(a) Every crematory shall designate a licensed crematory manager to manage the crematory, and shall report the designation to the bureau within 10 days of the effective date. Any change in the designated manager shall be reported to the bureau within 10 days.

(b) The designated crematory manager shall be responsible for exercising direct supervision and control over the operations, employees, and agents of the crematory as is necessary to ensure full compliance with the applicable provisions of the Business and Professions Code, the Health and Safety Code, and any regulations adopted thereto. Failure of the designated crematory manager or the licensed crematory to exercise that supervision or control shall constitute a ground for disciplinary action.

(c) A crematory may employ, in addition to the designated crematory manager, additional licensed crematory managers. However, only one licensed crematory manager may be appointed as the designated crematory manager of the crematory.

SEC. 22. Section 9787.3 is added to the Business and Professions Code, to read:

9787.3. (a) Application for a crematory manager license shall be made in writing on the form provided by the bureau, verified by the

(b) The applicant for a crematory manager license shall be at least 18 years of age, possess a high school diploma or its equivalent, shall not have committed acts or crimes constituting grounds for denial of licensure under Section 480, shall demonstrate compliance with the training and experience requirements established by the bureau, and shall be a resident of this state.

(c) The bureau shall grant a crematory manager license to any applicant who meets the requirements of this chapter and who has successfully passed the crematory manager examination administered by the bureau.

(d) Notwithstanding subdivision (c), until July 1, 2004, the bureau shall grant a crematory manager license to any applicant who meets the requirements of this chapter and can demonstrate that he or she has, prior to January 1, 2003, successfully passed the crematory manager examination administered by the bureau. Any person who is eligible to obtain a crematory manager license under this subdivision and who does not apply for a license by July 1, 2004, shall apply for and successfully pass the examination.

SEC. 24. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 829

An act to amend Sections 3000 and 3001 of the Penal Code, relating to parole.

[Approved by Governor September 23, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 3000 of the Penal Code is amended to read:

3000. (a) (1) The Legislature finds and declares that the period immediately following incarceration is critical to successful reintegration of the offender into society and to positive citizenship. It is in the interest of public safety for the state to provide for the supervision of and surveillance of parolees, including the judicious use of revocation actions, and to provide educational, vocational, family and personal counseling necessary to assist parolees in the transition between imprisonment and discharge. A sentence pursuant to Section 1168 or 1170 shall include a period of parole, unless waived, as provided in this section.

(2) The Legislature finds and declares that it is not the intent of this section to diminish resources allocated to the Department of Corrections for parole functions for which the department is responsible. It is also not the intent of this section to diminish the resources allocated to the Board of Prison Terms to execute its duties with respect to parole functions for which the board is responsible.

(3) The Legislature finds and declares that diligent effort must be made to ensure that parolees are held accountable for their criminal behavior, including, but not limited to, the satisfaction of restitution fines and orders.

(4) Any finding made pursuant to Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, that a person is a sexually violent predator shall not toll, discharge, or otherwise affect that person's period of parole.

(b) Notwithstanding any provision to the contrary in Article 3 (commencing with Section 3040) of this chapter, the following shall apply:

(1) At the expiration of a term of imprisonment of one year and one day, or a term of imprisonment imposed pursuant to Section 1170 or at the expiration of a term reduced pursuant to Section 2931 or 2933, if applicable, the inmate shall be released on parole for a period not exceeding three years, except that any inmate sentenced for an offense specified in paragraph (3), (4), (5), (6), (11), (16), or (18) of subdivision (c) of Section 667.5 shall be released on parole for a period not exceeding five years, unless in either case the parole authority for good cause waives parole and discharges the inmate from the custody of the department.

(2) In the case of any inmate sentenced under Section 1168, the period of parole shall not exceed five years in the case of an inmate imprisoned for any offense other than first or second degree murder for which the inmate has received a life sentence, and shall not exceed three years in the case of any other inmate, unless in either case the parole authority for good cause waives parole and discharges the inmate from custody of the department. This subdivision shall also be applicable to inmates who committed crimes prior to July 1, 1977, to the extent specified in Section 1170.2.

(3) Notwithstanding paragraphs (1) and (2), in the case of any offense for which the inmate has received a life sentence pursuant to Section 667.61 or 667.71, the period of parole shall be five years. Upon the request of the Department of Corrections, and on the grounds that the paroled inmate may pose a substantial danger to public safety, the Board of Prison Terms shall conduct a hearing to determine if the parolee shall be subject to a single additional five-year period of parole. The board shall conduct the hearing pursuant to the procedures and standards governing parole revocation. The request for parole extension shall be made no less than 180 days prior to the expiration of the initial five-year period of parole.

(4) The parole authority shall consider the request of any inmate regarding the length of his or her parole and the conditions thereof.

(5) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1), (2), or (3), as the case may be, whichever is earlier, the inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1), (2),

and (3) shall be computed from the date of initial parole or from the date of extension of parole pursuant to paragraph (3) and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, in no case, except as provided in Section 3064, may a prisoner subject to three years on parole be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole, and, except as provided in Section 3064, in no case may a prisoner subject to five years on parole be retained under parole supervision or in custody for a period longer than seven years from the date of his or her initial parole or from the date of extension of parole pursuant to paragraph (3).

(6) The Department of Corrections shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length of parole and conditions thereof by the parole authority. The Department of Corrections or the Board of Prison Terms may impose as a condition of parole that a prisoner make payments on the prisoner's outstanding restitution fines or orders imposed pursuant to subdivision (a) or (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, or subdivision (b) or (f) of Section 1202.4.

(7) For purposes of this chapter, the Board of Prison Terms shall be considered the parole authority.

(8) The sole authority to issue warrants for the return to actual custody of any state prisoner released on parole rests with the Board of Prison Terms, except for any escaped state prisoner or any state prisoner released prior to his or her scheduled release date who should be returned to custody, and Section 3060 shall apply.

(9) It is the intent of the Legislature that efforts be made with respect to persons who are subject to subparagraph (C) of paragraph (1) of subdivision (a) of Section 290 who are on parole to engage them in treatment.

SEC. 2. Section 3001 of the Penal Code is amended to read:

3001. (a) Notwithstanding any other provision of law, when any person referred to in paragraph (1) of subdivision (b) of Section 3000 who was not imprisoned for committing a violent felony, as defined in subdivision (c) of Section 667.5, has been released on parole from the state prison, and has been on parole continuously for one year since release from confinement, within 30 days, that person shall be discharged from parole, unless the Department of Corrections

recommends to the Board of Prison Terms that the person be retained on parole and the board, for good cause, determines that the person will be retained. Notwithstanding any other provision of law, when any person referred to in paragraph (1) of subdivision (b) of Section 3000 who was imprisoned for committing a violent felony, as defined in subdivision (c) of Section 667.5, has been released on parole from the state prison for a period not exceeding three years and has been on parole continuously for two years since release from confinement, or has been released on parole from the state prison for a period not exceeding five years and has been on parole continuously for three years since release from confinement, the department shall discharge, within 30 days, that person from parole, unless the department recommends to the board that the person be retained on parole and the board, for good cause, determines that the person will be retained. The board shall make a written record of its determination and the department shall transmit a copy thereof to the parolee.

(b) Notwithstanding any other provision of law, when any person referred to in paragraph (2) or (3) of subdivision (b) of Section 3000 has been released on parole from the state prison, and has been on parole continuously for three years since release from confinement or since extension of parole, the board shall discharge, within 30 days, the person from parole, unless the board, for good cause, determines that the person will be retained on parole. The board shall make a written record of its determination and the department shall transmit a copy thereof to the parolee.

(c) In the event of a retention on parole, the parolee shall be entitled to a review by the parole authority each year thereafter until the maximum statutory period of parole has expired.

(d) The amendments to this section made during the 1987–88 Regular Session of the Legislature shall only be applied prospectively and shall not extend the parole period for any person whose eligibility for discharge from parole was fixed as of the effective date of those amendments.

CHAPTER 830

(b) (1) Any person who is guilty of contempt of court under paragraph (4) of subdivision (a) by willfully contacting a victim by phone or mail, or directly, and who has been previously convicted of a violation of Section 646.9 shall be punished by imprisonment in a county jail for not more than one year, by a fine of five thousand dollars ($5,000), or by both that fine and imprisonment.

(2) For the purposes of sentencing under this subdivision, each contact shall constitute a separate violation of this subdivision.

(3) The present incarceration of a person who makes contact with a victim in violation of paragraph (1) is not a defense to a violation of this subdivision.

(c) (1) Notwithstanding paragraph (4) of subdivision (a), any willful and knowing violation of any protective order or stay away court order issued pursuant to Section 136.2, in a pending criminal proceeding involving domestic violence, as defined in Section 13700, or issued as a condition of probation after a conviction in a criminal proceeding involving domestic violence, as defined in Section 13700, or that is an order described in paragraph (3), shall constitute contempt of court, a misdemeanor, punishable by imprisonment in a county jail for not more than one year, by a fine of not more than one thousand dollars ($1,000), or by both that imprisonment and fine.

(2) If a violation of paragraph (1) results in a physical injury, the person shall be imprisoned in a county jail for at least 48 hours, whether a fine or imprisonment is imposed, or the sentence is suspended.

(5) The prosecuting agency of each county shall have the primary responsibility for the enforcement of the orders described in paragraph (1).

(d) (1) A person who owns, possesses, purchases, or receives a firearm knowing he or she is prohibited from doing so by the provisions of a protective order as defined in Section 136.2 of this code, Section 6218 of the Family Code, or Sections 527.6 or 527.8 of the Code of Civil Procedure, shall be punished under the provisions of subdivision (g) of Section 12021.

(3) For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision or subdivision (c), the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support.

(4) If the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of subdivision (c), the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse and dependents required by this subdivision, until all separate property of the offending spouse is exhausted.

SEC. 2. Section 12021 of the Penal Code is amended to read:

12021. (a) (1) Any person who has been convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or country, or of an offense enumerated in subdivision (a), (b), or (d) of Section 12001.6, or who is addicted to the use of any narcotic drug, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(2) Any person who has two or more convictions for violating paragraph (2) of subdivision (a) of Section 417 and who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6, when that conviction results from certification by the juvenile court for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of this subdivision, any person who has been convicted of a misdemeanor violation of Section 71, 76, 136.1, 136.5, or 140, subdivision (d) of Section 148, Section 171b, 171c, 171d, 186.28, 240, 241, 242, 243, 244.5, 245, 245.5, 246, 246.3, 247, 273.5, 273.6, 417, 417.1, 417.2, 417.6, 422, 626.9, 646.9, 12023, or 12024, subdivision (b) or (d) of Section 12034, Section 12040, subdivision (b) of Section 12072, subdivision (a) of former Section 12100, Section 12220, 12320, or 12590, or Section 8100, 8101, or 8103 of the Welfare and Institutions Code, any firearm-related offense pursuant to Sections 871.5 and 1001.5 of the Welfare and Institutions Code, or of the conduct punished in paragraph (3) of subdivision (g) of Section 12072, and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in a county jail not exceeding one year or in the state prison, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. However, the prohibition in this paragraph may be reduced, eliminated, or conditioned as provided in paragraph (2) or (3).

(2) Any person employed as a peace officer described in Section 830.1, 830.2, 830.31, 830.32, 830.33, or 830.5 whose employment or livelihood is dependent on the ability to legally possess a firearm, who is subject to the prohibition imposed by this subdivision because of a conviction under Section 273.5, 273.6, or 646.9, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and shall notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or

elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision no matter when the prior conviction occurred.

In making its decision, the court shall consider the petitioner's continued employment, the interest of justice, any relevant evidence, and the totality of the circumstances. The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Relief from the prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner. It is the intent of the Legislature to permit persons who were convicted of an offense specified in Section 273.5, 273.6, or 646.9 to seek relief from the prohibition imposed by this subdivision.

(3) Any person who is subject to the prohibition imposed by this subdivision because of a conviction of an offense prior to that offense being added to paragraph (1) may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner.

(4) Law enforcement officials who enforce the prohibition specified in this subdivision against a person who has been granted relief pursuant to paragraph (2) or (3) shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified copy of the court order that granted the person relief from the prohibition. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) (1) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in a county jail not exceeding one year or in the state prison, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The notice shall inform the defendant of the prohibition regarding firearms and include a form to facilitate the transfer of firearms. Failure to provide the notice shall not be a defense to a violation of this section.

(e) Any person who (1) is alleged to have committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, an offense described in subdivision (b) of Section 1203.073, or any offense enumerated in paragraph (1) of subdivision (c), and (2) is subsequently adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, an offense described in subdivision (b)

(3) Judicial Council shall provide notice on all protective orders that the respondent is prohibited from owning, possessing, purchasing, or receiving a firearm while the protective order is in effect and that the firearm shall be relinquished to the local law enforcement agency for that jurisdiction or sold to a licensed gun dealer, and that proof of surrender or sale shall be filed within a specified time of receipt of the order. The order shall also state on its face the expiration date for relinquishment.

(B) The person possessed the firearm no longer than was necessary to deliver or transport the firearm to a law enforcement agency for that agency's disposition according to law.

(C) If the firearm was transported to a law enforcement agency, it was transported in accordance with paragraph (18) of subdivision (a) of Section 12026.2.

Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm a receipt. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2003, (2) each bill amends Section 12028.5 of the Penal Code, and (3) this bill is enacted after SB 1807, in which case Section 3 of this bill shall not become operative.

[Approved by Governor September 23, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1202.1 of the Penal Code is amended to read:

1202.1. (a) Notwithstanding Sections 120975 and 120990 of the Health and Safety Code, the court shall order every person who is convicted of, or adjudged by the court to be a person described by Section 601 or 602 of the Welfare and Institutions Code as provided in Section 725 of the Welfare and Institutions Code by reason of a violation of, a sexual offense listed in subdivision (e), whether or not a sentence or fine is imposed or probation is granted, to submit to a blood or oral mucosal transudate saliva test for evidence of antibodies to the probable causative agent of acquired immune deficiency syndrome (AIDS) within 180 days of the date of conviction. Each person tested under this section shall be informed of the results of the blood or oral mucosal transudate saliva test.

(b) Notwithstanding Section 120980 of the Health and Safety Code, the results of the blood or oral mucosal transudate saliva test to detect antibodies to the probable causative agent of AIDS shall be transmitted by the clerk of the court to the Department of Justice and the local health officer.

(c) Notwithstanding Section 120980 of the Health and Safety Code, the Department of Justice shall provide the results of a test or tests as to persons under investigation or being prosecuted under Section 647f or 12022.85, if the results are on file with the department, to the defense

The prosecutor or the prosecutor's victim-witness assistance bureau shall refer the victim to the local health officer for counseling to assist him or her in understanding the extent to which the particular circumstances of the crime may or may not have placed the victim at risk of transmission of human immunodeficiency virus (HIV) from the accused, to ensure that the victim understands the limitations and benefits of current tests for HIV, and to assist the victim in determining whether he or she should make the request.

(2) Notwithstanding any other law, upon the victim's request, the local health officer shall be responsible for disclosing test results to the victim who requested the test and the person who was tested. However, as specified in subdivision (g), positive test results shall not be disclosed to the victim or the person who was tested without offering or providing professional counseling appropriate to the circumstances as follows:

(g) The local health officer shall be responsible for disclosing test results to the victim who requested the test and the person who was tested. However, positive test results shall not be disclosed to the victim or the person who was tested without offering or providing professional counseling appropriate to the circumstances.

(h) The local health officer and the victim shall comply with all laws and policies relating to medical confidentiality, subject to the disclosure authorized by subdivisions (g) and (i).

SEC. 2. Section 1524.1 of the Penal Code is amended to read:

1524.1. (a) The primary purpose of the testing and disclosure provided in this section is to benefit the victim of a crime by informing the victim whether the defendant is infected with the HIV virus. It is also the intent of the Legislature in enacting this section to protect the health of both victims of crime and those accused of committing a crime. Nothing in this section shall be construed to authorize mandatory testing or disclosure of test results for the purpose of a charging decision by a prosecutor, nor, except as specified in subdivisions (g) and (i), shall this section be construed to authorize breach of the confidentiality provisions contained in Chapter 7 (commencing with Section 120975) of Part 4 of Division 105 of the Health and Safety Code.

(b) (1) Notwithstanding the provisions of Chapter 7 (commencing with Section 120975) of Part 4 of Division 105 of the Health and Safety Code, when a defendant has been charged by complaint, information, or indictment with a crime, or a minor is the subject of a petition filed in juvenile court alleging the commission of a crime, the court, at the request of the victim, may issue a search warrant for the purpose of testing the accused's blood or oral mucosal transudate saliva with any HIV test, as defined in Section 120775 of the Health and Safety Code only under the following circumstances: when the court finds, upon the conclusion of the hearing described in paragraph (3), or in those cases in which a preliminary hearing is not required to be held, that there is probable cause to believe that the accused committed the offense, and that there is probable cause to believe that blood, semen, or any other body fluid identified by the State Department of Health Services in appropriate regulations as capable of transmitting the human immunodeficiency virus has been transferred from the accused to the victim.

(2) Notwithstanding Chapter 7 (commencing with Section 120975) of Part 4 of Division 105 of the Health and Safety Code, when a defendant has been charged by complaint, information, or indictment with a crime under Section 220, 261, 261.5, 262, 264.1, 266c, 269, 286, 288, 288a, 288.5, 289, or 289.5, or with an attempt to commit any of the offenses, and is the subject of a police report alleging the commission of a separate, uncharged offense that could be charged under Section 220, 261, 261.5, 262, 264.1, 266c, 269, 286, 288, 288a, 288.5, 289, or 289.5, or of an attempt to commit any of the offenses, or a minor is the subject of a petition filed in juvenile court alleging the commission of a crime under Section 220, 261, 261.5, 262, 264.1, 266c, 269, 286, 288, 288a, 288.5, 289, or 289.5, or of an attempt to commit any of the offenses, and is the subject of a police report alleging the commission of a separate, uncharged offense that could be charged under Section 220, 261, 261.5, 262, 264.1, 266c, 269, 286, 288, 288a, 288.5, 289, or 289.5, or of an attempt to commit any of the offenses, the court, at the request of the victim of the uncharged offense, may issue a search warrant for the purpose of testing the accused's blood or oral mucosal transudate saliva with any HIV test, as defined in Section 120775 of the Health and Safety Code only under the following circumstances: when the court finds that there is probable cause to believe that the accused committed the uncharged offense, and that there is probable cause to believe that blood, semen, or any other body fluid identified by the State Department of Health Services in appropriate regulations as capable of transmitting the human immunodeficiency virus has been transferred from the accused to the victim. As used in this paragraph, ''Section

289.5'' refers to the statute enacted by Chapter 293 of the Statutes of 1991, penetration by an unknown object.

(3) (A) Prior to the issuance of a search warrant pursuant to paragraph (1), the court, where applicable and at the conclusion of the preliminary examination if the defendant is ordered to answer pursuant to Section 872, shall conduct a hearing at which both the victim and the defendant have the right to be present. During the hearing, only affidavits, counter affidavits, and medical reports regarding the facts that support or rebut the issuance of a search warrant under paragraph (1) shall be admissible.

(B) Prior to the issuance of a search warrant pursuant to paragraph (2), the court, where applicable, shall conduct a hearing at which both the victim and the defendant are present. During the hearing, only affidavits, counter affidavits, and medical reports regarding the facts that support or rebut the issuance of a search warrant under paragraph (2) shall be admissible.

(4) A request for a probable cause hearing made by a victim under paragraph (2) shall be made before sentencing in the superior court, or before disposition on a petition in a juvenile court, of the criminal charge or charges filed against the defendant.

(c) (1) In all cases in which the person has been charged by complaint, information, or indictment with a crime, or is the subject of a petition filed in a juvenile court alleging the commission of a crime, the prosecutor shall advise the victim of his or her right to make this request. To assist the victim of the crime to determine whether he or she should make this request, the prosecutor shall refer the victim to the local health officer for prerequest counseling to help that person understand the extent to which the particular circumstances of the crime may or may not have put the victim at risk of transmission of HIV from the accused, to ensure that the victim understands both the benefits and limitations of the current tests for HIV, to help the victim decide whether he or she wants to request that the accused be tested, and to help the victim decide whether he or she wants to be tested.

(2) The Department of Justice, in cooperation with the California District Attorneys Association, shall prepare a form to be used in providing victims with the notice required by paragraph (1).

(d) If the victim decides to request HIV testing of the accused, the victim shall request the issuance of a search warrant, as described in subdivision (b).

Neither the failure of a prosecutor to refer or advise the victim as provided in this subdivision, nor the failure or refusal by the victim to seek or obtain counseling, shall be considered by the court in ruling on the victim's request.

(e) The local health officer shall make provision for administering all HIV tests ordered pursuant to subdivision (b).

(f) Any blood or oral mucosal transudate saliva tested pursuant to subdivision (b) shall be subjected to appropriate confirmatory tests to ensure accuracy of the first test results, and under no circumstances shall test results be transmitted to the victim or the accused unless any initially reactive test result has been confirmed by appropriate confirmatory tests for positive reactors.

(g) The local health officer shall have the responsibility for disclosing test results to the victim who requested the test and to the accused who was tested. However, no positive test results shall be disclosed to the victim or to the accused without also providing or offering professional counseling appropriate to the circumstances.

(h) The local health officer and victim shall comply with all laws and policies relating to medical confidentiality subject to the disclosure authorized by subdivisions (g) and (i). Any individual who files a false report of sexual assault in order to obtain test result information pursuant to this section shall, in addition to any other liability under law, be guilty of a misdemeanor punishable as provided in subdivision (c) of Section 120980 of the Health and Safety Code. Any individual as described in the preceding sentence who discloses test result information obtained pursuant to this section shall also be guilty of an additional misdemeanor punishable as provided for in subdivision (c) of Section 120980 of the Health and Safety Code for each separate disclosure of that information.

(i) Any victim who receives information from the health officer pursuant to subdivision (g) may disclose the test results as the victim deems necessary to protect his or her health and safety or the health and safety of his or her family or sexual partner.

(j) Any person transmitting test results or disclosing information pursuant to this section shall be immune from civil liability for any actions taken in compliance with this section.

(k) The results of any blood or oral mucosal transudate saliva tested pursuant to subdivision (b) shall not be used in any criminal proceeding as evidence of either guilt or innocence.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 832

An act to amend Section 646.9 of the Penal Code, relating to stalking.

[Approved by Governor September 23, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 646.9 of the Penal Code is amended to read:

646.9. (a) Any person who willfully, maliciously, and repeatedly follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

(b) Any person who violates subdivision (a) when there is a temporary restraining order, injunction, or any other court order in effect prohibiting the behavior described in subdivision (a) against the same party, shall be punished by imprisonment in the state prison for two, three, or four years.

(c) (1) Every person who, after having been convicted of a felony under Section 273.5, 273.6, or 422, commits a violation of subdivision (a) shall be punished by imprisonment in a county jail for not more than one year, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison for two, three, or five years.

(2) Every person who, after having been convicted of a felony under subdivision (a), commits a violation of this section shall be punished by imprisonment in the state prison for two, three, or five years.

(d) In addition to the penalties provided in this section, the sentencing court may order a person convicted of a felony under this section to register as a sex offender pursuant to subparagraph (E) of paragraph (2) of subdivision (a) of Section 290.

(e) For the purposes of this section, ''harasses'' means engages in a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, torments, or terrorizes the person, and that serves no legitimate purpose.

(f) For the purposes of this section, ''course of conduct'' means two or more acts occurring over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of ''course of conduct.''

(g) For the purposes of this section, ''credible threat'' means a verbal or written threat, including that performed through the use of an electronic communication device, or a threat implied by a pattern of conduct or a combination of verbal, written, or electronically communicated statements and conduct, made with the intent to place the person that is the target of the threat in reasonable fear for his or her safety or the safety of his or her family, and made with the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her family. It is not necessary to prove that the defendant had the intent to actually carry out the threat. The present incarceration of a person making the threat shall not be a bar to prosecution under this section. Constitutionally protected activity is not included within the meaning of ''credible threat.''

(h) For purposes of this section, the term ''electronic communication device'' includes, but is not limited to, telephones, cellular phones, computers, video recorders, fax machines, or pagers. ''Electronic communication'' has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

(i) This section shall not apply to conduct that occurs during labor picketing.

(j) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under this section, it shall be a condition of probation that the person participate in counseling, as designated by the court. However, the court, upon a showing of good cause, may find that the counseling requirement shall not be imposed.

(k) The sentencing court also shall consider issuing an order restraining the defendant from any contact with the victim, that may be valid for up to 10 years, as determined by the court. It is the intent of the Legislature that the length of any restraining order be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim and his or her immediate family.

(*l*) For purposes of this section, ''immediate family'' means any spouse, parent, child, any person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household.

(m) The court shall consider whether the defendant would benefit from treatment pursuant to Section 2684. If it is determined to be appropriate, the court shall recommend that the Department of Corrections make a certification as provided in Section 2684. Upon the certification, the defendant shall be evaluated and transferred to the appropriate hospital for treatment pursuant to Section 2684.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm or other deadly weapon and list any identification or serial number on the firearm. The receipt shall indicate where the firearm or other deadly weapon can be recovered and the date after which the owner or possessor can recover the firearm or other deadly weapon. No firearm or other deadly weapon shall be held less than 48 hours. Except as provided in subdivision (f), if a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm or other deadly weapon shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 72 hours after the seizure. In any civil action or proceeding for the return of firearms or ammunition or other deadly weapon seized by any state or local law enforcement agency and not returned within 72 hours following the initial seizure, except as provided in subdivision (d), the court shall allow reasonable attorney's fees to the prevailing party.

Firearms or other deadly weapons not recovered within 12 months due to an extended hearing process as provided in subdivision (j), are not subject to destruction until the court issues a decision, and then only if the court does not order the return of the firearm or other deadly weapon to the owner.

(f) In those cases in which a law enforcement agency has reasonable cause to believe that the return of a firearm or other deadly weapon would be likely to result in endangering the victim or the person reporting the assault or threat, the agency shall advise the owner of the firearm or other deadly weapon, and within 30 days of the seizure, initiate a petition in superior court to determine if the firearm or other deadly weapon should be returned. The law enforcement agency may make an ex parte application stating good cause for an order extending the time to file a petition. Including any extension of time granted in response to an ex parte request, a petition must be filed within 60 days of the date of seizure of the firearm.

For the purposes of this subdivision, the person's last known address shall be presumed to be the address provided to the law enforcement officer by that person at the time of the

In the event the person whose firearm or other deadly weapon was seized does not reside at the last address provided to the agency, the agency shall make a diligent, good faith effort to learn the whereabouts of the person and to comply with these notification requirements.

(h) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing. Unless it is shown by a preponderance of the evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party.

(i) If the person does not request a hearing or does not otherwise respond within 30 days of the receipt of the notice, the law enforcement agency may file a petition for an order of default and may dispose of the firearm or other deadly weapon as provided in Section 12028.

(j) If, at the hearing, the court does not order the return of the firearm or other deadly weapon to the owner or person who had lawful possession, that person may petition the court for a second hearing within 12 months from the date of the initial hearing. If there is a petition for a second hearing, unless it is shown by clear and convincing evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party. If the owner or person who had lawful possession does not petition the court within this 12-month period for a second hearing or is unsuccessful at the second hearing in gaining return of the firearm or other deadly weapon, the firearm or other deadly weapon may be disposed of as provided in Section 12028.

(k) The law enforcement agency, or the individual law enforcement officer, shall not be liable for any act in the good faith exercise of this section.

(F) Any other person related by consanguinity or affinity within the second degree.

(3) ''Deadly weapon'' means any weapon, the possession or concealed carrying of which is prohibited by Section 12020.

(b) A sheriff, undersheriff, deputy sheriff, marshal, deputy marshal, or police officer of a city, as defined in subdivision (a) of Section 830.1, a peace officer of the Department of the California Highway Patrol, as defined in subdivision (a) of Section 830.2, a member of the University of California Police Department, as defined in subdivision (b) of Section 830.2, an officer listed in Section 830.6 while acting in the course and scope of his or her employment as a peace officer, a member of a California State University Police Department, as defined in subdivision (c) of Section 830.2, a peace officer of the Department of Parks and Recreation, as defined in subdivision (f) of Section 830.2, a peace officer, as defined in subdivision (d) of Section 830.31, a peace officer, as defined in subdivisions (a) and (b) of Section 830.32, and a peace officer, as defined in Section 830.5, who is at the scene of a domestic violence incident involving a threat to human life or a physical assault, shall take temporary custody of any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual or other lawful search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm or other deadly weapon and list any identification or serial number on the firearm. The receipt shall indicate where the firearm or other deadly weapon can be

recovered, the time limit for recovery as required by this section, and the date after which the owner or possessor can recover the firearm or other deadly weapon. No firearm or other deadly weapon shall be held less than 48 hours. Except as provided in subdivision (f), if a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm or other deadly weapon shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 5 business days after the seizure. In any civil action or proceeding for the return of firearms or ammunition or other deadly weapon seized by any state or local law enforcement agency and not returned within 5 business days following the initial seizure, except as provided in subdivision (d), the court shall allow reasonable attorney's fees to the prevailing party.

(c) Any peace officer, as defined in subdivisions (a) and (b) of Section 830.32, who takes custody of a firearm or deadly weapon pursuant to this section shall deliver the firearm within 24 hours to the city police department or county sheriff's office in the jurisdiction where the college or school is located.

(d) Any firearm or other deadly weapon that has been taken into custody that has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm or other deadly weapon and proof of ownership.

(e) Any firearm or other deadly weapon taken into custody and held by a police, university police, or sheriff's department or by a marshal's office, by a peace officer of the Department of the California Highway Patrol, as defined in subdivision (a) of Section 830.2, by a peace officer of the Department of Parks and Recreation, as defined in subdivision (f) of Section 830.2, by a peace officer, as defined in subdivision (d) of Section 830.31, or by a peace officer, as defined in Section 830.5, for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in subdivision (c) of Section 12028. Firearms or other deadly weapons not recovered within 12 months due to an extended hearing process as provided in subdivision (j), are not subject to destruction until the court issues a decision, and then only if the court does not order the return of the firearm or other deadly weapon to the owner.

(f) In those cases in which a law enforcement agency has reasonable cause to believe that the return of a firearm or other deadly weapon would be likely to result in endangering the victim or the person reporting the assault or threat, the agency shall advise the owner of the firearm or other deadly weapon, and within 60 days of the date of seizure, initiate a

petition in superior court to determine if the firearm or other deadly weapon should be returned. The law enforcement agency may make an ex parte application stating good cause for an order extending the time to file a petition. Including any extension of time granted in response to an ex parte request, a petition must be filed within 90 days of the date of seizure of the firearm or other deadly weapon.

(g) The law enforcement agency shall inform the owner or person who had lawful possession of the firearm or other deadly weapon, at that person's last known address by registered mail, return receipt requested, that he or she has 30 days from the date of receipt of the notice to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond shall result in a default order forfeiting the confiscated firearm or other deadly weapon. For the purposes of this subdivision, the person's last known address shall be presumed to be the address provided to the law enforcement officer by that person at the time of the family violence incident. In the event the person whose firearm or other deadly weapon was seized does not reside at the last address provided to the agency, the agency shall make a diligent, good faith effort to learn the whereabouts of the person and to comply with these notification requirements.

(h) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing. Unless it is shown by a preponderance of the evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party.

(i) If the person does not request a hearing or does not otherwise respond within 30 days of the receipt of the notice, the law enforcement agency may file a petition for an order of default and may dispose of the firearm or other deadly weapon as provided in Section 12028.

(j) If, at the hearing, the court does not order the return of the firearm or other deadly weapon to the owner or person who had lawful possession, that person may petition the court for a second hearing within 12 months from the date of the initial hearing. If there is a petition for a second hearing, unless it is shown by clear and convincing evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party. If the owner or person who had lawful possession does not petition the court within this 12-month period for a second hearing or is unsuccessful at

the second hearing in gaining return of the firearm or other deadly weapon, the firearm or other deadly weapon may be disposed of as provided in Section 12028.

(k) The law enforcement agency, or the individual law enforcement officer, shall not be liable for any act in the good faith exercise of this section.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 12028.5 of the Penal Code proposed by both this bill and AB 2695. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2003, (2) each bill amends Section 12028.5 of the Penal Code, and (3) this bill is enacted after AB 2695, in which case Section 1 of this bill shall not become operative.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 834

An act relating to domestic violence programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Maternal and Child Health Branch of the State Department of Health Services shall fund domestic violence programs that have previously received funding, but were not selected for funding in 2000, using funds appropriated in the Budget Act of 2002 in Item 4260-111-0642, payable from the Domestic Violence Training and Education Fund, for payment to Item 4260-111-0001.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide timely relief to victims of sexual assault and domestic violence, it is necessary that agencies that assist these victims

by providing services and emergency shelter be provided with funds that will allow them to maintain these services at their previously funded level.

CHAPTER 835

An act to add Section 454.5 to the Public Utilities Code, relating to public utilities, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to do all of the following:

(a) Provide guidance to electrical corporations and the Public Utilities Commission for the prospective procurement of electricity and electricity demand reductions by an electrical corporation.

(b) Ensure, by no later than January 1, 2003, that each electrical corporation whose customers are currently being served by the Department of Water Resources will resume procurement for those needs that are not being met by the Department of Water Resources.

(c) Direct the Public Utilities Commission, consistent with subdivisions (a) and (b) of Section 701.1 of the Public Utilities Code, to review each electrical corporation's procurement plan in a manner that assures creation of a diversified procurement portfolio, assures just and reasonable electricity rates, provides certainty to the electrical corporation in order to enhance its financial stability and creditworthiness, and eliminates the need, with certain exceptions, for after-the-fact reasonableness reviews of an electrical corporation's prospective electricity procurement performed consistent with an approved procurement plan.

(d) Direct the Public Utilities Commission to assure that each electrical corporation optimizes the value of its overall supply portfolio, including Department of Water Resources contracts and procurement pursuant to Section 454.5 of the Public Utilities Code, for the benefit of its bundled service customers.

SEC. 2. Section 454.5 is added to the Public Utilities Code, to read:

454.5. (a) The commission shall specify the allocation of electricity, including quantity, characteristics, and duration of electricity delivery, that the Department of Water Resources shall provide under its

power purchase agreements to the customers of each electrical corporation, which shall be reflected in the electrical corporation's proposed procurement plan. Each electrical corporation shall file a proposed procurement plan with the commission not later than 60 days after the commission specifies the allocation of electricity. The proposed procurement plan shall specify the date that the electrical corporation intends to resume procurement of electricity for its retail customers, consistent with its obligation to serve. After the commission's adoption of a procurement plan, the commission shall allow not less than 90 days before the electrical corporation resumes procurement pursuant to this section.

(b) An electrical corporation's proposed procurement plan shall include, but not be limited to, all of the following:

(1) An assessment of the price risk associated with the electrical corporation's portfolio, including any utility-retained generation, existing power purchase and exchange contracts, and proposed contracts or purchases under which an electrical corporation will procure electricity, electricity demand reductions, and electricity-related products and the remaining open position to be served by spot market transactions.

(2) A definition of each electricity product, electricity-related product, and procurement related financial product, including support and justification for the product type and amount to be procured under the plan.

(3) The duration of the plan.

(4) The duration, timing, and range of quantities of each product to be procured.

(5) A competitive procurement process under which the electrical corporation may request bids for procurement-related services, including the format and criteria of that procurement process.

(6) An incentive mechanism, if any incentive mechanism is proposed, including the type of transactions to be covered by that mechanism, their respective procurement benchmarks, and other parameters needed to determine the sharing of risks and benefits.

(7) The upfront standards and criteria by which the acceptability and eligibility for rate recovery of a proposed procurement transaction will be known by the electrical corporation prior to execution of the transaction. This shall include an expedited approval process for the commission's review of proposed contracts and subsequent approval or rejection thereof. The electrical corporation shall propose alternative procurement choices in the event a contract is rejected.

(8) Procedures for updating the procurement plan.

(9) A showing that the procurement plan will achieve the following:

(A) The electrical corporation will, in order to fulfill its unmet resource needs and in furtherance of Section 701.3, until a 20 percent renewable resources portfolio is achieved, procure renewable energy resources with the goal of ensuring that at least an additional 1 percent per year of the electricity sold by the electrical corporation is generated from renewable energy resources, provided sufficient funds are made available pursuant to Section 399.6, to cover the above-market costs for new renewable energy resources.

(B) The electrical corporation will create or maintain a diversified procurement portfolio consisting of both short-term and long-term electricity and electricity-related and demand reductions products.

(10) The electrical corporation's risk management policy, strategy, and practices, including specific measures of price stability.

(11) A plan to achieve appropriate increases in diversity of ownership and diversity of fuel supply of nonutility electrical generation.

(12) A mechanism for recovery of reasonable administrative costs related to procurement in the generation component of rates.

(c) The commission shall review and accept, modify, or reject each electrical corporation's procurement plan. The commission's review shall consider each electrical corporation's individual procurement situation, and shall give strong consideration to that situation in determining which one or more of the features set forth in this subdivision shall apply to that electrical corporation. A procurement plan approved by the commission shall contain one or more of the following features, provided that the commission may not approve a feature or mechanism for an electrical corporation if it finds that the feature or mechanism would impair the restoration of an electrical corporation's creditworthiness or would lead to a deterioration of an electrical corporation's creditworthiness:

(1) A competitive procurement process under which the electrical corporation may request bids for procurement-related services. The commission shall specify the format of that procurement process, as well as criteria to ensure that the auction process is open and adequately subscribed. Any purchases made in compliance with the commission-authorized process shall be recovered in the generation component of rates.

(2) An incentive mechanism that establishes a procurement benchmark or benchmarks and authorizes the electrical corporation to procure from the market, subject to comparing the electrical corporation's performance to the commission-authorized benchmark or benchmarks. The incentive mechanism shall be clear, achievable, and contain quantifiable objectives and standards. The incentive mechanism shall contain balanced risk and reward incentives that limit the risk and reward of an electrical corporation.

(3) Upfront achievable standards and criteria by which the acceptability and eligibility for rate recovery of a proposed procurement transaction will be known by the electrical corporation prior to the execution of the bilateral contract for the transaction. The commission shall provide for expedited review and either approve or reject the individual contracts submitted by the electrical corporation to ensure compliance with its procurement plan. To the extent the commission rejects a proposed contract pursuant to this criteria, the commission shall designate alternative procurement choices obtained in the procurement plan that will be recoverable for ratemaking purposes.

(d) A procurement plan approved by the commission shall accomplish each of the following objectives:

(1) Enable the electrical corporation to fulfill its obligation to serve its customers at just and reasonable rates.

(2) Eliminate the need for after-the-fact reasonableness reviews of an electrical corporation's actions in compliance with an approved procurement plan, including resulting electricity procurement contracts, practices, and related expenses. However, the commission may establish a regulatory process to verify and assure that each contract was administered in accordance with the terms of the contract, and contract disputes which may arise are reasonably resolved.

(3) Ensure timely recovery of prospective procurement costs incurred pursuant to an approved procurement plan. The commission shall establish rates based on forecasts of procurement costs adopted by the commission, actual procurement costs incurred, or combination thereof, as determined by the commission. The commission shall establish power procurement balancing accounts to track the differences between recorded revenues and costs incurred pursuant to an approved procurement plan. The commission shall review the power procurement balancing accounts, not less than semiannually, and shall adjust rates or order refunds, as necessary, to promptly amortize a balancing account, according to a schedule determined by the commission. Until January 1, 2006, the commission shall ensure that any overcollection or undercollection in the power procurement balancing account does not exceed 5 percent of the electrical corporation's actual recorded generation revenues for the prior calendar year excluding revenues collected for the Department of Water Resources. The commission shall determine the schedule for amortizing the overcollection or undercollection in the balancing account to ensure that the 5 percent threshold is not exceeded. After January 1, 2006, this adjustment shall occur when deemed appropriate by the commission consistent with the objectives of this section.

(4) Moderate the price risk associated with serving its retail customers, including the price risk embedded in its long-term supply

contracts, by authorizing an electrical corporation to enter into financial and other electricity-related product contracts.

(5) Provide for just and reasonable rates, with an appropriate balancing of price stability and price level in the electrical corporation's procurement plan.

(e) The commission shall provide for the periodic review and prospective modification of an electrical corporation's procurement plan.

(f) The commission may engage an independent consultant or advisory service to evaluate risk management and strategy. The reasonable costs of any consultant or advisory service is a reimbursable expense and eligible for funding pursuant to Section 631.

(g) The commission shall adopt appropriate procedures to ensure the confidentiality of any market sensitive information submitted in an electrical corporation's proposed procurement plan or resulting from or related to its approved procurement plan, including, but not limited to, proposed or executed power purchase agreements, data request responses, or consultant reports, or any combination, provided that the Office of Ratepayer Advocates and other consumer groups that are nonmarket participants shall be provided access to this information under confidentiality procedures authorized by the commission.

(h) Nothing in this section alters, modifies, or amends the commission's oversight of affiliate transactions under its rules and decisions or the commission's existing authority to investigate and penalize an electrical corporation's alleged fraudulent activities, or to disallow costs incurred as a result of gross incompetence, fraud, abuse, or similar grounds. Nothing in this section expands, modifies, or limits the State Energy Resources Conservation and Development Commission's existing authority and responsibilities as set forth in Sections 25216, 25216.5, and 25323 of the Public Resources Code.

(i) An electrical corporation that serves less than 500,000 electric retail customers within the state may file with the commission a request for exemption from this section, which the commission shall grant upon a showing of good cause.

(j) (1) Prior to its approval pursuant to Section 851 of any divestiture of generation assets owned by an electrical corporation on or after the date of enactment of the act adding this section, the commission shall determine the impact of the proposed divestiture on the electrical corporation's procurement rates and shall approve a divestiture only to the extent it finds, taking into account the effect of the divestiture on procurement rates, that the divestiture is in the public interest and will result in net ratepayer benefits.

(2) Any electrical corporation's procurement necessitated as a result of the divestiture of generation assets on or after the effective date of the

act adding this subdivision shall be subject to the mechanisms and procedures set forth in this section only if its actual cost is less than the recent historical cost of the divested generation assets.

(3) Notwithstanding paragraph (2), the commission may deem proposed procurement eligible to use the procedures in this section upon its approval of asset divestiture pursuant to Section 851.

SEC. 3. Nothing in this act is intended to imply that procurement of electricity from third parties in a wholesale transaction is the preferred method of fulfilling an electrical corporation's obligation to serve its customers at just and reasonable rates.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 5. The sum of six hundred thousand dollars ($600,000) is hereby appropriated from the Public Utilities Commission Utility Reimbursement Account in the General Fund to the Public Utilities Commission for the purposes of implementing this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Public Utilities Commission may undertake the review and approval of each electric corporation's procurement plan at the earliest possible time, in a manner consistent with this act, it is necessary that this act take effect immediately.

CHAPTER 836

An act to add Section 25401.6 to the Public Resources Code, and to amend Sections 2827 and 2827.7 of, to add Section 2827.8 to, and to repeal Section 2827 of, the Public Utilities Code, relating to public utilities.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 25401.6 is added to the Public Resources Code, to read:

25401.6. (a) In its administration of subdivision (e) of Section 383.5 of the Public Utilities Code, the commission shall establish a separate rebate for eligible distributed emerging technologies for affordable housing projects including, but not limited to, projects undertaken pursuant to Section 50052.5, 50053, or 50199.4 of the Health and Safety Code. In establishing the rebate, where the commission determines that the occupants of the housing shall have individual meters, the commission may adjust the amount of the rebate based on the capacity of the system, provided that a system may receive a rebate only up to 75 percent of the total installed costs. The commission may establish a reasonable limit on the total amount of funds dedicated for purposes of this section.

(b) It is the intent of the Legislature that this section fulfills the purpose of subparagraph (E) of paragraph (2) of subdivision (e) of Section 383.5 of the Public Utilities Code.

SEC. 2. Section 2827 of the Public Utilities Code, as amended by Section 11 of Chapter 8 of the Statutes of the 2001–02 First Extraordinary Session, is amended to read:

2827. (a) The Legislature finds and declares that a program to provide net energy metering for eligible customer-generators is one way to encourage substantial private investment in renewable energy resources, stimulate in-state economic growth, reduce demand for electricity during peak consumption periods, help stabilize California's energy supply infrastructure, enhance the continued diversification of California's energy resource mix, and reduce interconnection and administrative costs for electricity suppliers.

(b) As used in this section, the following definitions apply:

(1) ''Electric service provider'' means an electrical corporation, as defined in Section 218, a local publicly owned electric utility, as defined in Section 9604, or an electrical cooperative, as defined in Section 2776, or any other entity that offers electrical service. This section shall not apply to a local publicly owned electric utility, as defined in Section 9604 of the Public Utilities Code, that serves more than 750,000 customers and that also conveys water to its customers.

(2) ''Eligible customer-generator'' means a residential, small commercial customer as defined in subdivision (h) of Section 331, commercial, industrial, or agricultural customer of an electric service provider, who uses a solar or a wind turbine electrical generating facility, or a hybrid system of both, with a capacity of not more than one megawatt that is located on the customer's owned, leased, or rented

premises, is interconnected and operates in parallel with the electric grid, and is intended primarily to offset part or all of the customer's own electrical requirements.

(3) ''Net energy metering'' means measuring the difference between the electricity supplied through the electric grid and the electricity generated by an eligible customer-generator and fed back to the electric grid over a 12-month period as described in subdivision (h). Net energy metering shall be accomplished using a single meter capable of registering the flow of electricity in two directions. An additional meter or meters to monitor the flow of electricity in each direction may be installed with the consent of the customer-generator, at the expense of the electric service provider, and the additional metering shall be used only to provide the information necessary to accurately bill or credit the customer-generator pursuant to subdivision (h), or to collect solar or wind electric generating system performance information for research purposes. If the existing electrical meter of an eligible customer-generator is not capable of measuring the flow of electricity in two directions, the customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is able to measure electricity flow in two directions. If an additional meter or meters are installed, the net energy metering calculation shall yield a result identical to that of a single meter. An eligible customer-generator who already owns an existing solar or wind turbine electrical generating facility, or a hybrid system of both, is eligible to receive net energy metering service in accordance with this section.

(4) ''Wind energy co-metering'' means any wind energy project greater than 50 kilowatts, but not exceeding one megawatt, where the difference between the electricity supplied through the electric grid and the electricity generated by an eligible customer-generator and fed back to the electric grid over a 12-month period is as described in subdivision (h). Wind energy co-metering shall be accomplished pursuant to Section 2827.8.

(5) ''Co-energy metering'' means a program that is the same in all other respects as a net energy metering program, except that the local publicly owned electric utility, as defined in Section 9604, has elected to apply a generation-to-generation energy and time-of-use credit formula as provided in subdivision (i).

(6) ''Ratemaking authority'' means, for an electrical corporation as defined in Section 218, or an electrical cooperative as defined in Section 2776, the commission, and for a local publicly owned electric utility as defined in Section 9604, the local elected body responsible for regulating the rates of the local publicly owned utility.

(c) (1) Every electric service provider shall develop a standard contract or tariff providing for net energy metering, and shall make this

contract available to eligible customer-generators, upon request, on a first-come-first-served basis until the time that the total rated generating capacity used by eligible customer-generators exceeds one-half of 1 percent of the electric service provider's aggregate customer peak demand.

(2) On an annual basis, beginning in 2003, every electric service provider shall make available to the ratemaking authority information on the total rated generating capacity used by eligible customer-generators that are customers of that provider in the provider's service area. For those electric service providers who are operating pursuant to Section 394, they shall make available to the ratemaking authority the information required by this paragraph for each eligible customer-generator that is their customer for each service area of an electric corporation, local publicly owned electric utility, or electrical cooperative, in which the customer has net energy metering. The ratemaking authority shall develop a process for making the information required by this paragraph available to energy service providers, and for using that information to determine when, pursuant to paragraph (3), a service provider is not obligated to provide net energy metering to additional customer-generators in its service area.

(3) Notwithstanding paragraph (1), an electric service provider is not obligated to provide net energy metering to additional customer-generators in its service area when the combined total peak demand of all customer-generators served by all the electric service providers in that service area furnishing net energy metering to eligible customer-generators exceeds one-half of 1 percent of the aggregate customer peak demand of those electric service providers.

(d) Electric service providers shall make all necessary forms and contracts for net metering service available for download from the Internet.

(e) (1) Every electric service provider shall ensure that requests for establishment of net energy metering are processed in a time period not exceeding that for similarly situated customers requesting new electric service, but not to exceed 30 working days from the date the electric service provider receives a completed application form for net metering service, including a signed interconnection agreement from an eligible customer-generator and the electric inspection clearance from the governmental authority having jurisdiction. If an electric service provider is unable to process the request within the allowable timeframe, the electric service provider shall notify both the customer-generator and the ratemaking authority of the reason for its inability to process the request and the expected completion date.

(2) Electric service providers shall ensure that requests for an interconnection agreement from an eligible customer-generator are

processed in a time period not to exceed 30 working days from the date the electric service provider receives a completed application form from the eligible customer-generator for an interconnection agreement. If an electric service provider is unable to process the request within the allowable timeframe, the electric service provider shall notify the customer-generator and the ratemaking authority of the reason for its inability to process the request and the expected completion date.

(f) (1) If a customer participates in direct transactions pursuant to paragraph (1) of subdivision (b) of Section 365 with an electric supplier that does not provide distribution service for the direct transactions, the service provider that provides distribution service for an eligible customer-generator is not obligated to provide net energy metering to the customer.

(2) If a customer participates in direct transactions pursuant to paragraph (1) of subdivision (b) of Section 365 with an electric supplier, and the customer is an eligible customer-generator, the service provider that provides distribution service for the direct transactions may recover from the customer's electric service provider the incremental costs of metering and billing service related to net energy metering in an amount set by the ratemaking authority.

(g) Each net energy metering contract or tariff shall be identical, with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the same customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility, except that eligible customer-generators shall not be assessed standby charges on the electrical generating capacity or the kilowatthour production of an eligible solar or wind electrical generating facility. The charges for all retail rate components for eligible customer-generators shall be based exclusively on the customer-generator's net kilowatthour consumption over a 12-month period, without regard to the customer-generator's choice of electric service provider. Any new or additional demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or any other charge that would increase an eligible customer-generator's costs beyond those of other customers who are not customer-generators in the rate class to which the eligible customer-generator would otherwise be assigned if the customer did not own, lease, rent, or otherwise operate an eligible solar or wind electrical generating facility are contrary to the intent of this section, and shall not form a part of net energy metering contracts or tariffs.

(h) For eligible residential and small commercial customer-generators, the net energy metering calculation shall be made by measuring the difference between the electricity supplied to the eligible customer-generator and the electricity generated by the eligible

customer-generator and fed back to the electric grid over a 12-month period. The following rules shall apply to the annualized net metering calculation:

(1) The eligible residential or small commercial customer-generator shall, at the end of each 12-month period following the date of final interconnection of the eligible customer-generator's system with an electric service provider, and at each anniversary date thereafter, be billed for electricity used during that period. The electric service provider shall determine if the eligible residential or small commercial customer-generator was a net consumer or a net producer of electricity during that period.

(2) At the end of each 12-month period, where the electricity supplied during the period by the electric service provider exceeds the electricity generated by the eligible residential or small commercial customer-generator during that same period, the eligible residential or small commercial customer-generator is a net electricity consumer and the electric service provider shall be owed compensation for the eligible customer-generator's net kilowatthour consumption over that same period. The compensation owed for the eligible residential or small commercial customer-generator's consumption shall be calculated as follows:

(A) For all eligible customer-generators taking service under tariffs employing ''baseline'' and ''over baseline'' rates, any net monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible customer-generator. If those same customer-generators are net generators over a billing period, the net kilowatthours generated shall be valued at the same price per kilowatthour as the electric service provider would charge for the baseline quantity of electricity during that billing period, and if the number of kilowatthours generated exceeds the baseline quantity, the excess shall be valued at the same price per kilowatthour as the electric service provider would charge for electricity over the baseline quantity during that billing period.

(B) For all eligible customer-generators taking service under tariffs employing ''time of use'' rates, any net monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible customer-generator. When those same customer-generators are net generators during any discrete time of use period, the net kilowatthours produced shall be valued at the same price per kilowatthour as the electric service provider would charge for retail kilowatthour sales during that same time of use period. If the eligible customer-generator's time of use electrical meter is unable to measure

the flow of electricity in two directions, paragraph (3) of subdivision (b) shall apply.

(C) For all residential and small commercial customer-generators and for each billing period, the net balance of moneys owed to the electric service provider for net consumption of electricity or credits owed to the customer-generator for net generation of electricity shall be carried forward as a monetary value until the end of each 12-month period. For all commercial, industrial, and agricultural customer-generators the net balance of moneys owed shall be paid in accordance with the electric service provider's normal billing cycle, except that if the commercial, industrial, or agricultural customer-generator is a net electricity producer over a normal billing cycle, any excess kilowatthours generated during the billing cycle shall be carried over to the following billing period as a monetary value, calculated according to the procedures set forth in this section, and appear as a credit on the customer-generator's account, until the end of the annual period when paragraph (3) shall apply.

(3) At the end of each 12-month period, where the electricity generated by the eligible customer-generator during the 12-month period exceeds the electricity supplied by the electric service provider during that same period, the eligible customer-generator is a net electricity producer and the electric service provider shall retain any excess kilowatthours generated during the prior 12-month period. The eligible customer-generator shall not be owed any compensation for those excess kilowatthours unless the electric service provider enters into a purchase agreement with the eligible customer-generator for those excess kilowatthours.

(4) The electric service provider shall provide every eligible residential or small commercial customer-generator with net electricity consumption information with each regular bill. That information shall include the current monetary balance owed the electric service provider for net electricity consumed since the last 12-month period ended. Notwithstanding this subdivision, an electric service provider shall permit that customer to pay monthly for net energy consumed.

(5) If an eligible residential or small commercial customer-generator terminates the customer relationship with the electric service provider, the electric service provider shall reconcile the eligible customer-generator's consumption and production of electricity during any part of a 12-month period following the last reconciliation, according to the requirements set forth in this subdivision, except that those requirements shall apply only to the months since the most recent 12-month bill.

(6) If an electric service provider providing net metering to a residential or small commercial customer-generator ceases providing that electrical service to that customer during any 12-month period, and

the customer-generator enters into a new net metering contract or tariff with a new electric service provider, the 12-month period, with respect to that new electric service provider, shall commence on the date on which the new electric service provider first supplies electric service to the customer-generator.

(i) Notwithstanding any other provisions of this section, the following provisions shall apply to an eligible customer-generator with a capacity of more than 10 kilowatts, but not exceeding one megawatt, that receives electrical service from a local publicly owned electric utility, as defined in Section 9604, that has elected to utilize a co-energy metering program unless the electric service provider chooses to provide service for eligible customer-generators with a capacity of more than 10 kilowatts in accordance with subdivisions (g) and (h):

(1) The eligible customer-generator shall be required to utilize a meter, or multiple meters, capable of separately measuring electricity flow in both directions. All meters shall provide ''time-of-use'' measurements of electricity flow, and the customer shall take service on a time-of-use rate schedule. If the existing meter of the eligible customer-generator is not a time-of-use meter or is not capable of measuring total flow of energy in both directions, the eligible customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is both time-of-use and able to measure total electricity flow in both directions. This subdivision shall not restrict the ability of an eligible customer-generator to utilize any economic incentives provided by a government agency or the electric service provider to reduce its costs for purchasing and installing a time-of-use meter.

(2) The consumption of electricity from the electric service provider shall result in a cost to the eligible customer-generator to be priced in accordance with the standard rate charged to the eligible customer-generator in accordance with the rate structure to which the customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility. The generation of electricity provided to the electric service provider shall result in a credit to the eligible customer-generator and shall be priced in accordance with the generation component, established under the applicable structure to which the customer would be assigned if the customer did not use an eligible solar or wind electrical generating facility.

(3) All costs and credits shall be shown on the eligible customer-generator's bill for each billing period. In any months in which the eligible customer-generator has been a net consumer of electricity calculated on the basis of value determined pursuant to paragraph (2), the customer-generator shall owe to the electric service provider the balance of electricity costs and credits during that billing period. In any billing

period in which the eligible customer-generator has been a net producer of electricity calculated on the basis of value determined pursuant to paragraph (2), the electric service provider shall owe to the eligible customer-generator the balance of electricity costs and credits during that billing period. Any net credit to the eligible customer-generator of electricity costs may be carried forward to subsequent billing periods, provided that an electric service provider may choose to carry the credit over as a kilowatt hour credit consistent with the provisions of any applicable tariff, including any differences attributable to the time of generation of the electricity. At the end of each 12-month period, the electric service provider may reduce any net credit due to the eligible customer-generator to zero.

(j) A solar or wind turbine electrical generating system, or a hybrid system of both, used by an eligible customer-generator shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories and, where applicable, rules of the Public Utilities Commission regarding safety and reliability. A customer-generator whose solar or wind turbine electrical generating system, or a hybrid system of both, meets those standards and rules shall not be required to install additional controls, perform or pay for additional tests, or purchase additional liability insurance.

(k) If the commission determines that there are cost or revenue obligations for an electric corporation, as defined in Section 218, that may not be recovered from customer-generators acting pursuant to this section, those obligations shall remain within the customer class from which any shortfall occurred and may not be shifted to any other customer class. Net-metering and co-metering customers shall not be exempt from the public benefits charge. In its report to the Legislature, the commission shall examine different methods to ensure that the public benefits charge remains a nonbypassable charge.

(*l*) A net metering customer shall reimburse the Department of Water Resources for all charges that would otherwise be imposed on the customer by the commission to recover bond-related costs pursuant to an agreement between the commission and the Department of Water Resources pursuant to Section 80110 of the Water Code, as well as the costs of the department equal to the share of the department's estimated net unavoidable power purchase contract costs attributable to the customer. The commission shall incorporate the determination into an existing proceeding before the commission, and shall ensure that the charges are nonbypassable. Until the commission has made a determination regarding the nonbypassable charges, net metering shall

continue under the same rules, procedures, terms, and conditions as were applicable on December 31, 2002.

(m) In implementing the requirements of subdivisions (k) and (*l*), a customer-generator shall not be required to replace its existing meter except as set forth in paragraph (3) of subdivision (b), nor shall the electric service provider require additional measurement of usage beyond that which is necessary for customers in the same rate class as the eligible customer-generator.

(n) On or before January 1, 2005, the commission shall submit a report to the Governor and the Legislature that assesses the economic and environmental costs and benefits of net metering to customer-generators, ratepayers, and utilities, including any beneficial and adverse effects on public benefit programs and special purpose surcharges. The report shall be prepared by an independent party under contract with the commission.

(o) It is the intent of the Legislature that the Treasurer incorporate net energy metering and co-energy metering projects undertaken pursuant to this section as sustainable building methods or distributive energy technologies for purposes of evaluating low-income housing projects.

SEC. 3. Section 2827 of the Public Utilities Code, as added by Section 12 of Chapter 8 of the Statutes of the 2001–02 First Extraordinary Session, is repealed.

SEC. 4. Section 2827.7 of the Public Utilities Code is amended to read:

2827.7. Generation eligible for net energy metering that has all local and state permits required to commence construction on or before December 31, 2002, and has completed construction on or before September 30, 2003, shall be entitled, regardless of any change in customer or ownership of the energy system, for the life of the installation, to the net energy metering terms in effect on the date the local and state permits were acquired.

SEC. 5. Section 2827.8 is added to the Public Utilities Code, to read:

2827.8. Notwithstanding any other provisions of this article, the following provisions apply to an eligible customer-generator utilizing wind energy co-metering with a capacity of more than 50 kilowatts, but not exceeding one megawatt, unless approved by the electric service provider.

(a) The eligible customer-generator shall be required to utilize a meter, or multiple meters, capable of separately measuring electricity flow in both directions. All meters shall provide ''time-of-use'' measurements of electricity flow, and the customer shall take service on a time-of-use rate schedule. If the existing meter of the eligible customer-generator is not a time-of-use meter or is not capable of measuring total flow of energy in both directions, the eligible

customer-generator is responsible for all expenses involved in purchasing and installing a meter that is both time-of-use and able to measure total electricity flow in both directions. This subdivision shall not restrict the ability of an eligible customer-generator to utilize any economic incentives provided by a government agency or the electric service provider to reduce its costs for purchasing and installing a time-of-use meter.

(b) The consumption of electricity from the electric service provider for wind energy co-metering by an eligible customer-generator shall be priced in accordance with the standard rate charged to the eligible customer-generator in accordance with the rate structure to which the customer would be assigned if the customer did not use an eligible wind electrical generating facility. The generation of electricity provided to the electric service provider shall result in a credit to the eligible customer-generator and shall be priced in accordance with the generation component, excluding surcharges to cover the purchase of power by the Department of Water Resources, established under the applicable structure to which the customer would be assigned if the customer did not use an eligible wind electrical generating facility.

SEC. 6. Section 1 of this act, adding Section 25401.6 to the Public Utilities Code, shall only become operative if SB 1038 of the 2001–02 Regular Session of the Legislature is enacted and becomes effective on or before January 1, 2003, and SB 1038 amends Section 383.5 of the Public Utilities Code.

CHAPTER 837

An act to add Section 366.1 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature, in enacting the act adding this section, to recognize contributions made in response to California's need for the expedited investment in and development of new environmentally superior electrical generation projects.

(b) It is further the intent of the Legislature to avoid the potential delay in adding new electrical generating capacity that might be caused if certain project participants are not allowed to utilize community

aggregation to deliver their share of the project output to customers within their jurisdiction.

SEC. 2. Section 366.1 is added to the Public Utilities Code, to read:

366.1. (a) As used in this section, the following terms have the following meanings:

(1) ''Department'' means the Department of Water Resources with respect to its power program described in Chapter 2 (commencing with Section 80100) of Division 27 of the Water Code.

(2) ''Existing project participant'' means a city with rights and obligations to the Magnolia Power Project under the Magnolia Power Project Planning Agreement, dated May 1, 2001.

(3) ''Magnolia Power Project'' means a proposed natural gas-fired electric generating facility to be located at an existing site in Burbank and for which an application for certification has been filed with the State Energy Resources Conservation and Development Act (Docket No. 00-SIT-1) and deemed data adequate pursuant to the expedited six-month licensing process established under Section 25550 of the Public Resources Code.

(b) Notwithstanding Section 80110 of the Water Code or Commission Decision 01-09-060, if the Magnolia Power Project has been constructed and is otherwise capable of beginning deliveries of electricity to the existing project participants, an existing project participant may serve as a community aggregator on behalf of all retail end-use customers within its jurisdiction.

(c) Subdivision (b) shall not become operative until both of the following occur:

(1) The commission implements a cost-recovery mechanism, consistent with subdivision (d), that is applicable to customers that elected to purchase electricity from an alternate provider between February 1, 2001, and the effective date of the act adding this section.

(2) The commission submits a report certifying its satisfaction of paragraph (1) to the Senate Energy, Utilities and Communications Committee, or its successor, and the Assembly Committee on Utilities and Commerce, or its successor.

(d) (1) It is the intent of the Legislature that each retail end-use customer that has purchased power from an electrical corporation on or after February 1, 2001, should bear a fair share of the department's power purchase costs, as well as power purchase contract obligations incurred as of January 1, 2003, that are recoverable from electrical corporation customers in commission-approved rates. It is the further intent of the Legislature to prevent any shifting of recoverable costs between customers.

(2) The Legislature finds and declares that the provisions in this subdivision are consistent with the requirements of Section 360.5 and

Division 27 (commencing with Section 80000) of the Water Code, and are therefore declaratory of existing law.

(e) A retail end-use customer purchasing power from a community aggregator pursuant to subdivision (b) shall reimburse the department for all of the following:

(1) A charge equivalent to the charge which would otherwise be imposed on the customer by the commission to recover bond related costs pursuant to an agreement between the commission and the Department of Water Resources pursuant to Section 80110 of the Water Code, that charge shall be payable until all obligations of the Department of Water Resources pursuant to Division 27 of the Water Code are fully paid or otherwise discharged.

(2) The costs of the department, equal to the share of the department's estimated net unavoidable power purchase contract costs attributable to the customer, as determined by the commission, for the period commencing with the customer's purchases of electricity from a community aggregator, through the expiration of all then existing power purchase contracts entered into by the department.

(f) A retail end-use customer purchasing power from a community aggregator pursuant to subdivision (b) shall reimburse the electrical corporation that previously served the customer for all of the following:

(1) The electrical corporation's unrecovered past undercollections, including all financing costs attributable to that customer, that the commission lawfully determines may be recovered in rates.

(2) The costs of the electrical corporation recoverable in commission-approved rates, equal to the share of the electrical corporation's estimated net unavoidable power purchase contract costs attributable to the customer, as determined by the commission, for the period commencing with the customer's purchases of electricity from the community aggregator, through the expiration of all then existing power purchase contracts entered into by the electrical corporation.

(g) (1) A charge or cost imposed pursuant to subdivision (e), and all revenues received to pay the charge or cost, shall be the property of the Department of Water Resources. A charge or cost imposed pursuant to subdivision (f), and all revenues received to pay the charge or cost, shall be the property of the particular electrical corporation. The commission shall establish mechanisms, including agreements with, or orders with respect to, electrical corporations necessary to assure that the revenues received to pay a charge or cost payable pursuant to this section are promptly remitted to the party entitled to those revenues.

(2) A charge or cost imposed pursuant to this section shall be nonbypassable.

SEC. 3. The Legislature finds and declares that, because of the unique circumstances applicable only to the Magnolia Power Project

and a city with rights and obligations to the Magnolia Power Project under the Magnolia Power Project Planning Agreement dated May 1, 2001, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 838

An act to amend Sections 218.3, 366, 394, and 394.25 of, and to add Sections 331.1, 366.2, and 381.1 to, the Public Utilities Code, relating to public utilities.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 218.3 of the Public Utilities Code is amended to read:

218.3. ''Electric service provider'' means an entity that offers electrical service to customers within the service territory of an electrical corporation, as defined in Section 218, but does not include an entity that offers electrical service solely to service customer load consistent with subdivision (b) of Section 218, and does not include an electrical corporation, as defined in Section 218, or a public agency that offers electrical service to residential and small commercial customers within its jurisdiction, or within the service territory of a local publicly owned electric utility. ''Electric service provider'' includes the unregulated affiliates and subsidiaries of an electrical corporation, as defined in Section 218.

SEC. 2. Section 331.1 is added to the Public Utilities Code, to read:

331.1. For purposes of this chapter, ''community choice aggregator'' means any of the following entities, if that entity is not within the jurisdiction of a local publicly owned electric utility that provided electrical service as of January 1, 2003:

(a) Any city, county, or city and county whose governing board elects to combine the loads of its residents, businesses, and municipal facilities in a communitywide electricity buyers' program.

(b) Any group of cities, counties, or cities and counties whose governing boards have elected to combine the loads of their programs, through the formation of a joint powers agency established under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

SEC. 3. Section 366 of the Public Utilities Code is amended to read:

366. (a) The commission shall take actions as needed to facilitate direct transactions between electricity suppliers and end-use customers. Customers shall be entitled to aggregate their electrical loads on a voluntary basis, provided that each customer does so by a positive written declaration. If no positive declaration is made by a customer, that customer shall continue to be served by the existing electrical corporation or its successor in interest, except aggregation by community choice aggregators, accomplished pursuant to Section 366.2.

(b) Aggregation of customer electrical load shall be authorized by the commission for all customer classes, including, but not limited, to small commercial or residential customers. Aggregation may be accomplished by private market aggregators, special districts, or on any other basis made available by market opportunities and agreeable by positive written declaration by individual consumers, except aggregation by community choice aggregators, which shall be accomplished pursuant to Section 366.2.

SEC. 4. Section 366.2 is added to the Public Utilities Code, to read:

366.2. (a) (1) Customers shall be entitled to aggregate their electric loads as members of their local community with community choice aggregators.

(2) Customers may aggregate their loads through a public process with community choice aggregators, if each customer is given an opportunity to opt out of their community's aggregation program.

(3) If a customer opts out of a community choice aggregator's program, or has no community choice program available, that customer shall have the right to continue to be served by the existing electrical corporation or its successor in interest.

(b) If a public agency seeks to serve as a community choice aggregator, it shall offer the opportunity to purchase electricity to all residential customers within its jurisdiction.

(c) (1) Notwithstanding Section 366, a community choice aggregator is hereby authorized to aggregate the electrical load of interested electricity consumers within its boundaries to reduce transaction costs to consumers, provide consumer protections, and

leverage the negotiation of contracts. However, the community choice aggregator may not aggregate electrical load if that load is served by a local publicly owned electric utility, as defined in subdivision (d) of Section 9604. A community choice aggregator may group retail electricity customers to solicit bids, broker, and contract for electricity and energy services for those customers. The community choice aggregator may enter into agreements for services to facilitate the sale and purchase of electricity and other related services. Those service agreements may be entered into by a single city or county, a city and county, or by a group of cities, cities and counties, or counties.

(2) Under community choice aggregation, customer participation may not require a positive written declaration, but all customers shall be informed of their right to opt out of the community choice aggregation program. If no negative declaration is made by a customer, that customer shall be served through the community choice aggregation program.

(3) A community choice aggregator establishing electrical load aggregation pursuant to this section shall develop an implementation plan detailing the process and consequences of aggregation. The implementation plan, and any subsequent changes to it, shall be considered and adopted at a duly noticed public hearing. The implementation plan shall contain all of the following:

(A) An organizational structure of the program, its operations, and its funding.

(B) Ratesetting and other costs to participants.

(C) Provisions for disclosure and due process in setting rates and allocating costs among participants.

(D) The methods for entering and terminating agreements with other entities.

(E) The rights and responsibilities of program participants, including, but not limited to, consumer protection procedures, credit issues, and shutoff procedures.

(F) Termination of the program.

(G) A description of the third parties that will be supplying electricity under the program, including, but not limited to, information about financial, technical, and operational capabilities.

(4) A community choice aggregator establishing electrical load aggregation shall prepare a statement of intent with the implementation plan. Any community choice load aggregation established pursuant to this section shall provide for the following:

(A) Universal access.

(B) Reliability.

(C) Equitable treatment of all classes of customers.

(D) Any requirements established by state law or by the commission concerning aggregated service.

(5) In order to determine the cost-recovery mechanism to be imposed on the community choice aggregator pursuant to subdivisions (d), (e), and (f) that shall be paid by the customers of the community choice aggregator to prevent shifting of costs, the community choice aggregator shall file the implementation plan with the commission, and any other information requested by the commission that the commission determines is necessary to develop the cost-recovery mechanism in subdivisions (d), (e), and (f).

(6) The commission shall notify any electrical corporation serving the customers proposed for aggregation that an implementation plan initiating community choice aggregation has been filed, within 10 days of the filing.

(7) Within 90 days after the community choice aggregator establishing load aggregation files its implementation plan, the commission shall certify that it has received the implementation plan, including any additional information necessary to determine a cost-recovery mechanism. After certification of receipt of the implementation plan and any additional information requested, the commission shall then provide the community choice aggregator with its findings regarding any cost recovery that must be paid by customers of the community choice aggregator to prevent a shifting of costs as provided for in subdivisions (d), (e), and (f).

(8) No entity proposing community choice aggregation shall act to furnish electricity to electricity consumers within its boundaries until the commission determines the cost-recovery that must be paid by the customers of that proposed community choice aggregation program, as provided for in subdivisions (d), (e), and (f). The commission shall designate the earliest possible effective date for implementation of a community choice aggregation program, taking into consideration the impact on any annual procurement plan of the electrical corporation that has been approved by the commission.

(9) All electrical corporations shall cooperate fully with any community choice aggregators that investigate, pursue, or implement community choice aggregation programs. Cooperation shall include providing the entities with appropriate billing and electrical load data, including, but not limited to, data detailing electricity needs and patterns of usage, as determined by the commission, and in accordance with procedures established by the commission. Electrical corporations shall continue to provide all metering, billing, collection, and customer service to retail customers that participate in community choice aggregation programs. Bills sent by the electrical corporation to retail customers shall identify the community choice aggregator as providing the electrical energy component of the bill. The commission shall determine the terms and conditions under which the electrical

corporation provides services to community choice aggregators and retail customers.

(10) (A) A city, county, or city and county that elects to implement a community choice aggregation program within its jurisdiction pursuant to this chapter shall do so by ordinance.

(B) Two or more cities, counties, or cities and counties may participate as a group in a community choice aggregation pursuant to this chapter, through a joint powers agency established pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, if each entity adopts an ordinance pursuant to subparagraph (A).

(11) Following adoption of aggregation through the ordinance described in paragraph (10), the program shall allow any retail customer to opt out and to continue to be served as a bundled service customer by the existing electrical corporation, or its successor in interest. Delivery services shall be provided at the same rates, terms, and conditions, as approved by the commission, for community choice aggregation customers and customers that have entered into a direct transaction where applicable, as determined by the commission. Once enrolled in the aggregated entity, any ratepayer that chooses to opt out within 60 days or two billing cycles of the date of enrollment may do so without penalty and shall be entitled to receive default service pursuant to paragraph (3) of subdivision (a). Customers that return to the electrical corporation for procurement services shall be subject to the same terms and conditions as are applicable to other returning direct access customers from the same class, as determined by the commission, as authorized by the commission pursuant to this code or any other provision of law. Any reentry fees to be imposed after the opt-out period specified in this paragraph, shall be approved by the commission and shall reflect the cost of reentry. The commission shall exclude any amounts previously determined and paid pursuant to subdivisions (d), (e), and (f) from the cost of reentry.

(12) Nothing in this section shall be construed as authorizing any city or any community choice retail load aggregator to restrict the ability of retail electricity customers to obtain or receive service from any authorized electric service provider in a manner consistent with law.

(13) (A) The community choice aggregator shall fully inform participating customers at least twice within two calendar months, or 60 days, in advance of the date of commencing automatic enrollment. Notifications may occur concurrently with billing cycles. Following enrollment, the aggregated entity shall fully inform participating customers for not less than two consecutive billing cycles. Notification may include, but is not limited to, direct mailings to customers, or inserts

in water, sewer, or other utility bills. Any notification shall inform customers of both of the following:

(i) That they are to be automatically enrolled and that the customer has the right to opt out of the community choice aggregator without penalty.

(ii) The terms and conditions of the services offered.

(B) The community choice aggregator may request the commission to approve and order the electrical corporation to provide the notification required in subparagraph (A). If the commission orders the electrical corporation to send one or more of the notifications required pursuant to subparagraph (A) in the electrical corporation's normally scheduled monthly billing process, the electrical corporation shall be entitled to recover from the community choice aggregator all reasonable incremental costs it incurs related to the notification or notifications. The electrical corporation shall fully cooperate with the community choice aggregator in determining the feasibility and costs associated with using the electrical corporation's normally scheduled monthly billing process to provide one or more of the notifications required pursuant to subparagraph (A).

(C) Each notification shall also include a mechanism by which a ratepayer may opt out of community choice aggregated service. The opt out may take the form of a self-addressed return postcard indicating the customer's election to remain with, or return to, electrical energy service provided by the electrical corporation, or another straightforward means by which the customer may elect to derive electrical energy service through the electrical corporation providing service in the area.

(14) The community choice aggregator shall register with the commission, which may require additional information to ensure compliance with basic consumer protection rules and other procedural matters.

(15) Once the community choice aggregator's contract is signed, the community choice aggregator shall notify the applicable electrical corporation that community choice service will commence within 30 days.

(16) Once notified of a community choice aggregator program, the electrical corporation shall transfer all applicable accounts to the new supplier within a 30-day period from the date of the close of their normally scheduled monthly metering and billing process.

(17) An electrical corporation shall recover from the community choice aggregator any costs reasonably attributable to the community choice aggregator, as determined by the commission, of implementing this section, including, but not limited to, all business and information system changes, except for transaction-based costs as described in this paragraph. Any costs not reasonably attributable to a community choice

aggregator shall be recovered from ratepayers, as determined by the commission. All reasonable transaction-based costs of notices, billing, metering, collections, and customer communications or other services provided to an aggregator or its customers shall be recovered from the aggregator or its customers on terms and at rates to be approved by the commission.

(18) At the request and expense of any community choice aggregator, electrical corporations shall install, maintain and calibrate metering devices at mutually agreeable locations within or adjacent to the community aggregator's political boundaries. The electrical corporation shall read the metering devices and provide the data collected to the community aggregator at the aggregator's expense. To the extent that the community aggregator requests a metering location that would require alteration or modification of a circuit, the electrical corporation shall only be required to alter or modify a circuit if such alteration or modification does not compromise the safety, reliability or operational flexibility of the electrical corporation's facilities. All costs incurred to modify circuits pursuant to this paragraph, shall be born by the community aggregator.

(d) (1) It is the intent of the Legislature that each retail end-use customer that has purchased power from an electrical corporation on or after February 1, 2001, should bear a fair share of the Department of Water Resources' electricity purchase costs, as well as electricity purchase contract obligations incurred as of the effective date of the act adding this section, that are recoverable from electrical corporation customers in commission-approved rates. It is further the intent of the Legislature to prevent any shifting of recoverable costs between customers.

(2) The Legislature finds and declares that this subdivision is consistent with the requirements of Division 27 (commencing with Section 80000) of the Water Code and Section 360.5, and is therefore declaratory of existing law.

(e) A retail end-use customer that purchases electricity from a community choice aggregator pursuant to this section shall pay both of the following:

(1) A charge equivalent to the charges that would otherwise be imposed on the customer by the commission to recover bond related costs pursuant to any agreement between the commission and the Department of Water Resources pursuant to Section 80110 of the Water Code, which charge shall be payable until any obligations of the Department of Water Resources pursuant to Division 27 (commencing with Section 80000) of the Water Code are fully paid or otherwise discharged.

(2) Any additional costs of the Department of Water Resources, equal to the customer's proportionate share of the Department of Water Resources' estimated net unavoidable electricity purchase contract costs as determined by the commission, for the period commencing with the customer's purchases of electricity from the community choice aggregator, through the expiration of all then existing electricity purchase contracts entered into by the Department of Water Resources.

(f) A retail end-use customer purchasing electricity from a community choice aggregator pursuant to this section shall reimburse the electrical corporation that previously served the customer for all of the following:

(1) The electrical corporation's unrecovered past undercollections for electricity purchases, including any financing costs, attributable to that customer, that the commission lawfully determines may be recovered in rates.

(2) Any additional costs of the electrical corporation recoverable in commission-approved rates, equal to the share of the electrical corporation's estimated net unavoidable electricity purchase contract costs attributable to the customer, as determined by the commission, for the period commencing with the customer's purchases of electricity from the community choice aggregator, through the expiration of all then existing electricity purchase contracts entered into by the electrical corporation.

(g) (1) Any charges imposed pursuant to subdivision (e) shall be the property of the Department of Water Resources. Any charges imposed pursuant to subdivision (f) shall be the property of the electrical corporation. The commission shall establish mechanisms, including agreements with, or orders with respect to, electrical corporations necessary to ensure that charges payable pursuant to this section shall be promptly remitted to the party entitled to payment.

(2) Charges imposed pursuant to subdivisions (d), (e), and (f) shall be nonbypassable.

(h) Notwithstanding Section 80110 of the Water Code, the commission shall authorize community choice aggregation only if the commission imposes a cost-recovery mechanism pursuant to subdivisions (d), (e), (f), and (g). Except as provided by this subdivision, this section shall not alter the suspension by the commission of direct purchases of electricity from alternate providers other than by community choice aggregators, pursuant to Section 80110 of the Water Code.

(i) (1) The commission shall not authorize community choice aggregation until it implements a cost-recovery mechanism, consistent with subdivisions (d), (e), and (f), that is applicable to customers that

elected to purchase electricity from an alternate provider between February 1, 2001, and January 1, 2003.

(2) The commission shall not authorize community choice aggregation until it submits a report certifying compliance with paragraph (1) to the Senate Energy, Utilities and Communications Committee, or its successor, and the Assembly Committee on Utilities and Commerce, or its successor.

(3) The commission shall not authorize community choice aggregation until it has adopted rules for implementing community choice aggregation.

(j) The commission shall prepare and submit to the Legislature, on or before January 1, 2006, a report regarding the number of community choices aggregations, the number of customers served by community choice aggregations, third party suppliers to community choice aggregations, compliance with this section, and the overall effectiveness of community choice aggregation programs.

SEC. 5. Section 381.1 is added to the Public Utilities Code, to read:

381.1. (a) No later than July 15, 2003, the commission shall establish policies and procedures by which any party, including, but not limited to, a local entity that establishes a community choice aggregation program, may apply to become administrators for cost-effective energy efficiency and conservation programs established pursuant to Section 381. In determining whether to approve an application to become administrators, the commission shall consider the value of program continuity and planning certainty and the value of allowing competitive opportunities for potentially new administrators. The commission shall weigh the benefits of the party's proposed program to ensure that the program meets the following objectives:

(1) Is consistent with the goals of the existing programs established pursuant to Section 381.

(2) Advances the public interest in maximizing cost-effective electricity savings and related benefits.

(3) Accommodates the need for broader statewide or regional programs.

(b) All audit and reporting requirements established by the commission pursuant to Section 381 and other statutes shall apply to the parties chosen as administrators under this section.

(c) If a community choice aggregator is not the administrator of energy efficiency and conservation programs for which its customers are eligible, the commission shall require the administrator of cost-effective energy efficiency and conservation programs to direct a proportional share of its approved energy efficiency program activities for which the community choice aggregator's customers are eligible, to the community choice aggregator's territory without regard to customer

class. To the extent that energy efficiency and conservation programs are targeted to specific locations to avoid or defer transmission or distribution system upgrades, the targeted expenditures shall continue irrespective of whether the loads in those locations are served by an aggregator or by an electrical corporation. The commission shall also direct the administrator to work with the community choice aggregator, to provide advance information where appropriate about the likely impacts of energy efficiency programs and to accommodate any unique community program needs by placing more, or less, emphasis on particular approved programs to the extent that these special shifts in emphasis in no way diminish the effectiveness of broader statewide or regional programs. If the community choice aggregator proposes energy efficiency programs other than programs already approved for implementation in its territory, it shall do so under established commission policies and procedures. The commission may order an adjustment to the share of energy efficiency program activities directed to a community aggregator's territory if necessary to ensure an equitable and cost-effective allocation of energy efficiency program activities.

SEC. 6. Section 394 of the Public Utilities Code is amended to read:

394. (a) As used in this section, ''electric service provider'' means an entity that offers electrical service to customers within the service territory of an electrical corporation, but does not include an electrical corporation, as defined in Section 218, does not include an entity that offers electrical service solely to serve customer load consistent with subdivision (b) of Section 218, and does not include a public agency that offers electrical service to residential and small commercial customers within its jurisdiction, or within the service territory of a local publicly owned electric utility. ''Electric service provider'' includes the unregulated affiliates and subsidiaries of an electrical corporation, as defined in Section 218.

(b) Each electric service provider shall register with the commission. As a precondition to registration, the electric service provider shall provide, under oath, declaration, or affidavit, all of the following information to the commission:

(1) Legal name and any other names under which the electric service provider is doing business in California.

(2) Current telephone number.

(3) Current address.

(4) Agent for service of process.

(5) State and date of incorporation, if any.

(6) Number for a customer contact representative, or other personnel for receiving customer inquiries.

(7) Brief description of the nature of the service being provided.

(8) Disclosure of any civil, criminal, or regulatory sanctions or penalties imposed within the 10 years immediately prior to registration, against the company or any owner, partner, officer, or director of the company pursuant to any state or federal consumer protection law or regulation, and of any felony convictions of any kind against the company or any owner, partner, officer, or director of the company. In addition, each electric service provider shall furnish the commission with fingerprints for those owners, partners, officers, and managers of the electric service provider specified by any commission decision applicable to all electric service providers. The commission shall submit completed fingerprint cards to the Department of Justice. Those fingerprints shall be available for use by the Department of Justice and the Department of Justice may transmit the fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The commission may use information obtained from a national criminal history record check conducted pursuant to this section to determine an electric service provider's eligibility for registration.

(9) Proof of financial viability. The commission shall develop uniform standards for determining financial viability and shall publish those standards for public comment no later than March 31, 1998. In determining the financial viability of the electric service provider, the commission shall take into account the number of customers the potential registrant expects to serve, the number of kilowatthours of electricity it expects to provide, and any other appropriate criteria to ensure that residential and small commercial customers have adequate recourse in the event of fraud or nonperformance.

(10) Proof of technical and operational ability. The commission shall develop uniform standards for determining technical and operational capacity and shall publish those standards for public comment no later than March 31, 1998.

(c) Any registration filing approved by the commission prior to the effective date of this section which does not comply in all respects with the requirements of subdivision (a) of Section 394 shall nevertheless continue in force and effect so long as within 90 days of the effective date of this section the electric service provider undertakes to supplement its registration filing to the satisfaction of the commission. Any registration that is not supplemented by the required information within the time set forth in this subdivision shall be suspended by the commission and shall not be reinstated until the commission has found the registration to be in full compliance with subdivision (a) of Section 394.

(d) Any public agency offering aggregation services as provided for in Section 366 solely to retail electric customers within its jurisdiction that has registered with the commission prior to the enactment of this

section may voluntarily withdraw its registration to the extent that it is exempted from registration under this chapter.

(e) Before reentering the market, electric service providers whose registration has been revoked shall file a formal application with the commission that satisfies the requirements set forth in Section 394.1 and demonstrates the fitness and ability of the electric service provider to comply with all applicable rules of the commission.

(f) Registration with the commission is an exercise of the licensing function of the commission, and does not constitute regulation of the rates or terms and conditions of service offered by electric service providers. Nothing in this part authorizes the commission to regulate the rates or terms and conditions of service offered by electric service providers.

SEC. 7. Section 394.25 of the Public Utilities Code is amended to read:

394.25. (a) The commission may enforce the provisions of Sections 2102, 2103, 2104, 2105, 2107, 2108, and 2114 against electric service providers as if those electric service providers were public utilities as defined in these code sections. Notwithstanding the above, nothing in this section grants the commission jurisdiction to regulate electric service providers other than as specifically set forth in this part. Electric service providers shall continue to be subject to the provisions of Sections 2111 and 2112. Upon a finding by the commission's executive director that there is evidence to support a finding that the electric service provider has committed an act constituting grounds for suspension or revocation of registration as set forth in subdivision (b) of Section 394.25, the commission shall notify the electric service provider in writing and notice an expedited hearing on the suspension or revocation of the electric service provider's registration to be held within 30 days of the notification to the electric service provider of the executive director's finding of evidence to support suspension or revocation of registration. The commission shall, within 45 days after holding the hearing, issue a decision on the suspension or revocation of registration, which shall be based on findings of fact and conclusions of law based on the evidence presented at the hearing. The decision shall include the findings of fact and the conclusions of law relied upon.

(b) An electric service provider may have its registration suspended or revoked, immediately or prospectively, in whole or in part, for any of the following acts:

(1) Making material misrepresentations in the course of soliciting customers, entering into service agreements with those customers, or administering those service agreements.

(2) Dishonesty, fraud, or deceit with the intent to substantially benefit the electric service provider or its employees, agents, or representatives, or to disadvantage retail electric customers.

(3) Where the commission finds that there is evidence that the electric service provider is not financially or operationally capable of providing the offered electric service.

(4) The misrepresentation of a material fact by an applicant in obtaining a registration pursuant to Section 394.

(c) Pursuant to its authority to revoke or suspend registration, the commission may suspend a registration for a specified period or revoke the registration, or in lieu of suspension or revocation, impose a moratorium on adding or soliciting additional customers. Any suspension or revocation of a registration shall require the electric service provider to cease serving customers within the boundaries of investor-owned electric corporations, and the affected customers shall be served by the electrical corporation until the time when they may select service from another service provider. Customers shall not be liable for the payment of any early termination fees or other penalties to any electric service provider under the service agreement if the serving electric service provider's registration is suspended or revoked.

(d) The commission shall require any electric service provider whose registration is revoked pursuant to paragraph (4) of subdivision (b) to refund all of the customer credit funds that the electric service provider received from the State Energy Resources Conservation and Development Commission pursuant to paragraph (1) of subdivision (e) of Section 383.5. The repayment of these funds shall be in addition to all other penalties and fines appropriately assessed the electric service provider for committing those acts under other provisions of law. All customer credit funds refunded under this subdivision shall be deposited in the Renewable Resource Trust Fund for redistribution by the State Energy Resources Conservation and Development Commission pursuant to Section 383.5. This subdivision may not be construed to apply retroactively.

(e) If a customer of an electric service provider or a community choice aggregator is involuntarily returned to service provided by an electrical corporation, any reentry fee imposed on that customer that the commission deems is necessary to avoid imposing costs on other customers of the electric corporation shall be the obligation of the electric service provider or a community choice aggregator, except in the case of a customer returned due to default in payment or other contractual obligations or because the customer's contract has expired. As a condition of its registration, an electric service provider or a community choice aggregator shall post a bond or demonstrate insurance sufficient to cover those reentry fees. In the event that an electric service provider

becomes insolvent and is unable to discharge its obligation to pay reentry fees, the fees shall be allocated to the returning customers.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 839

An act to add Chapter 2 (commencing with Section 3250) to Part 4 of, Division 1, of the Public Utilities Code, relating to natural gas.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is the intent of the Legislature to encourage the increased production of natural gas within the state. It is the further intent of the Legislature to encourage the private ownership, maintenance, and operation of natural gas pipelines operated for the sole purpose of gathering natural gas from producing wells, as a means to facilitate the increased production of natural gas production in the state.

SEC. 2. Chapter 2 (commencing with Section 3250) is added to Part 4 of Division 1 of the Public Utilities Code, to read:

CHAPTER 2. GAS PRODUCER ACQUISITION OF EASEMENT RIGHTS

Article 1. Definitions

3250. Unless the context otherwise requires the definitions in this article govern the construction of this chapter.

3251. ''Person'' means an individual, partnership, limited liability company, or corporation, but does not include an association, as defined in Section 3002.

3252. ''Natural gas'' means all gas produced in this state, natural or manufactured, except propane, for light, heat, or power.

Article 2. Acquisition of Easement Rights

3255. (a) A person involved in the production of natural gas may buy, hold, and exercise all privileges of ownership of real or personal property as may be necessary or convenient for the conduct and operation of, or incidental to, transmission of natural gas. Without limiting the foregoing, a person involved in the production of natural gas may acquire a real property easement from a public utility for the purpose of accommodating the person's gas plant, and the easement shall be deemed to be held for a public purpose by the person, provided that the commission finds that the use by the person is in the public interest.

(b) Within 10 days of submitting an application to the commission for an order authorizing a public utility to transfer a real property easement to a person, the public utility shall provide written notification of the application and of the commission's pending review of the application, to each owner of real property affected by the easement. Costs of notification required by this subdivision shall be paid by the person to whom the public utility proposes to transfer a real property easement.

CHAPTER 840

An act to add Section 377.1 to the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 377.1 is added to the Public Utilities Code, to read:

377.1. Section 377 does not apply to the four run-of-river hydroelectric project works located on the Truckee River, as referenced in Section 210(b)(17) of Public Law 101-618 or to the two run-of-river hydroelectric projects, also known as the Naches Drop plant and Naches plant, located on the Wapatox Canal on the Naches River in the State of Washington.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable only to the four run-of-river hydroelectric project works located on the Truckee River and the two run-of-river hydroelectric project located on the Naches River in the

State of Washington, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the public's best interest is served and to assist in the implementation of the Truckee River Operating Agreement by expediting the sale of the four run-of-river hydroelectric project works located on the Truckee River and the two run-of-river hydroelectric projects located on the Wapatox Canal on the Naches River in the State of Washington, it is necessary that this act take effect immediately.

CHAPTER 841

An act to add and repeal Division 20.5 (commencing with Section 73500) of the Water Code, relating to regional water systems.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares as follows:

(a) The City and County of San Francisco has acquired or constructed a system of reservoirs, pipelines and tunnels, and treatment plants that provides water to 2.4 million Californians who live in San Francisco and in neighboring communities in the Counties of Alameda, San Mateo, and Santa Clara.

(b) Over two-thirds of the Californians who rely on San Francisco's regional water system, approximately 1.6 million persons, live outside San Francisco. A substantial majority of industrial, commercial, institutional, and governmental users are also located outside San Francisco.

(c) The reliability of this water infrastructure system is of vital importance to the health, welfare, safety, and economy of the region that it supplies.

(d) In turn, this region is of vital importance to the entire State of California, because of the resident industries, universities, and commercial enterprises that employ millions of Californians and generate billions of dollars in exports and tax revenues to the state.

(e) The regional water system is old, and designed to outdated seismic safety standards. The system either crosses, is located on, or is adjacent to, three major active earthquake faults, including the Calaveras fault, the San Andreas fault and the Hayward fault. Engineering investigations have disclosed that the system is at risk of catastrophic failure in a major earthquake. Many areas in all four counties served by the system face interruptions in their supplies of potable water for up to 30 days, and some areas could be without water for as long as 60 days.

(f) Interruptions in water supply of this magnitude and duration to a densely populated metropolitan region would be disastrous for public health and safety and for the regional and state economy. In addition, uncontrolled releases of water from pipelines, tunnels, and reservoirs could create severe flood damage and environmental harm to fish and wildlife habitat in the communities in which water facilities are located.

(g) Californians in neighboring counties, including those Californians outside the immediate service area of the regional water system, will benefit from the implementation of the act adding this section. Access to a reliable supply of water is an important component of the infrastructure necessary to a prosperous metropolitan economy.

(h) The state has concerns for the health, safety, and the economic strength of the region that warrant requiring San Francisco to take prudent steps to upgrade the regional water system in a timely manner.

SEC. 2. Division 20.5 (commencing with Section 73500) is added to the Water Code, to read:

DIVISION 20.5. WHOLESALE REGIONAL WATER SYSTEM SECURITY AND RELIABILITY ACT

73500. This division shall be known as and may be cited as the Wholesale Regional Water System Security and Reliability Act.

73501. (a) Unless the context otherwise requires, the definitions set forth in this section govern the construction of this division.

(b) ''Association'' means the San Francisco Bay Area Water Users Association.

(c) ''Bay area regional water system'' means the facilities for the storage, treatment, and transmission of water located in the Counties of Tuolumne, Stanislaus, San Joaquin, Alameda, Santa Clara, and San Mateo, together with three terminal reservoirs in the city.

(d) ''Bay area wholesale customers'' means the 26 public agencies in the Counties of San Mateo, Alameda, and Santa Clara that purchase water from the city pursuant to the master water sales contract, including the Alameda County Water District, the City of Brisbane, the City of Burlingame, the Coastside County Water District, the City of Daly City, the City of East Palo Alto, the Estero Municipal Improvement District,

Guadalupe Valley Municipal Improvement District, City of Hayward, the Town of Hillsborough, the Los Trancos County Water District, the City of Menlo Park, the Mid-Peninsula Water District, the City of Millbrae, the City of Milpitas, the City of Mountain View, the North Coast County Water District, the City of Palo Alto, the Purissima Hills Water District, the City of Redwood City, the City of San Bruno, the City of San Jose, the City of Santa Clara, the Skyline County Water District, the City of Sunnyvale, and the Westborough Water District, Stanford University, the California Water Service Company, and the Cordilleras Mutual Water Association.

(e) ''City'' means the City and County of San Francisco.

(f) ''Master water sales contract'' means the agreement entitled ''Settlement Agreement and Master Water Sales Contract between the City and County of San Francisco and Certain Suburban Purchasers'' entered into in 1984 by the city and the wholesale customers.

(g) ''Regional water system'' means facilities for the storage, treatment, and transmission of water owned and operated by a regional wholesale water supplier, other than the city.

(h) ''Regional wholesale water supplier'' means any city, county, or city and county, including the city, that operates a regional water system, and furnishes water on a wholesale basis to local government agencies and public utilities that, in turn, supply water to a combined population of 1.5 million or more residents of geographic areas outside the boundary of the regional wholesale water supplier.

(i) ''Wholesale customers'' means local government agencies and public utilities, including, but not limited to, the bay area wholesale customers, that purchase water from a regional wholesale water supplier and distribute that water to retail customers in their respective service areas.

73502. (a) The city, on or before February 1, 2003, shall adopt the program of capital improvement projects designed to restore and improve the bay area regional water system that are described in the capital improvement program report prepared by the San Francisco Public Utilities Commission dated February 25, 2002. A copy of the program shall be submitted, on or before March 1, 2003, to the State Department of Health Services. The program shall include a schedule for the completion of design and award of contract, and commencement and completion of construction of each described project. The schedule shall require that projects representing 50 percent of the total program cost be completed on or before 2010 and that projects representing 100 percent of the total program cost be completed on or before 2015. The program shall also contain a financing plan. The city shall review and update the program, as necessary, based on changes in the schedule set forth in the plan adopted pursuant to subdivision (d).

(b) The plan shall require completion of the following projects:

Project	Location	Project Identification Number
1. Irvington Tunnel Alternative	Alameda/Santa Clara Counties	9970
2. Crystal Springs Pump Station & Pipeline	San Mateo County	201671
3. BDPL 1 & 2–Repair of Caissons/Pipe Bridge	Alameda/San Mateo Counties	99
4. BDPL Pipeline Upgrades at Hayward Fault	Alameda County	128
5. Calaveras Fault Crossing Upgrade	Alameda County	9897
6. Crystal Springs Bypass Pipeline	San Mateo County	9891
7. BDPL Cross Connections 3 & 4	Alameda/Santa Clara Counties	202339
8. Conveyance Capacity West of Irvington Tunnel	Alameda/Santa Clara/San Mateo Counties	201441
9. Calaveras Dam Seismic Improvements	Alameda County	202135

(c) The city shall submit a report to the Joint Legislative Audit Committee, the Seismic Safety Commission, and the State Department of Health Services, on or before September 1 of each year, describing the progress made on the implementation of the capital improvement program for the bay area regional water system during the previous fiscal year.

(d) (1) The city may determine that completion dates for projects contained in the capital improvement program adopted pursuant to subdivision (a), including those projects described in subdivision (b), should be delayed or that different projects should be constructed.

(2) The city shall provide written notice, not less than 30 days prior to the date of a meeting of the city agency responsible for management of the bay area regional water system, that a change in the program is to be considered. The notice shall include information about the reason for the proposed change and the availability of materials related to the

proposed change. All bay area wholesale customers shall be permitted to testify or otherwise submit comments at the meeting.

(3) If the city adopts a change in the program that deletes one or more projects from the program, or postpones the scheduled completion dates, the city shall promptly furnish a copy of that change and the reasons for that change to the State Department of Health Services and the Seismic Safety Commission. The State Department of Health Services and the Seismic Safety Commission shall each submit written comments with regard to the significance of that change with respect to public health and safety to the city and the Joint Legislative Audit Committee not later than 90 days after the date on which those entities received notice of that change.

73503. (a) The city, in consultation with the association and the offices of emergency services in Alameda County, Santa Clara County, and San Mateo County, shall prepare an emergency response plan describing how water service will be restored to the area served by the bay area regional water system after an interruption caused by earthquake or other natural or manmade catastrophe. A draft of the plan shall be submitted to the Office of Emergency Services on or before July 1, 2003, for comment and shall be adopted by the city on or before September 1, 2003, and thereafter shall be implemented.

(b) During any interruption in supply caused by earthquake, or other natural or manmade catastrophe, a regional wholesale water supplier shall distribute water to customers on an equitable basis, to the extent feasible given physical damage to the regional water system, without preference or discrimination based on a customer's geographic location within or outside the boundary of the regional wholesale water supplier.

73504. (a) Commencing in 2003, a regional wholesale water supplier shall submit a report to the Legislature and the State Department of Health Services, on or before February 1 of each year, describing the progress made during the previous calendar year on securing supplemental sources of water to augment existing supplies during dry years.

(b) In order to supply adequately, dependably, and safely the requirements of all users of water, the city shall continue its practice of operating the reservoirs in the Counties of Tuolumne and Stanislaus in a manner that ensures that the generation of hydroelectric power will not cause any reasonably anticipated adverse impact on water service. The city shall assign higher priority to delivery of water to the bay area than to the generation of electric power, unless the Secretary of the Interior, in writing, notifies the city that doing so would violate the Raker Act (63 P.L. 41). The city shall make available to the public, on request, its plans of operations (rule curves) for these reservoirs.

(c) The city shall be deemed to be a local public agency for the purposes of Article 4 (commencing with Section 1810) of Chapter 11 of Part 2 of Division 2.

73505. The State Department of Health Services shall conduct an audit, or arrange for an audit to be performed by contract, of the city's program of maintenance of the bay area regional water system prior to July 1, 2004. The audit shall include both of the following:

(a) A review of the adequacy of the city's procedures and resources for all of the following:

(1) Identifying needed maintenance.

(2) Planning, budgeting, scheduling, and completing maintenance.

(3) Recordkeeping of maintenance activities.

(b) A field investigation of the major facilities of the bay area regional water system to determine the general condition of those facilities and the adequacy of existing maintenance efforts.

(c) The State Department of Health Services shall submit a report to the city, the Joint Legislative Audit Committee, and the Seismic Safety Commission on its findings and recommendations based on the audit on or before January 1, 2005.

73506. The State Department of Health Services shall conduct an audit of the regional water systems operated by all regional wholesale water suppliers, other than the city, subject to this division and shall submit to the Legislature a report thereon on or before February 1, 2006.

73508. If the city and the bay area wholesale customers that are public agencies form a special district with authority and responsibility to own, operate, and manage the bay area regional water system and whose governing board's composition reflects the proportionate use of water delivered by the bay area regional water system within the city and within the aggregate geographic area served by the bay area wholesale customers, the obligations imposed on the city by this division shall be applicable to that district. The city shall be relieved of all obligations under this division at the time the ownership and control of the bay area regional water system are transferred to that district.

73510. Notwithstanding Section 116500 of the Health and Safety Code, the State Department of Health Services shall ensure that the bay area regional water system is operated in compliance with the California Safe Drinking Water Act (Chapter 4 (commencing with Section 116275) of Part 12 of Division 104 of the Health and Safety Code) and the guidelines established by the United States Environmental Protection Agency for the purposes of administering the comparable provisions of the federal Safe Drinking Water Act (42 U.S.C. Sec. 300f et seq.).

73511. A special district composed of some or all of the bay area wholesale customers may receive state funds for the purpose of

protecting the bay area regional water system against seismic risk, without regard to whether the city is a member of that district.

73512. A regional wholesale water supplier shall reimburse the state for all costs incurred by the State Department of Health Services or the Seismic Safety Commission in carrying out the duties imposed by this division. The bay area wholesale customers shall reimburse the city for their share of those costs as provided in the master water sales contract. The wholesale customers of regional wholesale water suppliers other than the city are responsible for reimbursing the regional wholesale water supplier for their proportionate share of those costs, through the imposition of water charges.

73513. Nothing in this division affects the rights and obligations of the city, the Modesto Irrigation District, or the Turlock Irrigation District, as between themselves, whether arising from statute or contract.

73513.5. Nothing in this division changes the governance, control, or ownership of the bay area regional water system.

73514. This division shall become inoperative on the earlier of either of the following dates, and on January 1 immediately following that earlier date, is repealed:

(a) The date on which the State Director of Health Services notifies, in writing, the Chairperson of the Joint Legislative Audit Committee and certifies that the city has awarded contracts for construction of each of the projects described in subdivision (b) of Section 73502.

(b) December 31, 2010.

SEC. 3. The provisions of this division are severable. If any provision of this division or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 842

An act to add Section 52.4 to the Civil Code, relating to gender violence.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Existing state and federal laws do not adequately prevent and remedy gender-related violence, such as domestic violence, which disproportionately occurs against women.

(b) Sexual abuse harms many women, children, and families, and is often not reported to the authorities or prosecuted.

(c) Acts of domestic violence and sexual abuse on the basis of gender constitute a form of sexual discrimination.

(d) All persons within California have the right to be free from crimes of violence motivated by gender.

(e) It is the purpose of this act to protect the civil rights of victims of gender-motivated violence and thereby to promote the public safety, health, and well-being of all persons within California.

SEC. 2. Section 52.4 is added to the Civil Code, to read:

52.4. (a) Any person who has been subjected to gender violence may bring a civil action for damages against any responsible party. The plaintiff may seek actual damages, compensatory damages, punitive damages, injunctive relief, any combination of those, or any other appropriate relief. A prevailing plaintiff may also be awarded attorney's fees and costs.

(b) An action brought pursuant to this section shall be commenced within three years of the act, or if the victim was a minor when the act occurred, within eight years after the date the plaintiff attains the age of majority or within three years after the date the plaintiff discovers or reasonably should have discovered the psychological injury or illness occurring after the age of majority that was caused by the act, whichever date occurs later.

(c) For purposes of this section, ''gender violence,'' is a form of sex discrimination and means any of the following:

(1) One or more acts that would constitute a criminal offense under state law that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, committed at least in part based on the gender of the victim, whether or not those acts have resulted in criminal complaints, charges, prosecution, or conviction.

(2) A physical intrusion or physical invasion of a sexual nature under coercive conditions, whether or not those acts have resulted in criminal complaints, charges, prosecution, or conviction.

(d) Notwithstanding any other laws that may establish the liability of an employer for the acts of an employee, this section does not establish

any civil liability of a person because of his or her status as an employer, unless the employer personally committed an act of gender violence.

CHAPTER 843

An act to add Sections 17138.1 and 24308.1 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

CHAPTER 844

An act to add Division 31 (commencing with Section 81300) to the Water Code, relating to water.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Division 31 (commencing with Section 81300) is added to the Water Code, to read:

DIVISION 31. BAY AREA WATER SUPPLY AND CONSERVATION AGENCY

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

Article 1. General Provisions

81300. This division shall be known and may be cited as the Bay Area Water Supply and Conservation Agency Act.

81301. The Legislature finds and declares all of the following:

(a) Many separate cities, districts, and public utilities are responsible for distribution of water in portions of the Bay Area served by the regional system operated by the City and County of San Francisco. Residents in the Counties of Alameda, San Mateo, and Santa Clara who depend on the water made available on a wholesale basis by the regional system have no right to vote in elections in the City and County of San Francisco and are not represented on the San Francisco commission that oversees operation of the regional system.

(b) The San Francisco regional system is vulnerable to catastrophic damage in a severe earthquake, which could result in San Francisco and neighboring communities being without potable water for up to 60 days. The San Francisco regional system is also susceptible to severe water shortages during periods of below average precipitation because of

insufficient storage and the absence of contractual arrangements for alternative dry year supplies.

(c) The lack of a local, intergovernmental, cooperative governance structure for the San Francisco regional system prevents a systematic, rational, cost-effective program of water supply, water conservation, and recycling from being developed, funded, and implemented.

(d) It is the intent of the Legislature to enable local governments responsible for water distribution in the three counties to establish a multicounty agency authorized to plan for and acquire supplemental water supplies, to encourage water conservation and use of recycled water on a regional basis, and to assist in the financing of essential repairs and improvements to the San Francisco regional water system, including seismic strengthening.

(e) The need for coordinated planning and implementation of strategies for water supply, water conservation, water recycling, and repair and improvement of the San Francisco regional system may appropriately lead to the establishment of the Bay Area Water Planning and Conservation Agency.

(b) The resolution shall meet all of the following requirements:

(1) Identify the name of the public entity adopting the resolution.

(2) Identify the name of each public entity proposed to be a member of the agency, which shall include all public entities identified in Section 81305.

(3) Fix the time and place within the boundaries of the public entity adopting the resolution at which a hearing will be held by its governing body to determine whether to form the agency and whether to become a member of the agency. The date of the hearing may not be less than 30 days, nor more than 60 days, from the date of the adoption of the resolution.

(4) Direct publication of the resolution one time in a newspaper of general circulation within the boundaries of the public entity adopting the resolution at least two weeks prior to the date set for the hearing.

81316. The governing board of the public entity adopting the resolution pursuant to Section 81315, not later than 10 days after the date of the adoption of the resolution, shall mail a certified copy of the resolution to the governing body of each public entity identified in the resolution as a proposed member of the agency. The governing body of each proposed member, not later than 60 days after the date of the adoption of the resolution described in Section 81315, shall adopt a resolution fixing the time and place within the boundaries of that public

entity at which a hearing will be held to determine whether to form the agency and whether to become a member. The date of the hearing shall be not less than 30 days, nor more than 60 days, from the date of the adoption of the resolution by that public entity. The resolution shall be published one time in a newspaper of general circulation within the boundaries of that public entity at least two weeks prior to the date set for the public hearing.

Article 2. Formation Hearings

81317. At the times and places specified in the resolutions adopted pursuant to Section 81315 or 81316, the governing body of each public entity shall hold a public hearing on the question of whether to form, and become a member of, the agency.

81318. As soon as practicable after the completion of the public hearing described in Section 81317, and in any event not later than 60 days thereafter, the governing body of each public entity shall adopt a resolution that declares the finding of the governing body as to whether to form and become a member of the agency. The adoption of the resolution, whether affirmative or negative, is subject to referendum pursuant to Division 9 (commencing with Section 9000) of the Elections Code, but shall not be a ''project'' for the purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

81319. Not later than 10 days after the date of the adoption of the resolution required by Section 81318, the governing body of each public entity shall cause a certified copy of the resolution to be forwarded to the Board of Supervisors of San Mateo County.

Article 3. Establishment of Agency

81325. Not later than 60 days from the date of the receipt of the resolutions pursuant to Section 81319, the Board of Supervisors of San Mateo County shall determine whether or not resolutions to form and join the agency have been adopted by at least 15 public entities representing collectively at least 60 percent of the total water deliveries of all the public entities identified in Section 81305. In making that determination, the board of supervisors shall use the water delivery quantities set forth in subdivision (b) of Section 81460. If 15 or more public entities representing collectively 60 percent or more of those water deliveries have adopted those resolutions, the board of supervisors, by order entered in its minutes, shall declare that the agency has been formed and list each public entity that is a member of the agency.

81325.5. In making the determination required by Section 81325, the board of supervisors shall include all resolutions received by the county at least 10 days before the date of the public meeting at which the determination is made.

81325.7. In addition, resolutions adopted that approve formation of the agency may remain in effect for the time specified in those resolutions, unless those resolutions are otherwise repealed.

81326. The Clerk of the Board of Supervisors of San Mateo County, not later than 10 days from the date of entry of an order described in Section 81325, shall file a certificate with the Secretary of State identifying the name of the agency and the names of each public entity that is a member of the agency. 81327. The Secretary of State, not later than 10 days from the date of the receipt of the certificate described in Section 81326, shall issue a certificate of formation reciting that the agency has been formed pursuant to this division and identifying the public entities of which the agency is comprised. The Secretary of State shall transmit a copy of the certificate to each public entity that is a member of the agency.

81328. The formation of the agency shall be effective on the date of the issuance of the Secretary of State's certificate.

81329. No invalidity or irregularity in any proceeding that does not substantially and adversely affect the interests of any public entity identified in Section 81305 may be held to invalidate the formation of the agency.

81330. Any action or proceeding in which the validity of the formation of the agency, or any of the proceedings in relation thereto, is contested, questioned, or challenged shall be commenced not later than 60 days from the date of the Secretary of State's certificate of formation. In the absence of that action or proceeding, the formation and legal existence of the agency, and all proceedings in relation thereto, shall be held to be in every respect valid, legal, and incontestable.

81331. The formation of the agency, proceedings to increase its membership pursuant to Section 81456 or 81456.5, or the establishment or modification of any zone or improvement district is not subject to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code).

CHAPTER 3. GOVERNMENT OF AGENCY

Article 1. Board of Directors

81335. The agency shall be governed by a board of directors.

81336. (a) The governing body of each member public entity shall appoint one member to the board of the agency. Each director shall be a registered voter and reside within the boundaries of the member public entity whose governing board appoints him or her.

(b) For the purposes of subdivision (a), the governing body may appoint one of its own members to the board if that person otherwise meets the requirements of that subdivision.

(c) (1) The Board of Supervisors of San Mateo County shall appoint one member to the board who is an officer or employee of the California Water Service Company.

(2) The Board of Supervisors of Santa Clara County shall appoint one member to the board who is an officer or employee of Stanford University.

(d) The initial appointments shall be made not later than 60 days after the date of the issuance of the certificate of formation pursuant to Section 81327.

81336.5. (a) No incompatibility of office shall result from an elected official serving on the board of the agency and on the governing board of a member public entity. A board member may vote on contracts or other matters involving the member public entity he or she represents.

(b) The agency may enter into a contract with California Water Service Company only if both of the following requirements are met:

(1) The director appointed by the Board of Supervisors of San Mateo County does not participate in a vote on the contract.

(2) The contract is approved by the affirmative vote of a majority of all members of the board other than the director appointed by the Board of Supervisors of San Mateo County.

(c) The agency may enter into a contract with Stanford University only if both of the following requirements are met:

(1) The director appointed by the Board of Supervisors of Santa Clara County does not participate in a vote on the contract.

(2) The contract is approved by the affirmative vote of a majority of all members of the board other than the director appointed by the Board of Supervisors of Santa Clara County.

(d) A contract approved pursuant to the requirements of this division does not constitute a violation of Section 1090 or 1097 of the Government Code, nor is it void or voidable pursuant to Section 1092 of the Government Code.

81337. Each director, before entering upon the duties of his or her office, shall take the oath of office as provided for in the California Constitution and laws of the state.

81338. (a) Each director shall serve a term of four years.

(b) Notwithstanding subdivision (a), the directors initially appointed to the board shall determine, by lot, that one-half plus one of their number shall serve for four years and the remaining directors shall serve for two years. Thereafter, each appointing authority shall appoint a person to replace its respective director or may reappoint its director for an unlimited number of terms.

(c) A vacancy on the board shall be filled by the respective appointing authority not later than 90 days from the date of the occurrence of the vacancy.

81339. Each director may receive compensation in an amount prescribed by the board, not to exceed one hundred dollars ($100) per day for each day's attendance at meetings of the board, not to exceed four meetings in any calendar month. In addition, each director may be reimbursed for actual, necessary, and reasonable expenses incurred in the performance of duties performed at the request of the board. The compensation of directors may be increased pursuant to Chapter 2 (commencing with Section 20200) of Division 10.

81400. A majority of the members of the board constitutes a quorum for the transaction of business. The board shall act only by ordinance, resolution, or motion.

81401. The board shall hold its first meeting as soon as possible after the appointment of the initial directors. At its first meeting, and at its first meeting in January each year thereafter, the board shall elect a chairperson and a vice-chairperson from among its members.

81402. The board shall provide for the time and place of holding its regular meetings. All meetings of the board shall be called and held in accordance with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

81403. Subject to Section 81405, each director has one vote. The affirmative vote of a majority of the total membership of the board is necessary and sufficient to carry any motion, resolution, or ordinance, except when weighted voting is in effect pursuant to Section 81404 or as otherwise provided by this division.

81404. Before the vote on any motion, resolution, or ordinance is taken, any director may call for weighted voting. Upon such a call, Section 81405 shall apply as to that motion, resolution, or ordinance.

81405. (a) Weighted voting shall be based on the average deliveries of water during the 2000–01 fiscal year, as set forth in Section 81460.

(b) When weighted voting is in effect, there shall be a total of 100 possible votes. The allocation of these votes among the directors shall be determined as follows:

(1) The water deliveries to each member public entity, California Water Service Company, and Stanford University, as set forth in Section 81460, shall be totaled.

(2) Each director representing a member public entity whose individual water delivery is less than 1.5 percent of the total amount calculated pursuant to paragraph (1) shall be assigned one vote.

(3) The water deliveries to all member public entities assigned one vote pursuant to paragraph (2) shall be totaled and that sum shall be subtracted from the total amount calculated pursuant to paragraph (1).

(4) The ratio of individual water deliveries to each remaining member public entity, California Water Service Company, and Stanford University to the total water deliveries calculated pursuant to paragraph (3) shall be determined and expressed as a fraction.

(5) The total number of votes assigned to directors pursuant to paragraph (2) shall be subtracted from 100.

(6) The number resulting from the calculation described in paragraph (5) shall be multiplied by the fractions calculated pursuant to paragraph (4), and the products of that multiplication shall be rounded to the nearest whole number. Each director, other than those assigned one vote pursuant to paragraph (2), shall be assigned the number of votes resulting from this calculation.

(c) When weighted voting is in effect, the affirmative vote of directors representing both (1) a majority of the members of the board present and voting, and (2) a majority of the number of votes, determined pursuant to this section, represented by directors present and voting shall be necessary to carry any motion, resolution, or ordinance.

(d) Notwithstanding any other provision of this division, the board may establish alternative procedures and methods for weighted voting, including a limitation on the types of measures to which it applies, by a vote of (1) at least two-thirds of all the directors of the board, each director having one vote on the question, and (2) at least 51 votes, determined pursuant to this section.

81406. (a) On all ordinances and resolutions, and on all questions to be decided by weighted voting, the roll shall be called and ayes and noes recorded in the minutes of the proceedings of the board.

(b) Motions, other than motions to be decided by weighted voting, may be adopted by voice vote, except that the roll shall be called at the request of any director.

Article 2. Officers and Employees

81407. The board shall appoint a general manager, a financial officer, and a secretary. The board may establish other offices that may be necessary or convenient. The board shall appoint, and prescribe the duties, compensation, and terms and conditions of employment of, all officers.

81408. The board may employ other employees that the board determines are necessary or convenient and may delegate to the general manager the authority to employ or contract for the services of additional assistants or employees that the general manager determines necessary or convenient to operate the agency. The board shall extend offers of employment on terms comparable to those applicable to the employees of the Bay Area Water Users Association on January 1, 2003, as determined by the board.

81409. The board may require, and establish the amount of, official bonds of officers and employees that are necessary for the protection of the funds and property of the agency.

81428. (a) The agency may issue revenue bonds upon the adoption of an ordinance by a two-thirds vote of all of the members of the board present and voting which also represents at least 51 votes determined pursuant to Section 81405. For the purposes of issuing bonds pursuant to this subdivision, the agency need not conduct an election or otherwise secure the approval of the voters within the boundaries of the agency.

(b) The agency shall publish a notice in a newspaper of general circulation at least 15 days before the meeting at which issuance of revenue bonds is to be considered and shall provide an opportunity for public comments during that meeting and before the directors vote on the issuance of those bonds.

Funds that may be invested in bonds of cities, cities and counties, counties, school districts, or other local agencies may also be invested in bonds and other evidences of indebtedness of the agency.

81433. The board may impose assessments sufficient to pay the operating expenses included in the budget, which shall be an obligation of each member public entity, the California Water Service Company, and Stanford University. The assessments shall be based on, and proportional to, water delivery amounts described in Section 81460.

81434. The agency may use proceeds of bonds authorized by this division for the construction, reconstruction, or improvement of any works carried out by the agency. The agency may also make proceeds of bonds authorized by this division available to other local public agencies on mutually satisfactory terms and conditions to assist in the construction, reconstruction, or improvement of works designed and intended in whole or in part to furnish water to the members of the agency, whether those works are carried out jointly by the agency and other local public agencies, or solely by those other public agencies.

81447. The agency may provide, deliver, and sell water not needed for municipal, domestic, or industrial uses within the boundaries of the agency for beneficial purposes but shall give preference to users within the agency. The supply of surplus water shall in every case be subject to the paramount right of the agency to discontinue that supply in whole or in part upon one year's notice to the purchaser or user of that surplus water.

81448. The agency may not sell water to any retail user within the boundaries of the agency. Sales to Stanford University shall not be deemed sales to a retail user.

The agency is entitled to the benefit of any reservation or grant, in all cases, where any right has been reserved or granted to the state, or any agency or political subdivision thereof, or any public corporation, to construct or maintain water-related facilities in, under, or over any public or private lands. Nothing in this section authorizes the agency to construct facilities on lands owned or controlled by San Francisco without the consent of San Francisco.

81451. The agency may construct and operate works and facilities in, under, over, across, or along any street or public highway or over any

of the lands which are the property of the state to the same extent that those rights and privileges are granted to cities within the state.

(c) If San Francisco becomes a member of the agency, the average daily delivery of water to San Francisco during the 2000–01 fiscal year, for the purposes of this division, shall be determined to be 118,973 hundred cubic feet.

81461. Nothing in this act changes the governance, control, or ownership of the regional water system.

SEC. 2. The provisions of this division are severable. If any provision of this division or its application is held invalid, that invalidity

shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 3. The Legislature finds and declares that this act, which is applicable only to the Bay Area Water Supply and Conservation Agency, is necessary because of the unique and special water supply problems prevailing in the geographic area that may be included in the boundaries of the agency. It is, therefore, hereby declared that a general law within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable to the agency and the enactment of this special law is necessary for the conservation, development, control, and use of water supplied to that geographic area for the public good.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 845

An act to add and repeal Section 2827.9 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 2827.9 is added to the Public Utilities Code, to read:

2827.9. (a) (1) The Legislature finds and declares that a pilot program to provide net energy metering for eligible biogas digester customer-generators would enhance the continued diversification of California's energy resource mix and would encourage the installation of livestock air emission controls that the State Air Resources Board believes may produce multiple environmental benefits.

(2) The Legislature further finds and declares that the net energy metering pilot program authorized pursuant to this section for eligible biogas digester customer-generators, which nets out generation charges against generation charges on a time of use basis, furthers the intent of Chapter 7 of the Statutes of 2001, First Extraordinary Session, by facilitating the implementation of energy efficiency programs in order

to reduce consumption of energy, reduce the costs associated with energy demand, and achieve a reduction in peak electricity demand.

(b) As used in this section, the following definitions apply:

(1) '' Electrical corporation'' means an electrical corporation, as defined in Section 218.

(2) (A) ''Eligible biogas digester customer-generator'' means a customer of an electrical corporation that meets both of the following criteria:

(i) Uses a biogas digester electrical generating facility with a capacity of not more than one megawatt that is located on or adjacent to the customer's owned, leased, or rented premises, is interconnected and operates in parallel with the electric grid, and is sized to offset part or all of the eligible biogas digester customer-generator's own electrical requirements.

(ii) Is the recipient of local, state, or federal funds, or who self-finances pilot projects designed to encourage the development of eligible biogas digester electrical generating facilities.

(3) ''Eligible biogas digester electrical generating facility'' means a generating facility used to produce electricity by either a manure methane production project or as a byproduct of the anaerobic digestion of bio-solids and animal waste.

(4) ''Net energy metering'' means measuring the difference between the electricity supplied through the electric grid and the difference between the electricity generated by an eligible biogas digester customer-generator and fed back to the electric grid over a 12-month period as described in subdivision (e). Net energy metering shall be accomplished using a time of use meter capable of registering the flow of electricity in two directions. If the existing electrical meter of an eligible biogas digester customer-generator is not capable of measuring the flow of electricity in two directions, the eligible biogas digester customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is able to measure electricity flow in two directions. If an additional meter or meters are installed, the net energy metering calculation shall yield a result identical to that of a time of use meter.

(c) Every electrical corporation shall, not later than 60 days from the effective date of this section, file with the commission a standard tariff providing for net energy metering for eligible biogas digester customer-generators, consistent with this section. Every electrical corporation shall make this tariff available to eligible biogas digester customer-generators upon request, on a first come, first serve basis, until the total cumulative rated generating capacity used by the eligible biogas digester customer-generators equals 5 megawatts within the service territory of the electrical corporation. The combined statewide

cumulative rated generating capacity used by the eligible biogas digester customer-generators in the service territories of all three electrical corporations in the state may not exceed 15 megawatts.

(d) Each net energy metering contract or tariff shall be identical, with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the same customer would be assigned if the customer was not an eligible biogas digester customer-generator, except as set forth in subdivision (e). Any new or additional demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or other charge that would increase an eligible biogas digester customer-generator's costs beyond those of other customers in the rate class to which the eligible biogas digester customer-generator would otherwise be assigned are contrary to the intent of this legislation, and shall not form a part of net energy metering tariffs.

(e) The net energy metering calculation shall be made by measuring the difference between the electricity supplied to the eligible customer-generator and the electricity generated by the eligible customer-generator and fed back to the electric grid over a 12-month period. The following rules shall apply to the annualized metering calculation:

(1) The eligible biogas digester customer-generator shall, at the end of each 12-month period following the date of final interconnection of the eligible biogas digester customer-generator's system with an electrical corporation, and at each anniversary date thereafter, be billed for electricity used during that period. The electrical corporation shall determine if the eligible biogas digester customer-generator was a net consumer or a net producer of electricity during that period. For purposes of determining if the biogas digester customer-generator was a net consumer or a net producer of electricity during that period, the electrical corporation shall aggregate the electrical load of a dairy operation under the same ownership, including, but not limited to, the electrical load attributable to milking operations, milk refrigeration, and water pumping located on property adjacent or continuous to the dairy. Each aggregated account shall be billed and measured according to a time of use rate schedule.

(2) At the end of each 12-month period, where the electricity supplied during the period by the electrical corporation exceeds the electricity generated by the eligible biogas digester customer-generator during that same period, the eligible biogas digester customer-generator is a net electricity consumer and the electrical corporation shall be owed compensation for the eligible biogas digester customer-generator's net kilowatthour consumption over that same period. The compensation

owed for the eligible biogas digester customer-generator's consumption shall be calculated as follows:

(A) The generation charges for any net monthly consumption of electricity shall be calculated according to the terms of the tariff to which the same customer would be assigned to or be eligible for if the customer was not an eligible biogas digester customer-generator. When those eligible biogas digester customer-generators are net generators during any discrete time of use period, the net kilowatthours produced shall be valued at the same price per kilowatthour as the electrical corporation would charge for retail kilowatthour sales for generation, exclusive of any surcharges, during that same time of use period. If the eligible biogas digester customer-generator's time of use electrical meter is unable to measure the flow of electricity in two directions, paragraph (4) of subdivision (b) shall apply. All other charges, other than generation charges, shall be calculated in accordance with the eligible biogas digester customer-generator's applicable tariff and based on the total killowatthours delivered by the electrical corporation to the eligible biogas digester customer-generator. To the extent that charges for transmission and distribution services are recovered through demand charges in any particular month, no standby reservation charges shall apply in that monthly billing cycle.

(B) The net balance of moneys owed shall be paid in accordance with the electrical corporation's normal billing cycle.

(3) At the end of each 12-month period, where the electricity generated by the eligible biogas digester customer-generator during the 12-month period exceeds the electricity supplied by the electrical corporation during that same period, the eligible biogas digester customer-generator is a net electricity producer and the electrical corporation shall retain any excess kilowatthours generated during the prior 12-month period. The eligible biogas digester customer-generator shall not be owed any compensation for those excess kilowatthours.

(4) If an eligible biogas digester customer-generator terminates service with the electrical corporation, the electrical corporation shall reconcile the eligible biogas digester customer-generator's consumption and production of electricity during any 12-month period.

(f) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

CHAPTER 846

An act to add Section 24252.1 to the Water Code, relating to irrigation districts.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 24252.1 is added to the Water Code, to read:

24252.1. A district may enter into any forward contract, or futures contract, or put, call, or swap agreement, or similar procurement method for electricity, natural gas, or coal, or any weather, fuel, or energy risk management contract determined to be in the best interests of the district by the board of directors of the district for any of the uses or purposes of the district and by those contracts or agreements to bind the district for the payment of the consideration specified therein.

CHAPTER 847

An act to add Section 345.5 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 345.5 is added to the Public Utilities Code, to read:

345.5. (a) The Independent System Operator, as a nonprofit, public benefit corporation, shall conduct its operations consistent with applicable state and federal laws and consistent with the interests of the people of the state.

(b) To ensure the reliability of electric service and the health and safety of the public, the Independent System Operator shall manage the transmission grid and related energy markets in a manner that is consistent with all of the following:

(1) Making the most efficient use of available energy resources. For purposes of this section, ''available energy resources'' include energy, capacity, ancillary services, and demand bid into markets administered by the Independent System Operator. ''Available energy resources'' do not include a schedule submitted to the Independent System Operator by

an electrical corporation or a local publicly owned electric utility to meet its own customer load.

(2) Reducing, to the extent possible, overall economic cost to the state's consumers.

(3) Applicable state law intended to protect the public's health and the environment.

(4) Maximizing availability of existing electric generation resources necessary to meet the needs of the state's electricity consumers.

(c) The Independent System Operator shall do all of the following:

(1) Consult and coordinate with appropriate state and local agencies to ensure that the Independent System Operator operates in furtherance of state law regarding consumer and environmental protection.

(2) Ensure that the purposes and functions of the Independent System Operator are consistent with the purposes and functions of nonprofit, public benefit corporations in the state, including duties of care and conflict-of-interest standards for officers and directors of a corporation.

(3) Maintain open meeting standards and meeting notice requirements consistent with the general policies of the Bagley-Keene Open Meetings Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of the Government Code) and affording the public the greatest possible access, consistent with other duties of the corporation. The Independent System Operator's Open Meeting Policy, as adopted on April 23, 1998, and in effect as of May 1, 2002, meets the requirements of this paragraph. The Independent System Operator shall maintain a policy that is no less consistent with the Bagley-Keene Open Meetings Act than its policy in effect as of May 1, 2002.

(4) Provide public access to corporate records consistent with the general policies of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) and affording the public the greatest possible access, consistent with the other duties of the corporation. The Independent System Operator's Information Availability Policy, as adopted on October 22, 1998, and in effect as of May 1, 2002, meets the requirements of this paragraph. The Independent System Operator shall maintain a policy that is no less consistent with the California Public Records Act than its policy in effect as of May 1, 2002.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 848

An act to add Sections 31149.7 and 71663.5 to the Water Code, relating to electric power.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 31149.7 is added to the Water Code, to read:

31149.7. (a) A district may provide, generate, and deliver electric power, and may construct, operate, and maintain any and all works, facilities, improvements, and property, or portion thereof, necessary or convenient for that generation and delivery.

(b) The electric powerplant or plants and transmission lines constructed pursuant to this section may be leased for operation. The power generated shall be used by a district for its own purposes. A district may sell surplus power to a public or private entity that is engaged in the distribution or sale of electricity. For purposes of this section, ''for its own purposes'' means a district performing only functions in its capacity as a water district, including, but not be limited to, any of the following:

(1) Pumping operations.

(2) Water treatment operations.

(3) Barrier intrusion operations.

(4) Desalination operations.

(c) Nothing in this section grants to a district the authority to provide, sell, or deliver electric power at retail.

(d) A district may not acquire property employed in the generation or delivery of electric power for public or private utility purposes, except by mutual agreement between the district and the owner of that property.

(e) (1) It is the intent of the Legislature, that each district that has purchased electricity from an electrical corporation on or after February 1, 2001, regardless of whether the district thereafter generates its own electricity, bear a pro rata share of the Department of Water Resources' electricity purchase costs, that are recoverable from electrical corporation customers in commission-approved rates. It is the further intent of the Legislature to prevent any shifting of recoverable costs from

districts that generate their own electricity pursuant to this section, to electrical corporation bundled customers.

(2) To the extent that any shifting of recoverable costs would occur, in the determination of the commission, those costs shall be recovered from districts that generate their own electricity, pursuant to this section.

(3) The Legislature finds and declares that the revisions of this subdivision are consistent with the requirements of Chapter 4 of the Statutes of 2001, First Extraordinary Session, and do not constitute a change in, but are declaratory of existing law.

(f) A district that generates its own electricity pursuant to this section shall be responsible for paying the following:

(1) A charge equivalent to the charges that would otherwise be imposed on the district by the commission to recover bond related costs pursuant to any agreement between the commission and the Department of Water Resources pursuant to Section 80110 of the Water Code, which charges shall be payable until all obligations of the Department of Water Resources pursuant to Division 27 (commencing with Section 80000) of the Water Code are fully paid or otherwise discharged. All bond charges are the property of the Department of Water Resources.

(2) If a district generates new offsite power, it shall be responsible for the additional costs of the Department of Water Resources, equal to the share of the Department of Water Resources' estimated net unavoidable electricity purchase contract costs attributable to the district as determined by the commission, for the period commencing with the district's initial generation of its offsite electricity, through the expiration of all then existing electricity purchase contracts entered into by the Department of Water Resources.

(g) A district generating its own electricity pursuant to this section shall reimburse the electrical corporation that previously served the district for all of the following:

(1) The electrical corporation's unrecovered past undercollections for electricity purchases, including any financing costs, attributable to that district, that the commission lawfully determines may be recovered in rates.

(2) Any additional costs of the electrical corporation recoverable in commission approved rates, equal to the share of the electrical corporation's estimated net unavoidable electricity purchase contract costs attributable to the district, as determined by the commission, for the period commencing with the district's initial generation of electricity pursuant to this section, through the expiration of all then existing electricity purchase contracts entered into by the electrical corporation.

(h) (1) Any charges imposed pursuant to subdivision (f) shall be the property of the Department of Water Resources. Any charges imposed pursuant to subdivision (g) shall be the property of the particular

electrical corporation. The commission shall establish sufficient mechanisms, including agreements with, or orders with respect to, electrical corporations as are necessary to ensure that charges payable pursuant to this section shall be promptly remitted to the party entitled to the payment.

(2) Charges imposed pursuant to this section shall be nonbypassable.

(i) Prior to implementing this section, the commission shall submit a report certifying its satisfaction of the provisions of this section to the Senate Energy, Utilities and Communications Committee, or its successor, and the Assembly Committee on Utilities and Commerce, or its successor.

SEC. 2. Section 71663.5 is added to the Water Code, to read:

71663.5. (a) A district may provide, generate, and deliver electric power, and may construct, operate, and maintain any and all works, facilities, improvements, and property, or portion thereof, necessary or convenient for that generation and delivery.

(b) The electric powerplant or plants and transmission lines constructed pursuant to this section may be leased for operation. The power generated shall be used by a district for its own purposes. A district may sell surplus power to a public or private entity that is engaged in the distribution or sale of electricity. For purposes of this section, ''for its own purposes'' means a district performing only functions in its capacity as a water district, including, but not be limited to, any of the following:

(1) Pumping operations.

(2) Water treatment operations.

(3) Barrier intrusion operations.

(4) Desalination operations.

(c) Nothing in this section grants to a district the authority to provide, sell, or deliver electric power at retail.

(d) A district may not acquire property employed in the generation or delivery of electric power for public or private utility purposes, except by mutual agreement between the district and the owner of that property.

(e) (1) It is the intent of the Legislature, that each district that has purchased electricity from an electrical corporation on or after February 1, 2001, regardless of whether the district thereafter generates its own electricity, bear a pro rata share of the Department of Water Resources' electricity purchase costs, that are recoverable from electrical corporation customers in commission-approved rates. It is the further intent of the Legislature to prevent any shifting of recoverable costs from districts that generate their own electricity pursuant to this section, to electrical corporation bundled customers.

(2) To the extent that any shifting of recoverable costs would occur, in the determination of the commission, those costs shall be recovered from districts that generate their own electricity, pursuant to this section.

(3) The Legislature finds and declares that the revisions of this subdivision are consistent with the requirements of Chapter 4 of the Statutes of 2001, First Extraordinary Session, and do not constitute a change in, but are declaratory of existing law.

(f) A district that generates its own electricity pursuant to this section shall be responsible for paying the following:

(1) A charge equivalent to the charges that would otherwise be imposed on the district by the commission to recover bond related costs pursuant to any agreement between the commission and the Department of Water Resources pursuant to Section 80110 of the Water Code, which charges shall be payable until all obligations of the Department of Water Resources pursuant to Division 27 (commencing with Section 80000) of the Water Code are fully paid or otherwise discharged. All bond charges are the property of the Department of Water Resources.

(2) If a district generates new offsite power, it shall be responsible for the additional costs of the Department of Water Resources, equal to the share of the Department of Water Resources' estimated net unavoidable electricity purchase contract costs attributable to the district as determined by the commission, for the period commencing with the district's initial generation of its offsite electricity, through the expiration of all then existing electricity purchase contracts entered into by the Department of Water Resources.

(g) A district generating its own electricity pursuant to this section shall reimburse the electrical corporation that previously served the district for all of the following:

(1) The electrical corporation's unrecovered past undercollections for electricity purchases, including any financing costs, attributable to that district, that the commission lawfully determines may be recovered in rates.

(2) Any additional costs of the electrical corporation recoverable in commission approved rates, equal to the share of the electrical corporation's estimated net unavoidable electricity purchase contract costs attributable to the district, as determined by the commission, for the period commencing with the district's initial generation of electricity pursuant to this section, through the expiration of all then existing electricity purchase contracts entered into by the electrical corporation.

(h) (1) Any charges imposed pursuant to subdivision (f) shall be the property of the Department of Water Resources. Any charges imposed pursuant to subdivision (g) shall be the property of the particular electrical corporation. The commission shall establish sufficient mechanisms, including agreements with, or orders with respect to,

electrical corporations as are necessary to ensure that charges payable pursuant to this section shall be promptly remitted to the party entitled to the payment.

(2) Charges imposed pursuant to this section shall be nonbypassable.

(i) Prior to implementing this section, the commission shall submit a report certifying its satisfaction of the provisions of this section to the Senate Energy, Utilities and Communications Committee, or its successor, and the Assembly Committee on Utilities and Commerce, or its successor.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 849

An act to add Division 31.7 (commencing with Section 81600) to the Water Code, relating to water.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Division 31.7 (commencing with Section 81600) is added to the Water Code, to read:

DIVISION 31.7. SAN FRANCISCO BAY AREA REGIONAL WATER SYSTEM FINANCING AUTHORITY

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

Article 1. General Provisions

81600. This division shall be known and may be cited as the San Francisco Bay Area Regional Water System Financing Authority Act.

81601. The Legislature finds and declares all of the following:

(a) The City and County of San Francisco has acquired or constructed a system of reservoirs, pipelines and tunnels, and treatment plants that

provides water to 2.4 million Californians who live in San Francisco and in neighboring communities in Alameda, San Mateo, and Santa Clara Counties.

(b) Over two-thirds of the Californians who rely on San Francisco's regional water system, approximately 1.6 million persons, live outside San Francisco. A substantial majority of industrial, commercial, institutional, and governmental users are also located in neighboring communities rather than in San Francisco itself.

(c) The reliability of this water infrastructure system is of vital importance to the health, welfare, safety, and economy of the region which it supplies.

(d) In turn, this region is of vital importance to the entire State of California, because of the resident industries, universities, and commercial enterprises that employ millions of Californians and generate billions of dollars in exports and tax revenues to the state.

(e) The regional water system is old, designed to outdated seismic safety standards, and either crosses or is located on, or adjacent to, three major active earthquake faults, the Calaveras Fault, the San Andreas Fault, and the Hayward Fault. Engineering investigations have disclosed that the system is at risk of catastrophic failure in a major earthquake. Many areas in all four counties now served, in the event of a major earthquake, face possible interruptions in their supplies of potable water for up to 30 days, and some areas could be without water for as long as 60 days.

(f) Interruptions in water supply of this magnitude and duration to a densely populated metropolitan region could be disastrous for public health and safety and for the regional and state economy. In addition, uncontrolled releases of water from pipelines, tunnels, and reservoirs could create severe flood damage and environmental harm to fish and wildlife habitat in the communities in which those facilities are located.

(g) Pursuant to the terms of the master water sales contract between the City and County of San Francisco and its wholesale customers, the retail water customers of the City and County of San Francisco provide the initial financing for the construction of improvements to the regional water system, and the wholesale customers do not pay for those improvements until those improvements are placed into service.

(h) Many separate cities, special districts, and public utilities are responsible for the distribution of water in portions of the bay area served, on a wholesale basis, by the San Francisco regional water supply system. The distribution of responsibility among many agencies impedes coordinated regional actions, including financing, to respond to the crisis.

(i) It is the intent of the Legislature to enable the City and County of San Francisco, and the entities in Alameda, San Mateo, and Santa Clara

Counties that rely on the San Francisco regional water system, acting collectively, to secure funds necessary to implement the prompt construction and reconstruction of the San Francisco regional water system, and to make those funds available to the City and County of San Francisco for projects designed and intended in substantial part to improve the reliability of the regional water system, including, but not limited to, strengthening the system's ability to withstand seismic events.

(j) It is not the intent of the Legislature to change the governance structure, operational control, or existing ownership of San Francisco's regional water system.

Article 2. Definitions

81602. Unless the context otherwise requires, the definitions in this article govern the construction of this division.

81603. ''Authority'' means the San Francisco Bay Area Regional Water System Financing Authority.

81604. ''Board'' means the board of directors of the authority.

81606. ''Master water sales contract'' means the document entitled ''Settlement Agreement and Master Water Sales Contract between the City and County of San Francisco and Certain Suburban Purchasers in San Mateo County, Santa Clara County, and Alameda County,'' dated July 1, 1984.

81608. ''Project'' means a work and all of the activities related to, or necessary for, the acquisition, construction, operation, and maintenance of a work including, but not limited to, planning, design, financing, contracting, project management, and administration.

81608.5. ''Public entities'' means San Francisco and the public entities in the Counties of Alameda, San Mateo, and Santa Clara that purchase water from San Francisco pursuant to the master water sales contract, that include Alameda County Water District, City of Brisbane, City of Burlingame, Coastside County Water District, City of Daly City, City of East Palo Alto, Estero Municipal Improvement District, Guadalupe Valley Municipal Improvement District, City of Hayward, Town of Hillsborough, Los Trancos County Water District, City of Menlo Park, Mid-Peninsula Water District, City of Millbrae, City of Milpitas, City of Mountain View, North Coast County Water District, City of Palo Alto, Purissima Hills Water District, City of Redwood City, City of San Bruno, City of San Jose, City of Santa Clara, Skyline County Water District, City of Sunnyvale, and Westborough Water District.

81609. ''Regional water system'' means facilities for the storage, treatment, and transmission of water operated and maintained by San Francisco located in the Counties of Tuolumne, Stanislaus, San Joaquin,

Alameda, Santa Clara, San Mateo, and three terminal reservoirs in San Francisco.

81610. "San Francisco" means the City and County of San Francisco.

CHAPTER 2. CREATION OF AUTHORITY

81615. (a) The San Francisco Bay Area Regional Water System Financing Authority is hereby created.

(b) The members of the authority include the public entities identified in Section 81608.5, Stanford University, and the California Water Service Company.

CHAPTER 3. GOVERNMENT OF AUTHORITY

Article 1. Board of Directors

81628. The authority shall be governed by a board of directors.

81629. (a) The governing body of each member public entity, other than San Francisco, shall appoint one voting member to the board of the authority. Subject to Section 81673, the governing body of San Francisco shall appoint one nonvoting member to the board of the authority. Each director shall be a registered voter and reside within the boundaries of the member public entity whose governing board appoints him or her.

(b) For the purposes of subdivision (a), the governing body of a member public entity may appoint one of its own members to the board if the person otherwise meets the requirements of that subdivision.

(c) (1) The Board of Supervisors of San Mateo County shall appoint one voting member to the board who is a resident of San Mateo County, receives water from the California Water Service Company, and is not an officer or employee of the California Water Service Company.

(2) The Board of Supervisors of Santa Clara County shall appoint one voting member to the board who is a resident of Santa Clara County, receives water from Stanford University, and is not an officer or employee of Stanford University.

(d) If a person appointed pursuant to this section ceases to possess the qualifications for this office set forth in this section, the office shall become vacant and the vacancy shall be filled pursuant to subdivision (c) of Section 81631.

(e) No incompatibility of office shall result from an elected official serving on the board of the authority and on the governing board of a member public entity.

(f) The initial appointments shall be made not later than March 1, 2003.

81630. Each director, before entering upon the duties of his or her office, shall take the oath of office as provided for in the Constitution and laws of the state.

81631. (a) Each director shall serve for a term of four years.

(b) Notwithstanding subdivision (a), the directors initially appointed to the board shall determine, by lot, that one-half plus one of their number shall serve for four years and the remaining directors shall serve for two years. Thereafter, each appointing authority shall appoint a person to replace its respective director or may reappoint its director for an unlimited number of terms.

(c) A vacancy on the board shall be filled by the respective appointing authority not later than 90 days from the date of the occurrence of the vacancy.

81632. Each director who is not an officer or employee of an appointing entity may receive compensation in an amount prescribed by the board, not to exceed one hundred dollars ($100) per day for each day's attendance at meetings of the board, not to exceed four meetings in any calendar month. In addition, each director may be reimbursed for actual, necessary, and reasonable expenses incurred in the performance of duties performed at the request of the board. The compensation of directors may be increased pursuant to Chapter 2 (commencing with Section 20200) of Division 10.

81633. A majority of the voting members of the board constitutes a quorum for the transaction of business. The board may act only by ordinance, resolution, or motion.

81634. The board shall hold its first meeting as soon as possible after the appointment of the initial directors. At its first meeting, and at its first meeting in January each year thereafter, the board shall elect a chairperson and a vice-chairperson from among its members.

81635. The board shall provide for the time and place of holding its regular meetings. All meetings of the board shall be called and held in accordance with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

81636. Each voting director has one vote on any ordinance, resolution, or motion before the board. Except as provided in Section 81653, the affirmative vote of a majority of all voting members of the board is necessary and sufficient to carry any motion, resolution, or ordinance.

81637. (a) On all ordinances and resolutions, the roll shall be called and ayes and noes recorded in the minutes of the proceedings of the board.

(b) Motions may be adopted by voice vote, except that the roll shall be called at the request of any director.

Article 2. Officers and Employees

81640. The board shall appoint a general manager, a financial officer, and a secretary. The board may establish other offices that may be necessary or convenient. The board shall appoint, and prescribe the duties, compensation, and terms and conditions of employment of, all officers.

81641. The board may employ other employees that the board determines are necessary or convenient and may delegate to the general manager the authority to employ or contract for the services of additional assistants or employees that the general manager determines to be necessary or convenient to operate the authority.

81642. The board may require, and establish the amount of, official bonds of officers and employees that are necessary for the protection of the funds and property of the authority.

81643. (a) Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code applies to all officers and employees of the authority, except that a director may vote on a contract between the authority and the public entity that appointed him or her to the authority's board. Notwithstanding the membership on the board of the members appointed pursuant to subdivision (c) of Section 81629, a contract between the authority and the California Water Service Company or between the authority and Stanford University does not violate Section 1090 of the Government Code, nor is that contract void or voidable under Section 1092 of the Government Code.

(b) The authority is a ''local government agency'' for purposes of the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code).

Chapter 4. Powers and Functions of Authority

Article 1. Powers

81645. The authority may exercise the powers that are expressly granted by this division, together with other powers that are reasonably implied from those expressed powers, and powers necessary and proper to carry out this division.

81646. (a) The authority may make contracts of any nature, including, but not limited to, contracts to employ labor, to indemnify and hold harmless, and to do all acts necessary or convenient for the full exercise of its powers.

(b) The authority may contract with any department or agency of the United States or the state, or with any public or private entity, or person.

81647. The authority may take by grant, purchase, bequest, devise, or lease and may hold, enjoy, lease, sell, or otherwise dispose of real and personal property of any kind, within or outside the boundaries of the authority.

81648. The authority may apply for and receive state and federal grants, loans, and other financial assistance.

81649. Nothing in this division changes the governance, control, or ownership of the regional water system.

Article 2. Financial Matters

81650. The board shall adopt a budget for each fiscal year.

81651. The accounts of the authority shall be audited annually in accordance with generally accepted auditing standards by independent certified public accountants with experience in auditing the accounts of local public entities.

81652. The authority may borrow money, incur indebtedness, and issue notes and bonds as provided in this division, or as otherwise authorized by law.

81653. (a) The authority may issue revenue bonds upon the adoption of an ordinance by a two-thirds vote of all of the voting members of the board, after notice and public hearing. For the purposes of issuing bonds pursuant to this subdivision, the authority need not conduct an election or otherwise secure the approval of the voters within the boundaries of the authority.

(b) The authority shall publish a notice in a newspaper of general circulation at least 15 days before the date of the meeting at which the issuance of revenue bonds is to be considered and shall provide an opportunity for public comments during that meeting and before the directors vote on the issuance of those bonds.

(c) The authority may not issue any revenue bonds after December 31, 2020.

81654. The authority may issue bonds for the purpose of refunding any revenue bonds of the authority, whether due or not due.

81655. The authority may issue negotiable promissory notes to acquire funds for any authority purpose. The notes shall have a term not to exceed five years. The total amount of notes issued pursuant to this section that may be outstanding at any one time may not exceed one million dollars ($1,000,000).

81656. Bonds and other evidences of indebtedness issued by the authority are legal investments for all trust funds and for funds of all insurers, commercial and savings banks, trust companies, and state

schools. Funds that may be invested in bonds of cities, cities and counties, counties, school districts, or other local entities may also be invested in bonds and other evidences of indebtedness of the authority.

81658. (a) The proceeds of revenue bonds issued by the authority in accordance with this division may be used only on projects designed and intended in substantial part to improve the reliability of the regional water system, including, but not limited to, strengthening the system's ability to withstand seismic events.

(b) The proceeds shall be made available for the purposes set forth in subdivision (a) upon terms and conditions that the board determines necessary and appropriate. The terms and conditions shall include, but are not limited to, San Francisco's entering into one or more legally binding contracts with the authority that, at a minimum, do all of the following:

(1) Identify specific projects and proposed completion dates, subject to reasonable delays, for which the proceeds are to be used.

(2) Grant to the authority the authority to oversee and audit the disposition of proceeds to third party consultants, suppliers, and contractors.

(3) Grant to the authority the authority to determine the procedure by which contracts are awarded to consultants, suppliers, and contractors, consistent with the requirements of San Francisco's charter and ordinances.

(4) Grant to the authority the authority to inspect the construction of projects on which bond proceeds are expended.

(5) Require San Francisco to provide complete, accurate, and timely information to the authority on the expenditure of the bond proceeds.

(6) (A) (i) Require San Francisco, on behalf of the authority, to impose a surcharge on Stanford University, the California Water Service Company, and each of the public entities identified in Section 81608.5, other than San Francisco, in an amount that will generate sufficient revenue to pay the debt service on bonds issued by the authority and the operating expenses of the authority.

(ii) The surcharge shall be calculated annually by the authority as a uniform percentage of each entity's water bill.

(B) Require San Francisco to impose the surcharge described in clause (i) of subparagraph (A) on its retail water customers upon the occurrence of either of the following events:

(i) The voters of San Francisco approve a ballot measure authorizing retail water rates to be increased to pay for the retail water customer's share of the debt service on bonds issued by the authority and the operating expenses of the authority.

(ii) The restrictions on water rate increases set forth in ''Proposition H,'' adopted by the voters of San Francisco on June 2, 1998, are not in effect.

(7) Require San Francisco to transmit the proceeds of the surcharge collected by San Francisco to the authority in the manner determined by the authority.

(8) Provide that, for the purposes of the master water sales contract, the revenue generated by the surcharge imposed pursuant to paragraph (6) does not constitute revenue of the regional water system or revenue as defined in San Francisco's indenture of trust relating to its revenue bonds.

(9) Provide that the facilities constructed with the proceeds of bonds issued by the authority shall not be included in the wholesale system rate base.

(10) Provide for the continuation of the surcharge imposed pursuant to paragraph (6) after the expiration of the master water sales contract in 2009.

(11) Provide that the ownership and operational control of improvements to the regional water system that are financed in any part by the authority shall remain with San Francisco, unless San Francisco agrees to a change in that ownership or operational control.

(c) San Francisco may require the authority to reimburse San Francisco for the direct and reasonable costs San Francisco actually incurs in implementing the requirements of paragraphs (6) and (7) of subdivision (b).

(d) The authority may not take any action that results in an affirmative or defacto pledge of any facilities of, or improvements to, the regional water system. The authority may not take any action that results in a pledge of revenue collected by San Francisco, other than revenue generated by the imposition of the surcharge described in paragraph (6) of subdivision (b).

Article 3. Controversies

81660. The authority may sue and be sued in all actions and proceedings and in all courts and tribunals of competent jurisdiction.

81661. All claims for money or damages against the authority are governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code.

81662. An action to determine the validity of any contract, bond, note, or other evidence of indebtedness may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

CHAPTER 5. MISCELLANEOUS

81670. Membership of any public entity in the authority does not affect the identity or legal existence, nor impair the powers, of that public entity.

81671. San Francisco shall provide the authority with prompt access to any public records requested by the authority unless those records are exempt from disclosure pursuant to Section 6254 of the Government Code. San Francisco may not withhold public records from the authority pursuant to a balancing of the public interest in accordance with Section 6255 of the Government Code.

81671.5. If the proceeds of bonds issued by the authority are made available for use on projects described in subdivision (a) of Section 81658, with the agreement and consent of San Francisco as required by subdivision (b) of Section 81658, San Francisco may not, for as long as those bonds are outstanding, sell, lease, or otherwise transfer title to, or control over, any facility used for the storage, transmission, or treatment of water to any private person or corporation.

81671.6. This division does not modify the provisions of the master water sales contract.

81671.7. The authority shall dissolve upon the repayment of all revenue bonds issued pursuant to this division and the satisfaction of all other debts and obligations of the authority.

81672. This division shall be liberally construed to carry out its purposes.

81673. San Francisco shall become a voting member of the authority if the surcharge is imposed on San Francisco's retail water customers in accordance with subparagraph (B) of paragraph (6) of subdivision (b) of Section 81658.

81674. (a) San Francisco shall submit a report to the Joint Legislative Audit Committee on or before September 1 of each year describing the progress made on projects financed by the authority and on the implementation of the capital improvement program for the regional water system.

(b) With regard to the projects financed by the authority, San Francisco shall include in the report, to the degree feasible, all of the following information:

(1) The expenditure of the bond proceeds.

(2) The expenditure on each project relative to budget and schedule.

(3) A description of the physical portion of each project completed compared to schedule.

(4) Significant revisions to a budget or schedule, including the reason for the change and the plan or effort taken to complete the project in accordance with the original budget and schedule.

(5) A description of potential service impacts of schedule delays and measures planned or being taken to reduce the risks of long-term service interruptions.

(6) The plan for work remaining, including projected schedule and cost for each project completion relative to original budget and schedule.

(c) With regard to the implementation of the regional water system's capital improvement program, San Francisco shall include in the report all of the following information:

(1) The status of current projects, without regard to the source of financing.

(2) Modifications to the capital improvement program relative to the capital improvement program adopted by the San Francisco Public Utilities Commission in May 2002, noting the significance of any change in schedule and project completion dates that decrease or increase the risk of long-term service interruptions to the customers of the regional water system.

(3) A description of measures planned or taken to reduce risk if a project is delayed.

SEC. 2. The provisions of this division are severable. If any provision of this division or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 3. The Legislature finds and declares that the act adding this section, which is applicable only to the San Francisco Bay Area Regional Water System Financing Authority, is necessary because of the unique and special water supply problems prevailing in the geographic area that may be included in the boundaries of the authority. It is, therefore, hereby declared that a general law within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable to the authority and the enactment of this special law is necessary for the conservation, development, control, and use of water supplied to that geographic area for the public good.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 850

An act to add Section 454.5 to the Public Utilities Code, relating to electricity, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 2002. Filed with Secretary of State September 24, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Californians can significantly increase the reliability of the electricity system and reduce the level of wholesale electricity prices by reducing electricity usage at peak times through a variety of measures designed to reduce electricity consumption during those periods.

(b) Dynamic pricing, including real-time pricing, provides incentives to reduce electricity consumption in precisely those hours when supplies are tight and provides lower prices when wholesale prices are low.

(c) The State of California, through Assembly Bill 29 of the 2001–02 First Extraordinary Session, has already invested thirty-five million dollars ($35,000,000) in real-time metering systems for customers who consume greater than 200 kilowatts.

(d) Real-time pricing integrates information technology into the energy business, and creates new markets for communications, microelectronic controls, and information.

(e) Electricity consumption for air conditioning purposes during peak demand periods significantly contributes to California's electricity shortage vulnerability during summer periods.

(f) It is the intent of the Legislature to promote energy conservation and demand reduction in the State of California.

SEC. 2. (a) On or before March 31, 2003, the State Energy Resources Conservation and Development Commission, in consultation with the Public Utilities Commission, shall report to the Legislature and the Governor regarding the feasibility of implementing real-time pricing, critical peak pricing, and other dynamic pricing tariffs for electricity in California, as strategies which can either reduce peak demand or shift peak demand load to off-peak periods.

(b) The report shall consider all of the following:

(1) How wholesale real-time prices would be calculated and made available to customers.

(2) Options for day-ahead and hour-ahead retail prices.

(3) Options for facilitating customer response to real-time and critical peak prices and managing total customer costs, including, but not limited to, interval metering and communication systems,

consumer-side of the meter notification, and automatic response equipment.

(4) An assessment of the options for a variety of customer classes, including, but not limited to, industrial, commercial, residential, and tenants of a mobilehome park, apartment building, or similar residential complex, that receive electricity from a master-meter customer through a submetered system.

(5) Estimates of potential peak load reductions, including the shifting of peak load demand to off-peak periods.

(6) Options for incorporating demand responsiveness into the wholesale competitive market and operations of the California Independent System Operator.

(7) Options for ensuring customer protection under a real-time, critical peak, and other dynamic pricing scenarios, including identifying potentially disadvantaged groups who may be disproportionately vulnerable to the impact of volatile prices and suggestions for effective safeguards for those customers.

SEC. 3. Section 454.5 is added to the Public Utilities Code, to read:

454.5. (a) The commission shall specify the allocation of electricity, including quantity, characteristics, and duration of electricity delivery, that the Department of Water Resources shall provide under its power purchase agreements to the customers of each electrical corporation, which shall be reflected in the electrical corporation's proposed procurement plan. Each electrical corporation shall file a proposed procurement plan with the commission not later than 60 days after the commission specifies the allocation of electricity. The proposed procurement plan shall specify the date that the electrical corporation intends to resume procurement of electricity for its retail customers, consistent with its obligation to serve. After the commission's adoption of a procurement plan, the commission shall allow not less than 60 days before the electrical corporation resumes procurement pursuant to this section.

(b) An electrical corporation's proposed procurement plan shall include, but not be limited to, all of the following:

(1) An assessment of the price risk associated with the electrical corporation's portfolio, including any utility-retained generation, existing power purchase and exchange contracts, and proposed contracts or purchases under which an electrical corporation will procure electricity, electricity demand reductions, and electricity-related products and the remaining open position to be served by spot market transactions.

(2) A definition of each electricity product, electricity-related product, and procurement related financial product, including support

and justification for the product type and amount to be procured under the plan.

(3) The duration of the plan.

(4) The duration, timing, and range of quantities of each product to be procured.

(5) A competitive procurement process under which the electrical corporation may request bids for procurement-related services, including the format and criteria of that procurement process.

(6) An incentive mechanism, if any incentive mechanism is proposed, including the type of transactions to be covered by that mechanism, their respective procurement benchmarks, and other parameters needed to determine the sharing of risks and benefits.

(7) The upfront standards and criteria by which the acceptability and eligibility for rate recovery of a proposed procurement transaction will be known by the electrical corporation prior to execution of the transaction. This shall include an expedited approval process for the commission's review of proposed contracts and subsequent approval or rejection thereof. The electrical corporation shall propose alternative procurement choices in the event a contract is rejected.

(8) Procedures for updating the procurement plan.

(9) A showing that the procurement plan will achieve the following:

(A) The electrical corporation will, in order to fulfill its unmet resource needs and in furtherance of Section 701.3, until a 20 percent renewable resources portfolio is achieved, procure renewable energy resources with the goal of ensuring that at least an additional 1 percent per year of the electricity sold by the electrical corporation is generated from renewable energy resources, provided sufficient funds are made available pursuant to Section 399.6, to cover the above-market costs for new renewable energy resources.

(B) The electrical corporation will create or maintain a diversified procurement portfolio consisting of both short-term and long-term electricity and electricity-related and demand reductions products.

(10) The electrical corporation's risk management policy, strategy, and practices, including specific measures of price stability.

(11) A plan to achieve appropriate increases in diversity of ownership and diversity of fuel supply of nonutility electrical generation.

(12) A mechanism for recovery of reasonable administrative costs related to procurement in the generation component of rates.

(c) The commission shall review and accept, modify, or reject each electrical corporation's procurement plan. The commission's review shall consider each electrical corporation's individual procurement situation, and shall give strong consideration to that situation in determining which one or more of the features set forth in this subdivision shall apply to that electrical corporation. A procurement

plan approved by the commission shall contain one or more of the following features, provided that the commission may not approve a feature or mechanism for an electrical corporation if it finds that the feature or mechanism would impair the restoration of an electrical corporation's creditworthiness or would lead to a deterioration of an electrical corporation's creditworthiness:

(1) A competitive procurement process under which the electrical corporation may request bids for procurement-related services. The commission shall specify the format of that procurement process, as well as criteria to ensure that the auction process is open and adequately subscribed. Any purchases made in compliance with the commission-authorized process shall be recovered in the generation component of rates.

(2) An incentive mechanism that establishes a procurement benchmark or benchmarks and authorizes the electrical corporation to procure from the market, subject to comparing the electrical corporation's performance to the commission-authorized benchmark or benchmarks. The incentive mechanism shall be clear, achievable, and contain quantifiable objectives and standards. The incentive mechanism shall contain balanced risk and reward incentives that limit the risk and reward of an electrical corporation.

(3) Upfront achievable standards and criteria by which the acceptability and eligibility for rate recovery of a proposed procurement transaction will be known by the electrical corporation prior to the execution of the bilateral contract for the transaction. The commission shall provide for expedited review and either approve or reject the individual contracts submitted by the electrical corporation to ensure compliance with its procurement plan. To the extent the commission rejects a proposed contract pursuant to this criteria, the commission shall designate alternative procurement choices obtained in the procurement plan that will be recoverable for ratemaking purposes.

(d) A procurement plan approved by the commission shall accomplish each of the following objectives:

(1) Enable the electrical corporation to fulfill its obligation to serve its customers at just and reasonable rates.

(2) Eliminate the need for after-the-fact reasonableness reviews of an electrical corporation's actions in compliance with an approved procurement plan, including resulting electricity procurement contracts, practices, and related expenses. However, the commission may establish a regulatory process to verify and assure that each contract was administered in accordance with the terms of the contract, and contract disputes which may arise are reasonably resolved.

(3) Ensure timely recovery of prospective procurement costs incurred pursuant to an approved procurement plan. The commission shall

establish rates based on forecasts of procurement costs adopted by the commission, actual procurement costs incurred, or combination thereof, as determined by the commission. The commission shall establish power procurement balancing accounts to track the differences between recorded revenues and costs incurred pursuant to an approved procurement plan. The commission shall review the power procurement balancing accounts, not less than semiannually, and shall adjust rates or order refunds, as necessary, to promptly amortize a balancing account, according to a schedule determined by the commission. Until January 1, 2006, the commission shall ensure that any overcollection or undercollection in the power procurement balancing account does not exceed 5 percent of the electrical corporation's actual recorded generation revenues for the prior calendar year excluding revenues collected for the Department of Water Resources. The commission shall determine the schedule for amortizing the overcollection or undercollection in the balancing account to ensure that the 5 percent threshold is not exceeded. After January 1, 2006, this adjustment shall occur when deemed appropriate by the commission consistent with the objectives of this section.

(4) Moderate the price risk associated with serving its retail customers, including the price risk embedded in its long-term supply contracts, by authorizing an electrical corporation to enter into financial and other electricity-related product contracts.

(5) Provide for just and reasonable rates, with an appropriate balancing of price stability and price level in the electrical corporation's procurement plan.

(e) The commission shall provide for the periodic review and prospective modification of an electrical corporation's procurement plan.

(f) The commission may engage an independent consultant or advisory service to evaluate risk management and strategy. The reasonable costs of any consultant or advisory service is a reimbursable expense and eligible for funding pursuant to Section 631.

(g) The commission shall adopt appropriate procedures to ensure the confidentiality of any market sensitive information submitted in an electrical corporation's proposed procurement plan or resulting from or related to its approved procurement plan, including, but not limited to, proposed or executed power purchase agreements, data request responses, or consultant reports, or any combination, provided that the Office of Ratepayer Advocates and other consumer groups that are nonmarket participants shall be provided access to this information under confidentiality procedures authorized by the commission.

(h) Nothing in this section alters, modifies, or amends the commission's oversight of affiliate transactions under its rules and

decisions or the commission's existing authority to investigate and penalize an electrical corporation's alleged fraudulent activities, or to disallow costs incurred as a result of gross incompetence, fraud, abuse, or similar grounds. Nothing in this section expands, modifies, or limits the State Energy Resources Conservation and Development Commission's existing authority and responsibilities as set forth in Sections 25216, 25216.5, and 25323 of the Public Resources Code.

(i) An electrical corporation that serves less than 500,000 electric retail customers within the state may file with the commission a request for exemption from this section, which the commission shall grant upon a showing of good cause.

(j) (1) Prior to its approval pursuant to Section 851 of any divestiture of generation assets owned by an electrical corporation on or after the date of enactment of the act adding this section, the commission shall determine the impact of the proposed divestiture on the electrical corporation's procurement rates and shall approve a divestiture only to the extent it finds, taking into account the effect of the divestiture on procurement rates, that the divestiture is in the public interest and will result in net ratepayer benefits.

(2) Any electrical corporation's procurement necessitated as a result of the divestiture of generation assets on or after the effective date of the act adding this subdivision shall be subject to the mechanisms and procedures set forth in this section only if its actual cost is less than the recent historical cost of the divested generation assets.

(3) Notwithstanding paragraph (2), the commission may deem proposed procurement eligible to use the procedures in this section upon its approval of asset divestiture pursuant to Section 851.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to determine the feasibility of dynamic pricing as soon as possible, and in order that the Public Utilities Commission may undertake the review and approval of each electric corporation's

procurement plan at the earliest possible time in a manner consistent with this act, it is necessary that this act take effect immediately.

CHAPTER 851

An act to amend Section 530.6 of the Penal Code, relating to criminal procedure.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 25, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 530.6 of the Penal Code is amended to read:

530.6. (a) A person who has learned or reasonably suspects that his or her personal identifying information has been unlawfully used by another, as described in subdivision (a) of Section 530.5, may initiate a law enforcement investigation by contacting the local law enforcement agency that has jurisdiction over his or her actual residence, which shall take a police report of the matter, provide the complainant with a copy of that report, and begin an investigation of the facts or, if the suspected crime was committed in a different jurisdiction, refer the matter to the law enforcement agency where the suspected crime was committed for an investigation of the facts.

(b) A person who reasonably believes that he or she is the victim of identity theft may petition a court, or the court, on its own motion or upon application of the prosecuting attorney, may move, for an expedited judicial determination of his or her factual innocence, where the perpetrator of the identity theft was arrested for, cited for, or convicted of a crime under the victim's identity, or where a criminal complaint has been filed against the perpetrator in the victim's name, or where the victim's identity has been mistakenly associated with a record of criminal conviction. Any judicial determination of factual innocence made pursuant to this section may be heard and determined upon declarations, affidavits, police reports, or other material, relevant, and reliable information submitted by the parties or ordered to be part of the record by the court. Where the court determines that the petition or motion is meritorious and that there is no reasonable cause to believe that the victim committed the offense for which the perpetrator of the identity theft was arrested, cited, convicted, or subject to a criminal complaint in the victim's name, or that the victim's identity has been mistakenly associated with a record of criminal conviction, the court shall find the

victim factually innocent of that offense. If the victim is found factually innocent, the court shall issue an order certifying this determination.

(c) After a court has issued a determination of factual innocence pursuant to this section, the court may order the name and associated personal identifying information contained in court records, files, and indexes accessible by the public deleted, sealed, or labeled to show that the data is impersonated and does not reflect the defendant's identity.

(d) A court that has issued a determination of factual innocence pursuant to this section may at any time vacate that determination if the petition, or any information submitted in support of the petition, is found to contain any material misrepresentation or fraud.

(e) The Judicial Council of California shall develop a form for use in issuing an order pursuant to this section.

CHAPTER 852

An act to add Chapter 12 (commencing with Section 115340) to Part 9 of Division 104 of the Health and Safety Code, relating to health.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 25, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Radioactive iodine can cause cancer when ingested in very small amounts.

(b) Radioactive iodine can be leaked, or released into the atmosphere, as a result of nuclear powerplant accidents, threatening the health and safety of those exposed.

(c) Potassium iodide is an effective and inexpensive drug, approved by the Food and Drug Administration to mitigate and prevent the harmful effects of radioactive iodine.

(d) It is the intent of the Legislature to ensure that residents, workers, and visitors in the state-designated emergency planning zone around each operational nuclear powerplant in California are provided with potassium iodide tablets, in the event of a nuclear emergency.

SEC. 2. Chapter 12 (commencing with Section 115340) is added to Part 9 of Division 104 of the Health and Safety Code, to read:

CHAPTER 12. PROTECTION FROM EFFECTS OF EXPOSURE TO RADIOACTIVE IODINE IN NUCLEAR EMERGENCIES

115340. (a) The State Department of Health Services shall work with the KI working group, which is coordinated by the Office of Emergency Services, to establish and implement a program to oversee the distribution of potassium iodide (KI) tablets to all persons who reside, work, visit, or attend school within the state-designated emergency planning zone of an operational nuclear powerplant, in order to provide protection to members of the public in the event of an accident causing leakage of radioactive iodine, pursuant to the offer of the Nuclear Regulatory Commission to provide the state with a supply of KI tablets.

(b) In order to implement the program required by subdivision (a), the department, in consultation with local health departments and local emergency management agencies, shall develop and implement a plan for both of the following:

(1) The prompt distribution of the tablets to persons at risk in the event of a nuclear emergency, in a manner to best protect the public health.

(2) The dissemination of instructions on the use of the tablets, including the possible need for medical consultation, if indicated.

(c) The department shall work with the KI working group described in subdivision (a) to develop and implement a plan and method for the efficient storage of KI tablets.

(d) The department, in consultation with the KI working group, shall evaluate areas in the state, other than those described in subdivision (a), in which leakage of radioactive iodine is possible, and evaluate the need to store quantities of KI tablets in those areas.

(e) No later than July 1, 2004, the department shall submit a plan to the Governor and the Legislature on the establishment and implementation of the program required pursuant to subdivisions (a) and (b), and on the development and implementation of the plan and method required in subdivision (c). No later than July 1, 2004, the department shall also submit to the Governor and the Legislature the evaluation required in subdivision (d).

115342. This chapter shall be implemented only to the extent that funds are appropriated for the purposes of this chapter in the annual Budget Act or another measure.

CHAPTER 853

An act to amend Sections 56.05, 56.101, 56.11, and 56.12 of, and to add Section 56.102 to, the Civil Code, relating to medical information.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 25, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 56.05 of the Civil Code is amended to read:

56.05. For purposes of this part:

(a) ''Authorization'' means permission granted in accordance with Section 56.11 or 56.21 for the disclosure of medical information.

(b) ''Authorized recipient'' means any person who is authorized to receive medical information pursuant to Section 56.10 or 56.20.

(c) ''Contractor'' means any person or entity that is a medical group, independent practice association, pharmaceutical benefits manager, or a medical service organization and is not a health care service plan or provider of health care. ''Contractor'' does not include insurance institutions as defined in subdivision (k) of Section 791.02 of the Insurance Code or pharmaceutical benefits managers licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

CHAPTER 854

An act to add Article 9 (commencing with Section 4750) to Chapter 10 of Part 2 of Division 4 of the Public Resources Code, relating to sudden oak death, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 25, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 4750) is added to Chapter 10 of Part 2 of Division 4 of the Public Resources Code, to read:

Article 9. Sudden Oak Death Management Act of 2002

4750. This article shall be known and may be cited as the Sudden Oak Death Management Act of 2002.

4750.1. The Legislature finds and declares all of the following:

(a) The need for expanding the current efforts to slow the spread of sudden oak death grows more urgent with the discovery of each new plant host and the spread of the disease to an increasing number of counties.

(b) The cause of sudden oak death, a fungus known as Phytophthora ramorum, has only recently been discovered. There is currently no known cure for trees and other plant species infected with this fungus, leaving removal as the only current option. Although costly, infected trees and other plant species can be removed.

(c) Ten counties have now confirmed the presence of sudden oak death in several trees and other plant species. The counties are Marin, Sonoma, Monterey, Mendocino, Napa, San Mateo, Santa Cruz, Santa Clara, Solano, and Alameda. Trees and other plant species in several other counties are potentially affected with sudden oak death, but are not yet confirmed.

(d) In addition to the tens of thousands of tanoaks (Lithocarpus densiflorus), coast live oaks (Quercus agrifolia), and black oaks (Quercus kelloggii) that are currently dying of Phytophthora ramorum, the fungus has also been confirmed in Shreve's oak (Quercus parvula, var. shrevei), rhododendron (Rhododendron species, except azaleas), California bay laurel (Umbellularia californica), madrone (Arbutus menziesii), huckleberry (Vaccinium ovatum), arrowwood (Viburnum x bodnantense), bigleaf maple (Acer macrophyllum), California buckeye (Aesculus californica), California coffeeberry (Rhamnus californica), a honeysuckle (Lonicera hispidula), manzanita (Arctostaphylos manzanita), and Toyon or Christmas berry (Heteromeles arbutifolia). Several more species are suspected of infestation.

(e) Research is urgently needed to determine the range of host trees and other plants that may be infected, to help develop sufficient control strategies.

(f) There is now a significant danger that sudden oak death may spread to other regions of California, other states, or countries. Currently, federal agencies, California, Oregon, Canada, and South Korea have imposed quarantines in an attempt to halt the spread of the fungus.

(g) The effect of the spread of this devastating disease is potentially disastrous: massive die-offs of oak trees covering thousands of acres; a serious increase in fire threats in areas that include densely populated areas; a dramatic change in forest cover and ecosystems with a devastating effect on California's wildlife; and severe consequences to California's economy, including threats to tourism and the continued sale of nursery stock and forest products.

(h) Therefore, it is the intent of the Legislature to provide continuing funding to the Resources Agency for its program to combat sudden oak

death. Funding is necessary to address this situation quickly and adequately, and to ensure that necessary actions are taken to protect the public safety and the environment. It is the intent of the Legislature that the Department of Forestry and Fire Protection, with recommendations from the California Oak Mortality Task Force, administer this program.

4750.2. As used in this article, ''task force'' means the California Oak Mortality Task Force.

4750.3. It is hereby declared to be the policy of the state, to the extent feasible, to stop the spread of sudden oak death and conserve oak trees and other plant species affected by the disease. The purpose of this article is to accomplish all of the following:

(a) Prevent the introduction and spread within this state of sudden oak death caused by Phytophthora ramorum.

(b) Reduce or eliminate the loss of oak trees and other plant species infected with Phytophthora ramorum.

(c) Encourage the coordination of efforts between federal, state, and local agencies and organizations to effectively allocate resources to manage Phytophthora ramorum.

4750.4. (a) (1) The department shall implement a program to detect, remove, and treat, if possible, trees infected with Phytophthora ramorum. This program shall encourage tree management and replanting in urban and other infected areas and assist counties in seeking innovative solutions to problems caused by Phytophthora ramorum.

(2) The department is primarily responsible for carrying out the intent of this article in cooperation with the task force and other private and public entities or persons and appropriate local, state, and federal agencies.

(b) (1) The department shall cooperate with those agencies of the federal government that have powers and duties concerning forestry, and shall perform all actions necessary to secure for this state the benefits of federal forestry programs.

(2) To facilitate the implementation of this article, the director may enter into agreements and contracts with any public or private entity, including any local agency, that has forestry related jurisdictional responsibilities. The director may consult with those entities and agencies when carrying out the objectives of this article.

(c) The director shall take all necessary steps to prevent or retard the introduction, establishment, and spread of Phytophthora ramorum.

(d) The department and the Department of Food and Agriculture shall cooperate in setting quarantine boundary lines, if necessary, and in enforcing the provisions relating to plant quarantine and pest control in Division 4 (commencing with Section 5001) of the Food and

Agricultural Code if a quarantine is established with regard to Phytophthora ramorum.

4750.5. (a) The department shall provide information and technical assistance to cities, counties, districts, regional entities, homeowner neighborhood groups, and nonprofit organizations on Phytophthora ramorum.

(b) The department and any other state agency may assist local tree maintenance programs by loaning surplus equipment for regional and local urban forestry. Eligible programs shall include, but are not limited to, urban tree care by nonprofit organizations.

4750.6. The director, with advice from the task force, may enter into contracts to provide assistance for project costs associated with the implementation of this article. Eligible projects shall include all of the following:

(a) Infected tree detection, including coordination of local agency efforts and citizen involvement.

(b) Funding for seedlings, tree stock, and replanting.

(c) Other categories of projects recommended by the task force and approved by the director.

4750.7. (a) (1) The Department of Forestry and Fire Protection shall expend funds, subject to appropriation in the Budget Act of 2002, on sudden oak death management activities pursuant to this section. The department shall take into account the recommendations of the task force for the expenditure of the funds.

(2) The department shall expend the funds appropriated pursuant to this subdivision to take various actions to control the spread of Phytophthora ramorum, to find effective treatments to prevent or eliminate sudden oak death, and to assist state and local agencies and private property owners to perform, identify, remove, and appropriately dispose of trees and plants that have become infected or expired due to sudden oak death.

(3) (A) Of the amount to be expended pursuant to this subdivision, the department shall expend the amount of funds it deems necessary on sudden oak death monitoring including, but not limited to, open-space surveys, roadside surveys, aerial surveys, monitoring technique workshops, development of baseline information on the distribution, condition, and mortality rates of oaks in California, and maintaining an up-to-date geographic information system database.

(B) Of the amount to be expended pursuant to this subdivision, the department shall expend not less than seven hundred thousand dollars ($700,000) on sudden oak death management activities pursuant to contracts with counties, which may include, but need not be limited to, hazard tree assessment, contracts with counties for hazard tree removal pursuant to the process established by clause (i), biomass utilization,

assessment and management of restoration and mitigation options, establishment and operation of demonstration projects, including green waste treatment facilities, and grants to counties for oak tree restoration pursuant to the process established by clause (ii).

(i) The department shall utilize a portion of the funds to be expended pursuant to this subparagraph to contract with affected counties for the removal of trees that have died or are dying as a result of sudden oak death. An affected county may apply to the department for a contract, and shall provide the department with an action plan for the removal and disposition of affected trees within its jurisdiction. The department shall approve or deny an affected county's action plan in a timely manner. If the department approves the action plan of an affected county, the department may enter into a contract with that county. The department shall consider the recommendation of the task force prior to approving or denying any county action plan and prior to entering into any contract under this clause. Any action plan approved by the board prior to January 1, 2003, is deemed sufficient to comply with this section.

(ii) The department shall utilize a portion of the funds to be expended pursuant to this subparagraph to contract with affected counties for activities designed to restore oak trees in areas that have been affected by sudden oak death. An affected county may apply to the department for these funds, and provide the department with an action plan for the restoration of affected trees within its jurisdiction. The department shall approve or deny an affected county's action plan in a timely manner. If the department approves the action plan of an affected county, the department may enter into a contract with that county. The department shall consider the recommendations of the task force prior to approving or denying any county action plan and prior to entering into a contract under this clause. The department may reallocate to other sudden oak management activities authorized under this section any amount allocated under this subdivision and not expended within one year after the date it was originally allocated.

(C) Of the amount to be expended pursuant to this subdivision, the department may expend the amount of funds it deems necessary on research activities, including, but not limited to, research on forest pathology and Phytophthora ecology, forest insects associated with oak decline, urban forestry and arboriculture, forest ecology, fire management and silviculture, genetic resistance, ecosystem impacts, and landscape ecology, epidemiology, and monitoring techniques.

(D) Of the amount to be expended pursuant to this subdivision, the department may expend the amount of funds it deems necessary on education activities, including, but not limited to, support for two regional education project coordinators, one public information officer, Internet Web site design and maintenance training, and development and

distribution of educational materials on sudden oak death for homeowners, arborists, urban foresters, park managers, public works personnel, utility crews, recreationists, nursery workers, landscapers, naturalists, and firefighting personnel.

(E) Of the amount to be expended pursuant to this subdivision, the department may expend the amount of funds it deems necessary on fire protection and prevention activities, including, but not limited to, assessing fire risk in heavily impacted areas, inspecting property to encourage increased clearing of vegetation in heavily infested areas and to mitigate the fire risk, producing and distributing safety information for firefighters working in areas affected by sudden oak death, and treating vegetation to prevent fire.

(F) Of the amount to be expended pursuant to this subdivision, the department may expend the amount of funds it deems necessary to fund administrative activities necessary to oversee the activities listed in subparagraphs (A) to (E), inclusive, including, but not limited to, an overall statewide task force coordinator, miscellaneous expenses associated with the operation of the task force, and staff of the department to carry out contract preparation, administration, and fiscal audits of contract expenditures.

(b) Of the amount to be expended under this section, the department may allocate funds to the Department of Food and Agriculture for regulatory activities, including, but not limited to, nursery surveys and other regulatory enforcement activities performed by agricultural commissioners, diagnostic services, and public agency coordination efforts. Of the amount allocated to be expended under this subdivision, the department may expend the amount of funds it deems necessary to fund administrative activities necessary to oversee the activities listed in this subdivision.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide funding, at the earliest possible time, to prevent, control, and manage the rapidly spreading condition known as ''sudden oak death,'' it is necessary that this act take effect immediately.

SEC. 2. Section 3048 is added to the Family Code, to read:

3048. (a) Notwithstanding any other provision of law, in any proceeding to determine child custody or visitation with a child, every custody or visitation order shall contain all of the following:

(1) The basis for the court's exercise of jurisdiction.

(2) The manner in which notice and opportunity to be heard were given.

(3) A clear description of the custody and visitation rights of each party.

(4) A provision stating that a violation of the order may subject the party in violation to civil or criminal penalties, or both.

(5) Identification of the country of habitual residence of the child or children.

(b) (1) In cases in which the court becomes aware of facts which may indicate that there is a risk of abduction of a child, the court shall, either on its own motion or at the request of a party, determine whether measures are needed to prevent the abduction of the child by one parent.

To make that determination, the court shall consider the risk of abduction of the child, obstacles to location, recovery, and return if the child is abducted, and potential harm to the child if he or she is abducted. To determine whether there is a risk of abduction, the court shall consider the following factors:

(A) Whether a party has previously taken, enticed away, kept, withheld, or concealed a child in violation of the right of custody or of visitation of a person, regardless of whether the party acted in compliance with Section 278.7 of the Penal Code or not.

(G) Whether a party has a history of domestic violence, lack of parental cooperation, or child abuse.

(H) Whether a party has a criminal record.

(2) If the court makes a finding that there is a need for preventative measures after considering the factors listed in paragraph (1), the court shall consider taking one or more of the following measures to prevent the abduction of the child:

(A) Ordering supervised visitation.

(B) Requiring a parent to post a bond in an amount sufficient to serve as a financial deterrent to abduction, the proceeds of which may be used to offset the cost of recovery of the child in the event there is an abduction.

(C) Restricting the right of the custodial or noncustodial parent to remove the child from the county, the state, or the country.

(D) Restricting the right of the custodial parent to relocate with the child, unless the custodial parent provides advance notice to, and obtains the written agreement of, the noncustodial parent, or obtains the approval of the court, before relocating with the child.

(E) Requiring the surrender of passports and other travel documents.

(F) Prohibiting a parent from applying for a new or replacement passport for the child.

(G) Requiring a parent to notify a relevant foreign consulate or embassy of passport restrictions and to provide the court with proof of that notification.

(H) Requiring a party to register a California order in another state as a prerequisite to allowing a child to travel to that state for visits, or to obtain an order from another country containing terms identical to the custody and visitation order issued in the United States (recognizing that these orders may be modified or enforced pursuant to the laws of the other country), as a prerequisite to allowing a child to travel to that county for visits.

(I) Obtaining assurances that a party will return from foreign visits by requiring the traveling parent to provide the court or the other parent or guardian with any of the following:

(i) The travel itinerary of the child.

(ii) Copies of round trip airline tickets.

(iii) A list of addresses and telephone numbers where the child can be reached at all times.

(iv) An open airline ticket for the left-behind parent in case the child is not returned.

(J) Including provisions in the custody order to facilitate use of the Uniform Child Custody Jurisdiction and Enforcement Act (Part 3 (commencing with Section 3400)) and the Hague Convention on the Civil Aspects of International Child Abduction (implemented pursuant to 42 U.S.C. Sec. 11601 et seq.), such as identifying California as the home state of the child or otherwise defining the basis for the California court's exercise of jurisdiction under Part 3 (commencing with Section 3400), identifying the United States as the country of habitual residence of the child pursuant to the Hague Convention, defining custody rights pursuant to the Hague Convention, obtaining the express agreement of the parents that the United States is the country of habitual residence of the child, or that California or the United States is the most appropriate forum for addressing custody and visitation orders.

(K) Authorizing the assistance of law enforcement.

(3) If the court imposes any or all of the conditions listed in paragraph (2), those conditions shall be specifically noted on the minute order of the court proceedings.

(4) If the court determines there is a risk of abduction that is sufficient to warrant the application of one or more of the prevention measures authorized by this section, the court shall inform the parties of the telephone number and address of the Child Abduction Unit in the office

of the district attorney in the county where the custody or visitation order is being entered.

(c) The Judicial Council shall make the changes to its child custody order forms that are necessary for the implementation of subdivision (b). This subdivision shall become operative on July 1, 2003.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 25, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1785.15 of the Civil Code is amended to read:

1785.15. (a) A consumer credit reporting agency shall supply files and information required under Section 1785.10 during normal business hours and on reasonable notice. In addition to the disclosure provided by this chapter and any disclosures received by the consumer, the consumer has the right to request and receive all of the following:

(1) Either a decoded written version of the file or a written copy of the file, including all information in the file at the time of the request, with an explanation of any code used.

(2) A credit score for the consumer, the key factors, and the related information, as defined in and required by Section 1785.15.1.

(3) A record of all inquiries, by recipient, which result in the provision of information concerning the consumer in connection with a credit transaction that is not initiated by the consumer and which were received by the consumer credit reporting agency in the 12-month period immediately preceding the request for disclosure under this section.

(4) The recipients, including end users specified in Section 1785.22, of any consumer credit report on the consumer which the consumer credit reporting agency has furnished:

(A) For employment purposes within the two-year period preceding the request.

(B) For any other purpose within the 12-month period preceding the request.

Identification for purposes of this paragraph shall include the name of the recipient or, if applicable, the fictitious business name under which the recipient does business disclosed in full. If requested by the consumer, the identification shall also include the address of the recipient.

(b) Files maintained on a consumer shall be disclosed promptly as follows:

(1) In person, at the location where the consumer credit reporting agency maintains the trained personnel required by subdivision (d), if he or she appears in person and furnishes proper identification.

(2) By mail, if the consumer makes a written request with proper identification for a copy of the file or a decoded written version of that file to be sent to the consumer at a specified address. A disclosure pursuant to this paragraph shall be deposited in the United States mail, postage prepaid, within five business days after the consumer's written request for the disclosure is received by the consumer credit reporting agency. Consumer credit reporting agencies complying with requests for mailings under this section shall not be liable for disclosures to third parties caused by mishandling of mail after the mailings leave the consumer credit reporting agencies.

(3) A summary of all information contained in files on a consumer and required to be provided by Section 1785.10 shall be provided by telephone, if the consumer has made a written request, with proper identification for telephone disclosure.

(4) Information in a consumer's file required to be provided in writing under this section may also be disclosed in another form if authorized by the consumer and if available from the consumer credit reporting agency. For this purpose a consumer may request disclosure in person pursuant to Section 1785.10, by telephone upon disclosure of proper identification by the consumer, by electronic means if available from the consumer credit reporting agency, or by any other reasonable means that is available from the consumer credit reporting agency.

(c) ''Proper identification,'' as used in subdivision (b) means that information generally deemed sufficient to identify a person. Only if the consumer is unable to reasonably identify himself or herself with the information described above, may a consumer credit reporting agency require additional information concerning the consumer's employment and personal or family history in order to verify his or her identity.

(d) The consumer credit reporting agency shall provide trained personnel to explain to the consumer any information furnished him or her pursuant to Section 1785.10.

(e) The consumer shall be permitted to be accompanied by one other person of his or her choosing, who shall furnish reasonable identification. A consumer credit reporting agency may require the consumer to furnish a written statement granting permission to the consumer credit reporting agency to discuss the consumer's file in that person's presence.

(f) Any written disclosure by a consumer credit reporting agency to any consumer pursuant to this section shall include a written summary of all rights the consumer has under this title and in the case of a consumer credit reporting agency which compiles and maintains

consumer credit reports on a nationwide basis, a toll-free telephone number which the consumer can use to communicate with the consumer credit reporting agency. The written summary of rights required under this subdivision is sufficient if in substantially the following form:

''You have a right to obtain a copy of your credit file from a consumer credit reporting agency. You may be charged a reasonable fee not exceeding eight dollars ($8). There is no fee, however, if you have been turned down for credit, employment, insurance, or a rental dwelling because of information in your credit report within the preceding 60 days. The consumer credit reporting agency must provide someone to help you interpret the information in your credit file.

You have a right to dispute inaccurate information by contacting the consumer credit reporting agency directly. However, neither you nor any credit repair company or credit service organization has the right to have accurate, current, and verifiable information removed from your credit report. Under the Federal Fair Credit Reporting Act, the consumer credit reporting agency must remove accurate, negative information from your report only if it is over seven years old. Bankruptcy information can be reported for 10 years.

If you have notified a consumer credit reporting agency in writing that you dispute the accuracy of information in your file, the consumer credit reporting agency must then, within 30 business days, reinvestigate and modify or remove inaccurate information. The consumer credit reporting agency may not charge a fee for this service. Any pertinent information and copies of all documents you have concerning an error should be given to the consumer credit reporting agency.

If reinvestigation does not resolve the dispute to your satisfaction, you may send a brief statement to the consumer credit reporting agency to keep in your file, explaining why you think the record is inaccurate. The consumer credit reporting agency must include your statement about disputed information in a report it issues about you.

You have a right to receive a record of all inquiries relating to a credit transaction initiated in 12 months preceding your request. This record shall include the recipients of any consumer credit report.

You may request in writing that the information contained in your file not be provided to a third party for marketing purposes.

You have a right to place a ''security alert'' in your credit report, which will warn anyone who receives information in your credit report that your identity may have been used without your consent and that recipients of your credit report are advised, but not required, to verify your identity prior to issuing credit. The security alert may prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that taking advantage of this right may delay or interfere with the timely approval of any

subsequent request or application you make regarding a new loan, credit, mortgage, insurance, rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transaction, or other services, including an extension of credit at point of sale. If you place a security alert on your credit report, you have a right to obtain a free copy of your credit report at the time the 90-day security alert period expires. A security alert may be requested by calling the following toll-free telephone number: (Insert applicable toll-free telephone number).

You have a right to place a ''security freeze'' on your credit report, which will prohibit a consumer credit reporting agency from releasing any information in your credit report without your express authorization. A security freeze must be requested in writing by certified mail. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, insurance, government services or payments, rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transaction, or other services, including an extension of credit at point of sale. When you place a security freeze on your credit report, you will be provided a personal identification number or password to use if you choose to remove the freeze on your credit report or authorize the release of your credit report for a specific party or period of time after the freeze is in place. To provide that authorization you must contact the consumer credit reporting agency and provide all of the following:

(1) The personal identification number or password.

(2) Proper identification to verify your identity.

(3) The proper information regarding the third party who is to receive the credit report or the period of time for which the report shall be available.

A consumer credit reporting agency must authorize the release of your credit report no later than three business days after receiving the above information.

A security freeze does not apply to a person or entity, or its affiliates, or collection agencies acting on behalf of the person or entity, with which you have an existing account, that requests information in your credit report for the purposes of reviewing or collecting the account. Reviewing the account includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

You have a right to bring civil action against anyone, including a consumer credit reporting agency, who improperly obtains access to a file, knowingly or willfully misuses file data, or fails to correct inaccurate file data.

If you are a victim of identity theft and provide to a consumer credit reporting agency a copy of a valid police report or a valid investigative report made by a Department of Motor Vehicles investigator with peace officer status describing your circumstances, the following shall apply:

(1) You have a right to have any information you list on the report as allegedly fraudulent promptly blocked so that the information cannot be reported. The information will be unblocked only if (A) the information you provide is a material misrepresentation of the facts, (B) you agree that the information is blocked in error, or (C) you knowingly obtained possession of goods, services, or moneys as result of the blocked transactions. If blocked information is unblocked you will be promptly notified.

(2) Beginning July 1, 2003, you have a right to receive, free of charge and upon request, one copy of your credit report each month for up to 12 consecutive months.''

SEC. 2. Section 1785.15.3 is added to the Civil Code, to read:

1785.15.3. (a) In addition to any other rights the consumer may have under this title, every consumer credit reporting agency, after being contacted by telephone, mail, or in person by any consumer who has reason to believe he or she may be a victim of identity theft, shall promptly provide to that consumer a statement, written in a clear and conspicuous manner, describing the statutory rights of victims of identity theft under this title.

(b) Every consumer credit reporting agency shall, upon the receipt from a victim of identity theft of a police report prepared pursuant to Section 530.6 of the Penal Code, or a valid investigative report made by a Department of Motor Vehicles investigator with peace officer status regarding the public offenses described in Section 530.5 of the Penal Code, provide the victim, free of charge and upon request, with up to 12 copies of his or her file during a consecutive 12-month period, not to exceed one copy per month, following the date of the police report. Notwithstanding any other provision of this title, the maximum number of free reports a victim of identity theft is entitled to obtain under this title is 12 per year, as provided by this subdivision.

(c) Subdivision (a) does not apply to a consumer reporting agency that acts only as a reseller of credit information by assembling and merging information contained in the database of another consumer reporting agency or agencies and that does not maintain a permanent database of credit information from which new credit reports are produced.

(d) The provisions of this section shall become effective July 1, 2003.

The people of the State of California do enact as follows:

SECTION 1. Section 1524 of the Penal Code is amended to read:

1524. (a) A search warrant may be issued upon any of the following grounds:

(2) When the property or things were used as the means of committing a felony.

(3) When the property or things are in the possession of any person with the intent to use them as a means of committing a public offense, or in the possession of another to whom he or she may have delivered them for the purpose of concealing them or preventing their being discovered.

(4) When the property or things to be seized consist of any item or constitute any evidence that tends to show a felony has been committed, or tends to show that a particular person has committed a felony.

(5) When the property or things to be seized consist of evidence that tends to show that sexual exploitation of a child, in violation of Section 311.3, or possession of matter depicting sexual conduct of a person under the age of 18 years, in violation of Section 311.11, has occurred or is occurring.

(6) When there is a warrant to arrest a person.

(7) When a provider of electronic communication service or remote computing service has records or evidence, as specified in Section 1524.3, showing that property was stolen or embezzled constituting a misdemeanor, or that property or things are in the possession of any person with the intent to use them as a means of committing a misdemeanor public offense, or in the possession of another to whom he or she may have delivered them for the purpose of concealing them or preventing their discovery.

(b) The property or things or person or persons described in subdivision (a) may be taken on the warrant from any place, or from any person in whose possession the property or things may be.

(c) Notwithstanding subdivision (a) or (b), no search warrant shall issue for any documentary evidence in the possession or under the control of any person, who is a lawyer as defined in Section 950 of the Evidence Code, a physician as defined in Section 990 of the Evidence Code, a psychotherapist as defined in Section 1010 of the Evidence Code, or a clergyman as defined in Section 1030 of the Evidence Code, and who is not reasonably suspected of engaging or having engaged in criminal activity related to the documentary evidence for which a warrant is requested unless the following procedure has been complied with:

(1) At the time of the issuance of the warrant the court shall appoint a special master in accordance with subdivision (d) to accompany the person who will serve the warrant. Upon service of the warrant, the special master shall inform the party served of the specific items being sought and that the party shall have the opportunity to provide the items requested. If the party, in the judgment of the special master, fails to provide the items requested, the special master shall conduct a search for the items in the areas indicated in the search warrant.

(2) If the party who has been served states that an item or items should not be disclosed, they shall be sealed by the special master and taken to court for a hearing.

At the hearing the party searched shall be entitled to raise any issues that may be raised pursuant to Section 1538.5 as well as a claim that the item or items are privileged, as provided by law. The hearing shall be held in the superior court. The court shall provide sufficient time for the parties to obtain counsel and make any motions or present any evidence. The hearing shall be held within three days of the service of the warrant unless the court makes a finding that the expedited hearing is impracticable. In that case the matter shall be heard at the earliest possible time.

(3) The warrant shall, whenever practicable, be served during normal business hours. In addition, the warrant shall be served upon a party who appears to have possession or control of the items sought. If after reasonable efforts, the party serving the warrant is unable to locate the person, the special master shall seal and return to the court for determination by the court any item that appears to be privileged as provided by law.

(d) As used in this section, a ''special master'' is an attorney who is a member in good standing of the California State Bar and who has been selected from a list of qualified attorneys that is maintained by the State Bar particularly for the purposes of conducting the searches described

in this section. These attorneys shall serve without compensation. A special master shall be considered a public employee, and the governmental entity that caused the search warrant to be issued shall be considered the employer of the special master and the applicable public entity, for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, relating to claims and actions against public entities and public employees. In selecting the special master the court shall make every reasonable effort to ensure that the person selected has no relationship with any of the parties involved in the pending matter. Any information obtained by the special master shall be confidential and shall not be divulged except in direct response to inquiry by the court.

In any case in which the magistrate determines that, after reasonable efforts have been made to obtain a special master, a special master is not available and would not be available within a reasonable period of time, the magistrate may direct the party seeking the order to conduct the search in the manner described in this section in lieu of the special master.

(e) Any search conducted pursuant to this section by a special master may be conducted in such a manner as to permit the party serving the warrant or his or her designee to accompany the special master as he or she conducts his or her search. However, that party or his or her designee shall not participate in the search nor shall he or she examine any of the items being searched by the special master except upon agreement of the party upon whom the warrant has been served.

(f) As used in this section, ''documentary evidence'' includes, but is not limited to, writings, documents, blueprints, drawings, photographs, computer printouts, microfilms, X-rays, files, diagrams, ledgers, books, tapes, audio and video recordings, films or papers of any type or description.

(g) No warrant shall issue for any item or items described in Section 1070 of the Evidence Code.

(6) When there is a warrant to arrest a person.

(7) When a provider of electronic communication service or remote computing service has records or evidence, as specified in Section 1524.3, showing that property was stolen or embezzled constituting a misdemeanor, or that property or things are in the possession of any person with the intent to use them as a means of committing a misdemeanor public offense, or in the possession of another to whom he or she may have delivered them for the purpose of concealing them or preventing their discovery.

(b) The property or things or person or persons described in subdivision (a) may be taken on the warrant from any place, or from any person in whose possession the property or things may be.

(1) At the time of the issuance of the warrant the court shall appoint a special master in accordance with subdivision (d) to accompany the person who will serve the warrant. Upon service of the warrant, the special master shall inform the party served of the specific items being sought and that the party shall have the opportunity to provide the items requested. If the party, in the judgment of the special master, fails to provide the items requested, the special master shall conduct a search for the items in the areas indicated in the search warrant.

(2) If the party who has been served states that an item or items should not be disclosed, they shall be sealed by the special master and taken to court for a hearing.

At the hearing, the party searched shall be entitled to raise any issues that may be raised pursuant to Section 1538.5 as well as a claim that the item or items are privileged, as provided by law. The hearing shall be

held in the superior court. The court shall provide sufficient time for the parties to obtain counsel and make any motions or present any evidence. The hearing shall be held within three days of the service of the warrant unless the court makes a finding that the expedited hearing is impracticable. In that case the matter shall be heard at the earliest possible time.

If an item or items are taken to court for a hearing, any limitations of time prescribed in Chapter 2 (commencing with Section 797) of Title 3 of Part 2 shall be tolled from the time of the seizure until the final conclusion of the hearing, including any associated writ or appellate proceedings.

(3) The warrant shall, whenever practicable, be served during normal business hours. In addition, the warrant shall be served upon a party who appears to have possession or control of the items sought. If, after reasonable efforts, the party serving the warrant is unable to locate the person, the special master shall seal and return to the court, for determination by the court, any item that appears to be privileged as provided by law.

(d) As used in this section, a ''special master'' is an attorney who is a member in good standing of the California State Bar and who has been selected from a list of qualified attorneys that is maintained by the State Bar particularly for the purposes of conducting the searches described in this section. These attorneys shall serve without compensation. A special master shall be considered a public employee, and the governmental entity that caused the search warrant to be issued shall be considered the employer of the special master and the applicable public entity, for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, relating to claims and actions against public entities and public employees. In selecting the special master, the court shall make every reasonable effort to ensure that the person selected has no relationship with any of the parties involved in the pending matter. Any information obtained by the special master shall be confidential and shall not be divulged except in direct response to inquiry by the court.

In any case in which the magistrate determines that, after reasonable efforts have been made to obtain a special master, a special master is not available and would not be available within a reasonable period of time, the magistrate may direct the party seeking the order to conduct the search in the manner described in this section in lieu of the special master.

(e) Any search conducted pursuant to this section by a special master may be conducted in a manner that permits the party serving the warrant or his or her designee to accompany the special master as he or she conducts his or her search. However, that party or his or her designee

shall not participate in the search nor shall he or she examine any of the items being searched by the special master except upon agreement of the party upon whom the warrant has been served.

(f) As used in this section, ''documentary evidence'' includes, but is not limited to, writings, documents, blueprints, drawings, photographs, computer printouts, microfilms, X-rays, files, diagrams, ledgers, books, tapes, audio and video recordings, films, or papers of any type or description.

(g) No warrant shall issue for any item or items described in Section 1070 of the Evidence Code.

(h) Notwithstanding any other law, no claim of attorney work product as described in Section 2018 of the Code of Civil Procedure shall be sustained where there is probable cause to believe that the lawyer is engaging or has engaged in criminal activity related to the documentary evidence for which a warrant is requested unless it is established at the hearing with respect to the documentary evidence seized under the warrant that the services of the lawyer were not sought or obtained to enable or aid anyone to commit or plan to commit a crime or a fraud.

(i) Nothing in this section is intended to limit an attorney's ability to request an in camera hearing pursuant to the holding of the Supreme Court of California in People v. Superior Court (Laff) (2001) 25 Cal.4th 703.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 3508 of the Government Code is amended to read:

3508. (a) The governing body of a public agency may, in accordance with reasonable standards, designate positions or classes of positions which have duties consisting primarily of the enforcement of state laws or local ordinances, and may by resolution or ordinance adopted after a public hearing, limit or prohibit the right of employees in these positions or classes of positions to form, join, or participate in employee organizations where it is in the public interest to do so. However, the governing body may not prohibit the right of its employees who are full-time ''peace officers,'' as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, to join or participate in employee organizations which are composed solely of those peace officers, which concern themselves solely and exclusively with the wages, hours, working conditions, welfare programs, and advancement of the academic and vocational training in furtherance of the police profession, and which are not subordinate to any other organization.

(b) (1) This subdivision shall apply only to a county of the seventh class.

(2) For the purposes of this section, no distinction shall be made between a position designated as a peace officer position by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code at the time of the enactment of the 1971 amendments to this section, and a welfare fraud investigator or inspector position designated as a peace officer position by any amendment to that Chapter 4.5 at any time after the enactment of the 1971 amendments to this section.

(3) It is the intent of this subdivision to overrule San Bernardino County Sheriff's Etc. Assn. v. Board of Supervisors (1992) 7 Cal.App.4th 602, 611, with respect to San Bernardino County designating a welfare fraud investigator or inspector as a peace officer under this section.

(3) It is the intent of this subdivision to overrule San Bernardino County Sheriff's Etc. Assn. v. Board of Supervisors (1992) 7 Cal.App.4th 602, 611, to the extent that it holds that this section prohibits the County of San Bernardino from designating the classifications of Probation Corrections Officers and Supervising Probation Corrections Officers as peace officers. Those officers shall not be designated as peace officers for purposes of this section unless that action is approved by the county board of supervisors by ordinance or resolution.

(4) Upon approval by the Board of Supervisors of San Bernardino County, this subdivision shall apply to petitions filed in May 2001 by Probation Corrections Officers and Supervising Probation Corrections Officers.

(b) Civil and administrative penalties assessed and collected pursuant to Sections 129.5 and 4628 shall be deposited in the Workers' Compensation Administration Revolving Fund. In consultation with both the court administrator and the Commission on Judicial Performance, the administrative director shall adopt regulations to enforce this section. Existing regulations shall remain in effect until new regulations based on the recommendations of the court administrator and the Commission on Judicial Performance have become effective. To the extent possible, the rules shall be consistent with the procedures established by the Commission on Judicial Performance for regulating the activities of state judges, and, to the extent possible, with the gift, honoraria, and travel restrictions on legislators contained in the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code). The court administrator shall have the authority to enforce the rules adopted by the administrative director.

(b) Honoraria or travel allowed by the court administrator, and not otherwise prohibited by this section in connection with any public or private conference, convention, meeting, social event, or like gathering, the cost of which is significantly paid for by attorneys who practice before the board, may not be accepted unless the court administrator has provided prior approval in writing to the workers' compensation administrative law judge allowing him or her to accept those payments.

(b) A spouse to whom a deceased employee is married at the time of death shall be conclusively presumed to be wholly dependent for support upon the deceased employee if the surviving spouse earned thirty thousand dollars ($30,000) or less in the twelve months immediately preceding the death.

SEC. 7. Section 3701.8 is added to the Labor Code, to read:

3701.8. (a) As an alternative to each private self-insuring employer securing its own incurred liabilities as provided in Section 3701, the director may provide by regulation for an alternative security system whereby all private self-insureds designated for full participation by the director shall collectively secure their aggregate incurred liabilities through the Self-Insurers' Security Fund. The regulations shall provide for the director to set a total security requirement for these participating self-insured employers based on a review of their annual reports and any other self-insurer information as may be specified by the director. The Self-Insurers' Security Fund shall propose to the director a combination of cash and securities, surety bonds, irrevocable letters of credit, insurance, or other financial instruments or guarantees satisfactory to the

director sufficient to meet the security requirement set by the director. Upon approval by the director and posting by the Self-Insurers' Security Fund on or before the date set by the director, that combination shall be the composite deposit. The noncash elements of the composite deposit may be one-year or multiple-year instruments. If the Self-Insurers' Security Fund fails to post the required composite deposit by the date set by the director, then within 30 days after that date, each private self-insuring employer shall secure its incurred liabilities in the manner required by Section 3701. Self-insured employers not designated for full participation by the director shall meet all requirements as may be set by the director pursuant to subdivision (g).

(b) In order to provide for the composite deposit approved by the director, the Self-Insurers' Security Fund shall assess, in a manner approved by the director, each fully participating private self-insuring employer a deposit assessment payable within 30 days of assessment. The amount of the deposit assessment charged each fully participating self-insured employer shall be set by the Self-Insurers' Security Fund, based on its reasonable consideration of all the following factors:

(1) The total amount needed to provide the composite deposit.

(2) The self-insuring employer's paid or incurred liabilities as reflected in its annual report.

(3) The financial strength and creditworthiness of the self-insured.

(4) Any other reasonable factors as may be authorized by regulation.

(5) In order to make a composite deposit proposal to the director and set the deposit assessment to be charged each fully participating self-insured, the Self-Insurers' Security Fund shall have access to the annual reports and other information submitted by all self-insuring employers to the director, under terms and conditions as may be set by the director, to preserve the confidentiality of the self-insured's financial information.

(c) Upon payment of the deposit assessment and except as provided herein, the self-insuring employer loses all right, title, and interest in the deposit assessment. To the extent that in any one year the deposit assessment paid by self-insurers is not exhausted in the purchase of securities, surety bonds, irrevocable letters of credit, insurance, or other financial instruments to post with the director as part of the composite deposit, the surplus shall remain posted with the director, and the principal and interest earned on that surplus shall remain as part of the composite deposit in subsequent years. In the event that in any one year the Self-Insurers' Security Fund fails to post the required composite deposit by the date set the by the director, and the director requires each private self-insuring employer to secure its incurred liabilities in the manner required by Section 3701, then any deposit assessment paid in

that year shall be refunded to the self-insuring employer that paid the deposit assessment.

(d) If any private self-insuring employer objects to the calculation, posting, or any other aspect of its deposit assessment, upon payment of the assessment in the time provided, the employer shall have the right to appeal the assessment to the director, who shall have exclusive jurisdiction over this dispute. If any private self-insuring employer fails to pay the deposit assessment in the time provided, the director shall order the self-insuring employer to pay a penalty of not less than 10 percent of its deposit assessment, and to post a separate security deposit in the manner provided by Section 3701. The penalty shall be added to the composite deposit held by the director. The director may also revoke the certificate of consent to self-insure of any self-insuring employer who fails to pay the deposit assessment in the time provided.

(e) Upon the posting by the Self-Insurers' Security Fund of the composite deposit with the director, the deposit shall be held until the director determines that a private self-insured employer has failed to pay workers' compensation as required by this division, and the director orders the Self-Insurers' Security Fund to commence payment. Upon ordering the Self-Insurers' Security Fund to commence payment, the director shall make available to the fund that portion of the composite deposit necessary to pay the workers' compensation benefits of the defaulting self-insuring employer. In the event additional funds are needed in subsequent years to pay the workers' compensation benefits of any self-insuring employer who defaulted in earlier years, the director shall make available to the Self-Insurers' Security Fund any portions of the composite deposit as may be needed to pay those benefits. In making the deposit available to the Self-Insurers' Security Fund, the director shall also allow any amounts as may be reasonably necessary to pay for the administrative and other activities of the fund.

(f) The cash portion of the composite deposit shall be segregated from all other funds held by the director, and shall be invested by the director for the sole benefit of the Self-Insurers' Security Fund and the injured workers of private self-insured employers, and may not be used for any other purpose by the state. Alternatively, the director, in his discretion, may allow the Self-Insurers' Security Fund to hold, invest, and draw upon the cash portion of the composite deposit as prescribed by regulation.

(g) Notwithstanding any other provision of this section, the director shall, by regulation, set minimum credit, financial, or other conditions that a private self-insured must meet in order to be a fully participating self-insurer in the alternative security system. In the event any private self-insuring employer is unable to meet the conditions set by the director, or upon application of the Self-Insurers' Security Fund to

exclude an employer for credit or financial reasons, the director shall exclude the self-insuring employer from full participation in the alternative security system. In the event a self-insuring employer is excluded from full participation, the nonfully participating private self-insuring employer shall post a separate security deposit in the manner provided by Section 3701 and pay a deposit assessment set by the director. Alternatively, the director may order that the nonfully participating private self-insuring employer post a separate security deposit to secure a portion of its incurred liabilities and pay a deposit assessment set by the director.

(h) An employer who self-insures through group self-insurance and an employer whose certificate to self-insure has been revoked may fully participate in the alternative security system if both the director and the Self-Insurers' Security Fund approve the participation of the self-insurer. If not approved for full participation, or if an employer is issued a certificate to self-insure after the composite deposit is posted, the employer shall satisfy the requirements of subdivision (g) for nonfully participating private self-insurers.

(i) At all times, a self-insured employer shall have secured its incurred workers' compensation liabilities either in the manner required by Section 3701 or through the alternative security system, and there shall not be any lapse in the security.

SEC. 8. Section 3742 of the Labor Code is amended to read:

3742. (a) The Self-Insurers' Security Fund shall be established as a Nonprofit Mutual Benefit Corporation pursuant to Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code and this article. If any provision of the Nonprofit Mutual Benefit Corporation Law conflicts with any provision of this article, the provisions of this article shall apply. Each private self-insurer shall participate as a member in the fund as a condition of maintaining its certificate of consent to self-insure.

(b) The fund shall be governed by a seven member board of trustees. The director shall hold ex officio status, with full powers equal to those of a trustee, except that the director shall not have a vote. The director, or a delegate authorized in writing to act as the director's representative on the board of trustees, shall carry out exclusively the responsibilities set forth in Division 1 (commencing with Section 50) through Division 4 (commencing with Section 3200) and shall not have the obligations of a trustee under the Nonprofit Mutual Benefit Corporation Law. The fund shall adopt bylaws to segregate the director from all matters that may involve fund litigation against the department or fund participation in legal proceedings before the director. Although not voting, the director or a delegate authorized in writing to represent the director, shall be counted toward a quorum of trustees. The remaining six trustees shall be

representatives of private self-insurers. The self-insurer trustees shall be elected by the members of the fund, each member having one vote. Three of the trustees initially elected by the members shall serve two-year terms, and three shall serve four-year terms. Thereafter, trustees shall be elected to four-year terms, and shall serve until their successors are elected and assume office pursuant to the bylaws of the fund.

(c) The fund shall establish bylaws as are necessary to effectuate the purposes of this article and to carry out the responsibilities of the fund, including, but not limited to, any obligations imposed by the director pursuant to Section 3701.8. The fund may carry out its responsibilities directly or by contract, and may purchase services and insurance and borrow funds as it deems necessary for the protection of the members and their employees. The fund may receive confidential information concerning the financial condition of self-insured employers whose liabilities to pay compensation may devolve upon it and shall adopt bylaws to prevent dissemination of that information.

(d) The director may also require fund members to subscribe to financial instruments or guarantees to be posted with the director in order to satisfy the security requirements set by the director pursuant to Section 3701.8.

SEC. 9. Section 4453 of the Labor Code is amended to read:

4453. (a) In computing average annual earnings for the purposes of temporary disability indemnity and permanent total disability indemnity only, the average weekly earnings shall be taken at:

SEC. 11. Section 4614 of the Labor Code is amended to read:

4614. (a) (1) Notwithstanding Section 5307.1, where the employee's individual or organizational provider of health care services rendered under this division and paid on a fee-for-service basis is also the provider of health care services under contract with the employee's health benefit program, and the service or treatment provided is included within the range of benefits of the employee's health benefit program, and paid on a fee-for-service basis, the amount of payment for services provided under this division, for a work-related occurrence or illness, shall be no more than the amount that would have been paid for the same services under the health benefit plan, for a non-work-related occurrence or illness.

(2) A health care service plan that arranges for health care services to be rendered to an employee under this division under a contract, and which is also the employee's organizational provider for nonoccupational injuries and illnesses, with the exception of a nonprofit health care service plan that exclusively contracts with a medical group to provide or arrange for medical services to its enrollees in a designated geographic area, shall be paid by the employer for services rendered under this division only on a capitated basis.

(b) (1) Where the employee's individual or organizational provider of health care services rendered under this division who is not providing services under a contract is not the provider of health care services under contract with the employee's health benefit program or where the services rendered under this division are not within the benefits provided under the employer-sponsored health benefit program, the provider shall receive payment that is no more than the average of the payment that would have been paid by five of the largest preferred provider organizations by geographic region. (d) For the purposes of this section, ''organizational provider'' means an entity that arranges for health care services to be rendered directly by individual caregivers. An organizational provider may be a health care service plan, disability insurer, health care organization, preferred provider organization, or workers' compensation insurer arranging for care through a managed care network or on a fee-for-service basis. If a claim form has been filed for an injury occurring on or after January 1, 1990, and before January 1, 1994, an application for adjudication shall accompany the declaration of readiness to proceed.

(b) The court administrator shall establish a priority calendar for issues requiring an expedited hearing and decision. A hearing shall be held and a determination as to the rights of the parties shall be made and filed within 30 days after the declaration of readiness to proceed is filed if the issues in dispute are any of the following:

(1) The employee's entitlement to medical treatment pursuant to Section 4600.

(2) The employee's entitlement to, or the amount of, temporary disability indemnity payments.

(3) The employee's entitlement to vocational rehabilitation services, or the termination of an employer's liability to provide these services to an employee.

The conference shall be conducted by a workers' compensation administrative law judge within

30 days after the declaration of readiness to proceed. If the dispute cannot be resolved at the conference, a trial shall be set as expeditiously as possible, unless good cause is shown why discovery is not complete, in which case status conferences shall be held at regular intervals. The case shall be set for trial when discovery is complete, or when the workers' compensation administrative law judge determines that the parties have had sufficient time in which to complete reasonable discovery. A determination as to the rights of the parties shall be made and filed within 30 days after the trial.

(d) The court administrator shall report quarterly to the Governor and to the Legislature concerning the frequency and types of issues which are not heard and decided within the period prescribed in this section and the reasons therefor.

(e) (1) In all cases, a mandatory settlement conference shall be conducted not less than 10 days, and not more than 30 days, after the filing of a declaration of readiness to proceed. If the dispute is not resolved, the regular hearing shall be held within 75 days after the declaration of readiness to proceed is filed.

(2) The settlement conference shall be conducted by a workers' compensation administrative law judge or by a referee who is eligible to be a workers' compensation administrative law judge or eligible to be an arbitrator under Section 5270.5. At the mandatory settlement conference, the referee or workers' compensation administrative law judge shall have the authority to resolve the dispute, including the authority to approve a compromise and release or issue a stipulated finding and award, and if the dispute cannot be resolved, to frame the issues and stipulations for trial. The appeals board shall adopt any regulations needed to implement this subdivision. The presiding workers' compensation administrative law judge shall supervise settlement conference referees in the performance of their judicial functions under this subdivision.

(3) If the claim is not resolved at the mandatory settlement conference, the parties shall file a pretrial conference statement noting the specific issues in dispute, each party's proposed permanent disability rating, and listing the exhibits, and disclosing witnesses. Discovery shall close on the date of the mandatory settlement conference. Evidence not disclosed or obtained thereafter shall not be admissible unless the proponent of the evidence can demonstrate that it was not available or could not have been discovered by the exercise of due diligence prior to the settlement conference.

(f) In cases involving the Director of the Department of Industrial Relations in his or her capacity as administrator of the Uninsured Employers Fund, this section shall not apply unless proof of service, as specified in paragraph (1) of subdivision (d) of Section 3716 has been

filed with the appeals board and provided to the Director of Industrial Relations, valid jurisdiction has been established over the employer, and the fund has been joined.

(g) Except as provided in subdivision (a) and in Section 4065, the provisions of this section shall apply irrespective of the date of injury.

SEC. 15. Section 6354.7 is added to the Labor Code, to read:

6354.7. (a) The Workers' Occupational Safety and Health Education Fund is hereby created as a special account in the State Treasury. Proceeds of the fund may be expended, upon appropriation by the Legislature, by the Commission on Health and Safety and Workers' Compensation for the purpose of establishing and maintaining a worker occupational safety and health training and education program and an insurance loss control services coordinator. The director shall levy and collect fees to fund these purposes from insurers subject to Section 6354.5. All fees shall be deposited in the fund.

(b) The commission shall establish and maintain a worker safety and health training and education program. The purpose of the worker occupational safety and health training and education program shall be to promote awareness of the need for prevention education programs, to develop and provide injury and illness prevention education programs for employees and their representatives, and to deliver those awareness and training programs through a network of providers throughout the state. The commission may conduct the program directly or by means of contracts or interagency agreements.

(c) The commission shall establish an employer and worker advisory board for the program. The advisory board shall guide the development of curricula, teaching methods, and specific course material about occupational safety and health, and shall assist in providing links to the target audience and broadening the partnerships with worker-based organizations, labor studies programs, and others that are able to reach the target audience.

(d) The program shall include the development and provision of a needed core curriculum addressing competencies for effective participation in workplace injury and illness prevention programs and on joint labor-management health and safety committees. (4) Occupational groups with special needs, such as those who do not speak English as their first language, workers with limited literacy, young workers, and other traditionally underserved industries or groups of workers. Priority shall be given to training workers who are able to train other workers and workers who have significant health and safety responsibilities, such as those workers serving on a health and safety committee or serving as designated safety representatives.

(f) The program shall operate one or more libraries and distribution systems of occupational safety and health training material, which shall include, but not be limited to, all material developed by the program pursuant to this section.

(g) The advisory board shall annually prepare a written report evaluating the use and impact of programs developed.

SEC. 1.5. Section 45103 of the Education Code is amended to read:

CHAPTER 868

An act to add Section 1771.7 to the Labor Code, relating to public works.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. In enacting this act, the Legislature finds and declares all of the following:

(a) Payment of the prevailing rate of per diem wages to workers employed on public works is necessary to attract the most skilled workers for the project and to ensure that work of the highest quality is performed on these projects.

(b) Public works projects should never undermine the wage base in a community and requiring that workers on public works projects be paid the prevailing rate of per diem wages ensures that the wage base is not lowered.

(c) It is a matter of statewide concern that every school district in California pay the prevailing rate of per diem wages to workers employed on public works undertaken by those school districts.

(d) Therefore, it is the intent of the Legislature in enacting this act that every school district in California pay the prevailing rate of per diem wages to workers employed on public works undertaken by these school districts.

(e) It is the further intent of the Legislature to preserve the constitutional autonomy of the University of California, as described in Section 9 of Article IX of the California Constitution, by providing that this act apply to that university only to the extent that the university chooses to use the funds described in this act.

SEC. 2. Section 1771.7 is added to the Labor Code, to read:

1771.7. (a) An awarding body that chooses to use funds derived from either the Kindergarten-University Public Education Facilities Bond Act of 2002 or the Kindergarten-University Public Education Facilities Bond Act of 2004 for a public works project, shall initiate and enforce, or contract with a third party to initiate and enforce, a labor compliance program, as described in subdivision (b) of Section 1771.5, with respect to that public works project.

(b) This section shall apply to public works that commence on or after April 1, 2003. For purposes of this subdivision, work performed during the design and preconstruction phases of construction, including, but not limited to, inspection and land surveying work, does not constitute the commencement of a public work.

(c) (1) For purposes of this section, if any campus of the California State University chooses to use the funds described in subdivision (a), then the ''awarding body'' is the Chancellor of the California State University. For purposes of this subdivision, if the chancellor is required by subdivision (a) to initiate and enforce, or to contract with a third party to initiate and enforce, the labor compliance program described in that subdivision, then in addition to the requirements imposed upon an awarding body by subdivision (b) of Section 1771.5, the Chancellor of the California State University shall review the payroll records described in paragraphs (3) and (4) of subdivision (b) of Section 1771.5 on at least a monthly basis to ensure the awarding body's compliance with the labor compliance program.

(2) For purposes of this subdivision, if an awarding body described in subdivision (a) is the University of California or any campus of that university, and that awarding body is required by subdivision (a) to initiate and enforce, or to contract with a third party to initiate and enforce, the labor compliance program described in that subdivision, then in addition to the requirements imposed upon an awarding body by subdivision (b) of Section 1771.5, the payroll records described in paragraphs (3) and (4) of subdivision (b) of Section 1771.5 shall be reviewed on at least a monthly basis to ensure the awarding body's compliance with the labor compliance program.

(d) (1) An awarding body described in subdivision (a) shall make a written finding that the awarding body has initiated and enforced, or has contracted with a third party to initiate and enforce, the labor compliance program described in subdivision (a).

(2) (A) If an awarding body described in subdivision (a) is a school district, the governing body of that district shall transmit to the State Allocation Board, in the manner determined by that board, a copy of the finding described in paragraph (1).

(B) The State Allocation Board may not release the funds described in subdivision (a) to an awarding body that is a school district until the

State Allocation Board has received the written finding described in paragraph (1).

(C) If the State Allocation Board conducts a postaward audit procedure with respect to an award of the funds described in subdivision (a) to an awarding body that is a school district, the State Allocation Board shall verify, in the manner determined by that board, that the school district has complied with the requirements of this subdivision.

(3) If an awarding body described in subdivision (a) is a community college district, the Chancellor of the California State University, or the office of the President of the University of California or any campus of the University of California, that awarding body shall transmit, in the manner determined by the Director of the Department of Industrial Relations, a copy of the finding described in paragraph (1) to the director of that department, or the director of any successor agency that is responsible for the oversight of employee wage and employee work hours laws.

(e) Notwithstanding Section 17070.63 of the Education Code, for purposes of this act, the State Allocation Board shall increase as soon as feasible, but no later than July 1, 2003, the per pupil grant amounts as described in Sections 17072.10 and 17074.10 of the Education Code to accommodate the state's share of the increased costs of a new construction or modernization project due to the initiation and enforcement of the labor compliance program.

SEC. 3. This act shall not become operative unless at least one of the following conditions is met:

(a) The Kindergarten-University Public Education Facilities Bond Act of 2002 is approved by the voters at the November 5, 2002, statewide general election.

(b) The Kindergarten-University Public Education Facilities Bond Act of 2004 is approved by the voters at the March 2004, statewide direct primary election.

(c) The Kindergarten-University Public Education Facilities Bond Act of 2004 is approved by the voters at the November 2004, statewide general election.

(d) If an employee is unable to return to work beyond the time or period that he or she is granted leave pursuant to this section, he or she shall be paid any vacation balance, annual leave balance, or accumulated compensable overtime. The payment shall be computed by projecting the accumulated time on a calendar basis as though the employee was taking time off. If, during the period of projection, the employee is able to return to work, he or she shall be returned to his or her former position.

(e) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that, if those provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

(c) The compensation that is awarded for injury pursuant to this section shall include full hospital, surgical, medical treatment, disability indemnity, and death benefits, as provided by this division.

(d) The injury that develops or manifests itself in these cases shall be presumed to arise out of, and in the course of, the employment. This presumption is disputable and may be controverted by other evidence. Unless controverted, the appeals board is bound to find in accordance with the presumption. This presumption shall be extended to a member following termination of service for a period of three calendar months for each full year of the requisite service, but not to exceed 60 months in any circumstance, commencing with the last date actually worked in the specified capacity.

(*l*) ''RBC Report'' means the report required in Section 739.2.

(m) ''Total Adjusted Capital'' means the sum of:

(1) An insurer's statutory capital and surplus.

(2) Other items, if any, that the RBC Instructions may provide.

SEC. 2. Section 11732 of the Insurance Code is amended to read:

11732. Rates shall be adequate to cover an insurer's losses and expenses. Rates shall not tend to create a monopoly in the market. For the purpose of this section, the rates of any individual insurer, other than the State Compensation Insurance Fund, are presumed to create a monopoly in the market if the insurer has a market share, based on a percentage of statewide workers' compensation premium, equivalent to 20 percent or more of the premium written by all insurers other than the State Compensation Insurance Fund.

SEC. 3. Section 11733 of the Insurance Code is amended to read:

11733. In determining whether rates comply with Section 11732, the following criteria shall apply:

(a) Due consideration may be given to past and prospective loss and expenses experience within this state, to catastrophe hazards and contingencies, to events or trends within this state, to loadings for leveling premium rates over time or for dividends or savings to be allowed or returned by insurers to their policyholders, members or subscribers, and to all other relevant factors, including judgment.

(b) The expense provisions included in the rates to be used by an insurer shall reflect the operating methods of the insurer and, so far as is credible, its own actual and anticipated expense experience.

(c) The rates may contain a provision for contingencies and an allowance permitting a reasonable profit. In determining the reasonableness of profit, consideration shall be given to all investment income attributable to premiums and the reserves associated with those premiums.

SEC. 4. Section 11735 of the Insurance Code is amended to read:

11735. (a) Every insurer shall file with the commissioner all rates and supplementary rate information that are to be used in this state. The rates and supplementary rate information shall be filed not later than 30 days prior to the effective date. Upon application by the filer, the commissioner may authorize an earlier effective date. To the extent possible, rates and supplementary rate information shall be based upon supporting information derived from the experience or data of the insurer, rating organization, advisory organization, or other insurers. For the purposes of this subdivision, ''rating organization'' shall have the same meaning as set forth in subdivision (b) of Section 11750.1, and ''advisory organization'' shall have the same meaning as set forth in subdivision (e) of that section.

(b) Rates filed pursuant to this section shall be filed in the form and manner prescribed by the commissioner. All rates, supplementary rate information, and any supporting information for rates filed under this article, as soon as filed, shall be open to public inspection at any reasonable time. Copies may be obtained by any person upon request and the payment of a reasonable charge.

(c) Upon the written application of the insurer and insured, stating its reasons therefor, filed with the commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

(d) Notwithstanding Section 679.70, no rating organization may issue, nor may any insurer use, any classification system or rate, as applied or used, that violates Section 679.71 or 679.72 or that violates the Unruh Civil Rights Act.

(e) Notwithstanding Sections 11657 to 11660, inclusive, supplementary rate information filed with the commissioner for purposes of offering deductibles to policyholders for all or part of benefits payable under the policy shall be deemed complete if the filing contains all of the following:

(1) A copy of the deductible endorsement that is to be attached to the policy to effectuate deductible coverage.

(2) Endorsement language that protects the rights of injured workers and ensures that benefits are paid by the insurer without regard to any deductible. The endorsement shall specify that the nonpayment of deductible amounts by the policyholder shall not relieve the insurer from the payment of compensation for injuries sustained by the employee during the period of time the endorsed policy was in effect. The endorsement shall provide that deductible policies for workers' compensation insurance coverage shall not be terminated retroactively for the nonpayment of deductible amounts.

(3) The endorsement shall provide that notwithstanding the deductible, the insurer shall pay all of the obligations of the employer for

workers' compensation benefits for injuries occurring during the policy period. Payment by the insurer of any amounts within the deductible shall be treated as an advancement of funds by the insurer to the employer and shall create a legal obligation for reimbursements, and may be secured by appropriate security.

(4) The endorsement shall specify whether loss adjustment expenses are to be treated as advancements within the deductible to be reimbursed by the employer.

(5) An explanation of premium reductions reflecting the type and level of the deductible shall be clearly set forth for the policyholder.

(6) The filing shall provide that premium reductions for deductibles are determined before application of any experience modification, premium surcharge, or premium discount, and the premium reductions reflect the type and level of deductible consistent with accepted actuarial standards.

(7) The filing shall provide that the nonpayment of deductible amounts by the insured employer to its insurer, or the failure to comply with any security-related terms of the policy, shall be treated under the policy in the same manner as the payment or nonpayment of the premium pursuant to paragraph (1) of subdivision (b) of Section 676.8.

(f) The insurer shall report and record losses subject to the deductible as losses for purposes of ratemaking and application of an experience rating plan on the same basis as losses under policies providing first dollar coverage.

SEC. 5. Section 11737 of the Insurance Code, as amended by Chapter 6 of the Statutes of 2002, is amended to read:

11737. (a) The commissioner may disapprove a rate if the insurer fails to comply with the filing requirements under Section 11735.

(b) The commissioner may disapprove rates if the commissioner determines that premiums charged, in the aggregate, resulting from the use of the rates or the rates as modified by any supplementary rate information, would be inadequate to cover an insurer's losses and expenses, unfairly discriminatory, or tend to create a monopoly in the market pursuant to Section 11732, 11732.5, or 11733.

(c) The commissioner shall disapprove rates if the commissioner determines that premiums charged, in the aggregate, resulting from the use of the rates or the rates as modified by any supplementary rate information would, if continued in use, tend to impair or threaten the solvency of an insurer. In determining whether the premium charged in the aggregate would, if continued in use, tend to impair or threaten the solvency of the insurer, the commissioner shall consider the insurer's experience in other states.

(d) If the commissioner intends to disapprove rates pursuant to subdivision (a) or (b), the commissioner shall serve notice on the insurer

of the intent to disapprove and shall schedule a hearing to commence within 60 days of the date of the notice.

(e) If the commissioner disapproves rates pursuant to subdivision (c), the commissioner shall immediately serve notice on the insurer of the disapproval. An insurer whose rates have been disapproved pursuant to that subdivision may, within 20 days of the date of the notice of disapproval, request a hearing, and the commissioner shall hold a hearing within 60 days of the date of the notice of disapproval.

(f) Every insurer or rating organization shall provide within this state reasonable means whereby any person aggrieved by the application of its filings may be heard by the insurer or rating organization on written request to review the manner in which the rating system has been applied in connection with the insurance afforded or offered. If the insurer or rating organization fails to grant or reject the request within 30 days, the applicant may proceed in the same manner as if the application had been rejected. Any party affected by the action of the insurer or rating organization on the request may appeal, within 30 days after written notice of the action, to the commissioner who, after a hearing held within 60 days from the date on which the party requests the appeal, or longer upon agreement of the parties and not less than 10 days' written notice to the appellant and to the insurer or rating organization, may affirm, modify, or reverse that action. If the commissioner has information on the subject from which the appeal is taken and believes that a reasonable basis for the appeal does not exist or that the appeal is not made in good faith, the commissioner may deny the appeal without a hearing. The denial shall be in writing, set forth the basis for the denial, and be served on all parties.

(g) If the commissioner disapproves a rate, the commissioner shall issue an order specifying in what respects the rate fails to meet the requirements of this article and stating when, within a reasonable period thereafter, that rate shall be discontinued for any policy issued or renewed after a date specified in the order. The order shall be issued within 20 days after the notice prescribed in subdivision (e) is served. If a hearing is held pursuant to subdivision (d) or (e), the order shall be issued, instead, within 30 days after the close of the hearing. The order may include a provision for premium adjustment for the period after the effective date of the order for policies in effect on that date.

(h) Whenever an insurer has no legally effective rates as a result of the commissioner's disapproval of rates or other act, the commissioner shall specify interim rates for the insurer that protect the interests of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by the commissioner. When new rates become legally effective, the commissioner shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except

that refunds of less than ten dollars ($10) per policyholder shall not be required. However, if the commissioner has disapproved rates pursuant to subdivision (c), the commissioner shall order the insurer in the interim to use, at a minimum, the approved advisory pure premium rates pursuant to subdivision (b) of Section 11750, as modified by the uniform experience rating plan established pursuant to subdivision (c) of Section 11734, without any deviations on account of any supplementary rate information and reflecting the actual expenses of the insurer, until the time that a final determination of rates is adjudicated and ordered through a hearing.

(i) Notwithstanding any other provision of law, an insurer may increase rates on policies with inception dates prior to January 1, 2003, in an amount no greater than the pure premium rate increase approved by the commissioner reflecting the cost of the change in benefit levels authorized by the act adding this subdivision.

SEC. 6. Section 11753.1 of the Insurance Code is amended to read:

11753.1. (a) Any person aggrieved by any decision, action, or omission to act of a rating organization may request that the rating organization reconsider the decision, action, or omission. If the request for reconsideration is rejected or is not acted upon within 30 days by the rating organization, the person requesting reconsideration may, within a reasonable time, appeal from the decision, action, or omission of the rating organization. The appeal shall be made to the commissioner by filing a written complaint and request for a hearing specifying the grounds relied upon. If the commissioner has information on the subject appealed from and believes that probable cause for the appeal does not exist or that the appeal is not made in good faith, the commissioner may deny the appeal without a hearing. The commissioner shall otherwise hold a hearing to consider and determine the matter presented by the appeal.

(b) Any insurer adopting a change in the classification assignment of an employer that results in an increased premium shall notify the employer in writing, or if the insurance was transacted through an insurance agent or broker, the insurer shall notify the agent or broker who shall notify the employer in writing of the change and the reasons for the change. Any employer receiving this notice shall have the right to request reconsideration and appeal the reclassification pursuant to this section. The notice required by this section shall inform the employer of his or her rights pursuant to this section. No notification shall be required when the change is a result of a regulation adopted by the Department of Insurance or other action by or under the authority of the commissioner.

An insurer shall provide written notification of the revised classification assignment to an employer within 30 days after adoption.

CHAPTER 874

An act to amend Section 19604 of, and to add Sections 19549.15 and 19605.55 to, the Business and Professions Code, relating to horse racing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 19549.15 is added to the Business and Professions Code, to read:

19549.15. (a) Notwithstanding Section 19489 or any other provision of this chapter, the board may permit the Solano County Fair to conduct live racing meetings at another site within or outside Solano County, if the site of its 2002 racing meeting is no longer available for horse racing in any subsequent year. Further, subject to the approval of the board, the Solano County Fair may conduct its racing dates at a facility operated by a thoroughbred racing association or fair licensed to conduct a racing meeting in the northern zone.

(b) Any racing meeting licensed to the fair pursuant to subdivision (a) may be operated by the fair or the fair may contract for the operation and management of the racing meeting with an individual thoroughbred racing association or fair, or a partnership, joint venture, or other affiliation of one or more thoroughbred racing associations or fairs.

SEC. 2. Section 19604 of the Business and Professions Code is amended to read:

19604. Notwithstanding any other provision of law, in addition to parimutuel wagering otherwise authorized by this chapter, advance deposit wagering may be conducted upon approval of the board. The board may authorize any racing association or fair, during the calendar period it is licensed by the board to conduct a live racing meeting in accordance with the provisions of Article 4 (commencing with Section 19480), to accept advance deposit wagers or to allow these wagers through a betting system or a multijurisdictional wagering hub in accordance with the following:

(a) Racing associations and racing fairs may form a partnership, joint venture, or any other affiliation in order to further the purposes of this section.

(b) As used in this section, ''advance deposit wagering'' means a form of parimutuel wagering in which a person residing within California or outside of this state establishes an account with a licensee, a board-approved betting system, or a board-approved multijurisdictional wagering hub located within California or outside of this state, and subsequently issues wagering instructions concerning the funds in this account, thereby authorizing the entity holding the account to place wagers on the account owner's behalf. An advance deposit wager may be made only by the entity holding the account pursuant to wagering instructions issued by the owner of the funds communicated by telephone call or through other electronic media. The licensee, a betting system, or a multijurisdictional wagering hub shall ensure the identification of the account's owner by utilizing methods and technologies approved by the board. Further, at the request of the board, any licensee, betting system, or multijurisdictional wagering hub located in California, and any betting system or multijurisdictional wagering hub located outside of this state that accepts wagering instructions concerning races conducted in California or accepts wagering instructions from California residents, shall provide a full accounting and verification of the source of the wagers thereby made, including the zone and breed, in the form of a daily download of parimutuel data to a database designated by the board. Additionally, when the board approves a licensee, a betting system, or a multijurisdictional wagering hub, whether located within California or outside of this state, to accept advance deposit wagering instructions on any race or races from California residents, the licensee, betting system, or multijurisdictional wagering hub may be compensated pursuant to a contractual agreement with a California licensee, in an amount not to exceed 6.5 percent of the amount handled on a race or races conducted in California, and in the case of a race or races conducted in another jurisdiction, may be compensated in an amount not to exceed 6.5 percent, plus a fee to be paid to the host racing association not to exceed 3.5 percent, of the amount handled on that race or races. The amount remaining after the payment of winning wagers and after payment of the contractual compensation and host fee, if any, shall be distributed as a market access fee in accordance with subdivision (g). As used in this section, ''market access fee'' means the contractual fee paid by a betting system or multijurisdictional wagering hub to the California licensee for access to the California market for wagering purposes. As used in this section, ''licensee'' means any racing association or fair, or affiliation thereof authorized in subdivision (a).

(c) (1) The board shall develop and adopt rules to license and regulate all phases of operation of advance deposit wagering for licensees, betting systems, and multijurisdictional wagering hubs located in California. Betting systems and multijurisdictional wagering hubs located and operating in California shall be approved by the board prior to establishing advance deposit wagering accounts or accepting wagering instructions concerning those accounts and shall enter into a written contractual agreement with the bona fide labor organization that has historically represented the same or similar classifications of employees at the nearest horse racing meeting. Permanent state or county employees and nonprofit organizations that have historically performed certain services at county, state, or district fairs may continue to provide those services, notwithstanding this requirement.

(2) The board shall develop and adopt rules and regulations requiring betting systems and multijurisdictional wagering hubs to establish security access policies and safeguards, including, but not limited to, the following:

(A) The betting system or wagering hub shall utilize the services of a board-approved independent third party to perform identity, residence, and age verification services with respect to persons establishing an advance deposit wagering account.

(B) The betting system or wagering hub shall utilize personal identification numbers (PINs) and other technologies to assure that only the accountholder has access to the advance deposit wagering account.

(C) The betting system or wagering hub shall provide for withdrawals from the wagering account only by means of a check made payable to the accountholder and sent to the address of the accountholder or by means of an electronic transfer to an account held by the verified accountholder or the accountholder may withdraw funds from the wagering account at a facility approved by the board by presenting verifiable personal and account identification information.

(D) The betting system or wagering hub shall allow the board access to its premises to visit, investigate, and place expert accountants and other persons it deems necessary for the purpose of ensuring that its rules and regulations concerning credit authorization, account access, and other security provisions are strictly complied with.

(3) The board shall prohibit advance deposit wagering advertising that it determines to be deceptive to the public. The board shall also require, by regulation, that every form of advertising contain a statement that minors are not allowed to open or have access to advance deposit wagering accounts.

(d) As used in this section, a ''multijurisdictional wagering hub'' is a business conducted in more than one jurisdiction that facilitates

parimutuel wagering on races it simulcasts and other races it offers in its wagering menu.

(e) As used in this section, a ''betting system'' is a business conducted exclusively in this state that facilitates parimutuel wagering on races it simulcasts and other races it offers in its wagering menu.

(f) In order for a licensee, betting system, or multijurisdictional wagering hub to be approved by the board to conduct advance deposit wagering, it shall meet both of the following requirements:

(1) All wagers thereby made shall be included in the appropriate parimutuel pool of the host racing association or fair under a contractual agreement with the applicable California licensee, in accordance with the provisions of this chapter.

(2) The amounts deducted from advance deposit wagers shall be in accordance with the provisions of this chapter.

(g) The amount received as a market access fee from advance deposit wagers, which shall not be considered for purposes of Section 19616.51, shall be distributed as follows:

(1) An amount equal to 0.0011 multiplied by the amount handled on advance deposit wagers originating in California for each racing meeting shall be distributed to the Center for Equine Health to establish the Kenneth L. Maddy Fund for the benefit of the School of Veterinary Medicine at the University of California at Davis.

(2) An amount equal to 0.0003 multiplied by the amount handled on advance deposit wagers originating in California for each racing meeting shall be distributed to the Department of Industrial Relations to cover costs associated with audits conducted pursuant to Section 19526 and for the purposes of reimbursing the State Mediation and Conciliation Service for costs incurred pursuant to this bill. However, if that amount would exceed the costs of the Department of Industrial Relations, the amount distributed to the department shall be reduced, and that reduction shall be forwarded to an organization designated by the racing association or fair described in subdivision (a) for the purpose of augmenting a compulsive gambling prevention program specifically addressing that problem.

(3) An amount equal to 0.00165 multiplied by the amount handled on advance deposit wagers that originate in California for each racing meeting shall be distributed as follows:

(A) One-half of the amount shall be distributed to supplement the trainer-administered pension plans for backstretch personnel established pursuant to Section 19613. Moneys distributed pursuant to this subparagraph shall supplement, and not supplant, moneys distributed to that fund pursuant to Section 19613 or any other provision of law.

(B) One-half of the amount shall be distributed to the welfare fund established for the benefit of horsemen and backstretch personnel

pursuant to subdivision (b) of Section 19641. Moneys distributed pursuant to this subparagraph shall supplement, and not supplant, moneys distributed to that fund pursuant to Section 19641 or any other provision of law.

(4) With respect to wagers on each breed of racing that originate in California, an amount equal to 2 percent of the first two hundred fifty million dollars ($250,000,000) of handle from all advance deposit wagers originating from within California annually, an amount equal to 1.5 percent of the next two hundred fifty million dollars ($250,000,000) of handle from all advance deposit wagers originating from within California annually, and an amount equal to 1 percent of handle from all advance deposit wagers originating from within California in excess of five hundred million dollars ($500,000,000) annually, shall be distributed as satellite wagering commissions. The satellite wagering facility commissions calculated in accordance with this subdivision shall be distributed to each satellite wagering facility and racing association or fair in the zone in which the wager originated in the same relative proportions that the satellite wagering facility or the racing association or fair generated satellite commissions during the previous calendar year. For purposes of this section, the purse funds distributed pursuant to Section 19605.72 shall be considered to be satellite wagering facility commissions attributable to thoroughbred races at the locations described in that section.

(5) With respect to wagers on each breed of racing that originate in California for each racing meeting, after the payment of contractual obligations to the licensee, the betting system, or the multijurisdictional wagering hub, and the distribution of the amounts set forth in paragraphs (1) through (4), inclusive, the amount remaining shall be distributed to the racing association or fair that is conducting live racing on that breed during the calendar period in the zone in which the wager originated, and this amount shall be allocated to that racing association or fair as commissions, to horsemen participating in that racing meeting in the form of purses, and as incentive awards, in the same relative proportion as they were generated or earned during the prior calendar year at that racing association or fair on races conducted or imported by that racing association or fair after making all deductions required by applicable law. Purse funds generated pursuant to this section may be utilized to pay 50 percent of the total costs and fees incurred due to the implementation of advance deposit wagering. ''Incentive awards'' shall be those payments provided for in Sections 19617.2, 19617.7, 19617.8, 19617.9, and 19619. The amount determined to be payable for incentive awards shall be payable to the applicable official registering agency and thereafter distributed as provided in this chapter. If the provisions of Section 19601.2 apply, then the amount distributed to the applicable

racing associations or fairs from advance deposit wagering shall first be divided between those racing associations or fairs in direct proportion to the total amount wagered in the applicable zone on the live races conducted by the respective association or fair. Notwithstanding this requirement, when the provisions of subdivision (b) of Section 19607.5 apply to the 2nd District Agricultural Association in Stockton or the California Exposition and State Fair in Sacramento, then the total amount distributed to the applicable racing associations or fairs shall first be divided equally, with 50 percent distributed to applicable fairs and 50 percent distributed to applicable associations. For purposes of this subdivision, the zones of the state shall be as defined in Section 19530.5, except as modified by the provisions of subdivision (f) of Section 19601, and the combined central and southern zones shall be considered one zone.

Notwithstanding any provision of this section to the contrary, the distribution of the market access fee, other than the distributions specified in paragraph (1) or (2), may be altered upon the approval of the board, in accordance with an agreement signed by all parties receiving a distribution under paragraphs (4) and (5).

(h) Notwithstanding any provisions of this section to the contrary, all funds derived from advance deposit wagering that originate from California for each racing meeting on out-of-state and out-of-country thoroughbred races conducted after 6 p.m., Pacific time, shall be distributed in accordance with this subdivision. With respect to these wagers, 50 percent of the amount remaining after the payment of contractual obligations to the multijurisdictional wagering hub, betting system, or licensee and the amounts set forth in paragraphs (1) through (5), inclusive, of subdivision (g) shall be distributed as commissions to thoroughbred associations and racing fairs, as thoroughbred and fair purses, and as incentive awards in accordance with subdivision (g), and the remaining 50 percent, together with all funds derived for each racing meeting from advance deposit wagering originating from California out-of-state and out-of-country harness and quarter horse races conducted after 6 p.m., Pacific time, shall be distributed as commissions on a pro rata basis to the applicable licensed quarter horse association and the applicable licensed harness association, based upon the amount handled instate, both on- and off-track, on each breed's own live races in the previous year by that association, or it's predecessor association. One-half of the amount thereby received by each association shall be retained by that association as a commission, and the other half of the money received shall be distributed as purses to the horsemen participating in its current or next scheduled licensed racing meeting.

(i) Notwithstanding any provisions of this section to the contrary, all funds derived from advance deposit wagering which originate from

California for each racing meeting on out-of-state and out-of-country nonthoroughbred races conducted before 6 p.m., Pacific time, shall be distributed in accordance with this subdivision. With respect to these wagers, 50 percent of the amount remaining after the payment of contractual obligations to the multijurisdictional wagering hub, betting system, or licensee and the amounts set forth in paragraphs (1) through (5), inclusive, of subdivision (g) shall be distributed as commissions as provided in subdivision (h) for licensed quarter horse and harness associations, and the remaining 50 percent shall be distributed as commissions to the applicable thoroughbred associations or fairs, as thoroughbred and fair purses, and as incentive awards in accordance with subdivision (g).

(j) A racing association, a fair, or a satellite wagering facility may accept and facilitate the placement of any wager from a patron at its facility that a California resident could make through a betting system or multijurisdictional wagering hub duly offering advance deposit wagering in this state, and the facility accepting the wager shall receive a 2-percent commission on that wager in lieu of any distribution for satellite commissions pursuant to subdivision (g).

(k) Any disputes concerning the interpretation or application of this section shall be resolved by the board.

This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 3. Section 19605.55 is added to the Business and Professions Code, to read:

19605.55. (a) Notwithstanding Section 19605, 19605.1, 19605.35, or any other provision of this chapter, if the Solano County Fair ceases to conduct live horse racing at the site of its 2002 racing meeting in any subsequent year, the board may authorize satellite wagering in Solano County as provided in this section:

(1) The board may authorize a satellite wagering facility to replace its existing facility to be located on the fairgrounds of the Solano County Fair or on leased premises within the county, at the option of the fair. The facility may be operated by the fair or the fair may contract for the operation and management of the satellite wagering facility with an individual thoroughbred racing association or fair, or a partnership, joint venture, or other affiliation of one or more thoroughbred racing associations or fairs. The board may license a facility to the Solano County Fair pursuant to this section notwithstanding the mileage restrictions contained in Section 19605 or any other provision of this chapter to the contrary.

(2) A satellite wagering facility licensed to the fair pursuant to this section is subject to the provisions of subdivisions (a) to (e), inclusive,

of Section 19605.3, except that such a facility shall not be subject to the provisions of paragraph (3) of subdivision (a) of Section 19605.3 or any other impact fee or charge.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Maternity Parity Act.

SEC. 2. Section 1373.4 of the Health and Safety Code is amended to read:

1373.4. (a) No health care service plan which provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state on or after July 1, 1976, if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions as to involuntary complications of pregnancy, unless the provisions apply generally to all benefits paid under the plan. If a fixed amount is specified in the plan for surgery, the fixed amounts for surgical procedures involving involuntary complications of pregnancy shall be commensurate with other fixed amounts payable for procedures of comparable difficulty and severity. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the plan. Where the plan contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the plan.

(b) Where a plan which provides or arranges direct health care services for its members contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from prenatal care and delivery. However, expenses resulting from any delivery in excess of the deductible amount shall be treated as expenses for any other illness under the plan. If the pregnancy is interrupted, the maternity deductible charged for prenatal care and delivery shall be based on the value of the medical services received, providing that it is never more than two-thirds of the plan's maternity deductible.

(c) This section shall apply to all health care service plans except any group health service plan made subject to an applicable collective-bargaining agreement in effect before July 1, 1976.

(d) For purposes of this section, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

(e) All health care service plans subject to this section and issued, amended, delivered, or renewed in this state on or after July 1, 1976, shall be construed to be in compliance with this section, and any provision in any such plan which is in conflict with this section shall be of no force or effect.

(f) This section shall remain in effect only until July 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, which is enacted on or before July 1, 2003, deletes or extends those dates.

SEC. 3. Section 1373.4 is added to the Health and Safety Code, to read:

1373.4. (a) No health care service plan contract that is issued, amended, renewed, or delivered on or after July 1, 2003, that provides maternity coverage shall do either of the following:

(1) Contain a copayment or deductible for inpatient hospital maternity services that exceeds the most common amount of the copayment or deductible contained in the contract for inpatient services provided for other covered medical conditions.

(2) Contain a copayment or deductible for ambulatory care maternity services that exceeds the most common amount of the copayment or deductible contained in the contract for ambulatory care services provided for other covered medical conditions.

(b) No health care service plan that provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions as to involuntary complications of pregnancy, unless the provisions apply generally to all benefits paid under the plan.

(c) If the pregnancy is interrupted, the maternity deductible charged for prenatal care and delivery shall be based on the value of the medical services received, providing it is never more than two-thirds of the plan's maternity deductible.

(d) For purposes of this section, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

(e) This section shall not permit copayments or deductibles in the Medi-Cal program that are not otherwise authorized under state or federal law.

(f) This section shall become operative on July 1, 2003.

SEC. 4. Section 10119.5 of the Insurance Code is amended to read:

10119.5. (a) No group or blanket policy of disability insurance which provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state on or after July 1, 1976, if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions, as to involuntary complications of pregnancy, unless the provisions apply generally to all benefits paid under the policy. If a fixed amount is specified in the policy for surgery, the fixed amounts for surgical procedures involving involuntary complications of pregnancy shall be commensurate with other fixed amounts payable for procedures of

comparable difficulty and severity. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the policy. Where the policy contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the policy. This section shall apply to all group or blanket disability policies except any group disability policy made subject to an applicable collective-bargaining agreement in effect before July 1, 1976.

(b) For purposes of this section, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

(c) All policies subject to this section and issued, amended, delivered, or renewed in this state on or after July 1, 1976, shall be construed to be in compliance with this section, and any provision in any such policy which is in conflict with this section shall be of no force or effect.

(d) This section shall remain in effect only until July 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, which is enacted on or before July 1, 2003, deletes or extends those dates.

SEC. 5. Section 10119.5 is added to the Insurance Code, to read:

10119.5. (a) No individual or group policy of health insurance that is issued, amended, renewed, or delivered on or after July 1, 2003, that provides maternity coverage shall contain a copayment or deductible for inpatient hospital maternity services that exceeds the most common amount of the copayment or deductible contained in the policy for inpatient services provided for other covered medical conditions or contain a copayment or deductible for ambulatory care maternity services that exceeds the most common amount of the copayment or deductible contained in the policy for ambulatory care services provided for other covered medical conditions.

(b) No group or blanket policy of health insurance that provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions, as to involuntary complications of pregnancy, unless the provisions apply generally to all benefits paid under the policy.

(c) For purposes of this section, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

(d) This section shall not apply to Medicare supplement, vision-only, or Champus-supplement insurance, or to hospital indemnity,

accident-only, and specified disease insurance that does not pay benefits on a fixed benefit, cash payment only basis.

(e) This section shall not permit copayments or deductibles in the Medi-Cal program that are not otherwise authorized under state or federal law.

(f) This section shall become operative on July 1, 2003.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 53216.2 of the Government Code is amended to read:
53216.2. CHAPTER 883

An act to amend Section 45309 of, and to add Sections 31629.5, 31831.3, 45310.6, 45310.7, 53216.8, and 53217.10 to, the Government Code, relating to public employees' retirement.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:
(a) As a matter of statewide importance, the safety and welfare of the people of California require that California's current and former local public safety officers are granted redeposit rights for retirement purposes to ensure that the highest quality police officers and firefighters are

attracted to, and retained in, positions of public service, and in order to ensure that the administration of these duties is of the highest caliber and integrity.

(b) There is a public obligation to provide retirement compensation to public safety officers who selflessly risk their lives on a daily basis to ensure the safety and the well-being of the public.

(c) As a matter of statewide importance, it is necessary to ensure that local public safety officers who are incapacitated in the performance of their duties or by age, be replaced by the most qualified public safety officers, and it is necessary to recognize that retirement benefits impact this endeavor.

(d) Furthermore, due to the state's compelling interest in ensuring that the state's public agencies recruit and retain the highest caliber of public employees, it is essential that employees who take breaks from public employment to gain valuable experience in the private sector or to increase their skills and abilities by increasing their education level are not required to forfeit retirement benefits to do so, but are allowed to retain the service credit they earn as public employees in order to encourage them to return to public employment and continue to serve the public.

(e) To these ends, it is the intent of the Legislature in enacting this act to enable current and former local public safety officers to redeposit formerly withdrawn contributions for past public service in order to obtain a retirement benefit for that service and to ensure that local public employees have the ability to retain retirement contributions on deposit.

SEC. 2. Section 31629.5 is added to the Government Code, to read:

31629.5. (a) Notwithstanding Sections 31628 and 31629, on or after January 1, 2003, a member who is credited with less than the number of years of service required for vesting shall have the right to elect to leave accumulated contributions on deposit in the retirement fund. Failure to make an election to withdraw accumulated contributions shall be deemed an election to leave accumulated contributions on deposit in the retirement fund.

(b) An election to allow accumulated contributions to remain in the retirement fund may be revoked by the member at any time except: (1) while the member is employed in county service in a position in which the member is not excluded from membership in this system with respect to that service; (2) while the member is in service as a member of a public retirement system supported, in whole or in part, by state funds; or (3) while the member is in service, entered within six months after discontinuing county service, as a member of a reciprocal retirement system. All accumulated contributions contributed up to the time of revocation may then be withdrawn.

(c) A member whose membership continues under this section is subject to the same age, service, and disability requirements that apply to other members for service or disability retirement. After the qualification of the member for retirement by reason of age, which shall be the lowest age applicable to any membership category in which the member has credited service, or disability, the member shall be entitled to receive a retirement allowance based upon the amount of the member's accumulated contributions and service standing to the member's credit at the time of retirement and on the employer contributions held for the member and calculated in the same manner as for other members.

(d) Service, solely for purposes of meeting minimum service qualifications for service or disability retirement, shall also include service credited as an employee of a reciprocal system when the member retires concurrently from all reciprocal retirement systems. A member whose combined service from all reciprocal retirement systems does not meet the minimum service qualifications may not receive a service or disability retirement from this system.

(e) Notwithstanding Section 31467, for purposes of this section, ''accumulated contributions'' means the sum of all member contributions standing to the credit of a member's individual account, and interest thereon.

SEC. 3. Section 31831.3 is added to the Government Code, to read:

31831.3. (a) Notwithstanding Sections 31831.1 and 31831.2, any former member who left county or district service and became a member of a retirement system established under this chapter in another county or district, or a reciprocal retirement system, or a retirement system established under the Public Employees' Retirement Law, and who did not elect to, or was not eligible to, leave his or her contributions on deposit pursuant to Article 9 (commencing with Section 31700), may elect to redeposit those contributions if he or she is an active member of a county retirement system, the Public Employees' Retirement System, or another reciprocal retirement system at the time of redeposit. A former member may exercise this right by redepositing in the retirement fund of the county or district he or she left, the amount of accumulated contributions and interest that he or she withdrew from that retirement fund plus regular interest thereon from the date of separation.

(b) A former member who redeposits under this section shall have the same rights as a member who elected to leave his or her accumulated contributions on deposit in the fund. The deferred retirement allowance of the member shall be determined in accordance with the provisions of this chapter applicable to a member retiring directly from county employment on the date of his or her retirement.

(c) A former member who redeposits under this section shall be entitled to a reduced age at entry, commencing with contributions payable the first day of the month following the date the association receives notice of the redeposit, only to the extent provided in Section 31833.

(d) This section does not apply to the following:

(1) A member or former member who is retired.

(2) A former member who is not in the service of an employer making him or her a member of a retirement system established under this chapter in another county or district, a retirement system established under the Public Employees' Retirement Law, or another reciprocal retirement system.

(e) This section shall only apply to either of the following:

(1) A former member who is in the service of an employer as an officer or employee of a law enforcement agency or fire department whose principal duties consist of active law enforcement or firefighting and prevention service, but excluding one whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly come within the scope of active law enforcement or firefighting and prevention service, even though the officer or employee is subject to occasional call, or is occasionally called upon, to perform duties within the scope of active law enforcement or firefighting and prevention service.

(2) A former member who is in the service of an employer and seeks to redeposit contributions for past employment as an officer or employee of a law enforcement agency or fire department in this system whose principal duties consisted of active law enforcement or firefighting and prevention service, but excluding one whose principal duties were those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions did not clearly come within the scope of active law enforcement or firefighting and prevention service, even though the officer or employee was subject to occasional call, or was occasionally called upon, to perform duties within the scope of active law enforcement or firefighting and prevention service.

(f) For purposes of this section, a ''former member'' is a member who left county or district service and who did not elect to, or was not eligible to, leave his or her contributions on deposit pursuant to Article 9 (commencing with Section 31700).

(g) Each retirement system shall establish criteria to determine the eligibility of a former member to redeposit contributions, and the amount of contributions that may be redeposited, pursuant to this section in those cases in which the system no longer maintains complete records with respect to the former member.

SEC. 4. Section 45309 of the Government Code is amended to read:

45309. Among other matters, the ordinance establishing the system shall provide for:

(a) The amount of benefits to be paid to any officers or employees, or their beneficiaries, and the terms and conditions upon which the benefits will be paid.

(b) The contribution to be paid by the officers or employees to the pension and retirement fund.

(c) The contribution to be paid by the city to the pension and retirement fund, which, exclusive of contributions paid on account of service rendered prior to the effective date of the ordinance, shall not exceed the total contribution paid to the pension and retirement fund by the officers and employees.

(d) The personnel of the retirement board, which shall consist of not less than five members, at least two of whom shall be elected by the officers and employees who are included in the retirement system.

(e) The adoption of regulations for the administration of the system by the retirement board.

(f) The refunding to any officer or employee who withdraws from the system, prior to retirement, of the amount of his or her contribution and the interest credited to his or her contribution upon the officer's or employee's request following withdrawal from the system.

SEC. 5. Section 45310.6 is added to the Government Code, to read:

45310.6. When a city has established a reciprocal retirement system under this chapter, the following shall apply:

(a) Any former member who left service under that system and became a member of a reciprocal retirement system or a retirement system established under the Public Employees' Retirement Law, and who did not elect to, or was not eligible to, leave his or her contributions on deposit, may elect to redeposit those contributions if he or she is an active member of a reciprocal retirement system or the Public Employees' Retirement System at the time of redeposit. A former member may exercise this right by redepositing in the retirement fund of the city he or she left, the amount of accumulated contributions and interest that he or she withdrew from that retirement fund plus regular interest thereon from the date of separation.

(b) A former member who redeposits under this section shall have the same rights as a member who elected to leave his or her accumulated contributions on deposit in the fund. The deferred retirement allowance of the member shall be determined in accordance with provisions applicable to a member retiring directly from city employment on the date of his or her retirement.

(c) A former member who redeposits under this section shall be entitled to a reduced age at entry, commencing with contributions

payable the first day of the month following the date the association receives notice of the redeposit, if applicable.

(d) This section does not apply to either of the following:

(1) A member or former member who is retired.

(2) A former member who is not in the service of an employer making him or her a member of a retirement system established under the Public Employees' Retirement Law or a reciprocal retirement system.

(e) This section shall only apply to either of the following:

(1) A former member who is in the service of an employer as an officer or employee of a law enforcement agency or fire department whose principal duties consist of active law enforcement or firefighting and prevention service, but excluding one whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly come within the scope of active law enforcement or firefighting and prevention service, even though the officer or employee is subject to occasional call, or is occasionally called upon, to perform duties within the scope of active law enforcement or firefighting and prevention service.

(2) A former member who is in the service of an employer and seeks to redeposit contributions for past employment as an officer or employee of a law enforcement agency or fire department in the city's retirement system whose principal duties consisted of active law enforcement or firefighting and prevention service, but excluding one whose principal duties were those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions did not clearly come within the scope of active law enforcement or firefighting and prevention service, even though the officer or employee was subject to occasional call, or was occasionally called upon, to perform duties within the scope of active law enforcement or firefighting and prevention service.

(f) For purposes of this section, a ''former member'' is a member who left service under a retirement system established under this chapter and who did not elect to, or was not eligible to, leave his or her contributions on deposit with the system.

(g) Each city retirement system subject to this section shall establish criteria to determine the eligibility of a former member to redeposit contributions, and the amount of contributions that may be redeposited, in those cases in which the system no longer maintains complete records with respect to the former member.

(h) It is the intent of the Legislature in enacting this section to recognize a statewide public obligation to all those whose duties as local public safety officers expose them to more than ordinary risks through their contribution to ensuring public safety and to ensure that those who do serve or have served as local public safety officers shall have the

ability to receive pension benefits for past public service in other jurisdictions within the state.

SEC. 6. Section 45310.7 is added to the Government Code, to read:

45310.7. (a) On or after January 1, 2003, a member who is credited with less than the number of years of service required for vesting shall have the right to elect to leave accumulated contributions on deposit in the retirement fund of the city's retirement system. Failure to make an election to withdraw accumulated contributions shall be deemed an election to leave accumulated contributions on deposit in the system's retirement fund.

(b) An election to allow accumulated contributions to remain in the system's retirement fund may be revoked by the member at any time except: (1) while the member is employed in service in a position in which the member is not excluded from membership in the system with respect to that service; (2) while the member is in service as a member of a public retirement system supported, in whole or in part, by state funds; or (3) while the member is in service in a reciprocal retirement system, entered within six months after discontinuing service in the city's retirement system. All accumulated contributions made up to the time of revocation may then be withdrawn.

(c) A member whose membership continues under this section is subject to the same age, service, and disability requirements as apply to other members for service or disability retirement. After the qualification of the member for retirement by reason of age, which shall be the lowest age applicable to any membership category in which the member has credited service, or disability, the member shall be entitled to receive a retirement allowance based upon the amount of the member's accumulated contributions and service standing to the member's credit at the time of retirement and on the employer contributions held for the member and calculated in the same manner as for other members.

(d) Service, solely for purposes of meeting minimum service qualifications for service or disability retirement, shall also include service credited as an employee of a reciprocal system when the member retires concurrently from all reciprocal retirement systems. A member whose combined service from all reciprocal retirement systems does not meet the minimum service qualifications may not receive a service or disability retirement from this system.

(e) For purposes of this section, "accumulated contributions'' means the sum of all member contributions standing to the credit of a member's individual account, and interest thereon.

(f) It is the intent of the Legislature in enacting this section to recognize that the state has a compelling interest in ensuring that its public agencies recruit and retain the highest caliber of public employees

by allowing local public employees to retain the service credit that they earned through their service as local public employees in order to encourage them to return to public employment and continue to serve the public.

SEC. 7. Section 53216.8 is added to the Government Code, to read:

53216.8. (a) Any former member who left the service of a local agency with established reciprocity, and who became a member of a county retirement system, a retirement system established under the Public Employees' Retirement Law, or another reciprocal retirement system and who did not elect to, or was not eligible to, leave his or her contributions on deposit, may elect to redeposit those contributions if he or she is an active member of a reciprocal retirement system or the Public Employees' Retirement System at the time of redeposit. A former member may exercise this right by redepositing in the retirement fund of the local agency he or she left, the amount of accumulated contributions and interest that he or she withdrew from that retirement fund plus regular interest thereon from the date of separation.

(b) A former member who redeposits under this section shall have the same rights as a member who elected to leave his or her accumulated contributions on deposit in the local agency's fund. The deferred retirement allowance of the member shall be determined in accordance with provisions applicable to a member retiring directly from local agency employment on the date of his or her retirement.

(c) A former member who redeposits under this section shall be entitled to a reduced age at entry, commencing with contributions payable the first day of the month following the date the local agency receives notice of the redeposit, if applicable.

(d) This section does not apply to either of the following:

(1) A member or former member who is retired.

(2) A former member who is not in the service of an employer making him or her a member of a county retirement system, a retirement system established under the Public Employees' Retirement Law, or another reciprocal retirement system.

(e) This section shall only apply to either of the following:

(2) A former member who is in the service of an employer and seeks to redeposit contributions for past employment as an officer or employee of a law enforcement agency or fire department in this system whose principal duties consisted of active law enforcement or firefighting and prevention service, but excluding one whose principal duties were those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions did not clearly come within the scope of active law enforcement or firefighting and prevention service, even though the officer or employee was subject to occasional call, or was occasionally called upon, to perform duties within the scope of active law enforcement or firefighting and prevention service.

(f) For purposes of this section, a ''former member'' is a member who left service under a retirement system established under this chapter and who did not elect to, or was not eligible to, leave his or her contributions on deposit.

(g) Each retirement system subject to this section shall establish criteria to determine the eligibility of a former member to redeposit contributions, and the amount of contributions that may be redeposited, in those cases in which the system no longer maintains complete records with respect to the former member.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 7581 of the Business and Professions Code is amended to read:

7581. The director may adopt and enforce reasonable rules, as follows:

(a) Classifying licensees according to the type of business regulated by this chapter in which they are engaged, including, but not limited to, persons employed by any lawful business as security guards or patrolpersons, and armored contract carriers and limiting the field and scope of the operations of a licensee to those in which he or she is classified and qualified to engage.

(b) Fixing the qualifications of licensees and managers, in addition to those prescribed in this chapter, necessary to promote and protect the public welfare.

(c) Carrying out generally the provisions of this chapter, including regulation of the conduct of licensees.

(d) Establishing the qualifications that any person employed by a private patrol operator or any lawful business as a security guard or patrolperson, or employed by an armored contract carrier, must meet as a condition of becoming eligible to carry firearms pursuant to subdivision (d) of Section 12031 of the Penal Code.

(e) Requiring each uniformed employee of a private patrol operator and each armored vehicle guard, as defined in this chapter, and any other person employed and compensated by a private patrol operator or any lawful business as a security guard or patrolperson and who in the course of this employment carries a deadly weapon to be registered with the bureau upon application on a form prescribed by the director accompanied by the registration fee and by two classifiable sets of fingerprints of the applicant or its equivalent as determined by the director and approved by the Department of Justice, establishing the term of the registration for a period of not less than two nor more than four years, and providing for the renewal thereof upon proper application and payment of the renewal fee. The director may, after opportunity for a hearing, refuse this registration to any person who lacks good moral character, and may impose reasonable additional requirements as are necessary to meet local needs that are not inconsistent with the provisions of this chapter.

SEC. 2. Section 7583.46 is added to the Business and Professions Code, to read:

7583.46. (a) (1) It shall be a violation of Section 1102.5 of the Labor Code for a private patrol operator to discharge, demote, threaten, or in any manner discriminate against an employee in the terms and conditions of his or her employment, for disclosing information or causing information to be disclosed, to a government or law enforcement agency, when the information is related to conduct proscribed in this chapter.

(2) A private patrol operator who intentionally violates this subdivision shall be liable in an action for damages brought against him or her by the injured party.

(b) A person who believes that he or she has been discharged, demoted, threatened, or in any other manner discriminated against in the terms and conditions of his or her employment, because that person disclosed or caused information to be disclosed to a government or law enforcement agency, may bring a claim against the private patrol operator within three years of the date of the discharge, demotion, threat, or discrimination.

(c) Neither the bureau nor the department is responsible for resolving claims under this section.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 7581 of the Business and Professions Code proposed by both this bill and AB 248. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2003, (2) each bill amends Section 7581 of the Business and Professions Code, and (3) this bill is enacted after AB 248, in which case Section 1 of this bill shall not become operative.

CHAPTER 885

An act to add Section 102346 to the Health and Safety Code, to amend Sections 6309, 6313, 6315, 6409.1, 6409.2, and 6423 of, and to add Sections 176 and 6356 to, the Labor Code, relating to employment safety.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 102346 is added to the Health and Safety Code, to read:

102346. (a) The local registrar of births and deaths shall transmit each month to the Division of Labor Statistics and Research of the Department of Industrial Relations a copy of each certificate of death for which the death has been marked as work-related and which was accepted for registration by him or her during the preceding month.

(b) This section shall become operative on January 1, 2003.

SEC. 2. Section 176 is added to the Labor Code, to read:

176. (a) The Legislature hereby finds and declares that the Dymally-Alatorre Bilingual Services Act, Chapter 17.5 (commencing with Section 7290) of Division 7 of Title 1 of the Government Code, was enacted in 1973 to provide for the removal of language barriers that prevent the people of this state who are not proficient in English from effectively accessing government services and otherwise communicating with their government.

The Legislature further finds and declares that limited-English-proficient individuals will benefit from increased language-based access to the programs and services of the Division of Occupational Safety and Health.

The Legislature further finds and declares that federal statistics show that from 1996 to 2000, while overall worker fatalities dropped 14 percent, immigrant worker fatalities rose 17 percent. Immigrant workers die on the job at higher rates because they frequently work in more dangerous industries with little or no training. Language barriers compound the problem because training and warning signs are often only in English.

(b) As used in this section, a ''public contact position'' means any position responsible for responding to telephone or in-office inquiries or taking complaints from the general public regarding matters pertaining to occupational safety and health.

(c) As used in the section, an ''investigative position'' means any position responsible for investigating complaints, injuries, or deaths related to occupational safety and health.

(d) As used in this section, ''limited-English-proficient'' refers to persons who speak English less than ''very well,'' in accordance with United States Census data.

(e) The division shall make all efforts to ensure that limited-English-proficient persons can communicate effectively with

the division. Examples of potential measures include, but are not limited to, the hiring of bilingual persons in public contract positions and investigative positions, the use of contract based interpreters, and the use of telephone-based interpretation services. Nothing contained in this section relieves the division of its separate obligations under the Dymally-Alatorre Bilingual Services Act, Chapter 17.5 (commencing with Section 7290) of Division 7 of Title 1 of the Government Code, or any other state or federal laws requiring the provision of its services in languages other than English.

(f) On July 30, 2004, the Division of Occupational Health and Safety shall issue a progress report to the Legislature on the implementation of this section that shall, at a minimum, include all of the following:

(1) The most recent information provided to the California State Personnel Board pursuant to Section 7299.4 of the Government Code.

(2) The number of bilingual employees in public contract and investigative positions in each local office of the division and the languages they speak, other than English.

(3) A description of any centralized system or other resources for providing translation and interpretation services within the division.

(4) A description of any quality control measures or evaluations undertaken by the division to evaluate whether limited-English-proficient persons are able to communicate effectively with the division.

(5) A description of any means, such as contracted interpreters, telephone-based interpretation services, or video conferencing, used by the division to communicate with individuals who are limited-English-proficient in the event that bilingual employees in public contract or investigative positions are not available, and the frequency in which these services were used by the division during the most recent fiscal year.

SEC. 2. Section 6309 of the Labor Code is amended to read:

6309. If the division learns or has reason to believe that any employment or place of employment is not safe or is injurious to the welfare of any employee, it may, of its own motion, or upon complaint, summarily investigate the same with or without notice or hearings. However, if the division secures a complaint from an employee, the employee's representative, including, but not limited to, an attorney, health or safety professional, union representative, or representative of a government agency, or an employer of an employee directly involved in an unsafe place of employment, that his or her employment or place of employment is not safe, it shall, with or without notice or hearing, summarily investigate the same as soon as possible, but not later than three working days after receipt of a complaint charging a serious violation, and not later than 14 calendar days after receipt of a complaint

charging a nonserious violation. The division shall attempt to determine the period of time in the future that the complainant believes the unsafe condition may continue to exist, and shall allocate inspection resources so as to respond first to those situations in which time is of the essence. For purposes of this section, a complaint is deemed to allege a serious violation if the division determines that the complaint charges that there is a substantial probability that death or serious physical harm could result from a condition which exists, or from one or more practices, means, methods, operations, or processes which have been adopted or are in use in a place of employment. When a complaint charging a serious violation is received from a state or local prosecutor, or a local law enforcement agency, the division shall summarily investigate the employment or place of employment within 24 hours of receipt of the complaint. All other complaints are deemed to allege nonserious violations. The division may enter and serve any necessary order relative thereto. The division is not required to respond to any complaint within this period where, from the facts stated in the complaint, it determines that the complaint is intended to willfully harass an employer or is without any reasonable basis.

The division shall keep complete and accurate records of any complaints, whether verbal or written, and shall inform the complainant, whenever his or her identity is known, of any action taken by the division in regard to the subject matter of the complaint, and the reasons for the action. The records of the division shall include the dates on which any action was taken on the complaint, or the reasons for not taking any action on the complaint. The division shall, pursuant to authorized regulations, conduct an informal review of any refusal by a representative of the division to issue a citation with respect to any alleged violation. The division shall furnish the employee or the representative of employees requesting the review a written statement of the reasons for the division's final disposition of the case.

The name of any person who submits to the division a complaint regarding the unsafeness of an employment or place of employment shall be kept confidential by the division, unless that person requests otherwise.

The requirements of this section do not relieve the division of its requirement to inspect and assure that all places of employment are safe and healthful for employees. The division shall maintain the capability to receive and act upon complaints at all times.

SEC. 3. Section 6313 of the Labor Code is amended to read:

6313. (a) The division shall investigate the causes of any employment accident that is fatal to one or more employees or that results in a serious injury or illness, or a serious exposure, unless it determines that an investigation is unnecessary. If the division

determines that an investigation of an accident is unnecessary, it shall summarize the facts indicating that the accident need not be investigated and the means by which the facts were determined. The division shall establish guidelines for determining the circumstances under which an investigation of these accidents and exposures is unnecessary.

(b) The division may investigate the causes of any other industrial accident or occupational illness which occurs within the state in any employment or place of employment, or which directly or indirectly arises from or is connected with the maintenance or operation of the employment or place of employment, and shall issue any orders necessary to eliminate the causes and to prevent reoccurrence. The orders may not be admitted as evidence in any action for damages, or any proceeding to recover compensation, based on or arising out of injury or death caused by the accident or illness.

SEC. 4. Section 6315 of the Labor Code is amended to read:

6315. (a) There is within the division a Bureau of Investigations. The bureau is responsible for directing accident investigations involving violations of standards, orders, or special orders, or Section 25910 of the Health and Safety Code, in which there is a serious injury to five or more employees, death, or request for prosecution by a division representative. The bureau shall review inspection reports involving a serious violation where there have been serious injuries to one to four employees or a serious exposure, and may investigate those cases in which the bureau finds criminal violations may have occurred. The bureau is responsible for preparing cases for prosecution, including evidence and findings.

(b) The division shall provide the bureau with all of the following:

(1) All initial accident reports.

(2) The division's inspection report for any inspection involving a serious violation where there is a fatality, and the reports necessary for the bureau's review required pursuant to subdivision (a).

(3) Any other documents in the possession of the division requested by the bureau for its review or investigation of any case.

(c) The supervisor of the bureau is the administrative chief of the bureau, and must be an attorney.

(d) The bureau shall be staffed by as many attorneys and investigators as are necessary to carry out the purposes of this chapter. To the extent possible, the attorneys and investigators shall be experienced in criminal law.

(e) The supervisor of the bureau and bureau representatives designated by the supervisor have a right of access to all places of employment necessary to the investigation, may collect any evidence or samples they deem necessary to an investigation, and have all of the powers enumerated in Section 6314.

(f) The supervisor of the bureau and bureau representatives designated by the supervisor may serve all processes and notices throughout the state.

(g) In any case where the bureau is required to conduct an investigation, and in which there is a serious injury or death, the results of the investigation shall be referred in a timely manner by the bureau to the appropriate prosecuting authority having jurisdiction for appropriate action, unless the bureau determines that there is legally insufficient evidence of a violation of the law.

(h) The bureau may communicate with the appropriate prosecuting authority at any time the bureau deems appropriate.

(i) Upon the request of a county district attorney, the department may develop a protocol for the referral of cases that may involve criminal conduct to the appropriate prosecuting authority in lieu of or in cooperation with an investigation by the bureau. The protocol shall provide for the voluntary acceptance of referrals after a review of the case by the prosecuting authority. In cases accepted for investigation by the prosecuting authority, the protocol must provide for cooperation between the prosecuting authority, the division, and the bureau. Where a referral is declined by the prosecuting authority, the bureau shall comply with subdivisions (a) through (h), inclusive.

SEC. 5. Section 6356 is added to the Labor Code, to read:

6356. (a) There is hereby created, in the General Fund, the Worker Safety Bilingual Investigative Support, Enforcement, and Training Account. The moneys in the account may be expended by the department, upon appropriation by the Legislature, for the purposes of this part.

(b) The department may receive and accept a contribution of funds from an individual or private organization, including the proceeds from a judgment in a state or federal court, if the contribution is made to carry out the purposes of this part. The department shall immediately deposit the contribution in the account established by subdivision (a).

(c) The department may not receive or accept a contribution of funds under this section made from the proceeds of a judgment in a criminal action filed pursuant to Section 6423 or 6425 of the Labor Code.

SEC. 6. Section 6409.1 of the Labor Code is amended to read:

6409.1. (a) Every employer shall file a complete report of every occupational injury or occupational illness, as defined in subdivision (b) of Section 6409, to each employee which results in lost time beyond the date of the injury or illness, or which requires medical treatment beyond first aid, with the Department of Industrial Relations, through its Division of Labor Statistics and Research or, if an insured employer, with the insurer, on a form prescribed for that purpose by the Division of Labor Statistics and Research. A report shall be filed concerning each

injury and illness which has, or is alleged to have, arisen out of and in the course of employment, within five days after the employer obtains knowledge of the injury or illness. Each report of occupational injury or occupational illness shall indicate the social security number of the injured employee. In the case of an insured employer, the insurer shall file with the division immediately upon receipt, a copy of the employer's report, which has been received from the insured employer. In the event an employer has filed a report of injury or illness pursuant to this subdivision and the employee subsequently dies as a result of the reported injury or illness, the employer shall file an amended report indicating the death with the Department of Industrial Relations, through its Division of Labor Statistics and Research or, if an insured employer, with the insurer, within five days after the employer is notified or learns of the death. A copy of any amended reports received by the insurer shall be filed with the division immediately upon receipt.

(b) In every case involving a serious injury or illness, or death, in addition to the report required by subdivision (a), a report shall be made immediately by the employer to the Division of Occupational Safety and Health by telephone or telegraph. An employer who violates this subdivision may be assessed a civil penalty of not less than five thousand dollars ($5,000). Nothing in this subdivision shall be construed to increase the maximum civil penalty, pursuant to Sections 6427 to 6430, inclusive, that may be imposed for a violation of this section.

SEC. 7. Section 6409.2 of the Labor Code is amended to read:

6409.2. Whenever a state, county, or local fire or police agency is called to an accident involving an employee covered by this part in which a serious injury or illness, or death occurs, the responding agency shall immediately notify the nearest office of the Division of Occupational Safety and Health by telephone. Thereafter, the division shall immediately notify the appropriate prosecuting authority of the accident.

SEC. 8. Section 6423 of the Labor Code is amended to read:

6423. (a) Except where another penalty is specifically provided, every employer and every officer, management official, or supervisor having direction, management, control, or custody of any employment, place of employment, or of any other employee, who does any of the following is guilty of a misdemeanor:

(1) Knowingly or negligently violates any standard, order, or special order, or any provision of this division, or of any part thereof in, or authorized by, this part the violation of which is deemed to be a serious violation pursuant to Section 6432.

(2) Repeatedly violates any standard, order, or special order, or provision of this division, or any part thereof in, or authorized by, this

part, which repeated violation creates a real and apparent hazard to employees.

(3) Knowingly fails to report to the division a death, as required by subdivision (b) of Section 6409.1.

(4) Fails or refuses to comply, after notification and expiration of any abatement period, with any such standard, order, special order, or provision of this division, or any part thereof, which failure or refusal creates a real and apparent hazard to employees.

(5) Directly or indirectly, knowingly induces another to commit any of the acts in paragraph (1), (2), (3), or (4) of subdivision (a).

(b) Any violation of paragraph (1) of subdivision (a) is punishable by imprisonment in the county jail for a period not to exceed six months, or by a fine not to exceed five thousand dollars ($5,000), or by both that imprisonment and fine.

(c) Any violation of paragraph (3) of subdivision (a) is punishable by imprisonment in county jail for up to one year, or by a fine not to exceed fifteen thousand dollars ($15,000), or by both that imprisonment and fine. If the violator is a corporation or a limited liability company, the fine prescribed by this subdivision may not exceed one hundred fifty thousand dollars ($150,000).

(d) Any violation of paragraph (2), (4), or (5) of subdivision (a) is punishable by imprisonment in a county jail for a term not exceeding one year, or by a fine not exceeding fifteen thousand dollars ($15,000), or by both that imprisonment and fine. If the defendant is a corporation or a limited liability company, the fine may not exceed one hundred fifty thousand dollars ($150,000).

(e) In determining the amount of fine to impose under this section, the court shall consider all relevant circumstances, including, but not limited to, the nature, circumstance, extent, and gravity of the violation, any prior history of violations by the defendant, the ability of the defendant to pay, and any other matters the court determines the interests of justice require.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 887

An act relating to mental health.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) According to a 2001 report of the Little Hoover Commission, more than one million children in California will experience an emotional or behavioral disorder each year, and more than 600,000 of those children will not receive adequate treatment.

(b) The commission further stated that with prevention and early intervention, many mental health problems in children could be avoided, reduced, or resolved, while inadequate care leads to the exacerbation of symptoms, resulting in costlier consequences and the necessity of more expensive responses.

(c) The commission's report indicates that while some children can access publicly funded mental health treatment through county mental

health programs, foster care programs, schools, or the juvenile justice system, taken as a whole, the children's mental health system lacks coordination and sufficient funding. Also, private insurance coverage of children's mental health treatment is inconsistent.

(d) The commission's report states that all children with identified mental health needs should have access to appropriate publicly or privately funded mental health and other services that support their rehabilitation, adjustment, and educational services.

SEC. 2. (a) The State Department of Mental Health shall develop, in consultation with the State Departments of Health Services, Education, and Social Services, county welfare departments, county mental health departments, and advocates for children with mental health care needs, an analysis of the increased federal funding, savings to the General Fund and the county mental health system, and improvements that could be realized to county mental health, foster care, juvenile justice, and local educational agency programs for the provision of mental health services by applying for a federal medicaid waiver or by adopting a state option to provide home- and community-based services to children with mental health care needs, with respect to whom there has been a determination that, but for provision of home- and community-based services, these children would require the level of care provided in a hospital due to the severity of their mental health care needs, the cost of which could be reimbursed under the state plan. To the extent permitted by federal law, the department may also consider children who would require the level of care provided in a skilled nursing facility or intermediate care facility. The analysis shall be submitted to the Legislature no later than 12 months after the department receives sufficient funds to develop the analysis. The analysis shall include a description of a demonstration program that includes a maximum of 400 children with severe emotional disturbances and an examination of the cost-effectiveness of including more than 400 children.

(b) The analysis shall do all of the following:

(1) Identify the number and diagnoses of the children that can be served under a federal medicaid waiver or option to serve a target population.

(2) Identify services that can be provided to the population to be served under the federal medicaid waiver or state option.

(3) Specify the eligibility criteria for obtaining services under the federal medicaid waiver or state option.

(4) Discuss, to the extent possible, whether a waiver or state option could improve interagency coordination between foster care, juvenile justice, county mental health, and local educational agency programs by maximizing efficiency in service delivery and eliminating undue delay in the provision of mental health services to children in conformity with

existing law, including federal special education laws (20 U.S.C. Sec. 1400 et seq.) and state special education laws (Part 30 (commencing with Section 56000) of Division 4 of Title 2 of the Education Code).

(5) Determine whether a home- and community-based services medicaid option or waiver would provide cost benefits to the General Fund. In making this determination, the State Department of Mental Health, in consultation with the entities specified in subdivision (a), shall consider, to the extent relevant data is reasonably available, the nonfederal mental health treatment costs borne by state and local governmental agencies, including, but not limited to, mental health departments, foster care programs, local educational agencies, and juvenile justice programs, that could be reduced by obtaining federal funding for a portion of the treatment costs through the use of a federal medicaid waiver or the adoption of a state option. The State Department of Mental Health, in consultation with the entities specified in subdivision (a), is encouraged to consider the cost savings in these programs that may accrue to the state over time, in addition to those that will accrue in the first fiscal year of implementation. Cost savings for juvenile justice programs to be considered include, but are not limited to, the savings that would accrue by avoidance of juvenile justice placement, by the use of discharge planning, and by the provision of postrelease services that would reduce future institutionalization, risk of out-of-home placement, or incidence of recommitment or reincarceration as a result of juvenile delinquency or criminal proceedings.

(6) State whether a medicaid home- and community-based services option or waiver, will provide cost benefits to the General Fund. If the State Department of Mental Health determines that the option or waiver will not provide cost benefits to the General Fund, the report shall specify the reasons for the determination.

The State Department of Mental Health may contract with a nonprofit entity with a demonstrated history of expertise in analyzing and publishing data on California's public mental health system, to develop the analysis described in this section. The department or contractor may also contract with a consultant for assistance in the development of the fiscal data necessary to complete the analysis, and in the preparation of a draft federal medicaid waiver application for the state. In order to expedite identification of fiscal savings for the state, the department or contractor are encouraged to select a consultant, if needed, who can demonstrate experience in preparing successful federal medicaid waiver applications for home- and community-based services.

(c) If the State Department of Mental Health, in consultation with the State Department of Health Services, the Department of Finance, and the entities identified in subdivision (a), determines, based on the analysis

developed pursuant to this section, that a medicaid home- and community-based services option or a federal waiver will provide cost benefits to the General Fund, the State Department of Health Services is authorized, but not required, to submit to the appropriate federal agency a home- and community-based waiver application, or adopt a state home- and community-based services option, as appropriate, to provide services to the target population.

(d) The State Department of Mental Health may accept private nonstate donations to support the activities specified in this section.

(e) This section shall be implemented only to the extent sufficient funds for this purpose are appropriated by the Legislature in the annual Budget Act or other statute, or sufficient funds, as determined by the State Department of Mental Health, for the purposes of this section have been received pursuant to subdivision (d).

CHAPTER 888

An act to amend Section 8880.28 of the Government Code, relating to the California State Lottery.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 8880.28 of the Government Code is amended to read:

8880.28. (a) The commission shall promulgate regulations specifying the types of lottery games to be conducted by the lottery, provided:

(1) No lottery game may use the theme of roulette, dice, baccarat, blackjack, Lucky 7's, draw poker, slot machines, or dog racing.

(2) In lottery games utilizing tickets, each ticket in these games shall bear a unique number distinguishing it from every other ticket in that game; and no name of an elected official shall appear on these tickets.

(3) In games utilizing computer terminals or other devices, no coins or currency shall be dispensed to players from these computer terminals or devices.

(b) Notwithstanding subdivision (a), no changes in the types of games or methods of delivery of these games that incorporate technologies or mediums that did not exist, were not widely available, or were not commercially feasible at the time of the enactment of this

chapter in 1984 shall be made, unless all of the following conditions are met:

(1) This chapter is amended by statute to expressly authorize these changes.

(2) The act making the amendments contains express legislative findings that the amendments are consistent with the terms of, and further the purposes of, this chapter.

(3) The amendments comport with applicable state and federal law.

(c) For purposes of this section, a change in the method of delivery means a material change in the way a consumer directly interacts with the game.

(d) Subdivision (b) does not apply to technological changes implemented prior to October 11, 1993.

(e) This section does not limit any internal technological changes made to the equipment or components utilized by the lottery.

SEC. 2. The Legislature finds and declares that this act furthers the purpose of the California State Lottery Act of 1984 enacted by Proposition 37 at the November 6, 1984, general election.

CHAPTER 889

An act to amend Section 20463 of, and to repeal Section 20464 of, the Government Code, relating to public employees' retirement.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 20463 of the Government Code is amended to read:

20463. (a) The governing body of a public agency, or an employee organization, recognized under Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, that represents employees of the public agency, that desires to consider the participation of the agency in this system or a specific change in the agency's contract with this system, may ask the board for a quotation of the approximate contribution to this system that would be required of the agency for that participation or change.

(b) If the governing body of a public agency requests a quotation, it shall provide each employee organization representing employees that will be affected by the proposed participation or change with a copy of the quotation within five days of receipt of the quotation.

(c) If an employee organization requests a quotation, the employee organization shall provide the public agency that will be affected by the proposed participation or change with a copy of the quotation within five days of receipt of the quotation.

(d) The board may establish limits on the number of quotations it will provide for each contract and the fees, if any, to be assessed for each quotation provided. The limits and fees established by the board shall be applied in the same manner to a public agency or an employee organization.

SEC. 2. Section 20464 of the Government Code is repealed.

CHAPTER 890

An act to amend Section 706.101 of the Code of Civil Procedure, relating to wage garnishment.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 706.101 of the Code of Civil Procedure is amended to read:

706.101. (a) An earnings withholding order shall be served by the levying officer upon the employer by delivery of the order to any of the following:

(1) The managing agent or person in charge, at the time of service, of the branch or office where the employee works or the office from which the employee is paid. In the case of a state employee, the office from which the employee is paid does not include the Controller's office unless the employee works directly for the Controller's office.

(2) Any person to whom a copy of the summons and of the complaint may be delivered to make service on the employer under Article 4 (commencing with Section 416.10) of Chapter 4 of Title 5.

(b) Service of an earnings withholding order shall be made by personal delivery as provided in Section 415.10 or 415.20 or by delivery by registered or certified mail, postage prepaid, with return receipt requested. When service is made by mail, service is complete at the time the return receipt is executed by or on behalf of the recipient. If the levying officer attempts service by mail under this subdivision and does not receive a return receipt within 15 days from the date of deposit in the mail of the earnings withholding order, the levying officer shall make

service as provided in Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5.

(c) The state may issue an earnings withholding order directly, without the use of a levying officer, for purposes of collecting overpayments of unemployment compensation or disability benefits pursuant to Article 4 (commencing with Section 1375) of Chapter 5 of Part 1 of, and Article 5 (commencing with Section 2735) of Chapter 2 of Part 2 of, Division 1 of the Unemployment Insurance Code. The earnings withholding order shall be served by registered or certified mail, postage prepaid, with return receipt requested. Service is deemed complete at the time the return receipt is executed by, or on behalf of, the recipient. If the state does not receive a return receipt within 15 days from the date of deposit in the mail of the withholding order, the state shall refer the earnings withholding order to a levying officer for service in accordance with subdivision (b).

(d) Except as provided in subdivision (b) or (c), service of any notice or document under this chapter may be made by first-class mail, postage prepaid. If service is made on the employer after the employer's return has been received by the levying officer, the service shall be made by first-class mail, postage prepaid, on the person designated in the employer's return to receive notices and at the address indicated in the employer's return, whether or not that address is within the county. This subdivision does not preclude service by personal delivery (1) on the employer before the employer's return has been received by the levying officer or (2) on the person designated in the employer's return after its receipt.

(e) Notwithstanding subdivision (b), if the judgment creditor so requests, the levying officer shall make service of the earnings withholding order by personal delivery as provided in Section 415.10 or 415.20.

CHAPTER 891

An act to amend Section 114980 of, and to add Section 115000.1 to, the Health and Safety Code, relating to radioactive waste.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 114980 of the Health and Safety Code is amended to read:

114980. The Radiation Control Fund is hereby created as a special fund in the State Treasury. All moneys, including fees, penalties, interest earned, and fines collected under Sections 107100, 107160, 115045, 115065, and 115080, and the regulations adopted pursuant to those sections, shall be deposited in the Radiation Control Fund to cover the costs related to the enforcement of this chapter, including, but not limited to, implementation of Section 115000, Article 6 (commencing with Section 107150) of Chapter 4 of Part 1, and the Radiologic Technology Act (Section 27), and shall be available for expenditure by the department only upon appropriation by the Legislature. In addition to any moneys collected by, or on behalf of, the department for deposit in the Radiation Control Fund, all interest earned by the Radiation Control Fund shall be deposited in the Radiation Control Fund.

SEC. 2. Section 115000.1 is added to the Health and Safety Code, to read:

115000.1. (a) For the purposes of this section, the following terms have the following meanings:

(1) ''Generate'' means to produce or cause the production of, or to engage in an activity which otherwise results in the creation or increase in the volume of, low-level radioactive waste.

(2) (A) ''Generator'' means any person who, by his or her actions, or by the actions of his or her agent, employee, or independent contractor, generates low-level radioactive waste in the state.

(B) For purposes of this section, a person who provides for or arranges for the collection, transportation, treatment, storage, or disposal of low-level radioactive waste generated by others is a generator only to the extent that his or her actions, or the actions of his or her agent, employee, or independent contractor, generate low-level radioactive waste.

(3) ''Person'' means an individual, partnership, corporation, or other legal entity, including any state, interstate, federal, or municipal governmental entity.

(4) ''Waste'' means material that is not in use and is no longer useful.

(5) ''Generator category'' includes, but is not limited to, any of the following:

(A) Nuclear powerplants.
(B) Reactor vendors or designers.
(C) Government.
(D) Medicine.
(E) Academia.
(F) Aerospace.
(G) Military.
(H) Research.
(I) Industrial gauges.

(J) Manufacturing.

(6) ''Low-level radioactive waste'' or ''LLRW'' has the same meaning as defined in Article 2 of the Southwestern Low-Level Radioactive Waste Disposal Compact, as set forth in Section 115255.

(7) ''Class'' means the class of low-level radioactive waste. ''Class A'', ''class B'', and ''class C'' waste are those classes defined in Section 61.55 of Title 10 of the Code of Federal Regulations.

(8) ''Licensed LLRW disposal facility'' means any of the three disposal facilities located at Barnwell, South Carolina; Clive, Utah; or Richland, Washington, that exist on January 1, 2003.

(b) The department shall, for the protection of public health and safety maintain a file of each manifest from each generator of LLRW that is sent to a disposal facility or to a facility subject to the Southwestern Low-level Radioactive Waste Disposal Compact, as set forth in Article 17 (commencing with Section 115250).

(c) The department shall, for the protection of public health and safety, maintain a file of all LLRW transferred for disposal to a licensed LLRW disposal facility during the reporting period, either directly or through a broker or agent, which shall meet all of the following conditions:

(1) Specify the category of generator, class, quantity by activity, and volume of LLRW, including an estimate of the peak and average quantities in storage, along with the identity of the generator, and the chemical and physical characteristics of that waste, including its half-life, properties, or constituents, and radionuclides present at, or above, the minimum labeling requirements, with their respective concentrations and amounts of radioactivity.

(2) Be updated annually, at minimum, to ensure an accurate and timely depiction of radioactive waste in the state.

(3) Include all of the following information in the file:

(A) The total volume, volume by class, and activity by radionuclide and class.

(B) The types and specifications of individual containers used and the number of each type transferred for disposal.

(C) The maximum surface radiation exposure level on any single container of LLRW transferred, the number of disposal containers that exceed 200 mR/hour, and the volume, class, and activity by radionuclide.

(D) The identification of each licensed LLRW disposal facility to which LLRW was transferred, either directly or through a broker or agent, and the volume and activity by class of LLRW transferred by each broker to each licensed LLRW disposal facility.

(E) The identification of all brokers or agents to which LLRW was transferred and the volume and activity by class of the generator's

LLRW transferred by each such broker or agent to each licensed LLRW disposal facility.

(F) The weight of source material by its type. For purposes of this paragraph, ''type'' includes, but is not limited to, natural uranium, depleted uranium, or thorium.

(G) The total number of grams of special nuclear material by radionuclide, and the maximum number of grams of special nuclear material in any single shipment by radionuclide.

(H) As complete a description as practicable of the principal chemical and physical form of the LLRW by volume and radionuclide, including the identification of any known hazardous properties, other than its radioactive property.

(I) For solidified or sorbed liquids, the nature of the liquid, the solidifying or sorbing agent used, and the final volume.

(J) For LLRW containing more than 0.1 percent by weight chelating agents, the identification of the chelating agent, the volume and weight of the LLRW and the weight percentage of chelating agent.

(K) For LLRW that was treated, either by the generator or its agent or independent contractor, in preparation for transfer to a licensed LLRW disposal facility described in paragraph (8) of subdivision (a) for the purpose of reducing its volume or activity by any method including reduction by storage for decay, or for the purpose of changing its physical or chemical characteristics in a manner other than by solidification or sorption of liquids, the file shall include a description of the treatment process.

(L) The volume, volume by class, and activity by radionuclide and class of that LLRW, if any, that the generator is holding at the end of the annual reporting period because the generator knows or has reason to believe that LLRW will not be accepted for disposal at any of the licensed LLRW disposal facilities. The file shall include a description of this LLRW.

(d) The department shall maintain a file on each generator's LLRW stored, including specific radionuclides, total volume, volume by class, total activity, and activity by radionuclide and class of LLRW stored for decay and stored for later transfer, including the periods of time for both types of storage.

(e) (1) The department shall prepare an annual report, including a set of tables summarizing data collected from the activities and maintenance of files specified in subdivisions (c) and (d) to the department. These annual data tables shall contain information that summarizes and categorizes, by category, and if applicable, subcategory, of generator and location by county and identity of generator, the nature, characteristics and the total volume, volume by class, total activity and activity by radionuclide and class of LLRW generated, disposed of, treated,

transferred, stored for later transfer, and stored for decay during each calendar year.

(2) The department shall note, in the set of tables prepared pursuant to paragraph (1), any generator for which data are lacking.

(f) The department shall make the information described in subdivisions (c) and (d) available to the public in a format that aggregates the information by county. The department shall not make public the identity and location of any site where LLRW is stored or used. The department may combine information from multiple counties if necessary to protect public security. Notwithstanding any other provision of law the department shall not make the report prepared pursuant to subdivision (e) available to the public, and the report is not subject to the California Public Records Act (Chapter 3.5 (commencing with Section 6250)) of Division 6 of Title 1 of the Government Code.

(g) The department may make the information described in subdivisions (c) and (d) available upon request to any Member of the Legislature. No Member of the Legislature may disclose the identity or location of any site where LLRW is stored or used to any member of the general public.

(h) To meet the requirements of this section, each generator shall submit to the department the information included in Forms 540, 541, and 542, and any successor forms, of the Nuclear Regulatory Commission, for each LLRW shipment. In addition, for purposes of subparagraph (L) of paragraph (4) of subdivision (c) and subdivision (d), each generator shall annually complete and submit to the department the information included on Forms 540, 541, and 542, and any successor forms, of the Nuclear Regulatory Commission that describe the LLRW stored and shipped by the generator.

SEC. 3. The department shall implement Section 115000.1 of the Health and Safety Code, only to the extent that funding is appropriated for that purpose.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 892

An act to add Section 1771.8 to the Labor Code, relating to public works.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Payment of the prevailing rate of per diem wages to workers employed on public works projects is necessary to attract the most skilled workers for those projects and to ensure that work of the highest quality is performed on those projects.

(2) Public works projects should never undermine the wage base in a community, and requiring that workers on public works projects are paid the prevailing rate of per diem wages ensures that wage base is not lowered.

(3) It is a matter of statewide concern that every public agency in California pay the prevailing rate of per diem wages to workers employed on public works projects undertaken by those public agencies.

(b) Therefore, it is the intent of the Legislature, in enacting Section 2 of this act, that every public agency in California pay the prevailing rate of per diem wages to workers employed on public works projects undertaken by that public agency.

SEC. 2. Section 1771.8 is added to the Labor Code, to read:

1771.8. (a) The body awarding any contract for a public works project financed in any part with funds made available by the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 (Division 26.5 (commencing with Section 79500) of the Water Code) shall adopt and enforce, or contract with a third party to adopt and enforce, a labor compliance program pursuant to subdivision (b) of Section 1771.5 for application to that public works project.

(b) This section shall become operative only if the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 (Division 26.5 (commencing with Section 79500) of the Water Code) is approved by the voters at the November 5, 2002, statewide general election.

CHAPTER 893

An act to add Section 11759.2 to the Insurance Code, relating to workers' compensation.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 11759.2 is added to the Insurance Code, to read:

11759.2. (a) A licensed rating organization designated as the Insurance Commissioner's statistical agent shall prepare a report to be submitted to the Insurance Commissioner by April 1, 2003, on the potential underreporting of workers' compensation exposure in the taxicab industry. The report shall include an analysis of workers' compensation exposure, loss, and premium in the taxicab industry. The licensed rating organization shall submit a report to the Governor, the Legislature, and the commissioner by May 1, 2003, that describes its findings.

(b) A licensed rating organization designated as the insurance commissioner's statistical agent may confer with state agencies, including, but not limited to, the Employment Development Department, in the preparation of the study. The state agencies shall provide all necessary statistical or other information requested by the licensed rating organization designated as the Insurance Commissioner's statistical agent.

CHAPTER 894

An act to add Sections 45103.1 and 88003.1 to the Education Code, relating to personal services contracting.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. (a) The purpose of this act is to establish standards for the use of personal services contracts in school districts and community college districts.

(b) It is the intent of the Legislature that school districts may implement this act using their regular practices for evaluating bids for

personal services contracts, pursuant to Article 3 (commencing with Section 20110) of Chapter 1 of Part 3 of Division 2 of the Public Contract Code. It is further the intent of the Legislature that, when feasible, the regular practice of school districts be to use cost information that is readily available, or to use information obtained from contractors in their bids, in evaluating the costs and benefits of personal services contracts and for evaluation of the criteria set forth in this act.

SEC. 2. Section 45103.1 is added to the Education Code, to read:

45103.1. (a) Notwithstanding any other provision of this chapter, personal services contracting for all services currently or customarily performed by classified school employees to achieve cost savings is permissible, unless otherwise prohibited, when all the following conditions are met:

(1) The governing board or contracting agency clearly demonstrates that the proposed contract will result in actual overall cost savings to the school district, provided that:

(A) In comparing costs, there shall be included the school district's additional cost of providing the same service as proposed by a contractor. These additional costs shall include the salaries and benefits of additional staff that would be needed and the cost of additional space, equipment, and materials needed to perform the function.

(B) In comparing costs, there shall not be included the school district's indirect overhead costs unless these costs can be attributed solely to the function in question and would not exist if that function was not performed by the school district. Indirect overhead costs shall mean the pro rata share of existing administrative salaries and benefits, rent, equipment costs, utilities, and materials.

(C) In comparing costs, there shall be included in the cost of a contractor providing a service any continuing school district costs that would be directly associated with the contracted function. These continuing school district costs shall include, but not be limited to, those for inspection, supervision, and monitoring.

(2) Proposals to contract out work shall not be approved solely on the basis that savings will result from lower contractor pay rates or benefits. Proposals to contract out work shall be eligible for approval if the contractor's wages are at the industry's level and do not undercut school district pay rates.

(3) The contract does not cause the displacement of school district employees. The term ''displacement'' includes layoff, demotion, involuntary transfer to a new classification, involuntary transfer to a new location requiring a change of residence, and time base reductions. Displacement does not include changes in shifts or days off, nor does it include reassignment to other positions within the same classification

and general location or employment with the contractor, so long as wages and benefits are comparable to those paid by the school district.

(4) The savings shall be large enough to ensure that they will not be eliminated by private sector and district cost fluctuations that could normally be expected during the contracting period.

(5) The amount of savings clearly justify the size and duration of the contracting agreement.

(6) The contract is awarded through a publicized, competitive bidding process.

(7) The contract includes specific provisions pertaining to the qualifications of the staff that will perform the work under the contract, as well as assurance that the contractor's hiring practices meet applicable nondiscrimination standards.

(8) The potential for future economic risk to the school district from potential contractor rate increases is minimal.

(9) The contract is with a firm. A ''firm'' means a corporation, limited liability corporation, partnership, nonprofit organization, or sole proprietorship.

(10) The potential economic advantage of contracting is not outweighed by the public's interest in having a particular function performed directly by the school district.

(b) Notwithstanding any other provision of this chapter, personal services contracting shall also be permissible when any of the following conditions can be met:

(1) The contract is for new school district functions and the Legislature has specifically mandated or authorized the performance of the work by independent contractors.

(2) The services contracted are not available within the district, cannot be performed satisfactorily by school district employees, or are of such a highly specialized or technical nature that the necessary expert knowledge, experience, and ability are not available through the school district.

(3) The services are incidental to a contract for the purchase or lease of real or personal property. Contracts under this criterion, known as ''service agreements,'' shall include, but not be limited to, agreements to service or maintain office equipment or computers that are leased or rented.

(4) The policy, administrative, or legal goals and purposes of the district cannot be accomplished through the utilization of persons selected pursuant to the regular or ordinary school district hiring process. Contracts are permissible under this criterion to protect against a conflict of interest or to ensure independent and unbiased findings in cases where there is a clear need for a different, outside perspective. These contracts

shall include, but not be limited to, obtaining expert witnesses in litigation.

(5) The nature of the work is such that the criteria for emergency appointments apply. ''Emergency appointment'' means an appointment made for a period not to exceed 60 working days either during an actual emergency to prevent the stoppage of public business or because of the limited duration of the work. The method of selection and the qualification standards for an emergency employee shall be determined by the district. The frequency of appointment, length of employment, and the circumstances appropriate for the appointment of firms or individuals under emergency appointments shall be restricted so as to prevent the use of emergency appointments to circumvent the regular or ordinary hiring process.

(6) The contractor will provide equipment, materials, facilities, or support services that could not feasibly be provided by the school district in the location where the services are to be performed.

(7) The services are of such an urgent, temporary, or occasional nature that the delay incumbent in their implementation under the district's regular or ordinary hiring process would frustrate their very purpose.

(c) This section shall apply to all school districts, including districts that have adopted the merit system.

(d) This section shall apply to personal service contracts entered into after January 1, 2003. This section shall not apply to the renewal of personal services contracts subsequent to January 1, 2003, where the contract was entered into before January 1, 2003, irrespective of whether the contract is renewed or rebid with the existing contractor or with a new contractor.

SEC. 3. Section 88003.1 is added to the Education Code, to read:

88003.1. (a) Notwithstanding any other provision of this chapter, personal services contracting for all services currently or customarily performed by classified school employees to achieve cost savings is permissible, unless otherwise prohibited, when all the following conditions are met:

(1) The governing board or contracting agency clearly demonstrates that the proposed contract will result in actual overall cost savings to the community college district, provided that:

(A) In comparing costs, there shall be included the community college district's additional cost of providing the same service as proposed by a contractor. These additional costs shall include the salaries and benefits of additional staff that would be needed and the cost of additional space, equipment, and materials needed to perform the function.

(B) In comparing costs, there shall not be included the community college district's indirect overhead costs unless these costs can be

attributed solely to the function in question and would not exist if that function was not performed by the community college district. Indirect overhead costs shall mean the pro rata share of existing administrative salaries and benefits, rent, equipment costs, utilities, and materials.

(C) In comparing costs, there shall be included in the cost of a contractor providing a service any continuing community college district costs that would be directly associated with the contracted function. These continuing community college district costs shall include, but not be limited to, those for inspection, supervision, and monitoring.

(2) Proposals to contract out work shall not be approved solely on the basis that savings will result from lower contractor pay rates or benefits. Proposals to contract out work shall be eligible for approval if the contractors wages are at the industry's level and do not undercut community college district pay rates.

(3) The contract does not cause the displacement of community college district employees. The term ''displacement'' includes layoff, demotion, involuntary transfer to a new classification, involuntary transfer to a new location requiring a change of residence, and time base reductions. Displacement does not include changes in shifts or days off, nor does it include reassignment to other positions within the same classification and general location or employment with the contractor, so long as wages and benefits are comparable to those paid by the school district.

(4) The savings shall be large enough to ensure that they will not be eliminated by private sector and community college district cost fluctuations that could normally be expected during the contracting period.

(5) The amount of savings clearly justify the size and duration of the contracting agreement.

(6) The contract is awarded through a publicized, competitive bidding process.

(7) The contract includes specific provisions pertaining to the qualifications of the staff that will perform the work under the contract, as well as assurance that the contractor's hiring practices meet applicable nondiscrimination standards.

(8) The potential for future economic risk to the community college district from potential contractor rate increases is minimal.

(9) The contract is with a firm. A ''firm'' means a corporation, limited liability corporation, partnership, nonprofit organization, or sole proprietorship.

(10) The potential economic advantage of contracting is not outweighed by the public's interest in having a particular function performed directly by the community college district.

(b) Notwithstanding any other provision of this chapter, personal services contracting shall also be permissible when any of the following conditions can be met:

(1) The contract is for new community college district functions and the Legislature has specifically mandated or authorized the performance of the work by independent contractors.

(2) The services contracted are not available within community college districts, cannot be performed satisfactorily by community college district employees, or are of such a highly specialized or technical nature that the necessary expert knowledge, experience, and ability are not available through the community college district.

(3) The services are incidental to a contract for the purchase or lease of real or personal property. Contracts under this criterion, known as ''service agreements,'' shall include, but not be limited to, agreements to service or maintain office equipment or computers that are leased or rented.

(4) The policy, administrative, or legal goals and purposes of the community college district cannot be accomplished through the utilization of persons selected pursuant to the regular or ordinary hiring process. Contracts are permissible under this criterion to protect against a conflict of interest or to ensure independent and unbiased findings in cases where there is a clear need for a different, outside perspective. These contracts shall include, but not be limited to, obtaining expert witnesses in litigation.

(5) The nature of the work is such that the criteria for emergency appointments apply. ''Emergency appointment'' means an appointment made for a period not to exceed 60 working days either during an actual emergency to prevent the stoppage of public business or because of the limited duration of the work. The method of selection and the qualification standards for an emergency employee shall be determined by the community college district. The frequency of appointment, length of employment, and the circumstances appropriate for the appointment of firms or individuals under emergency appointments shall be restricted so as to prevent the use of emergency appointments to circumvent the regular or ordinary hiring process.

(6) The contractor will provide equipment, materials, facilities, or support services that could not feasibly be provided by the community college district in the location where the services are to be performed.

(7) The services are of such an urgent, temporary, or occasional nature that the delay incumbent in their implementation under the community college district's regular or ordinary hiring process would frustrate their very purpose.

(c) This section shall apply to all community colleges, including community college districts that have adopted the merit system.

(d) This section shall apply to personal service contracts entered into after January 1, 2003. This section shall not apply to the renewal of personal services contracts subsequent to January 1, 2003, where the contract was entered into before January 1, 2003, irrespective of whether the contract is renewed or rebid with the existing contractor or with a new contractor.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 895

An act to amend Section 7522 of the Business and Professions Code, relating to private investigators.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 7522 of the Business and Professions Code is amended to read:

7522. This chapter does not apply to:

(a) A person employed exclusively and regularly by any employer who does not provide contract security services for other entities or persons, in connection with the affairs of such employer only and where there exists an employer-employee relationship if that person at no time carries or uses any deadly weapon in the performance of his or her duties. For purposes of this subdivision, ''deadly weapon'' is defined to include any instrument or weapon of the kind commonly known as a blackjack, slungshot, billy, sandclub, sandbag, metal knuckles, any dirk, dagger, pistol, revolver, or any other firearm, any knife having a blade longer than five inches, any razor with an unguarded blade and any metal pipe or bar used or intended to be used as a club.

(b) An officer or employee of the United States of America, or of this state or a political subdivision thereof, while the officer or employee is engaged in the performance of his or her official duties, including uniformed peace officers employed part time by a public agency

pursuant to a written agreement between a chief of police or sheriff and the public agency, provided the part-time employment does not exceed 50 hours in any calendar month.

(c) A person engaged exclusively in the business of obtaining and furnishing information as to the financial rating of persons.

(d) A charitable philanthropic society or association duly incorporated under the laws of this state which is organized and maintained for the public good and not for private profit.

(e) An attorney at law in performing his or her duties as an attorney at law.

(f) Admitted insurers and agents and insurance brokers licensed by the state, performing duties in connection with insurance transacted by them.

(g) Any bank subject to the jurisdiction of the Commissioner of Financial Institutions of the State of California under Division 1 (commencing with Section 99) of the Financial Code or the Comptroller of Currency of the United States.

(h) A person engaged solely in the business of securing information about persons or property from public records.

(i) A peace officer of this state or a political subdivision thereof while the peace officer is employed by a private employer to engage in off-duty employment in accordance with Section 1126 of the Government Code. However, nothing herein shall exempt a peace officer who either contracts for his or her services or the services of others as a private investigator or contracts for his or her services as or is employed as an armed private investigator. For purposes of this subdivision, ''armed private investigator'' means an individual who carries or uses a firearm in the course and scope of that contract or employment.

(j) A licensed insurance adjuster in performing his or her duties within the scope of his or her license as an insurance adjuster.

(k) Any savings association subject to the jurisdiction of the Commissioner of Financial Institutions or the Office of Thrift Supervision.

(*l*) Any secured creditor engaged in the repossession of the creditor's collateral and any lessor engaged in the repossession of leased property in which it claims an interest.

(m) The act of serving process by an individual who is registered as a process server pursuant to Section 22350.

(n) (1) A person or business engaged in conducting objective observations of consumer purchases of products or services in the public environments of a business establishment by the use of a preestablished questionnaire, provided that person or business entity does not engage in any other activity that requires licensure pursuant to this chapter. The questionnaire may include objective comments.

(2) If a preestablished questionnaire is used as a basis, but not the sole basis, for disciplining or discharging an employee, or for conducting an interview with the employee that might result in the employee being terminated, the employer shall provide the employee with a copy of that questionnaire using the same procedures that an employer is required to follow under Section 2930 of the Labor Code for providing an employee with a copy of a shopping investigator's report. This subdivision does not exempt from this chapter a person or business described in paragraph (1) if a preestablished questionnaire of that person or business is used as the sole basis for evaluating an employee's work performance.

(o) Any joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (Section 175a of Title 29 of the United States Code), or its employees, where either the committee or employee is performing a function authorized by the Labor Management Cooperation Act of 1978, which includes, but is not limited, to monitoring public works projects to ensure that employers are complying with federal and state public works laws.

CHAPTER 896

An act to amend Section 22825 of the Government Code, relating to public employees, and making an appropriation therefor.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Retired public employees live on fixed incomes that have eroded significantly over the last several years due to inflation.

(b) In order to meet basic day-to-day living essentials, retirees depend on supplemental benefits, such as health care coverage, and even more so on their pensions, which under the California Public Employees' Retirement System (CalPERS) are subject to a minimum 2 percent cost-of-living adjustment each year.

(c) As inflation continues to diminish the real value of a retiree's pension, the portion of living expenses a retiree depends on from the plan decreases, thereby making retirement planning more difficult and sometimes impossible.

(d) Finding affordable quality health care has become virtually impossible in today's challenged market, especially for retirees, as a result of skyrocketing health care costs, including soaring prescription

drug fees, the costs of which are increasing several times faster than other healthcare services.

(e) The CalPERS board is charged with the administration of the Public Employees' Medical and Hospital Care Act (PEMHCA), which provides health benefits for hundreds of thousands of active and retired public employees whose employers contract with CalPERS for health benefits.

(f) Due to consistently high medical inflation rates, CalPERS recently deemed it necessary to approve health care premium increases under PEMHCA.

(g) With high medical inflation rates, subsequent health care premium increases and a restricted 2 percent annual inflationary cap on CalPERS pensions, retiree medical costs over time consume, and in some cases exceed, a retired member's pension allowance, leaving nothing for other day-to-day necessities.

(h) The minimum amount an employer participating in PEMHCA must pay on behalf of its retirees for health care coverage has not changed since 1962, with no adjustment for inflation since its enactment nearly 40 years ago.

(i) It is the intent of the Legislature to increase the existing minimum employer paid PEMHCA contribution, adjusting it annually for future inflation.

SEC. 2. Section 22825 of the Government Code is amended to read:

22825. (a) The employer and each employee or annuitant shall contribute a portion of the cost of providing for each employee and annuitant the benefit coverage afforded under any health benefit plan that the board has approved or for which it has executed a contract pursuant to this part, and in which the employee or annuitant may be enrolled.

(b) The employer's contribution for each employee or annuitant shall be the amount necessary to pay the cost of his or her enrollment, including the enrollment of his or her family members, in a health benefits plan or plans, or, if less, as follows:

(1) Prior to January 1, 2004, sixteen dollars ($16) per month.

(2) During calendar year 2004, thirty-two dollars and twenty cents ($32.20) per month.

(3) During calendar year 2005, forty-eight dollars and forty cents ($48.40) per month.

(4) During calendar year 2006, sixty-four dollars and sixty cents ($64.60) per month.

(5) During calendar year 2007, eighty dollars and eighty cents ($80.80) per month.

(6) During calendar year 2008, ninety-seven dollars ($97) per month.

Commencing January 1, 2009, the employer's contribution shall be adjusted annually by the board to reflect any change in the medical care component of the Consumer Price Index. There shall be only one contribution with respect to all annuitants receiving allowances as survivors of the same employee or annuitant.

(c) The contribution of each employee and annuitant shall be the total cost per month of the benefit coverage afforded him or her under the plan or plans less the portion thereof to be contributed by the employer.

(d) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, the provisions may not become effective unless approved by the Legislature in the annual Budget Act.

CHAPTER 897

An act to amend Section 34505.9 of the Vehicle Code, relating to intermodal chassis.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 34505.9 of the Vehicle Code is amended to read:

34505.9. (a) An ocean marine terminal that receives and dispatches intermodal chassis may conduct the intermodal roadability inspection program, as described in this section, in lieu of the inspection required by Section 34505.5, if the terminal meets all of the following conditions:

(1) More than 1,000 chassis are based at the ocean marine terminal.

(2) The ocean marine terminal, following the two most recent consecutive inspections required by Section 34501.12, has received satisfactory compliance ratings, and the terminal has received no unsatisfactory compliance ratings as a result of any inspection conducted in the interim between the consecutive inspections conducted under Section 34501.12.

(3) Each intermodal chassis exiting the ocean marine terminal shall have a current decal and supporting documentation in accordance with Section 396.17 of Title 49 of the Code of Federal Regulations.

(4) The ocean marine terminal's intermodal roadability inspection program shall consist of all of the following:

(A) Each time an intermodal chassis is released from the ocean marine terminal, the chassis shall be inspected. The inspection shall include, but not be limited to, brake adjustment, brake system components and leaks, suspension systems, tires and wheels, vehicle connecting devices, and lights and electrical system, and shall include a visual inspection of the chassis to determine that it has not been tampered with.

(B) Each inspection shall be recorded on a daily roadability inspection report that shall include, but not be limited to, all of the following:

(i) Positive identification of the intermodal chassis, including company identification number and vehicle license plate number.

(ii) Date and nature of each inspection.

(iii) Signature, under penalty of perjury, of the ocean marine terminal operator or an authorized representative that the inspection has been performed.

(iv) The inspector shall affix a green tag to a chassis that has passed inspection and a red tag to a chassis that has failed inspection. The tag shall contain the name of the inspector and the date and time that the inspection was completed and shall be placed in a conspicuous location so that it may be viewed from the rear of the vehicle. The tag shall be provided by the marine terminal operator and shall meet specifications determined by the Department of the California Highway Patrol. The provisions of this subparagraph shall also be applicable to an intermodal chassis inspected by a marine terminal operator pursuant to Section 34505.5.

(C) Records of each inspection conducted pursuant to subparagraph (A) shall be retained for 90 days at the ocean marine terminal at which each chassis is based and shall be made available upon request by any authorized employee of the department.

(D) Defects noted on any intermodal chassis shall be repaired, and the repairs shall be recorded on the intermodal chassis maintenance file, before the intermodal chassis is released from the control of the ocean marine terminal. No vehicle subject to this section shall be released to a motor carrier or operated on the highway other than to a place of repair until all defects listed during the inspection conducted pursuant to subparagraph (A) have been corrected and attested to by the signature of the operator's authorized representative.

(E) Records of maintenance or repairs performed pursuant to the inspection in subparagraph (A) shall be maintained at the ocean marine terminal for two years and shall be made available upon request of the

department. Repair records may be retained in a computer system if printouts of those records are provided to the department upon request.

(F) Individuals performing ocean marine terminal roadability inspections pursuant to this section shall be qualified, at a minimum, as set forth in Section 396.19 of Title 49 of the Code of Federal Regulations. Evidence of each inspector's qualification shall be retained by the ocean marine terminal operator for the period during which the inspector is performing intermodal roadability inspections.

(b) The records maintained pursuant to paragraphs (C) and (E) of subdivision (a) and Section 34505.5 shall be made available during normal business hours to any motor carrier or driver or the authorized representative thereof who has been engaged to transport an intermodal container on a chassis inspected pursuant to this section or Section 34505.5 from the ocean marine terminal.

(c) Any citation issued for the violation of any state or federal law related to the defective condition of an intermodal chassis subject to inspection pursuant to this section or Section 34505.5, that is not owned by that motor carrier or commercial driver, shall be issued to the entity responsible for the inspection and maintenance of the intermodal chassis, unless the officer determines that the defective condition of the intermodal chassis was caused by the failure of the driver to operate a commercial motor vehicle in a safe manner.

(d) Any provision contained in a contract between the registered owner or lessee of an intermodal chassis subject to inspection pursuant to this section, or any other entity responsible for the inspection and maintenance of the intermodal chassis, and any motor carrier or any contract between a motor carrier and another motor carrier engaged to transport an intermodal container on a chassis subject to inspection pursuant to this section that contains a hold harmless or indemnity clause concerning defects in the physical condition of that chassis shall be void as against public policy. This subdivision shall not apply to damage to the intermodal chassis caused by the negligent or willful failure of the motor carrier to operate a commercial motor vehicle in a safe manner.

(e) Following a terminal inspection in which the department determines that an operator of an ocean marine terminal has failed to comply with the requirements of this section, the department shall conduct a reinspection within 120 days as specified in subdivision (h) of Section 34501.12. If the terminal fails the reinspection, the department shall direct the operator to comply with the requirements of Section 34505.5 until eligibility to utilize the inspection program described in this section is reestablished pursuant to subdivision (a). If any inspection results in an unsatisfactory rating due to conditions presenting an imminent danger to the public safety or due to the operator's repeated failure to inspect and repair intermodal chassis

pursuant to this section, the department shall immediately forward a recommendation to the Department of Motor Vehicles to suspend the operator's motor carrier property permit, and forward a recommendation to the Federal Motor Carrier Safety Administration for administrative or other action deemed necessary against the carrier's interstate operating authority, pursuant to Section 34505.6 or 34505.7.

(f) Any driver who believes that an intermodal chassis is in an unsafe operating condition may request that the chassis be reinspected by the entity responsible for the inspection and maintenance of the chassis pursuant to this section or Section 34505.5. The request for reinspection, any corrective action taken, or the reason why corrective action was not taken shall be recorded in the intermodal chassis maintenance file.

(g) No commercial driver shall be threatened, coerced, or otherwise retaliated against by any ocean marine terminal operator for contacting a law enforcement agency with regard to the physical condition of an intermodal chassis or for requesting that the intermodal chassis be reinspected or repaired.

(h) For the purposes of this section, the following definitions shall apply:

(1) ''Intermodal chassis'' means a trailer designed to carry intermodal freight containers.

(2) ''Ocean marine terminal'' means a terminal, as defined in Section 34515, located at a port facility that engages in the loading and unloading of the cargo of oceangoing vessels.

(i) Nothing in this section shall relieve a commercial driver or commercial motor carrier of any duty imposed by state or federal law related to the safe operation of a commercial motor vehicle.

(j) Nothing in this section shall affect the rights, duties, and obligations set forth in Section 2802 of the Labor Code.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 898

An act to amend Sections 22778, 22810, 22825.7, 22832, 22840.2, 22842, 22852, 22854, 22856, 22859, and 22891 of, to add Sections

22780 and 22791.5 to, and to repeal and add Sections 22794 and 22840 of, the Government Code, and to add Section 107 to the Labor Code, relating to employment, and making an appropriation therefor.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 22778 of the Government Code is amended to read:

22778. (a) The board shall make available to employees and annuitants eligible to enroll in any health benefits plan pursuant to this part any information, in a form as the board may deem satisfactory, that will enable the employees or annuitants to exercise an informed choice among the various types of health benefits plans that have been contracted for or approved. Each employee or annuitant enrolled in a health benefits plan shall be issued an appropriate document setting forth or summarizing the services or benefits to which the employee or annuitant or family members are entitled to thereunder, the procedure for obtaining benefits, and the principal provisions of the plan affecting the employee, annuitant, or family members.

(b) The board shall compile and provide data regarding age, sex, family composition, and geographical distribution of employees and annuitants and make continuing study of the operation of this part, including, but not necessarily limited to, surveys and reports on plans, medical and hospital benefits, the standard of care available to employees and annuitants, and the experience of plans receiving contributions under this part with respect to such matters as gross and net cost, administrative cost, benefits, utilization of benefits, and the portion of actual personal expenditure of employees and annuitants for health care that is being met by prepaid benefits.

(c) The board shall, with the advice of and in consultation and cooperation with, professional medical organizations and individuals or organizations having special skills or experience in the organization and provision of health care services on a prepaid basis, study methods of evaluating and improving the quality and cost of medical and hospital care provided under this part.

SEC. 2. Section 22780 is added to the Government Code, to read:

22780. The board or an authorized representative may perform audits of each employer and may, at a specified time and place, require the employer to provide information or make available for examination and copying books, papers, data, and records including, but not limited to, personnel and payroll records, as deemed necessary by the board to

determine compliance with the provisions of this part. The information obtained from an employer shall remain confidential.

SEC. 3. Section 22791.5 is added to the Government Code, to read:

22791.5. The board may enter into any joint purchasing arrangement with private or public entities, if the arrangement does all of the following:

(a) Benefits persons receiving health coverage under this part.

(b) Does not restrict the authority of the board or the state.

(c) Does not jeopardize the system's tax status or its governmental plan status.

(d) Does not violate federal or state law.

SEC. 4. Section 22794 of the Government Code is repealed.

SEC. 5. Section 22794 is added to the Government Code, to read:

22794. Rates charged under any health benefits plan shall reasonably reflect the cost of the benefits provided. This part does not limit the board's authority to enter into contracts with carriers providing compensation based on carrier performance or to credit premiums to an employer for expenditures that the board determines are likely to improve the health status of employees and annuitants or otherwise reduce health care costs.

SEC. 6. Section 22810 of the Government Code is amended to read:

22810. (a) An employee or annuitant may, under eligibility rules as the board may by regulation prescribe, enroll in an approved health benefits plan, either as an individual or for self and family, except that an employee of a contracting agency, or an annuitant who retired while an employee or is the beneficiary of an employee, may enroll only in a health benefits plan for which the board has contracted. With respect to state officers and employees, the regulations shall provide that every employee or annuitant enrolled in a health benefits plan shall be enrolled in a major medical plan or shall provide for inclusion of major medical benefits in health benefits plans. The regulations may provide for the exclusion of employees on the basis of the nature and type of their employment or conditions pertaining thereto, but not limited to, short-term appointments, seasonal or intermittent employment, and employment of a like nature, but no employee or group of employees shall be excluded solely on the basis of the hazardous nature of the employment. Any enrollment shall authorize the deduction of the contributions required under this part from the employee's or annuitant's salary or retirement allowance.

(b) Any annuitant who satisfies the requirement to retire within 120 days of separation as specified in subdivision (e) of Section 22754 may continue his or her enrollment, enroll within 60 days of retirement, or enroll during any future open enrollment period, as provided by regulations of the board, without discrimination as to premium rates or

benefits coverage. If the survivor of an annuitant who satisfied the requirement to retire within 120 days of separation as specified in subdivision (e) of Section 22754 is also an annuitant as defined in this part, he or she shall also be eligible to enroll within 60 days of the annuitant's death or during any future open enrollment period, as provided by regulation of the board, without discrimination as to premium rates or benefits coverage. The effective date of enrollment of persons who, at the time of becoming an annuitant or survivor, were not enrolled in a health benefits plan under this part shall be a prospective date determined by the board.

(c) Any permanent intermittent employee and any employee who works less than full time may continue his or her enrollment while retired from state employment if (1) he or she was enrolled prior to separation from state employment and (2) he or she lost eligibility prior to separation but continued his or her coverage under federal law.

(d) Any annuitant who becomes entitled to the survivor allowance under Section 21571 at the age of 62 years and who was enrolled in a health benefits plan at the death of the member on whose account the survivor allowance is payable may enroll in a health benefits plan without discrimination as to premium rates or benefits coverage.

(e) In the case of the death of an employee after application has been filed for coverage of family members but prior to the effective date of coverage, family members shall be deemed to have been covered on the date of the death of the employee, and if one of the family members is an annuitant he or she shall be enrolled as if the coverage applied for were continued without discrimination as to premium rates or benefits coverage.

(f) The board shall, by rule and regulation, make whatever provisions it deems necessary to eliminate or minimize the impact of adverse selection that would affect any plans approved or contracted for because of the enrollment of annuitants. This may include the reimbursement of surcharges for late enrollment in Part B of Medicare if the board determines that payment of the surcharge would be less costly than continued enrollment in a basic plan.

SEC. 7. Section 22825.7 of the Government Code is amended to read:

22825.7. (a) The employer or the board shall pay monthly to an employee or annuitant who is enrolled in, or whose family member is enrolled in, a health benefits plan under this part providing supplemental benefits for persons enrolled under health insurance provisions of Title XVIII of the federal Social Security Act, the amount of the standard charge, exclusive of surcharge for late enrollment, except as provided in Section 22810, for insurance described in Part B under that act but not to exceed the difference between the maximum employer contribution

under this article and the amount contributed by the employer to the cost of enrollment of the employee or annuitant and his or her family members in a health benefits plan or plans under this part. No payment may be made in any month in which that difference is less than one dollar ($1).

(b) This section shall be applicable only to state employees and annuitants who retired while state employees and the family members of those annuitants.

(c) With respect to annuitants, the board shall pay to the annuitant the amount required by this section from the same source from which their allowances are paid. Those amounts are hereby appropriated monthly from the General Fund to reimburse the board.

(d) There is hereby appropriated from the appropriate funds the amounts required by this section to be paid to active state employees.

SEC. 8. Section 22832 of the Government Code is amended to read:

22832. (a) The contributions required of a contracting agency, along with contributions withheld from salaries of its employees, shall be forwarded monthly, no later than the 10th day of the month for which the contribution is due, and shall be credited to the Public Employees' Contingency Reserve Fund as specified by Section 22826.

(b) The county superintendent of schools shall draw requisitions against the county school service fund and the funds of the respective school districts for amounts equal to the total of the employers' contributions required to be paid from the county school service fund and from the funds of the districts, and the contributions deducted from the compensation of employees paid from the funds. The amounts shall be deposited in the county treasury to the credit of the contract retirement fund established under Section 20617.

The county superintendent thereafter shall draw his or her requisitions against the fund in favor of the board which when allowed by the county auditor shall constitute warrants against the funds and shall forward the warrants to the board in accordance with this section.

(c) If a contracting agency fails to remit the contributions when due, the agency may be assessed interest at an annual rate of 10 percent and the costs of collection, including reasonable legal fees, when necessary to collect the amounts due. In the case of repeated delinquencies, the contracting agency may be assessed a penalty of 10 percent of the delinquent amount. That penalty may be assessed once during each 30-day period that the amount remains unpaid. Additionally, the contracting agency may be required to deposit one-month's premium as a condition of continued participation in the program.

SEC. 9. Section 22840 of the Government Code is repealed.

SEC. 10. Section 22840 is added to the Government Code, to read:

22840. (a) There shall be maintained in the State Treasury the Public Employees' Contingency Reserve Fund. The board may invest funds in the Public Employees' Contingency Reserve Fund in accordance with the provisions of law governing its investment of the retirement fund.

(b) (1) An account shall be maintained within the Public Employees' Contingency Reserve Fund with respect to the health benefits plans the board has approved or that have entered into a contract with the board. The account shall be credited, from time to time and in amounts as determined by the board, with moneys contributed under Section 22826 or 22831 to provide an adequate contingency reserve. The income derived from any dividends, rate adjustments, or other funds received from a health benefits plan shall be credited to the account. The board may deposit, in the same manner as provided in paragraph (3), up to one-half of one percent of premiums in the account for purposes of cost containment programs, subject to approval as provided in paragraph (2) of subdivision (c).

The account may be utilized to defray increases in future rates, to reduce the contributions of employees and annuitants and the employers, to implement cost containment programs, or to increase the benefits provided by a health benefits plan, as determined by the board.

(2) The total credited to the account for health benefits plans at any time shall be limited, in the manner and to the extent the board may find to be most practical, to a maximum of 10 percent of the total of the contributions of the employers and employees and annuitants in any fiscal year. The board may undertake any action to ensure that the maximum amount prescribed for the fund is approximately maintained.

(3) Board rules adopted pursuant to Section 22810 to minimize the impact of adverse selection or contracts entered into pursuant to Section 22794 to implement health benefits plan performance incentives may provide for deposit in and disbursement to carriers or to Medicare from the account the portion of the contributions otherwise payable directly to the carriers by the Controller under Section 22841 or 22842 as may be required for that purpose. The deposits may not be included in applying the limitations, prescribed in paragraph (2), on total amounts that may be deposited in or credited to the fund.

(4) Notwithstanding Section 13340, all moneys in the account for health benefit plans are continuously appropriated without regard to fiscal year for the purposes provided in this subdivision.

(c) (1) An account shall also be maintained in the Public Employees' Contingency Reserve Fund for administrative expenses consisting of funds deposited for this purpose pursuant to Sections 22826 and 22831.

(2) The moneys deposited pursuant to Sections 22826 and 22831 in the Public Employees' Contingency Reserve Fund may be expended by

the board for administrative purposes, provided that the expenditure is approved by the Department of Finance and the Joint Legislative Budget Committee in the manner provided in the Budget Act for obtaining authorization to expend at rates requiring a deficiency appropriation, regardless of whether the expenses were anticipated.

(d) An account shall be maintained in the Public Employees' Contingency Reserve Fund for health plan premiums paid by public agencies. These funds are continuously appropriated, without regard to fiscal year, for the payment of premiums or other charges to carriers or the Public Employees' Health Care Fund. Penalties and interest paid pursuant to subdivision (c) of Section 22832 shall be deposited in the account for administrative expenses as provided for by paragraph (1) of subdivision (c).

SEC. 11. Section 22840.2 of the Government Code is amended to read:

22840.2. (a) There shall be maintained in the State Treasury the Public Employees' Health Care Fund, the purpose of which is to fund the health benefits plan or plans administered or approved by the board. The board may invest funds in the Public Employees' Health Care Fund in accordance with the provisions of law governing its investment of the retirement fund.

(b) The Public Employees' Health Care Fund shall consist of the following:

(1) Any self-funded or minimum premium plan premiums paid by public agencies, the state and enrolled employees, annuitants, and family members, including premiums paid directly for continuation coverage authorized under the Consolidated Omnibus Budget and Reconciliation Act of 1986 or as thereafter amended, and as authorized by this part.

(2) Any reserve moneys from terminated plans designated by the board for payment to self-funded or minimum premium plans.

(c) Income, of whatever nature, earned on the Public Employees' Health Care Fund during any fiscal year, shall be credited to the fund.

(d) Notwithstanding Section 13340, the Public Employees' Health Care Fund is continuously appropriated, without regard to fiscal years, to pay benefits and claims costs, to pay the costs of administering self-funded or minimum premium plans, to refund those who made direct premium payments, and to pay such other costs as the board may determine as necessary, consistent with its fiduciary duty.

(e) The Legislature finds and declares that the Public Employees' Health Care Fund is a trust fund held for the exclusive benefit of enrolled employees, annuitants, family members, the self-funded plan administrator, and those contracting to provide medical and hospital care services.

SEC. 12. Section 22842 of the Government Code is amended to read:

22842. Contributions of employees and annuitants of contracting agencies, and contributions of the employers not credited to the Public Employees' Health Care Fund or to the Public Employees' Contingency Reserve Fund for purposes specified in subdivision (b) or (c) of Section 22840, shall be utilized for payment of premiums and other charges required to be paid to carriers, and those funds are continuously appropriated for that purpose to the extent of those contributions. Those amounts shall be suitably identified and remitted monthly to the carriers by warrant of the Controller upon claims filed by the board.

SEC. 13. Section 22852 of the Government Code is amended to read:

22852. (a) A contracting agency that has elected to be subject to this part may not maintain any other plan or program offering prepaid hospital and medical care for its employees.

(b) Notwithstanding subdivision (a), a plan operating on July 1, 2002, shall be permitted to continue as long as it meets the requirements of subdivision (e). A material change in the plan, including a change in carriers, shall be permitted. Notwithstanding any other provision of this part, a contracting agency may include a dependent of an employee or retiree who is not eligible for coverage as a family member or a domestic partner, as provided in this part, if the employee or retiree is also enrolled in the alternative plan.

(c) Notwithstanding subdivision (a), a self-insured plan operating on January 1, 2003, shall be permitted to continue as long as it meets the requirements of subdivision (e). The board may extend the deadline contained in this subdivision for good cause.

(d) Notwithstanding subdivision (a), an alternative plan established by a contracting agency and approved by the board after July 1, 2002, shall be permitted to continue until December 31, 2004. The plan may only be offered in an area in which: (1) there is no board approved health maintenance organization or exclusive provider organization plan available for enrollment, or (2) there is only one board approved health maintenance organization plan available for enrollment, and that plan has less than 55 percent of the primary care physicians in its provider network available for new patients. The contracting agency shall reimburse the board for reasonable administrative expenses incurred as a result of enrollment activities outside of the system's open enrollment period caused by the creation or termination of a plan offered pursuant to this subdivision. A contracting agency providing a plan pursuant to this subdivision shall notify the board by June 1, 2004, of its intent to either terminate that plan or to terminate its participation under this part as of January 1, 2005. On or after June 1, 2004, the board may extend

the termination date contained in this subdivision for a contracting agency at its discretion, based on compelling circumstances in the region in which the contracting agency is located.

(e) A plan maintained pursuant to this section shall meet and maintain the minimum standards for approved health benefit plans prescribed by the board pursuant to the requirements of this part.

(f) An election of a contracting agency to be subject to this part shall not be effective prior to the termination of any plan maintained in violation of this section. The establishment of any plan thereafter in violation of this section shall terminate participation of the agency and all of its employees under this part as of the end of the contract year.

(g) Nothing in this part may be construed to prohibit a contracting agency from offering health plans, including collectively bargained union health and welfare trust plans, to employees and annuitants of employee groups, including collective bargaining units, if the contracting agency has not elected to provide coverage for that group under this part.

SEC. 14. Section 22854 of the Government Code is amended to read:

22854. The board may terminate the participation of a contracting agency if it fails for three months after a demand to perform any act required by this part or board rules.

SEC. 15. Section 22856 of the Government Code is amended to read:

22856. Notwithstanding any other provision of law, a school district, county board of education, personnel commission of a school district, or a county superintendent of schools may, by appropriate resolution, elect to become subject to this part. Employer contributions for annuitants shall at all times equal employer contributions paid for active employees, except as otherwise provided in this part.

SEC. 16. Section 22859 of the Government Code is amended to read:

22859. A contracting agency may elect by amendment to its contract with the board to participate in a Medicare reimbursement program for its employees or annuitants, or family members of employees or annuitants, who are enrolled in a health benefits plan under this part that provides supplemental benefits for persons enrolled under the health insurance provisions of Title XVIII of the federal Social Security Act, as prescribed by board regulations.

SEC. 17. Section 22891 of the Government Code is amended to read:

22891. As used in this chapter:

(a) ''Health benefits trust'' means the California Association of Highway Patrolman Health Benefits Trust, the Peace Officers Research

(b) ''Participant'' means an employee, annuitant, or family member who is a member of a health benefits trust and who is injured by or due to the actions or inactions of a third person, and includes any other person to whom a claim accrues by reason of the injury or death of the employee, annuitant or family member.

(c) ''Third party'' means any tortfeasor or alleged tortfeasor against whom the participant asserts a claim for injury or death.

SEC. 18. Section 107 is added to the Labor Code, to read:

107. (a) The enforcement of Section 14110.65 of the Welfare and Institutions Code is vested with the State Department of Health Services.

(b) Any claim made under Section 14110.65 of the Welfare and Institutions Code shall not constitute a wage claim as provided in subdivision (a) of Section 96, and shall not be subject to this chapter.

SEC. 19. The Board of Administration of the Public Employees' Retirement System shall submit to the Joint Legislative Budget Committee an annual report, not later than February 1 of each year, concerning the utilization of funds for cost containment pursuant to Section 22840 of the Government Code. The report shall include the amount deposited in the Public Employees' Contingency Reserve Fund for this purpose, the objectives of any expenditure, and an assessment of whether the objectives were met.

CHAPTER 899

An act to amend Sections 12376 and 12377 of, and to repeal and add Article 1 (commencing with Section 11690) of Chapter 3 of Part 3 of Division 2 of, the Insurance Code, relating to insurance.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Article 1 (commencing with Section 11690) of Chapter 3 of Part 3 of Division 2 of the Insurance Code is repealed.

SEC. 2. Article 1 (commencing with Section 11690) is added to Chapter 3 of Part 3 of Division 2 of the Insurance Code, to read:

Article 1. Deposits by Workers' Compensation Insurers

11690. For purposes of this article:

(a) ''Compensable workers' compensation claim'' means a claim where the claimant is entitled to benefits under the workers' compensation law of the state.

(b) ''Delinquency proceeding'' means any proceeding commenced against an insurer for the purpose of liquidating, rehabilitating, reorganizing, or conserving that insurer, where there has not been a court order finding the insurer insolvent.

(c) ''Receiver'' means liquidator, rehabilitator, or conservator, as appropriate.

11691. (a) In order to provide protection to the workers of this state in the event that the insurers issuing workers' compensation insurance to employers fail to pay compensable workers' compensation claims, when due, except in the case of the State Compensation Insurance Fund, every insurer desiring admission to transact workers' compensation insurance, or workers' compensation reinsurance business, or desiring to reinsure the injury, disablement, or death portions of policies of workers' compensation insurance under the class of disability insurance shall, as a prerequisite to admission, or ability to reinsure the injury, disablement, or death portion of policies of workers' compensation insurance under the class of disability insurance, deposit cash instruments or approved interest-bearing securities or approved stocks readily convertible into cash, investment certificates, or share accounts issued by a savings and loan association doing business in this state and insured by the Federal Deposit Insurance Corporation, certificates of deposit or savings deposits in a bank licensed to do business in this state, or approved letters of credit that perform in material respects as any other security allowable as a form of deposit for purposes of a workers' compensation deposit and that meet the standard set forth in Section 922.5, or approved securities registered with a qualified depository located in a reciprocal state as defined in Section 1104.9, with that deposit to be in an amount and subject to any exceptions as set forth in this article. The deposit shall be made from time to time as demanded by the commissioner and may be made with the Treasurer, or a bank or savings and loan association authorized to engage in the trust business pursuant to Division 1 (commencing with Section 99) or Division 2 (commencing with Section 5000) of the Financial Code, or a trust company. A deposit of securities registered with a qualified depository located in a reciprocal state as defined in Section 1104.9 may only be made in a bank or savings and loan association authorized to engage in the trust business pursuant to Division 1 (commencing with Section 99) or Division 2 (commencing with Section 5000) of the Financial Code,

or a trust company, licensed to do business and located in this state that is a qualified custodian as defined in paragraph (1) of subdivision (a) of Section 1104.9 and that maintains deposits of at least seven hundred fifty million dollars ($750,000,000). The deposit shall be made subject to the approval of the commissioner under those rules and regulations that he or she shall promulgate. The deposit shall be maintained at a deposit value specified by the commissioner, but in any event no less than one hundred thousand dollars ($100,000), nor less than the reserves required of the insurer to be maintained under any of the provisions of Article 1 (commencing with Section 11550) of Chapter 1 of Part 3 of Division 2, relating to loss reserves on workers' compensation business of the insurer in this state, nor less than the sum of the amounts specified in subdivision (a) of Section 11693, whichever is greater. The deposit shall be for the purpose of paying compensable workers' compensation claims under policies issued by the insurer or reinsured by the admitted reinsurer and expenses as provided in Section 11698.02, in the event the insurer or reinsurer fails to pay those claims when they come due.

(b) Each insurer or reinsurer desiring to have the ability to reinsure the injury, disablement, or death portions of policies of workers' compensation under the class of disability insurance shall provide prior notice to the commissioner, in the manner and form prescribed by the commissioner of its intent to reinsure that insurance. In the event of late notice, a late filing fee shall be imposed on the reinsurer pursuant to Section 924 for failure to notify the commissioner of its intent to reinsure workers' compensation insurance.

(c) If the deposit required by this section is not made with the Treasurer, then the depositor shall execute a trust agreement in a form approved by the commissioner between the insurer, the institution in which the deposit is made or, where applicable, the qualified custodian of the deposit, and the commissioner, that grants to the commissioner the authority to withdraw the deposit as set forth in Sections 11691.2, 11696, 11698, and 11698.3. The insurer shall also execute and deliver in duplicate to the commissioner a power of attorney in favor of the commissioner for the purposes specified herein, supported by a resolution of the depositor's board of directors. The power of attorney and director's resolution shall be on forms approved by the commissioner, shall provide that the power of attorney cannot be revoked or withdrawn without the consent of the commissioner, and shall be acknowledged as required by law.

(d) The commissioner shall require payment of one hundred eighteen dollars ($118) in advance as a fee for the initial filing of a trust agreement with a bank, savings and loan association, or trust company on deposits made pursuant to subdivision (a). An additional fee of one hundred eighteen dollars ($118) shall be payable for each amendment,

supplement, or other change to the deposit agreement. In addition, the commissioner shall require the payment of fifty-eight dollars ($58) in advance for receiving and processing deposit schedules pursuant to this section. An additional fee of twenty-nine dollars ($29) shall be payable for each withdrawal, substitution, or any other change in the deposit.

(e) Any workers' compensation insurer that deposits cash or cash equivalents pursuant to this section shall be entitled to a prompt refund of those deposits in excess of the amount determined by the commissioner pursuant to subdivision (a). The commissioner shall cause to be refunded any deposits determined by the commissioner to be in excess of the amount required by subdivision (a) within 30 days of that determination. In the alternative, an insurer may use any excess deposit funds to offset a demand by the commissioner to increase its deposit due to the failure of a reinsurer to make a deposit pursuant to this section.

(f) (1) As of January 1, 2003, an admitted insurer reinsuring business covered in this article (hereafter referred to as reinsurer) shall identify to the commissioner, in a form prescribed by the commissioner, amounts deposited for credit in the name of each ceding insurer.

(2) Beginning January 1, 2005, all reinsurance agreements covering claims and obligations under business covered by this article, and allowable for purposes of granting a ceding carrier a deposit credit, shall include a provision granting the commissioner, in the event of a delinquency proceeding, receivership, or insolvency of a ceding insurer, any sums from a reinsurer's deposit that are necessary for the commissioner to pay those reinsured claims and obligations, or to ensure their payment by the California Insurance Guarantee Association, deemed by the commissioner due under the reinsurance agreement, upon failure of the reinsurer for any reason to make payments under the policy of reinsurance. The commissioner shall give 30 days' notice prior to drawing upon these funds of an intent to do so. Notwithstanding the commissioner's right to draw on these funds, the reinsurer shall otherwise retain its right to determine the validity of those claims and obligations and to contest their payment under the reinsurance agreement. Prior to a reinsurer's deposit being drawn upon, in whole or in part, by the department, the department shall provide a reinsurer with an explanation of procedures that a reinsurer may use to explain to the department why the use of the reinsurer's deposit may not be appropriate under the reinsurance agreement.

(3) No reinsurer entering into a contract identified in paragraph (2), beginning on or after January 1, 2005, may cede claims or obligations assumed from a ceding insurer unless the deposit securing the ceded claims or obligations is governed by paragraph (2) or, upon approval of the commissioner, would secure the ceded claims or obligations in all

material respects and in the same manner as a deposit identified in paragraph (2) above.

(4) All sums received from the reinsurer by the commissioner for those claims paid by the California Insurance Guarantee Association shall be held separate and apart from and not included in the general assets of the insolvent insurer, and shall be transferred to the California Insurance Guarantee Association upon receipt by the commissioner. In the event of a final judgment or settlement adverse to the drawing of funds by the commissioner pursuant to paragraph (2) or (3), the California Insurance Guarantee Association shall repay funds it obtained to pay covered claims and shall, if necessary, either levy a surcharge as needed or seek legislative approval to levy the surcharge if the California Insurance Guarantee Association is already levying the maximum surcharge permissible under law.

(g) If a reinsurer has not maintained deposits as required by subdivision (a) in amounts equal to the amounts of deposit credits claimed by its ceding insurers, the commissioner, after notifying the reinsurer and its ceding insurers of the deposit shortfall and allowing 15 days from the date of the notice for the deposit shortfall to be corrected, may disallow all or a portion of the reserve credits claimed by the ceding insurers. A ceding insurer disallowed a reserve credit pursuant to this provision shall immediately make the deposit required by this section.

11691.1. The fees for filing a schedule of securities with the Treasurer, and making a deposit of the same, and for each withdrawal, substitution, or any other change in the securities comprising this deposit with the Treasurer, shall be paid to the commissioner for the costs of review and approval of deposits, and shall be the same as are prescribed by Article 11 (commencing with Section 939) of Chapter 1 of Part 2 of Division 1.

All other reasonable charges made by the Treasurer for servicing securities deposited with him or her shall be paid to the Treasurer by the insurer that has deposited the security, and shall not be charged to the commissioner.

11691.2. The deposit required pursuant to Section 11691 shall be security for the payment of the insurer's obligations on worker's compensation insurance transacted in this state. The deposit shall not be withdrawn except upon the written order of the commissioner to use the proceeds thereof in payment of compensable worker's compensation claims and expenses as provided in Section 11698.02, or as otherwise provided in this article, but shall be forthwith payable to the commissioner or at the direction of the commissioner by the Treasurer or the bank, savings and loan association, or trust company approved by the commissioner upon that order. No deposit so placed with a bank, savings and loan association, or trust company shall be subject to any

lien or claim asserted by it or be subject to any disposition obligation, demand, liability, cause of action, judgment, or other claim, or cost or expense attendant thereon, other than as is permitted by the commissioner. Notwithstanding any other provisions of this code, the deposit shall be retained by the Treasurer or the bank, savings and loan association, or trust company approved by the commissioner and only released in accordance with the provisions of this article or pursuant to regulations or a written order of the commissioner.

11691.3. The commissioner shall establish a list of all insurers or reinsurers authorized to reinsure the injury, disablement, or death portions of policies of workers' compensation insurance under the class of disability insurance. An insurer or reinsurer shall be authorized to reinsure the injury, disablement, or death portions of policies of workers' compensation insurance under the class of disability insurance if it has complied with Section 11691. The commissioner shall publish a master list of those insurers or reinsurers at least semiannually. Any insurer or reinsurer providing the notification and deposit required by Section 11691, shall be added by addendum to the list at the time of approval, and shall be incorporated into the master list at the next date of publication. The list and addenda required by this section shall be published so that they are readily accessible to insurers and producers. The list and addenda required by this section shall also contain a notice that if an insurer enters into a contract of reinsurance with an insurer or reinsurer reinsuring the injury, disablement, or death portions of policies of workers' compensation insurance under the class of disability insurance that is not authorized pursuant to this section, the ceding insurer may not be able to claim that reinsurance for reserve credit.

11692. A certificate of authority to transact workers' compensation insurance in this state shall not be issued nor renewed to any insurer until the deposit required pursuant to Section 11691 is approved by the commissioner. The commissioner shall notify the Division of Workers' Compensation of the Department of Industrial Relations concerning the approval of every deposit made pursuant to this article.

11692.5. On and after the effective date of this article, the commissioner shall collect a late filing fee from any admitted insurer or reinsurer that fails to deposit the securities when required by this code in the following amount:

(a) If the deposit shortfall is outstanding for less than 31 days, 0.5 percent of the deposit shortfall, but in no event not less than six hundred dollars ($600).

(b) If the deposit shortfall is outstanding for more than 30 days but less than 61 days, an additional late filing fee in the amount of 1 percent of the deposit shortfall, but in no event not less than one thousand two hundred dollars ($1,200) shall be due.

(c) An additional late filing fee of 1.5 percent of the deposit shortfall for every 30-day period thereafter, or fraction thereof, that the amount is outstanding, but in no event shall the total late filing fee be less than three thousand dollars ($3,000). The late filing fees provided herein are in addition to all other rights and remedies granted the commissioner by this article.

11693. The deposit required pursuant to Section 11691 shall be made or adjusted on or prior to April 1 of each year in an amount as follows:

(a) Not less than the sum of the following amounts computed, less credits and deductions allowable with respect to reinsurance in admitted insurers, as provided under Section 11691, as of the close of the last preceding December 31 or as of any calendar quarter end as directed by the commissioner pursuant to Section 11694 in respect to workers' compensation insurance written subject to the workers' compensation laws of this state:

(1) The aggregate of the present values at 6 percent interest, or at the rate of the company's investment yield as determined by the NAIC Insurance Regulatory Information System Ratio Number 5 for Property and Casualty Companies, whichever is lower, of the determined and estimated future payments upon compensation claims not included in paragraph (2), including in those claims both benefits and loss expenses.

(2) The aggregate of the amounts computed as follows:

For each of the preceding three years, 65 percent of the earned compensation premiums for that year less all loss and loss expense payments made upon claims incurred in the corresponding year from that 65 percent; except that the amount for each year shall not be less than the present value at 6 percent interest of the determined and the estimated unpaid claims incurred in that year, including both benefits and loss expenses.

(b) Not less than one hundred thousand dollars ($100,000).

(c) If the aggregate amount computed under subdivision (a) exceeds fifty thousand dollars ($50,000), not more than double the aggregate amount.

11694. After the first annual statement to the commissioner covering business of the insurer for a full year in this state, the deposit required pursuant to Section 11691 shall be computed from the figures shown in the last preceding report of business as of December 31, filed with the commissioner, and shall be reported to the commissioner on or before March 1 of each year in a form prescribed by the commissioner. Notwithstanding anything to the contrary in this article, should the commissioner determine that there has been a material change in the insurer's ultimate liability for future payments upon compensable workers' compensation claims in this state, at the commissioner's

discretion, the amount of the deposit shall then be fixed by the commissioner at the amount that he or she deems sufficient to secure the payment of the insurer's ultimate obligations on its workers' compensation insurance transacted in this state, and upon notification from the commissioner the insurer shall immediately but in no event less than 30 days after notification, increase the deposit as directed.

11695. Where an admitted insurer has voluntarily ceased to do in this state the business for which a deposit is required pursuant to Section 11691, the deposit shall be fixed by the commissioner at the amount that he or she deems sufficient for the protection of the beneficiaries of the policies of that insurer.

11696. In the event an insurer not in a delinquency proceeding fails to pay any compensable workers' compensation claim against it, or fails to pay, to the extent of its liability as a reinsurer, any compensable workers' compensation claim covered by a policy wholly or partly reinsured by it, the commissioner shall use the proceeds of the deposit required pursuant to Section 11691 to pay all those compensable workers' compensation claims and related expenses as described in Section 11698.02.

11697. The payment of a workers' compensation claim by the commissioner shall constitute a satisfaction of the claim to the extent of the payment made. In the event any judgment is entered on the claim, the commissioner shall file a proportionate satisfaction thereof in the office of the clerk of the court wherein the judgment is entered.

11698. (a) In the event any one of the eventualities described in paragraph (1), (2), (3), or (4), transpires, the commissioner shall immediately take control or possession of the deposit required pursuant to Section 11691 and may use the deposit to pay or procure the payment of those compensable workers' compensation claims against the insurer, and those expenses described in Section 11698.02. The proceeds of the deposit shall in that event inure to the commissioner as a trust to be held separate and apart from all other assets of the insurer held by the commissioner. They shall be used only for the purposes set forth and in accordance with the procedures established in this article. Once it is determined that there are no remaining undischarged liabilities for compensable workers' compensation claims or it is actuarially demonstrated that the deposit exceeds those liabilities, the commissioner shall transfer the remaining amount of the deposit to the general assets of the estate.

(1) If the commissioner is named conservator of that insurer pursuant to Article 14 (commencing with Section 1011) of Chapter 1 of Part 2 of Division 1.

(2) The proper court has appointed the commissioner ancillary receiver of the insurer or reinsurer.

(3) A delinquency proceeding has been instituted by the proper court against the insurer or reinsurer.

(4) If it appears to the commissioner that any of the conditions set forth in Section 1011 exist or that irreparable loss and injury to the property and business of the insurer or reinsurer has occurred or may occur unless the commissioner acts immediately without notice and before applying to the court for any order.

(b) If the commissioner has proceeded under subdivision (a) or Section 11696 or 11698.3 and a deposit of securities registered with a qualified depository located in a reciprocal state and in the custody of a qualified custodian pursuant to Section 1104.9 cannot be released to the commissioner according to the terms of the agreement entered into pursuant to Section 11691 or the requirements of Section 11691.2 because of a delinquency proceeding initiated in the reciprocal state in which the qualified depository is located, or, if the deposit of securities registered with a qualified depository has been executed upon at any time by any creditor of an insurer and that execution has been affirmed by a written opinion of a court of competent federal appellate jurisdiction, the commissioner may, after a public hearing and upon a finding that deposits of securities registered with that depository do not allow the commissioner to discharge his or her responsibilities as set forth in this chapter, require workers' compensation insurers authorized to transact insurance in this state to cease and desist making any further deposits authorized by Section 11691 in approved securities registered with that depository. For the purposes of this subdivision, the term ''delinquency proceeding'' shall have the same meaning as contained in subdivision (b) of Section 1064.1.

11698.01. When the commissioner is authorized to proceed under Section 11698 he or she may do either of the following:

(a) Subject to Sections 11698.2, 11698.21, and 11698.22, enter into reinsurance and assumption agreements with one or more admitted solvent workers' compensation insurers by the terms of which liability for all those obligations is reinsured and assumed by such insurer.

(b) Use the deposit required pursuant to Section 11691 to pay or procure payment of the insurer's compensable workers' compensation claims and those expenses authorized in Section 11698.02.

11698.02. The proceeds of the deposit required pursuant to Section 11691 shall be used solely to pay compensable workers' compensation claims under the insured or reinsured policies, allocated claims expense necessary to pay those claims, and the expenses connected with all proceedings or actions permitted or required by this article in furtherance of the payment of those claims, or should the commissioner pursuant to subdivision (a) of Section 11698.01 enter into reinsurance and

assumption agreements with one or more reinsurers, the proceeds of the deposit shall be used to reimburse those reinsurers.

11698.1. From time to time and in any event at or prior to the time of the filing of his or her petition for discharge as receiver, the commissioner shall do the following:

(a) File with the Workers' Compensation Appeals Board an accounting of all trust funds received and used from the proceeds of the deposit required pursuant to Section 11691.

(b) File with the court an accounting of all funds received and used as expenses from the general funds of the insurer.

11698.2. If the commissioner enters into a reinsurance and assumption agreement as provided in subdivision (a) of Section 11698.01, that agreement shall provide for all of the following:

(a) The reinsurance and assumption of all those obligations by the reinsuring and assuming insurers.

(b) If there is more than one reinsurer the proportion of all those obligations assumed by each reinsurer and a method for the actual processing and payment of those obligations by the reinsurers or their representatives.

(c) The reimbursement of the reinsuring and assuming insurers from the deposit of the insurer in the delinquency proceeding. The provision shall conform with Section 11698.21 and shall not be effective unless approved by the Workers' Compensation Appeals Board.

(d) The amounts, if any, to be paid the reinsurers from the general funds of the insurer. If the agreement provides that amounts from the general funds of the insurer are to be paid to the reinsurers, those payments shall be approved by the court where the delinquency proceedings are pending.

(e) Any other matters as are necessary and proper to achieve the purposes of the reinsurance and assumption agreement.

11698.21. (a) The reimbursement provision referred to in subdivision (c) of Section 11698.2 shall provide for the transfer of the securities in the deposit to the deposits of the reinsurers. Thereafter, except as provided in subdivision (b), the deposit of the reinsuring and assuming insurers shall be security for the payment of all of those obligations assumed by the agreement as well as those obligations on workers' compensation insurance transacted in this state by the reinsurer, provided, however, that in determining the amount which shall remain on deposit as security for those obligations that are reinsured and assumed, the method prescribed by paragraph (1) of subdivision (a) of Section 11693 shall be used without any limitation as to time. In providing for the transfer of the securities the agreement may provide for their direct transfer to the deposit account of the reinsurers, or, if the securities deposited are in denominations or units as to make the

equitable transfer to more than one reinsurer impossible, it may provide either for a formula under which the transfers may be made and differences in value reconciled by payments or credits among the reinsurers or for the sale of those securities by the commissioner and the reinvestment of the proceeds in other securities in amounts that can be so equitably transferred.

(b) The agreement shall provide that if it appears that the market value of the securities on deposit will exceed the obligations assumed by the reinsurers, the commissioner may withhold the transfer of a portion of the deposit and may after a two-year period enter into a final settlement with the reinsurers with respect thereto at which time any excess in that deposit shall be transferred to the general assets of the insurer in the delinquency proceeding.

11698.22. The commissioner shall not enter into an agreement with an insurer if its reinsurance and assumption of liability will impair its solvency or render its further transaction of business hazardous under subdivision (d) of Section 1011.

11698.3. (a) If the insurer is a member insurer of the California Insurance Guarantee Association (the association) and has been the subject of an order of liquidation or receivership with a finding of insolvency which has been entered by a court of competent jurisdiction the association then becomes obligated to pay compensable workers' compensation claims arising under the insurer's policies, which are otherwise ''covered claims'' as defined in Article 14.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 2. The commissioner shall immediately take control or possession of the deposit required pursuant to Section 11691 and shall transfer the deposit to the association.

(b) The association shall use the proceeds of the deposit and any interest earned thereon, for the payment of compensable workers' compensation claims arising under the insolvent insurer's policies and which are otherwise covered claims, as defined in Article 14.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 2, and all expenses related thereto.

(c) The association shall make a full report and accounting of the disposition of the deposit on or in the form and at the times as the commissioner shall request, including a report of all interest income earned on the deposit.

(d) At the time all of the insolvent insurer's California workers' compensation claims liabilities are discharged, or at the time it is actuarially determined that the remaining proceeds, and any interest earned thereon, exceed those liabilities, the association shall return the surplus to the insolvent insurer's estate.

11699. Unless the deposit required pursuant to Section 11691 is withdrawn by the commissioner pursuant to the authority granted him or her by this article, it, or any remainder thereof, may be repaid to the insurer either upon satisfactory showing to the commissioner that every liability to pay compensable workers' compensation claims has been assumed and reinsured with a solvent admitted insurer or fully paid and discharged. In the event the insurer remains admitted for workers' compensation insurance, or desires to reinsure the injury, disablement, or death portions of policies of workers' compensation under the class of disability insurance, then it must maintain at least the minimum deposit required by Section 11691.

11700. The deposit required pursuant to Section 11691, unless withdrawn by the commissioner, shall be used only for the payment of compensable workers' compensation claims and expenses as provided in Section 11698.02 as long as there remains unpaid any claim or any part thereof.

11701. The commissioner may revoke the certificate of authority to transact workers' compensation insurance or to reinsure the injury, disablement, or death portions of policies of workers' compensation under the class of disability insurance in this state of any insurer failing to comply with the requirements of this article. The power vested in the commissioner by this section is additional to any and all other powers and remedies vested in the commissioner by law. Failure to make the deposit required by this article within the required time shall be deemed to constitute a condition of hazard as set forth in Section 1011.

11702. The provisions of this article shall not apply to workers' compensation insurance covering those persons defined as employees by subdivision (d) of Section 3351 of the Labor Code.

11703. An insurer desiring to write workers' compensation insurance shall maintain or provide occupational safety and health loss control consultation services certified by the Director of Industrial Relations pursuant to Section 6354.5 of the Labor Code.

SEC. 3. Section 12376 of the Insurance Code is amended to read:

12376. (a) If an underwritten title company is placed into bankruptcy, receivership, or conservation by the commissioner, each title insurer operating under an underwriting agreement with the underwritten title company during the six months prior to the earliest of the conservation, bankruptcy, or receivership shall be liable for its proportionate share of the commissioner's costs and any escrow and subescrow account shortages as determined by the calculations set forth in subdivisions (b) and (c).

(b) If, during the six months prior to the earliest of the establishment of a conservation, bankruptcy, or receivership under subdivision (a), the underwritten title company was authorized by underwriting agreements

to issue title policies for more than one title insurer, the liability of each title insurer is determined by multiplying the amount of the total escrow and subescrow shortages, as well as the costs, and expenses, as set forth in subdivision (c), by that title insurer's percentage of the underwritten title company's net premiums for policies issued by each title insurer during the 12-month period preceding the earliest of the establishment of the conservation, bankruptcy, or receivership, with each title insurer's liability pursuant to this subdivision to be referred to as its proportionate share.

(c) When determining the total proportionate liability of each title insurer, the commissioner shall include the following:

(1) The commissioner's costs and expenses of seizing and taking control of the underwritten title company's offices, operations, and assets.

(2) The commissioner's costs and expenses of handling, adjusting, and closing all subescrow and escrow accounts, including the costs and expenses of determining whether shortages exist in any subescrow and escrow accounts.

(3) Other costs and expenses incurred by the commissioner in connection with borrowing from the Insurance Fund pursuant to subdivision (g) and foregone earnings or interest of the Insurance Fund resulting from the borrowing.

As used in this subdivision, ''commissioner's costs and expenses'' includes the costs and expenses of all agents and contractors retained by the commissioner in performing functions set forth in this subdivision, and ''subescrow'' and ''escrow'' means title subescrows and escrows. These calculations shall result in 100 percent of the shortage, costs, and expenses being proportionately allocated to each title insurer authorized to issue title policies in the last six months preceding the underwritten title company being placed into bankruptcy, receivership, or conservation.

(d) (1) The commissioner shall make an initial estimate of the total shortage in the escrow and subescrow accounts and the commissioner's costs and expenses as provided in subdivision (c) and shall provide this estimate in writing to each title insurer determined to have liability under this section as soon as practicable. The initial estimate shall be substantiated by a summary of the accounting information pertinent to the commissioner's estimate of the escrow and subescrow shortfalls and the commissioner's costs and expenses.

(2) The commissioner shall make further estimates, as necessary, of the total shortage in the escrow and subescrow accounts and the commissioner's costs and expenses as provided in subdivision (c) and shall provide the estimates in writing to each title insurer determined to

have liability under this section. These estimates shall be substantiated by a detailed summary of pertinent accounting information.

(3) After receiving an estimate pursuant to paragraphs (1) and (2), each title insurer having liability under this section shall, within 30 days after written notification, deposit its proportionate share of the shortage, costs, and expenses into an escrow account established by the commissioner for the purpose of reimbursement to subescrow or escrow accountholders, reimbursement to the commissioner in the event that the commissioner advances or has advanced payments to subescrow or escrow accountholders, or payment or reimbursement of the commissioner's costs and expenses pursuant to subdivision (c). If a title insurer fails to make a payment required by this subdivision within the 30-day period, the title insurer shall pay a penalty calculated at the rate of 10 percent per annum on the unpaid amount until the payment is received by the commissioner.

(e) Nothing in this section relieves a person of liability under any other provision of law that he or she may have for a shortage as set forth in subdivision (a). A title insurer, on becoming liable for a shortage as set forth in this section, is entitled to enforce every available remedy, or bring any cause of action that would have been available to a person compensated by the title insurer.

(f) A title insurer shall be entitled to make a claim for reimbursement for subescrow or escrow shortages paid to subescrow or escrow accountholders and for payments of its proportionate share pursuant to subdivision (c). Those claims shall be given the same preference as those claims referenced in paragraph (2) of subdivision (a) of Section 1033.

(g) A title insurer shall be entitled to make a claim for reimbursement for payment of its proportionate share of the commissioner's costs and expenses paid pursuant to subdivision (c). Those claims shall be given the same preference as those claims referenced in paragraph (2) of subdivision (a) of Section 1033. The commissioner shall return to each title insurer its proportional share of any funds remaining in the escrow account after all liabilities in subdivision (a) have been satisfied.

(h) In order to minimize potential losses and negative impacts on consumers having money in escrow accounts held by an underwritten title company taken into conservation, bankruptcy, or receivership by the commissioner, the commissioner shall hire all necessary escrow consultants or other experts necessary to achieve this goal.

(i) The commissioner may borrow from the Insurance Fund to cover shortages in subescrow or escrow accounts and to pay costs and expenses set forth in subdivision (c).

SEC. 4. Section 12377 of the Insurance Code is amended to read:

12377. (a) All escrow funds received by an underwritten title company that are subject to Section 12413.5 shall not be considered part

of the estate of the underwritten title company for purposes of liquidation, receivership, bankruptcy, or conservation pursuant to Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1.

(b) Where an underwritten title company is placed into conservation, receivership, or bankruptcy and the escrow accounts held by the company are found to have shortages, the department, conservator, liquidator, receiver, or bankruptcy trustee shall do everything reasonably possible to trace these moneys to other depository accounts or assets.

(c) Any real or personal property traceable to shortages in the escrow accounts shall not be considered part of the estate available to other claimants under Section 1033. Those assets shall be liquidated and paid in the following order: (1) if the commissioner has paid or advanced funds to subescrow or escrow accountholders from sources other than the escrow established pursuant to subdivision (c) of Section 12376, they shall be paid to the commissioner to the extent that the commissioner has not been repaid by title insurers having liability under Section 12376, (2) they shall be deposited into an escrow established pursuant to subdivision (c) of Section 12376, and (3) they shall be directly reimbursed to the title insurer or insurers that have reimbursed escrow depositors under Section 12376. In no event shall a title insurer be reimbursed an amount in excess of its liability as determined in Section 12376.

SEC. 5. Sections 1, 2, 3, and 4 of this act shall become operative only if Assembly Bill 2007 is enacted and becomes effective on or before January 1, 2003.

CHAPTER 900

An act to add Section 50089 to the Government Code, relating to public employees.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

formed for the specific and primary purpose to act as an employee organization for peace officers in this state that directly or indirectly represents less than 7,000 retired or active peace officers, that has not filed with the Secretary of State an agent of the employee organization who has been designated for purposes of service of process as described in Section 1701, 6410, 8210, 9670, 12610, 24003, or 25550 of the Corporations Code by the effective date of this section, shall not be qualified to be the exclusive or majority bargaining agent, as described in subdivision (a) of Section 3502.5, until January 1, 2007.

(b) Any general nonprofit corporation formed for the specific and primary purpose to act as a recognized employee organization, as defined in subdivision (b) of Section 3501, for peace officers in this state that directly or indirectly represents less than 7,000 retired or active peace officers, that has any affiliate, chapter, or member that has failed to file with the Secretary of State an agent who has been designated for purposes of service of process by the effective date of this section, shall be prohibited from establishing or recognizing any member, affiliate, or chapter that was not a bona fide member, affiliate, or chapter of the nonprofit corporation as of January 1, 2003, until January 1, 2007.

(c) This section shall not apply to any national organization that directly or indirectly represents retired or active peace officers.

CHAPTER 901

An act to amend Sections 984, 2116, 2601, 2613, 2708, and 3254 of, and to add Chapter 7 (commencing with Section 3300) to Part 2 of Division 1 of, the Unemployment Insurance Code, relating to disability compensation, and making an appropriation therefor.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 984 of the Unemployment Insurance Code is amended to read:

984. (a) (1) Each worker shall pay worker contributions at the rate determined by the director pursuant to this section with respect to wages, as defined by Sections 926, 927, and 985. On or before October 31 of each calendar year, the director shall prepare a statement, which shall be a public record, declaring the rate of worker contributions for the calendar year and shall notify promptly all employers of employees covered for disability insurance of the rate.

(2) (A) Except as provided in paragraph (3), the rate of worker contributions for calendar year 1987 and for each subsequent calendar year shall be 1.45 times the amount disbursed from the Disability Fund during the 12-month period ending September 30 and immediately preceding the calendar year for which the rate is to be effective, less the amount in the Disability Fund on that September 30, with the resulting figure divided by total wages paid pursuant to Sections 926, 927, and 985 during the same 12-month period, and then rounded to the nearest one-tenth of 1 percent.

(B) The director shall increase the rate of worker contributions by .08 percent for the 2004 and 2005 calendar years to cover the initial cost of family temporary disability insurance benefits provided in Chapter 7 (commencing with Section 3300) of Part 2.

(3) The rate of worker contributions shall not exceed 1.5 percent or be less than 0.1 percent. The rate of worker contributions shall not decrease from the rate in the previous year by more than two-tenths of 1 percent.

(b) Worker contributions required under Sections 708 and 708.5 shall be at a rate determined by the director to reimburse the Disability Fund for unemployment compensation disability benefits paid and estimated to be paid to all employers and self-employed individuals covered by those sections. On or before November 30th of each calendar year, the director shall prepare a statement, which shall be a public record, declaring the rate of contributions for the succeeding calendar year for all employers and self-employed individuals covered under Sections 708 and 708.5 and shall notify promptly the employers and self-employed individuals of the rate. The rate shall be determined by dividing the estimated benefits and administrative costs paid in the prior year by the product of the annual remuneration deemed to have been received under Sections 708 and 708.5 and the estimated number of persons who were covered at any time in the prior year. The resulting rate shall be rounded to the next higher one-hundredth percentage point. The rate may also be reduced or increased by a factor estimated to maintain as nearly as practicable a cumulative zero balance in the funds contributed pursuant to Sections 708 and 708.5. Estimates made pursuant to this subdivision may be made on the basis of statistical sampling, or another method determined by the director.

(c) The director's action in determining a rate under this section shall not constitute an authorized regulation.

(d) Notwithstanding subdivision (a), the director may, at his or her discretion, increase or decrease, by not to exceed 0.1 percent, the rate of worker contributions determined pursuant to subdivision (a), up to a maximum worker contribution rate of 1.5 percent, if he or she determines the adjustment is necessary to reimburse the Disability Fund

for disability benefits paid or estimated to be paid to individuals covered by this section or to prevent the accumulation of funds in excess of those needed to maintain an adequate fund balance.

SEC. 1.5. Section 2116 of the Unemployment Insurance Code is amended to read:

2116. It is unlawful to do any of the following:

(a) Falsely certify the medical condition of any person in order to obtain disability insurance benefits, including family temporary disability insurance benefits, whether for the maker or for any other person.

(b) Knowingly present or cause to be presented any false or fraudulent written or oral material statement in support of any claim for disability insurance including family temporary disability insurance benefits.

(c) Knowingly solicit, receive, offer, pay, or accept any rebate, refund, commission, preference, patronage, dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for soliciting a claimant to apply for disability insurance including family temporary disability insurance benefits unless the payment is lawful pursuant to Section 650 of the Business and Professions Code.

(d) Knowingly assist, abet, solicit, or conspire with any person who engages in an unlawful act under this section.

SEC. 2. Section 2601 of the Unemployment Insurance Code is amended to read:

2601. The purpose of this part is to compensate in part for the wage loss sustained by any individual who is unable to work due to the employee's own sickness or injury, the sickness or injury of a family member, or the birth, adoption, or foster care placement of a new child, and to reduce to a minimum the suffering caused by unemployment resulting therefrom. This part shall be construed liberally in aid of its declared purpose to mitigate the evils and burdens which fall on the unemployed and disabled worker and his or her family.

SEC. 3. Section 2613 of the Unemployment Insurance Code is amended to read:

2613. (a) The Director of Employment Development shall develop and maintain a program of education concerning disability insurance rights and benefits.

(b) The director shall provide to each employer of employees subject to this part a notice informing workers of their disability insurance rights and benefits due to sickness, injury, or pregnancy. The notice shall be given by every employer to each new employee hired on or after June 1, 1988, and to each employee leaving work due to pregnancy or nonoccupational sickness or injury on or after July 1, 1989.

(c) Commencing January 1, 2004, the director shall provide to each employer of employees subject to this part a notice informing workers of their disability insurance rights and benefits due to the employee's own sickness, injury, or pregnancy, or the employee's need to provide care for any sick or injured family member or new child who is unable to care for himself or herself. The notice shall be given by every employer to each new employee hired on or after January 1, 2004, and to each employee leaving work on or after July 1, 2004, due to pregnancy, nonoccupational sickness or injury, or the need to provide care for any sick or injured family member or new child who is unable to care for himself or herself.

SEC. 4. Section 2708 of the Unemployment Insurance Code is amended to read:

2708. (a) In accordance with the director's authorized regulations, and except as provided in subdivision (c) and Sections 2708.1 and 2709, a claimant shall establish medical eligibility for each uninterrupted period of disability by filing a first claim for disability benefits supported by the certificate of a treating physician or practitioner that establishes the sickness, injury, or pregnancy of the employee, or the condition of the family member that warrants the care of the employee. For subsequent periods of uninterrupted disability after the period covered by the initial certificate or any preceding continued claim, a claimant shall file a continued claim for those benefits supported by the certificate of a treating physician or practitioner. A certificate filed to establish medical eligibility for the employee's own sickness, injury, or pregnancy shall contain a diagnosis and diagnostic code prescribed in the International Classification of Diseases, or, where no diagnosis has yet been obtained, a detailed statement of symptoms.

A certificate filed to establish medical eligibility of the employee's own sickness, injury, or pregnancy shall also contain a statement of medical facts including secondary diagnoses when applicable, within the physician's or practitioner's knowledge, based on a physical examination and a documented medical history of the claimant by the physician or practitioner, indicating his or her conclusion as to the claimant's disability, and a statement of his or her opinion as to the expected duration of the disability.

(b) A certificate filed to establish medical eligibility of the serious health condition of the family member that warrants the care of the employee shall contain:

(1) A diagnosis and diagnostic code prescribed in the International Classification of Diseases, or, where no diagnosis has yet been obtained, a detailed statement of symptoms.

(2) The date, if known, on which the condition commenced.

(3) The probable duration of the condition.

(4) An estimate of the amount of time that the physician or practitioner believes the employee is needed to care for the child, parent, spouse, or domestic partner.

(5) A statement that the serious health condition warrants the participation of the employee to provide care for his or her child, parent, spouse, or domestic partner.

''Warrants the participation of the employee'' includes, but is not limited to, providing psychological comfort, and arranging ''third party'' care for the child, parent, spouse, or domestic partner, as well as directly providing, or participating in, the medical care.

(c) The department shall develop a certification form for an employee taking leave for reason of the birth of a child of the employee or the employee's domestic partner, or the placement of a child who is unable to care for himself or herself with the employee in connection with the adoption or foster care of the child by the employee or domestic partner.

(d) The first and any continuing claim of an individual who obtains care and treatment outside this state, shall be supported by a certificate of a treating physician or practitioner duly licensed or certified by the state or foreign country in which the claimant is receiving the care and treatment. If a physician or practitioner licensed by and practicing in a foreign country is under investigation by the department for filing false claims and the department does not have legal remedies to conduct a criminal investigation or prosecution in that country, the department may suspend the processing of all further certifications until the physician or practitioner fully cooperates, and continues to cooperate with the investigation. A physician or practitioner licensed by and practicing in a foreign country who has been convicted of filing false claims with the department may not file a certificate in support of a claim for disability benefits for a period of five years.

(e) For purposes of this part, the term ''physician'' has the same meaning as it does in Section 3209.3 of the Labor Code. For purposes of this part, ''practitioner'' means a person duly licensed or certified in California acting within the scope of his or her license or certification who is a dentist, podiatrist, or as to normal pregnancy or childbirth, a midwife, nurse midwife, or nurse practitioner.

(f) For a claimant who is hospitalized in or under the authority of a county hospital in this state, a certificate of initial and continuing medical disability, if any, shall satisfy the requirements of this section if the disability is shown by the claimant's hospital chart, and the certificate is signed by the hospital's registrar. For a claimant hospitalized in or under the care of a medical facility of the United States government, a certificate of initial and continuing medical disability, if any, shall satisfy the requirements of this section if the disability is

shown by the claimant's hospital chart, and the certificate is signed by a medical officer of the facility duly authorized to do so.

(g) Nothing in this section shall be construed to preclude the department from requesting additional medical evidence to supplement the first or any continued claim if the additional evidence can be procured without additional cost to the claimant. The department may require that the additional evidence include identification of diagnoses, symptoms, or a statement as to the facts of the claimant's disability by the physician or practitioner treating the claimant, by the registrar, authorized medical officer, or other duly authorized official of the hospital or health facility treating the claimant, or by an examining physician or other representative of the department.

SEC. 5. Section 3254 of the Unemployment Insurance Code is amended to read:

3254. The Director of Employment Development shall approve any voluntary plan, except one filed pursuant to Section 3255, as to which he or she finds that there is at least one employee in employment and all of the following exist:

(a) The rights afforded to the covered employees are greater than those provided for in Chapter 2 (commencing with Section 2625) and those provided for in Chapter 7 (commencing with Section 3300).

(b) The plan has been made available to all of the employees of the employer employed in this state or to all employees at any one distinct, separate establishment maintained by the employer in this state. ''Employees'' as used in this subdivision includes those individuals in partial or other forms of short-time employment and employees not in employment as the Director of Employment Development shall prescribe by authorized regulations.

(c) A majority of the employees of the employer employed in this state or a majority of the employees employed at any one distinct, separate establishment maintained by the employer in this state have consented to the plan.

(d) If the plan provides for insurance the form of the insurance policies to be issued have been approved by the Insurance Commissioner and are to be issued by an admitted disability insurer.

(e) The employer has consented to the plan and has agreed to make the payroll deductions required, if any, and transmit the proceeds to the plan insurer, if any.

(f) The plan provides for the inclusion of future employees.

(g) The plan will be in effect for a period of not less than one year and, thereafter, continuously unless the Director of Employment Development finds that the employer or a majority of its employees employed in this state covered by the plan have given notice of the termination of the plan. The notice shall be filed in writing with the

Director of Employment Development and shall be effective only on the anniversary of the effective date of the plan next following the filing of the notice, but in any event not less than 30 days from the time of the filing of the notice; except that the plan may be terminated on the operative date of any law increasing the benefit amounts provided by Sections 2653 and 2655 or the operative date of any change in the rate of worker contributions as determined by Section 984, if notice of the termination of the plan is transmitted to the Director of Employment Development not less than 30 days prior to the operative date of that law or change. If the plan is not terminated on the 30 days' notice because of the enactment of a law increasing benefits or because of a change in the rate of worker contributions as determined by Section 984, the plan shall be amended to conform to that increase or change on the operative date of the increase or change.

(h) The amount of deductions from the wages of an employee in effect for any plan shall not be increased on other than an anniversary of the effective date of the plan except to the extent that any increase in the deductions from the wages of an employee allowed by Section 3260 permits that amount to exceed the amount of deductions in effect.

(i) The approval of the plan or plans will not result in a substantial selection of risks adverse to the Disability Fund.

SEC. 6. Chapter 7 (commencing with Section 3300) is added to Part 2 of Division 1 of the Unemployment Insurance Code, to read:

CHAPTER 7. PAID FAMILY CARE LEAVE

3300. The Legislature finds and declares all of the following:

(a) It is in the public benefit to provide family temporary disability insurance benefits to workers to care for their family members. The need for family temporary disability insurance benefits has intensified as both parent's participation in the workforce has increased, and the number of single parents in the workforce has grown. The need for partial wage replacement for workers taking family care leave will be exacerbated as the population of those needing care, both children and parents of workers, increases in relation to the number of working age adults.

(b) Developing systems that help families adapt to the competing interests of work and home not only benefits workers, but also benefits employers by increasing worker productivity and reducing employee turnover.

(c) The federal Family and Medical Leave Act (FMLA) and California's Family Rights Act (CFRA) entitle eligible employees working for covered employers to take unpaid, job-protected leave for up to 12 workweeks in a 12-month period. Under the FMLA and the CFRA, unpaid leave may be taken for the birth, adoption, or foster

placement of a new child; to care for a seriously ill child, parent, or spouse; or for the employee's own serious health condition.

(d) State disability insurance benefits currently provide wage replacement for workers who need time off due to their own non-work-related injuries, illnesses, or conditions, including pregnancy, that prevent them from working, but do not cover leave to care for a sick or injured child, spouse, parent, domestic partner, or leave to bond with a new child.

(e) The majority of workers in this state are unable to take family care leave because they are unable to afford leave without pay. When workers do not receive some form of wage replacement during family care leave, families suffer from the worker's loss of income, increasing the demand on the state unemployment insurance system and dependence on the state's welfare system.

(f) It is the intent of the Legislature to create a family temporary disability insurance program to help reconcile the demands of work and family. The family temporary disability insurance program shall be a component of the state's unemployment compensation disability insurance program, shall be funded through employee contributions, and shall be administered in accordance with the policies of the state disability insurance program created pursuant to this part. Initial and ongoing administrative costs associated with the family temporary disability insurance program shall be payable from the Disability Fund.

3301. (a) The purpose of this chapter is to establish, within the state disability insurance program, a family temporary disability insurance program to provide up to six weeks of wage replacement benefits to workers who take time off work to care for a seriously ill child, spouse, parent, domestic partner, or to bond with a new child.

Nothing in this chapter shall be construed to abridge the rights and responsibilities conveyed under the CFRA or pregnancy disability leave.

(b) An individual's ''weekly benefit amount'' shall be the amount provided in Section 2655.

(c) The maximum amount payable to an individual during any disability benefit period for family temporary disability insurance shall be six times his or her ''weekly benefit amount,'' but in no case shall the total amount of benefits payable be more than the total wages paid to the individual during his or her disability base period. If the benefit is not a multiple of one dollar ($1), it shall be computed to the next higher multiple of one dollar ($1).

(d) No more than six weeks of family temporary disability insurance benefits shall be paid within any 12-month period.

3302. For purposes of this part:

(a) ''Child'' means a biological, adopted, or foster son or daughter, a stepson or stepdaughter, a legal ward, a son or daughter of a domestic partner, or a son or daughter of an employee who stands in loco parentis to that child.

(b) ''Family care leave'' means any of the following:

(1) Leave for reason of the birth of a child of the employee or the employee's domestic partner, the placement of a child with an employee in connection with the adoption or foster care of the child by the employee or domestic partner, or the serious health condition of a child of the employee, spouse or domestic partner.

(2) Leave to care for a parent, spouse, or domestic partner who has a serious health condition.

(c) ''Parent'' means a biological, foster, or adoptive parent, a stepparent, a legal guardian, or other person who stood in loco parentis to the employee when the employee was a child.

(d) ''Domestic partner'' has the same meaning as defined in Section 297 of the Family Code.

(e) ''Family member'' means child, parent, spouse, or domestic partner as defined in this section.

(f) ''Serious health condition'' means an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential health care facility, or continuing treatment or continuing supervision by a health care provider, as defined in Section 12945.2 of the Government Code.

3303. (a) An individual shall be deemed eligible for family temporary disability insurance benefits on any day in which he or she is unable to perform his or her regular or customary work because he or she is caring for a new child during the first year after the birth or placement of the child or a seriously ill child, parent, spouse, or domestic partner, subject to a waiting period of seven consecutive days during each family temporary disability benefit period where no benefits are payable within that period.

(b) An individual is not eligible for family temporary disability insurance benefits with respect to any day that he or she has received unemployment compensation benefits under Part 1 (commencing with Section 100) or under an unemployment compensation act of any other state or of the federal government.

(c) An individual is not eligible for family temporary disability insurance benefits with respect to any day of unemployment and disability for which he or she has received, or is entitled to receive, ''other benefits'' in the form of cash benefits as defined in subdivision (b) of Section 2629.

(d) An individual is not eligible for family temporary disability insurance benefits with respect to any day that he or she is entitled to

receive state disability insurance benefits under Part 2 (commencing with Section 2601) or under a disability insurance act of any other state.

(e) An individual is not eligible for family temporary disability insurance benefits with respect to any day that another family member is able and available for the same period of time that the individual is providing the required care.

(f) An individual who is entitled to leave under the FMLA and the CFRA must take Family Temporary Disability Insurance (FTDI) leave concurrent with leave taken under the FMLA and the CFRA.

(g) As a condition of an employee's initial receipt of family temporary disability insurance benefits during any 12-month period in which an employee is eligible for these benefits, an employer may require an employee to take up to two weeks of earned but unused vacation leave prior to the employee's initial receipt of these benefits. If an employer so requires an employee to take vacation leave, that portion of the vacation leave that does not exceed one week shall be applied to the waiting period required under subdivision (a). This subdivision may not be construed in a manner that relieves an employer of any duty of collective bargaining the employer may have with respect to the subject matter of this subdivision.

3304. Eligible workers shall receive benefits in accordance with provisions established under this division.

3305. If the director finds that any individual falsely certifies the medical condition of any person in order to obtain family temporary disability insurance benefits, with the intent to defraud, whether for the maker or for any other person, the director shall assess a penalty against the individual in the amount of 25 percent of the benefits paid as a result of the false certification. The provisions of this article, the provisions of Article 9 (commencing with Section 1176) with respect to refunds, and the provisions of Chapter 7 (commencing with Section 1701) with respect to collections shall apply to the assessments provided by this section. Penalties collected under this section shall be deposited in the contingent fund.

SEC. 7. This act shall become operative on January 1, 2004, except that benefits shall be payable for periods of family temporary disability leave commencing on or after July 1, 2004.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 902

An act to amend Section 19775.18 of, and to add Sections 20890.2 and 21362.3 to, the Government Code, relating to public employees' compensation.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 19775.18 of the Government Code is amended to read:

19775.18. (a) In addition to the benefits provided pursuant to Sections 19775 and 19775.1, a state employee who, as a member of the California National Guard or a United States military reserve organization, is ordered to active duty on and after September 11, 2001, as a result of the War on Terrorism, shall have the benefits provided for in subdivision (b).

(b) Any state employee to which subdivision (a) applies, while on active duty, shall receive from the state, for the duration of the event known as the War on Terrorism, as authorized pursuant to Sections 12302 and 12304 of Title 10 of the United States Code, but not to exceed 365 calendar days, as part of his or her compensation both of the following:

(1) The difference between the amount of his or her military pay and allowances and the amount the employee would have received as a state employee, including any merit raises that would otherwise have been granted during the time the individual was on active duty. The amount an employee, as defined in Section 18526, would have received as a state employee, including any merit raises that would otherwise have been granted during the time the individual was on active duty, shall be determined by the Department of Personnel Administration.

(2) All benefits that he or she would have received had he or she not served on active duty unless the benefits are prohibited or limited by vendor contracts.

(c) Any individual receiving compensation pursuant to subdivision (b) who does not reinstate to state service following active duty, shall have that compensation treated as a loan payable with interest at the rate

earned on the Pooled Money Investment Account. This subdivision does not apply to compensation received pursuant to Section 19775.

(d) Benefits provided under paragraph (1) of subdivision (b) shall only be provided to a state employee who was not eligible to participate in a federally sponsored income protection program for National Guard personnel or military reserve personnel, or both, called into active duty, as determined by the Department of Personnel Administration. For a state employee eligible to participate in a federally sponsored income protection program, and whose monthly salary as a state employee was higher than the sum of his or her military pay and allowances and the maximum allowable benefit under the federally sponsored income protection program, the state employee shall receive the amount payable under paragraph (1) of subdivision (b), but that amount shall be reduced by the maximum allowable benefit under the federally sponsored income protection program. For individuals who elected the federally sponsored income protection program, the state shall reimburse for the cost of the insurance premium for the period of time on active duty, not to exceed 365 calendar days. The Governor may, by Executive order, extend this period of time by no more than an additional 365 calendar days.

(e) For purposes of this section, ''state employee'' means an employee as defined in Section 18526 or an officer or employee of the legislative, executive, or judicial department of the state.

(f) This section does not apply to any state employee entitled to additional compensation or benefits pursuant to Section 19775.16 or Section 19775.17 of this code, or Section 395.08 of the Military and Veterans Code.

(g) This section does not apply to any active duty served after the close of the War on Terrorism.

SEC. 2. Section 20890.2 is added to the Government Code, to read:

20890.2. (a) Past miscellaneous service performed as an employee of the Department of the California Highway Patrol while a student at the department's training school established pursuant to Section 2262 of the Vehicle Code shall be converted to patrol member service if all of the following apply:

(1) The service was rendered by a current employee of the Department of the California Highway Patrol.

(2) The service is credited to an employee who has patrol member service credit for service performed with the Department of the California Highway Patrol.

(3) The patrol member failed to file a written election to retain the service as miscellaneous service within 90 days of notification by the board.

(b) The Department of the California Highway Patrol shall notify the board, in the manner established by the board, of any employee who is eligible for conversion of service pursuant to this section.

SEC. 3. Section 21362.3 is added to the Government Code, to read:

21362.3. (a) Notwithstanding subdivision (h) of Section 21362.2, for the California Highway Patrol Commissioner, with respect to service to all state employers under Section 21362.2, the benefit may not exceed 100 percent of final compensation.

(b) This section shall become inoperative on January 1, 2008, unless a later enacted statute deletes or extends that date.

CHAPTER 903

An act to amend Sections 24214, 25011, 25018, 26807, and 26906 of, to add Section 22261 to, and to repeal and add Section 24300 of, the Education Code, relating to state teachers' retirement, and making an appropriation therefor.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 22261 is added to the Education Code, to read:

22261. Notwithstanding any other provision of law, the board may make investments related to the planning, development, or acquisition of surplus real property owned by an employer, if the investment satisfies the requirements of Section 22250 and does not constitute a prohibited transaction for purposes of Section 503 of the Internal Revenue Code.

SEC. 2. Section 24214 of the Education Code, as amended by Section 2 of Chapter 896 of the Statutes of 2000, is amended to read:

24214. (a) A member retired for service under this part may perform the activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system, but the member may not make contributions to the retirement fund or accrue service credit based on compensation earned from that service.

(b) The rate of pay for service performed by a member retired for service under this part as an employee of the employer may not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties.

(c) A member retired for service under this part may not be required to reinstate for performing the activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5, as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system.

(d) A member retired for service under this part may earn compensation for performing activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 in any one school year up to the limitation specified in subdivision (f) as an employee of an employer, as an employee of a third party, or an independent contractor, within the California public school system, without a reduction in his or her retirement allowance.

(e) (1) The postretirement compensation limitation provisions set forth in this section are not applicable to compensation earned by a member retired for service under this part who has returned to work after the date of retirement and, for a period of at least 12 consecutive months, has not performed the activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system.

(2) The postretirement compensation limitation provisions set forth in this section are not applicable to compensation earned for the performance of the activities described in subdivision (a) for which the employer is not eligible to receive state apportionment or to compensation that is not creditable pursuant to Section 22119.2.

(f) The limitation that shall apply to the compensation for performance of the activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 by a member retired for service under this part either as an employee of an employer, an employee of a third party, or as an independent contractor, shall, in any one school year, be an amount calculated by the board each July 1 equal to twenty-two thousand dollars ($22,000) multiplied by the percentage increase in the average earnable salary of active members of the Defined Benefit Program, as determined by the system, from the 1998–99 fiscal year to the fiscal year ending in the previous calendar year.

(g) If a member retired for service under this part earns compensation for performing activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 in excess of the limitation specified in subdivision (f), as an employee of an employer, as an employee of a third party, or as an independent contractor, within the California public school system, and if that compensation is not exempt from that limitation under subdivision (e) or any other provisions of law, the member's retirement allowance shall be reduced

by the amount of the excess compensation. The amount of the reduction may be equal to the monthly allowance payable but shall not exceed the amount of the annual allowance payable under this part for the fiscal year in which the excess compensation was earned.

(h) The amendments to this section enacted during the 1995–96 Regular Session shall be deemed to have become operative on July 1, 1996.

(i) This section shall be repealed on January 1, 2008, unless later enacted legislation extends or deletes that date.

SEC. 3. Section 24214 of the Education Code, as added by Section 3 of Chapter 896 of the Statutes of 2000, is amended to read:

24214. (a) A member retired for service under this part may perform the activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system, but the member may not make contributions to the retirement fund or accrue service credit based on compensation earned from that service.

(b) The rate of pay for service performed by a member retired for service under this part as an employee of the employer may not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties.

(c) A member retired for service under this part may not be required to reinstate for performing the activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5, as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system.

(d) A member retired for service under this part may earn compensation for performing activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 in any one school year up to the limitation specified in subdivision (f) as an employee of an employer, as an employee of a third party, or an independent contractor, within the California public school system, without a reduction in his or her retirement allowance.

(e) The postretirement compensation limitation provisions set forth in this section are not applicable to compensation earned for the performance of the activities described in subdivision (a) for which the employer is not eligible to receive state apportionment or to compensation that is not creditable pursuant to Section 22119.2.

(f) The limitation that shall apply to the compensation for performance of the activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 by a member retired for service under this part either as an employee of an employer, an employee of a third party, or as an independent contractor,

shall, in any one school year, be an amount calculated by the board each July 1 equal to twenty-two thousand dollars ($22,000) multiplied by the average earnable salary of active members of the Defined Benefit Program, as determined by the system, from the 1998–99 fiscal year to the fiscal year ending in the previous calendar year.

(g) If a member retired for service under this part earns compensation for performing activities identified in paragraphs (1) to (9), inclusive, of subdivision (a), or subdivision (b), of Section 22119.5 in excess of the limitation specified in subdivision (f), as an employee of an employer, as an employee of a third party, or as an independent contractor, within the California public school system, the member's retirement allowance shall be reduced by the amount of the excess compensation. The amount of the reduction may be equal to the monthly allowance payable but may not exceed the amount of the annual allowance payable under this part for the fiscal year in which the excess compensation was earned.

(h) The language of this section derived from the amendments to the section of this number added by Chapter 394 of the Statutes of 1995, enacted during the 1995–96 Regular Session, shall be deemed to have become operative on July 1, 1996.

(i) This section shall become operative on January 1, 2008.

SEC. 4. Section 24300 of the Education Code is repealed.

SEC. 5. Section 24300 is added to the Education Code, to read:

24300. (a) A member may, prior to the effective date of the member's retirement, elect an option pursuant to this part, that would provide an actuarially modified retirement allowance payable throughout the life of the member and the member's option beneficiary, as follows:

(1) Option 2. The modified retirement allowance shall be paid to the retired member. Upon the retired member's death, an allowance equal to the modified amount that the retired member was receiving shall be paid to the option beneficiary.

(2) Option 3. The modified retirement allowance shall be paid to the retired member. Upon the retired member's death, an allowance equal to one-half of the modified amount that the retired member was receiving shall be paid to the option beneficiary.

(3) Option 4. The modified retirement allowance shall be paid to the retired member as long as both the retired member and the option beneficiary are living. Upon the death of either the retired member or the option beneficiary, an allowance equal to two-thirds of the modified amount that the retired member was receiving shall be paid to the surviving retired member or the surviving option beneficiary.

(4) Option 5. The modified retirement allowance shall be paid to the retired member as long as both the retired member and the option beneficiary are living. Upon the death of either the retired member or the

option beneficiary, an allowance equal to one-half of the modified amount that the retired member was receiving shall be paid to the surviving retired member or surviving option beneficiary.

(5) Option 6. The modified retirement allowance shall be paid to the retired member and upon the retired member's death, an allowance equal to the modified amount that the retired member was receiving shall be paid to the option beneficiary. However, if the option beneficiary predeceases the retired member, the retirement allowance without modification for the option shall be payable to the retired member. If the option beneficiary predeceases the retired member, the retired member may designate a new option beneficiary. The effective date of the new designation shall be six months following the date notification is received by the board, so long as both the retired member and the designated option beneficiary are then living. Notification shall be on a properly executed form for the new designation. The selection of the new option beneficiary under this subdivision is subject to an actuarial modification of the unmodified retirement allowance. A retired member may not designate any new option beneficiary that would result in any additional liability to the fund.

(6) Option 7. The modified retirement allowance shall be paid to the retired member and upon the retired member's death, an allowance equal to one-half of the modified amount the retired member was receiving shall be paid to the option beneficiary. However, if the option beneficiary predeceases the retired member, the retirement allowance without modification for the option shall be payable to the retired member. If the option beneficiary predeceases the retired member, the retired member may designate a new option beneficiary. The effective date of the new designation shall be six months following the date notification is received by the board, provided both the retired member and the designated option beneficiary are then living. Notification shall be on a properly executed form for the new designation. The selection of the new option beneficiary under this subdivision is subject to an actuarial modification of the unmodified retirement allowance. A retired member may not designate any new option beneficiary that would result in any additional liability to the fund.

(7) Option 8. (A) Any member, prior to the effective date of the member's retirement, may designate multiple option beneficiaries. The member who has designated more than one option beneficiary shall select an option that the member is authorized to elect subject to subdivision (e) for each beneficiary designated that would provide an actuarially modified retirement allowance payable throughout the lives of the member and the member's option beneficiaries.

(B) The modified retirement allowance shall be paid to the retired member as long as the retired member and at least one of the option

beneficiaries are living. Upon the retired member's death, an allowance shall be paid to each surviving option beneficiary in accordance with the option elected respective to that beneficiary. However, if one or more of the option beneficiaries predeceases the retired member, the retired member's allowance shall be adjusted in accordance with the option elected for the deceased beneficiary. The member shall determine the percentage of the unmodified allowance that will be modified by the election of Option 2, Option 3, Option 4, Option 5, Option 6, or Option 7 under this option, the aggregate of which may not exceed 100 percent of the member's unmodified allowance. The election of this option is subject to approval by the board.

(b) For purposes of this section, the member shall designate an option beneficiary on a form prescribed by the system, which shall be duly executed and filed with the system at the time of the member's retirement.

(c) A member may revoke or change an election of an option at any time prior to the effective date of the member's retirement under this part.

(d) On or before July 1, 2004, the board shall evaluate the existing options and annuities provided pursuant to this section, Chapter 38 (commencing with Section 25000) of this part, and Part 14 (commencing with Section 26000) and adopt, as a plan amendment, any appropriate changes to the options and annuities based on the needs of members, participants, and their beneficiaries, including, but not limited to, providing economic security for beneficiaries and reducing complexity in the selection of options and annuities by members and participants. The changes to the options and annuities may have no net actuarial impact on the retirement fund, and the board may establish any eligibility criteria it deems necessary to prevent an adverse actuarial impact to the fund. The board shall designate the effective date of the plan amendment, which shall be at least 18 months after the amendment is adopted by the board, and notwithstanding any other provision of this section, the options and annuities available to members and participants eligible to retire pursuant to this part after the effective date of the plan amendment made pursuant to this subdivision shall reflect the changes adopted as a plan amendment pursuant to this subdivision.

(e) Any member or participant who retired and elected an option or a joint and survivor annuity, or who filed a preretirement election of an option prior to the effective date of the plan amendment made pursuant to subdivision (d), may elect to change to a different option or joint and survivor annuity, as modified by the board as a plan amendment pursuant to subdivision (d), if the member or participant meets all the criteria established by the board to prevent a change in an option or joint and survivor annuity from having an adverse actuarial impact on the

retirement fund, including, but not limited to, the effective date of a new designation or limitations on any changes if a member or participant, as the case may be, or beneficiary, or both, is currently not living or afflicted with a known terminal illness. The member or participant shall designate the change during the six-month period that begins with the effective date of the plan amendment, on a form prescribed by the system. Any member changing an option election pursuant to this subdivision is not subject to the allowance reduction prescribed in Section 24309 or 24310 as a result of the election. If a member or participant elects to change his or her option or joint and survivor annuity under this subdivision, the member or participant shall retain the same option beneficiary or beneficiaries as named in the prior designation.

(f) The Legislature reserves the right to modify this section prior to the effective date of the plan amendment made pursuant to subdivision (d) to prevent any actuarial impact to the fund.

SEC. 6. Section 25011 of the Education Code is amended to read:

25011. (a) A member or nonmember spouse may elect to receive the retirement benefit as an annuity payable in monthly installments, provided the balance of credits in the member's or nonmember spouse's respective Defined Benefit Supplement account on the date the retirement benefit becomes payable equals at least three thousand five hundred dollars ($3,500) after any lump-sum payments have been made from the account.

(b) If the member elects to receive the retirement benefit as an annuity, the member shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the retirement benefit in a lump-sum payment. Upon the death of the member, no other benefit shall be payable to the member's beneficiary under the Defined Benefit Supplement Program.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the retirement benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance, if any, of credits transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the member's beneficiary.

(3) A 100-percent joint and survivor annuity with a ''pop-up'' feature. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, the same monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary.

However, if the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member selected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member, the member may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the member and the new designated annuity beneficiary are then living. The selection of the new annuity beneficiary under this paragraph is subject to an actuarial modification of the single life annuity with a cash refund feature. A member may not designate a new annuity beneficiary if that designation would result in any additional liability to the fund.

(4) A 50-percent joint and survivor annuity with a ''pop-up'' feature. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, one-half of the monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. However, if the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member selected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member, the member may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the member and the new designated annuity beneficiary are then living. The selection of the new annuity beneficiary under this paragraph is subject to an actuarial modification of the single life annuity with a cash refund feature. A member may not designate a new annuity beneficiary if that designation would result in any additional liability to the fund.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the retirement benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the member, from a minimum of three years to a maximum of 10 years. However, the annuity period may not

exceed the life expectancy of the member, or the life expectancy of the member and the member's annuity beneficiary. If the member's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the member's annuity beneficiary pursuant to Section 25022.

(c) If a nonmember spouse elects to receive the retirement benefit as an annuity, the nonmember spouse shall elect the form of payment specified in paragraph (1), (2), or (5) of subdivision (b) and, in those paragraphs, references to a ''member'' shall apply to the nonmember spouse.

SEC. 7. Section 25018 of the Education Code is amended to read:

25018. (a) A member may elect to receive the disability benefit as an annuity, payable in monthly installments, provided the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable equals at least three thousand five hundred dollars ($3,500) after any lump-sum payment has been made from this account.

(b) If the member elects to receive the disability benefit as an annuity, the member shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the disability benefit in a lump-sum payment. Upon the death of the member, no other benefit shall be payable to the member's beneficiary under the Defined Benefit Supplement Program.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the disability benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance of credits, if any, transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the member's beneficiary.

(3) For a member receiving an allowance pursuant to Chapter 26 (commencing with Section 24100), a 100-percent joint and survivor annuity with a ''pop-up'' feature. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, the same monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. However, if the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member selected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following

the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member, the member may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the member and the new designated annuity beneficiary are then living. The selection of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature. A member may not designate a new annuity beneficiary if that designation would result in any additional liability to the fund.

(4) For a member receiving an allowance pursuant to Chapter 26 (commencing with Section 24100), a 50-percent joint and survivor annuity with a ''pop-up'' feature. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, one-half of the monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. However, if the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member selected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member, the member may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the member and the new designated annuity beneficiary are then living. The selection of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature. A member may not designate a new annuity beneficiary if that designation would result in any additional liability to the fund.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the member, from a minimum of three years to a maximum of 10 years. However, the annuity period may not exceed the life expectancy of the member, or the life expectancy of the member and the member's annuity beneficiary. If the member's death occurs prior to the end of the period certain, the remaining balance of

payments shall be paid to the member's annuity beneficiary pursuant to Section 25022.

SEC. 8. Section 26807 of the Education Code is amended to read:

26807. (a) Upon application for a retirement benefit under this part, the participant may elect to receive the retirement benefit in the form of an annuity, provided the sum of the employee account and employer account equals or exceeds three thousand five hundred dollars ($3,500).

(b) If the participant elects to receive the retirement benefit as an annuity, the participant shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the retirement benefit in a lump-sum payment. This benefit shall be payable for the life of the participant. Upon the death of the participant, no other benefit shall be payable to any beneficiary under this part.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the retirement benefit in a lump-sum payment. This benefit shall be payable for the life of the participant and any balance remaining upon the death of the participant shall be payable in a lump sum to the participant's beneficiary.

(3) A 100-percent joint and survivor annuity with a ''pop-up'' feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the retirement benefit in a lump-sum payment, modified to be payable over the combined lives of the participant and the participant's annuity beneficiary. Upon the death of the participant, the monthly amount that was payable to the participant shall be paid monthly to the participant's annuity beneficiary. However, if the annuity beneficiary predeceases the participant, the annuity payable to the participant shall be the single life annuity with a cash refund feature that would have been payable had the participant selected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the participant and the new designated annuity beneficiary are then living. The selection of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a

cash refund feature. A participant may not designate a new annuity beneficiary if that designation would result in any additional liability to the fund.

(4) A 50-percent joint and survivor annuity with a ''pop-up'' feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the retirement benefit in a lump-sum payment, modified to be payable over the combined lives of the participant and the participant's annuity beneficiary. Upon the death of the participant, one-half of the monthly amount that was payable to the participant shall be paid monthly to the participant's annuity beneficiary. However, if the annuity beneficiary predeceases the participant, the annuity payable to the participant shall be the single life annuity with a cash refund feature that would have been payable had the participant selected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the participant and the new designated annuity beneficiary are then living. The selection of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature. A participant may not designate a new annuity beneficiary if that designation would result in any additional liability to the fund.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the sum of the balance of the employee account and the employer account on the date the retirement benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the participant, from a minimum of three years to a maximum of 10 years. However, the annuity period may not exceed the life expectancy of the participant or of the participant and the participant's annuity beneficiary. If the participant's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the participant's annuity beneficiary pursuant to Section 27007.

SEC. 9. Section 26906 of the Education Code is amended to read:

26906. (a) Upon application for a disability benefit under this part, the participant may elect to receive the disability benefit in the form of an annuity provided the sum of the employee account and employer account equals or exceeds three thousand five hundred dollars ($3,500).

(b) If the participant elects to receive the disability benefit as an annuity, the participant shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment. This benefit shall be payable for the life of the participant. Upon the death of the participant, no other benefit shall be payable to any beneficiary under this part.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment. This benefit shall be payable for the life of the participant and any balance remaining upon the death of the participant shall be payable in a lump sum to the participant's beneficiary.

(3) A 100-percent joint and survivor annuity with a ''pop-up'' feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment, modified to be payable over the combined lives of the participant and the participant's annuity beneficiary. Upon the death of the participant, the monthly amount that was payable to the participant shall be paid monthly to the participant's annuity beneficiary. However, if the annuity beneficiary predeceases the participant, the annuity payable to the participant shall be the single life annuity with a cash refund feature that would have been payable had the participant selected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the participant and the new designated annuity beneficiary are then living. The selection of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature. A participant may not designate a new annuity beneficiary if that designation would result in any additional liability to the fund.

(4) A 50-percent joint and survivor annuity with a ''pop-up'' feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment, modified to be payable over the combined lives of the participant and the participant's annuity

beneficiary. Upon the death of the participant, one-half of the monthly amount that was payable to the participant shall be paid monthly to the participant's annuity beneficiary. However, if the annuity beneficiary predeceases the participant, the annuity payable to the participant shall be the single life annuity with a cash refund feature that would have been payable had the participant selected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the participant and the new designated annuity beneficiary are then living. The selection of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature. A participant may not designate a new annuity beneficiary if that designation would result in any additional liability to the fund.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the sum of balance of the employee account and the employer account on the date the disability benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the participant, from a minimum of three years to a maximum of 10 years. However, the annuity period may not exceed the life expectancy of the participant or of the participant and the participant's annuity beneficiary. If the participant's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the participant's annuity beneficiary pursuant to Section 27007.

Notwithstanding Section 13340 of the Government Code, moneys in the fund are continuously appropriated without regard to fiscal years. The fund shall be used by the Administrative Office of the Courts to pay workers' compensation claims of judicial branch employees and administrative costs.

SEC. 2. Section 71601 of the Government Code is amended to read:

SEC. 3. Section 71615 of the Government Code is amended to read:

71615. (a) Except as provided in subdivision (b), the effective date of this act shall be its implementation date.

(b) Representatives of a trial court and representatives of recognized employee organizations may mutually agree to an implementation date of this act later than the effective date of this act. However, if any provisions of this chapter are governed by an existing memorandum of understanding or agreement covering trial court employees, as to such provisions the implementation date shall be either the date a successor memorandum of understanding or agreement is effective or, if no agreement for a successor memorandum of understanding or agreement is reached, 90 days from the date of the expiration of the predecessor

memorandum of understanding or agreement, unless representatives of the trial court and representatives of recognized employee organizations mutually agree otherwise.

(c) As of the implementation date of this chapter, all of the following shall apply:

(1) All persons who meet the definition of trial court employee shall become trial court employees at their existing or equivalent classifications.

(2) Employment seniority of a trial court employee, as calculated and used under the system in effect prior to the implementation of this act, shall be calculated and used in the same manner by the trial court.

(3) A trial court employee shall have the same status he or she had as a probationary, permanent, or regular employee under the system in effect prior to implementation of this act. A probationary employee shall not be required to serve a new probationary period and shall continue the existing probationary period under the terms of hire.

(4) Subject to the agreement of the county, and unless prohibited or limited by charter provisions, the policies regarding transfer between the trial court and the county that are in place as of the implementation date of this act shall be continued while an existing memorandum of understanding or agreement remains in effect or for two years, whichever is longer, and any further rights of trial court employees to transfer between the trial court and the county shall be subject to the obligation to meet and confer in good faith at the local level between representatives of the trial court and representatives of recognized employee organizations and local negotiation between the trial court and the county. Subject to the agreement of the county, and unless prohibited or limited by charter provisions, the policies regarding the portability of seniority, accrued leave credits, and leave accrual rates that are in effect upon the implementation date of this act shall be continued if trial court or county employees transfer between the trial court and the county or the county and the trial court while an existing memorandum of understanding or agreement remains in effect, or for a period of two years, whichever is longer. Any further right of trial court employees to portability is subject to the obligation to meet and confer in good faith between representatives of the trial court and representatives of recognized employee organizations and local negotiation between the trial court and the county.

(5) Each trial court shall be deemed the successor employer of all trial court employees in the county in which the trial court is located.

(d) In establishing local personnel structures for trial court employees in accordance with this chapter, the trial court shall comply with contractual obligations, and consideration shall be given to minimizing disruption of the trial court workforce and protecting the rights accrued

by trial court employees under their current systems. However, prior contractual obligations and rights may be reconsidered subject to the obligation to meet and confer in good faith, provided both parties give consideration to past contractual obligations and rights.

(e) Unrepresented trial court employees are governed by a trial court's personnel policies, procedures, and plans. The implementation of this act shall not be a cause for changing a trial court's personnel policies, procedures, and plans applicable to unrepresented trial court employees except where required to bring such policies, procedures, and plans into conformity with this chapter. Except as otherwise expressly provided in this act, a trial court retains all existing rights with respect to revising its personnel policies, procedures, and plans as applied to unrepresented trial court employees.

(f) Upon implementation of this act in a trial court, Sections 68650 to 68655, inclusive, and Rules 2201 to 2210, inclusive, of the California Rules of Court, shall be inoperative as to that trial court.

(g) Notwithstanding paragraph (4) of subdivision (c), both of the following shall apply:

(1) Unless prohibited or limited by charter provisions, the policies regarding transfer between either the trial court and the county or the county and the trial court that were in effect as of January 1, 2001, shall be continued while an existing memorandum of understanding or agreement remains in effect or until January 1, 2005, whichever period is longer. Thereafter, any rights of trial court employees to transfer between the trial court and the county shall be subject to the obligation to meet and confer in good faith at the local level between representatives of the trial court and representatives of recognized employee organizations, and local negotiation between the trial court and the county.

(2) Unless prohibited or limited by charter provisions, the policies regarding the portability of seniority, accrued leave credits, and leave accrual rates that were in effect on January 1, 2001, shall be continued if trial court or county employees transfer between either the trial court and the county or the county and the trial court while an existing memorandum of understanding or agreement remains in effect, or until January 1, 2005, whichever period is longer. Thereafter, any right of trial court employees to portability is subject to the obligation to meet and confer in good faith between representatives of the trial court and representatives of recognized employee organizations and local negotiation between the trial court and the county.

SEC. 4. Section 71632.5 of the Government Code is amended to read:

71632.5. (a) Notwithstanding any other provision of law, rule, or regulation, an agency shop agreement may be negotiated between a trial

court and a recognized employee organization that has been recognized as the exclusive or majority bargaining agent pursuant to reasonable rules and regulations, and enactments, in accordance with this article. As used in this article, ''agency shop'' means an arrangement that requires an employee, as a condition of continued employment, either to join the recognized employee organization, or to pay the organization a service fee in an amount not to exceed the standard initiation fee, periodic dues, and general assessments of that organization for the duration of the agreement or a period of three years from the effective date of the agreement, whichever comes first. However, any employee who is a member of a bona fide religion, body, or sect that has historically held conscientious objections to joining or financially supporting recognized employee organizations shall not be required to join or financially support any recognized employee organization as a condition of employment. That employee may be required, in lieu of periodic dues, initiation fees, or agency shop fees to pay sums equal to those dues, initiation fees, or agency shop fees to a nonreligious, nonlabor charitable organization fund exempt from taxation under Section 501 (c)(3) of the Internal Revenue Code, chosen by the employee from a list of at least three funds, designated in a memorandum of understanding or agreement between the trial court and the recognized employee organization, or if the memorandum of understanding or agreement fails to designate any funds, then to any fund chosen by the employee. Proof of those payments shall be made on a monthly basis to the trial court as a condition of continued exemption from the requirement of financial support to the recognized employee organization.

(b) An agency shop provision in a memorandum of understanding or agreement which is in effect may be rescinded by a majority vote of all the employees in the unit covered by the memorandum of understanding or agreement, provided that (1) a request for the vote is supported by a petition containing the signatures of at least 30 percent of the employees in the unit; (2) the vote is by secret ballot; and (3) the vote may be taken at any time during the term of the memorandum of understanding or agreement, but in no event shall there be more than one vote taken during that term.

(c) In addition to the procedure prescribed in subdivision (a), an agency shop arrangement between the trial court and a recognized employee organization or recognized employee organizations shall be placed in effect, without a negotiated agreement, upon (1) a signed petition of at least 30 percent of the employees in the applicable bargaining unit requesting an agency shop agreement and an election to implement an agency fee arrangement, and (2) the approval of a majority of employees who cast ballots and vote in a secret ballot election in favor of the agency shop agreement. The petition may only be filed after the

recognized employee organization has requested the trial court to negotiate on an agency shop arrangement and, beginning seven working days after the trial court received this request, the two parties have had 30 calendar days to attempt good faith negotiations in an effort to reach agreement. An election that may not be held more frequently than once a year shall be conducted by the Division of Conciliation of the Department of Industrial Relations in the event that the trial court and the recognized employee organization cannot agree within 10 days from the filing of the petition to select jointly a neutral person or entity to conduct the election. In the event of an agency fee arrangement outside of an agreement that was in effect on January 1, 2002, the recognized employee organization shall defend, indemnify, and hold the trial court harmless against any liability arising from any claims, demands, or other action relating to the trial court's compliance with the agency fee obligation. Upon notification to the trial court by the recognized employee organization, the amount of the fee shall be deducted by the trial court from the wages or salary of the employee and paid to the employee organization. This subdivision shall be applicable on the operative date of this section, except that if a memorandum of understanding or agreement between the trial court and a recognized employee organization was in effect before January 1, 2002, as to the employees covered by the memorandum of understanding or agreement, the implementation date of this subdivision shall be either the date a successor memorandum of understanding or agreement is effective or, if no agreement for a successor memorandum of understanding or agreement is reached, 90 days from the date of the expiration of the predecessor memorandum of understanding or agreement. The trial court and representatives of recognized employee organizations may mutually agree to a different date on which this subdivision is applicable.

(d) Notwithstanding subdivisions (a), (b), and (c), the trial court and the recognized employee organization may negotiate, and by mutual agreement provide for, an alternative procedure or procedures regarding a vote on any agency shop agreement.

(e) An agency shop agreement or arrangement does not apply to management, confidential, or supervisory employees. If those employees nonetheless choose to join the recognized employee organization and pay dues or pay the organization a service fee, Section 71638 shall apply to those employees, and the trial court shall administer deductions for which the recognized employee organization shall defend, indemnify, and hold the trial court harmless.

(f) Every recognized employee organization that has agreed to an agency shop provision, or is a party to an agency shop arrangement, shall keep an adequate itemized record of its financial transactions and shall make available annually, to the trial court with which the agency shop

provision was negotiated, and to the employees who are members of the organization, within 60 days after the end of its fiscal year, a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to accuracy by its president and treasurer or corresponding principal officer, or by a certified public accountant. An employee organization required to file financial reports under the federal Labor-Management Disclosure Act of 1959 covering employees governed by this chapter or required to file financial reports under Section 3546.5, may satisfy the financial reporting requirement of this section by providing the trial court with a copy of those financial reports.

(g) This section shall become operative only if Section 3502.5 is amended to provide that a 30-percent or greater showing of interest by means of a petition requires an election regarding an agency shop, and a vote at that election of 50 percent plus one of those voting secures an agency shop arrangement.

(h) A trial court shall not offer employees inducements or benefits of any kind in return for employees opposing or rescinding an agency shop arrangement.

SEC. 5. Section 71636 of the Government Code is amended to read:

71636. (a) A trial court may adopt reasonable rules and regulations, after consultation in good faith with representatives of an employee organization or organizations, for the administration of employer-employee relations under this article. These rules and regulations may include provisions for:

(1) Verifying that an organization does in fact represent employees of the trial court.

(2) Verifying the official status of employee organization officers and representatives.

(3) Recognition of employee organizations.

(4) Exclusive recognition of employee organizations formally recognized pursuant to a vote of the employees of the trial court or an appropriate unit thereof, subject to the right of an employee to represent himself or herself as provided in Section 71631.

(5) Additional procedures for the resolution of disputes involving wages, hours, and other terms and conditions of employment.

(6) Access of employee organization officers and representatives to work locations.

(7) Use of official bulletin boards and other means of communication by employee organizations.

(8) Furnishing nonconfidential information pertaining to employment relations to employee organizations.

(9) Such other matters as are necessary to carry out the purposes of this article.

(b) Exclusive recognition of employee organizations formally recognized as majority representatives pursuant to a vote of the employees may be revoked by a majority vote of the employees only after a period of not less than 12 months following the date of recognition.

(c) No trial court shall unreasonably withhold recognition of employee organizations. A trial court shall not offer to provide employees benefits of any kind for the purpose of inducing those employees to decertify or withdraw support from a recognized employee organization.

(d) Pursuant to the obligation to meet and confer in good faith, the trial court shall establish procedures to determine the appropriateness of any bargaining unit of court employees.

SEC. 6. Section 71636.3 is added to the Government Code, to read:

71636.3. (a) Unit determinations and representation elections shall be determined and processed in accordance with rules adopted by a trial court in accordance with this chapter. In a representation election, a majority of the votes cast by the employees in the appropriate bargaining unit shall be required.

(b) Notwithstanding subdivision (a) and rules adopted by a trial court pursuant to Section 71636, a bargaining unit in effect as of January 1, 2002, shall continue in effect unless changed under the rules adopted by the trial court pursuant to Section 71636.

(c) A trial court shall grant exclusive or majority recognition to an employee organization based on a signed petition, authorization cards, or union membership cards showing that a majority of the employees in an appropriate bargaining unit desire the representation, unless another labor organization has previously been lawfully recognized as exclusive or majority representative of all or part of the same unit. Exclusive or majority representation shall be determined by a neutral third party, selected by the trial court and the employee organization, who shall review the signed petition, authorization cards, or union membership cards to verify the exclusive or majority status of the employee organization. In the event the trial court and the employee organization cannot agree on a neutral third party, the Division of Conciliation of the Department of Industrial Relations shall be the neutral third party and shall verify the exclusive or majority status of the employee organization. In the event that the neutral third party determines, based on a signed petition, authorization cards, or union membership cards, that a second labor organization has the support of at least 30 percent of the employees in the unit in which recognition is sought, the neutral third party shall order an election to establish which labor organization, if any, has majority status.

SEC. 7. Section 71639.1 of the Government Code is amended to read:

71639.1. (a) Each trial court shall adopt a procedure to be used as a preliminary step before petitioning the superior court for relief pursuant to subdivision (c) or (d). The procedure may be mediation, arbitration, or a procedure before an administrative tribunal, such as the procedure established pursuant to Sections 71653 and 71654 for review of the decision of the hearing officer in evidentiary due process hearings. The establishment of the procedure shall be subject to the obligation to meet and confer in good faith. However, nothing in this section shall prohibit a party from seeking provisional relief, such as a stay, in any case in which provisional relief would otherwise be appropriate.

(b) In a trial court with 10 or more judges, if the trial court and a recognized employee organization reach an impasse regarding development of a procedure required pursuant to subdivision (a), the trial court shall adopt, on or before March 1, 2003, either nonbinding arbitration or a proceeding before the administrative tribunal, such as the procedure established pursuant to Sections 71653 and 71654, for review of the decision of the hearing officer in evidentiary due process or hearings.

(c) Notwithstanding Sections 1085 and 1103 of the Code of Civil Procedure requiring the issuance of a writ to an inferior tribunal, and except as required pursuant to Section 5 of Article VI of the California Constitution, any agreements reached pursuant to negotiations held pursuant to this article are binding on the parties and may be enforced by petitioning the superior court for relief pursuant to Section 1085 or 1103 of the Code of Civil Procedure.

(d) Notwithstanding Sections 1085 and 1103 of the Code of Civil Procedure requiring the issuance of a writ to an inferior tribunal, if a trial court, a trial court employee, or an employee organization believes there has been a violation of this article, that party may petition the superior court for relief.

(e) The Judicial Council shall adopt rules of court to implement this hearing and appeal process. The rules of court shall provide a mechanism for the establishment of a panel of court of appeal justices who shall be qualified to hear these matters, as specified in the rules of court, from which a single justice shall be assigned to hear the matter in the superior court. The rules of court shall provide that these matters shall be heard in the superior court and the court of appeal on an expedited basis, and to the extent permitted by law or rule of court, shall provide that any justice assigned to hear the matter in the superior court shall not be from the court of appeal district in which the action is filed, and shall provide that appeals in these matters shall be heard in the court of appeal district where the matter was filed.

(f) A complete alternative to the procedure outlined in subdivisions (c), (d), and (e) may be provided for by mutual agreement between a trial court and representatives of recognized employee organizations.

However, where the language of this article is the same or substantially the same as that contained in Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, it shall be interpreted and applied in accordance with the judicial interpretations of the same language.

(b) A court decision interpreting or applying this article is not binding in cases or proceedings arising under Chapter 10 (commencing with Section 3500) of Division 4 of Title 1.

SEC. 9. Section 71652 of the Government Code is amended to read:

71652. (a) A trial court employee may be laid off based on the organizational necessity of the court. Each trial court shall develop, subject to meet and confer in good faith, personnel rules regarding procedures for layoffs for organizational necessity. Employees shall be laid off on the basis of seniority of the employees in the class of layoff, in the absence of a mutual agreement between the trial court and a recognized employee organization providing for a different order of layoff.

(b) For purposes of this section, a ''layoff for organizational necessity'' means a termination based on the needs or resources of the court, including, but not limited to, a reorganization or reduction in force or lack of funds.

SEC. 10. Section 3700 of the Labor Code is amended to read:

3700. Every employer except the state shall secure the payment of compensation in one or more of the following ways:

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 906

An act to amend Section 1714 of, and to repeal Section 1714.4 of, the Civil Code, relating to firearms.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1714 of the Civil Code is amended to read:

1714. (a) Every one is responsible, not only for the result of his or her willful acts, but also for an injury occasioned to another by his or her want of ordinary care or skill in the management of his or her property or person, except so far as the latter has, willfully or by want of ordinary care, brought the injury upon himself or herself. The design, distribution, or marketing of firearms and ammunition is not exempt from the duty to use ordinary care and skill that is required by this section. The extent of liability in these cases is defined by the Title on Compensatory Relief.

(b) It is the intent of the Legislature to abrogate the holdings in cases such as Vesely v. Sager (5 Cal. 3d 153), Bernhard v. Harrah's Club (16 Cal. 3d 313), and Coulter v. Superior Court (21 Cal. 3d 144) and to reinstate the prior judicial interpretation of this section as it relates to proximate cause for injuries incurred as a result of furnishing alcoholic beverages to an intoxicated person, namely that the furnishing of alcoholic beverages is not the proximate cause of injuries resulting from intoxication, but rather the consumption of alcoholic beverages is the proximate cause of injuries inflicted upon another by an intoxicated person.

(c) No social host who furnishes alcoholic beverages to any person shall be held legally accountable for damages suffered by that person, or for injury to the person or property of, or death of, any third person, resulting from the consumption of those beverages.

SEC. 2. Section 1714.4 of the Civil Code is repealed.

CHAPTER 907

An act to amend Section 182 of, and to add Section 529.7 to, the Penal Code, relating to identity theft.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 182 of the Penal Code is amended to read:

182. (a) If two or more persons conspire:

(1) To commit any crime.

(2) Falsely and maliciously to indict another for any crime, or to procure another to be charged or arrested for any crime.

(3) Falsely to move or maintain any suit, action, or proceeding.

(4) To cheat and defraud any person of any property, by any means which are in themselves criminal, or to obtain money or property by false pretenses or by false promises with fraudulent intent not to perform those promises.

(5) To commit any act injurious to the public health, to public morals, or to pervert or obstruct justice, or the due administration of the laws.

(6) To commit any crime against the person of the President or Vice President of the United States, the Governor of any state or territory, any United States justice or judge, or the secretary of any of the executive departments of the United States.

They are punishable as follows:

When they conspire to commit any crime against the person of any official specified in paragraph (6), they are guilty of a felony and are punishable by imprisonment in the state prison for five, seven, or nine years.

When they conspire to commit any other felony, they shall be punishable in the same manner and to the same extent as is provided for the punishment of that felony. If the felony is one for which different punishments are prescribed for different degrees, the jury or court which finds the defendant guilty thereof shall determine the degree of the felony the defendant conspired to commit. If the degree is not so determined, the punishment for conspiracy to commit the felony shall be that prescribed for the lesser degree, except in the case of conspiracy to commit murder, in which case the punishment shall be that prescribed for murder in the first degree.

If the felony is conspiracy to commit two or more felonies which have different punishments and the commission of those felonies constitute but one offense of conspiracy, the penalty shall be that prescribed for the felony which has the greater maximum term.

When they conspire to do an act described in paragraph (4), they shall be punishable by imprisonment in the state prison, or by imprisonment in the county jail for not more than one year, or by a fine not exceeding ten thousand dollars ($10,000), or by both that imprisonment and fine.

When they conspire to do any of the other acts described in this section, they shall be punishable by imprisonment in the county jail for not more than one year, or in the state prison, or by a fine not exceeding ten thousand dollars ($10,000), or by both that imprisonment and fine. When they receive a felony conviction for conspiring to commit identity theft, as defined in Section 530.5, the court may impose a fine of up to twenty-five thousand dollars ($25,000).

All cases of conspiracy may be prosecuted and tried in the superior court of any county in which any overt act tending to effect the conspiracy shall be done.

(b) Upon a trial for conspiracy, in a case where an overt act is necessary to constitute the offense, the defendant cannot be convicted unless one or more overt acts are expressly alleged in the indictment or information, nor unless one of the acts alleged is proved; but other overt acts not alleged may be given in evidence.

SEC. 2. Section 529.7 is added to the Penal Code, to read:

529.7. Any person who obtains, or assists another person in obtaining, a driver's license, identification card, vehicle registration certificate, or any other official document issued by the Department of Motor Vehicles, with knowledge that the person obtaining the document is not entitled to the document, is guilty of a misdemeanor, and is

punishable by imprisonment in a county jail for up to one year, or a fine of up to one thousand dollars ($1,000), or both.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 908

An act to amend Section 786 of the Penal Code, relating to identity theft.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 786 of the Penal Code is amended to read:

786. (a) When property taken in one jurisdictional territory by burglary, carjacking, robbery, theft, or embezzlement has been brought into another, or when property is received in one jurisdictional territory with the knowledge that it has been stolen or embezzled and the property was stolen or embezzled in another jurisdictional territory, the jurisdiction of the offense is in any competent court within either jurisdictional territory, or any contiguous jurisdictional territory if the arrest is made within the contiguous territory, the prosecution secures on the record the defendant's knowing, voluntary, and intelligent waiver of the right of vicinage, and the defendant is charged with one or more property crimes in the arresting territory.

(b) (1) The jurisdiction of a criminal action for unauthorized use of personal identifying information, as defined in Section 530.5 of the Penal Code, shall also include the county where the theft of the personal identifying information occurred, or the county where the information was used for an illegal purpose. If multiple offenses of unauthorized use of personal identifying information, all involving the same defendant or defendants and the same personal identifying information belonging to the one person, occur in multiple jurisdictions, any one of those jurisdictions is a proper jurisdiction for all of the offenses.

(2) When charges alleging multiple offenses of unauthorized use of personal identifying information occurring in multiple territorial jurisdictions are filed in one county pursuant to this section, the court shall hold a hearing to consider whether the matter should proceed in the county of filing, or whether one or more counts should be severed. The district attorney filing the complaint shall present evidence to the court that the district attorney in each county where any of the charges could have been filed has agreed that the matter should proceed in the county of filing. In determining whether all counts in the complaint should be joined in one county for prosecution, the court shall consider the location and complexity of the likely evidence, where the majority of the offenses occurred, the rights of the defendant and the people, and the convenience of, or hardship to, the victim and witnesses.

(c) This section shall not be interpreted to alter victims' rights under Section 530.6.

SEC. 2. The Legislature finds and declares that this measure is intended to reduce the number of separate prosecutions, which will, in turn, produce a cost savings to local governments and the courts.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

CHAPTER 909

An act to amend Sections 12001, 12071, 12072, 12073, 12076, and 12078 of, and to add Section 12083 to, the Penal Code, relating to firearms.

The seller or transferor or the person loaning the firearm shall deliver the firearm to the dealer who shall retain possession of that firearm. The dealer shall then deliver the firearm to the purchaser or transferee or the person being loaned the firearm, if it is not prohibited, in accordance with subdivision (c) of Section 12072. If the dealer cannot legally deliver the firearm to the purchaser or transferee or the person being loaned the firearm, the dealer shall forthwith, without waiting for the conclusion of the waiting period described in Sections 12071 and 12072, return the firearm to the transferor or seller or the person loaning the firearm. The dealer shall not return the firearm to the seller or transferor or the person loaning the firearm when to do so would constitute a violation of subdivision (a) of Section 12072. If the dealer cannot legally return the firearm to the transferor or seller or the person loaning the firearm, then the dealer shall forthwith deliver the firearm to the sheriff of the county or the chief of police or other head of a municipal police department of any city or city and county who shall then dispose of the firearm in the manner provided by Sections 12028 and 12032. (b) The Attorney General shall adopt regulations under this section to do all of the following:

(1) Allow the seller or transferor of the person loaning the firearm, and the purchaser or transferee or the person being loaned the firearm, to complete a sale, loan, or transfer through a dealer, and to allow those persons and the dealer to comply with the requirements of this section and Sections 12071, 12072, 12076, and 12077 and to preserve the confidentiality of those records.

importer's ownership of the pistol, revolver, or other firearm capable of being concealed upon the person being sold or transferred to be recorded in a manner that if the firearm is returned to that personal handgun importer because the sale or transfer cannot be completed, the Department of Justice will have sufficient information about that personal handgun importer so that a record of his or her ownership can be maintained in the registry provided by subdivision (c) of Section 11106.

(3) Ensure that the register or record of electronic or telephonic transfer shall state the name and address of the seller or transferor of the firearm or the person loaning the firearm and whether or not the person is a personal handgun importer in addition to any other information required by Section 12077.

(c) Notwithstanding any other provision of law, a dealer who does not sell, transfer, or keep an inventory of handguns is not required to process private party transfers of handguns.

(d) A violation of this section by a dealer is a misdemeanor.

If no readily identifiable dummy round is available, an empty cartridge casing with an empty primer pocket may be used.

(V) Open the loading gate and unload the revolver.

(VI) Visually and physically inspect each chamber to ensure that the revolver is unloaded.

(b) This section shall not apply to any of the following:

(1) The manufacture in this state, or importation into this state, of any prototype pistol, revolver, or other firearm capable of being concealed upon the person when the manufacture or importation is for the sole purpose of allowing an independent laboratory certified by the Department of Justice pursuant to Section 12130 to conduct an independent test to determine whether that pistol, revolver, or other firearm capable of being concealed upon the person is prohibited by this chapter, and, if not, allowing the department to add the firearm to the roster of pistols, revolvers, and other firearms capable of being concealed upon the person that may be sold in this state pursuant to Section 12131.

(a) As used in this chapter, the ''firing requirement for handguns'' means a test in which the manufacturer provides three handguns of the make and model for which certification is sought to an independent testing laboratory certified by the Attorney General pursuant to Section 12130. These handguns may not be refined or modified in any way from those that would be made available for retail sale if certification is granted. The magazines of a tested pistol shall be identical to those that would be provided with the pistol to a retail customer. The laboratory shall fire 600 rounds from each gun, stopping after each series of 50 rounds has been fired for 5 to 10 minutes to allow the weapon to cool, stopping after each series of 100 rounds has been fired to tighten any loose screws and clean the gun in accordance with the manufacturer's instructions, and stopping as needed to refill the empty magazine or cylinder to capacity before continuing. The ammunition used shall be of the type recommended by the handgun manufacturer in the user manual, or if none is recommended, any standard ammunition of the correct caliber in new condition that is commercially available. A handgun shall pass this test if each of the three test guns meets both of the following:

(1) Fires the first 20 rounds without a malfunction that is not due to ammunition that fails to detonate.

(2) Fires the full 600 rounds with no more than six malfunctions that are not due to ammunition that fails to detonate and without any crack

or breakage of an operating part of the handgun that increases the risk of injury to the user.

(b) If a pistol or revolver fails the requirements of either paragraph (1) or (2) of subdivision (a) due to ammunition that fails to detonate, the pistol or revolver shall be retested from the beginning of the ''firing requirement for handguns'' test. A new model of the pistol or revolver that failed due to ammunition that fails to detonate may be submitted for the test to replace the pistol or revolver that failed.

(c) As used in this section, ''malfunction'' means a failure to properly feed, fire, or eject a round, or failure of a pistol to accept or eject the magazine, or failure of a pistol's slide to remain open after the magazine has been expended.

SEC. 4. Section 12131 of the Penal Code is amended to read:

(a) On and after January 1, 2001, the Department of Justice shall compile, publish, and thereafter maintain a roster listing all of the pistols, revolvers, and other firearms capable of being concealed upon the person that have been tested by a certified testing laboratory, have been determined not to be unsafe handguns, and may be sold in this state pursuant to this title. The roster shall list, for each firearm, the manufacturer, model number, and model name.

(b) (1) The department may charge every person in this state who is licensed as a manufacturer of firearms pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code, and any person in this state who manufactures or causes to be manufactured, imports into the state for sale, keeps for sale, or offers or exposes for sale any pistol, revolver, or other firearm capable of being concealed upon the person in this state, an annual fee not exceeding the costs of preparing, publishing, and maintaining the roster pursuant to subdivision (a) and the costs of research and development, report analysis, firearms storage, and other program infrastructure costs necessary to implement this chapter.

(2) Any pistol, revolver, or other firearm capable of being concealed upon the person that is manufactured by a manufacturer who manufactures or causes to be manufactured, imports into the state for sale, keeps for sale, or offers or exposes for sale any pistol, revolver, or other firearm capable of being concealed upon the person in this state, and who fails to pay any fee required pursuant to paragraph (1), may be excluded from the roster.

(c) The Attorney General may annually retest up to 5 percent of the handgun models that are listed on the roster described in subdivision (a).

(d) The retesting of a handgun model pursuant to subdivision (c) shall conform to the following:

(1) The Attorney General shall obtain from retail or wholesale sources, or both, three samples of the handgun model to be retested.

(2) The Attorney General shall select the certified laboratory to be used for the retesting.

(3) The ammunition used for the retesting shall be of a type recommended by the manufacturer in the user manual for the handgun. If the user manual for the handgun model makes no ammunition recommendation, the Attorney General shall select the ammunition to be used for the retesting. The ammunition shall be of the proper caliber for the handgun, commercially available, and in new condition.

(e) The retest shall be conducted in the same manner as the testing prescribed in Sections 12127 and 12128.

(f) If the handgun model fails retesting, the Attorney General shall remove the handgun model from the roster maintained pursuant to subdivision (a).

(g) A handgun model removed from the roster pursuant to subdivision (f) may be reinstated on the roster if all of the following are met:

(1) The manufacturer petitions the Attorney General for reinstatement of the handgun model.

(3) The reinstatement testing of the handguns shall be in accordance with subdivisions (d) and (e).

(4) The three handgun samples shall be tested only once for reinstatement. If the sample fails it may not be retested.

(6) The manufacturer shall provide the Attorney General with the complete testing history for the handgun model.

The people of the State of California do enact as follows:

SECTION 1. Section 1714 of the Civil Code is amended to read:

1714. (a) Every one is responsible, not only for the result of his or her willful acts, but also for an injury occasioned to another by his or her want of ordinary care or skill in the management of his or her property or person, except so far as the latter has, willfully or by want of ordinary care, brought the injury upon himself or herself. The design, distribution, or marketing of firearms and ammunition is not exempt from the duty to use ordinary care and skill that is required by this section. The extent of liability in these cases is defined by the Title on Compensatory Relief.

(b) It is the intent of the Legislature to abrogate the holdings in cases such as Vesely v. Sager (5 Cal.3d 153), Bernhard v. Harrah's Club (16 Cal.3d 313), and Coulter v. Superior Court (21 Cal.3d 144) and to reinstate the prior judicial interpretation of this section as it relates to proximate cause for injuries incurred as a result of furnishing alcoholic

beverages to an intoxicated person, namely that the furnishing of alcoholic beverages is not the proximate cause of injuries resulting from intoxication, but rather the consumption of alcoholic beverages is the proximate cause of injuries inflicted upon another by an intoxicated person.

(c) No social host who furnishes alcoholic beverages to any person shall be held legally accountable for damages suffered by that person, or for injury to the person or property of, or death of, any third person, resulting from the consumption of those beverages.

CHAPTER 915

An act to amend, renumber, and add Section 1798.82 of, and to add Section 1798.29 to, the Civil Code, relating to personal information.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. (a) The privacy and financial security of individuals is increasingly at risk due to the ever more widespread collection of personal information by both the private and public sector.

(b) Credit card transactions, magazine subscriptions, telephone numbers, real estate records, automobile registrations, consumer surveys, warranty registrations, credit reports, and Internet Web sites are all sources of personal information and form the source material for identity thieves.

(c) Identity theft is one of the fastest growing crimes committed in California. Criminals who steal personal information such as social security numbers use the information to open credit card accounts, write bad checks, buy cars, and commit other financial crimes with other people's identities. The Los Angeles County Sheriff's Department reports that the 1,932 identity theft cases it received in the year 2000 represented a 108 percent increase over the previous year's caseload.

(d) Identity theft is costly to the marketplace and to consumers.

(e) According to the Attorney General, victims of identity theft must act quickly to minimize the damage; therefore expeditious notification of possible misuse of a person's personal information is imperative.

SEC. 2. Section 1798.29 is added to the Civil Code, to read:

1798.29. (a) Any agency that owns or licenses computerized data that includes personal information shall disclose any breach of the security of the system following discovery or notification of the breach in the security of the data to any resident of California whose unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person. The disclosure shall be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, as provided in subdivision (c), or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

(b) Any agency that maintains computerized data that includes personal information that the agency does not own shall notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

(c) The notification required by this section may be delayed if a law enforcement agency determines that the notification will impede a criminal investigation. The notification required by this section shall be made after the law enforcement agency determines that it will not compromise the investigation.

(d) For purposes of this section, ''breach of the security of the system'' means unauthorized aquisition of computerized data that compromises the security, confidentiality, or integrity of personal information maintained by the agency. Good faith acquisition of personal information by an employee or agent of the agency for the purposes of the agency is not a breach of the security of the system, provided that the personal information is not used or subject to further unauthorized disclosure.

(e) For purposes of this section, ''personal information'' means an individual's first name or first initial and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted:

(g) For purposes of this section, ''notice'' may be provided by one of the following methods:

(1) Written notice.

(2) Electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in Section 7001 of Title 15 of the United States Code.

(3) Substitute notice, if the agency demonstrates that the cost of providing notice would exceed two hundred fifty thousand dollars ($250,000), or that the affected class of subject persons to be notified exceeds 500,000, or the agency does not have sufficient contact information. Substitute notice shall consist of all of the following:

(A) E-mail notice when the agency has an e-mail address for the subject persons.

(B) Conspicuous posting of the notice on the agency's Web site page, if the agency maintains one.

(C) Notification to major statewide media.

(h) Notwithstanding subdivision (g), an agency that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with

the timing requirements of this part shall be deemed to be in compliance with the notification requirements of this section if it notifies subject persons in accordance with its policies in the event of a breach of security of the system.

SEC. 3. Section 1798.82 of the Civil Code is amended and renumbered to read:

1798.84. (a) Any customer injured by a violation of this title may institute a civil action to recover damages.

(b) Any person or business that maintains computerized data that includes personal information that the person or business does not own shall notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

(c) The notification required by this section may be delayed if a law enforcement agency determines that the notification will impede a criminal investigation. The notification required by this section shall be made after the law enforcement agency determines that it will not compromise the investigation.

(d) For purposes of this section, ''breach of the security of the system'' means unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of personal information maintained by the person or business. Good faith acquisition of personal information by an employee or agent of the person or business for the purposes of the person or business is not a breach of the security of the system, provided that the personal information is not used or subject to further unauthorized disclosure.

(e) For purposes of this section, ''personal information'' means an individual's first name or first initial and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted:

(1) Social security number.

(2) Driver's license number or California Identification Card number.

(3) Account number, credit or debit card number, in combination with any required security code, access code, or password that would permit access to an individual's financial account.

(3) Substitute notice, if the person or business demonstrates that the cost of providing notice would exceed two hundred fifty thousand dollars ($250,000), or that the affected class of subject persons to be notified exceeds 500,000, or the person or business does not have sufficient contact information. Substitute notice shall consist of all of the following:

(A) E-mail notice when the person or business has an e-mail address for the subject persons.

(B) Conspicuous posting of the notice on the Web site page of the person or business, if the person or business maintains one.

(C) Notification to major statewide media.

(h) Notwithstanding subdivision (g), a person or business that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of this part, shall be deemed to be in compliance with the notification requirements of this section if the person or business notifies subject persons in accordance with its policies in the event of a breach of security of the system.

SEC. 5. This act shall become operative on July 1, 2003.

SEC. 6. This act deals with subject matter that is of statewide concern, and it is the intent of the Legislature that this act supersede and preempt all rules, regulations, codes, statutes, or ordinances or all cities, counties, cities and counties, municipalities, and other local agencies regarding the matters expressly set forth in this act.

CHAPTER 916

(d) The Department of Justice, through its DNA Laboratory, shall be responsible for the management and administration of the state's DNA database and databank identification program and for liaison with the Federal Bureau of Investigation (FBI) regarding the state's participation in a national DNA database such as the FBI's Combined DNA Index System (CODIS) that allows the storage and exchange of DNA records submitted by state and local forensic DNA laboratories nationwide.

(e) The Department of Justice shall be responsible for implementing this chapter. The Department of Justice DNA Laboratory, the Department of Corrections, and the Department of the Youth Authority shall adopt policies and enact regulations for the implementation of this chapter, as necessary, to give effect to the intent and purpose of this

chapter, and to ensure that databank blood specimens, saliva samples, and thumb and palm print impressions are collected from qualifying offenders in a timely manner, as soon as possible after conviction, or a plea or finding of guilty, no contest, or not guilty by reason of insanity, or upon the disposition rendered in the case of a juvenile who is adjudged a ward of the court under Section 602 of the Welfare and Institutions Code for commission of any of this chapter's enumerated qualifying offenses, or when it is determined that a qualifying offender has not given the required samples. The Department of Corrections and the Department of the Youth Authority shall adopt the policies and regulations for implementing this chapter with advice from and in consultation with the Department of Justice DNA Laboratory Director.

(A) The requisite specimens, samples, and print impressions are collected from qualifying offenders during the intake process at that facility, or reasonably promptly thereafter.

(B) The requisite specimens, samples, and print impressions are collected as soon as administratively practicable after a qualifying offender reports to the facility for the purpose of providing specimens, samples, and print impressions.

(C) The specimens, samples, and print impressions collected pursuant to this chapter are forwarded immediately to the Department of Justice, and in compliance with department policies.

(2) The specimens, samples, and print impressions required by this chapter shall be collected by a person using a collection kit approved by the Department of Justice and in accordance with the requirements and procedures set forth in subdivision (b) of Section 298.

(3) The counties shall be reimbursed for the costs of obtaining specimens, samples, and print impressions subject to the conditions and limitations set forth by the Department of Justice policies governing reimbursement for collecting specimens, samples, and print impressions pursuant to this chapter.

(c) No long-gun safe may be manufactured in this state for sale in this state that does not comply with the standards for gun safes adopted pursuant to Section 12088.2, unless the long-gun safe is labeled by the manufacturer consistent with the requirements of Section 12088.1.

A second violation of this section that occurs within five years of the date of a previous offense is punishable by a civil fine of up to one thousand dollars ($1,000) and, if the violation is committed by a licensed firearms dealer, the dealer shall be ineligible to sell firearms in this state for 30 days. A third or subsequent violation that occurs within five years of two or more previous offenses is punishable by a civil fine of up to five thousand dollars ($5,000) and, if the violation is committed by a licensed firearms dealer, the firearms dealer shall be permanently ineligible to sell firearms in this state.

(f) The Attorney General, a district attorney, or a city attorney may bring a civil action for a violation of the provisions of this section.

CHAPTER 918

An act to amend Section 1521.5 of the Health and Safety Code, to amend Section 11146 of the Penal Code, and to amend Sections 309, 361.4, 361.5, 366.21, 16003, and 16504.5 of, and to amend and repeal Section 10850.3 of, the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1521.5 of the Health and Safety Code is amended to read:

1521.5. (a) The county welfare director shall, prior to the issuance of any foster family home license, ensure that the county licensing staff, or the placement staff, conducts one or more in-home interviews with the prospective foster parent sufficient to collect information on caregiver qualifications that may be used by the placement agency to evaluate the ability, willingness, and readiness of the prospective foster parent to meet the varying needs of children. The inability of a prospective foster parent to meet the varying needs of children shall not, in and of itself, preclude a prospective foster parent from obtaining a foster family home license.

(b) All in-home interviews required by this section shall be on an in-person basis.

(c) If the in-home interview is conducted by the licensing agency, it shall be a part of the licensing record, and shall be shared with the placement agency pursuant to subdivision (e) of Section 1798.24 of the Civil Code.

(d) The in-home interview required by this section shall be completed no later than 120 days following notification by the licensing agency.

(e) No license shall be issued unless an in-home interview has been conducted as required by this section.

SEC. 2. Section 11146 of the Penal Code is amended to read:

11146. This chapter applies to:

(a) The California Commission for Teacher Preparation and Licensing, in licensing of all teaching and services credential applicants, pursuant to Section 44341 of the Education Code.

(b) The State Department of Social Services in licensing those community care facility operators providing services to children as mandated in Section 1522 of the Health and Safety Code.

(c) The county welfare department in carrying out its approval authority for relative and nonrelative extended family member foster care placements pursuant to Section 309 of the Welfare and Institutions Code.

SEC. 3. Section 309 of the Welfare and Institutions Code, as amended by Section 7 of Chapter 653 of the Statutes of 2001, is amended to read:

309. (a) Upon delivery to the social worker of a child who has been taken into temporary custody under this article, the social worker shall immediately investigate the circumstances of the child and the facts surrounding the child's being taken into custody and attempt to maintain the child with the child's family through the provision of services. The social worker shall immediately release the child to the custody of the child's parent, guardian, or responsible relative unless one or more of the following conditions exist:

(1) The child has no parent, guardian, or responsible relative; or the child's parent, guardian, or responsible relative is not willing to provide care for the child.

(2) Continued detention of the child is a matter of immediate and urgent necessity for the protection of the child and there are no reasonable means by which the child can be protected in his or her home or the home of a responsible relative.

(3) There is substantial evidence that a parent, guardian, or custodian of the child is likely to flee the jurisdiction of the court.

(4) The child has left a placement in which he or she was placed by the juvenile court.

(5) The parent or other person having lawful custody of the child voluntarily surrendered physical custody of the child pursuant to Section 1255.7 of the Health and Safety Code and did not reclaim the child within the 14-day period specified in subdivision (e) of that section.

(b) In any case in which there is reasonable cause for believing that a child who is under the care of a physician or surgeon or a hospital, clinic, or other medical facility and cannot be immediately moved is a person described in Section 300, the child shall be deemed to have been taken into temporary custody and delivered to the social worker for the purposes of this chapter while the child is at the office of the physician or surgeon or the medical facility.

(c) If the child is not released to his or her parent or guardian, the child shall be deemed detained for purposes of this chapter.

(d) (1) If an able and willing relative, as defined in Section 319, or an able and willing nonrelative extended family member, as defined in

Section 362.7, is available and requests temporary placement of the child pending the detention hearing, the county welfare department shall initiate an assessment of the relative's or nonrelative extended family member's suitability, which shall include an in-home inspection to assess the safety of the home and the ability of the relative or nonrelative extended family member to care for the child's needs, and a consideration of the results of a criminal records check and a check of allegations of prior child abuse or neglect concerning the relative or nonrelative extended family member and other adults in the home. Upon completion of this assessment, the child may be placed in the approved home.

(2) The standards used to evaluate and grant or deny approval of the home of the relative and of the home of a nonrelative extended family member, as described in Section 362.7, shall be the same standards set forth in regulations for the licensing of foster family homes which prescribe standards of safety and sanitation for the physical plant and standards for basic personal care, supervision, and services provided by the caregiver.

(3) If a relative or nonrelative extended family member meets all other conditions for approval, except for the receipt of the Federal Bureau of Investigation's criminal history information for the relative or nonrelative extended family member, and other adults in the home, as indicated, the county welfare department may approve the home and document that approval, if the relative or nonrelative extended family member, and each adult in the home, has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after the approval has been granted, the department determines that the relative or nonrelative extended family member or other adult in the home has a criminal record, the approval may be terminated.

(e) This section shall be repealed on January 1, 2006, unless a later enacted statute extends or deletes that date.

SEC. 4. Section 309 of the Welfare and Institutions Code, as amended by Section 8 of Chapter 653 of the Statutes of 2001, is amended to read:

309. (a) Upon delivery to the social worker of a child who has been taken into temporary custody under this article, the social worker shall immediately investigate the circumstances of the child and the facts surrounding the child's being taken into custody and attempt to maintain the child with the child's family through the provision of services. The social worker shall immediately release the child to the custody of the child's parent, guardian, or responsible relative unless one or more of the following conditions exist:

(1) The child has no parent, guardian, or responsible relative; or the child's parent, guardian, or responsible relative is not willing to provide care for the child.

(2) Continued detention of the child is a matter of immediate and urgent necessity for the protection of the child and there are no reasonable means by which the child can be protected in his or her home or the home of a responsible relative.

(3) There is substantial evidence that a parent, guardian, or custodian of the child is likely to flee the jurisdiction of the court.

(4) The child has left a placement in which he or she was placed by the juvenile court.

(b) In any case in which there is reasonable cause for believing that a child who is under the care of a physician or surgeon or a hospital, clinic, or other medical facility and cannot be immediately moved is a person described in Section 300, the child shall be deemed to have been taken into temporary custody and delivered to the social worker for the purposes of this chapter while the child is at the office of the physician or surgeon or the medical facility.

(c) If the child is not released to his or her parent or guardian, the child shall be deemed detained for purposes of this chapter.

(d) If an able and willing relative, as defined in Section 319, or an able and willing nonrelative extended family member, as defined in Section 362.7, is available and requests temporary placement of the child pending the detention hearing, the county welfare department shall initiate an assessment of the relative's or nonrelative extended family member's suitability, which shall include an in-home inspection to assess the safety of the home and the ability of the relative or nonrelative extended family member to care for the child's needs, and a consideration of the results of a criminal records check and a check of allegations of prior child abuse or neglect concerning the relative or nonrelative extended family member and other adults in the home. Upon completion of this assessment, the child may be placed in the approved home. The standards used to evaluate and grant or deny approval of the home of a relative or a nonrelative extended family member, as described in Section 362.7, shall be the same standards set forth in regulations for licensing foster family homes. These regulations prescribe standards of safety and sanitation for the physical plant and standards for basic personal care, supervision, and services provided by the caregiver. If a relative or nonrelative extended family member meets all other conditions for approval, except for the receipt of the Federal Bureau of Investigation's criminal history information for a relative, or nonrelative extended family member, and other adults in the home, as indicated, the county welfare department may approve the home and document that approval, if the relative, or nonrelative extended family member, and

each adult in the home has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after the approval has been granted, the department determines that the relative or nonrelative extended family member or other adult in the home has a criminal record, the approval may be terminated.

SEC. 5. Section 361.4 of the Welfare and Institutions Code, as added by Section 2 of Chapter 445 of the Statutes of 2001, is amended to read:

361.4. (a) Prior to placing a child in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall visit the home to ascertain the appropriateness of the placement.

(b) Whenever a child may be placed in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the court or county social worker placing the child shall cause a state and federal level criminal records check to be conducted by an appropriate governmental agency through the California Law Enforcement Telecommunications System pursuant to Section 16504.5. The criminal records check shall be conducted with regard to all persons over the age of 18 years living in the home, and on any other person over the age of 18 years, other than professionals providing professional services to the child, known to the placing entity who may have significant contact with the child, including any person who has a familial or intimate relationship with any person living in the home. A criminal records check may be conducted pursuant to this section on any person over the age of 14 years living in the home who the county social worker believes may have a criminal record. Within five judicial days following the criminal records check conducted through the California Law Enforcement Telecommunications System, the social worker shall ensure that a fingerprint clearance check of the relative and any other person whose criminal record was obtained pursuant to this subdivision is initiated through the Department of Justice to ensure the accuracy of the criminal records check conducted through the California Law Enforcement Telecommunications System and shall review the results of any criminal records check to assess the safety of the home. The Department of Justice shall forward fingerprint requests for federal level criminal history information to the Federal Bureau of Investigation pursuant to this section.

(c) Whenever a child may be placed in the home of a relative, or a prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall cause a check of the Child Abuse Index pursuant to subdivision (a) of Section 11170 of the Penal Code to be requested from the Department of Justice. The Child Abuse

Index check shall be conducted on all persons over the age of 18 years living in the home.

(d) (1) If the fingerprint clearance check indicates that the person has no criminal record, the county social worker and court may consider the home of the relative, prospective guardian, or other child who is not a licensed or certified foster parent for placement of a child.

(2) If the fingerprint clearance check indicates that the person has been convicted of a crime that would preclude licensure under Section 1522 of the Health and Safety Code, the child may not be placed in the home.

(e) Nothing in this section shall preclude a county from conducting a criminal background check that the county is otherwise authorized to conduct using fingerprints.

(f) This section shall become operative on January 1, 2005.

SEC. 6. Section 361.4 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 445 of the Statutes of 2001, is amended to read:

361.4. (a) Prior to placing a child in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall visit the home to ascertain the appropriateness of the placement.

(b) Whenever a child may be placed in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the court or county social worker placing the child shall cause a state and federal level criminal records check to be conducted by an appropriate governmental agency through the California Law Enforcement Telecommunications System pursuant to Section 16504.5. The criminal records check shall be conducted with regard to all persons over the age of 18 years living in the home, and on any other person over the age of 18 years, other than professionals providing professional services to the child, known to the placing entity who may have significant contact with the child, including any person who has a familial or intimate relationship with any person living in the home. A criminal records check may be conducted pursuant to this section on any person over the age of 14 years living in the home who the county social worker believes may have a criminal record. Within five judicial days following the criminal records check conducted through the California Law Enforcement Telecommunications System, the social worker shall ensure that a fingerprint clearance check of the relative and any other person whose criminal record was obtained pursuant to this subdivision is initiated through the Department of Justice to ensure the accuracy of the criminal records check conducted through the California Law Enforcement Telecommunications System and shall review the results of any criminal records check to assess the

safety of the home. The Department of Justice shall forward fingerprint requests for federal level criminal history information to the Federal Bureau of Investigation pursuant to this section.

(c) Whenever a child may be placed in the home of a relative, or a prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall cause a check of the Child Abuse Index pursuant to subdivision (a) of Section 11170 of the Penal Code to be requested from the Department of Justice. The Child Abuse Index check shall be conducted on all persons over the age of 18 years living in the home.

(d) (1) If the fingerprint clearance check indicates that the person has no criminal record, the county social worker and court may consider the home of the relative, prospective guardian, or other child who is not a licensed or certified foster parent for placement of a child.

(2) If the fingerprint clearance check indicates that the person has been convicted of a crime that would preclude licensure under Section 1522 of the Health and Safety Code, the child shall not be placed in the home, unless a criminal records exemption has been granted by the county, based on substantial and convincing evidence to support a reasonable belief that the person with the criminal conviction is of such good character as to justify the placement and not present a risk of harm to the child, pursuant to paragraph (3) of this subdivision.

(3) (A) A county may issue a criminal records exemption only if that county has been granted permission by the Director of Social Services to issue criminal records exemptions. The county may file a request with the Director of Social Services seeking permission for the county to establish a procedure to evaluate and grant appropriate individual criminal records exemptions for persons described in subdivision (b). The director shall grant or deny the county's request within 14 days of receipt. The county shall evaluate individual criminal records in accordance with the standards and limitations set forth in paragraph (1) of subdivision (g) of Section 1522 of the Health and Safety Code, and in no event shall the county place a child in the home of a person who is ineligible for an exemption under that provision.

(B) The department shall monitor county implementation of the authority to grant an exemption under this paragraph to ensure that the county evaluates individual criminal records and allows or disallows placements according to the standards set forth in paragraph (1) of subdivision (g) of Section 1522 of the Health and Safety Code.

(4) The department shall conduct an evaluation of the implementation of paragraph (3) through random sampling of county exemption decisions.

(5) The State Department of Social Services shall not evaluate or grant criminal record exemption requests for persons described in

subdivision (b), unless the exemption request is made by an Indian tribe pursuant to subdivision (f).

(6) If a county has not requested, or has not been granted, permission by the State Department of Social Services to establish a procedure to evaluate and grant criminal records exemptions, the county may not place a child into the home of a person described in subdivision (b) if any person residing in the home has been convicted of a crime other than a minor traffic violation, except as provided in subdivision (f).

(e) Nothing in this section shall preclude a county from conducting a criminal background check that the county is otherwise authorized to conduct using fingerprints.

(f) Upon request from an Indian tribe, the State Department of Social Services shall evaluate an exemption request, if needed, to allow placement into an Indian home that the tribe has designated for placement under the Indian Child Welfare Act (25 U.S.C. Sec. 1901 et seq.) that would otherwise be barred under this section. However, if the county with jurisdiction over the child that is the subject of the tribe's request has established an approved procedure pursuant to paragraph (3) of subdivision (d), the tribe may request that the county evaluate the exemption request. Once a tribe has elected to have the exemption request reviewed by either the State Department of Social Services or the county, the exemption decision may only be made by that entity. Nothing in this subdivision limits the duty of a county social worker to evaluate the home for placement or to gather information needed to evaluate an exemption request.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 7. Section 361.5 of the Welfare and Institutions Code, as amended by Section 11.3 of Chapter 653 of the Statutes of 2001, is amended to read:

361.5. (a) Except as provided in subdivision (b), or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, ''a sibling group'' shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1), (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of

the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child; or that the parent or other person having custody of the child voluntarily surrendered physical custody of the child pursuant to Section 1255.7 of the Health and Safety Code. For the purposes of this paragraph, ''serious danger'' means that without the intervention of another person or agency, the child would

have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, ''willful abandonment'' shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a) and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parental rights of a parent over any sibling or half-sibling of the child had been permanently severed, and this parent is the same parent described in subdivision (a), and that, according to the findings of the court, this parent has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from the parent.

(12) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(13) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior court-ordered treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(14) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(15) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling's or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall

order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to

determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

(j) This section shall be repealed on January 1, 2006, unless a later enacted statute extends or deletes that date.

SEC. 8. Section 361.5 of the Welfare and Institutions Code, as amended by Section 11.6 of Chapter 653 of the Statutes of 2001, is amended to read:

361.5. (a) Except as provided in subdivision (b), or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, ''a sibling group'' shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1), (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of

the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child. For the purposes of this paragraph, ''serious danger'' means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, ''willful abandonment'' shall not be construed as actions

taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parental rights of a parent over any sibling or half-sibling of the child had been permanently severed, and this parent is the same parent described in subdivision (a), and that, according to the findings of the court, this parent has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from the parent.

(12) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(13) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior court-ordered treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(14) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(15) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling or

half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall

conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

(j) This section shall become operative on January 1, 2006, unless a later enacted statute extends or deletes that date.

SEC. 9. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the social worker to the same persons as in the original proceeding, to the child's parent or legal guardian, to the foster parents, relative caregivers, community care facility, or foster family agency having physical custody of the child in the case of a child removed from the physical custody of his or her parent or legal guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by

certified mail return receipt requested, or any other form of actual notice, is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the child being recommended by the supervising agency. The notice to the foster parent, relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency shall indicate that the foster parent, relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency may attend all hearings or may submit to the court in writing any information he or she deems relevant.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian, and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian and counsel for the child with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any court-appointed child advocate, and any foster parents, relative caregivers, certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal

guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of

subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental.

The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.36 may be instituted. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing

evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and shall not preclude a different recommendation at a later date if the child's circumstances change.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal

records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances shall not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

SEC. 10. Section 10850.3 of the Welfare and Institutions Code, as amended by Section 2 of Chapter 227 of the Statutes of 1995, is amended to read:

10850.3. (a) Notwithstanding Section 10850, an authorized employee of a county welfare department may disclose confidential information concerning a public social services applicant or recipient to any law enforcement agency where a warrant has been issued for the

arrest of the applicant or recipient for the commission of a felony or a misdemeanor. Information that may be released pursuant to this section shall be limited to the name, address, telephone number, birth date, social security number, and physical description of the applicant for, or recipient of, public social services.

(b) A county welfare department may release the information specified by this section to any law enforcement agency only upon a written request from the agency specifying that a warrant of arrest for the commission of a felony or misdemeanor has been issued against the applicant or recipient. This request may be made only by the head of the law enforcement agency, or by an employee of the agency so authorized and identified by name and title by the head of the agency in writing to the county welfare department. A county welfare department shall notify all applicants of public social services that release of confidential information from their records will not be protected if a felony or misdemeanor arrest warrant is issued against the applicant. A recipient of public social services shall be notified, at the time of renewal of his or her application for public social services, that a release of confidential information can be made if a felony or misdemeanor arrest warrant is issued against the recipient.

(c) This section shall not be construed to authorize the release of a general list identifying individuals applying for or receiving public social services.

(d) The provisions of this section shall be operative only to the extent permitted by federal law. The section shall not apply to, but shall exclude, the Medi-Cal program, established pursuant to Chapter 7 (commencing with Section 14000) and following.

SEC. 11. Section 10850.3 of the Welfare and Institutions Code, as added by Section 3 of Chapter 227 of the Statutes of 1995, is repealed.

SEC. 12. Section 16003 of the Welfare and Institutions Code is amended to read:

16003. (a) In order to promote the successful implementation of the statutory preference for foster care placement with a relative caretaker as set forth in Section 7950 of the Family Code, each community college district with a foster care education program shall make available orientation and training to the relative, or nonrelative extended family member caregiver, into whose care the county has placed a foster child pursuant to Section 1529.2 of the Health and Safety Code, including, but not limited to, courses that cover the following:

(1) The role, rights, and responsibilities of a relative or nonrelative extended family member caregiver caring for a child in foster care.

(2) An overview of the child protective system.

(3) The effects of child abuse and neglect on child development.

(4) Positive discipline and the importance of self-esteem.

(5) Health issues in foster care.

(6) Accessing education and health services that are available to foster children.

(7) Relationship and safety issues regarding contact with one or both of the birth parents.

(8) Permanency options for relative or nonrelative extended family member caregivers, including legal guardianship, the Kinship Guardianship Assistance Payment Program, and kin adoption.

(9) Information on resources available for those who meet eligibility criteria, including out-of-home care payments, the Medi-Cal program, in-home supportive services, and other similar resources.

(b) In addition to training made available pursuant to subdivision (a), each community college district with a foster care education program shall make training available to a relative or nonrelative extended family member caregiver that includes, but need not be limited to, courses that cover all of the following:

(1) Age-appropriate child development.

(2) Health issues in foster care.

(3) Positive discipline and the importance of self-esteem.

(4) Emancipation and independent living.

(5) Accessing education and health services available to foster children.

(6) Relationship and safety issues regarding contact with one or both of the birth parents.

(7) Permanency options for relative or nonrelative extended family member caregivers, including legal guardianship, the Kinship Guardianship Assistance Payment Program, and kin adoption.

(c) In addition to the requirements of subdivisions (a) and (b), each community college district with a foster care education program, in providing the orientation program, shall develop appropriate program parameters in collaboration with the counties.

(d) Each community college district with a foster care education program shall make every attempt to make the training and orientation programs for relative or nonrelative extended family member caregivers highly accessible in the communities in which they reside.

(e) When a child is placed with a relative or nonrelative extended family member caregiver, the county shall inform the caregiver of the availability of training and orientation programs and it is the intent of the Legislature that the county shall forward the names and addresses of relative or nonrelative extended family member caregivers to the appropriate community colleges providing the training and orientation programs.

(f) This section shall not be construed to preclude counties from developing or expanding existing training and orientation programs for

foster care providers to include relative or nonrelative extended family member caregivers.

SEC. 13. Section 16504.5 of the Welfare and Institutions Code is amended to read:

16504.5. (a) Notwithstanding any other provision of law, pursuant to subdivision (b) of Section 11105 of the Penal Code, a child welfare agency may secure from an appropriate governmental agency the state summary criminal history information, as defined in subdivision (a) of Section 11105 of the Penal Code, through the California Law Enforcement Telecommunications System and the criminal history information from the Federal Bureau of Investigation pursuant to subdivision (d) of Section 309, and subdivision (a) of Section 1522 of the Health and Safety Code for the following purposes:

(1) To conduct an investigation pursuant to Section 11166.3 of the Penal Code or an investigation involving a child in which the child is alleged to come within the jurisdiction of the juvenile court under Section 300.

(2) To assess the appropriateness and safety of placing a child who has been detained or is a dependent of the court, in the approved home of a relative pursuant to Section 309 or 361.4, or the approved home of a nonrelative extended family member as described in Section 362.7.

(3) To attempt to locate a parent or guardian pursuant to Section 311 of a child who is the subject of dependency court proceedings.

(b) Any time that a child welfare agency initiates a criminal background check through the California Law Enforcement Telecommunications System, the agency shall ensure that a state and federal level fingerprint check is initiated within five judicial days of the check, unless the whereabouts of the subject of the check are unknown or the subject of the check refuses to submit to the fingerprint check. The Department of Justice shall provide the requesting agency a copy of all criminal history information regarding an individual that it maintains pursuant to subdivision (b) of Section 11105 of the Penal Code.

(c) Law enforcement personnel shall cooperate with requests for criminal history information authorized pursuant to this section and shall provide the information to the requesting entity in a timely manner. The Department of Justice shall forward fingerprint requests for federal level criminal history information to the Federal Bureau of Investigation pursuant to this section.

(d) Any law enforcement officer or person authorized by this section to receive the information who obtains the information in the record and knowingly provides the information to a person not authorized by law to receive the information is guilty of a misdemeanor as specified in Section 11142 of the Penal Code.

(e) Information obtained pursuant to this section shall not be used for any purposes other than those described in subdivision (a).

(f) Nothing in this section shall preclude a relative or other person living in a relative's home from refuting any of the information obtained by law enforcement if the individual believes the criminal records check revealed erroneous information.

SEC. 14. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 919

An act to add and repeal Section 1203.1bc of the Penal Code, relating to probation costs.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.1bc is added to the Penal Code, to read:

1203.1bc. (a) Subject to the provisions of Section 1203.1b, in addition to the costs discussed therein, the court may order a defendant described in any of the following to pay the reasonable costs of pretrial monitoring, or any pretrial or postsentence report:

(1) A defendant convicted of violating of Health and Safety Code Section 11352, 11375 or 11379.

(2) A defendant convicted of violating Section 186.22, or any felony provision for which punishment is enhanced pursuant to subdivision (b) of Section 186.22, if the court finds the crime was committed for financial gain.

(3) A defendant convicted of committing two or more related felonies, a material element of which is fraud or embezzlement.

(b) These costs shall be considered costs under Section 1203.1b for all purposes, including determining the defendant's ability to pay.

(c) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2. It is the intent of the Legislature that this act increase local revenues by permitting courts to order defendants to repay specified local costs that are not currently subject to reimbursement.

SEC. 3. Pursuant to Section 17579 of the Government Code, the Legislature finds that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts within the meaning of Section 17556 of the Government Code.

CHAPTER 920

An act to add Section 305.5 to the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

(a) The impact of drug abuse and addiction on our nation's children is particularly onerous. The National Institute of Drug Abuse and Addiction in its Sixth Triennial Report to Congress affirmed that an estimated $5^1/_2$ percent of women use some sort of illicit drug during pregnancy, resulting in approximately 221,000 babies who have the potential to be born drug-exposed. Further, studies throughout the nation indicate that the number of drug-exposed babies has dramatically increased in recent years, virtually doubling in states demographically similar to California.

(b) Although the full extent of the effects of prenatal drug exposure on a child is still not known, scientific studies have shown that babies born to mothers who use drugs during pregnancy are often delivered prematurely, have low birth weights and are generally smaller than infants not exposed in utero to drugs. The Center for Substance Abuse Research also reports that newborns affected by maternal substance abuse or addiction often require intensive, specialized, and lengthy hospital care, which increases the cost of medical services to infants.

(c) Many drug-exposed infants are placed in foster care when they are discharged from hospitals. Some studies have shown that the majority of babies discharged from hospitals to foster care as a result of maternal substance abuse or addiction were still in foster care three years later, and that the increasing placement of drug-exposed children in foster care is

coupled with poor growth outcomes in the physical, mental, and emotional development of these children.

(d) The placement of a drug-exposed infant in an adoptive home may provide a better alternative to placement of the infant in a foster home and may further the best interest of the child. Where the release of a drug-exposed infant to a prospective adoptive parent would pose no danger to the health and safety of the infant, the authority of a child protective services agency must be exercised with great care, in order to ensure that the newborn is not unnecessarily placed in foster care instead of the more nurturing environment of an adoptive home.

SEC. 2. Section 305.5 is added to the Welfare and Institutions Code, to read:

305.5. (a) Any peace officer may, without a warrant, take into temporary custody a minor who is in a hospital if the release of the minor to a prospective adoptive parent poses an immediate danger to the minor's health or safety.

(b) (1) Notwithstanding subdivision (a) and Section 305, a peace officer may not, without a warrant, take into temporary custody a minor who is in a hospital if all of the following conditions exist:

(A) The minor is a newborn who tested positive for illegal drugs or whose birth mother tested positive for illegal drugs.

(B) The minor is the subject of a petition for adoption and an adoption placement agreement signed by the placing birth parent or birth parents and filed with the court.

(C) The release of the minor to a prospective adoptive parent or parents does not pose an immediate danger to the minor.

(2) The prospective adoptive parents or their representative shall provide a copy of the filed petition for adoption and signed adoption placement agreement to the local child protective services agency or to the peace officer who is at the hospital to take the minor into temporary custody.

(d) Notwithstanding subdivisions (b) and (c), any association conducting a fair racing meeting or conducting a mixed breed racing meeting shall pay to the horsemen's organizations contracting with the association with respect to the conduct of races for their respective breeds of horses at the meetings for administrative expenses and services rendered to their respective horsemen those amounts out of the portion as determined by the horsemen's organization for the respective breeds with the approval of the board.

Pursuant to this subdivision, amounts not to exceed 3 percent of the portion for the owners' and trainers' organizations shall be distributed to any thoroughbred owners' and trainers' organizations contracting with an association for a fair racing meeting or participating in mixed breed racing meetings as follows: two-thirds of 1 percent to the owners' organization and one-third of 1 percent to the trainers' organization for administrative expenses and services rendered to both owners and trainers, 1 percent for welfare funds, and 1 percent for a pension program for backstretch personnel, to be administered pursuant to Section 19613.8.

(e) Any association other than a fair that conducts a quarter horse racing meeting, except a mixed breed meeting, shall pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen, an amount not to exceed 3 percent of the portion. The remainder of the portion shall be distributed as purses.

(f) For racing meetings other than thoroughbred meetings, if no contract has been signed between the association conducting the racing meeting and the organization representing the horsemen by the time the racing meeting commences, the distribution of purses shall be governed by the following:

(1) If the association conducted a racing meeting within the past 15 months and a contract was in existence for that meeting with the horsemen's organization and the association is conducting a subsequent meeting for the same breed or mixed breeds, the amounts payable to the horsemen's organization under subdivision (c) shall be computed under the provisions of the last signed contract between the parties.

(2) This subdivision applies regardless of the cause of the failure to execute a contract, whether that failure is a result of inadvertence or otherwise.

(3) For racing meetings that do not come within paragraph (1), the board shall, within 15 days after the commencement of the racing meeting, determine the amounts payable to the horsemen's organization for administrative expenses and services, and provide for the direct payment of those amounts.

(g) Amounts distributed pursuant to this section are derived from owners' purses.

(h) For the purposes of this section, the following definitions shall apply:

(1) ''Owner'' means a person currently licensed by the board as an owner of a thoroughbred racehorse.

(2) ''Trainer'' means a person currently licensed by the board as a trainer of a thoroughbred racehorse.

This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 3. Section 19613 is added to the Business and Professions Code, to read:

19613. (a) Except as provided in subdivisions (b), (c), (d), (e), and (f), the portion deducted for purses pursuant to this chapter shall be paid to or for the benefit of the horsemen at the racing meeting, and may include obtaining, providing, or defraying the cost of workers' compensation coverage for stable employees and jockeys of licensed trainers.

(b) Any association other than a fair that conducts a thoroughbred racing meeting shall pay to the owners' organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to owners, an amount not to exceed two-thirds of $1^1/_2$ percent of the portion, and to a trainers' organization for administrative expenses and services rendered to trainers and backstretch employees an amount equivalent to one-third of $1^1/_2$ percent of the portion. That association shall also pay an amount for a pension plan for backstretch personnel to be administered pursuant to Section 19613.8 equivalent to an additional 1 percent of the portion. The remainder of the portion shall be distributed as purses.

(c) Any other association may pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen an amount out of the portion as may be determined by the association by agreement or otherwise, but, in all events, shall include, relative to a thoroughbred horsemen's organization racing, 1 percent of the portion for a pension plan for backstretch personnel pursuant to Section 19613.8. The remainder of the portion shall be distributed as purses.

(d) Notwithstanding subdivisions (b) and (c), any association conducting a fair racing meeting or conducting a mixed breed racing meeting shall pay to the horsemen's organizations contracting with the association with respect to the conduct of races for their respective breeds of horses at the meetings for administrative expenses and services rendered to their respective horsemen those amounts out of the portion

as determined by the horsemen's organization for the respective breeds with the approval of the board.

Pursuant to this subdivision, amounts not to exceed 3 percent of the portion for the owners' and trainers' organizations shall be distributed to any thoroughbred owners' and trainers' organizations contracting with an association for a fair racing meeting or participating in mixed breed racing meetings as follows: two-thirds of 1 percent to the owners' organization and one-third of 1 percent to the trainers' organization for administrative expenses and services rendered to both owners and trainers, 1 percent for welfare funds, and 1 percent for a pension program for backstretch personnel, to be administered pursuant to Section 19613.8.

(e) Any association other than a fair that conducts a quarter horse racing meeting, except a mixed breed meeting, shall pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen, an amount not to exceed 3 percent of the portion. The remainder of the portion shall be distributed as purses.

(f) For racing meetings other than thoroughbred meetings, if no contract has been signed between the association conducting the racing meeting and the organization representing the horsemen by the time the racing meeting commences, the distribution of purses shall be governed by the following:

(1) If the association conducted a racing meeting within the past 15 months and a contract was in existence for that meeting with the horsemen's organization and the association is conducting a subsequent meeting for the same breed or mixed breeds, the amounts payable to the horsemen's organization under subdivision (c) shall be computed under the provisions of the last signed contract between the parties.

(2) This subdivision applies regardless of the cause of the failure to execute a contract, whether that failure is a result of inadvertence or otherwise.

(3) For racing meetings that do not come within paragraph (1), the board shall, within 15 days after the commencement of the racing meeting, determine the amounts payable to the horsemen's organization for administrative expenses and services, and provide for the direct payment of those amounts.

(g) Amounts distributed pursuant to this section are derived from owners' purses.

(h) For the purposes of this section, the following definitions shall apply:

(1) ''Owner'' means a person currently licensed by the board as an owner of a thoroughbred racehorse.

(2) ''Trainer'' means a person currently licensed by the board as an owner and trainer or as a trainer of a thoroughbred racehorse.

This section shall become operative on January 1, 2006.

This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 4. Sections 2 and 3 of this bill incorporate changes to Section 19613 of the Business and Professions Code, as amended by Section 11 of Chapter 198 of the Statutes of 2001, proposed by AB 2619 and AB 2931. Those sections shall only become operative if (1) both AB 2619 and AB 2931 are enacted and become effective on or before January 1, 2003, and (2) each of those bills amends Section 19613 of the Business and Professions Code, as amended by Section 11 of Chapter 198 of the Statutes of 2001, in which case Sections 2 and 3 of this bill shall become operative, for the dates provided in those sections, and shall prevail over the amendments to Section 19613, as amended by Section 11 of Chapter 198 of the Statutes of 2001, proposed by AB 2619, and AB 2931, and Section 19613, as proposed to be added by Section 2 of AB 2619 shall not become operative. However, if AB 2931 is enacted and becomes effective before January 1, 2003, the amendment to Section 19613 of the Business and Professions Code, as added by Section 11.5 of Chapter 198 of the Statutes of 2001, proposed by Section 4 of that bill shall be given effect.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

On July 1, 2002, the cost of workers' compensation coverage for horse trainers rose by 30 to 60 percent. In order to immediately authorize use of specified funds to assist in offsetting the increased cost of workers' compensation coverage, so that horse trainers do not let their coverage lapse or leave the state, resulting in the state lacking sufficient numbers of properly insured horse trainers, it is necessary that this act take effect immediately. Also, in order to permit a prompt and orderly transition on the board of directors of the organization representing thoroughbred owners, it is necessary that this act take immediate effect.

CHAPTER 924

An act to add Sections 19533.6 and 19614.3 to the Business and Professions Code, relating to horse racing.

[Approved by Governor September 25, 2002. Filed with
Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 19533.6 is added to the Business and Professions Code, to read:

19533.6. Notwithstanding Section 19533, the board may authorize any racing association licensed to conduct a live quarter horse racing meeting to also conduct mule racing at that racing meeting, subject to the following conditions:

(a) Mule races may only be conducted when a fair is not licensed to conduct live races with parimutuel wagering.

(b) The consent of the quarter horse horsemen's organization contracting with the association shall be obtained with respect to the inclusion of mule racing.

(c) The majority of the races conducted on any given racing day shall be quarter horse races.

(d) A quarter horse association may conduct mule races provided that the total number of Arabian and mule races run in a year do not exceed the total number of Arabian races run in the state in 2001.

(e) An Arabian race with seven or more entries shall not be replaced by mule race, without the consent of the organization that represents Arabian horsemen and horsewomen.

SEC. 2. Section 19614.3 is added to the Business and Professions Code, to read:

19614.3. (a) Notwithstanding any other provision of law, a racing association and the organization representing horsemen may agree to reduce the portion deducted from the parimutuel pool for purses and commissions, provided that the change only affect funds available for purses and commissions.

(b) Any collective bargaining agreement that is premised in part on the amount of commissions earned shall continue to be calculated based on the amount of commissions that would have been earned had this section not become law.

(c) An agreement by a horsemen's organization and a racing association to reduce the portion deducted from the parimutuel pool for purses and commissions is subject to the approval of the California Horse Racing Board, and may not be approved unless notice has been given to any labor organization that could be affected by the agreement.

CHAPTER 925

An act to amend Section 1386 of, and to add Section 1375.7 to, the Health and Safety Code, and to add Section 10133.65 to the Insurance Code, relating to health care coverage.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1375.7 is added to the Health and Safety Code, to read:

1375.7. (a) This section shall be known and may be cited as the Health Care Providers' Bill of Rights.

(b) No contract issued, amended, or renewed on or after January 1, 2003, between a plan and a health care provider for the provision of health care services to a plan enrollee or subscriber shall contain any of the following terms:

(1) (A) Authority for the plan to change a material term of the contract, unless the change has first been negotiated and agreed to by the provider and the plan or the change is necessary to comply with state or federal law or regulations or any accreditation requirements of a private sector accreditation organization. If a change is made by amending a manual, policy, or procedure document referenced in the contract, the plan shall provide 45 business days' notice to the provider and the provider has the right to negotiate and agree to the change. If the plan and the provider cannot agree to the change to a manual, policy, or procedure document, the provider has the right to terminate the contract prior to the implementation of the change. In any event, the plan shall provide at least 45 business days' notice of its intent to change a material term, unless a change in state or federal law or regulations or any accreditation requirements of a private sector accreditation organization require a shorter timeframe for compliance. However, if the parties mutually agree, the 45 business day notice requirement may be waived. Nothing in this subparagraph limits the ability of the parties to mutually agree to the proposed change at any time after the provider has received notice of the proposed change.

(B) If a contract between a provider and a plan provides benefits to enrollees or subscribers through a preferred provider arrangement, the contract may contain provisions permitting a material change to the contract by the plan if the plan provides at least 45 business days' notice to the provider of the change and the provider has the right to terminate the contract prior to the implementation of the change.

(2) A provision that requires a health care provider to accept additional patients beyond the contracted number or in the absence of a number if, in the reasonable professional judgment of the provider, accepting additional patients would endanger patients' access to, or continuity of, care.

(3) A requirement to comply with quality improvement or utilization management programs or procedures of a plan, unless the requirement is fully disclosed to the health care provider at least 15 business days prior to the provider executing the contract. However, the plan may make a change to the quality improvement or utilization management programs or procedures at any time if the change is necessary to comply with state or federal law or regulations or any accreditation requirements of a private sector accreditation organization. A change to the quality improvement or utilization management programs or procedures shall be made pursuant to paragraph (1).

(4) A provision that waives or conflicts with any provision of this chapter. A provision in the contract that allows the plan to provide professional liability or other coverage or to assume cost of defending the provider in an action relating to professional liability or other action is not in conflict with, or in violation of, this chapter.

(5) A requirement to permit access to patient information in violation of federal or state laws concerning the confidentiality of patient information.

(c) Any contract provision that violates subdivision (b) shall be void, unlawful, and unenforceable.

(d) The department shall compile the information submitted by plans pursuant to subdivision (h) of Section 1367 of the Health and Safety Code into a report and submit the report to the Governor and the Legislature by March 15 of each calendar year.

(e) Nothing in this section shall be construed or applied as setting the rate of payment to be included in contracts between plans and health care providers.

(f) For purposes of this section the following definitions apply:

(1) ''Health care provider'' means any professional person, medical group, independent practice association, organization, health facility, or other person or institution licensed or authorized by the state to deliver or furnish health services.

(2) ''Material'' means a provision in a contract to which a reasonable person would attach importance in determining the action to be taken upon the provision.

SEC. 2. Section 1386 of the Health and Safety Code is amended to read:

1386. (a) The director may, after appropriate notice and opportunity for a hearing, by order suspend or revoke any license issued

under this chapter to a health care service plan or assess administrative penalties if the director determines that the licensee has committed any of the acts or omissions constituting grounds for disciplinary action.

(b) The following acts or omissions constitute grounds for disciplinary action by the director:

(1) The plan is operating at variance with the basic organizational documents as filed pursuant to Section 1351 or 1352, or with its published plan, or in any manner contrary to that described in, and reasonably inferred from, the plan as contained in its application for licensure and annual report, or any modification thereof, unless amendments allowing the variation have been submitted to, and approved by, the director.

(2) The plan has issued, or permits others to use, evidence of coverage or uses a schedule of charges for health care services that do not comply with those published in the latest evidence of coverage found unobjectionable by the director.

(3) The plan does not provide basic health care services to its enrollees and subscribers as set forth in the evidence of coverage. This subdivision shall not apply to specialized health care service plan contracts.

(4) The plan is no longer able to meet the standards set forth in Article 5 (commencing with Section 1367).

(5) The continued operation of the plan will constitute a substantial risk to its subscribers and enrollees.

(6) The plan has violated or attempted to violate, or conspired to violate, directly or indirectly, or assisted in or abetted a violation or conspiracy to violate any provision of this chapter, any rule or regulation adopted by the director pursuant to this chapter, or any order issued by the director pursuant to this chapter.

(7) The plan has engaged in any conduct that constitutes fraud or dishonest dealing or unfair competition, as defined by Section 17200 of the Business and Professions Code.

(8) The plan has permitted, or aided or abetted any violation by an employee or contractor who is a holder of any certificate, license, permit, registration, or exemption issued pursuant to the Business and Professions Code or this code that would constitute grounds for discipline against the certificate, license, permit, registration, or exemption.

(9) The plan has aided or abetted or permitted the commission of any illegal act.

(10) The engagement of a person as an officer, director, employee, associate, or provider of the plan contrary to the provisions of an order issued by the director pursuant to subdivision (c) of this section or subdivision (d) of Section 1388.

(11) The engagement of a person as a solicitor or supervisor of solicitation contrary to the provisions of an order issued by the director pursuant to Section 1388.

(12) The plan, its management company, or any other affiliate of the plan, or any controlling person, officer, director, or other person occupying a principal management or supervisory position in the plan, management company, or affiliate, has been convicted of or pleaded nolo contendere to a crime, or committed any act involving dishonesty, fraud, or deceit, which crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with this chapter. The director may revoke or deny a license hereunder irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(13) The plan violates Section 510, 2056, or 2056.1 of the Business and Professions Code or Section 1375.7 of the Health and Safety Code.

(14) The plan has been subject to a final disciplinary action taken by this state, another state, an agency of the federal government, or another country for any act or omission that would constitute a violation of this chapter.

(15) The plan violates the Confidentiality of Medical Information Act (Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code).

(c) (1) The director may prohibit any person from serving as an officer, director, employee, associate, or provider of any plan or solicitor firm, or of any management company of any plan, or as a solicitor, if either of the following applies:

(A) The prohibition is in the public interest and the person has committed, caused, participated in, or had knowledge of a violation of this chapter by a plan, management company, or solicitor firm.

(B) The person was an officer, director, employee, associate, or provider of a plan or of a management company or solicitor firm of any plan whose license has been suspended or revoked pursuant to this section and the person had knowledge of, or participated in, any of the prohibited acts for which the license was suspended or revoked.

(2) A proceeding for the issuance of an order under this subdivision may be included with a proceeding against a plan under this section or may constitute a separate proceeding, subject in either case to subdivision (d).

(d) A proceeding under this section shall be subject to appropriate notice to, and the opportunity for a hearing with regard to, the person affected in accordance with subdivision (a) of Section 1397.

SEC. 3. Section 10133.65 is added to the Insurance Code, to read:

10133.65. (a) This section shall be known and may be cited as the Health Care Providers' Bill of Rights.

(b) No contract issued, amended, or renewed on or after January 1, 2003, between a health insurer and a health care provider for the provision of covered benefits at alternative rates of payment to an insured shall contain any of the following terms:

(1) A provision that requires a health care provider to accept additional patients beyond the contracted number or in the absence of a number if, in the reasonable professional judgment of the provider, accepting additional patients would endanger patients' access to, or continuity of, care.

(2) A requirement to comply with quality improvement or utilization management programs or procedures of a health insurer, unless the requirement is fully disclosed to the health care provider at least 15 business days prior to the provider executing the contract. However, the health insurer may make a change to the quality improvement or utilization management programs or procedures at any time if the change is necessary to comply with state or federal law or regulations or any accreditation requirements of a private sector accreditation organization. A change to the quality improvement or utilization management programs or procedures shall be made pursuant to subdivision (c).

(3) A provision that waives or conflicts with any provision of the Insurance Code.

(4) A requirement to permit access to patient information in violation of federal or state laws concerning the confidentiality of patient information.

(c) If a contract is with a health insurer that negotiates and arranges for alternative rates of payment with the provider to provide benefits to insureds, the contract may contain provisions permitting a material change to the contract by the health insurer if the health insurer provides at least 45 business days' notice to the provider of the change, and the provider has the right to terminate the contract prior to implementation of the change.

(d) Any contract provision that violates subdivision (b) or (c) shall be void, unlawful, and unenforceable.

(e) The Department of Insurance shall annually compile all provider complaints that it receives under this section, and shall report to the Legislature and the Governor the number and nature of those complaints by March 15 of each calendar year.

(f) Nothing in this section shall be construed or applied as setting the rate of payment to be included in contracts between health insurers and health care providers.

(g) For purposes of this section, the following definitions apply:

(1) ''Health care provider'' means any professional person, medical group, independent practice association, organization, health facility, or

other person or institution licensed or authorized by the state to deliver or furnish health care services.

(2) ''Health insurer'' means any admitted insurer writing health insurance, as defined in Section 106, that enters into a contract with a provider to provide covered benefits at alternative rates of payment.

(3) ''Material'' means a provision in a contract to which a reasonable person would attach importance in determining the action to be taken upon the provision.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 926

An act to add Chapter 15 (commencing with Section 121340) to Part 4 of Division 105 of the Health and Safety Code, relating to communicable diseases.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) (1) The federal Ryan White Comprehensive AIDS Resources Emergency (CARE) Act of 1990, as amended October 20, 2000, requires every state to have an HIV reporting system in effect that meets standards to be recommended by the Institute of Medicine and implemented by the Secretary of the United States Department of Health and Human Services, by July 1, 2004. Any state failing to meet these standards could lose its eligibility to receive federal Ryan White funds for treatment, social services, housing, prevention, and various other services for persons with HIV. Funding would continue for only the minority of cases reported involving persons with AIDS. California's failure to have an HIV reporting system that meets these standards could result in the loss of a significant amount of funding for the state.

(2) The federal Centers for Disease Control and Prevention has established surveillance guidelines for HIV that include criteria for

completeness, including risk information, timeliness, and nonduplication, which guidelines are likely to be seriously considered for implementation by the Institute of Medicine.

(3) The State Department of Health Services proposed, and the Legislature funded, a system of nonname HIV reporting in the 2000–01 fiscal year. Despite the available funding, this system is not planned to take effect until July 2002. The proposed reporting system is similar to one that failed in the State of Texas, and may not prove to be capable of meeting federal standards to ensure continued federal HIV/AIDS-related funding for California.

(4) A backup reporting system is needed to go into effect promptly, to protect California's public health and continued federal funding, should the proposed nonname reporting system prove unlikely to meet federal standards.

(b) It is the intent of the Legislature to provide contingent authorization to the State Department of Health Services to design and implement a system of HIV reporting that will meet federal requirements and avoid the loss to California and its residents of tens of millions of dollars or more in federal HIV/AIDS-related funding.

SEC. 2. Chapter 15 (commencing with Section 121340) is added to Part 4 of Division 105 of the Health and Safety Code, to read:

CHAPTER 15. HIV REPORTING SYSTEMS

121340. (a) The State Department of Health Services, in consultation with the California Conference of Local Health Officers, the California Medical Association, HIV treatment providers, and public health and other stakeholders, shall determine, no later than December 31, 2005, whether California's HIV reporting system has achieved compliance with standards and criteria necessary to ensure continued federal funding for California under the federal Ryan White Comprehensive AIDS Resources Emergency (CARE) Act of 1990 (Public Law 101-381), as amended October 20, 2000 (Public Law 106-345).

(b) The department shall inform the appropriate committees of the Legislature of its findings under subdivision (a) by December 31, 2005.

(c) The department shall also report to the appropriate committees of the Legislature all written communications from the Centers for Disease Control and Prevention to the state received before December 31, 2005, that indicate that California's HIV reporting system has not or will not meet the federal standards and criteria for an HIV reporting system pursuant to the Ryan White CARE Act.

CHAPTER 927

An act to amend Sections 394 and 697.320 of the Code of Civil Procedure, to amend Sections 3766, 4054, 4506, 7575, 17306, 17400, 17422, 17430, 17432, 17526, 17600, 17602, 17704, and 17801 of, and to repeal Section 17700 of, the Family Code, to amend Section 11165.7 of the Penal Code, and to amend Section 11476.2 of the Welfare and Institutions Code, relating to child support.

[Approved by Governor September 25, 2002. Filed with Secretary of State September 26, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 394 of the Code of Civil Procedure is amended to read:

394. (a) An action or proceeding against a county, or city and county, a city, or local agency, may be tried in the county, or city and county, or the county in which the city or local agency is situated, unless the action or proceeding is brought by a county, or city and county, a city, or local agency, in which case it may be tried in any county, or city and county, not a party thereto and in which the city or local agency is not situated. Except for actions initiated by the local child support agency pursuant to Section 17400, 17402, 17404, or 17416 of the Family Code, any action or proceeding brought by a county, city and county, city, or local agency within a certain county, or city and county, against a resident of another county, city and county, or city, or a corporation doing business in the latter, shall be, on motion of either party, transferred for trial to a county, or city and county, other than the plaintiff, if the plaintiff is a county, or city and county, and other than that in which the plaintiff is situated, if the plaintiff is a city, or a local agency, and other than that in which the defendant resides, or is doing business, or is situated. Whenever an action or proceeding is brought against a county, city and county, city, or local agency, in any county, or city and county, other than the defendant, if the defendant is a county, or city and county, or, if the defendant is a city, or local agency, other than that in which the defendant is situated, the action or proceeding must be, on motion of that defendant, transferred for trial to a county, or city and county, other than that in which the plaintiff, or any of the plaintiffs, resides, or is doing business, or is situated, and other than the plaintiff county, or city and county, or county in which that plaintiff city or local agency is situated, and other than the defendant county, or city and county, or county in which the defendant city or local agency is situated; provided, however, that any action or proceeding against the city, county, city and county, or local agency for injury occurring within the city, county, or city and

county, or within the county in which the local agency is situated, to person or property or person and property caused by the negligence or alleged negligence of the city, county, city and county, local agency, or its agents or employees, shall be tried in that county, or city and county, or if a city is a defendant, in the city or in the county in which the city is situated, or if a local agency is a defendant, in the county in which the local agency is situated. In that action or proceeding, the parties thereto may, by stipulation in writing, or made in open court, and entered in the minutes, agree upon any county, or city and county, for the place of trial thereof. When the action or proceeding is one in which a jury is not of right, or in case a jury is waived, then in lieu of transferring the cause, the court in the original county may request the chairperson of the Judicial Council to assign a disinterested judge from a neutral county to hear that cause and all proceedings in connection therewith. When the action or proceeding is transferred to another county for trial, a witness required to respond to a subpoena for a hearing within the original county shall be compelled to attend hearings in the county to which the cause is transferred. If the demand for transfer is made by one party and the opposing party does not consent thereto, the additional costs of the nonconsenting party occasioned by the transfer of the cause, including living and traveling expenses of the nonconsenting party and material witnesses, found by the court to be material, and called by the nonconsenting party, not to exceed five dollars ($5) per day each in excess of witness fees and mileage otherwise allowed by law, shall be assessed by the court hearing the cause against the party requesting the transfer. To the extent of that excess, those costs shall be awarded to the nonconsenting party regardless of the outcome of the trial. This section shall apply to actions or proceedings now pending or hereafter brought.

(b) For the purposes of this section, ''local agency'' shall mean any governmental district, board, or agency, or any other local governmental body or corporation, but shall not include the State of California or any of its agencies, departments, commissions, or boards.

SEC. 1.5. Section 697.320 of the Code of Civil Procedure is amended to read:

697.320. (a) A judgment lien on real property is created under this section by recording an abstract, a notice of support judgment, an interstate lien form promulgated by the federal Secretary of Health and Human Services pursuant to Section 652(a)(11) of Title 42 of the United States Code, or a certified copy of either of the following money judgments with the county recorder:

(1) A judgment for child, family, or spousal support payable in installments.

(2) A judgment entered pursuant to Section 667.7 (judgment against health care provider requiring periodic payments).

(b) Unless the money judgment is satisfied or the judgment lien is released, a judgment lien created under paragraph (1) of subdivision (a) or by recording an interstate lien form, as described in subdivision (a), continues during the period the judgment remains enforceable. Unless the money judgment is satisfied or the judgment lien is released, a judgment lien created under paragraph (2) of subdivision (a) continues for a period of 10 years from the date of its creation. The duration of a judgment lien created under paragraph (2) of subdivision (a) may be extended any number of times by recording, during the time the judgment lien is in existence, a certified copy of the judgment in the manner provided in this section for the initial recording; this rerecording has the effect of extending the duration of the judgment lien created under paragraph (2) of subdivision (a) until 10 years from the date of the rerecording.

SEC. 2. Section 3766 of the Family Code is amended to read:

3766. (a) The employer, or other person providing health insurance, shall take steps to commence coverage, consistent with the order for the health insurance coverage assignment, within 30 days after service of the assignment order upon the obligor under Section 3764 unless the employer or other person providing health insurance coverage receives an order issued pursuant to Section 3765 to quash the health insurance coverage assignment. The employer, or the person providing health insurance, shall commence coverage at the earliest possible time and, if applicable, consistent with the group plan enrollment rules.

(b) If the obligor has made a selection of health coverage prior to the issuance of the court order, the selection shall not be superseded unless the child to be enrolled in the plan will not be provided benefits or coverage where the child resides or the court order specifically directs other health coverage.

(c) If the obligor has not enrolled in an available health plan, there is a choice of coverage, and the court has not ordered coverage by a specific plan, the employer or other person providing health insurance shall enroll the child in the plan that will provide reasonable benefits or coverage where the child resides. If that coverage is not available, the employer or other person providing health insurance shall, within 20 days, return the assignment order to the attorney or person initiating the assignment.

(d) If an assignment order is served on an employer or other person providing health insurance and no coverage is available for the supported child, the employer or other person shall, within 20 days, return the assignment to the attorney or person initiating the assignment.

SEC. 2.5. Section 4054 of the Family Code is amended to read:

4054. (a) The Judicial Council shall periodically review the statewide uniform guideline to recommend to the Legislature appropriate revisions.

(b) The review shall include economic data on the cost of raising children and analysis of case data, gathered through sampling or other methods, on the actual application of the guideline after the guideline's operative date. The review shall also include an analysis of guidelines and studies from other states, and other research and studies available to or undertaken by the Judicial Council.

(c) Any recommendations for revisions to the guideline shall be made to ensure that the guideline results in appropriate child support orders, to limit deviations from the guideline, or otherwise to help ensure that the guideline is in compliance with federal law.

(d) The Judicial Council may also review and report on other matters, including, but not limited to, the following:

(1) The treatment of the income of a subsequent spouse or nonmarital partner.

(2) The treatment of children from prior or subsequent relationships.

(3) The application of the guideline in a case where a payer parent has extraordinarily low or extraordinarily high income, or where each parent has primary physical custody of one or more of the children of the marriage.

(4) The benefits and limitations of a uniform statewide spousal support guideline and the interrelationship of that guideline with the state child support guideline.

(5) Whether the use of gross or net income in the guideline is preferable.

(6) Whether the guideline affects child custody litigation or the efficiency of the judicial process.

(7) Whether the various assumptions used in computer software used by some courts to calculate child support comport with state law and should be made available to parties and counsel.

(e) The initial review by the Judicial Council shall be submitted to the Legislature and to the Department of Child Support Services on or before December 31, 1993, and subsequent reviews shall occur at least every four years thereafter unless federal law requires a different interval.

(f) In developing its recommendations, the Judicial Council shall consult with a broad cross-section of groups involved in child support issues, including, but not limited to, the following:

(1) Custodial and noncustodial parents.

(2) Representatives of established women's rights and fathers' rights groups.

(3) Representatives of established organizations that advocate for the economic well-being of children.

(4) Members of the judiciary, district attorney's offices, the Attorney General's office, and the Department of Child Support Services.

(5) Certified family law specialists.

(6) Academicians specializing in family law.

(7) Persons representing low-income parents.

(8) Persons representing recipients of assistance under the CalWORKs program seeking child support services.

(g) In developing its recommendations, the Judicial Council shall seek public comment and shall be guided by the legislative intent that children share in the standard of living of both of their parents.

SEC. 3. Section 4506 of the Family Code is amended to read:

4506. (a) An abstract of a judgment ordering a party to pay spousal, child, or family support to the other party shall be certified by the clerk of the court where the judgment was entered and shall contain all of the following:

(1) The title of the court where the judgment is entered and the cause and number of the proceeding.

(2) The date of entry of the judgment and of any renewal of the judgment.

(3) Where the judgment and any renewals are entered in the records of the court.

(4) The name and last known address of the party ordered to pay support.

(5) The name and address of the party to whom support payments are ordered to be paid.

(6) The social security number, birth date, and driver's license number of the party who is ordered to pay support. If any of those numbers are not known to the party to whom support payments are to be paid, that fact shall be indicated on the abstract of the court judgment.

(7) Whether a stay of enforcement has been ordered by the court and, if so, the date the stay ends.

(8) The date of issuance of the abstract.

(9) Any other information deemed reasonable and appropriate by the Judicial Council.

(b) The Judicial Council may develop a form for an abstract of a judgment ordering a party to pay child, family, or spousal support to another party which contains the information required by subdivision (a).

(c) Notwithstanding any other provision of law, when a support obligation is being enforced pursuant to Title IV-D of the Social Security Act, the agency enforcing the obligation may record a notice of support judgment. The notice of support judgment shall contain the same

information as the form adopted by the Judicial Council pursuant to subdivision (b) and Section 4506.1. The notice of support judgment shall have the same force and effect as an abstract of judgment certified by the clerk of the court where the judgment was entered. The local child support agency or other Title IV-D agency shall not be subject to any civil liability as a consequence of causing a notice of support judgment to be recorded.

(d) As used in this section, ''judgment'' includes an order for child, family, or spousal support.

SEC. 3.3. Section 7575 of the Family Code is amended to read:

7575. (a) Either parent may rescind the voluntary declaration of paternity by filing a rescission form with the Department of Child Support Services within 60 days of the date of execution of the declaration by the attesting father or attesting mother, whichever signature is later, unless a court order for custody, visitation, or child support has been entered in an action in which the signatory seeking to rescind was a party. The Department of Child Support Services shall develop a form to be used by parents to rescind the declaration of paternity and instruction on how to complete and file the rescission with the Department of Child Support Services. The form shall include a declaration under penalty of perjury completed by the person filing the rescission form that certifies that a copy of the rescission form was sent by any form of mail requiring a return receipt to the other person who signed the voluntary declaration of paternity. A copy of the return receipt shall be attached to the rescission form when filed with the Department of Child Support Services. The form and instructions shall be written in simple, easy to understand language and shall be made available at the local family support office and the office of local registrar of births and deaths. The department shall, upon written request, provide to a court or commissioner a copy of any rescission form filed with the department that is relevant to proceedings before the court or commissioner.

(b) (1) Notwithstanding Section 7573, if the court finds that the conclusions of all of the experts based upon the results of the genetic tests performed pursuant to Chapter 2 (commencing with Section 7550) are that the man who signed the voluntary declaration is not the father of the child, the court may set aside the voluntary declaration of paternity.

(2) (A) The notice of motion for genetic tests under this section may be filed not later than two years from the date of the child's birth by a local child support agency, the mother, the man who signed the voluntary declaration as the child's father, or in an action to determine the existence or nonexistence of the father and child relationship pursuant to Section 7630 or in any action to establish an order for child custody, visitation, or child support based upon the voluntary declaration of paternity.

(B) The local child support agency's authority under this subdivision is limited to those circumstances where there is a conflict between a voluntary acknowledgement of paternity and a judgment of paternity or a conflict between two or more voluntary acknowledgments of paternity.

(3) The notice of motion for genetic tests pursuant to this section shall be supported by a declaration under oath submitted by the moving party stating the factual basis for putting the issue of paternity before the court.

(c) (1) Nothing in this chapter shall be construed to prejudice or bar the rights of either parent to file an action or motion to set aside the voluntary declaration of paternity on any of the grounds described in, and within the time limits specified in, Section 473 of the Code of Civil Procedure. If the action or motion to set aside a judgment is required to be filed within a specified time period under Section 473 of the Code of Civil Procedure, the period within which the action or motion to set aside the voluntary declaration of paternity must be filed shall commence on the date that the court makes an initial order for custody, visitation, or child support based upon a voluntary declaration of paternity.

(2) The parent or local child support agency seeking to set aside the voluntary declaration of paternity shall have the burden of proof.

(3) Any order for custody, visitation, or child support shall remain in effect until the court determines that the voluntary declaration of paternity should be set aside, subject to the court's power to modify the orders as otherwise provided by law.

(4) Nothing in this section is intended to restrict a court from acting as a court of equity.

(5) If the voluntary declaration of paternity is set aside pursuant to paragraph (1), the court shall order that the mother, child, and alleged father submit to genetic tests pursuant to Chapter 2 (commencing with Section 7550). If the court finds that the conclusions of all the experts, as disclosed by the evidence based upon the genetic tests, are that the person who executed the voluntary declaration of paternity is not the father of the child, the question of paternity shall be resolved accordingly. If the person who executed the declaration as the father of the child is not excluded as a possible father, the question of paternity shall be resolved as otherwise provided by law. If the person who executed the declaration of paternity is ultimately determined to be the father of the child, any child support that accrued under an order based upon the voluntary declaration of paternity shall remain due and owing.

(6) The Judicial Council shall develop the forms and procedures necessary to effectuate this subdivision.

SEC. 3.5. Section 17306 of the Family Code is amended to read:

17306. (a) The Legislature finds and declares all of the following:

(1) While the State Department of Social Services has had statutory authority over the child support system, the locally elected district

attorneys have operated their county programs with a great deal of autonomy.

(2) District attorneys have operated the child support programs with different forms, procedures and priorities, making it difficult to adequately evaluate and modify performance statewide.

(3) Problems collecting child support reflect a fundamental lack of leadership and accountability in the collection program. These management problems have cost California taxpayers and families billions of dollars.

(b) The director shall develop uniform forms, policies and procedures to be employed statewide by all local child support agencies. Pursuant to this subdivision, the director shall:

(1) Adopt uniform procedures and forms.

(2) Establish standard caseworker to case staffing ratios, adjusted as appropriate to meet the varying needs of local programs.

(3) Establish standard attorney to caseworker ratios, adjusted as appropriate to meet the varying needs of local programs.

(4) Institute a consistent statewide policy on the appropriateness of closing cases to ensure that, without relying solely on federal minimum requirements, all cases are fully and pragmatically pursued for collections prior to closing.

(5) Evaluate the best practices for the establishment, enforcement, and collection of child support, for the purpose of determining which practices should be implemented statewide in an effort to improve performance by local child support agencies. In evaluating the best practices, the director shall review existing practices in better performing counties within California, as well as practices implemented by other state Title IV-D programs nationwide.

(6) Evaluate the best practices for the management of effective child support enforcement operations for the purpose of determining what management structure should be implemented statewide in an effort to improve the establishment, enforcement, and collection of child support by local child support agencies, including an examination of the need for attorneys in management level positions. In evaluating the best practices, the director shall review existing practices in better performing counties within California, as well as practices implemented by other state Title IV-D programs nationwide.

(7) Set priorities for the use of specific enforcement mechanisms for use by both the local child support agency and the Franchise Tax Board. As part of establishing these priorities, the director shall set forth caseload processing priorities to target enforcement efforts and services in a way that will maximize collections and avoid welfare dependency.

(8) Develop uniform training protocols, require periodic training of all child support staff, and conduct training sessions as appropriate.

(9) Review and approve annual budgets submitted by the local child support agencies to ensure each local child support agency operates an effective and efficient program that complies with all federal and state laws, regulations, and directives, including the directive to hire sufficient staff.

(c) The director shall submit any forms intended for use in court proceedings to the Judicial Council for approval at least six months prior to the implementation of the use of the forms.

(d) In adopting the forms, policies, and procedures, the director shall consult with the California Family Support Council, the California State Association of Counties, labor organizations, custodial and noncustodial parent advocates, child support commissioners, family law facilitators, and the appropriate committees of the Legislature.

(e) (1) Notwithstanding the provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, through December 31, 2004, the department may implement the applicable provisions of this division through family support division letters or similar instructions from the director.

The department shall adopt regulations implementing the forms, policies, and procedures established pursuant to this section not later than July 1, 2002. The director may delay implementation of any of these regulations in any county for any time as the director deems necessary for the smooth transition and efficient operation of a local child support agency, but implementation shall not be delayed beyond the time at which the transition to the new county department of child support services is completed. The department may adopt regulations to implement this division in accordance with the Administrative Procedure Act. The adoption of any emergency regulation filed with the Office of Administrative Law on or before December 31, 2004, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare. These emergency regulations shall remain in effect for no more than 180 days.

(2) It is the intent of the Legislature that the amendments to paragraph (1) of this subdivision made by Assembly Bill 3032 of the 2001–02 Regular Session shall be retroactive to June 30, 2002.

SEC. 3.7. Section 17400 of the Family Code is amended to read:

17400. (a) Each county shall maintain a local child support agency, as specified in Section 17304, that shall have the responsibility for promptly and effectively establishing, modifying, and enforcing child support obligations, including medical support, enforcing spousal support orders established by a court of competent jurisdiction, and determining paternity in the case of a child born out of wedlock. The

local child support agency shall take appropriate action, including criminal action in cooperation with the district attorneys, to establish, modify, and enforce child support and, when appropriate, enforce spousal support orders when the child is receiving public assistance, including Medi-Cal, and, when requested, shall take the same actions on behalf of a child who is not receiving public assistance, including Medi-Cal.

(b) Notwithstanding Sections 25203 and 26529 of the Government Code, attorneys employed within the local child support agency may direct, control, and prosecute civil actions and proceedings in the name of the county in support of child support activities of the Department of Child Support Services and the local child support agency.

(c) Actions brought by the local child support agency to establish paternity or child support or to enforce child support obligations shall be completed within the time limits set forth by federal law. The local child support agency's responsibility applies to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or revocation of an order that is being enforced under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.), the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a)(9)), or any subsequent date.

(d) (1) The Judicial Council, in consultation with the department and representatives of the California Family Support Council, the Senate Committee on Judiciary, the Assembly Committee on Judiciary, and a legal services organization providing representation on child support matters, shall develop simplified summons, complaint, and answer forms for any action for support brought pursuant to this section or Section 17404. The Judicial Council may combine the summons and complaint in a single form.

(2) The simplified complaint form shall provide notice of the amount of child support that is sought pursuant to the guidelines set forth in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of Division 9 based upon the income or income history of the support obligor as known to the local child support agency. If the support obligor's income or income history is unknown to the local child support agency, the complaint shall inform the support obligor that income shall be presumed in an amount that results in a court order equal to the minimum basic standard of adequate care for Region I provided in Sections 11452 and 11452.018 of the Welfare and Institutions Code unless information concerning the support obligor's income is provided to the court. The complaint form shall be accompanied by a proposed judgment. The complaint form shall include a notice to the support obligor that the proposed judgment will become effective if he or she

fails to file an answer with the court within 30 days of service. Except as provided in paragraph (2) of subdivision (a) of Section 17402, if the proposed judgment is entered by the court, the support order in the proposed judgment shall be effective as of the first day of the month following the filing of the complaint.

(3) (A) The simplified answer form shall be written in simple English and shall permit a defendant to answer and raise defenses by checking applicable boxes. The answer form shall include instructions for completion of the form and instructions for proper filing of the answer.

(B) The answer form shall be accompanied by a blank income and expense declaration or simplified financial statement and instructions on how to complete the financial forms. The answer form shall direct the defendant to file the completed income and expense declaration or simplified financial statement with the answer, but shall state that the answer will be accepted by a court without the income and expense declaration or simplified financial statement.

(C) The clerk of the court shall accept and file answers, income and expense declarations, and simplified financial statements that are completed by hand provided they are legible.

(4) (A) The simplified complaint form prepared pursuant to this subdivision shall be used by the local child support agency or the Attorney General in all cases brought under this section or Section 17404.

(B) The simplified answer form prepared pursuant to this subdivision shall be served on all defendants with the simplified complaint. Failure to serve the simplified answer form on all defendants shall not invalidate any judgment obtained. However, failure to serve the answer form may be used as evidence in any proceeding under Section 17432 of this code or Section 473 of the Code of Civil Procedure.

(C) The Judicial Council shall add language to the governmental summons, for use by the local child support agency with the governmental complaint to establish parental relationship and child support, informing defendants that a blank answer form should have been received with the summons and additional copies may be obtained from either the local child support agency or the superior court clerk.

(e) In any action brought or enforcement proceedings instituted by the local child support agency pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the local child support agency at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority.

(f) The county shall undertake an outreach program to inform the public that the services described in subdivisions (a) to (c), inclusive, are available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the agencies established by this section a notice, in clear and simple language prescribed by the Director of Child Support Services, that the services provided in subdivisions (a) to (c), inclusive, are provided to all individuals, whether or not they are recipients of public assistance.

(g) (1) In any action to establish a child support order brought by the local child support agency in the performance of duties under this section, the local child support agency may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under this code.

(2) The local child support agency shall file a motion for an order for temporary support within the following time limits:

(A) If the defendant is the mother, a presumed father under Section 7611, or any father where the child is at least six months old when the defendant files his or her answer, the time limit is 90 days after the defendant files an answer.

(B) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

(3) If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

(4) If the local child support agency fails to file a motion for an order for temporary support within time limits specified in this section, the local child support agency shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no motion is filed, when a final judgment is entered.

(5) Except as provided in Section 17304, nothing in this section prohibits the local child support agency from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the Department of Child Support Services.

(6) Nothing in this section shall otherwise limit the ability of the local child support agency from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

(h) As used in this article, ''enforcing obligations'' includes, but is not limited to, (1) the use of all interception and notification systems operated by the department for the purposes of aiding in the enforcement of support obligations, (2) the obtaining by the local child support agency of an initial order for child support that may include medical support or that is for medical support only, by civil or criminal process, (3) the initiation of a motion or order to show cause to increase an existing child support order, and the response to a motion or order to show cause brought by an obligor parent to decrease an existing child support order, or the initiation of a motion or order to show cause to obtain an order for medical support, and the response to a motion or order to show cause brought by an obligor parent to decrease or terminate an existing medical support order, without regard to whether the child is receiving public assistance, (4) the response to a notice of motion or order to show cause brought by an obligor parent to decrease an existing spousal support order when the child or children are residing with the obligee parent and the local child support agency is also enforcing a related child support obligation owed to the obligee parent by the same obligor, and (5) the transfer of child support delinquencies to the Franchise Tax Board under subdivision (c) of Section 17500 in support of the local child support agency.

(i) As used in this section, ''out of wedlock'' means that the biological parents of the child were not married to each other at the time of the child's conception.

(j) (1) The local child support agency is the public agency responsible for administering wage withholding for current support for the purposes of Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.).

(2) Nothing in this section shall limit the authority of the local child support agency granted by other sections of this code or otherwise granted by law, except to the extent that the law is inconsistent with the transfer of delinquent child support to the Franchise Tax Board.

(k) In the exercise of the authority granted under this article, the local child support agency may intervene, pursuant to subdivision (b) of Section 387 of the Code of Civil Procedure, by ex parte application, in any action under this code, or other proceeding in which child support is an issue or a reduction in spousal support is sought. By notice of motion, order to show cause, or responsive pleading served upon all parties to the action, the local child support agency may request any relief that is appropriate that the local child support agency is authorized to seek.

(*l*) The local child support agency shall comply with all regulations and directives established by the department that set time standards for responding to requests for assistance in locating noncustodial parents,

establishing paternity, establishing child support awards, and collecting child support payments.

(m) As used in this article, medical support activities that the local child support agency is authorized to perform are limited to the following:

(1) The obtaining and enforcing of court orders for health insurance coverage.

(2) Any other medical support activity mandated by federal law or regulation.

(n) (1) Notwithstanding any other law, venue for an action or proceeding under this division shall be determined as follows:

(A) Venue shall be in the superior court in the county that is currently expending public assistance.

(B) If public assistance is not currently being expended, venue shall be in the superior court in the county where the child who is entitled to current support resides or is domiciled.

(C) If current support is no longer payable through, or enforceable by, the local child support agency, venue shall be in the superior court in the county that last provided public assistance for actions to enforce arrearages assigned pursuant to Section 11477 of the Welfare and Institutions Code.

(D) If subparagraphs (A), (B), and (C) do not apply, venue shall be in the superior court in the county of residence of the support obligee.

(E) If the support obligee does not reside in California, and subparagraphs (A), (B), (C), and (D) do not apply, venue shall be in the superior court of the county of residence of the obligor.

(2) Notwithstanding paragraph (1), if the child becomes a resident of another county after an action under this part has been filed, venue may remain in the county where the action was filed until the action is completed.

(o) The local child support agency of one county may appear on behalf of the local child support agency of any other county in an action or proceeding under this part.

SEC. 4. Section 17422 of the Family Code is amended to read:

17422. (a) The state medical insurance form required in Article 1 (commencing with Section 3750) of Chapter 7 of Part 1 of Division 9 shall include, but shall not be limited to, all of the following:

(1) The parent or parents' names, addresses, and social security numbers.

(2) The name and address of each parent's place of employment.

(3) The name or names, addresses, policy number or numbers, and coverage type of the medical insurance policy or policies of the parents, if any.

(4) The name, CalWORKs case number, social security number, and Title IV-E foster care case number or Medi-Cal case numbers of the parents and children covered by the medical insurance policy or policies.

(b) (1) In any action brought or enforcement proceeding instituted by the local child support agency under this division for payment of child or spousal support, a completed state medical insurance form shall be obtained and sent by the local child support agency to the State Department of Health Services in the manner prescribed by the State Department of Health Services.

(2) Where it has been determined under Section 3751 that health insurance coverage is not available at no or reasonable cost, the local child support agency shall seek a provision in the support order that provides for health insurance coverage should it become available at no or reasonable cost.

(3) Health insurance coverage shall be considered reasonable in cost if it is employment-related group health insurance or other group health insurance, regardless of the service delivery mechanism. As used in this section, ''health insurance coverage'' also includes providing for the delivery of health care services by a fee for service, health maintenance organization, preferred provider organization, or any other type of health care delivery system under which medical services could be provided to the dependent child or children of an absent parent.

(c) (1) The local child support agency shall request employers and other groups offering health insurance coverage that is being enforced under this division to notify the local child support agency if there has been a lapse in insurance coverage. The local child support agency shall be responsible for forwarding information pertaining to the health insurance policy secured for the dependent children for whom the local child support agency is enforcing the court-ordered medical support to the custodial parent.

(2) The local child support agency shall periodically communicate with the State Department of Health Services to determine if there have been lapses in health insurance coverage for public assistance applicants and recipients. The State Department of Health Services shall notify the local child support agency when there has been a lapse in court-ordered insurance coverage.

(3) The local child support agency shall take appropriate action, civil or criminal, to enforce the obligation to obtain health insurance when there has been a lapse in insurance coverage or failure by the responsible parent to obtain insurance as ordered by the court.

(4) The local child support agency shall inform all individuals upon their application for child support enforcement services that medical support enforcement services are available.

SEC. 5. Section 17430 of the Family Code is amended to read:

17430. (a) Notwithstanding any other provision of law, in any action filed by the local child support agency pursuant to Section 17400, 17402, or 17404, a judgment shall be entered without hearing, without the presentation of any other evidence or further notice to the defendant, upon the filing of proof of service by the local child support agency evidencing that more than 30 days have passed since the simplified summons and complaint, proposed judgment, blank answer, blank income and expense declaration, and all notices required by this division were served on the defendant.

(b) If the defendant fails to file an answer with the court within 30 days of having been served as specified in subdivision (d) of Section 17400, or at any time before the default judgment is entered, the proposed judgment filed with the original summons and complaint shall be conformed by the court as the final judgment and a copy provided to the local child support agency, unless the local child support agency has filed a declaration and amended proposed judgment pursuant to subdivision (c).

(c) If the local child support agency receives additional financial information within 30 days of service of the complaint and proposed judgment on the defendant and the additional information would result in a support order that is different from the amount in the proposed judgment, the local child support agency shall file a declaration setting forth the additional information and an amended proposed judgment. The declaration and amended proposed judgment shall be served on the defendant in compliance with Section 1013 of the Code of Civil Procedure or otherwise as provided by law. The defendant's time to answer or otherwise appear shall be extended to 30 days from the date of service of the declaration and amended proposed judgment.

(d) Upon entry of the judgment, the clerk of the court shall provide a conformed copy of the judgment to the local child support agency. The local child support agency shall mail by first-class mail, postage prepaid, a notice of entry of judgment by default and a copy of the judgment to the defendant to the address where he or she was served with the summons and complaint and last known address if different from that address.

SEC. 6. Section 17432 of the Family Code is amended to read:

17432. (a) In any action filed by the local child support agency pursuant to Section 17400, 17402, or 17404, the court may, on any terms that may be just, relieve the defendant from that part of the judgment or order concerning the amount of child support to be paid. This relief may be granted after the six-month time limit of Section 473 of the Code of Civil Procedure has elapsed, based on the grounds, and within the time limits, specified in this section.

(b) This section shall apply only to judgments or orders for support that were based upon presumed income as specified in subdivision (d) of Section 17400 and that were entered after the entry of the default of the defendant under Section 17430. This section shall apply only to the amount of support ordered and not that portion of the judgment or order concerning the determination of parentage.

(c) The court may set aside the child support order contained in a judgment described in subdivision (b) if the defendant's income was substantially different for the period of time during which judgment was effective compared with the income the defendant was presumed to have. A ''substantial difference'' means that amount of income that would result in an order for support that deviates from the order entered by default by 20 percent or more. If the difference between the defendant's actual income and the presumed income would result in an order for support that deviates from the order entered by default by less than 20 percent, the court may set aside the child support order only if the court states, in writing or on the record, that the defendant is experiencing an extreme financial hardship due to the circumstances enumerated in Section 4071 and that a set aside of the default judgment is necessary to accommodate those circumstances.

(d) Application for relief under this section shall be accompanied by a copy of the answer or other pleading proposed to be filed together with an income and expense declaration or simplified financial statement and tax returns for any relevant years. The Judicial Council may combine the application for relief under this section and the proposed answer into a single form.

(e) The burden of proving that the actual income of the defendant deviated substantially from the presumed income shall be on the defendant.

(f) A motion for relief under this section shall be filed within 90 days of the first collection of money by the local child support agency or the obligee. The 90-day time period shall run from the date that the local child support agency receives the first collection or from the date that the defendant is served with notice of the collection, whichever date occurs first. If service of the notice is by mail, the date of service shall be as specified in Section 1013 of the Code of Civil Procedure.

(g) In all proceedings under this section, before granting relief, the court shall consider the amount of time that has passed since the entry of the order, the circumstances surrounding the defendant's default, the relative hardship on the child or children to whom the duty of support is owed, the caretaker parent, and the defendant, and other equitable factors that the court deems appropriate.

(h) If the court grants the relief requested, the court shall issue a new child support order using the appropriate child support guidelines

currently in effect. The new order shall have the same commencement date as the order set aside.

SEC. 6.5. Section 17526 of the Family Code is amended to read:

17526. (a) Upon request of an obligor or obligee, the local child support agency shall review the amount of arrearages alleged in a statement of arrearages that may be submitted to the local child support agency by an applicant for child support enforcement services. The local child support agency shall complete the review in the same manner and pursuant to the same timeframes as a complaint submitted pursuant to Section 17800. In the review, the local child support agency shall consider all evidence and defenses submitted by either parent on the issues of the amount of support paid or owed.

(b) The local child support agency may, in its discretion, suspend enforcement or distribution of arrearages if it believes there is a substantial probability that the result of the administrative review will result in a finding that there are no arrearages.

(c) Any party to an action involving child support enforcement services of the local child support agency may request a judicial determination of arrearages. The party may request an administrative review of the alleged arrearages prior to requesting a judicial determination of arrearages. The local child support agency shall complete the review in the same manner and pursuant to the same timeframes specified in subdivision (a). Any motion to determine arrearages filed with the court shall include a monthly breakdown showing amounts ordered and amounts paid, in addition to any other relevant information.

(d) A county that submits a claim for reimbursement as a state-mandated local program of costs incurred with respect to the administrative review of alleged child support arrearages under this section shall be ineligible for state subventions or, to the extent permitted by federal law, state-administered federal subventions, for child support in the amount of any local costs under this section.

SEC. 7. Section 17600 of the Family Code is amended to read:

17600. (a) The Legislature finds and declares all of the following:

(1) The Legislative Analyst has found that county child support enforcement programs provide a net increase in revenues to the state.

(2) The state has a fiscal interest in ensuring that county child support enforcement programs perform efficiently.

(3) The state does not provide information to counties on child support enforcement programs, based on common denominators that would facilitate comparison of program performance.

(4) Providing this information would allow county officials to monitor program performance and to make appropriate modifications to improve program efficiency.

(5) This information is required for effective management of the child support program.

(b) (1) Except as provided in paragraph (2), commencing with the 1998–99 fiscal year, and for each fiscal year thereafter, each county that is participating in the state incentive program described in Section 17704 shall provide to the department, and the department shall compile from this county child support information, quarterly and annually, all of the following performance-based data, as established by the federal incentive funding system, provided that the department may revise the data required by this paragraph in order to conform to the final federal incentive system data definitions:

(A) One of the following data relating to paternity establishment, as required by the department, provided that the department shall require all counties to report on the same measurement:

(i) The total number of children in the caseload governed by Part D (commencing with Section 451) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 651 et seq.), as of the end of the federal fiscal year, who were born to unmarried parents for whom paternity was established or acknowledged, and the total number of children in that caseload, as of the end of the preceding federal fiscal year, who were born to unmarried parents.

(ii) The total number of minor children who were born in the state to unmarried parents for whom paternity was established or acknowledged during a federal fiscal year, and the total number of children in the state born to unmarried parents during the preceding federal fiscal year.

(C) The total dollars collected during the federal fiscal year for current support in cases governed by Part D (commencing with Section 451) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 651 et seq.) and the total number of dollars owing for current support during that federal fiscal year in cases governed by those provisions.

(D) The total number of cases for the federal fiscal year governed by Part D (commencing with Section 451) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 651 et seq.) in which payment was being made toward child support arrearages and the total number of cases for that fiscal year governed by these federal provisions that had child support arrearages.

(E) The total number of dollars collected and expended during a federal fiscal year in cases governed by Part D (commencing with Section 451) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 651 et seq.).

(2) A county may apply for an exemption from any or all of the reporting requirements of paragraph (1) for the 1998–99 state fiscal year or any quarter of that fiscal year, as well as for the first quarter of the 1999–2000 fiscal year, by submitting an application for the exemption to the department at least three months prior to the commencement of the fiscal year or quarter for which the exemption is sought. A county shall provide a separate justification for each data element under paragraph (1) for which the county is seeking an exemption and the cost to the county of providing the data. The department may not grant an exemption for more than one year. The department may grant a single exemption only if both of the following conditions are met:

(A) The county cannot compile the data being sought through its existing automated system or systems.

(B) The county cannot compile the data being sought through manual means or through an enhanced automated system or systems without significantly harming the child support collection efforts of the county.

(c) Except as provided in paragraph (6), before implementation of the statewide automated system, in addition to the information required by subdivision (b), the department shall collect, on a monthly basis, from each county that is participating in the state incentive program described in Section 17704, information on the local child support agency beginning with the 1998–99 fiscal year, and for each subsequent fiscal year, shall report semiannually on all of the following measurements:

(1) For each of the following support collection categories, the number of cases with support collected shall include only the number of cases actually receiving a collection, not the number of payments received. (4) The number of cases requiring that a support order be established and the number of cases that had a support order established during the period. A support order shall be counted as established only when the appropriate court has issued an order for child support, including an order for temporary child support, or an order for medical support.

SEC. 8. Section 17602 of the Family Code is amended to read:

17602. (a) Not later than January 1, 2001, the department shall adopt performance standards, in consultation with local child support agencies, that each local child support agency is required to comply with on a quarterly basis. The performance standards shall include, at a minimum, measurements for each of the following:

(1) Percent of cases with a court order for current support.

(2) Percent of cases with collections of current support.

(3) Average amount collected per case for all cases with collections.

(4) Percent of cases with an order for arrears.

(5) Percent of cases with arrears collections.

(6) Percent of alleged fathers or obligors who were served with a summons and complaint to establish paternity or a support order during the period.

(7) Percent of children for whom paternity has been established during the period.

(8) Percent of cases that had a support order established during the period.

(9) Total child support dollars collected per one dollar ($1) of total expenditure.

(10) Any other measurements that the director determines to be an appropriate determination of a local child support agency's performance.

(b) In determining the performance measures in subdivision (a), the department shall consider the total amount of uncollected child support arrearages that are realistically collectible. The director shall analyze, in consultation with local child support agencies and child support advocates, the current amount of uncollected child support arrearages statewide and in each county to determine the amount of child support that may realistically be collected. The director shall consider, in conducting the analysis, factors that may influence collections, including demographic factors such as welfare caseload, levels of poverty and unemployment, rates of incarceration of obligors, and age of delinquencies. The director shall use this analysis to establish program priorities as provided in paragraph (7) of subdivision (b) of Section 17306.

(c) The department shall use the performance-based data, and the criteria for that data, as set forth in Section 17600 to determine a local child support agency's performance measures for the quarter.

(d) The director shall adopt a three phase process to be used statewide when a local child support agency is out of compliance with the performance standards adopted pursuant to subdivision (a), or the director determines that the local child support agency is failing in a substantial manner to comply with any provision of the state plan, the provisions of this code, the requirements of federal law, the regulations of the department, or the cooperative agreement. The director shall adopt policies as to the implementation of each phase, including requirements for measurement of progress and improvement which shall be met as part of the performance improvement plan specified in paragraphs (1) and (2), in order to avoid implementation of the next phase of compliance. The director shall not implement any of these phases until July 1, 2001, or until six months after a local child support agency has completed its transition from the office of the district attorney to the new county department of child support services, whichever is later. The phases shall include the following:

(1) Phase I: Development of a performance improvement plan that is prepared jointly by the local child support agency and the department, subject to the department's final approval. The plan shall provide performance expectations and goals for achieving compliance with the state plan and other state and federal laws and regulations that must be reviewed and assessed within specific timeframes in order to avoid execution of Phase II.

(2) Phase II: Onsite investigation, evaluation and oversight of the local child support agency by the department. The director shall appoint program monitoring teams to make site visits, conduct educational and training sessions, and help the local child support agency identify and attack problem areas. The program monitoring teams shall evaluate all aspects of the functions and performance of the local child support agency, including compliance with state and federal laws and regulations. Based on these investigations and evaluations, the program monitoring team shall develop a final performance improvement plan and shall oversee implementation of all recommendations made in the plan. The local child support agency shall adhere to all recommendations made by the program monitoring team. The plan shall provide performance expectations and compliance goals that must be reviewed and assessed within specific timeframes in order to avoid execution of Phase III.

(3) Phase III: The director shall assume, either directly or through agreement with another entity, responsibility for the management of the child and spousal support enforcement program in the county until the local child support agency provides reasonable assurances to the director of its intention and ability to comply. During the period of state management responsibility, the director or his or her authorized representative shall have all of the powers and responsibilities of the local child support agency concerning the administration of the program. The local child support agency shall be responsible for providing any funds as may be necessary for the continued operation of the program. If the local child support agency fails or refuses to provide these funds, including a sufficient amount to reimburse any and all costs incurred by the department in managing the program, the Controller may deduct an amount certified by the director as necessary for the continued operation of the program by the department from any state or federal funds payable to the county for any purpose.

(e) The director shall report in writing to the Legislature semiannually, beginning July 1, 2001, on the status of the state child support enforcement program. The director shall submit data semiannually to the Legislature, the Governor, and the public, on the progress of all local child support agencies in each performance measure, including identification of the local child support agencies that are out of compliance, the performance measures that they have failed to satisfy, and the performance improvement plan that is being taken for each.

SEC. 9. Section 17700 of the Family Code is repealed.

SEC. 10. Section 17704 of the Family Code is amended to read:

17704. (a) For the 1998–99 fiscal year the department shall pay to each county a child support incentive payment. Every county shall

receive the federal child support incentive. A county shall receive the state child support incentive if it elects to do both of the following:

(1) Comply with the reporting requirements of Section 17600 while federal financial participation is available for collecting and reporting data.

(2) Comply with federal and state child support laws and regulations, or has a corrective action plan certified by the department pursuant to Section 17702. The combined federal and state incentive payment shall be 13.6 percent of distributed collections. If the amount appropriated by the Legislature for the state incentives is less than the amount necessary to satisfy each county's actual incentives pursuant to this section, each county shall receive its proportional share of incentives.

(b) (1) Beginning July 1, 1999, the department shall pay to each county a child support incentive for child support collections. Every county shall receive the federal child support incentive. The combined federal and state incentive payments shall be 13.6 percent of distributed collections. In addition to the federal child support incentive, each county may also receive a state child support incentive. Subject to subdivision (c), a county shall receive the state child support incentive if it elects to do both of the following:

(A) Comply with the reporting requirements of Section 17600 while federal financial participation is available for collecting and reporting data.

(B) Be in compliance with federal and state child support laws and regulations, or have a performance improvement plan certified by the department pursuant to Section 17702.

(2) (A) For purposes of paragraph (1), the federal incentive component shall be each county's share of the child support incentive payments that the state receives from the federal government, based on the county's collections.

(B) (i) Effective July 1, 1999, and annually thereafter, state funds appropriated for child support incentives shall first be used to fund the administrative costs incurred by local child support agencies in administering the child support program, excluding automation costs as set forth in Section 10085 of the Welfare and Institutions Code, after subtracting all federal financial participation for administrative costs and all federal child support incentives received by the state and passed on to the local child support agencies. The department shall allocate sufficient resources to each local child support agency to fully fund the remaining administrative costs of its budget as approved by the director pursuant to paragraph (9) of subdivision (b) of Section 17306, subject to the appropriation of funding in the annual Budget Act. No later than January 1, 2000, the department shall identify allowable administrative costs that may be claimed for reimbursement from the state, which shall

be limited to reasonable amounts in relation to the scope of services and the total funds available. If the total amount of administrative costs claimed in any year exceeds the amount appropriated in the Budget Act, the amount provided to local child support agencies shall be reduced by the percentage necessary to ensure that projected General Fund expenditures do not exceed the amount authorized in the Budget Act.

(ii) Effective July 1, 2001, and annually thereafter, after allowable administrative costs are funded under clause (i), the department shall use any remaining unallocated incentive funds appropriated from the prior fiscal year which are hereby reappropriated to implement an incentive program that rewards up to 10 local child support agencies in each year, based on their performance or increase in performance on one or more of the federal performance standards set forth in Section 458 of the federal Social Security Act (42 U.S.C. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. (b) An employer that is required by this code or any regulation adopted pursuant to this code to keep the information required by subdivision (a) shall afford current and former employees the right to inspect or copy the records pertaining to that current or former employee, upon reasonable request to the employer. (c) An employer who receives a written or oral request to inspect or copy records pursuant to subdivision (b) pertaining to a current or former employee shall comply with the request as soon as practicable, but no later than 21 calendar days from the date of the request. Impossibility of performance, not caused by or a result of a violation of law, shall be an affirmative defense for an employer in any action alleging a violation of this subdivision. An employer may designate the person to whom a request under this subdivision will be made.

(d) This section does not apply to any employer of any person employed by the owner or occupant of a residential dwelling whose duties are incidental to the ownership, maintenance, or use of the dwelling, including the care and supervision of children, or whose duties are personal and not in the course of the trade, business, profession, or occupation of the owner or occupant.

(e) An employee suffering injury as a result of a knowing and intentional failure by an employer to comply with subdivision (a) is entitled to recover the greater of all actual damages or fifty dollars ($50) for the initial pay period in which a violation occurs and one hundred dollars ($100) per employee for each violation in a subsequent pay period, not exceeding an aggregate penalty of four thousand dollars

(h) This section does not apply to the state, or any city, county, city and county, district, or any other governmental entity.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(c) The requirements and conditions for funding charter school facilities in this section and in Article 12 (commencing with Section 17078.50) are intended to regulate only the funding of facilities under this chapter, and are not intended to expand, narrow, or raise any inference regarding, the nature or scope of any other law that is applicable to charter school governance, organization, or operation.

(d) Subdivisions (a) and (b) apply only to projects funded with the proceeds of state bonds approved by the voters after January 1, 2002.

SEC. 3. Section 17071.75 of the Education Code, as amended by Chapter 33 of the Statutes of 2002, is amended to read:

17071.75. After a one-time initial report of existing school building capacity has been completed, a school district's ongoing eligibility for new construction funding shall be determined by making all of the following calculations:

(a) Each school district that applies to receive funding for new construction shall calculate enrollment projections for the fifth year beyond the fiscal year in which the application is made. Projected enrollment shall be determined by utilizing the cohort survival enrollment projection system, as defined and approved by the board. The board may supplement the cohort survival enrollment projection by the number of unhoused pupils that are anticipated as a result of dwelling units proposed pursuant to approved and valid tentative subdivision maps.

(b) Add the number of pupils that may be adequately housed in the existing school building capacity of the applicant district as determined pursuant to Article 2 (commencing with Section 17071.10) to the number of pupils for which facilities were provided from any state or local funding source after the existing school building capacity was determined pursuant to Article 2 (commencing with Section 17071.10). For this purpose, the total number of pupils for which facilities were provided shall be determined using the pupil loading formula set forth in Section 17071.25.

(c) Subtract the number of pupils pursuant to subdivision (b) from the number of pupils determined pursuant to subdivision (a).

(d) The calculations required to establish eligibility under this article shall result in a distinction between the number of existing unhoused pupils and the number of projected unhoused pupils.

(e) Apply the increase or decrease resulting from the difference between the most recent report made pursuant to Section 42268, and the report used in determining the school district's baseline capacity pursuant to subdivision (a) of Section 17071.25.

(f) For a school district with an enrollment of 2,500, or less, an adjustment in enrollment projections shall not result in a loss of ongoing eligibility to that school district for a period of three years from the date of the approval of eligibility by the board.

SEC. 4. Section 17072.13 of the Education Code is amended to read:

17072.13. In addition to the amounts provided pursuant to Sections 17072.10 and 17072.12, the board may provide site acquisition and hazardous materials evaluation and response action funding for proposed new schoolsites as follows:

Except as provided in subdivision (b), the funding provided pursuant to this section may not exceed 50 percent of the total evaluation and response action costs, including, but not limited to, the costs of the removal of hazardous waste or solid waste, the removal of hazardous substances, or other response action, as determined by the Department of Toxic Substances Control, in connection with hazardous substances at that site, pursuant to standards adopted by the board.

(2) For projects eligible for funding under this subdivision, the total state share of the site acquisition costs, including evaluation and response action, shall not exceed 50 percent of $1^1/_2$ times the appraised value of the uncontaminated site. However, the board may exceed this maximum for projects that demonstrate circumstances of extreme need.

(b) (1) The board may provide funding for up to 100 percent of the cost of the evaluation of hazardous materials at a site to be acquired by a school district eligible for financial hardship assistance pursuant to Article 8 (commencing with Section 17075.10) and for up to 100 percent of the other response action costs for the site. The funding provided pursuant to this subdivision may not exceed 100 percent of the total evaluation and response action costs, including, but not limited to, the costs of the removal of hazardous waste or solid waste, the removal of hazardous substances, or other response action, as determined by the

Department of Toxic Substances Control, in connection with hazardous substances at that site, pursuant to standards adopted by the board.

(2) The board may provide funding pursuant to this subdivision only if the State Department of Education certifies that the site is the best available site considering all of the following factors in relation to other available sites:

(A) The total costs of the project, including, but not limited to, costs of evaluation and response action.

(B) The desirability of the site, considering its proximity to pupils and suitability for meeting the educational and safety needs of the school district.

(C) The time required to fully complete the project in relation to the current and projected need for school facilities.

(3) For projects eligible for funding under this subdivision, the total state share of the site acquisition costs, including evaluation and response action, shall not exceed 100 percent of $1^1/_2$ times the appraised value of the uncontaminated site. However, the board may exceed this maximum for projects that demonstrate circumstances of extreme need.

(c) A school district with a proposed site that meets the environmental hardship criteria set forth in paragraph (1) may apply to the board for site acquisition, including, but not limited to, evaluation and response action, funding for that site prior to having construction plans for that site approved by the Division of the State Architect and State Department of Education.

(1) A project is eligible for environmental hardship site acquisition funding if both of the following apply:

(A) The preparation and implementation of a response action for the site, to be approved by the Department of Toxic Substances Control pursuant to Section 17213, is estimated by the Department of Toxic Substances Control to take six months or more to complete.

(B) The State Department of Education determines that the site is the best available alternative site.

(2) The initial site-specific reservation pursuant to this subdivision shall be for a period of one year. Extension may be approved in one-year intervals upon demonstration to the State Allocation Board of progress toward acquisition, including, but not limited to, evaluation or response, as the case may be. In the event there is not demonstrable progress, the State Allocation Board shall have the option of rescinding the reservation.

(3) Environmental hardship site acquisition funds approved by the State Allocation Board can be used only for the site identified in the response action approved by the Department of Toxic Substances Control.

(4) The date that the State Allocation Board approves the environmental hardship site acquisition funding will become the State Allocation Board approval date for the project's construction funding for that site.

(5) A school district may apply to the State Allocation Board for construction funding for the environmental hardship site when the project has received final Division of the State Architect plan approval and final State Department of Education site and plan approval.

(d) The cost incurred by the school districts when complying with any requirement identified in this section are allowable costs for purposes of an applicant under this chapter and may be reimbursed in accordance with this section.

(e) The State Allocation Board shall develop regulations that allow school districts with financial hardship site acquisition, including, but not limited to, evaluation and response action, funding prior to ownership of the site or evidence that the site is in escrow.

SEC. 5. Section 17072.18 of the Education Code is amended to read:

17072.18. (a) (1) The board may provide evaluation and response action funding for response costs of the removal of hazardous waste or solid waste, the removal of hazardous substances, or other response action in connection with hazardous substances at an existing schoolsite, in the same manner as provided in Section 17072.13.

(2) Funding as set forth in paragraph (1) may be provided to a school district that has not applied for, or received, funds from the board for the acquisition of a new schoolsite, but which has incurred, or will incur, response costs necessary for the development of the existing schoolsite, if the school district is otherwise eligible for funding under this chapter.

(b) A school district may apply for funding pursuant to this section prior to having construction plans for that site approved by the Division of the State Architect or by the State Department of Education if the school district is otherwise eligible for funding under this chapter.

SEC. 6. Section 17072.20 of the Education Code is amended to read:

17072.20. (b) The application shall include, but shall not be limited to, the school district's determination of the amount of state funding that the district is otherwise eligible for relating to site acquisition, site development, new construction, and hardship funding provided

pursuant to Article 8 (commencing with Section 17075.10), if any. The amount shall be reduced by the amount of the alternative fee collected pursuant to subdivision (a) of Section 65995.7 of the Government Code if a reimbursement election or agreement pursuant to Section 65995.7 of the Government Code is not in effect.

(c) The board shall verify and adjust, as necessary, and approve the district's application.

If state funds are insufficient to fund all qualifying school districts, the board shall fund all qualifying school districts in the order in which the application for funding was approved by the board.

(b) This section shall apply only to an application filed on or before April 29, 2002, regardless of the source of state bond funding.

SEC. 11. Section 17077.45 of the Education Code is amended to read:

(1) For a project application qualifying for funding under paragraph (1) or (2) of subdivision (b) of Section 17077.40, the supplemental grant shall be in the form of an adjustment to the per-pupil eligibility of the project. This per-pupil eligibility adjustment shall be calculated to cover costs associated with the project that are uniquely related to the joint-use nature of the project, including, but not limited to, any increased costs associated with planning the joint-use aspect of the project.

(2) For a project application qualifying under paragraph (3) of subdivision (b), the supplemental grant may be provided without regard to the existence of per-pupil eligibility pursuant to this chapter, and may be expressed on per-square-foot cost basis, on a per-pupil cost basis, or on a per-project cost basis.

The board shall not release funds to a qualifying applicant until the project plans have received all approval required pursuant to this chapter, including, but not limited to, the approval of the Division of the State Architect. If the project does not receive all necessary plan approvals within one year of the date of the apportionment, the board shall rescind the apportionment.

(d) If the total funding for the purposes of this article is not sufficient to fund all of the joint-use projects for funding under this article, the board shall fund projects eligible under paragraphs (1), (2), and (3) of subdivision (b) of Section 17077.40 in that order. The board may establish other priority standards within that order, as necessary.

(e) Except as expressly provided in this article, projects funded pursuant to this article shall comply with all other requirements of this chapter, except for Article 11 (commencing with Section 17078.10), which shall apply only to projects under this article if they also qualify for funding under Article 11 (commencing with Section 17078.10).

(b) This article shall apply only to projects that are funded from the proceeds of bonds authorized pursuant to subparagraph (A) of paragraph (1) of subdivision (a) of Section 100620, if approved by the voters.

(c) The State Allocation Board and the California School Finance Authority shall jointly report to the Legislature by July 1, 2003, regarding all of the following:

(1) The implementation of this article, including, but not limited to, a description of the projects funded pursuant to this article.

(2) A description of the process whereby the board provides funding for charter school facilities under provisions of this chapter other than this article.

(3) Recommendations, if any, regarding statutory changes needed to facilitate and streamline the process.

(d) The Legislature intends to consider the report pursuant to subdivision (c) when determining the best mechanism for providing future state financial assistance for charter school facilities, including, but not limited to, assistance funded with the proceeds of the state bonds authorized pursuant to subparagraph (A) of paragraph (1) of subdivision (a) of Section 100820.

17078.52. (a) There is hereby established the Charter Schools Facilities Program to provide funding to qualifying entities for the purpose of establishing school facilities for charter school pupils.

(b) The Charter School Facilities Account is hereby established within the 2002 State School Facilities Fund established pursuant to subdivision (b) of Section 17070.40. The proceeds of bonds as set forth in subparagraph (A) of paragraph (1) of subdivision (a) of Section 100620, as set forth in Chapter 33 of the Statutes of 2002, if approved by the voters, shall be deposited into the Charter School Facilities Account for the purposes of this article. Notwithstanding Section 13340 of the Government Code, funds deposited into the account are hereby continuously appropriated for the purposes of this article.

(c) As used in this article, the following terms have the following meanings:

(1) ''Authority'' means the California School Finance Authority established pursuant to Section 17172.

(2) ''Account'' means the Charter School Facilities Account established within the 2002 State School Facilities Fund pursuant subdivision (b).

(3) ''Preliminary apportionment'' means an apportionment made for eligible applicants under this article in advance of full compliance with all of the application requirements otherwise required for an apportionment pursuant to this chapter. The process for making preliminary apportionments under this article shall be substantially identical to the process established for critically overcrowded schools pursuant to Sections 17078.22 to 17078.30, inclusive.

(4) ''Financially sound'' means a charter school that has demonstrated, over a period of time determined by the authority, but not less than than 24 months immediately preceding the submission of the application, that it is a financially capable concern, as measured by criteria established by the authority.

(d) The board shall, from time to time, transfer funds within the account to the California School Finance Authority Fund for the purposes of this article pursuant to the request of the authority as set forth in this article.

17078.53. (a) The initial preliminary applications for projects to be funded pursuant to this article shall be submitted to the board by March 31, 2003.

(b) Thereafter, the board may establish subsequent application periods as needed.

(c) Preliminary applications may be submitted by eligible applicants as set forth in this article by either of the following:

(1) A school district on behalf of a charter school that is physically located within the geographical jurisdiction of the school district.

(2) A charter school on its own behalf if the charter school has notified both the superintendent and the governing board of the school district in which it is physically located of its intent to do so in writing at least 30 days prior to submission of the preliminary application.

(d) The board, after consideration of the recommendations of the authority regarding whether a charter school is financially sound, shall approve the preliminary application and shall make the preliminary apportionment for funding pursuant to this article.

(e) The board shall establish a process to ensure that pupil attendance in a charter school that is physically located within the geographical jurisdiction of a school district is counted as per-pupil eligibility for that school district and to ensure that the same per-pupil attendance is not so counted for any other school district or other applicant under this chapter.

17078.54. (a) An eligible project under this article shall include funding, as permitted by this chapter, for new construction of a school facility for charter school pupils, as set forth in this article. A new construction project may include, but is not limited to, the cost of purchasing and retrofitting an existing building, but shall not exceed the amounts set forth in subdivision (b).

(b) The maximum amount of the funding pursuant to this article shall be determined by calculating the charter school's per-pupil grant amount plus other allowable costs as set forth in this chapter. Funding shall be provided by the authority for new facility construction as set forth in Section 17078.58.

(c) To be funded under this article, a project shall comply with all of the following:

(1) (A) It shall meet all the requirements regarding public school construction, plan approvals, toxic substance review, site selection, and site approval, as would any noncharter school project of a school district under this chapter, including, but not limited to, regulations adopted by the State Architect pursuant to Section 17280.5 relating to the retrofitting of existing buildings, as applicable.

(B) Notwithstanding any provision of law to the contrary, including, but not limited to subparagraph (A), the board, after consulting with the relevant regulatory agencies, shall, to the extent feasible, adopt regulations establishing a process for projects to be subject to a streamlined method for obtaining regulatory approvals for all requirements described in subparagraph (A), except for the requirements

of the Field Act as defined in Section 17281 which shall be complied within the same manner as any other project under this chapter.

(2) It shall fund only new construction to be physically located within the geographical jurisdiction of a school district that has demonstrated construction grant eligibility as determined pursuant to Section 17072.10, and subdivision (e) of Section 17078.53, for at least the number of pupils set forth in the per-pupil grant request contained in the application.

(d) Facilities funded pursuant to this article shall have a 50 percent local share matching obligation that may be paid by the applicant through lease payments in lieu of the matching share, or as otherwise set forth in this article, including, but not limited to, Section 17078.58.

(e) The authority may charge its administrative costs against the Charter School Facilities Account, which shall be subject to the approval of the Department of Finance and which shall not exceed 2.5 percent of the account.

17078.56. (a) The board, in consultation with the authority, shall approve projects pursuant to this article as otherwise set forth in this chapter, and shall make preliminary apportionments only to financially sound applicants in accordance with all of the following criteria:

(1) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of the various geographical regions of the state.

(2) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of urban, rural, and suburban regions of the state.

(3) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of large, medium, and small charter schools throughout the state.

(4) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of the various grade levels of pupils served by charter school applicants throughout the state.

(b) While ensuring that the requirements of subdivision (a) are met when considering all approved projects under this article as a whole, the board shall, within each factor of the criteria set forth in subdivision (a), give a preference to charter schools in overcrowded school districts, charter schools in low-income areas, and charter schools operated by not-for-profit entities.

17078.57. (a) The authority, in consultation with the board, shall adopt regulations establishing uniform terms and conditions that shall apply equally to all projects for funding in accordance with Section 17078.58, including, but not limited to, all of the following:

(1) The process for determining the manner in which the applicant will pay its local matching share, including the method for determining any lease payments to be made in lieu of the local matching share. The regulations shall comply with all of the following criteria:

(A) The payment process set forth in Section 17199.4 may be used.

(B) The payment process shall permit lump-sum local matching payments and shall permit establishment of a schedule for lease payments to be made in lieu of the local matching share.

(C) The lease payment schedule shall be calculated by amortizing one-half of the total approved project costs, minus any lump-sum payments, over the entire payment period as set forth in Section 17078.58.

(D) The payment schedule for lease payments in lieu of the local matching funds pursuant to this section shall be based upon payment, within a reasonable period of time not to exceed a 30-year period, of one-half of the total eligible project costs, and shall be calculated in a manner that is designed to result in full payment of that portion, together with interest thereon at the rate paid on moneys in the Pooled Money Investment Account as of the date of disbursement of the funding.

(2) The method for determining whether a charter school is financially sound. In the case of a charter school chartered by a school district that is located outside of the school district that chartered it, the method developed by the authority shall include, but shall not be limited to, a site visit to the school facility currently being used by the charter school during hours when pupils are present and instruction is being provided.

(3) (A) Security provisions, including, but not limited to, the requirement that title to project facilities be held by the school district in which the facility is to be physically located, in trust, for the benefit of the state public school system.

(B) The authority shall adopt a mechanism whereby a person or entity who provides a substantial contribution that is applied to the costs of the project in excess of the state share and the local matching share may be granted a security interest to be satisfied from the proceeds, if any, realized when the property is ultimately disposed of as set forth in paragraph (5) of subdivision (b) of Section 17078.62.

(4) The method for integrating funding pursuant to this article with the authority's general procedures pursuant to subdivision (i) of Section 17180 for otherwise funding projects eligible for funding under this chapter, if appropriate.

(5) The process to be used for release of funds for approved projects pursuant to this article.

(b) The initial regulations shall be deemed to be emergency regulations.

17078.58. (a) Funding granted pursuant to this article may not exceed 100 percent of the total allowable project costs as determined by calculating double the per-pupil grant eligibility as set forth in Section 17072.10, and subdivision (e) of Section 17078.53, plus 100 percent of all other allowable construction project costs, as appropriate to the project, that would otherwise be available to school district projects as set forth in this chapter.

(b) The local share equivalent shall be collected in the form of lease payments or otherwise as set forth in this article.

(c) Lease payments in lieu of local share payments, and any other local share payments made pursuant to this article, shall be made to the State Allocation Board for deposit into the account. Funds deposited into the account pursuant to this section may be used by the board only for a purpose related to charter school facilities pursuant to this article.

17078.62. (a) As a first priority, the existing charter school shall be permitted to continue to use the facility until it is no longer needed by the charter school for charter school purposes.

(b) If the charter school occupying a facility funded pursuant to this article ceases to utilize the facility for a charter school purpose, all of the following apply:

(1) If the charter school is no longer using the facility because the school district in which the charter school is located has revoked or declined to renew the charter, the school district, as a necessary component of the first priority established in subdivision (a), shall not immediately occupy the facility, but shall allow a reasonable time, not to exceed six months, for completion of the review process contemplated in Section 47607 or 47607.5.

(2) As a second priority, any qualifying successor charter school shall be permitted to meet its facility needs by occupying the facility on equal terms as the prior charter school occupant.

(3) As a third priority, the school district in which the charter school is physically located may notify the authority and take possession of the facility and make the facility available for continued use as a public school facility.

(4) If the school district in which the charter school is physically located elects to take possession of a facility pursuant to paragraph (3), it shall pay the balance of the unpaid local matching share or demonstrate that it is willing and able to continue to make the lease payments in lieu of the local matching share on the same terms. However, the payments shall be reduced or eliminated, as appropriate, if the school district complies with all of the following:

(A) It demonstrates that it would have been eligible for hardship funding under Article 8 (commencing with Section 17075.10) at the

time that the application for funding the facility under this article was originally submitted.

(B) It certifies to the board that it will utilize the facilities for public school purposes for a period of at least five years from the date that it occupies the facility.

(5) If the school district declines to take possession pursuant to paragraph (3), or if the facility is subsequently no longer needed for public school purposes, the school district shall dispose of the facilities in a manner otherwise applicable to the disposal of surplus public schoolsites. Any unpaid local matching share shall be paid from the net proceeds, if any, of the disposition and shall be deposited into the account. To the extent that funds remain from the proceeds of the disposition after repayment of the local matching share, any security interest granted to a person or entity pursuant to subparagraph (B) of paragraph (3) of subdivision (a) of Section 17078.57 shall be satisfied.

(6) If the lease payments in lieu of the local matching share are fully paid, the school district shall continue to hold title to the facility, in trust, for the benefit of the state public school system. The school district shall permit continued use of the facility for charter school purposes as long as the facility is needed for those purposes.

17078.64. (a) In lieu of applying for funding under this article, a school district may elect to include facilities for a charter school that would be physically located within its geographical jurisdiction within its application for funding pursuant to the general provisions of this chapter, other than this article. However, the project would be outside the scope of this article, would not be subject to its provisions, and shall comply with this chapter in the same manner as any noncharter project. Moreover, any per-pupil eligibility that is used for that project shall not, also, support any project under this article.

(b) Except for those provisions in which the authority is expressly required or authorized to adopt regulations pursuant to this article, the board in consultation with the authority shall adopt regulations to implement this article. The initial regulations shall be deemed to be emergency regulations.

(c) This article is not applicable to projects funded with the proceeds of state general obligation bonds approved by the voters prior to January 1, 2002.

SEC. 15. Section 17180.5 is added to the Education Code, to read:

17180.5. (a) In addition to the powers authorized pursuant to Section 17180, the authority shall perform its duties under the Charter School Facilities Program to provide funding for facilities for charter school pupils as set forth in Article 12 (commencing with Section 17078.50) of Chapter 12.5.

(b) Notwithstanding any provision of law to the contrary, including, but not limited to, Section 17197, with regard to the authority's implementation of funding for charter school facilities, Article 12 (commencing with Section 17078.50) shall control over conflicting provisions, if any, in this chapter.

SEC. 16. Section 17213.1 of the Education Code is amended to read:

17213.1. As a condition of receiving state funding pursuant to Chapter 12.5 (commencing with Section 17070.10), the governing board of a school district shall comply with subdivision (a), and is not required to comply with subdivision (a) of Section 17213, prior to the acquisition of a schoolsite, or if the school district owns or leases a schoolsite, prior to the construction of a project.

(a) Prior to acquiring a schoolsite, the governing board shall contract with an environmental assessor to supervise the preparation of, and sign, a Phase I environmental assessment of the proposed schoolsite unless the governing board decides to proceed directly to a preliminary endangerment assessment, in which case it shall comply with paragraph (4).

(1) The Phase I environmental assessment shall contain one of the following recommendations:

(A) A further investigation of the site is not required.

(B) A preliminary endangerment assessment is needed, including sampling or testing, to determine the following:

(i) If a release of hazardous material has occurred and, if so, the extent of the release.

(ii) If there is the threat of a release of hazardous materials.

(iii) If a naturally occurring hazardous material is present.

(2) If the Phase I environmental assessment concludes that further investigation of the site is not required, the signed assessment, proof that the environmental assessor meets the qualifications specified in subdivision (b) of Section 17210, and the renewal fee shall be submitted to the Department of Toxic Substances Control. The Department of Toxic Substances Control shall conduct its review and approval, within 30 calendar days of its receipt of that assessment, proof of qualifications, and the renewal fee. In those instances in which the Department of Toxic Substances Control requests additional information after receipt of the Phase I environmental assessment pursuant to paragraph (3), the Department of Toxic Substances Control shall conduct its review and approval within 30 calendar days of its receipt of the requested additional information. If the Department of Toxic Substances Control concurs with the conclusion of the Phase I environmental assessment that a further investigation of the site is not required, the Department of Toxic Substances Control shall approve the Phase I environmental

assessment and shall notify, in writing, the State Department of Education and the governing board of the school district of the approval.

(3) If the Department of Toxic Substances Control determines that the Phase I environmental assessment is not complete or disapproves the Phase I environmental assessment, the department shall inform the school district of the decision, the basis for the decision, and actions necessary to secure department approval of the Phase I environmental assessment. The school district shall take actions necessary to secure the approval of the Phase I environmental assessment, elect to conduct a preliminary endangerment assessment, or elect not to pursue the acquisition or the construction project. To facilitate completion of the Phase I environmental assessment, the information required by this paragraph may be provided by telephonic or electronic means.

(4) (A) If the Department of Toxic Substances Control concludes after its review of a Phase I environmental assessment pursuant to this section that a preliminary endangerment assessment is needed, the Department of Toxic Substances Control shall notify, in writing, the State Department of Education and the governing board of the school district of that decision and the basis for that decision. The school district shall submit to the State Department of Education the Phase I environmental assessment and requested additional information, if any, that was reviewed by the Department of Toxic Substances Control pursuant to that subparagraph. Submittal of the Phase I assessment and additional information, if any, to the State Department of Education shall be prior to the State Department of Education issuance of final site or plan approvals affect by that Phase I assessment.

(B) If the Phase I environmental assessment concludes that a preliminary endangerment assessment is needed, or if the Department of Toxic Substances Control concludes after it reviews a Phase I environmental assessment pursuant to this section that a preliminary endangerment assessment is needed, the school district shall either contract with an environmental assessor to supervise the preparation of, and sign, a preliminary endangerment assessment of the proposed schoolsite and enter into an agreement with the Department of Toxic Substances Control to oversee the preparation of the preliminary endangerment assessment or elect not to pursue the acquisition or construction project. The agreement entered into with the Department of Toxic Substances Control may be entitled an ''Environmental Oversight Agreement'' and shall reference this paragraph. A school district may, with the concurrence of the Department of Toxic Substances Control, enter into an agreement with the Department of Toxic Substances Control to oversee the preparation of a preliminary endangerment assessment without first having prepared a Phase I environmental assessment. Upon request from the school district, the Director of the

Department of Toxic Substances Control shall exercise its authority to designate a person to enter the site and inspect and obtain samples pursuant to Section 25358.1 of the Health and Safety Code, if the director determines that the exercise of that authority will assist in expeditiously completing the preliminary endangerment assessment. The preliminary endangerment assessment shall contain one of the following conclusions:

(i) A further investigation of the site is not required.

(ii) A release of hazardous materials has occurred, and if so, the extent of the release, that there is the threat of a release of hazardous materials, or that a naturally occurring hazardous material is present, or any combination thereof.

(5) The school district shall submit the preliminary endangerment assessment to the Department of Toxic Substances Control for its review and approval and to the State Department of Education for its files. The school district may entitle a document that is meant to fulfill the requirements of a preliminary endangerment assessment a ''preliminary environmental assessment'' and that document shall be deemed to be a preliminary endangerment assessment if it specifically refers to the statutory provisions whose requirements it intends to meet and the document meets the requirements of a preliminary endangerment assessment.

(6) At the same time a school district submits a preliminary endangerment assessment to the Department of Toxic Substances Control pursuant to paragraph (5), the school district shall publish a notice that the assessment has been submitted to the department in a local newspaper of general circulation, and shall post the notice in a prominent manner at the proposed schoolsite that is the subject of that notice. The notice shall state the school district's determination to make the preliminary endangerment assessment available for public review and comment pursuant to subparagraph (A) or (B):

(A) If the school district chooses to make the assessment available for public review and comment pursuant to this subparagraph, it shall offer to receive written comments for a period of at least 30 calendar days after the assessment is submitted to the Department of Toxic Substances Control, commencing on the date the notice is originally published, and shall hold a public hearing to receive further comments. The school district shall make all of the following documents available to the public upon request through the time of the public hearing:

(i) The preliminary endangerment assessment.

(ii) The changes requested by the Department of Toxic Substances Control for the preliminary endangerment assessment, if any.

(iii) Any correspondence between the school district and the Department of Toxic Substances Control that relates to the preliminary endangerment assessment.

For the purposes of this subparagraph, the notice of the public hearing shall include the date and location of the public hearing, and the location where the public may review the documents described in clauses (i) to (iii), inclusive. If the preliminary endangerment assessment is revised or altered following the public hearing, the school district shall make those revisions or alterations available to the public. The school district shall transmit a copy of all public comments received by the school district on the preliminary endangerment assessment to the Department of Toxic Substances Control. The Department of Toxic Substances Control shall complete its review of the preliminary endangerment assessment and public comments received thereon and shall either approve or disapprove the assessment within 30 calendar days of the close of the public review period. If the Department of Toxic Substances Control determines that it is likely to disapprove the assessment prior to its receipt of the public comments, it shall inform the school district of that determination and of any action that the school district is required to take for the Department of Toxic Substances Control to approve the assessment.

(B) If the school district chooses to make the preliminary endangerment assessment available for public review and comment pursuant to this subparagraph, the Department of Toxic Substances Control shall complete its review of the assessment within 60 calendar days of receipt of the assessment and shall either return the assessment to the school district with comments and requested modifications or requested further assessment or concur with the adequacy of the assessment pending review of public comment. If the Department of Toxic Substances Control concurs with the adequacy of the assessment, and the school district proposes to proceed with site acquisition or a construction project, the school district shall make the assessment available to the public on the same basis and at the same time it makes available the draft environmental impact report or negative declaration pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) for the site, unless the document developed pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) will not be made available until more than 90 days after the assessment is approved, in which case the school district shall, within 60 days of the approval of the assessment, separately publish a notice of the availability of the assessment for public review in a local newspaper of general circulation. The school district shall hold a public hearing on the preliminary endangerment assessment

and the draft environmental impact report or negative declaration at the same time, pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code). All public comments pertaining to the preliminary endangerment assessment shall be forwarded to the Department of Toxic Substances Control immediately. The Department of Toxic Substances Control shall review the public comments forwarded by the school district and shall approve or disapprove the preliminary endangerment assessment within 30 days of the district's approval action of the environmental impact report or the negative declaration.

(7) The school district shall comply with the public participation requirements of Sections 25358.7 and 25358.7.1 of the Health and Safety Code and other applicable provisions of the state act with respect to those response actions only if further response actions beyond a preliminary endangerment assessment are required and the district determines that it will proceed with the acquisition or construction project.

(8) If the Department of Toxic Substances Control disapproves the preliminary endangerment assessment, it shall inform the district of the decision, the basis for the decision, and actions necessary to secure the Department of Toxic Substances Control approval of the assessment. The school district shall take actions necessary to secure the approval of the Department of Toxic Substances Control of the preliminary endangerment assessment or elect not to pursue the acquisition or construction project.

(9) If the preliminary endangerment assessment determines that a further investigation of the site is not required and the Department of Toxic Substances Control approves this determination, it shall notify the State Department of Education and the school district of its approval. The school district may then proceed with the acquisition or construction project.

(10) If the preliminary endangerment assessment determines that a release of hazardous material has occurred, that there is the threat of a release of hazardous materials, that a naturally occurring hazardous material is present, or any combination thereof, that requires further investigation, and the Department of Toxic Substances Control approves this determination, the school district may elect not to pursue the acquisition or construction project. If the school district elects to pursue the acquisition or construction project, it shall do all of the following:

(A) Prepare a financial analysis that estimates the cost of response action that will be required at the proposed schoolsite.

(B) Assess the benefits that accrue from using the proposed schoolsite when compared to the use of alternative schoolsites, if any.

(C) Obtain the approval of the State Department of Education that the proposed schoolsite meets the schoolsite selection standards adopted by the State Department of Education pursuant to subdivision (b) of Section 17251.

(D) Evaluate the suitability of the proposed schoolsite in light of the recommended alternative schoolsite locations in order of merit if the school district has requested the assistance of the State Department of Education, based upon the standards of the State Department of Education, pursuant to subdivision (a) of Section 17251.

(11) The school district shall reimburse the Department of Toxic Substances Control for all of the department's response costs.

(b) The costs incurred by the school districts when complying with this section are allowable costs for purposes of an applicant under Chapter 12.5 (commencing with Section 17070.10) of Part 10 and may be reimbursed in accordance with Section 17072.13.

(c) A school district that releases a Phase I environmental assessment, a preliminary endangerment assessment, or information concerning either of these assessments, any of which is required by this section, may not be held liable in any action filed against the school district for making either of these assessments available for public review.

(d) The changes made to this section by the act amending this section during the 2001 portion of the 2001–02 Regular Session do not apply to a schoolsite acquisition project or a school construction project, if either of the following occurred on or before the effective date of the act amending this section during the 2001 portion of the 2001–02 Regular Session:

(1) The final preliminary endangerment assessment for the project was approved by the Department of Toxic Substances Control pursuant to this section as this section read on the date of the approval.

(e) The absence of training shall not excuse a mandated reporter from the duties imposed by this article.

SEC. 2. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (c), a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (2) The agency shall be notified and a report shall be prepared and sent even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy.

(3) A report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) Any mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars ($1,000) or by both that fine and punishment.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

(3) (A) On or before January 1, 2004, a clergy member or any custodian of records for the clergy member may report to an agency specified in Section 11165.9 that the clergy member or any custodian of records for the clergy member, prior to January 1, 1997, in his or her professional capacity or within the scope of his or her employment, other than during a penitential communication, acquired knowledge or had a reasonable suspicion that a child had been the victim of sexual abuse that the clergy member or any custodian of records for the clergy member did not previously report the abuse to an agency specified in Section

11165.9. The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(d) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative, or slide depicting a child under the age of 16 years engaged in an act of sexual conduct, shall report the instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately, or as soon as practically possible, by telephone, and shall prepare and send a written report of it with a copy of the film, photograph, videotape, negative, or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, ''sexual conduct'' means any of the following:

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic, or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(e) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9.

(f) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(g) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and

apprise supervisors and administrators of reports may be established provided that they are not inconsistent with this article.

(2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.

(3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.

(h) A county probation or welfare department shall immediately, or as soon as practically possible, report by telephone, fax, or electronic transmission to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child abuse or neglect, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child which relates solely to the inability of the parent to provide the child with regular care due to the parent's substance abuse, which shall be reported only to the county welfare or probation department. A county probation or welfare department also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

(i) A law enforcement agency shall immediately, or as soon as practically possible, report by telephone to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse or neglect reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall be reported only to the county welfare or probation department. A law enforcement agency shall report to the county welfare or probation department every known or suspected instance of child abuse or neglect reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In light of ongoing investigations into the abuse of children and the need to protect the children of California, it is necessary for these provisions to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the California Transportation Commissions shall work in conjunction with all transportation agencies to assist in accessing addition assistance for the purposes of this act and that the transportation agencies shall make the purchase and maintenance of two-way communication devices to secure the safety of both drivers and the public a priority.

(b) Nothing in this section requires a transit agency to install the yield right-of-way sign described in paragraph (3) of subdivision (a).

(c) This section does not relieve the driver of a transit bus from the duty to drive the bus with due regard for the safety of all persons and property. Nothing in this section relieves the transit agency from complying with the standard of care for its passengers established by Section 2100 of the Civil Code.

(d) The provisions of this section are applicable to the Santa Cruz Metropolitan Transit District, the Orange County Transportation Authority, the Alameda-Contra Costa Transit District, and the Santa Clara County Transit District, if the governing board of the district approves a resolution, after a public hearing on the issue, requesting that this section be made applicable to it, and transmits a copy of the resolution to the commissioner.

(e) (1) Notwithstanding Section 7055.5 of the Government Code, on or before December 31, 2002, the commissioner, after consultation with the participating transit agencies, participating law enforcement, and the advisory committee established pursuant to paragraph (3) of subdivision (a) of Section 34501 of the Vehicle Code, shall report to the Legislature on the effectiveness of the right-of-way for transit vehicles established by this section, including, but not limited to, any impact on the highway and local road safety and the efficiency of transit operations. The report shall recommend whether or not the right-of-way established by this section should be made permanent on a local basis, and whether it would be effective if implemented on a statewide basis.

(2) The commissioner, in consultation with the participating transit agencies, the California Transit Association, the advisory committee, and the participating local law enforcement agencies, shall identify the information required for preparation of the report required under paragraph (1). This information may include, but need not be limited to, all of the following:

(B) Traffic congestion issues.

(C) Public opinion issues.

(D) Efficiency of transit operations.

(E) The public education program required under subdivision (i).

(f) Each transit agency participating in the program shall undertake a public education program to inform motorists of the requirements imposed by this section.

(g) The base fine for a violation of subdivision (a) is thirty-five dollars ($35).

(h) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 3. Section 24018 is added to the Vehicle Code, to read:

24018. (a) Every transit bus operated by a motor carrier, whether that motor carrier is a private company or a public agency, that provides public transportation services shall be equipped with a two-way communication device that enables the driver to contact the motor carrier in the event of an emergency. The two-way communication devices shall be maintained in good working order.

(b) For the purposes of this section, ''two-way communication device'' is a radio, cellular telephone, or other similar device permitting communication between the transit bus driver and personnel responsible for the safety of operations of the motor carrier, including, but not limited to, the motor carrier's dispatcher.

(d) The commissioner shall upon request grant a nonrenewable one year extension to any motor carrier to comply with the requirements of this section.

(e) Nothing in this section shall require a motor carrier to replace an existing two-way communication device that currently meets the requirements of this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(B) In determining the cost-effectiveness of any proposed transportation zone, the authority may not approve or disapprove a transportation zone based upon consideration of rates of wages and other forms of compensation or hours and working conditions of employees of the proposed transportation zone.

(C) Any determination of efficiencies that may be derived from the approval of a transportation zone shall include consideration of maintaining the prevailing rate of wages, hours, and other terms and conditions of employment contained in current collective bargaining agreements applicable to the authority as required under subdivision (d) of Section 130051.11.

(D) A proposed transportation zone is not required to demonstrate lower operating costs than those of the existing operator or operators of the service to be transferred to the zone, but shall demonstrate that the net cost will not be greater than the current service.

(9) Approval of the issuance of any debt instrument with a maturity date that exceeds the end of the fiscal year in which it is issued.

(10) Approval of benefit assessment districts and assessment rates.

(11) Approval of contracts for transit equipment acquisition that exceed five million dollars ($5,000,000), and making the findings required by subdivision (c) of Section 130238.

(b) The Los Angeles County Metropolitan Transportation Authority shall in conjunction with the other municipal operators in the County of Los Angeles perform a security assessment once every five years to determine the safety and security measures required to protect the operation of their systems and their passengers.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

The operator of a vessel who violates any restrictions or prohibition pursuant

(c) The department may make special rules and regulations governing the use of boats or vessels on any body of water within the territorial limits of two or more counties, cities, or other political subdivisions if no special rules or regulations exist or if the department determines that the local laws regulating the use of boats or vessels on that body of water is not uniform and that uniformity is practicable and necessary.

(d) (1) Any entity, including but not limited to any county, city, port authority, district, or state agency, otherwise authorized by law to adopt measures governing the use and equipment, and matters relating thereto, of boats or vessels, may adopt emergency rules and regulations that are not in conflict with the general laws of the state relating to boats and vessels using any waters within the jurisdiction of the entity if those emergency rules and regulations are required to insure the safety of persons and property because of disaster or other public calamity.

(2) The emergency rules and regulations adopted under paragraph (1) shall become effective immediately upon adoption and may remain in effect for not to exceed 60 days thereafter. The emergency rules and regulations shall be submitted to the department on or before their adoption.

(3) After submission of emergency rules and regulations adopted pursuant to paragraph (1) to the department, the department may authorize the adopting entity to make the emergency rules and regulations effective for the period of time greater than 60 days that is necessary in view of the disaster or circumstances.

CHAPTER 941

An act to amend Section 60233.5 of the Water Code, relating to water.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The waters of the state are a limited and renewable resource subject to increasing demands.

(b) Groundwater resources are of critical importance to meeting the water supply needs of the more than 4 million people that live and work on the Southern Coastal Plain of Los Angeles County.

(c) The Central and West Coast Basins are adjudicated groundwater basins that currently supply almost 40 percent of the water supply used in the area.

(d) The Water Replenishment District of Southern California (district) was established in 1959 for the purpose of replenishing the groundwater supplies of the Central and West Coast Basins.

(e) The district's ratepayers, which include numerous cities, special districts, and retail water purveyors, have rights and interests in the Central and West Coast Basins. These ratepayers include many cities in western Los Angeles County, including the Cities of Cerritos, Commerce, Compton, Downey, Lakewood, Long Beach, Los Angeles, Manhattan Beach, Montebello, Pico Rivera, Santa Fe Springs, Torrance, and Whittier. These ratepayers are directly accountable to the public and are responsible for providing reliable, cost-effective potable water service to their communities.

(f) The State Auditor, in its May 2002 report, found weaknesses in the district's current strategic plan or capital improvement program that identifies and prioritizes the implementation of its capital improvement projects.

(g) Disputes have arisen between the district and its ratepayers regarding the development of a long-range plan for managing the

resources of the Central and West Coast Basins, including, but not limited to, the components of a capital improvement program to accomplish the statutory purpose of the district.

(h) The State Auditor also found that improved communications between the district and its ratepayers is essential to the district's ability to successfully carry out its statutory purpose.

(i) The Department of Water Resources serves as watermaster in both the Central and West Coast Basins and has requested that all interested parties work together in a facilitated process in an effort to develop a mutually agreeable long-range water management plan.

(j) It is intent of the Legislature to assist the district's ratepayers in creating a long-term solution to managing the resources of the Central and West Coast Basins and to ensure accountability to, and collaboration with, the district's ratepayers.

SEC. 2. Section 60233.5 of the Water Code is amended to read:

60233.5. (a) Notwithstanding any other provision of this division, this section applies to the Water Replenishment District of Southern California.

(b) (1) The State Auditor shall perform an audit with regard to the operations and management of the district.

(2) The audit shall include an evaluation of the extent to which the district has complied with the recommendations of the report prepared by the State Auditor, dated May 2002, relating to the district.

(3) The State Auditor shall prepare and submit to the Legislature, not later than June 30, 2004, a report that includes its findings and recommendations resulting from the audit performed pursuant to this subdivision.

(4) The cost for the audit shall be reimbursed by the district's ratepayers.

(c) (1) The Central Basin Water Association and the West Basin Water Association shall appoint six professionals with expertise relating to water, to a technical advisory committee.

(2) The district shall consult with the technical advisory committee for the purpose of evaluating projects proposed by the district, including, but not limited to, capital improvement programs, and any amendments thereto, undertaken pursuant to subdivision (d), making recommendations to the board of the district, and establishing criteria relating to the construction of projects for water quality improvement purposes.

(3) The district shall maintain records consistent with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) regarding all proposed projects, the recommendations of the technical advisory committee, and

the final decisions made by the board of the district with regard to those projects.

(d) (1) The district shall develop a five-year capital improvement program (CIP).

(2) The district shall consult with the technical advisory committee for the purpose of implementing a procedure to periodically update its capital improvement plan, including the development of a standardized approach to identify technical, legal, and financial risks related to capital improvement projects.

(e) Nothing in this section is intended to alter the district's ultimate decisionmaking authority with regard to capital improvement projects.

(f) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 942

An act to amend Section 46206 of the Education Code, relating to instructional time.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 46206 of the Education Code is amended to read:

46206. (a) The State Board of Education may waive the fiscal penalties set forth in this article for a school district or county office of education that fails to maintain the prescribed minimum length of time for the instructional school year, minimum number of instructional days for the school year, or both.

(b) For fiscal penalties incurred as a result of a shortfall on instructional time in the 2000–01 fiscal year or thereafter, a waiver may only be granted pursuant to subdivision (a) upon the condition that the school or schools in which the minutes, days, or both, were lost, maintain minutes and days of instruction equal to those lost and in addition to the

amount otherwise prescribed in this article for twice the number of years that it failed to maintain the prescribed minimum length of time for the instructional school year, minimum number of instructional days for the school year following the year, or both, commencing not later than the school year following the year in which the waiver was granted and continuing for each succeeding school year until the condition is satisfied. Compliance with the condition shall be specifically verified in the report of the annual audit of the school district or county office of education for each year in which the additional time is to be maintained. If an audit report for a year in which the additional time is to be maintained does not verify that the time was provided, that finding shall be addressed as set forth in Section 41344.

(c) It is the intent of the Legislature that school districts and county offices of education make every effort to make up any instructional days and minutes lost during the school year in which the loss occurred, rather than seeking a waiver pursuant to the provisions of this section.

(d) The State Board of Education may grant a waiver pursuant to subdivision (a) without the condition provided in subdivision (b) to any school district that maintained a single session kindergarten class in the 1982–83 school year for more than the maximum number of 240 minutes permitted by state law and that, due to the school district's growth and facilities limitations, is required to operate two sessions of kindergarten per day in the same classroom.

CHAPTER 943

An act to amend Sections 33352 and 51220 of, to amend and renumber Section 51223.1 of, to add Sections 51210.2 and 60605.2 to, and to repeal Section 51223.5 of, the Education Code, relating to physical education.

(c) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. Section 51210.2 is added to the Education Code, to read:

51210.2. (a) The Legislature hereby finds and declares that the physical fitness and motor development of children in the public elementary schools is of equal importance to that of other elements of the curriculum.

(b) It is, therefore, the intent of the Legislature to encourage each school district maintaining an elementary school composed of any of grades 1 to 6, inclusive, to do one of the following:

(1) Employ a credentialed physical education teacher to provide instruction in physical education for each class of grades 1 to 6, inclusive, within any elementary school in the district for a total period of time of not less than 200 minutes each 10 schooldays, exclusive of recesses and the lunch period.

(2) Provide each teacher providing instruction in physical education to any of grades 1 to 6, inclusive, within any elementary school in the district with yearly theoretical practical training in developmental physical education, as set forth in the Physical Education Framework adopted by the State Department of Education pursuant to Section 33350, except that any teacher who has successfully completed one college level course in elementary physical education shall not be subject to this paragraph.

Instruction shall provide a foundation for understanding the history, resources, development, and government of California and the United States of America; instruction in our American legal system, the operation of the

juvenile and adult criminal justice systems, and the rights and duties of citizens under the criminal and civil law and the State and Federal Constitutions; the development of the American economic system, including the role of the entrepreneur and labor; the relations of persons to their human and natural environment; eastern and western cultures and civilizations; human rights issues, with particular attention to the study of the inhumanity of genocide, slavery, and the Holocaust, and contemporary issues.

(j) Automobile driver education, designed to develop a knowledge of the provisions of the Vehicle Code and other laws of this state relating to the operation of motor vehicles, a proper acceptance of personal responsibility in traffic, a true appreciation of the causes, seriousness and consequences of traffic accidents, and to develop the knowledge and attitudes necessary for the safe operation of motor vehicles. A course in automobile driver education shall include education in the safe operation of motorcycles.

(k) Other studies as may be prescribed by the governing board.

SEC. 4. Section 51223.1 of the Education Code is amended and renumbered to read:

51210.1. (a) (1) The Legislature finds and declares all of the following:

(A) The Education Code currently mandates 200 minutes of physical education every 10 schooldays for pupils in elementary school. Recent studies have shown that the vast majority of children and youth are not physically fit.

(B) According to a March 1997 report by the Centers for Disease Control, the percentage of children and adolescents who are overweight has more than doubled in the last 30 years. Most of this increase occurred within the last 10 years.

(D) Some 70 percent of girls, and 40 percent of boys, who are from 6 to 12 years of age do not have enough muscle strength to do more than one pullup.

(E) Most children lead inactive lives. On the average, first through fourth graders spend two hours watching television on schooldays and spend close to three and one-half hours watching television on weekend days.

(b) (1) Each school district selected by the Superintendent of Public Instruction pursuant to paragraph (2) shall report to the Superintendent of Public Instruction in the Coordinated Compliance Review as to the extent of its compliance with subdivision (g) of Section 51210 for grades 1 to 6, inclusive, during that school year.

(2) The Superintendent of Public Instruction shall select not less than 10 percent of the school districts of the state to report compliance with the provisions set forth in paragraph (1). The school districts selected shall provide a random and accurate sampling of the state as a whole.

(c) For purposes of determining compliance with paragraphs (1) and (2) of subdivision (b), the Superintendent of Public Instruction shall not count the time spent in recesses and the lunch period.

(d) A school district that fails to comply with the existing statutory requirements shall issue a corrective action plan to the State Department of Education in accordance with the Coordinated Compliance Review process.

(e) This section shall not be applicable to high schools.

60605.2. (a) No later than December 1, 2004, the State Board of Education shall adopt model content standards, pursuant to

recommendations developed by the Superintendent of Public Instruction, in the curriculum area of physical education.

(b) The model content standards are intended to provide a framework for programs that a school may offer in the instruction of physical education. Nothing in this section shall be construed to require a school to follow the model content standards.

CHAPTER 944

An act to add Section 56046 to the Education Code, relating to special education.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the process for obtaining the appropriate variety and level of educational and related services for an individual with exceptional needs can be complex and heavily dependent upon the findings, opinions, and recommendations of teachers, school psychologists, and other professional and paraprofessional educators, and that parents and guardians can benefit greatly from assistance provided by individuals who are knowledgeable about the needs and strengths of the individual pupil and about the process as it relates to an individual pupil's needs under the federal Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973.

(b) The Legislature further finds and declares that employees and contractors of school districts, county offices of education, and special education local planning areas, have a right to provide information and to express good faith opinions to parents regarding their rights under the federal Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, and the federal Americans with Disabilities Act, as well as state laws regarding individuals with exceptional needs.

health aide, other educators or staff of the local educational agency, a private individual or entity under contract with the local educational agency, or a subordinate of the employee, for the purpose of interfering with the action of that person at any time, to assist a parent or guardian of a pupil with exceptional needs to obtain services or accommodations for that pupil.

(b) If a person described in subdivision (a), believes an employee or agent of a local educational agency is in violation of subdivision (a) because of using or attempting to use official authority or influence, that person may file a complaint under the Uniform Complaint Procedures as set forth in Title 5 of the California Code of Regulations. When a person files a complaint pursuant to this subdivision, the state shall intervene directly and the conditions for intervention in Section 4650 of Title 5 of the California Code of Regulations are not applicable.

(c) Nothing in this section shall be construed to limit or alter any right a person described in subdivision (a) may have to file a complaint pursuant to either a governing board-adopted grievance process or a collectively bargained grievance process.

(d) Nothing in this section shall be construed to do any of the following:

(1) Limit or alter the right or duty of a public school official to direct or discipline an employee or contractor.

(2) Prevent a local educational agency from enforcing a law or regulation regarding conflicts of interest, incompatible activities, or the confidentiality of pupil records.

The secretary shall, upon receipt of the recommendation, or upon a petition filed with him or her requesting the suspension, signed by 15 percent of the producers by number who produced not less than 15 percent of the volume in the immediately preceding year, cause a referendum to be conducted among the listed producers to determine if the operation of this chapter and the operations of the commission shall be suspended, and shall establish a referendum period, which shall not be less than 10 days nor more than 60 days in duration. However, if the commission finds that the amounts so returnable are so small as to make impractical the computation and remitting of a pro rata refund to those persons, any moneys remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid to any existing state or federally authorized avocado program. If no program exists, the moneys shall be paid into the State Treasury as unclaimed trust moneys.

CHAPTER 947

An act to amend Sections 11614, 11713, and 11713.1 of, and to add Sections 11614.1 and 11713.16 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 11614 of the Vehicle Code is amended to read:

11614. No lessor-retailer licensed under this chapter may do any of the following in connection with any activity for which this license is required:

(a) Make or disseminate, or cause to be made or disseminated, before the public in this state, in any newspaper or other publication, or any advertising device, or by oral representation, or in any other manner or means whatever, any statement that is untrue or misleading and that is known, or which by the exercise of reasonable care should be known, to be untrue or misleading; or make or disseminate, or cause to be made or disseminated, any statement as part of a plan or scheme with the intent not to sell any vehicle, or service so advertised, at the price stated therein, or as so advertised.

(b) Advertise, or offer for sale in any manner, any vehicle not actually for sale at the premises of the lessor-retailer or available within a reasonable time to the lessor-retailer at the time of the advertisement or offer.

(c) Fail within 48 hours to give, in writing, notification to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) Advertise any specific vehicle for sale without identifying the vehicle by its model, model year, and either its license number or that

portion of the vehicle identification number that distinguishes the vehicle from all other vehicles of the same make, model, and model-year. Model-year is not required to be advertised for current model-year vehicles. Year models are no longer current when ensuing year models are available for purchase at retail in California.

(e) Advertise the total price of a vehicle without including all costs to the purchaser at the time of delivery at the lessor-retailer's premises, except sales tax, vehicle registration fees, finance charges, certificate of compliance or noncompliance fees not exceeding thirty-five dollars ($35) pursuant to any statute, and any dealer documentary preparation charge. The dealer documentary charge shall not exceed thirty-five dollars ($35).

(f) (1) Fail to disclose, in an advertisement of a vehicle for sale, that there will be added to the advertised total price, at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, or any dealer documentary preparation charge.

(2) For purposes of paragraph (1), ''advertisement'' means any advertisement in a newspaper, magazine, direct mail publication, or handbill that is two or more columns in width or one column in width and more than seven inches in length, or on any Web page of a lessor-retailer's Web site that displays the price of a vehicle offered for sale on the Internet, as that term is defined in paragraph (6) of subdivision (e) of Section 17538 of the Business and Professions Code.

(g) Advertise or otherwise represent, or knowingly allow to be advertised or represented on the lessor-retailer's behalf or at the lessor-retailer's place of business, that no downpayment is required in connection with the sale of a vehicle when a downpayment is in fact required and the buyer is advised or induced to finance the downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the vehicle. The terms ''no downpayment,'' ''zero down delivers,'' or similar terms shall not be advertised unless the vehicle will be sold to any qualified purchaser without a prior payment of any kind or trade-in.

(h) Refuse to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, finance charges, certificate of compliance or noncompliance pursuant to any statute, and any dealer documentary preparation charge, which charges shall not exceed thirty-five dollars ($35) for the documentary preparation charge and thirty-five dollars ($35) for the certificate of compliance or noncompliance pursuant to any statute, while the vehicle remains unsold or unleased, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.

(i) Engage in the business for which the licensee is licensed without having in force and effect a bond required by Section 11612.

(j) Engage in the business for which the lessor-retailer is licensed without at all times maintaining a principal place of business and any branch office location required by this chapter.

(k) Permit the use of the lessor-retailer license, supplies, or books by any other person for the purpose of permitting that person to engage in the sale of vehicles required to be registered under this code, or to permit the use of the lessor-retailer license, supplies, or books to operate a branch office location to be used by any other person, if, in either situation, the licensee has no financial or equitable interest or investment in the vehicles sold by, or the business of, or branch office location used by, the person, or has no interest or investment other than commissions, compensations, fees, or any other thing of value received for the use of the lessor-retailer license, supplies, or books to engage in the sale of vehicles.

(*l*) Violate any provision of Article 10 (commencing with Section 28050) of Chapter 5 of Division 12.

(m) Represent the dealer documentary preparation charge, or certificate of compliance or noncompliance fee, as a governmental fee.

(n) Advertise free merchandise, gifts, or services provided by a lessor-retailer contingent on the purchase of a vehicle. ''Free'' includes merchandise or services offered for sale at a price less than the lessor-retailer's cost of the merchandise or services.

(o) Advertise vehicles and related goods or services with the intent not to supply reasonably expectable demand, unless the advertisement discloses a limitation of quantity.

(p) Use the term ''rebate'' or similar words such as ''cash back'' in advertising the sale of a vehicle.

(q) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, ''cash price'' has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(r) Misrepresent the authority of a representative or agent to negotiate the final terms of a transaction.

(s) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(t) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the

manufacturer offers, including, but not limited to, a false statement that a vehicle is ''fully factory equipped.''

(u) Advertise any underselling claim, such as ''we have the lowest prices'' or ''we will beat any dealer's price,'' unless the lessor-retailer has conducted a recent survey showing that the lessor-retailer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claim. The substantiating records shall be made available to the department upon request.

(v) To display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

(w) This section shall become operative on July 1, 2001.

SEC. 2. Section 11614.1 is added to the Vehicle Code, to read:

11614.1. No lessor-retailer licensed under this chapter may do any of the following in connection with any activity for which this license is required:

(a) Use a picture in connection with any advertisement of the price of a specific vehicle or class of vehicles, unless the picture is of the year, make and model being offered for sale. The picture shall not depict a vehicle with optional equipment or a design not actually offered at the advertised price.

(b) Advertise a vehicle for sale that was used by the selling lessor-retailer in its business as a demonstrator, executive vehicle, service vehicle, rental, loaner, or lease vehicle, unless the advertisement clearly and conspicuously discloses the previous use made by that licensee of the vehicle. An advertisement shall not describe any of those vehicles as ''new.''

(c) Advertise any used vehicle of the current or prior model-year without expressly disclosing the vehicle as ''used,'' ''previously owned,'' or a similar term that indicates that the vehicle is used, as defined in this code.

(d) Use the terms ''on approved credit'' or ''on credit approval'' in an advertisement for the sale of a vehicle unless those terms are clearly and conspicuously disclosed and unabbreviated.

(e) Advertise an amount described by terms such as ''unpaid balance'' or ''balance can be financed'' unless the total sale price is clearly and conspicuously disclosed and is in close proximity to the advertised balance.

(f) Advertise credit terms that fail to comply with the disclosure requirements of Section 226.24 of Title 12 of the Code of Federal Regulations. Advertisements of terms that include escalated payments, balloon payments, or deferred downpayments shall clearly and conspicuously identify those payments as to amounts and time due.

(g) Advertise claims such as ''everyone financed,'' ''no credit rejected,'' or similar claims unless the dealer is willing to extend credit to any person under any and all circumstances.

(h) Advertise the amount of any downpayment unless it represents the total payment required of a purchaser prior to delivery of the vehicle, including any payment for sales tax or license. A statement such as ''$____ deliver,'' is an example of an advertised downpayment.

(i) Fail to clearly and conspicuously disclose in an advertisement for the sale of a vehicle any disclosure required by this code or any qualifying term used in conjunction with advertised credit terms. Unless otherwise provided by statute, the specific size of disclosures or qualifying terms is not prescribed.

SEC. 3. Section 11713 of the Vehicle Code is amended to read:

11713. No holder of any license issued under this article shall do any of the following:

(a) Make or disseminate, or cause to be made or disseminated, before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatever, any statement which is untrue or misleading and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading; or to so make or disseminate, or cause to be so disseminated, any statement as part of a plan or scheme with the intent not to sell any vehicle or service so advertised at the price stated therein, or as so advertised.

(b) (1) (A) Advertise or offer for sale or exchange in any manner, any vehicle not actually for sale at the premises of the dealer or available to the dealer directly from the manufacturer or distributor of the vehicle at the time of the advertisement or offer. However, a dealer who has been issued an autobroker's endorsement to his or her dealer's license may advertise his or her service of arranging or negotiating the purchase of a new motor vehicle from a franchised new motor vehicle dealer and may specify the line-makes and models of those new vehicles. Autobrokering service advertisements may not advertise the price or payment terms of any vehicle and shall disclose that the advertiser is an autobroker or auto buying service, and shall clearly and conspicuously state the following: ''All new cars arranged for sale are subject to price and availability from the selling franchised new car dealer.''

(B) As to printed advertisements, the disclosure statement required by subparagraph (A) shall be printed in not less than 10-point bold type size and shall be textually segregated from the other portions of the printed advertisement.

(2) Notwithstanding subparagraph (A), classified advertisements for autobrokering services that measure two column inches or less are

exempt from the disclosure statement in subparagraph (A) pertaining to price and availability.

(3) Radio advertisements of a duration of less than 11 seconds that do not reference specific line-makes or models of motor vehicles are exempt from the disclosure statement required in subparagraph (A).

(c) Fail, within 48 hours, in writing to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) Advertise or represent a vehicle as a new vehicle if the vehicle is a used vehicle.

(e) Engage in the business for which the licensee is licensed without having in force and effect a bond as required by this article.

(f) Engage in the business for which the dealer is licensed without at all times maintaining an established place of business as required by this code.

(g) Include, as an added cost to the selling price of a vehicle, an amount for licensing or transfer of title of the vehicle, which is not due to the state unless, prior to the sale, that amount has been paid by a dealer to the state in order to avoid penalties that would have accrued because of late payment of the fees. However, a dealer may collect from the second purchaser of a vehicle a prorated fee based upon the number of months remaining in the registration year for that vehicle, if the vehicle had been previously sold by the dealer and the sale was subsequently rescinded and all the fees that were paid, as required by this code and Chapter 2 (commencing with Section 10751) of Division 2 of the Revenue and Taxation Code, were returned to the first purchaser of the vehicle.

(h) Employ any person as a salesperson who has not been licensed pursuant to Article 2 (commencing with Section 11800), and whose license is not displayed on the premises of the dealer as required by Section 11812, or willfully fail to notify the department by mail within 10 days of the employment or termination of employment of a salesperson.

(i) Deliver, following the sale, a vehicle for operation on California highways, if the vehicle does not meet all of the equipment requirements of Division 12 (commencing with Section 24000). This subdivision does not apply to the sale of a leased vehicle to the lessee if the lessee is in possession of the vehicle immediately prior to the time of the sale and the vehicle is registered in this state.

(j) Use, or permit the use of, the special plates assigned to him or her for any purpose other than as permitted by Section 11715.

(k) Advertise or otherwise represent, or knowingly allow to be advertised or represented on behalf of, or at the place of business of, the licenseholder that no downpayment is required in connection with the sale of a vehicle when a downpayment is in fact required and the buyer

is advised or induced to finance the downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the vehicle. The terms ''no downpayment,'' ''zero down delivers,'' or similar terms shall not be advertised unless the vehicle will be sold to any qualified purchaser without a prior payment of any kind or trade-in.

(*l*) Participate in the sale of a vehicle required to be reported to the Department of Motor Vehicles under Section 5900 or 5901 without making the return and payment of the full sales tax due and required by Section 6451 of the Revenue and Taxation Code.

(m) Permit the use of the dealer's license, supplies, or books by any other person for the purpose of permitting that person to engage in the purchase or sale of vehicles required to be registered under this code, or permit the use of the dealer's license, supplies, or books to operate a branch location to be used by any other person, whether or not the licensee has any financial or equitable interest or investment in the vehicles purchased or sold by, or the business of, or branch location used by, the other person.

(n) Violate any provision of Article 10 (commencing with Section 28050) of Chapter 5 of Division 12.

(o) Sell a previously unregistered vehicle without disclosing in writing to the purchaser the date on which any manufacturer's or distributor's warranty commenced.

(p) Accept a purchase deposit relative to the sale of a vehicle, unless the vehicle is present at the premises of the dealer or available to the dealer directly from the manufacturer or distributor of the vehicle at the time the dealer accepts the deposit. Purchase deposits accepted by an autobroker when brokering a retail sale shall be governed by Sections 11736 and 11737.

(q) Consign for sale to another dealer a new vehicle.

(r) Display a vehicle for sale at a location other than an established place of business authorized by the department for that dealer or display a new motor vehicle at the business premises of another dealer registered as an autobroker. This subdivision does not apply to the display of a vehicle pursuant to subdivision (b) of Section 11709 or the demonstration of the qualities of a motor vehicle by way of a test drive.

(s) Use a picture in connection with any advertisement of the price of a specific vehicle or class of vehicles, unless the picture is of the year, make and model being offered for sale. The picture shall not depict a vehicle with optional equipment or a design not actually offered at the advertised price.

(t) Advertise a vehicle for sale that was used by the selling licensee in its business as a demonstrator, executive vehicle, service vehicle, rental, loaner, or lease vehicle, unless the advertisement clearly and conspicuously discloses the previous use made by that licensee of the

vehicle. An advertisement shall not describe any of those vehicles as ''new.''

SEC. 4. Section 11713.1 of the Vehicle Code is amended to read:

11713.1. It is a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) Advertise any specific vehicle for sale without identifying the vehicle by its model, model-year, and either its license number or that portion of the vehicle identification number that distinguishes the vehicle from all other vehicles of the same make, model, and model-year. Model-year is not required to be advertised for current model-year vehicles. Year models are no longer current when ensuing year models are available for purchase at retail in California. Any advertisement that offers for sale a class of new vehicles in a dealer's inventory, consisting of five or more vehicles, that are all of the same make, model, and model-year is not required to include in the advertisement the vehicle identification numbers or license numbers of those vehicles.

(b) Advertise the total price of a vehicle without including all costs to the purchaser at time of sale, except taxes, vehicle registration fees, the California tire fee, as defined in Section 42885 of the Public Resources Code, emission testing fees not exceeding fifty dollars ($50), actual fees charged for certificates pursuant to Section 44060 of the Health and Safety Code, finance charges, and any dealer document preparation charge. The dealer document preparation charge shall not exceed forty-five dollars ($45).

(c) (1) Exclude from an advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the California tire fee, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, and any dealer document preparation charge.

(2) The obligations imposed by paragraph (1) shall be satisfied by adding to the advertisement a statement containing no abbreviations and that is worded in substantially the following form: ''Plus government fees and taxes, any finance charges, any dealer document preparation charge, and any emission testing charge.''

(3) For purposes of paragraph (1), ''advertisement'' means any advertisement in a newspaper, magazine, or direct mail publication that is two or more columns in width or one column in width and more than seven inches in length, or on any Web page of a dealer's Web site that displays the price of a vehicle offered for sale on the Internet, as that term is defined in paragraph (6) of subdivision (e) of Section 17538 of the Business and Professions Code.

(d) Represent the dealer document preparation charge or certificate of compliance or noncompliance fee, as a governmental fee.

(e) Fail to sell a vehicle to any person at the advertised total price, exclusive of taxes, vehicle registration fees, the California tire fee, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer document preparation charge, which charges shall not exceed forty-five dollars ($45) for the document preparation charge and not to exceed fifty dollars ($50) for emission testing plus the actual fees charged for certificates pursuant to Section 44060 of the Health and Safety Code, while the vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed. Advertised vehicles shall be sold at or below the advertised total price, with statutorily permitted exclusions, regardless of whether the purchaser has knowledge of the advertised total price.

(f) (1) Advertise for sale, sell, or purchase for resale any new vehicle of a line-make for which the dealer does not hold a franchise.

(2) This subdivision does not apply to any transaction involving any of the following:

(A) A mobilehome.

(B) A recreational vehicle as defined in Section 18010 of the Health and Safety Code.

(C) A commercial coach, as defined in Section 18001.8 of the Health and Safety Code.

(D) An off-highway motor vehicle subject to identification as defined in Section 38012.

(E) A manufactured home.

(F) A new vehicle that will be substantially altered or modified by a converter prior to resale.

(G) A commercial vehicle with a gross vehicle weight rating of more than 10,000 pounds.

(H) A vehicle purchased for export and exported outside the territorial limits of the United States without being registered with the department.

(g) Sell a park trailer, as specified in Section 18009.3 of the Health and Safety Code, without disclosing in writing to the purchaser that a park trailer is required to be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to highways under their respective jurisdictions.

(h) Advertise free merchandise, gifts, or services provided by a dealer contingent on the purchase of a vehicle. The term ‘‘free’’ includes merchandise or services offered for sale at a price less than the seller’s cost of the merchandise or services.

(i) Advertise vehicles, and related goods or services, at a specified dealer price, with the intent not to supply reasonably expectable demand, unless the advertisement discloses the number of vehicles in stock at the advertised price. In addition, whether or not there are sufficient vehicles in stock to supply a reasonably expectable demand, when phrases such as ''starting at,'' ''from,'' ''beginning as low as,'' or words of similar import are used in reference to an advertised price, the advertisement shall disclose the number of vehicles available at that advertised price.

For purposes of this subdivision, in any newspaper advertisement for a vehicle that is two model-years old or newer, the actual phrase that states the number of vehicles in stock at the advertised price shall be (1) printed in a type size that is at least equal to one-quarter of the type size, and in the same style and color of type, used for the advertised price, however, in no case shall the phrase be printed in less than 8-point type size, and (2) be disclosed immediately above, below, or beside the advertised price without any intervening words, pictures, marks, or symbols.

The disclosure required by this subdivision is in addition to any other disclosure required by this code or any regulation regarding identifying vehicles advertised for sale.

(j) Use the term ''rebate'' or similar words such as ''cash back'' in advertising the sale of a vehicle unless the rebate is expressed in a specific dollar amount and is in fact a rebate offered by the vehicle manufacturer or distributor directly to the retail purchaser of the vehicle or to the assignee of the retail purchaser.

(k) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, ''cash price'' has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(*l*) Advertise a guaranteed trade-in allowance.

(m) Misrepresent the authority of a salesperson, representative, or agent to negotiate the final terms of a transaction.

(n) (1) Use the terms ''invoice,'' ''dealer's invoice,'' ''wholesale price,'' or similar terms that refer to a dealer's cost for a vehicle in an advertisement for the sale of a vehicle or advertise that the selling price of a vehicle is above, below, or at either of the following:

(A) The manufacturer's or distributor's invoice price to a dealer.

(B) A dealer's cost.

(2) This subdivision does not apply to either of the following:

(A) Any communication occurring during face-to-face negotiations for the purchase of a specific vehicle if the prospective purchaser

initiates a discussion of the vehicle's invoice price or the dealer's cost for that vehicle.

(B) Any communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. For purposes of this subparagraph, a ''commercial purchaser'' means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, governmental entity, or person who purchases 10 or more vehicles during a year.

(o) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is ''fully factory equipped.''

(q) Affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additional price of each item. If the supplemental sticker price is greater than the sum of the manufacturer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as ''added mark-up.''

(r) Advertise any underselling claim, such as ''we have the lowest prices'' or ''we will beat any dealer's price,'' unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) Advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision, ''incentive'' means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

(t) Display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

(u) Fail to disclose in writing to the franchisor of a new motor vehicle dealer the name of the purchaser, date of sale, and the vehicle identification number of each new motor vehicle sold of the line-make of that franchisor, or intentionally submit to that franchisor a false name for the purchaser or false date for the date of sale.

(v) Enter into a contract for the retail sale of a motor vehicle unless the contract clearly and conspicuously discloses whether the vehicle is being sold as a new vehicle or a used vehicle, as defined in this code.

(w) Use a simulated check, as defined in subdivision (a) of Section 22433 of the Business and Professions Code, in an advertisement for the sale or lease of a vehicle.

(x) Fail to disclose, in a clear and conspicuous manner in at least 10-point bold type on the face of any contract for the retail sale of a new motor vehicle that this transaction is, or is not, subject to a fee received by an autobroker from the selling new motor vehicle dealer, and the name of the autobroker, if applicable.

(y) As used in this section, the terms ''make'' and ''model'' have the same meaning as is provided in Section 565.3 of Title 49 of the Code of Federal Regulations.

SEC. 5. Section 11713.16 is added to the Vehicle Code, to read:

11713.16. It is a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) Advertise any used vehicle of the current or prior model-year without expressly disclosing the vehicle as ''used,'' ''previously owned,'' or a similar term that indicates that the vehicle is used, as defined in this code.

(b) Use the terms ''on approved credit'' or ''on credit approval'' in an advertisement for the sale of a vehicle unless those terms are clearly and conspicuously disclosed and unabbreviated.

(c) Advertise an amount described by terms such as ''unpaid balance'' or ''balance can be financed'' unless the total sale price is clearly and conspicuously disclosed and in close proximity to the advertised balance.

(d) Advertise credit terms that fail to comply with the disclosure requirements of Section 226.24 of Title 12 of the Code of Federal Regulations. Advertisements of terms that include escalated payments,

balloon payments, or deferred downpayments shall clearly and conspicuously identify those payments as to amounts and time due.

(e) Advertise as the total sales price of a vehicle an amount that includes a deduction for a rebate. However, a dealer may advertise a separate amount that includes a deduction for a rebate provided that the advertisement clearly and conspicuously discloses, in close proximity to the amount advertised, the price of the vehicle before the rebate deduction and the amount of the rebate, each so identified.

(f) Advertise claims such as ''everyone financed,'' ''no credit rejected,'' or similar claims unless the dealer is willing to extend credit to any person under any and all circumstances.

(g) Advertise the amount of any downpayment unless it represents the total payment required of a purchaser prior to delivery of the vehicle, including any payment for sales tax or license. Statements such as ''$_____ delivers,'' ''$____ puts you in a new car'' are examples of advertised downpayments.

(h) Advertise the price of a new vehicle or class of new vehicles unless the vehicle or vehicles have all of the equipment listed as standard by the manufacturer or distributor or the dealer has replaced the standard equipment with equipment of higher value.

(i) Fail to clearly and conspicuously disclose in an advertisement for the sale of a vehicle any disclosure required by this code or any qualifying term used in conjunction with advertised credit terms. Unless otherwise provided by statute, the specific size of disclosures or qualifying terms is not prescribed.

SEC. 6. In order to avoid confusion and duplication, it is the intent of the Legislature that on and after the operative date of this act, Sections 260.01, 262.00, and 262.05 of Title 13 of the California Code of Regulations shall have no force and effect.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 948

An act to amend Section 22325 of the Business and Professions Code, and to amend, repeal, and add Section 1936 of the Civil Code, relating to business.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 22325 of the Business and Professions Code is amended to read:

22325. (a) No automobile rental agency shall enter into a contract for the lease or rental of a motor vehicle unless it is disclosed both orally and in writing to the customer that the collision damage waiver offered by the agency may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance.

(b) As used in this section ''automobile rental agency'' means any person or entity engaged in the business of renting or leasing motor vehicles in this state.

(c) This section shall become inoperative on January 1, 2003, and shall remain inoperative until January 1, 2006, at which time it shall become operative unless a later enacted statute that is enacted before January 1, 2006, extends the inoperative date. However, this subdivision may not be construed to affect any litigation pending on or before January 1, 2003, alleging a violation of this section or any other provision of law as it read at the time the action was commenced.

SEC. 2. Section 1936 of the Civil Code is amended to read:

1936. (a) For the purpose of this section, the following definitions shall apply:

(1) ''Rental company'' means any person or entity in the business of renting passenger vehicles to the public.

(2) ''Renter'' means any person in any manner obligated under a contract for the lease or hire of a passenger vehicle from a rental company for a period of less than 30 days.

(3) ''Authorized driver'' means (A) the renter, (B) the renter's spouse if that person is a licensed driver and satisfies the rental company's minimum age requirement, (C) the renter's employer or coworker if they are engaged in business activity with the renter, are licensed drivers, and satisfy the rental company's minimum age requirement, and (D) any person expressly listed by the rental company on the renter's contract as an authorized driver.

(4) (A) ''Customer facility charge'' means a fee required by an airport to be collected by a rental company from a renter for any of the following purposes:

(i) The fee shall be used to finance, design, and construct consolidated airport car rental facilities.

(ii) The fee shall be used to finance, design, construct, and provide common use transportation systems that move passengers between airport terminals and those consolidated car rental facilities.

(B) The aggregate amount to be collected shall not exceed the reasonable costs, as determined by an independent audit paid for by the airport, to finance, design, and construct those facilities. Copies of the audit shall be provided to the Assembly and Senate Committees on Judiciary and Committees on Transportation. In the case of a transportation system, the audit shall also consider the reasonable costs of providing the transit system or busing network. At the Burbank Airport, and at all other airports, the fees designated as a Customer Facility Charge may not be used to pay for terminal expansion, gate expansion, runway expansion, changes in hours of operation, or changes in the number of flights arriving or departing from the airport.

(C) The authorization given pursuant to this section for an airport to impose a customer facility charge shall become inoperative when the bonds used for financing are paid.

(5) ''Damage waiver'' means a rental company's agreement not to hold a renter liable for all or any portion of any damage or loss related to the rented vehicle, any loss of use of the rented vehicle, or any storage, impound, towing, or administrative charges.

(6) ''Estimated time for replacement'' means the number of hours of labor, or fraction thereof, needed to replace damaged vehicle parts as set forth in collision damage estimating guides generally used in the vehicle repair business and commonly known as ''crash books.''

(7) ''Estimated time for repair'' means a good faith estimate of the reasonable number of hours of labor, or fraction thereof, needed to repair damaged vehicle parts.

(8) ''Membership program'' means a service offered by a rental company that permits customers to bypass the rental counter and go directly to the car previously reserved. A membership program shall meet all of the following requirements:

(A) The renter initiates enrollment by completing an application on which the renter can specify a preference for type of vehicle and acceptance or declination of optional services.

(B) The rental company fully discloses, prior to the enrollee's first rental as a participant in the program, all terms and conditions of the rental agreement as well as all required disclosures.

(C) The renter may terminate enrollment at any time.

(D) The rental company fully explains to the renter that designated preferences, as well as acceptance or declination of optional services, may be changed by the renter at any time for the next and future rentals.

(E) An employee designated to receive the form specified in subparagraph (C) of paragraph (1) of subdivision (r) is present at the lot where the renter takes possession of the car, to receive any change in the rental agreement from the renter.

(9) ''Passenger vehicle'' means a passenger vehicle as defined in Section 465 of the Vehicle Code.

(b) Except as limited by subdivision (c), a rental company and a renter may agree that the renter will be responsible for no more than all of the following:

(1) Physical or mechanical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from collision regardless of the cause of the damage.

(2) Loss due to theft of the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, provided that the rental company establishes by clear and convincing evidence that the renter or the authorized driver failed to exercise ordinary care while in possession of the vehicle. In addition, the renter shall be presumed to have no liability for any loss due to theft if (A) an authorized driver has possession of the ignition key furnished by the rental company or an authorized driver establishes that the ignition key furnished by the rental company was not in the vehicle at the time of the theft, and (B) an authorized driver files an official report of the theft with the police or other law enforcement agency within 24 hours of learning of the theft and reasonably cooperates with the rental company and the police or other law enforcement agency in providing information concerning the theft. The presumption set forth in this paragraph is a presumption affecting the burden of proof which the rental company may rebut by establishing that an authorized driver committed, or aided and abetted the commission of, the theft.

(3) Physical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from vandalism occurring after, or in connection with, the theft of the rented vehicle; however, the renter shall have no liability for any damage due to vandalism if the renter would have no liability for theft pursuant to paragraph (2).

(4) Physical damage to the rented vehicle up to a total of five hundred dollars ($500) resulting from vandalism unrelated to the theft of the rented vehicle.

(5) Actual charges for towing, storage, and impound fees paid by the rental company if the renter is liable for damage or loss.

(6) An administrative charge which shall include the cost of appraisal and all other costs and expenses incident to the damage, loss, repair, or replacement of the rented vehicle.

(c) The total amount of the renter's liability to the rental company resulting from damage to the rented vehicle shall not exceed the sum of the following:

(1) The estimated cost of parts which the rental company would have to pay to replace damaged vehicle parts. All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(2) The estimated cost of labor to replace damaged vehicle parts which shall not exceed the product of (A) the rate for labor usually paid by the rental company to replace vehicle parts of the type that were damaged and (B) the estimated time for replacement. All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(3) (A) The estimated cost of labor to repair damaged vehicle parts which shall not exceed the lesser of the following:

(i) The product of the rate for labor usually paid by the rental company to repair vehicle parts of the type that were damaged and the estimated time for repair.

(ii) The sum of the estimated labor and parts costs determined under paragraphs (1) and (2) to replace the same vehicle parts.

(B) All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(4) For the purpose of converting the estimated time for repair into the same units of time in which the rental rate is expressed, a day shall be deemed to consist of eight hours.

(5) Actual charges for towing, storage, and impound fees paid by the rental company.

(6) The administrative charge described in paragraph (6) of subdivision (b) shall not exceed (A) fifty dollars ($50) if the total estimated cost for parts and labor is more than one hundred dollars ($100) up to and including five hundred dollars ($500), (B) one hundred dollars ($100) if the total estimated cost for parts and labor exceeds five hundred dollars ($500) up to and including one thousand five hundred dollars ($1,500), and (C) one hundred fifty dollars ($150) if the total estimated cost for parts and labor exceeds one thousand five hundred

dollars ($1,500). No administrative charge shall be imposed if the total estimated cost of parts and labor is one hundred dollars ($100) or less.

(d) (1) The total amount of an authorized driver's liability to the rental company, if any, for damage occurring during the authorized driver's operation of the rented vehicle shall not exceed the amount of the renter's liability under subdivision (c).

(2) A rental company shall not recover from the renter or other authorized driver an amount exceeding the renter's liability under subdivision (c).

(3) A claim against a renter resulting from damage or loss, excluding loss of use, to a rental vehicle shall be reasonably and rationally related to the actual loss incurred. A rental company shall mitigate damages where possible and may not assert or collect any claim for physical damage which exceeds the actual costs of the repairs performed or the estimated cost of repairs, if the rental company chooses not to repair the vehicle, including all discounts and price reductions. However, if the vehicle is a total loss vehicle, the claim shall not exceed the total loss vehicle value established in accordance with procedures that are customarily used by insurance companies when paying claims on total loss vehicles, less the proceeds from salvaging the vehicle, if those proceeds are retained by the rental company.

(4) If insurance coverage exists under the renter's applicable personal or business insurance policy and the coverage is confirmed during regular business hours, the renter may require that the rental company submit any claims to the renter's applicable personal or business insurance carrier. The rental company shall not make any written or oral representations that it will not present claims or negotiate with the renter's insurance carrier. For purposes of this paragraph, confirmation of coverage includes telephone confirmation from insurance company representatives during regular business hours. Upon request of the renter and after confirmation of coverage, the amount of claim shall be resolved between the insurance carrier and the rental company. The renter shall remain responsible for payment to the rental car company for any loss sustained that the renter's applicable personal or business insurance policy does not cover.

(5) A rental company shall not recover from the renter or other authorized driver for any item described in subdivision (b) to the extent the rental company obtains recovery from any other person.

(6) This section applies only to the maximum liability of a renter or other authorized driver to the rental company resulting from damage to the rented vehicle and not to the liability of any other person.

(e) (1) Except as provided in subdivision (f), every damage waiver shall provide or, if not expressly stated in writing, shall be deemed to

provide that the renter has no liability for any damage, loss, loss of use, or any cost or expense incident thereto.

(2) Except as provided in subdivision (f), every limitation, exception, or exclusion to any damage waiver is void and unenforceable.

(f) A rental company may provide in the rental contract that a damage waiver does not apply under any of the following circumstances:

(1) Damage or loss results from an authorized driver's (A) intentional, willful, wanton, or reckless conduct, (B) operation of the vehicle under the influence of drugs or alcohol in violation of Section 23152 of the Vehicle Code, (C) towing or pushing anything, or (D) operation of the vehicle on an unpaved road if the damage or loss is a direct result of the road or driving conditions.

(2) Damage or loss occurs while the vehicle is (A) used for commercial hire, (B) used in connection with conduct that could be properly charged as a felony, (C) involved in a speed test or contest or in driver training activity, (D) operated by a person other than an authorized driver, or (E) operated outside of the United States.

(3) Any authorized driver who has (A) provided fraudulent information to the rental company, or (B) provided false information and the rental company would not have rented the vehicle if it had instead received true information.

(g) (1) A rental company which offers or provides a damage waiver for any consideration in addition to the rental rate shall clearly and conspicuously disclose the following information in the rental contract or holder in which the contract is placed and, also, in signs posted at the place, such as the counter, where the renter signs the rental contract, and, for renters who are enrolled in the rental company's membership program, in a sign which shall be posted in a location clearly visible to those renters as they enter the location where their reserved rental cars are parked or near the exit of the bus or other conveyance that transports the enrollee to a reserved car: (A) the nature of the renter's liability, e.g., liability for all collision damage regardless of cause, (B) the extent of the renter's liability, e.g., liability for damage or loss up to a specified amount, (C) the renter's personal insurance policy or the credit card used to pay for the car rental transaction may provide coverage for all or a portion of the renter's potential liability, (D) the renter should consult with his or her insurer to determine the scope of insurance coverage, including the amount of the deductible, if any, for which the renter is obligated, (E) the renter may purchase an optional damage waiver to cover all liability, subject to whatever exceptions the rental company expressly lists that are permitted under subdivision (f), and (F) the range of charges for the damage waiver.

(2) In addition to the requirements of paragraph (1), a rental company that offers or provides damage waiver shall, orally disclose to all renters,

except those who are participants in the rental company's membership program, that the damage waiver may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance. The renter's receipt of the oral disclosure shall be demonstrated through the renter acknowledging receipt of the oral disclosure near that part of the contract where the renter indicates, by the renter's own initials, his or her acceptance or declination of the damage waiver. Adjacent to that same part, the contract shall also state that damage waiver is optional.

(3) The following is an example, for purposes of illustration and not limitation, of a notice fulfilling the requirements of paragraph (1) for a rental company that imposes liability on the renter for collision damage to the full value of the vehicle:

NOTICE ABOUT YOUR FINANCIAL RESPONSIBILITY AND OPTIONAL DAMAGE WAIVER

You are responsible for all collision damage to the rented vehicle even if someone else caused it or the cause is unknown. You are responsible for the cost of repair up to the value of the vehicle, and towing, storage, and impound fees.

Your own insurance, or the issuer of the credit card you use to pay for the car rental transaction, may cover all or part of your financial responsibility for the rented vehicle. You should check with your insurance company, or credit card issuer, to find out about your coverage and the amount of the deductible, if any, for which you may be liable.

Further, if you use a credit card that provides coverage for your potential liability, you should check with the issuer to determine if you must first exhaust the coverage limits of your own insurance before the credit card coverage applies.

The rental company will not hold you responsible if you buy a damage waiver. But a damage waiver will not protect you if (list exceptions).

(A) When the above notice is printed in the contract or contractholder, the following shall be printed immediately following the notice:

"The cost of an optional damage waiver is $____ for every (day or week)."

(B) When the above notice appears on a sign, the following shall appear immediately adjacent to the notice:

''The cost of an optional damage waiver is $____ to $____ for every (day or week), depending upon the vehicle rented.''

(h) Notwithstanding any other provision of law, a rental company may sell a damage waiver subject to the following rate limitations for each full or partial 24-hour rental day for the damage waiver.

(1) For rental vehicles that the rental company designates as an ''economy car,'' ''subcompact car,'' ''compact car,'' or any other term having similar meaning when offered for rental, or any other vehicle having a manufacturer's suggested retail price of nineteen thousand dollars ($19,000) or less, the rate may not exceed nine dollars ($9).

(2) For rental vehicles that have a manufacturer's suggested retail price from nineteen thousand one dollars ($19,001) to thirty-four thousand nine hundred ninety-nine dollars ($34,999), inclusive, and that is also either a vehicle of the next year's model year or not older than the previous year's model year, the rate may not exceed fifteen dollars ($15). For those rental vehicles older than the previous year's model year, the rate may not exceed nine dollars ($9).

(i) On or after January 1, 2003, the manufacturer's suggested retail prices described in subdivision (h) shall be adjusted annually to reflect changes from the previous year in the Consumer Price Index. For the purposes of this section, ''Consumer Price Index'' means the United States Consumer Price Index for All Urban Consumers, for all items.

(j) A rental company which disseminates in this state an advertisement containing a rental rate shall include in that advertisement a clearly readable statement of the charge for damage waiver and a statement that damage waiver is optional.

(k) (1) A rental company shall not require the purchase of a damage waiver, optional insurance, or any other optional good or service.

(2) A rental company shall not engage in any unfair, deceptive, or coercive conduct to induce a renter to purchase damage waiver, optional insurance, or any other optional good or service, including conduct such as, but not limited to, refusing to honor the renter's reservation, limiting the availability of vehicles, requiring a deposit, or debiting or blocking the renter's credit card account for a sum equivalent to a deposit if the renter declines to purchase damage waiver, optional insurance, or any other optional good or service.

(*l*) (1) In the absence of express permission granted by the renter subsequent to damage to, or loss of, the vehicle, a rental company shall not seek to recover any portion of any claim arising out of damage to, or loss of, the rented vehicle by processing a credit card charge or causing any debit or block to be placed on the renter's credit card account.

(2) A rental company shall not engage in any unfair, deceptive, or coercive tactics in attempting to recover or in recovering on any claim arising out of damage to, or loss of, the rented vehicle.

(m) (1) A customer facility charge may be collected by a rental company under the following circumstances:

(A) Collection of the fee by the rental company is required by an airport operated by a city, a county, a city and county, a joint powers authority, or a special district.

(B) The fee is calculated on a per-contract basis.

(C) The fee is a user fee, not a tax imposed upon real property or an incidence of property ownership under Article XIII D of the California Constitution.

(D) Except as otherwise provided in subparagraph (E), the fee shall be ten dollars ($10) per contract.

(E) If the fee imposed by the airport is for both a consolidated rental car facility and a common use transportation system, the fee collected from customers of on-airport rental car companies shall be ten dollars ($10), but the fee imposed on customers of off-airport rental car companies who are transported on the common use transportation system is proportionate to the costs of the common use transportation system only. The fee is uniformly applied to each class of on-airport or off-airport customers, provided the airport requires off-airport customers to use the common use transportation system.

(F) Revenues collected from the fee do not exceed the reasonable costs of financing, designing, constructing, or operating the facility or services and may not be used for any other purpose.

(G) The fee is separately identified on the rental agreement.

(H) This paragraph does not apply to airports whose fees are governed by Section 1936.5 of the Civil Code, Section 50474.1 of the Government Code, or Section 57.5 of the San Diego Unified Port District Act.

(2) Notwithstanding any other provision of law, including, but not limited to, Part 1 (commencing with Section 6001) to Part 1.7 (commencing with Section 7280), inclusive, of Division 2 of the Revenue and Taxation Code, the fees collected pursuant to this section, or any other law whereby a local agency operating an airport requires a rental car company to collect a facility financing fee from its customers, shall not be subject to sales, use, or transaction taxes.

(n) (1) A rental company shall only advertise, quote, and charge a rental rate that includes the entire amount except taxes, a customer facility charge, if any, and a mileage charge, if any, which a renter must pay to hire or lease the vehicle for the period of time to which the rental rate applies. A rental company shall not charge in addition to the rental rate, taxes, a customer facility charge, if any, and a mileage charge, if any, any fee which must be paid by the renter as a condition of hiring or

leasing the vehicle, such as, but not limited to, required fuel or airport surcharges other than customer facility charges, nor any fee for transporting the renter to the location where the rented vehicle will be delivered to the renter.

(2) In addition to the rental rate, taxes, customer facility charges, if any, and mileage charges, if any, a rental company may charge for an item or service provided in connection with a particular rental transaction if the renter could have avoided incurring the charge by choosing not to obtain or utilize the optional item or service. Items and services for which the rental company may impose an additional charge, include, but are not limited to, optional insurance and accessories requested by the renter, service charges incident to the renter's optional return of the vehicle to a location other than the location where the vehicle was hired or leased, and charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental. A rental company also may impose an additional charge based on reasonable age criteria established by the rental company.

(3) A rental company shall not charge any fee for authorized drivers in addition to the rental charge for an individual renter.

(4) If a rental company states a rental rate in print advertisement or in a telephonic, in-person, or computer-transmitted quotation, the rental company shall clearly disclose in that advertisement or quotation the terms of any mileage conditions relating to the advertised or quoted rental rate, including, but not limited to, to the extent applicable, the amount of mileage and gas charges, the number of miles for which no charges will be imposed, and a description of geographic driving limitations within the United States and Canada.

(5) (A) When a rental rate is stated in an advertisement, quotation, or reservation in connection with a car rental at an airport where a customer facility charge is imposed, the rental company shall clearly disclose the existence and amount of the customer facility charge. For the purposes of this subparagraph, advertisements include radio, television, other electronic media, and print advertisements. For purposes of this subparagraph, quotations and reservations include those that are telephonic, in-person, and computer-transmitted. If the rate advertisement is intended to include transactions at more than one airport imposing a customer facility charge, a range of fees may be stated in the advertisement. However, all rate advertisements that include car rentals at airport destinations shall clearly and conspicuously include a toll-free telephone number whereby a customer can be told the specific amount of the customer facility charge to which the customer will be obligated.

(B) If any person or entity other than a rental car company, including a passenger carrier or a seller of travel services, advertises or quotes a rate for a car rental at an airport where a customer facility charge is imposed, that person or entity shall, provided they are provided with information about the existence and amount of the fee, to the extent not specifically prohibited by federal law, clearly disclose the existence and amount of the fee in any telephonic, in-person, or computer-transmitted quotation at the time of making an initial quotation of a rental rate and at the time of making a reservation of a rental car. If a rental car company provides the person or entity with rate and customer facility charge information, the rental car company shall not be responsible for the failure of that person or entity to comply with this subparagraph when quoting or confirming a rate to a third person or entity.

(6) If a rental company delivers a vehicle to a renter at a location other than the location where the rental company normally carries on its business, the rental company shall not charge the renter any amount for the rental for the period before the delivery of the vehicle. If a rental company picks up a rented vehicle from a renter at a location other than the location where the rental company normally carries on its business, the rental company shall not charge the renter any amount for the rental for the period after the renter notifies the rental company to pick up the vehicle.

(o) A renter may bring an action against a rental company for the recovery of damages and appropriate equitable relief for a violation of this section. The prevailing party shall be entitled to recover reasonable attorney's fees and costs.

(p) A rental company that brings an action against a renter for loss due to theft of the vehicle shall bring the action in the county in which the renter resides or if the renter is not a resident of this state in the jurisdiction in which the renter resides.

(q) Any waiver of any of the provisions of this section shall be void and unenforceable as contrary to public policy.

(r) (1) A rental company's disclosure requirements shall be satisfied for renters who are enrolled in the rental company's membership program if all of the following conditions are met:

(A) Prior to the enrollee's first rental as a participant in the program, the renter receives, in writing, the following:

(i) All of the disclosures required by paragraph (1) of subdivision (g) including the terms and conditions of the rental agreement then in effect.

(ii) A Web site address, as well as a contact number or address, where the enrollee can learn of any changes to the rental agreement or to the laws of this state governing rental agreements since the effective date of the rental company's most recent restatement of the rental agreement and distribution of that restatement to its members.

(B) At the commencement of each rental period, the renter is provided, on the rental record or the folder in which it is inserted, with a printed notice stating that he or she had either previously selected or declined an optional damage waiver and that the renter has the right to change preferences.

(C) At the commencement of each rental period, the rental company provides, on the rearview mirror, a hanger on which a statement is printed, in a box, in at least 12-point boldface type, notifying the renter that the collision damage waiver offered by the rental company may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance. If it is not feasible to hang the statement from the rearview mirror, it shall be hung from the steering wheel.

The hanger shall provide the renter a box to initial if he or she (not his or her employer) has previously accepted or declined the collision damage waiver and that he or she now wishes to change his or her decision to accept or decline the collision damage waiver, as follows:

''☐ If I previously accepted the collision damage waiver, I now decline it.

☐ If I previously declined the collision damage waiver, I now accept it.''

The hanger shall also provide a box for the enrollee to indicate whether this change applies to this rental transaction only or to all future rental transactions. The hanger shall also notify the renter that he or she may make such a change, prior to leaving the lot, by returning the form to an employee designated to receive the form who is present at the lot where the renter takes possession of the car, to receive any change in the rental agreement from the renter.

(2) (A) This subdivision is not effective unless the employee designated pursuant to subparagraph (E) of paragraph (8) of subdivision (a) is actually present at the required location.

(B) This subdivision does not relieve the rental company from those disclosures that are required to be made within the text of a contract or holder in which the contract is placed; in or on an advertisement containing a rental rate; or in a telephonic, in-person, or computer-transmitted quotation or reservation.

(s) The amendments made to this section during the 2001–02 Regular Session of the Legislature do not affect litigation pending on or before January 1, 2003, alleging a violation of Section 22325 of the Business and Professions Code as it read at the time the action was commenced.

(t) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 3. Section 1936 is added to the Civil Code, to read:

1936. (a) For the purpose of this section, the following definitions shall apply:

(1) ''Rental company'' means any person or entity in the business of renting passenger vehicles to the public.

(2) ''Renter'' means any person in any manner obligated under a contract for the lease or hire of a passenger vehicle from a rental company for a period of less than 30 days.

(3) ''Authorized driver'' means (A) the renter, (B) the renter's spouse if that person is a licensed driver and satisfies the rental company's minimum age requirement, (C) the renter's employer or coworker if they are engaged in business activity with the renter, are licensed drivers, and satisfy the rental company's minimum age requirement, and (D) any person expressly listed by the rental company on the renter's contract as an authorized driver.

(A) ''Customer facility charge'' means a fee required by an airport to be collected by a rental company from a renter for any of the following purposes:

(i) The fee shall be used to finance, design, and construct consolidated airport car rental facilities.

(ii) The fee shall be used to finance, design, construct, and provide common use transportation systems that move passengers between airport terminals and those consolidated car rental facilities.

(B) The aggregate amount to be collected shall not exceed the reasonable costs, as determined by an independent audit paid for by the airport, to finance, design, and construct those facilities. Copies of the audit shall be provided to the Assembly and Senate Committees on Judiciary and Committees on Transportation. In the case of a transportation system, the audit shall also consider the reasonable costs of providing the transit system or busing network. At the Burbank Airport, and at all other airports, the fees designated as a Customer Facility Charge may not be used to pay for terminal expansion, gate expansion, runway expansion, changes in hours of operation, or changes in the number of flights arriving or departing from the airport.

(C) The authorization given pursuant to this section for an airport to impose a customer facility charge shall become inoperative when the bonds used for financing are paid.

(4) ''Damage waiver'' means a rental company's agreement not to hold a renter liable for all or any portion of any damage or loss related to the rented vehicle, any loss of use of the rented vehicle, or any storage, impound, towing, or administrative charges.

(5) ''Estimated time for replacement'' means the number of hours of labor, or fraction thereof, needed to replace damaged vehicle parts as set forth in collision damage estimating guides generally used in the vehicle repair business and commonly known as ''crash books.''

(6) ''Estimated time for repair'' means a good faith estimate of the reasonable number of hours of labor, or fraction thereof, needed to repair damaged vehicle parts.

(7) ''Passenger vehicle'' means a passenger vehicle as defined in Section 465 of the Vehicle Code.

(b) Except as limited by subdivision (c), a rental company and a renter may agree that the renter will be responsible for no more than all of the following:

(1) Physical or mechanical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from collision regardless of the cause of the damage.

(2) Loss due to theft of the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, provided that the rental company establishes by clear and convincing evidence that the renter or the authorized driver failed to exercise ordinary care while in possession of the vehicle. In addition, the renter shall be presumed to have no liability for any loss due to theft if (A) an authorized driver has possession of the ignition key furnished by the rental company or an authorized driver establishes that the ignition key furnished by the rental company was not in the vehicle at the time of the theft, and (B) an authorized driver files an official report of the theft with the police or other law enforcement agency within 24 hours of learning of the theft and reasonably cooperates with the rental company and the police or other law enforcement agency in providing information concerning the theft. The presumption set forth in this paragraph is a presumption affecting the burden of proof which the rental company may rebut by establishing that an authorized driver committed, or aided and abetted the commission of, the theft.

(3) Physical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from vandalism occurring after, or in connection with, the theft of the rented vehicle; however, the renter shall have no liability for any damage due to vandalism if the renter would have no liability for theft pursuant to paragraph (2).

(4) Physical damage to the rented vehicle up to a total of five hundred dollars ($500) resulting from vandalism unrelated to the theft of the rented vehicle.

(5) Actual charges for towing, storage, and impound fees paid by the rental company if the renter is liable for damage or loss.

(6) An administrative charge which shall include the cost of appraisal and all other costs and expenses incident to the damage, loss, repair, or replacement of the rented vehicle.

(c) The total amount of the renter's liability to the rental company resulting from damage to the rented vehicle shall not exceed the sum of the following:

(1) The estimated cost of parts which the rental company would have to pay to replace damaged vehicle parts. All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(2) The estimated cost of labor to replace damaged vehicle parts which shall not exceed the product of (A) the rate for labor usually paid by the rental company to replace vehicle parts of the type that were damaged and (B) the estimated time for replacement. All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(3) (A) The estimated cost of labor to repair damaged vehicle parts which shall not exceed the lesser of the following:

(i) The product of the rate for labor usually paid by the rental company to repair vehicle parts of the type that were damaged and the estimated time for repair.

(ii) The sum of the estimated labor and parts costs determined under paragraphs (1) and (2) to replace the same vehicle parts.

(B) All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(4) For the purpose of converting the estimated time for repair into the same units of time in which the rental rate is expressed, a day shall be deemed to consist of eight hours.

(5) Actual charges for towing, storage, and impound fees paid by the rental company.

(6) The administrative charge described in paragraph (6) of subdivision (b) shall not exceed (A) fifty dollars ($50) if the total estimated cost for parts and labor is more than one hundred dollars ($100) up to and including five hundred dollars ($500), (B) one hundred dollars ($100) if the total estimated cost for parts and labor exceeds five hundred dollars ($500) up to and including one thousand five hundred dollars ($1,500), and (C) one hundred fifty dollars ($150) if the total estimated cost for parts and labor exceeds one thousand five hundred

dollars ($1,500). No administrative charge shall be imposed if the total estimated cost of parts and labor is one hundred dollars ($100) or less.

(d) (1) The total amount of an authorized driver's liability to the rental company, if any, for damage occurring during the authorized driver's operation of the rented vehicle shall not exceed the amount of the renter's liability under subdivision (c).

(2) A rental company shall not recover from the renter or other authorized driver an amount exceeding the renter's liability under subdivision (c).

(3) A claim against a renter resulting from damage or loss, excluding loss of use, to a rental vehicle shall be reasonably and rationally related to the actual loss incurred. A rental company shall mitigate damages where possible and may not assert or collect any claim for physical damage which exceeds the actual costs of the repairs performed or the estimated cost of repairs, if the rental company chooses not to repair the vehicle, including all discounts and price reductions. However, if the vehicle is a total loss vehicle, the claim shall not exceed the total loss vehicle value established in accordance with procedures that are customarily used by insurance companies when paying claims on total loss vehicles, less the proceeds from salvaging the vehicle, if those proceeds are retained by the rental company.

(4) If insurance coverage exists under the renter's applicable personal or business insurance policy and the coverage is confirmed during regular business hours, the renter may require that the rental company submit any claims to the renter's applicable personal or business insurance carrier. The rental company shall not make any written or oral representations that it will not present claims or negotiate with the renter's insurance carrier. For purposes of this paragraph, confirmation of coverage includes telephone confirmation from insurance company representatives during regular business hours. Upon request of the renter and after confirmation of coverage, the amount of claim shall be resolved between the insurance carrier and the rental company. The renter shall remain responsible for payment to the rental car company for any loss sustained that the renter's applicable personal or business insurance policy does not cover.

(5) A rental company shall not recover from the renter or other authorized driver for any item described in subdivision (b) to the extent the rental company obtains recovery from any other person.

(6) This section applies only to the maximum liability of a renter or other authorized driver to the rental company resulting from damage to the rented vehicle and not to the liability of any other person.

(e) (1) Except as provided in subdivision (f), every damage waiver shall provide or, if not expressly stated in writing, shall be deemed to

provide that the renter has no liability for any damage, loss, loss of use, or any cost or expense incident thereto.

(2) Except as provided in subdivision (f), every limitation, exception, or exclusion to any damage waiver is void and unenforceable.

(f) A rental company may provide in the rental contract that a damage waiver does not apply under any of the following circumstances:

(1) Damage or loss results from an authorized driver's (A) intentional, willful, wanton, or reckless conduct, (B) operation of the vehicle under the influence of drugs or alcohol in violation of Section 23152 of the Vehicle Code, (C) towing or pushing anything, or (D) operation of the vehicle on an unpaved road if the damage or loss is a direct result of the road or driving conditions.

(2) Damage or loss occurs while the vehicle is (A) used for commercial hire, (B) used in connection with conduct that could be properly charged as a felony, (C) involved in a speed test or contest or in driver training activity, (D) operated by a person other than an authorized driver, or (E) operated outside of the United States.

(3) Any authorized driver who has (A) provided fraudulent information to the rental company, or (B) provided false information and the rental company would not have rented the vehicle if it had instead received true information.

(g) (1) A rental company which offers or provides a damage waiver for any consideration in addition to the rental rate shall clearly and conspicuously disclose the following information in the rental contract or holder in which the contract is placed and, also, in signs posted at the place, such as the counter, where the renter signs the rental contract: (A) the nature of the renter's liability, e.g., liability for all collision damage regardless of cause, (B) the extent of the renter's liability, e.g., liability for damage or loss up to a specified amount, (C) the renter's personal insurance policy or the credit card used to pay for the car rental transaction may provide coverage for all or a portion of the renter's potential liability, (D) the renter should consult with his or her insurer to determine the scope of insurance coverage, including the amount of the deductible, if any, for which the renter is obligated, (E) the renter may purchase an optional damage waiver to cover all liability, subject to whatever exceptions the rental company expressly lists that are permitted under subdivision (f), and (F) the range of charges for the damage waiver.

(2) In addition to the requirements of paragraph (1), a rental company that offers or provides damage waiver shall, on that part of the contract where the renter indicates his or her acceptance or declination of the damage waiver, indicate that the purchase of the damage waiver is optional.

(3) The following is an example, for purposes of illustration and not limitation, of a notice fulfilling the requirements of paragraph (1) for a rental company that imposes liability on the renter for collision damage to the full value of the vehicle:

''NOTICE ABOUT YOUR FINANCIAL RESPONSIBILITY AND OPTIONAL DAMAGE WAIVER

You are responsible for all collision damage to the rented vehicle even if someone else caused it or the cause is unknown. You are responsible for the cost of repair up to the value of the vehicle, and towing, storage, and impound fees.

Your own insurance, or the issuer of the credit card you use to pay for the car rental transaction, may cover all or part of your financial responsibility for the rented vehicle. You should check with your insurance company, or credit card issuer, to find out about your coverage and the amount of the deductible, if any, for which you may be liable.

Further, if you use a credit card that provides coverage for your potential liability, you should check with the issuer to determine if you must first exhaust the coverage limits of your own insurance before the credit card coverage applies.

The rental company will not hold you responsible if you buy a damage waiver. But a damage waiver will not protect you if (list exceptions).''

(A) When the above notice is printed in the contract or contractholder, the following shall be printed immediately following the notice:

''The cost of an optional damage waiver is $____ for every (day or week).''

(B) When the above notice appears on a sign, the following shall appear immediately adjacent to the notice:

''The cost of an optional damage waiver is $____ to $____ for every (day or week), depending upon the vehicle rented.''

(h) Notwithstanding any other provision of law, a rental company may sell a damage waiver subject to the following rate limitations for each full or partial 24-hour rental day for the damage waiver.

(1) For rental vehicles that the rental company designates as an ''economy car,'' ''subcompact car,'' ''compact car,'' or any other term having similar meaning when offered for rental, or any other vehicle having a manufacturer's suggested retail price of nineteen thousand dollars ($19,000) or less, the rate may not exceed nine dollars ($9).

(2) For rental vehicles that have a manufacturer's suggested retail price from nineteen thousand one dollars ($19,001) to thirty-four thousand nine hundred ninety-nine dollars ($34,999), inclusive, and that is also either a vehicle of the next year's model year or not older than the previous year's model year, the rate may not exceed fifteen dollars ($15). For those rental vehicles older than the previous year's model year, the rate may not exceed nine dollars ($9).

(i) On or after January 1, 2003, the manufacturer's suggested retail prices described in subdivision (h) shall be adjusted annually to reflect changes from the previous year in the Consumer Price Index. For the purposes of this section, ''Consumer Price Index'' means the United States Consumer Price Index for All Urban Consumers, for all items.

(j) A rental company which disseminates in this state an advertisement containing a rental rate shall include in that advertisement a clearly readable statement of the charge for damage waiver and a statement that damage waiver is optional.

(k) (1) A rental company shall not require the purchase of a damage waiver, optional insurance, or any other optional good or service.

(2) A rental company shall not engage in any unfair, deceptive, or coercive conduct to induce a renter to purchase damage waiver, optional insurance, or any other optional good or service, including conduct such as, but not limited to, refusing to honor the renter's reservation, limiting the availability of vehicles, requiring a deposit, or debiting or blocking the renter's credit card account for a sum equivalent to a deposit if the renter declines to purchase damage waiver, optional insurance, or any other optional good or service.

(*l*) (1) In the absence of express permission granted by the renter subsequent to damage to, or loss of, the vehicle, a rental company shall not seek to recover any portion of any claim arising out of damage to, or loss of, the rented vehicle by processing a credit card charge or causing any debit or block to be placed on the renter's credit card account.

(2) A rental company shall not engage in any unfair, deceptive, or coercive tactics in attempting to recover or in recovering on any claim arising out of damage to, or loss of, the rented vehicle.

(m) (1) A customer facility charge may be collected by a rental company under the following circumstances:

(A) Collection of the fee by the rental company is required by an airport operated by a city, a county, a city and county, a joint powers authority, or a special district.

(B) The fee is calculated on a per-contract basis.

(C) The fee is a user fee, not a tax imposed upon real property or an incidence of property ownership under Article XIII D of the California Constitution.

(D) Except as otherwise provided in subparagraph (E), the fee shall be ten dollars ($10) per contract.

(E) If the fee imposed by the airport is for both a consolidated rental car facility and a common use transportation system, the fee collected from customers of on-airport rental car companies shall be ten dollars ($10), but the fee imposed on customers of off-airport rental car companies who are transported on the common use transportation system is proportionate to the costs of the common use transportation system only. The fee is uniformly applied to each class of on-airport or off-airport customers, provided the airport requires off-airport customers to use the common use transportation system.

(F) Revenues collected from the fee do not exceed the reasonable costs of financing, designing, constructing, or operating the facility or services and may not be used for any other purpose.

(G) The fee is separately identified on the rental agreement.

(H) This paragraph does not apply to airports whose fees are governed by Section 1936.5 of the Civil Code, Section 50474.1 of the Government Code, or Section 57.5 of the San Diego Unified Port District Act.

(2) Notwithstanding any other provision of law, including, but not limited to, Part 1 (commencing with Section 6001) to Part 1.7 (commencing with Section 7280), inclusive, of Division 2 of the Revenue and Taxation Code, the fees collected pursuant to this section, or any other law whereby a local agency operating an airport requires a rental car company to collect a facility financing fee from its customers, shall not be subject to sales, use, or transaction taxes.

(n) (1) A rental company shall only advertise, quote, and charge a rental rate that includes the entire amount except taxes, a customer facility charge, if any, and a mileage charge, if any, which a renter must pay to hire or lease the vehicle for the period of time to which the rental rate applies. A rental company shall not charge in addition to the rental rate, taxes, a customer facility charge, if any, and a mileage charge, if any, any fee which must be paid by the renter as a condition of hiring or leasing the vehicle, such as, but not limited to, required fuel or airport surcharges other than customer facility charges, nor any fee for transporting the renter to the location where the rented vehicle will be delivered to the renter.

(2) In addition to the rental rate, taxes, customer facility charges, if any, and mileage charges, if any, a rental company may charge for an item or service provided in connection with a particular rental transaction if the renter could have avoided incurring the charge by choosing not to obtain or utilize the optional item or service. Items and services for which the rental company may impose an additional charge, include, but are not limited to, optional insurance and accessories requested by the renter, service charges incident to the renter's optional

return of the vehicle to a location other than the location where the vehicle was hired or leased, and charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental. A rental company also may impose an additional charge based on reasonable age criteria established by the rental company.

(3) A rental company shall not charge any fee for authorized drivers in addition to the rental charge for an individual renter.

(4) If a rental company states a rental rate in print advertisement or in a telephonic, in-person, or computer-transmitted quotation, the rental company shall clearly disclose in that advertisement or quotation the terms of any mileage conditions relating to the advertised or quoted rental rate, including, but not limited to, to the extent applicable, the amount of mileage and gas charges, the number of miles for which no charges will be imposed, and a description of geographic driving limitations within the United States and Canada.

(5) (A) When a rental rate is stated in an advertisement, quotation, or reservation in connection with a car rental at an airport where a customer facility charge is imposed, the rental company shall clearly disclose the existence and amount of the customer facility charge. For the purposes of this subparagraph, advertisements include radio, television, other electronic media, and print advertisements. For purposes of this subparagraph, quotations and reservations include those that are telephonic, in-person, and computer-transmitted. If the rate advertisement is intended to include transactions at more than one airport imposing a customer facility charge, a range of fees may be stated in the advertisement. However, all rate advertisements that include car rentals at airport destinations shall clearly and conspicuously include a toll-free telephone number whereby a customer can be told the specific amount of the customer facility charge to which the customer will be obligated.

(B) If any person or entity other than a rental car company, including a passenger carrier or a seller of travel services, advertises or quotes a rate for a car rental at an airport where a customer facility charge is imposed, that person or entity shall, provided they are provided with information about the existence and amount of the fee, to the extent not specifically prohibited by federal law, clearly disclose the existence and amount of the fee in any telephonic, in-person, or computer-transmitted quotation at the time of making an initial quotation of a rental rate and at the time of making a reservation of a rental car. If a rental car company provides the person or entity with rate and customer facility charge information, the rental car company shall not be responsible for the failure of that person or entity to comply with this subparagraph when quoting or confirming a rate to a third person or entity.

(6) If a rental company delivers a vehicle to a renter at a location other than the location where the rental company normally carries on its business, the rental company shall not charge the renter any amount for the rental for the period before the delivery of the vehicle. If a rental company picks up a rented vehicle from a renter at a location other than the location where the rental company normally carries on its business, the rental company shall not charge the renter any amount for the rental for the period after the renter notifies the rental company to pick up the vehicle.

(o) A renter may bring an action against a rental company for the recovery of damages and appropriate equitable relief for a violation of this section. The prevailing party shall be entitled to recover reasonable attorney's fees and costs.

(p) A rental company that brings an action against a renter for loss due to theft of the vehicle shall bring the action in the county in which the renter resides or if the renter is not a resident of this state in the jurisdiction in which the renter resides.

(q) Any waiver of any of the provisions of this section is void and unenforceable as contrary to public policy.

(r) This section shall become operative on January 1, 2002.

SEC. 4. Section 3 of this act shall become operative on January 1, 2006.

CHAPTER 949

An act to add Section 10540 to the Water Code, relating to water.

An act to add Article 2.5 (commencing with Section 19225) to Chapter 3 of Division 19 of the Elections Code, relating to voting systems.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the ''Accessible Voting Technology Act of 2002.''

SEC. 2. Article 2.5 (commencing with Section 19225) is added to Chapter 3 of Division 19 of the Elections Code, to read:

Article 2.5. Accessible Voting Systems

19225. The Legislature finds and declares as follows:

(a) Microchip and digital technologies are increasingly changing the way Americans vote.

(b) State and political subdivisions are replacing antiquated voting methods and machines with computer and electronic-based voting systems, but nonvisual access, whether by speech, braille, or other appropriate means, is often overlooked in certifying and purchasing the latest voting technology.

(c) Voting technology and systems that allow the voter to access and select information solely through a visual means are a barrier to access by individuals who are blind or visually impaired, thereby discouraging

them from exercising the right to vote, the most fundamental right of citizenship in a free and democratic society.

(d) Software and hardware adaptations have been created so that voters can interact with voting technology and systems through both visual and nonvisual means allowing blind and visually impaired people to cast a secret ballot and independently verify their vote.

(e) In promoting full participation in the electoral process, the goals of the state and its political subdivisions must recognize the incontrovertible right of all citizens regardless of blindness or visual impairment to vote.

(f) This right must include the opportunity for individuals who are blind or visually impaired to cast and verify their ballots independently.

19226. As used in this article:

(a) ''Access'' means the ability to receive, use, select, and manipulate data and operate controls included in voting technology and systems.

(b) ''Nonvisual'' means synthesized speech, braille, and other output methods not requiring sight.

19227. (a) The Secretary of State shall adopt rules and regulations governing any voting technology and systems used by the state or any political subdivision that provide blind and visually impaired individuals with access that is equivalent to that provided to individuals who are not blind or visually impaired, including the ability for the voter to cast and verify all selections made by both visual and nonvisual means.

(b) At each polling place, at least one voting unit approved pursuant to subdivision (a) by the Secretary of State shall provide access to individuals who are blind or visually impaired.

(c) A local agency is not required to comply with subdivision (b) unless sufficient funds are available to implement that provision. Funds received from the proceeds of the Voting Modernization Bond Act of 2002 (Article 3 (commencing with Section 19230), from federal funds made available to purchase new voting systems, or from any other source except the General Fund, shall be used for that purpose.

19227.5. In requiring nonvisual access pursuant to this article, the Secretary of State shall obtain recommendations from representatives of blind consumer organizations, experts in accessible software and hardware design, and any other individual or organization the Secretary of State determines to be appropriate.

19228. Compliance with this article in regard to voting technology and systems purchased prior to the effective date of this article shall be achieved at the time of procurement of an upgrade or replacement of existing voting equipment or systems.

19229. (a) A person injured by a violation of this article may maintain an action for injunctive relief to enforce this article.

(b) An action for injunctive relief shall be commenced within four years after the cause of action accrues.

(c) For the purposes of this section, a cause of action for a continuing violation accrues at the time of the latest violation.

19229.5. This article does not apply to voting by absentee ballot.

SEC. 3. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 956

An act to amend Section 7048 of the Water Code, relating to water.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 7048 of the Water Code is amended to read:

7048. (a) The Legislature hereby finds and declares that the protection, restoration, and enhancement of urban creek channels provide potential benefits to the state by combining an effective and

efficient means of flood damage reduction with the preservation and enhancement of natural environmental values. The Legislature further finds that urban creek protection, restoration, and enhancement are best undertaken by local agencies and organizations with assistance from the state. It is the intent of the Legislature, in enacting this section, to restore the ecological viability of creek environments located in predominantly urban areas, thereby enhancing aesthetic, recreational, and fish and wildlife values.

(b) (1) The director may establish a program of flood damage reduction and urban creek restoration known as the Urban Streams Restoration Program. The program shall consist of both of the following components:

(A) The development of the capability by the department to respond to requests from local agencies and organizations for planning and design assistance for efficient and effective urban creek protection, restoration, and enhancement.

(B) To the extent that funds are provided, a process for awarding competitive grants.

(2) For purposes of this section, urban creek protection, restoration, and enhancement include, but are not limited to, the maintenance of channel capacity, channel stabilization, vegetation management, and adaptive management to meet program objectives. Where appropriate, the protection, restoration, and enhancement shall utilize efficient, nonstructural low-maintenance flood protection techniques. The department shall utilize in this program its expertise in a variety of disciplines, including, but not limited to, soil bioengineering, hydrology, and plant ecology.

(3) (A) The department shall maintain a balance in allocating the money annually available for grants to small urban creek restoration projects and large urban stream restoration projects, allocating not less than 35 percent to both small and large projects. For purposes of this section, ''small urban creek restoration projects'' are projects for which total costs, including acquisition and restoration costs, are below one million dollars ($1,000,000) and ''large urban stream restoration projects'' are projects for which total costs, including acquisition and restoration costs are one million dollars ($1,000,000) or more.

(B) Notwithstanding subparagraph (A), if an insufficient number of qualified projects are available to fully meet the allocation requirement, the department may grant funds to any project that is otherwise qualified, in order to ensure that all available funds are used efficiently.

(c) In responding to requests for assistance, the department shall give priority to those projects that are being planned in conjunction with, or in lieu of, local flood control projects. The department may award grants and contracts to local agencies and organizations as provided for in the

budget of the department. Participating local agencies and organizations shall follow procedures, plans, and practices that are acceptable to the department, and shall conform to guidelines established by the department that define the level of contribution and participation required by local agencies and organizations.

The department shall coordinate the program with the Department of Fish and Game during the formulation of guidelines and project planning for urban creek protection, restoration, and enhancement. The department shall also consult with the Department of Fish and Game on project criteria which may include economic, environmental, and social benefits to be achieved.

(d) It is the intent of the Legislature that the duties and responsibilities of the department be identified as the Urban Streams Restoration Program and be carried out by an office or staff designated for this purpose. Information on how to obtain planning, design, and financial assistance should be readily accessible to the public.

(e) As used in this section, ''urban creek'' means a creek stream, or river that crosses built-up residential, commercial, or industrial property, or that crosses land where, in the near future, the land use will be residential, commercial, or industrial.

(f) For the purposes of this section, eligible activities include, but are not limited to, the maintenance of channel capacity and stabilization of the morphological equilibrium of a natural channel for purposes of flood damage reduction, erosion control, and bank stabilization which may include nonstructural as well as structural projects.

(g) The department may adopt regulations that define adaptive management for the purposes of the Urban Streams Restoration Program and establish criteria to fund projects that include adaptive management activities.

(h) The department may amend or utilize existing regulations for approving competitive grants. The regulations may include, but are not limited to, an application process, grant approval criteria, and grantee's reporting requirements. The department shall annually make available to the public, in a form that is readily accessible, information regarding the status of funds appropriated for these purposes and projects that received grants.

CHAPTER 957

An act to add Section 12949.6 to the Water Code, relating to water, and making an appropriation therefor.

[Approved by Governor September 26, 2002. Filed with
Secretary of State September 27, 2002.]

I am signing Assembly Bill 2717, however, I am reducing the appropriation from the Renewable Resources Investment Fund to $100,000.

This bill would require the Department of Water Resources to convene a Water Desalination task force to make recommendations related to potential opportunities for the use of seawater and brackish water desalination.

The revenues from the Renewable Resources Investment Fund are below projections and the fund is expected to have a significant shortfall this year. At a time when the state is dealing with a $24 billion shortfall, any available funds should be used for on-going environmental activities and programs now supported by the General Fund that would otherwise be reduced or eliminated.

Studying the potential opportunities and impediments for the use of water desalination is an important step toward helping the state meet its water needs. Therefore, I am directing the Department of Water Resources to explore funding partnerships with interested local and private entities to accomplish this goal.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) There is a clear public interest in ensuring that land and facilities are available for cost-effective seawater desalination.

(b) Recent advances in technology could make seawater desalination a more attractive option for increasing available water supplies.

(c) Additional information is necessary to assess the potential opportunities for seawater desalination in California.

(d) The activities of a water desalination task force are consistent with those activities for which the moneys in the Bosco-Keene Renewable Resources Investment Fund may be used pursuant to Section 34000 of the Public Resources Code.

SEC. 2. Section 12949.6 is added to the Water Code, to read:

12949.6. (a) Not later that July 1, 2004, the Department of Water Resources shall report to the Legislature on potential opportunities for the use of seawater and brackish water desalination in California. The report shall evaluate impediments to the use of desalination technology and shall examine what role, if any, the state should play in furthering the use of desalination in California.

(b) The department shall convene a task force, to be known as the Water Desalination Task Force, to advise the department in implementation of subdivision (a), including making recommendations to the Legislature regarding the following:

(1) The need for research, development and demonstration projects for more cost effective and technologically efficient desalination processes.

(2) The environmental impacts of brine disposal, energy use related to desalination, and large-scale ocean water desalination.

(3) An evaluation of the current regulatory framework of state and local rules, regulations, ordinances, and permits to identify the obstacles and methods to creating an efficient siting and permitting system.

(4) Determining a relationship between existing electricity generation facilities and potential desalination facilities, including an examination of issues related to the amounts of electricity required to maintain a desalination facility.

(5) Ensuring desalinated water meets state water quality standards.

(6) Impediments or constraints, other than water rights, to increasing the use of desalinated water both in coastal and inland regions.

(7) The economic impact and potential impacts of the desalination industry on state revenues.

(8) The role that the state should play in furthering the use of desalination technology in California.

(9) An evaluation of a potential relationship between desalination technology and alternative energy sources, including photovoltaic energy and desalination.

(c) (1) The task force shall be convened by the department and be comprised of one representative from each of the following agencies:

(A) The department.

(B) The California Coastal Commission.

(C) The State Energy Resources Conservation and Development Commission.

(D) The California Environmental Protection Agency.

(E) The State Department of Health Services.

(F) The Resources Agency.

(G) The State Water Resources Control Board.

(H) The CALFED Bay-Delta Program.

(I) The Department of Food and Agriculture.

(J) The University of California.

(K) The United States Department of Interior, if that agency wishes to participate.

(2) The task force shall also include, as determined by the department, one representative from a recognized environmental advocacy group, one representative from a consumer advocacy group, one representative of local agency health officers, one representative of a municipal water supply agency, one representative of urban water wholesalers, one representative from a regional water control board, one representative from a groundwater management entity, one representative of water districts, one representative from a nonprofit association of public and private members created to further the use of desalinated water, one

representative of land development, and one representative of industrial interests.

(d) The sum of $600,000 is hereby appropriated from the Bosco-Keene Renewable Resources Investment Fund to the department for the purpose of establishing the task force and preparing the report required in subdivision (a).

A public agency shall have the right to acquire the fee interest at any time during this period for the public purposes indicated in this chapter. At any time during this period, a nonprofit organization may acquire the fee interest if the city or county where the lands are located approves the acquisition. The acquisition shall be deemed approved thirty days after the conservancy has mailed written notice, unless the city or county objects in writing within that time. When deemed appropriate by the conservancy, the instrument conveying an interest in real property to a nonprofit organization may include a restriction permanently limiting the use of those lands to the acquisition purposes. The price to public agencies or to nonprofit organizations that acquire interests in real property from the conservancy may include the cost of acquisition or the conservancy's administrative and management costs in reserving and managing the land, or both. The county shall distribute any payment received by it pursuant to this section to itself, to each revenue district for which the county assesses and collects real property taxes or assessments, and to every other taxing agency within the county where the property is situated. The amount distributable to the county and each revenue district or other taxing agency shall be proportionate to the ratio that the amount of the taxes and assessments of each on similar real property similarly situated within that part of the county embracing the smallest in area of the revenue districts or other taxing agencies other than the county, levied for the fiscal year next preceding, bears to the combined amount of the taxes and assessments of all those districts and agencies, including the county, on the property levied for that year. The county auditor shall determine and certify the amounts distributable to the board of supervisors, that shall thereupon order the making of the distribution.

Any money distributed pursuant to this section to any county, revenue district, or other taxing agency shall be deposited to the credit of the same fund as any taxes or assessments on any taxable similar real property similarly situated.

Where a county receives a payment pursuant to this section in an amount of twenty-five dollars ($25) or less in respect to any parcel of leased property, all of that payment shall be distributed to the county for deposit in the county general fund.

SEC. 28. Section 31406 is added to the Public Resources Code, to read:

The people of the State of California do enact as follows:

SECTION 1. Section 53343.1 is added to the Government Code, to read:

53343.1. For any community facilities district formed after January 1, 1992, the community facilities district shall, prepare, if requested by a person who resides in or owns property in the district, within 120 days after the last day of each fiscal year, a separate document titled an ''Annual Report.'' The district may charge a fee for the report not exceeding the actual costs of preparing the report. The report shall include the following information for the fiscal year:

(a) The amount of special taxes collected for the year.

(b) The amount of other moneys collected for the year and their source, including interest earned.

(c) The amount of moneys expended for the year.

(d) A summary of the amount of moneys expended for the following:

CHAPTER 961

An act to add Section 6531 to the Government Code, relating to joint powers authority.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 6531 is added to the Government Code, to read:

6531. (a) The Legislature finds and declares all of the following:

(1) It is in the best interests of communities located within the City of San Diego for the local public agencies that have jurisdiction within the city to form a joint powers agency to provide for the orderly and coordinated acquisition, construction, and development of model school projects. These projects may include the acquisition of land by negotiation or eminent domain, the construction of schools, the construction of recreational facilities or park sites or both, and the construction of replacement and other housing, including market rate, moderate-income, and low-income housing.

(2) The coordinated construction of these projects by redevelopment agencies, school districts, housing authorities, housing commissions, and the city is of great public benefit and will save public money and time in supplying much needed replacement housing lost when schools are constructed within existing communities.

(3) Legislation is needed to allow redevelopment agencies, school districts, housing authorities, housing commissions, and the city to use their powers to the greatest extent possible to expedite, coordinate, and streamline the construction and eventual operation of such projects.

(b) (1) Notwithstanding any other provision of law, the Redevelopment Agency of the City of San Diego, the Housing Authority of the City of San Diego, the San Diego Housing Commission, the San Diego Unified School District, and the City of San Diego may enter into a joint powers agreement to create and operate a joint powers agency for

the development and construction of a model school project located within the City Heights Project Area. The agency created pursuant to this section shall be known as the San Diego Model School Development Agency. The San Diego Model School Development Agency shall have all the powers of a redevelopment agency pursuant to Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code, all of the powers of a housing authority pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code, and all of the powers of the San Diego Unified School District, as well as all the powers of a joint powers agency granted pursuant to this chapter, to acquire property and to construct and improve and finance one or more schools, housing projects, parks, recreational facilities, and any other facilities reasonably necessary for their proper operation. Further, the San Diego Model School Development Agency shall have all of the powers of the City of San Diego pursuant to its charter and state law to acquire property and to finance and operate parks and recreational facilities and any other facilities reasonably necessary for their proper operation.

(2) Notwithstanding paragraph (1), neither the San Diego Model School Development Agency nor the Redevelopment Agency of the City of San Diego shall expend any property tax increment revenues to acquire property, and to construct, improve, and finance a school within the City Heights Project Area.

(3) Nothing in this section shall relieve the San Diego Model School Development Agency or the Redevelopment Agency of the City of San Diego from its obligations to increase, improve, and preserve the community's supply of low- and moderate-income housing, including, but not limited to, the obligation to provide relocation assistance, the obligation to provide replacement housing, the obligation to meet housing production quotas, and the obligation to set aside property tax increment funds for those purposes.

(4) The San Diego Model School Development Agency shall perform any construction activities in accordance with the applicable provisions of the Public Contract Code, the Education Code, and the Labor Code that apply, respectively, to the redevelopment agency, housing authority, housing commission, school district, or city creating the San Diego Model School Development Agency. Funding pursuant to Proposition MM, a local San Diego County bond measure enacted by the voters for the purpose of school construction, shall be used only for the design, development, construction, and financing of school-related facilities and improvements, including schools, as authorized and to the extent authorized under Proposition MM.

(c) Any member of the joint powers agency, including the school district, may, to the extent permitted by law, transfer and contribute

funds to the agency, including bond funds, to be deposited into and to be held in a facility fund to be expended for purposes of the acquisition of property for, and the development and construction of, any school, housing project, or other facility described in this section.

(d) Nothing contained in this section shall preclude the joint powers agency from distributing funds, upon completion of construction, the school, housing project, park, recreational facility, or other facility to a member of the agency to operate the school, housing project, park, or other facility that the member is otherwise authorized to operate. These distribution provisions shall be set forth in the joint powers agreement, if applicable.

(e) The San Diego Model School Development Agency may construct a school in the City Heights Project Area pursuant to Chapter 2.5 (commencing with Section 17250.10) of Part 10.5 of the Education Code.

(f) The San Diego Model School Development Agency shall establish and enforce, with respect to construction contracts awarded by the joint powers agency, a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code or shall contract with a third party to operate a labor compliance program containing those requirements. This requirement shall not apply to projects that are subject to a collective bargaining agreement that binds all of the contractors and subcontractors performing work on the project, but nothing shall prevent the joint powers agency from operating a labor compliance program with respect to those projects.

(g) Construction workers employed as apprentices by contractors and subcontractors on contracts awarded by the San Diego Model School Development Agency shall be enrolled in a registered apprenticeship program, approved by the California Apprenticeship Council, that has graduated apprentices in the same craft in each of the preceding five years. This graduation requirement shall be applicable for any craft that was first deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft prior to January 1, 1998. A contractor or subcontractor need not submit contract award information to an apprenticeship program that does not meet the graduation requirements of this subdivision. If no apprenticeship program meets the graduation requirements of this subdivision for a particular craft, the graduation requirements shall not apply for that craft.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the Redevelopment Agency of the City of San Diego, the Housing Redevelopment Agency of the City of San Diego, the Housing Authority of the City of San Diego, the San

Diego Housing Commission, the San Diego Unified School District, and the City of San Diego. The facts constituting the special circumstances are:

These five public agencies desire to coordinate their powers to build a school and other public facilities in the City Heights neighborhood within the City of San Diego. Because these agencies do not share the same powers, they are not able to enter into a joint powers agreement under the Joint Exercise of Powers Act. Therefore, it is necessary for the Legislature to adopt a special statute authorizing these agencies to form the San Diego Model School Development Agency.

CHAPTER 962

An act to amend Sections 8045, 8047, 8568, and 8569 of, to add Sections 7862.5 and 8568.5 to, and to add Article 1.3 (commencing with Section 7630) to Chapter 1 of Part 3 of Division 6 of, the Fish and Game Code, relating to fishing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

(1) The proposed creation and sale of the artwork is pursuant to a written business plan presented to the committee.

(2) The committee determines that a reasonable share of the sales of any stamp will be remitted to the department for deposit into the Commercial Salmon Stamp Account established in the Fish and Game Preservation Fund under Section 7861.

(3) The committee determines that the creation and sale of the artwork will act to increase public awareness and support for the salmon stamp program and the restoration of salmon and their habitats in the state.

(4) Any other conditions deemed necessary by the committee for determining whether to recommend approval to the director have been met.

(c) The director, upon receiving the recommendation of the committee, and upon finding that there will be no new costs to the department, may authorize the recommended entity to create or contract to create salmon or salmon fishing artwork and other materials based on that artwork, including, but not limited to, a stamp, and offer those items for sale to the public, for the purpose described in subdivision (a).

(d) No person or entity, including, but not limited to, any nonprofit organization, may use the name of the Commercial Salmon Stamp, the Commercial Salmon Trollers Advisory Committee, or the Commercial Salmon Trollers Enhancement and Restoration Program for the sale of artwork and other materials, unless that person or entity has been approved by the director under this section for that purpose. The approval of the director under this section shall be for one year, after which the approval may be renewed for an additional year, upon recommendation of the committee.

(e) No artwork sold in the form of a stamp under this section conveys to the purchaser any entitlement to engage in the commercial salmon fishery.

(f) Proceeds from the sales of artwork and other materials sold under this section, after deduction of all reasonable costs borne by the nonprofit organization or California Salmon Council for creation of the artwork and conducting the sales, shall be deposited in the Commercial Salmon Stamp Account.

(2) Be prepared in accordance with either of the following:

(b) Any one or more evidences of indebtedness, and the purchasers or holders thereof, shall be exempt from the usury provisions of the Constitution if either of the following applies:

(1) The evidences of indebtedness aggregate at the time of issuance at least three hundred thousand dollars ($300,000) in original face amount, or, if the evidences of indebtedness are purchased with original issue discount, they are purchased for an aggregate purchase price at the time of issuance of at least three hundred thousand dollars ($300,000).

(c) Any evidence of indebtedness described in subdivisions (a) or (b), and the purchasers or holders thereof, shall be entitled to the benefits of the usury exemption contained in this section regardless of whether, at any time after the evidence of indebtedness or guaranty upon which the exemption is based is first issued or entered into, the evidence of indebtedness or guaranty is determined by a court of competent jurisdiction not to be a ''security.''

(2) Any transaction subject to the limitation on permissible rates of interest set forth in paragraph (1) of the first sentence of Section 1 of Article XV of the California Constitution.

(2) The lender and the issuer, or the lender and the guarantor, by reason of their own business and financial experience or that of their professional advisers, could reasonably be assumed to have the capacity to protect their own interests in connection with the transaction.

(g) For purposes of this section, ''preexisting personal or business relationship'' and ''capacity to protect their own interests in connection with the transaction'' as used in subdivision (f) shall have the same meaning as, and be determined according to the same standards as, specified in paragraph (2) of subdivision (f) of Section 25102 and its implementing regulations provided that, solely with respect to this section, a lender or purchaser who is represented by counsel may designate that person as its professional adviser whether or not that person is compensated by the issuer or guarantor, as long as that person has a bona fide attorney-client relationship with the lender or purchaser.

(h) This section shall not exempt any person from the application of the California Finance Lenders Law (Division 9 (commencing with Section 22000) of the Financial Code).

Article 1.5. The Parks Project Revolving Fund

5019.10. (a) The Parks Project Revolving Fund is hereby established in the State Treasury. Except as otherwise specified in this section, upon approval of the Department of Finance there shall be transferred to, or deposited in, the fund all money appropriated, contributed, or made available from any source, including sources other than state appropriations, for expenditure on work within the powers and duties of the department with respect to the construction, alteration, repair, and improvement of state park facilities, including, but not limited to, services, new construction, major construction and equipment, minor construction, maintenance, improvements, and equipment, and other building and improvement projects for which an appropriation is made or, as to funds from sources other than state appropriations, as may be authorized by written agreement between the contributor or contributors of funds and the department and approved by the Department of Finance.

(b) Money from state sources transferred to, or deposited in, the fund for major construction shall be limited to the amount necessary based on receipt of competitive bids. Money transferred for this purpose shall be upon the approval of the Department of Finance. Any amount available, in the state appropriation, which is in excess of the amount necessary based on receipt of competitive bids, shall be immediately transferred to the credit of the fund from which the appropriation was made. Money in the fund also may be expended, upon approval of the Department of Finance, to finance the cost of a construction project within the powers and duties of the department for which the federal government will contribute a partial cost thereof, if written evidence has been received from a federal agency indicating that that money has been appropriated by Congress and the federal government, and that the federal government will pay to the state the amount specified upon the completion of construction of the project. The director may approve plans, specifications and estimates of cost, and advertise for and receive bids on, those projects in anticipation of the receipt of the written evidence. Money transferred or deposited for the purposes of this subdivision is available for expenditure by the department for the purposes for which appropriated, contributed, or made available, without regard to fiscal years and irrespective of the provisions of Section 13340 of the Government Code.

(c) As used in this article, ''fund'' means the Parks Project Revolving Fund.

maintenance, improvements, and equipment, and other building and improvement projects, and the Controller shall draw his or her warrant therefor against that fund.

5019.12. The department shall keep a record of all expenditures chargeable against each specific portion of the fund. Any unencumbered balance in any portion of the fund, either within three months after completion of the project for which the portion was transferred or within three years from the time the portion was transferred or deposited therein, whichever is earlier, shall be withdrawn from the revolving fund and transferred to the credit of the fund from which the appropriation was made. As to funds from other than state appropriations, they shall be paid out or refunded as provided in the agreement relating to the contributions. The Department of Finance may approve an extension of the time of withdrawal. For the purpose of this section an estimate, prepared by the department upon receipt of bids, of the amount required for supervision, engineering, and other items, if any, necessary for the completion of a project, on which a construction contract has been awarded, shall be deemed a valid encumbrance and shall be included with any other valid encumbrances in determining the amount of an unencumbered balance.

5019.13. At any time the department, without furnishing a voucher or itemized statement, may withdraw from the Parks Project Revolving Fund a sum not to exceed five hundred thousand dollars ($500,000). Any sum withdrawn pursuant to this section shall be used as a revolving fund where payments of compensation earned or cash advances are necessary with respect to the construction, alteration, repair, or improvement of state buildings.

5019.14. The department shall annually submit to the Department of Finance a report that reconciles, by project, all of the following:

(a) Amounts transferred to the revolving fund.

(b) Amounts expended from the revolving fund.

(c) In cases of project savings or completion, or both, unexpended amounts withdrawn from the fund and transferred to the credit of the fund, paid out, or refunded, as provided in Section 5019.12.

5019.15. This article shall become inoperative on a date that is three years after the date that Section 5018.1 is repealed, and, as of January 1 immediately following that inoperative date, is repealed, unless a later enacted statute that is enacted before that January 1 deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 56381 of the Government Code is amended to read:

56381. (a) The commission shall adopt annually, following noticed public hearings, a proposed budget by May 1 and final budget by June 15. At a minimum, the proposed and final budget shall be equal to the budget adopted for the previous fiscal year unless the commission finds that reduced staffing or program costs will nevertheless allow the commission to fulfill the purposes and programs of this chapter. The commission shall transmit its proposed and final budgets to the board of supervisors; to each city; to the clerk and chair of the city selection committee, if any, established in each county pursuant to Article 11 (commencing with Section 50270) of Chapter 1 of Part 1 of Division 1; to each independent special district; and to the clerk and chair of the independent special district selection committee, if any, established pursuant to Section 56332.

(b) After public hearings, consideration of comments, and adoption of a final budget by the commission pursuant to subdivision (a), the auditor shall apportion the net operating expenses of a commission in the following manner:

(1) (A) In counties in which there is city and independent special district representation on the commission, the county, cities, and independent special districts shall each provide a one-third share of the commission's operational costs.

(B) The cities' share shall be apportioned in proportion to each city's total revenues, as reported in the most recent edition of the Cities Annual Report published by the Controller, as a percentage of the combined city revenues within a county, or by an alternative method approved by a majority of cities representing the majority of the combined cities' populations.

(C) The independent special districts' share shall be apportioned in proportion to each district's total revenues as a percentage of the combined total district revenues within a county. Except as provided in subparagraph (D), an independent special district's total revenue shall be calculated for nonenterprise activities as total revenues for general purpose transactions less revenue category aid from other governmental agencies and for enterprise activities as total operating and nonoperating revenues less revenue category other governmental agencies, as reported

in the most recent edition of the ''Special Districts Annual Report'' published by the Controller, or by an alternative method approved by a majority of the agencies, representing a majority of their combined populations. For the purposes of fulfilling the requirement of this section, a multicounty independent special district shall be required to pay its apportionment in its principal county. It is the intent of the Legislature that no single district or class or type of district shall bear a disproportionate amount of the district share of costs.

(D) (i) For purposes of apportioning costs to a health care district formed pursuant to Division 23 (commencing with Section 32000) of the Health and Safety Code that operates a hospital, a health care district's share, except as provided in clauses (ii) and (iii), shall be apportioned in proportion to each district's net revenue from operations as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development, as a percentage of the combined independent special districts' net operating revenues within a county.

(ii) A health care district for which net revenue from operations is a negative number may not be apportioned any share of the commission's operational costs until the fiscal year following positive net revenue from operations, as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development.

(iii) A health care district that has filed and is operating under public entity bankruptcy pursuant to federal bankruptcy law, shall not be apportioned any share of the commission's operational costs until the fiscal year following its discharge from bankruptcy.

(E) Notwithstanding the requirements of subparagraph (C), the independent special districts' share may be apportioned by an alternative method approved by a majority of the districts, representing a majority of the combined populations. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

(F) Notwithstanding the requirements of subparagraph (C), no independent special district shall be apportioned a share of more than 50 percent of the total independent special districts' share of the commission's operational costs, without the consent of the district as otherwise provided in this section. In those counties in which a district's share is limited to 50 percent of the total independent special districts' share of the commission's operational costs, the share of the remaining districts shall be increased on a proportional basis so that the total

amount for all districts equals the share apportioned by the auditor to independent special districts.

(2) In counties in which there is no independent special district representation on the commission, the county and its cities shall each provide a one-half share of the commission's operational costs. The cities' share shall be apportioned in the manner described in paragraph (1).

(3) In counties in which there are no cities, the county and its special districts shall each provide a one-half share of the commission's operational costs. The independent special districts' share shall be apportioned in the manner described for cities' apportionment in paragraph (1). If there is no independent special district representation on the commission, the county shall pay all of the commission's operational costs.

(4) Instead of determining apportionment pursuant to paragraph (1), (2), or (3), any alternative method of apportionment of the net operating expenses of the commission may be used if approved by a majority vote of each of the following: the board of supervisors; a majority of the cities representing a majority of the total population of cities in the county; and the independent special districts representing a majority of the combined total population of independent special districts in the county. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D) of paragraph (1), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

(c) After apportioning the costs as required in subdivision (b), the auditor shall request payment from the board of supervisors and from each city and each independent special district no later than July 1 of each year for the amount that entity owes and the actual administrative costs incurred by the auditor in apportioning costs and requesting payment from each entity. If the county, a city, or an independent special district does not remit its required payment within 60 days, the commission may determine an appropriate method of collecting the required payment, including a request to the auditor to collect an equivalent amount from the property tax, or any fee or eligible revenue owed to the county, city, or district. The auditor shall provide written notice to the county, city, or district prior to appropriating a share of the property tax or other revenue to the commission for the payment due the commission pursuant to this section. Any expenses incurred by the commission or the auditor in collecting late payments or successfully challenging nonpayment shall be added to the payment owed to the commission. Between the beginning of the fiscal year and the time the auditor receives payment from each affected city and district, the board of supervisors shall transmit funds to the commission sufficient to cover the first two

months of the commission's operating expenses as specified by the commission. When the city and district payments are received by the commission, the county's portion of the commission's annual operating expenses shall be credited with funds already received from the county. If, at the end of the fiscal year, the commission has funds in excess of what it needs, the commission may retain those funds and calculate them into the following fiscal year's budget. If, during the fiscal year, the commission is without adequate funds to operate, the board of supervisors may loan the commission funds and recover those funds in the commission's budget for the following fiscal year.

SEC. 4. Section 10631 of the Water Code is amended to read:

10631. A plan shall be adopted in accordance with this chapter and shall do all of the following:

(g) An evaluation of each water demand management measure listed in paragraph (1) of subdivision (f) that is not currently being implemented or scheduled for implementation. In the course of the evaluation, first consideration shall be given to water demand management measures, or combination of measures, that offer lower incremental costs than expanded or additional water supplies. This evaluation shall do all of the following:

(1) Take into account economic and noneconomic factors, including environmental, social, health, customer impact, and technological factors.

(2) Include a cost-benefit analysis, identifying total benefits and total costs.

(h) Include a description of all water supply projects and water supply programs that may be undertaken by the urban water supplier to meet the total projected water use as established pursuant to subdivision (a) of Section 10635. The urban water supplier shall include a detailed description of expected future projects and programs, other than the demand management programs identified pursuant to paragraph (1) of subdivision (f), that the urban water supplier may implement to increase the amount of the water supply available to the urban water supplier in average, single-dry, and multiple-dry water years. The description shall identify specific projects and include a description of the increase in water supply that is expected to be available from each project. The description shall include an estimate with regard to the implementation timeline for each project or program.

(i) Urban water suppliers that are members of the California Urban Water Conservation Council and submit annual reports to that council in accordance with the ''Memorandum of Understanding Regarding Urban Water Conservation in California,'' dated September 1991, may submit the annual reports identifying water demand management measures currently being implemented, or scheduled for implementation, to satisfy the requirements of subdivisions (f) and (g).

(j) Urban water suppliers that rely upon a wholesale agency for a source of water, shall provide the wholesale agency with water use projections from that agency for that source of water in five-year increments to 20 years or as far as data is available. The wholesale agency shall provide information to the urban water supplier for inclusion in the urban water supplier's plan that identifies and quantifies, to the extent practicable, the existing and planned sources of water as required by subdivision (b), available from the wholesale agency to the urban water supplier over the same five-year increments, and during various water-year types in accordance with subdivision (c). An urban water supplier may rely upon water supply information provided by the wholesale agency in fulfilling the plan informational requirements of subdivisions (b) and (c).

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to remedy critical water and special district funding problems, thereby protecting the public health and safety, it is necessary that this act take effect immediately.

CHAPTER 970

An act to add and repeal Section 29031.1 of the Public Utilities Code, relating to the San Francisco Bay Area Rapid Transit District.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 29031.1 is added to the Public Utilities Code, to read:

29031.1. (a) If the district conducts three workshops and other outreach efforts to ensure public awareness of the proposed seismic retrofit work prior to commencement of construction, the district's seismic retrofit work on any existing structures or facilities contained in the San Francisco Bay Area Rapid Transit District Seismic Retrofit Program Phase I-Segment I necessary for rapid transit service shall be considered to be an action necessary to prevent or mitigate an emergency, for the purposes of paragraph (4) of subdivision (b) of Section 21080 of the Public Resources Code.

(b) This section shall become inoperative on June 30, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 971

An act to amend Sections 65040.2, 65302, 65302.3, 65560, and 65583 of, and to add Section 65040.9 to, the Government Code, and to amend Section 21675 of the Public Utilities Code, relating to local planning.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) California contains an integrated system of military installations and special use airspace, connected by low-level flight corridors, that provides a key foundation for our nation's security. This integrated system provides for the training of military personnel, as well as the research, development, testing, and evaluation of military hardware.

(2) The military is a key component of California's economy comprising direct economic expenditures of over $29,800,000,000 each year, making the military larger than other economic sectors of the state, including agriculture, and the military represented over 263,000 working adults in the 2000–01 fiscal year.

(3) The federal Department of Defense's research, development, test, and evaluation programs, which included $3,900,000,000 in direct 2000–01 fiscal year contracts in California, make an important contribution to maintaining the state's lead in technology development.

(b) The Legislature therefore finds that the protection of this integrated system of military installations and special use airspace is in the public interest.

SEC. 1.5. Section 65040.2 of the Government Code is amended to read:

65040.2. (a) In connection with its responsibilities under subdivision (*l*) of Section 65040, the office shall develop and adopt guidelines for the preparation and content of the mandatory elements required in city and county general plans by Article 5 (commencing with Section 65300) of Chapter 3. For purposes of this section, the guidelines prepared pursuant to Section 50459 of the Health and Safety Code shall

be the guidelines for the housing element required by Section 65302. (d) The guidelines shall contain the guidelines for addressing environmental justice matters developed pursuant to Section 65040.12.

(e) The guidelines shall contain advice including recommendations for best practices to allow for collaborative land use planning of adjacent civilian and military lands and facilities. The guidelines shall encourage enhanced land use compatibility between civilian lands and any adjacent or nearby military facilities through the examination of potential impacts upon one another.

(f) The guidelines shall contain advice for addressing the effects of civilian development on military readiness activities carried out on all of the following:

(1) Military installations.

(2) Military operating areas.

In preparing guidelines for addressing human services matters, the office shall consult with interested persons, organizations, and public agencies that have knowledge, training, and experience in the organization and delivery of human services and services for persons with disabilities. The office shall hold at least one public hearing prior to the release of any draft guidelines for addressing human services matters, and at least one public hearing after the release of the draft guidelines. The hearings may be held at regular meetings of the Planning Advisory and Assistance Council.

(h) The office shall provide for regular review and revision of the guidelines established pursuant to this section.

SEC. 2. Section 65040.9 is added to the Government Code, to read:

65040.9. (a) On or before January 1, 2004, the Office of Planning and Research shall, if sufficient federal funds become available for this purpose, prepare and publish an advisory planning handbook for use by local officials, planners, and builders that explains how to reduce land use conflicts between the effects of civilian development and military readiness activities carried out on military installations, military operating areas, military training areas, military training routes, and military airspace, and other territory adjacent to those installations and areas.

(b) At a minimum, the advisory planning handbook shall include advice regarding all of the following:

The office shall consult with persons and organizations with knowledge and experience in land use issues affecting military installations and activities.

(d) The office may accept and expend any grants and gifts from any source, public or private, for the purposes of this section.

SEC. 3. Section 65302 of the Government Code is amended to read:

65302. The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan proposals. The plan shall include the following elements:

(a) A land use element that designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, including agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, and other categories of public and private uses of land. The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other

territory covered by the plan. The land use element shall identify areas covered by the plan which are subject to flooding and shall be reviewed annually with respect to those areas. The land use element shall also do both of the following:

(1) Designate in a land use category that provides for timber production those parcels of real property zoned for timberland production pursuant to the California Timberland Productivity Act of 1982, Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5.

(2) Consider the impact of new growth on military readiness activities carried out on military bases, installations, and operating and training areas, when proposing zoning ordinances or designating land uses covered by the general plan for land, or other territory adjacent to military facilities, or underlying designated military aviation routes and airspace.

(A) In determining the impact of new growth on military readiness activities, information provided by military facilities shall be considered. Cities and counties shall address military impacts based on information that the military provides.

(B) The following definitions govern this paragraph:

(i) ''Military readiness activities'' mean all of the following:

(I) Training, support, and operations that prepare the men and women of the military for combat.

(II) Operation, maintenance, and security of any military installation.

(III) Testing of military equipment, vehicles, weapons, and sensors for proper operation or suitability for combat use.

(ii) ''Military installation'' means a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the United States Department of Defense as defined in paragraph (1) of subsection (e) of Section 2687 of Title 10 of the United States Code.

(b) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, any military airports and ports, and other local public utilities and facilities, all correlated with the land use element of the plan.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. The conservation element shall consider the effect of development within the jurisdiction, as described in the land use element, on natural resources located on public lands, including military installations. That portion of the conservation

element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies that have developed, served, controlled or conserved water for any purpose for the county or city for which the plan is prepared. Coordination shall include the discussion and evaluation of any water supply and demand information described in Section 65352.5, if that information has been submitted by the water agency to the city or county. The conservation element may also cover the following:

(1) The reclamation of land and waters.

(2) Prevention and control of the pollution of streams and other waters.

(3) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.

(4) Prevention, control, and correction of the erosion of soils, beaches, and shores.

(5) Protection of watersheds.

(6) The location, quantity and quality of the rock, sand and gravel resources.

(7) Flood control.

The conservation element shall be prepared and adopted no later than December 31, 1973.

(e) An open-space element as provided in Article 10.5 (commencing with Section 65560).

(f) A noise element which shall identify and appraise noise problems in the community. The noise element shall recognize the guidelines established by the Office of Noise Control in the State Department of Health Services and shall analyze and quantify, to the extent practicable, as determined by the legislative body, current and projected noise levels for all of the following sources:

(1) Highways and freeways.

(2) Primary arterials and major local streets.

(3) Passenger and freight on-line railroad operations and ground rapid transit systems.

(4) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.

(5) Local industrial plants, including, but not limited to, railroad classification yards.

(6) Other ground stationary noise sources, including, but not limited to, military installations, identified by local agencies as contributing to the community noise environment.

Noise contours shall be shown for all of these sources and stated in terms of community noise equivalent level (CNEL) or day-night average

level (L_{dn}). The noise contours shall be prepared on the basis of noise monitoring or following generally accepted noise modeling techniques for the various sources identified in paragraphs (1) to (6), inclusive.

The noise contours shall be used as a guide for establishing a pattern of land uses in the land use element that minimizes the exposure of community residents to excessive noise.

The noise element shall include implementation measures and possible solutions that address existing and foreseeable noise problems, if any. The adopted noise element shall serve as a guideline for compliance with the state's noise insulation standards.

(g) A safety element for the protection of the community from any unreasonable risks associated with the effects of seismically induced surface rupture, ground shaking, ground failure, tsunami, seiche, and dam failure; slope instability leading to mudslides and landslides; subsidence, liquefaction and other seismic hazards identified pursuant to Chapter 7.8 (commencing with Section 2690) of the Public Resources Code, and other geologic hazards known to the legislative body; flooding; and wild land and urban fires. The safety element shall include mapping of known seismic and other geologic hazards. It shall also address evacuation routes, military installations, peakload water supply requirements, and minimum road widths and clearances around structures, as those items relate to identified fire and geologic hazards. Prior to the periodic review of its general plan and prior to preparing or revising its safety element, each city and county shall consult the Division of Mines and Geology of the Department of Conservation and the Office of Emergency Services for the purpose of including information known by and available to the department and the office required by this subdivision.

To the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

At least 45 days prior to adoption or amendment of the safety element, each county and city shall submit to the Division of Mines and Geology of the Department of Conservation one copy of a draft of the safety element or amendment and any technical studies used for developing the safety element. The division may review drafts submitted to it to determine whether they incorporate known seismic and other geologic hazard information, and report its findings to the planning agency within 30 days of receipt of the draft of the safety element or amendment pursuant to this subdivision. The legislative body shall consider the division's findings prior to final adoption of the safety element or amendment unless the division's findings are not available within the

above prescribed time limits or unless the division has indicated to the city or county that the division will not review the safety element. If the division's findings are not available within those prescribed time limits, the legislative body may take the division's findings into consideration at the time it considers future amendments to the safety element. Each county and city shall provide the division with a copy of its adopted safety element or amendments. The division may review adopted safety elements or amendments and report its findings. All findings made by the division shall be advisory to the planning agency and legislative body.

SEC. 4. Section 65302.3 of the Government Code is amended to read:

65302.3. (a) The general plan, and any applicable specific plan prepared pursuant to Article 8 (commencing with Section 65450), shall be consistent with the plan adopted or amended pursuant to Section 21675 of the Public Utilities Code.

(b) The general plan, and any applicable specific plan, shall be amended, as necessary, within 180 days of any amendment to the plan required under Section 21675 of the Public Utilities Code.

(c) If the legislative body does not concur with any provision of the plan required under Section 21675 of the Public Utilities Code, it may satisfy the provisions of this section by adopting findings pursuant to Section 21676 of the Public Utilities Code.

(d) In each county where an airport land use commission does not exist, but where there is a military airport, the general plan, and any applicable specific plan prepared pursuant to Article 8 (commencing with Section 65450), shall be consistent with the safety and noise standards in the Air Installation Compatible Use Zone prepared for that military airport.

SEC. 5. Section 65560 of the Government Code is amended to read:

65560. (a) ''Local open-space plan'' is the open-space element of a county or city general plan adopted by the board or council, either as the local open-space plan or as the interim local open-space plan adopted pursuant to Section 65563.

(b) ''Open-space land'' is any parcel or area of land or water that is essentially unimproved and devoted to an open-space use as defined in this section, and that is designated on a local, regional or state open-space plan as any of the following:

(1) Open space for the preservation of natural resources including, but not limited to, areas required for the preservation of plant and animal life, including habitat for fish and wildlife species; areas required for ecologic and other scientific study purposes; rivers, streams, bays and estuaries; areas adjacent to military installations, military training routes, and restricted airspace that can provide additional buffer zones

to military activities and complement the resource values of the military lands; and coastal beaches, lakeshores, banks of rivers and streams, and watershed lands.

(2) Open space used for the managed production of resources, including but not limited to, forest lands, rangeland, agricultural lands and areas of economic importance for the production of food or fiber; areas required for recharge of ground water basins; bays, estuaries, marshes, rivers and streams which are important for the management of commercial fisheries; and areas containing major mineral deposits, including those in short supply.

(3) Open space for outdoor recreation, including but not limited to, areas of outstanding scenic, historic and cultural value; areas particularly suited for park and recreation purposes, including access to lakeshores, beaches, and rivers and streams; and areas which serve as links between major recreation and open-space reservations, including utility easements, banks of rivers and streams, trails, and scenic highway corridors.

(4) Open space for public health and safety, including, but not limited to, areas which require special management or regulation because of hazardous or special conditions such as earthquake fault zones, unstable soil areas, flood plains, watersheds, areas presenting high fire risks, areas required for the protection of water quality and water reservoirs and areas required for the protection and enhancement of air quality.

SEC. 5.5. Section 65560 of the Government Code is amended to read:

65560. (a) The ''local agricultural and open-space element'' is the component of a county or city general plan adopted by the board or council, either as the local open-space element or as the interim local open-space element adopted pursuant to Section 65563.

(b) ''Agricultural and open-space land'' is any parcel or area of land or water that is essentially unimproved and devoted to an agricultural or open-space use as defined in this section, and that is designated on a local, regional or state open-space plan as any of the following:

(1) Land used for the production of food and fiber, including, but not limited to, rangeland and agricultural lands.

(2) Lands used for the preservation of natural resources including, but not limited to, areas required for the preservation of plant and animal life, including habitat for fish and wildlife species; areas required for ecologic and other scientific study purposes; rivers, streams, bays and estuaries; areas adjacent to military installations, military training routes, and restricted airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands; and coastal beaches, lakeshores, banks of rivers and streams, and watershed lands.

(3) Land used for the managed production of resources, including but not limited to, forest lands ; areas required for recharge of groundwater basins; bays, estuaries, marshes, rivers and streams which are important for the management of commercial fisheries; and areas containing major mineral deposits, including those in short supply.

(4) Land used for outdoor recreation, including but not limited to, areas of outstanding scenic, historic and cultural value; areas particularly suited for park and recreation purposes, including access to lakeshores, beaches, and rivers and streams; and areas which serve as links between major recreation and open-space reservations, including utility easements, banks of rivers and streams, trails, and scenic highway corridors.

(5) Land used for public health and safety, including, but not limited to, areas which require special management or regulation because of hazardous or special conditions such as earthquake fault zones, unstable soil areas, flood plains, watersheds, areas presenting high fire risks, areas required for the protection of water quality and water reservoirs and areas required for the protection and enhancement of air quality.

SEC. 6. Section 65583 of the Government Code is amended to read:

65583. The housing element shall consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing. The housing element shall identify adequate sites for housing, including rental housing, factory-built housing, and mobilehomes, and shall make adequate provision for the existing and projected needs of all economic segments of the community. The element shall contain all of the following:

(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include all of the following:

(1) An analysis of population and employment trends and documentation of projections and a quantification of the locality's existing and projected housing needs for all income levels. These existing and projected needs shall include the locality's share of the regional housing need in accordance with Section 65584.

(2) An analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition.

(3) An inventory of land suitable for residential development, including vacant sites and sites having potential for redevelopment, and an analysis of the relationship of zoning and public facilities and services to these sites.

(4) An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels and for persons with disabilities as identified in the analysis pursuant to paragraph (6), including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures. The analysis shall also demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need in accordance with Section 65584 and from meeting the need for housing for persons with disabilities identified pursuant to paragraph (6).

(5) An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

(6) An analysis of any special housing needs, such as those of the elderly, persons with disabilities, large families, farmworkers, families with female heads of households, and families and persons in need of emergency shelter.

(7) An analysis of opportunities for energy conservation with respect to residential development.

(8) An analysis of existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use. ''Assisted housing developments,'' for the purpose of this section, shall mean multifamily rental housing that receives governmental assistance under federal programs listed in subdivision (a) of Section 65863.10, state and local multifamily revenue bond programs, local redevelopment programs, the federal Community Development Block Grant Program, or local in-lieu fees. ''Assisted housing developments'' shall also include multifamily rental units that were developed pursuant to a local inclusionary housing program or used to qualify for a density bonus pursuant to Section 65916.

(A) The analysis shall include a listing of each development by project name and address, the type of governmental assistance received, the earliest possible date of change from low-income use and the total number of elderly and nonelderly units that could be lost from the locality's low-income housing stock in each year during the 10-year period. For purposes of state and federally funded projects, the analysis required by this subparagraph need only contain information available on a statewide basis.

(B) The analysis shall estimate the total cost of producing new rental housing that is comparable in size and rent levels, to replace the units that could change from low-income use, and an estimated cost of preserving

the assisted housing developments. This cost analysis for replacement housing may be done aggregately for each five-year period and does not have to contain a project-by-project cost estimate.

(C) The analysis shall identify public and private nonprofit corporations known to the local government which have legal and managerial capacity to acquire and manage these housing developments.

(D) The analysis shall identify and consider the use of all federal, state, and local financing and subsidy programs which can be used to preserve, for lower income households, the assisted housing developments, identified in this paragraph, including, but not limited to, federal Community Development Block Grant Program funds, tax increment funds received by a redevelopment agency of the community, and administrative fees received by a housing authority operating within the community. In considering the use of these financing and subsidy programs, the analysis shall identify the amounts of funds under each available program which have not been legally obligated for other purposes and which could be available for use in preserving assisted housing developments.

(b) (1) A statement of the community's goals, quantified objectives, and policies relative to the maintenance, preservation, improvement, and development of housing.

(2) It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category that can be constructed, rehabilitated, and conserved over a five-year time period.

(c) A program which sets forth a five-year schedule of actions the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available and the utilization of moneys in a low- and moderate-income housing fund of an agency if the locality has established a redevelopment project area pursuant to the Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code). In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) (A) Identify adequate sites which will be made available through appropriate zoning and development standards and with services and facilities, including sewage collection and treatment, domestic water supply, and septic tanks and wells, needed to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing, factory-built housing, mobilehomes, housing for agricultural employees, emergency shelters, and transitional housing in order to meet the community's housing goals as identified in subdivision (b).

(i) Where the inventory of sites, pursuant to paragraph (3) of subdivision (a), does not identify adequate sites to accommodate the need for groups of all household income levels pursuant to Section 65584, the program shall provide for sufficient sites with zoning that permits owner-occupied and rental multifamily residential use by right, including density and development standards that could accommodate and facilitate the feasibility of housing for very low and low-income households.

(ii) Where the inventory of sites pursuant to paragraph (3) of subdivision (a) does not identify adequate sites to accommodate the need for farmworker housing, the program shall provide for sufficient sites to meet the need with zoning that permits farmworker housing use by right, including density and development standards that could accommodate and facilitate the feasibility of the development of farmworker housing for low- and very low income households.

(B) For purposes of this paragraph, the phrase ''use by right'' shall mean the use does not require a conditional use permit, except when the proposed project is a mixed-use project involving both commercial or industrial uses and residential uses. Use by right for all rental multifamily residential housing shall be provided in accordance with subdivision (f) of Section 65589.5.

(C) The requirements of this subdivision regarding identification of sites for farmworker housing shall apply commencing with the next revision of housing elements required by Section 65588 following the enactment of this subparagraph.

(2) Assist in the development of adequate housing to meet the needs of low- and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and housing for persons with disabilities. The program shall remove constraints to, or provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities.

(4) Conserve and improve the condition of the existing affordable housing stock, which may include addressing ways to mitigate the loss of dwelling units demolished by public or private action.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability.

(6) (A) Preserve for lower income households the assisted housing developments identified pursuant to paragraph (8) of subdivision (a). The program for preservation of the assisted housing developments shall utilize, to the extent necessary, all available federal, state, and local financing and subsidy programs identified in paragraph (8) of subdivision (a), except where a community has other urgent needs for which alternative funding sources are not available. The program may include strategies that involve local regulation and technical assistance.

(B) The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.

(d) The analysis and program for preserving assisted housing developments required by the amendments to this section enacted by the Statutes of 1989 shall be adopted as an amendment to the housing element by July 1, 1992.

(e) Failure of the department to review and report its findings pursuant to Section 65585 to the local government between July 1, 1992, and the next periodic review and revision required by Section 65588, concerning the housing element amendment required by the amendments to this section by the Statutes of 1989, shall not be used as a basis for allocation or denial of any housing assistance administered pursuant to Part 2 (commencing with Section 50400) of Division 31 of the Health and Safety Code.

SEC. 7. Section 21675 of the Public Utilities Code is amended to read:

21675. (a) Each commission shall formulate a comprehensive land use plan that will provide for the orderly growth of each public airport and the area surrounding the airport within the jurisdiction of the commission, and will safeguard the general welfare of the inhabitants within the vicinity of the airport and the public in general. The commission plan shall include and shall be based on a long-range master plan or an airport layout plan, as determined by the Division of Aeronautics of the Department of Transportation, that reflects the anticipated growth of the airport during at least the next 20 years. In

formulating a land use plan, the commission may develop height restrictions on buildings, specify use of land, and determine building standards, including soundproofing adjacent to airports, within the planning area. The comprehensive land use plan shall be reviewed as often as necessary in order to accomplish its purposes, but shall not be amended more than once in any calendar year.

(b) The commission shall include, within its plan formulated pursuant to subdivision (a), the area within the jurisdiction of the commission surrounding any military airport for all of the purposes specified in subdivision (a). The plan shall be consistent with the safety and noise standards in the Air Installation Compatible Use Zone prepared for that military airport. This subdivision does not give the commission any jurisdiction or authority over the territory or operations of any military airport.

(c) The planning boundaries shall be established by the commission after hearing and consultation with the involved agencies.

(d) The commission shall submit to the Division of Aeronautics of the department one copy of the plan and each amendment to the plan.

(e) If a comprehensive land use plan does not include the matters required to be included pursuant to this article, the Division of Aeronautics of the department shall notify the commission responsible for the plan.

SEC. 8. (a) A city or county shall not be required to comply with the amendments made by this act to Sections 65302, 65302.3, 65560, and 65583 of the Government Code, relating to military readiness activities, military personnel, military airports, and military installations, until both of the following occur:

(1) An agreement is entered into between the United States Department of Defense or other federal agency and the State of California, through the Governor's Office of Planning and Research, for the federal government to fully reimburse all claims approved by the Commission on State Mandates and paid by the Controller that cities and counties would be eligible to file as a result of the enactment of this act.

(2) The city or county undertakes its next general plan revision.

(b) The amendments made by this act to Sections 65302, 65302.2, 65560, and 65583 of the Government Code shall become inoperative on the January 1 following the date that the Director of Planning and Research executes a declaration stating that the agreement described in paragraph (1) of subdivision (a) has been terminated by either party.

SEC. 9. Section 1.7 of this bill incorporates amendments to Section 65040.2 of the Government Code proposed by both this bill and AB 2175. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2003, (2) each bill amends Section 65040.2 of the Government Code, and (3) this bill is enacted

after AB 2175, in which case Section 1.5 of this bill shall not become operative.

SEC. 10. Section 5.5 of this bill incorporates amendments to Section 65560 of the Government Code proposed by both this bill and AB 3057. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2003, (2) each bill amends Section 65560 of the Government Code, and (3) this bill is enacted after AB 3057, in which case Section 5 of this bill shall not become operative.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 972

An act to amend Sections 5216 and 5354 of, to add Section 5408.3 to, and to repeal and add Section 5485 of, the Business and Professions Code, relating to outdoor advertising.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 5216 of the Business and Professions Code is amended to read:

5216. (a) ''Landscaped freeway'' means a section or sections of a freeway that is now, or hereafter may be, improved by the planting at least on one side or on the median of the freeway right-of-way of lawns, trees, shrubs, flowers, or other ornamental vegetation requiring reasonable maintenance.

(b) Planting for the purpose of soil erosion control, traffic safety requirements, including light screening, reduction of fire hazards, or traffic noise abatement, shall not change the character of a freeway to a landscaped freeway.

(c) Notwithstanding subdivision (a), if an agreement to relocate advertising displays from within one area of a city or county to an area adjacent to a freeway right-of-way has been entered into between a city

or county and the owner of an advertising display, then a ''landscaped freeway'' shall not include the median of a freeway right-of-way.

SEC. 2. Section 5354 of the Business and Professions Code is amended to read:

5354. (a) The applicant for any permit shall offer written evidence that both the owner or other person in control or possession of the property upon which the location is situated and the city or the county with land use jurisdiction over the property upon which the location is situated have consented to the placing of the advertising display.

(b) At the written request of the city or county with land use jurisdiction over the property upon which a location is situated, the department shall reserve the location and shall not issue a permit for that location to any applicant, other than the one specified in the request, in advance of receiving written evidence as provided in subdivision (a) and for a period of time not to exceed 90 days from the date the department received the request.

(c) In addition to the 90-day period set forth in subdivision (b), an additional period of 30 days may be granted at the discretion of the department upon any proof, satisfactory to the department and provided by the city or county making the original request for a 90-day period, of the existence of extenuating circumstances meriting an additional 30 days. There shall be a conclusive presumption in favor of the department that the granting or denial of the request for an additional 30 days was made in compliance with this subdivision.

SEC. 3. Section 5408.3 is added to the Business and Professions Code, to read:

5408.3. Notwithstanding Section 5408, a city or a county with land use jurisdiction over the property may adopt an ordinance that establishes standards for the spacing and sizes of advertising displays that are more restrictive than those imposed by the state.

SEC. 4. Section 5485 of the Business and Professions Code is repealed.

SEC. 5. Section 5485 is added to the Business and Professions Code, to read:

5485. (a) (1) The annual permit fee for each advertising display shall be set by the director.

(2) The fee shall not exceed the amount reasonably necessary to recover the cost of providing the service or enforcing the regulations for which the fee is charged, but in no event shall the fee exceed one hundred dollars ($100). This maximum fee shall be increased in the 2007–08 fiscal year and in the 2012–13 fiscal year by an amount equal to the increase in the California Consumer Price Index.

(3) The fee may reflect the department's average cost, including the indirect costs, of providing the service or enforcing the regulations.

(b) If a display is placed or maintained without a valid, unrevoked, and unexpired permit, the following penalties shall be assessed:

(1) If the advertising display is placed or maintained in a location that conforms to the provisions of this chapter, a penalty of one hundred dollars ($100) shall be assessed.

(2) If the advertising display is placed or maintained in a location that does not conform to the provisions of this chapter or local ordinances, and is not removed within thirty days of written notice from the department or the city or the county with land use jurisdiction over the property upon which the advertising display is located, a penalty of ten thousand dollars ($10,000) plus one hundred dollars ($100) for each day the advertising display is placed or maintained after the department sends written notice shall be assessed.

(c) In addition to the penalties set forth in subdivision (b), the gross revenues from the unauthorized advertising display that are received by, or owed to, the applicant and a person working in concert with the applicant shall be disgorged.

(d) The department or a city or a county within the location upon which the advertising is located may enforce the provisions of this section.

(e) Notwithstanding any other provision of law, if an action results in the successful enforcement of this section, the department may request the court to award the department its enforcement costs, including, but not limited to, its reasonable attorneys' fees for pursuing the action.

(f) It is the intent of the Legislature in enacting this section to strengthen the ability of local governments to enforce zoning ordinances governing advertising displays.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 973

An act to amend Section 1069 of the Fish and Game Code, and to add Chapter 25 (commencing with Section 79000) to Part 2 of Division 22 of the Food and Agricultural Code, relating to sea urchins.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 1069 of the Fish and Game Code is amended to read:

1069. The director may enter into an agreement with the Secretary of Food and Agriculture for the collection of an assessment on behalf of any marketing council or commission for fish or seafood organized under the Food and Agricultural Code. The agreement may authorize the department to collect the assessment in conjunction with the collection of landing taxes on those species for which the marketing council or commission is organized. The department shall remit the amount of the assessment collected to the Secretary of Food and Agriculture according to the agreement after making the collection. Prior to remitting the assessments, the department may deduct an administrative fee in an amount agreed to with the Secretary of Food and Agriculture to pay the costs of collection and remission of the assessments. The administrative fees shall be deposited in the Fish and Game Preservation Fund.

SEC. 2. Chapter 25 (commencing with Section 79000) is added to Part 2 of Division 22 of the Food and Agricultural Code, to read:

CHAPTER 25. SEA URCHINS

Article 1. Declarations and General Provisions

79000. The sea urchin fishery includes both divers and processors working together to provide a sustainable sea urchin resource and to ensure a reliable supply of quality seafood product for domestic consumption and export, thereby maintaining strong local coastal economies, fair levels of income to the thousands of persons engaged directly and indirectly in commercial fishing enterprises, and historically significant cultural and community resources of California's coast.

79001. The production and marketing of seafood, including sea urchin, constitute an important industry of this state that provides substantial and necessary revenues for the state and employment for its citizens.

79002. The production of sea urchin for domestic consumption and export is one of the leading segments of the state's commercial fishing industry. To maintain this significant contribution to the state's economy and public well-being, there is a need to make regulators aware of unique economic factors affecting the sea urchin fishery and how these factors can be integrated with appropriate management measures to protect a

sustainable sea urchin resource. In addition, there is a need to make consumers and the general public aware of the nutritional value of seafood, the high quality of sea urchin produced by the industry, and the opportunities available to balance sea urchin production and protection of the natural marine resources of California. The activities made possible by the establishment of a commission will meet this need and further the interests of the industry and the state.

79003. The establishment of a commission is necessary for the efficient creation and management of a research program to develop improved harvesting and processing practices, an integrated approach to fishery management, and more efficient resource assessment, monitoring and protection tools.

79004. The successes that the sea urchin fishery in California has enjoyed have come in large part through a commitment by the industry to support appropriate management regulations guiding the harvesting of sea urchin and to fund research into resource assessment and enhancement methodology that has led to significant improvements in understanding the biology of the sea urchin resource. The establishment of a commission will continue and enhance this research effort and the ability of the industry to promote responsible fishery management regulations, all of which will move the industry toward a sustainable position, resulting in increased consumer value and enhanced economic returns.

79005. The harvesting, processing, and marketing of sea urchin in this state is hereby declared to be affected with a public interest. The provisions of this chapter are enacted in the exercise of the police power of this state for the purposes of protecting the health, peace, safety, and general welfare of the people of this state.

79006. No action taken by the commission, or by any individual in accordance with this chapter or with the regulations adopted under this chapter, is a violation of the Cartwright Act, Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code, the Unfair Practices Act, Chapter 4 (commencing with Section 17000) of Part 2 of Division 7 of the Business and Professions Code, or any statutory or common law against monopolies or combinations in restraint of trade.

79007. This chapter shall be liberally construed. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the chapter that can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

79008. Opportunity exists for increasing the stability and reliability of the sea urchin fishery. The success of those efforts is uniquely

dependent upon effective fishery and resource management, fishery biological research, industry engagement in management decisions, and fishery promotion. A stable and reliable sea urchin fishery provides an important source of jobs for many people in this state, economic activity in many small coastal communities, and serves to ensure the preservation of historically and culturally significant coastal dependent industry.

79009. The commission form of administration created by this chapter is uniquely situated to provide those engaged in the sea urchin fishery the opportunity to avail themselves of the benefits of collective action within the broad fields of fishery management, resource protection and enhancement, harvesting and processing practices, and market development, expansion, and research necessary to achieve the purposes of this act.

Article 2. Definitions

79020. Unless the context otherwise requires, the definitions in this article govern the construction of this chapter.

79021. ''Commission'' means the California Sea Urchin Commission.

79022. ''Fiscal year'' means from April 1 of a year to March 31 of the next succeeding year.

79026. ''Sea urchin fishery'' means any activity, including economic activity, involved in the harvesting, receiving, processing, manufacturing, or distributing of sea urchin, parts of sea urchin, or products therefrom, for commercial purposes.

Article 3. The California Sea Urchin Commission

79040. There is in the state government the California Sea Urchin Commission. The commission shall be composed of 11 voting members, including five sea urchin handlers, five sea urchin divers, and one public member, and may include any number of nonvoting members, at the discretion of the commission.

(a) Handlers shall elect five commission members from among those persons qualified pursuant to this act and licensed pursuant to the Fish and Game Code to engage in the sea urchin fishery or a person specifically representing one or more handlers.

(b) (1) Divers statewide shall elect five persons from among those persons qualified pursuant to this act and licensed pursuant to the Fish and Game Code to engage in the sea urchin fishery.

(2) One diver member shall be elected from each of the following areas:

(A) San Diego, Orange, or Los Angeles County.

(B) Ventura County.

(C) Santa Barbara County.

(D) Sonoma County.

(E) Mendocino County.

(3) Persons nominated for election to the commission as a diver member shall be nominated by a petition signed by not less than 10 divers eligible to vote pursuant to this chapter.

(c) The public member shall be appointed to the commission by the secretary from nominees recommended by the commission.

(d) The secretary and other appropriate individuals, as determined by the commission, shall be nonvoting members of the commission.

(e) If the secretary finds, pursuant to Section 79103, that either the divers or handlers, but not both, have voted in favor of the referendum, the number of commission voting members shall be six, composed of either five divers or five handlers, depending on which portion of the industry voted in favor of the referendum, elected pursuant to this section and one public member.

(f) If the composition of the commission is determined by subdivision (e) it shall also include at least one nonvoting member appointed by the commission representing either divers or handlers, whichever did not vote in favor of the referendum.

79041. (a) The secretary may require the commission to correct or cease any existing activity or function that is determined by the secretary not to be in the public interest or that is in violation of this chapter.

(b) If the commission refuses or fails to cease those activities or functions or to make the corrections as required by the secretary, the secretary may, upon written notice, suspend all or a portion of the activities or functions of the commission until the time that the cessation or correction of activities or functions as required by the secretary has been accomplished by the commission.

(c) Actions of the commission in violation of the written notice are without legal force or effect. The secretary, to the extent feasible, shall issue the written notice prior to the commission entering into any contractual relationship affecting the existing or proposed activities or functions that are the subject of the written notice.

(d) Upon service of the written notice, the secretary shall notify the commission in writing of the specific acts that the secretary determines are not in the public interest or are in violation of this chapter, his or her reasons for requiring a cessation or correction of specific existing or proposed activities or functions, and recommendations that will make the activities or functions acceptable.

79042. The commission or the secretary may bring an action for judicial relief from the secretary's written notice, or from noncompliance by the commission with the written notice, as the case may be, in a court of competent jurisdiction, which may issue a temporary restraining order, permanent injunction, or other applicable relief.

79043. When the secretary is required to concur in a decision of the commission, the secretary shall give his or her response to the commission within 15 working days from notification of the decision. The secretary's response may be a requirement that additional information be provided.

79044. The commission shall reimburse the secretary for all expenditures incurred by the secretary in carrying out his or her duties and responsibilities pursuant to this chapter. However, a court may, if it finds that the secretary acted arbitrarily or capriciously in restricting the activities or functions of the commission, relieve the commission of the responsibility for payment of the secretary's legal costs with regard to that action.

79045. Except for nonvoting members, alternates for regular members may be elected in the same manner as members. An alternate shall, in the absence of the member for whom he or she is substituting, serve in place of a member and shall have and be able to exercise all the rights, privileges, and powers of a member when serving on the commission. In the event of a change in status making a member ineligible to serve, or due to death, removal, resignation, or

disqualification of a member, an alternate shall act as a member of the commission until a qualified successor is elected or appointed.

79046. Any vacancy on the commission occurring by the failure of any person elected to the commission as a member or alternate to continue in his or her position due to a change in status making him or her ineligible to serve, or due to death, removal or resignation, shall be filled by another eligible person for the unexpired portion of the term by a majority vote of the remaining members of the commission. Article 5. Implementation and Voting Procedures

79100. (a) Within 60 days of the effective date of this chapter, the secretary shall establish a list of divers and handlers eligible to vote on implementation of this chapter. In establishing the list, the secretary may require that divers and handlers submit the names and mailing addresses of all divers and handlers. The secretary also may request assistance of the Director of Fish and Game for the names of all licensed divers and handlers engaged in the sea urchin fishery during the previous season and the volume of landings of each diver. The request for information shall be in writing and the information provided shall be confidential and not made public. Notwithstanding Section 8022 or any other provision of law, the Director of Fish and Game shall comply with the request within 30 days of receipt.

(b) Any diver and handler whose name does not appear on the appropriate list may have his or her name placed on the list by filing with the secretary a signed statement, identifying himself or herself as a diver or handler, and submitting other supporting documentation. Failure to be on the list does not exempt the person from paying assessments, and does not invalidate any industry votes conducted pursuant to this article.

(c) Proponents and opponents of establishing the commission pursuant to this chapter may contact divers and handlers on the lists through the secretary, in a form and manner prescribed by the secretary, if all expenses associated with those contacts are paid in advance.

79101. This chapter, except as necessary to conduct an implementation referendum vote, shall not become operative until the secretary finds at least one of the following in a referendum vote conducted by the secretary:

(a) At least 40 percent of the total number of divers from the list established by the secretary pursuant to this article participate, and that either of the following occurs:

(1) Sixty-five percent of the divers who voted in the referendum voted in favor of establishing the commission, and the divers so voting landed a majority of the total quantity of sea urchin landed in the preceding fishing season by all of the divers who voted in the referendum.

(2) A majority of the divers who voted in the referendum voted in favor of establishing the commission, and the divers so voting landed 65 percent or more of the total quantity of sea urchin landed in the preceding fishing season by all of the divers who voted in the referendum.

(b) At least 40 percent of the total number of handlers from the list established by the secretary pursuant to this article participate and that either of the following occurs:

(1) Sixty-five percent of the handlers who voted in the referendum voted in favor of establishing the commission, and the handlers so voting handled a majority of the total quantity of sea urchin in the preceding fishing season by all of the handlers who voted in the referendum.

(2) A majority of the handlers who voted in the referendum voted in favor of establishing the commission, and the handlers so voting handled 65 percent or more of the total quantity of sea urchin in the preceding fishing season by all of the handlers who voted in the referendum.

79102. (a) The secretary shall establish a period in which to conduct the referendum, which shall not be less than 10 days or more than 60 days in duration, and may prescribe additional procedures necessary to conduct the referendum, including measures to maximize the likelihood that all eligible persons receive referendum voting materials. If the initial period established is less than 60 days, the secretary may extend the period. However, the total referendum period may not exceed 60 days.

(b) Nonreceipt of a ballot by an eligible person shall not invalidate a referendum.

79103. (a) If the secretary finds that a favorable vote has been given, pursuant to Section 79101, the secretary shall certify and give notice of the favorable vote to all affected divers and handlers whose names and addresses are on file with the secretary.

(b) If the secretary finds that a favorable vote has not been given, pursuant to Section 79101, the secretary shall certify and declare all provisions of this chapter inoperative. The secretary may conduct other implementation referendum votes one year or more following certification of a previous vote.

(c) If the secretary finds that a favorable vote has been given by either the divers or the handlers, but not both, the secretary shall certify and give notice of the favorable vote to all the divers and handlers whose

names and addresses are on file with the secretary and this chapter shall be in effect only with regard to the divers or handlers, but not both, voting in favor of the referendum.

79104. (a) Prior to the referendum vote conducted by the secretary pursuant to this article, the proponents of the commission shall deposit with the secretary the amount that the secretary deems necessary to defray the expenses of preparing the necessary lists and information and conducting the vote.

(b) Any funds not used in carrying out Section 79101 shall be deposited in the funds of the commission.

(c) Upon establishment of the commission, the commission may reimburse the proponents of the commission for any funds deposited with the secretary that were used in carrying out this article, and for any legal expenses and costs incurred in establishing the commission.

Article 6. Assessments and Records

79120. (a) The commission shall establish an assessment for the season not later than February 1 of each year or continue the previous assessment. The assessment in the first year of the commission's operation shall be one cent ($0.01) for each pound of sea urchin landed or delivered by divers to handlers in the state. The maximum assessment that can be levied by majority vote of the commission shall not exceed three cents ($0.03) for each pound of sea urchin landed.

(b) An assessment greater than the amount provided for in this section may not be levied unless and until a greater fee is approved by a majority of the commission and by eligible divers and handlers pursuant to procedures specified in this act.

(c) The diver and the handler shall each pay one-half of the assessment established pursuant to this section. If the divers do not vote, pursuant to this act, to approve the commission, a diver is not required to pay any portion of the assessment. If handlers do not vote, pursuant to this act, to approve the commission, a handler is not required to pay any portion of the assessment. If either divers or handlers, but not both, vote in favor of the commission, the assessment may not exceed one-half of the amounts authorized by this section.

(d) Any assessment that is levied as provided for in this section is a personal debt of every person assessed.

79121. (a) Every person or entity who handles sea urchin in any quantity shall keep a complete and accurate record of all transactions involving the purchase or sale of sea urchin. The records shall be in a simple form and contain such information as the commission shall prescribe. The records shall be preserved by the handler for a period of three years, and shall be offered and submitted for inspection at any

reasonable time upon written demand of the commission or its duly authorized agent.

(b) The assessment imposed by this article shall be paid consistent with the applicable procedures required for the payment of landing taxes pursuant to Article 7.5 (commencing with Section 8040) of Chapter 1 of Part 3 of Division 6 of the Fish and Game Code. The fees imposed shall be paid quarterly pursuant to Section 8053 of the Fish and Game Code. If fees are not paid as required, the commission shall collect amounts owed under the procedures prescribed for sales and use taxes provided in Chapter 5 (commencing with Section 6451) of Part 1 of Division 2 of the Revenue and Taxation Code, insofar as they may be applicable, and for those purposes, ''board'' means the commission and ''the date on which the tax became due and payable'' means 30 days after the close of the quarter for which it is due.

(c) Sections 8058 to 8070, inclusive, of the Fish and Game Code, shall apply to claims for overpayment of assessments to the commission. For the purposes of this subdivision, ''department'' as used in those sections, means the commission, and ''landing tax'' means the assessment imposed under this article.

79122. (a) All proprietary information obtained by the commission or the secretary from any source, including, but not limited to, the names and addresses of divers and the volume and value of landings made or purchased, is confidential and shall not be disclosed except when required by a court order after a hearing in a judicial proceeding.

(b) Information on volume and value of landings, and any other related information that is required for reports to governmental agencies, financial reports to the commission, or aggregate sales and inventory information, and any other information that gives only totals, but excludes individual diver or handler information, may be disclosed by the commission.

79123. The first handler of sea urchin being assessed shall deduct the assessment from amounts paid by him or her to the diver, and shall be a trustee of these assessments until they are paid to the commission at the time and in the manner prescribed by the commission. Failure to collect the assessment from any diver shall not exempt the handler from liability. In addition, failure of a handler to remit the collected diver assessments to the commission shall not relieve the diver of this obligation.

79124. When the handler is a corporation, all of the directors and officers of the corporation in their capacity as individuals shall be included, and any liability for violating this chapter, including but not limited to, failing to pay assessments or to collect assessments, shall also include identical liability upon each director or officer of the corporation.

79125. Any person who fails to pay any assessment, including submitting any records required by the commission, within the time required by the commission shall pay to the commission a penalty of 10 percent of the amount of the assessment determined to be due, and, in addition, shall pay 1 $^{1}/_{2}$ percent interest per month on the unpaid balance.

79126. In addition to any other penalty imposed, the commission may require any person who fails to pay an assessment or related charge pursuant to this article to furnish and maintain a surety bond in a form and amount, and for a period of time, specified by the commission as assurance that all payments to the commission will be made when due.

79127. It is a misdemeanor for any person to do any of the following:

(a) Willfully render or furnish a false report, statement, or record required by the commission, or in any way to affect the shipment and marketing of sea urchin with the intent to avoid payment of assessments.

(b) Fail to render or furnish a report, statement, or record required by the commission.

(c) When engaged in the fishing of sea urchin or in the wholesale or retail trade of sea urchin, to fail or refuse to furnish to the commission or its duly authorized agents, upon request, information concerning the name and address of the persons to whom sea urchin were sold or from whom sea urchin were received, and the quantity sold or received.

(d) Secrete, destroy, or alter records required to be kept under this chapter.

79128. The commission shall establish procedures for the purpose of according individuals aggrieved by its actions or determinations an informal hearing before the commission, or before a committee of the commission designated for that purpose. Appeals from decisions of the commission may be made to the secretary. The determination of the secretary shall be subject to judicial review upon petition filed with the appropriate superior court.

79129. (a) The commission may commence civil actions and utilize all remedies provided in law or equity for the collection of assessments and civil penalties, and for the obtaining of injunctive relief or specific performance regarding this chapter and the regulations adopted pursuant to this chapter. A court shall issue to the commission any requested writ of attachment or injunctive relief upon a prima facie showing by verified complaint that a named defendant has violated this chapter or any other regulation of the commission, including, but not limited to, the nonpayment of assessments. No bond shall be required to be posted by the commission as a condition for the issuance of any writ of attachment or injunctive relief.

(b) A writ of attachment shall be issued pursuant to Chapter 4 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code

of Civil Procedure, except that the showing specified in Section 485.010 of the Code of Civil Procedure is not required. Injunctive relief shall be issued pursuant to Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the showing of irreparable harm or inadequate remedy at law specified in Sections 526 and 527 of the Code of Civil Procedure is not required.

(c) Upon entry of any final judgment on behalf of the commission against any defendant, the court shall enjoin the defendant from conducting any type of business regarding sea urchin until there is full compliance and satisfaction of the judgment. Upon a favorable judgment for the commission, it shall be entitled to receive reimbursement for any reasonable attorney's fees and other actual related costs. Venue for these actions may be established at the domicile or place of business of the defendant or in the county of the principal office of the commission. The commission may be sued only in the county of its principal office.

79130. Any action by the commission for any violation of this chapter shall be commenced within two years from the date of discovery of the alleged violation. Any action against the commission by any person shall be commenced within two years from the date of the act of which the person complains.

79131. The termination of this chapter shall not affect or waive any right, duty, obligation, or liability that has arisen or that may thereafter arise in connection with this chapter, release or extinguish any violation of this chapter, or affect or impair any right or remedies of the commission with respect to any violation.

79132. The commission may consult and enter into agreements with the Director of Fish and Game, if necessary and appropriate, to assist in the administration and enforcement of this chapter, including, but not limited to, collecting assessments authorized by this chapter and providing routine information regarding the persons that may be subject to this chapter. If an agreement is established, the commission shall reimburse the Department of Fish and Game for reasonable administrative costs associated with the agreement.

Article 7. Continuation or Suspension and Termination

79140. Every five years, commencing with the fifth year following certification of the commission, the secretary shall hold a hearing to determine whether the operation of this chapter should be continued. If the secretary finds after the hearing that a substantial question exists among eligible persons regarding whether the operation of this chapter should be continued, the secretary shall submit the chapter to a reapproval referendum. If a reapproval referendum is required, the operation of this chapter shall be continued in effect if the secretary finds

that a majority of the eligible persons voting in the referendum, voted in favor of continuing this chapter.

79141. If the secretary finds after conducting a hearing that no substantial question exists or that a favorable vote has been given, the secretary shall so certify and this chapter shall remain operative. If the secretary finds that a favorable vote has not been given, he or she shall so certify and declare the operation of this chapter and the commission suspended upon the expiration of the fishing season of the year in which the certification is made. Thereupon, the operations of the commission shall be concluded and funds distributed in the manner provided in Section 79144. No bond or security shall be required for any such referendum.

79142. The process specified in Section 79140 shall be conducted by the commission every fifth year following the initial certification of the commission, unless a referendum is conducted as the result of a petition pursuant to Section 79143. In that case, the hearing, and the referendum if required, shall be conducted every fifth year following the industry petitioned referendum.

79143. (a) Upon a finding by a two-thirds vote of the membership of the commission that the operation of this chapter has not tended to achieve its declared purposes, the commission may recommend to the secretary that the operation of this chapter be suspended. However, any suspension shall not become effective until the expiration of the current fishing season.

(b) The secretary shall, upon receipt of the recommendation, or may, after a public hearing to review a petition filed with him or her requesting a suspension signed by 20 percent of the divers and handlers who landed or handled not less than 20 percent of the total quantity of sea urchin in the immediately preceding fishing season, hold a referendum among the divers and handlers to determine if the operations of the commission shall be suspended. However, the secretary shall not hold a referendum as a result of the petition unless the petitioner shows by the weight of evidence that this chapter has not tended to achieve its declared purposes.

(c) The secretary shall establish a referendum period, which shall not be less than 10 days or more than 60 days in duration. The secretary may prescribe additional procedures as may be necessary to conduct the referendum. At the close of the established referendum period, the secretary shall tabulate the ballots filed during the period. If at least 40 percent of the total number of divers and handlers from the list established by the secretary participate in the referendum, the secretary shall suspend the operation of this chapter if he or she finds either one of the following has occurred:

(1) Sixty-five percent or more of the divers and handlers who voted in the referendum voted in favor of suspension, and the divers and handlers so voting sold or handled a majority of the total quantity of sea urchin in the preceding fishing season by all of the divers and handlers who voted in the referendum.

(2) A majority of the divers and handlers who voted in the referendum voted in favor of suspension, and the divers and handlers so voting landed or handled 65 percent or more of the total quantity of sea urchin in the preceding fishing season by all of the divers and handlers who voted in the referendum.

79144. After the effective date of suspension of this chapter, the operation of the commission shall be concluded and all moneys held by the commission not required to defray the expenses of concluding and terminating operations of the commission shall be returned on a pro rata basis to all persons from whom assessments were collected in the immediately preceding fishing season. However, if the commission finds that the amounts returnable are so small as to make impractical the computation and remitting of the prorated refund to these persons, any funds remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into an appropriate state or federal program conducted or used to fund activities related to the subject matter of this chapter.

79145. Upon suspension of the operation of this chapter, the commission shall mail a copy of the notice of suspension to all eligible persons affected by the suspension whose names and addresses are on file.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SECTION 1. Section 5004.5 of the Public Resources Code is amended to read:

5004.5. (a) The California Youth Soccer and Recreation Development Program is hereby created in the department. The department shall administer the program, which is intended to provide assistance to local agencies and community-based organizations with regard to funding, and fostering the development of, new youth soccer, baseball, softball, and basketball recreation opportunities in the state.

(b) After all grants authorized under this program have been awarded, the department shall report to the Budget Committee of the Assembly and the Budget and Fiscal Review Committee of the Senate on the number of grant applications received, the total amount of funds sought by applicants, and the number of eligible applications that were not funded.

(c) The California Youth Soccer and Recreation Development Fund is hereby created in the State Treasury, to be used as a repository of funds derived from federal, state, and private sources to be used for the program.

(d) The department shall award grants, on a competitive basis, to local agencies and community-based organizations for the purposes of the program, subject to an appropriation therefor. The department shall also develop eligibility guidelines for the award of grants that give preference to those communities that provide matching funds for grants, and that are heavily populated, low-income urban areas with a high youth crime and unemployment rate. The guidelines shall also require that preference be given to those inner city properties that may be leased for periods of at least five years or more for recreational purposes. The department shall conduct public hearings throughout the state prior to final adoption of eligibility guidelines.

(e) Any regulation, guideline, or procedural guide adopted or developed pursuant to this section is not subject to the review or approval of the Office of Administrative Law or to any other requirement of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) For purposes of this section, the following terms have the following meanings:

(1) ''Community-based organization'' means an organization that enters into a cooperative agreement with the department pursuant to Section 513, a nonprofit group or organization, or a friends of parks group or organization of a city, county, city and county, and regional park. All community-based organizations shall have a current tax-exempt status as a nonprofit organization under Section 501(c)(3) of the federal Internal Revenue Code.

(2) ''Local agency'' means a city, county, city and county, park and recreation district, open-space district, or school district.

(g) This section shall be implemented only upon appropriation of sufficient funds to the department for that purpose.

(h) All funds received by the department pursuant to this section shall be encumbered within three years of the date of the appropriation and expended within eight years from the date of the appropriation.

(i) Nothing in this section is intended to prohibit community-based organizations from acting in partnership with organizations that do not

have tax-exempt status as a nonprofit organization under Section 501(c)(3) of the federal Internal Revenue Code.

SEC. 2. Section 5095.3 of the Public Resources Code is amended to read:

5095.3. There is hereby created, in the State Treasury, the State Urban Parks and Healthy Communities Fund. The department shall expend moneys from this fund, upon appropriation by the Legislature, to provide grants to state agencies, including state conservancies in existence on January 1, 2002, urbanized or heavily urbanized local agencies, and community-based organizations, in accordance with Sections 5095.4 and 5095.5. Funds necessary to administer this chapter shall be appropriated in the annual Budget Act.

SEC. 3. Section 5095.4 of the Public Resources Code is amended to read:

5095.4. (a) The director, in consultation with the State Department of Education, shall develop a competitive grant program to assist state parks, state conservancies in existence as of January 1, 2003, urbanized and heavily urbanized local agencies, and community-based organizations within those jurisdictions, working in collaboration, to provide outdoor educational opportunities to children.

(1) Applicant entities shall provide a 25-percent matching contribution in community resources. The matching contributions may be in the form of money, including funds from other state or local assistance programs, gifts of real property, equipment, and consumable supplies, volunteer services, free or reduced-cost use of land, facilities, or equipment, and bequests and income from wills, estates, and trusts. The department may establish findings for hardships to waive the matching requirement when an applicant cannot meet the requirement.

(2) The department may give additional consideration to applicant entities collaborating with other entities, including, but not limited to, school districts, faith-based groups and others providing outreach programs to identify and attract urbanized youth most in need of organized, constructive recreational activities.

(b) The department shall make one-third of any funds appropriated for the purposes of this chapter available to give special priority to providing increased access for elementary schoolage children in grades 2 to 8, inclusive, to conservancy or state, community, and regional park properties and, in addition, shall give priority, in awarding a grant pursuant to this section, to all of the following:

(1) Programs that use curriculum tied to the science content standards and science framework adopted by the State Board of Education.

(2) Applicants that serve children with family incomes below the statewide average, based on the most recent figures computed and established by the Department of Finance.

(3) Applicants that provide access to children who are underserved or lack access to parks or other outdoor venues suitable to conduct appropriate environmental education instruction.

(4) Applicants that have developed working collaboratives to develop environmental education partnerships.

(5) Applicants working in collaboration with local educational agencies to identify those children lacking adequate opportunities to access outdoor environmental education curriculum or innovative or alternative recreation programming.

(c) The amount of a grant awarded pursuant to this section may not be less than twenty thousand dollars ($20,000) or more than two hundred thousand dollars ($200,000). A grant may be expended for any of the following purposes:

(1) Staffing that is directly associated with the programming.

(2) Staff training or development directly associated with the programming.

(3) Costs associated with transporting youth between a community or school and the proposed environmental education venue.

(4) Medical insurance for the participants, only if the insurance is a requirement pursuant to the activity.

(5) Operational costs, such as the rental equipment, food, and supplies.

(6) Applicants that can demonstrate that the administrative costs associated with this activity will not exceed more than 7.5 percent of the amount of the grant.

(d) The department may gather information from the applicants as to the effectiveness of these programs in meeting program objectives. The department shall summarize this information and report to the appropriate budget and fiscal committees of both houses of the Legislature as to the number of children served, the educational objectives met, and the level of demand.

(e) Applicant agencies may enter into contracts with other public agencies or entities to provide unique interpretive skills or to present authentic, curriculum-based programs in units of conservancy properties or state, community, or regional park systems for services not otherwise provided. The purpose of this subdivision is to authorize the applicants to provide programming services, equipment, and materials that assist in the curriculum program or provide educational activities that assist in the presentation of cultural traditions.

SEC. 4. Section 5095.5 of the Public Resources Code is amended to read:

5095.5. (a) The department shall allocate two-thirds of any funds appropriated for the purposes of this chapter to provide grants to urbanized or heavily urbanized local agencies or community-based

organizations within these jurisdictions for the acquisition and development of properties for active recreational purposes, as defined. Eligible projects shall meet all of the following criteria:

(1) The amount of the grant applied for, together with any matching contribution, shall meet all of the cost of acquiring and developing the project, and when construction of the project is completed, the new urban park or facility shall have a management plan and demonstrate to the satisfaction of the department that the applicant agencies have sufficient means to ensure that the park or facility shall remain open and accessible to the public.

(2) The application includes a commitment for a matching contribution. The matching contributions may be in the form of money, including funds from other state or local assistance programs, gifts of real property, equipment, and consumable supplies, volunteer services, free or reduced-cost use of land, facilities, or equipment, and bequests and income from wills, estates, and trusts. The department may establish findings for hardships to waive the matching requirement when an applicant cannot meet the requirement.

(3) To the extent practicable, the project is a joint-use project between two or more agencies that share responsibility for ownership, development, or maintenance, or both, of the project.

(b) The department shall adopt guidelines to amplify or clarify the criteria specified in Section 5095.4 or this section, and may adopt additional criteria, to supplement those criteria.

(c) The department may develop a procedural guide for the administration of this chapter and the guidance of applicants.

(d) The department shall solicit written comments and hold public hearings at convenient locations throughout the state on any regulations, guidelines, or the procedural guide proposed to be adopted or developed pursuant to this section.

(e) The department shall adopt guidelines to implement this chapter.

(f) Any regulation, guideline, or procedural guide adopted or developed pursuant to this chapter is not subject to the review or approval of the Office of Administrative Law or to any other requirement of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(g) A grant received pursuant to this section may be expended to acquire the fee title or other interest in real property. If an application proposes to acquire less than fee title, the applicant shall demonstrate in the application, to the satisfaction of the department, that the proposed project will provide public benefits that are commensurate with the type and duration of the interest in real property to be acquired.

(h) With the consent of an urbanized or heavily urbanized local agency, any eligible nonprofit organization that is tax exempt pursuant

to Section 501(c)(3) of the Internal Revenue Code may apply for a grant on behalf of an entity for the purposes of either Section 5095.4 or this section. The application shall include a copy of any contract between the local agency and the nonprofit organization and the resolution or other authorization of consent. The contract shall specify arrangements for the long-term management and operation of the urban park or recreation area commensurate with the amount of the grant, as determined by the department.

(i) Every applicant for a grant pursuant to this section and the entity that will operate and maintain the property, if that entity is different than the applicant, shall agree to comply with all of the following requirements:

(1) To operate and maintain the property developed pursuant to this chapter so that it is usable by residents of the affected area. With the approval of the department, the grant recipient, or its successor in interest in the property, may transfer its property interest and the responsibility to operate and maintain the property, in accordance with the terms of the grant and any applicable law, to a public agency or nonprofit organization that is able to operate and maintain the property in perpetuity. Any attempt to make a transfer in violation of this subdivision is void.

(2) To use the property only for the purposes for which the grant was made and to make no other use or sale or other disposition of the property, except as authorized by statute. If the use of the property is changed to a use that is not permitted by the terms of the grant, or if the property is sold or otherwise disposed of, the grant recipient shall reimburse the department an amount equal to the amount of the grant, the fair market value of the land and any improvements constructed with the grant, or the proceeds from the sale or other disposition, whichever amount is greater. If the property that is sold or otherwise disposed of is less than the entire interest in the property funded with the grant, the grant recipient shall reimburse the department an amount equal to either the proceeds from the sale or other disposition of the interest or the fair market value of the interest sold or otherwise disposed of, whichever amount is greater.

(3) In lieu of seeking reimbursement pursuant to paragraph (2), the department may impose restrictions on the use of public park property identical to the requirements for the preservation of public parks set forth in the Public Park Preservation Act of 1971 (Chapter 2.5 (commencing with Section 5400)) with respect to any property used, sold, or otherwise disposed of in a manner not permitted by the terms of the grant.

(j) The recipient of a grant pursuant to this chapter may use the grant funds to pay for any portion of the cost of cleaning up, removing, or remediating any toxic materials or hazardous substances, if the amount

used for cleanup, removal, or remediation does not exceed 20 percent of the grant allocated to the project.

(k) The amount allocated pursuant to this chapter shall be roughly divided 60 percent to the southern portion of the state (south of the Tehachapi Mountains) and 40 percent to the northern portion.

(*l*) Recognizing that some rural areas of the state have significant deficiencies of park facilities for active recreational purposes, the department shall consider allocating two hundred fifty thousand dollars ($250,000) pursuant to this section to nonurbanized local agencies. In awarding these grants, the department shall apply the same guidelines as those established for awarding a grant to a nonurbanized area pursuant to subdivision (e) of Section 5621.

(m) After all grants authorized under this chapter have been awarded, the department shall report to the Budget Committee of the Assembly and the Budget and Fiscal Review Committee of the Senate on the number of grant applications received, the total amount of funds sought by applicants, and the number of eligible applications that were not funded.

(n) Nothing in this section is intended to prohibit community-based organizations from acting in partnership with organizations that do not have tax-exempt status as a nonprofit organization under Section 501(c)(3) of the federal Internal Revenue Code.

SEC. 5. Section 5095.6 is added to the Public Resources Code, to read:

5095.6. (a) This chapter shall be implemented only upon appropriation of sufficient funds to the department for that purpose.

(b) Notwithstanding any other provision, all funds that are appropriated to the department pursuant to this chapter shall be encumbered within three years of the date of that appropriation and expended within eight years of the date of that appropriation.

(c) Any grants to state or local agencies or nonprofit organizations or community groups pursuant to this chapter, on or after January 1, 2003, shall be contingent upon a future appropriation in the annual Budget Act.

SEC. 6. Section 32556.2 is added to the Public Resources Code, to read:

32556.2. Notwithstanding paragraph (3) of subdivision (e) of Section 32556, as amended by Section 3 of Chapter 3 of the Statutes of 2002, the report required under that paragraph shall be provided to the Legislature on or before January 1, 2004.

CHAPTER 976

An act to add and repeal Section 20175.1 of the Public Contract Code, relating to public contracting, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 20175.1 is added to the Public Contract Code, to read:

20175.1. (a) (1) This section provides for an alternative and optional procedure on bidding on building construction projects applicable only to the City of Brentwood, the City of Hesperia, the City of Vacaville, and the City of Woodland, upon approval of the city council of the respective city.

(2) For projects with costs of at least five million dollars ($5,000,000), inclusive, the city may award the project using either the lowest responsible bidder or by best value.

(3) The design-build approach may be used, but is not limited to use when it is anticipated that it will: reduce project cost, expedite project completion, or provide design features not achievable through the design-bid-build method.

(4) If the city council elects to proceed under this section, the city council shall establish and enforce for design-build projects a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the city or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(b) As used in this section:

(1) ''Best value'' means a value determined by objective criteria and may include, but is not limited to, price, features, functions, life-cycle costs, and other criteria deemed appropriate by the city.

(2) ''Design-build'' means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) ''Design-build entity'' means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(c) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The city shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to: the size, type, and desired design character of the buildings and site; performance specifications covering the quality of materials, equipment, and workmanship; preliminary plans or building layouts; or any other information deemed necessary to describe adequately the city's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the city to assist in the development of the project-specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the city shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the city. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the city to inform interested parties of the contracting opportunity, to include the methodology that will be used by the city to evaluate proposals and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors which the city reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of subparagraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the city chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately or incorporate into the request for proposal applicable rules and procedures to be observed by the city to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The city shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the

Department of Industrial Relations. In preparing the questionnaire, the director shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance, as well as a financial statement that assures the city that the design-build entity has the capacity to complete the project.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (Public Law 91-596), settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project.

(vii) Any instance where an entity, its owner, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(viii) Any instance where the entity, its owner, officers, or managing employees defaulted on a construction contract.

(ix) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance

Information shall also be provided concerning any work completed by a surety during this period.

(xii) In the case of a partnership or other association that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5, Division 7, Title 1 of the Government Code) shall not be open to public inspection.

(4) The city shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A city may use a design-build competition based upon best value and other criteria set forth in paragraph (2). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated and scored solely on the basis of the factors and source selection procedures identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight or consideration given to all criterion factors: price, technical design and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, as defined in clause (v), and an acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the city shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision

supporting its contract award and stating the basis of the award. The notice of award shall also include the city's second and third ranked design-build entities.

(v) (I) For the purposes of this paragraph, ''skilled labor force availability'' shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years.

(II) The five-year graduation requirement in subclause (I) shall not apply to any apprenticeship program that, on or after the date this section is enacted, was in operation for less than the minimum number of years required for completion of the curriculum for that program. This exclusion from the five-year graduation requirement in subclause (I) shall not apply to that apprenticeship program once it has been in operation for the minimum number of years required for completion of the curriculum for that program, if either of the following occurs:

(aa) That program fails to graduate an apprentice during the year in which that apprenticeship program has been in operation for the minimum number of years required for the completion of the curriculum for that program.

(bb) That program fails to graduate an apprentice any year following the year in which that apprenticeship program has been in operation for the minimum number of years required for the completion of the curriculum for that program.

(vi) For the purposes of this paragraph, a bidder's ''safety record'' shall be deemed ''acceptable'' if his or her experience modification rate for the most recent three-year period is an average of 1.00 or less, and his or her average total recordable injury/illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

(vii) A city that limits the number of responsible bidders participating in a design-build competition shall evaluate the bid proposals in the manner set forth in clause (i).

(viii) For purposes of this section, in evaluating the ''technical design and construction expertise'' of a responsible bidder participating in a design-build competition, the evaluation shall be limited to the bidder's experience and expertise within California. The evaluation of the ''technical design and construction expertise'' of a responsible bidder participating in a design-build competition shall not include an evaluation of the bidder's experience in utilizing a design-build procurement process.

(ix) A responsible bidder awarded a design-build contract that uses a design-build procurement process in selecting subcontractors shall utilize the following criterion factors in the selection of subcontractors in a manner whereby each of those factors represents at least 15 percent of the total weight or consideration given to all criterion factors: price, technical design and construction expertise, skilled labor force availability, as defined in clause (v), and an acceptable safety record.

(d) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the city.

(e) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (c) shall be awarded by the design-build entity in accordance with the design-build process set forth by the city in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the city.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(f) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (c) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the city.

(g) The city may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(h) Contracts awarded pursuant to this section shall be valid until the project is completed.

(i) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(j) (1) If the city elects to award a project pursuant to this section, retention proceeds withheld by the city from the design-build entity shall

not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the city and the design-build entity. If the design-build entity provides written notice to any subcontractor that is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the city and the design-build entity from any payment made by the design-build entity to the subcontractor.

(k) Each city that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's office, the Senate Committee on Local Government, and the Assembly Committee on Local Government before December 1, 2004, a report containing a description of each public works project procured through the design-build process, and completed on or before November 1, 2004. The report shall include, but shall not be limited to, all of the following information:

(1) The type of facility.

(2) The gross square footage of the facility.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual length of time to complete the project.

(5) The estimated and actual project costs.

(6) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(7) An assessment of the prequalification process and criteria.

(8) An assessment of the impact of retaining 5 percent retention on the project.

(9) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(10) A description of the method used to award the contract. If best value was the method, the factors used to evaluate the bid shall be described, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(11) An assessment of the project impact of ''skilled labor force availability.''

(12) An assessment of the design-build dollar limits on city projects. This shall include projects where the city wanted to use design-build methods and was precluded by the dollar limitation. It shall also include

projects where the best value method of awarding contracts was not used, due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(*l*) Any city named in this section that elects not to use the authority granted herein may also submit a report to the entities named and in accordance with the schedule in subdivision (k). This report may include an analysis of why the authority granted herein was not used by the city.

(m) On or before January 1, 2005, the Legislative Analyst shall report to the Legislature on the use of the design-build method by cities pursuant to this section, including the information listed in subdivision (k). The report may include recommendations for modifying or extending this section. It is the intent of the Legislature that a moratorium be placed on the enactment of any additional legislation relating to design-build contracting until any reports required by existing law have been received by the Legislature.

(n) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the City of Brentwood, the City of Hesperia, the City of Vacaville, and the City of Woodland. [Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. Section 170004 of the Public Utilities Code is amended to read:

170004. The Legislature hereby finds and declares all of the following:

(a) The population in San Diego County is forecasted to grow to 4.1 million persons by 2030, a 45-percent increase over its population in 2000. In light of this growth, it is incumbent upon the region to take actions to provide for an economy that will maximize employment opportunities and help to ensure a higher quality of life for all its residents.

(b) The globally competitive, export-oriented electronics, communications, and biotechnology industries of San Diego County already employ over 300,000 persons, nearly a third of the local labor force, and will continue to drive the region's economy as it competes in the expanding national and international markets.

(c) Air transportation will be an important factor in fostering continued economic growth in San Diego County, as technology workers travel by air 40 percent more frequently than workers in other sectors of the economy.

(d) According to the Joint Aviation Advisory Committee established by the San Diego Association of Governments and the San Diego Unified Port District, San Diego International Airport today contributes about $4.3 billion to the San Diego regional economy, which is about 4 percent of the total output of the region's economy. With the demand for air travel expected to more than double to 35 million passengers in 2030,

an airport capable of supporting that demand would contribute up to $8 billion to the regional economy. Failure to increase San Diego's regional airport capacity would result in 56,000 fewer jobs and up to $2.5 billion less in personal income by 2030. More than 50 percent of the reduction in jobs would occur in the industries related to air exports, including the high-technology industries that manufacture machinery, electronic equipment, and instruments. The balance of the impact would be in the visitor-related industries.

(e) The San Diego Regional Government Efficiency Commission was established under Chapter 764 of the Statutes of 2000 to evaluate regional governance in San Diego County and to submit a report to the Legislature for improving regional governance. To facilitate its purpose, that commission formed a Port Working Group, a Governance Working Group, a Transportation Working Group, and an Environmental and Land Use Working Group to examine regional governance in the region and to propose options for its improvement. The Port Working Group studied the role and function of the San Diego Unified Port District and in collaboration with the Transportation Working Group created a special joint committee to examine airport development issues in the region. After reviewing the options developed by the joint committee, the commission has recommended to the Legislature, by resolution adopted on July 6, 2001, that a new airport authority be created by statute in San Diego County.

(f) Because of the significant regional consequences of airport development and operations, it is important that the future development of major airport facilities in San Diego County be addressed in the context of a regional decisionmaking process that has regional representation.

(g) In an effort to assure the continued military readiness of the United States Department of Defense (DOD), comprehensive airport planning must consider and protect military airspace needs in the San Diego region. The activities of the DOD in the San Diego region require mission-essential airspace for training and operations. In addition, the DOD has direct economic expenditures in San Diego County of nearly $10 billion annually, and represents over 376,000 residents of the region. For these reasons, the DOD is a major stakeholder in the region's comprehensive plans for a viable airport solution.

SEC. 2. Section 170006 of the Public Utilities Code is amended to read:

170006. For the purposes of this division, the following terms have the following meanings, unless the context requires otherwise.

(1) This state has severe traffic congestion and air pollution problems, particularly in its cities, and finding ways to reduce these problems is of paramount importance.

(2) Electric personal assistive mobility devices that meet the definition contained in Section 313 operate solely on electricity and

employ advances in technology to safely integrate the user in pedestrian transportation.

(3) Electric personal assistive mobility devices would enable California businesses, public officials, and individuals to travel farther and carry more without the use of traditional vehicles, thereby promoting gains in productivity, minimizing environmental impacts, and facilitating better use of public ways.

(b) The Legislature is adding this article as part of its program to promote the use of no-emission transportation.

21280.5. For purposes of this article, an electric personal assistive mobility device is defined in Section 313.

CHAPTER 980

An act to add and repeal Chapter 9.6 (commencing with Section 8770) of Division 1 of Title 2 of the Government Code, relating to the arts, and making an appropriation therefor.

[Approved by Governor September 26, 2002. Filed with Secretary of State September 27, 2002.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) There is a need to provide innovative and career quality digital arts training and tools, and their dissemination, to secondary school youth and educators. Reinforcing basic and advanced skills in, and knowledge of, digital media arts and aesthetics applications will serve as a means of improving the quality of education, digital access, and workforce and community development offered in California.

(b) Educating and training our youth in digital media arts technology will lead to careers in that field, thus contributing to a stronger state economy through meeting vital employer sector needs.

(c) Currently, the training and educating of our youth in the digital media arts is often fragmented, isolated, and underdeveloped among schools, industry, and the community.

(d) The establishment of a coordinated and networked regional training and service model will enable our youth to obtain competencies and skills and to pursue career paths in digital arts technology.

(e) Therefore, it is the intent of the Legislature in enacting this act to develop comprehensive, community-based, regional partnerships that are the result of a systematic planning process that includes strategies aimed at linking existing programs providing technology training or services, or both, to youth, promoting instructor professional development and networking, and establishing active involvement and support of private industry. It is the further intent of the Legislature in enacting this act to ensure inclusion of underequipped and underserved communities and schools in the partnerships.

SEC. 2. Chapter 9.6 (commencing with Section 8770) is added to Division 1 of Title 2 of the Government Code, to read:

(2) The capacity and ability to train 500 youths and 100 instructors annually. Youths trained shall include youth from low-income families and communities of color and youth with disabilities.

(3) Where feasible, the ability to provide access for youth, beyond the established school day, to state-of-the-art facilities, equipment, and personnel.

(4) The ability to provide expert staff who shall serve as trainers and mentors.

(5) The ability to identify underequipped and underserved communities and schools in the targeted region, for purposes of inclusion in the partnership.

(6) The ability to integrate all of the following components:

(A) A nonprofit organization with public access and community cablecast and Internet broadcast capacity, with services in the audio, video, film, and other digital production fields to serve as the central and administrative entity.

(B) Satellite studio training sites with a capacity to establish and support five or more youth groups.

(C) Youth media clubs or ateliers.

The consortium should be willing to make recommendations on a comprehensive and articulated model curriculum for digital media arts in public high schools and two-year and four-year college and university systems, based on the ongoing progress and results of the voluntary pilot digital arts studio partnership, consistent with, and complementary to, the California High School Visual and Performance Arts standards.

(d) Establish application content and procedures for the purpose of planning and operating a voluntary pilot digital arts studio partnership.

(e) Provide information and technical assistance to voluntary pilot digital arts studio partnerships to implement this chapter.

(f) Monitor voluntary pilot digital arts studio partnerships and document their progress in meeting performance criteria established by the council pursuant to Section 8774.

An act to add Section 53752 to the Government Code, relating to state property.

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the Franchise Tax Board continue to implement Section 19551.1 of the Revenue and Taxation Code, provided that the requirements of subdivision (c) of that section have been met.

SEC. 2. Section 53752 is added to the Government Code, to read:

SECTION 1. Section 485 is added to the Food and Agricultural Code, to read:

485. (a) The secretary may enter into cooperative agreements with private entities, and with boards, bureaus, commissions, or departments of this state or of the United States, for the purpose of administering compensation, conservation, disaster assistance, economic assistance, education, environmental enhancement, indemnification, market promotion, research, and similar programs that promote and enhance agriculture.

(b) Upon appropriation by the Legislature, the secretary may receive and expend federal funds and any nonstate matching funds made available to the department for the purposes specified above via grant, interagency agreement, or otherwise, and these funds shall be administered in accordance with Section 221.

(c) (1) Grant awards shall be made by the department on a competitive basis established by the department wherever possible.

CHAPTER 983

An act to amend Section 10335.5 of, to add Division 10.3 (commencing with Section 10280) and Division 10.4 (commencing with Section 10285) to, and to add and repeal Division 10.25 (commencing with Section 10278) of, the Public Resources Code, relating to agricultural lands, and making an appropriation therefor.

[Approved by Governor September 27, 2002. Filed with Secretary of State September 27, 2002.]

I am signing Assembly Bill 52, however, I am vetoing the $2.4 million appropriation for the California Environmental Quality Improvement Loan Program and the $2.4 million appropriation for the Coastal Farmland Preservation program.

Proposition 40 requires funds to be used for grants for the preservation of agricultural and grazing lands, including oak woodlands and grasslands. The California Environmental Quality Improvement Loan Program is not a grant program and is therefore ineligible.

Additionally, this bill creates the Coastal Farmland Preservation program at the Department of Conservation. This program is duplicative of the existing California Farmland Conservancy Program and other efforts by the State Coastal Conservancy to protect coastal agricultural and rangeland currently funded through Propositions 12 and 40.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares both of the following:

(a) It is in the interest of the State of California to ensure the existence of a viable agricultural economy. In doing so, promotion of agricultural production and environmental quality can occur as compatible goals in the state.

(b) It is the intent of the Legislature in enacting Division 10.3 (commencing with Section 10280) of the Public Resources Code to encourage the use of the federal Environmental Quality Incentive Program (16 U.S.C. (e) The purposes for which a grant made pursuant to this division for agricultural protection may include, but need not be limited to, the following:

10286. The Department of Conservation shall expend the funds appropriated for purposes of this division in accordance with the following requirements:

(a) The Department of Conservation, in cooperation with the State Coastal Conservancy and the Wildlife Conservation Board, shall ensure, to the extent feasible, the funds are used to protect large, contiguous tracts of prime agricultural land.

(b) Acquisition of real property using the funds shall be from willing sellers.

(c) The funds may not be used to acquire easements that would limit farming or farming practices or to improve wildlife habitat on agricultural lands.

(d) Each dollar spent from the funds shall be matched with three dollars ($3) from other sources available to the State Coastal Conservancy. The matching funds may be used during the term of the appropriation for acquisitions of interests in, or for improvements to, real property, if those actions are intended to support agricultural production or prevent conversion to other uses and if acquisition of real property using these funds is from willing sellers. This section does not require the funds appropriated for purposes of this subdivision to be expended on the same land as the matching funds. Matching funds may not be used to improve wildlife habitat on agricultural lands except as incidental to furthering agricultural purposes. Acquisition of nonagricultural conservation easements, retention of agricultural conservation easements after sale of title, habitat conservation efforts, or

any other activities not related to agricultural land preservation, may not be counted as a match under this section.

SEC. 6. The State Coastal Conservancy, the Wildlife Conservation Board, and the Department of Conservation shall, at the earliest possible time, jointly prepare a single document describing programs within these entities that protect agricultural lands and grazing lands, including oak woodlands and grasslands. The description shall include the principal differences between the programs, and how the programs can be combined on a single parcel. The description shall be made available to applicants for agricultural conservation programs.
