# CHAPTER 706

An act to amend Section 6369 of the Revenue and taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 6369 of the Revenue and Taxation Code is amended to read:

6369. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, medicines:

(1) Prescribed for the treatment of a human being by a person authorized to prescribe the medicines, and dispensed on prescription filled by a registered pharmacist in accordance with law.

(2) Furnished by a licensed physician and surgeon, dentist, or podiatrist to his or her own patient for treatment of the patient.

(3) Furnished by a health facility for treatment of any person pursuant to the order of a licensed physician and surgeon, dentist, or podiatrist.

(4) Sold to a licensed physician and surgeon, podiatrist, dentist, or health facility for the treatment of a human being.

(5) Sold to this state or any political subdivision or municipal corporation thereof, for use in the treatment of a human being; or furnished for the treatment of a human being by a medical facility or clinic maintained by this state or any political subdivision or municipal corporation thereof.

(6) Furnished without charge by a pharmaceutical manufacturer or distributor to a licensed physician, surgeon, dentist, podiatrist, or health facility for the treatment of a human being, or furnished by a pharmaceutical manufacturer or distributor without charge to an institution of higher education for instruction or research, provided that the exemption provided in this paragraph is limited to medicines of a type that can be dispensed only (A) for the treatment of a human being and (B) pursuant to prescriptions issued by persons authorized to prescribe medicines. The exemption provided in this paragraph shall include the materials used to package, and the constituent elements and ingredients used to produce, the medicines described in this paragraph and is intended to preclude any imposition of tax pursuant to Section 6094 or 6095 with respect to those materials, elements, and ingredients.

(b) ''Medicines'' as used in this section, means any substance or preparation intended for use by external or internal application to the human body in the diagnosis, cure, mitigation, treatment, or prevention

of disease and commonly recognized as a substance or preparation intended for that use. However, ''medicines'' does not include any of the following:

(1) Any auditory, prosthetic, ophthalmic, or ocular device or appliance.

(2) Articles that are in the nature of splints, bandages, pads, compresses, supports, dressings, instruments, apparatus, contrivances, appliances, devices, or other mechanical, electronic, optical, or physical equipment or article or the component parts and accessories thereof.

(3) Any alcoholic beverage the manufacture, sale, purchase, possession, or transportation of which is licensed and regulated by the Alcoholic Beverage Control Act (Division 9 (commencing with Section 23000) of the Business and Professions Code).

(c) Notwithstanding subdivision (b), ''medicines'' as used in this section means and includes any of the following:

(1) Sutures, whether or not permanently implanted.

(2) Bone screws, bone pins, pacemakers, and other articles, other than dentures, permanently implanted in the human body to assist the functioning of any natural organ, artery, vein, or limb and which remain or dissolve in the body.

(3) (A) Orthotic devices, other than orthodontic devices, designed to be worn on the person of the user as a brace, support, or correction for the body structure, and replacement parts for these devices. However, orthopedic shoes and supportive devices for the foot are not exempt unless they are custom-made biomechanical foot orthoses or are an integral part of a leg brace or artificial leg.

(B) For purposes of this paragraph, ''custom-made biomechanical foot orthoses'' means an individually prescribed foot orthosis which is custom fabricated over a neutral or near neutral subtalar joint with a pronated midtarsal joint position positive plaster model of the patient's foot, which model, when the cast is modified to support the osseous position of the forefoot in relationship to the rearfoot, embodies the angular osseous relationships of the anterior and posterior portions of the foot.

(4) Prosthetic devices, and replacement parts for those devices, designed to be worn on or in the person of the user to replace or assist the functioning of a natural part of the human body, other than auditory, ophthalmic, and ocular devices or appliances, and other than dentures, removable or fixed bridges, crowns, caps, inlays, artificial teeth, and other dental prosthetic materials and devices.

(5) Artificial limbs and eyes, or their replacement parts, for human beings.

(6) Programmable drug infusion devices to be worn on or implanted in the human body.

(d) ''Health facility'' as used in this section has the meaning ascribed to it in Section 1250 of the Health and Safety Code, and also includes any ''clinic'' as defined in Section 1200 of the Health and Safety Code.

(e) Insulin and insulin syringes furnished by a registered pharmacist to a person for treatment of diabetes as directed by a physician shall be deemed to be dispensed on prescription within the meaning of this section.

(f) Orthotic and prosthetic devices, and replacement parts for these devices, furnished pursuant to the written order of a physician or podiatrist, shall be deemed to be dispensed on prescription within the meaning of paragraph (1) of subdivision (a), whether or not the devices are furnished by a registered pharmacist.

(g) Mammary prostheses, and any appliances and related supplies necessary as the result of any surgical procedure by which an artificial opening is created in the human body for the elimination of natural waste, shall be deemed to be dispensed on prescription within the meaning of this section.

SEC. 1.5. Section 6369 of the Revenue and Taxation Code is amended to read:

6369. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, medicines:

(1) Prescribed for the treatment of a human being by a person authorized to prescribe the medicines, and dispensed on prescription filled by a registered pharmacist in accordance with law.

(2) Furnished by a licensed physician and surgeon, dentist, or podiatrist to his or her own patient for treatment of the patient.

(3) Furnished by a health facility for treatment of any person pursuant to the order of a licensed physician and surgeon, dentist, or podiatrist.

(4) Sold to a licensed physician and surgeon, podiatrist, dentist, or health facility for the treatment of a human being.

(5) Sold to this state or any political subdivision or municipal corporation thereof, for use in the treatment of a human being; or furnished for the treatment of a human being by a medical facility or clinic maintained by this state or any political subdivision or municipal corporation thereof.

(6) Furnished without charge by a pharmaceutical manufacturer or distributor to a licensed physician, surgeon, dentist, podiatrist, or health facility for the treatment of a human being, or furnished by a pharmaceutical manufacturer or distributor without charge to an institution of higher education for instruction or research, provided that the exemption provided in this paragraph is limited to medicines of a type that can be dispensed only (A) for the treatment of a human being and (B) pursuant to prescriptions issued by persons authorized to

prescribe medicines. The exemption provided in this paragraph shall include the materials used to package, and the constituent elements and ingredients used to produce, the medicines described in this paragraph and is intended to preclude any imposition of tax pursuant to Section 6094 or 6095 with respect to those materials, elements, and ingredients.

(b) ''Medicines'' as used in this section, means any substance or preparation intended for use by external or internal application to the human body in the diagnosis, cure, mitigation, treatment, or prevention of disease and commonly recognized as a substance or preparation intended for that use. However, ''medicines'' does not include any of the following:

(1) Any auditory, prosthetic, ophthalmic, or ocular device or appliance.

(2) Articles that are in the nature of splints, bandages, pads, compresses, supports, dressings, instruments, apparatus, contrivances, appliances, devices, or other mechanical, electronic, optical, or physical equipment or article or the component parts and accessories thereof.

(3) Any alcoholic beverage the manufacture, sale, purchase, possession, or transportation of which is licensed and regulated by the Alcoholic Beverage Control Act (Division 9 (commencing with Section 23000) of the Business and Professions Code).

(c) Notwithstanding subdivision (b), ''medicines'' as used in this section means and includes any of the following:

(1) Sutures, whether or not permanently implanted.

(2) Bone screws, bone pins, pacemakers, and other articles, other than dentures, permanently implanted in the human body to assist the functioning of any natural organ, artery, vein, or limb and which remain or dissolve in the body.

(3) (A) Orthotic devices, other than orthodontic devices, designed to be worn on the person of the user as a brace, support, or correction for the body structure, and replacement parts for these devices. However, orthopedic shoes and supportive devices for the foot are not exempt unless they are custom-made biomechanical foot orthoses or are an integral part of a leg brace or artificial leg.

(B) For purposes of this paragraph, ''custom-made biomechanical foot orthoses'' means an individually prescribed foot orthosis which is custom fabricated over a neutral or near neutral subtalar joint with a pronated midtarsal joint position positive plaster model of the patient's foot, which model, when the cast is modified to support the osseous position of the forefoot in relationship to the rearfoot, embodies the angular osseous relationships of the anterior and posterior portions of the foot.

(4) Prosthetic devices, and replacement parts for those devices, designed to be worn on or in the person of the user to replace or assist

the functioning of a natural part of the human body, other than auditory, ophthalmic, and ocular devices or appliances, and other than dentures, removable or fixed bridges, crowns, caps, inlays, artificial teeth, and other dental prosthetic materials and devices.

(5) Artificial limbs and eyes, or their replacement parts, for human beings.

(6) Programmable drug infusion devices to be worn on or implanted in the human body.

(d) ''Health facility'' as used in this section has the meaning ascribed to it in Section 1250 of the Health and Safety Code, and also includes any ''clinic'' as defined in Section 1200 of the Health and Safety Code.

(e) Insulin, lancets, blood glucose strips, and insulin syringes furnished by a registered pharmacist, or at the direction of a registered pharmacist to a person for treatment of diabetes as directed by a physician shall be deemed to be dispensed on prescription within the meaning of this section.

(f) Orthotic and prosthetic devices, and replacement parts for these devices, furnished pursuant to the written order of a physician or podiatrist, shall be deemed to be dispensed on prescription within the meaning of paragraph (1) of subdivision (a), whether or not the devices are furnished by a registered pharmacist.

(g) Mammary prostheses, and any appliances and related supplies necessary as the result of any surgical procedure by which an artificial opening is created in the human body for the elimination of natural waste, shall be deemed to be dispensed on prescription within the meaning of this section.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 6369 of the Revenue and Taxation Code proposed by both this bill and AB 249. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 6369 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 249, in which case Section 1 of this bill shall not become operative.

SEC. 3. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

———

CHAPTER 707

An act relating to victims, making an appropriation therefor and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) The sum of two million dollars ($2,000,000) is hereby appropriated from the General Fund to the Office of Criminal Justice Planning (OCJP) to fund domestic violence programs. These funds shall be limited to programs that have previously received OCJP funding, but were not selected for funding in 2001.

(b) It is the intent of the Legislature that when the OCJP provides this and future competitive grant local assistance to service providers to maintain or expand comprehensive services and emergency shelter for victims of domestic violence and their children, that the OCJP take all of the following into consideration:

(1) Continuing funding to service providers that have previously received OCJP funding.

(2) Targeting geographic areas and ethnic and racial communities where no shelter-based services exist or that additional resources are necessary.

(3) Supporting services providers that are the only one within a county that accepts certain age groups, ethnic or racial populations, or non-English speakers.

(4) Whether funding would close the entire program down.

(c) It is also the intent of the Legislature that the OCJP provide technical grant assistance for a currently funded service provider applying for a grant from the OCJP before defunding that provider.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because, in order to provide timely relief to victims of domestic violence and their children, it is necessary that agencies that assist them by providing services and emergency shelter be provided with funds that will allow them to maintain and expand these services, it is necessary that this act take immediate effect.

# CHAPTER 708

An act to amend Sections 11135 and 11139 of the Government Code, and to amend Sections 22511.55 and 22511.59 of the Vehicle Code, relating to discrimination.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 11135 of the Government Code is amended to read:

11135. (a) No person in the State of California shall, on the basis of ethnic group identification, religion, age, sex, color, or disability, be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination under, any program or activity that is conducted, operated, or administered by the state or by any state agency, is funded directly by the state, or receives any financial assistance from the state.

(b) With respect to discrimination on the basis of disability, programs and activities subject to subdivision (a) shall meet the protections and prohibitions contained in Section 202 of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), and the federal rules and regulations adopted in implementation thereof, except that if the laws of this state prescribe stronger protections and prohibitions, the programs and activities subject to subdivision (a) shall be subject to the stronger protections and prohibitions.

(c) As used in this section, ''disability'' means any mental or physical disability as defined in Section 12926.

SEC. 2. Section 11139 of the Government Code is amended to read:

11139. The prohibitions and sanctions imposed by this article are in addition to any other prohibitions and sanctions imposed by law.

This article shall not be interpreted in a manner that would frustrate its purpose.

This article shall not be interpreted in a manner that would adversely affect lawful programs which benefit the disabled, the aged, minorities, and women.

This article and regulations adopted pursuant to this article may be enforced by a civil action for equitable relief, which shall be independent of any other rights and remedies.

SEC. 3. Section 22511.55 of the Vehicle Code is amended to read:

22511.55. (a) (1) Any disabled person or disabled veteran may apply to the department for the issuance of a distinguishing placard. The placard may be used in lieu of the special identification license plate or

plates issued under Section 5007 for parking purposes described in Section 22511.5 when suspended from the rear view mirror or, if there is no rear view mirror, when displayed on the dashboard of a vehicle. It is the intent of the Legislature to encourage the use of these distinguishing placards because they provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size, shape, and color determined by the department and shall bear the International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641, commonly known as the ''wheelchair symbol.'' The department shall incorporate instructions for the lawful use of a placard, and a summary of the penalties for the unlawful use of a placard, into the identification card issued to the placard owner.

(2) (A) The department may establish procedures for the issuance and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. A portion of the placard shall be printed in a contrasting color that shall be changed every two years. The size and color of this contrasting portion of the placard shall be large and distinctive enough to be readily identifiable by a law enforcement officer in a passing vehicle.

(B) As used in this section, ''year'' means the period between the inclusive dates of July 1 through June 30.

(C) Prior to the end of each year, the department shall, for the most current three years available, compare its record of disability placards issued against the records of the Bureau of Vital Statistics of the State Department of Health Services, or its successor, and withhold any renewal notices that otherwise would have been sent, for any placard holders identified as deceased.

(3) Except as provided in paragraph (4), no person is eligible for more than one placard at any time.

(4) Organizations and agencies involved in the transportation of disabled persons or disabled veterans may apply for a placard for each vehicle used for the purpose of transporting disabled persons or disabled veterans.

(b) (1) Prior to issuing any disabled person or disabled veteran an original distinguishing placard, the department shall require the submission of a certificate, in accordance with paragraph (2), signed by the physician or surgeon substantiating the disability, unless the applicant's disability is readily observable and uncontested. The disability of any person who has lost, or has lost use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of any applicant shall be certified by a licensed physician or surgeon who specializes in diseases of the eye or a licensed

optometrist. The physician or person certifying the qualifying disability shall provide a full description of the illness or disability on the form submitted to the department.

(2) The physician or other person who signs a certificate submitted under this subdivision shall retain information sufficient to substantiate that certificate and, upon request of the department, shall make that information available for inspection by the Medical Board of California.

(3) The department shall maintain in its records all information on an applicant's certification of permanent disability and shall make that information available to eligible law enforcement or parking control agencies upon a request pursuant to Section 22511.58.

(c) Any person who has been issued a distinguishing placard pursuant to subdivision (a) may apply to the department for a substitute placard without recertification of eligibility, if that placard has been lost or stolen.

(d) The distinguishing placard shall be returned to the department not later than 60 days after the death of the disabled person or disabled veteran to whom the placard was issued.

SEC. 4. Section 22511.59 of the Vehicle Code is amended to read:

22511.59. (a) Upon receipt of the applications and documents required by subdivisions (b), (c), or (d), the department shall issue a temporary distinguishing placard bearing the International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641 commonly known as the ''wheelchair symbol.'' During the period for which it is valid, the temporary distinguishing placard may be used for the parking purposes described in Section 22511.5 in the same manner as a distinguishing placard issued pursuant to Section 22511.55.

(b) (1) Any person who is temporarily disabled for a period of not more than six months may apply to the department for the issuance of the temporary distinguishing placard described in subdivision (a).

(2) Prior to issuing a placard pursuant to this subdivision, the department shall require the submission of a certificate signed by a physician or surgeon, as described in subdivision (b) of Section 22511.55, substantiating the temporary disability and stating the date upon which the disability is expected to terminate.

(3) The physician or other person who signs a certificate submitted under this subdivision shall maintain information sufficient to substantiate that certificate and, upon request of the department, shall make that information available for inspection by the Medical Board of California.

(4) A placard issued pursuant to this subdivision shall expire not later than 180 days from the date of issuance or upon the expected termination date of the disability, as stated on the certificate required by paragraph (2), whichever is less.

(5) The fee for a temporary placard issued pursuant to this subdivision shall be six dollars ($6).

(c) (1) Any disabled person or disabled veteran who is not a resident of this state and plans to travel within the state may apply to the department for the issuance of the temporary distinguishing placard described in subdivision (a).

(2) Prior to issuing a placard pursuant to this subdivision, the department shall require certification of the disability, as described in subdivision (b) of Section 22511.55.

(3) The physician or other person who signs a certificate submitted under this subdivision shall maintain information sufficient to substantiate that certificate and, upon request of the department, shall make that information available for inspection by the Medical Board of California.

(4) A placard issued pursuant to this subdivision shall expire not later than 90 days from the date of issuance.

(d) (1) Any disabled person or disabled veteran who has been issued either a distinguishing placard pursuant to Section 22511.55 or special identification license plates pursuant to Section 5007, but not both, may apply to the department for the issuance of the temporary distinguishing placard for the purpose of travel described in subdivision (a).

(2) Prior to issuing a placard pursuant to this subdivision, the department shall require the applicant to submit either the number identifying the distinguishing placard issued pursuant to Section 22511.55 or the number on the special identification license plates.

(3) A placard issued pursuant to this subdivision shall expire not later than 30 days from the date of issuance.

---

## CHAPTER 709

An act to add and repeal Chapter 8.8 (commencing with Section 52290) of Part 28 of the Education Code, relating to education technology.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) California is currently experiencing a growing workforce gap due largely in part to the lack of workers equipped with the necessary skills to meet the demands of the state's high-tech industries. While the

shortage has mainly affected the high-tech cluster regions of the state, the lack of skilled workers has hindered other regions of the state trying to attract high-tech industries to bolster their local economies.

(b) California's high school population is the most promising pipeline to meet the workforce needs of the technology-driven economy. Unfortunately, high school achievement is low, especially in math and science which are the most important skills needed in the high-tech industry. In fact, pupil awareness of high-tech careers is lower than most other industry sectors.

(c) Due to the lack of a skilled high-tech workforce, new educational approaches will be required to support young people to cross and eliminate the digital divide and acquire the skills that will enable them to succeed in the 21st century economy.

(d) Career oriented academies in our high schools have proven to be a highly effective approach to raising academic achievement and job preparedness for all pupils. By providing instruction that combines academic and occupational rigor through the integration of career mentoring and school-and work-based learning to the formal academic curriculum, pupils are better prepared for high-skilled careers or postsecondary education, including four-year colleges and universities.

(e) Therefore, it is the intent of the Legislature to increase the availability of information technology career academies in high schools throughout the state to improve academic achievement and supply California's high-tech industry with a skilled workforce.

SEC. 2. Chapter 8.8 (commencing with Section 52290) is added to Part 28 of the Education Code, to read:

## CHAPTER 8.8. THE CALIFORNIA INFORMATION TECHNOLOGY CAREER ACADEMY GRANT INITIATIVE

52290. (a) The state shall establish a partnership with the National Academy Foundation to create up to 100 Information Technology Career Academies in public high schools throughout the state in the 2001–02 school year.

(b) Under the partnership between the state and the National Academy Foundation, the state will allocate funds as specified in Section 52291, if the National Academy Foundation provides at least four of the following:

(1) An Information Technology Career Academy model that is based on the nationally validated model developed by the National Academy Foundation and supported by industry leaders.

(2) Teaching methods and tools that support preservice and in-service training around academy tenets.

(3) Program design and rigorous industry adopted curriculum that are reviewed and revised by the National Academy Foundation periodically to ensure relevance and current practices.

(4) Technical assistance for academy implementation and opportunities to share best practices, curriculum training for teachers, and mentoring support for intern sponsors and other industry participants.

(5) Assistance in establishing college partnerships by developing articulation agreements between secondary schools and two- and four-year colleges in California.

(6) In-kind support including, but not limited to, transportation and lodging for designated teachers to attend the Annual Institute for Staff Development and assistance to schools in accessing funding from public and private sources.

52291. Pursuant to funds appropriated for these purposes in the Budget Act or other enactment the Superintendent of Public Instruction shall select up to 100 high schools from applicants that meet the eligibility criteria set forth in Section 52292. The National Academy Foundation and the Superintendent of Public Instruction shall develop a memorandum of understanding with regard to application approval and program implementation. The Superintendent of Public Instruction shall award grants to the high schools selected by the partnership for the purpose of establishing and maintaining an Information Technology Career Academy.

(b) Grants in the amount of fifty thousand dollars ($50,000) shall be distributed to high schools selected to receive the award and that demonstrate an ability to meet or exceed the criteria set forth in Section 52292.

(c) For the 2001–02 fiscal year, grant recipients shall be selected through a competitive process with the grants awarded to those applicants that best meet the criteria specified under Section 52292.

(d) When selecting the high schools eligible to receive grants pursuant to this chapter, the Superintendent of Public Instruction shall give first priority to applicants aimed at establishing the academies in high schools ranked in the bottom half of the Academic Performance Index pursuant to Section 52056. Second priority shall be given to applicants that demonstrate the ability to create a highly integrated system involving multiple funding sources. Additionally, the Superintendent of Public Instruction shall, to be best of his or her ability, select high schools so that grants are equitably distributed among urban, rural, and suburban areas.

(e) Grants shall be awarded only to school districts, county offices of education, and charter schools that maintain grades 9 to 12, inclusive. However, a school district, county office of education, or charter school

that maintains grades 9 to 12, inclusive may contract with a nonprofit organization for the purposes of administering the academy.

52292. In order to be eligible for grants, applicants shall meet or exceed all of the following criteria:

(a) The ability to build on and integrate at least one or more other relevant and beneficial workforce development and educational programs currently operating in the local area that will support and maximize the effectiveness of the academy including, but not limited to, technical preparation and vocational education programs provided through the Carl D. Perkins Vocational and Applied Technology Education Act of 1998 (20 U.S.C. Sec. 2301), programs provided through the Workforce Investment Act of 1998 (29 U.S.C. Sec. 2801), local school-to-career partnerships as provided through School-to-Career Initiatives (commencing with Section 53080) of Chapter 17 of Part 28, and Regional Occupational Centers and Programs established pursuant to Article 1 (commencing with Section 52300) of Chapter 9. Building upon and integrating these programs and entities shall, in addition to the assistance from the National Academy Foundation, help strengthen the academy by providing additional resources and infrastructure needed for long-term sustainability.

(b) The ability to demonstrate an amount equal, at a minimum, to fifty thousand dollars ($50,000) leveraged from existing programs or entities as set forth in subdivision (a).

(c) An amount equal to fifty thousand dollars ($50,000) in the form of direct or in-kind support, or both, provided by participating companies or other private sector organizations or nonprofit entities.

(d) An assurance that the state funds are used for the development, operation, and support of the Information Technology Career Academy. This includes, but is not limited to, upgrading or providing new equipment, providing support services for special population pupils, purchasing new instructional materials, developing or increasing postsecondary articulation, increasing the use of new technology, integrating academic curriculum into the vocational courses, developing industry certifications, innovating new courses or any other uses necessary to operate the academy.

(e) An assurance that each academy will be established as a ''school within a school.''

(f) Assurance that each academy will, at a minimum, provide all of the following:

(1) Instruction containing coursework that prepares the pupil for a regular high school diploma.

(2) A ''laboratory'' class related to the academy's occupational field.

(3) A mentor from the business community during the pupil's 10th, 11th, or 12th grade year.

(4) An internship or paid job related to information technology. This may be offered during the grade 11, grade 11 summer, or grade 12 year. If summer school is required during summer after the 11th grade, a pupil may be exempted from this requirement.

(5) Additional motivational activities with private sector involvement to encourage academic and occupational preparation.

(6) An assurance that at least 50 percent of the pupils selected to the academy are ''at-risk.'' However, the grantee may request, and the Superintendent of Public Instruction may waive, this requirement.

(g) The establishment of a local business advisory board for the purpose of securing quality internships for academy pupils, supporting mentoring and job observation experiences for both pupils and teachers, sponsoring fundraising events for pupils activities and scholarships, assisting in curriculum development and revision, raising awareness of the academy, and building community support.

52292.5. For the purposes of this chapter ''at-risk pupil'' means a pupil who meets at least two of the five following criteria:

(a) Has a record of irregular attendance.

(b) Has a record of underachievement.

(c) Has a record of low motivation or a disinterest in the regular school program.

(d) Disadvantaged economically.

(e) Comes from an economically disadvantaged family.

52293. In any fiscal year, this chapter shall be implemented only to the extent that funds are specifically appropriated for that fiscal year for the purposes of this chapter in the annual Budget Act or other measure.

52294. This chapter shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 3. The Superintendent of Public Instruction shall contract for an independent review of the effectiveness of the California Information Technology Career Academy Grant Initiative set forth in Chapter 8.8 (commencing with Section 52290) of Part 28 of the Education Code and shall submit a report to the appropriate policy and fiscal committees of the Legislature by May 1, 2003. The independent review shall include, but not be limited to, all of the following:

(a) The level of participation by the National Academy Foundation as specified in subdivision (b) of Section 52290 of the Education Code.

(b) The ability of each high school participating in the program to meet or exceed the criteria as specified under Section 52292 of the Education Code.

(c) The level of academic performance of academy pupils compared to the rest of the pupil population at the high school. The measurements shall include, but not be limited to, grade point average, attendance rates,

dropout rates, graduation rates, and measurements of pupil, parent, and employer satisfaction.

(d) The level of business and industry engagement including, but not limited to, in-kind contributions, mentor services, work-based learning opportunities, and summer jobs.

(e) The academic level of the pupil prior to, and after, placement in the academy. The measurements shall include, but not be limited to, grade point average, attendance rates, decreased dropout rates, and graduation rates.

---

## CHAPTER 710

An act to add and repeal Section 2407.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Cellular telephones and other driver distractions are rapidly becoming a significant concern with regard to highway and traffic safety.

(b) The usage of cellular telephones and other driver distractions will continue to proliferate in motor vehicles.

(c) Future motor vehicles will likely provide drivers with concierge services, web-based information, online e-mail capabilities, CD-ROM access, onscreen and audio navigation technology, and a variety of other information and entertainment services.

(d) In considering these emerging technologies, it is the intent of the Legislature to focus on the potential safety implications associated with driver distractions while using advanced in-vehicle technologies that receive, transmit, or display various types of information, including those that allow drivers to phone, fax, obtain route guidance, view infrared images on a heads-up display, and use the Internet and other electronic devices.

SEC. 2. Section 2407.5 is added to the Vehicle Code, to read:

2407.5. (a) Any traffic collision report prepared by a member of the Department of the California Highway Patrol or any other peace officer shall include information as to whether a cellular telephone or other driver distraction or inattention is a known or suspected associated factor to the cause of the traffic collision.

(b) Information described in subdivision (a) shall be collected and transmitted to the department on or before July 1, 2002.

(c) The department shall compile the information from its own members and that supplied by other peace officers.

(d) The department shall study the compiled data and make recommendations concerning the issue of driver distractions and inattention as they relate to associated factors to the cause of traffic collisions. The department shall develop recommendations for legislative or regulatory action to address these issues, and, as part of the study, the department shall review and analyze a sample of existing studies and statistics relating to the issue of driver distractions and inattention as associated factors to the cause of traffic collisions.

(e) As used in this section, ''driver distractions and inattention'' include, but are not limited to, the use of cellular telephones, electronic devices, and radios, smoking, eating, children, animals, personal hygiene, reading, or other similar distractions.

(f) The department shall submit a report regarding the study described in this section to the Governor and Legislature, including findings and recommendations, on or before December 31, 2002.

(g) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

---

## CHAPTER 711

An act to add Section 1748.13 to the Civil Code, relating to consumer credit.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1748.13 is added to the Civil Code, to read:

1748.13. (a) A credit card issuer shall, with each billing statement provided to a cardholder in this state, provide the following on the front of the first page of the billing statement in in type no smaller than that required for any other required disclosure, but in no case in less than 8-point capitalized type:

(1) A written statement in the following form: ''Minimum Payment Warning: Making only the minimum payment will increase the interest you pay and the time it takes to repay your balance.''

(2) Either of the following:

(A) A written statement in the form of and containing the information described in clause (i) or (ii), as applicable, as follows:

(i) A written three-line statement, as follows:

''A one thousand dollar ($1,000) balance will take 17 years and three months to pay off at a total cost of two thousand five hundred ninety dollars and thirty-five cents ($2,590.35).
A two thousand five hundred dollar ($2,500) balance will take 30 years and three months to pay off at a total cost of seven thousand seven hundred thirty-three dollars and forty-nine cents ($7,733.49).
A five thousand dollar ($5,000) balance will take 40 years and two months to pay off at a total cost of sixteen thousand three hundred five dollars and thirty-four cents ($16,305.34).
This information is based on an annual percentage rate of 17 percent and a minimum payment of 2 percent or ten dollars ($10), whichever is greater.''

In the alternative, a credit card issuer may provide this information for the three specified amounts at the annual percentage rate and required minimum payment which are applicable to the cardholder's account. The statement provided shall be immediately preceded by the statement required by paragraph (1).

(ii) Instead of the information required by clause (i), retail credit card issuers shall provide a written three-line statement to read, as follows:

''A two hundred fifty dollar ($250) balance will take two years and eight months to pay off a total cost of three hundred twenty-five dollars and twenty-four cents ($325.24).
A five hundred dollar ($500) balance will take four years and five months to pay off at a total cost of seven hundred nine dollars and ninety cents ($709.90).
A seven hundred fifty dollar ($750) balance will take five years and five months to pay off at a total cost of one thousand ninety-four dollars and forty-nine cents ($1,094.49).
This information is based on an annual percentage rate of 21 percent and

a minimum payment of 5 percent or ten dollars ($10), whichever is greater.''

In the alternative, a retail credit card issuer may provide this information for the three specified amounts at the annual percentage rate and required minimum payment which are applicable to the cardholder's account. The statement provided shall be immediately preceded by the statement required by paragraph (1). A retail credit card issuer is not required to provide this statement if the cardholder has a balance of less than five hundred dollars ($500).

(B) A written statement providing individualized information indicating an estimate of the number of years and months and the approximate total cost to pay off the entire balance due on an open-end credit card account if the cardholder were to pay only the minimum amount due on the open-ended account based upon the terms of the credit agreement. For purposes of this subparagraph only, if the account is subject to a variable rate, the creditor may make disclosures based on the rate for the entire balance as of the date of the disclosure and indicate that the rate may vary. In addition, the cardholder shall be provided with referrals or, in the alternative, with the ''800'' telephone number of the National Foundation for Credit Counseling through which the cardholder can be referred, to credit counseling services in, or closest to, the cardholder's county of residence. The credit counseling service shall be in good standing with the National Foundation for Credit Counseling or accredited by the Council on Accreditation for Children and Family Services. The creditor is required to provide, or continue to provide, the information required by this paragraph only if the cardholder has not paid more than the minimum payment for six consecutive months, after July 1, 2002.

(3) (A) A written statement in the following form: ''For an estimate of the time it would take to repay your balance, making only minimum payments, and the total amount of those payments, call this toll-free telephone number: (Insert toll-free telephone number).'' This statement shall be provided immediately following the statement required by subparagraph (A) of paragraph (2). A credit card issuer is not required to provide this statement if the disclosure required by subparagraph (B) of paragraph (2) has been provided.

(B) The toll-free telephone number shall be available between the hours of 8 a.m. and 9 p.m., Pacific standard time, seven days a week, and shall provide consumers with the opportunity to speak with a person, rather than a recording, from whom the information described in subparagraph (A) may be obtained.

(C) The Department of Financial Institutions shall establish a detailed table illustrating the approximate number of months that it

would take and the approximate total cost to repay an outstanding balance if the consumer pays only the required minimum monthly payments and if no other additional charges or fees are incurred on the account, such as additional extension of credit, voluntary credit insurance, late fees, or dishonored check fees by assuming all of the following:

(i) A significant number of different annual percentage rates.

(ii) A significant number of different account balances, with the difference between sequential examples of balances being no greater than one hundred dollars ($100).

(iii) A significant number of different minimum payment amounts.

(iv) That only minimum monthly payments are made and no additional charges or fees are incurred on the account, such as additional extensions or credit, voluntary credit insurance, late fees, or dishonored check fees.

(D) A creditor that receives a request for information described in subparagraph (A) from a cardholder through the toll-free telephone number disclosed under subparagraph (A), or who is required to provide the information required by subparagraph (B) of paragraph (2), may satisfy its obligation to disclose an estimate of the time it would take and the approximate total cost to repay the cardholder's balance by disclosing only the information set forth in the table described in subparagraph (C). Including the full chart along with a billing statement does not satisfy the obligation under this section.

(b) For purposes of this section:

(1) ''Credit card'' has the same meaning as in paragraph (2) of subdivision (a) of Section 1748.12.

(2) ''Open-end credit card account'' means an account in which consumer credit is granted by a creditor under a plan in which the creditor reasonably contemplates repeated transactions, the creditor may impose a finance charge from time to time on an unpaid balance, and the amount of credit that may be extended to the consumer during the term of the plan is generally made available to the extent that any outstanding balance is repaid and up to any limit set by the creditor.

(3) ''Retail credit card'' means a credit card is issued by or on behalf of a retailer, or a private label credit card that is limited to customers of a specific retailer.

(c) (1) This section shall not apply in any billing cycle in which the account agreement requires a minimum payment of at least 10 percent of the outstanding balance.

(2) This section shall not apply in any billing cycle in which finance charges are not imposed.

SEC. 2. If the federal Bankruptcy Reform Act of 2001, as proposed by H.R. No. 333 of the 107th Congress, is enacted and includes the

provisions of Section 1301 (Enhanced Disclosures Under an Open End Credit Plan) as it read on July 17, 2001, credit card issuers and retail credit card issuers shall be exempt from the following provisions of Section 1748.13 of the Civil Code:

(a) The provisions of paragraph (1) of subdivision (a).

(b) (1) The provisions of clause (i) of subparagraph (A) of paragraph (2) of subdivision (a) as it relates to that portion of the statement describing the payments made on a balance of one thousand dollars ($1,000). However, the portion of the statement describing the payments made on balances of two thousand five hundred dollars ($2,500) and five thousand dollars ($5,000) shall be inserted immediately after the statement required by Section 1301 (Enhanced Disclosures Under an Open End Credit Plan) of the federal act.

(2) For retail credit card issuers, the provisions of clause (ii) of subparagraph (A) of paragraph (2) of subdivision (a) as it relates to that portion of the statement describing the payments made on a balance of two hundred fifty dollars ($250). However, the portion of the statement describing the payments made on balances of five hundred dollars ($500) and seven hundred fifty dollars ($750) shall be inserted immediately after the statement required by Section 1301 (Enhanced Disclosures Under an Open End Credit Plan) of the federal act.

(c) The provisions of subparagraph (A) of paragraph (3) of subdivision (a).

SEC. 3. Except for the provisions of subparagraph (C) of paragraph (3) of subdivision (a) of Section 1748.13 which shall become operative on January 1, 2002, this act shall become operative on July 1, 2002.

---

## CHAPTER 712

An act to amend Sections 13961, 13961.01, 13965, and 13965.5 of, to amend and repeal Sections 13960 and 13964 of, and to add and repeal Section 13960.6 of, the Government Code, relating to victims of crime, and making an appropriation therefor.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13960 of the Government Code, as amended by Section 1.3 of Chapter 895 of the Statutes of 1998, is amended to read:

13960. As used in this article:

(a) (1) ''Victim'' means a resident of the State of California, a member of the military stationed in California, or a family member living with a member of the military stationed in California who sustains injury or death as a direct result of a crime.

(2) ''Derivative victim'' means a resident of California, or resident of another state, who is one of the following:

(A) At the time of the crime was the parent, grandparent, sibling, spouse, child, or grandchild of the victim.

(B) At the time of the crime was living in the household of the victim.

(C) A person who had previously lived in the household of the victim for a period of not less than two years in a relationship substantially similar to a relationship listed in subparagraph (A).

(D) Is another family member of the victim, including the victim's fiancé or fiancée, and witnessed the crime.

(E) Is the primary caretaker of a minor victim, but was not the primary caretaker at the time of the crime.

(b) (1) ''Injury'' includes physical or emotional injury, or both. However, this article does not apply to emotional injury unless that injury is incurred by a victim who also sustains physical injury or threat of physical injury. For purposes of this article, a victim of a crime committed in violation of Section 261, 262, 271, 273a, 273d, 278, 278.5, 285, 286, 288, 288a, 288.5, or 289, or subdivision (b) or (c) of Section 311.4, of the Penal Code, who sustains emotional injury is presumed to have sustained physical injury. For purposes of this article, a victim of a crime committed in violation of Section 270 of the Penal Code, as a result of conduct other than a failure to pay child support, who sustains emotional injury is presumed to have sustained physical injury if criminal charges were filed. For purposes of this article, a victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code, who sustains emotional injury, is presumed to have sustained physical injury if felony charges were filed.

(2) It is the intent of the Legislature that in order for the presumption set forth in paragraph (1) relating to a violation of Section 278 or 278.5 of the Penal Code to apply, the deprivation of custody as described in those sections shall have endured for not less than 30 days. For the purposes of this paragraph, the child, and not the nonoffending parent or other caretaker, shall be deemed the victim.

(3) A child who has been the witness of a crime or crimes of domestic violence may be presumed by the board to have sustained physical injury.

(c) ''Crime'' means a crime or public offense that would constitute a misdemeanor or a felony if committed in California by a competent adult that results in injury to a resident of this state, including a crime or public offense, wherever it may take place, when the resident is temporarily

absent from the state. ''Crime'' includes an act of terrorism, as defined in Section 2331 of Title 18 of the United States Code, committed against a resident of the state, whether or not the act occurs within the state. No act involving the operation of a motor vehicle, aircraft, or water vehicle that results in injury or death constitutes a crime for the purposes of this article, except that a crime shall include any of the following:

(1) Injury or death intentionally inflicted through the use of a motor vehicle, aircraft, or water vehicle.

(2) Injury or death caused by a driver in violation of Section 20001 of the Vehicle Code.

(3) Injury or death caused by a person who is under the influence of any alcoholic beverage or drug.

(4) Injury or death caused by a driver of a motor vehicle in the immediate act of fleeing the scene of a crime in which he or she knowingly and willingly participated.

(5) Injury or death caused by a person in violation of subdivision (c) of Section 192 or Section 192.5 of the Penal Code.

For the purpose of the limitations imposed by this article, a crime shall mean one act or series of related acts arising from the same course of conduct with the same perpetrator or perpetrators against a victim.

(d) ''Pecuniary loss'' means the following expenses for which the victim or derivative victim has not been and will not be reimbursed from any other source:

(1) The amount of medical or medical-related expenses incurred by the victim, including inpatient psychological or psychiatric expenses, and including, but not limited to, eyeglasses, hearing aids, dentures, or any prosthetic device taken, lost, or destroyed during the commission of the crime, or the use of which became necessary as a direct result of the crime.

(2) The amount of outpatient psychiatric, psychological, or other mental health counseling related expenses that became necessary as a direct result of the crime. These counseling services may only be reimbursed if provided by any of the following individuals:

(A) A person licensed as a physician who is certified in psychiatry by the American Board of Psychiatry and Neurology or who has completed a residency in psychiatry.

(B) A person licensed as a psychologist under Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

(C) A person licensed as a clinical social worker under Article 4 (commencing with Section 4996) of Chapter 14 of Division 2 of the Business and Professions Code.

(D) A person licensed as a marriage and family therapist under Chapter 13 (commencing with Section 4980) of Division 2 of the Business and Professions Code.

(E) A person registered as a psychological assistant who is under the supervision of a licensed psychologist or board certified psychiatrist as required by Section 2913 of the Business and Professions Code.

(F) A person registered with the Board of Psychology who is providing services in a nonprofit community agency pursuant to subdivision (d) of Section 2909 of the Business and Professions Code.

(G) A person registered as a marriage and family therapist intern who is under the supervision of a licensed marriage and family therapist, a licensed clinical social worker, a licensed psychologist, or a licensed physician certified in psychiatry, as specified in Section 4980.44 of the Business and Professions Code.

(H) A person registered as an associate clinical social worker, as defined in Section 4996.18 of the Business and Professions Code, who is under the supervision of a licensed clinical social worker, a licensed psychologist, or a board certified psychiatrist.

(I) A person who qualifies as a psychology intern as described in Section 2911 of the Business and Professions Code who is under the supervision of a licensed mental health professional (psychiatrist, psychologist, social worker, or marriage and family therapist) in a university hospital or university medical school clinic or a person who has completed the qualifications described in Section 2911 of the Business and Professions Code who is pursuing a postdoctoral and training in a university or university medical school clinic under the supervision of a licensed mental health professional (psychiatrist, psychologist, social worker, or marriage and family therapist) for the purpose of achieving higher clinical competency.

(J) A person licensed as a registered nurse pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing, or an advanced practice registered nurse certified as a clinical nurse specialist under Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code, who participates in expert clinical practice in the specialty of psychiatric-mental health nursing.

(3) The loss of income that the victim or the loss of support that the derivative victim has incurred or will incur as a direct result of an injury or death.

(4) Pecuniary loss also includes nonmedical remedial care and treatment rendered in accordance with a religious method of healing recognized by state law.

(5) The amount of family psychiatric, psychological, or mental health counseling expenses necessary as a direct result of the crime for the successful treatment of the victim, provided to family members of the victim in the presence of the victim, whether or not the family member relationship existed at the time of the crime.

(e) ''Board'' means the California Victim Compensation and Government Claims Board.

(f) ''Victim centers'' means those centers as specified in Section 13835.2 of the Penal Code.

(g) ''Peer counselor'' means a provider of mental health counseling services who has completed a specialized course in rape crisis counseling skills development, participates in continuing education in rape crisis counseling skills development, and provides rape crisis counseling in consultation with a mental health practitioner licensed within the State of California.

(h) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 2. Section 13960 of the Government Code, as added by Section 1.4 of Chapter 895 of the Statutes of 1998, is amended to read:

13960. As used in this article:

(a) (1) ''Victim'' means a resident of the State of California, a member of the military stationed in California, or a family member living with a member of the military stationed in California who sustains injury or death as a direct result of a crime.

(2) ''Derivative victim'' means a resident of California who is one of the following:

(A) At the time of the crime was the parent, grandparent, sibling, spouse, child, or grandchild of the victim.

(B) At the time of the crime was living in the household of the victim.

(C) A person who had previously lived in the household of the victim for a period of not less than two years in a relationship substantially similar to a relationship listed in subparagraph (A).

(D) Is another family member of the victim, including the victim's fiancé, and witnessed the crime.

(b) ''Injury'' includes physical or emotional injury, or both. However, this article does not apply to emotional injury unless that injury is incurred by a victim who also sustains physical injury or threat of physical injury. For purposes of this article, a victim of a crime committed in violation of Section 261, 262, 271, 273a, 273d, 285, 286, 288, 288a, 288.5, or 289, or subdivision (b) or (c) of Section 311.4, of the Penal Code, who sustains emotional injury is presumed to have sustained physical injury. For purposes of this article, a victim of a crime committed in violation of Section 270 of the Penal Code, as a result of

conduct other than a failure to pay child support, who sustains emotional injury is presumed to have sustained physical injury if criminal charges were filed or a prosecuting attorney expresses the opinion that the child is a victim of that section.

(c) ''Crime'' means a crime or public offense that would constitute a misdemeanor or a felony if committed in California by a competent adult that results in injury to a resident of this state, including a crime or public offense, wherever it may take place, when the resident is temporarily absent from the state. ''Crime'' includes an act of terrorism, as defined in Section 2331 of Title 18 of the United States Code, committed against a resident of the state, whether or not the act occurs within the state. No act involving the operation of a motor vehicle, aircraft, or water vehicle that results in injury or death constitutes a crime for the purposes of this article, except that a crime shall include any of the following:

(1) Injury or death intentionally inflicted through the use of a motor vehicle, aircraft, or water vehicle.

(2) Injury or death caused by a driver in violation of Section 20001 of the Vehicle Code.

(3) Injury or death caused by a person who is under the influence of any alcoholic beverage or drug.

(4) Injury or death caused by a driver of a motor vehicle in the immediate act of fleeing the scene of a crime in which he or she knowingly and willingly participated.

For the purpose of the limitations imposed by this article, a crime shall mean one act or series of related acts arising from the same course of conduct with the same perpetrator or perpetrators.

(d) ''Pecuniary loss'' means the following expenses for which the victim or derivative victim has not been and will not be reimbursed from any other source:

(1) The amount of medical or medical-related expenses incurred by the victim, including inpatient psychological or psychiatric expenses, and including, but not limited to, eyeglasses, hearing aids, dentures, or any prosthetic device taken, lost, or destroyed during the commission of the crime, or the use of which became necessary as a direct result of the crime.

(2) The amount of outpatient psychiatric, psychological, or other mental health counseling related expenses that became necessary as a direct result of the crime. These counseling services may only be reimbursed if provided by any of the following individuals:

(A) A person licensed as a physician who is certified in psychiatry by the American Board of Psychiatry and Neurology or who has completed a residency in psychiatry.

(B) A person licensed as a psychologist under Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

(C) A person licensed as a clinical social worker under Article 4 (commencing with Section 4996) of Chapter 14 of Division 2 of the Business and Professions Code.

(D) A person licensed as a marriage and family therapist under Chapter 13 (commencing with Section 4980) of Division 2 of the Business and Professions Code.

(E) A person registered as a psychological assistant who is under the supervision of a licensed psychologist or board certified psychiatrist as required by Section 2913 of the Business and Professions Code.

(F) A person registered with the Board of Psychology who is providing services in a nonprofit community agency pursuant to subdivision (d) of Section 2909 of the Business and Professions Code.

(G) A person registered as a marriage and family therapist intern who is under the supervision of a licensed marriage and family therapist, a licensed clinical social worker, a licensed psychologist, or a licensed physician certified in psychiatry, as specified in Section 4980.44 of the Business and Professions Code.

(H) A person registered as an associate clinical social worker, as defined in Section 4996.18 of the Business and Professions Code, who is under the supervision of a licensed clinical social worker, a licensed psychologist, or a board certified psychiatrist.

(I) A person who qualifies as a psychology intern as described in Section 2911 of the Business and Professions Code who is under the supervision of a licensed mental health professional (psychiatrist, psychologist, social worker, or marriage and family therapist) in a university hospital or university medical school clinic or a person who has completed the qualifications described in Section 2911 of the Business and Professions Code who is pursuing a postdoctoral and training in a university or university medical school clinic under the supervision of a licensed mental health professional (psychiatrist, psychologist, social worker, or marriage and family therapist) for the purpose of achieving higher clinical competency.

(J) A person licensed as a registered nurse pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing, or an advanced practice registered nurse certified as a clinical nurse specialist under Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code, who participates in expert clinical practice in the specialty of psychiatric-mental health nursing.

(3) The loss of income that the victim or the loss of support that the derivative victim has incurred or will incur as a direct result of an injury or death.

(4) Pecuniary loss also includes nonmedical remedial care and treatment rendered in accordance with a religious method of healing recognized by state law.

(5) The amount of family psychiatric, psychological, or mental health counseling expenses necessary as a direct result of the crime for the successful treatment of the victim, provided to family members of the victim in the presence of the victim, whether or not the family member relationship existed at the time of the crime.

(e) ''Board'' means the California Victim Compensation and Government Claims Board.

(f) ''Victim centers'' means those centers as specified in Section 13835.2 of the Penal Code.

(g) ''Peer counselor'' means a provider of mental health counseling services who has completed a specialized course in rape crisis counseling skills development, participates in continuing education in rape crisis counseling skills development, and provides rape crisis counseling in consultation with a mental health practitioner licensed within the State of California.

(h) This section shall become operative on January 1, 2004.

SEC. 3. Section 13960 of the Government Code, as added by Section 2.7 of Chapter 697 of the Statutes of 1998, is repealed.

SEC. 4. Section 13960.6 is added to the Government Code, to read:

13960.6. (a) Notwithstanding the residency requirement of paragraph (2) of subdivision (a) of Section 13960, a nonresident of the United States who meets the other requirements of that paragraph shall be deemed to be a ''derivative victim'' for purposes of this chapter and may be reimbursed for outpatient mental health counseling when that mental health counseling is necessary as a direct result of a crime that occurred in this state, in the amounts set forth in this chapter.

(b) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 5. Section 13961 of the Government Code is amended to read:

13961. (a) A victim or derivative victim may file an application for assistance with the board.

(b) The board shall supply and make available an application form for this purpose. The form shall be in one part, in laymen's terms, and shall be accompanied by information including, but not limited to, all of the following:

(1) The eligibility of applicants, the types of claims covered, and the maximum amount payable for these claims.

(2) Information explaining the procedure to be used to evaluate an applicant's claims.

(3) Other information pertinent to the applicant as deemed necessary by the board.

(4) Information about the existence and location of local victim centers.

(c) (1) The period prescribed for the filing of an application for assistance shall be one year after the date of the crime or one year after the victim attains 18 years of age, whichever is later.

(2) The board may for good cause grant an extension of the time period in paragraph (1) not to exceed three years after the date of the crime or after the victim attains 18 years of age, whichever is later.

(3) The board may grant an extension of the time period in paragraph (1) or (2) if either subparagraph (A), (B), or (C) is true:

(A) The application is filed within one year from the date of the filing of an indictment, information, or complaint alleging the facts that gave rise to the application; and the prosecuting attorney recommends that the board find that the applicant cooperated with law enforcement and the prosecuting attorney in the apprehension and prosecution of the person charged with the crime, and the board so finds.

(B) A victim is called to testify in a criminal proceeding adjudicating the facts that gave rise to the application; the application is filed within one year of the completion of the victim's testimony; and the prosecuting attorney recommends that the board find that the applicant cooperated with law enforcement and the prosecuting attorney in the apprehension and prosecution of the person charged with the crime, and the board so finds.

(C) The application is filed within one year of the time that a formal written decision is made by the prosecuting attorney not to prosecute, and the prosecuting attorney recommends that the board find that the applicant cooperated with law enforcement and the prosecuting attorney in the investigation and consideration of the crime for prosecution, and the board so finds.

(d) The period prescribed for filing an application by or on behalf of a derivative victim shall be tolled when the board accepts the application filed by a victim of the same qualifying crime.

(e) The application for assistance shall be verified under penalty of perjury by the victim or derivative victim. If the victim or derivative victim is a minor or is incompetent, the application shall be verified under penalty of perjury or on information and belief by the parent with legal custody or the legal guardian of the victim or derivative victim for whom the application is made.

(f) The application shall contain all of the following:

(1) A description of the date, nature, and circumstances of the crime or public offense.

(2) A complete financial statement, including, but not limited to, the cost of medical care or burial expense and the loss of wages that the victim or the loss of support that the derivative victim has incurred or will incur and the extent to which the applicant has been or will be indemnified for these expenses from any source.

(3) When appropriate, a statement indicating the extent of any disability resulting from the injury incurred.

(4) An authorization permitting the board or a local victim center, or both, to verify the contents of the application.

(5) Any other information as the board may require.

SEC. 6. Section 13961.01 of the Government Code is amended to read:

13961.01. (a) In addition to the additional extension for good cause authorized under Section 13961, the board may also for good cause grant an additional extension beyond three years when the claim is filed under any of the following circumstances:

(1) The application is filed by a minor derivative victim where the direct victim is permanently disabled or dies as a result of the crime.

(2) The application is filed based on a crime described in Section 261, 286, 288, 288a, 288.5, or 289 of the Penal Code, or penetration of an anal or genital opening as described in Section 289.5 of the Penal Code as it existed prior to January 1, 1995, and all of the following criteria are met:

(A) The victim was under the age of 18 years at the time the crime was committed.

(B) The crime was reported to a law enforcement agency, as defined in subdivision (p) of Section 290 of the Penal Code, or a child protective agency, as defined in Section 11165.9 of the Penal Code.

(C) The application is accompanied by either of the following:

(i) A copy of the report of the crime filed with an agency described in subparagraph (B) and a recommendation from either the investigating officer or the prosecuting attorney that the application for late filing be approved, and the application is filed within one year of the date the victim receives the recommendation.

(ii) Documentation that a complaint, information, or indictment alleging the crime giving rise to the application was filed.

(3) The direct victim dies as a result of the crime, but the fact is not discovered until after the expiration of the time limits imposed by this section.

(b) No application shall be denied under paragraphs (1) to (3), inclusive, of subdivision (a) solely because the crime was not reported to law enforcement within a specified time period.

(c) For the purposes of this section, the board may consider applications filed with the board on or after October 4, 1993, that meet the criteria for delayed filing as set forth in subdivision (a).

(d) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 6.5. Section 13961.01 of the Government Code is amended to read:

13961.01. (a) In addition to the additional extension for good cause authorized under Section 13961, the board may also for good cause grant an additional extension beyond three years when the claim is filed under any of the following circumstances:

(1) The application is filed by a minor derivative victim where the direct victim is permanently disabled or has died as a result of the crime.

(2) The application is filed based on a crime described in Section 261, 286, 288, 288a, 288.5, or 289 of the Penal Code, or penetration of an anal or genital opening as described in Section 289.5 of the Penal Code as it existed prior to January 1, 1995, and all of the following criteria are met:

(A) The victim was under the age of 18 years at the time the crime was committed.

(B) The crime was reported to a law enforcement agency, as defined in subdivision (p) of Section 290 of the Penal Code, or a child protective agency, as defined in Section 11165.9 of the Penal Code.

(C) The application is accompanied by either of the following:

(i) A copy of the report of the crime filed with an agency described in subparagraph (B) and a recommendation from either the investigating officer or the prosecuting attorney that the application for late filing be approved, and the application is filed within one year of the date the victim receives the recommendation.

(ii) Documentation that a complaint, information, or indictment alleging the crime giving rise to the application was filed.

(3) The direct victim has died as a result of the crime, but the fact is not discovered until after the expiration of the time limits imposed by this section.

(4) The application is filed by a victim or derivative victim of a crime for which the perpetrator or perpetrators received a sentence of death or life without possibility of parole and either of the following is true:

(A) The prosecuting attorney or a law enforcement officer documents that the victim or derivative victim filing the application was not informed of the provisions of this chapter within the time period for filing an application under subdivision (c) of Section 13961.

(B) The victim or derivative victim filing the application provides documentation that he or she received notice from the Board of Prison Terms, the Attorney General, or the prosecuting district attorney's office

that a date was set for a clemency hearing or an execution of the perpetrator or perpetrators.

(b) No application shall be denied under paragraphs (1) to (4), inclusive, of subdivision (a) solely because the crime was not reported to law enforcement within a specified time period.

(c) For the purposes of this section, the board may consider applications filed with the board on or after October 4, 1993, that meet the criteria for delayed filing as set forth in subdivision (a).

(d) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 7. Section 13964 of the Government Code, as amended by Section 2.5 of Chapter 895 of the Statutes of 1998, is amended to read:

13964. (a) After having heard the evidence relevant to the application for assistance, the board shall approve the application if a preponderance of the evidence shows that as a direct result of the crime the victim or derivative victim incurred an injury that resulted in a pecuniary loss.

(b) An application for assistance may be denied, in whole or in part, if the board finds that denial is appropriate because of the nature of the victim's or other applicant's involvement in the events leading to the crime or the involvement of the persons whose injury or death give rise to the application. In the case of a minor, the board shall consider the minor's age, physical condition, and psychological state as well as any compelling health and safety concerns in determining whether the minor's application should be denied pursuant to this section.

(c) No victim shall be eligible for assistance under this article under either of the following circumstances:

(1) The board finds that the victim knowingly and willingly participated in the commission of the crime. This paragraph shall not apply if the injury occurred as a direct result of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code.

(2) The board finds that the victim failed to cooperate reasonably with a law enforcement agency in the apprehension and conviction of a criminal committing the crime. In the case of a minor, the board shall consider the minor's age, physical condition, and psychological state as well as any compelling health and safety concerns in determining whether the minor is eligible for assistance pursuant to this section.

(d) No derivative victim shall be eligible for assistance under this article under either of the following circumstances:

(1) The board finds that the victim or derivative victim knowingly and willingly participated in the commission of the crime.

(2) The board finds that the victim or derivative victim failed to cooperate reasonably with a law enforcement agency in the apprehension and conviction of a criminal committing the crime.

(e) Notwithstanding paragraph (2) of subdivision (c) and paragraph (2) of subdivision (d), for claims based on domestic violence the Board of Control shall adopt guidelines that allow the board to consider and approve applications for assistance based on domestic violence, taking into account the victim's age, physical condition, psychological state, and any compelling health or safety reasons, including, but not limited to, a reasonable fear of retaliation or harm that would jeopardize the well-being of the victim or the victim's family, in evaluating a victim's cooperation with law enforcement, and giving due consideration to the degree of cooperation of which the victim is capable in light of the presence of any of these factors.

For the purposes of this section, the application of a derivative victim of domestic violence under the age of 18 years shall not be deemed ineligible on the basis of ineligibility of the victim under subdivision (b).

(f) No application shall be denied solely because no criminal complaint has been filed, unless the complaint has not been filed for one of the reasons stated in subdivision (c) or (d). Moreover, no application shall be denied because a criminal complaint is filed, but later dismissed, if the dismissal is not for the reasons stated in subdivision (c) or (d).

(g) Once an application has been accepted by the board pursuant to subdivision (b) of Section 13962, as the application pertains to medical or medical-related expenses, the claim shall continue to be processed and either awarded or denied pursuant to this article in the event of the death of the applicant.

(h) If a nonoffending parent in a child sexual abuse case cooperates with the prosecution or Child Protective Services by providing assistance to law enforcement in the disposition of the case, that parent shall not be considered uncooperative within the meaning of this section and shall be eligible, if otherwise qualified, for restitution as a derivative victim pursuant to subparagraph (C) of paragraph (1) of subdivision (a) of Section 13965.

(i) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 8. Section 13964 of the Government Code, as added by Section 4.7 of Chapter 697 of the Statutes of 1998, is amended to read:

13964. (a) After having heard the evidence relevant to the application for assistance, the board shall approve the application if a preponderance of the evidence shows that as a direct result of the crime the victim or derivative victim incurred an injury which resulted in a pecuniary loss.

(b) An application for assistance may be denied, in whole or in part, if the board finds that denial is appropriate because of the nature of the victim's or other applicant's involvement in the events leading to the crime or the involvement of the persons whose injury or death give rise to the application.

(c) No victim shall be eligible for assistance under this article under any of the following circumstances:

(1) The board finds that the victim knowingly and willingly participated in the commission of the crime.

(2) The board finds that the victim failed to cooperate with a law enforcement agency in the apprehension and conviction of a criminal committing the crime.

(d) No derivative victim shall be eligible for assistance under this article under any of the following circumstances:

(1) The board finds that the victim or derivative victim knowingly and willingly participated in the commission of the crime.

(2) The board finds that the victim or derivative victim failed to cooperate with a law enforcement agency in the apprehension and conviction of a criminal committing the crime.

(e) No application shall be denied solely because no criminal complaint has been filed, unless the complaint has not been filed for one of the reasons stated in subdivision (c) or (d). Moreover, no application shall be denied because a criminal complaint is filed, but later dismissed, if the dismissal is not for the reasons stated in subdivision (c) or (d).

(f) Once an application has been accepted by the board pursuant to subdivision (b) of Section 13962, as the application pertains to medical or medical-related expenses, the claim shall continue to be processed and either awarded or denied pursuant to this article in the event of the death of the applicant.

(g) If a nonoffending parent in a child sexual abuse case cooperates with the prosecution or Child Protective Services by providing assistance to law enforcement in the disposition of the case, that parent shall not be considered uncooperative within the meaning of this section and shall be eligible, if otherwise qualified, for restitution as a derivative victim pursuant to subparagraph (C) of paragraph (1) of subdivision (a) of Section 13965.

(h) This section shall become operative on January 1, 2004.

SEC. 9. Section 13964 of the Government Code, as added by Section 2.7 of Chapter 895 of the Statutes of 1998, is repealed.

SEC. 10. Section 13965 of the Government Code, as amended by Section 5 of Chapter 1016 of the Statutes of 2000, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim, as defined in subparagraph (A), (B), (C), or (D) of paragraph (2) of subdivision (a) of Section 13960, who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000), provided that mental health counseling of a derivative victim under subparagraph (E) of paragraph (2) of subdivision (a) of Section 13960 shall be reimbursed only if that counseling is necessary for the treatment of the victim.

(E) A victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code in an amount not to exceed three thousand dollars ($3,000) for mental health counseling expenses only. A derivative victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not be eligible for reimbursement of mental health counseling expenses.

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape crisis center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim of domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent and a security deposit or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method for direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of domestic violence, the victim shall agree to not inform the

offender of the location of the victim's new residence and to not allow the offender on the premises at any time, or shall agree to seek a restraining order against the offender.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars ($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize a reimbursement for the expense of renovating or retrofitting his or her residence or a vehicle, or both, to make the residence, the vehicle, or both, accessible or the vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may

include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(13) When a victim dies as a result of a crime and the crime occurs in a residence, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the reasonable costs to clean the scene of the crime in an amount not to exceed one thousand dollars ($1,000). Services reimbursed pursuant to this subdivision shall be performed by persons registered with the State Department of Health Services as trauma scene waste practitioners in accordance with Chapter 9.5 (commencing with Section 118321) of Part 14 of Division 104 of the Health and Safety Code.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or

terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (10) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested

pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in

that paragraph or any additional amounts as the board determines is necessary.

(o) The total award to or on behalf of a victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not exceed three thousand dollars ($3,000) for mental health counseling expenses only.

(p) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 10.5. Section 13965 of the Government Code, as amended by Section 5 of Chapter 1016 of the Statutes of 2000, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim, as defined in subparagraph (A), (B), (C), or (D) of paragraph (2) of subdivision (a) of Section 13960, who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000), provided that mental health counseling of a derivative victim under subparagraph (E) of paragraph (2) of subdivision (a) of Section 13960 shall be reimbursed only if that counseling is necessary for the treatment of the victim.

(E) A victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code in an amount not to exceed three thousand dollars ($3,000) for mental health counseling expenses only. A derivative victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not be eligible for reimbursement of mental health counseling expenses.

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling

services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape crisis center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim of sexual assault or domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent and a security deposit or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method for direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of sexual assault or domestic violence, the victim shall agree to not inform the offender, if the identity of the offender is known to the victim, of the location of the victim's new residence and to not allow the offender, if the identity of the offender is known to the victim, on the premises at any time, or shall agree to seek a restraining order against the offender, if the identity of the offender is known to the victim.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars ($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize a reimbursement for the expense of renovating or retrofitting his or her residence or a vehicle, or both, to make the residence, the vehicle, or both, accessible or the vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(13) When a victim dies as a result of a crime and the crime occurs in a residence, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay the reasonable costs to clean the scene of the crime in an amount not to exceed one thousand dollars ($1,000). Services reimbursed pursuant to this subdivision shall be performed by persons registered with the State Department of Health Services as trauma scene waste practitioners in accordance with Chapter 9.5 (commencing with Section 118321) of Part 14 of Division 104 of the Health and Safety Code.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (10) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in

paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) The total award to or on behalf of a victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not exceed three thousand dollars ($3,000) for mental health counseling expenses only.

(p) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 11. Section 13965 of the Government Code, as amended by Section 6 of Chapter 1016 of the Statutes of 2000, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not

to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000).

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim of domestic violence for

expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent and a security deposit or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method of direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of domestic violence, the victim shall agree to not inform the offender of the location of the victim's new residence and to not allow the offender on the premises at any time, or shall agree to seek a restraining order against the offender.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars

($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize reimbursement for the expense of renovating or retrofitting his or her residence or a vehicle, or both, to make the residence, the vehicle, or both, accessible or the vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical

expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(13) When a victim dies as a result of a crime and the crime occurs in a residence, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the reasonable costs to clean the scene of the crime in an amount not to exceed one thousand dollars ($1,000). Services reimbursed pursuant to this subdivision shall be performed by persons registered with the State Department of Health Services as trauma scene waste practitioners in accordance with Chapter 9.5 (commencing with Section 118321) of Part 14 of Division 104 of the Health and Safety Code.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (10) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for

psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be

provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) This section shall become operative on January 1, 2004.

SEC. 11.5. Section 13965 of the Government Code, as amended by Section 6 of Chapter 1016 of the Statutes of 2000, is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their outpatient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000).

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim or derivative victim equal to the pecuniary loss resulting from loss of wages pursuant to Section 13965.1.

(3) Authorize a cash payment to a derivative victim for loss of support pursuant to Section 13965.1.

(4) (A) Authorize a cash payment or reimbursement not to exceed two thousand dollars ($2,000) to a victim of sexual assault or domestic violence for expenses incurred in relocating, if the expenses are determined by law enforcement to be necessary for the personal safety

of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim. These expenses may include, but need not be limited to, all of the following:

(i) Deposits for utilities and telephone service.

(ii) Deposits for rental housing, not to exceed the first and last month's rent and a security deposit or two thousand dollars ($2,000), whichever is less.

(iii) Temporary lodging and food expenses, not to exceed one thousand dollars ($1,000).

(iv) Clothing and other personal items, not to exceed five hundred dollars ($500).

(B) The board shall develop procedures to ensure that the victim is using the cash payment only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, lease agreements, or other documents as requested, or developing a method of direct payment to the landlord or vendor.

(C) When a relocation payment or reimbursement is provided to a victim of sexual assault or domestic violence, the victim shall agree to not inform the offender, if the identity of the offender is known to the victim, of the location of the victim's new residence and to not allow the offender, if the identity of the offender is known to the victim, on the premises at any time, or shall agree to seek a restraining order against the offender, if the identity of the offender is known to the victim.

(D) The board may authorize a cash payment or reimbursement pursuant to this paragraph to victims of crimes other than domestic violence if the expenses are determined by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(E) The cash payment or reimbursement made under this paragraph shall only be awarded once to any victim, except that the board may, under compelling circumstances, award a second cash payment or reimbursement to the same victim if both of the following conditions are met:

(i) The crime or series of crimes occurs more than three years from the date of the crime giving rise to the initial relocation cash payment or reimbursement.

(ii) The crime does not involve the same perpetrator.

(5) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(6) (A) In the case of a victim of a crime that occurred in the victim's residence, authorize reimbursement for the expense for installing or increasing residential security, not to exceed one thousand dollars

($1,000). Installing or increasing residential security may include, but need not be limited to, both of the following:

(i) Home security device or system.

(ii) Replacing or increasing the number of locks.

(B) Reimbursement under this paragraph shall be made upon verification by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(C) The board shall develop procedures to ensure that the victim is using the reimbursement only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(7) (A) In the case of a victim who is permanently disabled as a direct result of the crime, whether the disability is partial or total, authorize reimbursement for the expense of renovating or retrofitting his or her residence or a vehicle, or both, to make the residence, the vehicle, or both, accessible or the vehicle operational by the victim. Reimbursement shall be made upon verification that the expense is medically necessary.

(B) The board shall develop procedures to ensure that reimbursement is made only for the purposes of this paragraph. The procedures may include, but need not be limited to, requiring copies of receipts, invoices, estimates, or other documents, or developing a method for direct payment to the vendor.

(8) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(9) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(10) The total award to or on behalf of the victim or a derivative victim shall not exceed thirty-five thousand dollars ($35,000), and may be increased only in accordance with this section.

(11) If the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical

expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(12) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(13) When a victim dies as a result of a crime and the crime occurs in a residence, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay the reasonable costs to clean the scene of the crime in an amount not to exceed one thousand dollars ($1,000). Services reimbursed pursuant to this subdivision shall be performed by persons registered with the State Department of Health Services as trauma scene waste practitioners in accordance with Chapter 9.5 (commencing with Section 118321) of Part 14 of Division 104 of the Health and Safety Code.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (10) of subdivision (a) shall be increased to seventy thousand dollars ($70,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for

psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) (1) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1). An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

(2) To assure service limitations that are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be

provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority that the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) This section shall become operative on January 1, 2004.

SEC. 12. Section 13965.5 of the Government Code is amended to read:

13965.5. (a) Except as provided in subdivision (b), no reimbursement shall be made for any expense that is submitted more than three years after it is incurred by the victim or derivative victim.

(b) Notwithstanding subdivision (a), reimbursement may be made for an expense submitted more than three years after the date it is incurred if the victim or derivative victim has affirmed the debt and is liable for the debt at the time the expense is submitted for reimbursement, or has paid the expense as a direct result of a crime for which a timely application has been filed.

SEC. 13. (a) Section 6.5 of this bill incorporates amendments to Section 13961.01 of the Government Code proposed by both this bill and AB 409. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 13961.01 of the Government Code, and (3) this bill is enacted after AB 409, in which case Section 6 of this bill shall not become operative.

(b) Section 10.5 of this bill incorporates amendments to Section 13965 of the Government Code, as amended by Section 5 of Chapter

1016 of the Statutes of 2000, proposed by both this bill and AB 1019. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 13965 of the Government Code, as amended by Section 5 of Chapter 1016 of the Statutes of 2000, and (3) this bill is enacted after AB 1019, in which case Section 10 of this bill shall not become operative.

(c) Section 11.5 of this bill incorporates amendments to Section 13965 of the Government Code, as amended by Section 6 of Chapter 1016 of the Statutes of 2000, proposed by both this bill and AB 1019. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 13965 of the Government Code, as amended by Section 6 of Chapter 1016 of the Statutes of 2000, and (3) this bill is enacted after AB 1019, in which case Section 11 of this bill shall not become operative.

---

## CHAPTER 713

An act to amend Section 213.5 of the Welfare and Institutions Code, relating to juvenile court proceedings.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 213.5 of the Welfare and Institutions Code is amended to read:

213.5. (a) After a petition has been filed pursuant to Section 311 to declare a child a dependent child of the juvenile court, and until the time that the petition is dismissed or dependency is terminated, upon application in the manner provided by Section 527 of the Code of Civil Procedure, the juvenile court may issue ex parte orders (1) enjoining any person from molesting, attacking, striking, sexually assaulting, stalking, or battering the child or any other child in the household; (2) excluding any person from the dwelling of the person who has care, custody, and control of the child; and (3) enjoining any person from behavior, including contacting, threatening, or disturbing the peace of the child, that the court determines is necessary to effectuate orders under paragraph (1) or (2). A court issuing an ex parte order pursuant to this subdivision may simultaneously issue an ex parte order enjoining any person from contacting, threatening, molesting, attacking, striking, sexually assaulting, stalking, battering, or disturbing the peace of any parent, legal guardian, or current caretaker of the child, regardless of

whether the child resides with that parent, legal guardian, or current caretaker, upon application in the manner provided by Section 527 of the Code of Civil Procedure.

(b) After a petition has been filed pursuant to Section 601 or 602 to declare a child a ward of the juvenile court, and until the time that the petition is dismissed or wardship is terminated, upon application in the manner provided by Section 527 of the Code of Civil Procedure, the juvenile court may issue ex parte orders (1) enjoining any person from molesting, attacking, threatening, sexually assaulting, stalking, or battering the child; (2) excluding any person from the dwelling of the person who has care, custody, and control of the child; or (3) enjoining the child from contacting, threatening, stalking, or disturbing the peace of any person the court finds to be at risk from the conduct of the child, or with whom association would be detrimental to the child.

(c) In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be granted, on the earliest day that the business of the court will permit, but not later than 15 days or, if good cause appears to the court, 20 days from the date the temporary restraining order is granted. The court may, on the motion of the person seeking the restraining order, or on its own motion, shorten the time for service on the person to be restrained of the order to show cause. Any hearing pursuant to this section may be held simultaneously with any regularly scheduled hearings held in proceedings to declare a child a dependent child or ward of the juvenile court pursuant to Section 300, 601, or 602, or subsequent hearings regarding the dependent child or ward.

(d) The juvenile court may issue, upon notice and a hearing, any of the orders set forth in subdivisions (a), (b), and (c). Any restraining order granted pursuant to this subdivision shall remain in effect, in the discretion of the court, not to exceed three years, unless otherwise terminated by the court, extended by mutual consent of all parties to the restraining order, or extended by further order of the court on the motion of any party to the restraining order.

(e) (1) The juvenile court may issue an order made pursuant to subdivision (a), (c), or (d) excluding a person from a residence or dwelling. This order may be issued for the time and on the conditions that the court determines, regardless of which party holds legal or equitable title or is the lessee of the residence or dwelling.

(2) The court may issue an order under paragraph (1) only on a showing of all of the following:

(A) Facts sufficient for the court to ascertain that the party who will stay in the dwelling has a right under color of law to possession of the premises.

(B) That the party to be excluded has assaulted or threatens to assault the other party or any other person under the care, custody, and control of the other party, or any minor child of the parties or of the other party.

(C) That physical or emotional harm would otherwise result to the other party, to any person under the care, custody, and control of the other party, or to any minor child of the parties or of the other party.

(f) Any order issued pursuant to subdivision (a), (b), (c), or (d) shall state on its face the date of expiration of the order.

(g) The juvenile court shall order any designated person or attorney to mail a copy of any order, or extension, modification, or termination thereof, granted pursuant to subdivision (a), (b), (c), or (d), by the close of the business day on which the order, extension, modification, or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the person seeking the restraining order or his or her attorney having jurisdiction over the residence of the person who has care, custody, and control of the child and other locations where the court determines that acts of domestic violence or abuse against the child or children are likely to occur. Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms, and current status of any order issued pursuant to subdivision (a), (b), (c), or (d) to any law enforcement officer responding to the scene of reported domestic violence or abuse.

(h) Any willful and knowing violation of any order granted pursuant to subdivision (a), (b), (c), or (d) shall be a misdemeanor punishable under Section 273.65 of the Penal Code.

(i) A juvenile court restraining order related to domestic violence issued by a court pursuant to this section shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(j) Information on any juvenile court restraining order related to domestic violence issued by a court pursuant to this section shall be transmitted to the Department of Justice in accordance with subdivision (b) of Section 6380 of the Family Code.

SEC. 1.5. Section 213.5 of the Welfare and Institutions Code is amended to read:

213.5. (a) After a petition has been filed pursuant to Section 311 to declare a child a dependent child of the juvenile court, and until the time that the petition is dismissed or dependency is terminated, upon application in the manner provided by Section 527 of the Code of Civil

Procedure, the juvenile court may issue ex parte orders (1) enjoining any person from molesting, attacking, striking, sexually assaulting, stalking, or battering the child or any other child in the household; (2) excluding any person from the dwelling of the person who has care, custody, and control of the child; and (3) enjoining any person from behavior, including contacting, threatening, or disturbing the peace of the child, that the court determines is necessary to effectuate orders under paragraph (1) or (2). A court issuing an ex parte order pursuant to this subdivision may simultaneously issue an ex parte order enjoining any person from contacting, threatening, molesting, attacking, striking, sexually assaulting, stalking, battering, or disturbing the peace of any parent, legal guardian, or current caretaker of the child, regardless of whether the child resides with that parent, legal guardian, or current caretaker, upon application in the manner provided by Section 527 of the Code of Civil Procedure.

(b) After a petition has been filed pursuant to Section 601 or 602 to declare a child a ward of the juvenile court, and until the time that the petition is dismissed or wardship is terminated, upon application in the manner provided by Section 527 of the Code of Civil Procedure, the juvenile court may issue ex parte orders (1) enjoining any person from molesting, attacking, threatening, sexually assaulting, stalking, or battering the child; (2) excluding any person from the dwelling of the person who has care, custody, and control of the child; or (3) enjoining the child from contacting, threatening, stalking, or disturbing the peace of any person the court finds to be at risk from the conduct of the child, or with whom association would be detrimental to the child.

(c) In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be granted, on the earliest day that the business of the court will permit, but not later than 15 days or, if good cause appears to the court, 20 days from the date the temporary restraining order is granted. The court may, on the motion of the person seeking the restraining order, or on its own motion, shorten the time for service on the person to be restrained of the order to show cause. Any hearing pursuant to this section may be held simultaneously with any regularly scheduled hearings held in proceedings to declare a child a dependent child or ward of the juvenile court pursuant to Section 300, 601, or 602, or subsequent hearings regarding the dependent child or ward.

(d) The juvenile court may issue, upon notice and a hearing, any of the orders set forth in subdivisions (a), (b), and (c). Any restraining order granted pursuant to this subdivision shall remain in effect, in the discretion of the court, not to exceed three years, unless otherwise terminated by the court, extended by mutual consent of all parties to the

restraining order, or extended by further order of the court on the motion of any party to the restraining order.

(e) (1) The juvenile court may issue an order made pursuant to subdivision (a), (c), or (d) excluding a person from a residence or dwelling. This order may be issued for the time and on the conditions that the court determines, regardless of which party holds legal or equitable title or is the lessee of the residence or dwelling.

(2) The court may issue an order under paragraph (1) only on a showing of all of the following:

(A) Facts sufficient for the court to ascertain that the party who will stay in the dwelling has a right under color of law to possession of the premises.

(B) That the party to be excluded has assaulted or threatens to assault the other party or any other person under the care, custody, and control of the other party, or any minor child of the parties or of the other party.

(C) That physical or emotional harm would otherwise result to the other party, to any person under the care, custody, and control of the other party, or to any minor child of the parties or of the other party.

(f) Any order issued pursuant to subdivision (a), (b), (c), or (d) shall state on its face the date of expiration of the order.

(g) The juvenile court shall order any designated person or attorney to mail a copy of any order, or extension, modification, or termination thereof, granted pursuant to subdivision (a), (b), (c), or (d), by the close of the business day on which the order, extension, modification, or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the person seeking the restraining order or his or her attorney having jurisdiction over the residence of the person who has care, custody, and control of the child and other locations where the court determines that acts of domestic violence or abuse against the child or children are likely to occur. Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms, and current status of any order issued pursuant to subdivision (a), (b), (c), or (d) to any law enforcement officer responding to the scene of reported domestic violence or abuse.

(h) Any willful and knowing violation of any order granted pursuant to subdivision (a), (b), (c), or (d) shall be a misdemeanor punishable under Section 273.65 of the Penal Code.

(i) A juvenile court restraining order related to domestic violence issued by a court pursuant to this section shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by

the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(j) Information on any juvenile court restraining order related to domestic violence issued by a court pursuant to this section shall be transmitted to the Department of Justice in accordance with subdivision (b) of Section 6380 of the Family Code.

(k) (1) Prior to a hearing on the issuance or denial of an order under this part, a search shall be conducted as described in subdivision (a) Section 6306 of the Family Code.

(2) Prior to deciding whether to issue an order under this part, the court shall consider the following information obtained pursuant to a search conducted under paragraph (1): any conviction for a violent felony specified in Section 667.5 of the Penal Code or a serious felony specified in Section 1192.7 of the Penal Code; any misdemeanor conviction involving domestic violence, weapons, or other violence; any outstanding warrant; parole or probation status; any prior restraining order; and any violation of a prior restraining order.

(3) (A) If the results of the search conducted pursuant to paragraph (1) indicate that an outstanding warrant exists against the subject of the search, the court shall order the clerk of the court to immediately notify, by the most effective means available, appropriate law enforcement officials of any information obtained through the search that the court determines is appropriate. The law enforcement officials so notified shall take all actions necessary to execute any outstanding warrants or any other actions, as appropriate and as soon as practicable.

(B) If the results of the search conducted pursuant to paragraph (1) indicate that the subject of the search is currently on parole or probation, the court shall order the clerk of the court to immediately notify, by the most effective means available, the appropriate parole or probation officer of any information obtained through the search that the court determines is appropriate. The parole or probation officer so notified shall take all actions necessary to revoke any parole or probation, or any other actions, with respect to the subject person, as appropriate and as soon as practicable.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 213.5 of the Welfare and Institutions Code proposed by both this bill and SB 66. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 213.5 of the Welfare and Institutions Code, and (3) this bill is enacted after SB 66, in which case Section 1 of this bill shall not become operative.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

---

## CHAPTER 714

An act to add Article 4.5 (commencing with Section 78275) to Chapter 2 of Part 48 of the Education Code, relating to community colleges.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Article 4.5 (commencing with Section 78275) is added to Chapter 2 of Part 48 of the Education Code, to read:

### Article 4.5. Teacher Preparation Programs

78275. (a) The Legislature finds and declares all of the following:

(1) There is a significant teacher shortage in California and the nation.

(2) The teacher shortage is exacerbated by the lack of minority teacher candidates.

(3) In California, it is estimated that there will be a shortfall of between 260,000 and 300,000 teachers during the first decade of the 21st century. Nationwide, the teacher shortfall is estimated to be between 2,000,000 and 2,200,000 during that same timeframe.

(b) It is, therefore, the intent of the Legislature to create a larger pool of potential teachers in California by establishing a teacher preparation curriculum in the California Community Colleges, expanding financial incentives for community college students who wish to become teachers, and guaranteeing the transfer of students who successfully complete the community college teacher preparation curriculum to appropriate status in teacher preparation programs of the California State University.

78275.5. (a) On or before January 1, 2003, the Chancellor of the California Community Colleges, in consultation with the Chancellor of the California State University, the President of the University of California, the Association of Independent California Colleges and Universities, and with representatives of accredited colleges and universities in other states, shall submit a written report to the

Legislature on the feasibility of the development of all of the following for operation commencing with the 2004–05 academic year:

(1) The establishment of a model teacher preparation curriculum that would be available to qualified students in each community college district in the state.

(2) The establishment of financial incentives, including, but not necessarily limited to, grant, loan, and loan forgiveness programs, for community college students who wish to become teachers.

(3) The offering of community college teacher preparation courses that will provide academic credits that are fully transferable to the California State University.

(4) The guaranteeing of the transfer of students who successfully complete the community college teacher preparation curriculum to appropriate status in teacher preparation programs of the California State University.

(b) Prior to the implementation or funding of any recommendations of the feasibility study pursuant to subdivision (a), the Chancellor of the California Community Colleges shall report during the 2003–04 legislative budget hearings on the fiscal implications of implementing any or all recommendations of the feasibility study.

---

## CHAPTER 715

An act to amend Sections 7685 and 7685.5 of, and to add Sections 7685.6 and 7735.5 to, the Business and Professions Code, relating to funeral directors.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 7685 of the Business and Professions Code is amended to read:

7685. (a) Every funeral director shall provide to any person, upon beginning discussion of prices or of the funeral goods and services offered, a written or printed list containing but not necessarily limited to the price for professional services offered, which may include the funeral director's services, the preparation of the body, the use of facilities, and the use of automotive equipment. All services included in this price or prices shall be enumerated.

(b) The list shall also include a statement indicating that the survivor of the deceased who is handling the funeral arrangements, or the

responsible party, is entitled to receive, prior to the drafting of any contract, a copy of any preneed agreement that has been signed and paid for, in full or in part, by or on behalf of the deceased, and that is in the possession of the funeral establishment.

(c) The funeral director shall also provide a statement on that list that gives the price range for all caskets offered for sale. The funeral director shall also provide a written statement or list that, at a minimum, specifically identifies a particular casket or caskets by price and by thickness of metal, or type of wood, or other construction, interior and color, in addition to other casket identification requirements under Title 16, Code of Federal Regulations, Part 453 and any subsequent version of this regulation, when a request for specific information on a casket or caskets is made in person by any individual. Prices of caskets and other identifying features such as thickness of metal, or type of wood, or other construction, interior and color, in addition to other casket identification requirements required to be given over the telephone by Title 16, Code of Federal Regulations, Part 453 and any subsequent version of this regulation, shall be provided over the telephone, if requested.

SEC. 2. Section 7685.5 of the Business and Professions Code is amended to read:

7685.5. (a) The bureau shall make available to funeral establishments and cemetery authorities a copy of a consumer guide for funeral and cemetery purchases for purposes of reproduction and distribution. The funeral and cemetery guide that is approved by the bureau, in consultation with the funeral and cemetery industries and any other interested parties, shall be made available in printed form and electronically through the Internet.

(b) A funeral establishment shall prominently display and make available to any individual who, in person, inquires about funeral or cemetery purchases, a copy of the consumer guide for funeral and cemetery purchases, reproduced as specified in subdivision (a).

(c) Prior to the drafting of a contract for funeral services, the funeral establishment shall provide, for retention, the consumer with a copy of the consumer guide for funeral and cemetery purchases described in subdivisions (a) and (b).

SEC. 3. Section 7685.6 is added to the Business and Professions Code, to read:

7685.6. (a) Every funeral establishment, prior to drafting any contract for funeral goods or services, shall present to the survivor of the deceased who is handling the funeral arrangements, or the responsible party, a statement disclosing whether or not the funeral establishment has any preneed agreement made by or on behalf of the deceased. If the funeral establishment has a preneed agreement made by or on behalf of the deceased, the statement shall also declare the establishment's

compliance with Section 7745. The disclosure statement shall be signed and dated by the representative of the funeral establishment and by the survivor or responsible party. The completed disclosure statement shall be retained by the funeral establishment for a period of time determined by the bureau, and a copy shall be given to the survivor or responsible party.

(b) The bureau shall develop a form, in consultation with the funeral industry and any other interested parties, that is separate and distinct from other forms, upon which the disclosure statement shall be made. The bureau shall make the form available to funeral establishments for purposes of reproduction and distribution, and the form shall also be available electronically through the Internet. The form shall be simple and easy to read and shall include all of the following:

(1) The definition of a preneed arrangement, adopted by the bureau by regulation.

(2) A statement of the funeral establishment's responsibilities under Section 7745.

(3) Information about how the consumer may contact the bureau for more information or how to file a complaint against a licensee.

(c) A violation of this section constitutes grounds for disciplinary action.

(d) This section shall become operative July 1, 2002.

SEC. 4. Section 7735.5 is added to the Business and Professions Code, to read:

7735.5. The preneed funeral arrangement contract shall clearly state if benefits are unavailable or limited for any reason.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

---

## CHAPTER 716

An act to amend Section 60851 of, and to add Sections 60857 and 60859 to, the Education Code, relating to pupil testing.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 60851 of the Education Code is amended to read:

60851. (a) Commencing with the 2003–04 school year and each school year thereafter, each pupil completing grade 12 shall successfully pass the exit examination as a condition of receiving a diploma of graduation or a condition of graduation from high school. Funding for the administration of the exit examination shall be provided for in the annual Budget Act. The Superintendent of Public Instruction shall apportion funds appropriated for this purpose to enable school districts to meet the requirements of subdivisions (a), (b), and (c). The State Board of Education shall establish the amount of funding to be apportioned per test administered, based on a review of the cost per test.

(b) A pupil may take the high school exit examination in grade 9 in the 2000–01 school year only. Each pupil shall take the high school exit examination in grade 10 beginning in the 2001–02 school year and may take the examination during each subsequent administration, until each section of the examination has been passed.

(c) The exit examination shall be offered in each public school and state special school that provides instruction in grades 10, 11, or 12, on the dates designated by the Superintendent of Public Instruction. An exit examination may not be administered on any date other than those designated by the Superintendent of Public Instruction as examination days or makeup days.

(d) The results of the exit examination shall be provided to each pupil taking the examination within eight weeks of the examination administration and in time for the pupil to take any section of the examination not passed at the next administration. A pupil shall take again only those parts of the examination he or she has not previously passed and may not retake any portion of the exam that he or she has previously passed.

(e) Supplemental instruction shall be provided to any pupil who does not demonstrate sufficient progress toward passing the exit examination. To the extent that school districts have aligned their curriculum with the state academic content standards adopted by the State Board of Education, the curriculum for supplemental instruction shall reflect those standards and shall be designed to assist the pupils to succeed on the exit examination. Nothing in this chapter shall be construed to require the provision of supplemental services using resources that are not regularly available to a school or school district, including summer school instruction provided pursuant to Section 37252. In no event shall any action taken as a result of this subdivision cause or require

reimbursement by the Commission on State Mandates. Sufficient progress shall be determined on the basis of either of the following:

(1) The results of the assessments administered pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33 and the minimum levels of proficiency recommended by the State Board of Education pursuant to Section 60648.

(2) The pupils' grades and other indicators of academic achievement designated by the district.

SEC. 2. Section 60857 is added to the Education Code, to read:

60857. (a) The State Department of Education, with the approval of the State Board of Education, shall contract for an independent study regarding the requirement of passage of the high school exit examination as a condition of receiving a diploma of graduation and a condition of graduation from high school. A final report based on the study shall be delivered to the Governor, the chairs of the education policy committees in the Legislature, the State Board of Education, and the Superintendent of Public Instruction, on or before May 1, 2003.

(b) The scope of work and the final contract for the independent study required pursuant to this section shall be approved by the State Board of Education. The study shall include, but not be limited to, examination of whether the test development process and the implementation of standards-based instruction meet the required standards for a test of this nature.

(c) Funding for the independent study required by this section shall be provided for in the annual Budget Act.

SEC. 3. Section 60859 is added to the Education Code, to read:

60859. (a) Notwithstanding any provision of law to the contrary, on or before August 1, 2003, the State Board of Education may delay the date upon which each pupil completing grade 12 is required to successfully pass the high school exit examination as a condition of receiving a diploma of graduation or a condition of graduation from high school to a date other than the 2003–04 school year if, in reviewing the report of the independent study, the State Board of Education determines that the test development process or the implementation of standards-based instruction does not meet the required standards for a test of this nature.

(b) After August 1, 2003, the State Board of Education may not delay the date upon which each pupil completing grade 12 is required to successfully pass the high school exit examination as a condition of receiving a diploma of graduation or a condition of graduation from high school.

# CHAPTER 717

An act to amend Sections 89030.1 and 92850 of the Education Code, relating to public postsecondary education.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 89030.1 of the Education Code is amended to read:

89030.1. The trustees shall adopt, amend, or repeal regulations pursuant to this section instead of pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. As used in this section, ''regulation'' means every rule, regulation, order, or standard of general application or the amendment, supplement, or revision of any rule, regulation, order, or standard adopted by the university to implement, interpret, or make specific the law enforced or administered by it, or to govern its procedure, except one that relates only to the internal management of the university. ''Regulation'' does not mean or include any form prescribed by the university or any instructions relating to the use of the form, nor does it mean or include a building standard as defined in Section 18909 of the Health and Safety Code.

(a) The trustees' office of general counsel shall review the proposed regulations for matters such as necessity, authority, clarity, consistency, reference, and nonduplication, and recommend any proposed action to the trustees. For purposes of this section, ''necessity,'' ''authority,'' ''clarity,'' ''consistency,'' ''reference,'' and ''nonduplication'' shall have the same meaning as defined by Section 11349 of the Government Code.

(b) Notice of the proposed regulations shall be sent at least 45 days prior to the public hearing to those persons who have requested notices of the meetings of the trustees and shall be available to the public in electronic format. The notice shall include the right of the public to comment orally or in writing on the proposed action either prior to or during the public hearing.

(c) At the hearing, the public shall be provided the opportunity to comment on the proposed action.

(d) The trustees shall maintain a rulemaking file containing the public notice, public comments, and minutes of the public hearing, including the action taken by the trustees.

(1) The rulemaking file shall contain a summary of each objection or recommendation made with an explanation of how the proposed action

was changed to accommodate each objection or recommendation, or the reason or reasons for making no change.

(2) The proposed regulations shall be accompanied by an estimate, prepared in accordance with instructions adopted by the Department of Finance, of the effect of the proposed regulations with regard to the costs or savings to any state agency, the cost of any state-mandated local program as governed by Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code, any other costs or savings of local agencies, and the costs or savings in federal funding provided to state agencies.

(e) The trustees shall transmit the regulations as finally adopted to the Secretary of State for filing. Each regulation shall be effective upon filing with the Secretary of State, and shall be published in the California Code of Regulations.

(f) This section shall become inoperative on January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

SEC. 2. Section 92850 of the Education Code is amended to read:

92850. The Regents of the University of California are requested to develop a Governor's Teacher Scholars Program, to operate, commencing July 1, 2000, at the Berkeley and Los Angeles campuses, and at additional University of California campuses, as deemed appropriate by the University, in accordance with all of the following:

(a) Prior to July 1, 2000, the university shall develop or accomplish all of the following:

(1) A rigorous teacher preparation program that prepares teachers to work in schools with high percentages of low income or English language learners and that culminates in the award of a master's degree.

(2) Begin recruiting highly talented students who wish to become teachers.

(3) Conduct a fundraising effort to provide full scholarships to participants in the program.

(b) When the program is fully operational, a total of 400 students shall be selected to participate in the program. At least 100 of these students shall be enrolled at each of the Los Angeles and Berkeley campuses.

(c) A participant in the program shall receive a full scholarship, funded through private donations and other sources, to cover the costs of the participant related to the program. The amount of a scholarship under this section shall be limited to the amount of university fees charged to resident students and mandatory campus-based fees.

(d) A participant in the program shall be required to comply with the teaching requirements for participants in the Assumption Program of Loans for Education set forth in paragraph (5) of subdivision (b) of Section 69613.

(e) A participant who leaves classroom teaching service before his or her four-year commitment is completed shall repay that portion of his or her scholarship assistance that is equal to the proportion of the four-year commitment that has not been completed.

---

## CHAPTER 718

An act to amend Sections 5000, 5015.6, 5020, 5081, 5082, 5082.1, 5082.3, 5082.4, 5087, 5088, and 5134 of, to amend and repeal Sections 5081.1, 5082.2, 5083, and 5084 of, and to add Sections 5076, 5082.5, 5090, 5091, 5092, 5093, 5094, and 5095 to, the Business and Professions Code, relating to accountants, and making an appropriation therefor.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. It is the intent of the Legislature that the new education and experience requirements for the certified public accountant license established by this legislation not be revised or amended prior to the next review of the California Board of Accountancy required by Division 1.2 (commencing with Section 473) of the Business and Professions Code.

Further, it is the intent of the Legislature that this review shall be limited to issues related to implementation of the new licensure requirements. In preparation for that review, the California Board of Accountancy shall collect statistical information including information on the number of applicants applying under Sections 5092 and 5093 of the Business and Professions Code, the number of applicants passing the examination under Sections 5092 and 5093 of the Business and Professions Code, the number of applicants applying and qualifying for licensure under Sections 5092 and 5093 of the Business and Professions Code, and the number of applicants and licensees applying and qualifying for an authorization to sign reports on attest engagements under Section 5095 of the Business and Professions Code. Also, it is the intent of the Legislature that prior to the next review required by Division 1.2 (commencing with Section 473) of the Business and Professions Code, the California Board of Accountancy develop regulations and procedures to implement the peer review requirement mandated by Section 5076 of the Business and Professions Code.

SEC. 2. Section 5000 of the Business and Professions Code is amended to read:

5000. There is in the Department of Consumer Affairs the California Board of Accountancy, which consists of 11 members, six of whom shall be licensees, and five of whom shall be public members who shall not be licentiates of the board or registered by the board. The board has the powers and duties conferred by this chapter.

The Governor shall appoint three of the public members, and the six licensee members as provided in this section. The Senate Rules Committee and the Speaker of the Assembly shall each appoint a public member. In appointing the six licensee members, the Governor shall appoint members representing a cross section of the accounting profession with at least two members representing a small public accounting firm. For the purposes of this chapter, a small public accounting firm shall be defined as a professional firm that employs a total of no more than four licensees as partners, owners, or full-time employees in the practice of public accountancy within the State of California.

This section shall become inoperative on July 1, 2006, and as of January 1, 2007, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2007, deletes or extends the dates on which this section becomes inoperative and is repealed. The repeal of this section renders the board subject to the review required by Division 1.2 (commencing with Section 473). However, the review of the board shall be limited to only those issues identified by the Joint Legislative Sunset Review Committee and the board pursuant to implementation of new licensing requirements.

SEC. 3. Section 5015.6 of the Business and Professions Code is amended to read:

5015.6. The board may appoint a person exempt from civil service who shall be designated as an executive officer and who shall exercise the powers and perform the duties delegated by the board and vested in him or her by this chapter.

This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 5020 of the Business and Professions Code is amended to read:

5020. The board may, for the purpose of obtaining technical expertise, appoint an administrative committee of not more than 13 licensees to perform any of the following duties, and the committee may be vested with the powers of the board for those purposes:

(a) To receive and investigate complaints and to conduct investigations or hearings, with or without the filing of any complaint, and to obtain information and evidence relating to any matter involving

the conduct of licensees, as directed by the board or as directed by the executive officer pursuant to a delegation of authority by the board.

(b) To receive and investigate complaints and to conduct investigations or hearings, with or without the filing of any complaint, and to obtain information and evidence relating to any matter involving any violation or alleged violation of this chapter by licensees, as directed by the board or as directed by the executive officer pursuant to a delegation of authority by the board.

(c) In exercising the duties prescribed in this section, the committee shall act only in an advisory capacity, shall have no authority to initiate any disciplinary action against a licensee, and shall only be authorized to report its findings from any investigation or hearing conducted pursuant to this section to the board, or upon direction of the board, to the executive officer.

SEC. 5. Section 5076 is added to the Business and Professions Code, to read:

5076. (a) In order to renew its registration, a firm providing attest services, other than a sole proprietor or a small firm as defined in Section 5000, shall complete a peer review prior to the first registration expiration date after January 1, 2006, and no less frequently than every three years thereafter.

(b) For purposes of this article, the following definitions apply:

(1) ''Peer review'' means a study, appraisal, or review conducted in accordance with professional standards of the professional work of a licensee or registered firm by another licensee unaffiliated with the licensee or registered firm being reviewed. The peer review shall include, but not be limited to, a review of at least one attest engagement representing the highest level of service performed by the firm and may include an evaluation of other factors in accordance with requirements specified by the board in regulations.

(2) ''Attest services'' include an audit, a review of financial statements, or an examination of prospective financial information, provided, however, ''attest services'' shall not include the issuance of compiled financial statements.

(c) The board shall adopt regulations as necessary to implement, interpret, and make specific the peer review requirements in this section, including, but not limited to, regulations specifying the requirements for the approval of peer review providers, and regulations establishing a peer review oversight committee.

SEC. 6. Section 5081 of the Business and Professions Code is amended to read:

5081. An applicant for admission to the examination for a certified public accountant license shall:

(a) Not have committed acts or crimes constituting grounds for denial of a license under Section 480.

(b) File the application for the examination. An application for the examination shall not be considered filed unless all required supporting documents, fees, and the fully completed board-approved application form are received in the board office or filed by mail in accordance with Section 11003 of the Government Code on or before the specified final filing date.

(c) Meet one of the educational requirements specified in this article.

SEC. 7. Section 5081.1 of the Business and Professions Code is amended to read:

5081.1. Pursuant to subdivision (b) of Section 5090, an applicant for admission to the examination for a certified public accountant certificate may qualify for admission with one of the following:

(a) The applicant shall present satisfactory evidence that the applicant has either of the following:

(1) A baccalaureate degree from a university, college or other four-year institution of learning accredited by a regional institutional accrediting agency included in a list of these agencies published by the United States Secretary of Education under the requirements of, the Higher Education Act of 1965 as amended, (20 U.S.C. Sec. 1001 and following) with a major in accounting or related subjects requiring a minimum of 45 semester units of instruction in these subjects. If the applicant has received a baccalaureate degree in a nonaccounting major, the applicant shall present satisfactory evidence of study substantially the equivalent of an accounting major, including courses in related business administration subjects.

(2) A degree or degrees from a college, university, or other institution of learning located outside the United States that is approved by the board as the equivalent of the baccalaureate degree described in paragraph (1). The board may require an applicant under this paragraph to submit documentation of his or her education to a credentials evaluation service approved by the board for evaluation and to cause the results of this evaluation to be reported to the board. The board shall adopt regulations specifying the criteria and procedures for approval of credential evaluation services. These regulations shall, at a minimum, require that the credential evaluation service (A) furnish evaluations directly to the board, (B) furnish evaluations written in English, (C) be a member of the American Association of Collegiate Registrars and Admission Officers, the National Association of Foreign Student Affairs, or the National Association of Credential Evaluation Services, (D) be used by accredited colleges and universities, (E) be reevaluated by the board every five years, (F) maintain a complete set of reference materials as specified by the board, (G) base evaluations only upon

authentic, original transcripts and degrees and have a written procedure for identifying fraudulent transcripts, (H) include in the evaluation report, for each degree held by the applicant, the equivalent degree offered in the United States, the date the degree was granted, the institution granting the degree, an English translation of the course titles, and the semester unit equivalence for each of the courses, (I) have an appeal procedure for applicants, and (J) furnish the board with information concerning the credential evaluation service that includes biographical information on evaluators and translators, three letters of references from public or private agencies, statistical information on the number of applications processed annually for the past five years, and any additional information the board may require in order to ascertain that the credential evaluation service meets the standards set forth in this paragraph and in any regulations adopted by the board.

(b) The applicant shall present satisfactory evidence that the applicant has successfully completed a two-year course of college level study or received an associate of arts degree from a community college, either institution accredited by a regional institutional accrediting agency that is included in a list published by the United States Secretary of Education under the provisions of federal law specified in paragraph (1) of subdivision (a), and that the applicant has completed a minimum of 120 semester units which includes the study of accounting and related business administration subjects.

(c) The applicant shall show to the satisfaction of the board that he or she has had the equivalent of the educational qualifications required by subdivision (b), or shall pass a preliminary written examination approved and administered by an agency approved by the California State Department of Education and shall have completed a minimum of 10 semester units or the equivalent in accounting subjects. The 10 semester units in accounting subjects shall be completed at a college, university, or other institution of higher learning accredited at the college level by an agency or association that is included in a list published by the United States Secretary of Education under the federal law specified in paragraph (1) of subdivision (a).

(d) The applicant shall be a public accountant registered under this chapter.

(e) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 8. Section 5082 of the Business and Professions Code is amended to read:

5082. An applicant for a certified public accountant license shall have successfully passed examinations in subjects the board deems appropriate.

SEC. 9. Section 5082.1 of the Business and Professions Code is amended to read:

5082.1. All examinations provided for herein shall be held by the board at places circumstances may warrant, and as often as may be necessary in the opinion of the board. The board may contract with any organization, governmental or private, for examination material or services. Within 90 days after the examination the board shall notify each candidate of his or her score. All examination records shall be preserved for a period of at least six months after the notification of scoring and any candidate shall upon request to the board have access to his or her records.

SEC. 10. Section 5082.2 of the Business and Professions Code is amended to read:

5082.2. For candidates seeking to be reexamined pursuant to subdivision (b) of Section 5090, a candidate who fails an examination provided for herein shall have the right to any number of reexaminations at subsequent examinations held by the board. A candidate who passes an examination in two or more subjects shall have the right to be reexamined in the remaining subject or subjects only, at subsequent examinations held by the board, and if he or she passes in the remaining subject or subjects within a period of time specified in the rules of the board he or she shall be considered to have passed the examination.

This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 11. Section 5082.3 of the Business and Professions Code is amended to read:

5082.3. An applicant for a license as a certified public accountant may be deemed by the board to have met the examination requirements of Section 5082, 5092, or 5093 if the applicant satisfies all of the following requirements:

(a) The applicant is licensed or has comparable authority under the laws of any country to engage in the practice of public accountancy.

(b) The International Qualifications Appraisal Board jointly established by the National Association of State Boards of Accountancy and the American Institute of Certified Public Accountants has determined that the standards under which the applicant was licensed or under which the applicant secured comparable authority meet its standards for admission to the International Uniform Certified Public Accountant Qualification Examination.

(c) The applicant has successfully passed the International Uniform Certified Public Accountant Qualification Examination referenced in subdivision (b).

SEC. 12. Section 5082.4 of the Business and Professions Code is amended to read:

5082.4. A Canadian Chartered Accountant in good standing may be deemed by the board to have met the examination requirements of Section 5082, 5092, or 5093 if he or she has successfully passed the Canadian Chartered Accountant Uniform Certified Public Accountant Qualification Examination of the American Institute of Certified Public Accountants or the International Uniform Certified Public Accountant Qualification Examination referenced in subdivision (b) Section 5082.3.

SEC. 13. Section 5082.5 is added to the Business and Professions Code, to read:

5082.5. The board may give credit to a candidate who has passed all or part of the examination in another state or territory, if the members of the board determine that the standards under which the examination was held are as high as the standards established for the examination in this chapter.

SEC. 14. Section 5083 of the Business and Professions Code is amended to read:

5083. (a) Pursuant to subdivision (b) of Section 5090, an individual applying for licensure shall meet, to the satisfaction of the board, one of the following requirements:

(1) Four years of experience if the applicant qualified to sit for the exam by meeting the requirements of subdivision (b) or (c) of Section 5081.1.

(2) Three years of experience if the applicant qualified to sit for the exam by meeting the requirements of subdivision (a) or (d) of Section 5081.1 or meets the requirements of Section 5082.3.

(b) In order to be qualifying under this section, experience shall have been performed in accordance with applicable professional standards. Experience in public accounting may be qualifying if completed by, or in the employ of, a person licensed or otherwise having comparable authority under the laws of any state or country to engage in the practice of public accountancy. Experience in private or governmental accounting or auditing employment may be qualifying provided that this work was performed under the direct supervision of an individual licensed by a state to engage in the practice of public accountancy.

(c) Qualifying experience for licensure includes providing any type of service or advice involving the use of accounting, attest, compilation, management advisory, financial advisory, tax, or consulting skills.

(d) The board shall prescribe rules related to the experience requirements set forth in this section, including a requirement that each applicant demonstrate to the board satisfactory experience in the attest function as it relates to financial statements. For purposes of this

subdivision, the attest function includes audit and review of financial statements.

(e) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 15. Section 5084 of the Business and Professions Code is amended to read:

5084. For applicants seeking licensure pursuant to subdivision (b) of Section 5090, the board shall grant one year's credit toward fulfillment of its public accounting experience requirement to a graduate of a college who has completed a four-year course with 45 or more semester units or the equivalent thereof in the study of accounting and related business administration subjects, of which at least 20 semester units or the equivalent thereof shall be in the study of accounting.

The members of the board shall prescribe rules establishing the character and variety of experience necessary to fulfill the experience requirements set forth in this section.

This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 16. Section 5087 of the Business and Professions Code is amended to read:

5087. (a) The board may issue a certified public accountant license to any applicant who is a holder of a valid and unrevoked certified public accountant license issued under the laws of any state, if the board determines that the standards under which the applicant received the license are substantially equivalent to the standards of education, examination, and experience established under this chapter and the applicant has not committed acts or crimes constituting grounds for denial under Section 480. To be authorized to sign reports on attest engagements, the applicant shall meet the requirements of Section 5095.

(b) The board may in particular cases waive any of the requirements regarding the circumstances in which the various parts of the examination were to be passed for an applicant from another state.

SEC. 17. Section 5088 of the Business and Professions Code is amended to read:

5088. (a) Any person who is the holder of a valid and unrevoked license as a certified public accountant issued under the laws of any state and who applies to the board for a license as a certified public accountant under the provisions of Section 5087 may, after application for licensure and after providing evidence of qualifying continuing education, perform the same public accounting services in this state as a certified public accountant licensed under Section 5092 or 5093 until the time his or her application for a license is granted or rejected.

(b) An applicant meeting the requirements of subdivision (a) who certifies that he or she has met the requirements of Section 5095 may perform attest services in this state until the time his or her application for a license is granted or rejected.

SEC. 18. Section 5090 is added to the Business and Professions Code, to read:

5090. (a) An applicant for the certified public accountant license shall comply with the education, examination, and experience requirements in either Section 5092 or 5093.

(b) Notwithstanding subdivision (a), an applicant who applied, qualified, and sat for at least two subjects of the examination for the certified public accountant license before May 15, 2002, may complete the examination and qualify for licensure based on the requirements in Sections 5081.1, 5082, 5082.2, 5083, 5084, and applicable regulations adopted by the board that were in effect on December 31, 2001, or comparable examination requirements adopted by the board in the event the form or format of the examination changes, provided the applicant qualifies and applies for licensure before January 1, 2006.

SEC. 19. Section 5091 is added to the Business and Professions Code, to read:

5091. At the time of application for the examination, the applicant shall choose whether he or she is making the application under Section 5092 or 5093. An applicant making application under Section 5093 may change and apply under Section 5092 without having to retake sections of the examination already passed provided those sections were passed in accordance with the requirements of Section 5092.

SEC. 20. Section 5092 is added to the Business and Professions Code, to read:

5092. (a) To qualify for the certified public accountant license, an applicant who is applying under this section shall meet the education, examination, and experience requirements in subdivisions (b), (c), and (d) of this section. The board may adopt regulations as necessary to implement this section.

(b) An applicant for the certified public accountant license shall present satisfactory evidence that the applicant has completed a baccalaureate or higher degree conferred by a college or university, meeting, at a minimum, the standards described in Section 5094, the total educational program to include a minimum of 24 semester units in accounting subjects and 24 semester units in business related subjects. This evidence shall be provided prior to admission to the examination for the certified public accountant license, except that an applicant who passed the examination before December 31, 2001, may provide this evidence at the time of application for licensure provided the applicant applies and qualifies for licensure before January 1, 2006.

(c) An applicant for the certified public accountant license shall pass an examination in accounting, auditing, and other subjects the board deems appropriate. An applicant who fails this examination has the right to reexamination. During the time this examination is a written, paper and pencil examination, an applicant who passes two or more subjects at any examination shall receive a conditional credit for those subjects and does not need to sit for reexamination in those subjects. The applicant shall have the right to be reexamined in the remaining subject or subjects only at the six subsequent consecutive examinations immediately following receipt of the conditional credit. If the remaining subject or subjects are passed during the six subsequent examinations, the candidate shall be considered to have passed the examination.

The conditional credit period provided in this section may be extended by the board upon a showing of extraordinary extenuating circumstances which prevented the applicant from retaking the examination during this period.

(d) The applicant shall show, to the satisfaction of the board, that the applicant has had two years of qualifying experience. This experience may include providing any type of service or advice involving the use of accounting, attest, compilation, management advisory, financial advisory, tax, or consulting skills. To be qualifying under this section, experience shall have been performed in accordance with applicable professional standards. Experience in public accounting shall be completed under the supervision or in the employ of a person licensed or otherwise having comparable authority under the laws of any state or country to engage in the practice of public accountancy. Experience in private or governmental accounting or auditing shall be completed under the supervision of an individual licensed by a state to engage in the practice of public accountancy.

SEC. 21. Section 5093 is added to the Business and Professions Code, to read:

5093. (a) To qualify for the certified public accountant license, an applicant who is applying under this section shall meet the education, examination, and experience requirements specified in subdivisions (b), (c), and (d) of this section. The board may adopt regulations as necessary to implement this section.

(b) (1) An applicant for admission to the certified public accountant examination under the provisions of this section shall present satisfactory evidence that the applicant has completed a baccalaureate or higher degree conferred by a college or university, meeting, at a minimum, the standards described in Section 5094, the total educational program to include a minimum of 24 semester units in accounting subjects and 24 semester units in business related subjects. This evidence shall be provided at the time of application for admission to the

examination, except that an applicant who passed the examination before December 31, 2001, may provide this evidence at the time of application for licensure provided the applicant applies and qualifies for licensure before January 1, 2006.

(2) An applicant for issuance of the certified public accountant license under the provisions of this section shall present satisfactory evidence that the applicant has completed at least 150 semester units of college education including a baccalaureate or higher degree conferred by a college or university, meeting, at a minimum, the standards described in Section 5094, the total educational program to include a minimum of 24 semester units in accounting subjects and 24 semester units in business related subjects. This evidence shall be presented at the time of application for the certified public accountant license.

(c) An applicant for the certified public accountant license shall pass an examination in accounting, auditing, and other subjects the board deems appropriate. An applicant who fails this examination has the right to reexamination. During the time this examination is a written, paper and pencil examination, the applicant shall pass the examination in accordance with the requirements of paragraphs (1) and (2) of this subdivision.

(1) If at a given sitting of the examination an applicant passes two or more subjects, but does not pass all subjects, the applicant shall be given conditional credit for those subjects and the applicant does not need to sit for reexamination in those subjects, provided that:

(A) At that sitting the applicant sat for all subjects for which the applicant does not have credit.

(B) The applicant attained a minimum standardized score of 50 as determined by the board on each subject taken at that sitting.

(2) In order to pass the examination pursuant to the conditional credit described in paragraph (1), the applicant shall pass the remaining subjects within six subsequent consecutive examinations given after the one at which the first subjects were passed provided that:

(A) At each subsequent sitting at which the applicant seeks to pass any additional subjects, the applicant sits for all subjects for which the applicant does not have credit.

(B) In order to receive credit for passing additional subjects in any subsequent sitting, the applicant attains a minimum standardized score of 50 as determined by the board on the subjects taken at that sitting.

The conditional credit period provided in this section may be extended by the board upon a showing of extraordinary extenuating circumstances which prevented the applicant from retaking the examination period.

(d) The applicant shall show, to the satisfaction of the board, that the applicant has had one year of qualifying experience. This experience may include providing any type of service or advice involving the use

of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills. To be qualifying under this section, experience shall have been performed in accordance with applicable professional standards. Experience in public accounting shall be completed under the supervision or in the employ of a person licensed or otherwise having comparable authority under the laws of any state or country to engage in the practice of public accountancy. Experience in private or governmental accounting or auditing shall be completed under the supervision of an individual licensed by a state to engage in the practice of public accountancy.

SEC. 22. Section 5094 is added to the Business and Professions Code, to read:

5094. (a) In order for education to be qualifying, it shall meet the standards described in subdivision (b) or (c) of this section.

(b) At a minimum, education must be from a university, college, or other institution of learning accredited by a regional institutional accrediting agency included in a list of these agencies published by the United States Secretary of Education under the requirements of the Higher Education Act of 1965 as amended (20 U.S.C. Sec. 1001 and following).

(c) Education from a college, university, or other institution of learning located outside the United States may be qualifying provided it is deemed by the board to be equivalent to education obtained under subdivision (b). The board may require an applicant to submit documentation of his or her education to a credentials evaluation service approved by the board for evaluation and to cause the results of this evaluation to be reported to the board in order to assess educational equivalency.

(d) The board shall adopt regulations specifying the criteria and procedures for approval of credential evaluation services. These regulations shall, at a minimum, require that the credential evaluation service (1) furnish evaluations directly to the board, (2) furnish evaluations written in English, (3) be a member of the American Association of Collegiate Registrars and Admission Officers, the National Association of Foreign Student Affairs, or the National Association of Credential Evaluation Services, (4) be used by accredited colleges and universities, (5) be reevaluated by the board every five years, (6) maintain a complete set of reference materials as specified by the board, (7) base evaluations only upon authentic, original transcripts and degrees and have a written procedure for identifying fraudulent transcripts, (8) include in the evaluation report, for each degree held by the applicant, the equivalent degree offered in the United States, the date the degree was granted, the institution granting the degree, an English translation of the course titles, and the semester unit equivalence for each

of the courses, (9) have an appeal procedure for applicants, and (10) furnish the board with information concerning the credential evaluation service that includes biographical information on evaluators and translators, three letters of references from public or private agencies, statistical information on the number of applications processed annually for the past five years, and any additional information the board may require in order to ascertain that the credential evaluation service meets the standards set forth in this subdivision and in any regulations adopted by the board.

SEC. 23. Section 5095 is added to the Business and Professions Code, to read:

5095. (a) To be authorized to sign reports on attest engagements, a licensee shall complete a minimum of 500 hours of experience, satisfactory to the board, in attest services.

(b) To qualify under this section, attest experience shall have been performed in accordance with applicable professional standards. Experience in public accounting shall be completed under the supervision or in the employ of a person licensed or otherwise having comparable authority under the laws of any state or country to engage in the practice of public accountancy and provide attest services, and this experience shall be verified. Experience in private or governmental accounting or auditing shall be completed under the supervision of an individual licensed by a state to engage in the practice of public accountancy and perform attest services, and this experience shall be verified. An applicant may be required to present work papers or other evidence substantiating that the applicant has met the requirements of this section and any applicable regulations.

(c) An individual who qualified for licensure by meeting the requirements of Section 5083 shall be deemed to have satisfied the requirements of this section.

(d) The board shall adopt regulations to implement this section, including, but not limited to, a procedure for applicants under Section 5092 or Section 5093 to qualify under this section.

SEC. 24. Section 5134 of the Business and Professions Code is amended to read:

5134. The amount of fees prescribed by this chapter is as follows:

(a) The fee to be charged to each applicant for the certified public accountant examination shall be fixed by the board at an amount to equal the actual cost to the board of the purchase or development of the examination, plus the estimated cost to the board of administering the examination and shall not exceed six hundred dollars ($600). The board may charge a reexamination fee equal to the actual cost to the board of the purchase or development of the examination or any of its component parts, plus the estimated cost to the board of administering the

examination and not to exceed seventy-five dollars ($75) for each part that is subject to reexamination.

(b) The fee to be charged to out-of-state candidates for the certified public accountant examination shall be fixed by the board at an amount equal to the estimated cost to the board of administering the examination and shall not exceed six hundred dollars ($600) per candidate.

(c) The application fee to be charged to each applicant for issuance of a certified public accountant certificate shall be fixed by the board at an amount equal to the estimated administrative cost to the board of processing and issuing the certificate and shall not exceed two hundred fifty dollars ($250).

(d) The application fee to be charged to each applicant for issuance of a certified public accountant certificate by waiver of examination shall be fixed by the board at an amount equal to the estimated administrative cost to the board of processing and issuing the certificate and shall not exceed two hundred fifty dollars ($250).

(e) The fee to be charged to each applicant for registration as a partnership or professional corporation shall be fixed by the board at an amount equal to the estimated administrative cost to the board of processing and issuing the registration and shall not exceed two hundred fifty dollars ($250).

(f) The board shall fix the biennial renewal fee so that, together with the estimated amount from revenue other than that generated by subdivisions (a) to (e), inclusive, the reserve balance in the board's contingent fund shall be equal to approximately six months of annual authorized expenditures. Any increase in the renewal fee made after July 1, 1990, shall be effective upon a determination by the board, by regulation adopted pursuant to subdivision (k), that additional moneys are required to fund authorized expenditures other than those specified in subdivisions (a) to (e), inclusive, and maintain the board's contingent fund reserve balance equal to six months of estimated annual authorized expenditures in the fiscal year in which the expenditures will occur. The biennial fee for the renewal of each of the permits to engage in the practice of public accountancy specified in Section 5070 shall not exceed two hundred fifty dollars ($250).

(g) The delinquency fee shall be 50 percent of the accrued renewal fee.

(h) The initial permit fee is an amount equal to the renewal fee in effect on the last regular renewal date before the date on which the permit is issued, except that, if the permit is issued one year or less before it will expire, then the initial permit fee is an amount equal to 50 percent of the renewal fee in effect on the last regular renewal date before the date on which the permit is issued. The board may, by regulation, provide for the

waiver or refund of the initial permit fee where the permit is issued less than 45 days before the date on which it will expire.

(i) The fee to be charged for the certification of documents evidencing passage of the certified public accountant examination, the certification of documents evidencing the grades received on the certified public accountant examination, or the certification of documents evidencing licensure shall be twenty-five dollars ($25).

(j) The actual and estimated costs referred to in this section shall be calculated every two years using a survey of all costs attributable to the applicable subdivision.

(k) Upon the effective date of this section the board shall fix the fees in accordance with the limits of this section and, on and after July 1, 1990, any increase in any fee fixed by the board shall be pursuant to regulation duly adopted by the board in accordance with the limits of this section.

(*l*) Fees collected pursuant to subdivisions (a) to (e), inclusive, shall be fixed by the board in amounts necessary to recover the actual costs of providing the service for which the fee is assessed, as projected for the fiscal year commencing on the date the fees become effective.

SEC. 25. This bill shall become operative only if Assembly Bill 585 is enacted and becomes effective on or before January 1, 2002.

---

## CHAPTER 719

An act to add and repeal Section 1021.1 of the Code of Civil Procedure, relating to attorney's fees.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1021.1 is added to the Code of Civil Procedure, to read:

1021.1. (a) Reasonable attorney's fees may be awarded in an amount to be determined in the court's discretion, to a party to any civil action as provided by this section, and that award shall be made upon notice and motion by a party and shall be an element of the costs of suit.

(b) A party may be entitled, in the discretion of the court, to an award of attorney's fees under this section if all of the following conditions are met:

(1) The party has made an offer for judgment under Section 998.

(2) That offer was not accepted within the time provided in Section 998.

(3) The party to whom the offer was made thereafter failed to obtain a more favorable judgment.

The party making the offer shall be entitled to attorney's fees only for legal services rendered after the date of the offer.

(c) In exercising its discretion to award attorney's fees the court shall consider the following factors:

(1) The reasonableness or lack thereof, of a party's failure to accept an offer for judgment under Section 998 in light of the facts known to the party at the time which, in light of all of the circumstances, should have been known to the party. Reasonableness shall be determined by a consideration of at least the following matters:

(A) The then apparent merit or lack of merit in the claim that was the subject of the action.

(B) The closeness of the questions of fact and law at issue.

(C) Whether the offeror has unreasonably refused to furnish information necessary to evaluate the reasonableness of the offer.

(D) Whether the action was in the nature of a ''test case,'' presenting questions of far-reaching importance affecting nonparties.

(E) The relief that might reasonably have been expected if the claimant should prevail.

(F) The amount of the additional delay, cost, and expense that the offeror reasonably would be expected to incur if the litigation should be prolonged.

(G) Those other matters that the court may deem relevant in the interest of justice.

(2) The amount of damages and other relief sought and the results obtained for the client.

(3) The efforts made by the parties or the attorneys to settle the controversy.

(4) The existence of any bad faith or abuse of legal procedure by the parties or the attorneys.

(d) In exercising its discretion to determine the amount of attorney's fees to be awarded, the court shall consider the following factors, except that in no event shall the amount awarded exceed a reasonable fee for the services actually rendered:

(1) Customary fees in the community in which the action or proceeding is pending charged by attorneys with similar experience or expertise.

(2) The time and labor reasonably required to be spent by the attorney or attorneys.

(3) The experience and ability of the attorneys generally within the profession and also with respect to the action or proceeding.

(4) The novelty and difficulty of the questions involved and the skill required to perform the services properly.

(5) The extent to which the acceptance of the particular matter imposes extraordinary burdens on the attorney or attorneys (A) by way of precluding other employment, (B) by the time limitations imposed by the client, or (C) by the circumstances.

(6) Whether the fee is fixed or contingent.

(7) Those other factors that the court may deem relevant in the interest of justice, including any of the factors described in subdivision (c).

(e) Nothing in this section shall be construed to repeal or modify any other statutory provision for the award of attorney's fees or to diminish any express or implied contractual right which a party to a civil action may otherwise have to obtain an award of attorney's fees for the prosecution or defense of an action.

(f) No attorney's fees shall be awarded pursuant to this section in any of the following instances:

(1) Against a party who is proceeding in forma pauperis or a party whom the court has found not to have the financial ability to pay fees or who would suffer an unreasonable financial hardship if ordered to pay fees.

(2) For or against any party with respect to any cause of action under which an award for reasonable attorney's fees is authorized or required by any other federal or California statute.

(3) For or against any party with respect to any cause of action or proceeding commenced or prosecuted under Title 7 (commencing with Section 1230.010) of Part 3.

(4) For or against any party in any action in which one or more plaintiffs seek to proceed as a class under Section 382.

(5) For or against any party as to any cause of action the gravamen of which is personal injury, wrongful death, or injunctive relief.

(g) The determination under this section shall be made after the final disposition of the action.

(h) This section shall apply only in Riverside County.

(i) The Judicial Council and the Superior Court of Riverside County shall jointly assess the impact of this section upon the court to which it applies and shall report their findings to the Legislature on or before March 1, 2004. The report shall include a determination of the number of filings in the affected courts, the number of cases in which a settlement offer is made, the number of cases settled pursuant to the offer, the number of cases in which the offer is rejected and the party to whom it was made fails to obtain a more favorable judgment, and the number of cases in which attorney's fees were awarded pursuant to this section. The effectiveness of this section shall be determined based on objective data showing whether, and to what extent, this section increases the early

settlement of cases compared to the experience prior to its initial enactment in the courts to which it has applied, and the experience since its initial enactment of the courts in other counties to which it has not applied. The presiding judge and clerk of the court in which this section applies shall cooperate with the Judicial Council and the Superior Court of Riverside County in the assessment and report required by this subdivision.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

(k) It is the intent of the Legislature that this section shall not be reenacted unless and until it is shown by objective data that this section independently and substantially increases the early settlement of cases.

---

## CHAPTER 720

An act to amend Section 1785.15 of, to add Sections 1785.11.1, 1785.11.2, 1785.11.3, 1785.11.4, and 1785.11.6 to, and to add Title 1.81.1 (commencing with Section 1798.85) to Part 4 of Division 3 of, the Civil Code, relating to personal information.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1785.11.1 is added to the Civil Code, to read:

1785.11.1. (a) A consumer may elect to place a security alert in his or her credit report by making a request in writing or by telephone to a consumer credit reporting agency. ''Security alert'' means a notice placed in a consumer's credit report, at the request of the consumer, that notifies a recipient of the credit report that the consumer's identity may have been used without the consumer's consent to fraudulently obtain goods or services in the consumer's name.

(b) A consumer credit reporting agency shall notify each person requesting consumer credit information with respect to a consumer of the existence of a security alert in the credit report of that consumer, regardless of whether a full credit report, credit score, or summary report is requested.

(c) Each consumer credit reporting agency shall maintain a toll-free telephone number to accept security alert requests from consumers 24 hours a day, seven days a week.

(d) The toll-free telephone number shall be included in any written disclosure by a consumer credit reporting agency to any consumer pursuant to Section 1785.15 and shall be printed in a clear and conspicuous manner.

(e) A consumer credit reporting agency shall place a security alert on a consumer's credit report no later than five business days after receiving a request from the consumer.

(f) The security alert shall remain in place for at least 90 days, and a consumer shall have the right to request a renewal of the security alert.

SEC. 2. Section 1785.11.2 is added to the Civil Code, to read:

1785.11.2. (a) A consumer may elect to place a security freeze on his or her credit report by making a request in writing by certified mail to a consumer credit reporting agency. "Security freeze" means a notice placed in a consumer's credit report, at the request of the consumer and subject to certain exceptions, that prohibits the consumer credit reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer. When a security freeze is in place, information from a consumer's credit report shall not be released to a third party without prior express authorization from the consumer. This subdivision does not prevent a consumer credit reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

(b) A consumer credit reporting agency shall place a security freeze on a consumer's credit report no later than five business days after receiving a written request from the consumer.

(c) The consumer credit reporting agency shall send a written confirmation of the security freeze to the consumer within 10 business days and shall provide the consumer with a unique personal identification number or password to be used by the consumer when providing authorization for the release of his or her credit for a specific party or period of time.

(d) If the consumer wishes to allow his or her credit report to be accessed for a specific party or period of time while a freeze is in place, he or she shall contact the consumer credit reporting agency, request that the freeze be temporarily lifted, and provide the following:

(1) Proper identification, as defined in subdivision (c) of Section 1785.15.

(2) The unique personal identification number or password provided by the credit reporting agency pursuant to subdivision (c).

(3) The proper information regarding the third party who is to receive the credit report or the time period for which the report shall be available to users of the credit report.

(e) A consumer credit reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report pursuant to

subdivision (d), shall comply with the request no later than three business days after receiving the request.

(f) A consumer credit reporting agency may develop procedures involving the use of telephone, fax, the Internet, or other electronic media to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subdivision (d) in an expedited manner.

(g) A consumer credit reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

(1) Upon consumer request, pursuant to subdivision (d) or (j).

(2) If the consumer's credit report was frozen due to a material misrepresentation of fact by the consumer. If a consumer credit reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this paragraph, the consumer credit reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

(h) If a third party requests access to a consumer credit report on which a security freeze is in effect, and this request is in connection with an application for credit or any other use, and the consumer does not allow his or her credit report to be accessed for that specific party or period of time, the third party may treat the application as incomplete.

(i) If a consumer requests a security freeze, the consumer credit reporting agency shall disclose the process of placing and temporarily lifting a freeze, and the process for allowing access to information from the consumer's credit report for a specific party or period of time while the freeze is in place.

(j) A security freeze shall remain in place until the consumer requests that the security freeze be removed. A consumer credit reporting agency shall remove a security freeze within three business days of receiving a request for removal from the consumer, who provides both of the following:

(1) Proper identification, as defined in subdivision (c) of Section 1785.15.

(2) The unique personal identification number or password provided by the credit reporting agency pursuant to subdivision (c).

(k) A consumer credit reporting agency shall require proper identification, as defined in subdivision (c) of Section 1785.15, of the person making a request to place or remove a security freeze.

(*l*) The provisions of this section do not apply to the use of a consumer report by the following:

(1) A person or entity, or a subsidiary, affiliate, or agent of that person or entity, or an assignee of a financial obligation owing by the consumer to that person or entity, or a prospective assignee of a financial obligation

owing by the consumer to that person or entity in conjunction with the proposed purchase of the financial obligation, with which the consumer has or had prior to assignment an account or contract, including a demand deposit account, or to whom the consumer issued a negotiable instrument, for the purposes of reviewing the account or collecting the financial obligation owing for the account, contract, or negotiable instrument. For purposes of this paragraph, ''reviewing the account'' includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

(2) A subsidiary, affiliate, agent, assignee, or prospective assignee of a person to whom access has been granted under subdivision (d) of Section 1785.11.2 for purposes of facilitating the extension of credit or other permissible use.

(3) Any state or local agency, law enforcement agency, trial court, or private collection agency acting pursuant to a court order, warrant, or subpoena.

(4) A child support agency acting pursuant to Chapter 2 of Division 17 of the Family Code or Title IV-D of the Social Security Act (42 U.S.C. et seq.).

(5) The State Department of Health Services or its agents or assigns acting to investigate Medi-Cal fraud.

(6) The Franchise Tax Board or its agents or assigns acting to investigate or collect delinquent taxes or unpaid court orders or to fulfill any of its other statutory responsibilities.

(7) The use of credit information for the purposes of prescreening as provided for by the federal Fair Credit Reporting Act.

(m) Nothing in this act shall prevent a consumer credit reporting agency from charging a reasonable fee to a consumer who elects to freeze, remove the freeze, or temporarily lift the freeze regarding access to a consumer credit report, except that a consumer reporting agency may not charge a fee to a victim of identity theft who has submitted a valid police report or valid Department of Motor Vehicles investigative report that alleges a violation of Section 530.5 of the Penal Code.

SEC. 3. Section 1785.11.3 is added to the Civil Code, to read:

1785.11.3. (a) If a security freeze is in place, a consumer credit reporting agency shall not change any of the following official information in a consumer credit report without sending a written confirmation of the change to the consumer within 30 days of the change being posted to the consumer's file: name, date of birth, social security number, and address. Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. In the case of an address change, the written confirmation shall be sent to both the new address and to the former address.

(b) If a consumer has placed a security alert, a consumer credit reporting agency shall provide the consumer, upon request, with a free copy of his or her credit report at the time the 90-day security alert period expires.

SEC. 4. Section 1785.11.4 is added to the Civil Code, to read:

1785.11.4. The provisions of Sections 1785.11.1, 1785.11.2, and 1785.11.3 do not apply to a consumer credit reporting agency that acts only as a reseller of credit information pursuant to Section 1785.22 by assembling and merging information contained in the data base of another consumer credit reporting agency or multiple consumer credit reporting agencies, and does not maintain a permanent data base of credit information from which new consumer credit reports are produced. However, a consumer credit reporting agency acting pursuant to Section 1785.22 shall honor any security freeze placed on a consumer credit report by another consumer credit reporting agency.

SEC. 5. Section 1785.11.6 is added to the Civil Code, to read:

1785.11.6. The following entities are not required to place in a credit report either a security alert, pursuant to Section 1785.11.1, or a security freeze, pursuant to Section 1785.11.2:

(a) A check services company, which issues authorizations for the purpose of approving or processing negotiable instruments, electronic funds transfers, or similar methods of payments.

(b) A demand deposit account information service company, which issues reports regarding account closures due to fraud, substantial overdrafts, ATM abuse, or similar negative information regarding a consumer, to inquiring banks or other financial institutions for use only in reviewing a consumer request for a demand deposit account at the inquiring bank or financial institution.

SEC. 6. Section 1785.15 of the Civil Code is amended to read:

1785.15. (a) A consumer credit reporting agency shall supply files and information required under Section 1785.10 during normal business hours and on reasonable notice. In addition to the disclosure provided by this chapter and any disclosures received by the consumer, the consumer has the right to request and receive all of the following:

(1) Either a decoded written version of the file or a written copy of the file, including all information in the file at the time of the request, with an explanation of any code used.

(2) A credit score for the consumer, the key factors, and the related information, as defined in and required by Section 1785.15.1.

(3) A record of all inquiries, by recipient, which result in the provision of information concerning the consumer in connection with a credit transaction that is not initiated by the consumer and which were received by the consumer credit reporting agency in the 12-month period immediately preceding the request for disclosure under this section.

(4) The recipients, including end users specified in Section 1785.22, of any consumer credit report on the consumer which the consumer credit reporting agency has furnished:

(A) For employment purposes within the two-year period preceding the request.

(B) For any other purpose within the 12-month period preceding the request.

Identification for purposes of this paragraph shall include the name of the recipient or, if applicable, the fictitious business name under which the recipient does business disclosed in full. If requested by the consumer, the identification shall also include the address of the recipient.

(b) Files maintained on a consumer shall be disclosed promptly as follows:

(1) In person, at the location where the consumer credit reporting agency maintains the trained personnel required by subdivision (d), if he or she appears in person and furnishes proper identification.

(2) By mail, if the consumer makes a written request with proper identification for a copy of the file or a decoded written version of that file to be sent to the consumer at a specified address. A disclosure pursuant to this paragraph shall be deposited in the United States mail, postage prepaid, within five business days after the consumer's written request for the disclosure is received by the consumer credit reporting agency. Consumer credit reporting agencies complying with requests for mailings under this section shall not be liable for disclosures to third parties caused by mishandling of mail after the mailings leave the consumer reporting agencies.

(3) A summary of all information contained in files on a consumer and required to be provided by Section 1785.10 shall be provided by telephone, if the consumer has made a written request, with proper identification for telephone disclosure.

(4) Information in a consumer's file required to be provided in writing under this section may also be disclosed in another form if authorized by the consumer and if available from the consumer credit reporting agency. For this purpose a consumer may request disclosure in person pursuant to Section 1785.10, by telephone upon disclosure of proper identification by the consumer, by electronic means if available from the consumer credit reporting agency, or by any other reasonable means that is available from the consumer credit reporting agency.

(c) ''Proper identification,'' as used in subdivision (b) means that information generally deemed sufficient to identify a person. Only if the consumer is unable to reasonably identify himself or herself with the information described above, may a consumer credit reporting agency

require additional information concerning the consumer's employment and personal or family history in order to verify his or her identity.

(d) The consumer credit reporting agency shall provide trained personnel to explain to the consumer any information furnished him or her pursuant to Section 1785.10.

(e) The consumer shall be permitted to be accompanied by one other person of his or her choosing, who shall furnish reasonable identification. A consumer credit reporting agency may require the consumer to furnish a written statement granting permission to the consumer credit reporting agency to discuss the consumer's file in that person's presence.

(f) Any written disclosure by a consumer credit reporting agency to any consumer pursuant to this section shall include a written summary of all rights the consumer has under this title and in the case of a consumer credit reporting agency which compiles and maintains consumer credit reports on a nationwide basis, a toll-free telephone number which the consumer can use to communicate with the consumer credit reporting agency. The written summary of rights required under this subdivision is sufficient if in substantially the following form:

''You have a right to obtain a copy of your credit file from a consumer credit reporting agency. You may be charged a reasonable fee not exceeding eight dollars ($8). There is no fee, however, if you have been turned down for credit, employment, insurance, or a rental dwelling because of information in your credit report within the preceding 60 days. The consumer credit reporting agency must provide someone to help you interpret the information in your credit file.

You have a right to dispute inaccurate information by contacting the consumer credit reporting agency directly. However, neither you nor any credit repair company or credit service organization has the right to have accurate, current, and verifiable information removed from your credit report. Under the Federal Fair Credit Reporting Act, the consumer credit reporting agency must remove accurate, negative information from your report only if it is over seven years old. Bankruptcy information can be reported for 10 years.

If you have notified a consumer credit reporting agency in writing that you dispute the accuracy of information in your file, the consumer credit reporting agency must then, within 30 business days, reinvestigate and modify or remove inaccurate information. The consumer credit reporting agency may not charge a fee for this service. Any pertinent information and copies of all documents you have concerning an error should be given to the consumer credit reporting agency.

If reinvestigation does not resolve the dispute to your satisfaction, you may send a brief statement to the consumer credit reporting agency to keep in your file, explaining why you think the record is inaccurate. The

consumer credit reporting agency must include your statement about disputed information in a report it issues about you.

You have a right to receive a record of all inquiries relating to a credit transaction initiated in 12 months preceding your request. This record shall include the recipients of any consumer credit report.

You may request in writing that the information contained in your file not be provided to a third party for marketing purposes.

You have a right to place a ''security alert'' in your credit report, which will warn anyone who receives information in your credit report that your identity may have been used without your consent and that recipients of your credit report are advised, but not required, to verify your identity prior to issuing credit. The security alert may prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that taking advantage of this right may delay or interfere with the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, insurance, rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transaction, or other services, including an extension of credit at point of sale. If you place a security alert on your credit report, you have a right to obtain a free copy of your credit report at the time the 90-day security alert period expires. A security alert may be requested by calling the following toll-free telephone number: (Insert applicable toll-free telephone number).

You have a right to place a ''security freeze'' on your credit report, which will prohibit a consumer credit reporting agency from releasing any information in your credit report without your express authorization. A security freeze must be requested in writing by certified mail. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, insurance, government services or payments rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transaction, or other services, including an extension of credit at point of sale. When you place a security freeze on your credit report, you will be provided a personal identification number or password to use if you choose to remove the freeze on your credit report or authorize the release of your credit report for a specific party or period of time after the freeze is in place. To provide that authorization you must contact the consumer credit reporting agency and provide all of the following:

(1) The personal identification number or password.

(2) Proper identification to verify your identity.

(3) The proper information regarding the third party who is to receive the credit report or the period of time for which the report shall be available.

A consumer credit reporting agency must authorize the release of your credit report no later than three business days after receiving the above information.

A security freeze does not apply to a person or entity, or its affiliates, or collection agencies acting on behalf of the person or entity, with which you have an existing account, that requests information in your credit report for the purposes of reviewing or collecting the account. Reviewing the account includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

You have a right to bring civil action against anyone, including a consumer credit reporting agency, who improperly obtains access to a file, knowingly or willfully misuses file data, or fails to correct inaccurate file data.''

SEC. 7. Title 1.81.1 (commencing with Section 1798.85) is added to Part 4 of Division 3 of the Civil Code, to read:

## TITLE 1.81.1. CONFIDENTIALITY OF SOCIAL SECURITY NUMBERS

1798.85. (a) A person or entity, not including a state or local agency, shall not do any of the following:

(1) Publicly post or publicly display in any manner an individual's social security number. ''Publicly post'' or ''publicly display'' means to intentionally communicate or otherwise make available to the general public.

(2) Print an individual's social security number on any card required for the individual to access products or services provided by the person or entity.

(3) Require an individual to transmit his or her social security number over the Internet unless the connection is secure or the social security number is encrypted.

(4) Require an individual to use his or her social security number to access an Internet Web site, unless a password or unique personal identification number or other authentication device is also required to access the Web site.

(5) Print an individual's social security number on any materials that are mailed to the individual, unless state or federal law requires the social security number to be on the document to be mailed. Notwithstanding

this provision, applications and forms sent by mail may include social security numbers.

(b) Except as provided in subdivision (c), subdivision (a) applies only to the use of social security numbers on or after July 1, 2002.

(c) Except as provided in subdivision (f), a person or entity, not including a state or local agency, that has used, prior to July 1, 2002, an individual's social security number in a manner inconsistent with subdivision (a), may continue using that individual's social security number in that manner on or after July 1, 2002, if all of the following conditions are met:

(1) The use of the social security number is continuous. If the use is stopped for any reason, subdivision (a) shall apply.

(2) The individual is provided an annual disclosure, commencing in the year 2002, that informs the individual that he or she has the right to stop the use of his or her social security number in a manner prohibited by subdivision (a).

(3) A written request by an individual to stop the use of his or her social security number in a manner prohibited by subdivision (a) shall be implemented within 30 days of the receipt of the request. There shall be no fee or charge for implementing the request.

(4) A person or entity, not including a state or local agency, shall not deny services to an individual because the individual makes a written request pursuant to this subdivision.

(d) This section does not prevent the collection, use, or release of a social security number as required by state or federal law or the use of a social security number for internal verification or administrative purposes.

(e) This section does not apply to documents that are recorded or required to be open to the public pursuant to Chapter 3.5 (commencing with Section 6250), Chapter 14 (commencing with Section 7150) or Chapter 14.5 (commencing with Section 7220) of Division 7 of Title 1 of, or Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of, the Government Code. This section does not apply to records that are required by statute, case law, or California Rule of Court, to be made available to the public by entities provided for in Article VI of the California Constitution.

(f) (1) In the case of a health care service plan, a provider of health care, an insurer or a pharmacy benefits manager, or a contractor as defined in Section 56.05, this section shall become operative in the following manner:

(A) On or before January 1, 2003, the entities listed in paragraph (1) of subdivision (f) shall comply with paragraphs (1), (3), (4), and (5) of subdivision (a) as these requirements pertain to individual policyholders.

(B) On or before January 1, 2004, the entities listed in paragraph (1) of subdivision (f) shall comply with paragraphs (1) to (5), inclusive, of subdivision (a) as these requirements pertain to new individual policyholders and new employer groups issued on or after January 1, 2004.

(C) On or before July 1, 2004, the entities listed in paragraph (1) of subdivision (f) shall comply with paragraphs (1) to (5), inclusive, of subdivision (a) for all policyholders and for all enrollees of the Healthy Families and Medi-Cal programs, except that individual and employer group policyholders in existence prior to January 1, 2004, shall comply upon their renewal date, but no later than July 1, 2005.

(2) A health care service plan, a provider of health care, an insurer or a pharmacy benefits manager, or a contractor shall make reasonable efforts to cooperate, through systems testing and other means, to ensure that the requirements of this article are implemented on or before the dates specified in this section.

(3) Notwithstanding paragraph (2), the Director of the Department of Managed Health Care, pursuant to the authority granted under Section 1346 of the Health and Safety Code, or the Insurance Commissioner, pursuant to the authority granted under Section 12921 of the Insurance Code, and upon a determination of good cause, may grant extensions not to exceed six months for compliance by health care service plans and insurers with the requirements of this section when requested by the health care service plan or insurer. Any extension granted shall apply to the health care service plan or insurer's affected providers, pharmacy benefits manager, and contractors.

(g) If a federal law takes effect requiring the United States Department of Health and Human Services to establish a national unique patient health identifier program, a provider of health care, a health care service plan, a licensed health care professional, or a contractor, as those terms are defined in Section 56.05, that complies with the federal law shall be deemed in compliance with this section.

SEC. 8. Section 1 of this act shall become operative on July 1, 2002. Sections 2 and 3 of this act shall become operative on January 1, 2003.

---

## CHAPTER 721

An act to add Division 10.9 (commencing with Section 11999.20) to the Health and Safety Code, and to amend Sections 1210, 1210.1, and 3063.1 of, and to add Sections 1210.5 and 3063.2 to, the Penal Code, relating to drug testing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 2001. Filed with
Secretary of State October 11, 2001.]

I am signing Senate Bill 223, but I am deleting the $9.6 million General Fund appropriation for drug testing and thereby reducing the overall appropriation in this bill from $18 million to $8.4 million.

This bill would allow drug testing for clients treated under the Substance Abuse and Crime Prevention Act of 2000 (Proposition 36) and would provide $9.6 million General Fund and $8.4 million federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds for that purpose.

I strongly support drug testing as a component of substance abuse treatment and I am retaining the $8.4 million federal funding in the bill for that purpose. The DADP estimates that the federal SAPT funds are sufficient to meet local needs for drug testing. In addition, given the rapid decline of our economy and a budget shortfall of $1.1 billion through the first three months of this fiscal year alone, I have no choice but to oppose additional General Fund spending.

I am directing the Department of Alcohol and Drug Programs (DADP) to use $8.4 million from the federal fiscal year (FFY) 2001 SAPT award for drug testing in 2001–02. Because the need for drug testing will continue, I will include funding from the FFY 2002 award for drug testing in my 2002–03 Budget. Further, I direct the DADP to encourage the counties to make drug testing a priority for use of these federal funds.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. Division 10.9 (commencing with Section 11999.20) is added to the Health and Safety Code, to read:

## DIVISION 10.9. SUBSTANCE ABUSE TESTING AND TREATMENT ACCOUNTABILITY PROGRAM

11999.20. The State Department of Alcohol and Drug Programs shall administer and award grants to counties to supplement funding provided under the Substance Abuse and Crime Prevention Act of 2000 for the purpose of funding substance abuse testing for eligible offenders. Funding shall be used to supplement, rather than supplant, funding for existing substance abuse testing programs.

11999.25. (a) To be eligible for a grant pursuant to this division, a county shall have on file with the State Department of Alcohol and Drug Programs an approved plan for implementing the Substance Abuse and Crime Prevention Act of 2000.

(b) The county plan shall include a description of the process to be used for substance abuse treatment and substance abuse testing of probationers consistent with Sections 1210.1 and 1210.5, and substance abuse treatment and substance abuse testing of parolees consistent with Sections 3063.1 and 3063.2.

(c) The State Department of Alcohol and Drug Programs shall establish a fair and equitable distribution formula for allocating money to eligible counties.

SEC. 2. Section 1210 of the Penal Code is amended to read:

1210. Definitions

As used in Sections 1210.1 and 3063.1 of this code, and Division 10.8 (commencing with Section 11999.4) of the Health and Safety Code:

(a) The term ''nonviolent drug possession offense'' means the unlawful possession, use, or transportation for personal use of any controlled substance identified in Section 11054, 11055, 11056, 11057 or 11058 of the Health and Safety Code, or the offense of being under the influence of a controlled substance in violation of Section 11550 of the Health and Safety Code. The term ''nonviolent drug possession offense'' does not include the possession for sale, production, or manufacturing of any controlled substance and does not include violations of Section 4573.6 or 4573.8.

(b) The term ''drug treatment program'' or ''drug treatment'' means a state licensed and/or certified community drug treatment program, which may include one or more of the following: outpatient treatment, half-way house treatment, narcotic replacement therapy, drug education or prevention courses and/or limited inpatient or residential drug treatment as needed to address special detoxification or relapse situations or severe dependence. The term ''drug treatment program'' or ''drug treatment'' includes a drug treatment program operated under the direction of the Veterans Health Administration of the Department of Veterans Affairs or a program specified in Section 8001 ; such a program shall be eligible to provide drug treatment services without regard to the licensing or certification provisions required by this subdivision. The term ''drug treatment program'' or ''drug treatment'' does not include drug treatment programs offered in a prison or jail facility.

(c) The term ''successful completion of treatment'' means that a defendant who has had drug treatment imposed as a condition of probation has completed the prescribed course of drug treatment and, as a result, there is reasonable cause to believe that the defendant will not abuse controlled substances in the future.

(d) The term ''misdemeanor not related to the use of drugs'' means a misdemeanor that does not involve (1) the simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or (2) any activity similar to those listed in paragraph (1).

SEC. 3. Section 1210.1 of the Penal Code is amended to read:

1210.1. Possession of Controlled Substances; Probation; Exceptions

(a) Notwithstanding any other provision of law, and except as provided in subdivision (b), any person convicted of a nonviolent drug possession offense shall receive probation. As a condition of probation the court shall require participation in and completion of an appropriate drug treatment program. The court may also impose, as a condition of probation, participation in vocational training, family counseling, literacy training and/or community service. A court may not impose incarceration as an additional condition of probation. Aside from the limitations imposed in this subdivision, the trial court is not otherwise limited in the type of probation conditions it may impose. Probation shall be imposed by suspending the imposition of sentence.

In addition to any fine assessed under other provisions of law, the trial judge may require any person convicted of a nonviolent drug possession offense who is reasonably able to do so to contribute to the cost of his or her own placement in a drug treatment program.

(b) Subdivision (a) does not apply to either of the following:

(1) Any defendant who previously has been convicted of one or more serious or violent felonies in violation of subdivision (c) of Section 667.5 or Section 1192.7, unless the nonviolent drug possession offense occurred after a period of five years in which the defendant remained free of both prison custody and the commission of an offense that results in (A) a felony conviction other than a nonviolent drug possession offense, or (B) a misdemeanor conviction involving physical injury or the threat of physical injury to another person.

(2) Any defendant who, in addition to one or more nonviolent drug possession offenses, has been convicted in the same proceeding of a misdemeanor not related to the use of drugs or any felony.

(3) Any defendant who:

(A) While using a firearm, unlawfully possesses any amount of (i) a substance containing either cocaine base, cocaine, heroin, methamphetamine, or (ii) a liquid, nonliquid, plant substance, or hand-rolled cigarette, containing phencyclidine.

(B) While using a firearm, is unlawfully under the influence of cocaine base, cocaine, heroin, methamphetamine or phencyclidine.

(4) Any defendant who refuses drug treatment as a condition of probation.

(5) Any defendant who (A) has two separate convictions for nonviolent drug possession offenses, (B) has participated in two separate courses of drug treatment pursuant to subdivision (a), and (C) is found by the court, by clear and convincing evidence, to be unamenable to any and all forms of available drug treatment. Notwithstanding any other provision of law, the trial court shall sentence such defendants to 30 days in jail.

(c) Within seven days of an order imposing probation under subdivision (a), the probation department shall notify the drug treatment provider designated to provide drug treatment under subdivision (a). Within 30 days of receiving that notice, the treatment provider shall prepare a treatment plan and forward it to the probation department. On a quarterly basis after the defendant begins the drug treatment program, the treatment provider shall prepare and forward a progress report on the individual probationer to the probation department.

(1) If at any point during the course of drug treatment the treatment provider notifies the probation department that the defendant is unamenable to the drug treatment being provided, but may be amenable to other drug treatments or related programs, the probation department may move the court to modify the terms of probation to ensure that the defendant receives the alternative drug treatment or program.

(2) If at any point during the course of drug treatment the treatment provider notifies the probation department that the defendant is unamenable to the drug treatment provided and all other forms of drug treatment programs pursuant to subdivision (b) of Section 1210, the probation department may move to revoke probation. At the revocation hearing, if it is proved that the defendant is unamenable to all drug treatment programs pursuant to subdivision (b) of Section 1210, the court may revoke probation.

(3) Drug treatment services provided by subdivision (a) as a required condition of probation may not exceed 12 months, provided, however, that additional aftercare services as a condition of probation may be required for up to six months.

(d) Dismissal of charges upon successful completion of drug treatment

(1) At any time after completion of drug treatment, a defendant may petition the sentencing court for dismissal of the charges. If the court finds that the defendant successfully completed drug treatment, and substantially complied with the conditions of probation, the conviction on which the probation was based shall be set aside and the court shall dismiss the indictment, complaint, or information against the defendant. In addition, except as provided in paragraphs (2) and (3), both the arrest and the conviction shall be deemed never to have occurred. Except as provided in paragraph (2) or (3), the defendant shall thereafter be released from all penalties and disabilities resulting from the offense of which he or she has been convicted.

(2) Dismissal of an indictment, complaint, or information pursuant to paragraph (1) does not permit a person to own, possess, or have in his or her custody or control any firearm capable of being concealed upon the person or prevent his or her conviction under Section 12021.

(3) Except as provided below, after an indictment, complaint, or information is dismissed pursuant to paragraph (1), the defendant may indicate in response to any question concerning his or her prior criminal record that he or she was not arrested or convicted for the offense. Except as provided below, a record pertaining to an arrest or conviction resulting in successful completion of a drug treatment program under this section may not, without the defendant's consent, be used in any way that could result in the denial of any employment, benefit, license, or certificate.

Regardless of his or her successful completion of drug treatment, the arrest and conviction on which the probation was based may be recorded by the Department of Justice and disclosed in response to any peace officer application request or any law enforcement inquiry. Dismissal of an information, complaint, or indictment under this section does not relieve a defendant of the obligation to disclose the arrest and conviction in response to any direct question contained in any questionnaire or application for public office, for a position as a peace officer as defined in Section 830, for licensure by any state or local agency, for contracting with the California State Lottery, or for purposes of serving on a jury.

(e) Violation of probation

(1) If probation is revoked pursuant to the provisions of this subdivision, the defendant may be incarcerated pursuant to otherwise applicable law without regard to the provisions of this section.

(2) Non-drug-related probation violations

If a defendant receives probation under subdivision (a), and violates that probation either by being arrested for an offense that is not a nonviolent drug possession offense, or by violating a non-drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The court may modify or revoke probation if the alleged violation is proved.

(3) Drug-related probation violations

(A) If a defendant receives probation under subdivision (a), and violates that probation either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in paragraph (1) of subdivision (d) of Section 1210, or by violating a drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence that the defendant poses a danger to the safety of others. If the court does not revoke probation, it may intensify or alter the drug treatment plan.

(B) If a defendant receives probation under subdivision (a), and for the second time violates that probation either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in paragraph (1) of subdivision (d) of Section 1210, or by violating a drug-related condition of probation, and the state moves for a second time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence either that the defendant poses a danger to the safety of others or is unamenable to drug treatment. In determining whether a defendant is unamenable to drug treatment, the court may consider, to the extent relevant, whether the defendant (i) has committed a serious violation of rules at the drug treatment program, (ii) has repeatedly committed violations of program rules that inhibit the defendant's ability to function in the program, or (iii) has continually refused to participate in the program or asked to be removed from the program. If the court does not revoke probation, it may intensify or alter the drug treatment plan.

(C) If a defendant receives probation under subdivision (a), and for the third time violates that probation either by committing a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves for a third time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. If the alleged probation violation is proved, the defendant is not eligible for continued probation under subdivision (a).

(D) If a defendant on probation at the effective date of this act for a nonviolent drug possession offense violates that probation either by being arrested for a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in paragraph (1) of subdivision (d) of Section 1210, or by violating a drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence that the defendant poses a danger to the safety of others. If the court does not revoke probation, it may modify probation and impose as an additional condition participation in a drug treatment program.

(E) If a defendant on probation at the effective date of this act for a nonviolent drug possession offense violates that probation a second time either by being arrested for a nonviolent drug possession offense, or a

misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in paragraph (1) of subdivision (d) of Section 1210, or by violating a drug-related condition of probation, and the state moves for a second time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence either that the defendant poses a danger to the safety of others or that the defendant is unamenable to drug treatment. If the court does not revoke probation, it may modify probation and impose as an additional condition participation in a drug treatment program.

(F) If a defendant on probation at the effective date of this act for a nonviolent drug offense violates that probation a third time either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves for a third time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. If the alleged probation violation is proved, the defendant is not eligible for continued probation under subdivision (a).

(f) The term ''drug-related condition of probation'' shall include a probationer's specific drug treatment regimen, employment, vocational training, educational programs, psychological counseling, and family counseling.

SEC. 4. Section 1210.5 is added to the Penal Code, to read:

1210.5. In a case where a person has been ordered to undergo drug treatment as a condition of probation, any court ordered drug testing shall be used as a treatment tool. In evaluating a probationer's treatment program, results of any drug testing shall be given no greater weight than any other aspects of the probationer's individual treatment program.

SEC. 5. Section 3063.1 of the Penal Code is amended to read:

3063.1. Possession of Controlled Substances; Parole; Exceptions

(a) Notwithstanding any other provision of law, and except as provided in subdivision (d), parole may not be suspended or revoked for commission of a nonviolent drug possession offense or for violating any drug-related condition of parole.

As an additional condition of parole for all such offenses or violations, the Parole Authority shall require participation in and completion of an appropriate drug treatment program. Vocational training, family counseling and literacy training may be imposed as additional parole conditions.

The Parole Authority may require any person on parole who commits a nonviolent drug possession offense or violates any drug-related

condition of parole, and who is reasonably able to do so, to contribute to the cost of his or her own placement in a drug treatment program.

(b) Subdivision (a) does not apply to:

(1) Any parolee who has been convicted of one or more serious or violent felonies in violation of subdivision (c) of Section 667.5 or Section 1192.7.

(2) Any parolee who, while on parole, commits one or more nonviolent drug possession offenses and is found to have concurrently committed a misdemeanor not related to the use of drugs or any felony.

(3) Any parolee who refuses drug treatment as a condition of parole.

(c) Within seven days of a finding that the parolee has either committed a nonviolent drug possession offense or violated any drug-related condition of parole, the Parole Authority shall notify the treatment provider designated to provide drug treatment under subdivision (a). Within 30 days thereafter the treatment provider shall prepare an individualized drug treatment plan and forward it to the Parole Authority and to the California Department of Corrections Parole Division agent responsible for supervising the parolee. On a quarterly basis after the parolee begins drug treatment, the treatment provider shall prepare and forward a progress report on the individual parolee to these entities and individuals.

(1) If at any point during the course of drug treatment the treatment provider notifies the Parole Authority that the parolee is unamenable to the drug treatment provided, but amenable to other drug treatments or related programs, the Parole Authority may act to modify the terms of parole to ensure that the parolee receives the alternative drug treatment or program.

(2) If at any point during the course of drug treatment the treatment provider notifies the Parole Authority that the parolee is unamenable to the drug treatment provided and all other forms of drug treatment provided pursuant to subdivision (b) of Section 1210 and the amenability factors described in subparagraph (B) of paragraph (3) of subdivision (e) of Section 1210.1, the Parole Authority may act to revoke parole. At the revocation hearing, parole may be revoked if it is proved that the parolee is unamenable to all drug treatment.

(3) Drug treatment services provided by subdivision (a) as a required condition of parole may not exceed 12 months, provided, however, that additional aftercare services as a condition of parole may be required for up to six months.

(d) Violation of parole

(1) If parole is revoked pursuant to the provisions of this subdivision, the defendant may be incarcerated pursuant to otherwise applicable law without regard to the provisions of this section. Parole shall be revoked

if the parole violation is proved and a preponderance of the evidence establishes that the parolee poses a danger to the safety of others.

(2) Non-drug-related parole violations

If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment violates parole either by committing an offense other than a nonviolent drug possession offense, or by violating a non-drug-related condition of parole, and the Parole Authority acts to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked.

Parole may be modified or revoked if the parole violation is proved.

(3) Drug-related parole violations

(A) If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment violates parole either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in paragraph (1) of subdivision (d) of Section 1210, or by violating a drug-related condition of parole, and the Parole Authority acts to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. Parole shall be revoked if the parole violation is proved and a preponderance of the evidence establishes that the parolee poses a danger to the safety of others. If parole is not revoked, the conditions of parole may be intensified to achieve the goals of drug treatment.

(B) If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment for the second time violates that parole either by committing a nonviolent drug possession offense, or by violating a drug-related condition of parole, and the Parole Authority acts for a second time to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. If the alleged parole violation is proved, the parolee is not eligible for continued parole under any provision of this section and may be reincarcerated.

(C) If a parolee already on parole at the effective date of this act violates that parole either by committing a nonviolent drug possession offense, or a misdemeanor for simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or any activity similar to those listed in paragraph (1) of subdivision (d) of Section 1210, or by violating a drug-related condition of parole, and the Parole Authority acts to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. Parole shall be revoked if the parole violation is proved and a preponderance of the evidence establishes that the parolee poses a danger to the safety of others. If parole is not revoked, the conditions of parole may be modified to include participation in a drug treatment

program as provided in subdivision (a). This paragraph does not apply to any parolee who at the effective date of this act has been convicted of one or more serious or violent felonies in violation of subdivision (c) of Section 667.5 or Section 1192.7.

(D) If a parolee already on parole at the effective date of this act violates that parole for the second time either by committing a nonviolent drug possession offense, or by violating a drug-related condition of parole, and the Parole Authority acts for a second time to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. If the alleged parole violation is proved, the parolee is not eligible for continued parole under any provision of this section and may be reincarcerated.

(e) The term ''drug-related condition of parole'' shall include a parolee's specific drug treatment regimen, and, if ordered by the parole authority pursuant to this section, employment, vocational training, educational programs, psychological counseling, and family counseling.

SEC. 6. Section 3063.2 is added to the Penal Code, to read:

3063.2. In a case where a parolee had been ordered to undergo drug treatment as a condition of parole pursuant to Section 3063.1, any drug testing of the parolee shall be used as a treatment tool. In evaluating a parolee's treatment program, results of any drug testing shall be given no greater weight than any other aspects of the parolee's individual treatment program.

SEC. 7. The sum of eighteen million dollars ($18,000,000) is hereby appropriated to the State Department of Drug and Alcohol Programs as follows:

(a) Eight million four hundred thousand dollars ($8,400,000) from the Federal Substance Abuse Prevention and Treatment Block Grant for allocation to counties for expenditure during the 2001–02 fiscal year for drug testing and other purposes consistent with federal law.

(b) Nine million six hundred thousand dollars ($9,600,000) from the General Fund for expenditure to implement Division 10.9 of the Health and Safety Code.

SEC. 8. If this act becomes effective prior to July 1, 2001, it shall become operative on July 1, 2001.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to preserve the public health by successfully implementing the Substance Abuse and Crime Prevention Act of 2000, funds for drug testing must be made available immediately.

SEC. 10. (a) Notwithstanding the provisions of the Administrative Procedure Act, as set forth in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the State Department of Alcohol and Drug Programs may, until June 30, 2002, implement the applicable provisions of Section 11999.25 of the Health and Safety Code by means of a letter to all county lead agencies or similar instructions from the Director of Alcohol and Drug Programs.

(b) (1) The Director of Alcohol and Drug Programs shall adopt regulations, as otherwise necessary, to implement the applicable provisions of Section 11999.25 of the Health and Safety Code, no later than July 1, 2002.

(2) Emergency regulations to implement the applicable provisions of this act may be adopted by the Director of Alcohol and Drug Programs in accordance with the Administrative Procedure Act.

(3) The initial adoption of emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare.

(4) Initial emergency regulations and the first readoption of those emergency regulations shall be exempt from review by the Office of Administrative Law.

(5) The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days.

---

## CHAPTER 722

An act to amend Sections 60601, 60605, 60607, 60630, 60641, 60642, 60642.5, 60643, 60643.5, and 60650 of, to add Sections 60605.6 and 60653 to, and to repeal Sections 60609 and 60640.1 of, the Education Code, relating to pupil testing.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) It is the intent of the Legislature to provide a system of individual pupil assessments that meets the different needs of the state, school administrators, teachers, parents and guardians, and pupils.

(b) It is the further intent of the Legislature that the pupil assessment system do each of the following:

(1) Emphasize standards-based tests that measure the achievement of pupils on the state's academic content and performance standards relative to nationally normed tests.

(2) Minimize the amount of instructional time spent on statewide testing by eliminating redundant tests and consolidating different state testing programs if the consolidated examination can achieve the purpose of the original examinations with equal rigor, reliability, and validity.

(3) Provide accountability in the elementary grades in history/social science and science with the addition of a standards-based test in each of these core areas in at least one upper elementary grade.

(4) Use a nationally normed test in high school science until a standards-based test can be developed that is appropriate for the range of science classes offered in California high schools for which there are no standards-based end-of-course examinations.

(5) Create a standards-based mathematics test available to pupils in grades 8 and 9 who have not yet completed coursework that would prepare them to take the Algebra I or Integrated I standards-based mathematics test.

(6) Decrease the amount of time in the statewide testing system dedicated to the nationally normed test by using shortened test forms where appropriate; by 2003, eliminates the history/social science nationally normed test in grades 9 to 11, inclusive, and uses a short form of a nationally normed mathematics test in grades 2 to 11, inclusive. No later than 2005, the State Board of Education shall make a finding regarding the feasibility of using a short form of a nationally normed test in English/language arts in grades 2 to 11, inclusive.

(7) Restructure the Golden State Examination to increase the potential use of this examination. Possible additional uses include determining college placement, credit, and admission. To reduce testing time and in subjects for which a California Standards Test and a Golden State Examination exist, a Golden State Examination should consist of some portion of a California Standards Test and additional Golden State Examination items. It is further the intent of the Legislature that the Golden State Examination program be continued only to the extent that the examination meets the same psychometric standards of other nationally accepted examinations used to measure advanced academic achievement.

(8) Allow the Superintendent of Public Instruction to recommend, and the State Board of Education to approve, a statewide master contract to execute the state testing system.

(9) Conduct a series of technical evaluations to ensure system coordination and coherency as well as technical validity and reliability. These evaluations shall include analyses regarding how well each of the

components of the state testing system provide information about the degree to which pupils are learning the content of the state standards.

SEC. 2. Section 60601 of the Education Code is amended to read:

60601. This chapter shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2005, deletes or extends that date.

SEC. 3. Section 60605 of the Education Code is amended to read:

60605. (a) (1) (A) Not later than January 1, 1998, the State Board of Education shall adopt statewide academically rigorous content standards, pursuant to the recommendations of the Commission for the Establishment of Academic Content and Performance Standards, in the core curriculum areas of reading, writing, and mathematics to serve as the basis for assessing the academic achievement of individual pupils and of schools, school districts, and the California education system. Not later than November 1, 1998, the State Board of Education shall adopt these standards in the core curriculum areas of history/social science and science.

(B) The board shall adopt statewide performance standards in the core curriculum areas of reading, writing, mathematics, history/social science, and science based on the recommendations made by the Superintendent of Public Instruction and a contractor or contractors.

(C) The State Board of Education shall require the contractor or contractors to submit performance standards to the Superintendent of Public Instruction and the board not later than a specified date that allows sufficient opportunity for the Superintendent of Public Instruction to make a recommendation to the board and for the board to conduct regional hearings prior to the adoption of the performance standards.

(2) (A) The State Board of Education may modify any proposed content standards or performance standards prior to adoption and may adopt content and performance standards in individual core curriculum areas as those standards are submitted to the board. The performance standards shall be established against specific grade level benchmarks of academic achievement for each subject area tested and shall be based on the knowledge and skills that pupils will need in order to succeed in the information-based, global economy of the 21st century. These skills shall not include personal behavioral standards or skills, including, but not limited to, honesty, sociability, ethics, or self-esteem. The standards adopted pursuant to this section shall be for the purpose of guiding state decisions regarding the development, adoption, and approval of assessment instruments pursuant to this chapter and shall not be construed to mandate any actions or activities by school districts.

(B) Because these standards are models, the adoption of these standards is not subject to the Administrative Procedure Act. This subparagraph is declaratory of existing law.

(3) Before adopting academic content and performance standards, the board shall hold regional hearings for the purpose of giving parents and other members of the public the opportunity to comment on the proposed standards.

(b) (1) The State Board of Education shall require the State Department of Education to notify publishers of the opportunity to submit, for consideration by the State Board of Education pursuant to Section 60642, tests of achievement that include all of the basic academic skills identified in subdivision (c) of Section 60603 in grades 2 to 8, inclusive, and the core curriculum areas of English and language arts, mathematics, and science in grades 9 to 11, inclusive.

(2) The Superintendent of Public Instruction shall recommend to the State Board of Education which achievement test to adopt pursuant to subdivision (b) of Section 60642.

(c) (1) The State Board of Education shall ensure that the statewide assessment system adopted pursuant to this chapter yields valid, reliable individual pupil scores and, where applicable, aggregate school scores, school district scores, and statewide scores of pupils and assesses basic academic skills and content standards, including the use of a direct writing assessment or other applied academic skills if deemed valid and reliable and if resources are made available for their use.

(2) Nothing in this subdivision shall be construed to prevent the State Board of Education from developing or adopting an assessment instrument that also contains assessments of basic academic skills.

(d) To the extent feasible and as otherwise required, the State Board of Education shall ensure that assessments developed, or contracted for pursuant to Section 60642.5, by the state are aligned with the statewide content and performance standards adopted pursuant to subdivision (a). The State Department of Education, with the approval of the State Board of Education, shall periodically contract for a review of the achievement test for conformance with these standards.

(e) After adopting statewide content and performance standards, the State Board of Education shall review the existing curriculum frameworks for conformity with the new statewide standards and shall modify the curriculum frameworks where appropriate to bring them into alignment with the standards.

(f) The State Board of Education shall adopt regulations for the conduct and administration of the testing and assessment program.

(g) The State Board of Education shall adopt a regulation for minimum security procedures that test and assessment publishers and school districts must follow to ensure the security and integrity of test and assessment questions and materials.

SEC. 4. Section 60605.6 is added to the Education Code, to read:

60605.6. Subject to the availability of funds in the annual Budget Act for this purpose, the Superintendent of Public Instruction, upon approval of the State Board of Education, shall contract for the development and distribution of workbooks, as follows:

(a) One workbook to be distributed to all pupils in the 10th grade. This workbook shall contain information on the proficiency levels that must be demonstrated by pupils on the high school exit examination described in Chapter 9 (commencing with Section 60850). The workbook also shall contain sample questions, with explanations describing how these sample questions test pupil knowledge of the language arts and mathematics content standards adopted by the State Board of Education pursuant to Section 60605.

(b) Separate workbooks for each of grades 2 to 11, inclusive. Each pupil in grades 2 to 11, inclusive, who is required to take the achievement tests described in Section 60642 or Section 60642.5 shall receive a copy of the workbook designed for the same grade level in which the pupil is enrolled. These workbooks shall contain material to assist pupils and their parents with standards-based learning, including the grade appropriate academic content standards adopted by the State Board of Education pursuant to Section 60605 and sample questions that require knowledge of these standards to answer. The workbooks also shall describe how the sample questions test knowledge of the State Board of Education adopted academic content standards.

SEC. 5. Section 60607 of the Education Code is amended to read:

60607. (a) Each pupil shall have an individual record of accomplishment by the end of grade 12 that includes the results of the achievement test required and administered annually as part of the standardized testing and reporting program established pursuant to Article 4 (commencing with Section 60640), results of end-of-course exams he or she has taken, and whatever vocational education certification exams he or she chose to take.

(b) It is the intent of the Legislature that school districts and schools use the results of the academic achievement tests administered annually as part of the statewide pupil assessment program to provide support to pupils and parents or guardians in order to assist pupils in strengthening their development as learners, and thereby to improve their academic achievement and performance in subsequent assessments.

(c) Any pupil results or record of achievement shall be private, and may not be released to any person, other than the pupil's parent or guardian and a teacher, counselor, or administrator directly involved with the pupil, without the express written consent of the parent or guardian of the pupil if the pupil is a minor or the pupil if the pupil has reached the age of majority or is emancipated.

SEC. 6. Section 60609 of the Education Code is repealed.

SEC. 7. Section 60630 of the Education Code is amended to read:

60630. (a) The Superintendent of Public Instruction shall prepare and submit an annual report to the Legislature and the State Board of Education containing an analysis of the results and test scores of the assessment of applied academic skills adopted pursuant to subdivision (c) of Section 60605 and the achievement test designated pursuant to Section 60642. The report simultaneously shall be made available in an electronic medium on the Internet. The analysis may include, but need not be limited to, the following factors:

(1) Financial characteristics, including specially funded programs.

(2) Pupil and parent characteristics.

(3) Staff characteristics.

(4) Instructional methodologies and materials.

(b) School districts shall submit to the State Department of Education whatever information the department deems necessary to carry out this section.

SEC. 8. Section 60640.1 of the Education Code is repealed.

SEC. 9. Section 60641 of the Education Code is amended to read:

60641. (a) The State Department of Education shall ensure that school districts comply with each of the following requirements:

(1) The achievement test designated pursuant to Section 60642 and the standards-based achievement test provided for in Section 60642.5 are scheduled to be administered to all pupils during the period prescribed in subdivision (b) of Section 60640.

(2) The individual results of each pupil test administered pursuant to Section 60640 shall be reported, in writing, to the pupil's parent or guardian. The written report shall include a clear explanation of the purpose of the test, the pupil's score, and its intended use by the school district. Nothing in this subdivision shall be construed to require teachers to prepare individualized explanations of each pupil's test score.

(3) The individual results of each pupil test administered pursuant to Section 60640 shall also be reported to the pupil's school and teachers. The school district shall include the pupil's test results in his or her pupil records. However, except as provided in this section, individual pupil test results may only be released with the permission of the pupil's parent or guardian.

(4) The districtwide, school-level, and grade-level results of the STAR Program in each of the grades designated pursuant to Section 60640, but not the score or relative position of any individually ascertainable pupil, shall be reported to the governing board of the school district at a regularly scheduled meeting, and the countywide, school-level, and grade-level results for classes and programs under the jurisdiction of the county office of education shall be similarly reported to the county board of education at a regularly scheduled meeting.

(b) The publisher designated pursuant to Section 60642 and the publisher of the standards-based achievement tests provided for in Section 60642.5 shall make the individual pupil, grade, school, school district, and state results available to the State Department of Education pursuant to paragraph (9) of subdivision (a) of Section 60643 by August 8 of each year in which the achievement test is administered for those schools for which the last day of test administration, including makeup days, is on or before June 25. The State Department of Education shall make the grade, school, school district, and state results available on the Internet by August 15 of each year in which the achievement test is administered for those schools for which the last day of test administration, including makeup days, is on or before June 25.

(c) The department shall take all reasonable steps to ensure that the results of the test for all pupils who take the test by June 25 are made available on the Internet by August 15, as set forth in subdivision (b).

SEC. 10. Section 60642 of the Education Code is amended to read:

60642. (a) The Superintendent of Public Instruction and the State Board of Education may consider any evaluations of independent experts who have not been employed by a test publisher in the preceding 12 months regarding the suitability of the achievement tests submitted by publishers as required by subdivision (b) of Section 60605 for use as part of the STAR Program established by this article.

(b) Based upon a review of the achievement tests submitted and the recommendation made by the Superintendent of Public Instruction pursuant to subdivision (b) of Section 60605, the State Board of Education, in its sole discretion, based on the considerations set forth in Section 60644, shall designate for use as part of the STAR Program a single test in grades 2 to 11, inclusive.

(c) The State Board of Education shall ensure that the achievement test designated pursuant to subdivision (b) contains the subject areas specified in subdivision (c) of Section 60603 for grades 2 to 8, inclusive, and the core curriculum areas of English and language arts, mathematics, and science for grades 9 to 11, inclusive.

(d) The State Board of Education is hereby authorized to designate the achievement test to be administered pursuant to this article for more than one academic year subject to the availability of funds.

(e) The board shall minimize, to the extent it deems feasible, the amount of testing time required by the assessment in subdivision (b) for those content areas for which there also exists a standards-based examination as provided for pursuant to Section 60642.5.

SEC. 11. Section 60642.5 of the Education Code is amended to read:

60642.5. (a) The Superintendent of Public Instruction, with approval of the State Board of Education, shall provide for the

development of an assessment instrument, to be called the California Standards Tests, that measures the degree to which pupils are achieving the academically rigorous content standards and performance standards, to the extent standards have been adopted by the State Board of Education. This standards-based achievement test shall contain the subject areas specified in subdivision (c) of Section 60603 for grades 2 to 8, inclusive, and shall include an assessment in history/social science in at least one elementary or middle school grade level selected by the State Board of Education and science in at least one elementary or middle school grade level selected by the State Board of Education, and the core curriculum areas specified in subdivision (e) of Section 60603 for grades 9 to 11, inclusive, and shall include, at a minimum, a direct writing assessment once in elementary school and once in middle or junior high school and other items of applied academic skill if deemed valid and reliable and if resources are made available for their use.

(b) In approving a contract for the development or administration of the California Standards Tests, the State Board of Education shall consider each of the following criteria:

(1) The ability of the contractor to produce valid, reliable individual pupil scores.

(2) The ability of the contractor to report results pursuant to subdivision (a) of Section 60643 by August 8.

(3) The ability of the contractor to ensure alignment between the standards-based achievement test and the academically rigorous content and performance standards as those standards are adopted by the State Board of Education. This criterion shall include the ability of the contractor to implement a process to establish and maintain alignment between the test items and the standards.

(4) The per pupil cost estimates of developing, and, if appropriate, administering the proposed assessment with a system to facilitate the determination of future per pupil cost determinations.

(5) The contractor's procedures to ensuring the security and integrity of test questions and materials.

(6) The contractor's experience in successfully conducting testing programs adopted and administered by other states. For experience to be considered, the number of grades and pupils tested shall be provided.

(c) The standards-based achievement tests may use items from other tests including items from the achievement test designated pursuant to Section 60642.

SEC. 12. Section 60643 of the Education Code is amended to read:

60643. (a) To be eligible for consideration under Section 60642 or 60642.5 by the State Board of Education, test publishers shall agree in writing each year to meet the following requirements, as applicable, if selected:

(1) Enter into an agreement, pursuant to subdivision (e) or (f), with the State Department of Education by October 15.

(2) With respect to selection under Section 60642.5, align the standards-based achievement test provided for in Section 60642.5 to the academically rigorous content and performance standards adopted by the State Board of Education.

(3) Comply with subdivisions (c) and (d) of Section 60645.

(4) Provide valid and reliable individual pupil scores only in the content areas specified in subdivision (c) of Section 60642 to parents or guardians, teachers, and school administrators.

(5) Provide valid and reliable aggregate scores only in the content areas specified in subdivision (c) of Section 60642 to school districts and county boards of education in all of the following forms and formats:

(A) Grade level.

(B) School level.

(C) District level.

(D) Countywide.

(E) Statewide.

(F) Comparison of statewide scores relative to other states.

(6) Provide disaggregated scores, based on limited-English-proficient status and nonlimited-English-proficient status. For purposes of this section, pupils with ''nonlimited-English-proficient status'' shall include the total of those pupils who are English-only pupils, fluent-English-proficient pupils, and redesignated fluent-English-proficient pupils. These scores shall be provided to school districts and county boards of education in the same forms and formats listed in paragraph (5).

(7) Provide disaggregated scores by pupil gender and provide disaggregated scores based on whether pupils are economically disadvantaged or not. These disaggregated scores shall be in the same forms and formats as listed in paragraph (5). In any one year, the disaggregation shall entail information already being collected by school districts, county offices of education, or charter schools.

(8) Provide disaggregated scores for pupils who have individualized education programs and have enrolled in special education, to the extent required by federal law. These scores shall be provided in the same forms and formats listed in paragraph (5). This section may not be construed to exclude the scores of special education pupils from any state or federal accountability system.

(9) Provide information listed in paragraphs (5), (6), (7), and (8) to the State Board of Education and the State Department of Education in the medium requested by each entity, respectively.

(b) It is the intent of the Legislature that the publisher work with the Superintendent of Public Instruction and the State Board of Education

in developing a methodology to disaggregate statewide scores as required in paragraphs (6) and (7) of subdivision (a), and in determining which variable indicated on the STAR testing document shall serve as a proxy for ''economically disadvantaged'' status pursuant to paragraph (7).

(c) Access to any information about individual pupils or their families shall be granted to the publisher only for purposes of correctly associating test results with the pupils who produced those results or for reporting and disaggregating test results as required by this section. School districts are prohibited from excluding a pupil from the test if a parent or parents decline to disclose income. Nothing in this chapter shall be construed to abridge or deny rights to confidentiality contained in the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Sec. 1232g) or other applicable provisions of state and federal law that protect the confidentiality of information collected by educational institutions.

(d) Notwithstanding any other provision of law, the publisher of the achievement test designated pursuant to Section 60642, the publisher of the standards-based achievement test provided for in Section 60642.5, or any contractor under subdivision (f) shall comply with all of the conditions and requirements enumerated in subdivision (a), as applicable, to the satisfaction of the State Board of Education.

(e) (1) A publisher may not provide a test described in Section 60642, 60642.5, or 60650 or in subdivision (f) of Section 60640 for use in California public schools unless the publisher enters into a written contract with the State Department of Education as set forth in this subdivision.

(2) The State Department of Education shall develop, and the State Board of Education shall approve, a contract to be entered into with any publisher pursuant to paragraph (1). The department may develop the contract through negotiations with the publisher.

(3) For purposes of the contracts authorized pursuant to this subdivision, the State Department of Education is exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code and from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

(4) The contracts shall include provisions for progress payments to the publisher for work performed or costs incurred in the performance of the contract. Not less than 10 percent of the amount budgeted for each separate and distinct component task provided for in each contract shall be withheld pending final completion of all component tasks by that publisher. The total amount withheld pending final completion shall not exceed 10 percent of the total contract price.

(5) The contracts shall require liquidated damages to be paid by the publisher in the amount of up to 10 percent of the total cost of the contract for any component task that the publisher through its own fault or that of its subcontractors fails to substantially perform by the date specified in the agreement.

(6) The contracts shall establish the process and criteria by which the successful completion of each component task shall be recommended by the State Department of Education and approved by the State Board of Education.

(7) The publishers shall submit, as part of the contract negotiation process, a proposed budget and invoice schedule, that includes a detailed listing of the costs for each component task and the expected date of the invoice for each completed component task.

(8) The contracts shall specify the following component tasks, as applicable, that are separate and distinct:

(A) Development of new tests or test items as required by paragraph (2) of subdivision (a).

(B) Test materials production or publication.

(C) Delivery of test materials to school districts.

(D) Test processing, scoring, and analyses.

(E) Reporting of test results to the school districts, including, but not limited to, all reports specified in this section.

(F) Reporting of test results to the State Department of Education, including, but not limited to, the electronic files required pursuant to this section.

(G) All other analyses or reports required by the Superintendent of Public Instruction to meet the requirements of state and federal law and set forth in the agreement.

(9) The contracts shall specify the specific reports and data files, if any, that are to be provided to school districts by the publisher and the number of copies of each report or file to be provided.

(10) The contracts shall specify the means by which any delivery date for materials to each school district shall be verified by the publisher and the school district.

(11) School districts may negotiate a separate agreement with the publisher for any additional materials or services not within the contracts specified in this subdivision, including, but not limited to, the administration of the tests to pupils in grade levels other than grades 2 to 11, inclusive. Any separate agreement is not within the scope of the contract specified in this subdivision.

(f) The State Department of Education, with approval of the State Board of Education, may enter into a separate contract for the development or administration of any test authorized pursuant to this part, including, but not limited to, item development, coordination of

tests, assemblage of tests or test items, scoring, or reporting. The liquidated damages provision set forth in paragraph (5) of subdivision (e) shall apply to any contract entered into pursuant to this subdivision.

SEC. 13. Section 60643.5 of the Education Code is amended to read:

60643.5. (a) A school shall be reimbursed by the test publisher selected pursuant to this article for any unexpected expenses incurred due to scheduling changes that resulted from the late delivery of testing materials in connection with the STAR Program.

(b) The State Department of Education shall monitor and report to the State Board of Education regarding the publisher's production, processing, and delivery system to ensure that a timely delivery of testing materials to all schools occurs during the 1999–2000 testing cycle.

SEC. 14. Section 60653 is added to the Education Code, to read:

60653. To reduce testing time and in subjects for which a California Standards Test and a Golden State Examination exist, a Golden State Examination shall consist of some portion of the California Standards Test and additional Golden State Examination items.

SEC. 15. Section 60650 of the Education Code is amended to read:

60650. There is hereby established the Golden State Examination Program for the purpose of administering the Golden State Examination to pupils enrolled in public high schools. The Golden State Examination shall measure advanced pupil achievement on the academically rigorous content standards adopted by the State Board of Education and shall be administered as an augmentation to the standards test provided in Section 60642.5 unless there is no standards test in the subject area being tested. With the approval of the State Board of Education, the State Department of Education shall, in consultation with the California State University System and the University of California, contract for a study to determine if Golden State Examinations meet the same psychometric standards of nationally accepted examinations used for determining college placement, credit, or admission. The study shall be completed by December 15, 2003. A special honors designation and insignia shall be adopted on a high school diploma for qualifying pupils. Participation in the Golden State Examination Program shall be voluntary on the part of each school district maintaining a high school. The governing board of each participating school district shall determine the extent to which pupils of the district shall be required to participate in the Golden State Examination.

---

# CHAPTER 723

An act relating to the payment of claims against the State of California, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Of the funds provided pursuant to Schedules (1), (16), and (17) of Item 6110-485 of Section 2 of the Budget Act of 2001, the Controller shall allocate the amounts as follows:

(a) Five million four hundred fifty-six thousand dollars ($5,456,000) for the payment of claims from school districts, except for community colleges, pursuant to subdivisions (c) and (h) of Section 48980 of the Education Code (Annual Parent Notification-Staff Development, CSM 97-TC-24), for costs incurred from July 1, 1997, to June 30, 2002, inclusive.

(b) (1) Sixty-six million seven hundred twenty-eight thousand dollars ($66,728,000) for the payment of claims from school districts, except for community college districts, pursuant to former Section 38048 of, and Sections 39831.3 and 39831.5 of, the Education Code and Section 22112 of the Vehicle Code (School Bus Safety Act II, CSM 97-TC-22), for costs incurred from July 1, 1996, to June 30, 2002, inclusive.

(2) On or before March 18, 2002, the State Auditor shall conduct an audit of the School Bus Safety Act II (CSM-97-TC-22) mandate to provide independently developed and verified information related to the cost of claims associated with the mandate. The State Auditor shall report the results of the audit and recommendations to the appropriate budget subcommittees of each house, the Legislative Analyst, and the Department of Finance on or before March 30, 2002. In conducting the audit, the State Auditor shall do all of the following:

(A) Review and evaluate the laws, rules, and regulations applicable to the issues.

(B) Review the Commission On State Mandates parameters and guidelines to determine if they adequately define the mandate's reimbursable activities and provide sufficient guidance for claiming reimbursable costs.

(C) Examine any prior reviews of the cost of claims.

(D) Examine a sample of the cost of claims to determine if the expenditures and activities that are claimed are consistent with the

parameters and guidelines for reimbursement that have been adopted by the Commission on State Mandates.

(E) Evaluate the commission's methodology for estimating the future costs of this mandate.

(3) Payment of claims pursuant to this subdivision shall not be made by the Controller until the time the State Auditor has completed the audit required by paragraph (2) to determine whether the parameters and guidelines related to the act are consistent with the original intent of the Legislature and the Department of Finance has approved the release of these funds.

(4) The Department of Finance shall not approve the release of these funds sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the budget subcommittee of each house that considers education budgets. The notification shall include a statement from the Controller specifying the extent to which the proposed release of funds is consistent with, or departs from, the findings of the State Auditor.

(c) Thirty-one million two hundred thirty-nine thousand dollars ($31,239,000) for the payment of claims from school districts, except for community college districts, pursuant to Sections 628.2 and 628.6 of the Penal Code and Sections 700 to 704, inclusive, of Title 5 of the California Code of Regulations, and the Department of Education Guidelines for School Crimes Reporting (School Crimes Reporting II, CSM 97-TC-03), for costs incurred from July 1, 1996, to June 30, 2002, inclusive.

SEC. 2. The sum of eighty-nine million forty-two thousand dollars ($89,042,000) is hereby appropriated from the General Fund, where a fund is not otherwise specified, and the State Transportation Fund, where specified, to the Controller for allocation as follows:

(a) Fifty million dollars ($50,000,000) for the payment of claims from cities, counties, and a city and county pursuant to Sections 3300 to 3310, inclusive, of the Government Code (Peace Officers Procedural Bill of Rights, CSM-4499) for costs incurred from July 1, 1994, to June 30, 2002, inclusive. The remaining one hundred two million five hundred six thousand dollars ($102,506,000) of the statewide cost estimate adopted by the Commission on State Mandates shall be paid in subsequent years, as stated in the Department of Finance's letter to the Legislature dated May 17, 2001.

(b) One million dollars ($1,000,000) for the payment of claims from counties and a city and county pursuant to Section 7576 of the Government Code and Sections 60000 to 60610, inclusive, of Title 2 of the California Code of Regulations, and California Department of Mental Health Information Notice Number 86-29 (Seriously Emotionally Disturbed (SED) Pupils: Out of State Mental Health

Services, CSM 97-TC-05) for costs incurred from January 1, 1997, to June 30, 2002, inclusive. The remaining twenty-three million one hundred sixty-four thousand dollars ($23,164,000) of the statewide cost estimate adopted by the Commission on State Mandates shall be paid in subsequent years.

(c) Thirty-eight million dollars ($38,000,000) from the General Fund and forty-two thousand dollars ($42,000) from the State Transportation Fund for the payment of deficiencies in prior year appropriations, which includes payment of interest in the amount of five million five hundred sixty thousand dollars ($5,560,000) on those deficiencies, incurred through June 30, 2001, pursuant to Section 17561.5 of the Government Code, as detailed in the Controller's letter of May 10, 2001, and the Department of Finance's letter to the Legislature dated May 17, 2001.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to settle claims by school districts and local agencies against the state for mandated costs associated with implementing designated provisions of law, and to end hardship to those school districts and local agencies at the earliest possible time, it is necessary for this act to take effect immediately.

---

## CHAPTER 724

An act to amend Sections 64000 and 64001 of the Education Code, relating to categorical programs.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Legislature finds and declares that:

(1) Pupil achievement of the academic content standards established by the Leroy Greene California Assessment of Academic Achievement Act is the top priority of the education system in California.

(2) The state has a legal responsibility to support compliance with state and federal laws and regulations through education, monitoring, technical assistance, and enforcement.

(3) All state mechanisms, including funding applications, program monitoring, program evaluation, pupil assessment, complaints

management, technical assistance, and enforcement, need to be aligned in a systematic accountability system.

(4) The quality of program monitoring can legitimately be differentiated based on history of compliance with state and federal law and regulations, the number of verified complaints, and valid evidence of current academic achievement.

(b) It is the intent of the Legislature to enact legislation that aligns the compliance mechanisms, including the coordinated compliance review, funding applications, program monitoring, program evaluation, pupil assessment, complaints management, and technical assistance of the State Department of Education with the accountability system established by Chapter 6.1 (commencing with Section 52050) of Part 28 of the Education Code.

(c) It is the intent of the Legislature to enact legislation that requires the State Department of Education to base coordinated compliance reviews and other compliance functions on local educational agencies' histories of compliance with state and federal law and regulations, the number of verified complaints, and valid evidence of current academic achievement.

(d) It is the intent of the Legislature that this act save school districts time and expense in meeting planning and compliance requirements for state and federal categorical programs, and that state compliance resources are used in the most effective manner.

(e) It is further the intent of the Legislature that, wherever feasible, plans required by categorical programs not subject to this part be included in the Single Plan for Pupil Achievement.

SEC. 2. Section 64000 of the Education Code is amended to read:

64000. (a) The provisions of this part shall apply to applications for funds under the following categorical programs:

(1) School library programs established pursuant to Chapter 2 (commencing with Section 18100) of Part 11.

(2) Staff development centers and programs established pursuant to Chapter 3.1 (commencing with Section 44670) of Part 25.

(3) School improvement programs established pursuant to Chapter 6 (commencing with Section 52000) of Part 28.

(4) Bilingual education programs pursuant to Article 3 (commencing with Section 52160) of Chapter 7 of Part 28.

(5) School-based coordinated categorical programs established pursuant to Chapter 12 (commencing with Section 52800) of Part 28.

(6) Economic Impact Aid programs established pursuant to Chapter 1 (commencing with Section 54000) of Part 29.

(7) The Miller-Unruh Basic Reading Act of 1965 pursuant to Chapter 2 (commencing with Section 54100) of Part 29.

(8) Compensatory education programs established pursuant to Chapter 4 (commencing with Section 54400) of Part 29, except for programs for migrant children pursuant to Article 3 (commencing with Section 54440) of Chapter 4 of Part 29.

(9) Programs providing assistance to disadvantaged pupils under Section 6312 of Title 20 of the United States Code, and programs providing assistance for neglected or delinquent pupils who are at risk of dropping out of school, as funded by Section 6421 of Title 20 of the United States Code.

(10) Capital expense funding, as provided by Title I of the Improving America's Schools Act of 1994 (20 U.S.C. Sec. 1001 et seq.).

(11) Tenth grade counseling programs established pursuant to Section 48431.6.

(12) California Peer Assistance and Review Programs for Teachers established pursuant to Article 4.5 (commencing with Section 44500) of Chapter 3 of Part 25.

(13) Professional development programs established pursuant to Section 6601 of Title 20 of the United States Code.

(14) Innovative Program Strategies Programs established pursuant to Section 7303 of Title 20 of the United States Code.

(15) Programs established under the federal Class Size Reduction Initiative (P.L. 106-554).

(16) Programs for tobacco use prevention funded by Section 7115 of Title 20 of the United States Code.

(17) School safety and violence prevention programs, established pursuant to Article 3.6 (commencing with Section 32228) of Chapter 2 of Part 19.

(18) Safe and Drug Free Schools and Communities programs established pursuant to Section 7113 of Title 20 of the United States Code.

(b) Each school district that elects to apply for any of these state funds shall submit to the State Department of Education, for approval by the State Board of Education, a single consolidated application for approval or continuance of those state categorical programs subject to this part.

(c) Each school district that elects to apply for any of these federal funds may submit to the State Department of Education for approval, by the State Board of Education, a single consolidated application for approval or continuance of those federal categorical programs subject to this part.

SEC. 3. Section 64001 of the Education Code is amended to read:

64001. (a) Notwithstanding any other provision of law, school districts shall not be required to submit to the State Department of Education, as part of the consolidated application, school plans for categorical programs subject to this part. School districts shall assure,

in the consolidated application, that the Single Plan for Pupil Achievement established pursuant to subdivision (d) has been prepared in accordance with law, that schoolsite councils have developed and approved a plan, to be known as the Single Plan for Pupil Achievement for schools participating in programs funded through the consolidated application process, and any other school program they choose to include, and that school plans were developed with the review, certification, and advice of any applicable school advisory committees. The Single Plan for Pupil Achievement may also be referred to as the Single Plan for Student Achievement. The consolidated application shall also include certifications by appropriate district advisory committees that the application was developed with review and advice of those committees.

For any consolidated application that does not include the necessary certifications or assurances, the State Department of Education shall initiate an investigation to determine whether the consolidated application and Single Plan for Pupil Achievement were developed in accordance with law and with the involvement of applicable advisory committees and schoolsite councils.

(b) Onsite school and district compliance reviews of categorical programs shall continue, and school plans shall be required and reviewed as part of these onsite visits and compliance reviews. The Superintendent of Public Instruction shall establish, the process, and frequency for conducting reviews of district achievement and compliance with state and federal categorical program requirements. In addition, the Superintendent of Public Instruction shall establish the content of these instruments, including any criteria for differentiating these reviews based on the achievement of pupils, as demonstrated by the Academic Performance Index developed pursuant to Section 52052, and evidence of district compliance with state and federal law. The State Board of Education shall review the content of these instruments for consistency with State Board of Education policy.

(c) A school district shall submit school plans whenever the State Department of Education requires the plans in order to effectively administer any categorical program subject to this part. The State Department of Education may require submission of the school plan for any school that is the specific subject of a complaint involving any categorical program or service subject to this part.

The State Department of Education may require a school district to submit other data or information as may be necessary for the department to effectively administer any categorical program subject to this part.

(d) Notwithstanding any other provision of law, as a condition of receiving state funding for a categorical program pursuant to Section 64000, and in lieu of the information submission requirements that were

previously required by this section prior to the amendments that added this subdivision and subdivisions (e) to (i), inclusive, school districts shall ensure that each school in a district that operates any categorical programs subject to this part consolidates any plans that are required by those programs into a single plan. Schools may consolidate any plans that are required by federal programs subject to this part into this plan, unless otherwise prohibited to federal law. That plan shall be known as the Single Plan for Pupil Achievement or may be referred to as the Single Plan for Student Achievement.

(e) Plans developed pursuant to subdivision (d) of Section 52054, and Section 6314 and following of Title 20 of the United States Code, shall satisfy this requirement.

(f) Notwithstanding any other provision of law, the content of a Single Plan for Pupil Achievement shall be aligned with school goals for improving pupil achievement. School goals shall be based upon an analysis of verifiable state data, including the Academic Performance Index developed pursuant to Section 52052 and the English Language Development test developed pursuant to Section 60810, and may include any data voluntarily developed by districts to measure pupil achievement. The Single Plan for Pupil Achievement shall, at a minimum, address how funds provided to the school through any of the sources identified in Section 64000 will be used to improve the academic performance of all pupils to the level of the performance goals, as established by the Academic Performance Index developed pursuant to Section 52052. The plan shall also identify the schools' means of evaluating progress toward accomplishing those goals and how state and federal law governing these programs will be implemented.

(g) The plan required by this section shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the consolidated application, by the schoolsite council, or, if the school does not have a schoolsite council, by schoolwide advisory groups or school support groups that conform to the requirements of Section 52012. The plans shall be reviewed and approved by the governing board of the local education agency at a regularly scheduled meeting whenever there are material changes that affect the academic programs for students covered by programs identified in Section 64000.

(h) The school plan and subsequent revisions shall be reviewed and approved by the governing board of the school district. School district governing boards shall certify that, to the extent allowable under federal law, plans developed for purposes of this section are consistent with district local improvement plans that are required as a condition of receiving federal funding.

(i) Nothing in this act may be construed to prevent a school district, at its discretion, from conducting an independent review pursuant to subdivision (c) of Section 64001 as that section read on January 1, 2001.

---

## CHAPTER 725

An act to amend Section 32001 of, to add Article 7.5 (commencing with Section 17074.50) to Chapter 12.5 of Part 10 of, and to repeal Sections 32000, 32002, 32003, and 32004 of, the Education Code, relating to school facilities.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Presently, schools rely solely on school staff or on pupils to detect a fire, activate the fire alarm, evacuate the school buildings, and notify the fire department, all in a timely manner. Many of the school buildings in use in this state are 20 to 30 years old or older and do not provide sufficient fire protection in the building construction, nor do these schools have an adequate fire detection system, alarm system, or automatic fire sprinkler system.

(2) Without an early detection system comprised of smoke and heat detectors that can immediately and automatically detect a fire, an automatic warning system that can sound an alarm, and notify the fire department, and a suppression system that can initiate sprinklers to commence fighting the fire, fires, like the one at the Green Oaks Family Academy Elementary School, are silent killers that can move quickly through open attic space above classrooms full of children until the classrooms are suddenly ignited into inescapable infernos.

(3) An early warning system would give protection to pupils and school personnel by giving them immediate warning at the earliest stage of a fire, by letting school staff focus on the immediate evacuation of the school buildings and by letting staff rely on the automatic system to immediately inform the fire department and commence suppression of the fire.

(4) When school buildings are unoccupied, an automatic fire alarm system can notify the fire department and an automatic fire sprinkler system can help contain the fire within the area of origin until firefighters arrive to extinguish the fire.

(5) Moreover, during times of disaster, schools are often utilized as community relocation centers for displaced persons or families. It is essential, therefore, that schools be adequately protected from fire in order to enhance their ability to survive the disaster and be available for use by the community in those times of need.

(b) This act shall be known, and may be cited, as the Green Oaks Family Academy Elementary School Fire Protection Act.

SEC. 2. Article 7.5 (commencing with Section 17074.50) is added to Chapter 12.5 of Part 10 of the Education Code, to read:

Article 7.5. Automatic Fire Detection, Alarm, and Sprinkler Systems

17074.50. (a) On and after July 1, 2002, all new construction projects submitted to the Division of the State Architect pursuant to this chapter, including, but not limited to, hardship applications, that require the approval of the Department of General Services shall include an automatic fire detection, alarm, and sprinkler system as set forth in Section 17074.52 and approved by the State Fire Marshal. These provisions shall entitle the school district to all applicable reductions in code requirements, as provided in the California Building Standards Code (Title 24 of the California Code of Regulations).

(b) On and after July 1, 2002, all modernization projects that have an estimated total cost in excess of two hundred thousand dollars ($200,000) submitted to the Division of the State Architect pursuant to this chapter, including, but not limited to, hardship applications, that require the approval of the Department of General Services shall include an automatic fire detection and alarm system as set forth in Section 17074.52 and approved by the State Fire Marshal. For a modernization project that is to be completed in more than one phase, the school district may defer installation of the system until the final phase of the modernization project. Solely for purposes of this section, ''modernization'' means any modification of a permanent structure or construction of a new building on an existing campus.

(c) The Department of General Services shall administer this section based upon the standards adopted by the State Fire Marshal pursuant to Section 17074.52.

17074.52. (a) For modernization projects, the automatic fire detection and alarm system required pursuant to subdivision (b) of Section 17074.50 shall consist of smoke or heat detectors, or a combination thereof, as determined by the State Fire Marshall, installed in the school building. The alarm, upon activation of an initiating device, shall alert all occupants and shall transmit the alarm signal to an approved supervising station.

(b) For new construction projects, the automatic fire detection, alarm, and sprinkler system required pursuant to subdivision (a) of Section 17074.50, shall in addition to compliance with subdivision (a), include an automatic fire sprinkler system installed in the school building including, but not necessarily limited to, attic spaces.

(c) Notwithstanding Section 17074.50 or subdivisions (a) or (b) of this section, for a stand alone portable building, the system required pursuant to this article shall consist of an automatic fire detection and alarm system. For the purposes of this subdivision a ''stand alone portable building'' means a portable building that is used as a single classroom and that is sited more than 25 feet from any other building, including, but not limited to, any other portable building.

(d) Except as required for automatic fire detectors and waterflow detection devices, manual fire alarm boxes shall not be required throughout the school building.

(e) The entire system shall be installed, tested, and maintained in accordance with the regulations of the State Fire Marshal.

17074.54. (a) A portable building that is sited with the intent that it be at the site for less than three years and is sited upon a temporary foundation in a manner that is designed to permit easy removal, is exempt from Sections 17074.50 and 17074.52 for a period of three years from the date of siting.

(b) After the three-year exemption set forth in subdivision (a), a school district may request an extension of the exemption for an additional period not to exceed three additional years. The board shall grant the request if the school district presents convincing evidence demonstrating to the satisfaction of the board that the extension is necessary.

(c) For purposes of this section, '' portable building'' means a classroom building of modular design and construction that meets all of the following criteria:

(1) It is designed and constructed to be relocatable and transportable over public streets.

(2) It is designed and constructed for relocation without detaching the roof or the floor from the building.

(3) It has a floor area of 2,000 square feet or less when measured at the most exterior walls.

17074.56. (a) The State Allocation Board shall adjust the per-pupil grant amount set forth in Section 17072.10 as necessary to accommodate 50 percent of the increased costs due to the automatic fire detection, alarm, and sprinkler system required pursuant to subdivision (a) of Section 17074.50. The board shall adjust the per-pupil grant amount set forth in Section 17074.10 as necessary to accommodate 80 percent of the increased costs due to the automatic fire detection and alarm system

required pursuant to subdivision (b) of Section 17074.50. The board shall establish a method to provide up to 100 percent of the increased costs of the automatic fire detection, alarm, and sprinkler, if applicable, systems for school districts which qualify for hardship assistance pursuant to paragraph (1) of subdivision (b) of Section 17075.10.

(b) By July 1, 2003, the board shall review the adequacy of the per-pupil grant adjustments made pursuant to subdivision (a) and shall increase or decrease those adjustments as determined to be necessary.

(c) Any project submitted to the Division of the State Architect on or after September 1, 2001, that includes a qualifying fire detection, alarm, and sprinkler, if applicable, system, and that has not been fully funded prior to July 1, 2002, shall be eligible for grant or eligibility adjustments as set forth in this article.

SEC. 3. Section 32000 of the Education Code is repealed.

SEC. 4. Section 32001 of the Education Code is amended to read:

32001. Every public, private, or parochial school building having an occupant capacity of 50 or more pupils or students or more than one classroom shall be provided with a dependable and operative fire alarm system. Every person and public officer managing, controlling, or in charge of any public, private, or parochial school shall cause the fire alarm signal to be sounded upon the discovery of fire, unless the school is equipped with an automatic fire detection, and alarm system, which may include, but for the purposes of this section is not required to include, a sprinkler system, as described in Section 17074.52. Every person and public officer managing, controlling, or in charge of any public, private, or parochial school, other than a two-year community college, shall cause the fire alarm signal to be sounded not less than once every calendar month and shall conduct a fire drill at least once every calendar month at the elementary level and at least four times every school year at the intermediate levels.

A fire drill shall be held at the secondary level not less than twice every school year.

SEC. 5. Section 32002 of the Education Code is repealed.

SEC. 6. Section 32003 of the Education Code is repealed.

SEC. 7. Section 32004 of the Education Code is repealed.

---

## CHAPTER 726

An act relating to the California State University, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 2001. Filed with
Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) Notwithstanding any other provision of law, the Trustees of the California State University may exchange a parcel of land of approximately five acres, known as Zelzah Court, which is part of the California State University, Northridge property, and is bounded by Zelzah Avenue on the east, for the approximately 8.5-acre Prairie Street schoolsite, which is owned by the Los Angeles Unified School District, and bounded by Zelzah Avenue, Prairie Street, Bertrand Avenue, and Dearborn Street in Northridge, California.

(b) Any exchange of properties carried out pursuant to subdivision (a) shall be for no less than fair market value for Zelzah Court, as determined by an independent appraisal. Compensation for Zelzah Court may include land, or a combination of land and money.

(c) Notwithstanding any other provision of law, any exchange of properties carried out pursuant to this section shall be subject to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code).

(d) Notwithstanding Section 13340 of the Government Code or any other provision of law, any funds received from the transaction authorized by this section are hereby appropriated to the trustees for expenditure, without regard to fiscal year, for construction and capital development of projects that are eligible for state support, following review and approval by the Department of Finance. The expenditure of funds received under this section shall be for projects that are consistent with the master plan of the campus for which the project is proposed. Any funds received under this subdivision that are not encumbered prior to January 1, 2007, shall revert to the General Fund.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expedite real estate transactions that are important to the advancement of the educational mission of the California State University, it is necessary that this act take effect immediately.

---

## CHAPTER 727

An act to amend Sections 10089.70, 10089.71, 10089.72, 10089.73, 10089.74, 10089.75, 10089.77, 10089.78, 10089.79, 10089.82,

10089.83, 10089.84, 12921.1, and 12921.3 of, and to add Sections 10089.3, 12921.9, and 12926.2 to, the Insurance Code, relating to insurance.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 10089.3 is added to the Insurance Code, to read:

10089.3. (a) The department shall adopt regulations setting forth standards governing the training of insurance adjusters in evaluating damage caused by earthquakes. For purposes of this section, the California Earthquake Authority shall make available to the Department of Insurance the standards used by the authority in order for the department to develop regulations that are consistent with the authority's standards. On or before December 31, 2004, insurers shall train and accredit adjusters in accordance with these standards. Thereafter, an insurer using one or more adjusters who are not trained and accredited in accordance with those standards shall submit the names of those adjusters to the department, along with the claim number of the claim adjusted by that adjuster. An adjuster trained and accredited by one insurer pursuant to this section shall not be required to receive training and accreditation again in order to adjust claims for a different insurer. An insurer using an adjuster who has been trained and accredited by another insurer pursuant to this section shall not be required to submit the name of that adjuster to the department.

(b) For purposes of this section, ''insurance adjuster'' shall include the following persons:

(1) Persons licensed pursuant to Chapter 1 (commencing with Section 14000) of Division 5.

(2) Employees of persons licensed pursuant to Chapter 1 (commencing with Section 14000) of Division 5 who perform insurance adjusting activities as defined in Section 14021.

(3) Employees of an insurer who perform insurance adjusting activities as defined in Section 14021.

SEC. 2. Section 10089.70 of the Insurance Code is amended to read:

10089.70. The department shall establish a program for the mediation of the disputes between insured complainants and insurers arising out of the Northridge earthquake of 1994 or any subsequent earthquake, and disputes arising under automobile collision coverage or automobile physical damage coverage, in a policy as defined in Section 660. The program, with respect to the mediation of earthquake insurance claims, shall only apply to personal lines of insurance related to

residential coverage. The goal of the program shall be to favorably resolve a statistically significant number of disputes sent to mediation under the program. This chapter does not apply to any dispute that turns on a question of major insurance coverage or a purely legal interpretation, or disputes involving the actions of an agent or broker in which the insurer is not alleged to have been responsible for the conduct, or any complaint the commissioner finds to be frivolous, or any dispute in which a party is alleged to have committed fraud.

SEC. 3. Section 10089.71 of the Insurance Code is amended to read:

10089.71. Any insured having a dispute with an insurer under a policy that qualifies for this program may file a written complaint with the department. The complaint shall indicate that the complainant has not been able to reach a satisfactory settlement of a claim with the insurer. The department shall, if deemed appropriate, notify the insurer against whom the complaint is made of the nature of the complaint, may request appropriate relief for the complainant, and may meet and confer with the complainant and the insurer in order to attempt resolution of the dispute.

SEC. 4. Section 10089.72 of the Insurance Code is amended to read:

10089.72. (a) If, after the department's intervention, the insurer and the insured do not reach agreement, the department may notify the insurer that in order to avoid referral to mediation, the insurer shall have 28 calendar days to resolve the dispute, unless the department, for good cause, extends the period by an additional 7 calendar days.

(b) The department may not refer a claim to mediation unless the amount claimed by the insured exceeds seven thousand five hundred dollars ($7,500) and the amount in dispute exceeds two thousand dollars ($2,000).

SEC. 5. Section 10089.73 of the Insurance Code is amended to read:

10089.73. If the dispute is not resolved within the time period prescribed by Section 10089.72, the insurer shall notify the department of the failure, and may include the reason for the failure. The insurer shall, within the time period prescribed by Section 10089.72, notify the department of its position if it believes that the dispute is not eligible for the mediation program.

SEC. 6. Section 10089.74 of the Insurance Code is amended to read:

10089.74. (a) If the insurer notifies the department of the failure to resolve the dispute, the department shall notify the insured of the insured's ability to request mediation and ask the insured whether the insured requests mediation. If the insured responds affirmatively, the department shall refer the dispute to mediation.

(b) If the insurer fails to give the required notice to the department prior to the expiration of the time limits set forth in Section 10089.72, the department shall notify the insured of the insured's ability to request

mediation and ask the insured whether the insured requests mediation. If the insured responds affirmatively, the department shall refer the dispute to mediation. The department may not refer a dispute to mediation if the matter turns upon any of the reasons or conditions set forth in Section 10089.70, relative to applicability, or if for other good cause the commissioner determines that mediation of the dispute is inappropriate.

(c) If the insured has filed a civil complaint, the insurer is excused from mediating under this chapter any claims or disputes involved in the civil action.

SEC. 7. Section 10089.75 of the Insurance Code is amended to read:

10089.75. (a) Any insurer may inform an insured who has filed a complaint with the department concerning a dispute that qualifies for this program of the existence of the mediation program and may ask the insured to seek mediation under this chapter jointly with the insurer. Any insurer may notify the department of any dispute arising out of a qualifying event that it believes may be appropriately resolved through the mediation program. The department, with respect to that notification, shall proceed as provided in subdivision (a) of Section 10089.74.

(b) Notwithstanding Section 10089.82, if the commissioner makes a finding that an individual insurer has engaged in unreasonable or arbitrary refusals to mediate, the commissioner shall have the authority to require that insurer to participate in mediation in all cases deemed by the commissioner appropriate for mediation under this chapter.

(c) Any insurer who has been ordered to participate in mediation on a mandatory basis may seek a review of the order by filing in a court of competent jurisdiction within 30 calendar days of the order. The commissioner's order to participate in mediation, however, may not be stayed during the pendency of any judicial proceeding for any period beyond 60 calendar days after the initial date of the order to participate. The basis for the commissioner's decision to require an insurer to participate in the mediation program shall not be made public unless review is sought. The commissioner's decision not to require an insurer to participate, including the basis for the decision, shall be made public.

(d) Any insured whose request to mediate his or her claim under this chapter was declined by an insurer may request the commissioner to require the insurer to participate in the mediation program and may seek review in a court of competent jurisdiction of the commissioner's decision not to require the insurer to participate in the mediation program. The review shall be required to be sought within 30 calendar days after the commissioner's decision.

SEC. 8. Section 10089.77 of the Insurance Code is amended to read:

10089.77. The department shall contract with a diverse pool of mediators for the provision of mediation services. The contractors shall be qualified mediators who meet standards established by the commissioner. The commissioner shall establish standards in consultation with consumer groups, policyholder groups, mediators, alternative dispute resolution groups, insurers, and the State Bar. These standards shall include:

(a) Mandatory training that may be provided by the department, which shall include, at a minimum, the legal rules for insurance policy interpretation and the rights of insureds under California law, and methods of determining costs of construction and reconstruction and costs of automobile repair in given geographical areas.

(b) A requirement that no mediator participating in this program may have business, familial, contractual, or other affiliation with, or financial interest in, the insured, or in any insurer, insurance agent, or agency. For purposes of this subdivision, an investment in a mutual fund that holds insurer stocks is not a financial interest. Financial interest does not include prior representation of, or an employment or contractual relationship with a law firm or lawyer who represents, one or more insurers or who represents insurance agents in connection with their business affairs, provided the law firm or lawyer has not previously represented any of the parties to the mediation.

However, any prior representation, employment, or contractual relationship shall be disclosed to the parties to the mediation. If any party objects to the mediator because of the prior representation, employment, or contractual relationship, the department shall dismiss that mediator and select a new mediator. An objection under this subdivision does not limit a party's right to object once under subdivision (d).

(c) A requirement that no mediator participating in this program may be either a lawyer or an employee of a lawyer or law firm that has represented any party to the mediation in the previous 36 months, or a person who has a business, familial, contractual, or other affiliation with a lawyer or law firm that has represented any party to the mediation in a lawsuit against the insurer in the last 36 months.

(d) Each party to the mediation may object once to the mediator assigned by the department. If a party objects to the mediator, the department shall dismiss the mediator and assign another mediator.

SEC. 9. Section 10089.78 of the Insurance Code is amended to read:

10089.78. Upon receipt of a complaint, the mediation service, to the extent possible, shall issue a notice to the insured and the insurer setting a date and time within 21 calendar days of the date of the notice for commencement of a mediation conference. The mediator shall make all reasonable efforts to schedule the mediation at a time agreeable to both parties. The notice shall inform the parties that the cost of mediation will

be borne by the insurer, except to the extent provided in Section 10089.81. The notice shall also state that in the event of a proposed settlement the insured may have three business days in which to rescind the agreement, as specified in subdivision (c) of Section 10089.82.

SEC. 10. Section 10089.79 of the Insurance Code is amended to read:

10089.79. (a) The costs of mediation shall be reasonable, and shall be borne by the insurer, except as provided in Section 10089.81. The commissioner may set a fee not to exceed seven hundred dollars ($700) for each dispute mediated.

(b) The administrative expenses for the mediation program shall be paid from existing resources available to the department. If additional resources are required by the department, those resources shall be made available by an annual appropriation in the Budget Act.

SEC. 11. Section 10089.82 of the Insurance Code is amended to read:

10089.82. (a) An insured may not be required to use the department's mediation process. An insurer may not be required to use the department's mediation process, except as provided in Section 10089.75.

(b) Neither the insurer nor the insured is required to accept an agreement proposed during the mediation.

(c) If the parties agree to a settlement agreement, the insured will have three business days to rescind the agreement. Notwithstanding Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code, if the insured rescinds the agreement, it may not be admitted in evidence or disclosed unless the insured and all other parties to the agreement expressly agree to its disclosure. If the agreement is not rescinded by the insured, it is binding on the insured and the insurer, and acts as a release of all specific claims for damages known at the time of the mediation presented and agreed upon in the mediation conference. If counsel for the insured is present at the mediation conference and a settlement is agreed upon that is signed by the insured's counsel, the agreement is immediately binding on the insured and may not be rescinded.

(d) This section does not affect rights under existing law for claims for damage that were undetected at the time of the settlement conference.

(e) All settlements reached as a result of department-referred mediation shall address only those issues raised for the purpose of resolution. Settlements and any accompanying releases are not effective to settle or resolve any claim not addressed by the mediator for the purpose of resolution, nor any claim that the insured may have related to the insurer's conduct in handling the claim.

Referral to mediation or the pendency of a mediation under this article is not a basis to prevent or stay the filing of civil litigation arising in

whole or in part out of the same facts. Any applicable statute of limitations is tolled for the number of days beginning from the notification date to the insurer pursuant to Section 10089.72, until the date on which the mediation is either completed or declined, or the date on which the insured fails to appear for a scheduled mediation for the second time, or, in the event that a settlement is completed, the expiration of any applicable three business day cooling off period.

SEC. 12. Section 10089.83 of the Insurance Code is amended to read:

10089.83. (a) On or before August 1 of each year in which this program is in effect, the commissioner shall issue a report on the status of the program in the prior year, including statistics about the number of cases suitable for mediation, the number sent to mediation, and the number accepted, as well as declined, by the insurers, and other similar information concerning the operation of the program.

(b) At six-month intervals, the department shall collect from the mediators with which it contracts for this service the following information: the number of persons to whom mediation was offered, the number of insurers that accepted and declined mediation, the number of settlements, and of those settlements, the number rejected within the three business day cooling off period. For each settlement, the mediation service shall also report the amount initially claimed by the consumer and the amount agreed to be paid, if any, by the insurer or other party.

(c) The department may adopt regulations, including reporting requirements, in the commissioner's discretion, to implement this chapter. The regulations shall be adopted as emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of the regulations is deemed necessary for the immediate preservation of the public peace, health or safety, or general welfare.

SEC. 13. Section 10089.84 of the Insurance Code is amended to read:

10089.84. This chapter shall remain in effect until January 1, 2006, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2006, deletes or extends that date. Any case referred to mediation by the department prior to January 1, 2006, shall be mediated under this chapter whether or not the mediation has been completed prior to January 1, 2006. No later than October 1, 2004, the commissioner shall report to the Governor and the Legislature on whether the program should be extended, expanded, terminated, or otherwise modified and shall include specific findings regarding the use of the program by insureds and insurers.

SEC. 14. Section 12921.1 of the Insurance Code is amended to read:

12921.1. (a) The commissioner shall establish a program on or before July 1, 1991, to investigate complaints and respond to inquiries received pursuant to Section 12921.3, to comply with Section 12921.4, and, when warranted, to bring enforcement actions against insurers. The program shall include, but not be limited to, the following:

(1) A toll-free number published in telephone books throughout the state, dedicated to the handling of complaints and inquiries.

(2) Public service announcements to inform consumers of the toll-free telephone number and how to register a complaint or make an inquiry to the department.

(3) A simple, standardized complaint form designed to assure that complaints will be properly registered and tracked.

(4) Retention of records on complaints for at least three years after the complaint has been closed.

(5) Guidelines to disseminate complaint and enforcement information on individual insurers to the public, that shall include, but not be limited to, the following:

(A) License status.

(B) Number and type of complaints closed within the last full calendar year, with analogous statistics from the prior two years for comparison. The proportion of those complaints determined by the department to require that corrective action be taken against the insurer, or leading to insurer compromise, or other remedy for the complainant, as compared to those that are found to be without merit. This information shall be disseminated in a fashion that will facilitate identification of meritless complaints and discourage their consideration by consumers and others interested in the records of insurers.

(C) Number and type of violations found, by reference to the line of insurance and the law violated.

(D) Number and type of enforcement actions taken.

(E) Ratio of complaints received to total policies in force, or premium dollars paid in a given line, or both. Private passenger automobile insurance ratios shall be calculated as the number of complaints received to total car years earned in the period studied.

(F) Any other information the department deems is appropriate public information regarding the complaint record of the insurer that will assist the public in selecting an insurer. However, nothing in this section shall be construed to permit disclosure of information or documents in the possession of the department to the extent that the information and those documents are protected from disclosure under any other provision of law.

(6) Procedures and average processing times for each step of complaint mediation, investigation, and enforcement. These procedures shall be consistent with those in Article 6.5 (commencing with Section

790) of Chapter 1 of Part 2 of Division 1 for complaints within the purview of that article, consistent with those in Article 7 (commencing with Section 1858) of Chapter 9 of Part 2 of Division 1 for complaints within the purview of that article, and consistent with any other provisions of law requiring certain procedures to be followed by the department in investigating or prosecuting complaints against insurers.

(7) A list of criteria to determine which violations should be pursued through enforcement action, and enforcement guidelines that set forth appropriate penalties for violations based on the nature, severity, and frequency of the violations.

(8) Referral of complaints not within the department's jurisdiction to appropriate public and private agencies.

(9) Complaint handling goals that can be tested against surveys carried out pursuant to subdivision (a) of Section 12921.4.

(10) Inclusion in its annual report to the Governor, required by Section 12922, detailed information regarding the program required by this section, that shall include, but not be limited to: a description of the operation of the complaint handling process, listing civil, criminal, and administrative actions taken pursuant to complaints received; the percentage of the department's personnel years devoted to the handling and resolution of complaints; and suggestions for legislation to improve the complaint handling apparatus and to increase the amount of enforcement action undertaken by the department pursuant to complaints if further enforcement is deemed necessary to insure proper compliance by insurers with the law.

(b) The commissioner shall promulgate a regulation that sets forth the criteria that the department shall apply to determine if a complaint is deemed to be justified prior to the public release of a complaint against a specifically named insurer.

(c) The commissioner shall provide to the insurer a description of any complaint against the insurer that the commissioner has received and has deemed to be justified at least 30 days prior to public release of a report summarizing the information required by this section. This description shall include all of the following:

(1) The name of the complainant.

(2) The date the complaint was filed.

(3) A succinct description of the facts of the complaint.

(4) A statement of the department's rationale for determining that the complaint was justified that applies the department's criteria to the facts of the complaint.

(d) An insurer shall provide to the department the name, mailing address, telephone number, and facsimile number of a person whom the insurer designates as the recipient of all notices, correspondence, and other contacts from the department concerning complaints described in

this section. The insurer may change the designation at any time by providing written notice to the Consumer Services Division of the department.

(e) For the purposes of this section, notices, correspondence, and other contacts with the designated person shall be deemed contact with the insurer.

SEC. 15. Section 12921.3 of the Insurance Code is amended to read:

12921.3. (a) The commissioner, in person or through employees of the department, shall receive complaints and inquiries, investigate complaints, prosecute insurers when appropriate and according to guidelines determined pursuant to Section 12921.1, and respond to complaints and inquiries by members of the public concerning the handling of insurance claims, including, but not limited to, violations of Article 10 (commencing with Section 1861) of Chapter 9 of Part 2 of Division 1, by insurers, or alleged misconduct by insurers or production agencies.

(b) The commissioner shall not decline to investigate complaints for any of the following reasons:

(1) The insured is represented by an attorney in a dispute with an insurer, or is in mediation or arbitration.

(2) The insured has a civil action against an insurer.

(3) The complaint is from an attorney, if the complaint is based upon evidence or reasonable beliefs about violations of law known to an attorney because of a civil action.

(4) The commissioner may defer the investigation until the finality of a dispute, mediation, arbitration, or civil action involving the claim is known.

(c) The commissioner, as he or she deems appropriate, and pursuant to Section 12921.1, shall provide for the education of, and dissemination of information to, members of the general public or licensees of the department concerning insurance matters.

SEC. 16. Section 12921.9 is added to the Insurance Code, to read:

12921.9. (a) A letter or legal opinion signed by the Commissioner or the Chief Counsel of the Department of Insurance that was prepared in response to an inquiry from an insured or other person or entity and that discusses either generally or in connection with a specific fact situation the application of the Insurance Code or regulations promulgated by the commissioner shall be made public. The department may redact the name, address, policy number, and other identifying information regarding a particular insured or other person or entity from the letter or legal opinion when it is made public.

(b) A letter or legal opinion made public pursuant to this section shall not be construed as establishing an agency guideline, criterion, bulletin, manual, instruction, order, standard of general application, rule, or

regulation, as those terms are described in Sections 11340.5 and 11342.600 of the Government Code.

SEC. 17. Section 12926.2 is added to the Insurance Code, to read:

12926.2. (a) As used in this section, ''extraordinary circumstances'' means circumstances outside of the control of a licensee that severely and materially affect the licensee's ability to conduct normal business operations.

(b) In determining noncompliance with this code and regulations adopted pursuant to this code, and appropriate penalties, if any, the commissioner may consider evidence concerning the existence of extraordinary circumstances.

(c) A settlement agreement between the commissioner and an insurer may not contain a provision referencing the existence of extraordinary circumstances relative to the subject matter at issue, unless the agreement specifies the precise period of time during which extraordinary circumstances were in existence. Except as provided in subdivision (d), extraordinary circumstances may not be stated to exist for a duration of more than six months.

(d) A settlement agreement may concede the existence of extraordinary circumstances for a period of time exceeding six months if all of the following conditions are met:

(1) The commissioner makes a finding in the agreement that extraordinary circumstances existed for more than six months, and documents in that finding facts supporting that conclusion.

(2) The finding identifies the public purpose justifying the extension of extraordinary circumstances beyond the six-month period.

(3) The beginning and ending date, by month and year, of the commencement and termination of the extraordinary circumstances are identified.

---

## CHAPTER 728

An act to amend Sections 125.3, 125.9, 650, 802, 803, 803.2, 1646.9, 1647.12, 1716.1, 1743, 1744, 2065, 2066, 2072, 2073, 2079, 2102, 2245, 2499.5, 2531, 2532.6, 2570.3, 2903, 2914, 4008, 4033, 4053, 4110, 4115, 4160, 4161, 4196, 4200.5, 4301, 4305.5, 4331, 4400, 4980.40, 4980.44, 4980.50, 4986.20, 4986.21, 4986.47, 4992.1, 4992.3, 4996.2, 4996.18, 4996.21, 4999.2, 4999.7, 7006, 7026, 7027.3, 7028.7, 7028.13, 7059.1, 7071.11, 7074, 7091, 7112, 7153, 17910.5, 17913, 17917, 17923, 22251, 22254, 22355, and 22453.1 of, to amend and repeal Section 1646.7 of, to add Sections 1621, 4052.7, 4996.23, 5536.26, and 7112.1 to, to repeal Sections 2088 and 4992.6 of, to repeal

Article 1.5 (commencing with Section 1621) of Chapter 4 of Division 2 of, and to repeal and add Sections 2878.7 and 4524 of, the Business and Professions Code, and to amend Sections 109948.1, 111656, 111656.2, and 111656.4 of the Health and Safety Code, relating to businesses, and making an appropriation therefor.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 125.3 of the Business and Professions Code is amended to read:

125.3. (a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board or the board created by the Chiropractic Initiative Act, the board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licentiate that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge where the proposed decision fails to make a finding on costs requested pursuant to subdivision (a).

(e) Where an order for recovery of costs is made and timely payment is not made as directed in the board's decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licentiate to pay costs.

(f) In any action for recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(g) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license of any licentiate who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licentiate who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid costs.

(h) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(i) Nothing in this section shall preclude a board from including the recovery of the costs of investigation and enforcement of a case in any stipulated settlement.

(j) This section does not apply to any board if a specific statutory provision in that board's licensing act provides for recovery of costs in an administrative disciplinary proceeding.

SEC. 1.2. Section 125.9 of the Business and Professions Code is amended to read:

125.9. (a) Except with respect to persons regulated under Chapter 11 (commencing with Section 7500), and Chapter 11.6 (commencing with Section 7590) of Division 3, any board, bureau, or commission within the department, the board created by the Chiropractic Initiative Act, and the Osteopathic Medical Board of California, may establish, by regulation, a system for the issuance to a licensee of a citation which may contain an order of abatement or an order to pay an administrative fine assessed by the board, bureau, or commission where the licensee is in violation of the applicable licensing act or any regulation adopted pursuant thereto.

(b) The system shall contain the following provisions:

(1) Citations shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law determined to have been violated.

(2) Whenever appropriate, the citation shall contain an order of abatement fixing a reasonable time for abatement of the violation.

(3) In no event shall the administrative fine assessed by the board, bureau, or commission exceed two thousand five hundred dollars ($2,500) for each inspection or each investigation made with respect to the violation, or two thousand five hundred dollars ($2,500) for each violation or count if the violation involves fraudulent billing submitted

to an insurance company, the Medi-Cal program, or Medicare. In assessing a fine, the board, bureau, or commission shall give due consideration to the appropriateness of the amount of the fine with respect to factors such as the gravity of the violation, the good faith of the licensee, and the history of previous violations.

(4) A citation or fine assessment issued pursuant to a citation shall inform the licensee that if he or she desires a hearing to contest the finding of a violation, that hearing shall be requested by written notice to the board, bureau, or commission within 30 days of the date of issuance of the citation or assessment. If a hearing is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged. Hearings shall be held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(5) Failure of a licensee to pay a fine within 30 days of the date of assessment, unless the citation is being appealed, may result in disciplinary action being taken by the board, bureau, or commission. Where a citation is not contested and a fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of the license. A license shall not be renewed without payment of the renewal fee and fine.

(c) The system may contain the following provisions:

(1) A citation may be issued without the assessment of an administrative fine.

(2) Assessment of administrative fines may be limited to only particular violations of the applicable licensing act.

(d) Notwithstanding any other provision of law, if a fine is paid to satisfy an assessment based on the finding of a violation, payment of the fine shall be represented as satisfactory resolution of the matter for purposes of public disclosure.

(e) Administrative fines collected pursuant to this section shall be deposited in the special fund of the particular board, bureau, or commission.

SEC. 1.4. Section 650 of the Business and Professions Code is amended to read:

650. Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code, the offer, delivery, receipt, or acceptance by any person licensed under this division or the Chiropractic Initiative Act of any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for referring patients, clients, or customers to any person, irrespective of any membership, proprietary interest or coownership in

or with any person to whom these patients, clients, or customers are referred is unlawful.

The payment or receipt of consideration for services other than the referral of patients which is based on a percentage of gross revenue or similar type of contractual arrangement shall not be unlawful if the consideration is commensurate with the value of the services furnished or with the fair rental value of any premises or equipment leased or provided by the recipient to the payer.

Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code and in Sections 654.1 and 654.2, it shall not be unlawful for any person licensed under this division to refer a person to any laboratory, pharmacy, clinic (including entities exempt from licensure pursuant to Section 1206 of the Health and Safety Code), or health care facility solely because the licensee has a proprietary interest or coownership in the laboratory, pharmacy, clinic, or health care facility; provided, however, that the licensee's return on investment for that proprietary interest or coownership shall be based upon the amount of the capital investment or proportional ownership of the licensee which ownership interest is not based on the number or value of any patients referred. Any referral excepted under this section shall be unlawful if the prosecutor proves that there was no valid medical need for the referral.

''Health care facility'' means a general acute care hospital, acute psychiatric hospital, skilled nursing facility, intermediate care facility, and any other health facility licensed by the State Department of Health Services under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in the county jail for not more than one year, or by imprisonment in the state prison, or by a fine not exceeding fifty thousand dollars ($50,000), or by both that imprisonment and fine. A second or subsequent conviction is punishable by imprisonment in the state prison or by imprisonment in the state prison and a fine of fifty thousand dollars ($50,000).

SEC. 1.5. Section 802 of the Business and Professions Code is amended to read:

802. (a) Every settlement or arbitration award over three thousand dollars ($3,000) of a claim or action for damages for death or personal injury caused by negligence, error or omission in practice, or the unauthorized rendering of professional services, by a person who holds a license, certificate or other similar authority from an agency mentioned in subdivision (a) of Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200) or Chapter 5 (commencing with Section 2000) of Division 2) or the Osteopathic Initiative Act who does not possess professional liability insurance as to that claim shall,

within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30 days after service of the arbitration award on the parties, be reported to the agency that issued the license, certificate, or similar authority. A complete report shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if the person is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the arbitration award on the parties, counsel for the claimant (or if the claimant is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make the complete report. Failure of the physician or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars ($50) or more than five hundred dollars ($500). Knowing and intentional failure to comply with this section, or conspiracy or collusion not to comply with this section, or to hinder or impede any other person in the compliance is a public offense punishable by a fine of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000).

(b) Every settlement over thirty thousand dollars ($30,000), or arbitration award of any amount, of a claim or action for damages for death or personal injury caused by negligence, error or omission in practice, or the unauthorized rendering of professional services, by a physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) of Division 2, or the Osteopathic Initiative Act, who does not possess professional liability insurance as to the claim shall, within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30 days after service of the arbitration award on the parties, be reported to the agency that issued the license, certificate or similar authority. A complete report including the name and license number of the physician and surgeon shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if he or she is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the arbitration award on the parties, counsel for the claimant (or if the claimant is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make the complete report. Failure of the physician or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars ($50) or more than five hundred dollars ($500). Knowing and intentional failure to comply with this section, or conspiracy or collusion not to comply

with this section, or to hinder or impede any other person in the compliance is a public offense punishable by a fine of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000).

(c) Every settlement or arbitration award over ten thousand dollars ($10,000) of a claim or action for damages for death or personal injury caused by negligence, error, or omission in practice, or the unauthorized rendering of professional services, by a marriage, family, and child counselor or clinical social worker licensed pursuant to Chapter 13 (commencing with Section 4980) or Chapter 14 (commencing with Section 4990), who does not possess professional liability insurance as to that claim shall within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30 days after service of the arbitration award on the parties, be reported to the agency that issued the license, certificate, or similar authority. A complete report shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if he or she is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the arbitration award on the parties, counsel for the claimant (or if he or she is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make a complete report. Failure of the marriage, family, and child counselor or clinical social worker or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars ($50) or more than five hundred dollars ($500). Knowing and intentional failure to comply with this section, or conspiracy or collusion not to comply with this section, or to hinder or impede any other person in that compliance is a public offense punishable by a fine of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000).

SEC. 2. Section 803 of the Business and Professions Code is amended to read:

803. (a) (1) Except as provided in paragraph (2), within 10 days after a judgment by a court of this state that a person who holds a license, certificate, or other similar authority from the Board of Behavioral Science Examiners or from an agency mentioned in subdivision (a) of Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200)) has committed a crime, or is liable for any death or personal injury resulting in a judgment for an amount in excess of thirty thousand dollars ($30,000) caused by his or her negligence, error or omission in practice, or his or her rendering unauthorized professional services, the clerk of the court that rendered

the judgment shall report that fact to the agency that issued the license, certificate, or other similar authority.

(2) For purposes of a physician and surgeon who has committed a crime, or is liable for any death or personal injury resulting in a judgment of any amount caused by his or her negligence, error or omission in practice, or his or her rendering unauthorized professional services, the clerk of the court that rendered the judgment shall report that fact to the agency that issued the license.

(b) Every insurer providing professional liability insurance to a physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) shall send a complete report including the name and license number of the physician and surgeon to the Medical Board of California as to any judgment of a claim for damages for death or personal injury caused by that licensee's negligence, error, or omission in practice, or rendering of unauthorized professional services. The report shall be sent within 30 calendar days after entry of judgment.

(c) Notwithstanding any other provision of law, the Medical Board of California and the California Board of Podiatric Medicine shall disclose to an inquiring member of the public information received pursuant to subdivision (a) regarding felony convictions of, and judgments against, a physician and surgeon or doctor of podiatric medicine. The Division of Medical Quality and the California Board of Podiatric Medicine may formulate appropriate disclaimers or explanatory statements to be included with any information released, and may, by regulation, establish categories of information that need not be disclosed to the public because that information is unreliable or not sufficiently related to the licensee's professional practice.

SEC. 3. Section 803.2 of the Business and Professions Code is amended to read:

803.2. Every entry of settlement agreement over thirty thousand dollars ($30,000), or judgment or arbitration award of any amount, of a claim or action for damages for death or personal injury caused by, or alleging, the negligence, error, or omission in practice, or the unauthorized rendering of professional services, by a physician and surgeon or doctor of podiatric medicine licensed pursuant to Chapter 5 (commencing with Section 2000) or the Osteopathic Initiative Act, when that judgment, settlement agreement, or arbitration award is entered against, or paid by, the employer of that licensee and not the licensee himself or herself, shall be reported to the appropriate board by the entity required to report the information in accordance with Sections 801, 801.1, 802, and 803 as an entry of judgment, settlement, or arbitration award against the negligent licensee. This report shall include the name and license number of the physician and surgeon.

''Employer'' as used in this section means a professional corporation, a group practice, a health care facility or clinic licensed or exempt from licensure under the Health and Safety Code, a licensed health care service plan, a medical care foundation, an educational institution, a professional institution, a professional school or college, a general law corporation, a public entity, or a nonprofit organization that employs, retains, or contracts with a licensee referred to in this section. Nothing in this section shall be construed to authorize the employment of, or contracting with, any licensee in violation of Section 2400.

SEC. 4. Article 1.5 (commencing with Section 1621) of Chapter 4 of Division 2 of the Business and Professions Code is repealed.

SEC. 5. Section 1621 is added to the Business and Professions Code, to read:

1621. The board shall utilize in the administration of its licensure examinations only examiners whom it has appointed and who meet the following criteria:

(a) Possession of a valid license to practice dentistry in this state or possession of a valid license in one of the following dental auxiliary categories: registered dental assistant, registered dental assistant in extended functions, registered dental hygienist, registered dental hygienist in extended functions, or registered dental hygienist in alternative practice.

(b) Practice as a licensed dentist or in a dental auxiliary licensure category for at least five years preceding his or her appointment.

(c) Hold no position as an officer or faculty member at any college, school, or institution that provides dental instruction in the same licensure category as that held by the examiner.

SEC. 6. Section 1646.7 of the Business and Professions Code, as amended by Section 1 of Chapter 177 of the Statutes of 1999, is amended to read:

1646.7. (a) A violation of this article constitutes unprofessional conduct and is grounds for the revocation or suspension of the dentist's permit, license, or both, or the dentist may be reprimanded or placed on probation.

(b) A violation of any provision of this article or Section 1682 is grounds for suspension or revocation of the physician's and surgeon's permit issued pursuant to this article by the Dental Board of California. The exclusive enforcement authority against a physician and surgeon by the Dental Board of California shall be to suspend or revoke the permit issued pursuant to this article. The Dental Board of California shall refer a violation of this article by a physician and surgeon to the Medical Board of California for its consideration as unprofessional conduct and further action, if deemed necessary by the Medical Board of California, pursuant to Chapter 5 (commencing with Section 2000). A suspension

or revocation of a physician and surgeon's permit by the Dental Board of California pursuant to this article shall not constitute a disciplinary proceeding or action for any purpose except to permit the initiation of an investigation or disciplinary action by the Medical Board of California as authorized by Section 2220.5.

(c) The proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the Dental Board of California shall have all the powers granted therein.

SEC. 7. Section 1646.7 of the Business and Professions Code, as amended by Section 2 of Chapter 177 of the Statutes of 1999, is repealed.

SEC. 8. Section 1646.9 of the Business and Professions Code is amended to read:

1646.9. (a) Notwithstanding any other provision of law, including, but not limited to, Section 1646.1, a physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) may administer general anesthesia in the office of a licensed dentist for dental patients, without regard to whether the dentist possesses a permit issued pursuant to this article, if all of the following conditions are met:

(1) The physician and surgeon possesses a current license in good standing to practice medicine in this state.

(2) The physician and surgeon holds a valid general anesthesia permit issued by the Dental Board of California pursuant to subdivision (b).

(b) (1) A physician and surgeon who desires to administer general anesthesia as set forth in subdivision (a) shall apply to the Dental Board of California on an application form prescribed by the board and shall submit all of the following:

(A) The payment of an application fee prescribed by this article.

(B) Evidence satisfactory to the Medical Board of California showing that the applicant has successfully completed a postgraduate residency training program in anesthesiology that is recognized by the American Council on Graduate Medical Education, as set forth in Section 2079.

(C) Documentation demonstrating that all equipment and drugs required by the Dental Board of California are possessed by the applicant and shall be available for use in any dental office in which he or she administers general anesthesia.

(D) Information relative to the current membership of the applicant on hospital medical staffs.

(2) Prior to issuance or renewal of a permit pursuant to this section, the Dental Board of California may, at its discretion, require an onsite inspection and evaluation of the facility, equipment, personnel, including, but not limited to, the physician and surgeon, and procedures utilized. At least one of the persons evaluating the procedures utilized by the physician and surgeon shall be a licensed physician and surgeon

expert in outpatient general anesthesia who has been authorized or retained under contract by the Dental Board of California for this purpose.

(3) The permit of any physician and surgeon who has failed an onsite inspection and evaluation shall be automatically suspended 30 days after the date on which the board notifies the physician and surgeon of the failure unless within that time period the physician and surgeon has retaken and passed an onsite inspection and evaluation. Every physician and surgeon issued a permit under this article shall have an onsite inspection and evaluation at least once every six years. Refusal to submit to an inspection shall result in automatic denial or revocation of the permit.

(c) This section shall remain in effect until January 1, 2007, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2007, deletes or extends that date.

SEC. 9. Section 1647.12 of the Business and Professions Code is amended to read:

1647.12. A dentist who desires to administer, or order the administration of, oral conscious sedation for minor patients, who does not hold a general anesthesia permit as provided in Sections 1646.1 and 1646.2 or a conscious sedation permit as provided in Sections 1647.2 and 1647.3, shall register his or her name with the board on a board-prescribed registration form. The dentist shall submit the registration fee and evidence showing that he or she satisfies any of the following requirements:

(a) Satisfactory completion of a postgraduate program in oral and maxillofacial surgery, pediatric dentistry, or periodontics at a dental school approved by either the Commission on Dental Accreditation or a comparable organization approved by the board.

(b) Satisfactory completion of a general practice residency or other advanced education in a general dentistry program approved by the board.

(c) Satisfactory completion of a board-approved educational program on oral medications and sedation.

SEC. 10. Section 1716.1 of the Business and Professions Code is amended to read:

1716.1. (a) Notwithstanding Section 1716, the board may, by regulation, reduce the renewal fee for a licensee who has practiced dentistry for 20 years or more in this state, has reached the age of retirement under the federal Social Security Act (42 U.S.C. Sec. 301 et seq.), and customarily provides his or her services free of charge to any person, organization, or agency. In the event that charges are made, these charges shall be nominal. In no event shall the aggregate of these charges in any single calendar year be in an amount that would render the licensee

ineligible for full social security benefits. The board shall not reduce the renewal fee under this section to an amount less than one-half of the regular renewal fee.

(b) Notwithstanding Section 1716, any licensee who demonstrates to the satisfaction of the board that he or she is unable to practice dentistry due to a disability, may request a waiver of 50 percent of the renewal fee. The granting of a waiver shall be at the discretion of the board, and the board may terminate the waiver at any time. A licensee to whom the board has granted a waiver pursuant to this subdivision shall not engage in the practice of dentistry unless and until the licensee pays the current renewal fee in full and establishes to the satisfaction of the board, on a form prescribed by the board and signed under penalty of perjury, that the licensee's disability either no longer exists or no longer affects his or her ability to safely practice dentistry.

SEC. 11. Section 1743 of the Business and Professions Code is amended to read:

1743. The committee shall consist of the following nine members:

(a) One member who is a public member of the board, one member who is a licensed dentist and who has been appointed by the board as an examiner pursuant to Section 1621, one member who is a licensed dentist who is neither a board member nor appointed by the board as an examiner pursuant to Section 1621, three members who are licensed as registered dental hygienists, at least one of whom is actively employed in a private dental office, and three members who are licensed as registered dental assistants. If available, an individual licensed as a registered dental hygienist in extended functions shall be appointed in place of one of the members licensed as a registered dental hygienist. If available, an individual licensed as a registered dental assistant in extended functions shall be appointed in place of one of the members licensed as a registered dental assistant.

(b) The public member of the board shall not have been licensed under Chapter 4 (commencing with Section 1600) of the Business and Professions Code within five years of the appointment date and shall not have any current financial interest in a dental-related business.

SEC. 12. Section 1744 of the Business and Professions Code is amended to read:

1744. (a) The members of the committee shall be appointed by the Governor. The terms of the member who is a board member and the member who has been appointed by the board as an examiner pursuant to Section 1621 shall expire December 31, 1976. The terms of the member who is a licensed dentist and one member who is a dental assistant and one member who is licensed as a registered dental hygienist shall expire on December 31, 1977. The terms of all other members shall

expire on December 31, 1978. Thereafter, appointments shall be for a term of four years.

(b) No member shall serve as a member of the committee for more than two consecutive terms. Vacancies shall be filled by appointment for the unexpired terms. The committee shall annually elect one of its members as chairperson.

(c) The Governor shall have the power to remove any member of the committee from office for neglect of any duty required by law or for incompetence or unprofessional or dishonorable conduct.

SEC. 13. Section 2065 of the Business and Professions Code is amended to read:

2065. Unless otherwise provided by law, no postgraduate trainee, intern, resident, postdoctoral fellow, or instructor may engage in the practice of medicine, or receive compensation therefor, or offer to engage in the practice of medicine unless he or she holds a valid, unrevoked, and unsuspended physician's and surgeon's certificate issued by the board. However, a graduate of an approved medical school, who is registered with the Division of Licensing and who is enrolled in a postgraduate training program approved by the division, may engage in the practice of medicine whenever and wherever required as a part of the program under the following conditions:

(a) A graduate enrolled in an approved first-year postgraduate training program may so engage in the practice of medicine for a period not to exceed one year whenever and wherever required as a part of the training program, and may receive compensation for that practice.

(b) A graduate who has completed the first year of postgraduate training may, in an approved residency or fellowship, engage in the practice of medicine whenever and wherever required as part of that residency or fellowship, and may receive compensation for that practice. The resident or fellow shall qualify for, take, and pass the next succeeding written examination for licensure given by the division, or shall qualify for and receive a physician's and surgeon's certificate by one of the other methods specified in this chapter. If the resident or fellow fails to receive a license to practice medicine under this chapter within one year from the commencement of the residency or fellowship or if the division denies his or her application for licensure, all privileges and exemptions under this section shall automatically cease.

SEC. 14. Section 2066 of the Business and Professions Code is amended to read:

2066. (a) Nothing in this chapter shall be construed to prohibit a foreign medical graduate from engaging in the practice of medicine whenever and wherever required as a part of a clinical service program under the following conditions:

(1) The clinical service is in a postgraduate training program approved by the Division of Licensing.

(2) The graduate is registered with the division for the clinical service.

(b) A graduate may engage in the practice of medicine under this section until the receipt of his or her physician and surgeon's certificate. If the graduate fails to pass the examination and receive a certificate by the completion of the graduate's third year of postgraduate training or if the division denies his or her application for licensure, all privileges and exemptions under this section shall automatically cease.

(c) Nothing in this section shall preclude a foreign medical graduate from engaging in the practice of medicine under any other exemption contained in this chapter.

SEC. 15. Section 2072 of the Business and Professions Code is amended to read:

2072. Notwithstanding any other provision of law and subject to the provisions of the State Civil Service Act, any person who is licensed to practice medicine in any other state, who meets the requirements for application set forth in this chapter and who registers with and is approved by the Division of Licensing, may be appointed to the medical staff within a state institution and, under the supervision of a physician and surgeon licensed in this state, may engage in the practice of medicine on persons under the jurisdiction of any state institution. Qualified physicians and surgeons licensed in this state shall not be recruited pursuant to this section.

No person appointed pursuant to this section shall be employed in any state institution for a period in excess of two years from the date the person was first employed, and the appointment shall not be extended beyond the two-year period. At the end of the two-year period, the physician shall have been issued a physician's and surgeon's certificate by the board in order to continue employment. Until the physician has obtained a physician's and surgeon's certificate from the board, he or she shall not engage in the practice of medicine in this state except to the extent expressly permitted herein.

SEC. 16. Section 2073 of the Business and Professions Code is amended to read:

2073. Notwithstanding any other provision of law, any person who is licensed to practice medicine in any other state who meets the requirements for application set forth in this chapter, and who registers with and is approved by the Division of Licensing, may be employed on the resident medical staff within a county general hospital and, under the supervision of a physician and surgeon licensed in this state, may engage in the practice of medicine on persons within the county institution. Employment pursuant to this section is authorized only when an

adequate number of qualified resident physicians cannot be recruited from intern staffs in this state.

No person appointed pursuant to this section shall be employed in any county general hospital for a period in excess of two years from the date the person was first employed, and the employment shall not be extended beyond the two-year period. At the end of the two-year period, the physician shall have been issued a physician's and surgeon's certificate by the board in order to continue as a member of the resident staff. Until the physician has obtained a physician's and surgeon's certificate from the board, he or she shall not engage in the practice of medicine in this state except to the extent expressly permitted herein.

SEC. 17. Section 2079 of the Business and Professions Code is amended to read:

2079. (a) A physician and surgeon who desires to administer general anesthesia in the office of a dentist pursuant to Section 1646.9, shall provide the Medical Board of California with a copy of the application submitted to the Dental Board of California pursuant to subdivision (b) of Section 1646.9 and a fee established by the board not to exceed the costs of processing the application as provided in this section.

(b) The Medical Board of California shall review the information submitted and take action as follows:

(1) Inform the Dental Board of California whether the physician and surgeon has a current license in good standing to practice medicine in this state.

(2) Verify whether the applicant has successfully completed a postgraduate residency training program in anesthesiology and whether the program has been recognized by the American Council on Graduate Medical Education.

(3) Inform the Dental Board of California whether the Medical Board of California has determined that the applicant has successfully completed the postgraduate residency training program in anesthesiology recognized by the American Council on Graduate Medicine.

(c) This section shall remain in effect until January 1, 2007, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2007, deletes or extends that date.

SEC. 18. Section 2088 of the Business and Professions Code is repealed.

SEC. 19. Section 2102 of the Business and Professions Code is amended to read:

2102. Any applicant whose professional instruction was acquired in a country other than the United States or Canada shall provide evidence

satisfactory to the division of compliance with the following requirements to be issued a physician's and surgeon's certificate:

(a) Completion in a medical school or schools of a resident course of professional instruction equivalent to that required by Section 2089 and issuance to the applicant of a document acceptable to the division that shows final and successful completion of the course. However, nothing in this section shall be construed to require the division to evaluate for equivalency any coursework obtained at a medical school disapproved by the division pursuant to this section.

(b) Certification by the Educational Commission for Foreign Medical Graduates, or its equivalent, as determined by the division. This subdivision shall apply to all applicants who are subject to this section and who have not taken and passed the written examination specified in subdivision (d) prior to June 1, 1986.

(c) Satisfactory completion of the postgraduate training required under Section 2096. An applicant shall be required to have substantially completed the professional instruction required in subdivision (a) and shall be required to make application to the division and have passed steps 1 and 2 of the written examination relating to biomedical and clinical sciences prior to commencing any postgraduate training in this state. In its discretion, the division may authorize an applicant who is deficient in any education or clinical instruction required by Sections 2089 and 2089.5 to make up any deficiencies as a part of his or her postgraduate training program, but that remedial training shall be in addition to the postgraduate training required for licensure.

(d) Pass the written examination as provided under Article 9 (commencing with Section 2170). If an applicant has not satisfactorily completed at least two years of approved postgraduate training, the applicant shall also pass the clinical competency written examination. An applicant shall be required to meet the requirements specified in subdivision (b) prior to being admitted to the written examination required by this subdivision.

Nothing in this section prohibits the division from disapproving any foreign medical school or from denying an application if, in the opinion of the division, the professional instruction provided by the medical school or the instruction received by the applicant is not equivalent to that required in Article 4 (commencing with Section 2080).

SEC. 20. Section 2245 of the Business and Professions Code is amended to read:

2245. A violation of Article 2.7 (commencing with Section 1646) of Chapter 4 or Section 1682 by a physician and surgeon who possesses a permit issued by the Dental Board of California to administer general anesthesia in a dental office may constitute unprofessional conduct.

This section shall remain in effect until January 1, 2007, and as of that date is repealed, unless a later enacted statute which is enacted on or before January 1, 2007, deletes or extends that date.

SEC. 21. Section 2499.5 of the Business and Professions Code is amended to read:

2499.5. The following fees apply to certificates to practice podiatric medicine. The amount of fees prescribed for doctors of podiatric medicine shall be those set forth in this section unless a lower fee is established by the board in accordance with Section 2499.6. Fees collected pursuant to this section shall be fixed by the board in amounts not to exceed the actual costs of providing the service for which the fee is collected.

(a) Each applicant for a certificate to practice podiatric medicine shall pay an application fee of twenty dollars ($20) at the time the application is filed. If the applicant qualifies for a certificate, he or she shall pay a fee which shall be fixed by the board at an amount not to exceed one hundred dollars ($100) nor less than five dollars ($5) for the issuance of the certificate.

(b) The oral examination fee shall be seven hundred dollars ($700), or the actual cost, whichever is lower, and shall be paid by each applicant. If the applicant's credentials are insufficient or if the applicant does not desire to take the examination, and has so notified the board 30 days prior to the examination date, only the examination fee is returnable to the applicant. The board may charge an examination fee for any subsequent reexamination of the applicant.

(c) Each applicant who qualifies for a certificate, as a condition precedent to its issuance, in addition to other fees required by this section, shall pay an initial license fee. The initial license fee shall be eight hundred dollars ($800). The initial license shall expire the second year after its issuance on the last day of the month of birth of the licensee. The board may reduce the initial license fee by up to 50 percent of the amount of the fee for any applicant who is enrolled in a postgraduate training program approved by the board or who has completed a postgraduate training program approved by the board within six months prior to the payment of the initial license fee.

(d) The biennial renewal fee shall be nine hundred dollars ($900). This fee shall remain in effect only until January 1, 2004, and as of that date is reduced to eight hundred dollars ($800), unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date. Any licensee enrolled in an approved residency program shall be required to pay only 50 percent of the biennial renewal fee at the time of his or her first renewal.

(e) The delinquency fee is one hundred fifty dollars ($150).

(f) The duplicate wall certificate fee is forty dollars ($40).

(g) The duplicate renewal receipt fee is forty dollars ($40).

(h) The endorsement fee is thirty dollars ($30).

(i) The letter of good standing fee or for loan deferment is thirty dollars ($30).

(j) There shall be a fee of sixty dollars ($60) for the issuance of a limited license under Section 2475.

(k) The application fee for certification under Section 2472 shall be fifty dollars ($50). The examination and reexamination fee for this certification shall be seven hundred dollars ($700).

(*l*) The filing fee to appeal the failure of an oral examination shall be twenty-five dollars ($25).

(m) The fee for approval of a continuing education course or program shall be one hundred dollars ($100).

SEC. 22. Section 2531 of the Business and Professions Code is amended to read:

2531. There is hereby created a Speech-Language Pathology and Audiology Board under the jurisdiction of the Medical Board of California. The Speech-Language Pathology and Audiology Board shall consist of nine members, three of whom shall be public members. The Speech-Language Pathology and Audiology Board shall enforce and administer this chapter.

This section shall become inoperative on July 1, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2005, deletes or extends the inoperative and repeal dates.

SEC. 22.5. Section 2532.6 of the Business and Professions Code is amended to read:

2532.6. (a) The Legislature recognizes that the education and experience requirements of this chapter constitute only minimal requirements to assure the public of professional competence. The Legislature encourages all professionals licensed and registered by the board under this chapter to regularly engage in continuing professional development and learning that is related and relevant to the professions of speech-language pathology and audiology.

(b) On and after January 1, 2001, and until January 1, 2002, the board shall not renew any license or registration pursuant to this chapter unless the applicant certifies to the board that he or she has completed, after April 12, 1999, and prior to his or her renewal date in 2001, not less than the minimum number of continuing professional development hours established by the board pursuant to subdivision (c) for the professional practice authorized by his or her license. On and after January 1, 2002, the board shall not renew any license or registration pursuant to this chapter unless the applicant certifies to the board that he or she has completed in the preceding two years not less than the minimum number

of continuing professional development hours established by the board pursuant to subdivision (c) for the professional practice authorized by his or her license or registration.

(c) (1) The board shall prescribe the forms utilized for and the number of hours of required continuing professional development for persons licensed or registered under this chapter.

(2) The board shall have the right to audit the records of any applicant to verify the completion of the continuing professional development requirements.

(3) Applicants shall maintain records of completion of required continuing professional development coursework for a minimum of two years and shall make these records available to the board for auditing purposes upon request.

(d) The board shall establish exceptions from the continuing professional development requirements of this section for good cause as defined by the board.

(e) (1) The continuing professional development services shall be obtained from accredited institutions of higher learning, organizations approved as continuing education providers by either the American Speech-Language Hearing Association or the American Academy of Audiology, the California Medical Association's Institute for Medical Quality Continuing Medical Education Program, or other entities or organizations approved as continuing professional development providers by the board, in its discretion.

(2) The continuing professional development services offered by these entities may, but are not required to, utilize pretesting and posttesting or other evaluation techniques to measure and demonstrate improved professional learning and competency.

(3) An accredited institution of higher learning, an organization approved as continuing education providers by either the American Speech-Language Hearing Association or the American Academy of Audiology, and the California Medical Association's Institute for Medical Quality Continuing Education Program shall be exempt from any application or registration fees that the board may charge for continuing education providers.

(4) Unless a course offered by entities listed in paragraph (3) meets the requirements of the sponsoring institution, the course may not be credited towards the continuing professional development requirements for license renewal.

(5) The licensee shall be responsible for obtaining the required course completion documents for courses offered by entities specified in paragraph (1).

(f) The board, by regulation, shall fund the administration of this section through professional development services provider and

licensing fees to be deposited in the Speech-Language Pathology and Audiology Board Fund. The fees related to the administration of this section shall be sufficient to meet, but shall not exceed, the costs of administering the corresponding provisions of this section.

(g) The continuing professional development requirements adopted by the board shall comply with any guidelines for mandatory continuing education established by the Department of Consumer Affairs.

SEC. 22.7. Section 2570.3 of the Business and Professions Code is amended to read:

2570.3. (a) No person shall practice occupational therapy or hold himself or herself out as an occupational therapist or as being able to practice occupational therapy, or to render occupational therapy services in this state unless he or she is licensed as an occupational therapist under the provisions of this chapter. No person shall hold himself or herself out as an occupational therapy assistant or work as an occupational therapy assistant under the supervision of an occupational therapist unless he or she is certified as an occupational therapy assistant under the provisions of this chapter.

(b) Only an individual may be licensed or certified under this chapter.

(c) Nothing in this chapter shall be construed as authorizing an occupational therapist to practice physical therapy, as defined in Section 2620; speech-language pathology or audiology, as defined in Section 2530.2; nursing, as defined Section 2725; psychology, as defined in Section 2903; or spinal manipulation or other forms of healing, except as authorized by this section.

(d) An occupational therapist may provide feeding or swallowing assessment, evaluation, or intervention if the therapist has demonstrated to the satisfaction of the board that he or she has met educational training, and competency requirements that the board shall develop in collaboration with the Speech-Language Pathology and Audiology Board.

(e) Nothing in this chapter shall be construed as authorizing an occupational therapist to seek reimbursement for services other than for the practice of occupational therapy as defined in this chapter.

(f) ''Supervision of an occupational therapy assistant'' means that the responsible occupational therapist shall at all times be responsible for all occupational therapy services provided to the client. The occupational therapist who is responsible for appropriate supervision shall formulate and document in each client's record, with his or her signature, the goals and plan for that client, and shall make sure that the occupational therapy assistant assigned to that client functions under appropriate supervision. As part of the responsible occupational therapist's appropriate supervision, he or she shall conduct at least weekly review and

inspection of all aspects of occupational therapy services by the occupational therapy assistant.

(1) The supervising occupational therapist has the continuing responsibility to follow the progress of each patient, provide direct care to the patient, and to assure that the occupational therapy assistant does not function autonomously.

(2) An occupational therapist shall not supervise more occupational therapy assistants, at any one time, than can be appropriately supervised in the opinion of the board. Two occupational therapy assistants shall be the maximum number of occupational therapy assistants supervised by an occupational therapist at any one time, but the board may permit the supervision of a greater number by an occupational therapist if, in the opinion of the board, there would be adequate supervision and the public's health and safety would be served. In no case shall the total number of occupational therapy assistants exceed twice the number of occupational therapists regularly employed by a facility at any one time.

(g) On and after January 1, 2005, any occupational therapist providing hand therapy services shall be certified by the Hand Therapy Certification Commission and shall maintain this certification in order to continue to provide hand therapy services.

(1) Techniques used by hand therapists to augment occupational therapy treatment are physical agent modalities and massage.

(2) On and after January 1, 2003, occupational therapists who are seeking certification by the Hand Therapy Certification Commission, and who have duly notified the board in writing of their intent to seek that certification, may provide hand therapy services under the supervision of an occupational therapist or physical therapist certified by the Hand Therapy Certification Commission in order to complete the experience requirements for certification.

(3) The board shall promulgate rules and regulations specifically pertaining to the practice of hand therapy by a person licensed under this chapter.

(h) In developing the rules and regulations required under this section, the board shall collaborate with the Physical Therapy Board of California and the Board of Registered Nursing.

SEC. 23. Section 2878.7 of the Business and Professions Code is repealed.

SEC. 24. Section 2878.7 is added to the Business and Professions Code, to read:

2878.7. (a) A person whose license has been revoked, suspended, surrendered, or placed on probation, may petition the board for reinstatement or modification of the penalty, including modification or termination of probation, after a period not less than the following minimum periods has elapsed from the effective date of the disciplinary

order or if any portion of the order is stayed by the board itself or by the superior court, from the date the disciplinary action is actually implemented in its entirety:

(1) Except as otherwise provided in this section, at least three years for the reinstatement of a license that was revoked or surrendered, except that the board may, in its sole discretion, specify in its order a lesser period of time, which shall be no less than one year, to petition for reinstatement.

(2) At least two years for the early termination of a probation period of three years or more.

(3) At least one year for the early termination of a probation period of less than three years.

(4) At least one year for the modification of a condition of probation, or for the reinstatement of a license revoked for mental or physical illness.

(b) The board shall give notice to the Attorney General of the filing of the petition. The petitioner and the Attorney General shall be given timely notice by letter of the time and place of the hearing on the petition, and an opportunity to present both oral and documentary evidence and argument to the board. The petitioner shall at all times have the burden of proof to establish by clear and convincing evidence that he or she is entitled to the relief sought in the petition.

(c) The board itself or the administrative law judge, if one is designated by the board, shall hear the petition and shall prepare a written decision setting forth the reasons supporting the decision.

(d) The board may grant or deny the petition or may impose any terms and conditions that it reasonably deems appropriate as a condition of reinstatement or reduction of penalty.

(e) No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on court-imposed probation or parole or subject to an order of registration pursuant to Section 290 of the Penal Code. No petition shall be considered while there is an accusation or petition to revoke probation pending against the petitioner.

(f) Except in those cases where the petitioner has been disciplined for a violation of Section 822, the board may in its discretion deny without hearing or argument any petition that is filed pursuant to this section within a period of two years from the effective date of a prior decision following a hearing under this section.

(g) Nothing in this section shall be deemed to alter the provisions of Sections 822 and 823.

SEC. 24.2. Section 2903 of the Business and Professions Code is amended to read:

2903. No person may engage in the practice of psychology, or represent himself or herself to be a psychologist, without a license granted under this chapter, except as otherwise provided in this chapter. The practice of psychology is defined as rendering or offering to render for a fee to individuals, groups, organizations or the public any psychological service involving the application of psychological principles, methods, and procedures of understanding, predicting, and influencing behavior, such as the principles pertaining to learning, perception, motivation, emotions, and interpersonal relationships; and the methods and procedures of interviewing, counseling, psychotherapy, behavior modification, and hypnosis; and of constructing, administering, and interpreting tests of mental abilities, aptitudes, interests, attitudes, personality characteristics, emotions, and motivations.

The application of these principles and methods includes, but is not restricted to: diagnosis, prevention, treatment, and amelioration of psychological problems and emotional and mental disorders of individuals and groups.

Psychotherapy within the meaning of this chapter means the use of psychological methods in a professional relationship to assist a person or persons to acquire greater human effectiveness or to modify feelings, conditions, attitudes and behavior which are emotionally, intellectually, or socially ineffectual or maladjustive.

As used in this chapter, ''fee'' means any charge, monetary or otherwise, whether paid directly or paid on a prepaid or capitation basis by a third party, or a charge assessed by a facility, for services rendered.

SEC. 24.4. Section 2914 of the Business and Professions Code is amended to read:

2914. Each applicant for licensure shall comply with all of the following requirements:

(a) Is not subject to denial of licensure under Division 1.5.

(b) Possess an earned doctorate degree (1) in psychology, (2) in education psychology, or (3) in education with the field of specialization in counseling psychology or educational psychology. Except as provided in subdivision (g), this degree or training shall be obtained from an accredited university, college, or professional school.

No educational institution shall be denied recognition as an accredited academic institution solely because its program is not accredited by any professional organization of psychologists, and nothing in this chapter or in the administration of this chapter shall require the registration with the board by educational institutions of their departments of psychology or their doctoral programs in psychology.

An applicant for licensure trained in an educational institution outside the United States or Canada shall demonstrate to the satisfaction of the

board that he or she possesses a doctorate degree in psychology that is equivalent to a degree earned from a regionally accredited university in the United States or Canada. These applicants shall provide the board with a comprehensive evaluation of the degree performed by a foreign credential evaluation service that is a member of the National Association of Credential Evaluation Services (NACES), and any other documentation the board deems necessary.

(c) Have engaged for at least two years in supervised professional experience under the direction of a licensed psychologist, the specific requirements of which shall be defined by the board in its regulations, or under suitable alternative supervision as determined by the board in regulations duly adopted under this chapter, at least one year of which shall be after being awarded the doctorate in psychology. If the supervising licensed psychologist fails to provide verification to the board of the experience required by this subdivision within 30 days after being so requested by the applicant, the applicant may provide written verification directly to the board.

If the applicant sends verification directly to the board, the applicant shall file with the board a declaration of proof of service, under penalty of perjury, of the request for verification. A copy of the completed verification forms shall be provided to the supervising psychologist and the applicant shall prove to the board that a copy has been sent to the supervising psychologist by filing a declaration of proof of service under penalty of perjury, and shall file this declaration with the board when the verification forms are submitted.

Upon receipt by the board of the applicant's verification and declarations, a rebuttable presumption affecting the burden of producing evidence is created that the supervised, professional experience requirements of this subdivision have been satisfied. The supervising psychologist shall have 20 days from the day the board receives the verification and declaration to file a rebuttal with the board.

The authority provided by this subdivision for an applicant to file written verification directly shall apply only to an applicant who has acquired the experience required by this subdivision in the United States.

The board shall establish qualifications by regulation for supervising psychologists and shall review and approve applicants for this position on a case-by-case basis.

(d) Take and pass the examination required by Section 2941 unless otherwise exempted by the board under this chapter.

(e) Show by evidence satisfactory to the board that he or she has completed training in the detection and treatment of alcohol and other chemical substance dependency. This requirement applies only to applicants who matriculate on or after September 1, 1985.

(f) Show by evidence satisfactory to the board that he or she has completed coursework, in spousal or partner abuse assessment, detection, and intervention. Coursework required under this subdivision may be satisfactory if taken either in fulfillment of other educational requirements for licensure or in a separate course. This requirement applies to applicants who begin graduate training on or after January 1, 1995. This requirement for coursework in spousal or partner abuse detection and treatment shall be satisfied by, and the board shall accept in satisfaction of the requirement, a certification from the chief academic officer of the educational institution from which the applicant graduated that the required coursework is included within the institution's required curriculum for graduation.

(g) An applicant holding a doctoral degree in psychology from an approved institution is deemed to meet the requirements of this section if all of the following are true:

(1) The approved institution offered a doctoral degree in psychology designed to prepare students for a license to practice psychology and was approved by the Bureau for Private Postsecondary and Vocational Education on or before July 1, 1999.

(2) The approved institution has not, since July 1, 1999, had a new location, as described in Section 94721 of the Education Code.

(3) The approved institution is not a franchise institution, as defined in Section 94729.3 of the Education Code.

SEC. 25. Section 4008 of the Business and Professions Code is amended to read:

4008. (a) Except as provided by Section 159.5, the board may employ inspectors of pharmacy. The inspectors, whether the inspectors are employed by the board or the department's Division of Investigation, may inspect during business hours all pharmacies, wholesalers, dispensaries, stores, or places in which drugs or devices are compounded, prepared, furnished, dispensed, or stored. Any board inspector of pharmacy whose principal duties include either (1) the inspection and investigation of pharmacies or pharmacists for alleged violations of this act, or (2) the supervision of other inspectors of pharmacy, shall be a pharmacist. For purposes of inspecting or investigating nonpharmacies or nonpharmacists pursuant to this chapter, a board inspector of pharmacy is not required to be a pharmacist.

(b) Notwithstanding subdivision (a), a pharmacy inspector may inspect or examine a physician's office or clinic that does not have a permit under Section 4180 or 4190 only to the extent necessary to determine compliance with and to enforce either Section 4080 or 4081.

(c) (1) Any pharmacy inspector employed by the board or in the department's Division of Investigation shall have the authority, as a public officer, to arrest, without warrant, any person whenever the officer

has reasonable cause to believe that the person to be arrested has, in his or her presence, violated any provision of this chapter or of Division 10 (commencing with Section 11000) of the Health and Safety Code. If the violation is a felony, or if the arresting officer has reasonable cause to believe that the person to be arrested has violated any provision that is declared to be a felony, although no felony has in fact been committed, he or she may make an arrest although the violation or suspected violation did not occur in his or her presence.

(2) In any case in which an arrest authorized by this subdivision is made for an offense declared to be a misdemeanor, and the person arrested does not demand to be taken before a magistrate, the arresting inspector may, instead of taking the person before a magistrate, follow the procedure prescribed by Chapter 5C (commencing with Section 853.5) of Title 3 of Part 2 of the Penal Code. That chapter shall thereafter apply with reference to any proceeding based upon the issuance of a citation pursuant to this authority.

(d) There shall be no civil liability on the part of, and no cause of action shall arise against, any person, acting pursuant to subdivision (a) and within the scope of his or her authority, for false arrest or false imprisonment arising out of any arrest that is lawful, or that the arresting officer, at the time of the arrest, had reasonable cause to believe was lawful. No inspector shall be deemed an aggressor or lose his or her right to self-defense by the use of reasonable force to effect the arrest or to prevent escape or to overcome resistance.

(e) Any inspector may serve all processes and notices throughout the state.

SEC. 26. Section 4033 of the Business and Professions Code is amended to read:

4033. (a) ''Manufacturer'' means and includes every person who prepares, derives, produces, compounds, or repackages any drug or device except a pharmacy that manufactures on the immediate premises where the drug or device is sold to the ultimate consumer.

(b) Notwithstanding subdivision (a), ''manufacturer'' shall not mean a pharmacy compounding a drug for parenteral therapy, pursuant to a prescription, for delivery to another pharmacy for the purpose of delivering or administering the drug to the patient or patients named in the prescription, provided that neither the components for the drug nor the drug are compounded, fabricated, packaged, or otherwise prepared prior to receipt of the prescription.

(c) Notwithstanding subdivision (a), ''manufacturer'' shall not mean a pharmacy that, at a patient's request, repackages a drug previously dispensed to the patient, or to the patient's agent, pursuant to a prescription.

SEC. 27. Section 4052.7 is added to the Business and Professions Code, to read:

4052.7. (a) A pharmacy may, at a patient's request, repackage a drug previously dispensed to the patient or to the patient's agent pursuant to a prescription.

(b) Any pharmacy providing repackaging services shall have in place policies and procedures for repackaging these drugs and shall label the repackaged prescription container with the following:

(1) All the information required by Section 4076.

(2) The name and address of the pharmacy repackaging the drug and the name and address of the pharmacy that initially dispensed the drug to the patient.

(c) The repackaging pharmacy and the pharmacy that initially dispensed the drug shall only be liable for its own actions in providing the drug to the patient or the patient's agent.

SEC. 27.2. Section 4053 of the Business and Professions Code is amended to read:

4053. (a) Subdivision (a) of Section 4051 shall not apply to a manufacturer, veterinary food-animal drug retailer, or wholesaler if the board shall find that sufficient, qualified supervision is employed by the manufacturer, veterinary food-animal drug retailer, or wholesaler to adequately safeguard and protect the public health, nor shall Section 4051 apply to any laboratory licensed under Section 351 of Title III of the Public Health Service Act (Public Law 78-410).

(b) An individual employed by a manufacturer, veterinary food-animal drug retailer, or wholesaler may apply for an exemption from Section 4051. In order to obtain and maintain that exemption, the individual shall meet the following requirements:

(1) He or she shall be a high school graduate or possess a general education development equivalent.

(2) He or she shall have a minimum of one year of paid work experience related to the distribution or dispensing of dangerous drugs or dangerous devices or meet all of the prerequisites to take the examination required for licensure as a pharmacist by the board.

(3) He or she shall complete a training program approved by the board that, at a minimum, addresses each of the following subjects:

(A) Knowledge and understanding of state and federal law relating to the distribution of dangerous drugs and dangerous devices.

(B) Knowledge and understanding of state and federal law relating to the distribution of controlled substances.

(C) Knowledge and understanding of quality control systems.

(D) Knowledge and understanding of the United States Pharmacopoeia standards relating to the safe storage and handling of drugs.

(E) Knowledge and understanding of prescription terminology, abbreviations, dosages and format.

(4) The board may, by regulation, require training programs to include additional material.

(5) The board may, by regulation, require training programs to include additional material.

(6) The board shall not issue a certificate of exemption until the applicant provides proof of completion of the required training to the board.

(c) The manufacturer, veterinary food-animal drug retailer, or wholesaler shall not operate without a pharmacist or an individual in possession of a certificate of exemption on its premises.

(d) Only a pharmacist or an individual in possession of a certificate of exemption shall prepare and affix the label to veterinary food-animal drugs.

SEC. 28. Section 4110 of the Business and Professions Code is amended to read:

4110. (a) No person shall conduct a pharmacy in the State of California unless he or she has obtained a license from the board. A license shall be required for each pharmacy owned or operated by a specific person. A separate license shall be required for each of the premises of any person operating a pharmacy in more than one location. The license shall be renewed annually. The board may, by regulation, determine the circumstances under which a license may be transferred.

(b) The board may, at its discretion, issue a temporary permit, when the ownership of a pharmacy is transferred from one person to another, upon the conditions and for any periods of time as the board determines to be in the public interest. A temporary permit fee shall be established by the board at an amount not to exceed the annual fee for renewal of a permit to conduct a pharmacy. A temporary permit may be issued for a period not to exceed 180 days, and may be issued subject to terms and conditions the board deems necessary. If the board determines a temporary permit was issued by mistake or denies the application for a permanent license or registration, the temporary license or registration shall terminate upon either personal service of the notice of termination upon the permitholder or service by certified mail, return receipt requested, at the permitholder's address of record with the board, whichever comes first. Neither for purposes of retaining a temporary permit nor for purposes of any disciplinary of license denial proceeding before the board shall the temporary permitholder be deemed to have a vested property right or interest in the permit.

SEC. 29. Section 4115 of the Business and Professions Code is amended to read:

4115. (a) Notwithstanding any other provision of law, a pharmacy technician may perform packaging, manipulative, repetitive, or other nondiscretionary tasks, only while assisting, and while under the direct supervision and control of, a pharmacist.

(b) This section does not authorize the performance of any tasks specified in subdivision (a) by a pharmacy technician without a pharmacist on duty, nor does this section authorize the use of a pharmacy technician to perform tasks specified in subdivision (a) except under the direct supervision and control of a pharmacist.

(c) This section does not authorize a pharmacy technician to perform any act requiring the exercise of professional judgment by a pharmacist.

(d) The board shall adopt regulations to specify tasks pursuant to subdivision (a) that a pharmacy technician may perform under the direct supervision and control of a pharmacist. Any pharmacy that employs a pharmacy technician to perform tasks specified in subdivision (a) shall do so in conformity with the regulations adopted by the board pursuant to this subdivision.

(e) (1) No person shall act as a pharmacy technician without first being registered with the board as a pharmacy technician as set forth in Section 4202.

(2) The registration requirements in paragraph (1) and Section 4202 shall not apply during the first year of employment for a person employed or utilized as a pharmacy technician to assist in the filling of prescriptions for an inmate of a correctional facility of the Department of the Youth Authority or the Department of Corrections, or for a person receiving treatment in a facility operated by the State Department of Mental Health, the State Department of Developmental Services, or the Department of Veterans Affairs.

(f) The performance of duties by a pharmacy technician shall be under the direct supervision and control of a pharmacist. The pharmacist on duty shall be directly responsible for the conduct of a pharmacy technician. A pharmacy technician may perform the duties, as specified in subdivision (a), only under the immediate, personal supervision and control of a pharmacist. Any pharmacist responsible for a pharmacy technician shall be on the premises at all times, and the pharmacy technician shall be within the pharmacist's view. A pharmacist shall indicate verification of the prescription by initialing the prescription label before the medication is provided to the patient.

This subdivision shall not apply to a person employed or utilized as a pharmacy technician to assist in the filling of prescriptions for an inpatient of a hospital or for an inmate of a correctional facility. Notwithstanding the exemption in this subdivision, the requirements of subdivisions (a) and (b) shall apply to a person employed or utilized as

a pharmacy technician to assist in the filling of prescriptions for an inpatient of a hospital or for an inmate of a correctional facility.

(g) (1) The ratio of pharmacy technicians performing the tasks specified in subdivision (a) to pharmacists shall not exceed one to one, except that this ratio shall not apply to personnel performing clerical functions pursuant to Section 4116 or 4117. This ratio is applicable to all practice settings, except for an inpatient of a licensed health facility, a patient of a licensed home health agency, as specified in paragraph (2), an inmate of a correctional facility of the Department of the Youth Authority or the Department of Corrections, and for a person receiving treatment in a facility operated by the State Department of Mental Health, the State Department of Developmental Services, or the Department of Veterans Affairs.

(2) The board may adopt regulations establishing the ratio of pharmacy technicians performing the tasks specified in subdivision (a) to pharmacists applicable to the filling of prescriptions of an inpatient of a licensed health facility and for a patient of a licensed home health agency. Any ratio established by the board pursuant to this subdivision shall allow, at a minimum, at least one pharmacy technician for each pharmacist, except that this ratio shall not apply to personnel performing clerical functions pursuant to Section 4116 or 4117.

(h) Notwithstanding subdivisions (b) and (f), the board shall by regulation establish conditions to permit the temporary absence of a pharmacist for breaks and lunch periods pursuant to Section 512 of the Labor Code and the orders of the Industrial Welfare Commission without closing the pharmacy. During these temporary absences, a pharmacy technician may, at the discretion of the pharmacist, remain in the pharmacy but may only perform nondiscretionary tasks. The pharmacist shall be responsible for a pharmacy technician and shall review any task performed by a pharmacy technician during the pharmacist's temporary absence. Nothing in this subdivision shall be construed to authorize a pharmacist to supervise pharmacy technicians in greater ratios than those described in subdivision (g).

SEC. 29.2. Section 4115 of the Business and Professions Code is amended to read:

4115. (a) Notwithstanding any other provision of law, a pharmacy technician may perform packaging, manipulative, repetitive, or other nondiscretionary tasks, only while assisting, and while under the direct supervision and control of, a pharmacist.

(b) This section does not authorize the performance of any tasks specified in subdivision (a) by a pharmacy technician without a pharmacist on duty, nor does this section authorize the use of a pharmacy technician to perform tasks specified in subdivision (a) except under the direct supervision and control of a pharmacist.

(c) This section does not authorize a pharmacy technician to perform any act requiring the exercise of professional judgment by a pharmacist.

(d) The board shall adopt regulations to specify tasks pursuant to subdivision (a) that a pharmacy technician may perform under the direct supervision and control of a pharmacist. Any pharmacy that employs a pharmacy technician to perform tasks specified in subdivision (a) shall do so in conformity with the regulations adopted by the board pursuant to this subdivision.

(e) (1) No person shall act as a pharmacy technician without first being registered with the board as a pharmacy technician as set forth in Section 4202.

(2) The registration requirements in paragraph (1) and Section 4202 shall not apply during the first year of employment for a person employed or utilized as a pharmacy technician to assist in the filling of prescriptions for an inmate of a correctional facility of the Department of the Youth Authority or the Department of Corrections, or for a person receiving treatment in a facility operated by the State Department of Mental Health, the State Department of Developmental Services, or the Department of Veterans Affairs.

(f) The performance of duties by a pharmacy technician shall be under the direct supervision and control of a pharmacist. The pharmacist on duty shall be directly responsible for the conduct of a pharmacy technician. A pharmacy technician may perform the duties, as specified in subdivision (a), only under the immediate, personal supervision and control of a pharmacist. Any pharmacist responsible for a pharmacy technician shall be on the premises at all times, and the pharmacy technician shall be within the pharmacist's view. A pharmacist shall indicate verification of the prescription by initialing the prescription label before the medication is provided to the patient.

This subdivision shall not apply to a person employed or utilized as a pharmacy technician to assist in the filling of prescriptions for an inpatient of a hospital or for an inmate of a correctional facility. Notwithstanding the exemption in this subdivision, the requirements of subdivisions (a) and (b) shall apply to a person employed or utilized as a pharmacy technician to assist in the filling of prescriptions for an inpatient of a hospital or for an inmate of a correctional facility.

(g) (1) A pharmacy with only one pharmacist shall have no more than one pharmacy technician performing the tasks specified in subdivision (a). The ratio of pharmacy technicians performing the tasks specified in subdivision (a) to any additional pharmacist shall not exceed 2:1, except that this ratio shall not apply to personnel performing clerical functions pursuant to Section 4116 or 4117. This ratio is applicable to all practice settings, except for an inpatient of a licensed health facility, a patient of a licensed home health agency, as specified in paragraph (2),

an inmate of a correctional facility of the Department of the Youth Authority or the Department of Corrections, and for a person receiving treatment in a facility operated by the State Department of Mental Health, the State Department of Developmental Services, or the Department of Veterans Affairs.

(2) The board may adopt regulations establishing the ratio of pharmacy technicians performing the tasks specified in subdivision (a) to pharmacists applicable to the filling of prescriptions of an inpatient of a licensed health facility and for a patient of a licensed home health agency. Any ratio established by the board pursuant to this subdivision shall allow, at a minimum, at least one pharmacy technician for a single pharmacist in a pharmacy and two pharmacy technicians for each additional pharmacist, except that this ratio shall not apply to personnel performing clerical functions pursuant to Section 4116 or 4117.

(3) A pharmacist scheduled to supervise a second pharmacy technician may refuse to supervise a second pharmacy technician if the pharmacist determines, in the exercise of his or her professional judgment, that permitting the second pharmacy technician to be on duty would interfere with the effective performance of the pharmacist's responsibilities under this chapter. A pharmacist assigned to supervise a second pharmacy technician shall notify the pharmacist in charge in writing of his or her determination, specifying the circumstances of concern with respect to the pharmacy or the pharmacy technician that have led to the determination, within a reasonable period, but not to exceed 24 hours, after the posting of the relevant schedule. No entity employing a pharmacist may discharge, discipline, or otherwise discriminate against any pharmacist in the terms and conditions of employment for exercising or attempting to exercise in good faith the right established pursuant to this paragraph.

(h) Notwithstanding subdivisions (b) and (f), the board shall by regulation establish conditions to permit the temporary absence of a pharmacist for breaks and lunch periods pursuant to Section 512 of the Labor Code and the orders of the Industrial Welfare Commission without closing the pharmacy. During these temporary absences, a pharmacy technician may, at the discretion of the pharmacist, remain in the pharmacy but may only perform nondiscretionary tasks. The pharmacist shall be responsible for a pharmacy technician and shall review any task performed by a pharmacy technician during the pharmacist's temporary absence. Nothing in this subdivision shall be construed to authorize a pharmacist to supervise pharmacy technicians in greater ratios than those described in subdivision (g).

SEC. 29.4. Section 4160 of the Business and Professions Code is amended to read:

4160. (a) No person shall act as a wholesaler of any dangerous drug or dangerous device unless he or she has obtained a license from the board. Upon approval by the board and the payment of the required fee, the board shall issue a license to the applicant.

(b) No selling or distribution outlet, located in this state, of any out-of-state manufacturer, that has not obtained a license from the board, that sells or distributes only the dangerous drugs or the dangerous devices of that manufacturer, shall sell or distribute any dangerous drug or dangerous device in this state without obtaining a wholesaler's license from the board.

(c) A separate license shall be required for each place of business owned or operated by a wholesaler. Each license shall be renewed annually and shall not be transferable.

(d) The board shall not issue or renew a wholesaler license until the wholesaler designates an exemptee-in-charge and notifies the board in writing of the identity and license number of that exemptee. The exemptee-in-charge shall be responsible for the wholesaler's compliance with state and federal laws governing wholesalers. Each wholesaler shall designate, and notify the board of, a new exemptee-in-charge within 30 days of the date that the prior exemptee-in-charge ceases to be exemptee-in-charge. A pharmacist may be designated as the exemptee-in-charge.

(e) For purposes of this section, ''exemptee-in-charge'' means a person granted a certificate of exemption pursuant to Section 4053, or a registered pharmacist, who is the supervisor or manager of the facility.

SEC. 30. Section 4161 of the Business and Professions Code is amended to read:

4161. (a) No person shall act as an out-of-state manufacturer or wholesaler of dangerous drugs or dangerous devices doing business in this state who has not obtained an out-of-state dangerous drug or dangerous device distributor's license from the board. Persons not located in this state selling or distributing dangerous drugs or dangerous devices in this state only through a licensed wholesaler are not required to be licensed as an out-of-state manufacturer or wholesaler or have an out-of-state dangerous drug or dangerous device distributor's license.

(b) Applications for an out-of-state dangerous drug or dangerous device distributor's license shall be made on a form furnished by the board. The board may require any information as the board deems is reasonably necessary to carry out the purposes of the section. The license shall be renewed annually.

(c) The Legislature, by enacting this section, does not intend a license issued to any out-of-state manufacturer or wholesaler pursuant to this section to change or affect the tax liability imposed by Chapter 3 (commencing with Section 23501) of Part 11 of Division 2 of the

Revenue and Taxation Code on any out-of-state manufacturer or wholesaler.

(d) The Legislature, by enacting this section, does not intend a license issued to any out-of-state manufacturer or wholesaler pursuant to this section to serve as any evidence that the out-of-state manufacturer or wholesaler is doing business within this state.

SEC. 30.2. Section 4196 of the Business and Professions Code is amended to read:

4196. (a) No person shall conduct a veterinary food-animal drug retailer in the State of California unless he or she has obtained a license from the board. A license shall be required for each veterinary food-animal drug retailer owned or operated by a specific person. A separate license shall be required for each of the premises of any person operating a veterinary food-animal drug retailer in more than one location. The license shall be renewed annually and shall not be transferable.

(b) The board may issue a temporary license, upon conditions and for periods of time as the board determines to be in the public interest. A temporary license fee shall be fixed by the board at an amount not to exceed the annual fee for renewal of a license to conduct a veterinary food-animal drug retailer.

(c) No person other than a pharmacist, an intern pharmacist, an exempt person, an authorized officer of the law, or a person authorized to prescribe, shall be permitted in that area, place, or premises described in the permit issued by the board pursuant to Section 4041, wherein veterinary food-animal drugs are stored, possessed, or repacked. A pharmacist or exemptee shall be responsible for any individual who enters the veterinary food-animal drug retailer for the purpose of performing clerical, inventory control, housekeeping, delivery, maintenance, or similar functions relating to the veterinary food-animal drug retailer.

(d) The board shall not issue or renew a veterinary food-animal retailer license until the veterinary food-animal drug retailer designates an exemptee-in-charge and notifies the board in writing of the identity and license number of that exemptee. The exemptee-in-charge shall be responsible for the veterinary food-animal drug retailer's compliance with state and federal laws governing veterinary food-animal drug retailers. Each veterinary food-animal drug retailer shall designate, and notify the board of, a new exemptee-in-charge within 30 days of the date that the prior exemptee-in-charge ceases to be exemptee-in-charge. A pharmacist may be designated as the exemptee-in-charge.

(e) For purposes of this section, ''exemptee-in-charge'' means a person granted a certificate of exemption pursuant to Section 4053, or a registered pharmacist, who is the supervisor or manager of the facility.

SEC. 30.4. Section 4200.5 of the Business and Professions Code is amended to read:

4200.5. (a) The board shall issue, upon application and payment of the fee established by Section 4400, a retired license to a pharmacist who has been licensed by the board. The board shall not issue a retired license to a pharmacist whose license has been revoked.

(b) The holder of a retired license issued pursuant to this section shall not engage in any activity for which an active pharmacist's license is required. A pharmacist holding a retired license shall be permitted to use the titles ''retired pharmacist'' or ''pharmacist, retired.''

(c) The holder of a retired license shall not be required to renew that license.

(d) In order for the holder of a retired license issued pursuant to this section to restore his or her license to active status, he or she shall pass the examination that is required for initial licensure with the board.

SEC. 30.6. Section 4301 of the Business and Professions Code is amended to read:

4301. The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been procured by fraud or misrepresentation or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:

(a) Gross immorality.

(b) Incompetence.

(c) Gross negligence.

(d) The clearly excessive furnishing of controlled substances in violation of subdivision (a) of Section 11153 of the Health and Safety Code.

(e) The clearly excessive furnishing of controlled substances in violation of subdivision (a) of Section 11153.5 of the Health and Safety Code. Factors to be considered in determining whether the furnishing of controlled substances is clearly excessive shall include, but not be limited to, the amount of controlled substances furnished, the previous ordering pattern of the customer (including size and frequency of orders), the type and size of the customer, and where and to whom the customer distributes its product.

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

(g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.

(h) The administering to oneself, of any controlled substance, or the use of any dangerous drug or of alcoholic beverages to the extent or in a manner as to be dangerous or injurious to oneself, to a person holding

a license under this chapter, or to any other person or to the public, or to the extent that the use impairs the ability of the person to conduct with safety to the public the practice authorized by the license.

(i) Except as otherwise authorized by law, knowingly selling, furnishing, giving away, or administering or offering to sell, furnish, give away, or administer any controlled substance to an addict.

(j) The violation of any of the statutes of this state or of the United States regulating controlled substances and dangerous drugs.

(k) The conviction of more than one misdemeanor or any felony involving the use, consumption, or self-administration of any dangerous drug or alcoholic beverage, or any combination of those substances.

(*l*) The conviction of a crime substantially related to the qualifications, functions, and duties of a licensee under this chapter. The record of conviction of a violation of Chapter 13 (commencing with Section 801) of Title 21 of the United States Code regulating controlled substances or of a violation of the statutes of this state regulating controlled substances or dangerous drugs shall be conclusive evidence of unprofessional conduct. In all other cases, the record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime, in order to fix the degree of discipline or, in the case of a conviction not involving controlled substances or dangerous drugs, to determine if the conviction is of an offense substantially related to the qualifications, functions, and duties of a licensee under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this provision. The board may take action when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(m) The cash compromise of a charge of violation of Chapter 13 (commencing with Section 801) of Title 21 of the United States Code regulating controlled substances or of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code relating to the Medi-Cal program. The record of the compromise is conclusive evidence of unprofessional conduct.

(n) The revocation, suspension, or other discipline by another state of a license to practice pharmacy, operate a pharmacy, or do any other act for which a license is required by this chapter.

(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any

provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board.

(p) Actions or conduct that would have warranted denial of a license.

(q) Engaging in any conduct that subverts or attempts to subvert an investigation of the board.

(r) The selling, trading, transferring, or furnishing of drugs obtained pursuant to Section 256b of Title 42 of the United States Code to any person a licensee knows or reasonably should have known, not to be a patient of a covered entity, as defined in paragraph (4) of subsection (a) of Section 256b of Title 42 of the United States Code.

SEC. 31. Section 4305.5 of the Business and Professions Code is amended to read:

4305.5. (a) Any person who has obtained a license to conduct a wholesaler or veterinary food-animal drug retailer, shall notify the board within 30 days of the termination of employment of any pharmacist or exemptee who takes charge of, or acts as manager of the licensee. Failure to notify the board within the 30-day period shall constitute grounds for disciplinary action.

(b) Any person who has obtained a license to conduct a wholesaler or veterinary food-animal drug retailer, who willfully fails to notify the board of the termination of employment of any pharmacist or exemptee who takes charge of, or acts as manager of the licensee, and who continues to operate the licensee in the absence of a pharmacist or an exemptee approved for that location, shall be subject to summary suspension or revocation of his or her license to conduct a wholesaler or veterinary food-animal drug retailer.

(c) Any pharmacist or exemptee who takes charge of, or acts as manager of a wholesaler or veterinary food-animal drug retailer, who terminates his or her employment at the licensee, shall notify the board within 30 days of the termination of employment. Failure to notify the board within the 30-day period shall constitute grounds for disciplinary action.

SEC. 32. Section 4331 of the Business and Professions Code is amended to read:

4331. (a) Any person who is neither a pharmacist nor an exemptee and who takes charge of a wholesaler or veterinary food-animal drug retailer or who dispenses a prescription or furnishes dangerous devices except as otherwise provided in this chapter is guilty of a misdemeanor.

(b) Any person who has obtained a license to conduct a veterinary food-animal drug retailer and who fails to place in charge of that veterinary food-animal drug retailer a pharmacist or exemptee, or any person who, by himself or herself, or by any other person, permits the

dispensing of prescriptions, except by a pharmacist or exemptee, or as otherwise provided in this chapter, is guilty of a misdemeanor.

(c) Any person who has obtained a license to conduct a wholesaler and who fails to place in charge of that wholesaler a pharmacist or exemptee, or any person who, by himself or herself, or by any other person, permits the furnishing of dangerous drugs or dangerous devices, except by a pharmacist or exemptee, or as otherwise provided in this chapter, is guilty of a misdemeanor.

SEC. 33. Section 4400 of the Business and Professions Code is amended to read:

4400. The amount of fees and penalties prescribed by this chapter, except as otherwise provided, is that fixed by the board according to the following schedule:

(a) The fee for a nongovernmental pharmacy license shall be three hundred forty dollars ($340) and may be increased to four hundred dollars ($400).

(b) The fee for a nongovernmental pharmacy or medical device retailer annual renewal shall be one hundred seventy-five dollars ($175) and may be increased to two hundred fifty dollars ($250).

(c) The fee for the pharmacist examination shall be one hundred fifty-five dollars ($155) and may be increased to one hundred eighty-five dollars ($185).

(d) The fee for regrading an examination shall be seventy-five dollars ($75) and may be increased to eighty-five dollars ($85). If an error in grading is found and the applicant passes the examination, the regrading fee shall be refunded.

(e) The fee for a pharmacist license and biennial renewal shall be one hundred fifteen dollars ($115) and may be increased to one hundred fifty dollars ($150).

(f) The fee for a wholesaler license and annual renewal shall be five hundred fifty dollars ($550) and may be increased to six hundred dollars ($600).

(g) The fee for a hypodermic license and renewal shall be ninety dollars ($90) and may be increased to one hundred twenty-five dollars ($125).

(h) The fee for application and investigation for an exemptee license under Sections 4053 and 4054 shall be seventy-five dollars ($75) and may be increased to one hundred dollars ($100), except for a veterinary food-animal drug retailer exemptee, for whom the fee shall be one hundred dollars ($100).

(i) The fee for an exemptee license and annual renewal under Sections 4053 and 4054 shall be one hundred ten dollars ($110) and may be increased to one hundred fifty dollars ($150), except that the fee for the issuance of a veterinary food-animal drug retailer exemptee license shall

be one hundred fifty dollars ($150), for renewal one hundred ten dollars ($110), which may be increased to one hundred fifty dollars ($150), and for filing a late renewal fifty-five dollars ($55).

(j) The fee for an out-of-state drug distributor's license and annual renewal issued pursuant to Section 4120 shall be five hundred fifty dollars ($550) and may be increased to six hundred dollars ($600).

(k) The fee for registration and annual renewal of providers of continuing education shall be one hundred dollars ($100) and may be increased to one hundred thirty dollars ($130).

(*l*) The fee for evaluation of continuing education courses for accreditation shall be set by the board at an amount not to exceed forty dollars ($40) per course hour.

(m) The fee for evaluation of applications submitted by graduates of foreign colleges of pharmacy or colleges of pharmacy not recognized by the board shall be one hundred sixty-five dollars ($165) and may be increased to one hundred seventy-five dollars ($175).

(n) The fee for an intern license or extension shall be sixty-five dollars ($65) and may be increased to seventy-five dollars ($75). The fee for transfer of intern hours or verification of licensure to another state shall be fixed by the board not to exceed twenty dollars ($20).

(o) The board may, by regulation, provide for the waiver or refund of the additional fee for the issuance of a certificate where the certificate is issued less than 45 days before the next succeeding regular renewal date.

(p) The fee for the reissuance of any license, or renewal thereof, that has been lost or destroyed or reissued due to a name change is thirty dollars ($30).

(q) The fee for the reissuance of any license, or renewal thereof, that must be reissued because of a change in the information, is sixty dollars ($60) and may be increased to one hundred dollars ($100).

(r) It is the intent of the Legislature that, in setting fees pursuant to this section, the board shall seek to maintain a reserve in the Pharmacy Board Contingent Fund equal to approximately one year's operating expenditures.

(s) The fee for any applicant for a clinic permit is three hundred forty dollars ($340) and may be increased to four hundred dollars ($400) for each permit. The annual fee for renewal of the permit is one hundred seventy-five dollars ($175) and may be increased to two hundred fifty dollars ($250) for each permit.

(t) The board shall charge a fee for the processing and issuance of a registration to a pharmacy technician and a separate fee for the biennial renewal of the registration. The registration fee shall be twenty-five dollars ($25) and may be increased to fifty dollars ($50). The biennial renewal fee shall be twenty-five dollars ($25) and may be increased to fifty dollars ($50).

(u) The fee for a veterinary food-animal drug retailer license shall be four hundred dollars ($400). The annual renewal fee for a veterinary food-animal drug retailer shall be two hundred fifty dollars ($250).

(v) The fee for issuance of a retired license pursuant to Section 4200.5 shall be thirty dollars ($30).

SEC. 34. Section 4524 of the Business and Professions Code is repealed.

SEC. 35. Section 4524 is added to the Business and Professions Code, to read:

4524. (a) A person whose license has been revoked, suspended, surrendered, or placed on probation, may petition the board for reinstatement or modification of the penalty, including modification or termination of probation, after a period not less than the following minimum periods has elapsed from the effective date of the disciplinary order or if any portion of the order is stayed by the board itself or by the superior court, from the date the disciplinary action is actually implemented in its entirety:

(1) Except as otherwise provided in this section, at least three years for the reinstatement of a license that was revoked or surrendered, except that the board may, in its sole discretion, specify in its order a lesser period of time, which shall be no less than one year to petition for reinstatement.

(2) At least two years for the early termination of a probation period of three years or more.

(3) At least one year for the early termination of a probation period of less than three years.

(4) At least one year for the modification of a condition of probation, or for the reinstatement of a license revoked for mental or physical illness.

(b) The board shall give notice to the Attorney General of the filing of the petition. The petitioner and the Attorney General shall be given timely notice by letter of the time and place of the hearing on the petition, and an opportunity to present both oral and documentary evidence and argument to the board. The petitioner shall at all times have the burden of proof to establish by clear and convincing evidence that he or she is entitled to the relief sought in the petition.

(c) The board itself or the administrative law judge, if one is designated by the board, shall hear the petition and shall prepare a written decision setting forth the reasons supporting the decision.

(d) The board may grant or deny the petition or may impose any terms and conditions that it reasonably deems appropriate as a condition of reinstatement or reduction of penalty.

(e) No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which the

petitioner is on court-imposed probation or parole or subject to an order of registration pursuant to Section 290 of the Penal Code. No petition shall be considered while there is an accusation or petition to revoke probation pending against the petitioner.

(f) Except in those cases where the petitioner has been disciplined for a violation of Section 822, the board may in its discretion deny without hearing or argument any petition that is filed pursuant to this section within a period of two years from the effective date of a prior decision following a hearing under this section.

(g) Nothing in this section shall be deemed to alter the provisions of Sections 822 and 823.

SEC. 36. Section 4980.40 of the Business and Professions Code is amended to read:

4980.40. To qualify for a license, an applicant shall have all the following qualifications:

(a) Applicants applying for licensure on or after January 1, 1988, shall possess a doctor's or master's degree in marriage, family, and child counseling, marital and family therapy, psychology, clinical psychology, counseling psychology, or counseling with an emphasis in either marriage, family, and child counseling or marriage and family therapy, obtained from a school, college, or university accredited by the Western Association of Schools and Colleges, or approved by the Bureau for Private Postsecondary and Vocational Education. The board has the authority to make the final determination as to whether a degree meets all requirements, including, but not limited to, course requirements regardless of accreditation or approval. For purposes of this chapter, the term ''approved by the Bureau for Private Postsecondary and Vocational Education'' shall mean unconditional approval existing at the time of the applicant's graduation from the school, college, or university. In order to qualify for licensure pursuant to this subdivision, any doctor's or master's degree program shall be a single, integrated program primarily designed to train marriage and family therapists and shall contain no less than 48 semester or 72 quarter units of instruction. The instruction shall include no less than 12 semester units or 18 quarter units of coursework in the areas of marriage, family, and child counseling, and marital and family systems approaches to treatment.

The coursework shall include all of the following areas:

(1) The salient theories of a variety of psychotherapeutic orientations directly related to marriage, family, and child counseling, and marital and family systems approaches to treatment.

(2) Theories of marriage and family therapy and how they can be utilized in order to intervene therapeutically with couples, families, adults, children, and groups.

(3) Developmental issues and life events from infancy to old age and their effect upon individuals, couples, and family relationships. This may include coursework that focuses on specific family life events and the psychological, psychotherapeutic, and health implications that arise within couples and families, including, but not limited to, childbirth, child rearing, childhood, adolescence, adulthood, marriage, divorce, blended families, stepparenting, and geropsychology.

(4) A variety of approaches to the treatment of children.

The board shall, by regulation, set forth the subjects of instruction required in this subdivision.

(b) (1) In addition to the 12 semester or 18 quarter units of coursework specified above, the doctor's or master's degree program shall contain not less than six semester or nine quarter units of supervised practicum in applied psychotherapeutic techniques, assessment, diagnosis, prognosis, and treatment of premarital, couple, family, and child relationships, including dysfunctions, healthy functioning, health promotion, and illness prevention, in a supervised clinical placement that provides supervised fieldwork experience within the scope of practice of a marriage, family, and child counselor.

(2) For applicants who enrolled in a degree program on or after January 1, 1995, the practicum shall include a minimum of 150 hours of face-to-face experience counseling individuals, couples, families, or groups.

(3) (A) Supervised practicum hours, as specified in this subdivision, shall be evaluated, accepted, and credited as hours for trainee experience by the board.

(B) The practicum hours shall be considered as part of the 48 semester or 72 quarter unit requirement.

(c) As an alternative to meeting the qualifications specified in subdivision (a), the board shall accept as equivalent degrees, those master's or doctor's degrees granted by educational institutions whose degree program is approved by the Commission on Accreditation for Marriage and Family Therapy Education.

(d) All applicants shall, in addition, complete the coursework or training specified in Section 4980.41.

(e) All applicants shall be at least 18 years of age.

(f) All applicants shall have at least two years' experience that meets the requirements of this chapter in interpersonal relationships, marriage, family, and child counseling and psychotherapy under the supervision of a licensed marriage, family, and child counselor, licensed clinical social worker, licensed psychologist, or a licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology. Experience shall not be gained under the supervision of an individual who has provided therapeutic services to that applicant. For those

supervisorial relationships in effect on or before December 31, 1988, and which remain in continuous effect thereafter, experience may be gained under the supervision of a licensed physician who has completed a residency in psychiatry. Any person supervising another person pursuant to this subdivision shall have been licensed or certified for at least two years prior to acting as a supervisor, shall have a current and valid license that is not under suspension or probation, and shall meet the requirements established by regulations.

(g) The applicant shall pass a written examination and an oral examination conducted by the board or its designees.

(h) The applicant shall not have committed acts or crimes constituting grounds for denial of licensure under Section 480. The board shall not issue a registration or license to any person who has been convicted of any crime in this or another state or in a territory of the United States that involves sexual abuse of children or who is required to register pursuant to Section 290 of the Penal Code or the equivalent in another state or territory.

(i) (1) An applicant applying for intern registration who, prior to December 31, 1987, met the qualifications for registration, but who failed to apply or qualify for intern registration may be granted an intern registration if the applicant meets all of the following criteria:

(A) The applicant possesses a doctor's or master's degree in marriage, family, and child counseling, marital and family therapy, psychology, clinical psychology, counseling psychology, counseling with an emphasis in marriage, family, and child counseling, or social work with an emphasis in clinical social work obtained from a school, college, or university currently conferring that degree that, at the time the degree was conferred, was accredited by the Western Association of Schools and Colleges, and where the degree conferred was, at the time it was conferred, specifically intended to satisfy the educational requirements for licensure by the Board of Behavioral Sciences.

(B) The applicant's degree and the course content of the instruction underlying that degree have been evaluated by the chief academic officer of a school, college, or university accredited by the Western Association of Schools and Colleges to determine the extent to which the applicant's degree program satisfies the current educational requirements for licensure, and the chief academic officer certifies to the board the amount and type of instruction needed to meet the current requirements.

(C) The applicant completes a plan of instruction that has been approved by the board at a school, college, or university accredited by the Western Association of Schools and Colleges that the chief academic officer of the educational institution has, pursuant to subparagraph (B), certified will meet the current educational requirements when considered in conjunction with the original degree.

(2) A person applying under this subdivision shall be considered a trainee, as that term is defined in Section 4980.03, once he or she is enrolled to complete the additional coursework necessary to meet the current educational requirements for licensure.

SEC. 37. Section 4980.44 of the Business and Professions Code is amended to read:

4980.44. (a) An unlicensed marriage, family, and child counselor intern employed under this chapter shall:

(1) Have earned at least a master's degree as specified in Section 4980.40.

(2) Be registered with the board prior to the intern performing any duties, except as otherwise provided in subdivision (e) of Section 4980.43.

(3) File for renewal of registration annually for a maximum of five years after initial registration with the board. Renewal of registration shall include filing an application for renewal, paying a renewal fee of seventy-five dollars ($75), and notifying the board whether he or she has been convicted, as defined in Section 490, of a misdemeanor or felony, or whether any disciplinary action has been taken by any regulatory or licensing board in this or any other state, subsequent to the registrant's last renewal.

(4) Inform each client or patient prior to performing any professional services that he or she is unlicensed and under the supervision of a licensed marriage, family, and child counselor, licensed clinical social worker, licensed psychologist, licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology, or a licensed physician who has completed a residency in psychiatry and who is described in subdivision (f) of Section 4980.40, whichever is applicable. Continued employment as an unlicensed marriage, family, and child counselor intern shall cease after six years unless the requirements of subdivision (b) are met. No registration shall be renewed or reinstated beyond the six years from initial issuance regardless of whether it has been revoked.

(b) When no further renewals are possible, either because the applicant has exhausted the number of renewals available or because of the repeal of Section 4980.44, as amended by Chapter 1114 of the Statutes of 1991, an applicant may apply for and obtain new intern registration status if the applicant meets the educational requirements for registration in effect at the time of the application for a new intern registration. An applicant who is issued a subsequent intern registration pursuant to this subdivision may be employed or volunteer in all allowable work settings except in private practice, and shall fulfill all of the required hours of experience for licensure within that intern

registration period. Hours of experience fulfilled under a prior intern registration shall not be used to satisfy licensure requirements.

SEC. 38. Section 4980.50 of the Business and Professions Code is amended to read:

4980.50. Every applicant who meets the educational and experience requirements and applies for a license as a marriage, family, and child counselor shall be examined by the board. The examinations shall be as set forth in subdivision (g) of Section 4980.40. The examinations shall be given at least twice a year at a time and place and under supervision as the board may determine. The board shall examine the candidate with regard to his or her knowledge and professional skills and his or her judgment in the utilization of appropriate techniques and methods.

The board shall not deny any applicant, who has submitted a complete application for examination, admission to the licensure examinations required by this section if the applicant meets the educational and experience requirements of this chapter, and has not committed any acts or engaged in any conduct which would constitute grounds to deny licensure.

The board shall not deny any applicant, whose application for licensure is complete, admission to the written examination, nor shall the board postpone or delay any applicant's written examination or delay informing the candidate of the results of any written examination, solely upon the receipt by the board of a complaint alleging acts or conduct which would constitute grounds to deny licensure.

If an applicant for examination who has passed the written examination is the subject of a complaint or is under board investigation for acts or conduct that, if proven to be true, would constitute grounds for the board to deny licensure, the board shall permit the applicant to take the oral examination for licensure, but may withhold the results of the examination or notify the applicant that licensure will not be granted pending completion of the investigation.

Notwithstanding Section 135, the board may deny any applicant who has previously failed either the written or oral examination permission to retake either examination pending completion of the investigation of any complaints against the applicant. Nothing in this section shall prohibit the board from denying an applicant admission to any examination, withholding the results, or refusing to issue a license to any applicant when an accusation or statement of issues has been filed against the applicant pursuant to Sections 11503 and 11504 of the Government Code, respectively, or the applicant has been denied in accordance with subdivision (b) of Section 485.

Notwithstanding any other provision of law, the board may destroy all written and oral examination materials two years following the date of the examination.

On or after January 1, 2002, no applicant shall be eligible to participate in an oral examination if his or her passing score on the written examination occurred more than seven years before.

An applicant who has qualified pursuant to this chapter shall be issued a license as a marriage, family, and child counselor in the form that the board may deem appropriate.

SEC. 39. Section 4986.20 of the Business and Professions Code is amended to read:

4986.20. A person who desires a license under this article shall meet all of the following qualifications:

(a) He or she shall possess at least a master's degree in psychology, educational psychology, school psychology, or counseling and guidance, or a degree deemed equivalent by the board under regulations duly adopted under this article. This degree or training shall be obtained from educational institutions approved by the board according to the regulations duly adopted under this article.

(b) He or she shall be at least 18 years of age.

(c) He or she shall not have committed any acts or crimes constituting grounds for denial of licensure under Section 480. The board shall not issue a registration or license to any person who has been convicted of any crime in this or any other state or in a territory of the United States that involves sexual abuse of children or who is required to register pursuant to Section 290 of the Penal Code or the equivalent in another state or territory.

(d) He or she shall have successfully completed 60 semester hours of postgraduate work devoted to pupil personnel services or have experience deemed equivalent by the board in regulations duly adopted under this chapter.

(e) He or she shall furnish proof of three years of full-time experience as a credentialed school psychologist in the public schools or experience which the board deems equivalent. If the applicant provides proof of having completed one year's internship working full time as a school psychologist intern in the public schools in an accredited internship program, one year's experience shall be credited toward this requirement.

(f) He or she shall be examined by the board with respect to the professional functions authorized by this article.

(g) He or she shall have at least one year of supervised professional experience in an accredited school psychology program, or under the direction of a licensed psychologist, or a suitable alternative experience as determined by the board in regulations duly adopted under this chapter.

SEC. 40. Section 4986.21 of the Business and Professions Code is amended to read:

4986.21. (a) Only individuals who have the qualifications prescribed by the board under this chapter are eligible to take the examination. Every applicant who is issued a license as an educational psychologist shall be examined by the board.

(b) Notwithstanding any other provision of law, the board may destroy all written and oral examination materials two years following the date of the examination.

On or after January 1, 2002, no applicant shall be eligible to participate in an oral examination if his or her passing score on the written examination occurred more than seven years before.

SEC. 41. Section 4986.47 of the Business and Professions Code is amended to read:

4986.47. A licensee shall give written notice to the board of a name change within 30 days after each change, providing both the old and new names. A copy of the legal document affecting the name change, such as a court order or marriage certificate, shall be submitted with the notice.

SEC. 42. Section 4992.1 of the Business and Professions Code is amended to read:

4992.1. (a) Only individuals who have the qualifications prescribed by the board under this chapter are eligible to take the examination.

Every applicant who is issued a clinical social worker license shall be examined by the board.

(b) Notwithstanding any other provision of law, the board may destroy all written and oral examination materials two years following the date of the examination.

On or after January 1, 2002, no applicant shall be eligible to participate in an oral examination if his or her passing score on the written examination occurred more than seven years before.

SEC. 43. Section 4992.3 of the Business and Professions Code is amended to read:

4992.3. The board may refuse to issue a registration or a license, or may suspend or revoke the license or registration of any registrant or licensee if the applicant, licensee, or registrant has been guilty of unprofessional conduct. Unprofessional conduct includes, but is not limited to:

(a) The conviction of a crime substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline or to determine if the conviction is substantially related to the qualifications, functions, or duties of a licensee or

registrant under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter is a conviction within the meaning of this section. The board may order any license or registration suspended or revoked, or may decline to issue a license or registration when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or, when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw a plea of guilty and enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(b) Securing a license or registration by fraud, deceit, or misrepresentation on any application for licensure or registration submitted to the board, whether engaged in by an applicant for a license or registration, or by a licensee in support of any application for licensure or registration.

(c) Administering to himself or herself any controlled substance or using any of the dangerous drugs specified in Section 4022 or any alcoholic beverage to the extent, or in a manner, as to be dangerous or injurious to the person applying for a registration or license or holding a registration or license under this chapter, or to any other person, or to the public, or, to the extent that the use impairs the ability of the person applying for or holding a registration or license to conduct with safety to the public the practice authorized by the registration or license, or the conviction of more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this subdivision, or any combination thereof. The board shall deny an application for a registration or license or revoke the license or registration of any person who uses or offers to use drugs in the course of performing clinical social work. This provision does not apply to any person also licensed as a physician and surgeon under Chapter 5 (commencing with Section 2000) or the Osteopathic Act who lawfully prescribes drugs to a patient under his or her care.

(d) Gross negligence or incompetence in the performance of clinical social work.

(e) Violating, attempting to violate, or conspiring to violate this chapter or any regulation adopted by the board.

(f) Misrepresentation as to the type or status of a license or registration held by the person, or otherwise misrepresenting or permitting misrepresentation of his or her education, professional qualifications, or professional affiliations to any person or entity. For purposes of this subdivision, this misrepresentation includes, but is not

limited to, misrepresentation of the person's qualifications as an adoption service provider pursuant to Section 8502 of the Family Code.

(g) Impersonation of another by any licensee, registrant, or applicant for a license or registration, or, in the case of a licensee, allowing any other person to use his or her license or registration.

(h) Aiding or abetting any unlicensed or unregistered person to engage in conduct for which a license or registration is required under this chapter.

(i) Intentionally or recklessly causing physical or emotional harm to any client.

(j) The commission of any dishonest, corrupt, or fraudulent act substantially related to the qualifications, functions, or duties of a licensee or registrant.

(k) Engaging in sexual relations with a client or with a former client within two years from the termination date of therapy with the client, soliciting sexual relations with a client, or committing an act of sexual abuse, or sexual misconduct with a client, or committing an act punishable as a sexually related crime, if that act or solicitation is substantially related to the qualifications, functions, or duties of a clinical social worker.

(*l*) Performing, or holding one's self out as being able to perform, or offering to perform or permitting, any registered associate clinical social worker or intern under supervision to perform any professional services beyond the scope of the license authorized by this chapter.

(m) Failure to maintain confidentiality, except as otherwise required or permitted by law, of all information that has been received from a client in confidence during the course of treatment and all information about the client which is obtained from tests or other means.

(n) Prior to the commencement of treatment, failing to disclose to the client or prospective client the fee to be charged for the professional services, or the basis upon which that fee will be computed.

(o) Paying, accepting, or soliciting any consideration, compensation, or remuneration, whether monetary or otherwise, for the referral of professional clients. All consideration, compensation, or remuneration shall be in relation to professional counseling services actually provided by the licensee. Nothing in this subdivision shall prevent collaboration among two or more licensees in a case or cases. However, no fee shall be charged for that collaboration, except when disclosure of the fee has been made in compliance with subdivision (n).

(p) Advertising in a manner which is false, misleading, or deceptive.

(q) Reproduction or description in public, or in any publication subject to general public distribution, of any psychological test or other assessment device, the value of which depends in whole or in part on the naivete of the subject, in ways that might invalidate the test or device.

(r) Any conduct in the supervision of any registered associate clinical social worker or intern by any licensee that violates this chapter or any rules or regulations adopted by the board.

(s) Failure to keep records consistent with sound clinical judgment, the standards of the profession, and the nature of the services being rendered.

SEC. 44. Section 4992.6 of the Business and Professions Code is repealed.

SEC. 45. Section 4996.2 of the Business and Professions Code is amended to read:

4996.2. Each applicant shall furnish evidence satisfactory to the board that he or she complies with all of the following requirements:

(a) Is at least 21 years of age.

(b) Has received a master's degree from an accredited school of social work.

(c) Has had two years of supervised post-master's degree experience, as specified in Section 4996.20, 4996.21, or 4996.23.

(d) Has not committed any crimes or acts constituting grounds for denial of licensure under Section 480. The board shall not issue a registration or license to any person who has been convicted of any crime in this or another state or in a territory of the United States that involves sexual abuse of children or who is required to register pursuant to Section 290 of the Penal Code or the equivalent in another state or territory.

(e) Has completed adequate instruction and training in the subject of alcoholism and other chemical substance dependency. This requirement applies only to applicants who matriculate on or after January 1, 1986.

(f) Has completed instruction and training in spousal or partner abuse assessment, detection, and intervention. Coursework required under this subdivision may be satisfactory if taken either in fulfillment of other educational requirements for licensure or in a separate course. This requirement applies only to applicants who begin graduate training on or after January 1, 1995. This requirement for coursework in spousal or partner abuse detection and treatment shall be satisfied by, and the board shall accept in satisfaction of the requirement, a certification from the chief academic officer of the educational institution from which the applicant graduated that the required coursework is included within the institution's required curriculum for graduation.

(g) Has completed a minimum of 10 contact hours of training or coursework in human sexuality as specified in Section 1807 of Title 16 of the California Code of Regulations. This training or coursework may be satisfactory if taken either in fulfillment of other educational requirements for licensure or in a separate course.

(h) Has completed a minimum of seven contact hours of training or coursework in child abuse assessment and reporting as specified in

Section 1807.2 of Title 16 of the California Code of Regulations. This training or coursework may be satisfactory if taken either in fulfillment of other educational requirements for licensure or in a separate course.

SEC. 46. Section 4996.18 of the Business and Professions Code is amended to read:

4996.18. (a) Any person who wishes to be credited with experience toward licensure requirements shall register with the board as an associate clinical social worker prior to obtaining that experience. The application shall be made on a form prescribed by the board and shall be accompanied by a fee of ninety dollars ($90). An applicant for registration shall (1) possess a master's degree from an accredited school or department of social work, and (2) not have committed any crimes or acts constituting grounds for denial of licensure under Section 480. On and after January 1, 1993, an applicant who possesses a master's degree from a school or department of social work that is a candidate for accreditation by the Commission on Accreditation of the Council on Social Work Education shall be eligible, and shall be required, to register as an associate clinical social worker in order to gain experience toward licensure if the applicant has not committed any crimes or acts that constitute grounds for denial of licensure under Section 480. That applicant shall not, however, be eligible for examination until the school or department of social work has received accreditation by the Commission on Accreditation of the Council on Social Work Education.

(b) Registration as an associate clinical social worker shall expire one year from the last day of the month during which it was issued. A registration may be renewed annually after initial registration by filing on or before the date on which the registration expires, an application for renewal, paying a renewal fee of seventy-five dollars ($75), and notifying the board whether he or she has been convicted, as defined in Section 490, of a misdemeanor or felony, and whether any disciplinary action has been taken by any regulatory or licensing board in this or any other state, subsequent to the registrant's last renewal. Each person who registers or has registered as an associate clinical social worker, may retain that status for a total of six years.

(c) Notwithstanding the limitations on the length of an associate registration in subdivision (b), an associate may apply for, and the board shall grant, one-year extensions beyond the six-year period when no grounds exist for denial, suspension, or revocation of the registration pursuant to Section 480. An associate shall be eligible to receive a maximum of three one-year extensions. An associate who practices pursuant to an extension shall not practice independently and shall comply with all requirements of this chapter governing experience, including supervision, even if the associate has completed the hours of experience required for licensure. Each extension shall commence on the

date when the last associate renewal or extension expires. An application for extension shall be made on a form prescribed by the board and shall be accompanied by a renewal fee of fifty dollars ($50). An associate who is granted this extension may work in all work settings authorized pursuant to this chapter.

(d) A registrant shall not provide clinical social work services to the public for a fee, monetary or otherwise, except as an employee.

(e) A registrant shall inform each client or patient prior to performing any professional services that he or she is unlicensed and is under the supervision of a licensed professional.

(f) Any experience obtained under the supervision of a spouse or relative by blood or marriage shall not be credited toward the required hours of supervised experience. Any experience obtained under the supervision of a supervisor with whom the applicant has a personal relationship that undermines the authority or effectiveness of the supervision shall not be credited toward the required hours of supervised experience.

(g) An applicant who possesses a master's degree from an approved school or department of social work shall be able to apply experience the applicant obtained during the time the approved school or department was in candidacy status by the Commission on Accreditation of the Council on Social Work Education toward the licensure requirements, if the experience meets the requirements of Section 4996.20 or 4996.21. This subdivision shall apply retroactively to persons who possess a master's degree from an approved school or department of social work and who obtained experience during the time the approved school or department was in candidacy status by the Commission on Accreditation of the Council on Social Work Education.

SEC. 47. Section 4996.21 of the Business and Professions Code is amended to read:

4996.21. The experience required by subdivision (c) of Section 4996.2 shall meet the following criteria:

(a) On or after January 1, 1999, a registrant shall have at least 3,200 hours of post-master's degree experience, supervised by a licensed clinical social worker, in providing clinical social work services as permitted by Section 4996.9. Experience shall consist of the following:

(1) A minimum of 2,000 hours in psychosocial diagnosis, assessment, and treatment, including psychotherapy and counseling.

(2) A maximum of 1,200 hours in client-centered advocacy, consultation, evaluation, and research.

(3) Experience shall have been gained in not less than two nor more than six years and shall have been gained within the six years immediately preceding the date on which the application for licensure was filed.

(b) Notwithstanding the requirements of subdivision (a), up to 1,000 hours of the required experience may be gained under the supervision of a licensed mental health professional acceptable to the board.

(1) Supervision means responsibility for and control of the quality of clinical social work services being provided.

(2) Consultation shall not be considered to be supervision.

(3) Supervision shall include at least one hour of direct supervisor contact for each week of experience claimed and shall include at least one hour of direct supervisor contact for every 10 hours of client contact in each setting where experience is gained. Not less than one-half of the hours of required supervision shall be individual supervision. The remaining hours may be group supervision. For purposes of this section, ''one hour of direct supervisor contact'' means one hour of face-to-face contact on an individual basis or two hours of face-to-face contact in a group setting of not more than eight persons.

(4) The supervisor and the supervisee shall develop a supervisory plan that describes the goals and objectives of supervision. These goals shall include the ongoing assessment of strengths and limitations and the assurance of practice in accordance with the laws and regulations. The associate shall submit to the board the initial supervisory plan within 30 days of commencement of supervision.

(c) A ''private practice setting'' is any setting other than a governmental entity, a school, college, or university, a nonprofit and charitable corporation, a licensed health facility, as defined in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code, a social rehabilitation facility or a community treatment facility, as defined in subdivision (a) of Section 1502 of the Health and Safety Code, a pediatric day health and respite care facility, as defined in Section 1760.2 of the Health and Safety Code, or a licensed alcoholism or drug abuse recovery or treatment facility, as defined in Section 11834.02 of the Health and Safety Code.

(1) In a setting that is not a private practice, a registrant shall be employed on either a voluntary or paid basis.

(2) If volunteering, the registrant shall provide the board with a letter from his or her employer verifying his or her voluntary status upon application for licensure.

(3) If employed, the registrant shall provide the board with copies of his or her W-2 tax forms for each year of experience claimed upon application for licensure.

(d) Employment in a private practice setting shall not commence until the applicant has been registered as an associate clinical social worker. A registrant employed in a private practice setting shall not do any of the following:

(1) Pay his or her employer or supervisor for supervision, and shall receive fair remuneration from his or her employer.

(2) Receive any remuneration from patients or clients and shall only be paid by his or her employer.

(3) Perform services at any place except where the registrant's employer regularly conducts business.

(4) Have any proprietary interest in the employer's business.

(e) A person employed in a setting other than a private practice setting may obtain supervision from a person not employed by the registrant's employer if that person has signed a written agreement with the employer to take supervisory responsibility for the registrant's social work services.

SEC. 48. Section 4996.23 is added to the Business and Professions Code, to read:

4996.23. The experience required by subdivision (c) of Section 4996.2 shall meet the following criteria:

(a) All persons registered with the board on and after January 1, 2002, shall have at least 3,200 hours of post-master's degree supervised experience providing clinical social work services as permitted by Section 4996.9. This degree of experience shall consist of the following:

(1) A minimum of 2,000 hours in clinical psychosocial diagnosis, assessment, and treatment, including psychotherapy and counseling.

(2) A maximum of 1,200 hours in client-centered advocacy, consultation, evaluation, and research.

(3) Of the 2,000 clinical hours required in paragraph (1), no less than 750 hours shall be face-to-face individual or group psychotherapy provided to clients in the context of clinical social work services.

(4) A minimum of two years of supervised experience is required to be obtained over a period of not less than 104 weeks and shall have been gained within the six years immediately preceding the date on which the application for licensure was filed.

(b) Of the 3,200 hours of supervised experience required in subdivision (a), 2,200 hours shall be gained under the supervision of a licensed clinical social worker. The remaining 1,000 hours of the required supervised experience may be gained under the supervision of a licensed mental health professional acceptable to the board.

(c) Experience shall not be credited for more than 40 hours in any week.

(d) ''Supervision'' means responsibility for, and control of, the quality of clinical social work services being provided.

(1) Consultation shall not be considered to be supervision.

(2) Prior to the commencement of supervision, a supervisor shall comply with all requirements enumerated in Section 1870 of Title 16 of the California Code of Regulations and shall sign under penalty of

perjury the ''Responsibility Statement for Supervisors of an Associate Clinical Social Worker'' form.

(3) Supervised experience shall include at least one hour of direct supervisor contact for each week of experience claimed. A registrant shall receive an average of at least one hour of direct supervisor contact for every 10 hours of face-to-face psychotherapy performed in each setting in which experience is gained. No more than five hours of supervision, whether individual or group, shall be credited during any single week. Of the 3,200 hours of supervised experience required in subdivision (a), 1,600 hours must be individual supervision. The remaining hours may be group supervision. For purposes of this section, ''one hour of direct supervisor contact'' means one hour of face-to-face contact on an individual basis or two hours of face-to-face contact in a group of not more than eight persons receiving supervision.

(4) The supervisor and the supervisee shall develop a supervisory plan that describes the goals and objectives of supervision. These goals shall include the ongoing assessment of strengths and limitations and the assurance of practice in accordance with the laws and regulations. The associate shall submit to the board the initial supervisory plan within 30 days of commencement of supervision.

(e) Acceptable settings for gaining experience are private practice, a governmental entity, a school, college, or university, a nonprofit and charitable corporation, a licensed health facility, as defined in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code, a social rehabilitation facility or a community care facility, as defined in subdivision (a) of Section 1502 of the Health and Safety Code, a pediatric day health and respite care facility, as defined in Section 1760.2 of the Health and Safety Code, or a licensed alcoholism or drug abuse recovery or treatment facility, as defined in Section 11834.02 of the Health and Safety Code.

(1) In a setting that is not a private practice, a registrant shall be employed on either a voluntary or paid basis.

(2) If volunteering, the registrant shall provide the board with a letter from his or her employer verifying his or her voluntary status upon application for licensure.

(3) If employed, the registrant shall provide the board with copies of his or her W-2 tax forms for each year of experience claimed upon application for licensure.

(f) Employment in a private practice setting shall not commence until the applicant has been registered as an associate clinical social worker. A registrant employed in a private practice setting shall not do any of the following:

(1) Pay his or her employer or supervisor for supervision, and shall receive fair remuneration from his or her employer.

(2) Receive any remuneration from patients or clients and shall only be paid by his or her employer.

(3) Perform services at any place except where the registrant's employer and supervisor regularly conduct business.

(4) Have any proprietary interest in the employer's business.

(g) A person employed in a setting other than a private practice setting may obtain supervision from a person not employed by the registrant's employer if that person has signed a written agreement with the employer to take supervisory responsibility for the registrant's social work services.

(h) Notwithstanding any other provision of law, registrants and applicants for examination shall receive a minimum of one hour of supervision per week for each setting in which he or she is working.

SEC. 49. Section 4999.2 of the Business and Professions Code is amended to read:

4999.2. (a) In order to obtain and maintain a registration, in-state or out-of-state telephone medical advice services shall comply with the requirements established by the department. Those requirements shall include, but shall not be limited to, all of the following:

(1) (A) Ensuring that all staff who provide medical advice services are appropriately licensed, certified, or registered as a physician and surgeon pursuant to Chapter 5 (commencing with Section 2000) or the Osteopathic Initiative Act, as a dentist pursuant to Chapter 4 (commencing with Section 1600), as a dental hygienist pursuant to Section 1758 et seq., as a psychologist pursuant to Chapter 6.6 (commencing with Section 2900), as a marriage, family and child counselor pursuant to Chapter 13 (commencing with Section 4980), as an optometrist pursuant to Chapter 7 (commencing with Section 3000), as a chiropractor pursuant to the Chiropractic Initiative Act, and operating consistent with the laws governing their respective scopes of practice in the state within which they provide telephone medical advice services, except as provided in paragraph (2).

(B) Ensuring that all staff who provide telephone medical advice services from an out-of-state location are health care professionals as identified in subparagraph (A) that are licensed, registered, or certified in the state within which they are providing the telephone medical advice services and operating consistent with the laws governing their respective scopes of practice.

(2) Ensuring that all registered nurses providing telephone medical advice services to both in-state and out-of-state business entities registered pursuant to this chapter shall be licensed pursuant to Chapter 6 (commencing with Section 2700).

(3) Ensuring that the telephone medical advice provided is consistent with good professional practice.

(4) Maintaining records of telephone medical advice services, including records of complaints, provided to patients in California for a period of at least five years.

(5) Complying with all directions and requests for information made by the department.

(b) To the extent permitted by Article VII of the California Constitution, the department may contract with a private nonprofit accrediting agency to evaluate the qualifications of applicants for registration pursuant to this chapter, and to make recommendations to the department.

SEC. 50. Section 4999.7 of the Business and Professions Code is amended to read:

4999.7. (a) Nothing in this section shall limit, preclude, or otherwise interfere with the practices of other persons licensed or otherwise authorized to practice, under any other provision of this division, telephone medical advice services consistent with the laws governing their respective scopes of practice, or licensed under the Osteopathic Initiative Act or the Chiropractic Initiative Act and operating consistent with the laws governing their respective scopes of practice.

(b) For the purposes of this chapter, ''telephone medical advice'' means a telephonic communication between a patient and a health care professional, wherein the health care professional's primary function is to provide to the patient a telephonic response to the patient's questions regarding his or her or a family member's medical care or treatment.

(c) For the purposes of this chapter, ''health care professional'' is a staff person described in Section 4999.2 who provides medical advice services and is appropriately licensed, certified, or registered as a registered nurse pursuant to Chapter 6 (commencing with Section 2700), a physician and surgeon pursuant to Chapter 5 (commencing with Section 2000) or the Osteopathic Initiative Act, a dentist pursuant to Chapter 4 (commencing with Section 1600), a dental hygienist pursuant to Section 1758 et seq., a psychologist pursuant to Chapter 6.6 (commencing with Section 2900), a marriage and family therapist pursuant to Chapter 13 (commencing with Section 4980), an optometrist pursuant to Chapter 7 (commencing with Section 3000), a chiropractor pursuant to the Chiropractic Initiative Act, and who is operating consistent with the laws governing his or her respective scopes of practice in the state in which he or she provides telephone medical advice services.

SEC. 51. Section 5536.26 is added to the Business and Professions Code, to read:

5536.26. The use of the words ''certify'' or ''certification'' by a licensed architect in the practice of architecture constitutes an expression

of professional opinion regarding those facts or findings that are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied. Nothing in this section is intended to alter the standard of care ordinarily exercised by a licensed architect.

SEC. 52. Section 7006 of the Business and Professions Code is amended to read:

7006. The board shall meet at least once each calendar quarter for the purpose of transacting business as may properly come before it.

Special meetings of the board may be held at times as the board may provide in its bylaws. Four members of the board may call a special meeting at any time.

SEC. 53. Section 7026 of the Business and Professions Code is amended to read:

7026. ''Contractor,'' for the purposes of this chapter, is synonymous with ''builder'' and, within the meaning of this chapter, a contractor is any person who undertakes to or offers to undertake to, or purports to have the capacity to undertake to, or submits a bid to, or does himself or herself or by or through others, construct, alter, repair, add to, subtract from, improve, move, wreck or demolish any building, highway, road, parking facility, railroad, excavation or other structure, project, development or improvement, or to do any part thereof, including the erection of scaffolding or other structures or works in connection therewith, or the cleaning of grounds or structures in connection therewith, or the preparation and removal of roadway construction zones, lane closures, flagging, or traffic diversions, or the installation, repair, maintenance, or calibration of monitoring equipment for underground storage tanks, and whether or not the performance of work herein described involves the addition to, or fabrication into, any structure, project, development or improvement herein described of any material or article of merchandise. ''Contractor'' includes subcontractor and specialty contractor. ''Roadway'' includes, but is not limited to, public or city streets, highways, or any public conveyance.

SEC. 54. Section 7027.3 of the Business and Professions Code is amended to read:

7027.3. Any person, licensed or unlicensed, who willfully and intentionally uses, with intent to defraud, a contractor's license number that does not correspond to the number on a currently valid contractor's license held by that person, is punishable by a fine not exceeding ten thousand dollars ($10,000), or by imprisonment in state prison, or in county jail for not more than one year, or by both that fine and imprisonment. The penalty provided by this section is cumulative to the penalties available under all other laws of this state. If, upon investigation, the registrar has probable cause to believe that an

unlicensed individual is in violation of this section, the registrar may issue a citation pursuant to Section 7028.7.

SEC. 55. Section 7028.7 of the Business and Professions Code is amended to read:

7028.7. If upon inspection or investigation, either upon complaint or otherwise, the registrar has probable cause to believe that a person is acting in the capacity of or engaging in the business of a contractor or salesperson within this state without having a license or registration in good standing to so act or engage, and the person is not otherwise exempted from this chapter, the registrar shall issue a citation to that person. Within 72 hours of receiving notice that a public entity is intending to award, or has awarded, a contract to an unlicensed contractor, the registrar shall give written notice to the public entity that a citation may be issued if a contract is awarded to an unlicensed contractor. If after receiving the written notice from the registrar that the public entity has awarded or awards the contract to an unlicensed contractor, the registrar may issue a citation to the responsible officer or employee of the public entity as specified in Section 7028.15. Each citation shall be in writing and shall describe with particularity the basis of the citation. Each citation shall contain an order of abatement and an assessment of a civil penalty in an amount not less than two hundred dollars ($200) nor more than fifteen thousand dollars ($15,000). With the approval of the Contractors' State License Board, the registrar shall prescribe procedures for the issuance of a citation under this section. The Contractors' State License Board shall adopt regulations covering the assessment of a civil penalty that shall give due consideration to the gravity of the violation, and any history of previous violations. The sanctions authorized under this section shall be separate from, and in addition to, all other remedies either civil or criminal.

SEC. 56. Section 7028.13 of the Business and Professions Code is amended to read:

7028.13. (a) After the exhaustion of the review procedures provided for in Sections 7028.10 to 7028.12, inclusive, the registrar may apply to the appropriate superior court for a judgment in the amount of the civil penalty and an order compelling the cited person to comply with the order of abatement. The application, which shall include a certified copy of the final order of the registrar, shall constitute a sufficient showing to warrant the issuance of the judgment and order. If the cited person did not appeal the citation, a certified copy of the citation and proof of service, and a certification that the person cited is not or was not a licensed contractor or applicant for a license at the time of issuance of the citation, shall constitute a sufficient showing to warrant the issuance of the judgment and order.

(b) Notwithstanding any other provision of law, the registrar may delegate the collection of the civil penalty for any citation issued to any person or entity legally authorized to engage in collections. Costs of collection shall be borne by the person cited. The registrar shall not delegate the authority to enforce the order of abatement.

(c) Notwithstanding any other provision of law, the registrar shall have the authority to assign the rights to the civil penalty, or a portion thereof, for adequate consideration. The assignee and the registrar shall have all the rights afforded under the ordinary laws of assignment of rights and delegation of duties. The registrar shall not assign the order of abatement. The assignee may apply to the appropriate superior court for a judgment based upon the assigned rights upon the same evidentiary showing as set forth in subdivision (a).

(d) Notwithstanding any other provision of law, including subdivisions (1) and (2) of Section 340 of the Code of Civil Procedure, the registrar or his or her designee or assignee shall have four years from the date of the final order to collect civil penalties except that the registrar or his or her designee or assignee shall have 10 years from the date of the judgment to enforce civil penalties on citations that have been converted to judgments through the process described in subdivisions (a) and (c).

SEC. 57. Section 7059.1 of the Business and Professions Code is amended to read:

7059.1. (a) A licensee shall not use any business name that indicates the licensee is qualified to perform work in classifications other than those issued for that license, or any business name that is incompatible with the type of business entity licensed.

(b) A licensee shall not conduct business under more than one name for each license. Nothing in this section shall prevent a licensee from obtaining a business name change as otherwise provided by this chapter.

SEC. 58. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. (a) A copy of the complaint in a civil action commenced by a person claiming against a bond required by this article shall be served by registered or certified mail upon the registrar by the clerk of the court at the time the action is commenced and the registrar shall maintain a record, available for public inspection, of all actions so commenced. The aggregate liability of a surety on a claim for wages and fringe benefits brought against any bond required by this article, other than a bond required by Section 7071.8, shall not exceed the sum of four thousand dollars ($4,000). If any bond which may be required is insufficient to pay all claims in full, the sum of the bond shall be distributed to all claimants in proportion to the amount of their respective claims. Any action, other than an action to recover wages or fringe benefits, against a contractor's bond or a bond of a qualifying

individual filed by an active licensee shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, whichever first occurs. Any action, other than an action to recover wages or fringe benefits, against a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within two years after the last date for which a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first. A claim to recover wages or fringe benefits shall be brought within six months from the date that the wage or fringe benefit delinquencies were discovered, but in no event shall a civil action thereon be brought later than two years from the date the wage or fringe benefit contributions were due.

(b) When the surety makes payment on any claim against a bond required by this article, whether or not payment is made through a court action or otherwise, the surety shall, within 30 days of the payment, notify the registrar. The notice shall contain, on a form prescribed by the registrar, the name and license number of the contractor, the surety bond number, the amount of payment, the statutory basis upon which the claim is made, and the names of the person or persons to whom payments are made.

(c) Any judgment or admitted claim against, or good faith payment from, a bond required by this article shall constitute grounds for disciplinary action against the licensee, except in those cases of good faith payment where the licensee has, in writing, timely instructed the surety not to make payment from the bond on his or her account, upon the specific grounds that (1) the claim is opposed by the licensee, and (2) the licensee has, in writing, previously directed to the surety a specific and reasonable basis for his or her opposition to payment. The license may not be reissued or reinstated while any judgment or admitted claim in excess of the amount of the bond remains unsatisfied. Further, the license may not be reissued or reinstated while any surety remains unreimbursed for loss and expense sustained on any bond issued for the licensee or for any entity of which any officer, director, member, partner, or qualifying person was an officer, director, member, partner, or qualifying person of the licensee while the licensee was subject to disciplinary action under this section. The board shall require the licensee to file a new bond in an amount as required pursuant to Section 7071.8.

(d) Legal fees may not be charged against the bond by the board.

(e) In any case in which a claim is filed against a deposit given in lieu of a bond by any employee or by an employee organization on behalf of an employee, concerning wages or fringe benefits based upon the employee's employment, claims for the nonpayment shall be filed with the Labor Commissioner. The Labor Commissioner shall, pursuant to the authority vested by Section 96.5 of the Labor Code, conduct hearings to determine whether or not the wages or fringe benefits should be paid to the complainant. Upon a finding by the commissioner that the wages or fringe benefits should be paid to the complainant, the commissioner shall notify the registrar of the findings. The registrar shall not make payment from the deposit on the basis of findings by the commissioner for a period of 10 days following determination of the findings. If, within the period, the complainant or the contractor files written notice with the registrar and the commissioner of an intention to seek judicial review of the findings pursuant to Section 11523 of the Government Code, the registrar shall not make payment, if an action is actually filed, except as determined by the court. If, thereafter, no action is filed within 60 days following determination of findings by the commissioner, the registrar shall make payment from the deposit to the complainant.

(f) Any action, other than an action to recover wages or fringe benefits, against a deposit given in lieu of a contractor's bond or bond of a qualifying individual filed by an active licensee shall be brought within three years after the expiration of the license period during which the act or omission occurred, or within three years after the date the license was inactivated, canceled, or revoked by the board, whichever first occurs. Any action, other than an action to recover wages or fringe benefits, against a deposit given in lieu of a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within three years after the expiration of the license period during which the act or omission occurred, or within three years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within three years after the last date for which a deposit given in lieu of a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first. If the board is notified of a complaint relative to a claim against the deposit, the deposit shall not be released until the complaint has been adjudicated.

SEC. 59. Section 7074 of the Business and Professions Code is amended to read:

7074. (a) Except as otherwise provided by this section, an application for an original license, for an additional classification or for a change of qualifier shall become void when:

(1) The applicant or examinee for the applicant has failed to appear for the scheduled qualifying examination and fails to request and pay the fee for rescheduling within 90 days of notification of failure to appear,

or, after being rescheduled, has failed to appear for a second examination.

(2) The applicant or the examinee for the applicant has failed to achieve a passing grade in the scheduled qualifying examination, and fails to request and pay the fee for rescheduling within 90 days of notification of failure to pass the examination.

(3) The applicant or the examinee for the applicant has failed to achieve a passing grade in the qualifying examination within 18 months after the application has been deemed acceptable by the board.

(4) The applicant for an original license, after having been notified to do so, fails to pay the initial license fee within 90 days from the date of the notice.

(5) The applicant, after having been notified to do so, fails to file within 90 days from the date of the notice any bond or cash deposit or other documents that may be required for issuance or granting pursuant to this chapter.

(6) After filing, the applicant withdraws the application.

(7) The applicant fails to return the application rejected by the board for insufficiency or incompleteness within 90 days from the date of original notice or rejection.

(8) The application is denied after disciplinary proceedings conducted in accordance with the provisions of this code.

(b) The void date on an application may be extended up to 90 days or one examination may be rescheduled without a fee upon documented evidence by the applicant that the failure to complete the application process or to appear for an examination was due to a medical emergency or other circumstance beyond the control of the applicant.

(c) An application voided pursuant to the provisions of this section shall remain in the possession of the registrar for the period as he or she deems necessary and shall not be returned to the applicant. Any reapplication for a license shall be accompanied by the fee fixed by this chapter.

SEC. 60. Section 7091 of the Business and Professions Code is amended to read:

7091. (a) A complaint against a licensee alleging commission of any patent acts or omissions that may be grounds for legal action shall be filed in writing with the registrar within four years after the act or omission alleged as the ground for the disciplinary action. An accusation or citation against a licensee shall be filed within four years after the patent act or omission alleged as the ground for disciplinary action or within 18 months from the date of the filing of the complaint with the registrar, whichever is later, except that with respect to an accusation alleging a violation of Section 7112, the accusation may be filed within two years after the discovery by the registrar or by the board of the

alleged facts constituting the fraud or misrepresentation prohibited by the section.

(b) A complaint against a licensee alleging commission of any latent acts or omissions that may be grounds for legal action pursuant to subdivision (a) of Section 7109 regarding structural defects, as defined by regulation, shall be filed in writing with the registrar within 10 years after the act or omission alleged as the ground for the disciplinary action. An accusation and citation against a licensee shall be filed within 10 years after the latent act or omission alleged as the ground for disciplinary action or within 18 months from the date of the filing of the complaint with the registrar, whichever is later, except that with respect to an accusation alleging a violation of Section 7112, the accusation may be filed within two years after the discovery by the registrar or by the board of the alleged facts constituting the fraud or misrepresentation prohibited by Section 7112. As used in this section ''latent act or omission'' means an act or omission that is not apparent by reasonable inspection.

(c) An accusation regarding an alleged breach of an express, written warranty for a period in excess of the time periods specified in subdivisions (a) and (b) issued by the contractor shall be filed within the duration of that warranty.

(d) The proceedings under this article shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the registrar shall have all the powers granted therein.

(e) Nothing in this section shall be construed to affect the liability of a surety or the period of limitations prescribed by law for the commencement of actions against a surety or cash deposit.

SEC. 61. Section 7112 of the Business and Professions Code is amended to read:

7112. Omission or misrepresentation of a material fact by an applicant or a licensee in obtaining, or renewing a license, or in adding a classification to an existing license constitutes a cause for disciplinary action.

SEC. 62. Section 7112.1 is added to the Business and Professions Code, to read:

7112.1. Any classification that has been added to an existing license record as a result of an applicant or licensee omitting or misrepresenting a material fact shall be expunged from the license record pursuant to a final order of the registrar evidencing a violation of Section 7112.

SEC. 63. Section 7153 of the Business and Professions Code is amended to read:

7153. (a) It is a misdemeanor for any person to engage in the occupation of salesperson for one or more home improvement

contractors within this state without having a registration issued by the registrar for each of the home improvement contractors by whom he or she is employed as a home improvement salesperson. If, upon investigation, the registrar has probable cause to believe that a salesperson is in violation of this section, the registrar may issue a citation pursuant to Section 7028.7.

It is a misdemeanor for any person to engage in the occupation of salesperson of home improvement goods or services within this state without having a registration issued by the registrar.

(b) Any security interest taken by a contractor, to secure any payment for the performance of any act or conduct described in Section 7151 that occurs on or after January 1, 1995, is unenforceable if the person soliciting the act or contract was not a duly registered salesperson or was not exempt from registration pursuant to Section 7152 at the time the homeowner signs the home improvement contract solicited by the salesperson.

SEC. 64. Section 17910.5 of the Business and Professions Code is amended to read:

17910.5. (a) No person shall adopt any fictitious business name which includes ''Corporation,'' ''Corp.,'' ''Incorporated,'' or ''Inc.'' unless that person is a corporation organized pursuant to the laws of this state or some other jurisdiction.

(b) No person shall adopt any fictitious business name that includes ''Limited Liability Company'' or ''LLC'' or ''LC'' unless that person is a limited liability company organized pursuant to the laws of this state or some other jurisdiction. A person is not prohibited from using the complete words ''Limited'' or ''Company'' or their abbreviations in the person's business name as long as that use does not imply that the person is a limited liability company.

(c) A county clerk shall not accept a fictitious business name statement which would be in violation of this section.

SEC. 65. Section 17913 of the Business and Professions Code is amended to read:

17913. (a) The fictitious business name statement shall contain all of the information required by this subdivision and shall be substantially in the following form:

FICTITIOUS BUSINESS NAME STATEMENT

The following person (persons) is (are) doing business as

*_____

at ** _____:

*** _____

_____

_____

_____

This business is conducted by **** _____

The registrant commenced to transact business under the fictitious business name or names listed above on

***** _____

I declare that all information in this statement is true and correct.(A registrant who declares as true information which he or she knows to be false is guilty of a crime.)

Signed _____

Statement filed with the County Clerk of ____ County on _____

NOTICE—THIS FICTITIOUS NAME STATEMENT EXPIRES FIVE YEARS FROM THE DATE IT WAS FILED IN THE OFFICE OF THE COUNTY CLERK. A NEW FICTITIOUS BUSINESS NAME STATEMENT MUST BE FILED BEFORE THAT TIME.

THE FILING OF THIS STATEMENT DOES NOT OF ITSELF AUTHORIZE THE USE IN THIS STATE OF A FICTITIOUS BUSINESS NAME IN VIOLATION OF THE RIGHTS OF ANOTHER UNDER FEDERAL, STATE, OR COMMON LAW (SEE SECTION 14411 ET SEQ., BUSINESS AND PROFESSIONS CODE).

(b) The statement shall contain the following information set forth in the manner indicated in the form provided by subdivision (a):

(1) Where the asterisk (*) appears in the form, insert the fictitious business name or names. Only those businesses operated at the same address may be listed on one statement.

(2) Where the two asterisks (**) appear in the form: If the registrant has a place of business in this state, insert the street address of his or her principal place of business in this state. If the registrant has no place of business in this state, insert the street address of his or her principal place of business outside this state.

(3) Where the three asterisks (***) appear in the form: If the registrant is an individual, insert his or her full name and residence address. If the registrant is a partnership or other association of persons, insert the full name and residence address of each general partner. If the registrant is a limited liability company, insert the name of the limited liability company as set out in its articles of organization and the state of organization. If the registrant is a business trust, insert the full name and

address of each trustee. If the registrant is a corporation, insert the name of the corporation as set out in its articles of incorporation and the state of incorporation.

(4) Where the four asterisks (****) appear in the form, insert whichever of the following best describes the nature of the business: (i) ''an individual,'' (ii) ''a general partnership,'' (iii) ''a limited partnership,'' (iv) ''a limited liability company,'' (v) ''an unincorporated association other than a partnership,'' (vi) ''a corporation,'' (vii) ''a business trust,'' (viii) ''copartners,'' (ix) ''husband and wife,'' (x) ''joint venture,'' or (xi) ''other—please specify.''

(5) Where the five asterisks (*****) appear in the form, insert the date on which the registrant first commenced to transact business under the fictitious business name or names listed, if already transacting business under that name or names. If the registrant has not yet commenced to transact business under the fictitious business name or names listed, insert the statement, ''Not applicable.''

(c) The registrant shall declare that all of the information in the statement is true and correct. A registrant who declares as true any material matter pursuant to this section which he or she knows to be false is guilty of a misdemeanor.

SEC. 66. Section 17917 of the Business and Professions Code is amended to read:

17917. (a) Within 30 days after a fictitious business name statement has been filed pursuant to this chapter, the registrant shall cause a statement in the form prescribed by subdivision (a) of Section 17913 to be published pursuant to Government Code Section 6064 in a newspaper of general circulation in the county in which the principal place of business of the registrant is located or, if there is no such newspaper in that county, then in a newspaper of general circulation in an adjoining county. If the registrant does not have a place of business in this state, the notice shall be published in a newspaper of general circulation in Sacramento County.

(b) Subject to the requirements of subdivision (a), the newspaper selected for the publication of the statement should be one that circulates in the area where the business is to be conducted.

(c) If a refiling is required because the prior statement has expired, the refiling need not be published unless there has been a change in the information required in the expired statement, provided the refiling is filed within 40 days of the date the statement expired.

(d) An affidavit showing the publication of the statement shall be filed with the county clerk within 30 days after the completion of the publication.

SEC. 67. Section 17923 of the Business and Professions Code is amended to read:

17923. (a) Any person who is a general partner in a partnership that is or has been regularly transacting business under a fictitious business name may, upon withdrawing as a general partner, file a statement of withdrawal from the partnership operating under a fictitious business name. The statement shall be executed by the person filing the statement in the same manner as a fictitious business name statement and shall be filed with the county clerk of the county where the partnership filed its fictitious business name statement.

(b) The statement shall include:

(1) The fictitious business name of the partnership.

(2) The date on which the fictitious business name statement for the partnership was filed and the county where filed.

(3) The street address of its principal place of business in this state or, if it has no place of business in this state, the street address of its principal place of business outside this state, if any.

(4) The full name and residence of the person withdrawing as a partner.

(c) The statement of withdrawal from the partnership operating under a fictitious business name shall be published in the same manner as the fictitious business name statement and an affidavit showing the publication of the statement shall be filed with the county clerk after the completion of the publication.

(d) The withdrawal of a general partner does not cause a fictitious business name statement to expire if the withdrawing partner files a statement of withdrawal in accordance with subdivisions (a) and (b) and the requirement of subdivision (c) is satisfied.

SEC. 67.2. Section 22251 of the Business and Professions Code is amended to read:

22251. For the purposes of this chapter, the following words have the following meanings:

(a) (1) Except as otherwise provided in paragraph (2), ''tax preparer'' includes:

(A) A person who, for a fee or for other consideration, assists with or prepares tax returns for another person or who assumes final responsibility for completed work on a return on which preliminary work has been done by another person, or who holds himself or herself out as offering those services. A person engaged in that activity shall be deemed to be a separate person for the purposes of this chapter, irrespective of affiliation with, or employment by, another tax preparer.

(B) A corporation, partnership, association, or other entity that has associated with it persons not exempted under Section 22258, which persons shall have as part of their responsibilities the preparation of data and ultimate signatory authority on tax returns or that holds itself out as offering those services or having that authority.

(2) Notwithstanding paragraph (1), ''tax preparer'' does not include an employee who, as part of the regular clerical duties of his or her employment, prepares his or her employer's income, sales, or payroll tax returns.

(b) ''Tax return'' means a return, declaration, statement, refund claim, or other document required to be made or filed in connection with state or federal income taxes or state bank and corporation franchise taxes.

(c) An ''approved curriculum provider,'' for purposes of basic instruction as described in subdivision (a) of Section 22255, and continuing education as described in subdivision (b) of Section 22255, is one who has been approved by the council as defined in subdivision (d). A curriculum provider who is approved by the tax education council is exempt from Chapter 7 (commencing with Section 94700) of Part 59 of Division 10 of the Education Code.

(d) ''Council'' means the California Tax Education Council that is a single organization made up of not more than one representative from each professional society, association, or other entity operating as a California nonprofit corporation that chooses to participate in the council and that represents tax preparers, enrolled agents, attorneys, or certified public accountants with a membership of at least 200 for the last three years, and not more than one representative from each for-profit tax preparation corporation that chooses to participate in the council and that has at least 200 employees and has been operating in California for the last three years. The council shall establish a process by which two individuals who are tax preparers pursuant to Section 22255 are appointed to the council with full voting privileges to serve terms as determined by the council, with their initial terms being served on a staggered basis. A person exempt from the requirements of this chapter pursuant to Section 22258 is not eligible for appointment to the council, other than an employee of an individual in an exempt category.

SEC. 67.4. Section 22254 of the Business and Professions Code is amended to read:

22254. A provider of tax preparer education for tax preparers shall meet standards and procedures as approved by the council. The council shall either approve or decline to approve providers of tax preparer education within 120 days of receiving a request for approval. If approval is not declined within 120 days, the provider shall be deemed approved. A listing of those providers approved by the council shall be made available to tax preparers upon request.

SEC. 68. Section 22355 of the Business and Professions Code is amended to read:

22355. (a) The county clerk shall maintain a register of process servers and assign a number and issue an identification card to each

process server. The county clerk shall issue a temporary identification card, for no additional fee, to applicants who are required to submit fingerprint cards for background checks to the Federal Bureau of Investigation and the Department of Justice. This card shall be valid for 120 days. If clearance is received from the Federal Bureau of Investigation and the Department of Justice within 120 days, the county clerk shall immediately issue a permanent identification card to the applicant. Upon request of the applicant, the permanent identification card shall be mailed to the applicant at his or her address of record. Upon renewal of a certificate of registration, the same number shall be assigned, provided there is no lapse in the period of registration.

(b) The temporary and permanent identification cards shall be $3^3/_8$ inches by $2^1/_4$ inches and shall contain at the top the title, ''Registered Process Server,'' followed by the registrant's name, address, registration number, date of expiration, and county of registration. In the case of a natural person, it shall also contain a photograph of the registrant in the lower left corner.

SEC. 69. Section 22453.1 of the Business and Professions Code is amended to read:

22453.1. Notwithstanding Section 22453, any person registered pursuant to Chapter 16 (commencing with Section 22350) shall pay a fee of one hundred dollars ($100) instead of the fee of one hundred seventy-five dollars ($175) otherwise required by Section 22453.

SEC. 70. Section 109948.1 of the Health and Safety Code is amended to read:

109948.1. (a) ''Home medical device services'' means the delivery, installation, maintenance, replacement of, or instruction in the use of, home medical devices used by a sick or disabled individual to allow the individual to be maintained in a residence.

(b) ''Home medical device'' means a device intended for use in a home care setting including, but not limited to, all of the following:

(1) Oxygen delivery systems and prefilled cylinders.
(2) Ventilators.
(3) Continuous Positive Airway Pressure devices (CPAP).
(4) Respiratory disease management devices.
(5) Hospital beds and commodes.
(6) Electronic and computer driven wheelchairs and seating systems.
(7) Apnea monitors.
(8) Low air loss continuous pressure management devices.
(9) Transcutaneous Electrical Nerve Stimulator (TENS) units.
(10) Prescription devices.
(11) Disposable medical supplies including, but not limited to, incontinence supplies as defined in Section 14125.1 of the Welfare and Institutions Code.

(12) In vitro diagnostic tests.

(13) Any other similar device as defined in regulations adopted by the department.

(c) The term ''home medical device'' does not include any of the following:

(1) Devices used or dispensed in the normal course of treating patients by hospitals and nursing facilities, other than devices delivered or dispensed by a separate unit or subsidiary corporation of a hospital or nursing facility or agency that is in the business of delivering home medical devices to an individual's residence.

(2) Prosthetics and orthotics.

(3) Automated external defibrillators (AEDs).

(4) Devices provided through a physician's office incident to a physician's service.

(5) Devices provided by a licensed pharmacist that are used to administer drugs that can be dispensed only by a licensed pharmacist.

(6) Enteral and parenteral devices provided by a licensed pharmacist.

SEC. 71. Section 111656 of the Health and Safety Code is amended to read:

111656. (a) No person shall conduct a home medical device retail facility business in the State of California unless he or she has obtained a license from the department. A license shall be required for each home medical device retail facility owned or operated by a specific person. A separate license shall be required for each of the premises of any person operating a home medical device retail facility in more than one location. The license shall be renewed annually and shall not be transferable. The licensee shall be responsible for assuring compliance with all requirements of this article pertaining to home medical device retail facilities.

(b) Applications for a home medical device retail facility license shall be made on a form furnished by the department. The department may require any information it deems reasonably necessary to carry out the purposes of this section.

(c) A warehouse owned by a home medical device retail facility the primary purpose of which is storage, not dispensing of home medical devices to patients, shall be licensed at a fee one-half of that for a home medical device retail facility. There shall be no separate or additional license fee for warehouse premises owned by a home medical device retail facility that are physically connected to the retail premises or that share common access.

(d) The department may, at its discretion, issue a temporary license when the ownership of a home medical device retail facility is transferred from one person to another upon any conditions and for the periods of time as the department determines to be in the public interest.

A temporary license fee shall be established by the department at an amount not to exceed the annual fee for renewal of a license to conduct a home medical device retail facility.

(e) Notwithstanding any other provision of law, a licensed home medical device retail facility may furnish a prescription device to a licensed health care facility for storage in a secured emergency pharmaceutical supplies container maintained within the facility in accordance with facility regulations of the State Department of Health Services set forth in Title 22 of the California Code of Regulations.

(f) The licensure requirements of this section shall not apply to the following entities or practitioners, unless the entities or practitioners furnish home medical devices or home medical device services through a separate entity including, but not limited to, a corporate entity, division, or other business entity:

(1) Home health agencies that do not have a Part B Medicare supplier number.

(2) Hospitals, excluding providers of home medical devices that are owned or related to a hospital.

(3) Manufacturers and wholesale distributors, if not selling directly to the patient.

(4) Health care practitioners authorized to prescribe or order home medical devices or who use home medical devices or who use home medical devices to treat their patients.

(5) Licensed pharmacists and pharmacies. Pharmacies that sell or rent home medical devices shall be governed by the provisions of Chapter 9 (commencing with Section 4000) of Division 2 of the Business and Professions Code and any rules and regulations adopted by the California State Board of Pharmacy.

(6) Licensed hospice programs.

(7) Licensed nursing homes.

(8) Licensed veterinarians.

(9) Licensed dentists.

(10) Emergency medical services provider.

(11) Breast feeding support programs.

SEC. 72. Section 111656.2 of the Health and Safety Code is amended to read:

111656.2. (a) The following standards shall apply to all home medical device retail facilities:

(1) Each retail facility shall store prescription devices in a manner that does not allow a customer direct access or self-service.

(2) Each retail facility shall maintain the premises, fixtures, and equipment in a clean and orderly condition.

(3) Each retail facility shall maintain the premises in a dry, well-ventilated condition, free from contamination or other conditions that may render home medical devices unfit for their intended use.

(b) The department may by regulation impose any other standards pertaining to the acquisition, storage, and maintenance of prescription devices or other goods or to the maintenance or condition of the licensed premises of any home medical device retail facility as the department determines are reasonably necessary.

SEC. 73. Section 111656.4 of the Health and Safety Code is amended to read:

111656.4. Section 4051 of the Business and Professions Code shall not prohibit a home medical device retail facility from selling or dispensing prescription devices if the department finds that sufficient qualified supervision is employed by the home medical device retail facility to adequately safeguard and protect the public health. Each person applying to the department for this exemption shall meet the following requirements to obtain and maintain the exemption:

(a) A licensed pharmacist or an exemptee who meets the requirements set forth in paragraphs (1) to (5), inclusive, and whose license of exemption is currently valid, shall be in charge of the home medical device retail facility.

(1) He or she shall be a high school graduate or possess a general education development equivalent.

(2) He or she shall have a minimum of one year of paid work experience related to the distribution or dispensing of dangerous drugs or dangerous devices.

(3) He or she shall complete a training program that addresses each of the following subjects that are applicable to him or her:

(A) Knowledge and understanding of state and federal laws relating the distribution of dangerous drugs and dangerous devices.

(B) Knowledge and understanding of state and federal laws relating the distribution of controlled substances.

(C) Knowledge and understanding of quality control systems.

(D) Knowledge and understanding of the United States Pharmacopoeia standards relating to the safe storage and handling of drugs.

(E) Knowledge and understanding relating to the safe storage and handling of home medical devices.

(F) Knowledge and understanding of prescription terminology, abbreviations, and format.

(4) The department may, by regulation, require training programs that include additional material.

(5) The department shall not issue an exemptee license until the applicant provides proof of completion of the required training that the department determines is adequate to fulfill these requirements.

(b) The licensed pharmacist or exemptee shall be on the premises at all times that prescription devices are available for sale or fitting unless the prescription devices are stored separately from other merchandise and are under the exclusive control of the licensed pharmacist or exemptee. A licensed pharmacist or an exemptee need not be present in the warehouse facility of a home medical device retail facility unless the department establishes that requirement by regulation based upon the need to protect the public.

(c) The department may require an exemptee to complete a designated number of hours of coursework in department-approved courses of home health education in the disposition of any disciplinary action taken against the exemptee.

(d) Each premises maintained by a home medical device retail facility shall have a license issued by the department and shall have a licensed pharmacist or exemptee on the premises if prescription devices are furnished, sold, or dispensed.

(e) A home medical device retail facility may establish locked storage (a lock box or locked area) for emergency or after working hours furnishing of prescription devices. Locked storage may be installed or placed in a service vehicle of the home medical device retail facility for emergency or after hours service to patients having prescriptions for prescription devices.

(f) The department may by regulation authorize a licensed pharmacist or exemptee to direct an employee of the home medical device retail facility who operates the service vehicle equipped with locked storage described in subdivision (e) to deliver a prescription device from the locked storage to patients having prescriptions for prescription devices. These regulations shall establish inventory requirements for the locked storage by a licensed pharmacist or exemptee to take place shortly after a prescription device has been delivered from the locked storage to a patient.

SEC. 74. Section 29.2 of this bill incorporates amendments to Section 4115 of the Business and Professions Code proposed by both this bill and AB 536. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 4115 of the Business and Professions Code, and (3) this bill is enacted after AB 536, in which case Section 29 of this bill shall not become operative.

SEC. 75. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because

in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

---

## CHAPTER 729

An act to amend Sections 1954.52, 1962, 1962.5, and 1962.7 of, and to add and repeal Section 1946.1 of, the Civil Code, and to amend Section 1161 of the Code of Civil Procedure, relating to real property.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1946.1 is added to the Civil Code, to read:

1946.1. (a) Notwithstanding Section 1946, a hiring of residential real property located in the City of Los Angeles, the City of Santa Monica, or the City of West Hollywood, for a term not specified by the parties, is deemed to be renewed as stated in Section 1945, at the end of the term implied by law unless one of the parties gives written notice to the other of his or her intention to terminate the tenancy, as provided in this section.

(b) An owner of a residential dwelling giving notice pursuant to this section shall give notice at least 60 days prior to the proposed date of termination. A tenant giving notice pursuant to this section shall give notice for a period at least as long as the term of the periodic tenancy prior to the proposed date of termination.

(c) The notices required by this section shall be given in the manner prescribed in Section 1162 of the Code of Civil Procedure or by sending a copy by certified or registered mail.

(d) The additional notice provided by this section shall apply only to a tenant who has been living in a dwelling for at least one year.

(e) The additional notice provided by this section does not apply if all of the following are true:

(1) The dwelling or unit is alienable separate from the title to any other dwelling unit.

(2) The dwelling or unit was sold to a bona fide purchaser for value.

(3) The purchaser is a natural person or persons.

(4) The purchaser gives notice no more than 30 days after acquiring the property.

(5) Notice was not previously given to the tenant pursuant to this section.

(6) The purchaser in good faith intends to reside in the property for at least one full year after the termination of the tenancy.

(f) The additional notice provided by this section does not apply in a city in which an entity that regulates residential rents determines that the rental vacancy rate in the city exceeds 10 percent.

(g) This section may not be construed to affect the authority of a public entity that otherwise exists to regulate or monitor the basis for eviction.

(h) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. Section 1954.52 of the Civil Code is amended to read:

1954.52. (a) Notwithstanding any other provision of law, an owner of residential real property may establish the initial and all subsequent rental rates for a dwelling or a unit about which any of the following is true:

(1) It has a certificate of occupancy issued after February 1, 1995.

(2) It has already been exempt from the residential rent control ordinance of a public entity on or before February 1, 1995, pursuant to a local exemption for newly constructed units.

(3) (A) It is alienable separate from the title to any other dwelling unit or is a subdivided interest in a subdivision, as specified in subdivision (b), (d), or (f) of Section 11004.5 of the Business and Professions Code.

(B) This paragraph does not apply to either of the following:

(i) A dwelling or unit where the preceding tenancy has been terminated by the owner by notice pursuant to Section 1946 or has been terminated upon a change in the terms of the tenancy noticed pursuant to Section 827.

(ii) A condominium dwelling or unit that has not been sold separately by the subdivider to a bona fide purchaser for value. The initial rent amount of such a unit for purposes of this chapter shall be the lawful rent in effect on May 7, 2001, unless the rent amount is governed by a different provision of this chapter. However, if a condominium dwelling

or unit meets the criteria of paragraph (1) or (2) of subdivision (a), or if all the dwellings or units except one have been sold separately by the subdivider to bona fide purchasers for value, and the subdivider has occupied that remaining unsold condominium dwelling or unit as his or her principal residence for at least one year after the subdivision occurred, then subparagraph (A) of paragraph (3) shall apply to that unsold condominium dwelling or unit.

(C) Where a dwelling or unit in which the initial or subsequent rental rates are controlled by an ordinance or charter provision in effect on January 1, 1995, the following shall apply:

(i) An owner of real property as described in this paragraph may establish the initial and all subsequent rental rates for all existing and new tenancies in effect on or after January 1, 1999, if the tenancy in effect on or after January 1, 1999, was created between January 1, 1996, and December 31, 1998.

(ii) Commencing on January 1, 1999, an owner of real property as described in this paragraph may establish the initial and all subsequent rental rates for all new tenancies if the previous tenancy was in effect on December 31, 1995.

(iii) The initial rental rate for a dwelling or unit as described in this paragraph in which the initial rental rate is controlled by an ordinance or charter provision in effect on January 1, 1995, may not, until January 1, 1999, exceed the amount calculated pursuant to subdivision (c) of Section 1954.53. An owner of residential real property as described in this paragraph may, until January 1, 1999, establish the initial rental rate for a dwelling or unit only where the tenant has voluntarily vacated, abandoned, or been evicted pursuant to paragraph (2) of Section 1161 of the Code of Civil Procedure.

(b) Subdivision (a) does not apply where the owner has otherwise agreed by contract with a public entity in consideration for a direct financial contribution or any other forms of assistance specified in Chapter 4.3 (commencing with Section 65915) of Division 1 of Title 7 of the Government Code.

(c) Nothing in this section shall be construed to affect the authority of a public entity that may otherwise exist to regulate or monitor the basis for eviction.

(d) This section does not apply to any dwelling or unit that contains serious health, safety, fire, or building code violations, excluding those caused by disasters, for which a citation has been issued by the appropriate governmental agency and which has remained unabated for six months or longer preceding the vacancy.

SEC. 3. Section 1962 of the Civil Code is amended to read:

1962. (a) Any owner of a dwelling structure specified in Section 1961 or a party signing a rental agreement or lease on behalf of the owner shall do all of the following:

(1) Disclose therein the name, telephone number, and usual street address at which personal service may be effected of each person who is:

(A) Authorized to manage the premises.

(B) An owner of the premises or a person who is authorized to act for and on behalf of the owner for the purpose of service of process and for the purpose of receiving and receipting for all notices and demands.

(2) Disclose therein the name, telephone number, and address of the person or entity to whom rent payments shall be made.

(A) If rent payments may be made personally, the usual days and hours that the person will be available to receive the payments shall also be disclosed.

(B) At the owner's option, the rental agreement or lease shall instead disclose the number of either:

(i) The account in a financial institution into which rent payments may be made, and the name and street address of the institution; provided that the institution is located within five miles of the rental property.

(ii) The information necessary to establish an electronic funds transfer procedure for paying the rent.

(3) Disclose therein the form or forms in which rent payments are to be made.

(4) Provide a copy of the rental agreement or lease to the tenant within 15 days of its execution by the tenant. Once each calendar year thereafter, upon request by the tenant, the owner or owner's agent shall provide an additional copy to the tenant within 15 days. If the owner or owner's agent does not possess the rental agreement or lease or a copy of it, the owner or owner's agent shall instead furnish the tenant with a written statement stating that fact and containing the information required by paragraphs (1), (2), and (3) of subdivision (a).

(b) In the case of an oral rental agreement, the owner, or a person acting on behalf of the owner for the receipt of rent or otherwise, shall furnish the tenant, within 15 days of the agreement, with a written statement containing the information required by paragraphs (1), (2), and (3) of subdivision (a). Once each calendar year thereafter, upon request by the tenant, the owner or owner's agent shall provide an additional copy of the statement to the tenant within 15 days.

(c) The information required by this section shall be kept current and this section shall extend to and be enforceable against any successor owner or manager, who shall comply with this section within 15 days of succeeding the previous owner or manager.

(d) A party who enters into a rental agreement on behalf of the owner who fails to comply with this section is deemed an agent of each person who is an owner:

(1) For the purpose of service of process and receiving and receipting for notices and demands.

(2) For the purpose of performing the obligations of the owner under law and under the rental agreement.

(3) For the purpose of receiving rental payments, which may be made in cash, by check, by money order, or in any form previously accepted by the owner or owner's agent, unless the form of payment has been specified in the oral or written agreement, or the tenant has been notified by the owner in writing that a particular form of payment is unacceptable.

(e) Nothing in this section limits or excludes the liability of any undisclosed owner.

(f) If the address provided by the owner does not allow for personal delivery, then it shall be conclusively presumed that upon the mailing of any rent or notice to the owner by the tenant to the name and address provided, the notice or rent is deemed receivable by the owner on the date posted, if the tenant can show proof of mailing to the name and address provided by the owner.

SEC. 4. Section 1962.5 of the Civil Code is amended to read:

1962.5. (a) Notwithstanding subdivisions (a) and (b) of Section 1962, the information required by paragraph (1) of subdivision (a) of Section 1962 to be disclosed to a tenant may, instead of being disclosed in the manner described in subdivisions (a) and (b) of Section 1962, be disclosed by the following method:

(1) In each dwelling structure containing an elevator a printed or typewritten notice containing the information required by paragraph (1) of subdivision (a) of Section 1962 shall be placed in every elevator and in one other conspicuous place.

(2) In each structure not containing an elevator, a printed or typewritten notice containing the information required by paragraph (1) of subdivision (a) of Section 1962 shall be placed in at least two conspicuous places.

(3) In the case of a single unit dwelling structure, the information to be disclosed under this section may be disclosed by complying with either paragraph (1) or (2).

(b) Except as provided in subdivision (a), all the provisions of Section 1962 shall be applicable.

SEC. 5. Section 1962.7 of the Civil Code is amended to read:

1962.7. In the event an owner, successor owner, manager, or agent specified in Section 1961 fails to comply with the requirements of this chapter, service of process by a tenant with respect to a dispute arising

out of the tenancy may be made by registered or certified mail sent to the address at which rent is paid, in which case the provisions of Section 1013 of the Code of Civil Procedure shall apply.

SEC. 6. Section 1161 of the Code of Civil Procedure is amended to read:

1161. A tenant of real property, for a term less than life, or the executor or administrator of his or her estate heretofore qualified and now acting or hereafter to be qualified and act, is guilty of unlawful detainer:

1. When he or she continues in possession, in person or by subtenant, of the property, or any part thereof, after the expiration of the term for which it is let to him or her; provided the expiration is of a nondefault nature however brought about without the permission of his or her landlord, or the successor in estate of his or her landlord, if applicable; including the case where the person to be removed became the occupant of the premises as a servant, employee, agent, or licensee and the relation of master and servant, or employer and employee, or principal and agent, or licensor and licensee, has been lawfully terminated or the time fixed for occupancy by the agreement between the parties has expired; but nothing in this subdivision shall be construed as preventing the removal of the occupant in any other lawful manner; but in case of a tenancy at will, it must first be terminated by notice, as prescribed in the Civil Code.

2. When he or she continues in possession, in person or by subtenant, without the permission of his or her landlord, or the successor in estate of his or her landlord, if applicable, after default in the payment of rent, pursuant to the lease or agreement under which the property is held, and three days' notice, in writing, requiring its payment, stating the amount which is due, the name, telephone number, and address of the person to whom the rent payment shall be made, and, if payment may be made personally, the usual days and hours that person will be available to receive the payment (provided that, if the address does not allow for personal delivery, then it shall be conclusively presumed that upon the mailing of any rent or notice to the owner by the tenant to the name and address provided, the notice or rent is deemed received by the owner on the date posted, if the tenant can show proof of mailing to the name and address provided by the owner), or the number of an account in a financial institution into which the rental payment may be made, and the name and street address of the institution (provided that the institution is located within five miles of the rental property), or if an electronic funds transfer procedure has been previously established, that payment may be made pursuant to that procedure, or possession of the property, shall have been served upon him or her and if there is a subtenant in actual occupation of the premises, also upon the subtenant.

The notice may be served at any time within one year after the rent becomes due. In all cases of tenancy upon agricultural lands, where the tenant has held over and retained possession for more than 60 days after the expiration of the term without any demand of possession or notice to quit by the landlord or the successor in estate of his or her landlord, if applicable, he or she shall be deemed to be holding by permission of the landlord or successor in estate of his or her landlord, if applicable, and shall be entitled to hold under the terms of the lease for another full year, and shall not be guilty of an unlawful detainer during that year, and the holding over for that period shall be taken and construed as a consent on the part of a tenant to hold for another year.

3. When he or she continues in possession, in person or by subtenant, after a neglect or failure to perform other conditions or covenants of the lease or agreement under which the property is held, including any covenant not to assign or sublet, than the one for the payment of rent, and three days' notice, in writing, requiring the performance of such conditions or covenants, or the possession of the property, shall have been served upon him or her, and if there is a subtenant in actual occupation of the premises, also, upon the subtenant. Within three days after the service of the notice, the tenant, or any subtenant in actual occupation of the premises, or any mortgagee of the term, or other person interested in its continuance, may perform the conditions or covenants of the lease or pay the stipulated rent, as the case may be, and thereby save the lease from forfeiture; provided, if the conditions and covenants of the lease, violated by the lessee, cannot afterward be performed, then no notice, as last prescribed herein, need be given to the lessee or his or her subtenant, demanding the performance of the violated conditions or covenants of the lease.

A tenant may take proceedings, similar to those prescribed in this chapter, to obtain possession of the premises let to a subtenant or held by a servant, employee, agent, or licensee, in case of his or her unlawful detention of the premises underlet to him or her or held by him or her.

4. Any tenant, subtenant, or executor or administrator of his or her estate heretofore qualified and now acting, or hereafter to be qualified and act, assigning or subletting or committing waste upon the demised premises, contrary to the conditions or covenants of his or her lease, or maintaining, committing, or permitting the maintenance or commission of a nuisance upon the demised premises or using the premises for an unlawful purpose, thereby terminates the lease, and the landlord, or his or her successor in estate, shall upon service of three days' notice to quit upon the person or persons in possession, be entitled to restitution of possession of the demised premises under this chapter. For purposes of this subdivision, a person who illegally sells a controlled substance upon

the premises or uses the premises to further that purpose, shall be deemed to have committed a nuisance upon the premises.

5. When he or she gives written notice as provided in Section 1946 of the Civil Code of his or her intention to terminate the hiring of the real property, or makes a written offer to surrender which is accepted in writing by the landlord, but fails to deliver possession at the time specified in that written notice, without the permission of his or her landlord, or the successor in estate of the landlord, if applicable.

As used in this section, tenant includes any person who hires real property except those persons whose occupancy is described in subdivision (b) of Section 1940 of the Civil Code.

SEC. 7. Due to the unique circumstances of the Cities of Los Angeles, Santa Monica, and West Hollywood with respect to residential real property, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in Section 1 of this act is necessarily applicable only to the Cities of Los Angeles, Santa Monica, and West Hollywood.

## CHAPTER 730

An act to add Section 2249 to the Business and Professions Code, relating to health care.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2249 is added to the Business and Professions Code, to read:

2249. (a) A physician and surgeon primarily responsible for providing a patient an annual gynecological examination shall provide that patient during the annual examination in layperson's language and in a language understood by the patient a standardized summary containing a description of the symptoms and appropriate methods of diagnoses for gynecological cancers. This section does not preclude the use of existing publications or pamphlets developed by nationally recognized cancer organizations or by the State Department of Health Services pursuant to Section 138.4 of the Health and Safety Code.

(b) A physician and surgeon who violates this section may be cited and assessed an administrative fine. No citation shall be issued and no fine shall be assessed upon the first complaint against a physician and

surgeon who violates this section. Upon the second and subsequent complaints against a physician or surgeon who violates this section, a citation may be issued and an administrative fine may be assessed.

(c) Notwithstanding any other provision of law, all fines collected pursuant to this section shall be credited to the Contingent Fund of the Medical Board of California to be used by the Office of Women's Health within the State Department of Health Services for outreach services that provide information to women about gynecological cancers, but shall not be expended until they are appropriated by the Legislature in the Budget Act or another statute.

(d) Section 2314 shall not apply to this section.

SEC. 2. It is the intent of the Legislature in enacting this act to ensure that women receive information on gynecological cancer as currently required by Section 109278 of the Health and Safety Code.

---

## CHAPTER 731

An act to amend Section 637.5 of the Penal Code, relating to privacy.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 637.5 of the Penal Code is amended to read:

637.5. (a) No person who owns, controls, operates, or manages a satellite or cable television corporation, or who leases channels on a satellite or cable system shall:

(1) Use any electronic device to record, transmit, or observe any events or listen to, record, or monitor any conversations which take place inside a subscriber's residence, workplace, or place of business, without obtaining the express written consent of the subscriber. A satellite or cable television corporation may conduct electronic sweeps of subscriber households to monitor for signal quality.

(2) Provide any person with any individually identifiable information regarding any of its subscribers, including, but not limited to, the subscriber's television viewing habits, shopping choices, interests, opinions, energy uses, medical information, banking data or information, or any other personal or private information, without the subscriber's express written consent.

(b) Individual subscriber viewing responses or other individually identifiable information derived from subscribers may be retained and used by a satellite or cable television corporation only to the extent

reasonably necessary for billing purposes and internal business practices, and to monitor for unauthorized reception of services. A satellite or cable television corporation may compile, maintain, and distribute a list containing the names and addresses of its subscribers if the list contains no other individually identifiable information and if subscribers are afforded the right to elect not to be included on such a list. However, a satellite or cable television corporation shall maintain adequate safeguards to ensure the physical security and confidentiality of any such subscriber information.

(c) A satellite or cable television corporation shall not make individual subscriber information available to government agencies in the absence of legal compulsion, including, but not limited to, a court order or subpoena. If requests for such information are made, a satellite or cable television corporation shall promptly notify the subscriber of the nature of the request and what government agency has requested the information prior to responding unless otherwise prohibited from doing so by law.

Nothing in this section shall be construed to prevent local franchising authorities from obtaining information necessary to monitor franchise compliance pursuant to franchise or license agreements. This information shall be provided so as to omit individually identifiable subscriber information whenever possible. Information obtained by local franchising authorities shall be used solely for monitoring franchise compliance and shall not be subject to the California Public Records Act (Chapter 3.5 (commencing with Section 6250), Division 7, Title 1, Government Code).

(d) Any individually identifiable subscriber information gathered by a satellite or cable television corporation shall be made available for subscriber examination within 30 days of receiving a request by a subscriber to examine such information on the premises of the corporation. Upon a reasonable showing by the subscriber that the information is inaccurate, a satellite or cable television corporation shall correct such information.

(e) Upon a subscriber's application for satellite or cable television service, including, but not limited to, interactive service, a satellite or cable television corporation shall provide the applicant with a separate notice in an appropriate form explaining the subscriber's right to privacy protection afforded by this section.

(f) As used in this section:

(1) ''Cable television corporation'' shall have the same meaning as that term is given by Section 215.5 of the Public Utilities Code.

(2) ''Individually identifiable information'' means any information identifying an individual or his or her use of any service provided by a satellite or cable system other than the mere fact that such individual is

a satellite or cable television subscriber. ''Individually identifiable information'' shall not include anonymous, aggregate, or any other information that does not identify an individual subscriber of a video provider service.

(3) ''Person'' includes an individual, business association, partnership, corporation, limited liability company, or other legal entity, and an individual acting or purporting to act for or on behalf of any government, or subdivision thereof, whether federal, state, or local.

(4) ''Interactive service'' means any service offered by a satellite or cable television corporation involving the collection, reception, aggregation, storage, or use of electronic information transmitted from a subscriber to any other receiving point under the control of the satellite or cable television corporation, or vice versa.

(g) Nothing in this section shall be construed to limit the ability of a satellite or cable television corporation to market satellite or cable television or ancillary services to its subscribers.

(h) Any person receiving subscriber information from a satellite or cable television corporation shall be subject to the provisions of this section.

(i) Any aggrieved person may commence a civil action for damages for invasion of privacy against any satellite or cable television corporation, service provider, or person that leases a channel or channels on a satellite or cable television system that violates the provisions of this section.

(j) Any person who violates the provisions of this section is guilty of a misdemeanor punishable by a fine not exceeding three thousand dollars ($3,000), or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment.

(k) The penalties and remedies provided by subdivisions (i) and (j) are cumulative, and shall not be construed as restricting any penalty or remedy, provisional or otherwise, provided by law for the benefit of any person, and no judgment under this section shall preclude any person from obtaining additional relief based upon the same facts.

(*l*) The provisions of this section are intended to set forth minimum state standards for protecting the privacy of subscribers to cable television services and are not intended to preempt more restrictive local standards.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

---

## CHAPTER 732

An act to add Division 1.6 (commencing with Section 4970) to the Financial Code, relating to lending.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Division 1.6 (commencing with Section 4970) is added to the Financial Code, to read:

## DIVISION 1.6. ____

### CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

4970. For purposes of this division:

(a) ''Annual percentage rate'' means the annual percentage rate for the loan calculated according to the provisions of the federal Truth in Lending Act and the regulations adopted thereunder by the Federal Reserve Board.

(b) (1) ''Covered loan'' means a consumer loan in which the original principal balance of the loan does not exceed two hundred fifty thousand dollars ($250,000) in the case of a mortgage or deed of trust, and where one of the following conditions are met:

(A) For a mortgage or deed of trust, the annual percentage rate at consummation of the transaction will exceed by more than eight percentage points the yield on Treasury securities having comparable periods of maturity on the 15th day of the month immediately preceding the month in which the application for the extension of credit is received by the creditor.

(B) The total points and fees payable by the consumer at or before closing for a mortgage or deed of trust will exceed 6 percent of the total loan amount.

(2) The dollar amount specified in paragraph (1) shall be adjusted every five years in accordance with the California Consumer Price Index.

(c) ''Points and fees'' shall include the following:

(1) All items required to be disclosed as finance charges under Sections 226.4(a) and 226.4(b) of Title 12 of the Code of Federal Regulations, including the Official Staff Commentary, as amended from time to time, except interest.

(2) All compensation and fees paid to mortgage brokers in connection with the loan transaction.

(3) All items listed in Section 226.4(c)(7) of Title 12 of the Code of Federal Regulations, only if the person originating the covered loan receives direct compensation in connection with the charge.

(d) ''Consumer loan'' means a consumer credit transaction that is secured by real property located in this state used, or intended to be used or occupied, as the principal dwelling of the consumer that is improved by a one-to-four residential unit. ''Consumer loan'' does not include a reverse mortgage, an open line of credit as defined in Part 226 of Title 12 of the Code of Federal Regulations (Regulation Z), or a consumer credit transaction that is secured by rental property or second homes. ''Consumer loan'' does not include a bridge loan with a maturity of less than one year if the purpose of the loan is a bridge loan connected with the acquisition or construction of a dwelling intended to become the consumer's principal dwelling.

(e) ''Original principal balance'' means the total initial amount the consumer is obligated to repay on the loan.

(f) ''Licensing agency'' shall mean the Department of Real Estate for licensed real estate brokers, the Department of Corporations for licensed residential mortgage lenders and licensed finance lenders and brokers, and the Department of Financial Institutions for commercial and industrial banks and savings associations and credit unions organized in this state.

(g) ''Licensed person'' means a real estate broker licensed under the Real Estate Law (Part 1 (commencing with Section 10000) of Division 4 of the Business and Professions Code), a finance lender or broker licensed under the California Finance Lenders Law (Division 9 (commencing with Section 22000)), a residential mortgage lender licensed under the California Residential Mortgage Lending Act (Division 20 (commencing with Section 50000)), a commercial or industrial bank organized under the Banking Law (Division 1 (commencing with Section 99)), a savings association organized under the Savings Association Law (Division 2 (commencing with Section 5000)), and a credit union organized under the California Credit Union Law (Division 5 (commencing with Section 14000)). Nothing in this division shall be construed to prevent any enforcement by a governmental entity against any person who originates a loan and who is exempt or excluded from licensure by all of the licensing agencies, based on a violation of any provision of this division. Nothing in this

division shall be construed to prevent the Department of Real Estate from enforcing this division against a licensed salesperson employed by a licensed real estate broker as if that salesperson were a licensed person under this division. A licensed person includes any person engaged in the practice of consumer lending, as defined in this division, for which a license is required under any other provision of law, but whose license is invalid, suspended or revoked, or where no license has been obtained.

(h) ''Originate'' means to arrange, negotiate, or make a consumer loan.

(i) ''Servicer'' has the same meaning provided in Section 6 (i)(2) of the Real Estate Settlement Procedures Act of 1974.

## CHAPTER 2. PROHIBITED ACTS

4973. The following are prohibited acts and limitations for covered loans:

(a) (1) A covered loan shall not include a prepayment fee or penalty after the first 36 months after the date of consummation of the loan.

(2) A covered loan may include a prepayment fee or penalty up to the first 36 months after the date of consummation of the loan if:

(A) The person who originates the covered loan has also offered the consumer a choice of another product without a prepayment fee or penalty.

(B) The person who originates the covered loan has disclosed in writing to the consumer at least three business days prior to loan consummation the terms of the prepayment fee or penalty to the consumer for accepting a covered loan with the prepayment penalty and the rates, points, and fees that would be available to the consumer for accepting a covered loan without a prepayment penalty.

(C) The person who originates the covered loan has limited the amount of the prepayment fee or penalty to an amount not to exceed the payment of six months' advance interest, at the contract rate of interest then in effect, on the amount prepaid in any 12-month period in excess of 20 percent of the original principal amount.

(D) A covered loan will not impose the prepayment fee or penalty if the covered loan is accelerated as a result of default.

(E) The person who originates the covered loan will not finance a prepayment penalty through a new loan that is originated by the same person.

(b) (1) A covered loan with a term of 5 years or less may not provide at origination for a payment schedule with regular periodic payments that when aggregated do not fully amortize the principal balance as of the maturity date of the loan.

(2) For a payment schedule that is adjusted to account for the seasonal or irregular income of the consumer, the total installments in any year shall not exceed the amount of one year's worth of payments on the loan. This prohibition does not apply to a bridge loan. For purposes of this paragraph, ''bridge loan'' means a loan with a maturity of less than 18 months that only requires payments of interest until the time when the entire unpaid balance is due and payable.

(c) A covered loan shall not contain a provision for negative amortization such that the payment schedule for regular monthly payments causes the principal balance to increase, unless the covered loan is a first mortgage and the licensed person discloses to the consumer that the loan contains a negative amortization provision that may add principal to the balance of the loan.

(d) A covered loan shall not include terms under which periodic payments required under the loan are consolidated and paid in advance from the loan proceeds.

(e) A covered loan shall not contain a provision that increases the interest rate as a result of a default. This provision does not apply to interest rate changes in a variable rate loan otherwise consistent with the provisions of the loan documents, provided the change in the interest rate is not triggered by the event of default or the acceleration for the indebtedness.

(f) (1) A person who originates covered loans shall not make or arrange a covered loan unless at the time the loan is consummated, the person reasonably believes the consumer, or consumers, when considered collectively in the case of multiple consumers, will be able to make the scheduled payments to repay the obligation based upon a consideration of their current and expected income, current obligations, employment status, and other financial resources, other than the consumer's equity in the dwelling that secures repayment of the loan. In the case of a covered loan that is structured to increase to a specific designated rate, stated as a number or formula, at a specific predetermined date not exceeding 37 months from the date of application, this evaluation shall be based upon the fully indexed rate of the loan calculated at the time of application.

The consumer shall be presumed to be able to make the scheduled payments to repay the obligation if, at the time the loan is consummated, the consumer's total monthly debts, including amounts owed under the loan, do not exceed 55 percent of the consumer's monthly gross income, as verified by the credit application, the consumer's financial statement, a credit report, financial information provided to the person originating the loan by or on behalf of the consumer, or any other reasonable means.

(2) No presumption of inability to make the scheduled payments to repay the obligation shall arise solely from the fact that at the time the

loan is consummated, the consumer's total monthly debts, including amounts owed under the loan, exceed 55 percent of the consumer's monthly gross income.

(3) In the case of a stated income loan, the reasonable belief requirement in paragraph (1) shall apply, however, for stated income loans that belief may be based on the income stated by the consumer, and other information in the possession of the person originating the loan after the solicitation of all information that the person customarily solicits in connection with loans of this type. A person shall not knowingly or willfully originate a covered loan as a stated income loan with the intent, or effect, of evading the provisions of this subdivision.

(g) A person who originates a covered loan shall not pay a contractor under a home-improvement contract from the proceeds of a covered loan other than by an instrument payable to the consumer or jointly to the consumer and the contractor or, at the election of the consumer, to a third-party escrow agent for the benefit of the contractor in accordance with terms and conditions established in a written escrow agreement signed by the consumer, the person who originates a covered loan, and the contractor prior to the disbursement of funds. No payments, other than progress payments for home-improvement work that the consumer certifies is completed, shall be made to an escrow account or jointly to the consumer and the contractor unless the person who originates the loan is presented with a signed and dated completion certificate by the consumer showing that the home-improvement contract was completed to the satisfaction of the consumer.

(h) It is unlawful for a person who originates a covered loan to recommend or encourage a consumer to default on an existing consumer loan or other debt in connection with the solicitation or making of a covered loan that refinances all or any portion of the existing consumer loan or debt.

(i) A covered loan shall not contain a call provision that permits the lender, in its sole discretion, to accelerate the indebtedness. This prohibition does not apply if repayment of the loan has been accelerated in accordance with the terms of the loan documents (1) as a result of the consumer's default, (2) pursuant to a due-on-sale provision, or (3) due to fraud or material misrepresentation by a consumer in connection with the loan or the value of the security for the loan. A licensed person shall not refinance or arrange for the refinancing of a consumer loan such that the new loan is a covered loan that is made for the purpose of refinancing, debt consolidation or cash out, that does not result in an identifiable benefit to the consumer, considering the consumer's stated purpose for seeking the loan, fees, interest rates, finance charges, and points.

(j) (1) A covered loan shall not be made unless the following disclosure, written in 12-point font or larger, has been provided to the

consumer no later than three business days prior to signing of the loan documents of the transaction:

CONSUMER CAUTION AND HOME OWNERSHIP COUNSELING NOTICE

If you obtain this loan, the lender will have a mortgage on your home. You could lose your home, and any money you have put into it, if you do not meet your obligations under the loan.

Mortgage loan rates and closing costs and fees vary based on many other factors, including your particular credit and financial circumstances, your earnings history, the loan-to-value requested, and the type of property that will secure your loan. Higher rates and fees may be justified depending on the individual circumstances of a particular consumer's application. You should shop around and compare loan rates and fees.

This particular loan may have a higher rate and total points and fees than other mortgage loans and is, or may be, subject to the additional disclosure and substantive protections under Division 1.6 (commencing with Section 4970 of the Financial Code. You should consider consulting a qualified independent credit counselor or other experienced financial adviser regarding the rate, fees, and provisions of this mortgage loan before you proceed. For information on contacting a qualified credit counselor, ask your lender or call the United States Department of Housing and Urban Development's counseling hotline at 1-888-466-3487 or go to www.hud.gov/fha/sfh/hcc for a list of counselors.

You are not required to complete any loan agreement merely because you have received these disclosures or have signed a loan application.

If you proceed with this mortgage loan, you should also remember that you may face serious financial risks if you use this loan to pay off credit card debts and other debts in connection with this transaction and then subsequently incur significant new credit card charges or other debts. If you continue to accumulate debt after this loan is closed and then experience financial difficulties, you could lose your home and any equity you have in it if you do not meet your mortgage loan obligations.

Property taxes and homeowner's insurance are your responsibility. Not all lenders provide escrow services for these payments. You should ask your lender about these services.

Your payments on existing debts contribute to your credit ratings. You should not accept any advice to ignore your regular payments to your existing creditors.

(2) It shall be a rebuttable presumption that a licensed person has met its obligation to provide this disclosure if the consumer provides the

licensed person with a signed acknowledgment of receipt of a copy of the notice set forth in paragraph (1).

(m) (1) A person who originates a covered loan shall not steer, counsel, or direct any prospective consumer to accept a loan product with a risk grade less favorable than the risk grade that the consumer would qualify for based on that person's then current underwriting guidelines, prudently applied, considering the information available to that person, including the information provided by the consumer.

A person shall not be deemed to have violated this section if the risk grade determination applied to a consumer is reasonably based on the person's underwriting guidelines if it is an appropriate risk grade category for which the consumer qualifies with the person.

(2) If a broker originates a covered loan, the broker shall not steer, counsel, or direct any prospective consumer to accept a loan product at a higher cost than that for which the consumer could qualify based on the loan products offered by the persons with whom the broker regularly does business.

(n) A person who originates a covered loan shall not avoid, or attempt to avoid, the application of this division by doing the following:

(1) Structuring a loan transaction as an open-end credit plan for the purpose of evading the provisions of this division when the loan would have been a covered loan if the loan had been structured as a closed end loan.

(2) Dividing any loan transaction into separate parts for the purpose of evading the provisions of this division.

(o) A person who originates a covered loan shall not act in any manner, whether specifically prohibited by this section or of a different character, that constitutes fraud.

## CHAPTER 3. ENFORCEMENT

4974. (a) Any compliance failure that was not willful or intentional and resulted from a bona fide error, that occurred notwithstanding the maintenance of procedures reasonably adopted to avoid those errors, including, but not limited to, those involving clerical, calculation, computer malfunction and programming, and printing errors shall be corrected no later than 45 days after receipt of the complaint or discovery of the error. A person who originates a covered loan shall not be administratively, civilly, or criminally liable for a bona fide error corrected pursuant to this section. An error in legal judgment is not a bona fide error under this section.

(b) If a person who originates covered loans makes a loan where the person knew of and showed reckless disregard for a violation of this division by a broker, the person and broker shall be jointly and severally

liable for all damages awarded under this division with respect to the broker's unlawful conduct.

This section does not impose or transfer liability for a breach of the broker's fiduciary duty.

4975. (a) (1) Any licensed person who violates any provision of Section 4973, 4979.6, or 4979.7 shall be deemed to have violated that person's licensing law.

(2) After any action under Section 4978.5 resulting in a conviction, the licensing agency may bring a proceeding to suspend the license of the licensed person for not less than six months and not more than three years.

(b) After any action under Section 4978.5 resulting in a second or subsequent conviction, the licensing agency may bring a proceeding to permanently revoke the license of the licensed person or impose any lesser licensed sanction for at least three years.

(c) A licensing agency may exercise any and all authority and powers available to it under any other provisions of law, to administer and enforce this division. A licensing agency may charge and collect reasonable costs for enforcing this division. However, nothing in this subdivision shall authorize the imposition or collection of charges or fees that duplicate charges or fees authorized under any other provision of law.

(d) Nothing in this section shall be construed to impair or impede a licensing agency's authority under any other provision of law.

4977. (a) A licensing agency may, after appropriate notice and opportunity for hearing, by order levy administrative penalties against a person who violates any provision of this division, and the person shall be liable for administrative penalties of not more than two thousand five hundred dollars ($2,500) for each violation. Except for licensing agencies exempt from the provisions of the Administrative Procedure Act, any hearing shall be held in accordance with the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and the licensing agency shall have all the powers granted under that act.

(b) Any person who willfully and knowingly violates any provision of this division shall be liable for a civil penalty of not more than twenty-five thousand dollars ($25,000) for each violation which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the licensing agency in any court of competent jurisdiction.

(c) A licensing agency may exercise any and all authority and powers available to it under any other provisions of law, to administer and enforce this division, including, but not limited to, investigating and examining the licensed person's books and records, and charging and

collecting the reasonable costs for these activities. The licensing agency shall not charge a licensed person twice for the same service. Any civil, criminal, and administrative authority and remedies available to the licensing agency pursuant to its licensing law may be sought and employed in any combination deemed advisable by the licensing agency to enforce the provisions of this division.

(d) If the licensing agency determines that it is in the public interest, the licensing agency may include, in any action for penalties authorized by subdivision (b), a claim for relief in addition to the penalties, including a claim for restitution or disgorgement, and the court shall have jurisdiction to award the additional relief.

(e) Nothing in this section shall be construed to impair or impede the Attorney General from representing a licensing agency in bringing an action to enforce this division at the request and on behalf of the licensing agency.

(f) In any action brought by the licensing agency, or the Attorney General acting at the request and at the behest of the licensing agency, under this division in which a judgment against a person is rendered, the licensing agency or the Attorney General shall be entitled to recover costs which, in the discretion of the court, may include an amount representing reasonable attorney's fees and investigative expenses for services rendered for deposit in the appropriate fund of that licensing agency.

(g) The amounts collected under subdivisions (a) and (b) shall be deposited in the appropriate fund of the licensing agency to be used by that licensing agency, subject to appropriation by the Legislature, for the purposes of education and enforcement in connection with abusive lending practices.

4978. (a) A person who fails to comply with the provisions of this division is civilly liable to the consumer in an amount equal to any actual damages suffered by the consumer, plus attorneys fees and costs. For a willful and knowing violation of this division, the person shall be liable to the consumer in the amount of fifteen thousand dollars ($15,000) or the consumers actual damages, whichever is greater, plus attorneys fees and costs.

(b) A provision in a covered loan that violates this division is unenforceable. A court in which any action is brought by, or on behalf of, an aggrieved consumer for relief may issue an order or injunction to reform the terms of the covered loan to conform to the provisions of this division. The court may, in addition to any other remedy, award punitive damages to the consumer upon a finding that such damages are warranted pursuant to Section 3294 of the Civil Code.

(c) Nothing in this section is intended, nor shall be construed, to abrogate existing common law provisions prohibiting double recovery of damages.

4978.6. A person who originates covered loans shall inform any employee, who originates covered loans on behalf of the person, of the administrative, civil, and criminal penalties for a violation of this division.

4979. Upon request, a person who originates a covered loan shall provide the licensing agency or the consumer, at no cost, documentation regarding his or her loan that clearly demonstrates whether any loan is a covered loan. This documentation shall include, but not be limited to, full disclosure of the original principal balance, the annual percentage rate, and the total points and fees, as defined in Section 4971.

4979.5. (a) A person who provides brokerage services to a borrower in a covered loan transaction by soliciting lenders or otherwise negotiating a consumer loan secured by real property, is the fiduciary of the consumer, and any violation of the person's fiduciary duties shall be a violation of this section. A broker who arranges a covered loan owes this fiduciary duty to the consumer regardless of who else the broker may be acting as an agent for in the course of the loan transaction.

(b) Except for a broker or a person who provides brokerage services, no licensed person or subsequent assignee shall have administrative, civil, or criminal liability for a violation of this section.

4979.6. A person who originates a covered loan shall not make a covered loan that finances points and fees in excess of one thousand dollars ($1,000) or 6 percent of the original principal balance, exclusive of points and fees, whichever is greater.

4979.7. On and after July 1, 2002, a person who originates a consumer loan shall not finance, directly or indirectly, into a consumer loan transaction or finance to the same borrower within 30 days of a consumer loan transaction any credit life, credit disability, credit property, or credit unemployment insurance premiums, or any debt cancellation or suspension agreement or contract fees, provided that insurance premiums, debt cancellation, or suspension fees calculated and paid on a monthly basis shall not be considered financed by the person originating the loan. For purposes of this section, credit insurance does not include a contract issued by a government agency or private mortgage insurance company to insure the lender against loss caused by a mortgagor's default.

4979.8. The provisions of this division shall not impose liability on an assignee that is a holder in due course. The provisions of this division shall not apply to persons chartered by Congress to engage in secondary mortgage market transactions.

SEC. 3. The provisions of this act shall apply to a consumer loan applied for on or after July 1, 2002.

SEC. 4. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

---

## CHAPTER 733

An act to amend Sections 4970, 4973, 4974, 4975, 4977, 4978, 4978.6, 4979, and 4979.7 of the Financial Code, as added by Assembly Bill 489 of the 2001-02 Regular Session, relating to lending.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4970 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4970. For purposes of this division:

(a) ''Annual percentage rate'' means the annual percentage rate for the loan calculated according to the provisions of the federal Truth in Lending Act and the regulations adopted thereunder by the Federal Reserve Board.

(b) (1) ''Covered loan'' means a consumer loan in which the original principal balance of the loan does not exceed two hundred fifty thousand dollars ($250,000) in the case of a mortgage or deed of trust, and where one of the following conditions are met:

(A) For a mortgage or deed of trust, the annual percentage rate at consummation of the transaction will exceed by more than eight percentage points the yield on Treasury securities having comparable periods of maturity on the 15th day of the month immediately preceding the month in which the application for the extension of credit is received by the creditor.

(B) The total points and fees payable by the consumer at or before closing for a mortgage or deed of trust will exceed 6 percent of the total loan amount.

(2) The dollar amount specified in paragraph (1) shall be adjusted every five years in accordance with the California Consumer Price Index.

(c) ''Points and fees'' shall include the following:

(1) All items required to be disclosed as finance charges under Sections 226.4(a) and 226.4(b) of Title 12 of the Code of Federal Regulations, including the Official Staff Commentary, as amended from time to time, except interest.

(2) All compensation and fees paid to mortgage brokers in connection with the loan transaction.

(3) All items listed in Section 226.4(c)(7) of Title 12 of the Code of Federal Regulations, only if the person originating the covered loan receives direct compensation in connection with the charge.

(d) ''Consumer loan'' means a consumer credit transaction that is secured by real property located in this state used, or intended to be used or occupied, as the principal dwelling of the consumer that is improved by a one-to-four residential unit. ''Consumer loan'' does not include a reverse mortgage, an open line of credit as defined in Part 226 of Title 12 of the Code of Federal Regulations (Regulation Z), or a consumer credit transaction that is secured by rental property or second homes. ''Consumer loan'' does not include a bridge loan. For purposes of this division, a bridge loan is any temporary loan, having a maturity of one year or less, for the purpose of acquisition or construction of a dwelling intended to become the consumer's principal dwelling.

(e) ''Original principal balance'' means the total initial amount the consumer is obligated to repay on the loan.

(f) ''Licensing agency'' shall mean the Department of Real Estate for licensed real estate brokers, the Department of Corporations for licensed residential mortgage lenders and licensed finance lenders and brokers, and the Department of Financial Institutions for commercial and industrial banks and savings associations and credit unions organized in this state.

(g) ''Licensed person'' means a real estate broker licensed under the Real Estate Law (Part 1 (commencing with Section 10000) of Division 4 of the Business and Professions Code), a finance lender or broker licensed under the California Finance Lenders Law (Division 9 (commencing with Section 22000)), a residential mortgage lender licensed under the California Residential Mortgage Lending Act (Division 20 (commencing with Section 50000)), a commercial or industrial bank organized under the Banking Law (Division 1 (commencing with Section 99)), a savings association organized under

the Savings Association Law (Division 2 (commencing with Section 5000)), and a credit union organized under the California Credit Union Law (Division 5 (commencing with Section 14000)). Nothing in this division shall be construed to prevent any enforcement by a governmental entity against any person who originates a loan and who is exempt or excluded from licensure by all of the licensing agencies, based on a violation of any provision of this division. Nothing in this division shall be construed to prevent the Department of Real Estate from enforcing this division against a licensed salesperson employed by a licensed real estate broker as if that salesperson were a licensed person under this division. A licensed person includes any person engaged in the practice of consumer lending, as defined in this division, for which a license is required under any other provision of law, but whose license is invalid, suspended or revoked, or where no license has been obtained.

(h) ''Originate'' means to arrange, negotiate, or make a consumer loan.

(i) ''Servicer'' has the same meaning provided in Section 6 (i)(2) of the Real Estate Settlement Procedures Act of 1974.

SEC. 2. Section 4973 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4973. The following are prohibited acts and limitations for covered loans:

(a) (1) A covered loan shall not include a prepayment fee or penalty after the first 36 months after the date of consummation of the loan.

(2) A covered loan may include a prepayment fee or penalty up to the first 36 months after the date of consummation of the loan if:

(A) The person who originates the covered loan has also offered the consumer a choice of another product without a prepayment fee or penalty.

(B) The person who originates the covered loan has disclosed in writing to the consumer at least three business days prior to loan consummation the terms of the prepayment fee or penalty to the consumer for accepting a covered loan with the prepayment penalty and the rates, points, and fees that would be available to the consumer for accepting a covered loan without a prepayment penalty.

(C) The person who originates the covered loan has limited the amount of the prepayment fee or penalty to an amount not to exceed the payment of six months' advance interest, at the contract rate of interest then in effect, on the amount prepaid in any 12-month period in excess of 20 percent of the original principal amount.

(D) A covered loan will not impose the prepayment fee or penalty if the covered loan is accelerated as a result of default.

(E) The person who originates the covered loan will not finance a prepayment penalty through a new loan that is originated by the same person.

(b) (1) A covered loan with a term of 5 years or less may not provide at origination for a payment schedule with regular periodic payments that when aggregated do not fully amortize the principal balance as of the maturity date of the loan.

(2) For a payment schedule that is adjusted to account for the seasonal or irregular income of the consumer, the total installments in any year shall not exceed the amount of one year's worth of payments on the loan. This prohibition does not apply to a bridge loan. For purposes of this paragraph, ''bridge loan'' means a loan with a maturity of less than 18 months that only requires payments of interest until the time when the entire unpaid balance is due and payable.

(c) A covered loan shall not contain a provision for negative amortization such that the payment schedule for regular monthly payments causes the principal balance to increase, unless the covered loan is a first mortgage and the person who originates the loan discloses to the consumer that the loan contains a negative amortization provision that may add principal to the balance of the loan.

(d) A covered loan shall not include terms under which periodic payments required under the loan are consolidated and paid in advance from the loan proceeds.

(e) A covered loan shall not contain a provision that increases the interest rate as a result of a default. This provision does not apply to interest rate changes in a variable rate loan otherwise consistent with the provisions of the loan documents, provided the change in the interest rate is not triggered by the event of default or the acceleration for the indebtedness.

(f) (1) A person who originates covered loans shall not make or arrange a covered loan unless at the time the loan is consummated, the person reasonably believes the consumer, or consumers, when considered collectively in the case of multiple consumers, will be able to make the scheduled payments to repay the obligation based upon a consideration of their current and expected income, current obligations, employment status, and other financial resources, other than the consumer's equity in the dwelling that secures repayment of the loan. In the case of a covered loan that is structured to increase to a specific designated rate, stated as a number or formula, at a specific predetermined date not exceeding 37 months from the date of application, this evaluation shall be based upon the fully indexed rate of the loan calculated at the time of application.

The consumer shall be presumed to be able to make the scheduled payments to repay the obligation if, at the time the loan is consummated,

the consumer's total monthly debts, including amounts owed under the loan, do not exceed 55 percent of the consumer's monthly gross income, as verified by the credit application, the consumer's financial statement, a credit report, financial information provided to the person originating the loan by or on behalf of the consumer, or any other reasonable means.

(2) No presumption of inability to make the scheduled payments to repay the obligation shall arise solely from the fact that at the time the loan is consummated, the consumer's total monthly debts, including amounts owed under the loan, exceed 55 percent of the consumer's monthly gross income.

(3) In the case of a stated income loan, the reasonable belief requirement in paragraph (1) shall apply, however, for stated income loans that belief may be based on the income stated by the consumer, and other information in the possession of the person originating the loan after the solicitation of all information that the person customarily solicits in connection with loans of this type. A person shall not knowingly or willfully originate a covered loan as a stated income loan with the intent, or effect, of evading the provisions of this subdivision.

(g) A person who originates a covered loan shall not pay a contractor under a home-improvement contract from the proceeds of a covered loan other than by an instrument payable to the consumer or jointly to the consumer and the contractor or, at the election of the consumer, to a third-party escrow agent for the benefit of the contractor in accordance with terms and conditions established in a written escrow agreement signed by the consumer, the person who originates a covered loan, and the contractor prior to the disbursement of funds. No payments, other than progress payments for home-improvement work that the consumer certifies is completed, shall be made to an escrow account or jointly to the consumer and the contractor unless the person who originates the loan is presented with a signed and dated completion certificate by the consumer showing that the home-improvement contract was completed to the satisfaction of the consumer.

(h) It is unlawful for a person who originates a covered loan to recommend or encourage a consumer to default on an existing consumer loan or other debt in connection with the solicitation or making of a covered loan that refinances all or any portion of the existing consumer loan or debt.

(i) A covered loan shall not contain a call provision that permits the lender, in its sole discretion, to accelerate the indebtedness. This prohibition does not apply if repayment of the loan has been accelerated in accordance with the terms of the loan documents (1) as a result of the consumer's default, (2) pursuant to a due-on-sale provision, or (3) due to fraud or material misrepresentation by a consumer in connection with the loan or the value of the security for the loan.

(j) A person who originates a covered loan shall not refinance or arrange for the refinancing of a consumer loan such that the new loan is a covered loan that is made for the purpose of refinancing, debt consolidation or cash out, that does not result in an identifiable benefit to the consumer, considering the consumer's stated purpose for seeking the loan, fees, interest rates, finance charges, and points.

(k) (1) A covered loan shall not be made unless the following disclosure, written in 12-point font or larger, has been provided to the consumer no later than three business days prior to signing of the loan documents of the transaction:

CONSUMER CAUTION AND HOME OWNERSHIP
COUNSELING NOTICE

If you obtain this loan, the lender will have a mortgage on your home. You could lose your home, and any money you have put into it, if you do not meet your obligations under the loan.

Mortgage loan rates and closing costs and fees vary based on many other factors, including your particular credit and financial circumstances, your earnings history, the loan-to-value requested, and the type of property that will secure your loan. Higher rates and fees may be justified depending on the individual circumstances of a particular consumer's application. You should shop around and compare loan rates and fees.

This particular loan may have a higher rate and total points and fees than other mortgage loans and is, or may be, subject to the additional disclosure and substantive protections under Division 1.6 (commencing with Section 4970 of the Financial Code. You should consider consulting a qualified independent credit counselor or other experienced financial adviser regarding the rate, fees, and provisions of this mortgage loan before you proceed. For information on contacting a qualified credit counselor, ask your lender or call the United States Department of Housing and Urban Development's counseling hotline at 1-888-466-3487 or go to www.hud.gov/fha/sfh/hcc for a list of counselors.

You are not required to complete any loan agreement merely because you have received these disclosures or have signed a loan application.

If you proceed with this mortgage loan, you should also remember that you may face serious financial risks if you use this loan to pay off credit card debts and other debts in connection with this transaction and then subsequently incur significant new credit card charges or other debts. If you continue to accumulate debt after this loan is closed and then experience financial difficulties, you could lose your home and any equity you have in it if you do not meet your mortgage loan obligations.

Property taxes and homeowner's insurance are your responsibility. Not all lenders provide escrow services for these payments. You should ask your lender about these services.

Your payments on existing debts contribute to your credit ratings. You should not accept any advice to ignore your regular payments to your existing creditors.

(2) It shall be a rebuttable presumption that a licensed person has met its obligation to provide this disclosure if the consumer provides the licensed person with a signed acknowledgment of receipt of a copy of the notice set forth in paragraph (1).

(*l*) (1) A person who originates a covered loan shall not steer, counsel, or direct any prospective consumer to accept a loan product with a risk grade less favorable than the risk grade that the consumer would qualify for based on that person's then current underwriting guidelines, prudently applied, considering the information available to that person, including the information provided by the consumer.

A person shall not be deemed to have violated this section if the risk grade determination applied to a consumer is reasonably based on the person's underwriting guidelines if it is an appropriate risk grade category for which the consumer qualifies with the person.

(2) If a broker originates a covered loan, the broker shall not steer, counsel, or direct any prospective consumer to accept a loan product at a higher cost than that for which the consumer could qualify based on the loan products offered by the persons with whom the broker regularly does business.

(m) A person who originates a covered loan shall not avoid, or attempt to avoid, the application of this division by doing the following:

(1) Structuring a loan transaction as an open-end credit plan for the purpose of evading the provisions of this division when the loan would have been a covered loan if the loan had been structured as a closed end loan.

(2) Dividing any loan transaction into separate parts for the purpose of evading the provisions of this division.

(n) A person who originates a covered loan shall not act in any manner, whether specifically prohibited by this section or of a different character, that constitutes fraud.

SEC. 3. Section 4974 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4974. (a) Any compliance failure that was not willful or intentional and resulted from a bona fide error, that occurred notwithstanding the maintenance of procedures reasonably adopted to avoid those errors, including, but not limited to, those involving clerical, calculation, computer malfunction and programming, and printing errors shall be corrected no later than 45 days after receipt of the complaint or discovery

of the error. A person who originates a covered loan shall not be administratively, civilly, or criminally liable for a bona fide error corrected pursuant to this section.

(b) If a person who originates covered loans makes a loan where the person knew of and showed reckless disregard for a violation of this division by a broker, the person and broker shall be jointly and severally liable for all damages awarded under this division with respect to the broker's unlawful conduct.

This section does not impose or transfer liability for a breach of the broker's fiduciary duty.

SEC. 4. Section 4975 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4975. (a) (1) Any licensed person who violates any provision of Section 4973, 4979.6, or 4979.7 shall be deemed to have violated that person's licensing law.

(2) After a knowing and willful violation, the licensing agency may bring a proceeding to suspend the license of the licensed person for not less than six months and not more than three years.

(b) After a knowing and willful violation resulting in a second or subsequent administrative or civil action, the licensing agency may bring a proceeding to permanently revoke the license of the licensed person or impose any lesser licensed sanction for at least three years.

(c) A licensing agency may exercise any and all authority and powers available to it under any other provisions of law, to administer and enforce this division including, but not limited to, investigating and examining the licensed person's books and records, and charging and collecting the reasonable costs for these activities. The licensing agency shall not charge a licensed person twice for the same service. Any civil, criminal, and administrative authority and remedies available to the licensing agency pursuant to its licensing law may be sought and employed in any combination deemed advisable by the licensing agency to enforce the provisions of this division.

(d) Nothing in this section shall be construed to impair or impede a licensing agency's authority under any other provision of law.

SEC. 5. Section 4977 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4977. (a) A licensing agency may, after appropriate notice and opportunity for hearing, by order levy administrative penalties against a person who violates any provision of this division, and the person shall be liable for administrative penalties of not more than two thousand five hundred dollars ($2,500) for each violation. Except for licensing agencies exempt from the provisions of the Administrative Procedure Act, any hearing shall be held in accordance with the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1

of Division 3 of Title 2 of the Government Code), and the licensing agency shall have all the powers granted under that act.

(b) Any person who willfully and knowingly violates any provision of this division shall be liable for a civil penalty of not more than twenty-five thousand dollars ($25,000) for each violation which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the licensing agency in any court of competent jurisdiction.

(c) Nothing in this section requires exhaustion of administrative remedies prior to an injured party bringing a civil action.

(d) If the licensing agency determines that it is in the public interest, the licensing agency may include, in any action for penalties authorized by subdivision (b), a claim for relief in addition to the penalties, including a claim for restitution or disgorgement, and the court shall have jurisdiction to award the additional relief.

(e) Nothing in this section shall be construed to impair or impede the Attorney General from representing a licensing agency in bringing an action to enforce this division at the request and on behalf of the licensing agency.

(f) In any action brought by the licensing agency, or the Attorney General acting at the request and on behalf of the licensing agency, under this division in which a judgment against a person is rendered, the licensing agency or the Attorney General shall be entitled to recover costs which, in the discretion of the court, may include an amount representing reasonable attorney's fees and investigative expenses for services rendered for deposit in the appropriate fund of that licensing agency.

(g) The amounts collected under subdivisions (a) and (b) shall be deposited in the appropriate fund of the licensing agency to be used by that licensing agency, subject to appropriation by the Legislature, for the purposes of education and enforcement in connection with abusive lending practices.

SEC. 6. Section 4978 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4978. (a) A person who fails to comply with the provisions of this division is civilly liable to the consumer in an amount equal to any actual damages suffered by the consumer, plus attorneys fees and costs. For a willful and knowing violation of this division, the person shall be liable to the consumer in the amount of fifteen thousand dollars ($15,000) or the consumers actual damages, whichever is greater, plus attorneys fees and costs.

(b) (1) If a provision in a contract in a covered loan violates subdivision (a), (b), (c), (d), (e), or (i) of Section 4973, Section 4979.6, or Section 4979.7, that provision is unenforceable. A court in which any

action is brought by, or on behalf of, an aggrieved consumer for relief may issue an order or injunction to reform the terms of the covered loan to conform to the provisions of this division.

(2) A court may, in addition to any other remedy, award punitive damages to the consumer upon a finding that such damages are warranted pursuant to Section 3294 of the Civil Code.

(c) Nothing in this section is intended, nor shall be construed, to abrogate existing common law provisions prohibiting double recovery of damages.

SEC. 7. Section 4978.6 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4978.6. A person who originates covered loans shall inform any employee, who originates covered loans on behalf of the person, of the administrative or civil penalties for a violation of this division.

SEC. 8. Section 4979 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4979. Upon request, a person who originates a covered loan shall provide the licensing agency or the consumer, at no cost, documentation regarding his or her loan that clearly demonstrates whether any loan is a covered loan. This documentation shall include, but not be limited to, full disclosure of the original principal balance, the annual percentage rate, and the total points and fees, as defined in Section 4970.

SEC. 9. Section 4979.7 of the Financial Code, as added by Assembly Bill 489 of the 2001–02 Regular Session, is amended to read:

4979.7. On or after July 1, 2002, a person who originates a consumer loan shall not finance, directly or indirectly, into a consumer loan or finance to the same borrower within 30 days of a consumer loan any credit life, credit disability, credit property, or credit unemployment insurance premiums, or any debt cancellation or suspension agreement fees, provided that credit insurance premiums, debt cancellation, or suspension fees calculated and paid on a monthly basis shall not be considered financed by the person originating the loan. For purposes of this section, credit insurance does not include a contract issued by a government agency or private mortgage insurance company to insure the lender against loss caused by a mortgagor's default.

SEC. 10. All of the sections amended by this act shall apply only to a covered loan for which an application is made on or after July 1, 2002.

---

## CHAPTER 734

An act to amend Sections 8208, 8264.5, 8278.3, 8951, 10901, 11023, 11024.5, 17070.75, 17150, 17582, 17584, 22303.5, 32228, 32228.1,

33533, 37220.6, 41374, 41409, 42238.44, 42239.15, 42650, 42850, 44503, 47773, 48264.5, 51210, 51220, 51224.5, 51511, 51810, 51874, 52066, 52067, 52334, 52523, 52761, 53029, 54746, 54749, 56026, 56029, 56200, 56207, 56366.1, 56391, 56836.02, 60061, 60240, 60313, 60400, 63051, 69995, 69996, 69997, 69998, 78300, 89230, and 99223 of, to amend and renumber the heading of Chapter 17 (commencing with 53081) of Part 28 of, to amend and renumber Sections 53081, 53082, 53083, and 53084 of, to add Sections 44395.5, 47661.5, and 54746.5 to, to add Article 3.7 (commencing with Section 56055) to Chapter 1 of Part 30 of, to repeal Section 56044 of, and to repeal Article 19 (commencing with Section 8420) and Article 19.5 (commencing with Section 8430) of Chapter 2 of Part 6 of, the Education Code, and to amend Sections 3540.2, 4420.5, 6516.6, and 8869.84 of the Government Code, to amend Section 3 of Chapter 1024 of the Statutes of 2000, and to amend Items 6110-001-0890, 6110-165-0001, 6110-210-0001, 6110-295-0001, and 6110-485 of Section 2.00 of the Budget Act of 2001, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 8208 of the Education Code is amended to read:

8208. As used in this chapter:

(a) ''Alternative payments'' includes payments that are made by one child care agency to another agency or child care provider for the provision of child care and development services, and payments that are made by an agency to a parent for the parent's purchase of child care and development services.

(b) ''Alternative payment program'' means a local government agency or nonprofit organization that has contracted with the department pursuant to Section 8220.2 to provide alternative payments and to provide support services to parents and providers.

(c) ''Applicant or contracting agency'' means a school district, community college district, college or university, county superintendent of schools, county, city, public agency, private nontax-exempt agency, private tax-exempt agency, or other entity that is authorized to establish, maintain, or operate services pursuant to this chapter. Private agencies and parent cooperatives, duly licensed by law, shall receive the same consideration as any other authorized entity with no loss of parental decisionmaking prerogatives as consistent with the provisions of this chapter.

(d) ''Assigned reimbursement rate'' is that rate established by the contract with the agency and is derived by dividing the total dollar amount of the contract by the minimum child day of average daily enrollment level of service required.

(e) ''Attendance'' means the number of children present at a child care and development facility. ''Attendance,'' for the purposes of reimbursement, includes excused absences by children because of illness, quarantine, illness or quarantine of their parent, family emergency, or to spend time with a parent or other relative as required by a court of law or that is clearly in the best interest of the child.

(f) ''Capital outlay'' means the amount paid for the renovation and repair of child care and development facilities to comply with state and local health and safety standards, and the amount paid for the state purchase of relocatable child care and development facilities for lease to qualifying contracting agencies.

(g) ''Caregiver'' means a person who provides direct care, supervision, and guidance to children in a child care and development facility.

(h) ''Child care and development facility'' means any residence or building or part thereof in which child care and development services are provided.

(i) ''Child care and development programs'' means those programs that offer a full range of services for children from infancy to 14 years of age, for any part of a day, by a public or private agency, in centers and family child care homes. These programs include, but are not limited to, all of the following:

(1) Campus child care and development.

(2) General child care and development.

(3) Intergenerational child care and development.

(4) Migrant worker child care and development.

(5) Child care provided by the California School Age Families Education Program (Article 7.1 (commencing with Section 54740) of Chapter 9 of Part 29.

(6) State preschool.

(7) Resource and referral.

(8) Severely handicapped.

(9) Family day care.

(10) Alternative payment.

(11) Child abuse protection and prevention services.

(12) Schoolage community child care.

(j) ''Child care and development services'' means those services designed to meet a wide variety of needs of children and their families, while their parents or guardians are working, in training, seeking employment, incapacitated, or in need of respite. These services may

include direct care and supervision, instructional activities, resource and referral programs, and alternative payment arrangements.

(k) ''Children at risk of abuse, neglect, or exploitation'' means children who are so identified in a written referral from a legal, medical, or social service agency, or emergency shelter.

(*l*) ''Children with exceptional needs'' means children who have been determined to be eligible for special education and related services by an individualized education program team according to the special education requirements contained in Part 30 (commencing with Section 56000), and meeting eligibility criteria described in Section 56026 and Sections 56333 to 56338, inclusive, and Sections 3030 and 3031 of Title 5 of the California Code of Regulations. These children have an active individualized education program, and are receiving appropriate special education and services, unless they are under three years of age and permissive special education programs are available. These children may be developmentally disabled, hard-of-hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, orthopedically impaired, other health impaired, deaf-blind, multihandicapped, or children with specific learning disabilities, who require the special attention of adults in a child care setting.

(m) ''Children with special needs'' includes infants and toddlers under the age of three years; limited-English-speaking-proficient children; children with exceptional needs; limited-English-proficient handicapped children; and children at risk of neglect, abuse, or exploitation.

(n) ''Closedown costs'' means reimbursements for all approved activities associated with the closing of operations at the end of each growing season for migrant child development programs only.

(o) ''Cost'' includes, but is not limited to, expenditures that are related to the operation of child care and development programs. ''Cost'' may include a reasonable amount for state and local contributions to employee benefits, including approved retirement programs, agency administration, and any other reasonable program operational costs. ''Cost'' may also include amounts for licensable facilities in the community served by the program, including lease payments or depreciation, down payments, and payments of principal and interest on loans incurred to acquire, rehabilitate, or construct licensable facilities, but these costs shall not exceed fair market rents existing in the community in which the facility is located. ''Reasonable and necessary costs'' are costs that, in nature and amount, do not exceed what an ordinary prudent person would incur in the conduct of a competitive business.

(p) ''Elementary school,'' as contained in Section 425 of Title 20 of the United States Code (the National Defense Education Act of 1958,

Public Law 85-864, as amended), includes early childhood education programs and all child development programs, for the purpose of the cancellation provisions of loans to students in institutions of higher learning.

(q) ''Health services'' include, but are not limited to, all of the following:

(1) Referral, whenever possible, to appropriate health care providers able to provide continuity of medical care.

(2) Health screening and health treatment, including a full range of immunization recorded on the appropriate state immunization form to the extent provided by the Medi-Cal Act (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code) and the Child Health and Disability Prevention Program (Article 6 (commencing with Section 124025) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code), but only to the extent that ongoing care cannot be obtained utilizing community resources.

(3) Health education and training for children, parents, staff, and providers.

(4) Followup treatment through referral to appropriate health care agencies or individual health care professionals.

(r) ''Higher educational institutions'' means the Regents of the University of California, the Trustees of the California State University, the Board of Governors of the California Community Colleges, and the governing bodies of any accredited private nonprofit institution of postsecondary education.

(s) ''Intergenerational staff'' means persons of various generations.

(t) ''Limited-English-speaking-proficient and non-English-speaking-proficient children'' means children who are unable to benefit fully from an English-only child care and development program as a result of either of the following:

(1) Having used a language other than English when they first began to speak.

(2) Having a language other than English predominantly or exclusively spoken at home.

(u) ''Parent'' means any person living with a child who has responsibility for the care and welfare of the child.

(v) ''Program director'' means a person who, pursuant to Sections 8244 and 8360.1, is qualified to serve as a program director.

(w) ''Proprietary child care agency'' means an organization or facility providing child care, which is operated for profit.

(x) ''Resource and referral programs'' means programs that provide information to parents, including referrals and coordination of community resources for parents and public or private providers of care. Services frequently include, but are not limited to: technical assistance

for providers, toy-lending libraries, equipment-lending libraries, toy- and equipment-lending libraries, staff development programs, health and nutrition education, and referrals to social services.

(y) ''Severely handicapped children'' are children who require instruction and training in programs serving pupils with the following profound disabilities: autism, blindness, deafness, severe orthopedic impairments, serious emotional disturbance, or severe developmental disability. These children, ages birth to 21 years, inclusive, may be assessed by public school special education staff, regional center staff, or another appropriately licensed clinical professional.

(z) ''Short-term respite child care'' means child care service to assist families whose children have been identified through written referral from a legal, medical, or social service agency, or emergency shelter as being neglected, abused, exploited, or homeless, or at risk of being neglected, abused, exploited, or homeless. Child care is provided for less than 24 hours per day in child care centers, treatment centers for abusive parents, family child care homes, or in the child's own home.

(aa) (1) ''Site supervisor'' means a person who, regardless of his or her title, has operational program responsibility for a child care and development program at a single site. A site supervisor shall hold a permit issued by the Commission on Teacher Credentialing that authorizes supervision of a child care and development program operating in a single site. The Superintendent of Public Instruction may waive the requirements of this subdivision if the superintendent determines that the existence of compelling need is appropriately documented.

(2) In respect to state preschool programs, a site supervisor may qualify under any of the provisions in this subdivision, or may qualify by holding an administrative credential or an administrative services credential. A person who meets the qualifications of a site supervisor under both Section 8244 and subdivision (e) of Section 8360.1 is also qualified under this subdivision.

(ab) ''Standard reimbursement rate'' means that rate established by the Superintendent of Public Instruction pursuant to Section 8265.

(ac) ''Startup costs'' means those expenses an agency incurs in the process of opening a new or additional facility prior to the full enrollment of children.

(ad) ''State preschool services'' means part-day educational programs for low-income or otherwise disadvantaged prekindergarten-age children.

(ae) ''Support services'' means those services which, when combined with child care and development services, help promote the healthy physical, mental, social, and emotional growth of children. Support services include, but are not limited to: protective services, parent

training, provider and staff training, transportation, parent and child counseling, child development resource and referral services, and child placement counseling.

(af) ''Teacher'' means a person with the appropriate permit issued by the Commission on Teacher Credentialing who provides program supervision and instruction which includes supervision of a number of aides, volunteers, and groups of children.

(ag) ''Underserved area'' means a county or subcounty area, including, but not limited to, school districts, census tracts, or ZIP Code areas, where the ratio of publicly subsidized child care and development program services to the need for these services is low, as determined by the Superintendent of Public Instruction.

(ah) ''Workday'' means the time that the parent requires temporary care for a child for any of the following reasons:

(1) To undertake training in preparation for a job.

(2) To undertake or retain a job.

(3) To undertake other activities that are essential to maintaining or improving the social and economic function of the family, are beneficial to the community, or are required because of health problems in the family.

SEC. 2. Section 8264.5 of the Education Code is amended to read:

8264.5. The Superintendent of Public Instruction may waive or modify child development requirements in order to enable child development programs to serve combinations of eligible children in areas of low population. The child development programs for which the superintendent may grant waivers shall include, but need not be limited to, state preschool programs, child care provided by the California School Age Families Education Program (Article 7.1 (commencing with Section 54740) of Chapter 9 of Part 29), infant care and development services, migrant child care and development programs, campus child care and development programs, and general child care and development programs.

SEC. 3. Section 8278.3 of the Education Code is amended to read:

8278.3. (a) (1) The Child Care Facilities Revolving Fund is hereby established in the State Treasury to provide funding for the purchase of new relocatable child care facilities for lease to school districts and contracting agencies who provide child care and development services, pursuant to this chapter. The Superintendent of Public Instruction may transfer state funds appropriated for child care facilities into this fund for allocation to school districts and contracting agencies, as specified, for the purchase, transportation, and installation of facilities for replacement and expansion of capacity. School districts and contracting agencies using facilities made available by the use of these funds shall be charged a leasing fee, either at a fair market value for those facilities or at an

amount sufficient to amortize the cost of purchase and relocation, whichever is lower, over a 10-year period. Upon full repayment of the purchase and relocation costs, title shall transfer from the State of California to the school district or contracting agency. The Superintendent of Public Instruction shall deposit all revenue derived from the lease payments into the Child Care Facilities Revolving Fund.

(2) The Child Care Facilities Revolving Fund may provide for the renovation, repair, or improvement of an existing building, owed by the contracting agency, to expand child care and development services pursuant to this chapter. School districts and the contracting agencies using facilities renovated, repaired, or improved by the use of these funds shall repay the loan in an amount to fully amortize the cost of renovation, repair, or improvement over a period not to exceed 10 years. Agencies receiving a revolving fund loan shall obtain, at their own expense, a title search, title and liability insurance, plans, permits, inspections, and a bond to protect the state's interest until the loan is fully repaid. If the contract for child care and development services is terminated or nonrenewed, the remaining amount on the loan shall be repaid in full by the contractor or the bond shall be forfeited. The Superintendent of Public Instruction shall deposit all revenue derived loan payments into the Child Care Facilities Revolving Fund.

(3) Notwithstanding Section 13340 of the Government Code, all moneys in the fund, including moneys deposited from lease payments, shall be continuously appropriated, without regard to fiscal year, to the Superintendent of Public Instruction for expenditure pursuant to this article.

(b) On or before August 1, 1998, and on or before August 1 of each fiscal year thereafter, the Superintendent of Public Instruction shall submit to the Office of the Secretary for Education, the Department of Finance, and the Legislative Analyst's Office a report detailing the number of funding requests received and their purpose, the types of agencies which received this facilities funding, the increased capacity that these facilities generated, a description of how the facilities are being used, and a projection of the lease payments collected and the funds available for future use.

(c) School districts and county offices of education that operate a Cal-SAFE program pursuant to Article 7.1 (commencing with Section 54740) of Chapter 9 of Part 29 are eligible to apply for and receive funding pursuant to this section.

SEC. 4. Article 19 (commencing with Section 8420) of Chapter 2 of Part 6 of the Education Code is repealed.

SEC. 5. Article 19.5 (commencing with Section 8430) of Chapter 2 of Part 6 of the Education Code is repealed.

SEC. 6. Section 8951 of the Education Code is amended to read:

8951. As used in this chapter, ''arts'' includes, but is not limited to, all of the following: dance; theatre; music; folk art; creative writing; visual arts, including painting, sculpture, photography, and craft arts; design, including graphic arts, computer graphics, and costume design; film; and video.

SEC. 7. Section 10901 of the Education Code is amended to read:

10901. The following terms, wherever used or referred to in this chapter have the following meanings, respectively, unless a different meaning clearly appears from the context:

(a) ''Public authority'' means any city of any class, city and county, county of any class, public corporation or district having powers to provide recreation, or school district in the state.

(b) ''Governing body'' means, in the case of a city, the city council, municipal council, or common council; in the case of a county or city and county, the board of supervisors; in the case of a public corporation or district, the governing board of the public corporation or district; and in the case of a school district, the governing board of the school district.

(c) ''Recreation'' means any activity, voluntarily engaged in, which contributes to the physical, mental, or moral development of the individual or group participating therein, and includes any activity in the fields of visual and performing arts, handicraft, science, literature, nature study, nature contacting, aquatic sports, and athletics, or any of them, and any informal play incorporating any such activity.

(d) ''Community recreation'' and ''public recreation'' mean the recreation as may be engaged in under direct control of a public authority, or any camping or outdoor recreation activity which is (1) sponsored by a nonprofit organization, (2) for the benefit of disadvantaged or handicapped schoolage children, and (3) in a county with a population less than or equal to 45,000 according to the most recent federal census.

(e) ''Nonprofit organization'' means those nonprofit organizations which, as determined by the governing board of the school district, are unable to pay for the private transportation of disadvantaged or handicapped schoolage children to recreation activities.

(f) ''Recreation center'' means a place, structure, area, or other facility under the jurisdiction of a governing body of a public authority used for community recreation whether or not it may be used primarily for other purposes, playgrounds, playing fields or courts, beaches, lakes, rivers, swimming pools, gymnasiums, auditoriums, libraries, parks adjacent to school sites, recreational community gardens, rooms for arts and crafts, camps, and meeting places.

Playgrounds, outdoor playing fields or courts, swimming pools, and camps, with necessary equipment and appurtenances for their operation, under the jurisdiction of a governing board of a public authority used for

community recreation shall be considered recreation centers within the meaning of this chapter whether or not they may be used primarily for other purposes.

SEC. 8. Section 11023 of the Education Code is amended to read:

11023. The Superintendent of Public Instruction, shall recommend, and the State Board of Education shall approve, a plan for the comprehensive evaluation of the program authorized in this chapter. The Superintendent of Public Instruction shall complete the evaluation and submit it to the State Board of Education by July 1, 2004. The State Board of Education shall submit the final evaluation and report to the Legislature by December 31, 2004, on all of the following:

(a) Changes in the number and percent of pupils who took nationally-normed, standardized tests used for college admission decisions.

(b) Changes in the school-wide average score on nationally-normed, standardized tests used for college admission decisions.

(c) Changes in the number and percentage of pupils who complete the A-F or college preparatory course requirements with at least a ''C'' grade.

(d) Changes in the number and percentage of pupils who complete advanced placement courses and received a score of ''3'' or above.

(e) Changes in the number of advanced placement courses taken by pupils.

(f) Changes in the number and percentage of parents or guardians of 8th grade pupils who were notified of the course requirements that are a prerequisite for admission to the California State University or the University of California.

(g) The college participation rates at qualifying schools before and after the implementation of program activities pursuant to this chapter.

(h) Recommendations for changes to this chapter that could further increase the percentage of high school pupils eligible for admission to the California State University or the University of California upon graduation from high school.

SEC. 9. Section 11024.5 of the Education Code is amended to read:

11024.5. This chapter shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 10. Section 17070.75 of the Education Code is amended to read:

17070.75. (a) The board shall require the school district to make all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the school district.

(b) In order to ensure compliance with subdivision (a) and to encourage school districts to maintain all buildings under their control, the board shall require an applicant school district to do all of the following prior to the approval of a project:

(1) Establish a restricted account within the school district's general fund for the exclusive purpose of providing moneys for ongoing and major maintenance of school buildings, according the highest priority to funding for the purposes set forth in subdivision (a).

(2) Agree to deposit into the account established pursuant to paragraph (1), in each fiscal year for 20 years after receipt of funds under this chapter, a minimum amount equal to or greater than 3 percent of the applicant school district's total general fund expenditures, including other financing uses, for that fiscal year. For the 1998–99 fiscal year and the 1999–2000 fiscal year, a school district may phase in this requirement by agreeing to certify the deposit of no less than 2 percent for the 1998–99 fiscal year and no less than $2^1/_2$ percent for the 1999–2000 fiscal year. Annual deposits to the fund established pursuant to paragraph (1) in excess of $2^1/_2$ percent of the district general fund budget may count towards the district's matching funds requirement necessary to receive apportionments from the State School Deferred Maintenance Fund pursuant to Section 17584 to the extent that funds are used for purposes that qualify for funding under that section. In addition, any district contribution to this fund may be provided in lieu of meeting the ongoing maintenance requirements pursuant to Section 17014 to the extent the funds are used for purposes established in that section. A school district that serves as the administrative unit for a special education local plan area may elect to exclude from its total general fund expenditures, for purposes of this paragraph, the distribution of revenues that are passed through to participating members of the special education local plan area. This paragraph is applicable only to the following school districts:

(A) High school districts with an average daily attendance greater than 300 pupils.

(B) Elementary school districts with an average daily attendance greater than 900 pupils.

(C) Unified school districts with an average daily attendance greater than 1,200 pupils.

(3) Certify that it has publicly approved an ongoing and major maintenance plan that outlines the use of the funds deposited, or to be deposited, pursuant to paragraph (2). The plan may provide that the district need not expend all of its annual allocation for ongoing and major maintenance in the year in which it is deposited if the cost of major maintenance requires that the allocation be carried over into another fiscal year. However, any state funds carried over into a subsequent year

shall not be counted toward the annual minimum contribution by the district. A plan developed in compliance with this section shall be deemed to meet the requirements of Section 17585.

(c) A district to which paragraph (2) of subdivision (b) does not apply shall certify to the board that it can reasonably maintain its facilities with a lesser level of maintenance.

(d) For the purposes of calculating a county office of education requirement pursuant to this section, the 3 percent maintenance requirement shall be calculated based upon the county office of education general fund less any restricted accounts.

SEC. 11. Section 17150 of the Education Code is amended to read:

17150. (a) Upon the approval by the governing board of the school district to proceed with the issuance of certificates of participation revenue bonds or to enter into any agreement for financing school construction pursuant to Chapter 18 (commencing with Section 17170), the school district shall notify the county superintendent of schools and the county auditor. The superintendent of the school district shall provide the repayment schedules for that debt obligation, and evidence of the ability of the school district to repay that obligation, to the county auditor, the county superintendent, the governing board, and the public. Within 15 days of the receipt of the information, the county superintendent of schools and the county auditor may comment publicly to the governing board of the school district regarding the capability of the school district to repay that debt obligation.

(b) Upon the approval by the county board of education to proceed with the issuance of certificates of participation or revenue bonds or to enter into any agreement for financing pursuant to Chapter 18 (commencing with Section 17170), the county superintendent of schools or superintendent of a school district for which the county board serves as governing board shall notify the Superintendent of Public Instruction. The county superintendent of schools or the superintendent of a school district for which the county board serves as the governing board shall provide the repayment schedules for that debt obligation and evidence of the ability of the county office of education or school district to repay that obligation, to the Superintendent of Public Instruction, the governing board, and the public. Within 15 days of the receipt of the information the Superintendent of Public Instruction may comment publicly to the county board of education regarding the capability of the county office of education or school district to repay that debt obligation.

(c) Prior to delivery of the notice required by subdivision (a) neither the county nor any of its officers shall have any responsibility for the administration of the school district's indebtedness. Failure to comply with the requirements of this section will not affect the validity of the indebtedness.

SEC. 12. Section 17582 of the Education Code is amended to read:

17582. (a) The governing board of each school district may establish a restricted fund to be known as the ''district deferred maintenance fund'' for the purpose of major repair or replacement of plumbing, heating, air conditioning, electrical, roofing, and floor systems, the exterior and interior painting of school buildings, the inspection, sampling, and analysis of building materials to determine the presence of asbestos-containing materials, the encapsulation or removal of asbestos-containing materials, and any other items of maintenance approved by the State Allocation Board. Funds deposited in the district deferred maintenance fund may be received from any source whatsoever, and shall be accounted for separately from all other funds and accounts and retained in the district deferred maintenance fund for purposes of this section. The term ''school building'' as used in this article includes a facility that a county office of education is authorized to use pursuant to Article 3 (commencing with Section 17280) of Chapter 3.

(b) Funds deposited in the district deferred maintenance fund shall only be expended for maintenance purposes as provided pursuant to subdivision (a).

(c) The governing board of each school district shall have complete control over the funds and earnings of funds once deposited in the district deferred maintenance fund, provided that no funds deposited in the district deferred maintenance fund pursuant to subdivision (a) or (b) of Section 17584 may be expended by the governing board for any purpose except those specified in subdivision (a) of this section.

SEC. 13. Section 17584 of the Education Code is amended to read:

17584. (a) Whenever, in any given fiscal year, a school district has budgeted, exclusive of state matching funds and district funds previously matched pursuant to subdivision (b), in its deferred maintenance fund established pursuant to Section 17582 an amount equal to, or greater than, that amount the district expended from its general fund for major maintenance, repair, or modernization of existing school buildings, as specified in Section 17582, exclusive of categorical aid funds and any proceeds from the sale of district property which were expended for the purpose of the district deferred maintenance account, in either the 1978–79 or 1979–80 fiscal year, adjusted annually to the current fiscal year in conformance with the percentage change in the district revenue limit computed pursuant to Section 42237 or 42238, the Superintendent of Public Instruction shall so certify to the State Allocation Board.

(b) The State Allocation Board shall apportion, from the State School Deferred Maintenance Fund, to school districts an amount equal to one dollar ($1) for each one dollar ($1) of local funds up to a maximum of $^1/_2$ percent of the district's current-year revenue limit average daily

attendance multiplied by the average, per unit of average daily attendance, of the total expenditures and ending fund balances of the total general funds and adult education funds for districts of similar size and type, as defined in subdivision (b) of Section 42238.4, for the second prior fiscal year, exclusive of any amounts expended for capital outlay, debt service, or revenues that are passed through to other local education agencies, to the extent of funds available.

(c) Notwithstanding subdivision (a), in order to be eligible to receive state aid pursuant to subdivision (b), no district shall be required to budget from local district funds an amount greater than $^1/_2$ percent of the district's current-year revenue limit average daily attendance, multiplied by the average, per unit of average daily attendance, of the total expenditures and ending fund balances of the total general funds and adult education funds for districts of similar size and type, as defined in subdivision (b) of Section 42238.4 for the second prior fiscal year, exclusive of any amounts expended for capital outlay, debt service, or revenues that are passed through to other local educational agencies.

SEC. 14. Section 22303.5 of the Education Code is amended to read:

22303.5. (a) Notwithstanding any other provision of law, the board shall offer a midcareer retirement information program for the benefit of all members.

(b) In implementing this section, the board shall develop plans for the development and delivery of information to enhance awareness of the features and benefits of the Defined Benefit Program, and services of the system, federal Social Security Act programs and benefits as they apply to members, and awareness of personal planning responsibilities. This information shall be provided to assist members in understanding the importance of financial, legal, estate, and personal planning, and how choices and options offered by the system may impact retirement.

(c) The board, at a public meeting, may assess a participation fee for the recovery of all startup and ongoing expenses of the midcareer information program.

(d) The board shall provide both active and retired members with notice pertaining to paragraph (1) of subdivision (c) of Section 44830 and pertaining to Section 44252.5, making all members aware of the time constraints and possible requirement for passing the state basic skills proficiency test if an individual wants to return to the classroom after 39 months. The methods for providing the notice may include, but are not limited to, any of the following:

(1) Inclusion in annual member publications.

(2) Inclusion within packets of information provided to members upon or prior to retirement.

(3) Inclusion as an attachment to any warrants issued to members.

SEC. 15. Section 32228 of the Education Code is amended to read:

32228. (a) It is the intent of the Legislature that public schools serving pupils in any of grades 8 to 12, inclusive, have access to supplemental resources to establish programs and strategies that promote school safety and emphasize violence prevention among children and youth in the public schools.

(b) It is also the intent of the Legislature that public schools have access to supplemental resources to combat bias on the basis of race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, as defined in subdivision (q) of Section 12926 of the Government Code, and to prevent and respond to acts of hate violence and bias related incidents. Sexual orientation shall not include pedophilia.

(c) It is further the intent of the Legislature that schoolsites receiving funds pursuant to this article accomplish all of the following goals:

(1) Teach pupils techniques for resolving conflicts without violence.

(2) Train school staff and administrators to support and promote conflict resolution and mediation techniques for resolving conflicts between and among pupils.

(3) Reduce incidents of violence at the schoolsite with an emphasis on prevention and early detection.

SEC. 16. Section 32228.1 of the Education Code is amended to read:

32228.1. (a) The School Safety and Violence Prevention Act is hereby established. This statewide program shall be administered by the Superintendent of Public Instruction, who shall provide funds to school districts serving pupils in any of grades 8 to 12, inclusive, for the purpose of promoting school safety and reducing schoolsite violence. As a condition of receiving funds pursuant to this article, an eligible school district shall certify, on forms and in a manner required by the Superintendent of Public Instruction, that the funds will be used as described.

(b) From funds appropriated in the annual Budget Act or any other measure, funds shall be allocated to school districts on the basis of prior year enrollment, as reported by the California Basic Educational Data System, of pupils in any of grades 8 to 12, inclusive, for any one or more of the following purposes:

(1) Providing schools with personnel, including, but not limited to, licensed or certificated school counselors, school social workers, school nurses, and school psychologists, who are trained in conflict resolution. Any law enforcement personnel hired pursuant to this article shall be trained and sworn peace officers.

(2) Providing effective and accessible on-campus communication devices and other school safety infrastructure needs.

(3) Establishing an in-service training program for school staff to learn to identify at-risk pupils, to communicate effectively with those pupils, and to refer those pupils to appropriate counseling.

(4) Establishing cooperative arrangements with local law enforcement agencies for appropriate school-community relationships.

(5) Preventing and responding to acts of hate violence and bias related incidents, including implementation of programs and instructional curricula consistent with the goals set forth in this section and guidelines developed pursuant to paragraph (1) of subdivision (b) of Section 233.

(6) For any other purpose that the school or school district determines that would materially contribute to meeting the goals and objectives of current law in providing for safe schools and preventing violence among pupils.

SEC. 17. Section 33533 of the Education Code is amended to read:

33533. The Superintendent of Public Instruction and the State Board of Education shall consider for membership on the commission persons representing subjects commonly taught in public schools, including:

(a) English.

(b) Social sciences.

(c) Foreign languages.

(d) Science.

(e) Mathematics.

(f) Visual and performing arts.

(g) Applied arts.

(h) Conservation education.

SEC. 18. Section 37220.6 of the Education Code is amended to read:

37220.6. (a) There is hereby created the Cesar Chavez Day of Service and Learning program to promote service to the communities of California in honor of the life and work of Cesar Chavez. The program shall be administered by the California Commission on Improving Life Through Service in collaboration with the California Conservation Corps.

(b) The California Commission on Improving Life Through Service may make grants based on proposals selected through a competitive process from local and state operated Americorps, National Senior Service Corps, Learn and Serve, or Conservation Corps programs that submit proposals to engage pupils through their schools and school districts in community service that qualifies as instructional time on Cesar Chavez Day, pursuant to Section 37220.5, and that honors the life and work of Cesar Chavez. The programs shall be created and organized in consultation with community groups. The Americorps, National Senior Service Corps, Learn and Serve, or Conservation Corps programs

may implement or administer the programs in collaboration with community groups and nonprofit organizations. The proposals shall demonstrate all of the following:

(1) The ways and extent to which the program will be a collaborative effort between schools and the Americorps, National Senior Service Corps, Learn and Serve, or Conservation Corps program.

(2) The ways that the service will be connected to instruction on the life and work of Cesar Chavez provided on Cesar Chavez Day.

(3) The way in which the service provided will make a meaningful contribution to the community.

(c) Grants made pursuant to subdivision (b) shall be in the amount of one dollar ($1) for each participating pupil, or two hundred fifty dollars ($250) for each school, whichever is greater. The California Commission on Improving Life Through Service may, at its discretion, adjust the grant amount to account for school district size, the size of the project, and the demand on existing funding. Under no circumstances may the amount granted exceed the amount of funding appropriated to carry out this section.

(d) In order for the community service performed under this program to be counted as instructional time, the service shall be performed under the supervision of a teacher, as defined in subdivision (a) of Section 46300.

(e) The Superintendent of Public Instruction shall develop or revise, as needed, a model curriculum on the life and work of Cesar Chavez and submit the model curriculum to the State Board of Education for adoption pursuant to subdivision (b) of Section 37220.5. Upon adoption, the Superintendent of Public Instruction shall distribute the model curriculum to each school.

(f) It is the intent of the Legislature that nothing in this section, or in the act that adds this section, shall be construed to impose a mandate on school districts.

(g) For the purposes of this section, ''school district'' includes school districts, charter schools, and county offices of education.

SEC. 19. Section 41374 of the Education Code is amended to read:

41374. Notwithstanding any other provision of law to the contrary, Section 41372 shall not apply to any elementary school district, high school district, or unified school district, which maintains no individual class session with pupils in attendance exceeding the numbers, for the particular grade levels, following:

(a) An elementary school district—twenty-eight (28) pupils.

(b) A high school district—twenty-five (25) pupils.

(c) A unified school district—twenty-eight (28) pupils in respect to grades kindergarten through 8, inclusive; and twenty-five (25) pupils in respect to grades 9 through 12, inclusive.

As used in this section the phrase ''individual class session'' shall not include any class session held in grades kindergarten through 8, inclusive, in courses in visual and performing arts, industrial arts, and physical education. The phrase shall not include any class session held in grades 9 through 12, inclusive, in courses in commercial arts, visual and performing arts, industrial arts, vocational arts, and physical education. The phrase ''individual class session'' shall not include any class session held in grades 9 through 12, inclusive, for which two or more individual class groups which come within the descriptions specified by the first paragraph of this section and subdivision (a) or (b), or both, are assembled together in the same room for joint lectures or demonstrations.

Notwithstanding the provisions of subdivisions (b) and (c), grades 7, 8, and 9 of a junior high school shall be deemed to be high school grades for purposes of this section.

SEC. 20. Section 41409 of the Education Code is amended to read:

41409. (a) Commencing with the 1988–89 fiscal year, and annually thereafter, the Superintendent of Public Instruction shall determine the statewide average percentage of school district expenditures that are allocated to the salaries of administrative personnel, as that term is defined in accounts 1200, 1300, 1700, 1800, and 2200 in Part I of the California School Accounting Manual published by the State Department of Education. For school districts using the Standardized Account Code Structure, the term salaries of administrative personnel are defined in object accounts 1300 and 2300 in Part II of the California School Accounting Manual. The Superintendent of Public Instruction also shall determine the statewide average percentage of school district expenditures that are allocated to the salaries of teachers, as defined in account 1100 in Parts I and II of the California School Accounting Manual. The statewide averages shall be calculated for the following types and sizes of school districts:

| District | ADA |
|---|---|
| Elementary | less than 1,000 |
| Elementary | 1,000 to 4,999 |
| Elementary | 5,000 and greater |
| High School | less than 1,000 |
| High School | 1,000 to 3,999 |
| High School | 4,000 and greater |
| Unified | less than 1,500 |
| Unified | 1,500 to 4,999 |
| Unified | 5,000 to 9,999 |
| Unified | 10,000 to 19,999 |
| Unified | 20,000 and greater |

(b) Commencing with the 1988–89 fiscal year, and annually thereafter, the Superintendent of Public Instruction shall determine the statewide average salary, by size and type of district, for the following:

(1) Beginning, mid-range, and highest salary paid to teachers.

(2) Schoolsite principals.

(3) District superintendents.

(c) The statewide averages calculated pursuant to subdivisions (a) and (b) shall be provided annually to each school district for use in the school accountability report card.

SEC. 21. Section 42238.44 of the Education Code is amended to read:

42238.44. (a) This section shall be known and may be cited as, the Fairness in Education Funding Act.

(b) (1) For the 2001–02 fiscal year, the Superintendent of Public Instruction shall compute an equalization adjustment for each school district, so that no district's 2000–01 base revenue limit per unit of average daily attendance is less than the 2000–01 base revenue limit per unit of average daily attendance above which fall not more than 10 percent of the total statewide units of average daily attendance for each category of school district set forth in subdivision (c).

(2) For purposes of this section, the district base revenue limit and the statewide average base revenue limit shall not include any amounts attributable to Section 45023.4, 46200, or 46201.

(c) Subdivision (b) shall apply to the following school districts, which shall be grouped according to size and type as follows:

| District | ADA |
|---|---|
| Elementary | less than 101 |
| Elementary | more than 100 |
| High School | less than 301 |

| | |
|---|---|
| High School | more than 300 |
| Unified | less than 1,501 |
| Unified | more than 1,500 |

(d) The Superintendent of Public Instruction shall compute a revenue limit equalization adjustment for each school district's base revenue limit per unit of average daily attendance as follows:

(1) Multiply the amount computed for each school district pursuant to subdivision (b) by the average daily attendance used to calculate the district's revenue limit for the current fiscal year.

(2) Divide the amount appropriated for purposes of this section for the then current fiscal year by the statewide sum of the amount computed pursuant to paragraph (1).

(3) Multiply the amount computed for the school district pursuant to paragraph (1) of subdivision (b) by the amount computed pursuant to paragraph (2).

(e) (1) For the purposes of this section, the 2000–01 statewide 90th percentile base revenue limit determined pursuant to paragraph (1) of subdivision (b), and the fraction computed pursuant to paragraph (2) of subdivision (d) for the 2000–01 second principal apportionment, shall be final, and shall not be recalculated at subsequent apportionments. The fraction computed pursuant to paragraph (2) of subdivision (d) shall not, under any circumstances, exceed 1.00. For purposes of determining the size of a school district pursuant to subdivision (c), county superintendents of schools, in conjunction with the Superintendent of Public Instruction, shall use school district revenue limit average daily attendance for the prior fiscal year as determined pursuant to Section 42238.5 and Article 4 (commencing with Section 42280).

(2) For the purposes of calculating the size of a school district pursuant to subdivision (c), the Superintendent of Public Instruction shall include units of average daily attendance of any charter school for which the school district is the chartering agency.

(3) For the purposes of computing the target amounts pursuant to subdivision (b), the Superintendent of Public Instruction shall count all charter school average daily attendance toward the average daily attendance of the school district that is the chartering agency.

SEC. 22. Section 42239.15 of the Education Code is amended to read:

42239.15. (a) For the 2000–01 fiscal year and each fiscal year thereafter, each school district and charter school shall be eligible for reimbursement for hours of pupil attendance claimed for intensive algebra instruction academies offered pursuant to Chapter 18 (commencing with Section 53091) of Part 28 in an amount up to 6 percent of the total enrollment in grades 7 and 8 of the school district or

charter school for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (c) of Section 42239. This amount shall be provided in addition to the amount provided pursuant to Section 42239.

(b) When expending funds received pursuant to this section, a school district shall give first priority for the purpose specified in paragraph (1) of subdivision (d) of Section 53092.

SEC. 23. Section 42650 of the Education Code is amended to read:

42650. With the approval of the county superintendent of schools, the governing board of a school district may cause warrants to be drawn on the county treasury against designated funds, except debt service, of the district in the county treasury in the payment of expenses of the district. The warrants for salary and other types of claims designated by the county superintendent shall be issued by a person designated as the district disbursing officer for the school district on the county treasury in favor of the persons entitled thereto in payment of all claims in designated categories chargeable against the district which have been legally examined, allowed, and ordered paid by the governing board. The district disbursing officer shall issue warrants, using procedures prescribed by the county auditor, on the county treasury for all debts and demands, within categories designated by the county superintendent, against the district when amounts are legally approved. The form of the warrant shall be prescribed by, and approved by, the county auditor or county treasurer having jurisdiction.

The cost of printing warrants may be charged to the district. Notwithstanding Section 41000, except for assessing and tax collecting, the county auditor and county treasurer may charge those districts that draw their own warrants for the cost of all fiscal services.

Notwithstanding Section 27005 of the Government Code, or any other provision of law requiring orders for warrants or warrants to be signed by the county superintendent of schools or the county auditor, or both, the county superintendent and county auditor may prescribe alternative procedures for districts to issue warrants. The district disbursing officer shall not be considered a deputy county superintendent of schools or a deputy county auditor. The county treasurer shall pay the warrant in the designated category, if district funds are available.

County officers shall not be responsible for providing reports, statements, or other data relating to, or based on, the designated payments of expenses of the district. Those districts issuing warrants, as provided by this section, shall provide the county superintendent of schools, in the form prescribed by him, with the data necessary to make retirement reports and other reports required of him by law. All warrants, vouchers, and supporting documents shall be kept by school districts that draw their own warrants in those designated categories.

The county superintendent shall provide for a periodic review of the districts' financial transactions and internal control pursuant to Section 1241.5.

County superintendents of schools may provide fiscal, budgetary, and data-processing services through contractual agreements to school districts that have been determined to be fiscally accountable under the provisions of this section.

The person authorized by the governing board of the district to issue warrants, pursuant to this section, shall execute an official bond in an amount fixed by the governing board conditioned upon the faithful performance of his duties under this section. A county superintendent or county auditor shall not be liable under the terms of their bonds or otherwise for any warrant issued pursuant to this section. This section shall not be construed as impairing the obligation of any contract in the bond of such officer in effect on January 1, 1977.

A listing of the warrants issued under this section by each school district shall be forwarded to the county auditor having jurisdiction, upon his request, and to the county superintendent of schools having jurisdiction over the district on the same day warrants are issued. The listing, which may be on magnetic tape, punched cards, or in other form, shall report, among other things, the warrant number, date of the warrant, amount of the warrant, the name of the payee, and the fund on which drawn. The form and content of the warrant listing shall be as prescribed by the county auditor or county superintendent and approved by the county auditor or county superintendent having jurisdiction.

Each district which issues warrants pursuant to this section shall furnish monthly to the county superintendent of schools and the county auditor of the county of jurisdiction, upon his request, a statement showing for the current fiscal year to date, for each required expenditure classification, the amount budgeted, actual expenditures, encumbrances and unencumbered balances.

In order to obtain the approval of the county superintendent of schools and county auditor for fiscally accountable status, the governing board of a school district shall file a written application with the county superintendent of schools and county auditor having jurisdiction on forms which the county superintendent shall prescribe. Upon receipt of an application from the district, the county superintendent shall cause an audit to be made of the district's management and accounting controls, in accordance with standards prescribed by him, by an independent certified public accountant or public accountant approved by the county superintendent, who shall report his findings and recommendations to the county superintendent and to the applicant district. The audit report may include Department of Finance guidelines and other assessments of fiscal management as required by the county superintendent or the audit

may be the report of the annual district audit pursuant to Section 41020 if that is acceptable to the county superintendent of schools. The cost of the audit required in support of a district's application for fiscal accountability shall be borne by the applicant district.

The county superintendent and county auditor shall review the district's application and report of financial management and control and may approve the application if they find the management and accounting controls of the district to be adequate. If the county superintendent and county auditor determine that such management and accounting controls are inadequate, they shall disapprove the application.

A district that applies for fiscal accountability status shall file its written application with the county superintendent of schools on or before September 1. The required audit of financial management and accounting controls shall be filed on or before January 1. When a district's application for fiscal accountability status has been approved by the county superintendent of schools and county auditor, the issuance of warrants by the district pursuant to this section shall be effective at the beginning of a fiscal year, provided that approval had been made prior to the preceding first day in March. If disapproved, the county superintendent of schools shall state the specific steps which must be taken by the applicant school district to receive approval and these changes shall be certified as completed by an independent certified public accountant or public accountant before the county superintendent shall approve the application. If at any time the county superintendent of schools or the county auditor determines that the financial management or accounting controls of the district have become inadequate, either such officer may revoke approval for fiscal accountability status effective immediately.

SEC. 24. Section 42850 of the Education Code is amended to read:

42850. The governing board of any school district may establish a pension plan and other employee benefits fund to accumulate restricted moneys from salary reduction agreements, other contributions for employee retirement benefit payments, or both. Moneys may be transferred to the fund from other funds by periodic expense charges, in amounts based on existing and future obligation requirements. Payments from the pension plan and other employee benefits fund for insurance, annuities, administrative costs, or any other authorized purpose shall be made in accordance with all warrant approval requirements applicable under this code.

SEC. 25. Section 44395.5 is added to the Education Code, to read:

44395.5. For the purposes of paragraph (1) of subdivision (a) of Section 44395, ''assigned to teach'' as used in subdivision (a) of that section may include, but is not limited to, a teacher leadership role as a peer assistance and review coach, mentor, or other teacher support

provider if the position does not require an administrative credential. In order to be eligible for an award pursuant to paragraph (1) of subdivision (a) of Section 44395, a teacher shall be assigned to teach for at least 50 percent of a full-time position.

SEC. 26. Section 44503 of the Education Code is amended to read:

44503. (a) The governing board of a school district that accepts state funds for purposes of this article agrees to negotiate the development and implementation of the program with the exclusive representative of the certificated employees in the school district, if the certificated employees in the district are represented by an exclusive representative. In a school district in which the certificated employees are not represented, the school district shall develop a Peer Assistance and Review Program for Teachers consistent with this article in order to be eligible to receive funding under this article.

(b) Functions performed pursuant to this article by certificated employees employed in a bargaining unit position shall not constitute either management or supervisory functions as defined by subdivisions (g) and (m) of Section 3540.1 of the Government Code.

(c) Teachers who provide assistance and review shall have the same protection from liability and access to appropriate defense as other public school employees pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(d) It is the intent of the Legislature that school districts be allowed to combine, by mutual agreement, their programs of peer assistance and review with those of other school districts.

(e) Not more than 5 percent of the funds received by a school district for the Peer Assistance and Review Program for Teachers may be expended for administrative expenses. For the purposes of this article, administrative expenses shall include expenditures for the personnel costs of program administration and coordination, the cost of consulting teacher selection, and indirect costs associated with the Peer Assistance and Review Program for Teachers.

SEC. 27. Section 47661.5 is added to the Education Code, to read:

47661.5. (a) Notwithstanding any other provision of law, the prior year average daily attendance for a school district determined pursuant to subdivision (b) of Section 47661 shall be increased by the prior year second principal apportionment average daily attendance of district residents only of any school that meets the following description:

(1) The school was a district noncharter school in any year prior to the prior year.

(2) The school was operated as a district-approved charter school in the prior year.

(3) The school is again operated as a district noncharter school in the current year.

(b) An adjustment to prior year average daily attendance pursuant to this section may not be made for the attendance of pupils who were not residents of the school district in the prior year.

(c) This section applies to the 2000–01 fiscal year and subsequent fiscal years.

SEC. 28. Section 47773 of the Education Code is amended to read:

47773. (a) The State Department of Education, in collaboration with the Board of Corrections, shall create an evaluation design for the program that will assess the effectiveness of program implementation and operation.

(b) The State Department of Education shall contract with an independent evaluator to assess the overall success of the program.

(c) Participating county offices of education and school districts shall collect and report outcome measure data to the State Department of Education and any other data to indicate the effect of intervention strategies and program operations on the risk factors used to identify the high-risk youth. The Superintendent of Public Instruction shall annually summarize the data reported. The Superintendent of Public Instruction shall also develop an analysis of the program and suggest recommendations in a final report to be submitted to the Legislature on or before May 1, 2004, and shall provide an interim report to the Legislature by March 1, 2002.

SEC. 29. Section 48264.5 of the Education Code is amended to read:

48264.5. Any minor who is required to be reported as a truant pursuant to Section 48260 or 48261 may be required to attend makeup classes conducted on one day of a weekend pursuant to subdivision (c) of Section 37223 and is subject to the following:

(a) The first time a truancy report is required, the pupil may be personally given a written warning by any peace officer specified in Section 830.1 of the Penal Code. A record of the written warning may be kept at the school for a period of not less than two years, or until the pupil graduates, or transfers, from that school. If the pupil transfers, the record may be forwarded to any school receiving the pupil's school records. A record of the written warning may be maintained by the law enforcement agency in accordance with that law enforcement agency's policies and procedures.

(b) The second time a truancy report is required within the same school year, the pupil may be assigned by the school to an afterschool or weekend study program located within the same county as the pupil's school. If the pupil fails to successfully complete the assigned study program, the pupil shall be subject to subdivision (c).

(c) The third time a truancy report is required within the same school year, the pupil shall be classified a habitual truant, as defined in Section

48262, and may be referred to, and required to attend, an attendance review board or a truancy mediation program pursuant to Section 48263 or pursuant to Section 601.3 of the Welfare and Institutions Code. If the district does not have a truancy mediation program, the pupil may be required to attend a comparable program deemed acceptable by the school district's attendance supervisor. If the pupil does not successfully complete the truancy mediation program or other similar program, the pupil shall be subject to subdivision (d).

(d) The fourth time a truancy is required to be reported within the same school year, the pupil shall be within the jurisdiction of the juvenile court which may adjudge the pupil to be a ward of the court pursuant to Section 601 of the Welfare and Institutions Code. If the pupil is adjudged a ward of the court, the pupil shall be required to do one or more of the following:

(1) Performance at court-approved community services sponsored by either a public or private nonprofit agency for not less than 20 hours but not more than 40 hours over a period not to exceed 90 days, during a time other than the pupil's hours of school attendance or employment. The probation officer shall report to the court the failure of the pupil to comply with this paragraph.

(2) Payment of a fine by the pupil of not more than one hundred dollars ($100) for which a parent or guardian of the pupil may be jointly liable.

(3) Attendance of a court-approved truancy prevention program.

(4) Suspension or revocation of driving privileges pursuant to Section 13202.7 of the Vehicle Code. This subdivision shall apply only to a pupil who has attended a school attendance review board program, a program operated by a probation department acting as a school attendance review board, or a truancy mediation program pursuant to subdivision (c).

SEC. 30. Section 51210 of the Education Code is amended to read:

51210. The adopted course of study for grades 1 to 6, inclusive, shall include instruction, beginning in grade 1 and continuing through grade 6, in the following areas of study:

(a) English, including knowledge of, and appreciation for literature and the language, as well as the skills of speaking, reading, listening, spelling, handwriting, and composition.

(b) Mathematics, including concepts, operational skills, and problem solving.

(c) Social sciences, drawing upon the disciplines of anthropology, economics, geography, history, political science, psychology, and sociology, designed to fit the maturity of the pupils. Instruction shall provide a foundation for understanding the history, resources, development, and government of California and the United States of

America; the development of the American economic system including the role of the entrepreneur and labor; the relations of persons to their human and natural environment; eastern and western cultures and civilizations; contemporary issues; and the wise use of natural resources.

(d) Science, including the biological and physical aspects, with emphasis on the processes of experimental inquiry and on the place of humans in ecological systems.

(e) Visual and performing arts, including instruction in the subjects of dance, music, theatre, and visual arts, aimed at the development of aesthetic appreciation and the skills of creative expression.

(f) Health, including instruction in the principles and practices of individual, family, and community health.

(g) Physical education, with emphasis upon the physical activities for the pupils that may be conducive to health and vigor of body and mind, for a total period of time of not less than 200 minutes each 10 schooldays, exclusive of recesses and the lunch period.

(h) Other studies that may be prescribed by the governing board.

SEC. 31. Section 51220 of the Education Code is amended to read:

51220. The adopted course of study for grades 7 to 12, inclusive, shall offer courses in the following areas of study:

(a) English, including knowledge of and appreciation for literature, language, and composition, and the skills of reading, listening, and speaking.

(b) Social sciences, drawing upon the disciplines of anthropology, economics, geography, history, political science, psychology, and sociology, designed to fit the maturity of the pupils. Instruction shall provide a foundation for understanding the history, resources, development, and government of California and the United States of America; instruction in our American legal system, the operation of the juvenile and adult criminal justice systems, and the rights and duties of citizens under the criminal and civil law and the State and Federal Constitutions; the development of the American economic system, including the role of the entrepreneur and labor; the relations of persons to their human and natural environment; eastern and western cultures and civilizations; human rights issues, with particular attention to the study of the inhumanity of genocide, slavery, and the Holocaust, and contemporary issues.

(c) Foreign language or languages, beginning not later than grade 7, designed to develop a facility for understanding, speaking, reading, and writing the particular language.

(d) Physical education, with emphasis given to physical activities that are conducive to health and to vigor of body and mind.

(e) Science, including the physical and biological aspects, with emphasis on basic concepts, theories, and processes of scientific

investigation and on the place of humans in ecological systems, and with appropriate applications of the interrelation and interdependence of the sciences.

(f) Mathematics, including instruction designed to develop mathematical understandings, operational skills, and insight into problem solving procedures.

(g) Visual and performing arts, including dance, music, theatre, and visual arts, with emphasis upon development of aesthetic appreciation and the skills of creative expression.

(h) Applied arts, including instruction in the areas of consumer and homemaking education, industrial arts, general business education, or general agriculture.

(i) Career technical education designed and conducted for the purpose of preparing youth for gainful employment in the occupations and in the numbers that are appropriate to the personnel needs of the state and the community served and relevant to the career desires and needs of the pupils.

(j) Automobile driver education, designed to develop a knowledge of the provisions of the Vehicle Code and other laws of this state relating to the operation of motor vehicles, a proper acceptance of personal responsibility in traffic, a true appreciation of the causes, seriousness and consequences of traffic accidents, and to develop the knowledge and attitudes necessary for the safe operation of motor vehicles. A course in automobile driver education shall include education in the safe operation of motorcycles.

(k) Other studies as may be prescribed by the governing board.

SEC. 32. Section 51224.5 of the Education Code is amended to read:

51224.5. (a) The adopted course of study for grades 7 to 12, inclusive, shall include algebra as part of the mathematics area of study pursuant to subdivision (f) of Section 51220.

(b) Commencing with the 2003–04 school year and each year thereafter, at least one course, or a combination of the two courses in mathematics required to be completed pursuant to subparagraph (B) of paragraph (1) of subdivision (a) of Section 51225.3 by pupils while in grades 9 to 12, inclusive, prior to receiving a diploma of graduation from high school, shall meet or exceed the rigor of the content standards for Algebra I, as adopted by the State Board of Education pursuant to Section 60605.

(c) If at any time, in any of grades 7 to 12, inclusive, or in any combination of those grades, a pupil completes coursework that meets or exceeds the academic content standards for Algebra. Those courses shall apply towards satisfying the requirements of subparagraph (B) of paragraph (1) of subdivision (a) of Section 51225.3.

SEC. 33. Section 51511 of the Education Code is amended to read:

51511. Nothing in this code shall be construed to prevent, or exclude from the public schools, references to religion or references to or the use of religious literature, dance, music, theatre, and visual arts or other things having a religious significance when such references or uses do not constitute instruction in religious principles or aid to any religious sect, church, creed, or sectarian purpose and when such references or uses are incidental to or illustrative of matters properly included in the course of study.

SEC. 34. Section 51810 of the Education Code is amended to read:

51810. The governing board of any school district maintaining secondary schools is authorized without the approval of the State Department of Education to establish and maintain community service classes in civic, vocational, literacy, health, homemaking, technical and general education, including but not limited to classes in the fields of dance, music, theatre, visual arts, handicraft, science, literature, nature study, nature contacting, aquatic sports and athletics. These classes shall be designed to provide instruction and to contribute to the physical, mental, moral, economic, or civic development of the individuals or groups enrolled therein.

SEC. 35. Section 51874 of the Education Code is amended to read:

51874. Sections 51871, 51872, 51873, this section, and the heading of this article shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 36. Section 52066 of the Education Code is amended to read:

52066. The State Department of Education shall prepare a request for proposal in consultation with an advisory committee consisting of a representative of one or more American Indian organizations, the Department of Finance, and the Legislative Analyst to contract for an independent evaluation of this program to be performed on or before December 31, 2001.

SEC. 37. Section 52067 of the Education Code is amended to read:

52067. This chapter shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 38. Section 52334 of the Education Code is amended to read:

52334. Indirect costs charged to regional occupational centers and programs may not exceed that of the school district or county office of education, as appropriate, prior year indirect cost rate as approved by the State Department of Education.

The indirect costs charged by county offices of education and school districts that provide regional occupational centers and programs services on behalf of the county office of education or joint powers

authority, when added together, may not exceed the indirect cost rate approved by the State Department of Education for the county office of education or the school district, whichever is higher.

Revenue limit funds apportioned to a county office of education or school district for regional occupational centers and programs must be expended on programs and services offered by the regional occupational centers and programs.

SEC. 39. Section 52523 of the Education Code is amended to read:

52523. Adult education programs, courses, and classes shall not be used to supplant the regular high school curriculum for high school pupils enrolled in adult education. Adult education shall supplement and enrich the high school pupil's educational experiences. Therefore, adult education, at a minimum, shall meet the following criteria:

(a) All programs, courses, and classes conducted as adult education shall be open to adults and listed in the district's catalog of adult education classes provided to the public and shall be under the supervision and jurisdiction of the adult education administrator as determined by the school district governing board. Adults shall have priority over other students for admission to any adult education class if those adults enroll not later than the regular enrollment period for those classes. The enrollment period shall be published in the course catalog. No course required by the school district for high school graduation or necessary for pupils to maintain satisfactory academic progress shall be offered exclusively through the adult education program. An adult for purposes of this section is a person 18 years of age or older or other person who is not concurrently enrolled in a regular high school program.

(b) Each adult education teacher, whether part time or full time, under contract status or in an hourly position, shall be part of the adult school faculty and shall be under the direct supervision of the authorized adult education administrator.

(c) Enrollment of high school pupils shall be voluntary on the part of the pupil taking the class. Prior to enrollment by a high school pupil in an adult education program, class, or course, the pupil shall have documentation of the counseling session held pursuant to subdivision (b) of Section 52500.1.

(d) Enrollment of a high school pupil in an adult education program, course, or class shall be for sound educational purposes, including, but not limited to, the following:

(1) The adult education program, course, or class is not offered in the regular high school curriculum.

(2) The adult education program, course, or class is needed by the pupil to make up deficient credits for graduation from high school.

(3) The adult education program, course, or class allows the pupil to gain vocational and technical skills beyond that provided by the regular high school's vocational and technical education program.

(4) The adult education program, course, or class, supplements and enriches the high school pupil's educational experience.

(e) A high school pupil shall not be enrolled for apportionment purposes in an adult education program, course, or class that would be considered any of the following:

(1) Physical education.

(2) Driver's training and education.

(3) Visual and performing arts.

(4) Band.

(5) Preparation of a school yearbook or school newspaper.

(6) Training for, or participation in, athletic camps, cheerleading or spirit organizations, student government, or extracurricular student clubs.

The Superintendent of Public Instruction shall issue a program advisory that further defines the purposes set forth in subdivision (d) and the courses set forth in subdivision (e). The superintendent is authorized to issue, at any time, rules and regulations instead of the program advisory.

SEC. 40. Section 52761 of the Education Code is amended to read:

52761. (a) Each elementary school and junior high school or middle school participating in the project shall submit to the superintendent a proposal, which shall include all of the following:

(1) A description of the plant, animal, river, creek, wetlands, or other natural area that the pupils have selected.

(2) A description of strategies that the pupils plan to use to educate other pupils and members of the community about the various benefits of a specific local wildlife species, river, creek, wetland, or other natural area and to identify any impacts to that natural resource. Strategies may include, but need not be limited to, exhibits, public education forums, media events, oral presentations, dance, music, theatre, visual arts, and writing projects.

(3) An action plan designed to monitor and promote the conservation of the selected wildlife species or natural area, while seeking collaborative ways to resolve the identified impacts.

(b) Each participating school shall select a wildlife species or natural area based on the close proximity of the plant, animal, river, creek, wetlands, or other natural area, the feasibility of studying it, and the effectiveness of the course of action that might occur to preserve the species or area.

(c) Pupils shall be encouraged to use appropriate local and state resources, including science faculty and students in postsecondary

education institutions and educational materials that are balanced and objective in their coverage of the current scientific and economic research on environmental and conservation issues, to obtain information to assist them in the selection of wildlife species or natural areas and the development of their proposals.

(d) School faculty and any advisers to pupils engaged in a wildlife or natural area conservation project pursuant to the Life Sciences and Conservation Education Project of 1998 shall ensure that pupils gain a full understanding and appreciation of the rights and responsibilities of public and private property owners under the Constitutions of the United States and California. Any projects or strategies undertaken pursuant to the Life Sciences and Conservation Education Project of 1998 shall respect the rights of private landowners and shall strive to build cooperative relationships within the community to protect local wildlife populations or natural areas.

(e) Pupils participating in the Life Sciences and Conservation Education Project of 1998 shall not as part of the project engage in activities for the purposes of influencing legislative or administrative action.

SEC. 41. Section 53029 of the Education Code is amended to read:

53029. (a) Except as provided in subdivision (b), intensive reading instruction provided pursuant to this article shall be offered four hours per day for six continuous weeks during the summer or when school is not regularly in session.

(b) Due to facilities constraints or for other educational reasons, a school district may offer intensive reading instruction before school, after school, on Saturdays, or during intersession, or in a combination of summer school, before school, after school, Saturday, or intersession instruction. Services may be provided to pupils during the regular instructional day if the instruction is delivered by a certificated employee, provided that the employee is not the pupil's regular classroom teacher, and does not result in the pupil being removed from regular classroom instruction. Instruction provided pursuant to this section shall fulfill the requirements of subdivision (a) of Section 44830 and of Section 44831. Other service providers should have appropriate training in the teaching of reading.

(c) Notwithstanding Section 49550 or any other provision of law, a school district that operates a program pursuant to this article is not required to provide a meal or snack to pupils participating in the program.

SEC. 42. The heading of Chapter 17 (commencing with Section 53081) of Part 28 of the Education Code, as added by Chapter 404 of the Statutes of 2000, is amended to read:

CHAPTER 18. INTENSIVE ALGEBRA INSTRUCTION ACADEMIES PROGRAM

SEC. 43. Section 53081 of the Education Code, as added by Chapter 404 of the Statutes of 2000, is amended and renumbered to read:

53091. This chapter shall be known and may be cited as the Intensive Algebra Instruction Academies Program.

SEC. 44. Section 53082 of the Education Code, as added by Chapter 404 of the Statutes of 2000, is amended and renumbered to read:

53092. (a) A school district or charter school that maintains grade 7 or 8, or both, may operate a program that provides multiple, intensive opportunities for pupils in either of these grades to practice skills in prealgebra, algebra, or both. Funding for the program established pursuant to this chapter shall be provided pursuant to Section 42239.15.

(b) As a condition of receiving funding for this program, a school district or charter school in which one or more teachers participate in the program authorized by Section 99223 is required to offer instruction as described in subdivision (a), to be provided by the teachers attending that program. These school districts and charter schools shall offer this instruction only after those teachers have completed the program authorized by Section 99223. Nothing in this subdivision shall be interpreted as precluding teachers in these school districts who have not participated in the program authorized by Section 99223 from providing instruction as described in subdivision (a).

(c) Pupils shall remain eligible for participation in the program established pursuant to this chapter for three calendar months after completing grade 8.

(d) The purposes of the program established by this chapter include, but are not limited to, both of the following:

(1) To provide pupils who are experiencing difficulty learning prealgebra and algebra with increased instructional opportunities.

(2) To provide stimulating and enriching opportunities for pupils to increase their prealgebra and algebra skills.

(e) (1) Instruction provided pursuant to this program shall include all of the following components:

(A) Mathematics principles generally used in a prealgebra course or an introductory algebra course.

(B) Ongoing diagnostic techniques that inform teaching and assessment.

(C) Early intervention techniques.

(2) Instruction provided pursuant to this chapter shall be consistent with state-adopted academic content standards and with the curriculum framework on mathematics adopted by the State Board of Education for kindergarten and grades 1 to 12, inclusive.

SEC. 45. Section 53083 of the Education Code, as added by Chapter 404 of the Statutes of 2000, is amended and renumbered to read:

53093. (a) (1) Except as provided in paragraph (2), intensive prealgebra and algebra instruction provided pursuant to this chapter shall be offered four hours per day for six continuous weeks during the summer or when school is not regularly in session.

(2) Due to facilities constraints or for other educational reasons, a school district may offer intensive prealgebra and algebra instruction before school, after school, on Saturdays, or during intersession, or in a combination of summer school, after school, Saturday, or intersession instruction.

(b) Instruction provided pursuant to this chapter shall fulfill the requirements of subdivision (a) of Section 44830 and of Section 44831.

(c) Notwithstanding Section 49550 or any other provision of law, a school district that operates a program pursuant to this chapter is not required to provide a meal or snack to pupils participating in the program.

SEC. 46. Section 53084 of the Education Code, as added by Chapter 404 of the Statutes of 2000, is amended and renumbered to read:

53094. The Superintendent of Public Instruction shall provide for an evaluation of the program established pursuant to this chapter on or before November 1, 2002. If funds are needed for this purpose, it is the intent of the Legislature that funds be appropriated for this purpose in the annual Budget Act.

SEC. 47. Section 54746 of the Education Code is amended to read:

54746. (a) In meeting the goals of the program and responding to the individual needs and differences of pupils and their children to be served, the funded agency shall complete an intake procedure regarding each pupil and child upon entry into the program and periodically as needed thereafter.

(b) Based upon the information provided during the intake procedure pursuant to subdivision (a), the funded agency shall determine appropriate levels and types of services to be provided. These services may not duplicate services currently provided to the pupil by a local Adolescent Family Life Program or Cal-Learn program. In addition to an academic program that meets district standards, necessary support services for pupils shall be funded by the calculation pursuant to paragraph (1) of subdivision (a) of Section 54749. Allowable expenditures for support services are as follows:

(1) Parenting education and life skills class.

(2) Perinatal education and care, including childbirth preparation.

(3) Safe home-to-school transportation.

(4) Case management services.

(5) Comprehensive health education, including reproductive health care.

(6) Nutrition education, counseling, and meal supplements.

(7) School safety and violence prevention strategies targeted to pregnant and parenting teens and their children.

(8) Academic support and youth development services, such as tutoring, mentoring, and community service internships.

(9) Career counseling, preemployment skills, and job training.

(10) Substance abuse prevention education, counseling, and treatment services.

(11) Mental health assessment, interventions, and referrals.

(12) Crisis intervention counseling services, including suicide prevention.

(13) Peer support groups and counseling.

(14) Family support and development services, including individual and family counseling.

(15) Child and domestic abuse prevention education, counseling, and services.

(16) Enrichment and recreational activities, as appropriate.

(17) Services that facilitate transition to postsecondary education, training, or employment.

(18) Support services for grandparents, siblings, and fathers of babies who are not enrolled in the Cal-SAFE program.

(19) Outreach activities to identify eligible pupils and to educate the community about the realities of teen pregnancy and parenting.

(c) The funded agency shall provide child care and development program services located on or near the schoolsite for the children of teen parents enrolled in the Cal-SAFE program. Program services shall be funded by the revenue generated pursuant to paragraph (4) of subdivision (a) of Section 54749.

(1) Participation in the child care and development component of the Cal-SAFE program shall be voluntary.

(2) There is no minimum age for enrollment, but the child shall be eligible for enrollment in the child care and development component until the age of five years or the child is enrolled in kindergarten, whichever occurs first, as long as the teen parent is enrolled in the Cal-SAFE program.

(3) Each child shall have a health evaluation form signed by a physician, or his or her designee, before the child is allowed on the school campus or is enrolled in the child care and development program. Health screening and immunizations shall not be required when the custodial parent annually files a written request as provided for in Section 49451 and Section 120365 of the Health and Safety Code.

(4) A developmental profile shall be maintained for each infant, toddler, and child. This development profile shall be utilized by the program staff to design a program that meets the infant's, toddler's, or child's developmental needs.

(5) The arrangement of the child care site environment shall be safe, healthy, and comfortable for children and staff, easily maintained, and appropriate for meeting the developmental needs of the individual child. Child care sites shall meet the health and safety requirements specified in Chapter 1 (commencing with Section 101151) of, and Subchapter 2 (commencing with Section 101351) of, Division 12 of Title 22 of the California Code of Regulations.

(6) The child care and development component of the Cal-SAFE program shall operate pursuant to applicable sections of Chapter 2 (commencing with Section 8200) of Part 6. In addition to meeting the requirements of Section 8360, teachers shall have at least three semester units, or the equivalent number of quarter units, of coursework related to the care of infants and toddlers.

(7) The child care site shall be available as a laboratory for parenting or related courses that are offered by the funded agency with priority given to pupils enrolled in the Cal-SAFE program.

(d) Inservice training for school staff on teen pregnancy and parenting-related issues may be funded from revenue generated pursuant to paragraphs (1) and (4) of subdivision (a) of Section 54749. However, use of these funds for this purpose shall supplement and, not supplant, existing resources in these areas.

(e) The database required pursuant to paragraph (14) of subdivision (c) of Section 54745 may be funded from revenue appropriated for purposes of subdivision (a) of Section 54749.

SEC. 48. Section 54746.5 is added to the Education Code, to read:

54746.5. (a) Local education agencies that are applying to operate a Cal-SAFE program pursuant to Section 54749 but which are not in full compliance may submit a timeline and a corrective action plan for approval by the Superintendent of Public Instruction on a case-by-case basis to extend, to no later than June 30, 2002, a waiver from implementation of the child care and development requirements set forth in paragraph (7) of subdivision (c) of Section 54745 and in subdivision (c) of Section 54746.

(b) Local education agencies that are applying to operate a Cal-SAFE program pursuant to Section 2551.3 but are not in full compliance may submit a timeline and a corrective action plan for approval by the Superintendent of Public Instruction on a case-by-case basis to extend, to no later than June 30, 2002, a waiver from implementation of the child care and development physical environment requirements pursuant to paragraph (5) of subdivision (c) of Section 54746, and as set forth in

subdivision (d) of Section 101238 of, Section 101238.2 of, subdivision (a) of Section 101238.3 of, subdivisions (b) and (c) of Section 101238.4 of, subdivisions (e), (h), and (j) of Section 101239 of, and paragraph (2) of subdivision (a) of Section 101239.2 of, Title 22 of the California Code of Regulations.

(c) If the Superintendent of Public Instruction finds that a local education agency that has submitted a timeline and a corrective action plan pursuant to this section has not complied with all provisions of the corrective action plan as approved by the Superintendent of Public Instruction, the local education agency shall be ineligible for any funding pursuant to Section 2551.3 after the date of mailing of the written notification of noncompliance to the local education agency.

(d) For teachers in Cal-SAFE child care programs operated pursuant to Section 54749, the Superintendent of Public Instruction may waive the qualification requirements of paragraph (6) of subdivision (c) of Section 54746 for the 2001–02 fiscal year if the superintendent determines that the existence of compelling need is appropriately documented and the applicant is making satisfactory progress toward securing a permit issued by the Commission on Teacher Credentialing.

(e) For teachers in Cal-SAFE child care programs operated pursuant to Section 2551.3, the Superintendent of Public Instruction may waive the qualification requirements of paragraph (6) of subdivision (c) of Section 54746 until June 30, 2002, if the superintendent determines that the existence of compelling need is appropriately documented and the applicant is making satisfactory progress toward securing a permit issued by the Commission of Teacher Credentialing.

SEC. 49. Section 54749 of the Education Code is amended to read:

54749. (a) For the 2000–01 fiscal year and each fiscal year thereafter, a school district or county superintendent of schools participating in Cal-SAFE shall be eligible for state funding from funds appropriated for services provided for the purposes of the program as follows:

(1) A support services allowance of two thousand two hundred thirty-seven dollars ($2,237) for each unit of average daily attendance generated by each pupil who has completed the intake process pursuant to subdivision (a) of Section 54746 and is receiving services pursuant to subdivision (b) of Section 54746. This allowance shall be adjusted annually by the inflation factor set forth in subdivision (b) of Section 42238.1. In no event shall more than one support service allowance be generated by any pupil concurrently enrolled in more than one educational program.

This allowance may not be claimed for units of average daily attendance reported pursuant to the following:

(A) Subdivision (b) of Section 1982 for pupils attending county community schools operated pursuant to Chapter 6.5 of Part 2 (commencing with Section 1980).

(B) Pupils attending juvenile court schools operated pursuant to Article 2.5 (commencing with Section 48645) of Chapter 4 of Part 27.

(C) Pupils attending community day schools operated pursuant to Article 3 (commencing with Section 48660) of Chapter 4 of Part 27.

(D) Pupils attending county operated Cal-SAFE programs pursuant to this article whose attendance is reported pursuant to Section 2551.3.

(2) Average daily attendance and revenue limit funding for pupils receiving services in the Cal-SAFE program shall be computed pursuant to provisions and regulations applicable to the educational program or programs that each pupil attends, except as provided in paragraph (3).

(3) For attendance not claimed pursuant to paragraph (2), county offices of education may claim the statewide average revenue limit per unit of average daily attendance for high school districts, payable from Section A of the State School Fund, for the attendance of pupils receiving services in the Cal-SAFE program, provided that no other revenue limit funding is claimed for the same pupil and pupil attendance of no less than 240 minutes per day and is computed and maintained pursuant to Section 46300.

(4) Except as provided in subdivision (c) of Section 54749.5, operators of Cal-SAFE programs shall be reimbursed in accordance with the amount specified in subdivision (b) of Section 8265 and the amounts specified in subdivisions (a) and (b) of Section 8265.5 for each child receiving services pursuant to the Cal-SAFE program who is the child of teen parents enrolled in the Cal-SAFE program. To be eligible for funding pursuant to this paragraph, the operational days of child care and development programs shall be only those necessary to provide child care services to children of pupils participating in Cal-SAFE.

(5) Notwithstanding paragraph (1), pupils for whom attendance is reported pursuant to subdivision (b) of Section 1982, pupils attending juvenile court schools, and pupils attending community day schools may complete the intake process for the Cal-SAFE program and, if the intake process is completed, shall receive services pursuant to subdivision (b) of Section 54746. The children of pupils receiving services in the Cal-SAFE program pursuant to subdivision (b) of Section 54746 and attending juvenile court schools, county community schools, or community day schools shall be eligible for funding pursuant to paragraph (4) and no other provisions of this section.

(b) Funds allocated pursuant to paragraph (1) of subdivision (a) shall be maintained in a separate account and shall be expended only to provide the supportive services enumerated in subdivisions (b) of Section 54746, in service training as specified in subdivision (d) of

Section 54746, and expenditures enumerated in subdivision (d) of this section, to pupils enrolled in the Cal-SAFE program as determined pursuant to Section 54746.

(c) Funds allocated pursuant to paragraph (4) of subdivision (a) shall be maintained in a separate account and shall be expended only to provide developmentally appropriate child care and development services pursuant to subdivision (c) of Section 54746 and staff development of child development program staff pursuant to subdivision (d) of Section 54746 for children of teen parents enrolled in the Cal-SAFE program for the purpose of promoting the children's development comparable to age norms, access to health and preventive services, and enhanced school readiness.

(d) Funds generated pursuant to Section 2551.3, subdivision (b) of Section 54749.5, and this section shall be maintained in a separate account and shall be expended only to provide the services enumerated in Section 54746 and the following expenditures as defined by the California State School Accounting Manual:

(1) Expenditures defined as direct costs of instructional programs.

(2) Expenditures defined as documented direct support costs.

(3) Expenditures defined as allocated direct support costs.

(4) Expenditures for indirect charges.

(5) Expenditures defined as facility costs, including the costs of renting, leasing, lease purchase, remodeling, or improving buildings.

(e) Indirect costs shall not exceed the lesser of the approved indirect cost rate or 10 percent.

(f) Expenditures that represent contract payments to community-based organizations and other governmental agencies pursuant to paragraph (10) of subdivision (b) of Section 54745 for the operation of a Cal-SAFE program shall be included in the Cal-SAFE program account.

(g) To the extent permitted by federal law, any funding made available to a school district or county superintendent of schools shall be subject to all of the following conditions:

(1) The program is open to all eligible pupils without regard to any pupil's religious beliefs or any other factor related to religion.

(2) No religious instruction is included in the program.

(3) The space in which the program is operated is not used in any manner to foster religion during the time used for operation of the program.

(h) A school district or county superintendent of schools implementing a Cal-SAFE program may establish a claims process to recover federal funds available for any services provided that are Medi-Cal eligible.

(i) For purposes of serving pupils enrolled in the Cal-SAFE program in a summer school program or enrolled in a school program operating more than 180 days, eligibility for child care services pursuant to subdivision (c) of Section 54746 shall be determined by the parent's hours of enrollment and shall be for only those hours necessary to further the completion of the parent's educational program.

(j) To meet startup costs for the opening of child care and development sites, as defined in subdivision (ac) of Section 8208, and applicable regulations, a school district or county office of education may apply for a one-time 15-percent service level exemption within the amount appropriated in the annual Budget Act for the purposes of paragraph (4) of subdivision (a) for each site meeting the provision of subdivision (ac) of Section 8208. To the extent that Budget Act funding is insufficient to cover the full costs of Cal-SAFE child care, reimbursements to all participating programs shall be reduced on a pro rata basis. A school district or county office of education shall submit claims pursuant to this subdivision with other claims submitted pursuant to this section. Funding provided for startup costs shall be utilized for approvable startup costs enumerated in subdivision (a) of Section 8275.

(k) Notwithstanding any other provision of this article, its implementation of this article is contingent upon appropriations in the annual Budget Act for the purpose of its administration and evaluation by the State Department of Education.

(*l*) Notwithstanding any other provision of law, a charter school may apply for funding pursuant to this article and shall meet the requirements of this article to be eligible for funding pursuant to this section.

SEC. 50. Section 56026 of the Education Code is amended to read:

56026. ''Individuals with exceptional needs'' means those persons who satisfy all the following:

(a) Identified by an individualized education program team as a child with a disability, as that phrase is defined in subparagraph (A) of paragraph (3) of Section 1401 of Title 20 of the United States Code.

(b) Their impairment, as described by subdivision (a), requires instruction, services, or both, which cannot be provided with modification of the regular school program.

(c) Come within one of the following age categories:

(1) Younger than three years of age and identified by the district, the special education local plan area, or the county office as requiring intensive special education and services, as defined by the State Board of Education.

(2) Between the ages of three to five years, inclusive, and identified by the district, the special education local plan area, or the county office pursuant to Section 56441.11.

(3) Between the ages of five and 18 years, inclusive.

(4) Between the ages of 19 and 21 years, inclusive; enrolled in or eligible for a program under this part or other special education program prior to his or her 19th birthday; and has not yet completed his or her prescribed course of study or who has not met proficiency standards prescribed pursuant to Sections 51215 and 51216.

(A) Any person who becomes 22 years of age during the months of January to June, inclusive, while participating in a program under this part may continue his or her participation in the program for the remainder of the current fiscal year, including any extended school year program for individuals with exceptional needs established pursuant to regulations adopted by the State Board of Education, pursuant to Article 1 (commencing with Section 56100) of Chapter 2.

(B) Any person otherwise eligible to participate in a program under this part shall not be allowed to begin a new fiscal year in a program if he or she becomes 22 years of age in July, August, or September of that new fiscal year. However, if a person is in a year-round school program and is completing his or her individualized education program in a term that extends into the new fiscal year, then the person may complete that term.

(C) Any person who becomes 22 years of age during the months of October, November, or December while participating in a program under this act shall be terminated from the program on December 31 of the current fiscal year, unless the person would otherwise complete his or her individualized education program at the end of the current fiscal year.

(D) No school district, special education local plan area, or county office of education may develop an individualized education program that extends these eligibility dates, and in no event may a pupil be required or allowed to attend school under the provisions of this part beyond these eligibility dates solely on the basis that the individual has not met his or her goals or objectives.

(d) Meet eligibility criteria set forth in regulations adopted by the board, including, but not limited to, those adopted pursuant to Article 2.5 (commencing with Section 56333) of Chapter 4.

(e) Unless disabled within the meaning of subdivisions (a) to (d), inclusive, pupils whose educational needs are due primarily to limited English proficiency; a lack of instruction in reading or mathematics; temporary physical disabilities; social maladjustment; or environmental, cultural, or economic factors are not individuals with exceptional needs.

SEC. 51. Section 56029 of the Education Code is amended to read:

56029. ''Referral for assessment'' means any written request for assessment to identify an individual with exceptional needs made by any of the following:

(a) A parent or guardian of the individual.

(b) A teacher or other service provider of the individual.

(c) A foster parent of the individual, consistent with the limitations contained in federal law.

SEC. 52. Section 56044 of the Education Code is repealed.

SEC. 53. Article 3.7 (commencing with Section 56055) is added to Chapter 1 of Part 30 of the Education Code, to read:

Article 3.7. Foster Parents

56055. (a) (1) Except as provided in subdivision (b), a foster parent shall, to the extent permitted by federal law, including, but not limited to, Section 300.20 of Title 34 of the Code of Federal Regulations, have the rights related to his or her foster child's education that a parent has under Title 20 (commencing with Section 1400) of the United States Code and pursuant to Part 300 (commencing with Section 300.1) of Title 34 of the Code of Federal Regulations. The foster parent may represent the foster child for the duration of the foster parent-foster child relationship in matters relating to identification, assessment, instructional planning and development, educational placement, reviewing and revising an individualized education program, if necessary, and in all other matters relating to the provision of a free appropriate public education of the child. Notwithstanding any other provision of law, this representation shall include the provision of written consent to the individualized education program, including nonemergency medical services, mental health treatment services, and occupational or physical therapy services pursuant to this chapter. The foster parent may sign any consent relating to individualized education program purposes.

(2) A foster parent exercising rights relative to a foster child under this section may consult with the parent or guardian of the child to ensure continuity of health, mental health, or other services.

(b) A foster parent who had been excluded by court order from making educational decisions on behalf of a pupil shall not have the rights relative to the pupil set forth in subdivision (a).

SEC. 54. Section 56200 of the Education Code is amended to read:

56200. Each local plan submitted to the superintendent under this part shall contain all the following:

(a) Compliance assurances, including general compliance with the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), and this part.

(b) A description of services to be provided by each district and county office. This description shall demonstrate that all individuals with exceptional needs shall have access to services and instruction

appropriate to meet their needs as specified in their individualized education programs.

(c) (1) A description of the governance and administration of the plan, including the role of county office and district governing board members.

(2) Multidistrict plans, submitted pursuant to subdivision (b) or (c) of Section 56195.1, shall specify the responsibilities of each participating county office and district governing board in the policymaking process, the responsibilities of the superintendents of each participating district and county in the implementation of the plan, and the responsibilities of district and county administrators of special education in coordinating the administration of the local plan.

(d) Copies of joint powers agreements or contractual agreements, as appropriate, for districts and counties that elect to enter into those agreements pursuant to subdivision (b) or (c) of Section 56195.1.

(e) An annual budget plan to allocate instructional personnel service units, support services, and transportation services directly to entities operating those services and to allocate regionalized services funds to the county office, responsible local agency, or other alternative administrative structure. The annual budget plan shall be adopted at a public hearing held by the district, special education local plan area, or county office, as appropriate. Notice of this hearing shall be posted in each school in the local plan area at least 15 days prior to the hearing. The annual budget plan may be revised during the fiscal year, and these revisions may be submitted to the superintendent as amendments to the allocations set forth in the plan. However, the revisions shall, prior to submission to the superintendent, be approved according to the policymaking process, established pursuant to paragraph (2) of subdivision (c).

(f) Verification that the plan has been reviewed by the community advisory committee and that the committee had at least 30 days to conduct this review prior to submission of the plan to the superintendent.

(g) A description of the identification, referral, assessment, instructional planning, implementation, and review in compliance with Chapter 4 (commencing with Section 56300).

(h) A description of the process being utilized to meet the requirements of Section 56303.

(i) A description of the process being utilized to meet the requirements of the California Early Intervention Services Act, Title 14 (commencing with Section 95000) of the Government Code.

(j) A description of the process being utilized to oversee and evaluate placements in nonpublic, nonsectarian schools and the method for ensuring that all requirements of each pupil's individualized education program are being met. This description shall include a

method for evaluating whether the pupil is making appropriate educational progress.

SEC. 55. Section 56207 of the Education Code is amended to read:

56207. (a) No educational programs and services already in operation in school districts or a county office of education pursuant to Part 30 (commencing with Section 56000) shall be transferred to another school district or a county office of education or from a county office of education to a school district unless the special education local plan area has developed a plan for the transfer which addresses, at a minimum, all of the following:

(1) Pupil needs.

(2) The availability of the full continuum of services to affected pupils.

(3) The functional continuation of the current individualized education programs of all affected pupils.

(4) The provision of services in the least restrictive environment from which affected pupils can benefit.

(5) The maintenance of all appropriate support services.

(6) The assurance that there will be compliance with all federal and state laws and regulations and special education local plan area policies.

(7) The means through which parents and staff were represented in the planning process.

(b) The date on which the transfer will take effect may be no earlier than the first day of the second fiscal year beginning after the date on which the sending or receiving agency has informed the other agency and the governing body or individual identified in subparagraph (A) of paragraph (12) of subdivision (a) of Section 56205, unless the governing body or individual identified in subparagraph (A) of paragraph (12) of subdivision (a) of Section 56205 unanimously approves the transfer taking effect on the first day of the first fiscal year following that date.

(c) If either the sending or receiving agency disagree with the proposed transfer, the matter shall be resolved by the alternative resolution process established pursuant to paragraph (5) of subdivision (b) of Section 56205.

(d) Notwithstanding Section 56208, this section shall apply to all special education local plan areas commencing on July 1, 1998, whether or not a special education local plan area has submitted a revised local plan for approval or has an approved revised local plan pursuant to Section 56836.03.

SEC. 56. Section 56366.1 of the Education Code is amended to read:

56366.1. (a) A nonpublic, nonsectarian school or agency that seeks certification shall file an application with the superintendent on forms

provided by the department and include the following information on the application:

(1) A description of the special education and designated instruction and services provided to individuals with exceptional needs if the application is for nonpublic, nonsectarian school certification.

(2) A description of the designated instruction and services provided to individuals with exceptional needs if the application is for nonpublic, nonsectarian agency certification.

(3) A list of appropriately qualified staff, a description of the credential, license, or registration that qualifies each staff member to render special education or designated instruction and services, and copies of their credentials, licenses, or certificates of registration with the appropriate state or national organization that has established standards for the service rendered.

(4) An annual operating budget.

(5) Affidavits and assurances necessary to comply with all applicable federal, state, and local laws and regulations which include criminal record summaries required of all nonpublic school or agency personnel having contact with minor children under Section 44237.

(b) If the applicant operates a facility or program on more than one site, each site shall be certified.

(c) If the applicant is part of a larger program or facility on the same site, the superintendent shall consider the effect of the total program on the applicant. A copy of the policies and standards for the nonpublic, nonsectarian school or agency and the larger program shall be available to the superintendent.

(d) Prior to certification, the superintendent shall conduct an onsite review of the facility and program for which the applicant seeks certification. The superintendent may be assisted by representatives of the special education local plan area in which the applicant is located and a nonpublic, nonsectarian school or agency representative who does not have a conflict of interest with the applicant. The superintendent shall conduct an additional onsite review of the facility and program within four years of the certification effective date, unless the superintendent conditionally certifies the school or agency or unless the superintendent receives a formal complaint against the school or agency. In the latter two cases, the superintendent shall conduct an onsite review at least annually.

(e) The superintendent shall make a determination on an application within 120 days of receipt of the application and shall certify, conditionally certify, or deny certification to the applicant. If the superintendent fails to take one of these actions within 120 days, the applicant is automatically granted conditional certification for a period terminating on August 31, of the current school year. If certification is denied, the superintendent shall provide reasons for the denial. The

superintendent may certify the school or agency for a period of not longer than four years.

(f) Certification becomes effective on the date the nonpublic, nonsectarian school or agency meets all the application requirements and is approved by the superintendent. Certification may be retroactive if the school or agency met all the requirements of this section on the date the retroactive certification is effective. Certification expires on December 31 of the terminating year.

(g) The superintendent shall annually review the certification of each nonpublic, nonsectarian school and agency. For this purpose, a certified school or agency shall annually update its application between August 1 and October 31, unless the board grants a waiver pursuant to Section 56101. The superintendent may conduct an onsite review as part of the annual review.

(h) The superintendent may monitor a nonpublic, nonsectarian school or agency onsite at any time without prior notice when there is substantial reason to believe that there is an immediate danger to the health, safety, or welfare of a child. The superintendent shall document the concern and submit it to the nonpublic, nonsectarian school or agency at the time of the onsite monitoring. The superintendent shall require a written response to any noncompliance or deficiency found.

(i) (1) Notwithstanding any other provision of law, the superintendent may not certify a nonpublic, nonsectarian school or agency that proposes to initiate or expand services to pupils currently educated in the immediate prior fiscal year in a juvenile court program, community school pursuant to Section 56150, or other nonspecial education program, including independent study or adult school, or both, unless the nonpublic, nonsectarian school or agency notifies the county superintendent of schools and the special education local plan area in which the proposed new or expanded nonpublic, nonsectarian school or agency is located of its intent to seek certification.

(2) The notification shall occur no later than the December 1 prior to the new fiscal year in which the proposed or expanding school or agency intends to initiate services. The notice shall include the following:

(A) The specific date upon which the proposed nonpublic, nonsectarian school or agency is to be established.

(B) The location of the proposed program or facility.

(C) The number of pupils proposed for services, the number of pupils currently served in the juvenile court, community school, or other nonspecial education program, the current school services including special education and related services provided for these pupils, and the specific program of special education and related services to be provided under the proposed program.

(D) The reason for the proposed change in services.

(E) The number of staff that will provide special education and designated instruction and services and hold a current valid California credential or license in the service rendered or certificate of registration to provide occupational therapy.

(3) In addition to the requirements in subdivisions (a) through (e), inclusive, the superintendent shall require and consider the following in determining whether to certify a nonpublic, nonsectarian school or agency as described in this subdivision:

(A) A complete statement of the information required as part of the notice under paragraph (1).

(B) Documentation of the steps taken in preparation for the conversion to a nonpublic, nonsectarian school or agency, including information related to changes in the population to be served and the services to be provided pursuant to each pupil's individualized education program.

(4) Notwithstanding any other provision of law, the certification becomes effective no earlier than July 1, if the school or agency provided the notification required pursuant to paragraph (1).

(j) The school or agency shall be charged a reasonable fee for certification. The superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts with greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

| | | |
|---|---|---|
| (1) | 1– 5 pupils | $ 150 |
| (2) | 6–10 pupils | 250 |
| (3) | 11–24 pupils | 500 |
| (4) | 25–75 pupils | 750 |
| (5) | 76 pupils and over | 1,000 |

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual review by the superintendent. The superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall be refunded if the application is withdrawn or is denied by the superintendent.

(k) (1) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who hold, or are receiving training under the supervision of staff who hold, a current valid California credential or license in the service rendered shall be eligible to receive certification. Only those nonpublic, nonsectarian schools or agencies located outside of California that

employ staff who hold a current valid credential or license to render special education and related services as required by that state shall be eligible to be certified.

(2) Nothing in this subdivision restricts student teachers, interns, or other staff who are enrolled in training programs that lead to a license or credential that authorize the holder to render services to special education pupils and who are under the direct supervision of a staff member who holds a current valid California credential, license, or certificate of registration document.

(3) A nonpublic, nonsectarian school or agency that employs only persons who hold a valid California credential authorizing substitute teaching pursuant to Section 56060 shall not be certified. At least one full-time person with a current valid California credential, license, or certificate of registration in the area of service to be rendered, or a current valid credential, license, or certificate of registration for appropriate special education and related services rendered that is required in another state, shall be required for purposes of certification under subdivision (d) of Section 56366.

(4) A nonpublic, nonsectarian school or agency that employs persons holding a valid emergency credential shall document efforts of recruiting appropriately credentialed, licensed, or registered personnel for the special education and related services rendered as a condition of renewing certification.

(5) Not later than August 1, 1997, the State Board of Education shall issue emergency regulations to implement the subdivision. The emergency regulations shall be developed by the Superintendent of Public Instruction, in collaboration with the Commission on Teacher Credentialing and other public agencies responsible for issuing licenses or certificates of registration to individuals providing designated instruction and services to individuals with exceptional needs. The regulations also shall be developed in consultation with statewide organizations representing public and nonpublic, nonsectarian schools or agencies that provide special education and designated instruction and services. The emergency regulations shall include, but shall not be necessarily limited to, all of the following:

(A) Requirements for minimum personnel qualifications for credentials to provide special education to individuals with exceptional needs issued by the Commission on Teacher Credentialing pursuant to this code and applicable federal laws.

(B) Requirements for minimum personnel qualifications for licenses or certifications of registration to provide designated instruction and services to individuals with exceptional needs issued by the California Board of Medical Quality Assurance, the Board of Behavioral Science Examiners, the Board of Consumer Affairs, and other state licensure

agencies that are authorized under the Business and Professions Code to grant licenses or certificates of registration that may be applicable to the provision of designated instruction and services to individuals with exceptional needs.

(C) Requirements for personnel who are not licensed or credentialed to provide special education or designated instruction and services to pupils under the supervision of a credentialed or licensed professional in the service rendered, including direct and nondirect supervision requirements established by this code and the Business and Professions Code, and related regulations.

(D) Requirements for the certification of nonpublic, nonsectarian schools and agencies to provide individual and group designated instruction and services to individuals with exceptional needs.

(6) For purposes of the Administrative Procedure Act, the Legislature declares that the regulations issued pursuant to paragraph (5) shall be deemed to be in response to an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare by ensuring that all personnel providing special education and designated instruction and services to individuals with exceptional needs are appropriately qualified to provide the services specified by a pupil's individualized education program.

(*l*) The superintendent shall establish guidelines for the implementation of subdivision (a) in consultation with statewide organizations representing providers of special education and designated instruction and services. The State Board of Education shall approve the standards not later than August 1, 1997.

(m) (1) By September 30, 1998, the superintendent shall, in consultation with statewide organizations representing providers of special education and designated instruction and services, develop the procedures, methods, and areas of certification, including, but not limited to, the following:

(A) Information required for purposes of the application specified in subdivision (a).

(B) Procedures for conducting onsite reviews of the nonpublic, nonsectarian school or agency program.

(C) Provisions specific to minimum staff qualifications to provide special education and designated instruction and services that are required for certification.

(D) Provisions specific to the provision of special education and related services to individuals with exceptional needs from birth to preschool.

(2) The board shall issue as rules and regulations the procedures, methods, and areas of certification developed pursuant to paragraph (1).

(n) In addition to meeting the standards adopted by the board, a nonpublic, nonsectarian school or agency shall provide written assurances that it meets all applicable standards relating to fire, health, sanitation, and building safety.

SEC. 57. Section 56391 of the Education Code is amended to read:

56391. An individual with exceptional needs who meets the criteria for a certificate or document described in Section 56390 shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a pupil of similar age without disabilities would be eligible to participate. The right to participate in graduation ceremonies does not equate a certificate or document described in Section 56390 with a regular high school diploma.

SEC. 58. Section 56836.02 of the Education Code is amended to read:

56836.02. (a) The superintendent shall apportion funds from Section A of the State School Fund to districts and county offices of education in accordance with the allocation plan adopted pursuant to Section 56836.05, unless the allocation plan specifies that funds be apportioned to the administrative unit of the special education local plan area. If the allocation plan specifies that funds be apportioned to the administrative unit of the special education local plan area, the administrator of the special education local plan area shall, upon receipt, distribute the funds in accordance with the method adopted pursuant to subdivision (i) of Section 56195.7. The allocation plan shall, prior to submission to the superintendent, be approved according to the local policymaking process established by the special education local plan area.

(b) The superintendent shall apportion funds for regionalized services and program specialists from Section A of the State School Fund to the administrative unit of each special education local plan area. Upon receipt, the administrator of a special education local plan area shall direct the administrative unit of the special education local plan area to distribute the funds in accordance with the budget plan adopted pursuant to paragraph (1) of subdivision (b) of Section 56205.

SEC. 59. Section 60061 of the Education Code is amended to read:

60061. (a) A publisher or manufacturer shall do all of the following:

(1) Furnish the instructional materials offered by the publisher at a price in this state that, including all costs of transportation to that place, does not exceed the lowest price at which the publisher offers those instructional materials for adoption or sale to any state or school district in the United States.

(2) Automatically reduce the price of those instructional materials to any governing board to the extent that reductions are made elsewhere in the United States.

(3) Provide any instructional materials free of charge in this state to the same extent as that received by any state or school district in the United States.

(4) Guarantee that all copies of any instructional materials sold in this state are at least equal in quality to the copies of those instructional materials that are sold elsewhere in the United States, and are kept revised, free from all errors, and up to date as may be required by the state board.

(5) Not in any way, directly or indirectly, become associated or connected with any combination in restraint of trade in instructional materials, or enter into any understanding, agreement, or combination to control prices or restrict competition in the sale of instructional materials for use in this state.

(6) Maintain a representative, office, or depository in the State of California or arrange with an independently owned and operated depository in the State of California to receive and fill orders for instructional materials.

(7) Provide to the state, at no cost, computer files or other electronic versions of each state-adopted literary title and the right to transcribe, reproduce, modify, and distribute the material in Braille, large print if the publisher does not offer a large print edition, recordings, American Sign Language videos for the deaf, or other specialized accessible media exclusively for use by pupils with visual disabilities or other disabilities that prevent use of standard instruction materials. Computer files or other electronic versions of instructional materials adopted for kindergarten and grades 1 to 8, inclusive, and for grades 9 to 12, inclusive, shall be provided within 30 days of a request by the state as needed for the following purposes:

(A) Computer files or other electronic versions of literary titles shall maintain the structural integrity of the standard instruction materials, be compatible with commonly used Braille translation and speech synthesis software, and include corrections and revisions as may be necessary.

(B) Computer files or other electronic versions of nonliterary titles, including science and mathematics, shall be provided when technology is available to convert those materials to a format that maintains the structural integrity of the standard instructional materials and is compatible with Braille translation and speech synthesis software.

(b) Upon the willful failure of the publisher or manufacturer to comply with the requirements of this section, the publisher or manufacturer be liable to the governing board in the amount of three

times the total sum that the publisher or manufacturer was paid in excess of the price required under paragraphs (1), (2), and (5) of subdivision (a), and in the amount of three times the total value of the instructional materials and services that the governing board is entitled to receive free of charge under subdivision (a).

SEC. 60. Section 60240 of the Education Code is amended to read:

60240. (a) The State Instructional Materials Fund is hereby continued in existence in the State Treasury. The fund shall be a means of annually funding the acquisition of instructional materials as required by the Constitution of the State of California. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated to the State Department of Education without regard to fiscal years for carrying out the purposes of this part. It is the intent of the Legislature that the fund shall provide for flexibility of instructional materials.

(b) The State Department of Education shall administer the fund under policies established by the state board.

(c) (1) The state board shall encumber part of the fund to pay for accessible instructional materials to accommodate pupils who are visually impaired pursuant to Sections 60312 and 60313 or have other disabilities and are unable to access the general curriculum.

(2) The state board may encumber funds, in an amount not to exceed two hundred thousand dollars ($200,000), for replacement of instructional materials, obtained by a school district with its allowance that are lost or destroyed by reason of fire, theft, natural disaster, or vandalism.

(3) The state board may encumber funds for the costs of warehousing and transporting instructional materials it has acquired.

SEC. 61. Section 60313 of the Education Code is amended to read:

60313. (a) The Superintendent of Public Instruction shall maintain a central clearinghouse-depository and duplication center for the design, production, modification, and distribution of Braille, large print, special recordings, and other accessible versions of instructional materials for use by pupils with visual impairments or other disabilities who are enrolled in the public schools of California.

(b) Assistive devices placed in the depository shall consist of items designed for use by pupils with visual impairments.

(c) The instructional materials in specialized media shall be available, in a manner determined by the State Board of Education, to other pupils with disabilities enrolled in the public schools of California who are unable to progress in the general curriculum using conventional print copies of textbooks and other study materials.

(d) The specialized textbooks, reference books, recordings, study materials, tangible apparatus, equipment, and other similar items shall

be available for use by students with visual impairments enrolled in the public community colleges, the California State University, and the University of California.

SEC. 62. Section 60400 of the Education Code is amended to read:

60400. The governing board of each school district maintaining one or more high schools shall adopt instructional materials for use in the high schools under its control. Only instruction materials of those publishers who comply with the requirements of Article 3 (commencing with Section 60040) and Article 4 (commencing with Section 60060) of Chapter 1 of this part and of Section 60226 may be adopted by the district board.

SEC. 63. Section 63051 of the Education Code is amended to read:

63051. (a) The Superintendent of Public Instruction, with the approval of the State Board of Education, shall select not more than 75 school districts that apply to participate in the pilot project established pursuant to this chapter.

(b) Each school district that applies to participate in the pilot project established pursuant to this chapter shall submit a project budget with the application. The project budget shall specify how categorical program funding will be allocated or reallocated under the pilot project. No school district may participate in the pilot project unless the district's proposed plan is approved by the State Board of Education.

(c) The superintendent shall determine the 25 largest school districts in the state on the basis of pupil enrollment as of October 1999. From this list, the superintendent shall select no more than one school district from the largest five school districts and no more than four school districts from the remaining 20 largest school districts to participate in the pilot project. If more than one of the largest five school districts applies, or more than four school districts from the remaining 20 school districts applies, the superintendent shall select those school districts to participate in the pilot project by lottery.

(d) After making selections pursuant to subdivision (b), the superintendent may select up to 70 additional participants from applicant school districts. The superintendent shall ensure that participating school districts are broadly representative of the state, including small school districts, urban school districts, rural school districts, suburban school districts, elementary school districts, high school districts, and unified school districts.

(e) A school district approved for participation shall have a minimum of five years of expenditure flexibility as described in this chapter commencing on and after the 2000–01 fiscal year.

SEC. 64. Section 69995 of the Education Code is amended to read:

69995. (a) It is the intent of the Legislature in enacting this article to encourage high school pupils to study hard and master the California

academic content standards adopted by the State Board of Education and to excel in mathematics and the sciences.

(b) The Scholarshare Investment Board, known hereafter as ''the board,'' unless otherwise specified, shall administer the programs authorized by this article, including the adoption of rules and regulations as provided by subdivision (d) of Section 69981, and in so doing shall cooperate with the State Department of Education, the Treasurer's office, the Controller, the college board, private test publishing companies, and other entities necessary to ensure the accurate and timely identification and reporting of award recipients, granting of awards, and administration of these programs. The State Department of Education shall ensure that the contract with the test publisher selected pursuant to Section 60642 reflects the reporting requirements of this article and that the publisher meets those requirements.

(c) The definitions in Section 69980 apply to this article.

(d) To be eligible for an award pursuant to the programs authorized by this article, a pupil shall meet all of the following eligibility criteria:

(1) Take the achievement test authorized by Section 60640 in grade 9, 10, or 11.

(2) Have been enrolled at a California public school for at least 12 consecutive months immediately preceding the administration of the achievement test specified in paragraph (1), as evidenced by his or her school records obtained pursuant to administration of the program authorized by this article.

(3) Take both of the following:

(A) The nationally normed reading and mathematics portions of the achievement test, as specified by the State Board of Education and authorized by Section 60640.

(B) The English/language arts and mathematics portions of the achievement test authorized by Section 60640 that are augmented and aligned, pursuant to subdivision (f) of Section 60644, with the California academic content standards, unless otherwise exempted by action of the State Board of Education.

(e) Awards made pursuant to this article shall be an entitlement to pupils identified as qualifying for an award pursuant to this article. The State Department of Education shall annually provide the board with an estimate of the number of pupils with qualifying scores by October 15. Upon receipt of the estimate on or before October 15, the board shall deposit a single amount equal to the sum of the amounts of the awards earned by qualifying pupils into a single account separate and apart from all participant accounts within the Golden State Scholarshare Trust in the names of those pupils. Scholarship assets may not be commingled for investment purposes with participant accounts. Notwithstanding the provisions of Section 69991, all assets of the scholarship account, while

part of the Golden State Scholarshare Trust, are owned by the state until used to pay the qualified higher education expenses of the beneficiary.

(f) The entity contracted for the assessment authorized by Section 60640 shall annually, on or before January 15, provide the board a digital report that contains a final list of pupils identified as qualifying for an award pursuant to this article. To ensure that this digital report is accurate and is prepared on a timely basis, all corrections and revisions to the data that is used to prepare the digital report shall be submitted to the State Department of Education on or before November 15 of the preceding year.

(g) Deposits made to this account shall be invested according to the guidelines established by the board pursuant to the requirements of state and federal law. The deposits shall be invested through a guaranteed funding agreement with an interest rate to be declared annually by the investment manager, or through another investment determined by the board to be equally or more secure. For purposes of this section, a guaranteed funding agreement is an approved investment vehicle for state-owned scholarship funds.

(h) Nothing in this article shall be construed to prevent any pupil from seeking private or other funding sources to supplement the amount of any funds awarded pursuant to this article.

(i) Award recipients shall be informed that the programs authorized by this article do not guarantee in any way that higher education expenses will be equal to projections and estimates provided by the board, nor that the claimant will be guaranteed any of the following:

(1) Admission to an institution of higher education.

(2) If admitted, a determination that the award recipient is a resident for tuition purposes by the institution of higher education.

(3) Continued attendance at the institution of higher education following admission.

(4) Graduation from the institution of higher education.

(5) Savings sufficient to fully cover all qualified education expenses of attending an institution of higher education.

(j) Notwithstanding any other provision of state law, any funds awarded pursuant to this article shall augment and not supplant student financial aid from other public sources, inclusive of calculating eligibility for student financial aid.

(k) Notwithstanding any other provision of law, the awards and earnings claimed by a recipient pursuant to this article shall be exempt from state income tax liability.

(*l*) To the extent allowed under federal law, any funds awarded pursuant to this article may not be considered in the federal needs analysis for student financial aid, as they are an asset of the state until used for the payment of qualified higher education expenses.

SEC. 65. Section 69996 of the Education Code is amended to read:

69996. (a) Awards and the investment earnings accumulated pursuant to this article shall be available for the payment of qualified higher education expenses, as defined in subdivisions (g) and (*l*) of Section 69980. Pursuant to its authority under subdivision (d) of Section 69981, the board shall adopt rules and regulations to ensure that funds authorized by this chapter are disbursed directly to the institution of higher education indicated by an award recipient on his or her form.

(b) Funds authorized by this article are nontransferable to any other person or entity and may only be used for the purposes stated herein. No funds authorized by this article may be pledged as collateral for any loan.

(c) (1) Awards and their investment earnings invested in the Scholarshare Trust shall remain assets of, and owned by, the state until used for the payment of qualified higher education expenses as authorized by this section, and shall remain invested in the Scholarshare Trust until they are used for the purposes authorized by this section or until the recipient achieves the age of 30, whichever occurs first. If, due to death or disability, an award recipient is unable to attend an institution of higher education before reaching the age of 30 and the scholarship funds have not already been used for purposes of this article, the scholarship funds designated for the recipient shall revert to the General Fund.

(2) Any funds not utilized within this time period shall revert to the General Fund after the payment of any amount determined to be due the federal government as a result of the reversion.

(d) The board shall establish rules and regulations for an award recipient to claim the funds deposited and accrued in the Scholarshare Trust in the name of that recipient, including, but not limited to, the claim process, qualified distributions, necessary documentation, deadlines for submission of claims for awards, the granting of awards, appeals procedures, and any forfeiture procedures. The board has no authority to validate testing methods or test scores contemplated by this article and shall not make any determination regarding the validity of these testing methods or test scores.

(e) The board shall request each award recipient to voluntarily report personal information, including, but not limited to, ethnicity, gender, and family income. The board shall compile and retain this information in a confidential manner so that the personal information of any award recipient is not publicly disclosed in a manner that may be associated with particular individuals.

(f) Within the annual report required pursuant to Section 69989, the board shall also include, at a minimum, the number of pupils with qualifying scores for an award pursuant to this article, the number of Governor's Scholars awards claimed and disbursed, the rate of return

earned by the funds authorized by this article in the previous five fiscal years, the amount of funds expended pursuant to this article in the previous five fiscal years, and a list, by high school, of the number of awards granted pursuant to the program authorized by this article. To the extent that information is available and can be disclosed without allowing the information to be associated with particular individuals, the board shall include information on the ethnicity, gender, and family income of award recipients.

SEC. 66. Section 69997 of the Education Code is amended to read:

69997. (a) The Governor's Scholars Program is hereby established. This program shall provide a scholarship of one thousand dollars ($1,000) to each public high school pupil who, on or after January 1, 2000, demonstrates high academic achievement on the achievement test authorized by Section 60640. Pupils receiving a scholarship pursuant to this section shall be known as ''Governor's Scholars.''

(b) Until the State Board of Education determines that the English language arts and mathematics portions of the statewide pupil achievement test authorized by Section 60640 have been aligned with the California academic content standards, and the standards aligned test is both valid and reliable for high stakes purposes, a pupil shall earn a scholarship pursuant to this section by satisfying either of the following criteria:

(1) Attaining a combined score on the reading and mathematics portions of the nationally normed achievement test adopted by the State Board of Education pursuant to Section 60642 that places him or her in the top 5 percent of test takers in his or her grade level statewide. A pupil attending any California public school, including those specified in subdivision (g) of Section 52052, is eligible to receive an award pursuant to this paragraph.

(2) Attaining a combined score on the nationally normed reading and mathematics portions of the achievement test adopted by the State Board of Education pursuant to Section 60642 that places him or her in the top 10 percent of test takers in his or her grade level in the comprehensive public high school attended by that pupil. When calculating the top 10 percent, the result shall be rounded to the nearest whole integer for the purpose of determining the number of awards in any high school. If this calculation results in a number of pupils less than one in any high school, there shall be one award at that school.

(c) Pupils earning an award pursuant to subdivision (b) may receive only one award in any given year. However, a pupil may earn a lifetime maximum of three awards by meeting the requirements of this section in each of grades 9, 10, and 11.

(d) Once the State Board of Education has determined that the English language arts and mathematics portions of the statewide pupil

achievement test authorized by Section 60640 have been aligned with the California academic content standards, and the standards aligned test is both valid and reliable for high stakes purposes, that test shall be used as the basis for the award of scholarships pursuant to subdivision (a).

(e) (1) For the purposes of this section, a ''comprehensive high school'' includes both of the following:

(A) The California Schools for the Deaf established pursuant to Chapter 1 (commencing with Section 59000) of Part 32.

(B) The California School for the Blind established pursuant to Chapter 2 (commencing with Section 59100) of Part 32.

(2) A pupil attending the California Schools for the Deaf or the California School for the Blind who met the criteria for an award pursuant to this section for tests taken in year 2000 shall receive an award for that year.

SEC. 67. Section 69998 of the Education Code is amended to read:

69998. (a) The Governor's Distinguished Mathematics and Science Scholars Program is hereby established. This program shall provide a scholarship of two thousand five hundred dollars ($2,500) for public high school pupils who demonstrate specified high academic achievement in mathematics and the sciences. Pupils receiving a scholarship pursuant to this section shall be known as ''Governor's Mathematics and Science Scholars.''

(b) In addition to the criteria specified in subdivision (d) of Section 69995, a pupil shall satisfy the following to be eligible to receive a scholarship pursuant to this section:

(1) Earn an award pursuant to the program authorized by Section 69997.

(2) Take an advanced placement calculus examination offered by the college board.

(3) Take any one of the advanced placement biology, chemistry, or physics examinations offered by the college board.

(c) If the provisions of subdivision (d) apply, then paragraphs (2) and (3) of subdivision (b) shall be effective only as specified in subdivision (d).

(d) (1) If the pupil's school offers an advanced placement course in a subject identified in subdivision (b), only the advanced placement examination in that subject shall be allowed for the purposes of determining eligibility for an award pursuant to this section. If a pupil's school does not offer an advanced placement course in a subject identified in subdivision (b), he or she may take instead the Golden State Examination, as authorized by Article 5 (commencing with Section 60650) of Chapter 5 of Part 33, in that subject in order to be eligible to receive a scholarship pursuant to this section. Should there appear to be

a conflict between this subdivision and any other subdivision related to this program, this subdivision shall be controlling.

(2) For the science test, the Golden State Examination in second-year coordinated science may be used in place of any other Golden State Examination in science for the purposes of this subdivision.

(3) For the mathematics test, only the High School Mathematics Golden State Examination may be used for the purposes of this subdivision.

(e) Eligible pupils shall earn a scholarship pursuant to this section by satisfying all of the following requirements:

(1) Attaining a score of five, on the advanced placement calculus AB examination, or attaining a score of four or five on the higher-level advanced placement calculus BC examination.

(2) Attaining a score of five on any one of the advanced placement biology, chemistry, or physics B examinations, or attaining a score of four or five on both of the advanced placement physics C (mechanics or electricity and magnetism) examinations.

(3) If a pupil is eligible for an award pursuant to paragraph (4) of subdivision (b), he or she must attain a score of six on the appropriate Golden State Examination, as described in subdivision (d).

(f) As an alternative to the examination requirements set forth in subdivisions (b), (c), (d), and (e), a pupil may be eligible to receive a scholarship pursuant to this section for performance in science and mathematics examinations that are part of the International Baccalaureate Program. The State Board of Education shall review and designate those International Baccalaureate examinations that are equivalent to the advanced placement tests or Golden State Examinations for which pupils may receive scholarships pursuant to this section. The State Board of Education shall also designate the score on International Baccalaureate examinations that is equivalent to the score required on advanced placement tests or Golden State Examinations in order to receive a scholarship.

(g) The State Board of Education may modify this list of examinations as necessary to reflect additions and deletions to the series of examinations offered by the college board for advanced placement courses. The State Board of Education may also determine the relative rigor of any new examinations added to the list and whether those examinations should require a score of four or five if the added examinations and qualifying scores reflect at least the same level of rigor as the advanced placement examinations specified in this section.

(h) Test scores earned before receiving an award pursuant to the program authorized by Section 69997 may be used to satisfy the requirements of subdivision (d), even if these scores are earned before January 1, 2000. A pupil may not claim an award pursuant to this section

until the pupil has earned and successfully claimed an award pursuant to the program authorized by Section 69997.

(i) A pupil may receive a maximum of one award pursuant to the program established by this section.

(j) Subdivisions (c) and (d) and paragraph (4) of subdivision (b), subdivision (c), and paragraph (3) of subdivision (e) shall become inoperative, and are repealed as of December 31, 2001.

SEC. 68. Section 78300 of the Education Code is amended to read:

78300. (a) The governing board of any community college district may, without the approval of the Board of Governors of the California Community Colleges, establish and maintain community service classes in civic, vocational, literacy, health, homemaking, technical and general education, including, but not limited to, classes in the fields of visual and performing arts, handicraft, science, literature, nature study, nature contacting, aquatic sports and athletics. These classes shall be designed to provide instruction and to contribute to the physical, mental, moral, economic, or civic development of the individuals or groups enrolled therein.

(b) Community service classes shall be open for the admission of adults and of those minors as in the judgment of the governing board may profit therefrom.

(c) Governing boards shall not expend General Fund moneys to establish and maintain community service classes. Governing boards may charge students enrolled in community service classes a fee not to exceed the cost of maintaining community service classes, or may provide instruction in community service classes for remuneration by contract, or with contributions or donations of individuals or groups. The board of governors shall adopt guidelines defining the acceptable reimbursable costs for which a fee may be charged and shall collect data and maintain uniform accounting procedures to ensure that General Fund moneys are not used for community services classes.

SEC. 69. Section 89230 of the Education Code is amended to read:

89230. ''Instructionally related activities'' means those activities and laboratory experiences that are at least partially sponsored by an academic discipline or department and that are, in the judgment of the president of a particular campus, with the approval of the trustees, integrally related to its formal instructional offerings.

Activities that are considered to be essential to a quality educational program and an important instructional experience for any student enrolled in the respective program may be considered instructionally related activities.

Instructionally related activities include, but are not limited to, all of the following:

(a) Intercollegiate athletics: costs that are necessary for a basic competitive program including equipment and supplies and scheduled travel, not provided by the state. Athletic grants should not be included.

(b) Radio, television, film: costs related to the provisions of basic ''hands-on'' experience not provided by the state. Purchase or rental of films as instructional aids shall not be included.

(c) Music and dance performance: costs to provide experience in individual and group performance, including recitals, before audiences and in settings sufficiently varied to familiarize students with the performance facet of the field.

(d) Theatre and musical productions: basic support of theatrical and operatic activities sufficient to permit experience not only in actual performance, but in production, direction, set design, and other elements considered a part of professional training in these fields.

(e) Art exhibits: support for student art shows given in connection with degree programs.

(f) Publications: the costs to support and operate basic publication programs including a periodic newspaper and other laboratory experience basic to journalism and literary training. Additional publications designed primarily to inform or entertain shall not be included.

(g) Forensics: activities designed to provide experience in debate, public speaking, and related programs, including travel required for a competitive debate program.

(h) Other activities: activities associated with other instructional areas that are consistent with purposes included in the above may be added as they are identified.

Pursuant to this section and other provisions of this code, the Chancellor of the California State University shall develop a program of fiscal support and shall consult with the California State Student Association, the Academic Senate, and the Chancellor's Council of Presidents regarding the program.

This section shall not become operative unless funds are appropriated to meet the instructionally related needs of the campuses of the California State University.

SEC. 70. Section 99223 of the Education Code is amended to read:

99223. The Regents of the University of California are requested to jointly develop with the Trustees of the California State University and the independent colleges and universities, the Algebra Academies Professional Development Institutes, to be administered by the university, in partnership with the California State University and with private, independent universities in California, in accordance with all of the following criteria:

(a) In July 2000, the University of California and its institutes' partners shall commence instruction for 1,000 participants who either provide direct instruction in prealgebra and algebra to pupils in grades 7 and 8, or supervise beginning teachers of algebra.

(b) (1) The institutes shall provide instruction for school teams from each participating school. These school teams may include both beginning and experienced teachers and the schoolsite administrator.

(2) Criteria and priority for selection of participating school teams shall include, but are not necessarily limited to, all of the following:

(A) Schools whose pupils' scores on the mathematics portion of the achievement test authorized by Section 60640 are at or below the 40th percentile.

(B) Teams composed of a large percentage of members of their schools' mathematics departments, which may include the chair of that department.

(C) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(D) Schools with a high number of beginning and noncredentialed teachers.

(E) Schools that have adopted standards-based materials approved by the State Board of Education.

(3) In any fiscal year, if funding is inadequate to accommodate the participation of all eligible school teams, first priority shall be given to schools that meet the criteria described in subparagraph (D) of paragraph (2).

(c) (1) The institutes shall provide instruction in the teaching of prealgebra and algebra in a manner consistent with the standard for a comprehensive mathematics instruction program that is research-based and shall include all of the following components:

(A) Instruction in prealgebra and algebra that will enhance the ability of teachers to prepare pupils for the achievement test authorized pursuant to Section 60640 and the high school exit examination authorized pursuant to Section 60850.

(B) Ongoing diagnostic techniques that inform teaching and assessment.

(C) Early intervention techniques for pupils experiencing difficulty in prealgebra and algebra.

(2) Instruction provided pursuant to this section shall be consistent with state-adopted academic content standards and with the curriculum frameworks on mathematics for kindergarten and grades 1 to 12, inclusive, that are adopted by the State Board of Education.

(d) Each participant who satisfactorily completes an institute authorized by this section shall receive a stipend, commensurate with the duration of the institute, of not less than one thousand dollars ($1,000)

nor more than two thousand dollars ($2,000), as determined by the University of California.

(e) In order to provide maximum access, the institutes shall be offered on multiple university and college campuses that are widely distributed throughout the state. Instruction at the institutes shall consist of an intensive, sustained training period of no less than 40 hours during the summer or during an intersession break, and shall be supplemented, during the following school year, with no fewer than the equivalent of five additional days of instruction and schoolsite meetings, held on at least a monthly basis, to focus on the academic progress of that school's pupils in prealgebra and algebra.

(f) Teachers attending the institutes authorized by this section shall, as a condition of attendance and subsequent to that attendance, serve as instructors in the program authorized by Chapter 18 (commencing with Section 53091) of Part 28. These teachers shall continue to receive followup professional development during the same time period they are providing instruction. Followup professional development during this time period shall occur outside of instructional time.

(g) It is the intent of the Legislature that a local education agency or postsecondary institution that offers an accredited program of professional preparation consider providing partial and proportional credit toward satisfaction of mathematics course requirements to an enrolled candidate who satisfactorily completes an Algebra Academies Professional Development Institute if the institute has been certified by the Commission on Teacher Credentialing as meeting mathematics standards.

SEC. 71. Section 3540.2 of the Government Code is amended to read:

3540.2. (a) A school district that has a qualified or negative certification pursuant to Section 42131 of the Education Code shall allow the county office of education in which the school district is located at least six working days to review and comment on any proposed agreement made between the exclusive representative and the public school employer, or designated representatives of the employer, pursuant to this chapter. The school district shall provide the county superintendent of schools with all information relevant to yield an understanding of the financial impact of that agreement.

(b) The Superintendent of Public Instruction shall develop a format for use by the appropriate parties in generating the financial information required pursuant to subdivision (a).

(c) The county superintendent of schools shall notify the school district publicly within those six days if, in his or her opinion, the agreement reviewed pursuant to subdivision (a) would endanger the fiscal well-being of the school district.

(d) A school district shall provide the county superintendent of schools, upon request, with all information relevant to provide an understanding of the financial impact of any final collective bargaining agreement reached pursuant to Section 3543.2.

(e) A county office of education that has a qualified or negative certification pursuant to Section 1240 of the Education Code shall allow the Superintendent of Public Instruction at least six working days to review and comment on any proposed agreement made between the exclusive representative and the public school employer, or designated representatives of the employer, pursuant to this chapter. The county superintendent of schools shall provide the Superintendent of Public Instruction with all information relevant to yield an understanding of the financial impact of that agreement. The Superintendent of Public Instruction shall notify the county superintendent of schools publicly within those six days if, in his or her opinion, the proposed agreement would endanger the fiscal well-being of the county office.

SEC. 72. Section 4420.5 of the Government Code is amended to read:

4420.5. (a) Section 4420 does not apply to any construction or renovation project undertaken by a school district or community college district.

(b) The district may use owner-controlled or wrap-up insurance with regard to a construction or renovation project if the district makes the following determinations:

(1) Prospective bidders, including contractors and subcontractors, meet minimum occupational safety and health qualifications established to bid on the project. The evaluation of prospective bidders shall be based on consideration of the following factors:

(A) Serious and willful violations of Part 1 (commencing with Section 6300) of Division 5 of the Labor Code, by a contractor or subcontractor during the past five-year period.

(B) The contractor's or subcontractor's workers' compensation experience modification factor.

(C) A contractor's or subcontractor's injury prevention program instituted pursuant to Section 3201.5 or 6401.7 of the Labor Code.

(2) The use of owner-controlled or wrap-up insurance will minimize the expenditure of public funds on the project in conjunction with the exercise of appropriate risk management.

(c) For purposes of this section, ''owner-controlled or wrap-up insurance'' means a series of insurance policies issued to cover all of the contractors and subcontractors on a given project for purposes of general liability and workers' compensation.

(d) Any use of owner-controlled or wrap-up insurance pursuant to this section shall be subject to paragraphs (3) to (6), inclusive, of

subdivision (b) of Section 4420 and subdivisions (c) and (d) of that section.

SEC. 73. Section 6516.6 of the Government Code is amended to read:

6516.6. (a) Notwithstanding any other provision of law, a joint powers agency established pursuant to a joint powers agreement in accordance with this chapter may issue bonds pursuant to Article 2 (commencing with Section 6540) or Article 4 (commencing with Section 6584), in order to purchase obligations of local agencies or make loans to local agencies, which moneys the local agencies are hereby authorized to borrow, to finance the local agencies' unfunded actuarial pension liability or to purchase, or to make loans to finance the purchase of, delinquent assessments or taxes levied on the secured roll by the local agencies, the county, or any other political subdivision of the state. Notwithstanding any other provision of law, including Section 53854, the local agency obligations or loans, if any, shall be repaid in the time, manner and amounts, with interest, security, and other terms as agreed to by the local agency and the joint powers authority.

(b) Notwithstanding any other provision of law, a joint powers authority established pursuant to a joint powers agreement in accordance with this chapter may issue bonds pursuant to Article 2 (commencing with Section 6540) or Article 4 (commencing with Section 6584), in order to purchase or acquire, by sale, assignment, pledge, or other transfer, any or all right, title, and interest of any local agency in and to the enforcement and collection of delinquent and uncollected property taxes, assessments, and other receivables that have been levied by or on behalf of the local agency and placed for collection on the secured, unsecured, or supplemental property tax rolls. Local agencies, including, cities, counties, cities and counties, school districts, redevelopment agencies, and all other special districts that are authorized by law to levy property taxes on the county tax rolls, are hereby authorized to sell, assign, pledge, or otherwise transfer to a joint powers authority any or all of their right, title, and interest in and to the enforcement and collection of delinquent and uncollected property taxes, assessments, and other receivables that have been levied by or on behalf of the local agency for collection on the secured, unsecured, or supplemental property tax rolls in accordance with the terms and conditions that may be set forth in an agreement with a joint powers authority.

(c) Notwithstanding Division 1 (commencing with Section 50) of the Revenue and Taxation Code, upon any transfer authorized in subdivision (b), the following shall apply:

(1) A local agency shall be entitled to timely payment of all delinquent taxes, assessments, and other receivables collected on its

behalf on the secured, unsecured, and supplemental tax rolls, along with all penalties, interest, costs, and other charges thereon, no later than 30 calendar days after the close of the preceding monthly or four-week accounting period during which the delinquencies were paid by or on account of any property owner.

(2) Upon its receipt of the delinquent taxes, assessments, and receivables that it had agreed to be transferred, a local agency shall pay those amounts, along with all applicable penalties, interest, costs, and other charges, to the joint powers authority in accordance with the terms and conditions that may be agreed to by the local agency and the joint powers authority.

(3) The joint powers authority shall be entitled to assert all right, title, and interest of the local agency in the enforcement and collection of the delinquent taxes, assessments, and receivables, including without limitation, its lien priority, its right to receive the proceeds of delinquent taxes, assessments, and receivables, and its right to receive all penalties, interest, administrative costs, and any other charges, including attorney fees and costs, if otherwise authorized by law to be collected by the local agency.

(4) (A) For any school district that participates in a joint powers authority using financing authorized by this section and that does not participate in the alternative method of distribution of tax levies under Chapter 3 of Division 1 of Part 8 of the Revenue and Taxation Code, the amount of property tax receipts to be reported in a fiscal year for the district under subdivision (f) of Section 75.70 of the Revenue and Taxation Code, or any other similar law requiring reporting of school district property tax receipts, shall be equal to 100 percent of the school district's allocable share of the taxes distributed to it for the then fiscal year, plus 100 percent of the school district's share of any delinquent secured and supplemental property taxes assigned from that year and 100 percent of its share of any delinquent secured and supplemental property taxes from any prior years which the school district has assigned to a joint powers authority in that fiscal year, as such delinquent taxes are shown on the delinquent tax roll prescribed by Section 2627 of the Revenue and Taxation Code, on an abstract list if one is kept pursuant to Chapter 4 (commencing with Section 4372) of Part 7 of Division 1 of the Revenue and Taxation Code, or other records maintained by the county, plus all other delinquent taxes that the school district has not assigned to a joint powers authority which are collected and distributed to the school district as otherwise provided by law, less any reduction amount required by subparagraph (B). One hundred percent of the school district's allocable share of the delinquent taxes assigned for the current fiscal year, and 100 percent of the school district's allocable share of the delinquent taxes assigned for all years prior thereto, as shown on

the delinquent roll, abstract list, or other records maintained by the county, whether or not those delinquent taxes are ever collected, shall be paid by the joint powers authority to the county auditor and shall be distributed to the school district by the county auditor in the same time and manner otherwise specified for the distribution of tax revenues generally to school districts pursuant to current law. Any additional amounts shall not be so reported and may be provided directly to a school district by a joint powers authority.

(B) When a joint powers authority finances delinquent taxes for a school district pursuant to this section, and continuing as long as adjustments are made to the delinquent taxes previously assigned to a joint powers authority, the school district's tax receipts to be reported as set forth in subparagraph (A) shall be reduced by the amount of any adjustments made to the school district's allocable share of taxes shown on the applicable delinquent tax roll, abstract list, if one is kept, or other records maintained by the county, occurring for any reason whatsoever other than redemption, which reduce the amount of the delinquent taxes assigned to the joint powers authority.

(C) A joint powers authority financing delinquent school district taxes and related penalties pursuant to this subdivision shall be solely responsible for, and shall pay directly to the county, all reasonable and identifiable administrative costs and expenses of the county which are incurred as a direct result of the compliance of the county tax collector or county auditor, or both, with any new or additional administrative procedures required for the county to comply with this subdivision. Where reasonably possible, the county shall provide a joint powers authority with an estimate of the amount of and basis for any additional administrative costs and expenses within a reasonable time after written request for an estimate.

(D) In no event shall the state be responsible or liable for a joint powers authority's failure to actually pay the amounts required by subparagraphs (A) and (B), nor shall a failure constitute a basis for a claim against the state by a school district, county, or joint powers authority.

(E) The phrase ''school district,'' as used in this section, includes all school districts of every kind or class, including, without limitation, community college districts and county superintendents of school.

(d) The powers conferred by this section upon joint powers authorities and local agencies shall be complete, additional, and cumulative to all other powers conferred upon them by law. Except as otherwise required by this section, the agreements authorized by this section need not comply with the requirements of any other laws applicable to the same subject matter.

(e) An action to determine the validity of any bonds issued, any joint powers agreements entered into, any related agreements, including, without limitation, any bond indenture or any agreements relating to the sale, assignment, or pledge entered into by a joint powers authority or a local agency, the priority of any lien transferred in accordance with this section, and the respective rights and obligations of any joint powers authority and any party with whom the joint powers authority may contract pursuant to this chapter, may be brought by the joint powers authority pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. Any appeal from a judgment in the action shall be commenced within 30 days after entry of judgment.

(f) This section shall not be construed to affect the manner in which an agency participates in or withdraws from the alternative distribution method established by Chapter 3 (commencing with Section 4701) of Part 8 of Division 1 of the Revenue and Taxation Code.

SEC. 74. Section 8869.84 of the Government Code is amended to read:

8869.84. (a) The committee shall, as soon as is practicable after the start of each calendar year, determine and announce the state ceiling for the calendar year.

(b) The entire state ceiling for each calendar year is hereby allocated to the committee to further allocate to state and local agencies as provided in this chapter.

(c) The committee shall prepare application forms and announce procedures for receipt and review of applications from state and local agencies desiring to issue private activity bonds.

(d) The committee may at any time, before or after granting any allocations in any calendar year to any state agencies or local agencies, announce priorities or reservations of any part of the state ceiling not theretofore allocated either for certain categories of bonds or categories of issuers.

(e) The committee may require any issuer making an application to the committee or MBTCAC for allocation of a portion of the state ceiling to make a deposit, as determined by the committee, of up to 1 percent of the portion requested. If an allocation is not given, the deposit shall be returned. If an allocation is given, the deposit shall be kept (in proportion to the amount of allocation given) until bonds are issued. Upon that issuance, the deposit shall be returned to the issuer in an amount equal to the product of (1) the amount of the deposit retained times (2) the ratio between the amount of bonds issued divided by the amount of allocation granted. If no bonds are issued prior to the expiration of the allocation, the deposit shall be kept, unless the committee determines there is good cause to return all or part of the deposit. Any portion of a deposit kept shall be deposited in the fund.

(f) The committee may transfer part of the state ceiling to the MBTCAC, to be used for qualified mortgage bonds and exempt facility bonds, as those terms are used in the Internal Revenue Code, for qualified residential rental projects, as those terms are used in the Internal Revenue Code, (together referred to as ''housing bonds''), with directions and conditions pursuant to which MBTCAC may allocate those amounts to issuers of housing bonds at both the state and local level. In carrying out these functions, MBTCAC shall act solely as directed or authorized by the committee. If the committee makes the transfer to MBTCAC authorized by this subdivision, the references in Sections 8869.85, 8869.86, 8869.87, and 8869.88 to the ''committee'' shall, for purposes of any housing bonds, be deemed to mean MBTCAC.

(g) (1) The committee may establish the Extra Credit Teacher Home Purchase Program to provide federal mortgage credit certificates and reduced interest rate loans funded by mortgage revenue bonds to eligible teachers, principals, vice principals, and assistant principals who agree to teach or provide administration in a low performing school. For purposes of this program, a low performing school is a state K–12 public school that is ranked in the bottom half of the Academic Performance Index developed pursuant to subdivision (a) of Section 52052. However, priority shall be given to schools that are ranked in the bottom three deciles. The committee may make reservations of a portion of future calendar year state ceiling limits for up to five future calendar years for that program. The committee may also make future allocations of the state ceiling for up to five years for any issuer under that program. Any future allocation made by the committee shall constitute an allocation of the state ceiling for a future year specified by the committee and shall be deemed to have been made on the first day of the future year so specified.

(2) The committee may condition allocations under the Extra Credit Teacher Home Purchase Program on any terms and conditions that the committee deems necessary or appropriate, including, but not limited to, the execution of a contract between the teacher, principal, vice principal, or assistant principal and the issuer whereby the teacher, principal, vice principal, or assistant principal agrees to comply with the terms and conditions of the program. The contract may include, among other things, an agreement by the teacher, principal, vice principal, or assistant principal to teach or provide administration in a low performing school for a minimum number of years, and provisions for enforcing the contract that the committee deems necessary or appropriate.

(3) If a teacher, principal, vice principal, or assistant principal does not fulfill the requirements of a contract entered into pursuant to paragraph (2), the issuer of the mortgage credit certificate or mortgage revenue bond may recover as an assessment from the teacher, principal, or assistant principal a monetary amount equal to the lesser of (A)

one-half of the teacher's, principal's, vice principal's, or assistant principal's net proceeds from the sale of the related residence or (B) the amount of monetary benefit conferred on the teacher, principal, vice principal, or assistant principal as a result of the federal mortgage credit certificate or reduced interest rate loan funded by a mortgage revenue bond, offset by the amount of any federal recapture, as defined by Section 143(m) of the Internal Revenue Code. The assessment may be secured by a lien against the residence, which shall decline in amount over the term of the contract as the teacher, principal, vice principal, or assistant principal fulfills the term of the contract, and which shall be collected at the time of sale of the residence. Any assessment collected pursuant to this paragraph shall be used for the issuer's costs in administering the Extra Credit Teacher Home Purchase Program. The issuers shall report annually to the committee the total amount of any assessments collected pursuant to this paragraph and how those assessments were used by the issuer.

(4) If the committee establishes the Extra Credit Teacher Home Purchase Program pursuant to this subdivision, the committee shall report annually to the Legislature the results of the program, including all of the following:

(A) The amount of state ceiling limits allocated to or reserved for the program.

(B) The agencies to which state ceiling limits were issued.

(C) The number of loans or mortgage credit certificates issued to teachers, principals, vice principals, and assistant principals.

(D) The schools at which recipients of assistance are employed, aggregated by decile in which the schools rank on the Academic Performance Index and by the percentage of uncredentialed teachers employed at the schools.

(5) The committee shall not make any reservations of future calendar year state ceiling limits or future allocations of the state ceiling pursuant to this subdivision on or after January 1, 2004, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date. However, reservations and allocations made prior to that date shall remain valid.

SEC. 75. Section 3 of Chapter 1024 of the Statutes of 2000 is amended to read:

Sec. 3. It is the intent of the Legislature that any modification to coursework required by this act shall result in neither additional classes nor in additional costs, but that any modification to coursework shall be incorporated into the requirements of subparagraph (B) of paragraph (1) of subdivision (a) of Section 51225.3 of the Education Code.

SEC. 76. Item 6110-001-0890 of the Budget Act of 2001 is amended to read:

6110–001–0890—For support of Department of Education, for payment to Item 6110–001–0001, payable from the Federal Trust Fund . . . . . $109,361,000

Provisions:

1. The funds appropriated in this item include Federal Vocational Education Act funds for the 2001–02 fiscal year to be transferred to community colleges by means of interagency agreements. These funds shall be used by community colleges for the administration of vocational education programs.
2. Of the funds appropriated in this item, $96,000 is available to the Advisory Commission on Special Education for the in-state travel expenses of the commissioners and the secretary to the commission.
3. Of the funds appropriated in this item, $384,000 is available for programs for homeless youth and adults pursuant to the federal Stewart B. McKinney Act. The department shall consult with the State Departments of Economic Opportunity, Mental Health, Housing and Community Development, and Economic Development in operating this program.
4. Of the funds appropriated in this item, up to $364,000 shall be used to provide in-service training for special and regular educators and related persons, including, but not limited to, parents, administrators, and organizations serving severely disabled children. These funds are also to provide up to four positions for this purpose.
5. Of the funds appropriated in this item, $318,000 shall be used to provide training in culturally nonbiased assessment and specialized language skills to special education teachers.
6. Of the amount appropriated in this item, $600,000 shall be used for the administration of the federal Public Charter School Program. For fiscal year 2001–02, one Education Program Consultant position shall support fiscal issues pertaining to charter schools, including development and implementation of the funding model pursuant to Chapter 34 of the Statutes of 1998.
7. Of the funds appropriated in this item, $932,000 shall be for the administration of the Federal Reading Excellence Act.

8.5. Of the funds appropriated in this item, $9,083,000 is from the Child Care and Development Block Grant Fund and includes $158,000 for an interagency agreement with the Child Development Programs

Advisory Committee. $150,000 is available to increase the base resources for the child development audit workload. These funds are solely for travel expenses to facilitate the goal of conducting field audits on 10 percent of child care and development agencies consistent with Provision 8 of Item 6110–001–0890 of the Budget Act of 2000. The audits shall include sampling to determine the level of compliance with eligibility rules, accuracy of family fee determinations, and family fee collections. The State Department of Education shall provide a report to the Legislature and the Department of Finance by September 1, 2003, on fee and eligibility compliance rates and take steps to reduce compliance problems through sanctions and other remedies available in law.

9. Of the funds appropriated in this item, $1,345,000 shall be used for administration of the Technology Literacy Challenge Grant Program. Of this amount: (a) $580,000 is available only for contracted technical support and evaluation services associated with the Technology Literacy Challenge Grant Program.
10. Of the funds appropriated in this item, $7,952,000 is for dispute resolution services, including mediation and fair hearing services, provided through contract for the Special Education Program.
11. Of the amount provided in this item, $843,000 is provided for staff for the Special Education Focused Monitoring Pilot Program to be established by the State Department of Education for the purpose of monitoring local education agency compliance with state and federal laws and regulations governing special education.
12. Of the amount appropriated in this item, $36,000 shall be used for the administration of the federal class size reduction grant program (Sec. 5, P.L. 106–25).
13. Of the funds appropriated in this item, $120,000 shall be used solely for the administration of the federal advance placement examination fee payment grant program for low-income pupils.
15. Of the funds appropriated in Schedule (2) of this item, $3,000,000 shall be used solely for the purposes of (a) activities associated with ensuring that the High School Exit and standards-based STAR exams are aligned to the state-adopted standards and (b) additional psychometric and

contracting support for the effective and efficient operation of the testing system. Encumbrance of these funds is contingent upon prior approval of an expenditure plan by the State Board of Education.

16. Of the funds appropriated in Schedule (2) of this item, $300,000 shall be used solely for the purposes of contracting for a study to determine the reliability of the Golden State Exams. The choice of a contractor and the contents of the contract shall be subject to approval by the State Board of Education.
17. Not sooner than 30 days after notification in writing to the chairpersons of the committee in each house of the Legislature that considers opportunities and the Chairperson of the Joint Legislative Budget Committee or his or her designee, the Department of Finance may transfer up to $859,000 to this item from Schedule (1) of Item 6110–136–0890, to address activities associated with the implementation of corrective action plans and sanctions pursuant to federal law and, to the extent applicable, Article 3 (commencing with Section 52053) of Chapter 6.1 of Part 28 of the Education Code.
18. Of the funds appropriated in this item, $350,000 shall be available for the preparation, analysis, and production of the annual federal accountability reports, as required by the Carl D. Perkins Vocational Technical Education Act.
19. Of the funds appropriated in this item, $250,000 shall be allocated by the Department of Education to the California State University, San Bernardino, Center for the Study of Correctional Education, for special education monitoring of and technical assistance for the California Youth Authority pursuant to legislation as enacted during the 2001–02 Regular Session. If this legislation is not enacted, the $250,000 shall be used for the purposes of implementing the interagency agreement between the Department of Education and the California Youth Authority, which shall be revised to require onsite, full reviews of each institution and each camp operated by the California Youth Authority once every two years and to require that the onsite, full reviews include, but not be limited to, observation of service delivery, file reviews, and interviews with wards, teachers, parents or surrogate parents, and institutional staff.

20. The balance of unencumbered funds appropriated in subdivision (h) of Provision 7 of Item 6110–001–0890 of the Budget Act of 2000 (Ch. 52, Stats. 2000) shall remain available to the office of the Legislative Analyst for the purpose of providing an evaluation of charter schools pursuant to Chapter 34 of the Statutes of 2000.

SEC. 77. Item 6110-165-0001 of Section 2.00 of the Budget Act of 2001 is amended to read:

6110–165–0001—For local assistance, Department of Education . . . . . 7,022,000

Schedule:

(1) 10.70–Vocational Education . . . . 20,868,000

(2) Reimbursements . . . . . –13,846,000

Provisions:

1. $13,846,000 of the funds appropriated in this item are for the purpose of implementing the federal Workforce Investment Act.
2. Of the funds made available by this section, $7,022,000 is available for allocation by the Superintendent of Public Instruction to support CalWORKs participants who are eligible for youth services, as prescribed by subparagraph (C) of paragraph (1) of subdivision (b) of Section 2852 of Title 29 of the United States Code.

SEC. 78. Item 6110-210-0001 of Section 2.00 of the Budget Act of 2001 is amended to read:

6110–210–0001—For local assistance, State Department of Education, Program 10.10, One-time fund . . . . . 250,000,000

Provisions:

1. The funds appropriated in this item shall be allocated to all local education agencies in the state on the basis of an equal amount per unit of average daily attendance, including average daily attendance attributable to regional occupational centers and programs and adult education programs, as reported on the second principal apportionment for the 2000–01 fiscal year, and average daily enrollment in preschool and child care programs operated by local education agencies under contract with the Child Development Division of the State Department of Education on local education agency schoolsites. For the purpose of determining the average daily enrollment of children served by local education agencies in preschool and child care development programs operated on their schoolsites, the Superintendent of Public Instruction shall divide a local education agency's total number of child days of enrollment in these programs in the 2000–01 school year by 175 days for a preschool program, 246 days for a general or migrant child care program, or 160 days for a schoolage community child care program to determine an average daily enrollment for the programs and allocate funds according to this average daily enrollment. Of the funds distributed for the purposes of this provision, local education agency shall receive not less than $14,000 for each schoolsite within its jurisdiction. Each school district, county office of education, and charter school has discretion to allocate these funds within its jurisdiction as each deems appropriate.
2. For purposes of this item, "schoolsite" means any public school that was a wholly self–contained site, with a separate county–district–school (CDS) code as maintained by the Superintendent of Public Instruction as of June 30, 2000, and that was in operation during the entire 2000–01 school year. Two or more schools that share a physical site or staff shall be considered a single schoolsite.

3. As a condition of receipt of funds provided in this item, school districts, county offices of education, and charter schools shall, in a local governing board resolution adopted in a regularly scheduled public meeting by the end of the 2001–02 fiscal year, identify energy conservation measures that result in a decrease in the amount of energy used by schools within the local education agency. The local governing board resolution shall also include a list of specific actions that will be carried out to achieve the reduction in energy use. Funds appropriated under this item may be used for energy conservation measures, increased energy costs, career/technical education one-time purposes, or any other one-time educational purpose.
4. For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, $123,161,000 of the appropriations made in this item shall be deemed to be "General Fund" revenues appropriated to school districts as defined in subdivision (c) of Section 41202 of the Education Code for the 1995–96 fiscal year and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B" as defined in subdivision (e) of Section 41202 of the Education Code, for the 1995–96 fiscal year.
5. For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, $126,839,000 of the appropriations made in this item shall be deemed to be "General Fund" revenues appropriated to school districts as defined in subdivision (c) of Section 41202 of the Education Code for the 1996–97 fiscal year and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B" as defined in subdivision (e) of Section 41202 of the Education Code, for the 1996–97 fiscal year.

SEC. 79. Item 6110-295-0001 of the Budget Act of 2001 is amended to read:

| | | |
|---|---|---|
| 6110–295–0001—For local assistance, Department of Education (Proposition 98), for reimbursement, in accordance with the provisions of Section 6 of Article XIII B of the California Constitution or Section 17561 of the Government Code, of the cost of any new program or increased level of service of an existing program mandated by statute or executive order, for disbursement by the State Controller . . . . . | | 164,303,000 |
| Schedule: | | |

(42) 98.01.058.897–Criminal Background Checks (Ch. 588, Stats. 1997) . . . . . 5,090,000

Provisions:

1. Except as provided in Provisions 2 and 3 of this item, allocations of funds shall be made by the Controller in accordance with the provisions of each statute or executive order that mandates the reimbursement of the costs, and shall be audited to verify the actual amount of the mandated costs in accordance with subdivision (d) of Section 17561 of the Government Code. Audit adjustments to prior year claims may be paid from this item. Funds appropriated by this item may be used to provide reimbursement pursuant to Article 5 (commencing with Section 17615) of Chapter 4 of Part 7 of Division 4 of Title 2 of the Government Code.
2. If any of the scheduled amounts are insufficient to provide full reimbursement of costs, the State Controller may, upon approval of the Director of Finance in writing, augment those deficient amounts from the unencumbered balance of any other scheduled amounts therein. No order may be issued pursuant to this provision unless written notification of the necessity therefore is provided to the chairperson of the committee in each house of the Legislature which considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee.
3. Notwithstanding any other provision of law, the funds appropriated in Schedules (19) and (35) are for transfer to the Public Employees' Retirement System for reimbursement of costs incurred pursuant to Chapter 1398 of the Statutes of 1974 or Chapter 799 of the Statutes of 1980.

SEC. 80. Item 6110-485 of the Budget Act of 2001 is amended to read:

6110–485—Reappropriation (Proposition 98) Department of Education. The sum of $466,102,000 is reappropriated from the Proposition 98 Reversion Account, for the following purposes:

0001—General Fund

(1) $4,166,000 to the State Department of Education for the purpose of funding prior year Annual Parent Notification–Staff Development mandate claims pursuant to Chapter 929, Statutes of 1997.

(3) $12,005,000 for transfer by the Controller to Section A of the State School Fund, for allocation by the Superintendent of Public Instruction to SELPAs to fully fund the 2000–01 Special Education average daily attendance increase.

(5) $846,000 to the State Department of Education, for transfer to Section A of the State School Fund, to fully fund the 1999–00 deficit in the child nutrition program.

(6) $1,281,000 to the State Department of Education, for transfer to Section A of the State School Fund to fully fund the 2000–01 deficit in the child nutrition program.

(8) $10,000,000 on a one-time basis to the State Department of Education for Regional Occupational Centers and Programs for equipment.

(9) $1,000,000 to the State Department of Education for allocation to FCMAT to provide professional management assistance to the Emery Unified School District.

(10) $200,000 to the State Department of Education for allocation to FCMAT to provide professional management assistance to school districts in West Contra Costa County.

(11) $500,000 to the State Department of Education for allocation to FCMAT for the purposes of implementing the Student Friendly Services through Technology project.

(12) $100,000 to the State Department of Education for the purpose of reimbursing districts for the cost of substitute educators pursuant to Section 44987.3 of the Education Code.

(13) $15,000,000 to the State Department of Education for allocation to schools pursuant to Article 2 (commencing with Section 51120) of Chapter 1.5 of Part 28 of the Education Code (Nell Soto Parent/Teacher Involvement Program).

(15) $62,505,000 as a contingency expenditure, to be authorized by the Department of Finance for transfer to the Controller as necessary for the reimbursement of state–mandated cost claims and interest submitted by school districts and county offices of education. These funds would be applied toward the minimum funding requirement for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution for the 2000–01 fiscal year.

(16) $23,939,000 to the State Department of Education for the purpose of funding prior year school crimes reporting mandate claims pursuant to Chapter 759 of the Statutes of 1992 and Chapter 410 of the Statutes of 1995.

(17) $75,318,000 to the State Department of Education for the purpose of funding ongoing mandates claims pursuant to the enactment of mandates claims legislation during the 2001–02 Regular Session.

(18) $4,500,000 for allocation to FCMAT for ongoing fiscal oversight of school districts pursuant to Provision 4.

(19) $4,500,000 to the State Department of Education for allocation to the Fiscal Crisis and Management Assistance Team for costs associated with administration of the California School Information Services Project.

(20) $1,000,000 for allocation to the Fiscal Crisis and Management Assistance Team for the purpose of reviewing school district hiring practices, pursuant to Section 42127.85 of the Education Code.

(21) $15,000,000 to the State Department of Education for the Principal Training Program pursuant to legislation enacted during the 2001–02 Regular Session related to providing professional development training to administrators.

(22) $1,600,000 in one-time funding to the State Department of Education for the School Violence Reimbursement Project in the Grossmont Union High School District.

(23) $3,500,000 in one-time funding to the State Department of Education for the purpose of supporting sustainability and evaluation activities by existing Teenage Pregnancy Prevention Grant Program grantees that received funding in 2000–01 pursuant to Section 8922 of the Education Code. Funding shall be distributed proportionate to the funding received in 2000–01.

(24) $11,566,000 to the State Department of Education for the purpose of funding FCMAT's implementation of the local California School Information Services Project.

(25) $635,000 to the State Department of Education for the Beginning Teacher Salary Program.

(27) $5,500,000 to be set aside on a one-time basis pursuant to legislation enacted during the 2001–02 Regular Session for career/technical education services.

(31) $67,831,000 to the State Department of Education for transfer by the Controller to Section A of the State School Fund, for allocation by the Superintendent of Public Instruction to school districts and county offices of education on the basis of an equal amount per unit of average daily attendance for the purpose of the Proposition 98 educational programs specified in subdivision (b) of Section 12.40 of this act.

(32) $110,000 on a one-time basis to the State Department of Education for grants to school districts and county offices of education pursuant to the gender equity train-the-trainer grant programs established pursuant to Section 224.5 of the Education Code.

(33) $10,000,000 to the State Department of Education for the allocation on a one-time basis to implement the High Tech High School Program pending enactment of legislation during the 2001–02 Regular Session.

(35) $35,000,000 for the purpose of limiting the PERS offset to K–12 revenue limit apportionments contingent on legislation enacted prior to January 1, 2002. Pending legislation will specify the method of funding distribution, the manner in which the appropriation will be included in the continuously appropriated K–12 revenue limit apportionment items, and will cap the amount of limitation to $35,000,000 of the amount of offset that would otherwise be required.

(36) $500,000 to the State Department of Education to allocate to school districts for one-time costs associated with the English Language Development Test.

(37) $80,000,000 to the State Department of Education for the Mathematics and Reading Professional Development Program, pursuant to legislation enacted in the 2001–02 Regular Session.

(39) $5,000,000 to be set aside on a one-time basis for the purpose of funding legislation related to establishing the California Information Technology Career Academy Grant Initiative.

(40) $10,000,000 on a one-time basis to the State Department of Education to augment the School Safety Block Grant Program.

(41) $3,000,000 to the State Department of Education to contract for the development of the High School Exit Exam Workbooks.

Provisions:

1. The funds reappropriated in subdivision (24) of this item shall be transferred to FCMAT only if education telecommunications funds do not materialize.

3. The funds reappropriated in subdivision (12) of this item shall only be used to reimburse districts which request reimbursement pursuant to Section 44987.3 of the Education Code.

4. Of the funds reappropriated in subdivision (18) of this item, $4,500,000 shall be allocated to FCMAT for purposes as follows:
   (a) $3,500,000 for the purposes of fully funding county office of education (COE) oversight activities pursuant to Chapter 1213 of the Statutes of 1991 and subsequent laws. These activities include, but are not limited to, conducting reviews, examinations, and audits of districts and providing written notifications of the results at least annually by county offices of education on the fiscal solvency of the districts with disapproved budgets, qualified or negative certifications, or, pursuant to Section 42127.6 of the Education Code, districts facing fiscal uncertainty. Written notifications of the results of these reviews, audits, and examinations shall be provided at least annually to the district governing board, the Superintendent of Public Instruction, the Director of Finance, and the Office of Secretary for Education.
   (b) $1,000,000 to fund reimbursement of COE activities pursuant to Provision 4 of Item 6110–107–0001 or for extraordinary costs of audits, examinations, or reviews of district budgets in cases where the COE has reason to believe fraud, misappropriation of funds, or other illegal fiscal practices require COE review. If the legislation is adopted in the 2001–02 legislative session regarding COE fiscal oversight activities, the funds in this provision may also be used for those purposes. Any unexpended funds provided under this paragraph may be allocated for the development and implementation of training in accordance with paragraph (2) of subdivision (d) of the Section 42127.8 of the Education Code.
   (c) The amounts in subdivision (a) of this provision shall be distributed by a formula to be adopted by FCMAT in consultation with the California County Superintendent Educational Services Association and approved by the Department of Finance and the Superintendent of Public Instruction. The amounts in subdivision (b) of this provision shall be distributed by FCMAT on an as–needed basis subject to approval by the

Department of Finance and the Superintendent of Public Instruction.

7. The funds reappropriated in subdivision (22) of this item shall be allocated by the State Department of Education to the Grossmont Union High School District in San Diego County for the School Violence Reimbursement Project. The Grossmont Union High School District shall expend these funds to increase the ratio of adults to students on campus, including, but not limited to, school staff and faculty, community partners, school security personnel, school resource officers, and volunteers, and to fund a pilot program for a school violence prevention hotline to reduce the risks of acts of violence against students and staff. These funds may also be used to reimburse the Grossmont Union High School District for no budgeted expenses incurred during the separate school campus shootings within the district in 2001.

SEC. 81. The sum of sixty-two thousand dollars ($62,000) appropriated from the Proposition 98 Reversion Account in schedule 9 of Section 42 of Chapter 71 of the Statutes of 2000, as amended by Section 129 of Chapter 1058 of the Statutes of 2000, is hereby reappropriated for allocation on a one-time basis to the Hilmar Unified School District for street access at Hilmar Middle School, to the extent that this funding remains available.

SEC. 82. Notwithstanding any other provision of law, the total apportionment by the Superintendent of Public Instruction to the Compton Unified School District funding for the K–3, Class Size Reduction Program pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28 of the Education Code for the 1999–2000 fiscal year shall be an amount equal to nine million six hundred ninety-five thousand twenty-eight dollars ($9,695,028).

SEC. 83. Notwithstanding any other provision of law, school agency administrative costs and salary-driven benefit costs, including the employer's share of Medicare, unemployment insurance, and workers' compensation, incurred as a result of implementation of Section 40 of Chapter 71 of the Statutes of 2000, shall be paid from funds appropriated for the schoolsite portion of the Academic Performance Index Schoolsite Employees Performance Bonus. School districts, county offices of education, and charter schools may not reduce the amount of Academic Performance Index Schoolsite Employees Performance Bonuses provided to employees to recover the employer's salary-driven benefit costs or administrative costs incurred by the school district as a result of this award.

SEC. 84. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the various programs affected by this act are properly implemented, pursuant to the clarifying, technical, and other changes made by this act, it is necessary that this act take effect immediately.

---

## CHAPTER 735

An act to amend Section 32228 of the Education Code, relating to school safety.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 32228 of the Education Code is amended to read:

32228. (a) It is the intent of the Legislature that public schools serving pupils in kindergarten or any of grades 1 to 12, inclusive, have access to supplemental resources to establish programs and strategies that promote school safety and emphasize violence prevention among children and youth in the public schools.

(b) It is also the intent of the Legislature that public schools have access to supplemental resources to combat bias on the basis of race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, as defined in subdivision (q) of Section 12926 of the Government Code, and to prevent and respond to acts of hate violence and bias related incidents. Sexual orientation shall not include pedophilia.

(c) It is further the intent of the Legislature that schoolsites receiving funds pursuant to this article accomplish all of the following goals:

(1) Teach pupils techniques for resolving conflicts without violence.

(2) Train school staff and administrators to support and promote conflict resolution and mediation techniques for resolving conflicts between and among pupils.

(3) Reduce incidents of violence at the schoolsite with an emphasis on prevention and early detection.

(4) Provide age-appropriate instruction in domestic violence prevention, dating violence prevention, and interpersonal violence prevention.

SEC. 1.5. Section 32228 of the Education Code is amended to read:

32228. (a) It is the intent of the Legislature that public schools serving pupils in any of grades 8 to 12, inclusive, have access to supplemental resources to establish programs and strategies that promote school safety and emphasize violence prevention among children and youth in the public schools.

(b) It is also the intent of the Legislature that public schools have access to supplemental resources to combat bias on the basis of race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, as defined in subdivision (q) of Section 12926 of the Government Code, and to prevent and respond to acts of hate violence and bias related incidents. Sexual orientation shall not include pedophilia.

(c) It is further the intent of the Legislature that schoolsites receiving funds pursuant to this article accomplish all of the following goals:

(1) Teach pupils techniques for resolving conflicts without violence.

(2) Train school staff and administrators to support and promote conflict resolution and mediation techniques for resolving conflicts between and among pupils.

(3) Reduce incidents of violence at the schoolsite with an emphasis on prevention and early detection.

(4) Provide age-appropriate instruction in domestic violence prevention, dating violence prevention, and interpersonal violence prevention.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 32228 of the Education Code proposed by both this bill and AB 804. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 32228 of the Education Code, and (3) this bill is enacted after AB 804, in which case Section 1 of this bill shall not become operative.

---

## CHAPTER 736

An act to amend Sections 56352 and 60061 of, and to add Section 56351.5 to, the Education Code, relating to special education, and making an appropriation therefor.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

I am signing Assembly Bill 306 with a deletion. This bill would authorize local education agencies (LEA) to reinforce Braille instruction using a Braille instructional aide; allow Braille instruction for the functionally blind, require LEAs to provide instructional aides with notification of the specified teaching credential programs listed in the bill; appropriate $227,000 General Fund to the California Community Colleges to offer additional training in Braille and require publishers of instructional materials to provide the state with free electronic versions of each state adopted literary title if the publisher doesn't already offer a large print version or other specialized media version.

I believe this bill will encourage earlier and greater Braille proficiency and lead to greater employment levels for Californians who are blind. However, given the rapid decline of our economy and a budget shortfall of $1.1 billion through the first three months of this fiscal year alone, I have no choice but to reduce the appropriation in the bill from $227,000 General Fund to $100,000 General Fund.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) This state is in need of more credentialed teachers who are able to teach braille to visually impaired pupils.

(b) It is vitally important for visually impaired individuals to learn braille. There is a direct correlation between braille literacy and the level of employment and education attained by people who are visually impaired and blind.

(c) This state should ensure that visually impaired pupils are able to read at the same level as their peers.

SEC. 2. Section 56351.5 is added to the Education Code, to read:

56351.5. (a) (1) A school district, special education local plan area, or county office of education may reinforce braille instruction using a braille instructional aide who meets the criteria set forth in paragraph (2) under the supervision of a teacher who holds an appropriate credential, as determined by the Commission on Teacher Credentialing, to teach pupils who are functionally blind or visually impaired. This instruction shall be in accordance with the pupil's individualized education program.

(2) For purposes of this section, a braille instructional aide shall demonstrate to the supervising teacher that he or she is fluent in reading and writing grade 2 braille and possesses basic knowledge of the rules of braille construction.

(b) Any school district, special education local plan area, or county office of education that employs a braille instructional aide shall provide the aide with information regarding teaching credential programs, including the Pre-Internship Teaching Program (Article 5.6 (commencing with Section 44305) of Chapter 2 of Part 25), the Wildman-Keeley-Solis Exemplary Teacher Training Act of 1997 (Article 12 (commencing with Section 44390) of Chapter 2 of Part 25),

and the Teacher Education Internship Act of 1967 (Article 3 (commencing with Section 44450) of Chapter 3 of Part 25).

SEC. 2. Section 56352 of the Education Code is amended to read:

56352. (a) A functional vision assessment conducted pursuant to Section 56320 shall be used as one criterion in determining the appropriate reading medium or media for the pupil.

(b) An assessment of braille skills shall be required for functionally blind pupils who have the ability to read in accordance with guidelines established pursuant to Section 56136. A school district, special education local plan area, or county office of education may provide pupils with low vision with the opportunity to receive assessments to determine the appropriate reading medium or media, including braille instruction, for the pupils.

(c) The determination, by a pupil's individualized education program team, of the most appropriate medium or media, including braille, for functionally blind pupils who have the ability to read shall use as one criterion the assessment provided for pursuant to subdivision (b) and shall be in accordance with guidelines established pursuant to Section 56136.

(d) Except as provided in subdivision (b) of Section 56351.5, braille instruction shall be provided by a teacher who holds an appropriate credential, as determined by the Commission on Teacher Credentialing, to teach pupils who are functionally blind or visually impaired.

(e) Each visually impaired pupil shall be provided with the opportunity to receive an assessment to determine the appropriate reading medium or media, including braille instruction, if appropriate, for that pupil.

SEC. 3. Section 60061 of the Education Code is amended to read:

60061. (a) A publisher or manufacturer shall do all of the following:

(1) Furnish the instructional materials offered by the publisher at a price in this state that, including all costs of transportation to that place, does not exceed the lowest price at which the publisher offers those instructional materials for adoption or sale to any state or school district in the United States.

(2) Automatically reduce the price of those instructional materials to any governing board to the extent that reductions are made elsewhere in the United States.

(3) Provide any instructional materials free of charge in this state to the same extent as that received by any state or school district in the United States.

(4) Guarantee that all copies of any instructional materials sold in this state are at least equal in quality to the copies of those instructional materials that are sold elsewhere in the United States, and are kept

revised, free from all errors, and up to date as may be required by the state board.

(5) Not in any way, directly or indirectly, become associated or connected with any combination in restraint of trade in instructional materials, or enter into any understanding, agreement, or combination to control prices or restrict competition in the sale of instructional materials for use in this state.

(6) Maintain a representative, office, or depository in the State of California or arrange with an independently owned and operated depository in the State of California to receive and fill orders for instructional materials.

(7) Provide to the state, at no cost, computer files or other electronic versions of each state-adopted literary title and the right to transcribe, reproduce, modify, and distribute the material in braille, large print if the publisher does not offer a large print edition, recordings, American Sign Language videos for the deaf, or other specialized accessible media exclusively for use by pupils with visual disabilities or other disabilities that prevent use of standard instructional materials. Computer files or other electronic versions of materials adopted shall be provided within 30 days of request by the state as needed for the purposes described in this subdivision as follows:

(A) Computer files or other electronic versions of literary titles shall maintain the structural integrity of the standard instructional materials, be compatible with commonly used braille translation and speech synthesis software, and include corrections and revisions as may be necessary.

(B) Computer files or other electronic versions of nonliterary titles, including science and mathematics, shall be provided when technology is available to convert those materials to a format that maintains the structural integrity of the standard instructional materials and is compatible with braille translation and speech synthesis software.

(b) Upon the willful failure of the publisher or manufacturer to comply with the requirements of this section, the publisher or manufacturer shall be liable to the governing board in the amount of three times the total sum that the publisher or manufacturer was paid in excess of the price required under paragraphs (1), (2), and (5) of subdivision (a), and in the amount of three times the total value of the instructional materials and services that the governing board is entitled to receive free of charge under subdivision (a).

SEC. 4. The sum of two hundred twenty-seven thousand dollars ($227,000) is hereby appropriated from the General Fund to the Chancellor of the California Community Colleges for allocation to at least 15 community college districts located throughout the state to enable each district to offer at least one additional course to train

individuals in braille instruction to assist in providing services, as prescribed in this act.

---

## CHAPTER 737

An act to amend Sections 99220, 99221, 99222, 99223, 99224, 99225, and 99226 of, to add Sections 44579.5 and 99227 to, and to add and repeal Article 3 (commencing with Section 99230) of Chapter 5 of Part 65 of, the Education Code, relating to schools, and making an appropriation therefor.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

I am signing Assembly Bill 466, which establishes the Mathematics and Reading Professional Development Program. The Program will greatly assist efforts to increase academic performance in California schools by enabling 176,000 teachers and 22,000 instructional aides or paraprofessionals to participate in high-quality professional development activities over a four-year period.

However, I am reducing from the bill the $1.0 million of the $1.2 million appropriation to the Department of Education for purposes of administering the Mathematics and Reading Professional Development Program. The compelling need for this level of funding is unclear, as the 2001 Budget Act appropriates $515,000 to the Department of Education for the purpose of Program administration, which is responsible for the most significant workload. I am sustaining $200 thousand to assist the Superintendent of Public Instruction in allocating the funding for this important program.

Additionally, in subsequent legislation, the provision requiring the State Board of Education to establish an appeal process for audit findings for this program should be removed. This provision conflicts with current law, which established the Education Audits Appeal Panel.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. Section 44579.5 is added to the Education Code, to read:

44579.5. Notwithstanding any other provision of law, a school district, charter school, or county office of education that participates in the Mathematics and Reading Professional Development Program pursuant to Article 3 (commencing with Section 99230) of Chapter 5 of Part 65 may claim funding, as described in subdivision (c) of Section 44579.1, for the 80 hours of followup instruction, coaching, or additional schoolsite assistance required pursuant to subdivision (b) of Section 99237 if the training meets the requirements described in subdivision (d) of Section 44579.1 and is conducted outside of an instructional day that the school district, charter school, or county office

of education is required to provide in order to qualify for funding pursuant to Part 26 (commencing with Section 46000). Funding claimed pursuant to this section shall be in addition to funding received pursuant to Article 3 (commencing with Section 99230) of Chapter 5 of Part 65.

SEC. 2. Section 99220 of the Education Code is amended to read:

99220. The Regents of the University of California are requested to jointly develop with the Trustees of California State University and the independent colleges and universities, the California Reading Professional Development Institutes, to be administered by the university, in partnership with the California State University and with private, independent universities in California, in accordance with all of the following criteria:

(a) (1) In June 1999, the University of California and its institutes' partners shall commence instruction for 6,000 participants who either provide direct instruction in reading to pupils in kindergarten or in grade 1, 2, or 3, or who supervise beginning teachers of reading. Commencing in July 2000, the institutes shall provide instruction for an additional 14,000 participants who either provide direct instruction in reading to pupils, including special education pupils, in prekindergarten, kindergarten or in grade 1, 2, or 3, or supervise beginning teachers of reading. Of the 14,000 new positions, at least 2,000 shall be reserved for prekindergarten teachers who teach in state preschool programs located in the attendance area of low-performing schools in order to link prekindergarten literacy development and reading readiness to the state's reading goals for pupils enrolled in kindergarten and grades 1 to 3, inclusive. If there are not enough applicants to fill the 2,000 positions, the remaining positions may be filled by teachers of pupils enrolled in kindergarten or any of grades 1 to 3, inclusive.

(2) Ongoing support for second-year participants shall include a second-year institute focusing on the use of instructional materials, leveraging of school district resources, and the development of teacher leadership within the school district to improve pupil achievement in reading.

(b) (1) The institutes shall provide instruction for school teams from each participating school. These school teams may include both beginning and experienced teachers and the schoolsite administrator, with the majority of the team composed of beginning teachers.

(2) Criteria and priority for selection of participating school teams shall include, but not necessarily be limited to, all of the following:

(A) Schools whose pupils' reading scores are at or below the 40th percentile on the reading portion of the achievement test authorized by Section 60640.

(B) Schools with a high number of beginning and noncredentialed teachers.

(C) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(D) Schools with a full complement of team members as outlined above.

(E) School teams committed to participate in the Elementary School Intensive Reading Program established pursuant to Article 1 (commencing with Section 53025) of Chapter 16 of Part 28 for a minimum of three years.

(F) Schools that have adopted standards-based materials approved by the State Board of Education.

(3) In any fiscal year, if funding is inadequate to accommodate the participation of all eligible school teams, first priority shall be given to schools meeting the criteria set forth in subparagraph (B) of paragraph (2).

(c) (1) The institutes shall provide instruction in the teaching of reading in a manner consistent with the standard for a comprehensive reading instruction program that is research-based, as described in subparagraphs (A) and (B) of paragraph (4) of subdivision (b) of Section 44259, and shall include all of the following components:

(A) The study of organized, systematic, explicit skills including phonemic awareness, direct, systematic explicit phonics, and decoding skills.

(B) A strong literature, language and comprehension component with a balance of oral and written language.

(C) Ongoing diagnostic techniques that inform teaching and assessment.

(D) Early intervention techniques.

(2) Instruction provided pursuant to this section shall be consistent with state-adopted academic content standards and with the curriculum framework on reading/language arts adopted by the State Board of Education.

(3) Instruction provided pursuant to this section shall acquaint teachers with the value in the diagnostic nature of standardized tests.

(d) (1) Each participant who satisfactorily completes an institute authorized by this section shall receive a stipend, commensurate with the duration of the institute, of not less than one thousand dollars ($1,000) nor more than two thousand dollars ($2,000), as determined by the University of California.

(2) A participant in an institute authorized by this section who satisfactorily completes additional institute activities or leadership and mentoring responsibilities in his or her school in subsequent years in accordance with institute guidelines shall receive a stipend, commensurate with the participant's responsibilities, of not less than five hundred dollars ($500) and not more than two thousand dollars

($2,000), as determined by the University of California. It is the intent of the Legislature that stipends paid to participants under this paragraph average approximately one thousand dollars ($1,000) per stipend recipient per year.

(e) In order to provide maximum access, the institutes shall be offered through multiple university and college campuses that are widely distributed throughout the state or in a regionally accredited program offered through instructor-led, interactive online courses. In order to maximize access to teachers and administrators who may be precluded from participating in an onsite institute due to geographical, physical, or time constraints, each institute shall be required to accommodate at least 5 percent of the participants through state-approved instructor-led, interactive online courses. Instruction at the institutes shall consist of an intensive, sustained training period of no less than 40 hours nor more than 120 hours during the summer or during an intersession break or an equivalent instructor-led, online course, and shall be supplemented, during the following school year, with no fewer than 80 additional hours nor more than 120 additional hours of instruction and schoolsite meetings, held on at least a monthly basis, to focus on the academic progress of that school's pupils in reading.

(f) It is the intent of the Legislature that a local education agency or postsecondary institution that offers an accredited program of professional preparation consider providing partial and proportional credit toward satisfaction of reading course requirements to an enrolled candidate who satisfactorily completes a California Reading Professional Development Institute program if the institute has been certified by the Commission on Teacher Credentialing as meeting reading preparation standards.

(g) Nothing in this section shall be construed to prohibit a participant from attending an institute authorized by this section in more than one academic year.

(h) ''Beginning teachers,'' for purposes of this article, are teachers with three or fewer years of teaching experience.

SEC. 3. Section 99221 of the Education Code is amended to read:

99221. The Regents of the University of California are requested to develop jointly with the Trustees of the California State University and the independent colleges and universities, the High School English Professional Development Institutes, to be administered by the university, in partnership with the California State University and with private, independent universities in California, in accordance with all of the following criteria:

(a) In July 2000, the University of California and its institutes' partners shall commence instruction for 12,000 participants who either provide direct instruction in reading and writing to California public

high school pupils in grades 9 to 12, inclusive, or supervise beginning teachers of high school reading and writing.

(b) (1) The institutes shall provide instruction for school teams from each participating school. These school teams may include both beginning and experienced teachers and the schoolsite administrator.

(2) Criteria and priority for selection of participating school teams shall include, but is not limited to, all of the following:

(A) Schools whose pupils' scores on the English language arts portion of the achievement test authorized by Section 60640 are at or below the 40th percentile.

(B) Teams composed of a large percentage of the members of their schools' English departments, which may include the chair of that department.

(C) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(D) Teams of teachers from various departments within a school.

(E) Schools with a high number of beginning and noncredentialed teachers.

(F) Schools that have adopted standards-based materials approved by the State Board of Education.

(3) In any fiscal year, if funding is inadequate to accommodate the participation of all eligible school teams, first priority shall be given to schools meeting the criteria set forth in subparagraph (E) of paragraph (2).

(c) (1) The institutes shall provide instruction in the teaching of reading and writing in a manner consistent with the standard for a comprehensive reading and writing instruction program that is research-based, as described in subparagraphs (A) and (B) of paragraph (4) of subdivision (b) of Section 44259.

(2) Instruction provided pursuant to this section shall be consistent with state-adopted academic content standards and with the curriculum frameworks on reading/language arts for kindergarten and grades 1 to 12, inclusive, that are adopted by the State Board of Education.

(3) Instruction provided pursuant to this section shall acquaint teachers with the value in the diagnostic nature of standardized tests.

(d) In order to provide maximum access, the institutes shall be offered through multiple university and college campuses that are widely distributed throughout the state or in a regionally accredited program offered through instructor-led, interactive online courses. In order to maximize access to teachers and administrators who may be precluded from participating in an onsite institute due to geographical, physical, or time constraints, each institute shall be required to accommodate at least 5 percent of the participants through state-approved instructor-led, interactive online courses. Instruction at the institutes shall consist of an

intensive, sustained training period of no less than 40 hours nor more than 120 hours during the summer or during an intersession break or an equivalent instructor-led, online course and shall be supplemented, during the following school year, with no fewer than 80 additional hours nor more than 120 additional hours of instruction and schoolsite meetings, held on at least a monthly basis, to focus on the academic progress of that school's pupils in English language arts.

(e) It is the intent of the Legislature that a local education agency or postsecondary institution that offers an accredited program of professional preparation consider providing partial and proportional credit toward satisfaction of English language arts requirements to an enrolled candidate who satisfactorily completes a High School English Professional Development Institute if the institute has been certified by the Commission on Teacher Credentialing as meeting English language arts standards.

SEC. 4. Section 99222 of the Education Code is amended to read:

99222. The Regents of the University of California are requested to develop jointly with the Trustees of California State University and the independent colleges and universities, the High School Mathematics Professional Development Institutes, to be administered by the university, in partnership with the California State University and with private, independent universities in California, in accordance with all of the following criteria:

(a) In July 2000, the University of California and its institutes' partners shall commence instruction for 5,500 participants who either provide direct instruction in mathematics to California public high school pupils in grades 9 to 12, inclusive, or supervise beginning teachers of high school mathematics.

(b) (1) The institutes shall provide instruction for school teams from each participating school. The school teams may include both beginning and experienced teachers and the schoolsite administrator.

(2) Criteria and priority for selection of participating school teams shall include, but not necessarily be limited to, all of the following:

(A) Schools whose pupils' scores on the mathematics portion of the achievement test authorized by Section 60640 are at or below the 40th percentile.

(B) Teams composed of a large percentage of members of their schools' mathematics departments, which may include the chair of that department.

(C) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(D) Schools with a high number of beginning and noncredentialed teachers.

(E) Schools that have adopted standards-based materials approved by the State Board of Education.

(3) In any fiscal year, if funding is inadequate to accommodate the participation of all eligible school teams, first priority shall be given to schools meeting the criteria set forth in subparagraph (D) of paragraph (2).

(c) (1) The institutes shall provide instruction in the teaching of mathematics in a manner consistent with the standard for a comprehensive mathematics instruction program that is research-based and shall include all of the following components:

(A) Instruction in topics commonly found in high school mathematics courses, including, but not limited to, geometry, algebra II, trigonometry, and calculus, that will enhance the ability of teachers to prepare pupils for the achievement test authorized pursuant to Section 60640 and the high school exit examination authorized pursuant to Section 60850 and to prepare pupils for advanced placement and college coursework.

(B) Ongoing diagnostic techniques that inform teaching and assessment.

(C) Early intervention techniques for pupils experiencing difficulty in mathematics.

(2) Instruction provided pursuant to this section shall be consistent with state-adopted academic content standards and with the curriculum frameworks on mathematics for kindergarten and grades 1 to 12, inclusive, that are adopted by the State Board of Education.

(3) Instruction provided pursuant to this section shall acquaint teachers with the value in the diagnostic nature of standardized tests.

(d) In order to provide maximum access, the institutes shall be offered through multiple university and college campuses that are widely distributed throughout the state or in a regionally accredited program offered through instructor-led, interactive online courses. In order to maximize access to teachers and administrators who may be precluded from participating in an onsite institute due to geographical, physical, or time constraints, each institute shall be required to accommodate at least 5 percent of the participants through state-approved instructor-led, interactive online courses. Instruction at the institutes shall consist of an intensive, sustained training period of no less than 40 hours nor more than 120 hours during the summer or during an intersession break or an equivalent instructor-led, online course and shall be supplemented, during the following school year, with no fewer than 80 additional hours nor more than 120 additional hours of instruction and schoolsite meetings, held on at least a monthly basis, to focus on the academic progress of that school's pupils in mathematics.

(e) It is the intent of the Legislature that a local education agency or postsecondary institution that offers an accredited program of professional preparation consider providing partial and proportional credit toward satisfaction of mathematics course requirements to an enrolled candidate who satisfactorily completes a High School Mathematics Professional Development Institute if the institute has been certified by the Commission on Teacher Credentialing as meeting mathematics standards.

SEC. 5. Section 99223 of the Education Code is amended to read:

99223. The Regents of the University of California are requested to jointly develop with the Trustees of the California State University and the independent colleges and universities, the Algebra Academies Professional Development Institutes, to be administered by the university, in partnership with the California State University and with private, independent universities in California, in accordance with all of the following criteria:

(a) In July 2000, the University of California and its institutes' partners shall commence instruction for 1,000 participants who either provide direct instruction in prealgebra and algebra to pupils in grades 7 and 8, or supervise beginning teachers of algebra.

(b) (1) The institutes shall provide instruction for school teams from each participating school. These school teams may include both beginning and experienced teachers and the schoolsite administrator.

(2) Criteria and priority for selection of participating school teams shall include, but are not necessarily limited to, all of the following:

(A) Schools whose pupils' scores on the mathematics portion of the achievement test authorized by Section 60640 are at or below the 40th percentile.

(B) Teams composed of a large percentage of members of their schools' mathematics departments, which may include the chair of that department.

(C) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(D) Schools with a high number of beginning and noncredentialed teachers.

(E) Schools that have adopted standards-based materials approved by the State Board of Education.

(3) In any fiscal year, if funding is inadequate to accommodate the participation of all eligible school teams, first priority shall be given to schools that meet the criteria described in subparagraph (D) of paragraph (2).

(c) (1) The institutes shall provide instruction in the teaching of prealgebra and algebra in a manner consistent with the standard for a

comprehensive mathematics instruction program that is research-based and shall include all of the following components:

(A) Instruction in prealgebra and algebra that will enhance the ability of teachers to prepare pupils for the achievement test authorized pursuant to Section 60640 and the high school exit examination authorized pursuant to Section 60850.

(B) Ongoing diagnostic techniques that inform teaching and assessment.

(C) Early intervention techniques for pupils experiencing difficulty in prealgebra and algebra.

(2) Instruction provided pursuant to this section shall be consistent with state-adopted academic content standards and with the curriculum frameworks on mathematics for kindergarten and grades 1 to 12, inclusive, that are adopted by the State Board of Education.

(3) Instruction provided pursuant to this section shall acquaint teachers with the value in the diagnostic nature of standardized tests.

(d) Each participant who satisfactorily completes an institute authorized by this section shall receive a stipend, commensurate with the duration of the institute, of not less than one thousand dollars ($1,000) nor more than two thousand dollars ($2,000), as determined by the University of California.

(e) In order to provide maximum access, the institutes shall be offered on multiple university and college campuses that are widely distributed throughout the state. Instruction at the institutes shall consist of an intensive, sustained training period of no less than 40 hours during the summer or during an intersession break, and shall be supplemented, during the following school year, with no fewer than the equivalent of five additional days of instruction and schoolsite meetings, held on at least a monthly basis, to focus on the academic progress of that school's pupils in prealgebra and algebra.

(f) Teachers attending the institutes authorized by this section shall, as a condition of attendance and subsequent to that attendance, serve as instructors in the program authorized by Chapter 17 (commencing with Section 53081) of Part 28. These teachers shall continue to receive followup professional development during the same time period they are providing instruction. Followup professional development during this time period shall occur outside of instructional time.

(g) It is the intent of the Legislature that a local education agency or postsecondary institution that offers an accredited program of professional preparation consider providing partial and proportional credit toward satisfaction of mathematics course requirements to an enrolled candidate who satisfactorily completes an Algebra Academies Professional Development Institute if the institute has been certified by

the Commission on Teacher Credentialing as meeting mathematics standards.

SEC. 6. Section 99224 of the Education Code is amended to read:

99224. The Regents of the University of California are requested to develop jointly with the Trustees of the California State University and the independent colleges and universities, the Algebra Professional Development Institutes, to be administered by the university, in partnership with the California State University and with private, independent universities in California, in accordance with all of the following criteria:

(a) In July 2000, the University of California and its institutes' partners shall commence instruction for 5,000 participants who either provide direct instruction in algebra or the coursework in the two years leading to algebra to pupils enrolled in a public school in grades 6 to 12, inclusive, or supervise beginning teachers of algebra.

(b) (1) The institutes shall provide instruction for school teams from each participating school. These school teams may include both beginning and experienced teachers and the schoolsite administrator.

(2) Criteria and priority for selection of participating school teams shall include, but not necessarily be limited to, all of the following:

(A) Schools whose pupils' scores on the mathematics portion of the achievement examination authorized by Section 60640 are at or below the 40th percentile.

(B) Teams composed of a large percentage of members of their schools' mathematics departments, which may include the chair of that department.

(C) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(D) Schools with a high number of beginning and noncredentialed teachers.

(E) Schools that have adopted standards-based materials approved by the State Board of Education.

(3) In any fiscal year, if funding is inadequate to accommodate the participation of all eligible school teams, first priority shall be given to schools meeting the criteria set forth in subparagraph (D) of paragraph (2).

(c) (1) The institutes shall provide instruction in the teaching of prealgebra and algebra in a manner consistent with the standard for a comprehensive mathematics instruction program that is research-based, and shall include all of the following components:

(A) Instruction in prealgebra and algebra that will enhance the ability of teachers to prepare pupils for the achievement test authorized pursuant to Section 60640 and the high school exit examination authorized pursuant to Section 60850.

(B) Ongoing diagnostic techniques that inform teaching and assessment.

(C) Intervention techniques for pupils experiencing difficulty in prealgebra and algebra.

(2) Instruction provided pursuant to this section shall be consistent with state-adopted academic content standards and with the curriculum frameworks on mathematics for kindergarten and grades 1 to 12, inclusive, that are adopted by the State Board of Education.

(3) Instruction provided pursuant to this section shall acquaint teachers with the value in the diagnostic nature of standardized tests.

(d) In order to provide maximum access, the institutes shall be offered through multiple university and college campuses that are widely distributed throughout the state or in a regionally accredited program offered through instructor-led, interactive online courses. In order to maximize access to teachers and administrators who may be precluded from participating in an onsite institute due to geographical, physical, or time constraints, each institute shall be required to accommodate at least 5 percent of the participants through state-approved instructor-led, interactive online courses. Instruction at the institutes shall consist of an intensive, sustained training period of no less than 40 hours nor more than 120 hours during the summer or during an intersession break or an equivalent instructor-led, online course and shall be supplemented, during the following school year, with no fewer than 80 additional hours nor more than 120 additional hours of instruction and schoolsite meetings, held on at least a monthly basis, to focus on the academic progress of that school's pupils in prealgebra and algebra.

(e) It is the intent of the Legislature that a local education agency or postsecondary institution that offers an accredited program of professional preparation consider providing partial and proportional credit toward satisfaction of mathematics course requirements to an enrolled candidate who satisfactorily completes a High School Algebra Professional Development Institute if the institute has been certified by the Commission on Teacher Credentialing as meeting mathematics standards.

SEC. 7. Section 99225 of the Education Code is amended to read:

99225. The Regents of the University of California are requested to develop collaboratively with the Trustees of the California State University, the independent colleges and universities, and the county offices of education, the Elementary Mathematics Professional Development Institutes, to be administered by the university, in partnership with the California State University and with private, independent universities in California, in accordance with all of the following criteria:

(a) In July 2000, the University of California and its institutes' partners shall commence instruction for 5,000 participants who either provide direct instruction in elementary mathematics to pupils in grades 4 to 6, inclusive, or supervise beginning teachers of elementary mathematics.

(b) (1) The institutes shall provide instruction for school teams from each participating school. These school teams may include both beginning and experienced teachers and the schoolsite administrator.

(2) Criteria and priority for selection of participating school teams shall include, but not necessarily be limited to, all of the following:

(A) Schools whose pupils' scores on the mathematics portion of the achievement test authorized by Section 60640 are at or below the 40th percentile.

(B) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(C) Schools with a high number of beginning and noncredentialed teachers.

(D) Schools that have adopted standards-based materials approved by the State Board of Education.

(3) In any fiscal year, if funding is inadequate to accommodate the participation of all eligible school teams, first priority shall be given to schools meeting the criteria set forth in subparagraph (C) of paragraph (2).

(c) (1) The institutes shall provide instruction in the teaching of elementary mathematics in a manner consistent with the standard for a comprehensive mathematics instruction program that is research-based, and shall include all of the following components:

(A) Instruction in elementary mathematics that will enhance the ability of teachers to prepare pupils for the achievement test authorized pursuant to Section 60640 and the high school exit examination authorized pursuant to Section 60850.

(B) Instruction that will prepare teachers as mathematics specialists and to become teacher trainers at their schools, assuming more of the responsibility for mathematics instruction.

(C) Ongoing diagnostic techniques that inform teaching and assessment.

(D) Early and continuing intervention techniques for pupils experiencing difficulty in elementary mathematics.

(2) Instruction provided pursuant to this section shall be consistent with state-adopted academic content standards and with the curriculum frameworks on mathematics for kindergarten and grades 1 to 12, inclusive, that are adopted by the State Board of Education.

(3) Instruction provided pursuant to this section shall acquaint teachers with the value in the diagnostic nature of standardized tests.

(d) In order to provide maximum access, the institutes shall be offered through multiple university and college campuses that are widely distributed throughout the state or in a regionally accredited program offered through instructor-led, interactive online courses. In order to maximize access to teachers and administrators who may be precluded from participating in an onsite institute due to geographical, physical, or time constraints, each institute shall be required to accommodate at least 5 percent of the participants through state-approved instructor-led, interactive online courses. Instruction at the institutes shall consist of an intensive, sustained training period of no less than 40 hours nor more than 120 hours during the summer or during an intersession break or an equivalent instructor-led, online course, and shall be supplemented, during the following school year, with no fewer than 40 additional hours nor more than 120 additional hours of instruction and schoolsite meetings, held on at least a monthly basis, to focus on the academic progress of that school's pupils in elementary mathematics.

(e) It is the intent of the Legislature that a local education agency or postsecondary institution that offers an accredited program of professional preparation consider providing partial and proportional credit toward satisfaction of mathematics course requirements to an enrolled candidate who satisfactorily completes an Algebra Professional Development Institute if the institute has been certified by the Commission on Teacher Credentialing as meeting mathematics standards.

SEC. 8. Section 99226 of the Education Code is amended to read:

99226. (a) This article shall apply to the University of California only during periods for which the Legislature has appropriated funds therefor in the annual Budget Act and the Regents of the University of California have accepted the funds.

(b) This article shall not apply to the University of California unless and until the Regents of the University of California act, by resolution, to make it applicable.

(c) The Regents of the University of California are requested to jointly develop with the Trustees of California State University and the independent colleges and universities, the institutes described in this article, to be administered by the University of California, in partnership with the California State University and with private, independent universities in California.

(d) Each participant who satisfactorily completes an institute authorized by this article shall receive a stipend commensurate with the duration of the institute, of not less than one thousand dollars ($1,000) nor more than two thousand dollars ($2,000), as determined by the University of California. However, in making this determination, the University of California may not exceed the amount provided in the

Budget Act for stipends for each of the institutes authorized by this article and must serve at each institute the number of participants specified pursuant to this section.

(e) Commencing July 2001, and each fiscal year thereafter, the number of participants receiving instruction through each of these institutes shall be designated in the annual Budget Act.

(f) These institutes shall be developed in accordance with all of the criteria specified in each section, as described therein.

(g) Notwithstanding any other provision of law, on a case-to-case basis, and subject to the concurrence of the State Board of Education that priorities for service to high-need schools are met, the University of California and the programs authorized pursuant to Sections 99220 through 99226, inclusive, may serve teachers in prekindergarten through grade 12 in participating school districts with programs in reading or mathematics when the average of the reading or mathematics portions of the achievement test authorized pursuant to Section 60640 is at or below the priority level for service in schools otherwise served by the California Professional Development Institutes.

SEC. 9. Section 99227 is added to the Education Code, to read:

99227. Within the criteria and priority for the selection of participating school teams set forth in paragraph (2) of subdivision (b) of Sections 99220, 99221, 99222, 99223, 99224, and 99225, priority for the selection of teachers to participate in the professional development institutes authorized pursuant to those sections shall be determined in the following manner:

(a) Teachers who have not participated in a professional development institute in reading or mathematics that is authorized pursuant to this article shall be accorded first priority for training pursuant to this article.

(b) Teachers who have participated in a professional development institute in reading or mathematics that is authorized pursuant to this article, but who have not yet received supplemental training in the areas specified in paragraph (2) of subdivision (a) of Section 99237 shall be accorded second priority for training pursuant to this article.

(c) Teachers who have participated in a professional development institute in reading or mathematics that is authorized pursuant to this article, and have received supplemental training in the areas specified in paragraph (2) of subdivision (a) of Section 99237 shall be accorded third priority for training pursuant to this article.

SEC. 10. Article 3 (commencing with Section 99230) is added to Chapter 5 of Part 65 of the Education Code, to read:

## Article 3. Mathematics and Reading Professional Development Program

99230. This article shall be known and may be cited as the Mathematics and Reading Professional Development Program.

99231. For the purpose of this article, the following terms have the following meanings:

(a) ''Instructional aide'' means a person who is employed on either a full-time or a part-time basis for the purpose of directly assisting with classroom instruction in mathematics and reading in a California public school in which kindergarten or any of grades 1 to 12, inclusive, are taught and who does not possess a valid teaching credential, certificate, authorization, or permit issued by the Commission on Teacher Credentialing and does not include a paraprofessional, as defined in subdivision (b).

(b) ''Paraprofessional'' means a teacher aide, a teacher assistant, or a speech language pathology assistant who is employed on either a full-time or a part-time basis for the purpose of directly assisting with classroom instruction in mathematics and reading in a California public school in which kindergarten or any of grades 1 to 12, inclusive, are taught and who does not possess a valid teaching credential, certificate, authorization, or permit issued by the Commission on Teacher Credentialing.

(c) ''Instructional materials that are aligned to state standards'' means, for grades 1 to 8, inclusive, materials adopted by the State Board of Education after January 1, 2001, unless otherwise authorized by the State Board of Education. For grades 9 to 12, inclusive, ''instructional materials that are aligned to state standards'' means materials that the governing board of the local education agency has, after careful review, certified are aligned to both the state reading or mathematics content standards and the curriculum frameworks for these subjects.

(d) ''Local education agency'' means a school district, county office of education, or charter school.

(e) ''Teacher'' means a person who holds a valid teaching credential, certificate, authorization, or permit issued by the California Commission on Teacher Credentialing and is employed on either a full-time or a part-time basis in a California public school in which kindergarten or any of grades 1 to 12, inclusive, are taught.

99232. (a) The Mathematics and Reading Professional Development Program is hereby established and shall be administered by the Superintendent of Public Instruction with the approval of the State Board of Education.

(b) A local education agency that maintains kindergarten or any of grades 1 to 12, inclusive, is eligible to apply for and receive incentive funding from funds appropriated for the purpose of this article.

(c) From funds appropriated for the purpose of this article, the Superintendent of Public Instruction shall award funding to provide teachers and instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading with instruction and training in the areas of mathematics and reading.

99233. (a) This program is intended to serve the following categories of staff:

(1) Teachers employed in a public school for the purpose of teaching in a self-contained classroom that serves pupils in kindergarten or any of grades 1 to 8, inclusive. Teachers described in this paragraph are eligible to receive instruction in both mathematics and reading.

(2) Teachers employed in a public school for the purpose of providing both mathematics and English instruction to pupils with exceptional needs. Teachers described in this paragraph are eligible to receive instruction in both mathematics and reading.

(3) Teachers who hold a single-subject teaching credential, certificate, or authorization issued by the Commission on Teacher Credentialing that authorizes them to teach English or social science in a classroom that is not self-contained and who are employed in a public school. Teachers described in this paragraph are eligible to receive instruction in reading.

(4) Holders of one-year emergency teaching permits and emergency career substitute teaching permits who are employed in a public school and assigned to teach English or social science courses in a classroom that is not self-contained. Teachers described in this paragraph are eligible to receive instruction in reading.

(5) Teachers who hold a single-subject teaching credential, certificate, or authorization issued by the Commission on Teacher Credentialing that authorizes them to teach mathematics or science in a classroom that is not self-contained and who are employed in a public school. Teachers described in this paragraph are eligible to receive instruction in mathematics.

(6) Holders of one-year emergency teaching permits and emergency career substitute teaching permits who are employed in a public school and assigned to teach mathematics or science courses in a classroom that is not self-contained. Teachers described in this paragraph are eligible to receive instruction in mathematics.

(7) Instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading who are employed in a public school for the purpose of assisting teachers in the instruction of pupils in kindergarten or any of grades 1 to 12, inclusive. Instructional

aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading described in this paragraph are eligible to receive instruction in both mathematics and reading.

(b) Holders of emergency 30-day substitute teaching permits issued by the California Commission on Teacher Credentialing are not eligible to receive training offered pursuant to this article.

99234. (a) The Superintendent of Public Instruction shall notify local education agencies that they are eligible to receive an incentive award for up to 12 percent of its eligible teachers in the 2001–02 fiscal year, up to 28.5 percent in the 2002–03 fiscal year, and up to 28.5 percent in the 2003–04 fiscal year, with the remainder for its eligible teachers in the 2004–05 fiscal year. It is the intent of the Legislature that a local education agency give highest priority to training teachers assigned to low-performing schools. It is also the intent of the Legislature that funding appropriated in one fiscal year that is not expended by a local education agency be redirected to local education agencies that have trained more eligible teachers than the percentage funded. When a redirection of funding occurs, funding in subsequent fiscal years for the local education agencies involved shall be adjusted to reflect the redirection of funding.

(b) A school district that cannot make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237 for all the grade levels it maintains in reading and mathematics may apply for and receive incentive funding for the grade levels and subjects for which it can make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237, in which case the certified assurance submitted pursuant to Section 99237 shall apply only to the professional development provided to teachers and instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading in the grade levels and subjects for which it can make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237.

(c) Of the incentive provided pursuant to subdivision (c), a local education agency may use not more than one thousand dollars ($1,000) of the per teacher per subject amount to provide an individual teacher stipend.

(d) The Superintendent of Public Instruction shall notify local education agencies that the maximum funding for the purpose of this article for which they are eligible each year is equal to the percentage set forth in subdivision (a), multiplied by the sum of the following two factors multiplied by two thousand five hundred dollars ($2,500):

(1) Twice the number of multiple subjects teachers teaching in a self-contained classroom and special education teachers, as specified in paragraphs (1) and (2) of Section 99233, that provide direct instruction

in reading and mathematics as reported in the most recent available CBEDS data, who have not received training pursuant to either this article or Article 2 (commencing with Section 99220).

(2) The number of mathematics, English, science, and social science teachers as specified in paragraphs (3) to (6), inclusive, of Section 99233 that were reported in the most recent available CBEDS data, who have not received training pursuant to either this article or Article 2 (commencing with Section 99220).

(e) The Superintendent of Public Instruction shall allocate funding appropriated for the purposes of this article in the following order of priority:

(1) Two thousand five hundred dollars ($2,500) for each qualifying teacher who was provided training pursuant to subdivision (a) in the prior year for whom the local education agency did not receive funding due to insufficient availability of funds in the prior fiscal year.

(2) Two thousand five hundred dollars ($2,500) for each qualifying teacher who was provided training pursuant to this article, subject to the limitations in subdivision (d).

(3) Five hundred dollars ($500) for each qualifying teacher for each qualifying program as specified in Article 2 (commencing with Section 99220) who successfully completes mathematics or reading standards training, or both, at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) in the 2001–02 fiscal year to the 2004–05 fiscal year, inclusive, using funds received pursuant to Article 2 (commencing with Section 99220), and has had specific approved training on the mathematics or reading instructional materials selected for use in the school.

(4) Five hundred dollars ($500) for each qualifying teacher in each qualifying program pursuant to Article 2 (commencing with Section 99220) who successfully completed mathematics or reading standards training, or both, at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) in the 1999–2000 or 2000–01 fiscal year, using funds received pursuant to Article 2 (commencing with Section 99220), and has had specific approved training on the mathematics or English-language arts instructional materials selected for use in the school.

(5) Two thousand five hundred dollars ($2,500) for each qualifying teacher who was provided training pursuant to this article in excess of limitations in subdivision (d).

(f) For purposes of this article, qualifying teachers who, in the 2000–01 fiscal year, received training at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) that was paid for by a local education agency using funds that were not received pursuant to Article 2 (commencing with

Section 99220) shall be deemed to have received training in the 2001–02 fiscal year. A local education agency shall receive funding for these qualifying teachers in accordance with paragraph (2) of subdivision (e).

(g) Except as provided in subdivision (f) of Section 99237, funding may not be provided to a local education agency until the State Board of Education approves the agency's certified assurance submitted pursuant to Section 99237.

(h) Of the funding a local education agency is eligible to receive pursuant to this section for each eligible teacher, up to the number specified in subdivision (a), 50 percent shall be awarded following the provision of 40 hours of professional development as specified in subdivision (b) of Section 99237, with the remaining funding to be awarded following certification of the provision of the 80 hours of followup instruction as specified in subdivision (b) of Section 99237.

(i) Except as provided in paragraphs (3) and (4) of subdivision (e), a local education agency may not receive funds pursuant to this article for teachers who receive training pursuant to Article 2 (commencing with Section 99220) using funding provided pursuant to Article 2 (commencing with Section 99220).

99234.5. Prioritization for participation in the program established pursuant to this article shall be determined in the following manner:

(a) Teachers who have not participated in a professional development institute in reading or mathematics that is authorized pursuant to Article 2 (commencing with Section 99220) shall be accorded first priority for training pursuant to this article.

(b) Teachers who have participated in a professional development institute in reading or mathematics that is authorized pursuant to Article 2 (commencing with Section 99220), but who have not yet received supplemental training in the areas specified in paragraph (2) of subdivision (a) of Section 99237 shall be accorded second priority for training pursuant to this article.

99235. (a) The Superintendent of Public Instruction shall notify local education agencies that they are eligible to receive funding to provide instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading with professional development training in mathematics and reading, in an amount equal to one thousand dollars ($1,000) per qualifying instructional aide. Funding will be provided to local education agencies on a first-come, first-serve basis. A local education agency that chooses to participate in the program is eligible to receive funding for no greater than 11.5 percent of its instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading in the 2001–02 fiscal year, 29.5 percent in the 2002–03 fiscal year, 29.5 percent in the 2003–04 fiscal year, with the remainder to be funded in the

2004–05 fiscal year. However, the statewide total number of instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading served under this program may not exceed 22,000 over the four fiscal years.

(b) Of the incentive provided pursuant to subdivision (a), a local educational agency may use not more than five hundred dollars ($500) of the per instructional aide and paraprofessionals who directly assist with classroom instruction in mathematics and reading amount to provide an individual instructional aid stipend.

99236. The State Board of Education shall authorize the Superintendent of Public Instruction to design, and the board shall approve, regulations for the implementation and monitoring of the program. The Superintendent of Public Instruction shall provide funding to a local education agency in accordance with the funding methodology specified in Sections 99234 and 99235 and with regulations adopted by the State Board of Education.

99237. (a) Except as provided in subdivision (f), as a condition of receipt of funds for purposes of Section 99234 or 99235, a local education agency shall submit a certified assurance signed by the appropriate agency official and approved in a public session by the governing body of the agency to the State Board of Education that contains its proposal to satisfy the following:

(1) It contracted with a provider whose training curriculum was approved by the State Board of Education or the local education agency's training curriculum was approved by the State Board of Education. Approval by the State Board of Education of the training curriculum shall be based on the criteria contained in paragraph (4) and in subdivision (b).

(2) It or the provider with whom it contracted provided professional development training focused primarily on the following:

(A) The use of instructional materials that will be used by pupils and are aligned to the English-language arts and mathematics content standards adopted by the State Board of Education pursuant to Section 60605.

(B) The English-language arts and mathematics content standards adopted by the State Board of Education pursuant to Section 60605.

(C) The curriculum frameworks adopted by the State Board of Education for these subjects.

(3) (A) It provides each pupil with instructional materials that are aligned to the state content standards in reading and mathematics no later than the first day of the first school term that commences 12 months or less after those materials are adopted by the State Board of Education in the case of instructional materials for grades 1 to 8, inclusive, or by the

governing board of the school district in the case of instructional materials for grades 9 to 12, inclusive.

(B) For local education agencies that are piloting or evaluating instructional materials that are aligned to the state content standards in English-language arts or mathematics, those materials shall be provided to each pupil no later than the first day of the first school term that commences 24 months or less after those materials were adopted by the State Board of Education in the case of instructional materials for grades 1 to 8, inclusive, or by the governing board of the school district in the case of instructional materials for grades 9 to 12, inclusive.

(C) If a local education agency has not adopted instructional materials as required by subparagraph (A) for one or more grade levels because it is piloting or evaluating those instructional materials, the local education agency may only claim funding pursuant to Section 99234 for grade levels and subjects where the local education agency is in compliance with subparagraphs (A) and (B).

(D) For each teacher, in each core area for which funding is claimed pursuant to this article and for which there are not standards aligned textbooks for each pupil, as determined through an audit, the Superintendent of Public Instruction, on a one-time basis, shall withhold from the local education agency's next monthly principal apportionment payment an amount equal to one hundred dollars ($100) for each of those pupils. The funds withheld are deemed to be an offset against the training funds provided pursuant to this article.

(4) It provides in-house professional development that focuses primarily on the following:

(A) The use of instructional materials that will be used by pupils and are aligned to the English-language arts and mathematics content standards adopted by the State Board of Education pursuant to Section 60605.

(B) The English-language arts and mathematics content standards adopted by the State Board of Education pursuant to Section 60605.

(C) The curriculum frameworks adopted by the State Board of Education for these subjects.

(5) It provides the data elements required pursuant to Section 99240.

(b) As an additional condition of receipt of funds for purposes of Section 99234, a local education agency shall certify that:

(1) Forty hours of professional development and 80 hours of followup instruction, coaching, or additional schoolsite assistance, in mathematics or reading, as appropriate, was provided to teachers who meet the criteria specified in paragraphs (1) and (2) of Section 99233.

(2) Forty hours of professional development in reading and an average of 80 hours of followup instruction, coaching, or additional schoolsite assistance was provided to teachers who meet the criteria

specified in paragraphs (3) and (4) of Section 99233, and 40 hours of professional development in mathematics and an average of 80 hours of followup instruction, coaching, or additional schoolsite assistance was provided to teachers who meet the criteria specified in paragraphs (5) and (6) of Section 99233.

(c) If, as the result of a program audit, it is found that the participating local education agency served less participants than it was funded to serve, the Superintendent of Public Instruction shall withhold from the local education agency's next monthly principal apportionment payment an amount proportional to the amount of funding associated with the number of teachers that were not served.

(d) If, as the result of a program audit, it is found that the training provided by the local education agency or the provider with whom it contracted did not meet the requirements of paragraph (4) of subdivision (a), the Superintendent of Public Instruction shall withhold from the local education agency's next monthly principal apportionment payment an amount equal to the amount of funding associated with the training that was not aligned to state standards and curriculum frameworks.

(e) In addition to receiving funding pursuant to this article, a school district, charter school, or county office of education may also claim funding under the Instructional Time and Staff Development Reform Program established pursuant to Article 7.5 (commencing with Section 44579) of Chapter 3 of Part 25 for the 80 hours of follow-up instruction, coaching, or additional schoolsite assistance required pursuant to subdivision (b) if the training meets the requirements of Section 44579.5.

(f) A local education agency may contract with one or more of the California Professional Development Institutes authorized pursuant to Article 2 (commencing with Section 99220) if the training provided by the institute meets the criteria of paragraph (2) of subdivision (a) and subdivision (b), and has been approved by the University of California. These local educational agencies shall receive funds as specified in paragraph (2) or (3) of subdivision (e) of Section 99234, as appropriate.

(g) The State Board of Education shall establish a procedure and criteria for local educational agencies to appeal to the board the findings of an audit conducted pursuant to this article. The board may reduce or eliminate the amount to be withheld pursuant to subdivision (d) if the board determines that the local educational agency was in substantial compliance with this section.

(h) It is the intent of the Legislature that audits referenced in subdivisions (c) and (d) be conducted as part of a compliance audit performed in accordance with Sections 14503, 14508, and 41020.

99238. (a) For the purpose of this article, the State Board of Education shall determine whether professional development programs that are not operated pursuant to Sections 99220 to 99226, inclusive, meet minimum criteria for quality specified in paragraph (4) of subdivision (a) of Section 99237 and subdivision (b) of Section 99237.

(b) The State Board of Education may contract for the review of certified assurances submitted pursuant to Section 99237.

99239. A local education agency or postsecondary institution that offers an accredited program of professional preparation may consider providing partial and proportional credit toward satisfaction of the course requirements to an enrolled candidate who satisfactorily completes a mathematics or reading professional development program as described in this article if the program has been certified by the Commission on Teacher Credentialing as meeting preparation standards.

99240. (a) By July 1, 2003, the State Department of Education, in cooperation with the University of California and the California Professional Development Institutes authorized pursuant to Article 2 (commencing with Section 99220), shall develop, and the State Board of Education shall review and approve, an interim report regarding the program established pursuant to this article for submission to the Legislature. The interim report shall, at a minimum, detail the following:

(1) The number of teachers, by credential type, who have received training offered pursuant to this article.

(2) The number of instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading who have received training offered pursuant to this article.

(3) The entities that have received funds for the purpose of offering training pursuant to this article and the number of teachers and instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading, respectively, that each has trained.

(b) By June 30, 2004, the State Department of Education shall submit, subject to review and approval by the State Board of Education, a final report to the Legislature regarding the program established pursuant to this article. The final report shall, at a minimum, detail the following:

(1) The number of teachers, by credential type, who received training offered pursuant to this article.

(2) The number of instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading who received training offered pursuant to this article.

(3) The entities that received funds for the purpose of offering training pursuant to this article and the number of teachers and instructional aides

and paraprofessionals who directly assist with classroom instruction in mathematics and reading, respectively, that each has trained.

(4) Information detailing the effectiveness of the program established pursuant to this article. This information shall, at a minimum, incorporate survey data concerning program effectiveness that has been gathered from program participants and school principals.

(5) To the extent information is available, information detailing the retention rate, by credential type, of teachers who participated in training offered pursuant to this article. The information shall, at a minimum, incorporate sample data concerning teachers who are no longer in the profession.

(6) To the extent information is available, information detailing the retention rate of instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading who participated in training offered pursuant to this article. The information shall, at a minimum, incorporate sample data concerning aides who are no longer in the profession, as well as aides who have obtained a teacher credential subsequent to training.

99241. (a) Notwithstanding any other provision of law, if a local education agency elects to offer professional development pursuant to this article using the California Professional Development Institutes authorized pursuant to Article 2 (commencing with Section 99220), training may be provided to any teacher of kindergarten or any of grades 1 to 12, inclusive, if the University of California agrees to operate a combined schoolwide and districtwide program that meets the criteria specified in Section 99237.

(b) Notwithstanding any other provision of law, local education agencies that contract with the California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) may, pursuant to an agreement with the University of California, receive from the University of California funds appropriated pursuant to Article 2 (commencing with Section 99220) for the provision of stipends to participating teachers.

(c) Notwithstanding subdivision (e) of Section 99220, subdivision (d) of Section 99221, subdivision (d) of Section 99222, subdivision (e) of Section 99223, subdivision (d) of Section 99224, and subdivision (d) of Section 99225, the Professional Development Institutes authorized pursuant to Article 2 (commencing with Section 99220) may offer training at sites that are not located on a college or university campus.

99242. This article shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 11. (a) The sum of one million two hundred thousand dollars ($1,200,000) is hereby appropriated from the General Fund to the State Department of Education for purposes of the Mathematics and Reading Professional Development Program as set forth in Article 3 (commencing with Section 99230) of Chapter 5 of Part 65 of the Education Code, as follows:

(1) The sum of six hundred thousand dollars ($600,000) is available for expenditure for the 2001–02 fiscal year.

(2) The sum of six hundred thousand dollars ($600,000) is available for expenditure for the 2002–03 fiscal year.

———

CHAPTER 738

An act to amend Sections 33334.2, 33334.3, 33334.4, and 33490 of, to amend, repeal, and add Section 33413 of, and to add Section 33411.5 to, the Health and Safety Code, relating to redevelopment.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that provisions of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code) that have required housing units to be available at affordable housing cost to persons and families of very low, low, or moderate income have also required these units to be occupied by these same persons and families. Thus, the Legislature finds and declares that the addition of the phrase ''occupied by'' within this act is declaratory of existing law.

SEC. 2. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the

planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate

income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need which can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with the provisions of Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions which are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on the provisions of this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding that the community is making a

substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the

number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the

use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the Department of Housing and Community Development has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area which is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan

was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

SEC. 2.1. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the department within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need which can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with the provisions of Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e).

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the Department of Housing and Community Development has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(3) (A) The Orange County Development Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of any city within the County of Orange. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of a city only if the agency and the board of supervisors find all of the following:

(i) Both the County of Orange and the city have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall be a rental housing development containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105.

(iv) The development is in an area with a need for additional affordable housing.

(v) If applicable, Article XXXIV of the California Constitution permits the development.

(vi) The city in which the development is to be constructed has certified to the agency that the city's redevelopment agency, if one exists, is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend or encumber a housing fund excess surplus.

(B) If the agency uses these funds within the incorporated limits of a city, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, housing containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105, or for the acquisition or rehabilitation of publicly assisted rental housing that is threatened with conversion to market rates.

(ii) If less than all the units in the development are affordable to lower income households or very low income households, any agency assistance shall not exceed the amount needed to make the housing affordable to lower income households and very low income households.

(iii) The units in the development that are affordable to lower income households or very low income households shall remain affordable for a period of at least 55 years. Compliance with this requirement shall be ensured by the execution and recordation of covenants and restrictions that, notwithstanding any other provision of law, shall run with the land.

(iv) No development shall be located in a census tract where more than 50 percent of its population is very low income.

(v) Assisted developments shall be located on sites suitable for multifamily housing near public transportation.

(vi) Developed units shall not be treated as meeting the regional housing needs allocation under both the city's and county's housing elements.

(vii) The funds shall be used only for developments for which the city in which the development will be constructed has approved the agency's use of funds for the development or has granted land use approvals for the development.

(viii) The aggregate number of units assisted by the county over each five-year period shall include at least 10 percent that are affordable to households earning 30 percent or less of the area median income, and at least 40 percent that are affordable to very low income households.

(C) The Orange County Development Agency shall make diligent efforts to obtain the development of low- and moderate-income housing in unincorporated areas, including in developing areas of the county.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area which is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan

was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

SEC. 2.2. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low- or moderate-income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as

defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to

allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be

constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2.3. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low- or moderate-income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the department within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e).

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or

moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the

legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(3) (A) The Orange County Development Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of any city within the County of Orange. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of a city only if the agency and the board of supervisors find all of the following:

(i) Both the County of Orange and the city have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall be a rental housing development containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105.

(iv) The development is in an area with a need for additional affordable housing.

(v) If applicable, Article XXXIV of the California Constitution permits the development.

(vi) The city in which the development is to be constructed has certified to the agency that the city's redevelopment agency, if one exists, is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend or encumber a housing fund excess surplus.

(B) If the agency uses these funds within the incorporated limits of a city, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, housing containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105, or for the acquisition or rehabilitation of publicly assisted rental housing that is threatened with conversion to market rates.

(ii) If less than all the units in the development are affordable to lower income households or very low income households, any agency assistance shall not exceed the amount needed to make the housing affordable to lower income households and very low income households.

(iii) The units in the development that are affordable to lower income households or very low income households shall remain affordable for a period of at least 55 years. Compliance with this requirement shall be ensured by the execution and recordation of covenants and restrictions that, notwithstanding any other provision of law, shall run with the land.

(iv) No development shall be located in a census tract where more than 50 percent of its population is very low income.

(v) Assisted developments shall be located on sites suitable for multifamily housing near public transportation.

(vi) Developed units shall not be treated as meeting the regional housing needs allocation under both the city's and county's housing elements.

(vii) The funds shall be used only for developments for which the city in which the development will be constructed has approved the agency's use of funds for the development or has granted land use approvals for the development.

(viii) The aggregate number of units assisted by the county over each five-year period shall include at least 10 percent that are affordable to households earning 30 percent or less of the area median income, and at least 40 percent that are affordable to very low income households.

(C) The Orange County Development Agency shall make diligent efforts to obtain the development of low- and moderate-income housing in unincorporated areas, including in developing areas of the county.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2.4. Section 33334.2 is added to the Health and Safety Code, to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable

housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low- or moderate-income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code.

No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on the

provisions of this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or

preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the Department of Housing and Community Development has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall become operative on January 1, 2005.

SEC. 2.5. Section 33334.2 is added to the Health and Safety Code, to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the department within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the

housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with the provisions of Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e).

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low

income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency

shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to

the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the Department of Housing and Community Development has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(3) (A) The Orange County Development Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of any city within the County of Orange. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of a city only if the agency and the board of supervisors find all of the following:

(i) Both the County of Orange and the city have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall be a rental housing development containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105.

(iv) The development is in an area with a need for additional affordable housing.

(v) If applicable, Article XXXIV of the California Constitution permits the development.

(vi) The city in which the development is to be constructed has certified to the agency that the city's redevelopment agency, if one exists, is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend or encumber a housing fund excess surplus.

(B) If the agency uses these funds within the incorporated limits of a city, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, housing containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105, or for the acquisition or rehabilitation of publicly assisted rental housing that is threatened with conversion to market rates.

(ii) If less than all the units in the development are affordable to lower income households or very low income households, any agency assistance shall not exceed the amount needed to make the housing affordable to lower income households and very low income households.

(iii) The units in the development that are affordable to lower income households or very low income households shall remain affordable for a period of at least 55 years. Compliance with this requirement shall be ensured by the execution and recordation of covenants and restrictions that, notwithstanding any other provision of law, shall run with the land.

(iv) No development shall be located in a census tract where more than 50 percent of its population is very low income.

(v) Assisted developments shall be located on sites suitable for multifamily housing near public transportation.

(vi) Developed units shall not be treated as meeting the regional housing needs allocation under both the city's and county's housing elements.

(vii) The funds shall be used only for developments for which the city in which the development will be constructed has approved the agency's use of funds for the development or has granted land use approvals for the development.

(viii) The aggregate number of units assisted by the county over each five-year period shall include at least 10 percent that are affordable to households earning 30 percent or less of the area median income, and at least 40 percent that are affordable to very low income households.

(C) The Orange County Development Agency shall make diligent efforts to obtain the development of low- and moderate-income housing in unincorporated areas, including in developing areas of the county.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall become operative on January 1, 2005.

SEC. 3. Section 33334.3 of the Health and Safety Code is amended to read:

33334.3. (a) The funds that are required by Section 33334.2 or 33334.6 to be used for the purposes of increasing and improving the community's supply of low- and moderate-income housing shall be held in a separate Low and Moderate Income Housing Fund until used.

(b) Any interest earned by the Low and Moderate Income Housing Fund and any repayments or other income to the agency for loans, advances, or grants, of any kind from the Low and Moderate Income Housing Fund, shall accrue to and be deposited in, the fund and may only be used in the manner prescribed for the Low and Moderate Income Housing Fund.

(c) The moneys in the Low and Moderate Income Housing Fund shall be used to increase, improve, and preserve the supply of low- and moderate-income housing within the territorial jurisdiction of the agency.

(d) It is the intent of the Legislature that the Low and Moderate Income Housing Fund be used to the maximum extent possible to defray the costs of production, improvement, and preservation of low- and moderate-income housing and that the amount of money spent for

planning and general administrative activities associated with the development, improvement, and preservation of that housing not be disproportionate to the amount actually spent for the costs of production, improvement, or preservation of that housing. The agency shall determine annually that the planning and administrative expenses are necessary for the production, improvement, or preservation of low- and moderate-income housing.

(e) (1) Planning and general administrative costs which may be paid with moneys from the Low and Moderate Income Housing Fund are those expenses incurred by the agency which are directly related to the programs and activities authorized under subdivision (e) of Section 33334.2 and are limited to the following:

(A) Costs incurred for salaries, wages, and related costs of the agency's staff or for services provided through interagency agreements, and agreements with contractors, including usual indirect costs related thereto.

(B) Costs incurred by a nonprofit corporation which are not directly attributable to a specific project.

(2) Legal, architectural, and engineering costs and other salaries, wages, and costs directly related to the planning and execution of a specific project which are authorized under subdivision (e) of Section 33334.2 and which are incurred by a nonprofit housing sponsor are not planning and administrative costs for the purposes of this section, but are instead project costs.

(f) (1) The requirements of this subdivision apply to all new or substantially rehabilitated housing units developed or otherwise assisted, with moneys from the Low and Moderate Income Housing Fund, pursuant to an agreement approved by an agency on or after January 1, 1988. Except to the extent a longer period of time may be required by other provisions of law, the agency shall require that housing units subject to this subdivision shall remain available at affordable housing costs to, and are occupied by, persons and families of low or moderate income and very low income households for the longest feasible time, but for not less than the following periods of time:

(A) Fifty-five years for rental units. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (A) the replacement units are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (B) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(B) Forty-five years for owner-occupied units. However, the agency may permit sales of owner-occupied units prior to the expiration of the 45-year period for a price in excess of that otherwise permitted under this

subdivision pursuant to an adopted program which protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program which establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency and deposited in the Low and Moderate Income Housing Fund. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(C) If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(2) The agency shall require the recording in the office of the county recorder of covenants or restrictions implementing this subdivision for each parcel or unit of real property subject to this subdivision. Notwithstanding any other provision of law, the covenants or restrictions shall run with the land and shall be enforceable, against the original owner and successors in interest, by the agency or the community.

(g) ''Housing,'' as used in this section, includes residential hotels, as defined in subdivision (k) of Section 37912. The definitions of ''lower income households'' and ''very low income households'' in Sections 50079.5 and 50105 shall apply to this section. ''Longest feasible time,'' as used in this section, includes, but is not limited to, unlimited duration.

(h) ''Increasing, improving, and preserving the community's supply of low- and moderate-income housing,'' as used in this section and in Section 33334.2, includes the preservation of rental housing units assisted by federal, state, or local government on the condition that units remain affordable to, and occupied by, low- and moderate-income households, including very low income households, for a specified period of time, beyond the date the subsidies and use restrictions could be terminated and the assisted housing units converted to market rate rentals. In preserving these units the agency shall require the units remain affordable to, and occupied by, persons and families of low- and moderate-income and very low income households for the longest feasible time. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (1) the replacement units in another location are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (2) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(i) Agencies that have more than one project area may satisfy the requirements of Sections 33334.2 and 33334.6 and of this section by

allocating, in any fiscal year, less than 20 percent in one project area, if the difference between the amount allocated and the 20 percent required is instead allocated, in that same fiscal year, to the Low and Moderate Income Housing Fund from tax increment revenues from other project areas. Prior to allocating funds pursuant to this subdivision, the agency shall make the finding required by subdivision (g) of Section 33334.2.

(j) Funds from the Low and Moderate Income Housing Fund shall not be used to the extent that other reasonable means of private or commercial financing of the new or substantially rehabilitated units at the same level of affordability and quantity are reasonably available to the agency or to the owner of the units. Prior to the expenditure of funds from the Low and Moderate Income Housing Fund for new or substantially rehabilitated housing units, where those funds will exceed 50 percent of the cost of producing the units, the agency shall find, based on substantial evidence, that the use of the funds is necessary because the agency or owner of the units has made a good faith attempt but been unable to obtain commercial or private means of financing the units at the same level of affordability and quantity.

SEC. 4. Section 33334.4 of the Health and Safety Code is amended to read:

33334.4. (a) Except as specified in subdivision (b), each agency shall expend, over the duration of the redevelopment implementation plan, the moneys in the Low and Moderate Income Housing Fund to assist housing for persons of low income and housing for persons of very low income in at least the same proportion as the total number of housing units needed for each of those income groups bears to the total number of units needed for persons of moderate, low, and very low income within the community, as those needs have been determined for the community pursuant to Section 65584 of the Government Code. In determining compliance with this obligation, the agency may adjust the proportion by subtracting from the need identified for each income category, the number of units for persons of that income category that are newly constructed over the duration of the implementation plan with other locally controlled government assistance and without agency assistance and that are required to be affordable to, and occupied by, persons of the income category for at least 55 years for rental housing and 45 years for ownership housing, except that in making an adjustment the agency may not subtract units developed pursuant to a replacement housing obligation under state or federal law. Each agency shall expend, over the duration of each redevelopment implementation plan, the moneys in the Low and Moderate Income Housing Fund to assist housing that is available to families with children in at least the same proportion as the population under age 65 years bears to the total

population of the community as reported in the most recent census of the United States Census Bureau.

(b) An agency that has deposited in the Low and Moderate Income Housing Fund over the first five years of the period of an implementation plan an aggregate that is less than two million dollars ($2,000,000) shall have an extra five years to meet the requirements of this section.

SEC. 5. Section 33411.5 is added to the Health and Safety Code, to read:

33411.5. Whenever all or any portion of a redevelopment project is developed with very low, low-, or moderate-income housing units, and whenever any very low, low-, or moderate-income housing units are developed with any agency assistance or pursuant to Section 33413, the agency shall require by contract or other appropriate means that this housing be made available for rent or purchase to the persons and families of low or moderate income displaced by the redevelopment project. These persons and families shall be given priority in renting or buying that housing. However, failure to give that priority shall not affect the validity of the title to real property. The agency shall keep a list of persons and families of low or moderate income displaced by the redevelopment project who are to be given priority and may establish reasonable rules for determining the order or priority on the list.

SEC. 6. Section 33413 of the Health and Safety Code, as amended by Section 3 of Chapter 756 of the Statutes of 2000, is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed on or after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to persons in the same or a lower income category (low, very low, or moderate), as the persons displaced from those destroyed or removed units.

(b) (1) At least 30 percent of all new and substantially rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income and shall be occupied by these persons and families. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) At least 15 percent of all new and substantially rehabilitated dwelling units developed within a project area under the jurisdiction of an agency by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income and shall be occupied by these persons and families. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households and shall be occupied by these persons and families.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing costs, to persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have been required to be available inside a project area.

(iii) On or after January 1, 2002, as used in this paragraph and in paragraph (1), ''substantially rehabilitated dwelling units'' means substantially rehabilitated, with agency assistance, multifamily rented dwelling units with three or more units, or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units. Prior to January 1, 2002, ''substantially rehabilitated dwelling units'' shall mean substantially rehabilitated multifamily rented dwelling units with three or more units or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units.

(iv) As used in this paragraph and in paragraph (1), ''substantial rehabilitation'' means rehabilitation, the value of which constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of the land value.

(v) To satisfy this paragraph, the agency may aggregate new or substantially rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase, or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of, long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons and families of low or very low income, for the longest feasible time but not less than 55 years for rental units and 45 years for owner-occupied units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply, in the aggregate, to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units, unless an agency determines otherwise.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements

during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low-income, moderate-income, and very low income households, respectively, and remain occupied by those persons and families for the longest feasible time, but for not less than 55 years for rental units and 45 years for home ownership units, except for the following:

(1) The agency may permit sales of owner-occupied units prior to the expiration of the 45-year period established by the agency for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency, and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units pursuant to this subparagraph, expend funds to make affordable an equal number of units at the same income level as units sold pursuant to this subparagraph.

(2) The requirements of this subdivision shall be made enforceable in the same manner as provided in paragraph (2) of subdivision (f) of Section 33334.3.

(3) If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas that are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income

are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) ''Longest feasible time,'' as used in this section, includes, but is not limited to, unlimited duration.

(h) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 6.5. Section 33413 of the Health and Safety Code, as amended by Section 3 of Chapter 756 of the Statutes of 2000, is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed on or after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to persons in the same or a lower

income category (low, very low, or moderate), as the persons displaced from those destroyed or removed units.

(b) (1) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2 and 33333.6, at least 30 percent of all new and substantially rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income and shall be occupied by these persons and families. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Section 33333.2 and 33333.6, at least 15 percent of all new and substantially rehabilitated dwelling units developed within a project area under the jurisdiction of an agency by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income and shall be occupied by these persons and families. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households and shall be occupied by these persons and families.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing costs, to persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have been required to be available inside a project area.

(iii) On or after January 1, 2002, as used in this paragraph and in paragraph (*l*), ''substantially rehabilitated dwelling units'' means substantially rehabilitated, with agency assistance, multifamily rented dwelling units with three or more units, or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units. Prior to January 1, 2002, ''substantially rehabilitated dwelling units'' shall mean substantially rehabilitated multifamily rented dwelling units with three or more units or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units.

(iv) As used in this paragraph and in paragraph (1), ''substantial rehabilitation'' means rehabilitation, the value of which constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of the land value.

(v) To satisfy this paragraph, the agency may aggregate new or substantially rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase, or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of, long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons and families of low or very low income, for the longest feasible time but not less than 55 years for rental units and 45 years for owner-occupied units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply, in the aggregate, to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units, unless an agency determines otherwise.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year

period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low-income, moderate-income, and very low income households, respectively, and remain occupied by those persons and families for the longest feasible time, but for not less than 55 years for rental units and 45 years for home ownership units, except for the following:

(1) The agency may permit sales of owner-occupied units prior to the expiration of the 45-year period established by the agency for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency, and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units pursuant to this subparagraph, expend funds to make affordable an equal number of units at the same income level as units sold pursuant to this subparagraph.

(2) The requirements of this subdivision shall be made enforceable in the same manner as provided in paragraph (2) of subdivision (f) of Section 33334.3.

(3) If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas that are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section

applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976. In addition, subdivision (b) shall apply to redevelopment plans adopted prior to January 1, 1976, for which an amendment is adopted pursuant to Section 33333.10, except that subdivision (b) shall apply to those redevelopment plans prospectively only so that the requirements of subdivision (b) shall apply only to new and substantially rehabilitated dwelling units for which the building permits are issued on or after the date that the ordinance adopting the amendment pursuant to Section 33333.10 becomes effective.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) ''Longest feasible time,'' as used in this section, includes, but is not limited to, unlimited duration.

(h) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 7. Section 33413 is added to the Health and Safety Code, to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of

replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing cost within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost to, and occupied by, persons in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to, and occupied by, persons in the same or a lower income category (low, very low, or moderate) as the persons displaced from those destroyed or removed units.

(b) (1) At least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) At least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing cost to, and occupied by, persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have had to be available inside a project area.

(iii) To satisfy the provisions of this paragraph, the agency may aggregate new or rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of long-term affordability covenants on multifamily units that restrict the cost of

renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons and families of low or very low income, for the longest feasible time but not less than 55 years for rental units and 45 years for owner-occupied units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase of acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain

available at affordable housing cost to, and occupied by, persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, but for not less than 55 years for rental units and 45 years for home ownership units, except for the following:

(1) The agency may permit sales of owner-occupied units prior to the expiration of the 45-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units under this paragraph, expend funds to make affordable an equal number of units at the same income level as units sold under this paragraph. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(2) The requirements of this subdivision shall be made enforceable in the same manner as provided in paragraph (2) of subdivision (f) of Section 33334.3.

If land on which dwelling units required by this section are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each

dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) ''Longest feasible time,'' as used in this section, includes, but is not limited to, unlimited duration.

(h) This section shall become operative on January 1, 2006.

SEC. 7.5. Section 33413 is added to the Health and Safety Code, to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing cost within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost to, and occupied by, persons in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to, and occupied by, persons in the same or a lower income category (low, very low, or moderate) as the persons displaced from those destroyed or removed units.

(b) (1) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2 and

33333.6, at least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2 and 33333.6, at least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing cost to, and occupied by, persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have had to be available inside a project area.

(iii) To satisfy the provisions of this paragraph, the agency may aggregate new or rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons and families of low or very low income, for the longest feasible time but

not less than 55 years for rental units and 45 years for owner-occupied units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase of acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to, and occupied by, persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, but for not less than 55 years for rental units and 45 years for home ownership units, except for the following:

(1) The agency may permit sales of owner-occupied units prior to the expiration of the 45-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the

length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units under this paragraph, expend funds to make affordable an equal number of units at the same income level as units sold under this paragraph. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(2) The requirements of this subdivision shall be made enforceable in the same manner as provided in paragraph (2) of subdivision (f) of Section 33334.3.

If land on which dwelling units required by this section are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976. In addition, subdivision (b) shall apply to redevelopment plans adopted prior to January 1, 1976, for which an amendment is adopted pursuant to Section 33333.10, except that subdivision (b) shall apply to those redevelopment plans prospectively only so that the requirements of subdivision (b) shall apply only to new and substantially rehabilitated dwelling units for which the building permits are issued on or after the date that the ordinance adopting the amendment pursuant to Section 33333.10 becomes effective.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) ''Longest feasible time,'' as used in this section, includes, but is not limited to, unlimited duration.

(h) This section shall become operative on January 1, 2006.

SEC. 8. Section 33490 of the Health and Safety Code is amended to read:

33490. (a) (1) (A) On or before December 31, 1994, and each five years thereafter, each agency that has adopted a redevelopment plan prior to December 31, 1993, shall adopt, after a public hearing, an implementation plan that shall contain the specific goals and objectives of the agency for the project area, the specific programs, including potential projects, and estimated expenditures proposed to be made during the next five years, and an explanation of how the goals and objectives, programs, and expenditures will eliminate blight within the project area and implement the requirements of Sections 33334.2, 33334.4, 33334.6, and 33413. After adoption of the first implementation plan, the parts of the implementation plan that address Sections 33334.2, 33334.4, 33334.6, and 33413 shall be adopted every five years either in conjunction with the housing element cycle or the implementation plan cycle. The agency may amend the implementation plan after conducting a public hearing on the proposed amendment. If an action attacking the adoption, approval, or validity of a redevelopment plan adopted prior to January 1, 1994, has been brought pursuant to Chapter 5 (commencing with Section 33500), the first implementation plan required pursuant to this section shall be adopted within six months after a final judgment or order has been entered. Subsequent implementation plans required pursuant to this section shall be adopted pursuant to the terms of this section, and as if the first implementation plan had been adopted on or before December 31, 1994.

(B) Adoption of an implementation plan shall not constitute an approval of any specific program, project, or expenditure and shall not change the need to obtain any required approval of a specific program, project, or expenditure from the agency or community. The adoption of an implementation plan shall not constitute a project within the meaning of Section 21000 of the Public Resources Code. However, the inclusion

of a specific program, potential project, or expenditure in an implementation plan prepared pursuant to subdivision (c) of Section 33352 in conjunction with a redevelopment plan adoption shall not eliminate analysis of those programs, potential projects, and expenditures in the environmental impact report prepared pursuant to subdivision (k) of Section 33352 to the extent that it would be otherwise required. In addition, the inclusion of programs, potential projects, and expenditures in an implementation plan shall not eliminate review pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), at the time of the approval of the program, project, or expenditure, to the extent that it would be otherwise required.

(2) (A) A portion of the implementation plan shall address the agency housing responsibilities and shall contain a section addressing Sections 33334.2, 33334.4, and 33334.6, the Low and Moderate Income Housing Fund, and, if subdivision (b) of Section 33413 applies, a section addressing agency-developed and project area housing. The section addressing the Low and Moderate Income Housing Fund shall contain:

(i) The amount available in the Low and Moderate Income Housing Fund and the estimated amounts which will be deposited in the Low and Moderate Income Housing Fund during each of the next five years.

(ii) A housing program with estimates of the number of new, rehabilitated, or price-restricted units to be assisted during each of the five years and estimates of the expenditures of moneys from the Low and Moderate Income Housing Fund during each of the five years.

(B) For each project area to which subdivision (b) of Section 33413 applies, the section addressing the agency developed and project area housing shall contain:

(i) Estimates of the number of new, substantially rehabilitated or price-restricted residential units to be developed or purchased within one or more project areas, both over the life of the plan and during the next 10 years.

(ii) Estimates of the number of units of very low, low-, and moderate-income households required to be developed within one or more project areas in order to meet the requirements of paragraph (2) of subdivision (b) of Section 33413, both over the life of the plan and during the next 10 years.

(iii) The number of units of very low, low-, and moderate-income households which have been developed within one or more project areas which meet the requirements of paragraph (2) of subdivision (b) of Section 33413.

(iv) Estimates of the number of agency developed residential units which will be developed during the next five years, if any, which will be governed by paragraph (1) of subdivision (b) of Section 33413.

(v) Estimates of the number of agency developed units for very low, low-, and moderate-income households which will be developed by the agency during the next five years to meet the requirements of paragraph (1) of subdivision (b) of Section 33413.

(C) The section addressing Section 33334.4 shall contain all of the following:

(i) The number of housing units needed for very low income persons, low-income persons, and moderate-income persons as each of those needs have been identified in the most recent determination pursuant to Section 65584 of the Government Code, and the proposed amount of expenditures from the Low and Moderate Income Housing Fund for each income group during each year of the implementation plan period.

(ii) The total population of the community and the population under age 65 as reported in the most recent census of the United States Census Bureau.

(iii) A housing program that provides a detailed schedule of actions the agency is undertaking or intends to undertake to ensure expenditure of the Low and Moderate Income Housing Fund in the proportions required by Section 33334.4.

(iv) For the previous implementation plan period, the amounts of Low and Moderate Income Housing Fund moneys utilized to assist units affordable to and occupied by very low income households and low-income households; the number, location, and level of affordability of units newly constructed with other locally controlled government assistance and without agency assistance and that are required to be affordable to, and occupied by, persons of low or very low income for at least 55 years for rental housing or 45 years for ownership housing; and the amount of Low and Moderate Income Housing Fund moneys utilized to assist housing units available to families with children, and the number, location, and level of affordability of those units.

(3) If the implementation plan contains a project that will result in the destruction or removal of dwelling units that will have to be replaced pursuant to subdivision (a) of Section 33413, the implementation plan shall identify proposed locations suitable for those replacement dwelling units.

(b) For a project area for which a redevelopment plan is adopted on or after January 1, 1994, the implementation plan prepared pursuant to subdivision (c) of Section 33352 shall constitute the initial implementation plan and thereafter the agency after a public hearing shall adopt an implementation plan every five years commencing with the fifth year after the plan has been adopted. Agencies may adopt implementation plans that include more than one project area.

(c) Every agency, at least once within the five-year term of the plan, shall conduct a public hearing and hear testimony of all interested parties

for the purpose of reviewing the redevelopment plan and the corresponding implementation plan for each redevelopment project within the jurisdiction and evaluating the progress of the redevelopment project. The hearing required by this subdivision shall take place no earlier than two years and no later than three years after the adoption of the implementation plan. An agency may hold one hearing for two or more project areas if those project areas are included within the same implementation plan.

(d) Notice of public hearings conducted pursuant to this section shall be published pursuant to Section 6063 of the Government Code and posted in at least four permanent places within the project area for a period of three weeks. Publication and posting shall be completed not less than 10 days prior to the date set for hearing.

SEC. 9. (a) Section 2.1 of this bill incorporates amendments to Section 33334.2 of the Health and Safety Code proposed by both this bill and AB 661. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 33334.2 of the Health and Safety Code, and (3) SB 459 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 661, in which case Sections 2, 2.2, 2.3, 2.4, and 2.5 of this bill shall not become operative.

(b) Sections 2.2 and 2.4 of this bill incorporate amendments to Section 33334.2 of the Health and Safety Code proposed by both this bill and SB 459. Sections 2.2 and 2.4 shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 33334.2 of the Health and Safety Code, (3) AB 661 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 459, in which case Sections 2, 2.1, 2.3, and 2.5 of this bill shall not become operative.

(c) Sections 2.3 and 2.5 of this bill incorporate amendments to Section 33334.2 of the Health and Safety Code proposed by this bill, AB 661, and SB 459. Sections 2.3 and 2.5 shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 2002, (2) all three bills amend Section 33334.2 of the Health and Safety Code, and (3) this bill is enacted after AB 661 and SB 459, in which case Sections 2, 2.1, 2.2, and 2.4 of this bill shall not become operative.

SEC. 10. Sections 6.5 and 7.5 of this bill incorporate amendments to Section 33413 of the Health and Safety Code proposed by both this bill and SB 211. Sections 6.5 and 7.5 shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 33413 of the Health and Safety Code, and

(3) this bill is enacted after SB 211, in which case Sections 6 and 7 of this bill shall not become operative.

---

## CHAPTER 739

An act to amend Section 635 of the Streets and Highways Code, and to amend Sections 545.1, 1675, 1677, 11212, 11222, 11715, 14900.1, 16000, 16050, 16051, 16052, 16054, 16054.2, 16055, 16070, 23103, and 25108 of, and to amend the heading of Article 3 (commencing with Section 16050) of Chapter 1 of Division 7 of, to add Section 24616 to, and to repeal Sections 15250.5 and 15255 of, the Vehicle Code, relating to transportation.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 635 of the Streets and Highways Code is amended to read:

635. (a) State Highway Route 1 from Las Cruces to San Francisco shall be known and designated as the ''Cabrillo Highway.''

(b) State highway routes embracing portions of Routes 280, 82, 238, 101, 5, 72, 12, 37, 121, 87, 162, 185, 92, and 123 and connecting city streets and county roads thereto, and extending in a continuous route from Sonoma southerly to the international border and near the route historically known as El Camino Real shall be known and designated as ''El Camino Real.''

(c) State Highway Route 1 from south of San Juan Capistrano to near El Rio shall be known and designated as the ''Pacific Coast Highway.''

SEC. 2. Section 545.1 of the Vehicle Code is amended to read:

545.1. (a) Notwithstanding Section 545, a motor vehicle is not a schoolbus if it is operated for the purpose of transporting any pupil to or from a community college or to or from activities at that college, irrespective of the age of the pupil or the grade level of the pupil, if the pupil is a current enrollee in classes of the college providing the transportation.

(b) A driver of a motor vehicle that meets the criteria established by subdivision (a) shall escort pupils as required by subdivision (d) of Section 22112 and shall meet the requirements of Section 12517.

(c) This section shall apply to a community college district that includes within its boundaries one or more counties, each of which has a population of 250,000 or less.

SEC. 3. Section 1675 of the Vehicle Code is amended to read:

1675. (a) The director shall establish standards and develop criteria for the approval of driver improvement courses specifically designed for the safe driving needs of drivers who are 55 years of age or older, which shall be known as the mature driver improvement course.

(b) The curriculum for the course provided for in subdivision (a) shall include, but is not limited to, all of the following components:

(1) How impairment of visual and audio perception affects driving performance and how to compensate for that impairment.

(2) The effects of fatigue, medications, and alcohol on driving performance, when experienced alone or in combination, and precautionary measures to prevent or offset ill effects.

(3) Updates on rules of the road and equipment, including, but not limited to, safety belts and safe and efficient driving techniques under present day road and traffic conditions.

(4) How to plan travel time and select routes for safety and efficiency.

(5) How to make crucial decisions in dangerous, hazardous, and unforeseen situations.

(c) Each mature driver improvement course shall include not less than 400 minutes of instruction, and shall not exceed 25 students per single day of instruction or 30 students per two days of instruction.

(d) Upon satisfactory completion of the mature driver improvement course, participants shall receive and retain a certificate provided by the department, awarded and distributed by the course provider, which shall be suitable evidence of satisfactory course completion, and eligibility for three years, from the date of completion, for the mature driver vehicle liability insurance premium reduction pursuant to Section 11628.3 of the Insurance Code.

(e) The certificate may be renewed every three years from the date of completion by successfully completing a subsequent mature driver improvement course.

(f) For the purposes of this section, and Sections 1676 and 1677, ''course provider'' means any person offering a mature driver improvement course approved by the department pursuant to subdivision (a).

SEC. 4. Section 1677 of the Vehicle Code is amended to read:

1677. (a) The department may collect a fee, to be determined by the department, from each course provider who shall be responsible for the development and operation of a mature driver improvement course, for the approval of the course, but not to exceed the actual cost of approval of the course. The department shall transmit all fees it receives for deposit in the Motor Vehicle Account in the State Transportation Fund pursuant to Section 42270.

(b) Each course provider, who has received course approval from the department, is responsible for the delivery, instruction, and content of his or her mature driver improvement course.

(c) The department shall investigate claims of impropriety on the part of a course provider. The department may withdraw the approval of courses in violation of Section 1675 or 1676, as determined by the department, for just cause, including, but not limited to any of the following:

(1) Furnishing course completion certificates to course enrollees prior to, or in the absence of, completion of the curriculum specified in subdivisions (b) and (c) of Section 1675.

(2) Charging fees in excess of the amounts specified in subdivisions (a) and (c) of Section 1676.

(d) Mature driver improvement courses approved by the department shall continue to be approved until either of the following occurs:

(1) The course provider does not meet the conditions of approval.

(2) The department finds just cause to terminate the approval pursuant to subdivision (c).

SEC. 5. Section 11212 of the Vehicle Code is amended to read:

11212. (a) Every owner licensed under this chapter shall keep a record at the traffic violator school's primary business location showing all of the following for each student:

(1) The name and address and license number of the traffic violator school providing instruction.

(2) The name and address of each person given instruction.

(3) The instruction permit number or driver's license number of every person given instruction.

(4) The name and number of the license issued pursuant to Section 11207 of the traffic violator school instructor.

(5) The particular type of instruction given and the date or dates of the instruction.

(6) A statement as to whether the approved lesson plan was followed.

(7) The total number of hours of instruction.

(8) The total cost to the student of the instruction, which shall not exceed the amount of the fee represented or advertised by the traffic violator school at the time of the student's enrollment.

(9) The court docket number under which the student was referred to a traffic violator school.

(10) The number of the completion certificate issued to the student pursuant to subdivision (e) of Section 11208 and, if different, the number of any copy thereof issued to the student.

(b) The records shall be retained for a minimum of three years and shall be open to the inspection during business hours and at all other reasonable times by the department, the court, a private entity providing

monitoring pursuant to Section 11222, the Legislative Analyst, and the State Auditor or authorized employees thereof, but shall be only for confidential use.

(c) Whenever a licensee suspends or terminates the licensed activity, the licensee shall surrender the records specified in subdivision (a) to the department for examination not later than the end of the third day, excluding Saturdays, Sundays, and legal holidays, after the date of suspension or termination. The department may duplicate or make a record of any information contained therein. All these records shall be returned to the licensee not later than 30 days after the date of surrender.

(d) The address of any person kept pursuant to paragraph (2) of subdivision (a) shall only be used by the school for school administrative purposes.

SEC. 6. Section 11222 of the Vehicle Code is amended to read:

11222. The department may contract with a nongovernmental entity to administer any part of this chapter, subject to limitations in other laws regarding contracting out for services. No contract shall exceed three years' duration. The contracting entity, and any affiliate or subsidiary thereof monitoring traffic violator schools, shall conform to all of the following requirements:

(a) Engage in no other business activity with traffic violator schools or any of the principals of the traffic violator schools, including the provision of services or supplies.

(b) Provide reports in statistical form to the department and to the Legislature as instructed by the department. These reports shall be issued not less frequently than annually.

(c) Make its records available for inspection by authorized representatives of the department, the Legislative Analyst, and the State Auditor.

SEC. 6.5. Section 11715 of the Vehicle Code is amended to read:

11715. (a) A manufacturer, remanufacturer, distributor, or dealer owning or lawfully possessing any vehicle of a type otherwise required to be registered under this code may operate or move the vehicle upon the highways without registering the vehicle upon condition that the vehicle displays special plates issued to the owner as provided in this chapter, in addition to other license plates or permits already assigned and attached to the vehicle in the manner prescribed in Sections 5200 to 5203, inclusive. A vehicle for sale or lease by a dealer may also be operated or moved upon the highways without registration for a period not to exceed seven days by a prospective buyer or lessee who is test-driving the vehicle for possible purchase or lease, if the vehicle is in compliance with this condition. The vehicle may also be moved or operated for the purpose of towing or transporting by any lawful method other vehicles.

(b) A transporter may operate or move any owned or lawfully possessed vehicle of like type by any lawful method upon the highways solely for the purpose of delivery, upon condition that there be displayed upon each vehicle in contact with the highway special license plates issued to the transporter as provided in this chapter, in addition to any license plates or permits already assigned and attached to the vehicle in the manner prescribed in Sections 5200 to 5203, inclusive. The vehicles may be used for the purpose of towing or transporting by any lawful method other vehicles when the towing or transporting vehicle is being delivered for sale or to the owner thereof.

(c) This section does not apply to any manufacturer, remanufacturer, transporter, distributor, or dealer operating or moving a vehicle as provided in Section 11716.

(d) This section does not apply to work or service vehicles owned by a manufacturer, remanufacturer, transporter, distributor, or dealer. This section does not apply to vehicles owned and leased by dealers, except those vehicles rented or leased to vehicle salespersons in the course of their employment for purposes of display or demonstration, nor to any unregistered vehicles used to transport more than one load of other vehicles for the purpose of sale.

(e) This section does not apply to vehicles currently registered in this state that are owned and operated by a licensed dealer when the notice of transfer has been forwarded to the department by the former owner of record pursuant to Section 5900 and when a copy of the notice is displayed as follows:

(1) For a motorcycle or motor-driven cycle, the notice is displayed in a conspicuous manner upon the vehicle.

(2) For a vehicle other than a motorcycle or motor-driven cycle, the notice is displayed in the lower right-hand corner of the windshield of the vehicle, as specified in paragraph (3) of subdivision (b) of Section 26708.

(f) Every owner, upon receipt of a registration card issued for special plates, shall maintain the same or a facsimile copy thereof with the vehicle bearing the special plates.

SEC. 7. Section 14900.1 of the Vehicle Code is amended to read:

14900.1. Except as provided in Sections 15250.6 and 15255.1, upon application for the renewal of a driver's license or for a license to operate a different class of vehicle, there shall be paid to the department a fee of fifteen dollars ($15) for a license that will expire on the fifth birthday of the applicant following the date of the application. The payment of the fee entitles the person paying the fee to apply for a driver's license and to take three examinations within a period of 12 months from the date of the application or during the period that an instruction permit is valid, as provided in Section 12509.

SEC. 8. Section 15250.5 of the Vehicle Code is repealed.

SEC. 9. Section 15255 of the Vehicle Code is repealed.

SEC. 10. Section 16000 of the Vehicle Code is amended to read:

16000. (a) The driver of every motor vehicle who is in any manner involved in an accident originating from the operation of a motor vehicle on any street or highway or any reportable off-highway accident defined in Section 16000.1 that has resulted in damage to the property of any one person in excess of five hundred dollars ($500) or in bodily injury or in the death of any person shall, within 10 days after the accident, report the accident, either personally or through an insurance agent, broker, or legal representative, on a form approved by the department to the office of the department at Sacramento, subject to the provisions of this chapter. The driver shall identify on the form, by name and current residence address, if available, any person involved in the accident complaining of bodily injury.

(b) A report is not required pursuant to subdivision (a) if the motor vehicle involved in the accident was owned or leased by, or under the direction of, the United States, this state, another state, or a local agency.

(c) If none of the parties involved in an accident has reported the accident to the department within one year following the date of the accident, the department shall not be required to file the report, and the driver license suspension requirements of Section 16004 or 16070 shall not apply.

SEC. 11. The heading of Article 3 (commencing with Section 16050) of Chapter 1 of Division 7 of the Vehicle Code is amended to read:

Article 3. Evidence of Financial Responsibility

SEC. 12. Section 16050 of the Vehicle Code is amended to read:

16050. In order to establish evidence of financial responsibility, every driver or employer involved in an accident and required to report the accident under Section 16000 shall establish to the satisfaction of the department that the provisions of this article are applicable to his or her responsibilities arising out of the accident.

SEC. 13. Section 16051 of the Vehicle Code is amended to read:

16051. Evidence may be established by filing a report indicating that the motor vehicle involved in the accident was owned or leased by or under the direction of the United States, this state, or any political subdivision of this state or municipality thereof.

SEC. 14. Section 16052 of the Vehicle Code is amended to read:

16052. Evidence may be established if the owner of the motor vehicle involved in the accident was a self-insurer. Any person in whose name more than 25 motor vehicles are registered may qualify as a

self-insurer by obtaining a certificate of self-insurance issued by the department as provided in this article.

SEC. 15. Section 16054 of the Vehicle Code is amended to read:

16054. (a) Evidence may be established by filing with the department satisfactory documentation:

(1) That the owner had an automobile liability policy, a motor vehicle liability policy, or bond in effect at the time of the accident with respect to the driver or the motor vehicle involved in the accident, unless it is established that at the time of the accident the motor vehicle was being operated without the owner's permission, express or implied, or was parked by a driver who had been operating the vehicle without permission.

(2) That the driver of the motor vehicle involved in the accident, if he or she was not the owner of the motor vehicle, had in effect at the time of the accident an automobile liability policy or bond with respect to his or her operation of the motor vehicle not owned by him or her.

(3) That the liability as may arise from the driver's operation of the motor vehicle involved in the accident is, in the judgment of the department, covered by some form of liability insurance or bond.

(4) That the owner or driver, if he or she is involved in an accident while operating a vehicle of less than four wheels, had in effect at the time of the accident with respect to the driver or vehicle a liability policy or bond that meets the requirements of Section 16056.

(b) Any automobile liability policy or bond referred to in this section shall comply with the requirements of Section 16056 and Sections 11580, 11580.011, 11580.1, and 11580.2 of the Insurance Code, but need not contain provisions other than those required by those sections, and shall not be governed by Chapter 3 (commencing with Section 16430).

SEC. 16. Section 16054.2 of the Vehicle Code is amended to read:

16054.2. Evidence may also be established by any of the following:

(a) By depositing with the department cash in the amount specified in Section 16056.

(b) By providing documentation of a liability policy covering the operation of the vehicle that (A) is issued by a charitable risk pool operating under Section 5005.1 of the Corporations Code, if the registered owner of the vehicle is a nonprofit organization that is exempt from taxation under paragraph (3) of subsection (c) of Section 501 of the United States Internal Revenue Code and (B) the policy is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than fifteen thousand dollars ($15,000) because of bodily injury to or death of one person in any one accident and, subject to that limit for one person, to a limit of not less than thirty thousand dollars ($30,000) because of bodily injury to or death of two

or more persons in any one accident, and, if the accident has resulted in injury to, or destruction of property, to a limit of not less than five thousand dollars ($5,000) because of injury to or destruction of property of others in any one accident.

(c) By any other manner authorized by the department which effectuates the purposes of this chapter.

SEC. 17. Section 16055 of the Vehicle Code is amended to read:

16055. Evidence of insurance or bond shall be submitted by the insurer or surety in conformance with the requirements of Section 16057. In the event of notice to the department by the company that issued one of the above stated policies or bonds that coverage was not in effect, then the policy or bond shall not operate to establish evidence as provided for by Section 16054.

SEC. 18. Section 16070 of the Vehicle Code is amended to read:

16070. (a) Whenever a driver involved in an accident described in Section 16000 fails to provide evidence of financial responsibility, as required by Section 16020, at the time of the accident, the department shall, pursuant to subdivision (b), suspend the privilege of the driver or owner to drive a motor vehicle, including the driving privilege of a nonresident in this state.

(b) Whenever the department receives an accident report pursuant to this article that alleges that any of the drivers involved in the accident was not in compliance with Section 16020 at the time of the accident, the department shall immediately mail to that driver a notice of intent to suspend the driving privilege of that driver. The department shall suspend the driving privilege 30 days after mailing the notice, unless the driver has, prior to that date, established evidence of financial responsibility at the time of the accident, as specified in Section 16021, with the department. The suspension notice shall notify the driver of the action taken and the right to a hearing under Section 16075.

SEC. 19. Section 23103 of the Vehicle Code is amended to read:

23103. (a) Any person who drives any vehicle upon a highway in willful or wanton disregard for the safety of persons or property is guilty of reckless driving.

(b) Any person who drives any vehicle in any offstreet parking facility, as defined in subdivision (c) of Section 12500, in willful or wanton disregard for the safety of persons or property is guilty of reckless driving.

(c) Persons convicted of the offense of reckless driving shall be punished by imprisonment in a county jail for not less than five days nor more than 90 days or by a fine of not less than one hundred forty-five dollars ($145) nor more than one thousand dollars ($1,000), or by both that fine and imprisonment, except as provided in Section 23104.

SEC. 20. Section 24616 is added to the Vehicle Code, to read:

24616. (a) A motor vehicle may be equipped with one or two rear-facing auxiliary lamps. For the purposes of this section, a rear-facing auxiliary lamp is a lamp that is mounted on the vehicle facing rearward. That lamp shall meet the photometric and performance requirements of the Society of Automotive Engineers Standard J1424 for cargo lamps.

(b) A rear-facing auxiliary lamp may project only a white light, with the main cone of light projecting both rearward and downward. The main cone of light shall illuminate the road surface or ground immediately rearward of a line parallel to the rear of the vehicle for a distance not greater than 50 feet. The main cone of light may not project to the front or sides of the vehicle.

(c) A rear-facing auxiliary lamp may be activated only when the vehicle is stopped. A vehicle equipped with a rear-facing auxiliary lamp shall also be equipped with a system that allows activation of the lamp only when the vehicle is in the ''park'' setting, if the vehicle is equipped with an automatic transmission, or in the ''neutral'' setting with the parking brake engaged, if the vehicle is equipped with a manual transmission.

(d) A vehicle equipped with a rear-facing auxiliary lamp may have an activation switch accessible to the operator from the rear of the vehicle.

SEC. 21. Section 25108 of the Vehicle Code is amended to read:

25108. (a) Any motor vehicle may be equipped with not more than two amber turn-signal pilot indicators mounted on the exterior. The light output from any indicator shall not exceed five candlepower unless a provision is made for operating the indicator at reduced intensity during darkness in which event the light output shall not exceed five candlepower during darkness or 15 candlepower at any other time. The center of the beam shall be projected toward the driver.

(b) Any vehicle may be equipped with pilot indicators visible from the front to monitor the functioning or condition of parts essential to the operation of the vehicle or of equipment attached to the vehicle that is necessary for protection of the cargo or load. The pilot indicators shall be steady-burning, having a projected lighted lens area of not more than three-quarters of a square inch and have a light output of not more than five candlepower. The pilot indicator may be of any color except red.

(c) Other exterior pilot indicators of any color may be used for monitoring exterior lighting devices, provided that the area of each indicator is less than 0.20 square inches, the intensity of each indicator does not exceed 0.10 candlepower, and the color red is not visible to the front.

(d) Any towed vehicle may be equipped with an exterior-mounted indicator lamp used only to indicate the functional status of an antilock braking system providing that either of the following conditions are met:

(1) The indicator lamp complies with the applicable requirements of the federal motor vehicle safety standards.

(2) The indicator lamp is designed and located so that it will be readily visible, with the assistance of a rearview mirror if necessary, to the driver of the towing motor vehicle and the indicator lamp has a light source not exceeding five candlepower. The light shall not show to the sides or rear of the vehicle and the indicator lamp may emit any color except red.

(e) (1) Notwithstanding any other provision of law, any motor vehicle may be equipped with not more than two exterior-lighted data monitors that transmit information to the driver of the vehicle regarding the efficient or safe operation, or both the efficient and safe operation, of the vehicle.

(2) Data monitors shall comply with all of the following conditions:

(A) Be mounted to the vehicle in a manner so that they are readily visible to the driver of the vehicle when the driver is seated in the normal driving position. Data monitors shall not be designed to convey information to any person other than the driver of the vehicle.

(B) Be limited in size to not more than two square inches of lighted area each.

(C) Not emit a light brighter than reasonably necessary to convey the intended information.

(D) Not project a glaring light to the driver or, to other motorists, or to any other person.

(3) Data monitors may incorporate flashing or changing elements only as necessary to convey the intended information. Data monitors shall not resemble any official traffic-control device or required lighting device or be combined with any required lighting device.

(4) Data monitors may display any color, except that the color red shall not be visible to the front of the vehicle.

SEC. 22. Notwithstanding any other provision of law, the Department of Transportation shall extend the completion to June 30, 2004, for the Environmental Enhancement and Mitigation project for the Tahoe City Public Utility District (Project No. 98-38; Agreement No. 03-98-12).

SEC. 23. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 24. Any section of any act enacted by the Legislature during the 2001 calendar year that takes effect on or before January 1, 2002, and

that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.

---

## CHAPTER 740

An act to add Section 7152.7 to the Health and Safety Code, and to amend Sections 1672, 12811, and 13005 of the Vehicle Code, relating to organ and tissue donation.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. This act shall be known and may be cited as the Organ and Tissue Donor Registry Act of 2001.

SEC. 2. (a) The Legislature finds and declares all of the following:

(1) More than 15,000 Californians are now waiting for a lifesaving organ transplant. Based on the current trend in organ donations, one in three of those waiting will die.

(2) While on a national level the number of organ donors has increased by 4 percent in the first six months of 2000 as compared to the first six months of 1999, the number of organ donors in California has decreased by 13 percent during this same time period.

(3) In all of 2000 there were only 626 cadaveric donors in California.

(4) A decrease in organ donors results in longer stays on the national organ transplant waiting list and, consequently, more death for those patients who are waiting.

(5) The national organ transplant waiting list, which is maintained by the United Network for Organ Sharing, is growing at the rate of 1,000 per month. A name is added to this national data base every 16 minutes.

(6) However, no registry exists in California for those persons who have expressed a wish to be an organ donor.

(b) It is the intent of the Legislature to increase the number of persons who identify themselves as potential organ donors. It is further the intent of the Legislature to establish a statewide organ and tissue donor registry to expedite the match between organ donors and recipients and to encourage charitable contributions to support the registry.

SEC. 3. Section 7152.7 is added to the Health and Safety Code, to read:

7152.7. (a) There is hereby established in the California Health and Human Services Agency the Organ and Tissue Donor Registry that shall contain information regarding persons who have identified themselves as organ and tissue donors upon their death. The agency or its designee shall be responsible for maintaining the registry and for developing methods to increase the number of donors who enroll in the registry.

(b) The agency or designee shall make available to the federally designated organ procurement organizations in California and the state licensed tissue and eye banks information contained in the registry regarding potential donors on a 24-hour-a-day, seven-days-a-week basis. This information shall be used to expedite a match between identified organ and tissue donors and potential recipients.

(c) The agency may receive voluntary contributions to support the registry and its activities. The contributions shall be deposited in the Organ and Tissue Donor Registry Fund which is hereby created in the State Treasury. Expenditures from the fund shall be subject to appropriation by the Legislature and shall be for the sole purpose of providing support for the registry and its activities.

(d) Implementation of this section shall be contingent on the Director of Finance making a determination that sufficient moneys have been collected in the Organ and Tissue Donor Registry Fund to support the development costs of establishing the registry and operational costs for the first year of operation.

SEC. 4. Section 1672 of the Vehicle Code is amended to read:

1672. (a) The department shall make available, in the public area of each office of the department where applications for driver's licenses or identification cards are received, space for a sign or notice briefly describing the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code) and information about the Organ and Tissue Donor Registry and the Organ and Tissue Donor Registry Fund.

(b) The department shall make available to the public in its offices a pamphlet or brochure providing more detailed information on the Organ and Tissue Donor Registry and the Organ and Tissue Donor Registry Fund.

(c) The signs, notices, pamphlets, and brochures specified in subdivisions (a) and (b) shall be provided without cost to the department by responsible private parties associated with the anatomical gift program.

SEC. 5. Section 12811 of the Vehicle Code, as amended by Section 5 of Chapter 1008 of the Statutes of 1999, is amended to read:

12811. (a) (1) When the department determines that the applicant is lawfully entitled to a license, it shall issue to the person a driver's license as applied for. The license shall state the class of license for which

the licensee has qualified and shall contain the distinguishing number assigned to the applicant, the date of expiration, the true full name, age, and mailing address of the licensee, a brief description and engraved picture or photograph of the licensee for the purpose of identification, and space for the signature of the licensee.

Each license shall also contain a space for the endorsement of a record of each suspension or revocation thereof.

The department shall use whatever process or processes, in the issuance of engraved or colored licenses, that prohibit, as near as possible, the ability to alter or reproduce the license, or prohibit the ability to superimpose a picture or photograph on the license without ready detection.

(2) In addition to the requirements of paragraph (1), a license issued to a person under 18 years of age shall display the words ''provisional until age 18.''

(b) The department shall provide a form that, when completed, may be carried with the license, by which the licensee may indicate his or her willingness and intent to make an anatomical gift, including the gift of a pacemaker, or his or her refusal to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code, and, if applicable, the date that a pacemaker was implanted. The form shall be designed to obtain information sufficient to identify the nature of the anatomical gift and shall include, but not be limited to, all of the following:

(1) A space for the signature of the potential donor.

(2) A space for the signature of one or more witnesses, which should include the spouse, parent, or adult child of the donor or any other next of kin.

(3) A statement sufficient in its terms to meet the requirements of the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code).

(4) A space for the donor to indicate whether the donor desires to donate tissues or organs, or both, or the donor's entire body for the purpose of transplantation or medical research, or both.

(5) Text informing the donor that the form is a legally binding document, which shall remain binding after death despite any expressed desires of next of kin opposed to the donation.

(6) Text requiring the donor to discuss the decision to donate with family, friends, or any other person who might be directly affected by the donation, particularly those next of kin who might object to the decision and a space for the donor's initials to acknowledge that it is the donor's responsibility to comply with this requirement.

(7) Text informing the donor that rescission of the decision to donate shall require the completion of a new form and the removal of the sticker

described in Section 1672.5 from the driver's license or identification card.

(c) (1) The statement required under paragraph (3) of subdivision (b) shall not be deemed to be effective unless both of the following conditions have been met:

(A) The statement is signed by the licensee.

(B) The licensee is 18 years of age or older at the time of signing.

(2) If the licensee cannot sign, the statement may be signed for the licensee, at his or her direction and in his or her presence, in the presence of two witnesses who shall sign the statement in his or her presence.

(d) The department shall present the form provided under subdivision (b), and explain its use, to each applicant for a license or license renewal.

(e) The anatomical gift shall become effective upon the death of the licensee.

(f) No public entity or employee is liable for any loss, detriment, or injury resulting directly or indirectly from false or inaccurate information contained in the form provided pursuant to subdivision (b).

(g) No contract may be let to any nongovernmental entity for the processing of driver's licenses, unless the department receives two or more qualified bids from independent, responsible bidders.

(h) This section shall become operative on the date determined under subdivision (a) of Section 1672.3.

(i) This section shall become inoperative on the date the Director of Finance makes the determination described in subdivision (d) of Section 7152.7 of the Health and Safety Code.

SEC. 5.5. Section 12811 of the Vehicle Code is amended to read:

12811. (a) (1) When the department determines that the applicant is lawfully entitled to a license, it shall issue to the person a driver's license as applied for. The license shall state the class of license for which the licensee has qualified and shall contain the distinguishing number assigned to the applicant, the date of expiration, the true full name, age, and mailing address of the licensee, a brief description and engraved picture or photograph of the licensee for the purpose of identification, and space for the signature of the licensee.

Each license shall also contain a space for the endorsement of a record of each suspension or revocation thereof.

The department shall use whatever process or processes, in the issuance of engraved or colored licenses, that prohibit, as near as possible, the ability to alter or reproduce the license, or prohibit the ability to superimpose a picture or photograph on the license without ready detection.

(2) In addition to the requirements of paragraph (1), a license issued to a person under 18 years of age shall display the words ''provisional until age 18.''

(b) (1) Upon issuance of a new driver's license or a renewal of a driver's license or the issuance of an identification card, the department shall provide information on organ and tissue donation, including a standardized form to be filled out by an individual who desires to enroll in the Organ and Tissue Donor Registry with instructions for mailing the completed form to the California Health and Human Services Agency, including a donor dot that may be affixed to the new driver's license or identification card.

(2) The enrollment form shall be simple in design and shall be produced by the department in cooperation with the California Health and Human Services Agency and shall require all of the following information to be supplied by an enrollee:

(A) Date of birth, sex, full name, and other information deemed necessary to provide a positive identification of an individual.

(B) Consent for organs or tissues to be donated for transplant after death.

(C) Any limitation of the donation to specific organs or tissues.

(3) The form shall also include both of the following:

(A) A description of the process for having a name removed from the registry, and the process for donating money to the Organ and Tissue Donor Registry Fund.

(B) A statement that the name of any person who enrolls in the registry pursuant to this section shall be made available to federally recognized donor organizations.

(4) The registry enrollment form shall be posted on the Web sites for the department and the agency.

(5) The form shall constitute a legal document under the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code) and shall remain binding after the donor's death despite any express desires of next of kin opposed to the donation.

(6) The agency shall ensure that all additions and deletions to the registry shall occur within 30 days of receipt.

(7) Information obtained by the department for the purposes of this subdivision shall be used for these purposes only and shall not be disseminated further by the department or the California Health and Human Services Agency.

(c) A public entity or employee shall not be liable for any loss, detriment, or injury resulting directly or indirectly from false or inaccurate information contained in the form provided pursuant to subdivision (b).

(d) No contract may be let to any nongovernmental entity for the processing of driver's licenses, unless the department receives two or more qualified bids from independent, responsible bidders.

(e) This section shall become operative on the date the Director of Finance makes the determination described in subdivision (d) of Section 7152.7 of the Health and Safety Code.

SEC. 6. Section 13005 of the Vehicle Code, as added by Section 9 of Chapter 887 of the Statutes of 1998, is amended to read:

13005. (a) The identification card shall resemble in appearance, so far as is practicable, a driver's license issued pursuant to this code. It shall adequately describe the applicant, bear his or her picture, and be produced in color or engraved by a process or processes that prohibit as near as possible, the ability to alter or reproduce the identification card, or prohibit the ability to superimpose a picture or photograph on the identification card without ready detection.

(b) With every identification card, the department shall provide the form described in subdivisions (b) and (c) of Section 12811. The form may be carried with the identification card and may be used by the cardholder to indicate his or her willingness and intent to make an anatomical gift, his or her refusal to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code, or the date that a pacemaker was implanted. The department shall present this form, and explain its use, to each applicant for an identification card or identification card renewal.

(c) The anatomical gift shall become effective upon the death of the holder of the card.

(d) No contract may be let to any nongovernmental entity for the processing of identification cards unless the department receives two or more qualified bids from independent, responsible bidders.

(e) This section shall become operative on the date determined under subdivision (a) of Section 1672.3.

(f) This section shall become inoperative on the date the Director of Finance makes the determination described in subdivision (d) of Section 7152.7 of the Health and Safety Code.

SEC. 6.5. Section 13005 of the Vehicle Code, as amended by Section 9 of Chapter 887 of the Statutes of 1998, is amended to read:

13005. (a) The identification card shall resemble in appearance, so far as is practicable, a driver's license issued pursuant to this code. It shall adequately describe the applicant, bear his or her picture, and be produced in color or engraved by a process or processes that prohibit as near as possible, the ability to alter or reproduce the identification card, or prohibit the ability to superimpose a picture or photograph on the identification card without ready detection.

(b) (1) Upon issuance of a new identification card, or renewal of an identification card, the department shall provide information on organ and tissue donation, including a standardized form to be filled out by an individual who desires to enroll in the Organ and Tissue Donor Registry

with instructions for mailing the completed form to the California Health and Human Services Agency.

(2) The enrollment form shall be simple in design and shall be produced by the department, in cooperation with the California Health and Human Services Agency, and shall require all of the following information to be supplied by the enrollee:

(A) Date of birth, sex, full name, address, and home telephone number.

(B) Consent for organs or tissues to be donated for transplant after death.

(C) Any limitation of the donation to specific organs or tissues.

(3) The form shall also include a description of the process for having a name removed from the registry, and the process for donating money to the Organ and Tissue Donor Registry Fund.

(4) The registry enrollment form shall be posted on the Web sites for the department and the California Health and Human Services Agency.

(5) The form shall constitute a legal document under the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code).

(6) The agency shall ensure that all additions and deletions to the registry shall occur within 30 days of receipt.

(7) Information obtained by the department for the purposes of this subdivision shall be used for these purposes only and shall not further be disseminated by the department or the California Health and Human Services Agency.

(c) No contract may be let to any nongovernmental entity for the processing of identification cards unless the department receives two or more qualified bids from independent, responsible bidders.

(d) This section shall become operative on the date the Director of Finance makes the determination described in subdivision (d) of Section 7152.7 of the Health and Safety Code.

---

## CHAPTER 741

An act to amend Sections 33140, 33141, 33333.2, 33333.4, 33333.6, 33333.7, 33490, 33492.13, 33607.7, and 50093 of, to amend, repeal, and add Section 33413 of, and to add Sections 33333.8, 33333.10, 33333.11, 33333.13, and 50106 to, the Health and Safety Code, relating to redevelopment.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 33140 of the Health and Safety Code is amended to read:

33140. If an agency has not redeveloped or acquired land for, or commenced the redevelopment of, a project, or entered into contracts for redevelopment within two years after the adoption of an ordinance pursuant to Section 33101, or, in the case of an agency authorized to transact business and exercise powers by resolution adopted pursuant to the provisions of Section 33101 that were in effect prior to the adoption of that resolution, the legislative body may, by ordinance, declare that there is no further need for the agency. A legislative body shall not adopt an ordinance declaring that there is no further need for the agency if, in one or more project areas, the agency has not complied with subdivision (a) of Section 33333.8. Upon the adoption of the ordinance, the offices of the agency members are vacated and the capacity of the agency to transact business or exercise any powers is suspended until the legislative body adopts an ordinance declaring the need for the agency to function.

SEC. 2. Section 33141 of the Health and Safety Code is amended to read:

33141. Upon the motion of the legislative body or upon recommendation of the agency, the legislative body of the community may, by ordinance, order the deactivation of an agency by declaring that there is no need for an agency to function in the community, if the agency has no outstanding bonded indebtedness, no other unpaid loans, indebtedness, or advances, and no legally binding contractual obligations with persons or entities other than the community, unless the community assumes the bonded indebtedness, unpaid loans, indebtedness, and advances, and legally binding contractual obligations. A legislative body shall not adopt an ordinance declaring that there is no need for the agency, if in one or more project areas, the agency has not complied with subdivision (a) of Section 33333.8. An ordinance of a legislative body declaring there is no need for an agency to function in the community shall be subject to referendum as prescribed by law for the ordinances of the legislative body.

SEC. 3. Section 33333.2 of the Health and Safety Code is amended to read:

33333.2. (a) A redevelopment plan containing the provisions set forth in Section 33670 shall contain all of the following limitations. A redevelopment plan that does not contain the provisions set forth in Section 33670 shall contain the limitations in paragraph (4):

(1) (A) A time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received

pursuant to Section 33670 to finance in whole or in part the redevelopment project, which may not exceed 20 years from the adoption of the redevelopment plan, except by amendment of the redevelopment plan as authorized by subparagraph (B). This limit, however, shall not prevent agencies from incurring debt to be paid from the Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's housing obligations under subdivision (a) of Section 33333.8. The loans, advances, or indebtedness may be repaid over a period of time longer than this time limit as provided in this section. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond this time limitation. This limit shall not prevent agencies from refinancing, refunding, or restructuring indebtedness after the time limit if the indebtedness is not increased and the time during which the indebtedness is to be repaid is not extended beyond the time limit to repay indebtedness required by this section.

(B) The time limitation established by subparagraph (A) may be extended only by amendment of the redevelopment plan after the agency finds, based on substantial evidence, that (i) significant blight remains within the project area; and (ii) this blight cannot be eliminated without the establishment of additional debt. However, this amended time limitation may not exceed 30 years from the effective date of the ordinance adopting the redevelopment plan, except as necessary to comply with subdivision (a) of Section 33333.8.

(2) A time limit, not to exceed 30 years from the adoption of the redevelopment plan, on the effectiveness of the redevelopment plan. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness and to enforce existing covenants or contracts, unless the agency has not completed its housing obligations pursuant to subdivision (a) of Section 33333.8, in which case the agency shall retain its authority to implement requirements under subdivision (a) of Section 33333.8, including its ability to incur and pay indebtedness for this purpose, and shall use this authority to complete these housing obligations as soon as is reasonably possible.

(3) A time limit, not to exceed 45 years from the adoption of the redevelopment plan, to repay indebtedness with the proceeds of property taxes received pursuant to Section 33670. After the time limit established pursuant to this paragraph, an agency may not receive property taxes pursuant to Section 33670, except as necessary to comply with subdivision (a) of Section 33333.8.

(4) A time limit, not to exceed 12 years from the adoption of the redevelopment plan, for commencement of eminent domain proceedings to acquire property within the project area. This time

limitation may be extended only by amendment of the redevelopment plan.

(b) If a redevelopment plan is amended to add territory, the amendment shall contain the time limits required by this section.

(c) This section shall apply only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1994, and to amendments that add territory and that are adopted on or after January 1, 1994.

SEC. 4. Section 33333.4 of the Health and Safety Code is amended to read:

33333.4. (a) Every legislative body which adopted a final redevelopment plan prior to October 1, 1976, that contains the provisions set forth in Section 33670 but which does not contain all of the limitations required by Section 33333.2, shall adopt an ordinance on or before December 31, 1986, which contains all of the following:

(1) A limitation on the number of dollars of taxes which may be divided and allocated to the redevelopment agency pursuant to the plan, including any amendments to the plan. Taxes shall not be divided and shall not be allocated to the redevelopment agency beyond that limitation, except as necessary to comply with subdivision (a) of Section 33333.8.

(2) A time limit on the establishing of loans, advances, and indebtedness to finance in whole, or in part, the redevelopment project. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond the time limitation, except as necessary to comply with subdivision (a) of Section 33333.8.

(3) A time limit, not to exceed 12 years, for commencement of eminent domain proceedings to acquire property within the project area.

(b) The limitations established in the ordinance adopted pursuant to this section shall apply to the redevelopment plan as if the redevelopment plan had been amended to include those limitations. However, in adopting the ordinance, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(c) The limitations established in the ordinance adopted pursuant to this section shall not be applied to limit allocation of taxes to an agency to the extent required to eliminate project deficits created under subdivision (g) of Section 33334.6 in accordance with the plan adopted pursuant thereto for the purpose of eliminating the deficit or to comply with subdivision (a) of Section 33333.8. In the event of a conflict between these limitations and the obligations under Section 33334.6 or subdivision (a) of Section 33333.8, the legislative body shall amend the

ordinance adopted pursuant to this section to modify the limitations to the extent necessary to permit compliance with the plan adopted pursuant to subdivision (g) of Section 33334.6, to permit compliance with subdivision (a) of Section 33333.8, and to allow full expenditure of moneys in the agency's Low and Moderate Income Housing Fund in accordance with Section 33334.3. The procedure for amending the ordinance pursuant to this subdivision shall be the same as for adopting the ordinance under subdivision (b).

(d) This section shall not be construed to allow the impairment of any obligation or indebtedness incurred by the legislative body or the agency pursuant to this part.

(e) In any litigation to challenge or attack any ordinance adopted pursuant to this section, the court shall sustain the actions of the legislative body and the agency unless the court finds those actions were arbitrary or capricious. The Legislature finds and declares that this is necessary because redevelopment agencies with project areas established prior to October 1, 1976, have incurred existing obligations and indebtedness and have adopted projects, programs, and activities with the authority to receive and pledge the entire allocation of taxes authorized by Section 33670 and that it is necessary to protect against the possible impairment of existing obligations and indebtedness and to allow the completion of adopted projects and programs.

(f) The ordinance adopted by the legislative body in compliance with this section does not relieve any agency of its obligations under Section 33334.2, 33334.3, Article 9 (commencing with Section 33410), or any other requirement contained in this part.

(g) A redevelopment plan adopted on or after October 1, 1976, and prior to January 1, 1994, containing the provisions set forth in Section 33670, shall also contain:

(1) A limitation on the number of dollars of taxes that may be divided and allocated to the agency pursuant to the plan, including any amendments to the plan. Taxes shall not be divided and shall not be allocated to the agency beyond this limitation, except pursuant to amendment of the redevelopment plan, or as necessary to comply with subdivision (a) of Section 33333.8.

(2) A time limit, not to exceed 12 years, for commencement of eminent domain proceedings to acquire property within the project area. This time limit may be extended only pursuant to amendment of the redevelopment plan.

SEC. 5. Section 33333.6 of the Health and Safety Code is amended to read:

33333.6. The limitations of this section shall apply to every redevelopment plan adopted on or before December 31, 1993.

(a) The effectiveness of every redevelopment plan to which this section applies shall terminate at a date which shall not exceed 40 years from the adoption of the redevelopment plan or January 1, 2009, whichever is later. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness, to comply with subdivision (a) of Section 33333.8 and to enforce existing covenants, contracts, or other obligations.

(b) Except as provided in subdivisions (f) and (g), a redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670 after 10 years from the termination of the effectiveness of the redevelopment plan pursuant to subdivision (b).

(c) (1) If plans that had different dates of adoption were merged on or before December 31, 1993, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan. If an amendment to a redevelopment plan added territory to the project area on or before December 31, 1993, the time limitations required by this section shall commence, with respect to the redevelopment plan, from the date of the adoption of the redevelopment plan, and, with respect to the added territory, from the date of the adoption of the amendment.

(2) If plans that had different dates of adoption are merged on or after January 1, 1994, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan.

(d) (1) Unless a redevelopment plan adopted prior to January 1, 1994, contains all of the limitations required by this section and each of these limitations does not exceed the applicable time limits established by this section, the legislative body, acting by ordinance on or before December 31, 1994, shall amend every redevelopment plan adopted prior to January 1, 1994, either to amend an existing time limit that exceeds the applicable time limit established by this section or to establish time limits that do not exceed the provisions of subdivision (b) or (c).

(2) The limitations established in the ordinance adopted pursuant to this section shall apply to the redevelopment plan as if the redevelopment plan had been amended to include those limitations. However, in adopting the ordinance required by this section, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(e) (1) If a redevelopment plan adopted prior to January 1, 1994, contains one or more limitations required by this section, and the limitation does not exceed the applicable time limit required by this

section, this section shall not be construed to require an amendment of this limitation.

(2) A redevelopment plan adopted prior to January 1, 1994, that has a limitation shorter than the terms provided in this section may be amended by a legislative body by adoption of an ordinance on or after January 1, 1999, but on or before December 31, 1999, to extend the limitation, provided that the plan as so amended does not exceed the terms provided in this section. In adopting this ordinance, neither the legislative body nor the agency is required to comply with Section 33354.6 or Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans. On or after January 1, 2002, a redevelopment plan may be amended by a legislative body by adoption of an ordinance to eliminate the time limit on the establishment of loans, advances, and indebtedness required by this section prior to January 1, 2002. In adopting this ordinance, neither the legislative body nor the agency is required to comply with Section 33354.6 or Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans, except that the agency shall make the payment to affected taxing entities required by Section 33607.7.

(f) The limitations established in the ordinance adopted pursuant to this section or Section 33333.10 shall not be applied to limit allocation of taxes to an agency to the extent required to comply with subdivision (a) of Section 33333.8. In the event of a conflict between these limitations and the obligations under subdivision (a) of Section 33333.8, the legislative body shall amend the ordinance adopted pursuant to this section to modify the limitations to the extent necessary to permit compliance with subdivision (a) of Section 33333.8 and to allow full expenditure of moneys in the agency's Low and Moderate Income Housing Fund in accordance with subdivision (a) of Section 33333.8. The procedure for amending the ordinance pursuant to this subdivision shall be the same as for adopting the ordinance under subdivision (d).

(g) This section shall not be construed to affect the validity of any bond, indebtedness, or other obligation, including any mitigation agreement entered into pursuant to Section 33401, authorized by the legislative body, or the agency pursuant to this part, prior to January 1, 1994. This section shall not be construed to affect the right of an agency to receive property taxes, pursuant to Section 33670, to pay the bond, indebtedness, or other obligation.

(h) A redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670, with respect to a redevelopment plan adopted prior to January 1, 1994, after the date identified in subdivision (b) or the date identified in the redevelopment

plan, whichever is earlier, except as provided in paragraph (2) of subdivision (e), in subdivision (g), or in Section 33333.8.

(i) The Legislature finds and declares that the amendments made to this section by the act that adds this subdivision are intended to add limitations to the law on and after January 1, 1994, and are not intended to change or express legislative intent with respect to the law prior to that date. It is not the intent of the Legislature to affect the merits of any litigation regarding the ability of a redevelopment agency to sell bonds for a term that exceeds the limit of a redevelopment plan pursuant to law that existed prior to January 1, 1994.

(j) If a redevelopment plan is amended to add territory, the amendment shall contain the time limits required by Section 33333.2.

SEC. 6. Section 33333.7 of the Health and Safety Code is amended to read:

33333.7. (a) Notwithstanding the time limits in paragraph (1) of subdivision (a) of Section 33333.6, as that paragraph (1) read on December 31, 2001, the Redevelopment Agency of the City and County of San Francisco may, subject to the approval of the Board of Supervisors of the City and County of San Francisco, retain its ability to incur indebtedness exclusively for Low and Moderate Income Housing Fund activities eligible under Sections 33334.2 and 33334.3 until January 1, 2014, or until the agency replaces all of the housing units demolished prior to the enactment of the replacement housing obligations in Chapter 970 of the Statutes of 1975, whichever occurs earlier. The ability of the agency to receive tax increment revenues to repay indebtedness incurred for these Low and Moderate Income Housing Fund activities may be extended until no later than January 1, 2044. Nothing in this paragraph shall be construed to extend a plan's effectiveness, except to incur additional indebtedness for Low and Moderate Income Housing Fund activities, to pay previously incurred indebtedness, and to enforce existing covenants, contracts, or other obligations.

(b) Annual revenues shall not exceed the amount necessary to fund the Low and Moderate Income Housing Fund activities of the agency. The agency shall neither collect nor spend more than 10 percent for the planning and administrative costs authorized pursuant to subdivision (e) of Section 33334.3. Revenues received under this paragraph shall not exceed the amount of tax increment received and allocated to the agency pursuant to the plan, as it has been amended, less the amount necessary to pay prior outstanding indebtedness, and less the amount of the project area's property tax revenue that school entities are entitled to receive pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code if the plan had not been amended. Additionally,

revenues collected under this paragraph are subject to the payments to affected taxing entities pursuant to Section 33607.

(c) The activities conducted with revenues received under this paragraph shall be consistent with the policies and objectives of the community's housing element, as reviewed and approved by the department, and shall address the unmet housing needs of very low, low- and moderate-income households. The activities shall also be consistent with the community's most recently approved consolidated and annual action plans submitted to the United States Department of Housing and Urban Development, and if the director deems it necessary, the annual action plans shall be submitted to the department on an annual basis. No less than 50 percent of the revenues received shall be devoted to assisting in the development of housing that is affordable to very low income households.

(d) The agency shall not incur any indebtedness pursuant to this paragraph until the director certifies, after consulting with the agency, the net difference between the number of housing units affordable to persons and families of low and moderate income that the agency destroyed or removed prior to January 1, 1976, and the number of housing units affordable to persons and families of low and moderate income that the agency rehabilitated, developed, or constructed, or caused to be rehabilitated, developed, or constructed within the project areas adopted prior to January 1, 1976.

(e) The agency shall not incur any indebtedness pursuant to this paragraph unless the director of the department certifies annually, prior to the creation of indebtedness, all of the following:

(1) The community has a current housing element that substantially complies with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(2) The community's housing element indicates an unmet need for Low and Moderate Income Housing Fund activities.

(3) The agency's most recent independent financial audit report prepared pursuant to Section 33080.1 reports acceptable findings and no major violations of this part.

(4) The agency has complied with subdivision (a) of Section 33334.2.

(5) The agency has met the requirements of this part with respect to the provision of dwelling units for persons and families of low or moderate income, including, but not limited to, the requirements of Section 33413.

SEC. 7. Section 33333.8 is added to the Health and Safety Code, to read:

33333.8. (a) Every redevelopment agency shall comply with and fulfill its obligations with regard to the provision of affordable housing

as required by this part prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2 and 33333.6. A legislative body shall not adopt an ordinance terminating a redevelopment project area if the agency has not complied with subdivision (a) of Section 33413 with respect to replacement housing, subdivision (b) of Section 33413 with respect to agency developed housing and project area housing, and Section 33333.12 with respect to excess surplus funds.

(b) If, on the date of the time limit on the effectiveness of the redevelopment plan, a redevelopment agency has not complied with subdivision (a), the time limit on the effectiveness of the redevelopment plan shall be suspended and the agency shall use all tax increment funds that are not pledged to repay indebtedness to comply with subdivision (a). If, on the date of the time limit on the repayment of indebtedness, the agency has not complied with subdivision (a), the time limit on the repayment of indebtedness shall be suspended and the agency shall receive and use tax increment funds to comply with subdivision (a).

(c) If, on the date of the time limit on the repayment of indebtedness, the agency has complied with its obligations under subdivision (a) and has moneys remaining in the Low and Moderate Income Housing Fund, the agency shall transfer the remaining moneys to a low and moderate income housing fund for a different project area within the agency's jurisdiction, if one exists, or if a different project area does not exist, the agency shall either transfer the remaining moneys to a special fund of the community or to the community or county housing authority. The community or county housing authority to which the remaining moneys are transferred shall utilize the moneys for the purposes of, and subject to the same restrictions that are applicable to, the redevelopment agency under this part.

(d) If a redevelopment plan provides a limit on the total amount of tax increment funds that may be received by a redevelopment agency for any project area, and if that limit is reached prior to the agency complying with its obligations pursuant to subdivision (a), that limit is suspended and the agency shall receive and use tax increment funds until the agency has fully complied with its obligations.

(e) If an agency fails to comply with its obligations pursuant to this section, any person may seek judicial relief. The court shall require the agency to take all steps necessary to comply with those obligations, including as necessary the adoption of ordinances, to incur debt, to obtain tax increments, to expend tax increments, and to enter into contracts as necessary to meet its housing obligations under this part.

SEC. 8. Section 33333.10 is added to the Health and Safety Code, to read:

33333.10. (a) (1) Notwithstanding the time limits in subdivisions (a) and (b) of Section 33333.6, an agency that adopted a redevelopment plan on or before December 31, 1993, may, pursuant to this section, amend that plan to extend the time limit on effectiveness of the plan for up to 10 additional years beyond the limit allowed by subdivision (a) of Section 33333.6.

(2) In addition, the agency may, pursuant to this section, amend that plan to extend the time limit on the payment of indebtedness and receipt of property taxes to be not more than 10 years from the termination of the effectiveness of the redevelopment plan as that time limit has been amended pursuant to paragraph (1).

(b) A redevelopment plan may be amended pursuant to subdivision (a) only after the agency finds, based on substantial evidence, that both of the following conditions exist:

(1) Significant blight remains within the project area.

(2) This blight cannot be eliminated without extending the effectiveness of the plan and the receipt of property taxes.

(c) As used in this section:

(1) ''Blight'' has the same meaning as that term is given in Section 33030.

(2) ''Significant'' means important and of a magnitude to warrant agency assistance.

(3) ''Necessary and essential parcels'' means parcels that are not blighted but are so necessary and essential to the elimination of the blight that these parcels should be included within the portion of the project area in which tax increment funds may be spent. ''Necessary and essential parcels'' are (A) parcels that are adjacent to one or more blighted parcels that are to be assembled in order to create a parcel of adequate size given present standards and market conditions, and (B) parcels that are adjacent or near parcels that are blighted on which it is necessary to construct a public improvement to eliminate the blight.

(d) For purposes of this section, significant blight can exist in a project area even though blight is not prevalent in a project area. The report submitted to the legislative body pursuant to Section 33352 shall identify on a map the portion of the project area in which significant blight remains.

(e) After the limit on the payment of indebtedness and receipt of property taxes that would have taken effect but for the amendment pursuant to this section, except for funds deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2 or 33334.6, the agency shall spend tax increment funds only within the portion of the project area that has been identified in the report adopted pursuant to Section 33352 as the area containing blighted parcels and necessary and essential parcels. Except as otherwise limited by

subdivisions (f) and (g), agencies may continue to spend funds deposited in the Low and Moderate Income Housing Fund in accordance with this division.

(f) (1) Except as otherwise provided in this subdivision, after the limit on the payment of indebtedness and receipt of property taxes that would have taken effect, but for the amendment pursuant to this section, agencies shall only spend moneys from the Low and Moderate Income Housing Fund for the purpose of increasing, improving, and preserving the community's supply of housing at affordable housing cost to persons and families of low or very low income, as defined in Sections 50093, 50105, and 50106. During this period, an agency that has adopted an amendment pursuant to subdivision (a) may use moneys from the Low and Moderate Income Housing Fund for the purpose of increasing, improving, and preserving housing at affordable housing cost to persons and families of moderate income as defined in Section 50093. However, this amount shall not exceed, in a five-year period, the amount of moneys from the Low and Moderate Income Housing Fund that are used to increase, improve, and preserve housing at affordable housing cost to persons and families of extremely low income, as defined in Section 50106. In no case shall the amount expended for housing for persons and families of moderate income exceed 15 percent of the annual amount deposited in the Low and Moderate Income Housing Fund during a five-year period and the number of housing units affordable to moderate-income persons shall not exceed the number of housing units affordable to extremely low income persons.

(2) Commencing with the first fiscal year that commences after the date of the adoption of an amendment pursuant to subdivision (a) and until the limit on the payment of indebtedness and receipt of property taxes that would have taken effect but for the amendment pursuant to this section, an agency that has adopted an amendment pursuant to subdivision (a) may use moneys from the Low and Moderate Income Housing Fund for the purpose of increasing, improving, and preserving housing at affordable housing cost to persons and families of moderate income as defined in Section 50093. However, this amount shall not exceed, in a five-year period, 15 percent of the amount of moneys deposited in the Low and Moderate Income Housing Fund during that five-year period and shall only be used to assist housing projects in which no less than 49 percent of the units are affordable to and occupied by persons and families of low or very low income. An agency may spend an additional amount of moneys in the same or other projects to assist housing units affordable to and occupied by moderate income persons. However, this amount shall not exceed the lesser of: the amount of moneys spent to increase, improve, and preserve housing, the amount of affordable housing costs to persons and families of extremely low

income as defined in Section 50106, or 5 percent of the moneys deposited in the Low and Moderate Income Housing Fund during that five-year period.

(g) (1) Except as provided in paragraph (2) or (3), commencing with the first fiscal year that commences after the date of adoption of an amendment pursuant to subdivision (a), not less than 30 percent of all taxes that are allocated to the agency pursuant to Section 33670 from the project so amended shall be deposited into that project's Low and Moderate Income Housing Fund for the purposes specified in subdivision (f).

(2) In any fiscal year, the agency may deposit less than the amount required by paragraph (1), but not less than the amount required by Section 33334.2 or 33334.6, into the Low and Moderate Income Housing Fund if the agency finds that the difference between the amount deposited and the amount required by paragraph (1) is necessary to make payments under existing obligations of amounts due or required to be committed, set aside, or reserved by the agency during that fiscal year and that are used by the agency for that purpose. For the purposes of this subdivision, ''existing obligations'' means the principal of, and interest on, bonds, loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the agency to finance or refinance, in whole or in part, the redevelopment project so amended, existing on and created prior to the date of adoption of the amendment pursuant to subdivision (a). Obligations incurred on or after the date of adoption of the amendment pursuant to subdivision (a) shall be deemed existing obligations for the purposes of this subdivision if the net proceeds are used to refinance existing obligations as defined in this paragraph.

(3) Notwithstanding paragraph (1), an agency that sells bonds on or after the date of adoption of an amendment pursuant to subdivision (a), the repayment of which is to be made from taxes allocated to the agency pursuant to Section 33670 from the project so amended, may elect to subordinate up to 16 $^{2}/_{3}$ percent of its annual Low and Moderate Income Housing Fund deposit obligation to the payment of debt service. If the agency makes that election and in any year the agency has insufficient tax-increment revenue available to pay debt service on the bonds to which the funds from the Low and Moderate Income Housing Fund are subordinated, the agency may deposit less than the full 100 percent of its annual Low and Moderate Income Housing Fund obligation but only to the extent necessary to pay that debt service and in no event shall less than 83 $^{1}/_{3}$ percent of that obligation be deposited into the Low and Moderate Income Housing Fund for that year. The difference between the amount that is actually deposited in the Low and Moderate Income Housing Fund and the full 100 percent of the agency's Low and

Moderate Income Housing Fund deposit obligation shall constitute a deficit in the Low and Moderate Income Housing Fund subject to repayment pursuant to paragraph (4).

(4) If, pursuant to paragraph (2) or (3), the agency deposits less than 30 percent of the taxes allocated to the agency pursuant to Section 33670 in any fiscal year in the Low and Moderate Income Housing Fund, the amount equal to the difference between 30 percent of the taxes allocated to the agency pursuant to Section 33670 for each affected project and the amount actually deposited in the Low and Moderate Income Housing Fund for that fiscal year shall be established as a deficit in the Low and Moderate Income Housing Fund. The agency shall adopt a plan to eliminate the deficit in the Low and Moderate Income Housing Fund in subsequent years as determined by the agency. The obligations imposed by this section are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670 and, notwithstanding any other provision of law, shall constitute an indebtedness of the agency with respect to the redevelopment project, and the agency shall continue to receive allocations of taxes pursuant to Section 33670 until the deficit is paid in full.

(h) An agency shall not amend its redevelopment plan pursuant to this section unless the agency first adopts a resolution that finds, based on substantial evidence, all of the following:

(1) The community has adopted a housing element that the department has determined pursuant to Section 65585 of the Government Code to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, or if applicable, an eligible city or county within the jurisdiction of the San Diego Association of Governments has adopted a self-certification of compliance with its adopted housing element pursuant to Section 65585.1 of the Government Code.

(2) During the three fiscal years prior to the year in which the amendment is adopted, the agency has not been included in the report sent by the Controller to the Attorney General pursuant to subdivision (b) of Section 33080.8 as an agency that has a ''major violation'' pursuant to Section 33080.8.

(3) After a written request by the agency and provision of the information requested by the department, the department has issued a letter to the agency, confirming that the agency has not accumulated an excess surplus in its Low and Moderate Income Housing Fund. As used in this section, ''excess surplus'' has the same meaning as that term is defined in Section 33334.12. The department shall develop a methodology to collect information required by this section.

Information requested by the department shall include a certification by the agency's independent auditor on the status of excess surplus and submittal of data for the department to verify the status of excess surplus. The independent auditor shall make the required certification based on the Controller's office guidelines which shall include the methodology prescribed by the department pursuant to subparagraph (D) of paragraph (3) of subdivision (g) of Section 33334.12. If the department does not respond to the written request of the agency for this determination within 90 days after receipt of the written request, compliance with this requirement shall be deemed confirmed.

(i) Each redevelopment plan that has been adopted prior to January 1, 1976, that is amended pursuant to subdivision (a) shall also be amended at the same time to make subdivision (b) of Section 33413 applicable to the redevelopment plan in accordance with paragraph (1) of subdivision (d) of Section 33413.

(j) The amendment to the redevelopment plan authorized pursuant to this section shall be made by ordinance pursuant to Article 12 (commencing with Section 33450). The ordinance shall be subject to referendum as prescribed by law for ordinances of the legislative body.

(k) This section shall not apply to a project area that retains its eligibility to incur indebtedness and receive tax increment revenues pursuant to Section 33333.7.

SEC. 9. Section 33333.11 is added to the Health and Safety Code, to read:

33333.11. (a) In order to adopt an amendment pursuant to Section 33333.10, the redevelopment agency shall also comply with the procedures in this section.

(b) Before adopting an amendment of the plan, the agency shall hold a public hearing on the proposed amendment. The notice of the public hearing shall comply with Section 33452.

(c) Prior to the publication of the notice of the public hearing on the proposed amendment, the agency shall consult with each affected taxing agency with respect to the proposed amendment. At a minimum, the agency shall give each affected taxing agency the opportunity to meet with representatives of the agency for the purpose of discussing the effect of the proposed amendment upon the affected taxing agency and shall notify each affected taxing agency that any written comments from the affected taxing agency will be included in the report to the legislative body.

(d) Prior to the publication of the notice of the public hearing on the proposed amendment, the agency shall consult with and obtain the advice of members of a project area committee, if a project area committee exists, and residents and community organizations and provide to those persons and organizations, including the project area

committee, if any, the amendment prior to the agency's submitting the amendment to the legislative body. In addition, the preliminary report prepared pursuant to subdivision (e) shall be made available at no cost to the project area committee, if one exists, and residents and community organizations not later than 120 days prior to holding a public hearing on the proposed amendment.

(e) No later than 120 days prior to holding a public hearing on the proposed amendment, the agency shall send to each affected taxing entity, as defined in Section 33353.2, the Department of Finance, and the Department of Housing and Community Development, a preliminary report that contains all of the following:

(1) A map of the project area that identifies the portion, if any, of the project area that is no longer blighted and the portion of the project area that is blighted and the portion of the project area that contains necessary and essential parcels for the elimination of the remaining blight.

(2) A description of the remaining blight.

(3) A description of the projects or programs proposed to eliminate the remaining blight.

(4) A description of how the project or programs will improve the conditions of blight.

(5) The reasons why the projects or programs cannot be completed without extending the time limits on the effectiveness of the plan and receipt of tax increment revenues.

(6) The proposed method of financing these programs or projects. This description shall include the amount of tax increment revenues that is projected to be generated during the period of the extension, including amounts projected to be deposited into the Low and Moderate Income Housing Fund and amounts to be paid to affected taxing entities. This description shall also include sources and amounts of moneys other than tax increment revenues that are available to finance these projects or programs. This description shall also include the reasons that the remaining blight cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without the use of the tax increment revenues available to the agency because of the proposed amendment.

(7) An amendment to the agency's implementation plan that includes, but is not limited to, the agency's housing responsibilities pursuant to Section 33490. However, the agency shall not be required to hold a separate public hearing on the implementation plan pursuant to subdivision (d) of Section 33490 in addition to the public hearing on the amendment to the redevelopment plan.

(8) A neighborhood impact report if required by subdivision (m) of Section 33352.

(f) No later than 120 days prior to holding a public hearing on the proposed amendment, the agency shall send the proposed amendment to the planning commission. If the planning commission does not report upon the amendment within 30 days after its submission by the agency, the planning commission shall be deemed to have waived its report and recommendations concerning the amendment.

(g) No later than 45 days prior to the public hearing on the proposed amendment by the agency or the joint public hearing of the agency and the legislative body, the agency shall notify each affected taxing entity, the Department of Finance, the Department of Housing and Community Development, and each individual and organization that submitted comments on the preliminary report by certified mail of the public hearing, the date of the public hearing, and the proposed amendment. This notice shall be accompanied by the report required to be prepared pursuant to subdivision (h).

(h) No later than 45 days prior to the public hearing on the proposed amendment by the agency or the joint public hearing by the agency and the legislative body, the agency shall adopt a report to the legislative body containing all of the following:

(1) All of the information required to be contained in the preliminary report prepared pursuant to subdivision (e).

(2) The report and recommendation of the planning commission.

(3) The report required by Section 21151 of the Public Resources Code.

(4) A summary of the consultations with the affected taxing entities. If any of the affected taxing entities, a project area committee, if any, residents, or community organizations have expressed written objections or concerns with the proposed amendment as part of these consultations, the agency shall include a response to these concerns.

(5) A summary of the consultation with residents and community organizations, including the project area committee, if any.

(i) After receiving the recommendation of the agency on the proposed amendment, and not sooner than 30 days after the submission of changes to the planning commission, the legislative body shall hold a public hearing on the proposed amendment. The notice of the public hearing shall comply with Section 33452.

(j) As an alternative to the separate public hearing required by subdivision (i), the agency and the legislative body, with the consent of both, may hold a joint public hearing on the proposed amendment. Notice of this public hearing shall comply with Section 33452. When a joint public hearing is held and the legislative body is also the agency, the legislative body may adopt the amended plan with no actions required of the agency. If, after the public hearing, the legislative body determines that the amendment to the plan is necessary or desirable, the

legislative body shall adopt an ordinance amending the ordinance adopting the plan thus amended. The ordinance adopting the amendment shall contain findings that both (1) significant blight remains within the project area, and (2) the blight cannot be eliminated without the extension of the effectiveness of the plan and receipt of tax increment.

(k) If an affected taxing entity, the Department of Finance, or the Department of Housing and Community Development believes that significant remaining blight does not exist within the portion of the project area designated as blighted in the report to the legislative body regarding a proposed amendment to be adopted pursuant to Section 33333.10, the affected taxing entity, the Department of Finance, or the Department of Housing and Community Development may request the Attorney General to participate in the amendment process. The affected taxing entity, the Department of Finance, or the Department of Housing and Community Development shall request this participation within 21 days after receipt of the notice of the public hearing sent pursuant to subdivision (g). The Attorney General shall determine whether or not to participate in the amendment process. The Attorney General may consult with and request the assistance of departments of the state and any other persons or groups that are interested or that have expertise in redevelopment. The Attorney General may participate in the amendment process by requesting additional information from the agency, conducting his or her own review of the project area, meeting with the agency and any affected taxing entity, submitting evidence for consideration at the public hearing, or presenting oral evidence at the public hearing. No later than five days prior to the public hearing on the proposed amendment, the Attorney General shall notify each affected taxing agency, each department that has requested the Attorney General to review the proposed amendment, and the redevelopment agency with regard to whether the Attorney General will participate in the amendment process and, if so, how he or she will participate, on their behalf.

(*l*) The Attorney General may bring a civil action pursuant to Section 33501 to determine the validity of an amendment adopted pursuant to Section 33333.10. The Department of Finance and the Department of Housing and Community Development shall be considered interested persons for the purposes of protecting the interests of the state pursuant to Section 863 of the Code of Civil Procedure in any action brought with regard to the validity of an ordinance adopting a proposed amendment pursuant to Section 33333.10. Either department may request the Attorney General to bring an action pursuant to Section 33501 to determine the validity of an amendment adopted pursuant to Section 33333.10. Actions brought pursuant to this subdivision are in addition

to any other actions that may be brought by the Attorney General or other persons.

SEC. 10. Section 33333.13 is added to the Health and Safety Code, to read:

33333.13. Notwithstanding any other provision of this division, after the limit on the payment of indebtedness and receipt of property taxes that would have taken effect but for the amendment pursuant to Section 33333.10, notwithstanding Section 33670, the Redevelopment Agency of the City of Oakland shall not receive the amount of the project area's property tax revenue that the East Bay Regional Park District would be entitled to receive pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code if the plan had not been amended.

SEC. 11. Section 33413 of the Health and Safety Code, as amended by Section 3 of Chapter 756 of the Statutes of 2000, is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing cost within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units.

(b) (1) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10, at least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10,

at least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a) and in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, or constructed pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, as determined by the agency, but for not less than the period of the land use controls established in the redevelopment plan, except to the extent a longer period of time may be required by other provisions of law. If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in the previous sentence. These requirements shall be made enforceable in the same manner as provided in subdivision (e) of Section 33334.3.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas that are added to a project area by amendment to a final redevelopment plan

adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976. In addition, subdivision (b) shall apply to redevelopment plans adopted prior to January 1, 1976, for which an amendment is adopted pursuant to Section 33333.10, except that subdivision (b) shall apply to those redevelopment plans prospectively only so that the requirements of subdivision (b) shall apply only to new and substantially rehabilitated dwelling units for which the building permits are issued on or after the date that the ordinance adopting the amendment pursuant to Section 33333.10 becomes effective.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equal or exceed the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to the same income level of households as the destroyed or removed units.

(g) ''Longest feasible time,'' as used in this section, includes, but is not limited to, unlimited duration.

(h) Any dwelling units constructed, rehabilitated, or acquired prior to January 1, 1997, pursuant to provisions that were in effect at the time of the construction, rehabilitation, or acquisition may continue to be counted to meet the requirements of this section.

(i) This section shall become operative on January 1, 2002.

SEC. 11.5. Section 33413 of the Health and Safety Code, as amended by Section 3 of Chapter 756 of the Statutes of 2000, is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed on or after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to persons in the same or a lower income category (low, very low, or moderate), as the persons displaced from those destroyed or removed units.

(b) (1) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10 at least 30 percent of all new and substantially rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income and shall be occupied by these persons and families. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Section 33333.2, 33333.6, and 33333.10 at least 15 percent of all new and substantially rehabilitated dwelling units developed within a project area under the jurisdiction of an agency by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income and shall be occupied by these persons and families. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable

housing cost to very low income households and shall be occupied by these persons and families.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing costs, to persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have been required to be available inside a project area.

(iii) On or after January 1, 2002, as used in this paragraph and in paragraph (*l*), ''substantially rehabilitated dwelling units'' means substantially rehabilitated, with agency assistance, multifamily rented dwelling units with three or more units, or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units. Prior to January 1, 2002, ''substantially rehabilitated dwelling units'' shall mean substantially rehabilitated multifamily rented dwelling units with three or more units or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units.

(iv) As used in this paragraph and in paragraph (1), ''substantial rehabilitation'' means rehabilitation, the value of which constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of the land value.

(v) To satisfy this paragraph, the agency may aggregate new or substantially rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase, or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of, long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons and families of low or very low income, for the longest feasible time but not less than 55 years for rental units and 45 years for owner-occupied

units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply, in the aggregate, to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units, unless an agency determines otherwise.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low-income, moderate-income, and very low income households, respectively, and remain occupied by those persons and families for the longest feasible time, but for not less than 55 years for rental units and 45 years for homeownership units, except for the following:

(1) The agency may permit sales of owner-occupied units prior to the expiration of the 45-year period established by the agency for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess

proceeds of the sale shall be allocated to the agency, and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units pursuant to this subparagraph, expend funds to make affordable an equal number of units at the same income level as units sold pursuant to this subparagraph.

(2) The requirements of this subdivision shall be made enforceable in the same manner as provided in paragraph (2) of subdivision (f) of Section 33334.3.

(3) If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas that are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976. In addition, subdivision (b) shall apply to redevelopment plans adopted prior to January 1, 1976, for which an amendment is adopted pursuant to Section 33333.10, except that subdivision (b) shall apply to those redevelopment plans prospectively only so that the requirements of subdivision (b) shall apply only to new and substantially rehabilitated dwelling units for which the building permits are issued on or after the date that the ordinance adopting the amendment pursuant to Section 33333.10 becomes effective.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of

replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) ''Longest feasible time,'' as used in this section, includes, but is not limited to, unlimited duration.

(h) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 11.6. Section 33413 is added to the Health and Safety Code, to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing cost within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost to, and occupied by, persons in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to, and occupied by, persons in the same or a lower income category (low, very low, or moderate) as the persons displaced from those destroyed or removed units.

(b) (1) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10, at least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and

families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10, at least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing cost to, and occupied by, persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have had to be available inside a project area.

(iii) To satisfy the provisions of this paragraph, the agency may aggregate new or rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons and families of low or very low income, for the longest feasible time but not less than 55 years for rental units and 45 years for owner-occupied units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase of acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available

through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to, and occupied by, persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, but for not less than 55 years for rental units and 45 years for home ownership units, except for the following:

(1) The agency may permit sales of owner-occupied units prior to the expiration of the 45-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units under this paragraph, expend funds to make affordable an equal number of units at the same income level as units

sold under this paragraph. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(2) The requirements of this subdivision shall be made enforceable in the same manner as provided in paragraph (2) of subdivision (f) of Section 33334.3.

If land on which dwelling units required by this section are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976. In addition, subdivision (b) shall apply to redevelopment plans adopted prior to January 1, 1976, for which an amendment is adopted pursuant to Section 33333.10, except that subdivision (b) shall apply to those redevelopment plans prospectively only so that the requirements of subdivision (b) shall apply only to new and substantially rehabilitated dwelling units for which the building permits are issued on or after the date that the ordinance adopting the amendment pursuant to Section 33333.10 becomes effective.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) ''Longest feasible time,'' as used in this section, includes, but is not limited to, unlimited duration.

(h) This section shall become operative on January 1, 2006.

SEC. 12. Section 33490 of the Health and Safety Code is amended to read:

33490. (a) (1) (A) On or before December 31, 1994, and each five years thereafter, each agency that has adopted a redevelopment plan prior to December 31, 1993, shall adopt, after a public hearing, an implementation plan that shall contain the specific goals and objectives of the agency for the project area, the specific programs, including potential projects, and estimated expenditures proposed to be made during the next five years, and an explanation of how the goals and objectives, programs, and expenditures will eliminate blight within the project area and implement the requirements of Sections 33334.2, 33334.4, 33334.6, and 33413. After adoption of the first implementation plan, the parts of the implementation plan that address Sections 33334.2, 33334.4, 33334.6, and 33413 shall be adopted every five years either in conjunction with the housing element cycle or the implementation plan cycle. The agency may amend the implementation plan after conducting a public hearing on the proposed amendment. If an action attacking the adoption, approval, or validity of a redevelopment plan adopted prior to January 1, 1994, has been brought pursuant to Chapter 5 (commencing with Section 33500), the first implementation plan required pursuant to this section shall be adopted within six months after a final judgment or order has been entered. Subsequent implementation plans required pursuant to this section shall be adopted pursuant to the terms of this section, and as if the first implementation plan had been adopted on or before December 31, 1994.

(B) Adoption of an implementation plan shall not constitute an approval of any specific program, project, or expenditure and shall not change the need to obtain any required approval of a specific program, project, or expenditure from the agency or community. The adoption of an implementation plan shall not constitute a project within the meaning of Section 21000 of the Public Resources Code. However, the inclusion of a specific program, potential project, or expenditure in an implementation plan prepared pursuant to subdivision (c) of Section 33352 in conjunction with a redevelopment plan adoption shall not eliminate analysis of those programs, potential projects, and

expenditures in the environmental impact report prepared pursuant to subdivision (k) of Section 33352 to the extent that it would be otherwise required. In addition, the inclusion of programs, potential projects, and expenditures in an implementation plan shall not eliminate review pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), at the time of the approval of the program, project, or expenditure, to the extent that it would be otherwise required.

(2) (A) A portion of the implementation plan shall address the agency housing responsibilities and shall contain a section addressing Sections 33334.2, 33334.4, and 33334.6, the Low and Moderate Income Housing Fund, and, if subdivision (b) of Section 33413 applies, a section addressing agency-developed and project area housing. The section addressing the Low and Moderate Income Housing Fund shall contain:

(i) The amount available in the Low and Moderate Income Housing Fund and the estimated amounts which will be deposited in the Low and Moderate Income Housing Fund during each of the next five years.

(ii) A housing program with estimates of the number of new, rehabilitated, or price-restricted units to be assisted during each of the five years and estimates of the expenditures of moneys from the Low and Moderate Income Housing Fund during each of the five years.

(B) For each project area to which subdivision (b) of Section 33413 applies, the section addressing the agency developed and project area housing shall contain:

(i) Estimates of the number of new, substantially rehabilitated or price-restricted residential units to be developed or purchased within one or more project areas, both over the life of the plan and during the next 10 years.

(ii) Estimates of the number of units of very low, low-, and moderate-income households required to be developed within one or more project areas in order to meet the requirements of paragraph (2) of subdivision (b) of Section 33413, both over the life of the plan and during the next 10 years.

(iii) The number of units of very low, low-, and moderate-income households which have been developed within one or more project areas which meet the requirements of paragraph (2) of subdivision (b) of Section 33413.

(iv) Estimates of the number of agency developed residential units which will be developed during the next five years, if any, which will be governed by paragraph (1) of subdivision (b) of Section 33413.

(v) Estimates of the number of agency developed units for very low, low-, and moderate-income households which will be developed by the agency during the next five years to meet the requirements of paragraph (1) of subdivision (b) of Section 33413.

(3) If the implementation plan contains a project that will result in the destruction or removal of dwelling units that will have to be replaced pursuant to subdivision (a) of Section 33413, the implementation plan shall identify proposed locations suitable for those replacement dwelling units.

(4) For a project area that is within six years of the time limit on the effectiveness of the redevelopment plan established pursuant to Section 33333.2 or 33333.6, the portion of the implementation plan addressing the housing responsibilities shall specifically address the ability of the agency to comply, prior to the time limit on the effectiveness of the redevelopment plan, with subdivision (a) of Section 33413 with respect to replacement dwelling units, subdivision (b) of Section 33413 with respect to project area housing, and the disposition of the remaining moneys in the Low and Moderate Income Housing Fund.

(b) For a project area for which a redevelopment plan is adopted on or after January 1, 1994, the implementation plan prepared pursuant to subdivision (c) of Section 33352 shall constitute the initial implementation plan and thereafter the agency after a public hearing shall adopt an implementation plan every five years commencing with the fifth year after the plan has been adopted. Agencies may adopt implementation plans that include more than one project area.

(c) Every agency, at least once within the five-year term of the plan, shall conduct a public hearing and hear testimony of all interested parties for the purpose of reviewing the redevelopment plan and the corresponding implementation plan for each redevelopment project within the jurisdiction and evaluating the progress of the redevelopment project. The hearing required by this subdivision shall take place no earlier than two years and no later than three years after the adoption of the implementation plan. An agency may hold one hearing for two or more project areas if those project areas are included within the same implementation plan.

(d) Notice of public hearings conducted pursuant to this section shall be published pursuant to Section 6063 of the Government Code and posted in at least four permanent places within the project area for a period of three weeks. Publication and posting shall be completed not less than 10 days prior to the date set for hearing.

SEC. 13. Section 33492.13 of the Health and Safety Code is amended to read:

33492.13. (a) A redevelopment plan, adopted pursuant to this chapter and containing the provisions set forth in Section 33670, shall contain all of the following limitations:

(1) A limitation on the number of dollars of taxes which may be divided and allocated to the redevelopment agency pursuant thereto. Taxes shall not be divided and shall not be allocated to the

redevelopment agency beyond this limitation, except by amendment of the redevelopment plan pursuant to Section 33354.6, or as necessary to comply with subdivision (a) of Section 33333.8.

(2) (A) The time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received pursuant to Section 33670 to finance in whole or in part the redevelopment project, which may not exceed 20 years from the date the county auditor certifies pursuant to Section 33492.9, except by amendment of the redevelopment plan as authorized by subparagraph (B). The loans, advances, or indebtedness may be repaid over a period of time longer than the time limit as provided in this section. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond this time limitation, except as necessary to comply with subdivision (a) of Section 33333.8.

(B) The time limitation established by subparagraph (A) may be extended only by amendment of the redevelopment plan after the agency finds, based on substantial evidence, that (i) substantial blight remains within the project area; (ii) this blight cannot be eliminated without the establishment of additional debt; and (iii) the elimination of blight cannot reasonably be accomplished by private enterprise acting alone or by the legislative body's use of financing alternatives other than tax increment financing. However, this amended time limitation may not exceed 30 years from the date the county auditor certifies pursuant to Section 33492.9, except as necessary to comply with subdivision (a) of Section 33333.8.

(3) A time limit, not to exceed 30 years from the date the county auditor certifies pursuant to Section 33492.9, on the effectiveness of the redevelopment plan. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness, comply with subdivision (a) of Section 33333.8, and enforce existing covenants or contracts.

(4) A time limit, not to exceed 45 years from the date the county auditor certifies pursuant to Section 33492.9, to repay indebtedness with the proceeds of property taxes received pursuant to Section 33670. After the time limit established pursuant to this paragraph, an agency may not receive property taxes pursuant to Section 33670, except as necessary to comply with subdivision (a) of Section 33333.8.

(b) (1) A redevelopment plan, adopted pursuant to this chapter, that does not contain the provisions set forth in Section 33670 shall contain the limitations in paragraph (2).

(2) A time limit, not to exceed 12 years from the date the county auditor certifies pursuant to Section 33492.9, for commencement of eminent domain proceedings to acquire property within the project area.

This time limitation may be extended only by amendment of the redevelopment plan.

SEC. 14. Section 33607.7 of the Health and Safety Code is amended to read:

33607.7. (a) This section shall apply to a redevelopment plan amendment for any redevelopment plans adopted prior to January 1, 1994, that increases the limitation on the number of dollars to be allocated to the redevelopment agency or that increases, or eliminates pursuant to paragraph (1) of subdivision (e) of Section 33333.6, the time limit on the establishing of loans, advances, and indebtedness established pursuant to paragraphs (1) and (2) of subdivision (a) of Section 33333.6, as those paragraphs read on December 31, 2001, or that lengthens the period during which the redevelopment plan is effective if the redevelopment plan being amended contains the provisions required by subdivision (b) of Section 33670. However, this section shall not apply to those redevelopment plans that add new territory.

(b) If a redevelopment agency adopts an amendment that is governed by the provisions of this section, it shall pay to each affected taxing entity either of the following:

(1) If an agreement exists that requires payments to the taxing entity, the amount required to be paid by an agreement between the agency and an affected taxing entity entered into prior to January 1, 1994.

(2) If an agreement does not exist, the amounts required pursuant to subdivisions (b), (c), (d), and (e) of Section 33607.5, until termination of the redevelopment plan, calculated against the amount of assessed value by which the current year assessed value exceeds an adjusted base year assessed value. The amounts shall be allocated between property taxes and educational facilities according to the appropriate formula in paragraph (3) of subdivision (a) of Section 33607.5. In determining the applicable amount under Section 33607.5, the first fiscal year shall be the first fiscal year following the fiscal year in which the adjusted base year value is determined.

(c) The adjusted base year assessed value shall be the assessed value of the project area in the year in which the limitation being amended would have taken effect without the amendment or, if more than one limitation is being amended, the first year in which one or more of the limitations would have taken effect without the amendment. The agency shall commence making these payments pursuant to the terms of the agreement, if applicable, or, if an agreement does not exist, in the first fiscal year following the fiscal year in which the adjusted base year value is determined.

SEC. 15. Section 50093 of the Health and Safety Code is amended to read:

50093. ''Persons and families of low or moderate income'' means persons and families whose income does not exceed 120 percent of area median income, adjusted for family size by the department in accordance with adjustment factors adopted and amended from time to time by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937. However, the agency and the department jointly, or either acting with the concurrence of the Secretary of the Business and Transportation Agency, may permit the agency to use higher income limitations in designated geographic areas of the state, upon a determination that 120 percent of the median income in the particular geographic area is too low to qualify a substantial number of persons and families of low or moderate income who can afford rental or home purchase of housing financed pursuant to Part 3 (commencing with Section 50900) without subsidy.

''Persons and families of low or moderate income'' includes very low income households, as defined in Section 50105, extremely low income households, as defined in Section 50106, and lower income households as defined in Section 50079.5, and includes persons and families of extremely low income, persons and families of very low income, persons and families of low income, persons and families of moderate income, and middle-income families. As used in this division:

(a) ''Persons and families of low income'' or ''persons of low income'' means persons or families who are eligible for financial assistance specifically provided by a governmental agency for the benefit of occupants of housing financed pursuant to this division.

(b) ''Persons and families of moderate income'' or ''middle-income families'' means persons and families of low or moderate income whose income exceeds the income limit for lower income households.

(c) ''Persons and families of median income'' means persons and families whose income does not exceed the area median income, as adjusted by the department for family size in accordance with adjustment factors adopted and amended from time to time by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937.

As used in this section, ''area median income'' means the median family income of a geographic area of the state, as annually estimated by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937. In the event these federal determinations of area median income are discontinued, the department shall establish and publish as regulations income limits for persons and families of median income for all geographic areas of the state at 100 percent of area median income, and for persons and families of low or moderate income for all geographic

areas of the state at 120 percent of area median income. These income limits shall be adjusted for family size and shall be revised annually.

For purposes of this section, the department shall file, with the Office of Administrative Law, any changes in area median income and income limits determined by the United States Department of Housing and Urban Development, together with any consequent changes in other derivative income limits determined by the department pursuant to this section. These filings shall not be subject to Article 5 (commencing with Section 11346) or Article 6 (commencing with Section 11349) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code, but shall be effective upon filing with the Office of Administrative Law and shall be published as soon as possible in the California Regulatory Code Supplement and the California Code of Regulations.

The department shall establish and publish a general definition of income, including inclusions, exclusions, and allowances, for qualifying persons under the income limits of this section and Sections 50079.5, 50105, and 50106 to be used where no other federal or state definitions of income apply. This definition need not be established by regulation.

Nothing in this division shall prevent the agency or the department from adopting separate family size adjustment factors or programmatic definitions of income to qualify households, persons, and families for programs of the agency or department, as the case may be.

SEC. 16. Section 50106 is added to the Health and Safety Code, to read:

50106. ''Extremely low income households'' means persons and families whose incomes do not exceed the qualifying limits for extremely low income families as established and amended from time to time by the Secretary of Housing and Urban Development and defined in Section 5.603(b) of Title 24 of the Code of Federal Regulations. These limits shall be published by the department in the California Code of Regulations as soon as possible after adoption by the Secretary of Housing and Urban Development. In the event the federal standards are discontinued, the department shall, by regulation, establish income limits for extremely low income households for all geographic areas of the state at 30 percent of area median income, adjusted for family size and revised annually. As used in this section, ''area median income'' means the median family income of a geographic area of the state.

SEC. 17. (a) The Legislature finds and declares that in 1993 the Legislature adopted time limits contained in Section 33333.6 of the Health and Safety Code that applied to project areas adopted prior to January 1, 1994. The Legislature further finds and declares that some community redevelopment agencies that adopted certain project areas prior to the establishment of these limits will not be able to eliminate

blight within those project areas within those limits and that it is necessary to allow the limits within these project areas to be extended to eliminate significant remaining blight.

(b) The Legislature further finds and declares that authorizing the extension of these limits within those project areas will have a financial effect upon the state and that because of this financial effect it will be necessary for one or more appropriate state agencies to have the authority to take appropriate actions to ensure that these time limits are extended only for those project areas adopted on or before December 31, 1993, that contain significant remaining blight as that term was defined by the Legislature in 1993.

SEC. 18. Sections 11.5 and 11.6 of this bill incorporate amendments to Section 33413 of the Health and Safety Code proposed by both this bill and AB 637. They shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 33413 of the Health and Safety Code, and AB 637 adds Section 33413 to the Health and Safety Code, and (3) this bill is enacted after AB 637, in which case Section 11 of this bill shall not become operative.

---

## CHAPTER 742

An act to add Section 14018.1 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 14018.1 is added to the Welfare and Institutions Code, to read:

14018.1. The department shall prospectively notify a Medi-Cal managed care plan of the date of the regularly scheduled annual redetermination of a Medi-Cal beneficiary in a disabled aid category, who is enrolled in that plan and where eligibility redetermination is the responsibility of the department. Nothing in this section shall provide a beneficiary with additional Medi-Cal coverage due to the department's failure to provide this notice.

---

# CHAPTER 743

An act relating to affordable housing, and making an appropriation therefor.

[Approved by Governor October 10, 2001. Filed with Secretary of State October 11, 2001.]

I am signing Senate Bill 891, however I am reducing the General Fund appropriation to $100,000. This bill would have authorized the expenditure of $250,000 for the New Economics for Women transitional housing project, known as La Posada. This program and those it serves will benefit greatly from the added funds this bill will provide for needed classroom space and a security system.

However, given the rapid decline of our economy and a budget shortfall of $1.1 billion through the first three months of this fiscal year alone, I have no choice but to fund less than the requested amount.

I would also note that this bill designates the Department of Parks and Recreation as the department that would administer this grant. This is an inappropriate designation. I am requesting cleanup legislation in January that would designate the Department of Housing and Community Development as administrator of this grant to the La Posada project.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) The history of our nation and this state is a rich and enduring tapestry woven with the threads of many remarkable lives and cultures.

(b) The lives, work, and contributions of immigrants and their families have added strength, vitality, and purpose to that tapestry.

(c) Immigrants constitute one of the fastest growing segments of our population, with single women with young children comprising an increasing percentage of immigrants, homeless, and domestic violence victims.

(d) New Economics for Women (NEW) is the country's only nonprofit community development corporation developed and operated by Latinas. Founded in 1985 in Los Angeles' Belmont/Pico-Union district of downtown Los Angeles, NEW's mission is to assist young, single parent families in their transition from poverty to economic self-sufficiency. NEW accomplishes this mission through a wide range of housing, health, consumer, and business initiatives.

(e) NEW was founded in 1985 as a nonprofit organization and has been an innovative leader in developing affordable transitional housing and economic self-sufficiency programs that meet the needs of single parent families of the Belmont area in downtown Los Angeles. NEW has developed and also manages additional transitional housing in east Los Angeles, San Pedro, and the San Fernando Valley with onsite services designed to empower women and families to reach their goals of

economic prosperity through job and skill development, consumer and financial management education, computer training, and parenting classes.

(f) La Posada is NEW's unique affordable housing development, which opened in 1996. La Posada is designed to improve the lives of an especially vulnerable population, single teen mothers and their children, by offering a real opportunity and safe haven from poverty, domestic violence, and homelessness. The complementary intermediate term housing and customized social services are critical to breaking the cycle of poverty and enabling young women and their children to remove or reduce the economic and social barriers to employment and independent living.

(g) New residents increasingly arrive from the streets, emergency shelters, or domestic violence situations with young infants. Most are at high risk for destructive behavior, which, in addition to early pregnancy, can lead to continued economic dependence and lack of opportunity, both of which are passed on to the next generation. During its five-year existence, La Posada has served as a successful transition for young mothers from poverty, domestic violence, homelessness, and welfare dependency to independent, healthy, and economically independent self-sufficient young women and families.

(h) While the number of births to unmarried mothers has decreased in California over the past 10 years to 32.8 percent in 1998, which places our state at 27th in the nation, the phenomenon of teen pregnancy continues to plague our youth at an alarming rate.

(i) La Posada's demonstrated success with targeted, consistent intervention and a safe, stable residence can reverse the cycle of poverty and violence, and has resulted in positive change and a foundation for self-sufficient living for these young families.

SEC. 2. The sum of two hundred fifty thousand dollars ($250,000) is hereby appropriated from the General Fund to the Department of Parks and Recreation for allocation as a grant to the governing board of New Economics for Women to provide for the capital outlay needs of the La Posada Housing Project.

---

## CHAPTER 744

An act to amend Section 51296.3 of the Government Code, and to amend Sections 75.31, 534, 749, and 1605 of, and to repeal Sections 10753.1 and 10753.9 of, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 10, 2001. Filed with
Secretary of State October 11, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 51296.3 of the Government Code is amended to read:

51296.3. Notwithstanding any provision of the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000)), a local agency formation commission shall not approve a change of organization or reorganization that would result in the annexation of land within a designated farmland security zone to a city. However, this subdivision shall not apply under any of the following circumstances:

(a) If the farmland security zone is located within a designated, delineated area that has been approved by the voters as a limit for existing and future urban facilities, utilities, and services.

(b) If annexation of a parcel or a portion of a parcel is necessary for the location of a public improvement, as defined in Section 51290.5, except as provided in Section 51296.5 or 51296.6.

(c) If the landowner consents to the annexation.

SEC. 2. Section 75.31 of the Revenue and Taxation Code is amended to read:

75.31. (a) Whenever the assessor has determined a new base year value as provided in Section 75.10, the assessor shall send a notice to the assessee showing the following:

(1) The new base year value of the property that has changed ownership, or the new base year value of the completed new construction that shall be added to the existing taxable value of the remainder of the property.

(2) The taxable value appearing on the current roll, and if the change in ownership or completion of new construction occurred between January 1 and May 31, the taxable value on the roll being prepared.

(3) The date of the change in ownership or completion of new construction.

(4) The amount of the supplemental assessments.

(5) The exempt amount, if any, on the current roll or the roll being prepared.

(6) The date the notice was mailed.

(7) A statement that the supplemental assessment was determined in accordance with Article XIII A of the California Constitution that generally requires reappraisal of property whenever a change in ownership occurs or property is newly constructed.

(8) Any other information which the board may prescribe.

(b) In addition to the information specified in subdivision (a), the notice shall inform the assessee of the procedure for filing a claim for exemption that is to be filed within 30 days of the date of the notice.

(c) (1) The notice shall advise the assessee of the right to an informal review and the right to appeal the supplemental assessment, and, unless subject to paragraph (2) or (3), that the appeal shall be filed within 60 days of the date of mailing printed on the notice or the postmark date therefor, whichever is later. For the purposes of equalization proceedings, the supplemental assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(2) For counties in which the board of supervisors has adopted the provisions of subdivision (c) of Section 1605, and the County of Los Angeles, the notice shall advise the assessee of the right to appeal the supplemental assessment, and that the appeal shall, except as provided in paragraph (3), be filed within 60 days of the date of mailing printed on the tax bill or the postmark date therefor, whichever is later. For the purposes of equalization proceedings, the supplemental assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(3) (A) If the taxpayer does not receive a notice in accordance with paragraph (1) at least 15 days prior to the deadline to file the application described in Section 1603, the affected party or his or her agent may file an application within 60 days of the date of mailing printed on the tax bill or the postmark thereof, whichever is later, along with an affidavit declaring under penalty of perjury that the notice was not timely received.

(B) Notwithstanding any other provision of this subdivision, an application for reduction in a supplemental assessment may be filed within 12 months following the month in which the assessee is notified of that assessment, if the affected party or his or her agent and the assessor stipulate that there is an error in assessment as the result of the exercise of the assessor's judgment in determining the full cash value of the property and a written stipulation as to the full cash value and the assessed value is filed in accordance with Section 1607.

(d) The notice shall advise the assessee of both of the following:

(1) The requirements, procedures, and deadlines with respect to an application for the reduction of a base year value pursuant to Section 80, or the reduction of an assessment pursuant to Section 1603.

(2) The criteria under Section 51 for the determination of taxable value, and the requirement of Section 1602 that the custodial officer of the local roll make the roll, or a copy thereof, available for inspection by all interested parties during regular office hours.

(e) The notice shall advise the assessee that if the supplemental assessment is a negative amount the auditor shall make a refund of a portion of taxes paid on assessments made on the current roll, or the roll being prepared, or both.

(f) The notice shall be furnished by the assessor to the assessee by regular United States mail directed to the assessee at the assessee's latest address known to the assessor.

(g) The notice given by the assessor under this section shall be on a form prescribed by the State Board of Equalization.

SEC. 3. Section 534 of the Revenue and Taxation Code is amended to read:

534. (a) Assessments made pursuant to Article 3 (commencing with Section 501) or this article shall be treated like, and taxed at the same rate applicable to, property regularly assessed on the roll on which it is entered, unless the assessment relates to a prior year and then the tax rate of the prior year shall be applied, except that the tax rate for years prior to the 1981–82 fiscal year shall be divided by four.

(b) No assessment described in subdivision (a) shall be effective for any purpose, including its review, equalization and adjustment by the Board of Equalization, until the assessee has been notified thereof personally or by United States mail at his or her address as contained in the official records of the county assessor. For purposes of Section 532, the assessment shall be deemed made on the date on which it is entered on the roll pursuant to Section 533, if the assessee is notified of the assessment within 60 days after the statute of limitations or the placing of the escape assessment on the assessment roll. Otherwise the assessment shall be deemed made only on the date the assessee is so notified.

(c) The notice given by the assessor pursuant to this section shall include all of the following:

(1) The date the notice was mailed.

(2) Information regarding the assessee's right to an informal review and the right to appeal the assessment, and except in a case in which paragraph (3) applies, that the appeal shall be filed within 60 days of the date of mailing printed on the notice or the postmarked date therefor, whichever is later. For the purposes of equalization proceedings, the assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(3) For counties in which the board of supervisors has adopted a resolution in accordance with subdivision (c) of Section 1605, and the County of Los Angeles, the notice shall advise the assessee of the right to appeal the assessment, and that the appeal shall be filed within 60 days of the date of mailing printed on the tax bill or the postmark therefor, whichever is later. For the purposes of equalization proceedings, the

assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(4) A description of the requirements, procedures, and deadlines with respect to an application for the reduction of an assessment pursuant to Section 1605.

(d) (1) The notice given by the assessor under this section shall be on a form prescribed by the board.

(2) Giving of the notice required by Section 531.8 shall not satisfy the requirements of this section.

SEC. 4. Section 749 of the Revenue and Taxation Code is amended to read:

749. Section 743 shall be applicable to hearings on petitions for correction of an allocated assessment and the board shall notify the petitioner of its decision by mail. The decision shall include written findings and conclusions of the board if requested at or prior to the commencement of the hearing. Decisions of the board on petitions for correction of an allocated assessment shall be completed on or before December 31.

SEC. 5. Section 1605 of the Revenue and Taxation Code is amended to read:

1605. (a) An assessment made outside of the regular assessment period is not effective for any purpose, including its review, equalization and adjustment by the county board, until the assessee has been notified thereof personally or by United States mail at the assessee's address as contained in the official records of the county assessor. For purposes of this subdivision, for counties in which the board of supervisors has adopted the provisions of subdivision (c) and the County of Los Angeles, receipt by the assessee of a tax bill based on that assessment shall suffice as the notice.

(b) Upon application for reduction in assessment pursuant to subdivision (a) of Section 1603, the assessment shall be subject to review, equalization, and adjustment by the county board. In the case of an assessment made pursuant to Article 2 (commencing with Section 75.10) of Chapter 3.5 of Part 0.5, or Article 3 (commencing with Section 501) of Chapter 3 of Part 2 that is made outside the regular assessment period as defined in subdivision (f), or an assessment made pursuant to Article 4 (commencing with Section 531) of Chapter 3 of Part 2, the application shall be filed with the clerk in accordance with the applicable of the following:

(1) In a county other than the County of Los Angeles or a county in which the board of supervisors has adopted a resolution in accordance with subdivision (c), no later than 60 days after the date of mailing printed on the notice of assessment, or the postmark therefor, whichever is later. If the taxpayer does not receive the notice of assessment

described in Section 75.31 or 534 at least 15 calendar days prior to the deadline established in the foregoing sentence, the party affected, or his or her agent, may file the application within 60 days of the date of mailing printed on the tax bill or the postmark therefor, whichever is later, along with an affidavit declaring under penalty of perjury that the notice of assessment was not timely received.

(2) In the County of Los Angeles or any county in which the board of supervisors has adopted a resolution in accordance with subdivision (c), an application subject to this subdivision shall be filed within the period specified in that subdivision.

(c) The board of supervisors of any county may by resolution require that the application for reduction pursuant to subdivision (a) of Section 1603 be filed with the clerk no later than 60 days after the date of mailing printed on the tax bill or the postmark therefor, whichever is later.

(d) In counties where assessment appeals boards have not been created and are not in existence, at any regular meeting, the board of supervisors, on the request of the assessor or any taxpayer, shall sit as the county board to equalize any assessments made by the assessor outside the regular assessment period for those assessments. Notwithstanding any other provision of law to the contrary, in any county in which assessment appeals boards have been created and are in existence, the time for equalization of assessments made outside the regular assessment period for those assessments, including assessments made pursuant to Sections 501, 503, 504, 531, and 531.5, shall be prescribed by rules adopted by the board of supervisors.

(e) If an audit of the books and records of any profession, trade, or business pursuant to Section 469 discloses property subject to an escaped assessment for any year, then the original assessment of all property of the assessee at the location of the profession, trade, or business for that year shall be subject to review, equalization and adjustment by the county board of equalization or assessment appeals board pursuant to this chapter, except in those instances when that property had previously been equalized for the year in question by the county board of equalization or assessment appeals board. The application shall be filed with the clerk no later than 60 days after the date on which the assessee was notified. Receipt by the assessee of a tax bill based upon that assessment shall suffice as that notice.

(f) For purposes of subdivision (a), ''regular assessment period'' means January 1 to and including July 1 of the calendar year in which the assessment, other than escape assessments, should have been enrolled if it had been timely made.

SEC. 6. Section 10753.1 of the Revenue and Taxation Code, as amended by Section 160 of Chapter 427 of the Statutes of 1992, is repealed.

SEC. 7. Section 10753.1 of the Revenue and Taxation Code, as amended by Section 7 of Chapter 861 of the Statutes of 2000, is repealed.

SEC. 8. Section 10753.9 of the Revenue and Taxation Code, as added by Section 3 of Chapter 474 of the Statutes of 1991, is repealed.

SEC. 9. Section 10753.9 of the Revenue and Taxation Code, as amended by Section 9 of Chapter 861 of the Statutes of 2000, is repealed.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

---

## CHAPTER 745

An act to amend Sections 4425, 6086.15, 6094.5, 7011.8, and 7017 of, and to repeal Sections 1616.1 and 12029 of, the Business and Professions Code, to amend Section 116.950 of the Code of Civil Procedure, to amend Sections 30.5, 8215, 8358, 8451, 32237, 32239.5, 35179.2, 44252.9, 44259.5, 44279.2, 44784, 49413, 52052, 52656, 54696, 56885, 58523, 60810, 66015, 66755, 67301, 67359.20, 71028, 87104, 89753, 89761, and 99306 of, and to repeal Sections 15750, 17001.5, 44329, 49590.5, 58922, 66293, 69733, 72681, 78217, and 99105 of, the Education Code, to amend Section 7571 of the Family Code, to repeal Sections 256, 8052, and 32955 of the Financial Code, to amend Sections 1000.5, 1796, 2079, 2645, 3409, 3951, 4904, 6450, and 6599 of, and to repeal Sections 2099, 6459, and 16533 of, the Fish and Game Code, to amend Sections 13135 and 76906 of, and to repeal Sections 4101.5, 13127.93, and 14104 of, the Food and Agricultural Code, to amend Sections 3114, 7585, 8654.1, 8670.55, 8879.3, 10242.5, 10601, 11007, 14070.2, 14660.1, 15277, 15333.3, 15333.4, 15378, 15813.6, 17562, 19793, 19993.05, 21662, 27279.4, 30401, 51207, 54238.7, 68511.2, 68604, 77009, 77604, 77605, and 77654 of, and to repeal Sections 8855.5, 8855.7, 8855.8, 11815, 11818, 12095.60, 13332.06, 13336.5, 14035.6, 15301.5, 16582, 16649.91, 30606, 65302.6, 67523, 70219, 75060.3, 75560.3, 92204, and 96103 of, the Government Code, to amend Sections 1200 and 3927 of, and to repeal Sections 65.8 and 658.6 of, the Harbors and Navigation Code, to amend Sections 1342.1, 1422, 11759.4, 18400.1, 25200.11, 25200.14.1, 25200.17, 25299.97, 33760, 34312.3, 39153, 44003, 46077, 50408, 50834, 57007, 104145, 104370, 108875, 119308, 120475, 120480, 120805, and 123775 of, and to repeal Sections 13143.10, 25171, 25171.5, 25245.6, 25269.9, 40453, 50806, 52045, 52570, 100146, and

100340 of, the Health and Safety Code, to amend Sections 10089.40 and 12693.93 of, and to repeal Section 10890 of, the Insurance Code, to amend Section 3214 of the Labor Code, to amend Section 1335 of the Military and Veterans Code, to amend Sections 1001.65, 7433, 13602, and 13731 of, and to repeal Sections 1170.6, 9008, 13510.6, and 13892 of, the Penal Code, to repeal Sections 10350 and 12104 of the Public Contract Code, to amend Sections 5094.2, 5096.244, 5631, 6211, 6230, 6231, 6477, 6916, 14314, 14537, 25403.5, 31108, 31163, 42005, 42871, and 71040 of, and to repeal Sections 674, 5017, 5780.17, 9756, 19524, 22052, and 25310.5 of, the Public Resources Code, to amend Sections 383, 398.5, 495.7, 739.3, 28767.3, 130292, and 132410 of the Public Utilities Code, to amend Section 7273 of the Revenue and Taxation Code, to amend Sections 100, 30796.9, 30950.3, and 30961 of, and to repeal Sections 1965 and 30895 of, the Streets and Highways Code, to amend Sections 5007, 9616, 9616.1, 10532, 15037, 15076.5, and 17002 of, and to repeal Sections 1088.7, 1274.05, 5202, 9614, 9616.5, and 10522 of, the Unemployment Insurance Code, to amend Sections 1810.7, 5023, 14602.1, and 35581 of, and to repeal Section 2936 of, the Vehicle Code, to amend Sections 8610, 11912, 12830, 12875, 12879.5, 12890.4, and 12939 of, and to repeal Sections 232, 10010, 10756, 11156, 12308, 12928.5, 12929.47, 13467, 14014, and 14919 of the Water Code, to amend Sections 4640.6, 4669.75, 5673, 10609.5, 10740, 10790, 11329, 11450.3, 11461.1, 11487.5, 14017.1, 14085.5, 14103.2, 14104.3, 14132, 14132.90, 14133.5, 14138.5, 14145.1, 14148, 14148.8, 14501, 16500.5, 18206, and 18240 of, and to repeal Sections 366.28, 5586, 10603.3, 14618, 15452, and 18214 of, the Welfare and Institutions Code, to amend Section 1 of Chapter 74 of the Statutes of 1978, to repeal Section 3 of Chapter 1523 of the Statutes of 1985, to amend Section 2 of Chapter 1495 of the Statutes of 1988, to amend Section 1 of Chapter 1350 of the Statutes of 1989, to repeal Section 1 of Chapter 674 of the Statutes of 1990, to amend Section 1 of Chapter 1621 of the Statutes of 1990, to repeal Section 2 of Chapter 1012 of the Statutes of 1993, to repeal Resolution Chapter 100 of the Statutes of 1995, and to amend Section 2 of Chapter 881 of the Statutes of 1997, relating to reports submitted to the Legislature, the Governor, and state entities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 2001. Filed with Secretary of State October 12, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1616.1 of the Business and Professions Code is repealed.

SEC. 2. Section 4425 of the Business and Professions Code is amended to read:

4425. (a) As a condition of a pharmacy's participation in the Medi-Cal program pursuant to Chapter 7 (commencing with Section 14000) of Division 9 of the Welfare and Institutions Code, the pharmacy, upon presentation of a valid prescription for the patient and the patient's Medicare card, shall charge Medicare beneficiaries a price that does not exceed the Medi-Cal reimbursement rate for prescription medicines, and an amount, as set by the State Department of Health Services to cover electronic transmission charges. However, Medicare beneficiaries shall not be allowed to use the Medi-Cal reimbursement rate for over-the-counter medications or compounded prescriptions.

(b) The State Department of Health Services shall provide a mechanism to calculate and transmit the price to the pharmacy, but shall not apply the Medi-Cal drug utilization review process for purposes of this section.

(c) The State Department of Health Services shall monitor pharmacy participation with the requirements of subdivision (a).

(d) If prescription drugs are added to the scope of benefits available under the federal Medicare program, the Senate Office of Research shall report that fact to the appropriate committees of the Legislature. It is the intent of the Legislature to evaluate the need to continue the implementation of this article under those circumstances.

SEC. 3. Section 6086.15 of the Business and Professions Code is amended to read:

6086.15. (a) The State Bar shall issue an Annual Discipline Report by April 30 of each year describing the performance and condition of the State Bar discipline system. The report shall cover the previous calendar year and shall include accurate and complete descriptions of all of the following:

(1) The existing backlog of cases within the discipline system, including, but not limited to, the number of complaints as of December 31 of the preceding year that were pending beyond six months after receipt without dismissal, admonition, or the filing of a notice to show cause, and tables showing time periods beyond six months and the number in each category and a discussion of the reason for the extended periods.

(2) The number of inquiries and complaints and their disposition.

(3) The number and types of matters self-reported by members of the State Bar pursuant to subdivision (o) of Section 6068 and subdivision (c) of Section 6086.8.

(4) The number and types of matters reported by other sources pursuant to Sections 6086.7 and 6086.8.

(5) The speed of complaint handling and dispositions by type.

(6) The number and types of filed notices to show cause and formal disciplinary outcomes.

(7) The number and types of informal discipline outcomes, including petitions to terminate practice, interim suspensions and license restrictions, criminal conviction monitoring, letters of warning, private reprovals, admonitions, and agreements in lieu of discipline.

(8) A description of the programs of the State Bar directed at assuring honesty and competence by attorneys.

(9) A description of the programs of the State Bar directed at preventing acts warranting discipline.

(10) A description of the condition of the Client Security Fund, including an accounting of payouts.

(11) An accounting of the cost of the discipline system by function.

(b) The Annual Discipline Report shall include statistical information presented in a consistent manner for year-to-year comparison and shall compare the information required under subdivision (a) to similar information for the previous three years. The report shall include the general data and tables included in the previous reports of the State Bar Discipline Monitor where feasible.

(c) The Annual Discipline Report shall be presented to the Chief Justice of California, to the Governor, to the Speaker of the Assembly, to the President pro Tempore of the Senate, and to the Assembly and Senate Judiciary Committees, for their consideration and shall be considered a public document.

SEC. 4. Section 6094.5 of the Business and Professions Code is amended to read:

6094.5. (a) It shall be the goal and policy of the disciplinary agency to dismiss a complaint, admonish the attorney, or forward a completed investigation to the Office of Trial Counsel within six months after receipt of a written complaint. As to complaints designated as complicated matters by the Chief Trial Counsel, it shall be the goal and policy of the disciplinary agency to dismiss, terminate by admonition, or forward those complaints to the Office of Trial Counsel within 12 months. A notice to show cause is a public record when filed. This goal and policy is not jurisdictional and shall not serve as a bar or defense to, any disciplinary investigation or proceeding.

(b) The disciplinary agency, subject to its record retention policy, shall respond within a reasonable time to inquiries as to the status of pending disciplinary cases in which a notice to show cause has been filed, or as to public discipline that has been imposed upon an attorney in California, or to the extent known by the agency, elsewhere, and, to the extent such information is known to the agency, all criminal cases in which an indictment or information has been brought charging a felony against an attorney or an attorney has been convicted of a felony, or

convicted of any misdemeanor committed in the course of the practice of law or in any manner such that a client of the attorney was the victim, or any felony or misdemeanor, a necessary element of which, as determined by the statutory or common law definition of the crime, involves improper conduct of an attorney, including interference with the administration of justice, running and capping, false swearing, misrepresentation, fraud, deceit, bribery, extortion, misappropriation, theft, dishonesty or other moral turpitude, or an attempt of a conspiracy or solicitation of another to commit such a crime. Such information acquired from the disciplinary agency under this section shall not be used by an attorney to solicit business. The disciplinary agency shall adopt regulations to carry out the purposes of this subdivision.

SEC. 5. Section 7011.8 of the Business and Professions Code is amended to read:

7011.8. (a) Any person who reports to, or causes a complaint to be filed with, the Contractors' State License Board that a person licensed by that entity has engaged in professional misconduct, knowing the report or complaint to be false, is guilty of an infraction punishable by a fine not to exceed one thousand dollars ($1,000).

(b) The board may notify the appropriate district attorney or city attorney that a person has made or filed what the entity believes to be a false report or complaint against a licensee.

SEC. 6. Section 7017 of the Business and Professions Code is amended to read:

7017. The board, in addition to the usual periodic reports, shall within 30 days prior to the meeting of the general session of the Legislature submit to the Governor and the Legislature a full and true report of its transactions during the preceding biennium including a complete statement of the receipts and expenditures of the board during the period.

A copy of the report shall be filed with the Secretary of State.

SEC. 7. Section 12029 of the Business and Professions Code is repealed.

SEC. 8. Section 116.950 of the Code of Civil Procedure is amended to read:

116.950. (a) This section shall become operative only if the Department of Consumer Affairs determines that sufficient private or public funds are available in addition to the funds available in the department's current budget to cover the costs of implementing this section.

(b) There shall be established an advisory committee, constituted as set forth in this section, to study small claims practice and procedure, with particular attention given to the improvement of procedures for the enforcement of judgments.

(c) The members of the advisory committee shall serve without compensation, but shall be reimbursed for expenses actually and necessarily incurred by them in the performance of their duties.

(d) The advisory committee shall be composed as follows:

(1) The Attorney General or a representative.

(2) Two consumer representatives from consumer groups or agencies, appointed by the Secretary of the State and Consumer Services Agency.

(3) One representative appointed by the Speaker of the Assembly and one representative appointed by the President pro Tempore of the Senate.

(4) Two representatives appointed by the Board of Governors of the State Bar.

(5) Two representatives of the business community, appointed by the Secretary of the Trade and Commerce Agency.

(6) Six judicial officers who have extensive experience presiding in small claims court, appointed by the Judicial Council. Judicial officers appointed under this subdivision may include judicial officers of the superior court, judicial officers of the municipal court, judges of the appellate courts, retired judicial officers, and temporary judges.

(7) One representative appointed by the Governor.

(8) Two clerks of the court appointed by the Judicial Council.

(e) Staff assistance to the advisory committee shall be provided by the Department of Consumer Affairs, with the assistance of the Judicial Council, as needed.

SEC. 9. Section 30.5 of the Education Code is amended to read:

30.5. (a) Notwithstanding any other provision of law, bilingual education shall be defined as a system of instruction which builds upon the language skills of a pupil whose primary language is neither English nor derived from English. For purposes of this paragraph:

(1) ''Primary language'' is a language, other than English or a language derived from English, which is the language the pupil first learned.

(2) ''Derived from English'' means any dialect, idiom, or language derived from English. Both of the following shall be construed as being derived from English:

(A) Any dialect, idiom, or language that has linguistic roots connected to English.

(B) Any dialect, idiom, or language that has a syntax distinct from English, yet can be traced linguistically as derived from English.

(b) A school district shall not utilize, as part of a bilingual education program, state funds or resources for the purpose of recognition of, or instruction in, any dialect, idiom, or language derived from English, as defined in paragraph (1).

SEC. 10. Section 8215 of the Education Code is amended to read:

8215. (a) There is hereby established a project known as the California Child Care Initiative Project. It is the intent of the Legislature to promote and foster the project in cooperation with private corporations and local governments. The objective of the project is to increase the availability of quality child care programs in the state.

(b) For purposes of this section, the California Child Care Initiative Project means a project to expand the role and functions of selected resource and referral agencies in activities including needs assessment, recruitment and screening of providers, technical assistance, and staff development and training, in order to aid communities in increasing their capability in the number of child care spaces available and the quality of child care services offered.

(c) The Superintendent of Public Instruction shall allocate all state funds appropriated for the California Child Care Initiative Project for the purpose of making grants to those child care resource and referral agencies that have been selected as pilot sites for the project.

(d) The project shall ensure that each dollar of state funds allocated pursuant to subdivision (c) is matched by two dollars ($2) from other sources, including private corporations, the federal government, or local governments.

(e) The grants to the sites made available by the project shall be comprised of a combination of state funds and other funds pursuant to subdivision (d).

(f) The Superintendent of Public Instruction shall develop a data base for the project.

SEC. 11. Section 8358 of the Education Code is amended to read:

8358. (a) By January 31, 1998, the State Department of Education and the State Department of Social Services shall design a form for license-exempt child care providers to use for certifying health and safety requirements to the extent required by federal law. Until the form is adopted, the information required pursuant to Section 11324 of the Welfare and Institutions Code shall continue to be maintained by the county welfare department or contractor, as appropriate.

(b) By January 31, 1998, the State Department of Education and the State Department of Social Services shall do both of the following:

(1) Design a standard process for complaints by parents about the provision of child care that is exempt from licensure.

(2) Design, in consultation with local planning councils, a single application for all child care programs and all families.

(c) (1) County welfare departments and alternative payment programs shall encourage all providers who are licensed or who are exempt from licensure and who are providing care under Section 8351, 8353, or 8354, to secure training and education in basic child development.

(2) Child care provider job training provided to CalWORKs recipients that is funded by either the State Department of Education or the State Department of Social Services shall include information on becoming a licensed child care provider.

(d) The State Department of Education shall increase consumer education and consumer awareness activities so that parents will have the information needed to seek child care of high quality. High quality child care shall include both licensed and license-exempt care.

SEC. 12. Section 8451 of the Education Code is amended to read:

8451. (a) Notwithstanding the provisions of this chapter and implementing regulations, the State Department of Education shall develop a prototype of a new contracting system pursuant to the discussion of relevant issues raised in the preliminary report titled ''Revisions to the Current Contracting System for Child Care and Development Programs'' dated February 6, 1996, as required by the Budget Act of 1995.

(b) The prototype shall be implemented by no more than 5 percent of child care and development contractors.

(c) The department shall develop a plan for the prototype by January 1, 1997, and shall commence testing it July 1, 1997, with any necessary amendments completed by September 1, 1997. The prototype test shall be conducted over a two-year period and may be extended only with the concurrence of the Department of Finance and 30 days' notification to the Joint Legislative Budget Committee. The department may not implement the prototype without the concurrence of the Department of Finance and 30 days' notification to the Joint Legislative Budget Committee. In developing the plan, the department shall fully consult with the Department of Finance, the Office of the Legislative Analyst, and representative child care and development contractors.

(d) Except for separately authorized cost-of-living increases or expansions, the prototype shall neither increase aggregate state costs nor lower the total number of children served by the participating agencies.

(e) An independent evaluation shall be conducted of the prototype.

SEC. 12.5. Section 15750 of the Education Code is repealed.

SEC. 13. Section 17001.5 of the Education Code is repealed.

SEC. 14. Section 32237 of the Education Code is amended to read:

32237. The Superintendent of Public Instruction shall contract for an ongoing independent evaluation of the effectiveness of school violence reduction programs funded by grants pursuant to this article. The evaluation shall determine the effectiveness of each program based upon all of the following criteria:

(a) A reduction in incidents of school violence at the schoolsite where the school violence reduction program is conducted.

(b) A reduction in the number of suspensions or expulsions of pupils for violent behavior at the schoolsite where the school violence reduction program is conducted.

(c) A comparison of incidents of school violence with schools of similar size and pupils of similar socioeconomic background as the schoolsite where the school violence reduction program is conducted.

SEC. 15. Section 32239.5 of the Education Code is amended to read:

32239.5. (a) This article shall be known, and may be cited, as the Machado School Violence Prevention and Response Act of 1999.

(b) A School Violence Prevention and Response Task Force is hereby established, which shall consist of the following members:

(1) The Superintendent of Public Instruction, the Attorney General, the Director of the Office of Criminal Justice Planning, and the Secretary for Education shall be ex officio voting members of the School Violence Prevention and Response Task Force, and shall serve as cochairs of the task force.

(2) Twelve members representing educators, health care practitioners, and members of the law enforcement community, each with expertise in school-based crisis prevention and response appointed as follows:

(A) The Director of the Office of Criminal Justice Planning and the Attorney General shall each appoint three members to the task force. These appointments shall include representatives of the law enforcement and victims' services community. These appointments may include persons with expertise in juvenile justice, gang violence prevention, juvenile probation, victim assistance programs, crisis management, or academic experts in criminology or juvenile delinquency.

(B) The Superintendent of Public Instruction and the Secretary for Education shall each appoint three members to the task force. These appointments shall include representatives of the education and health care practitioner communities. These appointments may include classroom educators, school administrators, school counselors, school psychologists, parents, pupils, mental health providers, or academic experts in child development or violence prevention.

(c) The members of the task force may not receive a salary for their services but shall be reimbursed for their actual and necessary travel and other expenses incurred in the performance of their duties.

(d) The task force shall do all of the following:

(1) Analyze and evaluate current statutes and programs in the area of school-based crisis prevention and response.

(2) Make appropriate policy recommendations on how to enhance state and local programs and training to adequately prepare school districts and county offices of education to meet the challenges

stemming from disruptive and violent acts, or both, on or near school campuses. These recommendations shall include a discussion regarding the manner in which the recommendations may be implemented within existing resources.

(3) Suggest methods for training school personnel on how to recognize risk indicators for pupils that could eventually lead to violence. These suggested methods shall include how to refer pupils to trained personnel, such as school psychologists, counselors, mental health providers, or other designated appropriate staff.

(4) Hold at least two public meetings.

(e) Each of the cochairs shall have the authority to convene subcommittee meetings. However, any findings or recommendations made by a subcommittee, or by any of the other members of the task force, shall be approved by at least three of the four voting members of the task force in order to be incorporated in the report described in paragraph (5) of subdivision (c).

(f) The Office of Criminal Justice Planning shall make staff resources available to the task force.

SEC. 16. Section 35179.2 of the Education Code is amended to read:

35179.2. (a) Subject to funds being appropriated for this purpose, the California Interscholastic Federation is encouraged to establish a statewide panel that includes, at a minimum, the following members: school administrators, school board members, coaches of secondary school athletics, teachers, parents, athletic directors, representatives of higher education, pupils participating in athletics at the secondary school level, and a representative of the State Department of Education, as described in Section 35179.3.

(b) The panel established pursuant to subdivision (a) is encouraged to develop an application process whereby public secondary schools may submit applications to the State Department of Education for grants to offset the costs of education and training of athletic coaches in an education and training program that emphasizes the components set forth in subdivision (c) of Section 35179.1.

(c) The panel established pursuant to subdivision (a) is encouraged to evaluate applications submitted to the State Department of Education pursuant to subdivision (b) and to recommend applicants to the State Department of Education for the award of dollar-for-dollar matching grants, in an amount determined by the department.

SEC. 17. Section 44252.9 of the Education Code is amended to read:

44252.9. (a) The Legislature finds and declares that the effective education of pupils in kindergarten and grades 1 to 12, inclusive, depends substantially on the academic skills, content competence, and

pedagogical preparation of classroom teachers. It is essential that the ongoing administration of the state basic skills proficiency exam for teachers be carried out at all times by a competent contractor who adheres to high standards using sound, effective, and defensible assessment procedures. The administration of this exam is jeopardized by the increasing costs of the exam and statutory restrictions that remain in effect. To preserve and strengthen the screening of teacher candidates in relation to their basic academic skills, the Legislature intends to maintain the state examination that is administered by the commission pursuant to Section 44252.5, and to support needed improvements in exam-related services to teaching credential candidates.

(b) The commission shall make improvements to increase access to the state basic skills proficiency test, and shall improve exam-related services provided to candidates for teaching credentials, which may include, but are not limited to, the following:

(1) Administering the test more frequently.

(2) Increasing the number of testing locations.

(3) Making the exam available year-round by appointment at examination centers that are highly secure and professionally supervised.

(c) The commission shall adopt these improvements in consultation with the Department of Finance and shall report all improvements to the Legislature, no later than January 1, 2003.

SEC. 18. Section 44259.5 of the Education Code is amended to read:

44259.5. (a) By July 1, 2002, the commission shall ensure that an accredited program of professional preparation offered pursuant to paragraph (3) of subdivision (b) of Section 44259 satisfies standards established by the commission for the preparation of teachers for all pupils, including English language learners. The standards shall be based upon an independent job analysis of the essential knowledge, skills, and abilities needed by all classroom teachers to develop English language skills while maintaining academic progress across the curriculum and shall take into account existing standards and test specifications for the Crosscultural, Language and Academic Development certificate. The commission shall ensure that the standards established pursuant to this subdivision are aligned with the requirements of subparagraph (A) of paragraph (4) of subdivision (b) of Section 44259 and Section 60200.4.

(b) To maintain current statutory options for teachers in completing credential requirements, the commission shall provide candidates, including candidates prepared in other states, with an examination route to fulfilling the requirements pursuant to subdivision (a) for essential preparation to teach English language learners. The commission shall

provide for a comprehensive validity study of the examination before implementing this section.

(c) Commencing July 1, 2003, the commission may not issue a preliminary teaching credential to an applicant pursuant to subdivision (b) of Section 44259 unless the applicant has satisfied the standards and requirements established pursuant to subdivision (a) or has an authorization to provide services to English language learners issued pursuant to Section 44253, 44253.1, 44253.2, 44253.3, 44253.4, or 44253.10.

(d) Commencing July 1, 2003, an approved program of beginning teacher induction offered pursuant to paragraph (2) of subdivision (c) of Section 44259 shall satisfy standards established by the commission and the Superintendent of Public Instruction for beginning teacher induction for teachers for all pupils, including English language learners. The commission and the superintendent shall incorporate in these standards the essential knowledge, skills, and abilities needed for first-year and second-year certificated teachers to apply effective instructional strategies that assist pupils to develop English language proficiency while maintaining academic progress across the curriculum. The standards shall be based upon the independent job analysis of the essential knowledge, skills, and abilities for all classroom teachers conducted pursuant to subdivision (a).

(e) Commencing July 1, 2005, the commission may not initially issue a professional clear teaching credential to an applicant pursuant to subdivision (c) of Section 44259 unless the applicant has satisfied the standards and requirements established pursuant to subdivision (d) or has an authorization to provide services to English language learners issued pursuant to Section 44253, 44253.1, 44253.2, 44253.3, 44253.4, or 44253.10.

(f) No provision of this section applies to the University of California except to the extent that the Regents of the University of California, by appropriate resolution, make that provision applicable.

(g) A candidate for a teaching credential pursuant to Section 44259 is entitled to earn and receive the credential by fulfilling the standards and requirements for the credential that were in effect when the candidate entered accredited preparation or approved induction for the credential.

(h) By July 1, 2001, the commission shall report to the education policy committees in each house of the Legislature on the new standards it is required to develop pursuant to subdivision (a) and the progress of the implementation of the new standards by accredited programs of professional preparation.

(i) By July 1, 2002, the commission shall report to the education policy committees in each house of the Legislature on the outcomes and

recommendations for the implementation of the validity study required pursuant to subdivision (b).

SEC. 19. Section 44279.2 of the Education Code is amended to read:

44279.2. (a) The superintendent and the commission shall jointly administer the Beginning Teacher Support and Assessment System pursuant to this chapter. In administering this section, the superintendent and the commission shall provide for or contract for all of the following:

(1) Establishment of requirements for reviewing and approving teacher induction programs.

(2) Development and administration of a system for ensuring teacher induction program quality and effectiveness. For the purposes of this section, ''program effectiveness'' means producing excellent program outcomes in relation to the purposes defined in subdivision (b) of Section 44279.1. For the purposes of this section, ''program quality'' means excellence with respect to program factors, including, but not limited to, all of the following:

(A) Program goals.

(B) Design resources.

(C) Management, evaluation, and improvement of the program.

(D) School context and working conditions.

(E) Support and assessment services to each beginning teacher.

(3) Developing purposes and functions for reviewing and approving supplemental grants and standards for program clusters and program consultants, as defined pursuant to Section 44297.7.

(4) Improving and refining the formative assessment system.

(5) Improving and refining professional development materials and strategies for all personnel involved in implementing induction programs.

(6) Conducting and tracking research related to beginning teacher induction.

(7) Periodically evaluating the validity of the California Standards for the Teaching Profession adopted by the commission in January 1997 and the Standards of Quality and Effectiveness for Beginning Teacher Support and Assessment Program adopted by the commission in 1997 and making changes to those documents, as necessary.

(b) As part of the Beginning Teacher Support and Assessment System, the commission and the superintendent shall establish requirements for local teacher induction programs.

(c) A school district or consortium of school districts may apply to the superintendent for funding to establish a local teacher induction program pursuant to this section. From amounts appropriated for the purposes of this section, the superintendent shall allocate three thousand dollars ($3,000) for each beginning teacher participating in the program.

Commencing with the 1998–99 fiscal year and each fiscal year thereafter that amount shall be adjusted by the inflation factor set forth in Section 42238.1. To be eligible to receive funding, a school district or consortium of school districts shall, at a minimum, meet all of the following requirements:

(1) Develop, implement, and evaluate teacher induction programs that meet the Quality and Effectiveness for Beginning Teacher Induction Program Standards adopted by the commission in 1997.

(2) Support beginning teachers in meeting the competencies described in the California Standards for the Teaching Profession, adopted by the commission in January 1997.

(3) Meet criteria for the cost-effective delivery of program services pursuant to subdivision (a) of Section 44279.

(4) From amounts received for the Mentor Teacher Program pursuant to Article 4 (commencing with Section 44490) of Chapter 2, or from other local, state, or resources available for the purposes of teacher induction programs, contribute not less than two thousand dollars ($2,000) for the costs of each beginning teacher served in the induction program.

SEC. 20. Section 44329 of the Education Code is repealed.

SEC. 21. Section 44784 of the Education Code is amended to read:

44784. (a) The institution selected under Section 44782 shall be assisted by an advisory committee, the function of which shall be:

(1) To review and comment on plans for the establishment of the resource centers.

(2) To assist in determining criteria for local and private funding matches to be required for the operation of each resource center.

(3) To advise the project on the selection of proposals for funding.

(b) The advisory committee shall contain the following members:

(1) Ten members appointed by representatives of higher education, two each to be selected by the President of the University of California, the Chancellor of the California State University, the Chancellor of the California Community Colleges, the Association of Independent California Colleges and Universities, and the California Postsecondary Education Commission. At least one of the appointees of each of these appointing entities shall be an elementary or secondary school classroom teacher with classroom experience in international studies instruction.

(2) Four public members with special interest or competence in international affairs, representing business, community, and subject area educational organizations, one each to be selected by the Superintendent of Public Instruction, the Governor, the Speaker of the Assembly, and the Senate Committee on Rules.

(3) Three certificated school teachers, or other educators, with classroom experience in international studies instruction, to be designated by the institution selected to operate the project.

SEC. 22. Section 49413 of the Education Code is amended to read:

49413. (a) The Legislature recognizes the importance of first aid and cardiopulmonary resuscitation training. In enacting this section, it is the intent of the Legislature to encourage school districts and schools, individually or jointly, to develop a program whereby their staff and pupils understand the importance of this training and have an appropriate opportunity to develop these skills.

(b) A school district or school, individually or jointly with another school district or school, may provide a comprehensive program in first aid or cardiopulmonary resuscitation (CPR) training, or both, to pupils and employees. The program shall be developed using the following guidelines:

(1) The school district or school collaborates with existing local resources, including, but not limited to, parent teacher associations, hospitals, school nurses, fire departments, and other local agencies that promote safety, to make first aid or CPR training, or both, available to the pupils and employees of the school district or school.

(2) Each school district that develops a program, or the school district that has jurisdiction over a school that develops a program, compiles a list of resources for first aid or CPR information, to be distributed to all of the schools in the district.

(3) The first aid and CPR training are based on standards that are at least equivalent to the standards currently used by the American Red Cross or the American Heart Association.

SEC. 23. Section 49590.5 of the Education Code is repealed.

SEC. 24. Section 52052 of the Education Code is amended to read:

52052. (a) (1) By July 1, 1999, the Superintendent of Public Instruction, with approval of the State Board of Education, shall develop an Academic Performance Index (API), to measure the performance of schools, especially the academic performance of pupils, and to demonstrate comparable improvement in academic achievement by all numerically significant ethnic and socioeconomically disadvantaged subgroups within schools.

(2) For purposes of this section, a numerically significant ethnic or socioeconomically disadvantaged subgroup is a subgroup that constitutes at least 15 percent of a school's total pupil population and consists of at least 30 pupils. An ethnic or socioeconomically disadvantaged subgroup of at least 100 pupils constitutes a numerically significant subgroup, even if the subgroup does not constitute 15 percent of the total enrollment at a school.

(3) The API shall consist of a variety of indicators currently reported to the State Department of Education including, but not limited to, the results of the achievement test administered pursuant to Section 60640, attendance rates for pupils and certificated school personnel for elementary schools, middle schools, and secondary schools, and the graduation rates for pupils in secondary schools.

(A) The pupil data collected for the API that comes from the achievement test administered pursuant to Sections 60640 and 60644 and the high school exit examination administered pursuant to Section 60851, when fully implemented, shall be disaggregated by special education status, English language learners, socioeconomic status, gender and ethnic group. Only the test scores of pupils who were enrolled in a school district in the prior fiscal year may be included in the test results reported in the API. Results of the achievement test and other tests specified in subdivision (b) shall constitute at least 60 percent of the value of the index.

(B) Before including high school graduation rates and attendance rates in the index, the Superintendent of Public Instruction shall determine the extent to which the data is currently reported to the state and the accuracy of the data.

(b) Pupil scores from the following tests, when available and when found to be valid and reliable for this purpose, shall be incorporated into the API:

(1) The assessment of the applied academic skills matrix test developed pursuant to Section 60604.

(2) The nationally normed test as augmented pursuant to paragraph (1) of subdivision (f) of Section 60644.

(3) The high school exit examination.

(c) Based on the API, the Superintendent of Public Instruction shall develop, and the State Board of Education shall adopt, expected annual percentage growth targets for all schools based on their API baseline score as measured in July 1999. Schools are expected to meet these growth targets through effective allocation of available resources. For schools below the statewide API performance target adopted by the State Board of Education pursuant to subdivision (d), the minimum annual percentage growth target shall be 5 percent of the difference between a school's actual API score and the statewide API performance target, or one API point, whichever is greater. Schools at or above the statewide API performance target shall have, as their growth target, maintenance of their API score above the statewide API performance target. However, the State Board of Education may set differential growth targets based on grade level of instruction and may set higher growth targets for the lowest performing schools because they have the greatest room for improvement. To meet its growth target, a school shall demonstrate that

the annual growth in its API is equal to or more than its schoolwide annual percentage growth target and that all numerically-significant ethnic and socioeconomically disadvantaged subgroups, as defined in subdivision (a) of Section 52052, are making comparable improvement.

(d) Upon adoption of state performance standards by the State Board of Education, the Superintendent of Public Instruction shall recommend, and the State Board of Education shall adopt, a statewide API performance target that includes consideration of performance standards and represents the proficiency level required to meet the state performance target. When fully developed, schools may either meet the state target or meet their growth targets to be eligible for the Governor's Performance Award Program as set forth in Section 52057.

(e) Beginning in June 2000, the API shall be used for both of the following:

(1) Measuring the progress of schools selected for participation in the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053.

(2) Ranking all public schools in the state for the purpose of the High Achieving/Improving Schools Program pursuant to Section 52056.

(f) Only comprehensive high schools, middle schools, and elementary schools that have a population of 100 or more pupils may be included in the API ranking.

(g) By July 1, 2000, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall develop an alternative accountability system for schools with fewer than 100 pupils, and for schools under the jurisdiction of a county board of education or a county superintendent of schools, community day schools, and alternative schools, including continuation high schools and independent study schools.

SEC. 25. Section 52656 of the Education Code is amended to read:

52656. (a) Notwithstanding any other provision of law, school districts that received apportionment for extraordinary needs in English as a second language and basic skills from Provision (4) of Schedule (a) of Item 6110-156-001 of the Budget Act of 1991 for the 1991–92 fiscal year shall continue to receive those funds in the school district's adult block entitlement in the 1992–93 fiscal year, and each fiscal year thereafter.

(b) Commencing in the 1993–94 fiscal year, school districts that receive an apportionment from subdivision (a) shall give priority to eligible immigrants in need of courses pursuant to paragraphs (2), (3), and (4) of subdivision (a) of Section 41976 and Section 52653 of the Education Code.

(c) School districts are not restricted by this chapter from providing classes for immigrants pursuant to paragraph (4) of subdivision (a) of

Section 41976 of the Education Code with other funds for adult education that are available to the district.

SEC. 26. Section 54696 of the Education Code is amended to read:

54696. (a) The Superintendent of Public Instruction shall contract for a four-year independent review of the effectiveness of the newly funded California Partnership Academies. Preliminary results shall be reported after the 1994–95 fiscal year and a final evaluation shall be performed after the 1996–97 fiscal year. The independent review shall include, but not be limited to, all of the following:

(1) An analysis of the extent and degree of success of business and industry involvement, including in-kind contributions, mentor services, summer jobs, and assistance in job placement.

(2) The number of students obtaining employment, entering advanced training programs, and enrolling in postsecondary institutions after graduation.

(3) Attendance rates and credits achieved.

(4) The number of students completing their high school education and graduating.

(5) An analysis of the extent to which components of the partnership program have been incorporated into the regular program of the school.

(b) The Legislature finds that each new academy requires technical assistance for the academy team, administrators, teachers, and private sector participants in the multiple aspects of the academy program that differ from the standard high school program. To provide for the transfer of the experiences gained in the operation of currently successful academies to new academies, the Superintendent of Public Instruction shall develop a technical assistance team whose members have prior involvement in successful academy operation and make their expertise available, as necessary, to each new academy during its first two years of operation.

SEC. 27. Section 56885 of the Education Code is amended to read:

56885. The Department of Finance shall, after consultation with appropriate state agencies, ascertain the amounts of funds, if any, that should be transferred between state agencies in order to achieve the purposes of the bill.

Any savings that may occur to any program due to maximized use of federal funds or services to individuals with exceptional needs as provided in this article shall be utilized to defer projected increased costs to meet full mandates of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

SEC. 28. Section 58523 of the Education Code is amended to read:

58523. The governing board of a school district receiving a grant pursuant to this chapter shall establish a single gender academy as a magnet school pursuant to its general power established under Section

35160 or as an alternative education magnet school pursuant to Chapter 3 (commencing with Section 58500).

SEC. 29. Section 58922 of the Education Code is repealed.

SEC. 30. Section 60810 of the Education Code is amended to read:

60810. (a) (1) The Superintendent of Public Instruction shall review existing tests that assess the English language development of pupils whose primary language is a language other than English. The tests shall include, but not be limited to, an assessment of achievement of these pupils in English reading, speaking, and written skills. The superintendent shall determine which tests, if any, meet the requirements of subdivisions (b) and (c).

(2) If no suitable test exists, the superintendent shall explore the option of a collaborative effort with other states to develop a test or series of tests and share test development costs. If no suitable test exists, the superintendent, with approval of the State Board of Education, may contract with a local education agency to develop a test or series of tests that meets the criteria of subdivisions (b) and (c) or may contract to modify an existing test or series of tests so that it will meet the requirements of subdivisions (b) and (c).

(3) Not later than August 15, 1999, the Superintendent of Public Instruction and the State Board of Education shall release a request for proposals for the development of the test or series of tests required by this subdivision. Not later than September 15, 1999, the State Board of Education shall select a contractor or contractors for the development of the test or series of tests required by this subdivision, to be available for administration during the 2000–01 school year.

(b) The test or series of tests developed or acquired pursuant to subdivision (a) shall have sufficient range to assess pupils in kindergarten and grades 1 to 12, inclusive, in English reading, speaking, and written skills, except that pupils in kindergarten and grade 1 shall be assessed in reading and written communication only to the extent that comparable standards and assessments in English and language arts are used for native speakers of English.

(c) The test or series of tests shall meet all of the following requirements:

(1) Provide sufficient information about pupils at each grade level to determine levels of proficiency ranging from no English proficiency to fluent English proficiency with at least two intermediate levels.

(2) Have psychometric properties of reliability and validity deemed adequate by technical experts.

(3) Be capable of administration to pupils with any primary language other than English.

(4) Be capable of administration by classroom teachers.

(5) Yield scores that allow comparison of a pupil's growth over time, can be tied to readiness for various instructional options, and can be aggregated for use in the evaluation of program effectiveness.

(6) Not discriminate on the basis of race, ethnicity, or gender.

(7) Be aligned with the standards for English language development adopted by the State Board of Education pursuant to Section 60811.

(d) The test shall be used for the following purposes:

(1) To identify pupils who are limited English proficient.

(2) To determine the level of English language proficiency of pupils who are limited English proficient.

(3) To assess the progress of limited-English-proficient pupils in acquiring the skills of listening, reading, speaking, and writing in English.

SEC. 31. Section 66015 of the Education Code is amended to read:

66015. It is the intent of the Governor and the Legislature, in cooperation with the Trustees of the California State University, to do both of the following:

(a) Place a major priority on resolving the serious problem of impacted and overcrowded classes, not only with respect to the California State University, but throughout public postsecondary education.

(b) Ensure that needy students receive financial aid sufficient to cover the cost of fee increases for each academic year.

SEC. 31.5. Section 66755 of the Education Code is amended to read:

66755. (a) The California Community Colleges, the California State University, and the University of California shall evaluate the impact of the program established by this chapter, and shall report to the California Postsecondary Education Commission on or before June 30, 2002, on student use, revenue implications, and other issues that may be identified to judge satisfactorily the program's efficiency and determine whether it should be established permanently.

(b) The California Postsecondary Education Commission shall prepare a report based on the information received from the segments pursuant to subdivision (a) and, notwithstanding Section 7550.5 of the Government Code, shall present the report, with recommendations, to the Governor and the Legislature on or before December 1, 2002. If, in the determination of the commission, the program established by this chapter appears to be underutilized, the report shall include the comments of the commission with respect to the reasons for the underutilization and options for increasing participation in the program.

SEC. 32. Section 66293 of the Education Code is repealed.

SEC. 33. Section 67301 of the Education Code is amended to read:

67301. (a) The Board of Governors of the California Community Colleges and the Trustees of the California State University shall, and the Regents of the University of California may, adopt rules and regulations prescribing requirements similar to those provided by Section 22511.5 of the Vehicle Code and all other applicable sections of the Vehicle Code relating to parking exemptions for disabled persons, as defined by Section 295.5 of the Vehicle Code, and disabled veterans, as defined by Section 295.7 of the Vehicle Code. The rules and regulations shall include authorization to park for unlimited periods in time-restricted parking zones and to park in any metered parking space without being required to pay any parking meter fee or to display a parking permit other than pursuant to Section 5007 or 22511.55 of the Vehicle Code, provided those spaces are otherwise available for use by the general public. The adopted regulations shall authorize parking at campus facilities and grounds by students with disabilities and by persons providing transportation services to students with disabilities. Except as otherwise provided in this section, students with disabilities and persons providing transportation to students with disabilities shall be required to display a valid parking permit, if applicable, for the campus attended. Nothing in this section prohibits the adoption of rules and regulations providing greater accessibility for students with disabilities and persons providing transportation services to those students.

The adopted rules and regulations shall exempt students with disabilities and persons providing transportation services to these persons from any applicable parking restrictions in areas including, but not limited to, metered parking spaces and parking facilities designated for use by students, faculty, administrators, and employees.

(b) The Regents of the University of California may provide, and the Trustees of the California State University shall provide, and the Board of Governors of the California Community Colleges shall adopt rules and regulations requiring the governing board of each community college district to provide, visitor parking at each campus of the university or district at no charge for a disabled person, as defined by Section 295.5 of the Vehicle Code, or disabled veteran, as defined by Section 295.7 of the Vehicle Code, or as defined by each segment's policy concerning the provision of services to students with disabilities, whichever is more inclusive, and for persons providing transportation services to individuals with disabilities. Whenever parking designated for a disabled person is provided on any campus of the University of California, the California State University, or a community college district in a facility controlled by a mechanical gate, that university or district shall also provide accommodations for any person whose disability prevents him or her from operating the gate controls. These

accommodations may be provided by making arrangements for disabled persons to be assisted in the operation of the gate controls, or through other effective and reasonable means the university or district may devise. Nothing in this subdivision shall be construed to require the replacement or elimination of special parking facilities restricted for the use of disabled persons located on the campuses of these universities or districts.

It is the intent of the Legislature that community college districts shall utilize the proceeds from parking fees charged to community college students and employees to offset costs incurred by these districts in accommodating disabled persons pursuant to the requirements of this section.

(c) The Board of Governors of the California Community Colleges and the Trustees of the California State University shall, and the Regents of the University of California may, establish procedures for the purpose of conducting biennial audits to determine whether individual campuses are in compliance with all state building code requirements relating to the location and the designation of minimum percentages of available campus parking spaces for use by students with disabilities, as determined by guidelines of Section 14679 of the Government Code, Section 2-7102 of Title 24 of the California Code of Regulations, Part 40 (commencing with Section 40.1) of Title 24 of the Code of Federal Regulations, Section 1190.31 of Title 36 of the Code of Federal Regulations, or their successor provisions, or any other applicable provisions of law, whichever provides the greater accessibility for disabled persons.

SEC. 34. Section 67359.20 of the Education Code is amended to read:

67359.20. Any funds from the 1988 Higher Education Capital Outlay Bond Fund, the June 1990 Higher Education Capital Outlay Bond Fund, and the 1992 Higher Education Capital Outlay Bond Fund, not to exceed a combined total of seventy-five million dollars ($75,000,000), are hereby appropriated to the Director of Finance for allocation to the University of California, the California State University, and the California Community Colleges to meet the timely allocation of matching grants to repair, replace, reconstruct, renovate, or retrofit on-campus buildings or facilities, including utilities, and streets and roads that were damaged in the Northridge earthquake of January 17, 1994.

SEC. 35. Section 69733 of the Education Code is repealed.

SEC. 36. Section 71028 of the Education Code is amended to read:

71028. The board of governors shall adopt regulations to ensure that the California Community Colleges, as a system, establish and apply the statewide participation goals for contracting with minority business

enterprises and women business enterprises specified in Section 10115 of the Public Contract Code. The statewide participation goal for the California Community Colleges shall be based upon the total dollar amount of contracts awarded, with not less than 15 percent being awarded to minority business enterprises, and not less than 5 percent being awarded to women business enterprises. The regulations adopted by the board of governors shall be adapted from and consistent with the provisions of Article 1.5 (commencing with Section 10115) of Chapter 1 of Part 1 of the Public Contract Code.

SEC. 37. Section 72681 of the Education Code is repealed.

SEC. 38. Section 78217 of the Education Code is repealed.

SEC. 39. Section 87104 of the Education Code is amended to read:

87104. (a) The Board of Governors of the California Community Colleges, out of funds appropriated for these purposes, (1) shall provide assistance to local community colleges in adopting and maintaining high-quality affirmative action programs; (2) develop and disseminate to public community college districts guidelines to assist these agencies in developing and implementing affirmative action employment programs; and (3) shall establish a technical assistance team to review the affirmative action plan of each community college district which fails to make measurable progress in meeting the goals and timetables of its adopted plan. The technical assistance team shall recommend appropriate actions to assure reasonable progress in improving success rates. The board of governors shall prescribe those conditions necessary to assure reasonable progress and otherwise meet the legal requirements of affirmative action. The conditions may include the withholding of allowances made pursuant to Sections 87482.6 and 87107.

(b) The board of governors shall establish, by July 1, 1989, within the chancellor's office or through other means as deemed necessary, a major service function to assist community college districts in identifying, locating, and recruiting qualified members of underrepresented groups, and in establishing and maintaining effective affirmative action hiring procedures.

(c) The board of governors shall, by March 15, 1989, develop and adopt a systemwide plan for strengthening faculty and staff affirmative action policies and programs in the California Community Colleges.

SEC. 40. Section 89753 of the Education Code is amended to read:

89753. All appropriations for the support of the California State University and the trustees shall be subject to Section 13320 of the Government Code and applicable Budget Act restrictions, with the following exceptions:

(a) The trustees may, with regard to funds appropriated for the support of the California State University, approve any transfer of funds between general fund appropriations, unless restricted by the Budget Act or any

other act, and within and between any category designated in any schedule set forth for the appropriation. In addition, the trustees may authorize the augmentation of the amount available for a category designated in any schedule set forth for the appropriation by transfer from any of the other designated categories, including additional reimbursements and amounts receivable within the same schedule, and shall furnish the Joint Legislative Budget Committee and appropriate legislative fiscal committees a report of the authorizations given during the preceding quarter.

(b) The trustees may approve travel, both within and outside the state, and the payment of allowances and expenses related to travel, moving, and the relocation of employees in accordance with the allowances established by the trustees.

(c) The trustees may, within funds appropriated for the support of the California State University, establish new positions and make changes in existing positions and the position payroll roster.

SEC. 41. Section 89761 of the Education Code is amended to read:

89761. (a) The California State University shall adhere to uniform accounting standards in accordance with Generally Accepted Accounting Principles (GAAP) for institutions of higher education.

(b) In the 1993–94 fiscal year, the California State University on five campuses representing the diversity of the system in both size of student body and campus budget shall have an independent audit of all funds performed and an independent audit report prepared.

(c) A copy of the audit reports shall be available for public inspection in the library of each campus of the university.

(d) The costs associated with the annual independent audit and audits performed pursuant to Section 89045 shall be funded from existing resources.

SEC. 42. Section 99105 of the Education Code is repealed.

SEC. 43. Section 99306 of the Education Code is amended to read:

99306. The State Department of Education shall create an evaluation design for the Student Academic Partnership Program. School districts that receive grants under this chapter shall use this evaluation design to assess the effectiveness of their programs. These school districts shall transmit their assessments to the department.

SEC. 44. Section 7571 of the Family Code is amended to read:

7571. (a) On and after January 1, 1995, upon the event of a live birth, prior to an unmarried mother leaving any hospital, the person responsible for registering live births under Section 102405 of the Health and Safety Code shall provide to the natural mother and shall attempt to provide, at the place of birth, to the man identified by the natural mother as the natural father, a voluntary declaration of paternity together with the written materials described in Section 7572. Staff in the

hospital shall witness the signatures of parents signing a voluntary declaration of paternity and shall forward the signed declaration to the Department of Child Support Services within 20 days of the date the declaration was signed. A copy of the declaration shall be made available to each of the attesting parents.

(b) No health care provider shall be subject to any civil, criminal, or administrative liability for any negligent act or omission relative to the accuracy of the information provided, or for filing the declaration with the appropriate state or local agencies.

(c) The local child support agency shall pay the sum of ten dollars ($10) to birthing hospitals and other entities that provide prenatal services for each completed declaration of paternity that is filed with the Department of Child Support Services, provided that the local child support agency and the hospital or other entity providing prenatal services has entered into a written agreement that specifies the terms and conditions for the payment as required by federal law.

(d) If the declaration is not registered by the person responsible for registering live births at the hospital, it may be completed by the attesting parents, notarized, and mailed to the Department of Child Support Services at any time after the child's birth.

(e) Prenatal clinics shall offer prospective parents the opportunity to sign a voluntary declaration of paternity. In order to be paid for their services as provided in subdivision (c), prenatal clinics must ensure that the form is witnessed and forwarded to the Department of Child Support Services within 20 days of the date the declaration was signed.

(f) Declarations shall be made available without charge at all local child support agency offices, offices of local registrars of births and deaths, courts, and county welfare departments within this state. Staff in these offices shall witness the signatures of parents wishing to sign a voluntary declaration of paternity and shall be responsible for forwarding the signed declaration to the Department of Child Support Services within 20 days of the date the declaration was signed.

(g) The Department of Child Support Services, at its option, may pay the sum of ten dollars ($10) to local registrars of births and deaths, county welfare departments, or courts for each completed declaration of paternity that is witnessed by staff in these offices and filed with the Department of Child Support Services. In order to receive payment, the Department of Child Support Services and the entity shall enter into a written agreement that specifies the terms and conditions for payment as required by federal law.

(h) The Department of Child Support Services and local child support agencies shall publicize the availability of the declarations. The local child support agency shall make the declaration, together with the written materials described in subdivision (a) of Section 7572, available

upon request to any parent and any agency or organization that is required to offer parents the opportunity to sign a voluntary declaration of paternity. The local child support agency shall also provide qualified staff to answer parents' questions regarding the declaration and the process of establishing paternity.

(i) Copies of the declaration filed with the Department of Child Support Services shall be made available only to the parents, the child, the local child support agency, the county welfare department, the county counsel, the Department of Child Support Services, and the courts.

(j) Publicly funded or licensed health clinics, pediatric offices, Head Start programs, child care centers, social services providers, prisons, and schools may offer parents the opportunity to sign a voluntary declaration of paternity. In order to be paid for their services as provided in subdivision (c), publicly funded or licensed health clinics, pediatric offices, Head Start programs, child care centers, social services providers, prisons, and schools shall ensure that the form is witnessed and forwarded to the Department of Child Support Services.

(k) Any agency or organization required to offer parents the opportunity to sign a voluntary declaration of paternity shall also identify parents who are willing to sign, but were unavailable when the child was born. The organization shall then contact these parents within 10 days and again offer the parent the opportunity to sign a voluntary declaration of paternity.

SEC. 45. Section 256 of the Financial Code is repealed.

SEC. 46. Section 8052 of the Financial Code is repealed.

SEC. 47. Section 32955 of the Financial Code is repealed.

SEC. 48. Section 1000.5 of the Fish and Game Code is amended to read:

1000.5. (a) The department shall prepare and submit periodic reports to the Governor and the Legislature on the status of selected freshwater fisheries and the status of selected ocean fisheries, which may include, but are not limited to, graphs of historical population trends, potential problems facing each discussed species, the effects that toxics in the environment are having on those species, any problems relating to disease, and any other considerations the department believes to be relevant to policy determinations affecting those fisheries.

(b) The reports shall be prepared and submitted to the Governor and to the Legislature at least every two years, not later than January 1.

(c) The report to the Legislature shall be referred to the Joint Committee on Fisheries and Aquaculture and to the respective policy committee in each house which considers matters relating to fish and game.

(d) The department shall prepare the reports within its existing financial and personnel resources.

SEC. 49. Section 1796 of the Fish and Game Code is amended to read:

1796. No bank site shall be qualified under Section 1785 on or after January 1, 2010.

SEC. 50. Section 2079 of the Fish and Game Code is amended to read:

2079. The department shall, by January 30 of every third year, beginning January 30, 1986, prepare a report summarizing the status of all state listed endangered, threatened, and candidate species, and shall submit the report to the commission, the Legislature, the Governor, and all individuals who have notified the commission, in writing with their address, of their interest. This report shall include, but not be limited to, a listing of those species designated as endangered, threatened, and candidate species, a discussion of the current status of endangered, threatened, or candidate species, and the timeframes for the review of listed species pursuant to this article.

SEC. 51. Section 2099 of the Fish and Game Code is repealed.

SEC. 52. Section 2645 of the Fish and Game Code is amended to read:

2645. All proposed appropriations for the program shall be included in a section in the Budget Bill for the 1984–85 fiscal year and each succeeding fiscal year for consideration by the Legislature and shall bear the caption ''Fish and Wildlife Habitat Enhancement Program.'' The section shall contain separate items for each project, each class of projects, or each element of the program for which an appropriation is made.

All appropriations shall be subject to all limitations enacted in the Budget Act and to all fiscal procedures prescribed by law with respect to the expenditure of state funds unless expressly exempted from such laws by a statute enacted by the Legislature. The section in the Budget Act shall contain proposed appropriations only for the program elements and classes of projects contemplated by this chapter, and no funds derived from the bonds authorized by this chapter may be expended pursuant to an appropriation not contained in that section of the Budget Act.

SEC. 53. Section 3409 of the Fish and Game Code is amended to read:

3409. The department shall report every three years on the wildlife habitat enhancement and management program conducted pursuant to this article. The report shall include a listing of landholders participating in the wildlife habitat enhancement and management program, the wildlife habitat enhancement and management activities undertaken, the

wildlife species managed, and harvest data. The report shall be submitted to the Speaker of the Assembly, the Chairperson of the Senate Committee on Rules, and the chairpersons of the policy committees in each house that have jurisdiction over the subject of this article. The report shall also be made available to the public upon request.

SEC. 54. Section 3951 of the Fish and Game Code is amended to read:

3951. The commission may authorize the taking of tule elk pursuant to Section 332. The department shall relocate tule elk in areas suitable to them in the State of California and shall cooperate to the maximum extent possible with federal and local agencies and private property owners in relocating tule elk in suitable areas under their jurisdiction or ownership. When economic or environmental damage occurs, emphasis shall be placed on managing each tule elk herd at a biologically sound level through the use of relocation, sporthunting, or other appropriate means as determined by the department after consulting with local landowners.

The number of tule elk in the Owens Valley shall not be permitted to increase beyond 490, or any greater number hereafter determined by the department to be the Owens Valley's holding capacity in accordance with game management principles. Within 180 days of the enactment of the bill which amended this section at the 1987 portion of the 1987–88 Regular Session of the Legislature, the department shall complete management plans for high priority areas, including, but not limited to, Potter Valley and Mendocino County. The plans shall include, but not be limited to:

(a) Definition of the boundaries of the management area.

(b) Characteristics of the tule elk herds within the management area.

(c) The habitat conditions and trends within the management area.

(d) Major factors affecting the tule elk population within the management area, including, but not limited to, conflicts with other land uses.

(e) Management activities necessary to achieve the goals of the plan.

SEC. 55. Section 4904 of the Fish and Game Code is amended to read:

4904. (a) The department shall biennially report the following to the Legislature:

(1) The management units for which plans have been developed pursuant to Section 4901.

(2) A summary of the data from the annual count conducted by the department for the purposes of subdivision (b) of Section 4902.

(3) The number of license tags issued in the preceding season, and the number of mature Nelson bighorn rams taken under valid license tags in the preceding season.

(4) Any instance known to the department of the unlawful or unlicensed taking of a bighorn sheep in this state and the disposition of any prosecution therefor.

(5) The number of bighorn sheep relocated during the previous year, the area where reintroduced, a statement on the success of the reintroduction, and a brief description of any reintroduction planned for the following year.

(b) The report which is due in 1991 shall be presented to the Legislature on or before July 1, 1991, and shall consist of a compilation of the results of the ongoing study conducted pursuant to this section each year since the enactment of this chapter and an assessment of the environmental impact of the hunting of Nelson bighorn sheep on the herds.

SEC. 56. Section 6450 of the Fish and Game Code is amended to read:

6450. The department shall adopt regulations that provide for the control of aquatic plant pests using artificially introduced triploid grass carp under a permit issued by the department. The regulations shall do all of the following:

(a) Restrict triploid grass carp introductions to those triploid grass carp that have been rendered sterile immediately after the eggs have been fertilized.

(b) Require individual fish to be checked to ensure that a third, triploid, set of chromosomes has been retained, preventing further reproduction by that individual fish.

(c) Limit aquatic plant pest control programs using triploid grass carp to the use of sterile triploid grass carp with documented certification of triploidy to ensure sterility.

(d) Require the identification by tagging of individual fish as the property of each owner.

(e) Require the posting of notices at stocked bodies of water declaring the penalties for removing triploid grass carp.

(f) Limit the permits for the use of triploid grass carp in waters on golf courses located in residential areas to those waters that are determined by the department to be secure from the removal of triploid grass carp to unauthorized waters.

(g) Provide for management of the triploid grass carp populations in a manner consistent with the provisions of this code where the department finds that such actions will benefit the long-term health of the state's biodiversity as a whole.

(h) Until January 1, 1999, the regulations shall not authorize the issuance of permits for the use of triploid grass carp in waters located within condominium areas of any residential area for which a permit may not be issued pursuant to subdivision (f) except at three locations

within the area authorized pursuant to this subdivision. The three locations shall be selected by the department in consultation with the Imperial Irrigation District. The limitation to three locations is necessary to enable monitoring of human-induced movement of triploid grass carp to unauthorized waters and to permit the evaluation of the impact of the experiment.

SEC. 57. Section 6459 of the Fish and Game Code is repealed.

SEC. 58. Section 6599 of the Fish and Game Code is amended to read:

6599. (a) On or before December 31 of each year, the director shall prepare and submit a report to the Legislature and the Legislative Analyst regarding the effectiveness of the program.

(b) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 59. Section 16533 of the Fish and Game Code is repealed.

SEC. 60. Section 4101.5 of the Food and Agricultural Code is repealed.

SEC. 61. Section 13127.93 of the Food and Agricultural Code is repealed.

SEC. 62. Section 13135 of the Food and Agricultural Code is amended to read:

13135. The department and the State Department of Health Services shall jointly review the existing federal and state pesticide registration and food safety system and determine if the existing programs adequately protect infants and children from dietary exposure to pesticide residues. The review shall commence as early as possible in 1990, so that any policy or administrative adjustments determined to be necessary as a result of the joint review can be made on a timely basis. The department shall consult with the University of California and other qualified public and private entities in conducting the joint review. The joint review shall continue for a sufficient time in order to evaluate the report of infant exposure to pesticide residues, which is presently being undertaken by the National Academy of Sciences. Within six months of the official release of the National Academy of Sciences' study, the department shall finalize a report describing the evaluation that was conducted pursuant to this section, including any recommendations for modification of the existing regulatory system in order to adequately protect infants and children.

SEC. 63. Section 14104 of the Food and Agricultural Code is repealed.

SEC. 64. Section 76906 of the Food and Agricultural Code is amended to read:

76906. (a) All money that is collected by the director pursuant to this chapter shall be deposited in any bank, or other depository that is approved by the Director of Finance, allocated to the purposes of this chapter only, and disbursed by the director or the council only for the necessary expenses that are incurred by the council and the director in carrying out the purposes and provisions of this chapter, including expenses generated by the auditing requirement contained in this section. Money that is so collected shall be deposited and disbursed in conformity with appropriate auditing regulations which are prescribed by the director. The expenditure of the money is exempt from Section 925.6 and 16304 of the Government Code.

(b) All expenditures by the council and the director shall be audited at least once every two years by one of the following means:

(1) By contract with a certified public account.

(2) By contract with a public accountant holding a valid permit issued by the California Board of Accountancy.

(3) By contract with a public accounting firm.

(4) By agreement with the Department of Finance.

SEC. 70. Section 3114 of the Government Code is amended to read:

3114. The office shall be administered by a director who shall be appointed by and report to, the Governor.

SEC. 71. Section 7585 of the Government Code is amended to read:

7585. (a) Whenever any department or any local agency designated by that department fails to provide a related service or designated instruction and service required pursuant to Section 7575 or 7576, and specified in the child's individualized education program, the parent, adult pupil, or any local education agency referred to in this chapter, shall submit a written notification of the failure to provide the service to the Superintendent of Public Instruction or the Secretary of Health and Welfare.

(b) When either the Superintendent of Public Instruction or the Secretary of Health and Welfare receives a written notification of the failure to provide a service as specified in subdivision (a), a copy shall immediately be transmitted to the other party. The superintendent, or his or her designee, and the secretary, or his or her designee, shall meet to resolve the issue within 15 calendar days of receipt of the notification. A written copy of the meeting resolution shall be mailed to the parent, the local education agency, and affected departments, within 10 days of the meeting.

(c) If the issue cannot be resolved within 15 calendar days to the satisfaction of the superintendent and the secretary, they shall jointly submit the issue in writing to the Director of the Office of Administrative Hearings, or his or her designee, in the State Department of General Services.

(d) The Director of the Office of Administrative Hearings, or his or her designee, shall review the issue and submit his or her findings in the case to the superintendent and the secretary within 30 calendar days of receipt of the case. The decision of the Director of the Office of Administrative Hearings, or his or her designee, shall be binding on the departments and their designated agencies who are parties to the dispute.

(e) If the meeting, conducted pursuant to subdivision (b), fails to resolve the issue to the satisfaction of the parent or local education agency, either party may appeal to the Director of the Office of Administrative Hearings, whose decision shall be the final administrative determination and binding on all parties.

(f) Whenever notification is filed pursuant to subdivision (a), the pupil affected by the dispute shall be provided with the appropriate related service or designated instruction and service pending resolution of the dispute, if the pupil had been receiving the service. The Superintendent of Public Instruction and the Secretary of Health and Welfare shall ensure that funds are available for provision of the service pending resolution of the issue pursuant to subdivision (e).

(g) Nothing in this section prevents a parent or adult pupil from filing for a due process hearing under Section 7586.

(h) The contract between the State Department of Education and the Office of Administrative Hearings for conducting due process hearings shall include payment for services rendered by the Office of Administrative Hearings which are required by this section.

SEC. 73. Section 8654.1 of the Government Code is amended to read:

8654.1. (a) The Legislature finds and declares that financial assistance is essential to meet disaster-related necessary expenses of the state and local governments and the serious needs of individuals or families affected by the Northridge earthquake which occurred January 17, 1994. The Legislature further finds and declares that the federal government will advance to the state, and will authorize local entities to advance from specified federal funds made available to them, the nonfederal share of the costs of this financial assistance.

(b) In order to implement the advance of the nonfederal share from federal funds, in accordance with subdivision (a), the Director of Finance may enter into agreements for the acceptance of these advances, subject to the following:

(1) Funds may be obtained directly from agencies of the federal government or from funds provided to local agencies by the federal government.

(2) Advances may be accepted beginning in the 1994–95 fiscal year, and in no event later than the 1997–98 fiscal year.

(3) The cumulative amount of advances accepted shall not exceed three hundred million dollars ($300,000,000), unless additional amounts are authorized subject to the 30-day notification of the Joint Legislative Budget Committee under Section 28 of the 1994 Budget Act and any substantially similar provision of subsequent budget acts. The state shall accept as advances only so much as may be needed to pay the expenses incurred herein and as may be repaid, consistent with this section, in a short period of time, having due regard for the current financial obligations of the state.

(4) Funds received by the state shall be deposited in the Special Deposit Fund, subject to Article 2 (commencing with Section 16370) of Chapter 2 of Part 2 of Division 4, and may be expended, allocated, or transferred, upon order of the Department of Finance, only to meet the nonfederal share of disaster assistance costs incurred by state or local agencies as a result of the Northridge earthquake.

(5) Funds received under this section, together with interest at a rate agreed upon by the state and federal or local agencies involved, shall be repaid, upon order of the Director of Finance, to the federal government or advancing local agency, from the General Fund as soon as the state is able to do so, but in no event shall any advance remain outstanding after July 31, 1997. The state shall repay no less than one-third of the funds advanced in each of the 1995–96, 1996–97 and 1997–98 fiscal years.

SEC. 74. Section 8670.55 of the Government Code is amended to read:

8670.55. (a) The committee shall provide recommendations to the administrator, the State Lands Commission, the California Coastal Commission, and the State Interagency Oil Spill Committee, on any provision of this chapter including the promulgation of all rules, regulations, guidelines, and policies.

(b) The committee may, at its own discretion, study, comment on, or evaluate, any aspect of oil spill prevention and response in the state. To the greatest extent possible, these studies shall be coordinated with studies being done by the federal government, the administrator, the State Lands Commission, the State Water Resources Control Board, and other appropriate state and international entities. Duplication with the efforts of other entities shall be minimized.

(c) The committee may attend any drills called pursuant to Section 8601.10 or any oil spills, if practicable.

(d) The committee shall report biennially to the Governor and the Legislature on their evaluation of oil spill response and preparedness programs within the state annually and may prepare and send any additional reports they determine to be appropriate to the Governor and the Legislature.

SEC. 74.1. Section 8855.5 of the Government Code is repealed.

SEC. 74.2. Section 8855.7 of the Government Code is repealed.

SEC. 74.3. Section 8855.8 of the Government Code is repealed.

SEC. 75. Section 8879.3 of the Government Code is amended to read:

8879.3. The Seismic Retrofit Bond Fund of 1996 is hereby created in the State Treasury. The proceeds of bonds issued and sold pursuant to this chapter for the purposes specified in this chapter are hereby appropriated, without regard to fiscal years, to the Department of Finance for allocation in the following manner:

(a) Two billion dollars ($2,000,000,000) for the seismic retrofit of state-owned highways and bridges, including toll bridges, throughout the state. Funds allocated by the California Transportation Commission for this purpose shall be deposited in the 1996 Seismic Retrofit Account, which is hereby created in the fund, and, upon deposit, are continuously appropriated to the Department of Transportation. Funds may be used to match any available federal funds for transportation purposes or may be used without matching federal funds to reconstruct, replace, or retrofit state-owned highways and bridges, including toll bridges.

(b) Funds described in this section shall be spent exclusively for the seismic retrofit of state-owned toll bridges in an amount equal to six hundred fifty million dollars ($650,000,000).

(c) The funds in the 1996 Seismic Retrofit Account are available for borrowing only for cash-flow purposes of the State Highway Account, and the funds borrowed shall be repaid to the account within one year. In addition, the proceeds of the bonds sold shall be used to reimburse the State Highway Account and the Consolidated Toll Bridge Fund for Phase Two retrofit expenditures incurred in the 1994–95 and 1995–96 fiscal years.

SEC. 76. Section 10242.5 of the Government Code is amended to read:

10242.5. (a) The Legislative Counsel shall prepare and publish annually a report that lists all reports that state and local agencies are required or requested by law to prepare and file with the Governor or the Legislature, or both, in the future or within the preceding year. The list shall include all of the following information:

(1) The name of the agency that is required or requested to prepare and file the report.

(2) A brief description of the subject of the report.

(3) The date on which the report is to be completed and filed.

(4) The date on which the report was completed and filed.

(b) Each report by the Legislative Counsel prepared pursuant to subdivision (a) shall be sent to each Member of the Legislature and shall

be available to the public. The Legislative Counsel may charge a fee that does not exceed the direct cost of printing the report.

(c) Each state and local agency that is required or requested by law to prepare a report described in subdivision (a) shall file a copy of the report with the Legislative Counsel.

(d) As used in this section:

(1) ''Agency'' includes any city, county, special district, department, board, bureau, or commission, including any task force or other similar body that is created by statute or resolution. ''Agency'' does not include the University of California.

(2) ''Report'' includes any study or audit.

SEC. 77. Section 10601 of the Government Code is amended to read:

10601. The Joint Legislative Retirement Committee is hereby created. The committee shall study and review the benefits, programs, actuarial condition, practices, investments and procedures of, and all legislation relating to the retirement systems for public officers and employees in this state and the trends and developments in the field of retirement. The committee has a continuing existence and may meet, act, and conduct its business at any place within this state during the sessions of the Legislature or any recess thereof, and in the interim period between sessions. A copy of each bill which affects any public employee retirement system shall be transmitted to the committee.

SEC. 77.5. Section 11007 of the Government Code is amended to read:

11007. Except as expressly authorized by law or as specifically authorized by the Director of General Services, property belonging to the state shall not be insured against risk of damage or destruction by fire, and the policies of fire insurance upon any property belonging to the state shall not be renewed. This section is not applicable to the State Compensation Insurance Fund nor to property owned by it.

Insurance authorized by this section shall be procured utilizing insurance procurement procedures approved by the Director of General Services.

SEC. 78. Section 11815 of the Government Code is repealed.

SEC. 79. Section 11818 of the Government Code is repealed.

SEC. 80. Section 12095.60 of the Government Code is repealed.

SEC. 81. Section 13332.06 of the Government Code is repealed.

SEC. 82. Section 13336.5 of the Government Code is repealed.

SEC. 83. Section 14035.6 of the Government Code is repealed.

SEC. 84. Section 14070.2 of the Government Code is amended to read:

14070.2. (a) If authorized by the secretary, the department may, through an interagency agreement, transfer to a joint powers board, and

the board may assume, all responsibility for administering passenger rail service in the corridor. Upon the date specified in the agreement, the board shall succeed to the department's powers and duties relative to that service, except that the department shall retain responsibility for developing budget requests for the service through the state budget process, which shall be developed in consultation with the board, and for coordinating service in the corridor with other passenger rail services in the state.

(b) The interagency agreement shall be executed on or before December 31, 1996.

(c) The secretary shall require the board to demonstrate the ability to meet the performance standards established by the secretary pursuant to subdivision (f) of Section 14031.8.

SEC. 86. Section 14660.1 of the Government Code is amended to read:

14660.1. (a) Notwithstanding subdivision (b) of Section 14669, the Director of General Services, on behalf of the state, may enter into an agreement to convert an existing lease or leases for real property located in the City of Sacramento into a lease-purchase agreement for the purpose of acquiring office and parking facilities, and any other improvements, betterments, and facilities related thereto to provide office space for any state agency. The total purchase price, excluding financing costs, shall not exceed the market value as determined by the Department of General Services. The state may incur costs of financing, including, but not limited to, interest during acquisition of these facilities, interest payable on any interim loan from the Pooled Money Investment Account pursuant to Section 16312 or 16313, a reasonably required reserve fund, and the costs of issuance of interim financing or permanent financing, planning funds, and funds for environmental documents that may be necessary for acquisition of these facilities.

(b) The Director of General Services may proceed with acquisition pursuant to subdivision (a) if the total cost through ownership based on an analysis of savings to the state over a period commensurate with the useful life of the building, including the factoring in of the cost of the building, is determined to be of significant savings to the state.

(c) Revenue bonds, negotiable notes, and negotiable bond anticipation notes may be issued by the State Public Works Board pursuant to the State Building Construction Act of 1955 (Part 10b (commencing with Section 15800)), to finance the acquisition of an office building and parking facilities, and any other improvements, betterments, and facilities related thereto, as specified in subdivision (a).

(d) The amount of the revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold shall equal the cost of acquisition and related costs, including financing, of the complex and facilities.

(e) The amount of negotiable bond anticipation notes sold shall not exceed the amount of revenue bonds and negotiable notes authorized by this section. Any augmentation of the approved project costs shall be subject to Section 13332.11. The board may borrow funds for project costs from the Pooled Money Investment Account pursuant to Section 16312 or 16313.

(f) The Director of General Services may lease the complex and facilities financed with the proceeds of the revenue bonds, negotiable notes, or negotiable bond anticipation notes from the board pursuant to this section for use by any state agency.

(g) The Director of General Services shall not utilize this section for more than one project as outlined in the report provided for in subdivision (b). Any other agreements shall be entered into as otherwise provided for in this article.

SEC. 89. Section 15277 of the Government Code is amended to read:

15277. There is hereby established within the department a Division of Telecommunications. The division shall include a policy and planning unit whose duties shall include, but not be limited to, all of the following:

(a) Assessing the overall long-range telecommunications needs and requirements of the state considering both routine and emergency operations, performance, cost, state-of-the-art technology, multiuser availability, security, reliability, and such other factors deemed to be important to state needs and requirements.

(b) Developing strategic and tactical policies and plans for telecommunications with consideration for the systems and requirements of state agencies, counties, and other local jurisdictions; and preparing an annual strategic telecommunications plan which includes the feasibility of interfaces with federal and other state telecommunications networks and services.

(c) Recommending industry standards for telecommunications systems to assure multiuser availability and compatibility.

(d) Providing advice and assistance in the selection of telecommunications equipment to ensure that the telecommunications needs of state agencies are met and that procurements are compatible throughout state agencies and are consistent with the state's strategic and tactical plans for telecommunications.

(e) Providing management oversight of statewide telecommunications systems developments.

(f) Providing for coordination of, and comment on, plans and policies and operational requirements from departments which utilize telecommunications in support of their principal function, such as the

Office of Emergency Services, National Guard, health and safety agencies, and others with primary telecommunications programs.

(g) Monitoring and participating on behalf of the state in the proceedings of federal and state regulatory agencies and in congressional and state legislative deliberations which have an impact on state government telecommunications activities.

(h) Developing plans and policy regarding teleconferencing as an alternative to state travel and regarding emergency communications.

SEC. 90. Section 15301.5 of the Government Code is repealed.

SEC. 91. Section 15333.3 of the Government Code is amended to read:

15333.3. (a) The California Space and Technology Alliance shall exist to foster the development of activities in California related to space flight including, but not limited to, space vehicle launches, space education and job training infrastructure and research launches, manufacturing, academic research, applied research, economic diversification, business development, tourism, and education. The alliance shall also function as the California Spaceport Authority.

(b) The alliance shall be an official recipient of grants from federal, state, or local government or from private businesses or individuals, for California space flight-related activities, including, but not limited to, studies, services, infrastructure improvements and modernization, and defense transition programs to the extent permitted by law. Any other entity legally eligible may also receive grant funds for these purposes.

(c) The alliance shall be an advocate in support of California space flight-related activities, including, but not limited to, the businesses, facilities, programs, developments, alterations, modifications, educational activities, and other programs impacting those activities.

(d) To the extent authorized under the Internal Revenue Code, the alliance shall define and promote changes in federal, state, and local statutes and regulations that will enhance the development of California space flight-related activities.

(e) (1) To the extent authorized under the Internal Revenue Code, the alliance shall report biennially, no later than July 1 of the reporting year, on the economic and employment impacts of California space flight-related activities to the Governor and the Legislature and other state agencies and commissions developing laws, regulations, decisions, or determinations affecting those activities.

(2) The alliance shall recommend to the Governor and the Legislature appropriate state funding mechanisms and amounts to promote development of California space flight-related activities.

(f) With regard to the development of California space flight-related activities, the alliance shall provide recommendations to the Governor and the Legislature in the form of strategic planning documents, and

shall act as the official policy advisor to the Governor and the Legislature.

(g) On matters relating to space flight-related activities, the alliance shall act as the official representative of state government to the federal government, other state governments, local government agencies, and the private sector.

(h) The alliance shall review space flight-related grant applications on behalf of the Trade and Commerce Agency, the Department of Transportation, and all other state agencies, and shall make recommendations to the agency for award of those grants.

(i) The alliance shall act as a clearinghouse for space flight-related issues and information.

(j) The alliance may perform the activities listed in Section 15346.6.

(k) In accordance with the California Defense Conversion Act of 1993 (Article 3.7 (commencing with Section 15346)) and with the cooperation of the California Defense Conversion Council, the alliance shall coordinate with Regional Technology Alliances in the development of California space flight-related activities to achieve the optimum utilization of defense conversion and other grant funds.

(*l*) The alliance shall foster and promote activities related to space flight in all parts of California, and all of its actions shall be taken to benefit the entire State of California.

(m) The alliance shall be a membership organization open to any person or business interested in California space flight-related activities. It shall be organized as a nonprofit corporation with a board of directors composed of no less than 15, but no more than 27 members. Each director shall serve a three-year term, and shall serve no more than three consecutive terms. Board members shall be selected by the alliance, with no more than 40 percent selected from the space flight industry, no more than 30 percent from local government agencies, and no more than 30 percent from the general public and industries other than space flight. One-third of the board of directors shall be residents of northern California, one-third residents of southern California, and one-third residents of central California. Nonvoting, ex officio board directors may be added at the discretion of the board.

(n) The alliance acting as a corporation may not engage in or hold stock or any controlling interest in for-profit endeavors relating to space flight-related activities.

(o) The alliance shall be accountable to the Secretary of Trade and Commerce and shall provide the secretary with quarterly reports of its activities and finances. The agency shall provide guidance and support to the alliance.

(p) The California Space Flight Competitive Grant Program is hereby established to provide funding, upon appropriation by the Legislature,

for the development of activities in California related to space flight. For purposes of this section, space flight activities shall include civil or commercial space transportation systems, new or improved space infrastructure, related space support services, or any additional activities that the alliance deems consistent with this section. Entities conducting activities in California intended to enhance or promote space flight, including public, private, educational, commercial, nonprofit, or for-profit entities are eligible to apply for the California Space Flight Competitive Grants.

(1) To the extent authorized by the Internal Revenue Code, the alliance shall promote California Space Flight Competitive Grants. If funding is appropriated by the Legislature, the alliance shall, at least annually, issue requests for proposals.

(2) (A) The alliance shall develop a minimum baseline set of requirements and points a grant application must receive in order to be considered for funding. Requirements in addition to the minimum baseline set, which are consistent with the goals and objectives of this program, may be added or deleted from each year's grant solicitation.

(B) Any grant application meeting the minimum baseline set of requirements and points described in subparagraph (A) is automatically eligible for consideration in three subsequent grant year solicitations. The applicant is not required to resubmit a new grant application during this time, but, in future grant solicitations, may provide the review panel with any of the following:

(i) Additional information to enhance its current minimum baseline set of requirements and points.

(ii) Any additional information on the grant application that may be necessary to complete any new or existing requirements as provided for in subparagraph (A).

(C) The program shall award grants based upon a competitive application process, addressing, at a minimum, each project's eligibility, a review of the proposal's scientific and technological aspects, and the ability to fulfill the goals of the program.

(q) It is the intent of the Legislature that the following be considered in developing the minimum baseline set of requirements in subparagraph (A) of paragraph (2) of subdivision (p):

(1) Identification of all sources of funding for the entire project, which should include at least one of the following:

(A) A private sector company or companies.

(B) One or more foundations, industry associations, or nonprofit cooperative associations, or any combination thereof.

(C) Tangible or intangible in-kind support, including staff, facilities, applied technology, or other, as defined further in the grant solicitation.

(D) Federal or local government funding.

(2) No substitution of other project funding by this grant.

(3) A demonstration that a majority of the project will be undertaken in California.

(4) Inclusion of one or more of the following in the project, each of which should have significant operations in the state:

(A) Private sector companies.

(B) Foundations, industry associations, or nonprofit cooperative associations.

(5) An agreement among all project participants as to the intellectual property rights relative to the project.

(6) The potential impact on the state's economy.

(7) The cost-effectiveness of the project.

(8) The importance of state funding for the viability of the project.

(9) Cost sharing by other project participants.

(r) In evaluating grant proposals, the alliance shall establish an impartial review panel comprised of technical and scientific experts and government representatives to review grant applications. The panel shall be composed of members from throughout the state who are knowledgeable about activities related to space flight. The panel membership shall be selected so as to afford representation of all parts of the state so far as it is practicable. No more than 30 percent of the panel members shall be government representatives, and all other members shall either be actively involved in industries related to space flight, or technical and scientific experts in activities related to space flight.

(1) The review panel shall review and evaluate California Space Flight Competitive Grant applications based on the grant solicitation requirements. In accordance with subparagraph (A) of paragraph (2) of subdivision (p), a point system shall be developed to evaluate the grant applications similar to those set forth in Sections 8450 and 15379.3. In making evaluations, the review panel shall apply the criteria and priorities as determined by the grant solicitation. The grant review shall include a determination as to whether the project is eligible, the application is complete, and the proposed use of funding is consistent with the requirements of the grant solicitation. The grant review shall also include a determination that there is no conflict of interest, and any other technical evaluation determined necessary.

(2) The review panel shall compile a preliminary list of grant applications for projects determined to be qualified pursuant to paragraph (1), and submit the list to a coalition composed of the review panel, the center, and the Trade and Commerce Agency, each of which shall have one vote.

(3) The coalition shall rank grant applications on the preliminary list by the degree to which each meets the criteria described in the grant solicitation, and shall forward this final, consolidated list to the

Secretary of Trade and Commerce for awarding of grant funding. The final, consolidated list may include the coalition's recommendation as to the amount of state funding for each grant application, potential multiyear funding of a grant application which must be encumbered in a single fiscal year, or both.

(4) The Secretary of Trade and Commerce shall award grants, based on the review coalition's final recommendation list, and to the extent funds are available, to applications receiving the highest ranking, unless the secretary finds that changes to the ranking are necessary due to noncompliance with the grant solicitation criteria or because they pose conflicts of interest. The Secretary of Trade and Commerce may overturn a recommendation by the coalition only if the secretary finds clear and convincing evidence to support that action. A report on the funding determination shall be transmitted to the Governor and the chairs of the Senate and Assembly fiscal committees.

(s) The alliance is not eligible to apply for grant funding under this section.

(t) The alliance may establish an advisory committee to provide input, evaluation, program funding recommendations, and other recommendations on the California Space Flight Competitive Grant Program. The committee may also provide recommendations on other space flight-related issues, as directed by the alliance. The committee membership may include representatives from local governments, industry, civic and research organizations, or the general public located in areas with active grant applications. The committee may also include members from throughout the state with an interest in space flight activities.

(u) Nothing in this section shall preclude the state from providing alternative funding allocations for space-related activities.

SEC. 92. Section 15333.4 of the Government Code is amended to read:

15333.4. (a) The Highway to Space Program is hereby established to promote the development of a commercial space transportation system based in California. Any entity conducting commercial space flight-related activities in California may choose to participate in the Highway to Space Program.

(b) To the extent authorized by the Internal Revenue Code, the Western Commercial Space Center, a nonprofit corporation, shall be charged with promotion and coordination of entities choosing to participate in the Highway to Space Program.

(c) The Highway to Space Competitive Grant Program is hereby established to provide funding, upon appropriation by the Legislature, for the development of activities in California related to commercial space infrastructure. For purposes of this section, commercial space

infrastructure shall include civil or commercial space transportation systems, new or improved space infrastructure, related space support services, or any additional activities that the center deems consistent with these specifications. Entities conducting activities in California intended to enhance or promote commercial space infrastructure or space flight, including public, private, educational, commercial, nonprofit, or for-profit entities are eligible to apply for the Highway to Space Competitive Grants.

(1) To the extent authorized by the Internal Revenue Code, the center shall promote Highway to Space Competitive Grants. If funding is appropriated by the Legislature, the center shall, at least annually, issue requests for proposals.

(2) (A) The center shall develop a minimum baseline set of requirements and points a grant application must receive to be considered for funding. Requirements in addition to the minimum baseline set, which are consistent with the goals and objectives of this program, may be added or deleted from each year's grant solicitation.

(B) Any grant application meeting the minimum baseline set of requirements and points in paragraph (2) is automatically eligible for consideration in three subsequent grant year solicitations. The applicant is not required to resubmit a new grant application during this time, but may, in future grant solicitations, provide the review panel with any of the following:

(i) Additional information to enhance its current minimum baseline set of requirements and points.

(ii) Any additional information on the grant application that may be necessary to complete any new or existing requirements as provided for in subparagraph (A).

(C) The program shall award grants based upon a competitive application process, addressing, at a minimum, each project's eligibility, a review of the proposal's scientific and technological aspects, and the ability to fulfill the goals of the program.

(d) It is the intent of the Legislature that the following be considered in developing the minimum baseline set of requirements in subparagraph (A) of paragraph (2) of subdivision (c):

(1) Identification of all sources or funding for the entire project, which should include at least one of the following:

(A) A private sector company or companies.

(B) One or more foundations, industry associations, or nonprofit cooperative associations.

(C) Tangible or intangible in-kind support including staff, facilities, applied technology, or other, as defined further in the grant solicitation.

(D) Federal or local government funding.

(2) No substitution of other project funding by this grant.

(3) A demonstration that a majority of the project will be undertaken in California.

(4) Inclusion of one or more of the following in the project, each of which should have significant operations in the state:

(A) Private sector companies.

(B) Foundations, industry associations, or nonprofit cooperative associations.

(5) An agreement among all project participants as to the intellectual property rights relative to the project.

(6) The potential impact on the state's economy.

(7) The cost-effectiveness of the project.

(8) The importance of state funding for the viability of the project.

(9) Cost sharing by other project participants.

(e) In evaluating grant proposals, the center shall establish an impartial review panel comprised of technical and scientific experts and government representatives to review grant applications. The panel shall be composed of members from throughout the state who are knowledgeable of commercial space infrastructure, or related activities. The panel membership shall be selected so as to afford representation of all parts of the state so far as is practicable. No more than 30 percent of the panel members shall be government representatives, and all other members shall either be actively involved in industries related to space flight, or technical and scientific experts in activities related to space flight.

(1) The review panel shall review and evaluate Highway to Space Competitive Grant applications, based on the grant solicitation requirements. In accordance with subparagraph (A) of paragraph (2) of subdivision (c), a point system shall be developed to evaluate the grant applications similar to those set forth in Sections 8450 and 15379.3. In making evaluations, the review panel shall apply the criteria and priorities, as determined by the grant solicitation. The grant review shall include a determination as to whether the project is eligible, the application is complete, and the proposed use of funding is consistent with the requirements of the grant solicitation. The grant review shall include a determination that there is no conflict of interest, and any other technical evaluation determined necessary.

(2) The review panel shall compile a preliminary list of grant applications for projects determined to be qualified pursuant to paragraph (1), and submit the list to a coalition composed of the review panel, the alliance, and the Trade and Commerce Agency, each of which shall have one vote.

(3) The coalition shall rank grant applications on the preliminary list by the degree to which each meets the criteria described in the grant solicitation and shall forward this final, consolidated list to the Secretary

of Trade and Commerce for awarding of grant funding. The list may include the coalition's recommendation as to the amount of state funding for each grant application, potential multiyear funding of a grant application which must be encumbered in a single fiscal year, or both.

(4) The Secretary of Trade and Commerce shall award grants, based on the coalition's final recommendation list, and to the extent funds are available, to applications receiving the highest ranking, unless the secretary finds that changes to the ranking are necessary due to noncompliance with the grant solicitation criteria or because they pose conflicts of interest. The Secretary of Trade and Commerce may overturn a recommendation by the coalition only if the secretary finds clear and convincing evidence to support that action.

(f) The center is not eligible to apply for grant funding under this section.

(g) The Western Commercial Space Center shall be an official recipient of grants from federal, state, or local government or from private businesses or individuals, for Highway to Space Program activities, including, but not limited to, studies, services, infrastructure improvements and modernization, and defense transition programs, to the extent permitted by law. Any other entity legally eligible may also receive grant funds for these purposes.

(h) The Western Commercial Space Center acting as a corporation may not engage in or hold stock or any controlling interest in for-profit endeavors relating to space flight-related activities.

(i) The center may establish an advisory committee to provide input, evaluation, program funding recommendations, and other recommendations on the Highway to Space Competitive Grant Program. The committee may also provide recommendations on other space flight-related issues, as directed by the center. The committee membership may include representatives from local governments, industry, civic and research organizations, or the general public located in areas with active grant applications. The committee may also include members from throughout the state with an interest in space flight activities.

(j) Nothing in this section shall preclude the state from providing alternative funding allocations for space-related activities.

SEC. 93. Section 15378 of the Government Code is amended to read:

15378. (a) The Secretaries of the Business, Transportation and Housing, Health and Welfare, California Environmental Protection, Resources, and State and Consumer Services Agencies, and the heads of the independent agencies subject to the provisions of this chapter shall ensure that the departments, commissions, boards, and other

administrative divisions within their agencies that issue permits comply with the provisions of this chapter.

(b) The secretaries and agency heads shall adopt regulations establishing an appeal process through which an applicant can appeal directly to the secretary or agency head for a timely resolution of any dispute arising from a violation of the time periods required by this chapter. The regulations shall provide for the full reimbursement of any and all filing fees paid by a permit applicant whose application was not processed within the time limits adopted by an agency pursuant to this chapter, and whose appeal to the secretary or agency head was decided in the applicant's favor. The appeal shall be decided in the applicant's favor if the state agency has exceeded its established maximum time period for issuance or denial of the permit, the agency has complied with any notice and hearing requirements, and the agency has failed to establish good cause for exceeding the time period pursuant to subdivision (h) of Section 15376. Information regarding the appeal process shall be included in the permit application forms issued by the agency.

SEC. 94. Section 15813.6 of the Government Code is amended to read:

15813.6. In consultation with the State Architect, the council shall prepare a report relative to the art in state buildings program pursuant to this chapter, to be submitted to Members of the Legislature as part of any report on the activities and programs of the council.

SEC. 95. Section 16582 of the Government Code is repealed.

SEC. 96. Section 16649.91 of the Government Code is repealed.

SEC. 97. Section 17562 of the Government Code is amended to read:

17562. (a) The Legislature hereby finds and declares that the increasing revenue constraints on state and local government and the increasing costs of financing state-mandated local programs make evaluation of the cumulative effects of state-mandated local programs imperative. Accordingly, it is the intent of the Legislature to establish a method for regularly reviewing the costs of state-mandated local programs, by evaluating the benefit of previously enacted mandates.

(b) (1) A statewide association of local agencies or a Member of the Legislature may submit a proposal to the Legislature recommending the elimination or modification of a state-mandated local program. To make such a proposal, the association or member shall submit a letter to the Chairs of the Assembly Committee on Local Government and the Senate Committee on Local Government specifying the mandate and the concerns and recommendations regarding the mandate. The association or member shall include in the proposal all information relevant to the conclusions. If the chairs of the committees desire additional analysis of

the submitted proposal, the chairs may refer the proposal to the Legislative Analyst for review and comment. The chairs of the committees may refer up to a total of 10 of these proposals to the Legislative Analyst for review in any year. Referrals shall be submitted to the Legislative Analyst by December 1 of each year.

(2) The Legislative Analyst shall review and report to the Legislature with regard to each proposal that is referred to the office pursuant to paragraph (1). The Legislative Analyst shall recommend that the Legislature adopt, reject, or modify the proposal. The report and recommendations shall be submitted annually to the Legislature by March 1 of the year subsequent to the year in which referrals are submitted to the Legislative Analyst.

(3) The Department of Finance shall review all statutes enacted each year that contain provisions making inoperative Section 2229 or Section 2230 of the Revenue and Taxation Code or Section 17561 or Section 17565 that have resulted in costs or revenue losses mandated by the state that were not identified when the statute was enacted. The review shall identify the costs or revenue losses involved in complying with the provisions of the statutes. The Department of Finance shall also review all statutes enacted each year that may result in cost savings authorized by the state. The Department of Finance shall submit an annual report of the review required by this subdivision, together with the recommendations as it may deem appropriate, by December 1 of each year.

(c) It is the intent of the Legislature that the Assembly Committee on Local Government and the Senate Committee on Local Government hold a joint hearing each year regarding the following:

(1) The reports and recommendations submitted pursuant to subdivision (b).

(2) The reports submitted pursuant to Sections 17570, 17600, and 17601.

(3) Legislation to continue, eliminate, or modify any provision of law reviewed pursuant to this subdivision. The legislation may be by subject area or by year or years of enactment.

SEC. 98. Section 19793 of the Government Code is amended to read:

19793. By November 15 of each year beginning in 1978, the State Personnel Board shall report to the Governor, the Legislature, and the Department of Finance on a census of the state workforce and any underutilization problems in a state agency or department that may indicate failure to provide equal employment opportunity to minorities, women, and persons with disabilities during the past fiscal year. The report also shall include information on laws that discriminate or have the effect of discrimination on the basis of race, color, religion, national

origin, political affiliation, sex, age, or marital status. The Legislature shall evaluate the equal employment opportunity efforts of state agencies during its evaluation of the Budget Bill.

SEC. 99. Section 19993.05 of the Government Code is amended to read:

19993.05. (a) This section shall be known and may be cited as the Freedom of Financial Choice Act.

(b) The department shall permit officers and employees participating in a tax-deferred savings plan established by the department under this chapter or Chapter 9 (commencing with Section 19999.5) to invest in a range of investment options including, but not limited to, stocks and bonds listed with and traded on the New York Stock Exchange, the American Stock Exchange, or the National Market System sponsored by the National Association of Securities Dealers (NASD) and the National Association of Securities Dealers Automated Quotations system (NASDAQ), or any successor association, annuities, and shares or units of open-ended registered investment companies. However, the department may limit the number of banks, mutual fund companies, investment brokers, life insurance companies, and other financial institutions offering investments under the plans as necessary to ensure the continued qualification of the plan under the Internal Revenue Code and the cost-efficient and timely administration of the plans.

(c) No fiduciary of a plan established by the department under this chapter or Chapter 9 (commencing with Section 19999.5) shall be liable for any loss that results from any individual investment choice made by a participant of a plan, except that this subdivision shall not extend to any malfeasance or misfeasance by any fiduciary of a plan established by the department under this chapter or Chapter 9 (commencing with Section 19999.5).

(d) Notwithstanding any other provision of law, the Deferred Compensation Plan Fund (0915) is exempt from the application of Article 2 (commencing with Section 11270) of Chapter 3 of Part 3 of Division 3.

SEC. 100. Section 21662 of the Government Code is amended to read:

21662. The board shall consult with employer and employee representatives of the state and local government entities for whom the board administers retirement benefits. The board and each employer is authorized to recover the administrative costs of the long-term care insurance program from insurance carriers and premiums paid by enrollees. Costs recovered by the board from insurance carriers and premiums paid by enrollees shall be deposited in the Public Employees' Long-Term Care Fund.

SEC. 101. Section 27279.4 of the Government Code is amended to read:

27279.4. (a) The California Attorney General shall appoint an Electronic Recordation Task Force consisting of voluntary representatives from governmental agencies and industry groups specified in subdivision (b) who shall meet on a regular basis to address the technical, legal, security and economic issues associated with electronic recordation. The task force shall make recommendations regarding all of the following:

(1) In addition to requesters qualifying under Section 27279.2, which persons and entities should be authorized to digitize and record documents electronically after January 1, 2000, in order to limit real property fraud, forgery, and consumer risks associated with electronic recordation and provide a cost benefit to the county.

(2) Guidelines for the standardization of both software and hardware used by counties to ensure maximum efficiency, cost-effectiveness, and maximum use of the electronic recordation process by requesters qualifying under Sections 27279.2 and 27279.3.

(3) Appropriate recording fees and other assessments to cover increased costs to both county recorders and requesters.

(b) The task force described in subdivision (a) shall consist of representatives from governmental and industry groups, including county recorders, county district attorneys, the Franchise Tax Board, Fannie Mae, the United States Internal Revenue Service, trustees, mortgage bankers, financial institutions, and the title insurance and real estate industries.

SEC. 102. Section 30401 of the Government Code is amended to read:

30401. (a) If the county has not filed a plan of adjustment with the bankruptcy court by January 1, 1996, the Governor may appoint an individual to serve as trustee of the county. The appointment may occur at any time after January 1, 1996, until confirmation of the plan. Notwithstanding the timely filing of a plan of adjustment, the Governor shall appoint a trustee if the Governor determines that, as of May 1, 1996, or any date thereafter, the parties specified below have failed to reach substantial agreement on the terms of the plan of adjustment and the timely confirmation of the plan appears unlikely. Before reaching the foregoing determination, the Governor or his or her designee shall first consult with (1) the specified county officers and the board of supervisors, (2) the Official Committee of Unsecured Creditors of the County of Orange appointed in the pending case, and (3) the Official Committee of Investment Pools Participants appointed in the investment pools case. The trustee is a public official of the state and shall serve at the pleasure of, and is responsible to, the Governor.

(b) The trustee shall have recognized expertise in management and public finance.

(c) The trustee may institute a financial plan for the county if the county fails to present a balanced budget.

(d) In implementing a financial plan for the county, the trustee may exercise all necessary and appropriate powers of the county board of supervisors, subject to the same legal limitations that apply to the board of supervisors.

(e) The trustee shall exercise the powers granted pursuant to this chapter for an emergency period that ends upon the adoption, after the appointment of the trustee, of two consecutive balanced final budgets and achievement of two positive audited fund balances, as determined by the Governor or his or her designee.

SEC. 103. Section 30606 of the Government Code is repealed.

SEC. 104. Section 51207 of the Government Code is amended to read:

51207. (a) On or before May 1 of every other year, the Department of Conservation shall report to the Legislature regarding the implementation of this chapter by cities and counties.

(b) The report shall contain, but not be limited to, the number of acres of land under contract in each category and the number of acres of land which were removed from contract through cancellation, eminent domain, annexation, or nonrenewal.

(c) The report shall also contain the following specific information relating to not less than one-third of all cities and counties participating in the Williamson Act program:

(1) The number of contract cancellation requests for which notices of hearings were mailed to the Director of Conservation pursuant to Section 51284 which were approved by boards or councils during the prior two years or for which approval is still pending by boards or councils.

(2) The amount of cancellation fees payable to the county treasurer as deferred taxes and which are required to be transmitted to the Controller pursuant to subdivision (d) of Section 51283 which have not been collected or which remain unpaid.

(3) The total number of acres covered by certificates of cancellation of contracts during the previous two years.

(4) The number of nonrenewal and withdrawal of renewal notices received pursuant to Section 51245 and the number of expiration notices received pursuant to Section 51246 during the previous two years.

(5) The number of acres covered by nonrenewal notices that were not withdrawn and expiration notices during the previous two years.

(d) The department may recommend changes to this chapter which would further promote its purposes.

(e) The Legislature may, upon request of the department, appropriate funds from the deferred taxes deposited in the General Fund pursuant to subdivision (d) of Section 51283 in an amount sufficient to prepare the report required by this section.

SEC. 105. Section 54238.7 of the Government Code is amended to read:

54238.7. Except those properties the Department of Transportation has in escrow as of August 15, 1997, to sell, the Department of Transportation shall not dispose of any surplus property in the City of South Pasadena prior to January 31, 1998.

SEC. 106. Section 65302.6 of the Government Code is repealed.

SEC. 108. Section 67523 of the Government Code is repealed.

SEC. 110. Section 68511.2 of the Government Code is amended to read:

68511.2. Notwithstanding any other provision of law, the Judicial Council shall provide by rule for the photographic, microphotographic, mechanical, or electronic entry, storage, and retrieval of court records.

SEC. 112. Section 68604 of the Government Code is amended to read:

68604. The Judicial Council shall collect and maintain statistics, and shall publish them at least on a yearly basis, regarding the compliance of the superior court of each county and of each branch court with the standards of timely disposition adopted pursuant to Section 68603. In collecting and publishing these statistics, the Judicial Council shall measure the time required for the resolution of civil cases from the filing of the first document invoking court jurisdiction, and for the resolution of criminal cases from the date of arrest, including a separate measurement in felony cases from the first appearance in superior court. The Judicial Council shall report its findings and recommendations to the Legislature in a biennial Report on the State of California's Civil and Criminal Justice Systems.

The Judicial Council shall conduct a two-year study on the stipulated continuance authorized by subdivision (c) of Section 68616.

SEC. 113. Section 70219 of the Government Code is repealed.

SEC. 113.5. Section 75060.3 of the Government Code is repealed.

SEC. 114. Section 75560.3 of the Government Code is repealed.

SEC. 115. Section 77009 of the Government Code is amended to read:

77009. (a) For the purposes of funding trial court operations, each board of supervisors shall establish in the county treasury a Trial Court Operations Fund, which will operate as an agency fund. All funds appropriated in the Budget Act and allocated and reallocated to each court in the county by the Judicial Council shall be deposited into the fund. Accounts shall be established in the Trial Court Operations Fund

for each trial court in the county, except that one account may be established for courts which have a unified budget. In a county where court budgets include appropriations for expenditures administered on a countywide basis, including, but not limited to, court security, centralized data processing and planning and research services, an account for each centralized service shall be established and funded from those appropriations.

(b) The moneys of the Trial Court Operations Fund arising from deposits of funds appropriated in the Budget Act and allocated or reallocated to each court in the county by the Judicial Council shall be payable only for the purposes set forth in Sections 77003 and 77006.5, and for services purchased by the court pursuant to subdivisions (b) and (c) of Section 77212. The presiding judge of each court in a county, or his or her designee, shall authorize and direct expenditures from the fund and the county auditor-controller shall make payments from the funds as directed. Approval of the board of supervisors is not required for expenditure from this fund.

(c) All funds received by a trial court from any source shall be deposited in the trial court operations fund, except as provided in this section. Funds that are received to fulfill the requirements of Article 4 (commencing with Section 4250) of Chapter 2 of Part 2 of Division 9 and Division 14 (commencing with Section 10000) of the Family Code shall be identified and maintained in a separate account established in the fund for this purpose. All other funds that are received for purposes other than court operations, as defined in Section 77003 and Rule 810 of the California Rules of Court, shall be identified and maintained in one or more separate accounts established in the fund pursuant to procedures adopted by the Judicial Council. This subdivision shall only apply to funds received by the courts for operating and program purposes. This subdivision shall not apply to either of the following:

(1) Funds received by the courts pursuant to Section 68084, if those funds are not for operating or program use.

(2) Payments from a party or a defendant received by a trial court or the county for any fees, fines, or forfeitures.

(d) Interest received by a county that is attributable to investment of money required by this section to be deposited in its Trial Court Operations Fund shall be deposited in the fund and shall be used for trial court operations purposes.

(e) In no event shall interest be charged to the Trial Court Operations Fund, except as provided in Section 77009.1.

(f) Reasonable administrative expenses incurred by the county associated with the operation of this fund shall be charged to each court on a pro rata basis in proportion to the total amount allocated to each court in this fund.

(g) A county, or city and county, may bill trial courts within its jurisdiction for costs for services provided by the county, or city and county, as described in Sections 77003 and 77212, including indirect costs as described in paragraph (7) of subdivision (a) of Section 77003 and Section 77212. The costs billed by the county, or the city and the county, pursuant to this subdivision shall not exceed the costs incurred by the county, or the city and the county, of providing similar services to county departments or special districts.

(h) Pursuant to Section 77206, the Controller, at the request of the Legislature or the Judicial Council, may perform financial and fiscal compliance audits of this fund.

(i) The Judicial Council with the concurrence of the Department of Finance and the Controller's office shall establish procedures to implement this section and to provide for payment of trial court operations expenses, as described in Sections 77003 and 77006.5, incurred on July 1, 1997, and thereafter.

SEC. 116. Section 77604 of the Government Code is amended to read:

77604. (a) The task force shall be appointed by October 1, 1997.

(b) The task force shall meet and establish its operating procedures on or before January 1, 1998.

SEC. 117. Section 77605 of the Government Code is amended to read:

77605. (a) It is the intent of the Legislature to enact a personnel system, that shall take effect on or before January 1, 2001, for employment of trial court employees. The personnel system shall have uniform statewide applicability and promote organizational and operational flexibility in accordance with Section 77001.

(b) Nothing in this chapter is intended to prejudge or compel a finding by the task force that court or county or state employment is preferred.

(c) No provision of this article is intended to reduce judicial or court employee salary or benefits.

(d) No provision of this chapter shall be deemed to affect the current employment status of, or reduce benefits for, any peace officer involved in court operations.

SEC. 118. Section 77654 of the Government Code is amended to read:

77654. (a) The task force shall be appointed on or before October 1, 1997.

(b) The task force shall meet and establish its operating procedures on or before September 1, 1998.

(c) The task force shall review all available court facility standards and make preliminary determinations of acceptable standards for

construction, renovation, and remodeling of court facilities in an interim report.

(d) The task force shall complete a survey of all trial and appellate court facilities in the state and report its findings to the Judicial Council, the Legislature, and the Governor in a second interim report on or before January 1, 2001. The report shall document all of the following:

(1) The state of existing court facilities.

(2) The need for new or modified court facilities.

(3) The currently available funding options for constructing or renovating court facilities.

(4) The impact which creating additional judgeships has upon court facility and other justice system facility needs.

(5) The effects which trial court coordination and consolidation have upon court and justice system facilities needs.

(6) Administrative and operational changes which can reduce or mitigate the need for added court or justice system facilities.

(7) Recommendations for specific funding responsibilities among the entities of government including full state responsibility, full county responsibility, or shared responsibility.

(8) A proposed transition plan if responsibility is to be changed.

(9) Recommendations regarding funding sources for court facilities and funding mechanisms to support court facilities.

(e) The interim reports shall be circulated for comment to the counties, the judiciary, the Legislature, and the Governor. The task force may also circulate these reports to users of the court facilities.

(f) The task force shall submit a final report to the Judicial Council, the Legislature, and the Governor on or before July 1, 2001. The report shall include all elements of the interim reports incorporating any changes recommended by the task force in response to comments received.

(g) Notwithstanding any other provision of law, during the period from July 1, 1997, to June 30, 2001, the board of supervisors of each county shall be responsible for providing suitable and necessary facilities for judicial officers and court support staff for judicial positions created prior to July 1, 1996, to the extent required by Section 68073. The board of supervisors of each county shall also be responsible for providing suitable and necessary facilities for judicial officers and court support staff for judgeships authorized by statutes chaptered in 1996 to the extent required by Section 68073, provided that the board of supervisors agrees that new facilities are either not required or that the county is willing to provide funding for court facilities. Unless a court and a county otherwise mutually agree, the state shall assume responsibility for suitable and necessary facilities for judicial officers

and support staff for any judgeships authorized during the period from January 1, 1998, to June 30, 2001.

SEC. 119. Section 92204 of the Government Code is repealed.

SEC. 120. Section 96103 of the Government Code is repealed.

SEC. 121. Section 65.8 of the Harbors and Navigation Code is repealed.

SEC. 122. Section 658.6 of the Harbors and Navigation Code is repealed.

SEC. 123. Section 1200 of the Harbors and Navigation Code is amended to read:

1200. The board shall, from time to time, review pilotage expenses and establish guidelines for the evaluation and application of these expenses regarding its recommendations for adjustments in rates.

SEC. 124. Section 3927 of the Harbors and Navigation Code is amended to read:

3927. The State Controller and the State Treasurer shall keep full and particular account and record of all their proceedings under this part, and they shall transmit to the Governor an abstract of all such proceedings thereunder. All books and papers pertaining to the matter provided for in this part shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either house of the Legislature, or a joint committee of both, or any citizen of the State.

SEC. 125. Section 1342.1 of the Health and Safety Code is amended to read:

1342.1. (a) The Legislature finds and declares all of the following:

(1) More than 16 million Californians are enrolled in health care service plans, and this number is likely to grow significantly over the next decade.

(2) Although the Knox-Keene Health Care Service Plan Act of 1975 contains many consumer protections, there is interest on the part of consumers and providers to determine if additional protections may be necessary.

(3) Health care service plans have many different structures and payment mechanisms, and there is interest on the part of health care service plans, providers, health professions educators, and consumers as to whether and how these structures and payment mechanisms affect quality and cost.

(b) The Governor shall convene a task force on health care service plans, composed of 30 members, to research all of the following by January 1, 1998:

(1) The picture of health care service plans, as it stands in California today, including, but not limited to, the different types of health care service plans, how they are regulated, how they are structured, how they

operate, the trends and changes in health care delivery, and how these changes have affected the health care economy, academic medical centers, and health professions education.

(2) Whether the goals of managed care provided by health care service plans are being satisfied, including the goals of controlling costs and improving quality and access to care.

(3) A comparison of the effects of provider financial incentives on the delivery of health care in health care service plans, other managed care plans, and fee-for-service settings.

(4) The effect of managed care on the patient-physician relationship, if any.

(5) The effect of other managed care plans on academic medical centers and health professions education.

(c) The task force shall be composed of equal representation from the following groups:

(1) Health care service plans, including at least one local initiative under contract with the State Department of Health Services as part of the two-plan model for Medi-Cal managed care, and at least one disability insurer.

(2) Employers who purchase health care.

(3) Health care service plan enrollees.

(4) Providers of health care.

(5) Representatives from consumer groups.

(d) The members of the task force shall be appointed as follows:

(1) The Senate Committee on Rules shall appoint five members, one from each of the categories set forth in subdivision (c).

(2) The Speaker of the Assembly shall appoint five members, one from each of the categories set forth in subdivision (c).

(3) The Governor shall appoint 20 members, four from each of the categories set forth in subdivision (c).

(e) Notwithstanding any other provision of law, the members of the task force shall receive no per diem or travel expense reimbursement, or any other expense reimbursement.

SEC. 126. Section 1422 of the Health and Safety Code is amended to read:

1422. (a) The Legislature finds and declares that it is the public policy of this state to assure that long-term health care facilities provide the highest level of care possible. The Legislature further finds that inspections are the most effective means of furthering this policy. It is not the intent of the Legislature by the amendment of subdivision (b) enacted by Chapter 1595 of the Statutes of 1982 to reduce in any way the resources available to the state department for inspections, but rather to provide the state department with the greatest flexibility to concentrate its resources where they can be most effective.

(b) (1) Without providing notice of these inspections, the state department shall, in addition to any inspections conducted pursuant to complaints filed pursuant to Section 1419, conduct inspections annually, except with regard to those facilities which have no class ''AA,'' class ''A,'' or class ''B'' violations in the past twelve months. The state department shall also conduct inspections as may be necessary to assure the health, safety, and security of patients in long-term health care facilities. Every facility shall be inspected at least once every two years. The department shall vary the cycle in which inspections of long-term health care facilities are conducted to reduce the predictability of the inspections.

(2) The state department shall submit to the federal Department of Health and Human Services on or before July 1, 1985, for review and approval, a request to implement a three-year pilot program designed to lessen the predictability of the long-term health care facility inspection process. Two components of the pilot program shall be (A) the elimination of the present practice of entering into a one-year certification agreement, and (B) the conduct of segmented inspections of a sample of facilities with poor inspection records, as defined by the state department. At the conclusion of the pilot project, an analysis of both components shall be conducted by the state department to determine effectiveness in reducing inspection predictability and the respective cost benefits. Implementation of this pilot project is contingent upon federal approval.

(c) Except as otherwise provided in subdivision (b), the state department shall conduct unannounced direct patient care inspections at least annually to inspect physician and surgeon services, nursing services, pharmacy services, dietary services, and activity programs of all the long-term health care facilities. Facilities evidencing repeated serious problems in complying with this chapter or a history of poor performance, or both, shall be subject to periodic unannounced direct patient care inspections during the inspection year. The direct patient care inspections shall assist the state department in the prioritization of its efforts to correct facility deficiencies.

(d) All long-term health care facilities shall report to the state department any changes in the nursing home administrator or the director of nursing services within 10 calendar days of the changes.

(e) Within 90 days after the receipt of notice of a change in the nursing home administrator or the director of nursing services, the state department may conduct an abbreviated inspection of the long-term health care facilities.

(f) If a change in a nursing home administrator occurs and the Board of Nursing Home Administrators notifies the state department that the new administrator is on probation or has had his or her license suspended

within the previous three years, the state department shall conduct an abbreviated survey of the long-term health care facility employing that administrator within 90 days of notification.

SEC. 127. Section 11759.4 of the Health and Safety Code is amended to read:

11759.4. Not later than January 1 of each year, the department, in collaboration with the counties and providers of alcohol and drug services, shall report to the Legislature during budget hearings regarding the status of the implementation of this chapter.

SEC. 128. Section 13143.10 of the Health and Safety Code is repealed.

SEC. 129. Section 18400.1 of the Health and Safety Code is amended to read:

18400.1. (a) In accordance with subdivision (b), the enforcement agency shall enter and inspect mobilehome parks, as required under this part, at least once every seven years, to ensure enforcement of this part and the regulations adopted pursuant to this part. The enforcement agency's inspection shall include an inspection of the exterior portions of individual manufactured homes and mobilehomes in each park inspected. Any notices of violation of this part shall be issued pursuant to Chapter 3.5 (commencing with Section 18420).

(b) In developing its mobilehome park maintenance inspection program, the enforcement agency shall inspect the mobilehome parks that the enforcement agency determines either:

(1) Had the most serious, or a substantial number of serious, health and safety violations as a result of inspections of the parks made pursuant to the mobilehome park maintenance inspection program during the 1991 through 1999 phase of the program.

(2) Have complaints that have been made to the enforcement agency regarding serious health and safety violations in the park. A single complaint of a serious health and safety violation shall not automatically trigger an inspection of the entire park unless upon investigation of that single complaint the enforcement agency determines that there is a violation and that an inspection of the entire park is necessary.

(c) Nothing in this part shall be construed to allow the enforcement agency to issue a notice for a violation of existing laws or regulations that were not violations of the laws or regulations at the time the mobilehome park received its original permit to operate, or the standards governing any subsequent permit to construct, or at the time the manufactured home or mobilehome received its original installation permit, unless the enforcement agency determines that a condition of the park, manufactured home, or mobilehome endangers the life, limb, health, or safety of the public or occupants thereof.

(d) Not less than 30 days prior to the inspection of a mobilehome park under this section, the enforcement agency shall provide individual written notice of the inspection to the registered owners of the manufactured homes or mobilehomes, with a copy of the notice to the occupants thereof, if different than the registered owners, and to the owner or operator of the mobilehome park and the responsible person, as defined in Section 18603.

(e) At the sole discretion of the enforcement agency's inspector, a representative of either the park operator or the mobilehome owners may accompany the inspector during the inspection if that request is made to the enforcement agency or the inspector requests a representative to accompany him or her. If either party requests permission to accompany the inspector or is requested by the inspector to accompany him or her, the other party shall also be given the opportunity, with reasonable notice, to accompany the inspector. Only one representative of the park owner and one representative of the mobilehome owners in the park may accompany the inspector at any one time during the inspection. If more than one representative of the mobilehome owners in the park requests permission to accompany the inspector, the enforcement agency may adopt procedures for choosing that representative.

(f) The enforcement agency shall coordinate a preinspection orientation for mobilehome owners and mobilehome park operators with the use of an audio-visual presentation furnished by the department to affected local enforcement agencies. Enforcement agencies shall furnish the audio-visual presentation to park operators and mobilehome owner representatives in each park subject to inspection not less than 30 days prior to the inspection. Additionally, it is the Legislature's intent that the department shall, where practicable, conduct live presentations, forums, and outreach programs throughout the state to orient mobilehome owners and park operators on the mobilehome park maintenance inspection program and their rights and obligations under the program.

(g) Any local enforcement agency that relinquishes enforcement authority to the department shall remit to the department fees collected pursuant to paragraph (2) of subdivision (c) of Section 18502 that have not been expended for purposes of that paragraph.

(h) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2007, deletes or extends that date.

SEC. 129.3. Section 25171 of the Health and Safety Code is repealed.

SEC. 129.5. Section 25171.5 of the Health and Safety Code is repealed.

SEC. 129.7. Section 25200.11 of the Health and Safety Code is amended to read:

25200.11. (a) On or before July 1, 1993, the department shall take final action on each application for a hazardous waste facilities permit to be issued pursuant to Section 25200 for an offsite hazardous waste facility which is not subject to the time limits specified in Section 25200.7 and which has been operating under a grant of interim status pursuant to Section 25200.5 prior to January 1, 1992, if the permit application was submitted to the department before January 1, 1992. In taking final action pursuant to this section, the department shall either issue the hazardous waste facilities permit or make a final denial of the application. The department may extend final action for one year upon its determination that the permit application is complete and that more time is needed for review and evaluation of the application.

(b) On July 1, 1992, interim status granted for any existing offsite hazardous waste facility, which is not subject to the time limits specified in Section 25200.7, shall be terminated, unless the department has received an application for a final hazardous waste facilities permit pursuant to Section 25200 on or before June 30, 1992.

(c) Except for facilities subject to Section 25201.6, for any offsite facility, which facility or portion of facility was first granted interim status pursuant to Section 25200.5 on or after January 1, 1992, the department shall provide public notice for a permit determination to issue or deny a hazardous waste facilities permit for the facility, including a permit modification to incorporate a portion of a facility operating under a grant of interim status, not later than the following dates:

(1) For interim status that was first granted on or after January 1, 1992, but prior to January 1, 1994, not more than four years from the date that interim status was first granted.

(2) For interim status that was first granted on or after January 1, 1994, but prior to January 1, 1996, not more than three years from the date that interim status was first granted.

(3) For interim status that was granted on or after January 1, 1996, not more than two years from the date that interim status was first granted.

(d) For purposes of complying with this section, any change in the owner or operator of the hazardous waste facility shall not affect the applicability of this section with respect to permit determinations required for the facility, including a permit modification to incorporate a portion of the facility operating under a grant of interim status.

(e) (1) Except as provided in paragraph (2), on or before July 1, 1997, for any facility operating under a grant of interim status pursuant to Section 25200.5, based on operations conducted on November 19, 1980, the department shall review the basis for the grant of interim status,

including any amendments of that grant, and shall prepare status reports concerning the results of that review. If the department discovers an error in the scope of a grant of interim status made before July 1, 1997, and the error was caused in whole, or in part, by an intentional or negligent false statement or representation in the documents filed for purposes of establishing or obtaining interim status, the department shall take immediate action to correct the error, to the full extent authorized by law. In determining whether the scope of a grant of interim status made before July 1, 1997, complies with this chapter, the department shall require evidence other than facility owner or operator or employee declarations pertaining to previous activities that are the basis for that eligibility for interim status.

(2) Paragraph (1) does not apply to a facility for which, on or before March 1, 1997, a draft permit has been issued by and is being processed by the department, a draft environmental impact report, or other appropriate document prepared pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) has been issued and made available for public comment and the environmental impact report or other document prepared pursuant to the California Environmental Quality Act considers all impacts to the environment from facility operations, including, at a minimum, all changes to operations since November 19, 1980, that were not addressed by a previous finally approved document prepared pursuant to the California Environmental Quality Act. The issuance of an appropriate document under the California Environmental Quality Act shall be deemed to have been issued for purposes of this paragraph if the lead agency has determined in writing that no further document is necessary under that act for purposes of the permit issuance.

SEC. 130. Section 25200.14.1 of the Health and Safety Code is amended to read:

25200.14.1. (a) On or before July 1, 1997, the department shall complete an evaluation of the phase I environmental assessment requirement specified by Section 25200.14, and identify any necessary and appropriate changes to that requirement.

(b) In evaluating the phase I environmental assessment requirement, the department shall, at a minimum, consider the following issues:

(1) Whether the phase I environmental assessment should continue to encompass the entire facility or be limited to a portion of the facility.

(2) The extent to which, and under what conditions, the information contained in the facility's phase I environmental assessment should be maintained as confidential information not available for release to the public or to governmental agencies other than the department.

SEC. 131. Section 25200.17 of the Health and Safety Code is amended to read:

25200.17. (a) Upon petition, the department may, by regulation, add new treatment activities to the list of activities eligible for operation pursuant to a permit-by-rule, under the regulations adopted by the department, or eligible for authorization under a grant of conditional authorization pursuant to Section 25200.3 or a grant of conditional exemption pursuant to Section 25201.5, if all of the following conditions are met:

(1) The department finds that the new waste stream and treatment process combination poses no greater risk to the public health and safety or environment than those waste stream and treatment process combinations currently eligible for operation pursuant to a permit-by-rule, under the regulations adopted by the department, or for authorization under a grant of conditional authorization pursuant to Section 25200.3 or conditional exemption pursuant to Section 25201.5, whichever is applicable.

(2) The activity does not require a hazardous waste facilities permit under the federal act.

(3) The new activity is not already identified as eligible under a permit-by-rule pursuant to the regulations adopted by the department, or a grant of conditional authorization or conditional exemption pursuant to this chapter.

(b) In making a determination whether to add a new activity, by regulation, to the list of activities eligible for operation under a permit-by-rule pursuant to the department's regulations, conditional authorization pursuant to Section 25200.3, or conditional exemption pursuant to Section 25201.5, the factors which the department shall consider, to the extent that information is available, shall include, but not be limited to, all of the following:

(1) The hazardous waste streams that are treated using the treatment methods and the hazards to public health or safety or to the environment posed by those hazardous wastes and their hazardous constituents.

(2) The complexity of the treatment method, the degree of difficulty in carrying it out, and the technology that is used to carry it out.

(3) Chemical or physical hazards that are associated with the use of the treatment process and the degree to which those hazards are similar to, or differ from, the chemical or physical hazards that are associated with the production processes that are carried out in the facilities that produce the hazardous waste that is treated using the treatment methods.

(4) The levels of specialized operator training, equipment maintenance, and monitoring that are required to ensure the safety of the treatment method and its effectiveness in treating particular hazardous waste streams.

(5) The types of accidents that may occur during the treatment of particular types of hazardous waste streams, the likely consequences of those accidents, and the actual accident history associated with use of the treatment method.

(6) The degree to which those hazardous waste streams or treatment methods are regulated under other provisions of law or regulations, including, but not limited to, process safety management requirements and risk management and prevention plans.

(7) If the treatment method uses a hazardous waste treatment technology that is certified by the department pursuant to Section 25200.1.5, the information and analyses that were used to determine that the treatment technology does not pose a significant potential hazard to public health or safety or to the environment.

SEC. 132. Section 25245.6 of the Health and Safety Code is repealed.

SEC. 133. Section 25269.9 of the Health and Safety Code is repealed.

SEC. 134. Section 25299.97 of the Health and Safety Code, as added by Chapter 814 of the Statutes of 1997, is amended to read:

25299.97. (a) For the purposes of this article, the following definitions shall apply:

(1) ''Public drinking water well'' means a wellhead that provides drinking water to a public water system, as that term is defined in Section 116275, that is regulated by the State Department of Health Services and that is subject to Section 116455.

(2) ''MTBE'' means methyl tertiary-butyl ether.

(3) ''GIS mapping system'' means a geographic information system that collects, stores, retrieves, analyzes, and displays environmental geographic data in a data base that is accessible to the public.

(4) ''Motor vehicle fuel'' includes gasoline, natural gasoline, blends of gasoline and alcohol or gasoline and oxygenates and any inflammable liquid, by whatever name the liquid may be known or sold, which is used or usable for propelling motor vehicles operated by the explosion type engine. It does not include kerosine, liquefied petroleum gas, or natural gas, in liquid or gaseous form.

(5) ''Oxygenated motor vehicle fuel'' is motor vehicle fuel, as defined in paragraph (4), that meets the federal definition for ''Oxygenated Fuel'' as defined in Section 7545(m) of Title 42 of the United States Code.

(6) ''Oxygenate'' means an organic compound containing oxygen that has been approved by the United States Environmental Protection Agency as a gasoline additive to meet the requirements for an ''oxygenated fuel'' pursuant to Section 7545 of Title 42 of the United States Code.

(b) The State Water Resources Control Board shall upgrade the data base created by Section 25299.39.1. This upgrade shall include the establishment of a statewide GIS mapping system as described in this section only upon an appropriation by the Legislature for this purpose.

(c) (1) For purposes of subdivision (b), the board shall create a GIS Mapping and Data Management Advisory Committee. The committee shall give the board advice on location standards, protocols, metadata, and the appropriate data to expand the data base to create a cost-effective GIS mapping system that will provide the appropriate information to allow agencies to better protect public drinking water wells and, if feasible, nearby aquifers that are reasonably expected to be used as drinking water, from contamination by motor vehicle fuel from underground storage tanks and intrastate and interstate pipelines that are regulated by the State Fire Marshal pursuant to the California Pipeline Safety Act of 1981, Chapter 5.5 (commencing with Section 51010.5) of Part 1 of Division 1 of Title 5 of the Government Code.

(2) The advisory committee shall include, at a minimum, members from appropriate state and local agencies, affected industry and business, the water agencies that provide drinking water in Santa Monica, the water agencies that provide drinking water in the Santa Clara Valley, nonprofit environmental groups dedicated to the conservation and preservation of natural resources, and underground storage tank owners.

(d) (1) The board shall create two pilot projects, the Santa Monica Groundwater Pilot Project and the Santa Clara Valley Groundwater Pilot Project, which shall terminate on July 1, 1999.

(2) The board shall create the pilot projects with the advice of the advisory committee so as to expedite and prioritize the upgrading of the data base for those regions of the state where groundwater provides, or would be called on in an emergency to provide, a significant portion of the region's drinking water.

(3) The board shall use the pilot projects to define and assess the parameters of the data base, identify data needs, develop opportunities to electronically link data bases and electronic submission of information, offer access to the public via the Internet, streamline existing processes, and work out the details for data management and a GIS mapping system as described in this article.

(4) The pilot projects shall study appropriate modification to public water systems and response times.

(e) To upgrade the data base as required by this section, the board, in consultation with the advisory committee, shall do all of the following:

(1) Coordinate with the Department of Water Resources and the State Department of Health Services to obtain the location of existing drinking

water wells and appropriate water resource and quality data to meet the requirements of this article.

(2) Coordinate with local agencies authorized to implement this chapter to obtain the location of all underground storage tanks that store motor vehicle fuel that are within 1,000 feet of a public drinking water well.

(3) Coordinate with local agencies authorized to implement this chapter to add the location of all known releases of motor vehicle fuel from underground storage tanks that are within 1,000 feet of a drinking water well.

(4) Coordinate with the State Fire Marshal to add the location and leak history of all pipelines or segments of pipelines that transport motor vehicle fuel and that are regulated by the State Fire Marshal pursuant to Chapter 5.5 (commencing with Section 51010) of Part 1 of Division 1 of Title 5 of the Government Code that are within 1,000 feet of an existing public drinking water well.

(f) The board may expend up to four hundred thousand dollars ($400,000) from the Underground Storage Tank Cleanup Fund for the purposes set forth in Section 25299.36 to fund the GIS mapping system projects referred to in this section.

SEC. 135. Section 25299.97 of the Health and Safety Code, as added by Chapter 815 of the Statutes of 1997, is amended to read:

25299.97. (a) For the purposes of this article, the following definitions shall apply:

(1) ''Public drinking water well'' means a wellhead that provides drinking water to a public water system, as that term is defined in Section 116275, that is regulated by the State Department of Health Services and that is subject to Section 116455.

(2) ''MTBE'' means methyl tertiary-butyl ether.

(3) ''GIS mapping system'' means a geographic information system that collects, stores, retrieves, analyzes, and displays environmental geographic data in a data base that is accessible to the public.

(4) ''Motor vehicle fuel'' includes gasoline, natural gasoline, blends of gasoline and alcohol or gasoline and oxygenates and any inflammable liquid, by whatever name the liquid may be known or sold, which is used or usable for propelling motor vehicles operated by the explosion type engine. It does not include kerosine, liquefied petroleum gas, or natural gas, in liquid or gaseous form.

(5) ''Oxygenated motor vehicle fuel'' is motor vehicle fuel, as defined in paragraph (4), that meets the federal definition for ''Oxygenated Fuel'' as defined in Section 7545(m) of Title 42 of the United States Code.

(6) ''Oxygenate'' means an organic compound containing oxygen that has been approved by the United States Environmental Protection

Agency as a gasoline additive to meet the requirements for an ''oxygenated fuel'' pursuant to Section 7545 of Title 42 of the United States Code.

(b) The State Water Resources Control Board shall upgrade the data base created by Section 25299.39.1. This upgrade shall include the establishment of a statewide GIS mapping system as described in this section only upon an appropriation by the Legislature for this purpose.

(c) (1) For purposes of subdivision (b), the board shall create a GIS Mapping and Data Management Advisory Committee. The committee shall give the board advice on location standards, protocols, metadata, and the appropriate data to expand the data base to create a cost-effective GIS mapping system that will provide the appropriate information to allow agencies to better protect public drinking water wells and, if feasible, nearby aquifers that are reasonably expected to be used as drinking water, from contamination by motor vehicle fuel from underground storage tanks and intrastate and interstate pipelines that are regulated by the State Fire Marshal pursuant to the California Pipeline Safety Act of 1981, Chapter 5.5 (commencing with Section 51010.5) of Part 1 of Division 1 of Title 5 of the Government Code.

(2) The advisory committee shall include, at a minimum, members from appropriate state and local agencies, affected industry and business, the water agencies that provide drinking water in Santa Monica, the water agencies that provide drinking water in the Santa Clara Valley, nonprofit environmental groups dedicated to the conservation and preservation of natural resources, and underground storage tank owners.

(d) (1) The board shall create two pilot projects, the Santa Monica Groundwater Pilot Project and the Santa Clara Valley Groundwater Pilot Project, which shall terminate on July 1, 1999.

(2) The board shall create the pilot projects with the advice of the advisory committee so as to expedite and prioritize the upgrading of the data base for those regions of the state where groundwater provides, or would be called on in an emergency to provide, a significant portion of the region's drinking water.

(3) The board shall use the pilot projects to define and assess the parameters of the data base, identify data needs, develop opportunities to electronically link data bases and electronic submission of information, offer access to the public via the Internet, streamline existing processes, and work out the details for data management and a GIS mapping system as described in this article.

(4) The pilot project shall study appropriate notification to public water systems and response times.

(e) To upgrade the data base as required by this section, the board, in consultation with the advisory committee, shall do all of the following:

(1) Coordinate with the Department of Water Resources and the State Department of Health Services to obtain the location of existing drinking water wells and appropriate water resource and quality data to meet the requirements of this article.

(2) Coordinate with local agencies authorized to implement this chapter to obtain the location of all underground storage tanks that store motor vehicle fuel that are within 1,000 feet of a public drinking water well.

(3) Coordinate with local agencies authorized to implement this chapter to add the location of all known releases of motor vehicle fuel from underground storage tanks that are within 1,000 feet of a drinking water well.

(4) Coordinate with the State Fire Marshal to add the location and leak history of all pipelines or segments of pipelines that transport motor vehicle fuel and that are regulated by the State Fire Marshal pursuant to Chapter 5.5 (commencing with Section 51010) of Part 1 of Division 1 of Title 5 of the Government Code that are within 1,000 feet of an existing public drinking water well.

(f) The board may expend up to four hundred thousand dollars ($400,000) from the Underground Storage Tank Cleanup Fund for the purposes set forth in Section 25299.36 to fund the GIS mapping system projects referred to in this section.

SEC. 135.1. Section 33760 of the Health and Safety Code is amended to read:

33760. (a) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties, or make loans to qualified mortgage lenders, for financing any of the following:

(1) Residential construction within a redevelopment project area.

(2) Residential construction of residences in which the dwelling units are committed, for the period during which the loan is outstanding, for occupancy by persons or families who are eligible for financial assistance specifically provided by a governmental agency for the benefit of occupants of the residence.

(3) To the extent required by Section 103A of Title 26 of the United States Code, as amended, to maintain the exemption from federal income taxes of interest on bonds or notes issued by the agency under this chapter, residences located within targeted areas, as defined by Section 103(b)(12)(A) of Title 26 of the United States Code. Any loans to qualified mortgage lenders shall be made under terms and conditions which, in addition to other provisions as determined by the agency, shall

require the qualified mortgage lender to use all of the net proceeds thereof, directly or indirectly, for the making of mortgage loans or construction loans in an appropriate principal amount equal to the amount of the net proceeds. Those mortgage loans may, but need not, be insured.

(b) (1) Not less than 20 percent (15 percent in target areas) of the units in any residential project financed pursuant to this section on or after January 1, 1986, shall be occupied by, or made available to, individuals of low and moderate income, as defined by Section 103(b)(12)(C) of Title 26 of the United States Code. If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(2) Not less than one-half of the units described in paragraph (1) shall be occupied by, or made available to, very low income households, as defined by Section 50105. The rental payments for those units paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(c) Units required to be reserved for occupancy as provided in subdivision (b) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.

(d) This section shall become operative January 1, 1996.

SEC. 135.5. Section 34312.3 of the Health and Safety Code is amended to read:

34312.3. (a) Subject to the requirements of this section and of Article 5 (commencing with Section 34350), an authority may do any of the following:

(1) Issue revenue bonds for the purpose of financing the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing and for the provision of capital improvements in

connection with and determined necessary to the multifamily rental housing.

(2) Make or undertake commitments to make construction loans and mortgage loans to finance the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing.

(3) Purchase or undertake, directly or indirectly through lending institutions, commitments to purchase, construction loans, and mortgage loans originated in accordance with a financing agreement with the authority to finance the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing or make loans to lending institutions under terms and conditions which, in addition to other provisions determined by the authority, shall require the lending institutions to use the net proceeds of the loans for the making, directly or indirectly, of construction loans or mortgage loans to finance the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing.

(b) An authority may develop, rehabilitate, or finance housing projects or participate in the development, rehabilitation, or financing of housing projects; or purchase, sell, lease, own, operate, or manage housing projects so assisted, subject to all of the requirements of this section.

So long as the proceeds of any sale, lease, or other disposition of real property, net of the cost of sale, are to be used directly to assist a housing project pursuant to this section for persons of low income, and the funds in any trust fund established pursuant to subdivision (f) are used directly to assist housing units for persons of very low income, an authority may, after a public hearing, sell, lease, or otherwise dispose of the real property without complying with any provision of law concerning disposition of surplus property, including, but not limited to, Sections 34315.5 and 34315.7.

An authority may convey surplus lands it acquires from another public agency to a nonprofit or private developer for development of single-family homes where the development will provide for home ownership for persons and families of low or moderate income, as defined in Section 50093. This conveyance shall be after a public hearing. With the exception of subdivisions (b), (c), and (d) of Section 34315.7, the conveyance need not comply with any law concerning the disposition of surplus properties, including, but not limited to, Section 34315.5 or subdivision (a) of Section 34315.7. The proceeds of any sale or other disposition of surplus land, net of the cost of sale, shall be used to assist a housing project pursuant to this section for persons of low income.

(c) (1) (A) Not less than 20 percent of all units in housing projects assisted by an authority pursuant to this section shall be available for

occupancy on a priority basis to persons of low income. In the case of housing projects located within a targeted area, as defined by Section 103(b)(12)(A) of Title 26 of the United States Code, not less than 15 percent of all units in those housing projects assisted pursuant to this section shall be for occupancy on a priority basis by persons of low income.

(B) If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(2) (A) Not less than one-half of the units required to be available for occupancy pursuant to paragraph (1) and financed with any bonds issued on or after January 1, 1986, shall be occupied by, or made available to, very low income households, as defined by Section 50105.

(B) The rental payments for those units paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(3) Any indebtedness incurred pursuant to a mortgage loan financed under the terms of this chapter shall be subject to acceleration and the balance owing declared immediately due and payable upon any sale of an owner-occupied residence to a purchaser who does not meet the required qualifications for borrowers as established by the authority.

(4) The authority shall require the owners of housing projects assisted pursuant to this section to accept as tenants, on the same basis as all other prospective tenants, in the units reserved for very low income households, any very low income households who are recipients of federal certificates for rent subsidies pursuant to the existing program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor. The authority shall not permit a selection criteria to be applied to Section 8 certificate holders that is any more burdensome than the criteria applied to all other prospective tenants.

(5) No resident in housing units assisted pursuant to this section shall be denied continued occupancy or ownership because, after admission, the resident's family income increases to exceed the eligibility level. However, the authority shall ensure that percentage requirements of this section shall continue to be met by providing the next available unit or units to persons of low income or by taking other actions to satisfy the percentage requirements of this section.

(6) In determining whether the percentage requirements of subdivision (c) have been achieved, the following terms and conditions shall be applied:

(A) The requirement that 20 percent or 15 percent, as the case may be, of the housing units assisted by an authority pursuant to this section shall be available on a priority basis to, or occupied by, households whose adjusted gross income does not exceed the applicable limits prescribed by subdivision (c) shall apply to the aggregate number of units assisted by an authority pursuant to this section.

(B) This section applies only to housing units first assisted after January 1, 1983, and the percentage requirements of subdivision (c) shall be complied with by January 1, 1986, and on January 1 of each even-numbered year thereafter.

(C) The percentage requirements of subdivision (c) shall be achieved within each of the following categories: (1) rental housing developments; (2) homeownership developments; and (3) rehabilitation financing. Housing units provided by rehabilitation financing shall not be counted within either of the first two categories.

(d) Units required to be reserved for occupancy by subdivision (c) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.

(e) Multifamily rental housing financed pursuant to this section shall not be subject to the requirements of subparagraph (B) of paragraph (1) and paragraph (2) of subdivision (c), and the requirements of subdivision (d), if all of the following requirements are fulfilled:

(1) The housing authority offers each tenant a homeownership opportunity when the bonds are retired.

(2) A special trust fund or account which is funded with bond issuance proceeds or developer contributions, or both, is established no later than the time that the multifamily rental housing is first occupied. The initial funding of the account shall be no less than 5 percent of the face value of the bonds issued for the multifamily rental housing project. Upon repayment of the bonds, these funds, and all interest accruing thereon, less any amounts necessary to pay outstanding claims, shall be used to assist housing units for persons of very low income.

(3) The requirements of subparagraph (A) of paragraph (1) and subparagraph (A) of paragraph (2) of subdivision (c) shall remain in effect for the periods required by Section 103(b)(12)(B) of Title 26 of the United States Code.

(f) It is the intent of the Legislature, and the Legislature declares, that housing authorities are the local entities with primary responsibility for providing housing for low-income and very low income households within their jurisdictions. However, recognizing that housing projects only for low-income households cannot be adequately assisted or developed with currently available funds, and that excess funds from housing projects assisted pursuant to this section can be utilized to further assist in the provision of housing for lower income households, it is the intent of the Legislature that the authorization of this section is to be used to enhance and supplement the traditional housing authority role of providing housing only for low-income households.

SEC. 136. Section 39153 of the Health and Safety Code is amended to read:

39153. This chapter shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2006, deletes or extends that date.

SEC. 136.5. Section 40453 of the Health and Safety Code is repealed.

SEC. 137. Section 44003 of the Health and Safety Code is amended to read:

44003. (a) (1) An enhanced motor vehicle inspection and maintenance program is established in each urbanized area of the state, any part of which is classified by the Environmental Protection Agency as a serious, severe, or extreme nonattainment area for ozone or a moderate or serious nonattainment area for carbon monoxide with a design value greater than 12.7 ppm, and in other areas of the state as provided in this chapter.

(2) The enhanced motor vehicle inspection and maintenance program established pursuant to paragraph (1) shall be assessed jointly by the department and the state board periodically to determine whether changes in the program may be warranted. On or before January 1, 2003, the department and the state board shall jointly issue a report to the Legislature based on those periodic assessments, recommending any modifications to the enhanced program to improve its operations and lessen its impact on consumers while still achieving the necessary emission reductions to attain air quality standards. The report shall include a review of any program proposed pursuant to Section 15 of Chapter 803 of the Statutes of 1997.

(3) A basic vehicle inspection and maintenance program shall be continued in all other areas of the state where a program was in existence under this chapter as of the effective date of this paragraph.

(b) The department may prescribe different test procedures and equipment requirements for those areas described in subdivision (a). Program components shall be operated in all program areas unless otherwise indicated, as determined by the department. In those areas where the biennial program is not implemented and smog check inspections are required to complete the requirements set forth in Sections 4000.1 and 4000.2 of the Vehicle Code, program elements that apply in basic areas, including test equipment requirements for smog check stations, shall apply.

(c) (1) Districts classified as attainment areas may request the department to implement all or part of the program elements defined in this chapter. However, the department shall not implement the program established by Section 44010.5 in any area other than an urbanized area, any part of which is classified by the Environmental Protection Agency as a serious, severe, or extreme nonattainment area for ozone or a moderate or serious nonattainment area for carbon monoxide with a design value greater than 12.7 ppm.

(2) Districts that include areas classified as basic program nonattainment areas pursuant to subdivision (a) may, except as provided in paragraph (1), request the implementation in those areas of test procedures and equipment required for enhanced program areas and any other program requirement specified for enhanced program areas.

SEC. 138. Section 46077 of the Health and Safety Code is amended to read:

46077. The office shall maintain a program to ensure coordinated state and federal noise control programs including, but not limited to, the following:

(a) The study of federal noise regulations proposed for adoption pursuant to the Noise Control Act of 1972.

(b) The preparation of comments, evaluations, objections or the use of any other means to ensure that the federal government considers existing California noise control statutes and regulations prior to the adoption of regulations in order to prevent the adoption of federal noise regulations weaker than existing state standards.

SEC. 139. Section 50408 of the Health and Safety Code is amended to read:

50408. (a) On or before December 31 of each year, the department shall submit an annual report to the Governor and both houses of the Legislature on the operations and accomplishments during the previous fiscal year of the housing programs administered by the department,

including, but not limited to, the Emergency Housing and Assistance Program and Community Development Block Grant activity.

(b) The report shall include all of the following information:

(1) The number of units assisted by those programs.

(2) The number of individuals and households served and their income levels.

(3) The distribution of units among various areas of the state.

(4) The amount of other public and private funds leveraged by the assistance provided by those programs.

(5) Information detailing the assistance provided to various groups of persons by programs that are targeted to assist those groups.

(6) The information required to be reported pursuant to Section 17031.8.

SEC. 140. Section 50806 of the Health and Safety Code is repealed.

SEC. 141. Section 50834 of the Health and Safety Code is amended to read:

50834. (a) The department shall prepare a separate and discrete training manual and request for proposal for the economic development set-aside. The department shall ensure that it can respond to requests for grants as rapidly as possible. Once an economic development project award is approved by the director, a contract shall be executed and funds made available as soon as possible.

(b) Any program income received by a city or county grantee, or any loan repayments made by a beneficiary to a grantee, may be utilized by the city or county grantee for any activity currently eligible under federal law and regulations, provided that the department determines that the beneficiary or grantee has complied reasonably with the terms and conditions described in the contract between the grantee and the department.

(c) Any economic development set-aside of funds not encumbered for funding of a project by the end of the federal contract period shall revert to the general program and be set aside for use if approved projects for which no funds are available are pending.

(d) The department shall conditionally commit economic development allocations to projects that meet the requirements of this chapter up front, contingent upon the applicant receiving those other funding commitments necessary to complete the project.

SEC. 141.5. Section 52045 of the Health and Safety Code is repealed.

SEC. 142. Section 52570 of the Health and Safety Code is repealed.

SEC. 143. Section 57007 of the Health and Safety Code is amended to read:

57007. (a) The agency, and the offices, boards, and departments within the agency, shall institute quality government programs to

achieve increased levels of environmental protection and the public's satisfaction through improving the quality, efficiency, and cost-effectiveness of the state programs that implement and enforce state and federal environmental protection statutes. These programs shall be designed to increase the level of environmental protection while expediting decisionmaking and producing cost savings. The secretary shall create an advisory group comprised of state and local government, business, environmental, and consumer representatives experienced in quality management to provide guidance in that effort. The secretary shall develop a model quality management program that local agencies charged with implementing air quality, water quality, toxics, solid waste, and hazardous waste laws and regulations may use at their discretion.

(b) The agency, and each board, department, and office within the agency, shall submit a yearly report to the Governor and Legislature, no later than December 1 with respect to the previous fiscal year, reporting on the extent to which these state agencies have attained their performance objectives, and on their continuous quality improvement efforts.

(c) Nothing in this section abrogates any collective bargaining agreement or interferes with any established employee rights.

(d) For purposes of this section, ''quality government program'' means all of the following:

(1) A process for obtaining the views of employees, the regulated community, the public, environmental organizations, and governmental officials with regard to the performance, vision, and needs of the agency implementing the quality government program.

(2) A process for developing measurable performance objectiveness using the views of the persons and organizations specified in paragraph (1).

(3) Processes for continually improving quality and for training agency personnel, using the information obtained from implementing paragraphs (1) and (2).

SEC. 144. Section 100146 of the Health and Safety Code is repealed.

SEC. 145. Section 100340 of the Health and Safety Code is repealed.

SEC. 146. Section 104145 of the Health and Safety Code is amended to read:

104145. (a) The Legislature hereby requests the University of California to establish and administer the Breast Cancer Research Program, which is created by this act, as a comprehensive grant and contract program to support research efforts into the cause, cure, treatment, earlier detection, and prevention of breast cancer. It is the intent of the Legislature that this program incorporate the principles and

organizational elements specified in this act, including, but not limited to, a research program office with a director and other necessary staff, a Breast Cancer Research Council, and research review panels.

(b) For the purposes of this section:

(1) ''Breast cancer research'' includes, but is not limited to, research in the fields of biomedical science and engineering, the social, economic and behavioral sciences, epidemiology, technology development and translation, and public health.

(2) ''Council'' means the Breast Cancer Research Council.

(3) ''Grantee'' means any qualifying public, private, or nonprofit agency or individual, including, but not limited to, colleges, universities, hospitals, laboratories, research institutions, local health departments, voluntary health agencies, health maintenance organizations, corporations, students, fellows, entrepreneurs, and individuals conducting research in California.

(4) ''Program'' means the Breast Cancer Research Program.

(5) ''University'' means the University of California.

(c) It is the intent of the Legislature that this program be administered pursuant to the following principles:

(1) The university shall work in close collaboration with the council and seek the consent of the council before taking an action different from the action recommended by the council.

(2) The council shall develop the strategic objectives and priorities of the program, actively participate in the overall management of the program, and make final recommendations on which research grants should be funded based on the research priorities established for the program and the technical merits of the proposals as determined by peer review panels.

(3) The program shall fund innovative and creative research, with a special emphasis on research that complements, rather than duplicates, the research funded by the federal government and other entities.

(4) The university and the council shall work in close collaboration with the Breast Cancer Early Detection Program.

(5) All research funds shall be awarded on the basis of the research priorities established for the program and the scientific merit of the proposed research, as determined by an open, competitive peer review process that ensures objectivity, consistency, and high quality. All investigators, regardless of affiliation, shall have equal access and opportunity to compete for program funds.

(6) The peer review process for the selection of research grants awarded under this program shall be generally modeled on that used by the National Institutes of Health in its grantmaking process.

(7) An awardee shall be awarded grants for the full cost, both direct and indirect, of conducting the sponsored research consistent with those

federal guidelines governing all federal research grants and contracts. All intellectual property assets developed under this program shall be treated in accordance with state and federal law.

(8) In establishing its research priorities, the council shall consider a broad range of cross-disciplinary breast cancer research, as defined in paragraph (1) of subdivision (b), including, but not limited to, research into the cause, cure, and prevention of breast cancer; translational and technological research, including research regarding the development and translation of technologies of earlier detection; research regarding the cultural, economic, and legal barriers to accessing the health care system for early detection and treatment of breast cancer; and research examining the link between breast cancer and environmental factors, including both natural and industrial chemicals, estrogen imitators, and electromagnetic fields.

(d) It is the intent of the Legislature that the university, as lead agency, do all of the following:

(1) Establish the Breast Cancer Research Council in accordance with the following:

(A) The council shall consist of at least 13 and no more than 15 members representing a range of expertise and experience, appointed by the President of the University of California. Individuals and organizations may submit nominations to the council, and the University of California shall solicit nominations from relevant organizations and individuals. The council shall be comprised of the following members:

(i) Four members from breast cancer survivor and breast cancer-related advocacy groups, including, but not limited to, the California Breast Cancer Organizations (CABCO).

(ii) Four members drawn from the ranks of scientists or clinicians, including one from an independent research university in California. The scientists shall have expertise covering the various fields of scientific endeavor, including, but not limited to, the fields of biomedical research and engineering, social, economic, and behavioral research, epidemiology, and public health.

(iii) Two members from nonprofit health organizations with a commitment to breast cancer research and control.

(iv) One member who is a practicing breast cancer medical specialist.

(v) Two members from private industry with a commitment to breast cancer research and control, including, but not limited to, entrepreneurs, or persons from the science or high technology industry or persons from the health care sector.

(vi) One ex officio, nonvoting member from the Breast Cancer Early Detection Program.

(B) If the president appoints more than 13 members, it is the intent of the Legislature that the proportional representation remain substantially the same as set forth in subparagraph (A).

(C) Members shall serve without compensation, but may receive reimbursement for travel and other necessary expenses actually incurred in the performance of their official duties. Any member of the Breast Cancer Research Council shall be ineligible to apply for or receive funding for breast cancer research from the Breast Cancer Research Program during his or her term of service on the council, and for one cycle immediately following his or her term of service on the council, if the council member helped plan that subsequent cycle.

(D) Membership shall be staggered in such a way as to maintain a full council while ensuring a reasonable degree of continuity of expertise and consistency of direction.

(2) Provide overall coordination of the program.

(3) Provide staff assistance to the program and council.

(4) Develop administrative procedures relative to the solicitation, review, and awarding of grants to ensure an impartial, high quality peer review system.

(5) Recruit and supervise research review panels. The membership of these panels shall vary depending on the subject matter of the proposals and the review requirements, and shall draw on the most qualified individuals. The work of the review panels shall be administered pursuant to policies and procedures established for the implementation of the program. In order to avoid conflicts of interest and to ensure access to qualified reviewers, the university may utilize reviewers not only from California but also from outside the state. When serving on review panels, institutions, corporations, or individuals who have submitted grant applications for funding by this program shall be governed by conflict-of-interest provisions consistent with the National Institutes of Health Manual (Chapter 4510 (item h)), and any applicable conflict-of-interest provisions in state law.

(6) Provide for periodic program evaluation to ensure that research funded is consistent with program goals.

(7) Maintain a system of financial reporting and accountability.

(8) Provide for the systematic dissemination of research results to the public and the health care community, and provide for a mechanism to disseminate the most current research findings in the areas of cause, treatment, cure, earlier detection, and prevention of breast cancer, in order that these findings may be applied to the planning, implementation, and evaluation of the breast cancer-related programs of the State Department of Health Services, including the Breast Cancer Early Detection Program authorized by this act.

(9) Develop policies and procedures to facilitate the translation of research results into commercial, alternate technological, and other applications wherever appropriate and consistent with state and federal law.

(10) Transmit annually on or before each December 31, a report to the Legislature on grants made, grants in progress, program accomplishments, and future program directions. Each report shall include, but not be limited to, the following information:

(A) The number and dollar amounts of research grants, including the amount allocated to indirect costs.

(B) The subject of research grants.

(C) The relationship between federal and state funding for breast cancer research.

(D) The relationship between each project and the overall strategy of the research program.

(E) A summary of research findings including discussion of promising new areas.

(F) The institutions and campuses receiving grant awards.

In addition, the first annual report shall include an evaluation and recommendations concerning the desirability and feasibility of requiring for-profit grantees to compensate the state in the event that a grant results in the development of a profitmaking product. This evaluation shall include, but not be limited to, the costs and benefits of requiring a for-profit grantee to repay the grant, to provide the product at cost to Medi-Cal and other state programs serving low-income breast cancer patients, and to pay the state a percentage of the royalties derived from the product.

(e) It is the intent of the Legislature that no more than 5 percent of the allocation to the university be used for the purposes of administration of this program.

(f) It is the intent of the Legislature that the responsibilities of the council shall include, but not be limited to, the following:

(1) Development and review of the strategic objectives and research priorities of the program.

(2) Delineation of resource allocation across the various priorities established for the program.

(3) Participation in periodic program and financial review, including the report transmitted pursuant to paragraph (10) of subdivision (d).

(4) Development and review of guidelines to ensure fairness, neutrality, and adherence to the principles of merit and quality in the conduct of the program.

(5) Development of appropriate linkages to nonacademic entities, including, but not limited to, voluntary organizations, health care

delivery systems, industry, government agencies, research entrepreneurs, and public officials.

(6) Development and review of criteria and standards for granting awards.

(7) Oversight and review of the request for applications (RFA).

(8) Review of research review panel reports and recommendations for grant awards.

(9) Making of final recommendations on which grants are to be awarded.

(10) Development and review of oversight mechanisms for the dissemination of research results.

(11) Development and review of policies and liaison programs to facilitate the translation of research results into commercial, alternate technological, or other applications wherever appropriate.

(12) Establishment of its own internal rules of operation.

(13) Participation in the identification and recruitment of breast cancer advocates and survivors, clinicians, scientists, and persons from the science, high technology, or health care sector with relevant expertise for possible participation in a peer review panel. The council may propose to assign a member of the council to sit as a nonvoting member of the peer review panels.

SEC. 147. Section 104370 of the Health and Safety Code is amended to read:

104370. The committee shall be advisory to the department, the University of California, and State Department of Education for the following purposes:

(a) Evaluation of research, school- and community-based programs funded under this article as necessary in order to assess the overall effectiveness of efforts made by the programs to reduce the use of tobacco products. In order to evaluate tobacco education, research, and cessation programs, the committee shall seek the cooperation and assistance of the department, the State Department of Education, county offices of education, local lead agencies, administrative representatives, target populations, school officials, and researchers. A principal measurement of effectiveness shall be reduction of smoking rates among a given target population.

(b) Facilitation of programs directed at reducing and eliminating tobacco use that are operated jointly by more than one agency or entity. The committee shall propose strategies for the coordination of proposed programs administered by the department, the University of California, and the State Department of Education in order to avoid the duplication of services and to maximize the public benefit of the programs.

(c) Make recommendations to the department, the University of California, and the State Department of Education regarding the most

appropriate criteria for the selection of, standards of the operation of, and the types of programs to be funded under this article.

(d) Reporting to the Legislature on or before January 1 of each year on the number and amount of tobacco education programs funded by the Health Education Account, created by Section 30122 of the Revenue and Taxation Code, the amount of money in the account, any moneys previously appropriated to the department, the University of California, and the State Department of Education but unspent by the departments, a description and assessment of all programs funded under this article, and recommendations for any necessary policy changes or improvements for tobacco education programs.

(e) Ensuring that the most current research findings regarding tobacco use prevention are applied in designing the tobacco education programs administered by the department and the State Department of Education. The department and the State Department of Education shall apply the most current findings and recommendations of research including research funded by the Research Account of the Cigarette and Tobacco Products Surtax Fund created by Section 30122 of the Revenue and Taxation Code.

(f) Based on the results of programs supported by this article and any other proven methodologies available to the committee, produce a comprehensive master plan for implementing tobacco education programs throughout this state for the prevention and cessation of tobacco use. The master plan shall include implementation strategies for each target population specified in Section 104360 for programs throughout this state. The Tobacco Education and Research Oversight Committee shall submit the master plan to the Legislature biennially. The master plan and its revisions shall include recommendations on administrative arrangements, funding priorities, integration and coordination of approaches by the department, the University of California, and the State Department of Education and their support systems, as well as progress reports relating to each target population. The master plan shall establish a goal of achieving a 75-percent reduction in tobacco consumption in California by the year 1999.

SEC. 148. Section 108875 of the Health and Safety Code is amended to read:

108875. The department is responsible for the administration and enforcement of this chapter. The department, upon request, shall report to the Legislature concerning the number and findings of inspections performed and samples taken to determine compliance with this chapter.

SEC. 149. Section 119308 of the Health and Safety Code is amended to read:

119308. The President of the California Conference of Local Health Officers shall act as the chairperson of a task force to be formed for the

purpose of recommending legislation to the Legislature concerning licensing, training, sanitation, and other subjects deemed necessary to protect the health and welfare of persons seeking the services of practitioners of tattooing, body piercing, and permanent cosmetics. The task force shall be composed of 10 persons to be appointed by the President of the California Conference of Local Health Officers, and shall include a representative from the State Board of Barbering and Cosmetology, a physician and surgeon licensed in this state, a representative from a nonprofit professional body piercers' association, a representative from a nonprofit professional tattooists' association, a representative from a nonprofit professional permanent cosmetic association, a representative from a nonprofit professional cosmetology association, and a representative from an organization representing the interests of local health departments. The president of the California Conference of Local Health Officers may appoint the remaining three members from any other groups that may, in the judgment of the president, be of assistance.

SEC. 150. Section 120475 of the Health and Safety Code is amended to read:

120475. On or before March 15 on a biennial basis, the department shall submit a report to the Legislature on all of the following issues:

(a) The immunization status of young children in the state, based on available data.

(b) The steps taken to strengthen immunization efforts, particularly efforts through the Child Health and Disability Prevention Program.

(c) The steps taken to improve immunization levels among currently underserved minority children, young children in family day care and other child care settings, and children with no health insurance coverage.

(d) The improvements made in ongoing methods of immunization outreach and education in communities where immunization levels are disproportionately low.

(e) Its recommendations for a comprehensive strategy for fully immunizing all California children and its analysis of the funding necessary to implement the strategy.

SEC. 151. Section 120480 of the Health and Safety Code is amended to read:

120480. (a) Funds appropriated in the Budget Act of 1998 to the State Department of Health Services for the purpose of valley fever (coccidioidomycosis) vaccine research shall be used to continue and expand the current research effort being conducted by the Valley Fever Vaccine Project. This augmentation shall not be subject to review by the Department of General Services.

(b) The department shall augment and amend the existing contract to support research into the development of a vaccine to protect against

valley fever. The department may contract on a sole source basis to a nonprofit organization that has provided funding for vaccine research on valley fever. The contract shall require the organization to distribute research grants to support research efforts that are likely to advance the effort to develop a vaccine.

(c) The contractor shall establish an advisory group consisting of persons with relevant expertise in the fields of mycology and vaccine development and a representative from the department. The advisory group shall approve grants for those whose research is likely to advance the effort to develop a safe and effective vaccine. The contractor shall seek advice from the appropriate agencies in the National Institutes of Health and other federal agencies with experience in supporting vaccine research when reviewing the research of those receiving funds under this section. Funding awards shall be made so as to complement financial support provided by the federal government.

(d) The contractor shall provide the department with periodic status reports on the progress of the researchers receiving funds pursuant to this section. The department shall review progress reports from the contractor describing the research progress and plans for future funding.

(e) The contract shall require that funding is provided on the condition that, if a valley fever vaccine is developed and successfully marketed, the state shall be reimbursed for the cost of grants made under this section in proportion to the state's contribution to the research and development effort.

SEC. 152. Section 120805 of the Health and Safety Code is amended to read:

120805. (a) The department shall:

(1) Additionally, use funds appropriated by Section 6 of Chapter 23 of the Statutes of 1985 for purposes of making reimbursements to counties pursuant to Section 120895, for preventive education for individuals who are seropositive as a result of antibody testing.

(2) Issue contracts to evaluate the effectiveness of the AIDS information and education program conducted by the department.

(3) Issue contracts for development and implementation of pilot programs of professional education and training for hospital, home health agency, and attendant care workers.

(4) Issue contracts for the development and implementation of pilot programs to reduce the spread of AIDS through residential detoxification and outpatient detoxification and treatment services for intravenous drug users with AIDS or AIDS-related conditions.

(5) Monitor state and federal AIDS-related budget and policy development, and coordinate budget items to ensure that funding for matters related to AIDS is adequate and complete within the department each fiscal year.

(6) Develop and maintain an information clearinghouse within the department including periodic updates or releases to inform health professionals or community organizations providing services to people with AIDS or AIDS-related conditions of the status of current or new clinical drug trials. These updates shall be compiled through review of scientific journals and in conjunction with the UC AIDS Task Force and researchers conducting clinical drug trials in California.

(7) Review, edit, and input summaries from scientific journals into the Computerized AIDS Information Network (CAIN), and do outreach about CAIN availability to health professionals.

(8) Develop and conduct a needs assessment of the availability of supportive services for people with AIDS or AIDS-related conditions. The needs assessment shall be conducted in conjunction with the state's AIDS education contractors and with any public or private agencies providing services to people with AIDS or AIDS-related conditions.

(9) Promote information and education programs for the general public to correct misinformation about AIDS. This shall include, but need not be limited to, periodic press releases to the printed and broadcast media and public service announcements.

(10) Establish, with the assistance of other state agencies as the department deems appropriate, centralized translation services to facilitate development of multilanguage, culturally relevant educational materials on HIV infection.

(11) Include, to the extent feasible, in its HIV surveillance and reporting practices, a breakdown of the major Asian-Pacific Islander subgroup populations. This breakdown shall be reflected in the surveillance and morbidity statistics issued by the director pursuant to Section 120825.

(12) Include, to the extent feasible with existing resources, in its HIV surveillance and reporting practices, information concerning newly identified clinical manifestations of HIV infection and available resources for health care practitioners to seek diagnostic and treatment information.

(b) The director shall contract for a prospective two-year study to accomplish the following objectives:

(1) Determine the medical costs of AIDS, comparing inpatient care, outpatient care, physician services, and community support services.

(2) The study shall include cost factors in the review of inpatient costs that may not be apparent in the analysis of charges, such as private rooms and social work.

(c) Notwithstanding Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code, if the director determines that it is in the best interest of the state to enter into a contract for the purposes specified below without competitive bids, then the state

director may, during the 1985–86 fiscal year, enter into a sole source contract for all of the following:

(1) Educational program evaluation.

(2) Education of hospital, home health agency, and attendant care workers.

(3) Drug education and treatment programs.

(4) The cost-of-care study.

SEC. 153. Section 123775 of the Health and Safety Code is amended to read:

123775. Each infant medical dispatch center established pursuant to this article shall annually report on the progress of the project, the status of the data base obtained pursuant to Section 123760, and any necessary changes to meet the goals prescribed in Section 123760 to the Legislature upon request of either the Joint Legislative Budget Committee or other interested committees or Members of the Legislature.

SEC. 154. Section 10089.40 of the Insurance Code is amended to read:

10089.40. (a) Rates established by the authority shall be actuarially sound so as to not be excessive, inadequate, or unfairly discriminatory. Rates shall be established based on the best available scientific information for assessing the risk of earthquake frequency, severity, and loss. Rates shall be equivalent for equivalent risks. Factors the board shall consider in adopting rates include, but are not limited to, the following:

(1) Location of the insured property and its proximity to earthquake faults and to other geological factors that affect the risk of earthquake or damage from earthquake.

(2) The soil type on which the insured dwelling is built.

(3) Construction type and features of the insured dwelling.

(4) Age of the insured dwelling.

(5) The presence of earthquake hazard reduction factors, including those set forth in subdivision (a) of Section 10089.2.

(b) (1) If scientific information from geologists, seismologists, or similar experts that assesses the frequency or severity of risk of earthquake is considered in setting rates or in arriving at the modeling assumptions upon which those rates are based, the information may be used to establish differentials among risks only if the information, assumptions, and methodology used are consistent with the available geophysical data and the state of the art of scientific knowledge within the scientific community.

(2) Scientific information from geologists, seismologists, or similar experts shall not be conclusive to support the establishment of different rates between the most populous rating territories in the northern and

southern regions of the state unless that information, as analyzed by experts such as the United States Geological Survey, the California Division of Mines and Geology, and experts in the scientific or academic community, clearly shows a higher risk of earthquake frequency, severity, or loss between those most populous rating territories to support those differences.

(3) It is not the intent of the Legislature in adopting this subdivision to mandate a uniform statewide flat rate for California Earthquake Authority policies.

(c) The classification system established by the board shall not be adjusted or tempered in any way to provide rates lower than are justified for classifications that present a high risk of loss or higher than are justified for classifications that present a low risk of loss.

(d) Policyholders who have retrofitted their homes to withstand earthquake shake damage according to standards and to the extent set by the board shall enjoy a premium discount or credit of 5 percent on the authority-issued policy of residential earthquake coverage. For residential dwellings, the 5-percent discount shall be applicable if the dwelling, at a minimum, meets the following requirements: the dwelling was built prior to 1979, is tied to the foundation, has cripple walls braced with plywood or its equivalent, and the water heater is secured to the building frame. For mobilehomes, the 5-percent discount shall be applicable if the mobilehome, at a minimum, is reinforced by an earthquake resistant bracing system certified by the Department of Housing and Community Development. The board may approve a premium discount or credit above 5 percent, as long as the discount or credit is determined actuarially sound by the authority.

(e) All rates shall be approved by the commissioner prior to their use.

SEC. 155. Section 10890 of the Insurance Code is repealed.

SEC. 156. Section 12693.93 of the Insurance Code is amended to read:

12693.93. The board shall prepare an evaluation of the program and other state efforts to expand coverage to children in conformance with Section 2108 of Title XXI of the Social Security Act. The evaluation shall incorporate measurement of the delivery of preventive services by health plans and health care providers and assessment of changes over time in the health status of children participating in the program.

SEC. 157. Section 3214 of the Labor Code is amended to read:

3214. (a) The Department of Corrections and the Department of the Youth Authority shall, in conjunction with all recognized employee representative associations, develop policy and implement the workers' compensation early intervention program by December 31, 1989, for all department employees who sustain an injury. The program shall include, but not be limited to, counseling by an authorized independent early

intervention counselor and the services of an agreed medical panel to assist in timely decisions regarding compensability. Costs of services through early intervention shall be borne by the departments.

(b) It is the intent of the Legislature to reduce all costs associated with the delivery of workers' compensation benefits, in balance with the need to ensure timely and adequate benefits to the injured worker. Toward this goal the workers' compensation early intervention program was established in the Department of Corrections and the Department of the Youth Authority. The fundamental concept of the program is to settle disputes rather than to litigate them. This is a worthwhile concept in terms of cost control for the employer and timely receipt of benefits for the worker. To ascertain the effectiveness of the program is crucial in helping guide policy in this arena.

SEC. 158. Section 1335 of the Military and Veterans Code is amended to read:

1335. With respect to the design and construction of an enhanced memorial, the commission may do all of the following:

(a) Establish a schedule for the design, construction, and dedication of the enhanced memorial.

(b) Implement procedures to solicit designs for beautifying and enhancing the memorial and devise a selection process for the choice of the design.

(c) Select individuals or organizations to provide fundraising services and to construct the enhanced memorial.

(d) Review and monitor the design and construction of the memorial and establish a program for the rededication of the memorial.

(e) Consult with the Department of General Services to determine parameters for the final size of the memorial.

(f) Consult with and obtain final design and site orientation approval from the Department of General Services.

SEC. 158.2. Section 1170.6 of the Penal Code is repealed.

SEC. 158.5. Section 7433 of the Penal Code is amended to read:

7433. Money in the fund may only be expended pursuant to appropriations by the Legislature.

SEC. 159. Section 9008 of the Penal Code is repealed.

SEC. 160. Section 1001.65 of the Penal Code is amended to read:

1001.65. (a) A district attorney may collect a fee if his or her office collects and processes a bad check. The amount of the fee shall not exceed thirty-five dollars ($35) for each bad check in addition to the actual amount of any bank charges incurred by the victim as a result of the offense.

(b) Notwithstanding subdivision (a), when a criminal complaint is filed in a bad check case after the maker of the check fails to comply with the terms of the bad check diversion program, the court, after conviction,

may impose a bad check collection fee for the collection and processing efforts by the district attorney of not more than thirty-five dollars ($35) for each bad check in addition to the actual amount of any bank charges incurred by the victim as a result of the offense, not to exceed one thousand dollars ($1,000) in the aggregate. The court also may, as a condition of probation, require a defendant to participate in and successfully complete a check writing education class. If so required, the court shall make inquiry into the financial condition of the defendant and, upon a finding that the defendant is able in whole or part to pay the expense of the education class, the court may order him or her to pay for all or part of that expense.

(c) If the district attorney elects to collect any fee for bank charges incurred by the victim pursuant to this section, that fee shall be paid to the victim for any bank fees that the victim may have been assessed. In no event shall reimbursement of a bank charge to the victim pursuant to subdivision (a) or (b) exceed ten dollars ($10) per check.

SEC. 161. Section 13510.6 of the Penal Code is repealed.

SEC. 162. Section 13602 of the Penal Code is amended to read:

13602. (a) The Department of Corrections shall use the training academy at Galt. This academy shall be known as the Richard A. McGee Academy. The Department of the Youth Authority shall use the training center at Stockton. The training divisions, in using the funds, shall endeavor to minimize costs of administration so that a maximum amount of the funds will be used for providing training and support to correctional peace officers while being trained by the departments.

(b) Each new cadet who attends an academy after July 1, 2001, shall complete the course of training, pursuant to standards approved by CPOST before he or she may be assigned to a post or job as a peace officer. After July 1, 2001, every newly appointed first-line or second-line supervisor shall complete the course of training, pursuant to standards approved by CPOST for that position. Every effort shall be made to provide training prior to commencement of supervisorial duties. If this training is not completed within six months of appointment to that position, any first-line or second-line supervisor shall not perform supervisory duties until the training is completed.

SEC. 163. Section 13731 of the Penal Code is amended to read:

13731. (a) The San Diego Association of Governments may serve as the regional clearinghouse for criminal justice data involving domestic violence. The association may obtain monthly crime statistics from all law enforcement agencies in San Diego County. These law enforcement agencies may include their domestic violence supplements in the monthly crime reports that are supplied to the association. The association may obtain client-based data regarding clients or victims of domestic violence who seek protection in San Diego County shelters.

(b) Contingent upon the appropriation of funds therefor, the association shall do all of the following:

(1) Create a standardized, uniform intake form, to be referred to as a Compilation of Research and Evaluation Intake Instrument, also known as C.O.R.E., for use in San Diego County's domestic violence shelters. This form shall be completed and ready to use in the field for data collection purposes not later than March 31, 1997. The C.O.R.E. intake form shall be standardized to compile the same information from all clients for all shelters.

(2) Collect and analyze the standardized, uniform intake form in order to compile information including, but not limited to, victim sociodemographic characteristics, descriptions of domestic violence incidents pertaining to each victim and services needed by domestic violence shelter clients within San Diego County.

(3) Use the collected client-based data to describe the nature and scope of violence from the perspective of domestic violence shelter clients and to determine the service needs of clients and what gaps in service delivery exist, so that resources can be appropriately targeted and allocated. All data supplied to the association shall be stripped of any information regarding the personal identity of an individual to protect the privacy of domestic violence shelter clients.

(4) Establish an advisory committee in order to facilitate the research effort and to assess the value of the research project. The advisory committee shall consist of representation from the shelters, as well as members of the San Diego County Domestic Violence Council, local justice administrators, and the principal investigator. The advisory committee shall meet at least four times before April 30, 1999, to review the progress of the research, including research methodology, data collection instruments, preliminary analyses, and work product as they are drafted. Advisory committee members shall evaluate the final research product in terms of applicability and utility of findings and recommendations.

SEC. 164. Section 13892 of the Penal Code is repealed.

SEC. 164.5. Section 10350 of the Public Contract Code is repealed.

SEC. 165. Section 12104 of the Public Contract Code is repealed.

SEC. 167. Section 674 of the Public Resources Code is repealed.

SEC. 170. Section 5017 of the Public Resources Code is repealed.

SEC. 172. Section 5094.2 of the Public Resources Code is amended to read:

5094.2. With respect to each project as to which a letter of intent has been given, the Resources Agency through the Department of Parks and Recreation and the Department of Fish and Game, in cooperation with affected local public agencies, shall conduct an investigation and study of the project with respect to the areas of interest of each and prepare

plans of the proposed state participation therein. The plans shall be submitted, upon request, to each affected local public agency for its review and comments thereon. The comments shall be transmitted to the agency by the affected local public agency within such period as determined by the administrator, which period shall be not less than 30 days nor more than 60 days from the date of submission to the local public agency.

SEC. 173. Section 5096.244 of the Public Resources Code is amended to read:

5096.244. (a) The State Coastal Conservancy shall prepare and adopt priorities, criteria, and procedures for the making of grants to local public agencies or nonprofit organizations pursuant to Section 5096.232.

The procedures shall specify the categories of expenditures for grants, and shall include procedures for the submittal, review, and approval of applications, disbursements, and, where appropriate, repayment of grant funds.

(b) An application for a grant pursuant to this article shall be submitted to the State Coastal Conservancy for evaluation, review of adequacy, and classification as a park, beach, coastal access, or other project necessary to protect coastal resource values.

(c) The minimum amount that may be applied for any individual project is one thousand dollars ($1,000).

(d) Every application for a grant shall comply with the provisions of the California Environmental Quality Act (Division 13 (commencing with Section 21000)).

(e) Funds granted pursuant to Section 5096.232 may be expended for development, rehabilitation, or restoration only on lands owned by, or subject to a lease or other interest held by, the applicant. If those lands are not owned by the applicant, the applicant shall first demonstrate to the satisfaction of the State Coastal Conservancy that the development, rehabilitation, or restoration will provide benefits commensurate with the type and duration of interest in land held by the applicant.

(f) No state grant funds authorized under Section 5096.232 may be disbursed until the applicant agrees that any property acquired or developed with the funds shall be used by the applicant only for the purpose for which the funds were requested and that no other use, sale, or other disposition of the property shall be permitted except by specific act of the Legislature. If the use of the property is changed to one other than permitted under the category in Section 5096.232 from which the funds were appropriated, or the property is sold or otherwise disposed of, an amount equal to the amount of the grant or equal to the fair market value of the real property, or portion thereof, acquired or developed with the grant, whichever is greater, shall be used by the local public agency

or the nonprofit organization for a purpose authorized in that category or shall be reimbursed to the State Coastal Conservancy Fund of 1984 for a use authorized in that category.

(g) No state grant funds authorized under Section 5096.232 may be disbursed unless the applicant agrees to maintain and operate the property acquired or developed pursuant to this article for a period commensurate with the type of project and the proportion of state grant funds and local funds allocated to the capital costs of the project.

SEC. 174. Section 5631 of the Public Resources Code is amended to read:

5631. The department, in cooperation with the federal government, local public agencies, and appropriate representatives of industry, shall, from time to time as needed but no less frequently than once very five years, coordinate and conduct a statewide needs analysis in relation to the purposes of this chapter. That analysis shall include a full review of the grant program authorized pursuant to this chapter. The department shall report its findings and recommendations from any analysis, including recommendations as to funding levels and sources in connection with the grant program, to the Legislature. The department may recommend specific legislative changes to the program.

SEC. 175. Section 5780.17 of the Public Resources Code is repealed.

SEC. 176. Section 6211 of the Public Resources Code is amended to read:

6211. (a) Whenever a parcel of timbered land under the jurisdiction of the commission is totally surrounded by, or is contiguous to, a national forest or a state forest, the commission may, if it is in the best interests of the state to do so, and after 10 days' prior notice to the Secretary of the Resources Agency for the receipt of comments, provide for the harvesting of timber from that land at the same time as the orderly harvesting of the surrounding or adjacent federal-owned or state-owned timber is conducted. In carrying out this section, the commission may enter into agreements with the United States or the Department of Forestry and Fire Protection for the inclusion of timbered lands under the jurisdiction of the commission within a total parcel to be offered for timber harvesting contracts.

(b) Notwithstanding any other provision of law, timber from lands under the jurisdiction of the commission shall not be sold to any California division of a primary manufacturer, or to any person for resale to a primary manufacturer, who does either of the following:

(1) Uses that timber at any plant not located within the United States, unless it is sawn on four sides to dimensions not greater than 4 inches by 12 inches.

(2) Within one year prior to the bid date and one year after the termination of the contract, sells unprocessed timber which is harvested from private timberlands and is exported into foreign commerce. For the purposes of this section, ''unprocessed timber'' has the same meaning as set forth in subdivision (d) of Section 4650.1.

(c) Any purchaser of timber from lands under the jurisdiction of the commission who makes use of the timber in violation of paragraph (1) of subdivision (b) is prohibited from making any further purchases of timber from any such lands for a period of five years.

(d) The commission may adopt appropriate regulations to prevent the substitution of timber from lands under its jurisdiction for timber exported from private timberlands.

SEC. 177. Section 6230 of the Public Resources Code is amended to read:

6230. An amount specified in the annual Budget Act shall be available for distribution for public and private higher education for use as up to two-thirds of the local matching share for projects under the National Sea Grant College and Program Act of 1966 (P.L. 89-688) approved, upon the recommendation of the advisory panel appointed pursuant to Section 6232, by the Secretary of the Resources Agency or the secretary's designee.

SEC. 178. Section 6231 of the Public Resources Code is amended to read:

6231. There shall be a Sea Grant Advisory Panel consisting of 17 members as provided in Sections 6232, 6233, and 6234. The advisory panel shall do all of the following:

(a) Review all applications for funding under this section and make recommendations based upon the priorities it establishes.

(b) Periodically review progress on sea grant research projects subsequent to their approval and funding under this chapter.

(c) Make recommendations to the Secretary of the Resources Agency with respect to the implementation of this section.

SEC. 179. Section 6477 of the Public Resources Code is amended to read:

6477. The State Lands Commission shall report quarterly to the Teachers' Retirement Board and annually to the Legislature and the Governor on the following:

(a) The management of school and lieu lands.

(b) Waivers, suspensions, reductions, alterations, or amendments made by the commission pursuant to Section 6916, together with the reasons therefor.

(c) The commission shall file a report with the Legislature annually on all waivers, suspensions, reductions, alterations, or amendments

made by the commission pursuant to this section, together with the reasons therefor.

SEC. 180. Section 6916 of the Public Resources Code is amended to read:

6916. (a) The commission may issue leases for direct heat application of geothermal resources for nonelectrical purposes for a royalty of less than 10 percent of gross revenue if it determines that such a royalty would be in the best interests of the state.

(b) The commission may also waive, suspend, or reduce the rental or minimum royalty for the lands included in any permit or lease, or any portion thereof, and waive, suspend, alter, or amend the operating requirements contained in the lease or regulations adopted pursuant to this section affecting operations of the lease or permit, in the interests of conservation, and to encourage the greatest ultimate recovery of geothermal resources if the commission determines that the action is necessary or beneficial to promote development or finds that the permit or lease cannot be successfully operated under the permit or lease terms or under the regulations.

SEC. 181. Section 9756 of the Public Resources Code is repealed.

SEC. 182. Section 14314 of the Public Resources Code is amended to read:

14314. (a) On and after July 1, 1994, to further long-term strategic planning, the development of performance measures, operational and administrative efficiency and flexibility, and commitment to quality improvement, the corps shall be designated by the Department of Finance as a performance budget department whose annual budget shall take the form of a budget contract between the Legislature and the corps.

(b) The Legislature hereby requests the Governor to issue an Executive order establishing performance goals for the corps, by which the Legislature may evaluate a proposed corps contract, and that the Executive order includes such goals as increasing the number of corpsmembers, increasing the number of corpsmember hours dedicated to public service conservation work and emergency response, and developing specific and quantifiable measures of the corps' success.

SEC. 183. Section 14537 of the Public Resources Code is amended to read:

14537. The department shall keep accurate books, records, and accounts of all of its dealings, and these books, records, and accounts are subject to an annual audit by an auditing firm selected by the department. The auditing firm or the department shall also conduct a selective audit of entities making payments to, or receiving payments from, the department to determine whether redemption payments and applicable processing fees are being paid to the department on all beverage containers sold in California, and that refund values and processing

payments are being paid out properly by the department. The audit shall be made a part of an annual report, copies of which shall be submitted to the Governor and the Legislature, by January 1 of each year.

SEC. 184. Section 19524 of the Public Resources Code is repealed.

SEC. 185. Section 22052 of the Public Resources Code is repealed.

SEC. 186. Section 25310.5 of the Public Resources Code is repealed.

SEC. 187. Section 25403.5 of the Public Resources Code is amended to read:

25403.5. The commission shall, by July 1, 1978, adopt standards by regulation for a program of electrical load management for each utility service area. In adopting the standards, the commission shall consider, but need not be limited to, the following load management techniques:

(1) Adjustments in rate structure to encourage use of electrical energy at off-peak hours or to encourage control of daily electrical load. Compliance with such changes in rate structure shall be subject to the approval of the Public Utilities Commission in a proceeding to change rates or service.

(2) End use storage systems which store energy during off-peak periods for use during peak periods.

(3) Mechanical and automatic devices and systems for the control of daily and seasonal peakloads.

The standards shall be cost-effective when compared with the costs for new electrical capacity, and the commission shall find them to be technologically feasible. Any expense or any capital investment required of a utility by the standards shall be an allowable expense or an allowable item in the utility rate base and shall be treated by the Public Utilities Commission as such in a rate proceeding.

The commission may determine that one or more of such techniques are infeasible and may delay their adoption. If the commission determines that any techniques are infeasible to implement, it shall make a finding in each instance stating the grounds upon which the determination was made and the actions it intends to take to remove the impediments to implementation.

The commission may also grant, upon application by a utility, an exemption from the standards or a delay in implementation. The grant of an exemption or delay shall be accompanied by a statement of findings by the commission indicating the grounds for the exemption or delay. Exemption or delay shall be granted only upon a showing of extreme hardship, technological infeasibility, lack of cost-effectiveness, or reduced system reliability and efficiency.

This section does not apply to proposed sites and related facilities for which a notice of intent or an application requesting certification has

been filed with the commission prior to the effective date of the standards.

SEC. 189. Section 31108 of the Public Resources Code is amended to read:

31108. Commencing on January 2, 1980, and every third year thereafter, the conservancy shall prepare and submit to the Governor and to the Legislature a report describing progress in achieving the objectives of this division. The report shall include the following:

(a) An evaluation of the effectiveness of the conservancy's programs in preserving agricultural lands, restoring coastal habitat, providing public access to the coastline, and in undertaking other functions prescribed in this division.

(b) Identification of additional funding, legislation, or other resources required to more effectively carry out the objectives of this division.

(c) A discussion of its progress in addressing the goals, priority areas, and concerns referenced in subdivision (a) of Section 31163, including, but not limited to, any funds that are received or disbursed for purposes related to addressing those goals, priority areas, and concerns.

SEC. 190. Section 31163 of the Public Resources Code is amended to read:

31163. (a) The conservancy shall cooperate with cities, counties, and districts, the bay commission, other regional governmental bodies, nonprofit land trusts, nonprofit landowner organizations, and other interested parties in identifying and adopting long-term resource and outdoor recreational goals for the San Francisco Bay area, which shall guide the ongoing activities of the San Francisco Bay Area Conservancy Program. The conservancy shall utilize the list of priority areas and concerns established by the bay commission pursuant to subdivision (b) of Section 31056 as guidance in the selection of those San Francisco area projects that are within the jurisdiction of the bay commission. However, the guidance provided by the bay commission is advisory and the conservancy shall have the responsibility for making program decisions. Any acquisition of real property using funds authorized pursuant to this chapter shall be from willing sellers if the land is actively farmed or ranched. Any acquisition of real property by the conservancy pursuant to this chapter shall be from willing sellers.

(b) The conservancy shall participate in and support interagency actions and public/private partnerships in the San Francisco Bay area for the purpose of implementing subdivision (a), and providing for broad-based local involvement in, and support for, the San Francisco Bay Area Conservancy Program.

(c) The conservancy shall utilize the criteria specified in this subdivision to develop project priorities for the San Francisco Bay Area

Conservancy Program that provide for development and acquisition projects, urban and rural projects, and open-space and outdoor recreational projects. The conservancy shall give priority to projects that, to the greatest extent, meet the following criteria:

(1) Are supported by adopted local or regional plans.

(2) Are multijurisdictional or serve a regional constituency.

(3) Can be implemented in a timely way.

(4) Provide opportunities for benefits that could be lost if the project is not quickly implemented.

(5) Include matching funds from other sources of funding or assistance.

SEC. 191. Section 42005 of the Public Resources Code is amended to read:

42005. (a) The board shall develop a comprehensive market development plan using existing resources, that will stimulate market demand in the state for postconsumer waste material and secondary waste material generated in the state.

(b) The board's market development plan shall include, but shall not be limited to, achieving all of the following goals:

(1) Increasing market demand for postconsumer waste materials and secondary waste materials available due to California's source reduction and recycling programs.

(2) Increasing demand for recycled content products, especially high quality, value-added products.

(3) Promoting efficient local waste diversion systems which yield high quality, industrially usable feedstocks.

(4) Promoting the competitive collection and use of secondary waste materials.

(c) The board's development plan shall also include efforts to encourage and promote cooperative, regional programs to expand markets for recycled material. These programs shall include activities to address problems and opportunities that are unique to rural, urban, and suburban areas of the state.

(d) The board shall develop a plan, using existing resources, to provide assistance to local agencies when requested by a city, county, or regional agency, in the implementation of cost-effective programs that provide a quality supply of recycled materials for markets.

SEC. 192. Section 42871 of the Public Resources Code is amended to read:

42871. The board shall administer a tire recycling program that promotes and develops alternatives to the landfill disposal of used whole tires.

SEC. 194. Section 71040 of the Public Resources Code is amended to read:

71040. (a) The Secretary for Environmental Protection shall establish permit assistance centers throughout the state to provide businesses and other entities with assistance in complying with laws and regulations implemented by every board, department, and office within the California Environmental Protection Agency. Each permit assistance center shall, to the extent feasible, incorporate permit assistance activities of local and federal entities and of other entities of the state into its operations.

(b) In addition to the centers authorized pursuant to subdivision (a), the secretary shall establish an electronic online permit assistance center through the Internet. The electronic online permit assistance center shall be available for use by any business or other entity subject to a law or regulation implemented by a board, department, or office within the California Environmental Protection Agency, and shall provide a business or other entity with assistance in complying with those laws and regulations. The center, which shall be called the ''California Government-On Line to Desktops'' or ''CALGOLD'' program, shall provide special software, ''hotlinks'' and other online resources and tools that may be used by a business or other entity to streamline and expedite compliance with laws and regulations implemented by a board, department, or office within the California Environmental Protection Agency. The CALGOLD program shall, to the extent feasible, incorporate permit assistance activities of local and federal entities and of other entities of the state into its operations.

(c) The Secretary for Environmental Protection shall report annually, no later than December 1 with respect to the previous fiscal year, to the Governor and the Legislature on the number of permits issued, expedited, or otherwise streamlined by each center; the number and types of businesses assisted by each center; and how the assistance provided to businesses has improved environmental protection. The secretary, in consultation with the Secretary of the Trade and Commerce Agency, shall report on the permit assistance activities of both agencies and shall make recommendations to ensure that these activities are coordinated and nonduplicative.

SEC. 195. Section 383 of the Public Utilities Code is amended to read:

383. Moneys collected pursuant to paragraph (3) of subdivision (b) of Section 381 shall be transferred to a subaccount of the Energy Resources Programs Account of the California Energy Resources Conservation and Development Commission to be held until further action by the Legislature for purposes of:

(a) Supporting the operation of existing and the development of new and emerging in-state renewable resource technologies.

(b) Supporting the operations of existing renewable resource generation facilities which provide fire suppression benefits, reduce materials going into landfills, and mitigate the amount of open-field burning of agricultural waste.

(c) Supporting the operations of existing, innovative solar thermal technologies that provide essential peak generation and related reliability benefits.

SEC. 196. Section 398.5 of the Public Utilities Code is amended to read:

398.5. (a) Retail suppliers that disclose specific purchases pursuant to Section 398.4 shall report on March 1, 1999, and annually thereafter, to the California Energy Resources Conservation and Development Commission, for each electricity offering, for the previous calendar year each of the following:

(1) The kilowatthours purchased, by generator and fuel type during the previous calendar year, consistent with the meter data, including losses, reported to the system operator.

(2) For each electricity offering the kilowatthours sold at retail.

(3) For each electricity offering the disclosures made to consumers pursuant to Section 398.4.

(b) Information submitted to the California Energy Resources Conservation and Development Commission pursuant to this section that is a trade secret as defined in subdivision (d) of Section 3426.1 of the Civil Code shall not be released except in an aggregated form such that trade secrets cannot be discerned.

(c) On or before January 1, 1998, the California Energy Resources Conservation and Development Commission shall specify guidelines and standard formats, based on the requirements of this article and subject to public hearing, for the submittal of information pursuant to this article.

(d) In developing the rules and procedures specified in this section, the California Energy Resources Conservation and Development Commission shall seek to minimize the reporting burden and cost of reporting that it imposes on retail suppliers.

(e) On or before October 15, 1999, and annually thereafter, the California Energy Resources Conservation and Development Commission shall issue a report comparing information available pursuant to Section 398.3 with information submitted by retail suppliers pursuant to this section, and with information disclosed to consumers pursuant to Section 398.4. This report shall be forwarded to the California Public Utilities Commission.

(f) Beginning April 15, 1999, and annually thereafter, the California Energy Resources Conservation and Development Commission shall issue a report calculating net system power. The California Energy

Resources Conservation and Development Commission will establish the generation mix for net generation imports delivered at interface points and metered by the system operators. The California Energy Resources Conservation and Development Commission shall issue an initial report calculating preliminary net system power for calendar year 1997 on or before January 1, 1998. This report shall be updated on or before October 15, 1998.

(g) The provisions of this section shall not apply to generators providing electric service onsite, under an over-the-fence transaction as described in Section 218, or to an affiliate or affiliates, as defined in subdivision (a) of Section 372.

(h) The California Energy Resources Conservation and Development Commission may verify the veracity of environmental claims made by retail suppliers.

SEC. 197. Section 495.7 of the Public Utilities Code is amended to read:

495.7. (a) The commission may, by rule or order, establish procedures to allow telephone or telegraph corporations to apply for the exemption of certain telecommunications services from the tariffing requirements of Sections 454, 489, 491, and 495.

(b) The commission may, by rule or order, partially or completely exempt certain telecommunications services, except basic exchange service offered by telephone or telegraph corporations, from the tariffing requirements of Sections 454, 489, 491, and 495 if either of the following conditions is met:

(1) The commission finds that the telephone corporation lacks significant market power in the market for that service for which an exemption from Sections 454, 489, 491, and 495 is being requested. Criteria to determine market power shall include, but not be limited to, the following: company size, market share, and type of service for which an exemption is being requested. The commission shall promulgate rules for determining market power based on these and other appropriate criteria.

(2) The Commission finds that a telephone corporation is offering a service in a given market for which competitive alternatives are available to most consumers, and the commission has determined that sufficient consumer protections exist in the form of rules and enforcement mechanisms to minimize the risk to consumers and competition from unfair competition or anticompetitive behavior in the market for the competitive telecommunications service for which a provider is requesting an exemption from Sections 454, 489, 491, and 495. This paragraph does not apply to monopoly services for which the commission retains exclusive authority to set or change rates.

(c) Before implementing procedures to allow telephone corporations to apply for the exemption of certain telecommunications services from the tariffing requirements of Sections 454, 489, 491, and 495, and no later than September 30, 1996, the commission shall establish consumer protection rules for those exempted services that include, but are not limited to:

(1) Rules regarding the availability of rates, terms, and conditions of service to consumers.

(2) Rules regarding notices to consumers of rate increases and decreases, changes in terms and conditions of service, and change of ownership.

(3) Rules to identify and eliminate unacceptable marketing practices including, but not limited to, fraudulent marketing practices.

(4) Rules to assure that aggrieved consumers have speedy, low-cost, and effective avenues available to seek relief in a reasonable time.

(5) Rules to assure consumers that their right to informational privacy for services over which the commission has oversight.

(6) Rules to assure a telephone corporation's cooperation with the commission investigations of customer complaints.

(d) Prior to granting every exemption from the tariffing requirements of Sections 454, 489, 491, and 495, the commission shall find that there is no improper cross-subsidization or anticompetitive behavior in connection with the service for which an exemption is requested.

(e) Nothing in this section shall require that the commission exempt any telecommunications service or telecommunications service provider from the requirements of Sections 454, 489, 491, and 495, nor shall this section limit the authority of the commission to require telephone corporations to provide it with contemporaneous information about the current terms, conditions, and prices under which telecommunications services that are exempted, in whole or in part, from Sections 454, 489, 491, and 495 are being offered to subscribers.

(f) The commission, after notice and hearing if requested, may cancel, revoke, or suspend any exemption granted under subdivision (b) to any telephone corporation that fails to comply with any of the rules established by the commission pursuant to subdivision (c).

(g) Any telecommunications service exempted from the tariffing requirements of Sections 454, 489, 491, and 495 shall not be subject to the limitation on damages that applies to tariffed telecommunications services.

(h) The provisions of this section do not apply to commercial mobile services as defined by the Omnibus Budget Reconciliation Act of 1993 (Public Law 103-66).

SEC. 198. Section 739.3 of the Public Utilities Code is amended to read:

739.3. (a) The commission shall develop, implement, and maintain a suitable program to establish a fair and equitable local rate structure aided by transfer payments to small independent telephone corporations serving rural and small metropolitan areas. The purpose of the program shall be to promote the goals of universal telephone service and to reduce any disparity in the rates charged by those companies.

(b) For purposes of this section, small independent telephone corporations means those independent telephone corporations serving rural areas, as determined by the commission.

(c) The commission shall develop, implement, and maintain a suitable, competitively neutral, and broadbased program to establish a fair and equitable local rate support structure aided by transfer payments to telephone corporations serving areas where the cost of providing services exceeds rates charged by providers, as determined by the commission. The commission shall develop and implement the program on or before October 1, 1996. The purpose of the program shall be to promote the goals of universal telephone service and to reduce any disparity in the rates charged by those companies. The commission shall structure the program required by this subdivision so that the amount of each transfer payment reasonably equals the value of the benefits of universal service to the transferor entity and its subscribers. Except as otherwise explicitly provided, this subdivision does not limit the manner in which the commission collects and disburses funds, and does not limit the manner in which it may include or exclude the revenue of transferring entities in structuring the program.

(d) The commission shall investigate subsidy reduction, or elimination of subsidies in service areas with demonstrated competition.

(e) Not later than February 1, 2001, the Legislative Analyst shall conduct a review of the state's universal telephone service program, including subsequent modifications as appropriate, and report to the Governor and the Legislature as part of the Legislative Analyst's analysis of the Budget Bill to be issued in February 2001. In evaluating the program, the Legislative Analyst shall consider all of the following:

(1) The findings of the report required by subdivision (e).

(2) An assessment of whether any identified problems are issues that affect the continued implementation of this chapter or issues that warrant revisions of statutes or regulations.

(f) This section shall remain in effect until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2005, deletes or extends that date.

SEC. 199. Section 28767.3 of the Public Utilities Code is amended to read:

28767.3. Not later than October 12, 1974, the board shall adopt an affirmative action program approved by the Office of Federal Contract Compliance of the Department of Labor.

SEC. 200. Section 130292 of the Public Utilities Code is amended to read:

130292. (a) The project shall be coordinated by the statutorily created county transportation commission in whose jurisdiction the project is located. The county transportation commission shall consult with local traffic and law enforcement agencies, the Department of Transportation, and the Department of the California Highway Patrol on all aspects of the project in order to provide necessary coordination of the project with existing plans and programs.

(b) The county transportation commission shall make preliminary and final results of the demonstration project available to state and local public agencies for possible application throughout the state.

(c) The county transportation commission shall prepare and transmit to the Legislature, no later than one year after the completion of the project, a report of its findings, conclusions, and recommendations.

(d) The Department of Transportation shall reimburse the county transportation commission, from funds appropriated for projects pursuant to this article, for the costs incurred by the commission under this article.

(e) No money from the General Fund shall be used for the operation of a smart freeway corridor telecommunications project established as a demonstration project pursuant to this article after the demonstration project is completed.

SEC. 201. Section 132410 of the Public Utilities Code is amended to read:

132410. (a) The authority has all of the powers necessary for planning, acquiring, leasing, developing, jointly developing, owning, controlling, using, jointly using, disposing of, designing, procuring, and building the project, including, but not limited to, all of the following:

(1) Acceptance of grants, fees, and allocations from the state, local agencies, and private entities.

(2) Acquiring, through purchase or through eminent domain proceedings, any property necessary for, incidental to, or convenient for, the exercise of the powers of the authority.

(3) Incurring indebtedness, secured by pledges of revenue available for project completion.

(4) Contracting with public and private entities for the planning, design, and construction of the project. These contracts may be assigned separately or may be combined to include any or all tasks necessary for completion of the project.

(5) Entering into cooperative or joint development agreements with local governments or private entities. These agreements may be entered into for the purpose of sharing costs, selling or leasing land, air, or development rights, providing for the transferring of passengers, making pooling arrangements, or for any other purpose that is necessary for, incidental to, or convenient for the full exercise of the powers granted the authority. For purposes of this paragraph, ''joint development'' includes, but is not limited to, an agreement with any person, firm, corporation, association, or organization for the operation of facilities or development of projects adjacent to, or physically or functionally related to, the project.

(6) Relocation of utilities, as necessary for completion of the project.

(b) The duties of the authority include, but are not limited to, all of the following:

(1) Conducting the financial studies and the planning and engineering necessary for completion of the project.

(2) (A) Adoption of an administrative code, not later than 60 days after establishment of the authority, for administration of the authority in accordance with any applicable laws, including, but not limited to, the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), contracting and procurement laws, laws relating to contracting goals for minority and women business participation, and the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code).

(B) (i) The administrative code adopted under subparagraph (A) shall include a code of conduct for employees and board members that is consistent with Sections 84308 and 87103 of the Government Code and prohibits board members and staff from accepting gifts valued at ten dollars ($10) or more from contractors, potential contractors, or their subcontractors.

(ii) The code shall require the disclosure, on the record, of the proceedings by the officer of the agency who receives a contribution within the preceding 24 months in an amount of more than two hundred fifty dollars ($250) from a party or participant to a proceeding, and the disclosure by the party or participant.

(iii) The code shall provide that no officer of the agency shall make, participate in making, or in any way attempt to use his or her official position to influence the decision in a proceeding, as described in Section 84308 of the Government Code, if the officer has willfully or knowingly received a contribution in the amount of more than two hundred fifty dollars ($250) within the preceding 24 months from a party or his or her agent, or from any participant or his or her agent if the participant has a financial interest in the decision.

(iv) Any officer deemed ineligible to participate in a proceeding due to the provisions of this code of conduct may be replaced for the purposes of that proceeding by an appointee chosen by the appropriate appointing authority.

(v) Under the code of conduct, board members shall be deemed to have a financial interest in a decision within the meaning of Section 87100 of the Government Code if the decision involves the donor of, or intermediary or agent for a donor of, a gift or gifts aggregating ten dollars ($10) or more in value within the 12 months prior to the time the decision was made.

(c) The authority shall make reasonable progress, as determined by the commission, in the design and construction of the project within the timetable imposed under the 1998 State Transportation Improvement Program.

SEC. 203. Section 7273 of the Revenue and Taxation Code is amended to read:

7273. In addition to the amounts otherwise provided for preparatory costs, the board shall charge an amount for its services in administering the transactions and use tax determined by the board, with the concurrence of the Department of Finance, as follows:

(a) Beginning with the 1993–94 fiscal year, the amount charged shall be based on the total special taxing jurisdiction costs reflected in the annual Budget Act. This amount comprises the categories of direct, shared, and central agency costs incurred by the board and shall include the following:

(1) The amount charged to each entity shall be based on the recommendations incorporated in the March 1992, report by the Auditor General entitled ''The Board of Equalization Needs To Adjust Its Model For Setting Reimbursement Rates For Special Tax Jurisdictions.''

(2) The amount charged may be adjusted in the current fiscal year to reflect the difference between the board's budgeted costs and any significant revised estimate of costs. Any adjustment shall be subject to budgetary controls included in the Budget Act. Prior to any adjustment, the Department of Finance shall notify the Chairperson of the Joint Legislative Budget Committee not later than 30 days prior to the effective date of the adjustment.

(3) For the 1995–96 fiscal year and each fiscal year thereafter, the amount charged shall be adjusted to reflect the difference between the board's recovered costs and the actual costs incurred by the board during the fiscal year two years prior.

(b) The board shall, by June 1 of each year, notify districts of the amount that it anticipates will be assessed for the next fiscal year. The districts shall be notified of the actual amounts that will be assessed within 30 days after enactment of the Budget Act for that fiscal year.

(c) The amount charged a transactions and use tax district that becomes operative during the fiscal year shall be estimated for that fiscal year based on that district's proportionate share of direct, indirect, and shared costs.

(d) The amounts determined by subdivision (a) shall be deducted in equal amounts from the quarterly allocation of taxes collected by the board for a given district.

(e) For the 1998–99 fiscal year and each fiscal year thereafter, the amount charged to a district by the board shall not exceed the lesser of the amount as a percentage of revenue the board would have charged for the 1998–99 fiscal year, or the first full year of a new district's operations under this section as it read prior to the amendments made by the act adding this subdivision, or the following percentages:

(1) For districts imposing a transactions and use tax of one-half of 1 percent or greater, the amount charged by the board shall not exceed 1.5 percent, for the 1998–99 fiscal year and each fiscal year thereafter.

(2) Beginning with the 1998–99 fiscal year and in each fiscal year thereafter, the amount charged to a district imposing a transactions and use tax ranging from one-quarter of 1 percent up to but less than one-half of 1 percent shall not exceed 3 percent.

(3) Beginning with the 1998–99 fiscal year and in each fiscal year thereafter, the amount charged to a district imposing a transactions and use tax below one-quarter of 1 percent shall not exceed 5 percent.

SEC. 205. Section 100 of the Streets and Highways Code is amended to read:

100. Using existing resources, the department shall monitor the cumulative impact of fragmented gaps in the state highway system to identify safety and long-term maintenance issues.

SEC. 206. Section 1965 of the Streets and Highways Code is repealed.

SEC. 207. Section 30796.9 of the Streets and Highways Code is amended to read:

30796.9. (a) The San Diego Association of Governments shall deposit thirty-three million dollars ($33,000,000) in the Toll Bridge Seismic Retrofit Account in the State Transportation Fund.

(b) Maintenance of the San Diego-Coronado Bridge shall be funded by the state pursuant to Section 188.4.

(c) Of the thirty-three million dollars ($33,000,000) in local funds to be paid by the San Diego Association of Governments as the local toll authority for the San Diego-Coronado Bridge, not less than ten million dollars ($10,000,000) shall be paid from local toll revenue reserve funds. The balance of funds shall be paid from toll bridge revenue bonds, as specified in Section 30796.10, supported by toll revenue. This revenue shall consist of the net toll revenue gained from shifting the cost of

bridge maintenance to be funded by the state pursuant to Section 188.4 and by all or part of the remaining toll revenues.

SEC. 208. Section 30895 of the Streets and Highways Code is repealed.

SEC. 209. Section 30950.3 of the Streets and Highways Code is amended to read:

30950.3. (a) The authority, with the concurrence of the department, shall prepare and adopt a long-range plan for the completion of all projects identified in subdivisions (a), (c), and (d) of Section 30913 and in subdivision (a) of Section 30914.

(b) The authority shall not allocate any toll revenues for any capital improvement projects, except those projects included in the long-range plan required under subdivision (a) and those projects funded pursuant to Article 3.5 (commencing with Section 30880) of Chapter 3.

(c) The authority shall give first priority to projects and expenditures that are deemed necessary by the department to preserve and protect the bridge structures.

SEC. 210. Section 30961 of the Streets and Highways Code is amended to read:

30961. Toll bridge revenue bonds shall be issued pursuant to a resolution adopted at any time, and from time to time, by the authority by a majority vote of all members of the authority.

(a) The authority may from time to time issue bonds in accordance with the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), for the purpose of constructing, improving, or equipping any of the bridges or for any of the purposes authorized by this chapter, Chapter 4 (commencing with Section 30910), or Chapter 4.5 (commencing with Section 31000). Operation of the bridges or any grouping or units thereof shall constitute an ''enterprise'' within the meaning of Section 54309 of the Government Code, and the authority shall constitute a ''local agency'' within the meaning of Section 54307 of the Government Code. Article 3 (commencing with Section 54380) of Chapter 6 of Part 1 of Division 2 of Title 5 of the Government Code shall not apply to the issuance and sale of bonds pursuant to this chapter. Instead, the authority shall authorize the issuance of bonds by resolution, and that resolution shall specify all of the following:

(1) The purposes for which the bonds are to be issued.

(2) The maximum principal amount of the bonds.

(3) The maximum term for the bonds or commercial paper.

(4) The maximum rate of interest to be payable upon the bonds or commercial paper. That interest rate shall not exceed the maximum rate specified in Section 53531 of the Government Code. The rate may be

either fixed or variable and shall be payable at the times and in the manner specified in the resolution.

(b) The authority shall keep full, complete, and separate accounts of each toll bridge and shall annually prepare balance sheets and income and profit and loss statements showing the financial condition of each toll bridge.

SEC. 211. Section 1088.7 of the Unemployment Insurance Code is repealed.

SEC. 212. Section 1274.05 of the Unemployment Insurance Code is repealed.

SEC. 213. Section 5007 of the Unemployment Insurance Code is amended to read:

5007. A registrant certified by the SAU pursuant to Section 11300 of the Welfare and Institutions Code shall accept assignment to employment or WIN training as determined appropriate by the department or face deregistration action. The following standards shall be met before the department requires any such individual to accept a work or training assignment:

(a) All assignments for those in WIN training shall be within the scope of an individual's employability plan. This plan may be modified to reflect changed employment conditions.

(b) To the extent permitted by federal law, an Aid to Families with Dependent Children—Family Group recipient who is required to register for the WIN program because he or she is enrolled in school for at least 12 units of credit shall be deemed unsuitable for participation in the WIN program components such as community work experience and job training, as long as the recipient's youngest child is under six years old and the program confers a post secondary degree, vocational certificate, or high school diploma.

(c) The job or training assignment shall be related to the capability of the individual to perform the task on a regular basis. Any claim of adverse effect on physical or mental health shall be based on an adequate medical testimony from a physician or licensed or certified psychologist indicating that participation would impair the individual's physical or mental health.

(d) The total daily commuting time to and from home to the work or training site to which the individual is assigned shall not normally exceed two hours, not including the transporting of a child to and from a child care facility, unless a longer commuting distance and time is generally accepted in the community, in which case the round trip commuting time shall not exceed the generally accepted community standards.

(e) When child care is required, it shall meet the standards specified in applicable federal law and shall be available during the hours the

individual is engaged in a WIN component or manpower activity, plus any additional necessary commuting time.

(f) The work or training site to which the individual is assigned shall not be in violation of applicable federal, state, and local health and safety standards.

(g) Assignments shall not be made which are discriminatory in terms of age, sex, race, creed, color, or national origin.

(h) The individual shall not be referred to work or training unless supportive and manpower services necessary for participation are available. The cessation or withdrawal of such necessary services while the individual is in a WIN component shall constitute good cause for refusal to participate.

(i) The quality of the training shall meet local employers' requirements so that the individual will be in a competitive position within the local labor market. The training shall also be likely to lead to employment which will meet the appropriate work criteria.

SEC. 214. Section 5202 of the Unemployment Insurance Code is repealed.

SEC. 215. Section 9614 of the Unemployment Insurance Code is repealed.

SEC. 216. Section 9616 of the Unemployment Insurance Code is amended to read:

9616. (a) The department, in coordination with the United States Department of Defense and the various branches of the military of the United States, shall determine which military occupational specialties have civilian counterpart jobs that require licensure by state or local agencies.

(b) The department shall further determine, to the degree possible, if any procedural, financial, technological, educational, or bureaucratic barriers exist that impede military personnel reentering the civilian workforce from acquiring these licenses.

(c) The department shall implement this section only to the extent federal funds are available for the costs of implementation.

SEC. 217. Section 9616.1 of the Unemployment Insurance Code is amended to read:

9616.1. (a) The department shall convene groups that represent local department field offices, county welfare departments, service delivery areas, and community colleges for the purpose of developing a local plan on how these entities will regularly coordinate employer outreach activities and the solicitation of entry-level and other job listings, in order to reduce duplication of effort and to enhance the overall job development activities in each county. Each local plan shall be signed by the local entities convened pursuant to this subdivision and submitted to the department.

(b) The entities involved in formulating each local plan and the department shall review each plan on at least an annual basis.

SEC. 218. Section 9616.5 of the Unemployment Insurance Code is repealed.

SEC. 219. Section 10522 of the Unemployment Insurance Code is repealed.

SEC. 220. Section 10532 of the Unemployment Insurance Code is amended to read:

10532. (a) The California Occupational Information Coordinating Committee shall develop and annually revise a plan for the use of available resources to design and implement a statewide comprehensive labor market and occupational supply and demand information system as specified in Section 1535 of Title 29 of the United States Code. The plan shall be submitted to the California Workforce Investment Board no later than May 1 of each year. The plan and the comments by the board shall be submitted to the Governor and the Legislature no later than June 30 of each year.

(b) The plan shall, at the minimum, include the following:

(1) The proposed design of a labor market and occupational supply and demand information system for this state, meeting the requirements of Section 1535 of Title 29 of the United States Code.

(2) Proposed activities in implementing the labor market and occupational supply and demand information system for the fiscal year.

(3) The amount and proposed use of each funding source available for the labor market and occupational supply and demand information system.

(c) The California Occupational Information Coordinating Committee shall seek and obtain funds or in-kind contributions to the maximum extent possible from the National Occupational Information Coordinating Committee and other federal, state, and private sources, and may accept and use any such funds or in-kind contributions for the purposes of this section.

(d) The California Occupational Information Coordinating Committee shall act as an advisory body to the Employment Development Department in the department's operation of the State-Local Cooperative Labor Market Information Program.

SEC. 221. Section 15037 of the Unemployment Insurance Code is amended to read:

15037. The California Workforce Investment Board shall:

(a) Review and comment on the state workforce development plan developed pursuant to Section 11011.

(b) Develop and recommend to the Governor a coordination and special services plan, which includes a dislocated workers assistance

plan, in accordance with Chapter 4.5 (commencing with Section 10510) of Part 1 of Division 3.

(c) Recommend to the Governor local service delivery areas. To the extent permitted by federal law, designation of service delivery areas shall reflect the intent of the Legislature to integrate and coordinate employment and training services, public assistance programs, and other educational and training efforts as may exist which are designed to assist individuals in preparing for participation in the labor force.

(d) To the extent permitted by federal law, establish policies which shall be followed by the department in performing all of the following functions:

(1) Approval of local service delivery area plans.

(2) Establishment of standards, criteria, and reporting requirements established by the department pursuant to this division with respect to local service delivery area plans.

(3) Allocation of funds for local service delivery area plans, including funds for plans submitted under Chapter 7.5 (commencing with Section 15075).

(e) Plan, review and approve the allocation, recapture, and reallocation of federal funds received by the state pursuant to the federal Job Training Partnership Act. Funds received by the state in accordance with Sections 202(c)(1)(C) and 262 (c)(1)(C) of that act shall be allocated to the Superintendent of Public Instruction as necessary to meet the need determined by the superintendent pursuant to Section 33117.5 of the Education Code. The board shall be deemed to have approved the disbursement of funds when the Governor approves a decision of the board specifying a budget for an authorized program or activity and designating the department or agency responsible for the expenditure of the budgeted funds. An agreement shall be entered into between the Employment Development Department and the State Department of Education and shall provide that Job Training Partnership Act funds provided for the purposes of Section 33117.5 of the Education Code shall be utilized for payment to local educational agencies.

(f) Review and approve the annual labor market and occupational supply and demand information plan developed pursuant to Section 10532.

(g) Consider and advise the director on all matters connected with the administration of this code as submitted to it by the director, and may upon its own initiative recommend changes in administration as it deems necessary.

(h) Review and comment to the Governor and the Legislature on the annual report prepared in accordance with Section 15064.

(i) Serve as the body responsible for making recommendations to the Governor when the director proposes to withdraw funding pursuant to Section 15028.

SEC. 222. Section 15076.5 of the Unemployment Insurance Code is amended to read:

15076.5. The California Workforce Investment Board shall do all of the following:

(a) Be the lead state agency to establish policies for:

(1) Alleviating adverse conditions that might cause plant closures and, where closures are unavoidable, assisting local efforts to secure alternative employment and retraining opportunities for displaced workers.

(2) Marshaling available state and federal resources to aid workers and communities affected by major plant closures and to foster long-term economic vitality, industrial growth, and job opportunities.

(3) Integrating appropriate activities of the Trade and Commerce Agency, the Employment Development Department, the Employment Training Panel, the Department of Industrial Relations, the State Department of Education, the Chancellor's Office of the California Community Colleges, and the Governor's Office of Planning and Research with the State Dislocated Worker Unit.

(4) Collection of data and preparation of economic analyses and reporting, intended to provide better and more detailed assessments of future trends within the industrial, commercial, and agricultural sectors of the economy.

(b) Review and comment on the plans for displaced worker assistance programs submitted pursuant to Section 15076.

(c) Recommend to the Governor necessary components of state plans under the jurisdiction of other state offices, departments, or agencies that administer programs appropriate for coordination with dislocated worker assistance programs authorized by this chapter.

(d) Review and make recommendations to the Governor and the Legislature regarding changes needed in current federal and state statutes and programs in order to minimize adverse consequences of plant closures and promote rapid reemployment of workers and revitalization of communities.

SEC. 223. Section 17002 of the Unemployment Insurance Code is amended to read:

17002. In carrying out the provisions of this division, the department shall conduct activities including, but not limited to, the following:

(a) Establish a council of corporate executives consisting of 13 members drawn from the business community including, but not limited to, retired or former chief executive officers of major California

corporations. Seven members shall be appointed by the Governor, three shall be appointed by the Senate Committee on Rules, and three shall be appointed by the Speaker of the Assembly. Appointments shall be made no later than January 31, 1998. This council shall provide ongoing advice and assistance to the department in recruiting private employers to hire recipients of aid.

(b) In consultation with the council described in subdivision (a), establish a clearinghouse for information on the Internet or other forms of toll-free communication for private sector employers to obtain information about assistance and resources for hiring CalWORKs recipients and to register their pledges to assist the state in finding the jobs necessary to meet the local welfare-to-work goals throughout the state.

(c) In consultation with the council described in subdivision (a), provide a forum for leaders in the faith-based communities, as well as other civic leaders, to assist the state in promoting welfare-to-work goals as part of the civic duty of their constituents.

SEC. 224. Section 1810.7 of the Vehicle Code is amended to read:

1810.7. (a) Except as provided in Sections 1806.5, 1808.2, 1808.4, 1808.5, 1808.7, and 1808.21, the department may, by special permit, authorize any person to access the department's electronic data base, as provided for in this section, for the purpose of obtaining vehicle registration information for commercial use.

(b) The department may limit the number of permits issued under this section, and may restrict, or establish priority for, access to its files as the department deems necessary to avoid disruption of its normal operations, or as the department deems is in the best interest of the public.

(c) The department may establish minimum volume levels, audit and security standards, and technological requirements, or any terms and conditions it deems necessary for the permits.

(d) As a condition of issuing a permit pursuant to this section, the department shall require each direct-access permittee to file a performance bond or other financial security acceptable to the department, in an amount the department deems appropriate.

(e) The department shall charge fees for direct-access service permits, and shall charge fees pursuant to Section 1811 for any information copied from the files.

(f) The department shall ensure that information provided pursuant to this section includes only the public portions of records.

(g) The director shall, on and after January 1, 1992, report every three years to the Legislature on the implementation of this section. The report shall include the number and location of direct-access permittees, the volume and nature of direct-access inquiries, procedures the department

has taken to ensure the security of its files, and the costs and revenues associated with the project.

(h) The department shall establish procedures to ensure confidentiality of any records of residence addresses and mailing addresses as required by Sections 1808.21, 1808.22, 1808.45, 1808.46, and 1810.2.

SEC. 226. Section 2936 of the Vehicle Code is repealed.

SEC. 227. Section 5023 of the Vehicle Code is amended to read:

5023. (a) Any person described in Section 5101 may also apply for a set of commemorative Olympic reflectorized license plates and the department shall issue those special license plates in lieu of regular license plates. The commemorative Olympic reflectorized license plates shall be of a distinctive design and shall be available in a special series of letters or numbers, or both, as determined by the department after consultation with the United States Olympic Committee.

(b) In addition to the regular fees for an original registration or renewal of registration, the following special fees shall be paid:

(1) Fifty dollars ($50), inclusive of any administrative fees, for the initial issuance of the special plates.

(2) Fifteen dollars ($15) for the transfer of the special plates to another vehicle.

(3) Thirty-five dollars ($35) for duplicate, replacement commemorative Olympic reflectorized license plates of the same number in the series.

(4) Thirty dollars ($30) for the annual renewal of the special plates.

(c) When payment of renewal fees is not required as specified in Section 4000, or when the person determines to retain the plates upon sale, trade, or other release of the vehicle upon which the special plates have been displayed, the person shall notify the department and the person may retain the special plates.

(d) All revenue derived from the additional special fees provided in this section, less costs incurred by the department pursuant to this section, shall be deposited in the California Olympic Training Account in the General Fund established pursuant to Section 7592 of the Government Code.

SEC. 228. Section 14602.1 of the Vehicle Code is amended to read:

14602.1. Every state and local law enforcement agency, including, but not limited to, city police departments and county sheriffs' offices, shall report to the Department of the California Highway Patrol, on a form approved by that department, all vehicle pursuit data, which shall include, but not be limited to, all of the following:

(a) Whether any person involved in a pursuit or a subsequent arrest was injured, specifying the nature of that injury.

(b) The violations which caused the pursuit to be initiated.

(c) The identity of the officers involved in the pursuit.

(d) The means or methods used to stop the suspect being pursued.

(e) The charges filed with the court by the district attorney.

SEC. 229. Section 35581 of the Vehicle Code is amended to read:

35581. (a) The Department of Transportation, in cooperation with the Department of the California Highway Patrol, shall develop a plan for implementing or identifying new or existing scale facilities at major intermodal terminals which may serve as intermodal weighing facilities for weighing commercial vehicles which transport intermodal freight, prior to their entry onto any highway which is not specifically exempted from weight limitations by a local authority. The plan shall include consideration of options for financing the construction of required intermodal weighing facilities. The plan shall be submitted to the Legislature not later than August 1, 1989.

(b) The Department of Transportation may enter into agreements with local authorities or private entities to provide for exemption from weight restrictions for short distance movement to an intermodal weighing facility.

SEC. 230. Section 232 of the Water Code is repealed.

SEC. 230.1. Section 8610 of the Water Code is amended to read:

8610. The board shall offer to lease to the Department of Fish and Game, or to an appropriate public resource protection or public conservation agency or organization approved by the Department of Fish and Game and the board, any lands it acquires as replacement habitat as mitigation for adverse environmental impacts of its projects. The lease agreement shall ensure that these lands are managed to provide the mitigation for which they were acquired and shall include, but not be limited to, provisions for funding management of those lands. Funds for management of those lands may include, but are not limited to, funds appropriated by the Legislature to the Department of Water Resources, the Reclamation Board, or the Department of Fish and Game, and funds available from local entities. The lease agreement shall reserve the authority of the board to carry out necessary flood control activities and mitigate adverse environmental impacts.

SEC. 230.2. Section 10010 of the Water Code is repealed.

SEC. 230.3. Section 10756 of the Water Code is repealed.

SEC. 230.4. Section 11156 of the Water Code is repealed.

SEC. 230.5. Section 11912 of the Water Code is amended to read:

11912. The department, in fixing and establishing prices, rates, and charges for water and power, shall include as a reimbursable cost of any state water project an amount sufficient to repay all costs incurred by the department, directly or by contract with other agencies, for the preservation of fish and wildlife and determined to be allocable to the costs of the project works constructed for the development of such water

and power, or either. Costs incurred for the enhancement of fish and wildlife or for the development of public recreation shall not be included in the prices, rates, and charges for water and power, and shall be nonreimbursable costs.

SEC. 230.6. Section 12308 of the Water Code is repealed.

SEC. 230.7. Section 12830 of the Water Code is amended to read:

12830. The department may refuse to make any order for the reallocation of any of the funds if the provisions of this chapter are violated.

SEC. 230.8. Section 12875 of the Water Code is amended to read:

12875. The department may refuse to make any order for the reallocation of any of the funds if the provisions of this chapter are violated.

SEC. 230.9. Section 12879.5 of the Water Code is amended to read:

12879.5. (a) The sum of twenty million dollars ($20,000,000) of the money in the fund shall be deposited in the Local Water Projects Assistance Account and shall be available for loans to local agencies to aid in the construction of eligible projects.

(b) No eligible project may receive more than five million dollars ($5,000,000) in loans from the department.

(c) In the administration of this section, the department and the California Water Commission shall give preference to projects involving the development of new basic water supplies which may include the enlargement of existing dams and reservoirs, and for projects that will remedy existing water supply problems. The department and the California Water Commission shall set priority for loans pursuant to this section on the basis of the cost-effectiveness of the proposed project, with the most cost-effective projects receiving highest priority.

(d) If the water supply function of a dam and reservoir facility is operationally limited or eliminated for dam safety purposes, pursuant to Part 1 (commencing with Section 6000) of Division 3, the department and the California Water Commission may give consideration to projects which would rehabilitate the dam and reservoir for water supply purposes. The rehabilitation of facilities may include comparable replacement facilities.

(e) The department shall not make loans pursuant to this section for otherwise eligible projects whose benefits are more than 50 percent derived from hydroelectric generation, as determined by the department.

(f) The department may make loans to local agencies, at the interest rates authorized pursuant to this chapter and pursuant to any terms and conditions as may be determined necessary by the department, for the purposes of financing feasibility studies of projects potentially eligible for funding pursuant to this section. No single potential project shall be eligible to receive more than five hundred thousand dollars ($500,000),

and not more than 10 percent of the total amount of bonds authorized to be expended for purposes of this section may be expended for those purposes.

SEC. 231. Section 12890.4 of the Water Code is amended to read:

12890.4. The department shall keep full and complete records and accounts concerning all of its transactions under this chapter.

SEC. 231.5. Section 12928.5 of the Water Code is repealed.

SEC. 232. Section 12929.47 of the Water Code is repealed.

SEC. 232.1. Section 12939 of the Water Code is amended to read:

12939. Upon the written request of the board, supported by a statement of the expenditures made and to be made for the State Water Resources Development System, the committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter in order to make those expenditures and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to make those expenditures progressively and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

SEC. 232.2. Section 13467 of the Water Code is repealed.

SEC. 232.3. Section 14014 of the Water Code is repealed.

SEC. 232.4. Section 14919 of the Water Code is repealed.

SEC. 233. Section 366.28 of the Welfare and Institutions Code is repealed.

SEC. 234. Section 4640.6 of the Welfare and Institutions Code is amended to read:

4640.6. (a) In approving regional center contracts, the department shall ensure that regional center staffing patterns demonstrate that direct service coordination are the highest priority.

(b) Contracts between the department and regional centers shall require that regional centers implement an emergency response system that ensures that a regional center staff person will respond to a consumer, or individual acting on behalf of a consumer, within two hours of the time an emergency call is placed. This emergency response system shall be operational 24 hours per day, 365 days per year.

(c) Contracts between the department and regional centers shall require regional centers to have service coordinator-to-consumer ratios, as follows:

(1) An average service coordinator-to-consumer ratio of one to 62 for all consumers who have not moved from the developmental centers to the community since April 14, 1993. In no case shall a service coordinator for these consumers have an assigned caseload in excess of 79 consumers for more than 60 days.

(2) An average service coordinator-to-consumer ratio of one to 45 for all consumers who have moved from a developmental center to the

community since April 14, 1993. In no case shall a service coordinator for these consumers have an assigned caseload in excess of 59 consumers for more than 60 days.

(d) For purposes of this section, ''service coordinator'' means a regional center employee whose primary responsibility includes preparing, implementing, and monitoring consumers' individual program plans, securing and coordinating consumer services and supports, and providing placement and monitoring activities.

(e) In order to ensure that caseload ratios are maintained pursuant to this section, each regional center shall provide service coordinator caseload data to the department in September and March of each fiscal year, commencing in the 1999-2000 fiscal year. The data shall be submitted in a format prescribed by the department. Within 30 days of receipt of data submitted pursuant to this subdivision, the department shall make a summary of the data available to the public upon request. The department shall verify the accuracy of the data when conducting regional center fiscal audits. Data submitted by regional centers pursuant to this subdivision shall:

(1) Only include data on service coordinator positions as defined in subdivision (d). Regional centers shall identify the number of positions that perform service coordinator duties on less than a full-time basis. Staffing ratios reported pursuant to this subdivision shall reflect the appropriate proportionality of these staff to consumers served.

(2) Be reported separately for service coordinators whose caseload primarily includes any of the following:

(A) Consumers who are three years of age and older and who have not moved from the developmental center to the community since April 14, 1993.

(B) Consumers who have moved from a developmental center to the community since April 14, 1993.

(C) Consumers who are younger than three years of age.

(3) Not include positions that are vacant for more than 60 days.

(f) The department shall provide technical assistance and require a plan of correction for any regional center that, for two consecutive reporting periods, fails to maintain service coordinator caseload ratios required by this section or otherwise demonstrates an inability to maintain appropriate staffing patterns pursuant to this section. Plans of correction shall be developed following input from the local area board, local organizations representing consumers, family members, regional center employees, including recognized labor organizations, and service providers, and other interested parties.

(g) Contracts between the department and regional center shall require the regional center to have, or contract for, all of the following areas:

(1) Criminal justice expertise to assist the regional center in providing services and support to consumers involved in the criminal justice system as a victim, defendant, inmate, or parolee.

(2) Special education expertise to assist the regional center in providing advocacy and support to families seeking appropriate educational services from a school district.

(3) Family support expertise to assist the regional center in maximizing the effectiveness of support and services provided to families.

(4) Housing expertise to assist the regional center in accessing affordable housing for consumers in independent or supportive living arrangements.

(5) Community integration expertise to assist consumers and families in accessing integrated services and supports and improved opportunities to participate in community life.

(6) Quality assurance expertise, to assist the regional center to provide the necessary coordination and cooperation with the area board in conducting quality-of-life assessments and coordinating the regional center quality assurance efforts.

(7) Each regional center shall employ at least one consumer advocate who is a person with developmental disabilities.

(8) Other staffing arrangements related to the delivery of services that the department determines are necessary to ensure maximum cost-effectiveness and to ensure that the service needs of consumers and families are met.

(h) Any regional center proposing a staffing arrangement that substantially deviates from the requirements of this section shall request a waiver from the department. Prior to granting a waiver, the department shall require a detailed staffing proposal, including, but not limited to, how the proposed staffing arrangement will benefit consumers and families served, and shall demonstrate clear and convincing support for the proposed staffing arrangement from constituencies served and impacted, that include, but are not limited to, consumers, families, providers, advocates, and recognized labor organizations. In addition, the regional center shall submit to the department any written opposition to the proposal from organizations or individuals, including, but not limited to, consumers, families, providers, and advocates, including recognized labor organizations. The department may grant waivers to regional centers that sufficiently demonstrate that the proposed staffing arrangement is in the best interest of consumers and families served, complies with the requirements of this chapter, and does not violate any contractual requirements. A waiver shall be approved by the department for up to 12 months, at which time a regional center may submit a new request pursuant to this subdivision.

(i) The requirements of subdivisions (c), (f), and (h) shall not apply when a regional center is required to develop an expenditure plan pursuant to Section 4791, and when the expenditure plan addresses the specific impact of the budget reduction on staffing requirements and the expenditure plan is approved by the department.

SEC. 235. Section 4669.75 of the Welfare and Institutions Code is amended to read:

4669.75. (a) Any proposal approved by the department pursuant to this article may be implemented immediately upon approval. Prior to submitting a proposal to the department, the regional center shall conduct a public hearing to receive comments on the proposal. Notice of the public hearing shall be given at least 10 business days in advance of the hearing. The public hearing shall be conducted in accordance with this section.

(b) Notice shall include a summary of the proposal, analysis of the effect of the proposal upon the regional center budget and the state budget, the impact on regional center services, and the impact on consumers served under the proposal, and a list of the statutes and regulations that will be waived under the proposal. No proposal approved under this article shall authorize a regional center to implement proposals that have not met all the requirements of this article. The department may not delegate its authority to review and approve proposals in accordance with this article.

(c) Each written comment submitted prior to the close of the final public hearing, and a summary of verbal testimony received, shall be considered by the regional center, and a summary of the responses to all comments shall be submitted as part of the proposal to the department. These comments and responses shall be made available, along with the proposal, for public review.

(d) A service delivery alternative shall be required to be implemented within the existing regional center funding allocation and shall be cost-effective to the state. No additional allocation shall be made to permit a regional center to implement a service delivery alternative. No proposal approved under this article shall authorize or give authority to a regional center to go forward with any other specific action or proposal that has not met all of the requirements of this article. The department may not delegate its authority to review and approve proposals in accordance with this article to a regional center or any other entity.

(e) Proposals approved by the department shall meet freedom of choice requirements pursuant to the assurances required in the home- and community-based services waiver under Section 1396n of Title 42 of the United States Code.

SEC. 236. Section 5586 of the Welfare and Institutions Code is repealed.

SEC. 237. Section 5673 of the Welfare and Institutions Code is amended to read:

5673. (a) A five-year pilot program is hereby authorized in Napa County and Riverside County to establish a 15-bed locked facility in each county, for the provision of community care and treatment for mentally disordered persons who are placed in a state hospital or another health facility because no community placements are available to meet the needs of these patients. It is the intent of the Legislature to carefully evaluate this specific approach to determine its potential for replication in other limited jurisdictions. Participation in this pilot program by the two counties shall be on a voluntary basis. The pilot program shall be implemented notwithstanding the following licensure requirements enforced by the State Department of Social Services:

(1) Subdivision (a) of Section 1502 of the Health and Safety Code, which defines a community care facility as providing nonmedical care.

(2) Subdivision (a) of Section 1505 of the Health and Safety Code, which exempts any health facility, as defined by Section 1250 of the Health and Safety Code, from licensure under the California Community Care Facilities Act (Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code).

(3) Section 1507 of the Health and Safety Code, which limits the provision of medical services in community care facilities to incidental medical services.

(4) Paragraph (5) of subdivision (a) of Section 80001 of Title 22 of the California Code of Regulations, which states that an adult residential facility provides nonmedical care.

(5) Paragraph (7) of subdivision (a) of Section 80072 of Title 22 of the California Code of Regulations, which relates to a client's right not to be locked in any room, building, or facility premises. However, for purposes of this section, a client shall not be locked in any room.

(b) Clients provided care within these pilot facilities shall be conservatees as defined by Section 5350 who, prior to the establishment of this program, either received care at a state hospital or were placed in facilities for the mentally disordered.

(c) Standards for services provided shall be developed by each county mental health director, in consultation with, and approved by, the State Department of Mental Health and monitored regularly by the department for compliance with these standards. These services shall be on a 24-hour basis in a therapeutic homelike environment. The services shall cover the full range of the social rehabilitation model concept, including, but not limited to, the following:

(1) Counseling.

(2) Day treatment.

(3) Crisis intervention.

(4) Vocational training.

(5) Medication evaluation and management by a licensed physician and other licensed professional and paraprofessional staff who possess a valid license or certificate to perform this function.

(d) Administration of medication and monitoring of medication shall occur notwithstanding statutory and regulatory licensure requirements for community care facilities to the contrary. Standards for use of medications shall be developed and monitored by the State Department of Mental Health.

(e) The facilities shall be licensed and monitored by the State Department of Social Services and shall comply with all licensing requirements except those specifically exempted by this section. In addition, no less than 75 square feet of outdoor space per client shall be made available for client use. The State Department of Social Services shall conduct inspections of the facilities pursuant to Section 1533 of the Health and Safety Code and shall be given immediate access to the facilities.

(f) In staffing the pilot program, each county board of supervisors shall give full consideration to each potential means of implementation, including, but not limited to, the clinical, programmatic, and economic benefits and advantages of each alternative. The pilot program shall meet all of the staffing criteria of subdivision (b) of Section 5670.5. The staff shall use and document the actions of a multidisciplinary professional consultation staff to meet the specific diagnostic and treatment needs of clients. The staff shall include, but need not be limited to, a licensed psychiatrist, a psychologist, a social worker, and a psychiatric technician. The staff may also include a licensed vocational nurse. One or more of the following licensed professionals shall be present at the facility at all times:

(1) A psychiatrist or psychologist.

(2) A registered psychiatric nurse.

(3) A psychiatric technician.

(4) A licensed vocational nurse.

(g) Protocols and training shall be established for licensed vocational nurses employed by these facilities.

(h) The State Department of Mental Health shall certify the program content in each county and monitor the program's functions on a regular basis and the State Department of Social Services shall regularly evaluate the facilities in accord with its statutory and regulatory licensure functions, pursuant to subdivisions (d) and (e).

(i) The pilot program shall be deemed successful if it demonstrates both of the following:

(1) That costs of the program are no greater than public expenditures for providing alternative services to the clients served by the program.

(2) That the benefit to the clients, as described in subdivision (h), is improved by the program.

(j) Commencement of the pilot program in each county pursuant to this section shall be contingent upon the county and the department identifying funds for this purpose, as described in a financial plan that is approved in advance by the Department of Finance.

SEC. 238. Section 10603.3 of the Welfare and Institutions Code is repealed.

SEC. 239. Section 10609.5 of the Welfare and Institutions Code is amended to read:

10609.5. (a) The department shall contract with an appropriate and qualified entity to conduct an evaluation of the adequacy of the current child welfare services budgeting methodology and make recommendations for revising the budgeting methodology, including appropriate caseload levels, supportive services, and preventative services, in order to accurately and adequately fund the system. This evaluation shall, at a minimum, consider the impact of the following factors on the budgeting methodology:

(1) The current state and federal statutory and regulatory environment for child welfare services.

(2) The state of the art advancements and best child welfare practice, such as family conferencing and wraparound services.

(3) The impact of the child welfare services case management system on the workload of workers in the system.

(4) The nature and degree of the problems experienced by families in need of child welfare services, and the service needs of abused and neglected children and their families.

(5) The impact on workload of obtaining timely medical, mental health, educational, and developmental assessments of children in the child welfare system, and coordinating with other systems to meet the children's needs.

(b) The department shall convene an advisory group that shall include representatives of the County Welfare Directors Association, the California State Association of Counties, child welfare services consumers, children's advocacy organizations, and child welfare social worker organizations. The advisory group shall do both of the following:

(1) Provide oversight over the process of selecting an entity to conduct an evaluation under subdivision (a).

(2) Provide oversight over, and technical assistance to, the entity selected to conduct the evaluation under subdivision (a).

SEC. 240. Section 10740 of the Welfare and Institutions Code is amended to read:

10740. It is hereby declared that provision for health care services and medical assistance in this code is a matter of statewide concern. The

State Department of Health Services is hereby designated as the single state agency with full power to supervise every phase of the administration of health care services and medical assistance for which grants-in-aid are received from the United States government or made by the state in order to secure full compliance with the applicable provisions of state and federal laws.

SEC. 241. Section 10790 of the Welfare and Institutions Code is amended to read:

10790. (a) The director, in consultation with the County Welfare Directors Association and at least one advocate for welfare recipients, shall establish, within the Aid to Families with Dependent Children (AFDC) program (Chapter 2 (commencing with Section 11200) of Part 3), and the Food Stamp Program (Chapter 10 (commencing with Section 18900) of Part 6), the Consolidated Public Assistance Eligibility Determination Demonstration Project.

(b) (1) The director shall, by formal order, waive the enforcement of those regulations and standards necessary to implement the project with federal approval, in order to implement the demonstration project.

(2) The order establishing the waiver authorized by paragraph (1) shall meet all of the following requirements:

(A) It shall provide alternative methods and procedures of eligibility administration.

(B) It shall not conflict with the basic purposes or coverage provided by law.

(C) The director shall determine, based on estimates, the impact of the proposed changes on AFDC and food stamp recipients. The order shall be implemented only if no more than 5 percent of the recipients are expected to experience a net benefit reduction.

(D) Applications for, and restorations of, aid shall be processed in the shorter of the time periods required for the AFDC and Food Stamp programs, when differences exist between the two programs.

(E) It shall not be general in scope and shall apply only to the project authorized by this section.

(3) The order establishing the waiver authorized by paragraph (1) shall take effect only if the appropriate federal agencies have agreed to approve the demonstration project and to waive those federal requirements that are necessary for waiver under the project.

(c) Applicants and recipients under this chapter shall be entitled to the same rights and fair hearings and appeals as those to which they would otherwise be entitled under the AFDC program (Chapter 2 (commencing with Section 11200) of Part 3) and the Food Stamp Program (Chapter 10 (commencing with Section 18900) of Part 6).

(d) The director shall include in the request for any waivers necessary for the implementation of this demonstration project the declaration that

if any of the specific elements, pursuant to Section 10791, are deemed unwaivable or are not granted, the other elements may be considered independently and waived as permitted under federal law.

(e) The director may exclude from the request for waivers any specific element, pursuant to subparagraph (D) of paragraph (2) of subdivision (b) of this section or Section 10791, determined to be not cost-effective due to significant General Fund costs.

SEC. 243. Section 11329 of the Welfare and Institutions Code is amended to read:

11329. (a) The department shall evaluate the program and shall collect data on program cost, caseload movement, and program outcomes, including data on all of the following:

(1) The numbers of voluntary and mandatory participants in each program component.

(2) The amount of time that each participant remains in each component and the types of services, including supportive services, each participant receives.

(3) The number of recipients in each component that move to each of the other components.

(4) The number of participants sanctioned as well as the amount and duration of the sanction, the reason for the sanction, and the amount of time the participant was in the program prior to the sanction.

(5) The number of participants who go off aid, and to the extent possible, the reason they have gone off aid.

(6) The number of applicants who reapplied for and received aid after having gone off aid during the time they were participating in the program.

(7) The starting salary of employed participants.

(8) Participants' job retention rates.

(9) The appropriateness of the categorization of participants.

(10) The appropriateness of assessments and employment plans.

(11) The appropriateness of preemployment preparation assignments, including a periodic review of the appropriateness of these assignments.

(12) The effectiveness of training components based upon the number of individuals placed in employment.

(13) The timeliness of preemployment preparation assignment reviews.

(14) The appropriateness of sanctions applied under this article.

(b) The department may use standard statistical sampling methods to conduct the evaluation. The department shall maintain this data for the state and for each county. The department may contract with a qualified organization for the evaluation required by this section. The department shall submit a plan for implementing this evaluation to the Joint

Legislative Budget Committee. To the extent possible, the data collection system for this evaluation shall be designed to collect data in the least expensive and least time-consuming manner possible.

SEC. 244. Section 11450.3 of the Welfare and Institutions Code is amended to read:

11450.3. (a) The director may establish, within the department, the Emergency Housing Apartment Program Demonstration Project.

(b) The director may, by formal order, waive the operation of specific provisions in paragraph (2) of subdivision (f) of Section 11450, as required for participation in the Emergency Housing Apartment Program Demonstration Project. The order establishing the waiver shall limit the operation of the demonstration project to San Francisco or Contra Costa County, or both, for no more than five years of operation, and shall not result in the reduction or elimination of any family's eligibility for assistance under paragraph (2) of subdivision (f) of Section 11450. The order establishing the waiver shall not take effect unless and until the following conditions have been met:

(1) The United States Department of Health and Human Services has approved federal financial participation for the demonstration project.

(2) A comprehensive plan, including an analysis of the expected costs and savings, has been published in a newspaper of general circulation in the county or counties conducting the demonstration project and filed with the policy and fiscal committees of each house of the Legislature.

(c) The county or counties participating in the demonstration project authorized by this section shall submit an annual report to the department on the demonstration project. The county or counties shall additionally collect and report any data and findings as required by the department and shall cooperate with the department in evaluating the demonstration project.

(d) It is the intent of the Legislature that funding for the demonstration project authorized by this section be contained in annual Budget Act appropriations.

SEC. 245. Section 11461.1 of the Welfare and Institutions Code is amended to read:

11461.1. It is the intent of the Legislature to ensure quality care for children who are placed in foster family homes. Therefore, the State Department of Social Services is directed to work with counties, foster parent associations, representatives of the community colleges, representatives of foster youth organizations, legislative staff members, and other interested parties concerning training requirements, experience, and retention of foster parents and the capacity of foster homes.

SEC. 246. Section 11487.5 of the Welfare and Institutions Code is amended to read:

11487.5. (a) Notwithstanding any other provision of law, including Sections 11487 and 15204.5, the department shall implement a program in any participating county whereby the county shall be reimbursed for overpayment recoveries under Section 11004 as follows:

(1) Reimbursement shall be made to a participating county based on a plan of operations for a program of overpayment recoveries that is approved by the department. No operating plan shall be approved by the department unless the plan contains assurances that the participating county will maintain a centralized unit or designate a person or persons to perform the overpayment recovery activities.

(2) Reimbursement shall be made for all allowable administrative costs incurred, as defined by the department, to make a recovery of overpayments under Section 11004, not to exceed the state's share of the overpayments recovered by the county.

(b) For purposes of this section, ''participating county'' means any county in which the welfare director applies to the department for participation in the program prescribed by this section.

(c) This section shall be implemented when both of the following have occurred:

(1) The federal government has made funding available for the activities described in this section.

(2) The Department of Finance has examined the annual projection of costs and savings for these activities certified by the director, and has determined that during each fiscal year in which the director proposes to implement these provisions the savings to the General Fund from increased overpayment recoveries equals or exceeds the additional costs to the state.

SEC. 247. Section 14017.1 of the Welfare and Institutions Code is amended to read:

14017.1. The Joint Legislative Audit Committee shall conduct an audit of one or more county eligibility departments.

SEC. 248. Section 14085.5 of the Welfare and Institutions Code is amended to read:

14085.5. (a) Each disproportionate share hospital contracting to provide services under this article or contracting with a county organized health system, and which has or would have met the state criteria developed pursuant to the federal medicaid requirements regarding disproportionate hospitals for the three most recent years prior to submitting final plans for an eligible project in accordance with subparagraph (C) of paragraph (1) of subdivision (b), may, in addition to the rate of payment provided for in the contract entered into under this article, receive supplemental reimbursement to the extent provided for in this section.

(b) (1) (A) A hospital qualifying pursuant to subdivision (a) shall submit documentation regarding debt service on revenue bonds used for financing the construction, renovation, or replacement of hospital facilities, including buildings and fixed equipment.

(B) Qualified hospitals may submit debt service instruments to the department and to the commission regarding debt issued for new capital projects.

(C) Eligible projects shall include those new capital projects funded by new debt for which final plans have been submitted to the Office of the State Architect and the Office of Statewide Health Planning and Development after September 1, 1988, and prior to June 30, 1994, except that projects submitted between September 1, 1988, and June 30, 1989, shall be eligible only if the submitting hospital had all of the following additional characteristics during the 1989 calendar year:

(i) No less than 400 general acute care licensed beds.

(ii) An average Medi-Cal patient census of not less than 30 percent of the total patient days.

(iii) No less than 50,000 emergency department visits.

(iv) An existing basic emergency department, obstetrical services, and a neonatal intensive care unit.

(D) The department shall confirm in writing hospital and project eligibility for partial financing under this section.

(E) Department advisory letters, conditioned on hospital and project conformity to plans, may be requested by hospitals prior to final plan submission.

(F) Capital projects receiving partial financing under this section shall finance the upgrading or construction of buildings and equipment to a level required by currently accepted medical practice standards, including projects designed to correct Joint Commission on Accreditation of Hospitals and Health Systems fire and life safety, seismic, or other related regulatory standards.

(2) Projects may also expand service capacity as needed to maintain current or reasonably foreseeable necessary bed capacity to meet the needs of Medi-Cal beneficiaries after giving consideration to bed capacity needed for other patients, including unsponsored patients.

(3) (A) Debt service shall only be paid for projects, or for that portion of projects, that are available and accessible to patients treated under this article or by successor programs.

(B) Each project shall cost at least five million dollars ($5,000,000) or, if less than five million dollars ($5,000,000), the project shall be necessary for retention of federal and state licensing and certification and for meeting fire and life safety, seismic, or other related regulatory standards.

(4) Supplemental reimbursement payments shall commence no later than 30 days after receipt of the certificate of occupancy by the hospital.

(5) (A) The state shall pledge to, and agree with, the holders of any revenue bonds issued to finance projects qualifying under this section that until debt service on the revenue bonds is fully paid, or until the supplemental rate is no longer required as provided by this section, the state will not limit or alter the rights vested in the hospital to receive supplemental reimbursement pursuant to this section.

(B) The state shall pledge, and the hospital shall, as a condition of encumbering supplemental reimbursement payments received pursuant to this section, pledge that supplemental reimbursement payments shall be used for the payment of debt service on the revenue bonds. The hospital shall include its pledge and the agreement with the state in any agreement with the holders of the revenue bonds.

(c) The hospital's supplemental reimbursement for a project qualifying pursuant to subdivisions (a) and (b) shall be calculated as follows:

(1) For any fiscal year for which the hospital is eligible to receive reimbursement, the hospital shall report to the department the amount of debt service on the revenue bonds issued to finance the project.

(2) (A) The department shall use the medicaid inpatient utilization rate as determined pursuant to Section 4112 of the Omnibus Budget Reconciliation Act of 1987 (Public Law 100-203) to determine the ratio of the hospital's total paid Medi-Cal patient days to total patient days.

(B) (i) Notwithstanding any other provision of law, in determining the hospital's medicaid inpatient utilization rate for the purposes of this section, the department shall include in both the numerator and denominator all Medi-Cal inpatient days of care provided by the hospital after December 31, 1994, to Medi-Cal beneficiaries who are enrolled in prepaid health plans contracting with the department. Where reliable data regarding those days are available from Medi-Cal prepaid health plans contracting with participating hospitals for services rendered prior to January 1, 1995, that data may be used by the department in the calculations.

(ii) For purposes of this section, Medi-Cal prepaid health plan programs, and the days relating thereto, shall include, but not be limited to, the programs listed in paragraph (1) of subdivision (b) of Section 14105.985, Section 14089, and any prepaid programs implemented under Section 14087.3, including the two-plan model described in the report issued on March 31, 1993, by the department, entitled ''The State Department of Health Services' Plan for Expanding Medi-Cal Managed Care: Protecting Vulnerable Populations.''

(3) (A) (i) The supplemental Medi-Cal reimbursement to the hospital for each fiscal year shall equal the amount determined annually

in paragraph (1) multiplied by the percentage figure determined in paragraph (2). In no instance shall the percentage figure determined pursuant to the ratio derived under paragraph (2) be decreased by more than 10 percent of the initial ratio determined pursuant to paragraph (2) prior to the retirement of the debt.

(ii) Hospitals whose Medi-Cal ratio falls below 90 percent of the initial level established at the point of final plan submission shall at least maintain the volume of Medi-Cal utilization which was recorded at the time of final plan submission unless forces beyond the hospital's control have decreased the absolute volume of care.

(B) (i) In no instance shall the total amount of reimbursement received under this section combined with that received from all other sources dedicated exclusively to debt service exceed 100 percent of the debt service over the life of the loan.

(ii) A hospital qualifying for and receiving supplemental Medi-Cal reimbursement shall continue to receive the reimbursement until the qualifying loan is paid off, or the hospital is terminated as a Medi-Cal selective contractor and the hospital does not contract with a county organized health system.

(iii) It is the intent of the Legislature that the state and the qualifying hospital shall negotiate in good faith for rates sufficient to ensure continued hospital participation in the program and to ensure adequate access to services for Medi-Cal beneficiaries.

(iv) The state shall not terminate a contract with a qualified provider for the purpose of terminating the capital supplement.

(v) If negotiations fail to permit continuation of a contract of a hospital qualifying for the supplemental Medi-Cal reimbursement, the supplemental Medi-Cal reimbursement shall cease as of the date of discontinuance of the selective provider contract.

(4) In order to ensure provision of qualified supplemental payments to disproportionate share hospitals contracting with county organized health systems, the department shall make the qualified supplemental payments directly to these hospitals.

(5) Funding for these supplemental payments shall be separately appropriated as a line item in the Budget Act for each fiscal year for any project for which a request for payment is received after April 1 of each fiscal year. The department shall request a deficiency appropriation if funds for the payment are not appropriated in the Budget Act.

(6) (A) Paragraphs (1) to (4), inclusive, shall be incorporated into an amendment to any contract entered into by a hospital pursuant to this article.

(B) (i) Any contract amendment required by paragraph (A) shall include a payment methodology based on inpatient hospital services rendered to Medi-Cal patients, either on a per diem basis, a per-discharge

basis, or any other federally permissible basis, and which is consistent with the hospital's Medi-Cal contract.

(ii) The payment methodology specified in clause (i) shall ensure that the hospital, on an annual basis, receives the amount of supplemental reimbursement calculated pursuant to paragraph (3), excluding only the federal portion of costs which have been determined by the federal government not to be allowable under Title XIX of the federal Social Security Act (Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code).

(iii) The payment methodology specified in clause (i) shall contain a retrospective adjustment mechanism to ensure that, regardless of the payment methodology, the department shall pay the hospital the full amount owed to the hospital for the year, as determined pursuant to this section.

(7) In negotiating contracts with hospitals receiving payments under this section, the commission shall take appropriate steps to ensure the duplicate payments are not made to the hospital for the debt service costs relating to the eligible project.

(d) All reimbursement received by a hospital pursuant to this section shall be placed in a special account, the funds in which shall be used exclusively for the payment of debt service on the revenue bonds issued to finance the project.

(e) If contracting under this section is superseded by other arrangements for payment of inpatient hospital services, the successor program shall include separate reimbursement, as determined pursuant to paragraph (3) of subdivision (c).

(f) (1) For purposes of this section, ''revenue bonds'' are defined as that term is defined in subdivision (c) of Section 15459 of the Government Code, and shall also include general obligation bonds issued by or on behalf of eligible hospitals for projects of more than five million dollars ($5,000,000).

(2) (A) The aggregate principal amount of general obligation bonds to be issued as revenue bonds under this subdivision for the anticipated allowable portion of projects shall not, in any fiscal year, exceed a statewide amount established in the Medi-Cal estimates submitted to the fiscal committees of the Legislature pursuant to Section 14100.5, or as otherwise statutorily determined by the Legislature.

(B) In preparing Medi-Cal estimates, the department shall consider, but need not include, all actual and anticipated projects.

(g) (1) The department shall promptly seek any necessary federal approvals for the implementation of this section, and, if necessary to obtain federal approval, the department may, for federal purposes, limit the program to those costs which are allowable expenditures under Title XIX of the federal Social Security Act (Subchapter 19 (commencing

with Section 1396) of Chapter 7 of Title 42 of the United States Code), subject to paragraph (2).

(2) The department shall continue to be responsible for the reimbursement of eligible providers from state funds for the amount of supplemental reimbursement pursuant to paragraph (3) of subdivision (c), excluding only the federal portion of costs which have been determined by the federal government not to be allowable under Title XIX of the federal Social Security Act.

(h) (1) A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section.

(2) The department shall submit claims for federal financial participation for all elements of the supplemental reimbursements which are allowable expenditures under federal law.

(3) The department shall, on an annual basis, submit any necessary materials to the federal government to provide assurances that claims for federal financial participation will include only those expenditures which are allowable under federal law.

(4) (A) The department may require that hospitals receiving supplemental reimbursement submit data necessary for the department to determine the appropriate amounts to claim as expenditures qualifying for federal financial participation.

(B) Unless otherwise permitted by federal law, the total statewide payment under the selective provider contracting program, in the aggregate on an annual basis, shall not exceed an amount that would otherwise have been paid under the Medi-Cal program on a statewide basis for the same services, in the aggregate on an annual basis, if the contracting program were not implemented.

(i) (1) Subject to paragraph (2), any hospital that met the criteria specified in subdivision (a) at the time it submitted its final plans for an eligible project in accordance with subparagraph (C) of paragraph (1) of subdivision (b) shall continue to receive reimbursement as set forth in this section irrespective of whether or not the hospital qualifies as a disproportionate share hospital after submission of its final plans.

(2) A hospital that fails to meet the criteria for disproportionate share status on or before June 30, 2002, shall be required to submit data to the department that demonstrates that the hospital failed to meet the criteria for a disproportionate share hospital because its low-income utilization rate, as determined pursuant to Section 4112 of the Omnibus Budget Reconciliation Act of 1987 (Public Law 100-203), does not exceed 25 percent due to one or more of the following factors:

(A) An increase in outpatient utilization.

(B) A decrease in the average length of stay for Medi-Cal beneficiaries or charity care patients due to technological advances in the provision of care.

(C) Increased implementation within the state of Medi-Cal prepaid health plan programs.

(D) The level of reimbursement that the hospital receives for outpatient visits.

(E) Other circumstances beyond the hospital's control that affect the hospital's ability to meet the criteria for disproportionate status, even though the hospital continues to have a mission to provide care to Medi-Cal and charity care patients.

SEC. 249. Section 14103.2 of the Welfare and Institutions Code is amended to read:

14103.2. Whenever the director determines that the services or products of a provider cost the program in excess of reasonable value received, the provider shall thereafter be disqualified from participation in the program. The disqualification shall not become effective until an opportunity for a public hearing has been granted.

The department shall conduct a continuing review of reimbursements to all hospitals participating in the program in order to determine if any reimbursements are in excess of reasonable value received.

SEC. 250. Section 14104.3 of the Welfare and Institutions Code is amended to read:

14104.3. (a) The department may, to the extent feasible, enter into nonexclusive contracts providing arrangements under which funds available for health care under this chapter shall be administered and disbursed to providers of health care or to their designated agents in consideration for services rendered and supplies furnished by them in accordance with the provisions of the applicable contract and any schedule of charges or formula for determining payments established pursuant to the contract. The contract shall provide that the contractor:

(1) Will take any action as may be necessary to assure that payment for services to hospitals and other facilities and professional services shall be based on standards determined by the director. The formula for the payments shall be determined in accordance with regulations establishing the methods to be used and the items to be included.

(2) Will take any action which may be necessary to assure that charges by providers will be reasonable and not higher than the charge for a comparable service and under comparable circumstances made to other payors.

(3) Bills for service under this chapter shall be reviewed and rejected or processed for payment within an average of 18 days from receipt of evidence establishing validity of the bill for payment in the office of the contractor. Ninety percent of all bills submitted to the contractor and

under the contractor's control, as set forth in the request for proposal, shall be processed and paid in 30 days and 99 percent of all claims submitted to the contractor and under the contractor's control, as set forth in the request for proposal, shall be processed and paid in 90 days. If it is determined by the contractor that additional evidence of validity is required, the evidence shall be requested within 18 days from the date the bill is received by the contractor. In any event, notice shall be given within 30 days from the date the bill is received concerning the status of the bill submitted if the bill is held for peer review by the contractor beyond 18 days. In no event, shall the number of bills not processed for payment within 30 days of receipt exceed 9 percent of the total bills inventory.

(b) Contracts awarded under this section shall be awarded on a bid basis, and before entering into any contract, the director shall publish notice soliciting bids.

(c) Contracts awarded under this section may provide all of the following:

(1) Payments to the contractor may be on a capitation or prepayment basis, or on a combination of both methods of payment.

(2) Providers may assume all or part of the risk of utilization of services, or costs of services, or both, and that providers who agree to assume that risk may be separately classified for purposes of applicable rates of payment or administrative requirements.

(3) Any other provisions which have previously been incorporated into pilot programs established pursuant to Chapter 8 (commencing with Section 14200) and determined by the director to be desirable and feasible.

SEC. 252. Section 14132 of the Welfare and Institutions Code is amended to read:

14132. The following is the schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital or clinic outpatient, surgical center, respiratory care, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, acupuncture to the extent federal matching funds are provided for acupuncture, and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan, subject to utilization controls.

(b) Inpatient hospital services, including, but not limited to, physician and podiatric services, physical therapy and occupational therapy, are covered subject to utilization controls.

(c) Nursing facility services, subacute care services, and services provided by any category of intermediate care facility for the

developmentally disabled, including podiatry, physician, nurse practitioner services, and prescribed drugs, as described in subdivision (d), are covered subject to utilization controls. Respiratory care, physical therapy, occupational therapy, speech therapy, and audiology services for patients in nursing facilities and any category of intermediate care facility for the developmentally disabled are covered subject to utilization controls.

(d) Purchase of prescribed drugs is covered subject to the Medi-Cal List of Contract Drugs and utilization controls.

(e) Outpatient dialysis services and home hemodialysis services, including physician services, medical supplies, drugs and equipment required for dialysis, are covered, subject to utilization controls.

(f) Anesthesiologist services when provided as part of an outpatient medical procedure, nurse anesthetist services when rendered in an inpatient or outpatient setting under conditions set forth by the director, outpatient laboratory services, and X-ray services are covered, subject to utilization controls. Nothing in this subdivision shall be construed to require prior authorization for anesthesiologist services provided as part of an outpatient medical procedure or for portable X-ray services in a nursing facility or any category of intermediate care facility for the developmentally disabled.

(g) Blood and blood derivatives are covered.

(h) (1) Emergency and essential diagnostic and restorative dental services, except for orthodontic, fixed bridgework, and partial dentures that are not necessary for balance of a complete artificial denture, are covered, subject to utilization controls. The utilization controls shall allow emergency and essential diagnostic and restorative dental services and prostheses that are necessary to prevent a significant disability or to replace previously furnished prostheses which are lost or destroyed due to circumstances beyond the beneficiary's control. The department's utilization controls shall not require X-rays as a condition of reimbursement for fillings for children under 18 years of age. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial dentures necessary for obtaining employment or for medical conditions which preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's California Children Services Program.

(2) For persons 21 years of age or older, the services specified in paragraph (1) shall be provided subject to the following conditions:

(A) Periodontal treatment is not a benefit.

(B) Endodontic therapy is not a benefit except for vital pulpotomy.

(C) Laboratory processed crowns are not a benefit.

(D) Removable prosthetics shall be a benefit only for patients as a requirement for employment.

(E) The director may, by regulation, provide for the provision of fixed artificial dentures that are necessary for medical conditions that preclude the use of removable dental prostheses.

(F) Notwithstanding the conditions specified in subparagraphs (A) to (E), inclusive, the department may approve services for persons with special medical disorders subject to utilization review.

(3) Paragraph (2) shall become inoperative July 1, 1995.

(i) Medical transportation is covered, subject to utilization controls.

(j) Home health care services are covered, subject to utilization controls.

(k) Prosthetic and orthotic devices and eyeglasses are covered, subject to utilization controls. Utilization controls shall allow replacement of prosthetic and orthotic devices and eyeglasses necessary because of loss or destruction due to circumstances beyond the beneficiary's control. Frame styles for eyeglasses replaced pursuant to this subdivision shall not change more than once every two years, unless the department so directs.

Orthopedic and conventional shoes are covered when provided by a prosthetic and orthotic supplier on the prescription of a physician and when at least one of the shoes will be attached to a prosthesis or brace, subject to utilization controls. Modification of stock conventional or orthopedic shoes when medically indicated, is covered subject to utilization controls. When there is a clearly established medical need that cannot be satisfied by the modification of stock conventional or orthopedic shoes, custom-made orthopedic shoes are covered, subject to utilization controls.

(*l*) Hearing aids are covered, subject to utilization controls. Utilization controls shall allow replacement of hearing aids necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(m) Durable medical equipment and medical supplies are covered, subject to utilization controls. The utilization controls shall allow the replacement of durable medical equipment and medical supplies when necessary because of loss or destruction due to circumstances beyond the beneficiary's control. The utilization controls shall allow authorization of durable medical equipment needed to assist a disabled beneficiary in caring for a child for whom the disabled beneficiary is a parent, stepparent, foster parent, or legal guardian, subject to the availability of federal financial participation. The department shall adopt emergency regulations to define and establish criteria for assistive durable medical equipment in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

(n) Family planning services are covered, subject to utilization controls.

(o) Inpatient intensive rehabilitation hospital services, including respiratory rehabilitation services, in a general acute care hospital are covered, subject to utilization controls, when either of the following criteria are met:

(1) A patient with a permanent disability or severe impairment requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to develop function beyond the limited amount that would occur in the normal course of recovery.

(2) A patient with a chronic or progressive disease requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to maintain the patient's present functional level as long as possible.

(p) Adult day health care is covered in accordance with Chapter 8.7 (commencing with Section 14520).

(q) (1) Application of fluoride, or other appropriate fluoride treatment as defined by the department, other prophylaxis treatment for children 17 years of age and under, are covered.

(2) All dental hygiene services provided by a registered dental hygienist in alternative practice pursuant to Sections 1768 and 1770 of the Business and Professions Code may be covered as long as they are within the scope of Denti-Cal benefits and they are necessary services provided by a registered dental hygienist in alternative practice.

(r) (1) Paramedic services performed by a city, county, or special district, or pursuant to a contract with a city, county, or special district, and pursuant to a program established under Article 3 (commencing with Section 1480) of Chapter 2.5 of Division 2 of the Health and Safety Code by a paramedic certified pursuant to that article, and consisting of defibrillation and those services specified in subdivision (3) of Section 1482 of the article.

(2) All providers enrolled under this subdivision shall satisfy all applicable statutory and regulatory requirements for becoming a Medi-Cal provider.

(3) This subdivision shall be implemented only to the extent funding is available under Section 14106.6.

(s) In-home medical care services are covered when medically appropriate and subject to utilization controls, for beneficiaries who would otherwise require care for an extended period of time in an acute care hospital at a cost higher than in-home medical care services. The director shall have the authority under this section to contract with organizations qualified to provide in-home medical care services to those persons. These services may be provided to patients placed in shared or congregate living arrangements, if a home setting is not

medically appropriate or available to the beneficiary. As used in this section, ''in-home medical care service'' includes utility bills directly attributable to continuous, 24-hour operation of life-sustaining medical equipment, to the extent that federal financial participation is available.

As used in this subdivision, in-home medical care services, include, but are not limited to:

(1) Level of care and cost of care evaluations.

(2) Expenses, directly attributable to home care activities, for materials.

(3) Physician fees for home visits.

(4) Expenses directly attributable to home care activities for shelter and modification to shelter.

(5) Expenses directly attributable to additional costs of special diets, including tube feeding.

(6) Medically related personal services.

(7) Home nursing education.

(8) Emergency maintenance repair.

(9) Home health agency personnel benefits which permit coverage of care during periods when regular personnel are on vacation or using sick leave.

(10) All services needed to maintain antiseptic conditions at stoma or shunt sites on the body.

(11) Emergency and nonemergency medical transportation.

(12) Medical supplies.

(13) Medical equipment, including, but not limited to, scales, gurneys, and equipment racks suitable for paralyzed patients.

(14) Utility use directly attributable to the requirements of home care activities which are in addition to normal utility use.

(15) Special drugs and medications.

(16) Home health agency supervision of visiting staff which is medically necessary, but not included in the home health agency rate.

(17) Therapy services.

(18) Household appliances and household utensil costs directly attributable to home care activities.

(19) Modification of medical equipment for home use.

(20) Training and orientation for use of life support systems, including, but not limited to, support of respiratory functions.

(21) Respiratory care practitioner services as defined in Sections 3702 and 3703 of the Business and Professions Code, subject to prescription by a physician and surgeon.

Beneficiaries receiving in-home medical care services are entitled to the full range of services within the Medi-Cal scope of benefits as defined by this section, subject to medical necessity and applicable utilization control. Services provided pursuant to this subdivision,

which are not otherwise included in the Medi-Cal schedule of benefits, shall be available only to the extent that federal financial participation for these services is available in accordance with a home- and community-based services waiver.

(t) Home- and community-based services approved by the United States Department of Health and Human Services may be covered to the extent that federal financial participation is available for those services under waivers granted in accordance with Section 1396n of Title 42 of the United States Code. The director may seek waivers for any or all home- and community-based services approvable under Section 1396n of Title 42 of the United States Code. Coverage for those services shall be limited by the terms, conditions, and duration of the federal waivers.

(u) Comprehensive perinatal services, as provided through an agreement with a health care provider designated in Section 14134.5 and meeting the standards developed by the department pursuant to Section 14134.5, subject to utilization controls.

The department shall seek any federal waivers necessary to implement the provisions of this subdivision. The provisions for which appropriate federal waivers cannot be obtained shall not be implemented. Provisions for which waivers are obtained or for which waivers are not required shall be implemented notwithstanding any inability to obtain federal waivers for the other provisions. No provision of this subdivision shall be implemented unless matching funds from Subchapter XIX (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code are available.

(v) Early and periodic screening, diagnosis, and treatment for any individual under 21 years of age is covered, consistent with the requirements of Subchapter XIX (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

(w) Hospice service which is Medicare-certified hospice service is covered, subject to utilization controls. Coverage shall be available only to the extent that no additional net program costs are incurred.

(x) When a claim for treatment provided to a beneficiary includes both services which are authorized and reimbursable under this chapter, and services which are not reimbursable under this chapter, that portion of the claim for the treatment and services authorized and reimbursable under this chapter shall be payable.

(y) Home- and community-based services approved by the United States Department of Health and Human Services for beneficiaries with a diagnosis of AIDS or ARC, who require intermediate care or a higher level of care.

Services provided pursuant to a waiver obtained from the Secretary of the United States Department of Health and Human Services pursuant to this subdivision, and which are not otherwise included in the

Medi-Cal schedule of benefits, shall be available only to the extent that federal financial participation for these services is available in accordance with the waiver, and subject to the terms, conditions, and duration of the waiver. These services shall be provided to individual beneficiaries in accordance with the client's needs as identified in the plan of care, and subject to medical necessity and applicable utilization control.

The director may under this section contract with organizations qualified to provide, directly or by subcontract, services provided for in this subdivision to eligible beneficiaries. Contracts or agreements entered into pursuant to this division shall not be subject to the Public Contract Code.

(z) Respiratory care when provided in organized health care systems as defined in Section 3701 of the Business and Professions Code, and as an in-home medical service as outlined in subdivision (s).

(aa) (1) There is hereby established in the department, a program to provide comprehensive clinical family planning services to any person who has a family income at or below 200 percent of the federal poverty level, as revised annually, and who is eligible to receive these services pursuant to the waiver identified in paragraph (2). This program shall be known as the Family Planning, Access, Care, and Treatment (Family PACT) Waiver Program.

(2) The department shall seek a waiver for a program to provide comprehensive clinical family planning services as described in paragraph (8). The program shall be operated only in accordance with the waiver and the statutes and regulations in paragraph (4) and subject to the terms, conditions, and duration of the waiver. The services shall be provided under the program only if the waiver is approved by the federal Health Care Financing Administration in accordance with Section 1396n of Title 42 of the United States Code and only to the extent that federal financial participation is available for the services.

(3) Solely for the purposes of the waiver and notwithstanding any other provision of law, the collection and use of an individual's social security number shall be necessary only to the extent required by federal law.

(4) Sections 14105.3 to 14105.39, inclusive, 14107.11, 24005, and 24013, and any regulations adopted under these statutes shall apply to the program provided for under this subdivision. No other provision of law under the Medi-Cal program or the State-Only Family Planning Program shall apply to the program provided for under this subdivision.

(5) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, without taking regulatory action, the provisions of the waiver after its approval by the federal Health Care Financing

Administration and the provisions of this section by means of an all-county letter or similar instruction to providers. Thereafter, the department shall adopt regulations to implement this section and the approved waiver in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Beginning six months after the effective date of the act adding this subdivision, the department shall provide a status report to the Legislature on a semiannual basis until regulations have been adopted.

(6) In the event that the Department of Finance determines that the program operated under the authority of the waiver described in paragraph (2) is no longer cost-effective, this subdivision shall become inoperative on the first day of the first month following the issuance of a 30-day notification of that determination in writing by the Department of Finance to the chairperson in each house that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees in each house that considers the State Budget, and the Chairperson of the Joint Legislative Budget Committee.

(7) If this subdivision ceases to be operative, all persons who have received or are eligible to receive comprehensive clinical family planning services pursuant to the waiver described in paragraph (2) shall receive family planning services under the Medi-Cal program pursuant to subdivision (n) if they are otherwise eligible for Medi-Cal with no share of cost, or shall receive comprehensive clinical family planning services under the program established in Division 24 (commencing with Section 24000) either if they are eligible for Medi-Cal with a share of cost or if they are otherwise eligible under Section 24003.

(8) For purposes of this subdivision, ''comprehensive clinical family planning services'' means the process of establishing objectives for the number and spacing of children, and selecting the means by which those objectives may be achieved. These means include a broad range of acceptable and effective methods and services to limit or enhance fertility, including contraceptive methods, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies, natural family planning, abstinence methods, and basic, limited fertility management. Comprehensive clinical family planning services include, but are not limited to, preconception counseling, maternal and fetal health counseling, general reproductive health care, including diagnosis and treatment of infections and conditions, including cancer, that threaten reproductive capability, medical family planning treatment and procedures, including supplies and followup, and informational, counseling, and educational services. Comprehensive clinical family planning services shall not include abortion, pregnancy testing solely for the purposes of referral for abortion or services ancillary to abortions, or

pregnancy care that is not incident to the diagnosis of pregnancy. Comprehensive clinical family planning services shall be subject to utilization control and include all of the following:

(A) Family planning related services and male and female sterilization. Family planning services for men and women shall include emergency services and services for complications directly related to the contraceptive method, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies, and followup, consultation, and referral services, as indicated, which may require treatment authorization requests.

(B) All United States Department of Agriculture, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies that are in keeping with current standards of practice and from which the individual may choose.

(C) Culturally and linguistically appropriate health education and counseling services, including informed consent, that include all of the following:

(i) Psychosocial and medical aspects of contraception.

(ii) Sexuality.

(iii) Fertility.

(iv) Pregnancy.

(v) Parenthood.

(vi) Infertility.

(vii) Reproductive health care.

(viii) Preconception and nutrition counseling.

(ix) Prevention and treatment of sexually transmitted infection.

(x) Use of contraceptive methods, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies.

(xi) Possible contraceptive consequences and followup.

(xii) Interpersonal communication and negotiation of relationships to assist individuals and couples in effective contraceptive method use and planning families.

(D) A comprehensive health history, updated at next periodic visit (between 11 and 24 months after initial examination) that includes a complete obstetrical history, gynecological history, contraceptive history, personal medical history, health risk factors, and family health history, including genetic or hereditary conditions.

(E) A complete physical examination on initial and subsequent periodic visits.

SEC. 253. Section 14132.90 of the Welfare and Institutions Code is amended to read:

14132.90. (a) As of September 15, 1995, day care habilitative services, pursuant to subdivision (c) of Section 14021 shall be provided

only to alcohol and drug exposed pregnant women and women in the postpartum period, or as required by federal law.

(b) (1) Notwithstanding any other provision of law, except to the extent required by federal law, if, as of May 15, 2000, the projected costs for the 1999–2000 fiscal year for outpatient drug abuse services, as described in Section 14021, exceed forty-five million dollars ($45,000,000) in state General Fund moneys, then the outpatient drug free services, as defined in Section 51341.1 of Title 22 of the California Code of Regulations, shall not be a benefit under this chapter as of July 1, 2000.

(2) Notwithstanding paragraph (1), narcotic replacement therapy and Naltrexone shall remain benefits under this chapter.

(3) Notwithstanding paragraph (1), residential care, outpatient drug free services, and day care habilitative services, for alcohol and drug exposed pregnant women and women in the postpartum period shall remain benefits under this chapter.

(c) Expenditures for services purchased at the direction of county welfare departments on behalf of CalWORKs recipients shall not be included in the computation of costs for subdivision (b).

(d) For the 1999–2000 fiscal year and each fiscal year thereafter, there shall be separate annual fiscal year General Fund appropriations for drug Medi-Cal perinatal services (Item 4200-104-0001 of the Budget Act), drug Medi-Cal nonperinatal services (Item 4200-103-0001 of the Budget Act), nondrug Medi-Cal perinatal services (Item 4200-102-0001 of the Budget Act), and nondrug Medi-Cal nonperinatal services (Item 4200-101-0001 of the Budget Act).

(e) Notwithstanding any other provision of law, the State Department of Alcohol and Drug Programs shall maintain a contingency reserve of the reappropriated General Fund moneys for the purpose of drug Medi-Cal program expenditures.

(f) Unexpended General Fund moneys appropriated for the drug Medi-Cal program may be transferred for use as nondrug Medi-Cal county expenditures in the current or budget years. Unexpended General Fund moneys shall not be transferred from nondrug Medi-Cal to the drug Medi-Cal program for purposes of providing matching funds for federal financial participation.

SEC. 254. Section 14133.5 of the Welfare and Institutions Code is amended to read:

14133.5. There shall be established a two-year pilot program, whereby in Alameda County, utilization controls shall not be required when, pursuant to Title XVIII of the federal Social Security Act, a county hospital based utilization review committee has been established to determine the level of authorization for payment and a utilization plan has been filed with the department and approved by it. The department

shall adopt rules and regulations to implement this section, within 60 days of the effective date of this act, including requirements that a hospital's utilization review committee shall demonstrate that it is more cost-effective than the Medi-Cal utilization control function.

No later than 18 months following the commencement of the pilot program, the department shall submit a report to the Legislature on the program.

SEC. 255. Section 14138.5 of the Welfare and Institutions Code is amended to read:

14138.5. The State Department of Health Services shall report to the Legislature on a biennial basis on all of the following data with respect to the child health and disability prevention program provided for pursuant to Article 6 (commencing with Section 124025) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code:

(a) The number of children, by age and by county, enrolled in each plan contracting with the department or with the California Medical Assistance Commission.

(b) The improved reporting capabilities of the new contract for the Management Information System/Decision Support System (MIS/DSS), with specific emphasis on how it can be used to gather data from the PM 160 forms that are useful for analytical purposes.

(c) Information on what actions are being taken to ensure compliance with Child Health and Disability Prevention Program examination requirements.

(d) The statewide percentage of all children enrolled in managed care plans, by age, who received a comprehensive Child Health and Disability Prevention Program examination, and the percentage of all children enrolled who received a comprehensive Child Health and Disability Prevention Program examination, by county and by plan.

(e) The number of children in each plan, by age, who are current on periodicity health assessments, with appropriate documentation. If the capability to report this information does not exist, a timeline of when the information will be available and the barriers that exist to reporting the information.

(f) The number of children in each plan, by county and by age, who were referred for followup diagnosis or treatment following a Child Health and Disability Prevention Program comprehensive examination.

(g) The number of children in each plan, by county and by age, who received needed diagnosis and treatment as a result of a Child Health and Disability Prevention Program examination. If the capability to report this information does not exist, a timeline of when it will be available and the barriers that exist to reporting this information.

SEC. 256. Section 14145.1 of the Welfare and Institutions Code is amended to read:

14145.1. (a) The department may administer grants for purposes of this article, that shall be awarded through a request for application process.

(1) Grants may be awarded to local organizing groups (LOGs) that are existing or new community-based nonprofit organizations or government entities for purposes of implementing long-term care integration pilot projects, pursuant to Article 4.05 (commencing with Section 14139.05).

(2) Grants may be available for LOGs in the planning phase, or the development phase of the project, or both. Planning phase grants shall be limited to a maximum award of fifty thousand dollars ($50,000). Development phase grants shall be limited to a maximum award of one hundred fifty thousand dollars ($150,000). The planning phase includes activities related to initial planning for a long-term care integration pilot project (LTCIPP). The development phase includes activities for implementing the planning phase, up to actual implementation of the pilot project.

(b) Criteria for grant selection shall include, but not be limited to, the following:

(1) For planning phase grants:

(A) Identification of a LOG committed to development of a LTCIPP that includes major stakeholders, including, but not limited to, consumers, community-based providers, institutional providers, and public entities.

(B) Evidence of local government support for development of a LTCIPP.

(C) A description of current and planned consumer involvement.

(D) A plan for the use of funds.

(E) Specification of goals and objectives, and a work plan for achieving them.

(F) A proposed strategy for project evaluation.

(2) For development phase grants:

(A) Identification of the authorized grantee sanctioned by the local government entity.

(B) Identification of an entity for operation of the LTCIPP.

(C) Definition of a governance structure.

(D) An adopted work plan that includes all of the following:

(i) A vision statement describing the long-term care system for the community.

(ii) Description of the covered scope of services and programs to be integrated at the local level.

(iii) Description of the target population.

(iv) Plan for integration of funding for those services.

(E) Specific work goals for the development phase.

(F) A work schedule for completion.

(G) A proposed strategy for project evaluation.

(3) Both planning phase and development phase grant funds may be used for, but are not limited to, the following purposes:

(A) Staff support.

(B) Consulting contracts.

(C) Community organizing support.

(D) Data analysis.

(c) Grantees shall be required to match a portion of the grant awarded, either with cash, or in-kind contributions totaling 20 percent of the total grant. The match required by this subdivision shall be supplemental to the funds appropriated for the LTCIPP.

SEC. 257. Section 14148 of the Welfare and Institutions Code is amended to read:

14148. (a) The department shall adopt the federal option provided under Section 4101 of the Omnibus Budget Reconciliation Act of 1987 (Public Law 100-203) to extend eligibility for medical assistance under Medicaid to all pregnant women and infants with family incomes not in excess of 185 percent of the federal poverty level. If a premium is imposed, the amount of the premium shall not exceed 10 percent of the amount by which the family's income, less actual child care costs, exceeds 150 percent of the federal poverty level as required by Section 4101 (a) of the 1987 Medicaid Budget Reconciliation Agreement. The department shall implement this section by emergency regulation.

(b) Upon order of the Department of Finance, the State Controller shall transfer funds from Item 4260-101-001 of the Budget Act of 1988 to Item 4260-111-001 of the Budget Act of 1988 during the 1988-89 fiscal year for the purpose of funding outreach efforts for perinatal services.

(c) Notwithstanding subdivision (a), the state may limit implementation of this section during the 1988–89 fiscal year, based upon the availability of department funds. The department may use maternal and child health funds to finance the increased costs of implementing an expansion of Medi-Cal eligibility to women and children with incomes of up to 185 percent of federal poverty levels if both of the following conditions exist:

(1) The department has allocated for expenditure at least sixteen million dollars ($16,000,000) in funds redirected from the Medi-Cal program for that expansion.

(2) If, and to the extent, the department determines that estimates of costs based on actual data indicate that the funds are needed to cover costs.

(d) This section shall be fully implemented no later than April 1, 1990.

(e) To assist Medi-Cal eligible pregnant women in receiving prenatal care promptly, all pregnant women applying for Medi-Cal shall be determined to have an immediate need. Counties, within existing resources, shall expedite the eligibility determination process for all pregnant women on the basis of their immediate needs. Upon determination of eligibility, a Medi-Cal card shall be issued immediately.

(f) To the extent federal financial participation is available, the department shall apply the more liberal income deduction described in Section 1396a(r) of Title 42 of the United States Code when determining eligibility for pregnant women and infants under this section. The amount of this deduction shall be the difference between the 185 percent and the 200 percent federal poverty level applicable to the size of the family.

SEC. 258. Section 14148.8 of the Welfare and Institutions Code is amended to read:

14148.8. (a) The State Department of Health Services shall provide Medi-Cal reimbursements to alternative birth centers for facility-related delivery costs at a statewide all-inclusive rate per delivery that shall not exceed 80 percent of the average Medi-Cal reimbursement received by general acute care hospitals with Medi-Cal contracts and shall be based on an average hospital length of stay of 1.7 days. The reimbursement rate shall be updated annually and shall be based on the California Medical Assistance Commission's annually published legislative report of average contract rates for general acute care hospitals with Medi-Cal contracts. However, the reimbursement shall not exceed the alternative birth center's charges to any non-Medi-Cal patient for similar services.

(b) In order to be eligible for reimbursement pursuant to this section, an alternative birth center shall satisfy the following criteria as determined by the state department:

(1) At least 150 patients or 50 percent of the patient caseload served at the center each year, whichever is less, shall be Medi-Cal patients and low-income patients.

(2) The facility shall be currently certified as a comprehensive perinatal services provider. If not currently certified, the facility shall be certified with the first year of operation.

(3) The facilities may utilize certified nurse midwives, certified nurse practitioners, and clinical nurse specialists where appropriate.

(4) The facility shall meet the standards for certification established by the National Association of Childbearing Centers, including those relating to the proximity and involvement of hospitals, obstetricians, and pediatricians.

(5) The facility shall establish and maintain a quality assurance program.

(6) The facility shall maintain newborn followup care for at least one year.

(7) The gathering of data and preparing reports as required in subdivision (c).

(c) (1) Each alternative birth center awarded reimbursement pursuant to this section shall gather data and annually report outcome measures relating to the safety, cost-effectiveness, and patient acceptance of the center to the department to be made available upon request.

(2) The report shall include data on the incidence of maternal and infant death, preterm newborns, low birth weight newborns, maternal complications, newborn complications, cesarean sections, forcep-assisted deliveries, deliveries involving use of anesthesia, months of prenatal care, family involvement in childbirth, breast-feeding, infant immunizations, well baby care, adjusted cost per case for deliveries performed at the center, and cost per case for women transferred to hospitals for delivery.

(3) The department shall provide the Legislature with an annual report summarizing the data reported by the centers.

(4) The department shall, to the extent information and resources are available, as determined by the department, compare the data provided by the centers with information furnished by other providers of prenatal and delivery services. The department shall use the comparative data to determine for the Medi-Cal program whether alternative birth centers are cost-effective, improve access to prenatal care, reduce the anticipated incidence of maternal and newborn complications, and have a high degree of patient acceptance.

(d) The director shall administer this section and establish standards, procedures, and reimbursement rates, as the director deems necessary in carrying out this section. The establishment of the reimbursement rates is not required to be adopted as regulations pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

(e) Nothing in this act shall alter the scope of practice for any health care professional or authorize the delivery of health care services in a setting or in a manner not authorized by the Health and Safety Code or the Business and Professions Code.

SEC. 259. Section 14501 of the Welfare and Institutions Code is amended to read:

14501. The Office of Family Planning shall have all of the following functions, powers, and duties:

(a) To make available to citizens of the state of childbearing age comprehensive medical knowledge, assistance and services relating to the planning of families.

(b) To consult with state and local agencies which provide or administer family planning services and to participate in the formulation of regulations and other policy decisions governing the provision or administration of family planning services pursuant to state law or regulation.

(c) To establish goals and priorities for all state agencies providing or administering family planning services.

(d) To coordinate all family planning services and related programs conducted or administered by state agencies with the federal government so as to maximize the availability of these services by utilizing all available federal funds.

(e) To conduct a survey of all of the existing facilities within the state having to do with family planning and infertility and the rendering of advice and assistance on birth control techniques and information.

(f) To evaluate all existing programs and to establish in each county a viable program for the dispensation of family planning, infertility and birth control information and techniques.

(g) To develop and administer scientific investigation into problems of infertility and existing and new family planning and birth control techniques.

(h) To survey, evaluate, and establish programs of professional education and training for physicians, nurses, medical and nursing students, and other health care practitioners in rendering advice on family planning, infertility and birth control techniques and information.

(i) To enter into contracts and agreements with individuals, colleges, universities, associations, corporations, municipalities and other units of government as may be deemed necessary and advisable to carry out the general intent and purposes of this article which may provide for payment by the state within the limit of funds available for material, equipment and services.

(j) To submit a biennial report to the Legislature including, but not limited to, the subjects specified above.

(k) To annually update and analyze family planning data. The data shall include, but not be limited to, the following:

(1) Client number.
(2) Ethnicity.
(3) Family size.
(4) Method.
(5) Family income.
(6) Service type.
(7) Birthdate.
(8) Total billing amount.
(9) Pay source.
(10) Date of visit.

(11) Site number.

(12) County of residence.

(13) Updated estimates of women in need of subsidized family planning services from the federal government, when available, for all Office of Family Planning clinical service contractors by county of service, as well as statewide totals.

SEC. 260. Section 14618 of the Welfare and Institutions Code is repealed.

SEC. 261. Section 15452 of the Welfare and Institutions Code is repealed.

SEC. 262. Section 16500.5 of the Welfare and Institutions Code is amended to read:

16500.5. (a) (1) The Legislature hereby declares its intent to encourage the continuity of the family unit by:

(A) (i) Providing family preservation services.

(ii) For purposes of this subdivision, ''family preservation services'' means intensive services for families whose children, without these services, would be subject to any of the following:

(I) Be at imminent risk of out-of-home placement.

(II) Remain in existing out-of-home placement for longer periods of time.

(III) Be placed in a more restrictive out-of-home placement.

(B) Providing supportive services for those children within the meaning of Sections 360, 361, and 364 when they are returned to the family unit or when a minor will probably soon be within the jurisdiction of the juvenile court pursuant to Section 301.

(C) Providing counseling and family support services designed to eradicate the situation that necessitated intervention.

(2) The Legislature finds that maintaining abused and neglected children in foster care grows increasingly costly each year, and that adequate funding for family services which might enable these children to remain in their homes is not as readily available as funding for foster care placement.

(3) The Legislature further finds that other state bodies have addressed this problem through various systems of flexible reimbursement in child welfare programs that provide for more intensive and appropriate services to prevent foster care placement or significantly reduce the length of stay in foster care.

(4) Accordingly, it is the intent of the Legislature in enacting this section to establish a system of flexible reimbursement in order to evaluate its potential as an efficient, economical, and effective alternative to out-of-home placement of children.

(b) It is the intent of the Legislature that family preservation and support services in California conform to the federal definitions

contained in Section 431 of the Social Security Act as contained in Public Law 103-66, the Omnibus Budget Reconciliation Act of 1987. The Legislature finds and declares that California's existing family preservation programs meet the intent of this new federal initiative.

(c) (1) (A) (i) Any county, subject to the approval of the State Department of Social Services, may claim, on an annual basis, a portion of the state's share, and to the extent permitted, the federal share, of that county's AFDC-FC expenditures pursuant to subdivision (d) of Section 11450 for children subject to Sections 300, 301, 360, 361, and 364, in advance, provided the county conducts a program of family reunification and family maintenance services for families receiving these services pursuant to Sections 300, 301, 360, 364, and, as permitted by the department, children subject to Sections 601, 602, 726, and 727 of this code, and Section 7572.5 of the Government Code.

(ii) The department or a participating county may terminate a county's participation in the program upon 30 days' notice if the project is deemed unsuccessful by either party.

(iii) For each fiscal year of the program, a participating county may claim in advance an amount not to exceed an actual dollar amount that shall not exceed 25 percent of the state's share, and to the extent permitted, the federal share, of AFDC-FC funds to be expended by that county pursuant to subdivision (d) of Section 11450 for children subject to Sections 300, 301, 360, 361, and 364, and if permitted by the department, Sections 601, 602, 726, and 727, calculated for the first year of the project.

(iv) The amount of funds to be advanced annually shall be calculated at the beginning of the county's program described in this subdivision. The advance shall be determined by projecting the state share of AFDC-FC General Fund expenditures, and to the extent permitted, the federal share of AFDC-FC expenditures for abused or neglected children pursuant to Sections 300, 301, 360, 361, 364, and, if permitted by the department, Sections 601, 602, 726, and 727, based upon state, and to the extent permitted, federal expenditures for AFDC-FC for the previous five years.

(B) Except as provided in subparagraph (C), if the county's total AFDC-FC General Fund expenditures and, to the extent permitted by federal law, the federal share of AFDC-FC expenditures, added to the amount expended from the advance to the county exceeds, by more than 5 percent, the county's total projected AFDC-FC General Fund expenditures and, to the extent permitted by federal law, the federal share of AFDC-FC expenditures for that fiscal year, the county shall fund that portion of the overage in excess of 5 percent on a 100-percent basis. If the sum of a participating county's total AFDC-FC General Fund expenditures and, to the extent permitted by federal law, the federal share

of AFDC-FC expenditures for their children, added to the amount expended from the advance to the county, is less than the total projected AFDC-FC General Fund expenditures and, to the extent permitted by federal law, the federal share of AFDC-FC expenditures for their children for that fiscal year, the county shall receive 25 percent of the amount of the savings.

(C) (i) A participating county's share of expenditures in excess of the projected total may be reduced upon approval of the department. In determining this reduction, the department shall consider the increase in foster care placements of children in the homes of relatives as provided in Sections 361.3 and 16501.1, and in Section 505 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193; 42 U.S.C.A. Sec. 671(a)), which result in higher than projected AFDC-FC expenditures for children described in subparagraph (A). In considering the increase in relative foster care placements, the department shall adjust the total to consider only those children whose families have no history of receiving family preservation services.

(ii) This subparagraph shall become inoperative on the date that the director executes a declaration, which shall be retained by the director, specifying that the department has established a kinship care program that is separate and distinct from the existing foster care program and that provides services uniquely suited to the needs of children being cared for by their kin, or on January 1, 2002, whichever is earlier.

(2) Services which may be provided under this program may include, but are not limited to, counseling, mental health treatment and substance abuse treatment services, parenting, respite, day treatment, transportation, homemaking, and family support services. Each county that chooses to provide mental health treatment and substance abuse treatment shall identify and develop these services in consultation with county mental health treatment and substance abuse treatment agencies. Additional services may include those enumerated in Sections 16506 and 16507. The services to be provided pursuant to this section may be determined by each participating county. Each county may contract with individuals and organizations for services to be provided pursuant to this section. Each county shall utilize available private nonprofit resources in the county prior to developing new county-operated resources when these private nonprofit resources are of at least equal quality and costs as county-operated resources and shall utilize available county resources of at least equal quality and cost prior to new private nonprofit resources.

(3) Participating counties authorized by this subdivision shall provide specific programs of direct services based on individual family needs as reflected in the service plans to families of the following:

(A) Children who are dependent children not taken from physical custody of their parents or guardians pursuant to Section 364.

(B) Children who are dependent children removed from the physical custody of their parents or guardian pursuant to Section 361.

(C) Children who it is determined will probably soon be within the jurisdiction of the juvenile court pursuant to Section 301.

(D) Upon approval of the department, children who have been adjudged wards of the court pursuant to Sections 601 and 602.

(E) Upon approval of the department, families of children subject to Sections 726 and 727.

(F) Upon approval of the department, children who are determined to require out-of-home placement pursuant to Section 7572.5 of the Government Code.

(4) The services shall only be provided to families whose children will be placed in out-of-home care without the provision of services or to children who can be returned to their families with the provision of services.

(5) The services selected by any participating county shall be reasonable and meritorious and shall demonstrate cost-effectiveness and success at avoiding out-of-home placement, or reducing the length of stay in out-of-home placement. A county shall not expend more funds for services under this subdivision than that amount which would be expended for placement in out-of-home care.

(6) The program in each county shall be deemed successful if it meets the following standards:

(A) Enables families to resolve their own problems, effectively utilize service systems, and advocate for their children in educational and social agencies.

(B) Enhancing family functioning by building on family strengths.

(C) At least 75 percent of the children receiving services remain in their own home for six months after termination of services.

(D) During the first year after services are terminated:

(i) At least 60 percent of the children receiving services remain at home one year after services are terminated.

(ii) The average length of stay in out-of-home care of children selected to receive services who have already been removed from their home and placed in out-of-home care is 50 percent less than the average length of stay in out-of-home care of children who do not receive program services.

(E) Two years after the termination of family preservation services:

(i) The average length of out-of-home stay of children selected to receive services under this section who, at the time of selection, are in out-of-home care, is 50 percent less than the average length of stay in out-of-home care for children in out-of-home care who do not receive services pursuant to this section.

(ii) At least 60 percent of the children who were returned home pursuant to this section remain at home.

(7) Funds used for services provided under this section shall supplement, not supplant, child welfare services funds available for services pursuant to Sections 16506 and 16507.

(8) Each county participating in the program authorized by this section shall only continue to utilize the advance fund-claiming mechanism specified in paragraph (1) if the department finds the county has demonstrated the successful outcome of the county program, based on the criteria for success specified in paragraph (6).

(9) Programs authorized after the original pilot projects shall submit data to the department upon the department's request.

(d) (1) A county welfare department social worker or probation officer may, pursuant to an appropriate court order, return a dependent minor or ward of the court removed from the home pursuant to Section 361 to his or her home, with appropriate interagency family preservation program services.

(2) The county probation department may, with the approval of the State Department of Social Services, through an interagency agreement with the county welfare department, refer cases to the county welfare department for the direct provision of services under this subdivision.

(e) State foster care funds shall remain within the administrative authority of the county welfare department and shall be used only for placement services or placement prevention services or county welfare department administrative cost related to the interagency family preservation program.

(f) To the extent permitted by federal law, any federal funds provided for services to families and children may be utilized for the purposes of this section.

(g) A county may establish family preservation programs that serve one or more geographic areas of the county, subject to the approval of the State Department of Social Services.

SEC. 263. Section 18206 of the Welfare and Institutions Code is amended to read:

18206. (a) The director shall specify performance and quality assurance standards to be included in any experimental project for in-home supportive services undertaken pursuant to Section 18204 or extended pursuant to subdivision (a) of Section 18205.

(b) In the case of a project subject to subdivision (a) of Section 18205 that is conducted pursuant to a contract between a private provider and a county, the standards shall assure delivery of all required services at the time the services are needed, including weekends and nights; establish proper screening, training, and supervision of persons providing direct services; and institute frequent periodic quality control audits and

utilization review of all services. These standards shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) Quality control audits and utilization review shall be performed by entities that are independent of the county and the private contractor. The reports of the quality control audits and utilization review, excluding client confidential information, shall be made available to the public. The cost of those quality control audits and utilization review shall be considered as part of the county administrative costs for the managed contract.

(d) (1) One year after the effective date of any project for in-home supportive services established pursuant to Section 18204 or after the date of extension pursuant to subdivision (a) of Section 18205, the Auditor General shall commission a study to review the performance of that project. Any independent reviewer designated in an existing contract may be commissioned to perform the study.

(2) The study shall give special attention to both of the following:

(A) The health and welfare of the recipients under the project, including the degree to which all required services have been delivered, out-of-home placement rates, prompt response to recipient complaints, and any other issue the director deems relevant.

(B) The cost implications of the project, estimating the potential for ongoing savings, if any.

(3) The study may include a fiscal audit of the contract.

(e) Projects subject to Section 18204 relating to in-home supportive services and subject to this section shall, to the greatest extent possible, permit recipients to select their own qualified provider of care and set their own service schedule.

SEC. 264. Section 18214 of the Welfare and Institutions Code is repealed.

SEC. 265. Section 18240 of the Welfare and Institutions Code is amended to read:

18240. (a) Upon a request by the County of Los Angeles, the department may review and approve a waiver that would permit changes in earned income incentives available to residents in housing complexes in that county participating in the Jobs-Plus Community Revitalization Initiative for Public Housing Families.

(b) Waiver authority pursuant to subdivision (a) shall be limited to applicable working-age residents of the County of Los Angeles taking part in the initiative implemented at Jobs-Plus sites in the county.

(c) The waiver shall permit work-related financial incentives that are more generous than those otherwise operating pursuant to Chapter 2 (commencing with Section 11200) of Part 3.

(d) Waivers shall last only for the duration of the initiative referred to in subdivision (a).

(e) The department shall grant the requested waivers no sooner than 30 days after a report to the appropriate policy and fiscal committees of the Legislature of the nature, extent, and duration of the waivers.

(f) This article shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 268. Section 1 of Chapter 74 of the Statutes of 1978, as amended by Section 1 of Chapter 317 of the Statutes of 1997, is amended to read:

Section 1. There is hereby granted to the City of Newport Beach and its successors all of the right, title, and interest of the State of California held by the state by virtue of its sovereignty in and to all that portion of the tidelands and submerged lands, whether filled or unfilled, bordering upon and under the Pacific Ocean or Newport Bay in the County of Orange, which were within the corporate limits of the City of Newport Beach, a municipal corporation, on July 25, 1919; the same to be forever held by the city and its successors in trust for the uses and purposes and upon the following express conditions:

(a) The lands shall be used by the city and its successors for purposes in which there is a general statewide interest, as follows:

(1) For the establishment, improvement, and conduct of a public harbor; and for the construction, maintenance, and operation thereon of wharves, docks, piers, slips, quays, ways, and streets, and other utilities, structures, and appliances necessary or convenient for the promotion or accommodation of commerce and navigation.

(2) For the establishment, improvement, and conduct of public bathing beaches, public marinas, public aquatic playgrounds, and similar recreational facilities open to the general public; and for the construction, reconstruction, repair, maintenance, and operation of all works, buildings, facilities, utilities, structures, and appliances incidental, necessary, or convenient for the promotion and accommodation of any such uses.

(3) For the preservation, maintenance, and enhancement of the lands in their natural state and the reestablishment of the natural state of the lands so that they may serve as ecological units for scientific study, as open space, and as environments which provide food and habitat for birds and marine life, and which favorably affect the scenery and climate of the area.

(b) Except as otherwise provided in this section, the city or its successors shall not, at any time, grant, convey, give, or alienate the lands, or any part thereof, to any individual, firm, public or private entity, or corporation for any purposes whatever; except that the city or its

successors may grant franchises thereon for a period not exceeding 50 years for wharves and other public uses and purposes and may lease the lands, or any part thereof, for terms not exceeding 50 years for purposes consistent with the trust upon which the lands are held by the state and with the uses specified in this section.

(c) The lands shall be improved without expense to the state; provided, however, that nothing contained in this act shall preclude expenditures for the development of the lands for the purposes authorized by this act, by the state, or any board, agency, or commission thereof, or expenditures by the city of any funds received for such purpose from the state or any board, agency, or commission thereof.

(d) In the management, conduct, operation, and control of the lands or any improvements, betterments, or structures thereon, the city or its successors shall make no discrimination in rates, tolls, or charges for any use or service in connection therewith.

(e) The state shall have the right to use without charge any transportation, landing, or storage improvements, betterments, or structures constructed upon the lands for any vessel or other watercraft or railroad owned or operated by the state.

(f) There is hereby reserved to the people of the state the right to fish in the waters on the lands with the right of convenient access to the waters over the lands for such purpose, which rights shall be subject, however, to such rules and regulations as are necessary for the accomplishment of the purposes specified in subdivision (a).

(g) Notwithstanding any provision of this section to the contrary, the city may lease the lots located within Parcels A, B, and C described in Section 6 of this act for the purposes set forth in this act and for terms not to exceed 50 years. The consideration to be received by the city for such leases shall be the fair market rental value of such lots as finished subdivided lots with streets constructed and all utilities installed. The form of such leases and the range of consideration to be received by the city shall be approved by the State Lands Commission prior to the issuance of any such lease. All money received by the city from existing and future leases of those lots shall be deposited in the city tideland trust funds as provided in Section 2.

(h) With the approval of the State Lands Commission, the city may transfer portions of the lands granted by this act, or held pursuant to this act, to the state acting by and through the State Lands Commission, for lease to the Department of Fish and Game for an ecological reserve or wildlife refuge, or both, and other compatible uses to be undertaken by the department; provided, however, that, if at any time the Department of Fish and Game no longer uses those portions of the lands so transferred by the city to the state for those purposes, the lands so transferred shall revert to the city to be held pursuant to the provisions

of this act. Upon approving such a transfer from the city to the state, the State Lands Commission shall lease the lands so transferred to the Department of Fish and Game. The public benefits shall be the sole consideration to be received by the State Lands Commission from the Department of Fish and Game for that lease. Any and all income received by the Department of Fish and Game from the lands so leased shall be used only in connection with the department's improvement and administration of the leased lands.

(i) The city shall establish a separate tidelands trust fund or funds in such a manner as may be approved by the State Lands Commission, and the city shall deposit in the fund or funds all money received directly from, or indirectly attributable to, the granted tidelands in the city.

(j) In accordance with this act, the city, acting either alone or jointly with another local or state agency, may use revenues accruing from or out of the use of the granted tidelands or from any additional trust assets, for any or all of the purposes set forth in this act on public trust lands within the City of Newport Beach. Those revenues may be deposited in one or more reserve funds for use in accordance with the terms and conditions set forth in this act.

(k) As to the accumulation and expenditure of revenues for any single capital improvement on the public trust lands within the city involving an amount in excess of two hundred fifty thousand dollars ($250,000) in the aggregate, the city shall file with the State Lands Commission a detailed description of such capital improvement not less than 30 days prior to the time of any disbursement therefor or in connection therewith. The executive officer of the commission shall notify the city within 30 days from the date of the filing, if the proposed expenditure raises significant issues. Upon receipt of the notification, the city shall not make any disbursement in connection with the proposed expenditure for 60 days or until the commission has acted on the proposed expenditure, whichever is the shorter period. Within 60 days of the notification by the executive officer, the State Lands Commission may determine and notify the city that the capital improvement is not in the statewide interest and benefit or is not authorized by the provisions of subdivision (j). The State Lands Commission may request the opinion of the Attorney General on the matter; and, if it does so, a copy of the opinion shall be delivered to the city with the notice of its determination. If the State Lands Commission notifies the city that the capital improvement is not authorized, the city shall not disburse any revenue for or in connection with the capital improvement unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. The city is authorized to bring suit against the state for the purpose of securing such an order or adjudication, which suit shall have priority over all other civil matters. Service of process shall

be made upon the Executive Officer of the State Lands Commission and the Attorney General, and the Attorney General shall defend the state in such suit. If judgment be given against the state in the suit, no costs shall be recovered against it.

(*l*) On June 30, 1978, and on June 30 of every third fiscal year thereafter, that portion of the city tideland trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after deducting current and accrued operating costs and expenditures directly related to the operation or maintenance of tideland trust activities shall be deemed excess revenues. However, any funds deposited in a reserve fund for future capital expenditures or any funds used to retire bond issues for the improvement or operation of the granted lands shall not be deemed excess revenue. Capital improvements of the granted lands for purposes authorized by this act, including improvements on lands transferred to the state pursuant to subdivision (h) and paid for by the city, may be considered as expenditures for the purpose of determining excess revenues; provided, however, that if made after the effective date of this act they may be so considered only if made in accordance with subdivision (k). The excess revenue, as determined pursuant to this subdivision, shall be allocated as follows: 85 percent shall be transmitted to the Treasurer for deposit in the General Fund in the State Treasury, and 15 percent shall be retained by the city for deposit in the trust fund for use in any purpose authorized by subdivision (j) of this section.

(m) At the request of the city, the State Lands Commission shall grant an extension of time, not to exceed 90 calendar days, for filing any report or statement required by this act, that was not filed due to mistake or inadvertence.

(n) If the city fails or refuse to file with the State Lands Commission any report, statement, or document required by any provision of this act, or any extension period granted pursuant to this act, or fails or refuses to carry out the terms of this act, the Attorney General shall, upon the request of the State Lands Commission, bring such judicial proceedings for correction and enforcement as are appropriate and shall act to protect any improvements to, or assets situated upon, the granted lands or diverted therefrom. The State Lands Commission shall notify the Chief Clerk of the Assembly and the Secretary of the Senate within 30 days from the date of the occurrence of the failure or refusal and of actions taken as a result thereof.

(o) The State Lands Commission shall, from time to time, recommend to the Legislature such amendments as it may determine to be necessary in the terms and conditions of this act.

(p) The State Lands Commission shall, from time to time, institute a formal inquiry to determine that the terms and conditions of this act, and amendments thereto, have been complied with in good faith.

(q) If the commission determines any transaction or condition reported to the commission pursuant to this act to be in probable conflict with this act or with any other provision of law, the Attorney General shall, upon formal request of the State Lands Commission made only after a noticed public hearing at which the city has been given an opportunity to express fully any disagreement with the commission's findings or to describe any extenuating circumstances causing the violation, bring an action in the Superior Court in the County of Orange to declare that the grant under which the city holds the tidelands and submerged lands is revoked for gross and willful violation of this act or any other provision of law or to compel compliance with the requirements of this act and any other provision of law.

(r) The city shall cause to be made and filed annually with the State Lands Commission a detailed statement of receipts and expenditures by it of all rents, revenues, issues, and profits in any manner arising after the effective date of this act from the granted lands or any improvements, betterments, or structures thereon.

(s) The Department of Fish and Game shall establish the funds and make the deposits required by subdivision (i) of this section and shall prepare and file statements required by subdivision (r) as to any lands transferred to the state pursuant to subdivision (h).

(t) The provisions of Chapter 2 (commencing with Section 6701) of Part 2 of Division 6 of the Public Resources Code shall be applicable to this section. The provisions of Section 6359 of the Public Resources Code shall not be applicable to this section.

(u) Notwithstanding any other provision of this act, the city shall pay to the state all revenues received from the production of oil, gas, and other minerals derived from or attributable to the real property described in Section 6 of this act and the real property acquired by the city pursuant to subdivision (a) of Section 2 of this act. Whenever practicable, the city shall obtain the mineral rights in real property acquired pursuant to subdivision (a) of Section 2 of this act.

SEC. 269. Section 3 of Chapter 1523 of the Statutes of 1985 is repealed.

SEC. 270. Section 2 of Chapter 1495 of the Statutes of 1988 is amended to read:

Sec. 2. There is hereby created a pilot project on direct access contractor license verification systems. The goals of the pilot project shall be to determine the most appropriate method of providing cities, counties, or cities and counties with direct access to the licensure information, including bonding, maintained by the Contractors' State License Board and the most appropriate method of obtaining and providing timely and accurate workers' compensation insurance information on contractors to cities, counties, and cities and counties.

The project shall be conducted in not less than six cities, counties, or cities and counties, or other entities, as determined by the Registrar of Contractors, and upon assent thereto by those cities, counties, or cities and counties, or other entities. The Contractors' State License Board shall provide each participant in the pilot project with the capability to obtain verification of proper licensure, bonding, and workers' compensation insurance of contractors engaged in projects requiring licensure through direct access, to computerized contractor license records maintained by the Contractors' State License Board. The Contractors' State License Board shall consider methods of access including magnetized stripe cards, bar coded cards, microchip-based cards, related hardware and software, and telecommunication means. Their initial analysis shall include technical feasibility, operational effectiveness, maintenance, risk factors, and cost or benefit of these media. This analysis shall be done in coordination with the office of information technology of the Department of Finance. Risk factors shall include security information in accordance with the Records Management Act, the Information Practices Act, and state electronic data processing policies. The pilot project shall be in operation no less than one year in each of the participating entities.

SEC. 271. Section 1 of Chapter 1350 of the Statutes of 1989 is amended to read:

Section 1. (a) The Legislature finds and declares, based on adult correctional studies and experiences, the following:

(1) Maintaining a prisoner's family ties has a positive effect on the recidivism rate for offenders.

(2) Enhancing visitor services increases the frequency and quality of visits and, in the Department of Corrections, has demonstrated that violent behavior in institutions is thereby decreased.

(3) Enhancing visitor services provides prisoners with strong family support, which can have a stabilizing influence on the institution benefiting the prisoners, the staff, and the community.

(b) The Legislature further finds and declares that the location of the Northern California Youth Center and lack of services to assist visitors impedes visiting.

(c) The Department of the Youth Authority shall establish a visitor center at the Northern California Youth Center which visitor center shall provide, at a minimum, each of the following services to visitors, as needed:

(1) Outreach programs to wards' families.

(2) Assistance to visitors with transportation between public transit terminals in the Stockton area and the Northern California Youth Center.

(3) Crisis intervention.

(4) Information on visiting regulations and processes.

(5) Referral to other agencies and services.

(6) Parent education.

(7) A sheltered area for visitors who are waiting before or after visits.

In addition, the visitor center staff shall maintain working relations with the local community and institution.

(d) The visitor center may also provide child care services for the children of visitors.

(e) The goals of the Department of the Youth Authority in operating a visitor center shall be to achieve all of the following:

(1) Enhancing visitor services in order to provide wards with strong family support, which support can have a stabilizing influence on the institution and enhance the ward's parole performance.

(2) Improvement of ward institutional performance and behavior.

(f) For purposes of program evaluation, records shall be maintained of wards receiving visits and families receiving services. The wards shall be traced through their institutional and parole experiences. Their success and failure rate shall be compared to that of wards who did not receive visits or services.

(g) The department shall contract with a nonprofit agency to provide any of the services at the visitor center which the department is unable to provide.

(h) The establishment of a visitor center at the Northern California Youth Center is subject to the availability of funds provided to the department for purposes of this act through the annual Budget Act.

SEC. 272. Section 1 of Chapter 674 of the Statutes of 1990 is repealed.

SEC. 273. Section 1 of Chapter 1621 of the Statutes of 1990 is amended to read:

Section 1. The Legislature finds and declares the following:

(a) Federal programs in such areas as transportation, housing, space, and defense generate a major portion of the state's employment and are vital to those areas of our economy.

(b) California received $103 billion in federal expenditures in 1988, over $40 billion more than the second place State of New York.

(c) After increasing dramatically between 1979 and 1985, new authority for defense portions of federal spending has fallen in inflation-adjusted terms for five consecutive years. The Commission on State Finance projects that defense expenditures entering California during 1990 will be down for the second consecutive year, with an anticipated inflation adjusted loss of 5 percent. Shifts in United States Department of Defense policies may further accelerate that loss. Continued slowing in defense spending will adversely affect firms in California's high-technology and aerospace industries, including

aircraft manufacturing, space, electronics, and communications equipment.

(d) The impacts of these changing expenditure patterns will be felt particularly in the state's educational establishments. According to recent estimates by the Commission on State Finance, the University of California was the sixth largest recipient of Department of Defense contracts in 1988, receiving $1.3 billion in prime awards.

(e) The development of statewide policies mitigating the need for major economic adjustment and conversion efforts will require close private and public sector cooperation. To assist local governments, educational institutions, businesses, and individuals to understand and evaluate the impact of these shifting patterns on their budgeting, training needs, competitive possibilities, and job prospects, there is need to reauthorize in a modified form the current responsibility of the Commission on State Finance to develop and maintain an economic model capable of estimating the impact of federal expenditures on the state's economy and employment. The commission should:

(1) Develop strategies to maximize dissemination of Commission on State Finance federal expenditure data for the benefit of local and regional planners, state and local job training agencies, and economic development groups.

(2) Modify the content and format of the Commission on State Finance report, ''Impact of Federal Expenditures on the Economy,'' to provide macro economic data as well as microanalysis of specific topics of governmental finance where federal spending plays a significant role, such as in infrastructure finance, transportation, education, and health and welfare.

SEC. 274. Section 2 of Chapter 1012 of the Statutes of 1993 is repealed.

SEC. 274.5. Resolution Chapter 100 of the Statutes of 1995 is repealed.

SEC. 275. Section 2 of Chapter 881 of the Statutes of 1997 is amended to read:

Sec. 2. (a) The sum of four million dollars ($4,000,000) appropriated as Item 2240-104-0927 in the Budget Act of 1997, shall be allocated for the following purposes:

(1) Three million dollars ($3,000,000) appropriated as Item 2240-104-0927 in the Budget Act of 1997, shall be allocated to the Farmworker Housing Grant Fund for the purposes set forth in Section 50517.5 of the Health and Safety Code. Sponsors utilizing funds appropriated pursuant to this act shall consider using participants in job training, vocational education, and welfare-to-work programs in development projects.

(2) One million dollars ($1,000,000) appropriated as Item 2240-104-0927 in the Budget Act of 1997, shall be allocated to the Farmworker Housing Grant Fund for two demonstration programs that finance the acquisition, construction, or rehabilitation of housing that provides farmworkers with affordable, durable, low-maintenance housing options. The department may waive any requirements of Section 50517.5 of the Health and Safety Code and any regulations promulgated thereunder that are inconsistent with prompt and effective implementation of the demonstration programs described in this item. The demonstration programs shall be as follows:

(A) A program establishing prototype portable housing units that incorporate design research and are factory constructed and that will be sited in or adjacent to a migrant farmworker community facility in which job, housing, child care, health, and educational referrals are provided.

(B) A program containing other innovative models that are responsive to local needs, that bring together stakeholders to formulate appropriate local responses, that leverage grower and other private sector assistance, and that demonstrate the feasibility of innovative approaches to farmworker housing, including, but not limited to, dormitory and barracks-style housing, motel conversions, fast-track local permit approval of farmworker housing proposals, homeownership assistance and housing with scattered site management.

(C) The department shall submit a report on or before January 1, 1999, and biennially thereafter on or before each January 1 for which a report is due, to the Legislature on the administration and implementation of the demonstration programs. The report shall include, but not be limited to, the following information:

(i) The number and type of housing units.

(ii) The cost of the housing units.

(iii) The department's administrative costs and budget for implementation and management.

(iv) Details of the implementation and success of the various components of the projects.

(b) The department shall use funds appropriated for purposes of subparagraphs (A) and (B) to maximize other local, state, federal, or private funds and may waive the requirement that the sponsor make a contribution if the department determines that the sponsor does not have the capability to make the contribution.

(c) Of the funds appropriated for the purpose authorized in paragraphs (1) and (2) of subdivision (a), no more than two hundred seventy thousand dollars ($270,000) may be expended in any fiscal year for costs of administering the programs authorized thereby.

SEC. 276. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that state and local agencies may be relieved of the burden of preparing unessential reports at the earliest possible time, it is necessary that this act take effect immediately.

---

## CHAPTER 746

An act to add and repeal Chapter 14.6 (commencing with Section 50870) of Part 2 of Division 31 of the Health and Safety Code, relating to economic development, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 2001. Filed with Secretary of State October 12, 2001.]

I am signing AB 31 with a deletion. This bill would create the Central Valley Infrastructure Grant Program to incentivize infrastructure improvements to eight Central Valley counties. This program was to receive funding from a $15 million appropriation contained in the 2001 Budget Act.

Given the rapid decline of our economy and a budget shortfall of $1.1 billion through the first three months of this fiscal year alone, I am directing the Department of Housing and Community Development to use $12 million for this grant program and to revert $3 million to the General Fund.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 14.6 (commencing with Section 50870) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

### CHAPTER 14.6. CENTRAL VALLEY INFRASTRUCTURE GRANT PROGRAM

50870. (a) The Central Valley Infrastructure Grant Program is hereby established in the department for the purpose of furthering economic development in rural small cities in the central San Joaquin Valley through developing and repairing necessary public infrastructure. Priority for funding shall be given to infrastructure projects such as streets, water, sewer, utilities, or telecommunication projects, or other necessary public infrastructure to facilitate business development, retention, or expansion.

(b) Money appropriated pursuant to Item 2240-101-0001 of Section 2.00 in the Budget Act of 2001 shall be used exclusively to provide for grants, not to exceed the sum of four hundred thousand dollars ($400,000) each, to rural small cities with a median income of 80 percent

or less of the state median income, within the Counties of Fresno, Kings, Kern, Tulare, Madera, Merced, Stanislaus, and San Joaquin.

(c) Grants administered pursuant to this section shall be used solely for projects qualifying for funding under this chapter.

(d) Grants shall be administered beginning September 1, 2001.

(e) For purposes of this section, ''small city'' means a city with a population of less than 100,000, or an unincorporated community with a population of less than 20,000, based on the estimated 2000 figures of the Demographic Research Unit of the Department of Finance.

(f) Notwithstanding any other provision of this chapter, not more than 15 percent of the financing may be expended for educational facilities, environmental mitigation measures, and parks and recreational facilities.

(g) For projects located in unincorporated communities, the contracting entity shall be the county in which the community is located. No county may receive more than one grant. As a condition of receiving funds, the grantee jurisdiction shall have an adopted housing element that the Department of Housing and Community Development has determined, pursuant to Section 65585 of the Government Code, to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(h) The program shall be operated through guidelines that shall include competitive criteria, determined by the department, which shall include, but not be limited to, project benefits, leverage of state funds, median income that is 80 percent or less of the state median income, unemployment levels, and other appropriate indicators of need. In addition, the guidelines shall ensure, to the extent feasible, a reasonable geographic distribution of funds. The guidelines shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 2 of Title 2 of the Government Code.

50871. The department shall determine how many grants were administered pursuant to this chapter, as well as the geographic distribution of these grants, and provide this information within the report that the department provides pursuant to Section 50408.

50872. This chapter shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. Due to the unique circumstances of the Counties of Fresno, Kings, Kern, Tulare, Madera, Merced, Stanislaus, and San Joaquin with respect to the growth needs of agricultural areas moving toward competitiveness in a technology-based economy, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

Therefore, the special legislation contained in Section 1, inclusive, of this act is necessarily applicable only to the Counties of Fresno, Kings, Kern, Tulare, Madera, Merced, Stanislaus, and San Joaquin.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that grants may be made pursuant to the Central Valley Infrastructure Grant Program at the earliest possible time to further economic development in rural small cities in the central San Joaquin Valley, it is necessary for this act to take effect immediately.

---

## CHAPTER 747

An act to amend Sections 366.21, 366.26, 366.29, and 366.3 of, and to add Section 306.5 to, the Welfare and Institutions Code, relating to dependent children.

[Approved by Governor October 11, 2001. Filed with Secretary of State October 12, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 306.5 is added to the Welfare and Institutions Code, to read:

306.5. In any case in which a social worker takes a minor into custody pursuant to Section 306, the social worker shall, to the extent that it is practical and appropriate, place the minor together with any siblings or half-siblings who are also detained or include in the report prepared pursuant to Section 319 a statement of his or her continuing efforts to place the siblings together or why those efforts are not appropriate.

SEC. 2. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the social worker to the same persons as in the original proceeding, to the child's parent or legal guardian, to the foster parents, relative caregivers, community

care facility, or foster family agency having physical custody of the child in the case of a child removed from the physical custody of his or her parent or legal guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the child being recommended by the supervising agency. The notice to the foster parent, relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency shall indicate that the foster parent, relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian, and make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian and counsel for the child with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall provide a summary of his or her recommendation for disposition to any court-appointed child advocate, foster parents, relative caregivers, certified foster parents who have been approved for adoption by the State

Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her

parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5 and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony

indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services have been provided or offered to the parent or legal guardian that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, that shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or legal guardian that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.36 may be instituted. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and shall not preclude a different recommendation at a later date if the child's circumstances change.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

SEC. 3. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to children who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of

Section 360. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. Section 8714.7 of the Family Code is applicable and available to all dependent children meeting the requirements of that section, if the postadoption contact agreement has been entered into voluntarily. For children who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the child while the child is a dependent child of the juvenile court.

(b) At the hearing, that shall be held in juvenile court for all children who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these children, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties may present, and then shall make findings and orders in the following order of preference:

(1) Terminate the rights of the parent or parents and order that the child be placed for adoption and, upon the filing of a petition for adoption in the juvenile court, order that a hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted.

(2) On making a finding under paragraph (3) of subdivision (c), identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days.

(3) Appoint a legal guardian for the child and order that letters of guardianship issue.

(4) Order that the child be placed in long-term foster care, subject to the periodic review of the juvenile court under Section 366.3.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) (1) If the court determines, based on the assessment provided as ordered under subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22, and any other relevant evidence, by a clear and convincing standard, that it is likely the child will be adopted, the court shall terminate parental rights and order the child placed for adoption. The fact that the child is not yet placed in a preadoptive home nor with a relative or foster family who is prepared to adopt the child, shall not constitute a basis for the court to conclude that it is not likely the child will be adopted. A finding under subdivision (b) or paragraph (1) of

subdivision (e) of Section 361.5 that reunification services shall not be offered, under subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or, under Section 366.21 or 366.22, that the court has continued to remove the child from the custody of the parent or guardian and has terminated reunification services, shall constitute a sufficient basis for termination of parental rights unless the court finds a compelling reason for determining that termination would be detrimental to the child due to one or more of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the child and the child would benefit from continuing the relationship.

(B) A child 12 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The child is living with a relative or foster parent who is unable or unwilling to adopt the child because of exceptional circumstances, that do not include an unwillingness to accept legal or financial responsibility for the child, but who is willing and capable of providing the child with a stable and permanent environment and the removal of the child from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the child. This subparagraph does not apply to any child who is living with a nonrelative and who is either (i) under six years of age or (ii) a member of a sibling group where at least one child is under six years of age and the siblings are, or should be, permanently placed together.

(E) There would be substantial interference with a child's sibling relationship, taking into consideration the nature and extent of the relationship, including, but not limited to, whether the child was raised with a sibling in the same home, whether the child shared significant common experiences or has existing close and strong bonds with a sibling, and whether ongoing contact is in the child's best interest, including the child's long-term emotional interest, as compared to the benefit of legal permanence through adoption.

If the court finds that termination of parental rights would be detrimental to the child pursuant to subparagraph (A), (B), (C), (D), or (E), it shall state its reasons in writing or on the record.

(2) The court shall not terminate parental rights if at each and every hearing at which the court was required to consider reasonable efforts or

services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(3) If the court finds that termination of parental rights would not be detrimental to the child pursuant to paragraph (1) and that the child has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days. During this 180-day period, the public agency responsible for seeking adoptive parents for each child shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. During the 180-day period, the public agency shall conduct the search for adoptive parents in the same manner as prescribed for children in Sections 8708 and 8709 of the Family Code. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a child may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the child because of the child's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the child is the age of seven years or more.

(4) If the court finds that adoption of the child or termination of parental rights is not in the best interest of the child, because one of the conditions in subparagraph (A), (B), (C), (D) or (E) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the child or order that the child remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the child is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the child shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the child because the child has substantial psychological ties to the relative caretaker or foster parents. The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the child.

(5) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide

the child with a stable and permanent environment, the court may order the care, custody, and control of the child transferred from the county welfare department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director regarding the suitability of the transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the child in a suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the child and for providing appropriate services to the child, including those services ordered by the court. Responsibility for the support of the child shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the child. Those children whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a child who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanent plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) The proceeding for the adoption of a child who is a dependent of the juvenile court shall be in the juvenile court if the court finds pursuant to this section that adoption is the appropriate permanent plan and the petition for adoption is filed in the juvenile court. Upon the filing of a petition for adoption, the juvenile court shall order that an adoption hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted. The full report required by Section 8715 of the Family Code shall be read and considered by the court prior to the adoption and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding. It is the intent of the Legislature, pursuant to this subdivision, to give potential adoptive parents the option of filing in the juvenile court the petition for the adoption of a child who is a dependent of the juvenile court. Nothing in this section is intended to prevent the filing of a petition for adoption in any other court as permitted by law, instead of in the juvenile court.

(f) At the beginning of any proceeding pursuant to this section, if the child or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the child require the appointment of counsel. If the court finds that the interests of the child do require this protection, the court shall appoint counsel to represent the child. If the court finds that the interests of the child require the representation of counsel, counsel shall be appointed whether or not the child is able to afford counsel. The child shall not be present in court unless the child or the child's counsel so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the child and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the child, in any proportions the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(g) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(h) At all proceedings under this section, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the child may be taken in chambers and outside the presence of the child's parent or parents if the child's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The child is likely to be intimidated by a formal courtroom setting.

(3) The child is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the child may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a child also may be taken in chambers and outside the presence of the guardian or guardians of a child under the circumstances specified in this subdivision.

(i) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the child, upon the parent or parents and upon all other persons who have been served

with citation by publication or otherwise as provided in this chapter. After making the order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(j) If the court, by order or judgment declares the child free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the child referred to the State Department of Social Services or a licensed adoption agency for adoptive placement by the agency. However, no petition for adoption may be granted until the appellate rights of the natural parents have been exhausted. The State Department of Social Services or licensed adoption agency shall be responsible for the custody and supervision of the child and shall be entitled to the exclusive care and control of the child at all times until a petition for adoption is granted. With the consent of the agency, the court may appoint a guardian of the child, who shall serve until the child is adopted.

(k) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's emotional well-being.

As used in this subdivision, ''preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(*l*) (1) An order by the court that a hearing pursuant to this section be held is not appealable at any time unless all of the following applies:

(A) A petition for extraordinary writ review was filed in a timely manner.

(B) The petition substantively addressed the specific issues to be challenged and supported that challenge by an adequate record.

(C) The petition for extraordinary writ review was summarily denied or otherwise not decided on the merits.

(2) Failure to file a petition for extraordinary writ review within the period specified by rule, to substantively address the specific issues challenged, or to support that challenge by an adequate record shall preclude subsequent review by appeal of the findings and orders made pursuant to this section.

(3) The Judicial Council shall adopt rules of court, effective January 1, 1995, to ensure all of the following:

(A) A trial court, after issuance of an order directing a hearing pursuant to this section be held, shall advise all parties of the requirement of filing a petition for extraordinary writ review as set forth in this subdivision in order to preserve any right to appeal in these issues. This notice shall be made orally to a party if they are present at the time of the making of the order or by first-class mail by the clerk of the court to the last known address of a party not present at the time of the making of the order.

(B) The prompt transmittal of the records from the trial court to the appellate court.

(C) That adequate time requirements for counsel and court personnel exist to implement the objective of this subdivision.

(D) That the parent or guardian, or their trial counsel or other counsel, is charged with the responsibility of filing a petition for extraordinary writ relief pursuant to this subdivision.

(4) The intent of this subdivision is to do both of the following:

(A) Make every reasonable attempt to achieve a substantive and meritorious review by the appellate court within the time specified in Sections 366.21 and 366.22 for holding a hearing pursuant to this section.

(B) Encourage the appellate court to determine all writ petitions filed pursuant to this subdivision on their merits.

(5) This subdivision shall only apply to cases in which an order to set a hearing pursuant to this section is issued on or after January 1, 1995.

(m) Except for subdivision (j), this section shall also apply to minors adjudged wards pursuant to Section 727.31.

SEC. 4. Section 366.29 of the Welfare and Institutions Code is amended to read:

366.29. (a) When a court, pursuant to Section 366.26, orders that a dependent child be placed for adoption, nothing in the adoption laws of this state shall be construed to prevent the prospective adoptive parent or parents of the child from expressing a willingness to facilitate postadoptive sibling contact. With the consent of the adoptive parent or parents, the court may include in the final adoption order provisions for the adoptive parent or parents to facilitate postadoptive sibling contact. In no event shall the continuing validity of the adoption be contingent upon the postadoptive contact, nor shall the ability of the adoptive parent or parents and the child to change residence within or outside the state be impaired by the order for contact.

(b) If, following entry of an order for sibling contact pursuant to subdivision (a), it is determined by the adoptive parent or parents that sibling contact poses a threat to the health, safety, or well-being of the adopted child, the adoptive parent or parents may terminate the sibling contact, provided that the adoptive parent or parents shall submit written

notification to the court within 10 days after terminating the contact, which notification shall specify to the court the reasons why the health, safety, or well-being of the adopted child would be threatened by continued sibling contact.

(c) Upon the granting of the adoption petition and the issuing of the order of adoption of a child who is a dependent of the juvenile court, the jurisdiction of the juvenile court with respect to the dependency proceedings of that child shall be terminated. Nonetheless, the court granting the petition of adoption shall maintain jurisdiction over the child for enforcement of the postadoption contact agreement. The court may only order compliance with the postadoption contact agreement upon a finding of both of the following:

(1) The party seeking the enforcement participated, in good faith, in mediation or other appropriate alternative dispute resolution proceedings regarding the conflict, prior to the filing of the enforcement action.

(2) The enforcement is in the best interest of the child.

SEC. 5. Section 366.3 of the Welfare and Institutions Code is amended to read:

366.3. (a) If a juvenile court orders a permanent plan of adoption or legal guardianship pursuant to Section 360 or 366.26, the court shall retain jurisdiction over the child until the child is adopted or the legal guardianship is established, except as provided for in Section 366.29. The status of the child shall be reviewed every six months to ensure that the adoption or legal guardianship is completed as expeditiously as possible. When the adoption of the child has been granted, the court shall terminate its jurisdiction over the child. Following establishment of a legal guardianship, the court may continue jurisdiction over the child as a dependent child of the juvenile court following the establishment of a legal guardianship or may terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the legal guardianship, as authorized by Section 366.4. If, however, a relative of the child is appointed the legal guardian of the child and the child has been placed with the relative for at least 12 months, the court shall, except where the relative guardian objects, or upon a finding of exceptional circumstances, terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the guardianship, as authorized by Section 366.4. Following a termination of parental rights the parent or parents shall not be a party to, or receive notice of, any subsequent proceedings regarding the child.

(b) If the court has dismissed dependency jurisdiction following the establishment of a legal guardianship, or no dependency jurisdiction attached because of the granting of a legal guardianship pursuant to Section 360, and the legal guardianship is subsequently revoked or

otherwise terminated, the county department of social services or welfare department shall notify the juvenile court of this fact. The court may vacate its previous order dismissing dependency jurisdiction over the child.

Notwithstanding Section 1601 of the Probate Code, the proceedings to terminate a legal guardianship which has been granted pursuant to Section 360 or 366.26 shall be held in the juvenile court, unless the termination is due to the emancipation or adoption of the child. Prior to the hearing on a petition to terminate legal guardianship pursuant to this paragraph, the court shall order the county department of social services or welfare department to prepare a report, for the court's consideration, that shall include an evaluation of whether the child could safely remain in the legal guardian's home, without terminating the legal guardianship, if services were provided to the child or legal guardian. If applicable, the report shall also identify recommended services to maintain the legal guardianship and set forth a plan for providing those services. If the petition to terminate legal guardianship is granted, the juvenile court may resume dependency jurisdiction over the child, and may order the county department of social services or welfare department to develop a new permanent plan, which shall be presented to the court within 60 days of the termination. If no dependency jurisdiction has attached, the social worker shall make any investigation he or she deems necessary to determine whether the child may be within the jurisdiction of the juvenile court, as provided in Section 328.

Unless the parental rights of the child's parent or parents have been terminated, they shall be notified that the legal guardianship has been revoked or terminated and shall be entitled to participate in the new permanency planning hearing. The court shall try to place the child in another permanent placement. At the hearing, the parents may be considered as custodians but the child shall not be returned to the parent or parents unless they prove, by a preponderance of the evidence, that reunification is the best alternative for the child. The court may, if it is in the best interests of the child, order that reunification services again be provided to the parent or parents.

(c) If, following the establishment of a legal guardianship, the county welfare department becomes aware of changed circumstances that indicate adoption may be an appropriate plan for the child, the department shall so notify the court. The court may vacate its previous order dismissing dependency jurisdiction over the child and order that a hearing be held pursuant to Section 366.26 to determine whether adoption or continued legal guardianship is the most appropriate plan for the child. The hearing shall be held no later than 120 days from the date of the order. Whenever the court orders that a hearing shall be held pursuant to Section 366.26, the court shall direct the agency supervising

the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment under subdivision (b) of Section 366.22.

(d) If the child is in a placement other than the home of a legal guardian and jurisdiction has not been dismissed, the status of the child shall be reviewed at least every six months. The review of the status of a child for whom the court has ordered parental rights terminated and who has been ordered placed for adoption shall be conducted by the court. The review of the status of a child for whom the court has not ordered parental rights terminated and who has not been ordered placed for adoption may be conducted by the court or an appropriate local agency. The court shall conduct the review under the following circumstances:

(1) Upon the request of the child's parents or legal guardians.

(2) Upon the request of the child.

(3) It has been 12 months since a hearing held pursuant to Section 366.26 or an order that the child remain in long-term foster care pursuant to Section 366.21, 366.22, 366.26, or subdivision (g).

(4) It has been 12 months since a review was conducted by the court.

The court shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

(e) Except as provided in subdivision (f), at the review held every six months pursuant to subdivision (d), the reviewing body shall inquire about the progress being made to provide a permanent home for the child, shall consider the safety of the child, and shall determine all of the following:

(1) The continuing necessity for and appropriateness of the placement.

(2) The continuing appropriateness and extent of compliance with the permanent plan for the child.

(3) The extent of the agency's compliance with the child welfare services case plan in making reasonable efforts to return the child to a safe home and to complete whatever steps are necessary to finalize the permanent placement of the child.

(4) The adequacy of services provided to the child. The court shall consider the progress in providing the information and documents to the child, as described in Section 391. The court shall also consider the need for, and progress in providing, the assistance and services described in paragraphs (3) and (4) of subdivision (b) of Section 391.

(5) The extent of progress the parents or legal guardians have made toward alleviating or mitigating the causes necessitating placement in foster care.

(6) The likely date by which the child may be returned to and safely maintained in the home, placed for adoption, legal guardianship, or in another planned permanent living arrangement.

(7) Whether the child has any siblings under the court's jurisdiction, and, if any siblings exist, all of the following:

(A) The nature of the relationship between the child and his or her siblings.

(B) The appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002.

(C) If the siblings are not placed together in the same home, why the siblings are not placed together and what efforts are being made to place the siblings together, or why those efforts are not appropriate.

(D) If the siblings are not placed together, the frequency and nature of the visits between siblings.

(E) The impact of the sibling relationships on the child's placement and planning for legal permanence.

The factors the court may consider as indicators of the nature of the child's sibling relationships include, but are not limited to, whether the siblings were raised together in the same home, whether the siblings have shared significant common experiences or have existing close and strong bonds, whether either sibling expresses a desire to visit or live with his or her sibling, as applicable, and whether ongoing contact is in the child's best emotional interests.

(8) For a child who is 16 years of age or older, the services needed to assist the child to make the transition from foster care to independent living.

The reviewing body shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

Each licensed foster family agency shall submit reports for each child in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the child's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the child.

Unless their parental rights have been permanently terminated, the parent or parents of the child are entitled to receive notice of, and participate in, those hearings. It shall be presumed that continued care is in the best interests of the child, unless the parent or parents prove, by a preponderance of the evidence, that further efforts at reunification are the best alternative for the child. In those cases, the court may order that further reunification services to return the child to a safe home environment be provided to the parent or parents for a period not to exceed six months.

(f) At the review conducted by the court and held at least every six months, regarding a child for whom the court has ordered parental rights terminated and who has been ordered placed for adoption, the county welfare department shall prepare and present to the court a report describing the following:

(1) The child's present placement.

(2) The child's current physical, mental, emotional, and educational status.

(3) Whether the child has been placed with a prospective adoptive parent or parents.

(4) Whether an adoptive placement agreement has been signed and filed.

(5) Whether the final adoption order should include provisions for postadoptive sibling contact pursuant to Section 366.29.

(6) The progress of the search for an adoptive placement if one has not been identified.

(7) Any impediments to the adoption or the adoptive placement.

(8) The anticipated date by which the child will be adopted, or placed in an adoptive home.

(9) The anticipated date by which an adoptive placement agreement will be signed.

(10) Recommendations for court orders that will assist in the placement of the child for adoption or in the finalization of the adoption.

The court shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

The court shall make appropriate orders to protect the stability of the child and to facilitate and expedite the permanent placement and adoption of the child.

(g) At the review held pursuant to subdivision (d) for a child in long-term foster care, the court shall consider all permanency planning options for the child including whether the child should be returned to the home of the parent, placed for adoption, or appointed a legal guardian, or whether the child should remain in long-term foster care. The court shall order that a hearing be held pursuant to Section 366.26 unless it determines by clear and convincing evidence, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is being returned to the home of the parent, the child is not a proper subject for adoption, or no one is willing to accept legal guardianship. If the licensed county adoption agency, or the department when it is acting as an adoption agency in counties that are not served by a county adoption agency, has determined it is unlikely that the child will be adopted or one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, that fact shall constitute a

compelling reason for purposes of this subdivision. Only upon that determination may the court order that the child remain in long-term foster care, without holding a hearing pursuant to Section 366.26.

(h) If, as authorized by subdivision (g), the court orders a hearing pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment as provided for in subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22. A hearing held pursuant to Section 366.26 shall be held no later than 120 days from the date of the 12-month review at which it is ordered, and at that hearing the court shall determine whether adoption, legal guardianship, or long-term foster care is the most appropriate plan for the child.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

---

## CHAPTER 748

An act to amend Sections 8574.9, 8574.10, 8670.2, 8670.3, 8670.9, 8670.10, 8670.14, 8670.16, 8670.17, 8670.17.2, 8670.20, 8670.21, 8670.23, 8670.23.1, 8670.25, 8670.25.5, 8670.27, 8670.28, 8670.30.5, 8670.31, 8670.33, 8670.34, 8670.36.1, 8670.37, 8670.37.5, 8670.37.51, 8670.37.53, 8670.37.55, 8670.55, 8670.56.5, 8670.56.6, and 8670.64 of, to add Sections 8670.56.7 and 8670.68.1 to, to add, repeal, and add Section 8670.37.58 of, to repeal Section 8670.32 of, and to repeal and add Sections 8670.29 and 8670.30 of, the Government Code, relating to marine resources.

[Approved by Governor October 11, 2001. Filed with Secretary of State October 12, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 8574.9 of the Government Code is amended to read:

8574.9. (a) The State Interagency Oil Spill Committee shall consist of all of the following persons:

(1) The administrator named by the Governor pursuant to Section 8670.4.

(2) The Chairperson of the State Lands Commission, or his or her designee.

(3) The Chairperson of the California Coastal Commission, or his or her designee.

(4) The Chairperson of the San Francisco Bay Conservation and Development Commission, or his or her designee. The chairperson of the commission shall only have voting and decisionmaking authority regarding matters under the jurisdiction of the commission.

(5) A designated representative from all of the following agencies:

(A) The Office of Emergency Services.

(B) The State Water Resources Control Board.

(C) The Department of Justice.

(D) The California Highway Patrol.

(E) The California National Guard.

(F) The Division of Oil and Gas in the Department of Conservation.

(G) The Department of Toxic Substances Control.

(H) The Department of Transportation.

(I) The Department of Parks and Recreation.

(J) The Department of Water Resources.

(K) The Department of Forestry and Fire Protection.

(L) The State Fire Marshal.

(M) The California regional water quality control boards (one representative).

(N) The Resources Agency.

(O) The California Environmental Protection Agency.

(P) The California Conservation Corps.

(Q) The Office of Environmental Health Hazard Assessment.

(R) The Division of Occupational Safety and Health in the Department of Industrial Relations.

(b) The administrator shall be the chairperson of the committee. The administrator shall ensure that personnel serve as staff to the committee.

SEC. 2. Section 8574.10 of the Government Code is amended to read:

8574.10. (a) The Review Subcommittee of the State Interagency Oil Spill Committee is hereby established. As used in this chapter, ''review subcommittee'' means the Review Subcommittee of the State Interagency Oil Spill Committee. The Director of Fish and Game, who shall serve as chair of the review subcommittee, the Executive Officer of the State Lands Commission, the Executive Director of the California Coastal Commission, the State Fire Marshal, the State Oil and Gas

Supervisor, the Executive Director of the State Water Resources Control Board, and the Executive Director of the San Francisco Bay Conservation and Development Commission, or their designees, shall constitute the members of the review subcommittee. The representative of the San Francisco Bay Conservation and Development Commission only shall have voting and decisionmaking authority regarding matters under the jurisdiction of the commission. The administrator may serve as the designee of the Director of Fish and Game.

(b) All regulations and guidelines adopted pursuant to Chapter 7.4 (commencing with Section 8670.1) and Division 7.8 (commencing with Section 8750) of the Public Resources Code, and amendments to the state oil spill contingency plan, shall, prior to adoption, be submitted to the review subcommittee for review and comment.

(c) Within 60 days from the date of receipt of regulations, guidelines, or amendments pursuant to subdivision (a), the review subcommittee shall review and submit comments to the submitting agency. Any recommendation of the review subcommittee shall be based on the standards of the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act, consisting of the provisions specified in Section 8670.1. This comment period may overlap any other comment periods required by law or allowed by the administrator.

(d) The comments and recommendations of the review subcommittee shall not be binding on the submitting agency. Prior to adoption, and within 30 days from the date of receipt of a response from the review subcommittee, the submitting agency shall respond in writing to the review subcommittee concerning all of the findings and recommendations of the review subcommittee. The submitting agency may reject the recommendations of the review subcommittee only if the submitting agency determines that the action it chooses more effectively furthers the purposes of, and more effectively complies with, the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act. Whenever the submitting agency departs from a finding or recommendation of the review subcommittee, the written response of the submitting agency shall state its rationale for concluding that its action more effectively furthers the purposes of, and more effectively complies with, that act. Any public hearing that is required by this chapter or any other statute shall be held after the submitting agency has filed a response to the review subcommittee.

SEC. 3. Section 8670.2 of the Government Code is amended to read:

8670.2. The Legislature finds and declares as follows:

(a) Each year, billions of gallons of crude oil and petroleum products are transported by vessel or pipeline across and through the marine waters of this state.

(b) Recent accidents in southern California, Alaska, and other parts of the nation have shown that marine transportation of oil can be a significant threat to the environment of sensitive coastal areas.

(c) Existing prevention programs are not able to reduce sufficiently the risk of significant discharge of petroleum into marine waters.

(d) Response and cleanup capabilities and technology are unable to remove consistently the majority of spilled oil when major oil spills occur in marine waters.

(e) California's coastal waters, estuaries, bays, and beaches are treasured environmental and economic resources which the state cannot afford to place at undue risk from an oil spill.

(f) Because of the inadequacy of existing cleanup and response measures and technology, the emphasis must be put on prevention, if the risk and consequences of oil spills are to be minimized.

(g) Improvements in the design, construction, and operation of tankers, terminals, and pipelines; improvements in marine safety; maintenance of emergency response stations and personnel; and stronger inspection and enforcement efforts are necessary to reduce the risks of and from a major oil spill.

(h) A major oil spill in marine waters is extremely expensive because of the need to clean up discharged oil, protect sensitive environmental areas, and restore ecosystem damage.

(i) Immediate action must be taken to improve control and cleanup technology in order to strengthen the capabilities and capacities of cleanup operations.

(j) California government should improve its response and management of oil spills that occur in marine waters.

(k) Those who transport oil through the marine waters of the state must meet minimum safety standards and demonstrate financial responsibility.

(*l*) The federal government plays an important role in preventing and responding to petroleum spills and it is in the interests of the state to coordinate with agencies of the federal government, including the Coast Guard, to the greatest degree possible.

(m) California has approximately 1,100 miles of coast, including four marine sanctuaries which occupy 88,767 square miles. The weather, topography, and tidal currents in and around California's coastal ports and waterways make vessel navigation challenging. The state's major ports are among the busiest in the world. Approximately 700 million barrels of oil are consumed annually by California, with over 500 million barrels being transported by vessel. The peculiarities of California's maritime coast require special precautionary measures regarding oil pollution.

SEC. 4. Section 8670.3 of the Government Code is amended to read:

8670.3. Unless the context requires otherwise, the following definitions shall govern the construction of this chapter:

(a) ''Administrator'' means the administrator for oil spill response appointed by the Governor pursuant to Section 8670.4.

(b) (1) ''Best achievable protection'' means the highest level of protection that can be achieved through both the use of the best achievable technology and those manpower levels, training procedures, and operational methods that provide the greatest degree of protection achievable. The administrator's determination of which measures provide the best achievable protection shall be guided by the critical need to protect valuable coastal resources and marine waters, while also considering all of the following:

(A) The protection provided by the measure.

(B) The technological achievability of the measure.

(C) The cost of the measure.

(2) The administrator shall not use a cost-benefit or cost effectiveness analysis or any particular method of analysis in determining which measures provide the best achievable protection. The administrator shall instead, when determining which measures provide best achievable protection, give reasonable consideration to the protection provided by the measures, the technological achievability of the measures, and the cost of the measures when establishing the requirements to provide the best achievable protection for coastal and marine resources.

(c) (1) ''Best achievable technology'' means that technology that provides the greatest degree of protection, taking into consideration both of the following:

(A) Processes that are being developed, or could feasibly be developed anywhere in the world, given overall reasonable expenditures on research and development.

(B) Processes that are currently in use anywhere in the world.

(2) In determining what is the best achievable technology pursuant to this chapter, the administrator shall consider the effectiveness and engineering feasibility of the technology.

(d) ''Dedicated response resources'' means equipment and personnel committed solely to oil spill response, containment, and cleanup that are not used for any other activity that would adversely affect the ability of that equipment and personnel to provide oil spill response services in the timeframes for which the equipment and personnel are rated.

(e) ''Environmentally sensitive area'' means an area defined pursuant to the applicable area contingency plans, as created and revised by the Coast Guard and the administrator.

(f) ''Local government'' means any chartered or general law city, chartered or general law county, or any city and county.

(g) (1) ''Marine facility'' means any facility of any kind, other than a tank ship or tank barge, that is or was used for the purposes of exploring for, drilling for, producing, storing, handling, transferring, processing, refining, or transporting oil and is located in marine waters, or is located where a discharge could impact marine waters unless the facility is either of the following:

(A) Subject to Chapter 6.67 (commencing with Section 25270) or Chapter 6.75 (commencing with Section 25299.10) of Division 20 of the Health and Safety Code.

(B) Placed on a farm, nursery, logging site, or construction site and does not exceed 20,000 gallons in a single storage tank.

(2) For the purposes of this chapter, ''marine facility'' includes a drill ship, semisubmersible drilling platform, jack-up type drilling rig, or any other floating or temporary drilling platform.

(3) For the purposes of this chapter, ''marine facility'' does not include a small craft refueling dock.

(h) (1) ''Marine terminal'' means any marine facility used for transferring oil to or from a tank ship or tank barge.

(2) ''Marine terminal'' includes, for purposes of this chapter, all piping not integrally connected to a tank facility, as defined in subdivision (1) of Section 25270.2 of the Health and Safety Code.

(i) ''Marine waters'' means those waters subject to tidal influence, except for waters in the Sacramento-San Joaquin Delta upstream from a line running north and south through the point where Contra Costa, Sacramento, and Solano Counties meet.

(j) ''Mobile transfer unit'' means a small marine fueling facility that is a vehicle, truck, or trailer, including all connecting hoses and piping, used for the transferring of oil at a location where a discharge could impact marine waters.

(k) ''Non-dedicated response resources'' means those response resources identified by an OSRO for oil spill response activities that are not dedicated response resources.

(*l*) ''Nonpersistent oil'' means a petroleum-based oil, such as gasoline, diesel, or jet fuel, that evaporates relatively quickly and is an oil with hydrocarbon fractions, at least 50 percent of which, by volume, distills at a temperature of 645° Fahrenheit, and at least 95 percent of which, by volume, distills at a temperature of 700° Fahrenheit.

(m) ''Nontank vessel'' means a vessel of 300 gross tons or greater that carries oil, but does not carry that oil as cargo.

(n) ''Oil'' means any kind of petroleum, liquid hydrocarbons, or petroleum products or any fraction or residues therefrom, including, but not limited to, crude oil, bunker fuel, gasoline, diesel fuel, aviation fuel, oil sludge, oil refuse, oil mixed with waste, and liquid distillates from unprocessed natural gas.

(o) ''Oil spill cleanup agent'' means a chemical, or any other substance, used for removing, dispersing, or otherwise cleaning up oil or any residual products of petroleum in, or on, any of the waters of the state.

(p) ''Oil spill contingency plan'' or ''contingency plan'' means the oil spill contingency plan required pursuant to Article 5 (commencing with Section 8670.28).

(q) (1) ''Oil Spill Response Organization'' or ''OSRO'' means an individual, organization, association, cooperative, or other entity that provides, or intends to provide, equipment, personnel, supplies, or other services directly related to oil spill containment, cleanup, or removal activities.

(2) A ''rated OSRO'' means an OSRO that has received a satisfactory rating from the administrator for a particular rating level established pursuant to Section 8670.30.

(3) ''OSRO'' does not include an owner or operator with an oil spill contingency plan approved by the administrator or an entity that only provides spill management services, or who provides services or equipment that are only ancillary to containment, cleanup, or removal activities.

(r) ''Onshore facility'' means any facility of any kind which is located entirely on lands not covered by marine waters.

(s) (1) ''Owner'' or ''operator'' means any of the following:

(A) In the case of a vessel, any person who owns, has an ownership interest in, operates, charters by demise, or leases, the vessel.

(B) In the case of a marine facility, any person who owns, has an ownership interest in, or operates the marine facility.

(C) Except as provided in subparagraph (D), in the case of any vessel or marine facility, title or control of which was conveyed due to bankruptcy, foreclosure, tax delinquency, abandonment, or similar means to an entity of state or local government, any person who owned, held an ownership interest in, operated, or otherwise controlled activities concerning the vessel or marine facility immediately beforehand.

(D) An entity of the state or local government that acquired ownership or control of a vessel or marine facility, when the entity of the state or local government has caused or contributed to a spill or discharge of oil into marine waters.

(2) ''Owner'' or ''operator'' does not include a person who, without participating in the management of a vessel or marine facility, holds indicia of ownership primarily to protect his or her security interest in the vessel or marine facility.

(3) ''Operator'' does not include any person who owns the land underlying a marine facility or the facility itself if the person is not involved in the operations of the facility.

(t) ''Person'' means any individual, trust, firm, joint stock company, or corporation, including, but not limited to, a government corporation, partnership, and association. ''Person'' also includes any city, county, city and county, district, and the state or any department or agency thereof, and the federal government, or any department or agency thereof, to the extent permitted by law.

(u) ''Pipeline'' means any pipeline used at any time to transport oil.

(v) ''Reasonable worst case spill'' means, for the purposes of preparing contingency plans for a nontank vessel, the total volume of the largest fuel tank on the nontank vessel.

(w) ''Responsible party'' or ''party responsible'' means any of the following:

(1) The owner or transporter of oil or a person or entity accepting responsibility for the oil.

(2) The owner, operator, or lessee of, or person who charters by demise, any vessel or marine facility, or a person or entity accepting responsibility for the vessel or marine facility.

(x) ''Small craft'' means any vessel, other than a tank ship or tank barge, that is less than 20 meters in length.

(y) ''Small craft refueling dock'' means a waterside operation that dispenses only nonpersistent oil in bulk and small amounts of persistent lubrication oil in containers primarily to small craft and meets both of the following criteria:

(1) Has tank storage capacity not exceeding 20,000 gallons in any single storage tank or tank compartment.

(2) Has a total usable tank storage capacity not exceeding 75,000 gallons.

(z) ''Small marine fueling facility'' means either of the following:

(1) A mobile transfer unit.

(2) A fixed facility that is not a marine terminal, that dispenses primarily nonpersistent oil, that may dispense small amounts of persistent oil, primarily to small craft, and that meets all of the following criteria:

(A) Has tank storage capacity not exceeding 40,000 gallons in any single storage tank or storage tank compartment.

(B) Has total usable tank storage capacity not exceeding 75,000 gallons.

(C) Had an annual throughput volume of over-the-water transfers of oil that did not exceed 3,000,000 gallons during the most recent preceding 12-month period.

(aa) ''Spill'' or ''discharge'' means any release of at least one barrel (42 gallons) of oil into marine waters that is not authorized by any federal, state, or local government entity.

(bb) ''State Interagency Oil Spill Committee'' means the committee established pursuant to Article 3.5 (commencing with Section 8574.1) of Chapter 7.

(cc) ''State oil spill contingency plan'' means the state oil spill contingency plan prepared pursuant to Article 3.5 (commencing with Section 8574.1) of Chapter 7.

(dd) ''Tank barge'' means any vessel that carries oil in commercial quantities as cargo but is not equipped with a means of self-propulsion.

(ee) ''Tank ship'' means any self-propelled vessel that is constructed or adapted for the carriage of oil in bulk or in commercial quantities as cargo.

(ff) ''Tank vessel'' means a tank ship or tank barge.

(gg) ''Vessel'' means any watercraft or ship of any kind, including every structure adapted to be navigated from place to place for the transportation of merchandise or persons.

(hh) ''Vessel carrying oil as secondary cargo'' means any vessel that does not carry oil as a primary cargo, but does carry oil in bulk as cargo or cargo residue.

SEC. 5. Section 8670.9 of the Government Code is amended to read:

8670.9. (a) The administrator shall enter into discussions on behalf of the state with the States of Alaska, Oregon, and Washington, for the purpose of developing an interstate compact regarding oil transport by tank ship or tank barge. The compact shall address all of the following:

(1) Coordination of vessel safety and traffic.

(2) Spill prevention equipment and response required on tank ships and tank barges and at terminals.

(3) The availability of oil spill response and cleanup equipment and personnel.

(4) Other matters that may relate to the transport of oil and oil spill prevention, response, and cleanup.

(b) The administrator shall coordinate the development of the interstate compact with the Coast Guard, the Province of British Columbia in Canada, and the Republic of Mexico.

SEC. 6. Section 8670.10 of the Government Code is amended to read:

8670.10. (a) In coordination with all appropriate federal, state, and local government entities, the administrator shall periodically carry out announced and unannounced drills to test response and cleanup operations, equipment, contingency plans, and procedures implemented under this chapter. If practical, the administrator shall coordinate drills with drills carried out by the State Lands Commission and the California Coastal Commission to test prevention operations, equipment, and procedures. In carrying out announced drills, the administrator shall coordinate with the private entities involved in the drill. Each state and

local entity, each rated OSRO, and each operator shall cooperate with the administrator in carrying out these drills.

(b) On or before June 30, 2002, the administrator shall establish performance standards that each operator and rated OSRO shall meet during the drills carried out pursuant to subdivision (a). The standards shall include, but are not limited to, a standard for the time allowable for adequate response, and shall also specify conditions for canceling a drill because of hazardous or other operational circumstances that may exist at a facility. The standards shall specify the protections that the administrator determines are necessary for any environmentally sensitive area, as defined by the administrator.

(c) The costs incurred by an operator to comply with this section and regulations adopted pursuant to this section are the responsibility of the operator. All costs incurred by a local, state, or federal agency in conjunction with participation in a drill pursuant to this chapter shall be borne by each respective agency.

(d) The administrator shall issue a report after every drill that evaluates the performance of the participants.

SEC. 7. Section 8670.14 of the Government Code is amended to read:

8670.14. The administrator shall coordinate the oil spill prevention and response programs and marine facility, tank ship, and tank barge safety standards of the state with federal programs to the maximum extent possible.

SEC. 8. Section 8670.16 of the Government Code is amended to read:

8670.16. The administrator shall take any action necessary and appropriate to promote the adoption of statutes or regulations by the federal government that establish all of the following requirements:

(a) Each tank ship using ports in the state shall have alarms on the bridge that give warning any time an attempt is made to control the tank ship manually while the autopilot is engaged, whether the attempt is successful or not, or any time the autopilot fails.

(b) Each tank ship using ports in the state shall have in good working order, all of the following:

(1) Two ''VHF'' bridge-to-bridge radiotelephones.

(2) One single-side band radiotelephone.

(3) One satellite communication device.

(4) Two collision avoidance radar devices, at least one of which has automatic collision avoidance (ARPA) capability.

(c) Each tank ship and tank barge shall use only shipping lanes designed to significantly reduce the likelihood of oil spills reaching sensitive environmental areas, including, but not limited to, the Channel Islands, Big Sur, the Farallon Islands, and the North Coast.

SEC. 9. Section 8670.17 of the Government Code is amended to read:

8670.17. (a) The administrator shall adopt regulations regarding the equipment, personnel, and operation of vessels to and from marine terminals that are used to transfer oil.

(b) The regulations shall be adopted, and thereafter periodically revised, to ensure the best achievable protection of the public health and safety and the environment.

(c) The regulations adopted pursuant to this section shall include, but not be limited to, both of the following:

(1) A requirement that the vessel has functional equipment that is compatible with any vessel traffic advisory control system that may be established along the California coast.

(2) A requirement that the vessel, while in marine waters, has at all times at least one person on the bridge who is able to communicate fluently and effectively both in English and in the language of the master of the vessel.

SEC. 10. Section 8670.17.2 of the Government Code is amended to read:

8670.17.2. (a) The administrator shall adopt regulations governing tugboat escorts for tank ships and tank barges entering, leaving, or navigating in the harbors of the state. The regulations shall be adopted, and thereafter periodically revised, to ensure the best achievable protection of the public health and safety and the environment.

(b) The regulations adopted pursuant to subdivision (a) shall include, but not be limited to, a determination of the circumstances under which tank ships and tank barges are required to be accompanied by a tugboat or tugboats of sufficient size, horsepower, and pull capability while entering, leaving, or navigating in the harbors of the state. In making that determination, the administrator shall be guided by the recommendations of the harbor safety committees established pursuant to Section 8670.23.

(c) The administrator may adopt regulations that differ from the recommendations of the harbor safety committees only after a public hearing. If the administrator proposes to adopt regulations that require the use of tugboat escorts in fewer instances in the harbors of San Francisco, San Pablo, and Suisun Bays than that which is recommended by the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays, the administrator shall, in a public hearing, adopt findings, based on substantial evidence, that the proposed regulations provide adequate protection and are consistent with the purposes of this chapter.

(d) A public hearing held in accordance with Section 11346.8 shall satisfy the public hearing requirement of subdivision (c).

(e) The Legislature hereby finds and declares that the appropriate use of tugboat escorts can improve vessel safety, particularly in the harbors of San Francisco, San Pablo, and Suisun Bays, and that the regulations concerning tugboat escorts in those harbors shall be adopted as quickly as practicable and may be adopted before the adoption of all other regulations required by this section.

SEC. 11. Section 8670.20 of the Government Code is amended to read:

8670.20. (a) For the purposes of this section, ''vessel'' means a vessel, as defined in Section 21 of the Harbors and Navigation Code, of 300 gross registered tons or more.

(b) Any party responsible for a vessel shall notify the Coast Guard within one hour of a disability if the disabled vessel is within 12 miles of the shore of this state. The administrator and the Office of Emergency Services shall request the Coast Guard to notify the Office of Emergency Services as soon as possible after the Coast Guard receives notice of a disabled vessel within 12 miles of the shore of this state. The administrator shall attempt to negotiate an agreement with the Coast Guard governing procedures for Coast Guard notification to the state regarding disabled vessels.

(c) Whenever the Office of Emergency Services receives notice of a disabled vessel, the office shall immediately notify the administrator. If the administrator receives notice from any other source regarding the presence of a disabled vessel within 12 miles of the shore of this state, the administrator shall immediately notify the Office of Emergency Services.

(d) For the purposes of this section, a vessel shall be considered disabled if any of the following occurs:

(1) Any accidental or intentional grounding that creates a hazard to the environment or the safety of the vessel.

(2) Loss of main propulsion or primary steering or any component or control system that causes a reduction in the maneuvering capabilities of the vessel. For the purposes of this paragraph, ''loss'' means that any system, component, part, subsystem, or control system does not perform the specified or required function.

(3) An occurrence materially and adversely affecting the vessel's seaworthiness or fitness for service, including, but not limited to, fire, flooding, or collision with another vessel.

(4) Any occurrence not meeting the above criteria, but that creates the serious possibility of an oil spill or an occurrence that may result in an oil spill.

(e) For the purposes of this section, a tank barge shall be considered disabled if any of the following occur:

(1) The towing mechanism becomes disabled.

(2) The tugboat towing the tank barge becomes disabled through occurrences specified in subdivision (d).

SEC. 12. Section 8670.21 of the Government Code is amended to read:

8670.21. (a) As used in this section, the following terms have the following meaning:

(1) ''Vessels'' means vessels as defined in Section 21 of the Harbors and Navigation Code.

(2) ''VTS system'' means a vessel traffic service system.

(b) The administrator shall negotiate an agreement with the Coast Guard, appropriate port agencies, or appropriate organizations, for a VTS system to protect the harbors of this state. The administrator may include in the agreement provisions for vessel traffic monitoring and communications systems for areas of the coast outside of harbors or negotiate a separate agreement for that purpose. The purpose of a VTS system and a vessel traffic monitoring and communications system shall be to aid navigation by providing satellite tracking, radar, or other information regarding ship locations and traffic to prevent collisions and groundings.

(c) The administrator shall, in consultation with the Coast Guard, develop a plan for implementing VTS systems pursuant to subdivision (b) for the Ports of Los Angeles and Long Beach, the Harbors of San Francisco, San Pablo, and Suisun Bays, the Santa Barbara Channel, and any other area where establishing a VTS system or a vessel monitoring and communications system is recommended by the Coast Guard. The plan shall provide for the areas described in this subdivision, and for any other system and areas that are recommended by the Coast Guard, or recommended by the administrator and approved by the Coast Guard. Only systems that will be operated by the Coast Guard, or that will have direct communication with a Coast Guard officer who has Captain of the Port enforcement authority, shall be included in the plan. The plan shall be amended periodically to reflect any changes in Coast Guard recommendations or operations, and any changes in the agreements entered into pursuant to subdivision (b). The plan shall, to the extent allowable given federal requirements, provide for the best achievable protection.

(d) (1) The administrator shall attempt to provide funding for VTS systems and vessel monitoring and communications systems through voluntary funding, or services in kind, provided by the maritime industry. If agreement on voluntary funding or services in kind cannot be reached, the administrator may establish a fee system that reflects the commercial maritime activity of each of the respective harbors or areas for which a VTS system or a vessel monitoring and communications

system is established. Using that fee system, the administrator shall fund VTS systems and vessel monitoring and communications systems.

(2) The money collected pursuant to this subdivision shall be deposited in the Vessel Safety Account, which is hereby created in the Oil Spill Prevention and Administration Fund. The money in the Vessel Safety Account is hereby continuously appropriated for the sole purpose of funding VTS systems and vessel monitoring and communications systems. Other than the fees imposed pursuant to this subdivision that are deposited in the Vessel Safety Account, no funds from the Oil Spill Prevention and Administration Fund may be used to pay for VTS systems or vessel traffic monitoring and communications systems.

(3) The administrator shall adopt regulations to implement this subdivision. The administrator may adopt regulations prohibiting tank barges and tank ships from accepting or unloading oil at marine terminals if a tank barge or tank ship is not in compliance with required VTS system or vessel traffic monitoring and communications system equipment.

(e) If a VTS system covers waters outside the jurisdiction of a local port authority, the administrator may grant the money that is determined to be necessary for the purchase and installation of equipment required for the establishment or expansion of the VTS system. Those grants may be made from the Oil Spill Response Trust Fund in accordance with Section 8670.49, as individual and nonrecurring appropriations through the budget process, but shall not exceed the amount of interest earned from money in that fund.

(f) (1) The Marine Exchange of Los Angeles-Long Beach Harbor, Inc., a corporation organized under the Non-Profit Mutual Benefit Corporation Law (Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code), may operate a VTS system in the VTS area described in Section 445 of the Harbors and Navigation Code if the VTS system is approved by the Coast Guard and certified by the administrator as meeting the requirements of this chapter. The marine exchange shall cooperate fully with the administrator in the development and implementation of that VTS system. Upon certification by the administrator that the Coast Guard has commenced operation of a VTS system for the VTS area, the authorization for the marine exchange to operate a VTS system shall terminate.

(2) The Port of Los Angeles and the Port of Long Beach may impose fees upon all covered vessels, as defined in Section 445.5 of the Harbors and Navigation Code, for the funding of the VTS system operated by the marine exchange.

(3) No vessel that is required to comply with Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code shall assert any claim against the marine exchange or

any officer, director, employee, or representative of the marine exchange for any damage, loss, or expense, including any rights of indemnity or other rights of any kind, sustained by that vessel or its owners, agents, charterers, operators, crew, or third parties arising out of, or connected with, directly or indirectly, the marine exchange's operation of the vessel traffic service, even though resulting in whole or in part from the negligent acts or omissions of the marine exchange or of an officer, director, employee, or representative of the marine exchange.

(4) Each vessel required to comply with Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code shall defend, indemnify, and hold harmless the marine exchange and its officers, directors, employees, and representatives from any and all claims, suits, or actions of any nature by whomsoever asserted, even though resulting or alleged to have resulted from negligent acts or omissions of the marine exchange or of an officer, director, employee, or representative of the marine exchange.

(5) Nothing in this subdivision affects any liability or rights that may arise by reason of the gross negligence or intentional or willful misconduct of the marine exchange or of an officer, director, employee, or representative of the marine exchange in the operation of the VTS system, including any liability pursuant to subdivision (c) of Section 449.5 of the Harbors and Navigation Code.

(6) The marine exchange and its officers and directors are subject to Section 5047.5 of the Corporations Code to the extent that the marine exchange meets the criteria specified in that section.

(7) Nothing in this section shall be deemed to include the marine exchange or its officers, directors, employees, or representatives within the definition of ''responsible party'' pursuant to Section 8670.3 for purposes of this chapter.

(8) On or before January 1, 1997, and every two years thereafter, the marine exchange shall submit a report containing a complete description of the VTS system operated by the marine exchange to the administrator. Upon receiving that biennial report, the administrator shall determine, after a public hearing, whether the elements and operation of the VTS system are consistent with the Harbor Safety Plan for the Ports of Los Angeles and Long Beach developed pursuant to Section 8670.23.1 and the standards for the statewide vessel traffic service systems plan developed pursuant to subdivision (c). If the administrator determines that the VTS system is inconsistent with the Harbor Safety Plan for the Ports of Los Angeles and Long Beach developed pursuant to Section 8670.23.1 or with the statewide vessel traffic service systems plan developed pursuant to subdivision (c), the administrator shall issue an order to the marine exchange specifying modifications to the VTS system to eliminate the inconsistencies. If the marine exchange has not

complied with that order within six months of issuance, the administrator may, in addition to, or in lieu of, any other enforcement action authorized by this chapter or Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code, and after a public hearing, administratively revoke the authorization for the marine exchange to operate a VTS system. If authorization for the marine exchange to operate a VTS system is revoked, the administrator shall take any action necessary to expeditiously establish a VTS system for the VTS area described in Section 445 of the Harbors and Navigation Code. The action may include the assessment of fees on vessels, port users, and ports, and needed expenditures, as provided in subdivision (d).

(g) Any VTS system or vessel traffic monitoring and communications system that is determined to be necessary by the administrator, but has not been approved by the Coast Guard, may not be included in the plan until that inclusion has been given specific approval by the Legislature, by statute.

(h) It is the intent of the Legislature that VTS systems and vessel traffic monitoring and communications systems be completed and operated by the Coast Guard, except that, with respect to the VTS area described in Section 445 of the Harbors and Navigation Code, a VTS system may be operated by the Marine Exchange of Los Angeles-Long Beach, Inc., pursuant to subdivision (f).

SEC. 13. Section 8670.23 of the Government Code is amended to read:

8670.23. (a) The administrator shall establish Harbor Safety Committees for the Harbors of San Diego; Los Angeles/Long Beach; Port Hueneme; San Francisco, San Pablo, and Suisun Bays; and Humboldt Bay.

(b) The administrator shall appoint to each harbor safety committee, for a term of three years, all of the following members:

(1) A designee of each of the port authorities within the harbor, except that the Harbor Safety Committee for the Harbor of San Francisco, San Pablo, and Suisun Bays shall have four designees.

(2) A representative of tank ship operators, except that the Harbor Safety Committee for the Harbors of San Francisco, San Pablo, and Suisun Bays shall have two representatives.

(3) A representative of the pilot organizations within the harbor.

(4) A representative of dry cargo vessel operators, except that the Harbor Safety Committee for the Harbors of San Francisco, San Pablo, and Suisun Bays shall have two representatives.

(5) A representative of commercial fishing or pleasure boat operators.

(6) A representative of a recognized nonprofit environmental organization that has as a purpose the protection of marine resources.

(7) A representative of the California Coastal Commission, except that for the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays, the administrator shall appoint a representative of the San Francisco Bay Conservation and Development Commission.

(8) A representative from a recognized labor organization involved with operations of vessels.

(9) A representative of the Captain of the Port from the Coast Guard, the Corps of Engineers, and the Navy to the extent that each consents to participate on the committee.

(10) A representative of tug or tank barge operators, who is not also engaged in the business of operating either tank ships or dry cargo vessels, except that the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays shall have one representative of tug operators and one representative of tank barge operators, neither of whom shall also be engaged in the business of operating either tank ships or dry cargo vessels.

(11) A harbor safety committee may petition the administrator with a request for the additional appointment of up to five at large members who are needed to conduct the harbor safety committee business and who reflect the makeup of the local maritime community. The approval of this petition shall be at the sole discretion of the administrator.

(c) The members appointed from the categories listed in paragraphs (1), (2), (3), (4), (8), and (10) of subdivision (b) shall have navigational expertise. An individual is considered to have navigational expertise if the individual meets any of the following conditions:

(1) Has held or is presently holding a Coast Guard Merchant Marine Deck Officer's license.

(2) Has held or is presently holding a position on a commercial vessel that includes navigational responsibilities.

(3) Has held or is presently holding a shoreside position with direct operational control of vessels.

(4) Has held or is currently holding a position having responsibilities for permitting or approving the docking of vessels in and around harbor facilities.

(d) The administrator shall appoint a chairperson for each harbor safety committee from the membership specified in subdivision (b). Each member of a harbor safety committee shall be reimbursed for actual and necessary expenses incurred in the performance of committee duties.

SEC. 14. Section 8670.23.1 of the Government Code is amended to read:

8670.23.1. (a) Each harbor safety committee established pursuant to Section 8670.23 shall be responsible for planning for the safe navigation and operation of tank ships, tank barges, and other vessels

within each harbor. Each committee shall prepare a harbor safety plan, encompassing all vessel traffic within the harbor.

(b) The administrator shall adopt regulations for harbor safety plans in consultation with the committees of those harbors listed in Section 8670.23, and other affected parties. The regulations shall require that the plan contain a discussion of the competitive aspects of the recommendations of the harbor safety committee.

(c) In adopting regulations for harbor safety plans, the administrator shall give highest priority to the development of regulations concerning tugboat escorts as specified in Section 8670.17.2 and shall expeditiously adopt that portion of the regulations so that the Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays will be able to expeditiously comply with subdivision (b).

(d) The regulations shall ensure that each harbor safety plan includes all of the following elements:

(1) A recommendation determining when tank vessels are required to be accompanied by a tugboat or tugboats, of sufficient size, horsepower, and pull capability while entering, leaving, or navigating in the harbor. The Harbor Safety Committee for San Francisco, San Pablo, and Suisun Bays shall give its highest priority to the adoption of tugboat escort recommendations and shall immediately adopt interim recommendations prior to the completion of the entire harbor safety plan. The administrator shall be guided by the recommendations of the Harbor Safety Committee when adopting regulations pursuant to Section 8670.17.2.

(2) A review and evaluation of the adequacy of, and any changes needed in, all of the following:

(A) Anchorage designations and sounding checks.

(B) Communications systems.

(C) Small vessel congestion in shipping channels.

(D) Placement and effectiveness of navigational aids, channel design plans, and the traffic and routings from port construction and dredging projects.

(3) Procedures for routing vessels during emergencies that impact navigation.

(4) Bridge management requirements.

(5) Suggested mechanisms to ensure that the provisions of the plan are fully and regularly enforced.

(6) A recommendation as to whether establishing or expanding VTS systems within the harbors is desirable.

(7) A recommendation for funding VTS systems and other projects.

(e) Each harbor safety plan shall be submitted to the administrator by December 31, 1991. The administrator shall review the plan for

consistency with the regulations and shall approve the plans or give reasons for their disapproval.

(f) Upon approving the harbor safety plans, the administrator shall, in consultation with the harbor safety committees listed in Section 8670.23, implement the plans. The administrator shall adopt regulations necessary to implement the plans. When federal authority or action is required to implement a plan, the administrator shall petition the appropriate federal agency or the United States Congress, as may be necessary.

(g) On or before July 1 of each year, each harbor safety committee shall revise its respective harbor safety plan and report its findings and recommendations to the administrator concerning the safety of its harbor or harbors and any recommendations for improving vessel safety in the harbor or harbors by amending the provisions of the harbor safety plan, or through other means.

SEC. 15. Section 8670.25 of the Government Code is amended to read:

8670.25. (a) Any person who, without regard to intent or negligence, causes or permits any oil to be discharged in or on the marine waters of the state shall immediately contain, cleanup, and remove the oil in the most effective manner which minimizes environmental damage and in accordance with the applicable contingency plans, unless ordered otherwise by the Coast Guard or the administrator.

(b) If there is a spill, an owner or operator shall comply with the applicable oil spill contingency plan approved by the administrator.

SEC. 16. Section 8670.25.5 of the Government Code is amended to read:

8670.25.5. (a) Without regard to intent or negligence, any party responsible for the discharge or threatened discharge of oil in marine waters shall report the discharge to the Office of Emergency Services pursuant to Section 25507 of the Health and Safety Code.

(b) Immediately upon receiving notification pursuant to subdivision (a), the Office of Emergency Services shall notify the administrator, the State Lands Commission, the California Coastal Commission, the California regional water quality control board having jurisdiction over the location of the discharged oil, and take the actions required by subdivision (d) of Section 8589.7. If the spill has occurred within the jurisdiction of the San Francisco Bay Conservation and Development Commission, the Office of Emergency Services shall notify that commission. Each public agency specified in this subdivision shall adopt an internal protocol over communications regarding the discharge of oil and file the internal protocol with the Office of Emergency Services.

(c) The 24-hour emergency telephone number of the Office of Emergency Services shall be posted at every terminal, at the area of control of every marine facility, and on the bridge of every tank ship in marine waters.

(d) This section does not apply to discharges, or potential discharges, of less than one barrel (42 gallons) of oil unless a more restrictive reporting standard is adopted in the state oil spill contingency plan prepared pursuant to Section 8574.1.

(e) Except as otherwise provided in this section and Section 8589.7, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency.

SEC. 17. Section 8670.27 of the Government Code is amended to read:

8670.27. (a) (1) All potentially responsible parties for discharged oil and all of their agents and employees and all state and local agencies shall carry out response and cleanup operations in accordance with the applicable contingency plan, unless directed otherwise by the administrator or the Coast Guard.

(2) Except as provided in subdivision (b), the responsible party, potentially responsible parties, their agents and employees, the operators of all vessels docked at a marine facility that is the source of a discharge, and all state and local agencies shall carry out spill response consistent with the state oil spill contingency plan or other applicable federal, state, or local spill response plans, and owners and operators shall carry out spill response consistent with their applicable response contingency plans, unless directed otherwise by the administrator or the Coast Guard.

(b) If a responsible party or potentially responsible party reasonably, and in good faith, believes that the directions or orders given by the administrator pursuant to subdivision (a) will substantially endanger the public safety or the environment, the party may refuse to act in compliance with the orders or directions of the administrator. The responsible party or potentially responsible party shall state, at the time of the refusal, the reasons why the party refuses to follow the orders or directions of the administrator. The responsible party or potentially responsible party shall give the administrator written notice of the reasons for the refusal within 48 hours of refusing to follow the orders or directions of the administrator. In any civil or criminal proceeding commenced pursuant to this section, the burden of proof shall be on the responsible party or potentially responsible party to demonstrate, by clear and convincing evidence, why the refusal to follow the orders or directions of the administrator was justified under the circumstances.

SEC. 18. Section 8670.28 of the Government Code is amended to read:

8670.28. (a) The administrator, taking into consideration the marine facility or vessel contingency plan requirements of the national and state contingency plans, the State Lands Commission, the State Fire Marshal, and the California Coastal Commission shall adopt and implement regulations and guidelines governing the adequacy of oil spill contingency plans to be prepared and implemented under this article. All regulations and guidelines shall be developed in consultation with the State Interagency Oil Spill Committee, and the Oil Spill Technical Advisory Committee, and shall be consistent with the state oil spill contingency plan and not in conflict with the National Contingency Plan. The administrator shall hold a public hearing on the regulations. The regulations and guidelines shall provide for the best achievable protection of coastal and marine resources. The regulations and guidelines shall permit the development, application, and use of an oil spill contingency plan for similar vessels, pipelines, terminals, and facilities within a single company or organization, and across companies and organizations. The regulations and guidelines shall, at a minimum, ensure all of the following:

(1) All areas of the marine waters of the state are at all times protected by prevention, response, containment, and cleanup equipment and operations. For the purposes of this section, ''marine waters'' includes the waterways used for waterborne commercial vessel traffic to the Port of Stockton and the Port of Sacramento.

(2) Standards set for response, containment, and cleanup equipment and operations are maintained and regularly improved to protect the resources of the state.

(3) All appropriate personnel employed by operators required to have a contingency plan receive training in oil spill response and cleanup equipment usage and operations.

(4) Each oil spill contingency plan provides for appropriate financial or contractual arrangements for all necessary equipment and services, for the response, containment, and cleanup of a reasonable worst case oil spill scenario for each part of the coast the plan addresses.

(5) Each oil spill contingency plan demonstrates that all protection measures are being taken to reduce the possibility of an oil spill occurring as a result of the operation of the marine facility or vessel. The protection measures shall include, but not be limited to, response to disabled vessels and an identification of those measures taken to comply with requirements of Division 7.8 (commencing with Section 8750) of the Public Resources Code.

(6) Each oil spill contingency plan identifies the types of equipment that can be used, the location of the equipment, and the time taken to deliver the equipment.

(7) Each marine facility conducts a hazard and operability study to identify the hazards associated with the operation of the facility, including the use of the facility by vessels, due to operating error, equipment failure, and external events. For the hazards identified in the hazard and operability studies, the facility shall conduct an offsite consequence analysis which, for the most likely hazards, assumes pessimistic water and air dispersion and other adverse environmental conditions.

(8) Each oil spill contingency plan contains a list of contacts to call in the event of a drill, threatened discharge of oil, or discharge of oil.

(9) Each oil spill contingency plan identifies the measures to be taken to protect the recreational and environmentally sensitive areas that would be threatened by a reasonable worst case oil spill scenario.

(10) Standards for determining a reasonable worst case oil spill.

(11) Each oil spill contingency plan includes a timetable for implementing the plan.

(12) Each oil spill contingency plan specifies an agent for service of process. The agent shall be located in this state.

(b) The regulations and guidelines adopted pursuant to this section shall also include provisions to provide public review and comment on submitted oil spill contingency plans prior to approval.

(c) The regulations adopted pursuant to this section shall specifically address the types of equipment that will be necessary, the maximum time that will be allowed for deployment, the maximum distance to cooperating response entities, the amounts of dispersant, and the maximum time required for application, should the use of dispersants be approved. Upon a determination by the administrator that booming is appropriate at the site and necessary to provide best achievable protection, the regulations shall require that vessels engaged in lightering operations be boomed prior to the commencement of operations.

(d) The administrator shall adopt regulations and guidelines for oil spill contingency plans with regard to mobile transfer units, small marine fueling facilities, and vessels carrying oil as secondary cargo that acknowledge the reduced risk of damage from oil spills from those units, facilities, and vessels while maintaining the best achievable protection for the public health and safety and the environment.

(e) The regulations adopted pursuant to subdivision (d) shall be exempt from review by the Office of Administrative Law. Subsequent amendments and changes to the regulations shall not be exempt from Office of Administrative Law review.

SEC. 19. Section 8670.29 of the Government Code is repealed.

SEC. 20. Section 8670.29 is added to the Government Code, to read:

8670.29. (a) In accordance with the rules, regulations, and policies established by the administrator pursuant to Section 8670.28, every owner or operator of a marine facility, small marine fueling facility or mobile transfer unit, prior to operating in the marine waters of the state or where an oil spill could impact marine waters; and every owner or operator of a tank vessel, nontank vessel or vessel carrying oil as secondary cargo before operating in the marine waters of the state, shall prepare and implement an oil spill contingency plan that has been submitted to, and approved by, the administrator pursuant to Section 8670.31. Each oil spill contingency plan shall ensure the undertaking of prompt and adequate response and removal action in case of an oil spill, shall be consistent with the state oil spill contingency plan, and shall not conflict with the National Contingency Plan.

(b) Each oil spill contingency plan shall, at a minimum, meet all of the following requirements:

(1) Be a written document, reviewed for feasibility and executability, and signed by the owner or operator, or their designee.

(2) Provide for the use of an incident command system to be used during a spill.

(3) Provide procedures for reporting oil spills to local, state, and federal agencies, and include a list of contacts to call in the event of a drill, threatened spill, or spill.

(4) Describe the communication plans to be used during a spill.

(5) Describe the strategies for the protection of environmentally sensitive areas.

(6) Identify at least one rated OSRO for each rating level established pursuant to Section 8670.30. Each identified rated OSRO shall be directly responsible by contract, agreement, or other approved means to provide oil spill response activities pursuant to the oil spill contingency plan. A rated OSRO may provide oil spill response activities individually, or in combination with another rated OSRO, for a particular owner or operator.

(7) Identify a qualified individual.

(8) Provide the name, address, telephone, and facsimile numbers for an agent for service of process, located within the state and designated to receive legal documents on behalf of the owner or operator.

(c) An oil spill contingency plan for a vessel shall also include, but is not limited to, all of the following requirements:

(1) Each plan shall be submitted to the administrator at least seven days prior to the vessel entering waters of the state.

(2) Each plan shall provide evidence of compliance with the International Safety Management Code, established by the International Maritime Organization, as applicable.

(3) If the oil spill contingency plan is for a tank vessel, the plan shall include both of the following:

(A) The plan shall specify oil and petroleum cargo capacity.

(B) The plan shall specify the types of oil and petroleum cargo carried.

(4) If the oil spill contingency plan is for a nontank vessel, the plan shall include both of the following:

(A) The plan shall specify the type and total amount of fuel carried.

(B) The plan shall specify the capacity of the largest fuel tank.

(d) An owner or operator may provide evidence of a contract with the Pacific Merchant Shipping Association, a nonprofit corporation, or other nonprofit maritime association, to provide a statewide oil spill response plan consistent with the requirements of this section, pursuant to its applicable fee structure. A nontank vessel owner or operator shall submit any information, or address any plan element that is required pursuant to this article but not addressed by a statewide spill response plan.

(e) An oil spill contingency plan for a marine facility shall also include, but is not limited to, all of the following provisions:

(1) Provisions for site security and control.

(2) Provisions for emergency medical treatment and first aid.

(3) Provisions for safety training, as required by state and federal safety laws for all personnel likely to be engaged in oil spill response.

(4) Provisions detailing site layout and locations of environmentally sensitive areas requiring special protection.

(5) Provisions for vessels that are in the operational control of the facility for loading and unloading.

(6) Provide training and drills at least annually on all of the elements of the plan.

(f) The oil spill contingency plan shall be available to response personnel and to relevant state and federal agencies for inspection and review.

(g) The oil spill contingency plan shall be reviewed periodically and updated as necessary. All updates shall be submitted to the administrator pursuant to this article.

(h) In addition to the regulations adopted pursuant to Section 8670.28, the administrator shall adopt regulations and guidelines to implement this section. The regulations and guidelines shall provide for the best achievable protection of coastal and marine resources. The administrator may establish additional oil spill contingency plan requirements, including, but not limited to, requirements based on the different geographic regions of the state. All regulations and guidelines shall be developed in consultation with the State Interagency Oil Spill Committee and the Oil Spill Technical Advisory Committee.

(i) For the purposes of this section, ''marine waters'' includes the waterways used for waterborne commercial vessel traffic to the Port of Stockton and the Port of Sacramento.

SEC. 21. Section 8670.30 of the Government Code is repealed.

SEC. 22. Section 8670.30 is added to the Government Code, to read:

8670.30. (a) An oil spill response organization may apply to the administrator for a rating of that OSRO's response capabilities. The administrator shall establish rating levels for classifying OSROs pursuant to subdivision (b).

(b) Upon receiving a completed application for rating, the administrator shall review the application and rate the OSRO based on the OSRO's satisfactory compliance with criteria established by the administrator, which shall include, but is not limited to, all of the following elements:

(1) The geographic region or regions of the state where the OSRO intends to operate.

(2) Timeframes for having response resources on-scene and deployed.

(3) The type of equipment that the OSRO will use and the location of the stored equipment.

(4) The volume of oil that the OSRO is capable of recovering and containing.

(c) The administrator shall not issue a rating until the applicant OSRO completes an unannounced drill. The administrator may call a drill for every distinct geographic area in which the OSRO requests a rating. The drill shall test the resources and response capabilities of the OSRO, including, but not limited to, on water containment and recovery, environmentally sensitive habitat protection, and storage. If an OSRO fails to successfully complete a drill, the administrator shall not issue the requested rating, but the administrator may rate the OSRO at a rating lesser than the rating sought with the application. If an OSRO is denied a requested rating, the OSRO may reapply for rating.

(d) A rating issued pursuant to this section shall be valid for three years unless modified, suspended, or revoked. The administrator shall review the rating of each rated OSRO at least once every three years. The administrator shall not renew a rating unless the OSRO meets criteria established by the administrator, including, at a minimum, that the rated OSRO periodically tests and drills itself, including testing protection of environmentally sensitive sites, during the three-year period.

(e) The administrator may require a rated OSRO to demonstrate that the rated OSRO can deploy the response resources required to meet the applicable provisions of an oil spill contingency plan in which the OSRO is listed. These demonstrations may be achieved through inspections, announced and unannounced drills, or by any other means.

(f) (1) Except as provided in paragraph (6), each rated OSRO shall satisfactorily complete at least one unannounced drill every three years after receiving its rating.

(2) The administrator may modify, suspend, or revoke an OSRO's rating if a rated OSRO fails to satisfactorily complete a drill.

(3) The administrator may require the satisfactory completion of one unannounced drill of each rated OSRO prior to being granted a modified rating, or for renewal, or prior to reinstatement of a revoked or suspended rating.

(4) A drill for the protection of environmentally sensitive areas shall conform as close as possible to the response that would occur during a spill but sensitive sites shall not be damaged during the drill.

(5) The response resources to be deployed by a rated OSRO within the first six hours of a spill or drill shall be dedicated response resources or be owned and controlled by a rated OSRO that are sufficient to meet the spill response planning requirements of the OSRO's client owner or operator. This requirement does not preclude a rated OSRO from bringing in additional response resources. The administrator may, by regulation, permit a lesser requirement for dedicated or OSRO owned and controlled response resources for shoreline protection.

(6) The administrator may determine that actual spill response performance may be substituted in lieu of a drill.

(7) The administrator shall issue a written report evaluating the performance of the OSRO after every unannounced drill called by the administrator.

(8) The administrator shall determine whether an unannounced drill called upon an OSRO by a federal agency qualifies as an unannounced drill for the purposes of this subdivision.

(g) Each rated OSRO shall provide reasonable notice to the administrator about each future drill, and the administrator, or his or her designee, may attend the drill.

(h) The costs incurred by an OSRO to comply with this section and the regulations adopted pursuant to this section, including drills called by the administrator, shall be the responsibility of the OSRO. All local, state, and federal agency costs incurred in conjunction with participation in a drill shall be borne by each respective agency.

(i) (1) A rating awarded pursuant to this section is personal and applies only to the OSRO that receives that rating and the rating is not transferable, assignable, or assumable. A rating does not constitute a possessory interest in real or personal property.

(2) If there is a change in ownership or control of the OSRO, the rating of that OSRO is null and void and the OSRO shall file a new application for a rating pursuant to this section.

(3) For purposes of this subdivision, a ''change in ownership or control'' includes, but is not limited to, a change in corporate status, or a transfer of ownership that changes the majority control of voting within the entity.

(j) The administrator may charge a reasonable fee to process an application for, or renewal of, a rating.

(k) The administrator shall adopt regulations to implement this section as appropriate. At a minimum, the regulations shall appropriately address all of the following:

(1) Criteria for successful completion of a drill.

(2) The amount and type of response resources that are required to be available to respond to a particular volume of spilled oil during specific timeframes within a particular region.

(3) Regional requirements.

(4) Training.

(5) The process for applying for a rating, and for suspension, revocation, appeal, or other modification of a rating.

(6) Ownership and employment of response resources.

(7) Conditions for canceling a drill due to hazardous or other operational circumstances.

(*l*) Any letter of approval issued from the administrator before January 1, 2002, that rates an OSRO shall be deemed to meet the requirements of this section for three years from the date of the letter's issuance or until January 1, 2003, whichever date occurs later.

SEC. 23. Section 8670.30.5 of the Government Code is amended to read:

8670.30.5. (a) The administrator may review each oil spill contingency plan that has been approved pursuant to Section 8670.29 to determine whether it complies with Sections 8670.28 and 8670.29.

(b) If the administrator finds the approved oil spill contingency plan is deficient, the plan shall be returned to the operator with written reasons why the approved plan was found inadequate and, if practicable, suggested modifications or alternatives. The operator shall submit a new or modified plan within 90 days that responds to the deficiencies identified by the administrator.

SEC. 24. Section 8670.31 of the Government Code is amended to read:

8670.31. (a) Each oil spill contingency plan required under this article shall be submitted to the administrator within 90 days after the effective date of the rules, regulations, and policies adopted pursuant to Sections 8670.28 and 8670.29 or before a tank vessel, nontank vessel, or vessel carrying oil as secondary cargo operates in the marine waters of the state or before a marine facility, small marine fueling facility, or mobile transfer unit, operates in the marine waters of the state or where

an oil spill therefrom could impact marine waters, if those operations commence after the effective date of those rules, regulations, or policies.

(b) The administrator shall review each submitted contingency plan to determine whether it complies with the administrator's rules, policies, and regulations adopted pursuant to Section 8670.28 and 8670.29.

(c) Each contingency plan submitted shall be approved or disapproved within 180 days after receipt by the administrator. The administrator may approve or disapprove portions of a plan. A plan is not deemed approved until all portions are approved pursuant to this section. The disapproved portion shall be subject to the procedures contained in subdivision (d).

(d) If the administrator finds the submitted contingency plan is inadequate under the rules, policies, and regulations of the administrator, the plan shall be returned to the submitter with written reasons why the plan was found inadequate and, if practicable, suggested modifications or alternatives, if appropriate. The submitter shall submit a new or modified plan within 90 days after the earlier plan was returned, responding to the findings and incorporating any suggested modifications. The resubmittal shall be treated as a new submittal and processed according to the provisions of this section, except that the resubmitted plan shall be deemed approved unless the administrator acts pursuant to subdivision (c). Failure to gain approval after the second submission may be determined by the administrator to be a violation of this chapter.

(e) The administrator may make inspections and require drills of any oil spill contingency plan that is submitted.

(f) After the plan has been approved, it shall be resubmitted every five years thereafter. The administrator may require earlier or more frequent resubmission, if warranted. Circumstances that would require an earlier resubmission include, but are not limited to, changes in regulations, new oil spill response technologies, deficiencies identified in the evaluation conducted pursuant to Section 8670.19, or a need for a different oil spill response because of increased need to protect endangered species habitat. The administrator may deny approval of the resubmitted plan if it is no longer considered adequate according to the adopted rules, regulations, and policies of the administrator at the time of resubmission.

(g) (1) Each operator of a tank vessel, vessel carrying oil as a secondary cargo, or marine facility who is required to file an oil spill response plan or update pursuant to provisions of federal law regulating marine oil spill response plans shall, for informational purposes only, submit a copy of that plan or update to the administrator at the time that it is approved by the relevant federal agency.

(2) A tank vessel, vessel carrying oil as a secondary cargo, or marine facility operator is not required to submit a copy of the response plan or update specified in paragraph (1) to the administrator if either the vessel or facility is exempt from having to file a response plan with the state, or if the content of the plan submitted by the operator pursuant to Section 8670.29 is substantially the same as the federal response plan or update.

SEC. 25. Section 8670.32 of the Government Code, as amended by Section 1 of Chapter 721 of the Statutes of 2000, is repealed.

SEC. 26. Section 8670.32 of the Government Code, as added by Section 2 of Chapter 721 of the Statutes of 2000, is repealed.

SEC. 27. Section 8670.33 of the Government Code is amended to read:

8670.33. (a) If the operator of a tank ship or tank barge for which a contingency plan has not been approved desires to have the tank ship or tank barge enter marine waters of the state, the administrator may give approval by telephone or facsimile machine for the entry of the tank ship or tank barge into marine waters under an approved contingency plan applicable to a terminal or tank ship, if all of the following are met:

(1) The terminal or tank ship is the destination of the tank ship or tank barge.

(2) The operator of the terminal or the tank ship provides the administrator advance written assurance that the operator assumes all responsibility for the operations of the tank ship or tank barge while it is in marine waters traveling to or from the terminal. The assurance may be delivered by hand or by mail or may be sent by facsimile machine, followed by delivery of the original.

(3) The approved terminal or tank ship contingency plan includes all conditions the administrator requires for the operations of tank ship or tank barges traveling to and from the terminal.

(4) The tank ship or tank barge and its operations meet all requirements of the contingency plan for the tank ship or terminal that is the destination of the tanker or tank ship.

(5) The tank ship or tank barge without an approved contingency plan has not entered marine waters more than once in the 12-month period preceding the request made under this section.

(b) At all times that a tank ship or tank barge is in marine waters pursuant to subdivision (a), its operators and all their agents and employees shall operate the vessel in accordance with the applicable operations manual or, if there is an oil spill, in accordance with the directions of the administrator and the applicable contingency plan.

SEC. 28. Section 8670.34 of the Government Code is amended to read:

8670.34. This article shall not apply to any tank vessel, nontank vessel, or vessel carrying oil as a secondary cargo that enters marine

waters of the state because of imminent danger to the lives of crew members or if entering marine waters of the state will substantially aid in preventing an oil spill or other harm to public safety or the environment, if the operators of the tank vessel, nontank vessel, or vessel carrying oil as a secondary cargo comply with all of the following:

(a) The operators or crew of the tank vessel, nontank vessel, or vessel carrying oil as a secondary cargo complies at all times with all orders and directions given by the administrator, or his or her designee, while the tank vessel, nontank vessel, or vessel carrying oil as a secondary cargo is in marine waters of the state, unless the orders or directions are contradicted by orders or directions of the Coast Guard.

(b) Except for fuel, oil may be transferred to or from the tank vessel, nontank vessel, or vessel carrying oil as a secondary cargo while it is in marine waters of the state only if permission is obtained for the transfer of oil and one of the following conditions is met:

(1) The transfer is necessary for the safety of the crew.

(2) The transfer is necessary to prevent harm to public safety or the environment.

(3) An oil spill contingency plan is approved or made applicable to the tank vessel, nontank vessel, or vessel carrying oil as a secondary cargo, under subdivision (c).

(c) The tank vessel, nontank vessel, or vessel carrying oil as a secondary cargo shall leave the marine waters of the state as soon as it may do so without imminent risk of harm to the crew, public safety, or the environment, unless an oil spill contingency plan is approved or made applicable to it under this article.

SEC. 29. Section 8670.36.1 of the Government Code is amended to read:

8670.36.1. (a) To reduce the damages and costs from spills, the administrator shall develop an outreach program to provide assistance to the operators of small craft refueling docks.

(b) The program shall include both of the following:

(1) Voluntary inspections by the administrator. The administrator shall prepare, and maintain on file, a written report recommending how any risk of a spill identified in those inspections may be reduced and how those recommendations could be implemented.

(2) An education and outreach program to inform small craft refueling dock operators and the operators of the vessels they serve of the obligations and potential liabilities from a spill. For the purpose of this section, ''vessel'' has the same meaning as in Section 21 of the Harbors and Navigation Code.

(c) To ensure effective implementation of the program, each small craft refueling dock shall register with the administrator by July 1, 1993.

(d) The administrator may require information needed to evaluate whether a facility is a small craft refueling dock as defined in Section 8670.3. The administrator may also require any pertinent information regarding the oil spill risk of a small craft refueling dock. This information may include, but shall not be limited to, the following:

(1) The type of oil handled.

(2) The size of storage tanks.

(3) The name and telephone number of the small craft refueling dock operator.

(4) The location and size of the small craft refueling dock.

(e) The administrator may develop regulations to implement this section.

SEC. 30. Section 8670.37 of the Government Code is amended to read:

8670.37. (a) The administrator, with the assistance of the State Lands Commission, the California Coastal Commission, and the executive director of the San Francisco Bay Conservation and Development Commission, shall carry out studies with regard to improvements to contingency planning and oil spill response equipment and operations.

(b) To the greatest extent possible, these studies shall be coordinated with studies being done by the federal government, and other appropriate state and international entities, and duplication with the efforts of other entities shall be minimized.

(c) The administrator, the State Lands Commission, the California Coastal Commission, and the Executive Director of the San Francisco Bay Conservation and Development Commission, may be reimbursed for all costs incurred in carrying out the studies under this section from the Oil Spill Prevention and Administration Fund.

SEC. 31. Section 8670.37.5 of the Government Code is amended to read:

8670.37.5. (a) The administrator shall establish a network of rescue and rehabilitation stations for sea birds, sea otters, and other marine mammals. These facilities shall be established and maintained in a state of preparedness to provide the best achievable treatment for marine mammals and birds affected by an oil spill in marine waters. The administrator shall consider all feasible management alternatives for operation of the network.

(b) The first rescue and rehabilitation station established pursuant to this section shall be located within the sea otter range on the central coast. The administrator shall establish regional oiled wildlife rescue and rehabilitation facilities in the Los Angeles Harbor area, the San Francisco Bay area, the San Diego area, the Monterey Bay area, the Humboldt County area, and the Santa Barbara area, and may establish

those facilities in other coastal areas of the state as the administrator determines to be necessary. One or more of the oiled wildlife rescue and rehabilitation stations shall be open to the public for educational purposes and shall be available for marine wildlife health research. Wherever possible in the establishment of these facilities, the administrator shall improve existing authorized marine mammal rehabilitation facilities and may expand or take advantage of existing educational or scientific programs and institutions for oiled wildlife rehabilitation purposes. Expenditures shall be reviewed by the agencies and organizations specified in subdivision (c).

(c) The administrator shall consult with the United States Fish and Wildlife Service, the National Marine Fisheries Service, the California Coastal Commission, the Executive Director of the San Francisco Bay Conservation and Development Commission, the Marine Mammal Center, and the International Bird Rescue Center in the design, planning, construction, and operation of the rescue and rehabilitation stations. All proposals for the rescue and rehabilitation stations shall be presented before a public hearing prior to the construction and operation of any rehabilitation station, and, upon completion of the coastal protection element of the state oil spill contingency plan, shall be consistent with the coastal protection element.

(d) The administrator may enter into agreements with nonprofit organizations to establish and equip wildlife rescue and rehabilitation stations and to ensure that they are operated in a professional manner in keeping with the pertinent guidance documents issued by the Office of Oil Spill Prevention and Response in the Department of Fish and Game. The implementation of the agreement shall not constitute a state public works project. The agreement shall be deemed a contract for wildlife rehabilitation as authorized by Section 8670.62.

(e) (1) Five hundred thousand dollars ($500,000) of federal escrow funds received by the state pursuant to Section 8(g) of the Outer Continental Shelf Lands Act, as amended (43 U.S.C. Sec. 1337(g)), shall, upon approval in the 1991–92 Budget Act, be appropriated or allocated for appropriation, as the case may be, from the Federal Trust Fund, each year for three years for the purposes described in subdivision (a).

(2) Additional funding shall be provided for the purposes described in subdivision (a) from four years of interest earned on the funds deposited in the Oil Spill Response Trust Fund as authorized in subdivision (*l*) of Section 8670.48 or through the Budget Act process upon the request by the administrator.

(f) In the event of a spill, the responsible party may request that the administrator perform the rescue and rehabilitation of oiled wildlife required of the responsible party pursuant to this chapter if the

responsible party and the administrator enter into an agreement for the reimbursement of the administrator's costs incurred in taking the requested action. If the administrator performs the rescue and rehabilitation of oiled wildlife, the administrator shall primarily utilize the network of rescue and rehabilitation stations established pursuant to subdivision (a), unless more immediate care is required. Any of those activities conducted pursuant to this section or Section 8670.56.5 or 8670.61.5 shall be performed under the direction of the administrator. Nothing in this subdivision shall be construed as removing the responsible party from liability for the costs of, nor the responsibility for, the rescue and rehabilitation of oiled wildlife, as established by this chapter. Nothing in this subdivision shall be construed as prohibiting an owner or operator from retaining, in a contingency plan prepared pursuant to this article, wildlife rescue and rehabilitation services different from the rescue and rehabilitation stations established pursuant to this section.

(g) (1) The administrator shall appoint a rescue and rehabilitation advisory board to advise the administrator regarding operation of the network of rescue and rehabilitation stations established pursuant to subdivision (a), including the economic operation and maintenance of the network. For the purpose of assisting the administrator in determining what constitutes the best achievable treatment for oiled wildlife, the advisory board shall provide recommendations to the administrator on the care achieved by current standard treatment methods, new or alternative treatment methods, the costs of treatment methods, and any other information which the advisory board believes that the administrator might find useful in making that determination. The administrator shall consult the advisory board in preparing the administrator's submission to the Legislature pursuant to subparagraph (A) of paragraph (2) of subdivision (*l*) of Section 8670.48. The administrator shall present the recommendations of the advisory board to the Oil Spill Technical Advisory Committee created pursuant to Article 8 (commencing with Section 8670.54), upon the request of the committee.

(2) The advisory board shall consist of a balance between representatives of the oil industry, wildlife rehabilitation organizations, and academia. One academic representative shall be from a veterinary school within this state. The United States Fish and Wildlife Service and the National Marine Fisheries Service shall be requested to participate as ex-officio members.

(3) (A) The Legislature hereby finds and declares that since the administrator may rely on the expertise provided by the volunteer members of the advisory board and may be guided by their recommendations in making decisions that relate to operation of the

network of rescue and rehabilitation stations, those members should be entitled to the same immunity from liability that is provided other public employees.

(B) Members of the advisory board, while performing functions within the scope of advisory board duties, shall be entitled to the same rights and immunities granted public employees by Article 3 (commencing with Section 820) of Chapter 1 of Part 2 of Division 3.6 of Title 1. Those rights and immunities are deemed to have attached, and shall attach, as of the date of appointment of the member to the advisory board.

SEC. 32. Section 8670.37.51 of the Government Code is amended to read:

8670.37.51. (a) No tank vessel or vessel carrying oil as a secondary cargo may be used to transport oil across marine waters of the state unless the operator has obtained a certificate of financial responsibility issued by the administrator for that vessel or for the owner of all of the oil contained in and to be transferred to or from that vessel.

(b) No operator of a marine terminal within the state may transfer oil to or from a tank vessel or vessel carrying oil as a secondary cargo unless the operator of the marine terminal has received a copy of a certificate of financial responsibility issued by the administrator for the operator of that vessel or for all of the oil contained in and to be transferred to or from that vessel.

(c) No operator of a marine terminal within the state may transfer oil to or from any vessel that is or is intended to be used for transporting oil as cargo to or from a second vessel unless the operator of the marine terminal has first received a copy of a certificate of financial responsibility issued by the administrator for the person responsible for both the first and second vessels or all of the oil contained in both vessels, as well as all the oil to be transferred to or from both vessels.

(d) No person may operate a marine facility unless the owner or operator of the marine facility has first obtained a certificate of financial responsibility from the administrator for the marine facility.

(e) No tank vessel or vessel carrying oil as a secondary cargo may be used to transport oil across marine waters of the state unless, at least 24 hours prior to the transport, the administrator has received both of the following:

(1) A copy of a certificate applicable to that vessel or to all of the oil in that vessel at all times during transport.

(2) A copy of a written statement by the holder of the applicable certificate authorizing its application to the vessel.

SEC. 33. Section 8670.37.53 of the Government Code is amended to read:

8670.37.53. (a) To receive a certificate of financial responsibility for a tank vessel or for all of the oil contained within such a vessel, the applicant shall demonstrate to the satisfaction of the administrator the financial ability to pay at least one billion dollars ($1,000,000,000) for any damages that may arise during the term of the certificate.

(b) The administrator may establish a lower standard of financial responsibility for small tank barges, vessels carrying oil as a secondary cargo, and small marine fueling facilities. The standard shall be based on the quantity of oil that can be carried or stored and the risk of spill into marine waters. The administrator shall not set a standard that is less than the expected costs from a reasonable worst case oil spill into marine waters.

(c) (1) To receive a certificate of financial responsibility for a marine facility, the applicant shall demonstrate to the satisfaction of the administrator the financial ability to pay for any damages that might arise during a reasonable worst case oil spill into marine waters that results from the operations of the marine facility. The administrator shall consider criteria including, but not necessarily limited to, the amount of oil that could be spilled into marine waters from the facility, the cost of cleaning up spilled oil, the frequency of operations at the facility, and the damages that could result from a spill.

(2) The administrator may issue a certificate for a marine facility upon a lesser showing of financial resources for a period of not longer than three years if the administrator finds all of the following:

(A) The marine facility was operating on January 1, 1991.

(B) Continued operation is necessary to finance abandonment of the marine facility.

(C) The financial resources the operator is able to demonstrate are reasonably sufficient to cover the damages from foreseeable spills from the facility.

SEC. 34. Section 8670.37.55 of the Government Code is amended to read:

8670.37.55. (a) An owner or operator of more than one tank vessel, vessel carrying oil as a secondary cargo, nontank vessel, or marine facility shall only be required to obtain one certificate of financial responsibility for all of those vessels and marine facilities owned or operated.

(b) If a person holds a certificate for more than one tank vessel, vessel carrying oil as a secondary cargo, nontank vessel, or marine facility and a spill or spills occurs from one or more of those vessels or marine facilities for which the owner or operator may be liable for damages in an amount exceeding 5 percent of the financial resources reflected by the certificate, as determined by the administrator, the certificate shall immediately be considered inapplicable to any vessel or marine facility

not associated with the spill. In that event, the owner or operator shall demonstrate to the satisfaction of the administrator the amount of financial ability required pursuant to this article, as well as the financial ability to pay all damages that arise or have arisen from the spill or spills which have occurred.

SEC. 35. Section 8670.37.58 is added to the Government Code, to read:

8670.37.58. (a) A nontank vessel, required to have a contingency plan pursuant to this chapter, shall not enter marine waters of the state unless the nontank vessel owner or operator has provided to the administrator evidence of financial responsibility that demonstrates, to the administrator's satisfaction, the ability to pay at least three hundred million dollars ($300,000,000) to cover damages caused by a spill, and the owner or operator of the nontank vessel has obtained a certificate of financial responsibility from the administrator for the nontank vessel. The administrator may charge a nontank vessel owner or operator a reasonable fee to reimburse costs to verify and process an application for evidence of financial responsibility.

(b) Notwithstanding subdivision (a), the administrator may establish a lower standard of financial responsibility for a nontank vessel that has a carrying capacity of 6,500 barrels of oil or less, or, if the nontank vessel is owned and operated by California or a federal agency, a carrying capacity of 7,500 barrels of oil or less. The standard shall be based upon the quantity of oil that can be carried by the nontank vessel and the risk of an oil spill into marine waters. The administrator shall not set a standard that is less than the expected cleanup costs and damages from an oil spill into marine waters.

(c) The administrator may adopt regulations to implement this section.

(d) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 36. Section 8670.37.58 is added to the Government Code, to read:

8670.37.58. (a) A nontank vessel, required to have a contingency plan pursuant to this chapter, shall not enter marine waters of the state unless the nontank vessel owner or operator has provided to the administrator evidence of financial responsibility that demonstrates, to the administrator's satisfaction, the ability to pay at least three hundred million dollars ($300,000,000) to cover damages caused by a spill, and the owner or operator of the nontank vessel has obtained a certificate of financial responsibility from the administrator for the nontank vessel. The administrator may charge a nontank vessel owner or operator a

reasonable fee to reimburse costs to verify and process an application for evidence of financial responsibility.

(b) The administrator may adopt regulations to implement this section.

(c) This section shall become operative on January 1, 2003.

SEC. 37. Section 8670.55 of the Government Code is amended to read:

8670.55. (a) The committee shall provide recommendations to the administrator, the State Lands Commission, the California Coastal Commission, the San Francisco Bay Conservation and Development Commission, and the State Interagency Oil Spill Committee, on any provision of this chapter including the promulgation of all rules, regulations, guidelines, and policies.

(b) The committee may, at its own discretion, study, comment on, or evaluate, any aspect of oil spill prevention and response in the state. To the greatest extent possible, these studies shall be coordinated with studies being done by the federal government, the administrator, the State Lands Commission, the State Water Resources Control Board, and other appropriate state and international entities. Duplication with the efforts of other entities shall be minimized.

(c) The committee may attend any drills called pursuant to Section 8601.10 or any oil spills, if practicable.

(d) The committee shall report annually to the Governor and the Legislature on their evaluation of oil spill response and preparedness programs within the state annually and may prepare and send any additional reports they determine to be appropriate to the Governor and the Legislature.

SEC. 38. Section 8670.56.5 of the Government Code is amended to read:

8670.56.5. (a) Any responsible party, as defined in Section 8670.3, shall be absolutely liable without regard to fault for any damages incurred by any injured party which arise out of, or are caused by, the discharge or leaking of oil into or onto marine waters.

(b) A responsible person is not liable to an injured party under this section for any of the following:

(1) Damages, other than costs of removal incurred by the state or a local government, caused solely by any act of war, hostilities, civil war, or insurrection or by an unanticipated grave natural disaster or other act of God of an exceptional, inevitable, and irresistible character, which could not have been prevented or avoided by the exercise of due care or foresight.

(2) Damages caused solely by the negligence or intentional malfeasance of that injured party.

(3) Damages caused solely by the criminal act of a third party other than the defendant or an agent or employee of the defendant.

(4) Natural seepage not caused by a responsible party.

(5) Discharge or leaking of oil or natural gas from a private pleasure boat or vessel.

(6) Damages that arise out of, or are caused by, a discharge that is authorized by a state or federal permit.

(c) The defenses provided in subdivision (b) shall not be available to a responsible person who fails to comply with Sections 8670.25, 8670.25.5, 8670.27, and 8670.62.

(d) Upon motion and sufficient showing by a party deemed to be responsible under this section, the court shall join to the action any other party who may be responsible under this section.

(e) In determining whether a party is a responsible party under this section, the court shall consider the results of any chemical or other scientific tests conducted to determine whether oil or other substances produced, discharged, or controlled by the defendant matches the oil or other substance which caused the damage to the injured party. The defendant shall have the burden of producing the results of tests of samples of the substance which caused the injury and of substances for which the defendant is responsible, unless it is not possible to conduct the tests because of unavailability of samples to test or because the substance is not one for which reliable tests have been developed. At the request of any party, any other party shall provide samples of oil or other substances within its possession or control for testing.

(f) The court may award reasonable costs of the suit, attorneys' fees, and the costs of any necessary expert witnesses to any prevailing plaintiff. The court may award reasonable costs of the suit and attorneys' fees to any prevailing defendant if the court finds that the plaintiff commenced or prosecuted the suit under this section in bad faith or solely for purposes of harassing the defendant.

(g) This section does not prohibit any person from bringing an action for damages caused by oil or by exploration, under any other provision or principle of law, including, but not limited to, common law. However, damages shall not be awarded pursuant to this section to an injured party for any loss or injury for which the party is or has been awarded damages under any other provision or principle of law. Subdivision (b) does not create any defense not otherwise available regarding any action brought under any other provision or principle of law, including, but not limited to, common law.

(h) Damages for which responsible parties are liable under this section include the following:

(1) All costs of response, containment, cleanup, removal, and treatment, including, but not limited to, monitoring and administration

costs incurred pursuant to the state oil spill contingency plan or actions taken pursuant to directions by the administrator.

(2) Injury to, or economic losses resulting from destruction of or injury to, real or personal property, which shall be recoverable by any claimant who has an ownership or leasehold interest in property.

(3) Injury to, destruction of or loss of, natural resources, including, but not limited to, the reasonable costs of rehabilitating wildlife, habitat, and other resources and the reasonable costs of assessing that injury, destruction, or loss, in any action brought by the state, a county, city, or district. Damages for the loss of natural resources may be determined by any reasonable method, including, but not limited to, determination according to the costs of restoring the lost resource.

(4) Loss of subsistence use of natural resources, which shall be recoverable by any claimant who so uses natural resources that have been injured, destroyed, or lost.

(5) Loss of taxes, royalties, rents, or net profit shares caused by the injury, destruction, loss, or impairment of use of real property, personal property, or natural resources.

(6) Loss of profits or impairment of earning capacity due to the injury, destruction, or loss of real property, personal property, or natural resources, which shall be recoverable by any claimant who derives at least 25 percent of his or her earnings from the activities which utilize the property or natural resources, or, if those activities are seasonal in nature, 25 percent of his or her earnings during the applicable season.

(7) Loss of use and enjoyment of natural resources, public beaches, and other public resources or facilities, in any action brought by the state, a county, city, or district.

(i) Except as provided in Section 1431.2 of the Civil Code, liability under this section shall be joint and several. However, this section does not bar a cause of action that a responsible party has or would have, by reason of subrogation or otherwise, against any person.

(j) This section does not apply to claims for damages for personal injury or wrongful death, and does not limit the right of any person to bring an action for personal injury or wrongful death under any provision or principle of law.

(k) Any payments made by a responsible party to cover liabilities arising from a discharge of oil, whether under this division or any other provision of federal, state, or local law, shall not be charged against any royalties, rents, or net profits owed to the United States, the state, or any other public entity.

(*l*) Any action which a private or public individual or entity may have against a responsible party under this section may be brought directly by the individual or entity or by the state on behalf of the individual or entity. However, the state shall not pursue any action on behalf of a

private individual or entity which requests the state not to pursue that action.

(m) For the purposes of this section, ''vessels'' means vessels as defined in Section 21 of the Harbors and Navigation Code.

SEC. 39. Section 8670.56.6 of the Government Code is amended to read:

8670.56.6. (a) (1) Except as provided in subdivisions (b) and (d), and subject to subdivision (c), no person, including, but not limited to, an oil spill cooperative, its agents, subcontractors, or employees, shall be liable under this chapter or the laws of the state to any person for costs, damages, or other claims or expenses as a result of actions taken or omitted in good faith in the course of rendering care, assistance, or advice in accordance with the National Contingency Plan, the state oil spill contingency plan, or at the direction of the administrator, onsite coordinator, or the Coast Guard in response to a spill or threatened spill of oil.

(2) The qualified immunity under this section shall not apply to any oil spill response action that is inconsistent with the following:

(A) The directions of the unified command, consisting of at least the Coast Guard and the administrator.

(B) In the absence of a unified command, the directions of the administrator pursuant to Section 8670.27.

(C) In the absence of directions pursuant to subparagraph (A) or (B), applicable oil spill contingency plans implemented under this division.

(3) Nothing in this section shall, in any manner or respect, affect or impair any cause of action against or any liability of any person or persons responsible for the spill, for the discharged oil, or for the vessel, terminal, pipeline, or facility from which the oil was discharged. The responsible person or persons shall remain liable for any and all damages arising from the discharge, including damages arising from improperly carried out response efforts, as otherwise provided by law.

(b) Nothing in this section shall, in any manner or respect, affect or impair any cause of action against or any liability of any party or parties responsible for the spill, or the responsible party's agents, employees, or subcontractors, except persons immunized under subdivision (a) for response efforts, for the discharged oil, or for the vessel, terminal, pipeline, or marine facility from which the oil was discharged.

(c) The responsible party or parties shall be subject to both of the following:

(1) Notwithstanding subdivision (b) or (i) of Section 8670.56.5, or any other provision of law, be strictly and jointly and severally liable for all damages arising pursuant to subdivision (h) of Section 8670.56.5 from the response efforts of its agents, employees, subcontractors, or an oil spill cooperative of which it is a member or with which it has a

contract or other arrangement for cleanup of its oil spills, unless it would have a defense to the original spill.

(2) Remain strictly liable for any and all damages arising from the response efforts of a person other than a person specified in paragraph (1).

(d) Nothing in this section shall immunize a cooperative or any other person from liability for acts of gross negligence or willful misconduct in connection with the cleanup of a spill.

(e) This section does not apply to any action for personal injury or wrongful death.

(f) As used in this section, a ''cooperative'' means an organization of private persons which is established for the primary purpose and activity of preventing or rendering care, assistance, or advice in response to a spill or threatened spill.

(g) Except for the responsible party, membership in a cooperative shall not, in and of itself, be grounds for liability resulting from cleanup activities of the cooperative.

(h) For purposes of this section, there shall be a rebuttable presumption that an act or omission described in subdivision (a) was taken in good faith.

(i) In any situation in which immunity is granted pursuant to subdivision (a) and a responsible party is not liable, is not liable for noneconomic damages caused by another, or is partially or totally insolvent, the fund provided for in Article 7 (commencing with Section 8670.46) shall, in accordance with its terms, reimburse claims of any injured party for which a person who is granted immunity pursuant to this section would otherwise be liable.

(j) (1) The immunity granted by this section shall only apply to response efforts that are undertaken after the administrator certifies that contracts with qualified and responsible persons are in place to ensure an adequate and expeditious response to any foreseeable oil spill that may occur in marine waters for which the responsible party (A) cannot be identified or (B) is unable or unwilling to respond, contain, and cleanup the oil spill in an adequate and timely manner. In negotiating these contracts, the administrator shall, to the maximum extent practicable, procure the services of persons who are willing to respond to oil spills with no, or lesser, immunity than that conferred by this section, but, in no event, a greater immunity. The administrator shall make the certification required by this subdivision on an annual basis. Upon certification, the immunity conferred by this section shall apply to all response efforts undertaken during the calendar year to which the certification applies. In the absence of the certification required by this subdivision, the immunity conferred by this section shall not attach to any response efforts undertaken by any person in marine waters.

(2) In addition to the authority to negotiate contracts described in paragraph (1), the administrator may also negotiate and enter into indemnification agreements with qualified and financially responsible persons to respond to oil spills that may occur in marine waters for which the responsible party (A) cannot be identified or (B) is unable or unwilling to respond, contain, and cleanup the oil spill in an adequate and timely manner.

(3) The administrator may indemnify response contractors for (A) all damages payable by means of settlement or judgment that arise from response efforts to which the immunity conferred by this section would otherwise apply, and (B) reasonably related legal costs and expenses incurred by the responder, provided that indemnification shall only apply to response efforts undertaken after the expiration of any immunity that may exist as the result of the contract negotiations authorized in this subdivision. In negotiating these contracts, the administrator shall, to the maximum extent practicable, procure the services of persons who are willing to respond to oil spills with no, or as little, right to indemnification as possible. All indemnification shall be paid by the administrator from the Oil Spill Response Trust Fund.

(4) (A) The contracts required by this section, and any other contracts entered into by the administrator for response, containment, or cleanup of an existing spill, the payment of which is to be made from the Oil Spill Response Trust Fund created pursuant to Section 8670.46, or for response to an imminent threat of a spill, the payment of which is to be made out of the Oil Spill Prevention and Administration Fund created pursuant to Section 8670.38, shall be exempt from Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code and Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

(B) The exemption specified in subparagraph (A) applies only to contracts for which the services are used for a period of less than 90 days, cumulatively, per year.

(C) This paragraph shall not be construed as limiting the administrator's authority to exercise the emergency powers granted pursuant to subdivision (c) of Section 8670.62, including the authority to enter into emergency contracts that are exempt from approval by the Department of General Services.

(k) (1) With regard to a person who is regularly engaged in the business of responding to oil spills, the immunity conferred by this section shall not apply to any response efforts by that person that occur later than 60 days after the first day the person's response efforts commence.

(2) Notwithstanding the limitation contained in paragraph (1), the administrator may, upon making all the following findings, extend the

period of time, not to exceed 30 days, during which the immunity conferred by this section applies to response efforts:

(A) Due to inadequate or incomplete containment and stabilization, there exists a substantial probability that the size of the spill will significantly expand and (i) threaten previously uncontaminated marine or land resources, (ii) threaten already contaminated marine or land resources with substantial additional contamination, or (iii) otherwise endanger the public health and safety or harm the environment.

(B) The remaining work is of such a difficult or perilous nature that extension of the immunity is clearly in the public interest.

(C) No other qualified and financially responsible contractor is prepared and willing to complete the response effort in the absence of the immunity, or a lesser immunity, as negotiated by contract.

(3) The administrator shall provide five days' notice of his or her proposed decision to either extend, or not extend, the immunity conferred by this section. Interested parties shall be given an opportunity to present oral and written evidence at an informal hearing. In making his or her proposed decision, the administrator shall specifically seek and consider the advice of the relevant Coast Guard representative. The administrator's decision to not extend the immunity shall be announced at least 10 working days before the expiration of the immunity to provide persons an opportunity to terminate their response efforts as contemplated by paragraph (4).

(4) No person or their agents, subcontractors, or employees shall incur any liability under this chapter or any other provision of law solely as a result of that person's decision to terminate their response efforts because of the expiration of the immunity conferred by this section. A person's decision to terminate response efforts because of the expiration of the immunity conferred by this section shall not in any manner impair, curtail, limit, or otherwise affect the immunity conferred on the person with regard to the person's response efforts undertaken during the period of time the immunity applied to those response efforts.

(5) The immunity granted under this section shall attach, without the limitation contained in this subdivision, to the response efforts of any person who is not regularly engaged in the business of responding to oil spills. A person who is not regularly engaged in the business of responding to oil spills includes, but is not limited to, (A) a person who is primarily dedicated to the preservation and rehabilitation of wildlife and (B) a person who derives his or her livelihood primarily from fishing.

(*l*) As used in this section, ''response efforts'' means rendering care, assistance, or advice in accordance with the National Contingency Plan, the state oil spill contingency plan, or at the direction of the

administrator, onsite coordinator, or the Coast Guard in response to a spill or threatened spill.

SEC. 40. Section 8670.56.7 is added to the Government Code, to read:

8670.56.7. (a) A nonprofit maritime association that provides spill response services pursuant to an oil spill contingency plan approved by the administrator, and the association's officers, directors, members, and employees shall have limited liability as follows:

(1) Section 8670.56.6 applies to any nonprofit maritime association that provides spill response services pursuant to its statewide oil spill contingency plan.

(2) A nonprofit maritime association providing oil spill contingency plan response services may require, through agreement of the parties, as a condition of providing these services, the owner or operator of the nontank vessel to defend, indemnify, and hold harmless the association and its officers, directors, members, and employees from all claims, suits, or actions of any nature by whomever asserted, even though resulting, or alleged to have resulted from, negligent acts or omissions of the association or of an officer, director, member, or employee of the association in providing spill response plan services under the contract.

(3) Membership in the association or serving as a director of the association shall not, in and of itself, be grounds for liability resulting from the activities of the association in the preparation or implementation of an oil spill contingency plan.

(4) This section shall not be deemed to include the association or its officers, directors, members, or employees as a responsible party, as defined in Section 8670.3 of this code and in Section 8750 of the Public Resources Code for the purposes of this chapter, Article 3.5 (commencing with Section 8574.1) of Chapter 7 of this code, and Division 7.8 (commencing with Section 8750) of the Public Resources Code.

(5) This section does not limit the liability of any responsible party, as defined in Section 8670.3. The responsible party is liable for all damages arising from a spill, as provided in Section 8670.56.6.

(b) Section 8670.56.6 applies to any person, including, but not limited to, an oil spill cooperative, its agents, subcontractors, or employees, that contract with a nonprofit maritime association to provide spill response services for the association's oil spill contingency plan.

SEC. 41. Section 8670.64 of the Government Code is amended to read:

8670.64. (a) Any person who commits any of the following acts, shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison:

(1) Except as provided in Section 8670.27, knowingly fails to follow the direction or orders of the administrator in connection with an oil spill.

(2) Knowingly fails to notify the Coast Guard that a vessel is disabled within one hour of the disability and the vessel, while disabled, causes a discharge of oil which enters marine waters. For the purposes of this paragraph, ''vessel'' means a vessel, as defined in Section 21 of the Harbors and Navigation Code, of 300 gross registered tons or more.

(3) Knowingly engages in or causes the discharge or spill of oil into marine waters, or any person who reasonably should have known that he or she was engaging in or causing the discharge or spill of oil into marine waters, unless the discharge is authorized by the United States, the state, or another agency with appropriate jurisdiction.

(4) Knowingly fails to begin cleanup, abatement, or removal of spilled oil as required in Section 8670.25.

(b) The court shall also impose upon a person convicted of violating subdivision (a), a fine of not less than five thousand dollars ($5,000) or more than five hundred thousand dollars ($500,000) for each violation. For purposes of this subdivision, each day or partial day that a violation occurs is a separate violation.

(c) (1) Any person who knowingly does any of the acts specified in paragraph (2) shall, upon conviction, be punished by a fine of not less than two thousand five hundred dollars ($2,500) or more than two hundred fifty thousand dollars ($250,000), or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment. Each day or partial day that a violation occurs is a separate violation. If the conviction is for a second or subsequent violation of this subdivision, the person shall be punished by imprisonment in the state prison or in the county jail for not more than one year, or by a fine of not less than five thousand dollars ($5,000) or more than five hundred thousand dollars ($500,000), or by both the fine and imprisonment:

(2) The acts subject to this subdivision are all of the following:

(A) Fails to notify the Office of Emergency Services in violation of Section 8670.25.5.

(B) Continues operations for which an oil spill contingency plan is required without an oil spill contingency plan approved pursuant to Article 5 (commencing with Section 8670.28).

(C) Except as provided in Section 8670.27, knowingly fails to follow the material provisions of an applicable oil spill contingency plan.

SEC. 42. Section 8670.68.1 is added to the Government Code, to read:

8670.68.1. After the time for review has expired for a violation under this chapter or Division 36 (commencing with Section 71200) of the Public Resources Code, the administrator may apply to the clerk of

the appropriate court for a judgment to collect the administrative civil liability imposed in accordance with Section 8670.68. The application, which shall include a certified copy of the administrator's order setting liability, a hearing officer's decision if any, or a settlement agreement if any, shall constitute a sufficient showing to warrant issuance of the judgment. The court clerk shall enter the judgment immediately in conformity with the application. The judgment so entered has the same force and effect as, and is subject to all the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered.

SEC. 43. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

---

## CHAPTER 749

An act to amend Sections 51101, 52054, and 52058 of, to add Sections 52054.3 and 52055.51 to, and to add Article 3.5 (commencing with Section 52055.600) to Chapter 6.1 of Part 28 of, the Education Code and to amend Item 6110-123-0001 of Section 2.00 of the Budget Act of 2001, relating to schools, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 2001. Filed with Secretary of State October 12, 2001.]

I am signing Assembly Bill 961, however I am reducing the appropriation made in section 8 of this bill by $2,142,000. This section would appropriate $3.0 million to the Department of Education for training and administration costs associated with this program. Absent a detailed expenditure plan from the Department of Education justifying this need, I am unable to support an augmentation in excess of that which I believe is necessary to begin implementation of this program.

While I am signing this bill, I am concerned that numerous sections within this bill are unclear and may be interpreted in a way not intended, potentially resulting in significant costs. I am signing this bill with the understanding that the author will introduce urgency legislation to clean up these issues.

GRAY DAVIS, Governor

*The people of the State of California do enact as follows:*

SECTION 1. Section 51101 of the Education Code is amended to read:

51101. (a) Except as provided in subdivision (d), the parents and guardians of pupils enrolled in public schools have the right and should have the opportunity, as mutually supportive and respectful partners in the education of their children within the public schools, to be informed by the school, and to participate in the education of their children, as follows:

(1) Within a reasonable period of time following making the request, to observe the classroom or classrooms in which their child is enrolled or for the purpose of selecting the school in which their child will be enrolled in accordance with the requirements of any intradistrict or interdistrict pupil attendance policies or programs.

(2) Within a reasonable time of their request, to meet with their child's teacher or teachers and the principal of the school in which their child is enrolled.

(3) To volunteer their time and resources for the improvement of school facilities and school programs under the supervision of district employees, including, but not limited to, providing assistance in the classroom with the approval, and under the direct supervision, of the teacher. Although volunteer parents may assist with instruction, primary instructional responsibility shall remain with the teacher.

(4) To be notified on a timely basis if their child is absent from school without permission.

(5) To receive the results of their child's performance on standardized tests and statewide tests and information on the performance of the school that their child attends on standardized statewide tests.

(6) To request a particular school for their child, and to receive a response from the school district. This paragraph does not obligate the school district to grant the parent's request.

(7) To have a school environment for their child that is safe and supportive of learning.

(8) To examine the curriculum materials of the class or classes in which their child is enrolled.

(9) To be informed of their child's progress in school and of the appropriate school personnel whom they should contact if problems arise with their child.

(10) To have access to the school records of their child.

(11) To receive information concerning the academic performance standards, proficiencies, or skills their child is expected to accomplish.

(12) To be informed in advance about school rules, attendance policies, dress codes, and procedures for visiting the school.

(13) To receive information about any psychological testing the school does involving their child and to deny permission to give the test.

(14) To participate as a member of a parent advisory committee, schoolsite council, or site-based management leadership team, in accordance with any rules and regulations governing membership in these organizations. In order to facilitate parental participation, schoolsite councils are encouraged to schedule a biannual open forum for the purpose of informing parents about current school issues and activities and answering parents' questions. The meetings should be scheduled on weekends, and prior notice should be provided to parents.

(15) To question anything in their child's record that the parent feels is inaccurate or misleading or is an invasion of privacy and to receive a response from the school.

(b) In addition to the rights described in subdivision (a), parents and guardians of pupils shall have the opportunity to work together in a mutually supportive and respectful partnership with schools, and to help their children succeed in school. Each governing board of a school district shall develop jointly with parents and guardians, and shall adopt, a policy that outlines how parents or guardians of pupils, school staff, and pupils may share the responsibility for continuing the intellectual, physical, emotional, and social development and well-being of pupils at each schoolsite. The policy shall include, but is not necessarily limited to, the following:

(1) The means by which the school and parents or guardians of pupils may help pupils to achieve academic and other standards of the school.

(2) A description of the school's responsibility to provide a high quality curriculum and instructional program in a supportive and effective learning environment that enables all pupils to meet the academic expectations of the school.

(3) The manner in which the parents and guardians of pupils may support the learning environment of their children, including, but not limited to, the following:

(A) Monitoring attendance of their children.

(B) Ensuring that homework is completed and turned in on a timely basis.

(C) Participation of the children in extracurricular activities.

(D) Monitoring and regulating the television viewed by their children.

(E) Working with their children at home in learning activities that extend learning in the classroom.

(F) Volunteering in their children's classrooms, or for other activities at the school.

(G) Participating, as appropriate, in decisions relating to the education of their own child or the total school program.

(c) All schools that participate in the High Priority Schools Grant Program for Low Performing Schools established pursuant to Article 3.5 (commencing with Section 52055.600) of Chapter 6.1 of Part 28 and that maintain kindergarten or any of grades 1 to 5, inclusive, shall jointly develop with parents or guardians for all children enrolled at that schoolsite, a school-parent compact pursuant to Section 6319 of Title 20 of the United States Code.

(d) This section may not be construed so as to authorize a school to inform a parent or guardian, as provided in this section, or to permit participation by a parent or guardian in the education of a child, if it conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

SEC. 2. Section 52054 of the Education Code is amended to read:

52054. (a) Commencing in the 2001–02 fiscal year, by November 15 of the year that the school is selected to participate, the governing board of a school district having jurisdiction over a school selected for participation in the program may do either of the following:

(1) Contract with an external evaluator from the list of external evaluators and shall appoint a broad-based schoolsite and community team, consisting of a majority of nonschoolsite personnel. In a school that has a limited-English-proficient pupil population that constitutes at least 40 percent of the total pupil population, an external evaluator shall have demonstrated experience in working with a limited-English-proficient pupil population. Not less than 20 percent of the members of the team shall be parents or legal guardians of pupils in the school.

(2) Contract with any entity that has proven successful expertise specific to the challenges inherent in low-performing schools. These entities may include, but are not limited to:

(A) Institutions of higher education.

(B) County offices of education.

(C) School district personnel.

(b) The selected external evaluator or entity shall solicit input from the parents and legal guardians of the pupils of the school. At a minimum, the evaluator or entity shall do all of the following:

(1) Inform the parents and legal guardians, in writing, that the school has been selected to participate in the Immediate Intervention/Underperforming Schools Program due to its below average performance.

(2) Hold a public meeting at the school, in cooperation with the principal, to which all parents and legal guardians of pupils in the school receive a written invitation. The invitation to the meeting may be combined with the written notice required by paragraph (1).

(3) Solicit, at the public meeting, the recommendations and opinions of the participating parents and legal guardians of pupils in the school regarding actions that should be taken to improve the performance of the school. These opinions and recommendations shall be considered by the external evaluator or entity and the community team in the development or modification of the action plan pursuant to this section or Section 52054.3.

(4) Provide technical assistance to the schoolsite.

(5) Notify all parents and legal guardians of pupils in the school of their opportunity to provide written recommendations of actions that should be taken to improve the performance of the school which shall be considered by the external evaluator or entity and the community team in the development or modification of the action plan pursuant to this section or Section 52054.3. Notice required by this subdivision may be combined with the written notice required by paragraph (1).

(c) By February 15 of the school year in which the school is selected to participate, the selected external evaluator or entity, in collaboration with the broad-based schoolsite and community team selected pursuant to subdivision (a), shall complete a review of the school that identifies weaknesses that contribute to the school's below average performance, make recommendations for improvement, and begin to develop an action plan to improve the academic performance of the pupils enrolled at the school. The action plan shall include percentage growth targets at least as high as the annual growth targets adopted by the State Board of Education pursuant to Section 52052. The action plan shall include an expenditure plan and shall be of a scope that does not require expenditure of funds in excess of those provided pursuant to this article or otherwise available to the school. The action plan may not be of a scope that requires reimbursement by the Commission on State Mandates for its implementation.

(d) At a minimum, the action plan shall do all of the following:

(1) Review and include the school and district conditions identified in the school accountability report card pursuant to Section 33126.

(2) Identify the current barriers at the school and district toward improvements in pupil achievement.

(3) Identify schoolwide and districtwide strategies to remove these barriers.

(4) Review and include school and school district crime statistics, in accordance with Section 628.5 of the Penal Code.

(5) Examine and consider disaggregated data regarding pupil achievement and other indicators to consider whether all groups and types of pupils make adequate progress toward short-term growth targets and long-term performance goals. The disaggregated data to be included and considered by the plan shall, at a minimum, provide information

regarding the achievement of English language learners, pupils with exceptional needs, pupils who qualify for free and reduced price meals, and all pupils, in numerically significant subgroups.

(6) Set short-term academic objectives pursuant to Section 52052 for a two-year period that will allow the school to make adequate progress toward the growth targets established for each participating school for pupil achievement as measured by all of the following to the extent that the data is available for the school:

(A) The achievement test administered pursuant to Section 60640.

(B) Graduation rates for grades 7 to 12, inclusive.

(C) Attendance rates for pupils and school personnel for elementary, middle, and secondary schools.

(D) Any other indicators approved by the State Board of Education.

(e) The school action plan shall focus on improving pupil academic performance, improving the involvement of parents and guardians, improving the effective and efficient allocation of resources and management of the school, and identifying and developing solutions that take into account the underlying causes for low performance by pupils.

(f) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(g) The school action plan may propose to increase the number of instructional days offered at the schoolsite and also may propose to increase up to a full 12 months the amount of time for which certificated employees are contracted, if all of the following conditions are met:

(1) Provisions of the plan proposed pursuant to this subdivision shall not violate current applicable collective bargaining agreements.

(2) An agreement is reached with the exclusive representative concerning staffing specifically to accommodate the extended school year or 12-month contract.

(h) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(i) Upon its completion, the action plan shall be submitted to the governing board of the school districts for its approval. The approval may be conducted during a regularly scheduled public meeting.

SEC. 3. Section 52054.3 is added to the Education Code, to read:

52054.3. A school selected on or after September 2001 may elect to use an existing plan instead of the action plan required pursuant to Section 52054 if that plan meets the requirements specified pursuant to subdivisions (c), (d), (e), (f), (g), (h), and (i) of Section 52054. If an existing plan needs modification, the external evaluator or entity with which the school district contracts pursuant to Section 52054 shall provide technical assistance in making those modifications.

SEC. 4. Section 52055.51 is added to the Education Code, immediately following Section 52055.5, to read:

52055.51. (a) Instead of the actions specified in subdivision (c) of Section 52055.5, as that section read on January 1, 2001, and notwithstanding any other provision of law, the Superintendent of Public Instruction, with the approval of the State Board of Education, may require the district to enter into a contract with a school assistance and intervention team.

(b) Team members should possess a high degree of knowledge and skills in the areas of school leadership, curriculum, and instruction aligned to state academic content and performance standards, classroom management and discipline, academic assessment, parent-school relations, and evaluation and research-based reform strategies and have proven successful expertise specific to the challenges inherent in low-performing schools.

(c) The team shall provide intensive support and expertise to implement the school reform initiatives in the plan. Decisions about interventions shall be data driven. A school assistance and intervention team shall work with school staff, site planning teams, administrators, and district staff to improve pupil literacy and achievement by assessing the degree of implementation of the current action plan, refining and revising the action plan, and making recommendations to maximize the use of fiscal resources and personnel in achieving the goals of the plan. The district shall provide support and assistance to enhance the work of the team at the targeted schoolsites.

(d) Not later than 60 days after the school's API becomes public, the team must have completed an initial report. The report shall include recommendations for corrective actions chosen from a range of interventions, including the reallocation of district fiscal resources to ensure that appropriate resources are targeted to those specific interventions identified in the recommendations of the team for the targeted schools and other changes deemed appropriate to make progress toward meeting the schools growth target. Not later than 90 days after the API is made public, the governing board of the school district shall adopt the team's recommendations at a regularly scheduled meeting of the governing board. The governing board may not place the adoption on the consent calendar. The report shall be submitted to the Superintendent of Public Instruction and State Board of Education.

(e) No less than three times during the year, the school district and schoolsite shall present the team with data regarding progress toward the goals established by the team's initial assessment. The data shall be presented to the governing board of the school district at a regularly scheduled meeting. The team shall, to the extent possible, utilize existing site data. The data shall also be provided to the Superintendent

of Public Instruction and State Board of Education. Every effort shall be made to report this data in a manner that minimizes the length and complexity of the reporting requirement in order to maximize the focus on improving pupil literacy and achievement.

(f) An action taken pursuant to this paragraph shall not increase local costs or require reimbursement by the Commission on State Mandates.

SEC. 5. Article 3.5 (commencing with Section 52055.600) is added to Chapter 6.1 of Part 28 of the Education Code, to read:

## Article 3.5. High Priority Schools Grant Program for Low Performing Schools

52055.600. (a) The High Priority Schools Grant Program for Low Performing Schools is hereby established. Participation in this program is voluntary.

(b) From funds made available for purposes of this article, the Superintendent of Public Instruction shall allocate two hundred dollars ($200) per pupil to eligible schools for implementation of a school action plan approved pursuant to this article. In the first year of participation, a schoolsite may receive thirty-three dollars and thirty-three cents ($33.33) per pupil for each month remaining in the fiscal year ending June 30, 2002, beginning in the month immediately following the date of approval by the governing board of the school district of the action plan required pursuant to this article. If the plan is not approved prior to the end of the fiscal year, the funding shall be similarly prorated in the subsequent year.

(c) It is the intent of the Legislature that federal funding provided pursuant to the Comprehensive School Reform Demonstration Program (P.L. 105-78) supplement, not supplant, funding received pursuant to this article.

(d) Funds received pursuant to this article may not be used to match funds received pursuant to Article 3 (commencing with Section 52053).

(e) The school district shall keep fiscal records available for inspection that affirm allocation to schoolsites in accordance with this section and shall allocate resources in a manner that does not delay their use.

52055.605. (a) The Superintendent of Public Instruction, with the approval of the State Board of Education, shall identify schools ranked in deciles 1 to 5, inclusive, on the Academic Performance Index (API).

(b) The Superintendent of Public Instruction shall invite schools identified pursuant to subdivision (a) to participate in the High Priority Schools Grant Program for Low Performing Schools. Notwithstanding subdivision (h) of Section 52053, in order to be eligible for funding from the High Priority Schools Grant Program for Low Performing Schools,

a school shall also participate in the Immediate Intervention/Underperforming Schools Program. A school participating in both programs may elect to submit only one application and one plan for both programs. A school participating in the Immediate Intervention/Underperforming Schools Program before the date of the enactment of the act adding this section is also eligible for participation in the High Priority Schools Grant Program for Low Performing Schools.

(c) First priority for participation in the High Priority Schools Grant Program for Low Performing Schools shall be given to schools ranked on the API in decile 1. Second priority shall be given to schools in decile 2. Third priority shall be given to schools in decile 3. Fourth priority shall be given to schools in decile 4. Fifth priority shall be given to schools in decile 5. Within each decile, priority shall be given to the lowest ranked schools.

(d) Notwithstanding any other provision of law and if funds are available for this purpose, the number of schools within the designated cohorts of the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053 may exceed the maximum numbers specified in that section in order to participate in the program established pursuant to this article.

(e) If a school ranked in decile 1 of the API applies to participate in the federal Comprehensive School Reform Demonstration Program (P.L. 105-78), but there are insufficient funds to allow that school to participate in that program, that school shall be automatically approved to the extent funding is available for participation in the Immediate Intervention/Underperforming Schools Program and shall be deemed to have complied with the requirements of Section 52054.

(f) The State Board of Education may allow continuation high schools to apply for and receive funding pursuant to this article if those continuation high schools report pupil performance that is equivalent to that of high schools ranked in deciles 1 and 2 on the Academic Performance Index and the board determines that the state will be able to adequately determine growth in pupil performance in a valid and reliable manner for the purpose of accountability pursuant to this article. The State Board of Education may establish a limit on the number of continuation high schools that may be funded to reflect their proportion of low performing pupils in grades 9 to 12, inclusive, and may adopt criteria limiting the eligibility for funding, pursuant to this article, of continuation high schools with a high level of per pupil funding from the continuation high school revenue limit add-on.

52055.610. (a) Fourteen days after the effective date of the act adding this section, the Superintendent of Public Instruction shall

establish a procedure that is consistent with this article for the approval of applications and school action plans.

(b) Notwithstanding the existing application process established pursuant to Article 3 (commencing with Section 52053), in developing an action plan to be submitted with the application for funding pursuant to this article, a school may choose from the following options:

(1) A school district on behalf of an eligible school under its jurisdiction may elect to receive fifty thousand dollars ($50,000) as a planning grant from funds appropriated for purposes of this article. These planning grant funds shall be used for technical assistance in the development of the school action plan. Technical assistance includes assistance provided by school district personnel, county offices of education, universities, a state approved external evaluator, or any other entity that has proven successful expertise specific to the challenges inherent in low-performing schools. If the school action plan is approved, the Superintendent of Public Instruction shall provide funding for its implementation. Planning grant funds, as well as other funds available to school districts pursuant to this article, may be used for on-going technical assistance throughout the implementation of the action plan and continued participation in the program established pursuant to Article 3 (commencing with Section 52053) and the program established pursuant to this article.

(2) A school district, on behalf of an eligible school under its jurisdiction, may elect to forego the fifty thousand dollars ($50,000) planning grant and immediately submit its application and school action plan. If a school chooses this option, the Superintendent of Public Instruction shall take one of the following actions:

(A) Recommend approval of the application by the State Board of Education and action plan and provide funding for implementation of the school action plan.

(B) Request additional clarification and technical changes, after which the school and district shall resubmit the application and school action plan with the clarifications and changes for approval. If the application and school action plan is approved, the Superintendent of Public Instruction shall provide funding for implementation of the school action plan.

(C) Disapprove the plan in which case a school district on behalf of an eligible school under its jurisdiction shall receive a fifty thousand dollars ($50,000) planning grant that shall be used for technical assistance in the redevelopment of the school action plan according to the department's recommendations. Technical assistance includes assistance provided by school district personnel, county offices of education, universities, a state approved external evaluator, or any other

entity that has proven expertise specific to the challenges inherent in low-performing schools.

(c) The following deadlines apply for the 2001–02 fiscal year:

(1) A school district on behalf of an eligible school under its jurisdiction shall submit the application and school action plan to the Superintendent of Public Instruction for review and approval by March 15, 2002.

(2) The Superintendent of Public Instruction shall make a recommendation to the State Board of Education regarding approval or disapproval of applications and school action plans by April 15, 2002. The State Board of Education shall approve or disapprove the application and action plan by April 30, 2002. Upon approval by the State Board of Education, the State Department of Education shall allocate funding to schools for the implementation of the action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by April 30, 2002, the recommendation of the Superintendent of Public Instruction shall be deemed to be adopted and funding for implementation of the action plan shall be allocated.

(3) If the Superintendent of Public Instruction takes the action specified in subparagraph (B) of paragraph (2) of subdivision (b), the school and school district shall resubmit the application and school action plan with the clarifications and changes for approval by May 15, 2002, and the Superintendent of Public Instruction shall make a recommendation to the State Board of Education regarding approval or disapproval by June 15, 2002. The State Board of Education shall approve or disapprove the application and action plan by June 30, 2002. If the action plan is approved, the department shall allocate funding to the school district on behalf of an eligible school under its jurisdiction for implementation of the action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by June 30, 2002, the recommendation of the Superintendent of Public Instruction shall be deemed to be adopted and funding for implementation of the action plan.

(4) A school district may request that the State Board of Education waive the deadlines set forth in this subdivision. The State Board of Education may grant a waiver request made pursuant to this paragraph.

52055.615. (a) If the Superintendent of Public Instruction invites a school to participate in either the High Priority Schools Grant Program for Low Performing Schools or the Immediate Intervention/Underperforming Schools Program, the governing board of the school district shall hold a public hearing at a regularly scheduled meeting to discuss whether or not to apply for participation in these programs and how to address the needs of the school and pupils.

(b) If a school district, on behalf of an eligible school under its jurisdiction, decides not to accept the invitation to participate in the High Priority Schools Grant Program for Low Performing Schools or the Immediate Intervention/Underperforming Schools Program, the governing board of the school district shall hold a public hearing at a regularly scheduled meeting to discuss the reasons and rationale for not accepting the invitation and explain how the district intends to address the needs of the school and pupils. This section does not apply to school districts with jurisdiction over schools for which the Superintendent of Public Instruction has indicated that funding would not be available. The governing board shall not place the discussion required pursuant to this subdivision on the consent calendar of the hearing.

(c) The governing board shall notify, in writing, the following persons and entities of the public hearings required pursuant to subdivisions (a) and (b):

(1) Representative parent organizations at the schoolsite, including the parent teacher association, parent teacher clubs, and schoolsite councils. The district is encouraged also to notify parents directly through appropriate means. Notifications to parents shall comply with Article 4 (commencing with Section 48985) of Chapter 6 of Part 27.

(2) All local major media outlets.

(3) The local mayor.

(4) All members of the city council.

(5) All members of the county board of supervisors.

(6) County superintendents of schools.

(7) County board of education.

52055.620. (a) As a condition of the receipt of funds, a school action plan shall be based upon the following:

(1) It shall be research based and data driven.

(2) It shall include ongoing data gathering for the purposes of this program so that progress can be measured and verified and the plan can be modified based on the data.

(3) It shall be grounded in the findings from an initial needs assessment.

(4) It shall evidence a commitment by the school community to implement the plan. The plan shall describe how this commitment will be evidenced.

(5) It shall make clear that there is a heightening of expectations on the part of all personnel associated with the schoolsite that all children can learn and every school can succeed.

(6) It shall ensure that an environment that is conducive to teaching and learning is provided at the schoolsite.

(7) It shall identify additional human, financial, and other resources available to the school to be used in the implementation of the school action plan.

(b) (1) The action plan shall be developed, in partnership with the school district, by the schoolsite council, as defined in Section 52012, or if the school does not have a schoolsite council, by a schoolwide advisory group or school support group that conforms to the requirements of Section 52012 and whose members are self-selected.

(2) Notwithstanding paragraph (1), a school participating in the Immediate Intervention/Underperforming Schools Program prior to the effective date of the act adding this section may continue using its school action team for purposes of developing an action plan pursuant to this article.

(c) In developing a school action plan, the school and school district shall use the technical assistance from school district personnel, county offices of education, universities, a state approved external evaluator, or any other person or entity that has proven successful expertise specific to the challenges inherent in low-performing schools. In addition, the school and district may include an individual to facilitate the activities related to the development of this plan.

(d) The action plan shall include a strategy, jointly developed by the school district and the exclusive bargaining representative of the certificated employees of the district, for addressing the distribution of experienced credentialed teachers throughout the district, including an agreement by the district and the exclusive bargaining representative of the certificated staff on how they are going to achieve a balance in that distribution. This collaboration shall take place outside of collective bargaining and shall strive to develop a strategy that will attract and retain equal ratios of credentialed teachers at each school in the district. This collaboration shall include discussions on ways to maximize current options to recruit credentialed teachers to the district, use of regional recruitment centers, ensuring that newly hired credentialed teachers are assigned in alignment with the goal of even distribution of credentialed teachers, and ensuring that low-performing schools provide a necessary teaching and learning environment to retain a fully credentialed teaching staff.

(e) The action plan may include any existing plan a school may have developed for another program, that may include existing strategies that meet the requirements of the essential components of a school action plan specified in Section 52055.625.

52055.625. (a) It is the intent of the Legislature that the lists contained in paragraph (2) of subdivisions (c), (d), (e), and (f) be considered options that may be considered by a school in the development of its school action plan and that a school not adopt all of

the listed options as a condition of funding under the terms of this act. Instead, this listing of options is intended to provide the opportunity for focus and strategic planning as schools plan to address the needs of low performing pupils.

(b) As a condition of the receipt of funds, a school action plan shall include each of the following essential components:

(1) Pupil literacy and achievement.

(2) Quality of staff.

(3) Parental involvement.

(4) Facilities, curriculum, instructional materials, and support services.

(c) (1) The pupil literacy and achievement component shall contain a strategy to focus on increasing pupil literacy and achievement, with necessary attention to the needs of English language learners. At a minimum, this strategy shall include a plan to achieve the following goals:

(A) Each pupil at the school will be provided appropriate instructional materials aligned with the academic content and performance standards adopted by the State Board of Education as required by law.

(B) Each significant subgroup at the school will demonstrate increased achievement based on API results by the end of the implementation period.

(C) Each English language learner at the school will demonstrate increased performance based on the English language development test required by Section 60810 and the achievement tests required pursuant to Section 60640.

(2) To achieve the goals in paragraph (1), a school in its action plan may include, among other things, any of the following options:

(A) Selective class size reduction in key curricular areas provided this does not result in a decrease in the proportion of experienced credentialed teachers at the schoolsite.

(B) Increased learning time in key curricular areas identified as needing attention, including mathematics.

(C) Targeted intensive reading instruction utilizing reading capacity-level materials that may include, but are not limited to, the following strategies:

(i) The development of a reading competency program for pupils in grades 5 to 8, inclusive, whose reading scores are at or below the 40th percentile or in the two lowest performance levels, as adopted by the State Board of Education, on the reading portion of the achievement test, authorized by Section 60640. This program may include direct instruction in reading at grade level utilizing the English language arts content standards adopted pursuant to Section 60605. Additionally, this

program may offer specialized intervention that utilizes state approved instructional materials adopted pursuant to Section 60200. It is the intent of the Legislature, as a recommendation, that this curriculum consist of at least one class period during the regular schoolday taught by a teacher trained in the English language arts standards pursuant to Section 60605. It is also the intent of the Legislature, as a recommendation, that periodic assessments throughout the year be conducted to monitor the progress of the pupils involved.

(ii) The use of a library media teacher to work cooperatively with every teacher and principal at the schoolsite to develop and implement an independent and free reading program, help teachers determine a pupil's reading level, order books that have been determined to meet the needs of pupils, help choose books at pupils' independent reading levels, and assure that pupils read a variety of genres across all academic content areas. For purposes of this article, ''library media teacher'' means a classroom teacher who possesses or is in the process of obtaining a library media teacher services credential consistent with Section 44868.

(D) Mentoring programs for pupils.

(E) Community, business, or university partnerships with the school.

(d) (1) The quality of staff component shall contain a strategy to attract, retain, and fairly distribute the highest quality staff at the school, including teachers, administrators, and support staff. At a minimum, this strategy shall include a plan to achieve the following goals:

(A) An increase in the number of credentialed teachers working at that schoolsite.

(B) An increase in or targeting of professional development opportunities for teachers related to the goals of the action plan and English language development standards adopted by the State Board of Education aligned with the academic content and performance standards, including, but not limited to, participation in professional development institutes established pursuant to Article 2 (commencing with Section 92220) of Chapter 5 of Part 65.

(C) By the end of the implementation period, successful completion by the schoolsite administrators of a program designed to maximize leadership skills.

(2) To achieve the goals in paragraph (1) a school may include in its action plan, among others, any of the following options:

(A) Incentives to attract credentialed teachers and quality administrators to the schoolsite, including, but not limited to, additional compensation strategies similar to those authorized pursuant to Section 44735.

(B) A school district preintern or intern program within which eligible emergency permit teachers located at the schoolsite would be required to participate, unless those individuals are already participating

in another teacher preparation program that leads to the attainment of a valid California teaching credential.

(C) Common planning time for teachers, administrators, and support staff focused on improving pupil achievement.

(D) Mentoring for site administrators, peer assistance for credentialed teachers, and support services for new teachers, including, but not limited to, the Beginning Teacher Support and Assessment System.

(E) Providing assistance and incentives to teachers for completion of professional certification programs and toward attaining BCLAD or CLAD certification.

(F) Increasing professional development in state academic content and performance standards, including English language development standards.

(e) (1) The parental involvement component shall contain a strategy to change the culture of the school community to recognize parents and guardians as partners in the education of their children and to prepare and educate parents and guardians in the learning and academic progress of their children. At a minimum, this strategy shall include a commitment to develop a school-parent compact as required by Section 51101 and a plan to achieve the goal of maintaining or increasing the number and frequency of personal parent and guardian contacts each year at the schoolsite and school-home communications designed to promote parent and guardian support for meeting state standards and core curriculum requirements.

(2) To achieve the goals in subdivision (a), a school may in its action plan include, among others, any of the following options:

(A) Parent and guardian homework support classes.

(B) A program of regular home visits.

(C) After school and evening opportunities for parents, guardians, and pupils to learn together.

(D) Training programs to educate parents and guardians about state standards and testing requirements, including the high school exit examination.

(E) Creation, maintenance, and support of parent centers located on schoolsites to educate parents and guardians regarding pupil expectations and provide support to parents and guardians in their efforts to help their children learn.

(F) Programs targeted at parents and guardians of special education pupils.

(G) Efforts to develop a culture at the schoolsite focused on college attendance, including programs to educate parents and guardians regarding college entrance requirements and options.

(H) Providing more bilingual personnel at the schoolsite and at school related functions to communicate more effectively with parents and guardians who speak a language other than English.

(I) Providing an opportunity for parents to monitor online, if the technology is available, and in compliance with applicable state and federal privacy laws, the academic progress and attendance of their children.

(f) (1) The facilities, curriculum, instructional materials, and support services component shall contain a strategy to provide an environment that is conducive to teaching and learning and that includes the development of a high-quality curriculum and instruction aligned with the academic content and performance standards adopted pursuant to Section 60605 and English language development standards adopted pursuant to Section 60811. At a minimum, this strategy shall include the goal of providing adequate logistical support including, but not limited to, curriculum, quality instruction, instructional materials, support services, and supplies for every pupil.

(2) To achieve the goal specified in paragraph (1), a school in its action plan may include, among others, any of the following options:

(A) State and locally developed valid and reliable assessments based on state academic content standards.

(B) Increased learning time in key curricular areas identified as needing attention, including mathematics.

(C) The addition of more pupil support services staff, including, but not limited to, paraprofessionals, counselors, library media teachers, nurses, psychologists, social workers, speech therapists, audiologists, and speech pathologists.

(D) Pupil support centers for additional tutoring or homework assistance.

(E) Use of most current standards-aligned textbooks adopted by the State Board of Education, including materials for English language learners.

(F) For secondary schools, offering advanced placement courses and courses that meet the requirements for admission to the University of California or the California State University.

(g) A school action plan to improve pupil performance that is developed for participation in the program established pursuant to this article shall meet the requirements of subdivisions (d) and (e) of Section 52054 and this article.

52055.630. (a) Before a school action plan is submitted to the Superintendent of Public Instruction, the plan shall be presented at a regularly scheduled public meeting of the governing board of the school district.

(b) In addition to involving the teachers in the development of the action plan, the school district shall certify that it has met and consulted with the exclusive representative of certificated employees on the action plan. The governing board of the school district shall approve the plan and certify that the plan contains all of the essential components required pursuant to subdivision (a) of Section 52055.625.

(c) This program and an action plan for any schools participating in the program shall not be deemed to supersede conflicting language in the collective bargaining contracts of that school's district. All matters within the scope of collective bargaining continue to be subject to it.

52055.640. (a) As a condition of the receipt of funds and to ensure that the school is progressing towards meeting the goals of each of the essential components of its school action plan, each year the school district shall submit a report to the Superintendent of Public Instruction that includes the following:

(1) The academic improvement of pupils within the participating school as measured by the tests under Section 60640 and the English language development test administered pursuant to Section 60810.

(2) The improvement of distribution of experienced teachers holding a valid California teaching credential across the district.

(3) The availability of instructional materials in core content areas that are aligned with the academic content and performance standards, including textbooks, for each pupil, including English language learners.

(4) The number of parents and guardians presently involved at each participating schoolsite as compared to the number participating at the beginning of the program.

(5) The number of pupils attending afterschool, tutoring, or homework assistance programs.

(6) For participating secondary schools, the number of pupils who are enrolled in and successfully completing advanced placement courses, by type, and requirements for admission to the University of California or the California State University, including courses in algebra, biology, and United States or world history.

(b) The report on the pupil literacy and achievement component shall be disaggregated by numerically significant subgroups, as defined in Section 52052, and English language learners and have a focus on improved scores in reading and mathematics as measured by the following:

(1) The Academic Performance Index, including the data collected pursuant to tests that are part of the Standardized Testing And Reporting program and the writing sample that is part of that program.

(2) The results of the English language development test or the primary language test pursuant to Section 60640.

(3) Graduation rates, when the methodology for collecting this data has been confirmed to be valid and reliable.

(4) In addition, a school may use locally developed assessments to assist it in determining the pupil progress in academic literacy and achievement.

(c) The report on the quality of staff component shall include, but not limited to, the following information:

(1) The number of teachers at the schoolsite holding a valid California teaching credential or district or university intern certificate or credential compared to those teachers at the same schoolsite holding a preintern certificate, emergency permit, or waiver.

(2) The number and ratio of teachers across the district holding a valid California teaching credential or district or university intern certificate or credential compared to those holding a preintern certificate, emergency permit, or waiver.

(3) The number of principals having completed training pursuant to Article 4.6 (commencing with Section 44510) of Chapter 3 of Part 25.

(4) The number of principals by credential type or years of experience and length of time at the schoolsite by years.

(d) The report on the parental involvement component shall include explicit involvement strategies being implemented at the schoolsite that are directly linked to activities supporting pupil academic achievement and verification that the schoolsite has developed a school-parent compact as required by Section 51101.

(e) All comparisons made in the reports required pursuant to this section shall be based on baseline data provided by the district and schoolsite in the action plan that is certified and submitted with the initial application.

(f) To the extent that data is already reported to the Superintendent of Public Instruction, a school district need not include the data in the reports submitted pursuant to this section.

(g) Before submitting the reports required pursuant to this section, the school district shall, at a regularly scheduled public meeting of the governing board, review a participating school's progress towards achieving those goals.

52055.645. (a) For the purpose of evaluating academic growth in core curriculum areas and determining the efficacy of the school action plan, schools are strongly encouraged to assess the academic progress of pupils on an annual basis and to evaluate the results in order to determine whether changes to the schoolsite plan are needed.

(b) In conducting these annual assessments, a school shall use the English language development test where appropriate and the tests that are part of the Standardized Testing and Reporting Program. In addition,

a school may use any curriculum-based achievement test to assess pupil growth.

(c) The results of these annual assessments shall be reported annually to the school district. The State Board of Education may use these results as quantifiable measurements of significant growth when determining whether to grant a waiver for an additional year of funding.

52055.647. As a condition of funding, a school shall certify that the eligible teachers and administrators assigned to a participating school will participate in the programs established pursuant to Assembly Bill 466 of the 2001–02 Regular Session and Article 4.6 (commencing with Section 44510) of Chapter 3 of Part 25.

52055.650. (a) Section 52055.5 does not apply to a school participating in the High Priority School Grant Program.

(b) Twenty-four months after receipt of funding for implementation of the action plan pursuant to Sections 52054.5 and 52055.600 or no sooner than July 1, 2004, a school that has not met its growth targets each year shall be subject to review by the State Board of Education. This review shall include an examination of the school's progress relative to the components and reports made pursuant to Section 52055.640. The Superintendent of Public Instruction, with the approval of the State Board of Education, may direct that the governing board of a school take appropriate action and adopt appropriate strategies to provide corrective assistance to the school in order to achieve the components and benchmarks established in the school's action plan.

(c) Thirty-six months after receipt of funding to implement a school action plan or no sooner than July 1, 2005, a school that has met or exceeded its growth target each year shall receive a monetary or nonmonetary award, under the Governor's Performance Award Program, as set forth in Section 52057. Funds received pursuant to that section may be used at the school's discretion.

(d) Thirty-six months after receipt of funding to implement a school action plan or no sooner than July 1, 2005, a school that has not met its growth targets each year, but demonstrates significant growth, as determined by the State Board of Education, shall continue to participate in the program and receive funding as specified in Sections 52054.5 and 52055.600.

(e) Notwithstanding any other provision of law, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall follow the course of action prescribed by paragraph (1) or (2) with respect to a school that does not meet its growth targets within the periods described in either subdivision (c) or (d), as applicable, or no later than July 1, 2005, and has failed to show significant growth, as determined by the State Board of Education.

(1) Require the district to enter into a contract with a school assistance and intervention team.

(A) Team members should possess a high degree of knowledge and skills in the areas of school leadership, curriculum, and instruction aligned to state academic content and performance standards, classroom management and discipline, academic assessment, parent-school relations, and evaluation and research-based reform strategies and have proven successful expertise specific to the challenges inherent in low-performing schools.

(B) The team shall provide intensive support and expertise to implement the school reform initiatives in the plan. Decisions about interventions shall be data driven. A school assistance and intervention team shall work with school staff, site planning teams, administrators, and district staff to improve pupil literacy and achievement by assessing the degree of implementation of the current action plan, refining and revising the action plan, and making recommendations to maximize the use of fiscal resources and personnel in achieving the goals of the plan. The district shall provide support and assistance to enhance the work of the team at the targeted schoolsites.

(C) Not later than 60 days after the school's API becomes public, the team must have completed an initial report. The report shall include recommendations for corrective actions chosen from a range of interventions, including the reallocation of district fiscal resources to ensure that appropriate resources are targeted to those specific interventions identified in the recommendations of the team for the targeted schools and other changes deemed appropriate to make progress toward meeting the school's growth target. Not later than 90 days after the API is made public, the governing board of the school district shall adopt the team's recommendations at a regularly scheduled meeting of the governing board. The governing board may not place the adoption on the consent calendar. The report shall be submitted to the Superintendent of Public Instruction and State Board of Education.

(D) No less than three times during the year, the school district and schoolsite shall present the team with data regarding progress toward the goals established by the team's initial assessment. The data shall be presented to the governing board of the school district at a regularly scheduled meeting. The team shall, to the extent possible, utilize existing site data. The data shall also be provided to the Superintendent of Public Instruction and State Board of Education. Every effort shall be made to report this data in a manner that minimizes the length and complexity of the reporting requirement in order to maximize the focus on improving pupil literacy and achievement.

(E) An action taken pursuant to this paragraph shall not increase local costs or require reimbursement by the Commission on State Mandates.

(2) The Superintendent of Public Instruction shall assume all the legal rights, duties, and powers of the governing board with respect to the school. The Superintendent of Public Instruction, in consultation with the State Board of Education and the governing board of the school district, shall reassign the principal of that school subject to the findings in subdivision (i). In addition to reassigning the principal, the Superintendent of Public Instruction, in consultation with the State Board of Education, shall, notwithstanding any other provision of law, do at least one of the following:

(A) Revise attendance options for pupils to allow them to attend any public school in which space is available. If additional attendance options are made available, nothing in this option shall be construed to require either the sending or receiving school district to incur additional transportation costs.

(B) Allow parents or guardians to apply directly to the State Board of Education for the establishment of a charter school and allow parents or guardians to establish the charter school at the existing schoolsite.

(C) Under the supervision of the Superintendent of Public Instruction, assign the management of the school to a college, university, county office of education, or other appropriate educational institution. However, the Superintendent of Public Instruction may not assume the management of the school.

(D) Reassign other certificated employees of the school.

(E) Renegotiate a new collective bargaining agreement at the expiration of the existing collective bargaining agreement.

(F) Reorganize the school.

(G) Close the school.

(f) In addition to the actions listed in subdivision (e), the Superintendent of Public Instruction, in consultation with the State Board of Education, may take any other action considered necessary or desirable against the school district or the school district governing board, including appointment of a new superintendent or suspension of the authority of the governing board with respect to a school that does not meet its growth targets within the periods described in either subdivision (b) or (c), as applicable, and has failed to show significant growth, as determined by the State Board of Education.

(g) Before the Superintendent of Public Instruction may take any action against a principal pursuant to subdivision (e), the Superintendent of Public Instruction or a designee of the superintendent shall hold a public hearing on the matter in the school district and make both of the following findings:

(1) A finding that the principal had the authority to take specific enumerated actions that would have helped the school meet its performance goals.

(2) A finding that the principal failed to take specific enumerated actions pursuant to paragraph (1).

(h) An action taken pursuant to subdivision (e), (f), or (g) shall not increase local costs or require reimbursement by the Commission on State Mandates.

(i) An action taken pursuant to subdivision (e), (f), or (g) shall be accompanied by specific findings by the Superintendent of Public Instruction and the State Board of Education that the action is directly related to the identified causes for continued failure by a school to meet its performance goals.

52055.655. (a) Notwithstanding subdivision (c) of Section 52055.650, a school participating in the High Priority Schools Grant Program for Low Performing Schools that meets or exceeds its API growth target shall continue to receive funding under this program in the amount specified in Sections 52054.5 and 52055.600 for one additional year of implementation, less the amount received pursuant to Section 52057.

(b) From funds made available to the State Department of Education pursuant to the act adding this section, the State Department of Education shall conduct a study on the issue of sustainability of funding for low-performing schools. The issues to be addressed in this study shall include, but are not limited to, the following:

(1) An objective rather than a comparative view of the necessity of sustaining supplemental funding over time to address the ongoing needs of low-performing pupils, and the impact of policies that only provide funding over a specified period of time.

(2) An analysis of the ability of a school to sustain growth in academic achievement, particularly when the pupil population that continuously attends the school manifests issues of poverty and low socioeconomic status, and other characteristics that are generally out of the direct control of the school.

SEC. 6. Section 52058 of the Education Code is amended to read:

52058. (a) Each school district with schools participating in the Immediate Intervention/Underperforming Schools Program established pursuant to Section 52053 and the High Priority Schools Grant Program for Low Performing Schools established pursuant to Section 52055.600 shall submit to the Superintendent of Public Instruction an evaluation of the impact, costs, and benefits of the program as it relates to the school district and the schools under its jurisdiction that are participating in the program and whether or not the schools met their growth targets, with an analysis of the reasons why the schools have or have not met those growth targets. Costs to develop and submit the evaluation shall be funded with resources provided pursuant to Article 3 (commencing with Section 52053). The evaluation shall be submitted by November 30,

subsequent to the first full year of action plan implementation by participating schools, and on November 30, of each year thereafter.

(b) By January 15, 2000, the Superintendent of Public Instruction shall develop, and the State Board of Education shall approve, the guidelines for a request for proposal for an independent evaluator as described in this subdivision. By September 1, 2000, the Superintendent of Public Instruction shall contract with an independent evaluator to prepare a comprehensive evaluation of the implementation, impact, costs, and benefits of the Immediate Intervention/Underperforming Schools Program, the High Priority Schools Grant Program for Low Performing Schools, and the High Achieving/Improving Schools Program. The preliminary results of the evaluation shall be disseminated to the Legislature, the Governor, and interested parties no later than March 31, 2002, with a final report no later than June 30, 2002. The final report shall include recommendations for necessary or desirable modifications to the programs established pursuant to this chapter.

(c) The evaluations shall consider all of the following:

(1) Pupil performance data, including, but not limited to, results of assessments used to determine whether or not schools have made significant progress towards meeting their growth targets.

(2) Program implementation data, including, but not limited to, a review of startup activities, community support, parental participation, staff development activities associated with implementation of the program, percentage of fully credentialed teachers, percentage of teachers who hold emergency credentials, percentage of teachers assigned outside their subject area of competence, the accreditation status of the school if appropriate, average class size per grade level, and the number of pupils in a multitrack year-round educational program.

(3) (A) Pupil performance data, and its impact on the API, for each of the following subgroups:

(i) English language learners.

(ii) Pupils with exceptional needs.

(iii) Pupils that qualify for free or reduced price meals and are enrolled in schools that receive funds under Chapter 1 of the federal Elementary and Secondary Education Act of 1965, as amended by the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988 (P.L. 100-290).

(B) Information concerning individual pupils may not be disclosed in the process of preparing pupil performance data pursuant to this subdivision.

(d) The Superintendent of Public Instruction shall recommend and the State Board of Education shall approve a schedule for biennial evaluations of the programs established pursuant to this chapter, subsequent to the evaluation required by this section. The biennial

evaluations shall be submitted, with appropriate recommendations, by June 30 of every odd-numbered year, commencing with the year 2003.

SEC. 7. Item 6110-123-0001 of Section 2.00 the Budget Act of 2001 is amended to read:

6110–123–0001—For local assistance, Department of Education (Proposition 98), for implementation of the Public Schools Accountability Act, pursuant to Chapter 6.1 (commencing with Section 52050) of Part 28 of the Education Code ..... 514,970,000

Schedule:

(1) 20.60.030.031–Immediate Intervention/Underperforming Schools Program ..... 160,970,000

(2) 20.60.030.032–High Achieving/Improving Schools Program .... 157,000,000

(3) 20.60.030.034–Low–Performing Schools ..... 197,000,000

Provisions:

1. Funds appropriated in Schedule (1) are provided solely for the purpose of implementing the Immediate Intervention/Underperforming SchoolsProgram, pursuant to Article 3 of Chapter 6.1 (commencing with Section 52053) of Part 28 of the Education Code. Of this amount, $21,500,000 is for the purpose of providing planning grants of $50,000 each to a third cohort of new schools, and the remainder is provided to fully fund implementation grants for the first and second cohorts of schools that received planning grants under the program during the 1999–00 and 2000–01 fiscal years.
2. Funds appropriated in Schedule (2) are provided solely for the purpose of implementing the Governor's High Achieving/Improving Schools Program, pursuant to Article 4 of Chapter 6.1 (commencing with Section 52056) of Part 28 of the Education Code.
3. Funds appropriated in Schedule (3) are provided solely for the purpose of implementing a low–performing school program, pursuant to legislation enacted during the 2001–02 Regular Session.

SEC. 8. (a) Notwithstanding any other provision of law, funds appropriated in Schedule (3) of Item 6110-123-0001 of Section 2.00 of the Budget Act of 2001 shall be available through the 2003–04 fiscal year for implementation of the High Priority Schools Grant Program for Low Performing Schools established pursuant to Article 3.5 (commencing with Section 52055.600) of Chapter 6.1 of Part 28 of the Education Code, including providing planning grants authorized by Article 3.5 (commencing with Section 52055.600) of Chapter 6.1 of Part 28 of the Education Code and implementation grants authorized by Article 3 (commencing with Section 52053) of, and Article 3.5 (commencing with Section 52055.600) of, Chapter 6.1 of Part 28 of the Education Code for those schools participating in each of those programs.

(b) The sum of three million dollars ($3,000,000) is hereby appropriated from the General Fund to the State Department of Education in augmentation of Item 6110-001-0001 of Section 2.00 of the Budget Act of 2001 to provide training for individuals who wish to function as external evaluators pursuant to Section 52054 or as members of a school assistance and intervention team pursuant to Section 52055.51 and for costs associated with the administration and oversight of the High Priority Schools Grant Program for Low Performing Schools established pursuant to Article 3.5 (commencing with Section 52055.600) of Chapter 6.1 of Part 28 of the Education Code and the Immediate Intervention/Underperforming Schools Program established pursuant to Article 3 (commencing with Section 52053 of Part 28 of the Education Code and may be expended to fund up to 18 positions in the department.

SEC. 9. It is the intent of the Legislature to appropriate funds for purposes of this article for the 2002–03 fiscal year and for subsequent fiscal years.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

California is experiencing a crisis with respect to the learning development and achievement of millions of pupils in California's public schools, and the program proposed by this act is designed and enacted to enable these pupils to progress and to succeed, and there is no time to waste in meeting the needs of these pupils. Therefore, in order to begin implementation of the High Priority Schools Grant Program for Low Performing Schools during the 2001–02 fiscal year, it is necessary that this act take effect immediately.

———

CHAPTER 750

An act to amend Sections 30.5, 8007, 8236, 8278.3, 8815, 41020.6, 49413, 51264, 52177, 52656, 54696, and 58523 of, and to repeal Sections 8280, 17213.3, 32237, 41407, 52136, and 99306 of, the Education Code, to amend Sections 11372.7 and 104450 of the Health and Safety Code, to add Section 11323.9 to the Welfare and Institutions Code, to amend Item 6110-001-890 of Section 2.00 of the Budget Act of 1991, to amend Item 6110-001-890 of Section 2.00 of the Budget Act of 1992, and to repeal Section 2 of Chapter 1047 of the Statutes of 1996, relating to the State Department of Education.

[Approved by Governor October 11, 2001. Filed with Secretary of State October 12, 2001.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 30.5 of the Education Code is amended to read:

30.5. (a) Notwithstanding any other provision of law, bilingual education shall be defined as a system of instruction which builds upon the language skills of a pupil whose primary language is neither English nor derived from English. For purposes of this paragraph:

(1) ''Primary language'' is a language, other than English or a language derived from English, which is the language the pupil first learned.

(2) ''Derived from English'' means any dialect, idiom, or language derived from English. Both of the following shall be construed as being derived from English:

(A) Any dialect, idiom, or language that has linguistic roots connected to English.

(B) Any dialect, idiom, or language that has a syntax distinct from English, yet can be traced linguistically as derived from English.

(b) A school district shall not utilize, as part of a bilingual education program, state funds or resources for the purpose of recognition of, or instruction in, any dialect, idiom, or language derived from English, as defined in paragraph (1).

SEC. 2. Section 8007 of the Education Code is amended to read:

8007. The State Department of Education and the Board of Governors of the California Community Colleges shall submit the following reports each year to the Legislature:

(a) An annual descriptive report containing information on career technical education and technical training programs, including regional occupational centers and programs. The report shall be coordinated with federal evaluation requirements pursuant to Section 113 of Title I of the

Carl D. Perkins Vocational and Technical Education Act of 1998 (P.L. 105-332; 20 U.S.C. Sec. 2323) and shall contain all of the following:

(1) Enrollment defined in terms of secondary pupils, postsecondary students, and adults.

(2) The number of graduates of programs and students participating in career technical education.

(3) The number of pupils participating in career technical education.

(4) The number of pupils completing a specific career technical education program.

(5) The number of pupils in grade 12 that complete a career technical education program.

(6) The number of pupils in grade 12 that complete a career technical education program and earn a high school diploma.

(b) An annual individual program evaluation derived from a representative sample of participating districts and schools containing information on program effectiveness as measured by:

(1) The extent to which persons who complete the program find employment in occupations related to their training.

(2) Other factors as determined in Budget Act language pursuant to Section 33404.

(c) A copy of the annual state plan for career technical education.

SEC. 3. Section 8236 of the Education Code is amended to read:

8236. (a) For purposes of this section, the following definitions apply:

(1) ''Eligible children'' means children who are currently eligible for the state preschool program.

(2) ''Four-year-old children'' means those children who will have their fourth birthday on or before December 2 of the fiscal year in which they are enrolled in a state preschool program.

(3) ''Local educational agency'' means a school district, a county office of education, a community college district, or a school district on behalf of one or more schools within the school district.

(4) ''Superintendent'' means the Superintendent of Public Instruction.

(5) ''Three-year-old children'' means those children who will have their third birthday on or before December 2 of the fiscal year in which they are enrolled in a state preschool program.
