In signing this bill, I am directing the Office of Emergency Services to begin establishing the program within existing resources. State revenues have fallen \$1.1 billion below projections in the first three months of this fiscal year alone. While I am strongly committed to protecting state public safety and firefighting efforts from budget reductions, I have no choice but to oppose additional General Fund spending.

GRAY DAVIS, Governor

22 [Ch. 860] I am signing SB 1059, which would create the Council on Mentally Ill Offenders within the Youth and Adult Correctional Agency. This Council will investigate and promote cost effective approaches to meeting the long-term needs of adults and juveniles with mental disorders who are likely to become offenders or who have a history of offending. However, I am deleting Section 2, which appropriates one hundred thousand dollars (\$100,000) from the General Fund.

Identifying cost-effective ways to efficiently expend resources to address the needs of this population would improve services and serve to lower costs for local law enforcement, local courts and the correctional system. Unfortunately, given the rapid decline of our economy and a budget shortfall of \$1.1 billion through the first three months of this fiscal year alone, I have no choice but to oppose additional General Fund spending. I am directing the affected state agencies to identify existing funds that can be used to support this program.

GRAY DAVIS, Governor

23 [Ch. 870] I am signing Senate Bill 41, which requires the State Librarian to develop instructional resources for use in public schools and an information project to educate the general public on the State's Native Americans.

While I believe this new project will have a significant impact on how our students learn about Native Americans, I must reduce the appropriations as follows: The sum of \$175,000 is hereby appropriated from the General Fund for the purposes of this act as follows:

a) One hundred thousand dollars (\$100,000) to the State Librarian for the purpose of Part 8.7 (commencing with Section 13040) of the Education Code.

b) Twenty-five thousand dollars (\$25,000) to the State Librarian for the purposes of Section 3 of this act.

c) Fifty thousand dollars (\$50,000) to the State Department of Education for supporting the Curriculum Development and Supplemental Materials Commission and the State Board of Education in the review of the standards-based instructional resources pursuant to this act.

GRAY DAVIS, Governor

24 [Ch. 879] I have signed SB 307 with a deletion of the \$450,000 General Fund appropriations.

This bill would create the California Japantown Preservation Pilot Project, which would require the State Librarian to provide a one-time grant to the City of Los Angeles, the City of San Jose and the City and County of San Francisco to promote the preservation of these important neighborhoods.

Although I am deleting the appropriation, I am signing AB 1602 that, if enacted by the voters, will provide \$267.5 million for cultural and historical preservation capital outlay projects. Additionally, I am directing the Department of Parks and Recreation to provide \$150,000 from existing resources for the purposes of the bill until other appropriate sources of funding are available.

GRAY DAVIS, Governor

25 [Ch. 885] I have signed Assembly Bill 343 with a deletion. I am deleting the appropriation in Section 4(b) of up to \$250,000 for the educational grant program created in Section 2 of this bill. Section 2 would create the grant program by adding Section 31119 to the Public Resources Code. Section 4(b) would allocate funds originally appropriated in Schedule (3) of Item 3760-301-00001 of the 2000 Budget Act to fund the new program.

This bill would allow the State Coastal Conservancy to use up to \$250,000 of a General Fund capital outlay appropriation to undertake educational projects for all ages relating to the protection, preservation, enhancement or maintenance of coastal resources and to award grants to nonprofit organizations, educational institutions and public agencies for this purpose. The bill would also allow the reallocation of \$3,750,000 General Fund originally appropriated for the purchase and restoration of the Bel Marin Keys property to purchase alternate properties in Marin County.

I cannot support the \$250,000 General Fund allocation at this time. To the extent that grant funding is awarded by the Conservancy to local educational agencies or to community colleges, such funds would raise the Proposition 98 funding guarantee by the same amount, thus reducing future budgetary flexibility.

Although grants awarded from non-General Fund sources should not affect the Proposition 98 guarantee, I am concerned that there may be confusion on this point in the future. Consequently, I urge the legislature to pass corrective legislation clarifying that this program cannot be used to award grants to local educational agencies or community colleges when the source of funds for those grants is the General Fund.

GRAY DAVIS, Governor

26 [Ch. 886] I am signing Assembly Bill 1018 with a line item veto.

This bill establishes the Industry-Based Certification Incentive Grant Program, which is an innovative approach to using one-time funds for matching the skills that are taught to students with the certification standards that are set by an industry. AB 1018 would allow the Department of Education (SDE) to redirect funds identified in this bill to develop model curriculum standards. Finally, this bill would require the SDE to allocate any savings resulting from this program for the purposes of the School-to-Career Technology Training Center Program, which is contained in AB 769 (Goldberg).

I am signing this bill, with the understanding that the funding earmarked for this bill will fully fund both planning grants and implementation grants, on a one-time basis, for the Industry-Based Certification Incentive Grant Program. I must however, delete the funding which is provided for the SDE for model curriculum standards, as this provision would be in conflict with the constitutional restrictions on the use of Proposition 98 funds. In addition, I am deleting the provision that requires the SDE to allocate any

savings from the Industry-Based Certification Incentive Grant Program to the Industry Based Certification Incentive Grant Program. AB 769 would result in significant costs, which I cannot commit to given the fiscal condition of the state.

The following language reflects my veto action:

SEC. 3. (a) (1) Of the amount specified in Schedule (27) of Item 6110-485 of Section 2.00 of the Budget Act of 2001, four million three hundred fifty thousand dollars (\$4,350,000) is hereby allocated to the State Department of Education as follows:

(1) Four million three hundred fifty thousand dollars (\$4,350,000) for purposes of the Industry-Based Certification Incentive Grant Program established by Article 3.5 (commencing with Section 52360) of Chapter 9 of Part 28 of the Education Code.

GRAY DAVIS, Governor

27 [Ch. 891] I am signing Senate Bill No. 735, however I am reducing the \$98 million appropriation to the Chancellor of the California Community Colleges in Section 34(a) by a total of \$66 million. Given the rapid decline in our economy and a budget shortfall of \$1.1 billion through the first three months of this fiscal year alone, I have no choice but to reduce the level of General Fund expenditure to these programs. My Administration has strongly supported the Community College system. Last year alone I increased the Partnership for Excellence funding for Community Colleges to \$300 million — more than double the level of funding from the previous year. However, given the expected budget shortfall in the next fiscal year, if we do not make difficult decisions on expenditures for maintenance and equipment today, we will need to make even more drastic reductions in instructional programs tomorrow.

My office worked with the Chancellor's office and members of the Community College Board of Trustees to identify specific funding needs related to equipment for academic programs or safety-related deferred maintenance projects. The \$32 million remaining should provide sufficient resources to fund the most critical fire and life safety hazards and the most essential instructional materials acquisition needs of the colleges. I have also sustained the full \$14.9 million requested in Section 34(b) from the 1998 Higher Education Capital Outlay Bond Fund for 34 capital outlay projects for a total of nearly \$47 million.

Additionally, I am signing this bill with the understanding that clean-up language will be introduced to correct a technical error which may reduce funding for the Targeted Instructional Improvement Grant Program below the current base level.

I am revising Section 34(a) of SB 735 to conform to this action as follows:

SEC. 34. (a) (1) The sum of thirty-two million dollars (\$32,000,000) is hereby appropriated, for allocation in the 2001–02 fiscal year, to the Chancellor of the California Community Colleges, in augmentation of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2001, for allocation to community college districts as follows:

(A) Seventeen million dollars (\$17,000,000) from the Proposition 98 Reversion Account for allocation for scheduled maintenance and special repair projects.

(C) Fifteen million dollars (\$15,000,000) from the General Fund for allocation for the purchase of instructional equipment and library materials.

(2) The amount appropriated in paragraph (1) shall be allocated by the Chancellor of the California Community Colleges to community college districts for the purposes of scheduled maintenance and special repair projects and instructional equipment and library materials.

(3) The chancellor shall allocate the funding for scheduled maintenance and special repair so that, for every dollar of funds allocated pursuant to subparagraphs (A) and (B) of paragraph (1), a recipient district shall provide one dollar in matching funds. Priority for the allocation of funding provided for scheduled maintenance and special repairs

shall be given to fire and life safety, seismic safety, and other critical need projects. The amounts appropriated in subparagraphs (A) and (B) of paragraph (1) shall be available for encumbrance until June 30, 2003.

(4) The chancellor shall allocate the funding for instructional equipment and library materials so that, for every three dollars of funds allocated pursuant to subparagraph (C) of paragraph (1), a recipient district shall provide one dollar in matching funds. In expending the funds provided under this section for instructional equipment and library materials, a district shall give first priority to making payments on any multiyear lease agreements.

GRAY DAVIS, Governor

28 [Ch. 913] I am signing Senate Bill 19, which will help to significantly improve the nutrition and eating habits of California's school children. This bill establishes, as of January 1, 2004, various prohibitions on the sale of beverages in elementary and middle schools and places nutritional standards on the type of foods that may be sold to pupils during school breaks and through vending machines. The bill also increases the reimbursement a school receives for free and reduced-price meals and permits schools districts to convene a Child Nutrition and Physical Activity Advisory Committee. The bill appropriates \$5.5 million for grants to local school districts to implement the new nutrition standards and for monitoring and technical assistance costs of the State Department of Education.

Childhood obesity has become an epidemic in the United States and is a primary factor in type 2 diabetes and other long-term health problems. While poor diet and physician inactivity have been found to adversely influence the ability to learn and decrease motivation and attentiveness, healthy food has a positive impact on academic achievement.

While I am supportive of the new standards contained in SB19, I am deleting the appropriation of \$5.5 million in the bill because it is premature to allocate General Fund without first exploring the use of federal funds for this purpose. California does not currently use its full allotment of federal child nutrition funding that may be available to assist local districts in meeting the nutrition standards in this bill. Since the provisions of the bill are not intended to be operative for another two years, there is sufficient time to consider alternative funding options without jeopardizing timely implementation of the new standards.

GRAY DAVIS, Governor

29 [Ch. 932] I have signed Assembly Bill 936 with a reduction.

This bill would appropriate \$1.75 million General Fund to the Department of Housing and Community Development (HCD) to provide a grant to the City of San Diego to purchase two facilities for the homeless. The bill would also clarify that funds appropriated in the Budget Act of 2001 to the City of San Diego for a grant to the Stein Education Center shall be allocated directly to the Education Center; reappropriate funds provided in the Budget Act of 2000 for the Guadalupe Trail in the City of San Jose; and would revise provisions in the Budget Act of 2001 to direct the Department of Boating and Waterways to recalculate a specified loan to the owner of a marina at Lake Oroville.

I am reducing the appropriation to HCD from \$1.75 million to \$750,000 due to fiscal constraints and limited resources in the General Fund.

GRAY DAVIS, Governor

30 [Ch. 7 (1st Ex. Sess.)] I have signed Senate Bill 5X with the following line item vetoes and reductions to more closely align the bill with my expenditure plan and to prioritize conservation measures for this summer.

I am eliminating the following appropriation:

\$10 million to the California Energy Commission (CEC) for incentives for installation of light-emitting diode (LED) traffic signals.

In addition, I am reducing the following allocations:

From the funds appropriated to the Public Utilities Commission, reduce the allocation from \$16.3 million to \$12 million for pump and motor retrofits for oil and gas producers and pipelines.

From the funds appropriated to the CEC, reduce the allocation from \$60 million to \$40 million for allocation to locally owned public utilities for energy efficiency, peak demand reduction and low-income assistance measures. However, I am directing the Department of Community Services and Development to offset this reduction by proportionally increasing the Low-Income Home Energy Assistance Program (LIHEAP) funds appropriated by this bill to community based organizations in areas served by locally owned public utilities.

From the funds appropriated to the CEC, reduce the allocation from \$35 million to \$30 million for programs for the low-energy usage building materials program.

From the funds appropriated to the CEC, reduce the allocation from \$75 million to \$70 million for the purchase of high-efficiency electrical agricultural equipment.

From the funds appropriated to the Department of General Services, reduce the allocation from \$50 million to \$40 million for energy efficiency projects in state buildings, including community colleges.

Regretfully, a previous version of this bill contained a \$15.4 million appropriation to the Department of Water Resources to implement recommendations from my Advisory Drought Planning Panel. These funds would have provided incentives to better manage surface and groundwater resources to create greater energy and water efficiencies. I encourage the Legislature to appropriate funds for this important purpose.

GRAY DAVIS, Governor

31 [Ch. 8 (1st Ex. Sess.)] I have signed Assembly Bill AB 29X with the following line item vetoes and reductions to more closely align the bill with my expenditure plan and to prioritize conservation measures for this summer.

I am eliminating the following:

\$25,150,000 million re-appropriation from the Proposition 98 Reversion Account to the Chancellor of the California Community Colleges for energy efficient projects and a statewide utility usage database. These funds are already budgeted for other purposes and are required by law to be used by community colleges for educational purposes.

\$20 million to the Department of Community Services and Development to supplement the Low-Income Housing Energy Assistance Program (LIHEAP). \$120 million has been provided for this program in SB 5X.

\$50 million to the California Energy Commission (CEC) for loans and grants for construction and retrofit projects and \$50 million to the CEC for the Small Business Energy Efficiency Refrigeration Loan Program. These new programs require the establishment of administrative procedures and will not deliver peak reduction savings for this summer.

\$24 million to the Department of Corrections to install systems to retrofit generating units. These funds would not increase electricity supply or reduce demand.

\$15 million to the Public Utilities Commission to fund a study of real-time meters. This bill appropriates funds for the purchase and installation of these meters.

In addition, I am reducing the following allocations:

From the funds allocated to the California Conservation Corps, reduce the allocation from \$40 million to \$20 million for the Mobile Efficiency Brigade. In order to achieve the most effective energy savings by this summer, I am directing the Conservation Corps to use these funds to purchase materials and mobilize crews to deliver high efficiency lighting to low-income residences.

While I am signing this bill, it is my understanding that the Legislature will enact subsequent legislation to remove the mandate created by the Statewide Energy Management Program. I am also requesting subsequent legislation to continuously appropriate the Renewable Energy Loan Guarantee Program. It is standard for loan guarantee programs to be continuously appropriated and not contingent upon the annual budget. As drafted, this bill removes the incentive for banks to participate in this worthy program.

- 62 Inoperative June 30, 2003.
- 63 Operative January 1, 2005.
- 64 The provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.
- 65 Repeal operative January 1, 2005. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 6 (Sec. 18761 et seq.)) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2000, or the adjusted amount specified in RTC 18766(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
- 66 Inoperative not later than 60 days from the date the Director of Transportation receives notice from the United States Secretary of Transportation that future operation of this section will result in a reduction of the state's share of federal highway funds pursuant to Section 131 of Title 23 of the United States Code.
- 67 Operative on January 1 immediately following the date the Secretary of State receives the notice required under paragraph (2) of this section.
- 68 Repeal operative January 1, 2008.
- 69 Operative January 1, 2008.
- 70 Inoperative July 1, 2004.
- 71 Amendments to section not implemented until July 1, 2001, unless otherwise authorized by the Department of Information Technology pursuant to Executive Order D-3-99.
- 72 Repeal operative January 1 of the fifth taxable year following the first appearance of the Birth Defects Research Fund on the tax return or January 1, 2007, whichever occurs first. If, in any calendar year after the first taxable year the Birth Defects Research Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000), or the adjusted amount specified in subd. (c), RTC Sec. 18865 for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 73 Inoperative July 1, 2003.
- 74 Repeal operative June 30, 2005.
- 75 Repeal operative January 1, 2007.

Charter Chapter 1—City and County of San Francisco

***Amendments to the Charter of the City and County
of San Francisco***

[Filed with the Secretary of State January 5, 2001.]

Appendix A8.587 and Appendix A8.857-1 through A8.587-13 are added to read as follows:

A8.587 RETIREMENT—MISCELLANEOUS OFFICERS AND EMPLOYEES ON AND AFTER NOVEMBER 7, 2000

Miscellaneous officers and employees on November 7, 2000 who were members of the retirement system under Section A8.584, miscellaneous officers and employees under Section A8.584 whose accumulated contributions were in the retirement fund on November 7, 2000 and who were not retired on that date, and miscellaneous officers and employees who become members of the retirement system on and after November 7, 2000 shall be members of the retirement system subject to the provisions of Sections A8.587 through A8.587-13, in addition to such other applicable provisions including, but not limited to, A8.500 of this charter; provided that persons who become members under the Public Employees' Retirement System of the State of California or members of the State Teachers' Retirement System of the State of California shall not be members of the San Francisco City and County Employees' Retirement System and provided, further, that the retirement system shall be applied to persons employed on a part-time or temporary basis only as the board of supervisors shall determine by ordinance enacted by three-fourths vote of all members of the board.

A8.587-1 DEFINITIONS

The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meaning:

“Retirement allowance,” or “allowance,” shall mean equal monthly payments, beginning to accrue upon the date of retirement, and continuing for life unless a different term of payment is definitely provided by the context.

“Compensation,” as distinguished from benefits under the workers' compensation laws of the State of California shall mean all remuneration whether in cash or by other allowances made by the city and county, for service qualifying for credit under this section, but excluding remuneration for overtime and such other forms of compensation excluded by the board of supervisors pursuant to Section A8.500 of the charter.

“Compensation earnable” shall mean the compensation as determined by the retirement board, which would have been earned by the member had he or she worked, throughout the period under consideration, the average number of days ordinarily worked by persons in the same grade or class of positions as the positions held by him or her during such period and at the rate of pay attached to such positions, it being assumed that during any absence, he or she was in the position

held by him or her at the beginning of the absence, and that prior to entering city service, he or she was in the position first held by him or her in city service.

“Benefit” shall include “allowance,” “retirement allowance,” and “death benefit.”

“Average final compensation” shall mean the average monthly compensation earned by a member during any one year of credited service in the retirement system in which his or her average final compensation is the highest.

For the purposes of the retirement system and of this section, Section A8.587 and Sections A8.587-2 through A8.587-13, the terms “miscellaneous officer or employee,” or “member,” shall mean any officer or employee employed on November 7, 2000 who was a member of the retirement system under Section A8.584, any member of the retirement system under Section A8.584 whose accumulated contributions were in the retirement fund on November 7, 2000 and who was not retired on that date, and any officer or employee employed on or after November 7, 2000 who is not a member of the police or fire departments as defined in the charter for the purposes of the retirement system. Said terms shall not include those persons who become members under the Public Employees’ Retirement System or members of the State Teachers’ Retirement System.

“Retirement system” or “system” shall mean San Francisco City and County Employees’ Retirement System as created in Section A8.500 of the charter.

“Retirement board” shall mean “retirement board” as created in Section 12.100 of the charter,

“Charter” shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural and the plural the singular.

“Interest” shall mean interest at the rate adopted by the retirement board.

A8.587-2 SERVICE RETIREMENT

Any member who completes at least 20 years of service in the aggregate credited in the retirement system and attains the age of 50 years, or at least 10 years of service in the aggregate credited in the retirement system, and attains the age of 60 years, said service to be computed under Section A8.587-7 may retire for service at his or her option. Members may retire under this section or under the provisions of A8.587-6, on the first day of the month next following the attainment by them of the age of 65 years. A member retired after reaching the age of 60 years shall receive a service retirement allowance at the rate of 2 percent of said average final compensation for each year of service. The service retirement allowance of any member retiring prior to attaining the age of 60 years, and after rendering 20 years or more of such service, computed under Section A8.587-7, and having attained the age of 50 years, shall be an allowance equal to the percentage of said average final compensation set forth opposite his or her age at

retirement, taken to the preceding completed quarter year, for each year of service, computed under Section A8.587-7:

Age at Retirement	Percent for Each Year of Credited Service

In no event shall a member's retirement allowance exceed seventy-five percent of his or her average final compensation.

Before the first payment of a retirement allowance is made, a member, retired under this section or Section A8.587-3, may elect to receive the actuarial equivalent of his or her allowance, partly in an allowance to be received by him or her throughout his or her life, and partly in other benefits payable after his or her death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount, of such other benefits. Notwithstanding the provisions of Section A8.514 of this charter, the portion of service retirement allowance provided by the city and county's contributions shall be not less than \$100 per month upon retirement after thirty years of service and after attaining the age of 60 years, and provided further that as to any member with 15 years or more of service at the retirement age of 65, the portion of the service retirement allowance provided by the city and county's contribution shall be such that the total retirement allowance shall not be less than \$100 per month. In the calculations under this section of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated, in the manner prescribed for each class of service, the average final compensation in each case being that for the respective class of service, provided that the aggregate retirement allowance shall be taken into account in applying the provisions of this section providing for a minimum retirement allowance. Part-time service and compensation shall be converted to full-time service and compensation in the manner prescribed by the board of supervisors, and when so converted shall be applied on full-time service and compensation in the calculation of retirement allowances.

A8.587-3 RETIREMENT FOR INCAPACITY

Any member who becomes incapacitated for performance of duty because of disability determined by a qualified hearing officer to be of extended and uncertain duration, and who shall have completed at least 10 years of service credited in the retirement system in the aggregate, computed as provided in Section A8.587-7, shall be retired upon an allowance of 1.8% (one and eight-tenths percent) percent of the average final compensation of said member, as defined in Section A8.587-1 for each year of credited service, if such retirement allowance exceeds 40 percent of his or her average final compensation; otherwise 1.8% (one and eight-tenths percent) percent of his or her average final compensation multiplied by the number of years of city service which would be credited to him or her were such city service to continue until attainment by him or her of age 60, but such retirement allowance shall not exceed 40 percent of such average final compensation. In the calculation under this section of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other

position, separate retirement allowances shall be calculated, in the manner prescribed, for each class of service, the average final compensation in each case being that for the respective class of service; provided that the average final compensation upon which the minimum total retirement allowance is calculated in such case shall be based on the compensation earnable by the member in the classes of service rendered by him or her during the one year immediately preceding his or her retirement. Part-time service and compensation shall be converted to full-time service and compensation in the manner prescribed by the board of supervisors, and when so converted shall be applied as full-time service and compensation in the calculation of retirement allowances. The question of retiring members under this section may be brought before the retirement board on said board's own motion, by the retirement board's executive director on its behalf, by said member, by his or her department head or by his or her guardian. If his or her disability shall cease, his or her retirement allowance shall cease, and he or she shall be restored to service in the position or classification he or she occupied at the time of his or her retirement.

A8.587-4 NO ADJUSTMENT FOR COMPENSATION PAYMENTS

No modification of benefits provided in this section shall be made because of any amounts payable to or on account of any member under workers' compensation laws of the State of California.

A8.587-5 DEATH BENEFIT

If a member shall die, before retirement:

(a) If no benefit is payable under subsection (b) of this section:

(1) Regardless of cause, a death benefit shall be paid to the member's estate or designated beneficiary consisting of the compensation earnable by the member during the six months immediately preceding death, plus the member's contributions and interest credited thereon.

(2) If a member sustains a traumatic bodily injury through external and violent means in the course and scope of employment and death results within 180 days of such injury, an additional insurance benefit of 12 months of compensation earnable shall be paid to the member's estate or designated beneficiary.

(b) If, at the date of his or her death, he or she was qualified for service retirement by reason of service and age under the provisions of Section A8.587-2, and he or she has designated as beneficiary his or her surviving spouse, who was married to him or her for at least one full year immediately prior to the date of his or her death, one-half of the retirement allowance to which the member would have been entitled if he or she had retired for service on the date of his or her death shall be paid to such surviving spouse who was his or her designated beneficiary at the date of his or her death, until such spouse's death or remarriage, or if there be no surviving spouse, to the unmarried child or children of such member under the age of 18 years, collectively, until every such child dies, marries or attains the age of 18 years, provided that no child shall receive any allowance after marrying

or attaining the age of 18 years. If, at the death of such surviving spouse, who was receiving an allowance under this Subsection (b), there be one or more unmarried children of such member under the age of 18 years, such allowance shall continue to such child or children, collectively, until every such child dies, marries or attains the age of 18 years, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. If the total of the payments of allowance made pursuant to this Subsection (b) is less than the benefit which was otherwise payable under Subsection (a) of this section, the amount of said benefit payable under Subsection (a) less an amount equal to the total of the payments of allowance made pursuant to this Subsection (b) shall be paid in a lump sum as follows:

(1) If the person last entitled to said allowance is the remarried surviving spouse of such member, to such spouse.

(2) Otherwise, to the surviving children of the member, share and share alike, or if there are no such children, to the estate of the person last entitled to said allowance.

The surviving spouse may elect, on a form provided by the retirement system and filed in the office of the retirement system before the first payment of the allowance provided herein, to receive the benefit provided in Subsection (a) of this section in lieu of the allowance which otherwise would be payable under the provisions of this subdivision. If a surviving spouse, who was entitled to make the election herein provided, shall die before or after making such election but before receiving any payment pursuant to such election, then the legally appointed guardian of the unmarried children of the member under the age of 18 years may make the election herein provided before any benefit has been paid under this section, for and on behalf of such children if in his or her judgment it appears to be in their interest and advantage, and the election so made shall be binding and conclusive upon all parties in interest.

If any person other than such surviving spouse shall have and be paid a community property interest in any portion of any benefit provided under this section, any allowance payable under this Subsection (b) shall be reduced by the actuarial equivalent, at the date of the member's death, of the amount of benefits paid to such other person.

Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his or her estate or designated beneficiary in the manner and subject to the conditions prescribed by the board of supervisors for the payment of a similar death benefit upon the death of other retired members.

Upon the death of a member after retirement, an allowance, in addition to the death benefit provided in the immediately preceding paragraph, shall be paid to his or her surviving spouse, until such surviving spouse's death or remarriage, equal to one-half of his or her retirement allowance as it was prior to optional modification and prior to reduction as provided in Subsection (a) of Section A8.514 of this charter, but exclusive of the part of such allowance which was pro-

vided by additional contributions. No allowance, however, shall be paid under this paragraph to a surviving spouse unless such surviving spouse was married to said member at least one year prior to his or her retirement. If such retired person leaves no such surviving spouse, or if such surviving spouse should die or remarry before every child of such deceased retired person attains the age of 18 years, the allowance which such surviving spouse would have received had he or she lived and not remarried shall be paid to retired person's child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years.

A8.587-6 BENEFITS UPON TERMINATION OF MEMBERSHIP

Should any miscellaneous member cease to be employed as such a member, through any cause other than death or retirement, all of his or her contributions, with interest credited thereon, shall be refunded to him or her subject to the conditions prescribed by the board of supervisors to cover similar terminations of employment and re-employment with and without redeposit of withdrawn accumulated contributions of other members of the retirement system, provided that, if such member is entitled to be credited with at least five years of service, he or she shall have the right to elect, without right of revocation and within 90 days after said termination of service, or if the termination was by lay-off, 90 days after the retirement board determines the termination to be permanent, whether to allow his or her accumulated contributions to remain in the retirement fund and to receive benefits only as provided in this paragraph. Failure to make such election shall be deemed an irrevocable election to withdraw his or her accumulated contributions. At or after 50 years of age, he or she shall be entitled to receive a retirement allowance which shall be the actuarial equivalent of his or her accumulated contributions and an equal amount of the contributions of the city and county, plus 1.667% (one and two-thirds percent) percent of his or her average final compensation for each year of service credited to him or her as rendered prior to his or her first membership in the retirement system. Upon the death of such member prior to retirement, his or her contributions with interest credited thereon shall be paid to his or her estate or designated beneficiary.

A8.587-7 COMPUTATION OF SERVICE

The following time and service shall be included in the computation of the service to be credited to a member for the purpose of determining whether such member qualifies for retirement and calculating benefits:

(a) For miscellaneous officers and employees on November 7, 2000 who were members of the retirement system under Section A8.584, time during which said officers and employees were members under Section A8.584.

(b) Time during which said member is a member of the retirement system under Section A8.587 and during and for which said member is entitled to receive compensation because of services as a miscellaneous officer or employee.

(c) Service in the fire and police departments which is not credited as service as a member under Section A8.587 shall count under this section upon transfer of a member of either of such departments to employment entitling him or her to membership in the retirement system under Section A8.587, provided that the accumulated contributions standing to the credit of such member shall be adjusted by refund to the member or by payment by the member to bring the account at the time of such transfer to the amount which would have been credited to it had the member been a miscellaneous member throughout the period of his or her service in either of such departments at the compensation he or she received in such departments.

(d) Prior service, during which said member was entitled to receive compensation while a miscellaneous member under any other section of the charter, provided that accumulated contributions on account of such service previously refunded are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board.

(e) Prior service determined and credited as prescribed by the board of supervisors.

(f) The board of supervisors, by ordinance enacted by a three-fourths vote of its members, may provide for the crediting as service, rendered as an employee of the federal government and service rendered as an employee of the State of California or any public entity or public agency in the State of California. Said ordinance shall provide that all contributions required as the result of the crediting of such service shall be made by the member and that no contributions therefor shall be required of the city and county.

(g) Time during which said member is absent from a status included in Subsections (a), (b) or (c) and for which such member is entitled to receive credit as service for the city and county by virtue of contributions made in accordance with the provisions of Section A8.520 or Section A8.521 of the charter.

A8.587-8 SOURCES OF FUNDS

All payments provided for members under Section A8.587 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section A8.587 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member under Section A8.587, or shall be paid to said member or his or her estate or beneficiary as provided in Sections A8.587-5 and A8.587-6. A member's individual account under Section

A8.587 shall include all monies credited to the member's account under Section A8.584.

(b) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section A8.587-8, to provide the benefits payable to members under Section A8.587. Such contributions of the city and county to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.587, said percentage to be the ratio of the value as of the latest periodical actuarial valuation of the benefits thereafter to be paid to or on account of members under Section A8.587 from contributions of the city and county, less the amount of such contributions, plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective members after said date, to the value at said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuations and investigations shall be made at least every two years.

(c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide benefits for members under Section A8.587 shall be a part of the fund in which all other assets of said system are included.

A8.587-9 RIGHT TO RETIRE

Upon the completion of the years of service set forth in Section A8.587-2 as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Section A8.587-2, and, except as provided in the following paragraph, nothing shall deprive said member of said right.

Any member convicted of a crime involving moral turpitude committed in connection with his or her duties as an officer or employee of the city and county shall, upon his or her removal from office or employment, pursuant to the provisions of this charter, forfeit all rights to any benefits under the retirement system except refund of his or her accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Section A8.587-2, he or she shall have the right to elect, without right of revocation and within 90 days after his or her removal from office or employment to receive as his or her sole benefit under the retirement system an

annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such removal from office or employment.

A8.587-10 LIMITATION ON EMPLOYMENT DURING RETIREMENT

(a) Except as provided in Section A8.511 of this charter and Subsection (b) of this section, no person retired as a member under Section A8.587 for service or disability and entitled to receive a retirement allowance under the retirement system shall be employed in any capacity by the city and county, nor shall such person receive any payment for services rendered to the city and county after retirement.

(b) (1) Service as an election officer or juror, or in the preparation for or giving testimony as an expert witness for or on behalf of the city and county before any court or legislative body shall not be affected by the provisions of Subsection (a) of this section.

(2) The provisions of Subsection (a) shall not prevent such retired person from serving on any board or commission of the city and county and receiving the compensation for such office, provided said service does not exceed 120 working days or 960 hours per fiscal year.

(3) If such retired person is elected or appointed to a position or office which subjects him or her to membership in the retirement system under Section A8.587, he or she shall re-enter membership under Section A8.587 and his or her retirement allowance shall be cancelled immediately upon such re-entry. The provisions of Subsection (a) of this section shall not prevent such person from receiving the compensation for such position or office. The rate of contribution of such member shall be the same as that for other members under Section A8.587. Such member's individual account shall be credited with an amount which is the actuarial equivalent of his or her annuity at the time of his or her re-entry, but the amount thereof shall not exceed the amount of his or her accumulated contributions at the time of his or her retirement. Such member shall also receive credit for his or her service as it was at the time of his or her retirement.

(4) The provisions of Subsection (a) shall not prevent such retired persons from employment which requires coverage under the Public Employees' Retirement System or the State Teachers' Retirement System.

A8.587-11 ADJUSTMENT OF ALLOWANCES

Every retirement or death allowance payable to or on account of any member under Section A8.587 shall be adjusted in accordance with the provisions of Subsection (b) of Section A8.526 of this charter.

A8.587-12 CONFLICTING CHARTER PROVISIONS

Any section or part of any section in this charter, insofar as it should conflict with the provisions of Sections A8.587 through A8.587-13 or with any part thereof, shall be superseded by the contents of said sections. In the event that any word, phrase, clause or section of sections shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

A8.587-13 APPLICATION OF PLAN

The provisions of Section A8.587 and Section A8.587-1 through A8.587-13 shall not apply to any members of the Retirement System under Section A8.584 who retired or died before November 7, 2000 or to their continuants.

Section 1. The San Francisco Charter is hereby amended, by adding Section 16.108, to read as follows:

SEC. 16.108. CHILDREN'S FUND.

(a) Fund for Children's Services. Operative July 1, 2001, there is hereby established a fund to expand children's services, which shall be called the Children's Fund ("Fund"). Monies in the Fund shall be expended or used only to provide services for children as provided in this section.

(b) Goals. The goals of expenditures from the Fund shall be:

(1) To ensure that San Francisco's children are healthy, ready to learn, succeed in school and live in stable, safe, and supported families and communities;

(2) To reach children in all neighborhoods;

(3) To the maximum extent reasonable, to distribute funds equitably among services for infants and preschoolers, elementary school age children and adolescents;

(4) To focus on the prevention of problems and on supporting and enhancing the strengths of children, youth and their families;

(5) To strengthen collaboration between the City and County of San Francisco and the San Francisco Unified School District;

(6) To fill gaps in services and to leverage other resources whenever feasible; and

(7) To foster projects initiated by San Francisco youth.

(c) Amount. There is hereby set aside for the Fund, from the revenues of the property tax levy, revenues in an amount equivalent to an annual tax of three cents (\$.03) per one hundred dollars (\$100) of assessed valuation for each fiscal year beginning with July 1, 2001–June 30, 2002, and ending with July 1, 2015–June 30, 2016. If the 2010 U.S. Census shows that children make up a percentage of the population of the City and County that is at least two percentage points more than their percentage as shown in the 2000 U.S. Census, then the amount of the property tax levy set aside under this section shall be increased for each fiscal year beginning after publication of the 2010 Census. The increase shall be in an amount equal to: one-quarter cent (\$.0025) per one hundred dollars of assessed valuation, for each two full percentage points of increase in the percentage of the City and County population that is made up of children. The Fund shall be maintained separate and apart from all other City and County funds and appropriated by annual or supplemental appropriation.

(d) New Services. Monies in the Fund shall be used exclusively for the costs of services to children less than 18 years old provided as part of programs that predominantly serve children less than 18 years old, above and beyond services funded from sources other than the previous Children's Fund prior to July 1, 2001.

To this end, monies from the Fund shall not be appropriated or expended for services that received any of the funds included in the higher of the Controller's baseline budget covering July 1, 2000–June 30, 2001 appropriations, or the Controller's baseline budget covering July 1, 1999–June 30, 2000 appropriations, whether or not the cost of such services increases. Nor shall monies from the Fund be appropriated or expended for services that substitute for or replace services included or partially included in the higher of the two baseline budgets, except and solely to the extent that the City ceases to receive federal, state or private agency funds that the funding agency required to be spent only on those services. The Controller's baseline budget shall mean the Controller's calculation of the actual amount of City appropriations for services for children that would have been eligible to be paid from the Fund but are paid from other sources.

(e) Eligible Services. Services for children eligible for Fund assistance shall include only:

- (1) Affordable child care and early education;
- (2) Recreation, cultural and after-school programs, including without limitation, arts programs;
- (3) Health services, including prevention, education, mental health, and prenatal services to pregnant women;
- (4) Training, employment and job placement;
- (5) Youth empowerment and leadership development;
- (6) Youth violence prevention programs;
- (7) Youth tutoring and educational enrichment programs; and
- (8) Family and parent support services for families of children receiving other services from the Fund.

(f) Excluded Services. Notwithstanding subsection (e), services for children paid for by the Fund shall not include:

- (1) Services provided by the Police Department or other law enforcement agencies, courts, the District Attorney, Public Defender, City Attorney; or the Fire Department; detention or probation services mandated by state or federal law; or public transportation;
- (2) Any service that benefits children incidentally or as members of a larger population including adults;
- (3) Any service for which a fixed or minimum level of expenditure is mandated by state or federal law, to the extent of the fixed or minimum level of expenditure;
- (4) Acquisition of any capital item not for primary and direct use by children;
- (5) Acquisition (other than by lease for a term of ten years or less) of any real property; or
- (6) Maintenance, utilities or any similar operating costs of any facility not used primarily and directly by children, or of any recreation or park facility (including a zoo), library, or hospital.

(g) **Baseline.** The Fund shall be used exclusively to increase the aggregate City appropriations and expenditures for those services for children that are eligible to be paid from the Fund (exclusive of expenditures mandated by state or federal law). To this end, the City shall not reduce the amount of such City appropriations for eligible services (not including appropriations from the Fund and exclusive of expenditures mandated by state or federal law) in any of the fifteen years during which funds are required to be set aside under this section below the amount so appropriated for the fiscal year 2000–2001 (“the base year”) as set forth in the Controller’s baseline budget, as adjusted (“the base amount”). The base amount shall be adjusted for each year after the base year by the Controller based on calculations consistent from year to year by the percentage increase or decrease in aggregate City and County discretionary revenues. In determining aggregate City and County discretionary revenue, the Controller shall only include revenues received by the City and County that are unrestricted and may be used at the option of the Mayor and the Board of Supervisors for any lawful City purpose. The method used by the Controller to determine discretionary revenues shall be consistent with method used by the Controller to determine the Library and Children’s Baseline Calculations dated June 20, 2000, which the Controller shall place on file with the Clerk of the Board in File No. 000952. Errors in the Controller’s estimate of discretionary revenues for a fiscal year shall be corrected by an adjustment in the next year’s estimate. Within 90 days following the end of each fiscal year through 2014–2015, the Controller shall calculate and publish the actual amount of City appropriations for services for children that would have been eligible to be paid from the Fund but are paid from other sources, separately identifying expenditures mandated by state or federal law.

(h) **Three-Year Planning Cycle.** To provide time for community participation and planning, and to ensure program stability, appropriations from the Fund for all fiscal years beginning after June 30, 2004 shall be made pursuant to a three-year planning cycle as set forth in subsections (h) through (l). During every third fiscal year beginning with the 2001–2002 fiscal year, the City shall prepare a Community Needs Assessment to determine services eligible to receive moneys from the Fund. During every third fiscal year beginning with the 2002–2003 fiscal year, the City shall prepare a Children’s Services and Allocation Plan (“the Plan”), based on the Community Needs Assessment approved during the previous year. The Board of Supervisors may modify an existing Community Needs Assessment or Plan, provided that any modification shall occur only after a noticed public hearing. All appropriations from the Fund shall be consistent with the most recent Plan, provided that the Board of Supervisors may approve an amendment to the Plan at the same time it approves an appropriation.

(i) **Community Needs Assessment and Children’s Services and Allocation Plan.**

(1) The Community Needs Assessment and the Plan shall be in writing, shall be made available to the public in draft form not later than January 31 of each

fiscal year in which they are required, shall be presented by March 31 of each such fiscal year to the commissions listed in subsection (m)(3) for review and comment, and by April 30 of each such fiscal year shall be presented to the Board of Supervisors for approval.

(2) Prior to preparation of each draft Community Needs Assessment, the City shall hold at least one public hearing in each geographical area defined in Charter Section 13.110. The City shall also make available opportunities for parents, youth, and agencies receiving monies from the Fund to provide information for the Community Needs Assessment. The Community Needs Assessment shall include the results of a citywide survey of parents and youth to be conducted by the Controller every three years.

(3) The Plan shall include all services for children furnished or funded by the City or funded by another governmental or private entity and administered by the City, whether or not they received or may receive monies from the Fund. The Plan shall be outcome-oriented and include goals, measurable and verifiable objectives and measurable and verifiable outcomes.

(4) The Plan shall state how all services receiving money from the Fund will be coordinated with other children's services. The Plan shall specify amounts of funding to be allocated: (i) toward achieving specified goals, measurable and verifiable objectives and measurable and verifiable outcomes, (ii) to specified service models; and (iii) for specific populations and neighborhoods. The Plan shall also state the reasons for the allocations and demonstrate how the allocations are consistent with the Community Needs Assessment. A minimum of three percent of the funding allocated under the Plan shall be for youth-initiated projects.

(j) Evaluation. The Plan shall include an evaluation of services that received money from the Fund at any time during the last three fiscal years. The evaluation shall involve those who use the funded services and other parents and youth.

(k) Failure of Board to Act. If the Board of Supervisors has not approved a Community Needs Assessment before the first day of the fiscal year during which the Plan is to be prepared, the Plan shall be based on the Community Needs Assessment as originally submitted to the Board of Supervisors.

(l) Selection of Contractors. Except for services provided by City employees, the Fund shall be expended through contractors selected based on their responses to one or more requests for proposals issued by the City. The City shall award contracts to coincide with the City's fiscal year starting July 1.

(m) Implementation.

(1) In implementation of this section, facilitating public participation and maximizing availability of information to the public shall be primary goals.

(2) So long as there exists within the executive branch of City government a Department of Children, Youth and Their Families, or an equivalent department or agency as its successor, that department shall administer the Children's Fund and prepare the Community Needs Assessment and the Plan pursuant to this section.

If no such department or agency exists, the Mayor shall designate a department or other City body to administer the Children's Fund pursuant to this section.

(3) In addition to all other hearings otherwise required, the Recreation and Park, Juvenile Probation, Youth, Health and Human Services Commissions shall each hold at least one separate or joint hearing each fiscal year to discuss issues relating to this section. The Department of Children, Youth and Their Families, or other agency as described above in subsection (m)(2), shall consult with the Recreation and Park Department, Arts Commission, Juvenile Probation Department, Unified School District, Health Department, Department of Human Services, Commission on the Status of Women, Police Department, Library Department and Municipal Transportation Agency in preparation of portions of the Community Needs Assessment and the Plan that relate to their respective activities or areas of responsibility.

(4) The Board of Supervisors may by ordinance implement this section.

(n) Advisory Committee. There shall be a Children's Fund Citizens' Advisory Committee ("the Committee") that shall consist of 15 members, each appointed by the Mayor to a three-year term, to serve at the Mayor's pleasure. At least three members of the Committee shall be parents and at least three members shall be less than 18 years old at the time of appointment. For each of the following areas, there shall be at least one Committee member with professional expertise in that area: early childhood development, childcare, education, health, recreation and youth development. The Committee shall meet at least quarterly, and shall advise the department or agency that administers the Children's Fund and the Mayor concerning the Children's Fund. The Committee shall convene by July 1, 2001. Each member of the Committee shall receive copies of each proposed Community Needs Assessment and each Plan (including the evaluation required as part of the Plan). Members of the Committee shall serve without pay, but may be reimbursed for expenses actually incurred.

(o) Unspent Funds. All unspent funds in the Children's Fund created by former Charter Section 16.108 shall be transferred to the Children's Fund established herein.

(p) Effect of Procedural Errors. No appropriation, contract or other action shall be held invalid or set aside by reason of any error, including without limitation any irregularity, informality, neglect or omission, in carrying out procedures specified in subsections (h) through (n) unless a court finds that the party challenging the action suffered substantial injury from the error and that a different result would have been probable had the error not occurred.

Section 2. Effective July 1, 2001, the San Francisco Charter is hereby amended by repealing Section 16.108.

Section 1. The charter is hereby amended to read:

A8.428 HEALTH SERVICE SYSTEM FUND

There is hereby created a health service system fund. The costs of the health service system shall be borne by the members of the system and retired persons, the City and County of San Francisco because of its members and retired persons and because of the members and retired persons of the Parking Authority of the City and County of San Francisco, the San Francisco Unified School District because of its members and retired persons and the San Francisco Community College District because of its members and retired persons. A retired person as used in this section means a former member of the health service system retired under the San Francisco City and County Employees' Retirement System, and the surviving spouse or surviving domestic partner of an active employee and the surviving spouse or surviving domestic partner of a retired employee, provided that the surviving spouse or surviving domestic partner and the active or retired employee have been married or registered as domestic partners for a period of at least one year prior to the death of the active or retired employee.

The city and county, the school district and the community college district shall each contribute to the health service fund amounts sufficient for the following purposes, and subject to the following limitations:

(a) All funds necessary to efficiently administer the health service system.

(b) The city and county, the school district and the community college district shall contribute to the health service system fund with respect to each of their members an amount equal to "the average contribution," as certified by the health service board in accordance with the provisions of Section A8.423.

(c) Monthly contributions required from retired persons and the surviving spouses and surviving domestic partners of active employees and retired persons participating in the system shall be equal to the monthly contributions required from members in the system for health coverage—excluding health coverage or subsidies for health coverage paid for active employees as a result of collective bargaining, with the following modifications:

(1) the total contributions required from retired persons who are also covered under Medicare shall be reduced by an amount equal to the amount contributed monthly by such persons to Medicare;

(2) because the monthly cost of health coverage for retired persons may be higher than the monthly cost of health coverage for active employees, the city and county, the school district and the community college district shall contribute funds sufficient to defray the difference in cost to the system in providing the same health coverage to retired persons and the surviving spouses and surviving domestic partners of active employees and retired persons as is provided for active

employee members excluding health coverage or subsidies for health coverage paid for active employees as a result of collective bargaining;

(3) after application of subsection (c) and subsections (c) (1) and (c) (2), the city and county, the school district and the community college district shall contribute 50% of retired persons' remaining monthly contributions.

(d) The city and county, the San Francisco Unified School District and the San Francisco Community College District shall contribute to the health service system fund 50% of the monthly contributions required for the first dependent of retired persons in the system. Except as hereinbefore set forth, the city and county, the San Francisco Unified School District and the San Francisco Community College District shall not contribute to the health service system fund any sums on account of participation in the benefits of the system by members' dependents, except surviving spouses and surviving domestic partners, retired persons' dependents, except surviving spouses and surviving domestic partners, persons who retired and elected not to receive benefits from San Francisco City and County Employees' Retirement System; resigned employees and teachers defined in Section A8.425, and any employee whose compensation is fixed in accordance with Sections A8.401, A8.403, or A8.404 of this charter and whose compensation therein includes an additional amount for health and welfare benefits or whose health service costs are reimbursed through any fund established for said purpose by ordinance of the board of supervisors.

It shall be the duty of the board of supervisors, the board of education and the governing board of the community college district annually to appropriate to the health service system fund such amounts as are necessary to cover the respective obligations of the city and county, the San Francisco Unified School District and the San Francisco Community College District hereby imposed. Contributions to the health service system fund of the city and county, of the school district and of the community college district shall be charged against the general fund or the school, utility, bond or other special fund concerned.

The amendments of this section contained in the proposition therefor submitted to the electorate on November 7, 2000 shall be effective July 1, 2001.

Section 2. The Clerk of the Board of Supervisors is hereby authorized to recodify and make clerical changes to this amendment as may be necessary.

Date of Municipal Election: November 7, 2000.

Charter Chapter 2—City of Santa Monica

Amendments to the Charter of the City of Santa Monica

[Filed with the Secretary of State January 8, 2001.]

The Santa Monica City Charter shall be amended by the addition of Article XXII, to read as follows:

ARTICLE XXII. TAXPAYER PROTECTION**Section 2200. Title**

This Article shall be known as the City of Santa Monica Taxpayer Protection Amendment of 2000.

Section 2201. Findings and Declarations

(a) The people of the City of Santa Monica (“City”) find that the use or disposition of public assets are often tainted by conflicts of interest among local public officials entrusted with their management and control. Such assets, including publicly owned real property, land use decisions conferring substantial private benefits, conferral of a franchise without competition, public purchases, taxation, and financing, should be arranged strictly on the merits for the benefit of the public, and irrespective of the separate personal or financial interests of involved public officials.

(b) The people find that public decisions to sell or lease property, to confer cable, trash hauling and other franchises, to award public construction or service contracts, or to utilize or dispose of other public assets, and to grant special land use or taxation exceptions have often been made with the expectation of, and subsequent receipt of, private benefits from those so assisted to involved public ‘decision makers’. The people further find that the sources of such corruptive influence include gifts and honoraria, future employment offers, and anticipated campaign contributions for public officials who are either elected or who later seek elective office. The trading of special favors or advantage in the management or disposal of public assets and in the making of major public purchases compromises the political process, undermines confidence in democratic institutions, deprives meritorious prospective private buyers, lessees, and sellers of fair opportunity, and deprives the public of its rightful enjoyment and effective use of public assets.

(c) Accordingly, the people declare that there is a compelling state interest in reducing the corruptive influence of emoluments, gifts, and prospective campaign contributions on the decisions of public officials in the management of public assets and franchises, and in the disposition of public funds. The people, who compensate public officials, expect and declare that as a condition of such public office, no gifts, promised employment, or campaign contributions shall be received from any substantial beneficiary of such a public decision for a reasonable period, as provided herein.

Section 2202. Definitions

(a) As used herein, the term public benefit does not include public employment in the normal course of business for services rendered, but includes a contract, benefit, or arrangement between the City and any individual, corporation, firm, partnership, association, or other person or entity to:

(1) provide personal services of a value in excess of \$25,000 over any 12 month period,

(2) sell or furnish any material, supplies or equipment to the City of a value in excess of \$25,000 over any 12 month period,

(3) buy or sell any real property to or from the City with a value in excess of \$25,000, or lease any real property to or from the City with a value in excess of \$25,000 over any 12 month period,

(4) receive an award of a franchise to conduct any business activity in a territory in which no other competitor potentially is available to provide similar and competitive services, and for which gross revenue from the business activity exceeds \$50,000 in any 12 month period,

(5) confer a land use variance, special use permit, or other exception to a pre-existing master plan or land use ordinance pertaining to real property where such decision has a value in excess of \$25,000,

(6) confer a tax abatement, exception, or benefit not generally applicable of a value in excess of \$5,000 in any 12 month period,

(7) receive cash or specie of a net value to the recipient in excess of \$10,000 in any 12 month period.

(b) Those persons or entities receiving public benefits as defined in Section 2202(a)(1)-(7) shall include the individual, corporation, firm, partnership, association, or other person or entity so benefiting, and any individual or person who, during a period where such benefit is received or accrues,

(1) has more than a ten percent (10%) equity, participation, or revenue interest in that entity, or

(2) who is a trustee, director, partner, or officer of that entity.

(c) As used herein, the term personal or campaign advantage shall include:

(1) any gift, honoraria, emolument, or personal pecuniary benefit of a value in excess of \$50;

(2) any employment for compensation;

(3) any campaign contributions for any elective office said official may pursue.

(d) As used herein, the term public official includes any elected or appointed public official acting in an official capacity.

Section 2203. City Public Official Shall Not Receive Personal or Campaign Advantage From Those To Whom They Allocate Public Benefits

(a) No City public official who has exercised discretion to approve and who has approved or voted to approve a public benefit as defined in Section 2202(a) may receive a personal or campaign advantage as defined in Section 2202(c) from

a person as defined in Section 2202(b) for a period beginning on the date the official approves or votes to approve the public benefit, and ending no later than

(1) two years after the expiration of the term of office that the official is serving at the time the official approves or votes to approve the public benefit;

(2) two years after the official's departure from his or her office whether or not there is a pre-established term of office; or

(3) six years from the date the official approves or votes to approve the public benefit; whichever is first.

(b) Section 2203(a) shall also apply to the exercise of discretion of any such public official serving in his or her official capacity through a redevelopment agency, or any other public agency, whether within or without the territorial jurisdiction of the City either as a representative or appointee of the City.

Section 2204. Applicable Public Beneficiaries Section. Responsibilities of City Public Officials and Advantage Recipients

(a) City public officials shall practice due diligence to ascertain whether or not a benefit defined under Section 2202(a) has been conferred, and to monitor personal or campaign advantages enumerated under Section 2202(c) so that any such qualifying advantage received is returned forthwith, and no later than ten days after its receipt.

(b) City public officials shall provide, upon inquiry by any person, the names of all entities and persons known to them who respectively qualify as public benefit recipients under the terms of Sections 2202 and 2203.

Section 2205. Disclosure of the Law

The City shall provide any person, corporation, firm, partnership, association, or other person or entity applying or competing for any benefit enumerated in Section 2202(a) with written notice of the provisions of this Article and the future limitations it imposes. Said notice shall be incorporated into requests for 'proposal', bid invitations, or other existing informational disclosure documents to persons engaged in prospective business with, from, or through the City.

Section 2206. Penalties and Enforcement

(a) In addition to all other penalties which might apply, any knowing and willful violation of this Article by a public official constitutes a criminal misdemeanor offense.

(b) A civil action may be brought under this Article against a public official who receives a personal or campaign advantage in violation of Section 2203. A finding of liability shall subject the public official to the following civil remedies:

(1) restitution of the personal or campaign advantage received, which shall accrue to the general fund of the City;

(2) a civil penalty of up to five times the value of the personal or campaign advantage received;

(3) injunctive relief necessary to prevent present and future violations of this Article;

(4) disqualification from future public office or position within the jurisdiction, if violations are willful, egregious, or repeated.

(c) A civil action under subdivision (b) of this section may be brought by any resident of the City. In the event that such an action is brought by a resident of the City and the petitioner prevails, the respondent public official shall pay reasonable attorney's fees and costs to the prevailing petitioner. Civil penalties collected in such a prosecution shall accrue 10% to the petitioner, and 90% to the City's general fund.

Section 2207. Severability

If any provision of this Article is held invalid, such invalidity or unconstitutionality shall not affect other provisions or applications which can be given effect without the invalidated provision, and to this end the provisions of this Article are severable.

Date of Municipal Election: November 7, 2000.

Charter Chapter 3—City of Santa Monica

Amendments to the Charter of the City of Santa Monica

[Filed with the Secretary of State January 8, 2001.]

Section 620 is amended to read as follows:

Section 620. Ordinances. Violation. Penalty.

A violation of any ordinance of the City shall constitute a misdemeanor and may be prosecuted in the name of the people of the State of California or may be redressed by civil action. The maximum fine or penalty for any violation of a City ordinance shall be the sum of Five Hundred Dollars (\$500.00), or a term of imprisonment for a period not exceeding six (6) months, or both such fine and imprisonment. The City Council may provide by ordinance that persons imprisoned in the City Jail for violation of law or ordinance may be compelled to labor on public works. This Section does not limit the City's power to establish civil penalties or fines by ordinance.

Certified to be a true copy by Ken Genser, Mayor, and Maria M. Stewart, City Clerk.

Date of Municipal Election: November 7, 2000.

Charter Chapter 4—City of San Luis Obispo

Amendments to the Charter of the City of San Luis Obispo

[Filed with the Secretary of State January 9, 2001.]

Section 1107. Impartial and Binding Arbitration For San Luis Obispo Police Officers Association and San Luis Obispo Firefighters Association, IAFF Local 3523, Employee Disputes.

(a) Declaration of Policy. It is hereby declared to be the policy of the City of San Luis Obispo that strikes by firefighters and police officers are not in the public interest and should be prohibited, and that a method should be adopted for peacefully and equitably resolving disputes that might otherwise lead to such strikes.

(b) Prohibition Against Strikes. No City of San Luis Obispo firefighter or police officers shall willfully engage in a strike against the City. Any such employee against whom the City brings charges of failing to report for work as part of a strike shall be subject to dismissal from his or her employment in the event the charges are sustained upon conclusion of the proceedings that are required by law for the imposition of disciplinary action upon said employee.

(c) Obligation to Negotiate in Good Faith. The City, through its duly authorized representatives, shall negotiate in good faith with the San Luis Obispo Police Officers Association and/or the San Luis Obispo Firefighters Association, IAFF Local 3523, as the exclusive representatives of representation units comprised solely of employees of the police department and/or the fire department, as such units are currently constituted or as they may be amended through negotiation or arbitration as provided in this section, on all matters relating to the wages, hours, and other terms and conditions of City employment. Unless and until agreement is reached through negotiations between authorized representatives of the City and said employee organization or organizations or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for employees represented by the San Luis Obispo Police Officers Association and/or the San Luis Obispo Firefighters Association, IAFF Local 3523, shall be altered, eliminated or changed.

(d) Impasse Resolution Procedures.

(1) All disputes, controversies and grievances pertaining to wages, hours or terms and conditions of City employment which remain unresolved after good faith negotiations between the City and said employee organization shall be submitted to a three member Board of Arbitrators upon the declaration of an impasse by the City or by said employee organization. Upon declaration of impasse by either party, the City and employee organization shall each exchange a written last offer of settlement on each of the issues remaining in dispute. Written last offer of settlement shall be exchanged between parties within two days of the declaration of impasse.

(2) Representatives designated by the City and representatives of the employee organization shall each select and appoint one arbitrator to the Board of Arbi-

trators within three (3) business days after either party has notified the other, in writing, of the declaration of impasse and the desire to proceed to arbitration. The third member of the Board of Arbitrators shall be selected by agreement between the City's and the employee's organization representative within ten (10) business days of the declaration of impasse. This third member shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and the employee organization cannot agree upon the selection of the neutral arbitrator within ten (10) business days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the arbitrators selected by the City and the employee organization cannot agree within three (3) days after receipt of such list on one of the seven (7) to act as the third arbitrator, they shall have five (5) business days to alternately strike names, with the City's arbitrator striking first, from the list of nominees until one name remains and that person shall then become the neutral arbitrator and Chairperson of the Board of Arbitrators.

(3) Any arbitration proceeding convened pursuant to this Article shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The Board of Arbitrators shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The Board of Arbitrators may adopt by unanimous consent such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

(4) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the Board of Arbitrators shall direct each of the parties to submit, within such time limit as the Board of Arbitrators may establish, but not to exceed thirty (30) business days, a last offer of settlement on each of the remaining issues in dispute. The Board of Arbitrators shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to the following: changes in the average consumer price index for goods and services using the San Francisco-Oakland-San Jose index, as reported at the time impasse is declared for the preceding twelve (12) months, the wages, hours, benefits and terms and conditions of employment of employees performing similar services in comparable cities; and the financial condition of the City of San Luis Obispo and its ability to meet the costs of the decision of the Board of Arbitrators.

(5) After reaching a decision, the Board of Arbitrators shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the Board of Arbitrators shall not be publicly disclosed and shall not be binding until ten (10) days

after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the Board of Arbitrators. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of Board of Arbitrators, as it may be modified or amended by the parties, shall be publicly disclosed and shall be binding on the parties. The City and the employee organization shall take whatever action is necessary to carry out and effectuate the arbitration award. No other actions by the City Council or by the electorate to conform or approve the decision of the Board of Arbitrators shall be permitted or required.

(6) The expenses of any arbitration proceeding convened pursuant to this Article, including the fee for the services of the chairperson of the Board of Arbitrators and the costs of preparation of the transcript of the proceedings shall be borne equally by the parties. The expenses of the arbitration, which the parties may incur individually, are to be borne by the party incurring such expenses. Such expenses include, but are not limited to, the expense of calling a party's witnesses, the costs incurred in gathering data and compiling reports, and any expenses incurred by the party's arbitrator. The parties may mutually agree to divide the costs in another manner.

(7) The proceedings described herein shall supercede the dispute resolution process for the San Luis Obispo Police Officers Association and the San Luis Obispo Firefighters Association which is set forth in Sections 13.2 and 14.1 of City of San Luis Obispo Resolution No. 6620, to the extent that such language is in conflict with this amendment. Furthermore, the proceedings described herein shall supercede any language within the Employer-Employee Resolution, the Personnel Rules and Regulations, any Memorandum of Agreement with the employee associations or any written policy or procedure relating to wages, hours or other terms and conditions of City employment, to the extent that such language is in conflict with this amendment. However, nothing in this section shall preclude the parties from mutually agreeing to use dispute resolution processes other than the binding arbitration process herein set forth. Nor, does it preclude the parties from negotiating, and submitting to the arbitration process set forth herein, a grievance process, which includes a form of binding arbitration that differs from the one, set forth herein.

Charter Chapter 5—City of San Leandro

Amendments to the Charter of the City of San Leandro

[Filed with the Secretary of State January 26, 2001.]

**ARTICLE II. CITY COUNCIL: MEMBERSHIP, COMPENSATION AND
ARTICLE VI. ELECTIONS**

Section 1. Section 225(b) is renumbered to Section 225(c) and Section 225(c) of the City Charter is amended to Section 225(d).

Section 2. A new Section 225(b) is added to read as follows:

The candidate receiving the highest number of votes for the offices of Mayor and Council Members of the City shall be elected to such offices, provided that such candidate receives at least 50% plus one of the votes cast for each such office. In the event that no candidate for such elective office of the City receives at least 50% plus one of the votes cast for that office, the City Council shall provide for a run-off vote to determine the person elected. The City Council shall adopt an ordinance establishing a run-off system. The run-off system may include mailed ballots, an instant run-off voting system when such technology is available to the City, or a special run-off election. The ordinance setting forth the run-off system may be amended from time to time for any reason, but no amendment to the ordinance may take effect less than 103 days prior to any municipal election.

Section 3. Section 235 is amended to read as follows:

Council Members and the Mayor shall hold office for four years. The term of office shall commence thirty-five days after the General Municipal Election. If a run-off is required pursuant to Section 225(b) of this Charter, the term of office for all offices voted on during that General Municipal Election shall commence thirty-five days after the run-off is held.

Section 4. Section 600 is amended to delete the sentence:

Such ordinance shall also provide for the date of commencement of terms of office following the consolidated General Municipal election.

Certified to be a true copy by Gayle Petersen, City Clerk.

Date of Election: November 7, 2000.

Charter Chapter 6—City of Chula Vista

Amendment to the Charter of the City of Chula Vista

[Filed with the Secretary of State February 6, 2001.]

Section 602 is amended to read as follows:

Sec. 602. Appointments; Terms and Vacancies.

(a) Appointments and Terms. The members of each of such boards or commissions shall be appointed, and shall be subject to removal, by motion of the City

Council adopted by at least three affirmative votes. The members thereof shall serve for a term of four (4) years and until their respective successors are appointed and qualified. Members of such boards and commissions shall be limited to a maximum of two (2) consecutive terms and an interval of two (2) years must pass before a person who has served two (2) consecutive terms may be reappointed to the body upon which the member had served; provided, further, that for the purpose of this section, an appointment to fill an initial term or an unexpired term of less than two (2) years in duration shall not be considered as a term; however, any appointment to fill an initial term or an unexpired term in excess of two (2) years shall be considered to be a full term.

(b) Initial Classification of Appointees. The members first appointed to such boards and commissions shall so classify themselves by lot so that each succeeding July 1st the term of one (1) of their number shall expire. If the total number of members of such body to be appointed exceeds four (4), the classification by lot shall provide for the grouping of terms to such an extent as is necessary in order that the term of at least one (1) member shall expire on each succeeding July 1st.

(c) Vacancies. Vacancies in any board or commission, from whatever cause arising, shall be filled by appointment by the City Council. Upon a vacancy occurring leaving an unexpired portion of a term, any appointment to fill such vacancy shall be for the unexpired portion of such term. If a member of a board or commission is absent from three (3) regular meetings of such body consecutively, unless by permission of such board or commission expressed in its official minutes, or is convicted of a felony or crime involving moral turpitude, or ceases to be a qualified elector of the City, the office shall become vacant and shall be so declared by the City Council.

(d) Eligibility. All members of boards and commissions shall be qualified electors in the City of Chula Vista with the exception of Youth Commissioners who need only be residents of the City of Chula Vista. The City Council may appoint non-electors of the City of Chula Vista to those boards and commissions which are advisory only and whose duties involve regional issues. Appointment of non-electors must be passed by at least four affirmative votes. No person may be appointed nor shall serve on more than one of the Charter-created boards or commissions simultaneously.

Date of Municipal Election: November 7, 2000.

Charter Chapter 7—City of Anaheim

Amendments to the Charter of the City of Anaheim

[Filed with the Secretary of State February 6, 2001.]

Articles I, II and III, in their entirety, is amended to read as follows:

ARTICLE I
NAME OF CITY

Section 100. NAME.

The City of Anaheim, hereinafter termed the City, shall continue to be a municipal corporation under its present name of “City of Anaheim.”

ARTICLE II
BOUNDARIES

Section 200. BOUNDARIES.

The boundaries of the City shall be as now established until changed in the manner authorized by law.

ARTICLE III
RIGHTS, LIABILITIES AND SUCCESSION

Section 300. RIGHTS AND LIABILITIES.

The City shall continue to own, possess and control all rights and property of every kind and nature owned, possessed and controlled by it on the effective date of this Charter and shall continue to be subject to all its lawfully enforceable debts, obligations, liabilities and contracts.

Section 301. ORDINANCES, RESOLUTIONS AND OTHER REGULATIONS.

All lawful ordinances, resolutions, rules and regulations in force on the effective date of this Charter, and not in conflict or inconsistent herewith, shall continue in force until duly repealed, amended, changed or superseded.

Section 302. RIGHTS OF OFFICERS AND EMPLOYEES PRESERVED.

Unless otherwise specifically provided in this Charter, nothing contained herein shall affect or impair the personnel, pension, or retirement rights or privileges of officers or employees of the City which rights or privileges existed on the effective date of this Charter or any amendments hereto.

Section 303, 304, 305 and 306 of Article III is repealed.

Section 500 of Article V is amended to read as follows:

Section 500. CITY COUNCIL. TERMS.

The elective officers of the City shall consist of a Mayor and four City Council members elected from the City at large and at the times and in the manner provided in this Charter who shall serve for a term of four years and until their respective successors qualify. The term “City Council,” “legislative body,” or other similar terms as used in this Charter or any other provision of law shall be deemed to refer to the collective body composed of the Mayor and four City Council members unless such other provision of this charter or other provision of

law expressly provides to the contrary or unless such interpretation would be clearly contrary to the intent and context of such other provision.

The Mayor and members of the City Council in office at the time this Charter provision takes effect shall continue in office until the expiration of their respective terms and until their successors are elected and qualified. The Mayor and two members of the City Council shall be elected at the general municipal election held in November, 1994, and each fourth year thereafter. Two members of the City Council shall be elected at the general municipal election held in November, 1996, and each fourth year thereafter.

Ties in voting among candidates for office, including the office of the Mayor, shall be settled by the casting of lots.

Section 501 of Article V is amended to read as follows:

Section 501. ELIGIBILITY.

No person shall be eligible to hold office as the Mayor or a member of the City Council unless he or she is and shall have been a resident and qualified elector of the City at the time of, and for the thirty-day period immediately preceding, filing of his or her nominating papers or such other equivalent declaration of candidacy as may be required or authorized by law, or at the time of, and for the thirty-day period immediately preceding, his or her appointment to such office.

No employee of the City of Anaheim shall be eligible to hold office as the Mayor or as a member of the City Council. An employee of the City of Anaheim shall resign from such employment prior to being sworn into office as an elected or appointed member of the City Council or as the Mayor. If such employee does not resign his or her employment with the City prior to being sworn into office, such employment shall automatically terminate upon his or her being sworn into office.

Section 504 of Article V is amended to read as follows:

Section 504. MAYOR.

The Mayor shall have the same rights, privileges, powers and duties as are held by members of the City Council and shall be regarded as a member of the City Council for all purposes except to the extent expressly inconsistent with any other provision of this Charter or other applicable law.

The Mayor may make and second motions and shall have a voice and vote in all proceedings of the City Council. The Mayor shall be the official head of the City for ceremonial purposes. The Mayor shall have the primary, but not the exclusive, responsibility for communicating the policies, programs and needs of the City government to the people, and as occasion requires, he or she may inform the people of any major change in policy or program. The Mayor shall perform such other duties consistent with his or her office as may be prescribed by this Charter or as may be imposed by the City Council.

The Mayor shall serve for a term of four years and until his or her successor is elected and qualified.

The City Council shall designate one of its members as Mayor Pro Tempore, who shall serve in such capacity at the pleasure of the City Council. The Mayor Pro Tempore shall perform the duties of the Mayor during the Mayor's absence or disability.

Notwithstanding any other provision of this Charter to the contrary, no person shall file nominating papers, or other equivalent declaration of candidacy as may be required or authorized by law, for election to both the office of Mayor and member of the City Council at the same election. The City Clerk shall reject, refuse to accept for filing, and otherwise refuse to process any such nominating papers or other declaration of candidacy for the office of Mayor or City Council member where such person has previously filed nominating papers or a declaration of candidacy for election to the office of Mayor or City Council member at the same election. In the event a person seeks to simultaneously file nominating papers or declarations of candidacy for election to both the offices of Mayor and member of the City Council at the same election, the City Clerk shall reject, refuse to accept for filing, and otherwise refuse to process all such nominating papers or declarations of candidacy simultaneously tendered.

Section 507 of Article V is amended to read as follows:

Section 507. SPECIAL MEETINGS.

A special meeting may be called at any time by the Mayor, or by three members of the City Council, by written notice to each member of the City Council and to each local newspaper of general circulation, radio or television station requesting notice in writing. Such notice must be delivered at least twenty-four hours before the time of such meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. No other business shall be considered at such meeting. Such written notice may be dispensed with as to any person entitled thereto who, at or prior to the time the meeting convenes, files with the City Clerk a written waiver of notice. Such waiver may be given by telegram. Such written notice may also be dispensed with as to any person who is actually present at the meeting at the time it convenes.

Section 508 of Article V is amended to read as follows:

Section 508. PLACE OF MEETINGS.

Except to the extent otherwise required or permitted by law, all meetings shall be held in the Council Chambers of the City Hall, or in such place within the City to which any such meeting may be adjourned, and shall be open to the public. If, by reason of fire, flood or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place within the City as is designated by the Mayor, or, if he should fail to act, by three members of the City Council.

Section 509 of Article V is amended to read as follows:

Section 509. QUORUM. PROCEEDINGS.

A majority of the members of the City Council shall constitute a quorum to do business but a lesser number may adjourn from time to time. In the absence of all

the members of the City Council from any regular meeting or adjourned regular meeting, the City Clerk may declare the same adjourned to a stated day and hour. The City Clerk shall cause written notice of a meeting adjourned by less than a quorum or by the City Clerk to be delivered to each council member at least twenty-four hours before the time to which the meeting is adjourned, or such notice may be dispensed with in the same manner as specified in this Charter for dispensing with notice of special meetings of the City Council. The City Council shall judge the qualifications of its members as set forth by the Charter. It shall judge all election returns. It may establish rules for the conduct of its proceedings and evict or refer any member or other person for prosecution for disorderly conduct at any of its meetings.

Each member of the City Council shall have the power to administer oaths and affirmations in any investigation or proceeding pending before the City Council. The City Council shall have the power and authority to compel the attendance of witnesses, to examine them under oath and to compel the production of evidence before it. Subpoenas shall be issued in the name of the City and be attested by the City Clerk. They shall be served and complied with in the same manner as subpoenas in civil actions. Disobedience of such subpoenas, or the refusal to testify (upon other than constitutional grounds), shall constitute a misdemeanor, and shall be punishable in the same manner as violations of this Charter are punishable.

Voting on all matters which come before the Council shall be by voice or visual means wherein the vote of each member may be ascertained. At the demand of any member, and upon the adoption of any ordinance, resolution, or order for the payment of money, the City Clerk shall call the roll and shall cause the ayes and noes taken on such questions to be entered in the minutes of the meeting.

Section 510 of Article V is amended to read as follows:

Section 510. CITIZEN PARTICIPATION.

All regular and special meetings of the City Council shall be open and public and all persons shall be permitted to attend such meetings, except that the provisions of this Section shall not apply to closed sessions held pursuant to any provision of Chapter 9 of Part 1 of Division 2 of Title 5 of the Government Code of the State of California (the Ralph M. Brown Act), or any successor statute thereto. No person shall be denied the right to be heard by the City Council on any item of interest to the public that is within the subject matter jurisdiction of the City Council, but such right shall be subject to such reasonable rules and regulations as may be authorized or adopted by ordinance.

Section 515 of Article V is amended to read as follows:

Section 515. PENALTY FOR VIOLATION OF ORDINANCES.

A violation of any ordinance of the City shall constitute a misdemeanor unless by ordinance it is made an infraction. Any such violation may be prosecuted in the name of the People of the State of California and/or may be redressed by civil action. The maximum fine or penalty for conviction of any misdemeanor shall be

the maximum fine or term of imprisonment, or both, as authorized by Section 19 of the Penal Code of the State of California, or any successor provision thereto. The maximum fine or penalty for conviction of any infraction shall be as provided by state law.

Section 703 of Article VII is amended to read as follows:

Section 703. CITY ATTORNEY. POWERS AND DUTIES.

To become and remain eligible for City Attorney, the person appointed shall be an attorney at law duly licensed as such under the laws of the State of California, and shall have been engaged in the practice of law for at least three years prior to such appointment. The City Attorney shall have the power and may be required to:

(a) Represent and advise the City Council and all City officers in all matters of law pertaining to their offices.

(b) Prosecute on behalf of the people any or all criminal cases arising from violation of the provisions of this Charter or of City ordinances and such state misdemeanors as the City has the power to prosecute, unless otherwise provided by the City Council. Except for such prosecutions as may be conducted by another public agency having jurisdiction to do so, all prosecutions pursuant to this paragraph shall be conducted by the City Attorney or by employees or persons under the direction and control of the City Attorney. The City Council shall not contract with any person or firm to act as special or independent prosecutor or otherwise appoint or designate any other person or firm to prosecute any criminal matter.

(c) Represent and appear for the City in any or all actions or proceedings in which the City is concerned or is a party and represent and appear for any City officer or employee, or former City officer or employee, in any or all civil actions or proceedings in which such officer or employee is concerned or is a party for any act arising out of such employment or by reason of such official capacity.

(d) Attend all regular meetings of the City Council, unless excused, and give advice or opinion orally or in writing whenever requested to do so by the City Council or by any of the boards or officers of the City.

(e) Approve the form of all contracts made by and all bonds given to the City, endorsing approval thereon in writing.

(f) Prepare any and all proposed ordinances and City Council resolutions and amendments thereto.

(g) Devote entire time to the duties of the office.

(h) Perform such legal functions and duties incident to the execution of the foregoing powers as may be necessary.

(i) Surrender to the successor City Attorney all books, papers, files and documents pertaining to the City's affairs.

The City Council shall have control of all legal business and proceedings of the City and may employ or contract with other attorneys to take charge of or assist in any civil litigation or other civil legal matters or business.

Section 705, paragraph (b) is amended to read as follows:

Section 705. CITY TREASURER. POWERS AND DUTIES.

(b) Have custody of all public funds belonging to or under the control of the City or any office, department or agency of the City government, except such funds as may be in the custody of any City office or department as expressly authorized by resolution of the City Council, and deposit or cause to be deposited all funds under his or her custody in such depository as may be designated by resolution of the City Council, or, if no such resolution be adopted, then in such depository designated in writing by the City Manager, and in compliance with all of the provisions of the State Constitution and laws of the State governing the handling, depositing and securing of public funds.

Section 706, paragraph (d) is amended to read as follows:

Section 706. DIRECTOR OF FINANCE. POWERS AND DUTIES.

(d) Supervise and be responsible for the disbursement of all moneys and have control of all expenditures, except expenditures from funds under the control of any other City office or department as expressly authorized by resolution of the City Council, to insure that budget appropriations are not exceeded; audit all purchase orders before issuance; audit and approve before payment, all bills, invoices, payrolls, demands or charges against the City government; with the advice of the City Attorney, when necessary, determine the regularity, legality and correctness of such claims, demands or charges; and draw warrants upon the City Treasurer, or where such procedure is authorized by the City Council, prepare or approve wire transfers, electronic payments and checks or other negotiable instruments drawn upon a proper City depository for the approval of the City Treasurer and, where required, the signatures or facsimile signatures of the City Treasurer and the Mayor, for all claims and demands audited and approved as in this Charter provided specifying the purpose for which drawn and the fund from which payment is to be made.

Section 708 of Article VII is amended to read as follows:

Section 708. PROHIBITED FINANCIAL INTERESTS IN CONTRACTS. FORFEITURE OF OFFICE.

Any member of the City Council, city officer or employee, or member of any city board or commission, who has a financial interest in any contract made by such person in his or her official capacity, or by any body or board of which he or she is a member, in violation of Article 4 of Division 4 of Title 1 (commencing with Section 1090) of the Government Code of the State of California, or any successor provision thereto, upon conviction thereof, and in addition to any other penalty imposed for such violation, shall forfeit his or her office or position of employment with the City.

Article VIII, in its entirety, is amended to read as follows:

ARTICLE VIII.

(Left blank intentionally.)

Section numbers in Article X (with the exception of Section 1000), and all references in the City Charter to such section numbers, is amended to read as follows:

Current Number	Proposed Number
10.200	1050
10.201	1051
10.202	1052
10.203	1053

Section 1100 of Article XI is amended to read as follows:

Section 1100. RETIREMENT SYSTEM.

Authority and power are hereby vested in the City, its City Council and its several officers, agents and employees to do and perform any act, and to exercise any authority granted, permitted, or required under the provisions of the Public Employees' Retirement Act, as it now exists or hereafter may be amended, to enable the City to continue as a contracting City under the Public Employees' Retirement System. The City Council may terminate any contract with the Board of Administration of the Public Employees' Retirement System only under authority granted by ordinance adopted by a majority vote of the electors of the City voting on such proposition at an election at which such proposal is presented.

Section 1207 of Article XII is repealed in its entirety.

Sections 1212, 1213, 1214 and 1215 of Article XII are repealed in their entirety.

Section 1300 of Article XIII is amended to read as follows:

Section 1300. GENERAL MUNICIPAL ELECTIONS.

General municipal elections for the election of officers and for such other purposes as the City Council may prescribe shall be held in the City on the first Tuesday after the first Monday in November in each even-numbered year. However, in the event the state legislature hereafter prescribes a different day for the holding of the statewide general election, general municipal elections shall be held upon such day in each even-numbered year as prescribed for the statewide general election.

Section 1501 of Article XV is amended to read as follows:

Section 1501. VIOLATIONS.

The violation of any provision of this Charter shall be a misdemeanor and shall be punishable upon conviction by a fine or imprisonment, or both, not exceeding the maximum fine or term of imprisonment, or both, as authorized by Section 19 of the Penal Code of the State of California, or any successor provision thereto.

The following sections are amended in the following manner to make all provisions GENDER NEUTRAL:

Section 503. VACANCIES.

A vacancy in the office of Mayor or on the City Council, from whatever cause arising, shall be filled by appointment by the City Council, such appointee to hold office until the first Tuesday following the next general municipal election and until his or her successor qualifies. At the next general municipal election following any vacancy, a successor shall be elected to serve for the remainder of any unexpired term. As used in this paragraph, the next general municipal election shall mean the next such election at which it is possible to place the matter on the ballot and elect a successor.

If the Mayor or a member of the City Council is absent from all regular meetings of the City Council for a period of thirty days consecutively from and after the last regular City Council meeting attended by such person, unless by permission of the City Council expressed in its official minutes, or is convicted of a crime involving moral turpitude, or ceases to be an elector of the City, his office shall become vacant. The City Council shall declare the existence of any such vacancy.

In the event it shall fail to fill a vacancy by appointment within sixty days after such office shall become vacant, the City Council shall cause an election to be held forthwith to fill such vacancy for the remainder of the unexpired term.

Section 600. CITY MANAGER.

There shall be a City Manager who shall be the chief administrative officer of the City. The City Manager shall be appointed by the affirmative vote of at least a majority of the members of the City Council and shall serve at the pleasure of the City Council, provided, however, that he or she shall not be removed from office except as provided in this Charter. The City Manager shall be chosen on the basis of his or her executive and administrative qualifications, with special reference to actual experience in, and knowledge of, accepted practice in respect to the duties of the office as herein set forth.

Section 602. ELIGIBILITY.

No person shall be eligible to receive appointment as City Manager while serving as a member of the City Council nor within one year after such person has ceased to be a member of the City Council.

Section 603. COMPENSATION AND BOND.

The City Manager shall be paid a salary commensurate with the responsibilities as chief administrative officer of the City, which salary shall be established by ordinance or resolution. The City Manager shall furnish a corporate surety bond conditioned upon the faithful performance of his or her duties in such form and in such amount as may be determined by the City Council, the premium on such bond to be paid by the City.

Section 604. POWERS AND DUTIES.

The City Manager shall be the chief administrative officer and head of the administrative branch of the City Government. Except as otherwise provided in this Charter, the City Manager shall be responsible to the City Council for the proper administration of all affairs of the City. Without limiting the foregoing general grant of powers, responsibilities and duties, subject to the provisions of this Charter, including the personnel provisions thereof, the City Manager shall have power and be required to:

(a) Appoint, and he or she may promote, demote, suspend or remove all department heads, officers and employees of the City except elective officers and those department heads, officers and employees the power of whose appointment is vested by this Charter in the City Council. He or she may authorize the head of any department or office to appoint or remove subordinates in such department or office. No department head shall be appointed or removed until the City Manager shall first have reviewed such appointment or removal with the City Council and received its approval for such appointment or removal.

(b) Prepare the budget annually, submit it to the City Council, and be responsible for its administration after its adoption.

(c) Prepare and submit to the City Council as of the end of each fiscal year, a complete report on the finances of the City for the preceding fiscal year, and annually or more frequently, a current report of the principal administrative activities of the City.

(d) Keep the City Council advised of the financial condition and future needs of the City and make such recommendations as may to him or her seem desirable.

(e) Establish a centralized purchasing system for all City offices, departments and agencies.

(f) Prepare rules and regulations governing the contracting for, purchasing, inspection, storing, inventory, distribution and disposal of all supplies, materials, equipment and services required by any office, department or agency of the City government and recommend them to the City Council for adoption by ordinance, and administer and enforce the same after adoption.

(g) See that the laws of the State pertaining to the City, the provisions of this Charter and the ordinances, franchises and rights of the City are enforced.

(h) Exercise control of all administrative offices and departments of the City and of all appointive officers and employees except those directly appointed by the City Council and prescribe such general rules and regulations as he or she may deem necessary or proper for the general conduct of the administrative offices and departments of the City under his or her jurisdiction.

(i) Perform such other duties consistent with this Charter as may be required by the City Council.

Section 605. MEETINGS.

The City Manager shall be accorded a seat at all meetings of the City Council and of all boards and commissions and shall be entitled to participate in their deliberations, but shall not have a vote. The City Manager shall receive notice of all special meetings of the City Council, and of all boards and commissions.

Section 606. REMOVAL.

The City Manager shall not be removed from office during or within a period of ninety days next succeeding any municipal election at which a member of the City Council is elected. At any other time the City Manager may be removed only at a regular meeting of the City Council and upon the affirmative votes of a majority of the total membership of the City Council. At least thirty days prior to the effective date of his or her removal, the City Manager shall be furnished with a written notice stating the Council's intention to remove him or her and the reasons therefor. After furnishing the City Manager with written notice of his or her intended removal, the City Council may suspend him or her from duty, but his or her compensation shall continue until his or her removal as herein provided. In removing the City Manager, the City Council shall use its uncontrolled discretion, and its actions shall be final.

Section 607. NON-INTERFERENCE WITH ADMINISTRATIVE SERVICE.

Except as otherwise provided in this Charter, neither the Council nor any of its members shall interfere with the execution by the City Manager of his or her powers and duties, or order, directly or indirectly, the appointment by the City Manager, or by any of the department heads in the administrative service of the City, of any person to any office or employment, or his or her removal therefrom. Except for the purpose of inquiry, the City Council and its members shall deal with the administrative service under the jurisdiction of the City Manager solely through the City Manager, and neither the City Council nor any member thereof shall give orders to any subordinate of the City Manager, either publicly or privately.

Section 608. ASSISTANT CITY MANAGER.

There shall be an Assistant City Manager who shall act as the principal aide to the City Manager in the performance of his or her duties and who shall serve as Acting City Manager during the temporary absence or disability of the City Manager, except as otherwise provided in Section 609 of this Charter.

Section 609. ACTING CITY MANAGER.

The City Manager shall appoint, subject to the approval of the City Council, one of the other officers or department heads of the City to serve as Acting City Manager during any temporary absence or disability of both the City Manager and the Assistant City Manager. If the City Manager fails to make such appointment, the City Council may appoint an officer or department head to serve as such Acting City Manager.

Section 704. CITY CLERK. POWERS AND DUTIES.

The City Clerk shall have the power and shall be required to:

(a) Attend all meetings of the City Council, unless excused, and be responsible for the recording and maintaining of a full and true record of all of the proceedings of the City Council in records that shall bear appropriate title and be devoted to such purpose.

(b) Maintain separate records, in which shall be recorded respectively all ordinances and resolutions, with the certificate of the Clerk annexed to each thereof stating the same to be the original or a correct copy, and as to an ordinance requiring publication, stating that the same has been published or posted in accordance with this Charter.

(c) Maintain separate records of all written contracts and official bonds.

(d) Keep all books and records in his or her possession properly indexed and open to public inspection when not in actual use.

(e) Be the custodian of the seal of the City.

(f) Administer oaths or affirmations, take affidavits and depositions pertaining to the affairs and business of the City and certify copies of official records.

(g) Be ex-officio Assessor, unless the City Council has availed itself, or does in the future avail itself, of the provisions of the general laws of the State relative to the assessment of property and the collection of City taxes by the county officers, or unless the City Council by ordinance provides otherwise.

(h) Have charge of all City elections.

(i) Perform such other duties consistent with this Charter as may be required by ordinance or resolution of the City Council.

Section 707. ADMINISTERING OATHS.

Each department head and his or her deputies shall have the power to administer oaths and affirmations in connection with any official business pertaining to his or her department.

Section 709. ACCEPTANCE OF OTHER OFFICE.

Any elective officer of the City who shall accept or retain any other elective public office, except as provided in this Charter, shall be deemed thereby to have vacated his or her office under the City government.

Section 710. NEPOTISM.

The City Council shall not appoint to a salaried position under the City government any person who is a relative by blood or marriage within the third degree of any one or more of the members of such City Council, nor shall the City Manager or any department head or other officer having appointive power appoint any of his or her relatives, or any relative of a Council member, within such degree to any such position.

Section 711. OFFICIAL BONDS.

The City Council shall fix by ordinance or resolution the amounts and terms of the official bonds of all officials or employees who are required by this Charter or by ordinance to give such bonds. All bonds shall be executed by responsible cor-

porate surety, shall be approved as to form by the City Attorney, and shall be filed with the City Clerk. Premiums on official bonds shall be paid by the City.

In all cases wherein an employee of the City is required to furnish a faithful performance bond, there shall be no personal liability upon, or any right to recover against, his or her superior officer or other officer or employee, or the bond of the latter, unless such superior officer, or other officer or employee is a party to, or has conspired in, the wrongful act causing directly or indirectly such loss.

Section 1201. ANNUAL BUDGET. PREPARATION BY THE CITY MANAGER.

At such date as the City Manager shall determine, each board or commission and each department head shall furnish to the City Manager, personally, or through the Director of Finance, estimates of revenue and expenditures for his or her department or for such board or commission for the ensuing fiscal year, detailed in such manner as may be prescribed by the City Manager. In preparing the proposed budget, the City Manager shall review the estimates, hold conferences thereon with the respective department heads, boards or commissions as necessary, and may revise the estimates as he or she may deem advisable.

Charter Chapter 8—City of Oakland

Amendments to the Charter of the City of Oakland

[Filed with the Secretary of State February 13, 2001.]

Section 26000(a) is added to Article XXVI to read as follows:

(a) Notwithstanding any other provision of this Article XXVI, active members of PFRS shall be permitted to terminate their membership in PFRS and become members of the California Public Employees' Retirement Systems ("PERS") (hereinafter referred to as "transfer to PERS"); provided that active members may transfer to PERS only if the following occur:

- (1) the City Council authorizes the transfer to PERS; and
- (2) the PFRS Board authorizes transfer of PFRS retirement funds representing the employer and employee contributions to PFRS for each PFRS member who exercises the option to transfer to PERS.

The decision to authorize the transfer to PERS shall be based on the City Council's sole judgment and discretion. The City shall have absolutely no obligation to authorize such transfer and the City Council's decision shall be final and binding and without recourse to a court of law, section 910 of the City Charter, which provides for binding interest arbitration, or any other administrative, contractual or legal avenue or remedy.

The decision of the PFRS Board to authorize transfer of PFRS retirement funds to PERS as described above, shall be based upon the board's sole judgment and discretion exercised in accordance with board members' fiduciary obligations, the prudent person standard, the provisions of Article XXVI of the City Charter, the California Constitution and other applicable law.

Section 2615(1) of Article XXVI is amended to read as follows:

No member of the System who is retired for service or disability under this Article shall hold an elective or appointive position in the service of the City of Oakland, including membership on Boards or Commissions, except that retired members of the Police and Fire Departments may serve on the Police and Fire Retirement Board as provided in Section 2601, nor shall any such person receive any payment for service rendered to the City, provided that service such as an election officer or juror shall not be affected by this section.

Notwithstanding any other provision of this section 2615 or this City Charter, retired members of the System may hold employment with the City pursuant to a Deferred Retirement Option Plan ("DROP") authorized by the City. DROP shall mean a program under which, after the effective date of a System member's retirement, (1) he/she continues to work for the City (a) for a period of time prescribed by the City and (b) in the position and assignment determined by the City in its sole judgment and discretion; (2) neither the City nor the System member makes retirement contributions; (3) the System member receives no service credit for the period of time he/she is employed by the City; and (4) the System member's monthly retirement allowances are paid into a fund established by PFRS until the member terminates his/her City employment. DROP is intended to encompass all types of DROP programs.

Section 107 is amended to read:

Section 107. Form of Government.

The government provided by this Charter shall be known as the Mayor-Council form of government.

Section 207 is amended to read:

Section 207. Powers of the Council.

The Council shall be the governing body of the City. It shall exercise the corporate powers of the City and, subject to the expressed limitations of this Charter, it shall be vested with all powers of legislation in municipal affairs adequate to provide a complete system of local government consistent with the Constitution of the State of California. It shall have no administrative powers. The council shall fix the compensation of all City employees, officers and officials except as otherwise provided by the Charter.

Section 218 is amended to read:

Section 218. Non-Interference in Administrative Affairs.

Except for the purpose of inquiry, the Council and its members shall deal with the administrative service for which the City Manager, Mayor and other appointed or elected officers are responsible, solely through the City Manager, Mayor or

such other officers. Neither the Council nor any Council member shall give orders to any subordinate of the City under the jurisdiction of the City Manager or such other officers, either publicly or privately; nor shall they attempt to coerce or influence the City Manager or such other officers, in respect to any contract, purchase of any supplies or any other administrative action; nor in any manner direct or request the appointment of any person to or his removal from office by the City Manager, or any of his subordinates or such other officers, nor in any manner take part in the appointment or removal of officers or employees in the administrative service of the City. Violation of the provisions of this section by a member of the Council shall be a misdemeanor, conviction of which shall immediately forfeit the office of the convicted member.

Section 405 is deleted in its entirety.

Section 701 is amended to read:

Section 701. Board of Port Commissioners.

The exclusive control and management of the Port Department is hereby vested in the Board of Port Commissioners, which shall be composed of seven (7) members who shall be appointed by the Council, upon nomination by the Mayor.

No person shall be appointed as, or continue to hold office as, a member of the Board who is not at the time of his appointment, and has not been continuously for thirty (30) days immediately preceding his appointment, and who shall not continue to be during his term, a bona fide resident of the City of Oakland.

The Members of the Board shall serve without salary or compensation.

Section 809 is amended to read:

Section 809. Annual Audit.

Council shall engage during the first month of each fiscal year an independent certified public accountant who shall examine and report to the Council on the annual financial statement of the City. He shall have free access to the books, records, inventories and reports of all officers and employees who receive, handle, or disburse public funds, and of such other officers, employees, or departments as the Council may direct. He shall submit his audit as soon as practicable after the closing of the books for the fiscal year for which he is engaged. Copies of such audit reports shall be filed with the Council, and shall be available for public inspection and review.

Section 906 is deleted in its entirety.

Section 1208 is amended to read:

Section 1208. Violation.

The violation of any provision of the Charter shall be deemed a misdemeanor and be punishable upon conviction in the manner provided by State Law, unless otherwise expressly provided for in this Charter.

Section 1213 is amended to read:

Section 1213. Sunset Provision.

At the general election to be held in November, 2004, the City Council shall cause to be placed on the ballot a proposed Charter amendment the sole effect of

which, if passed, shall be to retain the changes made to the Charter that relate specifically to the 1998 adoption of Measure X. If that proposed Charter amendment is put before the voters and not passed, then all of said changes to the Charter shall lapse and have no further effect.

Certified to be a true copy by Ignacio De La Fuente, President of the City Council, and Ceda Floyd, City Clerk.

Date of Election: November 7, 2000.

Charter Chapter 9—City of Signal Hill

Charter of the City of Signal Hill

[Filed with the Secretary of State February 23, 2001.]

We, the People of the City of Signal Hill, State of California, do ordain and establish this Charter as the organic law of the City under the Constitution of the State of California.

ARTICLE I. INCORPORATION AND SUCCESSION

SECTION 100. Name and Boundaries.

The City of Signal Hill, hereinafter termed the City, shall continue to be a municipal corporation under its present name of “City of Signal Hill.” The boundaries of the City shall be the boundaries as established at the time this Charter takes effect, and as such boundaries may be changed thereafter from time to time in the manner authorized by law.

SECTION 101. Succession, Rights and Liabilities.

The City of Signal Hill, shall continue to own, possess and control all rights and property of every kind and nature owned, possessed or controlled by it at the time this Charter takes effect and shall continue to be subject to all its debts, obligations, liabilities and contracts.

SECTION 102. Ordinances.

All lawful ordinances, resolutions, rules and regulations, and portions thereof, in force at the time this Charter takes effect, and not in conflict or inconsistent herewith, are hereby continued in force until they are repealed, amended, changed or superseded by proper authority.

SECTION 103. Continuance of Present Officers and Employees.

The present officers and employees of the City shall continue to perform the duties of their respective offices and employments without interruption and for the same compensations and under the same conditions until the appointment or election and qualification of their successors, but subject to removal, amendment, change, or control provided by the provisions of this Charter. Nothing contained in this Charter, unless specifically otherwise provided herein, shall affect or impair the civil service, personnel, pension, or retirement rights or privileges of officers

or employees of the City, or of any office, department, or agency thereof, existing at the time this Charter takes effect.

SECTION 104. Continuance of Contracts.

Except with respect to the term of certain franchises as provided in Section 918, all contracts entered into by the City or for its benefit prior to the effective date of this Charter and then in effect, shall continue in full force and effect according to their terms.

SECTION 105. Pending Actions and Proceedings.

No action or proceeding, civil or criminal, filed and pending at the time this Charter takes effect, brought by or against the City or any officer, office, department or agency thereof, shall be affected or abated by the adoption of this Charter or by anything contained in the Charter, but all such actions or proceedings may be continued notwithstanding that functions, powers, and duties of any officer, office, department or agency a party thereto, may be assigned or transferred by or under this Charter to another officer, office, department or agency, but in that event the same may be prosecuted or defended by the head of the office, department or agency to which such functions, powers and duties have been assigned or transferred by or under this Charter.

SECTION 106. Seal.

The City shall have an official seal, which may be changed from time to time by ordinance. The seal of the City at the time this Charter takes effect shall continue to be the official seal of the City until changed as provided herein.

SECTION 107. Validity.

If any article, sections, sentence, clause or portion of this Charter is for any reason held to be invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions thereof.

SECTION 108. Effective Date of Charter.

This Charter shall take effect upon its approval by the Legislature after it has been ratified by the qualified voters of the City in the manner set forth in the Constitution of the State of California.

SECTION 109. Amendment.

Any proposal for the amendment, revision, or repeal of this Charter or any portion thereof may be proposed by majority vote of the city council, or by initiative by the People of the City of Signal Hill. No such proposal shall be effective until approved by a majority vote of the voters voting at an election on the question, and until filed with the Secretary of State of the State of California. In the event of any conflict between this section and Article XI, § 3 of the California Constitution, as may be amended, the latter shall govern.

ARTICLE II. POWERS OF CITY

SECTION 200. Powers.

The City shall have the power to make and enforce all laws and regulations in respect to municipal affairs, subject only to such restrictions and limitations as may be provided in this Charter and in the Constitution of the State of California. The City shall also have the power to exercise, or act pursuant to any and all rights, powers, privileges or procedures, heretofore, or hereafter established, granted or prescribed by any law of the State, by this Charter, or by other lawful authority, or which a municipal corporation might or could exercise, or act pursuant to, under the Constitution of the State of California. The enumeration in this Charter of any particular power shall not be held to be exclusive of, or any limitation upon, the generality of the foregoing provisions. This Charter shall be liberally construed to vest the City with all legal authority and powers necessary to protect the health, safety, and general welfare of all of the citizens of the City.

SECTION 201. Procedures.

The City shall have the power to and may act pursuant to any procedure established by any law of the State, unless a different procedure is required by this Charter.

SECTION 202. Form of Government.

The municipal government established by this Charter shall be known as the “Council-Manager” form of government.

SECTION 203. Intergovernmental Relations.

The City may exercise any of its authority and may perform any of its powers jointly, or in cooperation with, one or more other cities, counties, states, the United States, or any political subdivisions, civil divisions, or agencies thereof, or any other governmental entity.

SECTION 204. Establishment of Specialized Agencies or Authorities.

The City shall have the power to establish a redevelopment agency, housing authority, economic development authority, special district, or other agency or authority of specialized expertise or application to the full extent as may be permitted by state or federal law, in order to carry out the business of the City or otherwise advance the health, safety, or general welfare of its citizens. All specialized agencies created by the City and in existence on the effective date of this Charter shall continue to perform their duties and operate pursuant to their existing legal authority, unless and until the city council may otherwise provide by ordinance or resolution.

SECTION 205. Reserved.

ARTICLE III. ELECTED OFFICERS

SECTION 300. Powers Vested in the city council.

All powers of the City shall be vested in the city council except as otherwise provided in this Charter.

SECTION 301. Officers.

The elective officers of the City shall consist of a city clerk, a city treasurer, and a city council of five members, one of whom shall be the mayor. Each elected officer shall be elected from the City at large and shall be all of the following: (i) a citizen of the United States; (ii) 18 years of age or older; and (iii) a registered voter and resident of the City for at least 29 days prior to the date of filing nomination papers. Each elected officer shall continue to reside in the City for the duration of his or her tenure. Subject to the requirements provided in this Charter, all elected officers shall serve for a term of four years and until their respective successors are elected and qualified.

The five members of the city council in office at the time this Charter takes effect shall continue in office until the termination of their current terms.

Those city councilmembers who are serving existing terms as of the effective date of this Charter and who were elected at the March 4, 1997 general municipal election shall serve terms until no later than the third Tuesday in March, 2001. Those city councilmembers who are serving existing terms as of the effective date of this Charter and who were elected at the March 2, 1999 general municipal election shall serve terms until no later than the third Tuesday in March, 2003. All city council offices filled by general municipal election occurring after the effective date of this Charter shall be for a term of four years, and shall be elected at the general municipal election each fourth year thereafter.

The term of each member of the city council shall commence on the third Tuesday of March in the year in which they are elected. Ties in voting among candidates for office shall be settled by drawing by lot or by special election as the City Council shall determine by ordinance or resolution to be conducted pursuant to procedures which may be established by ordinance. City council may, by ordinance or resolution passed no later than thirty (30) days prior to election, determine whether ties in voting among candidates shall be settled by drawing by lot, by special election, or by other means.

SECTION 302. The Mayor; Vice Mayor.

At the first regular city council meeting following a general municipal election in which newly elected councilmembers are sworn and seated, and at the first regular city council meeting following the anniversary of that date for any year in which no general municipal election is held, the city council shall designate one of its members as mayor and one of its members as vice mayor, whom shall serve in such capacity at the pleasure of the city council. The vice mayor shall perform the duties of the mayor during any period of the mayor's absence or disability.

The mayor shall be the head of the City for all ceremonial purposes. The mayor shall serve as the primary, but not exclusive, spokesperson of the City. The mayor shall perform such other duties consistent with his or her office as may be prescribed by this Charter, or as may be imposed by the city council.

SECTION 303. Eligibility.

No person shall be eligible to hold an elective office unless he or she is, at the time of issuance of nomination papers for the elective office, an elector of the City, or of territory annexed thereto. Any elective officer of the City who shall accept or retain any other elective public office, or any other public office whose duties are incompatible with the duties of a member of the city council of the City, except as may be otherwise provided by this Charter, shall be deemed thereby to have vacated his or her office under the City government.

SECTION 304. Compensation.

The members of the city council shall receive such compensation for their services as may be established by ordinance. Those members of city council in office on the effective date of this Charter shall continue to be compensated at the level of compensation effective immediately prior to the effective date of this Charter, and shall continue to be compensated at such level for the remainder of their terms. No ordinance of the city council shall increase the compensation of any member of the council during that member's term of office, provided that nothing herein shall prevent the adjustment of the compensation of all members of a council serving staggered terms whenever one or more members of such council becomes eligible for a salary increase by virtue of beginning a new term of office. Each member of the city council shall receive reimbursement on order of the city council for council-authorized traveling and other expenses when on official duty.

SECTION 305. Vacancies.

If a member of the city council is absent from all regular meetings of the city council for a period of 60 days consecutively from and after the last regular city council meeting attended by such member, unless such absence is by permission of the city council expressed in its official minutes, or is convicted of any felony, any offense involving a violation of his or her official duties, or a crime involving moral turpitude, or ceases to be an elector of the City, the office shall become vacant. The city council shall declare the existence of any such vacancy, and the office shall be deemed vacant from the date of such declaration.

A vacancy in the city council, from whatever cause, may be filled by appointment by a majority of the remaining members of the city council, or by special election. Any person appointed or elected to fill a vacancy in the city council shall serve the remaining unexpired term of the office. In the event it shall fail to fill a vacancy by appointment within forty-five days after such office shall become vacant, the city council shall cause an election to be held forthwith to fill such vacancy. If city council calls a special election to fill the vacancy, the city council may make an interim appointment to fill the vacancy until the date of the special election. The times and procedures for the calling of any special election to fill a city council vacancy may be established by ordinance.

SECTION 306. Interference in Administrative Service.

Except as otherwise provided in this Charter, neither the city council nor any of its members shall interfere with the execution by the city manager of his or her powers and duties. Except for the purpose of inquiry, the city council and its members shall deal with the administrative service under the city manager solely through the city manager, and neither the city council nor any member thereof shall give orders to any subordinates of the city manager, either publicly or privately.

SECTION 307. Regular Meetings.

Unless otherwise provided by ordinance, or resolution of the city council, the city council shall hold regular meetings at least twice each month. City council meetings shall be held at such times as it shall fix by ordinance or resolution and the city council may adjourn or readjourn any regular meeting to a date and hour certain which shall be specified in the order of adjournment and when so adjourned each adjourned meeting shall be a regular meeting for all purposes. If the hour to which a meeting is adjourned is not stated in the order of adjournment, such meeting shall be held at the hour for holding regular meetings. If at any time any regular meeting falls on a holiday, such regular meeting shall be held on the next business day.

SECTION 308. Special Meetings.

Special meetings may be called at any time by the mayor, or by three members of the city council, by written notice delivered personally to each member at least twenty-four hours before the time specified for the proposed meeting. A special meeting may also be validly held without the giving of such written notice, if required to be held by this Charter or if all members shall give their consent, in writing, to the holding of such meeting and such consent is on file in the office of the city clerk at the time of such meeting. At any special meeting only such matters may be acted upon as are referred to in such written notice or consent.

SECTION 309. Place of Meetings.

Unless otherwise provided by ordinance or resolution of the city council, all meetings shall be held in the council chambers of the city hall, or in such place to which any such meeting may be adjourned, and except for any closed sessions permitted under the laws of the State of California shall be open to the public. If, by reason of fire, flood or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place as is designated by the mayor, or, if he or she is unable or should fail to act, by three members of the city council.

SECTION 310. Quorum; Proceedings.

Three members of the city council shall constitute a quorum to do business, but a less number may adjourn from time to time. In the absence of all the members of the city council from any regular meeting or adjourned regular meeting, the city clerk may declare the meeting adjourned to a stated day, hour, and place. Notice of a meeting adjourned by less than a quorum or by the clerk shall be given by the

clerk or may be waived by consent in the same manner as specified in this Charter for the giving or waiving of notice of special meetings of the city council, but need not specify the matters to be acted upon. The city council shall judge the qualifications of its members as set forth by the Charter. It shall judge all election returns. It may establish rules for the conduct of its proceedings and evict or prosecute any member or other person for disorderly conduct at any of its meetings, or for violation of the rules for conduct of city council proceedings.

Each member of the city council shall have the power to administer oaths and affirmations in any investigation or proceeding pending before the city council. The city council shall have the power and authority to compel the attendance of witnesses, to examine them under oath and to compel the production of evidence before it. Subpoenas may issued by the city council in the name of the City and be attested by the city clerk. Disobedience of such subpoenas, or the refusal to testify (upon other than constitutional grounds), shall constitute a misdemeanor, and shall be punishable in the same manner as violations of this Charter are punishable.

SECTION 311. Citizen Participation.

No person shall be denied the right, personally or through counsel, to address the city council at any regular meeting regarding any item within its subject matter jurisdiction. City council may, by ordinance or resolution, impose reasonable regulations on the exercise of such right to preserve the orderly nature of its proceedings.

SECTION 312. Adoption of Ordinances.

With the sole exception of ordinances which take effect upon adoption, referred to in this article, all ordinances shall be first introduced by the city council, and shall be adopted no sooner than five days after the date of their introduction. All ordinances shall be introduced, deliberated, and passed upon at a regular, adjourned regular or special meeting of the city council. At the time of its introduction, an ordinance shall become a part of the proceedings of such meeting, and a copy of the introduced ordinance shall be kept in the custody of the city clerk. At the time of adoption of an ordinance, it shall be read in full, unless after the reading of the title thereof, the further reading thereof is waived by unanimous consent of the councilmembers present. In the event that any ordinance is altered after its introduction, the same shall not be finally adopted except at a regular or adjourned regular meeting held not less than five days after the date upon which such ordinance was so altered. The correction of typographical or clerical errors shall not constitute the making of an alteration within the meaning of the foregoing sentence.

No order for the payment of money shall be adopted or made at any meeting other than a regular, adjourned regular, or special meeting.

Unless a higher vote is required by other provisions of this Charter, or by the laws of the State of California which supersede this Charter, the affirmative votes of at least three members of the city council shall be required for the enactment of

any ordinance, or for the making or approving of any order for the payment of money, or for entering into any contract where the amount to be paid by the City exceeds fifty thousand dollars (\$50,000), or such other amount as the city council may establish by ordinance. All ordinances shall be signed by the mayor and attested by the city clerk. Resolutions shall also be signed by the mayor, and attested by the city clerk.

Any ordinance declared by the city council to be necessary as an emergency measure for preserving the public peace, health or safety, and containing a statement of the reasons for its urgency, may be introduced and adopted at one and the same meeting if passed by at least four affirmative votes.

SECTION 313. Ordinances, Publication.

The city clerk shall cause each ordinance or a summary of each ordinance to be published at least once in a newspaper of general circulation in the City or by such other method of publication permitted by the then-existing law, within fifteen days after its adoption.

SECTION 314. Codification of Ordinances.

Any or all ordinances of the City which have been enacted and published in the manner required at the time of their adoption, and which have not been repealed, may be compiled, consolidated, revised, indexed and arranged as a comprehensive ordinance code, and such code may be adopted by reference, with the same effect as an ordinance, by the passage of an ordinance for such purpose. Such code need not be published in the manner required for other ordinances, but not less than three copies thereof shall be filed for use and examination by the public in the office of the city clerk prior to the adoption thereof. Amendments to the code shall be enacted in the same manner as ordinances.

Detailed regulations pertaining to the construction of buildings, plumbing and wiring, mechanical devices, abatement of dangerous buildings, or similar matters consisting of part of a uniform code adopted by the County of Los Angeles, or generally adopted on a state-wide or region-wide basis, when arranged as a comprehensive code, may likewise be adopted by reference to the full extent permitted by the general laws of the State of California, and pursuant to procedures established therein. Maps, charts and diagrams also may be adopted by reference in the same manner.

SECTION 315. Ordinances, When Effective.

No ordinance shall become effective until thirty days from and after the date of its adoption, except the following, which shall take effect immediately upon adoption:

- (a) An ordinance calling or otherwise relating to an election.
- (b) An improvement proceeding ordinance adopted under some special law or procedural ordinance relating thereto.
- (c) An ordinance declaring the amount of money necessary to be raised by taxation, or fixing the rate of taxation, or levying the annual tax upon property.

(d) An emergency ordinance adopted in the manner provided for in this article.

SECTION 316. Ordinances; Violation; Penalty.

The city council may designate the violation of any ordinance of the City to constitute a misdemeanor or an infraction. Unless specifically designated as an infraction, a violation of any ordinance of the city shall constitute a misdemeanor and may be prosecuted in the name of the people of the State of California or may be redressed by civil action. The maximum fine or penalty for any violation of a city ordinance, whether a misdemeanor or an infraction, shall be as established by ordinance, resolution, or minute order of the city council.

SECTION 317. Publishing of Legal Notices.

The city clerk shall cause all legal notices to be published in a newspaper of general circulation within the City or by such other method of publication permitted by the then-existing law, pursuant to procedures which may be adopted by the city council by ordinance or resolution.

In the event there is no newspaper of general circulation published and circulated in the City, then all legal notices or other matter may be published by posting copies thereof in at least three public places in the City, or by such other method of publication permitted by the then-existing law.

No defect or irregularity in proceedings taken under this section, or failure to designate an official newspaper, shall invalidate any publication where the same is otherwise in conformity with this Charter, an ordinance, or other law.

SECTION 318. City Clerk, Powers and Duties.

There shall be a city clerk who shall have power and shall be required to:

(a) Attend in person or through authorized representative, all meetings of the city council and be responsible for the recording and maintaining of a full and true record of all of the proceedings of the city council in books that shall bear appropriate titles and be devoted to such purpose.

(b) Maintain records, in which shall be recorded respectively all ordinances, with the certificate of the clerk annexed to each thereof stating the same to be the original or a correct copy, and as to an ordinance requiring publication, stating that the same has been published or posted in accordance with this Charter; and keep all books properly indexed and open to public inspection when not in actual use.

(c) Have the responsibility for records management of official actions of the city council, including contracts, bonds, deeds, and other recorded instruments.

(d) Be the custodian of the seal of the City.

(e) Administer oaths or affirmations, take affidavits and depositions pertaining to the affairs and business of the City and certify copies of official records.

(f) Be ex-officio assessor, unless the city council has availed itself, or does in the future avail itself, of the provisions of the general laws of the State relative to the assessment of property and the collection of city taxes by county officers, or unless the city council by ordinance provides otherwise.

(g) Serve as the election official of the City and have charge of all City elections.

(h) Serve as the City's agent for service of process.

(i) Perform such other duties consistent with this Charter as may be required by ordinance or resolution of the city council.

Any duties of the city clerk can be assigned by the city clerk to the city manager or the deputy city clerk. The city clerk shall receive such compensation for his or her services as may be established by ordinance. The city clerk in office on the effective date of this Charter shall continue to be compensated at the level of compensation effective immediately prior to the effective date of this Charter, and shall continue to be compensated at such level for the remainder of his or her term. The city clerk shall receive reimbursement on order of the city council for council-authorized traveling and other expenses when on official duty.

SECTION 319. City Treasurer, Powers and Duties.

There shall be a city treasurer who shall have the legal responsibility to:

(a) Receive and safely keep all money which is transmitted to the City or any of its officers and issue a receipt to the payor for each remittance received.

(b) Comply with all laws governing the deposit and securing of public funds and the handling of trust funds in his or her possession.

(c) Prepare as of the end of each day a summary of the moneys received, which summary shall state the fund into which the payments have been credited and the source thereof, and submit the same to the finance director.

(d) Pay out money only on warrants signed by legally designated persons.

(e) Submit to the finance director a written report at the end of each month accounting for all moneys received and disbursements made during such month and setting forth the fund balances as of the end of such month and file a copy of such report with the city clerk whom shall present the same to the city council at its next regularly scheduled meeting.

(f) Perform such other duties consistent with this Charter as may be required by the city council.

Any duties of the city treasurer can be assigned by the city treasurer to the director of finance. The city treasurer shall receive such compensation for his or her services as may be established by ordinance. The city treasurer in office on the effective date of this Charter shall continue to be compensated at the level of compensation effective immediately prior to the effective date of this Charter, and shall continue to be compensated at such level for the remainder of his or her term. The city treasurer shall receive reimbursement on order of the city council for council-authorized traveling and other expenses when on official duty.

ARTICLE IV. CITY COUNCIL APPOINTED OFFICERS;
CITY MANAGER AND CITY ATTORNEY

SECTION 400. City Manager.

There shall be a city manager who shall be the chief administrative officer of the city. The city council shall appoint, by an affirmative vote of at least three of its members, the person that it believes to be best qualified on the basis of his or her executive and administrative qualifications, with special reference to experience in, and knowledge of, accepted practice with respect to the duties of the office as set forth in this Charter. The city manager shall serve at the pleasure of the city council.

SECTION 401. Eligibility.

No person shall be eligible to receive appointment as city manager while serving as a member of the city council nor within one year after he or she has ceased to be a member of the city council.

SECTION 402. Compensation and Bond.

The city council shall be authorized to enter into a contract of employment with the city manager. The city manager shall have no vested or procedural rights in connection with his or her employment as city manager, except as may be granted by city council through contract or otherwise. The city manager shall be paid a salary commensurate with his or her responsibilities as chief administrative officer of the city, which salary shall be established by ordinance or resolution, or by contract with the city manager.

The city manager shall furnish a corporate surety bond conditioned upon the faithful performance of his or her other duties in such form and in such amount as may be determined by the city council.

SECTION 403. City Manager, Powers and Duties.

The city manager shall be the head of the administrative branch of the city government. The city manager shall be responsible to the city council for, and shall have jurisdiction over, the proper administration of all affairs of the City except those delegated by this Charter to the city attorney or other appointive boards or commissions. Without limiting the foregoing general grant of powers, responsibilities and duties, the city manager shall have power and be required to:

(a) Appoint, suspend or remove, subject to the provisions of this Charter including the personnel system provisions thereof, officers of the City except elective officers and those department heads and officers the power of whose appointment is vested by this Charter in the city council or in other appointive boards or commissions, and approve or disapprove all proposed appointments and removals of subordinate employees by those department heads who are appointed by the city manager.

(b) Prepare the budget annually, submit such budget to the city council and be responsible for its administration after its adoption.

(c) Prepare and submit to the city council as of the end of the fiscal year a comprehensive report on the finances and administrative activities of the City for the preceding fiscal year.

(d) Keep the city council advised of the financial condition and future needs of the City and make such recommendations as may seem appropriate.

(e) Prepare rules and regulations governing the contracting for, purchasing, storing, distribution, or disposal of all supplies, materials and equipment required by any office, department or agency of the city government and recommend them to the city council for adoption.

(f) See that the laws of the State pertaining to the City, the provisions of this Charter and the ordinances of the City are enforced.

(g) Prescribe such general rules and regulations as he or she may deem necessary or proper for the general conduct of the administrative offices and departments of the City under his or her jurisdiction, and exercise control of all such administrative offices and departments and the officers and employees thereof.

(h) Perform such other duties consistent with this Charter as may be required by the city council.

SECTION 404. Meetings.

The city manager or his or her designated representative shall attend all city council meetings, and may attend all meetings of other boards and commissions, and shall be entitled to participate in their deliberations, but shall not have a vote.

SECTION 405. Removal.

The city manager shall not be removed from office during or within a period of ninety days next succeeding any municipal election at which a member of the city council is elected. At any other time the city manager may be removed only at a regular meeting of the city council and upon the affirmative votes of at least three members of the city council. In removing the city manager, the city council shall have absolute discretion, and its actions shall be final. The city manager shall not have any procedural rights entitling him or her to a hearing or other notice prior to termination, except as may be provided by ordinance or contract.

SECTION 406. Interim City Manager.

The city manager may appoint one of the officers or department heads of the City, or any other qualified person, to serve as interim city manager during the temporary absence or disability of the city manager. In the event of the death, resignation or dismissal of the city manager, the city council may appoint any qualified person to act as interim city manager pending the appointment of a new city manager.

SECTION 407. City Attorney.

There shall be a city attorney, who shall be appointed by and serve at the pleasure of the city council. An affirmative vote of three members of the city council shall be required to appoint or remove the city attorney. To become and

remain eligible for city attorney the person appointed shall be an attorney-at-law duly licensed as such under the laws of the State of California, and shall have been engaged in the practice of municipal law for at least five years prior to his or her appointment.

SECTION 408. City Attorney, Powers and Duties.

The city council is authorized to enter into a contract with the city attorney. The city attorney shall have no vested or procedural rights in connection with his or her employment as city attorney, except as may be granted by city council, through ordinance, contract or otherwise. The city attorney shall have power and be required to:

(a) Represent and advise the city council and all city officers in all matters of law pertaining to their offices.

(b) Represent and appear for the City in any or all actions or proceedings in which the City is concerned or is a party, and represent and appear for any city officer or employee, or former city officer or employee, in any or all actions and proceedings in which any such officer or employee is concerned or is a party for any act arising out of his employment or by reason of his or her official capacity.

(c) Attend all meetings of the city council and give advice or opinions in writing whenever requested to do so by the city council or by any of the boards or officers of the City.

(d) Approve the form of contracts made by and bonds given to the City, and all deeds or covenants recorded for or on behalf of the City.

(e) Approve any and all proposed ordinances and resolutions for the City and amendments thereto.

(f) Surrender to his or her successor all books, papers, files and documents pertaining to the City's affairs.

(g) Prosecute on behalf of the people of the City any or all criminal cases arising from violation of this Charter or city ordinances, and such State misdemeanors as the City has the power to prosecute.

(h) Recommend and oversee the hiring and supervise the work of any and all other attorneys employed by the City to perform legal work on any litigation or other matter, or to otherwise assist the city attorney.

(i) To otherwise serve as the legal counselor to the City, and to perform other duties consistent with the Charter, as directed by the city council.

ARTICLE V. OFFICERS AND EMPLOYEES

SECTION 500. Administrative Departments.

The city council may provide, by ordinance not inconsistent with this Charter, for the organization, conduct and operation of the several offices and departments of the City as established by this Charter, for the creation of additional departments, divisions, offices and agencies and for their consolidation, alteration or abolition. Each new department created by the city council shall be headed by an

officer as department head who shall be appointed and may be suspended or removed by the city council.

All department heads shall be at-will employees, all of whom shall be appointed to serve at the pleasure of the city council, and shall have no procedural hearing rights on termination, but shall be entitled to all vested compensation and benefits at the time of termination, provided, however, that nothing in this Charter shall change the status or rights of any existing officer or employee.

The city council, by ordinance or resolution, may assign additional functions or duties to offices, departments or agencies not inconsistent with this Charter. Where the positions are not incompatible, the city council may combine in one person the powers and duties of two or more offices created or authorized by this Charter. No office provided in this Charter to be filled by appointment by the city manager may be consolidated with an office to be filled by direct appointment by the city council. The city council shall provide for the number, titles, qualifications, powers, duties and compensation of all officers and employees.

SECTION 501. Director of Finance.

There shall be a director of finance who shall be appointed by the city council, and whose appointment, suspension or removal shall be made by the city council. The director of finance shall be qualified by sufficient technical accounting training, skill, and experience to be proficient in the discharge of the responsibilities of the office. The director of finance shall have power and shall be required to:

- (a) Serve as the chief fiscal officer of the City.
- (b) Have charge of the administration of the financial affairs of the City under the direction of the city manager, and to assist and advise the city council and city manager in all matters pertaining to City finances.
- (c) Compile annual expense and income estimates for the city manager.
- (d) Maintain a general accounting system for the City government and each of its offices, departments and agencies, and perform all financial and accounting duties.
- (e) Supervise and be responsible for the disbursement of all moneys and have control of all expenditures to insure that budget appropriations are not exceeded; audit all purchase orders before issuance; audit and approve before payment, all bills, invoices, payrolls, demands or charges against the City government and, with the advice of the city attorney, when necessary, determine the regularity, legality and correctness of such claims, demands or charges.
- (f) Submit to the city council through the city manager a periodic statement of all receipts and disbursements in sufficient detail to show the exact financial condition of the City; and, as of the end of each fiscal year, submit a complete financial statement and report.
- (g) Supervise the keeping of current inventories of all property of the City by all City departments, offices and agencies.

(h) Receive all taxes, assessments, license fees and other revenues of the City, or for whose collection the City is responsible, and receive all taxes or other money receivable by the City from the county, state or federal government, or from any court, or from any office, department or agency of the City.

(i) Submit to the city manager and city council an annual Statement of Investment Policy, which Statement shall comply with all of the provisions of the State Constitution and laws of the State governing the handling, depositing and securing of public funds and which shall be adopted by resolution of the city council.

(j) Have custody of all public funds belonging to or under control of the City or any office, department or agency of the City government and deposit all funds coming into his or her hands in such depository as designated in the City's Municipal Code as the same may be amended from time to time, and to invest such funds in accordance with the City of Signal Hill Statement of Investment Policy, as such Statement may be amended from time to time.

(k) Prepare and submit to the city manager and city council a monthly report which shall include information regarding the City's outstanding investments, a statement of the city's compliance with the Statement of Investment Policy, and such other information as required in the Statement of Investment Policy, as the same may be amended from time to time.

(l) Perform such other duties consistent with this Charter as may be required by the city council.

SECTION 502. Chief of Police.

There shall be a chief of police who shall be appointed by the city council, and whose appointment, suspension or removal shall be made by the city council. The chief of police shall have the power conferred upon sheriffs by general law and be entitled to the same protection for the suppression of riot, public tumult, disturbance of the peace or resistance against the laws or public authorities in the lawful exercise of their function and shall be required to:

(a) Execute and return all process issued and directed to him by legal authority.

(b) Manage the prisoners and any City jail established by the city council.

(c) Receive the same fees as constables for service or any process.

(d) Perform any license fee and tax collection services prescribed by ordinance.

(e) Maintain a detailed and up-to-date record of all fees for service of process or other money collected by his or her department or paid to him or her in his or her official capacity.

(f) Immediately deposit with the city treasurer all money collected by his or her department as required by ordinance.

(g) Perform such other duties consistent with this Charter as may be required by the city council.

SECTION 503. Administering Oaths.

Each department head and his or her deputies shall have the power to administer oaths and affirmations in connection with any official business pertaining to his or her department.

SECTION 504. Department Heads; Appointment Powers.

Each department head and appointive officer shall have the power to appoint, suspend or remove such deputies, assistants, subordinates and employees as are provided for by the city council for his or her department or office, subject to the provisions of this Charter and of any personnel system adopted hereunder. Any such appointment or removal by a department head shall be subject to approval of the city manager.

SECTION 505. Official Bonds.

The city council shall fix by ordinance or resolution the amounts and terms of the official bonds of all officials or employees who are required by ordinance to give such bonds. All bonds shall be executed by responsible corporate surety, shall be approved as to form by the city attorney, and shall be filed with the city clerk. Premiums on official bonds shall be paid by the City.

There shall be no personal liability upon, or any right to recover against, a superior officer, or his bond, for any wrongful act or omission of his subordinate, unless such superior officer was a party to, or conspired in, such wrongful act or omission.

SECTION 506. Compensation.

The city council shall determine, by ordinance, resolution, or contract the amount of compensation to be paid to all City officers, department heads, and employees.

SECTION 507. Indemnification of Employees.

Upon request by any employee or former employee of the City named in any claim or action against him or her for an injury arising out of an act or omission occurring within the scope of his or her employment as an employee of the City, made in writing not less than ten (10) days before the trial of the action, and so long as the employee or former employee cooperates reasonably and in good faith in the defense of the claim or action, the City shall pay any judgment based thereon or any compromise or settlement of the claim or action to which the City has agreed. Where the City conducts the defense of the claim or action pursuant to an agreement with the employee or former employee, reserving the City's rights not to pay the judgment, compromise, or settlement until it is established the injury arose out of act or omission occurring within the scope of his or her employment as a City employee, the City shall be required to pay the judgment, compromise, or settlement only if it is established the injury arose out of an act or omission occurring within the scope of his or her employment as a City employee. The City may indemnify any employee or former employee for any part of a claim or judgment that is for punitive or exemplary damages only upon a vote to do so by a majority of the membership of the city council.

ARTICLE VI. APPOINTIVE BOARDS AND COMMISSIONS

SECTION 600. In General.

There shall be the following enumerated boards and commissions which shall have the powers and duties herein stated: A planning commission, a parks and recreation commission, and a civil service commission. In addition, the city council may create by ordinance or resolution such additional advisory boards or commissions as in its judgment are required, and may grant to them such powers and duties as are consistent with the provisions of this Charter.

SECTION 601. Appropriations.

The city council shall include in its annual budget such appropriations of funds as in its opinion shall be sufficient for the efficient and proper functioning of such boards and commissions. The city council may, by ordinance or resolution, set reasonable fees and charges for defraying the costs of hearings or other administrative proceedings of the City's appointive boards and commissions.

SECTION 602. Appointments; Terms.

The members of each of such boards or commissions shall be appointed by the mayor, with the approval of the city council. Unless otherwise provided by ordinance, each member shall be all of the following: (i) a citizen of the United States; (ii) 18 years of age or older; and (iii) a registered voter and resident of the City for at least 29 days prior to the date of appointment. Each member shall continue to reside in the City for the duration of his or her tenure. No member shall hold any paid office or employment in the City government. They shall serve at the pleasure of the city council, and shall be subject to removal by motion of the city council adopted by at least three affirmative votes. The members shall serve for a term of four years, unless city council by ordinance or resolution establishes a different term, and until their respective successors are appointed and qualified. The respective terms of office of all members of the boards and commissions in existence at the time this Charter takes effect shall continue upon the effective date of this Charter.

SECTION 603. Meetings; Chair.

As soon as practicable, following the first day of every calendar year, or such other time as may be designated by resolution of the city council, each of such boards and commissions shall organize by electing one of its members to serve as chair and by electing one of its members to serve as vice-chair at the pleasure of such board or commission. Unless otherwise provided by ordinance or in the rules of proceeding promulgated by the applicable board or commission, each board or commission shall hold regular meetings at least once each month, and may hold special meetings as such board or commission may require. All proceedings shall be open to the public, except for such closed sessions as may be authorized by law, and shall be conducted in accordance with open meeting laws of the State of California.

Except as may be otherwise provided in this Charter, the city manager shall designate a secretary for the recording of minutes for each of such boards and

commissions, who shall keep a record of its proceedings and transactions and shall provide staff support for such board or commission. Each board or commission shall be governed by Roberts Rules of Order except that each board or commission may by resolution adopt such other rules and regulations which shall be consistent with this Charter, as each may deem appropriate. Copies of all such resolutions shall be kept on file in the office of the city clerk, where they shall be available for public inspection. The city council may by ordinance or resolution grant to board or commission the same power as the city council to compel the attendance of witnesses, to examine them under oath, to compel the production of evidence before it and to administer oaths and affirmations.

SECTION 604. Compensation.

Unless otherwise provided by ordinance, the members of boards and commissions shall serve without compensation for their services as such, but may receive reimbursement for necessary traveling and other expenses incurred on official duty when such expenditures have received authorization by the city council.

SECTION 605. Removal; Vacancies.

Any member of a board or commission may be removed at any time by a vote of a majority of the membership of the city council and, notwithstanding any other provision of this section mandating city council consideration of removal of a board or commission member, removal may be with or without cause. The issue of whether to declare the office of a board or commission member vacant shall be brought before the city council as follows:

- (a) Upon the resignation of the board or commission member;
- (b) Upon the request of any member of the city council;
- (c) Upon excessive absenteeism, to be defined as absence from three consecutive meetings of such board or commission or for twenty five percent (25%) of the duly scheduled meetings of the board or commission within any fiscal year, unless by permission of such board or commission expressed in its official minutes;
- (d) Upon conviction of any felony or crime of moral turpitude;
- (e) If the member of the board or commission ceases to be an elector of the City;
- (f) Failure of the board or commission member to file a financial disclosure statement as may be required by State law or city ordinance; or
- (g) Such other reason as the city council may determine.

The city council may declare the office of any board or commission member vacant, and the vacancy shall be effective from the date of the declarant unless otherwise specified in the declaration.

Any vacancies in any board or commission shall be filled by appointment by the mayor, with the approval of the city council. Upon a vacancy occurring which leaves an unexpired portion of a term, any appointment to fill such vacancy shall be for the unexpired portion of such term.

SECTION 606. Indemnification of Members of Boards and Commissions.

Upon request by any member or former member of any appointed board or commission established pursuant to this article named in any claim or action against him or her for an injury arising out of an act or omission occurring within the scope of his or her duties as a member of such board or commission of the City, made in writing not less than ten (10) days before the trial of the action, and so long as the member cooperates reasonably and in good faith in the defense of the claim or action, the City shall pay any judgment based thereon or any compromise or settlement of the claim or action to which the City has agreed. Where the City conducts the defense of the claim or action pursuant to an agreement with the member or former member of such board or commission, reserving the City's rights not to pay the judgment, compromise, or settlement until it is established the injury arose out of act or omission occurring within the scope of his or her duties as a member of such board or commission, the City shall be required to pay the judgment, compromise, or settlement only if it is established the injury arose out of an act or omission occurring within the scope of his or her duties as a member of such board or commission. The City may indemnify any member or former member of such board or commission for any part of a claim or judgment that is for punitive or exemplary damages only upon a vote to do so by a majority of the membership of the city council.

SECTION 607. Planning Commission.

There shall be a planning commission consisting of five members. There shall be a director of community development whose duties shall be established by ordinance, resolution, or regulation, and who shall be the recording secretary for the planning commission. The director of community development, or his or her designated representative shall attend all planning commission meetings. The planning commission may meet with and receive advice from the city attorney as it or the city attorney may deem necessary. The planning commission shall have all of the following powers and duties, which powers and duties may be modified by ordinance of the city council:

- (a) All duties set out in the California Planning and Zoning Law for a planning agency.
- (b) After public hearing, recommend to the city council any amendment to the general plan or any part thereof, or any zoning ordinance amendments.
- (c) Exercise authority granted to it by ordinance over subdivisions, use permits, or other matters not inconsistent with this Charter.
- (d) Make recommendations to the city council concerning public works.
- (e) Perform other duties specified by the city council not inconsistent with this Charter.

SECTION 608. General Land Use Authority.

The City of Signal Hill is a small unique community that is economically independent, prides itself in personalized service to the residents and business community that it serves, and a community which has created and works to

maintain a high degree of livability for its residents. The City's unique topography, advantageous location near major transportation corridors and hubs, including airport and port facilities, and significant undeveloped property caused by the historic devotion of the land to oil production give the City the potential of being the best planned and most desirable community in the area. At the same time, the transition from an industrial community devoted to oil production to a balanced community known for its livability presents unique challenges. It is the goal of the City to maintain a portion of its industrial legacy, to develop housing for all segments of the population, and to promote commercial development both of a regional character, to establish a sound financial base, and of a neighborhood character, to service the needs of those who work and reside in the City. In promoting "balance" and "livability" it is the goal of the City that residents be able to reside, work, purchase goods, and services, attend school, recreate, and otherwise enjoy a decent and good living in Signal Hill.

Except as otherwise provided by ordinance of the city council the City shall have the full power to enact regulatory land use measures, including but not limited to the following:

(a) Creation of a general plan for the long-term growth and orderly development of the City consistent with the foregoing policies.

(b) Creation of a zoning ordinance in conformity with the general plan which provides the City's general land use regulations.

(c) Enact specific plans, redevelopment agreements, and other similar matters for the regulation and development of land.

(d) Abate public nuisances which depreciate property values.

(e) Make determinations pursuant to the California Environmental Quality Act.

(f) Regulate oil uses and the operation and abandonment of oil wells, pipelines and appurtenant facilities.

(g) Approve the subdivision and resubdivision of property.

(h) Establish a site design and review process to approve individual applications for development to assure quality and compatibility with adjacent uses.

(i) Establish procedures to approve conditional uses, variances and other land use entitlements.

(j) Establish regulations governing the use of property.

(k) Establish measures to mitigate for the impacts of development on adjacent property and the City generally through land use regulations, requirements that the developer provide appropriate infrastructure improvements, impact mitigation fees, assessments for construction of infrastructure improvements and similar measures.

(l) Condition development to provide for the maintenance in a first class condition of all improvements through recorded covenant agreements, assessments and other measures to assure new development is adequately maintained and pays its fair share of the costs imposed.

SECTION 609. Parks and Recreation Commission.

There shall be a parks and recreation commission consisting of five members. The parks and recreation commission shall have all of the following powers and duties, which powers and duties may be modified by ordinance of the city council:

- (a) Act in an advisory capacity to the city council and the city manager.
- (b) Communicate to public officials and the general public the leisure-time needs, facilities, and services of the citizens of the City, so that adequate support may be obtained for programs therefor.
- (c) Recommend general policies concerning all parks and recreation properties, facilities, plans, programs, and activities. It may also recommend a long-range program for the improvement, acquisition, and development of parks and recreation facilities and for the extension of services.
- (d) Perform other duties specified by the city council not inconsistent with this Charter.

SECTION 610. Civil Service Commission.

There shall be a civil service commission whose powers and duties shall be as set forth in Article VII below.

ARTICLE VII. PERSONNEL SYSTEM**SECTION 701. Personnel Rules and Policies.**

The city council may by ordinance establish a system of personnel rules and policies, governing the terms of employment of any or all employees of the City.

The personnel rules and policies may govern, without limitation, the following aspects of the personnel system:

- (a) Classification of employment by employment position between exempt and non-exempt appointments, and determination of “at will” categories of employment positions.
- (b) The preparation, installation, revision and administration of a position classification plan covering all positions in the competitive service.
- (c) The preparation, installation, revision and administration of a plan of compensation corresponding to the position classification plan, providing a rate or range of pay for each class.
- (d) The public announcement of examinations and application for and acceptance of applications for employment and establishing of criteria related thereto.
- (e) The preparation and administration of examinations and the establishment and use of resulting employment lists containing names of persons eligible for appointment.
- (f) The certification and appointment of persons from employment lists, and the making of temporary, emergency, and provisional appointments.
- (g) The establishment of hours of work, attendance and leave regulations, training programs, benefits, conduct guidelines and other conditions of work.

(h) The evaluation of employees during the probationary period and at periodic intervals.

(i) The development of employees' morale, welfare, training, and safety.

(j) The establishment and maintenance of suitable methods of effective communication between employees and their supervisors; between employees and the city manager; and between employees and the city council, relating to conditions of employment in the city service, and the establishment and maintenance of the city's employee-employer relations program consistent with the letter and intent of State law and the City's employee Memoranda of Understanding.

(k) The transfer, promotion, demotion, reinstatement, separation, or any other change of status of employees in the competitive service.

(l) The discipline of employees.

(m) A system or systems for submission to and review by the civil service commission, city manager, city council, personnel manager or other designated person or persons, of designated types of discipline and personnel decisions, for fact-finding, recommendations, final decision or other designated purposes or effects.

(n) The development and administration of policies which assure an unbiased work environment and fully protect the rights of each employee.

(o) The maintenance and use of necessary records and forms, including payroll certification.

(p) The system for any employee-selected board members to be elected and for the board to conduct its business established by the personnel rules.

SECTION 702. Civil Service Commission.

There shall be a civil service commission consisting of five members, unless the city council by ordinance provides for a different number of members, or provides for the discontinuance or dissolution of the civil service commission entirely, in favor of some other board or alternative procedure for the review and recommendation of issues arising under the personnel system. The rules and regulations for appointment of members to the civil service commission shall be as determined by ordinance of the city council. The civil service commission may meet with and receive advice from the city attorney, as it or the city attorney may deem necessary. The civil service commission shall have the following powers and duties, which powers and duties may be modified by ordinance of the city council:

(a) Conduct hearings in accordance with personnel rules and policies adopted by the city council, and make findings and recommendations thereon.

(b) Certify to the appointing power a list, established by the personnel officer, of all persons eligible for appointment to the appropriate position in the classified service. The list shall be established on the basis of merit and fitness ascertained so far as practicable by competitive examination. The commission shall have available to it any and all documents, tests, examinations, work samples, or any combinations thereof which will, in the opinion of the Commission, demonstrate

the fair and impartial administration of the examination process by the personnel officer.

(c) Make recommendations to the city council on amendments to the personnel rules and policies.

(d) Conduct investigations regarding hearings pending before it.

(e) Have the power to compel the attendance of witnesses and the production of documents by way of subpoena, and to examine witnesses appearing before it.

(f) Perform other duties specified by the city council not inconsistent with this Charter.

SECTION 703. Hearings Before Civil Service Commission.

City council may by ordinance establish rules and regulations governing the presentation and hearing of protests, grievances, or questions arising under the personnel system before the civil service commission. Any person aggrieved by any action of the civil service commission may appeal such action to the city council, according to procedures which shall be established by ordinance. The decision of the city council in any such appeal shall be final.

SECTION 704. Contracts with Employees.

The City may enter into any contracts or collective bargaining agreements with its employees, and shall meet and confer with the duly authorized representative of such employees regarding wages, hours and other terms and conditions of employment to be included in any such agreement. If any provision of the general law of the State of California imposes a mandated benefit for employees of general law cities, then so long as that benefit is so mandated for employees of general law cities, the same benefit shall be extended to all employees of the City that would otherwise qualify for the benefit under the general law.

SECTION 705. California Public Employees Retirement System.

Plenary authority under this Charter shall be vested in the City and the city council, and by delegation of the city council, to its several officers, agents, and employees, to do all acts and exercise all authority granted, permitted, or required to enable the City to continue as a contracting city under the California Public Employees Retirement System.

SECTION 706. Termination of California Public Employees Retirement System.

The city council may terminate the contract with the Board of Administration of the California Public Employees Retirement System (CalPERS) only as provided herein. The city council may initiate proceedings for termination of the contract with the Board of Administration of CalPERS by passage of a resolution of intention to do so, and not less than one year after passage of the resolution of intention, by placing an ordinance ordering the termination of the ballot for a vote by the People of Signal Hill. Any action to place such an ordinance on the ballot shall require a vote of two-thirds of the membership of the city council. If the ordinance is passed by a majority vote of the voters voting in an election on the

question, the city clerk shall forward a certified copy of the ordinance so approved to the Board of Administration of (CalPERS) for processing and finalization of the termination.

SECTION 707. Eligibility for Appointed Office.

No person holding or retaining any elective public office, and no person holding any appointed office whose duties are incompatible with the duties to be discharged for the City, shall be eligible for appointment as city manager, city attorney, or a member of any appointed board or commission. No person shall be eligible for appointment as city manager, city attorney, or a member of any appointed board or commission who is a relative by blood or marriage within the third degree of any one or more members of the city council. The city manager, respective department heads, and all other persons empowered by this Charter or ordinance to appoint any person to any appointed position in the City government shall not appoint any person who is a relative by blood or marriage within the third degree of the person making the appointment.

SECTION 708. Illegal Contracts; Financial Interest; Incompatible Employment.

No member of the city council, department head or other officer of the City (except a member of any board or commission), shall be financially interested, directly or indirectly, in any contract, sale or transaction to which the City is a party. No member of any board or commission shall be financially interested, directly or indirectly, in any contract, sale or transaction to which the City is a party and which comes before the board or commission of which such person is a member for approval or other official action or which pertains to the department, office or agency of the City with which such board or commission is connected. Any contract, sale or transaction in which there shall be such an interest, as specified in this section, shall become void at the election of the City when so declared by resolution of the city council. The general laws of the State of California shall be used in determining what constitutes a financial interest for the purpose of this section, which general laws may be supplemented or modified by regulations of the city council adopted by ordinance. If any member of the city council, department head or other officer of the City, or member of a board or commission shall be financially interested as aforesaid, upon conviction thereof he or she shall forfeit his or her office in addition to any other penalty which may be imposed for such violation of this Charter. No city councilmember, department head, or other officer or employee of the City shall engage in any employment activity or enterprise which is inconsistent, incompatible, or in conflict with his or her duties with the City. The city council may, by ordinance, resolution, or regulation, adopt rules for determining those outside activities which are inconsistent, incompatible, or in conflict with the official duties for the City for the various offices or employment positions involved.

ARTICLE VIII. ELECTIONS

SECTION 800. General Municipal Elections.

General municipal elections for the election of city councilmembers and for such other purposes as the city council may prescribe shall be held in the City on March 6, 2001, and on the first Tuesday in March in each odd numbered year thereafter.

SECTION 801. Special Municipal Elections.

All other municipal elections that may be held by authority of this Charter, or of any law, shall be known as special municipal elections.

SECTION 802. Procedure for Holding Elections.

Unless otherwise provided by ordinance, all elections shall be held in accordance with the provisions of the Elections Code of the State of California, as the same now exist or hereafter may be amended, for the holding of municipal elections, so far as the same are not in conflict with this Charter.

SECTION 803. Initiative, Referendum and Recall.

There are hereby reserved to the electors of the City the powers of the initiative and referendum and of the recall of municipal elective officers. The provisions of the Elections Code of the State of California, as the same now exist or hereafter may be amended, governing the initiative and referendum and the recall of municipal officers, shall apply to the use thereof in the City so far as such provisions of the Elections Code are not in conflict with the provisions of this Charter.

ARTICLE IX. FISCAL ADMINISTRATION AND CONTRACTS

SECTION 900. Fiscal Year.

The fiscal year of the City government shall be as specified by ordinance of the City Council.

SECTION 901. Annual Budget; Preparation by the City Manager.

At such date as the city manager shall determine, each department head shall furnish to the city manager estimates of revenue and expenditures for the respective department, detailed in such manner as may be prescribed by the city manager. In preparing the proposed budget, the city manager shall review the estimates, hold conferences thereon with the respective department heads, and may revise the estimates.

SECTION 902. Budget, Submission to City Council.

At least thirty days prior to the beginning of each fiscal year, the city manager shall submit to the city council the proposed budget. After reviewing the proposed budget and making such revisions as it may deem advisable, the city council shall determine the time for the holding of a public hearing thereon and shall cause to be published a notice thereof not less than ten days prior to said hearing. Copies of the proposed budget shall be available for inspection by the public in the office of the city clerk at least ten days prior to said hearing.

SECTION 903. Budget, Public Hearing.

At the time and place specified in the notice, the city council shall hold a public hearing on the proposed budget, at which interested persons shall be given the opportunity to be heard and present evidence. The hearing may be continued from time to time by the city council.

SECTION 904. Budget Adoption.

After the conclusion of the public hearing the city council shall make any revisions of the proposed budget it may deem appropriate. On or before the first date of the fiscal year, the city council shall adopt the budget for that fiscal year by resolution. If because of an emergency the city council does not adopt the budget in a timely fashion, one-twelfth of the amount of the total prior fiscal year's budget may be expended each month until the budget is adopted, provided that, if the city manager's estimates project a decrease in revenues from the prior fiscal year, the amount which may be expended in any month shall be reduced by one-twelfth of the total revenue decrease projected. A copy of the approved budget, certified by the city clerk, shall be filed with the director of finance and treasurer and a further copy shall be placed, and shall remain on file, in the office of the city clerk where it shall be available for public inspection. The budget so certified shall be reproduced and copies made available for the use of the public and of departments, offices and agencies of the City.

SECTION 905. Budget, Appropriations.

From the effective date of the budget, the several amounts stated therein as proposed expenditures shall be and become appropriated to the several departments, offices and agencies for the respective objects and purposes stated. All appropriations shall lapse at the end of the fiscal year to the extent that they shall not have been expended or lawfully encumbered.

At any meeting after the adoption of the budget, the city council may by resolution amend or supplement the budget by motion adopted by the affirmative votes of at least three members so as to authorize the transfer of unused balances appropriated for one purpose to another purpose, or to appropriate available funds not included in the budget, or to cancel any appropriation not expended or encumbered.

SECTION 906. Tax Authority and Limits.

(a) Except as may be otherwise specifically provided in this Charter, the City shall have the full power to enact any taxes, assessments, fees, or any other measures for the purpose of raising revenue which charter cities in the State of California may enact, including, but not limited to business and license tax, franchise tax, sales and use tax, property tax, oil barrel tax, hazardous waste facility tax, and transient occupancy tax. The City may levy assessments on property for special benefits, capital construction and maintenance. The City may impose fees and charges for services and benefits received, including franchise fees, or to mitigate impacts caused by any activity, business, enterprise or development.

(b) The city council shall not levy a property tax for municipal purposes, except as otherwise provided in this section, in excess of the maximum amount permissible to the City on the effective date of this Charter, unless authorized by the affirmative votes of two-thirds of those electors voting on a proposition to increase such levy at any election at which the question of such additional levy for municipal purposes is submitted to the electors, or unless authorized for general law cities under the general laws of the State of California.

(c) There may be levied and collected at the same time and in the same manner as other property taxes for municipal purposes are levied and collected, in addition to the above limit, a tax sufficient to meet all liabilities of the City for principal and interest of all bonds and judgments due and unpaid, or to become due during the ensuing fiscal year, which constitute general obligations of the City.

(d) Special levies, in addition to the above limits, may be made annually for the purposes, within the limits, and to the extent that cities may make special levies in addition to their general tax limit, under the codes and statutes of the State as they may exist from time to time. The proceeds of any such special levy shall be used only for the respective purposes for which it is levied.

(e) The city council is specifically authorized to regulate municipal finance and adopt ordinances, resolutions and orders within the municipal affairs of the City, and to void enactments of the State of California contrary thereto, except as otherwise provided by the State Constitution.

SECTION 907. Tax Procedure.

All such taxes, assessments and fees shall be imposed, levied, and collected as prescribed by ordinance of the city council, and in accordance with the State Constitution.

SECTION 908. Bonded Debt Limit.

The City shall not incur an indebtedness for municipal improvements which exceeds in the aggregate fifteen percent of the assessed value of all real and personal property of the City. Within the meaning of this Section, "indebtedness" means bonded indebtedness of the City payable from the proceeds of taxes levied upon taxable property in the City.

The City shall not incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also provision to constitute a sinking fund for the payment of the principal thereof, on or before maturity, which shall not exceed forty years from the time of contracting the same.

SECTION 909. Revenue Retention.

Any revenues raised and collected by the City shall not be subject to subtraction, retention, attachment, withdrawal or any other form of involuntary reduction by another level of government.

No person, whether elected or appointed, acting on behalf of the City, shall be required to perform any function which is mandated by any other level of government, unless and until funds sufficient for the performance of such function are provided by said mandating authority.

SECTION 910. Presentation of Demands.

All claims for damages against the City shall be governed by the general laws of the State of California, so far as such general laws are applicable. For all claims not otherwise covered by the general laws of the State of California, all claims for damages against the City must be verified and presented to the city clerk within ninety days after the occurrence, event or transaction from which the damages allegedly arose, or within such shorter time as is otherwise provided by law, and shall set forth in detail the name and address of the claimant, the time, date, place and circumstances of the occurrence and the extent of the injuries or damages sustained. All such claims shall be approved or rejected by order of the city council and the date thereof given. City council may delegate its authority to reject claims to the city manager, city attorney, risk manager or other appropriate officer or department head. Any claim not approved or rejected by the city council within forty-five days of presentation of the claim to the city clerk shall be deemed rejected by operation of law.

All other demands against the City must be in writing and may be in the form of a bill, invoice, payroll, or formal demand. Each such demand shall be presented to the director of finance within ninety days after the last item of the account or claim accrued, but claims presented after ninety days may be honored in the discretion of the director of finance. The director of finance shall examine all claims presented. If the amount thereof is legally due and there remains on the books an unexhausted balance of an appropriation against which the same may be charged, the demand shall be approved and a warrant drawn therefor, payable out of the proper fund. Otherwise the claim shall be rejected, but any such rejection may be overruled by the city council.

All such demands must be approved by either the director of finance or the city manager. The director of finance shall transmit all demands, whether endorsed as approved or rejected, and warrants, if any, to the city council. If a demand is not one for an item included within an approved budget appropriation, prior to approval it shall require an amendment to the budget authorizing such payment. Any person dissatisfied with the city's refusal to approve any demand, in whole or in part, may present the same to the city council which, after examining into the matter, may approve or reject the demand in whole or in part.

SECTION 911. Registering Warrants.

Warrants which are not paid for lack of funds shall be registered. All registered warrants shall be paid in the order of their registration when funds therefor are available and may bear interest from the date of registration at such rate as shall be fixed by the city council by resolution.

SECTION 912. Actions Against City.

No suit shall be brought for money or damages against the City or any board, commission or officer thereof until a claim or demand for the same has been presented as provided herein and such claim and demand has been rejected in whole or in part. If rejected in part suit may be brought to recover the whole. The city attorney shall respond to any such suit on behalf of the City.

SECTION 913. Independent Audit.

The city council shall employ, at the beginning of each fiscal year, a qualified certified public accountant who shall, at such time or times as may be specified by the city council, and at such other times as the accountant shall determine, examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds and of all such other officers, employees or departments as the city council may direct. As soon as practicable after the end of the fiscal year, a final audit and a report shall be submitted by such accountant to the city council, one copy thereof to be distributed to each member, one to the city manager, director of finance and general services, and city attorney, respectively, and sufficient additional copies of the audit shall be placed on file in the office of the city clerk where they shall be available for the general public.

SECTION 914. Purchasing Ordinance.

The city council may, by ordinance, establish procedures for the procurement of supplies, services, construction of public works, and the like. Such ordinance may provide requirements and procedures for competitive bidding, except that no competitive bidding shall be required for sole source contracts, contracts for professional services, or contracts undertaken in response to emergency situations. Such ordinance may also establish standards or qualifications for the screening of contractors or providers of goods and services by a prequalification process, so that in specified circumstances factors other than price may be considered, and a competitive registration process may be utilized based upon demonstrated competence and qualifications in planning, design, development, finance, construction, maintenance, improvement, repair and operational characteristics. The purchasing ordinance shall also establish criteria for insurance, bonding, liability, transferability, changes, terms, enforcement and other factors.

SECTION 915. Contracts; Execution.

The City shall not be bound by any contract, except as hereinafter provided, unless it is in writing, approved by the city council and signed on behalf of the City by the mayor and city clerk or by such other officer or officers as shall be designated by the city council. Any of said officers may sign a contract on behalf

of the City when directed to do so by ordinance, resolution, or other order of the city council.

By ordinance or resolution the city council may authorize the city manager to bind the City, with or without a written contract, including by purchase order, for the acquisition of equipment, materials, supplies, labor, services or other items included within the budget approved by the city council, and may impose a monetary limit upon such authority.

The city council may by ordinance or resolution provide a method for the sale or exchange of personal property not needed in the City service or not fit for the purpose for which intended, and for the conveyance of title thereto.

Contracts for the sale of the products, commodities or services of any department or public utility owned, controlled or operated by the City may be made by the manager of such utility or by the head of the department or the city manager upon forms approved by the city manager and at rates fixed by the city council.

The provisions of this section shall not apply to services rendered by any person in the employ of the City.

Any easement, deed, covenant or other document subject to recordation shall be approved by the city council and city attorney provided that by ordinance or resolution the city council may delegate its authority therefor, and the authority to execute such documents, to the city manager.

SECTION 916. Granting of Franchises.

Any person, firm or corporation furnishing the City or its inhabitants with transportation, communication, terminal facilities, water, light, heat, electricity, gas, power, oil pipelines, television, refrigeration, storage or any other public utility or service, or using the public streets, ways, alleys or for the operation of plants works or equipment for the furnishing thereof, or traversing any portion of the City for the transmitting or conveying of any such service elsewhere, may be required by ordinance to have a valid and existing franchise therefor. The city council is empowered to grant such franchise to any person, firm or corporation, whether operating under an existing franchise or not, and to prescribe the terms and conditions of any such grant. It may also provide, by procedural ordinance, the method of procedure and additional terms and conditions of any such grant or the making thereof, all subject to the provisions of this Charter. Nothing in this section, or elsewhere in this article, shall apply to the City, or to any department thereof, when furnishing any such utility or service.

SECTION 917. Resolution of Intention to Grant Franchise; Notice and Public Hearing.

Unless otherwise provided by ordinance of the city council, before granting any franchise, the city council shall pass a resolution declaring its intention to grant the same, stating the name of the proposed grantee, the character of the franchise and the terms and conditions upon which it is proposed to be granted. Such resolution shall fix and set forth the day, hour and place when and where any persons having any interest therein or any objection to the granting thereof may appear

before the city council and be heard thereon. It shall direct the city clerk to publish said resolution at least once, within fifteen days of the passage thereof, in a newspaper of general circulation in the City. Said notice shall be published at least ten days prior to the date of hearing.

At the time set for the hearing the city council shall proceed to hear and pass upon all protests and its decision thereon shall be final and conclusive. Thereafter it may by ordinance grant the franchise on the terms and conditions specified in the resolution of intention to grant the same, subject to the right of referendum of the people, or it may deny the same. If the city council shall determine that changes should be made in the terms and conditions upon which the franchise is proposed to be granted, a new resolution of intention shall be adopted and like proceedings had thereon. In connection with granting any franchise, city council may set and collect any franchise fee it deems reasonable, so long as such fee is not arbitrary or confiscatory.

SECTION 918. Term of Franchise.

Every franchise shall state the term for which it is granted, which shall not exceed fifteen years. Any franchise agreement entered into by the City and effective on the effective date of this Charter, whose term extends beyond twenty years after the effective date of this Charter, shall continue in effect for a period of fifteen years beyond the effective date of the Charter, and no further, provided that any franchisee whose franchise is in effect on the effective date of this Charter may seek an extension of the franchise from city council beyond the fifteen year limit, which city council may grant if it finds the fifteen year limit would impair the franchisee's ability to realize a reasonable return on investment of funds invested prior to the effective date of this Charter, in reliance on the franchise. City council may promulgate rules and regulations for the making and consideration of applications for such extensions of franchises.

SECTION 919. Franchise Inapplicable to City.

No franchise requirement of the City shall apply to the City, nor any subdivision, department, or division thereof.

SECTION 920. Eminent Domain.

No franchise grant shall in any way, or to any extent, impair or affect the right of the City to acquire the property of the grantee thereof either by purchase or through the exercise of the right of eminent domain, and nothing therein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the City's right of eminent domain with respect to any public or private utility. In such a proceeding, no value shall be assigned to the franchise rights themselves, but only to any fixtures or equipment, or other interests arising out of the exercise of the franchise rights, as may be compensable under the general laws of the State of California.

Charter Chapter 10—City of Vallejo

Amendments to the Charter of the City of Vallejo

[Filed with the Secretary of State February 26, 2001.]

SECTION 300 IS AMENDED TO READ AS FOLLOWS:

Section 300 Elective Offices.

The elective officers of the City shall be the Mayor and six Councilmembers.

SECTION 301 IS AMENDED TO READ AS FOLLOWS:

Section 301 Qualifications.

No person shall be eligible to or continue to hold any elective office of the City, either by election or appointment, unless he/she is an elector thereof or of territory lawfully annexed thereto for at least thirty (30) days next preceding the last day for filing of nomination papers as fixed by applicable State law, or an equivalent number of days prior to his/her appointment. The residency requirement provided herein shall apply with equal force to write-in candidates.

SECTION 302 IS AMENDED TO READ AS FOLLOWS:

Section 302 Term of Office.

Each elective officer shall hold office for a term of four (4) years from and after 7:00 p.m. of the first Tuesday in December next succeeding the general municipal election at which he/she was elected, and until his/her successor is elected and qualified.

SECTION 302.1 IS AMENDED TO READ AS FOLLOWS:

Section 302.1 Limitation of Terms of Office.

No elective officer of the City may hold office for more than two consecutive four-year terms as either Mayor or Councilmember, nor serve in both offices of Mayor and Councilmember for longer than three consecutive four year terms. No person who has held an elective office, or acted as an elected officer for more than two years of a term to which some other person was elected shall be elected to an elective office more than two consecutive subsequent terms. Any person who has served the maximum number of terms as set forth in this Section shall not serve again until at least two years have passed since his/her last date of holding office.

SECTION 303 IS AMENDED TO READ AS FOLLOWS:

Section 303 Vacancies, Filling of.

Any vacancy occurring in the office of Councilmember during an elected term of office (due to resignation, disqualification, inability to serve or death) shall be filled first by the unsuccessful candidate from the most recent general election receiving the next highest number of votes still remaining on the list of eligibles if the person is available, accepts and is qualified to serve. If no one on the list of eligibles is available, accepts or is ruled unqualified to serve, the Council, by majority vote of the remaining members, shall appoint a qualified person to fill the vacancy. Any such appointee shall hold office until 7:00 p.m. on the first Tuesday in December next succeeding the date of the next general municipal election and until his/her successor qualifies. At the next general municipal election following

any vacancy, a successor shall be elected to serve the remainder of the unexpired term. Whenever a vacancy exists in the office of Mayor during an elected term of office (due to resignation, disqualification, inability to serve or death), the vacancy shall be filled by the Vice Mayor. The Vice-Mayor shall serve a term limited by the existing procedures now being utilized by the Council to elect a Vice-Mayor. At the next general or “special” municipal election following any vacancy, a successor shall be elected to serve the remainder of the unexpired term.

SECTION 304 IS AMENDED TO READ AS FOLLOWS:

Section 304 Vacancy, What Constitutes.

An elective office shall be declared vacant by the Council when the person elected or appointed thereto fails to qualify within fifteen days after his/her certificate of election or appointment has been received, dies, resigns, ceases to be a resident of the City, is absent continuously from the City for a period of more than thirty days without permission from the Council, misses three consecutive regular meetings of the Council without permission from the Council, is convicted of a felony, is judicially determined to be incompetent, forfeits the office under any provision of this Charter, or is removed from office by judicial procedure.

SECTION 305 IS AMENDED TO READ AS FOLLOWS:

Section 305 Compensation.

The Mayor and each Councilmember shall receive the compensation heretofore fixed by Charter until changed by Charter amendment or ordinance. Such compensation fixed by ordinance shall not exceed the amount which the City Council of a general law city, of comparable population, can prescribe under the provisions of State law. In addition, the Mayor and each Councilmember shall receive reimbursement for itemized routine and ordinary expenses incurred in official duty or such reasonable and adequate, as identified in the city’s Administrative Rules, in an amount as may be established by ordinance, which amount shall be deemed to be reimbursement to them of routine and ordinary expenses imposed upon them by virtue of their office.

SECTION 306 IS AMENDED TO READ AS FOLLOWS:

Section 306 Mayor’s Allowance.

In addition, the Mayor shall receive for use in the discharge of the duties and obligations of the office, an allowance to be fixed by ordinance, payable in equal monthly installments, for which vouchers need not be furnished.

SECTION 307 IS AMENDED TO READ AS FOLLOWS:

Section 307 Council.

The Council shall be composed of the Mayor and six Councilmembers. The Council shall be the governing body of the City. All powers of the City shall be vested in the Council except as otherwise provided by law or in this Charter.

SECTION 308 IS AMENDED TO READ AS FOLLOWS:

Section 308 Meetings of the Council.

At 7:00 p.m. on the first meeting in December following each regular municipal election, the Council shall meet at the established Council meeting place, at which

time and place the newly elected Members of Council shall assume the duties of their office. Thereafter, the Council shall meet at least forty (40) times before the next meeting in December following and the Council shall meet at least two (2) times each month. A schedule of regular meetings shall be adopted at the first meeting in December each year for a period of two (2) years hence. Special meetings may be held at the regular place of meeting, either on the call of the Mayor, or on the request of three Members of Council upon twenty-four (24) hours' written notice to each member of the Council. Such notice shall be personally served or left at a place which shall be designated by each Member of Council, provided, however, that such notice may be waived by the written consent of all the members of the Council. Regular meetings may be held at places other than the regular meeting place only in an emergency in which the regular meeting place is untenable, or upon the posting of a public notice at the regular meeting place that the Council is hereby meeting elsewhere, to be designated on the notice, for some purpose of public convenience. Special meetings may be held at locations in the City other than the regular meeting place as determined appropriate by the Council and specified in the notice calling for the special meeting. All regular or special sessions of the Council shall be open to the public, except for executive sessions permitted by law.

SECTION 319 IS AMENDED TO READ AS FOLLOWS:

Section 319 The Vice-Mayor.

At its first meeting in December of each year, the Council shall elect from amongst its members a Vice-Mayor who shall serve for a term of one year and until a successor is elected by the Council. In addition to the regular duties as a Member of Council, the Vice-Mayor shall perform the duties of the Mayor during the Mayor's absence or disability, and may perform at any time any duty of the office of the Mayor as may be delegated by the Mayor.

Article IV

Officers Appointed by the Council

SECTION 400 IS AMENDED TO READ AS FOLLOWS:

Section 400 City Manager.

There is hereby created the office of City Manager, who shall be the chief executive and administrative officer of the City. He/She shall be appointed by resolution approved by at least a majority of all the members of the Council solely on the basis of proven executive and administrative qualifications. He/She must be a citizen of the United States, need not when appointed be a resident of the City or State, but shall become a resident of the City within 90 days after the appointment, and remain a resident during his/her tenure. No member of the Council shall be eligible for appointment as City Manager or acting City Manager during the term for which he/she was elected or for one year thereafter. The City Manager shall have the duties and powers prescribed by this Charter or by ordinance.

SECTION 401 IS AMENDED TO READ AS FOLLOWS:

Section 401 City Attorney.

There shall be a City Attorney, appointed by the Council, who shall serve as legal advisor to the Council, the City Manager, and all City departments, offices and agencies, shall represent the City in legal proceedings, and shall perform other duties as directed by the Council. He/She shall have been at the time of his/her appointment admitted to practice and engaged in the practice of law in the State of California. The Council may appoint, or empower the City Attorney, at his/her request to employ, without regard to civil service provisions, special legal counsel, appraisers, engineers, and other technical and expert services necessary for the handling of any pending or proposed litigation, proceeding, or other legal matter.

SECTION 407 IS AMENDED TO READ AS FOLLOWS:

Section 407 Removal of Appointive Personnel.

d. Before the City Manager may be finally removed, he/she may file with the Council a written request for a public hearing. This hearing shall be held at a Council meeting not earlier than 15 days nor later than 30 days after the request is filed. The City Manager may file a written reply with the Council not later than five days before the hearing.

SECTION 408 IS AMENDED TO READ AS FOLLOWS:

Section 408 Acting City Manager.

By letter filed with the City Clerk, the City Manager shall designate (if this classification or position exists and the Manager desires), and subject to approval of the Council, the Assistant City Manager to exercise the powers and perform the duties of the City Manager during his/her temporary absence or disability. The Council may revoke such designation at any time and appoint another officer of the City to serve until the City Manager shall return or his/her disability shall cease; provided, however, that the Council shall designate an acting City Manager pending a new appointment whenever the position is vacant for any other cause.

Article V

City Manager

SECTION 500 IS AMENDED TO READ AS FOLLOWS:

Section 500 Powers and Duties of City Manager.

The City Manager shall be the chief administrative officer of the City. He/She shall be responsible to the Council for the administration of all City affairs placed in his/her charge by or under this Charter or by ordinance not contrary to this Charter. He/She shall have the following powers and duties:

a. He/She shall appoint, and when he/she deems it necessary for the good of the service, suspend or remove all City employees and appointive administrative officers provided for by or under this Charter, except as otherwise provided by law or this Charter. He/She may authorize any administrative officer who is subject to his/her direction and supervision to exercise these powers with respect to subordinates in that officer's department, office or agency.

b. He/She shall direct and supervise the administration of all departments, offices and agencies of the City, except as otherwise provided by this Charter or by law.

c. He/She shall attend all Council meetings unless excused due to temporary absence or disability. In the event of such absence or disability, a designated representative shall attend the Council meetings on the City Manager's behalf. The City Manager or designated representative shall have the right to take part in discussion, but may not vote.

d. He/She shall see that all laws, provisions of this Charter, and acts of the Council, subject to enforcement by him or by officers subject to his/her direction and supervision, are faithfully executed.

e. He/She shall prepare and submit the annual budget and capital program to the Council.

f. He/She shall submit to the Council and make available to the public a complete report on finances and administrative activities of the City as of the end of the fiscal year.

g. He/She shall make such other reports as the Council may require concerning the operations of City departments, offices and agencies subject to his/her direction and supervision.

h. He/She shall keep the Council fully advised as to the financial condition and future needs of the City and make such recommendations to the Council concerning the affairs of the City as he/she deems advisable.

i. He/She shall investigate the operations of the departments and other agencies of the City and all contracts to which the City is a party, and assure proper performance.

j. He/She shall investigate complaints concerning utility operations and see that all permits, privileges and franchises granted by the City are faithfully performed.

k. When directed by the City Council, he/she shall represent the City in its inter-governmental relations, and negotiate contracts for joint governmental actions, subject to Council approval,

l. He/She shall perform such other duties as are specified in this Charter or may be required by the Council.

SECTION 501 IS AMENDED TO READ AS FOLLOWS:

Section 501 Department Heads Responsible to City Manager.

The heads of the administrative departments under the City Manager shall be directly responsible to him/her for the efficient administration of their respective departments. The City Manager may designate acting department heads when necessary to assure the continuity of the City's business. He/She shall have the power, with the approval of the Council, and without reference to personnel provisions of this Charter, to employ experts or consultants to perform work or give advice connected with the departments of the City when he/she finds such work or advice necessary.

SECTION 502 IS AMENDED TO READ AS FOLLOWS:**Section 502 Emergency Powers.**

In the case of general conflagrations, riots, floods, or other emergencies menacing life or property, the City Manager shall marshal all the forces of the different departments of the City for the maintenance of the general security, and shall have the power to deputize or otherwise employ without reference to Civil Service such other persons as he/she may consider necessary for the purpose of protecting the City and its residents; provided, that in an emergency in which military control is established under State or National law, the City Manager shall exercise his/her emergency powers subject to lawful military authority.

SECTION 503 IS AMENDED TO READ AS FOLLOWS:**Section 503 Noninterference.**

Except for the purpose of inquiry into the affairs of the City and the conduct of any City department, office or agency, the Council or its members shall deal with City officers and employees who are subject to the direction and supervision of the City Manager solely through the City Manager and neither the Council or its members shall give orders to any officer or employee either publicly or privately nor shall they attempt to coerce or influence the City Manager in respect to any contract or purchase of supplies or any other administrative action or in any manner direct or request the appointment of any person to, or his/her removal from, office by the City Manager or his/her subordinates. Violation of the provisions of this Section by a member of the Council shall be a misdemeanor, conviction of which shall immediately result in forfeiture of the office of the convicted member.

Article VI**Administrative Organization****SECTION 600 IS AMENDED TO READ AS FOLLOWS:****Section 600 Administrative Organization Authorized.**

The Council shall by ordinance provide the form of organization through which the functions of the City are to be administered. Any combination of duly authorized duties, powers and functions which in the judgment of the Council will provide the most efficient and economical service possible, consistent with the public interest and in keeping with accepted principals of municipal administration may be authorized by such ordinance. All departments, offices, and agencies of the City except the office of City Attorney shall be under the direction and supervision of the City Manager and shall be administered by an officer or employee appointed by him/her subject to his/her discretion. With the consent of the Council, the City Manager may serve as the head of one or more departments, offices or agencies or may appoint one person as the head of two or more of them.

Article VII

Fiscal Administration

SECTION 701 IS AMENDED TO READ AS FOLLOWS:

Section 701 Budget Preparation.

The City Manager and City Council, shall prepare a five year strategic and financial plan to be reviewed and updated annually. The annual budget shall correlate to the proposed plan.

At least 45 days prior to the beginning of each fiscal year, the City Manager shall submit to the Council a budget of proposed expenditures and estimated revenues. This shall include a general fund budget in which proposed expenditures shall not exceed estimated revenues accompanied by an explanatory budget message in such form as he/she deems desirable or as the Council may require. For such purpose, the City Manager, on such schedule and under such terms as he/she may prescribe, shall obtain from the head of each department or other agency of the City estimates of revenue and expenditure in such detail and with such supporting plans and data as he/she may require. The City Manager may revise such estimates in any manner he/she deems advisable. The explanatory budget message of the City Manager to the Council shall explain the budget, both in fiscal terms and in terms of work programs, shall outline the proposed financial policies of the City for the ensuing fiscal year, shall propose priorities for capital expenditures, and shall describe other important features of the budget plan. It shall state the reasons for salient changes from the previous year in cost and revenue, items shall explain any major changes in financial policy, and shall enable the Council to compare the prior and current years' revenues and expenditures to which such proposed revenues and expenditures relate. Estimates of revenue shall include surpluses to be carried over from the current year, plus miscellaneous revenues.

SECTION 702 IS AMENDED TO READ AS FOLLOWS:

Section 702 Council Hearing and Approval.

After submission of the budget by the City Manager, the Council shall publish in one or more newspapers of general circulation in the City the following: a general summary of the budget, information as to times and places where copies of the budget are available for inspection by the public, and the time and place for a public hearing on the budget which shall be no less than two weeks after such publication.

After the public hearing, the Council may revise the budget in any manner it finds necessary and shall adopt a budget for the ensuing fiscal year no later than the last day of the current fiscal year.

If it fails to adopt the budget by this date, the amounts appropriated for current operation for the current fiscal year shall be adopted for the ensuing fiscal year on a month-to-month basis, with all items in it prorated accordingly, until such time as the Council adopts a budget for the ensuing fiscal year. Adoption of the budget shall constitute appropriations of the amounts specified therein as expenditures

from the funds indicated and shall constitute a levy of the property tax therein proposed.

SECTION 704 IS REPEALED.

Section 704 Tax Rate. Repealed.

SECTION 705 IS REPEALED.

Section 705 Assessment. Repealed.

SECTION 714 IS AMENDED TO READ AS FOLLOWS:

Section 714 Control and Use of Public Utilities Funds.

All funds derived from the operation of any public utility or enterprise by the City shall be deposited in the City treasury, to be managed and expended in accordance with the following policies:

a. From the proceeds of the operation of the utility or enterprise, there shall first be provisions for payment of all personnel-related costs.

b. There shall next be provided funds required to redeem and pay interest on any bond issued for that utility or enterprise which will become due and payable during the next fiscal year.

c. There shall next be provision for current non-personnel operating expenditures, including current maintenance of the physical plant; purchase of materials; supplies and equipment; advertising and the cost of services rendered by other City Departments.

d. There shall next be provisions for additions and improvements foreseen as necessary to meet future requirements of the public, which is not to exceed in any one year 10 percent of the established value of the utility or enterprise.

e. There shall next be paid to the general fund an amount equivalent to franchise fees and City taxes as if the utility or enterprise were privately owned, and for the fair value of any commodity or resource received from the City to make possible the operation of the General Fund.

f. There shall next be provided an adequate reserve to finance replacements required by the normal depreciation of the utility's or enterprise's plant and equipment.

g. All remaining operating profits, the amount of which has been determined by the City Manager with the approval of the City Council, shall be transferred to the general fund.

SECTION 715 IS AMENDED TO READ AS FOLLOWS:

Section 715 Accounting System.

The City Manager shall direct the establishment and supervise the maintenance of a uniform system of accounting, applicable to all departments and other agencies of the City, conforming to modern and accepted practices of public and governmental accounting, which shall be adequate to account for all money on hand and for all income and expenditures in such detail as will provide complete and informative data concerning the financial affairs of the City, and in such manner as will be readily susceptible to audit and review.

SECTION 716 IS AMENDED TO READ AS FOLLOWS:**Section 716 Authorization and Control of Expenditure.**

No expenditure of City funds shall be made except for the purposes and in the manner specified in an appropriation by the Council. The City Manager shall establish and direct such systems of internal control and audit as he/she may find necessary to insure the fulfillment of the purpose of this Section.

SECTION 718 IS AMENDED TO READ AS FOLLOWS:**Section 718 Contracts to Next Lowest Bidder.**

If any contractor fails to enter into any contract awarded to him/her after public advertisement and competitive bidding, the Council may direct the re-advertising of the original proposal or any modification thereof, or may award the contract to the next lowest responsible bidder without re-advertising, provided that such award is not made more than 90 days after the opening of bids.

SECTION 721 IS AMENDED TO READ AS FOLLOWS:**Section 721 Independent Audit.**

The Council shall employ at the beginning of each fiscal year an independent public accountant who shall at such time or times as may be specified by the Council and at such other times as he/she shall determine, examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds, and of such other officers, employees or departments as the Council may direct. The Council may direct that such accountant may conduct the independent audit throughout the fiscal year and make reports at intervals required by the Council, but a report for the entire fiscal year shall be filed within 45 days after the closing of the books for said fiscal year, and copies of such reports shall be filed with the Council and with the City Manager, and shall be available for public inspection and review.

SECTION 724 IS REPEALED.

Section 724 Disbursements. Repealed.

Article VIII**Personnel Administration and Civil Service****SECTION 802 IS AMENDED TO READ AS FOLLOWS:****Section 802 Provisional Appointments.**

Provisional appointments to positions in the competitive civil service, in the absence of an appropriate eligible list may be made pending the creation of an eligible list, but such provisional appointments may not exceed six months and may not be renewed or extended.

SECTION 805 IS AMENDED TO READ AS FOLLOWS:**Section 805 Continuation.**

The rules of the Civil Service Commission shall remain effective until modified as authorized by charter or ordinance.

SECTION 806 IS AMENDED TO READ AS FOLLOWS:**Section 806 Improper Political Activity.**

No City officer or employee shall engage in or participate in any political activity which the City Council, consistent with law, may proscribe by ordinance, nor shall any City officer or employee engage in or participate in any political activity contrary to any general law applicable to such officer or employee. However, a City employee holding a position in the competitive service and filing as a candidate for a compensated City office shall be required to request, and he/she shall be granted, a leave of absence without pay until the date of the election and until his/her term of office expires if he/she is elected.

SECTION 808 IS AMENDED TO READ AS FOLLOWS:**Section 808 Subpoena Power by Civil Service Commission.**

The Civil Service Commission shall have the power to issue subpoenas to compel the production of books, papers and documents and to take testimony on any matter pending before it. If any person subpoenaed fails or refuses to appear or to produce required documents or to testify, a majority of the Commission may find him/her in contempt, and shall have the power to take proceedings in that behalf provided by the general law of the State.

SECTION 809 IS AMENDED TO READ AS FOLLOWS:**Section 809 Employer-Employee Relations, Mediation Arbitration.**

b. The City Manager and/or his/her designated representative(s) shall negotiate in good faith with the recognized employee organizations. The City Council may appoint a committee which shall be composed solely of Council members to assist the City Manager and/or his/her designated representative(s) in said negotiations if the Council in its judgment deems such in the best public interest.

j. The provisions of this Section shall not be construed as making any of the provisions of Section 923 of the Labor Code of the State of California applicable to City employees. The provisions of this Section pertaining to arbitration shall be construed as an "arbitration agreement" for the purpose of making applicable to the extent not in conflict herewith the provisions of Chapter 1 (commencing with Section 1280), Title 9, Part 3 of the Code of Civil Procedure of the State of California. Any employee who at any time participates in a strike or other work stoppage or other concerted work-related action against the City of Vallejo will be considered to have terminated his/her employment with the City and neither the Council nor the Civil Service Commission shall have any power to provide by reinstatement or otherwise for the return or re-entry of said employee into the City service except as a new employee who is employed in accordance with the regular employment practices of the City then in effect for the particular position of employment. The question of whether an employee charged with participating in a strike or work stoppage or other concerted work related action did, in fact, engage in such conduct shall be determined through the disciplinary procedures applicable to employees generally.

Article XI

General Provisions

SECTION 1101 IS AMENDED TO READ AS FOLLOWS:

Section 1101 Prevailing Wage.

Every contract for the construction of public works to be performed at the expense of the City must provide that the contractor, and all sub-contractors shall pay their employees on said work a salary or wage at least equal to the prevailing salary or wage for work of similar character in the locality in which the public work is performed. The contractor or subcontractor shall as a penalty forfeit to the City an amount as provided by State law for each calendar day or portion thereof for each employee paid less than the prevailing salary or wage for any public work done under the contract, and all contracts for public works awarded by the City shall include a stipulation to this effect.

SECTION 1103 IS AMENDED TO READ AS FOLLOWS:

Section 1103 Oaths and Affirmations.

Every officer of the City and every member of a policy and rule making and appellate board and commission (including the secretaries thereof) shall have, in all matters relevant to the office, the power to administer oaths and affirmations.

SECTION 1104 IS AMENDED TO READ AS FOLLOWS:

Section 1104 Suits Against the City.

No suit shall be brought on any claim for money or damages against the City or any of its agencies unless a demand has first been presented to the appropriate official and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Except where a shorter period of time is otherwise provided by law, all claims for damages against the City must be presented within six months after the occurrence or transaction on which the claim is based.

SECTION 1106 IS AMENDED TO READ AS FOLLOWS:

Section 1106 Oath of Office.

Every officer of the City before entering upon the duties of his/her office shall take the oath of office as provided by the Constitution of this State.

SECTION 1107 IS AMENDED TO READ AS FOLLOWS:

Section 1107 Definitions.

Unless the provision or the context other requires, as used in this Charter:

- a. "Shall" is mandatory and "may" is permissive.
- b. "City" is the City of Vallejo and "department," "board," "commission," "agency," "officer" or "employee" is a department, board, commission, agency, officer or employee, as the case may be, of the City of Vallejo.
- c. "County" is the County of Solano.
- d. "State" is the State of California.
- e. "Council" is the City Council of the City of Vallejo.
- f. "Member" or "Member of the Council" means any one of the seven members of the Council, including the Mayor.

g. “Officer” means the elective and appointive officers provided in this Charter and the administrative head of any department or agency or major subdivision thereof created by authority of Article VI.

SECTION 1111 IS AMENDED TO READ AS FOLLOWS:

Section 1111 Effective Date.

For the purposes of nominating and electing the Mayor and members of the City Council, this Charter shall take effect from the time of its approval by the State Legislature. For all other purposes, it shall take effect at 8:00 p.m. on the Tuesday next succeeding the date of the general municipal election after its approval by the Legislature.

Date of Municipal Election: November 7, 2000.

Charter Chapter 11—City of Redondo Beach

Amendments to the Charter of the City of Redondo Beach

[Filed with the Secretary of State March 29, 2001.]

Section 19 of Article XIX is amended to read as follows:

Sec. 19. Public works, contracts.

Every contract involving an expenditure of more than fifty thousand dollars (\$50,000) for public works projects, including the construction of improvements of public buildings, streets, drains, sewers, utilities, parks and playgrounds shall be let either to: (1) the lowest responsible bidder, after notice by publication in the official newspaper by one or more insertions, the first of which shall be published at least ten (10) days before the time for opening bids; or (2) the best value design-builds entity or best value design-build-operate entity responding to a request for proposals.

Public works projects of fifty thousand dollars (\$50,000.00) or less may be let to contract by informal bid procedures as shall be set by the City Council by ordinance.

Public works projects of fifteen thousand dollars (\$15,000.00) or less may be performed by employees of the City by force account, by negotiated contract or by purchase order.

The Council may reject any and all bids received whenever in the opinion of the City Council:

(a) The bid or bids do not strictly comply with the notice and specifications.
 (b) The Council finds and determines that the proposed project or purchase should be abandoned.

(c) The Council finds and determines that the materials may be purchased more reasonably on the open market and the work done cheaper by day or City labor.

(d) The Council determines that the bids are higher than anticipated and a new call for bids would result in savings to the City.

(e) The Council determines that it would be in the best interest of the City to delay the work or purchase for an indefinite period of time.

(f) The best interests of the City would be served by a rejection of all bids.

(g) The proposal is not suitable for the project.

Charter Chapter 12—City of Napa

Amendments to the Charter of the City of Napa

[Filed with the Secretary of State April 3, 2001.]

Section 20 is repealed:

Circulation of Petitions: Petition Circulator—Residency.

Section 20. (Repealed March 6, 2001.)

All sections of the Charter, or parts thereof, in conflict with the repeal of this section are repealed.

Section 22 is repealed:

Circulation of Petitions: Petition Circulator—Registration.

Section 22. (Repealed March 4, 1997.)

All sections of the Charter, or parts thereof, in conflict with the repeal of this section are repealed.

Section 101 is amended to read as follows:

Public works to be done by contract.

Section 101. In the erection, improvement or repair of all public buildings and works, in all street and sewer work, and in all work in and about streams or waterfronts, or, in or about embankments or other works for protection against overflow and erosion, and in furnishing any supplies or materials for the same when the expenditure required exceeds the sum prescribed by Section 20162 of the Public Contract Code of the State of California, or as amended, the same shall be done by contract and shall not be let to other than the lowest and best bidder as determined by the City Council after advertising for sealed proposals for the work contemplated, or supplies or materials required, for five consecutive days in some newspaper printed and published in the City of Napa, or after posting notice inviting sealed proposals therefor for five days on or near the Council Chamber door. Such notice shall distinctly and specifically state the work contemplated to be done or supplies or materials to be furnished; provided, however, the City Council may reject any and all bids, if deemed excessive, and re-advertise for bids or provide for the work to be done by the proper City department, or the supplies or materials to be purchased in the open market; but in no case shall such supplies be

bought at a price as high as the lowest bid received from the responsible bidder. In case no bid is received, the City Council may likewise provide for the work to be done by the proper department or the supplies to be purchased in the open market.

The City Council, in its discretion, shall have the authority to adopt, by ordinance or resolution, criteria and requirements for determining the lowest and best bidder in the award of City contracts under this section and otherwise, including but not limited to, criteria and requirements; (1) affording preference in the award of City contracts to businesses located and persons residing within the City of Napa; and (2) requiring non-discrimination on basis of race, religion, color, national origin, gender, creed or affiliation by persons and businesses bidding on and receiving City contracts. The City Council, in its discretion, also shall have the authority to adopt all or part of the State of California Uniform Construction Cost Accounting Act, Public Contract Code Section 22000, et seq., as amended. If the City Council adopts the expenditure limits and requirements set forth in Public Contract Section 22032, as amended, those limits and requirements shall prevail over the limits and requirements otherwise set forth in Public Contract Code Section 20162 and this section.

Notwithstanding any other provision of this Section, and in addition to the exceptions recognized by at law, the City Council shall have the authority to waive any and all requirements of this section for the erection, improvement or repair of recreational facilities, excepting any ancillary building, parking lot and off-site improvement exceeding \$75,000.00, if the City Council determines by a four-fifths (4/5) vote that one or more community organizations and/or volunteers will perform a substantial portion of the labor to be performed and/or a substantial portion of the materials will be donated at no cost or substantial discount or be paid for by independent contributors or fundraising efforts, and that such voluntary labor and/or donated materials will substantially decrease the cost to the public for such project.

Certified to be a true copy by Ed Henderson, Mayor, and Pamyla Nigliazzo, City Clerk.

Date of Municipal Election: March 6, 2001.

Charter Chapter 13—City of San Jose

Amendments to the Charter of the City of San Jose

[Filed with the Secretary of State April 16, 2001.]

SECTION 1202. SUBMISSION OF CAPITAL IMPROVEMENT PROGRAM; CONTENTS.

At least thirty (30) days prior to the beginning of each fiscal year, or at such earlier time as the Council may specify, the City Manager shall prepare and shall submit to the Council a capital improvement program for the five (5) fiscal years immediately following the fiscal year within which such program is submitted to Council. On or before the day that he or she submits such program to the Council, the City Manager shall also file a copy of the program with the Planning Commission of the City. Such capital program shall include:

- (a) A clear summary of its contents;
- (b) A list of all capital improvements which are proposed to be undertaken during the five fiscal years immediately following the fiscal year within which such program is submitted to the Council with appropriate supporting information as to the necessity of such improvements;
- (c) Cost estimates, method of financing and recommended time schedules for each such improvement; and
- (d) Such other information as the City Manager may deem desirable.

SECTION 1203. ACTION ON CAPITAL PROGRAM.

Upon receipt of the copy of the capital improvement program prepared by the City Manager, the Planning Commission shall consider the program and, at least ten (10) days prior to the time fixed by Council for a public hearing on the capital program, shall submit to the Council a written report setting forth its findings and recommendations respecting such program. The Planning Commission, in its report may recommend such additions, deletions or other amendments as it deems desirable. If it should recommend any capital improvements different from or additional to those proposed by the City Manager, it shall set forth, in its report, the estimated cost thereof and the manner in which it proposes that the same shall be financed.

The Council shall fix a time and place for a public hearing on the capital program as submitted by the City Manager and upon such amendments or changes, if any, as shall have been submitted as aforesaid by the Planning Commission at least ten (10) days prior to the time fixed by Council for a public hearing on the capital program. The Council shall cause a notice of such public hearing to be published not less than ten (10) days prior to said hearing by at least one insertion in a newspaper of general circulation in the City. Copies of the capital program as submitted by the City Manager, and copies of such report as may have been submitted by the Commission, shall be filed and available for inspection by the public in the office of the City Clerk for at least ten (10) days prior to said public hearing. The notice of such public hearing shall state the time and place of hearing and the

times and place when and where copies of the capital program as submitted by the City Manager and the report of the Planning Commission will be available for inspection by the public. At the time and place so advertised or at any time or place to which such public hearing shall from time to time be adjourned, the Council shall hold a public hearing on the capital program as submitted by the City Manager, and on the written report of the Planning Commission, at which interested persons desiring to be heard shall be given reasonable opportunity to be heard.

Upon conclusion of such hearing, the Council shall adopt such a capital program, for the five (5) fiscal years covered by the City Manager's proposed capital program with such amendments as it may deem desirable. Upon its adoption and until adoption of a new budget and a new five (5) year capital program, such capital program, as adopted by the Council, shall serve as a general guide to the Council and to the City administration in the planning and scheduling of capital improvements. From time to time, however, the Council may authorize such departures therefrom as it may deem necessary or desirable.

Section 1217 is amended to read as follows:

SECTION 1217. Bid Requirements.

Contracts are to be let to the lowest responsible bidder as set forth below:

(a) **PUBLIC WORKS PROJECTS.** When the expenditure required for a specific "public works project" (hereinafter defined), excluding the cost of any materials, supplies or equipment which City may have acquired or may separately acquire therefor, will exceed the greater of One Hundred Thousand Dollars (\$100,000) or the amount which a general law city of the State of California may legally expend for a "public project" (as defined by State law) without a contract let to a lowest responsible bidder after notice, it shall be let to the lowest responsible bidder after notice.

For purposes of this Section, "public works project" shall mean a project for the construction, erection, improvement or demolition of any public building, street, bridge, drain, ditch, canal, dam, tunnel, sewer, water system, fire alarm system, electrical traffic control system, street lighting system, parking lot, park or playground. "Public works project" shall not mean or include maintenance of any public works project, or any repairs incidental to such maintenance, or the planting, care or maintenance of trees, shrubbery or flowers.

(b) **NOTICE REQUIREMENT AND PROCEDURE.**

(1) The notice inviting bids shall set a date for the opening of bids, and shall be published at least once, at least ten (10) days before the date set for opening of bids, in a newspaper of general circulation in the City.

(2) All bids, including such bidder's security as may be required, shall be presented under sealed cover.

(3) If the successful bidder fails to execute the contract within the time specified in the notice inviting bids or in the specifications referred to therein, the amount of the security required, if any, may be declared forfeited to the City and

may be collected and paid into its General Fund, and all bonds so forfeited may be prosecuted and the amount thereof collected and paid into such fund.

(4) All bids shall be publicly opened, and the aggregate bid of each bidder declared at a time and place specified in the notice inviting bids.

(5) The Council shall have the right to waive any informalities or minor irregularities in bids or bidding.

(c) APPRENTICESHIP PROGRAM. Nothing herein shall preclude the City from including in any contract provisions that require contractor participation in an apprenticeship program for at-risk youth.

(d) SELECTION OF LOWEST RESPONSIBLE BIDDER. If no bids are received, the Council may readvertise, or have the “public works project” for which no bids are received done, without further complying with this Section.

(1) If two or more bids are the same and the lowest, the Council may accept the one it chooses.

(2) In its discretion, the Council may reject any or all bids presented. If it rejects all bids, the Council may, in its discretion, readvertise.

(3) If, after rejecting all bids for any “public works project” and after readvertising for bids, the Council finds and declares that the bids were excessive, it may have such “public works project” done by City employees without further complying with this Section.

(e) SECTION NOT APPLICABLE. The provisions of this Section shall not apply to any of the following:

(1) Any public work done for the City by any public or governmental body or agency;

(2) Any public work done by any public utility which is either publicly owned or is regulated by the Public Utilities Commission of the State of California where such work involves any property of such public utility or is otherwise of direct concern to both the City and such public utility;

(3) Any public work done by a subdivider, developer or owner of real property in connection with the subdivision or development by him or her of any real property, notwithstanding the fact that such may be subject to entire or partial reimbursement from the City;

(4) Work involving highly technical or professional skill where the peculiar technical or professional skill or ability of the person selected to do such work is an important factor in his or her selection;

(5) Expenditures deemed by the Council to be of urgent necessity for the preservation of life, health or property, provided the same are authorized by resolution of the Council adopted by the affirmative vote of at least eight (8) members of the Council and containing a declaration of the facts constituting the urgency; and

(6) Situations where solicitation of bids would for any reason be an idle act.

(f) PURCHASE OF SUPPLIES MATERIALS AND EQUIPMENT. The procedures for the purchase of supplies materials and equipment shall be as prescribed by ordinance.

Certified to be a true copy by Ron Gonzalez, Mayor, and Patricia L. O'Hearn, City Clerk.

Date of Municipal Election: November 7, 2000.

Charter Chapter 14—City of Los Angeles

Amendments to the Charter of the City of Los Angeles

[Filed with the Secretary of State May 2, 2001.]

Section 1070 is amended to read:

Sec. 1070. Rights and Due Process Procedures.

(a) Applicability; Rights. As used in this section, member shall mean an employee of the Police Department who has peace officer status as defined in California Penal Code Section 830.1. The provisions of this section shall not apply to any member of the Police Department who has not completed the period of probation in his or her entry level position, as provided in Section 1011(a). Non-tenured Police officers, where otherwise entitled by law to a hearing or appeal with regard to proposed or imposed discipline, shall be provided a hearing or appeal under procedures promulgated by the Chief of Police.

The rights of a member, except the Chief of Police and any other member in a position exempt from civil service, to hold his or her office or position and to receive compensation attached to the office or position is hereby declared to be a substantial property right of which the holder shall not be deprived arbitrarily or summarily, nor other than as provided in this section. No member shall be suspended, demoted in rank, suspended and demoted in rank, removed, or otherwise separated from the service of the department (other than by resignation), except for good and sufficient cause shown upon a finding of guilty of the specific charge or charges assigned as cause or causes after a full, fair, and impartial hearing before a Board of Rights, except as provided in subsections (b) and (i). No case of suspension with loss of pay shall be for a period exceeding 65 working days.

(b) Temporary Relief from Duty; Suspension; Demotion. After following predisciplinary procedures otherwise required by law, the Chief of Police may:

(1) temporarily relieve from duty any member pending a hearing before and decision by a Board of Rights on any charge or charges pending against the member, except that a member so relieved shall not suffer a loss of compensation until 30 days after the date on which the member was served with the charge or charges, except as provided for in subsection (q) or whenever the employee is temporarily relieved of duty on a new charge or charges while relieved of duty or serving a suspension based on a prior charge or charges. There shall be a calendar priority for Board of Rights hearings when a member is subject to relief from duty pending a hearing. The Chief of Police in his or her sole discretion shall have the

power to cancel temporary relief from duty, or following relief from duty, to restore the member to duty with or without restrictions pending hearing; or

(2) suspend the member for a total period not to exceed 22 working days with loss of pay and with or without reprimand, subject to the right of the member to a hearing before a Board of Rights as provided in this section; or

(3) demote the member in rank, with or without suspension or reprimand or both, subject to the right of the member to a hearing before a Board of Rights as provided in this section; or

(4) demote the member in rank, with or without temporary relief from duty or cancellation of such relief from duty, subject to the right of the member to a hearing before a Board of Rights as provided in this section.

In the event the member suspended and/or demoted in rank under this subsection files an application for a hearing by a Board of Rights as provided in this section, the suspension and/or demotion shall automatically be stayed pending hearing and decision by the Board of Rights. Provided, however, in the case of any member demoted in conjunction with a temporary relief from duty or cancellation of such relief from duty, the demotion shall not be stayed pending a hearing before and decision by a Board of Rights unless the accused specifically requests in the written application that the Board consider the demotion in conjunction with the appeal of the temporary relief from duty or cancellation of such relief from duty. In the event that the member fails to apply for a hearing within the period prescribed, the member shall be deemed to have waived a hearing, and the suspension and/or demotion shall remain effective unless the Chief of Police requires that a hearing be held.

(c) Limitations Periods. No member shall be removed, suspended, demoted in rank, or suspended and demoted in rank for any conduct that was discovered by an uninvolved supervisor of the department more than one year prior to the filing of the complaint against the member, except in any of the following circumstances:

(1) If the act, omission, or allegation of misconduct is also the subject of a criminal investigation or criminal prosecution, the time during which the criminal investigation or criminal prosecution is pending shall toll the one-year time period.

(2) If the member waives the one-year time period in writing, the time period shall be tolled for the period of time specified in the written waiver.

(3) If the criminal investigation is a multi jurisdictional investigation that requires a reasonable extension for coordination of the involved agencies.

(4) If the investigation involves more than one employee and requires a reasonable extension.

(5) If the investigation involves an employee who is incapacitated or otherwise unavailable.

(6) If the investigation involves a matter in civil litigation where the member is named as a party defendant, the one-year time period shall be tolled while that civil action is pending.

(7) If the investigation involves a matter in criminal litigation where the complainant is a criminal defendant, the one-year time period shall be tolled during the period of that defendant's criminal investigation and prosecution.

(8) If the investigation involves an allegation of workers' compensation fraud on the part of the member.

(9) If a predisciplinary notice is required or utilized and the response results in additional investigation, the one-year period shall be tolled while the additional investigation is pending.

(d) Complaint. Any order of relief from duty, cancellation of relief from duty pending a Board of Rights hearing, suspension, demotion in rank, or suspension and demotion in rank shall contain a statement of the charges assigned as causes. The Chief of Police shall, within five days after the order is served as provided in subsection (e), file with the Board of Police Commissioners a copy of a verified written complaint upon which the order is based, with a statement that a copy of the order and verified complaint was served upon the accused. The complaint shall be verified by the oath of the Chief of Police and shall contain a statement in clear and concise language of all the facts constituting the charge or charges.

(e) Service. The service of any notice, order, or process mentioned in this section, other than service of subpoena, may be made by handing the accused a copy personally. If a copy of any notice, order or process cannot with reasonable diligence be personally served, service may be made by United States mail.

(f) Application for Hearing. Within five days after personal service upon the accused of a copy of the verified complaint, or within ten days after service in any other manner provided for in this section, the member may file with the Chief of Police a written application for a hearing before and decision by a Board of Rights. A Board of Rights is considered a de novo hearing.

(g) Time and Place of Hearing. Upon the selection of a Board of Rights, the Chief of Police shall set the time for (not less than 10 nor more than 30 days thereafter) and designate a place where the hearing is to be held, and shall cause notice thereof to be served upon the accused. After the Board of Rights has first convened, the Board may continue the hearing of the matter to a specific date, and no other notice need be given, except as may be required by order of the Board.

(h) Composition of Board of Rights. The Board of Rights shall be composed of two officers of the rank of captain or above and an individual who is not a member of the department (the civilian member). The members selected as prescribed in this section shall constitute the Board for the purpose of hearing and deciding upon the matter for which it was specially drawn. The qualifications of, selection procedures for, and compensation of the civilian members shall be established by ordinance. Upon the filing of the request for a hearing before a Board of Rights, as provided in subsection (f), the accused shall draw four cards from a box

containing the names on cards of all officers who are qualified to be members of the Board of Rights (except the names of the accused, accuser, the Chief of Police, any staff or command officer specifically exempted by the Chief of Police in accordance with the provisions of the Board of Rights Manual or successor document, and any other officer who may be prejudiced or disqualified by reason of being a material witness to the facts constituting the charges made, otherwise disqualified for cause as determined by the Chief, or who has a conflict of interest). The accused shall select any two of the four names drawn to be members of the Board of Rights.

(i) Failure to Request a Hearing; Failure to Appear. In the event the accused fails to request a hearing before a Board of Rights as provided in subsection (f) within the period prescribed, the Chief may require a hearing to be held before a Board of Rights and may for that purpose, within five days after the expiration of such period, draw two names from a box to sit on the Board.

If a Board of Rights has been constituted for the purpose of hearing and the accused, without reasonable excuse, fails or refuses to appear before the Board at the time and place designated, the Chief of Police may, at his or her discretion, either direct the Board of Rights to proceed with the hearing in the absence of the accused, or the Chief may, without a hearing, impose a penalty of suspension, demotion in rank, suspension and demotion in rank, or removal as he or she deems fit and proper. The Chief shall cause notice of the action to be served upon the member and shall file a statement of the action with the Board of Police Commissioners within five days.

If the accused and Chief both fail to draw and create a Board of Rights within the period prescribed, the complaint shall be null and void.

(j) Oaths, Affirmations and Subpoenas. During an internal investigation, prior to a Board of Rights hearing, or prior to or during other administrative proceedings, the Police Commission may compel the attendance of witnesses and the production of evidence by subpoena. Upon demand of the Police Commission, the City Clerk shall issue a subpoena in the name of the city and attest the same with the corporate seal. The subpoena shall direct and required the attendance of the witnesses or the production of evidence, at the time and place specified. A request to quash a subpoena may be filed with the Police Commission who shall decide the matter. Each Board member shall have the power to administer oaths and affirmations in any investigation or proceeding pending before a Board of Rights, examine witnesses under oath, and compel the attendance of witnesses and the production of evidence by subpoena. Upon demand of any Board member, the City Clerk shall issue a subpoena in the name of the City and attest the same with the corporate seal. The subpoena shall direct and require the attendance of the witnesses or the production of evidence, at the time and place specified. It shall be the duty of the Chief of Police to cause all such subpoenas to be served upon the person or persons required to attend or produce evidence. It shall be the duty of

the Council to provide suitable penalties for disobedience of such subpoenas and the refusal of witnesses to testify or produce evidence.

(k) **Legal Advice; Ex Parte Communication.** Upon the request of any two Board members, the Board's chairperson shall request an attorney from the City Attorney's office who shall advise the Board on legal matters during or between any session of the hearing. The attorney need not be physically present at the hearing, but may advise the Board telephonically or through other means of communication. The attorney who advises the Board may not advise the department's advocate in the same matter.

Ex Parte communication with members of a Board of Rights regarding the subject matter of the hearing while proceedings are pending is prohibited. No person shall attempt to influence the decision of a Board of Rights except during the hearing and on the record.

(l) **Burden of Proof.** In Board of Rights proceedings, the department shall have the burden of proving each charge, including those based on conduct punishable in whole or in part as a crime, by a preponderance of the evidence.

(m) **Representation; Transcript; Evidence.** At the hearing, the accused shall have the right to appear in person and by counsel or representative, (at his or her expense) and make defense to the charge or charges and may produce witnesses and cross-examine witnesses.

All testimony at the hearing shall be given under oath and shall be reported by a stenographer for possible transcription. Upon prepayment of the fee for the preparation thereof, the accused shall be entitled to a certified copy of the transcript; provided, however, when the department has previously had all or a portion of the report transcribed, a copy of the previously prepared report(s) shall be given to the member without charge. When the report is transcribed, the original transcript shall be placed on file in the department.

Evidence of acts, irrespective of whether they were associated with a personnel complaint against the accused and irrespective of the resolution of the complaint, may be considered in the discretion of a Board of Rights if relevant to the charges, such as, if the acts tend to prove that the conduct charged is consistent with a pattern of conduct. The acts may have occurred either before or after the conduct concerning which the member is presently charged.

(n) **Finding and Decision.** The Board of Rights shall at the conclusion of the hearing make findings of guilty or not guilty on each charge, which findings shall be based only upon the evidence presented at the hearing. If the accused is found not guilty, the Board shall order the member's restoration to duty without loss of pay and without prejudice, and the order shall be self-executing and immediately effective. If the accused is found guilty, the Board of Rights shall prescribe its penalty by written order of:

- (1) suspension for a definite period not exceeding 65 working days with total loss of pay, and with or without reprimand; or
- (2) demotion in rank, with or without suspension or reprimand or both; or

- (3) reprimand without further penalty; or
- (4) removal.

The decision of the Board must be certified in writing and a copy delivered to the Chief of Police as soon as practicable, but in no event later than ten days after the decision of the Board of Rights. Whenever a Board of Rights prescribes a penalty of suspension or removal and the member is not currently relieved from duty, the Chief may temporarily relieve the member from duty pending execution of the order.

For purposes of this section, demotion in rank shall mean reduction in civil service classification. The provisions of this section shall not apply to reductions in pay grade or similar personnel actions caused by reassignment, deselection from bonused positions, and the like. Such personnel actions shall be administered under policies adopted by the department.

(o) Personnel History and Records. The departmental personnel history and records of the accused shall be available to the Board of Rights only if the accused has been found guilty of any charge upon which the member was heard or tried by the Board of Rights, and then only for the purpose of determining a proper penalty. At the penalty stage, the Board may consider the entire departmental personnel history and record of the accused which shall include, among other things, information concerning personnel complaints against the accused that were sustained and information derived from complaints against the accused that were not resolved, to the extent and in the manner allowed by department policy except that the medical package of the accused shall not be considered by the Board with regard to penalty unless such information is relevant to a charge as to which there was a finding of guilty. In prescribing the penalty, the Board shall look to the nature and gravity of the offense of which the member has been found guilty and may at its discretion review the departmental personnel history and record of the member. No item or entry in the record may be considered by the Board except in the presence of the member and only where the member has been given a fair and reasonable opportunity to explain any item or entry unless the member has failed or refused to be present. Personnel records introduced at or considered by the Board are confidential except for any document or information from a document that was publicly disclosed during the hearing.

(p) Imposition; Reduction of Penalty. Within ten days of delivery of a certified copy of the decision of a Board of Rights to the Chief of Police, the Chief shall either uphold the recommendation of the Board of Rights or may, at his or her discretion, impose a penalty less severe than that ordered by the Board of Rights, but may not impose a greater penalty. In the case of a demotion, suspension, demotion and suspension, or removal, the Chief shall cause a copy of the notice of the penalty to be served upon the member and shall file a statement of this action with the Board of Police Commissioners within five days.

(q) Effective Date of Penalty. A removal prescribed by the Board of Rights, or by the Chief of Police if no hearing is had before a Board of Rights, shall relate

back to and be effective as of the date of the relief from duty without pay pending hearing before and decision by the Board; however, where a final decision has been made by the Chief of Police prior to the end of the 30 day period referred to in subsection (b) (1), the removal shall be effective immediately. When there has been no relief from duty, the removal shall be effective upon service of the order. The effective date of any suspension and/or demotion prescribed by the Board of Rights, or by the Chief of Police if no hearing is had before a Board of Rights, shall be determined by policies adopted by the department; provided, that in case of suspension where there has been a temporary relief from duty, the 30 day period referred to in subsection (b) (1) or any portion thereof in which the member received compensation shall not be counted as part of the suspension. Nothing in this section shall preclude the imposition of a suspension without pay when a final decision is made prior to the end of the 30 day period. Practices in effect on the effective date of the most recent amendment to this section shall remain in effect until the adoption of any modification to the policies.

(r) Calendar Days. Except as otherwise provided in this section, all time periods, including those of limitation, shall be calculated in calendar days. When the last day of any such period falls on a weekend or City holiday, the period shall extend to the next business day.

(s) Not Guilty. In any case of a finding of Not Guilty of the accused after a hearing before a Board of Rights, the finding of Not Guilty shall be without prejudice to the member.

(t) Rehearing. At any time within three years after the effective date of removal, the removed member may file a request with the Chief of Police to be reheard or to be heard on the cause of the member's removal, together with a supporting affidavit setting forth in clear and concise language the reasons or grounds for a hearing or rehearing. The Chief shall consider and make a decision on the request and affidavit within 30 days after filing. If the Chief determines that good reason or cause exists for a hearing or rehearing, the Chief shall, without unnecessary delay, cause a Board of Rights to be constituted for the purpose of hearing and deciding upon the matter. The Board of Rights shall, at the conclusion of the hearing, render and certify its findings (independent of any previous findings by any other Board of Rights, or any other court, Board, or other tribunal, or any investigation or report of or discretion exercised by the Chief in such cases where no hearing was had before a Board of Rights) based only upon the evidence presented at the hearing. The Board shall make and certify its decision and order in writing and deliver a copy to the Chief. The Chief shall proceed in the same manner as provided for above after decision by a Board of Rights.

(u) Modification of Penalty. Following the filing of the notice of penalty with the Board of Police Commissioners as required in subsection (p), the Chief of Police may correct a technical error, or where there is good cause shown, may reduce a penalty, including restoration of a person following removal. The provisions of subsection (w) shall not apply to this subsection; however, the member

shall receive full compensation for any penalty or portion thereof already served which has been reduced or nullified by the Chief of Police. The Chief of Police shall file a copy of the modified order or statement of his decision with the Board of Police Commissioners.

(v) Other Legal Rights. This section shall not be construed to affect any rights a member may have to assert other legal rights or remedies in relation to his or her office or position or to the compensation attached thereto, or to appeal to or be heard or tried by any court or other tribunal of competent jurisdiction.

(w) Restoration to Duty. A member restored to duty after removal or temporary relief from duty, or whose suspension or demotion has been overturned in whole or in part, shall be entitled to receive full compensation from the City as if the nullified penal action had not been taken; except that such compensation shall not exceed one year's salary unless otherwise required by law.

(x) Decisions Based on Evidence. Members of a Board of Rights are to make decisions based solely on the evidence before them.

(y) Public Records. The order referred to in subsection (d) and the notice of the penalty referred to in subsection (p) are considered to be a public record at the time of filing of such documents with the Board of Police Commissioners. The Chief of Police or his or her designee shall be the custodian of public records referred to in this section.

(z) Effects of Amending This Section. This section shall not apply to the discipline of any member who was relieved from duty or who appealed a demotion or suspension or both to a Board of Rights.

Section 1. Section 1218 is added to Article XI, to read as follows:

Sec. 1218. Authority of City Council to Establish a Deferred Retirement Option Plan (DROP) by Ordinance.

(a) Council Authority. The Council may by ordinance adopted in accordance with the provisions of this section establish a program whereby a deferred retirement option plan (DROP) is created and offered to sworn members of the Fire and Police Departments on a voluntary basis as an alternative method of benefit accrual in the Fire and Police Pension Plans. The authority granted in this section shall include the authority to make necessary modifications to requirements of other Charter provisions of the various Fire and Police Pension Plans for the specific and limited purpose of implementing a DROP.

(b) Limitations of DROP. The authority given to the Council to establish a DROP is specifically limited as follows:

(1) DROP Shall Be Cost Neutral to the City. Members who elect to participate in the program will have access to a lump sum benefit in addition to their normal monthly retirement allowance at their actual retirement. With regard to plan funding, DROP shall be cost neutral to the City of Los Angeles as defined by the Plan's actuary. DROP shall be designed to ensure that the implementation of the program will not adversely affect the tax-qualified status of the Fire and Police Pension Plans.

(2) Five Year Window Period for Enrollment. There shall be a five-year window period for enrollment, after which the City may review and evaluate DROP and at its sole discretion determine to continue DROP by ordinance.

(3) Operability of this Section. This section shall become inoperative in the event that a demand is made by a bargaining unit representing employees affected by this section that an impasse over a proposed ordinance authorized by this section be resolved by binding arbitration if such arbitration is authorized by law. In such event, pension benefits shall again be determined by Charter provisions in effect at the time this section was adopted. Courts of law shall have the exclusive authority to resolve disputes over whether an ordinance authorized by this section meets the cost neutrality requirement established by this section or satisfies any other legal requirement.

(c) Mode of Adoption. Ordinances adopted pursuant to this section shall be adopted in the same manner as provided in Section 1618 (b), but the City Council shall be advised in writing by an enrolled actuary as to the cost of the proposed program.

Charter Chapter 15—City of Burbank

Amendments to the Charter of the City of Burbank

[Filed with the Secretary of State June 11, 2001.]

The last sentence of the first paragraph of Section 6 is amended to read as follows:

The time for holding all regular meetings of the Council shall be provided for by ordinance or resolution, but any regular meeting may be adjourned to a time certain, which adjourned meeting shall be a regular meeting for all purposes.

The second paragraph of Section 6 of the Charter is amended to read as follows:

Special meetings may be called as provided by the laws of the State of California.

The last paragraph of Section 6 is amended to read as follows:

Except as otherwise provided by State law, all meetings of the Council shall be open to the public and held in the City Hall or such other place as may be prescribed by ordinance or resolution, unless the Council is compelled to meet elsewhere by reason of fire, flood, earthquake or other emergency. The Council shall adopt rules for conducting its proceedings.

The first paragraph of Section 8 of the Charter is amended to read as follows:

The Council may take official action only by the passage or adoption of ordinances, resolutions or motions, as may be prescribed by the Constitution or laws of the State of California, and the provisions of this Charter; provided that any action of said Council fixing or prescribing a fine, punishment or penalty, or granting any franchise, shall be taken by ordinance. In the absence of any express provision to the contrary in said Constitution, laws or Charter, the Council may choose any of the foregoing three methods of taking such action. All proposed ordinances introduced in the Council shall be in printed form. The enacting clause of all ordinances passed by the Council shall read as follows: "The Council of the City of Burbank does ordain as follows:"

The third paragraph of Section 8 is amended to read as follows:

Except as herein provided no ordinance shall be passed by the Council on the day of its introduction, nor within five (5) days thereafter, nor at any time other than a regular meeting. Every ordinance shall be read in full only when requested by a majority of the Council. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. All ordinances shall be signed by the Mayor and attested by the City Clerk, and the City Attorney's synopsis thereof shall be published at least once in a newspaper of general circulation and shall become effective at 12:01 a.m. on the 31st day from and after the date of the first publication or posting thereof, and in computing said time the day of adoption shall be excluded; provided, however, that an ordinance calling or otherwise relating to an election, or ordinances otherwise specially required by the laws of the State, or ordinances declared by the Council to be necessary as an emergency measure for preserving the public peace, health, safety or welfare or as mandated by a state or federal law, regulation, or permit condition, and containing the reasons for its urgency and passed by not less than four (4) members of the Council, or ordinances relating to bond issues, may be introduced and passed at one and the same meeting, and shall become effective immediately, if the Council shall therein so declare and shall be published in a newspaper of general circulation within fourteen (14) days thereafter. However, no measure creating or abolishing any office or changing the salaries, terms or duties of any office or creating any franchise or special privilege or creating any vested right or interest shall be construed to be an emergency or urgency measure.

Section 8A is amended to read as follows:

The duly adopted and effective ordinances of the City, when compiled, arranged and codified or recodified, may be adopted by reference by passage of an ordinance for such purpose. Detailed regulations not embodied in any ordinance, such as fire, building, plumbing, electrical, and heating and cooling codes, as well as codes on other subjects, may be enacted in the same manner. Amendments to such codes shall be adopted by the same procedures as amendments to ordinances generally. Copies of all codes adopted by reference, that are not commercially available for sale, shall be made available to the public at a reasonable price.

Section 9 is amended to read as follows:

The Mayor shall be the executive head of the City. In case of riot, insurrection or extra-ordinary emergency the Mayor, unless delegated to the City Manager by ordinance, shall assume general control of the City government and all of its branches and be responsible for the suppression of disorders and the restoration of normal conditions. In the name and on behalf of the City, the Mayor shall sign all contracts, deeds, bonds and other legal instruments in which the City is a party and countersign all warrants; provided, however, that the Council may by ordinance or resolution authorize any other person to sign the same. The Mayor shall represent the City at all ceremonial functions of a social or patriotic character when it is desirable or appropriate to have the City represented officially thereat. The Mayor shall not receive any compensation for services rendered except that received as a Council member provided in Section 5.

Section 10 (b) Subsection 8 is amended to read as follows:

8. Be responsible that all ordinances and laws are enforced. It shall be the responsibility and duty of each Department Manager in the City to inform and advise the City Manager of any information indicating lack of law enforcement in the City.

Section 10 (c) of the Charter is amended to read as follows:

(c) In case of the absence of the City Manager from the City, or of any temporary disability to act as such, the Assistant City Manager or such other person designated by the City Manager shall possess the powers and discharge the duties of the City Manager during such absence or disability. If there is no Assistant City Manager, or no person designated by the City Manager to act in his or her absence or disability, the Council shall appoint a City Manager pro tem, who shall possess the powers and discharge the duties of the City Manager during such absence or disability.

The last sentence in Section 11 (a) is amended to read as follows:

The City Attorney shall draft or review all ordinances, contracts, or other legal documents, or proceedings required by the Council or other officials, except as may be otherwise provided, and shall perform such other legal services from time to time as the Council may require.

Section 11 (b) of the Charter is amended to read as follows:

(b) The Council shall have the power to direct and control the prosecution and defense of all suits and proceedings to which the City is a party, or in which it is interested, and upon the recommendation of the City Attorney, may employ special counsel to assist the City Attorney therein and which the City Attorney shall direct and oversee, and shall provide for the compensation and pay of such counsel.

The first sentence of Section 12 is amended to read as follows:

There shall be a City Clerk elected every four (4) years at the primary or general municipal election who shall be Clerk of the Council.

The first sentence of Section 13 is amended to read as follows:

There shall be a City Treasurer elected every four (4) years at the primary or general municipal election.

Section 15 is amended to read as follows:

There shall be a Public Works Department supervised and directed by a Public Works Director appointed by the City Manager.

Section 18 is amended to read as follows:

There shall be a Fire Chief appointed by the City Manager. The Fire Chief shall be head of the Fire Department of the City, and shall have charge and supervision over all matters relating to the prevention and extinguishment of fires, and of all measures necessary to guard and protect all persons and property impaired thereby. During the time of a fire the Fire Chief shall always have supreme authority over the territory involved therein, and all persons in the immediate vicinity of the fire during such time, including police officers, shall be subject to the Fire Chief's orders.

Section 22 is amended to read as follows:

Every elective officer and every chief appointive official, provided for in this Charter, or any officer or employee authorized by ordinance, shall have the power to administer oaths and affirmations, and the City Council, either on its own behalf or upon the written request of any board and commission herein provided shall have the power to issue subpoenas, to compel by subpoena the production of books, papers, and documents, and to take and hear testimony or to order the giving of such testimony concerning any matter or thing pending before the Council or such board or commission.

The last paragraph of Section 27 is amended to read as follows:

The Council shall, by ordinance, order the holding of all elections. Every such ordinance shall specify the object and time of holding any such election. Such ordinance shall also direct the City Clerk to publish, not later than twenty (20) days prior to an election, a list of election precincts, designated polling places therefor, and election officers for each precinct. The ordinance shall also set forth the places of posting by the City Clerk of three (3) copies of such list of election precincts, polling places and election officers. One (1) copy of such list shall be posted on the bulletin board near the main entrance of City Hall; one (1) in the office of the City Clerk; and one (1) in the lobby of the Burbank Water and Power building; and said lists shall so remain until the day after such election. When two (2) or more municipal elections are consolidated by the Council, it shall not be necessary to set forth the precincts, polling places and election officers in more than one (1) list. If a municipal election is consolidated with a state or county election, it shall not be necessary to set forth the precincts, polling places, or election officers, but reference shall be made to the notice, resolution, or ordinance of the Board of Supervisors of Los Angeles County calling such election and fixing precincts, polling places and election officers. All ordinances ordering

the holding or consolidation of elections shall be published once in a newspaper of general circulation at least five (5) days prior to the date of such election.

The last paragraph of Section 28 is amended to read as follows:

The City Clerk shall present the result of the canvass of the returns of said election, together with any and all protests, to the Council at its next regular meeting after the expiration of said time for filing such protests. Unless a protest has been filed, the Council shall accept the canvass of returns by the City Clerk as correct and shall publicly declare the result thereof. When any such protest has been filed, the Council shall fix a time for such recount, not more than seven (7) days thereafter, for the City Clerk to conduct a recount of the ballots in the specified precinct or precincts only and as to said office or proposition. Upon the completion of such recount the Council shall publicly declare the result thereof. The action of the Council shall be final. The Council shall be the judge of the qualifications of all the elective officers of the City.

The title of Section 33 is amended to read as follows:

SECTION 33. WATER AND POWER DEPARTMENT.

The first sentence of Section 33 is amended to read as follows:

There shall be a Burbank Water and Power Department and a General Manager thereof, appointed by the City Manager.

The first sentence of the second paragraph of Section 33 is amended to read as follows:

The Burbank Water and Power Department shall supervise the construction, reconstruction, operation and maintenance of all public utilities now or hereafter owned and operated by the City, including the generation, purchase, distribution and sale of electric energy, water and gas, and may, with the approval of the Council, lease or rent any property connected with or appurtenant to any of its utilities and fix the rental charges thereof.

The first sentence of the third paragraph of Section 33 is amended to read as follows:

All funds received by the Burbank Water and Power Department shall be deposited in the City Treasury to the credit of the Department.

The last paragraph of Section 33 is amended to read as follows:

Funds not immediately needed by the Burbank Water and Power Department may be temporarily loaned to other departments of the City pending collection of tax receipts or other funds owing to such other departments.

Section 34 is amended to read as follows:

There shall be a Library Department and a Library Services Director thereof, appointed by the City Manager and a Board of Library Trustees, the number and terms of the members of which and the powers and duties of which shall be prescribed by ordinance.

Section 35 is amended to read as follows:

There shall be a City Planning Department in the City of Burbank either as a separate department or as a division of another department and a City Planning

Board, the number and terms of the members of which and the powers and duties of which shall be prescribed by ordinance.

Section 36 is amended to read as follows:

SECTION 36. PARK, RECREATION AND COMMUNITY SERVICES DEPARTMENT.

There shall be a Park, Recreation and Community Services Department and a Director thereof appointed by the City Manager and a Park, Recreation and Community Services Board, the number and terms of the members of which and the powers and duties of which shall be prescribed by ordinance.

Section 37 is amended to read as follows:

The Council shall provide for the establishment of a Civil Service System in the City of Burbank based on merit and fitness and shall provide for a Civil Service Board, the number and terms of the members of which and the powers and duties of which shall be prescribed by ordinance.

Section 37A is added to read as follows:

SECTION 37A. DEPARTMENT STRUCTURE.

Any department or function provided for in this Charter or by ordinance, may be subsequently combined with other divisions or departments, redivided, or otherwise reorganized at the discretion of the City Manager.

Section 45 is amended to read as follows:

SECTION 45. DEPOSITS WITH TREASURER.

All moneys collected for the City by an officer or department thereof shall be paid into the treasury daily at the direction of the City Treasurer.

Section 49 is amended to read as follows:

SECTION 49. FINANCIAL REPORTS.

Annual audited financial reports shall be submitted to the Council by the City Manager in such form as may be approved by the Council, and monthly financial reports shall be maintained by and available for public inspection in the Financial Services Department.

Section 52 is amended to read as follows:

The Council shall employ a certified public accountant annually, or, more often to investigate the transactions and accounts of all officers or employees having the collection, custody or disbursement of public money or property, or the powers to approve, allow or audit demands on the treasury.

Section 54 (a) is amended to read as follows:

Every contract involving an expenditure of City moneys of more than One Hundred Thousand Dollars (\$100,000) for public works construction shall be let to the lowest responsible bidder after notice by publication in a newspaper of general circulation by two (2) insertions, the first of which shall be at least ten (10) days before the time for opening bids. Such contracts may be let without advertising for bids if such purchase shall be deemed by the Council to be of urgent necessity for the preservation of life, health, or property or otherwise in the best interests of the City and shall be authorized by resolution passed by at least four

(4) affirmative votes of the Council and containing a declaration of the facts constituting the urgency or benefit. The Council shall have the right to waive any informality or minor irregularity in a bid. The City Manager may reject any and all bids presented and, in his or her discretion, may readvertise for bids, or recommend to the Council to dispense with competitive bidding. If the Council determines to dispense with competitive bidding, it shall do so by resolution, finding that it is in the best interests of the City, and such resolution shall be passed by at least four (4) affirmative votes.

Section 54 (b) is amended to read as follows:

Before making any purchase of, or contract for, supplies, materials, equipment or services (other than professional or contractual services which are, in their nature, unique and not subject to competitive bidding), the City Manager or a designated representative shall provide for competitive bidding under such definitions, conditions, terms, rules and regulations and with such exceptions as the Council shall prescribe by ordinance to be adopted by and only amended by, at least four (4) affirmative votes of the Council.

Section 56 is amended to read as follows:

Every franchise or privilege to construct, maintain, or operate any railroad, or other means of transportation in or over any street or highway, or to lay pipes or conduits, or erect poles or wires or other structures in or across any street or highway for the transmission of gas, electricity, or other commodity, or for the use of public property or places now or hereafter belonging to the City, shall be granted under and in pursuance of the provisions of this Charter, any applicable City ordinances, resolutions or policies and the general laws of the state relating to the granting of such franchises or privileges.

The Council may place any condition on such franchise or privilege not inconsistent with the Constitution or general laws.

Date of Municipal Election: April 10, 2001.

Charter Chapter 16—City of Los Angeles

Amendments to the Charter of the City of Los Angeles

[Filed with the Secretary of State July 10, 2001.]

Section 1224 is added to read:

Section 1224. Authority of City Council to Reactivate Surviving Spouse Benefits to Persons Who Remarried Prior to December 5, 1996.

(a) Council Authority. The Council may by ordinance adopted in accordance with the provisions of this section reactivate the survivor benefit of a Qualified Surviving Spouse under any Tier of the Fire and Police Pension Plan who had

remarried prior to December 5, 1996, and, as a result thereof, had their survivor benefit discontinued.

(b) **Limitations of Ordinance.** The authority given to the Council to reactivate the survivor benefit is specifically limited as follows:

(1) No benefits shall be paid for any period prior to the effective date of this Charter amendment.

(2) **Operability of this Section.** This section shall become inoperative in the event that a demand is made by a bargaining unit representing employees affected by this section that an impasse over a proposed ordinance authorized by this section be resolved by binding arbitration if such arbitration is authorized by law. In such event, pension benefits shall again be determined by Charter provisions in effect at the time this section was adopted.

(c) **Mode of Adoption.** Ordinances adopted pursuant to this section shall be adopted in the same manner as provided in Section 1618(b), but the City Council shall be advised in writing by an enrolled actuary as to the cost of the proposed program.

Section 1. The title of Part 3, Article XI is amended to read:

**FIRE AND POLICE PENSION PLAN
GENERAL PROVISIONS**

Section 2. Section 1200 is amended to read:

Section 1200. **Applicability.**

Each Tier of the Fire and Police Pension Plan shall be governed by the following:

- (a) provisions specific to each Tier as set forth in this Article; and
- (b) these General Provisions for the Fire and Police Pension Plan.

Section 3. Section 1202 is amended to read:

Section 1202. **Definitions.**

For the purposes of the Tiers of the Fire and Police Pension Plan set forth in this Part 3, the following words and phrases shall have the meaning ascribed to them in this section, unless a different meaning is clearly indicated by the context.

- (a) **City:** The City of Los Angeles.
- (b) **Board:** The Board of Fire and Police Pension Commissioners.
- (c) **Plan or System:** The Fire and Police Pension Plan administered by the Board. Any reference in this Part to “Fire and Police Pension Plans” shall be deemed a reference to the Fire and Police Pension Plan.
- (d) **Beneficiary:** Person entitled to receive a benefit from the Plan.
- (e) **Department Member:** A person who is a sworn Member of the Fire Department or a sworn Member of the Police Department.
- (f) **Retired Plan Member:** A person who is a former Plan Member whose active duty status has been terminated and is receiving a regular monthly benefit payment from any Tier of the Fire and Police Pension Plan.

(g) Tier: Any one of the several benefit structures denominated as a “Tier” within the Fire and Police Pension Plan.

(h) Outside Agency: Any governmental entity other than the Fire or Police Departments of the City of Los Angeles.

(i) Transferring Employees: Employees of an Outside Agency who become Department Members pursuant to a merger or contract for fire or police services authorized by action of the Council.

Section 4. Section 1210 is amended to read:

Section 1210. Budget.

(a) Adoption of Annual Budget. The Board of Fire and Police Pension Commissioners shall adopt a budget each year setting forth the administration expense for each Tier of the Fire and Police Pension Plan. The budget shall be adopted at a meeting open to the public. At the discretion of the Council, administrative expense, which includes investment management expense, may be paid from the assets of the Plan.

(b) Separate Items of Budget. The Board shall annually prepare and transmit to the Mayor, Council and Controller a budget setting forth the estimated cost of maintaining the Fire and Police Pension Plan. The budget shall include each of the following separate items, whether such item is positive number or a negative number:

(1) Fire and Police Pension Plan—Tier 1.

(a) A sum equal to that percentage of the salaries of all Tier 1 Members shown in the last actuarial valuation to be required to cover the entry age cost to be paid by the City on account of new entrants into Tier 1. The entry age cost is defined as the level percentage of compensation of new Tier 1 entrants which must be paid into the Plan from their date of entry in order to provide the benefits under the Plan, less the contributions to be made by new entrants during the period of their membership as provided in Section 1324.

(b) A sum, which may be a positive number or a negative number, equal to the dollar amount shown in the last actuarial valuation to be required to amortize the unfunded liabilities of the Plan allocable to Tier 1 for the purpose of preparation of the budget. The unfunded liabilities to be allocated are the present value of all of the assumed obligations under Tier 1 of the Plan, less

(i) the present value of the future contributions to be made by the City under the preceding subsection and by the members under Section 1324, and

(ii) the assets of the Plan allocated for this purpose to the Fire and Police Tier 1 Service Pension Fund and to the Fire and Police Tier 1 General Pension Fund. The amortization period shall be 70 years beginning with the fiscal year 1967–1968.

(c) A sum sufficient to cover the cost, if any, as determined by an actuarial estimate, of benefits granted by the Council under the authority of Section 1330 of Tier 1.

(2) Fire and Police Pension Plan—Tier 2.

(a) A sum equal to that percentage of the salaries of all Tier 2 Members shown in the last actuarial valuation to be required to cover the entry age cost to be paid by the City on account of new System Member entrants into Tier 2. The entry age cost is defined as the level percentage of salary of Tier 2 entrants which must be paid into the Plan from their respective dates of entry in order to provide the benefits pursuant to this Plan, less the deductions to be made from the salaries of new entrants, while they are Tier 2 Members, as provided by Section 1420.

(b) A sum, which may be a positive number or a negative number, equal to that percentage of the aggregate salaries of all members of the Fire Department and of the Police Department who are included under the provisions of Tiers 1, 2, 3 and 4 of this Plan, as shown in the last actuarial valuation required to amortize the unfunded liabilities of the Plan allocable to Tier 2 for the purpose of preparation of the budget, which sum will remain level as a percentage of salary, but which will increase in dollar amount in accordance with the aggregate salary increase assumption. The unfunded liabilities to be allocated are the present value of all of the assumed obligations under Tier 2 of the Plan less:

(i) the present value of the future contributions to be made by the City pursuant to the preceding subsection (2) (a);

(ii) the present value of the deductions to be made from the salaries of the Tier 2 Members; and

(iii) the assets of the Plan allocated for this purpose to the Fire and Police Tier 2 Service Pension Fund and the Fire and Police Tier 2 General Pension Fund.

The amortization period shall be 70 years beginning with the fiscal year 1967–68, except the Board shall assume that the unfunded liabilities of Tier 2 shall be \$258,000,000 as of July 1, 1967. Notwithstanding the foregoing, in the event that the unfunded liability as of any fiscal year beginning on or after July 1, 2001 with respect to Tier 2 is greater than zero, the amortization period for such unfunded liability shall be 30 years if less than the period specified in the preceding sentence. The amortization period for any increases in the unfunded liability for any subsequent fiscal year shall be the amortization period of 70 years beginning with the fiscal year 1967–68 or, if shorter, 30 years with respect to increases in unfunded liabilities resulting from amendment to the Plan and 15 years with respect to increases in unfunded liabilities resulting from actuarial experience losses; the amortization period for any decreases in unfunded liabilities shall remain unchanged.

(c) A sum sufficient to cover the cost, if any, as determined by actuarial estimate, of benefits granted by the Council under the authority of Section 1428 of this Tier 2.

(3) Fire and Police Pension Plan—Tier 3.

(a) A sum equal to that percentage of the salaries of all Tier 3 Members shown in the last actuarial valuation to be required to cover the entry age cost to be paid by the City on account of Tier 3 Member entrants into the Fire and Police Pension

Plan—Tier 3. The entry age cost being defined as the level percentage of salary of new Tier 3 Member entrants which must be paid into the Plan from their respective dates of entry in order to provide the benefits pursuant to the Tier 3 provisions, less the deductions to be made from the salaries of new entrants while they are Tier 3 Members.

(b) A sum, which may be a positive number or a negative number, equal to that percentage of salaries of all Tier 3 Members shown in the last actuarial valuation to be required to amortize the unfunded liabilities of the Plan allocable to Tier 3 for the purpose of preparation of the budget. The unfunded liabilities to be allocated are the present value of all the assumed obligations under Tier 3 of the Plan less:

(i) the present value of the future contributions to be made by the City under the preceding subsection 3(a);

(ii) the present value of the deductions to be made from the salaries of the Tier 3 Members; and

(iii) the assets of the Plan allocated for this purpose to the Fire and Police Pension Plan—Tier 3.

(c) A sum sufficient to cover the cost, if any, as determined by an actuarial estimate, of benefits granted by the City Council by ordinance as authorized by Tier 3.

(4) Fire and Police Pension Plan—Tier 4.

(a) A sum equal to that percentage of the salaries of all Tier 4 Members shown in the last actuarial valuation to be required to cover the entry age cost to be paid by the City on account of Member entrants into Tier 4. The entry age cost is defined as the level percentage of salary of new Tier 4 Member entrants which must be paid into the Plan from their respective dates of entry in order to provide the benefits pursuant to the Tier 4 provisions, less the deductions to be made from the salaries of new entrants while they are Tier 4 Members.

(b) A sum, which may be a positive number or a negative number, equal to that percentage of salaries of all Tier 4 Members shown in the last actuarial valuation to be required to amortize the unfunded liabilities of the Plan allocable to Tier 4 for the purpose of preparation of the budget. The unfunded liabilities to be allocated are the present value of all the assumed obligations under Tier 4 of the Plan less:

(i) the present value of the future contributions to be made by the City pursuant to the preceding subsection 4(a);

(ii) the present value of the deductions to be made from the salaries of the Tier 4 Members; and

(iii) the assets of the Plan allocated for this purpose to the Fire and Police Pension Plan—Tier 4.

(c) A sum sufficient to cover the cost, if any, as determined by an actuarial estimate, of benefits granted by the Council by ordinance as authorized by Tier 4.

(c) General Obligation of the City. For the purpose of providing funds to meet the budget of the Fire and Police Pension Plan, the Council annually shall provide from revenues available to it, funds sufficient to provide the total amount of all positive items, reduced by the total amount of all negative items, in the budget submitted by the Board, such reduction subject to any restrictions imposed by Section 401(h) of the Internal Revenue Code.

Section 5. Section 1220 is added to read:

Section 1220. Merger and Coordination of Separate Tiers.

Notwithstanding any provision of this Part 3 to the contrary, effective July 1, 2001:

(a) The separate Tiers of the Plan shall be merged together and shall thereafter be the single Fire and Police Pension Plan;

(b) The assets of the separate Service Pension Funds, General Pension Funds and other funds described in this Part 3 shall become the assets of the single Plan, but the funds may be accounted for separately by the Board for record keeping, actuarial and other administrative purposes. If the total of the items calculated under Section 1210(b) with respect to a single Tier is a negative number, the assets allocated to that Tier shall be reduced by the amount of such negative number that is applied as an offset to a positive total of items for another Tier. In addition, such offset shall be treated as an increase of assets allocated to such other Tier; and

(c) All of the assets in the Plan, regardless of the fund to which they may be assigned for record keeping, actuarial or other administrative purposes, shall be available to pay any of the benefits provided for under the Plan, except as otherwise provided by Section 401(h) of the Internal Revenue Code.

(d) Notwithstanding the preceding subsections of this section, Member Contributions shall be paid into the applicable Service Pension Fund, and the moneys in the Service Pension Fund(s) shall continue to be applied solely to the payment of service pensions and, if applicable, refunds to Members.

(e) The Council is hereby authorized to provide by ordinance conforming and technical changes to this Part to implement the intention of this Section that the Tiers function as different benefit structures within the single Plan. Ordinances adopted pursuant to this section shall be adopted in the same manner as provided in Section 1618(b) of this Charter.

Section 6. Section 1222 is added to read:

Section 1222. Authority of City Council to Establish a New Pension Tier by Ordinance.

(a) Council Authority. The Council shall by ordinance adopted in accordance with the provisions of this section establish a new tier to be known as Tier 5 to the Fire and Police Pension Plan. Such ordinance shall be adopted by the Council no later than December 31, 2001.

(b) Provisions of Tier 5. The new tier to the Fire and Police Pension Plan shall include the following provisions:

(1) Eligibility for Membership: Each person who shall be appointed as a Department Member on or after January 1, 2002, shall become a Tier 5 Member. In addition, any Plan Member currently in Tiers 2, 3, or 4, as of January 1, 2002, hired prior to that date who makes an irrevocable election in writing during a six to twelve month time period to be specified by the Board of Fire and Police Pension Commissioners after adoption of this section shall become a Tier 5 Member.

(2) Service Pension Formula. Normal Retirement shall be with a minimum of 20 years of service and a minimum age of 50 years. The minimum service pension payable shall be equal to 50% of Final Average Salary at age 50 with 20 years of service. For each year of service after 20 years, an amount of 3% of Final Average Salary shall be provided per year of service, with the exception of the 30th year, in which 4% shall be provided. The maximum percentage of Final Average Salary payable, regardless of length of service, shall be 90% of Final Average Salary. The definition of Final Average Salary shall be the same definition as contained in Tier 3. Notwithstanding the above, a Tier 5 Member may elect a deferred retirement with at least 20 years of service, however, the retirement formula will be identical to that contained in Tier 3.

(3) Member Contributions. Each Tier 5 Member shall contribute by salary deduction at a rate of 9% of the amount of his or her salary, except that further contributions shall not be required from a Tier 5 Member who has served as a Plan Member more than 33 years. The City shall pay 1% of this contribution contingent on the Fire and Police Pension Plan remaining at least 100% actuarially funded for pension benefits. In the event Section 1220 of the Charter becomes inoperative, employee contributions shall increase by one-half the increase in the Normal Cost of Tier 5 over the Normal Cost of Tier 3, immediately prior to the inception of Tier 5, as defined by the Plan's actuary.

(4) Refund of Contributions. Tier 5 Members shall upon termination of employment be entitled to a refund of contributions.

(5) Cost-of-Living Adjustments. The annual cost of living adjustment shall be the equivalent to the provisions of Tier 3, except that there shall also be included a provision providing for the banking of amounts above the maximum annual increase and a provision crediting such banked amounts to members' pensions during years when the applicable Consumer Price Index is less than the maximum permitted.

(6) Recall to Active Duty. The recall to active duty provisions shall be substantially identical to those currently provided for in Tier 2, Charter Section 1410(b).

(7) Compliance with Certain Internal Revenue Code Provisions. Tier 5 shall contain substantially identical provisions regarding compliance with Internal Revenue Code provisions as those set forth in Section 1520 of this Charter.

(8) Other Provisions and Definitions. All other provisions and definitions of Tier 5 not otherwise described herein shall be substantially identical to those of

Tier 3. Notwithstanding the above, Tier 2 Members who elect to transfer into Tier 5, shall retain the existing Tier 2 Survivorship pension benefits contained in Section 1414 of this Charter, subject to the cost of living adjustment described in subsection (5), except that the active duty death survivor benefits shall be calculated at the higher rate currently contained in Tier 3.

(c) Technical Corrections. The Council is hereby authorized to provide conforming and technical changes to Tier 5 that do not result in any additional costs to the Fire and Police Pension Plan.

(d) Operability of the Section. This section shall become inoperative in the event that a demand is made by a bargaining unit representing employees affected by this section that an impasse over a proposed ordinance authorized by this section be resolved by binding arbitration if such arbitration is authorized by law. In such event, pension benefits shall again be determined by Charter provisions in effect at the time this section was adopted. Courts of law shall have the exclusive authority to resolve disputes over whether an ordinance authorized by this section satisfies any legal requirement.

(e) Mode of Adoption. Ordinances adopted pursuant to this section shall be adopted in the same manner as provided in Section 1618(b) of this Charter, but the City Council shall be advised in writing by an enrolled actuary as to the cost of the proposed program.

Charter Chapter 17—City of Monterey

Amendments to the Charter of the City of Monterey

[Filed with the Secretary of State December 27, 2001.]

Current Charter Section 4.8 is deleted and in its place, the following Section 4.8 is inserted:

Sec. 4.8 Contracts For Public Works.

The construction, reconstruction, or improvement of any public work in excess of \$50,000.00, including the supplying of materials, supplies, and labor, shall be let by contract to the lowest responsible bidder after public bidding, except as set forth in this Section. The Council shall, by Ordinance, establish procedures for public bidding, including the contracting for public works less than \$50,000.00 and the purchase of equipment, supplies, materials, or services.

The \$50,000.00 limit set forth above shall be increased by \$5,000.00 on July 1, 2005, and by the same amount on July 1st of each fifth year thereafter.

The City may contract with other governmental agencies or public utility companies for the erection of public works, or for the purchase of equipment, supplies,

materials, or services without the need for bidding if it first finds that the government agency or public utility has substantially complied with the City's bidding or purchasing process.

In the event of an emergency caused by fire, flood, earthquake, storm, or similar disaster, the Mayor or City Manager may order the suspension of normal bidding or purchasing requirements for projects related to abatement of the impacts or effects of such emergency. The City Council shall, if possible, ratify such emergency suspension of procedures within seventy-two (72) hours and consider whether further suspension of procedures is required to abate the impacts of the emergency.

Notwithstanding any provision above, the City Council may award individual annual contracts, referred to as "job order contracts", none of which may exceed one million dollars (\$1,000,000.00) adjusted annually on July 1st to reflect the percentage change in the California Consumer Price Index, for repair, remodeling, paving, sidewalk repair, or other repetitive work to be done according to unit prices. No annual contracts may be awarded for any new construction; however, job order contracts may be utilized for new projects less than \$50,000.00, adjusted as set forth above. The contracts shall be awarded to the lowest responsible bidder and shall be based on plans and specifications for typical work.

For purposes of this section, the term "unit price" shall mean the amount paid for a single unit of an item of work, the term "typical work" shall mean a work description applicable universally or applicable to a large number of individual projects, as distinguished from work specifically described with respect to an individual project, and the term "repair, remodeling, paving, sidewalk repair, or other repetitive work to be done according to unit prices" shall not include design or contract drawings.
