(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the State School Building Finance Committee established pursuant to Section 15909 at any different times necessary to service expenditures required by the apportionments.

100827. The State School Building Finance Committee, established by Section 15909 and composed of the Governor, the Controller, the Treasurer, the Director of Finance, and the Superintendent of Public Instruction, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall serve as chairperson of the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet with and provide advice to the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and, as that committee, shall have the powers granted to, and duties imposed upon, those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide assistance to the committee as it may require. The Attorney General of the state is the legal adviser of the committee.

100830. (a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law, except Section 16727 of the Government Code, apply to the bonds and to this chapter and are hereby incorporated into this chapter as though set forth in full within this chapter.

(b) For purposes of the State General Obligation Bond Law, the State Allocation Board is designated the “board” for purposes of administering the 2004 State School Facilities Fund.

100832. Upon request of the State Allocation Board from time to time, supported by a statement of the apportionments made and to be
made for the purposes described in Sections 100815 and 100820, the State School Building Finance Committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to fund the apportionments and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to fund those apportionments progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

100834. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

100835. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 100840, appropriated without regard to fiscal years.

100836. The State Allocation Board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

100838. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or
desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

100840. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds that have been authorized by the State School Building Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the 2004 State School Facilities Fund consistent with this chapter. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

100842. All money deposited in the 2004 State School Facilities Fund, that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

100844. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

100846. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not “proceeds of taxes” as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

(d) (1) The Legislature may amend this section to adjust the funding amounts specified in paragraphs (1) to (4), inclusive, of subdivision (a), only by either of the following methods:

(A) By a statute, passed in each house of the Legislature by rollcall vote entered in the respective journals, by not less than two-thirds of the membership in each house concurring, if the statute is consistent with, and furthers the purposes of, this chapter.

(B) By a statute that becomes effective only when approved by the voters.

(2) Amendments pursuant to this subdivision may adjust the amounts to be expended pursuant to paragraphs (1) to (4), inclusive, of subdivision (a), but may not increase or decrease the total amount to be expended pursuant to that subdivision.

(e) From the total amounts set forth in paragraphs (1) to (6), inclusive, of subdivision (a), a total of no more than twenty million dollars ($20,000,000) shall be used for the costs of energy conservation adjustments authorized pursuant to Section 17077.35.

The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the State School Building Finance Committee established pursuant to Section 15909 at any different times necessary to service expenditures required by the apportionments.

100827. The State School Building Finance Committee, established by Section 15909 and composed of the Governor, the Controller, the Treasurer, the Director of Finance, and the Superintendent of Public Instruction, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall serve as chairperson of the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet with and provide advice to the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and, as that committee, shall have the powers granted to, and duties imposed upon, those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide assistance to the committee as it may require. The Attorney General of the state is the legal adviser of the committee.

100830. (a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law, except Section 16727 of the Government Code, apply to the bonds and to this chapter and are hereby incorporated into this chapter as though set forth in full within this chapter.

(b) For purposes of the State General Obligation Bond Law, the State Allocation Board is designated the “board” for purposes of administering the 2004 State School Facilities Fund.

100832. Upon request of the State Allocation Board from time to time, supported by a statement of the apportionments made and to be
made for the purposes described in Sections 100815 and 100820, the State School Building Finance Committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to fund the apportionments and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to fund those apportionments progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

100834. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

100835. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 100840, appropriated without regard to fiscal years.

100836. The State Allocation Board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

100838. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or
desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

100840. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds that have been authorized by the State School Building Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the 2004 State School Facilities Fund consistent with this chapter. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

100842. All money deposited in the 2004 State School Facilities Fund, that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

100844. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

100846. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not “proceeds of taxes” as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

(f) Beginning January 1, 2007, and each January 1 thereafter, the department shall determine the number of currently outstanding and valid California memorial license plates. If that number is less than 7,500 in any year, then the department shall no longer issue or replace those plates.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because California must take immediate preventative measures against terrorism and Californians need the opportunity to commemorate those lost through terrorism, it is necessary that this act go into immediate effect.

(b) Notwithstanding any other provision of law, the state employer shall be deemed to have made an immediate payment of wages under this section for any unused or accumulated vacation, annual leave, holiday leave, or time off to which the employee is entitled by reason of previous overtime work where compensating time off was given by the appointing power, provided, at least five workdays prior to his or her final day of employment, the employee submits a written election to his or her appointing power authorizing the state employer to tender payment for any or all leave to be contributed on a pretax basis to the employee’s account in a state-sponsors supplemental retirement plan as described under Sections 401(k), 403(b), or 457 of the Internal Revenue Code provided the plan allows those contributions. The contribution shall be tendered for payment to the employee’s 401(k), 403(b), or 457 plan account no later than 45 days after the employee’s discharge from employment. Nothing in this section is intended to authorize contributions in excess of the annual deferral limits imposed under federal and state law or the provisions of the supplemental retirement plan itself.

(c) Notwithstanding any other provision of law, when the state employer discharges an employee, the employee may, at least five workdays prior to his or her final day of employment, submit a written election to his or her appointing power authorizing the state employer to defer into the next calendar year payment of any or all of the employee’s unused or accumulated vacation, annual leave, holiday leave, or time off to which the employee is entitled by reason of previous overtime work where compensating time off was given by the appointing power. To qualify for the deferral of payment under this section, only that portion of leave that extends past the November pay period for state employees shall be deferred into the next calendar year.

3. Receive a lump-sum payment for all of the deferred unused leave as described above.

Payments shall be tendered under this section no later than February 1 in the year following the employee’s last day of employment. Nothing in this section is intended to authorize contributions in excess of the annual deferral limits imposed under federal and state law or the provisions of the supplemental retirement plan itself.

202. (a) If an employee not having a written contract for a definite period quits his or her employment, his or her wages shall become due and payable not later than 72 hours thereafter, unless the employee has given 72 hours previous notice of his or her intention to quit, in which case the employee is entitled to his or her wages at the time of quitting. Notwithstanding any other provision of law, an employee who quits without providing a 72-hour notice shall be entitled to receive payment by mail if he or she so requests and designates a mailing address. The date of the mailing shall constitute the date of payment for purposes of the requirement to provide payment within 72 hours of the notice of quitting.

(b) Notwithstanding any other provision of law, the state employer shall be deemed to have made an immediate payment of wages under this section for any unused or accumulated vacation, annual leave, holiday leave, sick leave to which the employee is otherwise entitled due to a disability retirement, or time off to which the employee is entitled by reason of previous overtime work where compensating time off was given by the appointing power, provided at least five workdays prior to his or her final day of employment, the employee submits a written election to his or her appointing power authorizing the state employer to tender payment for any or all leave to be contributed on a pretax basis to the employee’s account in a state-sponsored supplemental retirement plan as described under Sections 401(k), 403(b), or 457 of the Internal Revenue Code provided the plan allows those contributions. The contribution shall be tendered for payment to the employee’s 401(k), 403(b), or 457 plan account no later than 45 days after the employee’s last day of employment. Nothing in this section is intended to authorize contributions in excess of the annual deferral limits imposed under
federal and state law or the provisions of the supplemental retirement plan itself.

(c) Notwithstanding any other provision of law, when a state employee quits, retires, or disability retires from his or her employment with the state, the employee may, at least five workdays prior to his or her final day of employment, submit a written election to his or her appointing power authorizing the state employer to defer into the next calendar year payment of any or all of the employee’s unused or accumulated vacation, annual leave, holiday leave, sick leave to which the employee is otherwise entitled due to a disability, retirement, or time off to which the employee is entitled by reason of previous overtime work where compensating time off was given by the appointing power. To qualify for the deferral of payment under this section, only that portion of leave that extends past the November pay period for state employees shall be deferred into the next calendar year under this section may do any of the following:

(1) Contribute the entire payment to his or her 401(k), 403(b), or 457 plan account.

(2) Contribute any portion of the deferred payment to his or her 401(k), 403(b), or 457 plan account and receive cash payment for the remaining noncontributed unused leave.

(3) Receive a lump-sum payment for all of the deferred unused leave as described above.

Payments shall be tendered under this section no later than February 1 in the year following the employee’s last day of employment. Nothing in this section is intended to authorize contributions in excess of the annual deferral limits imposed under federal and state law or the provisions of the supplemental retirement plan itself.

SEC. 8. Section 219 of the Labor Code is amended to read:

219. (a) Nothing in this article shall in any way limit or prohibit the payment of wages at more frequent intervals, or in greater amounts, or in full when or before due, but no provision of this article can in any way be contravened or set aside by a private agreement, whether written, oral, or implied.

(b) The state employer does not violate this section by authorizing employees who quit, or are discharged from, their employment with the state to take payment for any unused or accumulated vacation, annual leave, holiday leave, sick leave to which the employee is otherwise entitled due to a disability retirement, or time off to which the employee is entitled by reason of previous overtime work where compensating time off was given by the appointing power, as provided in Section 201 or 202.

SEC. 9. The sum of eight hundred seventy-five thousand dollars ($875,000) is hereby appropriated for expenditure in the 2001–02 fiscal
year in augmentation of, and for the purpose of state employee compensations as provided in, Items 9800-001-0001, 9800-001-0494, and 9800-001-0988 of Section 2.00 of the Budget Act of 2001 (Chapter 106, Statutes of 2001) in accordance with the following schedule:

[Approved by Governor May 15, 2002. Filed with Secretary of State May 16, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 31.5 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 31.5. (a) Basin equity assessments and production requirements and limitations on persons and operators within the district are declared to be in furtherance of district activities in the protection of water supplies for users within the district which are necessary for the public health, welfare, and safety of the people of this state. The basin equity assessments and the production requirements and limitations provided for in this act may be imposed upon, and applied to, all persons and producers within the district for the benefit of all who rely directly or indirectly upon the groundwater supplies of the district.

(b) The basin equity assessments imposed pursuant to this act against all persons and operators within the district may be uniform or
nonuniform in amount, as determined by the board of directors of the district, in order to effectuate the goals and purposes of the district. The proceeds of the basin equity assessments imposed and collected shall be used to equalize the cost of water to all persons and operators within the district and to acquire water to replenish the groundwater supplies of the district.

(c) As used in this act:

(1) “Supplemental sources” means sources of water outside the watershed of the Santa Ana River, excepting that portion of that watershed on and along Santiago Creek upstream of the downstream toe of the slope of the Villa Park Flood Control Dam, such as, but not limited to, water produced from the Metropolitan Water District of Southern California.

(2) “Basin production percentage” means the ratio that all water to be produced from groundwater supplies within the district bears to all water to be produced by persons and operators within the district from supplemental sources and from groundwater within the district during the ensuing water year.

(d) The district shall annually order an engineer employed by the district to prepare an investigation and report. The investigation and report shall set forth all of the following information, together with other information requested by the district, relating to the preceding water year:

(1) Amount of water produced by persons and operators from groundwater within the district.

(2) Amount of water produced by persons and operators from supplemental sources.

(3) Amount of water produced by persons and operators from all other sources.

(4) Condition of groundwater supplies within the district.

(5) Information as to the probable availability of water from supplemental sources during the next succeeding fiscal year.

(6) The cost of producing water from groundwater within the district, including any replenishment assessment of the district.

(7) The cost of water produced within the district from supplemental sources.

(e) (1) On the second Wednesday in February of each year, the engineering investigation and report shall be delivered to the secretary of the district.

(2) The secretary shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of the report and of the public hearing to be held on the date of a meeting of the board of directors in March, in a newspaper of general circulation printed and published
within the district, at least 10 days prior to the date at which the public hearing regarding water supplies within the district is to be held.

(3) The notice, among any other information that the district may provide, shall include an invitation to all persons or operators within the district to call at the offices of the district to examine the engineering investigation and report.

(4) The board of directors shall hold on the date of a meeting of the board in March of each year, a public hearing at which a person or operator within the district, or any person interested in the amounts and source from which all persons and operators produce their total supply of water, as well as the estimated difference in the cost of water produced from groundwater within the district or supplemental sources, may appear and be heard, in person or by representative.

(f) (1) On the date of a meeting of the board of directors in April of each year, the board of directors shall hold a public hearing to determine the need and desirability of imposing basin equity assessments and the amounts thereof, the need for establishing production requirements and limitations, and the extent of those requirements and limitations as to each person or operator within the district for the ensuing water year.

(2) In computing and fixing the amount of any basin equity assessment for any person or operator within the district, the board may allow a percentage for delinquencies, not to exceed 10 percent, as determined by the board.

(3) Notice of the proposed hearing shall be published in the district pursuant to Section 6061 of the Government Code at least 10 days prior to the date set for the hearing.

(4) The notice shall set forth all of the following:

(B) The date, time, and place of the proposed hearing.

(C) A statement that the board will consider at the hearing the need and desirability of imposing basin equity assessments and the amounts of those assessments, as well as establishing production requirements and limitations, on persons and operators within the district for the ensuing water year and surcharges in connection with those requirements and limitations.

(D) An invitation to all persons and operators to appear at the public hearing and be heard in regard to any of the foregoing matters.

(g) (1) At the hearing, the board shall hear, take, and receive all competent evidence presented regarding the need for basin equity assessments, production requirements and limitations in general, and specifically, the extent of those requirements or limitations as to each person or operator within the district, the amount of the basin equity assessment which shall be imposed upon each person and operator for
all purposes other than irrigation at uniform or nonuniform rates and may be imposed upon each person and operator for irrigation purposes at uniform or nonuniform rates for the ensuing water year, and the amount of surcharges for production in excess of the basin production limitations.

(2) After the hearing, the board may, by a resolution adopted by a vote of not less than eight members of the board, find and determine for the ensuing water year all of the following:

(G) Production requirements or limitations and the surcharge for production in excess of the basin production limitations on persons and operators within the district that will apply during the ensuing water year. The requirements and limitations shall be on the amount of groundwater produced by those persons and operators expressed in a percentage of overall water produced or obtained by those persons or operators from groundwater within the district and from supplemental sources.

(H) That during the ensuing water year, upon the district giving published notice pursuant to Section 6061 of the Government Code in a newspaper of general circulation printed and published within the district at least 10 days prior to such a hearing, a subsequent public hearing may be held to modify the basin production percentage, any basin equity assessment, any production requirement or limitation, or the surcharge for production in excess of the production limitation established by the district. A modification, if any, shall be effective on
the date established by the board and the district. The district shall give notice of the modification 10 days prior to the effective date of the modification pursuant to subdivision (e).

(h) (1) The board may exclude all persons and operators who produced 25 acre-feet or less of water from groundwater within the district during the ensuing water year from the imposition of the basin equity assessment and the production requirements and limitations.

(2) All findings and determinations made by the board pursuant to this section are final, conclusive, and binding upon all persons and parties.

(i) (1) The district shall thereafter, and in any event prior to July 1 in each year, give notice to each person or operator within the district. The notice shall include all of the following information:

(A) The amount of the basin equity assessment imposed upon that person or operator per acre-foot of water produced for purposes other than irrigation and the amount of the basin equity assessment imposed upon that person or operator per acre-foot of water produced for irrigation purposes.

(B) The basin production percentage.

(C) The production requirement or limitation upon the person or operator.

(D) The amount of surcharge imposed for production in excess of the basin production limitations.

(2) The notice required by this subdivision and the notice of any subsequent modifications may be sent by postcard or by other first-class mail with postage prepaid by the district.

(j) (1) Each person or operator within the district not excluded from the imposition of a basin equity assessment and the production requirements and limitations, shall file with the district, on or before the 30th day of September of each year, a basin equity assessment report in the form prescribed by the district setting forth the total amounts of water produced from groundwater within the district and from supplemental sources during the preceding water year by the person or operator. The statement shall be verified by a written declaration under penalty of perjury.

(2) If the person or operator has been required by the district to produce, or has in fact produced, more water from groundwater within the district than the equivalent of the basin production percentage determined by the district, that person or operator shall pay to the district, on or before September 30, an amount determined by the number of acre-feet of water which the person or operator has produced from groundwater within the district in excess of the acre-foot equivalent of the basin production percentage multiplied by the basin equity
assessment rate applicable to that person or operator, plus the amount of surcharge due for production in excess of the production limitations.

(3) (A) If a person or operator, pursuant to the requirement of the district, has produced from groundwater within the district less than of the equivalent of the basin production percentage, the district shall pay the person or operator, on or before the 30th day of November, from the basin equity assessment fund, an amount determined by the number of acre-feet by which the production of the person or operator from groundwater as required by the district is less than the acre-foot equivalent of the basin production percentage multiplied by the basin equity assessment rate applicable to that person or operator.

(B) If the production of the person or operator from groundwater is more than the production required by the district and less than the equivalent of the basin equity production percentage, then the district shall pay the person or operator an amount determined by the number of acre-feet by which the actual production of the person or operator from groundwater is less than the acre-foot equivalent of the basin production percentage multiplied by the basin equity assessment applicable to that person or operator.

(k) If any person or operator fails to pay, when due, the applicable basin equity assessment or surcharge due for production in excess of the production limitations, the district shall charge interest on the delinquent amount at the rate of 1 percent each month or fraction thereof for which the amount remains delinquent. Should any person or operator within the district fail to file a basin equity assessment report on or before the 30th day of November of any year, the district shall, in addition to charging interest, assess a penalty charge against that person or operator in the amount of 10 percent of the amount found by the district to be due.

(l) (1) The district may require other reports from persons and operators as necessary and desirable in the application of the basin equity assessment procedures.

(2) Upon good cause shown, an amendment to any report required under this section may be filed, or a correction of any report may be made, within six months after the date the report was filed with the district.

(1) Contract with an external evaluator from the list of external evaluators and shall appoint a broad-based schoolsite and community team, consisting of a majority of nonschoolsite personnel. In a school that has a limited-English-proficient pupil population that constitutes at least 40 percent of the total pupil population, an external evaluator shall have demonstrated experience in working with a limited-English-proficient pupil population. Not less than 20 percent of the members of the team shall be parents or legal guardians of pupils in the school.

(2) Contract with an entity that has proven, successful expertise specific to the challenges inherent in low-performing schools. These entities may include, but are not limited to, the following:

(A) Institutions of higher education.
(B) County offices of education.
(C) School district personnel.

(b) The selected external evaluator or entity shall solicit input from the parents and legal guardians of the pupils of the school. At a minimum, the evaluator or entity shall do all of the following:

(1) Inform the parents and legal guardians, in writing, that the school has been selected to participate in the Immediate Intervention/Underperforming Schools Program due to its below average performance.

(2) Hold a public meeting at the school, in cooperation with the principal, to which all parents and legal guardians of pupils in the school receive a written invitation. The invitation to the meeting may be combined with the written notice required by paragraph (1).

These opinions and recommendations shall be considered by the external evaluator or entity and the community team in the development
(4) Provide technical assistance to the schoolsite.

(5) Notify all parents and legal guardians of pupils in the school of their opportunity to provide written recommendations of actions that should be taken to improve the performance of the school which shall be considered by the external evaluator or entity and the community team in the development or modification of the action plan pursuant to this section or Section 52054.3. Notice required by this subdivision may be combined with the written notice required by paragraph (1).

(c) By February 15 of the school year in which the school is selected to participate, the selected external evaluator or entity, in collaboration with the broad-based schoolsite and community team selected pursuant to subdivision (a), shall complete a review of the school that identifies weaknesses that contribute to the school’s below average performance, make recommendations for improvement, and begin to develop an action plan to improve the academic performance of the pupils enrolled at the school. The action plan shall include percentage growth targets at least as high as the annual growth targets adopted by the State Board of Education pursuant to Section 52052. The action plan shall include an expenditure plan and shall be of a scope that does not require expenditure of funds in excess of those provided pursuant to this article or otherwise available to the school. The action plan may not be of a scope that requires reimbursement by the Commission on State Mandates for its implementation.

(d) At a minimum, the action plan shall do all of the following:

(1) Review and include the school and district conditions identified in the school accountability report card pursuant to Section 33126.

(2) Identify the current barriers at the school and district toward improvements in pupil achievement.

(3) Identify schoolwide and districtwide strategies to remove these barriers.

The disaggregated data to be included and considered by the plan shall, at a minimum, provide information regarding the achievement of English language learners, pupils with exceptional needs, pupils who qualify for free and reduced price meals, and pupils in numerically significant subgroups.

(6) Set short-term academic objectives pursuant to Section 52052 for a two-year period that will allow the school to make adequate progress
toward the growth targets established for each participating school for pupil achievement as measured by all of the following to the extent that the data is available for the school:

(A) The achievement test administered pursuant to Section 60640.
(B) Graduation rates for grades 7 to 12, inclusive.
(C) Attendance rates for pupils and school personnel for elementary, middle, and secondary schools.
(D) Any other indicators approved by the State Board of Education.

(e) The school action plan shall focus on improving pupil academic performance, improving the involvement of parents and guardians, improving the effective and efficient allocation of resources and management of the school, and identifying and developing solutions that take into account the underlying causes for low performance by pupils.

(f) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(g) The school action plan may propose to increase the number of instructional days offered at the schoolsite and also may propose to increase up to a full 12 months the amount of time for which certificated employees are contracted, if all of the following conditions are met:

(1) Provisions of the plan proposed pursuant to this subdivision shall not violate current applicable collective bargaining agreements.

(2) An agreement is reached with the exclusive representative concerning staffing specifically to accommodate the extended school year or 12-month contract.

(h) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(i) Upon its completion, the action plan shall be submitted to the governing board of the school districts for its approval at a regularly scheduled public meeting. After the plan is approved, but no later than May 15 of the year that follows the year the school is selected to participate, the plan shall be submitted to the Superintendent of Public Instruction with a request for funding in the form prescribed by the Superintendent of Public Instruction, who shall review the school action plan and recommend approval or disapproval of the school’s request for funding to the State Board of Education.

(j) Not later than July 15 of the year next following the year in which a school is selected for participation, the State Board of Education shall review and approve or disapprove the school’s request for funding, based on the recommendation of the Superintendent of Public Instruction. Within 30 days of the State Board of Education’s review, the Superintendent of Public Instruction shall notify the effected school districts of the state of the board’s action regarding the request for
funding. In conjunction with its approval of a request for funding to implement a school’s action plan, the State Board of Education may, at the request of the governing board of the school district or the county board of education for a school under its jurisdiction, waive all or any part of any provision of this code, or any regulation adopted by the State Board of Education, controlling any of the programs listed in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761 and Section 64000 if the waiver does not result in a decrease in the instructional time otherwise required by law or regulation or an increase in state costs and is determined to be consistent with subdivision (a) of Section 46300.

SEC. 2. Section 52055.600 of the Education Code is amended to read:

52055.600. (a) The High Priority Schools Grant Program for Low Performing Schools is hereby established. Participation in this program is voluntary.

(b) From funds made available for purposes of this article, the Superintendent of Public Instruction shall allocate a total of four hundred dollars ($400) per pupil, including funds received pursuant to Section 52054.5 or for the Comprehensive School Reform Demonstration Program (Public Law 105-78), to eligible schools for implementation of a school action plan approved pursuant to this article. In the first year of participation, instead of four hundred dollars ($400) per pupil, a schoolsite may receive a total of thirty-three dollars and thirty-three cents ($33.33) per pupil for each month remaining in the fiscal year ending June 30, 2003, beginning in the month immediately following the date of approval by the State Board of Education of the action plan required pursuant to this article. If the plan is not approved prior to the end of the fiscal year, the funding shall be similarly prorated in the subsequent year.

(c) It is the intent of the Legislature that federal funding provided pursuant to the Comprehensive School Reform Demonstration Program (P.L. 105-78) supplement, not supplant, funding received pursuant to this article.

(d) Funds received pursuant to this article may not be used to match funds received pursuant to Article 3 (commencing with Section 52053).

(e) The school district shall keep fiscal records available for inspection that affirm allocation to schoolsites in accordance with this section and shall allocate resources in a manner that does not delay their use.

SEC. 3. Section 52055.605 of the Education Code is amended to read:
52055.605. (a) The Superintendent of Public Instruction, with the approval of the State Board of Education, shall identify schools ranked in deciles 1 to 5, inclusive, on the Academic Performance Index (API).

(b) The Superintendent of Public Instruction shall invite schools identified pursuant to subdivision (a) to participate in the High Priority Schools Grant Program for Low Performing Schools. Notwithstanding subdivision (h) of Section 52053, in order to be eligible for funding from the High Priority Schools Grant Program for Low Performing Schools, a school shall also participate in the Immediate Intervention/Underperforming Schools Program. A school participating in both programs may elect to submit only one application and one plan for both programs. A school participating in the Immediate Intervention/Underperforming Schools Program before the date of the enactment of the act adding this section is also eligible for participation in the High Priority Schools Grant Program for Low Performing Schools.

(c) First priority for participation in the High Priority Schools Grant Program for Low Performing Schools shall be given to schools ranked on the API in decile 1. Second priority shall be given to schools in decile 2. Third priority shall be given to schools in decile 3. Fourth priority shall be given to schools in decile 4. Fifth priority shall be given to schools in decile 5. Within each decile, priority shall be given to the lowest ranked schools.

(d) Notwithstanding any other provision of law and if funds are available for this purpose, the number of schools within the designated cohorts of the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053 may exceed the maximum numbers specified in that section in order to participate in the program established pursuant to this article.

(e) If a school ranked in decile 1 of the API completes the action plan required as part of the application to participate in the federal Comprehensive School Reform Demonstration Program (P.L. 105-78), but there are insufficient funds to allow that school to participate in that program, so long as the action plan meets the requirements of subdivisions (d) and (e) of Section 52054, that school shall be automatically approved to the extent funding is available for participation in the Immediate Intervention/Underperforming Schools Program and shall be deemed to have complied with the requirements of Section 52054.

(f) The State Board of Education may allow continuation high schools to apply for and receive funding pursuant to this article if those continuation high schools report pupil performance that is equivalent to that of high schools ranked in deciles 1 and 2 on the Academic Performance Index and the board determines that the state will be able
to adequately determine growth in pupil performance in a valid and reliable manner for the purpose of accountability pursuant to this article. The State Board of Education may establish a limit on the number of continuation high schools that may be funded to reflect their proportion of low-performing pupils in grades 9 to 12, inclusive, and may adopt criteria limiting the eligibility for funding, pursuant to this article, of continuation high schools with a high level of per pupil funding from the continuation high school revenue limit add-on.

SEC. 4. Section 52055.610 of the Education Code is amended to read:

52055.610. (a) Fourteen days after the effective date of the act adding this section, the Superintendent of Public Instruction shall establish a procedure that is consistent with this article for the approval of applications and school action plans.

(b) Notwithstanding the existing application process established pursuant to Article 3 (commencing with Section 52053), in developing an action plan to be submitted with the application for funding pursuant to this article, a school may choose from the following options:

(1) A school district on behalf of an eligible school under its jurisdiction may elect to receive fifty thousand dollars ($50,000) as a planning grant from funds appropriated for purposes of this article. These planning grant funds shall be used for technical assistance in the development of the school action plan. Technical assistance includes assistance provided by school district personnel, county offices of education, universities, a state approved external evaluator, or any other entity that has proven successful expertise specific to the challenges inherent in low-performing schools. If the school action plan is approved, the Superintendent of Public Instruction shall provide funding for its implementation. Planning grant funds, as well as other funds available to school districts pursuant to this article, may be used for on-going technical assistance throughout the implementation of the action plan and continued participation in the program established pursuant to Article 3 (commencing with Section 52053) and the program established pursuant to this article.

(2) A school district, on behalf of an eligible school under its jurisdiction, may elect to forego the fifty thousand dollars ($50,000) planning grant and immediately submit its application and school action plan. If a school chooses this option, the Superintendent of Public Instruction shall take one of the following actions:

(A) Recommend approval of the application by the State Board of Education and action plan and provide funding for implementation of the school action plan.

(B) Request additional clarification and technical changes, after which the school and district shall resubmit the application and school
action plan with the clarifications and changes for approval. If the application and school action plan is approved, the Superintendent of Public Instruction shall provide funding for implementation of the school action plan.

(C) Disapprove the plan in which case a school district on behalf of an eligible school under its jurisdiction shall receive a fifty thousand dollars ($50,000) planning grant that shall be used for technical assistance in the redevelopment of the school action plan according to the department’s recommendations. Technical assistance includes assistance provided by school district personnel, county offices of education, universities, a state approved external evaluator, or any other entity that has proven expertise specific to the challenges inherent in low-performing schools.

(c) The following deadlines apply for the 2001–02 fiscal year:

(1) A school district on behalf of an eligible school under its jurisdiction shall submit the application and school action plan to the Superintendent of Public Instruction for review and approval by May 15, 2002.

(2) The Superintendent of Public Instruction shall make a recommendation to the State Board of Education regarding approval or disapproval of applications and school action plans by June 15, 2002. The State Board of Education shall approve or disapprove the application and action plan by June 30, 2002. Upon approval by the State Board of Education, the State Department of Education shall allocate funding to schools for the implementation of the action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by June 30, 2002, the recommendation of the Superintendent of Public Instruction shall be deemed to be adopted and funding for implementation of the action plan shall be allocated.

(3) If the Superintendent of Public Instruction takes the action specified in subparagraph (B) of paragraph (2) of subdivision (b), the school and school district shall resubmit the application and school action plan with the clarifications and changes for approval by August 1, 2002, and the Superintendent of Public Instruction shall make a recommendation to the State Board of Education regarding approval or disapproval by September 1, 2002. The State Board of Education shall approve or disapprove the application and action plan by September 30, 2002. If the action plan is approved, the department shall allocate funding to the school district on behalf of an eligible school under its jurisdiction for implementation of the action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by September 30, 2002, the recommendation of the Superintendent of Public Instruction shall be deemed to be adopted and funding for implementation of the action plan.
(4) A school district may request that the State Board of Education waive the deadlines set forth in this subdivision. The State Board of Education may grant a waiver request made pursuant to this paragraph.

(d) If a school receives implementation funding during the same fiscal year it receives a fifty thousand dollar ($50,000) planning grant, the planning grant shall be deducted from the amount of implementation funding provided to the school pursuant to subdivision (b) of Section 52055.600.

SEC. 5. Section 52055.615 of the Education Code is amended to read:

52055.615. (a) If the Superintendent of Public Instruction invites a school to participate in the High Priority Schools Grant Program for Low Performing Schools, the governing board of the school district shall hold a public hearing at a regularly scheduled meeting to discuss whether or not to apply for participation in this program and how to address the needs of the school and pupils.

(b) If a school district, on behalf of an eligible school under its jurisdiction, decides not to accept the invitation to participate in the High Priority Schools Grant Program for Low Performing Schools, the governing board of the school district shall hold a public hearing at a regularly scheduled meeting to discuss the reasons and rationale for not accepting the invitation and explain how the district intends to address the needs of the school and pupils. This section does not apply to school districts with jurisdiction over schools for which the Superintendent of Public Instruction has indicated that funding would not be available. The governing board shall not place the discussion required pursuant to this subdivision on the consent calendar of the hearing.

(c) The governing board shall notify, in writing, the following persons and entities of the public hearings required pursuant to subdivisions (a) and (b):

(1) Representative parent organizations at the schoolsite, including the parent teacher association, parent teacher clubs, and schoolsite councils. (2) Notwithstanding paragraph (1), a school participating in the Immediate Intervention/Underperforming Schools Program prior to the effective date of the act adding this section may continue using its school action team for purposes of developing an action plan pursuant to this article.

(c) In developing a school action plan, the school and school district shall use the technical assistance from school district personnel, county offices of education, universities, a state approved external evaluator, or any other person or entity that has proven successful expertise specific to the challenges inherent in low-performing schools. This collaboration shall include discussions on ways to maximize current options to recruit credentialed teachers to the district, use of regional recruitment centers, ensuring that newly hired credentialed teachers are assigned in alignment with the goal of even distribution of credentialed teachers, and ensuring that low-performing schools provide a necessary teaching and learning environment to retain a fully credentialed teaching staff.

(e) The action plan may include any existing plan a school may have developed for another program, that may include existing strategies that meet the requirements of the essential components of a school action plan specified in Section 52055.625.

SEC. 7. Section 52055.625 of the Education Code is amended to read:

(a) It is the intent of the Legislature that the lists contained in paragraph (2) of subdivisions (c), (d), (e), and (f) be considered options that may be considered by a school in the development of its school action plan and that a school not adopt all of the listed options as a condition of funding under the terms of this act. (c) As used in this section, “electricians” includes all persons who engage in the connection of electrical devices for electrical contractors licensed pursuant to Section 7058 of the Business and Professions Code, specifically, contractors classified as electrical contractors in the Contractors’ State License Board Rules and Regulations. This section does not apply to electrical connections under 100 volt-amperes. This section does not apply to persons performing work to which Section 7042.5 of the Business and Professions Code is applicable, or to electrical work ordinarily and customarily performed by stationary engineers. (d) Notwithstanding subdivision (a), certification is not required for registered apprentices performing electrical work as part of an apprenticeship program approved under this chapter, a federal Bureau of Apprenticeship Training program, or a state apprenticeship program authorized by the federal Bureau of Apprenticeship Training. 5. Whether enforcement of the January 1, 2005, deadline for certification will cause a shortage of electricians in California.
6. Whether persons who wish to become certified electricians will have an adequate opportunity to pass the certification exam, to register pursuant to Section 399.4, or to enroll in an apprenticeship program prior to January 1, 2005.

SEC. 4. Section 3099.4 is added to the Labor Code, to read:
3099.4. (a) After January 1, 2005, an uncertified person may perform electrical work for which certification is required under Section 3099 in order to acquire the necessary on-the-job experience for certification, if all of the following requirements are met:

(1) The person is registered with the Division of Apprenticeship Standards. A list of current registrants shall be maintained by the division and made available to the public upon request.

(2) The person either has completed or is enrolled in an approved curriculum of classroom instruction.

(3) The employer attests that the person shall be under the direct supervision of an electrician certified pursuant to Section 3099 who is responsible for supervising no more than one uncertified person. An employer who is found by the division to have failed to provide adequate supervision may be barred by the division from employing uncertified individuals pursuant to this section in the future.

(b) For purposes of this section, an “approved curriculum of classroom instruction” means a curriculum of classroom instruction approved by the electrician certification curriculum committee established pursuant to paragraph (2) of subdivision (a) of Section 3099 and provided under the jurisdiction of the State Department of Education or the Board of Governors of the California Community Colleges.

(c) For purposes of this section, a person is “enrolled” in an approved curriculum of classroom instruction if the person is attending classes on a full-time or part-time basis toward the completion of such a curriculum.

(d) Registration under this section shall be renewed annually and the registrant shall provide to the division certification of the class work completed and on-the-job experience acquired since the prior registration.

(e) The division shall establish registration fees necessary to implement this section, not to exceed twenty-five dollars ($25) for the initial registration. There shall be no fee for annual renewal of registration. Fees collected are continuously appropriated in an amount sufficient to administer this section and that amount may be expended by the division for this purpose.

(f) The division shall issue regulations to implement this section.

(g) For purposes of Section 1773, persons employed pursuant to this section do not constitute a separate craft, classification, or type of worker.

The Appeals Board may prescribe by regulation the time, manner, method and procedure through which it may determine appeals under this section.

(C) If the abuse has occurred any place other than one described in subparagraph (A), the report shall be made to the adult protective services agency or the local law enforcement agency.

(2) (A) A mandated reporter who is a clergy member who acquires knowledge or reasonable suspicion of elder or dependent adult abuse during a penitential communication is not subject to paragraph (1). For purposes of this subdivision, “penitential communication” means a communication that is intended to be in confidence, including, but not limited to, a sacramental confession made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization is authorized or accustomed to hear those communications and under the discipline tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(B) Nothing in this subdivision shall be construed to modify or limit a clergy member’s duty to report known or suspected elder and dependent adult abuse when he or she is acting in the capacity of a care custodian, health practitioner, or employee of an adult protective agency.

(C) Notwithstanding any other provision in this section, a clergy member who is not regularly employed on either a full-time or part-time basis in a long-term care facility or does not have care or custody of an elder or dependent adult shall not be responsible for reporting abuse or neglect that is not reasonably observable or discernible to a reasonably prudent person having no specialized training or experience in elder or dependent care.

(3) (A) A mandated reporter who is a physician and surgeon, a registered nurse, or a psychotherapist, as defined in Section 1010 of the Evidence Code, shall not be required to report, pursuant to paragraph (1), an incident where all of the following conditions exist:

(i) The mandated reporter has been told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, abandonment, abduction, isolation, financial abuse, or neglect.

(ii) The mandated reporter is not aware of any independent evidence that corroborates the statement that the abuse has occurred.

(iii) The elder or dependent adult has been diagnosed with a mental illness or dementia, or is the subject of a court-ordered conservatorship because of a mental illness or dementia.

(iv) In the exercise of clinical judgment, the physician and surgeon, the registered nurse, or the psychotherapist, as defined in Section 1010 of the Evidence Code, reasonably believes that the abuse did not occur.

(B) This paragraph shall not be construed to impose upon mandated reporters a duty to investigate a known or suspected incident of abuse and shall not be construed to lessen or restrict any existing duty of mandated reporters.
(4) (A) In a long-term care facility, a mandated reporter shall not be required to report as a suspected incident of abuse, as defined in Section 15610.07, an incident where all of the following conditions exist:

(i) The mandated reporter is aware that there is a proper plan of care.

(ii) The mandated reporter is aware that the plan of care was properly provided or executed.

(iii) A physical, mental, or medical injury occurred as a result of care provided pursuant to clause (i) or (ii).

(iv) The mandated reporter reasonably believes that the injury was not the result of abuse.

(B) This paragraph shall not be construed to require a mandated reporter to seek, nor to preclude a mandated reporter from seeking, information regarding a known or suspected incident of abuse prior to reporting. This paragraph shall apply only to those categories of mandated reporters that the State Department of Health Services determines, upon approval by the Bureau of Medi-Cal Fraud and Elder Abuse and the state long-term care ombudsman, have access to plans of care and have the training and experience necessary to determine whether the conditions specified in this section have been met.

(c) (1) Any mandated reporter who has knowledge, or reasonably suspects, that types of elder or dependent adult abuse for which reports are not mandated have been inflicted upon an elder or dependent adult, or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse.

(2) If the suspected or alleged abuse occurred in a long-term care facility other than a state mental health hospital or a state developmental center, the report may be made to the long-term care ombudsman program. Except in an emergency, the local ombudsman shall report any case of known or suspected abuse to the State Department of Health Services and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(3) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report may be made to the designated investigator of the State Department of Mental Health or the State Department of Developmental Services or to a local law enforcement agency or to the local ombudsman. Except in an emergency, the local ombudsman and the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(4) If the suspected or alleged abuse occurred in a place other than a place described in paragraph (2) or (3), the report may be made to the county adult protective services agency.
(5) If the conduct involves criminal activity not covered in subdivision (b), it may be immediately reported to the appropriate law enforcement agency.

(d) When two or more mandated reporters are present and jointly have knowledge or reasonably suspect that types of abuse of an elder or a dependent adult for which a report is or is not mandated have occurred, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(e) A telephone report of a known or suspected instance of elder or dependent adult abuse shall include, if known, the name of the person making the report, the name and age of the elder or dependent adult, the present location of the elder or dependent adult, the names and addresses of family members or any other person responsible for the elder or dependent adult’s care, the nature and extent of the elder or dependent adult’s condition, the date of the incident, and any other information, including information that led that person to suspect elder or dependent adult abuse, as requested by the agency receiving the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties, and no person making the report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(g) (1) Whenever this section requires a county adult protective services agency to report to a law enforcement agency, the law enforcement agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that county adult protective services agency.

(2) Whenever this section requires a law enforcement agency to report to a county adult protective services agency, the county adult protective services agency shall, immediately upon request, provide to that law enforcement agency a copy of its investigative report concerning the reported matter.

(3) The requirement to disclose investigative reports pursuant to this subdivision shall not include the disclosure of social services records or case files that are confidential, nor shall this subdivision be construed to allow disclosure of any reports or records if the disclosure would be prohibited by any other provision of state or federal law.

(h) Failure to report physical abuse, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in
violation of this section, is a misdemeanor, punishable by not more than six months in the county jail, by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment. Any mandated reporter who willfully fails to report physical abuse, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, where that abuse results in death or great bodily injury, shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars ($5,000), or by both that fine and imprisonment.

SEC. 10. Section 15633.5 of the Welfare and Institutions Code is amended to read:

15633.5. (a) Information relevant to the incident of elder or dependent adult abuse may be given to an investigator from an adult protective services agency, a local law enforcement agency, a district attorney’s office, the Bureau of Medi-Cal Fraud and Elder Abuse, or investigators of the Department of Consumer Affairs, Division of Investigation, who are investigating the known or suspected case of elder or dependent adult abuse.

(b) The identity of all persons who report under this chapter shall be confidential and disclosed only among adult protective services agencies, long-term care ombudsman programs, licensing agencies, local law enforcement agencies, district attorneys’ offices, the bureau, and the Division of Investigation to counsel representing an adult protective services agency, long-term care ombudsman program, licensing agency, or a local law enforcement agency, by the bureau to the district attorney in a criminal prosecution, when persons reporting waive confidentiality, or by court order.

(c) Notwithstanding subdivisions (a) and (b), any person reporting pursuant to Section 15631 shall not be required to include his or her name in the report.

SEC. 11. Section 15634 of the Welfare and Institutions Code is amended to read:

15634. (a) No care custodian, clergy member, health practitioner, or employee of an adult protective service agency or a local law enforcement agency who reports a known or suspected instance of elder or dependent adult abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of elder or dependent adult abuse shall not incur civil or criminal liability as a result of any report authorized by this article, unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, or any person taking photographs at his or her discretion, shall incur any civil or criminal liability for taking photographs of a suspected victim of elder or dependent adult abuse or
causing photographs to be taken of such a suspected victim or for disseminating the photographs with the reports required by this article. However, this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) No care custodian, clergy member, health practitioner, or employee of an adult protective services agency or a local law enforcement agency who, pursuant to a request from an adult protective services agency or a local law enforcement agency investigating a report of known or suspected elder or dependent adult abuse, provides the requesting agency with access to the victim of a known or suspected instance of elder or dependent adult abuse, shall incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that, even though it has provided immunity from liability to persons required to report elder or dependent adult abuse, immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a care custodian, clergy member, health practitioner, or an employee of an adult protective services agency or a local law enforcement agency may present to the State Board of Control a claim for reasonable attorneys’ fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys’ fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000). This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

SEC. 12. Section 15653.5 of the Welfare and Institutions Code, as added by Chapter 946 of the Statutes of 1998, is repealed.

SEC. 12.3. Section 15653.5 of the Welfare and Institutions Code, as added by Chapter 980 of the Statutes of 1998, is amended to read:

SEC. 12.5. Section 15655.5 is added to the Welfare and Institutions Code, to read:

15655.5. A county adult protective service agency shall provide the organizations listed in paragraphs (v), (w), and (x) of Section 15610.17 with instructional materials regarding elder and dependent adult abuse and neglect and their obligation to report under this chapter. At a minimum, the instructional materials shall include the following:

(a) An explanation of elder and dependent adult abuse and neglect, as defined in this chapter.
(b) Information on how to recognize potential elder and dependent adult abuse and neglect.
(c) Information on how the county adult protective service agency investigates reports of known or suspected abuse and neglect.

(c) The cost of printing, distribution, and filing of these statements shall be borne by the employer.
(d) On and after January 1, 1995, when a person is issued a state license or certificate to engage in a profession or occupation the members of which are required to make a report pursuant to Section 15630, the state agency issuing the license or certificate shall send to the person a statement substantially similar to the one contained in subdivision (a) at the same time that it transmits to the person the document indicating licensure or certification.
(e) As an alternative to the procedure required by subdivision (d), a state agency may cause the required statement to be printed on all application forms for a license or certificate printed on or after January 1, 1995.

(f) The retention of statements required by subdivision (a), and the delivery of statements required by subdivision (b), shall be the full extent of the employer’s duty pursuant to this section. The failure of any employee or other person associated with the employer to report abuse of elders or dependent adults pursuant to Section 15630 or otherwise meet the requirements of this chapter shall be the sole responsibility of that person. The employer or facility shall incur no civil or other liability for the failure of these persons to comply with the requirements of this chapter.

The program shall include policies and procedures to accomplish all of the following:

The people of the State of California do enact as follows:

SECTION 1.  It is the intent of the Legislature in enacting this act to do all of the following:

(b) Authorize nonprofit hospitals in the County of Fresno to do all of the following:
   (1) Engage in joint planning for health care services.
   (2) Allocate health care services among the different facilities operated by the hospitals.
   (3) Engage in joint purchasing, joint development, and ownership of health care delivery and financing programs.
   (4) Consolidate or eliminate duplicative administrative, clinical, and medical services.
   (5) Engage in joint contracting and negotiations with health plans.
   (6) Take cooperative actions in order to provide for the health care needs of residents of the communities they serve.

SEC. 2.  Section 6523.4 is added to the Government Code, to read:
                        6523.4.  (a) Notwithstanding any other provision of this chapter, the Selma Community Hospital, a private, nonprofit hospital in Fresno
County, may enter into a joint powers agreement with one or more of the following public agencies:

The joint powers authority shall provide public notice of the hearing to the communities served by the authority not less than 14 days prior to the hearing and the notice shall contain a description of the proposed reductions or changes.

(d) Nothing in this section shall be construed to grant any power to any nonprofit hospital that participates in an agreement authorized under this section to levy any tax or assessment. Nothing in this section shall permit any entity, other than a nonprofit hospital corporation or a public agency, to participate as a party to an agreement authorized under this section.

(e) Nothing in this section shall authorize activities that corporations and other artificial legal entities are prohibited from conducting by Section 2400 of the Business and Professions Code.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances facing the Selma Community Hospital, a private, nonprofit hospital in Fresno County, and three of the health care districts that serve residents in portions of Fresno County.
An act to amend Sections 20300, 20405.1, and 20687 of, and to add Sections 19816.21, 21020.5, and 21363.8 to, the Government Code, and to amend Section 830.1 of the Penal Code, relating to state employees’ retirement, and making an appropriation therefor.

(b) The department shall notify the board as new classes or positions become eligible for state safety membership, as specified in subdivision (a), and specify how service prior to the effective date shall be credited.

(c) The department shall prepare and submit to the Legislature an annual report that contains the classes or positions that are eligible for state safety membership under this section.

(d) Any person designated as a state safety member pursuant to this section may elect, within 90 days of notification by the board, to remain subject to the miscellaneous or industrial service retirement benefit and contribution rate by filing an irrevocable election with the board. A member who so elects shall be subject to the reduced benefit factors specified in Section 21076, 21353, or 21354.1, as applicable, only for service also included in the federal system.

SEC. 4. Section 20687 of the Government Code is amended to read:

20687. (a) The normal rate of contribution for state peace officer/firefighter members subject to Section 21363, 21363.1, 21363.3, 21363.4, or 21363.8 shall be 8 percent of the compensation in excess of two hundred thirty-eight dollars ($238) per month paid to those members.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5 or pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, those provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

(c) The Director of the Department of Personnel Administration may establish the normal rate of contribution for a state employee who is excepted from the definition of “state employee” in subdivision (c) of
Section 3513, and an officer or employee of the executive branch of state
government who is not a member of the civil service. The normal rate
of contribution shall be the same for all members identified in this subdivi-
sion. The contribution rate shall be effective the beginning of the
pay period indicated by the Director of the Department of Personnel
Administration but shall be no earlier than the beginning of the pay
period following the date the board receives notification.

SEC. 5. Section 21020.5 is added to the Government Code, to read:

21020.5. (a) “Public service” also means time, on or after October
14, 1991, during which a person was employed under the California
Senate Fellows, the Assembly Fellowship, or the Executive Fellowship
programs, and time, on or after January 1, 2003, during which a person
was employed under the Judicial Administration Fellowship program.

(b) A member may elect at any time prior to retirement to receive
service credit for that public service by making the contributions as
specified in Sections 21050 and 21052.

(c) This section shall not apply to any contracting agency nor to the
employees of any contracting agency until the agency elects to be subject
to this section by contract or by amendment to its contract made in the
manner prescribed for approval of contracts.

SEC. 6. Section 21363.8 is added to the Government Code, to read:

21363.8. (a) Upon attaining the age of 50 years or more, the
combined current and prior service pension for a state peace
officer/firefighter member described in subdivision (c) who retires or
dies on or after January 1, 2004, is a pension derived from the
contributions of the employer sufficient when added to the service
retirement annuity that is derived from the accumulated normal
contributions of the member at the date of his or her retirement to equal
3 percent of his or her final compensation at retirement, multiplied by
the number of years of state peace officer/firefighter service, as defined
in subdivision (d), subject to this section with which he or she is credited
at retirement.

(b) For state peace officer/firefighter members, with respect to
service for all state employers under this section, the current service
pension and the combined current and prior service pension under this
section may not exceed an amount that, when added to the service
retirement annuity related to that service, equals 90 percent of final
compensation. If the pension relates to service to more than one
employer and would otherwise exceed that maximum, the pension
payable with respect to each employer shall be reduced in the same
proportion as the allowance based on service to that employer bears to
the total allowance computed as though there were no limit, so that the
total of the pensions shall equal the maximum.
(c) (1) This section shall apply to state peace officer/firefighter members under this part who, on or after January 1, 2004, are employed by the state and are members of State Bargaining Unit 7.

(2) This section may also apply to state peace officer/firefighter members in managerial, supervisory, or confidential positions that are related to the members described in paragraph (1) and to officers or employees of the executive branch of state government who are not members of the civil service and who are in positions that are related to the members described in paragraph (1), if the Department of Personnel Administration has approved their inclusion in writing to the board.

(d) (1) For purposes of this section, “state peace officer/firefighter service” means service performed by a state peace officer/firefighter member while a member of State Bargaining Unit 7.

(2) That service may include state peace officer/firefighter service in managerial, supervisory, or confidential positions that are related to the members described in paragraph (1) or as officers or employees of the executive branch of state government who are not members of the civil service and who are in positions that are related to the members described in paragraph (1), provided the Department of Personnel Administration has approved their inclusion in writing to the board.

(e) This section shall supersede Section 21363 or 21363.1, whichever is applicable, with respect to state peace officer/firefighter members subject to this section and state peace officer/firefighter service as defined herein.

(f) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier ages of service retirement made possible by the benefits under this section.

SEC. 7. Section 830.1 of the Penal Code is amended to read:

830.1. (a) Any sheriff, undersheriff, or deputy sheriff, employed in that capacity, of a county, any chief of police of a city or chief, director, or chief executive officer of a consolidated municipal public safety agency that performs police functions, any police officer, employed in that capacity and appointed by the chief of police or chief, director, or chief executive of a public safety agency, of a city, any chief of police, or police officer of a district (including police officers of the San Diego Unified Port District Harbor Police) authorized by statute to maintain a police department, any marshal or deputy marshal of a municipal court, any port warden or special officer of the Harbor Department of the City of Los Angeles, or any inspector or investigator employed in that capacity in the office of a district attorney, is a peace officer. The
authority of these peace officers extends to any place in the state, as follows:

(2) Where the peace officer has the prior consent of the chief of police or chief, director, or chief executive officer of a consolidated municipal public safety agency, or person authorized by him or her to give consent, if the place is within a city or of the sheriff, or person authorized by him or her to give consent, if the place is within a county.

(3) As to any public offense committed or which there is probable cause to believe has been committed in the peace officer’s presence, and with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of the offense.

(b) The Attorney General and special agents and investigators of the Department of Justice are peace officers, and those assistant chiefs, deputy chiefs, chiefs, deputy directors, and division directors designated as peace officers by the Attorney General are peace officers. The authority of these peace officers extends to any place in the state where a public offense has been committed or where there is probable cause to believe one has been committed.

(c) Any deputy sheriff of a county of the first class, and any deputy sheriff of the Counties of Riverside and San Diego, who is employed to perform duties exclusively or initially relating to custodial assignments with responsibilities for maintaining the operations of county custodial facilities, including the custody, care, supervision, security, movement, and transportation of inmates, is a peace officer whose authority extends to any place in the state only while engaged in the performance of the duties of his or her respective employment and for the purpose of carrying out the primary function of employment relating to his or her custodial assignments, or when performing other law enforcement duties directed by his or her employing agency during a local state of emergency.

SEC. 3. This act shall not be construed to affect the manner in which property to which this act applies is assessed by the State Board of Equalization.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 58

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 12001.1 of the Penal Code is amended to read:

(c) This section shall not apply to the manufacture or importation of undetectable knives for sale to a law enforcement or military entity nor shall this section apply to the subsequent sale of these knives to a law enforcement or military entity.

(d) This section shall not apply to the manufacture or importation of undetectable knives for sale to federal, state, and local historical societies, museums, and institutional collections which are open to the public, provided that the undetectable knives are properly housed and secured from unauthorized handling, nor shall this section apply to the subsequent sale of the knives to these societies, museums, and collections.

CHAPTER 59

An act to add and repeal Section 37252.1 of the Education Code, relating to pupil instruction, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 37252.1 is added to the Education Code, to read:

37252.1. (a) (1) (A) Notwithstanding subdivision (g) of Section 37252, the State Board of Education may grant a request from the Fresno Unified School District that Section 37252 be waived to allow that district to receive and use funds made available pursuant to Section 37252 to offer to pupils enrolled at the Cooper Middle School whose performance on the English language arts and mathematics parts of the California Standards Tests is at the below basic or far below basic levels, as those terms are defined by the State Board of Education, an instructional day that is 60 minutes longer than at other middle schools in the district instead of offering at the Cooper Middle School the supplemental instructional programs required pursuant to Section 37252. If the State Board of Education grants the waiver request, the
longer instructional day shall be used to provide more instruction in
language arts and mathematics.

(B) The additional 60 minutes of instruction shall supplement and not
supplant regularly scheduled courses in reading and mathematics.

(C) The Fresno Unified School District shall separately account for,
and maintain separate records of, pupil attendance at the additional 60
minutes of instruction.

(2) The Fresno Unified School District may also offer pupils enrolled
at the Cooper Middle School whose performance on the English
language arts and mathematics parts of the California Standards Tests is
at a level better than the below basic or far below basic levels, as those
terms are defined by the State Board of Education, an instructional day
that is 60 minutes longer than at other middle schools in the district. The
district may not use funds made available pursuant to Section 37252 to
offer these pupils a longer instructional day.

(3) Before implementing a longer instructional day pursuant to this
section, the Fresno Unified School District shall notify the parents and
guardians of pupils enrolled in the Cooper Middle School that they may
elect to not include their child out of the instructional program offered
at the Cooper Middle School and have their child placed in a regular
program at another middle school maintained by the district.

(b) The Superintendent of Public Instruction shall conduct an
evaluation of this alternative use of supplemental instruction funds and
submit an evaluative report to the Legislature by December 31, 2004.

(c) This section shall become inoperative on July 1, 2004, and, as of
January 1, 2005, is repealed, unless a later enacted statute, that becomes
effective on or before January 1, 2005, deletes or extends the dates on
which it becomes inoperative and is repealed.

SEC. 2. The Legislature finds and declares that due to special
circumstances surrounding the Fresno Unified School District that a
general statute cannot be made applicable within the meaning of Section
16 of Article IV of the California Constitution, and the enactment of a
special statute is therefore necessary.

SEC. 3. This act is an urgency statute necessary for the immediate
preservation of the public peace, health, or safety within the meaning of
Article IV of the Constitution and shall go into immediate effect. The
facts constituting the necessity are:

In order for the Cooper Intervention Program to continue to be funded
through the 2003–04 school year without interruption, it is necessary
that this act take effect immediately.
CHAPTER 60

An act to amend Section 19770 of the Government Code, and to amend Section 395.06 of, to add Chapter 7.5 (commencing with Section 400) to Part 1 of Division 2 of, and to repeal Sections 399 and 399.5 of, the Military and Veterans Code, relating to military service, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares both of the following:

(a) In order to provide for, strengthen, and expedite the national or state defense under the emergent conditions that are threatening the peace and security of the United States and the State of California, and to enable the United States and the State of California to more successfully fulfill the requirements of the national or state defense, provision is made to suspend enforcement of civil liabilities, in certain cases, of persons in the military service of the United States or the State of California in order to enable these persons to devote their entire energy to the defense needs of the nation or state.

(b) For these purposes, provisions are made in this act for the temporary suspension of legal proceedings and transactions that may prejudice the civil rights of persons in this service during the period specified in this act.

SEC. 2. Section 19770 of the Government Code is amended to read:

19770. (a) With the exception of Chapter 7.5 (commencing with Section 400) of Part 1 of Division 2 of the Military and Veterans Code, this part, rather than provisions of the Military and Veterans Code, governs leave for military service, rights and benefits accrued during that service, and reinstatement after that service, for executive branch employees. Both the State Personnel Board and the Department of Personnel Administration have responsibilities for carrying out certain provisions of this chapter as provided in subdivision (b).

(b) The State Personnel Board is responsible for the provisions of this chapter pertaining to civil service examinations, list eligibility, appointments, reinstatements, probationary periods, and status. The Department of Personnel Administration is responsible for the provisions of this chapter on eligibility for military leave and the effect of these leaves on the employee’s salary, vacation, sick leave, and seniority.

(c) For the purposes of this chapter:
(1) "Employee" means that term as defined by subdivision (d) of Section 19815.

(2) "Civil service employee" means an employee legally holding a position in the state civil service.

(3) "Exempt employee" means an employee who is exempt from the state civil service by Section 4 of Article VII of the California Constitution.

SEC. 3. Section 395.06 of the Military and Veterans Code is amended to read:

395.06. (a) Every officer and enlisted member of the California National Guard who, in order to undertake active military duty in the service of the state when the Governor has issued a proclamation of a state of insurrection pursuant to Section 143, or a proclamation of a state of extreme emergency or when the California National Guard is on active duty pursuant to Section 146, or a service member called to active service or duty under Chapter 7.5 (commencing with Section 400), has left a position, other than a temporary position, in private employment, receives a certificate of satisfactory service in the California National Guard or an equivalent thereof, is still qualified to perform the duties of that position, and makes application within 40 days after release from service shall be considered as on leave of absence during that period and shall be restored by the former employer to the former position or to a position of similar seniority, status, and pay without loss of retirement or other benefits, unless the employer's circumstances have so changed as to make it impossible or unreasonable to do so, and shall not be discharged from the position without cause within one year after being restored to the position.

(b) Every officer and enlisted member who has left a part-time position in private employment for purposes of service pursuant to subdivision (a), receives a certificate of satisfactory service in the California National Guard or an equivalent thereof, is still qualified to perform the duties of that position, and makes application within five days after release from service shall be considered as on leave of absence during that period and shall be restored by the former employer to the former position or to a position of similar seniority, status, and pay, if any exist, and shall not be discharged from the position without cause within one year after being restored to the position.

(c) If any employer fails or refuses to comply with this section, the superior court of the county in which the employer maintains a place of business may, upon the filing of a motion, petition, or other appropriate pleading by the person entitled to the benefits of this section, specifically require the employer to comply with this section and compensate the person for any loss of wages or benefits suffered by reason of the employer's unlawful action. The court shall order a speedy hearing and
shall advance it on the calendar. Upon application to the district attorney of the county in which the employer maintains a place of business by any person claiming to be entitled to the benefits of this section, the district attorney, if reasonably satisfied that the person is entitled to these benefits, shall appear and act as attorney for the person in the amicable adjustment of the claim or in the filing of any motion, petition, or other appropriate pleading and the prosecution thereof to specifically require the employer to comply with this section. No fees or court costs are required to be paid by the person applying for these benefits.

SEC. 4. Section 399 of the Military and Veterans Code is repealed.
SEC. 5. Section 399.5 of the Military and Veterans Code is repealed.
SEC. 6. Chapter 7.5 (commencing with Section 400) is added to Part 1 of Division 2 of the Military and Veterans Code, to read:

CHAPTER 7.5. PROTECTIONS

400. For purposes of this chapter, the following definitions apply:
   (a) “Service member” means both of the following:
      (1) Officers and enlisted members of the National Guard called or ordered into active state service by the Governor pursuant to the provisions of Section 143 or 146 or into active federal service by the President of the United States pursuant to Title 10 or 32 of the United States Code.
      (2) Reservists of the United States Military Reserve who have been called to full-time active duty.
   (b) “Military service” means full-time active state service or full-time active federal service, as defined in paragraph (1) of subdivision (a), or full-time active duty of a reservist, as defined in paragraph (2) of subdivision (a), for a period in excess of seven days in any 14-day period. For any service member who has been called to active service or duty since September 11, 2001, to engage in homeland defense against terrorism, his or her days of service prior to the effective date of this section shall be credited toward this seven-day period.

401. (a) Application by a service member for, or receipt by a service member of, a stay, postponement, or suspension pursuant to this chapter in the payment of any tax, fine, penalty, insurance premium, or other civil obligation or liability of that person shall not itself, without regard to other considerations, provide the basis for any of the following:
   (1) A determination by any lender or other person that the service member is unable to pay any civil obligation or liability in accordance with its terms.
   (2) With respect to a credit transaction between a creditor and the service member, any of the following:
      (A) A denial or revocation of credit by the creditor.
(B) A change by the creditor in the terms of an existing credit arrangement.

(C) A refusal by the creditor to grant credit to the service member in substantially the amount or on substantially the terms requested.

(3) An adverse report relating to the creditworthiness of the service member by or to any person or entity engaged in the practice of assembling or evaluating consumer credit information.

(4) A refusal by an insurer to insure the service member.

(b) Any person violating any provision of this section is liable for actual damages and reasonable attorney’s fees incurred by the injured party.

(c) Any person violating any provision of this section is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or both.

402. (a) In any action or proceeding commenced in any court, if there shall be a default of any appearance by the defendant, the plaintiff, before entering judgment shall file in the court a declaration under penalty of perjury setting forth facts showing that the defendant is not in the military service. If unable to file that declaration, the plaintiff shall, in lieu thereof, file a declaration setting forth either that the defendant is in the service or that the plaintiff is not able to determine whether or not the defendant is in the service. If a declaration is not filed showing that the defendant is not in the military service, no judgment shall be entered without first securing an order of court directing that entry, and no order shall be made if the defendant is in the military service until after the court appoints an attorney to represent the defendant and protect his or her interest, and the court shall, on application, make that appointment. Unless it appears that the defendant is not in the military service the court may require, as a condition before judgment is entered, that the plaintiff file a bond approved by the court conditioned to indemnify the defendant, if in the military service, against any loss or damage that he or she may suffer by reason of any judgment should the judgment be thereafter set aside in whole or in part. The court may make such other and further order or enter that judgment as in its opinion may be necessary to protect the rights of the defendant under this section.

(b) Any person who shall, for purposes of this section, make or use a declaration declared to be true under penalty of perjury, knowing it to be false, is guilty of a misdemeanor and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or both.

(c) In any action or proceeding in which a service member is a party, if the service member does not personally appear therein or is not represented by an authorized attorney, the court may appoint an attorney to represent him or her. In that case a bond may be required and an order
made to protect the rights of the service member. However, no attorney appointed under this chapter to protect a service member shall have the power to waive any right of the person for whom he or she is appointed or bind him or her by his or her acts.

(d) If any judgment shall be rendered in any action or proceeding governed by this chapter against any service member during the period of that service or within 30 days thereafter, and it appears that the service member was prejudiced by reason of his or her military service in making his or her defense thereto, the judgment may, upon application made by the service member or his or her legal representative not later than 90 days after the termination of the service, be opened by the court rendering the same and the defendant or his or her legal representative let in to defend; provided the application states a meritorious or legal defense to the action or some part thereof. Vacating, setting aside, or reversing any judgment by reason of this chapter shall not impair any right or title acquired by any bona fide purchaser for value under that judgment.

403. (a) At any stage in any action or proceeding in which a service member is involved, either as plaintiff or defendant, during the period of military service or within 60 days thereafter, the court may, in its discretion on its own motion, and shall, on application to it by the service member or some person on his or her behalf, stay the action or proceeding unless, in the opinion of the court, the ability of the plaintiff to prosecute the action or the defendant to conduct his or her defense is not materially affected by reason of his or her military service.

(b) When an action for compliance with the terms of any contract is stayed pursuant to this section, no fine or penalty shall accrue by reason of failure to comply with the terms of the contract during the period of the stay, and in any case where a person fails to perform any obligation and if a fine or penalty for the nonperformance is incurred a court may, on those terms as may be just, provide relief against the enforcement of that fine or penalty if it appears that the person who would suffer by that fine or penalty was in the military service when the penalty was incurred and that by reason of military service the ability of the person to pay or perform was thereby materially impaired.

(c) In any action or proceeding against a service member, before or during the period of the service, or within 60 days thereafter, the court may, in its discretion on its own motion, or shall, upon application to it by the service member or some person on his or her behalf, unless in the opinion of the court the ability of the defendant to comply with the judgment or order entered or sought is not materially affected by reason of his or her military service, do either of the following:

(1) Stay the execution of any judgment or order entered against a service member.
(2) Vacate or stay any attachment or garnishment of property, money, or debts in the hands of another, whether before or after judgment.

(d) Any stay of any action, proceeding, attachment, or execution ordered by any court under this section may, except as otherwise provided, be ordered for the period of military service and three months thereafter or any part of that period, and subject to those terms as may be just, including terms with respect to payment in installments of those amounts at those times as the court may fix. If the service member is a codefendant with others the plaintiff may nevertheless, by leave of court, proceed against the others.

404. (a) The period of military service shall not be included in computing any period now or hereafter to be limited by any law, regulation, or order for the bringing of any action or proceeding in any court, board, bureau, commission, department, or other agency of government by or against any service member or by or against his or her heirs, executors, administrators, or assigns, whether the cause of action or the right or privilege to institute the action or proceeding accrued prior to or during the period of service, nor shall any part of the period be included in computing any period now or hereafter provided by any law for the redemption of real property sold or forfeited to enforce any obligation, tax, or assessment.

(b) This section shall not apply with respect to any period of limitation prescribed by or under the federal Internal Revenue Code.

(c) Any person violating any provision of this section is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or both.

405. No obligation or liability bearing interest at a rate in excess of 6 percent per year incurred by a service member before that person’s entry into service shall, during any part of the period of military service, bear interest at a rate in excess of 6 percent per year unless, in the opinion of the court, upon application thereto by the obligee, the ability of the service member to pay interest upon that obligation or liability at a rate in excess of 6 percent per year is not materially affected by reason of that service, in which case the court may make that order as in its opinion may be just. As used in this section, “interest” includes service charges, renewal charges, fees, or any other charges, except bona fide insurance, in respect of any obligation or liability.

406. (a) No eviction or distress shall be made during the period of military service specified in Section 400, during which a service member is called to active state service pursuant to Section 143 or 146 or active federal service pursuant to Title 10 or 32 of the United States Code or active duty, until 30 days after the service member is released from active service or duty if the premises are occupied primarily for dwelling purposes by the spouse, children, or other dependents of a service
member, except upon leave of court granted upon application therefor or granted in an action or proceeding affecting the right of possession.  

(b) On any application or in any action under this section, the court may on its own motion, and shall, on application, stay the proceedings for the period specified in subdivision (a) or rather than granting a complete stay, the court may require the tenant to make regular partial payments during the service member’s period of military service, or the court may make any other order that it finds to be just, unless the court finds that the ability of the tenant to pay the agreed rent is not materially affected by that military service. Where such stay is made by the court, the owner of the premises shall be entitled, upon application therefor, to relief in respect of those premises similar to that granted persons in military service in Sections 407, 408, and 411 to that extent and for that period as may appear to the court to be just.

(c) Any person who knowingly takes part in any eviction or distress as provided in this section or who attempts to do so, is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or both.

407. (a) No person who has received, or whose assignor has received, under a contract for the purchase of real or personal property, a deposit or installment of the purchase price, or a deposit or installment under the contract, from a person or from the assignor of a person who, after the date of payment of the deposit or installment, has entered military service, shall exercise any right or option under that contract to rescind or terminate the contract or resume possession of the property for nonpayment of any installment due or for any other breach of its terms occurring prior to or during the period of that military service, except by action in a court of competent jurisdiction.

(b) Upon the hearing of that action as provided in subdivision (a), the court may order the repayment of prior installments or deposits or any part, as a condition of terminating the contract and resuming possession of the property, or may, in its discretion, on its own motion, and shall, on application to it by the service member or some person on the service member’s behalf, order a stay of proceedings as the court deems just, unless in the opinion of the court, the ability of the defendant to comply with the terms of the contract is not materially affected by reason of the service; or it may make any other disposition of the case as may be equitable to conserve the interests of all parties.

(c) Any person who shall knowingly resume possession of property that is the subject of this section in a manner other than as provided in subdivision (a), or attempts to do so, is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or both.
408. (a) This section shall apply only to obligations secured by mortgage, trust deed, or other security in the nature of a mortgage upon real or personal property owned by a service member at the commencement of the period of the military service and still so owned by the service member whose obligations originated prior to the person’s period of military service.

(b) In any proceeding commenced in any court during the period of military service to enforce that obligation as provided in subdivision (a) arising out of nonpayment of any sum due or out of any other breach of the terms of the mortgage, trust deed, or other security occurring prior to or during the period of the service the court may, after hearing and in its discretion on its own motion, and shall, on application to it by the service member or some person on the defendant’s behalf, unless in the opinion of the court the ability of the defendant to comply with the terms of the obligation is not materially affected by reason of the defendant’s military service, do either of the following:

(1) Stay the proceedings for any period as the court deems just.

(2) Make any other disposition of the case as may be equitable to conserve the interests of all parties.

(c) No sale, foreclosure, or seizure of property for nonpayment of any sum due under any obligation as provided in subdivision (a), or for any other breach of the terms thereof, whether under a power of sale, under a judgment entered upon warrant of attorney to confess judgment contained therein, or otherwise, shall be valid if made during the period of military service or within three months thereafter, except pursuant to an agreement between the parties, unless upon an order previously granted by the court and a return thereto made and approved by the court.

(d) Any person who shall knowingly make or cause to be made any sale, foreclosure, or seizure of property, defined as invalid by subdivision (c), or attempts to do so, is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or both.

409. (a) This section shall apply to any lease covering premises occupied for dwelling, professional, business, agricultural, or similar purposes in any case in which the lease was executed by or on the behalf of a person who, after the execution of such lease, entered military service, as defined by Section 400.

(b) Any lease, as provided in subdivision (a), may be terminated by notice in writing delivered to the lessor or to the lessor’s agent by the lessee at any time following the date of the beginning of the period of military service. Delivery of this notice may be accomplished by placing it in an envelope properly stamped and duly addressed to the lessor or to the lessor’s agent and depositing the notice in the United States mail. Termination of any lease providing for monthly payment of rent shall be
effective on the last day of the month following notice and in any case, no more than 45 days after notice is provided to the lessor and payable subsequent to the date when the notice is delivered or mailed. In the case of all other leases, termination shall be effected on the last day of the month following the month in which the notice is delivered or mailed and, in that case, any unpaid rent for a period preceding termination shall be prorated and any rent paid in advance for a period succeeding termination shall be refunded by the lessor. Upon application by the lessor to the appropriate court prior to the termination period provided for in the notice, any relief granted in this paragraph shall be subject to any modification or restriction as in the opinion of the court justice and equity may, in the circumstances, require.

(c) Any person who shall knowingly seize, hold, or detain the personal effects, clothing, furniture, or other property of any person who has lawfully terminated a lease covered by this section, or in any manner interfered with the removal of that property from the premises covered by that lease, for the purpose of subjecting or attempting to subject any of the property to a claim for rent accruing subsequent to the date of termination of the lease, or attempts to do so, is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or both.

411. (a) Where any life insurance policy on the life of a service member in military service has been assigned prior to that person’s period of military service to secure the payment of any obligation of the person, no assignee of the policy, except the insurer in connection with a policy loan, shall, during the period of military service of the insured or within one year thereafter, except upon the consent in writing of the insured made during that period or when the premiums thereon are due and unpaid or upon the death of the insured, exercise any right or option by virtue of that assignment unless upon leave of court granted upon an application made therefor by the assignee. The court may thereupon refuse to grant that leave unless in the opinion of the court the ability of the obligor to comply with the terms of the obligation is not materially affected by reason of his or her military service.

(b) No person shall exercise any right to foreclose or enforce any lien for storage of household goods, furniture, or personal effects of a service member during that person’s period of military service and for three months thereafter, except upon an order previously granted by a court upon application therefor and a return thereto made and approved by the court. In that proceeding the court may, after hearing, in its discretion on its own motion, and shall, on application to it by a service member or some person on his or her behalf, unless in the opinion of the court the ability of the defendant to pay the storage charges due is not materially
affected by reason of his or her military service, do either of the following:

(1) Stay the proceedings as provided in this chapter.
(2) Make that other disposition of the case as may be equitable to conserve the interest of all parties. This section shall not be construed in any way as affecting or as limiting the scope of Section 408.

(c) A person violating any provision of this section is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or both.

411. (a) This section shall apply when any taxes or assessments, whether general or special, other than taxes on income, whether falling due prior to or during the period of military service, in respect of personal property, money, or credits, or real property owned and occupied for dwelling, professional, business, or agricultural purposes by a service member or his or her dependents at the commencement of the service member’s period of military service and still so occupied by the service member’s dependents or employees are not paid.

(b) No sale of this property shall be made to enforce the collection of any tax or assessment, or any proceeding or action commenced for that purpose, except upon leave of court granted upon application made therefor by the collector of taxes or other officer whose duty it is to enforce the collection of taxes or assessments. The court thereupon, unless in its opinion the ability of the service member to pay the taxes or assessments is not materially affected by reason of that service, may stay the proceedings or sale, as provided in this section, for a period extending not more than six months after the termination of the period of military service.

(c) When by law this property may be sold or forfeited to enforce the collection of any tax or assessment, the service member shall have the right to redeem or commence an action to redeem that property, at any time not later than six months after the termination of the period of military service.

(d) Whenever any tax or assessment shall not be paid when due, the tax or assessment due and unpaid shall bear interest until paid at the rate of 6 percent per year, and no other penalty or interest shall be incurred by reason of that nonpayment. Any lien for any unpaid taxes or assessment shall also include that interest thereon.

412. (a) A service member may, at any time during his or her period of military service or within six months thereafter, apply to a court for relief in respect of any obligation or liability incurred by the service member prior to his or her period of military service or in respect of any tax or assessment whether falling due prior to or during his or her period of military service. The court, after appropriate notice and hearing, unless in its opinion the ability of the applicant to comply with the terms
of the obligation or liability or to pay the tax or assessment has not been materially affected by reason of his or her military service, may grant the following relief:

(1) In the case of an obligation payable under its terms in installments under a contract for the purchase of real estate, or secured by a mortgage or other instrument in the nature of a mortgage upon real estate, a stay of the enforcement of the obligation during the applicant’s period of military service and, from the date of termination of the period of military service or from the date of application if made after the service, for a period equal to the period of the remaining life of the installment contract or other instrument plus a period of time equal to the period of military service of the applicant or any part of the combined period, subject to payment of the balance of principal and accumulated interest due and unpaid at the date of termination of the period of military service or from the date of application, as the case may be, in equal installments during the combined period at the rate of interest on the unpaid balance as is prescribed in the contract, or other instrument evidencing the obligation, for installments paid when due, and subject to any other terms as may be just.

(2) In the case of any other obligation, liability, tax, or assessment, a stay of the enforcement thereof during the applicant’s period of military service and, from the date of termination of the period of military service or from the date of application if made after the service, for a period of time equal to the period of military service of the applicant or any part of that period, subject to payment of the balance of principal and accumulated interest due and unpaid at the date of termination of the period of military service or the date of application, as the case may be, in equal periodic installments during the extended period at the rate of interest as may be prescribed for the obligation, liability, tax, or assessment, if paid when due, and subject to any other terms as may be just.

(b) When any court has granted a stay as provided in this section, no fine or penalty shall accrue during the period the terms and conditions of the stay are complied with by reason of failure to comply with the terms or conditions of the obligation, liability, tax, or assessment in respect of which the stay was granted.

(c) Nothing in this section shall permit a service member ordered to military service to obtain a delay, deferment, or stay on an obligation to pay child support. Nothing in this section shall preclude a service member ordered to military service from seeking a modification of an order to pay child support due to a reduction in income resulting from the order to service, or from seeking the imposition of the maximum interest rate provided by this chapter on arrearages in child support payments existing prior to the order to service.
413. (a) A person who by reason of military service is entitled to the rights and benefits of this chapter shall also be entitled upon release from that military service to reinstatement of any health insurance that was in effect on the day before the service commenced, and was terminated effective on a date during the period of the service.

(b) An exclusion or a waiting period may not be imposed in connection with reinstatement of health insurance coverage of a health or physical condition of a person under subdivision (a), or a health or physical condition of any other person who is covered by the insurance by reason of the coverage of such person, if any of the following apply:

(1) The condition arose before or during that person's period of service.

(2) An exclusion or waiting period would not have been imposed for the condition during a period of coverage resulting from participation by that person in the insurance.

(3) The condition of the person has not been determined by the Secretary of Veterans Affairs to be a disability incurred or aggravated in the line of duty within the meaning of Section 105 of Title 38 of the United States Code.

414. Dependents of a service member shall be entitled to the benefits accorded to service members under Sections 406 to 413, inclusive, upon application to a court therefor, unless in the opinion of the court the ability of the dependents to comply with the terms of the obligation, contract, lease, or bailment has not been materially impaired by reason of the military service of the person upon whom the applicants are dependent.

415. The collection from any service member of any tax on the income of the person, whether falling due prior to or during his or her period of military service, shall be deferred for a period extending not more than six months after the termination of his or her period of military service if the person's ability to pay the tax is materially impaired by reason of the service. No interest on any amount of tax, collection of which is deferred for any period under this chapter, and no penalty for nonpayment of the amount during that period, shall accrue for any period of deferment by reason of that nonpayment. The running of any statute of limitations against the collection of any tax by distraint or otherwise shall be suspended for the period of military service of any individual the collection of whose tax is deferred under this section, and for an additional period of nine months beginning with the day following the period of military service.

416. Where in any proceeding to enforce a civil right in any court, it is made to appear to the satisfaction of the court that any interest, property, or contract has been transferred or acquired since the effective date of this chapter with the intent to delay the just enforcement of that
right by taking advantage of the benefits provided under this chapter, the court shall enter such judgment or make such order as might lawfully be entered or made, notwithstanding any contrary provision of this chapter.

417. (a) In any proceeding under this chapter, a certificate signed by an appropriately authorized officer of the military department, branch, or unit in which a service member is serving shall be prima facie evidence as to any of the following facts stated in that certificate:

(1) That a person named has not been, or is, or has been in the military service.

(2) The time when and the place where the person entered military service.

(3) The person’s residence at that time, and the rank, branch, and unit of the service that the person entered.

(4) The dates within which the person was in the military service.

(5) The monthly pay received by the person at the date of issuing the certificate.

(6) The time when and the place where the person died in or was discharged from the service.

(b) It shall be the duty of the authorized officer to furnish that certificate on application, and any certificate, when purporting to be signed by an officer purporting on the face of the certificate to have been so authorized, shall be prima facie evidence of its contents and of the authority of the signer to issue the certificate.

(c) Where a person in military service has been reported missing, he or she shall be presumed to continue in the service until accounted for, and no period herein limited which begins or ends with the death of the person shall begin or end until the death of the person is in fact reported to or found by the United States Department of Defense or any court or board thereof, or the Military Department or any court or board thereof, or until such death is found by a court of competent jurisdiction.

418. Any interlocutory order made by any court under the provisions of this chapter may, upon the court’s own motion or otherwise, be revoked, modified, or extended by it upon notice to the parties affected as it may require.

419. The provisions of this chapter are severable. If any provision of this chapter or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

420. It is the intent of the Legislature that qualification for the benefits and protections conferred upon service members, as defined by Section 400, by this chapter apply retroactively to September 11, 2001. However, it is also the intent of the Legislature that the benefits and protections that attach to qualified service members under this chapter apply only on a prospective basis.
SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that economic relief may be provided as soon as possible to members of the California National Guard or California members of the United States Military Reserve who were called into active service or duty as a result of the terrorist attacks in America, it is necessary that this act take effect immediately.

An act to amend Sections 270.1 and 278 of, and to add Sections 278.5 and 2881.4 to, the Public Utilities Code, relating to telecommunications, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 270.1 of the Public Utilities Code is amended to read:

270.1. (a) Notwithstanding any other provision of law, the commission may authorize the trustee of the California High-Cost Fund-B Trust to transfer to the Deaf Equipment Acquisition Fund Trust (DEAF Trust) money sufficient to cover the costs of the programs as specified in subdivision (a) of Section 278, including, but not limited to, all costs specified in subdivision (c) of Section 278. The amount of any transfer of money authorized may not exceed the cost of operating the programs for six months. The commission shall also establish other terms of the transfer, as it determines to be appropriate.

(b) The commission shall reimburse the California High-Cost Fund-B Trust for any transfer of money to the DEAF Trust authorized
pursuant to subdivision (a), with interest as determined by the commission.

(c) A sum equivalent to the amount of money transferred to the Deaf Equipment Acquisition Fund Trust (DEAF Trust) pursuant to subdivision (a) is hereby appropriated from the Deaf and Disabled Telecommunications Program Administrative Committee Fund to the commission, for allocation to the California High-Cost Fund-B Trust, for purposes of subdivision (b).

(d) Funds may not be transferred from the California High-Cost Fund-B Trust to the DEAF Trust pursuant to subdivision (a) after September 30, 2001.

(e) Commencing on October 1, 2001, and until a date not later than June 30, 2002, reimbursements made to the California High-Cost Fund-B Trust pursuant to subdivisions (b) and (c) shall be deposited in a separate memorandum account within the DEAF Trust, subject to the terms specified in subdivision (b).

(f) On July 1, 2002, any funds in the DEAF Trust deposited in the memorandum account for purposes of reimbursing the California High-Cost Fund-B Trust shall revert to the Controller for deposit in the California High-Cost Fund-B Trust Committee Fund in the State Treasury rather than the Deaf and Disabled Telecommunications Program Administrative Committee Fund.

(g) Commencing on July 1, 2003, any funds remaining in the DEAF Trust, exclusive of those identified in subdivision (f), shall revert to the Deaf and Disabled Telecommunications Program Administrative Committee Fund in the State Treasury.

278. (2) In addition to the membership qualifications established by the commission pursuant to subdivision (a) of Section 271, the commission shall establish qualifications for persons to serve as members of the Telecommunications Access for Deaf and Disabled Administrative Committee so that consumers of telecommunications services for the deaf and disabled comprise not less than two-thirds of the membership of the committee. To the extent feasible, one of those members shall have experience in the administration of programs similar to those provided for in Sections 2881, 2881.1, and 2881.2.
(3) As part of its advisory role, as specified in paragraph (1), the Telecommunications Access for Deaf and Disabled Administrative Committee shall advise the commission regarding contracts and agreements related to the Deaf and Disabled Telecommunications Program as specified in subdivisions (d) and (e) of Section 2881.4.

(b) All revenues collected by telephone corporations in rates authorized by the commission to fund the programs specified in subdivision (a) shall be submitted to the commission pursuant to a schedule established by the commission. Commencing on July 1, 2003, and continuing thereafter, the commission shall transfer the moneys received, and all unexpended revenue collected prior to July 1, 2003, to the Controller for deposit in the Deaf and Disabled Telecommunications Program Administrative Committee Fund. All interest earned by moneys in the fund shall be deposited in the fund. Those revenues that are collected pursuant to subdivision (d) of Section 2881 shall be accounted for separately, as required by subdivision (b) of Section 2881.2, and deposited in the fund created by the commission pursuant to subdivision (b) of Section 2881.2.

(c) Moneys appropriated from the Deaf and Disabled Telecommunications Program Administrative Committee Fund to the commission shall be utilized exclusively by the commission for the programs specified in subdivision (a), including all costs of the committee and the commission associated with the administration and oversight of the programs and the fund.

(d) Commencing on July 1, 2003, staffing costs incurred by the commission for oversight and administration of the programs described in subdivision (a) shall be funded by moneys appropriated from the Deaf and Disabled Telecommunications Program Administrative Committee Fund.

SEC. 3. Section 278.5 is added to the Public Utilities Code, to read:

278.5. (a) It is the intent of the Legislature that existing members of the Deaf and Disabled Telecommunications Program Administrative Committee should serve out their current terms of office as members of the committee, but not to exceed July 1, 2003.

(b) The Deaf and Disabled Telecommunications Program Administrative Committee shall develop and submit, not later than October 1, 2002, recommendations to the commission for the administration and governance of the programs described in Sections 2881, 2881.1, and 2881.2, including recommendations for the establishment of a designated office and program function, within state government, staffed in a manner designed to provide expert oversight and governance to ensure the long-term quality and integrity of programs and services offered through the Deaf and Disabled Telecommunications Program.
SEC. 4. Section 2881.4 is added to the Public Utilities Code, to read:

2881.4. (a) The Legislature finds and declares all of the following:

(1) Section 278 requires the commission to transfer to the Controller
for deposit in the Deaf and Disabled Telecommunications Program
Administrative Committee Fund all revenues collected by telephone
corporations to fund programs to provide specified telecommunications
services and equipment to deaf, disabled, and hearing-impaired persons,
as specified in Sections 2881, 2881.1, and 2881.2.

(2) The commission issued a report to the Legislature in May 2001,
addressing compliance issues pertaining to the programs specified in
Sections 2881, 2881.1, and 2881.2, including a recommendation to
secure legislative authorization for the commission to contract with
outside entities for the provision of services and equipment mandated by
Sections 2881, 2881.1, and 2881.2.

(3) The telecommunications services and equipment provided to
deaf, disabled, and hearing-impaired individuals and their families, as
specified in Sections 2881, 2881.1, and 2881.2, are of such a highly
specialized and technical nature that the necessary expert knowledge,
ability, and experience are not available within the current state civil
service system.

(4) It is the intent of the Legislature, in enacting this section, to do all
of the following:

(A) Maintain the availability of the state’s current statewide
infrastructure of telecommunications services and equipment to deaf,
disabled, and hearing-impaired persons, as provided for in Sections
2881, 2881.1, and 2881.2, as essential to maintaining public health and
safety.

(B) Authorize the commission to enter into contracts for the
provision of telecommunications services and equipment for deaf,
disabled, and hearing-impaired persons in a manner that protects and
enhances the current statewide infrastructure and coordinated delivery
of those services and equipment and includes a priority for maintaining
long-term continuity of program administration and maximum
involvement of the deaf and disabled community in program
governance.

(C) Strengthen program priorities for expanded outreach through
continuing consultation with, and participation by, the deaf, disabled,
and hearing-impaired community in order to ensure the state’s network
of services reach hard-to-serve populations, including rural, innercity,
and urban areas.

(D) Develop a mechanism to achieve cost-effective and timely
deployment of new and emerging telecommunications technologies, to
the extent fiscally and economically feasible.
(b) In order for the commission to ensure continued provision of telecommunications services and equipment for deaf, disabled, and hearing-impaired persons, the commission, subject to annual appropriation of funds by the Legislature and consistent with state contracting requirements, may contract with entities, including nonprofit entities, or persons that have the necessary expert knowledge, ability, and experience to provide, manage, or operate the programs described in Sections 2881, 2881.1, and 2881.2.

(c) The commission may enter into contracts pursuant to subdivision (b) of Section 19130 of the Government Code for the services and equipment contemplated by the programs described in Sections 2881, 2881.1, and 2881.2.

(d) The commission may include provisions that accomplish any of the following in contracts authorized by this section:

1. Establish standards and procedures, including prior commission approval, for subcontracting.
2. Establish standards and procedures regarding personnel and accounting practices.
3. Require budget approval.
4. Require periodic audits.
6. Establish standards and procedures to investigate and resolve complaints.
7. Provide for any other terms or restrictions as the commission finds necessary to ensure that the public funds are used in accordance with the goals of the Legislature and the commission.

(e) Notwithstanding any other provision of law, any contract entered into pursuant to this section may provide for periodic advance payments for telecommunications services to be performed or telecommunications equipment to be provided. No advance payment made pursuant to this section may exceed 25 percent of the total annual contract amount.

(f) Any contractor the commission selects shall demonstrate knowledge of and the capacity to provide specialized telecommunications services and equipment to deaf, disabled, and hearing-impaired persons, and shall be required to consult with the Telecommunications Access for Deaf and Disabled Administrative Committee regarding the specialized needs of individuals utilizing program services and equipment, as specified in Sections 2881, 2881.1, and 2881.2.

(g) The commission shall, to the extent feasible and consistent with state civil service requirements, employ staff overseeing the programs
described in Sections 2881, 2881.1, and 2881.2 who are members of the deaf, disabled, and hearing-impaired community.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the programs specified in Sections 2881, 2881.1, and 2881.2 of the Public Utilities Code remain in continuous operation, it is necessary for this act to take effect immediately.

CHAPTER 63

An act to amend Section 832.7 of the Penal Code, relating to peace officers.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 832.7 of the Penal Code is amended to read:

832.7. (a) Peace officer personnel records and records maintained by any state or local agency pursuant to Section 832.5, or information obtained from these records, are confidential and shall not be disclosed in any criminal or civil proceeding except by discovery pursuant to Sections 1043 and 1046 of the Evidence Code. (b) Notwithstanding subdivision (a), a department or agency shall release to the complaining party a copy of his or her own statements at the time the complaint is filed.

(c) Notwithstanding subdivision (a), a department or agency which employs peace officers may disseminate data regarding the number, type, or disposition of complaints (sustained, not sustained, exonerated, or unfounded) made against its officers if that information is in a form which does not identify the individuals involved.

(d) Notwithstanding subdivision (a), a department or agency which employs peace officers may release factual information concerning a disciplinary investigation if the peace officer who is the subject of the disciplinary investigation, or the peace officer’s agent or representative, publicly makes a statement he or she knows to be false concerning the investigation or the imposition of disciplinary action. Information may not be disclosed by the peace officer’s employer unless the false statement was published by an established medium of communication, such as television, radio, or a newspaper. Disclosure of factual information by the employing agency pursuant to this subdivision is limited to facts contained in the peace officer’s personnel file concerning the disciplinary investigation or imposition of disciplinary action that specifically refute the false statements made public by the peace officer or his or her agent or representative.

(e) The department or agency shall provide written notification to the complaining party of the disposition of the complaint within 30 days of the disposition.

The notification described in this subdivision shall not be conclusive or binding or admissible as evidence in any separate or subsequent action or proceeding brought before an arbitrator, court, or judge of this state or the United States.

(f) Nothing in this section shall affect the discovery or disclosure of information contained in a peace officer’s personnel file pursuant to Section 1043 of the Evidence Code.

The people of the State of California do enact as follows:

SECTION 1. Section 2625 of the Penal Code is amended to read:

2625. (a) For the purposes of this section only, the term “prisoner” includes any individual in custody in a state prison, the California Rehabilitation Center, or a county jail, or who is a ward of the Department of the Youth Authority or who, upon a verdict or finding that the individual was insane at the time of committing an offense, or mentally incompetent to be tried or adjudged to punishment, is confined in a state hospital for the care and treatment of the mentally disordered or in any other public or private treatment facility.

(e) In any other action or proceeding in which a prisoner’s parental or marital rights are subject to adjudication, an order for the prisoner’s temporary removal from the institution and for the prisoner’s production before the court may be made by the superior court of the county in which the action or proceeding is pending, or by a judge thereof. A copy of the order shall be transmitted to the warden, superintendent, or other person in charge of the institution not less than 15 days before the order is to be executed. The order shall be executed by the sheriff of the county in which it shall be made, whose duty it shall be to bring the prisoner before the proper court, to keep the prisoner safely, and when the prisoner’s presence is no longer required, to return the prisoner to the institution from which he or she was taken. CHAPTER 66

An act to amend Section 1203.3 of the Penal Code, relating to domestic violence.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.3 of the Penal Code is amended to read:

1203.3. (a) The court shall have authority at any time during the term of probation to revoke, modify, or change its order of suspension of imposition or execution of sentence. The court may at any time when the ends of justice will be subserved thereby, and when the good conduct and reform of the person so held on probation shall warrant it, terminate the period of probation, and discharge the person so held.

(b) The exercise of the court’s authority in subdivision (a) to revoke, modify, change, or terminate probation is subject to the following:

1. Before any sentence or term or condition of probation is modified, a hearing shall be held in open court before the judge. The prosecuting attorney shall be given a two-day written notice and an opportunity to be heard on the matter, except that, as to modifying or terminating a protective order in a case involving domestic violence, as defined in Section 6211 of the Family Code, the prosecuting attorney shall be given a five-day written notice and an opportunity to be heard.

A. If the sentence or term or condition of probation is modified pursuant to this section, the judge shall state the reasons for that modification on the record.

B. As used in this section, modification of sentence shall include reducing a felony to a misdemeanor.

2. No order shall be made without written notice first given by the court or the clerk thereof to the proper probation officer of the intention to revoke, modify, or change its order.
(3) In all cases, if the court has not seen fit to revoke the order of probation and impose sentence or pronounce judgment, the defendant shall at the end of the term of probation or any extension thereof, be by the court discharged subject to the provisions of these sections.

(4) The court may modify the time and manner of the term of probation for purposes of measuring the timely payment of restitution obligations or the good conduct and reform of the defendant while on probation. The court shall not modify the dollar amount of the restitution obligations due to the good conduct and reform of the defendant, absent compelling and extraordinary reasons, nor shall the court limit the ability of payees to enforce the obligations in the manner of judgments in civil actions.

(5) Nothing in this section shall be construed to prohibit the court from modifying the dollar amount of a restitution order pursuant to subdivision (f) of Section 1202.4 at any time during the term of the probation.

(6) The court may limit or terminate a protective order that is a condition of probation in a case involving domestic violence, as defined in Section 6211 of the Family Code. In determining whether to limit or terminate the protective order, the court shall consider if there has been any material change in circumstances since the crime for which the order was issued, and any issue that relates to whether there exists good cause for the change, including, but not limited to consideration of all of the following:

(A) Whether the probationer has accepted responsibility for the abusive behavior perpetrated against the victim.
(B) Whether the probationer is currently attending and actively participating in counseling sessions.
(C) Whether the probationer has completed parenting counseling, or attended alcoholics or narcotics counseling.
(D) Whether the probationer has moved from the state, or is incarcerated.
(E) Whether the probationer is still cohabitating, or intends to cohabitate, with any subject of the order.
(F) Whether the defendant has performed well on probation, including consideration of any progress reports.
(G) Whether the victim desires the change, and is so, the victim’s reasons, whether the victim has consulted a victim advocate, and whether the victim has prepared a safety plan and has access to local resources.
(H) Whether the change will impact any children involved, including consideration of any Child Protective Services information.
(I) Whether the ends of justice would be served by limiting or terminating the order.
(c) If a probationer is ordered to serve time in jail, and the probationer escapes while serving that time, the probation is revoked as a matter of law on the day of the escape.

(d) If probation is revoked pursuant to subdivision (c), upon taking the probationer into custody, the probationer shall be accorded a hearing or hearings consistent with the holding in the case of People v. Vickers (1972) 8 Cal.3d 451. The purpose of that hearing or hearings is not to revoke probation, as the revocation has occurred as a matter of law in accordance with subdivision (c), but rather to afford the defendant an opportunity to require the prosecution to establish that the alleged violation did in fact occur and to justify the revocation.

(e) This section does not apply to cases covered by Section 1203.2.

CHAPTER 67

An act to amend Section 5501 of the Probate Code, relating to nonprobate transfers.

CHAPTER 68

An act to amend Sections 512.060, 514.020, 515.010, 515.020, 703.580, and 703.610 of the Code of Civil Procedure, relating to debtor and creditor relations.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 512.060 of the Code of Civil Procedure is amended to read: 512.060. (a) At the hearing, a writ of possession shall issue if both of the following are found:

(1) The plaintiff has established the probable validity of the plaintiff’s claim to possession of the property.

(2) The undertaking requirements of Section 515.010 are satisfied.

(b) No writ directing the levying officer to enter a private place to take possession of any property shall be issued unless the plaintiff has
established that there is probable cause to believe that the property is located there.

SEC. 2. Section 514.020 of the Code of Civil Procedure is amended to read:

514.020. (a) At the time of levy, the levying officer shall deliver to the person in possession of the property a copy of the writ of possession, a copy of the plaintiff’s undertaking, if any, and a copy of the order for issuance of the writ.

(b) If no one is in possession of the property at the time of levy, the levying officer shall subsequently serve the writ and attached undertaking on the defendant. If the defendant has appeared in the action, service shall be accomplished in the manner provided by Chapter 5 (commencing with Section 1010) of Title 14. If the defendant has not appeared in the action, service shall be accomplished in the manner provided for the service of summons and complaint by Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5.

SEC. 3. Section 515.010 of the Code of Civil Procedure is amended to read:

515.010. (a) Except as provided in subdivision (b), the court shall not issue a temporary restraining order or a writ of possession until the plaintiff has filed an undertaking with the court. The undertaking shall provide that the sureties are bound to the defendant for the return of the property to the defendant, if return of the property is ordered, and for the payment to the defendant of any sum recovered against the plaintiff. The undertaking shall be in an amount not less than twice the value of the defendant’s interest in the property or in a greater amount. The value of the defendant’s interest in the property is determined by the market value of the property less the amount due and owing on any conditional sales contract or security agreement and all liens and encumbrances on the property, and any other factors necessary to determine the defendant’s interest in the property.

(b) If the court finds that the defendant has no interest in the property, the court shall waive the requirement of the plaintiff’s undertaking and shall include in the order for issuance of the writ the amount of the defendant’s undertaking sufficient to satisfy the requirements of subdivision (b) of Section 515.020.

SEC. 4. Section 515.020 of the Code of Civil Procedure is amended to read:

515.020. (a) The defendant may prevent the plaintiff from taking possession of property pursuant to a writ of possession or regain possession of property so taken by filing with the court in which the action was brought an undertaking in an amount equal to the amount of the plaintiff’s undertaking pursuant to subdivision (a) of Section
515.010 or in the amount determined by the court pursuant to subdivision (b) of Section 515.010.

(b) The undertaking shall state that, if the plaintiff recovers judgment on the action, the defendant shall pay all costs awarded to the plaintiff and all damages that the plaintiff may sustain by reason of the loss of possession of the property. The damages recoverable by the plaintiff pursuant to this section shall include all damages proximately caused by the plaintiff’s failure to gain or retain possession.

(c) The defendant’s undertaking may be filed at any time before or after levy of the writ of possession. A copy of the undertaking shall be mailed to the levying officer.

(d) If an undertaking for redelivery is filed and the defendant’s undertaking is not objected to, the levying officer shall deliver the property to the defendant, or, if the plaintiff has previously been given possession of the property, the plaintiff shall deliver the property to the defendant. If an undertaking for redelivery is filed and the defendant’s undertaking is objected to, the provisions of Section 515.030 apply.

SEC. 5. Section 703.580 of the Code of Civil Procedure is amended to read:

703.580. (a) The claim of exemption and notice of opposition to the claim of exemption constitute the pleadings, subject to the power of the court to permit amendments in the interest of justice.

(b) At a hearing under this section, the exemption claimant has the burden of proof.

(c) The claim of exemption is deemed controverted by the notice of opposition to the claim of exemption and both shall be received in evidence. If no other evidence is offered, the court, if satisfied that sufficient facts are shown by the claim of exemption (including the financial statement if one is required) and the notice of opposition, may make its determination thereon. If not satisfied, the court shall order the hearing continued for the production of other evidence, oral or documentary.

(d) At the conclusion of the hearing, the court shall determine by order whether or not the property is exempt in whole or in part. Subject to Section 703.600, the order is determinative of the right of the judgment creditor to apply the property to the satisfaction of the judgment. No findings are required in a proceeding under this section.

(e) The court clerk shall promptly transmit a certified copy of the order to the levying officer. Subject to Section 703.610, the levying officer shall, in compliance with the order, release the property or apply the property to the satisfaction of the money judgment.

(f) Unless otherwise ordered by the court, if an exemption is not determined within the time provided by Section 703.570, the property claimed to be exempt shall be released.
SEC. 6. Section 703.610 of the Code of Civil Procedure is amended to read:

703.610. (a) Except as otherwise provided by statute or ordered by the court, the levying officer shall not release, sell, or otherwise dispose of the property for which an exemption is claimed until an appeal is waived, the time to file an appeal has expired, or the exemption is finally determined.

(b) At any time while the exemption proceedings are pending, upon motion of the judgment creditor or a claimant, or upon its own motion, the court may make any orders for disposition of the property that may be proper under the circumstances of the case. The order may be modified or vacated by the court at any time during the pendency of the exemption proceedings upon any terms that are just.

(c) If an appeal of the determination of a claim of exemption is taken, notice of the appeal shall be given to the levying officer and the levying officer shall hold, release, or dispose of the property in accordance with the provisions governing enforcement and stay of enforcement of money judgments pending appeal.

CHAPTER 69

An act to amend Section 418.10 of the Code of Civil Procedure, relating to personal jurisdiction.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 418.10 of the Code of Civil Procedure is amended to read:

418.10. (a) A defendant, on or before the last day of his or her time to plead or within any further time that the court may for good cause allow, may serve and file a notice of motion for one or more of the following purposes:

(1) To quash service of summons on the ground of lack of jurisdiction of the court over him or her.

(2) To stay or dismiss the action on the ground of inconvenient forum.

(3) To dismiss the action pursuant to the applicable provisions of Chapter 1.5 (commencing with Section 583.110) of Title 8.

(b) The notice shall designate, as the time for making the motion, a date not more than 30 days after filing of the notice. The notice shall be served in the same manner, and at the same times, prescribed by
subdivision (b) of Section 1005. The service and filing of the notice shall extend the defendant’s time to plead until 15 days after service upon him or her of a written notice of entry of an order denying his or her motion, except that for good cause shown the court may extend the defendant’s time to plead for an additional period not exceeding 20 days.

(c) If the motion is denied by the trial court, the defendant, within 10 days after service upon him or her of a written notice of entry of an order of the court denying his or her motion, or within any further time not exceeding 20 days that the trial court may for good cause allow, and before pleading, may petition an appropriate reviewing court for a writ of mandate to require the trial court to enter its order quashing the service of summons or staying or dismissing the action. The defendant shall file or enter his or her responsive pleading in the trial court within the time prescribed by subdivision (b) unless, on or before the last day of the defendant’s time to plead, he or she serves upon the adverse party and files with the trial court a notice that he or she has petitioned for a writ of mandate. The service and filing of the notice shall extend the defendant’s time to plead until 10 days after service upon him or her of a written notice of the final judgment in the mandate proceeding. The time to plead may for good cause shown be extended by the trial court for an additional period not exceeding 20 days.

(d) No default may be entered against the defendant before expiration of his or her time to plead, and no motion under this section, or under Section 473 or 473.5 when joined with a motion under this section, or application to the court or stipulation of the parties for an extension of the time to plead, shall be deemed a general appearance by the defendant.

(e) A defendant or cross-defendant may make a motion under this section and simultaneously answer, demur, or move to strike the complaint or cross-complaint.

(1) Notwithstanding Section 1014, no act by a party who makes a motion under this section, including filing an answer, demurrer, or motion to strike constitutes an appearance, unless the court denies the motion made under this section. If the court denies the motion made under this section, the defendant or cross-defendant is not deemed to have generally appeared until entry of the order denying the motion.

(2) If the motion made under this section is denied and the defendant or cross-defendant petitions for a writ of mandate pursuant to subdivision (c), the defendant or cross-defendant is not deemed to have generally appeared until the proceedings on the writ petition have finally concluded.

(3) Failure to make a motion under this section at the time of filing a demurrer or motion to strike constitutes a waiver of the issues of lack of personal jurisdiction, inadequacy of process, inadequacy of service of process, inconvenient forum, and delay in prosecution.
SEC. 2. It is the intent of the Legislature in enacting this act to conform California practice with respect to challenging personal jurisdiction to the practice under Rule 12(b) of the Federal Rules of Civil Procedure.

CHAPTER 70

An act to amend Section 2937 of the Civil Code, relating to debt.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 2937 of the Civil Code is amended to read:

The Legislature also finds that notification to the borrower or subsequent obligor of the transfer may protect the borrower or subsequent obligor from fraudulent business practices and may ensure timely payments.

It is the intent of the Legislature in enacting this section to mandate that a borrower or subsequent obligor be given written notice when a person transfers the servicing of the indebtedness on notes, bonds, or other instruments secured by a mortgage or deed of trust on real property containing one to four residential units and located in this state.

(b) Any person transferring the servicing of indebtedness as provided in subdivision (a) to a different servicing agent and any person assuming from another responsibility for servicing the instrument evidencing indebtedness, shall give written notice to the borrower or subsequent obligor before the borrower or subsequent obligor becomes obligated to make payments to a new servicing agent.

(c) In the event a notice of default has been recorded or a judicial foreclosure proceeding has been commenced, the person transferring the servicing of the indebtedness and the person assuming from another the duty of servicing the indebtedness shall give written notice to the trustee or attorney named in the notice of default or judicial foreclosure of the transfer. A notice of default, notice of sale, or judicial foreclosure shall not be invalidated solely because the servicing agent is changed during the foreclosure process.
(d) Any person transferring the servicing of indebtedness as provided in subdivision (a) to a different servicing agent shall provide to the new servicing agent all existing insurance policy information that the person is responsible for maintaining, including, but not limited to, flood and hazard insurance policy information.

(e) The notices required by subdivision (b) shall be sent by first-class mail, postage prepaid, to the borrower’s or subsequent obligor’s address designated for loan payment billings, or if escrow is pending, as provided in the escrow, and shall contain each of the following:
   (1) The name and address of the person to which the transfer of the servicing of the indebtedness is made.
   (2) The date the transfer was or will be completed.
   (3) The address where all payments pursuant to the transfer are to be made.

(f) Any person assuming from another responsibility for servicing the instrument evidencing indebtedness shall include in the notice required by subdivision (b) a statement of the due date of the next payment.

(g) The borrower or subsequent obligor shall not be liable to the holder of the note, bond, or other instrument or to any servicing agent for payments made to the previous servicing agent or for late charges if these payments were made prior to the borrower or subsequent obligor receiving written notice of the transfer as provided by subdivision (e) and the payments were otherwise on time.

(h) For purposes of this section, the term servicing agent shall not include a trustee exercising a power of sale pursuant to a deed of trust.

Proceedings prior to the preliminary hearing shall be reported but need not be transcribed until the court receives notice as prescribed in paragraph (2).

(2) Upon receiving notification from the prosecution that the death penalty is being sought, the clerk shall order the transcription and preparation of the record of all proceedings prior to and including the preliminary hearing in the manner prescribed by the Judicial Council in the rules of court. The record of all proceedings prior to and including the preliminary hearing shall be certified by the court no later than 120 days following notification unless the time is extended pursuant to rules of court adopted by the Judicial Council. Upon certification, the record of all proceedings is incorporated into the superior court record.

(b) (1) The court shall assign a court reporter who uses computer-aided transcription equipment to report all proceedings under this section.

(2) Failure to comply with the requirements of this section relating to the assignment of court reporters who use computer-aided transcription equipment is not a ground for reversal.

SEC. 7. Section 1539 of the Penal Code is amended to read:

1539. (a) If a special hearing is held in a felony case pursuant to Section 1538.5, or if the grounds on which the warrant was issued are controverted and a motion to return property is made (i) by a defendant on grounds not covered by Section 1538.5, (ii) by a defendant whose property has not been offered or will not be offered as evidence against the defendant, or (iii) by a person who is not a defendant in a criminal

(b) The reporter shall forthwith transcribe the reporter’s shorthand notes pursuant to this section if any party to a special hearing in a felony case files a written request for its preparation with the clerk of the court in which the hearing was held. The reporter shall forthwith file in the superior court an original and as many copies thereof as there are defendants (other than a fictitious defendant) or persons aggrieved. The reporter is entitled to compensation in accordance with the provisions of Section 869. In every case in which a transcript is filed as provided in this section, the clerk of the court shall deliver the original of the transcript so filed to the district attorney immediately upon receipt thereof and shall deliver a copy of the transcript to each defendant (other than a fictitious defendant) upon demand without cost to the defendant.

(c) Upon a motion by a defendant pursuant to this chapter, the defendant is entitled to discover any previous application for a search warrant in the case which was refused by a magistrate for lack of probable cause.

SEC. 8. Nothing in this act is intended to change the extent to which official reporter services or electronic reporting may be used in the courts.

CHAPTER 72

An act to amend Sections 912, 917, and 952 of the Evidence Code, relating to electronic communications and evidentiary privileges.

[Approved by Governor June 20, 2002. Filed with Secretary of State June 21, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 912 of the Evidence Code is amended to read:

912. (a) Except as otherwise provided in this section, the right of any person to claim a privilege provided by Section 954 (lawyer-client privilege), 980 (privilege for confidential marital communications), 994 (physician-patient privilege), 1014 (psychotherapist-patient privilege), 1033 (privilege of penitent), 1034 (privilege of clergyman), 1035.8 (sexual assault victim-counselor privilege), or 1037.5 (domestic violence victim-counselor privilege) is waived with respect to a communication protected by the privilege if any holder of the privilege,
without coercion, has disclosed a significant part of the communication or has consented to disclosure made by anyone. Consent to disclosure is manifested by any statement or other conduct of the holder of the privilege indicating consent to the disclosure, including failure to claim the privilege in any proceeding in which the holder has the legal standing and opportunity to claim the privilege.

(b) Where two or more persons are joint holders of a privilege provided by Section 954 (lawyer-client privilege), 994 (physician-patient privilege), 1014 (psychotherapist-patient privilege), 1035.8 (sexual assault victim-counselor privilege), or 1037.5 (domestic violence victim-counselor privilege), a waiver of the right of a particular joint holder of the privilege to claim the privilege does not affect the right of another joint holder to claim the privilege. In the case of the privilege provided by Section 980 (privilege for confidential marital communications), a waiver of the right of one spouse to claim the privilege does not affect the right of the other spouse to claim the privilege.

(c) A disclosure that is itself privileged is not a waiver of any privilege.

(d) A disclosure in confidence of a communication that is protected by a privilege provided by Section 954 (lawyer-client privilege), 994 (physician-patient privilege), 1014 (psychotherapist-patient privilege), 1035.8 (sexual assault victim-counselor privilege), or 1037.5 (domestic violence victim-counselor privilege), when disclosure is reasonably necessary for the accomplishment of the purpose for which the lawyer, physician, psychotherapist, sexual assault counselor, or domestic violence counselor was consulted, is not a waiver of the privilege.

SEC. 2. Section 917 of the Evidence Code is amended to read:

917. (a) Whenever a privilege is claimed on the ground that the matter sought to be disclosed is a communication made in confidence in the course of the lawyer-client, physician-patient, psychotherapist-patient, cleryman-penitent, husband-wife, sexual assault victim-counselor, or domestic violence victim-counselor relationship, the communication is presumed to have been made in confidence and the opponent of the claim of privilege has the burden of proof to establish that the communication was not confidential.

(b) A communication between persons in a relationship listed in subdivision (a) does not lose its privileged character for the sole reason that it is communicated by electronic means or because persons involved in the delivery, facilitation, or storage of electronic communication may have access to the content of the communication.

(c) For purposes of this section, “electronic” has the same meaning provided in Section 1633.2 of the Civil Code.

SEC. 3. Section 952 of the Evidence Code is amended to read:
952. As used in this article, “confidential communication between client and lawyer” means information transmitted between a client and his or her lawyer in the course of that relationship and in confidence by a means which, so far as the client is aware, discloses the information to no third persons other than those who are present to further the interest of the client in the consultation or those to whom disclosure is reasonably necessary for the transmission of the information or the accomplishment of the purpose for which the lawyer is consulted, and includes a legal opinion formed and the advice given by the lawyer in the course of that relationship.

CHAPTER 73

(2) Nothing in this subdivision shall be construed to prevent a city, county, or city and county from imposing reasonable restrictions as to the time, place, and manner of placement or display of a Flag of the United States when necessary for the preservation of the public’s health, safety, or order.
(c) (1) A local government agency may not adopt any policy or regulation that prohibits or restricts an employee of that agency from displaying a Flag of the United States, or a pin of that flag, on his or her person, in his or her workplace, or on a local government agency vehicle operated by that employee.

(2) Nothing in this subdivision shall be construed to prevent a local government agency from imposing reasonable restrictions as to the time, place, and manner of placement or display of a Flag of the United States when necessary for the preservation of the order or discipline of the workplace.

(h) “District” also includes the South Coast Air Quality Management District, a new public agency created on February 1, 1977, pursuant to Chapter 5.5 (commencing with Section 40400) of Part 3 of Division 26 of the Health and Safety Code.

(2) No retirement system coverage may be effected for an employee of the South Coast Air Quality Management District who commenced employment with the district during the period commencing on February 1, 1977, and ending on December 31, 1978, unless and until the employee shall have elected whether to become a member of the retirement association established in accordance with this chapter for employees of Los Angeles County or the retirement association established in accordance with this chapter for employees of San Bernardino County. The election shall occur before January 1, 1980. However, the elected retirement association may require, as a prerequisite to granting that credit, the payment of an appropriate sum of money or the transfer of funds from another retirement association in an amount determined by an enrolled actuary and approved by the elected retirement association’s board. The amount to be paid shall include all administrative and actuarial costs of making that determination. The amount to be paid shall be shared by the South Coast Air Quality Management District and the employee. The share to be paid by the employee shall be determined by good faith bargaining between the district and the recognized employee organization, but in no event shall the employee be required to contribute more than 25 percent of the total amount required to be paid. The elected retirement association’s board may not grant that credit for that prior service unless the request for that credit is made to, and the required payment deposited with, the elected retirement association’s board no earlier than January 1, 1980, and no later than June 30, 1980. 3. The Department of Finance may authorize the establishment of positions and transfer of amounts from this item to Item 5180–001–0001, in order to allow the state to perform the facilities evaluation function of Community Care Licensing in the event the counties fail to perform that function.
4. The Department of Finance may authorize the transfer of amounts between this item and Item 5180–111–0001 in order to reflect modifications in the use of Title XX funds. The funds shall not be approved sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairpersons of the committees, or their designees, may in each instance jointly determine.

5. Nonfederal funds appropriated in this item which have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance–of–effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104–193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance–of–effort expenditure.

6. Of the amount appropriated in this item, $123,834,000 shall be provided to counties to fund additional child welfare service activities and shall be allocated based on child welfare services caseload and county unit costs. However no county shall receive less than $100,000. These funds shall be expressly targeted for emergency response, family reunification, family maintenance and permanent placement services and shall be used to supplement, and shall not be used to supplant, child welfare services funds. A county is not required to provide a match of the funds received pursuant to this provision if the county appropriates the required full match for the county’s child welfare services program exclusive of the funds received pursuant to this provision. These funds are available only to counties that have certified that they are fully utilizing the Child Welfare Services/Case Management System (CSW/CMS) or have entered into an agreed upon plan with the State Department of Social Services outlining the steps that will be taken to achieve full utilization. The department shall reallocate any funds that counties choose not to accept under this provision, to other counties based on the allocation formula specified in this provision.

The department, in collaboration with the County Welfare Directors Association and representatives
from labor groups representing social workers, shall develop the definition of full utilization of the CWS/CMS, the method for measuring full utilization, the process for the state and counties to work together to move counties toward full utilization, and measurements of progress toward full utilization.

7. In order to receive state funding for adult protective service programs, counties shall participate in the quarterly claims processing, payment, and reporting system developed by the State Department of Social Services for the adult protective services program.

8. Of the amount appropriated in this item, $1,200,000 shall be provided to counties for the purpose of maintaining and operating Live Scan equipment in county welfare departments. The counties shall utilize this equipment to perform criminal background checks of relatives, foster parents, and others for whom criminal record checks are required when the county is considering a foster child placement. The State Department of Social Services shall allocate these funds to the counties to enable the most efficient use of the equipment. Counties shall not be required to provide a match for these funds if the funds are used exclusively for the maintenance and operation of Live Scan equipment in the Foster Care Program.

9. The Department of Finance may authorize the establishment of positions and transfer of amounts from this item to Item 5180–001–0001, in order to allow the state to perform the adoptions function in the event that a county notifies the State Department of Social Services that it intends to cease performing that function.

10. Of the funds appropriated in this item, $1,500,000 shall be for the pilot of the Internet based Health and Education Passport in the County of Los Angeles, to collect and maintain health and education records for children in the foster care system, as required by Section 16010 of the Welfare and Institutions Code. Of this amount, the Department of Finance may transfer up to $500,000 to Item 5180–001–0001 for support of the State Department of Social Services, to provide technical assistance in preparation of the Advance Planning Document, provide Independent Verification and Validation to ensure SACWIS compliance, and to ensure that the project meets
federal and state guidelines and privacy requirements.

11. Of the funds appropriated in this item, $1,877,831 shall be used to pay the county share of costs for case management activities for the Emergency Assistance Program pursuant to Section 15204.25 of the Welfare and Institutions Code.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 78

An act to amend Section 35400 of the Vehicle Code, relating to vehicles.

[Approved by Governor June 28, 2002. Filed with Secretary of State June 30, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 35400 of the Vehicle Code is amended to read:

35400. (a) No vehicle shall exceed a length of 40 feet.

(b) This section does not apply to any of the following:

1. A vehicle used in a combination of vehicles when the excess length is caused by auxiliary parts, equipment, or machinery not used as space to carry any part of the load, except that the combination of vehicles shall not exceed the length provided for combination vehicles.

2. A vehicle, when the excess length is caused by any parts necessary to comply with the fender and mudguard regulations of this code.

3. (A) An articulated bus or articulated trolley coach that does not exceed a length of 60 feet.

(B) An articulated bus or articulated trolley coach described in subparagraph (A) may be equipped with a folding device attached to the front of the bus or trolley if the device is designed and used exclusively for transporting bicycles. The device, including any bicycles transported thereon, shall be mounted in a manner that does not materially affect efficiency or visibility of vehicle safety equipment, and shall not extend more than 36 inches from the front body of the bus or trolley coach when fully deployed. The handlebars of a bicycle that is transported on a device described in this subparagraph shall not extend more than 42 inches from the front of the bus.

4. A semitrailer while being towed by a motortruck or truck tractor, if the distance from the kingpin to the rearmost axle of the semitrailer
does not exceed 40 feet for semitrailers having two or more axles, or 38 feet for semitrailers having one axle if the semitrailer does not, exclusive of attachments, extend forward of the rear of the cab of the motortruck or truck tractor.

(5) A bus or house car when the excess length is caused by the projection of a front safety bumper or a rear safety bumper, or both. The safety bumper shall not cause the length of the vehicle to exceed the maximum legal limit by more than one foot in the front and one foot in the rear. For the purposes of this chapter, “safety bumper” means any device that is fitted on an existing bumper or which replaces the bumper and is constructed, treated, or manufactured to absorb energy upon impact.

(6) A schoolbus, when the excess length is caused by the projection of a crossing control arm. For the purposes of this chapter, “crossing control arm” means an extendable and retractable device fitted to the front of a schoolbus that is designed to impede movement of pupils exiting the schoolbus directly in front of the schoolbus so that pupils are visible to the driver while they are moving in front of the schoolbus. An operator of a schoolbus shall not extend a crossing control arm while the schoolbus is in motion. Except when activated, a crossing control arm shall not cause the maximum length of the schoolbus to be extended by more than 10 inches, inclusive of any front safety bumper. Use of a crossing control arm by the operator of a schoolbus does not, in and of itself, fulfill his or her responsibility to ensure the safety of students crossing a highway or private road pursuant to Section 22112.

(7) A bus, when the excess length is caused by a device, located in front of the front axle, for lifting wheelchairs into the bus. That device shall not cause the length of the bus to be extended by more than 18 inches, inclusive of any front safety bumper.

(8) A bus, when the excess length is caused by a device attached to the rear of the bus designed and used exclusively for the transporting of bicycles. This device may be up to 10 feet in length, if the device, along with any other device permitted pursuant to this section, does not cause the total length of the bus, including any device or load, to exceed 50 feet.

(9) A bus operated by a public agency or a passenger stage corporation, as defined in Section 226 of the Public Utilities Code, used in transit system service, other than a schoolbus, when the excess length is caused by a folding device attached to the front of the bus which is designed and used exclusively for transporting bicycles. The device, including any bicycles transported thereon, shall be mounted in a manner that does not materially affect efficiency or visibility of vehicle safety equipment, and shall not extend more than 36 inches from the front body of the bus when fully deployed. The handlebars of a bicycle that is transported on a device described in this paragraph shall not
extend more than 42 inches from the front of the bus. A device described in this paragraph may not be used on any bus which, exclusive of the device, exceeds 40 feet in length or on any bus having a device attached to the rear of the bus pursuant to paragraph (7).

(10) A bus of a length of up to 45 feet when operating on those highways specified in subdivision (a) of Section 35401.5. The Department of Transportation or local authorities, with respect to highways under their respective jurisdictions, shall not deny reasonable access to a bus of a length of up to 45 feet between the highways specified in subdivision (a) of Section 35401.5 and points of loading and unloading for motor carriers of passengers as required by the federal Intermodal Surface Transportation Efficiency Act of 1991 (P.L. 102-240).

(11) (A) A house car of a length of up to 45 feet when operating on the National System of Interstate and Defense Highways or when using those portions of federal aid primary system highways that have been qualified by the United States Secretary of Transportation for that use, or when using routes appropriately identified by the Department of Transportation or local authorities, with respect to highways under their respective jurisdictions.

(B) A house car described in subparagraph (A) may be operated on a highway that provides reasonable access to facilities for purposes limited to fuel, food, and lodging when that access is consistent with the safe operation of the vehicle and when the facility is within one road mile of identified points of ingress and egress to or from highways specified in subparagraph (A) for use by that vehicle.

(C) As used in this paragraph and paragraph (10), “reasonable access” means access substantially similar to that authorized for combinations of vehicles pursuant to subdivision (c) of Section 35401.5.

(D) Any access route established by a local authority pursuant to subdivision (d) of Section 35401.5 is open for access by a house car of a length of up to 45 feet. In addition, local authorities may establish a process whereby access to services by house cars of a length of up to 45 feet may be applied for upon a route not previously established as an access route. The denial of a request for access to services shall be only on the basis of safety and an engineering analysis of the proposed access route. In lieu of processing an access application, local authorities, with respect to highways under their jurisdiction, may provide signing, mapping, or a listing of highways, as necessary, to indicate the use of these specific routes by a house car of a length of up to 45 feet.

(c) The Legislature, by increasing the maximum permissible kingpin to rearmost axle distance to 40 feet effective January 1, 1987, as provided in paragraph (4) of subdivision (b), does not intend this action to be
considered a precedent for any future increases in truck size and length limitations.

(d) Any transit bus equipped with a folding device installed on or after January 1, 1999, that is permitted under subparagraph (B) of paragraph (3) of subdivision (b) or under paragraph (9) of subdivision (b) shall be additionally equipped with any of the following:

(1) An indicator light that is visible to the driver and is activated whenever the folding device is in an extended position.

(2) Any other device or mechanism that provides notice to the driver that the folding device is in an extended position.

(3) A mechanism that causes the folding device to retract automatically from an extended position.

(e) (1) No person shall improperly or unsafely mount a bicycle on a device described in subparagraph (B) of paragraph (3) of subdivision (b), or in paragraph (9) of subdivision (b).

(2) Notwithstanding subdivision (a) of Section 23114 or subdivision (a) of Section 24002 or any other provision of law, when a bicycle is improperly or unsafely loaded by a passenger onto a transit bus, the passenger, and not the driver, is liable for any violation of this code that is attributable to the improper or unlawful loading of the bicycle.

CHAPTER 79

An act to add Section 4730.66 to the Health and Safety Code, relating to sanitation districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 2002. Filed with Secretary of State June 30, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 4730.66 is added to the Health and Safety Code, to read:

4730.66. (a) This section applies only to the consolidated sanitation district in Orange County described in Section 4730.65. The powers granted in this section supplement the existing powers of the district.

(b) The district may acquire, construct, operate, maintain, and furnish facilities for all or any of the following purposes:

(1) The diversion of urban runoff from drainage courses within the district.
(2) The treatment of the urban runoff.
(3) The return of the water to the drainage courses.
(4) The beneficial use of the water.
(c) In order to carry out the powers and purposes granted under this section, the district may exercise any of the powers otherwise granted to a district by this chapter to the extent those powers may be made applicable.
(d) Nothing in this section affects any obligation of the district to obtain a permit that may be required by law for the activities undertaken pursuant to this section.

SEC. 2. The Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution due to the unique circumstances of the consolidated sanitation district in Orange County.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:
In order to timely provide authority to the Orange County Sanitation District to effectively deal with the urban water runoff problem, it is necessary that this act take effect immediately.

CHAPTER 80

An act to add Section 4467 to the Vehicle Code, relating to vehicles.

[Approved by Governor June 28, 2002. Filed with Secretary of State June 30, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 4467 is added to the Vehicle Code, to read:
4467. (a) Notwithstanding any other provision of law, the department shall issue new and different license plates immediately upon request to the registered owner of a vehicle who appears in person and submits a completed application, if all of the following are presented:
(1) Proof of ownership of the vehicle that is acceptable to the department.
(2) A driver’s license or identification card containing a picture of the licensee or cardholder issued to the registered owner by the department pursuant to Chapter 1 (commencing with Section 12500) of Division 6.
The department shall conduct a search of its records to verify the authenticity of any document submitted under this paragraph.

(3) The previously issued license plates from the vehicle.

(4) One of the following:

(A) A copy of a police report identifying the registered owner of the vehicle as the victim of an incident of domestic violence.

(B) A written acknowledgment, dated within 30 days of submission, on the letterhead of a domestic violence agency, that the registered owner is actively seeking assistance or has sought assistance from the agency within the past year.

(C) An active protective order as defined in Section 6218 of the Family Code, or issued pursuant to Section 527.6 or 527.8 of the Code of Civil Procedure, which names the registered owner as a protected party.

(b) Subdivision (a) shall not apply to special interest license plates.

CHAPTER 81

An act to amend Section 87164 of the Education Code, relating to community colleges.

[Approved by Governor June 28, 2002. Filed with Secretary of State June 30, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 87164 of the Education Code is amended to read:

87164. (a) An employee or applicant for employment with a public school employer who files a written complaint with his or her supervisor, a community college administrator, or the public school employer alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts prohibited by Section 87163 for having disclosed improper governmental activities or for refusing to obey an illegal order may also file a copy of the written complaint with the local law enforcement agency, together with a sworn statement that the contents of the written complaint are true, or are believed by the affiant to be true, under penalty of perjury. The complaint filed with the local law enforcement agency shall be filed within 12 months of the most recent act of reprisal that is the subject of the complaint.

(b) A person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against an employee or applicant for employment with a public school employer for having made a protected
disclosure is subject to a fine not to exceed ten thousand dollars ($10,000) and imprisonment in the county jail for a period not to exceed one year. An employee, officer, or administrator who intentionally engages in that conduct shall also be subject to discipline by the public school employer. If no adverse action is instituted by the public school employer, and it is determined that there is reasonable cause to believe that an act of reprisal, retaliation, threats, coercion, or similar acts prohibited by Section 87163, the local law enforcement agency may report the nature and details of the activity to the governing board of the community college district.

(c) (1) The State Personnel Board shall initiate a hearing or investigation of a written complaint of reprisal or retaliation as prohibited by Section 87163 within 10 working days of its submission. The executive officer of the State Personnel Board shall complete findings of the hearing or investigation within 60 working days thereafter, and shall provide a copy of the findings to the complaining employee or applicant for employment with a public school employer and to the appropriate supervisors, administrator, or employer. This hearing shall be conducted in accordance with Section 18671.2 of the Government Code, this part, and the rules of practice and procedure of the State Personnel Board. When the allegations contained in a complaint of reprisal or retaliation are the same as, or similar to, those contained in another appeal, the executive officer may consolidate the appeals into the most appropriate format. In these cases, the time limits described in this paragraph shall not apply.

(2) Notwithstanding Section 18671.2 of the Government Code, no costs associated with hearings of the State Personnel Board conducted pursuant to paragraph (1) shall be charged to the board of governors. Instead, all of the costs associated with hearings of the State Personnel Board conducted pursuant to paragraph (1) shall be charged directly to the community college district that employs the complaining employee, or with whom the complaining applicant for employment has filed his or her employment application.

(d) If the findings of the executive officer of the State Personnel Board set forth acts of alleged misconduct by the supervisor, community college administrator, or public school employer, the supervisor, administrator, or employer may request a hearing before the State Personnel Board regarding the findings of the executive officer. The request for hearing and any subsequent determination by the board shall be made in accordance with the board’s usual rules governing appeals, hearings, investigations, and disciplinary proceedings.

(e) If, after the hearing, the State Personnel Board determines that a violation of Section 87163 occurred, or if no hearing is requested and the findings of the executive officer conclude that improper activity has
occurred, the board may order any appropriate relief, including, but not limited to, reinstatement, back pay, restoration of lost service credit if appropriate, and the expungement of any adverse records of the employee or applicant for employment with a public school employer who was the subject of the alleged acts of misconduct prohibited by Section 87163.

(f) Whenever the State Personnel Board determines that a supervisor, community college administrator, or public school employer has violated Section 87163, it shall cause an entry to that effect to be made in the supervisor’s, community college administrator’s, or public school employer’s official personnel records.

(g) In order for the Governor and the Legislature to determine the need to continue or modify personnel procedures as they relate to the investigations of reprisals or retaliation for the disclosure of information by employees, the State Personnel Board, by June 30 of each year, shall submit a report to the Governor and the Legislature regarding complaints filed, hearings held, and legal actions taken pursuant to this section.

(h) In addition to all other penalties provided by law, a person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against an employee or applicant for employment with a public school employer for having made a protected disclosure shall be liable in an action for damages brought against him or her by the injured party. Punitive damages may be awarded by the court where the acts of the offending party are proven to be malicious. Where liability has been established, the injured party shall also be entitled to reasonable attorney’s fees as provided by law. However, an action for damages shall not be available to the injured party unless the injured party has first filed a complaint with the local law enforcement agency. Nothing in this subdivision requires an injured party to file a complaint with the State Personnel Board prior to seeking relief for damages in a court of law.

(i) This section is not intended to prevent a public school employer, school administrator, or supervisor from taking, failing to take, directing others to take, recommending, or approving a personnel action with respect to an employee or applicant for employment with a public school employer if the public school employer, school administrator, or supervisor reasonably believes an action or inaction is justified on the basis of evidence separate and apart from the fact that the person has made a protected disclosure as defined in subdivision (e) of Section 87162.

(j) In any civil action or administrative proceeding, once it has been demonstrated by a preponderance of evidence that an activity protected by this article was a contributing factor in the alleged retaliation against a former, current, or prospective employee, the burden of proof shall be on the supervisor, school administrator, or public school employer to
demonstrate by clear and convincing evidence that the alleged action would have occurred for legitimate, independent reasons even if the employee had not engaged in protected disclosures or refused an illegal order. If the supervisor, school administrator, or public school employer fails to meet this burden of proof in an adverse action against the employee in any administrative review, challenge, or adjudication in which retaliation has been demonstrated to be a contributing factor, the employee shall have a complete affirmative defense in the adverse action.

(k) Nothing in this article shall be deemed to diminish the rights, privileges, or remedies of an employee under any other federal or state law or under an employment contract or collective bargaining agreement.

(l) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action.

CHAPTER 82

An act to amend Section 25210.9c of the Government Code, relating to county service areas, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 2002. Filed with Secretary of State June 30, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.9c of the Government Code is amended to read:

25210.9c. (a) Pursuant to a resolution adopted by a four-fifths vote of all the members of its board of supervisors, a county may appropriate any of its available moneys to a revolving fund not to exceed one million dollars ($1,000,000) to be used for the acquisition of real or personal property, environmental impact studies, fiscal analysis, engineering services, salaries, wages, services, supplies, or the construction of structures or improvements needed in whole or in part to provide one or more extended services to a county service area located wholly within the county. The revolving fund shall be reimbursed from service fees, connection charges, tax revenues, or other moneys available from the service area, and no sums shall be disbursed from the fund until the board
has, by resolution, established the method by and the term, not exceeding 10 years, within which the county service area is to reimburse the fund. The service area shall reimburse the fund for any amount disbursed to the service area within 10 years after disbursement, together with interest at the current rate per annum received on similar types of investments by the county as determined by the county treasurer.

(b) Notwithstanding subdivision (a), the Board of Supervisors of the County of Santa Barbara or the County of Tulare may disburse money from the revolving fund to county service areas without complying with the requirement for reimbursement.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the County of Tulare to meet the financial needs of county service areas at the earliest possible time, it is necessary for this act to take effect immediately as an urgency statute.

CHAPTER  83

An act to amend Section 53635 of the Government Code, relating to local agency funds.

[Approved by Governor June 28, 2002. Filed with Secretary of State June 30, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 53635 of the Government Code is amended to read:

53635. (a) This section shall apply to a local agency that is a county, a city and a county, or other local agency that pools money in deposits or investments with other local agencies, including local agencies that have the same governing body. However, Section 53601 shall apply to all local agencies that pool money in deposits or investments exclusively with local agencies that have the same governing body.

This section shall be interpreted in a manner that recognizes the distinct characteristics of investment pools and the distinct administrative burdens on managing and investing funds on a pooled basis pursuant to Article 6 (commencing with Section 27130) of Chapter 5 of Division 2 of Title 3.

A local agency that is a county or a city and county may invest in commercial paper pursuant to subdivision (g) of Section 53601, except
that the local agency shall be subject to the following concentration limits:

(1) No more than 40 percent of the local agency’s money may be invested in eligible commercial paper.

(2) No more than 10 percent of the local agency’s money that may be invested pursuant to this section may be invested in the outstanding commercial paper of any single corporate issuer.

(3) No more than 10 percent of the outstanding commercial paper of any single corporate issuer may be purchased by the local agency.

(b) Notwithstanding Section 53601, the City of Los Angeles shall be subject to the concentration limits of this section for counties and cities and counties with regard to the investment of money in eligible commercial paper.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution because of the unique circumstances of the City of Los Angeles. The facts constituting the special circumstances are:

The investment needs of the City of Los Angeles are such that it is more appropriate to apply the concentration limits otherwise applicable to counties and cities and counties.

CHAPTER 84

An act to amend Section 12114 of the Insurance Code, relating to insurance.

An act to amend Section 129050 of the Health and Safety Code, relating to health facilities.

[Approved by Governor June 28, 2002. Filed with Secretary of State June 30, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 129050 of the Health and Safety Code is amended to read:

129050. A loan shall be eligible for insurance under this chapter if all of the following conditions are met:

(a) The loan shall be secured by a first mortgage, first deed of trust, or other first priority lien on a fee interest of the borrower or by a leasehold interest of the borrower having a term of at least 20 years, including options to renew for that duration, longer than the term of the insured loan. The security for the loan shall be subject only to those conditions, covenants and restrictions, easements, taxes, and assessments of record approved by the office, and other liens securing debt insured under this chapter. The office may require additional agreements in security of the loan.

(b) The borrower obtains an American Land Title Association title insurance policy with the office designated as beneficiary, with liability equal to the amount of the loan insured under this chapter, and with additional endorsements that the office may reasonably require.

(c) The proceeds of the loan shall be used exclusively for the construction, improvement, or expansion of the health facility, as approved by the office under Section 129020. However, loans insured pursuant to this chapter may include loans to refinance another prior loan, whether or not state insured and without regard to the date of the prior loan, if the office determines that the prior loan would have been eligible for insurance under this chapter at the time it was made. The
office may not insure a loan for a health facility that the office determines is not needed pursuant to subdivision (k).

(d) The loan shall have a maturity date not exceeding 30 years from the date of the beginning of amortization of the loan, except as authorized by subdivision (e), or 75 percent of the office’s estimate of the economic life of the health facility, whichever is the lesser.

(e) The loan shall contain complete amortization provisions requiring periodic payments by the borrower not in excess of its reasonable ability to pay as determined by the office. The office shall permit a reasonable period of time during which the first payment to amortization may be waived on agreement by the lender and borrower. The office may, however, waive the amortization requirements of this subdivision and of subdivision (g) of this section when a term loan would be in the borrower’s best interest.

(f) The loan shall bear interest on the amount of the principal obligation outstanding at any time at a rate, as negotiated by the borrower and lender, as the office finds necessary to meet the loan money market. As used in this chapter, “interest” does not include premium charges for insurance and service charges if any. Where a loan is evidenced by a bond issue of a political subdivision, the interest thereon may be at any rate the bonds may legally bear.

(g) The loan shall provide for the application of the borrower’s periodic payments to amortization of the principal of the loan.

(h) The loan shall contain those terms and provisions with respect to insurance, repairs, alterations, payment of taxes and assessments, foreclosure proceedings, anticipation of maturity, additional and secondary liens, and other matters the office may in its discretion prescribe.

(i) The loan shall have a principal obligation not in excess of an amount equal to 90 percent of the total construction cost.

(j) The borrower shall offer reasonable assurance that the services of the health facility will be made available to all persons residing or employed in the area served by the facility.

(k) The office has determined that the facility is needed by the community to provide the specified services. In making this determination, the office shall do all of the following:

1. Require the applicant to describe the community needs the facility will meet and provide data and information to substantiate the stated needs.

2. Require the applicant, if appropriate, to demonstrate participation in the community needs assessment required by Section 127350.

3. Survey appropriate local officials and organizations to measure perceived needs and verify the applicant’s needs assessment.
(4) Use any additional available data relating to existing facilities in the community and their capacity.

(5) Contact other state and federal departments that provide funding for the programs proposed by the applicant to obtain those departments’ perspectives regarding the need for the facility. Additionally, the office shall evaluate the potential effect of proposed health care reimbursement changes on the facility’s financial feasibility.

(6) Consider the facility’s consistency with the Cal-Mortgage state plan.

(l) In the case of acquisitions, a project loan shall be guaranteed only for transactions not in excess of the fair market value of the acquisition.

Fair market value shall be determined, for purposes of this subdivision, pursuant to the following procedure, that shall be utilized during the office’s review of a loan guarantee application:

(1) Completion of a property appraisal by an appraisal firm qualified to make appraisals, as determined by the office, before closing a loan on the project.

(2) Evaluation of the appraisal in conjunction with the book value of the acquisition by the office. When acquisitions involve additional construction, the office shall evaluate the proposed construction to determine that the costs are reasonable for the type of construction proposed. In those cases where this procedure reveals that the cost of acquisition exceeds the current value of a facility, including improvements, then the acquisition cost shall be deemed in excess of fair market value.

(m) Notwithstanding subdivision (i), any loan in the amount of five million dollars ($5,000,000) or less may be insured up to 95 percent of the total construction cost.

In determining financial feasibility of projects of counties pursuant to this section, the office shall take into consideration any assistance for the project to be provided under Section 14085.5 of the Welfare and Institutions Code or from other sources. It is the intent of the Legislature that the office endeavor to assist counties in whatever ways are possible to arrange loans that will meet the requirements for insurance prescribed by this section.

(n) The project’s level of financial risk meets the criteria in Section 129051.

CHAPTER 96

An act to amend and repeal Section 1347 of the Penal Code, relating to child witnesses.

[Approved by Governor June 28, 2002. Filed with Secretary of State June 30, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1347 of the Penal Code, as amended by Section 1 of Chapter 207 of the Statutes of 2000, is amended to read:

1347. (a) It is the intent of the Legislature in enacting this section to provide the court with discretion to employ unusual court procedures to protect the rights of a child witness, the rights of the defendant, and the integrity of the judicial process. In exercising its discretion, the court necessarily will be required to balance the rights of the defendant or defendants against the need to protect a child witness and to preserve the integrity of the court's truthfinding function. This discretion is intended to be used selectively when the facts and circumstances in the individual case present compelling evidence of the need to use these unusual procedures.

(b) Notwithstanding any other law, the court in any criminal proceeding, upon written notice by the prosecutor made at least three days prior to the date of the preliminary hearing or trial date on which the testimony of the minor is scheduled, or during the course of the proceeding on the court's own motion, may order that the testimony of a minor 13 years of age or younger at the time of the motion be taken by contemporaneous examination and cross-examination in another place and out of the presence of the judge, jury, defendant or defendants, and attorneys, and communicated to the courtroom by means of closed-circuit television, if the court makes all of the following findings:

(1) The minor's testimony will involve a recitation of the facts of either of the following:

(A) An alleged sexual offense committed on or with the minor.
(B) The minor is a victim of a violent felony, as defined in subdivision (c) of Section 667.5.

(2) The impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness unless closed-circuit television is used.

(A) Threats of serious bodily injury to be inflicted on the minor or a family member, of incarceration or deportation of the minor or a family member, or of removal of the minor from the family or dissolution of the family, in order to prevent or dissuade the minor from attending or giving
testimony at any trial or court proceeding, or to prevent the minor from reporting the alleged sexual offense or from assisting in criminal prosecution.

(B) Use of a firearm or any other deadly weapon during the commission of the crime.

(C) Infliction of great bodily injury upon the victim during the commission of the crime.

(D) Conduct on the part of the defendant or defense counsel during the hearing or trial that causes the minor to be unable to continue his or her testimony.

In making the determination required by this section, the court shall consider the age of the minor, the relationship between the minor and the defendant or defendants, any handicap or disability of the minor, and the nature of the acts charged. The minor’s refusal to testify shall not alone constitute sufficient evidence that the special procedure described in this section is necessary to obtain the minor’s testimony.

(3) The equipment available for use of closed-circuit television would accurately communicate the image and demeanor of the minor to the judge, jury, defendant or defendants, and attorneys.

(c) If the court orders the use of closed-circuit television, two-way closed-circuit television shall be used, except that if the impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, of paragraph (2) of subdivision (b), is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness even if two-way closed-circuit television is used, one-way closed-circuit television may be used. The prosecution shall give the defendant or defendants at least 30 days written notice of the prosecution’s intent to seek the use of one-way closed-circuit television, unless good cause is shown to the court why this 30-day notice requirement should not apply.

(d) (1) The hearing on a motion brought pursuant to this section shall be conducted out of the presence of the jury.

(2) Notwithstanding Section 804 of the Evidence Code or any other law, the court, in determining the merits of the motion, shall not compel the minor to testify at the hearing; nor shall the court deny the motion on the ground that the minor has not testified.

(3) In determining whether the impact on an individual child of one or more of the four factors enumerated in paragraph (2) of subdivision (b) is so substantial that the minor is unavailable as a witness unless two-way or one-way closed-circuit television is used, the court may question the minor in chambers, or at some other comfortable place other than the courtroom, on the record for a reasonable period of time with the support person, the prosecutor, and defense counsel present. The defendant or defendants shall not be present. The court shall conduct the
questioning of the minor and shall not permit the prosecutor or defense
counsel to examine the minor. The prosecutor and defense counsel shall
be permitted to submit proposed questions to the court prior to the
session in chambers. Defense counsel shall be afforded a reasonable
opportunity to consult with the defendant or defendants prior to the
conclusion of the session in chambers.

(e) When the court orders the testimony of a minor to be taken in
another place outside of the courtroom, the court shall do all of the
following:

(1) Make a brief statement on the record, outside of the presence of
the jury, of the reasons in support of its order. While the statement need
not include traditional findings of fact, the reasons shall be set forth with
sufficient specificity to permit meaningful review and to demonstrate
that discretion was exercised in a careful, reasonable, and equitable
manner.

(2) Instruct the members of the jury that they are to draw no inferences
from the use of closed-circuit television as a means of facilitating the
testimony of the minor.

(3) Instruct respective counsel, outside of the presence of the jury, that
they are to make no comment during the course of the trial on the use of
closed-circuit television procedures.

(4) Instruct the support witness, outside of the presence of the jury,
that he or she is not to coach, cue, or in any way influence or attempt to
influence the testimony of the minor.

(5) Order that a complete record of the examination of the minor,
including the images and voices of all persons who in any way
participate in the examination, be made and preserved on videotape in
addition to being stenographically recorded. The videotape shall be
transmitted to the clerk of the court in which the action is pending and
shall be made available for viewing to the prosecuting attorney, the
defendant or defendants, and his or her attorney during ordinary business
hours. The videotape shall be destroyed after five years have elapsed
from the date of entry of judgment. If an appeal is filed, the tape shall not
be destroyed until a final judgment on appeal has been ordered. Any
videotape that is taken pursuant to this section is subject to a protective
order of the court for the purpose of protecting the privacy of the witness.
This subdivision does not affect the provisions of subdivision (b) of
Section 868.7.

(f) When the court orders the testimony of a minor to be taken in
another place outside the courtroom, only the minor, a support person
designated pursuant to Section 868.5, a nonuniformed bailiff, and, after
consultation with the prosecution and the defense, a representative
appointed by the court, shall be physically present for the testimony. A
videotape shall record the image of the minor and his or her testimony, and a separate videotape shall record the image of the support person.

(g) When the court orders the testimony of a minor to be taken in another place outside the courtroom, the minor shall be brought into the judge’s chambers prior to the taking of his or her testimony to meet for a reasonable period of time with the judge, the prosecutor, and defense counsel. A support person for the minor shall also be present. This meeting shall be for the purpose of explaining the court process to the child and to allow the attorneys an opportunity to establish rapport with the child to facilitate later questioning by closed-circuit television. No participant shall discuss the defendant or defendants or any of the facts of the case with the minor during this meeting.

(h) When the court orders the testimony of a minor to be taken in another place outside the courtroom, nothing in this section prohibits the court from ordering the minor to be brought into the courtroom for a limited purpose, including the identification of the defendant or defendants as the court deems necessary.

(i) The examination shall be under oath, and the defendant or defendants shall be able to see and hear the minor witness and if two-way closed-circuit television is used, the defendant’s image shall be transmitted live to the witness.

(j) Nothing in this section affects the disqualification of witnesses pursuant to Section 701 of the Evidence Code.

(k) The cost of examination by contemporaneous closed-circuit television ordered pursuant to this section shall be borne by the court out of its existing budget.

SEC. 2. Section 1347 of the Penal Code, as amended by Section 2 of Chapter 207 of the Statutes of 2000, is repealed.

CHAPTER 100

An act to add Section 101.11 to the Streets and Highways Code, relating to redevelopment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 2002. Filed with Secretary of State July 1, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Byzantine-Latino Quarter is located at the southwestern border of the neighborhood currently known as the Pico-Union area. The boundaries for the Byzantine-Latino Quarter include the following: Olympic Boulevard on the north; Venice Boulevard on the south; 11th Street and Alvarado Boulevard on the east; and Normandie Avenue on the west.
(b) The Byzantine-Latino Quarter represents one of the more diverse and historic districts within the Los Angeles area, serving as a major contributor to the preservation of cultural understanding and community heritage.

(c) The Pico-Union area was initially established as a fledgling suburb of Los Angeles when downtown Los Angeles was the primary commercial center in the early days of the 20th century. Because of its physical proximity to downtown Los Angeles, the Pico-Union area has served as an attractive destination point for new immigrants. Early residents of the area included middle- and upper-income Norwegians, Swedes, Welsh, and Russian Jews. The changing demographics of the various subcommunity populations have revitalized the growth and development of the Byzantine-Latino Quarter.

(d) The Byzantine-Latino Quarter illustrates a more historic residential and commercial Los Angeles district. Officially designated as the Byzantine-Latino Quarter by the City of Los Angeles, this renewed community creates unique cultural constructs by joining Hellenic ideals and Latin American traditions, further promoting a vibrant sense of community. Sincere community efforts are currently developing the Byzantine-Latino Quarter into a cultural, ethnic, and specialty business zone that highlights the great world cultures represented by the Greek Byzantine as well as Latino populations. This critical endeavor in community building redefines and reinforces that which continues to attract new residents to the area.

(e) The Byzantine-Latino Quarter has witnessed a significant rise in the population of foreign-born residents during the 20th century, attributing to the increasing representation of the Latino population. In general, networks of kin and compadres (those from the same towns and regions) have facilitated the steady influx of Central Americans to the Pico-Union area, promoting easier transitions for these new immigrants. Consequently, numerous community organizations and commercial establishments have responded to this shifting dynamic by tailoring crucial programs and services to the Spanish-speaking population. Census records also indicate the rising numbers of other ethnic minority populations like Asian Pacific Islanders and African-Americans, providing further testament to the diverse contributions of an evolving community.

(f) Being that the Byzantine-Latino Quarter successfully maintains the appeal of its historic cultural elements against its ever-changing demographic profile, this unique area perseveres in drawing new residents, both immigrant and nonimmigrant. The history of the Byzantine-Latino Quarter intimates a rich and enduring tapestry, woven with the threads of many remarkable lives, cultures, and events.
SEC. 2. Section 101.11 is added to the Streets and Highways Code, to read:

101.11. (a) The Department of Transportation shall, through the erection of highway signs and appropriate markers, provide recognition of the historical importance of the Byzantine-Latino Quarter in the City of Los Angeles. In order to implement this subdivision, the department shall determine the cost of signs and other appropriate markers, consistent with the signing requirements for the state highway system, showing this special designation, and, upon receiving donations from nonstate sources sufficient to cover the cost, shall erect those signs and other appropriate markers at the appropriate locations on Interstate Highway 10.

(b) Local designation efforts and other similar actions may complement this project.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To permit signs and other appropriate markers designating the historic area of the Byzantine-Latino Quarter in the City of Los Angeles to be fabricated and erected at the earliest possible date, in order to best coincide with other redevelopment activities in the area, it is necessary that this act go into immediate effect.

men and women made during the Korean War, and will stand as eternal symbols that the State of California honors and remembers its veterans.

The people of the State of California do enact as follows:

SECTION 1. Section 1569.73 of the Health and Safety Code is amended to read:

1569.73. (a) Notwithstanding Section 1569.72 or any other provision of law, a residential care facility for the elderly may obtain a waiver from the department for the purpose of allowing a resident who
has been diagnosed as terminally ill by his or her physician and surgeon to remain in the facility, or allowing a person who has been diagnosed as terminally ill by his or her physician and surgeon to become a resident of the facility if that person is already receiving hospice services and would continue to receive hospice services without disruption if he or she became a resident, when all the following conditions are met:

(1) The facility agrees to retain the terminally ill resident, or accept as a resident the terminally ill person, and to seek a waiver on behalf of the individual, provided the individual has requested the waiver and is capable of deciding to obtain hospice services.

(2) The terminally ill resident, or the terminally ill person to be accepted as a resident, has obtained the services of a hospice certified in accordance with federal medicare conditions of participation and licensed pursuant to Chapter 8 (commencing with Section 1725) or Chapter 8.5 (commencing with Section 1745).

(3) The facility, in the judgment of the department, has the ability to provide care and supervision appropriate to meet the needs of the terminally ill resident or the terminally ill person to be accepted as a resident, and is in substantial compliance with regulations governing the operation of residential care facilities for the elderly.

(4) The hospice has agreed to design and provide for care, services, and necessary medical intervention related to the terminal illness as necessary to supplement the care and supervision provided by the facility.

(5) An agreement has been executed between the facility and the hospice regarding the care plan for the terminally ill resident or terminally ill person to be accepted as a resident. The care plan shall designate the primary caregiver, identify other caregivers, and outline the tasks the facility is responsible for performing and the approximate frequency with which they shall be performed. The care plan shall specifically limit the facility’s role for care and supervision to those tasks allowed under this chapter.

(6) The facility has obtained the agreement of those residents who share the same room with the terminally ill resident, or any resident who will share a room with the terminally ill person to be accepted as a resident, to allow the hospice caregivers into their residence.

(b) At any time that the licensed hospice, the facility, or the terminally ill resident determines that the resident’s condition has changed so that continued residence in the facility will pose a threat to the health and safety to the terminally ill resident or any other resident, the facility may initiate procedures for a transfer.

(c) Nothing in this section is intended to expand the scope of care and supervision for a residential care facility for the elderly as defined in this act, nor shall a facility be required to alter or extend its license in order
to retain a terminally ill resident or allow a terminally ill person to become a resident of the facility as authorized by this section.

(d) Nothing in this section shall require any care or supervision to be provided by the residential care facility for the elderly beyond that which is permitted in this chapter.

(e) Nothing in this section is intended to expand the scope of life care contracts or the contractual obligation of continuing care retirement communities as defined in Section 1771.

(f) The department shall not be responsible for the evaluation of medical services provided to the resident by the hospice and shall have no liability for the independent acts of the hospice.

(g) Nothing in this section shall be construed to relieve a licensed residential care facility for the elderly of its responsibility to notify the appropriate fire authority of the presence of a bedridden resident in the facility as required under subdivision (e) of Section 1569.72, and to obtain and maintain a fire clearance as required under Section 1569.149.

The people of the State of California do enact as follows:

SECTION 1. Section 660.5 of the Welfare and Institutions Code is amended to read:

660.5. (a) This section shall be known as the Expedited Youth Accountability Program. It shall be operative in the superior court in Los Angeles County. It shall also be operative in any other county in which a committee consisting of the sheriff, the chief probation officer, the district attorney, the public defender, and the presiding judge of the superior court votes to participate in the program, upon approval by the board of supervisors.

(b) It is the intent of the Legislature to hold nondetained, delinquent youth accountable for their crimes in a swift and certain manner.

(c) Each county participating in the Expedited Youth Accountability Program shall establish agreed upon time deadlines for law enforcement, probation, district attorney, and court functions which shall assure that a case which is to proceed pursuant to this section shall be ready to be heard within 60 calendar days after the minor is cited to the court.
(d) (1) Notwithstanding Sections 658, 659, and 660, if a minor is not detained for any misdemeanor or felony offense and is not cited to Informal Juvenile and Traffic Court pursuant to paragraphs (1) to (15), inclusive, of Section 256 and Section 853.6a of the Penal Code, the peace officer or probation officer releasing the minor shall issue a citation and obtain a written promise to appear in juvenile court, or record the minor’s refusal to sign the promise to appear and serve a notice to appear in juvenile court. The appearance shall not be set for more than 60 calendar days nor less than 10 calendar days from the issuance of the citation. If the 60th day falls on a court holiday, the appearance date shall be on the next date that the court is in session. The date set for the appearance of the minor shall allow for sufficient time for the probation department to evaluate eligible minors for informal handling under Section 654 or any other disposition provided by law. However, nothing in this section shall be construed to limit or conflict with Sections 653.1 and 653.5.

(2) Upon receipt of the citation and petition, but in no event less than 72 hours, excluding nonjudicial days and holidays prior to the hearing, the clerk of the juvenile court shall issue a copy of the citation and petition to the public defender or the minor’s attorney of record. If a copy of the citation and petition is not provided at least 72 hours, excluding nonjudicial days and holidays prior to the hearing, it shall be grounds to request a continuance pursuant to Sections 682 and 700. At a hearing conducted under Section 700, the minor and minor’s parent or guardian shall be furnished a copy of the petition and any other material required to be provided under Section 659.

(3) The original citation and promise or notice to appear shall be retained by the court if a petition is filed. In addition, there shall be three copies of the citation and promise or notice to appear, which shall be distributed as follows:

(A) One copy shall be provided to the person to whom the citation is issued.
(B) One copy shall be provided to the probation department.
(C) If a petition is requested, the second copy of the citation shall go to the district attorney along with the petition request, and the third copy shall be retained by the agency issuing the citation.

(4) The original citation shall include a copy of all police reports relating to the citation and a petition request. The citation shall contain the following information:

(A) Date, time, and location of the issuance of the citation.
(B) The name, address, telephone number if known, driver’s license number, age, date of birth, sex, race, height, weight, hair color, and color of eyes of the person to whom the citation is issued.
(C) A list of the offenses and the location where the offense or offenses were committed.

(D) Date and time of the required court appearance.

(E) Address of the juvenile court where the person to whom the citation is issued is to appear.

(F) A preprinted promise to appear which is signed by the person to whom the citation is issued, or where the person refused to sign the written promise, the notice to appear.

(G) A preprinted declaration under penalty of perjury that the above information is true and correct, signed by the peace officer or probation officer issuing the citation.

(H) A statement that the failure to appear is punishable as a misdemeanor.

(e) The minor’s parent or guardian shall be issued a citation in the same manner as described in subdivision (b).

(f) The willful failure to appear in court pursuant to a citation or notice issued as required pursuant to this section is a misdemeanor.

(g) (1) Notwithstanding Section 662, if a parent or guardian to whom a citation has been issued pursuant to this section fails to appear, a warrant of arrest may issue for that person. A warrant of arrest may also issue for a parent or guardian who is not personally served where efforts to effect personal service have been unsuccessful, upon an affidavitt under penalty of perjury, signed by a peace officer stating facts sufficient to establish that all reasonable efforts to locate the person have failed or that the person has willfully evaded service of process.

(2) Notwithstanding Section 663, if a minor to whom a citation has been issued pursuant to this section fails to appear, and the minor’s parent or guardian has either appeared or the prerequisite conditions for issuing a warrant against the minor’s parent or guardian under paragraph (1) have been met, a warrant of arrest may issue for the minor.

(3) A warrant of arrest may also issue for a minor who is not personally served where each of the following occur:

(A) Efforts to effect personal service have been unsuccessful.

(B) An affidavit is submitted under penalty of perjury, signed by a peace officer, stating facts sufficient to establish that all reasonable efforts to locate the minor have failed or that minor has willfully evaded service of process.

(C) The minor’s parent or guardian has either appeared or the prerequisite conditions for issuing a warrant against the minor’s parent or guardian under paragraph (1) have been met.

(h) (1) Notwithstanding Section 654 or any other provision of law, a probation officer in a county in which this subdivision is applicable may, in lieu of filing a petition or proceeding under Section 654, issue a citation in the form described in subdivision (d) to the Informal
Juvenile and Traffic Court pursuant to Section 256 for any misdemeanor except the following:

(A) Any crime involving a firearm.
(B) Any crime involving violence.
(C) Any crime involving a sex-related offense.
(D) Any minor who has previously been declared a ward of the court.
(E) Any minor who has previously been referred to juvenile traffic court pursuant to this section.

(2) This subdivision shall apply only if the case will be heard by a juvenile hearing officer who meets the minimum qualifications of a juvenile court referee and only in those counties in which a committee consisting of the sheriff, the chief probation officer, the district attorney, the public defender, and the presiding judge of the superior court vote for this subdivision to apply and then only upon approval of the board of supervisors. This approval shall be required in Los Angeles and all other counties participating in the program, and shall be in addition to that required by subdivision (a) for participation in the Expedited Youth Accountability Program.

(3) In counties in which this subdivision is applicable, the probation department shall conduct a risk and needs assessment for each minor eligible for citation to the Informal Juvenile and Traffic Court pursuant to paragraph (1). The risk and needs assessment shall consider the best interest of the minor and the protection of the community. It shall also include an assessment of whether the child has any significant problems in the home, school, or community, whether the matter appears to have arisen from a temporary problem within the family which has been or can be resolved, and whether any agency or other resource in the community is better suited to serve the needs of the child, the parent or guardian, or both.

(i) In the event that the probation officer places a minor on informal probation or cites the minor to Informal Juvenile and Traffic Court, or elects some other lawful disposition not requiring the hearing set forth in subdivision (b), the probation officer shall so inform the minor and his or her parent or guardian no later than 72 hours, excluding nonjudicial days and holidays, prior to the hearing, that a court appearance is not required.

(j) Except as modified by this section, the requirements of this chapter shall remain in full force and effect.

(k) This section shall be operative on January 1, 1998, and shall be implemented in all branches of the juvenile court in Los Angeles County on or before July 1, 1998.

(l) It is the intent of the Legislature that an interim hearing be conducted by appropriate policy committees in the Legislature prior to January 1, 2002, to examine the success of the program in expediting
punishment for juvenile offenses, reducing delinquent behavior, and promoting greater accountability on the part of juvenile offenders.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(c) Notwithstanding any other provision of this chapter, after the initial licensure, or the initial approval of the addition to existing licensure of a parent facility, to operate a mobile service unit, the department shall not require that each site where the mobile unit operates be licensed or approved by the department unless the mobile unit will be operating outside of the proposed area or areas specified in the application pursuant to paragraph (4) of subdivision (b) of Section 1765.130.

(b) An officer or employee who is a local sheriff as defined in this section is not a county peace officer as defined in Section 20436 or 20437.

(c) This section does not apply to the employees of any contracting agency nor to the agency, unless and until the contracting agency elects to be subject to this section by amendment to its contract with the board, made as provided in Section 20474, or by express provision in its contract with the board.

(d) Within 90 days of notice to the county that a risk pool has been established pursuant to Section 20225.5, which makes available the same service retirement formula provided to local sheriff members in the county, the members included in the local sheriff member classification pursuant to this section shall be included in one of the available risk pools.

The people of the State of California do enact as follows:

SECTION 1. Section 56.10 of the Civil Code, as added by Section 1.16 of Chapter 1068 of the Statutes of 2000, is amended to read:

56.10. (a) No provider of health care, health care service plan, or contractor shall disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).
(b) A provider of health care, a health care service plan, or a contractor shall disclose medical information if the disclosure is compelled by any of the following:

(1) By a court pursuant to an order of that court.

(2) By a board, commission, or administrative agency for purposes of adjudication pursuant to its lawful authority.

(3) By a party to a proceeding before a court or administrative agency pursuant to a subpoena, subpoena duces tecum, notice to appear served pursuant to Section 1987 of the Code of Civil Procedure, or any provision authorizing discovery in a proceeding before a court or administrative agency.

(4) By a board, commission, or administrative agency pursuant to an investigative subpoena issued under Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

(5) By an arbitrator or arbitration panel, when arbitration is lawfully requested by either party, pursuant to a subpoena duces tecum issued under Section 1282.6 of the Code of Civil Procedure, or any other provision authorizing discovery in a proceeding before an arbitrator or arbitration panel.

(6) By a search warrant lawfully issued to a governmental law enforcement agency.

(7) By the patient or the patient’s representative pursuant to Chapter 1 (commencing with Section 123100) of Part 1 of Division 106 of the Health and Safety Code.

(8) By a coroner, when requested in the course of an investigation by the coroner’s office for the purpose of identifying the decedent or locating next of kin, or when investigating deaths that may involve public health concerns, organ or tissue donation, child abuse, elder abuse, suicides, poisonings, accidents, sudden infant death, suspicious deaths, unknown deaths, or criminal deaths, or when otherwise authorized by the decedent’s representative. Medical information requested by the coroner under this paragraph shall be limited to information regarding the patient who is the decedent and who is the subject of the investigation and shall be disclosed to the coroner without delay upon request.

(9) When otherwise specifically required by law.

(c) A provider of health care, or a health care service plan may disclose medical information as follows:

(1) The information may be disclosed to providers of health care, health care service plans, contractors, or other health care professionals or facilities for purposes of diagnosis or treatment of the patient. This includes, in an emergency situation, the communication of patient information by radio transmission or other means between emergency
medical personnel at the scene of an emergency, or in an emergency medical transport vehicle, and emergency medical personnel at a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, contractor, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient’s eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider of health care or health care service plan as necessary to assist the other provider or health care service plan in obtaining payment for health care services rendered by that provider of health care or health care service plan to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers of health care or health care service plans or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, licensed health care service plans, professional standards review organizations, independent medical review organizations and their selected reviewers, utilization and quality control peer review organizations as established by Congress in Public Law 97-248 in 1982, contractors, or persons or organizations insuring, responsible for, or defending professional liability that a provider may incur, if the committees, agents, health care service plans, organizations, reviewers, contractors, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care or health care service plan may be reviewed by any private or public body responsible for licensing or accreditating the provider of health care or health care service plan. However, no patient-identifying medical
information may be removed from the premises except as expressly permitted or required elsewhere by law, nor shall that information be further disclosed by the recipient in any way that would violate this part.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner’s office when requested for all purposes not included in paragraph (8) of subdivision (b).

(7) The information may be disclosed to public agencies, clinical investigators, including investigators conducting epidemiologic studies, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. However, no information so disclosed shall be further disclosed by the recipient in any way that would disclose the identity of any patient or be violative of this part.

(8) A provider of health care or health care service plan that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee’s employer that part of the information that:

(A) Is relevant in a lawsuit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient’s fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider of health care or health care service plan is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy that the patient seeks coverage by or benefits from, if the information was created by the provider of health care or health care service plan as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.
(11) Nothing in this part shall prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient’s condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent, or to a probate court investigator, probation officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existent guardianship.

(13) The information may be disclosed to an organ procurement organization or a tissue bank processing the tissue of a decedent for transplantation into the body of another person, but only with respect to the donating decedent, for the purpose of aiding the transplant. For the purpose of this paragraph, the terms “tissue bank” and “tissue” have the same meaning as defined in Section 1635 of the Health and Safety Code.

(14) The information may be disclosed when the disclosure is otherwise specifically authorized by law, such as the voluntary reporting, either directly or indirectly, to the federal Food and Drug Administration of adverse events related to drug products or medical device problems.

(15) Basic information, including the patient’s name, city of residence, age, sex, and general condition, may be disclosed to a state or federally recognized disaster relief organization for the purpose of responding to disaster welfare inquiries.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in any way that would be violative of this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of disease management programs and services as defined in Section 1399.901 of the Health and Safety Code, information may be disclosed as follows: (A) to any entity contracting with a health care service plan or the health care service plan’s contractors to monitor or administer care of enrollees for a covered benefit, provided that the disease management services and care are authorized by a treating physician, or (B) to any disease management organization, as defined in
Section 1399.900 of the Health and Safety Code, that complies fully with the physician authorization requirements of Section 1399.902 of the Health and Safety Code, provided that the health care service plan or its contractor provides or has provided a description of the disease management services to a treating physician or to the health care service plan’s or contractor’s network of physicians. Nothing in this paragraph shall be construed to require physician authorization for the care or treatment of the adherents of any well-recognized church or religious denomination who depend solely upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(d) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no provider of health care, health care service plan contractor, or corporation and its subsidiaries and affiliates shall intentionally share, sell, or otherwise use any medical information for any purpose not necessary to provide health care services to the patient.

(e) Except to the extent expressly authorized by the patient or enrollee or subscriber or as provided by subdivisions (b) and (c), no contractor or corporation and its subsidiaries and affiliates shall further disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan or insurer or self-insured employer received under this section to any person or entity that is not engaged in providing direct health care services to the patient or his or her provider of health care or health care service plan or insurer or self-insured employer.

(f) This section shall become operative January 1, 2003.

CHAPTER 126

[Approved by Governor July 9, 2002. Filed with Secretary of State July 9, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1170.1 of the Penal Code is amended to read:

1170.1. (a) Except as otherwise provided by law, and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term, and any additional term imposed for applicable enhancements for prior convictions, prior prison terms, and Section 12022.1. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any term imposed for applicable specific enhancements. The subordinate term for each consecutive offense shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for which a consecutive term of imprisonment is imposed, and shall include one-third of the term
imposed for any specific enhancements applicable to those subordinate offenses.

(b) If a person is convicted of two or more violations of kidnapping, as defined in Section 207, involving separate victims, the subordinate term for each consecutive offense of kidnapping shall consist of the full middle term and shall include the full term imposed for specific enhancements applicable to those subordinate offenses.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison or is subject to reimprisonment for escape from custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions that the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a). This subdivision shall be applicable in cases of convictions of more than one offense in the same or different proceedings.

(d) When the court imposes a prison sentence for a felony pursuant to Section 1170 or subdivision (b) of Section 1168, the court shall also impose, in addition and consecutive to the offense of which the person has been convicted, the additional terms provided for any applicable enhancements. If an enhancement is punishable by one of three terms, the court shall impose the middle term unless there are circumstances in aggravation or mitigation, and state the reasons for its sentence choice, other than the middle term, on the record at the time of sentencing. The court shall also impose any other additional term that the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170 or subdivision (b) of Section 1168. In considering the imposition of the additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) All enhancements shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the trier of fact.

(f) When two or more enhancements may be imposed for being armed with or using a dangerous or deadly weapon or a firearm in the commission of a single offense, only the greatest of those enhancements shall be imposed for that offense. This subdivision shall not limit the imposition of any other enhancements applicable to that offense, including an enhancement for the infliction of great bodily injury.

(g) When two or more enhancements may be imposed for the infliction of great bodily injury on the same victim in the commission of a single offense, only the greatest of those enhancements shall be imposed for that offense. This subdivision shall not limit the imposition
of any other enhancements applicable to that offense, including an enhancement for being armed with or using a dangerous or deadly weapon or a firearm.

(h) For any violation of an offense specified in Section 667.6, the number of enhancements that may be imposed shall not be limited, regardless of whether the enhancements are pursuant to this section, Section 667.6, or some other provision of law. Each of the enhancements shall be a full and separately served term.

SEC. 2. Section 12022 of the Penal Code is amended to read:

12022. (a) (1) Except as provided in subdivisions (c) and (d), any person who is armed with a firearm in the commission of a felony or attempted felony shall be punished by an additional and consecutive term of imprisonment in the state prison for one year, unless the arming is an element of that offense. This additional term shall apply to any person who is a principal in the commission of a felony or attempted felony if one or more of the principals is armed with a firearm, whether or not the person is personally armed with a firearm.

(2) Except as provided in subdivision (c), and notwithstanding subdivision (d), if the firearm is an assault weapon, as defined in Section 12276 or Section 12276.1, or a machinegun, as defined in Section 12200, the additional and consecutive term described in this subdivision shall be three years whether or not the arming is an element of the offense of which the person was convicted. The additional term provided in this paragraph shall apply to any person who is a principal in the commission of a felony or attempted felony if one or more of the principals is armed with an assault weapon or machinegun whether or not the person is personally armed with an assault weapon or machinegun.

(b) (1) Any person who personally uses a deadly or dangerous weapon in the commission of a felony or attempted felony shall be punished by an additional and consecutive term of imprisonment in the state prison for one year, unless use of a deadly or dangerous weapon is an element of that offense.

(2) If the person described in paragraph (1) has been convicted of carjacking or attempted carjacking, the additional term shall be one, two, or three years.

(3) When a person is found to have personally used a deadly or dangerous weapon in the commission of a felony or attempted felony as provided in this subdivision and the weapon is owned by that person, the court shall order that the weapon be deemed a nuisance and disposed of in the manner provided in Section 12028.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person who is personally armed with a firearm in the commission of a violation or attempted violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the
Health and Safety Code, shall be punished by an additional and consecutive term of imprisonment in the state prison for three, four, or five years.

(d) Notwithstanding the enhancement set forth in subdivision (a), any person who is not personally armed with a firearm who, knowing that another principal is personally armed with a firearm, is a principal in the commission of an offense or attempted offense specified in subdivision (c), shall be punished by an additional and consecutive term of imprisonment in the state prison for one, two, or three years.

(e) For purposes of imposing an enhancement under Section 1170.1, the enhancements under this section shall count as one, single enhancement.

(f) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in subdivision (c) or (d) in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

SEC. 3. Section 12022.5 of the Penal Code is amended to read:

12022.5. (a) Except as provided in subdivision (b), any person who personally uses a firearm in the commission of a felony or attempted felony shall be punished by an additional and consecutive term of imprisonment in the state prison for 3, 4, or 10 years, unless use of a firearm is an element of that offense.

(b) Notwithstanding subdivision (a), any person who personally uses an assault weapon, as specified in Section 12276 or Section 12276.1, or a machinegun, as defined in Section 12200, in the commission of a felony or attempted felony, shall be punished by an additional and consecutive term of imprisonment in the state prison for 5, 6, or 10 years.

(c) Notwithstanding Section 1385 or any other provisions of law, the court shall not strike an allegation under this section or a finding bringing a person within the provisions of this section.

(d) Notwithstanding the limitation in subdivision (a) relating to being an element of the offense, the additional term provided by this section shall be imposed for any violation of Section 245 if a firearm is used, or for murder if the killing is perpetrated by means of shooting a firearm from a motor vehicle, intentionally at another person outside of the vehicle with the intent to inflict great bodily injury or death.

(e) When a person is found to have personally used a firearm, an assault weapon, or a machinegun in the commission of a felony or attempted felony as provided in this section and the firearm, assault weapon, or machinegun is owned by that person, the court shall order that the firearm be deemed a nuisance and disposed of in the manner provided in Section 12028.
(f) For purposes of imposing an enhancement under Section 1170.1, the enhancements under this section shall count as one, single enhancement.

SEC. 4. Section 12022.53 of the Penal Code is amended to read:
12022.53. (a) This section applies to the following felonies:
(1) Section 187 (murder).

(9) Section 264.1 (rape or sexual penetration in concert).
(10) Section 286 (sodomy).
(11) Section 288 or 288.5 (lewd act on a child).
(12) Section 288a (oral copulation).
(13) Section 289 (sexual penetration).
(14) Section 4500 (assault by a life prisoner).

(16) Section 4503 (holding a hostage by a prisoner).
(17) Any felony punishable by death or imprisonment in the state prison for life.
(18) Any attempt to commit a crime listed in this subdivision other than an assault.

(b) Notwithstanding any other provision of law, any person who is convicted of a felony specified in subdivision (a), and who in the commission of that felony personally uses a firearm, shall be punished by an additional and consecutive term of imprisonment in the state prison for 10 years. The firearm need not be operable or loaded for this enhancement to apply.

(c) Notwithstanding any other provision of law, any person who is convicted of a felony specified in subdivision (a), and who in the commission of that felony intentionally and personally discharges a firearm, shall be punished by an additional and consecutive term of imprisonment in the state prison for 20 years.

(d) Notwithstanding any other provision of law, any person who is convicted of a felony specified in subdivision (a), Section 246, or subdivision (c) or (d) of Section 12034, and who in the commission of that felony intentionally and personally discharges a firearm and proximately causes great bodily injury, as defined in Section 12022.7, or death, to any person other than an accomplice, shall be punished by
an additional and consecutive term of imprisonment in the state prison for 25 years to life.

(e) (1) The enhancements provided in this section shall apply to any person who is a principal in the commission of an offense if both of the following are pled and proved:
   (A) The person violated subdivision (b) of Section 186.22.
   (B) Any principal in the offense committed any act specified in subdivision (b), (c), or (d).

   (2) An enhancement for participation in a criminal street gang pursuant to Chapter 11 (commencing with Section 186.20) of Title 7 of Part 1 shall not be imposed on a person in addition to an enhancement imposed pursuant to this subdivision, unless the person personally used or personally discharged a firearm in the commission of the offense.

(f) Only one additional term of imprisonment under this section shall be imposed per person for each crime. If more than one enhancement per person is found true under this section, the court shall impose upon that person the enhancement that provides the longest term of imprisonment. An enhancement involving a firearm specified in Section 12021.5, 12022, 12022.3, 12022.4, 12022.5, or 12022.55 shall not be imposed on a person in addition to an enhancement imposed pursuant to this section. An enhancement for great bodily injury as defined in Section 12022.7, 12022.8, or 12022.9 shall not be imposed on a person in addition to an enhancement imposed pursuant to subdivision (d).

(j) For the penalties in this section to apply, the existence of any fact required under subdivision (b), (c), or (d) shall be alleged in the information or indictment and either admitted by the defendant in open court or found to be true by the trier of fact. When an enhancement specified in this section has been admitted or found to be true, the court shall impose punishment pursuant to this section rather than imposing punishment authorized under any other provision of law, unless another provision of law provides for a greater penalty or a longer term of imprisonment.
(k) When a person is found to have used or discharged a firearm in the commission of an offense that includes an allegation pursuant to this section and the firearm is owned by that person, a coparticipant, or a coconspirator, the court shall order that the firearm be deemed a nuisance and disposed of in the manner provided in Section 12028.

(l) The enhancements specified in this section shall not apply to the lawful use or discharge of a firearm by a public officer, as provided in Section 196, or by any person in lawful self-defense, lawful defense of another, or lawful defense of property, as provided in Sections 197, 198, and 198.5.

SEC. 6. Section 12022.7 of the Penal Code is amended to read:

As used in this subdivision, “paralysis” means a major or complete loss of motor function resulting from injury to the nervous system or to a muscular mechanism.

SEC. 7. Section 12022.9 of the Penal Code is amended to read:

12022.9. Any person who, during the commission of a felony or attempted felony, knows or reasonably should know that the victim is pregnant, and who, with intent to inflict injury, and without the consent of the woman, personally inflicts injury upon a pregnant woman that results in the termination of the pregnancy shall be punished by an additional and consecutive term of imprisonment in the state prison for five years. The additional term provided in this subdivision shall not be imposed unless the fact of that injury is charged in the accusatory pleading and admitted or found to be true by the trier of fact.

Nothing in this section shall be construed as affecting the applicability of subdivision (a) of Section 187.

SEC. 8. The amendments to subdivisions (b) and (c) of Section 1170.1 of the Penal Code, in Section 1 of this act, are intended to be technical amendments only and are not intended to make any substantive changes to those subdivisions.

SEC. 10. In repealing the specific provisions relating to enhancements being imposed consecutively in paragraph (1) of subdivision (a), paragraph (1) of subdivision (b), and subdivision (c) of Section 12022 of the Penal Code, in Section 2 of this act, paragraph (1) of subdivision (a) and paragraph (2) of subdivision (b) of Section 12022.5 of the Penal Code, in Section 3 of this act, subdivisions (b), (c), and (d) of Section 12022.53 of the Penal Code, in Section 4 of this act, Section 12022.55 of the Penal Code, in Section 5 of this act, subdivisions (a), (b), (c), (d), and (e) of Section 12022.7 of the Penal Code, in Section 6 of this act, and in subdivision (a) of Section 12022.9 of the Penal Code, in Section 7 of this act, it is the intent of the Legislature that the amended general provision of subdivision (d) of Section 1170.1 of the Penal Code shall apply to the enhancements provided in those sections.

Section 12022 of the Penal Code, in Section 2 of this act, and in
subdivisions (d) and (e) of Section 12022.7 of the Penal Code, in Section
6 of this act, it is the intent of the Legislature that the amended general
provision of subdivision (d) of Section 1170.1 of the Penal Code shall
apply to the enhancements provided in those sections.

SEC. 12. (a) In repealing the enhancement in paragraph (2) of
subdivision (a) of Section 12022.5 of the Penal Code, in Section 3 of this
act, the Legislature recognizes that the conduct punished under that

recognizes that the conduct punished under that provision is now subject
to the same punishment under subdivision (a) of Section 12022.5 of the
Penal Code.

(d) The repeal of those provisions of Section 12022.5 of the Penal
Code described in subdivisions (a), (b), and (c) shall not be given any
retroactive application, and shall not be construed to benefit any person
who committed a crime or received an enhancement or any other
punishment while those provisions were in effect.

SEC. 13. The amendments to subdivision (c) of Section 12022.5 of
the Penal Code, in Section 3 of this act, to prohibit striking the
enhancement, are intended to be declaratory of existing law as contained
16 Cal.4th 90.

SEC. 14. The amendments to subdivision (d) of Section 12022.5 of
the Penal Code, in Section 3 of this act, are intended to be declaratory

SEC. 15. In repealing the specific provision relating to pleading
enhancements in subdivision (g) of Section 12022.7 of the Penal Code,
in Section 6 of this act, it is not the intent of the Legislature to alter the
application of the general provision of subdivision (e) of Section 1170.1 of the Penal Code to the enhancements provided in that section.

SEC. 16. In repealing the enhancements in paragraphs (1) and (2) of subdivision (b) of Section 12022.9 of the Penal Code, in Section 7 of this act, the Legislature recognizes that the conduct punished under those provisions is now subject to greater punishment under subdivision (d) of Section 12022.53 of the Penal Code. The repeal of those provisions of Section 12022.9 of the Penal Code shall not be given any retroactive application, and shall not be construed to benefit any person who committed a crime or received an enhancement or any other punishment while those provisions were in effect.

SEC. 17. With respect to the enhancements repealed by this act, the Legislature recognizes that the criminal conduct punished by those enhancements may be punished under other provisions of law. It is not the intent of the Legislature to limit the discretion of prosecuting authorities in charging that criminal conduct under any of the remaining enhancement provisions.

An act to amend Sections 4000.1 and 5751.5 of the Vehicle Code, relating to registration of vehicles.

[Approved by Governor July 9, 2002. Filed with Secretary of State July 9, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 4000.1 of the Vehicle Code is amended to read:

4000.1. (a) Except as otherwise provided in subdivision (b), (c), or (d) of this section, or subdivision (b) of Section 43654 of the Health and Safety Code, the department shall require upon initial registration, and upon transfer of ownership and registration, of any motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, and upon registration of a motor vehicle previously registered outside this state which is subject to those provisions of the Health and Safety Code, a valid certificate of compliance or a certificate of noncompliance, as appropriate, issued in accordance with Section 44015 of the Health and Safety Code.

(b) With respect to new vehicles certified pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code, the department shall accept a statement completed
pursuant to subdivision (b) of Section 24007 in lieu of the certificate of compliance.

(c) For purposes of determining the validity of a certificate of compliance or noncompliance submitted in compliance with the requirements of this section, the definitions of new and used motor vehicle contained in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code shall control.

(d) Subdivision (a) does not apply to a transfer of ownership and registration under any of the following circumstances:

(1) The initial application for transfer is submitted within the 90-day validity period of a smog certificate as specified in Section 44015 of the Health and Safety Code.

(2) The transferor is either the parent, grandparent, sibling, child, grandchild, or spouse of the transferee.

(3) A vehicle registered to a sole proprietorship is transferred to the proprietor as owner.

(4) The transfer is between companies whose principal business is leasing vehicles, if there is no change in the lessee or operator of the vehicle or between the lessor and the person who has been, for at least one year, the lessee’s operator of the vehicle.

(5) The transfer is between the lessor and lessee of the vehicle, if there is no change in the lessee or operator of the vehicle.

(6) Prior to January 1, 2003, the motor vehicle was manufactured prior to the 1974 model-year.

(7) Beginning January 1, 2003, the motor vehicle is 30 or more model-years old.

(e) The State Air Resources Board, under Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, may exempt designated classifications of motor vehicles from subdivision (a) as it deems necessary, and shall notify the department of that action.

(f) Subdivision (a) does not apply to a motor vehicle when an additional individual is added as a registered owner of the vehicle.

SEC. 2. Section 5751.5 of the Vehicle Code is amended to read:

5751.5. (a) Upon transfer of the title or interest of the registered owner of a motor vehicle that is subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, if no certificate of compliance or certificate of noncompliance is submitted to the department pursuant to the exemptions described in paragraph (1) of subdivision (d) of Section 4000.1, the transferor of that vehicle shall sign and deliver to the transferee, upon completion of the transaction, the original copy of a statement, under penalty of perjury, that he or she has not modified the emissions system of the vehicle and does not have any personal knowledge of anyone else modifying the system in a manner that causes the emission system to fail to qualify for the issuance of a
certificate of compliance pursuant to Section 44015 of the Health and Safety Code. The transferor shall keep a duplicate copy of the statement delivered to the transferee pursuant to this section. The department shall prescribe and make available to transferors the necessary forms to comply with this subdivision.

(b) Any form prescribed by the department pursuant to subdivision (a) shall contain the following statement and a space for the signatures of the transferor and transferee at the end of the statement:

```
“WARNING TO THE BUYER

“A certificate of compliance was submitted to the Department of Motor Vehicles in conjunction with an application for the renewal of registration of this vehicle within the past 90 days. However, at present, you may be purchasing a vehicle that may not be in compliance with specified emission standards.

“By signing this statement, you acknowledge that the seller is not required to provide you with an additional certificate of compliance prior to the completion of this transaction.

“You may have this vehicle tested at a licensed smog check station prior to completion of this transaction to verify compliance. If the vehicle passes the test, you shall be responsible for the costs of the test. If the vehicle fails the test, the seller is obligated to reimburse you the cost of having the vehicle tested and, without expense to you, must have the vehicle repaired to comply with specified emission standards prior to completion of this transaction.

____________________  ______________________
(Transferor)          (Date)
____________________  ______________________
(Transferee)          (Date)"
```

(c) Any sale of a motor vehicle with regard to which the transferor is found to have committed perjury, as described in subdivision (a), may be rescinded by the transferee within 60 days of the date that the transferee obtained knowledge of the perjury. The transferee shall be entitled to recover all consideration paid to the transferor and any interest from the date of sale. In addition, the court may, upon motion, award reasonable attorney’s fees to the prevailing plaintiff.
An act to amend Section 123148 of the Health and Safety Code, relating to health records.

[Approved by Governor July 9, 2002. Filed with Secretary of State July 9, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 123148 of the Health and Safety Code is amended to read:

123148. (a) Notwithstanding any other provision of law, a health care professional at whose request a test is performed shall provide or arrange for the provision of the results of a clinical laboratory test to the patient who is the subject of the test if so requested by the patient, in oral or written form. The results shall be conveyed in plain language and in oral or written form, except the results may be conveyed in electronic form if requested by the patient and if deemed most appropriate by the health care professional who requested the test.

(b) (1) Consent of the patient to receive his or her laboratory results by Internet posting or other electronic means shall be obtained in a manner consistent with the requirements of Section 56.10 or 56.11 of the Civil Code. In the event that a health care professional arranges for the provision of test results by Internet posting or other electronic manner, the results shall be delivered to a patient in a reasonable time period, but only after the results have been reviewed by the health care professional. Access to clinical laboratory test results shall be restricted by the use of a secure personal identification number when the results are delivered to a patient by Internet posting or other electronic manner.

(2) Nothing in paragraph (1) shall prohibit direct communication by Internet posting or the use of other electronic means to convey clinical laboratory test results by a treating health care professional who ordered the test for his or her patient or by a health care professional acting on behalf of, or with the authorization of, the treating health care professional who ordered the test.

(c) When a patient requests to receive his or her laboratory test results by Internet posting, the health care professional shall advise the patient of any charges that may be assessed directly to the patient or insurer for the service and that the patient may call the health care professional for a more detailed explanation of the laboratory test results when delivered.

(d) The electronic provision of test results under this section shall be in accordance with any applicable federal law governing privacy and security of electronic personal health records. However, any state statute, if enacted, that governs privacy and security of electronic
personal health records, shall apply to test results under this section and shall prevail over federal law if federal law permits.

(e) The test results to be reported to the patient pursuant to this section shall be recorded in the patient’s medical record, and shall be reported to the patient within a reasonable time period after the test results are received at the offices of the health care professional who requested the test.

(f) Notwithstanding subdivisions (a) and (b), none of the following clinical laboratory test results and any other related results shall be conveyed to a patient by Internet posting or other electronic means:

1. HIV antibody test.
2. Presence of antigens indicating a hepatitis infection.
3. Abusing the use of drugs.
4. Test results related to routinely processed tissues, including skin biopsies, Pap smear tests, products of conception, and bone marrow aspirations for morphological evaluation, if they reveal a malignancy.

(g) Patient identifiable test results and health information that have been provided under this section shall not be used for any commercial purpose without the consent of the patient, obtained in a manner consistent with the requirements of Section 56.11 of the Civil Code.

(h) Any third party to whom laboratory test results are disclosed pursuant to this section shall be deemed a provider of administrative services, as that term is used in paragraph (3) of subdivision (c) of Section 56.10 of the Civil Code, and shall be subject to all limitations and penalties applicable to that section.

(i) A patient may not be required to pay any cost, or be charged any fee, for electing to receive his or her laboratory results in any manner other than by Internet posting or other electronic form.

(j) A patient or his or her physician may revoke any consent provided under this section at any time and without penalty, except to the extent that action has been taken in reliance on that consent.

CHAPTER 129

An act to add Chapter 1.5 (commencing with Section 14025) to Division 14 of the Elections Code, relating to voting rights.

[Approved by Governor July 9, 2002. Filed with Secretary of State July 9, 2002.]
The people of the State of California do enact as follows:

SECTION 1. Chapter 1.5 (commencing with Section 14025) is added to Division 14 of the Elections Code, to read:

CHAPTER 1.5. RIGHTS OF VOTERS

14025. This act shall be known and may be cited as the California Voting Rights Act of 2001.

14026. As used in this chapter:
(a) "At-large method of election" means any of the following methods of electing members to the governing body of a political subdivision:
   (1) One in which the voters of the entire jurisdiction elect the members to the governing body.
   (2) One in which the candidates are required to reside within given areas of the jurisdiction and the voters of the entire jurisdiction elect the members to the governing body.
   (3) One which combines at-large elections with district-based elections.
(b) "District-based elections" means a method of electing members to the governing body of a political subdivision in which the candidate must reside within an election district that is a divisible part of the political subdivision and is elected only by voters residing within that election district.
(c) "Political subdivision" means a geographic area of representation created for the provision of government services, including, but not limited to, a city, a school district, a community college district, or other district organized pursuant to state law.
(d) "Protected class" means a class of voters who are members of a race, color or language minority group, as this class is referenced and defined in the federal Voting Rights Act (42 U.S.C. Sec. 1973 et seq.).
(e) "Racially polarized voting" means voting in which there is a difference, as defined in case law regarding enforcement of the federal Voting Rights Act (42 U.S.C. Sec. 1973 et seq.), in the choice of candidates or other electoral choices that are preferred by voters in a protected class, and in the choice of candidates and electoral choices that are preferred by voters in the rest of the electorate. The methodologies for estimating group voting behavior as approved in applicable federal cases to enforce the federal Voting Rights Act (42 U.S.C. Sec. 1973 et seq.) to establish racially polarized voting may be used for purposes of this section to prove that elections are characterized by racially polarized voting.
14027. An at-large method of election may not be imposed or applied in a manner that impairs the ability of a protected class to elect candidates of its choice or its ability to influence the outcome of an election, as a result of the dilution or the abridgment of the rights of voters who are members of a protected class, as defined pursuant to Section 14026.

14028. (a) A violation of Section 14027 is established if it is shown that racially polarized voting occurs in elections for members of the governing body of the political subdivision or in elections incorporating other electoral choices by the voters of the political subdivision. Elections conducted prior to the filing of an action pursuant to Section 14027 and this section are more probative to establish the existence of racially polarized voting than elections conducted after the filing of the action.

(b) The occurrence of racially polarized voting shall be determined from examining results of elections in which at least one candidate is a member of a protected class or elections involving ballot measures, or other electoral choices that affect the rights and privileges of members of a protected class. One circumstance that may be considered in determining a violation of Section 14027 and this section is the extent to which candidates who are members of a protected class and who are preferred by voters of the protected class, as determined by an analysis of voting behavior, have been elected to the governing body of a political subdivision that is the subject of an action based on Section 14027 and this section. In multiseat at-large election districts, where the number of candidates who are members of a protected class is fewer than the number of seats available, the relative groupwide support received by candidates from members of a protected class shall be the basis for the racial polarization analysis.

(c) The fact that members of a protected class are not geographically compact or concentrated may not preclude a finding of racially polarized voting, or a violation of Section 14027 and this section, but may be a factor in determining an appropriate remedy.

(d) Proof of an intent on the part of the voters or elected officials to discriminate against a protected class is not required.

(e) Other factors such as the history of discrimination, the use of electoral devices or other voting practices or procedures that may enhance the dilutive effects of at-large elections, denial of access to those processes determining which groups of candidates will receive financial or other support in a given election, the extent to which members of a protected class bear the effects of past discrimination in areas such as education, employment, and health, which hinder their ability to participate effectively in the political process, and the use of overt or subtle racial appeals in political campaigns are probative, but not
necessary factors to establish a violation of Section 14027 and this section.

14029. Upon a finding of a violation of Section 14027 and Section 14028, the court shall implement appropriate remedies, including the imposition of district-based elections, that are tailored to remedy the violation.

14030. In any action to enforce Section 14027 and Section 14028, the court shall allow the prevailing plaintiff party, other than the state or political subdivision thereof, a reasonable attorney’s fee consistent with the standards established in Serrano v. Priest (1977) 20 Cal.3d 25, 48-49, and litigation expenses including, but not limited to, expert witness fees and expenses as part of the costs. Prevailing defendant parties shall not recover any costs, unless the court finds the action to be frivolous, unreasonable, or without foundation.

14031. This chapter is enacted to implement the guarantees of Section 7 of Article I and of Section 2 of Article II of the California Constitution.

14032. Any voter who is a member of a protected class and who resides in a political subdivision where a violation of Sections 14027 and 14028 is alleged may file an action pursuant to those sections in the superior court of the county in which the political subdivision is located.

CHAPTER  130

An act to amend Section 32657 of the Streets and Highways Code, relating to parking authorities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 9, 2002. Filed with Secretary of State July 9, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 32657 of the Streets and Highways Code is amended to read:

32657. (a) Three of the members first appointed shall be designated by the mayor, with the approval of the legislative body, to serve for terms of one, two, and three years, respectively, from a date specified by the mayor in their appointments, and two shall be designated to serve for terms of four years from that date. Thereafter, members shall be appointed for a term of four years. All vacancies occurring during a term shall be filled for the unexpired term. A member shall hold office until his or her successor has been appointed and has qualified.
(b) Notwithstanding subdivision (a), in any charter city having a parking and traffic commission created by the city’s charter, the mayor, with the approval of the legislative body, may require the members of that commission to serve ex officio as members of the parking authority and to exercise all the powers and duties thereof. Upon the appointment of persons as commissioners of the city’s parking and traffic commission, those commissioners shall replace the members of a parking authority appointed pursuant to subdivision (a) and shall succeed to the powers and duties of those members as provided in this chapter.

(c) Notwithstanding subdivisions (a) and (b) or Section 32656, in any charter city having a board of directors of a public transportation agency created by the city’s charter, five or more members of the board of directors may serve ex officio as members of the parking authority and exercise all the powers and duties thereof during their terms as members of the board of directors. Persons appointed as members of the public transportation agency’s board of directors may replace the members of a parking authority appointed pursuant to subdivision (a) or (b) and may succeed to the powers and duties of those members as provided in the city’s charter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The charter of the City and County San Francisco requires it to appoint ex officio members by July 1, 2002, and it may not be possible for it to do so unless state law is changed prior to that date.

CHAPTER 131

An act to amend Sections 4830 and 4848 of, and to add Section 4854.5 to, the Business and Professions Code, relating to veterinary medicine.

[Approved by Governor July 9, 2002. Filed with Secretary of State July 9, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 4830 of the Business and Professions Code is amended to read:

4830. This chapter does not apply to:

(a) Veterinarians while serving in any armed branch of the military service of the United States or the United States Department of
Agriculture while actually engaged and employed in their official capacity.

(b) Regularly licensed veterinarians in actual consultation from other states.

(c) Regularly licensed veterinarians actually called from other states to attend cases in this state, but who do not open an office or appoint a place to do business within this state.

(d) Veterinarians employed by the University of California while engaged in the performance of duties in connection with the College of Agriculture, the Agricultural Experiment Station, the School of Veterinary Medicine or the agricultural extension work of the university or employed by the Western University of Health Sciences while engaged in the performance of duties in connection with the College of Veterinary Medicine or the agricultural extension work of the university.

(e) Students in the School of Veterinary Medicine of the University of California or the College of Veterinary Medicine of the Western University of Health Sciences who participate in diagnosis and treatment as part of their educational experience, including those in off-campus educational programs under the direct supervision of a licensed veterinarian in good standing, as defined in paragraph (1) of subdivision (b) of Section 4848, appointed by the University of California, Davis, or the Western University of Health Sciences.

(f) A veterinarian who is employed by the Meat and Poultry Inspection Branch of the California Department of Food and Agriculture while actually engaged and employed in his or her official capacity. A person exempt under this subdivision shall not otherwise engage in the practice of veterinary medicine unless he or she is issued a license by the board.

(g) Unlicensed personnel employed by the Department of Food and Agriculture or the United States Department of Agriculture when in the course of their duties they are directed by a veterinarian supervisor to conduct an examination, obtain biological specimens, apply biological tests, or administer medications or biological products as part of government disease or condition monitoring, investigation, control, or eradication activities.

SEC. 2. Section 4848 of the Business and Professions Code is amended to read:

4848. (a) (1) The board shall, by means of examination, ascertain the professional qualifications of all applicants for licenses to practice veterinary medicine in this state and shall issue a license to every person whom it finds to be qualified. No license shall be issued to anyone who has not demonstrated his or her competency by examination.

(2) The examination shall consist of each of the following:

(A) A licensing examination that is administered on a national basis.
(B) A California state board examination.

(C) An examination concerning those statutes and regulations of the Veterinary Medicine Practice Act administered by the board. The examination shall be administered by mail and provided to applicants within 10 to 20 days of eligibility determination. The board shall have 10 to 20 days from the date of receipt to process the examination and provide candidates with the results of the examination. The applicant shall certify that he or she personally completed the examination. Any false statement is a violation subject to Section 4831. University of California and Western University of Health Sciences veterinary medical students who have successfully completed a board approved course on veterinary law and ethics covering the Veterinary Medicine Practice Act shall be exempt from this provision.

(3) The examinations may be given at the same time or at different times as determined by the board. For examination purposes, the board may make contractual arrangements on a sole source basis with organizations furnishing examination material as it may deem desirable and shall be exempt from Section 10115 of the Public Contract Code.

(4) The licensing examination may be waived by the board in any case in which it determines that the applicant has taken and passed an examination for licensure in another state substantially equivalent in scope and subject matter to the licensing examination last given in California before the determination is made, and has achieved a score on the out-of-state examination at least equal to the score required to pass the licensing examination administered in California.

(5) Nothing in this chapter shall preclude the board from permitting a person who has completed a portion of his or her educational program, as determined by the board, in a veterinary college recognized by the board under Section 4846 to take any examination or any part thereof prior to satisfying the requirements for application for a license established by Section 4846.

(b) The board shall waive the examination requirements of subdivision (a), and issue a temporary license valid for one year to an applicant to practice veterinary medicine under the supervision of another licensed California veterinarian in good standing if the applicant meets all of the following requirements and would not be denied issuance of a license by any other provision of this code:

(1) The applicant holds a current valid license in good standing in another state, Canadian province, or United States territory and has practiced clinical veterinary medicine for a minimum of four years full time within the five years immediately preceding filing an application for licensure in this state. Experience obtained while participating in an American Veterinary Medical Association (AVMA) accredited
institution’s internship, residency, or specialty board training program shall be valid for meeting the minimum experience requirement.

The term “in good standing” means that an applicant under this section:

(A) Is not currently under investigation nor has been charged with an offense for any act substantially related to the practice of veterinary medicine by any public agency, nor entered into any consent agreement or subject to an administrative decision that contains conditions placed by an agency upon an applicant’s professional conduct or practice, including any voluntary surrender of license, nor been the subject of an adverse judgment resulting from the practice of veterinary medicine that the board determines constitutes evidence of a pattern of incompetence or negligence.

(B) Has no physical or mental impairment related to drugs, alcohol, or has not been found mentally incompetent by a physician so that the applicant is unable to undertake the practice of veterinary medicine in a manner consistent with the safety of a patient or the public.

(2) At the time of original licensure, the applicant passed the national licensing requirement in veterinary science with a passing score or scores on the examination or examinations equal to or greater than the passing score required to pass the national licensing examination or examinations administered in this state.

(3) The applicant has either graduated from a veterinary college recognized by the board under Section 4846 or possesses a certificate issued by the Educational Commission for Foreign Veterinary Graduates (ECFVG).

(4) The applicant passes an examination concerning the statutes and regulations of the Veterinary Medicine Practice Act, administered by the board, pursuant to subparagraph (C) of paragraph (2) of subdivision (a).

(5) The applicant agrees to complete an approved educational curriculum on regionally specific and important diseases and conditions during the period of temporary licensure. The board, in consultation with the California Veterinary Medical Association (CVMA), shall approve educational curricula that cover appropriate regionally specific and important diseases and conditions that are common in California. The curricula shall focus on small and large animal diseases consistent with the current proportion of small and large animal veterinarians practicing in the state. The approved curriculum shall not exceed 30 hours of educational time. The board shall approve a curriculum as soon as practical, but not later than June 1, 1999. The approved curriculum may be offered by multiple providers so that it is widely accessible to candidates licensed under this subdivision.

(c) Upon receipt of acknowledgment of successful completion of the requirements set forth in subdivision (b), the board shall issue a license
to the applicant. Any applicant who does not meet the requirements of subdivision (b) shall take a California state board examination as specified in subparagraph (B) of paragraph (2) of subdivision (a).

SEC. 3. Section 4854.5 is added to the Business and Professions Code, to read:

4854.5. (a) Every off-campus educational program site shall display in a conspicuous place a consumer notification specifying that the veterinary facilities are also being used for diagnosis and treatment of animals by graduate students enrolled in a veterinary medicine program.

(b) Notwithstanding Section 4831, or any other provision of law, a violation of subdivision (a) shall not be a crime.

CHAPTER 132

An act to amend Section 40131 of the Health and Safety Code, relating to air resources.

[Approved by Governor July 9, 2002. Filed with Secretary of State July 9, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 40131 of the Health and Safety Code is amended to read:

40131. (a) Each district shall adopt its annual budget in accordance with the following requirements:

(1) The district shall prepare, and make available to the public at least 30 days prior to public hearing, a summary of its budget and any supporting documents, including, but not limited to, a schedule of fees to be imposed by the district to fund its programs.

(2) The district shall notify each person who was subject to fees imposed by the district in the preceding year of the availability of the information described in paragraph (1).

SECTION 1. Section 6072 of the Business and Professions Code is amended to read:

6072. (a) A contract with the state for legal services that exceeds fifty thousand dollars ($50,000) shall include a certification by the contracting law firm that the firm agrees to make a good faith effort to provide, during the duration of the contract, a minimum number of hours of pro bono legal services during each year of the contract equal to the lesser of either (1) 30 multiplied by the number of full-time attorneys in the firm’s offices in the state, with the number of hours prorated on an actual day basis for any contract period of less than a full year or (2) 10 percent of its contract with the state. “Ten percent of the contract” shall mean the number of hours equal to 10 percent of the contract amount divided by the average billing rate of the firm.

(b) Failure to make a good faith effort may be cause for nonrenewal of a state contract for legal services, and may be taken into account when determining the award of future contracts with the state for legal services. If a firm fails to provide the hours of pro bono legal services set forth in its certification, the following factors shall be considered in determining whether the firm made a good faith effort:

(1) The actual number of hours of pro bono legal services provided by the firm during the term of the contract.

(2) The firm’s efforts to obtain pro bono legal work from legal services programs, pro bono programs, and other relevant communities or groups.

(3) The firm’s history of providing pro bono legal services, or other activities of the firm that evidence a good faith effort to provide pro bono legal services, such as the adoption of a pro bono policy or the creation of a pro bono committee.

(4) The types of pro bono legal services provided, including the quantity and complexity of cases as well as the nature of the relief sought.

(5) The extent to which the failure to provide the hours of pro bono legal services set forth in the certification is the result of extenuating circumstances unforeseen at the time of the certification.
(c) In awarding a contract with the state for legal services that exceeds fifty thousand dollars ($50,000), the awarding department shall consider the efforts of a potential contracting law firm to provide, during the 12-month period prior to award of the contract, the minimum number of hours of pro bono legal services described in subdivision (a). Other things being equal, the awarding department shall award a contract for legal services to firms that have provided, during the 12-month period prior to award of the contract, the minimum number of hours of pro bono legal services described in subdivision (a).

(d) As used in this section, “pro bono legal services” means the provision of legal services either:

(1) Without fee or expectation of fee to either:
   (A) Persons who are indigent or of limited means.

(2) At no fee or substantially reduced fee to groups or organizations seeking to secure or protect civil rights, civil liberties, or public rights.

(e) Nothing in this section shall subject a contracting law firm that fails to provide the minimum number of hours of pro bono legal services described in subdivision (a) to civil or criminal liability, nor shall that failure be grounds for invalidating an existing contract for legal services.

(f) This article shall not apply to state contracts with, or appointments made by the judiciary of, an attorney, law firm, or organization for the purposes of providing legal representation to low- or middle-income persons, in either civil, criminal, or administrative matters.

(g) This article shall not apply to contracts entered into between the state and an attorney or law firm if the legal services contracted for are to be performed outside the State of California.

A requirement that the initial transferee survive until a future time that is related to the probate of the transferor’s will or administration of the estate of the transferor constitutes a contrary intention.

(c) As used in this section, “transferee” means a person who is kindred of the transferor or kindred of a surviving, deceased, or former spouse of the transferor.

SEC. 20. Section 21111 of the Probate Code is amended to read:

(1) If the transferring instrument provides for an alternative disposition in the event the transfer fails, the property is transferred according to the terms of the instrument.

(2) If the transferring instrument does not provide for an alternative disposition but does provide for the transfer of a residue, the property becomes a part of the residue transferred under the instrument.

(3) If the transferring instrument does not provide for an alternative disposition and does not provide for the transfer of a residue, or if the transfer is itself a residuary gift, the property is transferred to the decedent’s estate.

(b) Subject to Section 21110, if a residuary gift or a future interest is transferred to two or more persons and the share of a transferee fails for any reason, and no alternative disposition is provided, the share passes to the other transferees in proportion to their other interest in the residuary gift or the future interest.

(c) A transfer of “all my estate” or words of similar import is a residuary gift for purposes of this section.

(b) In construing a transfer by a transferor who is not the natural parent, a person born to the natural parent shall not be considered the child of that parent unless the person lived while a minor as a regular member of the household of the natural parent or of that parent’s parent, brother, sister, spouse, or surviving spouse. In construing a transfer by a transferor who is not the adoptive parent, a person adopted by the adoptive parent shall not be considered the child of that parent unless the person lived while a minor (either before or after the adoption) as a regular member of the household of the adopting parent or of that parent’s parent, brother, sister, or surviving spouse.

(a) If an instrument authorizes a fiduciary to satisfy a pecuniary gift wholly or partly by distribution of property other than money, property selected for that purpose shall be valued at its fair market value on the date of distribution, unless the instrument expressly provides otherwise. If the instrument permits the fiduciary to value the property selected for distribution as of a date other than the date of distribution, then, unless the instrument expressly provides otherwise, the property selected by the fiduciary for that purpose shall fairly reflect net appreciation and depreciation (occurring between the valuation date and the date of distribution) in all of the assets from which the distribution could have been made.

(b) As used in this section, “pecuniary gift” means a transfer of property made in an instrument that either is expressly stated as a fixed dollar amount or is a dollar amount determinable by the provisions of the instrument.

SEC. 28. Section 21120 of the Probate Code is amended to read:

21120. The words of an instrument are to receive an interpretation that will give every expression some effect, rather than one that will render any of the expressions inoperative. Preference is to be given to an interpretation of an instrument that will prevent intestacy or failure of a transfer, rather than one that will result in an intestacy or failure of a transfer.

SEC. 29. Section 21121 of the Probate Code is amended to read:

21121. All parts of an instrument are to be construed in relation to each other and so as, if possible, to form a consistent whole. If the meaning of any part of an instrument is ambiguous or doubtful, it may be explained by any reference to or recital of that part in another part of the instrument.

SEC. 30. Section 21122 of the Probate Code is amended to read:

21122. The words of an instrument are to be given their ordinary and grammatical meaning unless the intention to use them in another sense is clear and their intended meaning can be ascertained. Technical words are not necessary to give effect to a disposition in an instrument. Technical words are to be considered as having been used in their technical sense unless (a) the context clearly indicates a contrary intention or (b) it satisfactorily appears that the instrument was drawn
solely by the transferor and that the transferor was unacquainted with the technical sense.

SEC. 31. Section 21131 of the Probate Code is amended to read:

21131. A specific gift passes the property transferred subject to any mortgage, deed of trust, or other lien existing at the date of death, without right of exoneration, regardless of a general directive to pay debts contained in the instrument.

SEC. 32. Section 21132 of the Probate Code is repealed.

SEC. 33. Section 21132 is added to the Probate Code, to read:

21132. (a) If a transferor executes an instrument that makes an at-death transfer of securities and the transferor then owned securities that meet the description in the instrument, the transfer includes additional securities owned by the transferor at death to the extent the additional securities were acquired by the transferor after the instrument was executed as a result of the transferor’s ownership of the described securities and are securities of any of the following types:

(1) Securities of the same organization acquired by reason of action initiated by the organization or any successor, related, or acquiring organization, excluding any acquired by exercise of purchase options.

(2) Securities of another organization acquired as a result of a merger, consolidation, reorganization, or other distribution by the organization or any successor, related, or acquiring organization.

(3) Securities of the same organization acquired as a result of a plan of reinvestment.

(b) Distributions in cash before death with respect to a described security are not part of the transfer.

SEC. 34. Section 21133 of the Probate Code is amended to read:

21133. A recipient of an at-death transfer of a specific gift has a right to the property specifically given, to the extent the property is owned by the transferor at the time the gift takes effect in possession or enjoyment, and all of the following:

(a) Any balance of the purchase price (together with any security agreement) owing from a purchaser to the transferor at the time the gift takes effect in possession or enjoyment by reason of sale of the property.

(b) Any amount of an eminent domain award for the taking of the property unpaid at the time the gift takes effect in possession or enjoyment.

(c) Any proceeds unpaid at the time the gift takes effect in possession or enjoyment on fire or casualty insurance on or other recovery for injury to the property.

(d) Property owned by the transferor at the time the gift takes effect in possession or enjoyment and acquired as a result of foreclosure, or obtained in lieu of foreclosure, of the security interest for a specifically given obligation.
SEC. 35. Section 21134 of the Probate Code is amended to read:

21134. (a) Except as otherwise provided in this section, if after the execution of the instrument of gift specifically given property is sold or mortgaged by a conservator or by an agent acting within the authority of a durable power of attorney for an incapacitated principal, the transferee of the specific gift has the right to a general pecuniary gift equal to the net sale price of, or the amount of the unpaid loan on, the property.

(b) Except as otherwise provided in this section, if an eminent domain award for the taking of specifically given property is paid to a conservator or to an agent acting within the authority of a durable power of attorney for an incapacitated principal, or if the proceeds on fire or casualty insurance on, or recovery for injury to, specifically gifted property are paid to a conservator or to an agent acting within the authority of a durable power of attorney for an incapacitated principal, the recipient of the specific gift has the right to a general pecuniary gift equal to the eminent domain award or the insurance proceeds or recovery.

(c) For the purpose of the references in this section to a conservator, this section does not apply if, after the sale, mortgage, condemnation, fire, or casualty, or recovery, the conservatorship is terminated and the transferor survives the termination by one year.

(d) For the purpose of the references in this section to an agent acting with the authority of a durable power of attorney for an incapacitated principal, (1) "incapacitated principal" means a principal who is an incapacitated person, (2) no adjudication of incapacity before death is necessary, and (3) the acts of an agent within the authority of a durable power of attorney are presumed to be for an incapacitated principal.

(e) The right of the transferee of the specific gift under this section shall be reduced by any right the transferee has under Section 21133.

SEC. 36. Section 21135 of the Probate Code is amended to read:

21135. (a) Property given by a transferor during his or her lifetime to a person is treated as a satisfaction of an at-death transfer to that person in whole or in part only if one of the following conditions is satisfied:

(1) The instrument provides for deduction of the lifetime gift from the at-death transfer.

(2) The transferor declares in a contemporaneous writing that the gift is in satisfaction of the at-death transfer or that its value is to be deducted from the value of the at-death transfer.

(3) The transferee acknowledges in writing that the gift is in satisfaction of the at-death transfer or that its value is to be deducted from the value of the at-death transfer.

(4) The property given is the same property that is the subject of a specific gift to that person.
(b) Subject to subdivision (c), for the purpose of partial satisfaction, property given during lifetime is valued as of the time the transferee came into possession or enjoyment of the property or as of the time of death of the transferor, whichever occurs first.

(c) If the value of the gift is expressed in the contemporaneous writing of the transferor, or in an acknowledgment of the transferee made contemporaneously with the gift, that value is conclusive in the division and distribution of the estate.

(d) If the transferee fails to survive the transferor, the gift is treated as a full or partial satisfaction of the gift, as the case may be, in applying Sections 21110 and 21111 unless the transferor’s contemporaneous writing provides otherwise.

SEC. 37. Section 21136 of the Probate Code is repealed.
SEC. 38. Section 21137 of the Probate Code is repealed.
SEC. 39. Section 21138 of the Probate Code is repealed.
SEC. 40. Section 21139 of the Probate Code is amended to read:
21139. The rules stated in Sections 21133 to 21135, inclusive, are not exhaustive, and nothing in those sections is intended to increase the incidence of ademption under the law of this state.
SEC. 41. Section 21140 of the Probate Code is amended to read:
21140. This part applies to all instruments, regardless of when they were executed.

CHAPTER 139

An act to amend Section 6609.1 of the Welfare and Institutions Code, relating to sexually violent predators.

[Approved by Governor July 10, 2002. Filed with Secretary of State July 11, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 6609.1 of the Welfare and Institutions Code is amended to read:
6609.1. (a) When the State Department of Mental Health makes a recommendation to the court for community outpatient treatment for any person committed as a sexually violent predator, or when a person who is committed as a sexually violent predator pursuant to this article has petitioned a court pursuant to Section 6608 for conditional release under supervision and treatment in the community pursuant to a conditional release program, or has petitioned a court pursuant to Section 6608 for subsequent unconditional discharge, and the department is notified, or
is aware, of the filing of the petition, the department shall notify the sheriff or chief of police, or both, the district attorney, or the county’s designated counsel, that have jurisdiction over the following locations:

(1) The community in which the person may be released for community outpatient treatment.

(2) The community in which the person maintained his or her last legal residence as defined by Section 3003 of the Penal Code.

(3) The county that filed for the person’s civil commitment pursuant to this article.

The department shall also notify the Sexually Violent Predator Parole Coordinator of the Department of Corrections, if the person is otherwise subject to parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code.

The notice shall be given at least 15 days prior to the department’s submission of its recommendation to the court in those cases in which the department recommended community outpatient treatment.

(b) When the State Department of Mental Health makes a recommendation to pursue recommitment, makes a recommendation not to pursue recommitment, or seeks a judicial review of commitment status pursuant to subdivision (f) of Section 6605, of any person committed as a sexually violent predator, it shall provide written notice of that action to the sheriff or chief of police, or both, and to the district attorney, that have jurisdiction over the following locations:

(1) The community in which the person maintained his or her last legal residence as defined by Section 3003 of the Penal Code.

(2) The community in which the person will probably be released, if recommending not to pursue recommitment.

(3) The county that filed for the person’s civil commitment pursuant to this article.

The State Department of Mental Health shall also notify the Sexually Violent Predator Parole Coordinator of the Department of Corrections, if the person is otherwise subject to parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code. The notice shall be made at least 15 days prior to the department’s submission of its recommendation to the court.

Those agencies receiving the notice referred to in this subdivision shall have 15 days from receipt of the notice to provide written comment to the department regarding the impending release. Those comments shall be considered by the department, which may modify its decision regarding the community in which the person is scheduled to be released, based on those comments.

(c) If the court orders the release of a sexually violent predator, the court shall notify the Sexually Violent Predator Parole Coordinator of the Department of Corrections. The Department of Corrections shall
notify the State Department of Mental Health, the sheriff or chief of police, or both, and the district attorney, that have jurisdiction over the following locations:

(1) The community in which the person is to be released.
(2) The community in which the person maintained his or her last legal residence as defined in Section 3003 of the Penal Code.

The Department of Corrections shall make the notifications required by this subdivision regardless of whether the person released will be serving a term of parole after release by the court.

(d) If the person is otherwise subject to parole pursuant to Article 1 (commencing with Section 300) of Chapter 8 of Title 1 of Part 3 of the Penal Code, to allow adequate time for the Department of Corrections to make appropriate parole arrangements upon release of the person, the person shall remain in physical custody for a period not to exceed 72 hours or until parole arrangements are made by the Sexually Violent Predator Parole Coordinator of the Department of Corrections, whichever is sooner. To facilitate timely parole arrangements, notification to the Sexually Violent Predator Parole Coordinator of the Department of Corrections of the pending release shall be made by telephone or facsimile and, to the extent possible, notice of the possible release shall be made in advance of the proceeding or decision determining whether to release the person.

(e) The notice required by this section shall be made whether or not a request has been made pursuant to Section 6609.

(f) The time limits imposed by this section are not applicable when the release date of a sexually violent predator has been advanced by a judicial or administrative process or procedure that could not have reasonably been anticipated by the State Department of Mental Health and where, as the result of the time adjustments, there is less than 30 days remaining on the commitment before the inmate’s release, but notice shall be given as soon as practicable. In no case shall notice required by this section to the appropriate agency be later than the day of release.

(g) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 140

An act to amend Section 1067.07 of the Insurance Code, relating to insurance.
The people of the State of California do enact as follows:

SECTION 1. Section 1067.07 of the Insurance Code is amended to read:

1067.07. (a) If a member insurer is an impaired domestic insurer, the association may, in its discretion, and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer, that are approved by the commissioner, and that are, except in cases of court-ordered conservation or rehabilitation, also approved by the impaired insurer, do any of the following:

(1) Guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the policies or contracts of the impaired insurer.

(2) Provide moneys, pledges, notes, guarantees, or other means proper to effectuate paragraph (1) and assure payment of the contractual obligations of the impaired insurer pending action under paragraph (1).

(3) Loan money to the impaired insurer.

(b) (1) If a member insurer is an impaired insurer, whether domestic, foreign, or alien, and the insurer is not paying claims timely, then subject to the preconditions specified in paragraph (2), the association shall, in its discretion, either:

(A) Take any of the actions specified in subdivision (a), subject to the conditions therein.

(B) Provide substitute benefits in lieu of the contractual obligations of the impaired insurer solely for health claims, periodic annuity benefit payments, death benefits, supplemental benefits, and cash withdrawals for policy or contract owners who petition therefor under claims of emergency or hardship in accordance with standards proposed by the association and approved by the commissioner.

(2) The association shall be subject to the requirements of paragraph (1) only if subparagraphs (A) and (B) apply:

(A) The laws of the state of domicile of the impaired member insurer provide that until all payments of or on account of the impaired insurer’s contractual obligations by all guarantee associations, along with all expenses thereof and interest on all of those payments and expenses, shall have been repaid to the guarantee associations or a plan of repayment by the impaired insurer shall have been approved by the guarantee associations, all of the following apply:

(i) The delinquency, rehabilitation, or conservation proceeding shall not be dismissed.
(ii) Neither the impaired insurer nor its assets shall be returned to the control of its shareholders or private management.

(iii) It shall not be permitted to solicit or accept new business or have any suspended or revoked license restored.

(B) Either clause (i) or (ii) applies:

(i) The impaired insurer is a domestic insurer, and it has been placed under an order of conservation or rehabilitation by a court of competent jurisdiction in this state.

(ii) The impaired insurer is a foreign or alien insurer, and all of the following apply:

(I) It has been prohibited from soliciting or accepting new business in this state.

(II) Its certificate of authority has been suspended or revoked in this state.

(III) A petition for conservation, rehabilitation, or liquidation has been filed in a court of competent jurisdiction in its state of domicile by the commissioner of the state.

(c) If a member insurer is an insolvent insurer, the association shall, in its discretion, either do those things described in paragraph (1) or in paragraph (2):

(1) (A) Guarantee, assume, or reinsure, or cause to be guaranteed, assumed or reinsured, the policies or contracts of the insolvent insurer; or

(B) Assure payment of the contractual obligations of the insolvent insurer; and

(C) Provide those moneys, pledges, guarantees, or other means as are reasonably necessary to discharge the duties.

(2) With respect only to life and health insurance policies, provide benefits and coverages in accordance with subdivision (d).

(d) When proceeding under subparagraph (B) of paragraph (1) of subdivision (b), or paragraph (2) of subdivision (c), the association shall, with respect to only life and health insurance policies:

(1) Assure payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and renewability, that would have been payable under the policies of the insolvent insurer, for claims incurred:

(A) With respect to group life insurance policies, not later than the earlier of the next renewal date under the policies or contracts or 45 days, but in no event less than 30 days, after the date on which the association becomes obligated with respect to the policies.

(B) With respect to group health insurance policies, individual health insurance policies and individual life insurance policies, not later than the earlier of the next renewal date, if any, under the policies or contracts
or one year, but in no event less than 30 days, from the date on which the association becomes obligated with respect to the policies.

(2) Make diligent efforts to provide all known insureds or group policyholders, with respect to group policies, 30 days notice of the termination of the benefits provided.

(3) With respect to individual policies, make available to each known insured, or owner if other than the insured, and with respect to an individual formerly insured under a group policy who is not eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of paragraph (4), if the insureds had a right under law or the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time, during which the insurer had no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.

(4) (A) In providing the substitute coverage required under paragraph (3), the association may offer either to reissue the terminated coverage or to issue an alternative policy and shall consider obtaining coverage for a medically uninsurable person from the program established under Part 6.5 (commencing with Section 12700) of Division 2.

(B) Alternative or reissued policies shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy.

(C) The association may reinsure any alternative or reissued policy.

(5) (A) Alternative policies adopted by the association shall be subject to the approval of the commissioner. The association may adopt alternative policies of various types for future issuance without regard to any particular impairment or insolvency.

(B) Alternative policies shall contain at least the minimum statutory provisions required in this state and provide benefits that shall not be unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates which it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but shall not reflect any changes in the health of the insured after the original policy was last underwritten.

(C) Any alternative policy issued by the association shall provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association.

(6) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium shall be set by the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the commissioner or by a court of competent jurisdiction.
(7) The association’s obligations with respect to coverage under any policy of the impaired or insolvent insurer or under any reissued or alternative policy shall cease on the date that coverage or policy is replaced by another similar policy by the policyholder, the insured, or the association.

(e) When proceeding under subparagraph (B) of paragraph (1) of subdivision (b) or under subdivision (c) with respect to any policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with subparagraph (C) of paragraph (2) of subdivision (b) of Section 1067.02.

(f) Nonpayment of premiums within 31 days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage shall terminate the association’s obligations under the policy or coverage under this article with respect to that policy or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this article.

(g) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association, and the association shall be liable for unearned premiums due to policy or contract owners arising after the entry of that order.

(h) The protection provided by this article shall not apply where any guarantee protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state.

(i) In carrying out its duties under subdivisions (b) and (c), the association may, subject to approval by the court, do either of the following:

(1) Impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this article are less than the amounts needed to assure full and prompt performance of the association’s duties under this article, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of the permanent policy or contract liens, to be in the public interest.

(2) Impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value.

(j) If the association fails to act within a reasonable period of time as provided in subparagraph (B) of paragraph (1) of subdivision (b), and subdivisions (c) and (d), with respect to an impaired or insolvent insurer,
the commissioner shall have the powers and duties of the association under this article with respect to the impaired or insolvent insurer.

(k) The association may render assistance and advice to the commissioner, upon his or her request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

(l) The association shall have standing to appear before any court in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under this article. That standing shall extend to all matters germane to the powers and duties of the association, including, but not limited to, proposals for reinsuring, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association shall also have the right to appear or intervene before a court in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over a third party against whom the association may have rights through subrogation of the insurer’s policyholders.

(m) (1) Any person receiving benefits under this article shall be deemed to have assigned the rights under, and any causes of action relating to, the covered policy or contract to the association to the extent of the benefits received because of this article, whether the benefits are payments of or on account of contractual obligations, continuation of coverage or provision of substitute or alternative coverages. The association may require an assignment to it of those rights and cause of action by any payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this article upon that person.

(2) The subrogation rights of the association under this subdivision shall have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under this article.

(3) In addition to paragraphs (1) and (2), the association shall have all common law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to the policy or contracts.

(n) The association may do any of the following:

(1) Enter into contracts necessary or proper to carry out the provisions and purposes of this article.

(2) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under Section 1067.08 and to settle claims or potential claims against it.
(3) Borrow money to effect the purposes of this article. Any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets.

(4) Employ or retain an executive director and other persons necessary to handle the financial transactions of the association, and to perform other functions necessary or proper under this article provided that the executive director shall be subject to the approval of the commissioner.

(5) Take legal action necessary to avoid payment of improper claims.

(6) Exercise, for the purposes of this article and to the extent approved by the commissioner, the powers of a domestic life or health insurer, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform its obligations under this article.

(o) The association may join an organization of one or more other state associations of similar purposes, to further the purposes and administer the powers and duties of the association.

(p) There shall be no liability on the part of and no cause of action shall arise against the association or against any transferee from the association in connection with the transfer by reinsurance or otherwise of all or any part of an impaired or insolvent insurer’s business by reason of any action taken or any failure to take any action by the impaired or insolvent insurer at any time.

(q) With respect to covered policies for which the association becomes obligated after an entry of an order or liquidation or rehabilitation, the association may elect to succeed to the rights of the insolvent insurer arising after the date of the order of liquidation or rehabilitation under any contract of reinsurance to which the insolvent insurer was a party, to the extent that the contract provides coverage for losses occurring after the date of the order of liquidation or rehabilitation. As a condition to making this election, the association must pay all unpaid premiums due under the contract for coverage relating to periods before and after the date of the order of liquidation or rehabilitation.

CHAPTER  143

An act to amend Section 2881 of the Public Utilities Code, relating to telephone corporations.

[Approved by Governor July 10, 2002. Filed with Secretary of State July 11, 2002.]
The people of the State of California do enact as follows:

SECTION 1. Section 2881 of the Public Utilities Code is amended to read:

2881. (a) The commission shall design and implement a program to provide a telecommunications device capable of serving the needs of individuals who are deaf or hearing impaired, together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as an individual who is deaf or hearing impaired by a licensed physician and surgeon, audiologist, or a qualified state or federal agency, as determined by the commission, and to any subscriber that is an organization representing individuals who are deaf or hearing impaired, as determined and specified by the commission pursuant to subdivision (e). A licensed hearing aid dispenser may certify the need of an individual to participate in the program if that individual has been previously fitted with an amplified device by the dispenser and the dispenser has the individual’s hearing records on file prior to certification.

(b) The commission shall also design and implement a program to provide a dual-party relay system, using third-party intervention to connect individuals who are deaf or hearing impaired and offices of organizations representing individuals who are deaf or hearing impaired, as determined and specified by the commission pursuant to subdivision (e), with persons of normal hearing by way of intercommunications devices for individuals who are deaf or hearing impaired and the telephone system, making available reasonable access of all phases of public telephone service to telephone subscribers who are deaf or hearing impaired. In order to make a dual-party relay system that will meet the requirements of individuals who are deaf or hearing impaired available at a reasonable cost, the commission shall initiate an investigation, conduct public hearings to determine the most cost-effective method of providing dual-party relay service to the deaf or hearing impaired when using a telecommunications device, and solicit the advice, counsel, and physical assistance of statewide nonprofit consumer organizations of the deaf, during the development and implementation of the system. The commission shall phase in this program, on a geographical basis, over a three-year period ending on January 1, 1987. The commission shall apply for certification of this program under rules adopted by the Federal Communications Commission pursuant to Section 401 of the federal Americans with Disabilities Act of 1990 (Public Law 101-336).

(c) The commission shall also design and implement a program whereby specialized or supplemental telephone communications equipment may be provided to subscribers who are certified to be
disabled at no charge additional to the basic exchange rate. The certification, including a statement of visual or medical need for specialized telecommunications equipment, shall be provided by a licensed optometrist or physician and surgeon, acting within the scope of practice of his or her license, or by a qualified state or federal agency as determined by the commission. The commission shall, in this connection, study the feasibility of, and implement, if determined to be feasible, personal income criteria, in addition to the certification of disability, for determining a subscriber’s eligibility under this subdivision.

(d) The commission shall establish a rate recovery mechanism through a surcharge not to exceed one-half of 1 percent uniformly applied to a subscriber’s intrastate telephone service, other than one-way radio paging service and universal telephone service, both within a service area and between service areas, to allow providers of the equipment and service specified in subdivisions (a), (b), and (c), to recover costs as they are incurred under this section. The surcharge shall be in effect until January 1, 2006. The commission shall require that the programs implemented under this section be identified on subscribers’ bills, and shall establish a fund and require separate accounting for each of the programs implemented under this section.

(e) The commission shall determine and specify those statewide organizations representing the deaf or hearing impaired that shall receive a telecommunications device pursuant to subdivision (a) or a dual-party relay system pursuant to subdivision (b), or both, and in which offices the equipment shall be installed in the case of an organization having more than one office.

(f) The commission may direct any telephone corporation subject to its jurisdiction to comply with its determinations and specifications pursuant to this section.

(g) The commission shall annually review the surcharge level and the balances in the funds established pursuant to subdivision (d). Until January 1, 2006, the commission shall be authorized to make, within the limits set by subdivision (d), any necessary adjustments to the surcharge to ensure that the programs supported thereby are adequately funded and that the fund balances are not excessive. A fund balance which is projected to exceed six months’ worth of projected expenses at the end of the fiscal year is excessive.

(h) The commission shall prepare and submit to the Legislature, on or before December 31, 1988, and annually thereafter, a report on the fiscal status of the programs established and funded pursuant to this section and Sections 2881.1 and 2881.2. The report shall include a statement of the surcharge level established pursuant to subdivision (d) and revenues produced by the surcharge, an accounting of program
expenses, and an evaluation of options for controlling those expenses and increasing program efficiency, including, but not limited to, all of the following proposals:

(1) The establishment of a means test for persons to qualify for program equipment or free or reduced charges for the use of telecommunication services.

(2) If and to the extent not prohibited under Section 401 of the federal Americans with Disabilities Act of 1990 (Public Law 101-336), the imposition of limits or other restrictions on maximum usage levels for the relay service, which shall include the development of a program to provide basic communications requirements to all relay users at discounted rates, including discounted toll-call rates, and, for usage in excess of those basic requirements, at rates which recover the full costs of service.

(3) More efficient means for obtaining and distributing equipment to qualified subscribers.

(4) The establishment of quality standards for increasing the efficiency of the relay system.

(i) In order to continue to meet the access needs of individuals with functional limitations of hearing, vision, movement, manipulation, speech and interpretation of information, the commission shall perform ongoing assessment of, and if appropriate, expand the scope of the program to allow for additional access capability consistent with evolving telecommunications technology.

CHAPTER 144

An act to amend Section 215 of the Code of Civil Procedure, relating to jury duty.

[Approved by Governor July 10, 2002. Filed with Secretary of State July 11, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 215 of the Code of Civil Procedure is amended to read:

215. (a) Beginning July 1, 2000, the fee for jurors in the superior court, in civil and criminal cases, is fifteen dollars ($15) a day for each day’s attendance as a juror after the first day.

(b) Jurors in the superior court, in civil and criminal cases, shall be reimbursed for mileage at the rate of thirty-four cents ($0.34) per mile
for each mile actually traveled in attending court as a juror after the first day, in going only.

CHAPTER 145

An act to amend Sections 19568 and 19617.2 of the Business and Professions Code, relating to horse racing.

[Approved by Governor July 10, 2002. Filed with Secretary of State July 11, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 19568 of the Business and Professions Code is amended to read:

19568. (a) Every licensee conducting a horse racing meeting shall, each racing day, provide for the running of at least one race limited to California-bred horses, to be known as the "California-bred race." If, however, sufficient competition cannot be had among horses of that class on any day, the race, with the consent of the board, may be eliminated for that day and a substitute race provided.

(b) For thoroughbred and quarter horse racing only, the total amount distributed to horsemen and horsewomen for California-bred stakes races, and for races featuring California-breds upon the approval of the official registering agency, from the purse account, including overnight stakes, shall be not less than 10 percent of the total amount distributed for all stakes races from the purse account, including overnight stakes races, at that meeting of the racing association licensed to conduct live racing.

(c) It is the intent of the Legislature that the thoroughbred racing associations in this state, in conjunction with the official registering agency, and owners and trainers organizations meet and report to the board on the establishment of a coordinated California-bred restricted schedule of stakes races designed to showcase California-bred restricted stakes races and qualify registered California-bred horses for the California Cup and the California Cup Day races. It is also the intent of the Legislature that the report be submitted to the board annually at least 60 days prior to the start of the racing year.

SEC. 2. Section 19617.2 of the Business and Professions Code is amended to read:

19617.2. (a) Except as otherwise provided in this chapter, any association conducting a race meeting that includes thoroughbred racing shall deposit with the official registering agency 0.54 percent of the total
amount handled ontrack in daily conventional and exotic parimutuel pools resulting from thoroughbred wagers made in this state. These deposits shall be made at the following intervals:

(1) For any meeting of 20 racing days or less, the requisite deposit shall be made not later than seven days immediately following the last day of that meeting.

(2) For any meeting of more than 20 racing days, the initial deposit shall be made not later than 27 racing days after the commencement of that meeting and every 20 racing days thereafter, with a final deposit made not later than seven days following the last day of that meeting. The initial deposit for that meeting shall be based upon the applicable amount handled during the first 20 racing days of the meeting, and deposits thereafter shall be based upon the applicable amount handled during the ensuing periods of 20 racing days with the last deposit being based upon the applicable amount handled from the end of the last 20-racing-day period for which a deposit has been made to the end of the meeting.

(b) After deducting a sum equal to 5 percent of the total deposits made pursuant to subdivision (a) and the total deposits made pursuant to Section 19602, the amount to compensate the official registering agency for its administrative cost and for expenses it incurs for educational, promotional, and research programs, the official registering agency shall for computational purposes distribute annually the balance of the deposits in the following manner:

(1) To the California-bred race fund, 10 percent to be used for the promotion of California-bred races and from which purses are to be provided or supplemented for California Cup Day, other California-bred races, and, upon the approval of the official registering agency, races featuring California-breds. This fund shall be administered by the official registering agency. Any funds not used for those purposes during any year, up to 1 percent of the total breeder, stallion, and owner award receipts, shall remain in the California-bred race fund to be distributed for the purposes of this paragraph the following year. Any funds remaining thereafter shall be redistributed to augment the funds referred to in subdivision (c), and shall be allocated to the breeder fund and to the stallion fund as provided in that subdivision. It is the intent of the Legislature that all funds used for purses shall supplement and not supplant existing purses for California-breds.

(2) To the owner fund for the purpose of owner premiums pursuant to Section 19614.4.

(c) The funds remaining after the distributions made pursuant to subdivision (b) shall be distributed as follows:

(1) To the breeder fund 75 percent, from which breeder awards are to be paid.
(2) To the stallion fund 25 percent, from which stallion awards are to be paid.

(d) The official registering agency shall make the following payments to the owner, breeder, and stallion owner so as to encourage agriculture and the breeding of higher quality horses in this state:

1. The owner shall be paid an owner premium pursuant to Section 19614.4.

2. The breeder shall be paid a breeder award equal to the quotient for the breeder fund multiplied by the eligible earnings of the horse bred by the breeder.

3. The stallion owner shall be paid a stallion award equal to the quotient for the stallion fund multiplied by the eligible earnings of the stallion owner’s eligible thoroughbred sire.

4. Owner premiums for California-bred horses shall be listed in the racing program alongside the advertised purse, and shall be distributed to the owner pursuant to Section 19614.4 at the same time as the purse.

5. The breeder and stallion awards shall be paid not later than March 31 of the calendar year immediately following the calendar year for which the awards or premiums were earned.

CHAPTER  146

An act to amend Section 4025 of the Penal Code, relating to inmates.

[Approved by Governor July 10, 2002. Filed with Secretary of State July 11, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 4025 of the Penal Code is amended to read:

4025. (a) The sheriff of each county may establish, maintain and operate a store in connection with the county jail and for this purpose may purchase confectionery, tobacco and tobacco users’ supplies, postage and writing materials, and toilet articles and supplies and sell these goods, articles, and supplies for cash to inmates in the jail.

(b) The sale prices of the articles offered for sale at the store shall be fixed by the sheriff. Any profit shall be deposited in an inmate welfare fund to be kept in the treasury of the county.

(c) There shall also be deposited in the inmate welfare fund 10 percent of all gross sales of inmate hobbycraft.

(d) There shall be deposited in the inmate welfare fund any money, refund, rebate, or commission received from a telephone company or pay telephone provider when the money, refund, rebate, or commission
is attributable to the use of pay telephones which are primarily used by inmates while incarcerated.

(e) The money and property deposited in the inmate welfare fund shall be expended by the sheriff primarily for the benefit, education, and welfare of the inmates confined within the jail. Any funds that are not needed for the welfare of the inmates may be expended for the maintenance of county jail facilities. Maintenance of county jail facilities may include, but is not limited to, the salary and benefits of personnel used in the programs to benefit the inmates, including, but not limited to, education, drug and alcohol treatment, welfare, library, accounting, and other programs deemed appropriate by the sheriff. Inmate welfare funds shall not be used to pay required county expenses of confining inmates in a local detention system, such as meals, clothing, housing, or medical services or expenses, except that inmate welfare funds may be used to augment those required county expenses as determined by the sheriff to be in the best interests of inmates. An itemized report of these expenditures shall be submitted annually to the board of supervisors.

(f) The operation of a store within any other county adult detention facility which is not under the jurisdiction of the sheriff shall be governed by the provisions of this section, except that the board of supervisors shall designate the proper county official to exercise the duties otherwise allocated in this section to the sheriff.

(g) The operation of a store within any city adult detention facility shall be governed by the provisions of this section, except that city officials shall assume the respective duties otherwise outlined in this section for county officials.

(h) The treasurer may, pursuant to Article 1 (commencing with Section 53600), or Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, deposit, invest, or reinvest any part of the inmate welfare fund, in excess of that which the treasurer deems necessary for immediate use. The interest or increment accruing on these funds shall be deposited in the inmate welfare fund.

(i) The sheriff may expend money from the inmate welfare fund to provide indigent inmates, prior to release from the county jail or any other adult detention facility under the jurisdiction of the sheriff, with essential clothing and transportation expenses within the county or, at the discretion of the sheriff, transportation to the inmate’s county of residence, if the county is within the state or within 500 miles from the county of incarceration. This subdivision does not authorize expenditure of money from the inmate welfare fund for the transfer of any inmate to
the custody of any other law enforcement official or jurisdiction.

CHAPTER 147

An act to amend Section 65589.5 of the Government Code, relating to land use.

[Approved by Governor July 10, 2002. Filed with Secretary of State July 11, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 65589.5 of the Government Code is amended to read:

65589.5. (a) The Legislature finds and declares all of the following:

(1) The lack of housing is a critical problem that threatens the economic, environmental, and social quality of life in California.

(2) California housing has become the most expensive in the nation. The excessive cost of the state’s housing supply is partially caused by activities and policies of many local governments that limit the approval of housing, increase the cost of land for housing, and require that high fees and exactions be paid by producers of housing.

(3) Among the consequences of those actions are discrimination against low-income and minority households, lack of housing to support employment growth, imbalance in jobs and housing, reduced mobility, urban sprawl, excessive commuting, and air quality deterioration.

(4) Many local governments do not give adequate attention to the economic, environmental, and social costs of decisions that result in disapproval of housing projects, reduction in density of housing projects, and excessive standards for housing projects.

(b) It is the policy of the state that a local government not reject or make infeasible housing developments that contribute to meeting the housing need determined pursuant to this article without a thorough analysis of the economic, social, and environmental effects of the action and without complying with subdivision (d).

(c) The Legislature also recognizes that premature and unnecessary development of agricultural lands for urban uses continues to have adverse effects on the availability of those lands for food and fiber production and on the economy of the state. Furthermore, it is the policy of the state that development should be guided away from prime agricultural lands; therefore, in implementing this section, local
jurisdictions should encourage, to the maximum extent practicable, in filling existing urban areas.

(d) A local agency shall not disapprove a housing development project, including farmworker housing as defined in subdivision (d) of Section 50199.50 of the Health and Safety Code, for very low, low- or moderate-income households or condition approval, including through the use of design review standards, in a manner that renders the project infeasible for development for the use of very low, low- or moderate-income households unless it makes written findings, based upon substantial evidence in the record, as to one of the following:

(1) The jurisdiction has adopted a housing element pursuant to this article that has been revised in accordance with Section 65588 and that is in substantial compliance with this article, and the development project is not needed for the jurisdiction to meet its share of the regional housing need for very low, low-, or moderate-income housing.

(2) The development project as proposed would have a specific, adverse impact upon the public health or safety, and there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to low- and moderate-income households. As used in this paragraph, a “specific, adverse impact” means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

(3) The denial of the project or imposition of conditions is required in order to comply with specific state or federal law, and there is no feasible method to comply without rendering the development unaffordable to low- and moderate-income households.

(4) Approval of the development project would increase the concentration of lower income households in a neighborhood that already has a disproportionately high number of lower income households and there is no feasible method of approving the development at a different site, including those sites identified pursuant to paragraph (1) of subdivision (c) of Section 65583, without rendering the development unaffordable to low- and moderate-income households.

(5) The development project is proposed on land zoned for agriculture or resource preservation that is surrounded on at least two sides by land being used for agricultural or resource preservation purposes, or which does not have adequate water or wastewater facilities to serve the project.

(6) The development project is inconsistent with both the jurisdiction’s zoning ordinance and general plan land use designation as specified in any element of the general plan as it existed on the date the
application was deemed complete, and the jurisdiction has adopted a housing element pursuant to this article.

(e) Nothing in this section shall be construed to relieve the local agency from complying with the Congestion Management Program required by Chapter 2.6 (commencing with Section 65088) of Division 1 of Title 7 or the California Coastal Act (Division 20 (commencing with Section 30000) of the Public Resources Code). Neither shall anything in this section be construed to relieve the local agency from making one or more of the findings required pursuant to Section 21081 of the Public Resources Code or otherwise complying with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(f) Nothing in this section shall be construed to prohibit a local agency from requiring the development project to comply with written development standards, conditions, and policies appropriate to, and consistent with, meeting the quantified objectives relative to the development of housing, as required in the housing element pursuant to subdivision (b) of Section 65583. Nothing in this section shall be construed to prohibit a local agency from imposing fees and other exactions otherwise authorized by law which are essential to provide necessary public services and facilities to the development project.

(g) This section shall be applicable to charter cities because the Legislature finds that the lack of housing is a critical statewide problem.

(h) The following definitions apply for the purposes of this section:

(1) “Feasible” means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

(2) “Housing for very low, low-, or moderate-income households” means that either (A) at least 20 percent of the total units shall be sold or rented to lower income households, as defined in Section 50079.5 of the Health and Safety Code, or (B) 100 percent of the units shall be sold or rented to moderate-income households as defined in Section 50093 of the Health and Safety Code, or middle-income households, as defined in Section 65008 of this code. Housing units targeted for lower income households shall be made available at a monthly housing cost that does not exceed 30 percent of 60 percent of area median income with adjustments for household size made in accordance with the adjustment factors on which the lower income eligibility limits are based. Housing units targeted for persons and families of moderate income shall be made available at a monthly housing cost that does not exceed 30 percent of 100 percent of area median income with adjustments for household size made in accordance with the adjustment factors on which the moderate income eligibility limits are based.
(3) “Area median income” means area median income as periodically established by the Department of Housing and Community Development pursuant to Section 50093 of the Health and Safety Code. The developer shall provide sufficient legal commitments to ensure continued availability of units for very low or low-income households in accordance with the provisions of this subdivision for 30 years.

(4) “Neighborhood” means a planning area commonly identified as such in a community’s planning documents, and identified as a neighborhood by the individuals residing and working within the neighborhood. Documentation demonstrating that the area meets the definition of neighborhood may include a map prepared for planning purposes which lists the name and boundaries of the neighborhood.

(5) “Disapprove the development project” includes any instance in which a local agency does either of the following:

(A) Votes on a proposed housing development project application and the application is disapproved.

(B) Fails to comply with the time periods specified in subparagraph (B) of paragraph (1) of subdivision (a) of Section 65950. An extension of time pursuant to Article 5 (commencing with Section 65950) shall be deemed to be an extension of time pursuant to this paragraph.

(i) If any city, county, or city and county denies approval or imposes restrictions, including design changes, a reduction of allowable densities or the percentage of a lot that may be occupied by a building or structure under the applicable planning and zoning in force at the time the application is deemed complete pursuant to Section 65943, that have a substantial adverse effect on the viability or affordability of a housing development for very low, low-, or moderate-income households, and the denial of the development or the imposition of restrictions on the development is the subject of a court action which challenges the denial, then the burden of proof shall be on the local legislative body to show that its decision is consistent with the findings as described in subdivision (d) and that the findings are supported by substantial evidence in the record.

(j) When a proposed housing development project complies with applicable, objective general plan and zoning standards and criteria, including design review standards, in effect at the time that the housing development project’s application is determined to be complete, but the local agency proposes to disapprove the project or to approve it upon the condition that the project be developed at a lower density, the local agency shall base its decision regarding the proposed housing development project upon written findings supported by substantial evidence on the record that both of the following conditions exist:

(1) The housing development project would have a specific, adverse impact upon the public health or safety unless the project is disapproved
or approved upon the condition that the project be developed at a lower density. As used in this paragraph, a “specific, adverse impact” means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

(2) There is no feasible method to satisfactorily mitigate or avoid the adverse impact identified pursuant to paragraph (1), other than the disapproval of the housing development project or the approval of the project upon the condition that it be developed at a lower density.

(k) If in any action brought to enforce the provisions of this section, a court finds that the local agency disapproved a project or conditioned its approval in a manner rendering it infeasible for the development of housing for very low, low-, or moderate-income households, including farmworker housing, without making the findings required by this section or without making sufficient findings supported by substantial evidence, the court shall issue an order or judgment compelling compliance with this section within 60 days, including, but not limited to, an order that the local agency take action on the development project. The court shall retain jurisdiction to ensure that its order or judgment is carried out and shall award reasonable attorney fees and costs of suit to the plaintiff or petitioner who proposed the housing development, except under extraordinary circumstances in which the court finds that awarding fees would not further the purposes of this section. If the court determines that its order or judgment has not been carried out within 60 days, the court may issue further orders as provided by law to ensure that the purposes and policies of this section are fulfilled.

(l) In any action, the record of the proceedings before the local agency shall be filed as expeditiously as possible and, notwithstanding Section 1094.6 of the Code of Civil Procedure, all or part of the record may be filed (1) by the petitioner with the petition or petitioner’s points and authorities, (2) by the respondent with respondent’s points and authorities, (3) after payment of costs by the petitioner, or (4) as otherwise directed by the court. If the expense of preparing the record has been borne by the petitioner and the petitioner is the prevailing party, the expense shall be taxable as costs.

CHAPTER 148

An act to amend Section 853.7a of the Penal Code, and to amend Section 40508.5 of the Vehicle Code, relating to bench warrants.
The people of the State of California do enact as follows:

SECTION 1. Section 853.7a of the Penal Code is amended to read:

853.7a. (a) In addition to the fees authorized or required by any other provision of law, a county may, by resolution of the board of supervisors, require the courts of that county to impose an assessment of fifteen dollars ($15) upon every person who violates his or her written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before a person authorized to receive a deposit of bail, or who otherwise fails to comply with any valid court order for a violation of any provision of this code or local ordinance adopted pursuant to this code. This assessment shall apply whether or not a violation of Section 853.7 is concurrently charged or a warrant of arrest is issued pursuant to Section 853.8.

(b) The clerk of the court shall deposit the amounts collected under this section in the county treasury. All money so deposited shall be used first for the development and operation of an automated county warrant system. If sufficient funds are available after appropriate expenditures to develop, modernize, and maintain the automated warrant system, a county may use the balance to fund a warrant service task force for the purpose of serving all bench warrants within the county.

SEC. 2. Section 40508.5 of the Vehicle Code is amended to read:

40508.5. (a) In addition to the fees authorized or required by any other provision of law, a county may, by resolution of the board of supervisors, require the courts of that county to impose an assessment of fifteen dollars ($15) upon every person who violates his or her written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before a person authorized to receive a deposit of bail, or who otherwise fails to comply with any valid court order for a violation of any provision of this code or local ordinance adopted pursuant to this code. This assessment shall apply whether or not a violation of Section 40508 is concurrently charged or a warrant of arrest is issued pursuant to Section 40515.

(b) The courts subject to subdivision (a) shall increase the bail schedule amounts to reflect the amount of the assessment imposed by this section.

(c) If bail is returned, the amount of the assessment shall also be returned, but only if the person did not violate his or her promise to appear or citation following a lawfully granted continuance.

(d) The clerk of the court shall deposit the amounts collected under this section in the county treasury. All money so deposited shall be used
first for the development and operation of an automated county warrant system. If sufficient funds are available after appropriate expenditures to develop, modernize, and maintain the automated warrant system, a county may use the balance to fund a warrant service task force for the purpose of serving all bench warrants within the county.

CHAPTER 149

An act to amend Section 340.1 of the Code of Civil Procedure, relating to damages.

[Approved by Governor July 10, 2002. Filed with Secretary of State July 11, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 340.1 of the Code of Civil Procedure is amended to read:

340.1. (a) In an action for recovery of damages suffered as a result of childhood sexual abuse, the time for commencement of the action shall be within eight years of the date the plaintiff attains the age of majority or within three years of the date the plaintiff discovers or reasonably should have discovered that psychological injury or illness occurring after the age of majority was caused by the sexual abuse, whichever period expires later, for any of the following actions:

(1) An action against any person for committing an act of childhood sexual abuse.

(2) An action for liability against any person or entity who owed a duty of care to the plaintiff, where a wrongful or negligent act by that person or entity was a legal cause of the childhood sexual abuse which resulted in the injury to the plaintiff.

(3) An action for liability against any person or entity where an intentional act by that person or entity was a legal cause of the childhood sexual abuse which resulted in the injury to the plaintiff.

(b) (1) No action described in paragraph (2) or (3) of subdivision (a) may be commenced on or after the plaintiff’s 26th birthday.

(2) This subdivision does not apply if the person or entity knew or had reason to know, or was otherwise on notice, of any unlawful sexual conduct by an employee, volunteer, representative, or agent, and failed to take reasonable steps, and to implement reasonable safeguards, to avoid acts of unlawful sexual conduct in the future by that person, including, but not limited to, preventing or avoiding placement of that person in a function or environment in which contact with children is an

[... unsuitable content removed ...]
inherent part of that function or environment. For purposes of this subdivision, providing or requiring counseling is not sufficient, in and of itself, to constitute a reasonable step or reasonable safeguard.

(c) Notwithstanding any other provision of law, any claim for damages described in paragraph (2) or (3) of subdivision (a) that is permitted to be filed pursuant to paragraph (2) of subdivision (b) that would otherwise be barred as of January 1, 2003, solely because the applicable statute of limitations has or had expired, is revived, and, in that case, a cause of action may be commenced within one year of January 1, 2003. Nothing in this subdivision shall be construed to alter the applicable statute of limitations period of an action that is not time barred as of January 1, 2003.

(d) Subdivision (c) does not apply to either of the following:

(1) Any claim that has been litigated to finality on the merits in any court of competent jurisdiction prior to January 1, 2003. Termination of a prior action on the basis of the statute of limitations does not constitute a claim that has been litigated to finality on the merits.

(2) Any written, compromised settlement agreement which has been entered into between a plaintiff and a defendant where the plaintiff was represented by an attorney who was admitted to practice law in this state at the time of the settlement, and the plaintiff signed the agreement.

(e) “Childhood sexual abuse” as used in this section includes any act committed against the plaintiff that occurred when the plaintiff was under the age of 18 years and that would have been proscribed by Section 266j of the Penal Code; Section 285 of the Penal Code; paragraph (1) or (2) of subdivision (b), or of subdivision (c), of Section 286 of the Penal Code; subdivision (a) or (b) of Section 288 of the Penal Code; paragraph (1) or (2) of subdivision (b), or of subdivision (c), of Section 288a of the Penal Code; subdivision (h), (i), or (j) of Section 289 of the Penal Code; Section 647.6 of the Penal Code; or any prior laws of this state of similar effect at the time the act was committed. Nothing in this subdivision limits the availability of causes of action permitted under subdivision (a), including causes of action against persons or entities other than the alleged perpetrator of the abuse.

(f) Nothing in this section shall be construed to alter the otherwise applicable burden of proof, as defined in Section 115 of the Evidence Code, that a plaintiff has in a civil action subject to this section.

(g) Every plaintiff 26 years of age or older at the time the action is filed shall file certificates of merit as specified in subdivision (h).

(h) Certificates of merit shall be executed by the attorney for the plaintiff and by a licensed mental health practitioner selected by the plaintiff declaring, respectively, as follows, setting forth the facts which support the declaration:
(1) That the attorney has reviewed the facts of the case, that the attorney has consulted with at least one mental health practitioner who is licensed to practice and practices in this state and who the attorney reasonably believes is knowledgeable of the relevant facts and issues involved in the particular action, and that the attorney has concluded on the basis of that review and consultation that there is reasonable and meritorious cause for the filing of the action. The person consulted may not be a party to the litigation.

(2) That the mental health practitioner consulted is licensed to practice and practices in this state and is not a party to the action, that the practitioner is not treating and has not treated the plaintiff, and that the practitioner has interviewed the plaintiff and is knowledgeable of the relevant facts and issues involved in the particular action, and has concluded, on the basis of his or her knowledge of the facts and issues, that in his or her professional opinion there is a reasonable basis to believe that the plaintiff had been subject to childhood sexual abuse.

(3) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations would impair the action and that the certificates required by paragraphs (1) and (2) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificates required by paragraphs (1) and (2) shall be filed within 60 days after filing the complaint.

(i) Where certificates are required pursuant to subdivision (g), the attorney for the plaintiff shall execute a separate certificate of merit for each defendant named in the complaint.

(j) In any action subject to subdivision (g), no defendant may be served, and the duty to serve a defendant with process does not attach, until the court has reviewed the certificates of merit filed pursuant to subdivision (h) with respect to that defendant, and has found, in camera, based solely on those certificates of merit, that there is reasonable and meritorious cause for the filing of the action against that defendant. At that time, the duty to serve that defendant with process shall attach.

(k) A violation of this section may constitute unprofessional conduct and may be the grounds for discipline against the attorney.

(l) The failure to file certificates in accordance with this section shall be grounds for a demurrer pursuant to Section 430.10 or a motion to strike pursuant to Section 435.

(m) In any action subject to subdivision (g), no defendant may be named except by “Doe” designation in any pleadings or papers filed in the action until there has been a showing of corroborative fact as to the charging allegations against that defendant.

(n) At any time after the action is filed, the plaintiff may apply to the court for permission to amend the complaint to substitute the name of the defendant or defendants for the fictitious designation, as follows:
(1) The application shall be accompanied by a certificate of corroborative fact executed by the attorney for the plaintiff. The certificate shall declare that the attorney has discovered one or more facts corroborative of one or more of the charging allegations against a defendant or defendants, and shall set forth in clear and concise terms the nature and substance of the corroborative fact. If the corroborative fact is evidenced by the statement of a witness or the contents of a document, the certificate shall declare that the attorney has personal knowledge of the statement of the witness or of the contents of the document, and the identity and location of the witness or document shall be included in the certificate. For purposes of this section, a fact is corroborative of an allegation if it confirms or supports the allegation. The opinion of any mental health practitioner concerning the plaintiff shall not constitute a corroborative fact for purposes of this section.

(2) Where the application to name a defendant is made prior to that defendant’s appearance in the action, neither the application nor the certificate of corroborative fact by the attorney shall be served on the defendant or defendants, nor on any other party or their counsel of record.

(3) Where the application to name a defendant is made after that defendant’s appearance in the action, the application shall be served on all parties and proof of service provided to the court, but the certificate of corroborative fact by the attorney shall not be served on any party or their counsel of record.

(o) The court shall review the application and the certificate of corroborative fact in camera and, based solely on the certificate and any reasonable inferences to be drawn from the certificate, shall, if one or more facts corroborative of one or more of the charging allegations against a defendant has been shown, order that the complaint may be amended to substitute the name of the defendant or defendants.

(p) The court shall keep under seal and confidential from the public and all parties to the litigation, other than the plaintiff, any and all certificates of corroborative fact filed pursuant to subdivision (n).

(q) Upon the favorable conclusion of the litigation with respect to any defendant for whom a certificate of merit was filed or for whom a certificate of merit should have been filed pursuant to this section, the court may, upon the motion of a party or upon the court’s own motion, verify compliance with this section by requiring the attorney for the plaintiff who was required by subdivision (h) to execute the certificate to reveal the name, address, and telephone number of the person or persons consulted with pursuant to subdivision (h) that were relied upon by the attorney in preparation of the certificate of merit. The name, address, and telephone number shall be disclosed to the trial judge in camera and in the absence of the moving party. If the court finds there
has been a failure to comply with this section, the court may order a party, a party’s attorney, or both, to pay any reasonable expenses, including attorney’s fees, incurred by the defendant for whom a certificate of merit should have been filed.

(r) The amendments to this section enacted at the 1990 portion of the 1989–90 Regular Session shall apply to any action commenced on or after January 1, 1991, including any action otherwise barred by the period of limitations in effect prior to January 1, 1991, thereby reviving those causes of action which had lapsed or technically expired under the law existing prior to January 1, 1991.

(s) The Legislature declares that it is the intent of the Legislature, in enacting the amendments to this section enacted at the 1994 portion of the 1993–94 Regular Session, that the express language of revival added to this section by those amendments shall apply to any action commenced on or after January 1, 1991.

(t) Nothing in the amendments to this section enacted at the 1998 portion of the 1997–98 Regular Session is intended to create a new theory of liability.

(u) The amendments to subdivision (a) of this section, enacted at the 1998 portion of the 1997–98 Regular Session, shall apply to any action commenced on or after January 1, 1999, and to any action filed prior to January 1, 1999, and still pending on that date, including any action or causes of action which would have been barred by the laws in effect prior to January 1, 1999. Nothing in this subdivision is intended to revive actions or causes of action as to which there has been a final adjudication prior to January 1, 1999.

CHAPTER 150

An act to amend Sections 21300, 21305, and 21320 of the Probate Code, relating to wills.

[Approved by Governor July 10, 2002. Filed with Secretary of State July 11, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 21300 of the Probate Code is amended to read:
21300. As used in this part:
(a) “Contest” means any action identified in a “no contest clause” as a violation of the clause. The term includes both direct and indirect contests.
(b) “Direct contest” in an instrument or in this chapter means a pleading in a proceeding in any court alleging the invalidity of an instrument or one or more of its terms based on one or more of the following grounds:

1. Revocation.
2. Lack of capacity.
3. Fraud.
5. Menace.
6. Duress.
8. Mistake.
9. Lack of due execution.
10. Forgery.

(c) “Indirect contest” means a pleading in a proceeding in any court that indirectly challenges the validity of an instrument or one or more of its terms based on any other ground not contained in subdivision (b), and that does not contain any of those grounds.

(d) “No contest clause” means a provision in an otherwise valid instrument that, if enforced, would penalize a beneficiary if the beneficiary files a contest with the court.

SEC. 2. Section 21305 of the Probate Code is amended to read:

21305. (a) For instruments executed on or after January 1, 2001, the following actions do not constitute a contest unless expressly identified in the no contest clause as a violation of the clause:

1. The filing of a creditor’s claim or prosecution of an action based upon it.
2. An action or proceeding to determine the character, title, or ownership of property.
3. A challenge to the validity of an instrument, contract, agreement, beneficiary designation, or other document, other than the instrument containing the no contest clause.

(b) Except as provided in subdivision (d), notwithstanding anything to the contrary in any instrument, the following proceedings do not violate a no contest clause as a matter of public policy:

1. A pleading seeking relief under Chapter 3 (commencing with Section 15400) of Part 2 of Division 9.
2. A pleading under Part 3 (commencing with Section 1800) of Division 4.
3. A pleading under Part 2 (commencing with Section 4100) of Division 4.5.
4. A pleading regarding an order annulling a marriage of the person who executed the instrument containing the no contest clause.
5. A pleading pursuant to Section 2403.
(6) A pleading challenging the exercise of a fiduciary power.

(7) A pleading regarding the appointment of a fiduciary or the removal of a fiduciary.

(8) A pleading regarding an accounting or report of a fiduciary.

(9) A pleading regarding the interpretation of the instrument containing the no contest clause or an instrument or other document expressly identified in the no contest clause.

(10) A pleading regarding the approval of a settlement or compromise whether or not it affects the terms of an instrument.

(11) A pleading regarding the reformation of an instrument to carry out the intention of the person creating the instrument.

(12) A petition to compel an accounting or report of a fiduciary, if that accounting or report is not waived by the instrument. If the instrument waives an accounting or report of a fiduciary, a petition to determine if subdivision (a) of Section 16064 applies does not constitute a violation of a no contest clause.

(c) Subdivision (a) does not apply to a codicil or amendment to an instrument that was executed on or after January 1, 2001, unless the codicil or amendment adds a no contest clause or amends a no contest clause contained in an instrument executed before January 1, 2001.

(d) Subdivision (b) shall apply only to instruments of decedents dying on or after January 1, 2001, and to documents that become irrevocable on or after January 1, 2001. However, paragraphs (9), (11), and (12) of subdivision (b) shall only apply to instruments of decedents dying on or after January 1, 2003, and to documents that become irrevocable on or after January 1, 2003.

(e) The provisions of paragraphs (6), (9), and (11) of subdivision (b) do not apply if the court finds that the filing of the pleading is a direct contest of an instrument or any of its terms, as defined in Section 21300.

(f) The term “pleading” in subdivision (b) includes a petition, complaint, response, objection, or other document filed with the court that expresses the position of a party to the proceedings.

SEC. 3. Section 21320 of the Probate Code is amended to read:

21320. (a) If an instrument containing a no contest clause is or has become irrevocable, a beneficiary may apply to the court for a determination of whether a particular motion, petition, or other act by the beneficiary, including, but not limited to, creditor claims under Part 4 (commencing with Section 9000) of Division 7, Part 8 (commencing with Section 19000) of Division 9, an action pursuant to Section 21305, and an action under Part 7 (commencing with Section 21700) of Division 11, would be a contest within the terms of the no contest clause.

(b) A no contest clause is not enforceable against a beneficiary to the extent an application under subdivision (a) is limited to the procedure and purpose described insubdivision (a).
(c) A determination under this section of whether a proposed motion, petition, or other act by the beneficiary violates a no contest clause may not be made if a determination of the merits of the motion, petition, or other act by the beneficiary is required.

(d) A determination of whether Section 21306 or 21307 would apply in a particular case may not be made under this section.

(p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

(q) A pupil may not be suspended or expelled for any of the acts enumerated unless that act is related to school activity or school attendance occurring within a school under the jurisdiction of the superintendent or principal or occurring within any other school district. (s) A superintendent or principal may use their discretion to provide alternatives to suspension or expulsion, including, but not limited to, counseling and an anger management program, for a pupil subject to discipline under this section.

(t) It is the intent of the Legislature that alternatives to suspensions or expulsion be imposed against any pupil who is truant, tardy, or otherwise absent from school activities.

CHAPTER 152

An act to add Sections 7093.6, 9278, 50156.18, and 55046.5 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor July 11, 2002. Filed with Secretary of State July 12, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 7093.6 is added to the Revenue and Taxation Code, to read:

7093.6. (a) (1) Beginning January 1, 2003, the executive director and chief counsel of the board, or their delegates, may compromise any final tax liability in which the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a
final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, “a final tax liability” means any final tax liability arising under Part 1 (commencing with Section 6001), Part 1.5 (commencing with Section 7200), Part 1.6 (commencing with Section 7251), and Part 1.7 (commencing with Section 7280) or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(d) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:
   (A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer’s present assets or income.
   (B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(e) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(f) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(g) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance of an offer in compromise from one liable taxpayer shall not relieve the other taxpayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(h) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for a least one year in the office of the executive director
of the board a public record with respect to that compromise. The public record shall include all of the following information:

1. The name of the taxpayer.
2. The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.
3. The amount offered.
4. A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 7056. No list shall be prepared and no releases distributed by the board in connection with these statements.

i) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

1. The board determines that any person did any of the following acts regarding the making of the offer:
   A. Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.
   B. Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

2. The taxpayer fails to comply with any of the terms and conditions relative to the offer.

j) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned not more than three years, or both, together with the costs of investigation and prosecution:

1. Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

2. Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

k) For purposes of this section, “person” means the taxpayer, any member of the taxpayer’s family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of,
the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

SEC. 2. Section 9278 is added to the Revenue and Taxation Code, to read:

9278. (a) (1) Beginning January 1, 2003, the executive director and chief counsel of the board, or their delegates, may compromise any final tax liability in which the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, “a final tax liability” means any final tax liability arising under Part 3 (commencing with Section 8601), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(d) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(e) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of
a final tax liability shall not be subject to administrative appeal or judicial review.

(f) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(g) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance of an offer in compromise from one liable taxpayer shall not relieve the other taxpayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(h) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

1. The name of the taxpayer.
2. The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.
3. The amount offered.
4. A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 9255. No list shall be prepared and no releases distributed by the board in connection with these statements.

(i) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

1. The board determines that any person did any of the following acts regarding the making of the offer:
   A. Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.
   B. Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.
2. The taxpayer fails to comply with any of the terms and conditions relative to the offer.
(j) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned not more than three years, or both, together with the costs of investigation and prosecution:

1. Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

2. Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(k) For purposes of this section, “person” means the taxpayer, any member of the taxpayer’s family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

SEC. 3. Section 50156.18 is added to the Revenue and Taxation Code, to read:

50156.18. (a) (1) Beginning January 1, 2003, the executive director and chief counsel of the board, or their delegates, may compromise any final fee liability in which the reduction of the fee is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final fee liability involving a reduction in the fee in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final fee liability in which the reduction of the fee is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, “a final fee liability” means any final fee liability arising under Part 26 (commencing with Section 50101), or related interest, additions to the fee, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the feepayer making the offer no longer has a
controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(d) For amounts to be compromised under this section, the following conditions shall exist:

1. The feepayer shall establish that:
   A. The amount offered in payment is the most that can be expected to be paid or collected from the feepayer’s present assets or income.
   B. The feepayer does not have reasonable prospects of acquiring increased income or assets that would enable the feepayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

2. The board shall have determined that acceptance of the compromise is in the best interest of the state.

(e) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final fee liability shall not be subject to administrative appeal or judicial review.

(f) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the feepayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the feepayer.

(g) When more than one feepayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance of an offer in compromise from one liable feepayer shall not relieve the other feepayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(h) Whenever a compromise of the fee or penalties or total fees and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

1. The name of the feepayer.
2. The amount of unpaid fees and related penalties, additions to fees, interest, or other amounts involved.
3. The amount offered.
4. A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the feepayer or violate the confidentiality provisions of Chapter 8 of Article
2 (commencing with Section 50156). No list shall be prepared and no releases distributed by the board in connection with these statements.

(i) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

1. The board determines that any person did any of the following acts regarding the making of the offer:
   A. Concealed from the board any property belonging to the estate of any feepayer or other person liable for the fee.
   B. Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the feepayer or other person liable for the fee.

2. The feepayer fails to comply with any of the terms and conditions relative to the offer.

(j) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned not more than three years, or both, together with the costs of investigation and prosecution:

CHAPTER 155

An act to add Section 6718 to the Government Code, relating to Juneteenth National Freedom Day.

[Approved by Governor July 11, 2002. Filed with Secretary of State July 12, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:
(a) Juneteenth National Freedom Day, also known as “Emancipation Day,” “Emancipation Celebration,” “Freedom Day,” “Jun-Jun,” and “Juneteenth,” was first observed 136 years ago and is the oldest and only African American holiday observance in the United States.
(b) Juneteenth National Freedom Day commemorates the strong survival instinct of African Americans who were first brought to this country stacked in the bottom of slave ships in a monthlong journey across the Atlantic Ocean known as the “Middle Passage”.
(c) Events in the history of the United States that led to the start of the Civil War in 1861 centered on sectional differences between the North and the South that were based on the economic and social divergence caused by the existence of slavery. In 1862, the first clear signs that the end of slavery was imminent appeared when laws abolishing slavery were adopted in the territories of Oklahoma, Nebraska, Colorado, and New Mexico.
(d) In September 1862, President Lincoln issued the celebrated Emancipation Proclamation, warning the rebellious Confederate states that he would declare their slaves “forever free” if those states did not return to the Union by January 1, 1863. Enforcement of the Emancipation Proclamation occurred only in Confederate states that were under Union Army control.
(e) On January 31, 1865, Congress passed the Thirteenth Amendment to the United States Constitution, which abolished slavery throughout the United States and its territories. Spontaneous celebration
erupted throughout the country when African Americans learned of their freedom. Juneteenth, or June 19, 1865, is considered the date when the last slaves in America were freed when General Gordon Granger rode into Galveston, Texas, and issued General Order No. 3, almost two and one-half years after President Lincoln issued the Emancipation Proclamation.

(f) Observance of Juneteenth National Freedom Day, a reminder of emancipation, spread from Texas to the neighboring States of Louisiana, Arkansas, and Oklahoma, as well as Alabama, Florida, and California, where many African American Texans migrated. Juneteenth National Freedom Day symbolizes freedom, celebrates the abolishment of slavery, and reminds all Americans of the significant contributions of African Americans to our society.

(g) A growing number of American and African American cultural institutions have sponsored Juneteenth cultural events designed to make all Americans aware of this celebration, including the Smithsonian Institution National Museum of American History in Washington, DC, the Chicago Historical Society, the Black Archives of Mid-America, Inc., in Kansas City, Missouri, the Los Angeles Cultural Center, the Henry Ford Museum and Greenfield Village in Detroit, the Museum of African American Life and Culture in Dallas, Juneteenth America, Inc., of Ontario, California, and the National Juneteenth Observance Foundation. Juneteenth celebrations are a tribute to those African Americans who fought so long and worked so hard to make the dream of equality a reality.

SEC. 2. Section 6718 is added to the Government Code, to read:

6718. The Governor shall proclaim the third Saturday in June of each year to be known as “Juneteenth National Freedom Day: A day of observance,” to urge the people of California in celebrating this day to honor and reflect on the significant role that African Americans have played in the history of the United States and how African Americans have enriched society through their steadfast commitment to promoting brotherhood and equality.

This section shall not be construed to be applicable to any writings solely because they are properly discussed in a closed session of a state body. Nothing in this article shall be construed to require a state body to place any paid advertisement or any other paid notice in any publication.

(f) “Writing” for purposes of this section means “writing” as defined under Section 6252.

(c) (1) Notwithstanding any provision of this section, any marketing order for fluid milk may contain in its advertising and sales promotion plan provisions to allocate funds for promotions of cheese, ice cream, or

(4) The city may charge a fee that is reasonably related to the costs of providing notice pursuant to this subdivision. The city may require each request to be annually renewed.

(5) Failure of the requesting person to receive the information pursuant to this subdivision shall not constitute grounds for any court to invalidate an otherwise properly adopted ordinance or amendment to an ordinance.

At the time of the development of the expenditure plan, the commission shall use population data from the most recent United States census, and shall take into account estimated increases in population over the 20-year period projected by the Association of Bay Area Governments.

(2) Projects included in the expenditure plan shall be consistent with the commission’s regional transportation plan, a congestion management program, or a countywide transportation plan. The commission shall, in prioritizing projects in the expenditure plan, give additional consideration to projects where local land use policies reduce dependence on single-occupant motor vehicle travel. The expenditure plan development process shall include consultation with cities, counties, transit operators, congestion management agencies, and other interested groups.

(3) Cost estimates for each project shall be prepared by the commission, in consultation with project sponsors, and verified by an independent cost-estimating firm retained by the commission for that purpose. Estimates of other funding required to complete any project shall be based on an estimate of funds reasonably expected to be available during the 20-year period commencing with the year that the tax is initially imposed.

(4) To be eligible for inclusion in the expenditure plan, a project shall meet at least one of the following regional transportation needs:

(A) Fund maintenance and rehabilitation of local streets and roads, sidewalks, or bicycle routes, or close a gap in the local street and road system.

(B) Fund capital or operating expenses of public transit systems.

(C) Fund transit expansion projects in the commission’s Resolution 3434, Regional Transit Expansion Program as contained in the commission’s regional transportation plan.
(D) Provide an alternative to single occupancy automobile travel.

(E) Improve safety on specific roadway segments where accident or fatality rates exceed the expected rate for those segments over a multiyear timeframe, including, but not limited to, expansion or realignment of the roadway.

(F) Improve the operational efficiency of the existing roadway system without a physical expansion of the system. However, expansion projects to reconfigure existing interchanges are eligible for inclusion in the plan.

(G) Fund implementation of the requirements of the federal Americans with Disabilities Act of 1990 (P.L. 101-336), or those requirements as revised, on public transit systems and other transportation-related facilities.

(H) Fund seismic retrofitting of transportation facilities.

(I) Fund intermodal freight or passenger facilities.

(J) Fund transportation enhancement activities, including projects consistent with the commission’s Transportation for Livable Communities (TLC) Program and the Housing Incentive Program (HIP).

(K) Defray interest costs and other expenses associated with the issuance of revenue bonds or revenue anticipation notes.

(5) If not otherwise available, sufficient funding shall be included in the cost estimates and expenditure plan presented to the voters to operate and maintain each included project for the duration of the tax.

CHAPTER  162

An act to add and repeal Section 53601.7 of the Government Code, relating to local government.

[Approved by Governor July 11, 2002. Filed with Secretary of State July 12, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601.7 is added to the Government Code, to read:

53601.7. Notwithstanding the investment parameters of Sections 53601 and 53635, a local agency that is a county or a city and county may invest any portion of the funds that it deems wise or expedient, using the following criteria:

(a) No investment shall be made in any security, other than a security underlying a repurchase or reverse purchase agreement, that, at the time
of purchase, has a term remaining to maturity in excess of 397 days, and that would cause the dollar-weighted average maturity of the funds in the investment pool to exceed 90 days.

(b) All corporate and depository institution investments shall meet or exceed the following credit rating criteria at time of purchase:

(1) Short-term debt shall be rated at least “A-1” by Standard & Poor’s Corporation, “P-1” by Moody’s Investors Service, Inc., or “F-1” by Fitch Ratings. If the issuer of short-term debt has also issued long-term debt, this long-term debt rating shall be rated at least “A,” without regard to +/- or 1, 2, 3 modifiers, by Standard & Poor’s Corporation, Moody’s Investors Service, Inc., or Fitch Ratings.

(2) Long-term debt shall be rated at least “A,” without regard to +/- or 1, 2, 3 modifiers, by Standard & Poor’s Corporation, Moody’s Investors Service, Inc., or Fitch Ratings.

(c) No more than 5 percent of the total assets of the investments held by a local agency may be invested in the securities of any one issuer, except the obligations of the United States government, United States government agencies, and United States government-sponsored enterprises. No more than 10 percent may be invested in any one mutual fund.

(d) Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. A later increase or decrease in a percentage resulting from a change in values or assets shall not constitute a violation of that restriction. If subsequent to purchase, securities are downgraded below the minimum acceptable rating level, the securities shall be reviewed for possible sale within a reasonable amount of time after the downgrade.

(e) Within the limitations set forth in this section, a local agency electing to invest its funds pursuant to this section may invest in the following securities:

(1) Direct obligations of the United States Treasury or any other obligation guaranteed as to principal and interest by the United States government.

(2) Bonds, notes, debentures, or any other obligations of, or securities issued by, any federal government agency, instrumentality, or government-sponsored enterprise.

(3) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or other entity of the state.

(4) Bonds, notes, warrants, or other indebtedness of the local agency, or any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled,
or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(5) Bankers Acceptance, otherwise known as bills of exchange or time drafts drawn on and accepted by a commercial bank, primarily used to finance international trade. Purchases of bankers acceptances may not exceed 180 days to maturity.

(6) Short-term unsecured promissory notes issued by corporations for maturities of 270 days or less. Eligible commercial paper is further limited to the following:

(A) Issuing corporations that are organized and operating within the United States, having total assets in excess of five hundred million dollars ($500,000,000).

(B) Maturities for eligible commercial paper that may not exceed 270 days and may not represent more than 10 percent of the outstanding paper of an issuing corporation.

(7) A certificate representing a deposit of funds at a commercial bank for a specified period of time and for a specified return at maturity. Eligible certificates of deposit shall be issued by a nationally or state-chartered bank or a state or federal association, as defined in Section 5102 of the Financial Code, or by a state-licensed branch of a foreign bank. For purposes of this subdivision, certificates of deposits shall not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638. The legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the money may not invest local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or any person with investment decisionmaking authority in the administrative office, manager’s office, budget office, auditor-controller’s office, or treasurer’s office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, other credit committee or the supervisory committee of the state or federal credit union issuing the negotiable certificate of deposit.

(8) Repurchase agreements, reverse repurchase agreements, or securities lending agreements of any securities authorized by this section, if the agreements meet the requirements of this paragraph and the delivery requirements specified in Section 53601. Investments in repurchase agreements may be made, on any investment authorized by this section, when the term of the agreement does not exceed one year. The market value of the securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities, and the value shall be adjusted no less than quarterly.
Because the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance with this section if the value of the underlying securities is brought back to 102 percent no later than the next business day. Reverse repurchase agreements may be utilized only when all of the following criteria are met:

(A) The security being sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to the sale.

(B) The total of all reverse repurchase agreements on investments owned by the local agency not purchased or committed to purchase does not exceed 20 percent of the market value of the portfolio.

(C) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement and the final maturity date of the same security.

(D) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement, may not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(E) Investments in reverse repurchase agreements or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security, shall only be made with prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of New York or with a nationally or state-chartered bank that has or has had a significant banking relationship with a local agency.

"Securities," for purposes of this paragraph, means securities of the same issuer, description, issue date, and maturity.

(9) All debt securities issued by a corporation or depository institution with a remaining maturity of not more than 397 days, including securities specified as "medium-term notes," as well as other debt instruments originally issued with maturities longer than 397 days, but which, at time of purchase, have a final maturity of 397 days or less. Eligible medium-term notes shall be issued by corporations organized and operating within the United States or by depository institutions
(10) (A) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations described in this subdivision and that comply with the investment restrictions of this section. However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement shall not be required to be a primary dealer of the Federal Reserve Bank of New York if the company’s board of directors finds that the counterparty presents a minimal risk of default. The value of the securities underlying a repurchase agreement may be 100 percent of the sales price if the securities are marked to market daily.

(B) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the federal Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 and following).

(C) All shares of beneficial interest described in this paragraph shall have met either of the following criteria:

(i) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(ii) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission and who has not less than five years’ experience investing in money market instruments and with assets under management in excess of five hundred million dollars ($500,000,000).

(11) Any mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable passthrough certificate, or consumer receivable-backed bond.

Securities eligible for investment under this paragraph shall be issued by an issuer having an “A” or higher rating from the issuer’s debt as provided by a nationally recognized rating service and rated in a rating category of “AA” or its equivalent or better by a national recognized rating.

(12) Contracts issued by insurance companies that provide the policyholder with the right to receive a fixed or variable rate of interest and the full return of principal at the maturity date.

(13) Any investments that would qualify under SEC Rule 2a-7 of the Investment Company Act of 1940 guidelines. These investments shall also meet the limitations detailed in this section.

(f) For purposes of this section, all of the following definitions shall apply:
(1) “Repurchase agreement” means a purchase of securities pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement.

(2) “Significant banking relationship” means any of the following activities of a bank:
   (A) Involvement in the creation, sale, purchase, or retirement of a local agency’s bands, warrants, notes or other evidence of indebtedness.
   (B) Financing of a local agency’s securities or funds as deposits.
   (C) Acceptance of a local agency’s securities or funds as deposits.

(3) “Reverse repurchase agreement” means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(4) “Securities lending agreement” means an agreement with a local agency that agrees to transfer securities to a borrower who, in turn agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(5) “Local agency” means a county or city and county.

(g) For purposes of this section, the base value of the local agency’s pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, or other similar borrowing methods.

(h) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(i) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

CHAPTER  165

An act to amend Section 32228.1 of the Education Code, relating to instruction.

[Approved by Governor July 11, 2002. Filed with Secretary of State July 12, 2002.]
SECTION 1. The Legislature hereby finds and declares that over the past decade school violence, specifically “school terrorism,” has increased dramatically. There has been reported 27 shooting incidents since 1992. In recent years, the frequency of these violent acts have increased 73 percent. Nineteen of these incidents have occurred in the last three and one-half years. California has not been immune from these attacks. There have been five reported school shootings since 1998. Many more shootings have escaped media attention.

In nearly all of these cases the perpetrator has either made statements threatening future violence or engaged in overt behavior commonly associated with criminal violence prior to the shooting. Those who were aware of this behavior often did not report their concerns to school officials or law enforcement.

The Legislature further finds and declares that there is a compelling need to encourage students, educators, and parents to report threats of violence and violent behavior of pupils and others that pose a danger to school safety.

SEC. 2. Section 32228.1 of the Education Code is amended to read:

32228.1. (a) This act shall be known as the School Safety and Violence Prevention Act. This statewide program shall be administered by the Superintendent of Public Instruction, who shall provide funds to school districts serving pupils in any of grades 8 to 12, inclusive, for the purpose of promoting school safety and reducing schoolsite violence. As a condition of receiving funds pursuant to this article, an eligible school district shall certify, on forms and in a manner required by the Superintendent of Public Instruction, that the funds will be used as described.

(b) From funds appropriated in the annual Budget Act or any other measure, funds shall be allocated to school districts on the basis of prior year enrollment, as reported by the California Basic Educational Data System, of pupils in any of grades 8 to 12, inclusive, for any one or more of the following purposes:

1. Providing schools with personnel, including, but not limited to, licensed or certificated school counselors, school social workers, school nurses, and school psychologists, who are trained in conflict resolution. Any law enforcement personnel hired pursuant to this article shall be trained and sworn peace officers.

2. Providing effective and accessible on-campus communication devices and other school safety infrastructure needs.

3. Establishing an in-service training program for school staff to learn to identify at-risk pupils, to communicate effectively with those pupils, and to refer those pupils to appropriate counseling.
(4) Providing and implementing instructional curricula and materials designed to equip pupils with skills and understanding necessary to prevent school violence by recognizing and reporting threats of school violence and school terrorism.

(5) Establishing cooperative arrangements with local law enforcement agencies for appropriate school-community relationships.

(6) Preventing and responding to acts of hate violence and bias-related incidents, including implementation of programs and instructional curricula consistent with the goals set forth in this section and guidelines developed pursuant to paragraph (1) of subdivision (b) of Section 233.

(7) For any other purpose that the school or school district determines that would materially contribute to meeting the goals and objectives of current law in providing for safe schools and preventing violence among pupils.

CHAPTER 166

An act to amend Section 53082 of the Education Code, relating to instruction.

[Approved by Governor July 11, 2002. Filed with Secretary of State July 12, 2002.]

The Interagency Partnership for School-to-Career Programs may, as it deems necessary, require additional participation from other parties including, but not limited to, community-based organizations, national trade associations, industrial extension centers, rehabilitation agencies and organizations, proprietary institutions of higher education, local government agencies, parent organizations, teacher organizations, private industry councils, and federally recognized Native American tribes and Native American organizations.

(7) An instructional program advising pupils of an employee’s and employer’s rights and obligations in the workplace.
(8) Accountability measurements shall demonstrate increased academic performance, postsecondary enrollment, decreased dropout rates, transition to appropriate employment, apprenticeship, or any other job training school when applicable, and measurements of pupil, parent, and employer satisfaction.

[Approved by Governor July 11, 2002. Filed with Secretary of State July 12, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 15621 of the Corporations Code is amended to read:

15621. (a) In order to form a limited partnership the general partners shall execute, acknowledge, and file a certificate of limited partnership and, either before or after the filing of a certificate, the partners shall have entered into a partnership agreement. The certificate shall be filed in the office of, and on a form prescribed by, the Secretary of State and shall set forth all of the following:

(1) The name of the limited partnership.
(2) The street address of the principal executive office.
(3) The names and addresses of the general partners.
(4) The name and address of the agent for service of process required to be maintained by Section 15614, unless a corporate agent is designated, in which case only the name of the agent shall be set forth.
(5) Any other matters the person filing the certificate determines to include.

(b) A limited partnership is formed at the time of the filing of the certificate of limited partnership in the office of the Secretary of State. There shall be no requirement that any partner have a preexisting relationship with any other partner in order to form a limited partnership.

(c) For all purposes, a copy of the certificate of limited partnership duly certified by the Secretary of State is conclusive evidence of the formation of a limited partnership and prima facie evidence of its existence.

(d) A limited partnership may record in the office of the county recorder of any county in this state a certified copy of the certificate of limited partnership, or any amendment thereto, which has been filed in the office of the Secretary of State. A foreign limited partnership may record in the office of the county recorder of any county in the state a certified copy of the application for registration, together with the certificate of registration, referred to in Section 15692, or any amendment thereto, which has been filed in the office of the Secretary of State. The recording shall create a conclusive presumption in favor of any bona fide purchaser or encumbrancer for value of the partnership real property located in the county in which the certified copy has been recorded, that the persons named as general partners therein are the general partners of the partnership named and that they are all of the general partners of the partnership, and the recording shall also create such other presumptions as provided in Section 15010.5.

(e) The Secretary of State may cancel the filing of certificates of limited partnership if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier’s check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the original filing.

(f) The Secretary of State shall include with instructional materials, provided in conjunction with the form for filing a certificate of limited partnership under subdivision (a), a notice that the filing of the certificate of limited partnership will obligate the limited partnership to pay an annual tax for that taxable year to the Franchise Tax Board pursuant to Section 17935 of the Revenue and Taxation Code. That notice shall be updated annually to specify the dollar amount of the annual tax.

SEC. 2. Section 15692 of the Corporations Code is amended to read:
15692. Before transacting intrastate business in this state, a foreign limited partnership shall register with the Secretary of State. (b) The state or country and date of its formation and a statement that the foreign limited partnership is authorized to exercise its powers and privileges in such state or country of formation.

(c) The name and address of an agent for service of process on the foreign limited partnership meeting the qualifications specified in paragraph (1) of subdivision (d) of Section 15627.

(d) A statement that the Secretary of State is appointed the agent of the foreign limited partnership for service of process if the agent has resigned and has not been replaced or if the agent cannot be found or served with the exercise of reasonable diligence.

(e) The address of the principal executive office of the foreign limited partnership and of its principal office in this state, if any.

(f) The names and business or residence addresses of the general partners.

(g) The Secretary of State may cancel the application and certificate of registration of a foreign limited partnership if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier’s check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the original filing.

(h) The Secretary of State shall include with instructional materials, provided in conjunction with registering as a foreign limited partnership, a notice that registration under this section will obligate the limited partnership to pay an annual tax for that taxable year to the Franchise Tax Board pursuant to Section 17935 of the Revenue and Taxation Code. That notice shall be updated annually to specify the dollar amount of the annual tax.

SEC. 3. Section 16953 of the Corporations Code is amended to read:
16953. (a) To become a registered limited liability partnership, a partnership, other than a limited partnership, shall file with the Secretary of State a registration, executed by one or more partners authorized to execute a registration, stating all of the following:

(1) The name of the partnership.
(2) The address of its principal office.
(3) The name and address of the agent for service of process on the limited liability partnership in California.

Thereafter, if the amount has not been paid by cashier’s check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the date of the original filing.

(e) A partnership becomes a registered limited liability partnership at the time of the filing of the initial registration with the Secretary of State or at any later date or time specified in the registration and the payment of the fee required by subdivision (b). A partnership continues as a registered limited liability partnership until a notice that it is no longer a registered limited liability partnership has been filed pursuant to subdivision (b) of Section 16954 or, if applicable, until it has been dissolved and finally wound up. The status of a partnership as a registered limited liability partnership and the liability of a partner of the registered limited liability partnership shall not be adversely affected by errors or subsequent changes in the information stated in a registration under subdivision (a) or an amended registration or notice under Section 16954.

(f) The fact that a registration or amended registration pursuant to this section is on file with the Secretary of State is notice that the partnership
is a registered limited liability partnership and of those other facts contained therein that are required to be set forth in the registration or amended registration.

That notice shall be updated annually to specify the dollar amount of the tax.

(h) A limited liability partnership providing professional limited liability partnership services in this state shall comply with all statutory and administrative registration or filing requirements of the state board, commission, or other agency that prescribes the rules and regulations governing the particular profession in which the partnership proposes to engage, pursuant to the applicable provisions of the Business and Professions Code relating to that profession. The state board, commission, or other agency shall not disclose, unless compelled by a subpoena or other order of a court of competent jurisdiction, any information it receives in the course of evaluating the compliance of a limited liability partnership with applicable statutory and administrative registration or filing requirements, provided that nothing in this section shall be construed to prevent a state board, commission, or other agency from disclosing the manner in which the limited liability partnership has complied with the requirements of Section 16956, or the compliance or noncompliance by the limited liability partnership with any other requirements of the state board, commission, or other agency.

SEC. 4. Section 16959 of the Corporations Code is amended to read:

16959. (a) (1) Before transacting intrastate business in this state, a foreign limited liability partnership shall comply with all statutory and administrative registration or filing requirements of the state board, commission, or agency that prescribes the rules and regulations governing a particular profession in which the partnership proposes to be engaged, pursuant to the applicable provisions of the Business and Professions Code relating to the profession or applicable rules adopted by the governing board. A foreign limited liability partnership that transacts intrastate business in this state shall within 30 days after the effective date of the act enacting this section or the date on which the foreign limited liability partnership first transacts intrastate business in this state, whichever is later, register with the Secretary of State by submitting to the Secretary of State an application for registration as a

(2) Annexed to the application for registration shall be a certificate from an authorized public official of the foreign limited liability partnership’s jurisdiction of organization to the effect that the foreign limited liability partnership is in good standing in that jurisdiction, if the laws of that jurisdiction permit the issuance of those certificates, or, in the alternative, a statement by the foreign limited liability partnership that the laws of its jurisdiction of organization do not permit the issuance of those certificates.

(b) The registration shall be accompanied by a fee as set forth in subdivision (b) of Section 12189 of the Government Code.

(c) The Secretary of State shall register as a foreign limited liability partnership any partnership that submits a completed application for registration with the required fee.

(d) The Secretary of State may cancel the filing of the registration if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier’s check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the original filing.

(e) A partnership becomes registered as a foreign limited liability partnership at the time of the filing of the initial registration with the Secretary of State or at any later date or time specified in the registration and the payment of the fee required by subdivision (b). A partnership continues to be registered as a foreign limited liability partnership until a notice that it is no longer so registered as a limited liability partnership has been filed pursuant to Section 16960 or, if applicable, once it has been dissolved and finally wound up. The status of a partnership registered as a foreign limited liability partnership and the liability of a partner of that foreign limited liability partnership shall not be adversely affected by errors or subsequent changes in the information stated in an application for registration under subdivision (a) or an amended registration or notice under Section 16960.

SECTION 1. Section 710 of the Corporations Code is amended to read:

710. (a) This section applies to a corporation with outstanding shares held of record by 100 or more persons (determined as provided in Section 605) which files an amendment of articles or certificate of determination containing a “supermajority vote” provision on or after January 1, 1989; provided that this section shall not apply to a corporation which files an amendment of articles or certificate of determination on or after January 1, 1994, if, at the time of filing, the corporation has (1) outstanding shares of more than one class or series of stock; (2) no class of equity securities registered under Section 12(b) or 12(g) of the Securities Exchange Act of 1934; and (3) outstanding securities held of record by fewer than 300 persons determined as provided by Section 605.

(b) A “supermajority vote” is a requirement set forth in the articles or in a certificate of determination authorized under any provision of this division that specified corporate action or actions be approved by a larger proportion of the outstanding shares than a majority, or by a larger proportion of the outstanding shares of a class or series than a majority, but no supermajority vote which is subject to this section shall require a vote in excess of 66²/₃ percent of the outstanding shares or 66²/₃ percent of the outstanding shares of any class or series of those shares.

(c) An amendment of the articles or a certificate of determination that includes a supermajority vote requirement shall be approved by at least as large a proportion of the outstanding shares (Section 152) as is required pursuant to that amendment or certificate of determination for the approval of the specified corporate action or actions. The supermajority vote requirement shall cease to be effective two years after the filing of the most recent filing of the amendment or certificate of
determination to adopt or readopt the supermajority vote requirement. At any time within one year before the applicable expiration date, a supermajority vote requirement may be renewed, and at any time after the expiration date, a supermajority vote requirement may again be made effective for another two-year period, by readopting the provision and filing a certificate of amendment pursuant to, and subject to the limitations of, this subdivision. If the provision is not readopted in this manner, then the particular corporate action or actions previously subject to the supermajority vote shall thereafter require a vote of only a majority of either the outstanding shares or the shares of the specified class or series which had previously been subject to the supermajority vote provision, whichever the case may be.

(d) The amendments made to this section by the act amending this section in the 2001–02 Regular Session shall not affect the rights of minority shareholders existing under law.

However, nothing in this division shall require the disclosure of that portion of those investigative files that reflect the analysis or conclusions of the investigating officer.

Notwithstanding any other provision of this subdivision, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 273a, 273d, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be deleted at the request of the victim, or the victim’s parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

CHAPTER 180

An act to add Section 2662 to the Probate Code, and to amend Sections 361 and 726 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor July 13, 2002. Filed with Secretary of State July 15, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 2662 is added to the Probate Code, to read:

2662. Whenever the court grants a petition removing the guardian or conservator of a minor ward or conservatee or tendering the resignation of the guardian or conservator of a minor ward or conservatee, if the court does not immediately appoint a successor guardian or conservator, the court shall at the same time appoint a responsible adult to make educational decisions for the minor until a successor guardian or conservator is appointed. Whenever the court suspends or limits the powers of the guardian or conservator to make educational decisions for a minor ward or conservatee, the court shall at the same time appoint a responsible adult to make educational decisions for the minor ward or conservatee until the guardian or conservator is again authorized to make educational decisions for the minor ward or conservatee. An individual who would have a conflict of interest in representing the child may not be appointed to make educational decisions. For purposes of this section, “an individual who would have a conflict of interest,” means a person having any interests that might restrict or bias his or her ability to make educational decisions, including, but not limited to, those conflicts of interest prohibited by Section 1126 of the Government Code, and the receipt of compensation or attorneys’ fees for the provision of services pursuant to this section.
A foster parent may not be deemed to have a conflict of interest solely because he or she receives compensation for the provision of services pursuant to this section.

SEC. 2. Section 361 of the Welfare and Institutions Code is amended to read:

361. (a) In all cases in which a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may limit the control to be exercised over the dependent child by any parent or guardian and shall by its order clearly and specifically set forth all those limitations. Any limitation on the right of the parent or guardian to make educational decisions for the child shall be specifically addressed in the court order. The limitations may not exceed those necessary to protect the child. Whenever the court specifically limits the right of the parent or guardian to make educational decisions for the child, the court shall at the same time appoint a responsible adult to make educational decisions for the child until one of the following occurs:

(1) The minor reaches 18 years of age, unless the child chooses not to make educational decisions for himself or herself, or is deemed by the court to be incompetent.

(2) Another responsible adult is appointed to make educational decisions for the minor pursuant to this section.

(3) The right of the parent or guardian to make educational decisions for the minor is fully restored.

(4) A successor guardian or conservator is appointed.

(5) The child is placed into long-term foster care pursuant to paragraph (3) of subdivision (g) of Section 366.21, Section 366.22, or Section 366.26, at which time the foster parent shall have the right to represent the child in educational matters pursuant to Section 56055 of the Education Code.

An individual who would have a conflict of interest in representing the child may not be appointed to make educational decisions. For purposes of this section, “an individual who would have a conflict of interest,” means a person having any interests that might restrict or bias his or her ability to make educational decisions, including, but not limited to, those conflicts of interest prohibited by Section 1126 of the Government Code, and the receipt of compensation or attorneys’ fees for the provision of services pursuant to this section. A foster parent may not be deemed to have a conflict of interest solely because he or she receives compensation for the provision of services pursuant to this section.

(b) Subdivision (a) may not be construed to limit the ability of a parent to voluntarily relinquish his or her child to the State Department of Social Services or to a licensed county adoption agency at any time
while the child is a dependent child of the juvenile court, if the department or agency is willing to accept the relinquishment.

(c) A dependent child may not be taken from the physical custody of his or her parents or guardian or guardians with whom the child resides at the time the petition was initiated unless the juvenile court finds clear and convincing evidence of any of the following:

(1) There is a substantial danger to the physical health, safety, protection, or physical or emotional well-being of the minor or would be if the minor were returned home, and there are no reasonable means by which the minor’s physical health can be protected without removing the minor from the minor’s parents’ or guardians’ physical custody. The fact that a minor has been adjudicated a dependent child of the court pursuant to subdivision (e) of Section 300 shall constitute prima facie evidence that the minor cannot be safely left in the custody of the parent or guardian with whom the minor resided at the time of injury. The court shall consider, as a reasonable means to protect the minor, the option of removing an offending parent or guardian from the home. The court shall also consider, as a reasonable means to protect the minor, allowing a nonoffending parent or guardian to retain custody as long as that parent or guardian presents a plan acceptable to the court demonstrating that he or she will be able to protect the child from future harm.

(2) The parent or guardian of the minor is unwilling to have physical custody of the minor, and the parent or guardian has been notified that if the minor remains out of their physical custody for the period specified in Section 366.25 or 366.26, the minor may be declared permanently free from their custody and control.

(3) The minor is suffering severe emotional damage, as indicated by extreme anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, and there are no reasonable means by which the minor’s emotional health may be protected without removing the minor from the physical custody of his or her parent or guardian.

(4) The minor or a sibling of the minor has been sexually abused, or is deemed to be at substantial risk of being sexually abused, by a parent, guardian, or member of his or her household, or other person known to his or her parent, and there are no reasonable means by which the minor can be protected from further sexual abuse or a substantial risk of sexual abuse without removing the minor from his or her parent or guardian, or the minor does not wish to return to his or her parent or guardian.

(5) The minor has been left without any provision for his or her support, or a parent who has been incarcerated or institutionalized cannot arrange for the care of the minor, or a relative or other adult custodian with whom the child has been left by the parent is unwilling or unable to provide care or support for the child and the whereabouts of the parent
is unknown and reasonable efforts to locate him or her have been unsuccessful.

(d) The court shall make a determination as to whether reasonable efforts were made to prevent or to eliminate the need for removal of the minor from his or her home or, if the minor is removed for one of the reasons stated in paragraph (5) of subdivision (c), whether it was reasonable under the circumstances not to make any of those efforts. The court shall state the facts on which the decision to remove the minor is based.

(e) The court shall make all of the findings required by subdivision (a) of Section 366 in either of the following circumstances:

(1) The minor has been taken from the custody of his or her parent or guardian and has been living in an out-of-home placement pursuant to Section 319.

(2) The minor has been living in a voluntary out-of-home placement pursuant to Section 16507.4.

SEC. 3. Section 726 of the Welfare and Institutions Code is amended to read:

726. (a) In all cases in which a minor is adjudged a ward or dependent child of the court, the court may limit the control to be exercised over the ward or dependent child by any parent or guardian and shall in its order, clearly and specifically set forth all those limitations, but no ward or dependent child shall be taken from the physical custody of a parent or guardian, unless upon the hearing the court finds one of the following facts:

(1) That the parent or guardian is incapable of providing or has failed or neglected to provide proper maintenance, training, and education for the minor.

(2) That the minor has been tried on probation while in custody and has failed to reform.

(3) That the welfare of the minor requires that custody be taken from the minor’s parent or guardian.

(b) Whenever the court specifically limits the right of the parent or guardian to make educational decisions for the minor, the court shall at the same time appoint a responsible adult to make educational decisions for the child until one of the following occurs:

(1) The minor reaches 18 years of age, unless the child chooses not to make educational decisions for himself or herself, or is deemed by the court to be incompetent.

(2) Another responsible adult is appointed to make educational decisions for the minor pursuant to this section.

(3) The right of the parent or guardian to make educational decisions for the minor is fully restored.

(4) A successor guardian or conservator is appointed.
(5) The child is placed into long-term foster care pursuant to paragraph (3) of subdivision (g) of Section 366.21, Section 366.22, or Section 366.26, at which time the foster parent shall have the right to represent the child in educational matters pursuant to Section 56055 of the Education Code.

An individual who would have a conflict of interest in representing the child, as specified under federal regulations, may not be appointed to make educational decisions. For purposes of this section, “an individual who would have a conflict of interest,” means a person having any interests that might restrict or bias his or her ability to make educational decisions, including, but not limited to, those conflicts of interest prohibited by Section 1126 of the Government Code, and the receipt of compensation or attorneys’ fees for the provision of services pursuant to this section. A foster parent may not be deemed to have a conflict of interest solely because he or she receives compensation for the provision of services pursuant to this section.

(c) In any case in which the minor is removed from the physical custody of his or her parent or guardian as the result of an order of wardship made pursuant to Section 602, the order shall specify that the minor may not be held in physical confinement for a period in excess of the maximum term of imprisonment which could be imposed upon an adult convicted of the offense or offenses which brought or continued the minor under the jurisdiction of the juvenile court.

As used in this section and in Section 731, “maximum term of imprisonment” means the longest of the three time periods set forth in paragraph (2) of subdivision (a) of Section 1170 of the Penal Code, but without the need to follow the provisions of subdivision (b) of Section 1170 of the Penal Code or to consider time for good behavior or participation pursuant to Sections 2930, 2931, and 2932 of the Penal Code, plus enhancements which must be proven if pled.

If the court elects to aggregate the period of physical confinement on multiple counts or multiple petitions, including previously sustained petitions adjudging the minor a ward within Section 602, the “maximum term of imprisonment” shall be the aggregate term of imprisonment specified in subdivision (a) of Section 1170.1 of the Penal Code, which includes any additional term imposed pursuant to Section 667, 667.5, 667.6, or 12022.1 of the Penal Code, and Section 11370.2 of the Health and Safety Code.

If the charged offense is a misdemeanor or a felony not included within the scope of Section 1170 of the Penal Code, the “maximum term of imprisonment” is the longest term of imprisonment prescribed by law.

“Physical confinement” means placement in a juvenile hall, ranch, camp, forestry camp or secure juvenile home pursuant to Section 730, or in any institution operated by the Youth Authority.
Nothing in this section shall be construed to limit the power of the court to retain jurisdiction over a minor and to make appropriate orders pursuant to Section 727 for the period permitted by Section 607.

CHAPTER 181

An act to add Section 122137 to the Health and Safety Code, relating to pet dealers.

[Approved by Governor July 13, 2002. Filed with Secretary of State July 15, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 122137 is added to the Health and Safety Code, to read:

122137. (a) (1) It is the intent of the Legislature and the purposes of this section to inform consumers who purchase dogs and cats from retail pet dealers about the benefits of spaying and neutering and the importance of establishing a relationship with a veterinarian, and to facilitate dog licensing by encouraging pet dealers to promote licensure compliance.

(2) The Legislature declares that pet dealers, when feasible, should offer incentives to purchasers to encourage the use of spaying and neutering services, and that local animal control agencies should investigate selling licenses through pet shops, or making licensure applications available in pet shops, since these businesses already serve a large number of pet owners through the sale of pet supplies.

(b) Every pet dealer shall deliver to the purchaser of each dog or cat at the time of sale, written material, in a form determined by the pet dealer, containing information on the benefits of spaying and neutering. The written material shall include recommendations on establishing a relationship with a veterinarian, information on early-age spaying and neutering, the health benefits associated with spaying and neutering pets, the importance of minimizing the risk of homeless or unwanted animals, and the need to comply with applicable license laws.

(c) The delivering of any model materials prepared by the Pet Industry Joint Advisory Council, the California Animal Control Directors Association, the State Humane Association of California, and the California Veterinary Medical Association shall satisfy the requirements of subdivision (a).
An act to amend Section 89030.1 of the Education Code, relating to education.

[Approved by Governor July 13, 2002. Filed with Secretary of State July 15, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 89030.1 of the Education Code is amended to read:

89030.1. The trustees shall adopt, amend, or repeal regulations pursuant to this section instead of pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. As used in this section, "regulation" means every rule, regulation, order, or standard of general application or the amendment, supplement, or revision of any rule, regulation, order, or standard adopted by the university to implement, interpret, or make specific the law enforced or administered by it, or to govern its procedure, except one that relates only to the internal management of the university. "Regulation" does not mean or include any form prescribed by the university or any instructions relating to the use of the form, nor does it mean or include a building standard as defined in Section 18909 of the Health and Safety Code.

(a) The trustees' office of general counsel shall review the proposed regulations for matters such as necessity, authority, clarity, consistency, reference, and nonduplication, and recommend any proposed action to the trustees. For purposes of this section, "necessity," "authority," "clarity," "consistency," "reference," and "nonduplication" shall have the same meaning as defined by Section 11349 of the Government Code.

(b) Notice of the proposed regulations shall be sent at least 45 days prior to the public hearing to those persons who have requested notices of the meetings of the trustees and shall be available to the public in electronic format. The notice shall include the right of the public to comment orally or in writing on the proposed action either prior to or during the public hearing.

(c) At the hearing, the public shall be provided the opportunity to comment on the proposed action.

(d) The trustees shall maintain a rulemaking file containing the public notice, public comments, and minutes of the public hearing, including the action taken by the trustees.

(1) The rulemaking file shall contain a summary of each objection or recommendation made with an explanation of how the proposed action
was changed to accommodate each objection or recommendation, or the reason or reasons for making no change.

(2) The proposed regulations shall be accompanied by an estimate, prepared in accordance with instructions adopted by the Department of Finance, of the effect of the proposed regulations with regard to the costs or savings to any state agency, the cost of any state-mandated local program as governed by Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code, any other costs or savings of local agencies, and the costs or savings in federal funding provided to state agencies.

(e) The trustees shall transmit the regulations as finally adopted to the Secretary of State for filing. Each regulation shall be effective upon filing with the Secretary of State, and shall be published in the California Code of Regulations.

(f) On or before January 15 of each year, the trustees shall report to the Governor, the Senate Education Committee, and the Assembly Higher Education Committee as to all regulatory actions taken by the trustees during the previous calendar year. The report shall include the statement of reasons for each regulatory action taken, indicate whether any concerns were raised regarding the proposed action, and the steps taken by the trustees to alleviate those concerns.

(g) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

CHAPTER  183

An act to add Section 7910 to the Public Utilities Code, relating to telephone corporations.

[Approved by Governor July 13, 2002. Filed with Secretary of State July 15, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 7910 is added to the Public Utilities Code, to read:

7910. (a) Telephone corporations shall perform background checks of applicants for employment, according to current business practices.

(b) A background check equivalent to that performed by the contracting telephone corporation shall also be conducted on all of the following:
(1) Persons hired by a telephone corporation under a personal services contract.
(2) Independent contractors and their employees.
(3) Vendors and their employees.

(c) Independent contractors and vendors shall certify that they have obtained the background checks required pursuant to subdivision (b), and shall make the background checks available to the telephone corporation upon request.

(d) Except as otherwise provided by contract, the telephone corporation shall not be responsible for administering the background checks and shall not assume the cost of the background checks of individuals who are not applicants for employment of the telephone corporation.

(e) (1) Subdivision (a) only applies to applicants for employment for positions that would allow the applicant to have direct contact with or access to the telephone network, the telephone corporation’s central office, or customer premises, and would require the applicant to perform activities that involve the installation, service, or repair of the telephone network or telephone equipment.

(2) Subdivision (b) only applies to persons that have direct contact with or access to the telephone network, the telephone corporation’s central office, or customer premises, and perform activities that involve the installation, service, or repair of the telephone network or telephone equipment.

(f) This section does not apply to temporary workers performing emergency functions to restore the network of a telephone corporation to its normal state in the event of a natural disaster or an emergency that threatens or results in the loss of service.

(g) The provisions of this section apply only to applicants for employment who apply for employment on and after January 1, 2003, and to contracts entered into on or after January 1, 2003.
40254. (a) If a vehicle is found, by automated devices, by visual observation, or otherwise, to have evaded tolls on any toll road or toll bridge, and subdivision (d) of Section 40250 does not apply, an issuing agency or a processing agency, as the case may be, shall, within 21 days of the violation, forward to the registered owner a notice of toll evasion violation setting forth the violation, including reference to the section violated, the approximate time thereof, and the location where the violation occurred. If accurate information concerning the identity and address of the registered owner is not available to the processing agency within 21 days of the violation, the processing agency shall have an additional 45 calendar days to obtain such information and forward the notice of toll evasion violation. Where the registered owner is a repeat violator, the processing agency shall forward the notice of toll evasion violation within 90 calendar days of the violation. “Repeat violator” means any registered owner for whom more than five violations have been issued pursuant to this section in any calendar month within the preceding 12-month period. The notice of toll evasion violation shall also set forth the following:

(1) The vehicle license plate number.
(2) If practicable, the registration expiration date and the make of the vehicle.
(3) A clear and concise explanation of the procedures for contesting the violation and appealing an adverse decision pursuant to Sections 40255 and 40256.

(b) Once the authorized person has notified the processing agency of a toll evasion violation, the processing agency shall prepare and forward the notice of violation to the registered owner of the vehicle cited for the violation. Any person, including the authorized person and any member of the person’s department or agency, or any peace officer who, with intent to prejudice, damage, or defraud, is found guilty of altering, concealing, modifying, nullifying, or destroying, or causing to be altered, concealed, modified, nullified, or destroyed, the face of the original or any copy of a notice that was retained by the authorized person before it is filed with the processing agency or with a person authorized to receive the deposit of the toll evasion violation is guilty of a misdemeanor.

(c) If, after a copy of the notice of toll evasion violation has been sent to the registered owner, the issuing person determines that, due to a failure of proof of apparent violation, the notice of toll evasion violation should be dismissed, the issuing agency may recommend, in writing, that the charges be dismissed. The recommendation shall cite the reasons for the recommendation and shall be filed with the processing agency.
(d) If the processing agency makes a finding that there are grounds for dismissal, the notice of toll evasion violation shall be canceled pursuant to Section 40255.

(e) Under no circumstances shall a personal relationship with any law enforcement officer, public official, law enforcement agency, processing agency or toll operating agency or entity be grounds for dismissal of the violation.

The processing agency shall use its best efforts to obtain accurate information concerning the identity and address of the registered owner for the purpose of forwarding a notice of toll evasion violation pursuant to subdivision (a).

CHAPTER 185

An act to amend Section 830.1 of the Penal Code, relating to peace officers.

SEC. 3. Section 13732 is added to the Penal Code, to read:

13732. (a) The Legislature finds and declares that a substantial body of research demonstrates a strong connection between domestic violence and child abuse. However, despite this connection, child abuse and domestic violence services and agencies often fail to coordinate appropriately at the local level. It is the intent of the Legislature in enacting this section to improve preventative and supportive services to families experiencing violence in order to prevent further abuse of children and the victims of domestic violence. It is the further intent of this section that child protective services agencies develop a protocol which clearly sets forth the criteria for a child protective services response to a domestic violence related incident in a home in which a child resides.

(b) Commencing January 1, 2003, child protective services agencies, law enforcement, prosecution, child abuse and domestic violence experts, and community-based organizations serving abused children and victims of domestic violence shall develop, in collaboration with one another, protocols as to how law enforcement and child welfare agencies will cooperate in their response to incidents of domestic violence in homes in which a child resides. The requirements of this section shall not apply to counties where protocols consistent with this section already have been developed.

SEC. 4. It is the intent of the Legislature that this act provide for consistent coordination of current activities among agencies responsible for domestic violence and child abuse throughout the state, thereby reducing duplication, overlap, and local costs as well as providing improved protection for families experiencing violence.

SEC. 5. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act that will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and
An act to amend Sections 51243.5 and 56754 of, and to add Section 51243.6 to, the Government Code, relating to agricultural preserves.

The people of the State of California do enact as follows:

SECTION 1. Section 51243.5 of the Government Code is amended to read:

51243.5. (a) This section shall apply only to land that was within one mile of a city boundary when a contract was executed pursuant to this article and for which the contract was executed prior to January 1, 1991.

(b) For any proposal that would result in the annexation to a city of any land that is subject to a contract under this chapter, the local agency formation commission shall determine whether the city may exercise its option to not succeed to the rights, duties, and powers of the county under the contract.

(c) In making the determination required by subdivision (b), pursuant to Section 51206, the local agency formation commission may request, and the Department of Conservation shall provide, advice and assistance in interpreting the requirements of this section. If the department has concerns about an action proposed to be taken by a local agency formation commission pursuant to this section or Section 51243.6, the department shall advise the commission of its concerns, whether or not the commission has requested it to do so. The commission shall address the department’s concerns in any hearing to consider the proposed annexation or a city’s determination whether to exercise its option not to succeed to a contract, and shall specifically find that substantial evidence exists to show that the city has the present option under this section to decline to succeed to the contract.

(d) A city may exercise its option to not succeed to the rights, duties, and powers of the county under the contract if both of the following had occurred prior to December 8, 1971:

(1) The land being annexed was within one mile of the city’s boundary when the contract was executed.
(2) The city had filed with the county board of supervisors a resolution protesting the execution of the contract.

(1) The land being annexed was within one mile of the city’s boundary when the contract was executed.

(2) The city had filed with the local agency formation commission a resolution protesting the execution of the contract.

(3) The local agency formation commission had held a hearing to consider the city’s protest to the contract.

(4) The local agency formation commission had found that the contract would be inconsistent with the publicly desirable future use and control of the land.

(5) The local agency formation commission had approved the city’s protest.

(f) It shall be conclusively presumed that no protest was filed by the city unless there is a record of the filing of the protest and the protest identifies the affected contract and the subject parcel. It shall be conclusively presumed that required notice was given before the execution of the contract.

(g) The option of a city to not succeed to a contract shall extend only to that part of the land that was within one mile of the city’s boundary when the contract was executed.

(h) If the city exercises its option to not succeed to a contract, then the city shall record a certificate of contract termination with the county recorder at the same time as the executive officer of the local agency formation commission files the certificate of completion pursuant to Section 57203. The certificate of contract termination shall include a legal description of the land for which the city terminates the contract.

SEC. 2. Section 51243.6 is added to the Government Code, to read:

(b) The option granted to a city pursuant to Section 51243.5 to elect not to succeed to a contract may be held only by the city.

(c) No contracting landowner has a reasonable expectation that a contract can be terminated immediately pursuant to this article without penalty.

SEC. 3. Section 56754 of the Government Code is amended to read:

56754. If a change of organization or reorganization would result in the annexation to a city of land that is subject to a contract executed
pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), the commission, based on substantial evidence in the record, shall determine one of the following:

(a) That the city shall succeed to the rights, duties, and powers of the county pursuant to Section 51243, or

(b) That the city may exercise its option to not succeed to the rights, duties, and powers of the county pursuant to Section 51243.5.

SEC. 4. Notwithstanding subdivisions (d) and (e) of Section 51243.5 of the Government Code, a city may exercise its option not to succeed to the rights, duties, and powers of a county under a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1 of Title 5 of the Government Code), if the contract was entered into between January 1, 1968, and December 31, 1968, the land being annexed was within one mile of the city’s boundary when the contract was executed, and the local agency formation commission made the determination pursuant to subdivision (b) of Section 56754 of the Government Code prior to January 1, 2002.

(d) The minutes, minutes proposed for adoption that are marked to indicate draft status, or a summary of the minutes, of any meeting of the board of directors of an association, other than an executive session, shall be available to members within 30 days of the meeting. The minutes, proposed minutes, or summary minutes shall be distributed to any member of the association upon request and upon reimbursement of the association’s costs for making that distribution.

(e) Members of the association shall be notified in writing at the time that the pro forma budget required in Section 1365 is distributed, or at the time of any general mailing to the entire membership of the association, of their right to have copies of the minutes of meetings of the board of directors, and how and where those minutes may be obtained.

(f) As used in this section, “meeting” includes any congregation of a majority of the members of the board at the same time and place to hear, discuss, or deliberate upon any item of business scheduled to be heard by the board, except those matters that may be discussed in executive session.

(g) Unless the time and place of meeting is fixed by the bylaws, or unless by bylaws provide for a longer period of notice, members shall be given notice of the time and place of a meeting as defined in subdivision (f), except for an emergency meeting, at least four days prior to the meeting. Notice may be given by posting the notice in a prominent place or places within the common area, by mail or delivery of the notice to each unit in the development, or by newsletter or similar means of communication.

(h) An emergency meeting of the board may be called by the president of the association, or by any two members of the governing body other than the president, if there are circumstances that could not have been reasonably foreseen which require immediate attention and possible
action by the board, and which of necessity make it impracticable to provide notice as required by this section.

(i) The board of directors of the association shall permit any member of the association to speak at any meeting of the association or the board of directors, except for meetings of the board held in executive session. A reasonable time limit for all members of the association to speak to the board of directors or before a meeting of the association shall be established by the board of directors.

The total aggregate liability on the bond is limited to two thousand dollars ($2,000). As an alternative to the bond, the registrant may deposit with the clerk, cash or a money order in the amount of two thousand dollars ($2,000).

(b) The county clerk shall, upon filing the bond, deliver the bond forthwith to the county recorder for recording. The recording fee specified in Section 27361 of the Government Code shall be paid by the registered process server. The fee may be paid to the county clerk, who shall transmit it to the recorder.

(c) The fee for filing, canceling, revoking, or withdrawing the bond is seven dollars ($7).

2. The party to be served has or claims an interest in real or personal property in this state that is subject to the jurisdiction of the court or the relief demanded in the action consists wholly or in part in excluding the party from any interest in the property.

(b) The court shall order the summons to be published in a named newspaper, published in this state, that is most likely to give actual notice
to the party to be served and direct that a copy of the summons, the complaint, and the order for publication be forthwith mailed to the party if his or her address is ascertained before expiration of the time prescribed for publication of the summons. Except as otherwise provided by statute, the publication shall be made as provided by Section 6064 of the Government Code unless the court, in its discretion, orders publication for a longer period.

(c) Service of a summons in this manner is deemed complete as provided in Section 6064 of the Government Code.

If the registered process server does not comply with subdivisions (b) and (d), the levy is ineffective and the levying officer is not required to perform any duties under the writ and may issue a release for any property sought to be levied upon.

(f) The fee for services of a registered process server under this section shall be allowed as a recoverable cost pursuant to Section 1033.5.

(b) If the registered process server has issued the earnings withholding order, the registered process server, before serving the earnings withholding order, shall deposit with the levying officer a copy of the writ of execution, the application for issuance of an earnings withholding order, and a copy of the earnings withholding order, and shall pay the fee provided by Section 26750 of the Government Code.

(c) A registered process server may serve an earnings withholding order on an employer whether the earnings withholding order was issued by a levying officer or by a registered process server, but no earnings withholding order may be served after the time specified in subdivision (b) of Section 699.530. (e) If the fee provided by Section 26750 of the Government Code has been paid, the levying officer shall perform all other duties required by this chapter as if the levying officer had served the earnings withholding order. If the registered process server does not comply with subdivisions (b), where applicable, and (d), the service of the earnings withholding order is ineffective and the levying officer is not required to perform any duties under the order and may terminate the order and may release any withheld earnings to the judgment debtor.

(f) The fee for services of a registered process server under this section shall be allowed as a recoverable cost pursuant to Section 1033.5.

[Approved by Governor July 16, 2002. Filed with Secretary of State July 17, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 15101 is added to the Education Code, to read:

15101. Notwithstanding any other law, an election may not be held pursuant to this chapter within 45 days before a statewide election or within 45 days after a statewide election unless conducted at the same time as the statewide election, subject to Part 3 (commencing with Section 10400) of Division 10 of the Elections Code, or on an established election date pursuant to Section 1000 of the Elections Code.

SEC. 2. Section 15340 of the Education Code is amended to read:

CHAPTER 200

An act to amend Section 42823 of, and to add Section 43018.5 to, the Health and Safety Code, relating to air quality.
The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:
(a) Global warming is a matter of increasing concern for public health and the environment in the state.
(b) California is the fifth largest economy in the world.
(c) The control and reduction of emissions of greenhouse gases are critical to slow the effects of global warming.
(d) Global warming would impose on California, in particular, compelling and extraordinary impacts including:
   (1) Potential reductions in the state’s water supply due to changes in the snowpack levels in the Sierra Nevada Mountains and the timing of spring runoff.
   (2) Adverse health impacts from increases in air pollution that would be caused by higher temperatures.
   (3) Adverse impacts upon agriculture and food production caused by projected changes in the amount and consistency of water supplies and significant increases in pestilence outbreaks.
   (4) Projected doubling of catastrophic wildfires due to faster and more intense burning associated with drying vegetation.
   (5) Potential damage to the state’s extensive coastline and ocean ecosystems due to the increase in storms and significant rise in sea level.
   (6) Significant impacts to consumers, businesses, and the economy of the state due to increased costs of food and water, energy, insurance, and additional environmental losses and demands upon the public health infrastructure.
(f) Passenger vehicles and light-duty trucks are responsible for approximately 40 percent of the total greenhouse gas pollution in the state.
(f) California has a long history of being the first in the nation to take action to protect public health and the environment, and the federal government has permitted the state to take those actions.
(g) Technological solutions to reduce greenhouse gas emissions will stimulate the California economy and provide enhanced job opportunities. This will continue the California automobile worker tradition of building cars that use cutting edge technology.
(h) It is the intent of the Legislature to require the State Air Resources Board to adopt regulations that ensure reductions in emissions of greenhouse gases in furtherance of Division 26 (commencing with Section 39000) of the Health and Safety Code. It is the further intent of
the Legislature that the greenhouse gas regulations take effect in accordance with any limitations that may be imposed pursuant to the federal Clean Air Act (42 U.S.C. Section 7401 et seq., as amended by the federal Clean Air Act Amendments of 1990 (Pub. L. 101-549)) and the waiver provisions of the federal act.

SEC. 2. Section 42823 of the Health and Safety Code is amended to read:

42823. The registry shall perform all of the following functions:

(a) Provide participants with referrals to approved providers for technical assistance and advice, upon the request of a participant, on any or all of the following:

(1) Designing programs to establish greenhouse gas emissions baselines and to monitor, estimate, calculate, report, and certify greenhouse gas emissions.

(2) Establishing emissions reduction goals based on international or federal best practices for specific industries and economic sectors.

(3) Designing and implementing organization-specific plans that improve energy efficiency or utilize renewable energy, or both, and that are capable of achieving emission reduction targets.

(b) In coordination with the State Energy Resources Conservation and Development Commission, the registry shall adopt and periodically update a list of organizations recognized by the state as qualified to provide the detailed technical assistance and advice in subdivision (a) and assist participants in identifying and selecting providers that have expertise applicable to each participant’s circumstances.

(c) Adopt procedures and protocols for certification of reported baseline emissions and emissions results. When adopting procedures and protocols for the certification, the registry shall consider the availability and suitability of simplified techniques and tools.

(d) Qualify third-party organizations that have the capability to certify reported baseline emissions and emissions results, and that are capable of certifying the participant-reported results as provided in this chapter.

(e) Adopt procedures and protocols, including a uniform format for reporting emissions baselines and emissions results to facilitate their recognition in any future regulatory regime.

(f) Maintain a record of all certified greenhouse gas emissions baselines and emissions results. Separate records shall be kept for direct and indirect emissions results. The public shall have access to this record, except for any portion of the data or information that is exempt from disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).
(g) Encourage organizations from various sectors of the state’s economy, and those from various geographic regions of the state, to report emissions, establish baselines and reduction targets, and implement efficiency improvement and renewable energy programs to achieve those targets.

(h) Recognize, publicize, and promote participants.

(i) In coordination with the State Energy Resources Conservation and Development Commission and the state board, adopt industry-specific reporting metrics at one or more public meetings.

(j) In consultation with the state board, adopt procedures and protocols for the reporting and certification of reductions in emissions of greenhouse gases, to the extent permitted by state and federal law, for those reductions achieved prior to the operative date of the regulations described in subdivision (a) of Section 43018.5.

SEC. 3. Section 43018.5 is added to the Health and Safety Code, to read:

43018.5. (a) No later than January 1, 2005, the state board shall develop and adopt regulations that achieve the maximum feasible and cost-effective reduction of greenhouse gas emissions from motor vehicles.

(b) (1) The regulations adopted pursuant to subdivision (a) may not take effect prior to January 1, 2006, in order to give the Legislature time to review the regulations and determine whether further legislation should be enacted prior to the effective date of the regulations, and shall apply only to a motor vehicle manufactured in the 2009 model year, or any model year thereafter.

(2) (A) Within 10 days of adopting the regulations pursuant to subdivision (a), the state board shall transmit the regulations to the appropriate policy and fiscal committees of the Legislature for review.

(B) The Legislature shall hold at least one public hearing to review the regulations. If the Legislature determines that the regulations should be modified, it may adopt legislation to modify the regulations.

(c) In developing the regulations described in subdivision (a), the state board shall do all of the following:

(1) Consider the technological feasibility of the regulations.

(2) Consider the impact the regulations may have on the economy of the state, including, but not limited to, all of the following areas:

(A) The creation of jobs within the state.

(B) The creation of new businesses or the elimination of existing businesses within the state.

(C) The expansion of businesses currently doing business within the state.

(D) The ability of businesses in the state to compete with businesses in other states.
(E) The ability of the state to maintain and attract businesses in communities with the most significant exposure to air contaminants, localized air contaminants, or both, including, but not limited to, communities with minority populations or low-income populations, or both.

(F) The automobile workers and affiliated businesses in the state.

(3) Provide flexibility, to the maximum extent feasible consistent with this section, in the means by which a person subject to the regulations adopted pursuant to subdivision (a) may comply with the regulations. That flexibility shall include, but is not limited to, authorization for a person to use alternative methods of compliance with the regulations. In complying with this paragraph, the state board shall ensure that any alternative methods for compliance achieve the equivalent, or greater, reduction in emissions of greenhouse gases as the emission standards contained in the regulations. In providing compliance flexibility pursuant to this paragraph, the state board may not impose any mandatory trip reduction measure or land use restriction.

(4) Conduct public workshops in the state, including, but not limited to, public workshops in three of the communities in the state with the most significant exposure to air contaminants or localized air contaminants, or both, including, but not limited to, communities with minority populations or low-income populations, or both.

(5) (A) Grant emissions reductions credits for any reductions in greenhouse gas emissions from motor vehicles that were achieved prior to the operative date of the regulations adopted pursuant to subdivision (a), to the extent permitted by state and federal law governing emissions reductions credits, by utilizing the procedures and protocols adopted by the California Climate Action Registry pursuant to subdivision (j) of Section 42823.

(B) For the purposes of this section, the state board shall utilize the 2000 model year as the baseline for calculating emission reduction credits.

(6) Coordinate with the State Energy Resources Conservation and Development Commission, the California Climate Action Registry, and the interagency task force, convened pursuant to subdivision (e) of Section 25730 of the Public Resources Code, in implementing this section.

(d) The regulations adopted by the state board pursuant to subdivision (a) shall not require any of the following:

(1) The imposition of additional fees and taxes on any motor vehicle, fuel, or vehicle miles traveled, pursuant to this section or any other provision of law.

(2) A ban on the sale of any vehicle category in the state, specifically including, but not limited to, sport utility vehicles and light-duty trucks.
(3) A reduction in vehicle weight.
(4) A limitation on, or reduction of, the speed limit on any street or highway in the state.
(5) A limitation on, or reduction of, vehicle miles traveled.
(e) The regulations adopted by the state board pursuant to subdivision (a) shall provide an exemption for those vehicles subject to the optional low-emission vehicle standard for oxides of nitrogen (NO\textsubscript{x}) for exhaust emission standards described in paragraph (9) of subdivision (a) of Section 1961 of Title 13 of the California Code of Regulations.
(f) Not later than July 1, 2003, the California Climate Action Registry, in consultation with the state board, shall adopt procedures for the reporting of reductions in greenhouse gas emissions from mobile sources to the registry.
(g) By January 1, 2005, the state board shall report to the Legislature and the Governor on the content of the regulations developed and adopted pursuant to this section, including, but not limited to, the specific actions taken by the state board to comply with paragraphs (1) to (6), inclusive, of subdivision (c), and with subdivision (f). The report shall include, but shall not be limited to, an analysis of both of the following:
(1) The impact of the regulations on communities in the state with the most significant exposure to air contaminants or toxic air contaminants, or both, including, but not limited to, communities with minority populations or low-income populations, or both.
(2) The economic and public health impacts of those actions on the state.
(h) If the federal government adopts a standard regulating a greenhouse gas from new motor vehicles that the state board determines is in a substantially similar timeframe, and of equivalent or greater effectiveness as the regulations that would be adopted pursuant to this section, the state board may elect not to adopt a standard on any greenhouse gas included in the federal standard.
(i) For the purposes of this section, the following terms have the following meanings:
(1) “Greenhouse gases” means those gases listed in subdivision (g) of Section 42801.1.
(2) “Maximum feasible and cost-effective reduction of greenhouse gas emissions” means the greenhouse gas emission reductions that the state board determines meet both of the following criteria:
(A) Capable of being successfully accomplished within the time provided by this section, taking into account environmental, economic, social, and technological factors.
(B) Economical to an owner or operator of a vehicle, taking into account the full life-cycle costs of a vehicle.
(3) “Motor vehicle” means a passenger vehicle, light-duty truck, or any other vehicle determined by the state board to be a vehicle whose primary use is noncommercial personal transportation.

SEC. 4. Paragraphs (3) and (4) of subdivision (d) of Section 43018.5 of the Health and Safety Code, as added by this act, do not constitute a change in, but are declaratory of, the existing law.

SECTION 1. Section 99314.5 of the Public Utilities Code is amended to read:

99314.5. (a) No funds allocated pursuant to Section 99313.3 or 99314.3 shall be allocated to an operator unless it is eligible for allocations under Article 4 (commencing with Section 99260), without considering any funds to be allocated to it pursuant to those sections, or it is in a county in which funds may be allocated for purposes specified in Section 99400.

(b) No funds allocated pursuant to Section 99313.3 shall be allocated to a city or county for the purposes specified in subdivisions (b), (c), (d), and (e) of Section 99400 unless it is eligible for allocations under Article 8 (commencing with Section 99400) for those purposes, without considering any funds to be allocated to it pursuant to that section.

(c) It is the intent of the Legislature that, in allocating the funds, the transportation planning agencies and the county transportation commissions, and the San Diego Metropolitan Transit Development Board, give priority consideration to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public transportation services, and to meet high-priority regional, countywide, or areawide public transportation needs.

(d) No funds allocated pursuant to Section 99313.3 or 99314.3 shall be allocated to a claimant for the purposes specified in Section 99275 unless it is eligible for allocation under Article 4.5 (commencing with Section 99275) for those purposes, without considering any funds to be allocated to it pursuant to those sections.

CHAPTER 202

(4) (A) Any undergraduate student who is a recipient of a Medal of Honor, commonly known as a Congressional Medal of Honor, or any undergraduate student who is a child of a recipient of a Medal of Honor and that child is no more than 27 years old, if both of the following requirements are met:

CHAPTER 203

An act to amend Sections 1628, 1637, 1639, 1656, 1662, 1679, 1704, 1750.5, 1765.2, 1767, 1768, 1781.3, and 10234.93 of, to add Sections 1638.5 and 1639.1 to, to add Article 5.2 (commencing with Section 759) to Chapter 1 of Part 2 of Division 1 of, and to repeal Sections 1647, 1648, 1649, 1659, and 1714 of, the Insurance Code, relating to insurance.
The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:
(a) Pursuant to the federal government’s Financial Services Modernization Act of 1999 (the Gramm-Leach-Bliley Act), the Comptroller of the Currency, the Office of Thrift Supervision, the Federal Deposit Insurance Corporation, and the Board of Governors of the Federal Reserve Bank adopted joint consumer protection regulations. In order for California to retain jurisdiction to regulate the insurance sales practices of depository institutions, or persons who are engaged in those activities at an office of a depository institution or on behalf of a depository institution, California law must have similar or stronger consumer protections than those of the four federal agencies. Consequently, it is necessary to add language to the Insurance Code to provide California with consumer protection laws that are uniform with the federal regulations.

(b) The Gramm-Leach-Bliley Act authorizes the establishment of a new organization named the National Association of Registered Agents and Brokers (NARAB). NARAB comes into existence if 29 state and territory insurance regulators do not implement uniform or reciprocal laws for the licensing of nonresident insurance producers by November 2002. NARAB would establish uniform producer licensing laws and provide a mechanism for multistate licensing of insurance producers, thereby preempting state-unique licensing procedures and qualifications. In an effort to avoid the creation of NARAB and preserve state regulation of producer licensing, California should amend the Insurance Code as necessary to create reciprocal licensing laws.

SEC. 2. Article 5.2 (commencing with Section 759) is added to Chapter 1 of Part 2 of Division 1 of the Insurance Code, to read:

Article 5.2. Consumer Protection in Sales of Insurance by or Through Depository Institutions

A. The person represents to a consumer that the sale, solicitation, advertisement, or offer of any insurance product or annuity is by or on behalf of the depository institution.

(h) “Office” means the premises of a depository institution where retail deposits are accepted from the public.

(i) “Subsidiary” has the same meaning as defined in Section 1215.

761. (a) A covered person shall not engage in any practice that would lead a consumer to believe that an extension of credit, in violation of subsection (b) of Section 106 of the federal Bank Holding Company Act Amendments of 1970 (12 U.S.C. Sec. 1972), is conditional upon either of the following:

(1) The purchase of an insurance product or annuity from the depository institution or any of its affiliates.

(2) An agreement by the consumer not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an affiliated entity.

(b) A covered person shall not engage in any practice or use any advertisement at any office of, or on behalf of, the depository institution or a subsidiary of the depository institution that could mislead any person or otherwise cause a reasonable person to reach an erroneous belief with respect to any of the following:

(A) The approval of an extension of credit to the consumer by the depository institution or subsidiary may not be conditioned on the purchase of an insurance product or annuity by the consumer from the depository institution or a subsidiary of the depository institution.

(B) The consumer is free to purchase the insurance product or annuity from another source.
762. (a) In connection with the initial purchase of an insurance product or annuity by a consumer from a covered person, a covered person shall disclose to the consumer, except to the extent the disclosure would not be accurate, all of the following:

1. That the insurance product or annuity is not a deposit or other obligation of, or guaranteed by, the depository institution or an affiliate of the depository institution.

2. That the insurance product or annuity is not insured by the Federal Deposit Insurance Corporation or any other agency of the United States, the depository institution, or, if applicable, an affiliate of the depository institution.

3. In the case of an insurance product or annuity that involves an investment risk, that there is investment risk associated with the product, including the possible loss of value.

(b) In the case of an application for credit in connection with which an insurance product or annuity is solicited, offered, or sold, a covered person shall disclose that the depository institution may not condition an extension of credit on either of the following:

1. The consumer’s purchase of an insurance product or annuity from the depository institution or any of its affiliates.

2. The consumer’s agreement not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(c) (1) The disclosures required by subdivision (a) shall be provided orally and in writing during any solicitation of an insurance product or annuity to a consumer. The disclosures required by subdivision (b) shall also be made orally and in writing at the time the consumer applies for an extension of credit in connection with which an insurance product or annuity will be solicited, offered, or sold.

2. If a sale of an insurance product or annuity is conducted by mail, a covered person is not required to make the oral disclosures required by subdivision (a). If a covered person takes an application for credit by mail, the covered person is not required to make the oral disclosures required by subdivision (b).

3. If the sale of an insurance product or annuity is conducted by telephone, a covered person shall provide the written disclosure required by subdivision (a) by mail within three business days, beginning on the first business day after the sale, but excluding Sundays and the legal public holidays specified in subsection (a) of Section 6103 of Title 5 of the United States Code.

4. Subject to the requirements of subsection (c) of Section 101 of the federal Electronic Signatures in Global and National Commerce Act (15 U.S.C. Sec. 7001(c)), a covered person may provide the written disclosures required by subdivisions (a) and (b) through electronic
media instead of paper, if the consumer affirmatively consents to receiving the disclosures electronically and if the disclosures are provided in a format that the consumer may retain or obtain later, for example, through printing or storing electronically by downloading. Any disclosures required by subdivision (a) or (b) that are provided by electronic media are not required to be provided orally.

(5) The disclosures provided shall be conspicuous, simple, direct, readily understandable, and designed to call attention to the nature and significance of the information provided. For example, a covered person may use the following disclosures in visual media, including television, broadcasting, ATM screens, billboards, signs, posters, and written advertisements and promotional materials, as appropriate and consistent with subdivisions (a) and (b):

(A) "NOT A DEPOSIT."
(B) "NOT FDIC-INSURED."
(C) "NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY."
(D) "NOT GUARANTEED BY THE BANK (OR SAVINGS ASSOCIATION)."
(E) "MAY GO DOWN IN VALUE."

(6) (A) A covered person shall provide the disclosures required by subdivisions (a) and (b) in a meaningful form. Examples of the types of methods that could call attention to the nature and significance of the information provided include all of the following:

(i) A plain language heading to call attention to the disclosure.
(ii) A typeface and type size that are easy to read.
(iii) Wide margins and ample line spacing.
(iv) Boldface or italics for key words.
(v) Distinctive type style, and graphic devices, such as shading or sidebars, when the disclosures are combined with other information.

The disclosures required by subdivisions (a) and (b) shall be in the same language as principally used in any oral solicitation leading to the execution of the purchase by the consumer of the insurance product or annuity.

(B) A covered person has not provided the disclosures in a meaningful form if the covered person merely states to the consumer that the required disclosures are available in printed material, but does not provide the printed material when required and does not orally disclose the information to the consumer when required.

(C) With respect to disclosures made through electronic media for which paper or oral disclosures are not required, the disclosures are not meaningfully provided if the consumer may bypass the visual text of the disclosures before purchasing an insurance product or annuity.
(7) A covered person shall obtain from the consumer, at the time the consumer receives the disclosures required by subdivisions (a) and (b), or at the time of initial purchase by the consumer of the insurance product or annuity, a written acknowledgment by the consumer that the consumer received the disclosures. A covered person may permit a consumer to acknowledge receipt of the disclosures electronically or in paper form. If the disclosures required under subdivisions (a) and (b) are provided in connection with a transaction that is conducted by telephone, a covered person shall do the following:

(A) Obtain an oral acknowledgment of receipt of the disclosures and maintain sufficient documentation to show that the acknowledgment was given.

(B) Make reasonable efforts to obtain a written acknowledgment from the consumer.

(d) The disclosures described in subdivision (a) are required in advertisements and promotional material for insurance products or annuities unless the advertisements or promotional material are of a general nature describing or listing the services or products offered by the depository institution.

763. (a) A depository institution shall, to the extent practicable, keep the area where the depository institution conducts transactions involving insurance products or annuities physically segregated from areas where retail deposits are routinely accepted from the general public, identify the areas where insurance products or annuity sales activities occur, and clearly delineate and distinguish, with appropriate signage, those areas from the areas where the depository institution’s retail deposit-taking activities occur.

(b) Any person who accepts deposits from the public in an area where those transactions are routinely conducted in the depository institution may refer a customer who seeks to purchase an insurance product or an annuity to a qualified person who sells that product only if the person making the referral receives no more than a one-time nominal fee of a fixed dollar amount for each referral that does not depend on whether the referral results in a transaction.

764. A depository institution may not permit any person to sell or offer for sale any insurance product or annuity in any part of its office or on its behalf, unless the person is at all times appropriately qualified and licensed as required by this code with regard to the specific products being sold or recommended.

765. The commissioner may adopt reasonable regulations necessary to administer this article.

SEC. 3. Section 1628 of the Insurance Code is amended to read:

1628. As used in this chapter, an “organization” means any legal entity other than a natural person. Where reference is made to a natural
person named on an organization license, the reference shall be to a person who is named to exercise the power and perform the duties under an organization license. The natural person named on the organizational license shall meet the qualifications required for the type of license sought by the organization.

SEC. 4. Section 1637 of the Insurance Code is amended to read:

Such examination may be administered to an eligible nonresident applicant through the insurance authority of the state, territory of the United States, or province of Canada of his or her residence; provided, however, that the commissioner may, in his or her discretion, enter into a reciprocal arrangement with the officer having supervision of the insurance business in any other state, territory of the United States, or province of Canada whose qualification standards for the applicant to be examined are substantially the same as or in excess of those of this state, to accept, in lieu of the examination of an applicant residing therein, a certificate of such officer to the effect that the applicant is licensed in that state, territory of the United States, or province of Canada in a capacity similar to that for which a license is sought in this state and has complied with its qualification standards in respect to the following:

Additional notices of appointment may be filed by other insurers before the license is issued and thereafter as long as the license remains in force. The authority to transact insurance given to a licensee by an insurer or fire and casualty broker-agent, as the case may be, by appointment shall be effective as of the date the notice of appointment is signed. That authority to transact shall apply to transactions occurring after that date and for the purpose of determining the insurer’s or fire and casualty broker-agent’s liability for acts of the appointed licensee. No notice of appointment of a life agent, fire and casualty broker-agent, or travel insurance agent shall be filed under this subdivision unless the licensee being appointed has consented to that filing. Each appointment made under this subdivision shall by its terms continue in force until:

It may be renewed pursuant to Section 1718. It may be reactivated at any time prior to its expiration by the filing of a new appointment pursuant to this section, Section 1707, and Section 1751.3, or the filing of a new bond pursuant to Section 1662. An inactive license shall not permit its holder to transact any insurance for which a valid, active license is required.

(c) Upon the termination of all appointments of a person licensed under a certificate of convenience, such certificate shall be canceled and shall be returned by its lawful custodian to the commissioner.

(d) A fire and casualty broker-agent appointing an insurance solicitor pursuant to this section, if a natural person, must be the holder of a permanent license to act as a fire and casualty broker-agent or the holder of a certificate of convenience so to act issued pursuant to either subdivision (a) or (b) of Section 1685. If the fire and casualty broker-agent is an organization, it must be the holder of a permanent license.

(e) The filing of an incomplete or deficient action notice with the department shall require the filing of an amended, complete action
notice, together with the payment of the fee therefor specified in subdivision (n) of Section 1751.

(f) No notice of appointment appointing a solicitor shall be filed with the commissioner unless a notice of termination of appointment has been filed with the commissioner for any previously filed notice of appointment of solicitor.

SEC. 18. Section 1765.2 of the Insurance Code is amended to read:

1765.2. (a) A license under this chapter may be issued to an individual or any legal business entity. If issued to a business entity or individual that maintains more than one surplus line office in this state, it shall name the natural person or persons located at each surplus line office maintained in this state by the licensee who is or are to be responsible for the proper discharge at each office of all duties placed upon the licensee acting as a surplus line broker or who transacts insurance with the public as distinguished from insurance producers. Each natural person shall meet all of the requirements for the license.

(b) Every application for a license filed by a corporation shall contain the names and addresses of all stockholders owning 10 percent or more of the corporation’s stock, and of all officers and directors of the corporation. Every licensed corporation shall file a written notice with the commissioner of all changes, except address changes, of its stockholders who own 10 percent or more of the corporation’s stock and of all officers and directors of the corporation.

He or she shall report to the commissioner the addresses of all surplus line offices maintained by him or her in this state and any change in location of any of those offices. A nonresident surplus line broker at all times shall maintain in good faith an office in the state or territory of the United States in which he or she is licensed as a resident surplus line broker, and if he or she maintains more than one surplus line office in that state, he or she shall designate one of them as his or her principal surplus line office in that state and shall notify the commissioner of the designation. A resident licensee shall report to the commissioner the addresses of all surplus line offices maintained in this state and any change in location of any of those offices. Nonresident licensees shall report to the commissioner the addresses of all surplus line offices maintained in the state or territory of the United States in which the resident surplus line license is maintained and any change in location of any of those offices.

SEC. 20. Section 1768 of the Insurance Code is amended to read:

1768. A resident surplus line broker shall keep in this state complete records of the business transacted by him or her with nonadmitted insurers under his or her license as a surplus line broker. A nonresident surplus line broker shall keep in the state where he or she is licensed as a resident surplus line broker complete records of the business transacted by him or her with nonadmitted insurers under his or her California nonresident surplus line broker license. After notice and hearing, the commissioner shall promulgate reasonable rules and regulations specifying the manner and type of records to be maintained by surplus line brokers and the location or locations where those records shall be kept.

SEC. 21. Section 1781.3 of the Insurance Code is amended to read:

(2) If the reinsurance intermediary-broker does not maintain an office in this state, the reinsurance intermediary-broker shall be a licensed producer in this state or another state having a law substantially similar

(D) The state, territory of the United States, or province of Canada where the person holds a resident reinsurance intermediary-broker license awards nonresident reinsurance intermediary-broker licenses to residents of this state on the same basis.

(b) No person, firm, association, or corporation shall act as a reinsurance intermediary-manager:

(1) For a reinsurer domiciled in this state, unless the reinsurance intermediary-manager is a licensed producer in this state.

(2) In this state, if the reinsurance intermediary-manager maintains an office either directly or as a member or employee of a firm or association, or as an officer, director, or employee of a corporation in this state, unless the reinsurance intermediary-manager is a licensed producer in this state.

(3) In another state for a nondomestic admitted insurer, unless the reinsurance intermediary-manager is a licensed producer in this state or in another state having a law substantially similar to this chapter or the person is licensed in this state as a nonresident reinsurance intermediary.

(4) Unless denied licensure pursuant to subdivision (e), a nonresident person shall receive a reinsurance intermediary-manager license if all of the following requirements are met:

(A) The person is currently licensed and in good standing in the state, territory of the United States, or province of Canada where he or she is licensed as a resident reinsurance intermediary-manager.

(B) The person has submitted the proper request for licensure and has paid the fees required by paragraph (3) of subdivision (d).

(C) The person has submitted or transmitted to the commissioner the application for licensure that the person submitted to the state, territory of the United States, or province of Canada where he or she is licensed as a resident, or submitted or transmitted to the commissioner a
completed National Association of Insurance Commissioners Uniform Nonresident Application.

(D) The state, territory of the United States, or province of Canada where the person holds a resident reinsurance intermediary-manager license awards nonresident reinsurance intermediary-manager licenses to residents of this state on the same basis.

(c) The commissioner may require a reinsurance intermediary-manager subject to subdivision (b) to do both of the following:

(1) File a fidelity bond issued by an admitted surety in an amount determined by the commissioner for the protection of the reinsurer.

(2) Maintain an errors and omissions policy in an amount acceptable to the commissioner.

(d) (1) The commissioner may issue a reinsurance intermediary license to any person, firm, association, or corporation that has complied with the applicable requirements of this chapter. This license, when issued to a firm or association, authorizes all the members of the firm or association and any designated employees to act as reinsurance intermediaries under the license, and all these persons shall be named in the application and any supplements thereto. This license, when issued to a corporation, authorizes all of the officers, and any designated employees and directors thereof to act as reinsurance intermediaries on behalf of the corporation, and all these persons shall be named in the application and any supplements thereto.

(2) If the applicant for a reinsurance intermediary license is a nonresident, it shall be a condition precedent to receiving or holding a license that (A) the applicant shall designate the commissioner as his or her agent for service of process in the manner, and with the same legal effect, provided for by this chapter for designation of service of process upon unauthorized insurers and (B) the applicant shall furnish the commissioner with the name and address of a resident of this state upon whom notices or orders of the commissioner or process affecting the applicant as a nonresident reinsurance intermediary may be served. A licensee subject to this paragraph shall promptly notify the commissioner in writing of every change in its designated agent for service of process, and any change shall not become effective until acknowledged by the commissioner.

(3) Any application for licensure as a reinsurance intermediary under this subdivision shall be made on a form prescribed by the commissioner and shall be accompanied by an application fee of two hundred fifty dollars ($250).

(e) The commissioner may refuse to issue a reinsurance intermediary license if, in his or her judgment, the applicant, any person named on the application, or any member, principal, officer, or director of the
applicant, is determined by the commissioner not to be trustworthy, or that any controlling person of the applicant is not trustworthy to act as a reinsurance intermediary, or that any of the foregoing has given cause for revocation or suspension of a reinsurance intermediary license, or has failed to comply with any prerequisite for the issuance of such a license. Upon written request therefor, the commissioner shall furnish the applicant with a summary of the basis for refusal to issue a reinsurance intermediary license, which document shall not be subject to inspection as a public record.

(f) Licensed attorneys at law when acting in their professional capacity as such shall be exempt from this section.

(g) A reinsurance intermediary-manager, when acting in that capacity and in compliance with this chapter, shall not be required to separately comply with Article 5.4 (commencing with Section 769.80) of Chapter 1 (if added by Senate Bill 1039 of the 1991–92 Regular Session) in order to engage in conduct authorized by both this chapter and that article.

3. Submit to the commissioner within six months of the effective date of this act, a list of all agents or other insurer representatives authorized to solicit individual consumers for the sale of long-term care insurance. These submissions shall be updated at least semiannually.

4. Provide the following training and require that each agent or other insurer representative authorized to solicit individual consumers for the sale of long-term care insurance shall satisfactorily complete the following training requirements which shall be part of, and not in addition to, the continuing education requirements in Section 1749.3:

   (A) For licensees issued a license after January 1, 1992, eight hours of training in each of the first four 12-month periods beginning from the date of original license issuance and thereafter and eight hours of training prior to each license renewal.

   (B) For licensees issued a license before January 1, 1992, eight hours of training prior to each license renewal.

Licensees shall complete the initial training requirements of this section prior to being authorized to solicit individual consumers for the sale of long-term care insurance.

The training required by this section shall consist of topics related to long-term care services and long-term care insurance, including, but not limited to, California regulations and requirements, available long-term
care services and facilities, changes or improvements in services or facilities, and alternatives to the purchase of private long-term care insurance. On or before July 1, 1998, the following additional training topics shall be required: differences in eligibility for benefits and tax treatment between policies intended to be federally qualified and those not intended to be federally qualified, the effect of inflation in eroding the value of benefits and the importance of inflation protection, and NAIC consumer suitability standards and guidelines.

(5) Display prominently on page one of the policy or certificate and the outline of coverage: “Notice to buyer: This policy may not cover all of the costs associated with long-term care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations.”

(6) Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for long-term care insurance already has accident and sickness or long-term care insurance and the types and amounts of any such insurance.

(7) Every insurer or entity marketing long-term care insurance shall establish auditable procedures for verifying compliance with this subdivision.

(8) Every insurer shall provide to a prospective applicant, at the time of solicitation, written notice that the Health Insurance Counseling and Advocacy Program (HICAP) provides health insurance counseling to senior California residents free of charge. Every agent shall provide the name, address, and telephone number of the local HICAP program and the statewide HICAP number, 1-800-434-0222.

(9) Provide a copy of the long-term care insurance shoppers guide developed by the California Department of Aging to each prospective applicant prior to the presentation of an application or enrollment form for insurance.

(b) In addition to other unfair trade practices, including those identified in this code, the following acts and practices are prohibited:

(1) Twisting. Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or to take out a policy of insurance with another insurer.

(2) High pressure tactics. Employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

(3) Cold lead advertising. Making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner
that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance agent or insurance company.

SEC. 23. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

The administrator shall not set a standard that is less than the expected cleanup costs and damages from an oil spill into marine waters.

(c) The administrator may adopt regulations to implement this section.

CHAPTER 209

An act to amend Section 47605 of the Education Code, relating to charter schools.

[Approved by Governor August 12, 2002. Filed with Secretary of State August 13, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within any school district may be circulated by any one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after either of the following conditions are met:

(A) The petition has been signed by a number of parents or guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation.

(B) The petition has been signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation.

(2) In the case of a petition for the establishment of a charter school through the conversion of an existing public school, that would not be eligible for a loan pursuant to subdivision (b) of Section 41365, the petition may be circulated by any one or more persons seeking to establish the converted charter school. The petition may be submitted to the governing board of the school district for review after the petition has been signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or guardian is meaningfully interested in having his or her child, or ward, attend the charter school, or in the case of a teacher’s signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.
(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the district, other employees of the district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that establishment of charter schools should be encouraged. A school district governing board shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

1. The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
3. The petition does not contain the number of signatures required by subdivision (a).
4. The petition does not contain an affirmation of each of the conditions described in subdivision (d).
5. The petition does not contain reasonably comprehensive descriptions of all of the following:
   A. A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.
   B. The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program.
   C. The method by which pupil progress in meeting those pupil outcomes is to be measured.
(D) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the school.

(F) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(G) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission requirements, if applicable.

(I) The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

(O) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for the purposes of the Educational Employment Relations Act (Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code).

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall on a regular basis consult with their parents and teachers regarding the school’s educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission
policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of ethnicity, national origin, gender, or disability. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or guardian, within this state, except that any existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) However, if the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the district except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and, in no event, shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(e) No governing board of a school district shall require any employee of the school district to be employed in a charter school.

(f) No governing board of a school district shall require any pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be utilized by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school and upon the school district. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the school district governing board shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the State Department of Education under Section 54032.
(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the State Board of Education.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to either the county board of education or directly to the State Board of Education. The county board of education or the State Board of Education, as the case may be, shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter school with the State Board of Education.

(2) In assuming its role as a chartering agency, the State Board of Education shall develop criteria to be used for the review and approval of charter school petitions presented to the State Board of Education. The criteria shall address all elements required for charter approval, as identified in subdivision (b) of Section 47605 and shall define “reasonably comprehensive” as used in paragraph (5) of subdivision (b) of Section 47605 in a way that is consistent with the intent of the Charter Schools Act of 1992. Upon satisfactory completion of the criteria, the State Board of Education shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the State Board of Education pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the State Board of Education fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district, to deny a petition shall, thereafter, be subject to judicial review.

(5) The State Board of Education shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the State Board of Education.

(k) (1) The State Board of Education may, by mutual agreement, designate its supervisory and oversight responsibilities for a charter school approved by the State Board of Education to any local education agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.
(2) The designated local education agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the State Board of Education.

(3) A charter school that has been granted its charter by the State Board of Education and elects to seek renewal of its charter shall, prior to expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the school’s petition for renewal, the school may petition the State Board of Education for renewal of its charter.

(l) Teachers in charter schools shall be required to hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and shall be subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

(m) A charter school shall transmit a copy of its annual, independent, financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (b), to its chartering entity, the Controller, the county superintendent of schools of the county in which the charter school is sited unless the county board of education of the county in which the charter school is sited is the chartering entity, and the State Department of Education by December 15 of each year. This subdivision shall not apply if the audit of the charter school is encompassed in the audit of the chartering entity pursuant to Section 41020.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.
The people of the State of California do enact as follows:

SECTION 1. Section 132.5 of the Penal Code, as added by Chapter 869 of the Statutes of 1994, is amended to read:

132.5. (a) A person who is a witness to an event or occurrence that he or she knows, or reasonably should know, is a crime or who has personal knowledge of facts that he or she knows, or reasonably should know, may require that person to be called as a witness in a criminal prosecution shall not accept or receive, directly or indirectly, any payment or benefit in consideration for providing information obtained as result of witnessing the event or occurrence or having personal knowledge of the facts.

(b) A violation of this section is a misdemeanor and shall be punished by imprisonment in a county jail for not exceeding six months, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine.

(c) Upon conviction under this section, in addition to the penalty described in subdivision (b), any compensation received in violation of this section shall be forfeited by the defendant and deposited in the Victim Restitution Fund.

(d) This section shall not apply if more than one year has elapsed from the date of any criminal act related to the information that is provided under subdivision (a) unless prosecution has commenced for that criminal act. If prosecution has commenced, this section shall remain applicable until the final judgment in the action.

(e) This section shall not apply to any of the following circumstances:

(2) Lawful compensation provided to an informant by a prosecutor or law enforcement agency.

(3) Compensation paid to a publisher, editor, reporter, writer, or other person connected with or employed by a newspaper, magazine, or other publication or a television or radio news reporter or other person connected with a television or radio station, for disclosing information obtained in the ordinary course of business.
(4) Statutorily authorized rewards offered by governmental agencies for information leading to the arrest and conviction of specified offenders.

(5) Lawful compensation provided to a witness participating in the Witness Protection Program established pursuant to Title 7.5 (commencing with Section 14020) of Part 4.

SEC. 2. Section 132.5 of the Penal Code, as amended by Section 1 of Chapter 53 of the Statutes of 1995, is amended to read:

132.5. (a) The Legislature supports and affirms the constitutional right of every person to communicate on any subject. This section is intended to preserve the right of every accused person to a fair trial, the right of the people to due process of law, and the integrity of judicial proceedings. This section is not intended to prevent any person from disseminating any information or opinion.

The Legislature hereby finds and declares that the disclosure for valuable consideration of information relating to crimes by prospective witnesses can cause the loss of credible evidence in criminal trials and threatens to erode the reliability of verdicts.

The Legislature further finds and declares that the disclosure for valuable consideration of information relating to crimes by prospective witnesses creates an appearance of injustice that is destructive of public confidence.

(b) A person who is a witness to an event or occurrence that he or she knows is a crime or who has personal knowledge of facts that he or she knows or reasonably should know may require that person to be called as a witness in a criminal prosecution shall not accept or receive, directly or indirectly, any money or its equivalent in consideration for providing information obtained as result of witnessing the event or occurrence or having personal knowledge of the facts.

(c) Any person who is a witness to an event or occurrence that he or she reasonably should know is a crime shall not accept or receive, directly or indirectly, any money or its equivalent in consideration for providing information obtained as a result of his or her witnessing the event or occurrence.

(d) The Attorney General or the district attorney of the county in which an alleged violation of subdivision (c) occurs may institute a civil proceeding. Where a final judgment is rendered in the civil proceeding, the defendant shall be punished for the violation of subdivision (c) by a fine equal to 150 percent of the amount received or contracted for by the person.
(e) A violation of subdivision (b) is a misdemeanor punishable by imprisonment for a term not exceeding six months in a county jail, a fine not exceeding three times the amount of compensation requested, accepted, or received, or both the imprisonment and fine.

(f) This section does not apply if more than one year has elapsed from the date of any criminal act related to the information that is provided under subdivision (b) or (c) unless prosecution has commenced for that criminal act. If prosecution has commenced, this section shall remain applicable until the final judgment in the action.

(g) This section does not apply to any of the following circumstances:

(1) Lawful compensation paid to expert witnesses, investigators, employees, or agents by a prosecutor, law enforcement agency, or an attorney employed to represent a person in a criminal matter.

(2) Lawful compensation provided to an informant by a prosecutor or law enforcement agency.

(3) Compensation paid to a publisher, editor, reporter, writer, or other person connected with or employed by a newspaper, magazine, or other publication or a television or radio news reporter or other person connected with a television or radio station, for disclosing information obtained in the ordinary course of business.

(4) Statutorily authorized rewards offered by governmental agencies or private reward programs offered by victims of crimes for information leading to the arrest and conviction of specified offenders.

(5) Lawful compensation provided to a witness participating in the Witness Protection Program established pursuant to Title 7.5 (commencing with Section 14020) of Part 4.

(h) For purposes of this section, “information” does not include a photograph, videotape, audiotape, or any other direct recording of an event or occurrence.

(i) For purposes of this section, “victims of crimes” shall be construed in a manner consistent with Section 28 of Article I of the California Constitution, and shall include victims, as defined in subdivision (3) of Section 136.

SEC. 3. Section 14021 of the Penal Code is amended to read:

14021. As used in this title:

(a) “Witness” means any person who has been summoned, or is reasonably expected to be summoned, to testify in a criminal matter, including grand jury proceedings, for the people whether or not formal legal proceedings have been filed. Active or passive participation in the criminal matter does not disqualify an individual from being a witness. “Witness” may also apply to family, friends, or associates of the witness who are deemed by local or state prosecutors to be endangered.

(b) “Credible evidence” means evidence leading a reasonable person to believe that substantial reliability should be attached to the evidence.
(c) “Protection” means formal admission into a witness protection program established by this title memorialized by a written agreement between local or state prosecutors and the witness.

SEC. 4. Section 14022 of the Penal Code is amended to read:

14022. The program shall be administered by the Attorney General. In any criminal proceeding within this state, when the action is brought by local or state prosecutors, where credible evidence exists of a substantial danger that a witness may suffer intimidation or retaliatory violence, the Attorney General may reimburse state and local agencies for the costs of providing witness protection services.

SEC. 5. Section 14025 of the Penal Code is amended to read:

14025. The witness protection agreement shall be in writing, and shall specify the responsibilities of the protected person that establish the conditions for local or state prosecutors providing protection. The protected person shall agree to all of the following:

(a) If a witness or potential witness, to testify in and provide information to all appropriate law enforcement officials concerning all appropriate proceedings.

(b) To refrain from committing any crime.

(c) To take all necessary steps to avoid detection by others of the facts concerning the protection provided to that person under this title.

(d) To comply with legal obligations and civil judgments against that person.

(e) To cooperate with all reasonable requests of officers and employees of this state who are providing protection under this title.

(f) To designate another person to act as agent for the service of process.

(g) To make a sworn statement of all outstanding legal obligations, including obligations concerning child custody and visitation.

(h) To disclose any probation or parole responsibilities, and if the person is on probation or parole.

(i) To regularly inform the appropriate program official of his or her activities and current address.

SEC. 6. Section 14025.5 of the Penal Code is amended to read:

14025.5. The State of California, the counties and cities within the state, and their respective officers and employees shall not be liable for any condition in the witness protection agreement that cannot reasonably be met due to a witness committing a crime during participation in the program.

SEC. 7. Section 14026.5 of the Penal Code is amended to read:

14026.5. For the purposes of this title, notwithstanding Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code, a witness, as defined in subdivision (a) of Section 14021, selected by local or state prosecutors to receive
services under the program established pursuant to this title because he or she has been or may be victimized due to the testimony he or she will give, shall be deemed a victim.

CHAPTER 211

[Approved by Governor August 13, 2002. Filed with Secretary of State August 14, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 84203 of the Government Code is amended to read:

84203. (a) Each candidate or committee that makes or receives a late contribution, as defined in Section 82036, shall report the late contribution to each office with which the candidate or committee is required to file its next campaign statement pursuant to Section 84215. The candidate or committee that makes the late contribution shall report his or her full name and street address and the full name and street address of the person to whom the late contribution has been made, the office sought if the recipient is a candidate, or the ballot measure number or letter if the recipient is a committee primarily formed to support or oppose a ballot measure, and the date and amount of the late contribution. The recipient of the late contribution shall report his or her full name and street address, the date and amount of the late contribution, and whether the contribution was made in the form of a loan. The recipient shall also report the full name of the contributor, his or her street address, occupation, and the name of his or her employer, or if self-employed, the name of the business.

(b) A late contribution shall be reported by facsimile transmission, telegram, guaranteed overnight mail through the United States Postal Service, or personal delivery within 24 hours of the time it is made in the case of the candidate or committee that makes the contribution and within 24 hours of the time it is received in the case of the recipient. A late contribution shall be reported on subsequent campaign statements without regard to reports filed pursuant to this section.

(c) A late contribution need not be reported nor shall it be deemed accepted if it is not cashed, negotiated, or deposited and is returned to the contributor within 24 hours of its receipt.
(d) A report filed pursuant to this section shall be in addition to any other campaign statement required to be filed by this chapter.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 3. The Legislature finds and declares that this bill furthers the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 212

[Approved by Governor August 13, 2002. Filed with Secretary of State August 14, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 85319 of the Government Code is amended to read:

85319. A candidate for state elective office may return all or part of any contribution to the donor who made the contribution at any time, whether or not other contributions are returned, except a contribution that the candidate made for state elective office to his or her own controlled committee.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
SEC. 3. The Legislature finds and declares that this bill furthers the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 213

An act to amend Section 9088 of the Elections Code, relating to state elections.

[Approved by Governor August 13, 2002. Filed with Secretary of State August 14, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 9088 of the Elections Code is amended to read:

9088. (a) At each statewide election at which state bond measures will be submitted to the voters for their approval or rejection, the ballot pamphlet for that election shall include a discussion, prepared by the Legislative Analyst, of the state’s current bonded indebtedness situation.

(b) This discussion shall include information as to the dollar amount of the state’s current authorized and outstanding bonded indebtedness, the approximate percentage of the state’s General Fund revenues which are required to service this indebtedness, and the expected impact of the issuance of the bonds to be approved at the election on the items specified in this subdivision. In cases where a bond measure allocates funds for programs, the discussion shall also include, to the extent practicable, the proportionate share of funds for each major program funded by the measure.

(c) The discussion required by this section shall appear on a separate page in the ballot pamphlet immediately following the rebuttal to the argument against the last ballot measure included in the ballot pamphlet.

CHAPTER 214

An act to amend Sections 95.35, 254.5, 257, 270, 271, and 465 of, and to add Section 327.1 to, the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor August 13, 2002. Filed with Secretary of State August 14, 2002.]
The people of the State of California do enact as follows:

SECTION 1. Section 95.35 of the Revenue and Taxation Code is amended to read:

95.35. (a) The Legislature finds and declares that there is a significant and compelling state financial interest in the maintenance of an adequately funded system of property tax administration. This financial interest derives from the fact that 53 percent of all property tax revenues collected statewide serve to offset the General Fund obligation to fund K–12 schools, and extends not only to assessment and maintenance of the tax rolls, but also to all aspects of the system which include, but are not limited to, collection, apportionment, allocation, and processing and defending appeals. The Legislature further finds and declares that the combination of limitations on county revenue authority, increasing county financial obligations, and the shift of county property taxes to schools has created a financial disincentive for counties to adequately fund property tax administration. This disincentive is most clearly evidenced by the fact that counties, on average, receive 19 percent of statewide property tax revenues while they are obligated to pay an average of 73 percent of the costs of administration. The Legislature also finds and declares that the State-County Property Tax Loan Program contained in Section 95.31 was in recognition of the state’s financial interest, and the success of that program has demonstrated the appropriateness of an ongoing commitment of state funds to reduce the burden of property tax administration on county finances. Therefore, it is the intent of the Legislature, in enacting this act, to establish a grant program known as the State-County Property Tax Administration Grant Program that will continue the success of the State-County Property Tax Loan Program and maintain the commitment to efficient property tax administration.

(b) Notwithstanding any other provision of law, in the 2002–03 fiscal year and each fiscal year thereafter to the 2006–07 fiscal year, inclusive, any county board of supervisors may, upon the recommendation of the assessor, adopt a resolution to elect to participate in the State-County Property Tax Administration Grant Program. Any resolution so adopted shall comply with the terms and conditions contained in paragraph (2) of subdivision (c). If adopted, a copy of the resolution shall be sent to the Department of Finance, which shall, upon approval, transmit a copy of the resolution to the Controller.

(c) (1) Any county electing to participate in this program may be qualified to receive a grant in an amount, up to and including, the applicable amount listed in paragraph (3). However, the grant eligibility of a county may be terminated at the discretion of the Department of
Finance if a county does not meet the conditions specified in paragraph (4).

(2) The resolution to participate in this program shall include a detailed listing of the proposed uses by the county of the grant moneys, including, but not limited to:

(A) The proposed positions to be funded.
(B) Any increased automation costs.
(C) The specific tasks and functions that will be performed during the fiscal year with these funds.

(3) Upon transmittal of the electing resolution by the Department of Finance, the Controller shall, provided sufficient moneys have been appropriated by the Legislature for purposes of this section, provide a grant to the electing county for the applicable amount specified in the following schedule:

 Officials, the State Association of County Auditor-Controllers, and the California Association of County Treasurers and Tax Collectors.

(C) The county’s reduction of backlogs of assessment appeals and declines in taxable value below adjusted base year value.

(D) The county’s compliance with mandatory audits required by Section 469 or the county’s delivery of tax bills as required by Section 2610.5.

(E) The county’s reduction of backlogs of determinations regarding new construction, changes in ownership, and supplemental assessments.

(F) Any other measure, as determined by the Director of Finance and transmitted to a county prior to its receiving a grant.

(d) (1) Funds appropriated for purposes of this section shall be used to enhance the property tax administration system. Amounts provided to any county as a grant pursuant to this section may not be used to supplant the current level of county funding for property tax administration, exclusive of funds received pursuant to the predecessor State-County Property Tax Loan Program. In order to participate in the State-County Property Tax Administration Grant Program, a participating county shall maintain a base staffing, including contract staff, and total funding level in the county assessor’s office, independent of the grant proceeds provided pursuant to this section, equal to the levels in the 1994–95 fiscal year, exclusive of amounts provided to the assessor’s office pursuant to Item 9100-102-001 of the Budget Act of 1994. However, in a county in which the 1994–95 fiscal year funding level for the assessor’s office was higher than the 1993–94 fiscal year level, the 1993–94 fiscal year staffing and funding levels shall be considered the base year for purposes of this section. If a county was otherwise eligible but was unable to participate in the State-County Property Tax Loan Program in the 1995–96 fiscal year because it did not meet the funding level and staffing requirements of this paragraph, that county shall maintain a base staffing, including contract staff, and total funding level in the county assessor’s office equal to the levels in the 1995–96 fiscal year.

(2) Prior to the assessor’s recommendation for participation in the State-County Property Tax Administration Grant Program, the assessor shall consult with the county tax collector, and any other county agency directly involved in property tax administration, to develop an identifiable plan for the use of these funds during the period specified in the resolution by the board of supervisors. This plan shall be subject to modification and approval of the board of supervisors.

(e) In any fiscal year in which the assessor of a county elects not to participate in the grant program or submits to the board of supervisors a grant proposal that is less than the applicable amount specified in paragraph (3) of subdivision (c), any other department of that county that
is responsible for the administration, allocation, or adjudication of property tax, as defined in Section 95.3, may submit to the board of supervisors an application for the remainder of the allowable grant amount set forth in paragraph (3) of subdivision (c). Any grant proposal submitted pursuant to this subdivision shall include the information specified in paragraph (2) of subdivision (c), and will be subject to the performance standards set forth in paragraph (4) of subdivision (c).

(f) If the funds appropriated by any Budget Act for the purposes set forth in this section exceed sixty million dollars ($60,000,000), the excess shall be allocated among participating counties in proportion to each county’s applicable grant share listed in the schedule set forth in paragraph (3) of subdivision (c). Any additional funds allocated pursuant to this subdivision shall be transferred by the Controller to the boards of supervisors of participating counties at the same time as the transfer of funds pursuant to paragraph (3) of subdivision (c), and the funds transferred shall be available for allocation by the board of supervisors within the county only for the purposes of administration, allocation, or adjudication of property taxes, as defined in Section 95.3. Any county receiving funds pursuant to this subdivision shall be required to comply with the same reporting requirements as those required for grant funds received pursuant to subdivision (c).

(g) A participating county may establish a tracking system whereby a work or function number is assigned to each appraisal or administrative activity. This tracking system should provide statistical data on the number of production units performed by the county and the positive and negative change in assessed value attributable to the activities performed by each employee.

(h) At the request of the Department of Finance, the State Board of Equalization shall assist the Department of Finance in evaluating grants made pursuant to this section.

(i) Notwithstanding Section 95.3, any funds provided to an eligible county pursuant to this section shall not result in any reduction of those county property tax administrative costs that are reimbursable pursuant to Section 95.3.

SEC. 2. Section 254.5 of the Revenue and Taxation Code is amended to read:

254.5. (a) Affidavits for the welfare exemption and the veterans’ organization exemption shall be filed in duplicate on or before February 15 of each year with the assessor. Affidavits of organizations filing for the first time shall be accompanied by duplicate certified copies of the financial statements of the owner and operator. Thereafter, financial statements shall be submitted only if requested in writing by either the assessor or the board. Copies of the affidavits and financial statements shall be forwarded not later than April 1 by the assessor with his or her
recommendations for approval or denial to the board which shall review all the affidavits and statements and may institute an independent audit or verification of the operations of the owner and operator to ascertain whether both the owner and operator meet the requirements of Section 214 of the Revenue and Taxation Code. In this connection the board shall consider, among other matters, whether:

1. The services and expenses of the owner or operator (including salaries) are excessive, based upon like services and salaries in comparable public institutions.

2. The operations of the owner or operator, either directly or indirectly, materially enhance the private gain of any individual or individuals.

3. Any capital investment of the owner or operator for expansion of a physical plant is justified by the contemplated return thereon, and required to serve the interests of the community.

4. The property on which the exemption is claimed is used for the actual operation of an exempt activity and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose.

(b) The board shall make a finding as to the eligibility of each applicant and the applicant’s property and shall forward its finding to the assessor concerned. If the board conducts a hearing with respect to the eligibility of the applicant and the applicant’s property, the finding shall be forwarded to the assessor concerned within 30 days after the decision is made by the board following the hearing. The assessor may deny the claim of an applicant that the board finds eligible, but may not grant the claim of an applicant the board finds ineligible.

(c) Notwithstanding subdivision (a), an applicant, granted a welfare exemption and owning any property exempted pursuant to Section 214.15 or Section 231, shall not be required to reapply for the welfare exemption in any subsequent year in which there has been no transfer of, or other change in title to, the exempted property and the property is used exclusively by a governmental entity or by a nonprofit corporation described in Section 214.15 for its interest and benefit. The applicant shall notify the assessor on or before February 15 if, on or before the preceding lien date, the applicant became ineligible for the welfare exemption or if, on or before that lien date, the property was no longer owned by the applicant or otherwise failed to meet all requirements for the welfare exemption.

Prior to the lien date, the assessor shall annually mail a notice to every applicant relieved of the requirement of filing an annual application by this subdivision.

The notice shall be in a form and contain that information that the board may prescribe, and shall set forth the circumstances under which
the property may no longer be eligible for exemption, and advise the applicant of the duty to inform the assessor if the property is no longer eligible for exemption.

The notice shall include a card that is to be returned to the assessor by any applicant desiring to maintain eligibility for the welfare exemption under Section 214.15 or Section 231. The card shall be in the following form:

To all persons who have received a welfare exemption under Section 214.15 or Section 231 of the Revenue and Taxation Code for the ____ fiscal year.

Question: Will the property to which the exemption applies in the ____ fiscal year continue to be used exclusively by government or by an organization as described in Section 214.15 for its interest and benefit in the ____ fiscal year?

YES ___ NO ___

Signature: ____________
Title: ______________

Failure to return this card does not of itself constitute a waiver of exemption as called for by the California Constitution, but may result in onsite inspection to verify exempt activity.

(d) Upon any indication that a welfare exemption has been incorrectly granted, the assessor shall redetermine eligibility for the exemption. If the assessor determines that the property, or any portion thereof, is no longer eligible for the exemption, he or she shall immediately cancel the exemption on so much of the property as is no longer eligible for the exemption.

(e) If a welfare exemption has been incorrectly allowed, an escape assessment as provided by Article 4 (commencing with Section 531) of Chapter 3 in the amount of the exemption, with interest as provided in Section 506, shall be made, and a penalty shall be assessed for any failure to notify the assessor as required by this section in an amount equaling 10 percent of the escape assessment, but may not exceed two hundred fifty dollars ($250).

SEC. 3. Section 257 of the Revenue and Taxation Code is amended to read:

257. (a) Any person claiming the religious exemption shall submit to the assessor an affidavit giving specific information relating to property tax exemption.

(b) The affidavit shall show that:
(1) The building, equipment, and land are used exclusively for religious purposes.

(2) The land claimed as exempt is required for the convenient use of the building.

(3) The property is owned by an entity organized and operating exclusively for religious purposes.

(4) The entity is nonprofit.

(5) No part of the net earnings inures to the benefit of any private individual.

(c) Any exemption granted pursuant to a claim filed in accordance with this section, once granted, shall remain in effect until that time that title to the property changes or the property is no longer used for exempt purposes. Any person who is granted an exemption pursuant to a claim filed in accordance with this section shall notify the assessor by February 15 if the property becomes ineligible for the exemption.

(d) Upon any indication that a religious exemption has been incorrectly allowed, the assessor shall make a redetermination of eligibility for the religious exemption. If the assessor determines that the property or any portion thereof is no longer eligible for the exemption, he or she shall immediately cancel the exemption on so much of the property as is no longer eligible for exemption.

If a religious exemption has been incorrectly allowed, an escape assessment as allowed by Article 4 (commencing with Section 531) of Chapter 3 in the amount of the exemption with interest as provided in Section 506 shall be made, together with a penalty for failure to notify the assessor, where applicable, in the amount of 10 percent of the assessment, but may not exceed two hundred fifty dollars ($250) in tax liability.

SEC. 4. Section 270 of the Revenue and Taxation Code is amended to read:

270. CHAPTER 216

An act to add Section 1104.1 to the Military and Veterans Code, relating to veterans, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 14, 2002. Filed with Secretary of State August 14, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:
(a) With respect to veterans in general, the Legislature finds and declares all of the following:
(1) Over 1,000 United States veterans who fought in World War II die every day.
(2) More veterans live in California than in any other state in the nation. Of the nation’s 25,229,000 veterans, 2,367,700 of them live in California, or 9.3 percent. Additionally, 596,500 more veterans live in California than in any other state in the nation.
(3) California has been identified by the United States Department of Veterans Affairs as one of the three states with a “great need” for veterans’ homes. The fiscal year 2002 United States Department of Veterans Affairs veterans’ home bed analysis lists the current need in California as 3,167 beds.

(4) The highest concentration of veterans are in the 53 to 58 years age range and are Vietnam-era veterans. There are approximately 800,000 Vietnam-era veterans in California who may need care soon.

(5) There are presently 430,800 Korean War-era veterans between the ages of 66 and 75 years in California who are at the prime age to receive care now.

(6) Approximately 18 million of the United States’ 25 million veterans served the country during wartime.

(b) With respect to a veterans’ home at Lancaster, the Legislature finds and declares all of the following:

(1) There are over 300,000 eligible veterans living in the 60-mile service area of the Lancaster veterans’ homesite.

(2) The Antelope Valley boasts a vibrant military community with a rich military and aerospace tradition. Lancaster is in the heart of the Antelope Valley, which is home to Edwards Air Force Base, Air Force Plant 42, NASA Dryden, Phillips Rocket Propulsion Laboratory, Boeing’s Phantomworks facility, Northrup-Gruman’s B-2 production facility, and the legendary Lockheed Martin Skunkworks facility.

(3) The Lancaster veterans’ homesite is within an hour drive of two Veterans Affairs hospitals, and in emergencies, is within a five-mile radius of three acute care hospitals. The Antelope Valley Hospital employs nearly 700 skilled nurses and the Antelope Valley Community College graduates over 200 registered nurses, LVNs, and medical technicians each year.

(c) With respect to a veterans’ home at Saticoy, the Legislature finds and declares all of the following:

(1) Ventura County has been home to three major naval installations since the 1940s. Presently, Ventura County is home to Point Mugu Naval Air Station and Port Hueneme United States Naval Construction Battalion Center. Also located near the Saticoy site is Vandenberg Air Force Base in Santa Barbara County, as well as Camp Roberts and Camp San Luis Obispo in San Luis Obispo County.

(2) The Tri-Counties Region supports a veterans’ population of 134,000. The Ventura County veterans services organization estimates that there are 70,000 veterans living in Ventura County alone. Another 34,000 veterans reside in Santa Barbara County and 30,000 veterans reside in San Luis Obispo County.

(3) Ventura College has one of the largest nursing programs in the state. Presently, there are 168 students enrolled in the Ventura College
nursing program. Oxnard and Moorpark Colleges also have viable nursing programs and are located in Ventura County.

(4) The Saticoy site boasts easy access to a variety of veterans services. The veterans outpatient clinics at Oxnard, Santa Barbara, San Luis Obispo, Sepulveda, and the West Los Angeles Veterans Hospital are all in close proximity to the Saticoy site.

(d) With respect to a veterans’ home at West Los Angeles, the Legislature finds and declares all of the following:

(1) The Governor’s Commission on California Veterans Homes enthusiastically recommends the West Los Angeles veterans’ homesite, stating—“It is the majority opinion of the Commission members that the best site in the State for a Veterans Home is located on the property at the Greater Los Angeles Veterans Affairs Medical Center in Los Angeles.”

(2) There are 690,600 veterans that presently reside in Los Angeles County. There are more veterans living in Los Angeles County than in San Francisco, San Diego, San Bernardino, Santa Barbara, Riverside, and Ventura Counties combined.

(3) One-third of California’s veterans’ population resides in either Los Angeles or Orange County. According to the United States Department of Veterans Affairs, the unmet need just for this area is estimated at 1,700 beds.

(4) The Los Angeles site has the potential to become a “Center of Excellence” for the California veterans’ home system. The Los Angeles site is located one-half mile from the Veterans Affairs Greater Los Angeles Health Care System (GLAHS). The GLAHS is the largest medical center in the Veterans Affairs health care system and has the broadest range of clinical care, education, and research programs available. The Los Angeles site will showcase a much-needed primary Alzheimer’s and dementia care facility. Affiliation with UCLA and USC medical centers assures the highest quality of medical care for Los Angeles veterans’ home residents. More than 250 GLAHS staff are UCLA or USC medical faculty members and over 270 UCLA and USC faculty are listed as having primary interest in geriatrics or gerontology.

(5) The population and resources of the metropolitan Los Angeles area provide a large pool of highly qualified staff candidates. The proposed Veterans’ Home, Los Angeles would have access to a pool of excellent candidates for all required support positions, including physicians, nurses, pharmacists, physical therapists, and administrative personnel.

(e) With respect to the need for more veterans’ homes in California, the Legislature notes all of the following recommendations of the Governor’s Commission on California Veterans Homes:
(1) Recommendation one by the Governor’s Commission on California Veterans Homes states: Immediate action is necessary. The commission urges the Governor and the Legislature to take action on construction of veterans homes by building concurrently as many as possible.

(2) Recommendation two by the Governor’s Commission on California Veterans Homes states: It is the majority opinion of the commission members that the best site in the state for a veterans home is located on the property at the Greater Los Angeles Veterans Affairs Medical Center in Los Angeles.

(3) Recommendation five by the Governor’s Commission on California Veterans Homes states: Build the primary Alzheimer’s and dementia care facility at the Greater Los Angeles Veterans Affairs Medical Center.

SEC. 2. (a) It is the intent of the Legislature that:

(1) A veterans’ home be built in the communities of Lancaster, Saticoy, and West Los Angeles, as described in Application Number 10-0388, dated April 11, 2002.

(2) In the event modifications to the entire project are needed, those modifications shall in no way lessen the number of beds and adult day care capabilities at the Lancaster and Saticoy facilities, as outlined in Application Number 10-0388, dated April 11, 2002.

(3) If delays occur in one or more of the proposed facilities within the application, it shall not affect the construction schedules, opening, operation, or administration of the other facilities.

(b) It is the further intent of the Legislature to support the expansion of capacity and services at the Lancaster and Saticoy facilities when the demand for services exceeds design capacity.

SEC. 3. Section 1104.1 is added to the Military and Veterans Code, to read:

1104.1. (a) Notwithstanding Section 13340 of the Government Code, the moneys in the Veterans’ Home Fund established by Section 1103 are, subject to the limit set forth in subdivision (b), hereby continuously appropriated, without regard to fiscal years, to the Department of Veterans Affairs for the funding of the state’s matching requirement for the construction of all of the following:

(1) The Veterans’ Home of California, Lancaster, as described in paragraph (4) of subdivision (b) of Section 1011.

(2) The Veterans’ Home of California, Saticoy, as described in paragraph (5) of subdivision (b) of Section 1011.

SEC. 4. This act shall become operative only if AB 2953, SB 1234, and SB 1773 are enacted and become effective on or before January 1, 2003.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to meet the filing date for the eligibility list to receive matching federal funds from the United States Department of Veterans Affairs for the construction of the veterans’ homes at Lancaster, Saticoy, and West Los Angeles, it is necessary that this act take effect immediately.

CHAPTER 217

An act to add Chapter 3.3 (commencing with Section 15819.60) to Part 10b of Division 3 of Title 2 of the Government Code, relating to veterans’ homes, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 14, 2002. Filed with Secretary of State August 14, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) With respect to veterans in general, the Legislature finds and declares all of the following:

(1) Over 1,000 United States veterans who fought in World War II die every day.

(2) More veterans live in California than in any other state in the nation. Of the nation’s 25,229,000 veterans, 2,367,700 of them live in California, or 9.3 percent. Additionally, 596,500 more veterans live in California than in any other state in the nation.

(3) California has been identified by the United States Department of Veterans Affairs as one of the three states with a “great need” for veterans’ homes. The fiscal year 2002 United States Department of Veterans Affairs veterans’ home bed analysis lists the current need in California as 3,167 beds.
(4) The highest concentration of veterans are in the 53 to 58 years age range and are Vietnam-era veterans. There are approximately 800,000 Vietnam-era veterans in California who may need care soon.

(5) There are presently 430,800 Korean War-era veterans between the ages of 66 and 75 years in California who are at the prime age to receive care now.

(6) Approximately 18 million of the United States’ 25 million veterans served the country during wartime.

(b) With respect to a veterans’ home in Fresno County, the Legislature finds and declares all of the following:

(1) The Governor’s Commission on California Veterans’ Homes recommends that Fresno County be placed on the priority list for the construction of a veterans’ home.

(2) Twelve percent of the veteran population of California resides in the Central Valley. Because of demographics and a lack of services for veterans, the San Joaquin Valley needs a veterans’ home.

(3) Fresno County is the site of one of the federal Department of Veterans Affairs medical centers and, therefore, has access to skilled medical professionals. Yet, Fresno County is in an area not served by any present or proposed veterans’ home.

(c) With respect to a veterans’ home at Redding in Shasta County, the Legislature finds and declares all of the following:

(1) The Governor’s Commission on California Veterans’ Homes recommends that the state build a veterans’ home at Redding in Shasta County to serve the needs of the 12 northern counties. The veterans in the northern California area have demonstrated the need for services and deserve a veterans’ home.

(2) Geography dictates that some areas in northern California are so removed from the central population core that it places those individuals living there at a hardship. The Governor’s Commission on California Veterans’ Homes has concluded that it is necessary to address the needs of the veterans in northern California. Many veterans in the area are located far from any services and, thus, must travel long distances to obtain any care from the veterans’ service network.

SEC. 2. Chapter 3.3 (commencing with Section 15819.60) is added to Part 10b of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 3.3. FINANCING OF CALIFORNIA VETERANS’ HOMES

15819.60. (a) The Department of General Services, on behalf of the Department of Veterans Affairs, may construct and establish additional veterans’ homes to be located in Fresno County and Shasta County.
(b) The Department of General Services, on behalf of the Department of Veterans Affairs, may renovate the veterans’ homes at Yountville, Barstow, and Chula Vista, as needed and justified.

(c) The Department of General Services, on behalf of the Department of Veterans Affairs, may expand the homes proposed to be built at Lancaster, Saticoy, and West Los Angeles, as needed and justified.

(d) The construction of veterans’ homes in Fresno County and Shasta County may not commence until the veterans’ homes in Lancaster, Saticoy, and West Los Angeles have been fully funded.

(e) The veterans’ homes to be constructed in Fresno County and Shasta County may be built concurrently.

15819.65. (a) (1) The State Public Works Board may issue lease-revenue bonds, notes, or bond anticipation notes pursuant to Chapter 5 (commencing with Section 15830) of Part 10b of Division 3 of Title 2 of the Government Code to finance the acquisition, design, construction, renovation, or expansion of the veterans’ homes specified in Section 15819.60.

(2) The issuance of bonds or notes under this section is contingent upon a commitment from the federal government to pay for the federal matching share of the cost of the design, construction, renovation, or expansion of the veterans’ homes specified in Section 15819.60.

(b) The amount of lease-revenue bonds, notes, or bond anticipation notes to be sold pursuant to Chapter 5 (commencing with Section 15830) for capital outlay for this purpose shall not exceed the sum of sixty-two million dollars ($62,000,000). This amount shall be available, in addition to any federal funds available, as necessary for the construction, renovation, or expansion of the veterans’ homes, site studies, suitability reports, environmental studies, master planning, architectural programming, schematics, preliminary plans, working drawings, construction, and equipment.

(c) The amount of revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold shall equal the costs of performance of all functions referred to in subdivision (b), and any additional amounts, as specified in subdivision (g).

(d) The amount of negotiable bond anticipation notes to be sold shall not exceed the amount of revenue bonds or negotiable notes authorized by this chapter.

(e) Notwithstanding Section 13340, funds derived for the purposes of this chapter from the financing methods pursuant to Chapter 5 (commencing with Section 15830) for the acquisition, design, construction, renovation, or expansion of the veterans’ homes are hereby continuously appropriated to the board on behalf of the Department of Veterans Affairs for the acquisition, design, construction, renovation, expansion, or refinancing of the veterans’ homes so financed.
In addition to the funds appropriated pursuant to this section, the federal matching funds available pursuant to the State Veterans’ Home Assistance Improvement Act of 1977 (38 U.S.C. Sec. 8131 et seq.), are hereby continuously appropriated to the board on behalf of the Department of Veterans Affairs for the purposes of design, construction, renovation, expansion, or repayment of any loan related to the projects specified in Section 15819.60.

(f) The State Public Works Board and the Department of Veterans Affairs may obtain interim financing for the project costs authorized in Section 15819.60 from any appropriate source, including, but not limited to, the Pooled Money Investment Account pursuant to Sections 16312 and 16313 of the Government Code.

(g) The board may authorize the augmentation of the acquisition, design, and cost of the construction, renovation, or expansion of the homes set forth in this chapter pursuant to the board’s authority under Section 13332.11. In addition, the board may authorize any additional amounts necessary to establish a reasonable construction reserve and to pay the cost of financing, including, but not limited to, the payment of interest during the design and construction of the projects, the costs of financing a debt service fund, and the cost of issuance of permanent financing for the projects. This additional amount may include interest payable on any interim financing obtained.

(h) The Department of Veterans Affairs is authorized and directed to execute and deliver any and all leases, contracts, agreements, or other documents necessary or advisable to consummate the sale of bonds or otherwise effectuate the financing of the scheduled projects.

(i) In the event that the bonds authorized for projects in Section 15819.60 are not sold, the Department of Veterans’ Affairs shall commit a sufficient portion of its support appropriation, as determined by the Department of Finance, to repay any interim financing. It is the intent of the Legislature that this commitment be made until all interim financing is repaid either through the proceeds from the sale of bonds or from an appropriation.

(j) The State Public Works Board shall not itself be deemed a lead or responsible agency for purposes of the California Environmental Quality Act (commencing with Section 21000 of the Public Resources Code) for any activities under the State Building Construction Act of 1955 (commencing with Section 15800 of the Government Code). This subdivision does not exempt any participating agency or department from the requirements of the California Environmental Quality Act, and is intended to be declarative of existing law.

SEC. 3. This act shall become operative only if AB 2559, AB 2953, and SB 1773 are enacted and become effective on or before January 1, 2003.
SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide adequate facilities for the care of California’s veterans at the earliest possible time, it is necessary for this act to take effect immediately.

(3) The application of this subdivision to causes of action brought pursuant to subdivision (d) applies only to the final action taken in response to the notice to the city or clerk of the board of supervisors. If no final action is taken, then the issue raised in the cause of action brought pursuant to subdivision (d) shall be limited to those matters presented at a properly noticed public hearing or to those matters specified in the notice given to the city or clerk of the board of supervisors pursuant to subdivision (d), or both.

(A) To attack, review, set aside, void, or annul the decision of a legislative body to adopt or amend a general or specific plan. (2) In the case of an action or proceeding challenging the adoption or revision of a housing element pursuant to this subdivision, the action or proceeding may, in addition, be maintained if it is commenced and service is made on the legislative body within 60 days following the date that the Department of Housing and Community Development reports its findings pursuant to subdivision (h) of Section 65585.

(d) An action or proceeding shall be commenced and the legislative body served within one year after the accrual of the cause of action as provided in this subdivision, if the action or proceeding meets both of the following requirements:

A cause of action brought pursuant to this subdivision shall accrue 60 days after notice is filed or the legislative body takes a final action in response to the notice, whichever occurs first. A notice or cause of action brought by one party pursuant to this subdivision shall not bar filing of a notice and initiation of a cause of action by any other party.

An act to amend Section 1357.16 of the Health and Safety Code, and to amend Section 10718.55 of the Insurance Code, relating to health care.

[Approved by Governor August 15, 2002. Filed with Secretary of State August 16, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1357.16 of the Health and Safety Code is amended to read:

1357.16. (a) Health care service plans may enter into contractual agreements with qualified associations, as defined in subdivision (b), under which these qualified associations may assume responsibility for performing specific administrative services, as defined in this section, for qualified association members. Health care service plans that enter into agreements with qualified associations for assumption of administrative services shall establish uniform definitions for the administrative services that may be provided by a qualified association or its third-party administrator. The health care service plan shall permit all qualified associations to assume one or more of these functions when the health care service plan determines the qualified association demonstrates the administrative capacity to assume these functions.

For the purposes of this section, administrative services provided by qualified associations or their third-party administrators shall be services pertaining to eligibility determination, enrollment, premium collection, sales, or claims administration on a per-claim basis that would otherwise be provided directly by the health care service plan or through a third-party administrator on a commission basis or an agent or solicitor workforce on a commission basis.

Each health care service plan that enters into an agreement with any qualified association for the provision of administrative services shall offer all qualified associations with which it contracts the same premium discounts for performing those services the health care service plan has permitted the qualified association or its third-party administrator to assume. The health care service plan shall apply these uniform discounts to the health care service plan’s risk adjusted employee risk rates after the health plan has determined the qualified association’s risk adjusted employee risk rates pursuant to Section 1357.12. The health care service plan shall report to the Department of Managed Health Care its schedule of discount for each administrative service.

In no instance may a health care service plan provide discounts to qualified associations that are in any way intended to, or materially result
in, a reduction in premium charges to the qualified association due to the health status of the membership of the qualified association. In addition to any other remedies available to the director to enforce this chapter, the director may declare a contract between a health care service plan and a qualified association for administrative services pursuant to this section null and void if the director determines any discounts provided to the qualified association are intended to, or materially result in, a reduction in premium charges to the qualified association due to the health status of the membership of the qualified association.

(b) For the purposes of this section, a qualified association is a nonprofit corporation comprised of a group of individuals or employers who associate based solely on participation in a specified profession or industry, that conforms to all of the following requirements:

1. It accepts for membership any individual or small employer meeting its membership criteria.
2. It does not condition membership directly or indirectly on the health or claims history of any person.
3. It uses membership dues solely for and in consideration of the membership and membership benefits, except that the amount of the dues shall not depend on whether the member applies for or purchases insurance offered by the association.
4. It is organized and maintained in good faith for purposes unrelated to insurance.
5. It existed on January 1, 1972, and has been in continuous existence since that date.
6. It has a constitution and bylaws or other analogous governing documents that provide for election of the governing board of the association by its members.
7. It offered, marketed, or sold health coverage to its members for 20 continuous years prior to January 1, 1993.
8. It agrees to offer only to association members any plan contract.
9. It agrees to include any member choosing to enroll in the plan contract offered by the association, provided that the member agrees to make required premium payments.
10. It complies with all provisions of this article.
11. It had at least 10,000 enrollees covered by association sponsored plans immediately prior to enactment of Chapter 1128 of the Statutes of 1992.

(c) A qualified association shall comply with Section 1357.52.
(d) The department shall monitor compliance with this section and report the impact of any noncompliance to the Assembly Insurance Committee and the Senate Insurance Committee on January 1, 2002.
SEC. 2. Section 10718.55 of the Insurance Code is amended to read:

10718.55. (a) Carriers may enter into contractual agreements with qualified associations, as defined in subdivision (b), under which these qualified associations may assume responsibility for performing specific administrative services, as defined in this section, for qualified association members. Carriers that enter into agreements with qualified associations for assumption of administrative services shall establish uniform definitions for the administrative services that may be provided by a qualified association or its third-party administrator. The carrier shall permit all qualified associations to assume one or more of these functions when the carrier determines the qualified association demonstrates that it has the administrative capacity to assume these functions.

For the purposes of this section, administrative services provided by qualified associations or their third-party administrators shall be services pertaining to eligibility determination, enrollment, premium collection, sales, or claims administration on a per-claim basis that would otherwise be provided directly by the carrier or through a third-party administrator on a commission basis or an agent or solicitor workforce on a commission basis.

Each carrier that enters into an agreement with any qualified association for the provision of administrative services shall offer all qualified associations with which it contracts the same premium discounts for performing those services the carrier has permitted the qualified association or its third-party administrator to assume. The carrier shall apply these uniform discounts to the carrier’s risk adjusted employee risk rates after the carrier has determined the qualified association’s risk adjusted employee risk rates pursuant to Section 10714. The carrier shall report to the department its schedule of discounts for each administrative service.

In no instance may a carrier provide discounts to qualified associations that are in any way intended to, or materially result in, a reduction in premium charges to the qualified association due to the health status of the membership of the qualified association. In addition to any other remedies available to the commissioner to enforce this chapter, the commissioner may declare a contract between a carrier and a qualified association for administrative services pursuant to this section null and void if the commissioner determines any discounts provided to the qualified association are intended to, or materially result in, a reduction in premium charges to the qualified association due to the health status of the membership of the qualified association.

(b) For the purposes of this section, a qualified association is a nonprofit corporation comprised of a group of individuals or employers
who associate based solely on participation in a specified profession or industry, that conforms to all of the following requirements:

(1) It accepts for membership any individual or small employer meeting its membership criteria.

(2) It does not condition membership, directly or indirectly, on the health or claims history of any person.

(3) It uses membership dues solely for and in consideration of the membership and membership benefits, except that the amount of the dues shall not depend on whether the member applies for or purchases insurance offered by the association.

(4) It is organized and maintained in good faith for purposes unrelated to insurance.

(5) It existed on January 1, 1972, and has been in continuous existence since that date.

(6) It has a constitution and bylaws or other analogous governing documents that provide for election of the governing board of the association by its members.

(7) It offered, marketed, or sold health coverage to its members for 20 continuous years prior to January 1, 1993.

(8) It agrees to offer any plan contract only to association members.

(9) It agrees to include any member choosing to enroll in the plan contract offered by the association, provided that the member agrees to make required premium payments.

(10) It complies with all provisions of this article.

(11) It had at least 10,000 enrollees covered by association-sponsored plans immediately prior to enactment of Chapter 1128 of the Statutes of 1992.

(12) It applies any administrative cost at an equal rate to all members purchasing coverage through the qualified association.

(c) A qualified association shall comply with the requirements set forth in Section 10198.9.

SEC. 3. (2) The notice of violation, when properly recorded and indexed, shall be considered notice of the violation to all successors in interest in that property. This notice is for informational purposes only and is not a defect, lien, or encumbrance on the property.

(f) Within 30 days after the final resolution of a violation that is the subject of a recorded notice of violation, the executive director shall mail a clearance letter to the owner of the real property and shall record a notice of recision in the office of each county recorder in which the notice of violation was filed, indicating that the notice of violation is no longer valid. The notice of recision shall have the same effect of a withdrawal or expungement under Section 405.61 of the Code of Civil Procedure.

(g) The executive director may not invoke the procedures of this section until all existing administrative methods for resolving the violation have been utilized and the property owner has been made aware of the potential for the recordation of a notice of violation. For purposes of this subdivision, existing methods for resolving the violation do not include the commencement of an administrative or judicial proceeding.

(h) This section only applies in circumstances where the commission is the legally responsible coastal development permitting authority or where a local government or port governing body requests the commission to assist in the resolution of an unresolved violation if the
local government is the legally responsible coastal development permitting authority.

(i) The commission, 24 months from the date of recordation, shall review each notice of violation that has been recorded to determine why the violation has not been resolved and whether the notice of violation should be expunged.

(j) The commission, at any time and for cause, on its own initiative or at the request of the property owner, may cause a notice of recision to be recorded invalidating the notice of violation recorded pursuant to this section. The notice of recision shall have the same effect of a withdrawal or expungement under Section 405.61 of the Code of Civil Procedure.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Nothing in this subdivision may relieve an appointing power from complying with applicable law requiring reasonable accommodation or prohibiting discrimination based on disability, and no employee, as a condition of an agreement to extend the probationary period, may be required to waive or release any rights he or she may have under applicable law requiring reasonable accommodation or prohibiting discrimination based on disability.

[Approved by Governor August 24, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that contracts entered into pursuant to Section 136.1 are not intended to be used as a means to cause the layoff or demotion of existing state civil service employees.

SEC. 2. Section 136.1 is added to the Streets and Highways Code, to read:
136.1. The department may enter into major damage mitigation contracts to perform major damage repairs and operations on state
highways when caused by sudden, unforeseen events such as storms, landslides, flooding, high surf, earthquakes or other geological action, or civil unrest. These contracts may be entered into prior to the onset of major damage in order to retain the contractor in readiness to respond to incidents as needed. Work performed under each contract shall be limited to physical construction, demolition, debris removal, and traffic control. The work shall be considered, for funding purposes, as a public works construction project.

SEC. 3. Section 136.5 of the Streets and Highways Code is amended to read:

136.5. (a) The contracts referred to in Sections 135, 136, and 136.1 are not subject to the State Contract Act (Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code). Those contracts shall be subject to the applicable payment bond provisions of Chapter 7 (commencing with Section 3247) of Part 4 of Division 3 of the Civil Code. The department may require faithful performance bonds when considered necessary. The advertisement for each contract shall state whether or not a bond shall be required.

(b) In cases of emergency work necessitated by the imminence or occurrence of a landslide, flood, storm damage, accident, or other casualty, tools or equipment may be rented for a period of not to exceed 60 days without competitive bidding, and the department may waive the requirements of Chapter 7 (commencing with Section 3247) of Part 4 of Division 3 of the Civil Code to the extent that a contractor may commence performance of the work under the contract for the rental of tools or equipment prior to filing a payment bond with the department. In that case, no payment shall be made to the contractor until a payment bond covering all work of the contract is filed with the department.

CHAPTER 240

An act to add Section 5029 to the Penal Code, relating to penal institutions.

[Approved by Governor August 24, 2002. Filed with Secretary of State August 26, 2002.]
The people of the State of California do enact as follows:

SECTION 1. Section 5029 is added to the Penal Code, to read:
5029. (a) The Director of Corrections shall ensure that documents, computers, or computer accessible media containing personal information relating to an employee of the Department of Corrections are not removed from the state prison without proper authorization from the warden or his or her designee.

(b) Any employee of the Department of Corrections who, without proper authorization, knowingly removes personal information relating to an employee of the Department of Corrections from the state prison in violation of subdivision (a), or who fails to provide the appropriate notice as required in subdivision (c), is subject to disciplinary action.

(c) (1) An employee who removes personal information shall, once the employee is aware that the information either is lost or stolen or cannot be accounted for, make a reasonable effort to immediately notify the warden, or his or her designee, of that fact.

(2) The warden, or his or her designee, shall attempt to notify the employee whose personal information either is lost or stolen or cannot be accounted for within 24 hours of receiving the notice under paragraph (1).

(d) For purposes of this section, “personal information” shall have the same meaning as set forth in Section 1798.3 of the Civil Code.

(e) It is not the intent of the Legislature, in enacting this section, to inhibit or prevent a person from making a disclosure of improper governmental activity that is protected by subparagraphs (A) and (B) of paragraph (2) of subdivision (a) of Section 6129, or by the California Whistleblower Protection Act, Article 3 (commencing with Section 8547) of Chapter 6.5 of Division 1 of Title 2 of the Government Code, or by the Whistleblower Protection Act, Article 10 (commencing with Section 9149.20) of Chapter 1.5 of Part 1 of Division 2 of Title 2 of the Government Code. Furthermore, nothing in this section shall be construed to interfere with the authority of the Office of the Inspector General pursuant to Section 6126.5 of this code, nor the authority of the State Auditor pursuant to Section 8545.2 of the Government Code.

CHAPTER 241

An act to amend Section 27903 of the Vehicle Code, relating to hazardous materials, and declaring the urgency thereof, to take effect immediately.
The people of the State of California do enact as follows:

SECTION 1. Section 27903 of the Vehicle Code is amended to read:

27903. (a) Subject to Section 114765 of the Health and Safety Code, any vehicle transporting any explosive, blasting agent, flammable liquid, flammable solid, oxidizing material, corrosive, compressed gas, poison, radioactive material, or other hazardous materials, of the type and in quantities that require the display of placards or markings on the vehicle exterior by the United States Department of Transportation regulations (49 C.F.R., Parts 172, 173, and 177), shall display the placards and markings in the manner and under conditions prescribed by those regulations of the United States Department of Transportation.

(b) This section does not apply to the following:

(1) Any vehicle transporting not more than 20 pounds of smokeless powder or not more than five pounds of black sporting powder or any combination thereof.

(2) An authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165, operated by a peace officer as defined in Sections 830.1 and 830.2 of the Penal Code, when transportation is required within the scope and course of law enforcement explosives detection or removal duties, provided one of the following conditions applies:

(A) The law enforcement agency operating the vehicle complies with regulations adopted by the California Highway Patrol pursuant to subdivision (b) of Section 34501, notwithstanding Section 34500 and subdivision (a) of Section 34501.

(B) The peace officer possesses an exemption issued by the commissioner, who may require additional transportation restrictions as deemed appropriate.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the public safety on the highways and allow the expeditious removal of hazardous materials from public places, it is necessary that this act take effect immediately.
The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is the policy of the state to protect public health and safety in a manner that compliments sustainability as an extension of resource conservation.

SEC. 2. The Legislature finds and declares that the safe handling, reduction, or elimination of pesticide use in state buildings and on state lands is an important step in providing all state employees and members of the public with a safe, healthy environment.

SEC. 3. It is the intent of the Legislature to enact legislation to protect public and environmental health through Integrated Pest Management (IPM) techniques, where feasible, before considering the use of pesticides on state property.

SEC. 4. Article 8 (commencing with Section 14717) is added to Chapter 2 of Part 5.5 of Division 3 of Title 2 of the Government Code, to read:

Article 18. Integrated Pest Management

14717. (a) The Department of General Services shall apply for grants and other funding as may be available from state, federal, or other sources and upon receipt of appropriate funds, shall implement a demonstration project to study the use of Integrated Pest Management (IPM) techniques at the State Capitol Park and its associated grounds that include the area located in the blocks bounded by 9th and 15th, L and N Streets, in the City of Sacramento, State of California. The Department of General Services shall apply for funds from July 1, 2002, to July 1, 2005, until appropriate funds are obtained.

(b) Successful practices learned directly from this demonstration project shall be deemed a sustainable measure, fitness and quality to traditional pest management methods being equal, and shall be made available to those state agencies interested in Integrated Pest Management. Successful practices learned from this demonstration program should also be made available to local jurisdictions at their request and expense, if appropriate.
(c) The Department of General Services shall present a report on this demonstration project to the Legislature within six months of its implementation.

(d) For the purposes of this section “Integrated Pest Management (IPM)” means a pest management strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. Pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment, are used only after careful monitoring indicates they are needed according to preestablished guidelines and treatment thresholds.

CHAPTER 243

An act to add Section 8588.4 to the Government Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 24, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:
(a) Transportation providers in California have had a long history of preparing for, and dealing with, natural and man-made disasters including earthquakes, fires, floods, and civil unrest.
(b) Nevertheless, the events of September 11, 2001, have resulted in a heightened awareness of the vulnerabilities not only of air travel, but of virtually all modes of transportation.
(c) On November 20, 2001, the Assembly Committee on Transportation held a special hearing in Oakland, California, to explore the readiness of transportation providers to protect against, and respond to, acts of terrorism that might be contemplated against their facilities and their clients.
(d) While the information garnered at that hearing revealed that an extensive amount of preparation and planning had taken place both prior and subsequent to September 11, 2001, many agencies were not fully comfortable with their ability to assess all potential threats against them. Additionally, most agencies expressed a desire to take additional
preventive actions but were unable to, due either to a lack of funding or an inability to identify feasible measures.

(e) It is therefore incumbent upon the Legislature to provide the means for comprehensive risk assessments to be undertaken for all segments of the transportation sector and to identify those measures that are necessary and feasible to prevent or respond to terrorist acts that may be taken against transportation facilities, services, and users.

SEC. 2. Section 8588.4 is added to the Government Code, to read:

8588.4. (a) The California Highway Patrol in cooperation with the Office of Emergency Services and the California National Guard and in consultation with the United States Coast Guard and all relevant federal, state, and local transportation and law enforcement agencies, shall perform a risk assessment of California’s transportation system. The scope of this assessment shall include, but not be limited to, the transportation infrastructure within the scope of the California Highway Patrol’s responsibilities. The assessment may not necessarily involve an inspection or examination of each individual facility and service but rather an overview of any risk that may exist within California’s transportation system. For each potential threat or security deficiency identified in the risk assessment, there shall be included one or more recommended measures to mitigate those risks.

(b) The California Highway Patrol shall submit a confidential report of its findings and recommendations to the Governor, the Speaker of the Assembly, the President pro Tempore of the Senate, the minority leader of the Assembly, and the minority leader of the Senate not later than January 1, 2003.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Forces hostile to the United States pose an immediate and continuing threat to all Americans. Because transportation facilities offer a potential target for terrorist actions, it is necessary that suggested preventive measures emanating from this act be adopted at the earliest possible date.

CHAPTER 244

An act to add Sections 51.1 and 55.2 to the Civil Code, to add Section 4461 to the Government Code, and to add Sections 19954.5 and 19959.5 to the Health and Safety Code, relating to civil rights.

No brief may be accepted for filing unless the proof of service shows service on the State Solicitor General. appeal, or the appellate division of a superior court, each party shall serve a copy of the party’s brief or petition and brief, on the State Solicitor General at the Office of the Attorney General. No brief may be accepted for filing unless the proof of service shows service on the State Solicitor General. Any party failing to comply with this requirement shall be given a reasonable opportunity to cure the failure before the court imposes any sanction and, in that instance, the court shall allow the Attorney General reasonable additional time to file a brief in the matter.

SEC. 5. Section 19959.5 is added to the Health and Safety Code, to read:

19959.5. If a violation of Section 19955, 19955.3, 19955.5, 19956, 19956.5, 19957, 19957.5, or 19959 is alleged or the application or construction of any of these sections is in issue in any proceeding in the Supreme Court of California, a state court of appeal, or the appellate division of a superior court, each party shall serve a copy of the party’s brief or petition and brief, on the State Solicitor General at the Office of the Attorney General. No brief may be accepted for filing unless the proof of service shows service on the State Solicitor General. Any party failing to comply with this requirement shall be given a reasonable opportunity to cure the failure before the court imposes any sanction and, in that instance, the court shall allow the Attorney General reasonable additional time to file a brief in the matter.

CHAPTER 245

An act to amend Sections 130100, 130105, and 130125 of the Health and Safety Code, relating to child development.

[Approved by Governor August 24, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 130100 of the Health and Safety Code is amended to read:

130100. There is hereby created a program in the state for the purposes of promoting, supporting, and improving the early development of children from the prenatal stage to five years of age. These purposes shall be accomplished through the establishment, institution, and coordination of appropriate standards, resources, and integrated and comprehensive programs emphasizing community awareness, education, nurturing, child care, social services, health care, and research.
(a) It is the intent of this act to facilitate the creation and implementation of an integrated, comprehensive, and collaborative system of information and services to enhance optimal early childhood development and to ensure that children are ready to enter school. This system should function as a network that promotes accessibility to all information and services from any entry point into the system. It is further the intent of this act to emphasize local decisionmaking, to provide for greater local flexibility in designing delivery systems, and to eliminate duplicate administrative systems.

(b) The programs authorized by this act shall be administered by the California Children and Families Commission and by county children and families commissions. In administering this act, the state and county commissions shall use outcome-based accountability to determine future expenditures.

(c) This division shall be known and may be cited as the “California Children and Families Act of 1998.”

SEC. 2. Section 130105 of the Health and Safety Code is amended to read:

130105. The California Children and Families Trust Fund is hereby created in the State Treasury.

(a) The California Children and Families Trust Fund shall consist of moneys collected pursuant to the taxes imposed by Section 30131.2 of the Revenue and Taxation Code.

(b) All costs to implement this act shall be paid from moneys deposited in the California Children and Families Trust Fund.

(c) The State Board of Equalization shall determine within one year of the passage of this act the effect that additional taxes imposed on cigarettes and tobacco products by this act has on the consumption of cigarettes and tobacco products in this state. To the extent that a decrease in consumption is determined by the State Board of Equalization to be the direct result of additional taxes imposed by this act, the State Board of Equalization shall determine the fiscal effect the decrease in consumption has on the funding of any Proposition 99 (the Tobacco Tax and Health Protection Act of 1988) state health-related education or research programs in effect as of November 1, 1998, and the Breast Cancer Fund programs that are funded by excise taxes on cigarettes and tobacco products. Funds shall be transferred from the California Children and Families Trust Fund to those affected programs as necessary to offset the revenue decrease directly resulting from the imposition of additional taxes by this act. These reimbursements shall occur, and at any times, as determined necessary to further the intent of this subdivision.

(d) Moneys shall be allocated and appropriated from the California Children and Families Trust Fund as follows:
(1) Twenty percent shall be allocated and appropriated to separate accounts of the state commission for expenditure according to the following formula:

(A) Six percent shall be deposited in a Mass Media Communications Account for expenditures for communications to the general public utilizing television, radio, newspapers, and other mass media on subjects relating to and furthering the goals and purposes of this act, including, but not limited to, methods of nurturing and parenting that encourage proper childhood development, the informed selection of child care, information regarding health and social services, the prevention and cessation of tobacco, alcohol, and drug use by pregnant women, the detrimental effects of secondhand smoke on early childhood development, and to ensure that children are ready to enter school.

(B) Five percent shall be deposited in an Education Account for expenditures to ensure that children are ready to enter school and for programs relating to education, including, but not limited to, the development of educational materials, professional and parental education and training, and technical support for county commissions in the areas described in subparagraph (A) of paragraph (1) of subdivision (b) of Section 130125.

(C) Three percent shall be deposited in a Child Care Account for expenditures to ensure that children are ready to enter school and for programs relating to child care, including, but not limited to, the education and training of child care providers, the development of educational materials and guidelines for child care workers, and other areas described in subparagraph (B) of paragraph (1) of subdivision (b) of Section 130125.

(D) Three percent shall be deposited in a Research and Development Account for expenditures to ensure that children are ready to enter school and for the research and development of best practices and standards for all programs and services relating to early childhood development established pursuant to this act, and for the assessment and quality evaluation of those programs and services.

(E) One percent shall be deposited in an Administration Account for expenditures for the administrative functions of the state commission. Any funds not needed for the administrative functions of the state commission may be transferred to the Unallocated Account described in subparagraph (F), upon approval by the state commission.

(F) Two percent shall be deposited in an Unallocated Account for expenditure by the state commission for any of the purposes of this act described in Section 130100 provided that none of these moneys shall be expended for the administrative functions of the state commission.

(G) In the event that, for whatever reason, the expenditure of any moneys allocated and appropriated for the purposes specified in
subparagraphs (A) to (F), inclusive, is enjoined by a final judgment of a court of competent jurisdiction, then those moneys shall be available for expenditure by the state commission for mass media communication emphasizing the need to eliminate smoking and other tobacco use by pregnant women, the need to eliminate smoking and other tobacco use by persons under 18 years of age, and the need to eliminate exposure to secondhand smoke.

(H) Any moneys allocated and appropriated to any of the accounts described in subparagraphs (A) to (F), inclusive, that are not encumbered or expended within any applicable period prescribed by law shall (together with the accrued interest on the amount) revert to and remain in the same account for the next fiscal period.

(2) Eighty percent shall be allocated and appropriated to county commissions in accordance with Section 130140.

(A) The moneys allocated and appropriated to county commissions shall be deposited in each local Children and Families Trust Fund administered by each county commission, and shall be expended only for the purposes authorized by this act and in accordance with the county strategic plan approved by each county commission.

(B) Any moneys allocated and appropriated to any of the county commissions that are not encumbered or expended within any applicable period prescribed by law shall (together with the accrued interest on the amount) revert to and remain in the same local Children and Families Trust Fund for the next fiscal period under the same conditions as set forth in subparagraph (A).

(e) All grants, gifts, or bequests of money made to or for the benefit of the state commission from public or private sources to be used for early childhood development programs shall be deposited in the California Children and Families Trust Fund and expended for the specific purpose for which the grant, gift, or bequest was made. The amount of any such grant, gift, or bequest shall not be considered in computing the amount allocated and appropriated to the state commission pursuant to paragraph (1) of subdivision (d).

(f) All grants, gifts, or bequests of money made to or for the benefit of any county commission from public or private sources to be used for early childhood development programs shall be deposited in the local Children and Families Trust Fund and expended for the specific purpose for which the grant, gift, or bequest was made. The amount of any such grant, gift, or bequest shall not be considered in computing the amount allocated and appropriated to the county commissions pursuant to paragraph (2) of subdivision (d).

(b) Adopting guidelines for an integrated and comprehensive statewide program of promoting, supporting, and improving early childhood development that enhances the intellectual, social, emotional, and physical development of children in California.

(1) The state commission’s guidelines shall, at a minimum, address the following matters:

(A) Parental education and support services in all areas required for, and relevant to, informed and healthy parenting. Examples of parental education shall include, but are not limited to, prenatal and postnatal infant and maternal nutrition, education and training in newborn and infant care and nurturing for optimal early childhood development, parenting and other necessary skills, child abuse prevention, and avoidance of tobacco, drugs, and alcohol during pregnancy. Examples of parental support services shall include, but are not limited to, family support centers offering an integrated system of services required for the development and maintenance of self-sufficiency, domestic violence prevention and treatment, tobacco and other substance abuse control and treatment, voluntary intervention for families at risk, and any other prevention and family services and counseling critical to successful early childhood development.

(B) The availability and provision of high quality, accessible, and affordable child care, both in-home and at child care facilities, that emphasizes education, training and qualifications of care providers, increased availability and access to child care facilities, resource and referral services, technical assistance for caregivers, and financial and other assistance to ensure appropriate child care for all households.

The people of the State of California do enact as follows:

SECTION 1. Section 24045.5 of the Business and Professions Code is amended to read:

24045.5. The department in its discretion may issue a temporary permit to the transferee of any license to continue the operation of the premises during the period a transfer application for the license from person to person at the same premises is pending and when all the following conditions exist:

(a) The premises shall have been operated under a license within 30 days of the date of filing the application for a temporary permit.
(b) The license for the premises shall have been surrendered pursuant to rules of the department.
(c) The applicant for the temporary permit shall have filed with the department an application for transfer of the license at the premises to himself or herself.
(d) The application for the temporary permit shall be accompanied by a temporary permit fee of one hundred dollars ($100).

A temporary permit issued by the department pursuant to this section shall be for a period not to exceed 120 days. A temporary permit may be extended at the discretion of the department for an additional 120-day period upon payment of an additional fee of one hundred dollars ($100) and upon compliance with all conditions required herein. A temporary permit is a conditional permit and authorizes the holder thereof to sell the alcoholic beverages as would be permitted to be sold under the privileges of the license for which the transfer application has been filed with the department.

Purchase of beer, wine, and distilled spirits by the holder of a temporary permit shall be made only upon payment before or at the time of delivery in currency or by check. However, the holder of a temporary retail permit who also holds one or more retail licenses and is operating under the retail license or licenses in addition to the temporary permit, and who is not delinquent under the provisions of Section 25509 as to any retail license under which he or she operates, may purchase alcoholic beverages on credit under the temporary permit.

All checks received by a seller for alcoholic beverages purchased by the holder of a temporary retail permit shall be deposited not later than the second business day following the date the alcoholic beverages are delivered.

A check dishonored on presentation shall not be deemed payment. The receipt by the seller or his or her agent in good faith from a holder of a
temporary permit of a check dishonored on presentation shall not be cause for disciplinary action against the seller.

Transfer of the license for which the holder of a temporary permit has filed an application shall not be approved by the department until the holder of the temporary permit has filed with the department a statement executed under penalty of perjury that all current obligations have been discharged, and that all outstanding checks issued by him or her in payment for alcoholic beverages will be honored on presentation.

It shall not be a violation of this section or otherwise grounds for disciplinary action for any licensee to extend credit to the holder of a temporary permit or to receive payment from the permittee in a manner other than authorized herein unless the seller had knowledge of the fact that the purchaser was operating under a temporary permit. Knowledge of the fact may be established by evidence, including, but not limited to, evidence that, at the time of receipt of payment or the extension of credit, the premises operated under a temporary permit were posted with the notice required by Section 23985, or the holder of the temporary permit had recorded notice as required by Section 24073, or the holder of the temporary permit had published notice as required by Section 23986, or the holder of the temporary permit had recorded and published notice pursuant to Division 6 (commencing with Section 6101) of the Commercial Code.

Refusal by the department to issue or extend a temporary permit shall not entitle the applicant to petition for the permit pursuant to Section 24011, or to a hearing pursuant to Section 24012. Articles 2 (commencing with Section 23985) and 3 (commencing with Section 24011) shall not apply to temporary permits.

Notwithstanding any other provision of law, a temporary permit may be canceled or suspended summarily at anytime if the department determines that good cause for the cancellation or suspension exists. Chapter 8 (commencing with Section 24300) shall not apply to temporary permits.

Application for a temporary permit shall be on any form the department shall prescribe. If an application for temporary permit is withdrawn before issuance or is refused by the department, the fee which accompanied the application shall be refunded in full, and Section 23959 shall not apply. Fees received by the department for issuance of temporary permits shall be deposited in the Alcohol Beverage Control Fund as provided in Section 25761.

24045.85. The department may issue a special on-sale beer, wine, or distilled spirits license to any symphony association organized as a nonprofit corporation more than 30 years before the date of application
and which is exempt from the payment of income taxes under Section 23701d of the Revenue and Taxation Code and Section 501(c)(3) of the Internal Revenue Code of 1954 of the United States.

A symphony association holding a license under this section may sell and serve alcoholic beverages only to persons attending concerts on the licensed premises. Sales of alcoholic beverages shall only be permitted, subject to Section 25631, during the period commencing two hours before the performance and ending one hour after the performance.

The applicant for a license shall accompany the application with an original fee of three hundred dollars ($300) and shall pay an annual renewal fee as provided in Section 23320.

Original licenses may be issued pursuant to this section until January 1, 1987; thereafter no new licenses shall be issued. Licenses originally issued pursuant to this section prior to January 1, 1987, may continue to be renewed annually by the holder thereof.

The people of the State of California do enact as follows:

SECTION 1. Section 7400.1 is added to the Elections Code, to read:

7400.1. (a) Notwithstanding Sections 7400 and 7401, in the County of Sacramento, the county central committee shall be elected by supervisor districts, and the number to be elected from any supervisor district shall be determined as follows: There shall be taken the number of votes cast in the supervisor district at the last gubernatorial election for that party’s candidate for Governor, or, if the party did not have a candidate for Governor, for the candidate of the party voted on throughout the state who received the greatest number of votes and who was the candidate of that party alone. This number shall be divided by one-thirtieth of the number of votes cast in Sacramento County for Governor or, where the party did not have a candidate for Governor, for the candidate mentioned above. The integer next larger than the quotient
obtained by that division shall constitute the number of members of the committee to be elected by that party in that supervisor district.

(b) The Sacramento County Central Committee shall be composed of not less than 31 members. If the procedure outlined above would result in less than 31 members being elected for any committee, the number of votes cast for this party’s candidate in each supervisor district shall be divided by an amount sufficiently smaller than one-thirtieth of the votes cast for Governor in Sacramento County as to give a membership on the committee equal to or the nearest amount that is greater than 31 members.

SEC. 2. Section 7400.3 is added to the Elections Code, to read:

7400.3. (a) Notwithstanding Sections 7400 and 7401, in the County of Santa Clara, the county central committee shall be elected by supervisor districts, and the number to be elected from any supervisor district shall be determined as follows:

(1) There shall be taken the number of votes cast in the supervisor district at the last gubernatorial election for that party’s candidate for Governor, or, if the party did not have a candidate for Governor, for the candidate of the party voted on throughout the state who received the greatest number of votes and who was the candidate of that party alone.

(2) This number shall be divided by one-twenty-second of the number of votes cast in Santa Clara County for Governor or, where the party did not have a candidate for Governor, for the candidate mentioned above. The integer next larger than the quotient obtained by that division shall constitute the number of members of the committee to be elected by that party in that supervisor district.

(b) The Santa Clara County Central Committee shall be composed of not less than 23 members. If the procedure outlined above would result in less than 23 members being elected to the committee, the number of votes cast for this party’s candidate in each supervisor district shall be divided by an amount sufficiently smaller than one-twenty-second of the votes cast for Governor in Santa Clara County as to give a membership on the committee equal to or the nearest amount that is greater than 23 members.

SEC. 3. Section 7411 of the Elections Code is amended to read:

7411. (a) Any member of a committee, other than an ex officio member, who misses four regularly called meetings within one 12-month period shall be removed from the committee concerned, unless his or her absence is caused by illness or temporary absence from the county on the date of the meeting.

(b) A committee may, in its sole discretion and in accordance with its bylaws, remove a member who misses four or more regularly called meetings within one 12-month period, regardless of the reasons for the absences.
SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

An act to amend Section 19442 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 24, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 19442 of the Revenue and Taxation Code is amended to read:

19442. (a) It is the intent of the Legislature that the Franchise Tax Board, its staff, and the Attorney General pursue settlements as authorized under this section with respect to civil tax matters in dispute that are the subject of protests, appeals, or refund claims, consistent with a reasonable evaluation of the costs and risks associated with litigation of these matters.

(b) (1) Except as provided in paragraph (3) and subject to paragraph (2), the executive officer or chief counsel, if authorized by the executive officer, of the Franchise Tax Board may recommend to the Franchise Tax Board, itself, a settlement of any civil tax matter in dispute.

(2) No recommendation of settlement shall be submitted to the Franchise Tax Board, itself, unless and until that recommendation has been submitted by the executive officer or chief counsel to the Attorney General. Within 30 days of receiving that recommendation, the Attorney General shall review the recommendation and advise in writing the executive officer or chief counsel of the Franchise Tax Board of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. The executive officer or chief counsel shall, with each recommendation of settlement submitted to the Franchise Tax Board, itself, also submit the Attorney General’s written conclusions obtained pursuant to this paragraph.
(3) (A) A settlement of any civil tax matter in dispute involving a reduction of tax or penalties in settlement, the total of which reduction of tax and penalties in settlement does not exceed seven thousand five hundred dollars ($7,500), may be approved by the executive officer and chief counsel, jointly. The executive officer shall notify the Franchise Tax Board, itself, of any settlement approved pursuant to this paragraph.

(B) On January 1 of each calendar year beginning on or after January 1, 2004, the Franchise Tax Board shall increase the amount specified in subparagraph (A) to the amount computed under this subparagraph. That adjustment shall be made as follows:

(i) The Department of Industrial Relations shall transmit annually to the Franchise Tax Board the percentage change in the California Consumer Price Index, as modified for rental equivalent homeownership for all items, from June of the prior calendar year to June of the current calendar year, no later than August 1 of the current calendar year.

(ii) The Franchise Tax Board shall then:

(I) Compute the percentage change in the California Consumer Price Index from the later of June 2003 or June of the calendar year prior to the last increase in the amount specified in subparagraph (A).

(II) Compute the inflation adjustment factor by adding 100 percent to the percentage change so computed, and converting the resulting percentage to the decimal equivalent.

(III) Multiply the amount specified in subparagraph (A) for the immediately preceding calendar year, as adjusted under this paragraph, by the inflation adjustment factor determined in subclause (II), and round off the resulting product to the nearest one hundred dollars ($100).

(c) Whenever a reduction of tax or penalties or total tax and penalties in settlement in excess of five hundred dollars ($500) is approved pursuant to this section, there shall be placed on file in the office of the executive officer of the Franchise Tax Board a public record with respect to that settlement. The public record shall include all of the following information:

(1) The name or names of the taxpayers who are parties to the settlement.

(2) The total amount in dispute.

(3) The amount agreed to pursuant to the settlement.

(4) A summary of the reasons why the settlement is in the best interests of the State of California.

(5) For any settlement approved by the Franchise Tax Board, itself, the Attorney General’s conclusion as to whether the recommendation of settlement was reasonable from an overall perspective.

The public record shall not include any information that relates to any trade secret, patent, process, style of work, apparatus, business secret, or
organizational structure, that if disclosed, would adversely affect the taxpayer or the national defense.

(d) The members of the Franchise Tax Board shall not participate in the settlement of tax matters pursuant to this section, except as provided in subdivision (e).

(e) (1) Any recommendation for settlement shall be approved or disapproved by the Franchise Tax Board, itself, within 45 days of the submission of that recommendation. Any recommendation for settlement that is not either approved or disapproved by the Franchise Tax Board, itself, within 45 days of the submission of that recommendation shall be deemed approved. Upon approval of a recommendation for settlement, the matter shall be referred back to the executive officer or chief counsel in accordance with the decision of the Franchise Tax Board.

(2) Disapproval of a recommendation for settlement shall be made only by a majority vote of the Franchise Tax Board. Where the Franchise Tax Board disapproves a recommendation for settlement, the matter shall be remanded to Franchise Tax Board staff for further negotiation, and may be resubmitted to the Franchise Tax Board, in the same manner and subject to the same requirements as the initial submission, at the discretion of the executive officer or chief counsel.

(f) (1) All settlements entered into pursuant to this section shall be final and nonappealable, except upon a showing of fraud or misrepresentation with respect to a material fact.

(2) A settlement may include matters that may otherwise be included in an agreement under Section 19441.

(3) Settlements pursuant to this section do not preclude assessments or refunds under Section 19059, 19060, or 19311 (relating to application of federal adjustments).

(g) (1) Any proceedings undertaken by the Franchise Tax Board itself pursuant to a settlement as described in this section shall be conducted in a closed session or sessions. Except as provided in subdivision (c), any settlement entered into pursuant to this section shall constitute confidential tax information for purposes of Article 2 (commencing with Section 19542) of Chapter 7.

(2) A settlement approved by the Franchise Tax Board, itself, shall be final and conclusive, to the same extent as an agreement under Section 19441 approved by the Franchise Tax Board, itself.

(h) This section shall apply only to civil tax matters in dispute existing on or after the effective date of the act adding this subdivision.

(i) The Legislature finds that it is essential for fiscal purposes that the settlement program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall
not apply to any determination, rule, notice, or guideline established or issued by the Franchise Tax Board in implementing and administering the settlement program authorized by this section.

(j) The amendments made to this section by the act adding this subdivision shall apply to any settlements approved on or after January 1, 2003.

(1) The name, date, and place of birth of the child.
(2) The identity and address or addresses of the parents or legal guardian.
(3) The name and address of the person, agency, or institution to or with which the sending agency proposes to send, bring, or place the child.
(4) A full statement of the reasons for the proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency’s state, and shall be entitled to receive therefrom, supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

Article 4. Penalty for Illegal Placement

The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. A violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any punishment or penalty, any
violation shall constitute full and sufficient grounds for the suspension
or revocation of any license, permit, or other legal authorization held by
the sending agency which empowers or allows it to place, or care for
children.

Article 5. Continuing Jurisdiction

(a) The sending agency shall retain jurisdiction over the child
sufficient to determine all matters in relation to the custody, supervision,
care, treatment, and disposition of the child which it would have had if
the child had remained in the sending agency’s state, until the child is
adopted, reaches majority, becomes self-supporting, or is discharged
with the concurrence of the appropriate authority in the receiving state.
That jurisdiction shall also include the power to effect or cause the return
of the child or its transfer to another location and custody pursuant to law.
The sending agency shall continue to have financial responsibility for
support and maintenance of the child during the period of the placement.
Nothing contained herein shall defeat a claim of jurisdiction by a
receiving state sufficient to deal with an act of delinquency or crime
committed therein.

(b) When the sending agency is a public agency, it may enter into an
agreement with an authorized public or private agency in the receiving
state providing for the performance of one or more services in respect of
that case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private
charitable agency authorized to place children in the receiving state from
performing services or acting as agent in that state for a private charitable
agency of the sending state; nor to prevent the agency in the receiving
state from discharging financial responsibility for the support and
maintenance of a child who has been placed on behalf of the sending
agency without relieving the responsibility set forth in paragraph (a) of
this article.

Article 6. Institutional Care of Delinquent Children

A child adjudicated delinquent may be placed in an institution in
another party jurisdiction pursuant to this compact but no such
placement shall be made unless the child is given a court hearing on
notice to the parent or guardian with opportunity to be heard, before
being sent to the other party jurisdiction for institutional care and the
court finds that both of the following exist:

(a) Equivalent facilities for the child are not available in the sending
agency’s jurisdiction.
(b) Institutional care in the other jurisdiction is in the best interest of
the child and will not produce undue hardship.

Article 7. Compact Administrator

The executive head of each jurisdiction party to this compact shall
designate an officer who shall be general coordinator of activities under
this compact in his or her jurisdiction and who, acting jointly with like
officers of other party jurisdictions, shall have power to promulgate rules
and regulations to carry out more effectively the terms and provisions of
this compact.

Article 8. Limitations

This compact shall not apply to:
(a) The sending or bringing of a child into a receiving state by his or
her parent, stepparent, grandparent, adult brother or sister, adult uncle or
aunt, or his or her guardian and leaving the child with any such relative
or nonagency guardian in the receiving state.
(b) Any placement, sending or bringing of a child into a receiving
state pursuant to any other interstate compact to which both the state
from which the child is sent or brought and the receiving state are party,
or to any other agreement between said states which has the force of law.

Article 9. Enactment and Withdrawal

This compact shall be open to joinder by any state, territory, or
possession of the United States, the District of Columbia, the
Commonwealth of Puerto Rico, and, with the consent of Congress, the
government of Canada or any province thereof. It shall become effective
with respect to any of these jurisdictions when that jurisdiction has
enacted the same into law. Withdrawal from this compact shall be by the
enactment of a statute repealing the same, but shall not take effect until
two years after the effective date of the statute and until written notice
of the withdrawal has been given by the withdrawing state to the
Governor of each other party jurisdiction. Withdrawal of a party state
shall not affect the rights, duties, and obligations under this compact of
any sending agency therein with respect to a placement made before the
effective date of withdrawal.

Article 10. Construction and Severability

The provisions of this compact shall be liberally construed to
effectuate the purposes thereof. The provisions of this compact shall be
severable and if any phrase, clause, sentence, or provision of this
compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

SEC. 7. Section 7908.5 is added to the Family Code, to read:

7908.5. For the purposes of an interstate adoption placement, the term “jurisdiction” as used in Article 5 of the Interstate Compact on the Placement of Children means “jurisdiction over or legal responsibility for the child.” It is the intent of the Legislature that this section make a technical clarification to the Interstate Compact on the Placement of Children and not a substantive change.

SEC. 8. Chapter 8 (commencing with Section 9210) is added to Part 2 of Division 13 of the Family Code, to read:

CHAPTER 8. ADOPTION PROCEEDINGS: CONFLICT OF LAWS

9210. (a) Except as otherwise provided in subdivisions (b) and (c), a court of this state has jurisdiction over a proceeding for the adoption of a minor commenced under this part if any of the following applies:

(1) Immediately before commencement of the proceeding, the minor lived in this state with a parent, a guardian, a prospective adoptive parent, or another person acting as parent, for at least six consecutive months, excluding periods of temporary absence, or, in the case of a minor under six months of age, lived in this state with any of those individuals from soon after birth and there is available in this state substantial evidence concerning the minor’s present or future care.

(2) Immediately before commencement of the proceeding, the prospective adoptive parent lived in this state for at least six consecutive months, excluding periods of temporary absence, and there is available in this state substantial evidence concerning the minor’s present or future care.

(3) The agency that placed the minor for adoption is located in this state and both of the following apply:

(A) The minor and the minor’s parents, or the minor and the prospective adoptive parent, have a significant connection with this state.

(B) There is available in this state substantial evidence concerning the minor’s present or future care.
(4) The minor and the prospective adoptive parent are physically present in this state and the minor has been abandoned or it is necessary in an emergency to protect the minor because the minor has been subjected to or threatened with mistreatment or abuse or is otherwise neglected.

(5) It appears that no other state would have jurisdiction under requirements substantially in accordance with paragraphs (1) to (4), inclusive, or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to hear a petition for adoption of the minor, and there is available in this state substantial evidence concerning the minor’s present or future care.

(b) A court of this state may not exercise jurisdiction over a proceeding for adoption of a minor if at the time the petition for adoption is filed a proceeding concerning the custody or adoption of the minor is pending in a court of another state exercising jurisdiction substantially in conformity with this part, unless the proceeding is stayed by the court of the other state because this state is a more appropriate forum or for another reason.

(c) If a court of another state has issued a decree or order concerning the custody of a minor who may be the subject of a proceeding for adoption in this state, a court of this state may not exercise jurisdiction over a proceeding for adoption of the minor, unless both of the following apply:

(1) The requirements for modifying an order of a court of another state under this part are met, the court of another state does not have jurisdiction over a proceeding for adoption substantially in conformity with paragraphs (1) to (4), inclusive, of subdivision (a), or the court of another state has declined to assume jurisdiction over proceeding for adoption.

(2) The court of this state has jurisdiction under this section over the proceeding for adoption.

9211. A petition for adoption of a minor may be filed in the court in the county in which any of the following applies:

(a) A petitioner lives.
(b) The minor lives.
(c) An office of an agency that placed the minor is located.

9212. (a) Sections 9210 and 9211 shall apply to interstate adoptions if the prospective adoptive parents reside outside of the state.

(b) This section shall become operative only if AB 746 of the 2001–02 Regular Session is enacted. If AB 746 is not enacted, the application of Sections 9120 and 9211 is not intended to expand
jurisdiction to apply to interstate adoptions if the prospective adoptive parents reside outside of the state.

CHAPTER 261

An act to amend Section 6512 of the Health and Safety Code, and to amend Section 10633 of the Water Code, relating to water.

[Approved by Governor August 24, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:
(a) California is experiencing substantial water shortage statewide.
(b) The state’s population is growing by approximately 750,000 people a year, and is expected to approach 50 million by 2020.
(c) This boom in population will nearly double the demand for water supply in urban areas by 2020, compounding the shortage problem.
(d) The state needs to take action that will help alleviate these problems by expanding options for securing water supply.
(e) The state has a tremendous capacity to use reclaimed water for a range of uses.
(f) The Legislature has established goals for water recycling in the state, namely to reclaim and reuse one million acre-feet annually by 2010.
(g) It is the policy of the State of California to do what it can to encourage and facilitate the expanded use of recycled water.

SEC. 2. Section 6512 of the Health and Safety Code is amended to read:

6512. (a) A district may acquire, plan, construct, reconstruct, alter, enlarge, lay, renew, replace, maintain, and operate garbage dumpsites and garbage collection and disposal systems, sewers, drains, septic tanks, and sewerage collection, outfall, treatment works and other sanitary disposal systems, and storm water drains and storm water collection, outfall and disposal systems, and water recycling and distribution systems, as the board deems necessary and proper, and in the performance of these functions, either in or out of the district, it may join through joint powers agreements pursuant to the provisions of Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, or through other means with any county or municipality or any other district or governmental agency.
(b) Before any garbage dump is established, the location shall first be approved by the county health officer, and, in addition, if the location is within two miles of any city, the consent of the governing body of the city shall first be secured.

(c) (1) If the district includes any part of a city, water district, or other local agency that provides water service to any territory in the district, the district shall not supply water service to the territory unless the district first obtains the consent of the city, water district, or other local agency. The consent shall not be revoked, if the revocation will result in a decrease of the revenues available to pay the outstanding bonds of the district.

(2) Paragraph (1) does not apply to the provision of recycled water by a district.

(3) (A) Subject to subparagraph (B), a district may not supply water service using recycled water to the territory of any part of a city, water district, or other local public entity providing water service, or commence construction of facilities for that service, prior to offering to consult with that city, water district, or other local public entity, and providing notification of availability for consultation. The obligation to consult terminates if that local public entity providing water service fails to make itself available for consultation within 60 days of written notification to that local public entity.

(B) The consultation and notification requirements described in subparagraph (A) do not apply to a district if the district, prior to supplying water or commencing construction as described in subparagraph (A), provides notification to the local public entity pursuant to Section 65604 of the Government Code or submits a written request to the local public entity pursuant to subdivision (b) of Section 13580 of the Water Code.

(d) The Department of Water Resources may assist sanitary districts in applying for, and in obtaining approval of, federal and state funding and permits for cost-effective water recycling projects and shall confer and cooperate with the legislative body of the district during the application and approval process.

SEC. 3. Section 10633 of the Water Code is amended to read:

10633. The plan shall provide, to the extent available, information on recycled water and its potential for use as a water source in the service area of the urban water supplier. The preparation of the plan shall be coordinated with local water, wastewater, groundwater, and planning agencies that operate within the supplier’s service area, and shall include all of the following:

(a) A description of the wastewater collection and treatment systems in the supplier’s service area, including a quantification of the amount
of wastewater collected and treated and the methods of wastewater disposal.

(b) A description of the quantity of treated wastewater that meets recycled water standards, is being discharged, and is otherwise available for use in a recycled water project.

(c) A description of the recycled water currently being used in the supplier’s service area, including, but not limited to, the type, place, and quantity of use.

(d) A description and quantification of the potential uses of recycled water, including, but not limited to, agricultural irrigation, landscape irrigation, wildlife habitat enhancement, wetlands, industrial reuse, groundwater recharge, and other appropriate uses, and a determination with regard to the technical and economic feasibility of serving those uses.

(e) The projected use of recycled water within the supplier’s service area at the end of 5, 10, 15, and 20 years, and a description of the actual use of recycled water in comparison to uses previously projected pursuant to this subdivision.

(f) A description of actions, including financial incentives, which may be taken to encourage the use of recycled water, and the projected results of these actions in terms of acre-feet of recycled water used per year.

(g) A plan for optimizing the use of recycled water in the supplier’s service area, including actions to facilitate the installation of dual distribution systems, to promote recirculating uses, to facilitate the increased use of treated wastewater that meets recycled water standards, and to overcome any obstacles to achieving that increased use.

SEC. 4. It is the intent of the Legislature to encourage the use of recycled water for nonpotable uses as a cost-effective, reliable method of helping to meet California’s water supply needs. This act does not alter any rights, remedies, or obligations that may exist pursuant to Article 1.5 (commencing with Section 1210) of Chapter 1 of Part 2 of Division 2 of the Water Code or Chapter 8.5 (commencing with Section 1501) of Part 1 of Division 1 of the Public Utilities Code.

CHAPTER 262

The people of the State of California do enact as follows:

(2) If the contract does not contain substantially the same terms and conditions, the member shall recuse himself or herself from making, participating in making, or in any way attempting to use his or her official position to influence the making of, a decision on the contract.

(d) The member does not influence or attempt to influence the commission or another member of the commission to enter into the contract in which the member is interested.

(e) The member discloses the interest to the commission and abstains from voting on the contract.

(f) The commission notes the member’s disclosure and abstention in its official records and authorizes the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote of the interested member.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit persons in various business and professions to be members of certain special health commissions and thereby facilitate the work of those commissions, including managing the delivery of Medi-Cal services, at the earliest possible time, it is necessary that this act take effect immediately.

Standardized procedures, protocols, and practice agreements shall include specific approval by a physician. A review process, consistent with the requirements of Section 2725 or 3502.1, of the complimentary samples requested and received by a nurse practitioner, certified nurse-midwife, or physician assistant shall be defined within the standardized procedure, protocol, or practice agreement.

(b) Each written request shall contain the names and addresses of the supplier and the requester, the name and quantity of the specific dangerous drug desired, the name of the certified nurse-midwife, nurse practitioner, or physician assistant, if applicable, receiving the samples pursuant to this section, the date of receipt, and the name and quantity of the dangerous drugs or dangerous devices provided. (c) Nothing in this section is intended to expand the scope of practice of a certified nurse-midwife, nurse practitioner, or physician assistant.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 264

An act to add Section 87302.6 to the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor August 24, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 3. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 265

An act to amend Sections 6380 and 6385 of the Family Code, and to amend Section 1203.097 of the Penal Code, relating to domestic violence.
The people of the State of California do enact as follows:

SECTION 1. Section 6380 of the Family Code is amended to read:

6380. (a) Each county, with the approval of the Department of Justice, shall, by July 1, 1996, develop a procedure, using existing systems, for the electronic transmission of data, as described in subdivision (b), to the Department of Justice. The data shall be electronically transmitted through the California Law Enforcement Telecommunications System (CLETS) of the Department of Justice by law enforcement personnel, or with the approval of the Department of Justice, court personnel, or another appropriate agency capable of maintaining and preserving the integrity of both the CLETS and the Domestic Violence Restraining Order System, as described in subdivision (e). Data entry is required to be entered only once under the requirements of this section, unless the order is served at a later time. A portion of all fees payable to the Department of Justice under subdivision (a) of Section 1203.097 of the Penal Code for the entry of the information required under this section, based upon the proportion of the costs incurred by the local agency and those incurred by the Department of Justice, shall be transferred to the local agency actually providing the data. All data with respect to criminal court protective orders issued, modified, extended, or terminated under subdivision (g) of Section 136.2 of the Penal Code shall be transmitted by the court or its designee within one business day to law enforcement personnel by either one of the following methods:

(1) Transmitting a physical copy of the order to a local law enforcement agency authorized by the Department of Justice to enter orders into CLETS.

(2) With the approval of the Department of Justice, entering the order into CLETS directly.

(b) Upon the issuance of a protective order to which this division applies pursuant to Section 6221, or the issuance of a temporary restraining order or injunction relating to harassment or domestic violence pursuant to Section 527.6 or 527.8 of the Code of Civil Procedure, or the issuance of a criminal court protective order under subdivision (g) of Section 136.2 of the Penal Code, or the issuance of a juvenile court restraining order related to domestic violence pursuant to Section 213.5, 304, or 362.4 of the Welfare and Institutions Code, or the issuance of a protective order pursuant to Section 15657.03 of the Welfare and Institutions Code, or upon registration with the court clerk of a domestic violence protective or restraining order issued by the
tribunal of another state, as defined in Section 6401, and including any of the foregoing orders issued in connection with an order for modification of a custody or visitation order issued pursuant to a dissolution, legal separation, nullity, or paternity proceeding the Department of Justice shall be immediately notified of the contents of the order and the following information:

(1) The name, race, date of birth, and other personal descriptive information of the respondent as required by a form prescribed by the Department of Justice.
(2) The names of the protected persons.
(3) The date of issuance of the order.
(4) The duration or expiration date of the order.
(5) The terms and conditions of the protective order, including stay-away, no-contact, residency exclusion, custody, and visitation provisions of the order.
(6) The department or division number and the address of the court.
(7) Whether or not the order was served upon the respondent.
(8) The terms and conditions of any restrictions on the ownership or possession of firearms.

All available information shall be included; however, the inability to provide all categories of information shall not delay the entry of the information available.

(c) The information conveyed to the Department of Justice shall also indicate whether the respondent was present in court to be informed of the contents of the court order. The respondent’s presence in court shall provide proof of service of notice of the terms of the protective order. The respondent’s failure to appear shall also be included in the information provided to the Department of Justice.

(d) (1) Within one business day of service, any law enforcement officer who served a protective order shall submit the proof of service directly into the Department of Justice Domestic Violence Restraining Order System, including his or her name and law enforcement agency, and shall transmit the original proof of service form to the issuing court.

(2) Within one business day of receipt of proof of service by a person other than a law enforcement officer, the clerk of the court shall submit the proof of service of a protective order directly into the Department of Justice Domestic Violence Restraining Order System, including the name of the person who served the order. If the court is unable to provide this notification to the Department of Justice by electronic transmission, the court shall, within one business day of receipt, transmit a copy of the proof of service to a local law enforcement agency. The local law enforcement agency shall submit the proof of service directly into the Department of Justice Domestic Violence Restraining Order System within one business day of receipt from the court.
(e) The Department of Justice shall maintain a Domestic Violence Restraining Order System and shall make available to court clerks and law enforcement personnel, through computer access, all information regarding the protective and restraining orders and injunctions described in subdivision (b), whether or not served upon the respondent.

(f) If a court issues a modification, extension, or termination of a protective order, it shall be on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice, and the transmitting agency for the county shall immediately notify the Department of Justice, by electronic transmission, of the terms of the modification, extension, or termination.

(g) The Judicial Council shall assist local courts charged with the responsibility for issuing protective orders by developing informational packets describing the general procedures for obtaining a domestic violence restraining order and indicating the appropriate Judicial Council forms. The informational packets shall include a design, that local courts shall complete, that describes local court procedures and maps to enable applicants to locate filing windows and appropriate courts, and shall also include information on how to return proofs of service, including mailing addresses and fax numbers. The court clerk shall provide a fee waiver form to all applicants for domestic violence protective orders. The court clerk shall provide all Judicial Council forms required by this chapter to applicants free of charge. The informational packet shall also contain a statement that the protective order is enforceable in any state, as defined in Section 6401, and general information about agencies in other jurisdictions that may be contacted regarding enforcement of an order issued by a court of this state.

(h) For the purposes of this part, “electronic transmission” shall include computer access through the California Law Enforcement Telecommunications System (CLETS).

(i) Only protective and restraining orders issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice shall be transmitted to the Department of Justice. However, this provision shall not apply to a valid protective or restraining order related to domestic or family violence issued by a tribunal of another state, as defined in Section 6401. Those orders shall, upon request, be registered pursuant to Section 6404.

SEC. 2. Section 6385 of the Family Code is amended to read:

6385. (a) Proof of service of the protective order is not required for the purposes of Section 6380 if the order indicates on its face that both parties were personally present at the hearing at which the order was issued and that, for the purpose of Section 6384, no proof of service is required, or if the order was served by a law enforcement officer pursuant to Section 6383.
(b) The failure of the petitioner to provide the Department of Justice with the personal descriptive information regarding the person restrained does not invalidate the protective order.

(c) There is no civil liability on the part of, and no cause of action arises against, an employee of a local law enforcement agency, a court, or the Department of Justice, acting within the scope of employment, if a person described in subdivision (g) of Section 12021 of the Penal Code unlawfully purchases or receives or attempts to purchase or receive a firearm and a person is injured by that firearm or a person who is otherwise entitled to receive a firearm is denied a firearm and either wrongful action is due to a failure of a court to provide the notification provided for in this chapter.

SEC. 3. Section 1203.097 of the Penal Code is amended to read:

1203.097. (a) If a person is granted probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, the terms of probation shall include all of the following:

(1) A minimum period of probation of 36 months, which may include a period of summary probation as appropriate.

(2) A criminal court protective order protecting the victim from further acts of violence, threats, stalking, sexual abuse, and harassment, and, if appropriate, containing residence exclusion or stay-away conditions.

(3) Notice to the victim of the disposition of the case.

(4) Booking the defendant within one week of sentencing if the defendant has not already been booked.

(5) A minimum payment by the defendant of two hundred dollars ($200) to be disbursed as specified in this paragraph. If, after a hearing in court on the record, the court finds that the defendant does not have the ability to pay, the court may reduce or waive this fee.

One-third of the moneys deposited with the county treasurer pursuant to this section shall be retained by counties and deposited in the domestic violence programs special fund created pursuant to Section 18305 of the Welfare and Institutions Code, to be expended for the purposes of Chapter 5 (commencing with Section 18290) of Part 6 of Division 9 of the Welfare and Institutions Code. The remainder shall be transferred, once a month, to the Controller for deposit in equal amounts in the Domestic Violence Restraining Order Reimbursement Fund and in the Domestic Violence Training and Education Fund, which are hereby created, in an amount equal to two-thirds of funds collected during the preceding month. Moneys deposited into these funds pursuant to this section shall be available upon appropriation by the Legislature and shall be distributed each fiscal year as follows:

(A) Funds from the Domestic Violence Restraining Order Reimbursement Fund shall be distributed to local law enforcement or
other criminal justice agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (b) of Section 6380 of the Family Code, based on the annual notification from the Department of Justice of the number of restraining orders issued and registered in the state domestic violence restraining order registry maintained by the Department of Justice, for the development and maintenance of the domestic violence restraining order databank system.

(B) Funds from the Domestic Violence Training and Education Fund shall support a statewide training and education program to increase public awareness of domestic violence and to improve the scope and quality of services provided to the victims of domestic violence. Grants to support this program shall be awarded on a competitive basis and be administered by the State Department of Health Services, in consultation with the statewide domestic violence coalition, which is eligible to receive funding under this section.

(6) Successful completion of a batterer’s program, as defined in subdivision (c), or if none is available, another appropriate counseling program designated by the court, for a period not less than one year with periodic progress reports by the program to the court every three months or less and weekly sessions of a minimum of two hours class time duration. The defendant shall attend consecutive weekly sessions, unless granted an excused absence for good cause by the program for no more than three individual sessions during the entire program, and shall complete the program within 18 months, unless, after a hearing, the court finds good cause to modify the requirements of consecutive attendance or completion within 18 months.

(7) (A) (i) The court shall order the defendant to comply with all probation requirements, including the requirements to attend counseling, keep all program appointments, and pay program fees based upon the ability to pay.

(ii) The terms of probation for offenders shall not be lifted until all reasonable fees due to the counseling program have been paid in full, but in no case shall probation be extended beyond the term provided in subdivision (a) of Section 1203.1. If the court finds that the defendant does not have the ability to pay the fees based on the defendant’s changed circumstances, the court may reduce or waive the fees.

(B) Upon request by the batterer’s program, the court shall provide the defendant’s arrest report, prior incidents of violence, and treatment history to the program.

(8) The court also shall order the defendant to perform a specified amount of appropriate community service, as designated by the court. The defendant shall present the court with proof of completion of community service and the court shall determine if the community
service has been satisfactorily completed. If sufficient staff and resources are available, the community service shall be performed under the jurisdiction of the local agency overseeing a community service program.

(9) If the program finds that the defendant is unsuitable, the program shall immediately contact the probation department or the court. The probation department or court shall either recalendar the case for hearing or refer the defendant to an appropriate alternative batterer’s program.

(10) (A) Upon recommendation of the program, a court shall require a defendant to participate in additional sessions throughout the probationary period, unless it finds that it is not in the interests of justice to do so, states its reasons on the record, and enters them into the minutes. In deciding whether the defendant would benefit from more sessions, the court shall consider whether any of the following conditions exist:

(i) The defendant has been violence free for a minimum of six months.

(ii) The defendant has cooperated and participated in the batterer’s program.

(iii) The defendant demonstrates an understanding of and practices positive conflict resolution skills.

(iv) The defendant blames, degrades, or has committed acts that dehumanize the victim or puts at risk the victim’s safety, including, but not limited to, molesting, stalking, striking, attacking, threatening, sexually assaulting, or battering the victim.

(v) The defendant demonstrates an understanding that the use of coercion or violent behavior to maintain dominance is unacceptable in an intimate relationship.

(vi) The defendant has made threats to harm anyone in any manner.

(vii) The defendant has complied with applicable requirements under paragraph (6) of subdivision (c) or subparagraph (C) to receive alcohol counseling, drug counseling, or both.

(viii) The defendant demonstrates acceptance of responsibility for the abusive behavior perpetrated against the victim.

(B) The program shall immediately report any violation of the terms of the protective order, including any new acts of violence or failure to comply with the program requirements, to the court, the prosecutor, and, if formal probation has been ordered, to the probation department. The probationer shall file proof of enrollment in a batterer’s program with the court within 30 days of conviction.

(C) Concurrent with other requirements under this section, in addition to, and not in lieu of, the batterer’s program, and unless prohibited by the referring court, the probation department or the court may make provisions for a defendant to use his or her resources to enroll
in a chemical dependency program or to enter voluntarily a licensed chemical dependency recovery hospital or residential treatment program that has a valid license issued by the state to provide alcohol or drug services to receive program participation credit, as determined by the court. The probation department shall document evidence of this hospital or residential treatment participation in the defendant’s program file.

(11) The conditions of probation may include, in lieu of a fine, but not in lieu of the fund payment required under paragraph (5), one or more of the following requirements:

(A) That the defendant make payments to a battered women’s shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable expenses that the court finds are the direct result of the defendant’s offense.

For any order to pay a fine, to make payments to a battered women’s shelter, or to pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant’s ability to pay. Determination of a defendant’s ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. In no event shall any order to make payments to a battered women’s shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. When the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property shall not be used to discharge the liability of the offending spouse for restitution to the injured spouse, as required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse, until all separate property of the offending spouse is exhausted.

(12) If it appears to the prosecuting attorney, the court, or the probation department that the defendant is performing unsatisfactorily in the assigned program, is not benefiting from counseling, or has engaged in criminal conduct, upon request of the probation officer, the prosecuting attorney, or on its own motion, the court, as a priority calendar item, shall hold a hearing to determine whether further sentencing should proceed. The court may consider factors, including, but not limited to, any violence by the defendant against the former or a new victim while on probation and noncompliance with any other specific condition of probation. If the court finds that the defendant is not performing satisfactorily in the assigned program, is not benefiting from the program, has not complied with a condition of probation, or has
engaged in criminal conduct, the court shall terminate the defendant’s participation in the program and shall proceed with further sentencing.

(b) If a person is granted formal probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, in addition to the terms specified in subdivision (a), all of the following shall apply:

(1) The probation department shall make an investigation and take into consideration the defendant’s age, medical history, employment and service records, educational background, community and family ties, prior incidents of violence, police report, treatment history, if any, demonstrable motivation, and other mitigating factors in determining which batterer’s program would be appropriate for the defendant. This information shall be provided to the batterer’s program if it is requested. The probation department shall also determine which community programs the defendant would benefit from and which of those programs would accept the defendant. The probation department shall report its findings and recommendations to the court.

(2) The court shall advise the defendant that the failure to report to the probation department for the initial investigation, as directed by the court, or the failure to enroll in a specified program, as directed by the court or the probation department, shall result in possible further incarceration. The court, in the interests of justice, may relieve the defendant from the prohibition set forth in this subdivision based upon the defendant’s mistake or excusable neglect. Application for this relief shall be filed within 20 court days of the missed deadline. This time limitation may not be extended. A copy of any application for relief shall be served on the office of the prosecuting attorney.

(3) After the court orders the defendant to a batterer’s program, the probation department shall conduct an initial assessment of the defendant, including, but not limited to, all of the following:

(A) Social, economic, and family background.
(B) Education.
(C) Vocational achievements.
(D) Criminal history.
(E) Medical history.
(F) Substance abuse history.
(G) Consultation with the probation officer.
(H) Verbal consultation with the victim, only if the victim desires to participate.
(I) Assessment of the future probability of the defendant committing murder.

(4) The probation department shall attempt to notify the victim regarding the requirements for the defendant’s participation in the batterer’s program, as well as regarding available victim resources. The
victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(c) The court or the probation department shall refer defendants only to batterer’s programs that follow standards outlined in paragraph (1), which may include, but are not limited to, lectures, classes, group discussions, and counseling. The probation department shall design and implement an approval and renewal process for batterer’s programs and shall solicit input from criminal justice agencies and domestic violence victim advocacy programs.

(1) The goal of a batterer’s program under this section shall be to stop domestic violence. A batterer’s program shall consist of the following components:

   (A) Strategies to hold the defendant accountable for the violence in a relationship, including, but not limited to, providing the defendant with a written statement that the defendant shall be held accountable for acts or threats of domestic violence.

   (B) A requirement that the defendant participate in ongoing same-gender group sessions.

   (C) An initial intake that provides written definitions to the defendant of physical, emotional, sexual, economic, and verbal abuse, and the techniques for stopping these types of abuse.

   (D) Procedures to inform the victim regarding the requirements for the defendant’s participation in the intervention program as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

   (E) A requirement that the defendant attend group sessions free of chemical influence.

   (F) Educational programming that examines, at a minimum, gender roles, socialization, the nature of violence, the dynamics of power and control, and the effects of abuse on children and others.

   (G) A requirement that excludes any couple counseling or family counseling, or both.

   (H) Procedures that give the program the right to assess whether or not the defendant would benefit from the program and to refuse to enroll the defendant if it is determined that the defendant would not benefit from the program, so long as the refusal is not because of the defendant’s inability to pay. If possible, the program shall suggest an appropriate alternative program.

   (I) Program staff who, to the extent possible, have specific knowledge regarding, but not limited to, spousal abuse, child abuse, sexual abuse, substance abuse, the dynamics of violence and abuse, the law, and procedures of the legal system.
(J) Program staff who are encouraged to utilize the expertise, training, and assistance of local domestic violence centers.

(K) A requirement that the defendant enter into a written agreement with the program, which shall include an outline of the contents of the program, the attendance requirements, the requirement to attend group sessions free of chemical influence, and a statement that the defendant may be removed from the program if it is determined that the defendant is not benefiting from the program or is disruptive to the program.

(L) A requirement that the defendant sign a confidentiality statement prohibiting disclosure of any information obtained through participating in the program or during group sessions regarding other participants in the program.

(M) Program content that provides cultural and ethnic sensitivity.

(N) A requirement of a written referral from the court or probation department prior to permitting the defendant to enroll in the program. The written referral shall state the number of minimum sessions required by the court.

(O) Procedures for submitting to the probation department all of the following uniform written responses:

(i) Proof of enrollment, to be submitted to the court and the probation department and to include the fee determined to be charged to the defendant, based upon the ability to pay, for each session.

(ii) Periodic progress reports that include attendance, fee payment history, and program compliance.

(iii) Final evaluation that includes the program’s evaluation of the defendant’s progress, using the criteria set forth in paragraph (4) of subdivision (a) and recommendation for either successful or unsuccessful termination or continuation in the program.

(P) A sliding fee schedule based on the defendant’s ability to pay. The batterer’s program shall develop and utilize a sliding fee scale that recognizes both the defendant’s ability to pay and the necessity of programs to meet overhead expenses. An indigent defendant may negotiate a deferred payment schedule, but shall pay a nominal fee, if the defendant has the ability to pay the nominal fee. Upon a hearing and a finding by the court that the defendant does not have the financial ability to pay the nominal fee, the court shall waive this fee. The payment of the fee shall be made a condition of probation if the court determines the defendant has the present ability to pay the fee. The fee shall be paid during the term of probation unless the program sets other conditions. The acceptance policies shall be in accordance with the scaled fee system.

(2) The court shall refer persons only to batterer’s programs that have been approved by the probation department pursuant to paragraph (5). The probation department shall do both of the following:
(A) Provide for the issuance of a provisional approval, provided that the applicant is in substantial compliance with applicable laws and regulations and an urgent need for approval exists. A provisional approval shall be considered an authorization to provide services and shall not be considered a vested right.

(B) If the probation department determines that a program is not in compliance with standards set by the department, the department shall provide written notice of the noncompliant areas to the program. The program shall submit a written plan of corrections within 14 days from the date of the written notice on noncompliance. A plan of correction shall include, but not be limited to, a description of each corrective action and timeframe for implementation. The department shall review and approve all or any part of the plan of correction and notify the program of approval or disapproval in writing. If the program fails to submit a plan of correction or fails to implement the approved plan of correction, the department shall consider whether to revoke or suspend approval and, upon revoking or suspending approval, shall have the option to cease referrals of defendants under this section.

(3) No program, regardless of its source of funding, shall be approved unless it meets all of the following standards:
   (A) The establishment of guidelines and criteria for education services, including standards of services that may include lectures, classes, and group discussions.
   (B) Supervision of the defendant for the purpose of evaluating the person’s progress in the program.
   (C) Adequate reporting requirements to ensure that all persons who, after being ordered to attend and complete a program, may be identified for either failure to enroll in, or failure to successfully complete, the program or for the successful completion of the program as ordered. The program shall notify the court and the probation department in writing within the period of time and in the manner specified by the court of any person who fails to complete the program. Notification shall be given if the program determines that the defendant is performing unsatisfactorily or if the defendant is not benefiting from the education, treatment, or counseling.
   (D) No victim shall be compelled to participate in a program or counseling, and no program may condition a defendant’s enrollment on participation by the victim.

(4) In making referrals of indigent defendants to approved batterer’s programs, the probation department shall apportion these referrals evenly among the approved programs.

(5) The probation department shall have the sole authority to approve a batterer’s program for probation. The program shall be required to obtain only one approval but shall renew that approval annually.
(A) The procedure for the approval of a new or existing program shall include all of the following:

(i) The completion of a written application containing necessary and pertinent information describing the applicant program.

(ii) The demonstration by the program that it possesses adequate administrative and operational capability to operate a batterer’s treatment program. The program shall provide documentation to prove that the program has conducted batterer’s programs for at least one year prior to application. This requirement may be waived under subparagraph (A) of paragraph (2) if there is no existing batterer’s program in the city, county, or city and county.

(iii) The onsite review of the program, including monitoring of a session to determine that the program adheres to applicable statutes and regulations.

(iv) The payment of the approval fee.

(B) The probation department shall fix a fee for approval not to exceed two hundred fifty dollars ($250) and for approval renewal not to exceed two hundred fifty dollars ($250) every year in an amount sufficient to cover its cost in administering the approval process under this section. No fee shall be charged for the approval of local governmental entities.

(C) The probation department has the sole authority to approve the issuance, denial, suspension, or revocation of approval and to cease new enrollments or referrals to a batterer’s program under this section. The probation department shall review information relative to a program’s performance or failure to adhere to standards, or both. The probation department may suspend or revoke any approval issued under this subdivision or deny an application to renew an approval or to modify the terms and conditions of approval, based on grounds established by probation, including, but not limited to, either of the following:

(i) Violation of this section by any person holding approval or by a program employee in a program under this section.

(ii) Misrepresentation of any material fact in obtaining the approval.

(6) For defendants who are chronic users or serious abusers of drugs or alcohol, standard components in the program shall include concurrent counseling for substance abuse and violent behavior, and in appropriate cases, detoxification and abstinence from the abused substance.

(7) The program shall conduct an exit conference that assesses the defendant’s progress during his or her participation in the batterer’s program.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing
with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Specific clothing and hats determined by the school district or schoolsite to be gang-related or inappropriate apparel may be prohibited by the dress code policy.

(b) (1) Each schoolsite shall allow pupils the use of sunscreen during the schoolday without a physician’s note or prescription.

(2) Each schoolsite may set a policy related to the use of sunscreen by pupils during the schoolday.

(3) For purposes of this subdivision, sunscreen is not an over-the-counter medication.

(4) Nothing in this subdivision requires school personnel to assist pupils in applying sunscreen.

SEC. 2. This act shall be known and may be cited as Billy’s Bill for Sun Safety.

CHAPTER  267

An act to amend Sections 53091 and 53096 of the Government Code, relating to land use.
The people of the State of California do enact as follows:

SECTION 1. Section 53091 of the Government Code is amended to read:

53091. (a) Each local agency shall comply with all applicable building ordinances and zoning ordinances of the county or city in which the territory of the local agency is situated.

(b) On projects for which state school building aid is requested by a local agency for construction of school facilities, the county or city planning commission in which the local agency is located shall consider in its review for approval information relating to attendance area enrollment, adequacy of the site upon which the construction is proposed, safety features of the site and proposed construction, and present and future land utilization, and report thereon to the State Allocation Board. If the local agency is situated in more than one city or county or partly in a city and partly in a county, the local agency shall comply with the ordinances of each county or city with respect to the territory of the local agency that is situated in the particular county or city, and the ordinances of a county or city shall not be applied to any portion of the territory of the local agency that is situated outside the boundaries of the county or city. Notwithstanding the preceding provisions of this section, this section does not require a school district or the state when acting under the State Contract Act (Article 1 (commencing with Section 10100) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code) to comply with the building ordinances of a county or city.

(c) Each local agency required to comply with building ordinances and zoning ordinances pursuant to this section and each school district whose school buildings are inspected by a county or city pursuant to Section 53092 shall be subject to the applicable ordinances of a county or city requiring the payment of fees, but the amount of those fees charged to a local agency or school district shall not exceed the amount charged under the ordinance to nongovernmental agencies for the same services or permits.

(d) Building ordinances of a county or city shall not apply to the location or construction of facilities for the production, generation, storage, treatment, or transmission of water, wastewater, or electrical energy by a local agency.

(e) Zoning ordinances of a county or city shall not apply to the location or construction of facilities for the production, generation, storage, treatment, or transmission of water, or for the production or
generation of electrical energy, facilities that are subject to Section 12808.5 of the Public Utilities Code, or electrical substations in an electrical transmission system that receives electricity at less than 100,000 volts. Zoning ordinances of a county or city shall apply to the location or construction of facilities for the storage or transmission of electrical energy by a local agency, if the zoning ordinances make provision for those facilities.

SEC. 2. Section 53096 of the Government Code is amended to read:

53096. (a) Notwithstanding any other provision of this article, the governing board of a local agency, by vote of four-fifths of its members, may render a city or county zoning ordinance inapplicable to a proposed use of property if the local agency at a noticed public hearing determines by resolution that there is no feasible alternative to its proposal. The governing board may not render a zoning ordinance inapplicable to a proposed use of property when the proposed use of the property by the local agency is for facilities not related to storage or transmission of water or electrical energy, including, but not limited to, warehouses, administrative buildings or automotive storage and repair buildings. The governing board of a local agency may make these determinations at the time it approves an environmental impact report on its proposal required by Division 13 (commencing with Section 21000) of the Public Resources Code. Mailed notice of the public hearing shall be provided at least 10 days prior to the hearing, to the owners of all property within 300 feet of the location of the proposed facility and a notice shall be posted in a conspicuous place at the proposed site of the facility. If mailed notice as required above would result in notice to more than 250 persons, as an alternative to mailed notice, notice may be given by placing a display advertisement of at least one-fourth page in a newspaper of general circulation within the area affected by the proposed facility and by posting the notice in a conspicuous place at the proposed site of the facility.

(b) The board shall, within 10 days, notify the city or county, whose zoning ordinance has been rendered inapplicable under subdivision (a), of its action. If the governing board has taken this action, the city or county may commence an action in the superior court of the county whose zoning ordinance is involved or in which is situated the city whose zoning ordinance is involved, seeking a review of the action of the governing board to determine whether it was supported by substantial evidence. The evidence before the court shall include the record of the proceedings before the city, county, and district. The city or county shall cause a copy of the complaint to be served on the board. If the court determines that the action was not supported by substantial evidence, it shall declare it to be of no force and effect, and the zoning
ordinance in question shall be applicable to the use of the property by the local agency.

(c) “Feasible” as used in this section means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

CHAPTER  268

An act to amend Section 19596.1 of the Business and Professions Code, relating to horse racing.

[Approved by Governor August 24, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 19596.1 of the Business and Professions Code is amended to read:

19596.1. (a) Notwithstanding any other provision of law, the board may authorize a harness or quarter horse association conducting a race meeting to accept wagers on the results of out-of-state or out-of-country harness or quarter horse races and, with the board’s approval and with the concurrence of the horsemen’s organization contracting with the association, other designated harness or quarter horse races during the period it is conducting the racing meeting, if all of the following conditions are met:

(2) Wagering is offered only within the racing inclosure and only within 36 hours of the running of the out-of-state feature race.

(3) The association conducts at least seven live races, and imports not more than six races on those days during a racing meeting when live races are being run, except as provided in subdivision (b).

(4) If only one breed of horse specified in this section is being raced on a given day, then the association conducting the live racing may import those races which would otherwise be simulcast by the association which is not racing, provided that the total number of harness or quarter horse races imported in a calendar year does not exceed the number of night races imported in 1998 after 5:30 p.m. After the usual deductions, including the portion for the racing association, the portion
remaining for purses from these races shall be distributed equally for purses for harness horsemen and quarter horse horsemen.

(b) An association that is authorized to import races pursuant to subdivision (a) may, at its sole discretion, import fewer than the maximum number of harness or quarter horse races authorized in paragraph (3) of subdivision (a). For up to two races per night, for each race that is not imported under the maximum authorized by paragraph (3) of subdivision (a) on a particular night of racing, the association may add a race to the number of races allowable under the maximum authorization on another night of racing. However, no more than two races may be added under this subdivision to the number allowable on a single night, and the total number of imported races over a calendar year may not exceed the total number of imported races authorized pursuant to paragraphs (3) and (4) of subdivision (a).

3795.5. In the case of an agreement involving a nonprofit organization, the board of supervisors may establish conditions of sale,

(b) Articles of incorporation filed with the Secretary of State, stating that the organization is incorporated for the purposes specified in subdivision (b) of Section 3772.5.

(2) “Transit operator” means an entity that qualifies as a claimant

CHAPTER 276

An act to amend Section 1373.95 of the Health and Safety Code, and to amend Section 10133.55 of the Insurance Code, relating to health care.

[Approved by Governor August 26, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1373.95 of the Health and Safety Code is amended to read:

1373.95. (a) (1) Except as provided in paragraph (2), every health care service plan that provides coverage on a group basis shall file with
the Department of Managed Health Care, a written policy describing how the health plan shall facilitate the continuity of care for new enrollees receiving services during a current episode of care for an acute condition from a nonparticipating provider. This written policy shall describe the process used to facilitate the continuity of care, including the assumption of care by a participating provider.

(2) On or before July 1, 2002, a health care service plan that provides coverage on an employer-sponsored group basis or a specialized health care service plan that offers professional mental health services on an employer-sponsored group basis shall file with the department a written policy describing how the health plan shall facilitate the continuity of care for new enrollees receiving services for an acute, serious, or chronic mental health condition from a nonparticipating mental health provider when the enrollee’s employer has changed health plans. Every written policy shall allow the new enrollee a reasonable transition period to continue his or her course of treatment with the nonparticipating mental health provider prior to transferring to another participating provider and shall ensure that the provision of mental health services on a timely, appropriate, and medically necessary basis from the nonparticipating provider. The policy may provide that the length of the transition period is determined in account the severity of the enrollee’s condition and the amount of time reasonably necessary to effect a safe transfer on a case-by-case basis. Nothing in this paragraph shall be construed to require the health care service plan or specialized health care service plan to accept a nonparticipating mental health provider onto its panel for treatment of other enrollees. For purposes of the continuing treatment of the transferring enrollee, the health care service plan or specialized health care service plan may require the nonparticipating mental health provider, as a condition of the right conferred under this section, to enter into the standard mental health provider contract.

(b) Notice of the policy and information regarding how enrollees may request a review under the policy shall be provided to all new enrollees, except those enrollees who are not eligible as described in subdivision (e). A copy of the written policy shall be provided to eligible enrollees upon request. The written policy required to be filed under subdivision (a) shall describe how requests to continue services with an existing provider are reviewed by the health care service plan or the specialized health care service plan. The policy shall ensure that reasonable consideration is given to the potential clinical effect that a change of provider would have on the enrollee’s treatment for the condition.

(c) A health care service plan or specialized health care service plan may require any nonparticipating provider or nonparticipating mental health provider whose services are continued pursuant to the written policy to agree in writing to meet the same contractual terms and
conditions that are imposed upon the plan’s participating providers, including location within the plan’s service area, reimbursement methodologies, and rates of payment. If the health care service plan or specialized health care service plan determines that a patient’s health care treatment should temporarily continue with the patient’s existing provider or nonparticipating mental health provider, the health care service plan or specialized health care service plan shall not be liable for actions resulting solely from the negligence, malpractice, or other tortious or wrongful acts arising out of the provision of services by the existing provider or nonparticipating mental health provider.

(d) Nothing in this section shall require a health care service plan or specialized health care service plan to cover services or provide benefits that are not otherwise covered under the terms and conditions of the plan contract.

(e) The written policy shall not apply to any enrollee who is offered an out-of-network option, or who had the option to continue with his or her previous health plan or provider and instead voluntarily chose to change health plans.

(f) This section shall not apply to health care service plan contracts or specialized health care service plan contracts that include out-of-network coverage under which the enrollee is able to obtain services from the enrollee’s existing provider or nonparticipating mental health provider.

(g) (1) For purposes of this section, “provider” refers to a person who is described in subdivision (f) of Section 900 of the Business and Professions Code.

(2) For purposes of this section, “nonparticipating mental health provider” refers to a psychiatrist, licensed psychologist, licensed marriage and family therapist, or licensed social worker who is not part of the health care service plan or specialized health care service plan.

SEC. 2. Section 10133.55 of the Insurance Code is amended to read:

10133.55. (a) (1) Except as provided in paragraph (2), every disability insurer covering hospital, medical, and surgical expenses on a group basis that contracts with providers for alternative rates pursuant to Section 10133 and limits payments under those policies to services secured by insureds and subscribers from providers charging alternative rates pursuant to these contracts, shall file with the Department of Insurance, a written policy describing how the insurer shall facilitate the continuity of care for new insureds or enrollees receiving services during a current episode of care for an acute condition from a noncontracting provider. This written policy shall describe the process used to facilitate continuity of care, including the assumption of care by a contracting provider.
(2) On or before July 1, 2002, every disability insurer covering hospital, medical, and surgical expenses on a group basis that contracts with providers for alternative rates pursuant to Section 10133 and limits payments under those policies to services secured by insureds and subscribers from providers charging alternative rates pursuant to these contracts, shall file with the department a written policy describing how the insurer shall facilitate the continuity of care for new enrollees who have been receiving services for an acute, serious, or chronic mental health condition from a nonparticipating mental health provider when the enrollee’s employer has changed policies. Every written policy shall allow the new enrollee a reasonable transition period to continue his or her course of treatment with the nonparticipating mental health provider prior to transferring to another participating provider and shall include the provision of mental health services on a timely, appropriate, and medically necessary basis from the nonparticipating provider. The policy may provide that the length of the transition period take into account the severity of the enrollee’s condition and the amount of time reasonably necessary to effect a safe transfer on a case-by-case basis. Nothing in this paragraph shall be construed to require the insurer to accept a nonparticipating mental health provider onto its panel for treatment of other enrollees. For purposes of the continuing treatment of the transferring enrollee, the insurer may require the nonparticipating mental health provider, as a condition of the right conferred under this section, to enter into the standard mental health provider contract.

(b) Notice of the policy and information regarding how enrollees may request a review under the policy shall be provided to all new enrollees, except those enrollees who are not eligible as described in subdivision (e). A copy of the written policy shall be provided to eligible enrollees upon request. The written policy required to be filed under subdivision (a) shall describe how requests to continue services with an existing noncontracting provider are reviewed by the insurer. The policy shall ensure that reasonable consideration is given to the potential clinical effect that a change of provider would have on the insured’s or subscriber’s treatment for the acute condition.

(c) An insurer may require any nonparticipating provider whose services are continued pursuant to the written policy to agree in writing to meet the same contractual terms and conditions that are imposed upon the insurer’s participating providers, including location within the service area, reimbursement methodologies, and rates of payment. If the insurer determines that a patient’s health care treatment should temporarily continue with the patient’s existing provider or nonparticipating mental health provider, the insurer shall not be liable for actions resulting solely from the negligence, malpractice, or other
tortious or wrongful acts arising out of the provision of services by the existing provider or nonparticipating mental health provider.

(d) Nothing in this section shall require an insurer to cover services or provide benefits that are not otherwise covered under the terms and conditions of the policy contract.

(e) The written policy shall not apply to any insured or subscriber who is offered an out-of-network option, or who had the option to continue with his or her previous health benefits carrier or provider and instead voluntarily chose to change.

(f) This section shall not apply to insurer contracts that include out-of-network coverage under which the insured or subscriber is able to obtain services from the insured’s or subscriber’s existing provider or nonparticipating mental health provider.

(g) (1) For purposes of this section, “provider” refers to a person who is described in subdivision (f) of Section 900 of the Business and Professions Code.

(2) For purposes of this section, “nonparticipating mental health provider” refers to a psychiatrist, licensed psychologist, licensed marriage and family therapist, or licensed social worker who is not part of the insurer’s contracted provider network.

(h) This section shall only apply to a group disability insurance policy if it provides coverage for hospital, medical, or surgical benefits.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 277

An act to amend Section 21655.5 of the Vehicle Code, relating to paratransit vehicles.

[Approved by Governor August 26, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 21655.5 of the Vehicle Code is amended to read:
21655.5. (a) The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, may authorize or permit exclusive or preferential use of highway lanes for high-occupancy vehicles. Prior to establishing the lanes, competent engineering estimates shall be made of the effect of the lanes on safety, congestion, and highway capacity.

(b) The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, shall place and maintain, or cause to be placed and maintained, signs and other official traffic control devices to designate the exclusive or preferential lanes, to advise motorists of the applicable vehicle occupancy levels, and, except where ramp metering and bypass lanes are regulated with the activation of traffic signals, to advise motorists of the hours of high-occupancy vehicle usage. No person shall drive a vehicle upon those lanes except in conformity with the instructions imparted by the official traffic control devices. A motorcycle, a mass transit vehicle, or a paratransit vehicle that is clearly and identifiably marked on all sides of the vehicle with the name of the paratransit provider may be operated upon those exclusive or preferential use lanes unless specifically prohibited by a traffic control device.

(c) When responding to an existing emergency or breakdown in which a mass transit vehicle is blocking an exclusive or preferential use lane, a clearly marked mass transit vehicle, mass transit supervisor’s vehicle, or mass transit maintenance vehicle that is responding to the emergency or breakdown may be operated in the segment of the exclusive or preferential use lane being blocked by the mass transit vehicle, regardless of the number of persons in the vehicle responding to the emergency or breakdown, if both vehicles are owned or operated by the same agency, and that agency provides public mass transit services.

(d) For purposes of this section, a “paratransit vehicle” is defined in Section 462.

(e) For purposes of this section, a “mass transit vehicle” means a transit bus regularly used to transport paying passengers in mass transit service.

(f) It is the intent of the Legislature, in amending this section, to stimulate and encourage the development of ways and means of relieving traffic congestion on California highways and, at the same time, to encourage individual citizens to pool their vehicular resources and thereby conserve fuel and lessen emission of air pollutants.

(g) The provisions of this section regarding mass transit vehicles and paratransit vehicles shall only apply if the Director of Transportation
determines that the application will not subject the state to a reduction in the amount of federal aid for highways.

CHAPTER 279

An act to amend Section 1722 of the Civil Code, relating to contracts.

[Approved by Governor August 26, 2002. Filed with Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1722 of the Civil Code is amended to read:

1722. (a) (1) Whenever a contract is entered into between a consumer and a retailer with 25 or more employees relating to the sale of merchandise which is to be delivered by the retailer or the retailer’s agent to the consumer at a later date, and the parties have agreed that the presence of the consumer is required at the time of delivery, the retailer and the consumer shall agree, either at the time of the sale or at a later date prior to the delivery date, on a four-hour time period within which any delivery shall be made. Whenever a contract is entered into between a consumer and a retailer with 25 or more employees for service or repair of merchandise, whether or not the merchandise was sold by the retailer to the consumer, and the parties have agreed that the presence of the consumer is required at the time of service or repair, upon receipt of a request for service or repair under the contract, the retailer and the consumer shall agree, prior to the date of service or repair, on a four-hour period within which the service or repair shall be commenced. Once a delivery, service, or repair time is established, the retailer or the retailer’s
agent shall deliver the merchandise to the consumer, or commence service or repair of the merchandise, within that four-hour period.

(2) If the merchandise is not delivered, or service or repair are not commenced, within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the retailer, the consumer may bring an action in small claims court against the retailer for lost wages, expenses actually incurred, or other actual damages not exceeding a total of six hundred dollars ($600).

(3) No action shall be considered valid if the consumer was not present at the time, within the specified period, when the retailer or the retailer’s agent attempted to make the delivery, service, or repairs or made a diligent attempt to notify the consumer by telephone or in person of its inability to do so because of unforeseen or unavoidable occurrences beyond its control. If notification is by telephone, the retailer or the retailer’s agent shall leave a telephone number for a return telephone call by the consumer to the retailer or its agent, to enable the consumer to arrange a new two-hour period for delivery, service, or repair with the retailer or the retailer’s agent.

(4) In any small claims action, logs and other business records maintained by the retailer or the retailer’s agent in the ordinary course of business shall be prima facie evidence of the time period specified for the delivery, service, or repairs and of the time when the merchandise was delivered, or of a diligent attempt by the retailer or the retailer’s agent to notify the consumer of delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the consumer of the delay caused by unforeseen or unavoidable occurrences beyond the control of the retailer or the retailer’s agent, or the retailer or the retailer’s agent was unable to notify the consumer of the delay because of the consumer’s absence or unavailability during the four-hour period, and, in either instance, the retailer or the retailer’s agent makes the delivery, service, or repairs within two hours of a newly agreed upon time or, if the consumer unreasonably declines to arrange a new time for the delivery, service, or repairs.

(b) (1) Cable television companies shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair. Whenever a subscriber contracts with a cable television company for a service connection or repair which is to take place at a later date, and the parties have agreed that the presence of the subscriber is required, the cable company and the subscriber shall agree, prior to the date of service connection or repair, on the time for the commencement of the four-hour period for the service connection or repair.
(2) If the service connection or repair is not commenced within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the company, the subscriber may bring an action in small claims court against the company for lost wages, expenses actually incurred or other actual damages not exceeding a total of six hundred dollars ($600).

(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the company attempted to make the service connection or repair or made a diligent attempt to notify the subscriber by telephone or in person of its inability to do so because of unforeseen or unavoidable occurrences beyond its control. If notification is by telephone, the cable television company or its agent shall leave a telephone number for a return telephone call by the subscriber to the company or its agent, to enable the consumer to arrange a new two-hour period for service connection or repair.

(4) In any small claims action, logs and other business records maintained by the company or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and the time that the company or its agents attempted to make the service connection or repair, or of a diligent attempt by the company to notify the subscriber in person or by telephone of a delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the subscriber of a delay caused by unforeseen or unavoidable occurrences beyond the control of the company or its agents, or the company or its agents were unable to notify the subscriber because of the subscriber’s absence or unavailability during the four-hour period, and, in either instance, the cable television company commenced service or repairs within a newly agreed upon two-hour period.

(6) No action shall be considered valid against a cable television company pursuant to this section when the franchise or any local ordinance provides the subscriber with a remedy for a delay in commencement of a service connection or repair and the subscriber has elected to pursue that remedy. If a subscriber elects to pursue his or her remedies against a cable television company under this section, the franchising or state or local licensing authority shall be barred from imposing any fine, penalty, or other sanction against the company, arising out of the same incident.

(c) (1) Utilities shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair. Whenever a subscriber contracts with the utility for a service connection or repair, and the
parties have agreed that the presence of the subscriber is required, and the subscriber has requested a four-hour appointment, the utility and the subscriber shall agree, prior to the date of service connection or repair, on the time for the commencement of the four-hour period for the service connection or repair.

(2) If the service connection or repair is not commenced within the four-hour period provided under paragraph (1) or another period otherwise agreed to by the utility and the subscriber, except for delays caused by unforeseen or unavoidable circumstances beyond the control of the utility, the subscriber may bring an action in small claims court against the utility for lost wages, expenses actually incurred, or other actual damages not exceeding a total of six hundred dollars ($600).

(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the utility attempted to make the service connection or repair or made a diligent attempt to notify the subscriber by telephone or in person of its inability to do so because of unforeseen or unavoidable occurrences beyond its control. If notification is by telephone, the utility or its agent shall leave a telephone number for a return telephone call by the subscriber to the utility or its agent, to enable the consumer to arrange a new two-hour period for service connection or repair.

(4) In any small claims action, logs and other business records maintained by the utility or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and of the time that the utility attempted to make the service connection or repair, or of a diligent attempt by a utility to notify the subscriber in person or by telephone of a delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made by the utility to notify the subscriber of a delay caused by unforeseen or unavoidable occurrences beyond the control of the utility, and the utility commenced service within a newly agreed upon two-hour period.

(d) Any provision of a delivery, service, or repair contract in which the consumer or subscriber agrees to modify or waive any of the rights afforded by this section is void as contrary to public policy.

CHAPTER  280

An act to add Section 29035.5 to the Public Utilities Code, relating to transportation.

[Approved by Governor August 26, 2002. Filed with Secretary of State August 26, 2002.]
The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Metropolitan Transportation Commission, which is the regional transportation planning, financing, and coordinating agency for the nine bay area counties, in February 2001, announced the commission’s intent to develop a new regional transit expansion agreement for inclusion as part of the update of the Metropolitan Transportation Commission’s regional transportation plan.

(b) Ten bay area members of Congress, in March 2001, stated in a letter to the Metropolitan Transportation Commission that the representatives supported efforts by local and regional agencies to forge a new regional transit plan.

(c) The BART Board of Directors, in November 2001, reached an agreement with the Santa Clara Valley Transportation Authority for a BART extension to Santa Clara County.

(d) These events demonstrate the intent and willingness of local and regional government agencies to build a regional consensus supporting a transit plan for the Counties of Alameda, Contra Costa, Marin, Napa, San Mateo, Santa Clara, Solano, and Sonoma, and the City and County of San Francisco.

(e) The Metropolitan Transportation Commission, in 1988 oversaw the last regional transit plan, known as Resolution 1876, which was memorialized in part in Senate Bill 1715 of the 1987–88 Regular Session, Chapter 1259 of the Statutes of 1988.

(f) The Metropolitan Transportation Commission, in December 2001, adopted Resolution 3434, the Regional Transit Expansion Program, which makes commitments for the next generation of regional transit expansion in the bay area and includes the revenue funding strategy for 19 high-priority transit projects. The resolution includes the revenue project funding strategy in 2001 dollars from a variety of funding sources, and additional resources will be needed in some cases to deliver projects. Estimated costs could change depending on a variety of factors. Completion of these projects will continue to require collaborative efforts to develop more financial commitments from local, regional, state, and federal sources.

(g) As new funding opportunities arise, the Metropolitan Transportation Commission, in cooperation with its partner agencies, may need to amend Resolution 3434, adopted December 2001, to reflect these opportunities.

(h) As stated in Resolution 3434, the region’s first priority for federal New Start funds is the BART extension to the San Francisco International Airport until the time that the project receives its final appropriation in Congress, currently expected in 2006. Thereafter, the
BART Warm Springs to Milpitas, San Jose, and Santa Clara extension and the Muni Central Subway project will share equal priority.

(i) It is the intent of the Legislature in memorializing this agreement to include Resolution 3434: the Regional Transit Expansion Program, in statute with the predecessor agreement, Resolution 1876, and list the specific commitments made to extend transit service in designated areas.

SEC. 2. Section 29035.5 is added to the Public Utilities Code, to read:

(B) In the case of owners’ awards, the annual amount earned by a California-bred paint horse for finishing first or second in qualifying races.

(C) In the case of stallion awards, the annual amount earned by California-conceived or California-bred foals of an eligible paint horse sire for finishing first or second in qualifying races.

(D) In order for earnings from a qualifying race to be considered as eligible earnings, a California-bred paint horse shall be registered as such with the official registering agency before the entries were taken by the association for the qualifying race in which that horse earned purse money.

(E) For purposes of this paragraph, the maximum purse considered earned in any qualifying race within this state is two hundred thousand dollars ($200,000) for a win, and eighty thousand dollars ($80,000) for a second place finish.

(F) In determining the purse earned in any qualifying race that is a stakes race, the amount earned shall be based on the added money and other sources of the purse, such as nomination, entry, or starting fees, bonuses, and sponsor contributions, or any combination thereof.

(G) On or before February 1, of any year, the stallion owner shall verify with the official registering agency the eligibility of a stallion to receive the stallion award to which the owner is entitled.

(3) “Eligible paint horse sire” means a paint horse, thoroughbred, or quarter horse sire of a registered paint horse foal, where the sire was continuously present in this state from February 1 to July 15, inclusive, of the calendar year in which the qualifying race was conducted, as well as from February 1 to July 15, inclusive, of the following calendar year. If a sire dies in this state and stood his last seasons at stud in this state, he shall thereafter continue to be considered an eligible paint horse sire. Notwithstanding any other provision of law, a paint horse stallion shall be considered an eligible paint horse sire only if its owner has verified the stallion’s eligibility with the official registering agency for stallion awards on or before February 1 of the calendar year immediately following the calendar year for which the awards are being distributed.

(4) “Official registering agency” means the Pacific Coast Quarter Horse Racing Association.

(5) “Owner” means the person who is registered with the paymaster of purses on the date the qualifying race was conducted as the owner of the California-bred paint horse earning purse money in that race.

(6) “Qualifying race” means all paint horse only races in this state.

(7) “Stallion owner” means the person who is the owner of the eligible paint horse sire as of December 31 of the calendar year in which that sire’s foals had eligible earnings or the person who owned the eligible paint horse sire on the date that the sire died.
(b) Any association conducting a race meeting that includes paint horse racing shall deposit with the official registering agency 0.2 of 1 percent of the total amount handled ontrack, and 0.4 of 1 percent of the total amount handled offtrack, in daily conventional and exotic parimutuel pools and a sum equal to 25 percent of those funds specified for purses in Sections 19612.1, 19612.2, 19614.2, 19616, and 19616.1 and the sums specified in Sections 19567 and 19617.5, resulting from paint horse racing. The deposits shall be made at the following intervals:

1. For any meeting of 20 racing days or less, the requisite deposit shall be made not later than seven days immediately following the last day of that meeting.

2. For any meeting of more than 20 racing days, the initial deposit shall be made not later than 27 racing days after the commencement of that meeting and every 20 racing days thereafter, with a final deposit made not later than seven days following the last day of that meeting. The initial deposit for that meeting shall be based upon the applicable amount handled during the first 20 racing days of the meeting, and deposits thereafter shall be based upon the applicable amount handled during the ensuing periods of 20 racing days, with the last deposit being based upon the applicable amount handled from the end of the last 20-racing-day period for which a deposit has been made to the end of the meeting.

(c) After deducting a sum up to, but not to exceed, 10 percent of the total deposits made pursuant to subdivision (b) and the total deposits made pursuant to other provisions of this chapter, including Sections 19612.1, 19612.2, 19614.2, 19616, and 19616.1, to compensate the official registering agency for its administrative costs, the official registering agency shall distribute annually the balance of the deposits in the following manner:

1. Sixty percent to the breeder fund from which breeder premiums are to be paid.
2. Twenty-five percent to the owner fund from which owners’ premiums are to be paid.
3. Fifteen percent to the stallion fund from which stallion awards are to be paid.

(d) The official registering agency shall make the following payments to the breeder, owner, and stallion owner to encourage agriculture and the breeding of high quality horses in this state:

1. The breeder shall be paid a sum based on a prorated share, but not less than 10 percent, of first and second place earnings from qualified races by a California-bred paint horse. If the sum paid to the breeder is less than 10 percent of the purse paid for a first or second place finish in a qualifying race, the owners’ award and stallion award pools shall respectively contribute 62.5 percent and 37.5 percent of the moneys
necessary to the breeder premium pool to raise the breeder premium to 10 percent minimum. In calculating the 10 percent breeder premium, the maximum purse considered earned in any qualifying race within this state is two hundred thousand dollars ($200,000) for a first place finish, and eighty thousand dollars ($80,000) for a second place finish.

(2) The owner shall be paid an owners’ award, a sum based on a prorated share of first and second place earnings from qualified races by a California-bred paint horse.

(3) The stallion owner shall be paid a stallion award, a sum based on a prorated share of first and second place earnings from qualified races by a California-bred paint horse. Stallion awards shall not be made to the owner of a sire that has been out of the state for breeding purposes during the calendar year.

(4) The breeder premium and owners’ and stallion awards shall be paid not later than March 31 of the calendar year immediately following the calendar year for which the awards or premiums were earned. Any payments for awards or premiums that are uncashed on December 31 of the year issued shall accrue to the following year for distribution on an equal basis.

(e) The amount remaining for distribution under this section, if any, after the payments are made under subdivision (d) shall be used for the payment of paint horse breeders premiums and owners’ and stallion awards on a prorated percentage based on the win and second place shares of the purse exclusive of all purse money not derived from the parimutuel pools, to the breeders, owners, and owners of sires of paint horses who have been officially placed first or second in one or more qualifying races.

(f) If there are insufficient funds to make all of the distributions in this section, there shall be no assessments made against any association to fund the deficiencies.

SEC. 3. Section 19617.5 of the Business and Professions Code is amended to read:

19617.5. (a) Any association conducting a quarter horse or harness racing meeting shall pay the sums required to be paid by Section 19567 out of the amounts deducted from the parimutuel pool for license fees, commissions, and purses in the same proportion as the distribution of the license fees, commissions, and purses.

Those sums deducted for quarter horse meetings shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.7.

(b) Notwithstanding subdivision (a), any association conducting a fair racing meeting other than a harness meeting or conducting a mixed breed meeting shall deduct an additional 0.34 of 1 percent of the total
amount handled in its daily conventional and exotic parimutuel pools for all races for payment of breeder and stallion awards provided for in this chapter. Following the close of the meeting, the respective official registering agency or officially recognized horsemen’s organization shall distribute the amounts so deducted as follows:

(1) With respect to thoroughbred races, the amounts deducted shall be paid as breeder awards, owners’ premiums, and stallion awards as provided in Section 19617.2.

(2) With respect to quarter horse races, the amounts deducted shall be paid as breeder premiums, and owners’ and stallion awards, as provided in Section 19617.7.

(3) With respect to Arabian races, the amounts deducted shall be paid as breeder premiums, and owners’ and stallion awards as provided in Section 19617.8.

(4) With respect to Appaloosa races, the amounts deducted shall be paid as breeder premiums, and owners’ and stallion awards, as provided in Section 19617.9.

(5) With respect to paint races, the amounts deducted shall be paid as breeder and owners’ premiums, and stallion awards, as provided in Section 19617.3.

If the project involves property located within the jurisdiction of a city within the district, any advisory committee appointed pursuant to this section shall include at least one representative from the city appointed by the governing board of the city unless after notice to the city, the governing board of the city declines to be so represented.

(b) Vacancies in any advisory committee appointed pursuant to this section shall be filled by appointment by the board or, in the case of city representatives, by the city. The board shall comply with the requirements of Chapter 11 (commencing with Section 54970) of Part

(c) An advisory committee appointed pursuant to this section shall cease to exist if the zone project is not approved by the board, if the project is disapproved by the qualified electors of the zone, or if all zones involved with the project are dissolved in accordance with Section 37.

SEC. 6. Section 13 of the Napa County Flood Control and Water Conservation District Act (Chapter 1449 of the Statutes of 1951) is amended to read:

Sec. 13. The board shall have all of the following powers, in any year:

(a) Subject to Article XIII A and Article XIII C of the California Constitution, to levy special taxes pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, in each or any of the zones and participating zones to pay the cost and expenses of carrying out, constructing, maintaining, operating, extending, repairing or otherwise improving, carrying out, or completing any project established or to be established within or on behalf of the respective zones.

(b) Subject to Article XIII A and Article XIII C of the California Constitution, if as part of cooperation with any of the governmental bodies, as authorized in paragraph (7) of Section 5, a contract is entered into with any governmental body for the purposes set forth in that paragraph by the terms of which a project or any portion thereof is agreed to be performed by any governmental body in any specified zone or participating zones for the particular benefit thereof and in the contract it is agreed that the district is to pay the governmental body a sum of money for the performance of the project by the governmental body, the board may levy and collect a special tax pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, including a special tax upon the property in the zone or participating zones to raise funds to enable the district to make the payment, in addition to any other taxes or assessments authorized by this act.

(c) (1) Subject to Article XIII D of the California Constitution, to levy assessments pursuant to Section 53735 of the Government Code, upon all property in each or any zones, according to the benefits derived or to be derived by the specific properties assessed, to pay the cost and expenses of a project or projects carrying out any of the objects or purposes of this act of particular benefit to the zone or zones.

(2) For purposes of this subdivision, all of the following apply:

(A) The particular benefit conferred by drainage or flood control projects, including the maintenance thereof on the property so assessed as compared to all property within the district may be determined, in the
discretion of the board in regard to each project and affected zone, by any reasonable method including, but not limited to, the proportionate stormwater runoff from the assessed property in light of the actual use and state of improvement of the property at the time of the assessment. However, no assessment based solely on proportionate stormwater runoff shall be levied on any property which exists and is used only as unimproved open space. If the project provides protection against flooding in a floodway or floodplain designated in a general or specific plan of the County of Napa or any city therein or a floodplain area or flood-risk zone established by the Secretary of Housing and Urban Development of the United States pursuant to Section 4101, et seq. of Title 42 of the United States Code, the fact that a lot or parcel of property is located within the floodway, floodplain, or flood-risk area shall be conclusive evidence that it will derive special benefit from the project as compared to properties in participating zones which are not located in those areas. Assessments based on the special benefit may be levied on lots and parcels of property in the specially benefited zone, in addition to assessments determined on the basis of proportionate stormwater runoff that may be levied in each of the participating zones.

(B) (i) The power of the board to levy assessments under this subdivision expressly includes, but is not limited to, the power to levy assessments in accordance with the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code) and the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code) and to issue bonds under the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code) and the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code). Those acts, or any of them, may be used in the discretion of the board to generate revenue to pay for the costs, including financing and interest costs, of any project under this act, and for the issuance of bonds to pay for the costs of such project.

(ii) Division 4 (commencing with Section 2800) and Division 4.5 (commencing with Section 3100) of the Streets and Highways Code do not apply to proceedings taken by the district under this subparagraph, except that Division 4.5 may be applied to any proceedings in the discretion of the board.

(iii) Any diagram prepared for purposes of any action taken under the acts described in this subparagraph may refer to the county assessor’s maps for a detailed description of the lines and dimensions of any lots or parcels, in which case, those maps shall govern for all details concerning the lines and dimensions of such lots or parcels.
(C) Assessments levied to pay the annual costs of nonbonded obligations of the district for specific zone projects or for maintenance of joint projects whose construction was funded by bonds issued by another participating governmental entity shall be levied only in accordance with Section 13.5.

(d) Subject to Article XIII D of the California Constitution, to fix by resolution and to collect fees or charges for any services that the district is authorized to provide under this act that specifically benefit the person, entity, or property charged. These services include, but are not limited to, investigations or studies conducted in connection with the processing by any public entity of a public or private development project or land division, or for copies of any public records. However, the fees or charges shall not exceed the reasonable cost to the district of providing the service and the service shall be provided by the district either upon request by the person, entity, or property owner charged or shall be provided to, and at the request of, a public entity, other than the district, for use in connection with the evaluation by that public entity of a request for development or other entitlement for use of land that has been made by the person, entity, or property owner that is charged the fee or charge.

(e) All special taxes and assessments shall be levied and collected together with, and not separately from taxes for county purposes, and the revenues derived from the special taxes or assessments shall be paid into the county treasury to the credit of the district, or the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for those purposes. However, no revenues, or portions thereof, derived in any of the several zones from the special taxes or assessments shall be expended for projects located in, or conferring benefit upon, any other zone, except in the case of joint projects, or for projects authorized or established outside the zone, or zones, but for the benefit thereof.

SEC. 7. Section 13.5 of the Napa County Flood Control and Water Conservation District Act (Chapter 1449 of the Statutes of 1951) is amended to read:

Sec. 13.5. (a) All assessments levied to fund the nonbonded portion of any project that has been approved for a zone or participating zones in accordance with Section 12 shall be levied annually in accordance with the following procedures, if the assessment and methodology were approved prior to July 1, 1997:

(1) For each fiscal year in which an assessment is to be imposed under this section, the board shall first cause a written report to be prepared in compliance with Section 10 and filed with the secretary of the district for submission to the board for approval.
(2) Upon receipt, the secretary of the district shall cause notice of the filing of the report and of a time, date, and place of hearing thereon to be published pursuant to Section 6066 of the Government Code, posted in at least three public places within the affected zones and participating zones, and mailed or otherwise delivered to any city located within or partially within the zones and participating zones.

(3) Following the public hearing on the report, the board shall approve, approve with modifications, or reject the report. If the report is rejected, the board may, in its discretion, abandon the assessment process for that fiscal year or may return the report to the engineer or district staff for further work.

(4) After approval of the report, either as filed or as modified, the board shall adopt a resolution of intention to levy assessments under this section. The resolution of intention shall include all of the following:

(A) Declare the intention of the board to levy and collect assessments within the designated zones for the fiscal year therein stated, except that it shall not impose an assessment upon a federal or state governmental agency or another local agency except with the consent of that agency.

(B) Generally describe the project. If the project was previously approved by the board, existing components shall be described.

(C) Refer to the affected zone or participating zones by their distinctive designations and indicate the general location of such zone or zones.

(D) Refer to the report of the engineer prepared and filed under this section for a full and detailed description of the project, the location of the benefitted zones, and the proposed assessments on assessable property within the district.

(E) Set the date, time, and place for hearing by the board on the levy of the proposed assessments and, if the assessments are to be increased from the previous year. Also set the date, time, and place for a public meeting to be held on the proposed assessments prior to the public hearing.

(F) If the assessment is for an existing project, state whether the assessment will be increased from the previous year.

(5) Notice of the hearing on the levy of the assessments shall include a copy of the resolution of intention and shall indicate the right of registered voters residing within and landowners owning assessable property within the affected zones to file written protests prior to or at the hearing. The notice shall be given as follows:

(A) If the assessments are to be levied in the same or lesser amounts than in any previous year, the secretary of the district shall give notice of the hearing by causing the resolution of intention to be published pursuant to Section 6061 of the Government Code.
(B) If assessments are to be increased from the previous year, notice of the public meeting and public hearing required by Section 54954.6 of the Government Code shall be mailed as provided in subdivision (c) of that section.

(C) If the projects for which the assessments are to be levied or any of the assessable property is located within a city or town within the district, notice of the public hearing and, if applicable, the public meeting held under subdivision (c) of Section 54954.6 of the Government Code, shall also be mailed or personally delivered to the chief administrative officer of the city at least 10 days prior to the public hearing.

(6) (A) If, at the conclusion of the public hearing, the board finds that written protests filed at or before the time of the hearing are signed by more than 25 percent of the registered voters residing within the affected zone or the owners of more than 25 percent of the area of land subject to assessment located in each affected zone, based upon those acreages shown on the latest county assessment records, and the protests have not been withdrawn prior to the time of closure of the public hearing so as to reduce the protest in each zone below that percentage, then the board shall either abandon the proceedings, or by duly adopted resolution, submit the proposed assessments to the qualified electors in the zone from which the protest was received and not so reduced. The board shall not proceed further with the proceedings as to that zone unless a majority of the votes cast at the election in the zone are in favor of the levy of the assessments. The election shall be held in accordance with the Uniform District Election Law, Part 4 (commencing with Section 10500) of Division 10 of the Elections Code.

(B) The board may approve the assessment unless the board finds that written protests filed at or before the time of the hearing are signed by more than 25 percent of the registered voters residing within the affected zone, or the owners of more than 25 percent of the real property subject to assessment located in the affected zone, based upon those averages shown on the latest county assessment records, and those protests have not been withdrawn prior to the time of closure of the public hearing so as to reduce the protest in each zone below that percentage. If a protest is received and not withdrawn, the assessment shall be withdrawn. The board may, at its discretion, reduce the amount of the assessments or abandon the proceedings.

(7) If the board abandons the proceedings rather than call an election, or if the proposition fails passage, the board shall not initiate similar proceedings within a period of six months from the date of adoption of the resolution ordering abandonment or the date of the election.

(8) If the proposed levy is not abandoned by the board voluntarily, or, as a result of receipt of a qualified 25 percent protest under paragraph (6),
or, if the matter is set for election, by receipt of less than majority approval by the voters, the board shall, by resolution adopted following the public hearing or, if the proposition is approved at an election, by resolution adopted by the board upon certification of the election results, approve, impose, and levy the assessments for the next fiscal year.

(9) Following the approval of the resolution levying the assessments, the board may order any particular assessment levied under this section to be corrected, canceled, or refunded if the assessment was imposed in error and the nature of the error could not have been reasonably ascertained by the board or the property owner prior to the action of the board imposing the assessment. Application for correction, cancellation, or refund under this paragraph shall be made in accordance with those procedures for appeal prescribed by resolution of the board, except that the time period prescribed by that resolution for filing a notice of appeal shall commence to run no earlier than the first date when the property owner reasonably could have known that the assessment was imposed in error.

(b) The imposition of an assessment pursuant to a methodology approved on or after July 1, 1997, for the purpose of funding a project pursuant to Section 12 shall be approved in accordance with Article XIII D of the California Constitution, and Section 53753 of the Government Code.

SEC. 8. Section 14 of the Napa County Flood Control and Water Conservation District Act (Chapter 1449 of the Statutes of 1951) is amended to read:

Sec. 14. (a) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any project in any zone or zones, and the board does not choose to finance the project in accordance with the procedures set forth in any of the acts, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each project and the denomination and maximum rate of interest of the bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the recorder of Napa County within five days after its issuance.

(b) After the filing for record of the certified copy of the resolution specified in subdivision (a), the board may call a special bond election in the zone or participating zones at which shall be submitted to the qualified electors of the zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in the resolution and for the purpose or purposes therein stated. The bonds and the interest thereon shall be paid from revenue derived from taxes levied as provided in this act.
(c) The board shall call the special bond election by ordinance and submit to the qualified electors of the zone or participating zones the preparation of incurring a bonded debt in the zone or participating zones in the amount and for the purposes stated in the resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred. It shall be sufficient to give a brief, general description of the objects and purposes and refer to the recorded copy of the resolution for particulars. The ordinance shall also state the estimated cost of the proposed project, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on the indebtedness, and shall fix the date on which the election shall be held and the form and contents of the ballot to be used. For the purposes of the election, the board shall in the ordinance establish special bond election precincts within the boundaries of each zone and participating zones and may form election precincts by consolidating the precincts established for general elections in the district to a number not exceeding six general precincts for each special bond election precinct, and shall designate a polling place and appoint one inspector, one judge, and one clerk for each of the special bond election precincts.

(d) In all particulars not recited in the ordinance, the bond election shall be held as nearly as practicable in accordance with the Uniformed District Election Law, Part 4 (commencing with Section 10500) of Division 10 of the Elections Code.

(f) The ordinance calling for the bond election shall, prior to the date set for the election, be published pursuant to Section 6066 of the Government Code in a newspaper of general circulation circulated in each zone and participating zones affected. The last publication of the ordinance shall be at least 14 days before the election. If there is no newspaper, then the ordinance shall be posted in five public places designated by the board in each zone and participating zones for at least 30 days before the date fixed for the election.

(g) Any defect or irregularity in the proceedings prior to the calling of the special bond election shall not affect the validity of the bonds authorized by the election. Where a project affects a single zone only, if at the election two-thirds of the votes cast in the zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for the zone for the amounts stated in the proceedings shall be issued and sold as provided in this act. Where the incurring of a bonded
indebtedness by participating zones is to be determined at the election, no bonds for any of the participating zones shall be issued or sold unless two-thirds of the votes cast on the proposition in each participating zone are in favor of incurring a bonded indebtedness to be undertaken by the zone.

The bonds shall be payable annually or semiannually at the discretion of the board each year on a day and date and at a place to be fixed by the board, and designated in the bonds, together with the interest on all sums unpaid on the date until the whole of the indebtedness shall have been paid.

(b) The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The board may fix a date, not more than two years from the date of issuance, for the earliest maturity of each issue or series of bonds. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series. The board may provide that any bond may be subject to call and redemption prior to maturity at those times and prices and upon other terms as the board may specify. If a bond is subject to call and redemption prior to maturity, that fact shall be stated in the bond.

(c) The bonds shall be issued in those denominations as the board may determine, except that no bonds shall be of a less denomination than one hundred dollars ($100) and shall be payable on the days and at the place fixed in the bonds and with interest at the rate specified in the bonds. Sec. 17. The bonds, when issued in accordance with the procedure set forth in Sections 14 and 15 and the interest thereon, shall be paid by revenue derived from special taxes or assessments, levied as provided in Section 13. When bonds are issued by the district in accordance with any of the provisions specified in subparagraph (B) of paragraph (2) of subdivision (c) of Section 13, payment of the principal and interest thereon shall be paid by revenue derived from assessments levied in accordance with those acts. No zone, nor the property therein, shall be liable for the share of bonded indebtedness of any other zone, nor shall any moneys derived from taxation or assessment in any of the several zones be used in payment of principal or interest or otherwise of the share of bonded indebtedness chargeable to any other zone.

SEC. 11. Section 18 of the Napa County Flood Control and Water Conservation District Act (Chapter 1449 of the Statutes of 1951) is repealed.

SEC. 12. Section 21 of the Napa County Flood Control and Water Conservation District Act (Chapter 1449 of the Statutes of 1951) is amended to read:

This section does not preclude a mobilehome park or manufactured housing community from requesting a higher or lower speed limit if an engineering and traffic survey has been conducted within the community supporting that request.

(e) The department is not required to provide patrol or enforce any provision of this code on any privately owned and maintained road within a mobilehome park or manufactured housing community, except those provisions applicable to private property other than by action under this section.

An act to add Section 2890.2 to the Public Utilities Code, relating to
telecommunications.

[Approved by Governor August 26, 2002. Filed with
Secretary of State August 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Commercial mobile radio service subscribers may currently be
unable to monitor their call time minutes and, as a result, they face higher
rates because they unknowingly exceed the number of minutes included
under their plans.
(b) Commercial mobile radio service subscribers need reasonably accurate information relative to their current service usage in order to enable them to better utilize their particular calling plans.

(c) Providing commercial mobile radio service subscribers with a reasonable estimate that includes a differentiation between the types of usage covered by their plans, such as “peak” versus “free” minutes, will enable subscribers to make informed decisions about their commercial mobile radio service.

(d) The Legislature intends to require the provision of reasonably available usage information by commercial mobile radio service providers by January 1, 2004.

(e) Technology exists to provide commercial mobile radio service subscribers with reasonably accurate information relative to their current service usage, and this type of information can be obtained through a variety of sources, including, but not limited to, cellular telephone providers, Internet Web sites, and traditional telephone customer service providers, such as 1-800 telephone numbers.

(f) The Legislature intends that reasonably available, current usage information be provided to all commercial mobile radio service subscribers, taking into consideration technical limitations that may affect reporting to a consumer, including, but not limited to, limitations on reporting “roaming” minutes incurred when a commercial mobile radio service subscriber is outside his or her plan coverage area.

SEC. 2. Section 2890.2 is added to the Public Utilities Code, to read:

2890.2. (a) No later than January 1, 2004, a provider of commercial mobile radio service, as defined in Section 2892, shall provide subscribers with a means by which a subscriber can obtain reasonably current and available information, as determined by the provider, on the subscriber’s calling plan or plans and service usage.

(b) Each provider of commercial mobile radio service shall inform subscribers at the time service is established of the availability of the information described in subdivision (a) and how it may be obtained.

(c) For purposes of this section, commercial mobile radio service shall not include any one-way paging service utilizing facilities that are licensed by the Federal Communications Commission, including, but not limited to, narrowband personal communications services described in Subpart D (commencing with Section 24.100) of Part 24 of Title 47 of the Code of Federal Regulations, as in effect on October 1, 2001.
An act to repeal Sections 43021 and 43033 of the Health and Safety Code, relating to air resources.

[Approved by Governor August 27, 2002. Filed with Secretary of State August 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 43021 of the Health and Safety Code is repealed.
SEC. 2. Section 43033 of the Health and Safety Code is repealed.

CHAPTER 288

An act to amend Section 2.6 of, and to add Section 2.7 to, the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), relating to water.

SECTION 1. Section 2.6 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 2.6. (a) The district may borrow money and incur indebtedness pursuant to this section to meet the short-term needs of any zone by action of the board of supervisors and without the necessity of calling and holding an election in the district.

(b) The indebtedness may be incurred solely for the purpose of providing for a cashflow to handle temporary funding for local interest obligations for federal flood control projects or to provide a cashflow for other zone operations prior to receipt of annual tax revenues or other revenues.

(c) (1) Any negotiable promissory notes shall be issued after the adoption, by a four-fifths vote of all the members of the board, of a resolution setting forth the form of the notes, the maturity date or dates thereof, and the manner of execution thereof.

(2) Any negotiable promissory notes shall bear interest at a rate not exceeding the rate permitted under Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code. The notes shall be general obligations of the zone payable from...
revenues and taxes, unless paid from other available funds of the zone, but in no event to exceed the maximum tax limitations as provided for in this act, in the same manner as bonds of the zone; and provided further, that the maturity shall not be later than five years from the date thereof and that the total aggregate amount of the notes outstanding at any one time for all zones within the district does not exceed the sum of eight million dollars ($8,000,000).

SEC. 2. Section 2.7 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 2.7. (a) In addition to the notes issued pursuant to Section 2.6, the district may issue limited obligation notes after the adoption, by a four-fifths vote of all the members of the board, of a resolution reciting each of the following:

(1) That the resolution is being adopted pursuant to this subdivision.
(2) The purposes of incurring the indebtedness.
(3) The estimated amount of the indebtedness.
(4) The maximum amount of notes to be issued, and the source of revenue or revenues to be used to secure the limited obligation notes.
(5) The maturity date of the limited obligation notes.
(6) The form of the limited obligation notes.
(7) The manner of execution of the limited obligation notes.

(b) The resolution may also provide for any of the following matters:

(1) Insurance for the limited obligation notes.
(2) Procedures in the event of default, terms upon which the limited obligation notes may be declared due before maturity, and the terms upon which that declaration may be waived.
(3) The rights, liabilities, powers, and duties arising upon the district’s breach of any agreement with regard to the limited obligation notes.
(4) The terms upon which the holders of the limited obligation notes may enforce agreements authorized by this section.
(5) A procedure for amending or abrogating the terms of the resolution with the consent of the holders of a specified percentage of the limited obligation notes. If the resolution contains this procedure, the resolution shall specifically state the effect of amendment upon the rights of the holders of all of the limited obligation notes.
(6) The manner in which the holders of the limited obligation notes may take action.
(7) Other actions necessary or desirable to secure the limited obligation notes or tending to make the notes more marketable.

(c) The limited obligation notes shall bear interest at a rate not exceeding the rate permitted under Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code.
(d) The limited obligation notes may not mature later than 10 years after the date of the issuance of the notes, and the total amount of the limited obligation notes outstanding at any one time for all zones within the district may not exceed the sum of twelve million dollars ($12,000,000).

(e) The agreement between the district and the purchasers of the limited obligation notes shall state that the notes are limited obligation notes payable solely from specified revenue of the district. The pledged revenue shall be sufficient to pay the following amounts annually, as they become due and payable:

1. The interest and principal on the notes.
2. All payments required for compliance with the resolution authorizing issuance of the notes or agreements with the purchasers of the notes.
3. All payments to meet any other obligations of the district that are charges, liens, or encumbrances on the pledged revenue.

(f) The limited obligation notes are special obligations of the district, and shall be a charge against, and secured by a lien upon, and payable, as to the principal thereof and interest thereon, from the pledged revenue. If the revenue described in the authorizing resolution is insufficient for the payment of interest and principal on the notes, the district may make payments from any other funds or revenues that may be applied to their payment. The revenue and any interest earned on the revenue constitute a trust fund for the security and payment of the interest on and principal of the notes.

(g) So long as any limited obligation notes or interest thereon are unpaid following their maturity, the pledged revenue and interest thereon may not be used for any other purpose.

(h) If the interest and principal on the limited obligation notes and all charges to protect them are paid when due, the district may expend the pledged revenue for other purposes.

(i) Limited obligation notes of the same issue shall be equally secured.

(j) The general fund of the district is not liable for the payment of the principal or the interest on the limited obligation notes.

(k) The holders of the limited obligation notes may not compel the exercise of the taxing power by the district, other than the revenue pledged, or the forfeiture of the district’s property.

(l) Every agreement shall recite in substance that the principal of, and interest on, the limited obligation notes are payable solely from the revenue pledged to the payment of the principal and interest and that the
district is not obligated to pay the principal or interest except from the pledged revenue.

CHAPTER 289

An act relating to retirement.

[Approved by Governor August 27, 2002. Filed with Secretary of State August 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to assure that all qualified Californians are eligible to participate as a board member of a pension fund. To deny elected officials the opportunity to serve simply because of potential incompatibility could result in the loss of valuable expertise and public experience. It is the intent of the Legislature that each nominee for a position as a member of a retirement board be evaluated on the basis of his or her individual qualifications. It is also the intent of the Legislature that pension funds routinely monitor issues where questions regarding incompatibility may be present and that funds should seek appropriate legal counsel on these matters, which would cure any potential clash between the two offices as implied by the doctrine of incompatibility of public offices.

CHAPTER 290

An act to add Chapter 1.77 (commencing with Section 5097.993) to Division 5 of the Public Resources Code, relating to parks and recreation, and declaring the urgency thereof, to take effect immediately.

(f) The 1991 report concluded that participation by California Indians in every aspect of the California State Indian Museum should be encouraged and actively sought.

(g) In 1992, the department completed a feasibility study for the creation of a new California State Indian Museum.

(h) The existing California Indian Museum is too small for effective interpretation of the diverse populations of California Indians or to adequately display the tens of thousands of artifacts currently in storage.

(5) Develop and recommend to the department a governing structure for the ongoing operation of the cultural center.

(6) Prepare and submit to the Legislature an annual report detailing the task force’s activities and progress towards establishing the cultural center.

(f) The task force’s responsibilities shall be complete and its duties discharged when the cultural center is completed and the department has adopted a governing structure for the completed cultural center. The director may terminate the task force prior to that time, but only if the director obtains approval from two-thirds of the task force members.
(g) The department shall make every effort to encourage nonstate participation and partnerships in the development and construction of the cultural center.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to address the urgent need for an expanded museum to adequately display the thousands of California Indian artifacts of historical and educational significance that are currently in storage, it is necessary that this act take effect immediately.

(b) It is also the intent of the Legislature that state and local peace officers be provided with information that will ensure that they are knowledgeable about the numerous types of marine sanitation devices that are installed aboard boats, and that the state strengthen its efforts to ensure that there are sufficient numbers of operational and available marine sanitation disposal facilities throughout the state.

CHAPTER 294

An act to amend Section 12965 of the Government Code, relating to employment.

[Approved by Governor August 28, 2002. Filed with Secretary of State August 28, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 12965 of the Government Code is amended to read:

12965. (a) In the case of failure to eliminate an unlawful practice under this part through conference, conciliation, or persuasion, or in advance thereof if circumstances warrant, the director in his or her discretion may cause to be issued in the name of the department a written accusation. The accusation shall contain the name of the person, employer, labor organization, or employment agency accused, which shall be known as the respondent, shall set forth the nature of the charges, shall be served upon the respondent together with a copy of the verified complaint, as amended, and shall require the respondent to answer the charges at a hearing.

For any complaint treated by the director as a group or class complaint for purposes of investigation, conciliation, and accusation pursuant to Section 12961, an accusation shall be issued, if at all, within two years after the filing of the complaint. For any complaint alleging a violation of Section 51.7 of the Civil Code, an accusation shall be issued, if at all, within two years after the filing of the complaint. For all other complaints, an accusation shall be issued, if at all, within one year after the filing of a complaint. If the director determines, pursuant to Section 12961, that a complaint investigated as a group or class complaint under Section 12961 is to be treated as a group or class complaint for purposes of conciliation and accusation as well, that determination shall be made and shall be communicated in writing within one year after the filing of the complaint to each person, employer, labor organization, employment agency, or public entity alleged in the complaint to have committed an unlawful practice.

(b) If an accusation is not issued within 150 days after the filing of a complaint, or if the department earlier determines that no accusation will issue, the department shall promptly notify, in writing, the person
claiming to be aggrieved that the department shall issue, on his or her request, the right-to-sue notice. This notice shall indicate that the person claiming to be aggrieved may bring a civil action under this part against the person, employer, labor organization, or employment agency named in the verified complaint within one year from the date of that notice. If the person claiming to be aggrieved does not request a right-to-sue notice, the department shall issue the notice upon completion of its investigation, and not later than one year after the filing of the complaint. A city, county, or district attorney in a location having an enforcement unit established on or before March 1, 1991, pursuant to a local ordinance enacted for the purpose of prosecuting HIV/AIDS discrimination claims, acting on behalf of any person claiming to be aggrieved due to HIV/AIDS discrimination, may also bring a civil action under this part against the person, employer, labor organization, or employment agency named in the notice. The superior and municipal courts of the State of California shall have jurisdiction of those actions, and the aggrieved person may file in any of these courts. Such an action may be brought in any county in the state in which the unlawful practice is alleged to have been committed, in the county in which the records relevant to the practice are maintained and administered, or in the county in which the aggrieved person would have worked or would have had access to the public accommodation but for the alleged unlawful practice, but if the defendant is not found within any of these counties, an action may be brought within the county of the defendant’s residence or principal office. A copy of any complaint filed pursuant to this part shall be served on the principal offices of the department and of the commission. The remedy for failure to send a copy of a complaint is an order to do so. Those actions may not be filed as class actions or may not be maintained as class actions by the person or persons claiming to be aggrieved where those persons have filed a civil class action in the federal courts alleging a comparable claim of employment discrimination against the same defendant or defendants. In actions brought under this section, the court, in its discretion, may award to the prevailing party reasonable attorney’s fees and costs, including expert witness fees, except where the action is filed by a public agency or a public official, acting in an official capacity.

(c) (1) If an accusation includes a prayer either for damages for emotional injuries as a component of actual damages, or for administrative fines, or for both, or if an accusation is amended for the purpose of adding a prayer either for damages for emotional injuries as a component of actual damages, or for administrative fines, or both, the respondent may within 30 days after service of the accusation or amended accusation, elect to transfer the proceedings to a court in lieu of a hearing pursuant to subdivision (a) by serving a written notice to that
effect on the department, the commission, and the person claiming to be aggrieved. The commission shall prescribe the form and manner of giving written notice.

(2) No later than 30 days after the completion of service of the notice of election pursuant to paragraph (1), the department shall dismiss the accusation and shall, either itself or, at its election, through the Attorney General, file in the appropriate court an action in its own name on behalf of the person claiming to be aggrieved as the real party in interest. In this action, the person claiming to be aggrieved shall be the real party in interest and shall have the right to participate as a party and be represented by his or her own counsel. Complaints filed pursuant to this section shall be filed in the appropriate superior or municipal court in any county in which unlawful practices are alleged to have been committed, in the county in which records relevant to the alleged unlawful practices are maintained and administered, or in the county in which the person claiming to be aggrieved would have worked or would have had access to public accommodation, but for the alleged unlawful practices. If the defendant is not found in any of these counties, the action may be brought within the county of the defendant’s residence or principal office. Those actions shall be assigned to the court’s delay reduction program, or otherwise given priority for disposition by the court in which the action is filed.

(3) A court may grant as relief in any action filed pursuant to this subdivision any relief a court is empowered to grant in a civil action brought pursuant to subdivision (b), in addition to any other relief that, in the judgment of the court, will effectuate the purpose of this part. This relief may include a requirement that the employer conduct training for all employees, supervisors, and management on the requirements of this part, the rights and remedies of those who allege a violation of this part, and the employer’s internal grievance procedures.

(4) The department may amend an accusation to pray for either damages for emotional injury or for administrative fines, or both, provided that the amendment is made within 30 days of the issuance of the original accusation.

(d) (1) Notwithstanding subdivision (b), the one-year statute of limitations, commencing from the date of the right-to-sue notice by the Department of Fair Employment and Housing, to the person claiming to be aggrieved, shall be tolled when all of the following requirements have been met:

(A) A charge of discrimination or harassment is timely filed concurrently with the Equal Employment Opportunity Commission and the Department of Fair Employment and Housing.
(B) The investigation of the charge is deferred by the Department of Fair Employment and Housing to the Equal Employment Opportunity Commission.

(C) A right-to-sue notice is issued to the person claiming to be aggrieved upon deferral of the charge by the Department of Fair Employment and Housing to the Equal Employment Opportunity Commission.

(2) The time for commencing an action for which the statute of limitations is tolled under paragraph (1) expires when the federal right-to-sue period to commence a civil action expires, or one year from the date of the right-to-sue notice by the Department of Fair Employment and Housing, whichever is later.

(3) This subdivision is intended to codify the holding in Downs v. Department of Water and Power of City of Los Angeles (1997) 58 Cal.App.4th 1093.

(e) (1) Notwithstanding subdivision (b), the one-year statute of limitations, commencing from the date of the right-to-sue notice by the Department of Fair Employment and Housing, to the person claiming to be aggrieved, shall be tolled when all of the following requirements have been met:

(A) A charge of discrimination or harassment is timely filed concurrently with the Equal Employment Opportunity Commission and the Department of Fair Employment and Housing.

(B) The investigation of the charge is deferred by the Equal Employment Opportunity Commission to the Department of Fair Employment and Housing.

(C) After investigation and determination by the Department of Fair Employment and Housing, the Equal Employment Opportunity Commission agrees to perform a substantial weight review of the determination of the Department or conducts its own investigation of the claim filed by the aggrieved person.

(2) The time for commencing an action for which the statute of limitations is tolled under paragraph (1) shall expire when the federal right-to-sue period to commence a civil action expires, or one year from the date of the right-to-sue notice by the Department of Fair Employment and Housing, whichever is later.

No action or discussion shall be undertaken on any item not appearing
on the posted agenda, except that members of a legislative body or its

In addition, on their own initiative or in response to questions posed by
the public, a member of a legislative body or its staff may ask a question
for clarification, make a brief announcement, or make a brief report on
his or her own activities. Furthermore, a member of a legislative body,
or the body itself, subject to rules or procedures of the legislative body,
may provide a reference to staff or other resources for factual
information, request staff to report back to the body at a subsequent
meeting concerning any matter, or take action to direct staff to place a
matter of business on a future agenda.

(b) Notwithstanding subdivision (a), the legislative body may take
action on items of business not appearing on the posted agenda under any
of the conditions stated below. Prior to discussing any item pursuant to
this subdivision, the legislative body shall publicly identify the item.

(2) Upon a determination by a two-thirds vote of the members of the
legislative body present at the meeting, or, if less than two-thirds of the
members are present, a unanimous vote of those members present, that
there is a need to take immediate action and that the need for action came
to the attention of the local agency subsequent to the agenda being posted
as specified in subdivision (a).

(3) The item was posted pursuant to subdivision (a) for a prior
meeting of the legislative body occurring not more than five calendar
days prior to the date action is taken on the item, and at the prior meeting
the item was continued to the meeting at which action is being taken.

SEC. 8. Section 54957.5 of the Government Code is amended to
read:

54957.5. (a) Notwithstanding Section 6255 or any other provisions
of law, agendas of public meetings and any other writings, when
distributed to all, or a majority of all, of the members of a legislative
body of a local agency by any person in connection with a matter subject
to discussion or consideration at a public meeting of the body, are
disclosable public records under the California Public Records Act
(Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1),
and shall be made available upon request without delay. However, this
section shall not include any writing exempt from public disclosure
under Section 6253.5, 6254, 6254.7, or 6254.22.

(b) Writings that are public records under subdivision (a) and that are
distributed during a public meeting shall be made available for public
inspection at the meeting if prepared by the local agency or a member
of its legislative body, or after the meeting if prepared by some other
person. These writings shall be made available in appropriate alternative
formats upon request by a person with a disability, as required by Section
12132), and the federal rules and regulations adopted in implementation
thereof.

(c) Nothing in this chapter shall be construed to prevent the
legislative body of a local agency from charging a fee or deposit for a
copy of a public record pursuant to Section 6253, except that no
surcharge shall be imposed on persons with disabilities in violation of
Section 202 of the Americans with Disabilities Act of 1990 (42 U.S.C.
Sec. 12132), and the federal rules and regulations adopted in
implementation thereof.

(d) This section shall not be construed to limit or delay the public’s
right to inspect or obtain a copy of any record required to be disclosed
under the requirements of the California Public Records Act (Chapter
3.5 (commencing with Section 6250) of Division 7 of Title 1). Nothing
in this chapter shall be construed to require a legislative body of a local
agency to place any paid advertisement or any other paid notice in any
publication.

SEC. 9. Section 3.5 of this bill incorporates amendments to Section
11125.1 of the Government Code proposed by both this bill and AB
1752. It shall only become operative if (1) both bills are enacted and
become effective on or before January 1, 2003, (2) each bill amends
Section 11125.1 of the Government Code, and (3) this bill is enacted
after AB 1752, in which case Section 3 of this bill shall not become
operative.

CHAPTER  301

An act to amend Sections 1946.1, 1947.15, and 1954 of the Civil
Code, to amend Section 1179 of the Code of Civil Procedure, and to
amend Section 7060.2 of the Government Code, relating to landlord-tenant.

[Approved by Governor August 28, 2002. Filed with Secretary of State August 28, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1946.1 of the Civil Code is amended to read:

1946.1. (a) Notwithstanding Section 1946, a hiring of residential real property for a term not specified by the parties, is deemed to be renewed as stated in Section 1945, at the end of the term implied by law unless one of the parties gives written notice to the other of his or her intention to terminate the tenancy, as provided in this section.

(b) An owner of a residential dwelling giving notice pursuant to this section shall give notice at least 60 days prior to the proposed date of termination. A tenant giving notice pursuant to this section shall give notice for a period at least as long as the term of the periodic tenancy prior to the proposed date of termination.

(c) Notwithstanding subdivision (b), an owner of a residential dwelling giving notice pursuant to this section shall give notice at least 30 days prior to the proposed date of termination if the tenant has resided in the dwelling for less than one year.

(d) Notwithstanding subdivision (b), an owner of a residential dwelling giving notice pursuant to this section shall give notice at least 30 days prior to the proposed date of termination if all of the following are true:

(1) The dwelling or unit is alienable separate from the title to any other dwelling unit.

(2) The owner has contracted to sell the dwelling or unit to a bona fide purchaser for value, and has established an escrow with a licensed escrow agent, as defined in Sections 17004 and 17200 of the Financial Code, or a licensed real estate broker, as defined in Section 10131 of the Business and Professions Code.

(3) The purchaser is a natural person or persons.

(4) The notice is given no more than 120 days after the escrow has been established.

(5) Notice was not previously given to the tenant pursuant to this section.

(6) The purchaser in good faith intends to reside in the property for at least one full year after the termination of the tenancy.

(e) The notices required by this section shall be given in the manner prescribed in Section 1162 of the Code of Civil Procedure or by sending a copy by certified or registered mail.
(f) This section may not be construed to affect the authority of a public entity that otherwise exists to regulate or monitor the basis for eviction.

(g) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2. Section 1947.15 of the Civil Code is amended to read:

1947.15. (a) The Legislature declares the purpose of this section is to:

(1) Ensure that owners of residential rental units that are subject to a system of controls on the price at which the units may be offered for rent or lease, or controls on the adjustment of the rent level, are not precluded or discouraged from obtaining a fair return on their properties as guaranteed by the United States Constitution and California Constitution because the professional expenses reasonably required in the course of the administrative proceedings, in order to obtain the rent increases necessary to provide a fair return, are not treated as a legitimate business expense.

(2) Encourage agencies which administer a system of controls on the price at which residential rental units may be offered for rent or lease, or controls the adjustment of the rent level, to enact streamlined administrative procedures governing rent adjustment petitions which minimize, to the extent possible, the cost and expense of these administrative proceedings.

(3) Ensure that the cost of professional services reasonably incurred and required by owners of residential rental units subject to a system of controls in the price at which the units may be offered for rent or lease, or controls on the adjustments of the rent level in the course of defending rights related to the rent control system, be treated as a legitimate business expense.

(b) Any city, county, or city and county, including a charter city, which administers an ordinance, charter provision, rule, or regulation that controls or establishes a system of controls on the price at which all or any portion of the residential rental units located within the city, county, or city and county, may be offered for rent or lease, or controls the adjustment of the rent level, and which does not include a system of vacancy decontrol, as defined in subdivision (i), shall permit reasonable expenses, fees, and other costs for professional services, including, but not limited to, legal, accounting, appraisal, bookkeeping, consulting, property management, or architectural services, reasonably incurred in the course of successfully pursuing rights under or in relationship to, that ordinance, charter provision, rule, or regulation, or the right to a fair return on an owner’s property as protected by the United States Constitution or California Constitution, to be included in any calculation of net operating income and operating expenses used to determine a fair
return to the owner of the property. All expenses, fees, and other costs reasonably incurred by an owner of property in relation to administrative proceedings for purposes specified in this subdivision shall be included in the calculation specified in this subdivision.

(c) Reasonable fees that are incurred by the owner in successfully obtaining a judicial reversal of an adverse administrative decision regarding a petition for upward adjustment of rents shall be assessed against the respondent public agency which issued the adverse administrative decision, and shall not be included in the calculations specified in subdivisions (b) and (d).

(d) (1) Notwithstanding subdivision (b), the city, county, or city and county, on the basis of substantial evidence in the record that the expenses reasonably incurred in the underlying proceeding will not reoccur annually, may amortize the expenses for a period not to exceed five years, except that in extraordinary circumstances, the amortization period may be extended to a period of eight years. The extended amortization period shall not apply to vacant units and shall end if the unit becomes vacant during the period that the expense is being amortized. An amortization schedule shall include a reasonable rate of interest.

(2) Any determination of the reasonableness of the expenses claimed, of an appropriate amortization period, or of the award of an upward adjustment of rents to compensate the owner for expenses and costs incurred shall be made as part of, or immediately following, the decision in the underlying administrative proceeding.

(e) Any and all of the following factors shall be considered in the determination of the reasonableness of the expenses, fees, or other costs authorized by this section:

(1) The rate charged for those professional services in the relevant geographic area.

(2) The complexity of the matter.

(3) The degree of administrative burden or judicial burden, or both, imposed upon the property owner.

(4) The amount of adjustment sought or the significance of the rights defended and the results obtained.

(5) The relationship of the result obtained to the expenses, fees, and other costs incurred (that is, whether professional assistance was reasonably related to the result achieved).

(f) This section shall not be applicable to any ordinance, rule, regulation, or charter provision of any city, county, or city and county, including a charter city, to the extent that the ordinance, rule, or regulation, or charter provision places a limit on the amount of rent that an owner may charge a tenant of a mobilehome park.
(g) For purposes of this section, the rights of a property owner shall be deemed to be successfully pursued or defended if the owner obtains an upward adjustment in rents, successfully defends his or her rights in an administrative proceeding brought by the tenant or the local rent board, or prevails in a proceeding, brought pursuant to Section 1947.8 concerning certification of maximum lawful rents.

(h) (1) If it is determined that a landlord petition assisted by attorneys or consultants is wholly without merit, the tenant shall be awarded a reduction in rent to compensate for the reasonable costs of attorneys or consultants retained by the tenant to defend the petition brought by the landlord. The reasonableness of the costs of the tenant’s defense of the action brought by the landlord shall be determined pursuant to the same provisions established by this section for determining the reasonableness of the landlord’s costs for the professional services. The determination of the reasonableness of the expenses claimed, an appropriate amortization period, and the award of a reduction in rents to compensate the tenant for costs incurred shall be made immediately following the decision in the underlying administrative proceeding.

(2) If it is determined that a landlord’s appeal of an adverse administrative decision is frivolous or solely intended to cause unnecessary delay, the public agency which defended the action shall be awarded its reasonably incurred expenses, including attorney’s fees, in defending the action. As used in this paragraph, “frivolous” means either (A) totally and completely without merit; or (B) for the sole purpose of harassing an opposing party.

(i) For purposes of this section, the following terms shall have the following meanings:

(1) “Vacancy decontrol” means a system of controls on the price at which residential rental units may be offered for rent or lease which permits the rent to be increased to its market level, without restriction, each time a vacancy occurs. “Vacancy decontrol” includes systems which reimpose controls on the price at which residential rental units may be offered for rent or lease upon rerental of the unit.

(2) “Vacancy decontrol” includes circumstances where the tenant vacates the unit of his or her own volition, or where the local jurisdiction permits the rent to be raised to market rate after an eviction for cause, as specified in the ordinance, charter provision, rule, or regulation.

(j) This section shall not be construed to affect in any way the ability of a local agency to set its own fair return standards or to limit other actions under its local rent control program other than those expressly set forth in this section.

(k) This section is not operative unless the Costa-Hawkins Rental Housing Act (Chapter 2.7 (commencing with Section 1954.50) of Title 5 of Part 4 of Division 3) is repealed.
SEC. 3. Section 1954 of the Civil Code is amended to read:

1954. A landlord may enter the dwelling unit only in the following cases:

(a) In case of emergency.
(b) To make necessary or agreed repairs, decorations, alterations or improvements, supply necessary or agreed services, or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors.
(c) When the tenant has abandoned or surrendered the premises.
(d) Pursuant to court order.

Except in cases of emergency or when the tenant has abandoned or surrendered the premises, entry may not be made during other than normal business hours unless the tenant consents at the time of entry.

The landlord shall not abuse the right of access or use it to harass the tenant. Except in cases of emergency or when the tenant has abandoned or surrendered the premises, the landlord shall give the tenant reasonable notice in writing of his or her intent to enter and enter only during normal business hours. The notice may be personally delivered to the tenant, left with someone of a suitable age and discretion at the premises, or, left on, near, or under the usual entry door of the premises in a manner in which a reasonable person would discover the notice. Twenty-four hours is presumed reasonable notice in the absence of evidence to the contrary. The notice may be mailed to the tenant. Mailing of the notice at least six days prior to an intended entry is presumed reasonable notice in the absence of evidence to the contrary.

If the purpose of the entry is to exhibit the dwelling unit to prospective or actual purchasers, the notice may be given orally, in person or by telephone, if the landlord or his or her agent has notified the tenant in writing within 120 days of the oral notice that the property is for sale and that the landlord or agent may contact the tenant orally for the purpose described above. Twenty-four hours is presumed reasonable notice in the absence of evidence to the contrary. At the time of entry, the landlord or agent shall leave written evidence of the entry inside the unit.

SEC. 4. Section 1179 of the Code of Civil Procedure is amended to read:

1179. The court may relieve a tenant against a forfeiture of a lease or rental agreement, whether written or oral, and whether or not the tenancy has terminated, and restore him or her to his or her former estate or tenancy, in case of hardship, as provided in Section 1174. The court has the discretion to relieve any person against forfeiture on its own motion.

An application for relief against forfeiture may be made at any time prior to restoration of the premises to the landlord. The application may be made by a tenant or subtenant, or a mortgagee of the term, or any
person interested in the continuance of the term. It must be made upon petition, setting forth the facts upon which the relief is sought, and be verified by the applicant. Notice of the application, with a copy of the petition, must be served at least five days prior to the hearing on the plaintiff in the judgment, who may appear and contest the application. Alternatively, a person appearing without an attorney may make the application orally, if the plaintiff either is present and has an opportunity to contest the application, or has been given ex parte notice of the hearing and the purpose of the oral application. In no case shall the application or motion be granted except on condition that full payment of rent due, or full performance of conditions or covenants stipulated, so far as the same is practicable, be made.

SEC. 5. Section 7060.2 of the Government Code is amended to read:

7060.2. If a public entity, by valid exercise of its police power, has in effect any control or system of control on the price at which accommodations may be offered for rent or lease, that entity may, notwithstanding any provision of this chapter, provide by statute or ordinance, or by regulation as specified in Section 7060.5, that any accommodations which have been offered for rent or lease and which were subject to that control or system of control at the time the accommodations were withdrawn from rent or lease, shall be subject to the following:

(a) (1) For all tenancies commenced during the time periods described in paragraph (2), the accommodations shall be offered and rented or leased at the lawful rent in effect at the time any notice of intent to withdraw the accommodations is filed with the public entity, plus annual adjustments available under the system of control.

(2) The provisions of paragraph (1) shall apply to all tenancies commenced during either of the following time periods:

(A) The five-year period after any notice of intent to withdraw the accommodations is filed with the public entity, whether or not the notice of intent is rescinded or the withdrawal of the accommodations is completed pursuant to the notice of intent.

(B) The five-year period after the accommodations are withdrawn.

(3) This subdivision shall prevail over any conflicting provision of law authorizing the landlord to establish the rental rate upon the initial hiring of the accommodations.

(b) If the accommodations are offered again for rent or lease for residential purposes within two years of the date the accommodations were withdrawn from rent or lease, the following provisions shall govern:

(1) The owner of the accommodations shall be liable to any tenant or lessee who was displaced from the property by that action for actual and exemplary damages. Any action by a tenant or lessee pursuant to this
paragraph shall be brought within three years of the withdrawal of the accommodations from rent or lease. However, nothing in this paragraph precludes a tenant from pursuing any alternative remedy available under the law.

(2) A public entity which has acted pursuant to this section may institute a civil proceeding against any owner who has again offered accommodations for rent or lease subject to this subdivision, for exemplary damages for displacement of tenants or lessees. Any action by a public entity pursuant to this paragraph shall be brought within three years of the withdrawal of the accommodations from rent or lease.

(3) Any owner who offers accommodations again for rent or lease shall first offer the unit for rent or lease to the tenant or lessee displaced from that unit by the withdrawal pursuant to this chapter, if the tenant has advised the owner in writing within 30 days of the displacement of his or her desire to consider an offer to renew the tenancy and has furnished the owner with an address to which that offer is to be directed. That tenant, lessee, or former tenant or lessee may advise the owner at any time during the eligibility of a change of address to which an offer is to be directed.

If the owner again offers the accommodations for rent or lease pursuant to this subdivision, and the tenant or lessee has advised the owner pursuant to this subdivision of a desire to consider an offer to renew the tenancy, then the owner shall offer to reinstitute a rental agreement or lease on terms permitted by law to that displaced tenant or lessee.

This offer shall be deposited in the United States mail, by registered or certified mail with postage prepaid, addressed to the displaced tenant or lessee at the address furnished to the owner as provided in this subdivision, and shall describe the terms of the offer. The displaced tenant or lessee shall have 30 days from the deposit of the offer in the mail to accept the offer by personal delivery of that acceptance or by deposit of the acceptance in the United States mail by registered or certified mail with postage prepaid.

(c) A public entity which has acted pursuant to this section, may require by statute or ordinance, or by regulation as specified in Section 7060.5, that an owner who offers accommodations again for rent or lease within a period not exceeding 10 years from the date on which they are withdrawn, and which are subject to this subdivision, shall first offer the unit to the tenant or lessee displaced from that unit by the withdrawal, if that tenant or lessee requests the offer in writing within 30 days after the owner has notified the public entity of an intention to offer the accommodations again for residential rent or lease pursuant to a requirement adopted by the public entity under subdivision (c) of Section 7060.4. The owner of the accommodations shall be liable to any
tenant or lessee who was displaced by that action for failure to comply with this paragraph, for punitive damages in an amount which does not exceed the contract rent for six months.

(d) If the accommodations are demolished, and new accommodations are constructed on the same property, and offered for rent or lease within five years of the date the accommodations were withdrawn from rent or lease, the newly constructed accommodations shall be subject to any system of controls on the price at which they would be offered on the basis of a fair and reasonable return on the newly constructed accommodations, notwithstanding any exemption from the system of controls for newly constructed accommodations.

(e) The amendments to this section enacted by the act adding this subdivision shall apply to all new tenancies created after December 31, 2002. If a new tenancy was lawfully created prior to January 1, 2003, after a lawful withdrawal of the unit under this chapter, the amendments to this section enacted by the act adding this subdivision may not apply to new tenancies created after that date.

CHAPTER 302

[Approved by Governor August 28, 2002. Filed with Secretary of State August 28, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 243.4 of the Penal Code is amended to read:

243.4. (a) Any person who touches an intimate part of another person while that person is unlawfully restrained by the accused or an accomplice, and if the touching is against the will of the person touched and is for the purpose of sexual arousal, sexual gratification, or sexual abuse, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

(b) Any person who touches an intimate part of another person who is institutionalized for medical treatment and who is seriously disabled or medically incapacitated, if the touching is against the will of the person touched, and if the touching is for the purpose of sexual arousal, sexual gratification, or sexual abuse, is guilty of sexual battery. A
violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

(c) Any person who touches an intimate part of another person for the purpose of sexual arousal, sexual gratification, or sexual abuse, and the victim is at the time unconscious of the nature of the act because the perpetrator fraudulently represented that the touching served a professional purpose, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

(d) Any person who, for the purpose of sexual arousal, sexual gratification, or sexual abuse, causes another, against that person’s will while that person is unlawfully restrained either by the accused or an accomplice, or is institutionalized for medical treatment and is seriously disabled or medically incapacitated, to masturbate or touch an intimate part of either of those persons or a third person, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

(e) (1) Any person who touches an intimate part of another person, if the touching is against the will of the person touched, and is for the specific purpose of sexual arousal, sexual gratification, or sexual abuse, is guilty of misdemeanor sexual battery, punishable by a fine not exceeding two thousand dollars ($2,000), by imprisonment in a county jail not exceeding six months, or by both that fine and imprisonment. However, if the defendant was an employer and the victim was an employee of the defendant, the misdemeanor sexual battery shall be punishable by a fine not exceeding three thousand dollars ($3,000), by imprisonment in a county jail not exceeding six months, or by both that fine and imprisonment. Notwithstanding any other provision of law, any amount of a fine above two thousand dollars ($2,000) which is collected from a defendant for a violation of this subdivision shall be transmitted to the State Treasury and, upon appropriation by the Legislature, distributed to the Department of Fair Employment and Housing for the purpose of enforcement of the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2 of the Government Code), including, but not limited to, laws that proscribe sexual harassment in places of employment. However, in no event shall an amount over two
thousand dollars ($2,000) be transmitted to the State Treasury until all fines, including any restitution fines that may have been imposed upon the defendant, have been paid in full.

(2) As used in this subdivision, “touches” means physical contact with another person, whether accomplished directly, through the clothing of the person committing the offense, or through the clothing of the victim.

(f) As used in subdivisions (a), (b), (c), and (d), “ touches” means physical contact with the skin of another person whether accomplished directly or through the clothing of the person committing the offense.

(g) As used in this section, the following terms have the following meanings:

(1) “Intimate part” means the sexual organ, anus, groin, or buttocks of any person, and the breast of a female.

(2) “Sexual battery” does not include the crimes defined in Section 261 or 289.

(3) “Seriously disabled” means a person with severe physical or sensory disabilities.

(4) “Medically incapacitated” means a person who is incapacitated as a result of prescribed sedatives, anesthesia, or other medication.

(5) “Institutionalized” means a person who is located voluntarily or involuntarily in a hospital, medical treatment facility, nursing home, acute care facility, or mental hospital.

(6) “Minor” means a person under 18 years of age.

(h) This section shall not be construed to limit or prevent prosecution under any other law which also proscribes a course of conduct that also is proscribed by this section.

(i) In the case of a felony conviction for a violation of this section, the fact that the defendant was an employer and the victim was an employee of the defendant shall be a factor in aggravation in sentencing.

(j) A person who commits a violation of subdivision (a), (b), (c), or (d) against a minor when the person has a prior felony conviction for a violation of this section shall be guilty of a felony, punishable by imprisonment in the state prison for two, three, or four years and a fine not exceeding ten thousand dollars ($10,000).

SEC. 2. Section 261 of the Penal Code is amended to read:

261. (a) Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with
Section 5000) of Division 5 of the Welfare and Institutions Code), the
prosecuting attorney shall prove, as an element of the crime, that a
mental disorder or developmental or physical disability rendered the
alleged victim incapable of giving consent.

(2) Where it is accomplished against a person’s will by means of
force, violence, duress, menace, or fear of immediate and unlawful
bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or
anesthetic substance, or any controlled substance, and this condition was
known, or reasonably should have been known by the accused.

(4) Where a person is at the time unconscious of the nature of the act,
and this is known to the accused. As used in this paragraph,
“unconscious of the nature of the act” means incapable of resisting
because the victim meets one of the following conditions:

(A) Was unconscious or asleep.

(B) Was not aware, knowing, perceiving, or cognizant that the act
occurred.

(C) Was not aware, knowing, perceiving, or cognizant of the essential
characteristics of the act due to the perpetrator’s fraud in fact.

(D) Was not aware, knowing, perceiving, or cognizant of the essential
characteristics of the act due to the perpetrator’s fraudulent
representation that the sexual penetration served a professional purpose
when it served no professional purpose.

(5) Where a person submits under the belief that the person
committing the act is the victim’s spouse, and this belief is induced by
any artifice, pretense, or concealment practiced by the accused, with
intent to induce the belief.

(6) Where the act is accomplished against the victim’s will by
threatening to retaliate in the future against the victim or any other
person, and there is a reasonable possibility that the perpetrator will
execute the threat. As used in this paragraph, “threatening to retaliate”
means a threat to kidnap or falsely imprison, or to inflict extreme pain,
serious bodily injury, or death.

(7) Where the act is accomplished against the victim’s will by
threatening to use the authority of a public official to incarcerate, arrest,
or deport the victim or another, and the victim has a reasonable belief that
the perpetrator is a public official. As used in this paragraph, “public
official” means a person employed by a governmental agency who has
the authority, as part of that position, to incarcerate, arrest, or deport
another. The perpetrator does not actually have to be a public official.

(b) As used in this section, “duress” means a direct or implied threat
of force, violence, danger, or retribution sufficient to coerce a reasonable
person of ordinary susceptibilities to perform an act which otherwise
would not have been performed, or acquiesce in an act to which one

otherwise would not have submitted. The total circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress.

(c) As used in this section, “menace” means any threat, declaration, or act which shows an intention to inflict an injury upon another.

SEC. 3. Section 286 of the Penal Code is amended to read:

286. (a) Sodomy is sexual conduct consisting of contact between the penis of one person and the anus of another person. Any sexual penetration, however slight, is sufficient to complete the crime of sodomy.

(3) Any person who commits an act of sodomy where the act is accomplished against the victim’s will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat, shall be punished by imprisonment in the state prison for three, six, or eight years.

(d) Any person who, while voluntarily acting in concert with another person, either personally or aiding and abetting that other person, commits an act of sodomy when the act is accomplished against the victim’s will by means of force or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim’s will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat, shall be punished by imprisonment in the state prison for five, seven, or nine years.

CHAPTER 303

An act to amend Sections 11710 and 11722 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 28, 2002. Filed with Secretary of State August 28, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 11710 of the Vehicle Code is amended to read:

11710. (a) Before any dealer’s or remanufacturer’s license is issued or renewed by the department to any applicant therefor, the applicant shall procure and file with the department a bond executed by an admitted surety insurer, approved as to form by the Attorney General, and conditioned that the applicant shall not practice any fraud or make any fraudulent representation which will cause a monetary loss to a purchaser, seller, financing agency, or governmental agency.

(b) A dealer’s bond shall be in the amount of fifty thousand dollars ($50,000), except the bond of a dealer who deals exclusively in motorcycles shall be in the amount of ten thousand dollars ($10,000). Before the license is renewed by the department, the dealer, other than a dealer who deals exclusively in motorcycles, shall procure and file a bond in the amount of fifty thousand dollars ($50,000). A remanufacturer bond shall be in the amount of fifty thousand dollars ($50,000).

(c) Liability under the bond is to remain at full value. If the amount of liability under the bond is decreased or there is outstanding a final court judgment for which the dealer or remanufacturer and sureties are liable, the dealer’s or remanufacturer’s license shall be automatically suspended. In order to reinstate the license and special plates, the licensee shall either file an additional bond or restore the bond on file to
the original amount, or shall terminate the outstanding judgment for which the dealer or remanufacturer and sureties are liable.

(d) A dealer’s or remanufacturer’s license, or renewal of the license, shall not be issued to any applicant therefor, unless and until the applicant files with the department a good and sufficient instrument, in writing, in which the applicant appoints the director as the true and lawful agent of the applicant upon whom all process may be served in any action, or actions, which may thereafter be commenced against the applicant, arising out of any claim for damages suffered by any firm, person, association, or corporation, by reason of the violation of the applicant of any of the terms and provisions of this code or any condition of the dealer’s or remanufacturer’s bond. The applicant shall stipulate and agree in the appointment that any process directed to the applicant, when personal service of process upon the applicant cannot be made in this state after due diligence and, in that case, is served upon the director or, in the event of the director’s absence from the office, upon any employee in charge of the office of the director, shall be of the same legal force and effect as if served upon the applicant personally. The applicant shall further stipulate and agree, in writing, that the agency created by the appointment shall continue for and during the period covered by any license that may be issued and so long thereafter as the applicant may be made to answer in damages for a violation of this code or any condition of the bond. The instrument appointing the director as the agent for the applicant for service of process shall be acknowledged by the applicant before a notary public. In any case where the licensee is served with process by service upon the director, one copy of the summons and complaint shall be left with the director or in the director’s office in Sacramento or mailed to the office of the director in Sacramento. A fee of five dollars ($5) shall also be paid to the director at the time of service of the copy of the summons and complaint. Service on the director shall be a sufficient service on the licensee if a notice of service and a copy of the summons and complaint are immediately sent by registered mail by the plaintiff or the plaintiff’s attorney to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or the plaintiff’s attorney to the surety on the applicant’s bond at the address of the surety given in the bond, postpaid and registered with request for return receipt. The director shall keep a record of all process so served upon the director, which record shall show the day and hour of service and shall retain the summons and complaint so served on file. Where the licensee is served with process by service upon the director, the licensee shall have and be allowed 30 days from and after the service within which to answer any complaint or other pleading which may be filed in the cause. However, for purposes of venue, where the licensee is served with process by service upon the director, the service is deemed to have
been made upon the licensee in the county in which the licensee has or last had an established place of business.

SEC. 2. Section 11722 of the Vehicle Code is amended to read:

11722. Claims, against the surety upon a dealer’s bond, of a financing agency that has loaned money to a licensee or assignee thereof shall be allowed only to the extent that the claims of any other person or entity with respect to the bond under Section 11711 shall be satisfied first and entitled to preference over the claims of the financing agency with respect to the bond; provided, however, that as to any conditional sales contract as defined in Section 2981 of the Civil Code, acquired by way of purchase or pledge, a financing agency shall be entitled to protection under the bond with the same preference set forth under Section 11711 if the financing agency is defrauded by a licensee.

CHAPTER 304

An act to amend Section 4502 of the Family Code, relating to support.

CHAPTER 305

An act to amend Section 3118 of the Family Code and to amend Section 827 of the Welfare and Institutions Code, relating to child custody.

[Approved by Governor August 28, 2002. Filed with Secretary of State August 28, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 3118 of the Family Code is amended to read:

3118. (a) In any contested proceeding involving child custody or visitation rights, where the court has appointed a child custody evaluator or has referred a case for a full or partial court-connected evaluation, investigation, or assessment, and the court determines that there is a serious allegation of child sexual abuse, the court shall require an evaluation, investigation, or assessment pursuant to this section. When the court has determined that there is a serious allegation of child sexual abuse, any child custody evaluation, investigation, or assessment conducted subsequent to that determination shall be considered by the court only if the evaluation, investigation, or assessment is conducted in accordance with the minimum requirements set forth in this section in determining custody or visitation rights, except as specified in paragraph (1). For purposes of this section, a serious allegation of child sexual abuse means an allegation of child sexual abuse, as defined in Section 11165.1 of the Penal Code, that is based in whole or in part on statements made by the child to law enforcement, a child welfare services agency investigator, any person required by statute to report suspected child abuse, or any other court-appointed personnel, or that is supported by substantial independent corroboration as provided for in subdivision (b) of Section 3011. When an allegation of child abuse arises in any other circumstances in any proceeding involving child custody or visitation rights, the court may require an evaluator or investigator to conduct an evaluation, investigation, or assessment pursuant to this section. The order appointing a child custody evaluator or investigator pursuant to
this section shall provide that the evaluator or investigator have access to all juvenile court records pertaining to the child who is the subject of the evaluation, investigation, or assessment. The order shall also provide that any juvenile court records or information gained from those records remain confidential and shall only be released as specified in Section 3111.

(1) This section does not apply to any emergency court-ordered partial investigation that is conducted for the purpose of assisting the court in determining what immediate temporary orders may be necessary to protect and meet the immediate needs of a child. This section does apply when the emergency is resolved and the court is considering permanent child custody or visitation orders.

(2) This section does not prohibit a court from considering evidence relevant to determining the safety and protection needs of the child.

(3) Any evaluation, investigation, or assessment conducted pursuant to this section is to be conducted by an evaluator or investigator who meets the qualifications set forth in Section 3110.5.

(b) The evaluator or investigator shall, at a minimum, do all of the following:

(1) Consult with the agency providing child welfare services and law enforcement regarding the allegations of child sexual abuse, and obtain recommendations from these professionals regarding the child’s safety and the child’s need for protection.

(2) Review and summarize the child welfare services agency file. No document contained in the child welfare services agency file shall be photocopied, but a summary of the information in the file, including statements made by the children and the parents, and the recommendations made or anticipated to be made by the child welfare services agency to the juvenile court, may be recorded by the evaluator or investigator, except for the identity of the reporting party. The evaluator’s or investigator’s notes summarizing the child welfare services agency information shall be stored in a file separate from the evaluator’s or investigator’s file and may only be released to either party under order of the court.

(3) Obtain from a law enforcement investigator all available information obtained from criminal background checks of the parents and any suspected perpetrator that is not a parent, including information regarding child abuse, domestic violence, or substance abuse.

(4) Review the results of a multidisciplinary child interview team (hereafter MDIT) interview if available, or if not, or if the evaluator or investigator believes the MDIT interview is inadequate for purposes of the evaluation, investigation, or assessment interview the child or request an MDIT interview, and shall wherever possible avoid repeated interviews of the child.
(5) Request a forensic medical examination of the child from the appropriate agency, or include in the report required by paragraph (6) a written statement explaining why the examination is not needed.

(6) File a confidential written report with the clerk of the court in which the custody hearing will be conducted and which shall be served on the parties or their attorneys at least 10 days prior to the hearing. This report shall not be made available other than as provided in this subdivision. This report shall include, but is not limited to, the following:

(A) Documentation of material interviews, including any MDIT interview of the child or the evaluator or investigator, written documentation of interviews with both parents by the evaluator or investigator, and interviews with other witnesses who provided relevant information.

(B) A summary of any law enforcement investigator’s investigation, including information obtained from the criminal background check of the parents and any suspected perpetrator that is not a parent, including information regarding child abuse, domestic violence, or substance abuse.

(C) Relevant background material including, but not limited to, a summary of a written report from any therapist treating the child for suspected child sexual abuse, excluding any communication subject to Section 1014 of the Evidence Code, reports from other professionals, and the results of any forensic medical examination and any other medical examination or treatment that could help establish or disprove whether the child has been the victim of sexual abuse.

(D) The written recommendations of the evaluator or investigator regarding the therapeutic needs of the child and how to ensure the safety of the child.

(E) A summary of the following information: whether the child and his or her parents are or have been the subject of a child abuse investigation and the disposition of that investigation; the name, location, and telephone number of the children’s services worker; the status of the investigation and the recommendations made or anticipated to be made regarding the child’s safety; and any dependency court orders or findings that might have a bearing on the custody dispute.

(F) Any information regarding the presence of domestic violence or substance abuse in the family that has been obtained from a child protective agency in accordance with paragraphs (1) and (2), a law enforcement agency, medical personnel or records, prior or currently treating therapists, excluding any communication subject to Section 1014 of the Evidence Code, or from interviews conducted or reviewed for this evaluation, investigation, or assessment.
(G) Which, if any, family members are known to have been deemed eligible for assistance from the Victims of Crime Program due to child abuse or domestic violence.

(H) Any other information the evaluator or investigator believes would be helpful to the court in determining what is in the best interests of the child.

(c) If the evaluator or investigator obtains information as part of a family court mediation, that information shall be maintained in the family court file, which shall not be subject to subpoena by either party. If, however, the members of the family are the subject of an ongoing child welfare services investigation, or the evaluator or investigator has made a child welfare services referral, the evaluator or investigator shall so inform the family law judicial officer in writing and this information shall become part of the family law file. This subdivision shall not be construed to authorize or require a mediator to disclose any information not otherwise authorized or required by law to be disclosed.

(d) In accordance with subdivision (d) of Section 11167 of the Penal Code, the evaluator or investigator may not disclose any information regarding the identity of any person making a report of suspected child abuse. Nothing in this section is intended to limit any disclosure of information by any agency that is otherwise required by law or court order.

(e) The evaluation, investigation, or assessment standards set forth in this section represent minimum requirements of evaluation and the court shall order further evaluation beyond these minimum requirements when necessary to determine the safety needs of the child.

(f) If the court orders an evaluation, investigation, or assessment pursuant to this section, the court shall consider whether the best interest of the child requires that a temporary order be issued that limits visitation with the parent against whom the allegations have been made to situations in which a third person specified by the court is present or whether visitation will be suspended or denied in accordance with Section 3011.

(g) An evaluation, investigation, or assessment pursuant to this section shall be suspended if a petition is filed to declare the child a dependent child of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code, and all information gathered by the evaluator or investigator shall be made available to the juvenile court.

(h) This section shall not be construed to authorize a court to issue any orders in a proceeding pursuant to this division regarding custody or visitation with respect to a minor child who is the subject of a dependency hearing in juvenile court or to otherwise supersede Section 302 of the Welfare and Institutions Code.
SEC. 2. Section 827 of the Welfare and Institutions Code is amended to read:

827. (a) (1) Except as provided in Section 828, a case file may be inspected only by the following:

(A) Court personnel.

(B) The district attorney, a city attorney, or city prosecutor authorized to prosecute criminal or juvenile cases under state law.

(C) The minor who is the subject of the proceeding.

(D) His or her parents or guardian.

(E) The attorneys for the parties, and judges, referees, other hearing officers, probation officers and law enforcement officers who are actively participating in criminal or juvenile proceedings involving the minor.

(F) The superintendent or designee of the school district where the minor is enrolled or attending school.

(G) Members of the child protective agencies as defined in Section 11165.9 of the Penal Code.

(H) The State Department of Social Services to carry out its duties pursuant to Division 9 (commencing with Section 10000), and Part 5 (commencing with Section 7900) of Division 12 of the Family Code to oversee and monitor county child welfare agencies, children in foster care or receiving foster care assistance, and out-of-state placements.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and shall not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department
of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services shall not contain the name of the minor.

(J) Members of children’s multidisciplinary teams, persons or agencies providing treatment or supervision of the minor.

(K) A judge, commissioner, or other hearing officer assigned to a family law case with issues concerning custody or visitation, or both, involving the minor, and the following persons, if actively participating in the family law case: a family court mediator assigned to a case involving the minor pursuant to Article 1 (commencing with Section 3160) of Chapter 11 of Part 2 of Division 8 of the Family Code, a court-appointed evaluator or a person conducting a court-connected child custody evaluation, investigation, or assessment pursuant to Section 3118 of the Family Code, and counsel appointed for the minor in the family law case pursuant to Section 3150 of the Family Code. Prior to allowing counsel appointed for the minor in the family law case to inspect the file, the court clerk may require counsel to provide a certified copy of the court order appointing him or her as the minor’s counsel.

(L) Juvenile justice commissions as established under Section 225. The confidentiality provisions of Section 10850 shall apply to a juvenile justice commission and its members.

(M) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

(2) Notwithstanding any other law and subject to subparagraph (A) of paragraph (3), juvenile case files, except those relating to matters within the jurisdiction of the court pursuant to Section 601 or 602, which pertain to a deceased child who was within the jurisdiction of the juvenile court pursuant to Section 300, shall be released to the public pursuant to an order by the juvenile court after a petition has been filed and interested parties have been afforded an opportunity to file an objection. Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical, or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition.
(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation, the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (L), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of a child who is directly or indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an opportunity to file an objection to the release of the record or report to all interested parties.

(4) A juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been
found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor’s case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile’s probation officer is necessary to effectuate the juvenile’s rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(3) If a minor is removed from public school as a result of the court’s finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.
(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: “Unlawful Dissemination Of This Information Is A Misdemeanor.” Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor’s subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor’s school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a “juvenile case file” means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

SEC. 3. Section 827 of the Welfare and Institutions Code is amended to read:

827. (a) (1) Except as provided in Section 828, a case file may be inspected only by the following:

(B) The district attorney, a city attorney, or city prosecutor authorized to prosecute criminal or juvenile cases under state law.

(C) The minor who is the subject of the proceeding.

(D) His or her parents or guardian.

(E) The attorneys for the parties, including attorneys who represent persons who are, or have been, the subjects of petitions pursuant to Section 300, 601, or 602 for the purpose of other administrative or judicial proceedings, and judges, referees, other hearing officers, probation officers and law enforcement officers who are actively participating in criminal or juvenile proceedings involving the minor.

(F) The superintendent or designee of the school district where the minor is enrolled or attending school.
(G) Members of the child protective agencies as defined in Section 11165.9 of the Penal Code.

(H) The State Department of Social Services to carry out its duties pursuant to Division 9 (commencing with Section 10000), and Part 5 (commencing with Section 7900) of Division 12 of the Family Code to oversee and monitor county child welfare agencies, children in foster care or receiving foster care assistance, and out-of-state placements.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and shall not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services shall not contain the name of the minor.

(J) Members of children’s multidisciplinary teams, persons or agencies providing treatment or supervision of the minor.

(K) A judge, commissioner, or other hearing officer assigned to a family law case with issues concerning custody or visitation, or both, involving the minor, and the following persons, if actively participating in the family law case: a family court mediator assigned to a case involving the minor pursuant to Article 1 (commencing with Section 3160) of Chapter 11 of Part 2 of Division 8 of the Family Code, a court-appointed evaluator or a person conducting a count-connected child custody evaluation, investigation, or assessment pursuant to
Section 3118 of the Family Code, and counsel appointed for the minor in the family law case pursuant to Section 3150 of the Family Code. Prior to allowing counsel appointed for the minor in the family law case to inspect the file, the court clerk may require counsel to provide a certified copy of the court order appointing him or her as the minor’s counsel.

(L) Juvenile justice commissions as established under Section 225. The confidentiality provisions of Section 10850 shall apply to a juvenile justice commission and its members.

(M) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

(2) Notwithstanding any other law and subject to subparagraph (A) of paragraph (3), juvenile case files, except those relating to matters within the jurisdiction of the court pursuant to Section 601 or 602, which pertain to a deceased child who was within the jurisdiction of the juvenile court pursuant to Section 300, shall be released to the public pursuant to an order by the juvenile court after a petition has been filed and interested parties have been afforded an opportunity to file an objection. Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical, or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition.

(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation, the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (L), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection,
or physical or emotional well-being of a child who is directly or indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an opportunity to file an objection to the release of the record or report to all interested parties.

(4) A juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor’s case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid
being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile’s probation officer is necessary to effectuate the juvenile’s rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(3) If a minor is removed from public school as a result of the court’s finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: “Unlawful Dissemination Of This Information Is A Misdemeanor.” Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor’s subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor’s school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been
destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a “juvenile case file” means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

SEC. 4. Section 3 of this bill incorporates amendments to Section 827 of the Welfare and Institutions Code proposed by both this bill and AB 3028. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2003, (2) each bill amends Section 827 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 3028, in which case Section 2 of this bill shall not become operative.

CHAPTER 306

An act to amend Section 1793.1 of the Civil Code, relating to consumers.

[Approved by Governor August 28, 2002. Filed with Secretary of State August 28, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1793.1 of the Civil Code is amended to read:

1793.1. (a) (1) Every manufacturer, distributor, or retailer making express warranties with respect to consumer goods shall fully set forth those warranties in simple and readily understood language, which shall clearly identify the party making the express warranties, and which shall conform to the federal standards for disclosure of warranty terms and conditions set forth in the federal Magnuson-Moss Warranty-Federal Trade Commission Improvement Act (15 U.S.C. Sec. 2301 et seq.), and in the regulations of the Federal Trade Commission adopted pursuant to the provisions of that act. If the manufacturer, distributor, or retailer provides a warranty or product registration card or form, or an electronic online warranty or product registration form, to be completed and returned by the consumer, the card or form shall contain statements, each displayed in a clear and conspicuous manner, that do all of the following:
(A) Informs the consumer that the card or form is for product registration.

(B) Informs the consumer that failure to complete and return the card or form does not diminish his or her warranty rights.

(2) Every work order or repair invoice for warranty repairs or service shall clearly and conspicuously incorporate in 10-point boldface type the following statement either on the face of the work order or repair invoice, or on the reverse side, or on an attachment to the work order or repair invoice: “A buyer of this product in California has the right to have this product serviced or repaired during the warranty period. The warranty period will be extended for the number of whole days that the product has been out of the buyer’s hands for warranty repairs. If a defect exists within the warranty period, the warranty will not expire until the defect has been fixed. The warranty period will also be extended if the warranty repairs have not been performed due to delays caused by circumstances beyond the control of the buyer, or if the warranty repairs did not remedy the defect and the buyer notifies the manufacturer or seller of the failure of the repairs within 60 days after they were completed. If, after a reasonable number of attempts, the defect has not been fixed, the buyer may return this product for a replacement or a refund subject, in either case, to deduction of a reasonable charge for usage. This time extension does not affect the protections or remedies the buyer has under other laws.”

If the required notice is placed on the reverse side of the work order or repair invoice, the face of the work order or repair invoice shall include the following notice in 10-point boldface type: “Notice to Consumer: Please read important information on back.”

A copy of the work order or repair invoice and any attachment shall be presented to the buyer at the time that warranty service or repairs are made.

(b) No warranty or product registration card or form, or an electronic online warranty or product registration form, may be labeled as a warranty registration or a warranty confirmation.

(c) The requirements imposed by this section on the distribution of any warranty or product registration card or form, or an electronic online warranty or product registration form, shall become effective on January 1, 2004.

(d) This section does not apply to any warranty or product registration card or form that was printed prior to January 1, 2004, and was shipped or included with a product that was placed in the stream of commerce prior to January 1, 2004.

(e) Every manufacturer, distributor, or retailer making express warranties and who elects to maintain service and repair facilities within
this state pursuant to this chapter shall perform one or more of the following:

(1) At the time of sale, provide the buyer with the name and address of each service and repair facility within this state.

(2) At the time of the sale, provide the buyer with the name and address and telephone number of a service and repair facility central directory within this state, or the toll-free telephone number of a service and repair facility central directory outside this state. It shall be the duty of the central directory to provide, upon inquiry, the name and address of the authorized service and repair facility nearest the buyer.

(3) Maintain at the premises of retail sellers of the warrantor’s consumer goods a current listing of the warrantor’s authorized service and repair facilities, or retail sellers to whom the consumer goods are to be returned for service and repair, whichever is applicable, within this state. It shall be the duty of every retail seller provided with that listing to provide, on inquiry, the name, address, and telephone number of the nearest authorized service and repair facility, or the retail seller to whom the consumer goods are to be returned for service and repair, whichever is applicable.

CHAPTER 309

An act to amend Section 650.02 of the Business and Professions Code, and to amend Section 139.31 of the Labor Code, relating to healing arts.

[Approved by Governor August 28, 2002. Filed with Secretary of State August 28, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 650.02 of the Business and Professions Code is amended to read:

650.02. The prohibition of Section 650.01 shall not apply to or restrict any of the following:

(a) A licensee may refer a patient for a good or service otherwise prohibited by subdivision (a) of Section 650.01 if the licensee’s regular practice is located where there is no alternative provider of the service within either 25 miles or 40 minutes traveling time, via the shortest route on a paved road. If an alternative provider commences furnishing the good or service for which a patient was referred pursuant to this subdivision, the licensee shall cease referrals under this subdivision within six months of the time at which the licensee knew or should have known that the alternative provider is furnishing the good or service. A licensee who refers to or seeks consultation from an organization in which the licensee has a financial interest under this subdivision shall disclose this interest to the patient or the patient’s parents or legal guardian in writing at the time of referral.
(b) A licensee, when the licensee or his or her immediate family has one or more of the following arrangements with another licensee, a person, or an entity, is not prohibited from referring a patient to the licensee, person, or entity because of the arrangement:

1. A loan between a licensee and the recipient of the referral, if the loan has commercially reasonable terms, bears interest at the prime rate or a higher rate that does not constitute usury, is adequately secured, and the loan terms are not affected by either party’s referral of any person or the volume of services provided by either party.

2. A lease of space or equipment between a licensee and the recipient of the referral, if the lease is written, has commercially reasonable terms, has a fixed periodic rent payment, has a term of one year or more, and the lease payments are not affected by either party’s referral of any person or the volume of services provided by either party.

3. Ownership of corporate investment securities, including shares, bonds, or other debt instruments that may be purchased on terms generally available to the public and that are traded on a licensed securities exchange or NASDAQ, do not base profit distributions or other transfers of value on the licensee’s referral of persons to the corporation, do not have a separate class or accounting for any persons or for any licensees who may refer persons to the corporation, and are in a corporation that had, at the end of the corporation’s most recent fiscal year, or on average during the previous three fiscal years, stockholder equity exceeding seventy-five million dollars ($75,000,000).

4. Ownership of shares in a regulated investment company as defined in Section 851(a) of the federal Internal Revenue Code, if the company had, at the end of the company’s most recent fiscal year, or on average during the previous three fiscal years, total assets exceeding seventy-five million dollars ($75,000,000).

5. A one-time sale or transfer of a practice or property or other financial interest between a licensee and the recipient of the referral if the sale or transfer is for commercially reasonable terms and the consideration is not affected by either party’s referral of any person or the volume of services provided by either party.

6. A personal services arrangement between a licensee or an immediate family member of the licensee and the recipient of the referral if the arrangement meets all of the following requirements:

   A. It is set out in writing and is signed by the parties.

   B. It specifies all of the services to be provided by the licensee or an immediate family member of the licensee.

   C. The aggregate services contracted for do not exceed those that are reasonable and necessary for the legitimate business purposes of the arrangement.
(D) A person who is referred by a licensee or an immediate family member of the licensee is informed in writing of the personal services arrangement that includes information on where a person may go to file a complaint against the licensee or the immediate family member of the licensee.

(E) The term of the arrangement is for at least one year.

(F) The compensation to be paid over the term of the arrangement is set in advance, does not exceed fair market value, and is not determined in a manner that takes into account the volume or value of any referrals or other business generated between the parties.

(G) The services to be performed under the arrangement do not involve the counseling or promotion of a business arrangement or other activity that violates any state or federal law.

(c) (1) A licensee may refer a person to a health facility, as defined in Section 1250 of the Health and Safety Code, or to any facility owned or leased by a health facility, if the recipient of the referral does not compensate the licensee for the patient referral, and any equipment lease arrangement between the licensee and the referral recipient complies with the requirements of paragraph (2) of subdivision (b).

(2) Nothing shall preclude this subdivision from applying to a licensee solely because the licensee has an ownership or leasehold interest in an entire health facility or an entity that owns or leases an entire health facility.

(3) A licensee may refer a person to a health facility for any service classified as an emergency under subdivision (a) or (b) of Section 1317.1 of the Health and Safety Code.

(4) A licensee may refer a person to any organization that owns or leases a health facility licensed pursuant to subdivision (a), (b), or (f) of Section 1250 of the Health and Safety Code if the licensee is not compensated for the patient referral, the licensee does not receive any payment from the recipient of the referral that is based or determined on the number or value of any patient referrals, and any equipment lease arrangement between the licensee and the referral recipient complies with the requirements of paragraph (2) of subdivision (b). For purposes of this paragraph, the ownership may be through stock or membership, and may be represented by a parent holding company that solely owns or controls both the health facility organization and the affiliated organization.

(d) A licensee may refer a person to a nonprofit corporation that provides physician services pursuant to subdivision (l) of Section 1206 of the Health and Safety Code if the nonprofit corporation is controlled through membership by one or more health facilities or health facility systems and the amount of compensation or other transfer of funds from the health facility or nonprofit corporation to the licensee is fixed
annually, except for adjustments caused by physicians joining or leaving the groups during the year, and is not based on the number of persons utilizing goods or services specified in Section 650.01.

(e) A licensee compensated or employed by a university may refer a person for a physician service, to any facility owned or operated by the university, or to another licensee employed by the university, provided that the facility or university does not compensate the referring licensee for the patient referral. In the case of a facility that is totally or partially owned by an entity other than the university, but that is staffed by university physicians, those physicians may not refer patients to the facility if the facility compensates the referring physicians for those referrals.

(f) The prohibition of Section 650.01 shall not apply to any service for a specific patient that is performed within, or goods that are supplied by, a licensee’s office, or the office of a group practice. Further, the provisions of Section 650.01 shall not alter, limit, or expand a licensee’s ability to deliver, or to direct or supervise the delivery of, in-office goods or services according to the laws, rules, and regulations governing his or her scope of practice.

(g) The prohibition of Section 650.01 shall not apply to cardiac rehabilitation services provided by a licensee or by a suitably trained individual under the direct or general supervision of a licensee, if the services are provided to patients meeting the criteria for Medicare reimbursement for the services.

(h) The prohibition of Section 650.01 shall not apply if a licensee is in the office of a group practice and refers a person for services or goods specified in Section 650.01 to a multispecialty clinic, as defined in subdivision (l) of Section 1206 of the Health and Safety Code.

(i) The prohibition of Section 650.01 shall not apply to health care services provided to an enrollee of a health care service plan licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

(j) The prohibition of Section 650.01 shall not apply to a request by a pathologist for clinical diagnostic laboratory tests and pathological examination services, a request by a radiologist for diagnostic radiology services, or a request by a radiation oncologist for radiation therapy if those services are furnished by, or under the supervision of, the pathologist, radiologist, or radiation oncologist pursuant to a consultation requested by another physician.

(k) This section shall not apply to referrals for services that are described in and covered by Sections 139.3 and 139.31 of the Labor Code.

(l) This section shall become operative on January 1, 1995.
SEC. 2. Section 139.31 of the Labor Code is amended to read:

139.31. The prohibition of Section 139.3 shall not apply to or restrict any of the following:

(a) A physician may refer a patient for a good or service otherwise prohibited by subdivision (a) of Section 139.3 if the physician’s regular practice is where there is no alternative provider of the service within either 25 miles or 40 minutes traveling time, via the shortest route on a paved road. A physician who refers to, or seeks consultation from, an organization in which the physician has a financial interest under this subdivision shall disclose this interest to the patient or the patient’s parents or legal guardian in writing at the time of referral.

(b) A physician who has one or more of the following arrangements with another physician, a person, or an entity, is not prohibited from referring a patient to the physician, person, or entity because of the arrangement:

(1) A loan between a physician and the recipient of the referral, if the loan has commercially reasonable terms, bears interest at the prime rate or a higher rate that does not constitute usury, is adequately secured, and the loan terms are not affected by either party’s referral of any person or the volume of services provided by either party.

(2) A lease of space or equipment between a physician and the recipient of the referral, if the lease is written, has commercially reasonable terms, has a fixed periodic rent payment, has a term of one year or more, and the lease payments are not affected by either party’s referral of any person or the volume of services provided by either party.

(3) A physician’s ownership of corporate investment securities, including shares, bonds, or other debt instruments that were purchased on terms that are available to the general public through a licensed securities exchange or NASDAQ, do not base profit distributions or other transfers of value on the physician’s referral of persons to the corporation, do not have a separate class or accounting for any persons or for any physicians who may refer persons to the corporation, and are in a corporation that had, at the end of the corporation’s most recent fiscal year, total gross assets exceeding one hundred million dollars ($100,000,000).

(4) A personal services arrangement between a physician or an immediate family member of the physician and the recipient of the referral if the arrangement meets all of the following requirements:

(A) It is set out in writing and is signed by the parties.

(B) It specifies all of the services to be provided by the physician or an immediate family member of the physician.

(C) The aggregate services contracted for do not exceed those that are reasonable and necessary for the legitimate business purposes of the arrangement.
(D) A written notice disclosing the existence of the personal services arrangement and including information on where a person may go to file a complaint against the licensee or the immediate family member of the licensee, is provided to the following persons at the time any services pursuant to the arrangement are first provided:

(i) An injured worker who is referred by a licensee or an immediate family member of the licensee.

(ii) The injured worker’s employer, if self-insured.

(iii) The injured worker’s employer’s insurer, if insured.

(iv) If the injured worker is known by the licensee or the recipient of the referral to be represented, the injured worker’s attorney.

(E) The term of the arrangement is for at least one year.

(F) The compensation to be paid over the term of the arrangement is set in advance, does not exceed fair market value, and is not determined in a manner that takes into account the volume or value of any referrals or other business generated between the parties, except that if the services provided pursuant to the arrangement include medical services provided under Division 4, compensation paid for the services shall be subject to the official medical fee schedule promulgated pursuant to Section 5307.1 or subject to any contract authorized by Section 5307.11.

(G) The services to be performed under the arrangement do not involve the counseling or promotion of a business arrangement or other activity that violates any state or federal law.

(c) (1) A physician may refer a person to a health facility as defined in Section 1250 of the Health and Safety Code, or to any facility owned or leased by a health facility, if the recipient of the referral does not compensate the physician for the patient referral, and any equipment lease arrangement between the physician and the referral recipient complies with the requirements of paragraph (2) of subdivision (b).

(2) Nothing shall preclude this subdivision from applying to a physician solely because the physician has an ownership or leasehold interest in an entire health facility or an entity that owns or leases an entire health facility.

(3) A physician may refer a person to a health facility for any service classified as an emergency under subdivision (a) or (b) of Section 1317.1 of the Health and Safety Code. For nonemergency outpatient diagnostic imaging services performed with equipment for which, when new, has a commercial retail price of four hundred thousand dollars ($400,000) or more, the referring physician shall obtain a service preauthorization from the insurer, or self-insured employer. Any oral authorization shall be memorialized in writing within five business days.

(d) A physician compensated or employed by a university may refer a person to any facility owned or operated by the university, or for a physician service, to another physician employed by the university,
provided that the facility or university does not compensate the referring physician for the patient referral. For nonemergency diagnostic imaging services performed with equipment that, when new, has a commercial retail price of four hundred thousand dollars ($400,000) or more, the referring physician shall obtain a service preauthorization from the insurer or self-insured employer. An oral authorization shall be memorialized in writing within five business days. In the case of a facility which is totally or partially owned by an entity other than the university, but which is staffed by university physicians, those physicians may not refer patients to the facility if the facility compensates the referring physician for those referrals.

(e) The prohibition of Section 139.3 shall not apply to any service for a specific patient that is performed within, or goods that are supplied by, a physician’s office, or the office of a group practice. Further, the provisions of Section 139.3 shall not alter, limit, or expand a physician’s ability to deliver, or to direct or supervise the delivery of, in-office goods or services according to the laws, rules, and regulations governing his or her scope of practice. With respect to diagnostic imaging services performed with equipment that, when new, had a commercial retail price of four hundred thousand dollars ($400,000) or more, or for physical therapy services, or for psychometric testing that exceeds the routine screening battery protocols, with a time limit of two to five hours, established by the Industrial Medical Council, the referring physician obtains a service preauthorization from the insurer or self-insured employer. Any oral authorization shall be memorialized in writing within five business days.

(f) The prohibition of Section 139.3 shall not apply where the physician is in a group practice as defined in Section 139.3 and refers a person for services specified in Section 139.3 to a multispecialty clinic, as defined in subdivision (l) of Section 1206 of the Health and Safety Code. For diagnostic imaging services performed with equipment that, when new, had a commercial retail price of four hundred thousand dollars ($400,000) or more, or physical therapy services, or psychometric testing that exceeds the routine screening battery protocols, with a time limit of two to five hours, established by the Industrial Medical Council, performed at the multispecialty facility, the referring physician shall obtain a service preauthorization from the insurer or self-insured employer. Any oral authorization shall be memorialized in writing within five business days.

(g) The requirement for preauthorization in Sections (c), (e), and (f) shall not apply to a patient for whom the physician or group accepts payment on a capitated risk basis.

(h) The prohibition of Section 139.3 shall not apply to any facility when used to provide health care services to an enrollee of a health care
service plan licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

CHAPTER 310

An act to amend Section 721 of the Family Code, relating to community property.

[Approved by Governor August 28, 2002. Filed with Secretary of State August 28, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 721 of the Family Code is amended to read:

721. (a) Subject to subdivision (b), either husband or wife may enter into any transaction with the other, or with any other person, respecting property, which either might if unmarried.

(b) Except as provided in Sections 143, 144, 146, 16040, and 16047 of the Probate Code, in transactions between themselves, a husband and wife are subject to the general rules governing fiduciary relationships which control the actions of persons occupying confidential relations with each other. This confidential relationship imposes a duty of the highest good faith and fair dealing on each spouse, and neither shall take any unfair advantage of the other. This confidential relationship is a fiduciary relationship subject to the same rights and duties of nonmarital business partners, as provided in Sections 16403, 16404, and 16503 of the Corporations Code, including, but not limited to, the following:

1. Providing each spouse access at all times to any books kept regarding a transaction for the purposes of inspection and copying.

2. Rendering upon request, true and full information of all things affecting any transaction which concerns the community property. Nothing in this section is intended to impose a duty for either spouse to keep detailed books and records of community property transactions.

3. Accounting to the spouse, and holding as a trustee, any benefit or profit derived from any transaction by one spouse without the consent of the other spouse which concerns the community property.

SEC. 2. It is the intent of the Legislature in enacting this act to clarify that Section 721 of the Family Code provides that the fiduciary relationship between spouses includes all of the same rights and duties in the management of community property as the rights and duties of unmarried business partners managing partnership property, as provided in Sections 16403, 16404, and 16503 of the Corporations Code, and to
abrogate the ruling in In re Marriage of Duffy (2001) 91 Cal.App.4th 923, to the extent that it is in conflict with this clarification.

CHAPTER 311

An act to amend Sections 7071.11, 7125, and 7125.2 of, to add Sections 7125.3 and 7125.4 to, and to repeal and add Section 7065.01 of, the Business and Professions Code, relating to contractors.

[Approved by Governor August 30, 2002. Filed with Secretary of State September 3, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 7065.01 of the Business and Professions Code is repealed.

SEC. 2. Section 7065.01 is added to the Business and Professions Code, to read:

6065.01. Notwithstanding Section 7065, no trade examination shall be required of an applicant for the limited specialty license classification.

SEC. 3. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. (a) A copy of the complaint in a civil action commenced by a person claiming against a bond required by this article shall be served by registered or certified mail upon the registrar by the clerk of the court at the time the action is commenced and the registrar shall maintain a record, available for public inspection, of all actions so commenced. The aggregate liability of a surety on a claim for wages and fringe benefits brought against any bond required by this article, other than a bond required by Section 7071.8, shall not exceed the sum of four thousand dollars ($4,000). If any bond which may be required is insufficient to pay all claims in full, the sum of the bond shall be distributed to all claimants in proportion to the amount of their respective claims. Any action, other than an action to recover wages or fringe benefits, against a contractor’s bond or a bond of a qualifying individual filed by an active licensee shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, whichever first occurs. Any action, other than an action to recover wages or fringe benefits, against a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within two years after the expiration
of the license period during which the act or omission occurred, or within
two years of the date the license of the active licensee was inactivated,
canceled, or revoked by the board, or within two years after the last date
for which a disciplinary bond filed pursuant to Section 7071.8 was
required, whichever date is first. A claim to recover wages or fringe
benefits shall be brought within six months from the date that the wage
or fringe benefit delinquencies were discovered, but in no event shall a
civil action thereon be brought later than two years from the date the
wage or fringe benefit contributions were due.

(b) Whenever the surety makes payment on any claim against a bond
required by this article, whether or not payment is made through a court
action or otherwise, the surety shall, within 30 days of the payment,
provide notice to the registrar. The notice required by this subdivision
shall provide the following information by declaration on a form
prescribed by the registrar:

(1) The name and license number of the contractor.
(2) The surety bond number.
(3) The amount of payment.
(4) The statutory basis upon which the claim is made.
(5) The names of the person or persons to whom payments have been
made.
(6) Whether or not the payments were the result of a good faith action
by the surety.

The notice shall also clearly indicate whether or not the licensee filed
a protest in accordance with this section.

(c) Prior to the settlement of a claim through a good faith payment by
the surety, a licensee shall have not less than 15 days in which to provide
a written protest. This protest shall instruct the surety not to make
payment from the bond on the licensee’s account upon the specific
grounds that the claim is opposed by the licensee, and provide the surety
a specific and reasonable basis for the licensee’s opposition to payment.

(1) Whenever a licensee files a protest in accordance with this
subdivision, the board shall investigate the matter and file disciplinary
action as set forth under this chapter if there is evidence that the surety
has sustained a loss as the result of a good faith payment made for the
purpose of mitigating any damages incurred by any person or entity
covered under Section 7071.5.

(2) Any licensee that fails to file a protest as specified in this
subdivision shall have 90 days from the date of notification by the board
to submit proof of payment of the actual amount owed to the surety and,
if applicable, proof of payment of any judgement or admitted claim in
excess of the amount of the bond or, by operation of law, the license shall
be suspended at the end of the 90 days. A license suspension pursuant
to this subdivision shall be disclosed indefinitely as a failure to settle
outstanding final liabilities in violation of this chapter. The disclosure
specified by this subdivision shall also be applicable to all licenses
covered by the provisions of subdivision (d).

(d) No license may be renewed, reissued, or reinstated while any
judgment or admitted claim in excess of the amount of the bond remains
unsatisfied. Further, no license may be renewed, reissued, or reinstated
while any surety remains unreimbursed for any loss or expense sustained
on any bond issued for the licensee or for any entity of which any officer,
director, member, partner, or qualifying person was an officer, director,
member, partner, or qualifying person of the licensee while the licensee
was subject to suspension or disciplinary action under this section.

(e) The licensee may provide the board with a notarized copy of an
accord, reached with the surety to satisfy the debt in lieu of full payment.
By operation of law, failure to abide by the accord shall result in the
automatic suspension of any license to which this section applies. A
license that is suspended for failure to abide by the accord may only be
renewed or reinstated when proof of satisfaction of all debts is made.

(f) Legal fees may not be charged against the bond by the board.

(g) In any case in which a claim is filed against a deposit given in lieu
of a bond by any employee or by an employee organization on behalf of
an employee, concerning wages or fringe benefits based upon the
employee’s employment, claims for the nonpayment shall be filed with
the Labor Commissioner. The Labor Commissioner shall, pursuant to
the authority vested by Section 96.5 of the Labor Code, conduct hearings
to determine whether or not the wages or fringe benefits should be paid
to the complainant. Upon a finding by the commissioner that the wages
or fringe benefits should be paid to the complainant, the commissioner
shall notify the registrar of the findings. The registrar shall not make
payment from the deposit on the basis of findings by the commissioner
for a period of 10 days following determination of the findings. If, within
the period, the complainant or the contractor files written notice with the
registrar and the commissioner of an intention to seek judicial review of
the findings pursuant to Section 11523 of the Government Code, the
registrar shall not make payment, if an action is actually filed, except as
determined by the court. If, thereafter, no action is filed within 60 days
following determination of findings by the commissioner, the registrar
shall make payment from the deposit to the complainant.

(h) Any action, other than an action to recover wages or fringe
benefits, against a deposit given in lieu of a contractor’s bond or bond
of a qualifying individual filed by an active licensee shall be brought
within three years after the expiration of the license period during which
the act or omission occurred, or within three years after the date the
license was inactivated, canceled, or revoked by the board, whichever
first occurs. Any action, other than an action to recover wages or fringe
benefits, against a deposit given in lieu of a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within three years after the expiration of the license period during which the act or omission occurred, or within three years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within three years after the last date for which a deposit given in lieu of a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first. If the board is notified of a complaint relative to a claim against the deposit, the deposit shall not be released until the complaint has been adjudicated.

SEC. 4. Section 7125 of the Business and Professions Code is amended to read:

7125. (a) The board shall require as a condition precedent to the issuance, reinstatement, reactivation, renewal, or continued maintenance of a license, that the applicant or licensee have on file at all times a current and valid Certificate of Workers’ Compensation Insurance or Certification of Self-Insurance. A Certificate of Workers’ Compensation Insurance shall be issued and filed, electronically or otherwise, by one or more insurers duly licensed to write workers’ compensation insurance in this state. A Certification of Self-Insurance shall be issued and filed by the Director of Industrial Relations. If reciprocity conditions exist, as defined in Section 3600.5 of the Labor Code, the registrar shall require the information deemed necessary to assure compliance with this section.

(a) The license suspension imposed by this section is effective upon the earlier of either of the following:

(1) On the date that the relevant workers’ compensation insurance coverage lapses.

An opportunity for a hearing as specified in Section 7028.10 will be granted if requested within 15 working days after service of the citation.

SEC. 6. Section 7125.3 is added to the Business and Professions Code, to read:

[Approved by Governor August 30, 2002. Filed with Secretary of State September 3, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 7085 of the Business and Professions Code is amended to read:

7085. (a) After investigating any verified complaint alleging a violation of Section 7107, 7109, 7110, 7113, 7119, or 7120, and any complaint arising from a contract involving works of improvement as defined in Section 7151 and finding a possible violation, the registrar may, with the concurrence of both the licensee and the complainant, refer the alleged violation, and any dispute between the licensee and the complainant arising thereunder, to arbitration pursuant to this article, provided the registrar finds that:

(1) There is evidence that the complainant has suffered or is likely to suffer material damages as a result of a violation of Section 7107, 7109, 7110, 7113, 7119, or 7120, and any complaint arising from a contract involving works of improvement as defined in Section 7151.

(2) There are reasonable grounds for the registrar to believe that the public interest would be better served by arbitration than by disciplinary action.

(3) The licensee does not have a history of repeated or similar violations.

(4) The licensee was in good standing at the time of the alleged violation.

(5) The licensee does not have any outstanding disciplinary actions filed against him or her.

(6) The parties have not previously agreed to private arbitration of the dispute pursuant to contract or otherwise.

(7) The parties have been advised of the provisions of Section 2855 of the Civil Code.
For the purposes of paragraph (1), “material damages” means damages greater than seven thousand five hundred dollars ($7,500) and less than fifty thousand dollars ($50,000).

(b) In all cases in which a possible violation of the sections set forth in paragraph (1) of subdivision (a) exists and the contract price is equal to or less than seven thousand five hundred dollars ($7,500), or the demand for damages is equal to or less than seven thousand five hundred dollars ($7,500) regardless of the contract price, the complaint shall be referred to arbitration, utilizing the criteria set forth in paragraphs (2) to (6), inclusive, of subdivision (a).

SEC. 2. Section 7085.8 of the Business and Professions Code is repealed.

SEC. 3. Section 7091 of the Business and Professions Code is amended to read:

7091. (a) A complaint against a licensee alleging commission of any patent acts or omissions that may be grounds for legal action shall be filed in writing with the registrar within four years after the act or omission alleged as the ground for the disciplinary action. An accusation or citation against a licensee shall be filed or a referral to the arbitration program outlined in Section 7085 shall be referred within four years after the patent act or omission alleged as the ground for disciplinary action or arbitration or within 18 months from the date of the filing of the complaint with the registrar, whichever is later, except that with respect to an accusation alleging a violation of Section 7112, the accusation may be filed within two years after the discovery by the registrar or by the board of the alleged facts constituting the fraud or misrepresentation prohibited by the section.

(b) A complaint against a licensee alleging commission of any latent acts or omissions that may be grounds for legal action pursuant to subdivision (a) of Section 7109 regarding structural defects, as defined by regulation, shall be filed in writing with the registrar within 10 years after the act or omission alleged as the ground for the disciplinary action. An accusation and citation against a licensee shall be filed within 10 years after the latent act or omission alleged as the ground for disciplinary action or within 18 months from the date of the filing of the complaint with the registrar, whichever is later, except that with respect to an accusation alleging a violation of Section 7112, the accusation may be filed within two years after the discovery by the registrar or by the board of the alleged facts constituting the fraud or misrepresentation prohibited by Section 7112. As used in this section “latent act or omission” means an act or omission that is not apparent by reasonable inspection.

(c) An accusation regarding an alleged breach of an express, written warranty for a period in excess of the time periods specified in
subdivisions (a) and (b) issued by the contractor shall be filed within the duration of that warranty.

(d) The proceedings under this article shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the registrar shall have all the powers granted therein.

(e) Nothing in this section shall be construed to affect the liability of a surety or the period of limitations prescribed by law for the commencement of actions against a surety or cash deposit.

SEC. 4. Section 7122.2 is added to the Business and Professions Code, to read:

7122.2. Notwithstanding Section 7068.2 or any other provisions of this chapter, the disassociation of any qualifying partner, responsible managing officer, or responsible managing employee from a license that has been referred to arbitration pursuant to Section 7085 shall not relieve the qualifying partner, responsible managing officer, or responsible managing employee from responsibility for complying with the award rendered as a result of an arbitration referral. Section 7122.5 shall apply to any qualifying partner, responsible managing officer, or responsible managing employee of a licensee that fails to comply with an arbitration award once it is rendered.

2. Is likely to mislead or deceive because of a failure to disclose material facts.

3. (A) Is intended or is likely to create false or unjustified expectations of favorable results, including the use of any photograph or other image that does not accurately depict the results of the procedure being advertised or that has been altered in any manner from the image of the actual subject depicted in the photograph or image.

   (B) Use of any photograph or other image of a model without clearly stating in a prominent location in easily readable type the fact that the photograph or image is of a model is a violation of subdivision (a). For purposes of this paragraph, a model is anyone other than an actual patient, who has undergone the procedure being advertised, of the licensee who is advertising for his or her services.

   (C) Use of any photograph or other image of an actual patient that depicts or purports to depict the results of any procedure, or presents “before” and “after” views of a patient, without specifying in a prominent location in easily readable type size what procedures were performed on that patient is a violation of subdivision (a). Any “before” and “after” views (i) shall be comparable in presentation so that the results are not distorted by favorable poses, lighting, or other features of presentation, and (ii) shall contain a statement that the same “before” and “after” results may not occur for all patients.

7. Makes a scientific claim that cannot be substantiated by reliable, peer reviewed, published scientific studies.

(c) Any price advertisement shall be exact, without the use of phrases, including, but not limited to, “as low as,” “and up,” “lowest prices,” or words or phrases of similar import. Any advertisement that refers to
services, or costs for services, and that uses words of comparison shall be based on verifiable data substantiating the comparison. Any person so advertising shall be prepared to provide information sufficient to establish the accuracy of that comparison. Price advertising shall not be fraudulent, deceitful, or misleading, including statements or advertisements of bait, discount, premiums, gifts, or any statements of a similar nature. In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

(d) Any person so licensed shall not compensate or give anything of value to a representative of the press, radio, television, or other communication medium in anticipation of, or in return for, professional publicity unless the fact of compensation is made known in that publicity.

(e) Any person so licensed may not use any professional card, professional announcement card, office sign, letterhead, telephone directory listing, medical list, medical directory listing, or a similar professional notice or device if it includes a statement or claim that is false, fraudulent, misleading, or deceptive within the meaning of subdivision (b).

(f) Any person so licensed who violates this section is guilty of a misdemeanor. A bona fide mistake of fact shall be a defense to this subdivision, but only to this subdivision.

(g) Any violation of this section by a person so licensed shall constitute good cause for revocation or suspension of his or her license or other disciplinary action.

(h) Advertising by any person so licensed may include the following:

(1) A statement of the name of the practitioner.

(2) A statement of addresses and telephone numbers of the offices maintained by the practitioner.

(i) For the purposes of this section, a dentist licensed under Chapter 4 (commencing with Section 1600) may not hold himself or herself out as a specialist, or advertise membership in or specialty recognition by an accrediting organization, unless the practitioner has completed a specialty education program approved by the American Dental
Association and the Commission on Dental Accreditation, is eligible for examination by a national specialty board recognized by the American Dental Association, or is a diplomate of a national specialty board recognized by the American Dental Association.

(ii) A dentist licensed under Chapter 4 (commencing with Section 1600) shall not represent to the public or advertise accreditation either in a specialty area of practice or by a board not meeting the requirements of clause (i) unless the dentist has attained membership in or otherwise been credentialed by an accrediting organization that is recognized by the board as a bona fide organization for that area of dental practice. In order to be recognized by the board as a bona fide accrediting organization for a specific area of dental practice other than a specialty area of dentistry authorized under clause (i), the organization shall condition membership or credentialing of its members upon all of the following:

(I) Successful completion of a formal, full-time advanced education program that is affiliated with or sponsored by a university based dental school and is beyond the dental degree at a graduate or postgraduate level.

(II) Prior didactic training and clinical experience in the specific area of dentistry that is greater than that of other dentists.

(III) Successful completion of oral and written examinations based on psychometric principles.

approved by that physician and surgeon’s licensing board, or (iii) a board
or association with an Accreditation Council for Graduate Medical
Education approved postgraduate training program that provides

the Medical Board of California who is certified by an organization other
than a board or association referred to in clause (i), (ii), or (iii) shall not
use the term “board certified” in reference to that certification, unless
the physician and surgeon is also licensed under Chapter 4 (commencing
with Section 1600) and the use of the term “board certified” in reference
to that certification is in accordance with subparagraph (A). A physician
and surgeon licensed under Chapter 5 (commencing with Section 2000)
by the Medical Board of California who is certified by a board or
association referred to in clause (i), (ii), or (iii) shall not use the term

and given comparable prominence with the term “board certified” in the
statement.

For purposes of this subparagraph, a “multidisciplinary board or
association” means an educational certifying body that has a
psychometrically valid testing process, as determined by the Medical
Board of California, for certifying medical doctors and other health care

The Medical Board of California shall adopt regulations to establish
and collect a reasonable fee from each board or association applying for
recognition pursuant to this subparagraph. The fee shall not exceed the
cost of administering this subparagraph. Notwithstanding Section 2 of
Chapter 1660 of the Statutes of 1990, this subparagraph shall become
operative July 1, 1993. However, an administrative agency or
accrediting organization may take any action contemplated by this
subparagraph relating to the establishment or approval of specialist
requirements on and after January 1, 1991.

(C) A doctor of podiatric medicine licensed under Chapter 5
(commencing with Section 2000) by the Medical Board of California
may include a statement that he or she is certified or eligible or qualified
for certification by a private or public board or parent association,
including, but not limited to, a multidisciplinary board or association, if that board or association meets one of the following requirements: (i) is approved by the Council on Podiatric Medical Education, (ii) is a board or association with equivalent requirements approved by the California Board of Podiatric Medicine, or (iii) is a board or association with the Council on Podiatric Medical Education approved postgraduate training programs that provide training in podiatric medicine and podiatric surgery. A doctor of podiatric medicine licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by a board or association referred to in clause (i), (ii), or (iii) shall not use the term “board certified” unless the full name of the certifying board is also used and given comparable prominence with the term “board certified” in the statement. A doctor of podiatric medicine licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by an organization other than a board or association referred to in clause (i), (ii), or (iii) shall not use the term “board certified” in reference to that certification.

For purposes of this subparagraph, a “multidisciplinary board or association” means an educational certifying body that has a psychometrically valid testing process, as determined by the California Board of Podiatric Medicine, for certifying doctors of podiatric medicine that is based on the applicant’s education, training, and experience. For purposes of the term “board certified,” as used in this subparagraph, the terms “board” and “association” mean an organization that is a Council on Podiatric Medical Education approved board, an organization with equivalent requirements approved by the California Board of Podiatric Medicine, or an organization with a Council on Podiatric Medical Education approved postgraduate training program that provides training in podiatric medicine and podiatric surgery.

The California Board of Podiatric Medicine shall adopt regulations to establish and collect a reasonable fee from each board or association applying for recognition pursuant to this subparagraph, to be deposited in the State Treasury in the Podiatry Fund, pursuant to Section 2499. The fee shall not exceed the cost of administering this subparagraph.

(14) A statement of the manufacturer, designer, style, make, trade name, brand name, color, size, or type of commodities advertised.

(15) An advertisement of a registered dispensing optician may include statements in addition to those specified in paragraphs (1) to (14), inclusive, provided that any statement shall not violate subdivision (a), (b), (c), or (e) or any other section of this code.

(16) A statement, or statements, providing public health information encouraging preventative or corrective care.

(17) Any other item of factual information that is not false, fraudulent, misleading, or likely to deceive.

(i) Each of the healing arts boards and examining committees within Division 2 shall adopt appropriate regulations to enforce this section in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

Each of the healing arts boards and committees and examining committees within Division 2 shall, by regulation, define those efficacious services to be advertised by businesses or professions under their jurisdiction for the purpose of determining whether advertisements are false or misleading. Until a definition for that service has been issued, no advertisement for that service shall be disseminated. However, if a definition of a service has not been issued by a board or committee within 120 days of receipt of a request from a licensee, all those holding the license may advertise the service. Those boards and committees shall adopt or modify regulations defining what services may be advertised, the manner in which defined services may be advertised, and restricting advertising that would promote the inappropriate or excessive use of health services or commodities. A board or committee shall not, by regulation, unreasonably prevent truthful, nondeceptive price or otherwise lawful forms of advertising of services or commodities, by either outright prohibition or imposition of onerous disclosure requirements. However, any member of a board or committee acting in good faith in the adoption or enforcement of any regulation shall be deemed to be acting as an agent of the state.

(j) The Attorney General shall commence legal proceedings in the appropriate forum to enjoin advertisements disseminated or about to be disseminated in violation of this section and seek other appropriate relief to enforce this section. Notwithstanding any other provision of law, the costs of enforcing this section to the respective licensing boards or
committees may be awarded against any licensee found to be in violation of any provision of this section. This shall not diminish the power of district attorneys, county counsels, or city attorneys pursuant to existing law to seek appropriate relief.

(k) A physician and surgeon or doctor of podiatric medicine licensed pursuant to Chapter 5 (commencing with Section 2000) by the Medical Board of California who knowingly and intentionally violates this section may be cited and assessed an administrative fine not to exceed ten thousand dollars ($10,000) per event. Section 125.9 shall govern the issuance of this citation and fine except that the fine limitations prescribed in paragraph (3) of subdivision (b) of Section 125.9 shall not apply to a fine under this subdivision.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
