transportation Commission notifies the Secretary of State

that sufficient funds have been generated to meet the obligations identified in paragraph (4) of subdivision (b) of Section 188.5, and repayment of any outstanding debt secured by tolls, and as of that date is repealed. The California Transportation Commission shall provide the notice described in this subdivision upon making the determination set forth in this subdivision.

SEC. 4. Section 31050 of the Streets and Highways Code is repealed.

SEC. 5. Chapter 4.6 (commencing with Section 31070) is added to Division 17 of the Streets and Highways Code, to read:

## CHAPTER 4.6. STATE-OWNED TOLL BRIDGE SEISMIC RETROFIT FINANCING ACT OF 2001

31070. The Legislature hereby finds and declares all of the following:

(a) Following the 1989 Loma Prieta earthquake, legislation was enacted to make seismic safety a top transportation priority in this state. In the wake of the Northridge earthquake of 1994, when nine major freeway bridges were destroyed and 11 major highways wee closed, seismic retrofit of the state's bridges and highways again became the number one priority on the state's transportation agenda.

(b) In 1996, voters approved Proposition 192, a two billion dollar ($2,000,000,000) bond measure for state highway seismic retrofit. This funding measure includes the costs of retrofitting seven state-owned toll bridges, five in the San Francisco-Oakland Bay area and two in southern California. Replacement costs for the eastern span of the San Francisco-Oakland Bay Bridge were factored in as well.

(c) Subsequent to the adoption of Proposition 192, new cost estimates by the department increase the toll bridge retrofit program from six hundred fifty million dollars ($650,000,000) to two billion six hundred million dollars ($2,600,000,000). To address this increase, the Legislature enacted legislation in 1997, establishing the compromise of a 50/50 funding agreement between the state and local toll payers to finance all state-owned bridges in the San Francisco-Oakland Bay area, Los Angeles, and San Diego.

(d) It is the further intent of the Legislature that the department address the funding deficiency through a combination of financing options. These options may or may not include obtaining a loan under the federal Transportation Infrastructure Finance and Innovation Act of 1998 (P.L. 105-178), a program authorized by the Congress of the United States in 1998 to provided credit assistance for large transportation projects.

(e) Other financing options include revenue bonds and commercial paper should be issued under the authority of the California Infrastructure and Economic Development Financing Bank, the California Transportation Commission, or other, appropriate entity.

31070.5. For the purposes of this chapter, the following terms have the following meanings, unless the context requires otherwise:

(a) ''Authority'' means the Bay Area Toll Authority established under Section 30950.

(b) ''Account'' means the Toll Bridge Seismic Retrofit Account established in the State Transportation Fund under Section 188.12.

(c) ''Bank'' means the California Infrastructure and Economic Development Bank established under Section 63021 of the Government Code.

(d) ''Bay area bridges'' means the state-owned toll bridges in the region within the area of the jurisdiction of the Metropolitan Transportation Commission.

(e) ''Bonds'' has the meaning defined in subdivision (e) of Section 63010 of the Government Code.

(f) ''Department'' means the Department of Transportation.

(g) ''TIFIA'' means the federal Transportation Infrastructure Finance and Innovation Act of 1998 (P.L. 105-178).

(h) ''Toll surcharge'' means the seismic retrofit surcharge imposed under Section 31010.

31070.7. The department has full and sole responsibility for completion of all seismic retrofit projects on the bay area bridges.

31071. (a) The department may enter into financing agreements with the bank for the purpose of borrowing funds to finance or refinance the seismic retrofit project costs identified in paragraph (4) of subdivision (a) of Section 188.5. The bank may issue bonds for this purpose, pursuant to the authority granted to it under Chapter 5 (commencing with Section 63070) of Chapter 2 of Division 1 of Title 6.7 of the Government Code, and deposit the proceeds from the bonds into the account. The amount of borrowing may be increased to fund necessary reserves, capitalized interest, interim bonds, including, but not limited to, commercial paper, costs of issuance, and administrative, financial legal and incidental services related to the bonds. The department shall pursue the most cost-effective and efficient financing plan for the bridge work identified in paragraph (4) of subdivision (a) of Section 188.5.

(b) To the extent provided in the governing documents, each of the bonds issued under this section shall be payable from, and secured by, all or a portion of the toll surcharge revenue in the account and the assets in that account.

(c) Prior to the issuance of bonds payable from the toll surcharge, the bank shall confirm that bonds issued under Chapter 4.3 (commencing with Section 30950) shall not be impaired solely by action taken under this section, as evidenced by confirmation of the then existing ratings on these bonds, by the rating agencies then rating the bonds.

31071.3. Notwithstanding any other provision of law, during the construction period, all revenues generated from the toll surcharge shall be available to the department only for the construction and financing purposes of the toll bridge seismic retrofit program.

31071.5. (a) Bonds issued under this chapter may not be deemed to constitute a debt or liability of the state or of any political subdivision thereof, other than the bank, or a pledge of the faith and credit of the state or of any political subdivision thereof, but shall be payable solely from the account, and the assets of the account, and the security provided by the account. All bonds issued under this chapter shall contain on the face of the bonds a statement to this effect.

(b) Notwithstanding any other provision of law, Article 3 (commencing with Section 63040) of, Article 4 (commencing with 63042) of, and Article 5 (commencing with Section 63043) of Chapter 2 of Division 1 of Title 6.7 of the Government Code do not apply to any financing provided by the bank to, or at the request of, the department in connection with the account.

31072. Any federal funds received by the department as a direct loan or line of credit under TIFIA are hereby appropriated to the department for transfer to the account for the purposes of that account.

31073. The department may make the loans and transfers authorized under Section 14556.7 of the Government Code and Section 188.14 to provide adequate cash flow for obligation service requirements resulting from the financing authority provided under Sections 31071 and 31072.

SEC. 6. This act shall not be construed to negatively impact any project that is programmed prior to January 1, 2002, in the state transportation improvement program.

## CHAPTER 908

An act to add Section 14556.33 to the Government Code, relating to transportation.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. It is the intent of the Legislature in enacting this act to enhance the ability of regional and local governmental entities to deliver critical transportation capital improvement projects in an expeditious manner.

SEC. 2. Section 14556.33 is added to the Government Code, to read:

14556.33. (a) A regional or local entity that is a lead applicant agency under Article 5 (commencing with Section 14556.40), may apply to the commission for a letter of no prejudice for the project. If approved by the commission, the letter of no prejudice allows the regional or local entity to expend its own funds for any component of the transportation project.

(b) The amount expended under subdivision (a) shall be reimbursed by the state if all of the following conditions are met:

(1) The project is included in an adopted regional transportation plan.

(2) The department makes an allocation for the project pursuant to Section 14556.20.

(3) The expenditures made by the regional or local entity are eligible for reimbursement in accordance with state and federal laws and procedures. In the event expenditures made by the regional or local entity are determined to be ineligible, the state has no obligation to reimburse those expenditures.

(4) The regional or local entity complies with all legal requirements for the project, including the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(c) Upon execution of an agreement with the department to transfer reimbursement funds for a project described in subdivision (a), the commission may delay reimbursement pursuant to this section only if cash-management issues prevent immediate repayment.

(d) The commission, in consultation with regional and local entities, and the department, may develop guidelines to implement this section.

*The people of the State of California do enact as follows:*

SECTION 1. Section 12940 of the Government Code is amended to read:

12940. It shall be an unlawful employment practice, unless based upon a bona fide occupational qualification, or, except where based upon applicable security regulations established by the United States or the State of California:

(a) For an employer, because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of any person, to refuse to hire or employ the person or to refuse to select the person for a training program leading to employment, or to bar or to discharge the person from employment or from a training program leading to employment, or to discriminate against the person in compensation or in terms, conditions, or privileges of employment.

Nothing in this part shall subject an employer to any legal liability resulting from the refusal to employ or the discharge of an employee who, because of the employee's medical condition, is unable to perform his or her essential duties, or cannot perform those duties in a manner that would not endanger the employee's health or safety or the health or safety of others even with reasonable accommodations.

(3) Nothing in this part relating to discrimination on account of marital status shall do either of the following:

(b) For a labor organization, because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of any person, to exclude, expel or restrict from its membership the person, or to provide only second-class or segregated membership or to discriminate against any person because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of the person in the election of officers of the labor organization or in the selection of the labor organization's staff or to discriminate in any way against any of its members or against any employer or against any person employed by an employer.

(c) For any person to discriminate against any person in the selection or training of that person in any apprenticeship training program or any other training program leading to employment because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation of the person discriminated against.

(d) For any employer or employment agency to print or circulate or cause to be printed or circulated any publication, or to make any non-job-related inquiry of an employee or applicant, either verbal or through use of an application form, that expresses, directly or indirectly, any limitation, specification, or discrimination as to race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or sexual orientation, or any intent to make any such limitation, specification or discrimination.

(e) (1) Except as provided in paragraph (2) or (3), for any employer or employment agency to require any medical or psychological examination of an applicant, to make any medical or psychological inquiry of an applicant, to make any inquiry whether an applicant has a mental disability or physical disability or medical condition, or to make any inquiry regarding the nature or severity of a physical disability, mental disability, or medical condition.

(2) Notwithstanding paragraph (1), an employer or employment agency may inquire into the ability of an applicant to perform job-related

functions and may respond to an applicant's request for reasonable accommodation.

(3) Notwithstanding paragraph (1), an employer or employment agency may require a medical or psychological examination or make a medical or psychological inquiry of a job applicant after an employment offer has been made but prior to the commencement of employment duties, provided that the examination or inquiry is job-related and consistent with business necessity and that all entering employees in the same job classification are subject to the same examination or inquiry.

(2) Notwithstanding paragraph (1), an employer or employment agency may require any examinations or inquiries that it can show to be job-related and consistent with business necessity. An employer or employment agency may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees at that worksite.

(g) For any employer, labor organization, or employment agency to harass, discharge, expel, or otherwise discriminate against any person because the person has made a report pursuant to Section 11161.8 of the Penal Code that prohibits retaliation against hospital employees who report suspected patient abuse by health facilities or community care facilities.

Harassment of an employee, an applicant, or a person providing services pursuant to a contract by an employee other than an agent or supervisor shall be unlawful if the entity, or its agents or

supervisors, knows or should have known of this conduct and fails to take immediate and appropriate corrective action. An entity shall take all reasonable steps to prevent harassment from occurring. Loss of tangible job benefits shall not be necessary in order to establish harassment.

(2) The provisions of this subdivision are declaratory of existing law, except for the new duties imposed on employers with regard to harassment.

(3) An employee of an entity subject to this subdivision is personally liable for any harassment prohibited by this section that is perpetrated by the employee, regardless of whether the employer or covered entity knows or should have known of the conduct and fails to take immediate and appropriate corrective action.

(4) (A) For purposes of this subdivision only, ''employer'' means any person regularly employing one or more persons or regularly receiving the services of one or more persons providing services pursuant to a contract, or any person acting as an agent of an employer, directly or indirectly, the state, or any political or civil subdivision of the state, and cities. The definition of ''employer'' in subdivision (d) of Section 12926 applies to all provisions of this section other than this subdivision.

(B) Notwithstanding subparagraph (A), for purposes of this subdivision, ''employer'' does not include a religious association or corporation not organized for private profit, except as provided in Section 12926.2.

(k) For an employer, labor organization, employment agency, apprenticeship training program, or any training program leading to employment, to fail to take all reasonable steps necessary to prevent discrimination and harassment from occurring.

(*l*) For an employer or other entity covered by this part to refuse to hire or employ a person or to refuse to select a person for a training program

leading to employment or to bar or to discharge a person from employment or from a training program leading to employment, or to discriminate against a person in compensation or in terms, conditions, or privileges of employment because of a conflict between the person's religious belief or observance and any employment requirement, unless the employer or other entity covered by this part demonstrates that it has explored any available reasonable alternative means of accommodating the religious belief or observance, including the possibilities of excusing the person from those duties that conflict with his or her religious belief or observance or permitting those duties to be performed at another time or by another person, but is unable to reasonably accommodate the religious belief or observance without undue hardship on the conduct of the business of the employer or other entity covered by this part. Religious belief or observance, as used in this section, includes, but is not limited to, observance of a Sabbath or other religious holy day or days, and reasonable time necessary for travel prior and subsequent to a religious observance.

Nothing in this subdivision or in paragraph (1) or (2) of subdivision (a) shall be construed to require an accommodation that is demonstrated by the employer or other covered entity to produce undue hardship to its operation.

(n) For an employer or other entity covered by this part to fail to engage in a timely, good faith, interactive process with the employee or applicant to determine effective reasonable accommodations, if any, in response to a request for reasonable accommodation by an employee or applicant with a known physical or mental disability or known medical condition.

# CHAPTER 912

An act to amend Section 25000.5 of, and to add Chapter 8.3 (commencing with Section 25722) to Division 15 of, the Public Resources Code, relating to energy resources.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25000.5 of the Public Resources Code is amended to read:

25000.5. (a) The Legislature finds and declares that overdependence on the production, marketing, and consumption of petroleum based fuels as an energy resource in the transportation sector is a threat to the energy security of the state due to continuing market and supply uncertainties. In addition, petroleum use as an energy resource contributes substantially to the following public health and environmental problems: air pollution, acid rain, global warming, and the degradation of California's marine environment and fisheries.

(b) Therefore, it is the policy of this state to fully evaluate the economic and environmental costs of petroleum use, and the economic and environmental costs of other transportation fuels, including the costs and values of environmental impacts, and to establish a state transportation energy policy that results in the least environmental and economic cost to the state. In pursuing the ''least environmental and economic cost'' strategy, it is the policy of the state to exploit all practicable and cost-effective conservation and improvements in the efficiency of energy use and distribution, and to achieve energy security, diversity of supply sources, and competitiveness of transportation energy markets based on the least environmental and economic cost.

(c) It is also the policy of this state to minimize the economic and environmental costs due to the use of petroleum-based and other transportation fuels by state agencies. In implementing a least-cost economic and environmental strategy for state fleets, it is the policy of the state to implement practicable and cost-effective measures, including, but not necessarily limited to, the purchase of the cleanest and most efficient automobiles and replacement tires, the use of alternative fuels in its fleets, and other conservation measures.

(d) For the purposes of this section, ''petroleum based fuels'' means fuels derived from liquid unrefined crude oil, including natural gas liquids, liquefied petroleum gas, or the energy fraction of methyl tertiary-butyl ether (MTBE) or other ethers that is not attributed to natural gas.

SEC. 2. Chapter 8.3 (commencing with Section 25722) is added to Division 15 of the Public Resources Code, to read:

CHAPTER 8.3. STATE VEHICLE FLEET

25722. (a) On or before January 31, 2003, the commission , the Department of General Services, and the State Air Resources Board, in consultation with any other state agency that the commission , the department, and the state board deem necessary, shall develop and adopt fuel-efficiency specifications governing the purchase by the state of motor vehicles and replacement tires that, on an annual basis, will reduce petroleum consumption of the state vehicle fleet to the maximum extent practicable and cost-effective.

(b) In developing the specifications, the commission and the department shall jointly conduct a study to examine state vehicle purchasing patterns, including the purchase of after market tires, and to analyze the costs and benefits of reducing the energy consumption of the state vehicle fleet by no less than 10 percent on or before January 1, 2005.

(c) The study shall include an analysis of all of the following topics:

(1) Use of alternative fuels.

(2) Use of fuel-efficient vehicles.

(3) Costs and benefits of decreasing the size of the state vehicle fleet.

(4) Reduction in vehicle trips and increase in use of alternative means of transportation.

(5) Improved vehicle maintenance.

(6) Costs and benefits of using fuel-efficient tires relative to using retreaded tires, as described in the Retreaded Tire Program (Chapter 7 (commencing with Section 42400) of Part 3 of Division 30 of the Public Resources Code).

(7) The costs and benefits of purchasing high fuel efficiency gasoline vehicles, including hybrid electric vehicles, instead of flexible fuel vehicles.

(d) On or before January 31, 2003, and annually thereafter, the commission, the Department of General Services, and the State Air Resources Board, in consultation with any other state agency that the commission, the department, and the state board deem necessary, shall develop and adopt air pollution emission specifications governing the purchase by the state of passenger cars and light-duty trucks that meet or exceed California's Ultra-Low Emission Vehicle (ULEV) standards for exhaust emissions (13 Cal. Code Regs. 1960.1).

(e) If the study described in subdivision (b) determines that lower cost measures exist that deliver petroleum reductions equivalent to applicable federal requirements governing the state purchase of

passenger cars and light-duty trucks, the state shall pursue a waiver from those federal requirements.

25723. On or before January 31, 2003, the commission, in consultation with any other state agency that the commission deems necessary, shall develop and adopt recommendations for consideration by the Governor and the Legislature of a California State Fuel-Efficient Tire Program. The commission shall make recommendations on all of the following items:

(a) Establishing a test procedure for measuring tire fuel efficiency.

(b) Development of a data base of fuel efficiency of existing tires in order to establish an accurate baseline of tire efficiency.

(c) A rating system for tires that provides consumers with information on the fuel efficiency of individual tire models.

(d) A consumer-friendly system to disseminate tire fuel-efficiency information as broadly as possible. The commission shall consider labeling, Web site listing, printed fuel economy guide booklets, and mandatory requirements for tire retailers to provide fuel-efficiency information.

(e) A study to determine the safety implications, if any, of different policies to promote fuel efficient replacement tires in the consumer market.

(f) A mandatory fuel-efficiency standard for all after market tires sold in California.

(g) Consumer incentive programs that would offer a rebate to purchasers of replacement tires that are more fuel efficient than the average replacement tire.

## CHAPTER 913

An act to add Article 2.5 (commencing with Section 49430) to Chapter 9 of Part 27 of the Education Code, relating to pupil health, and making an appropriation therefor.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

I am signing Senate Bill 19, which will help to significantly improve the nutrition and eating habits of California's school children. This bill establishes, as of January 1, 2004, various prohibitions on the sale of beverages in elementary and middle schools and places nutritional standards on the type of foods that may be sold to pupils during school breaks and through vending machines. The bill also increases the reimbursement a school receives for free and reduced-price meals and permits schools districts to convene a Child Nutrition and Physical Activity Advisory Committee. The bill appropriates $5.5 million

for grants to local school districts to implement the new nutrition standards and for monitoring and technical assistance costs of the State Department of Education.

Childhood obesity has become an epidemic in the United States and is a primary factor in type 2 diabetes and other long-term health problems. While poor diet and physician inactivity have been found to adversely influence the ability to learn and decrease motivation and attentiveness, healthy food has a positive impact on academic achievement.

While I am supportive of the new standards contained in SB19, I am deleting the appropriation of $5.5 million in the bill because it is premature to allocate General Fund without first exploring the use of federal funds for this purpose. California does not currently use its full allotment of federal child nutrition funding that may be available to assist local districts in meeting the nutrition standards in this bill. Since the provisions of the bill are not intended to be operative for another two years, there is sufficient time to consider alternative funding options without jeopardizing timely implementation of the new standards.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares as follows:

(a) Childhood obesity has reached epidemic levels in California and throughout the nation. Recent studies have shown that more than 30 percent of California youth are overweight and that adolescent obesity has doubled over the past two decades. In some California school districts, as many as 50 percent of pupils are overweight.

(b) Overweight and obese children are at higher risk for long-term health problems, including cardiovascular disease, stroke, hypertension, high blood pressure, gallbladder disease, Type 2 diabetes, asthma, and certain cancers. The lives of overweight youth are often also affected by discrimination, psychological stress, poor body image, and low self-esteem. Eighty percent of obese adolescents remain obese as adults.

(c) Two-thirds of all deaths in California result from four chronic diseases: heart disease, cancer, stroke, and diabetes. Health experts agree that one of the most effective ways to prevent these chronic diseases is to establish policies and programs that encourage children and adolescents to develop healthy eating and exercise habits they can maintain throughout their lives.

(d) A child who is physically healthy is more likely to be academically motivated, alert, and successful. Results from the 1999 Physical Fitness test showed that only 20 percent of pupils in grades 5, 7, and 9 met the requirement to be considered fit.

(e) Healthy eating also plays an important role in learning and cognitive development. Poor diet has been found to adversely influence the ability to learn and to decrease motivation and attentiveness.

(f) The school environment plays an influential role in the foods children eat nearly every day. While the United States Department of Agriculture (USDA) regulates the nutrient content of meals sold under

its reimbursable meal program, similar standards do not exist for ''competitive foods'' that are sold outside the USDA meal programs. Competitive foods are often very high in added sugar, sodium, and fat.

(g) The state's support of school food services is inadequate. The State Department of Education monitors schools only once every five years and lacks the resources to provide any technical assistance. The last time the state increased the state meal subsidy, beyond a cost-of-living adjustment, was in 1981, leaving California ranked 41st in the nation in school meal reimbursement rates. In order to generate revenue, many schools sell or allow vendors to sell competitive foods on campus.

(h) In a survey conducted in 2000, 95 percent of responding California school districts reported that they sell fast foods, the most common of which are sodas, pizza, cookies, chips, and burritos, contributing to the fact that carbonated drinks are the single biggest source of refined sugars in the American diet, approximately 70 percent of children in the United States who are 2 to 11 years of age exceeded current dietary recommendations for intakes of total and saturated fat, and only 21 percent of California children meet the goal of eating five servings of fruits and vegetables per day.

SEC. 2. Article 2.5 (commencing with Section 49430) is added to Chapter 9 of Part 27 of the Education Code, to read:

## Article 2.5. The Pupil Nutrition, Health, and Achievement Act of 2001

49430. As used in this article, the following terms have the following meanings:

(a) ''Elementary school'' means a public school that maintains any grade from kindergarten to grade 6, inclusive, but no grade higher than grade 6.

(b) ''Middle school'' means any public school that maintains grade 7 or 8, but no grade higher than grade 9.

(c) ''High school'' means any public school maintaining any of grades 10 to 12, inclusive.

(d) ''Full meal'' means any combination of food items that meet a USDA-approved meal pattern.

49430.3. Notwithstanding any provisions of law, including, but not limited to, Chapter 3 (commencing with Section 38080) of Part 23 or Section 48931, this article shall control over contrary provisions relating to the sale of food items to public school pupils.

(c) To qualify for the increased reimbursement for free and reduced price meals and for the reimbursement for meals sold at full price, a school shall follow the United States Department of Agriculture's Enhanced Food Based Meal Pattern, the United States Department of Agriculture's Nutrient Standard Meal Planning, California's SHAPE Menu Patterns, or the USDA Traditional Meal Pattern.

(d) The reimbursement rates set forth in this section shall be adjusted annually for increases in cost of living in the same manner set forth in Section 42238.1.

(e) This section shall become operative on January 1, 2004 and shall become operative only if funding is approved in the Budget Act of 2003 for the purposes of increased reimbursements pursuant to this article.

49431. (a) At elementary and middle schools, and in those schools participating in the pilot program created pursuant to Section 49433.7, the sale of all foods on school grounds shall be approved for compliance with the nutrition standards in the section by the person or persons responsible for implementing these provisions as designated by the school district.

(b) (1) At elementary schools, the only food that may be sold to pupils during breakfast and lunch periods is food that is sold as a full meal. This paragraph does not prohibit the sale of fruit, nonfried vegetables, legumes, beverages, dairy products, or grain products, as individual food items if they meet the requirements set forth in this subdivision.

(2) An individual food item sold to a pupil during morning or afternoon breaks at elementary schools shall meet all of the following standards:

(A) Not more than 35 percent of its total calories shall be from fat. This subparagraph does not apply to the sale of nuts or seeds.

(B) Not more than 10 percent of its total calories shall be from saturated fat.

(C) Not more than 35 percent of its total weight shall be composed of sugar. This subparagraph does not apply to the sale of fruits or vegetables.

(3) Regardless of the time of day water, milk, 100 percent fruit juices, or fruit-based drinks that are composed of no less than 50 percent fruit juice and that have no added sweeteners are the only beverages that may be sold to pupils at an elementary school.

(c) In middle schools, from one-half hour before the start of the schoolday until after the end of the last lunch period, no carbonated beverage shall be sold to pupils.

(d) At middle schools, vending machines that contain beverage items that do not meet the requirements in this section shall remain locked or be rendered inoperable until after the end of the last lunch period.

(e) An elementary school may permit the sale of food items that do not comply with subdivisions (a) to (f), inclusive, of this section as part of a school fundraising event in any of the following circumstances:

(1) By pupils of the school if the sale of those items takes place off of school premises.

(2) By pupils of the school if the sale of those items takes place at least one-half hour after the end of the schoolday.

(f) Notwithstanding Article 3 (commencing with Section 33050) of Chapter 1 of Part 20, this section shall not be waived pursuant to that article.

(g) Although a middle school is required to comply with those provisions of this section applicable to middle schools, it may, in addition, elect to apply for participation in the pilot program pursuant to Section 49433.7.

(h) This section shall become operative on January 1, 2004. School districts shall be required to comply with this section only if funds are appropriated in the Budget Act of 2003 for the purposes of providing support and technical assistance to school districts as set forth in Section 49433.5, for the purposes of providing grants to participating school districts as set forth in subdivision (c) of Section 49433, and for the purposes of increasing meal reimbursements as set forth in Section 49430.5. The State Department of Education shall file a written statement with the Secretary of the Senate and the Chief Clerk of the Assembly within 30 days after enactment of the Budget Act of 2003 stating whether funds have been appropriated as set forth in this subdivision and in Section 49430.5.

49432. By January 1, 2004, every public school may post a summary of nutrition and physical activity laws and regulations, and shall post the school district's nutrition and physical activity policies, in public view within all school cafeterias or other central eating areas. The State Department of Education shall develop the summary of state law and regulations.

49433. (a) A school district maintaining at least one elementary or middle school or high school that is participating in the pilot program pursuant to Section 49433.7 may convene a Child Nutrition and Physical Activity Advisory Committee that shall develop and recommend to the governing board of the school district for its adoption, school district policies on nutrition and physical activity. The committee shall include, but need not be limited to, school district governing board members, school administrators, food service directors, food service staff, staff, parents, pupils, physical and health education teachers, dietitians, health

care professionals, and interested community members. In developing the policy, the committee shall hold at least one public hearing.

(b) The policies shall address issues and goals, including, but not limited to, all of the following:

(1) Implementing the nutritional standards set forth in Section 49431.

(2) Encouraging fundraisers that promote good health habits and discouraging fundraisers that promote unhealthy foods.

(3) Ensuring that no pupil is hungry.

(4) Improving nutritional standards.

(5) Increasing the availability of fresh fruits and vegetables, including provisions that encourage schools to make fruits and vegetables available at all locations where food is sold.

(6) Ensuring, to the extent possible, that the food served is fresh.

(7) Encouraging eligible pupils to participate in the school lunch program.

(8) Integrating nutrition and physical activity into the overall curriculum.

(9) Ensuring regular professional development for food services staff.

(10) Ensuring pupils a minimum of 30 minutes to eat lunch and 20 minutes to eat breakfast, when provided.

(11) Ensuring pupils engage in healthful levels of vigorous physical activity.

(12) Ensuring pupils receive nutrition education.

(13) Improving the quality of physical education curricula and increasing training of physical education teachers.

(14) Enforcing existing physical education requirements.

(15) Altering the economic structures in place to encourage healthy eating by pupils and reduce dependency on generating profits for the school from the sale of unhealthy foods.

(16) Developing a financing plan to implement the policies.

(17) Increasing the availability of organic fruits and vegetables and school gardens.

(18) Collaborating with local farmers' markets.

(c) A school district maintaining at least one elementary or middle school may apply to the State Department of Education for a grant to offset the costs of developing and adopting policies pursuant to this section. The grants shall be one-time grants and shall be available to applicant school districts by March 1, 2002.

(d) A participating school district shall receive a grant of no less than four thousand dollars ($4,000) and no more than twenty-five thousand dollars ($25,000), depending upon the size of the school district, for the purpose of offsetting the costs of developing the school district nutrition and physical activity policies.

49433.5. The State Department of Education shall provide technical support and assistance to school districts in implementing Section 49433. The technical support and assistance shall include, but need not be limited to, highlighting model nutrition programs, disseminating information to assist in the financial management of the food service programs, identifying fundraising mechanisms for school food services programs and for pupil activities that encourage healthy eating habits among pupils, and providing information regarding the current best practices in school child nutrition programs.

49433.7. The State Department of Education shall establish a three-year pilot program in which a total of not less than 10 high schools, middle schools, or any combination thereof, voluntarily adopt the provisions of Sections 49431 and 49432. The pilot program shall commence in the fall of the 2002–03 school year. Participating districts will be eligible to receive a grant pursuant to subdivision (c) of Section 49433. Districts will be eligible for an increased reimbursement rate for free and reduced price meals served at participating high schools as set forth in Section 49430.

49433.9. A school district participating in the pilot program shall comply with all of the following requirements:

(a) (1) No beverage other than any of the following shall be sold to pupils from one-half hour before the start of the schoolday until one-half hour after the end of the schoolday:

The noncomplying school district shall adopt, and provide to the Superintendent of Public Instruction, a corrective plan. The corrective plan shall set forth the actions to be taken by the school district in order to ensure that the school district will be in full compliance within one year from the issuance of the noncompliance notification.

(a) One million dollars ($1,000,000) for the purpose of providing technical support and assistance to school districts in implementing Section 49433 of the Education Code as set forth in Section 49433.5 of the Education Code.

(b) Four million dollars ($4,000,000) for providing grants to applicant school districts for the purposes of developing policies as set forth in subdivision (c) of Section 49433 of the Education Code.

(c) Five hundred thousand dollars ($500,000) for the purposes of monitoring and reporting pursuant to Section 49436 of the Education Code.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 29. *The people of the State of California do enact as follows:*

SECTION 1. Section 82002 of the Government Code is amended to read:

82002. (a) ''Administrative action'' means the proposal, drafting, development, consideration, amendment, enactment, or defeat by any state agency of any rule, regulation, or other action in any ratemaking proceeding or any quasi-legislative proceeding, which shall include any proceeding governed by Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2.

(b) ''Ratemaking proceeding'' means, for the purposes of a proceeding before the Public Utilities Commission, any proceeding in which it is reasonably foreseeable that a rate will be established, including, but not limited to, general rate cases, performance-based ratemaking, and other ratesetting mechanisms.

(c) ''Quasi-legislative proceeding'' means, for purposes of a proceeding before the Public Utilities Commission, any proceeding that involves consideration of the establishment of a policy that will apply generally to a group or class of persons including, but not limited to, rulemakings and investigations that may establish rules affecting an entire industry.

SEC. 2. Section 82039 of the Government Code is amended to read:

82039. (a) ''Lobbyist'' means any individual who receives two thousand dollars ($2,000) or more in economic consideration in a calendar month, other than reimbursement for reasonable travel expenses, or whose principal duties as an employee are, to communicate directly or through his or her agents with any elective state official, agency official, or legislative official for the purpose of influencing legislative or administrative action. An individual is not a lobbyist by reason of activities described in Section 86300.

(b) For the purposes of subdivision (a), a proceeding before the Public Utilities Commission constitutes ''administrative action'' if it meets any of the definitions set forth in subdivision (b) or (c) of Section 82002. However, a communication made for the purpose of influencing this type of Public Utilities Commission proceeding is not within subdivision (a) if the communication is made at a public hearing, public workshop or other public forum that is part of the proceeding, or if the communication is included in the official record of the proceeding.

SEC. 3. Section 86116 of the Government Code is amended to read:

86116. Every person described in Section 86115 shall file periodic reports containing the following information:

(a) The name, business address, and telephone number of the lobbyist employer or other person filing the report.

(c) The total amount of all payments to lobbyists employed by the filer.

(d) A description of the specific lobbying interests of the filer.

(e) A periodic report completed and verified by each lobbyist employed by a lobbyist employer pursuant to Section 86113.

(f) Each activity expense of the filer. A total of all activity expenses of the filer shall be included.

(g) The date, amount, and the name of the recipient of any contribution of one hundred dollars ($100) or more made by the filer to an elected state officer, a state candidate, or a committee controlled by an elected state officer or state candidate, or a committee primarily formed to support the officer or candidate. If this contribution is reported by the filer or by a committee sponsored by the filer in a campaign statement filed pursuant to Chapter 4 which is required to be filed with the Secretary of State, the filer may report only the name of the committee, and the identification number of the committee.

(h) (1) Except as set forth in paragraph (2), the total of all other payments to influence legislative or administrative action including overhead expenses and all payments to employees who spend 10 percent or more of their compensated time in any one month in activities related to influencing legislative or administrative action.

(2) A filer that makes payments to influence a ratemaking or quasi-legislative proceeding before the Public Utilities Commission, as defined in subdivision (b) or (c), respectively, of Section 82002, may, in lieu of reporting those payments pursuant to paragraph (1), report only the portion of those payments made to or for the filer's attorneys for time spent appearing as counsel and preparing to appear as counsel, or to or for the filer's witnesses for time spent testifying and preparing to testify, in this type of Public Utilities Commission proceeding. This alternative reporting of these payments made during a calendar month is not required to include payments made to an attorney or witness who is an employee of the filer if less than 10 percent of his or her compensated time in that month was spent in appearing, testifying, or preparing to appear or testify before the Public Utilities Commission in a ratemaking or quasi-legislative proceeding. For the purposes of this paragraph, time spent preparing to appear or preparing to testify does not include time spent preparing written testimony.

(i) Any other information required by the commission consistent with the purposes and provisions of this chapter.

## CHAPTER 922

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) It is the policy of this state that all election laws and procedures shall be established and construed to assist the elector in the exercise of the right to franchise. It is the further policy of the state that this goal be accomplished in an economical manner that both prevents fraud and encourages electors to vote.

(b) The prevention of voter fraud and cost savings may be achieved through voter file maintenance.

(1) Voter file maintenance provides protection against voter fraud by eliminating an active record on a nonexistent or deceased voter, and reflecting the true participation record of voters in elections.

(2) Voter file maintenance also provides cost savings to counties by eliminating the need to maintain records of and mail elections materials to voters who may have died, moved, or changed their surname because of marriage.

(3) Voter file maintenance efforts initiated in 1995 through a statewide voter file and local alternative residency confirmation process have brought about significant savings, as more than 2.5 million voter registration affidavits have been placed on an inactive file.

(4) Further integration and enhancement of state and local voter file maintenance efforts are desired to provide for the most accurate and updated voter file rolls, cost savings, and elimination of potential voter fraud.

(c) Greater elector participation may be achieved by allowing all voters to maintain permanent absent voter status.

(d) The Secretary of State shall report annually to the Legislature regarding the impact, if any, that permitting all voters to apply for permanent absent voter status has on increasing voter participation.

SEC. 2. Section 100.5 of the Elections Code is amended to read:

100.5. Notwithstanding Section 100, a voter who is unable to personally affix on a petition or paper the information required by Section 100 may request another person to print the voter's name and place of residence on the appropriate spaces of the petition or paper, but the voter shall personally affix his or her mark or signature on the appropriate space of the petition or paper, which shall be witnessed by one person by subscribing his or her name thereon.

SEC. 3. Section 354.5 is added to the Elections Code, to read:

354.5. (a) ''Signature'' includes a person's mark if the name of the person affixing the mark is written near the mark by a witness over the age of 18 years designated by the person and the designee subscribes his or her own name as a witness thereto.

(b) A mark attested as provided in subdivision (a) may serve as a signature for any purpose specified in this code, including a sworn statement.

SEC. 4. Section 3201 of the Elections Code is amended to read:

3201. Any voter may apply for permanent absent voter status. Application for permanent absent voter status shall be made in accordance with Section 3001. The voter shall complete an application, which shall be available from the county elections official, and which shall contain all of the following:

(a) Applicant's name at length.

(b) Applicant's residence address.

(c) Address where ballot is to be mailed, if different from the place of residence.

(d) The signature of the applicant.

SEC. 5. Section 3203 of the Elections Code is amended to read:

3203. (a) Upon receipt of an application for permanent absent voter status, the county elections official shall process the application in the same manner as an application for a regular absent voter's ballot.

(b) In addition to processing applications in accordance with Chapter 1 (commencing with Section 3000), if it is determined that the applicant is a registered voter, the county elections official shall do the following:

(1) Place the voter's name upon a list of those to whom an absentee ballot is sent each time there is an election within their precinct.

(2) Include in all absentee ballot mailings to the voter an explanation of the absentee voting procedure and an explanation of Section 3206.

(3) Maintain a copy of the absentee ballot voter list on file open to the public inspection for election and governmental purposes.

SEC. 6. Section 18577 of the Elections Code is amended to read:

18577. Any person having charge of a completed absent voter ballot who willfully interferes or causes interference with its return to the local elections official having jurisdiction over the election is guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding six months, by a fine not exceeding ten thousand dollars ($10,000), or by both.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(2) Coordinated instructional resources and strategies with onsite conservation efforts with active pupil participation, including energy audits and conservation.

(3) Service-learning partnerships, in which schools and communities work to provide real world experiences to pupils in areas of the environment and resource conservation, including education projects developed and implemented by pupils to encourage others to utilize integrated waste management concepts.

(4) Assessment of the impact to participating students and schools of the pilot program, to the extent feasible, on student achievement and resource conservation.

(d) The office shall use findings and results of the pilot program to develop and further refine the unified education strategy established by the office pursuant to Section 42603 of the Public Resources Code.

(e) On or before June 30, 2005, the office shall prepare and submit a report to the Governor and the Legislature on the results of the pilot project.

(f) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 3. Section 42603 of the Public Resources Code is amended to read:

42603. (a) (1) For purposes of this section ''office'' means the Office of Integrated Environmental Education of the board, as established pursuant to this section.

(2) The Office of Integrated Environmental Education is hereby established in the board. The office, in cooperation with the State Department of Education, State Board of Education, and the Secretary for Education, shall develop and implement a unified education strategy on the environment for elementary and secondary schools in the state. The office shall develop a unified education strategy to do all of the following:

(A) Coordinate instructional resources and strategies for providing active pupil participation with onsite conservation efforts.

(B) Promote service-learning opportunities between schools and local communities.

(C) Assess the impact to participating pupils of the unified education strategy on student achievement and resource conservation.

(3) On or before June 30, 2005, the office shall report to the Legislature and the Governor on its progress in developing, implementing, and assessing the unified education strategy.

(4) Nothing in this subdivision limits or mandates the activities or operations of any existing board, department, office, or commission in state government.

(b) The State Department of Education, State Board of Education, and Secretary for Education, in cooperation with the board, shall develop and implement to the extent feasible, a teacher training and implementation plan, to guide the implementation of the unified education strategy, for the education of students, faculty, and administrators on the importance of integrating environmental concepts and programs in schools throughout the state. The strategy shall project the phased implementation of elementary, middle, and high school programs.

SEC. 4. Chapter 12.6 (commencing with Section 42630) is added to Part 3 of Division 30 of the Public Resources Code, to read:

## CHAPTER 12.6. SCHOOLSITE SOURCE REDUCTION AND RECYCLING ASSISTANCE PROGRAM

### Article 1. Legislative Findings

42630. (a) It is the intent of the Legislature, by enacting this chapter, to accomplish all of the following:

(1) Every school district and schoolsite in this state will be encouraged to implement source reduction, recycling, and composting programs that would do all of the following:

(A) Reduce waste and conserve resources.

(B) Provide pupils with a ''hands-on'' learning experience.

(C) Minimize the expenditure of taxpayer and education dollars on solid waste collection and disposal.

(2) School districts and individual schoolsites will cooperate with cities and counties in developing plans and programs to meet and exceed the state's 50 percent waste reduction and recycling mandate.

(3) To the maximum extent feasible, school districts and schools will utilize products and supplies made from recycled materials.

(4) The State Department of Education, State Board of Education, Secretary for Education, the California Environmental Protection Agency, and the Resources Agency, will coordinate efforts in the development, dissemination, and promotion of the use of environmental education programs for pupils.

(b) The Legislature, therefore, declares that school districts throughout the state should be assisted in establishing and implementing source reduction and recycling programs.

Article 2. Definitions

42635. For purposes of this chapter, the following definitions shall apply:

(a) ''Environmentally preferable product'' means a product that promotes healthy indoor environments for children, and demonstrates the use of the environmentally preferable materials and systems. When compared to other similar products with similar functions an environmentally preferable product has some, or all, of the following characteristics relative to those similar products serving similar functions:

(1) Less hazardous to public health, safety, and the environment.

(2) Consumes less energy in their manufacture or use.

(3) Contains more, or any amount of, recycled or post-consumer material content in their manufacture.

(4) Results in less potential waste.

(5) Results in less harm to indoor air quality.

(6) Consumes less water.

(7) Include features, or is manufactured from materials, that promotes recycling or reuse of the product.

(b) ''Local agency'' means a city that has prepared, adopted, and submitted to the county a source reduction and recycling element pursuant to Section 41000, and a county that has prepared and submitted to the board an integrated waste management plan pursuant to Section 41570.

(c) ''Office'' means a county office of education.

(d) ''School'' or ''schoolsite'' means a public elementary or secondary school.

(e) ''School district'' has the same meaning as defined in Section 80 of the Education Code.

Article 3. Diversion

42638. Each school district and office may coordinate with local agencies to implement solid waste management programs to maximize the diversion of solid waste from landfill disposal or transformation facilities. This coordination between the school district or office and the local agency may include, but is not limited to, assessing the school district's solid waste and diversion needs and developing new or expanding existing integrated waste management programs, including waste prevention, recycling and composting programs.

Article 4. Models and School Waste Reduction Tools

42640. (a) On or before July 1, 2002, after researching and determining the best waste reduction practices for school districts and schoolsites, the board shall develop models and school waste reduction tools, based upon the program developed pursuant to Section 42621, that may be used by schools, school districts, offices, and local agencies to implement waste reduction programs. The models and tools may include, but not be limited to, all of the following:

(1) Waste prevention, recycling, composting, procurement, and green building elements that, when properly implemented, create hands-on learning experiences for pupils and result in a greater reduction in schoolsite and school district solid waste generation than currently exists.

(2) Model waste reduction programs that may be implemented by the local agencies, schoolsites, and school districts.

(3) Environmental, economic, and educational benefits of implementing waste reduction programs.

(b) The board shall make the models and tools available and downloadable to local agencies, schools, and school districts from the board's Web site.

Article 5. Training, Assistance, and Information

42641. The board shall provide training and ongoing technical and informational assistance to local agencies, offices, schools, and school districts on implementing waste reduction programs.

42642. The Division of the State Architect, in consultation with the board, shall develop and maintain on its Web site, a list of environmentally preferable products and a list of recycled products that may be used in the construction and modernization of school facilities. The board shall provide notice to each school district of the existence of these lists and their location on these Web sites.

Article 6. Grants

(a) The board, in consultation with the State Department of Education, the State Board of Education, and the Secretary for Education, a program to provide grants to school districts and schools to assist in the development and implementation of educational programs and to promote the use of existing educational programs, to teach the concepts of source reduction, recycling, and composting.

(b) The board, in consultation with the State Department of Education, the Board of Education, and the Secretary for Education,

shall adopt criteria for awarding grants pursuant to this article, including, but not limited to, the grant's structure, the schedule for awarding grants, and grant amount limits. This criteria shall include, but not be limited to, a procedure for the geographic distribution of the grants and the appropriate representation of elementary, middle, and high school as grant recipients. In adopting this criteria, the board shall include, in the criteria, the extent to which a an office, a school district, or a school has demonstrated a commitment to achieving the following goals:

(1) The adoption of waste reduction and recycling programs and practices.

(2) The adoption and implementation of the unified education strategy adopted pursuant to Section 42603.

(3) The allocation of adequate space for the safe collection, storage, and loading of recyclable materials.

(4) To the maximum extent feasible, the use of recycled materials and environmentally preferable products in the construction or modernization of public school facilities.

(5) Participation in the environmental ambassador pilot program established pursuant to Section 51226.4 of the Education Code.

(c) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the adoption of criteria for the awarding of grants pursuant to this article is not the adoption of a regulation, and is exempt from the requirements of that chapter.

42646. On or before January 1, 2004, the board shall evaluate the implementation of school waste reduction and recycling programs in the state's schools and if the board determines less than 75 percent of schools have implemented a waste reduction and recycling program, the board shall recommend to the Legislature those statutory changes needed to require schools to implement such a program.

42647. The board may enter into an interagency agreement with the State Department of Education or other state agencies to implement this chapter, Section 42603, and Sections 33541 and 51226.4 of the Education Code.

SEC. 5. The sum of one million five hundred thousand ($1,500,000) dollars is hereby appropriated from the fees deposited pursuant to Section 48000 of the Public Resources Code in the Integrated Waste Management Fund, for expenditure by the California Integrated Waste Management Board, to provide grants to county offices of education, school districts, and schools to assist in the development and implementation of programs pursuant to Section 42645 of the Public Resources Code. The board may expend not more than 5 percent of the amount appropriated by this section for administrative costs.

SEC. 6. The Legislature finds and declares that the fees appropriated by Section 5 of this act are not the proceeds of taxes within the meaning of Article XIII A of the California Constitution, but instead, are the proceeds of fees for all of the following reasons:

(a) The amounts appropriated by Section 5 of this act will be used to provide for grants to teach the concepts of source reduction, recycling, and composting, the goal of which is to reduce the amount of solid waste disposed of in landfills.

(b) Due to the potentially adverse environmental impact of landfill of solid waste and the state's diminishing landfill capacity, the use of the fees paid by operators of solid waste facilities to pay for this education mitigates the future adverse impact of the operation of solid waste facilities.

(c) Decreasing the amount of solid waste sent to landfill, by diverting through recycling and waste reduction, will also benefit the operators of solid waste disposal sites, by decreasing the amount of solid waste that is required to be disposed in landfills.

## CHAPTER 927

An act to repeal the heading of Article 3 (commencing with Section 18320) of, and to add and repeal Article 3 (commencing with Section 18320) of, Chapter 4 of Division 18 of, the Elections Code, relating to campaign practices.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) The World Wide Web is a unique arena for the free and open exchange of ideas.

(b) ''Political cybersquatting'' stifles that open exchange, thus undermining the essential element of our democracy.

(c) During the November 7, 2000, general election, the opponents of Proposition 36, the drug treatment initiative, engaged in political cybersquatting, the cynical and deceitful practice of co-opting the Web site domain name, or address, of a competitor in order to keep the public away from the competitor's Web site.

(d) The opponents registered several domain names that would be reasonably foreseen to support passage of Proposition 36. When persons using the Internet entered one of the ''Yes on Proposition 36'' Web site

addresses, the person was directed instead (and involuntarily) to the official ''No on Proposition 36'' Web site.

(e) Political cybersquatting has the effect of denying a voter access, or interfering with a voter's access, to information that will allow the person to make a knowledgeable electoral decision. It is the equivalent of stealing campaign literature out of a voter's mailbox because it prevents a voter from accessing or being aware of particular electoral information.

(f) Political cybersquatting violates principles of free speech by denying unfettered access to the free and open exchange of ideas. Therefore, it is the intent of the Legislature to protect that free and open exchange of ideas at the heart of our electoral system by prohibiting the act of political cybersquatting.

SEC. 2. The heading of Article 3 (commencing with Section 18320) of Chapter 4 of Division 18 of the Elections Code is repealed.

SEC. 3. Article 3 (commencing with Section 18320) is added to Chapter 4 of Division 18 of the Elections Code, to read:

Article 3. Deceptive Online Activities

18320. (a) This act shall be known and may be cited as the ''California Political Cyberfraud Abatement Act.''

(b) It is unlawful for a person, with intent to mislead, deceive, or defraud, to commit an act of political cyberfraud.

(c) As used in this section:

(1) ''Political cyberfraud'' means a knowing and willful act concerning a political Web site that is committed with the intent to deny a person access to a political Web site, deny a person the opportunity to register a domain name for a political Web site, or cause a person reasonably to believe that a political Web site has been posted by a person other than the person who posted the Web site. Political cyberfraud includes, but is not limited to, any of the following acts:

(A) Intentionally diverting or redirecting access to a political Web site to another person's Web site by the use of a similar domain name, meta-tags, or other electronic measures.

(B) Intentionally preventing or denying exit from a political Web site by the use of frames, hyperlinks, mouse-trapping, pop-up screens, or other electronic measures.

(C) Registering a domain name that is similar to another domain name for a political Web site with intent to cause confusion.

(D) Intentionally preventing the use of a domain name for a political Web site by registering and holding the domain name or by reselling it to another with the intent of preventing its use.

(2) ''Domain name'' means any alphanumeric designation that is registered with or assigned by any domain name registrar, domain name registry, or other domain registration authority as part of an electronic address on the Internet.

(3) ''Political Web site'' means a Web site that urges or appears to urge the support or opposition of a statewide ballot measure.

(4) ''Statewide ballot measure'' means a measure that has been certified to appear on a statewide ballot.

18321. This article does not apply to a domain name registrar, registry, or registration authority.

18322. A violation of this article is punishable by a fine not to exceed one thousand dollars ($1,000) for each day the violation occurs. A court may order the transfer of a domain name as part of the relief awarded.

18323. Jurisdiction for actions brought pursuant to this article shall be in accordance with Section 410.10 of the Code of Civil Procedure.

18324. This article shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute that is enacted on or before January 1, 2003, deletes or extends that date.

SEC. 4. Notwithstanding subdivision (f) of Section 2 of Chapter 975 of the Statutes of 2000, the Bipartisan California Commission on Internet Political Practices shall report its findings and recommendations to the Legislature not later than September 30, 2002, and shall include in its study the issue of political cyberfraud. The commission shall cease to exist on October 1, 2002.

## CHAPTER 928

An act to add Section 5405.6 to the Business and Professions Code, relating to outdoor advertising displays.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 5405.6 is added to the Business and Professions Code, to read:

5405.6. Notwithstanding any other provision of law, no outdoor advertising display that exceeds 10 feet in either length or width, shall be built on any land or right-of-way owned by the Los Angeles County Metropolitan Transportation Authority, including any of its rights-of-way, unless the authority complies with any applicable

provisions of this chapter, the federal Highway Beautification Act of 1965 (23 U.S.C.A. Sec. 131), and any local regulatory agency's rules or policies concerning outdoor advertising displays. The authority shall not disregard or preempt any law, ordinance, or regulation of any city, county, or other local agency involving any outdoor advertising display.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

*The people of the State of California do enact as follows:*

SECTION 1. Section 12944.7 of the Water Code is amended to read:

(b) Notwithstanding subdivision (a), if the principal act of the public agency restricts the agency to the wholesale distribution of water, the right to sell water directly to consumers may be exercised by the agency only pursuant to written contract with (1) a wholesaler, if any exists, to which the water would otherwise be sold and (2) a public entity water purveyor, if any exists, serving water at retail within the area in which the consumer is located or a water corporation, if any exists, subject to regulation by the Public Utilities Commission and serving water at retail within the area in which the consumer is located.

(2) (A) Any area within the area described in paragraph (1) that is also within the boundaries of the Newhall County Water District, and not served by the Santa Clarita Water Company on September 2, 1999, may not be served by the agency unless the Newhall County Water District has granted approval.

(B) Nothing in this section prohibits the Newhall County Water District from exercising any authority conferred by other law for the purpose of providing retail water service within the area described in paragraph (1).

(b) The agency may not exercise retail water authority outside the boundaries described in paragraph (1) of subdivision (a). Any expansion of retail water authority outside the boundaries described in paragraph (1) of subdivision (a) shall require authorization by statute.

(B) All members of the council, or their representatives, shall receive written notice with regard to, and may attend, all meetings of any board, program committee, advisory or technical body, interagency group, or any other group formulating, reviewing, evaluating, or otherwise working on any aspect of the groundwater management plan as described in paragraph (1).

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.
